GERMAIN FRUIT CO.'S

PRELIMINARY

RETAIL PRICE LIST

— OF —

Vegetable, Field, Flower and Tree

SEEDS

EUGENE GERMAIN, President, Treasurer and General Manager.

SEED AND NURSERY DEPARTMENT

GERMAIN FRUIT CO.,

338 & 340 North Main Street (Baker Block),

LOS ANGELES, CAL.

DIRECTIONS TO CORRESPONDENTS.

It gives us pleasure to present herewith our preliminary Price List of Vegetable, Field, Flower and Tree Seeds, and request you to favor us with your orders.

Our stock is excellent in every respect, the varieties the choicest and best in cultivation, fresh and reliable, grown by the most prominent experts in seed culture in this country and in Europe, and our Tree Seeds saved by the most careful collectors in Australia and other countries.

Many Tree, Shrub and Palm seeds being not reliable unless fresh, and the varieties reaching us very irregularly from the collectors, we trust our customers will not feel disappointed if they do not receive all of the sorts they may order. It is our rule to book all shortages, which are (unless countermanded) forwarded promptly upon arrival.

FREE BY MAIL.

We send by mail, free of postage, to any Post Office in the United States, Vegetable and Flower Seeds, excepting Beans, Corn and Peas, their weight being so great in proportion to their value, that ten cents per pound must be added to the Catalogue prices to cover expense of postage.

THE SAFE ARRIVAL OF PACKAGES GUARANTEED.

We guarantee the safe arrival of packages of Seeds in good condition in every case. If a package fails to reach a customer, we will send again, as soon as informed of the fact; or, if any part is injured or lost, we will replace it. Our object is to supply all customers with Seeds, etc., without any more expense or risk to them than if we had a store in their own town.

C. O. D.

We decline sending goods *Collect on Delivery* to distant points, unless a remittance be made on account to guarantee the acceptance. Persons often order small packages sent in this way, and the Express charges frequently amount to more than the value of the goods.

SHIPMENT.

Full and explicit shipping directions should accompany all orders; but in the absence of any, we will use our best judgment to the interest of our customers.

Orders from unknown correspondents must be accompanied with cash or satisfactory reference.

NOTICE.

In common with all large Seed Dealers, we give no guarantee, and sell under following conditions:

 While we exercise the greatest care to have all seeds pure and reliable we do not give any warranty express or implied. If the purchaser does not accept the seeds on these terms and conditions, they must be returned at once, and the money that has been paid for the same will be refunded.

GERMAIN FRUIT CO.,

Los Angeles, Cal.

Seed and Nursery Department.

LOS ANGELES, CAL., Oct. 6, 1891.

Since the publication of our Price List for 1891, there have been so many changes in the cost of seeds that we are compelled to issue the present sheet of revised prices. Some things are higher, but in many the price is materially reduced.

CLOVER AND GRASS SEEDS.

CLOVER SEEDS.—We would call attention of purchasers to the purity and cleanliness of these seeds. Exercising the greatest care in their selection, we will engage them strictly prime always. Several varieties of Clover and Grass Seeds being subject to constant variation, it will be impossible for us to quote prices here in large quantities. We guarantee, however, that they will be found as low as the prices of any other samples—equally good—offered in market.

Prices quoted and samples sent free by mail any time upon application.

GRASS SEEDS.—The following are the most valuable grasses for agricultural and other purposes, many of them largely used for permanent pasture mixtures, and well worthy of an experimental trial in this latitude. The grass seeds we offer have mostly been collected separately by hand and afterwards thoroughly cleaned.

 The prices of some varieties may change as the season advances.

Our Bird Seeds are always recleaned, fresh and sweet.

Rancid and musty seed are injurious to your birds.

Add 10c per pound for postage.

Flower Seeds.

EXPLANATION OF ABBREVIATIONS.

H.—Hardy. Examples: Snapdragon and Sweet William.

H. H.—Half-hardy. Examples: Thunbergia and Globe Amaranthus.

T.—Tender. Examples: Cockscomb and Coleus.

A.—Annual, lasting one year only.

B.—Biennial, lasting two years and usually flowering the second.

P.—Perennial, lasting three or more years and flowering the first, second or third, according to the variety.

Tr.—Trailer. Examples: Sanvitalia and Abronia.

It may be well to remark here that many plants which are annuals in cold climates become biennials or even perennials in warm ones, and that others, which are perennials in cool, moist regions, become annuals where the atmosphere is hot and dry.

German Collections of Choice Flower Seeds,

In Sealed Packets as Imported. Separate Colors.

This year we have added several choice collections of Flower Seeds to our Lists, in the hope that our patrons will now grow the colors and varieties of many favorite Flowers separately, such as Balsams, Asters, Pansies, Larkspur, Zinnias, etc. These collections are sold in sealed packets, as imported from the leading houses in Germany.

ANTIRRHINUM, OR SNAPDRAGON.

12 Finest Tall Varieties, distinct colors.....	\$0 75
12 “ Dwarf “ “ “.....	75

This old English favorite is a charming border plant, and blooms for a long time; the varieties comprise striped, spotted and self-colored. We offer 12 distinct colors in each collection.

ASTERS.

6	Finest Varieties, Dwarf Pæony, Perfection	\$0 50
8	“ “ “ “	75
6	“ “ Victoria	50
8	“ “ “ “	75
12	“ “ “ “	1 00
6	“ “ Washington	75

Nothing can be more beautiful than a bed of well-grown Asters, and from the superb collections we now offer a most dazzling effect can be produced; they grow from 6 to 8 inches high, bloom freely, and are excellent for cut flowers, as they last a long time.

BALSAM.

6	Finest Varieties, Camellia Flowered	\$0 50
6	“ “ Rose “	50
8	“ “ “ “	75
12	“ “ “ “	1 00

These beautiful tender Annuals are suitable for growing either in pots or for garden culture; they produce splendid spikes of double flowers of every shade of color.

CARNATION AND PICOTEE.

12	Finest Distinct Varieties	\$1 25
----	-------------------------------------	--------

This charming plant is everybody's flower; its brilliant colors and exquisite fragrance renders it a great favorite. The seeds we offer are from the finest strains, and should produce a large percentage of double flowers.

COCKSCOMB.

6	Finest Varieties, distinct colors	\$0 50
8	“ “ “ “	60
12	“ “ “ “	75

This favorite showy Annual should have a place in every garden; the dwarf bears Cockscomb-like crimson flowers, which are particularly attractive, while the tall plume-like varieties are graceful and beautiful.

HOLLYHOCK.

6	Finest German Varieties, distinct	\$0 50
12	“ “ “ “	1 00

For the cooler and more temperate districts we strongly recommend this most striking plant; it produces spikes of large double rose-like flowers, which are very showy and attractive. Our collection contains some charming colors.

LARKSPUR.

12	Finest Dwarf German Double Rocket	\$0 75
6	“ Varieties—"Bismarck"	50

One of the hardiest garden plants, with charming spikes of a variety of colors, some of which are very uncommon.

PANSY, OR HEARTSEASE.

6	Finest distinct colors	\$0 50
12	"	"	1 00
18	"	"	1 50

One of the most popular of Florists' Flowers to which we have given much attention; the collections we now offer are of charming variety and fine strains.

PHLOX DRUMMONDII.

6	Finest Varieties, distinct colors	\$0 40
12	"	"	75

A very showy and hardy Annual, blooms all through the summer, and is a beautiful feature in any garden. The colors we offer are quite distinct.

PORTULACA GRANDIFLORA.

DOUBLE.

6	Finest Varieties, distinct colors	\$0 50
8	"	"	75

This Annual is particularly adapted to our climate, and will live through our hottest summer, and bloom profusely; it is very dwarf, and is excellent for bordering.

STOCKS.

6	Varieties Dwarf German, 10 weeks	\$0 50
8	"	"	75
12	"	"	1 00
6	" Large Flowering "	50
8	"	"	75
12	"	"	1 00

These beautiful and fragrant flowers are deservedly popular, as their splendid spikes are most attractive; they require considerable moisture, however, as they must be grown quickly. They are well adapted for California.

WALLFLOWER.

6	Varieties, distinct, Double German	\$0 50
10	"	"	75

An old favorite. We offer the Double German varieties in great variety of colors, from blood red to pale orange.

ZINNIA ELEGANS.

6	Varieties, Double, distinct colors	\$0 50
8	"	"	75

We offer a very fine strain of these charming hardy garden plants, a splendid variety of double flowers of new shades.

Tree and Shrub Seeds.

DECIDUOUS.

DRACÆNAS, YUCCAS, ETC.

Dracænas rank among the most beautiful and useful of the ornamental foliaged and fine leaved plants. In a large or small state they are alike elegant and attractive. They are deservedly popular for the greenhouse or the sub-tropical garden, and for lawn decoration, large plants of many of the species have no equal.

Other sizes quoted upon application.	

DEAKIN'S LAWN SPRINKLER AND FOUNTAIN.

The work of this Sprinkler is done through perforated arms and beveled balls so arranged as to water the lawn or garden uniformly and as perfect as a shower of rain. It will throw the water over a space of 40 to 50 feet in diameter, according to the pressure of water. By unscrewing the top, putting on the perforated ball and blank balls on the arms, converts it into a portable fountain. All parts except standard nickel-plated.

Price\$ 8 50

EXCELSIOR PUMP AND PORTABLE FIRE ENGINE.

This compact, portable engine can be used for horticultural purposes, etc. All its working parts are of brass, and of easy access to the valves, which can be cleansed at any time. It will draw the water from a stream, tank or pail, near by or at a distance, is of simple construction and easily worked, throwing a continuous stream 50 feet. It has three feet of suction and two feet of discharge hose.

Price\$8 50

HOSE NOZZLE, NIXON'S PATENT.

By use of this nozzle all arsenic and poisonous preparations are brought directly in contact with insects, moths, beetles, worms etc., eventually exterminating them.

LAWN AND TURF EDGER.

For trimming the edges of walks, roads and flower beds. This little tool trims the turf around the edges of flower beds, walks, etc., the revolving cutter does perfect work, either on a straight or curved border, edging accurately at just the correct angle, and at the speed of a mile an hour, while the hoe cleans the bottom of the walk. It is invaluable in giving a finished appearance to the lawn. Strawberry growers will find it a rapid and perfect tool for cutting off runners.

Price, complete \$4 00

PLIERS, FLORISTS', FLAT.

6 inches each, \$0 75

SCOLLY'S PUTTY DISTRIBUTOR.

The best appliance for distributing putty. It has been used by a large number of the leading florists, who have proven its merit. One day's work by the old method of glazing can easily be done in four hours by the use of the Distributor.

Price, \$1.00 each.

SHEARS.**EAGLE PRUNING SHEARS.**

The best of all two-handed shears, thoroughly made of the best English steel. The knife and guard are so shaped as to let the limb rest on the joint while cutting. The knife has a drawing cut. It is light and powerful, and we especially recommend it to orange and peach growers as being very well adapted to removing dead wood from trees.

No. 1, cuts $1\frac{3}{4}$ inch wood \$2 50

LEE'S "TELEGRAPH" TREE PRUNER.

It has many features which should commend it to the favor of the fruit grower or nurseryman; it is, in fact, a modified form of the Waters' Pruner, and while it is not recommended as a substitute for that implement, it works well and is very strong and durable. The blade can be taken out to be sharpened; there is a steel coiled spring for throwing out the blade; the socket has a thread on the inside and can thus be easily screwed on to a pole of any length.

Price, each, \$2.00. Extra blades, 30c; springs, 25c.

SHEARS--Continued.**WISS' PRUNING.**

This will be found a desirable as well as durable shear.

No. 1. Price, each, \$2.50 ; by mail, prepaid, \$2.65.

No. 2. Price, each, \$2.25 ; by mail, prepaid, \$2.35.

No. 3. Price, each, \$2.00 ; by mail, prepaid, \$2.10.

CAST STEEL PRUNING SHEARS.

Made strong, durable, and working with great ease. With the improved Volute Steel Spring it will obviate the great annoyance so long experienced in breaking springs

No. 100—9-inch, \$1.25 ; 10-inch, \$1.50. Extra springs, 25c.

WATERS' IMPROVED TREE PRUNER.

Mounted on a pole, the lever at the lower end is connected by a steel rod with the blade in such a way as to give great power. Waters' Tree Pruner is the only pruning implement which requires no skill in sharpening. Any one can repair it, any one can sharpen it, any one can keep it in order. A child can operate it. It weighs less, costs less, will last longer, reach higher, work easier, do more and better work than anything else that can be used in pruning.

4 ft, \$1.50; 6 ft, \$1.74; 8 ft, \$2.00; 10 ft, \$2.25; 12 ft, \$2.50.

HEDGE SHEARS.

Best imported goods, 8-inch, \$1.50; 9-in, \$1.75; 10-in, \$2.00.

BORDER SHEARS.

Long handles, 9-inch, \$3.00 ; with wheel, \$3.50.

SHEEP SHEARS.

For trimming grass, each, \$1 to \$2.00.

TINNERS' SHEARS.

For cutting wire, best quality, \$2.50 and \$3.50.

TWEEZERS.

For arranging cut flower work. Ordinary size, each, 35c ; larger size, each, 50c.

GARDEN TROWELS.

6-inch, 25c, half dozen, \$1.25; 7-inch, 30c, half dozen, \$1.50 ;

8-inch, 35c, half dozen, \$1.75.

Transplanting, 60c.

Imported English Steel, light and very durable, 6-inch, 50c ;

7-inch, 60c.

TRANSPLANTER—THE AVERY.

Just the thing for gardeners. It marks out a new era for transplanting, doing it better and quicker, saving plants and time enough to many times pay for its cost. Plants removed by it do not wilt. The tool is a good one and every gardener should have it.

Price, small, single-hand size, each, 60c; large, two-hand, \$2.50.

Widney's, well known here, invaluable for Blue Gums,

Cypress, etc., 2-inch diameter, \$2.

WEEDERS.

Excelsior—A very useful little tool for weeding seed beds, stirring the ground, etc., 25c each, \$2.00 per dozen.

Hazeltine—Of the best solid steel, good size and durable, in very general use over the country, 30c.

Noyes'—An old standard article, in use for many years, 35c each; per dozen, \$3.50.

Lang's Hand—One of the best of this class, allowing use of hand while working, 30c each.

MORRIS POULTRY CURE.

Read the following testimonials which will explain its merits:

THIS IS TO CERTIFY, That the undersigned, who have, respectively, used and tried the Morris Poultry Cure, and who have used the same in the treatment of various diseases of fowls, such as roup, swelled-head, etc., are thoroughly satisfied and indorse the Morris Poultry Cure as the best remedy for the diseases of fowls that has ever come under our knowledge or use, and that we know of no instance where the same has been tried in the treatment of fowls, in which a cure was not effected.

COMMON SENSE EGG FOOD AND POULTRY TONIC WILL MAKE HENS LAY.

It will make young chicks and turkeys grow, and carry them through their most critical time.

There are now quite a number of preparations offered for sale as "Egg Foods," some of which are good, and others decidedly not. The Common Sense Egg Food and Poultry Tonic is the result of a long and careful study of the habits and wants of poultry, and it has now been used for several years by prominent and experienced poultry men in the East, and the past eight years in California, so that the beneficial results to be obtained are not imaginary but real, and we have many flattering testimonials to this fact. In fact we have never received a complaint regarding its merits.

It is estimated that four-fifths of all the food consumed by a fowl is required for its general wants, and egg-production proceeds alone from the amount of food digested over what is needed for sustenance. Herein lies the success in using the Poultry Tonic: It keeps fowls in a healthy condition; enables them to turn all their food to good account; keeps their liver in a state of activity; removes all possibility of contracting disease, and poultry cholera, diarrhœa, roup, etc., cannot exist where this tonic is used.

Put up in cases as follows: Fourteen 2½ pound and six 6 pound packages to case, twelve 6 pound packages to case, twelve 2½ pound packages to case. Price:

2½ pound packages	50c	each
6 pound packages	\$1	each
14 pound box	2	each
24 pound box	3	each
