IMPERIAL JAPANESE GOVERNMENT
CENTRAL LIAISON OFFICE

TO : HEADQUARTERS, MIE MILITARY GOVERNMENT TEAM.

FROM : Central Liaison Office, Tokyo.

SUBJECT : Request for Removal of Kondo Tokei Kogyo K.K. from Reparations List.

C.L.O. No.716(RSG-E) 20 December 1946

1. Reference: SCAP Memorandum AG 004 (10 Oct 46)ESS/IN (SCAPIN-1256), subject: "Revised Listing of Reparations Selections within Privately-Owned Munitions Plants."

2. The Japanese Government hereby submits an application for removal of the Kondo Tokei Kogyo K.K. from the Reparations List as per the details stated in the explanatory note attached hereto.

3. The subject plant was established in 1925 as a private enterprise for the purpose of manufacturing woolen fabrics and was not originally a munitions plant. Afterwards this plant was incorporated into a joint stock company but it was compelled to close down by the Government sponsored "enterprise rearrangement" within the textile industry. From July 1944 to the termination of war, it was engaged in the manufacture of certain parts of fuse by order of military authorities. After the surrender, however, it has been totally converted to the manufacture of clocks under the changed name of "Kondo Tokei Kogyo Co., Ltd. Such being the case, the subject plant should be considered to be purely within the peace-time industry, which was a textile manufactureer before the war and is a clock manufacturer after the surrender.

4. Under these circumstances, it is requested that favorable consideration be given by your Headquarters for the removal of this plant from the Reparations List.

FOR THE PRESIDENT:

(K. ASAKAI)
Director of General Affairs
Central Liaison Office.

Enclosure: An explanatory note on the subject plant, accompanied by a letter of the Ministry of Commerce and Industry.

SUBJECT: Application for Exempting Machinery Purchased after war from Reparation.

Mar. 6th, 1947

We would like to submit hereby our Application to you explaining our state of affairs. The machineries, desired to be released in this application, are 54 units in total. It is requested to be understood that none of these machineries are included in 404 machineries which we owned at the end of the war and which we have already applicated to be exempted from reparations through C.L.O.

I. Outline of Company

a. Location: Company- 507-3 Tozu, Tado-mura, Kuwana-gun, Mie Pref.

Plant - do

(Plant map & Location map to be annexed.)

b. History :

Before War. 1925: Established in April. Capital, ¥ 400,000.
Product, woolen textile matter.

During war. 1943: Converted into munition manufacturer in August, by 'Readjustment of Enterprise'.

1944: Actually produced fuse-parts.
Capital, ¥ 1,600,000.

1945: Discontinued operation in August when the war ended.

After war. 1946: Reconverted into production of clock, and furniture. (Permit No. 106 ok 67, dated Mar. 26th, 1946) Designated to Reparation in Aug. 1948.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

c. Amount of Products (per Month)

Month		Clock	Wodd clock-case	Furniture
Oct.)		500 pcs.	3,000 pcs.	
Nov.)	(1946)	1,000 "	3,000 "	
Dec.)		1,000 "	3,000 "	200 pcs.
Jan.	(1947)	1,000 "	1,000 "	200 "

d. Future Plan of Production

Description	Amount
Clock	3,000 pcs.
Furniture (Desk, bureau, book-case, etc.)	300 "

II. Machineries desired to be released.

54 units of machineries are desired to be released from reparation. Every one of them, necessary for clock manufacturing, was bought after January, 1946, (cf. Verifying Documents) and not taken over from any reparation plant.

List of machineries
Verifying documents } to be annexed.

Remarks:

1. Thoe 12 machine tools (Inventoried No. 409-420) and the Projector (Inventoried No.462) were bought as scraps because they had been seriously damaged by air-raids fire. They needed much repaire before they were actually used in September, 1946.

2. The tool makers' microscope (Inventoried No.460) was bought from Tsugami Shoji Co.,Ltd. The apparatus was not installed in the reparation plant Tsugami Seisakusho but only manufactured as an article of commerce by the same plant, and sold.

3. The length measuring machine (Inventoried No.463) was

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

bought from Nihon Kogaku Kogyo Co.,Ltd.

The machine was not installed in that reparation plant, but an article of commerce of the company which is a precision instrument maker.

III. Reason for Necessity of Retainment

Those 54 machineries listed in an accompanying paper, were purchased after January 1946 for the purpose of clock manufacturing, and had never been prepared since war-time. After the war we holded that, reconverting into civilian production, we could, sooner than others, make contribution to the reconstruction of national peace, and attempted to obtain these machineries while we were given by Mie Military Government Team a permit for producing clocks and furniture. The machineries can be classified as follows:-

Group No.

1. General machine tools for making jigs and tools necessary for clock-manufacturing.
2. Presses for punching machine-parts of clock.
3. Automatic machines for hobbing clock-gear.
4. Motor generators for plating.
5. Precison instruments for inspecting minutest parts of clock.

It is clear that these are, except Group No.1, incapable of manufacturing fuse-parts in which we were engaged during the war. We were under Navy's leadership and lent most jigs and tools by them, therefore we had during the war so few which belonged Group No.1 that before making clock it was an urgent need for us to obtain more machine tools in order to repaire complete jigs and tools for ourselves. In short the subject 54 machineries have been prepared not because

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

of war, but because of reconstruction of peace industry, and we beg your favourable consideration to remove them from reparation.

These machineries are, as it were, an essential element of clock-manufacturing and if unfortunately they would nut be released from reparation, we could not continue our authorized manufacturing of clock. It is absolutely necessary to retain these machineries for our continued existence as clock manufacturing, whose deepest desire in the reconstruction of peace industry for Japan.

Kundo Tekei Kogyo Co., Ltd.

Tado-mura, Kuwana-gun, Mie-ken

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Subject: Application for correcting Inventory Verification Report.

To: Hq. Military Government Team. (Mie)

From: Kondo Tokei Kogyo Co., Ltd.(Ex. Kondo Heiki Kogyo Co., Ltd.)
507-3, Tozu, Tado-mura, Kuwana-gun, Mie-ken.

Nov. 2nd, 1946

Through Mie Branch, Financial Bureau Nagoya we have received a copy of inventory verification report which had been forwarded to Chief Reparations Branch, Industrial Division, from your office on 4th Oct.,1946. We would point out, however, that there would be a few errors and omissions,in this report about the numbers of inventoried machineries, and so we would apply to you to examine them once more and correct, if might be necessary, as are read in the accompanying paper No.1 by reasons of mentioned in another paper No.2.

(2 papers to be annexed)

F.Kondo J. Kondo
President
Kondo Tokei Kogyo Co.,Ltd.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Annexed paper No.1.

It should be required that some articles in the inventory verification report which have been forwarded on 4th Oct., 1946 from Mie Millitary Government Team to Chief Reparation Branch, Industrial Division, are to be corrected as follows.

1. Total number of items inventoried and marked 405 (Art. 4 a) should be 404.
2. Total number of Inventory Sheets forwarded, 405 (Art. 4 b) should be 404.
3. Inventory sheet for the machine borrowed from Toyokawa Naval Arsenal No. 486 (Art. 5) should be No. 586. Inventory Sheet No. 580 should be added to the group to be removed on account of being erroneously inventoried, (Therefore Inventory Sheet No. 580 should be sent back to Mie Government Office for removing.)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Annexed paper No.2

Reasons for Correction

1. Machinery inventoried No. 580 is a rectifier for metal coating, which was purchased in August, 1946 and installed in our factory for clock manufacturing industry in peace time. Therefore it is natural that this Inventory Sheet should be removed equally with other machineries for clock making.

2. Machinery inventoried No.486 is not borrowed from Toyokawa Naval Arsenal and therefore its number should be canceled as a simple misprint. But we have been instructed officially to take custody of a machine which has been borrowed by another factory from Toyokawa Naval Arsenal and will shortly be carried into our factory. Accordingly, it seems preferable that this machine should be inventoried No.586, and replaced for the former No.486.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

MTS MILITARY GOVERNMENT TEAM
APO 710

17 October 1946.

SUBJECT: Toyokawa Naval Arsenal,
Kawana Branch, Aichi Prefecture.

TO : CO., Tokai-Hokuriku Mil. Govt Region, APO 710

1. It is requested that the Kawana Branch of Toyokawa Naval Arsenal, Tado-Mura, Kamese-Gun, Aichi Prefecture, be included on GD #5 List and that a Code Number for inventory be assigned.

2. The Toyokawa Naval Arsenal, Toyokawa City, Aichi Prefecture, is now on GD #5 List. On October 7, it was discovered that said Naval Arsenal had 135 machines in the plant of Kondo Heiki Kogyo Company, Ltd., Tado-Mura, Kamese-Gun, Aichi Prefecture, and that the said machines were not included in the inventory of Toyokawa Naval Arsenal.

3. The said machines of Kawana Branch of Toyokawa Naval Arsenal were inventoried without a Code Number and forwarded to Chief, Reparations Branch, APO 500, on October 10.

Kondo Heiki

Mie Custodian Branch
Nagoya Finance Bureau

9th Sept. 1946

Subject : Management and inventory sheet of reperation machinery.

To : Mie Military Government Team.

For the management and inventory sheet of reparation machinery which are situated at civilian, I have some questions as following papers. I am anxious to get your kind instructions. And still the machinery-list is the separate papers.

Seizaburo Kaneko

SEIZABURO KANEKO

Chief of Mie Custodian Branch
NagoyeFinance Bureau

1. About management and inventory of reparation machinery which was removed from another prefecture's Depot and Arsenal,

No. 1 I want to make management and inventory sheet for reparation machinery in the prefecture which is situated now.
" Is that right?"

No. 2 " Where is the gathering location for this reparation machinery?"

2. I hope to make management andiinventory sheet for reparation machinery which is situated at new OD#5 civilian plant with there companies' machinery without removal.
" Is that right? "

3. About management and inventory of reparation machinery which was removed for a temporary when it was War or loaned,
I hope to make practice in the custodian Bureau which are belonging these machine.
" Is that right? "

MIE PREFECTURAL OFFICE

Tsu, 1946

TO : COMMANDER OF 8TH ARMY,

THRU : COMMANDING OFFICER, Mie Military Government Team.

SUBJECT : Petition presented by Kondo Heiki Kogyo Co.,Ltd.

Kondo Tokei Kogyo Co. Ltd. that is submitting to you a written petition as attached hereto, manufactured woolen textile in this prefecture since 20 years ago, with the present president, Mr. Fusakichi Kondo as its head. The company became by the painstaking efforts by the president so successful as it developed to one of the best factories in this prefecture. However with the outbreak of the war, being bound by the measures taken by the government, it was immpossible to run the factory for manufacturing woolen textile, and the company was forced to convert the factory into manufacturing arms but very TRifling parts only which alone could not display a complete capacity as arms. The war came to end before the factory ran long but it was difficult to rehabilitate woolen textile industry. The company reconverted the factory into watch --- collateral commodity --- manufacturing factory which was considered to be the most suitable industry from viewpoint of industrial conditions in this prefecture and the location of the factory. The permission for reconversion was given by the Allied Occupation Forces on account of only watch factory in this prefecture, and the company is devoting the factory to watch manufacturing.

Despite the fact that the factory is only watch factory in this prefecture, the factory has been designated reparation factory which will bring out not only the difficulty of management of the company but also a great influence on the industry in this prefecture.

We therefore implore you to exclude minimum number of machines inevitable for running watch factory, from reparation machinery.

T. Saeki.

TOSHIO SAEKI
Governor of Mie Pref.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

I O

To: The Commander of the 8th Division of Occupation Force

THRU: Hq. Mie Military Government Team

Mie Prefectural Office

SUB: Petition for Removing Part of Machinery from Reparations

FROM: Kondo Tokei Kogyo Co.,Ltd. (Ex. Kondo Heiki Kogyo Co.,Ltd.)

507-3, Tozu, Tado-mura, Muwana-gun, Mie

Oct., 21st, 1946

If all of our inventoried machineries will be evacuated for the purpose of the reparations, we shall be in extreme distress to run our business for the reason which are thoroughly described in the following paragraph:

1. It would be impossible to continue operation- this might affect the very existence of our plant, and be a menace to the livelihood of every worker.
2. Mie Prefecture's only clock company which been officially permitted and has actually been producing a considerable quantity, being driven in a dilemma, might be obliged to cease its production.
3. The machineries entreated to be removed from reparations are only of a few number- the very minimum units for the production, comparing with the whole inventoried ones.

We should be greatly obliged if you would kindly examine the above-mentioned reasons for which we submit this petition and discern the value of our business. We earnestly hope that our petition for removing minimum of machinery from reparations would meet with your favorable approval and we could find a way out of difficulties.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

1. Reson for Petition concerning the Management.

In the beginning our plant was personally kept by F.Kondo (at prsent, President) as is shown in accompanying paper-History of Company, and by his judicious management the business had realized a marked expausion in those 18 years (1925-1942), manufacturing a large quantity of woolen fabrics.

The war breaking out raw materials of woolen yarn became short and the continuation of business seemed impossible when, by order of the Government and according to the readjustment of industry, we were converted into ammunition manufacturer. We has but 15 monthsto produce parts of fuses for 25 mm M.G. bullets and again we were obliged to reconvert into civilian production, we were quite at a loss as to which industry we should choose to begin, because all the weaving machines that we had, had already been offered to the Government and, what made the matter worse, it was impossible to resupply such machines. A good many investigations and inquiries were made before we planned clock manufacturing which we have been carrying out,doing our best to bring it to perfection.

Such being the case, if all the machineries inventried would be taken away from the plant, it would be hopeless to continue the operation- all our efforts comming to nothing. On the other hand we must care for our poor workers, but we can find no other means to regenerate them than to implore you to remove part of machineries from reparations to continus operation.

2. Reson for Petition concerning the Properties of our Industry and the Progress of our Productions

On applying for reconversion into colock production as a peace industry we were graced by the Military Government and Mie Prefecture a written permission which encouraged us so

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

much that we, being filled with delight, have devoted ourselves, since the beginning of this year, to realize the production without delay. We had economical and many other hardships which hindered our progress in the work, however, we have just finished every preparation and arrangement of the plant and now a considerable amount of parts of clock and wooden frames for clock afe really being manufactured.

It has happendd, to our greatest sorrow which we hope we might be justified in sding, that all of the machineries in our plant should be taken to reparation purposes just as our long efforts are going to bear fruit, the operation being started in a regular course. Our factory, moreover, is the only one clock manufacturing factory in this prefecture, and we are very enthusiastic to play an important part of the peace time industry in this prefecture in future. If we might solicit your favourable consideration to all of our inventried machineries to remove from reparations, it would be too unreasonable enough, therefore to permissible, if they might be, few machineries, we might solicit your favourable consideration to remove from reparations.

3 Solicited Extent of Removing from Reparations

We never solicit to remove all our inventried machineries from reparations as above mentioned. That is, we only desire to remove permissible few machineries, necessary for continuing operation to produce clocks of minimum quantity which we are planning. These machineries are described thoroughly in the annexed table, but their summary is as follows.

Machineries inventried for reparations	528	100 %
Machineries desired to be removed from reparations.	68	13 %

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Remarks:

(1) We should be short of the above 68 machineries for the monthly production of 10,000 pieces of one-day table-clock, round and 2 inches in size.

(2) The above 68 machineries are to be picked out among the 1st class or 2nd class machineries in the inventory sheet which have already been presented to the Military Government. The size and quantity of every kind of machineries are found in the annexed table.

Machinery List (1) }
History of Company } To be annexed

F.Kondo F. Kondo.
President
Kondo Tokei Kogyo Co.,Ltd.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Annexed papers THE HISTORY OF COMPANY

Name: Kondo Tokei Kogyo Co.,Ltd.

Address: 507-3, Tozu, Tado-mura, Kuwana-gun, Mie-ken.

Apr.,1925 Kondo Keori Co.,Ltd. opened her first operation for the purpose of manufaturing woolen fabrics under the private management of her managing director, F.Kondo.

May, 1935 She was converted into a joint stock company increasing her capital to 400,000 yen.

Aug.,1943 On account of the law of industrial readjustment which was forcibly enforced by the Japanese Government, khe was obliged to be woundeup, and her weaving machines (84 in total) were compelled to be removed and transfered to Daido Woolen Co.,Ltd. Therefore all her employee were embarrassed and ~~any~~ some method of self support was being wanted, but just then by order of the Japanese Navy the production of some parts of 25 mm machine gun bullets was contemplated in her shops, and some small machine tools were newly purchased and others rent from the Navy.

Aug.,1943 Her name was changed into Kondo Heiki Kogyo Co.,Ltd.

July,1944 Manufacturing parts of fuses was opened.

Sept.1944 Her capital was increased ~~to~~ by 1,200,000 yen.

Aug.,1945 All her production was stopped at the same time as the war ended.

Mar.,1946 Her name was changed into Kondo Tokei Kogyo Co.,Ltd. and her production was converted into clock making receiving a written permit to produce civilian commodities.

Products before the war and their yearly amounts sold.

507-3, Tozu, Tadomura, Kuwanagun, Mieken
Feb. 14th, 1946

1. Name of Facility: Kondo Tokei Kogyo Co.,Ltd.

2. Location: 507-3, Tozu, Tadomura, Kuwanagun, Mieken

3. Name of President: Fusakichi Kondo

4. History:-

a. Date of Construction March 14th, 1935
b. Date of First Operation do
c. 1935-1941 Production Woolen fabrics;

Year	Quantity(m)	Value(¥)
1935	1.5x 164,016	1,138,958
1936	1.5x 182,304	1,265,515
1937	1.5x 202,464	1,406,071
1938	1.5x 242,064	1,681,113
1939	1.5x 392,688	2,727,264
194o	1.5x 312,768	2,171,689
1941	1.5x 2o8,800	1,450,269
Total	1.5x1,705,104	11,845,819

d Present Capitalization ¥ 1,600,000

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

e. Changes made in Capital Structure since 1935;

Capital in 1000 yen	Name	Date
200	Kondo Keori Co.,Ltd.	Mar. 14th, 1935
300(100 Increase)	do	Jan. 20th, 1936
400(100 Increase)	do	Aug. 6th, 1938
1600 (1200 Increase)	Kondo Heiki Kogyo Co.,Ltd (Changed)	Sep. 27th, 1943
1600 (	Kondo Tokei Kogyo Co.,Ltd (Changed)	Jan. 14th, 1946

f. Name and Address of Parent Company — Having nothing

G. Number of Shares Outstanding — 32,000

h. Number of Stockholders;

Fusakichi Kondo	24 %	Senji-Kin-yu-Kinko	50 %
Shotaro Kosaki	6 "	Katsuichi Kurihara	5 "
Masuzo Nishimura	3 "	Yasuji Kunii	2 "
Keizo Kawahata	1 "	Keiji Nakamura	1 "
Ryuichi Shichiri	1 "	Yasugoro Nakamura	1 "

i. Funds received from Governme nt — Having nothing

j. Outline Sketch of Plant — (2 maps to be annexed)

5. Description:-

a. Principal Products;

1. Wartime — Parts of fuse for 25 mm M.G. bullets
2. At Present — Nothing
3. Planned for 1946-1947;

Article	Date of manufacturing
Clock and watch	Mar. 1st, 1946
Furniture	do
Roofing tile	Apr. 1st, 1946
Salt	do

b. Capacity;

1: Wartime — Parts of fuses for 25 mm M.G. bullets 367,600 pieces per month

2. At Present — Nothing

3. 1946-1947 (With unrestricted access to materials),

Article	Quantity
Clock and watch	50,000 pieces
Furniture	100,000 "
Roofing tile	270,000 sheets
Salt	72 t

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

c. Number of Employees;

1. Wartime	321
2. At present	227
3. 1946-1947 (At maximum capacity)	600

6. Machinery and Equipment in Plant:-

Machine	Size(inches)	Quantity	Condition	Products in wartime
Bench lathe	9 x8	70		
do	6½x7½	96		
do	6½x6½	45		
do	6 x4½	20	Not to be	Parts of fuses
do	6 x4	9	reconstruct-	for 25 mm M.G.
do	4½x6½	92	ed for	bullets
Bench milling machine	12 x4 x4	9	conversion	
Drilling machine	5(Swing)	42		
Polishing machine	8	6		

7. Present Stocks of Raw Materials, Supplies and Unfinished Goods:-

Description	Quantity
Brass bars	16 t
Steel	12 "

8. Present Stocks of Finished Goods: Nothing

9. Present Stocks of Fuel:-

Description	Quantity
Coal	2.5 t

10. Machinery and Equipment needed for maximum Production 1946-1947:-

Description	Quantity
Bench lathe	350
Bench milling machine	45
Drilling machine	110
Power press	10
Machine tools for tool room	50
Gear cutting machine	5
Electro-plating apparatus	2
Heat treatment apparatus	1
Sawing machine	11
Planer	7
Holding machine	6
Side cutter	2
Tennon cutter	1

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Description	Quantity
Sawing machine for strip	1
Universal wood-machine	1
Air compressor	2
Pug mill	3
Rough forming machine	2
100 kW Receiving panel	1
Press for tile making	3
Tile kiln	10
3 H.P. Motor	1

11. Raw materials and supplies needed (monthly):-

a. For present capacity (5b2 above)

Description	Quantity
Brass	2000 kg
Steel	300 "
Special steel	500 "
Glass	100 "
Lumber	600 koku
Paint	600 "

b. For maximum (5b3 above)

Description	Quantity
Brass	4000 Kg
Steel	600 "
Special steel	200 "
Lumber	900 KOKU
Paint	800 kg

12. Fuel needed (monthly):-

Description	Quantity
Coke	1.5 t
Wood	4,500,000 lbs

13. Additiona; Personnel needen (not locally available): None

14. Prices:-

Description	Unit	Price (¥)
Clock	Piece	100
Shoji (Sliding door)	do	30
Roofing tile	Sheet	2.10
Salt	kan	4.30

15. Remarks: It is very hard to obtain raw materials owing to toeir unreasonably high prices and for want of transportation facilities- specially autotrucks.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

16. Certification by Applicant: (The subjects described in §6 above have been corrected by indication)

I certify that the information contained herein is true to the best of my knowledge and belief.
