20 December 1985

Cher Monsieur Rudeau,

May I say that you have my personal admiration for the fortitude and courage with which you completed the task of co-chairing the Anglo-French evaluation team during a period of deep personal sorrow.

Throughout the exercise, we all appreciated the commitment and professional integrity with which you guided our joint efforts. We look forward to a mutually satisfying outcome.

My best wishes for the future.

*Yours sincerely,
John Wybrew.*
