FY 75 RESCISSIONS AND DEFERRALS

Cumulative Report

OFFICE OF MANAGEMENT AND
BUDGET
FY 1975 RESCISSIONS AND DEFERRALS
Cumulative Report

Honorable NELSON A. ROCKEFELLER
President of the Senate
Washington, D.C. 20510

JANUARY 10, 1975.

DEAR MR. PRESIDENT: The President has directed me to submit the enclosed report required by Section 1014(e) of the Congressional Budget and Impoundment Control Act of 1974. In accordance with that Act, the report is also being transmitted to the House and will be published in the FEDERAL REGISTER.

Sincerely,

ROY L. ASH,
Director.

CUMULATIVE REPORT OF FISCAL YEAR 1975
RESCISSIONS AND DEFERRALS JANUARY
1975

This report is submitted in fulfillment of the requirements of section 1014 of the Congressional Budget and Impoundment Control Act of 1974 (Pub. L. 93-344). Section 1014 provides for a monthly report listing all budget authority for the current fiscal year with respect to which, as of the first day of such month, a special message has been transmitted to the Congress. This January report includes those deferrals and rescissions in the seven special messages sent by the President to the Congress in September, October, November, and December.

Rescissions. Five proposed rescissions, totalling \$131,148,000 in budget authority, have been effected by Pub. L. 93-529 signed December 21, 1974. In addition, \$455,635,000 in budget authority

proposed for rescission for Rural Electrification Administration loans but not included in Pub. L. 93-529 has been made available for obligation. Another \$85,000,000 proposed for rescission under the Agricultural Conservation Program (REAP) and not included in Pub. L. 93-529 lapsed on December 31, 1974. These items are shown in the report together with the remaining proposed rescissions which total—as of January 1, 1975—\$863,646,000.

Deferrals. Attachment B identifies, by agency and account, all deferred funds reported. As of January 1, 138 deferral reports had been submitted to the Congress and 19 of these had been revised by supplementary reports. When supplementary reports have revised previous reports, the amount initially reported has been placed in brackets and zeroed out in the column labeled "Adjustments." Unlike proposed rescissions of budget authority, funds reported as deferred (section 1013 of the Act) are often planned to be made available for obligation, in whole or in part, during the course of the fiscal year. These releases are detailed in Attachment B which shows, for each deferral, the amount of deferred funds made available by the Office of Management and Budget and other Federal agencies in the current year, the date the funds were made available, and the balance of funds being deferred as of the first of the month for which the report is submitted. The total of all budget authority deferrals currently before the Congress is \$24,295,435,000. In addition to this amount of deferred budget authority, another \$10,000,000 in outlays have been deferred under the Department of the Interior's Land and Water Conservation Fund.

Actions Concluded Before July 12, 1974. Some of the actions reported in the special messages are not, in the opinion of the Attorney General, subject to Congressional ratification or disapproval under the Impoundment Control Act since they were concluded before it became effective on July 12, 1974. These items, marked by asterisks, are included in the report to provide more complete information on the status of withheld funds.

Actions by Congress on Rescissions and Deferrals. The report formats provide for showing the effect of congressional action and inaction on both deferrals and proposed rescissions. As of January 1, 1975, no congressional action on deferrals had been concluded. Pub. L. 93-529, signed December 21, 1974, rescinded \$131,481,000 of budget authority proposed for rescission in the first two special messages. Details of these approved rescissions are shown in Attachment A under columns entitled "Amount Rescinded by Congress" and "Date Rescission Act Signed." The proposed rescission of \$455,635,000 for Rural Electrification Administration Loans was not included in Pub. L. 93-529 and was made available for obligation on December 11, 1974.

Information from the Special Messages. The seven special messages containing information on each of the rescissions and deferrals covered by the cumulative report are contained in the FEDERAL REGISTER of:

Monday, September 23 (Vol. 39, No. 185, Part III), Tuesday, October 8 (Vol. 39, No. 196, Part V), Tuesday, November 5 (Vol. 39, No. 214, Part III), Tuesday, November 19 (Vol. 39, No. 224, Part III), Thursday, December 5 (Vol. 39, No. 235, Part IV), and Wednesday, January 8 (Vol. 40, No. 5, Part IV).
