Station being situated in the north gate of Tokyo Metropolis that the traffic is frequent. There are about 200,000 passengers a day there, among them high ranking people travel frequently, so special guard is needed. So many crowds gather there that crimes like pick-pocket, fraud, larceny and soon always are committed. On the other hand, the protection for leaving home juvenile and homeless people, the control of illegal pick-pockets are inevitably needed. Especially numberless vagabonds gather there, so we are doing our best in the protection and instruction for them not to be involved in crimes.

Park abounds in many historical relics of Shogunate Era, and there are noted institutions such as National Museum, Tokyo Gallery, Library, National Academy. Throughout the year round many exhibitions and fairs are held. Whereas homeless and depraved people gather in the park, so necessary control for them must be taken. In the precincts of Park curfew time is fixed at sunset with a view to preventing various crimes possible.

15th Street, 15th Street and 22nd Street passing by Ueno Station have frequent traffic. Many country people come up to Ueno, so proper instruction and protection are to be taken.

Ueno Station and along busy center streets (Ginza Street, 15th Street, etc.) vagabonds and displaced people are loitering and committing crimes like pick-pocket, fraud and larceny. We are taking care of them to prevent crimes.

Ueno Park and Station prostitutes gather and cause a lot of crimes every night. We are trying to prevent and arrest such criminals. There they are numbered about 150 a day. We are treating them seriously as criminals offending against petty crime acts and anti-prostitute regulations.

Present there are two institutions of Public House and Camp Home. The former houses for about 100 people, and the latter has a capacity of 120.

Goods in this year confiscated contraband by authority are amounted as follows.
 Staple food..... 130,000 Kilograms. The worked-up from staple food..... 400 Kilograms.
 Tobacco leaves..... 150 Kilograms.

In view of this situation, we are determined to do our best in exposure of unlawfully dealing goods which are found mostly at black-markets scattering around Ueno and Okachimachi railroad stations.
