

# FIRE FOLLOWS BIG QUAKE IN JAPAN!

## Mrs. Theodore Roosevelt Remains Calm In Midst Of Panic

### P. T. A. PRESIDENT URGES SCHOOL BOARD MERGER BEFORE C. C. DIRECTORS

Change from Dual System of Control Would Facilitate Plans for Establishment of Junior College in Glendale, Claim

Reorganization of the machinery that is at present conducting the affairs of the Glendale schools under the management of two boards of education was urged by Mrs. E. B. Moore, president of the Glendale Parent-Teachers' Federation, at the meeting of the directors of the Glendale Chamber of Commerce last night, Mrs. Moore's recommendations taking the form of a suggestion that the two boards be merged into one that would, it was asserted, be in a position to function on a more efficient scale than has been possible in the past.

The present boards, Mrs. Moore stated, are hampered by the limitations of the existing laws, and the reorganization suggested would, she claimed, facilitate the plans that are now under consideration for the establishment of a Junior High school here and would lead to the establishment of a junior college for the benefit of students in the schools of Glendale and adjacent communities.

Glendale, said Mrs. Moore, in spite of its rapid growth, still retains the village methods of administering its educational affairs, with a union high school whose privileges are shared by outside districts, and with a city board of education governing only the elementary schools. This duplication, Mrs. Moore contended tends toward greater expense and less efficiency.

The plan presented by Mrs. Moore would have five members of one board to govern all the schools both high and elementary, in the district. Courses of study could be made practically continuous from the seventh to the twelfth grades, and thus lead to an opportunity to develop a junior college. It would be necessary to annex to Glendale, for school purposes only, all the district outside the city but included in the Union High school district. To do this it would be necessary to secure the signatures of the majority of the heads of families to a petition, and the consent of the outside districts would also have to be obtained.

The successful carrying out of this plan would afford an opportunity to build a Junior High school that would serve La Cresenta, Tujunga and Monte Vista and that would care for the grades from the seventh to the tenth, inclusive, and that would require only high school juniors and seniors to come to Glendale. The smaller districts, it was stated, would profit by joining the Glendale system, as such a course would permit a more efficient supervision in special courses of study and would tend to establish in these places the Glendale teaching method.

### TRAVELER TELLS WORLD WONDERS

Dr. Neil Rudy's Experiences On Two Year Journey Told at Luncheon

Dr. Neil Rudy, brother of Mrs. Mary M. McNamany of Glendale, with whom he has just completed a two years' trip around the world, was the big attraction at the weekly luncheon of the Exchange club in the Egyptian Village today, when he delivered an account of his journeyings through the countries of the old and new worlds. A world trip, Dr. Rudy declared, is worth more than a college education to the man who can rightly observe what he sees, and the fascinating tales he told of his experiences in the countries he visited were eagerly listened to by the members of the club. Thirty-five members of the Exchange club will attend the annual banquet of the Glendale Chamber of Commerce, which is to be held at the Tuesday Afternoon club next Tuesday night, January 22.

### SUSPECT ARRESTED

LOS ANGELES, Jan. 15.—Charles E. Stock, alleged religious fanatic and self-styled author, who is wanted by authorities at Santa Ana following the death of a young girl, said to have been struck by Stock's automobile, was arrested today by deputy sheriffs, and is held for Santa Ana authorities. The tragedy took place last December.

### REGISTERS QUAKE

BERKELEY, Jan. 15.—The Japanese earthquake registered today on the University of California seismograph. The record started twenty seconds after 2 o'clock this morning.

### LATEST NEWS

**ELIHU ROOT'S CONDITION SATISFACTORY**  
NEW YORK, Jan. 15.—The condition of Elihu Root, former secretary of state, was today reported as "satisfactory" at the hospital where he is recovering from an operation for gall stones.

**ASK GERMAN BANKER TO GIVE EVIDENCE**  
PARIS, Jan. 15.—The international commission of reparations experts, headed by General Charles G. Dawes, which will seek to restore the German financial situation and enable the Berlin government to balance the budget today invited President Schacht of the Reichsbank to testify before it.

**POINCARÉ RECEIVES VOTE OF CONFIDENCE**  
PARIS, Jan. 15.—The French chamber of deputies this afternoon gave the Poincaré government a vote of confidence after the cabinet had decided to strengthen the national finances by asking a 20 per cent increase in all taxes. The chamber vote stood: For the government, 388; against the government, 189.

**NO AMERICANS KILLED IN JAPAN QUAKE**  
WASHINGTON, Jan. 15.—No Americans were killed in the earthquake which occurred in Japan this morning, according to a cablegram received by the state department today from Jefferson Caffery, American charge d'affaires at Tokio. The staff of the embassy and the consul-general were uninjured, according to the report, with the exception of Frederick D. K. Laclercq, second secretary of the embassy, who suffered a fractured wrist.

NOW ALTOGETHER—EVERYBODY KICK IN!

### EIGHT SLAIN IN OIL FIELD BLAST

Five Injured, Thirty Missing when Explosion Wrecks Texas Co's Plant

PORT ARTHUR, Tex., Jan. 15.—Eight men are dead, six of them identified; five lie probably fatally burned in hospitals and thirty others were reported buried, a check up of the ruins of the Texas company oil plant, destroyed by explosion, revealed today. The known dead: W. C. Moye, of Beaumont; C. Crench, Port Arthur; Charles Bell, Port Arthur; T. A. Carter, Port Arthur; R. C. Rawlinson, Port Arthur; J. W. Sroas, Weatherford, Okla. Two charred bodies taken from the smoking debris this morning have not yet been identified, it was reported by company officials.

### WOOD, JR., FAILS TO PAY TAX, CLAIM

Son of Governor-General Of Philippines Sought By Government

PHILADELPHIA, Jan. 15.—William E. Brown, deputy collector of the Philadelphia internal revenue district said this afternoon that Leonard Wood, Jr., son of the governor-general of the Philippines, is wanted by the United States government for non-payment of theatrical taxes, said to amount to over \$3000. "A levy against his assets has been issued," Brown declared, "but so far we've not been able to lay hands on him."

### NEW YORK SELECTED

WASHINGTON, Jan. 15.—New York city has been selected by the Democratic National committee as their convention place for the party this summer, it was announced tonight.

### Ex-Crown Prince To Be Nominated For Presidency

BERLIN, Jan. 15.—German nationalists plan to nominate former Crown Prince Friedrich Wilhelm for president of Germany, on Friday. The nationalists are planning a mass meeting on that date.

### NEW BONUS BILL GOES TO SENATE

Copeland of New York Would Pay Veterans Cash For Service Anywhere

WASHINGTON, Jan. 15.—Another new bonus bill, the third this session, was introduced in the senate this afternoon by Royal S. Copeland, Democrat of New York. The Copeland bill would pay the veterans a flat cash bonus based on \$1.25 a day for service either at home or overseas. The total cost to the government would be less than \$1,500,000,000.

### Exports Pass Imports In Past Twelve Months

WASHINGTON, Jan. 15.—Exports exceeded imports by \$375,948,917 in 1923, the department of commerce announced today. Exports amounted to \$4,164,831,132, compared to \$3,788,882,215 imports. In 1922 exports exceeded imports by \$719,030,636. Both exports and imports were heavier last year than in 1922. The excess of exports in 1923 was the smallest in American commerce in history.

### STATE BANK CLOSES

SPRINGFIELD, Mo., Jan. 15.—The Holland Banking company of Springfield, the largest state bank in Missouri, outside of St. Louis and Kansas City with total resources of \$7,008,510 and deposits of \$4,500,000, closed today.

### L. A. CAPITALIST BUYS SITE HERE

Broadway and Jackson Corner Sold to H. D. Sawtell by Local Firm

Indication of the rapid development along East Broadway is seen in the purchase today of the southwest corner of Broadway and Jackson street by H. D. Sawtell, a Los Angeles capitalist. The property was owned by C. W. Ingledue, A. L. Baird and H. G. MacBain and the sale was made by John T. Cate, through the office of Duncan, Henry & Palmer of 415 East Broadway. It adjoins on the east the new post-office site. Mr. Sawtell plans to improve the property with a business block. This is one among sales totaling \$150,000 made by Duncan, Henry & Palmer since passage of the sewer bonds just a week ago, states N. L. Duncan.

### Reach Peace Pact In Chicago Milk Strike

CHICAGO, Jan. 15.—Chicago's milk strike was ended early today. An all-night conference between farmers and distributors brought peace at the start of the third week of the farmers' strike, and plans were immediately started for a resumption of normal deliveries to consumers. The city was on the verge of an acute shortage. Picketing had been used by the strikers in some sections and violence threatened. By the peace pact reached in the all-night session in City Hall, the producer will receive \$2.67 1/2 a hundred pounds for milk on a three months' contract.

### Six Bandits Escape With \$26,850 In Cash

ST. LOUIS, Jan. 15.—Six heavily armed and masked bandits, traveling in two automobiles, lined up employees of the East St. Louis Trust company, in Easton avenue today and escaped with \$26,850 in cash. The money was being taken to the Federal Reserve bank. The robbery occurred a few blocks from the district police station.

### MRS. ROOSEVELT HONOR GUEST AT JAPAN BANQUET

TOKIO, Jan. 15.—While Tokio took stock of the new losses occasioned by today's earthquake, Mrs. Theodore Roosevelt, widow of the late President Roosevelt, was the honor guest this evening at a banquet given by the American-Japan society. Baron Matsui, foreign minister, ennobled President Roosevelt. He also paid tribute to Colonel Burnett, military attaché of the American consulate, who with Mrs. Burnett will return to America soon. Viscount Kanek for many years a close friend of the late President Roosevelt, who was to have acted as toastmaster, was marooned at Hayama by the severance of communication and was unable to attend.

### HUNDREDS OF ENTRIES AT CAT SHOW

Famous English Judge Here From New York City to Preside Over Event

Gat fanciers from all over Southern California will assemble in this city tomorrow, January 16, for the opening of the annual Glendale Cat Show, an event that assumes added importance with the passage of each year. Over 200 entries have already been registered, reports Mrs. Libbie W. Ashcroft, president of the Glendale Cat club, under whose auspices the show is given, and it is expected that another 200 entries will come in before 10 o'clock tomorrow morning, when the show opens at Hahn's auditorium, 109 North Brand boulevard.

Noted Judge Arrives  
Miss Ethel R. B. Champion, famous English judge who was brought from New York to preside over the event, has arrived in Glendale and was last night the guest of Mrs. B. O. Holbrook. This noon she has the luncheon guest of Mrs. F. S. Card at the Tuesday Afternoon club and tonight will be the guest of honor at a dinner given by Mrs. Card at her home, with Mr. and Mrs. Holbrook and Mother Parker as added guests. A feature of the Cat Show will be a popularity contest, with a silver cup donated by the Glendale Humane society going to the cat receiving the greatest number of votes. Mrs. Edwin Kulp, wife of the president of this society, will have a table at the auditorium and will enroll memberships. The Glendale Humane society now has a state charter and is recognized as a highly worthy organization. Mrs. J. L. McOmber will be in charge of the popularity contest.

### BANK IS ROBBED BY BOY BANDITS

Three Youths Seize \$2000 in Currency in Daring Daylight Holdup  
LOS ANGELES, Jan. 15.—Three boy bandits, all under 20 years, held up a branch establishment of the Commercial National bank in South Vermont avenue at noon today, seized currency estimated at more than \$2,000 and escaped. Running out of the bank after the robbery, the boys leaped into the big automobile used in the holdup and shot away from the scene at a high rate of speed.

### ALL AMERICANS ESCAPE DEATH OR SERIOUS INJURY AS SHOCKS ROCK CITIES

List of People Killed May Reach Fifty, While Large Number Are Hurt; Many Houses Are Reported Destroyed By Flames

LONDON, Jan. 15.—The death list in the earthquake in Tokio, Yokohama and other Japanese cities this morning may reach fifty, according to a dispatch from Tokio this morning. It was said there were no foreigners among the victims. Fires broke out at various places.

WASHINGTON, Jan. 15.—Nathaniel B. Stewart, American consul-general at Yokohama, notified the state department today that the consulate had not been damaged by the recent earthquake and that there had been no casualties to either the consulate or embassy staffs.

By DUKE N. PARRY  
For The International News Service.

TOKIO, Jan. 15.—The fact that breakfast fires had not been started this morning probably saved reconstructed Tokio from another disastrous fire when another terrific earthquake early today shook the same territory devastated four months ago. Communications were disrupted in all directions by the force of the shock, three trains en route from Gomenba to Tokio were derailed and the water supply cut off. The rail service between Tokio and Osaka was also disrupted but the extent of the damage to this important connection over which relief and reconstruction supplies are still being carried has not been reported.

### Prince Regent Reports Safety of Emperor

The prince regent sent an airplane messenger from Numazu this afternoon to report the safety of the emperor. No deaths among foreigners have been reported in Tokio, but several jumping from Imperial hotel windows are reported to have sustained broken arms, scratches and bruises. The Tokaido railroad line, an important rail artery of Japan, was reported damaged, the track having dropped three inches. A number of Japanese are reported to have been killed near Yokohama, where houses crashed over their heads. It is believed the center of the earthquake was farther south in that vicinity and restored communication may bring news of greater casualties.

### House Weaving Backward and Forward

Your correspondent was thrown from bed by the first shock this morning and was forced to make his exit from the building by leaping from a low second-story window. The house was weaving backward and forward in drunken fashion and remained standing only because of its ancient Japanese construction. In the garden, giant palm trees were swaying as though in a storm and nearby a falling Buddha church indicated the strength of the shock. No wind was blowing and this assisted the firemen in checking the few fires that started in isolated sections. They were aided by the fact that many areas are as yet not built up since their destruction last September. The water supply was cut off with the first shock.

### Mrs. Theodore Roosevelt Stays Calm

"Don't mind this. It is not so bad." Such was the comment of Mrs. Theodore Roosevelt, widow of the late President Roosevelt, here with her son, Kermit, for a vacation. She was speaking to her Japanese attendant at the Imperial hotel. She refused to leave her bed and remained calm throughout the excitement. The court yards there quickly filled with pajama-clad folks but there were no casualties in the American community, the greater portion of which has been housed in this hotel since the earthquake. However, the shock was severe enough to open up great cracks in the walls and floors of the building which withstood the ravages of the greater disaster. The American marines at the American embassy had loaded their trucks with wrecking tools and were ready to render any needed assistance before the last tremors of the quake had died away. The first shock was at 5:45 a. m., just as dawn came. It was a sickening thud and was followed for several minutes by secondary shocks.

### Japanese People Become Panic Stricken

Breaking glass, shouts of excited Japanese and crashing stones as they fell from larger buildings, created an almost immediate din that lasted until the tremor had subsided. With the horror of the September disaster still poignantly fresh in their minds, terror gripped the greater portion of the population, although the panic was not so great as might have been expected. The rising of the sun supplied light to replace the city lights, which were cut off with the first shock, and this served to allay nervousness. Kitagata, near Yokohama, is reported to have suffered severe damage and the casualties so far reported centered mostly in that town.

### Fire at Sugamo Follows Earthquake

LONDON, Jan. 15.—Fire is raging at Sugamo, a suburb of Tokio, following new earthquake shocks, said a dispatch from Osaka today. A train fell into a river. Six other trains were derailed between Gotomba and Tokio. Further advices from Osaka and Tokio received during the afternoon put the dead in the Tokio district at four and the injured at twenty. The Yokohama casualties were estimated at ten killed and two hundred injured. Fire broke out at Yokohama, destroying 600 houses. Strong earthquake shocks were felt in the Nagano prefecture, centering around Matsumo. The extent of the damage in Tokio proper has not yet been learned. Communication has been interrupted between Tokio, Kyoto, Osaka and Kobe. The shocks began shortly after 5 o'clock this morning. Residents of the Osaka district, aroused from their beds, fled from their homes. It is understood a slight tremor was felt at Yokohama.

### Radio Station Again Scores 'Beat'

SAN FRANCISCO, Jan. 15.—Kaichiro Yonemura, in charge of the big Japanese radio station at Tomioka, which works direct with the Radio Corporation offices in San Francisco, who gave the world the first news of the great earthquake in September, again scored a "beat" on Japan's latest temblor. As soon as his land communications were severed he started an investigation and flashed the news to San Francisco that Tokio may have been visited by another strong earthquake. Landslides, he reported, had stopped traffic to Tokio and Yokohama. Clocks were stopped at Funnabashi and Choshi but not at Shi-zuoka and Tomioka. Yonemura stated in his dispatch. He set about restoring and directing communication with Tokio and five hours later had traffic moving to the United States.

"Since 1910—Glendale's Foremost Electric Shop"

## BURBANK PLANS TO ERECT NEW APARTMENTS

L. E. Harbach Will Combine Offices and Homes in Burbank Building

Following close on the heels of the announcement by Roy L. Kent of Glendale that he will at once put up a brick building on his corner at San Fernando boulevard and Tujunga avenue, comes the definite decision of L. E. Harbach of Hollywood to build an office and apartment building on his site at the southeast corner of Fourth street and Cypress avenue.

The Kent structure will be one story high for the present and the Harbach structure two stories high, with five offices below and eight apartments above. Architectural plans for both buildings are now under way and contracts have been let in both cases, the Roy L. Kent company of Glendale being engaged to put up the Kent block and the Randall Construction company to put up the Harbach block.

Plan First Class P. O. A first class postoffice is in prospect for Burbank, according to Postmaster W. P. Coffman, who points out that receipts for 1923 were \$27,298, as compared with \$19,174 for 1922 and \$13,346 for 1921.

On this basis it is anticipated that receipts for 1924 will reach \$40,000, which will entitle the city to a first class office, which brings such advantages as a separate window for registry and money orders, in addition to increased facilities generally.

Mr. Coffman intimates that he has already applied to Washington for added facilities, as he is badly cramped at the present time. With the increases in population that are sure to come, the city will be in great need of a first class postoffice by the time it can be provided, he feels. It is for this reason that agitation in the proper direction is now being started.

Speakers' court is getting so fast that Judge A. A. Crawford forgot the day of the week last session and held it on Monday rumor goes. At any rate, Monday proved so popular that it is now being argued that the court be held on this day hereafter, the reason being that Monday is usually a slack day.

Now time cards have been issued by the Hollywood-Burbank stage line and are now in effect. The first bus now leaves Tenth street and Olive avenue, Burbank, each morning at 5:55 o'clock, and thereafter as follows: 7:05, 10, and 12 a. m.; 2:30, 4:10, 5:15, 6:20, 7:25, 9 and 10 p. m.

Leaving Hollywood, the schedule is as follows: 6:30, 7:35, 8:40, 10:35 a. m., and 1:25, 2:05, 4:10, 5:15, 6:20, 7:25, 8:30, 10:05 and 12:05 a. m. daily. The same schedule applies to Sundays, excepting the 5:55 a. m. from Burbank and the 6:30 stage from Hollywood.

## High Winds Cause of Some Minor Damages

Some slight damage was reported from the high wind which visited Glendale for several hours last night, nothing of a serious nature being reported.

A call from Mrs. Teters, 351 West Hawthorne street, at 9:30 stated that during the absence of the family, the garage had been broken into. Upon investigation it was found that he wind was the thief, blowing off the garage door and breaking the hinges.

Several street lamps were broken and small trees blown over in the glare.

PACIFIC-SOUTHWEST TRUST & SAVINGS BANK OF LOS ANGELES, CALIFORNIA The total deposits received and held by the Grand Boulevard and Glendale Avenue Branches of the above mentioned bank at close of business on the 31st day of December, 1923, amounted to \$4,575,992.78. The information herein contained is published in compliance with Section 132a of the Bank Act of the State of California.

Borman, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers within four (4) months after the first publication of this notice, to the said Executrix at the office of Harry W. Chase, 103-A N. Brand Boulevard, Room 1, Rudy Bldg., City of Glendale, County of Los Angeles, State of California, which said office the undersigned selects as a place of business in all matters connected with said estate, or to file them with the necessary vouchers within four (4) months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles. Dated January 14, 1924. HARRY W. CHASE, Executrix. Room 1, Rudy Bldg., 103-A North Brand Blvd., Glendale, Jan. 15-22-29-Feb. 7.

## TWO LODGES JOIN INSTALLATION

### Woodmen and Royal Neighbors Stage Ceremonies in K. of P. Hall

Added enthusiasm to activities of Glendale Royal Neighbors and Modern Woodmen was received by the members last night, when a joint installation was held in the K. P. hall on South Brand boulevard. Pasadena Neighbors and Woodmen had charge of the ceremonial.

A splendid attendance is reported and mention made of a large company of out-of-town guests.

The installation of the officers of the Neighbors took place first with Mrs. Shimmer of Pasadena, and Mrs. Andrews of Pasadena, as installing officer.

Mrs. Estella Rockwell was installed as oracle, and other officers so honored were: Estella Rock, past oracle; Ida Leach, vice oracle; Anna Smith, chancellor; Lillian Howes, recorder; Mrs. Fred York, receiver; Thelma Rucker, marshal; Jessie Loucks, inner sentinel; Mrs. Hanson, outer sentinel; Mrs. Clinton, Mrs. Paul and Mr. Tucker, managers; Dr. Laura Brown, Dr. H. C. Smith, physicians.

## Hundreds of Entries At Local Cat Show

(Continued from Page 1) In order that the winners may be selected as soon as possible.

Due to an error, some of the clever posters advertising the show bear January 17 and 18 as the dates of the event. The correct dates are January 16 and 17 and the posters are being changed to read that way. These posters are the work of Miss Mary Stiple, of the Glendale Union High school, who won first prize in the contest recently held, with a beautiful Persian kitten as the prize.

Curtis Hayward won honorable mention for his clever poster. The Glendale Cat Show opens at 10 o'clock on each morning of the two days, January 16 and 17, and closes at 10 o'clock at night, allowing an opportunity for practically everyone in the city to come and see the hundreds of cats of 101 different classes.

## MAKES INSPIRING TALK AT DINNER

### Pasadena Pastor Is Speaker At Church Banquet For Fathers and Sons

"Keeping a Good Name Good" was the subject of an inspiring address by Rev. Walter Butler, pastor of the Lake Avenue Methodist church, Pasadena, at the fathers' and sons' banquet at the social hall of the Central Avenue Methodist church Monday night.

About sixty were present, thirty-five of whom were boys, sons of the members of the men's club of the church.

The program, arranged by W. F. Shinner, was calculated to interest both old and young, and might be characterized as an all-American one.

An interesting ceremony was the unfurling of the flag and the flag salute by those present, followed by "The Stars and Stripes Forever" and a number of other patriotic selections by the celebrated bandmaster, Sousa, who is now a visitor on the coast.

Mrs. R. E. Chandler a recent addition to the musical circles of Glendale, gave two piano numbers, her own arrangement of "Old Black Joe," and "Ghosts." Mr. Chandler sang "Mother in Ireland."

The speaker of the evening was introduced by Rev. Leo C. Kline, pastor of the church, who extended a cordial greeting to those present.

The singing of old songs, "America, the Beautiful," "The Long Long Trail" and "Carry Me Back to Ole Virginia" by all closed the program.

A short business session of the men's club was held, and the following officers were elected: Claude McLaughlin, president; D. C. Bear, first vice-president; J. F. McMasters, second vice-president; W. F. Shinner, third vice-president; C. J. Tuttle, fourth vice-president; A. P. Hagen, secretary; C. H. Muhleman, treasurer; Rev. H. G. Claycomb, chaplain.

## Flames Menace Home Of Chalmer D. Day

What might have been a disastrous fire at the home of Chalmer D. Day, 521 East Elk avenue, was prevented from becoming one by the quickness and coolness of Mrs. Day. The fire was started in a pile of papers on the screened back porch. Mrs. Day had thrown a match down after lighting the gas heater. A few minutes later, while inside the house, she heard a crackling, and opened the door to find one whole side of the porch a mass of flames. A stiff wind was fanning the blaze. Mrs. Day ran out and turned the

## BURGLAR IS JAILED

LOS ANGELES, Jan. 15.—Surprised by three Hollywood police officers while he was kneeling before the safe of the Central Hardware company in Hollywood early today, a man who said his name was James Purcell, engaged in a running gun battle with the officers and was finally captured after he had been seriously wounded.

United States produces less than 1,000 ounces of platinum a year.

## URGE MERGER OF SCHOOL BOARDS

### President P.-T. A. Advocates Abandonment of Dual Control Methods

(Continued from Page 1) ers' salary schedule. It would also merge the bonded debt of the smaller districts with that of Glendale, and the resulting total would be the bonded debt of the reorganized school district.

Location of Schools The plan suggests the location and the arrangement of schools under the proposed new system was outlined by Mrs. Moore. The plant at Verdugo road and East Broadway would remain the senior high school, caring for the students of the tenth, eleventh and twelfth grades, except those residing in the remote parts of the school district, who would attend

their own junior high schools through the tenth grade. Another junior high school should be located convenient to La Crescenta, Tujunga and Monte Vista, for the grades from the seventh to the tenth; and still another should be located at Glenwood road and Kentworth avenue, this school to enroll the same grades.

Two more junior high schools would be needed, it was stated, and the Glendale Avenue Intermediate school and the Wilson Avenue school are well located for this purpose, if the required additions and extensions to these plants could be assured. There are eight of the ten present elementary schools, Mrs. Moore stated, that would need to have additions if the plan suggested is adopted.

The directors of the Chamber of Commerce referred the matter to the educational committee, adding Mrs. Moore and H. B. Henry to the committee, and pledged his co-operation in bringing the matter before other civic organizations.

Ambition of Indian squaws of the Cree tribe is to possess a "tartan plaid," similar to our steamer rugs.

## To Tax Payers, Property Owners, Wage Earners

It is presumed that you are interested in seeing your city in a thoroughly sound financial condition and on a solid basis. A city without sufficient income FROM WITHIN ITSELF is as badly off as any business that is being run at a loss. It is up to you to prevent this. There is enough money, people and business sense here to do whatever we want to do to make the city grow by a simple matter of education. YOU as an interested citizen ought to take some interest in local business matters and needs and see to it that the merchant or manufacturer in need of capital for improvement or expansion GETS IT AND GETS IT HERE.

Right here at home we have a number of people who either bank or employ their funds elsewhere. This is not right. GLENDAL BANKS AND GLENDAL BUSINESS MEN need your funds for local purposes and with your co-operation can build and finance the city we are destined to be.

Local industries that are asking for money for investment purposes are asking for it for expansion purposes and your giving it to them will help to build them up and at the same time give you a high grade commercial investment with as good an earning capacity as you can get anywhere.

It is up to you to look into this situation and realize the necessity of your doing your share, however small, and after you have done this, remember that the business into which you have put your money still needs your thought and purchasing power, if you consume the goods it produces.

An excellent example of what we are talking about is COMALT and the "GREEN HILL" products from the factories of the COMALT CO., INC.

COMALT is a Chocolate Malted Milk that in a very short time has become a nationally known article, the only one of its kind, FOOD and DRINK combined; pure, wholesome, economical and profitable both to manufacturer and retailer.

GREEN HILL BEVERAGES are well known and liked and increasing enormously in output.

Money is needed by the COMALT CO., not to find a market with, but to handle the one already created, add new machinery, extend facilities generally.

The Company is offering direct a small amount of its capital stock at \$10.00 a share, par value; a good, conservative investment in an existing, growing concern that is right now shipping its products all over the UNITED STATES.

Buy as much of this stock as you can afford. There is no speculative element; it is just safe, clean business.

The factory is here and you are welcome to see it at any time.

Send your check today or phone or write us if you want any further information.

## THE COMALT COMPANY, Inc.

(Successors to the S. W. Brown Co., Inc.) 463 Los Feliz Road, Glendale, California

# MONTH'S BUILDING PERMITS \$428,063

## Monday's Total of \$32,000 Sends January Figures Near Half Million Mark

Thirteen permits for a total value of \$32,800 issued yesterday at the office of H. C. Vandewater, municipal building superintendent, brought the amount for 1924 to \$428,063.

With but today left in the first half of the month, permits will have to be brisk to reach the half million dollar mark. In January, 1923, permits issued went over the \$1,000,000 total.

The following permits were issued:	
R. W. Hulet, 6 rooms and garage, 1324 Roberts	6,500
George D. M. Dill, 6 rooms and garage, 455 East Stanley	6,000
George A. Hunt, 6 rooms and garage, 521 Glenwood	5,000
Louis Grattas, 6 rooms and garage, 612 West Colorado	4,000
M. G. Worthman, 5 rooms and garage, 613 West Dryden	3,500
J. E. Peters, 5 rooms and garage, 1359 Alameda	3,000
J. E. Peters, 4 rooms and garage, 1373 Alameda	2,000
Mrs. Pauline Meyers, 3 rooms, 1441 Comitas	1,200
Mrs. Porthick, alterations, 165 East Colorado	600
Snider Proken, alterations, 133 North Brand	500
Emile Ralmelle, addition, 621 West Elk	300
National Ice Company, foundation 438 Fernando Court	100
Jac Garcia, foundation, 485 Fernando Court	100

# Denies Report That Taxes Are Suspended

Collector of Internal Revenue, Rex B. Goodcell, said today that many persons who are paying tax on the sale of jewelry, fountain pens, gold and silver pencils and other articles made of, ornamented, mounted or fitted with precious metals or imitations, or precious or semi-precious stones or imitations, seem to have the erroneous impression that the tax on these articles had been removed.

"Many business men have called at my sales tax division in the past few days to pay tax for December, 1923," said Collector Goodcell, "and have remarked that that would be their last payment. Investigation disclosed that they had gained the false impression from newspaper discussion of proposed revenue legislation that the jewelry tax was repealed January 1, 1924.

"I cannot emphasize too strongly," continued Collector Goodcell, "that no tax of any kind imposed by the revenue act of 1921 has been repealed or changed in any manner whatever. Any person who has been paying these taxes must continue to do so if he intends to conduct a taxable business, until some change is made in the law by Congress, which removes or changes his liability. If he does not pay each month as the law provides he will be subject to penalties of 25 per cent and 5 per cent of the delinquent tax, and a specific penalty of \$1000."

To supply one modern hotel with mattresses, 25,000 pounds of horse hair was needed.

# Advocates Employment of C. of C. Executive To Aid Industrial Development

The development of Glendale's industrial life was discussed by the directors of the Glendale Chamber of Commerce at their weekly meeting last night when Julius Kranz, reporting for the industrial committee, gave details of interviews that he had had with the representatives of several concerns that have been seeking to locate their plants in Glendale. Mr. Kranz advocated the employment of an executive secretary by the Chamber of Commerce who would have entire charge of this branch of the organization's work and who would devote his attention entirely to the important task of bringing to Glendale firms that can establish themselves on a sound basis and who can properly finance their own operations.

A resolution that was passed by the board expressed the sincere appreciation of the Chamber of Commerce for the work done in the sewer bond campaign by the various civic organizations and service clubs, and by The Glendale Evening News, and special reference was made in the discussion that marked the passage of the resolution to the efforts made by L. H. Myers, chairman of the parade committee, to make the monster parade celebrating Glendale's reaching the \$10,000,000 building permit mark the success it was. On a suggestion from Mr. Myers the bands that gave their services to making the parade such a success were also included in the resolution.

It was decided to employ a collector, on a commission basis, to collect the delinquent dues owing to the Chamber of Commerce by some of its members, the amount now overdue being close to \$1500.

Twining Resigns  
W. L. Twining, who has been chairman of the advertising committee, notified the board that he is compelled, by the state of his health, to resign his work in this field. President W. E. Hewitt expressed his own regret and that of the directors at Mr. Twining's action and commended him for the constructive work he has accomplished during the time he has headed this important committee.

John R. Case, Jr., 117 East Fairview street, who has been associated with the advertising committee as technical adviser, urged the directors to place the advertising of the organization on a regular basis that would include the raising of a fund to carry on the work throughout the year. Thousands of people from all over the country are coming to Los Angeles every year, Mr. Case declared, and from that point they are radiating to other communities in the Southland, and a consistent campaign, carried on throughout the year, would bring many of them to Glendale.

It was decided to present L. W. Chobe with a check for \$500 in appreciation of his work in designing the float that won first prize at the Tournament of Roses.

Fire Shovel Bill  
The bill presented by the La Crescenta Improvement association for shovels used in fighting the fire that swept the San Rafael hills a few months ago, came up for consideration, and City Manager W. H. Reeves, to whom the bill had been presented, stated that he believed the City Council would pay the amount of it, \$105, if the shovels in question were turned over to them. The bill will be taken up with the County Supervisors.

Eleven new members were admitted to the Chamber of Commerce last night, and the report of Clay Goodson, assistant secretary, showed that \$331.25 had been collected in dues during the past week.

The Chamber of Commerce endorsed the plans of the postoffice employees to secure higher salaries through a bill that is now before congress, and a communication to this effect will be addressed to the California delegation at Washington.

The next meeting of the board will be held on next Monday night, January 21, as the annual banquet of the organization falls on Tuesday night. President Hewitt urged that a full attendance of the members turn out for the banquet, which is to have a program of exceptional merit and variety.

Special Stunts for Realty Men  
Banquet Program Remains Dark Mystery; Barbour To Make Address

All the high lights that will go to furnish the amusement for the two hundred guests at the annual banquet of the Glendale Realty Board, to be held tonight at the Tuesday Afternoon club, are being carefully kept under cover by S. S. Gilhuly, chairman of the social committee in charge of the preparations. The program, Mr. Gilhuly declares, will be replete with special stunts that will make a permanent etch on the minds of those that will be fully up to the standards set by the members of the Realty Board in all of their entertainments.

Mr. Gilhuly will be assisted in receiving the guests by Dr. Jessie A. Russell, Elsa Jane and Alfred Johnson.

Barbour Will Speak  
Among the speakers who will grace the speakers' table will be Henry P. Barbour of Long Beach, president of the California Real Estate Association; William E. Herren, field secretary of the National Association of Real Estate Boards; Glenn D. Willaman, secretary of the state association; and John Steven McGroarty, the sage and poet of the Green Verdugo Hills.

During the dinner a number of musical selections will be rendered by artists who have been specially secured for the occasion, and then will come the program of stunts that are expected to provide the real meat of the evening.

The banquet will start promptly at 6:30 o'clock, and the tables will be arranged in such a manner as to permit all those present to see and hear the various speakers without having to turn around.

To reach Jupiter, the largest of the sun's family of worlds, it would take 485 years speeding continuously at 100 miles an hour.

# TUJUNGA VALLEY TO VOTE ON FIRE DISTRICT

## Supervisors Call Election for January 30 at Office of James Blaine

An election for the purpose of voting on forming a fire protection district for Tujunga has been called by the county supervisors for Wednesday, January 30. The polling place will be at the office of James Blaine, deputy fire warden of the district, on Sunset boulevard next to the Tujunga Valley bank. Election officers appointed are S. D. Percy, inspector; Bruce Anawalt, judge; Miss Mary L. Lewis, clerk.

County Forester Flintham has been invited to be present at a mass meeting at Legion hall, Tujunga, on Friday, January 18, and give the voters of the Tujunga district detailed information on the formation and organization of a county fire protection district. A letter was read at the Chamber of Commerce meeting, sent by the county forester in answer to numerous questions submitted by the investigation committee, but the attendance was so small that the mass meeting was decided on as a better means of informing the voters.

Volunteer for Brigade  
A temporary volunteer fire brigade has been organized with Harry Zachau as chief to serve until such a time as the fire protection district is formed or other suitable protection secured. A report made by the Chamber of Commerce committee in regard to the subject follows:

Your committee held its first meeting on Friday evening, January 4, with the following results: The chairman of the committee presided and opened the deliberations of the evening by stating the purpose of the appointment of the committee and requested the members to make known their ideas on the subject.

The discussion brought forth the needs of the community as being, first, the securing and installation of a suitable fire signal; second, the appointment of a chief, or head, to take charge of the handling of the fire fighting, and to take such steps as are possible in the prevention of fires, and the elimination of fire menaces; third, the additions to volunteer equipment which would better serve the aims of a fire fighting crew; fourth, the necessity of co-operation of all persons, firms and organizations toward the control and prevention of fires; fifth, the assistance of the press in always keeping before the public, both resident and transient, the existing fire menace and the means of its prevention.

Outline of Needs  
The needs outlined above were handled in the following manner: First—The immediate launching of a campaign to collect public subscriptions to purchase a siren, with a range of five miles, electrically controlled and operated, centrally installed, with a set of simple signals which would indicate in which section of the town the fire might be. That the papers, the Chamber of Commerce officers, be authorized to accept subscriptions to the siren fund and that the treasurer of the Chamber of Commerce receive an account for the funds and their expenditure and that the board of directors authorize the expenditure when a suitable siren is agreed upon.

Second—That Harry Zachau be appointed temporary fire chief to lead the actual fire fighting and supervise the preventative needs and their fulfillment, with authority to appoint such assistants as he deems advisable.

Third—That volunteer fire fighters carry axes and in addition to shovels, sacks and canteens filled with water, extinguishers and other paraphernalia used in the past.

Fourth—That these findings be published for the consideration of persons, firms and organizations, so that they will be acquainted with the request that they co-operate to the fullest extent in furthering the said aims and intentions.

Fifth—That the papers set up a standing writing in the form of a slogan, such as "Be ever wakeful and let the fire genie sleep, or some similar line that will keep the people watchful and careful of starting any fires, any time, without taking every precaution to immediately quench the flames at the slightest sign of danger. That the papers urge residents to maintain some sort of chemical extinguisher in and around their homes and business places and that each member of firm or family be thoroughly instructed in their use and that they be advised frequently of their duty in respect to fires.

Respectfully submitted, "HARRY ZACHAU," Chairman.

Other Discussion  
The fire protection question was discussed at length at the meeting of the Tujunga Valley Realty board. M. V. Hartranft made the suggestion that several fire carts or trailers stationed at different points might be of service in connection with the volunteer service.

Torrens titles were also discussed with a view to establishing this form locally. A committee was appointed, consisting of M. V. Hartranft, A. D. Kirschman, Leo Smith, C. C. Buck and C. C. Sweet, to put the details of the system before buyers.

A letter was read from Mr. Waliber of the Southern California Edison company, stating that the estimated cost of lighting the cross of San Ysidro on Mt. McGroarty would be \$200. This was in answer to an inquiry on behalf of the recent campaign undertaken to form a club for the

# HI-Y CLUB EATS AND SEES STUNTS

## Boxing Vies With Missionary Talk on India, Music and Monologues

Talent and lots of it was found at the "Discovery Banquet" held last night by the Glendale Hi-Y club. A stunt of some kind was presented by each of the different groups and the many acts provided plenty of enjoyment.

Miss Bergebit was the main speaker of the evening. Her talk dealt mostly with the life in India, and as she had been a missionary there for six years, she was well qualified to talk on that subject. She pointed out the conditions in the land of the Hindoo and Mohammedan religion. She brought along a specimen of the Indian woman's street garb, the long white "veil" that covers the entire body.

Food and Music  
The food department was under the supervision of the group led by Coach Wolfe. The Hi-Y orchestra, composed of Mr. Lloyd, piano; Clifford Walcott, banjo; Arthur Cressy, drums; Harold Jones and Wallace Haines, saxophones; and Ivan Dow, cornet, gave several selections during the course of the meal.

Theodore Haig, president of the local organization, acted as toastmaster for the evening. The first stunt put on was by Mr. Murphy's group and consisted of a two-round boxing match between "Bottling Boy" Eastman and "Seahorse" Chick Thompson. Owing to the number of blows exchanged by each, the bout was rather exciting, with the ref's decision a draw. He would probably have tendered the award to "Seahorse" but the latter accidentally smote the official on the jaw during the process of a clinch, which cooked the goose for both of them.

More music was distributed when a quartet composed of Harold Jones, Harold Heacock, Leslie Hatch and Everett Anderson sang several selections. Following this, Fred Fallis and Fred McCormick, representing Mr. Boyd's gang, got up on the platform and exchanged wise cracks and otherwise. A few new jokes were introduced.

Talks and Chalk Talks  
"Tony" Brewster, instructor of dramatics at Glendale Union High school, was the shining light from Mr. Wolfe's gathering and he gave a general talk on "The Menace of Pedestrians." He stated that no sooner did an autoist smash one of the walking class than another filled his place.

The exhibition which displayed the most talent was the stunt put on by Richard Rickenbacher, who represented Mr. Butterfield's group. He hauled a blackboard on the stage and drew several chalk cartoons, all of which were very good, considering the subjects.

Howard Retburg, from Mr. Rolfe's group, sang a solo entitled "Mother Machree" and demonstrated a long-range voice by being unable to hit either the very high or low notes in the piece. Dr. Hoore spoke for his bunch and amused his hearers by telling several funny stories.

Initiate New Members  
The last event of the evening was the special induction ceremony for the initiation of new members. This ceremony is a recognized Hi-Y affair, but last night was the first time that it had been used in the Glendale division. Seven members of the council officiated. The candidates were led in blindfolded, and each one of the seven officials gave them some topic vital to Hi-Y.

Clean speech, clean living, clean athletics, and clean scholarship were the points emphasized. Those conducting the ceremony were: Theodore Haig, president; Leslie Hatch, vice president; Lyle McAllister, secretary; Harold Heacock, acting treasurer; Laufman Jeter, first councilman; Neale Sooy, second councilman, and Robert Hatch, conductor.

Those initiated in were David Ward, Robert Lee, Fred Fallis, Bill Breneman, Vaughn Welan, David Boone and Randall Bacon.

# L. W. Chobe For City Manager, Is Proposed

That a prophet is not without honor in his own town stands forth in the suggestion made by B. M. Johnson, in a communication to The Glendale Evening News, that L. W. Chobe be made city manager of Glendale, in recognition of the immense value of his services in designing for five successive years floats that have won for this city first prize at the annual Pasadena Tournament of Roses.

Mr. Johnson's letter follows: "Editor News: What more appropriate way could we show our appreciation to L. W. Chobe than by making him city manager of Glendale? He has done more to put Glendale before the people than any one other man. Let's have a real Glendalian as the manager of our fair city!" "B. M. JOHNSON."

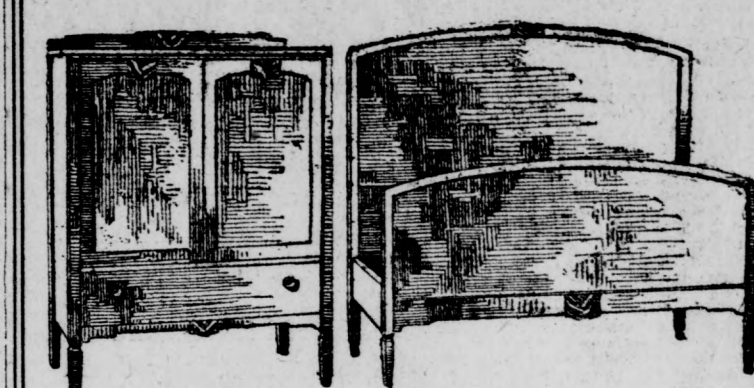

# CAVANAH SINGS

The Glendale Choral club was delighted at the rehearsal last night by a group of vocal solos by Howard E. Cavanaugh. Mr. Cavanaugh sang during intermission "Soft Southern Breeze" from Barry's "Rebecca," and "My Soul Is Afloat" for God" from "The Holy City." He was accompanied by Mrs. Gertrude C. Erb.

The purpose of maintaining lights on the cross at night, so that it would be visible twenty-four hours of the day.

CITY PRINTING

ORDINANCE NO. 901

AN ORDINANCE PROHIBITING THE USE OF CERTAIN AUTOMATIC VENDING MACHINES IN THE CITY OF GLENDALE AND REPEALING ORDINANCE NO. 878 PASSED BY THE COUNCIL OF THE CITY OF GLENDALE ON THE 22ND DAY OF NOVEMBER, 1923 AND ENTITLED "AN ORDINANCE LICENSING AND REGULATING AUTOMATIC VENDING MACHINES IN THE CITY OF GLENDALE AND PLACING THE SAME UNDER THE SUPERVISION OF THE CHIEF OF POLICE OF THE CITY OF GLENDALE."

WHEREAS, it has come to the attention of the Council of the City of Glendale that the operation of automatic vending machines in said City, where the merchandise sold is at a sum greater than one (1) cent, and premium checks or prizes are offered or received in addition to the regular merchandise vendible, has tended to foster a disturbing and disorderly element within said City and to encourage the spirit of gambling; and

WHEREAS, it has also come to the attention of said City Council that the said automatic vending machines are being operated by persons and especially school children, and because of their location in places of business it has proven impossible to regulate their operation; and

WHEREAS, said vending machines are not being used to vend merchandise but are being used for gambling purposes; and

WHEREAS, the preservation of the public peace and welfare demands that such automatic vending machines be prohibited in the said City of Glendale;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1: It shall be unlawful for any person, firm or corporation, either as owner, principal, agent, clerk, servant or employee, either for himself or for any other person, to own, operate, maintain, vend, or allow to be operated, any automatic vending machine where the merchandise to be sold thereby is at a sum greater than one (1) cent, and where prizes or premiums are offered or received in addition to the regular merchandise vendible.

SECTION 2: That Ordinance No. 878, passed by the Council of the City of Glendale on the 22nd day of November, 1923, and entitled "An Ordinance licensing and regulating automatic vending machines in the City of Glendale and placing the same under the supervision of the Chief of Police of the City of Glendale," be and the same is hereby repealed.

SECTION 3: Any person violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof shall be punished by a fine of not less than \$25.00 nor more than \$100.00, or by imprisonment in the City Jail or in the County Jail of Los Angeles, for a period of not more than 60 days, or by both such fine and imprisonment.

SECTION 4: This Ordinance is necessary for the emergency measure for the immediate preservation of the public peace and safety for the reason that the operation of automatic vending machines, where the merchandise sold thereby is for more than one (1) cent and where additional premiums or prizes are offered or received, has tended to foster a disturbing and disorderly element within the City of Glendale and to encourage the spirit of gambling and because of their location in places of business it has proven impossible to regulate their operation to the public peace and safety. This Ordinance shall take effect immediately upon its passage.

SECTION 5: The City Clerk shall certify to the passage of this Ordinance and its approval by the Mayor, and shall cause the same to be published once in the Glendale Evening News, the official newspaper of said City.

Passed by the Council of the City of Glendale as amended by the Mayor this 10th day of January, 1924. SPENCER ROBINSON, Mayor of the City of Glendale.

ATTEST: A. J. VAN WIE, City Clerk of the City of Glendale.

CITY OF CALIFORNIA, COUNTY OF LOS ANGELES, ss. CITY OF GLENDALE.

I, A. J. Van Wie, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was passed and approved by the Council of the City of Glendale at its regular meeting held on the 10th day of January, 1924, and was passed by the following vote, to-wit:

Ayes: Hall, Horn, Kimlin, Robison, Davis, Robinson. Absent: None. A. J. VAN WIE, City Clerk of the City of Glendale, Jan. 15, 1924.

ORDINANCE NO. 902

AN ORDINANCE AMENDING ORDINANCE NO. 529 OF THE CITY OF GLENDALE, PASSED JANUARY 12, 1922, AND ENTITLED "AN ORDINANCE OF THE CITY OF GLENDALE, CALIFORNIA, ESTABLISHING A RESIDENTIAL DISTRICT, AN INDUSTRIAL DISTRICT, AND A COMMERCIAL DISTRICT IN SAID CITY, REGULATING AND RESTRICTING THE LOCATION AND LOCATIONS OF AND THE MAINTENANCE AND CARRYING ON OF INDUSTRIES, TRADES AND BUSINESSES IN SAID CITY, PROVIDING FOR A RESIDENTIAL, INDUSTRIAL AND COMMERCIAL MAP OF SAID CITY, PRESCRIBING THE PENALTY FOR THE VIOLATION HEREOF, AND REPEALING CERTAIN ORDINANCES." BY ADDING THERETO A NEW SECTION TO BE NUMBERED SECTION 404 AS FOLLOWS:

SECTION 404: A Commercial District to be designated as Commercial District No. 10, hereby created and established, which shall include all that part of the City of Glendale described as follows:

All of Lots 1, 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23 and 25, Block 84, of the Town of Glendale, as per map recorded in Book 21, Pages 89 and 90, of Miscellaneous Records of Los Angeles County, California.

Said Commercial District is hereby excluded from the Residential District and shall be subject to the same regulations and provisions in all respects as are set forth in this Ordinance No. 529 for Commercial Districts.

SECTION 2: The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the Glendale Evening News, the official newspaper of said City, and it shall take effect and be in force on the thirtieth day after its passage by the Council of the City of Glendale on this 10th day of January, 1924.

SPENCER ROBINSON, Mayor of the City of Glendale.

ATTEST: A. J. VAN WIE, City Clerk of the City of Glendale.

CITY OF CALIFORNIA, COUNTY OF LOS ANGELES, ss. CITY OF GLENDALE.

I, A. J. Van Wie, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was passed by the Council of the City of Glendale at its regular meeting held on the 10th day of January, 1924, by the following vote:

Ayes: Hall, Horn, Davis, Kimlin, Robinson. Absent: None. A. J. VAN WIE, City Clerk of the City of Glendale, Jan. 15, 1924.

OXY GRID STARS RECEIVE LETTERS. Varsity and Frosh Players Awarded Honors For Season's Showing. The members of the Occidental college varsity and frosh football teams were presented with awards during the student body meeting last Friday. Seventeen grid players received the block "O" and eight of these were awarded regulation black V-neck sweaters. The other nine, having won sweaters last season, were awarded orange bands to designate the number of years on the varsity. The varsity men who made their letters in football are: Captain John Spangler, Captain-elect Dave Ridderhoff, Clarence Ebers, Cliff Argue, Gordon Shoaf, Ted Westgate, Art Gary, Mc Donald, Elmer Snoddy, Roy Wheeler, Bullet Hazelton, Fochie Smith, Chubb Creighton, Pierre Prialux, Pursel, Jock Stevens and Bob Davidson. Those who failed to play enough quarters to win letters were given their respective class numerals. These men are Johnson, Tanaka, Tanner, Hobyar, Lindquist, Lindley, Westlund and Davis.

FIGHT RESULTS. At Brooklyn—Kid Williams, Baltimore, won decision over Charlie Goodman, Brooklyn, twelve rounds. At New York—Lew Hurley, New York, won decision over Willie Darcy, New York, six rounds. At Pittsburg—Johnny Ray, Pittsburg, got decision over Ray Pryel, of Homestead; Patsy Young of Pittsburg, won on a foul from Al Corbett of Cleveland. At Harrisburg—Cuddy De Marco of Pittsburg, beat Kid Wagner of Philadelphia, sixth round. At Columbus—Kid Wolfe of Cleveland, bantam, won over Young Montreal, Providence, in a twelve-round decision bout. At Cincinnati—Jack Malone, St. Paul, scored a technical knockout over Speedy Sparks, Cincinnati, sixth round, when Sparks' seconds threw in the sponge. At Detroit—Bob Sage, Detroit, beat Anthony Downey, Cincinnati; Johnny Horvath, Mansfield, O., won from Phil McGraw, Detroit. At Memphis—Battling Siki of Paris, won from Young Norfolk, New Orleans heavyweight, in eight rounds.

Even Break For CASABA TOSSERS. Occidental and Whittier in Two Fast Contests at Franklyn Gym. Occidental college broke even in the double-header basketball game with Whittier college five. The Tiger freshmen melon tossers played stellar basketball and defeated the Quaker yearlings 9 to 16 after a grueling battle staged in the Franklin High gym Saturday evening. The Poet varsity met the Oxy cage men in the opening conference game and, true to prediction, emerged victoriously by the count of 22 to 8 in a speedy game featured with some flashy team work by both sides. The freshmen game proved to be the main event of the evening. Both squads were well organized and evenly matched. Oxy would have been hopelessly out of luck if it had not been for a demon biscuit shooter named Solley Mishkin, who took it upon himself to make four accurate shots from mid-field, all of which registered, and then added two points on shooting fouls. Gregory started the guard for Oxy, played a good game, scoring two baskets and breaking up many a Quaker attempt. Neil Archer, captain of the Tiger babes and star forward, had an off night and failed to ring a single basket. Marshall, Denney and Gyranoe were the Poet frosh heroes. At the half the Tigers led 8 to 5.

Baby Dynamiters and Franklin Mix Today. Just how much the 130 pound basketball team of Glendale Union High school has improved since its meeting with the Franklin midjets last Friday will be shown this afternoon when the baby Dynamiters mix it with the Burbank heavies. In a previous battle the locals overwhelmed the same opponents, but that doesn't say much for the Red and Black squad. Unless their shooting has improved considerably there is liable to be a noticeable drop in pennant stock. Coach Butterfield has been drilling the Class B men pretty hard along that line, and it is hoped that the practice may show some drastic results.

Macdonald Smith Has Lead of Four Strokes. LOS ANGELES, Jan. 15.—With Macdonald Smith, San Francisco's brilliant golfer, holding a four-stroke lead over the field, the second 18 holes of the 72 hole tournament being staged at the Los Angeles county club to decide the California open championship for 1924 were played today. A small-sized gale was still sweeping the course this morning when the first of the second round contestants started. The scoring was expected to be exceptionally difficult. Whittier came back strong in the second period and added fifteen points to Oxy's two, winning by the final score of 22 to 8. The Tigers began to slip through the Tiger guards, and found holes. They all shot baskets until Coach Nichols was dizzy. Captain Eckles scored five field goals and two fouls. Williams made three while Ranzona and Reece each made one. Wagner, Johnson and Poeden were responsible for the Oxy scoring. The Whittier team was not so much better than the Tigers as the score might indicate. The Quakers had team work and experience that was at times lacking on the Oxy team. The Tigers could gain possession of the ball but did not know what to do with it, and so relied on Wagner to do all the shooting. The other men were inexperienced, most of them having never played before.

HEADS SAILORS' LEAGUE. MILAN, Jan. 15.—Gabrielle D'Annunzio has accepted leadership of the federation of sailors, despite his former refusal to do so, it was reported yesterday. will back a "baby" league as a farm for young players seemed doubtful today. The San Joaquin valley backers of the league there have advanced such an idea, and Frank Kerwin of Los Angeles and Josh Clark of Long Beach are here to talk the directors into sponsoring such a league in southern California with teams in Long Beach, Glendale, Santa Ana, San Diego, Santa Monica and possibly Catalina island, or other towns in the southern part of the state. Probably this matter will go over another year.

THEATRES. THE GLENDALE. "The Eleventh Hour," massive William Fox melodrama, featuring Buck Jones and Shirley Mason, shows at the Glendale theatre for the last time today, where, with its pirates, torpedoes, submarines, plans and speedboats it has earned for itself the reputation of one of the most successful films of the new season. Described as an American pirate story, the master creation of Lincoln J. Carter, "king of melodrama," the picture is packed with a thousand thrills. Manager William A. Howe declares it is the fastest one hour and thirty minutes he ever spent in the projection room. Starting Wednesday, Mildred Davis, who in real life is Mrs. Harold Lloyd, will be seen for two days in "Temporary Marriage," directed by Lambert Hillier, said to be a most engaging story and beautifully told.

THE GLENDALE THE GATEWAY. "Lights Out" shows at the Gateway theatre for the last times today, when many who love a strong melodrama with a novel twist, well supplied with clever comedy, will avail themselves of the opportunity to see it. Made from the smashing Broadway stage-hit of Paul Dickey and Mann Page, it combines many unique film elements and provides an altogether novel form of entertainment. Following this picture, "Up in the Air About Mary" will show at the Gateway theatre on Wednesday, a breezy feature length bathing girl comedy. Then, starting Thursday and continuing Friday and Saturday, the big Paramount feature, "West of the Water Tower," will come to this playhouse. A picture made from one of the most popular novels of the year, with a cast including May McAvoy and Glenn Hunter.

Ascot SPEEDWAY. LOS ANGELES. EVERY SUNDAY, 2:30 P. M. DE PALMA AND 50 SUPER DAREDEVILS. Gen. Adm. \$1; Stand "A" \$1 extra; Stand "B" 50c extra; Box Seats \$2.50, none higher. Children 50c. Free Parking for 15,000 cars. HOW TO GET THERE: By Auto, San Fernando Road to N. Broadway—follow arrows. By Pac. Elec.: Transfer Sixth St. Station to Pasadena line (6c fare) direct to gates.

HERE FROM NEW YORK. F. L. Wickham, with his wife and three children, arrived here last week from New York City, where he had been engaged in the automobile business. He had selected Glendale as his future home before leaving the eastern metropolis, and since coming here has been busily engaged looking for an opening in some branch of automobile business in this city. He and his family are living at 563 East Acacia street. News Want Ads bring results.

WOMEN That's All. Farmers Need Financing. All Need Practice Thrift. How Far Does Dollar Go? Service Men Are Creditors. By Gil A. Cowan. It is pleasant to be in the vanguard of thought, to get out into the world and see its problems and analyze them, for in that way it is possible to do material good. In November and December the writer of this column enjoyed ruminating in the Imperial and San Joaquin valleys, in reporting to you their economic conditions, as well as preparing a special article for the January issue of California Real Estate on the San Joaquin valley. Now it appears that Banker Charles F. Stern made an electrifying speech at the annual banquet of the Los Angeles Realty Board. He thought he gave out, according to an editorial in today's Los Angeles Examiner, was "Everyone in Los Angeles wants to flourish, and so should take a sympathetic interest in the problems of our agricultural background. We must help our neighbors to finance and market their crops at a profit. The southern half of the San Joaquin valley and the entire Imperial valley look to Los Angeles as their ally. "The city, in itself, not a thing apart and self-sustaining," continues this comment. "Farmers must prosper without similar prosperity in their nearby cities, but the cities cannot prosper unless both city and country prosper." Los Angeles must develop its water resources, its harbor facilities and industrial opportunities, and, at the same time, lend a generous hand to the operating, financing and marketing of its agricultural neighbors and allies."

RETURN TO GLENDALE. Rev. and Mrs. George L. Durr, who came here from the east last year, bought a home at 437 West Garfield, and shortly afterward left for Detroit, have now returned to Glendale with the intention of making it their home permanently. and, in instances, coerced purchase of liberty bonds from meager monthly pay. All this without thinking of difference between civilian and service pay, the element of chance in the war game and altered lives, which have made laborers out of clerks, etc. But, in view of Big Business' opposition to the bonus, we presume that not only our patriotism is discarded—but we were "only a volunteer"—but we may as well kiss our \$450 cash loss "goodbye forever," and forget the \$200 of which we were divested in insurance premiums shouldered on the soldiers and sailors by the War Risk Bureau, and recollect how we had to cash on "Liberty bonds" below par to buy beans after we were discharged from the army! Our own case is only typical, we believe. If it is not a just claim, we would like to hear otherwise from some critical economist.

OWN your own home is a good slogan, if enough emphasis is placed on the first word. OWN your own car is a good idea, and no time should be lost in paying the price thereof. Start a bank account—and KEEP it growing—is another good plan for THRIFT WEEK. The purchase of first mortgages and bonds, the investment in solid building loan concerns, the wise buying of real estate—all are commendable forms of thrift for the salaried man and woman. The writer started Thrift Week with a dollar bill. At this writing, after forty-eight hours, we have 15 cents left. It is an interesting experiment to see how much pleasure can be derived from 100 cents. Try it. If this government and its officials got 100 cents on the dollar, like some business firms succeed in doing, we would not feel pained when filling out our income tax report, particularly when we consider the chances adjusted compensation has NOT got in Congress this session. As a former service man we are particularly interested in the Bureau bill introduced yesterday providing adjusted compensation. Taking our own case, as an example, the figures are rather interesting. Our net financial loss, not considering the difference in pay, for thirteen months' service was in the neighborhood of \$450. Under the terms of the Bureau bill we would get less than \$400 cash or \$1500 in paid-up insurance. Not so bad, but— Considering the fact that we paid approximately \$200 from our \$38 monthly infantry sergeant's pay rating for insurance during the years of 1917, 1918 and 1919, and proceeded to forget same, we figure the government could well afford to reimburse us on the basis of this sum being compounded semi-annually at 6 per cent. That now amounts to nearly \$300, the way we figure it out. If it takes four years more to pay out the bonus, as Bureau advocates, it would be much more than \$400. In urging adjusted compensation we cannot conceive of any restorer asking pay of his patriot. If the critics of the bonus would stop to investigate they would find that the soldiers and sailors were forced to "hold the sack" in the matter of war risk insurance, enforced allotments

SUNDAY SCHOOL SHOWS INCREASE. David Black to Superintendent Community Organization at Grand View. David Black of the Glendale Board of Education has been chosen superintendent of the new Community Sunday School which is in session every Sunday in the Grand View School house. This Sunday school has just recently been organized under the auspices of the Presbyterian church by Rev. C. R. McMillin of the Presbyterian church extension board. The attendance is rapidly increasing, there being a total attendance on the first Sunday of 150 and last Sunday 195 were enrolled. The Community Sunday School, which is non-sectarian, has a number of interested Sunday school teachers and religious head from various Glendale churches of different denominations who are very generous in devoting their time and energy toward the upbuilding of this Sunday school. The district in which this Community Sunday school is located is quite a distance from the other Glendale churches and therefore much needed. Last Sunday, Dr. Wadsworth, superintendent of the Presbyterian Church Extension Board of Southern California, was present and gave a short talk, expressing his best wishes for the continued growth and success of this church school. The musical program included vocal number by Mrs. Morgan, who sang "Jesus Knows" and Harold Stancliff gave a violin selection. Plans are now under way for the organization of a young people's orchestra.

LA CRESCENTA CROWS ON HAND FOR BARN DANCE

Decorations Lend Right Note To Country Atmosphere In Auditorium

The barn dance given under the management of Mrs. Rose Nettleton and her assistant, was a marvelous success. Seldom has a more congenial group of people as large as one, gathered together under the roof tree of the school auditorium. To carry out the appearance of a real barn, saddles and other hostlers' appurtenances decorated the stage and window casings, while the center of attraction was the festoon of saddles suspended from the beams over the auditorium body.

Doughnuts, all guaranteed to be home-made, were the main attraction on the refreshment tables, though the delicious home-made cakes ran a close second. Coffee and punch were plentiful. Several of the numerous cakes donated by the different club women, were raffled off, the lucky G. Durant and J. Holquist. The beautiful bead bag made and donated by Mrs. C. Minford, of Verdugo Knobs, was won by ticket number eight, and the owner of the ticket not being present to claim the prize, Mrs. C. Haskins took charge of it for the time being.

The music, which was new up here, created a good deal of favorable comment, so much so the Improvement Association will probably have them at their next affair. Those assisting Mrs. Nettleton were: At the punch table, Mrs. G. Aiken and Mrs. Tom Bonetto; coffee, cakes and doughnuts, Messdames E. Armstrong, J. Conlin, A. M. and T. S. Brown, F. Anderson, D. Bastable, N. Collins and T. A. Bennett.

Riding habits and gingham aprons were the predominating costumes worn. Baby Recovering The ten months' old baby of Mrs. Sheldon of Los Angeles avenue, is recovering rapidly from her recent illness.

The members of the Woman's Guild of "St. Luke of the Mountians" will meet on Thursday of this week, at Cuddle Down, the home of Mr. and Mrs. Seymour Thomas, on Rosemont avenue. The officers and members will meet to discuss many important affairs of the church, the question of building, will no doubt come up for hearing. The hour for meeting is to be at 3 p. m.

Davenports in Baker Cut Velour as low as \$75 Chair to match \$40 Davenports in Mohair, ranging in price from \$135 TO \$225 Chairs to match from \$70 TO \$150 Most of the value in Good Furniture is the way it is made, and we cordially invite you to visit our display room and factory to see for yourself. Open Monday, Wednesday, Friday and Saturday evenings. De Luxe Upholstering Co. Manufacturers of Overstuffed Furniture Exclusively Office and Display, 2773 Broadway, Eagle Rock. Right near the Glendale line. Factory, 5308 Elverano

**COMPANY MAKES  
AID TO HUMANITY**

**Dr. Donald Baxter at Head  
of Concern Sending Out  
Nitrous-Oxide Gas**

That tribute to supremacy, "the beaten path," the world will make to the door of one who has learned to do something better than it has been done before, is now, after two years' operation, the attribute of one of Glendale's most unusual manufacturing institutions, the Certified Laboratory Products Company, 1503 Gardena.

The principal product of the company is nitrous-oxide gas, used by surgeons and dentists as an anesthetic. One indication of its success is the fact that all the great hospitals of San Francisco, including the Leland Stanford hospital, the Children's Hospital, the Shriners' hospital and the University of California hospital, are using gas manufactured by this plant in Glendale, and paying twice as much for it as they would have to pay for a similar product made by one of the four San Francisco companies engaged in the same business.

**Local Man Founder**  
Dr. Donald Baxter, 910 North Brand boulevard, was the founder of the company. For years Dr. Baxter was engaged in scientific and chemical research work, holding several important positions in the Rockefeller Foundation. After he came here and started the practice of his profession he determined to experiment with various chemical processes in order to find a method by which the quality of nitrous-oxide gas could be improved. Until that time chemically pure nitrous-oxide had never been produced, according to Dr. Baxter. It was only after he had perfected the necessary processes that the idea of manufacturing the product commercially was evolved.

At that time surgeons were paying \$1 for fifty-pound cylinders of the gas. Dr. Baxter's company put the same product, of a far superior quality, on the market at \$55. That price has been maintained during two years of operation, and, although the San Francisco competitors have dropped their price to \$27.50, the quality of the Glendale gas has kept it in the lead.

**From Nitrate Salts**  
Nitrous-oxide gas is manufactured from raw nitrate salts shipped from Norway or Germany. After the salts are purified they are converted into gas under a heat of 450 degrees, and after the gas has been washed and all impurities removed it is compressed.

(Continued on Page 4)

**Plans Being Completed For  
Transfer of Pupils Into  
High School's New Plant**

By AL DIX  
Of The Evening News Staff.

With the first semester of the current school year fast drawing to a close, plans are being completed for the transfer of the personnel and equipment of the tenth, eleventh and twelfth grades of the Glendale Union High school from the building on Harvard to the new location on East Broadway.

As announced several days ago in The Evening News, the ninth year class, or Freshmen, will not be transferred, but will remain in the present high school building to form the nucleus of a Junior High school, the formation of which is proposed by the Board of Trustees.

The dates for the housewarming, dedication and official opening of the new school building have not been definitely decided as yet. The move will be made during the week-end intervening between the close of the first semester and the beginning of the second, from February 1 to 4.

**Equipment in Place**  
By that time all equipment will be in place in the science building and Principal George U. Moyses hopes to complete the transfer with the loss of but one half day of school.

The public has already had the opportunity of seeing the auditorium in the new building, which is one of the finest in southern California, at the time of the student variety show on December 13 and 14 last year. At that time the rest of the building was not thrown open.

It was the policy of the board of trustees, with H. W. Yarik as president, to build the present building of sufficient size to take care of the needs of Glendale for some years to come. With this idea in mind, the wings which needed special equipment such as the science and domestic arts departments were built large and fully equipped. It was thought that should the occasion arise more class rooms and study rooms could be built corresponding in size to the science building, thus making a uniform size for the whole unit.

**Class, Study Rooms**  
If the money available had been divided equally, a shortage of space would have resulted in all departments. As the building now stands, the only additions needed for some time due to the phenomenal increase in attendance will be class and study rooms, which are more easily built than special rooms. The student body is postponing as many events as possible until the move to the new building is completed.

**HAD YOUR SHARE  
OF SAND TODAY?**

**Another Santa Ana Blows  
Over Leaving Trail of Mis-  
placed Real Estate Here**

By GIL A. COWAN  
Of The Evening News Staff.

"Have you had your iron today?"

All Joy coined that phrase to advertise raisins.

"Have you had your sand today?"

We coined that phrase to describe the results of the wind-storm last night. For the chances are you had sand in your breakfast food, not to mention the parlor, bedroom and bath.

It was only a natural infiltration in every household. We assure you, and with great care today on the part of the housewife, not to sand the furniture while "mucking up," as the miners say.

**Wind Blows All Ways**

A wind which blew in from the east, turned around and blew in from the west, bounced off Mount Verdugo and blew south, only to blow north again, perhaps, hit Glendale amidships for the second time in a winter season.

The first time, some weeks ago, it found all loose articles and transplanted them. This time it put 'em back again, or put 'em some place else. It was only another "Santa Ana," as the natives describe windstorms hereabout, although several newly arrived easterners misunderstood them to say "sand tanners." No material damage is done, but one open door and ten open windows in any home gives cause for rejoicing. Another real estate lot has been found!

**Family Cat Yowls**

Such disturbances are unusual, of course, and made more so when the family cat hides under the house and proceeds to yowl at the howl of the wind. It is a great combination for "nerves," while on the other hand a person gets an eyeful of sand, not to mention several other things.

However, from experience we can truthfully say that a "Santa Ana" is a mere wisp of the wisp compared to sand storms in Imperial valley, or Texas, or a blizzard in Utah. It is a friendly sort of affair and no doubt it is Ma Nature's idea of a good time.

**New S. P. Depot Will  
Be Completed Soon**

Work on the new \$100,000 Glendale station of the Southern Pacific is now far progressed so that employees of the railroad are fairly unanimous in the opinion that Glendale will have the most attractive station on the Southern Pacific. "Though the building is not large, it is in every way an architectural gem.

The building itself is practically finished, and plans for furnishing it are now well under way. Much work remains to be done on the grounds and approaches to the station, however, and the formal opening of the structure probably will not take place until next month. The station is situated at the head of West Cerritos avenue.

**Building Totals Are  
Over \$400,000 Mark**

A rush of business Monday at the office of H. C. Vandewater, municipal building superintendent, raised the total to well over \$400,000.

At the close of the week's business on Saturday noon permits issued during 1924 totaled \$395,263. The business done during the first half of the month will approximate \$500,000.

The following permits were issued Saturday:  
Garfield N. Jones, 5 rooms and garage, 240 North Cedar \$ 5,500  
D. Suelmer, 3 rooms, 356 1/2 Ivy, (rear) 1,300  
C. V. Toll, addition, 1306 East Broadway (rear) 300  
A. B. Nishel, garage, 456 West Vine 150

**Oratorio Section to  
Stage Entertainment**

Another interesting meeting of the oratorio section of the Glendale Music club is to take place tonight in the auditorium of the Glendale Union High school. In addition to the rehearsal of Mendelssohn's "Elijah" under the direction of John Smallman there will be a special entertainment.

During intermission, Glen Dolberg, well known Glendale vocalist, will give a group of songs, accompanied by Mrs. Perry Rogers.

**Ferguson at Meet  
of Kiwanis Trustees**

A. L. Ferguson, past president of the Glendale Kiwanis club, has returned from Oakland, where he attended a convention of the Kiwanis district trustees. Forty-two clubs in California were represented at the gathering, and the general policy of the state organization was discussed. Problems of individual clubs were also taken up and recommendations will be sent to the clubs for their guidance.

**LEGION STARTS  
QUEEN CONTEST**

**Money Will Be Placed in  
Fund to Get Permanent  
Home for Post**

Glendale Post No. 127 of the American Legion wants a permanent home, and intends to have it, according to Joseph A. Wilson, newly elected post commander.

A determined effort, with this object in view, will be made throughout the year or until such time as sufficient funds are available to finance the construction of a building on property now owned, or subsequently purchased, by the Legion.

The first step in this campaign will be a "Queen" contest, conducted for the Legion by Ed. Smithson, who was in charge of the popularity contest sponsored by the Legion in 1921. This contest was won by Miss Viola Yorba, who will probably enter in the present campaign.

Announcement of the contest was made yesterday by Adjutant E. E. McWain, who will cooperate with Mr. Smithson. Three prizes (Continued on Page 4)

**Lon J. Haddock Outlines  
Some of Reasons Why City  
Sets Record In Growth**

By H. THOMPSON RICH  
Of The Evening News Staff.

Numerous reasons why Glendale is to enjoy the greatest growth in its history during 1924 were outlined yesterday noon by Lon J. Haddock, president of the Haddock-Nibley company, at a luncheon given by Frank Winn of this company to the sales force of their large tract, Rossmoyn, to call attention to the investment by George Hockensmith of \$600,000 in this tract, comprising fifty choice lots he has purchased and on which he will build beautiful homes.

The luncheon was held at Jensen's Egyptian Village, 133 North Brand boulevard, and was attended by some twenty members of the Haddock-Nibley organization and friends. A place of honor at the head of the table was set for Mr. Hockensmith, but he did not appear, owing to the death in his family, the only incident to mar the significant occasion.

**Predicts Great Year**  
"Practically all the great development of the modern Glendale has taken place since 1920," declared Mr. Haddock. "That this development will be greater in 1924 than ever before is due to a large measure to the passage of the sewer bonds at the election of January 8. It was the morning following this great local victory that Mr. Hockensmith brought his investment in Rossmoyn up to fifty lots.

(Continued on Page 4)

**BROWN BETTY IS  
FAST GROWING UP**

**Newest Industry Here Proves  
Popular; Product Good  
Boost For Glendale**

Two separate manufacturing plants under one roof and one management—a pair of infant industries in a single cradle—constitute one of the newest additions to Glendale's industrial section.

Six months ago R. H. Schwartz, 5348 Summer avenue, Eagle Rock, and A. S. Kellogg, 236 North Louise, Glendale, formed a partnership and purchased an acre and a half of land on San Fernando boulevard, on the other side of the Southern Pacific tracks between Broadway and Colorado. With the ground they obtained a corrugated iron manufacturing building 60 by 150.

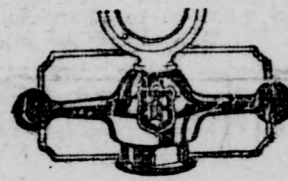

Their purpose was to start the manufacture of a new breakfast food called "Brown Betty, Breakfast Delight." And after the usual delays incident to securing machinery, the converting of selected wheat grains into Brown Betty (Continued on Page 4)

**366 days, this Year!**

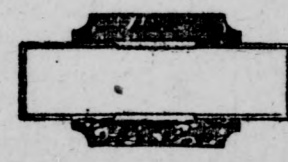

An extra day on which your car will be used. An extra day of pleasure for you, and wear and tear on your machine. The degree of comfort, pleasure and service you receive from your car depends largely upon the time, care and attention you give it.

Towards this end, "Western Auto" stands ready to serve you. Every Accessory or Part added to our complete line is considered from that point of view—your comfort, your pleasure, your safety.

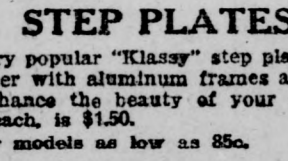

It is for this reason that the Western Auto Supply Co. is termed "Auto Supply Headquarters." There is a "Western Auto" store conveniently located in your city.

**Monogram Radiator Caps**  
Will individualize your car—can be furnished with any letter desired. Screws on like an ordinary cap, but positively cannot be removed. Each, \$3.85 to \$5.75, depending upon make of car. Other caps—locking and plain—50c to \$3.85.

**INTERIOR MIRRORS**  
Watch the road in back of you without inconvenience—these mirrors can be adjusted to any desired angle. For open or closed cars, \$1.65.  
Other Interior Mirrors, \$2.15 to \$2.95.  
Exterior Mirrors, 85c to \$2.65.

**STEP PLATES**  
The very popular "Classy" step plates, made of rubber with aluminum frames and guard, will enhance the beauty of your car. The price, each, is \$1.50.  
Other models as low as 85c.

**Genuine "Silverbeam" SPOTLIGHT**  
By simply loosening a screw the lamp can be removed and used as a trouble light. Then, too, it gives a very classy appearance on your car. The price for the small "Silverbeam" is only \$2.25. Other spotlights, \$3.45 to \$12.85.

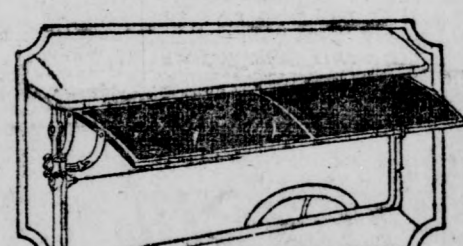

**They Grip**

Wet pavements do not, in any way, interfere with the non-skid qualities of Western Giant Tires. The sharp edges and the row of deep suction cups cause a suction which grips the road and prevents side slipping, as well as reducing skidding to a minimum. There are many other reasons why you will be satisfied with these tires—try one.

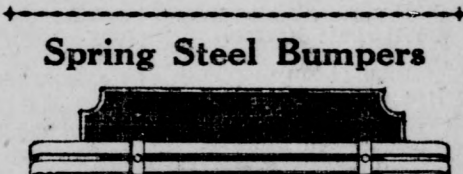

SIZE	WESTERN GIANT Extra Heavy 15,000-Mile Guar.

For Your Convenience  
Open Till 9 p. m.  
Saturdays

**Send  
in a title for  
this picture.**

**\$500  
and 99 other  
prizes**

**Contest Closes  
5 p. m. January 19th**

What does the picture on the right suggest to you? Give it a title—something humorous, original, or a well known quotation—anything that cleverly describes the picture in 15 words or less. YOUR title may win FIRST PRIZE in the Los Angeles Times Picture Title Contest. 99 other awards. Entries must be mailed not later than 5 p. m., January 19. Use the coupon below.

**OBSERVE THESE RULES:**

- The prizes will be awarded in two classes for titles which most cleverly and briefly describe the picture. Class A is open to all. It is not necessary to subscribe to The Times to enter this class. Class B is open to those who send in one or more titles in advance of the contest. The Los Angeles Times and Sunday Times, for 3 months.
- Participants may send in just one title or any number up to five. They may be original or quotations from any well known author, and from any source. Titles must be typed and must not exceed 15 words. All titles will be published in the Los Angeles Times and Sunday Times, on or after January 19, 1924.
- If more than one title is submitted, only one title (the best) may receive a prize. Participants may co-operate in submitting titles but only one prize will be awarded to any one household or group who have worked together.
- In the event of a tie for any prize, the full amount of the prize will be given each tied participant.
- The Times Picture Title Contest is open to everybody, regardless of residence, except employees of The Los Angeles Times and their families.
- Titles must be mailed to show remark not later than 5 p. m., January 19, 1924, or deposited in the contest box, located on the first floor, main office, of The Times Building, First and Broadway, Los Angeles, Cal., by that hour.
- Titles submitted to Class A may be transferred to Class B by mail, with a check for \$1.00, not later than 5 p. m., Jan. 19, 1924.
- Titles will be judged by three well known persons of Los Angeles. The announced list, and their decision will be final. The judges will meet on Jan. 18, and announcement of the prize winners will be published in The Times and checked mailed as soon thereafter as possible.
- All titles, subscription payees and inquiries must be addressed to Picture Title Contest Manager, The Los Angeles Times, Los Angeles, Cal.

**Los Angeles Times Subscription Rates**

## Diet and Health

By Lulu Hunt Peters, M.D.  
Author of "Diet and Health, with Key to the Calories"

### DAILY FOUNDATION REDUCING DIET—No. 2

Yesterday I told you the importance of supplying in your reducing diet of 1,200 C. a day those foods which will give you vitamins, mineral elements, protein and part of your energy foods. Otherwise you will reduce your strength and health as well as your fat. You must always remember that the lost weight must come from your excess fat only.

If you are very active, and especially if you have a large frame, you can probably reduce one to two pounds a week on 1,500 C. daily, or even more. If you do not want to reduce so rapidly as one or two pounds a week, you can have a more liberal diet.

If you are overweight it is a great deal better for you to reduce, even though you reduce only one-half pound, than to maintain your present weight or to continue to gain, as you will probably do.

### Dietetic Sins

Most of us who are overweight have some particular dietetic sin. Excessive bread and butter, candy and sweet desserts are the most common of these sins. Which is yours? Perhaps you will lose weight without paying any particular attention to calories if you cut down markedly on these articles of food. But do not think that you can cut these down markedly and consume enormous amounts of the less fattening foods, and still lose weight because, as I told you in yesterday's paper, there is no food that is not fattening if it happens to be more than the system needs.

I began, in yesterday's paper, to give you part of the foundation diet which you must have daily—First, 50 to 100 C. (one-half to one pound) of watery vegetables, part raw, such as lettuce, spinach, etc. Second, 100 C. (approximately one-half pound) of the more solid vegetables, part raw, such as carrots, beets, etc. Third, 200 C. of fruit. Fruit and vegetables will furnish a large share of the vitamins and mineral elements and some carbohydrates or energy foods.

Fruits and vegetables are more or less similar foods, and are therefore interchangeable, so if you cannot get one, take more of the other. Now to go on with the foundation diet:

**Fourth:** Every day you should have at least one pint of skim or buttermilk. That will amount to 160 C. (10 C. to the ounce), of which about 75 C. are complete protein. Milk will also give you a liberal supply of calcium or lime. If you prefer whole milk you will have to eat a total of 320 C. to the pint (20 C. to the ounce).

S. B.: "Kindly publish directions for knitting a man's necktie."

Answer: Buy one spool of Motor tie silk, shaded brown, No. 5, and chain 23 stitches, using a No. 13 steel crochet hook. Row one: 1 d. c. into the fourth st., 1 d. c. into next st., skip three stitches, 2 d. c. into next st., 2 d. c. into the next st., from one fan, repeat \* three times, 1 d. c. into last st., 3 ch. sts., turn. Row two: \* Fan over center st. of fan of previous row. Repeat \* four times, 1 d. c. into last st., 3 ch. sts., turn, repeat till your tie measures 15 inches. Next Row: To decrease make four fans and 2 d. c. over next fan, 3 ch. sts., turn, repeat for the next row, making the half fan at the opposite side, decrease in this manner till you have only three fans to the row. Next Row: 12 d. c., repeat for 16 inches. Next Row: Three fans, then increase as you decreased till you have five fans to the row. Continue making the show and ten inches long. Here is another splendid tie:

New-Stitch Silk Tie: Materials: One spool of tie silk (any desired color) and a No. 13 steel crochet hook. Begin by chaining 33, skip three sts., next the hook (1 d. c. into next st., 1 d. c. into following 2 sts., 3 ch., 1 s. c. into same st. as last d. c., skip 2 sts.). Repeat the directions between the parentheses all the way across, 1 ch. Turn. Row two: 2 d. c. over last 3 ch., 3 ch., 1 s. c. into same space (skip 3 d. c., d. c. over next 3 ch., 3 ch., 1 s. c. into same space). Repeat between parentheses all the way across, 1 ch. Turn. Repeat second row for 14 1/2 inches. Decrease at each end in next two rows. To decrease at the beginning of the row, slip st. over, do not work last 4 d. c. Work 3 s. c. for 12 inches. Repeat second row, increasing 4 d. c. at each end of next two rows. To increase work 4 d. c., 3 ch. 1 s. c. into same space as last 4 d. c. Repeat second row 15 inches.

Bride: "Kindly publish a recipe for date cup cakes." Answer: Date Cup Cakes—One-fourth cup of butter, one and one-fourth cups of brown sugar, one-fourth cup of white sugar, two eggs, one-half cup of sweet milk, one cup of dates cut into strips and stoned (measured after removing stones and cutting them up), one-half cup of dried cur-

you, the only thing to do is to believe in their judgment.

### GETTING ACQUAINTED

Dear Mrs. Thompson I am a fellow of 24, of a sincere, quiet nature, and so I have made few friends amidst the fairer sex. I do not care for so-called wild parties, although I am no log and love enjoyment of life as the rest of the world. I live as I see right and I am not a crank. When something turns up of which I do not approve I just excuse myself.

I have noticed a young lady for some time who looks like a girl of quiet nature. We have passed each other for several weeks and yet we look directly at each other as if both of us would like to say something, but we remain silent. I am almost sure she would like to speak, and I know I would, but I always wonder if I would get an answer.

Is it proper for her to speak first, or should I break the silence? Just how would be best to become acquainted? I am sure we could be real pals in friendship, if I can master this silent passing.

Get us acquainted, please. I am sure you can through your kind advice.

### ANXIOUS TO BE FRIENDS.

It would not be considered proper of you to speak since you have not been formally introduced through a mutual friend as associated together in business. In such a case, however, I would advise you to disregard convention. I can see from your letter that you are not flirtatious and your attitude toward the girl is entirely respectful. Since you and she meet so often, I believe you would be perfectly safe in smiling recognition and lifting your hat. Greet her in this way four or five times before you attempt a conversation. If she has responded to your greeting you may then feel perfectly safe in

## DAILY FASHION HINT

Prepared Especially for The Glendale Evening News

PICTORIAL REVIEW

### MODES OF UNUSUAL DISTINCTION

The coat, too, can be chic and simple, as the first model distinctively suggests. It is carried out in taupe marvella, trimmed with check yokes—a combination that forecasts the spring fashions to be introduced at the smart winter resorts. The fastening is at the left side and, if preferred, the trimming bands on the front of the coat may be omitted. Medium size requires 4 3/4 yards 54-inch plain and 1 yard 44-inch check material.

Ideal to wear under the season's wrap is one of the hip-length over-blouses, developed in crepe or satin. The model to the right is slashed at the front, underfaced and rolled with the collar. The underfacing is turned over on the outside to form a plait. At the shoulders a yoke effect is formed by extending the back over to the gathered fronts. Deep cuffs finish the long sleeves. Medium size requires 2 3/4 yards 36-inch material. The two-piece gathered skirt is attached to a cambrile bodice and finished with a circular flounce. It requires 2 3/4 yards 54-inch material, with 3/4 yard 36-inch lining for the cambrile.

First model: Pictorial Review coat No. 1876. Sizes 16 to 20, bust 34 to 46 inches bust. Price 45 cents.  
Second model: Blouse No. 1870. Sizes 34 to 48 inches bust. Price 35 cents.  
Third model: Bodice skirt No. 1831. Sizes 37 to 51 inches hip measure. Price 35 cents.

## BEAUTY CHATS

EDNA KENT FORBES

### ANSWERED LETTERS

X. Y. Z.—A girl of 17 years is still so far from being matured that her proportions should not be taken too seriously. A grown woman, five feet tall, to be in proportion would likely be near the college girl average: 23 in. waist, 34 in. hip measure.

Bobbie:—An especially good sport for making the waistline supple and the hips shapely, is tennis. You can get all these exercises in the gymnasium work. Agnes M.:—Any lines running around the figure tend to make a person appear stouter. At 23 years of age, height five feet five inches, you are already almost 20 pounds over average weight.

M. S. E.:—There are small razors that come for shaving hair under the arms. Moisture the soil in the blackheads by massaging a cleansing cream into them, then scrub with a complexion brush and mild soap. Follow up by dashing plenty of cold water over the skin to close the pores.

Miss M. L.:—It would be impossible to state whether or not a girl of 14 would be apt to grow a number of inches taller. Most children do grow after that age.

Curling fluids generally cover the hair with a coating which is not the best thing for it. Hair should be kept clean and given a chance for the air to get at it. You should use a depilatory for the purpose you mention.

### Tomorrow—Before You Go Motoring.

All inquiries addressed to Miss Forbes, in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

## With the Women of Today

By MRS. LILIAN CAMPBELL

Mrs. Hortense Ward, of Houston, Texas, member of the law firm of Ward and Ward, was the first woman in Texas to be admitted to the bar. This was in 1910, and four years later she was admitted to practice before the supreme court, being the first woman in the entire south to be accorded this honor.

Mrs. Ward became famous for her legislation in the interests of

right to become incorporators, directors and officers in corporations. She also assisted in the passage of the fifty-four hour law and the act creating a woman's bureau in the department of labor.

As a member of the state committee who prepared and assisted in the passage of the prohibition amendment to the state constitution and in other legislative work she was so much appreciated that the state senate passed a resolution commending her "industry, ability and patriotism, and asking her to address the senate, again the only woman to have such an honor bestowed upon her.

Mrs. Ward has as her partner in business her husband, Judge W. H. Ward. She is a homemaker and has an interesting family of grown daughters.

The "flapper" in all the modern term implies, is at the very lowest rung of the ladder when it comes to intelligence, according to Dr. Abraham A. Roback, Harvard psychologist, who bases his belief on the answers received in intelligence tests given at Radcliffe, Simmons and other institutions which teach young women.

"There are two kinds of flappers, the real giddy headed type, with no sincere appreciation of her studies and her education, with thoughts only for dances and entertainment and the Bohemian type—the girl who artificially clothes herself with flapperish revolt at conventions, but who is really of high intelligence," he said.

"The first type, the real flapper, is a hopeless problem to educators. They always score the lowest mark in intelligence tests." Summed up, Dr. Roback's findings are:

That flappers are undependable;

That they chafe under discipline and enforced tasks;

That they lack patience, fail to get the desired point of view;

That they can appreciate only that phase of the question which directly affects them.

### DR. YOUNG RETURNS

Dr. T. C. Young, who has been east for the past month, visiting with relatives and friends in Winterset, Iowa, returned to Glendale last Friday. He reports a most enjoyable trip, but states he is glad to get back to Glendale. It is announced he will resume his duties at the office, 620 East Broadway, today. Mrs. Young is not expected to return home for a few weeks.

### FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advertisement.

By removing all the grease from sheep and hog skins before tanning, leather can be produced that may be used for shoe uppers, it is believed.

PATROLMAN BELIEVED JEALOUS Charged With Shooting Young Cabaret Girl

Jennie Plarr, and (inset) Patrolman John P. Mulcahy

CHICAGO, Jan. 15.—Old jealousy ranking and surging within his breast as he walked his beat day after day cause John P. Mulcahy, policeman, to turn upon Miss Jennie Plarr the gun given him to uphold law and order?

On the Spur of the Moment

By ROY K. MOULTON

It's a great game, lads, this love at first sight. There has never been one like it outside of Three Card Monte.

10 Years Ago Today

With more than 100 men on the construction payroll of the Glendale and Montrose railway, the standard gauging of the track from Glendale to Los Angeles avenue, La Crescenta will be completed tomorrow night.

Uncle Wiggily Bedtime Stories

Once upon a time, as Uncle Wiggily was hopping through the woods looking for an adventure, the rabbit gentleman saw a queer little house built up in a tree.

Dinner Stories

The census taker made his way with difficulty through the crowd of children clustered in the tenement yard. Everybody's declares.

Who's Who in the Day's News

"SALVATION OF FARMER LIES IN RESTORATION OF RAIL COMPETITION" Typifying the opposition of the Middle West to railroad consolidations as the supposed panacea for all rail ills, Senator Robert B. Howell of Nebraska, in a recent interview, said it represented the wrong method of approach to the transportation problem.

TODAY—Wages and Industry; Like the Least of These; Life Span Lengthened.

By DANIEL O'CONNELL For International News Service.

DUBLIN, Jan. 15.—Unemployment in the Irish Free State is causing growing anxiety to the government.

It is estimated that out of a population of three million people seventy thousand of them are workless, and the authorities intend to speedily reduce this number if possible.

A bill just passed by the government will appropriate \$10,000,000 to provide for road works in the hope of alleviating the distress.

High wages are ruining Ireland's trade, according to a committee of experts who recently inquired into this question.

The committee, in its report, says it found that almost invariably all classes of industries in the Free State pay higher wages than similar industries do in Ulster or England.

Railroad workers are on an average paid two dollars more than men doing the same work in Ulster, and five dollars more than men doing the same work in England, while in the paper-milling trade, six dollars more per week is paid to the worker in the Irish Free State than is paid to the Englishman employed at the same work.

Recently many Irish paper mills had to close down because they found that owing to the high cost of production and high wages they could not compete with the English manufacturer.

In the engineering, chemical, malting, tanning, bootmaking, biscuit-making and a hundred and one other trades it is the same story—industry being ruined because of high wages.

Edward Martyn, celebrated Irish poet and one of the founders of the Abbey theatre in this city, who has just died, left a remarkable will for a man who was possessed of considerable means.

In his will he directed that his

body—like the bodies of many friendless paupers of the city—should be placed at the service of the Cecilia Street School of Surgery and when it had served its purpose there, should be interred in the common grave which holds the unclaimed workhouse dead.

His remains were conveyed to the graveyard in the workhouse morgue van, with six other paupers' bodies, his coffin differing in no respect from those supplied by the workhouse authorities. No mourners followed the coffin to its resting place.

A mass was celebrated in the cemetery chapel for him and the nameless six who were to share his grave, the "Benedictine" being sung by the choir that he had endowed during his lifetime.

Twelve years have been added to life's span by recent achievements of medical science, according to Sir William Wheeler, president of the Royal College of Surgeons of Ireland.

The last twenty-five years have shown a greater advance in medicine and surgery than the previous twenty-five centuries, Sir William said in a recent speech.

The child born today has twelve more years to live, if he avails himself of the resources of surgeons and physicians, especially after he reaches the age of 40, said Sir William. One or two great problems remain to be solved, but the probability is that before students present at this meeting have reached their zenith cancer will be well under control and will have taken its newest and most absurd of medical quackeries.

Medical science's chief difficulty today is the easy credulity of men who, he said, though shrewd in their own business, were ready to be duped by the place, subtlety and conquest, alongside diabetes and smallpox, he declared.

body—like the bodies of many friendless paupers of the city—should be placed at the service of the Cecilia Street School of Surgery and when it had served its purpose there, should be interred in the common grave which holds the unclaimed workhouse dead.

His remains were conveyed to the graveyard in the workhouse morgue van, with six other paupers' bodies, his coffin differing in no respect from those supplied by the workhouse authorities. No mourners followed the coffin to its resting place.

A mass was celebrated in the cemetery chapel for him and the nameless six who were to share his grave, the "Benedictine" being sung by the choir that he had endowed during his lifetime.

Twelve years have been added to life's span by recent achievements of medical science, according to Sir William Wheeler, president of the Royal College of Surgeons of Ireland.

The last twenty-five years have shown a greater advance in medicine and surgery than the previous twenty-five centuries, Sir William said in a recent speech.

The child born today has twelve more years to live, if he avails himself of the resources of surgeons and physicians, especially after he reaches the age of 40, said Sir William. One or two great problems remain to be solved, but the probability is that before students present at this meeting have reached their zenith cancer will be well under control and will have taken its newest and most absurd of medical quackeries.

Medical science's chief difficulty today is the easy credulity of men who, he said, though shrewd in their own business, were ready to be duped by the place, subtlety and conquest, alongside diabetes and smallpox, he declared.

## OFFERS REASONS FOR CITY'S GROWTH

### Lon J. Haddock Tells Why Glendale Is Bound to Have Prosperity

(Continued from Page 1) minutes of the great southwest metropolis.

"Then there is the electrification of the Glendale avenue line, whereby the Glendale & Montrose line will connect with the yellow cars, transferring to all parts of Los Angeles and greatly bettering transportation.

"Air Line" Project  
"Another project of almost incalculable value to Glendale is the Mulholland 'air line' over the mountains from the San Fernando valley to Santa Monica, bringing as it will additional thousands of people to Glendale. In this category is the San Gabriel boulevard, another great engineering project that will benefit this city along with other Southern California communities.

"And there is the new Southern Pacific passenger station under construction at the foot of Cerros avenue. When completed this station will draw passengers from Pasadena, the San Fernando valley, Hollywood and all points north to Venice and Santa Monica, as it saves the crush and confusion of boarding the through trains at the Los Angeles terminal, accessible only after weaving through blocks of dense traffic.

### Big Expansion Period.

"These are some of the reasons Glendale will go ahead now as never before, the sewers at last being assured. Then consider some of the large construction enterprises that did not wait for the sewers, such as the six-story Security Trust & Savings bank branch now nearly completed, the \$600,000 Glendale Sanitarium and Hospital, the \$600,000 new Glendale Union High school, a \$1,000,000 theatre soon to rise, another six-story building planned for the near future and many large hotels, apartments, office buildings and other structures, involving in the aggregate many millions of dollars.

"Closer to the heart of Los Angeles than Hollywood, Glendale has entered upon the greatest period of expansion it has ever known. We are right in the midst of great things—and none greater than our own Rossmoyne, where the vision, initiative and capital of George Hockensmith is going to be a big factor in further developing this beautiful tract upon which our labors have been expended.

Praises Frank Winn  
"In this connection the energy of Frank Winn should be greatly praised. He is a live wire and a splendid member of a splendid sales organization. And men and women, remember this when you are selling sites at Rossmoyne—the Haddock-Nibley company has one record of which it is proud indeed, that every one of our hundreds of investors has made money with us.

"Rossmoyne offers particular advantages and holds out great opportunities to investors, lying as it does right where the Verdugo canyon flares out into the San Fernando valley and offering the best approach from all the uplands country—Montrose, La Canada, La Crescenta, Tujunga and Sunland. Right down the Verdugo road flows the traffic from all that beautiful foothill country between Pasadena and San Fernando—and it all flows right past Rossmoyne, 'the Happyland.'

"Is it any wonder Mr. Hockensmith chise this beautiful tract of ours in which to invest \$600,000, when these and its many other advantages are considered? With the vision of the artist and the touch of the poet, he is now rearing at Rossmoyne a type of ideal home that best matches the beautiful surroundings, working out with his staff of exceptional architects dwellings of a distinctive Southern California type that are really a blending of all existing architectural types, and which one might call the Romantic.

Photographs on File  
"We are having photos made of a number of Mr. Hockensmith's homes and will place them on file at the office in our Egyptian Temple on Verdugo road, where you may have them available to show prospective buyers what beautiful homes may be built here, in almost limitless variety and at a broad range of cost."

Frank Winn of the Haddock-Nibley company spoke briefly, stating that Mr. Hockensmith had told him he saw in Rossmoyne another wishful. P. J. Cannon, sales manager of the organization, then spoke, declaring that Mr. Hockensmith is a potent factor in the development of Rossmoyne and a man who has unlimited faith in the future of Glendale.

### BUYS OUT BUSINESS

Mrs. Alice E. Worley, a former resident of San Diego, has recently purchased the business of the Glendale Employment Agency, 214 East Broadway, and is now operating the agency. The purchase was made from Armand Carroll.

We Own and Operate Our Own Dyeing Plant.

## Brown Betty Good Booster for Glendale

(Continued from Page 1) Betty, and the packing of it in neat blue, yellow and red cartons, was started about December 15.

Number of Markets  
So successful has it proved that the new product can now be bought in more than 300 markets and grocery stores. A huge truck load of Brown Betty, comprising several tons, was shipped from the plant yesterday.

While installing machinery for making this product, Mr. Schwartz and Mr. Kellogg became interested in another project, the manufacture of what they call "The World's Best Fly Swatter." They learned that A. C. Cooper, an expert machinist, had studied the humble fly swatter and decided to make improvements upon it that would arouse the universal gratitude of housewives. And so a partition was erected across the center of the building. And while on one side the mills and ovens that convert wheat into breakfast food are busily humming, on the other side a machine shop is being equipped with the intention of adding to Glendale's many glories the distinction of being the birthplace of the best swatter on earth.

Blind Man Inventor  
One end of the building will bear the sign "California Quality Food Company." Mr. Schwartz and Mr. Kellogg are the sole owners of this company. The other end will be labeled "U. S. Novelty Manufacturing Company." There are three partners in this, Dr. J. H. Leadsforth of Los Angeles, being the third.  
Mr. Schwartz was formerly a resident of Bakersfield, where he said the idea of Brown Betty Breakfast Delight was first evolved by Charles N. Miller, a blind grocer. Mr. Schwartz and Mr. Kellogg, the latter a resident at that time of Fresno, bought the process from Miller.

## Delay Appointment to City Managership

With three members of the City Council out of the city, it is probable that no immediate action will be taken toward appointing a successor to W. H. Reeves, who resigned as city manager last Thursday.

Councilmen W. A. Horn and Ase Hall are in San Francisco, and Mayor Spencer Robinson is out duck hunting. Whether or not a definite action will be made at the next regular meeting next Thursday is problematical.  
The present city manager will remain in office until the new appointee is familiar with the office routine. Mr. Reeves has not fully decided as to what line his future activities will follow. He has been tendered a similar position to the one he now occupies by three Southern California cities, and two private concerns have made him lucrative offers.

## Debaters Will Stage Triangular Argument

The Women's forensic teams will stage a comeback on the evening of January 22 when they meet Redlands and La Verne college in a triangular debate. The question for debate is: "Resolved that the Congress of the United States should give complete and immediate independence to the Philippine Islands." Last Thursday night in the first round of the Women's forensic league contests, Occidental lost both debates, one to Pomona and the other to South Branch of the University of California.

Oxy will uphold the negative against Redlands at home, and also will travel to La Verne college where the Oxy affirmative team will try to out-talk their rivals. Coach Lindsley still believes that the Tiger women will come out on top.

## Viohl and Brown to Occupy New Quarters

Viohl & Brown, sign painters, announce that they have moved to 702 South Brand boulevard from their old address at 358 West Lomita avenue, where they became well known to Glendale people.

W. H. Viohl has been a resident of this city for thirteen years, and has long practiced the craft of sign painting. His partner, A. J. Brown, has been associated with him for over a year. Viohl & Brown expect to be able to better serve the public from their new and convenient location at the above address.

## Election Will Mark Association Meet

Annual election of officers will feature the regular meeting of the West Glendale Improvement Association at 7:30 o'clock tonight, January 15, at the Columbus avenue school, announces President Rudolph Streit.

At this time the policy and program for the year will be outlined, Mr. Streit states, and for that reason a good attendance is desired.

## UNDERGO OPERATIONS

Three operations, all minor surgical, are reported from the Glendale Sanitarium and Hospital, as follows: Mrs. John Trotter, 801 Orange Grove avenue; Mrs. G. Rosenberger, 1420 South Glendale avenue; Mrs. F. N. Hasch, 722 East Orange Grove avenue. All are progressing nicely.

Sun's northern and southern hemispheres are not alike, according to scientific measurements.

## Local Legion Starts Contest for Queen

(Continued from Page 1) will be awarded to the young women standing at the head of the list when the contest closes. The first prize will be a diamond ring, the second a watch and their names will be made public as soon as the contest is under way. The campaign will in all probability terminate some time early in February during the Legion Exposition week, when the young lady winning first prize will be heralded as "The Queen of Glendale."

Anyone wishing to enter the contest may do so by notifying Adjutant McWain at the American Legion hall, 610 East Broadway.

Company Makes Aid to Humanity in City  
(Continued from Page 1) by pumps to a pressure of 1,500 pounds to the inch. The great pressure converts it into a liquid, in which form it is run into cylinders for shipment.

Dr. Baxter stated that his plant was the only one in the United States producing chemically pure gas at this time. He said his process and method are open to observation by all, and that his only purpose is to improve the quality of the product, and thereat by lessen the danger incident to use of gas as an anesthetic. Although the plant has been on a self-supporting basis from the first, its ideal and purpose have not been to create huge profits or to secure a monopoly, but rather to aid the medical profession and humanity in general.

Short Circuit Sets Street Car Ablaze  
A street car on the Glendale-Montrose railway was for a time threatened with destruction by fire resulting from a short circuit in the motor wiring.

The fire department made a run to Canada boulevard and Santa Rosa, extinguishing the blaze with chemicals before the car had been greatly damaged.

An alarm called the fire department to 1700 Grandview avenue, to the residence of W. P. Thompson. Vines around a chimney had caught fire. No damage was done to the house.

## MONTROSE NEW OWNERS TO IMPROVE MARKET

Fowler & Hoffman Purchase C. J. Reinhard's Business; Other News Notes

W. T. Fowler and J. C. Hoffman have bought the Montrose market on Honolulu avenue, formerly owned by C. J. Reinhard. The new owners have taken charge of the store and have added a new delivery truck to the service and plan other improvements in the near future.

Members of the Montecito club will be entertained Friday night, January 18, at a hard times dance to be given in the club rooms at the Sparr Heights community house. With the people still talking of the wonderful time they had at the last dance given by this club, this next affair promises to exceed the previous one.

A new tract has been subdivided and opened for sale on Ramsdale avenue, north of Honolulu avenue and near the Montrose car line. The sale starts with fifty high-class residence lots and a share of water goes with each lot. Streets are being graded and the agents, C. G. Howard and C. L. Mead, expect to sell the entire tract in a short time.

Social Event  
Miss Alice Martin of San Rafael Dominican college was the guest of honor at a dancing party given recently by Miss Mary Belanger of Montrose. A buffet lunch was served following the dancing. Among those who received invitations were Misses Helen Harding, Janet Cuberson, Marion Keith, Marjory and Winona Neilson, Mary Ann Howard; Messrs. Joseph Malhot, Elmer and John Vliet, Bob Hendrix, Herbert Engle, Walter Naugle, Jesse Wilmering, Milford Howard, Carol Fox and Joseph Belanger.

Will Hold Dance  
A novel dance and entertainment has been planned for the night of Saturday, January 19, by the Montrose Chamber of Commerce. Mrs. M. F. Hopkins is chairman of the committee. According to the announcement the dance will be something on the order of a gobbler meeting, in which the participants disguise themselves as a Ku Klux Klans in sheets and pillow cases. The announcement states that silence will prevail, or should prevail, but how can a dance be successful without women? Something was also said about the devil coming in at 9 o'clock to scare the ghosts away, which may or may not be an improvement on the assembled company.

Yeast cells are circular or oval in shape.

## There's Only One "Wet-Mix" Concrete Hollow Tile

Our tile is made by the "wet-mix" poured system. A combination of cement, sand and gravel, mixed in the correct proportions, made under this system produces CONCRETE.

Public usage of the term concrete has caused many to think cement blocks are concrete. Cement blocks are made of cement and sand with just enough water to moisten. This is the "dry-mix" system, and does not make concrete.

Come in and investigate. The plant which manufactures this "wet-mix" poured Concrete Hollow Tile is right in your own town.
