# UNITED STATES AND FOREIGN PATENT AGENCY.

DEWEY & CO.,  
PUBLISHERS MINING AND SCIENTIFIC PRESS.

## Letters Patent.

A patent is an open letter, embodying all the language of an inventor or his agent, contained in the specification, without alteration, and is granted to citizens of the United States, or those who have declared their intentions of becoming such, and is signed by the Secretary of the Interior and the Commissioner of Patents, with the seal of the Patent Office affixed. Its jurisdiction is for the whole United States, for the term of seventeen years.

A patent right is personal property, and is assignable, but cannot be seized and sold on execution.

## Caveats.

A caveat is a description of the invention designed to be patented, lodged in the Patent Office before the patent is applied for, and while the inventor is perfecting his design. When *properly* made, it operates as a bar to applications respecting the same invention from any other quarter; but when improperly done, it is inoperative by reason of such defect. The Patent Office always returns a receipt for caveat papers with a copy of the laws governing the same, but does not seek to point out its incorrectness, unless there be some glaring defect.

Our fee for a caveat varies from \$10 to \$15. The Government fee is \$10.

## Who Can Obtain Patents.

In the United States persons of either sex, and of any age, may obtain Letters Patent if they are the first and true inventors—and not otherwise. All foreigners (except those of the Provinces of Canada, other than New Brunswick) are entitled to the same rights and privileges as inventors and patentees, as our own citizens.

## What Claims can be Patented?

A knowledge of Ancient and Modern Mechanics and familiarity with American and Foreign patent issues and rejections, enables us to determine in a measure in all cases what can be patented, and how much can be claimed as new and novel, and be covered by Letters Patent. This is one of the most difficult questions encountered by both old and new inventors—one in which an experienced counsel is of great service—and yet it can never be positively determined except by presenting a formal application for a patent to the Government, embracing a petition, specification, model, duplicate drawings and payment of the first government fees.

## Confidential Advice.

We invite consultation in person or by mail. Communications kept inviolately secret, and hon-

est and reliable advice given. Our permanent business interests guarantee, and the thousands on this coast who have consulted us will testify, to our strict compliance with our obligations to inventors.

## Advantages of Our Agency.

Inventors on the Pacific Coast can sign the papers at once, and save at least two months' time in securing patents. When desirable, they can visit and give us personal explanations—better than written instructions.

We assist in bringing valuable inventions to the general notice of the public throughout the Pacific Coast by illustration or description in the columns of the **MINING AND SCIENTIFIC PRESS**.

From long experience in the business, and an intelligent and thorough understanding of the objects and peculiar characteristics of California inventions, we are able to present cases more intelligently to the Examiners at Washington than *any other agencies*.

We guarantee inventors against losing their cases by delay, or the loss of their money in re-mitting.

Patents for inventors on this coast are finally secured cheaper through our agency than any other, however flattering may be the inducements offered at the commencement by others.

Extensive practice gives us great facilities, securing regularity in the transaction of our business, which extends to **EVERY COUNTRY IN THE WORLD** where patent laws exist.

## Information for Inventors,

Printed in circular form, containing list of Government and other fees, sent free.

We draw up legal assignments for patentees; record assignments in the Patent Office; procure copies of United States and foreign patents; make examinations here and at Washington regarding the patentability of inventions; take up and prosecute rejected cases, depending upon success for our fees; reissues taken out; interferences declared—in fact, every legitimate branch of the patent agency business is thoroughly conducted by us here and our branch agency in Washington.

California inventors should beware of placing their inventions and money in the hands of persons not well known as honest, responsible and capable.

in various parts of the world; new discoveries in geology, mineralogy, metallurgy, and new processes and methods relating to mining in all its branches.

Illustrations are given of apparatus for saving precious metals, and of machinery and inventions of general interest.

Each number treats carefully on subjects of home trades, manufactures and domestic economy.

Our mining summary and weekly stock report gives the latest news from the most important mines and mining districts throughout the Pacific States and Territories.

An official list of patent claims issued to inventors on the Pacific Coast, is published in advance of all other journals.

The latest prices of stocks are quoted; also the produce and market rates, metal market and prices of copper ores.

"Answers to Correspondents" afford much of interest to readers and of advantage to the community.

The Mechanical and Scientific Miscellany contained on a single page of each issue we are frequently told is worth the price of the whole paper.

## The Best Advertising Medium on the Pacific Coast.

Our terms for advertising in the MINING AND SCIENTIFIC PRESS are very low considering its wide circulation among the most intelligent and industrial classes.

All advertisements inserted in the PRESS are contained in the MONTHLY SERIES OF THE MINING AND SCIENTIFIC PRESS, which (by special arrangement) are placed for FREE READING in the principal hotels, steamboat and steamship saloons, depots, and public libraries in San Francisco, and the Pacific States. Will attend to the purchase and Sale of General Merchandise. My experience for the past seven years, in the San Francisco Market, as a General Merchandise Broker and Commission Merchant, offers unequalled advantages as a buyer to all Country Dealers, who are anxious to secure well assorted Stocks of Merchandise under the regular rates, for cash.

I give my personal attention to all who favor me with orders.

OF THE CONSOLIDATED

## CITY OF SAN FRANCISCO.\*

IN ACCORDANCE WITH THE OFFICIAL INDEX MAP, 1868.

**EXPLANATORY.**—The Ordinance for re-numbering the buildings of this city provides that "Market Street shall be the starting point for the numbers on all buildings fronting on the streets running therefrom in a northerly direction, and also for those running therefrom in a southwesterly direction. The streets laid down in the official map of the city as forming the water front thereof shall be the starting point for numbers on all streets running westerly and southwesterly therefrom except upon such streets running westerly commencing from Market Street, and upon all such streets Market Street shall be the starting point for numbers. On all streets the numbers on the northerly or northeasterly sides thereof shall be even numbers, and on the southerly or southwesterly sides thereof shall be odd numbers. One hundred numbers, or as many thereof as may be necessary, shall be allotted to each block bounded by principal streets; numbers 100, 200, and 300 being respectively the numbers for commencing the blocks distant one, two, and three streets from the starting point on the side designated for even numbers, and numbers 101, 201, and 301 in similar manner for the opposite side of the street, throughout its extent; so that the initial figure of the number placed on a building at any street-crossing shall indicate the number of main streets, such street-crossing is from the starting point. Not less than twenty feet in frontage of all vacant lots of ground shall be allowed for each number. On all cross or intermediate streets the numbering shall commence where said streets begin, and shall conform to the plan specified in this Order."

By this new decimal system of numbering buildings, the exact location of any number is readily ascertained: for instance, if you want to find 624 Montgomery, it is on the east side of the block extending from Clay to Washington, which is the seventh from Market—Commercial and Merchant being private streets. Again; 825 Clay is above the eighth block from the water front, which is the one extending from Dupont to Stockton. It must be borne in mind that one hundred numbers are allowed on each block between principal streets.

Several of the principal streets have been erroneously numbered. Bryant, Greenwich, Lombard and Vallejo each vary one hundred from the official map, which has been strictly adhered to in the compilation of the present Street Directory. The following streets are but partially opened, and each differ materially from the plan originally laid out, viz: Clementina, Jessie, Minna, Natoma, Ritch, Shipley and Tehama.

The principal streets southeast of Market, and running parallel to Fifth, have been, by an Ordinance of the city, changed, and they are to be designated hereafter numerically, as follows; Simmons to be Sixth, Harris as Seventh, Price as Eighth, Johnston as Ninth, and so on, as far as such parallel streets continue.

Reference is frequently made in the Register of Names to the following, and which are located, as follows: Hoadley's Addition, situated west of Grant or Pierce between Geary and Washington; Homer's Addition, south and near the Mission Dolores; Western Addition, west of Larkin; San Miguel Ranch, southwest and near the Mission Dolores; Bernal Heights, (B. H.) near the San Bruno Road and south of the Potrero Nuevo; and University Mound Tract (U. M. T.) West of San Bruno Road, five miles from the City Hall. See, also, Prominent Places, page —.

The names of the principal streets west of Larkin have been changed upon an unofficial map of this city recently published, viz: Gough to Lafayette Avenue, Octavia to Jefferson Avenue, Laguna to Clinton Avenue, Buchanan to Monroe Avenue, Webster to Webster Avenue, Fillmore to Fillmore Avenue, Steiner to Madison Avenue, Pierce to Hamilton Avenue, Scott to Scott Avenue, and Devisadero to Devisadero Avenue. As these alterations have not yet been sanctioned by the Board of Supervisors, the original names have been retained in the canvass for the work. —[COMPILER.

(a) End or beginning of a street. (b) Not opened. (c) Fractional Blocks, one hundred numbers allowed for first two blocks. (d) Fronting the bay. (—) Street does not cross. B. H., Bernal Heights. U. M. T., University Mound Tract. S. S. F., South San Francisco. A blank is used where the number at the crossing of a street could not be ascertained.

### A N A C T

TO REPEAL THE SEVERAL CHARTERS OF THE CITY OF SAN FRANCISCO;  
TO ESTABLISH THE BOUNDARIES OF THE CITY AND COUNTY OF  
SAN FRANCISCO, AND TO CONSOLIDATE THE GOVERNMENT THEREOF.

*The People of the State of California,*

*Represented in Senate and Assembly, do enact as follows:*

#### ARTICLE I.

SECTION 1. The Corporation, or body politic and corporate, now existing and known as the "CITY OF SAN FRANCISCO," shall remain and continue to be a body politic and corporate, in name and in fact, by the name of the "CITY AND COUNTY OF SAN FRANCISCO," and by that name shall have perpetual succession, may sue and defend in all courts and places, and in all matters and proceedings whatever, and may have and may use a common seal, and the same may alter at pleasure, and may purchase, receive, hold, and enjoy real and personal property, and sell, convey, mortgage, and dispose of the same for the common benefit. The boundaries of the City and County of San Francisco shall be as follows: Beginning in the Pacific Ocean, three miles from shore, and on the line (extended) of the United States survey, separating townships two and three south, (Mount Diablo Meridian) and thence running northerly and parallel with the shore so as to be three miles therefrom opposite Seal Rock; thence in the same general direction to a point three miles from shore, and on the northerly side of the entrance to the Bay of San Francisco; thence to low water-mark on the northerly side of the said entrance, at a point opposite Fort Point; thence following said low water-mark to a point due north-west of Golden Rock; thence due south-east to a point within three miles of the natural high water-mark on the eastern shore of the Bay of San Francisco; thence in a southerly direction to a point three miles from said eastern shore, and on the line first named (considered as extending across said bay); and thence along said first named line to the place of beginning.\* The islands in said bay, known as the "Alcatrazes and Yerba Buena," and the islands in said ocean known as the "Farallones," shall be attached to and form a part of said city and county; *provided*, however, that all rights and liabilities of the corporation heretofore and now known as the "City of San Francisco," shall survive to, and continue against, the corporations continued by this Act. The District or Districts of said city and county, bordering upon the southern line thereof, as heretofore established, shall be extended to the southern line of said city and county, as established in this Act.—[Amendment April 18, 1857.]

Sec. 2. The public buildings, lands, and property, all rights of property and rights of action, and all moneys, revenues, and income, belonging or appertaining either to the Corporation of the City of San Francisco, or to the County of San Francisco, are hereby declared to be vested in, and to appertain to, the said City and County of San Francisco; and the moneys in the treasury of said City, and in the Treasury of said County of San Francisco, and all the revenues and

\* By the Act of the Legislature, April 25, 1860, the boundaries of Marin County have been extended so as to include the islands of Los Angeles, Dos Hermanos, and Marin.—COMPILER.

income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said city or to the said county, shall be handed over, paid, and received into the Treasury of the City and County of San Francisco as a part of the General Fund; or where the said moneys, revenues, and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held and disbursed for the same use, unless it is otherwise provided in this or some other Act.

SEC. 3. The records, books, and papers in the custody of the said City Treasurer, shall be handed over to and received into the custody of the Treasurer of the said city and county, and all other books, records, and papers of the said corporations shall be delivered and received into the custody of the Clerk of the Board of Supervisors of said city and county, and shall not be withheld under any claim of a lien thereon for arrears of salary, fees, services, or advances, nor under any other pretense whatsoever. Suits and actions may be brought and maintained in the name of the City and County of San Francisco, for the recovery of any property, money, or thing belonging thereto, or the enforcement of any rights of, or contracts with, said city and county. And from any judgment rendered against the said city and county in any court, an appeal may be taken by the said city and county, where such appeal is allowed by law, without the giving of any appeal, bond or undertaking, or complying with the other requisites prescribed by law.

SEC. 4. All the existing provisions of law, defining the powers and duties of county officers, excepting those relating to Supervisors, and Boards of Supervisors, so far as the same are not repealed or altered by the provisions of this Act, shall be considered as applicable to officers of the said City and County of San Francisco, acting or elected under this Act. Provisions shall be made from the revenues of the said city and county for the payment of the legal indebtedness of the former city corporation and of the County of San Francisco. The taxes which may be levied and collected under the provisions of this Act, shall be uniform throughout the said City and County of San Francisco; but in case it should hereafter be found necessary, for the purpose of providing for the said city indebtedness, to increase taxation beyond the rate of the county tax levied upon property in said County of San Francisco, during the year one thousand eight hundred and fifty-five, such increased taxation, over and above the rate aforesaid, shall be levied and assessed exclusively upon the real and personal property situated within the limits defined in the second Section of the Act entitled "An Act to Re-incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five, and not upon such property situated without those limits.

SEC. 5. Immediately after the passage of this Act, the present City Attorney, Surveyor General, and C. K. Garrison, shall proceed to lay off the said city and county into twelve convenient districts, equal in population as near as conveniently may be, giving a distinct name to each district, the boundaries of which they shall accurately define by reference to public streets, roads, or other permanent monuments, and shall cause a map to be made representing the said districts, with their names and boundaries so fixed. The act of said officers establishing said districts, signed by them, or a majority of them shall be recorded in the office of the County Recorder of said city and county, and the original deposited in the office of the County Clerk, and the map shall be deposited with the said County Surveyor. Each of said districts shall constitute an Election Precinct.\*

SEC. 6. The provisions of this section referring to the election and terms of City and County Officers have been superseded by Act of April 2, 1866.—[See Supplemental Act I.] Justices of the Peace and Constables, by Act of March 26, 1866.—[See Statutes 1866, page 423.] And the election of Inspector and Judges of the Election, by Act of March 19, 1866.—[Registry Act. See Statutes 1865-66, page 208, and Amendments thereto, Statutes, 1867, page 64.]

Vacancies in the office of Supervisor or School Director, where the term of the office will not expire at the next ensuing general election, shall be then filled by an election, in the proper district, for the unexpired term; and for the interval between the happening of any such vacancy and the general election next ensuing, any vacancy in the office of Supervisor shall be filled by appointment by the President of the Board of Supervisors, by and with the advice and consent of a majority of the Supervisors then in office; and any vacancy in the office of School Director shall be filled by appointment by the Superintendent of Common Schools, by and with the advice and consent of a majority of the School Directors then in office; and such appointees shall hold office respectively until the general election next ensuing, and the election and qualification of their successors in office. But no such appointment shall be valid unless the appointee be, at the time of his appointment, an elector of the district wherein the vacancy occurred.—[Act April 29, 1857.]

\* Districts changed to wards.—[Act April 2, 1865.] Board of Supervisors authorized to establish election districts.—[Act March 19, 1866, Sec. 13, Statutes, p. 292.]

SEC. 5. At the second election, held under this Act, on the day of the general election held in the year eighteen hundred and sixty-seven, and at the election held every second year thereafter, there shall be elected a Mayor, who shall be *ex officio* President of the Board of Supervisors, a District Attorney, a Sheriff, a County Clerk, a Recorder, a Treasurer, an Assessor, a Coroner, a Surveyor, a Harbor Master, and in each of the Second, Fourth, Sixth, Eighth, Tenth, and Twelfth Wards, one Supervisor and one School Director, who shall hold their offices for the term of two years from and after the first Monday of December subsequent to their election, and until their successors are elected and qualified.

SEC. 6. In and for the city and county at large, at the general election in the year eighteen hundred and sixty-seven, and at the general election every two years thereafter, there shall be chosen by the qualified electors of said city and county, five Justices of the Peace, to hold office for the term now prescribed by law; and all laws are repealed which require or authorize Justices to be elected at a special judicial election.

SEC. 7. At the election held under this Act in eighteen hundred and sixty-nine, and at the election held every fourth year thereafter, there shall be elected a State Harbor Commissioner † as provided by law, who shall hold his office for the term of four years from and after the first Monday in December subsequent to his election, and until his successor is elected and qualified.

SEC. 8. All of the present City and County Officers as designated in Sections four, five, and six of this Act, and the State Harbor Commissioner as designated in Section seven, shall continue in office during the entire term for which they were elected, and until their successors are elected and qualified, as provided for in this Act: *provided*, that any officer elected or appointed to fill a vacancy which may in any manner occur, shall serve only during the unexpired term of his predecessor, and until his successor is elected and qualified.

SEC. 9. It is hereby made the duty of the Mayor to issue his proclamation by publication

\* The terms of the County Judge, (See State Constitution, Art. VI, Sec. 7) and Probate Judge, (See Act of Legislature, April 20th, 1863, Sec. 43) are four years each, commencing on the first day of January next succeeding their election. The terms of the present incumbents expire January, 1872. The term of the Police Judge, (See Act of Legislature, April 20th, 1863, Sec. 57) is two years, commencing on the first day of January next succeeding his election. The term of the present incumbent expires January, 1869.—COMPILER.

† Except in the year when the Presidential election occurs. When it takes place on the same day, see General Election Law.

‡ For the Act of the Legislature organizing the Board of State Harbor Commissioners, see Statutes of 1863, page 406; and the amendments thereto. Statutes 1863, pages 217 and 234. For the Act providing for the election of Fire Commissioners, see Supplemental Act III, page 678.

in not less than three daily newspapers published in said city and county, at least ten days previous to the day in each year on which the election is to be held under this Act, calling upon the qualified voters in said city and county to meet in their respective districts for the purpose of electing such officers as are provided for in this Act, reciting in such proclamation the different officers to be elected at such election.

SEC. 10. Each and every officer whose term is extended by the provisions of this Act, and who is now required by law to give an official bond, shall, prior to entering upon or performing any duties of his office for said extended term, enter into and file, as provided by law, a new official bond, in like amount and with like conditions as is now required by law; and upon failure to do so, his office shall become vacant.

SEC. 11. An Act entitled "An Act to change the time for holding municipal elections in the City and County of San Francisco, and to define the official terms of certain officers therein mentioned," approved April twenty-second, eighteen hundred and sixty-one, and all Acts and parts of Acts inconsistent with the provisions of this Act, are hereby repealed.

SEC. 7. By the term "qualification of officers," as used in this Act, is to be understood their having taken the oath of office, given the official bond, where it is required by law, and complied with all the requisites prescribed by the Statutes of this State, to entitle and qualify them to exercise the functions of their offices.

SEC. 8. The Sheriff, County Clerk, County Recorder, Treasurer, District Attorney, Auditor, Tax Collector, Superintendent of Public Streets and Highways, Surveyor, Harbor Master, and Clerk of the Board of Supervisors of said city and county, shall keep public offices, which shall be kept open for the transaction of business every day in the year except Sundays, Christmas, New Year's, Fourth of July, Thanksgiving, the Twenty-second of February, and on any days during which a general election shall be held, between the hours of nine o'clock, A.M., and four o'clock, P.M.—[Amendment May 14, 1861.]

SEC. 9. Whenever vacancies occur in any elective office of the said city and county, and provision is not otherwise made in this or some other Act for filling the same until the next election, the Board of Supervisors shall appoint a person to discharge the duties of such office until the next election, when the vacancy shall be filled by election for the term. All persons so appointed shall, before entering upon their duties, take the oath of office, and give bond as required by law. But in an action or proceeding where the Sheriff of said city and county is a party, or is interested, or otherwise incapacitated to execute the orders or process therein, the same shall be executed by a suitable person, residing in said city and county, to be appointed by the Court, and denominated an "Elisor," who shall give such security as the Court, in its discretion may require, and shall execute the process and orders in the same manner as the Sheriff is required to execute similar process and orders in other cases.\*

Gough, Michael Hayes, and Horace Hawes, Commissioners, and by John J. Hoff, Surveyor, and generally known as the "Van Ness Map," and all other streets, lanes, alleys, places, or courts, now dedicated to public use, or which shall be hereafter dedicated to public use, lying between the Bay of San Francisco and Johnston and Larkin streets, including the two last-named streets, are hereby declared to be open public streets, lanes, alleys, places, or courts, for the purposes of this law; and the Board of Supervisors of said City and County are hereby authorized to employ the City and County Surveyor to ascertain and establish the lines and width of all or any of said streets, lanes, and alleys, and the sizes of said places, or courts, when they shall deem it necessary so to do.

SEC. 2. The Board of Supervisors shall have power to lay out and open new streets, within

\* In addition to these provisions there are several Acts in relation to the sale and exchange of School Lots, and authorizing the issuing of School Bonds, providing for the payment of the interest thereon, and the redemption of the principal thereof; for which see the Statutes of the State of the year in which each was enacted.—COMPLER.

the corporate limits of the City and County of San Francisco, and west of Larkin and south-west of Johnston streets, in accordance with the conditions of the ordinance of the Common Council of said city, [approved June twentieth, eighteen hundred and fifty-five,] entitled "An Ordinance for the Settlement and Quieting of Land Titles," but shall have no power to subject the City and County to any expense therefor, exceeding the sum of one thousand dollars, and, when so laid out and opened, the provisions of this act shall be applicable thereto.

Sec. 3. The Board of Supervisors are hereby authorized and empowered to order the whole, or any portion\* of the said streets, lanes, alleys, places, or courts, graded, or regraded, to the official grade, planked, or replanked, paved, or repaved, or macadamized, piled, or repiled, capped, or recapped, and to order sidewalks, sewers, cesspools, manholes, culverts, curbing, and cross-walks, to be constructed therein, and to order any other work to be done which shall be necessary to make or to complete the whole, or any portion of said streets, lanes, alleys, places, or courts, and they may order any of the said work to be improved. The work provided for in this Act shall not be deemed to be "specific improvement," within the meaning of Section sixty-eight, Article V, of Chapter One Hundred and Twenty-Five, of the Act entitled "An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof." [Approved April nineteenth, eighteen hundred and fifty-six.] Nor shall the ordinances or resolutions passed by the said Board of Supervisors, under the provisions of this Act, be deemed to be such ordinances or resolutions as are mentioned in said section of sixty-eight.

Sec. 4. The Board of Supervisors may order any work authorized by Section three of this Act to be done, after notice of their intention so to do, in the form of a resolution, describing the work, and signed by the Clerk of said Board, has been published for the period of ten days; and it shall not be lawful for any property owner to become exempt from assessment by the performance after the first publication of the said notice of intention of any work included in such notice. At the expiration of any notice of intention, as herein before provided, the Board of Supervisors shall be deemed to have acquired jurisdiction to order any of the work to be done, or to be afterwards improved, which is authorized by Section three of this Act; and all owners of lands, or lots, or portions of lots, who may feel aggrieved, or who may have objections to any of the subsequent proceedings of the said Board in relation to the work mentioned in such notices of intentions, shall file with the said Clerk a petition of remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object. Said petition or remonstrance shall be passed upon by the said Board of Supervisors, and their decisions thereon shall be final and conclusive. The owners of more than one-half in frontage of the lots and lands fronting on the work proposed to be done and designated in said resolutions, may make written objections to grading, and to piling, capping, and planking, within ten days after the first publication of said resolution of intention; said objections shall be delivered to the Clerk of the said Board of Supervisors, who shall endorse thereon the date of the reception by him, and such objections, so indorsed, shall be a bar to any further proceedings in relation to said grading for a period of six months, unless the owners aforesaid shall sooner petition for said grading to be done: *provided*, that when one-half or more of the grading of any street lying between two main street-crossings has been already performed, the Board of Supervisors may order the remainder of such grading to be done, notwithstanding the objections of any property owners. Before passing any order for the construction of sewers, plans, specifications, careful estimates shall be furnished to the said Board of Supervisors by the Superintendent of the Public Streets and Highways of said City and County of San Francisco, if required by them.—[Amendment April 25, 1863.]

Sec. 5. The owners of more than one-half in frontage of lots and lands fronting on any street, lane, alley, place, or court, mentioned in Sections one and two of this Act, or their duly authorized agents, may petition the said Board of Supervisors to order any of the work mentioned in Section three of this Act, to be done, and the Board of Supervisors may order the work mentioned in said petition to be done, after notice of their intention so to do has been published, as provided in Section four of this Act. No order or permission shall be given to grade or pile and cap any street, lane, alley, place, or court, in the first instance, or any portion thereof, without extending and completing the same throughout the whole width of such street, lane, alley, place, or court; when any such work has heretofore been done, or when any such work shall hereafter be done, in violation of this section, neither the lots or portions of lots, in front of which such work has been or may be done hereafter, nor the owners thereof, shall be exempt from assessments made for the payment of the work afterwards done to complete said street, lane, alley, place, or court, to its full width, as provided in Section eight of this Act.

\* Whenever street work or grading of any street or part thereof may be deemed necessary by the Board of Supervisors of the City and County of San Francisco, on a portion of any street in front of any lot owned or possessed by the Government of the United States, said Board shall have power to order the whole or any portion of such street in front of any such lot to be graded, paved, planked, or repaired, any law to the contrary notwithstanding.—[Act March 31, 1866.]

SEC. 6. Before giving out any contracts by the Board of Supervisors for doing any work authorized by Section three of this Act, the Board of Supervisors shall cause notice to be conspicuously posted in the office of the Superintendent of Public Streets and Highways, and also published for five days inviting sealed proposals for the work contemplated. All proposals offered shall be delivered to the Clerk of the Board of Supervisors, and said Board shall, in open session, open, examine and publicly declare the same and award said work to the lowest responsible bidder: *provided*, said Board may reject any and all bids should they deem it for the public good, and also the bid of any party who may have proved delinquent or unfaithful in any former contract with said city and county. All proposals shall be accompanied with a bond in the sum of one thousand dollars, signed by the bidder and two sureties, who shall be residents and freeholders of said city and county, and who shall each justify in the above amount over and above all debts and exemptions, conditioned to pay to the Street Department Fund, the full sum of one thousand dollars as liquidated damages, if the bidder, to whom the contract is awarded, shall fail or neglect to enter into a contract as hereinafter provided. It shall be the duty of the City and County Attorney to sue on said bonds, in the name of said city and county, and to pay the amount recovered over to said Fund.

The Board of Supervisors shall have power to relieve the contractor from the performance of the conditions of said bond when good cause is shown therefor. All persons (owners included) who shall fail to enter into contracts, as herein provided, or to complete the contracts entered into, are hereby prohibited from bidding a second time for the same work; and in case of owners they are hereby prohibited from electing to take the same work a second time, and from entering into any contract concerning the same. Notice of such awards shall be published for five days. The owner of the major part of the frontage of lots and lands liable to be assessed for said work, shall not be required to present sealed proposals, but may within said five days after the first publication of notice of such award, elect to take said work, and enter into a written contract to do the whole work at the price at which the same may have been awarded. Should said owners fail to commence the work within ten days after the first publication of the notice of said award, and prosecute the same with due diligence to completion, it shall be the duty of the Superintendent of Public Streets and Highways to enter into a contract with the original bidder to whom the contract was awarded, and at the price the same may have been awarded him; but if said bidder neglect for fifteen days after the first publication of the notice of said award, to enter into contract, then the Board of Supervisors shall again publish for said five days, and pursue the steps required by this section, the same as in the first instance. If the owners who may have taken said contract do not complete the same within the time limited in the contract, or within such further time as the Board of Supervisors may give them, said Superintendent shall report such delinquency to the Board of Supervisors who may relet the unfinished portion of said work after having pursued the formalities of this section, as stated aforesaid. All such contractors shall, at the time of the execution of the contract, also execute a bond to the satisfaction of said Superintendent, with two or more sureties, payable to the City and County of San Francisco, in such sums as the said Superintendent shall deem adequate, conditioned for the faithful performance of the contract, and the sureties shall justify before any officer competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions. Any person suffering damages by reason of the breach of said contract, may sue on such bond in his own name.

It shall be the duty of the Superintendent to collect from the contractors, before the contract is signed by him, the cost of the publication of the notices required under the proceedings prescribed by this Act.—[Amendment March 26, 1868.]

SEC. 7. The Superintendent of Public Streets and Highways is hereby authorized, in his official capacity, to enter into all written contracts, and to receipt all bonds authorized by this Act, and to do any other acts, either expressed or implied, that pertain to the Street Department under this Act; and said Superintendent shall fix the time for the commencement and completion of the work under all contracts entered into by him, and may extend the time so fixed from time to time under the direction of the Board of Supervisors. And in all cases where the Superintendent, under direction of said Board, has extended the time for the performance of contracts, the same shall be held to have been legally extended. And whenever, in any contract heretofore made, the said Superintendent has fixed the time for doing the work, or has extended the same, such acts shall be deemed and held to have been legally done, and it shall be so held in all the Courts of this State; but this provision shall not apply to any contracts the work under which has not been commenced. The work provided for in Section three of this Act must, in all cases, be done under the direction and to the satisfaction of the Superintendent, and the materials used shall be such as are required by the said Superintendent; and all contracts made therefor must contain this condition, and also express notice that in no case (except where it is otherwise provided in this Act) will the city and county be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The assessment and apportionment of the

expenses of all such work, in the mode herein provided, shall be made by the said Superintendent of Public Streets and Highways.—[Amendment April 25, 1863.]

Sec. 8.—*Subdivision 1.*—The expense incurred for any work authorized by Section three of this Act, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specially provided, each lot or portion of lot being separately assessed, in proportion to its frontage, at a rate per front foot sufficient to cover the total expense of the work.

*Subdivision 2.*—The expense of all improvements, (except such as done by contractors under the provisions of Section fourteen of this Act) until the streets, street-crossings, lanes, alleys, places, or courts, are finally accepted, as provided in Section twenty-one of this Act, shall be assessed upon the lots and lands, as provided in this Section, according to the nature and character of the work; and after such acceptance, the expense of all work thereafter done thereon shall be paid by said city and county out of the Street Department Fund; and if said fund shall not be sufficient to defray such expenses, the Board of Supervisors may transfer from the General Fund to the Street Department Fund sufficient money to meet any deficiency.

*Subdivision 3.*—The expense of work done on main street-crossings, excepting such as are provided for in Subdivision eight of this Section, shall be assessed upon the four quarter blocks, adjoining and cornering on the crossing; and each lot or part of a lot, in such quarter blocks fronting on such main streets, shall be separately assessed according to its proportion of frontage on the said main streets.

*Subdivision 4.*—Where a main street terminates at right angles in another main street, the expense of the work done on one-half of the width of the street opposite the termination, shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of said lots on said main streets; and the expense of the other half of the width of said street, upon the lots fronting on the latter half of the street opposite such termination.

*Subdivision 5.*—When any small or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all the lots or portion of lots half way on said small streets to the next crossing or intersection, or to the end of said small or subdivision street, if it does not meet another.

*Subdivision 6.*—The expense of work done on the small or subdivision street-crossings shall be assessed upon the lots fronting upon such small streets, on each side thereof, in all directions half way to the next street, place, or court on either side respectively, or to the end of such street, if it does not meet another.

*Subdivision 7.*—Where a small street, lane, alley, place, or court, terminates in another street, lane, alley, place, or court, the expense of the work done on one-half the width of the street, lane, alley, place, or court opposite the termination, shall be assessed upon the lots fronting on such small street, lane, alley, place, or court so terminating, according to its frontage thereon, half way on each side respectively to the next street, lane, alley, place, or court, or to the end of such street, lane, alley, place, or court, if it does not meet another; and the other one-half of the width, upon the lots fronting such termination.

*Subdivision 8.*—The maps now in the office of the said Superintendent of Public Streets and Highways, showing the street-crossings, or spaces formed or made by the junction or intersection of other streets with Market street other than at right angles, also showing other street-crossings adjoining fractional or irregular blocks, (all of which crossings or spaces are colored on said maps, and numbered from three to one hundred and fifty, inclusive) and heretofore certified by said Superintendent, one adopted by a resolution of the Board of Supervisors, number fifteen hundred and seventy-eight, [approved on the sixteenth day of December, 1861,] and the other adopted by a resolution of the said Board, number three thousand two hundred and eighty-four, [approved on the twenty-first day of March, 1864,] which resolutions are copied on the face of said maps respectively, shall be deemed and held to be official maps for the purposes of this Act, and the same are hereby approved; and the expenses incurred for the work done on the said crossings or spaces formed by the junction and intersection of East street with Market street, and of other streets with Market street, and not squarely in front of, and not properly assessable to lots fronting on such streets, and for work done on said other street-crossings and spaces, all of which are colored on said maps, shall be assessed on the contiguous, adjacent, and neighboring, irregular or quarter blocks or lots of land which are of the same color as the crossings or spaces, and which have a number thereon corresponding with the number of the crossing or space on which the work has been done.

*Subdivision 9.*—In all the streets constituting the water front of the City and County of San Francisco, or bounded on one side by the property of said city and county, or crossings cornering thereon or on the water front, the expense of work done on that portion of said streets from the center line thereof to the said water front, or to such property of the city and county bounded thereon, and of one-fourth of their crossings, shall be provided for by the said city and county;

but no contract for any such work shall be given out except to the lowest responsible bidder, after an observance of all the formalities required by this Act.

*Subdivision 10.*—When any work, mentioned in Section three of this Act, (sewers, manholes, cesspools, culverts, crosswalks, crossings, curbings, grading, piling and capping excepted) is done on one side of the center line of said streets, lanes, alleys, places, or courts, the lots or portion of lots fronting on that side only, in front of which said work is done, shall be assessed to cover the expenses of said work according to the provisions of this Section.

*Subdivision 11.*—The assessment made to cover the expenses of the grading mentioned in the proviso in Section four of this Act, shall be assessed upon all the lands, lots and portions of lots, fronting on either side of said street, lying and being between the said main street-crossings, in the manner provided in Subdivision one of this Section. Before any work is done under a contract to complete the grading of a partially graded street, lane, alley, place, or court, under the provisions of Section four of this Act, the City and County Surveyor shall ascertain as near as possible, the number of cubic yards of grading done, previous to the letting of the contract, in front of each lot or parcel of land fronting upon the work under contract; and also ascertain the number of cubic yards of grading necessary to complete the grading included in the contract, and certify such estimate to the Superintendent of Public Streets and Highways, before the completion of the work included in said contract. And when any owner of a lot or lots fronting on said partially graded street, lane, alley, place, or court, has graded a part of the same, and desires credits for grading done by him previous to the publication of the notice of intention, he shall file with the City and County Surveyor, previous to the completion of the grading under contract, a certificate of the City and County Surveyor in office, when the work was performed, certifying the number of cubic yards of grading done by him on those through whom he claims or deraigns title: *provided*, however, that he shall not be allowed any credits, at any time, for any embankment made above, or excavations made below the official grade; but the cost of removing such embankment, or filling in such excavation, shall always be charged exclusively to the owner or owners of the lot or lots of land fronting thereon, in addition to the *pro rata* rate which may be assessed to them. If the credit for grading so certified as aforesaid in cubic yards or measurement equals the proportional amount of grading, which such owner would be obliged to do, if no grading had been done on such street, lane, alley, place, or court, then such owner and his lot or lots shall be exempted from assessment for the remaining work; and if the grading done by such owner is less than his proportional share, then the work required to be done in front of his lot or lots, according to the original profile of the land previous to any grading thereon, shall be included in the assessment; and the work certified as aforesaid to have been done by him at his own expense, shall be credited to him at the contract rate: *provided*, that in making the assessment to cover the expense of any work mentioned in this Section, the said Superintendent may deviate from its provisions, and assess such lots and lands fronting on any street, lane, alley, place, or court, as he may decide liable to assessment for said work, which decision may be appealed from as hereinafter provided.

*Subdivision 12.*—Section one of an Act entitled "An Act amendatory of and supplementary to an Act to provide revenue for the support of the Government of this State," approved April twenty-ninth, eighteen hundred and fifty-seven, approved April nineteenth, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this Section; but the property therein mentioned shall be subject to the provisions of this Act, and to be assessed for work done under the provisions of this Section.—[Amendment, March 26, 1868.]

SEC. 9. After the contractor of any street work has fulfilled his contract to the satisfaction of the Superintendent, or Board of Supervisors, on appeal, the Superintendent shall make an assessment to cover the sum due for the work performed and specified in such contracts, (including incidental expenses, if any) in conformity with the provisions of the preceding Section, according to the character of the work done, or if any directions and decisions shall be given by said Board, on appeal, then in conformity with such direction and decision; which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with the incidental expenses, if any, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot, or portion of a lot, (if known to the Superintendent) if unknown, the word "unknown" shall be written opposite the number of the lot, and the amount assessed thereon; the number of each lot or portion of a lot assessed; and shall have attached thereto a diagram, exhibiting each street, or street-crossing, lane, alley, place, or court, on which any work has been done, and showing the relative location of each distinct lot, or portion of a lot, to the work done, numbered to correspond with the numbers in the assessments, and showing the number of feet fronting assessed for said work contracted for and performed.

SEC. 10. To said assessment shall be attached a warrant which shall be signed by the Superintendent, and countersigned by the Auditor of said city and county, who, before countersigning it, shall examine the contract, the steps taken previous thereto, and the record of assessments,

and must be satisfied that the proceedings have been legal and fair. The said warrants shall be substantially in the following form :

## FORM OF THE WARRANT.

" By virtue hereof, I, [name of Superintendent] Superintendent of Public Streets and Highways of the City and County of San Francisco, and State of California, by virtue of the authority vested in me as said Superintendent, do authorize and empower [name of contractor] [his or their] agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be [his or their] warrant for the same. San Francisco, [date] 186—. [Name of Superintendent] Superintendent of Public Streets and Highways. Countersigned by [name of Auditor] Auditor."

Said warrant, assessment, and diagram, shall be recorded. When so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots, assessed respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessments, and diagrams, all persons mentioned in Section twelve of this Act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the said Superintendent of the incidental expenses not previously paid by the contractor, or his assigns. And by virtue of said warrants, said contractor, or his agent or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments.

SEC. 11. The contractor, or his assigns, or some person in his or their behalf, shall call upon the person assessed, or their agents if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person in his or their behalf, shall receipt the same upon the assessment in presence of the person making such payment, and shall also give a separate receipt if demanded. Whenever the person so assessed, or their agents, cannot conveniently be found, or whenever the name of the owner of the lot is stated as "Unknown" on the assessment, then the said contractor, or his assigns, or some person in his or their behalf, shall publicly demand payment on the premises assessed; the warrants shall be returned to the Superintendent within ten days after its date, with a return indorsed thereon, signed by the contractor, or his assigns, or some person in his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid in whole or in part, and the amount thereof. Thereupon the Superintendent shall record the return so made in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not already been recorded at full length, in a book to be kept for that purpose in his office, and shall sign the record. The said Superintendent is authorized, at any time, to receive the amounts due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor: *provided*, that no such payment so made, after suit has been commenced without the consent of the plaintiff in the action, shall operate as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff; and he may release any assessment upon the books of his office on the production to him of the receipt of the party, or his assigns, to whom the assessment and warrant was issued; and if any contractor shall fail to return his warrant within the time and in the form provided in this Section, he shall thenceforth have no lien upon the property assessed: *provided*, however, that in case any warrant is lost, upon proof of such loss a duplicate can be issued, upon which a return may be made, with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of one per cent. per month until paid.—[Amendment March 26, 1868.]

SEC. 12. The owner, contractor, or his assigns, and all persons, whether named in the assessment or not, and all persons directly interested in any work provided for in this Act, or in the said assessment, feeling aggrieved by any of the acts or determinations aforesaid of the said Superintendent in relation thereto, or having or making any objection to the correctness or legality of the assessment, shall, within fifteen days after the date of the warrant, appeal to the Board of Supervisors, as provided in this Section, by briefly stating their objections in writing, and filing the same with the Clerk of said Board. Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts or determinations objected to or complained of, shall be published for five days. The said Board may correct, alter, or modify, said assessment in such manner as to them shall seem just, and may instruct and direct the Superintendent to correct said warrant, assessment, or diagram, in any particular, and to make and issue a new warrant, assessment, and diagram, to conform to the decisions of said Board in relation thereto, at their option. All the decisions and determinations of said Board upon notice and hearing as aforesaid, shall be final and conclusive upon all per-

sons entitled to an appeal, under the provisions of this Section, as to all errors and irregularities which said Board could have remedied and avoided. The said warrant, assessment, and diagram shall be held *prima facie* evidence of the regularity and correctness of the assessment, and of the prior proceedings and acts of the said Superintendent, and of the regularity of all the acts and proceedings of the Board of Supervisors, upon which said warrant, assessment, and diagram are based.—[Amendment April 25, 1863.]

SEC. 13. At any time after the period of fifteen days from the day of the date of the warrant as hereinbefore provided, or if an appeal is taken to the Board of Supervisors, as is provided in Section twelve of this Act, any time after five days from the decision of said Board, or after the return of the warrant or assessment, after the same may have been corrected, altered, or modified, as provided in Section twelve of this Act, (but not less than fifteen days from the date of the warrant) the contractor, or his assignee, may sue, in his own name, the owner of the land, lots, or portions of lots, assessed on the day of the date of the recording of the warrant, assessment, and diagram, or on any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining due and unpaid, with interest thereon, as hereinbefore provided; and in all cases of recovery, under the provisions of this Act, the plaintiff shall recover the sum of fifteen dollars, in addition to the taxable cost as attorney's fees: *provided*, he shall have waived the per centage on recovery, as provided by law. Suit may be brought in any Court in said city and county. The said warrant, assessment, and diagram, with the affidavit of demand and non-payment, shall be *prima facie* evidence of such indebtedness, and of the right of the plaintiff to recover in the action. The Court, in which such suit shall be commenced, shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold, on execution, as in other cases of the sale of real estate, by the process of said Courts; and on appeal, the Appellate Court shall be vested with the same power to adjudge and decree a lien, and to order to be sold, such premises on execution, or decree, as is conferred on the Court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In all suits now pending, or hereafter to be brought to recover street assessments, the proceedings therein shall be governed and regulated by the provisions of this Act; and also, when not in conflict herewith by the Civil Practice Act of this State, this Act shall be liberally construed to effect the ends of justice.—[Amendment March 26, 1868.]

After the expiration of three days the said Superintendent shall be deemed to have acquired jurisdiction to contract for the doing of the work or making the improvements or removing the filth and dirt required by said notice. If such improvement or work of cleansing be not commenced within three days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the said Superintendent may enter into a contract with any suitable person applying to make said improvements or to do said cleaning at the expense of the owner, tenant or occupant, or railroad corporation or company, as the case may be, at a reasonable price to be determined by said Superintendent; and such owner, tenant or occupant, or railroad corporation or company, shall be liable to pay the same. After the certificate referred to in section fifteen shall have been recorded, the sum contracted to be paid shall be a lien, the same as provided in section ten of this Act, and also a lien upon the franchise and property of said corporation or company, and may be enforced in the same manner as other assessments.—[Amendment March 26, 1868.]

SEC. 15. If the expense of such improvements or removing such dirt and filth after the completion thereof be not paid to the contractor so employed, or his agent or assignee on demand, the said contractor or his assigns shall have the right to sue the owner, tenant or occupant, or railroad corporation or company under the provisions of this act, for the amount contracted to be paid and the certificate of the Superintendent that the work has been properly done, and that the charges for the same are reasonable and just, shall be *prima facie* evidence of the amount claimed for said work and of the right of the contractor to recover for the same in such action.—[Amendment March 26, 1868.]

SEC. 16. In addition, and as cumulative to the remedies above given, the Board of Supervisors shall have power by resolution or ordinance, to prescribe the penalties that shall be incurred by

any owner, tenant or occupant, or railroad corporation or company, neglecting or refusing to make improvements or remove dirt and filth as provided for in section fourteen of this Act, which fines and penalties shall be recovered for the use of the city and county by prosecution in the name of the People of the State of California, as in other cases provided for in subdivision eleven, of section fifteen, chapter four hundred and ninety-three, on page five hundred and forty-four of the Statutes of said State, approved May eighteenth, eighteen hundred and sixty-one, and may be applied if deemed expedient by said Board in payment of the expenses of any such improvements when not otherwise provided for.—[Amendment March 26, 1868.]

SEC. 17. The person owning the fee, or the person in possession, of lands, lots, or portions of lots, or buildings under claim, or exercising acts of ownership over the same, shall be regarded, treated, and deemed to be the "owner," (for the purposes of this law) according to the intent and meaning of that word as used in this Act; and in case of property leased, the possession of the tenant or lessee, holding and occupying under such person, shall be deemed to be in the possession of such owner, and the person so defined to be such owner shall be personally liable for the payment of any charge or assessment lawfully made or assessed upon said lands, lots, or portions of lots, by said Superintendent, or contracted to be paid to the contractor for improvements to cover the expenses of any work done under and authorized by the provisions of this Act.

Any tenant or lessee of the lands or lots liable, may pay the amount assessed against the property of which he is the tenant or lessee, under the provisions of this Act, or he may pay the price agreed to be paid under the provisions of section fourteen of this Act, either before or after suit brought, together with costs to the contractor, or his agent, or assigns; or he may redeem the property, if sold on execution or decree, for the benefit of the owner, within the time prescribed by law, and deduct the amounts so paid from the rents due, and to become due, from him; and for any sum so paid beyond the rents due from him, he shall have a lien upon, and may retain possession of, the said lands and lots, until the amount so paid and advanced be satisfied, with legal interest, from accruing rents or by payment by the owner.

SEC. 19. The records kept by the Superintendent of Public Streets and Highways in conformity with the provisions of this act and signed by him shall have the same force and effect as other public records, and such records or copies thereof duly certified by said Superintendent may be used in evidence with the force and effect as the original assessments, diagrams and warrants. The said records shall during all office hours be open to the inspection of any citizen wishing to examine them, free of charge.—[Amendment March 26, 1868.]

SEC. 20. Notices in writing, which are required to be given by the Superintendent, under the provisions of this Act, may be served by any Police Officer, with the permission of the Chief of Police, and the fact of such service shall be verified by the oath of the person making it, taken before the Superintendent, (who is hereby authorized to administer oaths) Police Judge, or any Judge, or Justice of the Peace; or such notices, whether verbal or written, may be delivered by the Superintendent himself. The Superintendent shall keep a record of the fact of giving such notices, when delivered by himself, personally, and also of the notices and proof of services, when delivered by any other person.

The Superintendent of Public Streets and Highways shall keep in his office a register of all accepted streets, the same to be indexed, so that reference may be easily had thereto.—[Amendment March 31, 1866.]

SEC. 24. No recourse shall be had against said city and county for damages to person or property suffered or sustained by or by reason of the defective condition of any street or public highway of said city or county, whether originally existing, or occasioned by construction, excavation, embankment, or want of repair of such street or public highway, and whether such damage be occasioned by accident on said street or public highway, or by falling from or upon the same. SUPPLEMENTAL XVI.—*An Act to confer further Powers upon the Board of Supervisors of the City and County of San Francisco.*—Approved April 25, 1863.

SECTION 1. That the Board of Supervisors of the City and County of San Francisco shall have full power and authority to provide, by order, for laying out, opening, extending, widening, straightening, or closing up, in whole or in part, any street, square, lane, or alley, within the bounds of said city, which, in their opinion, the public welfare or convenience may require; to provide for ascertaining whether any, and what amount in value of damage will be caused thereby, and what amount of benefit will thereby accrue to the owner or possessor of any ground or improvements within said city and county, for which such owner or possessor ought to be compensated, or ought to pay a compensation, and to provide for assessing and levying either generally on the whole assessable property within said city, or specially on the property of persons benefited, the whole, or any part of the damages and expenses which they shall ascertain will be incurred in locating, opening, extending, widening, straightening, or closing up the whole or any part of any street, square, lane or alley, in said city and county; to provide for granting appeals to the County Court of the City and County of San Francisco, from the decisions of any Commissioners, or other persons, appointed in virtue of any ordinance, to ascertain the damage which will be caused or the benefit which will accrue to the owners or possessors of grounds or improvements, by locating, opening, extending, widening, straightening, or closing up, in whole or in part, any street, lane, or alley, within said city and county, and for securing to every such owner and possessor, the right, on application, within a reasonable time, to have decided, by a jury trial, whether any damage has been caused, or any benefit has accrued to them, and to what amount; to provide for collecting and paying over the amount of compensation adjudged to each person entitled, and to enact and pass all orders, from time to time, which shall be deemed necessary and proper to exercise the powers and effect the objects above specified; *provided*, nevertheless, that before the Board of Supervisors of the City and County of San Francisco proceed to execute any of the powers vested in them by this Act, at least

thirty days' notice shall be given of any application which may be made for the passage of any order, by advertisement in at least two of the daily newspapers of the City and County of San Francisco having the largest circulation; *provided*, further, that whenever any street or part of any street in the said city and county, occupied or used by the track of any railroad company, shall require to be altered or widened for the convenience of public travel, and proceedings for the altering or widening the same shall have been taken under the provisions of this Act, it shall be lawful for the Commissioners appointed as in this Act provided, and whose duty it may be, to make a just and equitable assessment of the whole amount of costs, damages and expenses of such altering or widening, among the owners of all the lands and real estate intended to be benefited thereby, to assess such portion of said costs, damages and expenses upon the corporation or company owning or using said railroad track, as shall to them seem equitable and just, and such assessment shall be a lien upon any property of said corporation or company in the said city and county, and may also be enforced in the same manner as the assessment upon such owners of lands and real estate intended to be benefited thereby.

Sec. 2. That before any Commissioners, appointed by any order to be passed in virtue of this Act, shall proceed to the performance of their duty, they shall give notice in at least two of the daily newspapers, published in the City of San Francisco, having the largest circulation, of the object of the order under which they propose to act, at least ten days before the time of their first meeting, to execute the same.

SUPPLEMENTAL XVII.—*An Act to modify and change the grade of Streets, etc.*—Approved March 28, 1868.

SECTION 1. The Board of Supervisors of the City and County of San Francisco are hereby authorized and empowered, upon petition of the owners of three-fourths of the property to be affected thereby—said property to be ascertained and indicated by said Board of Supervisors in the manner provided in the first subdivision of section two of this Act—to change and modify the grade of any street or avenue, or of any part of any street or avenue, in said city and county, as is hereinafter provided.

Sec. 2. The grade of any street or avenue, or portion of any street or avenue, the grade of which has been fixed by ordinance, shall not be altered or changed, except upon an adjustment of the benefits and damages; and the proceedings shall be as follows:

*First.* The Board of Supervisors, upon the receipt of a petition in conformity with the provisions of section one of this Act, shall publish, in the official newspaper of said city and county, a notice of their intention to make such [change]. Said notice shall be published for thirty days, and shall describe the proposed change, and designate the limits within which the lots of land to be benefited shall be assessed to pay, and damages that may be awarded by reason of the change.

*Second.* Within twenty days after the first publication of said notice, any person claiming that he or she would sustain damage, by reason of such change, shall file a petition with the County Clerk, addressed to the County Court, setting forth the fact of his or her ownership, the description and situation of his or her property, its market value, and the amount of damage, over and above all benefits, which he or she would sustain by reason of the proposed change, if completed, asking the appointment of Commissioners to assess such damage; which petition shall be verified by the oath of the petitioner, or his or her agent.

*Third.* On the filing of such petition, the said County Court shall take jurisdiction of the proceedings, and the County Clerk shall immediately give notice thereof to the President of the Board of Supervisors.

*Fourth.* At the expiration of the time of publication of said notice, and at the time indicated by said notice, or at such other time to which it may be continued, the County Court shall appoint three citizens, who are freeholders in said city and county, and competent judges of the value of real estate therein, and not interested in said proceedings, as Commissioners, to

assess the benefits and damages to each separate lot of land within the limits designated in the notice.

*Fifth.* The Commissioners shall be sworn by the County Judge to make the assessments of benefits and damages to the best of their judgment and ability, without fear or favor, and that they have no interest in the controversy, nor in any of the land within the limits designated, which oath shall be filed with the County Clerk as part of the proceedings. A copy thereof, and of the order of appointments, certified by the Clerk, may be delivered to said Commissioners as their authority.

*Sixth.* Said Commissioners shall visit and inspect the premises to be assessed, and the premises for which damages are claimed, with a committee from their body, appointed for that purpose by the Board of Supervisors.

*Seventh.* Said Commissioners shall have power, and it is hereby made their duty, to examine, under oath, which any one of them is hereby authorized to administer, any witnesses produced before them by any party, touching the matters to be investigated, and such other witnesses as they may deem necessary to fully acquaint themselves with the actual amount of benefits and damages which will result to the respective parties interested in the proposed change.

*Eighth.* Said Commissioners, having determined the damage which will be sustained by each petitioner, over and above all benefits by the completion of the proposed change, shall proceed to assess the whole amount thereof, together with the costs, charges and expenses of the proceedings, including the compensation to the Commissioners for their services, to be taxed and allowed by the County Judge, ratably, upon the several lots of land benefited within the limits designated in said notice, so that the same shall be distributed according to the benefits produced by such change, as nearly as possible.

*Ninth.* Said Commissioners shall make their report in writing, and shall subscribe the same and file it with the County Clerk. In their said report they shall describe each piece of property which will sustain damage, stating the amount of the damages which it will sustain over and above all benefits; and they shall also give a brief description of each lot benefited within the designated limits, the name of the owner, if known, and the amount of benefit assessed against the same. In case the three Commissioners do not agree, the award agreed upon by any two of them shall be sufficient. On the filing of said report, the County Clerk shall notify the Board of Supervisors, in writing, of the fact, and thereupon the said Board shall by ordinance confirm or reject said report. If they confirm it, the grades of the streets shall be changed as contemplated, and the Clerk of the Board of Supervisors shall notify the County Court that the Board have confirmed the report. The County Court shall thereupon enter up judgment against each lot assessed for benefits, describing the same as accurately as can conveniently be done. Upon which judgment, an order of sale may issue by order of the Court, commanding the Sheriff of said city and county to collect the amount therein mentioned by sale of the lot assessed in the mode prescribed by law for the sale of real estate, the proceeds to be paid by the Sheriff to the Treasurer of the City and County of San Francisco, who shall place the same to the credit of the Street Department Fund; and the same shall be paid, and the Treasurer of said city and county shall pay the amount collected for damages into the County Court, which shall hold, invest and distribute the same in the same manner as provided in section nineteen of an Act, entitled "an Act to declare and regulate the power of the Board of Supervisors of the City and County of San Francisco, to take private lands for certain public improvements, and to prescribe the manner of its execution," approved April fourth, eighteen hundred and sixty-four. All such judgments shall be in favor of the City and County of San Francisco, and shall be a lien upon the lot until the same is paid; but no sale shall be made nor execution issue until the County Court shall determine that said work has been completed.

SEC. 3. Before entering up judgment, the Court shall fix a day for hearing parties who may feel aggrieved by reason of any of the proceedings; but no objection shall be considered except such as are specifically set forth in writing by the parties; and all errors, omissions and irregularities not specifically set forth shall be deemed to be waived. Any party dissatisfied may, within thirty days after judgment against him or his lot, or the order to pay the damages assessed, appeal to the Supreme Court to review the matter complained of, and the appeal shall be taken in the manner and with the same effect as prescribed in, and in all respects be in conformity to an Act, to declare and regulate the power of the Board of Supervisors of the City and County of San Francisco, to take private lands for certain public improvements, and to prescribe the manner of its execution, approved April fourth, eighteen hundred and sixty-four; and all subsequent proceedings shall be in conformity therewith and with the same effect.

SEC. 4. All acts and proceedings under this law shall be liberally construed, and the judgments and proceedings of the County Court shall be construed like judgments and proceedings of Courts of general jurisdiction.

SEC. 5. The Sheriff shall collect fees for the execution, in case an execution issues, as in

other cases; but each party may pay to the Treasurer the amount of the judgment against him, and the Treasurer's receipt being produced to the County Court, satisfaction of the judgment shall be entered by the Clerk. The Clerk shall not charge any fees for the proceedings unless execution issue, in which case he shall be authorized to charge five dollars for each execution, to be collected by the Sheriff on the execution.

*Unclaimed Property.*—To provide for the safe keeping and disposition of all lost, stolen, or unclaimed property of every kind which may be in the possession or under the control of the Chief of Police of said city and county, or which may hereafter come into the possession of the Police of said city and county.—[Act April 25, 1863, Sec. 1, Sub. 10.]

*Urgent Necessities.*—To expend and order paid out of the General Fund, not to exceed two thousand dollars per month, for objects of urgent necessity.—[Act April 26, 1862, Sec. 1, Sub. 10.]

*Vehicles.*—To provide for the summary removal and disposition of any or all vehicles found during certain hours of the day and night, to be designated by said Board, in the streets, highways, and public squares of said city and county, or such of them as said Board may designate; and, in addition to all other remedies, to provide, by regulation, for the sale or other disposition of said vehicles so found in said streets, highways, or public squares, as aforesaid.—[Act April 25, 1863, Sec. 1, Sub. 5.]

*Yerba Buena Cemetery.*—To remove the remains of the dead from the Yerba Buena Cemetery to some other burial ground, and to dedicate the land now known as the Yerba Buena Cemetery for such purpose of a public nature as they may deem proper, and to allow and order paid out of the General Fund, a sum not to exceed ten thousand dollars.—[Act April 27, 1860, Sec. 1, Sub. 14.]

For enclosing with wood and removing the remains of the dead in Yerba Buena Square, ten thousand dollars, in addition to former appropriations.—[Act March 14, 1868.]

## ARTICLE VI.

## FINANCE AND REVENUE.\*

SEC. 75. All fines, penalties, and forfeitures, imposed for offenses committed within the said city and county, shall be received by the Clerk or Magistrate of the respective Court and paid into the Treasury thereof, as a part of the Police Fund; forty per cent. of all poll taxes collected in said city and county, or any other proportion of such poll taxes which may be hereafter assigned to said city and county, by law, shall also be paid and received into the treasury thereof, as a part of the Police Fund. All demands payable out of said fund, may, in case there be not sufficient money in the Treasury arising from the sources specified in this section, be paid out of the General Fund of said city and county.

SEC. 76. The School Fund of said city and county shall consist of all moneys received from the State School Fund; all moneys arising from taxes upon property which shall be levied each year for that use, by the Board of Supervisors, and which shall in no case exceed the rate of thirty-five cents on each hundred dollars' valuation of all property, real and personal, liable to be assessed. The General Fund consists of all moneys in the Treasury not designated and set apart by law to a specified use, and of the overplus of any Special Fund remaining after the satisfaction of all demands upon it. The Surplus Fund consists of any moneys belonging to the General Fund remaining in the Treasury after the satisfaction of all demands due and payable, which are specified in the first fourteen subdivisions in section ninety-five. The fiscal year shall be the same as that of the State.

SEC. 77. All taxes assessed upon real and personal property in said city and county, shall be payable and be paid directly to the Treasurer thereof; and in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable in the mode prescribed by law for the collection of such State and County Taxes. The taxes due, however, may be paid to the said Treasurer at any time before the property is sold, and on production to the Tax Collector of the proper receipt, and payment of his legal fees for services rendered up to that time, such property shall be discharged.

SEC. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with, and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid

over, without any deduction of commissions, fees, or otherwise; he shall also be charged with and be deemed debtor to the Treasury for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes have resulted from an irregularity or defect in the assessment, then the Assessor, whose duty it was to make the assessment, shall be liable and be deemed debtor to the Treasury for the amount remaining uncollected for that cause.

SEC. 79. The Treasurer of said city and county shall receive and safely keep in a secure fire proof vault, to be prepared for the purpose, all moneys belonging to, or which shall be paid into the Treasury, and shall not loan, use, or deposit the same, or any part thereof, with any banker or other person, nor pay out any part of said moneys, except upon demands authorized by this Act, and after they have been duly audited; he shall keep the key of said vault and not suffer the same to be opened except in his presence. At the closing up of the same, each day, he shall take an account and enter in the proper book, the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the Treasury, and on what account. If he violate any of the provisions of this section, he shall be considered a defaulter, and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly; if he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use or to the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the Treasury, he shall be deemed guilty of felony, and on conviction thereof, shall suffer imprisonment in the State Prison for a period not less than three nor more than ten years.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of the moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two-thirds. The said Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness, or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he was absent.

SEC. 81. Repealed.—[See Act of the Legislature, March 28, 1859.]

SEC. 82. No payment can be made from the Treasury or out of the Public Funds of said city and county, unless the same be specifically authorized by this Act, nor unless the demand which is paid, be duly audited, as in this Act provided; and that must appear upon the face of it. No demand upon the treasury shall be allowed by the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody, or disbursement of Public Funds, unless his account has been duly presented, passed, approved, and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature, regulating the duties of such officer, on being required in writing, to comply therewith by the President of the Board of Supervisors, or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself without lawful cause, from the duties of his office during the office hours prescribed in this Act; and the Auditor may examine any officer, receiving a salary from the Treasury, on oath, touching such absence.

SEC. 83. The term "audited," as used in this Act with reference to demands upon the Treasury, is to be understood their having been presented to, and passed upon, by every officer and Board of Officers, and finally allowed as required by law; and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, or Board of Delegates of the Fire Department, but only applicable to the constitution and the laws made or adopted by the Legislature in pursuance thereof.

SEC. 84. Every demand upon the Treasury, except the salary of the Auditor, and including the salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the city and county to be allowed, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the Treasury in the city and county is authorized by law, and out of what fund. If he allow it he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors,

ors, or any other Board, or officer, of any demand, which upon the face of it appears not to have been expressly made by law payable out of the Treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date, and value composing it, and refer to the law by title, date, and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by the President of the Board of Supervisors. All other monthly demands on account of salaries fixed by law, and made payable out of the Treasury of said city and county, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor, or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools acting under the express authorization of said Board. Demands for teachers' wages or other expenses appertaining to any school, cannot be approved, allowed, or audited, to an amount exceeding the share of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and Officers must, before they can be allowed by the Auditor, or paid, first be approved by the Police Judge and Chief of Police, or if they refuse, or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the Treasury, or any Public Funds of said city and county, and not herein before in this section specified, must, before they can be allowed by the Auditor, or in any manner be recognized or paid, be first approved by the Board of Supervisors; or, if the demand be under two hundred dollars, by the President and two members thereof, appointed by the Board for that purpose, with power to act under and subject to its instructions and regulation during recess of the said Board. The Auditor must number and keep a record of all demands on the Treasury allowed by him, showing the number, date, amount, and name of the original and present holder; on what account allowed, out of what fund payable, and, if previously approved, by what officer, officers, or Board it has been so approved; and it shall be deemed a misdemeanor in office for the Auditor to deliver any demand with his allowance thereon, until this requisite shall have been complied with.—[Amendment April 18, 1857.]

SEC. 86. The President of the Board of Supervisors, Auditor, Chief of Police, President of the Board of Education, and each Supervisor, shall have power to administer oaths and affirmations concerning any demand on the treasury, or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the city and county, individually, and on his official bond, for the amount of the demand so illegally approved, allowed, or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer, and Clerk of the Board of Supervisors, at any time during business hours. Copies, or extracts from said books, duly certified, shall be given by the officer having the same in his custody, to any citizen demanding the same, and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.—[Amendment April 18, 1857.]

SEC. 87. The Auditor is the head of the Finance Department of the city and county, and as such is required to be constantly acquainted with the exact condition of the treasury, and every lawful demand upon it. He shall keep a public office, and give his personal attendance there daily, during the office hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling, while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business, or urgent necessity, he shall lose his salary for the day, and it shall be a part of his official duty to keep account of the times and occasions when he shall be so absent from duty.

SEC. 88. Every lawful demand upon the treasury, duly audited, as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it with an indorsement of the word "registered," dated and signed by the Treasurer.

SEC. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of such illegal and fraudulent approval or allowance, to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax Collector,

or other officer or person or persons, who ought to have collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law, and without any delay.

SEC. 90. The salaries, fees, and compensations of all officers, including policemen and employés of all classes, and all teachers in common schools, or others, employed at fixed wages, shall be payable monthly; and any demand whatsoever upon the treasury hereafter accruing, shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Board of Supervisors, or Board of Education, then, within one month after the regular session of the proper Board, held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is in all respects just and legal, and that the presentation of it as above required was not in the power either of the original party interested, or his agent, or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

SEC. 91. The Treasurer, for money received into the treasury, and all other officers of said city and county receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to, and countersigned by the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date, and amount, by whom, and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence, in favor of such person or officer, of the payment specified in it, without being first countersigned as above required, shall forfeit to the said city and county double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said city and county, except the Board of Education, in the rejection of, or refusal to approve or allow, any demand upon the treasury, presented by such person, he may appeal, and have the same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterwards be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made of its having been so entered before it can be paid; *provided*, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand, payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors, or the Board of Education, the opinion of the District Attorney thereon, shall be required in writing, read and filed; and upon such appeal, and in all other cases upon the approval or allowance of any demand upon the treasury, or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. If any expenditures not authorized by this Act, be incurred, they can never be paid out of the Treasury, nor shall they be deemed to constitute, or lay the foundation of any claim, demand, or liability, legal, equitable, or otherwise, against the said city and county. If expenditures be incurred, which are authorized by this Act to be paid out of the surplus funds in the Treasury, but not for the preferred objects specified in section ninety-six, such expenditures can only be paid out of such surplus funds and revenues strictly appertaining to the fiscal year in which such expenditures have been ordered, or the contracts therefor entered into, and cannot be carried forward and paid out of any revenues accruing and receivable into the Treasury for any subsequent year; nor shall any demand for, or arising out of, any such expenditure, contract, or consideration, be deemed to be a legal or equitable claim or liability against the said city and county, or the treasury thereof, or the taxable property of tax payers, otherwise than as in this section provided; and no demand preferred against the said city and county, or the treasury thereof, which is not legally obligatory under the provisions of this Act, can be recognized, assumed, or legalized, so as to give it any validity, or authorize the payment thereof.

SEC. 99. [Repeals former Acts, and provides that all laws and parts of laws defining the powers and duties of Supervisors or Boards of Supervisors, are declared inapplicable to the said City and County of San Francisco, except such as are expressly referred to in, and made applicable thereto by the provisions of this Act; also, all laws and parts of laws, as far as they conflict with the provisions of this Act. SECTION 1. On or before the first Monday in June, in each year, the Assessor of the City and County of San Francisco shall deliver to the Clerk of the Board of Supervisors of said city and county, a list, containing the names of all persons, firms, corporations, and associations, who have given in a sworn statement, or whose personal property has been finally assessed, as provided for in section three of An Act to provide Revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, and the acts amendatory thereof and supplementary thereto, and the amount of the tax on personal property assessed to each of said persons, firms, corporations and associations. Said list shall be certified by the Assessor; provided, however, that the Assessor may, at any time prior to the last Saturday in October, in each year, specially assess any property which shall not be on the regular list, as provided in section eleven of said Act, approved April twenty-ninth, eighteen hundred and fifty-seven. As soon as the Clerk of the Board of Supervisors shall receive said list, he shall give notice of the fact, specifying therein the time of the meeting of the Board of Equalization, for the correction of errors in the assessment of personal property, as provided in section two of this Act, by publication in one or more daily newspapers published in said city, and he shall keep said list open in his office for public inspection.

SEC. 2. The Board of Equalization of said city and county, as constituted by section eight of an Act to provide Revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, shall meet on the first Monday in June, in each year, for the correction of errors in the assessment of personal property, and shall continue in session, from time to time, until such errors brought to their notice shall be corrected; provided, however, that they shall not sit after the third Monday in June. Said Board shall have power to determine such complaints only as shall be made to them upon sworn statements in writing in regard to the assessed value of any property, and may change and correct any such valuation, either by adding thereto, or deducting therefrom, if the sum fixed in the assessment roll is proven to be too small or too great. During the session of the Board, the Assessor may be present, and shall have liberty to make any statement touching questions before the Board. During the session, or as soon as possible after the adjournment of the Board the Clerk shall enter upon said assessment roll all the changes and corrections made by the Board, and thereupon deliver the assessment roll, so corrected, to the Auditor of said city and county, whose duty it shall be to add up the columns of valuation, and on or before the first Monday in July he shall deliver to the Tax Collector a true copy of the corrected roll, to be styled a "Duplicate Assessment List of Personal Property," with the total of taxes to each person, firm, corporation, and association, carried out in separate money columns, which said duplicate assessment list shall be duly certified by said Auditor.—[Amendment February 27, 1864.]

SEC. 3. The personal property assessment list referred to in section one of this Act, and the copy thereof named in section two of this Act, shall be made in the form and bound in the manner now provided by law.

SEC. 4. Upon receiving the tax list of personal property from the Auditor, the Tax Collector shall immediately give notice, by publication in three daily newspapers published in the county, that the taxes on personal property are due and payable, and such notice shall be continued until the first Monday of August next succeeding; he shall also cause a notice to the like effect to be addressed to each person, firm, corporation or association, named in said list,

and shall deposit the same in the post-office in said city, for delivery, the names of the persons, firms, corporations, or associations, alone to be considered a full address for the purposes of this Act.

SEC. 5. All taxes on personal property remaining due and unpaid on the first Monday of August in each year shall then become delinquent, and the Tax Collector shall, at the close of his official business for that day, enter upon the personal property tax list a statement that he has made a levy upon all the property assessed in said list upon which the taxes have not been paid, and thereafter he shall charge two and one-half per cent. on the amount of such delinquent taxes, and on the first Monday in September then next following he shall charge two and one-half per cent. additional on all such delinquent taxes on personal property then remaining due and unpaid. The taxes on special assessments of personal property, provided for in section one of this Act, shall become delinquent, and be subject to the additional charges above named, and the property assessed to be levied upon in the form and manner hereinbefore described at the expiration of thirty days after notice to the persons, firms, corporations or associations assessed, that such tax is due and payable. The additional charges on delinquent taxes provided for in this section shall be paid into the County Treasury, for the use of the city and county; *provided*, that the delinquent taxes on personal property shall not be chargeable in addition to the per centage above imposed, with the five per cent. now imposed by law in section thirteen of said Act of April twenty-ninth, eighteen hundred and fifty-seven.

SEC. 6. At any time after the first Monday in August of each year, the Tax Collector is authorized and required, in person or by deputy, to seize and take possession of any personal property on which the assessed taxes have not been paid, or any personal property belonging to any person, firm, corporation, or association, delinquent for taxes on personal property, and to sell, at public auction, sufficient thereof to satisfy the taxes due, and the costs of seizure and sale, upon giving notice of the time and place of sale, by publication once in any newspaper published in the county; said time and place of sale shall be such as the Tax Collector may select, and shall be authorized to employ an Auctioneer to conduct said sales, all expenses being chargeable to the party or parties delinquent.

SEC. 7. In seizing and selling property in accordance with section six of this Act, the Tax Collector shall be governed by his judgment as to the quantity necessary to satisfy the taxes due, and costs; and should the quantity taken by him prove more than necessary for the purpose named, the portion remaining unsold may be left at the place of sale, at the risk of and subject to the order of the person or persons delinquent, and all proceeds of sales over and above the amount due for taxes and costs, shall be returned by the Tax Collector to the person or persons on whose account the sale was made; and in case said person or persons cannot be found, or shall decline to receive said balance, then the Tax Collector shall deposit the amount with the County Treasurer, subject to the order of said person or persons; and if the same be not demanded within six months from the date of deposit, then the Treasurer shall pay the same into the County Treasury. And when no sufficient visible property can be found to pay said taxes or costs, or when the Tax Collector is in doubt whether said visible property is owned by the party taxed, or whether he has a legal right to seize the same, or when the property of an incorporated company shall be assessed, and the owner or owners of such personal property, seizable under section six of said Act of May ninth, eighteen hundred and sixty-two, or such incorporated companies do not pay said taxes on or before the first Monday in August of each year, it shall be the duty of the Tax Collector to commence an action against the owner or owners of such personal property, or against the person or persons taxed, or such incorporated company or companies, in the name of the People of the State of California, in any Court in said city and county of competent jurisdiction, for the amount of taxes against said personal property, or said persons, or said companies. And it is hereby made the duty of the District Attorney of said city and county to prosecute said action whenever required by the Tax Collector aforesaid; and if judgment shall be obtained against the defendants in said action, ten per cent. over and above the amount due shall be taxed and added to the costs against the defendants, for Attorney's fees, and all other costs of prosecution; said ten per cent. to be paid into the Urgent Necessity Fund of said city and county.—[Amendment April 4, 1864.]

SEC. 8. For seizing or selling personal property, as provided in this Act, the Tax Collector shall be entitled to charge and retain in each case, the sum of three dollars, and the same mileage that a Sheriff would be entitled to receive for traveling to the place to make a levy, the same to be added to the costs, and to be recovered from the delinquent party.

SEC. 9. The bill of sale of the Tax Collector shall vest full title to the property sold in the purchaser.

SUPPLEMENTAL XX.—*An Act to facilitate the Collection of Delinquent Taxes in the City and County of San Francisco.*—Act March 31, 1866.

the Tax Collector of said city and county shall have completed a list of the names, alphabetically arranged, of all persons, firms, corporations and associations, who have not paid the taxes for the current fiscal year, on the personal property assessed to them, giving the name of each person, firm, corporation, or association, so delinquent for and owing such taxes, and giving, opposite each name, the gross amount due for such taxes and costs, inclusive of twenty-five cents in each such case, which shall be charged and collected for the purpose of defraying the expenses of publication of said list. The said publication of said list shall be made by not less than one insertion, one time per week, for three successive weeks, in such daily newspaper, or a supplement thereto, published in said city and county, and in such form as the Mayor, Auditor, and Tax Collector, or a majority of them, may order, such order to be filed in the office of the Clerk of the Board of Supervisors; the first insertion herein provided for, to be on or before the third Monday in said September. The said Tax Collector shall pay into the Special Fee Fund of said city and county each and every such sum of twenty-five cents, herein provided to be charged and collected, and the Board of Supervisors are hereby empowered to authorize payment, out of said fund, of the necessary expenses of such publication.

SEC. 2. The Tax Collector shall pay into the Special Fee Fund of said city and county all sums of money so collected by him as such five per cent.

SEC. 3. The Sheriff and each Constable in said city and county is hereby prohibited from releasing from levy and attachment any personal property on which any taxes are due and payable to the State, and said city and county, or on which any such taxes, by course of law, have become a lien; also, from paying over to any creditor or other person the proceeds of sale, or any portion thereof, of any such personal property, on which any such taxes are so due, or have become a lien.

SEC. 4. The Treasurer of said city and county is hereby required to retain from any amount of money, due and payable from said city and county, to any person or persons owing and liable for any personal property or poll tax to the State and said city and county, or either, and to pay over to the Tax Collector such sum or amount as is due for such tax and costs; *provided*, the said Treasurer shall have been first served by the Tax Collector with a notice that such a tax is due, the amount thereof, and costs, being mentioned in such notice. An assignment of any demand on the treasury shall, in no wise, defeat the object of this section.

SEC. 5. No order or decree for the distribution of any property of any decedent, shall be made by the Probate Judge, until the administrator or administrators, executor or executors, executrix or executrices, (as the case may be) shall have filed in the Probate Court, his or her or their good and sufficient affidavit, that all personal property taxes due the State and said city and county, that have attached to, or accrued against the estate of such decedents, have been fully paid.

SEC. 6. The District Attorney shall pay into the Special Fee Fund of said city and county, all sums of money collected by him by law, as District Attorney's fees, in suits for the collection of delinquent personal property taxes, and the Board of Supervisors are hereby empowered to authorize, by resolution, to be paid out of the said fund such amount or amounts as they may deem necessary and proper, for the payment of such professional aid to [the] District Attorney, as he may need and employ, in such suits for the collection of delinquent personal property taxes; *provided*, such amount or amounts, so authorized, shall not exceed the sums of money so collected as District Attorney's fees, and paid into said fund by the said District Attorney.

SEC. 7. Whenever any person, party, firm, corporation, or association, shall have been served by the Tax Collector, or by a Deputy Poll Tax Collector, with a notice, written or printed, or both, that a certain person in his or their employ, and in such notice mentioned, has refused or neglected to pay a poll tax or poll taxes, then due and payable, the amount so due and payable being mentioned in such notice, then and immediately such person, party, firm, or corporation, and his or their personal property shall become liable and responsible for the amount so due, the same and equally as if the said person, party, firm, corporation, or association, had originally, and in the first instance, owed and been responsible for such poll tax or poll taxes; *provided*, that such liability shall not exceed the amount due and owing from such person, party, firm, or corporation, to such certain person mentioned in said notice; and, *provided, also*, that such person, party, firm, corporation, or association, shall not be compelled to pay such poll tax or poll taxes, until the expiration of five days after the date of service of such notice, inclusive of the day of service; and, *provided further*, the names of a portion of all such certain persons, so owing poll taxes, and in one and the same employ, may be mentioned in one and the same notice.

SEC. 8. The interest of any person, a non-resident of this State, in any vessel registered in this State, whether such vessel be engaged in inland, foreign or coastwise voyages and trade, or

be unemployed, shall be liable to seizure and sale for non-payment of taxes on such interest, the same as if such interest was the property of a resident of this State.

SEC. 9. Whenever, through error or design, any person shall have paid to the Tax Collector a less sum of money than was justly due on any certain piece or parcel of real estate, in said city and county, as shown by the assessment roll, and shall have received therefor the Tax Collector's receipt, the sum so paid being mentioned in such receipt, and such receipt purporting to be in full satisfaction of all the taxes due on such certain piece or parcel of real estate, while the assessment roll shows a greater amount than that mentioned in such receipt to have been due, then and in such case, the Tax Collector may enter upon the said assessment roll, opposite the description of such certain piece or parcel of real estate, and to the credit of the person and property assessed, the amount or sum so paid and mentioned in such receipt, in which case he shall deposit in the post office in said city and county a notice of such short payment and credit; also of the amount of balance due: such notice to be addressed to the person or persons assessed, or to the person who so paid such less sum, and shall enter upon the assessment roll the date of such notice being so deposited in such post office. The balance remaining due shall, if unpaid at the time the taxes become due on said certain piece or parcel of real estate, for the next succeeding fiscal year, be added to such taxes for [the] next succeeding fiscal year, and become in every respect, for all the purposes of collection, a portion, part and parcel thereof, but, when collected, shall be entered and credited in a proper manner in the proper books of the fiscal year in which the same first became due, and to the credit of the person and property assessed.

SEC. 10. The tax sale, for non payment of taxes on real estate in said city and county, shall, in each year, be holden either in or in front of the the Tax Collector's office, in said city and county, but, during the progress of such sale, may be adjourned from one to the other such place, whenever in the judgment of the Tax Collector circumstances may render necessary such an adjournment.

SEC. 11. The delinquent tax list, which the Tax Collector is by law required to cause to be published on or before the fourth Monday in November, in each year, shall be published in such daily newspaper, (or supplement thereto) published in said city and county, and in such form, in conformity to law, as the Mayor, Auditor, and Tax Collector, or a majority of them, may order; the order thereof to be filed in the office of the Clerk of the Board of Supervisors of said city and county.

SEC. 12. The Tax Collector shall not be required to regard any instructions given him as to what portion of any certain piece or parcel of real estate described in the delinquent list, he shall sell for non-payment of taxes, unless such instruction is accompanied by an affidavit that the person giving and signing such instruction is the owner or owner [s] in possession of such piece or parcel of land as assessed, or of the portion thereof embraced in such instructions, and unless such instructions and affidavits are filed in the office of the said Tax Collector prior to the day first set and advertised for the commencement of the tax sale for the then current fiscal year.

SEC. 13. The Tax Collector may require from each bidder at the tax sale such deposit as he may deem a sufficient earnest and guarantee of the good faith of the bidder, which deposit he may, at his option, return to such bidder, or pay into the Special Fee Fund of said city and county, in the event of such bidder becoming the purchaser, and failing to pay the balance due in conformity to the provisions of law, or failing to pay the full amount of such purchase, in accordance with the provisions of law.

SEC. 14. In the event of the sale for non-payment of taxes, of any piece or parcel of real estate, through error, accident, or misapprehension, on which the taxes for the then fiscal year had been paid, or which by law was exempt from taxation, the Tax Collector shall place on special deposit with the Treasurer, subject to the order of the purchaser, the amount paid therefor by such purchaser, and shall file with the Auditor an affidavit signed by himself, setting forth the facts and the reasons for such special deposit, and shall serve upon the purchaser aforesaid a notice of such deposit, if conveniently found, otherwise he shall deposit such notice in the post office in said city and county. He shall also cause to be noted properly in the books of description in his office, and in the office of the County Recorder, a condensed statement of the facts in relation to such proceedings and deposit, which shall be legal notice thereof.

SUPPLEMENTAL XXI.—*An Act to provide for the Registration of the Citizens of this State.*—  
Approved March 19, 1866.

The following is a condensation of the provisions of the Registry Law (see Statutes of California 1865-66, page 288, and Statutes 1868, page 647) so far as they relate to the qualifications of voters, and the mode and manner of preparing the poll lists or voting rolls.\*

1. No one can exercise the right of suffrage in California unless his constitutional qualifications are established by his name being on the GREAT REGISTER, which is a book kept in the

\*We are indebted to the courtesy of Hon. Horace Hawes for the condensation referred to.—[COMPILER.]

office of each County Clerk throughout the State, wherein is to be entered, upon due proof, the name of every citizen who is by the Constitution invested with the elective franchise. *A single exception is allowed in favor of those becoming of age within thirty-five days next preceding the election at which they may offer to vote.*

2. No one can vote at any election appointed or authorized by law, unless his name be enrolled on the POLL LIST of the election district where he resides, which list is to be made out *previous* to the election.

3. Every one must have his name on the poll list thirty days before the election, or if he applies to be enrolled afterward he must show a satisfactory reason for the delay.

4. No one can vote for *any officer*, either general or local, except in the particular election district where he resides, nor there, unless he has resided there for thirty days next before the election, except where a voter removes within the thirty days of the election from the precinct in which he is enrolled, in such a case he is entitled to vote where he resides on the day of election on obtaining a transfer.—[Amendment March 30, 1868. See Statute, page 653.]

5. If any one is found enrolled in two districts at the time he offers his vote, then his vote is to be rejected.

6. The poll list serves only for the particular election for which it is made up. A new and distinct poll list is made up for each subsequent election, whether general, local, or special. It is not necessary or proper to cancel names upon the *old* poll list after the election is over. *That* list has then performed its office. It is *functus officio*—officially dead. Consequently, certificates of such cancellation or transfer upon, or from such *former* poll lists, are wholly unauthorized. If, however, one has his name enrolled to vote at a particular approaching election, and afterwards, and thirty days before *that* election takes place, removes to another district, then he must have *such* former enrollment canceled in order to be enrolled in the district which he moves into.

7. In making out the poll lists, the Great Register serves as evidence of *citizenship* only. The *present local residence* of the voter must be ascertained by other means. The Great Register is *no evidence* on that point, even though the residence *at date of registration* be noted therein as the law requires.

8. Making out poll lists by simply copying from the Great Register, or copying a former poll list, is *altogether illegal*. The mode of proceeding in making out the poll lists will be found precisely defined in the *Registry Act* from Sections 18 to 32 inclusive, which in the pamphlet entitled "Citizen's Hand-book" (1867) constitute paragraphs 114 to 128 inclusive, (and the amendments thereto. Act March 30, 1868. See Statutes, pages 647, 655)—also *vide* "Introductory Explanations" to the Registry Act in said pamphlet, paragraphs 13 to 96 inclusive.

SEC. 10. All vessels arriving off the harbor of San Francisco, from ports which have been legally declared infected ports, and all vessels arriving from ports where there shall be prevailing at the time of their departure, any contagious, infectious, or pestilential diseases, (especially small-pox, Asiatic cholera, or yellow fever) or vessels with decaying cargoes, or which have unusually foul and offensive holds, shall be subject to quarantine; and it shall be the duty of the master, owner, pilot, or consignee, to report any and all such vessel or vessels to the Quarantine Officer without delay. *Directions for Key-holders.*—Upon the discovery of a fire near your signal-box, turn the crank slowly and steadily about twenty-five or thirty times. Then wait a few moments, and if you hear no ticking in the box, or alarm on the large bells, turn as before. If you still hear no alarm, go to the next box, and give the alarm from that. Never open the box, or touch the crank, except in case of fire. Never signal for a fire seen at a distance. Be sure your box is locked before leaving it.

Keys of the signal boxes are deposited in the vicinity of each box, at such places as are indicated upon cards placed thereon.

The telegraphic apparatus consists of nearly fifty miles of wire, divided into ten circuits, of which five are signal circuits, or circuits running to the signal-boxes; alarm gongs, located in the different engine, hook and ladder, and hose houses, each connected with the central office by the five alarm circuits; and six alarm bells for striking the number of the alarm box, located as follows: One on the City Hall, one on the engine house on Sixth Street, one on the engine house on Stockton Street, one on the engine house on Second Street, one on the engine house on Sutter Street, and one on the hose house on Pacific Street. The bells and gongs are each struck at the same time by electrical machinery. The police apparatus consists of nine stations, each communicating with the central office in the City Hall, where a constant watchfulness is exercised by the attending operator.

In the summer and fall of 1853, the wooden building was removed, and the basement of the present edifice was erected at a cost of \$13,000. Hendrickson, for several years pastor at Stockton, was called by the congregation to fill the vacancy, and he entered upon his duties on the first of January, 1867; the Rev. O. W. Briggs officiating during the time the congregation was without a regular pastor. This church is now in a flourishing condition, with a membership of one hundred and sixty. This church, or congregation, was organized July 29th, 1849, when Thomas Douglas and Frederick S. Hawley were chosen Deacons, and inducted into office on the following Sunday by Rev. T. D. Hunt,

assisted by Rev. A. Williams. The society met in the school-house on the Plaza, until it was required for other purposes, when the members were deprived of a regular place of meeting for several months. As early as practicable, however, efforts were made for the erection of a suitable house of worship, which resulted in the building of a commodious frame structure, twenty-five by fifty feet, on the corner of Jackson and Virginia streets, which was dedicated to the worship of God, February 10th, 1850. Rev. T. D. Hunt was chosen Pastor, and installed June 26th, 1850, who, in this connection, it is proper to state, was the first Protestant clergyman, located as such, in the State, having arrived at San Francisco as early as October 29th, 1848, and was immediately invited by the citizens, in a meeting called for the purpose, to act as their chaplain for one year, commencing November 1st, 1848, in which capacity he was laboring at the time of the organization of this church. The congregation increased so greatly as to require a larger house; accordingly measures were adopted, in the summer of 1852, for the erection of the present substantial brick edifice, which was dedicated on the 10th of July, 1853. Rev. E. S. Lacy was installed as Pastor, July 6th, 1856, and dismissed October 3d, 1865. Rev. A. L. Stone, D.D., was installed June 14th, 1866.

The whole number of members admitted to the church since its organization is seven hundred and fifteen. The present membership is over four hundred. The cost of the present church property, including lot, building, and repairs, has been about \$70,000.

*Sunday School*—L. B. Benchley, Superintendent; Charles S. Eaton, Assistant. Number at present connected with the Sabbath School, scholars and teachers, is about five hundred; average attendance, three hundred and eighty. A valuable and instructive library of over 1,400 volumes is attached to the Sabbath School.

## EPISCOPAL.

### Grace Church.

Location, corner California and Stockton streets.

*Officiating Clergy*—Rev. JAMES S. BUSH, Rector and Rev. G. A. Easton, Assistant Minister.

Public services every Sunday at 11 A.M., and 7½ P.M.; Sunday School at half past nine in the morning. The congregation was organized in 1849, the statistics of which may be summed up as follows: The first Rector of the church was Dr. J. L. Ver Mehr, who preached his first sermon in California at the house of Mr. Merrill, in this city, September 10th, 1849. A chapel was next built toward the close of 1849, at the corner of John and Powell streets, which was first opened for divine services December 30th, 1849. This was the first Grace Church. It was sixty feet long by twenty wide, and cost eight thousand dollars. On the twenty-eighth of April, 1850, Grace Church was formally organized. E. Bryant and D. S. Turner were elected Wardens, and Dr. Ver Mehr chosen Rector. The first vestry meeting was held on May 20th, 1850. In February, 1851, the contract was made to build the former Grace Church on Powell Street, which was finished that summer. Dr. Ver Mehr preached the first sermon in this edifice. Bishop Kip arrived in San Francisco January 29th, 1854, and on the twenty-fifth day of February following, assumed the Rectorship, at which time Dr. Ver Mehr resigned. The Bishop continued to officiate until Palm Sunday, April 5th, 1857, when F. C. Ewer was ordained, and on the next Sunday he preached his first sermon. On the fourteenth of April Mr. Ewer was elected to be Assistant Minister, and on the twentieth of the same month he took charge of the parish, the Bishop having departed for the Atlantic States. The Bishop having returned and resigned the Rectorship, Mr. Ewer was elected Rector of the Church, December 15th, 1857, and retained that position until April, 1861, when he resigned. At the earnest solicitation of the Vestry, Bishop Kip again became Rector, and served as such until October, 1864. Rev. H. Goodwin being then Assistant Minister, continued as such, when, in September, 1866, he was elected Rector, and on the first of July, 1867, resigned. The Rev. James S. Bush was then elected Rector and entered upon his duties in December following.

The corner stone of the present church edifice was laid by Bishop Kip in May, 1860. The building is one hundred and thirty-five feet deep and sixty-two feet wide. Height, from floor to apex of roof, sixty-six feet. The edifice was first opened for public worship September 28th, 1862, and was consecrated on the third day of May, 1863.

### St. John's Church, Mission Dolores.

Location NE corner of Fifteenth and Valencia streets.

Rev. T. W. BROTHERTON, Rector; residence north side of Mission between Eleventh and Twelfth.

This church was established in November, 1857—the Rev. John Chittenden, President of the San Francisco College, then a lay reader, licensed by the Bishop of the Diocese, officiating as its Minister. The parish, of which this is the church, was instituted in February, 1858. The inhabitants are indebted mainly to the liberality of a few individuals and to the Rev. John Chittenden for the first introduction of this church service into the neighborhood. The Rev. J. Cameron, ordained in April, 1860, officiated as Curate—the Rev. J. Chittenden being his Rector. By the energy of the Curate, assisted by his brother clergymen, he has established the Episcopal Church permanently in this vicinity. Services are held at 11 A.M., and 7½ P.M., Sundays. It is worthy of being noted that the ministers, organist, choir, and other assistants, give their services gratuitously. The present Rector took charge on the first of August, 1861. The first of August, 1862, a church edifice was commenced, on a lot presented by the ladies of the congregation to the Vestry, which was finished in November of the same year. The new church is built in the early English First pointed style, at a cost of \$3,500, with furniture, etc., and is capable of accommodating two hundred and fifty persons. The Sunday School numbers about one hundred and sixty-five scholars and twelve teachers. Number of volumes in the library, one thousand.

*Officers*—W. O. Andrews, Senior Warden; Wm. Greene, Junior Warden; Charles E. Gibbs, Treasurer; J. W. Haynes, Secretary; Theodore E. Smith, E. E. Eyre, C. Christiansen, L. V. H. Howell, Wheeler Martin, James Linforth, R. Murray, and R. A. Thompson, Vestrymen.

### Church of the Advent.

This church is located on Howard Street between Second and Third. It was completed and consecrated February 24th, 1861.

Rev. H. D. LATHROP, Rector.

The parish was established with its first Rector, June, 1855.

Services every Sunday at 11 A.M., and 7½ P.M., and on Wednesday evening at 7½ o'clock, in the Sunday School Chapel; Sunday School at 9½ A.M.

*Officers*—C. Langley and Cutler McAllister, Wardens; L. A. Garnett, M. S. Latham, W. B. Bourne, I. Blunxome, Jr., J. Pakuchie, J. C. Winans, George Hewston, H. L. Davis, E. G. Tibbey, Edward Barry, E. W. McKinstry, Randolph Harrison and George Wallace, Vestrymen.

The new church, with its lofty steeple, forms a conspicuous object in the southern part of the city. The architecture is nearly pure Gothic. Some mod-

ifications in the Romanesque style have been introduced, adding materially to the light and graceful effect. The exterior is of a rich dark brown, and, with its lofty lantern, reminds one of "St. Dunstan's in the East," London, built by Sir Christopher Wren, and copied by him from the fine old church of St. Nicholas, Newcastle, England.

The interior is plain and elegant, and offering an auditorium in the clear of fifty feet by eighty, or one hundred and twenty feet in depth with the chancel. The walls are painted in imitation of stone; the ceiling which is divided with delicate tracery, springs gradually to the apex of the roof, and is painted light blue. The chancel is a model of neat, unpretending architecture, and with the pulpit, which is very high, is much in the old English style. A very attractive feature are the Ten Commandments, which fill up the niches at the rear of the chancel. The windows are lofty and divided into diamond-shaped sections by a lattice work of wood on the inside.

The lot, with the edifice and furniture, cost the society \$27,000.

### St. James Church.

Rev. F. DILLON EGAN, Rector; residence 7 O'Farrell Street.

St. James Church was organized January 19th, 1866, as a free Episcopal Church, with full choral and full ritual services. This church grew out of the Episcopal Mission Sunday School; W. G. Badger, Superintendent.

For a length of time they worshipped at Dasha-way Hall, but they now occupy a new and elegant structure of their own situated on the north side of Post Street, between Mason and Taylor.

This church has been built by the energy of a few persons, and will no doubt in a short time rank among the first churches on the Pacific coast; they have a surplused choir of some twenty boys, and the music would do credit to any city in the world. Services on Sundays are the Holy Communion, at 8 in the morning; full Choral Service and preaching at 11 A.M.; and preaching with the full Choral Service in the evening. Strangers are always welcome to this church, and seats are free to all.

This church will compare favorably with any other in this city; it is sixty by one hundred and thirty-seven feet, and seats one thousand people.

*Officers*—W. G. Badger, Senior Warden; Joseph White, Junior Warden; F. A. Fabens, Treasurer; Edward Stanly, Charles E. Hinckley, William Ingraham Kip Jr., T. M. Logan, Joseph Bluxome, W. A. Brown, W. R. Maurice, J. M. Willey and W. A. Parker, Vestrymen.

### St. Luke's Church.

Location south side of Pacific Street, between Polk and Van Ness Avenue; Rev. F. O. Barstow, Rector. Residence, north side Vallejo Street, between Leavworth and Hyde. Services, Sunday at 11 A.M. Sunday School at 2½ P.M.

The first services of the Protestant Episcopal Church at Spring Valley, which led to the organization of this church, was held by the Rev. Giles Easton, Assistant Rector of Grace Church, in Spring Valley School House, on Broadway, between Larkin and Polk, on the 4th of March, 1866.

A Sunday School was shortly after organized, with Mr. John Wigmore as Superintendent, and Mr. Edward Barry as Librarian. The Mission was at that time called St. Andrews' Church.

On the 12th of August, 1866, Rev. D. J. Lee took charge of the Mission, and changed the place of holding service to Pixley Hall, on the corner of Pacific and Polk streets. Shortly after a Society of Ladies, under the name of Martha Society, was formed, for the purpose of raising a fund to purchase

a lot and to erect a church building thereon. About this time the name of the Mission was changed to the Church of the Nativity.

The Rev. Dr. Lee having resigned in October, 1867, Rev. F. O. Barstow was appointed as Missionary to the station. At this time, there being no Superintendent of the Sunday School, W. R. Wadsworth, Esq., very kindly volunteered to act as such until the Minister could take charge himself, which he has now done (August 2d, 1868).

In March, 1868, the Ladies of the Martha Society were requested to furnish a name, by which this church is now known, and under which the Parish was incorporated. The building occupied by the congregation has been recently completed, and will accommodate nearly eight hundred persons.

### St. Peter's Church.

Services held at present every Sunday afternoon at the usual hour, in the German M. E. Church building, on Broadway between Stockton and Powell.

This Parish was organized in the early part of the fall of 1867, through the zealous efforts of several earnest Laymen, with a view to supplying the large population, resident in that portion of the city, known as the North Beach, with the ministrations of the Church. On many accounts a difficult field of labor, it is hoped that in time, through faith and earnest missionary zeal, a self-supporting Parish will be established there.

A Sunday School has been organized, and is in a very flourishing condition. The Parish is incorporated, and also admitted into communion with the Diocesan Convention.

It has been favored with the ministrations of several of the city clergy, especially the Rev. H. D. Lathrop. At present the officiating Minister is the Rev. F. O. Barstow. The Vestry hope soon to secure a house of worship better suited to the wants of the Parish.

*Officers*—W. K. Benjamin and H. T. Graves, Wardens; Charles Jackson, Samuel Graves, W. W. Wood, Stephen Fletcher, D. O. Kelley, A. B. Graves, Vestrymen.

Caldwell, Frederick Billings, Dr. George F. Turner, Mrs. Sarah B. Gillespie, Mrs. Ann Hodgson, and Mrs. Margaret A. Geary, were the original members; Capt. E. Simmons, E. Woodruff, and H. Grimes, were the first Trustees.

During the summer of 1849, the congregation worshipped in a tent on Dupont Street, afterward in a store room of the Custom House, and in the Superior Court Room, City Hall, until January 19th, 1851, when a neat Gothic edifice was erected on Stockton Street, near Broadway, capable of holding seven hundred persons. This house was destroyed by the great fire of June 22d, 1851. A plain building was immediately erected on the same spot, in which the congregation worshipped until August, 1857; and from that time until May, 1858, their meetings were held in the Chinese Mission Chapel. Their present fine house of worship was built in the summer and autumn of 1857, at a cost of about \$60,000, including the lot, furniture, and fixtures. It is in the Gothic style of architecture throughout. The main building is one hundred and seventeen feet long, or to the outside of the tower, one hundred and twenty-three feet, and is sixty-one feet

wide. Rooms for the Pastor's study and social meetings are on the same floor with the audience room, which last is eighty-one by fifty-eight feet, with a ceiling thirty-nine feet high. A Sabbath School room, fifty-seven by thirty six, is over the front apartments; on the northeast corner of the house is a brick tower, ninety six feet in height. There is an organ gallery that will seat a choir of forty persons, and contains one of the largest and handsomest organs in the city. In all its arrangements the edifice is admirably adapted to its purpose, and at the same time is in accordance with true architectural taste.

The church is in a very prosperous condition, and entirely free from debt. Present number of communicants, three hundred.

The church was erected in the fall of 1854, at a cost, including the lot, of about \$70,000. The church has a splendid organ, built by Henry Erben, of New York, which cost over \$8,000. This is, in all respects, the largest and most costly organ on the Pacific coast, and has few superiors even in the Atlantic States. It has forty-six stops and over 2,000 pipes. The greatest variety of combinations can be made by the use of the various stops and couplings; and for excellence of workmanship and sweetness of tone, it has been pronounced by judges to be unsurpassed. The choir is under the efficient management of Mr. Washington Elliott, Mr. Gustave A. Scott being the organist.

The church building will seat comfortably 1,000 persons. The number of communicants is now about four hundred and seventy-five. The number of scholars and teachers in the Sabbath School is about three hundred; number of volumes in the library, 1,000, which were selected with great care, and form a very complete library.

This property has been recently sold for \$80,000, possession to be given on the completion of the new church edifice now in progress of erection on Union

Square, corner of Geary and Powell Streets. For the 50-vara lot, on which the new church is being built, the Trustees paid \$35,000. The building will front on Powell Street eighty-five feet, and on Geary Street one hundred and twenty-seven and a half feet. Its seating capacity is estimated at 1,200, and its cost nearly \$75,000. The entire building will be completed about the first of January, 1869.

**Howard Presbyterian Church (N. S.)**

Pastor, Rev. HENRY M. SCUDDER, M.D., D.D.; residence, No. 1 Vernon Place. Location, Mission Street near Third. The church was organized September, 1850, to supply a portion of the city then destitute of religious privileges, under the auspices of the Rev. S. H. Willey, who continued in the pastorage for twelve years. The building then occupied by the congregation was dedicated June 17th, 1851; was enlarged and repaired in 1864, and in 1867 was sold to the Third Baptist Society. The present pastor, who was for many years a missionary in India, was installed by the Presbytery of San Francisco, July 23d, 1865, and has since prosecuted his work with great success. The number of communicants is about four hundred. Connected with this church are two Mission Sabbath Schools.

The present church building was erected in 1866, and dedicated January 6th, 1867. The cost, including the lot, was about \$65,000. It will seat comfortably nearly 1,400 persons, and is considered in all respects well adapted for the purposes designed in its erection.

**Larkin Street Presbyterian Church (O. S.)**

Location, corner of Larkin and Pacific Streets. Rev. J. H. McMONAGLE, Pastor.

*Officers*—S. H. Williams, George L. Kenny, F. Leppien, Robert Irwin, Abner Doble, A. A. Bancroft and David Meeker, Trustees.

This enterprise was commenced by Rev. J. D. STROSG, in the Spring Valley School House, in April, 1862. A Union Sabbath School, under the superintendance of E. R. Waterman, had previously existed in the neighborhood for more than two years, but was not formally connected with the church movement till near the close of that year, when an effort was made to erect a house of worship, but failed for want of the requisite funds. During the following summer the effort was revived, and in September, 1863, a Board of Trustees was incorporated, a lot purchased at an expense of \$1,000, plans and specifications prepared by S. H. Williams, and the contract for building the church edifice let to J. W. Duncan. On the fourth of September, 1864, the building was completed and dedicated. It is of wood, seventy-two feet long by forty-two wide, and has seats for about four hundred persons. Its architecture is plain and unpretending, but neat and tasteful, and it is one of the most substantial and thoroughly constructed wooden churches in the State. Its whole cost was a little over \$10,000.

**Central Presbyterian Church (O. S.)**

A Preparatory sermon is preached on Friday evening, before each administration of the Lord's Supper, which sacrament is observed on the fourth Sabbath of alternate months, beginning with January.

This church organization was effected May 14th, 1865, with fifty-three members. It has now (September, 1868) on its roll the names of one hundred and seventy persons. Its handsome house of worship was erected in the summer and fall of 1865, and formally dedicated to the service of God on Sabbath, November 26th, of the same year. The sermon on the occasion was delivered by Rev. John G. Fackler, through whose labors the congregation was gathered, and who was called to the regular pastorage of the church, and installed in April, 1866. The building is constructed of wood, and approaches the Corinthian style of architecture. The Lecture Room, Library, Ladies' Room and Pastor's Study are all on the first floor. The main audience room will seat about five hundred persons comfortably. The pew system has been adopted, although the sittings are always perfectly free to strangers. The whole cost of the building, including gas fixtures, upholstering, carpeting, etc, exclusive of the ground, has been something more than \$11,000. The remaining debt will not exceed \$3,500, the most of which will soon be provided for.

## ROMAN CATHOLIC.

## St. Mary's Cathedral.

Most Rev. JOSEPH S. ALEMANY, Archbishop; Very Rev. James Croke, V. G. Rector; Rev. Denis Nugent and Rev. J. Prendergast, Assistants; Rev. W. Bowman, Secretary; Archi-episcopal and pastoral residence, Dupont Street, adjoining the Cathedral. Location, northeast corner California and Dupont streets. Masses, Sundays, at 6 $\frac{1}{2}$ , 8, 9, and 10 $\frac{1}{2}$  o'clock, A.M.; week days, 6, 6 $\frac{1}{2}$ , 7 and 7 $\frac{1}{4}$  o'clock, A.M.; Vespers, at 7 o'clock Sunday evenings, in winter, and 7 $\frac{1}{2}$  in summer.

The erection of this noble structure was commenced on the seventeenth of July, 1853, during which year the basement portion was built, and the work was resumed the July following. Dedicated December 25th, 1854. The church is seventy-five feet wide, fronting on Californian Street by one hundred and thirty-one feet on Dupont Street, being the largest church in the State. Service was begun at midnight on December 24th, 1854. The basement portion is lighted from both sides and well ventilated. The present expenditure of the building is \$175,000. The church portion is forty-five feet high in the clear, and contains spacious galleries and an organ loft. The ceilings are vaulted with a series of groined arches which are decorated, and every means has been resorted to for accommodation, light, and ventilation. The church can seat twelve hundred persons. The tower is at present one hundred and thirty-five feet high, and when completed, with the spire, will be two hundred feet high. The edifice is of Gothic architecture, which has been carried out in every detail through the building. In all the arrangements for the erection of the church, the greatest attention has been paid to the selection of the best material, and to the combination of strength and durability, which are admirably effected in its construction. Craine & England, architects.

The present dimensions of the Cathedral not being sufficiently large for the vast congregation that attends it, it is intended to add about thirty feet more to its length. An Archi-episcopal and pastoral residence on California Street, as also a beautiful and spacious Baptistery, have been recently erected.

Attached to the Cathedral is a large day school for boys.

## St. Francis.

Reverend VINCENT VINYES, O. P., Pastor; Rev. J. H. Aerden, O. P., Assistant. Pastoral residence, south side Green street, near Dupont. Location, north side Vallejo street, between Dupont and Stockton. Services, Sunday at 6, 8 $\frac{1}{2}$  and 10 $\frac{1}{2}$  A.M.; Sunday School at 2 o'clock, P.M.; and evening devotions at 7 o'clock, P.M.; at 8 $\frac{1}{2}$  o'clock, A.M., the sermon is in Spanish.

This church was organized by Very Rev. Anthony Langlois, in the spring of 1849, through whose efforts a commodious frame building was erected in the month of December, 1849, and was the first Roman Catholic Church organized in San Francisco. Its ground base was forty by one hundred feet, one story in height. During the year 1859-60, a large and commodious church was erected, which was dedicated on the seventeenth of March, 1860. Its design is of the Gothic order, prevalent in the fourteenth century, presenting an illustration of the Christian architecture of that period. The principal features of this imposing structure are the towers, which project beyond the body of the church, and present in their elevation four divisions, rising to a height of ninety feet from the ground. The entrance porch, or vestibule, has two side aisles, a semi-octagonal sanctuary, and two sacristies, and is approached by a flight of ten steps, ascending to the

vestibule, from which, at each side, are entrances to the galleries and baptistry, and in front are the pointed arched doorways which lead to the nave and aisles. In the central space, between the towers, are the three doorways communicating with the vestibule, and thence with the interior. Over the central door there is a large and elegant three-compartment window, and in the gable a highly decorated rose window. Over each side door there is a lofty and spacious niche, which rises from richly molded brick corbels; there are also three marble panels, with appropriate inscriptions, recessed in the brick work immediately over the doorway and gable; the work is finished with a massive and richly decorated cross.

The east and the west sides of the structure are divided by buttresses into eight spaces, in each instance; seven of which contain the large, pointed, arched windows, which light the church. Beneath the floor of the church there is a large, well-lighted basement, which is used as a school-room, and also as a place of meeting for the parishioners. The extreme dimensions of the building are sixty-six feet front by one hundred and thirty-seven and one-half feet in depth; from the floor to the foot of the rafters is thirty-five feet. The cost, when completed, will be nearly \$100,000.

The old building dedicated July 15th, 1855, being found too small for the rapidly increasing congregation, the new Hall of the College is at present used as a Church, and accommodates about 3,000 persons. The church will afterwards be built on the site of the old one. The present portion of the institution, recently erected, cost about \$120,000.

mento. The first regular pastor, the Rev. Joseph Harrington, arrived August 27th, 1852, and died November 2d of the same year, of Panama fever. The second regular pastor, Rev. F. T. Gray, arrived June, 1853, and left in June, 1854, and died in Boston in February, 1855. The third regular pastor, the Rev. R. P. Thomas Starr King, arrived here with his family, April 28th, 1860, and commenced his ministrations the following day (Sunday) before one of the largest congregations ever assembled in this city.

During the period of Mr. King's ministry, the society extinguished a long standing debt of twenty thousand dollars, and erected a new church on Geary Street near Stockton, at a cost of one hundred and fifteen thousand dollars, all of which has been paid. It is one of the most beautiful structures our city contains, and is remarkable for the purity of its architectural design and its interior beauty.

Upon the death of Thomas Starr King, on the fourth of March, 1864, Rev. Dr. Henry W. Bellows, of All Saints Church, New York, President of the Sanitary Commission, and one of the most distinguished and influential ministers of the denomination, responded to an earnest call from the society, and left New York within a few weeks to fill the pulpit thus vacant, for a period of six months.

The Rev. Horatio Stebbins of Portland, Maine, who had received a unanimous call from the society, became the permanent pastor the following September. Since then the society has enjoyed its accustomed prosperity.

The pews of the Church are not owned by individuals, but belong to the society, whose organic laws require that they shall be rented annually at auction to the highest bidder. A clause in the new Constitution of the society provides that the property shall never be pledged, mortgaged, or incumbered for any purpose whatever.

This Society was organized in 1865 for the purpose of affording relief to persons in poverty or sickness, who were subjects of Great Britain at the time of their birth, and of promoting the social and intellectual improvement of its members. Between seven and eight hundred men, including many citizens of the United States, have been admitted to membership, and there are now some four hundred paying members on the rolls. In May the Association was completely reorganized and incorporated, and a Constitution adopted, containing several admirable features, and, among others, provisions for free lectures and debates. From the time of its formation, the affairs of the Society have been carefully and judiciously managed, and its charity dispensed with prudent liberality. It has uniformly co-operated with the San Francisco Benevolent Association and other local organizations, and through its agency, their burthen has been greatly lightened, many hundreds of sick and destitute men, women and children effectively relieved, and a large number provided for with employment. The relief given is, for the most part, temporary; and, at present, under the new system adopted by the Board of Relief, averages \$2 76 per case. During the year ending on April 30th, 1868, the smallest number of applications for any one month was thirty-seven, and the smallest amount expended, \$119; the largest number of applications during the same period was one hundred and thirty-one, for the inclement month of January, involving expenditure of \$303.37. For the year terminating April 30th, 1868, the total number of persons assisted was six hundred and sixty-five, and the total amount expended for their benefit \$2,319.85. The introduction of various literary and social features, and the opening of a correspondence throughout this and the adjoining States and Territories, it is confidently expected, will largely add to the usefulness of the institution, which has already attracted the marked admiration of the people of San Francisco.

It was organized on the seventh of January, 1854, with one hundred and five members, and has rapidly increased until now it numbers thirteen hundred and forty-two city members, and four hundred and eighty in the interior.

Only Germans and persons speaking German are admitted to membership. The chief purpose of the association is mutual assistance in case of sickness, and when sick every member has a right to demand support and medical attendance from the society. The society has a second purpose of doing charity to Germans not members of the association, and especially to German immigrants newly arrived. The wards are smaller than in any other hospital in the city, so that not many patients are put together in a room. The lot upon which the hospital is built is one hundred and thirty-seven feet six inches wide by two hundred and seventy-five feet long, the whole surrounded by a high fence and cultivated in a fine garden, a part planted with ornamental flowers and shrubs, and a part with kitchen vegetables. The property of the society, including the lot and hospital buildings, is worth about \$50,000, and a lot recently

purchased, bounded by Sanchez, Noe, Dale and Vale streets, valued at \$18,000. The revenue of the society amounted in 1867 to \$22,333.90, derived chiefly from a monthly assessment of one dollar levied on each member. The expenses of the hospital in the year 1867 amounted to \$18,882.66. The society has as paid servants in the hospital, a superintendent, an apothecary, a gardener, a cook, and five waiters.

**ORPHAN ASYLUM (CATHOLIC).**—Market near Third Street. Organized March 23d, 1851, and placed under the care of the Sisters of Charity. A frame building for this purpose was commenced in July, and completed in September, 1851. It was occupied in part for a school, and a portion was temporarily used as a church, under the pastoral charge of Rev. John Maginnis. The present capacious brick building was completed in November, 1854,

at a cost of \$45,000. It is a source of gratification to behold the consoling appearance presented by the three hundred and twenty little ones now provided for in the institution, which speaks audibly of the benign influence of the guardian sisters, and of the true liberality of our community in their noble efforts to lend a helping hand to the fatherless. Another spacious brick building, of the same dimensions as that erected in 1854, was completed in January, 1859, for a school, in which five hundred and fifty children, day scholars, receive a useful education. The asylum is conducted under the sole management of Archbishop Alemany, and the Sisters of Charity.

The dilapidated condition of the frame building erected in 1851, and since used for kitchen, refectories and clothes rooms, etc., having become unsafe for the use of the children, a large and commodious brick building has been built recently at a cost of about \$50,000, fronting on Market Street, measuring sixty-eight by seventy-three feet, and an addition has been built in the rear of the asylum.

A farm of fifty-three acres has been purchased at Hunter's Point, where a branch Orphan Asylum has been established for very young children. A large and commodious brick edifice has been erected thereon.

It originally occupied the building on the corner of Second and Folsom streets, owned by Gen. H. W. Halleck, whence they removed the children in March, 1854, to the present building, just then completed at a cost of \$30,000. This house, built of stone and brick expressly for the purpose, is highly creditable to the institution, as one of the noblest monuments of San Francisco benevolence. During the years 1862-'63, a large and convenient addition was made to the present building, at an expense of \$30,000, which, together with the main building, will accommodate two hundred and fifty children. As a compliment to the Sanson Hook & Ladder Co., who, upon disbanding, donated to the asylum the building and lot owned by them, the new addition is called the "Sanson Wing." The number of children under the care of the asylum is two hundred and sixty—one hundred and sixty boys and one hundred girls.

**STATE DEAF, DUMB, AND BLIND INSTITUTION.**—The California Institution for the education of the deaf and dumb, and the blind, one of the most interesting and deserving of our State charities, is located on the corner of Fifteenth and Mission Streets. It was established in May, 1860, under the auspices of an association of benevolent ladies, and for a time was supported by charitable contributions. State aid, however, was soon obtained, and two buildings, designed as the wings to a main edifice, were erected at a cost of \$20,000. In 1863 the management was intrusted to a Board of Directors, five in number, and an appropriation, for the center building, of \$75,000 was made, which was subsequently withheld, the Legislature foreseeing the necessity of removing the institution at no distant day, to more extensive grounds. During the Legislative Session of 1865-6, an Act, reorganizing the Institution, was passed, and a Board of Commissioners was appointed to select a site and erect suitable buildings thereon. The Commissioners, under this authority, have purchased a tract, consisting of one hundred and thirty acres, adjoining the grounds of the College of California, about four miles from Oakland, and are erecting thereon, a stone edifice, admirable in design and execution, which will be ready for occupation by the first of January, 1869. The pupils number at present about seventy, of whom twenty-five are blind, the remainder being deaf and dumb. The schools, under a corps of competent instructors, are in a flourishing condition, and the results obtained compare favorably with the attainments made in the long established institutions of the Atlantic States. The blind, by ingenious apparatus devised for their use, are taught reading, writing, arithmetic, geography, grammar, history, etc., to which is added, as a solace in their great affliction, the art of music. The deaf and dumb are instructed in the same branches, substituting drawing for music. By the Act of 1865-6, all deaf, dumb, or blind persons, residents of this State, between the ages of six and twenty-five years, and of sound mind, may be received, free of expense, except for clothing and traveling expenses. Pupils from other States and Territories are admitted on the payment of \$300 per annum. The institution is open to visitors every day, except Sundays, from 9 o'clock, A.M. till 3 o'clock, P.M.

## IRON AND STEEL WIRE ROPE, AND WIRE OF ALL KINDS.

ESTABLISHED, 1857.

Sole Agency of R. S. NEWALL & CO., Gateshead, on Tyne.

OFFICE & DEPOT, 519 Front St. WORKS, North Beach,  
SAN FRANCISCO.

MINING COMPANIES, FERRYMEN & SHIPMASTERS,

Are informed that Wire Rope can be furnished them, considerably under the cost of Hemp or Manila Rope, of equal strength.

WIRE ROPE does not stretch or shrink by the change of weather. It weighs 40 per cent. less than Hemp; is less than one-half the diameter; it is as easily spliced under all circumstances; is as pliable for equal strength, and is from three to five times as durable as the best of Hemp or Manila Rope.

It is almost exclusively used throughout the principal mining regions, and by the leading shipowners; and thirty years' experience has tested its merits and proven its great economy and superiority over any other kind of Rope.

We have entirely remodeled our Manufactory with new and improved machinery, and by the careful selection of the best material, the Wire Ropes turned out from our establishment we guarantee to be equal to any made.

Round Iron Wire Rope,  $\frac{1}{2}$  to  $1\frac{3}{4}$  inches diameter; Flat Iron Wire Rope,  $2\frac{1}{4} \times \frac{3}{8}$  to  $5 \times 1$  inch, for hoisting from Inclines and Shafts.

Round Steel Wire Rope,  $\frac{3}{8}$  to 1 inch diameter, for Derrick Fall Ropes and Hoisting purposes.

Flat Steel Wire Rope,  $2\frac{1}{4} \times \frac{1}{4}$  to  $3\frac{1}{2} \times \frac{5}{8}$ , for hoisting from Deep Shafts.

Ungalvanized or Galvanized Round Wire Rope,  $\frac{1}{2}$  to  $2\frac{1}{2}$  inches diameter, for SHIPS RIGGING, DERRICK GUYS, BUOY and FLYING FERRY ROPES.

Ungalvanized and Galvanized Iron and Copper Wire Cord,  $\frac{1}{16}$  to  $\frac{3}{8}$  inch diameter, for Hanging Window Shades, Dumb Waiters, Signals, etc. Suitable Sash Pulleys furnished with Sash Cord.

Galvanized Iron Wire Strand,  $\frac{1}{4}$  to  $\frac{3}{8}$  inch diameter, for Fencing in Lands, etc.

NOTE.—Steel Wire Rope weighs about 60 per cent. of Iron Wire Rope, or 35 per cent. of Manila, of equal strength. It is admirably adapted for Fall Ropes for Derricks, with suitable Sheeves, and for hoisting purposes, where there is much rough work. Its extreme lightness effects quite a saving in freight to remote points, Manila or Hemp, of equal strength, weighing three times its weight. See comparative weight, strength and sizes of

Steel Wire Rope.		Iron Wire Rope.		Hemp Rope.		Working Load of Each.

A full scale of weights and strength, with prices, can be obtained from any of our Agents, or by sending to the manufacturers, who will forward the same by return mail.

### WIRE SUSPENSION BRIDGES.

We are prepared to contract for the erection of Suspension Bridges and Aqueducts, guaranteeing our work, and can refer to the many Bridges erected under the superintendence of A. S. Hallidie, C. BARLOW J. SMITH, M.D., - - - - - Proprietor.

R. S. MACBETH, M.D., - - - - - Physician.

This is the only regular Water Cure in San Francisco combining all the appliances of Eastern and European Water Cures, and where the treatment is based on the theory and practice of the Hydropathic College of New York, and practiced by its professors, and where diseases are treated strictly on Hygienic principles. All persons desiring to improve their health are cordially invited to visit the HYGIEAN HOME, and see for themselves the superior advantages afforded to invalids. We feel confident that none will go away dissatisfied. Our accommodations for bathing and giving ladies general treatment are far superior now to what they ever have been before, and we know that there is not one female invalid in twenty that has been suffering from Nervous Debility, or Diseases peculiar to their sex, that cannot be permanently cured by spending from four to six weeks at our Home.

All kinds of Baths are kindly and scientifically administered, with separate departments for Ladies and Gentlemen.
