An act to amend sections 14, 15 and 19 of the "Reclamation board act," approved December 24, 1911, as amended, and adding two new sections thereto to be numbered 15a and 37a, respectively, relating to the auditing of canceled warrants and providing for the application of moneys released, reimbursed, or appropriated under and pursuant to chapter one hundred seventy-six, California statutes of 1925 and the war department appropriations act of congress of the United States for the fiscal year ending June 30, 1930,

being public law number eight hundred forty-three, seven-tieth congress, approved February 28, 1929, and providing for the repeal of all laws in conflict herewith.

[Approved by the Governor May 21, 1929 In effect August 14, 1929.]

The people of the State of California do enact as follows:

Stats 1923,
p. 765,
amended.

SECTION 1. Section 14 of the reclamation board act, approved December 24, 1911, as amended is hereby amended to read as follows:

Assessment
becomes lien
on land

Sec. 14. After the reclamation board has held the hearings in each county pursuant to section 13 of this act and the assessment lists have been made to conform with its decision, said lists shall be certified by the secretary of the board to be correct, and shall thereupon be filed in the offices of the county treasurers, respectively, of the several counties in which are situated any of the lands assessed thereby. Each such county treasurer shall endorse thereon the date and time to the hour and minute when the same was so filed in his office; and thereafter from that time such assessment shall constitute a lien upon the lands so assessed in such county, and shall impart notice to all subsequent purchasers or incumbrancers or any person acquiring any interest in or lien upon said lands. The assessment shall then be paid to the respective county treasurers in one or more installments of such amounts, and at such times, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct.

When
payable

At any time within thirty days after said assessment list has been so filed in the office of the county treasurer as provided above, the whole amount of such assessment upon any tract of land therein separately assessed may be paid in cash to the county treasurer and thereupon the county treasurer shall issue his receipt therefor and shall endorse the fact and date of such payment upon the assessment list, and thereupon the lien of such assessment upon such tract of land shall cease. No interest shall be charged on any assessment paid in full within this thirty-day period. All assessments not paid in full within said period of thirty days shall bear interest at the rate of seven per cent per annum from and after the time when the assessment list is filed in the office of the county treasurer for collection. The remaining portion not yet ordered paid by said board of the assessment upon any tract of land may be voluntarily paid in full, with the accrued interest thereon, at any time after the lien of such assessment has accrued.

Delinquent
assessments

If any installment shall remain unpaid at the expiration of thirty days from the date of the board order calling said installment, then said installment shall become delinquent, together with accrued interest thereon to date of delinquency. When any such installment shall become delinquent, a penalty of ten per cent of the amount of such installment plus interest, shall be added thereto and collected for the use of the district;

provided, that if any action is pending in any court to have the assessment on any tract of land reviewed, modified or annulled, as provided herein, such assessment, if not annulled in said action, may, in the discretion of the board, become delinquent thirty days after any judgment rendered therein shall become final. From date of delinquency until time of delinquent sale, such unpaid installment, together with added interest and penalty, shall bear interest at the rate of seven per cent per annum.

After the said installment has become delinquent, the board, when it shall deem it advisable, shall publish in each county where such delinquencies exist, at least once a week for two weeks in some newspaper of general circulation published in the said county, a list in one notice of all said delinquencies in such county which notice shall contain a description of the property assessed as described in the assessment list by reference number as set forth in said assessment list or by other description sufficient to identify the same, the name of the owner to whom it is assessed or a statement that it is assessed to unknown owners; if such is the fact, the amount of the delinquent installment, interest and penalty as above provided, and a further notice that each of said parcels will be sold at public auction by said county treasurer in front of the courthouse of said county at a specified day and hour, to pay said installment with accrued interest and the penalty, together with its proportion of the total cost of publication of said notice of sale.

Notice of
delinquency
and sale.

At the time and place stated in said notice, or such other time to which said sale may have been postponed, the county treasurer shall sell each parcel of land described in said notice to the highest bidder for gold coin of the United States unless prior thereto he shall have received payment in full of said delinquent installment, interest, penalty and cost of publication. If not completed on the first day the sale may be continued from day to day and over Sundays and legal holidays until completed. No license shall be required of the county treasurer for conducting such sale. No bid for any parcel shall be accepted which is less than the aggregate sum then due for said installment thereon, together with accrued interest, penalty and cost of publication. If no bid is made for any parcel at such delinquent sale which is equal to the total amount then due thereon, the county treasurer shall bid in and sell said parcel to the said Sacramento and San Joaquin drainage district for the amount of said delinquent installment or installments, together with accrued interest, penalty and cost of publication.

Sale

The county treasurer shall execute to each purchaser at such delinquent sale including said drainage district, a certificate of such sale, which certificate of sale shall be recorded by said purchaser in the county recorder's office of said county. Out of the proceeds of said sales the county treasurer shall transmit to the state treasurer the total amount then due on

Certificate
of sale

the property so sold as shown in said notice, and shall pay to the owner of said property any surplus remaining after such payment to the state treasurer. The county treasurer shall, when directed by the reclamation board, postpone the said delinquent sale from time to time for not less than ten nor more than thirty days by a written notice posted at or near the place of sale, which written notice shall be substantially as follows: The sale of property for delinquent assessment under (name and number of assessment) of the Sacramento and San Joaquin drainage district, which was fixed for (time and place of sale) has been postponed to (time to which postponed) at the same place.

Redemption

Any person interested in any tract of land sold at such delinquent sale may redeem the same at any time within one year after the date of sale by paying to the county treasurer for such purchase a sum equal to the purchase price stated in the certificate of sale with interest thereon at the rate of twelve per cent per annum from the date of sale to the date of such redemption, together with the amount remaining due and unpaid of any installment upon any assessment on said land under the reclamation board act, with the penalty prescribed above for such other delinquencies. If no redemption shall be made within one year the reclamation board upon demand and the surrender of such certificate of purchase and the delivery of a certificate of the county treasurer that no redemption has been made within such year from date of sale, shall execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all incumbrances except state, county and municipal taxes, assessments levied or assessed by statutory authority, and the unpaid balance of said or any assessment made by said drainage district, which said balance must be called in and collected in the same manner as other assessments, except that no parcel sold and conveyed to the Sacramento and San Joaquin drainage district shall thereafter, until redeemed or until sold and disposed of by the reclamation board, be subject to sale by the treasurer for subsequent installments of the said or any assessment as in this act provided.

Deed

Each deed by the reclamation board purporting to be executed under this act shall be prima facie evidence of the truth of the matters therein recited and of ownership by grantee of the lands therein described. All deeds herein required to be executed by the reclamation board may be executed by the president and secretary thereof on behalf of said board. Any parcel of land bid in and purchased by the Sacramento and San Joaquin drainage district at such delinquent sale shall be held in trust for the assessment under which the same was sold and may be sold and conveyed by said reclamation board or their successors in office at any time after the expiration of said redemption period of one year at public or private

sale and with or without notice, to any person paying not less than the amount for which said parcel was bid in by said county treasurer at such delinquent sale, for said drainage district, with interest thereon at the rate of twelve per cent per annum compounded yearly from the date of such delinquent sale, and also the amount of all subsequent installments or other assessments then delinquent, with accrued interest and penalties thereon.

Payment for the land so purchased shall be made in gold coin of the United States, and the reclamation board shall execute a deed to such purchaser at such sale conveying said property, free of all encumbrances except state, county and other municipal taxes, assessments levied or assessed by statutory authority and the unpaid balance of all assessments of said drainage district, which balance must be called in and collected in the same manner as other assessments. If any lands so held by said drainage district remain unsold then the reclamation board shall sell all such lands so held by said drainage district at public auction to the highest bidder for cash, upon two weeks published notice substantially in the manner provided for notice upon above delinquent sales, and shall execute to the purchaser a conveyance, which deed shall convey title to the land as above prescribed. The proceeds of such sale shall be deposited with the state treasurer to the credit of the assessment under which the property became delinquent.

No county or public officer shall charge or receive any fee for any of the services required to be performed by him under the provisions of this act; but any reasonable and necessary expense actually incurred by any officer in carrying out any of the provisions of this act relating in any manner to the collection or enforcement of any assessment, shall be paid out of the funds of said drainage district applicable thereto.

from which such money was derived, which assessments must be numbered consecutively, to the end that all moneys raised by assessment upon any of the lands embraced in said drainage district, shall be expended only for works of reclamation or other expenses, beneficial to the lands so assessed, and for the payment of warrants issued for the construction of the works and other expenses for which such assessment was levied, and each warrant must designate the name and number of the assessment from which it is to be paid. Drafts of the reclamation board may be presented to the controller and warrants drawn as aforesaid, against the funds to be raised by an assessment as soon as the reclamation board has passed its order or resolution for the levy of such assessment and appointed the assessors therefor. In case there are not sufficient funds applicable thereto for the payment of such warrants when presented to the state treasurer, he shall endorse on such warrants the date of presentation and register the same, and thereafter such warrants shall bear interest at the rate of seven per cent per annum, and must be paid in the order of their registration. All such warrants, whether heretofore or hereafter issued, shall be considered as contracts in writing for the payment of money, and the period prescribed for the commencement of an action based upon any such warrants, or connected therewith, is and shall be four years from the date of the first publication of the notice specifying such warrants published by the state treasurer pursuant to the provisions of this section; and no statute of limitations shall be deemed to have run against any action upon or affecting any warrant heretofore or hereafter drawn against any assessment under this act by reason of the lapse of time during which funds adequate for the payment of the outstanding warrants against such assessment were not available. Said warrants shall, at any time within said period of four years, be received in payment of any assessment for work or expenses for which such warrants were issued. The reclamation board may, at its option, at any time before payment of any warrant renew the same upon application of the owner or holder thereof by an endorsement thereon of the fact and date of such renewal and notice thereof to the state treasurer and controller. Whenever there is sufficient money in the treasury applicable to the payment of any outstanding warrants of the district, the state treasurer shall give notice that there is money in the treasury to pay certain warrants, giving their numbers in the order of their registration; said notice shall be published for ten days in one newspaper published in the city of Stockton and one published in the city of Sacramento. After the last publication of said notice the warrants therein mentioned shall cease to bear interest. The reclamation board shall designate a paper in each of said cities which shall be the official papers of said district for the purpose of such publication. Likewise, the reclamation board may also in its discretion abandon any assessment in whole or in part at any time prior to the time when the lien of such assessment has accrued to the extent that said assessment shall be greater than required to meet the obligations incurred or to be incurred thereon. In case of any change of county boundary lines or creation of any new county, all acts and proceedings in this act provided for in the manner of or relating to or in pursuance of or founded upon any assessment upon lands affected by such change of county boundary lines, or creation of such new county, shall be done and conducted as if such lands were situated in the same county as at the time of appointment of the assessors to make such assessment.

The penalty shall be computed upon the amount of each year's taxes in like manner, reckoning from July first of the year when the lands would have been sold for the taxes of that year, if there had been no previous sales thereof.

Penalties
payable.

The county auditor shall, on the application of the person desiring to redeem, make an estimate of the amount to be paid, and shall give him triplicate certificates of the amount, specifying the several amounts thereof, which certificates the redemptioner shall deliver to the county treasurer, together with the money, and the county treasurer shall give triplicate receipts, written or indorsed upon said certificates, one to the redemptioner, and two to the county auditor, who shall deliver one of the said receipts to the state controller.

Method of
payment

Upon consummation of the redemption and the delivery of the receipts aforesaid by the treasurer, the auditor shall report the same to the assessor, tax collector and recorder, and the recorder shall, without payment of fee, note on the margin of the record of the certificate of sale, or deed, if issued, the fact of such redemption, the date thereof, and by whom redeemed, which certificate of sale, or deed, shall become null and void, and all right, title and interest acquired by virtue of the tax sale, shall cease and determine.

Report and
recording

The county treasurer shall settle for the moneys received as for other state and county moneys.

Settlement

The state controller shall, upon request of the auditor, issue a receipt which may be recorded in the recorder's office of the county in which said real estate is situated, in the book of deeds, and the record thereof shall have the same effect as that of a deed of reconveyance of the interest conveyed by such deed or certificate of sale.

State
receipt

This act shall also apply to state lands sold by the state when the full amount of the purchase price has not been paid to the state therefor, after the deed to the state, provided for in section 3785 has been filed with the surveyor general; *provided, however*, that one of the receipts showing the redemption of such land shall be delivered to the surveyor general who shall issue his receipt to the redemptioner; *and provided, further*, that no certificates of redemption shall be issued by the county auditor until he has first ascertained from the surveyor general that the land has not been disposed of by the state.

Application

SEC. 4. The Legislature hereby declares that the amendments to sections 3747 and 3764 of the Political Code contained in this act are not a change in, but a statement and declaratory of the law as the Legislature intended it to be by the terms of those sections prior to this amendment. All publications of delinquent lists or notices of sale under sections 3771 and 3771a of the Political Code failing to enter taxes, penalties and costs as separate entries but entering the foregoing amounts in one total sum and all sales, certificates of sale, tax deeds or other tax conveyances based upon such entries on any assessment roll or delinquent list are hereby confirmed, validated and legalized, and the same shall be construed and operate at all times and upon all occasions in law in the same manner as if such entries were separately

SEC. 5. The Legislature hereby declares that it deems it necessary for the immediate preservation of the public peace, health, and safety that this act shall, under the provisions of section 1, article four, of the constitution of the State of California, take effect immediately.

The following is a statement of the facts constituting such necessity:

Due to the recent decision of the supreme court of the State of California in the case of Gottstien vs. Kelly, 77 Cal. Dec. 435, the possible construction to be placed upon the provisions of sections 3747 and 3764 of the Political Code would require that taxes, penalties and costs should be separately shown on the publication of delinquent lists and notices of sale under sections 3771 and 3771a; inasmuch as the tax collectors of the state have completed preparatory work on the publication of the delinquent list which must be published on or before June 8, 1929, and great expense would be involved in the publication of the delinquent list to state as separate items the amount of taxes, penalties and costs due on property subject to tax sales and the possibility of error would be greatly increased, many tax titles acquired at tax sales would be jeopardized.

This act shall take effect immediately.

[Approved by the Governor May 23, 1929 In effect August 14, 1929]

The people of the State of California do enact as follows:

Stats 1899,
p 37,
amended

SECTION 1. Section 1 of an act entitled "An act to provide for the alteration of the boundaries of incorporated towns and cities by the annexation of uninhabited territory thereto, and for the incorporation of such annexed territory in and as a part of such municipality, and for the districting, government, and municipal control of annexed territory," which became a law without the governor's approval March 2, 1899, is hereby amended to read as follows:

Annexation
of unin-
habited
territory

Section 1. The boundaries of any incorporated town or city may be altered and new uninhabited territory annexed thereto, incorporated, and included therein, upon proceedings being taken as in this act provided.

Petition

The legislative body of any such municipal corporation, upon receiving a written petition therefor, containing a description of the new uninhabited territory asked to be included in such corporation, and signed by not less than one-tenth in number of the qualified electors of such municipal corporation, computed upon the number of votes cast at the last general municipal election held therein, must, without delay, notify the board of supervisors of the county in which said town or city is located of the fact of the filing of such petition.

Notice

Upon the receipt of such notification, it shall be the duty of said board of supervisors to cause notice to be published

for a period of five days, setting forth by general description the land sought to be annexed to the said municipality, and announcing the time and place when and where objections to said annexation will be heard. Any person owning any land so sought to be annexed, may object to said annexation by filing a written remonstrance with the said board of supervisors. At the time specified in said notice, or at such other time as may be fixed by postponement, the said board of supervisors shall hear the said protestations, and unless the remonstrances are filed by the owners of more than one-half of the land sought to be annexed, the decision of said board of supervisors upon said protestations shall be final and conclusive. In the event that the owners of more than one-half of the land so sought to be annexed, file remonstrances against such annexation, said protestations shall be sustained by said board of supervisors, and shall be a bar to any further proceedings under the provisions of this act for the period of one year. In the event that there are no protestations filed, or, if filed, if the same are overruled by said board of supervisors, and the said board shall, by resolution, consent to the annexation of said new uninhabited territory by the municipality, it shall then be the duty of the legislative branch of said municipality to submit to the electors of such municipality the question whether or not said new territory shall be annexed to, and incorporated in, and made a part of, such municipal corporation.

Protest
and hearing

Such question shall be submitted at a special election to be held for that purpose, or at any municipal election. Notice of said election shall be published in a newspaper, printed in such city or town, at least once a week for a period of two weeks next preceding such election. Said notice shall state that it is proposed to incorporate the territory sought to be annexed as a part of such municipal corporation, and invite the electors of said city or town to vote upon such proposition, by marking their ballots "For annexation," or "Against annexation." In said notice, the territory sought to be annexed may be generally described in such manner as to apprise the voters of the particular land sought to be annexed. Said legislative body is hereby empowered, and it shall be its duty to establish, and in such notice of election designate the voting precinct or precincts, and the place or places at which the polls will be opened in said city or town, and said elective body is empowered to appoint the officers of such election, who shall be for each voting place at least two judges and one inspector, each of whom shall be a qualified elector of said city. The judges and inspectors of such election shall, immediately upon the closing of the polls, count the ballots, make up and certify the returns of the ballots cast at their respective polling places as quickly as practicable, in the manner provided in the laws of this state, and deposit all said returns with the clerk of said city or town. Said legislative body shall, at the time provided for its regular meeting next

Election

Report to
secretary
of state.

after the said returns are filed with the said clerk of said city or town, meet and proceed to open and canvass said returns, and immediately upon the completion of such canvass cause a report thereof to be made and entered upon its minutes, showing the whole number of votes cast, and the number cast in favor of annexation, and the number cast against annexation; and if it shall appear from such canvass that a majority of all the votes cast is in favor of annexation, the clerk or other officer performing the duties of the clerk of such legislative body shall make and certify, under the seal of said municipal corporation, and transmit to the secretary of state, and to the board of supervisors of the county in which said city or town is located, a copy of said report so entered upon its minutes, together with a statement showing the date of said election, and the time and result of said canvass, which document shall be filed by the secretary of state and the clerk of said board of supervisors.

Annexation,
when
complete

From and after the date of the filing of said document in the office of the secretary of state, the annexation of such territory so proposed to be annexed shall be deemed and shall be complete, and thenceforth such annexed territory shall be a part of such municipal corporation for all intents and purposes, except only that no part of such annexed territory shall ever be taxed to pay any portion of any indebtedness or liability of such municipal corporation contracted prior to or existing at the time of such annexation.

Liability
for indebted-
ness.

Territory
excluded

No territory which at the time the said petition for proposed annexation is presented to said legislative body forms any part of any incorporated city or town shall be included under the provisions of this act.

Procedure

831d. The rules of pleadings and practice applicable to the prosecution of civil actions and enforcement of judgments in the superior court of this state shall apply to and govern the prosecution and maintenance of civil actions and enforcement of judgments in the municipal courts of this state, except as follows:

(1) In cases tried by the court without a jury, the court shall not be required to make any written findings of fact and conclusions of law where the matter involved is three hundred dollars (\$300) or less, exclusive of interest and costs, and in all other cases written findings of fact and conclusions of law shall be deemed to be waived unless they shall be expressly requested by one of the parties at the time of the trial.

(2) Where the demand, exclusive of interest, or the value of the property in controversy does not exceed three hundred dollars, the defendant, at his option, in lieu of demurrer and other answer, may file a general written denial verified by his own oath and a brief statement similarly verified, of any new matter constituting a defense or counterclaim.

(3) The prevailing party in the municipal court, including the prevailing party on appeal therefrom, and the defendant upon dismissal of the action as to such defendant, is entitled to his costs and necessary disbursements in the action, or on appeal, as the case may be, and also of any proceedings taken by him in aid of an execution upon any judgment rendered therein.

(4) When an answer is filed in an action to recover a debt or liquidated demand, if it is claimed that there is no defense to the action, on motion of the plaintiff, supported by a verified complaint, or if not verified then by the affidavit of the plaintiff or of any other person having knowledge of the facts, the answer may be stricken out and judgment may be entered, in the discretion of the court, unless the defendant by affidavit shall show such facts as may be deemed by the judge hearing the motion sufficient to entitle him to defend.

Such affidavit shall be made by the defendant, or by any other person, having knowledge of the facts, and shall set forth facts showing that the defendant has a good and substantial defense to the plaintiff's action (or to a portion thereof) upon the merits, as the deponent verily believes, and it shall appear in the affidavit that the facts pertaining to the action have been fully and fairly stated to defendant's counsel, naming him, and that the defendant upon such statement has been advised by such counsel that he has a defense to the action (or to some portion thereof) upon the merits. The facts so stated shall be the personal knowledge of the affiant, shall be set forth in the affidavit with particularity, and the affidavit

shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto. If all facts relied upon as tending to establish such meritorious defense are not within the personal knowledge of one person, then such as are not within the knowledge of the person making the affidavit of merits shall be supported by the affidavit or affidavits of the person or persons qualified, as above, and said supporting affidavits shall be drawn with like particularity.

If it appear that such defense applies only to a part of the plaintiff's claim, or that any part is admitted, the plaintiff may have judgment entered forthwith for so much of his claim as such defense does not apply to, or as is admitted, on such terms as may be just, and the cause of action may be severed accordingly. A judgment entered under this section is an appealable judgment, as in other cases.

The sections of the code numbered 895, 1033, 1034, 1035, 1036, 1037 are hereby made applicable to proceedings in municipal courts.

In lieu of the foregoing, a party appealing, or intending to appeal, may have a transcript certified in the manner specified by the provisions of section 953a of this code, which section is hereby made applicable to proceedings in municipal courts.

If the judge in any case refuses to allow a bill of exceptions, or to certify to a transcript, in accordance with the facts, the party desiring the bill settled, or the transcript certified, may apply by petition to the superior court to prove the same. The application may be made in such mode and manner and under such regulations as may be prescribed by rules adopted for that purpose; and the bill, when proved, or the transcript, when prepared, must be certified by the judge of the superior court by whom said application is determined, and filed with the clerk of the municipal court, and when so filed, it has the same force and effect as if settled or certified by the judge who tried the cause.

If it appear that there is any paper or record in the custody of the clerk of the municipal court which was before said court but which is not included in the record on appeal, and that an examination of such paper or record will assist in the determination of the appeal on its merits, the superior court may, on motion of either party, or on its own motion, require the production of a certified copy of such paper or record, and the same shall thereupon be deemed a part of the record on appeal.

SEC. 5. Section 988c of said code is hereby amended to read as follows:

988c. Upon the filing of the notice of appeal and the undertaking on appeal, and the payment of all fees required to be paid by the appellant, and upon the certification by the judge of any bill of exceptions, or transcript, or on the expiration of the time within which such bill of exceptions, or transcript, may be proposed without such bill or transcript having been proposed by the appealing party, the clerk of the municipal court, must, within five days, transmit to the clerk of the superior court the record on appeal, and he may be compelled by the superior court, by an order entered upon motion, to transmit such record, and may be punished for contempt in case of his neglect or refusal to transmit the same in accordance with such order. Where the inspection of an original paper which was offered in evidence in the municipal court is shown to be necessary to a correct decision of the appeal, the superior court may order the clerk of the municipal court to transmit such original paper, if in his possession, to the clerk of the superior court; and if such paper be in possession of a party to the action, he may produce the same on the hearing of the appeal, or he may, on motion and notice to the adverse party, be required by the superior court to produce such paper at such hearing; and in default thereof, the court will presume the paper to be, in all respects, as alleged by the party giving such notice.

Sec. 8. For the purpose of constructing or purchasing necessary flood control works and acquiring the necessary property and rights therefor and otherwise carrying out the provisions of this act, the board of trustees must estimate and determine the amount of money necessary to be raised. For the purpose of ascertaining the amount of money necessary to be raised for such purposes, or any of them, the board shall cause such surveys, examinations, drawings and plans to be made as shall furnish the proper basis for said estimate. In the estimate of the amount necessary to be raised, the board of trustees may include a sum sufficient to pay the interest on the bonds to be issued for a period of three years or less. All such surveys, examinations, drawings and plans shall be made under the direction of the engineer of the district and shall be certified by him. After receiving such report the board of trustees shall determine and declare by resolution whether or not the proposed plan of works is satisfactory and whether or not the project, as set forth in said report, is feasible, and if so, shall make an order determining the amount of bonds that should be issued in order to raise the amount of money necessary therefor, and in determining said amount, sufficient shall be included to cover the cost of inspection of works in course of construction.

Zoning for
bonding
purposes

Prior to the calling of the bond election hereinafter referred to the board of trustees shall cause the entire district to be divided into zones, if in the opinion of the board of trustees such division is necessary because of varying benefits to the property within the district, together with a statement as to the percentages of the sum to be raised from each of such zones for the payment of the principal and interest of the bonds of the district. The said district may be divided into as many

zones as may be deemed necessary and each zone shall be composed of and include all of the lands in the district which in the opinion of the board of trustees will be benefited in like manner. Each zone shall be designated on a map or plat of the district filed in the office of the board of trustees and such designation shall show the separate boundaries of each zone and a statement of the percentage to be raised from each zone.

Sec. 9. Upon the filing of such map, as in section 8 of this act provided, the board of trustees shall give notice to all persons interested in the district by publication in a newspaper of general circulation published in the district, once a week for three successive weeks, which notice shall designate the time and place of hearing by the board of trustees, at which time and place any person interested in the district may appear and object to the inclusion of his lands within the district or to the zones into which the district is divided, or to the percentages to be raised from each of such zones. All such objections shall be in writing, verified by the person or persons making the objection, and filed with the board of trustees on or before the date fixed for such hearing. Upon such hearing, the board of trustees may change or modify any of the zones or the percentages to be raised therefrom and may exclude any property from the district which in the opinion of the board of trustees will not be benefited. Such hearing may be continued from time to time by the board of trustees by an order entered on its minutes. The location and extent of the zones within the district and the percentages to be raised therefrom shall be finally established and determined by the board of trustees and shall prevail for all purposes until any bonds to be issued by the district shall have been fully paid and discharged. Tax for
payment of
principal and
interest

Sec. 17. The board of trustees of such district shall at the time for fixing the general tax levy for county purposes and in the manner of such general tax levy provided, levy and collect annually each year until said bonds are paid or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy in which tax may be included a sum sufficient, in the judgment of the board of trustees, to take care of anticipated delinquencies; *provided, however*, that if the maturity of the indebtedness created by the issuance of bonds be made to begin more than one year after the date of the issuance thereof, such tax shall be levied and collected at the time and in the manner aforesaid, annually each year, in an amount sufficient to pay the interest on said indebtedness as it falls due and also to constitute a sinking fund for the redemption thereof on or before maturity. The tax herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Such tax shall be levied solely upon the lands within the district including any land which is the operative property of any public utility and excluding any lands belonging to any county municipality, or political subdivision within said district, or lands belonging to the State of California or the United States of America; *provided, however*, that nothing herein contained shall be deemed to exempt from assessment the lands of any political subdivision the corporate boundaries of which are wholly outside the boundaries of said district, and all such lands of any such political subdivision shall be subject to the taxes herein provided to be levied with the same force and effect as though such lands were held by private individuals.

Apportion-
ment on
percentage
basis.

If the district has been divided into zones and the percentage of the amount to be raised for the redemption of principal and interest of said bonds from each such zone has been determined as provided in this act, the said amount of said tax levied shall be divided according to said percentage, and the

percentage to be raised from the lands within each zone shall be levied upon and against the property in such zone as hereinbefore provided.

The board of trustees may elect to avail itself of the assessment made by the assessor of the county of Sacramento and may take such assessment as the basis for district taxes and have its taxes collected by the county officials of such county; *provided*, the board of trustees shall declare its said election by resolution and file a certified copy of the same with the auditor of Sacramento county on or before the first day of August, and such board of trustees shall likewise file with such resolution a certified copy of the map or plat showing the zones and the percentages of the amount to be raised from each zone. Thereafter each year until otherwise provided by the board of trustees, all assessments shall be made and taxes collected for such district by the county assessor and tax collector, respectively, of said county of Sacramento. In such case, the auditor of such county must, on or before the second Monday of August of each year, transmit to the board of trustees of the district a statement in writing showing the total value of all property within the district, which value shall be ascertained from the assessment book of such county for that year as equalized and corrected by the board of supervisors of said county; and which said statement shall also show the total value of all property in each of the said zones respectively. In case the board of trustees shall so elect as hereinbefore provided, it shall, on or before the first week day in September, or if such week day falls upon a holiday, then upon the first business day thereafter, fix the rate of tax for each zone, and designate the number of cents upon each one hundred dollars using as a basis the value of property as it is assessed by the county assessor and returned to the board of trustees of the district by the county auditor as hereinabove provided, which rate of taxation shall be sufficient to raise the amount previously fixed by the board as hereinabove prescribed. Such acts by the board of trustees of the district shall constitute a valid assessment of the property and a valid levy of the tax so fixed. The board of trustees must immediately thereafter transmit to the county auditor a statement of the rate of taxes so fixed by said board for each zone into which the district may be divided and the county auditor shall enter such rate upon the county tax roll. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

County may collect taxes for district.

Whenever any land situate in said district has been sold for taxes and has been redeemed the money paid for such redemption shall be apportioned and paid by the county treasurer to the said district in the proportion which the tax

due to said district bears to the total tax for which such property was sold.

Lien. All taxes levied under the provisions of this act shall be a lien upon the property on which they are levied and unless the board of trustees has by resolution otherwise provided the enforcement of the collection of such taxes shall be had in the same manner and by the same means as provided by law for the enforcement of the liens for state and county taxes, all provisions of law relating to the enforcement of the latter being hereby made a part of this act.

Service charge by county.

The amount of compensation to be charged by and paid to the county for the performance of service, as in this section provided, for and on behalf of such district, shall be fixed by agreement between the board of supervisors of the county of Sacramento, and the board of trustees of the district; *provided, however,* that such compensation shall in no event exceed one-half of one per cent of all moneys collected for such district as in this act provided. The amount so collected by such county shall be placed to the credit of the county salary fund.

Notice of the time and place of said hearing shall be given by publication in a newspaper printed and published in the county in which the unreasonable waste of gas is alleged to be taking place or to be threatened. Said notice shall also specify the commonly accepted name or a general description of the field or locality in which the unreasonable waste of gas is alleged to be taking place or to be threatened. The place of hearing shall be in the county or in any of the counties in which the unreasonable waste of gas is alleged to be taking place or to be threatened. Such publication shall be daily for five (5) days prior to the time of the hearing. The state oil and gas supervisor shall also send notice by mail to each lessor, lessee or operator of any oil and gas well in said field so far as the same may be known to him. No failure to send such written notice shall affect the validity of the proceeding. At such hearing all persons interested shall be entitled to be heard and may present testimony either oral or written. All witnesses shall be sworn and a transcript of the proceedings shall be kept by a stenographic reporter. All the provisions of this act in reference to the subpoenaing of witnesses and the taking of depositions shall be applicable to the hearing before the state oil and gas supervisor. Upon the conclusion of said hearing the state oil and gas supervisor shall determine whether or not there is an unreasonable waste of gas in said field, in existence or threatened, and shall also determine the extent to which the waste of gas therein occurring or threatened is unreasonable. If it shall appear that gas is being produced from any oil well or wells in quantities exceeding a reasonable proportion to the amount of oil produced from the same well or wells, even though it is shown that such excess gas is being used in the generation of light, heat, power or other industrial purpose and that there is sufficient other gas available for such uses from other wells in the same or other fields in which the gas produced is not in excess of the amount which bears a reasonable proportion to the amount of oil produced from such other wells and that there are adequate gas-pipe-line connections between such other wells and the place of utilization of such gas the state oil and gas supervisor shall hold that such excess production of gas is unreasonable waste thereof if such holding

If the waste of gas be found unreasonable an order shall be made directing that such unreasonable waste of gas shall be discontinued or refrained from to the extent stated in said order. The sale or delivery of gas to another by a lessor, lessee or operator shall be no defense, excuse or reason for any lessor, lessee or operator disobeying an order of the state oil and gas supervisor directing the discontinuance or curtailment of the production of the well or wells from which said gas is being produced where such gas is being unreasonably wasted by such buyer or by the person to whom deliveries are being made. A copy of said order must be posted in a conspicuous place upon the property affected thereby, and said order shall become final five (5) days after such posting unless appealed from as provided in section 9 hereof.

SEC. 12. Section 9 of said act is hereby amended to read as follows:

Sec. 9. The lessor, lessee, or any operator or any well owner or the owner of any rig, derrick, or other operating structure, or his or its local agent, must within five (5) days from the date of the service of any order from the supervisor or his chief deputy or field deputy, other than the order contemplated by section 8*d* hereof, file with the supervisor or his deputy in the district where the property is located, a written statement that the order is not acceptable, and that appeal from said order is taken to the board of commissioners of said district under the provisions of this act, or comply with such order. Any lessor, lessee, or operator affected by an order made pursuant to section 8*d* hereof may, within five (5) days from the posting of the copy of such order file with the supervisor written appeal therefrom to the board of commissioners of said district under the provisions of this act. Any such appeal shall operate as a stay of any order issued under or pursuant to the provisions of this act. Immediately upon filing of such notice of appeal, the deputy supervisor of the district, as secretary ex officio of the board of oil and gas commissioners, shall call a meeting of said commissioners to hear and pass upon said appeal. No commissioner shall be disqualified from sitting or acting in any appeal from any order of the state oil and gas supervisor involving the unreasonable waste of gas by reason of the fact that he is an employee of a lessor, lessee or operator who is interested in the oil or gas field affected by such order appealed from. The hearing upon said appeal before said district board of oil and gas commissioners shall be de novo and at such place in the district as the commissioners may designate, and within ten days from the taking of such appeal five days' notice in writing shall be given to the appellant of the time and place of such hearing, and for good cause the commissioners may postpone such hearing on the application of appellant, or the state oil and gas supervisor, or the field deputy in said district, for not exceeding five days. Sec. 3. Upon the day appointed for the hearing of said petition the board of supervisors shall consider the same, and should they find that any lands are improperly included in, or excluded from, the proposed district, they shall make, upon satisfactory evidence of such fact, such changes in the proposed boundaries as may by them be deemed just and proper. Should the board of supervisors make any changes in said boundaries, they shall note the same on the petition, and organize or reject the district with the boundaries they have fixed, and their action in that respect shall be conclusive; such action shall be entered in the journal of their proceedings, together with the petition, the names of the signers thereto, and the evidence of publication required by the preceding section. If the board shall grant the petition and order the district to be organized, they shall in such order number the same, and direct an election to be held within the boundaries thereof, and within twenty days from the date of such order, for the election of three trustees of said district, each of whom must be a resident landowner within the district, one of whom shall be elected for one year, one for two years, and one for three years; and there shall be an annual election held each year thereafter, at which one trustee shall be elected, whose term of office shall be three years. Should a vacancy occur in such office, the board of supervisors shall fill the same by appointment. Such appointee shall possess the same qualifications as are required by this act for trustees, and shall hold his office until the next annual election after his appointment, or until his successor is elected and qualified. At the time of ordering the election for trustees, the board of supervisors shall establish one or more election precincts within the district, designating the house or place within each precinct where the election must be held, and shall appoint one inspector and two judges for said election for each voting precinct, who shall constitute a board of election for each precinct. Notice of such election shall be given by the board of supervisors in a newspaper published in the county; or if there be none published in the county, then in some newspaper having a general circulation in the district, for two weeks before the time of holding the same, which notice must specify the time and places for holding the election, the offices to be filled, and the terms thereof, and the names of the inspectors and judges of

The boards of election shall deposit all ballots cast in a proper ballot-box, and keep a poll list, on which shall be entered the name of each person voting, and the number of votes cast by such person. As soon as the polls are closed, the judges must proceed to canvass the votes given at such election, which canvass must be public. A tally list shall be kept showing the names of the persons voted for and for what office, and the number of votes given for each candidate, which list, when all the votes are canvassed, shall be attested by the signatures of the members of the board of election. In making the canvass the tickets or ballots, as soon as read, must be strung upon a string by one of the judges, and when all are counted and said tally list is prepared, said list and ballots shall be carefully sealed in a strong envelope or wrapper, each member of the board writing his name across the seal, and the same shall be delivered by one of the judges to the county clerk. The board of supervisors of the county shall, on the first Monday succeeding such election, if then in session, or if not, at their next general or special session, canvass said returns and declare the result, and the county clerk shall thereupon issue certificates of election to the persons declared to be elected. The members of the board of election shall receive three dollars per day for their services, and the expenses of all elections held under this act shall be paid by the district. The board of trustees of the district, after the first election herein provided for, shall give notice of all elections in the manner and form hereinbefore provided for the first election. They may change the boundaries of precincts and create new ones to suit the convenience of voters, and establish polling places within the precincts, and shall appoint one inspector and two judges for each precinct. Such elections shall be had and conducted in all other respects the same as the first election. Every trustee within ten days after the receipt of his certificate of election shall take and file with the county clerk the usual oath of office.

The people of the State of California do enact as follows:

SECTION 1. Where in any school district, high school district, union high school district or junior college district, of any kind or class, proceedings have been taken for the purpose of voting, issuing and selling bonds of such district for any purpose or purposes, all acts and proceedings of the officers of election and of the board of trustees, board of education, or other governing body of such district, and all acts and proceedings of the board of supervisors of the county within which such district is situated, leading up to and including the issuance of such bonds if they have been heretofore sold, and all such acts and proceedings heretofore had, although the bonds are not sold, are hereby legalized, ratified, confirmed and validated to all intents and purposes, and the power of such district and of the board of supervisors of the county in which such district is situated to issue such bonds is hereby ratified, confirmed and declared, and bonds heretofore sold are declared to be and shall be, in the form and manner in which such bonds have been actually issued and delivered, the legal and binding obligations of and against such district and bonds hereafter sold are declared to be and shall be legal and binding obligations of such district, and the full faith and credit

of such district is hereby declared to be pledged for the prompt payment and redemption of the principal and interest of said bonds.

Interest.

SEC. 2. For the purpose of paying interest on such bonds as it becomes due and the principal thereof at maturity, the assessors, treasurers, boards of supervisors and other officers of the respective counties shall have the same powers and shall perform the same duties as are provided by law relative to the assessment, levy and collection of taxes and custody of funds for the payment of the principal and interest of bonds of school districts, high school districts and junior college districts of every kind and class, respectively.

Construction of act.

SEC. 3. This act shall not operate to legalize any bonds which have been sold for less than par, nor legalize any bonds the issuance of which has not received the assent of two-thirds of the qualified electors of such district voting at an election held for the purpose of determining whether such indebtedness should be incurred, nor to legalize any bonds which mature more than forty years from the time of their issuance.

Urgency measure

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of article four of the constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such urgency: Many school districts within the State of California are without sufficient money with which to purchase school lots, for building or purchasing one or more school buildings or making alterations or additions to same or restoring or rebuilding school buildings damaged, injured or destroyed by fire or other public calamity, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, for improving school grounds, for liquidating any indebtedness already incurred for said purposes or refunding any valid outstanding indebtedness of such district evidenced by bonds or warrants thereof. Many school districts have within the last two years voted bonds for raising money for such purposes and the proceedings in many of such bond elections were irregular but complying with all the provisions of this act, and by reason of such minor irregularities and defects in such proceedings, not jurisdictional, such bonds can not now be sold. The population of many of these districts has increased so rapidly that the present school facilities of such districts are unable to meet the needs of the great increase of pupils in such districts and it is necessary and urgent that such bonds and the proceedings thereunder be validated at an early date in order that said school buildings, lots, equipment and facilities may be purchased or built before the opening of the next school year which in many instances would be impossible if this act did not go into effect immediately but were required to wait until ninety days after adjournment of this Legislature.

Effective immediately.

The people of the State of California do enact as follows:

Stats 1927,
p. 1931,
amended.
Licensing
of life
insurance
agents

SECTION 1. Section 633aa of the Political Code is hereby amended to read as follows:

633aa. No person shall, within this state, act as a life agent of any life insurance company until such person shall have first obtained a license under the provisions of this section from the insurance commissioner authorizing him so to act. The fee for the issuance of such license shall be the sum of one dollar. Nothing herein contained shall be construed as giving such agent authority to act under the provisions of either sections 633 or 633a of the Political Code, without obtaining a license thereunder, except that an agent licensed under the provisions of this section shall have authority to act as a health or accident agent of the company for which he is licensed under the provisions of this section without obtaining a license under sections 633 or 633a of the Political Code; nor, shall any licensee under said sections 633 or 633a of the Political Code have authority to act as a life insurance agent under the provisions of this section, without obtaining a license hereunder; *provided, however*, that nothing herein contained shall be construed as making it necessary to have any licensee under this section obtain a license under section 633 of the Political Code.

Applicant
to file
statement.

Any person so appointed by the insurance commissioner shall be an agent, within the meaning of this section. The insurance commissioner shall, upon written notice from any life insurance company authorized to transact business in this state, of the appointment of a person to act as its agent, issue to such person a license in such form as may be prescribed by the insurance department; *provided, however*, that such proposed licensee shall first file with the insurance commissioner of the State of California a statement in writing by a duly authorized representative of the company or insurer which the agent seeks to represent, setting forth:

(a) The applicant is known to him;

(b) The applicant has had experience or instruction, or shall within thirty days from the issuance of his license, be given the necessary instruction in life insurance.

(c) The nature of any business other than insurance in which the applicant may be engaged and the name under which such business is conducted;

(d) The applicant is of good reputation;

(e) The applicant is worthy of a license; and the said licensee shall make answer under oath to such interrogatories

as the insurance commissioner himself or through his deputies shall propound on forms prepared by the commissioner.

No license shall be issued until the commissioner has satisfied himself upon evidence presented and recorded as to the integrity of the applicant and that said applicant is qualified in the following respects to hold a license:

Qualifications of applicant.

(1) That the applicant is of good reputation;

(2) That the applicant has had experience or instruction in life insurance, or will be given the necessary instructions as aforesaid within thirty days after the issuance of said license, to the end that the interests of the insuring public and of the insurers may be reasonably served;

(3) That the applicant intends to engage in business as a life insurance agent to do an insurance business with the general public and is not actuated principally in applying for a license by the prospect of insuring the life or health of himself or that of relatives or employers, or of a single person or corporation.

(4) That the applicant has never been refused a license or had a license revoked by any insurance department for reasons that should preclude the granting of the license applied for;

(5) That the applicant intends to carry on in good faith the business of life insurance agent and that said applicant does not seek the appointment for the purpose of avoiding or preventing the operation or enforcement of the insurance laws of this state and that the granting of the license applied for will not be in violation of such laws either in letter or in spirit; *provided*, that no license shall be refused by the insurance commissioner without providing an opportunity to the applicant within thirty days to be heard and produce evidence in support of his application.

If it shall be brought to the attention of the insurance commissioner or if written charges be filed with him showing that any agent licensed hereunder has wilfully misstated any material fact in his application or that the purpose of applying for such license was to avoid or prevent the operation or enforcement of any antirebate law or any insurance law of this state, or that such agent licensed hereunder conducts his business in a dishonest manner or misrepresents the policies or contracts he sells or misrepresents the policies or contracts of other agents or companies or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or if said agent or other person licensed hereunder obtained his license in an unfair manner or by concealment or misrepresentation, then the insurance commissioner shall give notice to such agent licensed hereunder and cite him to appear before the insurance commissioner and show cause why his license as an insurance agent should not be suspended or revoked. If at the hearing of said order to show cause it should appear that said agent or other person licensed hereunder has wilfully misstated any material fact in his application to the insurance commissioner,

Suspension or revocation of license.

or that the purpose in applying for such license was to avoid or prevent the operation of any antirebate law or other insurance law of this state, or that such agent or other person licensed hereunder conducts his business in a dishonest manner or misrepresents the policies or contracts of other agents or companies, or other insurers, or is incapable, or is conducting his business in such a manner as to cause injury to the public or those dealing with him, or that said agent or other person licensed hereunder has obtained his license in an unfair manner or by concealment or misrepresentation, then the commissioner shall revoke or suspend for a period to be fixed by the commissioner the license of such agent licensed hereunder and shall notify the agent or other person licensed hereunder and the company or other insurer such agent represents of the revocation or suspension.

Review by
superior
court.

If at any time the commissioner revokes or suspends the license theretofore issued to any agent licensed hereunder, or refuses to grant a license, the applicant or the agent or other person licensed hereunder may commence an action against the insurance commissioner for the purpose of reviewing the facts pertinent to the controversy and for the purpose of obtaining relief or cancelling the act of the insurance commissioner. In any such action the court shall have full power to investigate all the facts de novo without regard to the determination previously made by the insurance commissioner.

All the provisions of the Code of Civil Procedure relating to pleadings, proofs, trials and appeals shall be applicable to such action.

Such action shall be commenced and tried in the superior court of the county in which such agent or other person licensed hereunder resides unless the parties thereto stipulate otherwise.

Expiration
and renewal
of licenses

Unless revoked by the commissioner, or unless the company or other insurer by written notice to the commissioner cancels the authority of the agent or other person licensed hereunder to act, the license or any renewal thereof shall expire on the first day of July next after its issue or renewal. Any license issued after this section takes effect, may in the discretion of the insurance commissioner, be renewed for a succeeding year by a renewal certificate without the commissioner requiring the detailed information required by this section.

Acting
without
license.

Any person who shall act or offer to act or assume to act as a life insurance broker or agent, unless licensed by the insurance commissioner as provided in this section, or after such license granted to him has been suspended or revoked, unless proceedings are pending in the courts to review the act of the commissioner, shall be guilty of a misdemeanor.

Construction.

Nothing in this section shall be construed to apply to mutual benefit and life insurance associations organized and operating under sections 452a and 453 of the Civil Code, their solicitors or agents.

An act to amend section 3714 of the Political Code, relating to the preparation, submission and adoption of county and district budgets and to the levy of taxes and prescribing limitations on county expenditures.

[Approved by the Governor June 4, 1929. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. Section 3714 of the Political Code is hereby amended to read as follows:

Stats 1927,
p. 721,
amended.

3714. On or before the tenth day of July in each year, at such time as the county board of supervisors may direct, each county official elective or appointive, or person in charge of any office, department, service, institution or district of the county, excepting irrigation and reclamation and any other district where a tax levy for such district is not carried on the regular county, or city and county assessment roll including township officers and the judges of any court of record, and the executive head of each special district whose affairs and funds are under the supervision and control of the county board of supervisors or for which the county board of supervisors is ex officio the governing body, shall file with the county auditor of such county, an itemized estimate showing both the probable revenues from sources other than taxation that will accrue to his department, office, service, institution, or district, during the fiscal year, to which the budget is intended to apply, and all expenditures required by such department, office, service, institution or district, for the same period, together with a brief explanatory statement of the

Annual
financial
estimates.

requested increases in expenditures over the current fiscal year, or if such estimate is not presented before the first day of July, such statement should show the increases in expenditures over the last completed fiscal year. The county board of supervisors shall submit to the county auditor a statement showing all new road and bridge construction and grade separation, classified by funds from which the same are to be financed, for the fiscal year to which the budget is intended to apply, together with the estimated cost thereof. The county board of supervisors shall also submit a similar statement showing their road and bridge maintenance or betterment program, as nearly as can be estimated, as well as an estimate of all expenditures for construction or improvement purposes proposed to be made from the proceeds of bonds or other income not yet authorized; *provided*, that not to exceed twenty per cent of the moneys belonging to any road district may be carried in an "unappropriated reserve," and shall be available for the use of said district to cover expenditures that may have been insufficiently provided for or for unforeseen requirements as they may arise.

School district estimates shall be submitted, on the twentieth day of July through the county superintendent of schools in the manner heretofore prescribed by law, on forms prescribed by the state department of education, all other estimates required in this section shall be submitted on forms prescribed by the state department of finance, and may only be varied or departed from with the approval of said department; *provided, however*, that any county may without disturbing the uniformity of the forms and data prescribed, add to the information required or show the same in more detail. The county auditor is hereby directed to provide such forms, and it is made his duty to prepare the estimates for interest and debt redemption requirements and any other estimates, the preparation of which properly falls within the duties of his office; *provided*, that in the absence, failure, or disability of any official, or person, required to furnish estimates hereunder, such estimates shall be furnished by the official or employee in charge of such office, department, service, institution, or district, during such absence or disability, or such estimates may be prepared and furnished by the county board of supervisors.

Auditor's
tabulation of
proposed
expenditures

2. From such estimates, the county auditor shall prepare a tabulation showing the complete expenditure program of the county, school districts and special districts for the fiscal year to which the budget is intended to apply, and the sources of revenue by which it is to be financed. Such tabulation shall set forth the estimated revenue from sources other than taxation for each office, department, service, institution, or district, for the fiscal year to which the budget is intended to apply, compared with the corresponding figures of the last completed fiscal year, the estimated unencumbered surplus, after allowing for outstanding orders, contracts or other commitments, at the close of the current fiscal year, if such estimate is pre-

sented before July first, or the actual unencumbered surplus at the close of the last completed fiscal year, if such estimate is presented after July first, and the amount proposed to be raised by taxation; the estimated expenditures for each office, department, service, institution, or district, for the fiscal year to which the budget is intended to apply, the actual expenditures for the last completed fiscal year, together with the actual expenditures that have accrued for the current fiscal year and an estimate of the expenditures that will accrue for the remainder of such current fiscal year, if such estimate is presented before July first, and the sums necessary to be provided as "general reserves," or a general reserve as hereinafter provided.

Such estimates of expenditures shall be classified to set forth the data by funds, organization units, character and objects of expenditure; the organization units may be subclassified by functions and activities at the discretion of the county board of supervisors, but the expenditures for each organization unit shall be classified under the general classes of (1) salaries and wages; (2) maintenance and operation; (3) capital outlay; (4) interest and debt redemption; and, (5) expenditures proposed to be made from bonds or other income not yet authorized.

Classification
of items.

Within the general class of "salaries and wages" each salary shall be set forth separately, together with the title or designation of the recipient; *provided and excepted*, that in counties empowered by charter to increase or decrease the number of deputies and assistants in any office an unitemized estimate may be made to cover the salaries and wages of such deputies and assistants. Wages for day labor may be given in totals by designating the general purpose or object for which the expenditure is to be made. Expenditures coming under the general classification of "maintenance and operation" shall show the major subdivisions and objects for which such expenditure is to be made. Expenditures coming under the general classification of "capital outlay" shall show the major subdivisions and objects for which such expenditure is to be made, except that expenditures for structural or nonstructural improvements shall be listed separately as to each project. Under the general class of "interest and debt redemption" shall be set forth separately each series or issue of bonds, together with its individual requirements for interest and redemption. The total amount of emergency appropriations made during the last completed fiscal year shall be set forth separately together with a statement showing the amount issued for each emergency, a list of appropriations canceled showing the amount of each and a list showing each appropriation made from the unappropriated reserves and the amount thereof.

3. The said tabulation shall be submitted by the county auditor to the clerk of the county board of supervisors on or before the thirtieth day of July of each year, at such time as the county board of supervisors may direct. Said county board of

supervisors shall, upon receipt thereof, consider the same in detail, and shall on or before the tenth day of August of each year at such time as the county board of supervisors may direct, make, except as otherwise provided in this section, any revisions, reductions or additions therein, that it may deem advisable, setting forth thereon such changes as have been made to make said budget conform to the judgment and conclusion of the county board of supervisors as to a proper financial program for the county for the fiscal year to which the budget is intended to apply; *provided, however*, that the estimate submitted by any official, or person, as designated herein shall not be increased or reduced until such official or person shall have first had a hearing thereon before said county board of supervisors; *it is further provided*, that no school district budget shall be revised, reduced or added to except by the board of school district trustees, except to bring it within the maximum tax limits provided by law. In counties empowered by charter to increase or decrease the compensation and number of deputies and assistants in any office, the county board of supervisors shall, on or before the thirtieth day of May of each year adopt a salary ordinance. The county board of supervisors may, if it deem advisable, set aside a portion of each fund, other than school funds, to be known as "unappropriated reserves" which shall not exceed ten per cent of the total amount of said fund exclusive of surplus; *provided*, that in any fund from which expenditures are to be made wholly from surplus ten per cent of the estimated expenditures may be so reserved, or in lieu thereof a general unappropriated reserve which shall not exceed ten per cent of the total budget exclusive of all items for bond interest and redemption. The money in such unappropriated reserves shall be available for appropriation by a four-fifths vote of the members of the county board of supervisors present at any meeting of which all members shall have had reasonable notice, to cover expenditures that have not been provided for or that may have been insufficiently provided for or for unforeseen requirements as they may arise. Said budget shall contain an amount or amounts to be known as a general reserve or "general reserves," if carried in separate funds, in such sum or sums as the county boards of supervisors shall deem sufficient, for the fiscal year for which the budget is intended to apply, to meet the cash requirements of any fund to which the county's credit may be legally extended for that portion of such fiscal year prior to the receipt of taxes therein. Sums withdrawn from such "reserves" shall be returned thereto out of the respective appropriations in favor of which they were so withdrawn, and the amount thereof if found excessive, may, at the end of the fiscal year, be reduced by the county board of supervisors by applying such excess to the reduction of the tax levy. It shall be the duty of the county auditor or a deputy designated by him to attend the board's hearings on the matter contained in his tabulation and the preliminary

budget, and to furnish said county board of supervisors with any additional data or information it may require. Said tabulation with such revisions, additions, or changes as have been made therein as herein provided, shall constitute the preliminary county budget for the fiscal year to which the budget is intended to apply. Said budget in which shall be set forth the auditor's tabulation and each individual estimate required as per subdivisions one and two hereof, shall, on or before the tenth day of August of each year at such time as the county board of supervisors may direct, be printed or mimeographed in full in pamphlet form in quantities sufficient to supply one copy to each taxpayer requesting same, and said county board of supervisors shall on or before such date cause to be published once in a newspaper of general circulation throughout the county, notice that said budget has been prepared and is available for distribution to the taxpayers desiring a copy thereof. Such notice shall also set forth that on a date named therein, which date shall be not less than ten days subsequent to date that said budget is available to taxpayers desiring a copy thereof, the county board of supervisors will meet for the purpose of fixing the final budget designating the time and place of such meeting, and setting forth that any taxpayer may appear thereat and be heard for or against any part of said budget.

Preliminary
budget

4. On or before the twentieth day of August of each year at such time as the county board of supervisors may direct, said board, shall meet at the time and place designated in the notice, provided in subdivision three hereof, at which time and place any taxpayer may appear and be heard for or against any part of such budget. Such hearing shall be continued from day to day until concluded, but not to exceed a total of ten days; *provided, however,* that such hearing shall be concluded before the expiration of ten days if there are no requests or applications on file with the board for further hearing. The county board of supervisors shall have power to call in the official or person in charge of any office, department, service, institution, or district, other than school districts at the time the estimates for their respective offices are under consideration, for examination concerning such estimates, and such official or person shall be called by said county board of supervisors upon the request of any taxpayer for questioning upon such estimates.

Hearings on
preliminary
budget.

Upon the conclusion of such hearing but not later than the thirtieth day of August of each year at such time as the county board of supervisors may direct, said board shall by resolution, adopt the budget as so finally determined, which resolution may specify appropriations by general classes for "salaries and wages," "maintenance and operation," and "interest and debt redemption," and shall specify by items all appropriations for "capital outlays" and shall file in their offices a copy of the completed budget. The several amounts specified in the resolution as finally enacted, shall be and become appropriated for the several offices, departments, services,

institutions or districts, for the fiscal year to which the budget is intended to apply; *provided, however*, that if the budget as adopted, for any fund, special or school district, requires a tax levy greater than the legal limit as determined by the equalized valuations as shown on the assessment roll, such budget shall be decreased so as to come within the legal requirements, and this revised amount shall be the amount deemed to be appropriated for such purposes for such fiscal year. Nothing in this section shall be construed as removing or in any way affecting any tax limit heretofore fixed by law.

Levy of
taxes.

5. The county board of supervisors shall, not later than the first day of September, fix the rates of county and district taxes designating the number of cents levied for each fund upon each one hundred dollars of assessed value of the county for the current fiscal year to raise the amount of the estimated expenditures as finally determined, less the total of the estimated revenues from sources other than taxation, including available surplus, and such expenditures as are to be made from bond sources, and must levy the state, county and district taxes. All taxes shall be levied, upon the taxable property in the county, as provided by law, in specific sums, and the tax for county and local purposes shall not exceed the amount specified in the budget, after allowing for delinquency as provided by law; *provided*, that it shall not be lawful for any board of supervisors of any county in the state to levy, nor shall any tax greater than seventy-five cents on each hundred dollars (\$100) of property be levied and collected in any one year, to pay the bonded indebtedness or judgments arising therefrom, of this state, or of any county or municipality in this state.

Copies of
budget to
state officers

The clerk of the county board of supervisors shall immediately forward a copy of the completed budget and tax levies to both the state department of finance and the state controller.

Estimates
adopted
constitute
appropriation.

The estimates of expenditures, classified as required in subdivision two hereof, and as finally fixed and adopted by said county board of supervisors, shall constitute the appropriations for the county for the fiscal year to which the budget is intended to apply and the county board of supervisors and every other county official, or person, including township officers and judges of any court of record, shall be limited in the making of expenditures or the incurring of liabilities to the amount of such appropriations and classifications respectively; *provided*, that upon a resolution, formally adopted by the county board of supervisors at a regular or special meeting, and entered upon its minutes, transfers or revisions within the general classes of "salaries and wages," "maintenance and operation," and "capital outlay" may be made. Transfers between the general classes provided in subdivision two hereof, shall not be permitted; *provided*, that in the case of road and bridge maintenance appropriations, any lawful transfer, deemed necessary, may be made; *and it is further provided*, that the county board of supervisors may by a four-

fifths vote of the members present at any meeting of which all members have had reasonable notice cancel any appropriation in whole or in part that is not needed, and return such amount to the "unappropriated reserve" of the fund from which such appropriation was originally made.

Where any budget shall contain an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or obligations therefor incurred, except such preliminary expenditure as may be now provided by law, until such bonds have been duly authorized and sold. Expenditures made, liabilities incurred, or warrants issued in excess of any of the budget appropriations as originally determined, or as thereafter increased from the "unappropriated reserves" or as thereafter revised by transfer, as herein provided, shall not be a liability of the county, but the official making or incurring such expenditure in an amount known by him to be in excess of the available balance of the appropriation against which it is drawn, shall be liable therefor personally and upon his official bond. The county board of supervisors shall approve no claim, and the county auditor shall issue no warrant for any expenditure in excess of said budget appropriations, as finally adopted or as thereafter increased from the "unappropriated reserves" or by a transfer as herein provided by said county board of supervisors, or as revised under the provisions herein except upon an order of a court of competent jurisdiction, or for an emergency, as hereinafter provided. Nothing herein contained shall be construed as affecting any authority now granted the county board of supervisors to enter into any contract for governmental services for a period exceeding one year, provided that such contract shall only be considered an encumbrance of the fund from which it is to be liquidated in the amount of indebtedness accruing to June thirtieth of each fiscal year covered by such contract. It is expressly provided that school districts are included herein for the sole purpose of making possible the printing or mimeographing of a proposed expenditure program of moneys collected through county and district tax levies, in order to make possible a ready analysis of such tax levies by the taxpayers and county officials of the county, and it is further expressly provided that nothing in this section shall be construed as requiring any greater detail in school district budgets, nor as allowing any control, alteration or revision thereof or expenditure thereunder not heretofore provided by law, nor as placing any penalty upon any action of any school district board or officer not so heretofore provided.

6. Upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, epidemic, riot, or insurrection, or for the immediate preservation of order or of public health, or for the restoration to a condition of usefulness of any public property, the usefulness of which has been destroyed by accident, or for the relief of a stricken com-

munity, overtaken by calamity, or the settlement of approved claims for personal injuries, or for property damages, exclusive of claims arising from the operation of any public utilities, owned by the county, or to meet mandatory expenditures required by law, the county board of supervisors may upon the adoption, by a four-fifths vote of the members present at any meeting, of the time and place of which all of the members of such board shall have had reasonable notice, of a resolution stating the facts constituting the emergency and entering the same upon the minutes, make the expenditure necessary to meet such emergency.

All emergency expenditures shall be paid by warrant from any moneys on hand in the county treasury, in any fund properly chargeable with such expenditure, and the county treasurer is hereby authorized and directed to pay such warrants out of any moneys in the treasury in such fund. If, at any time, there shall be insufficient moneys on hand in the treasury to pay any of such warrants, then such warrant shall be registered, bear interest, and be called in the manner provided by law for other county warrants.

Unencumbered
balances

The unencumbered balance remaining in any fund at the end of the fiscal year shall be carried over to the credit of such fund for the next fiscal year, and shall be deducted from the amount finally determined as necessary to be expended by that fund, for such fiscal year; *provided, however*, that nothing in this act shall be construed as affecting the right of a county to levy, budget, and expend for highway purposes, the maximum tax provided in sections 2653 and 4041 of the Political Code in addition to such unencumbered balance; *provided*, that all balances remaining to the credit of any fund which is not to be continued in the succeeding fiscal year, shall revert to the general fund, except as to such funds as belong to special districts and are not a part of general county finances.

All contractual services rendered or deliveries made prior to the first day of July of each fiscal year, shall be taken into account as expenditures of the year in progress.

If at the beginning of any fiscal year the appropriations necessary for the support of the various county offices, departments, services, institutions or districts for such fiscal year shall not have been made, the several amounts appropriated in the budget of the preceding year for the objects and purposes therein specified, so far as the same shall relate to the operation and maintenance expenses, shall be deemed to be reappropriated for the several objects and purposes specified in said previous year budget until the county board of supervisors shall complete the budget for the current fiscal year and the county auditor shall approve the payments necessary for the support of the various county offices, departments, services, institutions, or districts on the basis of the appropriations of the preceding fiscal year.

7. On or before the tenth day of each month, or such other date in any month as the county board of supervisors may direct, the county auditor shall submit to the county board of supervisors a statement showing such information with respect to the condition of each separate budget appropriation as the county board of supervisors may require.

Auditor's monthly statement

8. It is hereby made the duty of the state department of finance to prescribe forms, to initiate or approve changes therein whenever in its judgment same are advisable, and to promulgate such rules, regulations and classifications as may be necessary to carry out the provisions of this act.

Duty of department of finance

9. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases, be declared unconstitutional.

Constitutionality

10. All acts and parts of acts in conflict with this act are hereby repealed.

Repealed.

11. Inasmuch as this act provides the method by which the appropriations for the usual current expenses of the various counties and districts of the state are to be prepared and submitted and inasmuch as this information and data must be compiled before the beginning of the next fiscal year, it is hereby declared an urgency measure and shall under the provisions of section 1 of article four of the constitution of the State of California take effect immediately.

An act to amend section 30 and section 31 of the workmen's compensation, insurance and safety act of 1917, as amended, relating to insurance policies of workmen's compensation insurance.

[Approved by the Governor June 4, 1929. In effect August 14, 1929.]

The people of the State of California do enact as follows:

SECTION 1. Section 30 of the workmen's compensation, insurance and safety act of 1917, as amended, is hereby amended to read as follows: Stats 1917, p. 858, amended.

Sec. 30. (a) Nothing in this act shall affect the organization of any mutual or other insurance company, or any existing contract for insurance, or the right of the employer to insure in mutual or other companies, in whole or in part, against liability for the compensation provided by this act; or to provide by mutual or other insurance, or by arrangement with his employees, or otherwise, for the payment to such employees, their families, dependents or representatives, of sick, accident or death benefits, in addition to the compensation provided for by this act; or the right of the employer to waive the waiting period provided for herein by insurance coverage; *provided, however,* that it shall be unlawful for any employer to exact or receive from any employee any contribution, or make or take any deduction from the earnings of any employee, either directly, or indirectly, to cover the whole or any part of the cost of compensation under this act, and it shall be a misdemeanor so to do. Right of employer to insure in mutual companies, etc

(b) Liability for compensation shall not be reduced or affected by any insurance, contribution, or other benefit whatsoever due to or received by the person entitled to such compensation, except as otherwise provided by this act, and the person so entitled shall, irrespective of any insurance or other contract, except as otherwise provided in this act, have the right to recover such compensation directly from the employer, and in addition thereto, the right to enforce in his own name, in the manner provided in this act, either by making the insurance carrier a party to the original application or by filing a separate application, the liability of any insurance carrier, which may, in whole or in part, have insured against liability for such compensation; *provided, however,* that payment in whole or in part of such compensation by either the employer or the insurance company shall, to the extent thereof, be a bar to recovery against the other of the amount so paid; *and provided, further,* that as between the employer and the insurance company, payment by either directly to the employee, or to the person entitled to compensation, shall be subject to the conditions of the insurance contract between them. Liability not reduced by insurance

Insurance carrier directly liable to employee

(c) Every contract insuring against liability for compensation, or insurance policy evidencing the same, must contain a clause to the effect that the insurance carrier shall be directly and primarily liable to the employee and, in the event of his death, to his dependents, to pay, to the extent provided in and subject to the provisions, conditions and limitations of the policy, the compensation, if any, for which the employer is liable; that, as between the employee and the insurance carrier, the notice to or knowledge of the occurrence of the injury on the part of the employer shall be deemed notice or knowledge, as the case may be, on the part of the insurance carrier; that jurisdiction of the employer shall, for the purpose of this act, be jurisdiction of the insurance carrier; and that the insurance carrier shall in all things be bound by and subject to the orders, findings, decisions or awards rendered against the employer under the provisions of this act, to the extent provided in and subject to the provisions, conditions and limitations of the policy.

Lien of employer on amount owing on policy

(d) Such policy must also provide that the employee shall have a first lien upon any amount which shall become owing on account of such policy to the employer from the insurance carrier, and that in case of the legal incapacity or inability of the employer to receive the said amount and pay it over to the employee or his dependents, the said insurance carrier may and shall pay the same directly to the said employee or his dependents, thereby discharging, to the extent of such payment, the obligations of the employer to the employee; and such policy shall not contain any provisions relieving the insurance carrier from payment when the employer becomes insolvent or is discharged in bankruptcy, or otherwise, during the period that the policy is in operation or the compensation remains owing. Every contract insuring against liability for compensation, provided by this act, or insurance policy evidencing the same shall be conclusively presumed to contain all of the provisions required by this act.

Employer relieved from liability by insurance carrier

(e) (1) If the employer shall be insured against liability for compensation with any insurance carrier, and if after the suffering of any injury such insurance carrier shall serve or cause to be served upon any person claiming compensation against such employer a notice that it has assumed and agreed to pay the compensation, if any, for which the employer is liable, and shall file a copy of such notice with the commission, such employer shall thereupon be relieved from liability for compensation to such claimant and the insurance carrier shall, without notice, be substituted in place of the employer in any proceeding theretofore or thereafter instituted by such person to recover such compensation, and the employer shall be dismissed therefrom. Such proceedings shall not abate on account of such substitution but shall be continued against such insurance carrier. If at the time of the suffering of an injury for which compensation is claimed, or may be claimed, the employer shall be insured against liability for the full amount of compensation payable,

or that may become payable, the employer may serve or cause to be served upon any person claiming compensation on account of the suffering of such injury and upon the insurance carrier a notice that the insurance carrier has in its policy contract or otherwise, assumed and agreed to pay the compensation, if any, for which the employer is liable, and may file a copy of such notice with the commission. If it shall thereafter appear to the satisfaction of the commission that the insurance carrier has, through the issuance of its contract of insurance or otherwise, assumed such liability for compensation, such employer shall thereupon be relieved from liability for compensation to such claimant and the insurance carrier shall, after notice, be substituted in place of the employer in any proceeding theretofore or thereafter instituted by such person to recover such compensation, and the employer shall be dismissed therefrom. Such proceeding shall not abate on account of such substitution, but shall be continued against such insurance carrier.

(2) The commission may, with or without the filing of the notice required by the preceding paragraph, enter its order relieving the employer from liability where it appears from the pleadings, stipulations or proof that an insurance carrier joined as party to the proceeding is liable for the full compensation which the employer in such proceeding is liable to pay.

Order of
commission

(f) Where any employer is insured against liability for compensation with any insurance carrier and such insurance carrier shall have assumed the liability of the employer therefor in the manner provided by this section, or shall have paid any compensation for which the employer is liable, or furnished or provided any medical services required by this act, such insurance carrier shall be subrogated to all the rights and duties of such employer and may enforce any such rights of its own name.

Standards for Grapes. Grapes, when being packed or placed in any container, or after packing, or when delivered for shipment, loaded, shipped, or being transported, offered for sale or sold in any container or subcontainer, shall conform to one of the following standards:

Group A

Standards for Group A. Fancy Grapes. Fancy grapes shall consist of bunches of well developed grapes of one variety * which are uniformly well colored, well matured, firmly attached to cap-stems, which are not weak, shattered, split, crushed, wet, soft, wilted or scarred; which are free from shot berries, raisining or raisined berries, sunburned or dried berries, water berry, mildew, Almeria spot, mold, decay, and from damage caused by other disease, insects, discoloration, freezing, or other means.

Stems shall be mature and shall not be weak or dry and brittle, and shall be free from mold and damage caused by mildew.

Bunches shall not be straggly or excessively small excepting that a sufficient number of small bunches shall be allowed to insure a properly packed container.

In order to allow for variations incident to proper grading and handling, not more than five per cent, by weight, of the grapes in any container may be below the requirements of

this grade; but not more than a total of two per cent, by weight, may be seriously damaged, and not more than one-fourth of this amount, or one-half of one per cent, may be affected by mold or decay. Group A

*Special fancy packs of assorted varieties, when so marked, may be admitted to this grade.

Fancy Sawdust Packed Grapes. Fancy grapes, when packed in sawdust, cork, or similar packing material in addition to the specifications prescribed above for fancy grapes, shall comply with the following requirements:

Bunches may be loose but shall not be excessively straggly, and shall be not less than six inches in length, measured from shoulder to tip, excepting the Almeria (Ohanez) variety, which shall have bunches not less than four inches in length and weighing not less than one-half pound each. The berries shall have a diameter of not less than five-eighths of an inch, measured through the widest portion of cross section, excepting the Almeria variety, which shall have berries with a diameter of not less than nine-sixteenths of an inch, and the Thompson seedless variety, which shall have berries with a diameter of not less than seven-sixteenths of an inch.

The five per cent tolerance permitted above for fancy grapes also shall apply to fancy sawdust packed grapes, but total serious defects, including mold and decay, shall be limited to one-half of one per cent by weight. In addition, grapes of this grade when packed in sawdust, cork, or similar packing material, may have not to exceed ten per cent, by weight, of the bunches in any container, and not more than five per cent, by weight, of the berries, which are below the prescribed sizes or weights.

All grapes packed in sawdust, cork or similar packing material shall comply with the standard for fancy sawdust packed grapes as hereinbefore specified; *provided*, that varieties other than Emperor and Almeria (Ohanez) may be so packed, shipped or sold if they comply with all requirements of this standard, excepting that stems need not be mature, and/or that grapes may be well colored instead of uniformly well colored, and/or that each bunch shall test not less than seventeen per cent soluble solids in juice as determined by the Balling or Brix scale hydrometer; *provided* that the varieties Malaga and Thompson seedless shall test not less than eighteen per cent when produced in any section excepting district one. Emperor grapes which comply with the standard for fancy sawdust pack grapes, as hereinbefore specified, excepting that the grapes may be well colored instead of uniformly well colored, may be packed in sawdust, cork or similar packing material prior to the twenty-sixth day of September in each season. Grapes meeting the requirements for the fancy standard for sawdust pack, with the exceptions hereinbefore specified, shall be marked "Grade No. 1-A Sawdust Pack," and shall bear no other marks of quality or grade, excepting as hereinafter provided.

Group A.

It is hereby provided that the packer or owner of any grapes in sawdust, cork or similar packing material, which fail to meet the requirements of fancy or grade 1-A sawdust packed grapes only by reason of deterioration which has occurred after packing, shall not be held liable for violation of the provisions of this act on account of such deterioration.

Grade 1-A Grapes. Grade 1-A grapes shall consist of bunches of well developed grapes of one variety which are well colored, mature, firmly attached to capstems, which are not weak, shattered, split, crushed, wet, soft, wilted, or badly scarred; which are free from immature shot berries, raisining or raisined berries, sunburned or dried berries, waterberry, mildew, mold, decay, and from damage caused by other disease, insects, freezing, or other means; *provided*, that there shall be no color requirement in this grade for white varieties when the grapes test not less than twenty per cent soluble solids in juice.

Stems shall not be weak or dry and brittle and shall be free from mold and damage caused by mildew.

Bunches shall not be excessively straggly, or excessively small excepting that a sufficient number of small bunches shall be allowed to insure a properly packed container.

In order to allow for variations incident to proper grading and handling, not more than ten per cent, by weight, of the grapes in any container may be below the requirements of this grade; but not more than a total of five per cent, by weight, may be seriously damaged, and not more than one-fifth of this amount, or one per cent, may be affected by mold or decay.

Special grade 1-A packs of assorted varieties, when so marked, may be admitted to this grade.

Grapes of varieties included in group A which have been placed in cold storage for a period of not less than thirty days, on a basis of storage in transit from the point of packing to interstate markets, and which, upon removal from storage, fail to meet the requirements of grade 1-A grapes only by reason of deterioration which has occurred after packing, shall not be required to show grade markings; *provided*, that such grapes shall at least meet the requirements of unclassified grapes.

Bunches shall not be excessively straggly. In order to allow for variations incident to proper handling, not more than fifteen per cent, by weight, of the berries in any container may be raisining or raisined; *provided*, that not more than one-third of this amount, or five per cent, may be raisined. In addition, not more than ten per cent, by weight, of the berries in the container may be below the remaining requirements of this grade, but not more than a total of five per cent, by weight, may be seriously damaged, and not more than two-fifths of this amount, or two per cent, may be affected by mold or decay; but in no case shall more than fifteen per cent, by weight, of the bunches in any container have spots of mold or decay affecting three or more contiguous berries.

Grade 1-B Mixed Grapes. Grade 1-B mixed juice grapes shall consist of grapes of mixed varieties of the same color which meet the remaining requirements of grade 1-B grapes.

1. Maturity of group A varieties, regardless of grade.
2. Color.
3. Bunches which fail to meet requirements for size or compactness (straggly or excessively straggly).
4. Mixed varieties (except in grade 1-B mixed, grade 2 mixed or unclassified grapes when marked "mixed varieties" or with color of grapes).

Lot Tolerance. For the purpose of this section, although the tolerances specified for the various standards necessarily are placed on a package basis, not more than one-fourth of the packages in any lot may be permitted to exceed the tolerance established by not more than one-half of the amount allowed; *provided*, that the entire lot shall average within the tolerance established; *provided, further*, that no container shall have more mold or decay than the amount specified in the tolerance established.

Definition of Terms. As used in these standards:

“One variety” means grapes showing the same varietal characteristics. Definition of terms.

“Waterberry” means a disease characterized by a watery, soft or flabby condition of the berries. Such affected berries are low in sugar content, have tender skins and are very easily crushed.

“Weak berries” are those which approach a waterberry in condition but are not so far advanced or affected.

“Redberry” means a condition closely resembling waterberry generally found in black varieties. Such grapes show a red or brownish red color in addition to the general characteristics of waterberry.

“Raisining berries” means grape berries in a stage of normal curing process, which have developed to some extent the characteristic shriveled or wrinkled appearance of a raisin, but which contain sufficient juice to drop from the berry under ordinary pressure between thumb and finger. Change of color and flavor are in some cases additional characteristics of raisining berries.

While wilting is prerequisite to the raisining process, berries which merely are wilted, or which show the fine wrinkling of the skin characteristic of advanced maturity without distinct shriveling, or change of color or taste, are not considered as raisining.

“Raisined berries” means grape berries which are fully cured, resembling raisins, which do not contain sufficient juice to drop from the berry under ordinary pressure between thumb and finger.

“Sunburned or dried grapes” means grapes which show complete drying out from any cause, of part or all of any individual berries.

“Free from mildew” means berries free from active powdery mildew or any scars caused by that disease.

“Wet” means moisture from crushing or rain.

“Damage caused by discoloration” means that more than fifteen per cent, by count, of the berries on any bunch, show a dark brown discoloration. Sunkissed berries of an amber or light brown color shall not be considered as damaged.

“Excessively small” means bunches which have less than twenty-five berries, unless they weigh at least one-fourth of a pound.

“Severe freezing injury” means damage affecting the pulp of the berries.

If no appeal from such seizure be filed within the time allowed as above provided, or, in case of an appeal, if no appearance on behalf of the appellant is made at the time and place set for the hearing thereof, the director of agriculture shall certify the fact of such seizure, together with the facts upon which the same has been based, to the district attorney whose duty shall be as provided in the preceding paragraph.

A director shall hold office for the term for which he was appointed or elected and until his successor is elected and qualified.

The articles or by-laws may fix the term of office of the directors at not more than two years from the date of election and until the election and qualification of successors.

Unless otherwise prescribed in the articles or by-laws, directors other than those named in the articles shall be elected annually by the shareholders.

Directors named in the articles shall have full power to manage all the business of the corporation until the annual election, or until their successors are elected and qualified.

Vacancies in the board of directors may be filled by a majority of the remaining directors, though less than a quorum, unless it is otherwise provided in the articles or the by-laws, and each director so elected shall hold office until his successor is elected at the next annual meeting of the shareholders, or at any special meeting duly called for that purpose prior thereto.

Any vice president, assistant treasurer or assistant secretary respectively may exercise any of the powers of the president, the treasurer or the secretary as provided in the by-laws or directed by the board of directors, and shall perform such other duties as may be imposed upon him.

The by-laws may provide for the appointment by the board of directors of an executive committee, and may authorize the board to delegate to such committee any of the powers and authority of the board except the power to declare dividends and to make any changes in the by-laws. Such committee shall be composed of members of the board and shall act only in the intervals between meetings of the board and shall be subject at all times to the control of the board of directors.

Creation of
bonded
indebted-
ness.

359. By complying with the following provisions, any corporation formed under the laws of this state may create a bonded indebtedness or increase the same, and two or more corporations formed under the laws of this state may create or increase a consolidated bonded indebtedness:

Procedure

(1) A resolution authorizing such creation or increase of bonded indebtedness and stating the amount of the bonded indebtedness to be created, or the amount to which the bonded indebtedness is to be increased, shall be adopted by the affirmative vote of at least a majority of the directors or trustees of such corporation, at a regular or special meeting, which resolution must be approved by the vote or written assent or assents of stockholders representing at least two-thirds of the subscribed shares of each class of stock of the corporation, or of a majority of the members of a corporation without shares of stock. If approved by the vote of stockholders or members, such vote may be had at a regular or a special meeting, and a resolution, containing a copy of the resolution adopted by the board of directors and setting forth the fact of the approval thereof by the stockholders or members, must be adopted by the votes of stockholders either present in person or represented by proxy at said meeting and representing at least two-thirds of the subscribed shares of each class of stock of the corporation, or, except as hereinafter provided, by the votes of a majority of the members of a corporation without shares of stock. In lieu of the approval of such resolution at a meeting of stockholders or members, such resolution may be approved by the written assent or assents of stockholders representing at least two-thirds of the subscribed shares of each class of stock of the corporation or, except as hereinafter provided, by the written assent or assents of a majority of the members of a corporation without shares of stock, which assent or assents shall contain a copy of such resolution and shall state the fact of the approval thereof by the stockholders or members and shall be filed with the secretary of the corporation.

Such assent may be executed and filed by the attorney-in-fact of any stockholder or member with the same effect as if executed and filed by his principal. If, pursuant to the articles of incorporation or amended articles of incorporation of any corporation without shares of stock, the respective members thereof have unequal voting power, the affirmative vote or written assent of members representing a majority of the votes in such corporation shall be sufficient to approve the resolution passed by the directors or trustees. If the by-laws of a corporation without shares of stock fix the number of members constituting a quorum, the affirmative vote or written assent of members equal in number to two-thirds of such number shall be sufficient to approve the resolution passed by the directors or trustees. A corporation without shares of stock, whose articles of incorporation, or any amendment thereto, authorize its board of directors or trustees to create a bonded

indebtedness or increase the same without the approval of its members, shall not be subject to the provisions of this section requiring approval of the resolution of such board by such members.

(2) Any two or more corporations formed under the laws of this state may, by complying separately with the provisions of this section relating to the creation or increase of bonded indebtedness, create or increase a consolidated bonded indebtedness which shall be binding jointly and severally on such corporations, and which may be secured by a consolidated mortgage or deed of trust executed by all such corporations, mortgaging or conveying in trust all or any of the properties of all such corporations acquired or to be acquired.

SEC. 27. A new section is hereby added to the Civil Code, New section. to be designated 361*b*, and to read as follows:

361*b*. Any two or more corporations may be: (a) Merged Consolidation of corporations. into one of such constituent corporations, which is herein designated as the surviving corporation, or (b) consolidated into a new corporation, as follows:

(1) The board of directors of each corporation shall approve Procedure. an agreement which shall set forth the terms of merger or consolidation, and the mode of carrying the same into effect, as well as the manner and basis of converting the shares of the constituent corporations into the shares of the consolidated or surviving corporation. If the agreement is for a consolidation, it shall state the matters required to be stated in articles of incorporation by section 290, except the matter of subscriptions, and these statements shall be deemed to be the articles of incorporation of the corporation created by the agreement.

If the agreement is for a merger, it shall state any matters with respect to which the articles of the surviving corporation are to be amended.

(2) The agreement shall be signed by the president or a vice president and the secretary or an assistant secretary of each corporation, and acknowledged by the officers executing the same on behalf of their respective corporations.

(3) The agreement must be approved by the vote of the holders of not less than two-thirds of the issued and outstanding shares of each class of its stock of each of the constituent corporations at a meeting duly called upon notice of the purpose thereof, mailed to the last known post-office address of each shareholder at least twenty days prior to the date of such meeting. There shall be mailed with the notice of such meeting a statement of the terms of the proposed agreement. In lieu of such vote of stockholders of any of said corporations it may be approved with like effect by the written consent of shareholders representing not less than two-thirds of the issued and outstanding shares of each class of its stock, which shall be filed with the secretary of such corporation.

If the agreement is approved by the required vote or written consent, that fact shall be certified on the agreement by

Procedure

the secretary of each meeting or the secretary of each corporation.

(4) Any amendment to the agreement may be adopted, and the agreement so amended may be approved, by like vote at such meeting, or like written consent of the shareholders of any of the constituent corporations, and if the agreement so amended be approved by like vote at such meeting, or like written consent of the stockholders of the other constituent corporation or corporations, and by the board of directors of each of the constituent corporations, the agreement so amended shall be signed and acknowledged and shall have certified upon it the approval of stockholders in the same manner as provided for the original agreement, and shall then be considered the merging or consolidating agreement.

(5) The agreement so approved, certified, executed and acknowledged shall be filed with the secretary of state, and shall thereupon become effective, and the several parties thereto shall be one corporation. A copy of said agreement, certified by the secretary of state, shall be filed with the county clerk of the county in which the principal office for the transaction of the business of the corporation is to be located, and a copy thereof, thus certified, shall be filed with the county clerk of any county in which any party to the agreement has real property or its principal office. A certified copy of such agreement shall have the same force in evidence as the original, and, except as against the state, shall be evidence of the performance of all conditions precedent to such consolidation or merger, and the creation or existence of the new or surviving corporation, and shall be prima facie evidence that the corporation is still in existence.

(6) The surplus appearing on the books of the constituent corporations, to the extent to which it is not capitalized by the issue of shares or otherwise, may be entered as earned or paid-in surplus, as the case may be, on the books of the consolidated or surviving corporation, and may thereafter be dealt with as such.

(7) Upon the merger or consolidation, as provided herein, the separate existence of the constituent corporations shall cease, except that of the surviving corporation in case of merger, and the consolidated or surviving corporation shall succeed, without other transfer, to all the rights and property of each of the constituent corporations, and shall be subject to all the debts, liabilities and duties of each, in the same manner as if the surviving or new corporation had itself incurred them. Any action or proceeding pending by or against any of such constituent corporations may be prosecuted to judgment, which shall bind the new or surviving corporation, or the new or surviving corporation may be proceeded against or substituted in its place.

(8) The merger or consolidation of any number of railroad corporations, incorporated under the laws of this state, with any number of railroad corporations incorporated under the

laws of other states or territories of the United States may be effected as provided in this section if the laws of each state or territory in which said corporations were formed authorize such consolidation.

SEC. 28. Section 362 of the Civil Code is hereby amended to read as follows:

Stats 1921,
p 134,
amended

362. By complying with the following provisions, any domestic corporation may amend its articles of incorporation for any or all of the following purposes:

Amendment
of articles
of incorpora-
tion.

(1) To change its name to any name not likely to mislead the public, or which is not the same as, and does not resemble, so closely as to tend to deceive,

(a) The name of a domestic corporation, or

(b) The name of a foreign corporation which is authorized to transact intrastate business in this state, or

(c) A name which is under reservation, as provided in section 296a of this code, unless the certificate of reservation is presented at the time of filing of the certificate of such amendment or it is established to the satisfaction of the secretary of state that such name was reserved for such use.

(2) To change or add to its powers and purposes; or to set forth different or additional powers or purposes;

(3) To change the location of its principal office or place of business to any other county within the state; *provided*, that no amendment need be made to change the principal office from one location to another in the same county or city and county;

(4) To state, if it so desires, the period of its existence as extended;

(5) To increase or diminish the number of its directors;

(6) To increase or decrease the authorized number of its shares or the aggregate par value thereof;

(7) To provide for the classification of its shares of stock, in which event there must be set forth a statement of the number of shares of each kind or class, and the nature and extent of the preferences, rights, privileges and restrictions granted to or imposed upon the holders of the respective classes of stock, and, except as to the matters and things so stated, no distinction shall exist between said classes of stock or the holders thereof;

(8) To change the statement of such classification or the nature and extent of such preferences, rights, privileges or restrictions of the shares issued or unissued, or to repeal such statement and eliminate such classification of the shares;

(9) To change shares having par value into the same or a different number of shares without par value; to increase or reduce the par value of shares; to change shares without par value into the same or a different number of shares with or without any par value;

(10) Generally, to alter its articles in any other respect, lawful at the time of making the amendment.

Procedure.

A resolution providing for any such amendment must be adopted by the affirmative vote of a majority of the directors or trustees of the corporation, and must be approved by the vote or written assent of shareholders holding at least a majority of the issued and outstanding shares, or by the vote or written assent of the members representing a majority of the voting power, if the corporation has no shares of stock. If any proposed amendment provides for an increase in the aggregate par value of the shares of a corporation or would make any change in the preferences, rights, privileges, or restrictions of any class of issued and outstanding shares, the vote or written assent of the holders of two-thirds of the issued and outstanding shares of each class of stock shall be necessary to the approval thereof, or such larger majority as the articles of incorporation or any amendment thereto may require. The resolution or assents of such shareholders or members must contain a copy of the resolution of the directors or trustees and state the fact of approval thereof.

After such amendment has been approved, the president or a vice president and the secretary or an assistant secretary shall execute a certificate, under the seal of the corporation, which shall be verified by their oath and shall set forth:

(1) The time and place of the meeting of the board of directors or trustees;

(2) A copy of resolution adopted thereat;

(3) The vote in favor of such resolution;

(4) The time and place of the meeting of the shareholders or members and the total vote by which such resolution was approved, or, if the approval was by written assent, the number of shares or members represented by the assents filed with the secretary of the corporation;

(5) The fact that the resolution or assents of the shareholders or members contained a copy of the resolution of the board of directors or trustees and expressed their approval of said resolution;

(6) The number of issued and outstanding shares, and number of each class of such shares, if classified, or the number of members of the corporation;

Provided, that two-thirds of the incorporators of any corporation which has not accepted subscription for shares other than those set forth in its articles of incorporation, may adopt any such amendment by executing a certificate stating that no subscriptions for shares other than those set forth in the articles of incorporation have been accepted by the corporation and that the signers thereof thereby adopt the amendment therein set forth, which certificate shall be verified by the oath of each signer thereof.

Any certificate of amendment may contain a copy of the articles of incorporation, as amended.

The certificate shall be submitted to the secretary of state, who shall file the same and put an indorsement of filing thereon if he finds that it shows a compliance with the provisions of

this section. Thereupon, the articles of incorporation shall be deemed amended in accordance with such certificate and a copy of such amendment and the certificate thereto, certified by the secretary of state, shall be prima facie evidence of the performance of the conditions necessary to the adoption thereof.

The secretary of state shall forthwith issue a certified copy of said certificate and transmit said copy to the county clerk of the county in which the principal place of business of the corporation was situated at the time said corporation was incorporated, which copy shall be filed by said county clerk upon payment of the fee prescribed by law. A copy of such certificate, certified by the secretary of state, shall be filed by such corporation in the office of the county clerk of every other county in which such corporation has or holds real property. Any corporation which shall amend its articles of incorporation and shall fail to file certified copies, as required by the preceding sentence, shall be subject to the penalties and liabilities provided for in section 299 of this code for a failure of corporations to file copies of their articles of incorporation in the office of the county clerks of the counties in which they shall purchase, hold, or locate real property.

Nothing appearing herein shall be construed to permit a corporation to extend or reduce the term of its existence by amending its articles of incorporation.

SEC. 29. A new section is hereby added to the Civil Code, New section. to be numbered 399, and to read as follows:

399. All corporations, whether they expire by their own Powers of corporation after dissolution. limitation, by forfeiture of charter by order of court, or are otherwise dissolved, shall nevertheless continue to exist for the purpose of winding up their affairs, prosecuting and defending actions by or against them, and of enabling them to collect and discharge obligations, to dispose of and convey their property, and to collect and divide their assets, but not for the purpose of continuing the business for which the corporation was established.

Any assets inadvertently or otherwise omitted from the winding up shall continue in the dissolved corporation for the benefit of the persons who would have been entitled thereto upon dissolution of the corporation, and on realization shall be distributed accordingly.

Before the payment of any part of the capital and before beginning the business for which the corporation was created, the incorporators named in any articles of incorporation may dissolve the corporation by filing in the office of the secretary of state a certificate, verified by the oath or affirmation of a majority of the incorporators named in the articles of incorporation, that no part of the capital has been paid and no debts are unpaid, and thereupon the said corporation shall be dissolved.

Charitable
and eleemosynary
corporations.

SEC. 37. Section 606 of the Civil Code is hereby amended to read as follows:

606. Twenty-five or more persons may organize a nonprofit corporation for the purpose of receiving, acquiring, holding, managing, administering and expending property and funds for charitable and eleemosynary purposes, including the assistance and support of charitable and eleemosynary institutions, associations and undertakings.

Powers

Such corporation shall, as an incident of its purpose and without any necessity for expressing the same in its articles of incorporation, have the following powers which it may exercise in full measure without the necessity of obtaining any order of court of authorization, approval or confirmation;

1. To act as trustee under charitable and eleemosynary trusts, receiving, holding, managing, administering and expending property and funds in accordance with the respective trusts upon which the same are acquired and held.

2. To receive, hold, manage, administer and expend property and funds upon the general charitable and eleemosynary trust that the same, either as to principal or income or both, shall be applied to the assistance and support of such charitable or eleemosynary institutions or objects, and at such times and to such extent as the corporation may in its judgment deem most conducive to the public welfare. No bequest, devise, gift or transfer of property or funds to such corporation for a charitable or eleemosynary purpose shall be invalid because of indefiniteness or uncertainty as to the purposes of the beneficiaries thereof, but, to the extent to which such indefiniteness or uncertainty exists, the same shall be resolved by the corporation in the manner which, in its judgment, is most consonant with the purpose of the donor and most conducive to the public welfare.

3. Subject to the provisions of section 1313 of the Civil Code, to take property and funds by will, gift or otherwise and with or without specification of any charitable or eleemosynary purpose, but in case no charitable or eleemosynary purpose is specified, the property or funds so received shall, nevertheless, be held upon the trust that the same shall be used for charitable and eleemosynary purposes. Such corporation shall not have the power to take or hold property or funds for any purpose other than a charitable or eleemosynary one.

4. To hold, in its own name and right, real and personal property of every nature and description without limitation as to extent, character or amount and with all the powers of control, management, investment, change and disposal incident to the absolute ownership of property or funds by a private person, subject only to the terms of particular trusts and to the general trust that all its properties and funds shall be held for charitable and eleemosynary purposes.

5. To borrow money, either upon or without security, giving such promissory notes or other evidences of indebtedness and such pledges, mortgages or other instruments of hypothecation as it may be advised.

6. To appoint and pay officers and agents to conduct and administer the affairs of the corporation, but no member of the board of trustees shall receive any compensation.

7. To adopt by-laws prescribing the duties of the officers and agents of the corporation, the detail of its organization, the time and manner of its meetings, and any and all detail incident to its organization and the efficient conduct and management of its affairs.

8. To do any and all things which a natural person might do necessary or desirable for the general purpose for which the corporation is organized.

The exercise of the powers of the corporation, with the right to delegate to officers and agents the performance of duties and the exercise of powers, shall be vested in a board of trustees of not less than nine nor more than twenty-five persons; *provided*, that the articles of incorporation may prescribe that the matter of controlling, managing, investing and disposing of the property of the corporation for the purpose of earning an income therefrom, as distinguished from the matter of applying property and funds to charitable and eleemosynary purposes, shall be exclusively in a finance committee consisting of not less than three members of the board, designated or appointed in some particular manner; *and provided, also*, that the matter of controlling, managing, investing and disposing of the property of the corporation for the purpose of earning an income therefrom may be delegated either in whole or in part to one or more trust companies or banks duly authorized to conduct a trust or banking business in this state.

Exercise of
powers.

Trustees

The articles of incorporation shall specify how the trustees shall be chosen and their terms of office, which shall not exceed six years. It shall be permissible that some or all of the trustees be chosen by specified associations or corporations or by those who are officers thereof and by public officials. As the articles of incorporation may prescribe, the board of trustees may constitute the corporation, or the corporation may have a membership distinct from the board of trustees. In the latter case the by-laws shall prescribe the terms and qualifications of membership.

Supervision
by attorney
general

The corporation shall be subject at all times to examination on behalf of the state to ascertain the condition of its affairs and to what extent, if at all, it may fail to comply with trusts which it has assumed or may depart from the general purpose for which it is formed. Such right of examination shall pertain ex officio to the attorney general. In case of any such failure or departure the attorney general shall institute, in the name of the state, the proceedings necessary to correct the same. Except as specially approved by the attorney general there shall be no accumulation of income by such corporation for a period longer than five years.

Corporate
expenses

The expenses of the corporation may be apportioned to the extent necessary against the various trust funds and property held by it, in the manner which seems just and equitable to the corporation, and the meeting of such expenses shall be deemed a charitable or eleemosynary purpose.

Articles

The articles of incorporation of each such corporation shall set forth:

(a) Its name;

(b) That it is a nonprofit corporation organized solely for general charitable and eleemosynary purposes under section 606 of the Civil Code of California;

(c) The county in this state where the principal office for the transaction of the business of the corporation is to be located;

Foreign
corporations

405. In this chapter the term "foreign corporation" means a corporation not incorporated under the laws of this state. The term "articles" includes the articles or certificate of incorporation or of association filed by the corporation with the secretary of state or proper official of the state, territory, or government, under the laws of which such corporation is created, and any amendments thereof, and any certificates supplemental thereto, and any charter, statute, or governmental act creating it, and any charter, statute or governmental act amendatory thereof or supplemental thereto.

No foreign corporation shall transact intrastate business in this state or enter into repeated and successive transactions of its business in this state, other than interstate or foreign commerce, until it has filed with the secretary of state a copy of its articles duly certified by the secretary of state or other proper official of the government under the laws of which it was created, together with a verified translation of any part thereof in a foreign language, and a statement setting forth:

Service of
process

SEC. 2. Section 406 of the Civil Code is hereby amended to read as follows:

406. No foreign corporation which has filed with the secretary of state a designation of an agent for the service of process, pursuant to the requirements of any law in force at the time of such filing, need file with the secretary of state the statement provided for in section 405, except for the purpose of designating a new agent. Any foreign corporation may revoke any designation heretofore or hereafter made of an agent for the service of process by filing with the secretary of state a statement setting forth such revocation and containing the name of the new agent and all other matters required by section 405, and any such corporation may designate a new agent by filing with the secretary of state the statement required by said section.

Process directed to any foreign corporation may be served on the person so designated, or any managing or business agent of the corporation, or cashier or secretary, or in the event that the person so designated can not be found at the address given, with due diligence, or if no person has been designated, and no managing or business agent or cashier or secretary of such corporation can be found after diligent search, then on the secretary of state. A copy of such designation, certified by the secretary of state, is sufficient evidence of the appointment of such agent for the service of process.

Whenever process against a foreign corporation is served upon the secretary of state such service shall be made by delivering to the secretary of state, or to any person employed in his office in the capacity of a deputy, duplicate copies of such process, and a fee of five dollars, and, if the corporation has not filed with the secretary of state the statement required by section 405, there shall also be delivered to the secretary of state a statement of the address of such corporation to which notice, and a copy of such process, shall be sent, whereupon service of such process upon such corporation shall be deemed to be complete and shall constitute valid service on such corporation, and the corporation shall appear and answer within thirty days after such service on the secretary of state. Upon receipt of such process and fee the secretary of state shall forth-

with give notice to the corporation by telegraph, charges prepaid, both to its principal or home office and to its principal office in the state, of the service of such process, and shall forward to each of such offices by registered mail, a copy of such process, or in case he has no record of such corporation or such offices, then such notice shall be telegraphed and such copies shall be mailed to the corporation, at the address given in the statement delivered to the secretary of state at the time of such service; *provided, however*, that failure of the secretary of state to give such notice or to mail copies of such process shall not affect the validity of such service. The certificate of the secretary of state, under his official seal, of such service shall be competent and sufficient proof thereof. The secretary of state shall keep a record of all process served upon him and shall record therein the time of such service and his action in respect thereto.

SEC. 3. Section 407 of the Civil Code is hereby amended to read as follows:

407. The requirements of this chapter as to foreign corporations shall not apply to corporations engaged solely in interstate or foreign commerce.

Any foreign corporation qualified to transact intrastate business in this state at the time this act becomes effective shall be deemed to be qualified under this chapter.

SEC. 4. Section 408 of the Civil Code is hereby amended to read as follows:

408. Any foreign corporation required to comply with the provisions of this chapter, which transacts intrastate business in this state without complying therewith shall be guilty of a misdemeanor, and shall be subject to a fine of not less than five hundred dollars, nor to exceed one thousand dollars, to be recovered in any court of competent jurisdiction. Prosecution under this section may be brought by the attorney general or by any district attorney, and if brought by the latter, one-half of the fine collected shall be paid to the treasurer of the county in which the conviction was had, and one-half to the state treasurer. If brought by the attorney general, the entire amount of fine collected shall be paid to the state treasurer to the credit of the general fund of the state.

In addition to the penalty herein provided, no such foreign corporation shall maintain any action or proceedings upon any intrastate business or transaction in any court of this state until it has complied with this chapter.

If the corporation was not qualified at the time of the transaction out of which the cause of action arose, it shall not maintain nor defend any action or proceeding thereon until it shall have complied with the provisions of this chapter, and shall have paid to the secretary of state a penalty of two hundred fifty dollars in addition to the fees due for filing the copy and statement required by section 405, and shall file with the clerk of the court in which the action is pending, receipts showing the payment of said fees and penalty and all franchise taxes

Sec. 76a. In the event of the nonpayment of any installment of the interest or principal and by way of a separate, distinct and cumulative remedy, the holder of any bond upon which any payment either upon the principal or of the interest has become delinquent may, at any time after three months after the date it is provided by ordinance or charter of said city that taxes are due, or in case taxes are collected by the county for the city at any time after four (4) months next succeeding the fourth Monday of September, following the date of delinquency of principal or interest and prior to the expiration of four (4) years after the due date of the last installment upon any bond or of the last principal coupon attached thereto, file and maintain a suit to foreclose the lien of the bond and recover the amount due thereon; provided, however, that suit may be brought at any time following the expiration of thirty (30) days after the service of personal demand for payment as herein provided upon the owner of the premises. Such demand shall be served in the manner provided by law for the making personal service of summons; if suit be brought costs for the service thereof shall be allowed in an amount equivalent to the fees prescribed by law for the service of summons. Said demand shall be in substantially the following form:

Form of demand for payment

“Demand for Payment of Street Improvement Bond.

You are hereby notified that Bond No. ----- Series No. ----- for an improvement in the city of ----- is delinquent. Unless the amount of the unpaid principal on said bond together with interest and penalties is paid to the city treasurer on or before thirty days after the service on you of this demand, the date of such service being this ----- day of -----, 19-----, the undersigned will institute suit to foreclose the lien of said bond in the manner prescribed by law.”

The complaint in such suit shall be sufficient if a true copy of the bond be therein set forth and appropriate allegations be made therein regarding the payments made upon the principal and interest of such bond. If personal demand for payment be made as herein provided the complaint shall so allege. Such suit shall be brought in the superior court within whose jurisdiction the city is by which the said bond has been issued and in case the owner of the lot, or parcel of land covered by said bond, can not with due diligence be found, the service of summons in such action may be had in the manner prescribed in the codes and laws of this state. The court in said suit shall have the power to adjudge and decree a lien against the lot or parcel of land covered by said bond and to cause said premises to be sold as in other cases of the sale of real estate by the process of said court to satisfy and discharge such bond and lien, and the amount of interest and penalties due shall be calculated in the same manner hereinbefore set forth in sections 62 and 68 hereof, up to the date of the judgment. On appeal, the appellate courts shall have the same power to adjudge and decree a lien and order such premises to be sold as is conferred on the court from which an appeal is taken. The court having jurisdiction of said cause shall also fix and allow a reasonable attorney's fee for the prosecution of said suit.

The plaintiff in the suit may also recover the cost of any abstract or report of search of title procured in good faith, in order to determine ownership, such search to be by a reputable abstractor or title company, and such cost not to exceed five dollars per lot, and such abstract or report to search with affidavit of payment to be filed in the action.

Such premises, if sold, may be redeemed as in other cases. Such action shall be governed and regulated by the provisions hereof, and also when not in conflict herewith, by the codes of this state.

An act to amend section 2 of the "County improvement act of 1921," approved June 3, 1921, as amended.

[Approved by the Governor June 6, 1929. In effect August 14, 1929.]

The people of the State of California do enact as follows:

Stats 1927,
p 1398,
amended

SECTION 1. Section 2 of the county improvement act of 1921, approved June 3, 1921, as amended, is hereby amended to read as follows:

Maintenance
and
operation

Sec. 2. The board of supervisors may, in its resolution declaring its intention to order work done or improvements made or by separate resolution, declare its intention to order that the expenses of maintaining and operating any or all of said improvements or any or all other existing improvements such as are permitted to be constructed herein, including the cost of necessary repairs, replacements, fuel, power, electrical current, care, supervision, and any and all other items necessary for the proper maintenance and operation thereof, shall be assessed, either partly or wholly, upon the lands lying within the district to be benefited by and to be assessed to pay the cost of the construction of said improvement, or upon such district as the board of supervisors shall determine will be benefited by the maintenance and operation of the improvements proposed to be maintained; the amounts so assessed to be levied and collected in the same manner and by the same officers as taxes for county purposes are levied and collected. Said resolution shall describe the boundaries of the district benefited and to be assessed for such maintenance and operation (which district shall hereafter in this act be designated and referred to as the maintenance district), or if said improvements or any part thereof to be maintained be constructed in the same proceeding, it may describe said district as being the same boundaries as those of the district to be assessed for the cost of constructing said improvement, which district in either case may be designated by a name by which it may thereafter be referred to in

all subsequent proceedings, including proceedings for the levy and collection of taxes.

At any time not later than the hour for hearing objections to the proposed work as provided in said improvement act of 1911, or at any time not later than the time fixed in the resolution of intention for hearing of objections, if the resolution of intention provides for maintenance only, any person permitted by the provisions of said act to make written protest against the proposed work or against the extent of the district to be assessed therefor, or both, may make like protest and in like manner against the ordering of the formation of the maintenance district or against the extent of said maintenance district, or both, at the time set for hearing protests as prescribed in said act. The board of supervisors, in addition to hearing protests against the proposed work or improvement and the extent of the district to be assessed therefor, shall hear and pass upon all protests against the formation of the maintenance district and against the extent thereof, and its decision shall be final and conclusive; *provided*, that when the board of supervisors finds that the protest against the formation of the maintenance district is made by the owners of more than one-half of the area of the property included within such district, no further proceedings shall be taken for a period of six months from the date of the decision of the board of supervisors on said hearing, unless said protests be overruled by an affirmative vote of four-fifths vote of the members of the board of supervisors. The board of supervisors may adjourn said hearing from time to time.

In the event that the board of supervisors, in its resolution of intention, shall declare its intention to order a maintenance district formed, the notice of improvement provided for in said improvement act of 1911 shall likewise give notice of such declaration of intention and that protests against the same may be filed and will be heard in accordance with the provisions of this act.

The board of supervisors shall be deemed to have acquired jurisdiction to order that such a maintenance district be formed to be assessed to pay the costs of maintaining and operating the improvement constructed at the same time or any or all other existing improvements such as are permitted to be constructed herein, and in the same manner prescribed in said improvement act of 1911 for the acquiring of jurisdiction to order the construction of improvements, and it may thereupon order the formation of such a maintenance district for such purpose, which order may be contained in the resolution ordering the construction of work or improvements in those cases where such work or improvement is provided to be done in the resolution of intention.

Thereupon a copy of said resolution ordering the formation of the maintenance district shall be filed in the office of the county assessor and the county assessor shall thereafter, in making up the assessment roll, segregate the property included within such

district on the assessment roll under the designation contained in said resolution. The board of supervisors shall thereafter, in each year, prior to the time of fixing the county tax rate, estimate the cost of maintaining and operating the said improvements to be maintained and operated within said district during the ensuing year. Said board shall decide whether or not the cost of the same shall be borne wholly or partially by the said maintenance district and shall, in addition to all other taxes, fix a special tax rate for the lands within said assessment district sufficient to raise an amount of money to cover the expense of maintaining said improvements during the ensuing year, or such portion of said amount as the board of supervisors shall determine shall be borne by said district, and the board of supervisors shall levy a special assessment tax each year upon the lands in such district sufficient to pay such expense or said portion of such expense. Such special assessment tax shall be levied and collected at the same time and in the same manner as the general tax levy for county purposes and when collected shall be paid into the county treasury to the credit of the fund of such maintenance district and be used for the payment of the expenses of such district, and said board shall have the power to control and order the expenditure thereof for said purposes.

Contributions by supervisors.

The board of supervisors may contribute toward the cost of such work or maintenance and shall have the power in its discretion to temporarily transfer moneys to said maintenance district fund from other funds in which such moneys are not immediately needed, the money so transferred to be used for the purposes herein provided and to be retransferred therefrom out of the first available receipts.

Consent of city

The maintenance district in this section provided for may include property lying within an incorporated city or cities; *provided*, that the consent of the legislative body of such incorporated city or cities, expressed by resolution, to the formation of such district shall first be obtained before the resolution of intention is adopted by the board of supervisors.

The applicant shall also cause such description to be printed once a week for three successive weeks in one or more newspapers of general circulation published in the locality or localities in which said applicant shall be engaged in business. CHAPTER 730.

An act to amend the Political Code by adding a new section thereto to be numbered section 594c, relating to the sale of securities and capital stock of companies organized for the purpose of transacting an insurance business, and to brokers and agents engaged in the sale of such securities and capital stock, providing for the supervision thereof, defining the powers and duties of the insurance commissioner in relation thereto and prescribing penalties for violation of the provisions thereof.

[Approved by the Governor June 7, 1929. In effect August 14, 1929.]

The people of the State of California do enact as follows:

SECTION 1. The Political Code is hereby amended by adding ^{New section} a new section thereto to be numbered section 594c and reading as follows:

594c. The word "security" as herein used shall include any note, stock, treasury stock, bond, debenture, evidence of indebtedness, certificate of interest or participation, certificate of interest in a profit-sharing agreement, collateral trust certificate, preorganization certificate, preorganization subscription, any transferable share, investment contract, or beneficial interest in title to property, profits or earnings or any other instrument commonly known as a security; but shall not include: ^{Security defined.}

(a) Bills of exchange, trade acceptances, promissory notes and other commercial paper issued, given or acquired in a bona fide way in the ordinary course of legitimate business, trade or commerce;

(b) Promissory notes, whether secured or unsecured, where the notes are not offered to the public, or are not sold to an underwriter for the purpose of resale;

(c) Mortgage participation certificates issued under and in accordance with the provisions of chapter eight of title two of part four of division one of the Civil Code.

"Sale" or "sell" as used in this section shall include every ^{Sale defined.} disposition, or attempt to dispose, of a security or interest in a security for value. Any security given or delivered with or as a bonus on account of, any purchase of securities or any other thing, shall be conclusively presumed to constitute a part of the subject of such purchase and to have been sold for value. "Sale" or "sell" shall also include a contract of sale, an exchange, an attempt to sell, an option of sale, a solicitation of a sale, a subscription or an offer to sell, directly or by an agent, or a circular letter, advertisement or otherwise; *provided*, that a privilege pertaining to a security giving the holder the privilege to convert such security into another security of the same company shall not be deemed a sale of such other security within the meaning of this definition; *and provided, further*, that the issue or transfer of a right pertaining to a security and entitling the holder of such right to subscribe to another

security of the same company shall not be deemed a sale of such security within the meaning of this definition; but the sale of such other security upon the exercise of such right shall be subject to the provisions of this section.

Broker
defined.

The word "broker" as used in this section includes every person, firm or corporation, other than an agent, who shall, in this state, engage either wholly or in part in the business of selling, offering for sale, negotiating for the sale of, or otherwise dealing in any security as defined in this section, issued by others, or of underwriting any issue of such securities, or of purchasing such securities with the purpose of reselling them, or of offering them for sale to the public.

Agent
defined

The word "agent" as used in this section means and includes every person, firm or corporation employed or appointed by a company or broker who shall, within this state, either as an employee or otherwise, for a compensation, sell, offer for sale, negotiate for the sale of or take subscriptions for any security as defined in this section.

Permit
to sell
securities

No company organized for the purpose of transacting, any insurance business in this state shall sell, except upon a sale for delinquent assessment made in accordance with the provisions of article two of title one of part four of division one of the Civil Code, or offer for sale, negotiate for the sale of, or take subscriptions for, any security or capital stock of its own issue until it shall have first applied for and secured from the insurance commissioner a permit authorizing it so to do.

Application

The application for the permit shall be verified as provided in the Code of Civil Procedure for the verification of pleadings, and shall be filed in the office of the commissioner. In such application the applicant shall set forth the names and addresses of its officers, the location of its office, an itemized account of its financial condition, the amount and character of its assets and liabilities, a detailed statement of the plan upon which it proposes to transact business, a copy of any security it proposes to issue, a copy of any contract it proposes to make concerning the same, a copy of any prospectus or advertisement, or other description of such securities, then prepared by or for it for distribution or publication, and such additional information concerning the company, its condition and affairs as the commissioner may require. If the applicant is a partnership or an unincorporated association or joint stock company, it shall file with its application a copy of its articles of partnership or association, and all other papers pertaining to its organization. If the applicant is a corporation, it shall file with its application a copy of all minutes of any proceedings of its directors or stockholders or members relating to or affecting the issue of such securities, and also a copy of its articles of incorporation and of its by-laws and of any amendments thereto. If the applicant is a corporation or association organized under the laws of any other state, territory, or government, it shall also file with its application a certificate, executed by the proper officer of such state, territory, or gov-

ernment not more than thirty days before the filing of such application, showing that such applicant is authorized to transact business in such state, territory, or government; and also, in such form as the commissioner may prescribe, its written instrument, irrevocably appointing the commissioner and his successor in office its true and lawful attorney upon whom all process in any action or proceeding against it may be served, with the same effect as if said corporation or association were organized or created under the laws of this state and had been lawfully served with process therein.

Upon the filing of such application, it shall be the duty of the commissioner to examine it and the other papers and documents filed therewith, and he may, if he deems it advisable, make or have made a detailed examination, audit, and investigation of the applicant and its affairs. If he finds that the proposed plan of business of the applicant is not unfair, unjust, or inequitable, that it intends to fairly and honestly transact its business, and that the securities that it proposes to issue and the methods to be used by it in issuing or disposing of them are not such as, in his opinion, will work a fraud upon the purchaser thereof, the commissioner shall issue to the applicant a permit authorizing it to issue and dispose of securities, as therein provided, in this state, in such amounts and for such considerations and upon such terms and conditions as the commissioner may in said permit provide. Otherwise, he shall deny the application and refuse such permit and notify the applicant in writing of his decision. Every permit shall recite in bold type that the issuance thereof is permissive only and does not constitute a recommendation or endorsement of the securities permitted to be issued. The commissioner may impose conditions requiring the deposit in escrow of securities, the impoundment of the proceeds from the sale thereof, limiting the expense in connection with the sale thereof and such other conditions as he may deem reasonable and necessary or advisable to insure the disposition of the proceeds of such securities in the manner and for the purposes provided in such permit. The commissioner may, from time to time for cause, amend, alter or revoke any permit issued by him hereunder, or temporarily suspend the rights of the applicant under such permit. The commissioner shall have the power to establish such rules and regulations as may be reasonable or necessary to carry out the purposes and provisions of this section.

tion

commis-
sioner.

Every company authorized by the commissioner to sell securities shall thereafter, at such times as it may be required by the commissioner, make and file in the office of the commissioner a report, setting forth, in such form as the commissioner may prescribe, the securities sold by it under the authority of any permit issued by him, the proceeds derived therefrom, the disposition of such proceeds, and such other information concerning its property, officers, or affairs, relating to or affecting the value of such securities, as the commissioner may require.

Reports

certificate

No person, firm or corporation shall act as an agent or broker unless he shall have first applied for and secured from the insurance commissioner a certificate, then in effect, authorizing him so to do.

Application,
what to
contain

Every such certificate shall expire on the first day of July next after its issue, unless sooner suspended or revoked. To secure such certificate, the applicant shall make and file in the office of the commissioner an application therefor in writing, verified by or in behalf of the applicant. In such application, the applicant shall set forth, in addition to such other information as may be required by the commissioner:

1. The name and address of the applicant, and if it be a corporation, association, or joint stock company, the name and address of each of its managing officers and agents, and, if it be a partnership, the name and address of each of the partners;

Said bond shall be conditioned upon the strict compliance with the provisions of this section, and the honest and faithful application of all funds received and the faithful and honest performance of all obligations and undertakings in the purchase or sale of securities, by said broker, his agents and employees. Said bond shall be further conditioned upon the payment of all damages suffered by any person damaged or defrauded by reason of the violation of any of the provisions of this section, or by reason of any fraud connected with or growing out of any transaction contemplated by the provisions of this section. Any person who sustains an injury covered by such bond, may in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damages sustained by him. Upon such action being commenced the commissioner may in his discretion, require the filing of a new bond, and immediately upon the recovery in any action on such bond, such broker shall file a new bond, and upon failure to file the same within ten days in either case such failure shall constitute sufficient grounds for the suspension or revocation of such broker's certificate.

Recovery
on bond.

Where
applicant is
a foreign
corporation

If the applicant is a corporation or association organized under the laws of any other state, territory, or government, it shall file with its application a copy of its articles of incorpora-

tion or association, together with a certificate executed by the proper officer of such state, territory, or government not more than thirty days before the filing of such application, showing that such applicant is authorized to transact business in such state, territory, or government, and also in such form as the commissioner may prescribe, its written instrument, irrevocably appointing the commissioner and his successor in office its true and lawful attorney upon whom all process in any action or proceeding against it, arising out of or founded upon the fraud of such applicant in the sale of securities within this state, or in any action upon any bond provided by this section, may be served, with the same effect as if said corporation or association were organized or created under the laws of this state and had been lawfully served with process therein.

The commissioner shall examine such application, and shall make such further investigation of the applicant and its affairs as he shall deem advisable. If, from such examination, the commissioner, shall be satisfied of the good business reputation of the applicant and of its officers or members, if any, that the sale of the securities proposed to be sold by it would not be unfair, unjust or inequitable to the purchasers thereof, that neither it nor its officers or members have violated any of the provisions of this act and that neither it nor its officers or members have engaged or are about to engage in any fraudulent transaction he shall issue such certificate. Otherwise, he shall refuse the same and deny the application and notify the applicant of his decision. The commissioner may at any time temporarily suspend or revoke any broker's or agent's certificate issued by him if he shall find that the holder thereof is of bad business repute, or has violated any provision of this act, or has engaged, or is about to engage in any fraudulent transaction.

Every broker shall, at such times as it may be required by the commissioner, make and file in the office of the commissioner a true and correct statement concerning any security sold or offered for sale by such broker, showing the name and location of the principal office of the issuer of such security; the names of its managing officers, if it is a corporation, or of its members, if it is a partnership; its assets, liabilities, and issued capital stock, at the close of its fiscal year then last ended, or at a later date; its gross income, expenses, and fixed charges for the year next preceding such date, or for such time as such issuer of such security has transacted business, if for less than one year, and the approximate price at which such broker has sold or proposes to sell such security, together with such other information, of which the broker may have knowledge, as the commissioner may require, nor shall any broker sell or offer for sale any security after notice in writing given to it by the commissioner that in his opinion, the sale thereof would be unfair, unjust, or inequitable to the purchaser thereof, unless the commissioner shall subsequently in writing withdraw such objection to the sale thereof.

sioner.

open to
public
inspection.

All papers, documents, reports, and other instruments in writing filed with the commissioner under this section shall be open to public inspection; *provided*, that if, in his judgment, the public welfare or the welfare of any company, demands that any portion of such information be not made public, he may, in his discretion, withhold such information from public inspection for such time as in his judgment is necessary. The commissioner may at any time give, issue, or make public any information concerning any company or any contracts, stocks, bonds, or other securities, sold or offered for sale within this state, if in his judgment the giving, issuing, or publishing of the same will be of public interest or advantage or will tend to prevent the fraudulent sale of such securities.

orders, etc.
of commis-
sioner.

Every order, decision, permit or other official act of the commissioner made, issued or done under the provisions of this section, shall be subject to review, in accordance with the provisions of chapter one of title one of part three of the Code of Civil Procedure. Upon such review, the burden of proof shall lie upon the appellant, and the court shall receive and consider any pertinent evidence, whether oral or documentary, concerning the action of the commissioner under review, but shall be limited to a consideration and determination of the question whether there has been an abuse of discretion on the part of the commissioner in making such order, decision, or permit.

An act to revise an act entitled "An act to provide for the registration of brands and earmarks, the licensing and regulating of cattle slaughterers and sellers of meat; prescribing duties of the department of agriculture in relation thereto, and penalties for the violation hereof," approved June 3, 1921.

[Approved by the Governor June 7, 1929 In effect August 14, 1929.]

The people of the State of California do enact as follows:

See
Stats 1921,
p 1248

SECTION 1. The act cited in the title hereof is hereby revised to read as follows:

Title
of act

Section 1. This act shall be known as the hide and brand law.

Enforcement

Sec. 2. The director of agriculture is hereby authorized and it is made his duty to enforce the provisions of this act and to exercise a general supervision over and protect the cattle of this state from theft, and to make such rules and regulations as may be necessary to carry out the purpose of this act.

He shall appoint a secretary, counsel and such hide and brand inspectors and other employees and clerks as may be necessary for this purpose and fix the salaries of such appointees. The salaries and expenses of appointees, including other additional expenses incurred in the enforcement of this act, as hereinafter provided, shall be paid out of the cattle protection fund, which fund is hereinafter provided.

All rules and regulations made under this act shall be promulgated in a proclamation under the seal of the department of agriculture, and shall be published in one or more stock journals of general circulation in the state.

Recorded
brands and
marks

Sec. 3. 1. It shall be unlawful to brand any cattle with a brand unless such brand shall be recorded and not forfeited under the provisions of this act.

2. Any person except as hereinafter provided may have a brand, or brand and mark recorded with which to brand or brand and mark his cattle; *provided*, such brand be not the

same or similar to the brand heretofore recorded for any other person, except by special permit issued by said director. Said brands or brands and marks must be recorded by the director of agriculture.

3. Recording a brand or brand and mark shall consist of depicting in the brand records a facsimile of the design of the brand adopted, a diagram denoting the manner of ear-marking adopted, an entry of the name and address of the person adopting the same, the date of recordation, the place upon the animal where the brand is to be used, number of the district and the location of the range whereon such animals are to range.

A brand or brand and mark shall not be deemed similar if it is not recorded by any other person in the same or a contiguous district.

Whenever the brand records on file with the state department of agriculture disclose evidence whereby the same or a similar brand has been recorded by two or more persons in any one branding district, the director of agriculture may proceed to cause an investigation to be made, and hearing held, for the purpose of determining the rights of prior ownership in such brand and when in the judgment of the director of agriculture, prior ownership to such brand or brand and mark has been fully established, the director shall cause the cancellation of any duplicate recorded brand in such branding district.

A brand or brand and mark shall not be considered recorded unless all renewal fees due hereunder shall have been paid.

4. The director may divide the state into a number of districts. Such districts may be changed as often as may be necessary to avoid the recordation of a brand or brand and mark in any two contiguous districts. A mark may be recorded only with a brand.

5. The sum of two dollars shall be paid said director for ^{Fee} the recordation of any brand or brand and mark; for the right to continue the use of said brand or of said brand and mark, under the provisions of this act, the owner thereof shall before the first day of January of each year after its recordation transmit to the said director the sum of one and one-half dollars. Failure to make such payment shall forfeit the right to use said brand or brand and mark. When forfeited, said brand or brand and mark shall not be recorded by any other person until after the expiration of one year from the date of the forfeiture thereof; *provided*, that no brand or brand and mark used or to be used for the purpose of branding cattle shall be recorded by any county clerk or recorder of any county of this state until said brand or brand and mark has been recorded under this act.

6. No transferee of any brand, or brand and mark, shall use such brand or brand and mark, until transfer thereof shall have been recorded in the office of the said director and the sum of one dollar paid therefor. ^{Recordation of transfer.}

Obliterating
brand.

7. No person shall obliterate a brand on the hide of any bovine animal until such hide has been inspected and tagged

Inspection
of cattle

Sec. 4. 1. Inspection of cattle shall consist of the examination of the same for brands and marks, and in the case of unbranded cattle, for natural marks, and the issuance of a certificate showing said brands and marks, or natural marks. If an animal bears another brand or brands in addition to that of the person presenting the same for inspection then the inspector shall have the right to demand that he be shown a bill of sale or other proof of ownership to one brand other than that of the person presenting the same for inspection. The inspector, as he proceeds with the inspection, shall make a record showing the number, kind, age, sex, marks and brands of each animal inspected, name of owner or claimant, consignor and consignee. Any corporation, copartnership, association, person or persons, their or its agents, who shall remove any animal and substitute another therefor, or add other animals, or take other animals, away from any lot of cattle for which an inspector has issued a certificate for shipment or slaughter, without notifying inspector who issued the certificate before cattle are shipped or slaughtered, shall be guilty of a misdemeanor.

Inspection of
carcasses

2. Inspection of carcasses of cattle with the hides attached, and of hides, will be the same as for cattle, except such inspector before issuing a certificate of inspection shall tag the same with the official tag of the department of agriculture; *provided*, that the animals from which such hides were removed, or from which such carcasses were obtained, were not inspected at shipping point or place of slaughter within fifteen days prior to slaughter.

Inspection
fee

3. The inspector shall make such inspection upon request of the shipper or slaughterer at the point of shipment prior to shipment or at the place of slaughter prior to slaughter, as soon as practicable after being notified, and shall receive from the person in charge of the same for such inspection the sum of five cents for each animal, carcass or hide inspected before he shall issue a certificate of inspection therefor.

Unlawful
to issue
certificate

4. It shall be unlawful for any inspector or other employee to issue any certificate of inspection unless such inspection shall have been personally made by him and all inspection fees collected, or neglect or refuse to forward the original certificate of inspection and fees collected to the director of agriculture within fifteen days after said inspection has been made.

Tagging

5. Tagging shall consist of attaching the official tag of the department of agriculture to the left side of the neck of the hide, and when so attached, said tag shall be prima facie evidence of inspection.

6. No charge shall be made for the inspection of hides which have been previously inspected and tagged under the provisions of this act.

Sec. 5. 1. No person shall slaughter a bovine animal or offer for sale, barter or exchange the meat thereof, unless he shall have a license therefor issued in accordance with the provisions of this act, except as herein otherwise provided

2. Every person slaughtering cattle as a business shall do so in a designated slaughterhouse. Before beginning business he must procure from the director a license to carry on such business and execute a bond to the State of California, in the penal sum of one thousand dollars to be approved by the director, conditioned that such person shall not slaughter, sell or expose for sale any cattle or the meat thereof, without first being the owner thereof, or being authorized so to do by such owner, and that in case he shall slaughter any cattle without being the owner, or so authorized by the owner, he shall, in addition to all other statutory penalties, pay therefor double the value of such animal. All amounts recovered on said bonds shall be paid as follows: One-half to the owner of such animal and the remaining one-half to the cattle protection fund.

Applicants who slaughter more than ten head and less than fifty head per month, ten dollars per annum. Applicants who slaughter more than fifty head, twenty-five dollars per annum. Applicant's fee.

4. The applicant shall state in his application where slaughterhouse in which he is to operate is located and to whom it belongs and he shall not slaughter cattle at any other place. If a licensee desires to change to another location he shall apply to said director to have his license transferred and the director may reissue the license without additional cost. It shall be unlawful for a licensed slaughterer, excepting on a strictly commission basis, to slaughter for any other person, or allow any one to slaughter for himself at that plant, unless he be licensed to slaughter there.

Location.

5. Any slaughterer who continues to slaughter cattle after expiration of license and who does not apply for new license within thirty days after expiration of previous license, must pay twenty-five dollars in addition to regular fee and fifty cents per day for every day he slaughters cattle after the expiration of his license, until new license is issued. directors shall meet at the time and place fixed for said hearing and shall hear all objections to said division of said estimate and any evidence offered in support of said objections and any evidence offered in support of said division. After the hearing of all evidence, if any, offered in regard to said matter, the board of directors shall, if any objection to said division has been made, make an order reaffirming or modifying said division of said estimate as may be just, but if no objection to said division is made at said hearing, no change shall be made therein. When such division of said estimate has been finally made, the board of directors shall furnish the board of supervisors and the auditor of each county in which any part of the district is situated a written statement of that part of said estimate apportioned to that county.

[Approved by the Governor June 7, 1929 In effect August 14, 1929]

The people of the State of California do enact as follows:

Stats 1927,
p 1493,
amended
Summary
determina-
tion of
probation.

SECTION 1. Section 1203 of the Penal Code is hereby amended to read as follows:

Investigation
by probation
officer.

1203. After the conviction by plea or verdict of guilty of a public offense in cases where discretion is conferred on the court or any board or commission or other authority as to the extent of the punishment the court, upon application of the defendant or of the people or upon its own motion, may summarily deny probation, or at a time fixed may hear and determine in the presence of the defendant the matter of probation of the defendant and the conditions of such probation, if granted; if probation is not denied, the court must immediately refer the matter to the probation officer to investigate and to report to the court at a specified time, upon the circumstances surrounding the crime and concerning the defendant and his prior record, which may be taken into consideration either in aggravation or mitigation of punishment; the probation officer must thereupon make an investigation of circumstances surrounding the crime and the prior record and history of the defendant and make a written report to the court of the facts found upon such investigation and must accompany said report with his written recommendations as to the granting or withholding of probation to the defendant

and as to the conditions of probation if it shall be granted and the report and recommendations must be filed with the clerk of the court as a record in the case. At such time or times fixed by the court, the court must hear and determine such application and in connection therewith must consider any report of the probation officer, and must make a statement that it has considered such report which must be filed with the clerk of the court as a record in the case. And Probation if it shall determine that there are circumstances in mitigation of punishment prescribed by law, or that the ends of justice would be subserved by granting probation to the defendant, the court shall have power in its discretion to place the defendant on probation as hereinafter provided; if probation is denied, the clerk of the court must forthwith send a copy of the report and recommendations to the board of prison directors; *further provided, however*, that probation shall not be granted to any defendant who at the time of the perpetration of the crime or at the time of his arrest was armed with a deadly weapon (unless at the time he had a lawful right to carry the same) nor to one who used or attempted to use a deadly weapon in connection with the perpetration of the crime, nor to one who in the perpetration of the crime inflicted great bodily injury or torture, nor to any defendant unless the court shall be satisfied that he has never in any place been previously convicted of a felony, nor to any public official or employee of the state, county, city, city and county, or other political subdivision thereof who in the discharge of the duties of his public office or employment accepts or gives or offers to accept or give a bribe or embezzles public money or is guilty of extortion in the discharge of his official duty.

1. The court, judge or justice thereof, in the order granting probation, may suspend the imposing, or the execution of the sentence and may direct that such suspension may continue for such period of time not exceeding the maximum possible term of such sentence, except as hereinafter set forth, and upon such terms and conditions as it shall determine. The court, judge or justice, in the order granting probation and as a condition thereof may imprison the defendant in the county jail for a period not exceeding the maximum time fixed by law in the instant case; may fine the defendant in such sum not to exceed the maximum fine provided by law in such case; or may in connection with granting probation, impose either imprisonment in county jail, or fine, or both, or neither; may provide for reparation in proper cases; and may require bonds for the faithful observance and performance of any or all of the conditions of probation. In counties or cities and counties where road camps, farms, or other public work is available the court may place the probationer in such camp, farms, or other public work instead of in jail, and subdivision twenty-nine of section 4041 of the Political Code shall apply to probation and the court shall have the same power to Court's power in re punishment.

require adult probationers to work, as prisoners confined in the county jail are required to work, at public work as therein provided; and supervisors of the several counties are hereby authorized to provide public work and to fix the scale of compensation for such adult probationers in their respective counties. In all cases of probation the court is authorized to require as a condition of probation that the probationer go to work and earn money for the support of his dependents or to pay any fine imposed or reparation condition, to keep an account of his earnings, to report the same to the probation officer and to apply such earnings as directed by the court.

Additional
punishment.

The court may impose and require any or all of the above mentioned terms of imprisonment, fine and conditions and other reasonable conditions, as it may determine are fitting and proper to the end that justice may be done, that amends may be made to society for the breach of the law; for any injury done to any person resulting from such breach and generally and specifically for the reformation and rehabilitation of the probationer; *provided*, that if the probationer should violate the terms and conditions of his probation and the court should deem it just or necessary to revoke such probation, then and in that event any period of time which such probationer may have served in jail or other detention place or any fine paid, under the terms and conditions of his probation, shall be taken into consideration as a part of his punishment, and he shall have a credit therefor to be deducted from his term of confinement or from the amount of any fine imposed upon final judgment. Upon the defendant being released from the county jail under the terms of probation or sooner by order of court, and in all cases where he is not confined in the county jail at the time of granting probation, the court shall place the defendant in and under the charge of the probation officer of the court, during such suspension or period of probation; *provided, however*, that upon the payment of any fine imposed and the fulfillment of all conditions of probation, probation shall cease at the end of the term of probation, or sooner, in the discretion of the court. In counties and cities and counties in which there are facilities for taking finger prints, such marks of identification of each probationer must be taken and a record thereof kept and preserved.

Rearrest and
revocation
of probation.

2. At any time during the probationary period of the person released on probation in accordance with the provisions of this section, any probation or peace officer may without warrant, or other process, at any time until the final disposition of the case, rearrest any person so placed on probation under the care of a probation officer, and bring him before the court, or the court may in its discretion issue a warrant for the rearrest of any such person and may thereupon revoke and terminate such probation, if the interests of justice so require, and if the court in its judgment, shall have reason to believe from the report of the probation officer, or otherwise, that the person so placed upon probation is violating any of

the conditions of his probation, or engaging in criminal practices, or has become abandoned to improper associates or a vicious life. Upon such revocation and termination the court may, if the sentence has been suspended, pronounce judgment after said suspension of the sentence for any time within the longest period for which the defendant might have been sentenced, but if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect, and the person shall be delivered over to the proper officer to serve his sentence, less any credits herein provided for.

3. The court shall have power at any time during the term of probation to revoke or modify its order of suspension of imposition or execution of sentence. It may at any time when the ends of justice will be subserved thereby, and when the good conduct and reform of the person so held on probation shall warrant it, terminate the period of probation and discharge the person so held, but no such order shall be made without written notice first given by the court or the clerk thereof to the proper probation officer of the intention to revoke or modify its order, and in all cases, if the court has not seen fit to revoke the order of probation and impose sentence or pronounce judgment, the defendant shall at the end of the term of probation or any extension thereof, be by the court discharged subject to the provisions herein.

Termination
of probation
and
discharge

4. Every defendant who has fulfilled the conditions of his probation for the entire period thereof, or who shall have been discharged from probation prior to the termination of the period thereof, shall at any time prior to the expiration of the maximum period of punishment for the offense of which he has been convicted, dating from said discharge from probation of said termination of said period of probation, be permitted by the court to withdraw his plea of guilty and enter a plea of not guilty; or if he has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and in either case the court shall thereupon dismiss the accusation or information against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which he has been convicted. The probationer shall be informed of this right and privilege in his probation papers. The probationer may make such application and change of plea in person or by attorney authorized in writing; *provided*, that in any subsequent prosecution of such defendant for any other offense such prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed.

The auditor shall annually enter in his assessment roll on which taxes will next become due, opposite each lot or parcel of land affected in a space marked "public improvement assessment," or by other suitable designation, the several installments of such assessment coming due during the fiscal year covered by such assessment roll, including in each case the interest due on such total unpaid assessments as herein provided, and also including a percentage of one-fourth of one per cent of the amount of such installments and of such interest so entered. No other percentage shall be claimed for any such collections. In the event that such collections are made by the county officials the county auditor shall at the close of the tax collecting season promptly render to the city auditor a detailed report showing the amounts of such installments, interest, penalties and percentages so collected on each proceeding and from what property collected, and also giving a statement of the percentages retained for the expenses of making such collections. [Approved by the Governor June 7, 1929 In effect August 14, 1929.]

The people of the State of California do enact as follows:

SECTION 1. Section 4263 of the Political Code is hereby amended to read as follows:

4263. In counties of the thirty-fourth class, the county officers shall receive as compensation for the services required of them by law, or by virtue of their office, the following salaries, to wit:

1. The county clerk, three thousand six hundred dollars per annum, and when a new great register of voters is required by law to be made, he shall receive his actual expense in making said register and the index thereto, and ten cents per name for every name registered. In counties of this class the county clerk may appoint one deputy county clerk at a salary of one thousand eight hundred dollars per annum and one typist at a salary of nine hundred dollars per annum, which offices are hereby created and said salaries fixed, to be paid out of the county treasury at the same time, in the same manner and out of the same fund as salaries of county officers are paid. It is hereby found as a fact that the salary provided for in this subsection does not work an increase in compensation and it is intended that the same shall apply immediately to the present incumbent.

2. The sheriff, four thousand five hundred dollars per annum. In addition to the fees and expenses allowed by law as set forth in section 4300b of the Political Code, the sheriff shall be allowed his actual and necessary traveling expenses incurred in pursuing criminals and his actual and necessary traveling expenses incurred in the investigation of crimes committed in his jurisdiction. In counties of this class the sheriff may appoint one deputy sheriff at a salary of one thousand five hundred dollars per annum, which office is hereby created and salary fixed, to be paid out of the county treasury at the same time, in the same manner and out of the same fund as salaries of county officers are paid.

3. The recorder, three thousand four hundred dollars per annum. In counties of this class the recorder may appoint one typist at a salary of one thousand two hundred dollars per annum, which office is hereby created, payable at the same time and out of the same fund as salaries of county officers are paid.
