PASSED AT THE

FORTY-EIGHTH SESSION OF THE LEGISLATURE

CHAPTER 1.

An act to ratify and approve the Colorado river compact, signed at Santa Fe, New Mexico, November 24, 1922, to repeal conflicting acts and resolutions and directing that notice be given by the governor of such ratification and approval.

[Approved by the Governor January 10, 1929. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature of California hereby ratifies and approves that certain agreement or compact designated as the "Colorado river compact" signed at Santa Fe, New Mexico, on the twenty-fourth day of November, 1922, by W. F. McClure as the commissioner for California under authority of and in conformity with the provisions of an act of the Legislature of California, approved May 12, 1921, entitled "An act authorizing the governor of California to appoint a representative of the State of California to serve upon a joint commission composed of representatives of the states of Arizona, California, Colorado, Nevada, New Mexico, Utah, Wyoming and the United States of America, and constituted for the purpose of negotiating and entering into an agreement between the several states hereinabove mentioned and between said states and the United States of America, subject to the consent of congress, respecting further use and disposition of the waters of the Colorado river and streams tributary thereto, and fixing and determining the rights of each of said states and rights of the United States in and to the use, benefit and disposition of the waters of said stream and its tributaries," and signed by the commissioners for the states of Arizona, Colorado, Nevada, New Mexico, Utah and Wyoming under legislative authority of said states and approved by Herbert Hoover, appointed by the president as the representative of the United States under authority and in conformity with the provisions of an act of the congress of the United States, approved August 19, 1921, (42 statutes at large, p. 171) entitled "An act to permit a compact or agreement between

the states of Arizona, California, Colorado, Nevada, New Mexico, Utah and Wyoming, respecting the disposition and apportionment of the waters of the Colorado river, and for other purposes," which said compact is in words and figures as follows:

"COLORADO RIVER COMPACT

Preamble "The States of Arizona, California, Colorado, Nevada, New Mexico, Utah and Wyoming, having resolved to enter into a compact under the Act of the Congress of the United States of America approved August 19, 1921 (42 Statutes at Large, Page 171) and the Acts of the Legislatures of the said States, have through their Governors appointed as their Commissioners:

"W. S. Norviel for the State of Arizona
 "W. F. McClure for the State of California
 "Delph E. Carpenter for the State of Colorado
 "J. G. Scrugham for the State of Nevada
 "Stephen B. Davis, Jr. for the State of New Mexico
 "R. E. Caldwell for the State of Utah
 "Frank C. Emerson for the State of Wyoming

who, after negotiations participated in by Herbert Hoover appointed by The President as the representative of the United States of America, have agreed upon the following articles:

"ARTICLE I

Purposes of the compact "The major purposes of this compact are to provide for the equitable division and apportionment of the use of the waters of the Colorado River System; to establish the relative importance of different beneficial uses of water; to promote interstate comity; to remove causes of present and future controversies; and to secure the expeditious agricultural and industrial development of the Colorado River Basin, the storage of its waters and the protection of life and property from floods. To these ends the Colorado River Basin is divided into two Basins, and an apportionment of the use of part of the water of the Colorado River System is made to each of them with the provision that further equitable apportionments may be made.

"ARTICLE II

"As used in this compact:—

Definitions. "(a) The term 'Colorado River System' means that portion of the Colorado River and its tributaries within the United States of America.

"(b) The term 'Colorado River Basin' means all of the drainage area of the Colorado River System and all other territory within the United States of America to which the waters of the Colorado River System shall be beneficially applied.

“(c) The term ‘States of the Upper Division’ means the States of Colorado, New Mexico, Utah and Wyoming.

“(d) The term ‘States of the Lower Division’ means the States of Arizona, California and Nevada.

“(e) The term ‘Lee Ferry’ means a point in the main stream of the Colorado River one mile below the mouth of the Paria River.

“(f) The term ‘Upper Basin’ means those parts of the States of Arizona, Colorado, New Mexico, Utah and Wyoming within and from which waters naturally drain into the Colorado River System above Lee Ferry and also all parts of said States located without the drainage area of the Colorado River System which are now or shall hereafter be beneficially served by waters diverted from the System above Lee Ferry.

“(g) The term ‘Lower Basin’ means those parts of the States of Arizona, California, Nevada, New Mexico and Utah within and from which waters naturally drain into the Colorado River System below Lee Ferry, and also all parts of said States located without the drainage area of the Colorado River System which are now or shall hereafter be beneficially served by waters diverted from the System below Lee Ferry.

“(h) The term ‘domestic use’ shall include the use of water for household, stock, municipal, mining, milling, industrial and other like purposes, but shall exclude the generation of electrical power.

“ARTICLE III

“(a) There is hereby apportioned from the Colorado River System in perpetuity to the Upper Basin and to the Lower Basin respectively the exclusive beneficial consumptive use of 7,500,000 acre feet of water per annum, which shall include all water necessary for the supply of any rights which may now exist.

Appropriation of water to each basin

“(b) In addition to the apportionment in paragraph (a), the Lower Basin is hereby given the right to increase its beneficial consumptive use of such waters by one million acre feet per annum.

Additional appropriation to lower basin

“(c) If, as a matter of international comity, the United States of America shall hereafter recognize in the United States of Mexico any right to the use of any waters of the Colorado River System, such waters shall be supplied first from the waters which are surplus over and above the aggregate of the quantities specified in paragraphs (a) and (b); and if such surplus shall prove insufficient for this purpose, then, the burden of such deficiency shall be equally borne by the Upper Basin and the Lower Basin, and whenever necessary the States of the Upper Division shall deliver at Lee Ferry water to supply one-half of the deficiency so recognized in addition to that provided in paragraph (d).

Water for Mexico.

“(d) The States of the Upper Division will not cause the flow of the river at Lee Ferry to be depleted below an aggregate of 75,000,000 acre feet for any period of ten consecutive

Minimum aggregate flow at Lee Ferry

years reckoned in continuing progressive series beginning with the first day of October next succeeding the ratification of this compact.

Use of water “(e) The States of the Upper Division shall not withhold water, and the States of the Lower Division shall not require the delivery of water, which can not reasonably be applied to domestic and agricultural uses.

Further apportionments after 1963 “(f) Further equitable apportionment of the beneficial uses of the waters of the Colorado River System unapportioned by paragraphs (a), (b) and (c) may be made in the manner provided in paragraph (g) at any time after October first, 1963, if and when either Basin shall have reached its total beneficial consumptive use as set out in paragraphs (a) and (b).

Negotiations for further apportionments “(g) In the event of a desire for a further apportionment as provided in paragraph (f) any two signatory States, acting through their Governors, may give joint notice of such desire to the Governors of other signatory States and to The President of the United States of America, and it shall be the duty of the Governors of the signatory States and of The President of the United States of America forthwith to appoint representatives, whose duty it shall be to divide and apportion equitably between the Upper Basin and the Lower Basin the beneficial use of the unapportioned water of the Colorado River System as mentioned in paragraph (f), subject to the legislative ratification of the signatory States and the Congress of the United States of America.

“ARTICLE IV

Use for navigation subservient to other uses “(a) Inasmuch as the Colorado River has ceased to be navigable for commerce and the reservation of its waters for navigation would seriously limit the development of its Basin, the use of its waters for purposes of navigation shall be subservient to the uses of such waters for domestic, agricultural and power purposes. If the Congress shall not consent to this paragraph, the other provisions of this compact shall nevertheless remain binding.

Use for power subservient to agricultural and domestic uses “(b) Subject to the provisions of this compact, water of the Colorado River System may be impounded and used for the generation of electrical power, but such impounding and use shall be subservient to the use and consumption of such water for agricultural and domestic purposes and shall not interfere with or prevent use for such dominant purposes.

Exception “(c) The provisions of this article shall not apply to or interfere with the regulation and control by any State within its boundaries of the appropriation, use and distribution of water.

“ARTICLE V

Cooperation of state and federal officials “The chief official of each signatory State charged with the administration of water rights, together with the Director of the United States Reclamation Service and the Director of the United States Geological Survey shall cooperate, ex-officio:

“(a) To promote the systematic determination and co-ordination of the facts as to flow, appropriation, consumption and use of water in the Colorado River Basin, and the interchange of available information in such matters.

“(b) To secure the ascertainment and publication of the annual flow of the Colorado River at Lee Ferry.

“(c) To perform such other duties as may be assigned by mutual consent of the signatories from time to time.

“ARTICLE VI

“Should any claim or controversy arise between any two or more of the signatory States: (a) with respect to the waters of the Colorado River System not covered by the terms of this compact; (b) over the meaning or performance of any of the terms of this compact; (c) as to the allocation of the burdens incident to the performance of any article of this compact or the delivery of waters as herein provided; (d) as to the construction or operation of works within the Colorado River Basin to be situated in two or more States, or to be constructed in one State for the benefit of another State; or (e) as to the diversion of water in one State for the benefit of another State; the Governors of the States affected, upon the request of one of them, shall forthwith appoint Commissioners with power to consider and adjust such claim or controversy, subject to ratification by the Legislatures of the States so affected.

Negotiations

ment of con-

Exception

“ARTICLE VII

“Nothing in this compact shall be construed as affecting the obligations of the United States of America to Indian tribes.

Indian tribes.

“ARTICLE VIII

“Present perfected rights to the beneficial use of waters of the Colorado River System are unimpaired by this compact. Whenever storage capacity of 5,000,000 acre feet shall have been provided on the main Colorado River within or for the benefit of the Lower Basin, then claims of such rights, if any, by appropriators or users of water in the Lower Basin against appropriators or users of water in the Upper Basin shall attach to and be satisfied from water that may be stored not in conflict with Article III.

Perfected
rights unim-
paired.

Satisfaction
of such
rights

“All other rights to beneficial use of waters of the Colorado River System shall be satisfied solely from the water apportioned to that Basin in which they are situate.

“ARTICLE IX

“Nothing in this compact shall be construed to limit or prevent any State from instituting or maintaining any action or

Enforcement

proceeding, legal or equitable, for the protection of any right under this compact or the enforcement of any of its provisions.

“ARTICLE X

Termination
of compact

“This compact may be terminated at any time by the unanimous agreement of the signatory States. In the event of such termination all rights established under it shall continue unimpaired.

“ARTICLE XI

When
effective

“This compact shall become binding and obligatory when it shall have been approved by the Legislatures of each of the signatory States and by the Congress of the United States. Notice of approval by the Legislatures shall be given by the Governor of each signatory State to the Governors of the other signatory States and to the President of the United States, and The President of the United States is requested to give notice to the Governors of the signatory States of approval by the Congress of the United States.

“IN WITNESS WHEREOF, the Commissioners have signed this compact in a single original, which shall be deposited in the archives of the Department of State of the United States of America and of which a duly certified copy shall be forwarded to the Governor of each of the signatory States.

Colorado river basin, for the approval of the Colorado river compact, and for other purposes," approved December 21, 1928, provides, among other things, for controlling the floods of the Colorado river and thereby eliminating such hazard, and also expressly provides that said act shall not take effect unless and until the said Colorado river compact shall have been ratified by each of the seven states signatory thereto, and the President by public proclamation shall have so declared, or, in the event the seven states signatory thereto shall have failed to ratify the said compact within six months from the date of the passage of said act, then until six of said states, including the State of California, shall have ratified said compact and shall consent to waive the provisions of the first paragraph of article eleven of said compact, which makes the same binding and obligatory only when approved by each of the seven states signatory thereto, and shall have approved said compact without conditions, save that of such six-state approval, and the President by public proclamation shall have so declared, it is hereby declared that this act is an urgency measure, necessary for the immediate preservation of the public health, peace and safety and that under the provisions of section 1 of article four of the constitution of the State of California an urgency exists and this act shall take effect immediately.

SECTION 1. Section 37 of an act entitled "An act approving the report of the California debris commission transmitted to the speaker of the house of representatives by the secretary of war on June 27, 1911, directing the approval of plans of reclamation along the Sacramento river or its tributaries or upon the swamp lands adjacent to said river, directing the state engineer to procure data and make surveys and examinations for the purpose of perfecting the plans contained in said report of the California debris commission and to make report thereof, making an appropriation to pay the expenses of such examinations and surveys, and creating a reclamation board

and defining its powers," approved December 24, 1911, as amended, is hereby repealed.

SEC. 2. The Legislature hereby declares that it deems it necessary for the immediate preservation of the public health and safety that this act shall go into immediate effect, by reason of the following facts: that unless the section hereby repealed is immediately repealed certain funds can not be made available for the maintenance of flood control works necessary to the preservation of large areas of land in the State of California. And it is hereby declared that this act constitutes an emergency measure which under the provision of section 1 of article four of the constitution of the State of California, shall go into immediate effect.

This act shall take effect immediately.

CHAPTER 6.

An act to validate bonds of school districts, high school districts and junior college districts of every kind and class, and providing for the levy of a tax to pay the same.

[Approved by the Governor January 17, 1929. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. Where in any school district, high school district, or junior college district, of any kind or class, proceedings have been taken for the purpose of voting, issuing and

selling bonds of such district for any purpose or purposes, all acts and proceedings of the officers of election and of the board of trustees, board of education, or other governing body of such district, and all acts and proceedings of the board of supervisors of the county within which such district is situated, leading up to and including the issuance of such bonds if they have been heretofore sold, and all such acts and proceedings heretofore had, although the bonds are not sold, are hereby legalized, ratified, confirmed and validated to all intents and purposes, and the power of such district and of the board of supervisors of the county in which such district is situated to issue such bonds is hereby ratified, confirmed and declared, and bonds heretofore sold are declared to be and shall be, in the form and manner in which such bonds have been actually issued and delivered, the legal and binding obligations of and against such district and bonds hereafter sold are declared to be and shall be legal and binding obligations of such district, and the full faith and credit of such district is hereby declared to be pledged for the prompt payment and redemption of the principal and interest of said bonds.

Payment of principal and interest upon bonds.

SEC. 2. For the purpose of paying interest on such bonds as it becomes due and the principal thereof at maturity, the assessors, treasurers, boards of supervisors and other officers of the respective counties shall have the same powers and shall perform the same duties as are provided by law relative to the assessment, levy and collection of taxes and custody of funds for the payment of the principal and interest of bonds of school districts, high school districts and junior college districts of every kind and class, respectively.

Conditions precedent.

SEC. 3. This act shall not operate to legalize any bonds which have been sold for less than par, nor legalize any bonds the issuance of which has not received the assent of two-thirds of the qualified electors of such district voting at an election held for the purpose of determining whether such indebtedness should be incurred, nor to legalize any bonds which mature more than forty years from the time of their issuance.

Urgency measure.

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of article four of the constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such urgency: Many school districts within the State of California are without sufficient money with which to purchase school lots, for building or purchasing one or more school buildings or making alterations or additions to same or restoring or rebuilding school buildings damaged, injured or destroyed by fire or other public calamity, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, for improving school grounds, for liquidating any indebtedness already incurred for said purposes or refunding any valid outstand-

ing indebtedness of such district evidenced by bonds or warrants thereof. Many school districts have within the last two years voted bonds for raising money for such purposes and the proceedings in many of such bond elections were irregular but complying with all the provisions of this act, and by reason of such minor irregularities and defects in such proceedings, not jurisdictional, such bonds can not now be sold. The population of many of these districts has increased so rapidly that the present school facilities of such districts are unable to meet the needs of the great increase of pupils in such districts and it is necessary and urgent that such bonds and the proceedings thereunder be validated at an early date in order that said school buildings, lots, equipment and facilities may be purchased or built before the opening of the next school year which in many instances would be impossible if this act did not go into effect immediately but were required to wait until ninety days after adjournment of this Legislature.

CHAPTER 7.

An act to amend sections 4 and 8 of an act entitled "An act to reserve all minerals in state lands; to provide for examination, classification, and report on the mineral and other character of state lands; to provide for the granting of permits and leases to prospect for and take any such minerals; to provide for the returns and royalties to be paid, and granting certain preference rights; to provide for the making of rules, regulations, and contracts necessary to carry out the purposes of this act; and repealing acts or parts of acts in conflict herewith; providing for an appropriation to defray the cost of administrating this act," approved May 25, 1921, as amended, relating to the suspension, withholding or denial of the right or privilege of applying or bidding for, receiving, obtaining or being granted permits or leases to prospect for or take oil, gas or other minerals in, upon or from tide, overflowed or submerged lands of the state.

[Approved by the Governor January 17, 1929 In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. Section 4 of an act entitled "An act to reserve all minerals in state lands; to provide for examination, classification and report on the mineral and other character of state lands; to provide for the granting of permits and leases to prospect for and take any such minerals; to provide for the rents and royalties to be paid, and granting certain preference rights; to provide for the making of rules, regulations and contracts necessary to carry out the purposes of this act; and

repealing acts or parts of acts in conflict herewith; providing for an appropriation to defray the cost of administering this act," approved May 25, 1921, as amended, is hereby amended to read as follows:

Prospecting
permits for
oil and gas

Sec. 4. The surveyor general is hereby authorized, upon the payment to him of fifty cents per acre, for each acre in area embraced within the boundaries of the lands proposed to be prospected and under such rules and regulations as he may prescribe, to grant to any person or association of persons, who are residents of the State of California and citizens of the United States or who have declared their intention of becoming such, or corporations ninety per cent of whose stockholders are citizens of the United States a prospecting permit, which shall give the exclusive right, for a period not exceeding two years, to prospect for oil or gas, upon not exceeding six hundred forty acres of land wherein such deposits of oil or gas belong to the state and are not within any known geological structure of a producing oil or gas field, upon condition that the permittee shall begin drilling operations within six months from the date of the permit, and shall within one year from and after the date of the permit, drill one or more wells for oil or gas to a depth of not less than one thousand feet each, unless valuable deposits of oil or gas shall be sooner discovered, and shall, within two years from date of the permit, drill for oil or gas to an aggregate depth of not less than two thousand feet unless valuable deposits of oil or gas shall be sooner discovered. The surveyor general may, if he shall find that the permittee has been unable with the exercise of diligence to test the land in the time granted by the permit, extend any such permit for such time, not exceeding two years, and upon such conditions as he shall prescribe. Whether the lands sought in any such application and permit are surveyed or unsurveyed the applicant shall, prior to filing his application for permit, locate such land in a reasonably compact form and according to the legal subdivisions of the public land surveys if the land be surveyed; and in an approximately square or rectangular tract, if the land be an unsurveyed tract, the length of which shall not exceed two and one-half times its width; the land to be surveyed by the surveyor general at the expense of the applicant for the permit in such form as the surveyor general shall deem to be to the best interest of the state; *provided, however*, that in case of prospecting permits and leases to river beds, lake beds, overflowed, tide and submerged lands, the width or length of the prospecting permit or lease along the shore line, measured on an east and west or north and south line, shall not exceed one-quarter mile. If the applicant shall cause to be erected upon the land for which a permit is sought a monument not less than four feet high, at some conspicuous place thereon, and shall post a notice in writing on or near said monument, stating that an application for permit will be made within thirty days after the date of posting said notice, giving the name of

the applicant, the date of the notice, and such a general description of the land to be covered by such permit by reference to courses and distances from such monument and such other natural objects and permanent monument as will reasonably identify the land, stating the amount thereof in acres, he shall during the period of thirty days following such marking and posting, be entitled to a preference right over others to a permit for the land so identified; *provided*, Recording notices *however*, that applicant shall, as a part of his application for a permit, show that within two days after the posting of the said notice, he recorded a copy of the same in the county recorder's office of the county in which the said land is situated. Marking boundaries The applicant shall, within ninety days after receiving a permit, mark each of the corners of the tract described in the permit upon the ground with substantial monuments, so that the boundaries can be readily traced on the ground, and shall post in a conspicuous place upon the lands a notice that such permit has been granted and a description of the lands covered thereby; *provided, however*, Exception that where the boundaries of the land sought to be prospected or developed under lease are wholly or partially in river or lake beds, overflowed, tide and submerged lands, the notice shall be conspicuously posted on a monument as close to a corner of the land as possible and shall specifically describe the area to be developed by courses and distances so that the limits of the area can be easily determined; *provided, further, however*, Permits covering tidelands, etc. that in no case shall permits or leases be granted covering tide, overflowed or submerged lands fronting on an incorporated city, or for a distance of one mile on either side thereof; *provided, further, however*, that in case of an application for a permit or a lease covering tide, overflowed or submerged land by anyone other than the littoral or riparian proprietor, said littoral or riparian proprietor shall have six months within which to file an application for a permit or lease, but if said littoral or riparian proprietor fails to comply with the requirements of this act and its rules and regulations made in pursuance hereof, his preferential rights shall thereupon cease and forever be terminated, and the original applicant shall be permitted to proceed with his application; *provided, further*, Exception. that after the approval of this act and prior to the first day of September, 1929, no monument shall be erected, or notice posted upon or notice recorded in relation to any tide, overflowed or submerged lands of this state, or application for permit presented to or received by the surveyor general for or in relation to any tide, overflowed or submerged lands of this state as provided in this section; *provided further*, Exception that no permit to prospect or drill for oil or gas in or upon any tide, overflowed or submerged lands shall ever be granted by the surveyor general upon an application made between the date of approval of this act and the first day of September, 1929. Nothing contained in the two provisos last preceding this clause, shall, however, be deemed or

construed to prevent any littoral owner from exercising the preference right given by the terms of this section, nor as affecting the rights under this act of the holder of any permit or lease heretofore issued and now outstanding nor of any applicant therefor who has fully complied heretofore with the provisions of this act, nor as recognizing, ratifying or validating any rights so claimed.

SEC. 2. Section 8 of said act is hereby amended to read as follows:

Stats. 1921,
p. 408,
amended
Lease of un-
appropriated
deposits to
highest
bidder

Sec. 8. All unappropriated deposits of oil or gas situated within the known geologic structure of a producing oil or gas field and the unentered lands containing the same not subject to preferential lease, may be leased by the surveyor general to the highest responsible bidder by competitive bidding under general regulations to qualified applicants in areas not exceeding six hundred forty acres and in tracts which shall not exceed in length two and one-half times the width, the surveyed land to be leased according to legal subdivisions, the unsurveyed land to be surveyed by the surveyor general, at the expense of the lessee, in such form as the surveyor general shall deem to be to the best interest of the state; *provided, however*, that in case of leases to river bed, lake bed, overflowed, tide and submerged lands the width or length of the lease along the shore line, measured on an east and west or north and south line, shall not exceed one-quarter mile, such leases to be conditioned upon the payment by the lessee of such bonus as may be accepted and of such royalty as may be fixed in the lease, which shall not be less than twelve and one-half per centum in amount or value of the production, and the payment in advance of a rental of not less than one dollar per acre per annum thereafter during the continuance of the lease, the rental paid for any one year to be credited against the royalties as they accrue for that year.

Bonus and
royalty.

Term.

Leases shall be for a period of twenty years with the preferential right in the lessee to renew the same for successive periods of ten years upon such reasonable terms and conditions as may be prescribed by the surveyor general, unless otherwise provided by law at the time of the expiration of such periods.

Whenever the average daily production of any oil well shall not exceed ten barrels per day, the surveyor general is authorized to reduce the royalty on future production when in his judgment the wells can not be successfully operated upon the royalty fixed in the lease. The provisions of this paragraph shall apply to all oil and gas leases made under this act; *provided, further*, that the surveyor general shall not lease or receive any application for lease, and shall not offer a lease to the highest responsible bidder by competitive bidding under the provisions of this section of any tide, overflowed or submerged lands of this state after the approval of this act and prior to the first day of September, 1929.

SEC. 3. This act is hereby declared to be an urgency measure deemed necessary for the immediate preservation

of the public peace, health and safety within the meaning of section 1 of article four of the constitution of California, and as such it shall take effect immediately.

The following is a statement of the facts constituting such urgency and necessity:

The surveyor general, since some time in 1927, has refused to file any applications for, or to grant any permits on the tide or submerged lands of the state, and it is believed that but for such refusal a much greater area of tide and submerged lands would have been applied for. There was, during 1927, commenced in the supreme court of the state, one or more actions which involved the validity of the act hereby amended, in so far as the same related to tide and submerged lands, and the decision of the supreme court in these cases was rendered on the thirty-first day of December, 1928, and in such decision the supreme court held such act to be valid in the particulars in which its validity had been challenged. Since such decision was rendered, the surveyor general has received numerous inquiries in regard to the procedure to be followed in order to obtain permits for tide and submerged lands under the provisions of said act and it is believed that a large number of applications for such lands will soon be made. It is believed that the tide and submerged lands of the state should not be open for exploitation and prospecting or for the production of oil and gas, as provided by the act hereby amended.

The Legislature desires opportunity to consider to what extent, if at all, the provisions tendered by the act hereby amended should be limited or withdrawn, and it is deemed in the interests of public policy that no rights under the act hereby amended should be initiated during the time given by the Legislature to the consideration of the subject, nor until such legislation as may be adopted in furtherance of the legislative purpose shall go into effect. If such provisions be not suspended during the period indicated the tide and submerged lands may be so far covered by applications and leases that such legislation as may be adopted would fail to secure that protection of tide and submerged lands which was by the Legislature intended.

SECTION 1. In all cases where the legislative branch of any municipality in this state has deemed it necessary to incur an indebtedness in excess of the ordinary annual income and the revenue of such municipality, and has called an election for the purpose of submitting to the qualified electors of such municipality the question whether such indebtedness shall be incurred, and where at such election so held, after due notice thereof was given, for the time and in the manner prescribed by law, not less than two-thirds of all the qualified electors voting thereat shall have voted in favor of incurring such

indebtedness, and the mode of creating such indebtedness has been by the proposed issuance of the bonds of such municipality, the power of such municipality to issue such bonds and all the acts and proceedings of such municipality leading up to and including the issuance and sale, or the proposed issuance and sale of such bonds are hereby legalized, ratified, confirmed and declared valid to all intents and purposes; and all such bonds, sold either before or after the passage of this act for not less than their par value, are hereby legalized and declared to be legal and valid obligations of and against such municipality so issuing and selling the same, and the faith and credit of such municipality is hereby pledged for the prompt payment and redemption of the principal and interest of said bonds.

The taxes herein required to be levied and collected shall be in addition to all other taxes levied for municipal purposes and shall be collected at the time and in the same manner as other municipal taxes are collected and be used for no other purpose than for the payment of said bonds and the accruing interest thereon.

completion of adequate and safe bridges as a part of the public street systems of such cities, and upon obtaining an adequate supply of water for municipal and domestic use therein. Such cities, or some of them have heretofore taken proceedings to incur bonded indebtedness for the purpose of acquiring, constructing and completing bridges as a part of the public street system of such cities and for securing an adequate supply of water for municipal and domestic use therein; but by reason of minor irregularities in such proceedings, not jurisdictional, such bonds can not now be sold, and for that reason said cities are unable to secure funds with which to acquire, construct and complete such bridges and to secure such water supply. If, however, such irregularities are cured or obviated by this act, such bonds can be sold.

SEC. 7. The term "net income," as herein used, means the gross income less the deductions allowed. "Net income"

SEC. 8. In computing "net income" the following deductions shall be allowed: Deductions from net income allowed

(a) All the ordinary and necessary expenses paid or incurred during the taxable year in carrying on business, including a reasonable allowance for salaries or other compensation for personal services actually rendered, and rentals or other payments required to be made as a condition to the continued use or possession for business purposes of property to which the taxpayer has not taken or is not taking title or in which it has no equity. Expenses Salaries Rentals

(b) All interest paid or accrued during the taxable year on indebtedness. Interest

(c) Taxes or licenses paid or accrued during the taxable year, other than taxes paid to the state under this act or under subdivision (d) of section 14 of article thirteen of the constitution of this state, and other than taxes on income or profits paid or accrued within the taxable year imposed by the authority of (1) any foreign country, (2) any state, territory, county, city and county, school district, municipality, or other taxing subdivision of any state or territory, and other than taxes assessed against local benefits of a kind tending to increase the value of the property assessed, but this shall not exclude the allowance as a deduction of so much of said taxes assessed against local benefits as is properly allocable to maintenance or interest charges; *provided, however*, that the deduction of real and personal property taxes shall be subject to the provisions of section 26 hereof; *and provided, further*, that the deduction allowed for federal income taxes shall be the amount of such taxes accrued during the taxable year. Other taxes and licenses

(d) Losses sustained during the taxable year and not compensated for by insurance or otherwise, except that such losses may, with the consent of the franchise tax commissioner, hereinafter designated "commissioner," be accounted for as of a different period. In the case of any loss claimed to have been sustained in any sale or other disposition of shares of stock or securities where it appears that within thirty days before or after the date of such sale or other disposition, the taxpayer has acquired (otherwise than by bequest or inheritance) or has entered into a contract or option to acquire substantially identical property and the property so acquired is held by the taxpayer for any period after such sale or other disposition, no deduction for the loss shall be allowed unless the claim is made by a taxpayer, a dealer in stocks or securities, and with respect to a transaction made in the ordinary course of its business. If such acquisition or the contract or option to acquire is to the extent of part only of substantially identical property, then only a proportionate part of the loss shall be disallowed. Upon the subsequent sale or disposition of shares of stock or securities, in respect of which a loss has been disallowed, the basis for measuring gain or loss in the Uncompensated losses

case of the property so acquired shall be the basis in the case of the stock or securities so sold or disposed of, except that if the repurchase price was in excess of the sale price such basis shall be increased in the amount of the difference, or if the repurchase price was less than the sale price such basis be decreased in the amount of the difference.

Debts not recoverable

(e) Debts ascertained to be worthless and charged off within the taxable year, or, in the discretion of the commissioner, a reasonable addition to a reserve for bad debts. When satisfied that a debt is recoverable in part only, the commissioner may allow such debt to be charged off in part. In the case of a debt existing on the date fixed by section 19 hereof for the ascertainment of a gain or loss on the part of the taxpayer, no more than its fair market value on that date shall be deducted.

Exhaustion, wear and tear and obsolescence.

(f) Exhaustion, wear and tear and obsolescence of property to be allowed upon the basis provided in sections 113 and 114 of that certain act of the congress of the United States known as the "Revenue act of 1928," which is hereby referred to and incorporated with the same force and effect as though fully set forth herein, or upon the basis provided in section 19 hereof.

Depletion of minerals and timber.

(g) In the case of mines, oil and gas wells, other natural deposits and timber, a reasonable allowance for depletion and for depreciation of improvements according to the peculiar conditions in each instance, such reasonable allowance in all cases to be made under the rules and regulations to be prescribed by the commissioner.

In the case of leases the deduction shall be equitably apportioned between the lessor and lessee.

The basis upon which depletion is to be allowed in respect of any property shall be as provided in sections 113 and 114 of the said revenue act of 1928, or upon the basis provided in section 19 hereof.

In the case of mines discovered by the taxpayer after February 28, 1913, the basis for depletion shall be the fair market value of the property at the date of discovery or within thirty days thereafter, if such mines were not acquired as the result of purchase of a proven tract or lease, and if the fair market value of the property is materially disproportionate to the cost. The depletion allowance based on discovery value provided in this paragraph shall not exceed 50 per centum of the net income of the taxpayer (computed without allowance for depletion) from the property upon which the discovery was made, except that in no case shall the depletion allowance be less than it would be if computed without reference to discovery value. Discoveries shall include minerals in commercial quantities contained within a vein or deposit discovered in an existing mine or mining tract by the taxpayer after February 28, 1913, if the vein or deposit thus discovered was not merely the uninterrupted extension of a continuing commercial vein or deposit already known to

exist, and if the discovered minerals are of sufficient value and quantity that they could be separately mined and marketed at a profit.

In the case of oil and gas wells the allowance for depletion shall be $27\frac{1}{2}$ per centum of the gross income from the property during the taxable year. Such allowance shall not exceed 50 per centum of the net income of the taxpayer (computed without allowance for depletion) from the property, except that in no case shall the depletion allowance be less than it would be if computed without reference to this paragraph.

(h) Dividends received during the taxable year from income arising out of business done in this state; but if the income out of which the dividends are declared is derived from business done within and without this state, then so much of the dividends shall be allowed as a deduction as the amount of the income from business done within this state bears to the total business done.

Dividends
from
intrastate
business

The burden shall be on the taxpayer to show that the amount of dividends claimed as a deduction has been received from income arising out of business done in this state.

(i) In the case of a building and loan association, organized and operating wholly or partly on a mutual plan, the return paid or credited on or apportioned to the withdrawable shares of such association, but not exceeding the return such shares would receive computed at the average rate paid by all such associations in this state, or by such associations in a particular locality, as the building and loan commissioner of this state may determine, on money borrowed or obtained through the issue during the taxable year of the association of all classes of notes and investment certificates not evidencing any proprietary interest in the association, such rate to be determined by the building and loan commissioner and certified by him to the franchise tax commissioner on or before the fifteenth day of January of each year.

Shares of
mutual build-
ing and loan
associations

(j) In the case of a mutual savings bank, the entire amount of interest paid to depositors possessing no proprietary interest in the institution or in its surplus, and interest on their deposits to members possessing a proprietary interest in the institution or in its surplus at a rate determined by the state superintendent of banks to be the going rate of interest upon savings deposits in the state during the preceding calendar year, such rate to be certified by him to the commissioner on or before the fifteenth day of January of each year.

(k) In the case of farmers', fruit growers', or like associations organized and operated in whole or in part on a cooperative or a mutual basis, (a) for the purpose of marketing the products of members or other producers, and turning back to them the proceeds of sales, less the necessary marketing expenses, which may include reasonable reserves, on the basis of either the quantity or the value of the products furnished by them, or (b) for the purpose of purchasing, or producing,

supplies and equipment for the use of members or other persons, and turning over such supplies and equipment to them at actual cost, plus necessary expenses, all income resulting from or arising out of such business activities for or with their members carried on by them or by their agents; or when done on a nonprofit basis for or with nonmembers.

nonprofit
associations.

(1) In the case of other associations organized and operated in whole or in part on a cooperative or a mutual basis, all income resulting from or arising out of business activities for or with their members, or with nonmembers, done on a nonprofit basis.

Contingent
computation
of national
bank taxes.

If any deduction provided for in this section is finally adjudged discriminatory against a national banking association contrary to section 5219 of the Revised Statutes of the United States, or is for any reason finally adjudged invalid, in that event the tax of the favored taxpayer shall be recomputed by the tax commissioner for the taxable year in question, as of the time of the allowance of the deduction, by disallowing the deduction, and any difference between the amount of the tax as recomputed and the amount of the tax as originally computed shall be subject to the provisions hereof relating to original computations.

Property not
deductible
from net
income

SEC. 9. In computing net income no deduction shall be allowed for:

(a) Any amount paid out for new buildings or for permanent improvements or betterments made to increase the value of any property; or for

(b) Any amount expended in restoring property or in making good the exhaustion thereof for which an allowance is or has been made; or for

(c) Premiums paid on any life insurance policy covering the life of any officer or employee, or of any person financially interested in any trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary under such policy, but the amount received under such a policy by reason of the death of the insured and amounts received under other life insurance, endowment and annuity contracts of the type whose premiums are disallowed, equal to the total amount of premiums paid thereon shall not be included in gross income.

Computation
of tax on
intrastate
business.

SEC. 10. If the entire business of the bank or corporation is done within this state, the tax shall be according to or measured by its entire net income; and if the entire business of such bank or corporation is not done within this state, the tax shall be according to or measured by that portion thereof which is derived from business done within this state. The portion of net income derived from business done within this state shall be determined by an allocation upon the basis of sales, purchases, expenses of manufacture, payroll, value and situs of tangible property, or by reference to these or other factors, or by such other method of allocation as is fairly calculated to assign to the state the portion of net

income reasonably attributable to the business done within this state and to avoid subjecting the taxpayer to double taxation.

If the commissioner reallocates net income upon his examination of any return, he shall, upon the written request of the taxpayer, disclose to him the basis upon which his reallocation has been made.

SEC. 11. (a) The term "taxable year," as herein used, means the calendar year, or the fiscal year ending during such calendar year, upon the basis of which the net income is computed herein. "Taxable year" includes, in the case of a return made for a fractional part of a year, the period for which such return is made.

Definitions

(b) The term "fiscal year," as herein used, means an accounting period of twelve months ending on the last day of any month other than December.

"Fiscal

(c) The terms "paid or incurred" and "paid or accrued" shall be construed according to the method of accounting upon the basis of which the net income is computed hereunder.

"Paid or
incurred "
"Paid or
accrued "

SEC. 12. The net income shall be computed upon the basis of the taxpayer's annual accounting period, fiscal year or calendar year as the case may be, in accordance with the method of accounting regularly employed in keeping the books of such taxpayer; but if no such method of accounting has been so employed, or if the method employed does not clearly reflect the income, the computation shall be made in accordance with such method as in the opinion of said commissioner does clearly reflect the income. If the taxpayer's annual accounting period is other than a fiscal year, or if the taxpayer has no annual accounting period or does not keep books, the net income shall be computed on the basis of the calendar year.

Computation
of taxable
year

SEC. 13. Every bank and corporation shall, within two months and fifteen days after the close of its taxable year, transmit to the commissioner a return in a form prescribed by him, specifying, for the taxable year, all such facts as he may by rule, or otherwise, require in order to carry out the provisions of this act; *provided*, that there shall be granted a general extension of time of two months in the case of returns required to be filed March 15, 1929, and of one month in the case of returns required to be filed April 15, 1929.

Returns

On or before May 15, 1929, every bank or corporation with a fiscal year ended during the calendar year 1928 shall file a return covering such fiscal year, and its tax for the months of the year 1929, corresponding to the months of 1928 which fall within the fiscal year ended during 1928, shall be according to or measured by such proportionate part of the net income of that fiscal year as the number of months falling within the calendar year 1928 bears to the total number of months in the fiscal year ended during that calendar year.

A bank which locates or commences to do business within the limits of this state, and a corporation which commences to do business in this state, after the effective date of this act, shall thereupon prepay the minimum tax hereunder, and upon the

filing of its return within two months and fifteen days after the close of its taxable year its tax for that year shall be adjusted upon the basis of the net income received during that taxable year. Said return shall also, in accordance with sections 23 to 26 inclusive, be the basis for the tax of said bank or corporation for its second taxable year.

The tax liability imposed under this act shall attach whether a bank or corporation has a taxable year of twelve months or of lesser duration.

Apportionment of tax among affiliated banks and corporations

SEC. 14. In the case of two or more corporations or banks or of one or more banks and one or more corporations owned or controlled directly or indirectly by the same interests, the commissioner is authorized to distribute, apportion, or allocate gross income or deductions between or among such corporations or banks, if he determines that such distribution, apportionment, or allocation is necessary in order to prevent evasion of taxes or clearly to reflect the income of any of such corporations or banks.

An affiliated group of banks or corporations, or of one or more banks and one or more corporations shall, subject to the provisions of this section, have the privilege of making a consolidated return for any taxable year in lieu of separate returns. In the case of a bank or corporation which is a member of the affiliated group for a fractional part of the year the consolidated return shall include the income of such bank or corporation for such part of the year as it is a member of the affiliated group. As used in this section an affiliated group means one or more banks or corporations connected through stock ownership with a common parent bank or corporation if, at least ninety-five per centum of the stock of each of the banks or corporations, except the common parent bank or corporation, is owned directly by one or more of the other banks or corporations, and the common parent bank or corporation owns directly at least ninety-five per centum of the stock of at least one of the other banks or corporations; or if at least ninety-five per centum of the stock of each of the banks or corporations is owned by the same interests or by the same stockholders. As used in this section the term "stock" does not include nonvoting stock which is limited and preferred as to dividends.

Form of returns

SEC. 15. Every return required by this act to be filed with said commissioner shall be verified by an executive officer of the bank or corporation. Blank forms of return shall be furnished by said commissioner on application, but failure to secure such a form shall not release any taxpayer from the obligation of making a return hereunder.

Extension of time for filing returns.

A reasonable extension of time for filing return may be granted by said commissioner whenever in his judgment good cause exists therefor, and he shall keep a record of every extension and the reason therefor. No such extension or extensions shall aggregate more than ninety days.

SEC. 16. If any return required by this act is not made, the commissioner is authorized to make an estimate of the net income and to compute and levy the amount of tax due under this act from any information in his possession.

Computation
in absence
of return

SEC. 17. Whenever, in the opinion of the commissioner, the use of inventories is necessary clearly to determine the income of any taxpayer, inventory shall be taken by such taxpayer upon such basis as the commissioner may prescribe, conforming as nearly as may be to the best accounting practice and most clearly reflecting the income.

Use of
inventories

SEC. 18. Any bank or corporation failing or refusing to furnish any return hereby required to be made, or failing or refusing to furnish a supplemental return or other data required by the commissioner, or rendering a false or fraudulent return, shall be guilty of a misdemeanor and subject to a fine of not exceeding five thousand dollars (\$5,000) for each such offense.

Penalties for
failing to
file or filing
false returns.

Any person required to make, render, sign, or verify any report, as aforesaid, who makes any false or fraudulent return, with intent to defeat or evade the assessment required by law to be made, shall be guilty of a misdemeanor, and shall for each such offense be fined not less than three hundred dollars (\$300) and not more than five thousand dollars (\$5,000), or be imprisoned not exceeding one year in the county jail of the county where said return was verified, or be subject to both said fine and imprisonment, in the discretion of the court.

SEC. 19. For the purpose of ascertaining the gain derived or loss sustained from the sale or other disposition of property, real, personal or mixed, acquired on or after January 1, 1928, the basis shall be the cost thereof, or the inventoried value if the inventory is made in accordance with this act, and in the case of property acquired prior to January 1, 1928, and disposed of thereafter, the basis shall be the fair market value thereof as of said date.

Computation
of profit
from disposi-
tion of
property.

The basis shall be diminished by the amount of the deductions for exhaustion, wear and tear, obsolescence and depletion which have, since the basic date, been allowable in respect of such property under this act.

SEC. 20. Upon the sale or exchange of property the entire amount of the gain or loss, determined under the preceding section shall be recognized, with the exceptions provided for in section 112 of said "Revenue act of 1928," which are hereby referred to and incorporated with the same force and effect as though fully set forth herein.

Same—
installment
sales.

In the case of installment sales the taxpayer may elect to proceed in the manner provided in section 44 of the said revenue act of 1928, in which case the taxpayer shall account for profits on installments received subsequent to December 31, 1927, on sales made prior thereto. If the taxpayer elects to proceed otherwise, the transaction will be deemed to have been closed when the sale was made.

Same—
exchanges

SEC. 21. When property is exchanged for other property and no gain or loss is recognized under the provisions of the preceding section, the property received shall be treated as taking the place of the property exchanged therefor.

Appointment
of franchise
tax commis-
sioner and
assistants

SEC. 22. The franchise tax commissioner, herein referred to, shall be appointed by the director of the department of finance, the controller of the state and the chairman of the state board of equalization, who are authorized to provide him with such assistants as they may deem necessary, and he shall serve for such period, and for such compensation, and under such conditions, as they may prescribe.

payment
of taxes

SEC. 23. One-half the amount of tax disclosed by the return, after allowing the offset herein provided for, shall be due and payable on or before the fifteenth day of the third month following the close of the taxable year, as defined in section 11 hereof. The balance of the tax shall be due and payable on or before the fifteenth day of the ninth month following the close of the taxable year. A tax imposed by this act or any installment thereof may be paid at the election of the taxpayer, prior to the date prescribed for its payment.

Where an extension of time for filing returns has been granted by the commissioner under the provisions of section 15 of this act, the first installment shall be paid prior to the expiration of such extension.

Penalties

If one-half of the tax is not paid on or before its due date, or the due date as extended by the commissioner, it shall be delinquent and a penalty of fifteen per centum added thereto. If the balance is not paid at the time it is due and payable, it shall be delinquent and a penalty of five per centum added thereto. At the time of the delinquency of the second installment an additional penalty of five per centum shall be added to the first installment unless that installment has theretofore been paid.

Disposition
of tax
moneys

All taxes and interest imposed under this act must be paid to the commissioner at Sacramento in the form of remittances payable to the treasurer of the State of California, and he shall transmit said payments daily to the state treasurer. All moneys received by the state treasurer shall be deposited by him in a special fund in the state treasury, to be designated the bank and corporation franchise tax fund, and moneys in said fund shall, upon the order of the state controller, be transferred into the general fund of the state, or drawn therefrom for the purpose of refunding to taxpayers hereunder.

Interest on
unpaid taxes

SEC. 24. (a) Interest upon the amount determined as a deficiency under the provisions of section 25 of this act shall

be assessed at the same time as the deficiency, shall be paid upon notice and demand from the commissioner, and shall be collected as a part of the tax, at the rate of six per centum per annum from the date prescribed for the payment of the tax (or, if the tax is paid in installments, from the date prescribed for the payment of the first installment) to the date the deficiency is assessed.

(b) If the time for the payment of the tax or any installment thereof has been extended, under the provisions of section 23 of this act, there shall be collected as part of such tax, interest thereon at the rate of six per centum per annum from the date when such payment should have been made if no extension had been granted, until the expiration of the period of the extension.

(c) If the amount determined by the taxpayer as the tax imposed by this act, or any installment thereof, or any part of such amount or installment is not paid on or before the date prescribed for its payment, there shall be collected as a part of the tax, interest upon such unpaid amount at the rate of one per centum a month from the date prescribed for its payment until it is paid.

(d) Where an extension of time for payment of the amount so determined as the tax by the taxpayer, or any installment thereof, has been granted, and the amount the time for payment of which has been extended, and the interest thereon determined as provided hereinabove, is not paid in full prior to the expiration of the period of the extension, then, in lieu of the interest provided for in subsection (b) of this section, interest at the rate of one per centum a month shall be collected on such unpaid amount from the date of the expiration of the period of the extension until it is paid.

(e) Where a deficiency, or any interest or penalties assessed under this act have not been paid in full within ten days from the date of notice and demand from the commissioner, there shall be collected as part of the tax, interest upon the unpaid amount at the rate of one per centum a month from the date of such notice and demand until such assessment is paid.

SEC. 25. As soon as practicable after the return is filed the commissioner shall examine it and shall determine the correct amount of the tax. If the commissioner determines that the tax disclosed by the original return is less than the tax disclosed by his examination he shall mail notice to the taxpayer at its post-office address (which must appear on its return) of the additional tax proposed to be assessed against it. Such notice shall set forth the details of the proposed additional assessment and of computing said tax.

Within sixty days after the mailing of said notice the taxpayer may file with the commissioner a written protest against the levy of the proposed additional tax, as computed by the commissioner, specifying therein the grounds upon which the protest is based. The protest must be under oath.

fixing tax.

If no such protest is so filed the amount of the tax shall be final upon the expiration of said sixty-day period. If a protest is so filed it shall be the duty of the commissioner to reconsider the computation and levy of the tax complained of, and if the taxpayer has so requested in its protest, it shall be the duty of the commissioner to grant said taxpayer, or its authorized representatives, an oral hearing. After consideration of the protest and the evidence adduced in the event of such oral hearing, the commissioner's action upon the protest shall be final upon the expiration of thirty days from the date when he mails to the taxpayer notice of his action, unless within that thirty-day period the taxpayer appeals in writing from the action of the commissioner to the state board of equalization. The appeal must be addressed and mailed to the state board of equalization at Sacramento, and a copy of the appeal addressed and mailed at the same time to the commissioner at Sacramento. The determination by said board upon said appeal of the amount of the tax shall be final, and said board shall forthwith notify the taxpayer and the commissioner of its determination.

When a deficiency has been determined and the tax has become final under the provisions of this section, the commissioner shall mail notice and demand to the taxpayer for the payment thereof, and such tax shall be due and payable at the expiration of ten days from the date of such notice and demand.

A certificate by the commissioner or of said board as the case may be, of the mailing of the notices specified in this section shall be prima facie evidence of the computation and levy of the deficiency in tax and of the giving of said notices.

Offsets

SEC. 26. A corporation subject to the tax herein provided for, shall receive an offset against said tax, subject to the limitations provided in section 4 hereof, for real and personal property taxes paid upon its property to any county, city and county, city, town or other political subdivision of the state during the taxable year. Every bank and banking association subject to the tax herein provided for shall receive an offset against said tax, subject to the limitations provided in section 3 hereof, for taxes paid upon its real property during the taxable year to any county, city and county, city, town, or other political subdivision of the state. At the time of payment of first installment of tax under the provisions of section 23 of this act, each taxpayer claiming an offset against the tax shall submit to the commissioner evidence in such form as he shall prescribe in support of such claims.

Where a consolidated return has been made under section 14 hereof the offset allowable against the tax liability of the consolidated group may include said property taxes paid during said period by all corporations which are included in the consolidated group, subject to the limitations of section 4 hereof.

If a corporation in paying the tax provided for in this act desires to claim an offset in the computation of its tax, the four per centum rate shall be applied to such offset and the amount so computed shall be added to and included in the tax of the corporation.

SEC. 27. If in the opinion of the commissioner, or said board, as the case may be, a tax has been computed in a manner contrary to law or has been erroneously computed by reason of a clerical mistake on the part of the commissioner or said board, such fact shall be set forth in the records of the commissioner, and the amount of the illegal levy shall be refunded to the taxpayer or its successor through reorganization, merger, or consolidation, or to stockholders upon dissolution. Refunds.

If any tax or penalty has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, the commissioner shall certify to the state board of control the amount collected in excess of what was legally due, from whom it was collected, or by whom paid, and if approved by that board, the same shall be refunded to the taxpayer, but no such refund shall be made unless a claim therefor is filed by the taxpayer with the commissioner.

Interest on refunds shall be allowed and paid at the rate of six per centum per annum from the date of the overpayment to a date preceding the date of the refund warrant by not more than thirty days, such date to be determined by the commissioner.

In the event that a tax has been illegally levied against a taxpayer the commissioner shall certify such fact to the state board of control and said board shall authorize the cancellation of the tax upon the records of the commissioner.

SEC. 28. SEC. 29. The taxes levied under this act shall constitute a lien upon all property of the taxpayer, which lien shall attach on the first Monday in March of each year. Every tax herein provided for has the effect of a judgment against the taxpayer, and every lien has the effect of an execution duly levied against all property of the delinquent, and the judgment is not satisfied nor the lien removed until the tax and the penalty are paid, or the property sold for the payment thereof. No decree of dissolution shall be made and entered by any court, nor shall the county clerk of any county or the secretary of state file any such decree, or file any other document by which the term of existence of any taxpayer shall be reduced or terminated until the tax and penalty shall have been paid. Such action must be filed within ninety days from the date of mailing the notice of final determination of the tax under section 25 hereof; *provided*, that no action shall be filed unless the taxpayer has made protest to the commissioner of the computation and levy complained of under the provisions of section 25 hereof.

When a refund claim has been filed under the provisions of section 27 hereof, and the same has been denied or no action thereon has been taken by the commissioner within six months from the filing thereof, the taxpayer may bring an action against the state treasurer on the grounds set forth in such claim for the recovery of the whole or any part of the amount claimed as an overpayment, but such action must be brought within ninety days from the date of the commissioner's final action upon such claim.

Whenever under the provisions of this section an action is commenced against the state treasurer, a copy of the complaint and the summons must be served upon the treasurer, or his deputy. At the time the treasurer demurs or answers, he may demand that the action be tried in the superior court of the county of Sacramento, which demand must be granted. The attorney general must defend the action. The provisions of the Code of Civil Procedure, relating to pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. A failure to begin such action within the time herein specified shall be a bar against the recovery of such taxes. In any such action the court shall have power to render judgment for plaintiff for any part or portion of the tax, interest, penalties or costs found to be void and so paid by plaintiff upon such assessment.

In any judgment of any court rendered for any overpayment in respect of any tax imposed by this act, interest shall be allowed at the rate of six per centum per annum upon the amount of the overpayment, from the date of the payment or collection thereof to a date preceding the date of the refund warrant by not more than thirty days such date to be determined by the commissioner.

At any time within one year after the delinquency of any tax, or any installment thereof, the controller of the state may bring an action in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California to collect the amount delinquent, together with penalties. The attorney general must prosecute such action, and the provisions of the Code of Civil Procedure, relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. In such action a writ of attachment may be issued, and no bond or affidavit previous to the issuing of said attachment is required. In such action a certificate by the

commissioner or by the controller showing the delinquency shall be prima facie evidence of the levy of the tax, of the delinquency and of compliance by the commissioner and the state board of equalization with all the provisions of this act in relation to the computation and levy of the tax.

SEC. 32. If a tax computed and levied hereunder is not paid before six o'clock p.m. on the last day of the twelfth month after the date of delinquency of the first installment thereof, the corporate powers, rights and privileges of the delinquent taxpayer, if it be a domestic corporation, shall be suspended, and if the delinquent taxpayer be a foreign corporation it shall thereupon forfeit its right to do intrastate business in this state.

Suspension and forfeiture of corporate powers for nonpayment of taxes

The controller shall transmit the name of each such corporation to the secretary of state, who shall immediately record the same in such manner that it may be available to the public. The suspension or forfeiture herein provided for shall become effective immediately such record is made, and the certificate of the secretary of state shall be prima facie evidence of such suspension or forfeiture.

Any person who attempts or purports to exercise any of the rights, privileges or powers of any such domestic corporation, or who transacts or attempts to transact any intrastate business in this state in behalf of any such foreign corporation shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars and not exceeding one thousand dollars, or by imprisonment in the county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment. Application for revivor may be made by any stockholder or creditor of the corporation or by a majority of the surviving trustees or directors, and the same shall be filed with the state controller. In case the application is made in any taxable year other than the taxable year in which the suspension or forfeiture occurred the applicant shall pay twice the amount of the tax and penalties due the state for the taxable year in which the suspension or forfeiture occurred, and upon such payment the controller shall issue a certificate of revivor and thereupon the applicant shall be revived. The revivor shall be without prejudice to any action, defense or right which has accrued by reason of the original suspension or forfeiture. The certificate of revivor shall be prima facie evidence of the revivor. Any

certificate provided for in this section may be recorded in the office of the county recorder in any county of this state.

In case any corporation has adopted subsequent to such suspension or forfeiture any name so closely resembling the name of such reviving corporation as will tend to deceive, then such reviving corporation shall be entitled to a certificate of revivor pursuant to the terms of this section only upon the adopting by such corporation seeking revivor of a new name, and in such case nothing in this section contained shall be construed as permitting such reviving corporation to carry on any business under its former name. Such reviving corporation shall have the right to use its former name or take such new name only upon filing an application therefor with the secretary of state, and upon the issuing of a certificate to such corporation by the secretary of state, setting forth the right of such corporation to take such new name or use its former name as the case may be. The secretary of state shall not issue any certificate permitting any corporation to take or use the name of any corporation heretofore organized in this state and which has not suffered a forfeiture under either of the acts in this section first above mentioned, or to take or use a name so closely resembling the name of any corporation heretofore organized in this state as will tend to deceive.

[Approved by the Governor March 29, 1929 In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. SEC. 2. This act is hereby declared to be an urgency act necessary for the immediate preservation of the public peace, health or safety within the meaning of section 1 of article four of the constitution of the State of California, and shall take effect immediately. The following is a statement of the facts constituting such urgency:

Urgency
measure

It is necessary to the public health and safety that sewers and sewerage systems be immediately constructed in many localities in the State of California, which sewers and sewerage systems under the circumstances prevailing in such localities can only be constructed by legally existing sanitary districts. Unless sewers and sewerage systems are promptly constructed in such localities, the public health and safety will be endangered and serious illness may result from unsanitary conditions therein. In the proceedings for the formation and organization of sanitary districts in some of said localities minor irregularities and defects, not violative of any right guaranteed under the constitution of the United States or of the State of California, have occurred and by reason thereof such districts are unable to raise the funds necessary to construct sewers and sewerage systems therein and therefor and otherwise carry out the objects for which such districts were formed and organized. By the validation of proceedings for the formation and organization of such districts, as herein provided, they will be able to raise funds for the construction of sewers and sewerage systems, and otherwise carry out the objects for which they were formed and organized.

CHAPTER 39.

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of section 34 of article four of the constitution of the State of California, approved and adopted by the people at the general election held November 7, 1922, declaring the urgency thereof and providing that this act shall take effect immediately.

[Approved by the Governor April 5, 1929, with elimination hereunder noted In effect immediately.]

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 5, 1929.

To the Senate and Assembly of the State of California.

Assembly Bill No 95 is approved by me except for an item specifically set forth, which is eliminated in accordance with the powers conferred on me by the provisions of sections 16 and 34 of article IV of the constitution, and which is objected to for the following reason:

I object to the item on page 13, under the heading, "Military and Veterans' Affairs," and reading as follows: "For construction of the national guard armory at Long Beach, one hundred fifty thousand dollars (\$150,000)" It so happens that there had already been introduced into the Legislature a special appropriation bill for the construction of a Long Beach armory, which bill is now on the Senate third reading file. This will obviate the necessity of a budget amendment such as is here proposed.

Item eliminated.

I feel that this special appropriation bill is the better method of dealing with this need, owing to the fact that, through haste or inadvertence, the procedure by which the item in question was introduced into the budget bill would obviously create an unsafe precedent. The fact that no opportunity was afforded the Executive or Finance Department of the government or the Ways and Means Committee of the Assembly, to consider the matter in relation to other budget necessities, would, if repeated in

other and larger propositions, lead to unwise budget practices. This I have already stated to the author of the provision to which I am here objecting.

It is evident that savings will be made as the result of consolidations to be effected under the bills for reorganization of various state activities. These savings, however, will be accomplished within the budget itself, and reflected in unexpended balances at the close of the biennium. I therefore feel that I should not at this time make further changes in the budget appropriations passed by the Legislature, in anticipation of legislation not yet finally enacted.

Respectfully submitted.

C. C. YOUNG, Governor.

Sec. 24. Fresh pears, when being packed, or after packing, or when delivered for shipment, loaded, shipped, or being transported, offered for sale or sold in any container or sub-container, shall conform to the following standard:

Standards
for fresh
pears.

Fresh pears shall be properly developed and mature but not overripe, not seriously misshapen, shall be free from cuts or skin breaks, serious bruises, black end, San Jose scale, codlin moth larvae, mold, decay, and from serious damage caused by scab or other diseases, hard end, limb rubs, frost, hail, codlin moth larvae or other insects, and in the case of packed pears shall be virtually uniform in size; *provided*, that not more than ten per cent, by count, of the pears in any one container may be below these requirements, but not to exceed one-half of this tolerance, or five per cent, shall be allowed for any one cause; *provided, further*, that pears which fail to meet these requirements only because of serious damage caused by hail may be packed, shipped or sold if the container in which they are placed is plainly and conspicuously marked, in letters not less than one-half inch in height, with the words "hail marked."

Bartlett pears shall not be considered mature unless at the time of picking the color of the skin between the lenticels is of a noticeably lighter green than that of the lenticels themselves and the average pressure test of not less than ten repre-

Bartlett
pears.

sentative pears of the lot does not exceed twenty-three pounds; *provided, however*, that if pears show a distinctly yellowish green color at the time of picking they shall be considered mature if the average pressure test of not less than ten representative pears of the lot does not exceed twenty-five pounds; *provided, further*, that pears which show a distinctly yellow color at the time of picking shall be considered mature regardless of the pressure test. The pressure test shall be determined by means of a fruit pressure tester measuring in pounds the force required to push a rounded plunger five-sixteenth of an inch in diameter into the flesh of the fruit to a depth of five-sixteenths of an inch. The skin from the areas tested, but little of the underlying flesh, shall previously be removed. Two such determinations are to be made on each specimen selected as a sample and the average of all individual readings from the sample shall be considered as the pressure test of the lot. Pressure test readings shall be made on opposite sides, and approximately at the widest portion of the cross section of the fruit at right angles to the core. Sunburned or very highly colored areas shall be avoided in making pressure tests.

Sizes

During the first ten days after the beginning of shipments of Bartlett pears from any district or section, any Bartlett pears, from such district or section, which are smaller than two and one-fourth inches in diameter shall not be considered as properly developed.

Damage.

Damage caused by scab in any pear shall not be considered serious unless the spots cover an aggregate area of more than one-half inch in diameter. Damage caused to any pear by hard end which can be detected by external examination shall be regarded as serious. Damage caused in any pear by other diseases, limb rubs, or frost shall not be considered serious unless it causes a waste of ten per cent by weight of the fruit. Damage to any pear caused by hail shall not be considered serious unless it affects an aggregate area of more than one-half inch in diameter, or is more than one-fourth of an inch in depth. Damage to any pear caused by thrip mark, blister mite or other superficial blemishes due to insects, shall not be considered serious unless it affects ten per cent of the surface of the fruit or causes a depression one-fourth of an inch in depth. Damage caused to any pear by superficial well healed codlin moth "stings" shall not be considered serious, but any unhealed "stings" or holes caused by codlin moth larvae shall be considered serious.

"Virtually uniform in size," defined

"Virtually uniform in size" shall mean, in the case of packed pears, a variation of not more than one-half of an inch in diameter, when measured through the widest portion of cross section between the fruits in any one container, in sizes packed 135 or less in a standard pear box, and a variation of not more than three-eighths of an inch in diameter in any smaller sizes. When packed in layers there shall be approximately the same numerical count in each layer throughout a container or subcontainer having straight sides.

In addition to the markings required by section 9 of this act, all containers of fresh pears, when packed, shall bear upon them in plain sight and in plain letters on the outside thereof the following: Name of variety, if known, and when not known the words "unknown variety"; the net weight and the approximate number of fruits in the container or sub-container, which number shall be within four of the true count; *provided*, that in lieu of the approximate number of fruits, the numerical description of pack may be used. When two or more varieties are packed or placed in a container they shall be labeled "mixed varieties."

Additional
marking re-
quirements

Containers in which the fruit in the top or outer layer only is placed in regular compact arrangement shall be labeled "face and fill" in lieu of the approximate number of fruits.

Containers

Containers of fresh pears which are not packed shall not be required to show any markings, excepting in the case of hail marked fruit, as hereinbefore specified.

Packed fresh pears shall be in standard containers numbers 5, 6, 7, 16, 17B, 17C, or 23 established in section 11 of this act; *provided*, that other sized containers may be used if conspicuously marked in letters not less than one-half inch in height "irregular container." Container number 17B shall be standard only when used with three pads or cushions. No standard containers are established for loose fresh pears which are not packed.

SEC. 8. This act is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public peace and safety within the meaning of section 1, article four, of the constitution of the State of California, and as such it shall take effect immediately.

The following is a statement of facts constituting such necessity:

The immediate prosecution of the work contemplated by this act is necessary for the early correction of the present saline conditions now existing in the Sacramento river, of which the American river is a tributary, and which are detrimental to agriculture and industry depending upon the Sacramento river.

It is imperative also that the flood conditions which are now a yearly occurrence on the Sacramento and American rivers and which constitute a grave menace to the cities of Sacra-

mento and North Sacramento should be obviated as speedily as possible in order that the lives and property of inhabitants thereof may be secure.

To secure these ends it is necessary that this act take effect immediately upon its passage.

NOTE.—See Stats. 1927, p. 954.

Licenses or
permits.

SEC. 3. Section 2 of said act is hereby amended to read as follows:

Sec. 2. Licenses. (a) It shall be unlawful for any person, firm, copartnership, corporation or organization to establish, conduct, maintain or operate a "clothes cleaning establishment"; or to alter or reconstruct an established "clothes cleaning establishment" either as to buildings, machinery, or other

equipment or apparatus; or to cleanse clothing, wearing apparel, feathers, hats, fabrics or textiles by means of a process herein defined as "cleaning"; or to keep or store therein or upon the premises wherein such "cleaning" process is operated any "volatile and inflammable product" as defined in this act, in any structure or in any manner other than that approved by the state fire marshal, or without first making application to and obtaining from the state fire marshal of the State of California a license so to do. Every such permit or license shall contain the name of the person, firm, copartnership, association, corporation or organization to whom the same is issued, and if such establishment is conducted or maintained under a fictitious firm name, every such license or permit shall contain in addition to such fictitious firm name the name or names of each of the owners of such establishment, and shall specify the location by street and number of the premises in or upon which such establishment is, or is to be, located, the maximum amount of volatile and inflammable product that is to be or may be stored in or upon such premises and the exact location of the tank or tanks in which any such volatile and inflammable product may be stored.

Blueprints. (b) Every application for a permit or license to establish, conduct, maintain or operate a "clothes cleaning establishment," and every application to alter or reconstruct an existing "clothes cleaning establishment" shall be accompanied by four blueprints not exceeding twenty-four by forty-two inches in size, on which shall be shown a plot plan, made to a scale of one-eighth of an inch to one foot, showing the boundary lines of the property devoted or to be devoted to the establishment, with its dimensions figured; all adjacent streets, alleys or easements, titled, and with their widths figured; the relation to such street, alley or easement lines of all buildings or structures existing, or to be erected, with all dimensions figured; the materials of construction of all existing and proposed buildings, including that of existing buildings on adjacent property, with wall sections and openings indicated, and the figured location, size, and materials of construction of the boiler house, including the type and horsepower of the boiler; and, in addition to said plot plan, a three-eighths or one-half inch scale detail plan of all hazardous buildings and rooms, including their heights, with all major dimensions figured, showing the sections and materials of construction of walls, partitions, roofs and floors; the location and size of all door, window and skylight openings, and the location of the wall vents; the location of the riser ducts of the ventilating system; the run of all steam or other fixed fire extinguishing equipment, including the location of all outlets and control valves, and the arrangement of all operating apparatus and appliances, including the location of motors, and no permit shall be granted unless the arrangement, materials and construction shown on the said blueprints have been approved by the department of industrial rela-

tions. Blueprints shall be submitted by the owner or lessee of a plant, or by an agent of said owner or lessee authorized in writing to perform such service, and such written authorization shall accompany said blueprints at their submission. Unless construction is commenced within a period of sixty (60) days from and after the date of approval such approval automatically becomes null and void, unless competent reasons are presented in writing within such period in explanation as to the cause of delay. No change as to location, arrangement, or materials of construction, will be permitted in the execution of a design unless the same have been approved by the department of industrial relations.

Posting
license or
permit.

Posting license. (c) Said permit or license shall be posted in a conspicuous place in each and every clothes cleaning establishment and shall be shown to any duly authorized representative of the department of industrial relations, or any duly authorized representative of any city or county fire department within the State of California whenever the same is requested.

(d) Failure to properly post and show such license or permit shall be deemed a violation of this act.

Use of
permits.

(e) It shall be unlawful for any person, firm, association, corporation, copartnership, or organization to establish, conduct, maintain or operate any "clothes cleaning establishment," under or by virtue of a permit issued to or in the name of any other person, firm, copartnership, association, corporation, or organization, or to purport to conduct, maintain or operate such an establishment unless actually so doing.

Application
for license
or permit

Application for license. (f) Application for such license shall be made to the department of industrial relations at its office within the State of California, and before the granting of such permit or license the department of industrial relations, or its duly authorized representative, shall make a thorough investigation into the fitness of such applicant to conduct a "clothes cleaning establishment." If such investigation reveals that the "clothes cleaning establishment," or the plans, specifications, premises, or character or ability of such applicant to conduct a "clothes cleaning establishment" are not in compliance with the provisions of law or in any manner jeopardizes the public welfare or in any manner in the opinion of the department of industrial relations, or its duly authorized representatives, makes such proposed establishment a menace to the public welfare and safety, the department of industrial relations in its discretion is empowered to deny such applicant a permit or license to establish or maintain a "clothes cleaning establishment."

Fee.

Fee. (g) Every such licensed person under the provisions of this act to carry on a "clothes cleaning establishment" or business shall pay to the department of industrial relations a license fee of forty dollars (\$40) per annum. Such applicant for such license or permit shall deposit at the time of making application for such license or permit the amount of

such fee with the department of industrial relations, and thereafter on or before the first of January of each and every year shall make application for license and shall pay to the department of industrial relations such license fee of forty dollars. The failure of any established "clothes cleaning establishment" or its owners to pay such license fee to the department of industrial relations on or before the first day of January of each and every year of the operation of such "clothes cleaning establishment," shall be prima facie evidence of the violation of this act.

Moneys collected. (h) All moneys collected for such license by the department of industrial relations as provided herein shall be paid into the state treasury and credited to the clothes cleaning establishment fund for purposes of enforcing the provisions of this act; and the department of industrial relations is authorized and instructed to use such funds for such enforcement purposes.

The department of industrial relations is further empowered and directed to abate fire nuisances in any "clothes cleaning establishment" pending a hearing upon such nuisance.

In the event that any person, firm, association, copartnership, corporation or organization to whom such license or permit, has been issued to establish, conduct, maintain or operate a "clothes cleaning establishment" or to store or to keep any volatile and inflammable product therein, shall violate or shall cause or permit to be violated any of the provisions of this act regulating such "clothes cleaning establishment," or shall conduct, maintain, or operate, or cause, or permit to be conducted, maintained or operated such "clothes cleaning establishment" in an unlawful or careless manner dangerous to persons or property, within the discretion of the department of industrial relations or its duly authorized representatives, it shall be the duty of said department of industrial relations, and said department of industrial relations is hereby authorized and directed to revoke the permit or license issued to any such person, firm, association, copartnership, corporation or organi-

zation; *provided, however*, that no such permit or license shall be revoked until after a hearing as hereinafter provided has been had by said department of industrial relations in the matter of revocation of such permit or license. Notice of such hearing shall be given in writing and served upon the holder of such permit or license or some representative thereof if such permit or license be issued in the name of more than one person, or their manager or agent, which notice shall state the grounds of complaint against such holder or holders, or against such establishment, and shall also state the time and place when and where such hearing shall be held. Such notice shall be served upon the holder or holders of such permit or their representative by delivering the same to such holder, or either of them, or to his or their manager, representative, or agent, or to any person in charge of or employed in such establishment, or by leaving such notice at such establishment, or at the residence of such holder, or either or any of them with some person of suitable age and description. If such notice be not served personally upon the holder, or any or either of them, of such permit, a copy of such notice, in addition to such notice being served as otherwise hereinabove provided, shall be deposited in the United States post office, in a sealed envelope, postage prepaid, addressed to the holder of such permit at the address of such establishment. Such notice shall be served as hereinabove provided at least five (5) days prior to the date of such hearing.

SEC. 3. In order to propose the organization of a water conservation district a petition shall be presented to the board

The territory to be included within the district need not be contiguous. The petition shall be presented at a regular meeting of said board of supervisors, and shall have been published once a week for at least three weeks before such presentation in some newspaper printed and published in the county where the petition is presented, together with a notice stating the date of the meeting of said board at which the petition will be presented; and if any portion of the proposed district lies within another county, or counties, then said petition and notice shall be likewise published in a newspaper printed and published in each of said counties. Such petition may consist of any number of separate instruments, and, when contained upon more than one instrument, one copy only of such petition need be published, but the names of all the petitioners shall be published the same as if appended to the original petition. All such copies of petition, filed prior to the hearing of said petition, shall be considered by the board of supervisors the same as though filed with the petition first placed on file. Where a vote to create a district is lost, no petition for the formation of a district comprising any portion of the same territory shall be presented or considered for a period of twelve months thereafter.

SEC. 4. When such petition is presented, the board of supervisors shall hear the same, and may adjourn such hearing from time to time. If any hearing or continued hearing shall be continued to a time more than sixty days from the date of the order making such continuance, a notice of such continued hearing shall be published, in some newspaper or newspapers printed and published in each of the counties in which any portion of the proposed district lies, once a week for at least two weeks immediately prior to the time appointed for such continued hearing. On the final hearing said board shall make such changes in the proposed boundaries as may be deemed advisable, and shall define and establish such boundaries. But said board shall not modify said boundaries so as to exclude from said proposed district any territory which would be benefited by the formation of such district; nor shall any land be included within such proposed district which will not, in the judgment of said board, be benefited by the organization of such district. Any person whose lands would be benefited by such district may, upon his application and in the discretion of the board of supervisors, have such lands included within such proposed district. Upon such hearing of such petition the board of supervisors shall determine whether or not said petition complies with the require- Hearing

No defect in the contents of the petition, or in the title to or form of the notice or signature, shall vitiate any proceedings thereon, provided such petition or petitions have a sufficient number of qualified signatures attached thereto. The determination of the board of supervisors shall be entered upon the minutes of said board.

of district

SEC. 5. When, under the provisions of the preceding sections, the boundaries of the proposed district are defined and established, said board shall make an order dividing said district into three or five or seven divisions, as requested in the petition. Such divisions shall be as nearly equal in area as practicable and shall be numbered consecutively, and one director, who shall be an elector of the division, shall be elected from each division by vote of the electors of the division in which such director resides. No person may be elected a director who shall not be a qualified elector of the district, and who shall not be a resident of the county, or of one of the counties in which the district is situated.

Elections

SEC. 6. Said board of supervisors shall then call an election within the proposed district for the determination of the question whether such proposed district shall or shall not be organized, and also to elect the number of directors which shall be prescribed pursuant to the next preceding paragraph of this act. Said board of supervisors shall divide said district, and the divisions thereof, into convenient precincts and fix a polling place in each precinct; *provided*, there shall be at least one precinct in each division of the district, where the district is divided into divisions. The board of supervisors shall appoint an inspector, a judge and two clerks for each of the precincts thus established to conduct said election. The inspector, judge and clerks of election in each precinct shall constitute the board of election for such precinct. The inspector shall be chairman of the election board, and may administer all oaths required in the progress of an election, and appoint judges and clerks, if, during the progress of the election, any judge or clerk cease to act. If the board of election, or any member thereof, fails to appear at the opening of the polls on the morning of the election, the electors of the precinct present at that hour may appoint a board or supply the place of an absent member thereof. The election must be held within forty days from the date of the order calling the election, and within one hundred twenty days of the date of filing said petition.

The ballots shall contain instructions that the voters shall write or print or stamp a cross after the words that indicate his choice. The ballots shall contain as many blank spaces for the names of directors as there are directors to be elected, and the writing of the name of any qualified person in any of said spaces shall be deemed to be a vote for such person according to the number of votes set opposite such name.

Said election shall be conducted in accordance with the general election laws of this state so far as applicable, and except as herein otherwise provided. The election officers shall publicly count the votes immediately after close of the election and make a report of the result of said election to the board of supervisors within five days subsequent to the holding thereof.

Such contest shall be brought in the superior court of the county where the petition for organization is filed; *provided*, if more than one contest be pending, they shall be consolidated and tried together. The court having jurisdiction shall immediately try such contest, and determine, upon the hearing, whether the election was fairly conducted and in substantial compliance with the requirements of this act, and enter its judgment accordingly. Such contest must be brought within twenty days after the canvass of the votes and declaration of the result by the board of supervisors. The right of appeal is hereby given to either party to the record within thirty days from entry of judgment. The appeal must be heard and determined by the supreme court within sixty days from the time of filing the notice of appeal.

Such changes of boundaries of the divisions must be shown on the minutes of the board. Before any such change of the boundaries of the divisions shall be made, the board of directors shall give notice of its intention to make a change or changes therein. Such notice

shall specify, in a general way, the changes which the board proposes to make and a time and place at which any owner of land in the district may appear before the board and object to the making of the proposed change or changes, or petition that a change be made otherwise than as proposed, and at which the board will hear any such objection or petition. Such notice shall be published at least once a week for two weeks, before the time appointed for the hearing, in some newspaper or newspapers published in each of the counties in which any part of the district is situated. purposes of the district for the ensuing fiscal year. This amount must be sufficient to raise a sum of money which shall be sufficient to pay the incidental expenses of the district, and the cost of the work of spreading and sinking waters which the board of directors may deem advisable to be done during the ensuing year, the estimated cost of repairs to and maintenance of any property or works of the district, the estimated amount necessary for the payment of the costs of any action or proceeding which may be taken by the district, including the cost of employment of attorneys and engineers; and such estimates may also include such an amount as the board of directors may deem advisable to expend in the acquisition or construction of settling basins, wells and other works for the spreading and sinking of waters, together with necessary rights of way for use of same; *provided, however*, the assessment levied during any year for the raising of said funds shall not exceed one and one-half mills on each one hundred cents of the assessed values of the lands within the district, according to the last assessment rolls.

Same—
prorating

SEC. 28. When a district is in more than one county the total estimate as provided for in the preceding section shall be divided by the board of directors in proportion to the value of the land of the district in each county. This value must be determined from the equalized values of the last assessment rolls of such counties, as revised by said board of supervisors. When such division of the estimate has been made, the board shall furnish the supervisors and auditors of the respective counties a written statement of the part of the estimate apportioned to that county.

Levy of
assessments

SEC. 29. The board of supervisors of each county wherein is situated a district, or any part thereof, organized under the provisions of this act, must, annually, at the time of levying county taxes, levy an assessment to be known as the "----- (name of district) Water Conservation District Assessment," sufficient to raise the amount reported to them as herein provided by the board of directors. The supervisors must determine the rate of such assessment by deducting fifteen per cent for anticipated delinquencies from the total assessed value of the land in the district within the county, as it appears on the assessment roll of the county, and then dividing the sum reported by the board of directors, as required to be raised, by the remainder of such total assessed value; *provided*, that if a fraction of a cent occur on a valuation of one hundred dollars, it shall be taken as a full cent. If the rate thus determined should be in excess of one and one-half mills on each one hundred cents of such assessed values, the board of supervisors shall then levy an assessment of one and one-half mills upon each one hundred cents of such assessed values.

SEC. 30. The assessment so levied shall be computed and entered on the assessment roll by the county auditor, and if the supervisors fail to levy the assessment provided in

the preceding section, then the auditor must do so. Such assessment shall be collected at the same time and in the same manner as state and county taxes, and when collected shall be paid into the county treasury for the use of said district.

SEC. 31. The provisions of the Political Code of this state, prescribing the manner of levying and collecting assessments and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof. Said officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

SEC. 32. If the district is in more than one county, the treasury of the county where the district was organized shall be the repository of all the funds of the district. For this purpose, the treasurers of any other counties wherein is situated a portion of said district, must, at any time, not oftener than twice a year, upon the order of the board of directors, settle with said board and pay over to the treasurer of the county where the district was organized all moneys in their possession belonging to the district. Said last named treasurer is authorized and required to receive and receipt for the same, and to place the same to the credit of the district. He shall be responsible upon his official bond for the safe keeping and disbursement, in the manner herein provided, of these and all moneys of the district held by him.

Custody of funds.

SEC. 33. The treasurer shall pay out the moneys of the district only upon warrants of the county auditor, drawn upon order of the board of directors signed by the president and attested by the secretary. The treasurer shall report in writing at each regular meeting of the board of directors and as often thereafter as requested by the board the amount of money on hand, the amount of receipts since his last report, and the amounts paid out; such reports shall be verified and filed with the secretary of the board.

Duties of treasurer.

SEC. 34. Any such district may be dissolved by the board of supervisors in the county in which it is organized in the manner following: Upon receiving a petition signed by ten per cent of the electors of the district, or by the owners of one-half of the lands comprising the district, requesting the dissolution of the district, the board of supervisors shall publish a notice once a week for two weeks in some newspaper in the county in which the district was organized, and also in each county in which any part of the district lies, giving notice that such petition has been filed with said board of supervisors, and that the board will hear said petition, and all objections thereto, at the next regular meeting of said board after the expiration of the time of publishing said notice (specifying the date), and directing all persons interested therein to show cause at such time, if any they have, why such district should not be dissolved. At the time appointed for such hearing, or at any time to which the same may be adjourned, the board of

supervisors shall hear and pass upon said petition, and may grant or deny the same, and, if its decision shall be against the dissolution of the district, such decision shall be final and conclusive.

If such petition be granted, the board of supervisors shall, by resolution, provide for and order the holding of a special election in such district, and shall submit to the qualified electors of the district the proposition whether or not the district shall be dissolved. The resolution shall recite the filing of the petition for dissolution, and the approval of the same by the board of supervisors, and fix a time for the holding of such election. Such election shall be noticed, conducted, and the returns thereof made and canvassed, in the same manner as is provided in this act for the election upon the question whether or not the district should be organized, excepting that the ballots to be used at said election shall contain the words, "Dissolution of District—Yes" or "Dissolution of District—No," or words equivalent thereto. If votes representing sixty per cent of the total number of votes cast are cast in favor of the dissolution of such district, then the board of supervisors shall enter an order to that effect upon its minutes, declaring such district dissolved, and upon the entry of such order said district shall be dissolved; *provided, however*, if there shall be any outstanding indebtedness of such district, at the time of the dissolution thereof, the board of supervisors shall levy assessments for the payment of such indebtedness in like manner as though such district had not been dissolved, until all such indebtedness shall be fully paid, and shall cause such obligations to be paid according to their tenor out of the moneys raised from such assessments.

Upon the dissolution of any such district, any and all real property belonging to the district, shall become and be the property of the county in which the same is situate; and the personal property belonging to the district shall be sold by the board of supervisors of the county in which the district was organized, and the proceeds from such sale, together with all moneys of the district, remaining after the payment of all of the obligations of the district, shall be paid into the general funds of the counties in which any part of the district lies in the same proportions that the assessed values of the lands (according to the last assessment rolls) within the district in each of said counties bear one to the other.

Construction SEC. 35. This act shall be liberally construed to carry out the purposes and intent hereof.

Constitutionality. SEC. 36. In case any section or sections, or a part of any section, of this act shall be found to be unconstitutional, the remainder of the act shall not be invalidated thereby, but shall remain in full force and effect.

Alternative measure SEC. 37. This act shall not be construed as repealing the existing conservancy act of California, approved May 16, 1919, or any part thereof or any other existing law of this state, but

shall be treated as, and shall be in effect, an alternative act thereto.

If any such inspection shall show such air pressure tank to be in an unsafe or dangerous condition, the commission, or a commissioner, may issue a preliminary order requiring such repairs or alterations to be made to such air pressure tanks as may be necessary to render it safe, and may order the use of such air pressure tank discontinued until such repairs or alterations are made or such dangerous or unsafe conditions are remedied. Unless such preliminary order be complied with, a hearing before the commission, a commissioner or referee of such commission, shall be allowed, upon request, at which the owner, operator or other person in charge of said air pressure tank shall have opportunity to appear and show cause why he should not comply with said order. If it shall thereafter appear to the commission that such air pressure tank is unsafe and that the requirements contained in said preliminary order should be complied with, or that other things should be done to make said air pressure tank safe, the commission may order or confirm the withholding of the permit to operate said air pressure tank, and may make such requirements as it deems proper for the repair or alteration of said air pressure tank, or the correction of such dangerous and unsafe conditions. Certificate of
company in
arrears for
taxes.

No person, firm or corporation shall in this state act as agent, in any transaction of insurance, on property or risks located within this state for any insurance company not authorized to transact such insurance in this state.

Surplus line
broker.

No person, firm or corporation within this state shall solicit, negotiate or effect any insurance of the kinds described in section 594, marine insurance and insurance on the property of steam railroads or of other common carriers engaged in interstate trade excepted, on property or risks located within this state with companies not authorized to transact such business in this state, except by and through a surplus line broker upon the terms and conditions hereinafter stated.

When and only when the total amount of insurance, of kinds hereinbefore prohibited from being placed with unauthorized companies, desired on any property or risk located within the state can not be procured from a majority of companies authorized to transact such kinds of insurance within the state, such remaining part of the insurance as can not be procured from a majority of such authorized companies may be procured from unauthorized companies by a surplus line broker, and by no other person.

License for
surplus line
broker.

The insurance commissioner may issue a license authorizing any person, firm or corporation applying therefor, who is trustworthy and is competent to transact an insurance brokerage business in such manner as to safeguard the interest of the assured, to act as a surplus line broker from the date of such license until the first day of July succeeding, on the following conditions:

(a) Payment in advance to the insurance commissioner of a fee of twenty-five dollars.

(b) Delivery to the insurance commissioner of a bond to the State of California in the sum of five thousand dollars with sureties having the qualifications mentioned in sections 1056 and 1057 of the Code of Civil Procedure, conditioned that said licensee will fully and faithfully comply with the requirements of section 596 of the Political Code.

The following are the duties of a surplus line broker with which he is required to comply:

Duties of surplus line broker.

1. To maintain in good faith an office in this state.
2. To keep in said office a complete book of record of the business transacted by him, under his license as a surplus line broker, with unauthorized companies showing: The dates of such insurance going into effect; the names of the insurers and of the insured; the gross premium payable therefor; the terms and character of insurance and location of the insured property. Such book of record shall also contain statements in the same detail of all such insurance canceled, or on which premiums have been increased or reduced and the amounts of additional or of return premiums thereon. Such books are to be open at all times for the inspection of, and examination by, the insurance commissioner or any one appointed by him for said purpose.

Before any insurance as hereinbefore provided may be so procured or placed by a surplus line broker under authority of his license with unauthorized companies, such broker shall satisfy himself that the insurance to be placed by him with unauthorized companies is only such part of the insurance required as can not be procured from a majority of such authorized companies.

Whenever required so to do by the insurance commissioner, such surplus line broker shall furnish to said commissioner a list comprising a majority of the authorized companies from which the entire amount of insurance desired was not obtainable.

The insurance commissioner, whenever he deems necessary, may make an examination of the books and accounts of any surplus line broker for the purpose of determining whether or not such surplus line broker is conducting his business in accordance with the provisions of this section. For the purpose of making such examination the insurance commissioner shall have free access to all the books and papers of such surplus line broker, and must thoroughly inspect and examine all of its affairs. All examinations must be at the expense of the surplus line broker, such expenses to be paid in advance, and if any such broker refuses to pay such expenses in advance, the insurance commissioner may refuse to issue a renewal of the license of such surplus line broker and must revoke any existing license authorizing such surplus line broker to transact business under this section.

Books and accounts of surplus line broker

The surplus line broker shall within one week or as soon thereafter as practicable, after receipt by him of the complete information as to with what companies or other insurers and at what rate the insurance has been placed, file with the insurance commissioner a true report showing the names of the insured and of the insurers, the character of the insurance, location of the property, or risk, gross premium payable therefor and the date such insurance takes effect and the terms thereof. As soon as practicable after any such insur-

Report by surplus line broker.

ance has been canceled, or any premium thereon has been increased or reduced, such surplus line broker shall file with the insurance commissioner a report thereof in the same detail as required in the case of the report above referred to.

Statement of
business

On or before the first day of March of each year the surplus line broker shall file with the insurance commissioner a sworn statement of all business transacted under his license during the last preceding calendar year ending December thirty-first.

Such statement shall contain true accounts of the gross amount of insurance procured from and placed with unauthorized companies during the calendar year, the gross premium charged therefor, including additional insurance premiums, the gross amount of all insurance canceled during said year, and the gross return premiums thereon. Such statement shall also include any additional premiums charged, and the gross premium returned during said calendar year on insurance previously effected. All such reports and statements shall be made on blanks to be furnished to the surplus line broker by the insurance commissioner on application therefor.

Payment of
tax by
broker.

Every surplus line broker shall on or before the first day of April of each year pay to the insurance commissioner for the use of the State of California a tax of three per cent upon the amount of gross premiums upon all insurance placed under authority of such license, less three per cent of all return premiums on policies canceled, or upon which premiums have been reduced during the year ending December thirty-first last preceding.

Penalty for
failure to
report.

Any surplus line broker who wilfully fails or refuses to report to the insurance commissioner any insurance on property or risks located within this state placed under his name with unauthorized companies, or who shall by wilful omission from the records required to be maintained by him for such purpose, attempt to evade the payment of taxes on any such insurance, shall upon conviction thereof in addition to being required to pay the tax thereon, be further penalized by a fine of not exceeding one hundred dollars for each offense and the insurance commissioner shall further forthwith revoke the license of any such surplus line broker.

Revocation
of license.

The insurance commissioner shall also revoke the license of any surplus line broker who wilfully fails or refuses to perform any of the other duties hereinbefore specified as required of said broker.

If in the opinion of the insurance commissioner the solvency of any surety on a bond hereby required has become impaired or doubtful, he shall notify the surplus line broker in writing, and unless within ten days after receipt of such notice the solvency of such surety is proved to the satisfaction of the insurance commissioner, or a new bond is substituted therefor, said insurance commissioner shall revoke the license of the surplus line broker. The removal of the office of the surplus line broker from this state, or the removal therefrom of his

accounts of his business as such, or the closing of his said office for a period of more than twenty consecutive days, shall constitute a termination of the authority of said surplus line broker, and shall be tantamount to an express revocation of his license, whether or not the insurance commissioner thereafter revokes the same. No new license shall be issued to any surplus line broker whose license has been revoked for any reason other than the insufficiency of his sureties, within the period of one year after such revocation, and until all indebtedness of said surplus line broker on former business has been paid to said insurance commissioner. Every insured for whom insurance has been effected with unauthorized companies shall produce for examination by the insurance commissioner, whenever requested by him, in writing so to do, all policies, contracts, and other documents evidencing such insurance and disclose to him the true amount of the gross premiums paid or agreed to be paid therefor, or upon refusal so to do, he shall forfeit to the State of California the sum of two hundred dollars for each refusal. Nothing in this section shall be construed to deprive any citizen of this state of the right to negotiate and effect insurance on his own property with any unauthorized company. Nothing in this section shall be construed to permit any broker to solicit or place marine insurance or insurance on property of railroads or other common carriers engaged in interstate trade with nonadmitted insurers until three-quarters of the companies duly authorized to transact such class of insurance in this state shall have first been given a refusal of such insurance at equal rates and same conditions as may be bona fide obtainable from insurance companies admitted to do the same character of insurance under the laws of the state of New York.

In the event the said order so made and entered by the state engineer shall call an election, said state engineer shall within thirty days after the entry of said order give notice of such election. Said notice shall be published once a week for at least three weeks previous to such election in each county in which any land in the district is situated. Said notice shall require ballots to be cast, which shall contain the words "Completion of project—Yes" or "Completion of project—No." For the purposes of said election the state engineer must establish a convenient number of election precincts in said district and define the boundaries thereof and said state engineer at the time of calling said election shall in his order designate voting places and appoint three land holders of the district to act as a board of election at each voting place. Such election shall be conducted as nearly as practicable in accordance with the provisions of this act relating to general water storage district elections, but no particular form of ballot shall be required. The qualification of voters at said election shall be the same as prescribed for the original election on organization of district, and the votes cast at said election shall be canvassed in the same manner as votes cast at said original election, and the result of such election shall be declared and entered of record in the minutes of the board. If such result shall show more than one-half of all the votes cast are "Completion of project—No," or that more than one-half of the qualified voters who voted at said election voted "Completion of project—No," the state engineer shall make and enter in his records an order declaring said project abandoned, and requiring all persons, except the holders of warrants issued pursuant to the provisions of this act and which have been duly presented for payment, having claims against said district, or proposed district, to file them with the necessary vouchers within three months from the making of said order in the office of said state engineer. Notice of said order requiring presentation of claims stating the time

and place thereof shall be published in the county in which the office of the district is located by said state engineer once a week for four successive weeks, the first publication of which said notice shall be made within ten days after the making of said order. After all warrants issued under the provisions of this act which have been duly presented for payment and all claims that have been duly presented and have been allowed and approved by said state engineer or the board of directors of said district, have been paid, said state engineer shall forthwith cause a copy of said order declaring said project abandoned, duly certified by said state engineer, to be filed for record in the office of the county recorder of each county in which any portion of the land embraced in said district is situated, and from and after such filing said district shall be deemed dissolved and all liens which may have attached to any of the lands therein under any provisions of this act shall be discharged and any undertaking given pursuant thereto shall be annulled and of no further effect. If the canvass of the votes cast at such election show more than one-half of all votes cast are "Completion of project—Yes" and also shows that more than one-half of the qualified voters who voted at said election voted "Completion of project—Yes" said state engineer shall thereupon appoint the commissioners provided for in section 19 of this act and thereafter such proceedings shall be taken and followed as are provided in said section 19 and subsequent sections of this act.

Procedure where result of election favors completion

SEC. 4. Section 19 of said act is hereby amended to read as follows:

Stats 1927, p 1242 amended.

Sec. 19. If the board of directors recommends that said project be carried out in accordance with the plans and specifications in its said report contained, the state engineer shall make such further investigation of such project as is in his judgment desirable and shall as soon as possible after the expiration of sixty days after the filing of said report make and enter upon the records kept by him an order either approving and confirming said report and recommendation or disapproving the same. Pending final approval or disapproval by the state engineer, the board of directors may amend, modify, or supplement their report and the plans, specifications and estimates and other matters accompanying the same, either on their initiative or in response to suggestions by the state engineer.

Procedure where completion is recommended

Immediately after making and recording such order, the state engineer shall call a district election for the purpose of determining whether such recommendation and report shall be adopted, such election to be noticed, held, and conducted and the result thereof determined and declared in all respects as nearly as possible as provided in section 18 of this act, the notice of election to state whether such report and recommendation is approved or disapproved by the state engineer.

Election

Result of
election

If the result of such election shows that more than one-half of all votes cast are "Completion of project—No" or that more than one-half of the qualified voters who voted at said election voted "Completion of project—No," the project shall be deemed abandoned and proceedings shall be thereafter taken as provided in section 18 in case of abandonment. If the result of such election shows a majority of all votes cast are "Completion of project—Yes" and also shows that a majority of the qualified voters who voted at said election voted "Completion of project—Yes," said report and recommendation shall be deemed to be adopted by the district. In case of the adoption of said report and recommendation the state engineer shall forthwith appoint three (3) commissioners whose duty it shall be to assess the cost of the project, or in the event said board shall have divided the project into units of construction, the cost of the unit or units specified for immediate construction, upon the benefited lands within the district, and the said cost shall be apportioned in accordance with the benefits that will accrue to each tract of land held in separate ownership in said district by reason of the expenditures of said sums of money, and the completion of the project, or such unit or units thereof as have been specified for immediate construction, such assessment to be in gold coin of the United States; *provided, however,* that if the project shall include plans for the generation of electric power, then the commissioners shall ascertain the total cost of all the properties which are necessary to be used in connection with the generation of electric power as set forth in said plan, and shall also ascertain what portion of the assessment of benefits to accrue to each tract made as herein provided consists of costs of the properties which are necessary to be so used; *and provided, further,* that where any such tract of land consists of more than one section such apportionment to such tract of land shall be made according to legal subdivisions thereof or to other boundaries sufficient to identify the same in subdivisions not greater than one section in area, but any failure or defect in complying with this requirement shall not invalidate said apportionment or said assessment. One of said commissioners shall be a civil engineer and one shall have a practical knowledge of irrigation, and none of said commissioners shall have any interest in any land in the district either directly or indirectly, and each commissioner before entering upon his duties shall take and subscribe an oath that he is not in any manner interested directly or indirectly in any land in the district and that he will perform the duties of commissioner to the best of his ability, and said commissioners shall be paid as compensation for the services rendered by them such sum, or sums, as the state engineer shall fix and determine, which shall be considered a part of the cost of the project, and said state engineer may issue warrants therefor, which shall be payable out of the funds of said district and may be included in any bond

issue authorized for the purposes of said district. The said commissioners shall receive from the board of directors of the district a copy of the detailed plans, specifications, and estimate of the costs of the project, which have been duly filed with the state engineer. The said commissioners shall thereupon prepare and certify to the state engineer in triplicate rolls which shall contain :

and contents
of triplicate
rolls.

(1) A description of each tract held in separate ownership by legal subdivisions, governmental surveys or other boundaries sufficient to identify the same; *provided, however*, that if any area composed of more than one tract held in separate ownership is not assessed because the lands therein will not be benefited by the expenditure of the funds to be raised by the assessment, a description of such area as a whole without a description of each tract thereof shall be sufficient;

(2) The number of acres in each tract;

(3) The name and address of the owner of each tract, if known, and if unknown, that fact, but no mistake or error in the name of the owner or supposed owner of the property assessed, and no mistake in any other particular, shall render the assessment thereof invalid;

(4) The rate per acre of such assessment upon each tract assessed or if no assessment is made upon any tract, or area composed of more than one tract, a statement of that fact;

(4½) The rate per acre of such assessment upon each tract assessed for the costs of the properties which are necessary to be used in connection with the generating of electric power, or if no assessment of such costs is made upon any tract, or area composed of more than one tract, a statement of that fact;

(5) The total amount of the assessment as computed;

(6) Any other statement which may be required by the state engineer and as to which notice is given in writing to the commissioners at the time of transmitting the plans and specifications and costs of the work for the district before mentioned.

The roll shall be separately made for lands lying within different counties contained within said district. Said rolls when completed shall be accompanied by the written report of the commissioners wherein is set out with particularity the exact nature and quantum of the benefits so assessed, both in respect of the right in and to stored surplus waters, and the right to store water in the reservoir or reservoirs of the district, apportioned and allocated to each such tract of land in said district and also through any drainage or reclamation work connected therewith and also the portion of the assessment attributable to the cost of the properties which are necessary to be used in connection with the generation of electric power. In such report lands embraced within a comprehensive area or a political subdivision of the state may be referred to generally as lands lying within such area or subdivision without further description.

Said rolls when completed shall be duly certified by said commissioners and forthwith by them filed in the office of the state engineer. Said state engineer shall forthwith transmit

two copies of said rolls to the board of directors of said district, who shall file one copy in their records and thereupon transmit to the county treasurer of each county within such district that portion of the roll relating to the lands within such county. Thereafter the executive directors and the president of the board of directors of the water storage district in which the lands described in said rolls are situated shall become and constitute a board, in the nature of a board of equalization, which shall be known and designated as the "adjustment board" and whose functions shall be to consider and act upon objections, if any, presented as herein provided to the assessment made by said commissioners. For that purpose said adjustment board shall at once organize by the election from its members of a president and a secretary and shall thereupon appoint times and places not less than thirty days after said rolls have been filed in the records of said board of directors when and where it will meet within each county wherein lands of said district are situated for the purpose of hearing objections to said assessments, and notice of such hearing shall be published at least once a week for two successive weeks in each county in which any land within said district may be situated. Said objections, if any, must be in writing verified and filed with the state engineer, and shall set forth the grounds of such objections. Such verification shall be made by the affidavit of the objector or some other person who is familiar with the facts. Said adjustment board may postpone such hearings from time to time. At such hearings the adjustment board shall hear such evidence as may be offered touching the correctness of such assessment, and may modify, amend, or approve the said assessment in any particular and may reapportion the whole or any part thereof; *provided, however*, that no assessment shall be increased except after personal notice or notice by registered mail given to the owner, if known, by depositing in the post office at the place in which the office of said district is located, in a sealed envelope addressed to each of such owners at his last known, if any, place of residence or business, otherwise at the county seat of the county in which any portion of his lands are situated, with full postage paid, at least two weeks before said hearing, or if unknown by publication at least once a week for two successive weeks in the county in which said land in the district may be located, and upon a hearing of objections thereto if made.

Order and
approved
assessment
roll.

Said adjustment board, after said hearings, must make an order approving such assessment as finally fixed or modified, which order shall be filed with and entered in the records of the state engineer, and the apportionment and determination of said adjustment board shall be final and conclusive, and no action or defense shall ever be maintained attacking the same in any respect. Two copies of said assessment roll as finally fixed and approved by the adjustment board shall be forthwith certified by the secretary of such adjustment board

and transmitted to the board of directors of the said district, who shall file one copy in their records and thereupon immediately transmit to the county treasurer of each county within such district that portion of the roll relating to the lands within such county together with a copy of the order of approval of such assessment roll by said adjustment board. Thereafter said assessment roll shall be conclusive evidence before any court or tribunal that said assessment has been made and levied according to law.

When the board of directors shall file with the county treasurer of a county within such district the said assessment list or roll as finally approved as hereinbefore provided the charges assessed thereby upon the several tracts of land within the county shall constitute a lien thereon which shall be prior to all other liens except state, county and municipal taxes, and assessments or taxes levied or assessed by or under statutory authority and shall impart notice thereof to all persons. Where bonds of such district have been issued upon any such assessment no act or conduct on the part of such board of directors, or any officer herein mentioned, shall invalidate any such assessment after the same shall have become a lien in the manner herein provided.

Lien of assessments

In the event of the division of the project into units of construction, and the specification of one or more units for future construction, the board of directors shall at such time as it shall determine upon the construction of any such unit or units, pass a resolution to that effect and cause a certified copy thereof to be transmitted to the state engineer. At such time the board may amend the plans, specifications and estimates of costs of such unit or units by making such changes therein, modifications thereof, and additions thereto, as it shall deem desirable, and in the event of any such change, modification, or addition, the board shall cause to be filed with the state engineer, the plans, specifications and estimates of costs of such unit or units as amended. Upon receipt by the state engineer, of such certified copy of resolution and such amended plans, specifications and estimates of cost, if any, the same proceedings for levying, approving and collecting an assessment to meet the cost of the unit or units to be constructed shall be had as hereinbefore provided for an assessment to meet the cost of the unit or units first constructed.

Construction of additional units

Any proceedings taken under this section prior to the going into effect of this act amending the same, and conforming to said section as it read before such amendment, shall not be invalidated by the passage of this act, but all subsequent proceedings shall be taken into accord with said section as so amended.

Effect of amendment

SEC. 5. Section 21 of said act is hereby amended to read as follows:

Stats 1927, p. 1247, amended

Sec. 21. At the end of thirty days the county treasurer must make return to the board of directors of the district of all assessments paid. All unpaid assessments shall bear inter-

est at the rate of seven per cent per annum. Thereafter all unpaid assessments and accrued interest shall be collected when and as called, and paid to the treasurer of the county or counties, who shall collect and hold such moneys to the credit of the district. Unless bonds shall have been authorized as hereinafter provided, all such payments shall be made in such amounts or installments and at such times respectively as the said board, from time to time, in its discretion, by order entered in its minutes, may direct. Upon making any order fixing and calling such installment or amount, the secretary shall also enter in the minutes of the board, and certify to each county treasurer for signature and mailing or publication in the counties in which any lands within the district are situated a notice in substantially the following form:

Notice.

(Name) water storage district. (Location of the principal place of business.) Notice is hereby given that at a meeting of the board of directors held on-----an installment of -----per cent of assessment number----was ordered paid within sixty days from the date thereof to the respective county treasurers of the counties wherein lands of such district are situate. Any installment which shall remain unpaid on the (day fixed) will be delinquent, together with the accrued interest thereon, with ten per cent of such installment and interest added as penalty.

(Signed)-----

Treasurer of-----County.

Such notice must be sent through the mail, addressed to each owner of land in the district at his place of residence if known, and if not known, at the place where the principal office of the district is situated, or in lieu thereof such notice shall be published once a week for two consecutive weeks in each such county.

Delinquent
installments

If any such installment shall remain unpaid at the expiration of said sixty days from the date of the order, then the said installment of said assessment shall become delinquent, together with the accrued interest thereon and a penalty of ten per cent of the amount of said installment and interest shall be added thereto and collected for the use of the district.

Delinquent
list.

Immediately after the said installment has become delinquent the said county treasurer or county treasurers must prepare and as soon as the same is complete publish once a week for two consecutive weeks in each county wherein lands of the district are situated, in one notice a list of all delinquencies in such county, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount then due on said property, and a notice that the property assessed will be sold on the date therein stated in front of the courthouse of said county to pay the amount then due on said property. The date of said sale shall not be less than ten days after the date of the last publication of said notice. At the time stated in said notice, or such other time to which said sale

may have been postponed, the county treasurer must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the county treasurer must deposit the amount due on said property as shown in said notice to the proper fund of the said district. The county treasurer must pay to the owner of said property any surplus remaining after said deposit to the credit of the district, after first deducting any expense of sale. Except where bonds have been issued upon an assessment the board of directors may direct the county treasurer to postpone said sale from time to time, for not less than ten nor more than thirty days at one time, by a written notice posted at the place of sale.

If no bid is made for said property equal to the amount due thereon, it must be struck off to the district for the said amount so due. A certificate of such sale shall be executed by the county treasurer to the purchaser, or to the district if the property shall have been struck off to the district, and this certificate of sale shall be recorded in the office of the county recorder of said county. Any person interested in said property may redeem the same at any time within three years after the date of said sale, by paying to the county treasurer the amount for which the said property was sold, and interest on the said sum at the rate of one per cent per month from the date of said sale, which amount shall be credited to the proper fund of said district.

If no redemption shall be made within said three years, the purchaser or the district, if the property shall have been sold to the district, shall be entitled to a deed executed by the county treasurer or his successor in office, and the effect of such deed shall be to convey said property free and clear of all liens and incumbrances except state, county and municipal taxes, assessments or taxes levied or assessed by or under statutory authority and any water storage district assessment or portion thereof remaining unpaid at the date of said sale, each installment whereof may be called and collected as herein provided. The board of directors may sell such property sold to the district at any time at public auction after notice given for the same period and in the same manner as is herein provided for sale of delinquent assessments, but not for a sum less than the amount for which said property was sold, with interest at seven per cent per annum, and the deed executed in pursuance of such sale shall convey said property free of all incumbrances except as herein above provided for said deed by the county treasurer.

SEC. 6. Section 32 of said act is hereby amended to read as follows:

Sec. 32. No director or any other officer named in this act shall in any manner be interested, directly or indirectly, in any construction or supply contract awarded or to be awarded by the board, or in the profits to be derived therefrom, but no other character of contract shall be invalid because of interest on the part of a director or officer, unless such director or officer participate in or influence the making or authorization of such con-

Said order of the state engineer shall be filed in the office of said state engineer, and a copy thereof certified by said state engineer filed in the office of the secretary of said district. Thereafter, said board of directors shall at its next regular meeting establish a convenient number of election precincts in each of said new divisions and no precinct shall include any lands situate in more than one of said divisions. Sec. 51. For all purposes of this act relating to signing petitions and voting at any election, and for all other purposes when the question of title to or value of land claimed to be owned by a petitioner or voter is involved, the county assessment roll last equalized at the time of the election or filing of the petition, in each county wherein any such land is situated shall be sufficient evidence of ownership and value. If any parcel of land is assessed on any such assessment roll to unknown or fictitiously named owners, or to unnamed owners in addition to any owner or owners named thereon, said parcel of land shall be deemed for any of the purposes of this act to have but one owner in addition to any owner or owners whose true name or names may be purported to be given on such assessment roll. The holder of title or evidence of title to an undivided interest in any land affected by any of the provisions of this act may sign any petition or vote at any election provided for in this act, and such undivided interest shall be counted and valued as though it were a separate interest, and if the assessment roll shall fail to indicate the extent of any such undivided interest the holders of title or evidence of title whose undivided interests in any land are not specifically defined shall be deemed to have equal shares therein. Where property has been conveyed prior to the election and such change of interest does not appear by such assessment roll the original deed of conveyance, or a copy thereof duly certified by the county recorder of the county wherein the same has been recorded, or otherwise authenticated, shall be sufficient evidence to entitle the holder thereof to vote the acreage therein described. Any person not legally qualified to vote who shall make any false statement in respect to his right to vote shall incur all of the penalties provided in the Penal Code of the State of California for persons illegally voting at elections. The certificate of the register of the United States land office for the district in which the lands are situated, or of the surveyor general of the State of California, shall be sufficient evidence of possessory right in any lands entered under the laws of the United States or of the State of California. Guardians, personal representatives and other persons holding land in a trust capacity under appointment of court may sign any petition and may vote at any election in behalf of the estate represented by them without obtaining any special authority therefor. A certificate of acknowledgment taken before a notary public or justice of the peace of any state, or an affidavit by any person in the presence of whom a petition was signed, shall be sufficient evidence of the genuineness of such signature and of the fact of place of residence of any petitioner under this act. The state engineer shall, prior to the election on organization, and

at all subsequent elections the board of directors shall cause to be prepared and certified and furnished to the election board at each voting place in the district a copy of each of said assessment rolls so far as the same pertains to any land in the respective precincts, and shall likewise cause to be prepared and furnished to the election boards lists certified by the register of the United States land office or the surveyor general of the State of California, as the case may be, showing the lands entered under the law of the United States or of the State of California, respectively, which said lists, so far as disclosed by the records of said offices, shall contain the names of the persons entitled to possessory rights therein and the quantity of land held by each of said persons by virtue of said rights. Said assessment rolls and said lists shall be used by the election boards in determining the qualifications of voters and the number of votes each voter is entitled to cast.

Voting land

Where a tract of land is situated partly within and partly without the boundaries of an election precinct and the assessment roll contains a valuation of said tract as a whole the same must be apportioned according to the number of acres lying within and without the boundaries of said precinct. If there shall be included in any assessment roll or list as furnished to an election board any land which has no valuation assigned to it, then the state engineer or the board of directors, as the case may be, shall request the county assessor of the county in which such land is situated to value said land and it shall be the duty of such county assessor to prepare and furnish to the state engineer or board requesting it a statement of the value of such land as the same shall be appraised by him, which value shall be arrived at as nearly as may be done in the same manner and upon the same basis as was the valuation for purposes of taxation assessed upon other lands in the precinct similarly situated, and the valuation so made by the county assessor shall be furnished to the election board of the precinct in which the land so valued is situated and shall be used by the election board in determining the number of votes which the holder of title or evidence of title to such land is entitled to cast.

The petition shall state the grounds and reasons upon which it is claimed that such lands should be excluded and shall describe the boundaries thereof, and also the lands of such petitioner or petitioners which are included within such boundaries; but the description of such lands need not be more particular or certain than is required when the lands are entered in the assessment book by the

county assessor. Such petition must be acknowledged in the same manner and form as is required in the case of a conveyance of land, and the acknowledgment shall have the same force and effect as evidence as the acknowledgment of such a conveyance.

The notice shall state the filing of such petition, the names of the petitioners, a description of the lands mentioned in said petition, and the prayer of said petition; and it shall notify all persons interested in, or who may be affected by such change of the boundaries of the district, to appear at the office of the said board at a time named in said notice, and show cause, in writing, if any they have, why the change of the boundaries of said district, as proposed in said petition, should not be made.

The failure of any person interested in said district, other than the holders of bonds thereof outstanding at the time of the filing of said petition with said board, to show cause, in writing, why the tract or tracts of land mentioned in said petition should not be excluded from said district, shall be deemed and taken as an assent by him to the exclusion of such tract or tracts of land, or any part thereof, from said district; and the filing of such petition with said state engineer as aforesaid, shall be deemed and taken as an assent by each and all of such petitioners to the exclusion from such district of the lands mentioned in the petition, or any part thereof. [Approved by the Governor May 4, 1929 In effect August 14, 1929.]

The people of the State of California do enact as follows:

Stats 1925,
p. 640,

SECTION 1. Section 9 of the "Workmen's compensation, insurance and safety act of 1917," approved May 23, 1917, and amendments thereto, is hereby amended to read as follows:

Schedule of
compensa-
tion.

Sec. 9. Where liability for compensation under this act exists, such compensation shall be furnished or paid by the employer and be as provided in the following schedule:

Medical and
hospital
treatment

(a) Such medical, surgical and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches and apparatus, including artificial members, as may reasonably be required to cure and relieve from the effects of the injury, the same to be provided by the employer, and in case

of his neglect or refusal seasonably to do so, the employer to be liable for the reasonable expense incurred by or on behalf of the employee in providing the same; *provided*, that if the employee so requests, the employer shall tender him one change of physicians and shall nominate at least three additional practicing physicians competent to treat the particular case, or as many as may be available if three can not reasonably be named, from whom the employee may choose; the employee shall also be entitled, in any serious case, upon request, to the services of a consulting physician to be provided by the employer; all of said treatment to be at the expense of the employer. If the employee so requests, the employer must procure certification by the commission or a commissioner of the competency for the particular case of the consulting or additional physicians; *provided, further*, that the foregoing provisions regarding a change of physicians shall not apply to those cases where the employer maintains, for his own employees, a hospital and hospital staff, the adequacy and competency of which have been approved by the commission. Nothing contained in this section shall be construed to limit the right of the employee to provide, in any case, at his own expense, a consulting physician or any attending physicians whom he may desire. Controversies between employer and employee, arising under this section, shall be determined by the commission, upon the request of either party.

(b) If the injury causes temporary disability, a disability payment which shall be payable for one week in advance as wages on the eighth day after the injured employee leaves work as a result of the injury. If the injury causes permanent disability, a disability payment which shall be payable for one week in advance as wages on the eighth day after the injury. Such indemnity shall thereafter be payable on the employer's regular pay day, but not less frequently than twice in each calendar month, unless otherwise ordered by the commission, subject, however, to the following limitations:

Time of
disability
payments.

(1) If the period of disability does not last longer than seven days from the day the employee leaves work as the result of the injury, no disability payment whatever shall be recoverable.

Disability

seven days.

(2) If the period of disability lasts longer than seven days from the day the employee leaves work as the result of the injury, no disability payment shall be recoverable for the first seven days of disability suffered.

Disability
more than
seven days

2. The disability payment shall be as follows:

(1) If the injury causes temporary total disability, sixty-five per cent of the average weekly earnings during the period of such disability, consideration being given to the ability of the injured employee to compete in an open labor market;

Amount of
disability
payments

(2) If the injury causes temporary partial disability, sixty-five per cent of the weekly loss in wages during the period of such disability;

(3) If the temporary disability caused by the injury is at times total and at times partial the weekly disability payment

during the period of each such total or partial disability shall be in accordance with paragraphs one and two of this subdivision respectively;

Aggregate
disability
payments

(4) Paragraphs one, two, and three of this subdivision shall be limited as follows: Aggregate disability payments for a single injury causing temporary disability shall not exceed three times the average annual earnings of the employee, nor shall the aggregate disability period for such temporary disability in any event extend beyond two hundred forty weeks from the date of the injury.

Computation
of payments
when

permanent

(5) If the injury causes permanent disability, the percentage of disability to total disability shall be determined and the disability payment computed and allowed as follows: For a one per cent disability, sixty-five per cent of the average weekly earnings for a period of four weeks; for a ten per cent disability, sixty-five per cent of the average weekly earnings for a period of forty weeks; for a twenty per cent disability, sixty-five per cent of the average weekly earnings for a period of eighty weeks; for a thirty per cent disability, sixty-five per cent of the average weekly earnings for a period of one hundred twenty weeks; for a forty per cent disability, sixty-five per cent of the average weekly earnings for a period of one hundred sixty weeks; for a fifty per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred weeks; for a sixty per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred forty weeks; for a seventy per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred forty weeks, and thereafter ten per cent of such weekly earnings during the remainder of life; for an eighty per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred forty weeks and thereafter twenty per cent of such weekly earnings during the remainder of life; for a ninety per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred forty weeks and thereafter thirty per cent of such weekly earnings during the remainder of life; for a hundred per cent disability, sixty-five per cent of the average weekly earnings for a period of two hundred forty weeks and thereafter forty per cent of such weekly earnings during the remainder of life.

Intermediate
permanent
disabilities

(6) The payment for permanent disabilities intermediate to those fixed by the foregoing schedule shall be computed and allowed as follows: If under seventy per cent, sixty-five per cent of the average weekly earnings for four weeks for each one per cent of disability; if seventy per cent or over, sixty-five per cent of the average weekly earnings for two hundred forty weeks and thereafter one per cent of such weekly earnings for each one per cent of disability in excess of sixty per cent to be paid during the remainder of life.

Account
taken of
nature of
disability

(7) In determining the percentages of permanent disability, account shall be taken of the nature of the physical injury or disfigurement, the occupation of the injured employee, and

his age at the time of such injury, consideration being given to the diminished ability of such injured employee to compete in an open labor market.

(8) Where an injury causes both temporary and permanent disability, the injured employee shall not be entitled to both a temporary and permanent disability payment, but only to the greater of the two. Only one payment

(9) The following permanent disabilities shall be conclusively presumed to be total in character: Loss of both eyes or the sight thereof; loss of both hands or the use thereof; an injury resulting in a practically total paralysis; an injury to the brain resulting in incurable imbecility or insanity. In all other cases, permanent total disability shall be determined in accordance with the fact. Certain disabilities conclusively presumed to be total.

(10) (a) The fact that an employee has suffered previous disability or received compensation therefor shall not preclude compensation for a later injury nor preclude compensation for death resulting therefrom; but in determining compensation for the later injury or death his average weekly wages shall be such sum as will reasonably represent his earning capacity at the time of the later injury; *provided, however*, that an employee who is suffering from a previous permanent disability or physical impairment and shall sustain permanent injury thereafter shall not receive compensation for a later injury in excess of the compensation allowed for such injury when considered by itself and not in conjunction with or in relation to the previous disability or impairment. The employer shall not be liable for compensation to such employee for the combined disability but only for that portion due to the later injury as though no prior disability or impairment had existed. If an employee who has previously incurred permanent disability or impairment incurs such additional permanent disability that the combined effect of such subsequent injury and previous disability or impairment shall amount to seventy per cent or more of total permanent disability as the result of any subsequent injury, as defined in this section he shall be paid in addition to the compensation for permanent partial disability hereinbefore provided, and after the cessation of the payments for the period of weeks prescribed therefor special additional compensation, which shall compensate him for the remainder of the combined disability existing after the last injury to him. Such additional compensation shall be paid out of a special fund created for such purpose in the following manner: The employer, or if insured his insurance carrier, shall pay into such special fund whenever any fatal injury is suffered within this state by an employee under such circumstances as to entitle him to the benefits of this act, but for his death, and such employee does not leave surviving him any person entitled to a death benefit as a dependent under this act the sum of three hundred dollars for each such fatal injury in addition to all other payments required by said act; *provided*, that the total payments Subsequent compensation of an employee previously injured and compensated

required of the employer under this section shall not exceed the maximum payment due for the employer under this act. All moneys payable under this section shall be paid to the state treasurer and be placed into a special fund to be known as the "subsequent injuries fund," which fund is hereby created and appropriated for the purposes set forth in this section.

Administra-
tion of fund
and disburse-
ments
therefrom

(b) The subsequent injuries fund shall be used to pay the special additional compensation provided for in this section. The industrial accident commission is hereby authorized, and it shall be its duty, to administer said fund, to fix and award the amounts of special additional compensation to be paid under this section, to authorize payments from said fund to carry out the provisions of this section, and to make any orders, rules or regulations which may be necessary or convenient for the administration of said fund.

The industrial accident commission may draw upon said fund for the purposes specified in this section, and the controller is hereby authorized and directed to draw his warrant on said fund from time to time in accordance with the direction of the commission, and the treasurer is hereby authorized and directed to pay the same.

Court actions
to enforce
payments
into fund.

(c) Proceedings to enforce the payment into the subsequent injuries fund, of any sum for which an employer or insurance carrier may become liable under the provisions of this section may be brought by the attorney for the industrial accident commission in the name of the people of the State of California in the superior court, or municipal court, of the county, or city and county in which such fatal injury shall have occurred or in which the defendant resides. Costs shall be allowed or not as in other cases, and if allowed for or against said commission, said costs shall be paid into or from the subsequent injuries fund in the same manner as other expenditures provided by this section. The commission's expenses of litigation shall be payable out of said fund or the general revenues of the commission.

Alternative
proceedings.

(d) Proceedings to enforce the liability created by this section may as an alternative remedy and without interfering with the right to proceed under the preceding subdivision of this section, be instituted before the industrial accident commission of its own motion or upon application of any interested party, in the name of the people of the State of California, and such proceedings shall be tried and determined in the same manner and with the same procedure and effect as other proceedings before said commission. In any proceeding before said commission brought by any person to collect compensation benefits the commission may, if it shall appear from the evidence in said proceedings that the employer is liable under the provisions of this section, award payment of the sum of three hundred dollars herein prescribed to the subsequent injuries fund without joining the people of the State of California as a party.

(e) If an employer or his insurance carrier shall pay said sum of three hundred dollars into the subsequent injuries fund and at any time thereafter an award shall be made by the industrial accident commission against him in favor of any person of a death benefit as a dependent of the deceased employee, it shall be the duty of the commission to order the repayment from the subsequent injuries fund of said sum of three hundred dollars or so much thereof as may be necessary, to be applied upon the liability of the employer or his insurance carrier to such dependent.

Refund to or
for employer

(11) The commission may prepare, adopt, and from time to time amend, a schedule for the determination of the percentages of permanent disabilities, such table to be based upon the proper combinations of the factors indicated in subdivision seven above. Such schedule shall be available for public inspection, and without formal introduction in evidence shall be prima facie evidence of the percentage of permanent disability to be attributed to each injury covered by said schedule.

tion of
permanent
disabilities

3. The death of an injured employee shall not affect the liability of the employer under subsections (a) and (b) of this section, so far as such liability has accrued and become payable at the date of the death, and any accrued and unpaid compensation shall be paid to the dependents, if any, or, if there are no dependents, to the personal representative of the deceased employee or heirs or other persons entitled thereto, without administration, but such death shall be deemed to be the termination of the disability.

Death of
injured
employee

(c) If the injury causes death, either with or without disability, the burial expense of the deceased employee as hereinafter limited and a death benefit which shall be payable in installments equal to sixty-five per cent of the average weekly earnings of the deceased employee, upon the employer's regular pay day, but not less frequently than twice in each calendar month, unless otherwise ordered by the commission, which death benefit shall be as follows:

(1) In case the deceased employee leaves a person or persons wholly dependent upon him for support, such dependents shall be allowed the reasonable expenses of his burial, not exceeding one hundred fifty dollars, and a death benefit, which shall be a sum sufficient, when added to the disability indemnity which at the time of his death has accrued and become payable, under the provisions of subsection (b) hereto, to make the total disability indemnity and death benefit equal to three times his average annual earnings, such average annual earnings to be taken at not less than three hundred thirty-three dollars and thirty-three cents nor more than one thousand nine hundred ninety-nine dollars and ninety-two cents; *provided, however*, that said death benefit when added to the disability indemnity which at the time of his death has accrued and become payable shall not exceed the sum of five thousand

An act to amend sections 1 and 15c of the building and loan commission act, relating to supervision and regulation of building and loan associations and other corporations, associations and societies which are based or are operating on

plans or methods similar to building and loan associations, and defining the powers and duties of the bureau of building and loan supervision in respect thereto.

[Approved by the Governor May 4, 1929 In effect August 14, 1929.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of the building and loan commission act is hereby amended to read as follows:

Section 1. There is hereby created a bureau, to be known and designated as the "Bureau of building and loan supervision," with powers of supervision, examination and license of all building and loan associations, mutual loan associations, cooperative home associations, and all other corporations, associations and societies whenever, wherever and however formed, which are based, or are operating on plans or methods similar to building and loan associations as defined in section 648 of the Civil Code. Said bureau is charged with the enforcement of all laws designed for the formation, government or operation, in this state, of any such association, corporation or society, and is vested with power to determine what associations, corporations and societies come within the purview of the laws, and is vested with full power and jurisdiction over the issuance of all bonds, debentures, certificates, shares of stock, shares of membership, contracts or other securities, or interests therein, of all building and loan associations, mutual loan associations, cooperative home associations, and all other corporations, associations, and societies whenever, wherever and however formed, which are based, or are operating on plans or methods similar to building and loan associations as defined in title sixteen of part four of division one of the Civil Code, whether issued at the time of formation thereof or subsequent thereto.

SEC. 2. Section 15c of the building and loan commission act is hereby amended to read as follows:

Sec. 15c. Such proposed articles shall be submitted to the commissioner, and upon receipt of same, he shall immediately examine into all the facts connected with the formation of such intended corporation, including its location, and proposed incorporators. If it appears to him that such corporation, if formed, will be entitled to commence the business for which it is organized, and authorized under the law to conduct, the commissioner shall execute his certificate of approval; *provided, however*, that the commissioner may refuse to execute such certificate, if, upon his examination and investigation, he has reason to believe that the pro-

the certificate of approval of the building and loan commissioner of the new name proposed for said corporation, and said certificate shall only be granted by the commissioner, after and upon the same notice, proceedings, and reasons to believe, and subject to the same rules, presumptions and restrictions as hereinabove set forth in relation to the matters of the name of a proposed corporation.

Employer's
liability

Sec. 6. (a) Liability for the compensation provided by this act, in lieu of any other liability whatsoever to any person, shall, without regard to negligence, exist against an employer for any injury sustained by his employees arising out of and in the course of the employment and for the death of any such employee if the injury shall proximately cause death, in those cases where the following conditions of compensation concur:

(1) Where, at the time of the injury, both the employer and the employee are subject to the compensation provisions of this act.

(2) Where, at the time of the injury, the employee is performing service growing out of and incidental to his employment and is acting within the course of his employment.

that such misconduct of said employee shall not be a defense where his injury is caused by the failure of the employer to comply with any provision of law, or any safety order of the commission, with reference to the safety of places of employment; *and provided, further*, that in case of an injury suffered by an employee under sixteen years of age, it shall be conclusively presumed that such injury was not caused by serious and wilful misconduct.

The reduction of the compensation otherwise recoverable by an injured employee, because of his serious and wilful misconduct as herein provided, shall not be enforceable, valid or binding in any respect until the industrial accident commission shall have determined by its findings and award as provided in section 20 of this act that his compensation shall be reduced one-half because of his serious and wilful misconduct as provided in this section.

(b) Where such conditions of compensation exist, the right to recover such compensation, pursuant to the provisions of this act, shall be the exclusive remedy against the employer for the injury or death; *provided*, that where the employee is injured by reason of the serious and wilful misconduct of the employer, or his managing representative, or if the employer be a partnership, on the part of one of the partners (or a managing representative or general superintendent thereof), or if a corporation, on the part of an executive or managing officer or general superintendent thereof, the amount of compensation otherwise recoverable for injury or death, as hereinafter provided, shall be increased one-half, any of the provisions of this act as to maximum payments or otherwise to the contrary notwithstanding; *provided, however*, that said increase of award shall in no event exceed two thousand five hundred dollars.

Such capital and surplus, when so apportioned and approved by the superintendent of banks, shall be considered and treated as the separate capital and surplus of such department as if each department was a separate bank. Thereafter a bank may, from time to time, with the previous consent and approval of the superintendent of banks and subject to the provisions of section 19 of this act, change any segregation and apportionment of capital and surplus previously made and make

a new segregation and apportionment of its capital and surplus. ^{Name.} Every bank hereafter organized doing a departmental business shall have paid up, in cash,

The foregoing classifications shall not apply to any bank already in existence which has received from the superintendent of banks a certificate to do a banking business nor to any bank the location of which shall have been included by annexation or consolidation within the limits of a city of a class requiring a larger capitalization, but no bank thus excepted shall be permitted to establish any new branch office as provided in section 9 of this act or to remove its place of business from the original limits of the city or township wherein it was located prior to such annexation or consolidation until it shall have the capital required of banks in

IV. An underlying or divisional closed mortgage or deed of trust of property which forms a part of the operating system of the corporation then owning said property. In the case of bonds secured by an underlying or divisional closed mortgage or deed of trust, the net income required by this section shall be based exclusively upon the income, maintenance charges, operating expenses, taxes and mortgage indebtedness of or against the property covered by such underlying or divisional closed mortgage or deed of trust or, if such income, maintenance charges or operating expenses can not be definitely ascertained on the proper proportionate share of such property in the general income, maintenance charges, operating expenses and taxes of the corporation then owning such property and on the mortgage indebtedness of or against the property covered by such underlying or divisional closed mortgage or deed of trust.

state, that the provisions of this paragraph shall be subject to the limitations and modifications contained in section 57a of this act; *and provided, also*, that no such notes or bonds shall be disqualified as investments for savings banks for the reason that the payment thereof is guaranteed by a policy of mortgage insurance.

In determining the market value of any real estate under the provisions of the preceding paragraph where such real estate, improved or unimproved, consists of oil or other mineral or timber land, the value represented by such oil or other mineral or timber shall not be included in fixing such market value. Nothing herein contained shall prevent savings banks from making loans secured by mortgage or deed of trust upon lands wherein redwood timber is included in fixing the market value thereof.

Determining
market value

Any bank, however, may, without such certification by the superintendent of banks, purchase any note or bond or issue of notes or bonds provided for in said paragraph (f) of subdivision six of this section, whenever such purchase constitutes the entire amount of notes or bonds executed by the makers thereof and secured by the same real estate; *provided*, that no savings bank shall hold any such notes or bonds unless such holding constitutes the entire issue thereof at any time outstanding; *and provided, also*, that nothing in this paragraph shall be construed to permit savings banks to invest in notes or certificates evidencing participation in any mortgage on real estate unless by law specifically authorized, or in or on any form of obligation secured by any undivided interest in real estate designed to distribute the obligation so secured.

(g) Collateral trust bonds or notes:

(2) When secured by deposit of notes or bonds authorized for investment by this section and other securities of a combined market value at least twenty per centum in excess of the par value of the collateral trust bonds or notes issued; *provided*, that the par value of said collateral trust bonds or notes shall in no case exceed the market value of that portion of the security represented by notes or bonds authorized for investment by this section;

(3) When issued by a corporation organized and doing business under the laws of the State of California and having a paid up and unimpaired capital of not less than one million dollars, and when secured by deposit, as hereinafter provided, of money, or of notes accompanied by mortgage or deed of trust constituting a first lien on real estate, improved or unimproved, in the State of California having a market value of not less than one and two-thirds times the amount of each note deposited, and when such security so deposited shall have an aggregate market value of not less than par value of the

collateral trust bonds or notes issued and outstanding, and when such collateral trust bonds or notes have a maturity of not more than twenty (20) years from their date of issue; *provided*, that such security shall be deposited as a court trust with a trust company, authorized to transact business in this state, and under such conditions and regulations as may, from time to time, be prescribed by the superintendent of banks; *provided, however*, that in prescribing such conditions and regulations the superintendent of banks shall permit the exchange, withdrawal and redeposit of any security in this paragraph authorized, so long as the aggregate market value of the security remaining on deposit shall be not less than the par value of the collateral trust bonds or notes issued and outstanding, all securities deposited as herein provided being subject to approval by the superintendent of banks. (i) Acceptances issued by a discount, acceptance or investment corporation formed under the federal statute commonly known as the "Edge" act or under the "investment companies act" of New York, or by a corporation of identical character and capacity organized under the laws of any state of the United States.

The legality of investments heretofore lawfully made pursuant to the provisions of this section, or of any law of this state as it existed on and subsequent to July 1, 1909, shall not be affected by any amendments to this section or this act; nor shall any such amendments require the changing of investments once lawfully made under this act.

Book value
of bonds

Any bonds authorized by this section as legal investment for savings banks may be carried on the books of said bank at their investment value, based on their market value at the time they were originally bought, unless the superintendent of banks shall require any or all of the bonds which may thereafter have a market value less than the original investment value to be written down to such new market value which shall be done gradually if practicable and in such manner as he may determine or he may, by a plan of amortization to be determined by him,

require such gradual extinction of premium as will bring such bonds to par at maturity.

When it shall be necessary to prevent loss to any savings bank on an obligation owned or on a debt previously contracted in good faith, it may, with the previous written consent of the superintendent of banks, purchase or acquire bonds of any railroad corporation incorporated under the laws of the State of California and operated exclusively therein notwithstanding such bonds do not conform to the requirements in this section contained; *provided*, any bond so purchased or acquired must be sold for the best price obtainable by any bank within five years after such purchase or acquisition.

No savings bank shall hereafter purchase or loan money upon any bond, note or other evidence of indebtedness, issued by any "public utility," subject to the jurisdiction, regulation or control of the railroad commission of this state under the provisions of the "Public utilities act," approved December 23, 1911, and acts amendatory thereof or supplemental thereto, unless each such bond, note or other evidence of indebtedness was either:

(1) Issued prior to the taking effect of the "Public utilities act"; or,

(2) Issued under authority of the railroad commission in accordance with the provision of said act; or,

(3) A note issued for a period not exceeding twelve months, in accordance with the provisions of subdivision (b) of section 52 of said act.

SEC. 11. Section 61a of said act is hereby amended to read as follows:

Sec. 61a. The superintendent of banks shall have power, when any issue of bonds or securities is presented to him for that purpose, to investigate and ascertain whether such bonds or securities come within and fully conform to all the requirements of paragraphs (d), (e), (f) or (g) of subdivision six of section 61 of this act, or either of said paragraphs.

He may also investigate and ascertain for what period of time, and upon what conditions, any franchise granted to or held by any corporation issuing any such bonds or securities will remain in force, and any other facts or conditions bearing upon the value or sufficiency of such bonds. The superintendent of banks may accept and act upon the opinions and appraisements of any attorneys, engineers or appraisers which may be presented by such person or corporation, so applying, and the reports of any of the executive officers of the corporation issuing such bonds or securities on any question of fact concerning or affecting such bonds or securities, the security thereof, the franchise conditions herein mentioned, or the financial condition of the corporation issuing the same. In lieu of or in addition to such opinions, appraisements and reports, the superintendent of banks may, if he deems proper, have any or all such matters passed upon and certified to him by attorneys, engineers, appraisers or accountants of his own selection at the expense of the applicant. If the superintendent of banks shall find from such investigation that the bonds or securities so

presented come within and fully conform to all the requirements of any of said paragraphs of subdivision six of section 61 of this act, and is satisfied from such investigation as to such franchise conditions, he shall so certify unless for any reason he shall be of the opinion that such bonds are not a safe or proper investment for savings banks, and in such event or if such bonds shall fail to meet the requirements of this act such certificate must be refused. The superintendent of banks also shall have power to investigate and ascertain the status and sufficiency as investments for savings banks of any bonds or notes or obligations specified in paragraphs (a), (b), (c), (h), and (i) of subdivision six of section 61 of this act. If upon such investigation it shall be determined in the opinion of the superintendent of banks that any bonds or notes or obligations specified in paragraphs (a), (b), (c), (h), and (i) of subdivision six of section 61 of this act constitute a proper investment for savings banks he shall so certify.

Revocation of certificate

Any certificate issued by the superintendent of banks under authority of the provisions of this section may be revoked at any time in his discretion. Any certificate issued in relation to notes or bonds of a railroad or other public utility corporation shall expire not later than three months after the end of the then current fiscal year of the corporation issuing such notes or bonds.

Renewal.

Any such certificate expiring may be renewed or extended by the superintendent of banks without application therefor from such corporation or other interested parties if he shall be satisfied that the notes or bonds referred to in said certificate are in conformity with the then requirements of section 61 of this act.

At the time when any person, district, or corporation presents for investigation or certification any issue of bonds or securities, such person, district or corporation shall pay to the superintendent of banks a fee in such amount as may be fixed by the superintendent of banks, which fee shall be delivered to the treasurer of the state, who shall deposit the same to the credit of the state banking fund. The superintendent of banks shall keep an official list of all bonds and securities certified by him.

No provision of this act, and no act or deed, done or performed under or in connection therewith, and no finding made or certificate issued under any provision thereof, shall be held or construed to obligate the State of California to pay, or be liable for the payment of, or to guarantee in any manner whatsoever, the regularity or the validity of the issuance of any stock or bond certificate, or bond, note, or other evidence of indebtedness certified under any provision of this act, by the superintendent of banks.

Unlawful advertisement of securities as legal investments.

It shall not be lawful for any individual, firm, association, bank, trust company, stock company, copartnership or corporation to advertise by newspaper or circular or in any other manner that any securities are legal investments for savings

banks in this state unless such securities are at the time of said advertisement legal investments for savings banks in this state, or to use any advertisement which might lead the public to believe that any securities conform to the requirements of the law relating to investments by savings banks unless such advertisement shall have been approved in writing by the superintendent of banks prior to publishing, circulating or otherwise issuing the same. Any individual, firm, association, bank, trust company, stock company, copartnership or corporation who shall advertise any securities in violation of the provisions of this paragraph shall be guilty of misdemeanor and shall be punishable by a fine not exceeding one thousand dollars or by imprisonment in a county jail not exceeding one year or by both such fine and imprisonment.

Sec. 136. Whenever it shall appear to the superintendent of banks that any bank has violated the provisions of its articles of incorporation or any law of this state, or is conducting its business in an unsafe or unauthorized manner, or if the capital of any bank is impaired, or if any bank shall refuse to submit its books, papers and concerns to the inspection of any examiner, or if any officer thereof shall refuse to be examined upon oath touching the concerns of any such bank or if any bank shall suspend payment of its obligations, or if it shall appear to the superintendent of banks or the superintendent of banks shall have reason to conclude that such bank is in an unsound or unsafe condition to transact the business for which it is organized, or that it is unsafe and inexpedient for it to continue business, or if any bank shall neglect or refuse to observe any order of the superintendent of banks specified in sections 133 or 134 of this act, the superintendent of banks may forthwith take possession of the property and business of such bank and retain such possession until such bank shall resume business, or its affairs be finally liquidated as herein provided. Such bank may, with the consent of the superintendent of banks, resume business upon such conditions as may be approved by him.

Superintendent of banks may take possession of bank violating law

Whenever any such bank of whose property and business the superintendent of banks has taken possession as aforesaid, deems itself aggrieved thereby, it may, at any time within ten days after such taking possession, apply to the superior court in the county in which the principal office of such bank is located to enjoin further proceedings; and said court, after citing the superintendent of banks to show cause why further proceedings should not be enjoined, and hearing the allegations and proofs of the parties and determining the facts may, upon the merits, dismiss such application or enjoin the superintendent of banks from further proceedings, and direct him to surrender such business and property to such bank. An appeal as above provided shall operate as a stay of the judgment of the superior court, and no bond need be given if the appeal be taken by the superintendent of banks; but if the appeal be taken by such bank, a bond shall be given, as required by section 943 of the Code of Civil Procedure.

Suit to enjoin possession by superintendent

On taking possession of the property and business of any such bank the superintendent of banks shall forthwith give notice of such fact to any and all banks, corporations, partnerships, associations and individuals, holding or in possession of

Notice to other banks

any assets of such bank. No bank, corporation, partnership, association or individual knowing of such taking possession by the superintendent of banks, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereon incurred against any of the assets of the bank of whose property and business the superintendent of banks shall have taken possession as aforesaid.

Authority of
superin-
tendent

Upon taking possession of the property and business of any such bank the superintendent of banks shall have authority to collect all moneys due to such bank and do such other acts as are necessary or expedient to collect, conserve or protect its assets, property and business, and shall proceed to liquidate the affairs thereof as hereinafter provided. The superintendent of banks shall collect all debts due and claims belonging to it, and upon the order of the superior court may sell or compound any bad or doubtful debts. If a purchaser for any bad or doubtful debts can not be obtained and it appears improbable that recovery thereon can be had and that the costs of actions to enforce collection of the same would probably be lost, the court may direct that suits thereon need not be brought. The superintendent of banks may sell any real or personal property of such bank on such terms as the court shall direct or approve. The moneys collected by the superintendent of banks shall be from time to time deposited in one or more state banks of deposit, savings banks or trust companies, and, in case of the suspension or insolvency of the depository, such deposits shall be preferred before all other deposits. For the purpose of executing and performing any of the powers and duties hereby conferred upon him, the superintendent of banks may, in the name of the delinquent bank or in his own name, prosecute and defend any and all suits and other legal proceedings and may, in the name of the delinquent bank or in his own name as trustee execute, acknowledge and deliver any and all deeds, assignments, releases and other instruments necessary and proper to effectuate any sale of real or personal property or other transaction in connection with the liquidation of said bank; and any deed or other instrument, executed pursuant to the authority hereby given, shall be valid and effectual for all purposes, as though the same had been executed by the officers of the delinquent bank by authority of its board of directors. In case any of the real property so sold is located in a county other than the county in which the application to the court for leave to sell the same is made the superintendent of banks shall cause a certified copy of the order authorizing or ratifying such sale to be filed in the office of the recorder of the county in which the said real property is located.

Presentation
of claims

All claims of every kind or nature against such bank or against any property owned or held by such bank must be presented to the superintendent of banks in writing, verified by the claimant or someone in his behalf, within four months after the first publication of the notice to creditors hereinafter

provided for; and any claim not so presented shall be forever barred; *provided, however*, that any deposit claim, appearing upon the books of said bank to be a valid claim, presented after the expiration of the time fixed in the notice to creditors shall be entitled to share in any dividends declared subsequent to the presentation of such claim.

The superintendent of banks shall cause notice to be given by advertisement, in such newspapers as he may direct, weekly for three consecutive months, calling on all persons who may have claims against such bank to present the same to the superintendent of banks, and make legal proof thereof at a place and within the time above provided. The superintendent of banks shall mail a similar notice to all persons whose names appear as creditors upon the books of the bank, and whose addresses appear upon the books of said bank. If the superintendent of banks doubts the justice and validity of any claim, he may reject the same, and serve notice of such rejection upon the claimant, either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof shall be filed with the superintendent of banks. Any action upon a claim so rejected must be brought within six months after such service.

Notice to
claim
holders

Upon taking possession of the property and assets of any bank, the superintendent of banks shall make an inventory of the assets of such bank in duplicate, one to be filed in the office of the superintendent of banks, and one with the papers in the liquidation proceeding in the office of the clerk of the county in which the principal office of such bank is located; upon the expiration of the time fixed for the presentation of claims the superintendent of banks shall make in duplicate a full and complete list of the claims presented, including and specifying such claims as have been rejected by him, one to be filed in the office of the superintendent of banks, and one with the papers in said proceeding in the office of the clerk of the county in which the principal office of such bank is located. Thereafter he shall make and file in said offices as above provided before each application to the court for leave to declare a dividend a supplemental list of the claims presented since the last preceding list was filed, including and specifying such claims as have been rejected by him, and in any event he shall make and file as above provided such a list at least once every six months after the filing of the original list, as long as he shall remain in possession of the property and business of any such bank. Such inventory and list of claims shall be open at all reasonable times to inspection.

Inventory
of assets

The superintendent of banks may, from time to time, under his hand and official seal, appoint one or more special deputy superintendents of banks, as agent or agents, with the powers specified in the certificate of appointment, to assist him in the duty of liquidation and distribution, the certificate of appointment to be filed in the office of the superintendent of banks, and a certified copy in the office of the clerk of the county in

which the principal office of such bank is located. The superintendent of banks may employ such counsel and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such bank, and for that purpose may retain such of the officers or employees of such bank as he may deem necessary. The superintendent of banks shall require from a special deputy superintendent and from such assistants such security for the faithful discharge of their duties as he may deem proper. The compensation of the special deputy superintendents, counsel and other employees and assistants, and all expenses of supervision and liquidation, shall be fixed by the superintendent of banks and shall be paid out of the funds of such bank in the hands of the superintendent of banks. Such expenses of liquidation must be reported by the superintendent of banks to the superior court of the county in which the principal place of business of such bank was located, upon each application for payment of dividend.

Dividends.

At any time after the expiration of the date fixed for the presentation of claims the superior court may by order authorize the superintendent of banks to declare out of the funds remaining in his hands after the payment of expenses one or more dividends, and after the expiration of one year from the first publication of notice to creditors he may declare a final dividend, such dividends to be paid to such persons, and in such amounts, and upon such notice, as may be directed by the superior court of the county in which the principal office of such bank is located. Objections to any claim not rejected by the superintendent of banks may be made by any party interested by filing a copy of such objections with the superintendent of banks, who shall present the same to the superior court at the time of the next application to declare a dividend. The court to which such application is made shall thereupon dispose of said objections or may order a reference for that purpose, and should the objections to any claim be sustained by the court or by the referee, such claim shall not be allowed by the superintendent of banks until the claimant shall have established his claim by the judgment of a court of competent jurisdiction.

Objections to claims

Dividends remaining unpaid in the hands of the superintendent of banks for six months after the order for final distribution shall be by him deposited with the state treasurer in the same manner and subject to the same disposition as provided for in section 1234 of the Code of Civil Procedure. The superintendent of banks may pay over the moneys so held by him to the persons respectively entitled thereto upon being furnished satisfactory evidence of their right to the same. In cases of doubt or conflicting claims he may require an order of the superior court authorizing and directing the payment thereof.

Notice to holders of deposit boxes

Should any bank at the time the superintendent of banks takes possession of its property and business, have in its possession, as bailee for safekeeping and storage, any jewelry,

plate, money, specie, bullion, stocks, bonds, securities, valuable papers or other valuable personal property or should it have rented any vaults, safes or safe deposit boxes or any portion thereof for the storage of property of any kind, the superintendent of banks may at any time thereafter cause to be mailed to the person claiming to be or appearing upon its books to be the owner of such property, or the person in whose name the safe, vault or box stands, a notice in writing in a securely closed, postpaid registered letter, directed to such person at his post-office address as recorded upon its books, notifying such person to remove, within a period fixed by said notice and not less than sixty days from the date thereof, all such personal property and upon the date fixed by said notice, the contract, if any, between such person and bank for the storage of said property or for the use of the said safe, vault or box shall cease and determine, and the amount of the unearned rent or charges, if any, paid by such person shall become a debt of the bank to said person. If the property be not removed within the time fixed by the notice, the superintendent of banks may make such disposition of said property as the superior court, upon application thereto, shall direct. And the superintendent of banks may cause any safe, vault or box to be opened in his presence or in the presence of one of the special deputy superintendents of banks, and of a notary public not an officer or in the employ of the bank or of the superintendent of banks, and the contents thereof, if any, to be sealed up by such notary public in a package upon which such notary public shall distinctly mark the name and address of the person in whose name such safe, vault or box stands upon the books of the bank and shall attach thereto a list and description of the property therein; and the package so sealed and addressed, together with the list and description, may be kept by the superintendent of banks in one of the general safes or boxes of the bank until delivered to the person whose name it bears, or until otherwise disposed of as directed by the court.

Boves may
be opened

Whenever the superintendent of banks shall have paid to each and every depositor and creditor of such bank whose claim or claims as such creditor or depositor shall have been duly proved and allowed, the full amount of such claims, and shall have made proper provision for unclaimed and unpaid deposits or dividends, and shall have paid all the expenses of the liquidation, the superintendent of banks shall call a meeting of the stockholders of such bank giving notice thereof for thirty days in one or more newspapers published in the county where the principal office of such bank is located. At such meeting the stockholders shall determine whether the superintendent of banks shall be continued as liquidator and shall wind up the affairs of such bank, or whether an agent or agents shall be elected for that purpose, and in so determining the said stockholders shall vote by ballot, in person or by proxy, each share of stock entitling the holder to one vote,

and the majority of the stock shall be necessary to a determination.

Agent to
liquidate

In case it is determined to continue the liquidation under the superintendent of banks, he shall complete the liquidation of the affairs of such bank, and after paying the expenses thereof, shall distribute the proceeds among the stockholders in proportion to the several holdings of stock in such manner and upon such notice as may be directed by the superior court. In case it is determined to appoint an agent or agents to liquidate, the stockholders shall hereupon select such agent or agents by ballot, a majority of the stock present and voting, in person or by proxy, being necessary to a choice. Such agent or agents shall execute and file with the superintendent of banks a bond to the people of the state in such amount, with such sureties and in such form as shall be approved by the superintendent of banks, conditioned for the faithful performance of all the duties of his or their trust, and thereupon the superintendent of banks shall transfer and deliver to such agent or agents, all the undivided and uncollected or other assets of such bank then remaining in his hands; and upon such transfer and delivery, the said superintendent of banks shall be discharged from any and all further liability to such bank and its creditors. Such agent or agents shall convert the assets coming into his or their possession into cash, and shall account for and make distribution of the property of said bank as is herein provided in the case of distribution by the superintendent of banks, except that the expenses thereof shall be subject to the direction and control of a court of record of competent jurisdiction. In case of the death, removal or refusal to act of any such agent or agents, the stockholders, on the same notice, to be given by the superintendent of banks upon proof of such death, removal or refusal to act being filed with him, and by the same vote hereinbefore provided, may elect a successor, who shall have the same powers and be subject to the same liabilities and duties as the agent originally elected.

The testing agency shall submit in duplicate a detailed report of each such test to the division of motor vehicles; such report shall give in detail the apparent candlepower of light projected at each point of the said test, the candlepower of the lamp or bulb used to produce the amount of light nearest the maximum requirement of section 101 hereof, any particular adjustments required by the testing agency which are not included in the manufacturers' printed instructions, together with the reasons for such additional requirements, and a statement as to whether or not the device is approved and will conform with the requirements of this act when used in accordance with the instructions of the testing agency. Each such report shall be signed by the person who made the test and by an officer of the institution under which said test has been made. Reports of all such tests shall be accessible to the public and a copy thereof shall be furnished by the chief of the division of motor vehicles to the applicant for the test.

(e) Whenever the division shall receive from the testing agency a report that a particular device has been tested and approved, together with instructions as to the candlepower lamp or bulb and any particular adjustments to be used in connection with such device, the division shall issue to the applicant a certificate of approval, together with a copy of the instructions of the testing agency relative to the use of such device

The division may draw, without at the time furnishing vouchers and itemized statements, sums not to exceed in the aggregate one hundred thousand dollars, said sums so drawn to be used as a revolving fund where cash advances are necessary. At the close of each fiscal year the moneys so drawn must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the board of control and by the controller. (c) One-half of such "net receipts" is hereby appropriated and shall be paid from the motor vehicle fund to the counties of this state in proportion to the number of vehicles registered in such counties as determined by the places of residence of the owners to whom the registration certificates are issued. All amounts paid under this section to the counties shall be deposited in the road funds of the several counties receiving the same and shall be expended by such counties exclusively in the construction and maintenance of public roads, bridges and culverts in said counties respectively; *provided*, that the board of supervisors of any county may in its discretion expend any portion of such sums so received by such county in the construction, maintenance and repair of streets, bridges and culverts within those incorporated cities therein the legislative bodies of which by ordinance authorize such work of construction, maintenance and repair. The board of supervisors of any county, or city and county, may also in its discretion expend any portion of such sums so received by such county, or city and county, for payment of interest upon, or redemption of bonds, the proceeds of which have been used for the construction, maintenance and repair of streets, bridges and culverts within such county, or city and county. The board of supervisors of any county, or city and county which is empowered by law to expend money for the construction of public highway outside of its corporate limits, may expend any portion of the amounts paid to the said county, or city and county, and deposited in the special road improvement fund or other road fund thereof, as herein in this section directed, in and for the construction of public highways outside of its corporate limits; *provided, however*, that the construction thereof is authorized by ordinance of the board of supervisors of the county or city and county, in which said highway is to be

County road
fund

(d) The board of supervisors of each county in the state shall establish a road fund in the county treasury for the receipt of such funds received, as hereinbefore provided, and shall also make an annual report to the state department of public works not later than three months after the close of the counties' fiscal year, upon forms to be provided by the state department of public works, showing the amount of moneys received from the motor vehicle fund during the preceding fiscal year and the disposition of said moneys, specifying in such detail as may be required by said department the roads, bridges and culverts constructed or maintained out of said moneys and the sums applied to the several items of such construction or maintenance.

Payment to
counties

(e) The state controller shall in the months of February and August of each year draw his warrants upon the motor vehicle fund in favor of the county treasurer of each county for the amount to which said county is entitled hereunder, except that the state controller shall not draw his warrant upon the motor vehicle fund in favor of the county treasurer of any county which has not established a road fund, as required hereunder, or which has failed, neglected or refused to file the report showing the amount of money heretofore received by such county from the motor vehicle fund and the disposition thereof, as hereinbefore required, until such county has established a road fund and shall make the reports herein required; *provided, however*, that in cases where the actual domicile, residence or place of abode of an owner, or part owner, of any motor vehicle, trailer or semitrailer is in a different county than the place which such owner has designated as his place of residence in his registration certificate, the county auditor of the county receiving such funds from the state as hereinabove provided may draw his warrant in favor of the county containing the actual domicile, residence, or place of abode of such owner, or part owner, in such sums as may properly be attributed to the latter county.

An act to amend section 29 of the "Workmen's compensation, insurance and safety act of 1917," as amended, by providing a penalty of ten per cent but not exceeding one thousand dollars to be added to any payment of compensation awarded to employees for the failure of their employers to secure the payment of compensation as provided in said act.

[Approved by the Governor May 11, 1929 In effect August 14, 1929.]

The people of the State of California do enact as follows:

SECTION 1. Section 29 of the "Workmen's compensation, insurance and safety act of 1917," approved May 23, 1917, as amended, is hereby amended to read as follows: Stats 1925,
p. 494,
amended.

(a) Every employer as defined in section 7 hereof, except the state and all political subdivisions or institutions thereof, shall secure the payment of compensation in one or more of the following ways: Securing
payment of
compensation,
methods

1. By insuring and keeping insured against liability to pay compensation in one or more insurance carriers duly authorized to write compensation insurance in this state.

2. By securing from the commission a certificate of consent to self-insure, which may be given upon his furnishing proof satisfactory to the commission of ability to carry his own insurance and pay any compensation that may become due to his employees, the commission may, in its discretion, require such employer to deposit with the state treasurer a bond or securities, but not both a bond and securities, approved by the commission. in an amount to be determined by the commission. Such certificate may be revoked at any time for good cause shown after hearing had, such good cause including among other things, the impairment of the solvency of said employer, the practice by such employer or his agent in charge

of the administration of its obligations under the workmen's compensation act of any of the acts denounced by sections 596 (b) or 633 of the Political Code, with respect to the conduct of insurance companies, their officers or agents. So long as the certificate of consent to self-insure has not been revoked, and the self-insurer has deposited with the state treasurer such bond or securities, the self-insurer shall not be required or obliged to pay into the state compensation insurance fund any sums covering liability for compensation, excepting life pensions; but shall be permitted, and such permission is hereby given the self-insurer, to fully administer any and all such compensation benefits assessed against the said insurer.

Procedure
where pay-
ment of
compensation
is unsecured

(b) If any employer shall fail so to secure the payment of compensation, any injured employee or his dependents may proceed against such employer by filing an application for compensation with the commission, and, in addition thereto, such injured employee or his dependents may bring an action at law against such employer for damages, the same as if this act did not apply, and shall be entitled in such action to the right to attach the property of the employer, at any time upon or after the institution of such action, in an amount to be fixed by the court, to secure the payment of any judgment which may ultimately be obtained. Such judgment shall include a reasonable attorney's fee to be fixed by the court. The provisions of the Code of Civil Procedure, except in so far as they may be inconsistent with this act, shall govern the issuance of and proceedings upon such attachment; *provided*, that if as a result of such action for damages a judgment is obtained against such employer in excess of the compensation awarded under this act, the compensation awarded by the commission, if paid, or if security approved by the court be given for its payment, shall be credited upon such judgment; *provided, further*, that in such action it shall be presumed that the injury to the employee was a direct result and grew out of the negligence of the employer, and the burden of proof shall rest upon the employer to rebut the presumption of negligence. In such proceeding it shall not be a defense to the employer that the employee may have been guilty of contributory negligence, or assumed the risk of the hazard complained of, or that the injury was caused by the negligence of a fellow servant. No contract, rule or regulation shall be allowed to restore to the employer any of the foregoing defenses.

Penalties.

(c) Failure to secure the payment of compensation as hereinbefore provided shall constitute a misdemeanor, punishable by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or by both. In case of the wilful failure by an employer to secure the payment of compensation as herein provided, the amount of compensation otherwise recoverable for injury or death as provided in this act shall be increased ten per cent, any of the provisions of this act as to maximum payments or otherwise to the contrary

notwithstanding ; *provided, however*, that said increase of award shall in no event exceed one thousand dollars. Failure of the employer to secure the payment of compensation as herein provided shall be prima facie evidence of wilfulness on his part.

(d) The commission may require any employer to furnish a written statement at any time showing the name of his insurance carrier or the manner in which the employer has complied with the provisions of this section. Failure of the employer for a period of ten days to furnish such written statement shall constitute presumptive evidence that such employer has failed or neglected in respect to the matters so required.

The people of the State of California do enact as follows:

SECTION 1. Section 12 of the "Workmen's compensation, insurance and safety act of 1917," approved May 23, 1917, as amended, is hereby amended to read as follows:

Stats 1917, p 843 amended

Sec. 12 (a) The average annual earnings referred to in section 9 hereof shall be fifty-two times the average weekly earnings referred to in said section; in computing such earnings the average weekly earnings shall be taken at not less than six dollars and forty-one cents nor more than thirty-eight dollars and forty-six cents, and three times the average annual earnings shall be taken at not less than one thousand dollars, nor more than five thousand nine hundred ninety-nine dollars and seventy-six cents; *provided, however*, that the maximum limit of three times the average annual earnings referred to in subdivision (c) of section 9 of this act shall be taken at not more than five thousand dollars and between said limits said average weekly earnings shall be arrived at as follows:

Average annual earnings

(1) If the injured employee has worked in the same employment, whether for the same employer or not, during at least two hundred sixty days of the year preceding his injury, his average weekly earnings shall consist of ninety-five per cent of six times the daily earnings at the time of such injury where the employment is for six full working days a week. Where his employment is for five, five and one-half, six and one-half or seven working days a week, the average weekly earnings shall be ninety-five per cent of five, five and one-half, six and one-half or seven times the daily earnings at the time of the injury, as the case may be.

Average weekly earnings

(2) If the injured employee has not so worked in such employment during at least two hundred sixty days of such

preceding year, his average weekly earnings shall be based upon the daily earnings, wage or salary of an employee of the same class working at least two hundred sixty days of such preceding year in the same or a similar kind of employment in the same or a neighboring place, computed in accordance with the provisions of the preceding subdivision.

(3) If the earnings be irregular or specified to be by the week, month, or other period, then the average weekly earnings mentioned in subdivisions (1) and (2) above shall be ninety-five per cent of the average earnings during such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

Employment
for less
than five
days or
seasonal

(4) Where the employment is for less than five days per week or is seasonal or where for any reason the foregoing methods of arriving at the average weekly earnings of the injured employee can not reasonably and fairly be applied, such average weekly earnings shall be taken at ninety-five per cent of such sum as shall reasonably represent the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments during the year preceding his injury; *provided*, that the earnings from other occupations shall not be allowed in excess of the rate of wages paid at the time of the injury.

Overtime,
board, etc

(b) In determining such average weekly earnings, there shall be included overtime and the market value of board, lodging, fuel, and other advantages received by the injured employee, as part of his remuneration, which can be estimated in money, but such average weekly earnings shall not include any sum which the employer may pay to the injured employee to cover any special expenses entailed on him by the nature of his employment.

Injuries to
minors

(c) If the injured employee is under twenty-one years of age, and his incapacity is permanent, his average weekly earnings shall be deemed, within the limits fixed, to be the weekly sum that under ordinary circumstances he would probably be able to earn after attaining the age of twenty-one years, in the occupation in which he was employed at the time of the injury or in any occupation to which he would reasonably have been promoted if he had not been injured, and if such probable earnings after attaining the age of twenty-one years can not reasonably be determined, such average weekly earnings shall be based upon three dollars a day for a six-day week.

Sec. 14. Said board must refuse a certificate to any applicant guilty of unprofessional conduct. On the filing with the secretary of a sworn complaint, charging the applicant with having been guilty of unprofessional conduct, the secretary must forthwith issue a citation, under the seal of the board, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant when and where the charges of said unprofessional conduct will be heard, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation or that default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing may be compelled by subpoenas issued by the secretary of the board under its seal. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citation and subpoenas generally, and all the provisions of the statutes of this state then in force relating to subpoenas and to citations are hereby made applicable to the subpoenas and citations provided for herein. Upon the secretary's certifying to the fact of refusal of any person to obey a subpoena or citation to the superior court of the county in which the service was had, said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempt for disobedience of process of the court, and should said court find that the subpoena or citation has been legally served, and that the party so served

has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, within twenty days after service on him of said citation, or within such further time as the board may allow, and the charges on their face shall be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such proper evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him.

In the event of such suspension, the holder of such certificate shall not be entitled to practice thereunder during the term of suspension; but, upon the expiration of the term of said suspension, he shall be reinstated by the board and shall be entitled to resume his practice, unless it shall be established to the satisfaction of the board that said person so suspended from practice, has, during the term of such suspension, practiced in the State of California, in which event the board shall revoke the certificate of such person. No such suspension or revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of suspension or revocation shall enter on his register the fact of such suspension or revocation, as the case may be, and shall certify the fact of such suspension or revocation under the seal of the board, to the county clerk

meeting
of board.

SEC. 2. Section 8 of said act is hereby amended to read as follows:

Sec. 8. The board of directors must meet on the first Monday in July of each year in which an assessment is made to examine the assessment roll and equalize the assessment of property of said district. It must continue in session for that purpose, from time to time, until the business of equalization is disposed of but not later than the third Monday in July.

Equalizing
assessments

The board has power, after giving notice in such manner as it may by rule prescribe, to increase or lower the entire assessment roll or any assessment contained therein, so as to equalize the assessment of the property contained in said roll, and make the assessment conform to the true value of the property in money. During such session the board may correct any errors, omissions or defects in form or description in the assessment roll, and may direct the ex officio assessor of the district to assess any real property that has escaped assessment. Upon the hearing of any question arising during the course of such equalization, the board may subpoena such witnesses, and hear and take such evidence in relation to the subject pending, as in its discretion it may deem proper. The clerk shall note all alterations made in valuations or assessments, and within five days after the session have the total values, as finally equalized by the board, extended into columns, and added up, and shall forthwith deliver the assessment roll so corrected, to the county auditor. In order to find the per cent, of taxes necessary to be levied, the board shall find:

Per cent
of taxes
necessary

First—The amount necessary to pay the interest and any part of the principal that may become due for the then current year on the funded debt of said district.

Second—The probable amount that may be needed for repairs, etc.

Third—The amount needed for salaries, fees and delinquencies.

Rate fixed

Fourth—The amount of floating debt that it may be desirable to pay during the then current year; and from these several amounts shall find the rate per cent necessary to produce the probable fund needed for the ensuing year. The board of directors shall meet on the first Tuesday after the first Monday in September and fix such rate, and when so fixed, the clerk of the board shall certify the same to the county auditor. The auditor must then compute, and enter

into a separate money column in the assessment book, the respective sums, in dollars and cents, rejecting the fractions of a cent, to be paid as a tax on the property therein enumerated, and foot up the column, showing the total amount of such taxes, and on or before the fourth Monday in September said auditor must deliver said assessment book to the ex officio tax collector of the district. On delivering the assessment book to the ex officio tax collector, the auditor must charge the ex officio tax collector with the full amount of the taxes levied and unpaid. All taxes so levied shall, from the first Monday in March preceeding their levy, be a lien upon the land and property in said district, in the manner, and with the same effect, and shall be collected in the same manner and way, and at the same time, as state and county taxes, except that all of said taxes shall be collected at one time and in one installment, at the same time as the first installment of state and county taxes are collected.

Taxes a lien

All the provisions of law relative to the collection of state and county taxes, including the time for their payment, the giving of notice as to such time of payment, when they become delinquent, the penalties, cost and interest that shall accrue for their nonpayment, and the period and manner of redemption, are hereby made applicable to the collection, payment, delinquency and redemption of these taxes, except when they are inconsistent with the provisions of this section. On the first Monday of December of each year at six o'clock p.m. all taxes then unpaid, are delinquent and thereafter the tax collector must collect for the use of the district, an additional ten per cent thereon, and if they are not paid before the last Monday in April next succeeding, at six o'clock p.m. he shall collect an additional five per cent thereon.

Collection of taxes

Delinquent taxes.

Penalty.

The ex officio tax collector shall sell to the levee district for the nonpayment of taxes the property assessed for levee taxes at the same time and in the same manner as property assessed for state and county taxes, is sold to the state for the nonpayment of taxes, and if such property be not redeemed within the period of redemption provided by law for the redemption of property sold to the state for state and county taxes, the tax collector shall sell such property at public auction in the same manner as property assessed for state and county taxes and sold to the state for the nonpayment thereof, is sold at the expiration of the period of redemption.

Sale of property.

All the acts of the official charged with the levy and collection of levee district taxes, shall be given the same credence and shall have the same presumptions as to the regularity of such actions, as are given by law to the acts of officials charged with the levy and collection of state and county taxes, and all deeds executed by the ex officio shall be as conclusive evidence that the rentals therein are correct and that all acts required by law have been regularly done, and all steps required by law have been regularly taken, as is provided by

Suit for
collection
of taxes.

law in relation to deed for the sale of property for state and county taxes. It is expressly provided, however, that at any time after taxes become delinquent, the board of directors may commence and maintain in the superior court of Sutter county a civil action in the name of the district and against all proper parties for the recovery of such delinquent taxes and penalty, with legal interest thereon and costs, and for the enforcement of the lien thereof on the land assessed. For the information of the board the ex officio tax collector shall, when required, furnish said board with a complete list of all delinquent taxes, and of the persons owing the same, and with a certified copy of any assessment contained in the assessment roll.

Parties
defendant.

In such action any person holding or claiming any interest in the land upon which such taxes were levied, or who is a proper or necessary party to a complete determination of any question involved in the action, may be joined as defendant. In any action brought to collect such tax, or to enforce such lien, the district assessment roll, or a copy of any assessment thereon, certified by the ex officio tax collector, shall be prima facie evidence of the matters therein contained, that the assessment of said property and the equalization thereof, and the levy of such taxes, were legally made, and that the officers making the same were duly authorized by law to make the same. Notice of the pendency of such action may be filed in the office of the county recorder of Sutter county at any time after such action is commenced, containing matters required by section 409 of the Code of Civil Procedure of California, and with like effect as in other actions affecting real property; and, except as herein otherwise provided, the rules governing civil procedure in other actions, as expressed in said code, shall prevail in such action. In such action the court may decree and adjudge a lien against the land for the amount of taxes levied against the same, together with the delinquent penalty and all costs of suit, which costs shall include reasonable attorney's fees, to be fixed by the court, and may order the land to be sold as in other cases, to satisfy such lien. All taxes, penalties and costs collected by virtue of this act shall be forthwith paid into the treasury of Sutter county to the credit of said district.

[Approved by the Governor May 20, 1929. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. Certain terms when used in this act, shall, unless such construction be inconsistent with the context, be construed as follows: Words and phrases defined

(a) "Person" includes individual, exchange, partnership, association, a group of persons, and corporations;

(b) "Deciduous fruit" means all deciduous fruits, including grapes and dates;

(c) "Cash buyer" means every person (1) who has a regular business address in California and who has registered the same in the office of the director, and (2) who, if his permanent business address is located outside of California, has also registered such business address in the office of the director, and (3) who furnishes in writing to each grower with whom he does business his said regular California business address, and (4) who represents himself as a "cash buyer," and (5) who purchases any deciduous fruits in California from the grower or producer thereof for the purposes of resale, and (6) who agrees by his contract of purchase to pay the purchase price upon demand following delivery, and (7) who within forty-eight hours (Sundays and legal holidays excepted) after demand has been made by said grower upon him pays or remits to said grower the full purchase price of all or any delivered portion of said deciduous fruits either in lawful money of the United States or by bank check of said buyer certified by the bank upon which it is drawn, or by a cashier's check of a bank in California, payment of which can not be stopped.

Demand for the purchase price must be made upon the cash buyer in writing and the mailing of a registered letter making such demand, addressed to said buyer at his said California business address, shall be conclusive evidence that demand was made upon the mailing of said letter.

(d) "Consignment shipper" means every person (1) who represents himself as a "consignment shipper" and (2) who contracts with the grower of deciduous fruits for the marketing thereof for the sole account and risk of said grower and who pays to said grower the net proceeds derived from said sale, and (3) who does not, either in writing or verbally guarantee any price to said grower for his deciduous fruits, but a consignment shipper may, at his option, by a written contract

(e) "Dealer" includes every person other than a cash buyer or consignment shipper who attempts to make money on any deciduous fruit by dealing with the grower thereof.

(f) "Director" means the director of agriculture of the State of California or such agent as he may appoint.

Scope of act

SEC. 2. This act shall have no application to any "cash buyer" except to such a person who fails to make payment as required by paragraph (c) of section 1; nor to any "consignment shipper" except in so far as any consignment transaction involves a written or verbal price guarantee or involves a verbal contract of the person soliciting deciduous fruits that he has an order for said deciduous fruits at a named price and that he desires said grower's products to fill such order; nor shall this act apply to any deciduous fruit consumed fresh in this state, or dried, canned, preserved or concentrated in this state, and the purchase of any deciduous fruit from the grower for the purpose of any such use is hereby declared to be beyond the application of this act provided said deciduous fruit is actually so used.

"Dealer" within meaning of act

SEC. 3. Whenever any person although claiming to be a cash buyer either (1) causes a grower to part with the control of all or any portion of his deciduous fruits by any means of proposed payment other than that specified in paragraph (c) of section 1, or (2) causes a grower to part with the control of all or any portion of his deciduous fruits by means of any contract under which the grower has waived the right to demand the purchase price as and when he parts with said control, then in either of said events said person is not a cash buyer but is a dealer within the meaning of this act. SEC. 7. The director shall examine such application and cause an investigation to be made of said applicant and his business, business rating, character and reputation. If, from such examination and investigation the director shall determine that the said applicant is in the matter of his business, business rating, character and reputation not properly qualified to engage in business as a dealer, he shall refuse to grant a license and deny the application, and notify the applicant of his decision. Any applicant whose application is denied by the director may, within ten days after the mailing of said notice of rejection, petition said director for a hearing and thereupon said director shall afford applicant an opportunity for a hearing on a date not less than ten nor more than twenty days after the receipt of said petition. All persons and growers to whom the applicant is indebted or any and all persons who may have objected to the licensing of applicant shall be given at least ten days' notice of said hearing by mail. Said hearing shall be informal and the director shall hear any and all evidence which may be offered or adduced either for or against said applicant, in the matter of his business, business rating, character and reputation. After hearing all of said evidence, the director shall make his findings of fact on which he may again deny the said application or grant the same as he finds the facts to be, and the said findings of fact so made by the director shall be conclusive.

SEC. 8. Before any license is granted by said director, the applicant therefor must deliver to said director a good and sufficient surety bond executed by the applicant as principal and by a surety company qualified and authorized to do business in this state as surety, in the amount of five dollars for each ton of deciduous fruits that the said applicant intends to deal with during the next twelve months as set forth in his application, up to and including one thousand tons and in addition the sum of one dollar per ton for each ton in excess of one thousand tons, but no bond shall be less than five thousand dollars in amount. Said bond shall be in the form approved by the director and shall be conditioned upon compliance with the provisions of this act and upon faithful compliance with the condition of all contracts, verbal or written, made by the dealer with growers of deciduous fruit relative thereto and upon applicant's accounting for the proceeds of any fruit contracted for in accordance with the terms of the contracts with growers. Said bond shall be to the State of California in favor of every person with whom applicant deals in the marketing of deciduous fruits. Every such bond shall continue in force and effect until notice of the termination thereof is given by registered mail to said director and every such bond shall set forth such fact. Any person claiming to be injured or damaged by any act of said dealer, or the said director on behalf of all growers contracting with the said dealer may maintain an action on said bond against the dealer and the surety named in said bond, or either of them, and

any judgment against the dealer or surety in any such action shall include the costs thereof and those incident to the bringing of the action, including a reasonable attorney fee. In the event the contract does not specify a date for settlement, then the dealer shall settle therefor within thirty days from the delivery of the fruit into the dealer's control and the dealer shall then truly account to and pay over to said grower the full amounts called for by the contract, including any minimum price guaranteed by said dealer.

SEC. 9. If the applicant deals with deciduous fruit by guaranteeing a grower a minimum price, but at the same time handled the fruit for the account of the grower, said applicant shall file with the director before the issuance of a license a schedule of applicant's maximum and minimum commissions and other charges for service in connection with said deciduous fruit handled on account of or as agent for growers.

SEC. 10. When an applicant for a license has met all of the requirements therefor, the director shall issue and deliver to the applicant a license which will authorize the applicant, and none other, to engage in business as a dealer for a year from the date thereof. Said license is not assignable and shall become void upon any assignment or transfer. It shall be the duty of each dealer to notify the director whenever said dealer intends to handle a greater or lesser number of tons than specified in the dealer's original application and thereupon the bond of said dealer shall be increased or decreased, as the case may be, in the same manner as the original bond was fixed, and no dealer shall handle any greater number of tons of deciduous fruit than provided for in dealer's bond on file with the State of California.

SEC. 12. It is hereby made the duty of the director, upon his own motion or upon the receipt of a verified complaint, to investigate personally or through his agents:

(b) Any alleged failure to account and settle for deciduous fruit as in this act required;

(c) The making of alleged false statements concerning the condition and quality of deciduous fruit received or placed in storage or in transit by dealer;

(d) The alleged solicitation of growers' fruit by the making of false or misleading statements as to market conditions, and

(e) Any alleged deceptive, fraudulent or dishonest act with respect to such fruit, or any violation hereof. In furtherance of such investigations or inspections, the director, or any authorized representative, may examine that portion of the ledger, books, accounts, memoranda, documents, scales, measures and other articles and things used in connection with the business of said dealer relating to the transactions involved. If the director, upon investigation, shall have reason to believe that any dealer is not acting in accordance with the provisions of this act, or has been guilty of any of the matters and things described in this section, it shall be the duty of the director to have personal service made on said dealer or to mail by registered mail a complaint against said dealer, and in the event dealer fails to make informal adjustment or settlement of the charges set forth therein, to the satisfaction of the director, the director shall give notice of the time and place of a formal hearing thereon. Notice of any hearing shall be given at least ten days prior thereto and said hearing shall be held in any city or town in which the dealer has an office, or in any city or town in or near which the transaction complained of is alleged to have occurred. At the time and place appointed for such hearing, the director, or his agent, shall hear all parties and their evidence and thereupon the director shall dismiss the charges or suspend the license of said dealer for a specified period or revoke the same or make such other appropriate order as may be deemed just and proper; any order shall specify the effective date thereof and any order other than one suspending or revoking a license shall automatically suspend such license until said order is complied with.

Records to be kept by dealer.

- (a) The name and address of the grower;

(h) A copy of the record and account of sales of fruit, the possession of which is obtained by dealer on a contract involving a minimum price guarantee, shall be delivered to the grower upon the consummation of the sale, together with all moneys received by dealer in payment for such transaction made upon account of the grower, less the agreed commission and other charges, and said payment and accounting must be made by said dealer to the grower within ten days after said dealer receives the money in payment of said fruit.

SEC. 15. All deciduous fruit, except that obtained and handled by a dealer solely on a consignment basis without any price guarantee, shall be settled for by every dealer on the basis of the grade or quality that is referred to in the contract, whether written or oral, pursuant to which dealer obtained possession or control of such fruit, unless said fruit is inspected by a state or by a state and federal inspector in the State of California and found to be of a different grade or quality than that referred to in said contract, but in lieu of such an inspection any dealer and grower may, in writing only, agree that the grade or quality of any lot of deciduous fruit was different from that referred to in said contract. For any failure by a dealer to settle with a grower in the manner provided for above regardless of the terms of the contract made by dealer with said grower, the director may suspend or revoke the license of said dealer in the manner provided for in this act and on account thereof the director may refuse to grant a license to an applicant therefor.

Purpose of act.

SEC. 18. Stats 1927, p 193, amended Decision of board

Sec 90. If the board of directors, after the hearing provided for in section 88 hereof, shall determine that said petition complies with the requirements of section 86 hereof and that the inclusion within the district of the tract of land described in said petition, or some portion or portions thereof, will be for the best interests of the district and if no protest against the inclusion of such land is made as provided in section 91 hereof, or if such protest be made and enough signatures be withdrawn therefrom so that said protest is no longer sufficient, the board shall order the boundaries of the district to be changed so that said tract of land, or such portion or portions thereof as the board shall deem it for the best interests of the district to include, shall be included within the district, but no land shall be so included unless the board, after the hearing aforesaid, shall determine that it can be irrigated by means of some of the works of the district or by means of practicable works connecting therewith and will be benefited by such irrigation; and if the board determines that only a portion or certain portions of the tract of land described in said petition should be included, said petition shall be dismissed unless the petitioners include a majority of the holders of title or evidence of title of said portion, or of each of said portions, of said tract, representing also at least one-half the area of said portion, or of each of said portions, or unless, within sixty days from the time such determination is made, there shall be filed with the board the consent in writing, acknowledged or proved as required in section 86 hereof, of a majority of the holders of title or evidence of title of said portion, or of each of said portions of said tract of land, representing also at least one-half of the area of said portion or of each of said portions. The order shall describe the boundaries of the land so included within the district, and if said land adjoins any portion of the district the order shall also describe that portion of the boundary of the district which coincides with the boundary of the land so included, and for the purposes of said order the board may cause a survey to be made of such portions of said boundaries as may be deemed necessary. If more than one petition for the inclusion of land has been presented, the board may in one order include within the district any number of separate tracts of land.

Order

Public land. Any public land of the United States of America may be included within any irrigation district by such order of the board of directors without any petition therefor except as may be required by the laws of the United States, if such land can be irrigated by means of any of the works of the district or by any practicable works connecting therewith and will be benefited by such irrigation. When the board finds that the inclusion of any land within an irrigation district without condition would work an injury to the land already within the district, the board may prescribe conditions upon such inclusion of land either by providing for priority of right to water for the land already in the district or for the payment of an additional annual charge upon the land included or such other conditions as may to the board seem just. If any such conditions are prescribed by the board all the owners of the land subject to such conditions must, before any order for its inclusion is made, sign an agreement with the district describing the land so to be included and specifying such conditions. The signatures to said agreement must be acknowledged or proved as provided by law for the signatures of instruments to be recorded, and said agreement must be recorded in the office of the county recorder of the county in which such lands are situated, and thereupon and upon the recording of a copy of the order including such lands as hereinafter provided, such lands shall become a part of the district subject to the conditions of said agreement.

Alternative method of fixing conditions Or in lieu of the execution and recording of such agreement signed and acknowledged by the owners of land to be included subject to such conditions the board of directors may adjourn said hearing for not less than thirty days nor more than sixty days and shall give notice of the time and place of such adjourned hearing by publication in a newspaper of general circulation published in the county in which the office of the board of directors is located and in which the lands affected are situate for not less than once a week for three consecutive weeks; said notice so published shall set out at length the conditions proposed to be imposed and directing all persons interested to appear at the time and place specified in said notice and show cause, if any they have, why such conditions should not be imposed. At such hearing, or at any further adjournment thereof duly entered upon the minutes, the board of directors may by resolution adopt, reject, or modify such conditions as may be just and make the order hereinabove provided for containing such of said conditions as may have been adopted and such order shall be final and conclusive upon a copy thereof duly certified by the secretary of the board having been recorded in the office of the county recorder of the county in which the lands affected are situate; *provided*, that said certified copy of such order shall not be recorded for a period of thirty days from and after the making of such order, during which thirty days a majority of the holders of title
