DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Verbal approval
3 Sept 49
Eco file

Date: 1 Sept 1949 File No. 61 b

SANTORI NO.
To: Chief, Tottori Civil Affairs Team.
Thru: Governor, Tottori Prefecture.
From: Iwao Unoda
Reparation Custodian
SAN-IN Industry Co., Ltd.
Tottori Plant
1,258 Koyama-son
Ketaka-gun, Tottori Prefecture.
Subject: Application for permit to use temporarily a reparation machinery.

41-1
II

1. No. and description of the machinery to be temporarily used:

Triple-phased 15 H. P. Induction Electric Motor
Inventory No. 41-1-214 1.

2. Period for temporary use:

1 September 1949 - 30 September 1949

3. Reason for Temporary use:

Present situations are that the electric motor attached to band sawing-machine (41-1-151) now in use is of small horse power, inefficient, and unable to work on the materials of high quality, thus rendering it impossible for us to improve the quality of the products and keep the plant in operation, if left unattended.

As only remedy, it is planned to maximize the production by using the above-mentioned electric-motor (not in use now).

Signed: I. Unoda
Reparation Custodian

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

No. of Enclosure?

SAN-IN INDUSTRY CO., LTD.
TOTTORI PLANT
No. 1258 Koyama-mura, Keta-gun
Tottori Prefecture.

Sanoho. No. 503
August 28. 1948.

To: Tottori Military Government Team.

Thru. Governor, Tottori Prefecture.

Subject: Report of borrow motor required by civil industry of the reparation factory.

4-1 II

(1) Name and number of motor required.
One set of motor (A.C. Induction 3Phase 1cH.P.)

(2) Name and address of maker.
Mitsubishi Denki Kabushiki Kaisha, Japan.

(3) Name and address of lender.
Tottori Kagu Kabushiki Kaisha. (None reparation)
Yoshikata, Tottori City.

(4) Reason required to borrow.
Due to the resent big earthquake in Fukui District, however, the construction of a great number of house has become necessary to rehabilitate the devastated area.

The prompt construction is particularly required to previde for the coming winter season.

This company has also accepted to construct 84 units of the prefabricated house by the early October.

However, unless the considerable increase of efficiency is effected, it would be much too difficult for the company to fill the order.

Hence the necessity of increase of horse power of motor now in use for sawing purpose.

We therefore desire to borrow as above mentioned, in order to accomplish the construction of said houses, and we intend to return to its owner as soon as this work will have completed.

Such being the circumstances, we report you the above and we would like you kindly approve with your special consideration.

Kenichi Morimoto

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

SANIN KOGYO KABUSHIKI KAISHA
No. 1258 Koyamason Ketakagun
Tottori Prefecture

Sancho No. 16 Date Jan. 8th. 1948.

To: The Commanding Officer,
Tottori Mil. Govt. Team.

Subject: Application for hollow permission of machine required by civil industry of the reparation factory.

From: Kenichi Morimoto, Factory manager,
Tottori factory, Sanin Kogyo Kabushiki Kaisha,
No. 1258 Koyamason, Ketakagun, Tottori Prefecture.

1. Name and number of machines required:
   (A) One set of hollow chisel machine.
   (B) One set of petroleum engine.
2. Name and adress of Maker:
   (A) Unknown.
   (B) Tsunesada Seisakusho, Osaka.
3. Power:
   (A) ½ inches (making hole) Stroke 4 inches.
   (B) 3 horse power (national type)
4. Name and adress of lender:
   (A) Ushio Kogyo Kabushiki Kaisha,
   Genkocho, Tottori City.
   (B) Yoshimi Moriwaki,
   Asazuki, Mihoson, Ketakagun, Tottori Prefecture.
5. Reason required to hollow:
   According to your favour APO No.442 Nov. 26th. 1945, this factory was permitted to convert its producing from war supplies to ordinally necessary supplies and has continued to producewooden wares and prefabricated houses of panel type, then on account of the memolandum Jan. 20th. 1946, the factory designated as a reparation plant and maintained its integrity and management.
   (A) In Sept. 1947, the important products were converted again from furnitures and house fittings prefabricated houses of panel type to wooden wares, especially furnitures and house fittings, and it is necessary to get more hole-making capacity.
   (B) It is necessary to substitute moters on the day of undistributed electric power for prevent decrease of products by the latest restriction of electric, but these are not reparation machines.

Under such circumstances we want install one set of hollow chisel machine and one set of petroleum engine, for which your permission will be very much appreciated.

1. Reference is made to Incl. 1, an application from Sanin Kogyo K.K. requesting that 50 tons of jigs be exempted from the reevaluation of reparations plants currently being conducted by personnel from GHQ, S.C.A.P.

2. The 50 tons of jigs in question are various sized screw clamps probably used to hold air frames in place during welding. Their design, construction and value is such that they do not come within the intent of O.D. 5 and they were not specifically held for reparations nor inventoried under this directive. Accordingly they continued to deteriorate and at present are worthless except as scrap.

3. Request clarification of status of subject scrap.

Sancho No. 146 Date: 5 April 1948

TO: Commanding Officer
Tottori Military Government Team

THRU: Governor, Tottori Prefecture

SUBJECT: Application for Exemption of material from Inventory Sheet on materials of Reparation Plant.

Re-subject matter reference is made to the Inventory Sheet prepared 20 January 1947 by Tottori-Ken Branch, Japan construction and Industry Association of the materials and equipments installed and uninstalled in the reparation factory.

We beg to apply for an exemption of the following items out of those listed on the inventory sheet.

Jig (frame work of steel angle bar) Approx. 40 Tons
Jig (frame work of special steel pipe) " 10 Tons

Note: The above are materials used as jigs for assembling of aircraft.

The above mentioned material has long been left unattended, piled up in open air within the factory compound, as the same needs plenty of expense for dismantling and has no other way of being utilized than to be cut and reclaimed.

Thereupon, Mr. Tameichi Inui, 1/1 Minami Kyuhoji-cho Higashiku Osaka City has offered to purchase and deliver the same to Fuso Metal Co. Ltd. and Shimane Steel Co. Ltd.

Such being the case, we would like you check on the materials and favour us with your kind approval.

SUBJECT: Application for Exemption of material from Inventory Sheet on materials of Reparation Plant.

Re-subject matter reference is made to the Inventory Sheet prepared 20 January 1947 by Tottori-Ken Branch, Japan construction and Industry Association of the materials and equipments installed and uninstalled in the reparation factory.

We beg to apply for an exemption of the following items out of those listed on the inventory sheet.

Jig (frame work of steel angle bar) Approx. 40 Tons
Jig (frame work of special steel pipe) " 10 Tons
Note: The above are materials used as jigs for assembling of aircraft.

The above mentioned material has long been left unattended, piled up in open air within the factory compound, as the same needs plenty of expense for dismantling and has no other way of being utilized than to be cut and reclaimed.

Thereupon, Mr. Tameichi Inui, 1/1 Minami Kyuhoji-cho Higashiku Osaka City has offered to purchase and deliver the same to Fuso Metal Co. Ltd. and Shimane Steel Co. Ltd.

Such being the case, we would like you check on the materials and favour us with your kind approval.

Kenichi Morimoto

THRU: Tottori Prefectural Liaison Office

SUBJECT: Status of a Certain Machine at Sanin Kogyo K.K.

91-1
III

This is to inform you that the hollow chiseling machine borrowed from the Ushio Manufacturing Co. Ltd., Tottori-shi in January 1948 and which is presently located in the Sanin Kogyo K.K., Koyama-mura, Ketaka-gun is to be plainly marked "EX" since this machine does not fall under the present regulations governing the criteria for the selection of reparations and therefore being exempt.

SUBJECT: Report of Field Trip, Tottori City, Tottori Prefecture, 20 October 1950

TO : Chief
Economics Section

PREPARED BY: R. P. Lord, Distribution and Industry Division

MANUFACTURING AND INDUSTRY FILE 41-1 Sec. V

1. REFERENCE:

Paragraph 3b, O.D. 11, 10 April 1950.

2. PURPOSE:

Inspection of reparations equipment at Sanin Kogyo 41-1.

3. BACKGROUND:

Routine.

4. DISCUSSION:

This plant is manufacturing Japanese sliding doors (shoji) for which cedar wood is used but the supply of cedar logs is hampered due to financial condition of log suppliers. However, management does not think the situation is critical.

This plant has been offered a sub-contract by Otori Kiko Company (Cotton spinning machine manufacture in Tottori City) for two year production of spinning machines. Plant manager was advised to submit application thru proper channels requesting addition of spinning machinery to list of items authorized for production on present reconversion permit. before plant begins actual manufacture of spinning machinery.

Plant has sixty-nine (69) items of equipment in authorized use. Proper records for this authorized use machinery is on hand at the plant. On 31 May 1950 plant rescinded thirteen (13) pieces of equipment from authorized use and sent report of same to Tottori Prefectural Office however, no report was submitted to this headquarters by Tottori Prefectural

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Office. (Copy was obtained from plant manager) The decrease in number of authorized use machines necessitates a change in amount of expenses to be paid from government funds as outlined in CPC Memorandum, 12 June 1950, subject: "Reduction of Custodial Personnel at Reparations Plants". Plant was formerly in 27.8% operation and was receiving 2.2 parts in 30 for the expense of two (2) guards. Due to recission of equipment plant is now in 24.3% operation and is entitled to reimbursement from reparations funds of 5.7 parts in 30 for the expense of two (2) guards. The new payment should be retroactive to 31 May 1950 when recission report was submitted. This headquarters did not receive proper notification on this matter due to failure of Tottori Prefectural Office to properly carry out its duties.

5. CONCLUSION:

Reparations equipment inspected and found in good condition. Check was made of documents for EX machinery in the plant and no discrepancies were noted.

6. RECOMMENDATIONS:

None.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

FIELD TRIP REPORT

T. KAJIYA

Tottori
24 August 1950

1. Purpose:

Inspection of Sanin Kogyo K.K. (Air Ars.) 41-1.

2. Background:

Surveillance in accordance with O.D. 11.

3. Discussion:

Conferees;

Manager and his staff.

In compliance with Mr. Le Van's advice made on 1 August 1950 and with O.D. No. 11 para 5 dated 10 April 1950, the plant desires to receive a confirmation letter on the following items indicating them as exempt items.

Supplementary No.	Type	No. of machine	Maker
302	Band Saw Brazing Clamp	1	Sanin Kogyo K.K.
304	Grinding machine	1	Sanin Kogyo K.K.
303	Blower	1	Purchased from Wada Shoten

An information copy of the company's application is in our file.

According to the receipt dated 20 March 1950 on hand the Sanin Kogyo purchased the blower on 20 March 1950 and paid ¥2,500 for it. The Wada Shoten is located at 154-chome Kawabata, Tottori City.

As for the Band Saw Brazing Clamp and the Grinding machine, these two items were completed on 18 March 1950 and 20 March 1950 respectively. Mr. Maino Masayoshi of the plant was actually in charge of making these two machines according to the company's document (Koji Denkyo).

OFFICE FILE AND DISTRIBUTION

MANUFACTURING AND INDUSTRY FILE 41-1

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

The plant submitted an IMB list dated 31 March 1950 to CPC, GHQ, SCAP on 1 August 1950 taking 10 A.U. machines out of the total of 79 A.U. machines. The company and Prefectural Reparation officials now believed that by submitting the abovementioned list the total number of A.U. machines has been reduced to 69, consequently, the plant is in 24.3% operation instead of 27.8% as was previously decided. Therefore the custodial expenses must be paid on a basis of 24.3/30 from the company and 5.7/30 out of government fund - and not 2.2/30 as was previously notified to the company from this headquarters.

The plant is mainly manufacturing wooden furnitures to the amount of ¥400,000 per month with the total employees of 33.

4. Conclusion:

None.

5. Recommendation:

It was recommended to the officials that more adequate fire fighting equipment be installed and leaking holes on the roof be repaired before inclement weather sets in.

T. KAJIYA, DAC

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

FIELD TRIP REPORT

R. P. LORD

22 July 1950

1. Purpose:

Inspection of Sanin Kogyo Company, Code No. 41-1, Tottori Prefecture.

2. Background:

Surveillance in accordance with O.D. 11, 10 April 1950.

3. Discussion:

Plant is operating 79 reparations machines all in authorized use status. Plant is manufacturing shoji (Japanese sliding doors), blackboards and small amount of office furniture. These products are authorized by reconversion permit dated 25 November 1945.

4. Conclusion:

Inspection of reparations equipment found all items in satisfactory condition.

5. Recommendations:

Advised plant manager to install more adequate fire-fighting equipment.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

FIELD TRIP REPORT

R.G. STRADLEY

11 July 1950
Tottori

1. Purpose:

A conference with Prefectural Reparation officials and manager of Sanin Kogyo K.K. (41-01 Air Arsenal).

2. Background:

Surveillance in accordance with O.D. 11.

3. Discussion:

Mr. Morimoto, manager of Sanin Kogyo K.K. contended that the payment of salaries from the company to guards should be lowered to the extent of a 50-50 basis with the government because of the following reasons:

a. The plant site is very large.

b. Wood craft machines are only in use.

c. The company is sustaining a loss and can not afford to pay such expenses.

4. Conclusion:

The plant has 79 Reparations items in the status of authorized use out of a total number of 284 Reparations machinery that are physically present in the plant. That means the plant is in 27.8% operation. In compliance with CPC/ESS SCAP Memorandum 12 June, therefore the custodial expenses must be paid on a basis of 27.8/30 from the company and 2.2/30 out of government fund as was previously notified to the company from this headquarters.

5. Recommendation:

Mr. Morimoto was advised that if the company should reduce the number of 79 A.U. machines the ratio of payment would be adjusted in proportion to the changed operation ratio as specified in the C.P.C. Memorandum.

RGS

R.G. STRADLEY, DAC

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

FIELD TRIP REPORT

R.G. STRADLEY

20 March 1950

1. Purpose:

Inspection of reparation plant at Sanin Kogyo, Code Number 41-1, Koyama-son, Tottori Prefecture.

2. Background:

Surveillance in accordance with C.D. 51.

3. Discussion:

Out of the 275 originally inventoried items 71 items were in authorized use status confirmed by letter from Tottori Military Government Team dated 24 March 1948.

26 items were added to the inventory when the plant was evaluated on 28 March 1949, of which 9 items were marked "U" for authorized use. (Code numbers are numbered consecutively from 41-1-286 to 294) and 17 items were marked "EX". One 15 HP motor on temporary operation was applied for authorized use on 10 December 1949. (Code Number is 41-1-214). The plant custodian claims that one reparation machine with code number 41-1-60 was brought to this plant by mistake from a non reparation plant and is now held under reparation custody no proof was given. One compresser with code number 41-1-131 was in use by the Tottori Military Government Team motor pool at the time of the evaluation and was never evaluated.

This plant has applied for the maintenance work of 119 machines with a total expense of ¥21,265.26. This was approved.

4. Conclusion:

Maintenance is badly needed.

5. Recommendation:

The plant custodian was advised to keep a leiger on "EX" items and also to mark the "EX" machines with consecutive numbers in accordance with the leiger. It was also indicated that the EX machines can be freely disposed of by the plant provided the plant reports of the disposal to the prefectural office and also the records of disposal are kept by the plant.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

SUBJECT: Field Trip to Tsuyama, Tottori, Matsue and Gotsu

PURPOSE: Inspection of Reparations Plants, Dispersal Areas and Shipbuilding in compliance with O.D. 51, dated 27 September 1949.

The Gunze Silk Co. in Tsuyama (Code No. 31-1) was inspected on 23 Nobermber 1949. Plant was not in operation at the time due to electricity cut-off. Seven (7) wood-working machines were released at this location in 1947 by CCAT. Company officials did not know name of person effecting release. Verbal authority was given for their release and no letter available in their files. At time of their release machines were not numbered due to instructions from ken Government Commerce and Industry Section. Four (4) machines are in temporary use-verbal authority given by a Capt. Green (CCAT) on 27 September 1949. Twenty-eight (28) machines are in authorized use-verbal permission given 25 February 1949 after application was submitted. Copy of application was available. Code Nos. of temporary use machines are:

31-01-3
31-01-7
31-01-56
31-01-62

A count of all machinery in authorized use showed no discrepancies, although two of the machines appeared in need of cleaning.

Kawasaki Zoki K.K. (Code No. 41-3) inspected on 24 November 1949. Two (2) Special Purpose machines were not completely destroyed due to instructions from TCAT. Machines now have new inventory numbers (41-3-116), (41-3-117). Three (3) temporary use machines (switchboards) in use for one year. Plant authorities said a letter from TCAT authorizing temporary use of these machines was on record in Prefectural Office. Check revealed no letter on file. Plant authorities did however have copy of application sent to TCAT asking temporary use of these machines. Fifty (50) items included in the inventory are under the custody of finance Bureau including one (1) transformer in temporary use.

Ten (10) machines from Maeda Kikai Seisakusho dispersal area (Code No. 41-9b) and eight (8) machines from Chiyogawa Seisakujo dispersal area (Code No. 41-9c) have been consolidated in plant 41-3. Authority for moving given by TCAT. One lathe from the latter area a CPC machine has already been sent to Osaka. Both dispersal areas visited and found to contain no reparations machinery. Chiyogawa Seisakujo Company no longer in operation. Former location is occupied by small firm manufacturing charcoal fuel.

Sanin Kogyo K.K. (Code No. 41-1) inspected on 25 November 1949. One machine is in temporary use (Code No. 41-1-214) verbal authority given in September 1949 by TCAT. Copy of application to TCAT asking temporary use of machine is on record in company file. Seventy-one (71) machines are in authorized use. Approval given 24 March 1948 by Capt Moxley, TCAT. Copy of application listing machines and his signed approval are on record. One machine in authorized use (Code no. 41-1-294) fire fighting apparatus appeared rusted, disassembled and in general poor condition. Machine would be of little or no use in case of fire. Other machinery in authorized use appeared to be well maintained.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

The Ishimatsu Shipbuilding Company located at Karo-Tottori City, visited on 25 November 1949. The above is a wooden shipbuilding yard which employs about 60 persons. At the time of inspection three 25 ton travlers were under construction. One trawler of 28 tons was recently launched and is now receiving deck fittings. Of the four slipways at this yard, two are large enough for the construction of 150 ton wooden vessels.

Ishikei Shipbuilding Company located at Karo-To tori City visited on 25 November 1949. Only 30 or 35 persons are employed at this yard. Yard has three slipways, two of which were being used in the construction of one 10 and one 20 ton wooden ships. However, one slipway is large enough for the construction of a 100 ton wooden vessel.

Shinko Kogyo K.K. (Code No. 41-4) inspected on 26 November 1949. Two Special purpose machines at this location only partially destroyed and given new code numbers-41-4-288, 41-4-289. 148 machines in authorised use-written authority from TCAT for their use on record in company office. Twenty-nine (29) machines at this location are under the custody of Finance Bureau bearing the following code numbers. Machines are in authorized use:

41-9d-60
41-9d-63 to 41-9d-66
41-9d-72 to 41-9d-73
41-9d-75 to 41-9d-85
41-9d-92
41-9d-94 to 41-9d-97
41-9d-102 to 41-9d-104
41-9d-112 to 41-9d-114

Seven (7) Special Purpose machines at the above location under custody of Finance Bureau were only partially destroyed and given the following new code numbers:

41-9d-115
41-9d-116
41-9d-117
41-9d-118
41-9d-119
41-9d-120
41-9d-121

Machinery in use was checked and found to be in good condition.

Shinko Kogyo K.K. (Code No. 41-5) also inspected on 26 November 1949. One machins in authorised use (41-5-24) moved to plant 41-4 together with six (6) machines in authorized use under Finance Bureau custody-41-9e-115,116,134,135,175,176. Authority for moving machinery given in letter from TCAT. The machines listed herein were located and checked at 41-4. Fifty-three (53) machines at 41-5 were released from reparations by letter of TCAT dated 5 December 1947. A total of eighty-four (84) machines at this location are under custody of Finance Bureau.

Meiji Kikai Seisakusho (Code No. 41-2) inspected on 26 November 1949. Four (4) machines are in temporary use by permission of Lt. Halvatgis, TCAT. Machines have been in use for five months, Twenty-five (25) machines are in authorized use. Five (5) transformars which Lt. Halvatgis placed in authorized use are not marked "U". Lt promised letter forthcoming for their use but as yet not received. Lt said it would be alright to use them. Copy of application to TCAT for their use, dated 23 April 1949 is on record. Code Nos. of the five machines are:

41-2-72
41-2-73

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Mebji Kikai Seisakusho (Code No. 41-2) Cont'd.

41-2-74
41-2-75
41-2-76

Twenty-five(25) machines in authorized checked. Found to be properly marked and in good condition.

Nippin Soda K.K. (Code No. 41-9f) inspected on 27 November 1949. Forty-four (44) machines were on reparations in this area but were released by letter of TCAT dated 25 July 1949. However, upon checking machinery, two machines were found in operation which were not included in the original 44 released. Plant officials said these were overlooked, afterwards said machines were in temporary use since February 1948 authorized by TCAT. Code Nos. of the two machines are: 41-9f-277,41-9f-285.

Tanigawa Bussan-Dispersal Area. Only one (1) machine was on reparations at this area and it has been released from custody by letter of TCAT dated 25 July 1949. Machine is class 3, now in operation. Tanigawa Bussan is small plant amploying about 50 persons. Found to be busy in the manufactore of farm implements.

Ishibashi Zosen Tekko Sho-DispersalArea (Code No. 41-8A) inspected on 27 November 1949. Only twelve (12) reparations machines at this location-all in dead storage. Machines stored in good enclosure. Code numbers listed below.

41-8a-1
41-8a-2
41-8a-3
41-8a-4
41-8a-5
41-8a-6
41-8a-7
41-8a-8
41-8a-9
41-8a-10
41-8a-11
41-8a-12

The Ishibashi Shipbuilding Company was inspected at the same time. Construction of wooden vessels and engine repair are done here. At present engine repair work on fishing vessels is more prominent than shipbuilding. Two wooden vessels of 30 ton each are being built at present. Of the three slipways available for ship construction, each can be used for the building of 200 ton vessels.

Nippon Hassoden K.K. (Matsue) (Code No. 36-2) inspected on 28 November 1949. Seventy-one (71) reparations machines at this plant all in operation under SCAPIN 1131. An application for authorized use of all machinery was made 20 March 1947 to Commerce & Industry Ministry. Nippon Hassoden at Hiroshima gave instructions to use machines, Plant was checked and found in excellent condition.

The Fukushima Shipbuilding Compony at Matsue inspected on 28 November 1949. This yard capable of building 5 wooden vessels. Has facilities for building two of 100 ton each. At present the keel is laid for two 50 ton fishing vessels. Two 25 ton fishing vessels were recently launched and are now being outfitted. In addition to shipbuilding, small oil tanks and hatches are built here. Company employs 150 persons.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

The Mitsue Shipbuilding Company at Matsue inspected on 28 November 1949. Large size wooden shipbuilding yard, has six slipways, four of which are being used at present in construction of 30 ttn trawlers. Wooden ships of 250 tons can be built in each slipway. Company is at present experiencing difficulty in turning completed vessels over to owners due to the latter's shortage of funds.

Osaka Military Arsenal-Iwami plant Gotsu (Code No. 36-1 (1) inspected on 29-30 November 1949. Area containe all dead storage equipment. Thirty-six (36) machines have been removed under Ltr. Hq. 8A dated 30 June 1947. Destinations of these machines was given as Hiro and Yokohama. Of the 36 removed, 7 have been returned. Code Nos. of these are as follows:

36-1 (1)-749
36-1 (1)-757
36-1 (1)-758
36-1 (1)-759
36-1 (1)-760
36-1 (1)-761
36-1 (1)-762

The above 7 machines were located at the plant and checked. Eleven (11) machines were released from custody on 15 July 1949 and sent to Nippon Rayon Co. Their code numbers are: 36-1 (1)-481, 793, 799, 802, 803, 804, 805, 806, 807, 808, 848. Six (6) machines were placed in temporary use by Capt Conduict SCAP on 17 March 1948. These machines were used to perform maintenance on dead storage machinery and are now no longer in use. All machinery appeared in excellent condition. Wharehouses where items are stored are in good shape and repairs, where necessary, have been made in plances to prevent rain leakage on stored equipment.

In every plant where machinery was in temporary use the coustodians were informed of the fact that in the future there will be no more temporary use of reparations equipment. Instructions were given them to apply for authorized use of machines in temporary use. Custodians were instructed that a copy of application requesting authorized use of machinery now in temporary use was desired in this office by 31 December 1949. Further, if the application which was sent to SCAP was not returned by 31 January 1949 machinery would automatically go into dead storage.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

THE HIROSHIMA INTERNATIONAL TRADE & INDUSTRY BUREAU

8 May 1950

Serial No. 25 Hiro Tsu San 1 ki 886

To : Chief, Chugoku Civil Affairs Region

Through: Director, Chugoku Liaison & Coordination Office

Subject: Application for sale of a building situated within designated reparation plant.

Hoki Plant, Shinko Kogyo Co. inc. (Code No. 41-4),designated reparation facillities within the jurisdiction of the Bureau has made an application for the subject matter stated above on April 18, 1950.

Through the building in application has been registered in designated reparation-installations-evaluation-record and is a part of total evaluation sum, this building is quite unnecessary from the standpoint of custody of designated reparation machinery equipments in the plant, besides it is not actually used now.

In our opinion it is reasonable to leave off the building out of the record and let it be offered for sale as requested by the plant.

We ask you to favour them with approval. Evaluation record of the plant will be revised on your approval.

Enclosure:
Application 2 copies
buyer's certificates 2copies

HOKI PLANT
130 Kaida, Agei-cho, Tohaku-gun, Tottori Prefecture.

18 April 1950

TO: Chief, Chugoku Civil Affairs Region

THROUGH: Tottori Prefectural Office

SUBJECT: Application for Permission to Exempt the Building from the Evaluation List of Reparations Plant.

Sir,

We herewith apply for your permission for the above, considering as a good chance to sell the building(Please see the attached map)in compliance with the desire of Mr. Yonehara Shigeyoshi, the village headman of Oshika-mura, Tohaku-gun, Tottori Prefecture, want to buy the building, to be used as the school building for Oshika Primary Middle School in new system. We donot believe that it will have any effect on our custody of reparations installation, we enclosed herewith the certification of the buyer, and we shall be greatly obliged if you would kindly to exempt the above applicated building from the evaluation list of reparations plant.

Commending the above to your favourable consideration,

Yours faithfully,

Signed: Saburo Nonaka
Saburo Nonaka,
Responsible Custodian .
