Captain WALLER flow as leader of the New Zealand Squadron.

Major TAYLOR, Executive Officer of VHB-423, led seven PBJs of VMB-423 and two PVs of NZ-3 in a medium altitude daylight attack on terget number 9, Muguai, Bougainville, followed by low level strafing attacks on the Monoitu area, Bougainville. The formation was composed of three, three plane sections javelin down with one PBJ and two PVs as the third section. Captain WALLER flew as leader of the PVs so that he could do the sighting for them as they do not carry a bombsight.

The strike was airborne by 0835 and after joining up as described above proceeded down the east coast of Eougainville to Koromira Point. From Koromira a heading of 181° magnetic was flown for 12 miles to figure drift and adjust bombsights. The formation then went twelve miles on a heading of 240° magnetic and then turned left into the bomb run.

Bombs were released at 0937 from 11,400 feet with each section stepped down two bundred feet, and on a course of 1800 magnetic at 160 knots indicated. The formation broke away to the left.

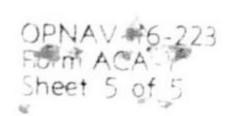

anti-aircraft fire were encountered from known positions in Ebery's Lease.

All bombs were in the target area and started a fire with brown-grey smoke to 1000 feet. The location of bomb hits with relation to the target is shown on the attached photograph.

LOW LEVIL STRAFTHO

The six PBJs led by Major TAXLOR then proceeded west to Empress Augusta Bay. The first section then made its strafing run from the Perorei River Ford to Monoitu at tree top level and at 210 knots indicated. The second section orbitted once over the bay to establish an interval and then strafed the same area as the first section at the same height and speed.

REPORT PREPARED BY:

Captain WALLER in a PBJ and two PVs orbitted near Mt. Teroka to rendezvous with two Corsairs from Piva which failed to appear. When the six PBJs had finished their runs Captain WALLER and the PVs strafed from Tai Tai to

Monostu.

Following the strafing runs the planes broke to the right and all were safely on deck by 1130.

Moderate light and medium anti-aircraft fire was encountered by the PBJs which holed one plane.

The tergets were thoroughly strafed but the speed of the planes prevented observation of results.

(All times in this narrative are love).
