The singles match between Hoffman and Grugan was an exceptionally hard one and they both deserved the given applause of the spectators. Beautiful tennis was witnessed in the singles between Mrs. Watts and Mrs. Drinker.

The big surprise of the tournament was the defeat of Dr. E. L. Kanaga by the Rev. C. G. Koppel. Some pep in our Methodist preacher. Shades of night, some one let loose a tank of German gas on our Number 3 court Labor Day afternoon, and Eddie Muschamp wearing a mask defeated an opponent before anyone was able to revive him, the opponent we mean, of course. Finals in men's singles and doubles will be played next Saturday.

The prize cups will be awarded at a meeting of the club members and their families on Saturday evening, October 7, 1916.

The regular September meeting will be held at the Y. M. C. A. September 11, Monday. This will be a combination meeting of directors and managers to discuss plans for our season's work. This is a very important meeting and all directors and managers should attend.

NARBERTH WINS BOTH MORNING AND AFTERNOON GAMES ON LABOR DAY

NARBERTH TRIMS BERWYN, 11-3

Bill Durbin Pitches for Boroughites, Having Visitors at His Mercy All the Time—Fleck and Mellon Leading in Hitting for Narberth

In a rather listless game the champions defeated Pyott's Berwynites without having to exert themselves. Narberth started off in the first inning and scored five runs, which were enough to win, but they just increased their lead almost at will.

Howes, the first man up, was hit, Wallace and Davis were both thrown out, and then the onslaught occurred. Stites singled, Fleck also singled. Koons was then passed. Mellon singled and McClellan doubled, during which time five men crossed the rubber. McClellan was out trying to steal third.

Narberth added one more in the second inning when Howes singled after one man was out. Wallace then doubled to deep centerfield, scoring Howes. Davis grounded to first and Stites fanned, ending the inning.

Berwyn scored their first run in the fourth inning when Watson doubled with one man gone, and scored when L. Davis singled to left field. They also scored one more in the sixth inning when Kelley singled, went to second on a passed ball, advanced to third on Bill Durbin's balk, and scored on Watson's second hit of the day.

Narberth was not idle during this time but added two more runs in the fifth inning when Stites was passed, Fleck then doubled, and both scored on Mellon's double to right field. They also scored one in the sixth inning when Howes led off with a triple, and scored on Wallace's second hit of the game, a single.

Berwyn scored their last run of the game in the eighth inning when, after two were gone, Kelley singled to centerfield and advanced to second when the ball went through Howes' legs. Cass was then safe on Howes' error, during which time Kelley scored. Watson was then thrown out by Davis, ending the inning, and things went one two three order for Durbin in the ninth inning.

Narberth did their last scoring in the seventh inning when, after two were out McClellan singled and Durbin doubled to right field, and both scored on Howes' single.

The game was never in doubt, Billie Durbin having the visitors at his mercy. Three fast double plays put a crimp in some rallies, Berwyn having two and Narberth one.

Lewis was taken out in the seventh inning and Watson replaced him, but all the damage was done then.

CONTRIBUTIONS FOR FREEING MONTGOMERY AVENUE

The Narberth Civic Association has been invited to contribute \$100 as its share of the legal expenses involved in freeing Montgomery avenue, toll road.

It is perhaps not to be expected that the road to be freed this season, but it is hoped that this road will be opened to the public in the not distant future, eliminating a great deal of wear on the Narberth streets, which are now used as thoroughfares for travelers avoiding the toll road.

Contributions have been received from the following: Messrs. H. S. Hopper, W. T. Harris, C. P. Cook, A. E. Wohlert, A. J. Loos, W. H. Pugh, F. W. Stites, James Artman, J. G. Walton, G. H. Roberts, Imperial Grocery Company, E. C. Town, S. P. M. Tasker, E. P. Flannery, W. D. Smedley, O. J. Snyder, G. M. Henry, Rev. R. F. Cowley, J. B. Williams.

NARBERTH WALLOPS PAOLI IN AFTERNOON

Gibson Holds Reorganized Team Safe at All Times—Champions Pound Two Pitchers—Flick Stites Leads Hitters With Five Hits

It was evident after the third inning that Manager Walzer's team would have very little trouble with this game. In the third inning Narberth put two runs over when Gibson singled and Howes was safe on Dunbar's error. Coogan, Paoli's catcher, tried to get Howes at second and Gibson scored and Howes landed safely at third. Stites then scored Howes on his single to left field.

Narberth bats were very busy in the fourth inning, scoring seven runs.

During this inning eleven men batted, the Narberth boys driving out six hits, one a double by Koons on his second trip to the plate in that inning. This inning took the life out of the railroaders and then Bobby Gibson loosened up and in the fourth inning they scored two runs on two hits, an error and a fielder's choice.

Just to increase their batting averages the Narberth boys scored one more in the sixth inning when Dick Wallace doubled to deep centerfield and scored on Davis' second hit of the afternoon, a single.

The Narberth team scored one more run in the seventh inning when McClellan led off with a single, closely followed by Gibson's second single, and when Wallace singled McClellan scored. The Narberth champions then thought it was time to get out and they did.

The team, although tired, scored two more runs in the eighth inning when successive singles by Stites, Fleck and Koons and two out, and then Gibson's single netted the boroughites two runs.

The feature of the game was the hitting by the whole Narberth team, and especially that of Flick Stites, who liked the shoots of the railroad pitcher by having five hits out of six times at bat.

For Paoli their only man to get more than one hit was Coogan, the catcher, but our Bobby Gibson was just lobbing them up after the disastrous fourth inning.

COMMUNICATIONS

Talk of a tempest in a tea-pot—that's nothing to the tempest of controversy which is raging over the construction of a gutter. And by the same token this is an example which seems to evidence an alarming lack of co-operation on the part of those who should have the best interests of Narberth at heart.

Said gutter is being constructed on the north side of Windsor avenue at the main entrance of Narbrook. It will be built of brick and will be of the type known as the dish gutter. It is being constructed to carry off the water drainage across the park entrance to an inlet directly below which empties into the creek. Its cost, it is said, will be fifty dollars or more. The gutter is to be a substitute for an eight-inch pipe drain which was placed beneath the roadway within the past few months.

Naturally, some good method of drainage was necessary here to protect both roads, but those in charge of the park development claim that the entire matter was gone over by Highway Commissioner McClellan and the Park Engineer. It was agreed, it is stated, that the best method would be the eight-inch pipe beneath the roadbed. In accordance with this the contractor for Narbrook constructed his roadway and laid the pipe at considerable expense. This, of course, permitted of a level road for the entrance to the park. The dish gutter method will result in a considerable depression, which to say the least, is far less convenient and comfortable.

Of course, those who are in charge of Narbrook Park, which is every day becoming more attractive, were greatly surprised when, without any notice whatever, they found their construction being torn out and the borough expending fifty or seventy-five dollars for what was deemed a less satisfactory form of construction.

A. J. Loos, chairman of the Narbrook Development Committee, states that he was greatly surprised at the apparent reversal of the authorities in regard to this matter. He said: "We did the work in accordance with plans approved by the Highway Commissioner. To the best of my belief, we complied with all the requirements. If the borough authorities had directed any other means of drainage, we should have been glad to comply. So far as we knew, our plans had complete approval. I am naturally surprised that our work should have been torn out without notice."

On the other hand both C. E. Humphreys, president of Council, and H. D. Narrigan, chairman of the Highway Committee, contend that the eight-inch pipe would have been inadequate to drain the great volume of water which comes down Windsor avenue from as far east as Forrest avenue. Mr. Narrigan said that the work done by the Narbrook contractor was the result of a misunderstanding and averred that the Highway

Commissioner could never have given his approval to it. President Humphreys reiterated this statement and added that as a new roadway was being constructed on Windsor avenue, it was most necessary not to miss any means of protecting it by proper and adequate drainage—a most important factor. All of which does not explain why the Narbrook people were allowed to go ahead with the work only to have it torn out later.

A RURAL COMMUNITY PLAY PARK

"The Continent," a religious weekly published in New York, has an interesting account, in its August number, of a community park created in the little town of Cadiz, Ohio. We quote a number of interesting paragraphs from this article, to illustrate what can be accomplished in a community where everybody does his best for the common good. Not only the people of the town itself, but farmers of the neighborhood all joined in the good work, thus widening the circle of its uplifting activities. At times, as many as 8000 people participate in its entertainments and celebrations.

The good effects of the development of such a community spirit cannot be over estimated. It not only "develops the latent talent of the people," but broadens their outlook on life, quickens their sympathies and eradicates that narrow, self-centered spirit of carping criticism, coupled with open as well as secret opposition, which pervades some communities where efforts are being made to develop and beautify them. With the hearty co-operation of its authorities, the public-spirited citizens of Cadiz have made it in every respect a model community.

"Cities have been boasting for a decade or more of play parks, but little has been heard of the idea in the country. Cadiz, Ohio, has demonstrated that a play and recreation park is as desirable, practicable, and beneficial in the country as it is in the city.

"Cadiz is the county seat of Harrison county, with a population of 2000, on a branch of the Pennsylvania railroad, and the ocean to ocean highway, and is surrounded by good farms. Its distinguishing characteristic is the play park, or chautauqua grounds, as it is locally called. This institution had its beginning ten years ago when a little group of enterprising Christian business men formed a stock company, capitalized at \$20,000, with \$9000 paid up, and bought a forty-acre tract of land adjoining the town at \$200 an acre. The stock was sold at \$10 a share and is held by scores of people in both town and country. About \$12,000 has been expended in improvements, so that the park now represents an investment of \$20,000.

"The management is vested in a board of directors elected by the stockholders. Every one of this body but one is, at present, a member of some church. The enterprise is not directly connected with the church; the church folks are simply active in the affairs and life of the community. I was surprised at the very large proportion of churchmen in the board of directors and asked if special effort had been made to have it this way. 'No,' they said, 'almost every one around here belongs to some church.'

"The park was not launched as a money-making project for the stockholders though it would pay good dividends. 'It is run for the social, mental, aesthetic and spiritual improvement of the people of the community.' The profits are all used in improving the grounds and the community. A first rate brass band of twenty-five pieces and the base ball team are maintained out of the earnings of the park. It is more than self-supporting, about \$700 being cleared last year.

"The grounds are naturally ideal for such a purpose. It would be hard to find so many desirable park features on forty acres anywhere else—a gentle hill-side slope, a winding brook, cool springs, great forest trees and shrubs, wild flowers, blue grass, birds, blue sky, pure air—what more could be desired, and all at the very gate of the city. What wisdom, foresight, and common sense these business men of Cadiz displayed in laying hold of this land!

"The park management has co-operated with nature in furnishing

these grounds with many comforts, conveniences and beauties. A dam thrown across the brook makes a pretty lake of six acres, affording opportunity for boating, swimming, fishing and skating. A wooden bridge spans the water and a race track surrounds it. Other improvements consist in a large auditorium, a band stand, base ball diamond, two grandstands, one for the base ball grounds and one for the race course, rustic benches around the trees, a concrete encasement for the springs affording drinking facilities, sheds and stables for the cattle and horses, driveways, and a brick paved approach to the park.

"Some of the interesting and helpful things held in the park are union church services in the summer on Sunday evenings, the county fair, field days, political meetings, Fourth of July celebrations, family reunions, ball games and the chautauqua. The chautauqua, one of the best in eastern Ohio, is held thirteen days and costs \$2000. Another \$2000 is expended during this period in providing games and athletic sports, of which base ball is the chief attraction. The Cadiz team, backed by the park association, plays teams from far and near during the chautauqua season.

"This common meeting place has, unquestionably, been a strong factor in stimulating and unifying the forces, and in centering them upon the objects to be accomplished. It has been valuable in calling out the latent talents of the people and affording opportunity to develop and to express the best that is in them. The beautiful forty acres has become not a mere playground but a great center of all that interests and helps humans—an exhibition ground of things worth while. Every community needs such a place to display its wares."

Wallace made some very pretty plays on the initial sack.

Some rooters.

That one inning was enough.

Wallace laid down a beautiful bunt.

From the Press Box.

Mellon had a perfect day, both at bat and in the field.

Everybody batted well in the morning game.

McClellan put up a fine game at short in the Berwyn game.

Our old friend Walter Cariss was an interesting spectator. Cariss played second base for Narberth a few years ago.

Kelley was the visitors hitting star, having three singles.

Narberth had eleven earned runs.

Lewis is not the terror for Narberth that he was in the first game at Berwyn.

Gibson! Gibson! Gibson!

Too bad Narberth lost the protest with West Philadelphia, July 4th A. M. game.

Dick Wallace certainly tagged that one on the noodle.

McMonigle fanned four times—Morris three. We must have some pitcher.

Gene Davis reached first four times.

Stuart McClellan is there when it comes to bunting.

Lefty Burke was wild, poking four of our boys. Gibson was hit on his pitching arm once.

Burke hit Howes to start the ninth inning.

Big game next Saturday.

When a man gets the right brand of religion his horse soon discovers it. A kiss by moonlight is one of love's strongest arguments.

SATURDAY'S GAME. NARBERTH TRIUMPHS IN NINTH

Dick Wallace Triples in Ninth Inning, Sending Howes Home With Winning Run—Gibson Fans 16 Batters—Gene Davis Back Again

When Dick Wallace tripled in the ninth inning sending Howes home with the run which decided a bitter contest, it sent many home with smiles all over, after one of the most uphill fights by the Narberth boys on the local field for many a day.

Bon-Air had been in the lead since the third inning, and it looked as though the Narberth team were forced to bow to the Bon-Air Barons. Bon-Air scored in the first inning when, after two were out, Kane was passed and scored when Koons made a two-base heave trying to catch him stealing.

Narberth was not to be denied, but came back in their half of the inning by tying the score, when after two were out, Gene Davis doubled through short. The ball shot off the shins of the shortstop to left field. Flick Stites then did the self same thing, scoring Davis with Narberth's first run.

Everything went well and good with Bobby Gibson until the third inning when Narberth uncorked two errors, which, with two singles and a double, netted the Barons two runs which looked big enough for a victory.

The Bon-Air batters could do nothing with Gibson's delivery whatever, while the local boys were hitting Lefty Burke, but the much needed hit to score a run was not there.

Things looked good for Narberth in the fifth inning when Mellon doubled and advanced to third when Burnley threw the ball when no one was there. Gibson was thrown out by the pitcher and the squeeze play was tried and Mellon was run down between third and home. Again Narberth in the sixth inning had three men on base, but Bon-Air was not to be denied, and retired the side without a run being scored.

Again in the seventh Mellon the first man up singled, but the other batters could not bring him home.

But They Did This Time, Tying Score.

As they were denied in the lucky seventh, they tried again in the eighth inning and this time they did. Davis was safe on McMonigle's error. Gene immediately stole second, Stites fled to center field for the first out. Koons was safe on Brown's error. Davis scoring on the play. Score now 3-2 with Bon-Air leading. Fleck then doubled to the Narberth Gardens, putting Koons on third. Stuart McClellan then laid down one of the prettiest bunts of the season, scoring Koons with the tying run. Mellon ended the inning, being thrown out at first. Now the inning which brought us

victory. Harrison, the first man up, fied out to Stites in right field. Burnley, the one who had so much fun with the grandstand, fanned, making two out. Gallagher, who is one of the most dangerous batters along the Main Line, was also fanned by our Bobby.

Then came the ninth inning which will not be forgotten for awhile as related above.

While Gibson and Burke were having a pitchers' battle, yet without a doubt, the Narberth curver stood out by himself, fanning sixteen batsmen. Had it not been for the errors at the critical times, the score would most likely have been three to one. But on the other hand, Narberth uncorked all its errors in the early part of the game.

Harrison, Bon-Air's catcher, was the only visitor to connect with Gibson's shoots for more than one hit. While for Narberth both Gene Davis and George Mellon had two hits. Both teams had rallies cut down by double plays, the visitors working two on Narberth, while the local team worked the double once, that one being fast fielding by McClellan and Davis and Wallace.

day, August 31. The guests were Miss Emily Kerper, of Reading, Pa.; Miss Maude Wipf, of Narberth; Mrs. Horace P. Moore, of Overbrook, and Miss Jeannette Vannatti, of West Philadelphia.

Mr. Charles Noel is in receipt of a very interesting letter written jointly by John McQuition, James McQuition and Leon Schwartz, dated August 25, written from Company "G," First Regiment National Guards, Camp Stewart, El Paso, Texas. In this letter the boys wish to be remembered to their numerous Narberth friends. In one paragraph they state that they have been out in the wilds and that James caught a twelve foot rattlesnake with eight young ones. These boys are all well-known in Narberth, and we wish them well.

Mr. George Burdett Ford, of New York City, who, it will be recalled, gave an interesting talk in Elm Hall over a year ago on the subject of town planning, and who was consulted in the preparation of the plans of Narbrook, sailed on the steamship Lafayette, French Line, on August 26, for Bordeaux, France, as city planning expert on the commission of fifteen Americans selected by the French Government to make a survey of the towns and industrial plants devastated by the war. The members of the commission will be guests of the French Government during their stay of seven weeks. The commission is to submit a report embodying suggestions for rebuilding towns and industries. Mr. Ford is well equipped for this work, as he lived in France five years while studying at the Ecole des Beaux Arts, and is well acquainted with the requirements of the French people. Upon his return Mr. Ford goes to Omaha, Neb., to engage in a city planning survey.

How Friends of Soldiers May
Make the Supply Keep Pace
With the Demand

The consumption of reading matter by the troops is enormous. From much handling and reading, magazines are quickly worn out and fall to pieces and fresh supplies must be forwarded at frequent intervals. Tons of magazines have already been shipped.

The supply of reading matter must be maintained for an indefinite period and should never be permitted to get low. Friends of the work are asked to aid in supplying the demand. Book, good magazines and the illustrated weekly papers may be sent to the local Young Men's Christian Association, which will forward them to New York. At the headquarters the magazines will be sorted and sent at once to the association branches in the border camps, in accordance with their needs.

Representative of Secretary of
War Says Association is Best
Organized Thing on the
Frontier

Raymond B. Fosdick, of the Rockefeller Foundation, who has just returned from a three weeks' trip through the military camps along the Mexican border, commends in the highest terms the organization and efficiency of the Army Y. M. C. A. work.

Mr. Fosdick was police commissioner of New York under Mayor Gaynor. He was afterwards appointed as special commissioner dealing with the city budget and later visited Europe for the purpose of investigating the police systems of European cities, about which he wrote a book. Subsequently Mr. Fosdick investigated the police systems of the United States.

Mr. Fosdick's commendation is in a letter addressed to George A. Reeder, international Secretary of the Army and Navy Department, who is acting as executive secretary for the border work. The letter follows:

August 8, 1916.

Mr. G. A. Reeder,
124 East 28th Street,
New York City.

Dear Mr. Reeder:

I have just returned from a three weeks' trip along the Mexican border on an errand for the Secretary of War, and I want to take this opportunity to tell you of the high praise which I heard on all sides in regard to the activities of the Young Men's Christian Association. Indeed, I came to the conclusion, after a thorough inspection of the camps, that the Y. M. C. A. is the best organized thing on the whole frontier. The buildings are crowded night and day, in fact they are the club houses of the regiments and are used as such continually. General Funston and his associated commanding officers spoke in the highest terms of the influence of the organization on the army, even bringing up the subject voluntarily, although I was down there on no errand relating to Y. M. C. A. work. The efficiency of the Y. M. C. A. was what particularly appealed to General Funston and his aides. They were impressed with the generalship under which the whole machine was put together in such a short space of time. Briefly, I came back in a most enthusiastic frame of mind about the work you are doing and its almost infinite possibilities, and I cannot resist telling you what a profound influence it is having on the thousands of men crowded along the border.

If I can ever be of any assistance to you in your work please let me know.

At the present time it is one of the biggest things I have run up against. Very sincerely yours,
(Signed) Raymond B. Fosdick.

Cases of communicable disease are ordinarily reported to the secretary of the Board of Health by the physician in attendance. If no physician is called in, the responsibility for reporting rests with the head of the household. This is made obligatory by State law and the regulations of the Board of Health. The penalty for failure to report is a fine not exceeding \$100 and costs.

To avoid the imposition of the penalty, physicians and householders are requested to report immediately in writing cases of communicable disease which may exist to the secretary of the Board of Health. All children in families in which there is whooping cough or chicken pox must be kept on the premises and not be allowed to come in contact with other children.
