INTERACTION FLOW

Thank editors

Thank editors of an article

USER STORY: READER

When I read an article that I believe to be of high quality, I want to show my appreciation to the editors so that they feel appreciated and buoyed to keep creating good content for me to read.
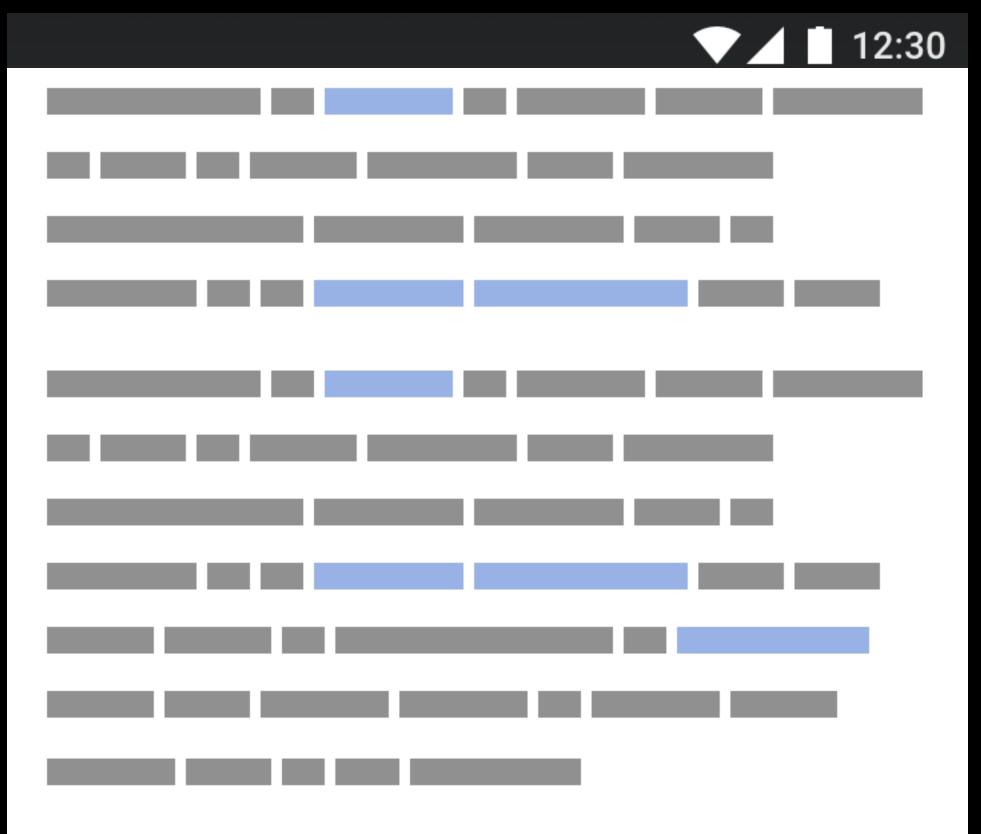

CORE INTERACTION FLOW

1. Receive a notification about the rating/thanks given on an article (see details of which article was rated/thanked and by whom)
2. Go to the article's History to view ratings/thanks to date that have been posted on that article.
