Six sorties dropped twelve five hundred pounders, and conducted two strafing passes on the town of Malangas. Mindanao. One large, and five medium sized buildings, possible warehouses, grouped along the waterfront, were destroyed. The town wharf appeared to be partly knocked out, and a group of shacks to the south of town received fifty caliber fire. Meager, inaccurate fifty caliber fire from the west of town was received, and it is believed that this position was knocked out also. Mone of our planes were holed, and all landed safely.
