# Dreer's Wholesale Price List

**JANUARY—1921—JUNE**

**W**E take pleasure in presenting to the Trade, this, our Wholesale Price List for the Spring of 1921, and are pleased to say that notwithstanding the continuance of many difficult conditions we feel reasonably sure of being able to take care of the requirements of our customers almost as usual.

We strongly advise our customers to send in their orders for Seeds, Plants and Bulbs as early as possible, not only to avoid the Spring rush, but to insure getting full requirements of anything that may be short.

The unusual conditions make it necessary to call the special attention of our customers to the rule of the trade that all orders for growing crops and stock not actually in hand are accepted subject to crop failures, shortages, or other causes beyond control, and the right to advance prices without notice.

## SHIPPING

By our careful and thorough system of packing it is customary for our customers to receive their orders from us in perfect condition, but all shipments are made at purchaser's risk, our responsibility ceasing after we deliver the goods in good order to the transportation company.

**PARCEL POST.**—We will be pleased to send such items as can be mailed by Parcel Post if customers will remit for postage. **We do not deliver any goods free at Wholesale Prices.**

**PRICES.**—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. Articles offered in our Retail Catalogue and not offered in this list will be supplied to florists at retail prices less the following discounts, viz.

Vegetable and Flower Seeds  $33\frac{1}{3}\%$ . Small Fruits  $20\%$ . All other plants not offered in this list  $33\frac{1}{3}\%$ .

No order for **plants or bulbs** amounting to less than \$1.00 will be filled and packed at wholesale prices. Orders received from the trade for Plants or Bulbs amounting to less than \$1.00 will be charged for at retail prices, less 10 per cent.

**TERMS OF BUSINESS.**—Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, and sufficient time to investigate same, otherwise cash must accompany order.

**Remittances** should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

**Goods desired C. O. D.** must be accompanied by a partial remittance to guarantee acceptance. No perishable stock will be sent C. O. D.

All goods are offered subject to crop failures, shortages or other causes beyond our control and to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

**NON-WARRANTY.**—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S ANTIRRHINUM

# Dreer's Famous American Asters

All of our Asters have been grown under our own supervision, and we know that the quality in every case is unsurpassed.

## Astermums.

This strain of Giant Comet Asters closely resemble Crego's Giant, but come into bloom fully two weeks earlier. We offer three colors.

	Tr. pkt.	Oz.
White Astermum. . . . .	30	\$1 50
Pink " . . . . .	30	1 50
Lavender " . . . . .	30	1 50

## Beauty Asters.

This recently developed type is a most valuable introduction on account of its late flowering, coming into bloom fully two weeks later than our Superb Late Branching, and furnishing high-grade cut flowers from early October until killing frost in November. The plants are unusually vigorous, from 2½ to 3 feet high. The perfectly double flowers, 4 to 5 inches across, are borne on extra long strong stems and are similar in form to our Superb Late Branching. We offer four beautiful colors:

	Tr. pkt.	Oz.
American Beauty. Rich cherry-rose, similar in color to American Beauty Rose . . .	40	\$2 00
Lavender Beauty. Exquisite soft lavender	50	3 00
Purple Beauty. Rich lustrous deep purple	50	2 50
September Beauty. Delicate shell-pink .	50	3 00

## Dreer's "Crimson Giant" Aster.

A superb late-branching variety, of upright growth, with perfect double flowers of rich rosy crimson, full of fire. Fine for cutting, showing up well under artificial light. 40 cts. per trade pkt.; \$2.00 per oz.

CREGO'S GIANT ASTER

## Crego's Giant Comet Asters.

Magnificent fluffy flowers, averaging over 5 inches across, with long strong stems, the finest of this type. Comes into bloom in August, continuing well into September, and unlike most of the Comet sorts, stands when cut and is a good flower to ship. We offer five colors, our own saving, of the highest quality.

	Tr. pkt.	Oz.
White. Purest white . . . . .	30	\$1 50
Pink. Delicate shell pink . . . . .	30	1 50
Purple. Bright purple . . . . .	30	1 50
Rose. Rich deep rose . . . . .	30	1 50
Lavender. A rich deep shade . . . . .	30	1 50
Finest Mixed. All colors . . . . .	30	1 25

## Early Wonder Asters.

The earliest of all Asters, frequently coming into bloom before the end of June. Flowers of Comet type, borne on long stems, making them fine for cutting.

	Tr. pkt.	Oz.
Pink. Early Wonder . . . . .	40	\$2 00
White. Early Wonder . . . . .	40	2 00

ASTERMUM

# Dreer's Famous American Asters

## Dreer's Superb Late Branching Asters.

The finest Asters for late August and September blooming. The plants form strong, branching bushes, 2 to 2½ feet high, bearing on long strong stems their handsome Chrysanthemum-like flowers, which, under ordinary cultivation, averages 5 inches across. The form of the flowers, together with the length of the stems, places them at the head of Asters for cutting. They come into bloom from two to three weeks after the average type, usually being at their best during September, and filling in the gap between the general run of Asters and Chrysanthemums. We offer eight beautiful and distinct colors, viz.:

	Tr. pkt.	Oz.
Azure Blue. A rich, deep lavender . . . . .	30	\$1 50
Pure White. Extra fine stock . . . . .	30	1 50
Shell Pink. An exquisite shade . . . . .	30	1 50
Rose Pink. A very desirable color . . . . .	30	1 50
Deep Rose. Rich and brilliant . . . . .	30	1 50
Deep Purple. Royal deep purple . . . . .	30	1 50
Lavender. A pale grayish-lavender . . . . .	30	1 50
Crimson. Very rich rosy crimson . . . . .	30	1 50
Finest Mixed. All the colors . . . . .	25	1 00

## Lavender Gem Aster.

One of the most beautiful early flowering Asters. Of Comet type, with large, artistic loosely-arranged flowers of the most charming shade of lavender imaginable. 40 cts. per trade pkt.; \$2.00 per oz.

## Ostrich Feather Asters.

A very desirable form of Comet Asters with large fluffy flowers; blooms from August on.

	Tr. pkt.	Oz.
White . . . . .	30	\$1 50
Lavender . . . . .	30	1 50
Bright rose . . . . .	30*	1 50
Salmon pink, extra fine . . . . .	30	1 50
Violet blue . . . . .	30	1 50
Vivid crimson . . . . .	30	1 50
Mixed . . . . .	25	1 25

KING ASTERS

## King Asters.

The "King" Asters form a distinct class or type, and have many sterling qualities to recommend them to lovers of fine Asters. They are of strong, sturdy habit, growing fully 18 inches high, and bear from August to October very large double blossoms, the petals of which are more or less quilled, forming very attractive flowers, which have splendid keeping qualities when cut.

	Tr. pkt.	Oz.
Dreer's Crimson King. A brilliant new color in this type, which originated with us. It is the richest and deepest crimson variety known to us . . . . .	40	\$2 00
Lavender King. Pale lavender . . . . .	40	2 00
Pink King. An attractive shade of delicate shell-pink . . . . .	40	2 00
Rose King. A beautiful brilliant rose variety and a great favorite for cutting . . . . .	30	1 50
Violet King. This is the original of this type, and is a pleasing soft shade of violet . . . . .	30	1 50
White King. Pure glistening white; extra fine large flowers . . . . .	40	2 00
King Mixed. All colors . . . . .	30	1 50

## Mikado Asters.

Very similar to Crego's Giant but dwarfer and earlier. Flowers of largest size rarely under 5 inches across, borne on good long stems. We offer two colors:

	Tr. pkt.	Oz.
Mikado Pink or Rochester . . . . .	30	\$1 50
Mikado White . . . . .	30	1 50

DREER'S LATE BRANCHING ASTERS

# Dreer's Famous American Asters

## Dreer's "Peerless Pink" Aster.

This grand Aster may be briefly described as a glorified late branching shell-pink or Mary Semple. It has the same strong, sturdy habit of growth; comes into bloom a little earlier, bears freely almost globular flowers, rarely under 4 inches across and frequently over 5 inches. The color is rich shell-pink, similar in shade but more decided than the late branching. The centre petals are prettily incurved, while the wide outer petals reflex, making a most artistic and finely finished flower, and stands cut longer than any other. 50 cts. per trade pkt.; \$2.50 per oz.

## Dreer's "Pink Beauty" Aster.

A magnificent cut-flower variety, in bloom from early August until well on in September; 24 to 30 inches high; flowers average 4 inches across, on long, strong stems. Color a delicate blush pink, and pronounced by experts to be the finest pink midseason sort yet introduced. 50 cts. per trade pkt.; \$2.50 per oz.

## Queen of the Market Asters.

The leading early Asters, of good strong growth and bearing large flowers on long strong stems; begins blooming in July.

	Tr. pkt.	Oz.
White . . . . .	25	1 00
Lavender . . . . .	25	1 00
Pink . . . . .	25	1 00
Bright rose . . . . .	25	1 00
Purple . . . . .	25	1 00
Crimson . . . . .	25	1 00
Mixed . . . . .	20	75

## Royal Asters.

One of the best Asters of recent introduction, and might briefly be described as an early flowering form of our Superb Late-Branching variety, having all the good qualities of the latter but coming into bloom in July or early August and lasting in perfect condition a long time. We offer six beautiful and distinct colors, viz.:

	Tr. pkt.	Oz.
Lavender. Soft lavender violet . . . . .	40	\$2 00
Purple Rich deep violet purple . . . . .	40	2 00
Rich Rose. Very bright and attractive . . . . .	40	2 00
Rose Pink. Rosy-pink, shaded white . . . . .	40	2 00
Shell Pink. Very delicate tint . . . . .	40	2 00
White. Pure white . . . . .	40	2 00
Finest Mixed. All colors . . . . .	30	1 50

DREER'S "PEERLESS PINK" ASTER

## New Red Aster "Sensation."

This is the reddest of all Red Asters, the color being a rich garnet or ox blood red which glistens in the sunshine like a live coal. The plants are of free-branching habit about 18 inches high; the very double flowers, averaging 3½ inches across, are borne freely on stems a foot long from early in August till the close of September. The intense color shows up well when cut, and makes a very brilliant bit of color in a bed or border. 40 cts. per trade pkt. \$2.00 per oz.

## Improved Daybreak or American Victoria Asters.

The beautiful and popular pink variety "Daybreak" was the original of this type followed by "Purity" and the other colors offered below. As a class they are characterized by their even, symmetrical growth and free flowering qualities which make them the finest of all Asters for bedding and very desirable for cutting; blooms from early August till late October.

	Tr. pkt.	Oz.
Daybreak. Delicate La France pink . . . . .	50	\$2 50
Purity. Snow white . . . . .	50	2 50
Pale Lavender. A pretty shade . . . . .	50	2 50
Rose Pink. Rose, shading to blush . . . . .	50	2 50
Azurea. Rich deep lavender blue . . . . .	50	2 50
Salmon-Pink. A beautiful color but somewhat variable . . . . .	50	2 50
Choicest Mixed. All colors . . . . .	40	2 00

## China Mixed Asters.

A general mixture of all sorts and colors. 15 cts. per trade pkt. 50 cts. per oz.

## Single China Aster.

Large, artistic, daisy-like flowers in a large variety of colors, these are much in demand for cutting by people who want something out of the ordinary. 20 cts. per trade pkt.; 75 cts. per oz.

IMPROVED LARGE-FLOWERING SCABIOSA

## Dreer's Fine Sweet Peas

We aim to confine our list of Sweet Peas to the very best varieties and only those which can be used by florists for cutting. As the result of dry hot weather the crop is very short this season and we advise early orders to secure supply.

### Orchid-flowered or Spencer Sweet Peas.

This type is distinguished from the grandiflora sorts by the extraordinary size of their flowers and by the standard being crinkled and wavy. They usually bear four blossoms on a stem, and are as easy to grow as the commonest sorts.

## Strong, Well-Established Three Inch Pot Plants

Ready Early in April

The increasing demand for started Cannas has induced us to specialize in plants in three inch pots, and we are preparing a large stock of all the popular as well as of the newer varieties in this shape this season.

The average general florist, who prepares for the large demand for Easter plants, has but little time or room to devote early in the season to this purpose, and will find the established three inch pots which we supply a profitable investment. This stock will be in condition to shift into four or five inch pots when received, thus making ideal plants for retailing at bedding out time.

All have green foliage unless otherwise specified.

<b>Meteor.</b> It is impossible to convey the full value of this magnificent bedding variety with its massive erect trusses of deep blood-red flowers. It is unqualifiedly the best deep red bedding Canna. . . . .	\$1 25	\$8 00	\$75 00	<b>The Gem.</b> An entirely distinct spotted variety. The immense trusses of flowers are borne on upright branching stems well above the foliage, and are of deep cream or straw-yellow, spotted with deep carmine; 4½ ft. . . . .	\$1 25	\$8 00	\$70 00
<b>Mrs. Alfred Conard.</b> One of the very best Cannas in commerce to-day. The large exquisite shaded salmon-pink flowers are produced in great abundance on robust upright plants; 4 ft. . . . .	2 00	15 00	125 00	<b>Uhlberg.</b> Entirely distinct, of a soft rosy-carmine; the throat of the flower is of a creamy-yellow, and the edges of the petals are also pale yellow; 3 ft. . . . .	1 25	8 00	70 00
<b>Mrs. Karl Kelsey</b> (Orchid Flowered). Orange-scarlet, suffused and striped with yellow; 5 ft. . . . .	1 25	8 00	70 00	<b>West Virginia.</b> Intense rich crimson-scarlet with golden edge; 3 ft. . . . .	1 25	8 00	70 00
<b>Mrs. Woodrow Wilson.</b> A rich but soft crimson-pink, with very large flowers. A robust grower and free bloomer; 4 ft.	2 00	15 00	125 00	<b>Wintzer's Colossal</b> (Orchid Flowered). The largest flowered Canna. The florets often measure eight inches across and are of a bright scarlet; 5 ft. . . . .	1 25	8 00	70 00
<b>Orange Bedder.</b> One of our own introductions and unquestionably the best of its color, a particularly bright orange with just sufficient scarlet infusion to intensify the dazzling mass of color; very free flowering. Awarded a certificate of merit by the S. A. F. & O. H. at New York; 5 ft.	1 25	8 00	70 00	<b>William Bates.</b> A splendid free flowering yellow of good size; 5 ft. . . . .	1 50	10 00	90 00
<b>Pennsylvania.</b> Vermilion-scarlet overlaid with orange; 5 ft. . . . .	1 25	8 00	70 00	<b>Wyoming</b> (Orchid Flowered). Massive orange flowers which make a strong contrast with its rich bronze foliage; 6 ft. . . . .	1 25	8 00	70 00
<b>Poppy.</b> Intense poppy-red. Large perfect florets in good trusses over greenish-bronzy foliage. Rich and effective; 5 ft.	1 50	10 00	90 00	<b>Yellow King Humbert</b> (Orchid Flowered). A sport from King Humbert in which the foliage is green and the flowers yellow with red spots. Very attractive. . . . .	1 25	8 00	70 00
<b>Queen Charlotte.</b> Rich pomegranate-red bordered with golden-yellow; 3 ft. . . . .	1 25	8 00	70 00				
<b>Remarkable.</b> This effective bronze-leaved variety stands out boldly among other sorts, not only on account of its height (6 ft.), but because of the beautiful scarlet-carmine trusses of bloom surmounting the rich green-bronze foliage . . . . .	1 50	10 00	90 00				
<b>Rosa Gigantea.</b> Large flowers, borne in such abundance that the mass of color is amazing. A deep rich rose, almost a coral-carmine; 4 feet. . . . .	1 50	10 00	90 00				
<b>Salmon Queen.</b> Rosy salmon-scarlet, blending to a rosy carmine towards the center, a very effective bedder; 5 ft. . . . .	1 25	8 00	70 00				
<b>San Diego.</b> Chinese-orange or Persian Yellow. The crimped petals are remarkable for substance, which enables them to withstand the hot summer sun without wilting. Another charm is the dark bronze color of the buds, which harmonize with the rich bronze foliage. 4 ft. . . . .	1 50	10 00	90 00				
<b>Schopenhauer.</b> A rich brilliant red with yellow throat, very free; 3 ft. . . . .	1 25	8 00	70 00				
<b>Souv. de F. Langie.</b> Very distinct orange-red color, edged with gold; 4½ ft. . . . .	1 25	8 00	70 00				
<b>Surprise.</b> The brightest red Canna we have. It surpasses in brilliancy such popular varieties as Meteor and Lafayette and produces its great trusses with equal freedom. 4 to 5 ft. . . . .	3 00	25 00					
<b>The President.</b> When the Canna Firebird was introduced its immense florets and bright red color immediately insured its popularity. In offering The President we may best describe it as possessing all the good qualities of Firebird enhanced by extraordinary vigor and perfect healthy foliage. It grows to a height of 5 ft. and produces its immense trusses of giant florets in great profusion. The most sensational introduction of recent years . . . . .	2 50	20 00	150 00

## DREER'S CANNAS

Strong well-established Three Inch Pot Plants

See Descriptive List on pages 30 and 31

### Early Flowering Chrysanthemums.

The varieties offered below are such that can be depended upon to furnish an abundance of good-sized flowers in the open air, under ordinary garden cultivation. They begin flowering during the latter half of September, and all are in flower by the middle of October or before many of the hardy varieties come into flower.

- Bronze Goacher.** Wonderfully prolific and attractive, of a bright orange strongly suffused with reddish bronze.
- Cranford Yellow.** Profuse flowering, medium sized yellow.
- Fee Parisienne.** Large, deep old-rose.
- Harrie.** Bronze, orange-yellow.
- La Garonne.** Unique and attractive, rosy-blush.
- Marie Dupont.** Early free flowering, pure white of good size.
- Normandie.** Beautiful white, slightly tinted pink.
- October Gold.** Splendid bronzy-yellow.
- Petite Louise.** A splendid satiny-rose of large size.
- Provence.** Bright pink with golden points and center.
- Tapis d'Or.** Good sized bright yellow flowers.
- Uvalda.** Large glistening pure white.  
\$1.00 per doz.; \$7.00 per 100.

# DREER'S SELECT DAHLIAS

All varieties are supplied in dormant field roots or in strong divisions of proper planting size.

## SPECIALS OF VARIOUS TYPES

All of which produce high-class cut flowers

### THE BEST NEW YELLOW DAHLIA

#### Field Marshal (Hybrid Cactus).

A first class yellow Cactus Dahlia has long been a desiderata and we believe we have found it in Field Marshal which we are now offering for the first time, in fact we have no hesitancy in pronouncing it the best yellow Dahlia in existence to-day of any type whether considered as a cut flower or for garden decoration.

In our trials it has proven itself one of the earliest, freest and most continuous bloomers, the flowers are of good size, under ordinary cultivation without disbudding they will average fully seven inches in diameter and are held erect on stiff, wiry stems with good necks so that each flower shows its full profile to best advantage. In form it is a hybrid cactus with gracefully arranged petals of medium breadth and of great substance, in color a rich primrose yellow with a slight suffusion of rose on the reverse of the petals, there being just sufficient of this suffusion to intensify the yellow, it is one of the very few yellow Dahlias that shows its color under artificial light, the great majority of yellows appearing white under night light.

We feel enthusiastic in recommending Field Marshal as the ideal Dahlia of its color and we are supported in this by every visitor who saw it flowering in our grounds during the past summer.

We offer Field Marshal only in green plants, which will be ready to send out about May 15th, at \$1.50 each.

HYBRID CACTUS DAHLIA FIELD MARSHAL

#### Delice (Decorative).

Its beautiful soft, yet lively color, a glowing rose-pink, together with its perfect shape, stout, stiff stems, which hold the flowers well above the foliage, and the fact that when cut it retains its freshness for a long time, makes this one of the most valuable for cutting or decorative sorts in the garden.

15 cts. each; \$1.50 per doz.; \$12.00 per 100.

#### Dorothy Peacock (Show).

One of the best extra early flowering cut flower varieties, very free flowering, and continuing good to the end of the season. The flowers are large, of perfect shape, of a bright sea-shell pink color that is very effective.

20 cts. each; \$2.00 per doz.; \$15.00 per 100.

#### Dreer's White (Show).

Introduced by us in 1909, it still remains at the head of the list of all white show varieties; it is of purest color, a live glistening white, closely resembling in form the variety Grand Duke Alexis, while in freedom of flowering it is not surpassed by any. It has succeeded in all parts of the country, has been greatly admired at the exhibitions where shown, and has in most cases been awarded the premier prizes as the finest white show variety.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

#### Easton (Decorative).

A variety which, on account of its brilliant color, good form and remarkable free-growing habit, is certain to become a standard, both as a cut flower as well as for garden decoration; in color it is a brilliant Turkish or Oriental red.

15 cts. each; \$1.50 per doz.; \$10.00 per 100.

#### Eventide (Decorative).

A splendid flower of perfect form and large size, on long, stiff stems, and which for all purposes may be termed a white Dahlia, there being but a faint flush of delicate rose on the edge of the flower.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

#### Galathea (Cactus).

A delicately colored very free flowering variety of medium size and perfect form. Color a tender, delicate, pleasing soft pink. A splendid cut flower.

35 cts. each; \$3.50 per doz.; \$25.00 per 100

#### Jack Rose (Decorative).

One of the most effective cut flowers, a brilliant crimson-red, not unlike the popular "Jack" Rose which suggested its name, very free flowering, perfect form from early in the season until cut by frost.

10 cts. each; \$1.00 per doz.; \$8.00 per 100.

## SPECIALS OF VARIOUS TYPES—Continued

CACTUS DAHLIA, GALATHEA

### King of the Autumn (Decorative).

This is a great Dahlia both as a cut flower as well as for garden decoration; its habit of growth is ideal, producing an abundance of flowers of a good size, six inches or more in diameter, which can be cut with stems four feet long; it is of true decorative form excepting late in the season, when it frequently develops flowers of the Peony type; in color it is one of the most pleasing autumnal tints, a luminous salmon-pink, passing to a golden-suffused buff near the edges: it is particularly pleasing under artificial light. King of the Autumn we are convinced is a winner and a variety that will become one of the most popular.

35 cts. each; \$3.50 per doz.; \$25.00 per 100.

### Lawine (Cactus).

A splendid, good sized flower, white with just a suggestion of blush as the blooms mature.

15 cts. each; \$1.50 per doz.; \$12.00 per 100.

### Marguerite Bouchon (Cactus).

This is still one of the most beautiful Cactus varieties in our collection, a graceful, perfectly formed flower, in color a charming brilliant yet soft rose, with a very large white centre and distinctly defined white tips.

75 cts. each; \$7.50 per doz.; \$60.00 per 100

### Mlle. Marie Doucet (Cactus).

One of the freest-flowering; a lovely mauve pink passing to a white centre, flowers of good size with fine stems for cutting.

50 cts. each; \$5.00 per doz.; \$40.00 per 100.

### Mina Burgle (Decorative).

This is the popular Californian variety. We have been growing it for four years and we consider it one of the most desirable. It is one of the freest flowering decorative varieties in our fields, thirty large perfect open flowers on one plant at a time not being unusual; in color it is a rich, luminous dark scarlet; these flowers are carried on long stiff stems; splendid both for cutting and garden decoration.

20 cts. each; \$2.00 per doz.; \$15.00 per 100.

### Oregon Beauty (Decorative).

We doubt if there is a single person who has visited our trial fields during the past three years who has not included this brilliant gorgeous variety in his notes; it has also been most prominent during the past few seasons at the various Dahlia shows. Its color is a rich Oriental-red with golden sheen and garnet suffusion, the flowers are of large size, on good stiff stems and are produced very freely.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

### Perle de Lyon (Decorative).

A most valuable white Decorative Dahlia, and one of the best whites of any class for cut-flower purposes; its flowers are of good size, and held erect on long, stiff, wiry stems.

15 cts. each; \$1.50 per doz.; \$12.00 per 100.

### Princess Juliana (Decorative).

Its earliness makes this the ideal white Dahlia for cutting; it is of splendid form, pure in color and an early and continuous bloomer.

25 cts. each; \$2.50 per doz.; \$20.00 per 100.

DECORATIVE DAHLIA KING OF THE AUTUMN

# DREER'S SELECT DAHLIAS

## SPECIALS OF VARIOUS TYPES—Continued

### Princess Victoria (Show).

Primrose yellow of medium size, never produces an imperfect flower; in bloom early and late; long stiff stems.

15 cts. each; \$1.50 per doz. \$10.00 per 100

### Queen Elizabeth (Decorative).

Excellent as a garden variety and a splendid cut flower of good form, 5 to 6 inches in diameter, of a pleasing soft shade of pink with silvery suffusion, it comes into bloom early and continues in good shape to the end of the season.

50 cts. each; \$5.00 per doz.; \$40.00 per 100

### Rose-Pink Century (Single Century).

Flowers six inches in diameter, clear rose-pink color; a strong grower with long, stiff stems.

15 cts. each; \$1.50 per doz.; \$10.00 per 100.

### Rheinkoenig (Cactus)

An ideal white variety with flowers over five inches in diameter, of splendid form and borne on long stiff stems held well above the foliage, of great substance, lasting well when cut.

15 cts. each; \$1.50 per doz.; \$12.00 per 100.

CACTUS DAHLIA RHEINKOENIG

### Snowflake (Single).

The finest single white yet introduced; a splendid long-stemmed cut flower, very free flowering.

25 cts. each; \$2.50 per doz.; \$18.00 per 100.

### Sylvia (Decorative).

An old variety and still one of the best of its color for cutting; a soft, pleasing mauve-pink, gradually passing to a white centre; very free, early and continuous.

15 cts. each; \$1.50 per doz.; \$10.00 per 100.

### Twentieth Century (Single Century).

The first of the Century type, and remains still the best of the singles for cutting, early in the season it is an intense rosy-crimson, shading gradually to almost white on the edges and a light halo around the disc. As the season advances the flowers become lighter, changing to almost pure white suffused with soft pink.

15 cts. each; \$1.50 per doz.; \$10.00 per 100.

### Wacht am Rhein (Cactus)

Delicate rosy-pink or shell-pink with white suffusion. It is an early and free bloomer, with flowers of good quality to the end of the season, these are of good size, held erect on stiff wiry stems, making it an ideal cut flower.

25 cts. each; \$2.50 per doz.; \$20.00 per 100

### Wolfgang Von Goethe (Cactus).

A splendid free flowering variety of large size, the flowers gracefully arranged. In color a rich apricot with carmine shadings, a splendid cut flower.

35 cts. each; \$3.50 per dozen; \$25.00 per 100

### Yellow Duke (Show).

A splendid free flowering, long stemmed primrose-yellow.

15 cts. each; \$1.50 per doz.; \$12.00 per 100.

THE GLORY FERN (*Adiantum Farleyense Gloriosa*)

CIBOTIUM SCHIEDEI

# DREER'S FINE FERNS

## Adiantum Farleyense Gloriosum.

### The Glory Fern.

This splendid Fern which so closely resembles *Adiantum Farleyense* in appearance and which does not require the special skill and care in growing that is necessary to produce good plants of *A. Farleyense*, has quickly made a place for itself, not only on account of the fact that it can be produced for little over half that of growing *Farleyense*, but also because either in a cut state or as plants used in decorative work, it will outlast the old variety ten to one, making it an available subject where *Farleyense* can not be used at all.

We are now booking orders for June delivery. Good 2 1/4-inch pots, \$12.00 per 100; \$110.00 per 1000.

## Adiantum Farleyense Lemkesi.

### The Bronzy-Pink Leaved Glory Fern.

This is the newer bronzy-pink leaved form of the Glory Fern which is preferred by many to the original type, with which it is identical in general habit except that the young foliage is beautifully tinted with a bronzy-pink color, more intense than any other variety of *Adiantum*, it is also of somewhat taller and stronger habit of growth than the original type.

We are now booking orders for June delivery for strong 2 1/4-inch pots, \$15.00 per 100; \$140.00 per 1000.

## Cibotium Schiedei.

A splendid stock of this great decorative variety.

Each  
10-inch tubs . . . . . \$5 00

## Cyrtomium Rochfordianum Compactum.

Awarded a Silver Medal at the National Flower Show, 1916.

This is a splendid compact growing form of *Cyrtomium Rochfordianum* that is valuable either as a small plant or for growing on as a specimen plant.

**Hypericum Patulum Henryi.**

A most valuable shrub of comparatively recent introduction, it forms naturally strong bushy symmetrical plants from 2 1/2 to 4 ft high, producing masses of large, clear yellow flowers, 2 inches or more in diameter during July and August. It retains its neat foliage, which makes the plant very attractive even when not in flower, until very late in the autumn.

We offer strong two-year old plants, 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

**English Ivies.**

MADE-UP KENTIA

LAGERSTRÆMIA (Crape Myrtle)

**Lagerstræmia** (Crape Myrtle).

This is one of the prettiest shrubs, and while hardy south of the Potomac, requires protection in this latitude. All, however, that is necessary is to winter the plants in a cellar or similar position where they will be protected from very severe weather. Grown in large pots or tubs, specimens 6 to 8 feet high can be produced with little difficulty, and which for two or three months in the summer will be covered with flowers.

**Indica:** Delicate soft pink.

“ **Alba.** White.

5-inch pots, 50 cts. each; \$5.00 per doz.

**Passiflora** (Passion Flower).

**Princeps.** This is the rare greenhouse variety with bright red flowers; strong plants. 30 cts. each; \$3.00 per doz.

**Pennisetum** (Fountain Grass).

**Rueppellanum** (*Purple Fountain Grass*). A very useful annual variety especially for edging beds of Cannas, Caladiums or other tall plants. Grows about 3 feet high, producing long, graceful green foliage and cylindrical purplish plumes. Young plants ready in May. \$1.00 per doz.; \$7.00 per 100.

**Golden Variegated Privet.**

We have a nice lot of bushy, 12 to 15-inch high, field-grown plants of this ornamental Golden Privet, which is purchased by many florists, who pot it up into 5 and 6-inch pots and grow it on for use in window and porch boxes for spring and summer, for which purpose it makes a very acceptable plant.

\$2 50 per doz.; \$20.00 per 100.

**Stigmaphyllon Ciliatum.**

(Brazilian Golden, or Orchid Vine)

One of the prettiest tender climbers in cultivation, with large yellow, orchid-like flowers, produced very freely during the summer months. It is especially adapted for training over the pillars or on the wall of a conservatory, but will do equally well in the open air. 25 cts. each; \$2.50 per doz.

ORNAMENTAL GRASS PENNISETUM RUEPPELIANUM

**Thunbergia.**

**Harrisi.** A splendid winter-flowering greenhouse climber, with showy light-blue flowers with creamy-white throat. 35 cts. each; \$3.50 per doz.

**Erecta.** A greenhouse shrub, flowering almost the year round, bearing large, showy, deep purple flowers, with orange-yellow throat, a most satisfactory plant for the window garden. 35 cts. each; \$3.50 per doz.

**Double Pearl Tuberoses**

Selected bulbs; 4 to 6 inches, 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

**Mexican Everblooming Single Tuberoses.**

This charming single variety begins to flower in July and continues throughout the season, each bulb throwing from 2 to 5 flower spikes in succession. The buds never blast, but all open up of the purest white, and are delightfully fragrant, 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

STIGMAPHYLLON CILIATUM

## New American Hybrid-Tea Roses

We take pleasure in offering this sterling collection of American novelties; three of them productions by the same growers who have given us the Los Angeles Rose, a variety that has proven itself one of the finest bedding Roses ever raised, and we have every reason to believe that these varieties will prove equally satisfactory.

NEW AMERICAN HYBRID-TEA ROSE  
WILLIAM F. DREER

### Miss Lolita Armour

(Howard & Smith, 1920).

The unique coloring of this novelty is a combination of colors difficult to describe, and it is absolutely distinct from all other varieties. The flowers are of large size, full double, with petals of great substance. As the flowers expand they develop to a deep, coral-red with a golden, coppery-red suffusion. The base of the petals is of a rich golden-yellow with coppery-red sheen; delightfully fragrant. The plant is a strong, vigorous grower and very free-flowering. A Rose for which we predict great popularity.

Strong, two-year-old, California-grown plants, \$1.50 each.

### Rose Marie

(Dorner, 1918)

A most pleasing shade of clear rose-pink, with ideal long shapely buds which open to very large flowers of good form. The plant is a strong, vigorous, healthy grower, and remarkably prolific. We consider it the best bedding Rose of its color yet introduced. \$1.50 each.

### Columbia

(E. G. Hill, 1918).

This beautiful Rose has not only become one of our most popular winter cut flowers, but has also proven itself one of the best bedding or garden varieties. It is of strong, vigorous habit of growth and exceptionally free blooming. The flowers, which are of good size, are perfect in form, both in bud as well as when fully expanded. In color it is of a most pleasing shade of rose-pink and delightfully fragrant.

Strong two-year-old plants, \$1.00 each.

### Los Angeles

(Howard & Smith, 1917)

In addition to the wonderful reputation that this Rose has made for itself as a bedding proposition during the past four seasons, it has also been awarded the **Grand Prize in the Trials at the Bagatelle Gardens in Paris.**

Every plant we sent out of this variety in the past has been a live advertisement, and without any special solicitation we now have more advance orders on file from our retail customers for "Los Angeles" than for any other variety.

While we have a large supply there will be no surplus and if you intend to catalogue it we would advise you to cover your requirements now.

The plants which we offer this season are the same class of stock as sent out in the past, being very strong two-year-old, California grown, which will give an abundance of bloom this season. Price, \$1.00 each.

### Mrs. S. K. Rindge

(Howard & Smith, 1920).

This is, undoubtedly, the finest yellow Rose we have. While it in some stages of development, as well as in growth, resembles Golden Emblem, it is a stronger grower, and its rich, chrome-yellow flowers as they mature, become suffused with salmon-pink.

Strong two-year-old California-grown plants, \$1.50 each.

### William F. Dreer

(Howard & Smith, 1920).

A beautiful Rose of the same parentage as Los Angeles and which, for delicacy of coloring, is incomparable with any other variety, it reminding one of the delicate tints of some varieties of water lilies. The flowers, which are similar in shape to Los Angeles, and like that variety, beautiful in all stages of development, are at their best in the half-expanded flower. These, in expanding, are of a delicate, silvery-shell-pink. The base of the petals are of a rich golden-yellow which, at certain stages of development, gives a golden suffusion to the entire flower, this golden suffusion being particularly brilliant early and late in the season.

Strong two-year-old, California-grown plants, \$1.50 each.

## Gorgeous New Climbing Rose, Paul's Scarlet Climber

This is without question the most important addition to our list of Climbing Roses in many years; no other Rose in any class can compare with it for brilliancy of color, which is a vivid scarlet that is maintained without burning or bleaching until the petals fall. The flowers are of medium size, semi-double, very freely produced in clusters of from three to six flowers each on much branched canes, the plants being literally covered with flowers from top to bottom. It is of strong climbing habit and perfectly hardy. This Rose has been most highly commended by the English horticultural press. It was awarded a Gold Medal by the National Rose Society and an award of Merit by the Royal Horticultural Society of England, and was also awarded during the summer of 1918 the much coveted Gold Medal at the Bagatelle Gardens, Paris. Strong two-year-old plants, \$1.50 each.

(Hawthorn Scented Mugwort.)

Unlike the other varieties offered which are grown for their foliage, this introduction from China is a most effective flowering plant, with erect stems 3½ to 4½ feet high, clothed with elegantly cut dark green foliage and terminated by panicles of Hawthorn-scented creamy white Spiræa-like light and graceful flowers. It is at its best from the latter part of August to the end of September, and is particularly valuable on this account, being unlike any other plant in bloom at that time. \$2.00 per doz.; \$15.00 per 100.

**New Late Flowering Japanese Aster.**

"Mauve Cushion"

An entirely distinct species of hardy Aster which has attracted much attention in our grounds on account of its unique habit of growth, its lateness of flowering, and its great floriferousness.

It forms a circular cushion-like plant 2½ feet in diameter, the centre of the plant rarely exceeding 9 inches in height, gradually tapering off to 3 or 4 inches at the edges. The flowers, of a delicate soft mauve with silvery white reflection, measure over 1¼ inches in diameter and are produced in such profusion as to completely cover the plant; these begin to expand early in October, but are not at their best until November and continue in good condition until the middle of that month. 35 cts. each; \$3.50 per dozen.

**Hardy Asters (Michaelmas Daisies, or Starworts).**

These are among the showiest of our late flowering hardy plants. Our collection is made up of the choicest varieties only. All of them bloom in September and October.

HARDY ASTER NOVI BELGII CLIMAX

**New or Rare Hardy Asters (Michaelmas Daisies).**

**Glory of Colwall.** A splendid improvement on Beauty of Colwall, good sized nearly double ageratum-blue flowers and remarkably prolific. 2½ feet. September.

**Novi Belgii Climax.** Of strong, vigorous habit of growth, over 5 feet high; fully one-half of this consists of much branched pyramidal shaped flower stems which are filled with lively light lavender-blue flowers fully 1¼ inches in diameter from the latter part of August to the middle of October.

**Novi Belgii White Climax.** A splendid white form of Climax, 5 feet.

**Novi Belgii St. Egwin.** A pleasing soft rosy-pink, very free and of erect habit. 3 to 4 ft. September and October.

Price of any of the above \$2.00 per doz.; \$15.00 per 100.

**Astilbe Arendsi**

This type is the result of crossing *A. Davidi* with *A. Japonica compacta*, *Astiboides* and *Thunbergi*. The plants are of very vigorous growth, 2½ to 3½ feet high, producing many-branched feathered heads of flowers in June and July. They prefer a half-shady, moist position in any ordinary garden soil.

**Juno.** Strong plumes of deep violet-rose.

**Rose Pearl.** Pearly shell-pink.

**Venus.** Bright deep violet-rose.

**Vesta.** Very graceful plumes of light lilac-rose.  
35 cts. each; \$4.00. per dozen.

**Astilbes**

**Hybrida Gruno.** A splendid salmon-pink sort growing 4 feet high and producing light, graceful, spreading spikes of flowers, the finest pink Astilbe yet introduced.

**Hybrida Moerhelmi.** A cross between *A. Davidi* and an unknown variety, with the strong, robust growth of the former, attaining a height of 5 to 6 feet. The well branched, erect spikes of flowers have a length of over 2 feet and are of a beautiful creamy-white. The originator considers this plant the most important hardy perennial introduced in many years.

**Hybrida Salland.** This is also a cross, with *A. Davidi* as one of its parents, which it resembles in habit of growth, only much more vigorous growing over 6 feet high and with flowers of a distinct red color, different from all others.

HEMEROCALLIS (DAY LILY)

GIANT FLOWERING MARSHMALLOW

**New Giant-Flowering Marshmallows**

A wonderfully improved form of our greatly admired native Marshmallow or Rosemallow, in which not only the colors have been greatly intensified but in which flowers of enormous size, frequently 10 to 12 inches in diameter, have been developed.

These plants can be highly recommended for all kinds of plantings, they appear to be equally at home in all positions, having the same vigor in dry and wet ground and are perfectly hardy, they grow from 5 to 8 feet high and are very floriferous, blooming from early in July to late in Autumn. We offer three distinct colors, Red, Pink and White, in strong two-year-old roots. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

**Dreer's Superb Hollyhocks.**

We have this season a fine lot of strong clean, healthy, vigorous one-year-old flowering plants of the finest strain as under:

**Iris Interregna.**

An interesting new type, the result of crossing *I. germanica* with *I. pumila hybrida*. They bloom earlier than the Germanica Iris, and the flowers combine perfection of form with large size and clear and decided colors. The foliage is dwarf, and maintains its freshness throughout the season. The flower stems are almost 18 inches high, holding the flowers well above the foliage.

- Helge. Light citron, with pearl-colored centre.
  - Spectabilis. Rich, free flowering violet-purple.
  - Walhalla. Standards rosy-lavender, falls velvety claret-red.
- 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

DOUBLE HOLLYHOCK

**Iris Pumila Hybrida.**

A type which originated by crossing the dwarf early flowering Pumila Iris with the Germanica varieties, they are among the earliest flowering and are very showy, growing from 10 to 12 inches high.

- Cyanea. Rich royal purple, with blackish shadings.
- Excelsa. A splendid pale lemon-yellow.
- The Bride. A large showy pure white.

\$1.50 per doz.; \$10.00 per 100.

NEW GOLDEN YELLOW GERMAN IRIS SHERWIN WRIGHT

GERMAN IRIS

IRIS INTERREGNA (Offered on page 51)

### Golden Yellow Iris Germanica

"*Sherwin-Wright*" In this grand variety we have what has long been wanted, a good vigorous growing, free-flowering, golden yellow Iris Germanica, the few yellow sorts now in commerce being deficient in these important characteristics. The plants grow about two feet high; the flowers which are produced in lavish profusion are of splendid texture and stand well above the foliage, and are of a rich golden yellow without markings or shadings. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

### Iris Germanica

Our collection of Iris Germanica is very choice, the varieties offered being the best in their respective colors.

**Cherlon.** Standards lilac-mauve, falls violet-mauve.

**Florentina Alba.** Sweet scented, early flowering white.

**Honorabilis.** Standards golden-yellow; falls mahogany-brown.

**Johan De Witt.** Standards bluish-violet, shading lighter towards the centre; falls deep violet-purple veined with white.

**Lord Salisbury.** Standards amber and white; falls dark violet-purple with white veins.

**Mad. Chereau.** Pure white, prettily edged with light blue.

**Mrs. H. Darwin.** Standards white, falls reticulated violet.

**Pallida Dalmatica.** One of the finest of the Germanica type. The plant is of strong habit, growing 4 feet high, with exceptionally large flowers, the standards of a fine lavender, the falls lavender shaded blue; fine for missing. \$1.50 per doz.; \$12.00 per 100.

**Pilcata.** Standards bright violet-purple; falls deep violet-purple.

**Plumerl.** Standards rose-mauve; falls vinous mauve.

**Shakespeare.** Standards straw-yellow veined with burnt amber; falls deep carmine-violet, shaded deeper and white veins.

**Tinnae.** Deep ageratum-blue.

**Price Named Sorts.** Except where noted, 10 cts. each; \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

**Mixed Iris Germanica.** All colors. 60 cts. per doz.; \$4.00 per 100; \$30.00 per 1000.

## Hardy Perennial Phloxes

Strong one-year-old field-grown plants.

**Aibion (Medium).** One of our own introductions; producing very large panicles of pure white flowers, with faint aniline-red eye.

**Bacchante (Medium).** Tyrian rose with crimson-carmine eye.

**Bridesmaid (Tall).** White, with large crimson-carmine centre.

**Champs Elysee (Dwarf).** A very bright rosy magenta.

**Crepuscle (Medium).** Shading from a deep crimson centre, through rose-lilac to a white edge.

**Europa (Medium).** A white variety with very decided crimson-carmine eye; the individual flowers as well as the trusses are very large, entirely distinct.

**Eclairer (Tall).** Brilliant rosy magenta, with large lighter halo.

**Henry Murger (Tall).** White, crimson-carmine centre.

**Jeanne d'Arc (Tall).** A good standard late white.

**La Vague (Medium).** Pure mauve, with aniline-red eye.

**Louise Abbema (Dwarf).** Very large dwarf, pure white, fine form

**Mrs. Jenkins (Tall).** The best tall early white for massing.

**W. C. Egan (Medium).** One of the finest Phloxes yet introduced, and while the individual flowers according to the color-chart are of a delicate lilac color illuminated by a large bright solferino eye, the color effect as a whole is a delicate pleasing shade of soft pink.

**Von Lassburg (Medium).** The purest white in cultivation, individual flowers larger than any other white.

**Price:** Any of the above varieties \$1.25 per doz.; \$8.00 per 100; \$70.00 per 1000.

## Early Flowering Hardy Phlox

(*P. Suffruticosa*)

**Miss Lingard.** This grand free-flowering white variety is a universal favorite, coming into flower in May; it continues in flower throughout the season. \$1.50 per doz.; \$10.00 per 100; \$90.00 per 1000.

## New Perpetual Flowering Hardy Pinks

(*Dianthus Allwoodi*)

Wonderful improvement on the old type of hardy Pinks, they are equally hardy and are perpetual flowering, blooming continually from early summer until fall, the flowers are larger than in the old type; borne on long stems, suitable for cutting and are very fragrant.

**Harold.** Large double white of symmetrical form.

**Jean.** Pure white with purple center.

**Mary.** Pale rose-pink with light maroon center.

**Robert.** Delicate shade of old rose with light maroon center  
Young plants 2½-inch pots ready after Feb. 15th. \$2.00 per doz.; \$15.00 per 100.

## Hardy Pinks.

**Delicata.** Soft delicate rose.

**Elsie.** Bright rose, maroon center.

**Excelsior.** Light rose-pink with deeper shadings.

**Her Majesty.** Large pure white.

**Homer.** Rosy red with dark center.

**Juliette.** White, laced crimson.

**White Reserve.** Very free white.

Young plants, 2½-inch pots ready after Feb. 15th. 85 cts. per doz.; \$6.00 per 100.

## Hardy Garden Pinks in Mixture.

(*Dianthus Plumarius*)

Grown from a very select strain of seed which should produce a good percentage of double flowers; but even those which come single are very pretty and preferred by some to the double forms. \$1.50 per doz.; \$10.00 per 100

### Polygonum Auberti.

(Silver Lace Vine).

A splendid hardy climber of strong, vigorous growth, attaining a height of 25 or more feet, producing during summer and fall great foamy sprays of white flowers, and a well established plant during its long period of flowering is a great mass of bloom. Not only does it thrive well in the eastern and middle States but we have seen it in equally good condition in Oregon, Colorado and California, adapting itself to the most varied climatic conditions. Strong plants, 60 cts. each; \$6.00 per doz.

### Vitis Humulifolia.

(Turquoise-berry Vine).

One of the most desirable very hardy climbers, with glossy-dark green leaves, which are insect and disease proof, always presenting a clean, fresh appearance. In late summer and fall the plant is loaded with berries, which are very attractive in the various stages of ripening, passing through many shades of blue, finally turning blue-black.
