FUNERAL OF CHARLES SMITH TOMORROW—OTHER NEWS ITEMS

The funeral obsequies of Charles Whitney Smith will be held from St. Mark's Episcopal church in Glendale Wednesday afternoon at 2 o'clock, and will be conducted by the rector, Dr. C. Irving Mills, D. D. Interment will occur in beautiful Forest Lawn cemetery.

Charles Whitney Smith was born forty years or more ago in Malone, N. Y. Nine years ago he and Miss Mae Gibson, a native of Kansas, were united in marriage in Riverside, Cal. Theirs was an ideal love union and their brief married life one of unending happiness. Besides the heart-broken widow, there is left an aged mother back in the old home state, New York, and a brother and sister, who also reside in Pottsdam, N. Y.

Two years ago last November Mr. and Mrs. Charles Smith came to Tropic to reside and established their home on Boynton avenue. Sympathy and regrets are expressed by all at the sad and tragic passing of Charles W. Smith. Ever and always a gentleman, he possessed the finer and keener characteristics of an educated and cultured man, who accepted the office of city marshal as a means to obtain outdoor exercise, which he felt he required after his many years of service as rate clerk with the Salt Lake railroad. Mr. Smith was always faithful and efficient and it was his earnest and sincere desire to prove that he was faithfully discharging his duties that led up to his tragic passing on. Long will his last words after bidding his wife a sorrowful earthly farewell—"I might have the chance tonight to make good"—linger in the memory of a few of the citizens of Tropic as a fitful nightmare. They alone know the full import of those words.

The deceased was a member of the Royal Arcanum in an eastern city, where he had most efficiently passed through all of the offices in that order. The remains of Mr. Smith are at the Scovern-Letton-Frey undertaking parlors, where they may be viewed by his friends.

T. M. Barrett, past Post commander and past adjutant of N. P. Banks Post, has been honored by being appointed aid-de-camp to David J. Palmer, commander-in-chief of the national G. A. R. Comrade Barrett has received his commission, which bears the signature of David J. Palmer, commander-in-chief, and the autograph of George C. Newman, adjutant-general of the national G. A. R. Not only is Comrade Barrett by the appointment as aid-de-camp honored, but N. P. Banks Post, which Comrade Barrett has served so efficiently and so faithfully, is very proud that one of its members has been selected by the commander-in-chief.

Tropic and Glendale also appreciate the honor that has come to one of their most loyal and patriotic citizens in the appointment of Comrade Barrett to this honored position.

The Tropic branch of the Parent-Teacher association, of which Mrs. Mary Chadwick is president, held a very interesting meeting at the Ceritos school building Friday afternoon. Mrs. Sawyer of Long Beach gave a very instructive talk, taking as her subject "Unity of School and Home." In the course of her talk Mrs. Sawyer emphasized the fact that all officers of the juvenile court are always advocating that there should be better home training among the children. If the parents of a large number of the juvenile charges received more consideration and better home training from the legal trainers—the parents—there would be less cause for establishing a juvenile court and creating a corps of officials to properly maintain such an institution. Music was furnished by a number of the girls under the supervision of Miss Weatherby.

The remains of Mrs. M. W. Warbern of Lankershim, who after undergoing a severe operation at the Thompson hospital in Burbank, passed away at that institution, were removed to the Scovern-Letton-Frey undertaking parlors on Cypress street in Tropic. Mrs. Warbern is survived by the widower, W. B. Warbern, and three daughters, one who resides in Sunland, the other two in San Diego and Missouri.

Mrs. Warbern was born in the state of Illinois August 18, 1861.

The funeral obsequies of this good woman await the arrival of her two daughters from San Diego and Missouri.

Mr. and Mrs. Claude Hill, whose marriage occurred recently, were tendered a miscellaneous shower the

COST OF ELECTIONS

USELESS FOR ANY BUT THE RICH TO SEEK OFFICE—COST IS PROHIBITIVE

It appears that the amounts reported, in pursuance of law, by candidates for United States senators, as having been expended by them or in their behalf during the late campaign aggregate \$460,777.25. And we may be sure they did not cover the total outlay. The total reported from this state aggregated \$17,589.98. Those who had opportunity to observe the circus-like posters with which the billboards of the state were plastered know that \$17,000 did not pay for them.

That is not to dispute the technical accuracy of the reports filed by candidates, but no law of that kind can be passed which will compel a complete accounting without making it a penal offense to contribute to the support of a candidate, except through official channels, where records are kept.

It has come to be true that it is useless for anyone but a rich man to seek important elective office unless he represents some powerful and widespread organization, or unless some other rich men secretly foot the bills. And, when that happens, it is almost never from personal friendship, but in the expectation that the candidate, if elected, will vote right on measures in which the donor is interested. And that he will generally do, nor will any previous bargain be necessary.

Of course, one who has already held high office is adequately advertised, either for good or ill, and, if in office during the campaign, he can so manage that the public will pay most of his election expenses—which is an additional advantage with which the poor man must contend.

Possibly, one of the greatest evils connected with political campaigns, as now conducted, is the power of money, through lavish advertising, to boost the unfit rich into office. The fact is, that, as between candidates who are not known through long periods of conspicuous public service, the general public has no means of distinguishing the fit from the unfit.—San Francisco Chronicle.

"THE SPOILERS" AT THE MAJESTIC THEATER WEDNESDAY AND THURSDAY NIGHTS

A special attraction will be at the Majestic theater, 1105 West Broadway, Wednesday and Thursday of this week, when the dramatization of Rex Beach's great novel, "The Spoilers," will be shown in a nine-reel feature picture, with William Farnum and Kathryn Williams playing the leads.

This picture is fresh from long runs in New York City and Chicago. The picture presents the most stubborn, strenuous and exciting fight ever pictured—the acme of realism. A thrilling story of strong men battling for supremacy with all their power of mind and muscle. In the picture there is a whole town dynamited and a volcanic earthquake. It is certainly a picture with a punch, and said by hundreds to be absolutely the best picture they ever had the opportunity of witnessing. To enable every citizen of Glendale to see "The Spoilers," the film will be shown six times in this city—Wednesday and Thursday matinees at 2 p. m. and 6:45 and 8:45 each evening.

QUESTION OF SUNDAY THEATRES IS DISCUSSED

H. B. LYNCH OF PUBLIC SERVICE DEPARTMENT MAKES REPORT TO TRUSTEES—J. W. HORNE CRANE, REV. E. H. WILLIS AND J. H. TROY DISCUSS PASSAGE OF THE GLENDALE THEATERS ON SUNDAY

The regular meeting of the board of trustees of the city of Glendale was held in the city hall Monday evening, January 11th, 1915.

There were present: O. A. Lane, president of the board, and Trustees Charles Grist, J. S. Thompson, A. W. Tower, George Williams; also present: T. W. Watson, city manager; J. C. Sherer, city clerk; W. E. Evans, city attorney; H. B. Lynch, manager of the public service department; Edw. M. Lynch, city engineer; G. B. Hoffman, treasurer; G. H. Herald, city marshal.

The clerk read the minutes of the preceding meeting and the same were approved.

As Mr. Lynch, manager of the public service department, wished to leave the meeting early in the evening, he was permitted to make his report first. He stated to the board that there had been some irregularity about charges for electric current used for power purposes. He asked permission to have the same adjusted. With common consent the board agreed to the request.

Mr. Lynch also called the attention of the board to the lack of system in receiving telephone communications at the city hall. He advised that as soon as convenient, there should be an exchange installed and provided with an operator who would be continually on duty to connect the different departments with the main line. Mr. Hoffman, treasurer, verified the remarks made by Mr. Lynch, stating that much of his time was consumed at present by answering the telephone in his office, and instructing the person calling as to what phone number he should call to get the department he desired.

The question of overcoming this telephone inconvenience was referred to the supply committee, the public service committee and the city manager. The monthly report of Health Officer Dr. R. E. Chase was read, in which Dr. Chase stated that there had been one case of typhoid fever, one case of diphtheria and one case of measles during the month.

A communication was read from the city trustees of San Fernando, stating that the board had taken steps to co-operate with the committee in Glendale appointed for the purpose of pushing the extension of Brand boulevard to Los Angeles.

W. E. Evans, city attorney, reported that in compliance with the request made by the board at a previous meeting, he had investigated as to the authority the board would have to close moving picture theaters on Sunday. It is his opinion that the board has the right to pass an ordinance declaring that the moving picture houses shall be closed on that day.

Protests were read objecting to the installation of lights on Kenwood street. The main reason given was the cost assessed against the property.

Protests were read against the improving of Patterson street and ordered placed on file.

The hearing of the protests on Adams street was taken up for consideration, but on account of the absence from the meeting of one of the property owners on that street, the hearing was postponed until 9 o'clock on the evening of Monday, January 18th.

The hearing of protests against the improvement of Eighth street and the building of a storm drain were taken up for consideration. There were a number of property owners present, who gave their reasons for protesting against the improvement. When it was learned that only from 500 to 700 feet of frontage were covered by the protests out of a possible frontage of many times that number of feet, a motion prevailed that the protests be denied. The portion of Eighth street to be improved lies in the eastern part of the city and adjoins the city of Eagle Rock.

City Engineer Edw. M. Lynch, who had been instructed at a previous meeting to prepare a resolution of intention concerning the vacation and abandonment for street and alley purposes of portions of land near the Intermediate school building, submitted the resolution for adoption by the board and same was adopted. The resolution is to vacate and abandon for street and alley purposes all that portion excepting the north 200 feet of that said alley extending from Third to Second streets in block seven of the town of Glendale. Said resolution is published in full elsewhere in this issue.

On motion the license ordinance requiring merchants, canvassers, peddlers and all persons doing business in Glendale to pay a license into the

city treasury, was taken up for first and second readings and was laid over for third reading at some future time.

An invitation was then extended to any person present wishing to address the board to do so at this time.

James W. Horne, director of the Kalem Moving Picture company, spoke on the subject of closing the moving picture shows on Sunday. His argument was mainly that there is a class of people whose time is taken up six days in the week at hard work and it is their desire to have some kind of wholesome amusement on Sunday, and if they cannot get the kind of amusement they want in Glendale, they will go to Los Angeles to get it. It is his opinion that moving picture shows, well conducted in Glendale, will afford opportunity for young people and others of our city to get the kind of entertainment they want without going to a large city where there are many temptations and allurements.

Mr. W. H. Crane also spoke on this subject, giving it as his opinion that it would be for the interests of the city to allow the picture shows to remain open on Sunday, as there are many good people who prefer to visit these places of amusement on that day.

Rev. E. H. Willis, as a representative of the Ministerial association of Glendale, advocated the closing of the moving picture shows on Sunday, stating that Sunday should be a day of quiet and that he considered it an indication that a city is growing lax in morals when such shows are allowed to remain open on the Sabbath. He argued that many people had been induced to purchase property in Glendale on account of its being a city of church-going people, and that persons who had thus invested money in property would greatly object to the desecration of the Sabbath in this way.

J. C. Beldin addressed the board, stating that he had noticed signs of an approaching storm in this respect for more than a year, and that he had hoped the storm could be averted. But from the appearance of things it is coming to a climax, and must be settled. He said that he is very much opposed to having any set of people dictate to him just what he shall do on Sunday so long as he is a law-abiding citizen. He thinks he is able to choose his kind of amusement for himself and family just as well or better than any minister in the town is able to choose it for him. He declared very emphatically that he thinks he is just as good a citizen and as ready to support that which is for the best interests of Glendale as any member of the Ministerial association who is taking an active part in requesting that the theaters be closed on Sunday. The speaker placed great emphasis on the fact that many of the young people are at present seeking places of amusement in the city on Sunday afternoons and evenings, and that all possible should be done to afford them entertainment in our own city. He thinks a boy or girl is much more safe attending a picture show in Glendale than in visiting any of the beach towns on Sunday. Mr. Beldin stated that he regretted very much that this fight had come up, because he feared that before it is settled it might throw things to the opposite extreme and that he and other good citizens will be called upon to get them back in line.

Rev. J. H. Troy spoke upon the subject, emphasizing the fact that the Sabbath day in Glendale should be a day of peace and quietness, and said that if he thought the conducting of moving picture shows is the best thing for the young people in the community, that he would engage in the moving picture show business himself, as he is very much in favor of doing the best he can to help the young people in the community in which he lives. He thinks there is only one moving picture concern operating on Sunday in this city that objects strenuously to closing on Sunday, that promises had been made some months ago from the other picture concerns that they would be willing to remain closed on that day.

The remarks made by the speakers on both sides of this question were very personal and show indications that the city will be divided on this question and that it can only be settled, as the board of trustees suggest, by a vote of the people. However, a motion prevailed later in the evening that a hearing be set for next Monday evening, January 18th, at 7:45 o'clock for the free discussion of the moving picture subject by all citizens wishing to participate in such a dis-

PROMPT EXECUTION

SPEEDY TRIAL AND SENTENCE SHOULD BE A WARNING TO HOLD-UP MEN

The present system of conducting trials of criminals and of pronouncing sentence upon criminals found guilty in courts, is faulty and offers an encouragement to toughs and hold-up men to carry on their terrible depredations.

When the guilty person is captured, a speedy trial and a prompt sentence would be the right kind of a warning to the hold-up men.

John Bostick, also known as Ralph Fariss, committed murder more than a year ago. He was found guilty of murder, but still lives, the date of execution being set for Jan. 15. That man, who has been given more notoriety through the city papers by weak-minded people than all the presidents of the United States ever were given.

Louis A. Larsen, who murdered his wife in the Verdugo hills, Glendale, more than a year ago, still lives, the date of execution being set for Jan. 22. There are many instances in which the executions of criminals is delayed just as in these cases. For sake of the warning to others, justice should be meted out promptly to these criminals. The man who was shot down a few hours after murdering the Tropic city marshal got what was coming to him in short order, and his speedy execution will be a warning to the hold-up men who are planning to rob and kill their fellow men.

What course is to be taken with the dead criminal's partner? Will he be kept in storage for a half year or more or will he get his sentence forthwith? Judges, courts, governors and others who have in their hands the handling of these criminal cases make a serious mistake in tolerating needless delay.

AGED MAN SUICIDES

Some time between three and eight o'clock this morning Jacob Neubauer, aged 84 years, took his own life in his apartment on Broadway in this city. Mr. Neubauer had been a great sufferer from kidney and bladder trouble and had mentioned on several occasions his intention of ending his suffering in that way.

Dr. Hall visited the aged sufferer at 3 o'clock this morning and went again to his room at 8 o'clock. He found Mr. Neubauer cold in death in the bathtub with his clothing on. He had shot himself with an antique specimen of firearm through the left breast. Mr. Neubauer's son, Dr. Frank Neubauer, a dentist living in Los Angeles, was notified of the sad occurrence. Mr. Neubauer had made Glendale his home for some time, preferring this city to Los Angeles, where he could have had a home with his son, his wife having died four years ago. He was a manufacturer of all kinds of hair goods and did excellent work. He was usually cheerful and optimistic in spite of his sufferings.

The remains are at the Pulliam undertaking parlors awaiting final arrangements for the funeral service. The body will be cremated in Los Angeles.

SECURES CITY POSITION

Mr. C. L. Gates, instructor in the commercial department of the Glendale Union high school, resigned on Monday morning, having secured a position of similar character at the Thirtieth street Intermediate school in Los Angeles.

Mr. Gates has been on the waiting list of the Los Angeles schools and goes to the city with a greatly increased salary. He was an excellent instructor and the many students in his departments are sorry to see him leave the local school, but all unite in wishing him success in his new position. Mr. Gates was the head instructor at Sherman Indian school at one time.

ADVISORY BOARD

The advisory board of directors of the Glendale Chamber of Commerce, consisting of Messrs. M. P. Harrison, W. W. McElroy, Herman Payne, W. H. Crane, A. B. Heacock, J. N. McGillis and E. U. Emery, will meet this afternoon at 5:40 at the office of the secretary, H. A. Wilson, 912 West Broadway.

The subject of this discussion will be whether there shall be a city ordinance passed prohibiting the keeping open of moving picture shows on Sunday. Citizens in general are asked to be present at this meeting to discuss the question. Adjournment.

THIEVES ARE FINED

GLENDALE LODGE OF ELKS ARRESTS THREE CULPRITS AT SAN FERNANDO

Thefts, large and small, are becoming so common that members of Glendale lodge of Elks, No. 1289, determined to make an example of the men who stole the large goose from in front of the Elks' clubrooms on Thanksgiving eve. It had been intended to raffle off this fine large bird and there was great consternation in the lodge when it turned up missing. After much preliminary detective work, goose tracks leading toward San Fernando were discovered and suspicion was directed toward certain members of Glendale lodge living in that part of the valley.

All clues seemed to lead in the same direction, so it was decided to go to San Fernando to make further investigations. Accordingly, a goodly delegation of Glendale Elks, accompanied by an officer of the law, armed with warrants for the arrest of four San Fernando members of Glendale lodge, went to that city on Monday evening. Three of these men, J. L. Hixon, E. A. Bemis and J. L. Duval were apprehended and placed under arrest, but Mr. Cody made his escape and is still wandering at large somewhere in the nearby hills.

Inquiry brought out the fact that these four men had stolen the goose and taken it to San Fernando, where they consulted other brothers in the lodge as to its disposition. It was suggested that the only right course to pursue was to return the goose, but this they were afraid to do.

While they were deliberating this elusive bird disappeared once more to re-appear tender and toothsome and a beautiful golden brown in the place of honor on the banquet table surrounded by San Fernando Elks. However, there were four vacant chairs at this banquet, as the men responsible for removing the goose from Glendale to San Fernando had failed to receive invitations.

The three culprits arrested Monday night were brought to Glendale and chained to a post in front of the clubrooms awaiting the hour set for their trial. After much evidence was heard and all concerned given a hearing, fines were imposed upon the prisoners which made the cost of the goose amount to \$2.72 per pound to them. With the added penalty of not being permitted to help devour the bird, the example made of these men will not be an incentive to further thefts, especially where Glendale Elks are concerned. Needless to say, these culprits felt very much like geese.

SEAGULLS NUMEROUS

On Sunday Mr. and Mrs. A. C. Anderson, who live at 501 Sycamore canyon road, received a visit from about two hundred seagulls. The birds seemed to come from over Verdugo mountain and there seemed to be a leader, who would fly away every little while and return with more birds.

Mr. and Mrs. Anderson fed them all the bread they had in the house and the gulls seemed so hungry that they could be approached very near. They walked around the yard like chickens and were very eager to get the food.

Mr. Thom, who lives on Isabel street, says a number of gulls come to his place almost every week, but not in such large numbers. It is not known whether they are driven inland by storms on the water or by hunger, or whether they just prefer our Glendale climate and hospitality, but come they did, and it was a strange and beautiful sight to see them.

SPEAK IT SOFTLY

A good story is told by one of the deputies in the county tax collector's office who is living in Glendale of a colored woman paying her taxes recently in Los Angeles. After the deputy had handed her the tax bill she said she couldn't read hand writing very well and asked how much she had to pay. He told her. She looked surprised and in a low tone of voice said:

"You shouldn't speak dat so loud; a policeman might be hangin' around here somewhere and if he should hear you trying to rob a poor old colored woman like dat he would pull you in."

NATURAL BEAUTY

Strangers who come to California this year should not fall into the mistaken impression that this state is all dolled up especially for exposition year and that it goes around in a faded kimono, with no roses in its hair, during years when there is nothing special to draw visitors this way. Truth is, California is just its natural self, this year—no more beautiful and fetching than usual. Note, too, that its beauty is natural, not artificial. Its hills have no drug-store complexion and its verdant, teeming valleys wear no make-up.

FARISS TO HANG

Ralph Fariss, otherwise known as John Bostick, who shot Horace Montague, a Southern Pacific traveling passenger agent while holding up a train near El Monte more than a year ago, will be hanged at San Quentin prison on Friday of this week unless the governor exercises further clemency.

Any attempt in congress to play politics at this juncture would be frostily received by the country.

WOMAN'S EMANCIPATION

There is not a woman anywhere to-day who would be without a
Western Electric Washer and Wringer

If she only knew the freedom from the wash-day drudgery it would bring to her.
We want you to come to-day and see this new machine—we want you to examine it—we want you to scrutinize every detail, inside and outside.
You will find it an innovation.
You simply put in the clothes and start the motor and in 10 to 15 minutes the clothes are washed beautifully white and clean with not a thread of the finest laces broken.
The clothes will last six times longer than when rubbed on the board. The heaviest woolen blankets, finest lace curtains, daintiest laces and lingerie are all the same on a Western Electric. It washes them perfectly and without the slightest injury.
Connect to any electric lamp socket.
We will send it to your home for 15 days' free trial.

PATRIOTISM BY PROXY

Making the best of a bad situation, a campaign orator replied to the claims of a rival candidate for office as follows:

"Fellow citizens, my competitor has told you of the services he rendered in the late war. I will follow his example and I will tell you of mine. He basely insinuates that I was deaf to the voice of honor in that crisis. The truth is I acted a humble part in that memorable contest. When the tocsin of war summoned the chivalry of the country to rally to the defense of the nation, I, fellow citizens, animated by that patriotic spirit that glows in every American bosom, hired a substitute for that war, and the bones of that man, fellow citizens, now lie bleaching in the valley of the Shenandoah!"
