Federal Register

5-31-05

Vol. 70 No. 103

Tuesday

May 31, 2005

Pages 30895-31320

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402 is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.archives.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge as one of the databases on GPO Access, a service of the U.S. Government Printing Office.

The online edition of the **Federal Register** www.gpoaccess.gov/nara, available through GPO Access, is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 59, Number 1 (January 2, 1994) forward.

For more information about GPO Access, contact the GPO Access User Support Team, call toll free 1-888-293-6498; DC area 202-512-1530; fax at 202-512-1262; or via e-mail at gpoaccess@gpo.gov. The Support Team is available between 7:00 a.m. and 9:00 p.m. Eastern Time, Monday-Friday, except official holidays.

The annual subscription price for the **Federal Register** paper edition is \$749 plus postage, or \$808, plus postage, for a combined **Federal Register**, **Federal Register Index** and **List of CFR Sections Affected (LSA)** subscription; the microfiche edition of the **Federal Register** including the **Federal Register Index** and **LSA** is \$165, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: New Orders, Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

How To Cite This Publication: Use the volume number and the page number. Example: 70 FR 12345.

Postmaster: Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Printing Office, Washington DC 20402, along with the entire mailing label from the last issue received.

FEDERAL REGISTER WORKSHOP

THE FEDERAL REGISTER: WHAT IT IS AND HOW TO USE IT

FOR: Any person who uses the Federal Register and Code of Federal Regulations.

WHO: Sponsored by the Office of the Federal Register.

WHAT: Free public briefings (approximately 3 hours) to present:
1. The regulatory process, with a focus on the Federal Register system and the public's role in the development of regulations.

2. The relationship between the Federal Register and Code of Federal Regulations.

3. The important elements of typical Federal Register documents.

4. An introduction to the finding aids of the FR/CFR system.

WHY: To provide the public with access to information necessary to research Federal agency regulations which directly affect them. There will be no discussion of specific agency regulations.

WHEN: Tuesday, July 19, 2005
9:00 a.m.-Noon

WHERE: Office of the Federal Register
Conference Room, Suite 700
800 North Capitol Street, NW
Washington, DC 20002

RESERVATIONS: (202) 741-6008

Printed on recycled paper.

Rules and Regulations

Federal Register

Vol. 70, No. 103

Tuesday, May 31, 2005

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 28

[CN-05-001]

RIN 0581-AC43

Revision of User Fees for 2005 Crop Cotton Classification Services to Growers

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: The Agricultural Marketing Service (AMS) will raise user fees for cotton producers for 2005 crop cotton classification services under the Cotton Statistics and Estimates Act. The 2004 user fee for this classification service was \$1.65 per bale. This rule will raise the fee for the 2005 crop to \$1.85 per bale with the program. This fee and the existing reserve are sufficient to cover the costs of providing classification services, including costs for administration and supervision.

DATES: *Effective Date:* July 1, 2005.

FOR FURTHER INFORMATION CONTACT:

Darryl Earnest, Acting Deputy Administrator, Cotton Program, AMS, USDA, Room 2641-S, STOP 0224, 1400 Independence Avenue, SW., Washington, DC 20250-0224. Telephone (202) 720-2145, facsimile (202) 690-1718, or e-mail darryl.earnest@usda.gov.

SUPPLEMENTARY INFORMATION: A proposed rule detailing the revisions was published in the *Federal Register* on April 26, 2005 (70 FR 21342). A 15-day comment period was provided for interested persons to respond to the proposed rule. No comments were received and no changes have been made in the provisions of the final rule.

Executive Order 12866

This rule has been determined to be not significant for purposes of Executive Order 12866; and, therefore has not been reviewed by the Office of Management and Budget (OMB).

Executive Order 12988

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. It is not intended to have retroactive effect. This rule would not preempt any state or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule. There are no administrative procedures that must be exhausted prior to any judicial challenge to the provisions of this rule.

Regulatory Flexibility Act

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) AMS has considered the economic impact of this action on small entities and has determined that its implementation will not have a significant economic impact on a substantial number of small businesses.

The purpose of the RFA is to fit regulatory actions to the scale of businesses subject to such actions so that small businesses will not be disproportionately burdened. There are an estimated 35,000 cotton growers in the U.S. who voluntarily use the AMS cotton classing services annually, and the majority of these cotton growers are small businesses under the criteria established by the Small Business Administration (13 CFR 121.201). The increase above the 2004 crop level as stated will not significantly affect small businesses as defined in the RFA because:

- (1) The fee represents a very small portion of the cost-per-unit (less than 0.4 cents per lb) currently borne by those entities utilizing the services. (The 2004 user fee for classification services was \$1.65 per 500 pound bale; the fee for the 2005 crop will be increased to \$1.85 per 500 pound bale; the 2005 crop is estimated at 18,750,000 bales).
- (2) The fee for services will not affect competition in the marketplace; and
- (3) The use of classification services is voluntary. For the 2004 crop, 22,815,000 bales were produced. Almost all of these bales were voluntarily submitted by growers for the classification service.

(4) Based on the average price paid to growers for cotton from the 2003 crop of 61.8 cents per pound, 500 pound bales of cotton are worth an average of \$309 each. The user fee for classification services, \$1.85 per bale, is less than one percent of the value of an average bale of cotton.

Paperwork Reduction Act

In compliance with OMB regulations (5 CFR part 1320), which implement the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), the information collection requirements contained in the provisions to be amended by this rule have been previously approved by OMB and were assigned OMB control number 0581-AC34.

Fees for Classification Under the Cotton Statistics and Estimates Act of 1927

The user fee charged to cotton producers for High Volume Instrument (HVI) classification services under the Cotton Statistics and Estimates Act (7 U.S.C. 473a) was \$1.65 per bale during the 2004 harvest season, as determined by using the formula provided in the Uniform Cotton Classing Fees Act of 1987, as amended by Public Law 102-237. The fees cover salaries, costs of equipment and supplies, and other overhead costs, including costs for administration, and supervision.

This final rule establishes the user fee charged to producers for HVI classification at \$1.85 per bale during the 2005 harvest season.

Public Law 102-237 amended the formula in the Uniform Cotton Classing Fees Act of 1987 for establishing the producer's classification fee so that the producer's fee is based on the prevailing method of classification requested by producers during the previous year. HVI classing was the prevailing method of cotton classification requested by producers in 2004. Therefore, the 2005 producer's user fee for classification service is based on the 2004 base fee for HVI classification.

The fee was calculated by applying the formula specified in the Uniform Cotton Classing Fees Act of 1987, as amended by Public Law 102-237. The 2004 base fee for HVI classification exclusive of adjustments, as provided by the Act, was \$2.32 per bale. An increase of 2.51 percent, or 5 cents per bale, due to the implicit price deflator of the gross domestic product added to the \$2.32 would result in a 2005 base fee of \$2.37

per bale. The formula in the Act provides for the use of the percentage change in the implicit price deflator of the gross national product (as indexed for the most recent 12-month period for which statistics are available). However, gross national product has been replaced by gross domestic product by the Department of Commerce as a more appropriate measure for the short-term monitoring and analysis of the U.S. economy.

The number of bales to be classed by the United States Department of Agriculture from the 2005 crop is estimated at 18,096,563 bales. The 2005 base fee was decreased 15 percent based on the estimated number of bales to be classed (1 percent for every 100,000 bales or portion thereof above the base of 12,500,000, limited to a maximum decreased adjustment of 15 percent). This percentage factor amounts to a 35 cents per bale reduction and was subtracted from the 2005 base fee of \$2.37 per bale, resulting in a fee of \$2.02 per bale.

With a fee of \$2.02 per bale, the projected operating reserve would be 32.45 percent. The Act specifies that the Secretary shall not establish a fee which, when combined with other sources of revenue, will result in a projected operating reserve of more than 25 percent. Accordingly, the fee of \$2.02 was required to be reduced by 17 cents per bale, to \$1.85 per bale, to provide an ending accumulated operating reserve for the fiscal year of not more than 25 percent of the projected cost of operating the program. This would establish the 2005 season fee at \$1.85 per bale.

Accordingly, § 28.909, paragraph (b) is revised to reflect the increase of the HVI classification fee from \$1.65 to \$1.85 per bale.

As provided for in the Uniform Cotton Classing Fees Act of 1987, as amended, a 5 cent per bale discount would continue to be applied to voluntary centralized billing and collecting agents as specified in § 28.909(c).

Growers or their designated agents receiving classification data would continue to incur no additional fees if classification data is requested only once. The fee for each additional retrieval of classification data in § 28.910 will remain at 5 cents per bale. The fee in § 28.910(b) for an owner receiving classification data from the National database will remain at 5 cents per bale, and the minimum charge of \$5.00 for services provided per monthly billing period will remain the same. The provisions of § 28.910(c) concerning the fee for new classification memoranda issued from the National database for

the business convenience of an owner without reclassification of the cotton will remain the same at 15 cents per bale or a minimum of \$5.00 per sheet.

The fee for review classification in § 28.911 will be increased from \$1.65 to \$1.85 per bale.

The fee for returning samples after classification in § 28.911 will remain at 40 cents per sample.

List of Subjects in 7 CFR Part 28

Administrative practice and procedure, Cotton, Cotton samples, Grades, Market news, Reporting and record keeping requirements, Standards, Staples, Testing, Warehouses.

■ For the reasons set forth in the preamble, 7 CFR part 28 is amended as follows:

PART 28—[AMENDED]

■ 1. The authority citation for 7 CFR part 28, subpart D, continues to read as follows:

Authority: 7 U.S.C. 471–476.

■ 2. In § 28.909, paragraph (b) is revised to read as follows:

§ 28.909 Costs.

(b) The cost of High Volume Instrument (HVI) cotton classification service to producers is \$1.85 per bale.

■ 3. In § 28.911, the last sentence of paragraph (a) is revised to read as follows:

§ 28.911 Review classification.

(a) * * * The fee for review classification is \$1.85 per bale.

Dated: May 26, 2005.

Kenneth C. Clayton,

Acting Administrator, Agricultural Marketing Service.

BILLING CODE 1505–01–D

NUCLEAR REGULATORY COMMISSION

10 CFR Part 10

RIN 3150–AH69

Delegation Changes

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Nuclear Regulatory Commission (NRC) is revising its regulations to change the references from Deputy Executive Director for Management Services to Deputy Executive Director for Information Services and Administration and Chief Information Officer. The revision is necessary to reflect a recent realignment in the Office of the Executive Director for Operations. This final rule is necessary to inform the public of organizational changes within the NRC.

DATES: Effective May 31, 2005.

FOR FURTHER INFORMATION CONTACT: Alzon Shepard, Regulations Specialist, Rules and Directives Branch, Division of Administrative Services, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, Telephone (301) 415–6864, e-mail aws1@nrc.gov.

SUPPLEMENTARY INFORMATION: On January 6, 2005, the NRC announced a realignment of functions of the Office of the Executive Director for Operations. With the realignment, some of the functions assigned previously to the Deputy Executive Director for Management Services are assigned to the Deputy Executive Director for Information Services and Administration and Chief Information Officer.

Because these amendments constitute minor administrative changes to the

regulations concerning agency organization, the notice and comment provisions of the Administrative Procedure Act do not apply under 5 U.S.C. 553(b)(B). The amendments are effective upon publication in the **Federal Register**. Good cause exists under 5 U.S.C. 553(d) to dispense with the usual 30-day delay in the effective date of the final rule, because the amendments are of a minor and administrative nature dealing with changes to certain CFR sections, which do not require action by any person or entity regulated by the NRC. Further, the final rule does not change the substantive responsibilities of any person or entity regulated by the NRC.

Environmental Impact: Categorical Exclusion

The NRC has determined that this final rule is the type of action described in categorical exclusion 10 CFR 51.22(c)(2). Therefore, neither an environmental impact statement nor an environmental assessment has been prepared for this final rule.

Paperwork Reduction Act Statement

This final rule does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Existing requirements were approved by the Office of Management and Budget, approval numbers 3150-0053; 3150-0044; 3150-0010; 3150-0130; 3150-0020; and 3150-0011.

Public Protection Notification

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information of an information collection requirement unless the requesting document displays a currently valid OMB control number.

List of Subjects in 10 CFR Part 10

Administrative practice and procedure, Classified information, Government employees, Security measures.

■ For the reasons set forth in the preamble and under the authority of the Atomic Energy Act of 1954, as amended; the Energy Reorganization Act of 1974, as amended; and 5 U.S.C. 552 and 553, the NRC is adopting the following amendments to 10 CFR part 10.

PART 10—CRITERIA AND PROCEDURES FOR DETERMINING ELIGIBILITY FOR ACCESS TO RESTRICTED DATA OR NATIONAL SECURITY INFORMATION OR AN EMPLOYMENT CLEARANCE

■ 1. The authority citation for Part 10 continues to read as follows:

Authority: Secs. 145, 161, 68 Stat. 942, 948, as amended (42 U.S.C. 2165, 2201); sec. 201, 88 Stat. 1242, as amended (42 U.S.C. 5841); E.O. 10450, 3 CFR parts 1949-1953 COMP., p. 936, as amended; E.O. 10865, 3 CFR 1959-1963 COMP., p. 398, as amended; 3 CFR Table 4; E.O. 12968, 3 CFR 1995 COM., p. 396.

PART 10—[AMENDED]

■ 2. In 10 CFR Part 10, revise the phrase "Deputy Executive Director for Management Services" to read "Deputy Executive Director for Information Services and Administration and Chief Information Officer" wherever it appears.

Dated in Rockville, Maryland, this 12th day of May, 2005.

For the Nuclear Regulatory Commission.

Luis A. Reyes,

Executive Director for Operations.

BILLING CODE 7590-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 97

[Docket No. 30446; Amdt. No. 3123]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective May 31, 2005. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of May 31, 2005.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The Flight Inspection Area Office which originated the SIAP; or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

For Purchase—Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

By Subscription—Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT:

Donald P. Pate, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are

identified as FAA Forms 8260-3, 8260-4, and 8260-5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (NFDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under

Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

SECURITIES AND EXCHANGE COMMISSION

17 CFR Part 232

[Release Nos. 33-8573; 34-51710; 35-27970; 39-2436; IC-26872]

RIN 3235-AG96

Adoption of Updated EDGAR Filer Manual

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Securities and Exchange Commission (the Commission) is adopting revisions to the Electronic Data Gathering, Analysis, and Retrieval System (EDGAR) Filer Manual to reflect updates to the EDGAR system. The revisions are being made primarily to support the amended rules and forms adopted by the Commission to address the registration, disclosure and reporting requirements for asset-backed securities under the Securities Act of 1933 and the Securities Exchange Act of 1934. Revisions are also being made to suspend any submission if any of its attached files are empty, to upgrade the EDGARLink Java Runtime Environment (JRE) from version 1.3 to 1.4.1_03, and to upgrade the EDGAR Filing Web site, the OnlineForms Web site and the Filer Management Web site to support the latest version of the Netscape browser (Netscape 7.x) and drop support for outdated Netscape 4.0x through 4.7 browsers.

The revisions to the Filer Manual reflect changes within Volumes I, II and III, entitled "EDGAR Release 9.0 EDGARLink Filer Manual," "EDGAR Release 9.0 N-SAR Supplement Filer Manual," and "EDGAR Release 9.0 OnlineForms Filer Manual" respectively. The updated manual will be incorporated by reference into the Code of Federal Regulations.

DATES: Effective June 6, 2005. The incorporation by reference of the EDGAR Filer Manual is approved by the Director of the Federal Register as of June 6, 2005.

FOR FURTHER INFORMATION CONTACT: In the Office of Information Technology, Rick Heroux, at (202) 551-8800; for questions concerning the asset-backed securities filings, in the Division of Corporation Finance, Jennifer G. Williams, at (202) 551-3349; for questions concerning the Division of Corporation Finance filings, in the Division of Corporation Finance, Herbert Scholl, Office Chief, EDGAR and Information Analysis, at (202) 942-2940; for questions concerning the

Division of Investment Management filings, in the Division of Investment Management, Ruth Armfield Sanders, Senior Special Counsel, at (202) 551-6989; and, in the Office of Filings and Information Services, Shirley Slocum, at (202) 942-8900.

SUPPLEMENTARY INFORMATION: Today we are adopting an updated EDGAR Filer Manual (Filer Manual). The Filer Manual describes the technical formatting requirements for the preparation and submission of electronic filings through the EDGAR system.¹ It also describes the requirements for filing using modernized EDGARLink.²

The Filer Manual contains all the technical specifications for filers to submit filings using the EDGAR system. Filers must comply with the applicable provisions of the Filer Manual in order to assure the timely acceptance and processing of filings made in electronic format.³ Filers should consult the Filer Manual in conjunction with our rules governing mandated electronic filing when preparing documents for electronic submission.⁴

¹ We originally adopted the Filer Manual on April 1, 1993, with an effective date of April 26, 1993. Release No. 33-6986 (April 1, 1993) [58 FR 18638]. We implemented the most recent update to the Filer Manual on February 7, 2005. See Release No. 33-8528 (February 3, 2005) [70 FR 6573].

² This is the filer assistance software we provide filers filing on the EDGAR system.

³ See Rule 301 of Regulation S-T (17 CFR 232.301).

⁴ See Release Nos. 33-6977 (February 23, 1993) [58 FR 14628], IC-19284 (February 23, 1993) [58 FR 14848], 35-25746 (February 23, 1993) [58 FR 14999], and 33-6980 (February 23, 1993) [58 FR 15009] in which we comprehensively discuss the rules we adopted to govern mandated electronic filing. See also Release No. 33-7122 (December 19, 1994) [59 FR 67752], in which we made the EDGAR rules final and applicable to all domestic registrants; Release No. 33-7427 (July 1, 1997) [62 FR 36450], in which we adopted minor amendments to the EDGAR rules; Release No. 33-7472 (October 24, 1997) [62 FR 58647], in which we announced that, as of January 1, 1998, we would not accept in paper filings that we require filers to submit electronically; Release No. 34-40934 (January 12, 1999) [64 FR 2843], in which we made mandatory the electronic filing of Form 13F; Release No. 33-7684 (May 17, 1999) [64 FR 27888], in which we adopted amendments to implement the first stage of EDGAR modernization; Release No. 33-7855 (April 24, 2000) [65 FR 24788], in which we implemented EDGAR Release 7.0; Release No. 33-7999 (August 7, 2001) [66 FR 42941], in which we implemented EDGAR Release 7.5; Release No. 33-8007 (September 24, 2001) [66 FR 49829], in which we implemented EDGAR Release 8.0; Release No. 33-8224 (April 30, 2003) [66 FR 24345], in which we implemented EDGAR Release 8.5; Release Nos. 33-8255 (July 22, 2003) [68 FR 44876] and 33-8255A (September 4, 2003) [68 FR 53289] in which we implemented EDGAR Release 8.6; Release No. 33-8409 (April 19, 2004) [69 FR 21954] in which we implemented EDGAR Release 8.7; Release No. 33-8454 (August 6, 2004) [69 FR 49803] in which we implemented EDGAR Release 8.8; and Release No. 33-8528 (February 3, 2005) [70 FR 6573] in which we implemented EDGAR Release 8.10.

The revisions are being made primarily to support the amended rules and forms adopted by the Commission to address the registration, disclosure and reporting requirements for asset-backed securities⁵ under the Securities Act of 1933 and the Securities Exchange Act of 1934. Specifically, we will be adding new submission form types 10-D, 10-D/A, NT 10-D and NT 10-D/A, new exhibits 33, 34 and 35, and new Form 8-K items 6.01, 6.02, 6.03, 6.04 and 6.05. There will be a new capability available from the EDGAR Filing and the OnlineForms Web sites to allow depositors to request the creation of EDGAR access codes for issuing entities.

In addition, issuing entities will be able to file a prospectus filed pursuant to Securities Act Rule 424 as their first filing as a co-registrant with the depositor by providing their own central index key (CIK), CIK confirmation code (CCC) and "NEW" as the file number in the co-registrant fields. Form 8-K and Form 8-A will also be able to be submitted as the issuing entities first filing.

Revisions are also being made to suspend any submission if any of its attached files are empty and to upgrade the EDGAR Filing Web site, the OnlineForms Web site and the Filer Management Web site to support the latest version of the Netscape browser (Netscape 7.x) and drop support for outdated Netscape 4.0x through 4.7 browsers.

For EDGAR Release 9.0, the EDGARLink software and submission templates 1, 2, 3 and 5 will be updated to support the aforementioned submission form type changes. The EDGARLink Java Runtime Environment (JRE) will also be upgraded from version 1.3 to 1.4.1_03. It is highly recommended that filers download, install, and use the new EDGARLink software and submission templates to ensure that submissions will be processed successfully. Previous versions of the templates may not work properly. Notice of the update has previously been provided on the EDGAR Filing Web site and on the Commission's public Web site. The discrete updates are reflected on the EDGAR Filing Web site and in the updated Filer Manual Volumes.

Along with adoption of the Filer Manual, we are amending Rule 301 of Regulation S-T to provide for the incorporation by reference into the Code of Federal Regulations of today's

6573] in which we implemented EDGAR Release 8.10.

⁵ See Release No. 33-8518 (December 22, 2004) [70 FR 1506].

revisions. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51.

You may obtain paper copies of the updated Filer Manual at the following address: Public Reference Room, U.S. Securities and Exchange Commission, 100 F Street, NE., Room 1580, Washington DC 20549. We will post electronic format copies on the Commission's Web site; the address for the Filer Manual is <http://www.sec.gov/info/edgar.shtml>. You may also obtain copies from Thomson Financial Inc, the paper contractor for the Commission, at (800) 638-8241.

Since the Filer Manual relates solely to agency procedures or practice, publication for notice and comment is not required under the Administrative Procedure Act (APA).⁶ It follows that the requirements of the Regulatory Flexibility Act⁷ do not apply.

The effective date for the updated Filer Manual and the rule amendments is June 6, 2005. In accordance with the APA,⁸ we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The EDGAR system upgrade to Release 9.0 is scheduled to become available on June 6, 2005. The Commission believes that it is necessary to coordinate the effectiveness of the updated Filer Manual with the scheduled system upgrade.

Statutory Basis

We are adopting the amendments to Regulation S-T under Sections 6, 7, 8, 10, and 19(a) of the Securities Act of 1933,⁹ Sections 3, 12, 13, 14, 15, 23, and 35A of the Securities Exchange Act of 1934,¹⁰ Section 20 of the Public Utility Holding Company Act of 1935,¹¹ Section 319 of the Trust Indenture Act of 1939,¹² and Sections 8, 30, 31, and 38 of the Investment Company Act of 1940.¹³

Text of the Amendment

■ In accordance with the foregoing, Title 17, Chapter II of the Code of Federal Regulations is amended as follows:

⁶ 5 U.S.C. 553(b).

⁷ 5 U.S.C. 601-612.

⁸ 5 U.S.C. 553(d)(3).

⁹ 15 U.S.C. 77f, 77g, 77h, 77j, and 77s(a).

¹⁰ 15 U.S.C. 78c, 78l, 78m, 78n, 78o, 78w, and 78ll.

¹¹ 15 U.S.C. 79t.

¹² 15 U.S.C. 77sss.

¹³ 15 U.S.C. 80a-8, 80a-29, 80a-30, and 80a-37.

PART 232—REGULATION S-T— GENERAL RULES AND REGULATIONS FOR ELECTRONIC FILINGS

■ 1. The authority citation for part 232 continues to read in part as follows:

Authority: 15 U.S.C. 77f, 77g, 77h, 77j, 77s(a), 77sss(a), 78c(b), 78l, 78m, 78n, 78o(d), 78w(a), 78ll(d), 79t(a), 80a-8, 80a-29, 80a-30, 80a-37, and 7201 *et seq.*; and 18 U.S.C. 1350.

* * * * *

■ 2. Section 232.301 is revised to read as follows:

§ 232.301 EDGAR Filer Manual.

Filers must prepare electronic filings in the manner prescribed by the EDGAR Filer Manual, promulgated by the Commission, which sets out the technical formatting requirements for electronic submissions. The requirements for filers using modernized EDGARLink are set forth in the EDGAR Release 9.0 EDGARLink Filer Manual Volume I, dated June 2005. Additional provisions applicable to Form N-SAR filers and Online Forms filers are set forth in the EDGAR Release 9.0 N-SAR Supplement Filer Manual Volume II, dated June 2005, and the EDGAR Release 9.0 OnlineForms Filer Manual Volume III, dated June 2005. All of these provisions have been incorporated by reference into the Code of Federal Regulations, which action was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR Part 51. You must comply with these requirements in order for documents to be timely received and accepted. You can obtain paper copies of the EDGAR Filer Manual from the following address: Public Reference Room, U.S. Securities and Exchange Commission, 100 F Street, NE., Room 1580, Washington, DC 20549 or by calling Thomson Financial Inc at (800) 638-8241. Electronic format copies are available on the Commission's Web site. The address for the Filer Manual is <http://www.sec.gov/info/edgar.shtml>. You can also photocopy the document at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

By the Commission.

Dated: May 19, 2005.

Margaret H. McFarland,

Deputy Secretary.

BILLING CODE 8010-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[CGD05-05-061]

RIN 1625-AA-09

Drawbridge Operation Regulations; Spa Creek, MD

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Fifth Coast Guard District, has approved a temporary deviation from the regulations governing the operation of the S181 Bridge across the Spa Creek, at mile 0.4, at Annapolis, in MD. This deviation allows the drawbridge to remain in the closed-to-navigation position each day from 10 p.m. to 5 a.m., beginning July 6, 2005, through August 31, 2005, to facilitate sandblasting and painting operations of the bridge.

DATES: This deviation is effective from 10 p.m. beginning July 6, 2005, to 5 a.m. through August 31, 2005.

FOR FURTHER INFORMATION CONTACT: Gary Heyer, Bridge Management Specialist, Fifth Coast Guard District, at (757) 398-6629.

SUPPLEMENTARY INFORMATION: The Maryland State Highway Authority, who owns and operates the S181 Bridge, has requested a temporary deviation from the operating regulation to facilitate needed sandblasting and painting of the bridge.

To facilitate this operation, the lift span will be locked in the closed-to-navigation position each day from 10 p.m. to 5 a.m. beginning July 6, 2005, until and including August 31, 2005. During these closure periods, the process requires completely immobilizing the operation of the lift span in the closed-to-navigation position. At all other times, the bridge will operate in accordance with the current operating regulations outlined in 33 CFR 117.571.

The Coast Guard has informed the known users of the waterway of the closure periods for the bridge so that these vessels can arrange their transits to minimize any impact caused by the temporary deviation.

The District Commander has granted temporary deviation from the operating requirements listed in 33 CFR 117.35 for the purpose of repair completion of the drawbridge. The temporary deviation allows the S181 Bridge across the Spa

Creek, at mile 0.4, at Annapolis, MD, to remain in the closed-to-navigation position each day from 10 p.m. to 5 a.m. beginning July 6, 2005, through August 31, 2005.

Dated: May 20, 2005.

Waverly W. Gregory, Jr.,

Chief, Bridge Administration Branch, Fifth Coast Guard District.

BILLING CODE 4910-15-P

LIBRARY OF CONGRESS

Copyright Royalty Board

37 CFR Chapter III

[Docket No. RM 2005-1]

Procedural Regulations for the Copyright Royalty Board

AGENCY: Copyright Royalty Board, Library of Congress.

ACTION: Procedural regulations with request for comments.

SUMMARY: The Interim Chief Copyright Royalty Judge, on behalf of the Copyright Royalty Board of the Library of Congress, is issuing these regulations, governing the organization, administration, and procedures of the Board, for immediate use in proceedings that are subject to the jurisdiction of Copyright Royalty Judges. Public comments are sought on these regulations.

DATES: These regulations are effective on May 31, 2005.

Written comments should be received no later than June 30, 2005. Reply comments should be received no later than July 21, 2005.

ADDRESSES: If hand delivered by a private party, an original and five copies of comments and reply comments must be brought to Room LM-401 of the James Madison Memorial Building, Monday through Friday, between 8:30 a.m. and 5 p.m., and the envelope must be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000. If delivered by a commercial courier (excluding overnight delivery services such as Federal Express, United Parcel Service and similar overnight delivery services), an original and five copies of comments and reply comments must be delivered to the Congressional Courier Acceptance Site located at 2nd and D Street, NE., Monday through Friday, between 8:30 a.m. and 4 p.m., and the envelope must be addressed as follows:

Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-403, 101 Independence Avenue, SE., Washington, DC 20559-6000. If sent by mail (including overnight delivery using United States Postal Service Express Mail), an original and five copies of comments and reply comments must be addressed to: Copyright Royalty Board, P.O. Box 70977, Southwest Station, Washington, DC 20024-0977. Comments and reply comments may not be delivered by means of overnight delivery services such as Federal Express, United Parcel Service, etc., due to delays in processing receipt of such deliveries.

FOR FURTHER INFORMATION CONTACT:

William J. Roberts, Jr., Senior Attorney, or Abioye E. Oyewole, CRB Program Specialist. Telephone (202) 707-8380. Telefax: (202) 252-3423.

SUPPLEMENTARY INFORMATION: On November 30, 2004, the President signed into law the Copyright Royalty and Distribution Reform Act of 2004 (the "Reform Act"), Public Law 108-419, 118 Stat. 2341. This Act, which becomes effective on May 31, 2005, amends the Copyright Act, title 17 of the United States Code with respect to the administration of the various statutory copyright licenses, phasing out the Copyright Arbitration Royalty Panel ("CARP") system and replacing the arbitrators with three permanent Copyright Royalty Judges.¹

Statutory licenses, sometimes referred to as "compulsory" licenses, enable a person to use copyrighted materials unilaterally, without contractual permission of the owners of the materials; so long as the user complies with applicable reporting and royalty payment obligations, such uses are not infringements of the owners' copyright. The first statutory license, created in 1909, allowed manufacturers of piano rolls to use copyrighted nondramatic musical works; the license fee was set by Congress in the statute. See, *Recording Industry Ass'n v. Copyright Royalty Tribunal*, 662 F.2d 1 (D.C. Cir. 1981). In 1976, as part of major revisions to the Copyright Act, Congress greatly enlarged the regime for statutory licenses, reflecting the development of

new communications industries and media. Henceforth, the rates for the statutory licenses would be adjusted by administrative decision. And, in those instances where the statutory license fees would be paid into royalty pools (as opposed to payments made directly to copyright owners), the 1976 amendments to the Copyright Act set up administrative proceedings to adjudicate distribution disputes. See, *Christian Broadcasting Network, Inc. v. Copyright Royalty Tribunal*, 720 F.2d 1295, 1300 (D.C. Cir. 1983).

Finding the right administrative structure to set rates and make distributions for the expanded array of statutory licenses has proven problematic. Initially, Congress established a stand-alone administrative agency—the former Copyright Royalty Tribunal—to perform these tasks. However, "there was insufficient work to justify the existence of a permanent body * * *". *National Ass'n of Broadcasters v. Librarian of Congress*, 146 F.3d 907, 912 (D.C. Cir. 1998). Next, in 1993, Congress transferred the ratemaking and distribution functions to the Library of Congress. In cases where the parties could not reach agreement, the controversies would be referred to an *ad hoc* CARP. The CARP decisions were then reviewed by the Librarian for possible arbitrariness. *Id.* at 912-13. But the CARP system presented perceived problems of continuity, consistency, and expense.

Under the Reform Act, three permanent Copyright Royalty Judges will be appointed by the Librarian of Congress to encourage settlements and, when necessary, resolve statutory license disputes. The expectation is that the Copyright Royalty Judges, appointed to staggered, six-year terms, will provide greater decisional stability, yielding the advantages of the former Copyright Royalty Tribunal, but with greater efficiency and expertise. On February 7, 2005, the Librarian of Congress appointed an interim Chief Copyright Royalty Judge and the Copyright Royalty Board ("CRB" or "Board") was subsequently established within the Library of Congress to house the Copyright Royalty Judges.

These regulations implement the requirement of section 803(b)(6)(A) of the Copyright Act² that directs the Copyright Royalty Judges to "issue regulations to govern [their] proceedings" within 120 days of their

¹ Under the Act, the Copyright Royalty Judges will conduct proceedings to " * * * make determinations and adjustments of reasonable terms and rates of royalty payments as provided in [Copyright Act] sections 112(e), 114, 115, 116, 118, 119 and 1004," "to make determinations concerning the adjustment of the copyright royalty rates under [Copyright Act] section 111," to authorize distributions under sections 111, 119, and 1007 of the Act, and "[t]o determine the status of a digital audio recording device or a digital audio interface device under sections 1002 and 1003, as provided in section 1010." See 17 U.S.C. 801(b).

² Unless otherwise noted, all references are to Chapter 8 of title 17 of the United States Code as in effect on May 31, 2005.

appointment.³ Congress did not intend for these regulations to be issued as "proposed rules" or "interim regulations."⁴ Hence, unless amended, these regulations will be used in the copyright statutory license proceedings conducted by the Copyright Royalty Judges under the Reform Act.⁵ Nevertheless, comments are sought at this time to identify the need for prompt correction of any errors and to inform the incoming, permanent Copyright Royalty Judges as to any need for further rulemaking proceedings.

The Reform Act prescribes, to an exceptionally detailed degree, the procedures that must be adopted for use in proceedings before the Copyright Royalty Judges. These regulations track those statutory requirements. Also, these regulations are often drawn from the procedural regulations used by the Copyright Office for the conduct of CARP proceedings. However, interested persons are encouraged to carefully scrutinize these regulations, as these CRB regulations do depart from the CARP procedural regulations in a number of instances. Comments are sought especially to identify any possible, inadvertent inconsistencies between these regulations and the requirements of the Copyright Act. Any comments that would bring to the Board's attention areas where further procedural guidance would be helpful, or where these regulations have created unnecessary burdens, would be most welcome.

The following items may be of particular interest:

Reservation of Copyright Act Legal Issues to the Register of Copyrights. A distinctive feature of the adjudicative regime set up by the Reform Act is its formal division of fact and copyright law determinations.

Under the Reform Act, Copyright Royalty Judges are guaranteed "full independence in making determinations concerning adjustments and

determinations of copyright royalty rates and terms, the distribution of copyright royalties, the acceptance or rejection of royalty claims, rate adjustment petitions, and petitions to participate, and in issuing other rulings under this title * * *" 17 U.S.C. 802(f)(1)(A)(i). These findings, determinations, and rulings of the Copyright Royalty Judges are not reviewable, at the administrative level, by any other official. The final determinations of the Copyright Royalty Judges will go directly to the court for judicial review, when sought. 17 U.S.C. 803(d).⁶

At the same time, the Reform Act reserves to the Register of Copyrights control over Copyright Act interpretive policy. The Register "may review for legal error the resolution by the Copyright Royalty Judges of a material question of substantive law under this title that underlies or is contained in a final determination of the Copyright Royalty Judges." 17 U.S.C. 802(f)(1)(D). The statute also provides for referrals of significant Copyright Act interpretive issues to the Register, prior to a final determination, during the course of ongoing Copyright Royalty Judge proceedings. Referral of a "material question of substantive law * * *" is discretionary, something one or more of the presiding Copyright Royalty Judges "may request * * *" 17 U.S.C. 802(f)(1)(A) (emphasis added), on their motion or on the motion of a participant in a proceeding. But, if the material question of substantive law is a "novel" one, "the Copyright Royalty Judges shall request a decision of the Register of Copyrights." 17 U.S.C. 802(f)(1)(B) (emphasis added). These regulations provide procedures for the discretionary and mandatory interlocutory referrals.

The Reform Act anticipates possible instances where a determination of the Copyright Royalty Judges is perceived by the Register of Copyrights to be inconsistent with the Register's interpretation of the Copyright Act, but

their decision has become final and is judicially reviewable. 17 U.S.C. 802(f)(1)(D). This would be a most undesirable situation for all concerned. These procedural regulations seek to minimize the likelihood of such an event by attempting to identify referable "material questions" at the earliest possible stage of the proceedings and by encouraging orderly interlocutory referrals. Public comments suggesting how these regulations might further reduce the likelihood of post-decision disputes are particularly invited.

More generally, the regulations implementing section 802(f) are intended to insure that the manifest, plenary authority of the Register of Copyrights to control interpretations of the Copyright Act is fully honored, while averting avoidable interruptions and delays in ongoing proceedings. Comments are sought on any possible refinements to these regulations that would better meet these goals.

Petitions to Participate.

Content. The Copyright Arbitration Royalty Panel regulations do not specify the content of a notice of intent to participate. It has been the practice of the Copyright Office to require, in the request for notices of intent to participate, the claimant's full name, address, telephone number, facsimile number (if any), and e-mail address (if any); the phase or phases of the proceeding that were involved, if applicable;⁷ and a statement of intent to fully participate. See, *Ascertainment of Controversy for the 2002 Cable Royalty Funds*, 69 FR 44548, 44549 (July 26, 2004). The Board is codifying this *de minimis* information requirement in its regulations.

In addition, the Copyright Act now stipulates that a person must have a "significant interest" in order to participate "in the proceeding." 17 U.S.C. 803(b)(2)(C). The Act does not define a "significant interest"; it is a term of art that had been used in the CARP program to screen petitions. See, 37 CFR 251.62. In past practice, the Copyright Office has required a putative participant to show some financial stake in the outcome of the proceeding in order to present a "significant interest." The regulations adopted herewith, § 351.1(b)(1), simply carry forward the statutory language, without further elaboration. Comments are invited on whether the Board's regulations should be amended to include more specific guidelines on "significant interest."

⁷ For an explanation of the two phases in cable and satellite royalty pool distribution proceedings, see, e.g., *Distribution of 1998 and 1999 Cable Royalty Funds*, 69 FR 3606, 3607 (January 26, 2004).

³ Subsection (a) of section 6 of the Reform Act, the "effective date and transition provisions," required the appointment of one or more interim Copyright Royalty Judges, within 90 days of enactment, to perform the functions of the permanent Copyright Royalty Judges until they are appointed.

⁴ See Copyright Act section 803(b)(6)(B), directing that the CARP regulations will serve as the "interim regulations" for the Copyright Royalty Judges until the regulations under subparagraph (A) are adopted.

⁵ Ongoing proceedings that are being conducted under the CARP system regulations, 37 CFR Part 251, will continue to use those regulations. Similarly, the existing substantive provisions for compulsory license rates and distributions, 37 CFR Parts 253-256, 258, and 260-262, will remain in effect, as codified in Chapter II, until superseded by the decisions and regulations of the Copyright Royalty Judges pursuant to the Reform Act.

⁶ This "full[y] independen[t]" role is very different from that of a typical, federal administrative law judge (ALJ) rendering recommended decisions for an agency. Compare, e.g., 46 CFR 502.227(a)(6) (Federal Maritime Commission retains plenary authority to override decision of the ALJ); 30 U.S.C. 823(d)(2)(A)(ii)(I) (ALJ's unsupported factual decision is reversible by Federal Mine Safety and Health Review Commission); 5 CFR 2423.41(b) (Federal Labor Relations Authority has unrestricted authority to reject ALJ's decision "[w]henver exceptions are filed"); 10 CFR 2.341 (Nuclear Regulatory Commission retains discretion to review ALJ decisions for clear error); Model Adjudication Rules, Administrative Conference of the U.S., Rule 410, 11 T.M. Cooley L. Rev. 75 (1994) (recommending retention of plenary authority to review factual findings).

Late Petitions. Section 351.1(d) of the regulations indicates that the Copyright Royalty Judges may accept late-filed petitions to participate in a proceeding, "for substantial good cause shown, and if there is no prejudice to the participants that have already filed petitions * * *." This language is essentially lifted from the Reform Act, 17 U.S.C. 803(b)(1)(A)(ii). It is acknowledged that this statutory language poses some ambiguities. Presumably, "substantial good cause" requires a stronger showing than mere "good cause" and, in context, "prejudice" probably relates to some impairment of a party's ability to proceed, not merely the diminution of that party's potential recovery.

The regulations, however, do not further flesh out these terms, leaving resolution of the potential issues they raise to be resolved by the Copyright Royalty Board in future proceedings. Comments are invited as to whether some further guidance could or should be placed into the regulatory language.

Filing Fees. Under section 803(b)(2)(A) of the Copyright Act, a party seeking to participate in a royalty fund distribution proceeding must pay a filing fee of \$150. That filing fee requirement is waived, however, if "the contested amount of the claim is \$10,000 or less * * *." *Id.*, section 803(b)(4)(A). While the intent of this provision is quite clear, how it would be implemented is not. A claimant to a royalty pool does not necessarily know the value of the claim when it is submitted and cannot know the "contested amount" until competing claims are weighed, after discovery and voluntary negotiations. Accordingly, the regulations will ask the claimants to withhold their fee payments if they believe the "contested amount" of their claim will be \$10,000 or less. Under the regulations, § 351.1(b)(4), the Copyright Royalty Board will require payment of the filing fee at such time it appears that the "contested amount of the claim" will exceed \$10,000. Persons who believe that they are possibly going to be entitled to a filing fee waiver should therefore delay submission of the \$150 filing fees. It is not practicable for the Board to refund an erroneously paid fee.

Paper Proceedings. A problem of copyright statutory license program administration has been to provide access to the adjudicative process to persons with relatively small copyright royalty claims while, at the same time, not allowing small claimants to unfairly exploit settlement leverage by unreasonably prolonging proceedings. An important provision of the Reform Act, addressing this problem, is section

803(b)(5), directing the Copyright Royalty Judges to resolve some controversies solely on a written record; without live testimony, in cases where there "is no genuine issue of material fact, there is no need for evidentiary hearings, and all participants in the proceeding agree in writing to the procedure * * *." 17 U.S.C. 803(b)(5)(A).

The statute also gives the Copyright Royalty Judges broad discretion to impose paper proceedings "under such other circumstances as the Copyright Royalty Judges consider appropriate." 17 U.S.C. 803(b)(5)(B). This provision would apply in situations where not all of the parties accede to paper proceedings, but where live hearings would not aid the Judges in their deliberations and any legal requirements could be met with paper proceedings. Cf., *Mathews v. Eldridge*, 424 U.S. 319 (1976); *United States v. Florida E. Coast Ry. Co.*, 410 U.S. 224, 239 (1973); *U.S. ex rel. Springfield Terminal Ry. Co. v. Quinn*, 14 F.3d 645, 652 (D.C. Cir. 1994). It is difficult to predict, in the abstract, exactly what sort of controversies will be amenable to involuntary paper proceedings. These regulations, at § 351.3(c)(1), require a party seeking an unconsented paper proceeding to show that such proceedings would be legally permissible. Comments are sought as to whether the regulations might go further in specifying the situations where paper proceedings may be imposed upon an unwilling participant.

Discovery in Distribution Proceedings. Section 803(b)(6)(C)(viii) of the Copyright Act requires the Board to apply "[t]he rules and practices" used by the Copyright Office for CARP proceedings "relating to discovery in proceedings * * * to determine the distribution of royalty fees * * *." In the context of other Reform Act procedural requirements, "rules and practices" appears to be a reference to the limited discovery in distribution cases set forth at 37 CFR 251.45(c). Accordingly, in contrast to the depositions and interrogatories permitted in rate disputes (§ 351.5(c)), discovery in distribution cases (§ 351.6) will allow only for production of documents underlying written direct and rebuttal statements. The 45-day period for discovery set forth in 37 CFR 251.45(b) will also apply in these cases.

Additional Discovery During Hearings. Section 351.12, *infra*, is intended to implement section 803(b)(6)(C)(vi) of the Copyright Act, based on the assumption that this provision is designed to allow certain requests for supplementary reports or

analyses during the course of an evidentiary hearing. Comments are sought on the validity of that assumption.

It should be noted that the regulations include, in § 351.12(a), a heightened threshold for invocation of this type of discovery, calling for a showing "that, absent the discovery sought, [the Board's] ability to achieve a just resolution of the proceeding would be substantially impaired." This standard reflects the concern that motions for additional discovery during the proceedings can be costly and disruptive, if misused as a litigation tactic. Comments on this concern are solicited.

Extension Policy; Date Computation. Board proceedings will be conducted with limited staff resources, under schedules that are driven by statutory deadlines. These proceedings will often involve multiple parties that will be laboring under the assumption that other parties will comply with procedural timeliness requirements. Accordingly, the new Board regulations include a provision, § 350.5(a), that specifies the required content of an extension motion. It is not intended to create an unnecessarily restrictive or harsh extension policy. But extensions must be justified and should not be taken for granted.

Section 350.5(b) explains how due dates should be computed. The methodology is adopted from Rule 26, Federal Rules of Appellate Procedure.

Claims to Funds in Royalty Pools. Eligibility to receive copyright royalties paid by cable systems, satellite carriers, and manufacturers and importers of digital audio recording devices and media ("DART") is contingent upon the submission of a timely filed claim. See, 17 U.S.C. 111, 119, and 1007. Cable and satellite claims must be filed during the month of July; DART claims must be filed during the months of January and February. Under the Reform Act, the next claims filings will be made under the authority of the Copyright Royalty Judges "[t]o accept or reject royalty claims * * * on the basis of timeliness." 17 U.S.C. 801(b)(4).

Under Copyright Office regulations in effect prior to 2002, claims to these royalty pools were timely filed if they were physically delivered to the Copyright Office or mailed (as proven by a United States Postal Service postmark) within the applicable month. The regulations adopted for the Copyright Royalty Board contain this standard, too. However, the Board is discontinuing an uncodified practice of the Copyright Office. It has been the Copyright Office policy to consider a

claim that was deposited with the United States Postal Service to be timely filed, in July, if it was physically received in the agency's mailroom on August 1.⁸ This practice has created additional, unnecessary administrative burdens. Future claimants are advised that the Board will not continue this "August-1-receipt" practice, but will adhere to the strict terms of the regulations regarding filing by United States mail.

The Board is also codifying herewith provisions allowing for the filing of claims electronically. In response to disruptions and delays in mail service, triggered by the anthrax episodes in late 2001 and the subsequent relocation of mail deliveries to a remote site for screening, the Copyright Office has allowed additional methods for filing, accepting claims by e-mail submission or online submission and, in the case of DART claims, filing by facsimile. The history of these adjustments is detailed in the Notice of Proposed Rulemaking published on October 18, 2004, 69 FR 61325, where the Copyright Office proposed permanent changes to the CARP claims filing rules and invited public comments. As proposed by the Copyright Office, the amended filing regulations would provide, in addition to hand delivery and mail filing, a permanent electronic filing system. This electronic filing system would be similar to the system used since 2003.

The Copyright Office's proposed regulations also included a requirement that each claim would utilize a personal identification number ("PIN") as a proxy for the original signature requirement for a hand-delivered or mailed claim. 69 FR 61326-27. Comments on the proposed filing rules, submitted jointly by representatives of all of the Phase I copyright owner claimant groups that had been previously allocated royalties in cable and satellite proceedings ("Claimant Groups"),⁹ were largely directed against the adoption of this proposed PIN requirement. The Claimant Groups

averred that the use of a PIN would not prevent fraud. Their comments noted that, in the single criminal proceeding arising from the submission of fraudulent royalty claims (*U.S. v. Galaz*, D.D.C. Crim. No. 02-230), the crime would not necessarily have been prevented by the proposed PIN requirement. The Claimant Groups also expressed concerns that the proposed PIN requirement would add burdens and cause logistical problems, especially for corporate claimants where "the individuals filing for particular copyright owners may change over time" and their PINs, personal to those individuals, frequently would not correspond to the actual copyright owners. Claimant Groups joint comments, at 5. The Claimant Groups proposed, as an alternative to the PIN proposal, use of an affirmation or certification at the end of the online form that would serve as a ratification of the claim. *Id.*, at 7-9 (discussing the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, *et seq.*). The Claimant Groups pointed out that their alternative proposal would be similar to the verifications used for trademark registrations at the U.S. Patent and Trademark Office, while the Copyright Office's PIN proposal was similar to a proposal that was rejected by the Federal Communications Commission. *Id.*, at 9-12 (citing *In the Matter of Electronic Filing of Documents in Rulemaking Proceedings*, Report and Order, 13 FCCRvd 11322 (1998)).

In view of the arguments set forth in the Claimant Groups comments, and in the absence of any support for the PIN proposal, that proposal will not be adopted in the Board's regulations promulgated with this notice. The Board will rely upon the verification that accompanies each claim and the potential of criminal sanctions for false claims.

In making this decision, it should be emphasized that, while the copyright owners represented stand to lose the most from any claims fraud that may occur, the officials charged with administering the statutory license royalty pools have a profound sense of responsibility to do whatever reasonably might be done by the government to avoid fraud in the distribution of the royalty pools. Comment is sought as to any further steps that might be taken to discourage fraud or other mischief in the claims submission process.¹⁰

¹⁰ It should be noted that any suggestions made regarding the filing of claims will not be implemented for the filing of cable and satellite claims in July 2005. Such comments will be

The Claimant Groups also asked (comments at 16-17) the Copyright Office to regard claims postmarked in July in foreign countries as timely, regardless of the date received. This proposition has previously been rejected by the Copyright Office, in its rulemaking proceedings for the adoption of CARP procedures, for cogent reasons. See, 59 FR 63025, 63039 (December 7, 1994). If a claim is not received in July, the Board will accept only a United States Postal Service postmark with a July date for the same reasons as those expressed by the Copyright Office in that decision. To avoid difficulties, claimants ought to submit their claims as early in July as possible.

The forms to be used by the parties in making claims to the royalty pools will reflect several other suggestions presented in the comments: The forms will not have a "filing status" line. Cf., Claimant Groups comments, at 15-16. Paragraph 3 of the forms for claims to share in cable and satellite royalty pools will state that music performing rights organizations do not have to list the names of their members and affiliates and paragraph 5 will include a line for listing (a) the name of a copyrighted musical work performed on the identified television program, (b) the name of the writer, and (c) the name of the publisher. Cf., separate ASCAP/BMI comments.

Finally, the Copyright Office's proposed rules included a couple of technical items on which no comments were received: a requirement that, with respect to electronic claims filings, the filled-in forms must be received at the government's server by 5 p.m. on the last day of the applicable statutory filing period and the elimination of filing by facsimile for DART claims. The Board is adopting those two proposals.

SUBCHAPTER A—GENERAL PROVISIONS**PART 301—ORGANIZATION****Sec.**

301.1 Copyright Royalty Board.

301.2 Official addresses.

301.3 Office location.

Authority: 17 U.S.C. 801.

§ 301.1 Copyright Royalty Board.

The Copyright Royalty Board is the institutional entity in the Library of Congress that will house the Copyright Royalty Judges, appointed pursuant to 17 U.S.C. 801(a), and their staff.

§ 301.2 Official addresses.

All claims, pleadings, and general correspondence intended for the Copyright Royalty Board must be addressed as follows:

(a) If sent by mail (including overnight delivery using United States Postal Service Express Mail), the envelope should be addressed to: Copyright Royalty Board, P.O. Box 70977, Southwest Station, Washington, DC 20024-0977.

(b) If hand delivered by a private party, the envelope must be brought to

Room LM-401 of the James Madison Memorial Building, Monday through Friday, between 8:30 a.m. and 5 p.m., and be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000.

(c) If hand delivered by a commercial courier (excluding Federal Express, United Parcel Service and similar courier services), the envelope must be delivered to the Congressional Courier Acceptance Site (CCAS) located at Second and D Street, NE., Washington, DC, Monday through Friday, between 8:30 a.m. and 4 p.m., and be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-403, 101 Independence Avenue, SE., Washington, DC.

(d) Correspondence and filings for the Copyright Royalty Board may not be delivered by means of overnight delivery services such as Federal Express, United Parcel Service, etc., due to delays in processing receipt of such deliveries.

§ 301.3 Office location.

The offices of the Copyright Royalty Board are located in the Library of Congress, James Madison Memorial Building, Room LM-403, 101 Independence Avenue, S.E., Washington, D.C. 20559-6000.

PART 302—PUBLIC ACCESS TO RECORDS**Sec.**

302.1 Public records.

302.2 Public access.

Authority: 5 U.S.C. 552.

§ 302.1 Public records.

(a) All final determinations of the Copyright Royalty Board, and the relevant facts and reasons for those determinations, will be published in the **Federal Register**.

(b) Records of proceedings before the Board will be available for public inspection at the Copyright Royalty Board offices, to the extent that disclosure is required under the Freedom of Information Act, 5 U.S.C. 552.

§ 302.2 Public access.

(a) *Location.* The records of the Copyright Royalty Board will be located at the address provided in § 301.3 of this chapter.

(b) *Requests.* Requests for information or access to records must be directed to the Copyright Royalty Board. No requests for information or access to

records shall be directed to or accepted by a Copyright Royalty Judge.

(c) *Fees.* For services rendered in connection with document location and reproduction, the following fees shall apply:

(1) For photocopies made by Copyright Royalty Board staff, the charge will be 40 cents per page copied.

(2) For the time Copyright Royalty Board staff spends in fulfilling a search request or providing other services, the charge will be \$65 per hour or fraction thereof.

SUBCHAPTER B—COPYRIGHT ROYALTY BOARD RULES AND PROCEDURES**PART 350—GENERAL ADMINISTRATIVE PROVISIONS****Sec.**

350.1 Scope.

350.2 Representation.

350.3 Caption required.

350.4 Filing and service.

350.5 Time.

350.6 Construction and waiver.

Authority: 17 U.S.C. 803.

§ 350.1 Scope.

This subchapter governs procedures generally applicable to proceedings before the Copyright Royalty Board in making determinations and adjustments pursuant to the Copyright Act, 17 U.S.C. 801(b).

§ 350.2 Representation.

Parties in proceedings before the Board may represent themselves or be represented by an attorney. The appearance of an attorney on behalf of any party constitutes a representation that the attorney is a member of the bar, in one or more states, in good standing.

§ 350.3 Caption required.

All pleadings and documents filed in a proceeding before the Copyright Royalty Board must be identified in a caption that identifies the proceeding by caption and docket number.

§ 350.4 Filing and service.

(a) *Filing of pleadings.* The submitting party shall deliver an original and five copies of all filings to the Copyright Royalty Board in accordance with the provisions set forth in § 301.2 of this chapter. In no case shall a party tender any document by facsimile transmission.

(b) *Exhibits.* All exhibits must be included with the pleadings they support. In the case of exhibits whose bulk or whose cost of reproduction would unnecessarily encumber the record or burden the party, the Board may reduce the number of required copies.

(c) *English language translations.* Each submission that is in a language other than English shall be accompanied by an English-language translation, duly verified under oath to be a true translation. Any other party to the proceeding may, in response, submit its own English-language translation, similarly verified.

(d) *Affidavits.* The testimony of each witness shall be accompanied by an affidavit or a declaration made pursuant to 28 U.S.C. 1746 supporting the testimony.

(e) *Subscription and verification.* (1) *Parties represented by counsel.* The original of all documents filed by any party represented by counsel shall be signed by at least one attorney of record and shall list the attorney's address and telephone number. Submissions signed by an attorney for a party need not be verified or accompanied by an affidavit. The signature of an attorney constitutes certification that, to the best of his or her knowledge and belief, there is good ground to support the document, and that it has not been interposed for purposes of delay.

(2) *Parties representing themselves.* The original of all documents filed by a party not represented by counsel shall be signed by that party and list that party's address and telephone number. The signature will constitute the party's certification that, to the best of his or her knowledge and belief, there is good ground to support the document, and that it has not been interposed for purposes of delay.

(3) *Verification.* The original of a document that is not signed, or is signed with the intent to defeat the purpose of this section, may be stricken as sham and false, and the matter shall proceed as though the document had not been filed.

(f) *Oppositions and replies.* Oppositions to motions shall be filed within seven business days of the filing of the motion, and replies to oppositions shall be filed within five business days of the filing of the opposition.

(g) *Service list.* The Copyright Royalty Board will compile and distribute, to those parties who have filed a petition to participate that has been accepted by the Board, the official service list of the proceeding. In all filings, a copy shall be served upon counsel of all other parties identified in the service list, or, if the party is unrepresented by counsel, upon the party itself. Proof of service shall accompany the filing. Parties shall notify the Board and all parties of any change in the name or address to which service shall be made.

(h) *Service method.* During the course of a proceeding, each party must serve

all motions, objections, oppositions, and replies on the other parties or their counsel by means no slower than overnight express mail on the same day the pleading is filed. If a party is willing to accept service of a document electronically (*i.e.*, by e-mail), followed by a hard copy, first-class mail of the hard copy may be used in lieu of express mail or other expedited delivery.

§ 350.5 Time.

(a) *Computation.* To compute the due date for filing and serving any document or performing any other act directed by an order of the Copyright Royalty Board or the Board's rules:

(1) Exclude the day of the act, event, or default that begins the period.

(2) Exclude intermediate Saturdays, Sundays, and legal holidays when the period is less than 11 days, unless stated in calendar days.

(3) Include the last day of the period unless it is a Saturday, Sunday, legal holiday, or a day on which the weather or other conditions render the Board's office inaccessible.

(4) As used in this rule, "legal holiday" means New Year's Day, Martin Luther King, Jr.'s Birthday, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, Christmas Day, and any other day declared a holiday by the President or the Congress.

(b) *Extensions.* A party seeking an extension may do so by written motion. An extension motion must state:

- (1) The date on which the action or submission is due;
- (2) The length of the extension sought;
- (3) The date on which the action or submission would be due if the extension were allowed;
- (4) The reason or reasons why the delay is unavoidable; and
- (5) The justification for the amount of additional time being sought.

§ 350.6 Construction and waiver.

The regulations of the Copyright Royalty Board are intended to provide efficient and just administrative proceedings and will be construed to advance these purposes. For purposes of an individual proceeding, the provisions of this subchapter may be suspended or waived, in whole or in part, upon a showing of good cause, to the extent allowable by law.

PART 351—PROCEEDINGS

Sec.

- 351.1 Initiation of proceedings.
351.2 Voluntary negotiation period; settlement.
351.3 Controversy and further proceedings.

- 351.4 Written direct statements.
351.5 Discovery in royalty rate proceedings.
351.6 Discovery in distribution proceedings.
351.7 Settlement conference.

351.9 Conduct of hearings.
351.10 Evidence.
351.11 Rebuttal proceedings.
351.12 Requests for additional discovery during the hearing in royalty rate proceedings.
351.13 Closing the record.
351.14 Transcript and record.
351.15 Proposed findings of fact and conclusion of law.

Authority: 17 U.S.C. 803, 805.

§ 351.1 Initiation of proceedings.

(a) *Notice of commencement; solicitation of petitions to participate.* All proceedings before the Copyright Royalty Board to make determinations and adjustments of reasonable terms and rates of royalty payments, and to authorize the distribution of royalty fees, shall be initiated by publication in the *Federal Register* of a notice of the initiation of proceedings calling for the filing of petitions to participate in the proceeding.

(b) *Petitions to participate.* (1) *Royalty rate proceedings.* (i) *Single petition.* Each petition to participate filed in a royalty rate proceeding must include:

(A) The petitioner's full name, address, telephone number, facsimile number (if any), and e-mail address (if any);

(B) A description of the petitioner's significant interest in the subject matter of the proceeding; and

(C) A statement of the petitioner's intention to fully participate in the royalty rate proceeding;

(ii) *Joint petition.* Petitioners with similar interests may, in lieu of filing individual petitions, file a single petition. Each joint petition must include:

(A) The full name, address, telephone number, facsimile number (if any), and e-mail address (if any) of the person filing the petition;

(B) A list identifying all participants to the joint petition;

(C) A description of the participants' significant interest in the subject matter of the proceeding;

(D) A statement of the participants' intention to fully participate in the royalty rate proceeding; and

(E) If the joint petition is filed by counsel or a representative of one or more of the participants that are named in the joint petition, a statement from such counsel or representative certifying that, as of the date of submission of the joint petition, such counsel or representative has the authority and

consent of the participants to represent them in the royalty rate proceeding.

(2) *Distribution proceedings.* (i) *Single petition.* Each petition to participate filed in a royalty distribution proceeding must include:

(A) The petitioner's full name, address, telephone number, facsimile number (if any), and e-mail address (if any);

(B) In a cable or satellite royalty distribution proceeding, identification of whether the petition covers a Phase I proceeding (the initial part of a distribution proceeding where royalties are divided among the categories or groups of copyright owners), a Phase II proceeding (where the money allotted to each category is subdivided among the various copyright owners within that category), or both;

(C) A description of the petitioner's significant interest in the subject matter of the proceeding; and

(D) A statement of the petitioner's intention to fully participate in the royalty distribution proceeding;

(ii) *Joint petition.* Petitioners with similar interests may, in lieu of filing individual petitions, file a single petition. Each joint petition must include:

(A) The full name, address, telephone number, facsimile number (if any), and e-mail address (if any) of the person filing the petition;

(B) A list identifying all participants to the joint petition;

(C) In a cable or satellite royalty distribution proceeding, identification of whether the petition covers a Phase I proceeding (the initial part of a distribution proceeding where royalties are divided among the categories or groups of copyright owners), a Phase II proceeding (where the money allotted to each category is subdivided among the various copyright owners within that category), or both;

(D) A description of the participants' significant interest in the subject matter of the proceeding;

(E) A statement of the participants' intention to fully participate in the royalty distribution proceeding; and

(F) If the joint petition is filed by counsel or a representative of one or more of the participants that are named in the joint petition, a statement from such counsel or representative certifying that, as of the date of submission of the joint petition, such counsel or representative has the authority and consent of the participants to represent them in the royalty distribution proceeding.

(3) *Filing deadline.* A petition to participate shall be filed by no later than 30 days after the publication of the

notice of commencement of a proceeding, subject to the qualified exception set forth in paragraph (d) of this section.

(4) *Filing fee.* A petition to participate must be accompanied with a filing fee of \$150 or the petition will be rejected. Payment shall be made to the Copyright Royalty Board. If a check is subsequently dishonored, the petition will be rejected. If the petitioner believes that the contested amount of that petitioner's claim will be less than \$10,000, petitioner shall so state in the petition to participate and should not include payment of the \$150 filing fee. If it becomes apparent during the course of the proceedings that the contested amount of the claim is more than \$10,000, the Board will require payment of the filing fee at such time.

(c) *Acceptance and rejection of petitions to participate.* A petition to participate will be deemed to have been allowed by the Copyright Royalty Board unless the Board has determined that the petitioner lacks a significant interest in the proceeding or that the petition is otherwise invalid.

(d) *Late petitions to participate.* The Copyright Royalty Board may, for substantial good cause shown, and if there is no prejudice to the participants that have already filed petitions, accept late petitions to participate at any time up to the date that is 90 days before the date on which participants in the proceeding are to file their written direct statements. However, petitioners whose petitions are filed more than 30 days after publication of notice of commencement of a proceeding are not eligible to object to a settlement reached during the voluntary negotiation period.

§ 351.2 Voluntary negotiation period; settlement.

(a) *Commencement; duration.* Within thirty-five business days from the date a proceeding is initiated by notice in the *Federal Register* pursuant to § 351.1(a), the Copyright Royalty Board will announce the beginning of a voluntary negotiation period and will make a list of the participants available to the participants in the particular proceeding. The voluntary negotiation period shall last three months, after which the parties shall notify the Board in writing as to whether a settlement has been reached.

(b) *Settlement.* (1) *Distribution proceedings.* To the extent that a settlement or partial settlement has been reached in a distribution proceeding, that agreement will provide the basis for a full or partial distribution.

(2) *Royalty rate proceedings.* If, in a proceeding to determine statutory terms

and rates, the participating parties report that a settlement has been reached by some or all of the parties, the Copyright Royalty Board will publish the settlement in the *Federal Register* for notice and comment from those bound by the terms, rates, or other determination set by the agreement. The Board may decline to adopt the agreement as a basis for statutory terms and rates for participants that are not parties to the agreement if the Board concludes that the agreement does not provide a reasonable basis for setting statutory terms or rates.

§ 351.3 Controversy and further proceedings.

(a) *Declaration of controversy.* If a settlement has not been reached within the voluntary negotiation period, the Copyright Royalty Board will issue an order declaring that further proceedings are necessary. The procedures set forth at §§ 351.4, *et seq.*, for formal hearings will apply, unless the abbreviated procedures set forth in paragraphs (b) and (c) of this section are invoked by the Copyright Royalty Board.

(b) *Small claims in distribution proceedings.* (1) *General.* If, in a distribution proceeding, the contested amount of a claim is \$10,000 or less, the Copyright Royalty Board shall decide the controversy on the basis of the filing of the written direct statement by each participant (or participant group filing a joint petition), the response by any opposing participant, and one optional reply by a participant who has filed a written direct statement.

(2) *Bad faith inflation of claim.* If the Copyright Royalty Board determines that a participant asserts in bad faith an amount in controversy in excess of \$10,000 for the purpose of avoiding a determination under the procedure set forth in paragraph (b)(1) of this section, the Copyright Royalty Board shall impose a fine on that participant in an amount not to exceed the difference between the actual amount distributed and the amount asserted by the participant.

(c) *Paper proceedings.* (1) *Where used.* The procedure under this paragraph (c) will be applied in cases in which there is no genuine issue of material fact, there is no need for evidentiary hearings, and all participants in the proceeding agree in writing to the procedure. In the absence of an agreement in writing among all participants, this procedure may be applied by the Board, in its discretion, either on the motion of a party or by the Copyright Royalty Board sua sponte. A party requesting use of paper proceedings, in the absence of

agreement among the other participants, should include in the motion a showing that the use of paper proceedings in the particular case would meet any due process or other legal requirements.

(2) *Course of procedure.* Paper proceedings will be decided on the basis of the filing of the written direct statement by the participant (or participant group filing a joint petition), the response by any opposing participant, and one optional reply by a participant who has filed a written direct statement. Before a decision becomes final in a case utilizing paper proceedings, the Copyright Royalty Board will offer the participants the opportunity to comment on the decision.

§ 351.4 Written direct statements.

(a) *Required filing; deadline.* All parties who have filed a petition to participate in the hearing must file a written direct statement. The deadline for the filing of the written direct statement will be specified by the Copyright Royalty Board, not earlier than 4 months, nor later than 5 months, after the end of the voluntary negotiation period set forth in § 351.2.

(b) *Content required.* (1) *Testimony.* The written direct statement shall include all testimony, including each witness's background and qualifications, along with all the exhibits to be presented in the direct statement.

(2) *Designated testimony.* Each participating party may designate a portion of past records, including records of the Copyright Royalty Tribunal or Copyright Arbitration Royalty Panels, that it wants included in its direct statement. If a party intends to rely on any part of the testimony of a witness in a prior proceeding, the complete testimony of that witness (*i.e.*, direct, cross and redirect examination) must be designated. The party submitting such designated testimony shall include a copy of that testimony with the written direct statement.

(3) *Claim.* In the case of a royalty distribution proceeding, each party must state in the written direct statement its percentage or dollar claim to the fund. In the case of a rate (or rates) proceeding, each party must state its requested rate. No party will be precluded from revising its claim or its requested rate at any time during the proceeding up to, and including, the filing of the proposed findings of fact and conclusions of law.

(4) *Material questions.* Under a separate heading, the written direct statement shall set forth any "material question of substantive law" that is

expected to arise in the course of the proceeding and might warrant certification to the Register of Copyrights under 17 U.S.C. 802(f). Cf., 37 CFR Part 354.

(c) *Amended written direct statements.* A participant in a proceeding may amend a written direct statement based on new information received during the discovery process, within 15 days after the end of the discovery period. An amended written direct statement must explain how it differs from the written direct statement it will amend and must demonstrate that the amendment is based on new information received during the discovery process. The participant amending its written direct statement may file either the amended portions of the written direct statement or submit complete new copies at its option.

§ 351.5 Discovery in royalty rate proceedings.

(a) *Schedule.* Following the submission to the Copyright Royalty Board of written direct statements by the participants in a royalty rate proceeding, and after conferring with the participants, the Copyright Royalty Board will issue a discovery schedule. Discovery shall be permitted for a period of 60 days, except for discovery ordered by the Copyright Royalty Board in connection with the resolution of motions, orders, and disputes pending at the end of such period. The discovery schedule will include a date for the post-discovery settlement conference addressed in § 351.7.

(b) *Document production.* A participant in a royalty rate proceeding may request of an opposing participant nonprivileged documents that are directly related to the written direct statement or written rebuttal statement of that participant. Any objection to such a request shall be resolved by a motion or request to compel production. The motion must show how the disputed document or documents would actually be relevant to the moving party's case and that the information sought is not readily available to the moving participant in a form or format that would be substantially less burdensome to produce. The motion must also include a statement that the parties had conferred and were unable to resolve the matter.

(c) *Depositions and interrogatories.* In a proceeding to determine royalty rates, the participants entitled to receive royalties shall collectively be permitted to take no more than 10 depositions and secure responses to no more than 25 interrogatories. Similarly, the

participants obligated to pay royalties shall collectively be permitted to take no more than 10 depositions and secure responses to no more than 25 interrogatories.

§ 351.6 Discovery in distribution proceedings.

In distribution proceedings, the Board shall designate a 45-day period following the filing of written direct and rebuttal statements within which parties may request of an opposing party nonprivileged underlying documents related to the written exhibits and testimony.

§ 351.7 Settlement conference.

A post-discovery settlement conference will be held among the participants, within 21-days after the close of discovery, outside of the presence of the Copyright Royalty Board. Immediately after this conference the participants shall file with the Copyright Royalty Board a Joint Settlement Conference Report indicating the extent to which the participants have reached a settlement.

§ 351.8 Pre-hearing conference.

In the absence of a complete settlement in a proceeding not subject to the abbreviated procedures set forth in §§ 351.3(b) and (c), a hearing will be scheduled expeditiously so as to allow the Board to conduct hearings and issue its final determination in the proceeding within the time allowed by the Copyright Act. Prior to the hearing, the Board may conduct a prehearing conference to assist in setting the order of presentation of evidence and the appearance of witnesses at the hearing.

§ 351.9 Conduct of hearings.

(a) *By panels.* Hearings will be conducted by all Copyright Royalty Judges sitting as a panel.

(b) *Role of Chief Judge.* The Chief Copyright Royalty Judge may preside over such collateral and administrative proceedings, and over proceedings under section 803(b)(1) through (5) of the Copyright Act, as the Chief Judge considers appropriate. Subject to the vote of the Copyright Royalty Judges, the Chief Judge shall have the responsibility for:

(1) Setting the order of presentation of evidence and appearance of witnesses;

(2) Administering oaths and affirmations to all witnesses;

(3) Announcing the Board's ruling on objections and motions and all rulings with respect to introducing or excluding documentary or other evidence. In all cases, whether there are an even number of Judges sitting at the hearing, with the exception of a hearing pursuant to 17

U.S.C. 803(a)(2), it takes a majority vote to grant a motion or sustain an objection. A tie vote will result in the denial of a motion or the overruling of the objection;

(4) Regulating the course of the proceedings and the decorum of the parties and their counsel, and insuring that the proceedings are fair and impartial; and

(5) Announcing the schedule of subsequent proceedings.

(c) *Opening statements.* In each distribution or rate proceeding, each party may present its opening statement summarizing its written direct statement.

§ 351.10 Evidence.

(a) *Admissibility.* All evidence that is relevant and not unduly repetitious or privileged, shall be admissible. Written testimony and exhibits will be received into the record, except where the Board sustains an objection. No evidence, including exhibits, may be submitted without a sponsoring witness, except matters of which the Board may take official notice.

(b) *Examination of witnesses.* All witnesses shall be required to take an oath or affirmation before testifying. Parties are entitled to conduct direct examination (consisting of the testimony of the witness in the written direct statement and an oral summary of that testimony); cross-examination (limited to matters raised on direct examination); and redirect examination (limited to matters raised on cross-examination). The Board may limit the number of witnesses or limit questioning to avoid cumulative testimony.

(c) *Documentary evidence.* (1) *Submission as exhibits.* Evidence that is submitted in the form of documents or detailed data and information shall be presented as exhibits.

(2) *Separation of irrelevant portions.* Relevant and material matter embraced in a document containing other matter not material or relevant or not intended as evidence must be plainly designated as the matter offered in evidence, and the immaterial or irrelevant parts shall be marked clearly so as to show they are not intended as evidence.

(3) *Bulky exhibits.* In cases where a document in which material and relevant matter occurs is of such bulk that it would unnecessarily encumber the record, it may be marked for identification and the relevant and material parts, once properly authenticated, may be read into the record. In such instances, a true copy of the material and relevant matter may be

presented in extract form, and submitted as evidence.

(d) *Copies.* Anyone presenting documents as evidence must present copies to all other participants in the proceedings, or their attorneys, and afford them an opportunity to examine the documents in their entirety and offer into evidence any other portion that may be considered material and relevant. However, if a publicly available document issued by a governmental entity (such as an official report, decision, opinion, or published scientific or economic data) is offered in evidence, it may be offered instead by identifying the document and signaling the relevant parts.

(e) *Introduction of studies and analyses.* If studies or analyses are offered in evidence, they shall state clearly the study plan, all relevant assumptions, the techniques of data collection, and the techniques of estimation and testing. The facts and judgments upon which conclusions are based shall be stated clearly, together with any alternative courses of action considered. If requested, tabulations of input data shall be made available to the Board.

(1) *Statistical studies.* Statistical studies offered in evidence shall be accompanied by a summary of their assumptions, their study plans, and their procedures. Supplementary details shall be included in appendices. For each of the following types of statistical studies the following should be furnished:

(i) *Sample surveys.*

(A) A clear description of the survey design, the definition of the universe under consideration, the sampling frame and units, the validity and confidence limits on major estimates; and

(B) An explanation of the method of selecting the sample and of the characteristics which were measured and counted.

(ii) *Econometric investigations.*

(A) A complete description of the econometric model, the reasons for each assumption, and the reasons for the statistical specification;

(B) A clear statement of how any changes in the assumptions might affect the final result; and

(C) Any available alternative studies that employ alternative models and variables, if requested.

(iii) *Experimental analysis.*

(A) A complete description of the design, the controlled conditions, and the implementation of controls; and

(B) A complete description of the methods of observation and adjustment of observation.

(iv) *Studies involving statistical methodology.*

(A) The formula used for statistical estimates;

(B) The standard error for each component;

(C) The test statistics, the description of how the tests were conducted, related computations, computer programs, and all final results; and

(D) Summarized descriptions of input data and, if requested, the input data themselves.

(f) *Objections; offers of proof.* Parties are entitled to raise objections to evidence on any proper ground during the course of the hearing, including an objection that an opposing party has not furnished unprivileged underlying documents. If the Board rejects or excludes testimony, the participant proffering the testimony may submit an offer of proof for the record. In the case of documentary or written evidence, a copy of such evidence shall be marked for identification and shall constitute the offer of proof.

(g) *New documents for use in cross-examination.* Documents that have not been identified and exchanged in advance may be shown to a witness on cross-examination. However, copies of such documents must be distributed to the Board and to the other participants before being shown to the witness at the time of cross-examination, unless the Board directs otherwise. If the document is not, or will not be, supported by a witness for the cross-examining party, that document can be used solely to impeach the witness's direct testimony.

§ 351.11 Rebuttal proceedings.

Written rebuttal statements shall be filed at a time designated by the Copyright Royalty Board upon conclusion of the hearing of the direct case, in the same form and manner as the written direct statement, except that the claim or the requested rate shall not have to be included if it has not changed from the written direct statement. Further proceedings at the rebuttal stage shall follow the schedule ordered by the Board.

§ 351.12 Requests for additional discovery during the hearing in rate proceedings.

(a) A participant may, in the course of a royalty rate hearing, request of an opposing participant or witness other relevant information. The request may be made by means of written motion or oral motion on the record. The Copyright Royalty Board will allow such request only if they determine that, absent the discovery sought, their ability to achieve a just resolution of the

proceeding would be substantially impaired.

(b) In determining whether discovery will be granted under this section, the Copyright Royalty Board will consider—

(1) Whether the burden or expense of producing the requested information or materials outweighs the likely benefit, taking into account the needs and resources of the participants, the importance of the issues at stake, and the probative value of the requested information or materials in resolving such issues;

(2) Whether the requested information or materials would be unreasonably cumulative or duplicative, or are obtainable from another source that is more convenient, less burdensome, or less expensive; and

(3) Whether the participant seeking the discovery had an ample opportunity by previous discovery in the proceeding or by other means to obtain the information sought.

(c) This section shall not apply to any proceeding scheduled to commence after December 31, 2010.

§ 351.13 Closing the record.

To close the record of a hearing, the Chief Judge shall make an announcement that the taking of testimony has concluded. In its discretion the Copyright Royalty Board may close the record as of a future specified date, and all time for exhibits yet to be prepared to be admitted, provided that the parties to the proceeding stipulate on the record that they waive the opportunity to cross-examine or present evidence with respect to such exhibits. The record in any hearing that has recessed may not be closed by the Chief Judge before the day on which the hearing is to resume, except upon ten days' notice to all parties.

§ 351.14 Transcript and record.

(a) An official reporter for the recording and transcribing of hearings shall be designated by the Copyright Royalty Board. Anyone wishing to inspect the transcript of a hearing may do so at the offices of the Board.

(b) The transcript of testimony and all exhibits, documents, filings and other items submitted in the course of a proceeding shall constitute the official written record. The written record, along with the Board's final determination, shall be available at the Board's offices for public inspection and copying.

§ 351.15 Proposed findings of fact and conclusions of law.

(a) Any party to the proceeding may file proposed findings of fact and

conclusions, briefs or memoranda of law, or may be directed by the Board to do so. Such filings, and any replies to them, shall take place at such time after the record has been closed as the Board directs.

(b) Failure to file when directed to do so shall be considered a waiver of the right to participate further in the proceeding unless good cause for the failure is shown.

(c) Proposed findings of fact shall be numbered by paragraph and include all basic evidentiary facts developed on the record used to support proposed conclusions, and shall contain appropriate citations to the record for each evidentiary fact. Proposed conclusions shall be stated and numbered by paragraph separately.

PART 352—DETERMINATIONS

Sec.

352.1 How made.

352.2 Timing.

352.3 Final determinations.

Authority: 17 U.S.C. 803.

§ 352.1 How made.

Except for decisions authorized by law to be made by a single Copyright Royalty Judge, determinations of the Board in a proceeding will be made by a majority of the Copyright Royalty Judges. The opinion or opinions of the majority and any dissenting opinion will be included in the determination. Each determination by the Board will be transmitted to the Register of Copyrights to enable review for consistency with the Copyright Act on the day it is issued.

§ 352.2 Timing.

The Copyright Royalty Board will issue its determination within 11 months of the date of the post-discovery settlement conference or 15 days before the expiration of the existing rates or terms in a proceeding to determine successors to rates or terms that will expire on a specific date, whichever date first occurs.

§ 352.3 Final determinations.

The determination by the Board in a proceeding will become final 15 days after it is issued, unless it is withdrawn by the Board on its own motion, suspended pending rehearing proceedings, or the Register of Copyrights advises the Board that its determination is inconsistent with the Copyright Act. The final determination will be published in the Federal Register.

PART 353—REHEARING

Sec.

353.1 When granted.

353.2 Form and content of rehearing motions.

353.3 Procedure on rehearing.

353.4 Filing deadline.

353.5 Participation not required.

Authority: 17 U.S.C. 803.

§ 353.1 When granted.

A motion for rehearing may be filed by any participant in the relevant proceeding. The Copyright Royalty Board may grant rehearing upon a showing that any aspect of the Board's determination may be erroneous. Rehearing will be granted only in exceptional cases, however, and should not be sought merely to reargue a rate or distribution level determination that falls within the zone of reasonableness established by the record.

§ 353.2 Form and content of rehearing motions.

A motion for rehearing shall not exceed 10 pages in length and must set forth, in the beginning of its text, a brief summary statement of the aspects of the determination believed by the moving participant to be without evidentiary support in the record or contrary to legal requirements.

§ 353.3 Procedure on rehearing.

Upon receipt of a motion for rehearing, the Copyright Royalty Board will issue an order either denying the motion or ordering further proceedings. No participant shall file a response to a rehearing motion, unless such response is allowed by order of the Copyright Royalty Board.

§ 353.4 Filing deadline.

A motion for hearing must be filed within 10 days after the date on which the Copyright Royalty Board delivers to the participants an initial determination.

§ 353.5 Participation not required.

In any case in which a response to a rehearing motion is allowed, or rehearing is granted, an opposing party shall not be required to participate in the rehearing. The Copyright Royalty Board will not draw any negative inference from a lack of participation in a rehearing. However, participants should be aware that nonparticipation in rehearing proceedings may limit the scope of their participation in judicial review proceedings as set forth in 17 U.S.C. 803(d)(1).

PART 354—SUBMISSIONS TO THE REGISTER OF COPYRIGHTS

Sec.

354.1 Material questions of copyright law.

354.2 Novel questions.

- 354.3 Register of Copyrights' authority to redesignate referrals.
- 354.4 Consultation regarding acts required by the Register of Copyrights.
- 354.5 Jurisdiction of the Copyright Royalty Board unaffected.

Authority: 17 U.S.C. 802.

§ 354.1 Material questions of copyright law.

(a) *Discretionary referrals.* The Copyright Royalty Board may seek guidance from the Register of Copyrights with respect to a material question of substantive law, concerning an interpretation or construction of those provisions of the Copyright Act, that arises in the course of their proceedings.

(b) *How presented.* One or more of the Copyright Royalty Judges may refer what he or she believes to be a material question of substantive law to the Register of Copyrights at any time during a proceeding.

(c) *Motion; content.* Any participant may submit a motion to the Copyright Royalty Board (but not to the Register of Copyrights) requesting their referral to the Register of Copyrights a question that the participant believes would be suitable for referral under paragraph (a) of this section. The motion should be captioned "Motion of [Participant(s)] Requesting Referral of Material Question of Substantive Law." The motion should set forth, at the outset, the precise legal question for which the moving party is seeking interlocutory referral to the Register of Copyrights. The motion should then proceed to explain, with brevity, why the issue meets the criteria for potential referral under paragraph (a) of this section and why the interests of fair and efficient adjudication would be best served by obtaining interlocutory guidance from the Register of Copyrights. The motion should not include argument on the merits of the issue, but may include a suggested schedule of briefing that would make reasonable provision for comments and legal arguments, in such a way as to avoid delay and duplication.

(d) *Time of motion.* A motion for referral of a material question of substantive law to the Register of Copyrights should be filed as soon as possible in the relevant proceeding. However, such a motion may be submitted to the Copyright Royalty Board at any time before a final determination is issued.

(e) *Action on motion.* (1) *Referral granted.* Upon consideration of a Motion Requesting Referral of Material Question of Substantive Law, if one or more of the Copyright Royalty Judges agrees with the request, the Chief Judge

shall issue an appropriate referral. The referral will identify the Judge or Judges voting in favor of the referral, the issue to be referred, and the schedule for the filing of briefs by the parties of the issues. After the briefs and other relevant materials are received, they will be transmitted to the Register of Copyrights. A Copyright Royalty Judge who voted against the referral who wishes to do so may include a statement explaining that vote in the referral package.

(2) *Referral denied.* If none of the Copyright Royalty Judges agrees with the request, the Board will issue an order denying the request which will provide the basis for the decision. A copy of any order denying a Motion Requesting Referral of Material Question of Substantive Law will be transmitted to the Register of Copyrights.

(f) *No effect on proceedings.* The issuance of a request to the Register of Copyrights for an interpretive ruling under this part does not delay or otherwise affect the schedule of the participants' obligations in the relevant ongoing proceeding, unless that schedule or those obligations are expressly changed by order of the Board.

(g) *Binding effect; time limit.* The Copyright Royalty Board will not issue a final determination in a proceeding where the referral of a question to the Register of Copyrights under this part is pending, unless the Register has not delivered the decision to the Copyright Royalty Board within 14 days after the Register receives all of the briefs of the participants. If the decision of the Register of Copyrights is timely delivered to the Copyright Royalty Board, the decision will be included in the record of the proceeding. The legal interpretation embodied in the timely delivered response of the Register of Copyrights in resolving material questions of substantive law is binding upon the Copyright Royalty Board and will be applied by them in their final determination in the relevant proceeding.

§ 354.2 Novel questions.

(a) *Mandatory referrals.* If the material question of substantive law described in § 354.1(a) is a novel question of law, referral to the Register of Copyrights by the Copyright Royalty Board is mandatory. A "novel question of law" is a question of law that has not been determined in the prior decisions, determinations, or rulings under the Copyright Act of the Copyright Royalty Board, the Librarian of Congress, the Register of Copyrights, the Copyright Arbitration Royalty Panels (to the extent

they are consistent with the current decisions, determinations, or rulings of the Register of Copyrights or the Librarian of Congress), or the former Copyright Royalty Tribunal.

(b) *Procedures.* The procedures set forth for the discretionary referral of material questions of copyright law to the Register of Copyrights by the Copyright Royalty Board, set forth in § 354.1, shall also govern the mandatory referral of novel questions, except that the Register of Copyrights' decision will be timely if it is delivered to the Copyright Royalty Board within 30 days after the Register of Copyrights has received all of the briefs or comments of the participants. The Copyright Royalty Board will not issue a final determination in a proceeding where the referral of a novel question to the Register of Copyrights under this part is pending, unless this 30-day period has expired.

§ 354.3 Register of Copyrights' authority to redesignate referrals.

If, during the 14-day period of a discretionary referral of a material question of law under § 354.1, the Register of Copyrights determines that the question is a "novel" one within the meaning of § 354.2(a), the Register may notify the Copyright Royalty Board of that determination. The Copyright Royalty Board will be bound by such a determination by the Register of Copyrights and will regard the Register's decision as timely delivered if it is received within the 30-day period applicable to novel question referrals.

§ 354.4 Consultation regarding acts required by the Register of Copyrights.

The Copyright Royalty Board shall consult with the Register of Copyrights with respect to any determination or ruling that would require that any act be performed by the Copyright Office, and any such determination or ruling shall not be binding upon the Register of Copyrights.

§ 354.5 Jurisdiction of the Copyright Royalty Board unaffected.

Nothing in this part is intended to impair the jurisdiction of the Copyright Royalty Board or to interfere with the conduct of its proceedings. Referrals to the Register of Copyrights under this part shall not include questions of procedure before the Copyright Royalty Board, the ultimate adjustments and determinations of copyright royalty rates and terms, the ultimate distribution of copyright royalties, or the acceptance or rejection of royalty claims, rate adjustment petitions, or petitions to participate.

PART 360—FILING OF CLAIMS TO ROYALTY FEES COLLECTED UNDER COMPULSORY LICENSE

Subpart A—Cable Claims

Sec.

- 360.1 General.
- 360.2 Time of filing.
- 360.3 Form and content of claims.
- 360.4 Compliance with statutory dates.
- 360.5 Copies of claims.

Subpart B—Satellite Claims

- 360.10 General.
- 360.11 Time of filing.
- 360.12 Form and content of claims.
- 360.13 Compliance with statutory dates.
- 360.14 Copies of claims.
- 360.15 Separate claims required.

Subpart C—Digital audio recording devices and media royalty claims

- 360.20 General.
- 360.21 Time of filing.
- 360.22 Form and content of claims.
- 360.23 Content of notices regarding independent administrators.
- 360.24 Compliance with statutory dates.
- 360.25 Copies of claims.

Authority: 17 U.S.C. 801, 803, 805.

Subpart A also issued under 17 U.S.C. 111(d)(4).

Subpart B also issued under 17 U.S.C. 119(b)(4).

Subpart C also issued under 17 U.S.C. 1007(a)(1).

Subpart A—Cable Claims

§ 360.1 General.

This subpart prescribes procedures under 17 U.S.C. 111(d)(4)(A) whereby parties claiming to be entitled to cable compulsory license royalty fees shall file claims with the Copyright Royalty Board.

§ 360.2 Time of filing.

During the month of July each year, any party claiming to be entitled to cable compulsory license royalty fees for secondary transmissions of one or more of its works during the preceding calendar year shall file a claim to such fees with the Copyright Royalty Board. No royalty fees shall be distributed to a party for secondary transmissions during the specified period unless such party has timely filed a claim to such fees. Claimants may file claims jointly or as a single claim.

§ 360.3 Form and content of claims.

(a) *Forms.* (1) Each claim to cable compulsory license royalty fees shall be furnished on a form prescribed by the Copyright Royalty Board and shall contain the information required by that form and its accompanying instructions.

(2) Copies of cable claim forms are available:

(i) On the Copyright Royalty Board Web site at <http://www.loc.gov/crb/claims/> for claims filed with the Copyright Royalty Board by mail or by hand delivery in accordance with § 360.4(a)(2)–(4);

(ii) On the Copyright Royalty Board Web site at <http://www.loc.gov/crb/cable/> during the month of July for claims filed online in accordance with § 360.4(a)(1); and

(iii) Upon request to the Copyright Royalty Board, Library of Congress, P.O. Box 70977, Southwest Station, Washington, DC 20024–0977.

(b) *Content.* (1) *Single claim.* A claim filed on behalf of a single copyright owner of a work or works secondarily transmitted by a cable system shall include the following information:

(i) The full legal name and address of the copyright owner entitled to claim the royalty fees.

(ii) A general statement of the nature of the copyright owner's work or works, and identification of at least one secondary transmission by a cable system of such work or works establishing a basis for the claim.

(iii) The name, telephone number, facsimile number, if any, full address, including a specific number and street name or rural route, and e-mail address, if any, of the person or entity filing the single claim. An e-mail address must be provided on claims submitted online through the Copyright Royalty Board Web site.

(iv) The name, telephone number, facsimile number, if any, and e-mail address, if any, of the person whom the Copyright Royalty Board can contact regarding the claim.

(v) An original signature of the copyright owner or of a duly authorized representative of the copyright owner, except for claims filed online through the Copyright Royalty Board Web site. See 37 CFR 360.3(b)(1)(vi).

(vi) A declaration of the authority to file the claim and of the veracity of the information contained in the claim and the good faith of the person signing in providing such information. Penalties for fraud and false statements are provided under 18 U.S.C. 1001 *et seq.*

(2) *Joint claim.* A claim filed on behalf of more than one copyright owner whose works have been secondarily transmitted by a cable system shall include the following information:

(i) A list including the full legal name and address of each copyright owner to the joint claim entitled to claim royalty fees.

(ii) A concise statement of the authorization for the person or entity filing the joint claim. For this purpose, a performing rights society shall not be

required to obtain from its members or affiliates separate authorizations, apart from their standard membership affiliate agreements, or to list the name of each of its members or affiliates in the joint claim as required by paragraph (b)(2)(i) of this section.

(iii) A general statement of the nature of the copyright owners' works and identification of at least one secondary transmission of one of the copyright owners' works by a cable system establishing a basis for the joint claim and the identification of the copyright owner of each work so identified.

(iv) The name, telephone number, facsimile number, if any, full address, including a specific number and street name or rural route, and e-mail address, if any, of the person or entity filing the joint claim. An e-mail address must be provided on claims submitted online through the Copyright Royalty Board Web site.

(v) The name, telephone number, facsimile number, if any, and e-mail address, if any, of the person whom the Copyright Royalty Board can contact regarding the claim.

(vi) Original signatures of the copyright owners to the joint claim or of a duly authorized representative or representatives of the copyright owners, except for claims filed online through the Copyright Royalty Board Web site. See 37 CFR 360.3(b)(2)(vii).

(vii) Notwithstanding paragraph (b)(2)(ii) of this section, a declaration of the authority to file the claim and of the veracity of the information contained in the claim and the good faith of the person signing in providing such information. Penalties for fraud and false statements are provided under 18 U.S.C. 1001 *et seq.*

(c) In the event that the legal name and/or address of the copyright owner entitled to royalties or the person or entity filing the claim changes after the filing of the claim, the Copyright Royalty Board shall be notified of the change. If the good faith efforts of the Copyright Royalty Board to contact the copyright owner or person or entity filing the claim are frustrated because of failure to notify the Copyright Royalty Board of a name and/or address change, the claim may be subject to dismissal.

§ 360.4 Compliance with statutory dates.

(a) Claims filed with the Copyright Royalty Board shall be considered timely filed only if:

(1) They are received online in the Board's server no later than 5 p.m. E.D.T. on July 31. Online claims must be filed through the Copyright Royalty Board Web site at <http://www.loc.gov/crb/cable/> during the month of July.

(2) They are hand delivered by a private party no later than 5 p.m. E.D.T. on July 31. Claims hand delivered by a private party must be delivered to the Public Information Office, located at the U.S. Copyright Office, James Madison Memorial Building, Room LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000, Monday through Friday, between 8:30 a.m. and 5 p.m., and the envelope must be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000. Claims hand delivered by a private party must be filed at the Public Information Office during the month of July.

(3) They are hand delivered by a commercial courier (excluding overnight delivery services such as Federal Express, United Parcel Service and similar overnight delivery services) no later than 4 p.m. E.D.T. on July 31. Claims hand delivered by a commercial courier service (excluding overnight delivery services such as Federal Express, United Parcel Service and similar overnight delivery services) must be delivered to the Congressional Courier Acceptance Site (CCAS) located at Second and D Street, N.E., Washington, DC, Monday through Friday, between 8:30 a.m. and 4 p.m., and the envelope must be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-403, 101 Independence Avenue, SE., Washington, DC 20559-6000. Claims hand delivered by a commercial courier must be filed at CCAS during the month of July.

(4) They are mailed through the United States Postal Service (USPS) having sufficient postage and bearing a July USPS postmark. Claims mailed through USPS must be addressed as follows: Copyright Royalty Board, P.O. Box 70977, Southwest Station, Washington, DC 20024-0977.

(5) Federal Express, United Parcel Service and similar overnight delivery services may not be used for the filing of claims. A claim sent by means of overnight delivery shall be done via United States Postal Service Express Mail, and the claim shall be addressed in accordance with paragraph (a)(4) of this section.

(b) Claims dated only with a business meter that are received after July 31 will not be accepted as having been timely filed.

(c) Notwithstanding paragraphs (a) and (b) of this section, in any year in which July 31 falls on a Saturday, Sunday, holiday, or other nonbusiness

day within the District of Columbia or the Federal Government, claims received by the Copyright Royalty Board by the first business day in August, or properly addressed and deposited with sufficient postage with the United States Postal Service and postmarked by the first business day in August, shall be considered timely filed.

(d) No claim may be filed by facsimile transmission.

(e) In the event that a properly addressed and mailed claim is not timely received by the Copyright Royalty Board, proper filing of the claim may nonetheless be proven if it was sent by certified mail return receipt requested, and a receipt bearing a July date stamp of the United States Postal Service, except where paragraph (c) of this section applies, can be provided. No other offer of proof will be accepted in lieu of the receipt.

(f) The Copyright Royalty Board will accept either the confirmation page generated upon submission of the claim online through the Board's Web site or the electronic mail message from the Board confirming receipt of the claim as proof that a claim submitted online through the Board's Web site was received timely in the Board's server. No other offer of proof will be accepted in lieu thereof.

§ 360.5 Copies of claims.

A claimant shall, for each claim submitted to the Copyright Royalty Board by hand delivery or by mail, file an original and one copy of the claim to cable royalty fees.

Subpart B—Satellite Claims

§ 360.10 General.

This subpart prescribes the procedures under 17 U.S.C. 119(b)(4) whereby parties claiming to be entitled to compulsory license royalty fees for secondary transmissions by satellite carriers of television broadcast signals to the public shall file claims with the Copyright Royalty Board.

§ 360.11 Time of filing.

During the month of July each year, any party claiming to be entitled to compulsory license royalty fees for secondary transmissions by satellite carriers during the previous calendar year of television broadcast signals to the public shall file a claim to such fees with the Copyright Royalty Board. No royalty fees shall be distributed to any party during the specified period unless such party has timely filed a claim to such fees. Claimants may file claims jointly or as a single claim.

§ 360.12 Form and content of claims.

(a) *Forms.* (1) Each claim to compulsory license royalty fees for secondary transmissions by satellite carriers of television broadcast signals to the public shall be furnished on a form prescribed by the Copyright Royalty Board and shall contain the information required by that form and its accompanying instructions.

(2) Copies of satellite claim forms are available:

(i) On the Board's Web site at <http://www.loc.gov/crb/claims/> for claims filed with the Copyright Royalty Board by mail or by hand delivery in accordance with § 360.13(a)(2)-(4);

(ii) On the Board's Web site at <http://www.loc.gov/crb/satellite/> during the month of July for claims filed online in accordance with § 360.13(a)(1); and

(iii) Upon request to the Copyright Royalty Board, Library of Congress, P.O. Box 70977, Southwest Station, Washington, DC 20024-0977.

(b) *Content.* (1) *Single claim.* A claim filed on behalf of a single copyright owner of a work or works secondarily transmitted by a satellite carrier shall include the following information:

(i) The full legal name and address of the copyright owner entitled to claim the royalty fees.

(ii) A general statement of the nature of the copyright owner's work or works, and identification of at least one secondary transmission by a satellite carrier of such work or works establishing a basis for the claim.

(iii) The name, telephone number, facsimile number, if any, full address, including a specific number and street name or rural route, and e-mail address, if any, of the person or entity filing the single claim. An e-mail address must be provided on claims submitted online through the Copyright Royalty Board Web site.

(iv) The name, telephone number, facsimile number, if any, and e-mail address, if any, of the person whom the Copyright Royalty Board can contact regarding the claim.

(v) An original signature of the copyright owner or of a duly authorized representative of the copyright owner, except for claims filed online through the Copyright Royalty Board Web site. See 37 CFR 360.12(b)(1)(vi).

(vi) A declaration of the authority to file the claim and of the veracity of the information contained in the claim and the good faith of the person signing in providing such information. Penalties for fraud and false statements are provided under 18 U.S.C. 1001 *et seq.*

(2) *Joint claim.* A claim filed on behalf of more than one copyright owner whose works have been secondarily

transmitted by a satellite carrier shall include the following information:

(i) A list including the full legal name and address of each copyright owner to the joint claim entitled to claim royalty fees.

(ii) A concise statement of the authorization for the person or entity filing the joint claim. For this purpose, a performing rights society shall not be required to obtain from its members or affiliates separate authorizations, apart from their standard membership affiliate agreements, or to list the name of each of its members or affiliates in the joint claim as required by paragraph (b)(2)(i) of this section.

(iii) A general statement of the nature of the copyright owners' works, identification of at least one secondary transmission of one of the copyright owners' works by a satellite carrier establishing a basis for the joint claim, and the identification of the copyright owner of each work so identified.

(iv) The name, telephone number, facsimile number, if any, full address, including a specific number and street name or rural route, and e-mail address, if any, of the person or entity filing the joint claim. An e-mail address must be provided on claims submitted online through the Copyright Royalty Board Web site.

(v) The name, telephone number, facsimile number, if any, and e-mail address, if any, of a person whom the Copyright Royalty Board can contact regarding the claim.

(vi) Original signatures of the copyright owners to the joint claim or of a duly authorized representative or representatives of the copyright owners, except for claims filed online through the Copyright Royalty Board Web site. See 37 CFR 360.12(b)(2)(vii).

(vii) Notwithstanding paragraph (b)(2)(ii) of this section, a declaration of the authority to file the claim and of the veracity of the information contained in the claim and the good faith of the person signing in providing such information. Penalties for fraud and false statements are provided under 18 U.S.C. 1001 *et seq.*

(c) In the event that the legal name and/or address of the copyright owner entitled to royalties or the person or entity filing the claim changes after the filing of the claim, the Copyright Royalty Board shall be notified of the change. If the good faith efforts of the Copyright Royalty Board to contact the copyright owner or person or entity filing the claim are frustrated because of failure to notify the Copyright Royalty Board of a name and/or address change, the claim may be subject to dismissal.

§ 360.13 Compliance with statutory dates.

(a) Claims filed with the Copyright Royalty Board shall be considered timely filed only if:

(1) They are received online in the Board's server no later than 5 p.m. e.d.t. on July 31. Online claims must be filed through the Copyright Royalty Board Web site at <http://www.loc.gov/crb/satellite/> during the month of July.

(2) They are hand delivered by a private party no later than 5 p.m. e.d.t. on July 31. Claims hand delivered by a private party must be delivered to the Public Information Office, located at the U.S. Copyright Office, James Madison Memorial Building, Room LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000, Monday through Friday, between 8:30 a.m. and 5 p.m., and the envelope must be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000. Claims hand delivered by a private party must be filed at the Public Information Office during the month of July.

(3) They are hand delivered by a commercial courier (excluding overnight delivery services such as Federal Express, United Parcel Service and similar overnight delivery services) no later than 4 p.m. e.d.t. on July 31. Claims hand delivered by a commercial courier service (excluding overnight delivery services such as Federal Express, United Parcel Service and similar overnight delivery services) must be delivered to the Congressional Courier Acceptance Site (CCAS) located at Second and D Street, NE., Washington, DC, Monday through Friday, between 8:30 a.m. and 4 p.m., and the envelope must be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-403, 101 Independence Avenue, SE., Washington, DC 20559-6000. Claims hand delivered by a commercial courier must be filed at CCAS during the month of July.

(4) They are mailed through the United States Postal Service (USPS) having sufficient postage and bearing a July USPS postmark. Claims mailed through USPS must be addressed as follows: Copyright Royalty Board, P.O. Box 70977, Southwest Station, Washington, DC 20024-0977.

(5) Federal Express, United Parcel Service and similar overnight delivery services may not be used for the filing of claims. A claim sent by means of overnight delivery shall be done via United States Postal Service Express Mail, and the claim shall be addressed

in accordance with paragraph (a)(4) of this section.

(b) Claims dated only with a business meter that are received after July 31 will not be accepted as having been timely filed.

(c) Notwithstanding paragraphs (a) and (b) of this section, in any year in which July 31 falls on a Saturday, Sunday, holiday, or other nonbusiness day within the District of Columbia or the Federal Government, claims received by the Copyright Royalty Board by the first business day in August, or properly addressed and deposited with sufficient postage with the United States Postal Service and postmarked by the first business day in August, shall be considered timely filed.

(d) No claim may be filed by facsimile transmission.

(e) In the event that a properly addressed and mailed claim is not timely received by the Copyright Royalty Board, proper filing of the claim may nonetheless be proven if it was sent by certified mail return receipt requested, and a receipt bearing a July date stamp of the United States Postal Service, except where paragraph (c) of this section applies, can be provided. No other offer of proof will be accepted in lieu of the receipt.

(f) The Copyright Royalty Board will accept either the confirmation page generated upon submission of the claim online through the Board's Web site or the electronic mail message from the Board confirming receipt of the claim as proof that a claim submitted online through the Board's Web site was received timely in the Board's server. No other offer of proof will be accepted in lieu thereof.

§ 360.14 Copies of claims.

A claimant shall, for each claim submitted to the Copyright Royalty Board by hand delivery or by mail, file an original and one copy of the claim to satellite carrier royalty fees.

§ 360.15 Separate claims required.

If a party intends to file claims for both cable compulsory license and satellite carrier compulsory license royalty fees during the same month of July, that party must file separate claims with the Copyright Royalty Board. Any single claim which purports to file for both cable and satellite carrier royalty fees will be dismissed.

Subpart C—Digital Audio Recording Devices and Media Royalty Claims

§ 360.20 General.

This subpart prescribes procedures pursuant to 17 U.S.C. 1007(a)(1),

whereby interested copyright parties, as defined in 17 U.S.C. 1001(7), claiming to be entitled to royalty payments made for the importation and distribution in the United States, or the manufacture and distribution in the United States, of digital audio recording devices and media pursuant to 17 U.S.C. 1006, shall file claims with the Copyright Royalty Board.

§ 360.21 Time of filing.

(a) *General.* During January and February of each succeeding year, every interested copyright party claiming to be entitled to digital audio recording devices and media royalty payments made for quarterly periods ending during the previous calendar year shall file a claim with the Copyright Royalty Board. Claimants may file claims jointly or as a single claim.

(b) *Consequences of an untimely filing.* No royalty payments for the previous calendar year shall be distributed to any interested copyright party who has not filed a claim to such royalty payments during January or February of the following calendar year.

(c) *Authorization.* Any organization or association, acting as a common agent, shall be required to obtain from its members or affiliates separate, specific, and written authorization, signed by members, affiliates, or their representatives, to file claims to the Musical Works Fund or the Sound Recordings Fund, apart from their standard agreements, for purposes of royalties filing and fee distribution. Such written authorization, however, will not be required for claimants to the Musical Works Fund where either:

(1) The agreement between the organization or association and its members or affiliates specifically authorizes such entity to represent its members or affiliates before the Copyright Royalty Board in royalty filing and fee distribution proceedings; or

(2) The agreement between the organization or association and its members or affiliates, as specified in a court order issued by a court with authority to interpret the terms of the contract, authorizes such entity to represent its members or affiliates before the Copyright Royalty Board in royalty filing and fee distribution proceedings.

§ 360.22 Form and content of claims.

(a) *Forms.* (1) Each claim to digital audio recording devices and media royalty payments (DART) shall be furnished on a form prescribed by the Copyright Royalty Board and shall contain the information required by that form and its accompanying instructions.

(2) Copies of DART claim forms are available:

(i) On the Board's Web site at <http://www.loc.gov/crb/claims> for claims filed with the Copyright Royalty Board by mail or by hand delivery in accordance with § 360.24(a)(2)-(4);

(ii) On the Board's Web site at <http://www.loc.gov/crb/dart/> during the months of January and February for claims filed online in accordance with § 360.24(a)(1); and

(iii) Upon request to the Copyright Royalty Board, Library of Congress, P.O. Box 70977, Southwest Station, Washington, DC 20024-0977.

(b) *Content.* Claims filed by interested copyright parties for digital audio recording devices and media royalty payments shall include the following information:

(1) The full legal name and address of the person or entity claiming royalty payments.

(2) The name, telephone number, facsimile number, if any, full address, including a specific number and street name or rural route, and e-mail address, if any, of the person or entity filing the claim. An e-mail address must be provided on claims submitted online through the Copyright Royalty Board Web site.

(3) The name, telephone number, facsimile number, if any, and e-mail address, if any, of a person whom the Copyright Royalty Board can contact regarding the claim.

(4) A statement as to how the claimant fits within the definition of interested copyright party specified in 17 U.S.C. 1001(7).

(5) A statement as to whether the claim is being made against the Sound Recordings Fund or the Musical Works Fund, as set forth in 17 U.S.C. 1006(b), and as to which Subfund of the Sound Recordings Fund (*i.e.*, the copyright owners or featured recording artists Subfund) or the Musical Works Fund (*i.e.*, the music publishers or writers Subfund) the claim is being made against as set forth in 17 U.S.C. 1006(b)(1) through (2).

(6) Identification, establishing a basis for the claim, of at least one musical work or sound recording embodied in a digital musical recording or an analog musical recording lawfully made under title 17 of the United States Code that has been distributed (as that term is defined in 17 U.S.C. 1001(6)), and that, during the period to which the royalty payments claimed pertain, has been (i) Distributed (as that term is defined in 17 U.S.C. 1001(6)) in the form of digital musical recordings or analog musical recordings, or (ii) Disseminated to the public in transmissions.

(7) A declaration of the authority to file the claim and of the veracity of the information contained in the claim and the good faith of the person signing in providing such information. Penalties for fraud and false statements are provided under 18 U.S.C. 1001 *et seq.*

(c) Claims shall bear the original signature of the claimant or of a duly authorized representative of the claimant, except for claims filed online through the Copyright Royalty Board Web site. See 37 CFR 360.22(b)(7).

(d) In the event that the legal name and/or address of the claimant changes after the filing of the claim, the claimant shall notify the Copyright Royalty Board of such change. If the good faith efforts of the Copyright Royalty Board to contact the claimant are frustrated because of failure to notify the Copyright Royalty Board of a name and/or address change, the claim may be subject to dismissal.

(e) If the claim is a joint claim, it shall include a concise statement of the authorization for the filing of the joint claim in addition to the declaration required under paragraph (b)(7) of this section and the name of each claimant to the joint claim.

(f) If an interested copyright party intends to file claims against more than one Subfund, each such claim must be filed separately with the Copyright Royalty Board. Any claim that purports to file against more than one Subfund will be rejected.

§ 360.23 Content of notices regarding independent administrators.

(a) The independent administrator jointly appointed by the interested copyright parties, as defined in 17 U.S.C. 1001(7)(A), and the American Federation of Musicians (or any successor entity) for the purpose of managing, and ultimately distributing the royalty payments to nonfeatured musicians as defined in 17 U.S.C. 1006(b)(1), shall file a notice informing the Copyright Royalty Board of his/her name and address.

(b) The independent administrator jointly appointed by the interested copyright parties, as defined in 17 U.S.C. 1001(7)(A), and the American Federation of Television and Radio Artists (or any successor entity) for the purpose of managing, and ultimately distributing the royalty payments to nonfeatured vocalists as defined in 17 U.S.C. 1006(b)(1), shall file a notice informing the Copyright Royalty Board of his/her full name and address.

(c) A notice filed under paragraph (a) or (b) of this section shall include the following information:

(1) The full name of the independent administrator;

(2) The telephone number and facsimile number, if any, full address, including a specific number and street name or rural route, of the place of business of the independent administrator.

(d) Notice shall bear the original signature of the independent administrator or a duly authorized representative of the independent administrator, and shall be filed with the Copyright Royalty Board no later than March 31 of each year, commencing with March 31, 2006.

(e) No notice may be filed by facsimile transmission.

§ 360.24 Compliance with statutory dates.

(a) Claims filed with the Copyright Royalty Board shall be considered timely filed only if:

(1) They are received online in the Board's server no later than 5 p.m. E.S.T. on the last day of February. Online claims must be filed through the Copyright Royalty Board Web site at <http://www.loc.gov/crb/dart/> during the months of January and February.

(2) They are hand delivered by a private party no later than 5 p.m. E.S.T. on the last day of February. Claims hand delivered by a private party must be delivered to the Public Information Office, located at the U.S. Copyright Office, James Madison Memorial Building, Room LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000, Monday through Friday, between 8:30 a.m. and 5 p.m., and the envelope must be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-401, 101 Independence Avenue, SE., Washington, DC 20559-6000. Claims hand delivered by a private party must be filed at the Public Information Office during the months of January and February.

(3) They are hand delivered by a commercial courier (excluding overnight delivery services such as Federal Express, United Parcel Service and similar overnight delivery services) no later than 4 p.m. E.S.T. on the last day of February. Claims hand delivered by a commercial courier service (excluding overnight delivery services such as Federal Express, United Parcel Service and similar overnight delivery services) must be delivered to the Congressional Courier Acceptance Site (CCAS) located at Second and D Street, NE., Washington, DC, Monday through Friday, between 8:30 a.m. and 4 p.m., and the envelope must be addressed as follows: Copyright Royalty Board, Library of Congress, James Madison Memorial Building, LM-403, 101 Independence Avenue, SE., Washington, DC 20559-6000. Claims hand delivered by a commercial courier must be filed at CCAS during the months of January and February.

(4) They are mailed through the United States Postal Service (USPS) having sufficient postage and bearing a January or February USPS postmark. Claims mailed through USPS must be addressed as follows: Copyright Royalty Board, P.O. Box 70977, Southwest Station, Washington, DC 20024-0977.

(5) Federal Express, United Parcel Service and similar overnight delivery services may not be used for the filing of claims. A claim sent by means of overnight delivery shall be done via United States Postal Service Express Mail, and the claim shall be addressed in accordance with paragraph (a)(4) of this section.

(b) Claims dated only with a business meter that are received after the last day in February will not be accepted as having been timely filed.

(c) Notwithstanding paragraphs (a) and (b) of this section, in any year in which the last day of February falls on a Saturday, Sunday, a holiday, or other nonbusiness day within the District of Columbia or the Federal Government,

claims received by the Copyright Royalty Board by the first business day in March, or properly addressed and deposited with sufficient postage with the United States Postal Service and postmarked by the first business day in March, shall be considered timely filed.

(d) No claim may be filed by facsimile transmission.

(e) In the event that a properly addressed and mailed claim is not timely received by the Copyright Royalty Board, proper filing of the claim may nonetheless be proven if it was sent by certified mail return receipt requested, and a receipt bearing a January or February date stamp of the United States Postal Service, except where paragraph (c) of this section applies, can be provided. No other offer of proof will be accepted in lieu of the receipt.

(f) The Copyright Royalty Board will accept either the confirmation page generated upon submission of the claim online through the Copyright Royalty Board Web site or the electronic mail message from the Copyright Royalty Board confirming receipt of the claim as proof that a claim submitted online through the Copyright Royalty Board Web site was received timely in the Board's server. No other offer of proof will be accepted in lieu thereof.

§ 360.25 Copies of claims.

A claimant shall, for each claim submitted to the Copyright Royalty Board by hand delivery or by mail, file an original and one copy of the claim to digital audio recording devices and media royalty payments.

Dated: May 19, 2005.

Bruce G. Forrest,
Interim Chief Copyright Royalty Judge,
Copyright Royalty Board.

Approved by:

James H. Billington,
The Librarian of Congress.

BILLING CODE 1410-72-P

Proposed Rules

Federal Register

Vol. 70, No. 103

Tuesday, May 31, 2005

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF EDUCATION

34 CFR Parts 300 and 303

Individuals With Disabilities Education Act, as Amended by the Individuals With Disabilities Education Improvement Act of 2004 (IDEA)

AGENCY: Office of Special Education and Rehabilitative Services (OSERS), Department of Education.

ACTION: Notice of public meetings and correction.

SUMMARY: We published a notice in the *Federal Register* on April 1, 2005 (70 FR 16784), announcing plans to hold a series of public meetings to seek comments and suggestions about proposed regulations under 34 CFR parts 300 and 303 to implement programs under the recently amended IDEA. Under **DATES**, the day and date listed for the first meeting has been changed. The first meeting is listed as "Monday, June 6, 2005 in San Antonio, TX". This date is corrected to read "Thursday, July 7, 2005 in San Antonio, TX" for this location.

This document also provides the information on specific sites for each of the currently planned public meetings.

DATES: The IDEA public meetings will be held from 1 p.m. to 4 p.m. and from 5 p.m. to 7 p.m.:

- Friday, June 17, 2005 in Nashville, TN at the Joe and Faye Wyatt Center for Education, 1930 South Drive, Peabody College, Vanderbilt University;
- Wednesday, June 22, 2005 in Sacramento, CA at the John F. Kennedy High School, 6715 Gloria Drive;
- Friday, June 24, 2005 in Las Vegas, NV at the Donald C. Moyer Student Union, University of Nevada-Las Vegas, 4505 Maryland Parkway;
- Monday, June 27, 2005 in New York, NY at the W Hotel of New York, Forest 1 Room, 541 Lexington Avenue, Between 49th and 50th Street;
- Wednesday, June 29, 2005 in Chicago, IL at the Palmer House Hilton, Red Lacquer Room, 17 E. Monroe Street;

- Thursday, July 7, 2005 in San Antonio, TX at the Education Service Center, Region 20, 1314 Hines Avenue; and

- Tuesday, July 12, 2005 in Washington, DC at Gallaudet University, Kellogg Conference Center, 800 Florida Avenue, NE.

FOR FURTHER INFORMATION CONTACT: Troy R. Justesen, U.S. Department of Education, 400 Maryland Avenue, SW., room 5138, Potomac Center Plaza, Washington, DC 20202. Telephone: (202) 245-7468 or by e-mail: osep@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the program contact person listed in this section.

Electronic Access to This Document: You may view this document, as well as all other documents of this Department published in the *Federal Register*, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: <http://www.ed.gov/news/fedregister>.

To use PDF you must have Adobe Acrobat Reader, which is available free at this site. If you have questions about using PDF, call the U.S. Government Printing Office (GPO), toll free, at 1-888-293-6498; or in the Washington, DC, area at (202) 512-1530.

Note: The official version of this document is the document published in the *Federal Register*. Free Internet access to the official edition of the *Federal Register* and the Code of Federal Regulations is available on GPO Access at: <http://www.gpoaccess.gov/nara/index.html>.

Dated: May 24, 2005.

John H. Hager,

Assistant Secretary for Special Education and Rehabilitative Services.

BILLING CODE 4000-01-P

NATIONAL SCIENCE FOUNDATION

45 CFR Part 613

RIN 3145-AA43

Proposed Changes to Exemptions Under CFR Part 613—Privacy Act Regulations

AGENCY: National Science Foundation.

ACTION: Proposed rule.

SUMMARY: Part 613.5 Exemptions will be amended to add (g) Statistical records. Pursuant to 5 U.S.C. 552a(k)(4), the Foundation hereby exempts the systems of records entitled "Doctorate Records Files," "Doctorate Work History Files," and "National Survey of Recent College Graduates & Follow-up Files" from the application of 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (H) and (I), and (f).

DATES: June 30, 2005.

ADDRESSES: Address all comments concerning this notice to Leslie Jensen, National Science Foundation, Office of the General Counsel, Room 1265, Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Leslie Jensen: (703) 292-8060.

SUPPLEMENTARY INFORMATION: You may submit comments by sending electronic mail (e-mail) to ljensen@nsf.gov.

Submit comments as an ASCII file avoiding the use of special characters and any form of encryption. Identify all comments sent in electronic e-mail with subject line: Comments to proposed changes.

Lawrence Rudolph,
General Counsel.

List of Subjects in 45 CFR Part 613

Privacy.

For the reason stated in the preamble, the National Science Foundation proposes to revise 45 CFR Part 613 as follows:

PART 613—PRIVACY ACT REGULATORY

- Sec.
- 613.1 General provisions
 - 613.2 Requesting access to records
 - 613.3 Responding to requests for access to records
 - 613.4 Amendment of records
 - 613.5 Exemptions
 - 613.6 Other rights and services

Authority: 5 U.S.C. 552a.

§ 613.1 General Provisions.

This part sets forth the National Science Foundation procedures under the Privacy Act of 1974. The rules in this part apply to all records in systems of records maintained by NSF that are retrieved by an individual's name or personal identifier. They describe the procedures by which individuals, as defined in the Privacy Act, may request access to records about themselves and request amendment or corrections of those records. All Privacy Act requests for access to records are also processed under the Freedom of Information Act, 5 U.S.C. 552 (as provided in Part 612 of this chapter), which gives requesters the benefit of both statutes. Notice of systems of records maintained by the National Science Foundation are published in the *Federal Register*.

§ 613.2 Requesting access to records.

(a) *Where to make a request.* You may make a request for access to NSF records about yourself by appearing in person at the National Science Foundation or by making a written request. If you choose to visit the Foundation, you must contact the NSF Security Desk and ask to speak with the Foundation's Privacy Act Officer in the Office of the General Counsel. Written requests should be sent to the NSF Privacy Act Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 1265, Arlington, VA 22230. Written requests are recommended, since in many cases it may take several days to determine whether a record exists, and additional time may be required for record(s) retrieval and processing.

(b) *Description of requested records.* You must describe the records that you seek in enough detail to enable NSF personnel to locate the system of records containing them with a reasonable amount of effort. Providing information about the purpose for which the information was collected, applicable time periods, and name or identifying number of each system of records in which you think records about you may be kept, will help speed the processing of your request. NSF publishes notices in the *Federal Register* that describe the systems of records maintained by the Foundation. The Office of the Federal Register publishes a biennial "Privacy Act Compilation" that includes NSF system notices. This compilation is available in many large reference and university libraries, and can be accessed electronically at the Government Printing Office's Web site at http://www.access.gpo.gov/su_docs/aces/PrivacyAct.shtml.

(c) *Verification of identity.* When requesting access to records about yourself, NSF requires that you verify your identity in an appropriate fashion. Individuals appearing in person should be prepared to show reasonable picture identification such as driver's license, government or other employment identification card, or passport. Written requests must state your full name and current address. You must sign your request and your signature must be notarized, or submitted by you under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain information about these required elements for requests from the NSF Privacy Act Officer, Suite 1265, 4201 Wilson Blvd., Arlington, VA 22230, or from the NSF Home Page under "Public & Media Information—FOIA and Privacy Act" at <http://www.nsf.gov/home/pubinfo/foia.htm>. In order to help agency personnel in locating and identifying requested records, you may also, at your option, include your social security number, and/or date and place of birth. An individual reviewing his or her record(s) in person may be accompanied by an individual of his or her choice after signing a written statement authorizing that individual's presence. Individuals requesting or authorizing the disclosure of records to a third party must verify their identity and may specifically name the third party and identify the information to be disclosed.

(d) *Verification of guardianship.* When making a request as the parent or guardian of a minor or as the guardian of someone determined by a court of competent jurisdiction to be incompetent, for access to records about that individual, you must establish:

(1) The identity of the record subject, by stating individual's name and current address and, at your option, the social security number and/or date and place of birth of the individual;

(2) Your own identity, as required in paragraph (c) of this section;

(3) That you are the parent or guardian of that individual, which you may prove by providing a copy of the individual's birth certificate showing your parentage or by providing a court order establishing your guardianship; and

(4) That you are acting on behalf of that individual in making the request.

(e) The procedures of paragraphs (a) through (d) of this section shall also apply to requests made pursuant to 5 U.S.C. 552a(c)(3).

§ 613.3 Responding to requests for access to records.

(a) *Timing of responses to requests.* The Foundation will make reasonable effort to act on a request for access to records within 20 days of its receipt by the Privacy Act Officer (excluding date of receipt, weekends, and legal holidays) or from the time any required identification is received by the Privacy Act Officer, whichever is later. In determining which records are responsive to a request, the Foundation will include only records in its possession as of the date of receipt. When the agency cannot complete processing of a request within 20 working days, the Foundation will send a letter explaining the delay and notifying the requester of the date by which processing is expected to be completed.

(b) *Authority to grant or deny requests.* The Privacy Act Officer, or his or her designee in the office with responsibility for the requested records, is authorized to grant or deny access to a Foundation record.

(c) *Granting access to records.* When a determination is made to grant a request for access in whole or part, the requester will be notified as soon as possible of the Foundation's decision. Where a requester has previously failed to pay a properly charged fee to any agency within 30 days of the date of billing, NSF may require the requester to pay the full amount due, plus any applicable interest, and to make an advance payment of the full amount of any anticipated fee, before NSF begins to process a new request or continues to process a pending request from that requester.

(1) *Requests made in person.* When a request is made in person, if the records can be found, and reviewed for access without unreasonable disruption of agency operations, the Foundation may disclose the records to the requester directly upon payment of any applicable fee. A written record should be made documenting the granting of the request.

If a requester is accompanied by another person, the requester shall be required to authorize in writing any discussion of the records in the presence of the other person.

(2) *Request made in writing.* The Foundation will send the records to the requester promptly upon payment of any applicable fee.

(d) *Denying access to records.* The requester will be notified in writing of any determination to deny a request for access to records. The notification letter will be signed by the Privacy Act Officer, or his or her designee, as the individual responsible for the denial

and will include a brief statement of the reason(s) for the denial, including any Privacy Act exemption(s) applied in denying the request.

(e) *Fees.* The Foundation will charge for duplication of records requested under the Privacy Act in the same way it charges for duplication under the Freedom of Information Act (*see* 45 CFR 612.10). No search or review fee may be charged for the record unless the record has been exempted from access under Exemptions (j)(2) or (k)(2) of the Privacy Act.

§ 613.4 Amendment of records.

(a) *Where to make a request.* An individual may request amendment of records pertaining to him or her that are maintained in an NSF Privacy Act system of records, except that certain records described in paragraph (h) of this section are exempt from amendment. Request for amendment of records must be made in writing to the NSF Privacy Act Officer, National Science Foundation, Suite 1265, 4201 Wilson Boulevard, Arlington, VA 22230.

(b) *How to make a request.* Your request should identify each particular record in question, state the amendment you want to take place, and specify why you believe that the record is not accurate, relevant, timely, or complete. You may submit any documentation that you think would be helpful. Providing an edited copy of the record(s) showing the desired change will assist the agency in making a determination about your request. If you believe that the same information is maintained in more than one NSF system of records you should include that information in your request. You must sign your request and provide verification of your identity as specified in 613.2(c).

(c) *Timing of responses to requests.* The Privacy Act Officer, or his or her designee, will acknowledge receipt of request for amendment within 10 working days of receipt. Upon receipt of a proper request the Privacy Act Officer will promptly confer with the NSF Directorate or Office with responsibility for the records to determine if the request should be granted in whole or part.

(d) *Granting request for amendment.* When a determination is made to grant a request for amendment in whole or part, notification to the requester will be made as soon as possible, normally within 30 working days of the Privacy Act Officer receiving the request, describing the amendment made and including a copy of the amended record, in disclosable form.

(e) *Denying request for amendment.* When a determination is made that amendment, in whole or part, is unwarranted, the matter shall be brought to the attention of the Inspector General, if it pertains to records maintained by the Office of the Inspector General, or to the attention of the General Counsel, if it pertains to other NSF records. If the General Counsel or Inspector General or their designee agrees with the determination that amendment is not warranted, the Privacy Act Officer will notify the requester in writing, normally within 30 working days of the Privacy Act Officer receiving the request. The notification letter will be signed by the Privacy Act Officer or his or her designee, and will include a statement of the reason(s) for the denial and how to appeal the decision.

(f) *Appealing a denial.* You may appeal a denial of a request to amend records to the General Counsel, National Science Foundation, 4201 Wilson Blvd., Suite 1265, Arlington, VA 22230. You must make your appeal in writing and it must be received by the Office of the General Counsel within ten days of the receipt of the denial (weekends, legal holidays, and the date of receipt excluded). Clearly mark your appeal letter and envelope "Privacy Act Appeal." Your appeal letter must include a copy of your original request for amendment and the denial letter, along with any additional documentation or argument you wish to submit in favor of amending the records. It must be signed by you or your officially designated representative.

(g) *Responses to appeals.* The General Counsel, or his or her designee, will normally render a decision on the appeal within thirty working days after proper receipt of the written appeal by the General Counsel. If additional time to make a determination is necessary you will be advised in writing of the need for an extension.

(1) Amendment appeal granted. If on appeal the General Counsel, or his or her designee, determines that amendment of the record should take place, you will be notified as soon as possible of the Foundation's decision. The notification will describe the amendment made and include a copy of the amended record, in disclosable form.

(2) Amendment appeal denied—Statement of disagreement. If on appeal the General Counsel, or his or her designee, upholds a denial of a request for amendment of records, you will be notified in writing of the reasons why the appeal was denied and advised of your right to seek judicial review of the

decision. The letter will also notify you of your right to file with the Foundation a concise statement setting forth the reasons for your disagreement with the refusal of the Foundation to amend the record. The statement should be sent to the Privacy Act Officer, who will ensure that a copy of the statement is placed with the disputed record. A copy of the statement will be included with any subsequent disclosure of the record.

(h) *Records not subject to amendment.* The following records are not subject to amendment:

(1) Transcripts of testimony given under oath or written statements made under oath;

(2) Transcripts of grand jury proceedings, judicial proceedings, or quasi-judicial proceedings, which are the official record of those proceedings;

(3) Pre-sentence records that originated with the courts; and

(4) Records in systems of records that have been exempted from amendment under Privacy Act, 5 U.S.C. 552a(j) or (k) by notice published in the *Federal Register*.

§ 613.5 Exemptions.

(a) *Fellowships and other support.* Pursuant to 5 U.S.C. 552a(k)(5), the Foundation hereby exempts from the application of 5 U.S.C. 552a(c)(3) and (d) any materials which would reveal the identity of references of fellowship or other award applicants or nominees, or reviewers of applicants for Federal contracts (including grants and cooperative agreements) contained in any of the following systems of records:

- (1) "Fellowships and Other Awards,"
- (2) "Principal Investigator/Proposal File and Associated Records,"
- (3) "Reviewer/Proposal File and Associated Records," and
- (4) "Reviewer/Fellowship and Other Awards File and Associated Records."

(b) *OIG Files Compiled for the Purpose of a Criminal Investigation and for Related Purposes.* Pursuant to 5 U.S.C. 552a(j)(2), the Foundation hereby exempts the system of records entitled "Office of Inspector General Investigative Files," insofar as it consists of information compiled for the purposes of a criminal investigation or for other purposes within the scope of 5 U.S.C. 552a(j)(2), from the application of 5 U.S.C. 552a, except for subsections (b), (c)(1) and (2), (e)(4)(A) through (F), (e)(6), (7), (9), (10) and (11), and (i).

(c) *OIG and ACA Files Compiled for Other Law Enforcement Purposes.* Pursuant to 5 U.S.C. 552a(k)(2), the Foundation hereby exempts the systems of records entitled "Office of Inspector General Investigative Files" and "Antarctic Conservation Act Files"

insofar as they consist of information compiled for law enforcement purposes other than material within the scope of 5 U.S.C. 552a(j)(2), from the application of 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (H), and (I), and (f).

(d) *Investigations of Scientific Misconduct.* Pursuant to 5 U.S.C. 552a(k)(2) and (k)(5), the Foundation hereby exempts from the application of 5 U.S.C. 552a(c)(3) and (d) any materials which would reveal the identity of confidential sources of information contained in the following system of records: "Debarment/Scientific Misconduct Files."

(e) *Personnel Security Clearances.* Pursuant to 5 U.S.C. 552a(k)(5), the Foundation hereby exempts from the

application of 5 U.S.C. 552a(c)(3) and (d) any materials which would reveal the identity of confidential sources of information contained in the following system of records: "Personnel Security."

(f) *Applicants for Employment.* Records on applicants for employment at NSF are covered by the Office of Personnel Management (OPM) government-wide system notice "Recruiting, Examining and Placement Records." These records are exempted as claimed in 5 CFR 297.501(b)(7).

(g) *Statistical records.* Pursuant to 5 U.S.C. 552a(k)(4), the Foundation hereby exempts the systems of records entitled "Doctorate Records Files," "Doctorate Work History Files," and "National Survey of Recent College

Graduates & Follow-up Files" from the application of 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (H), and (I), and (f).

(h) *Other Records.* The Foundation may also assert exemptions for records received from another agency that could properly be claimed by that agency in responding to a request.

§ 613.6 Other rights and services.

Nothing in this subpart shall be construed to entitle any person, as of right, to any service or to the disclosure of any record to which such person is not entitled under the Privacy Act.

BILLING CODE 7535-01-M

Notices

Federal Register

Vol. 70, No. 103

Tuesday, May 31, 2005

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Public Information Collections Being Reviewed by the U.S. Agency for International Development; Comments Requested

SUMMARY: U.S. Agency for International Development (USAID) is making efforts to reduce the paperwork burden. USAID invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act for 1995. Comments are requested concerning: (a) Whether the proposed or continuing collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Submit comments on or before August 1, 2005.

FOR FURTHER INFORMATION CONTACT: Beverly Johnson, Bureau for Management, Office of Administrative Services, Information and Records Division, U.S. Agency for International Development, Room 2.07-106, RRB, Washington, DC 20523, (202) 712-1365 or via e-mail bjohnson@usaid.gov.

SUPPLEMENTARY INFORMATION:

OMB No.: OMB 0412-0012.

Form No.: AID 282.

Title: Supplier's Certificate Agreement with the U.S. Agency for International Development Invoice-and-Contract Abstract.

Type of Review: Renewal of Information Collection.

Purpose: The U.S. Agency for International Development (USAID) finances goods and related services under its Commodity Import Program which are contracted for by public and private entities in the countries receiving the USAID Assistance. Since USAID is not a party to these contract, USAID needs some means to collect information directly from the suppliers of the goods and related services and to enable USAID to take an appropriate action against them in the event they do not comply with the applicable regulations. USAID does this by securing from the suppliers, as a condition for the disbursement of funds a certificate and agreement with USAID which contains appropriate representations by the suppliers.

Annual Reporting Burden:

Respondents: 800.

Total annual responses: 2,400.

Total annual hours requested: 1,200.

Dated: May 20, 2005.

Joanne Paskar,

Chief, Information and Records Division, Office of Administrative Services, Bureau for Management.

AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Public Information Collections Being Reviewed by the U.S. Agency for International Development; Comments Requested

SUMMARY: U.S. Agency for International Development (USAID) is making efforts to reduce the paperwork burden. USAID invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. Comments are requested concerning: (a) Whether the proposed or continuing collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated

collection techniques or other forms of information technology.

DATES: Submit comments on or before August 1, 2005.

FOR FURTHER INFORMATION CONTACT:

Beverly Johnson, Bureau for Management, Office of Administrative Services, Information and Records Division, U.S. Agency for International Development, Room 2.07-106, RRB, Washington, DC 20523, (202) 712-1365 or via e-mail bjohnson@usaid.gov.

SUPPLEMENTARY INFORMATION:

OMB NO: OMB 0412-0004.

Form No.: AID 11.

Title: Application for Approval of Commodity Eligibility.

Type of Review: Renewal of Information Collection.

Purpose: USAID provides loans and grants to some developing countries in the form of Commodity Import Programs (CIPs). These funds are made available to host countries to be allocated to the public and private sectors for purchasing various commodities from the U.S., or in some cases, from other developing countries. In accordance with section 604(f) of the Foreign Assistance Act of 1961, as amended, USAID may finance only those commodities which are determined eligible and suitable in accordance with various statutory requirements and agency policies. Using the Application for approval of Commodity Eligibility (form AID 11), the supplier certifies to USAID information about the commodities being supplied, as required in section 604(f), so that USAID may determine eligibility.

Annual Reporting Burden:

Respondents: 260.

Total annual responses: 850.

Total annual hours requested: 425 hours.

Dated: May 20, 2005.

Joanne Paskar,

Chief, Information and Records Division, Office of Administrative Services, Bureau for Management.

BILLING CODE 6116-01-M

DEPARTMENT OF AGRICULTURE**Submission for OMB Review;
Comment Request**

May 24, 2005.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Pub. L. 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: 9 CFR 50 & 77, Tuberculosis.
OMB Control Number: 0579-0084.
Summary of Collection: Title 21 U.S.C. authorizes the Secretary of Agriculture to prevent, control and eliminate domestic diseases such as tuberculosis, as well as to take actions to prevent and to manage exotic diseases such as hog cholera, African swine fever, and other foreign diseases. The Animal and Plant Health Inspection Service (APHIS) oversees the

Cooperative State-Federal Bovine Tuberculosis Eradication Program to eliminate bovine tuberculosis, a serious disease of livestock. The disease also affects man through contacts with infected animals or their byproducts. APHIS works with State and other federal organizations to conduct epidemiologic investigations to locate bovine tuberculosis and provide a means of controlling it. Information is collected using a variety of forms to properly identify, test, and transport animals that are infected with or exposed to tuberculosis.

Need and Use of the Information: APHIS will collect information to search for infected herds, maintain identification of livestock, monitor deficiencies in identification of animals for movement, and monitor program deficiencies in suspicious and infected herds. Continued collection of this information is essential for program progress aimed at controlling and eradicating bovine tuberculosis.

Description of Respondents: Business or other for-profit; Farms; State, local or tribal government.

Number of Respondents: 6,897.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 17,372.

Charlene Parker,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE**Submission for OMB Review;
Comment Request**

May 24, 2005.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information

technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@omb.eop.gov or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: Food Stamp Redemption Certificate.

OMB Control Number: 0584-0085.

Summary of Collection: The Food Stamp Act of 1977, requires the Department of Agriculture to issue regulations that provide for the redemption of coupons accepted by retail food stores through approved wholesale food concerns or through insured financial institutions. The Food and Nutrition Service (FNS) will provide authorized retail stores and wholesale food concerns with redemption certificates. The Redemption Certificate and Wholesaler Redemption Certificate (RCs) are used by all authorized wholesalers or retailers when depositing food stamp coupons, and are processed by financial institutions when they are presented for credit or for cash. The issuance of food stamp benefits through the Electronic Benefit Transfer (EBT) system is replacing the issuance of food coupons.

Need and Use of the Information: The Food and Nutrition Service (FNS) will collect information on the verification of the amount of coupons forwarded to the bank for redemption. RCs are distributed to each authorized retailer or wholesaler by FNS for completion. FNS uses the deposit information from the RC to monitor (1) deposits by retailer and wholesale food concerns, and (2) for store monitoring and compliance purposes.

Description of Respondents: Business or other for-profit.

Number of Respondents: 9,503.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 70.

Food and Nutrition Service

Title: Food Stamp Program Pre-Screening Tool.

OMB Control Number: 0584-0519.

Summary of Collection: Consistent with Section 5 of the Food Stamp Act of 1977, the Food and Nutrition Service (FNS) has initiated this program to enable potential Food Stamp Program applicants to assess their eligibility and the order of magnitude of the potential benefit they may qualify for. This Pre-Screening Tool also enables citizen advocacy groups to help constituents assess their benefit eligibility. This will also help the Food Stamp Program fulfill its role as a means-tested program in accordance with Section 5 of the Food Stamp Act and Part 273 of the Food Stamp Program regulations.

Need and Use of the Information:

This Food Stamp Program Pre-Screening Tool will be accessible to the public as an online Web-based system. The user will be prompted to enter household size, income, expenses and resource information, and the tool will calculate and provide the user with an estimated range of benefits that the household may be eligible to receive. This information will help FNS determine the degree and type of system usage as well as potential areas for further study. The survey component will help FNS to determine the degree of usage, the need for modifying the tool and potential areas of further study.

Description of Respondents:

Individuals or households; State, local, or tribal government; Not-for-profit institutions.

Number of Respondents: 264,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 48,183.

Charlene Parker,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410-30-P

DEPARTMENT OF AGRICULTURE

Food Safety and Inspection Service

[Docket No. 05-020N]

National Advisory Committee on Meat and Poultry Inspection

AGENCY: Food Safety and Inspection Service (FSIS), USDA.

ACTION: Notice of public meeting.

SUMMARY: The National Advisory Committee on Meat and Poultry Inspection (NACMPI) will hold a public

meeting on June 16-17, 2005, to review and discuss the following issues: (1) How can FSIS best share information on new technology with small and very small plants? (2) What guidance can be provided to industry to ensure that plants hold product when FSIS tests product for an adulterant? (3) How can risk based sampling most effectively be conducted in small and very small plants? Three subcommittees will also meet on June 16-17, 2005, to work on the issues discussed during the full committee session.

DATES: The full Committee will hold a public meeting on Thursday, June 16 and Friday, June 17, 2005, from 8:30 a.m. to 2 p.m. Subcommittees will hold open meetings on Thursday, June 16, 2005, from 3 p.m. to 6 p.m.

ADDRESSES: All Committee meetings will take place in the conference room at the south end of the USDA cafeteria located in the South Building, 1400 Independence Avenue, SW. A meeting agenda is available on the Internet at <http://www.fsis.usda.gov/OPPDE/NACMPI>. FSIS welcomes comments on the topics to be discussed at the public meeting. Comments may be submitted by mail, including floppy disks or CD-ROM's, or by hand delivery to: Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, Room 102 Cotton Annex, 300 12th Street, SW., Washington, DC 20250. Comments may also be sent by facsimile to (202) 205-0381. All submissions received must include the Agency name and docket number 05-020N. All comments submitted in response to this notice, as well as research and background information used by FSIS in developing this document, will be available for public inspection in the FSIS Docket Room at the address listed above between 8:30 a.m. and 4:30 p.m., Monday through Friday. The comments also will be posted on the Agency's Web site at http://www.fsis.usda.gov/regulations/2005_Notices_Index/.

FOR FURTHER INFORMATION CONTACT:

Robert Tynan for technical information at (202) 690-6522 or e-mail robert.tynan@fsis.usda.gov and Sonya L. West for meeting information at (202) 690-1079, FAX (202) 690-6519, or e-mail sonya.west@fsis.usda.gov. Persons requiring a sign language interpreter or other special accommodations should notify Ms. West no later than June 10, 2005, at the numbers above or by e-mail.

SUPPLEMENTARY INFORMATION:

Background

On March 15, 2005, the Secretary of Agriculture renewed the charter for the NACMPI. The Committee provides

advice and recommendations to the Secretary of Agriculture pertaining to the Federal and State meat and poultry inspection programs, pursuant to sections 7(c), 24, 205, 301(a)(3), 301(a)(4), and 301(c) of the Federal Meat Inspection Act (21 U.S.C. 607(c), 624, 645, 661(a)(3), 661(a)(4), and 661(c)) and sections 5(a)(3), 5(a)(4), 5(c), 8(b), and 11(e) of the Poultry Products Inspection Act (21 U.S.C. 454(a)(3), 454(a)(4), 454(c), 457(b), and 460(e)).

The Administrator of FSIS is the chairperson of the Committee. Membership of the Committee is drawn from representatives of consumer groups, producers, processors and marketers from the meat, poultry and egg product industry, state government officials, and academia. The current members of the NACMPI are: Dr. Gladys Bayse, Spelman College; Dr. David Carpenter, Southern Illinois University; Dr. James Denton, University of Arkansas; Mr. Darin Detwiler, Lake Washington School District; Mr. Kevin Elfering, Minnesota Department of Agriculture; Ms. Sandra Eskin, Attorney; Mr. Mike Finnegan, State of Montana; Mr. Michael Govro, Oregon Department of Agriculture; Dr. Andrea Grondahl, North Dakota Department of Agriculture; Dr. Joseph Harris, Southwest Meat Association; Dr. Jill Hollingsworth, Food Marketing Institute; Mr. Michael Kowalczyk, Safe Tables Our Priority; Dr. Elizabeth Krushinskie, U.S. Poultry & Egg Association; Dr. Irene Leech, Virginia Citizens Consumer Council; Mr. Charles Link, Cargill Meat Solutions; Dr. Catherine Logue, North Dakota State University; and Mr. Mark Schad, Schad Meats.

The Committee has three subcommittees to deliberate on specific issues and make recommendations to the whole Committee. The Committee makes recommendations to the Secretary of Agriculture.

All interested parties are welcome to attend the meetings and to submit written comments and suggestions concerning issues the Committee will review and discuss. The comments and the official transcript of the meeting, when they become available, will be kept in the FSIS Docket Room at the address provided above. All comments received in response to this notice will be considered part of the public record and will be available for viewing in the FSIS Docket Room between 8:30 a.m. and 4:30 p.m., Monday through Friday. Members of the public will be required to register before entering the meeting.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it on-line through the FSIS Web Page located at http://www.fsis.usda.gov/regulations/2005_Notices_Index/index.asp. FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or would be of interest to constituents and stakeholders. The update is communicated via Listserv, a free electronic mail subscription service for industry, trade, and farm groups, consumer interest groups, allied health professionals, and other individuals who have asked to be included. The update is available on the FSIS Web page. Through the Listserv and web page, FSIS is able to provide information to a much broader and more diverse audience.

In addition, FSIS offers an electronic mail subscription service that provides an automatic and customized notification when popular pages are updated, including **Federal Register** publications and related documents. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/ and allows FSIS customers to sign up for subscription options in eight categories. Options range from recalls to export information to regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to protect their accounts with passwords.

Done in Washington, DC, on: May 25, 2005.

Barbara J. Masters,

Acting Administrator.

[FR Doc. 05-10735 Filed 5-27-05; 8:45 am]

BILLING CODE 3410-0M-P

DEPARTMENT OF AGRICULTURE

Forest Service

Myrtle Creek HFRA, Healthy Forest Restoration Act Project, Bonners Ferry Ranger District, Idaho Panhandle National Forests; Boundary County, ID

AGENCY: Forest Service, USDA.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement.

SUMMARY: The Bonners Ferry Ranger District of the Idaho Panhandle National Forest is proposing fuels reduction treatments in the Myrtle Creek and Snow Creek watersheds, identified as the Myrtle Creek HFRA project area. These watersheds are located nine miles west of Bonners Ferry, Idaho.

The USDA Forest Service will prepare an Environmental Impact Statement (EIS) to disclose the potential environmental effects of implementing fuels reduction treatments on National Forest System lands within these drainages, which include portions of the Selkirk and Kootenai Peak Inventoried Roadless Areas.

DATES: Comments, suggestions, or requests to be placed on the project mailing list, should be received on or before July 5, 2005. The draft environmental impact statement is expected to be filed with the Environmental Protection Agency (EPA) and available for public review in July, 2005.

ADDRESSES: Submit written comments and suggestions on the proposal or requests to be placed on the project mailing list to District Ranger Mike Herrin, Bonners Ferry Ranger District, 6286 Main St., Bonners Ferry, Idaho 83805; comments may also be submitted electronically to e-mail address: comments-northern-idpanhandle-bonners-ferry@fs.fed.us in one of the following formats: MSWord, Word Perfect or rtf.

FOR FURTHER INFORMATION CONTACT: Doug Nishek, Myrtle Creek HFRA Project Team Leader, Bonners Ferry Ranger District, at the above address, by phone at (208) 267-5561, or e-mail address: dnishek@fs.fed.us.

SUPPLEMENTARY INFORMATION: The project area encompasses Myrtle Creek (about 17,000 acres) and the lower section of Snow Creek drainage (about 3,200 acres) within the Selkirk Mountains of northern Idaho. In September 2003 a wildfire burned approximately 3,450 acres in the lower portion of the Myrtle Creek drainage—the municipal watershed and primary source of drinking water for the City of Bonners Ferry. The fire burned across the intake diversion structure for the City's water system, and caused some short-term effects to the water quality. It also heightened the community's awareness of potential risks if another catastrophic fire burned within the watershed.

The City of Bonners Ferry, Boundary County Commissioners and Kootenai Tribe of Idaho have asked the Forest Service to evaluate the current and future conditions of the watershed.

Their overall goal for the area is continuing use of Myrtle Creek as a source of high quality municipal water. They are concerned about the following: (1) Maintaining a continuous supply of potable water from Myrtle Creek for the City of Bonners Ferry and its customers. (2) Reducing the risk of catastrophic fire in the Myrtle Creek watershed, while maintaining and restoring habitat for fish and wildlife species.

Under the auspices of the Kootenai Valley Resource Initiative (KVRI), the Myrtle Creek working group has been providing a forum to foster discussions between local government agencies, the Kootenai Tribe, interested members of the public and Forest Service personnel. The purpose of this KVRI subcommittee has been to look at community goals for Myrtle Creek, develop an overarching goal for the watershed and identify issues. KVRI publishes advance notice of working group meetings, which are open to all members of the public, in the local newspaper (Bonners Ferry Herald).

As a primary land management agency within the Myrtle Creek watershed and adjacent areas, the Forest Service was asked to design treatments that will foster long-term reduction of risks from catastrophic wildfire within the municipal watershed. The Forest Service developed a three-part purpose and need for the Myrtle Creek project: (1) Maintain Myrtle Creek watershed as a source of high quality drinking water for the City of Bonners Ferry; (2) Reduce hazardous fuels in the Myrtle Creek watershed and adjacent forests; (3) Trend vegetation in Myrtle Creek watershed and adjacent forest towards conditions that would be less susceptible to catastrophic fire, while maintaining and restoring habitat for fish and wildlife species.

The purpose and need are consistent with the Land and Resource Management Plan for the Idaho Panhandle National Forests (Forest Plan). Findings of the Interior Columbia Basin Ecosystem Management Project and the Kootenai River Geographic Assessment provide documentation of the currently dense, insect- and disease-prone state of the dry-site ecosystems and fire risks across the Idaho Panhandle National Forests and in the Kootenai River basin, and the marked changes these ecosystems have undergone over the past century. Site specific information indicates these same conditions are present in the vegetation in the Myrtle Creek and Snow Creek watersheds, tributaries to the Kootenai River.

The Forest Service has presented a proposed action to the Myrtle Creek working group. The proposal is to treat

approximately 2,200 acres of National Forest Systems lands using a variety of silvicultural tools, that could include commercial thinning, sanitation salvage, group selection, irregular shelterwood, or seed tree harvests; utilizing a mixture of ground-based or helicopter harvesting. The fuels created by the vegetative treatments would be taken care of by either removing the fuel during harvest operations, or prescribed burning or mechanical piling following harvest.

The Boundary County Idaho Wildland/Urban Interface Fire Mitigation Plan, August 2003, as amended in February 2004, identified the wildland/urban interface as including, "watersheds where citizen groups have organized for joint collection of water for domestic uses." It further stated, "Boundary County is extremely dependent on surface waters for domestic purposes. This dependency includes residents for the City of Bonners Ferry. * * * Protection of water sources and water quality is a high priority." In accordance with the Healthy Forest Restoration Act (HFRA), the Forest Service will analyze the proposed action and evaluate the effects of failing to implement the project. Because the proposed action would implement recommendations in the County Fire Mitigation Plan regarding the general location and basic method of treatments, the agency is not required to develop alternatives to the proposed action.

The Forest Service issued a scoping notice in February, 2005. Comments provided by the public and other agencies have been used along the discussions with the Myrtle Creek working group to develop strategies for management of natural resources in the project area and during the environmental analysis for this EIS and will be a part of the public record. The following preliminary issues have been identified: The quality of water in Myrtle Creek, the municipal watershed for Bonners Ferry, Idaho; the risk of catastrophic fire in the Myrtle Creek watershed and adjacent lands; forest composition and structure, including old growth and snags; soils and soil productivity; potential effects to wildlife habitat; construction of new roads; potential effects to inventoried roadless areas; fisheries; future monitoring of the project area; and cumulative effects. The Forest Service is seeking information, comments, and assistance from federal, state and local agencies and other individuals or organizations that may be interested in or affected by the proposed actions.

The Draft Environmental Impact Statement is expected to be filed with the Environmental Protection Agency (EPA) and available for public review in July 2005. At that time, the EPA will publish a Notice of Availability of the Draft Environmental Impact Statement in the **Federal Register**. The comment period on the Draft Environmental Impact Statement will close 45 days after the date the EPA publishes the Notice of Availability in the **Federal Register**. A Final Environmental Impact Statement will be published after all comments are reviewed and responded to.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statements may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

It is important to note that Section 105(a) of the HFRA replaces the Forest Service's administrative appeals process

with an objection process that occurs before the decision approving fuel-reduction projects authorized under the act (Volume 69 **Federal Register**, page 1529, January 9, 2004). Participation in the predecisional review process is limited to individuals and organizations who have submitted specific written comments related to the proposed authorized hazardous-fuel-reduction project during the opportunity for public comment provided when an EIS is being prepared for the project (Section 105(a)(3), 36 CFR 218.6). Written objections, including any attachments, must be filed with the reviewing officer within 30 days after the publication date of the legal notice of the Final EIS in the newspaper of record (Section 218.4(b)). It is the responsibility of objectors to ensure that their objection is received in a timely manner. The Responsible Official may not issue a record of decision concerning an authorized project until the reviewing officer has responded to all pending objections.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record on this proposed action and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, those who submit anonymous comments may not have standing to file an objection under Section 105(a) of the HFRA. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a comment from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Persons requesting such confidentiality should be aware that, under the FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets. The Forest Service will inform the requester of the agency's decision regarding the request for confidentiality, and where the request is denied, the agency will return the request and notify the requester that the comments may be resubmitted with or without name and address within a specified number of days.

I am the responsible official for this environmental analysis. My address is Idaho Panhandle National Forests, 3815 Schreiber Way, Coeur d'Alene, ID 83814.

Dated: May 24, 2005.

Ranotta K. McNair,

Forest Supervisor.

DEPARTMENT OF AGRICULTURE**Forest Service****Hood/Willamette Resource Advisory Committee (RAC)**

AGENCY: Forest Service, USDA Forest Service, Action: Action of Meeting.

SUMMARY: The Hood/Willamette Resource Advisory Committee (RAC) will meet on Wednesday, June 22, 2005. The meeting is schedule to begin at 9 a.m. and will conclude at approximately 3 p.m. The meeting will be held at the Oregon Department of Forestry State Office, Building D; 2600 State Street; Salem, Oregon; (503) 945-7207. The tentative agenda includes: (1) Recommendations on 2006 Projects; and (2) Public Forum.

The Public Forum is tentatively scheduled to begin at 9:30 a.m. Time allotted for individual presentations will be limited to 3-4 minutes. Written comments are encouraged, particularly if the material cannot be presented within the time limits for the Public Forum. Written comments may be submitted prior to the June 22nd meeting by sending them to Designated Federal Official Donna Short at the address given below.

FOR FURTHER INFORMATION CONTACT: For more information regarding this meeting, contact Designated Federal Official Donna Short; Sweet Home Ranger District; 3225 Highway 20; Sweet Home, Oregon 97386; (541) 367-9220.

Dated: May 24, 2005.

Doris Tai,

Acting Forest Supervisor.

EFFECTIVE DATE: May 31, 2005.

FOR FURTHER INFORMATION CONTACT: Scot Fullerton at (202) 482-7386 Benjamin

Kong at (202) 482-7907; AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:
Background

The Department of Commerce ("the Department") published in the **Federal Register** an antidumping duty order on freshwater crawfish tail meat from the People's Republic of China ("PRC") on September 15, 1997. See *Notice of Amendment to Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Freshwater Crawfish Tail Meat from the People's Republic of China*, 62 FR 48218 (September 15, 1997). Based on timely requests from various interested parties, the Department initiated an administrative review of the antidumping duty order on freshwater crawfish tail meat from the PRC for the period of September 1, 2003, through August 31, 2004 covering the following companies: China Kingdom International; Qingdao Jinyongxiang Aquatic Foods Co., Ltd. ("JYX Aquatic"); Qingdao Xiyuan Refrigerate Food Co., Ltd. ("Qingdao Xiyuan"); Weishan Zhenyu Foodstuff Co., Ltd.; Yancheng Hi-King Agriculture Developing Co., Ltd; and Yancheng Yaou Seafood Co., Ltd. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 69 FR 62022 (October 22, 2004). The Department rescinded the reviews of Qingdao Xiyuan and JYX Aquatic on February 11, 2005, and March 31, 2005, respectively. See *Freshwater Crawfish Tail Meat from the People's Republic of China: Partial Rescission of Antidumping Duty Administrative Review*, 70 FR 7232 (February 11, 2005); and *Freshwater Crawfish Tail Meat from the People's Republic of China: Partial Rescission of Antidumping Duty Administrative Review*, 70 FR 16484 (March 31, 2005). Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended, ("the Act") the Department shall issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of the order. The Act further provides, however, that the Department may extend the deadline for completion of the preliminary results of review from 245 to 365 days if it determines that it is not practicable to complete the review within the 245-day time period. See also section 351.213(h)(2) of the Department's regulations.

Extension of Time Limits for Preliminary Results

The preliminary results are currently due no later than June 2, 2005. The Department finds that it is not practicable to complete the preliminary results of this administrative review within this time limit because it needs additional time to analyze the questionnaire responses, issue appropriate supplemental questionnaires and conduct verifications. In particular, the Department finds it necessary to conduct verification during the production season of freshwater crawfish tail meat, which is May through September. Therefore, in accordance with section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the time limit for the completion of these preliminary results until no later than September 30, 2005. The deadline for the final results of the administrative review continues to be 120 days after the date the publication of the preliminary results, unless extended.

This notice is issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: May 24, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE**International Trade Administration**

(A-570-828)

Silicomanganese from the People's Republic of China: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

EFFECTIVE DATE: May 31, 2005.

FOR FURTHER INFORMATION CONTACT: Michael Holton, AD/CVD Enforcement Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: 202-482-1324.

SUMMARY: In response to a request made by Border Steel, an importer of the subject merchandise, the Department of Commerce ("Department") initiated an administrative review of the

antidumping duty order on silicomanganese from the People's Republic of China ("PRC") for sales made by Yonghe Metal Co., Ltd./ Sichuan Huaxin Iron Alloy Co. Ltd. ("Yonghe Metal"), producer and exporter of the subject merchandise. Because Border Steel has withdrawn its request for an administrative review, and there were no other requests for an administrative review for this time period, the Department is rescinding this administrative review.

SUPPLEMENTARY INFORMATION:

Background

On December 30, 2004, Border Steel, an importer of the subject merchandise, requested the Department to conduct an administrative review of sales made by Yonghe Metal for the period December 1, 2003, through November 30, 2004. Border Steel was the only interested party to request a review for this period. On January 31, 2005, the Department published a notice of initiation of the antidumping administrative review of silicomanganese from the PRC, in accordance with 19 CFR 351.221(c)(1)(i). See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part*, 70 FR 4818 (January 31, 2005). On March 25, 2005, Border Steel withdrew its request for review.

Rescission of Review

Pursuant to the Department's regulations, the Department will rescind an administrative review "if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." See 19 CFR 351.213(d)(1). Border Steel, the only interested party to request an administrative review for this time period, withdrew its request for this review within the 90-day time limit; accordingly, we are rescinding the administrative review for the period December 1, 2003, through November 30, 2004, and will issue appropriate assessment instructions to U.S. Customs and Border Protection.

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This determination is issued in accordance with 19 CFR 351.213(d)(4) and section 777(i)(1) of the Tariff Act of 1930, as amended.

Dated: May 18, 2005.

Barbara E. Tillman,
Acting Deputy Assistant Secretary for Import Administration.

[FR Doc. E5-2739 Filed 5-27-05; 8:45 am]

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[Docket No. 030602141-5135-17]

Financial Assistance to Establish a New Cooperative Science Center Under NOAA's Educational Partnership Program (EPP) With Minority Serving Institutions for Scientific Environmental Technology

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of criteria for establishing a new Cooperative Science Center in Scientific Environmental Technology at a Minority Serving Institution; and, notice of availability of funds and solicitation for proposals for these funds.

SUMMARY: The purpose of this document is to advise the public that NOAA's Educational Partnership Program is soliciting proposals to establish a new Cooperative Science Center at an accredited postsecondary minority serving institution (MSI). This Center will be established as a partnership between the institution and NOAA, with the goal of expanding the institution's training and research capabilities and supporting the development of programs compatible with NOAA's mission. The Cooperative Science Center will be established in support of NOAA core science areas and will enhance NOAA's ability to conduct its mission with enhanced scientific environmental technologies.

DATES: Applications must be received by NOAA Educational Partnership Program (EPP) no later than 2 p.m. (eastern time), local time 60 days after the publication of this notice.

ADDRESSES: Applications submitted in response to this announcement are strongly encouraged to be submitted through the Grants.gov Web site. Electronic access to the full funding announcement for this program is

available via the Grants.gov Web site: <http://www.grants.gov>. The announcement will also be available at the NOAA Web site <http://www.ofa.noaa.gov/%7Eamd/SOLINDEX.HTML> or by contacting the program official identified below. Paper applications (a signed original and two copies) should be submitted to the Educational Partnership Program at the following address: NOAA/OAR/EPP, 1315 East West Highway, Room 10600, Silver Spring, Maryland 20910. No facsimile applications will be accepted. Institutions may submit Letters of Intent to NOAA/EPP that would aid in planning the review processes.

Letters of Intent may be submitted via e-mail to

Jacqueline.J.Rousseau@noaa.gov.

Information should include a general description of the Center proposal and participating institutions.

FOR FURTHER INFORMATION CONTACT: Jacqueline Rousseau, Program Director at (301) 713-9437 ext. 124 or Jacqueline.J.Rousseau@noaa.gov.

SUPPLEMENTARY INFORMATION:

Summary Description: NOAA is commitment to the recruitment and retention of employees from underrepresented communities, trained in NOAA-related sciences, to conduct the ongoing mission of the agency. Toward that end, the agency established a program aimed at partnering with Minority Serving Institutions (MSIs) that train and graduate students in the areas of atmospheric, oceanic and environmental sciences, and remote sensing. Since approximately 40% of minority students receive their undergraduate degrees at MSIs, direct collaboration with MSIs is, therefore, an effective way to increase the number of minority students trained and graduating with degrees in NOAA-related fields who may become engaged in research and pursue careers compatible with the agency's mission. Statistics from the National Science Foundation (NSF) Science and Engineering Indicators 2004 Report illustrate that the number of minority students receiving doctoral and master's degrees in science and engineering for selected years from 1994-2003, continues to be lower than the national average. The NSF report states, for example, that in 2004 (the most recent data available) 26,413 doctoral degrees were granted in science and engineering (which includes earth, atmospheric, and ocean sciences) to U.S. citizens. Of these graduates, 1708 were African American, 1270 were Hispanic, 133 were American Indian/Alaska Native and 1417 were Asian/Pacific Islander. The 2004 NSF

report states that a total of 474 PhD degrees were granted in earth, atmospheric, and ocean sciences. Of those earth, atmospheric, and ocean sciences graduates, 15 were granted to African Americans, 13 to Hispanics, 2 to American Indians and Alaskan Natives, and 10 to Asian/Pacific Islanders. Statistics for master's degrees granted to these four groups are also disproportionately low. With such a limited pool of potential minority employees trained in NOAA-related sciences, it is important that NOAA seek new ways to make students aware of the mission of the agency and to support activities that increase opportunities for students trained in NOAA-related sciences.

The Center will support activities that strengthen the research capability at the selected MSI with accredited programs and degrees in physical sciences, including applied physics, applied mathematics, computer science applications, engineering atmospheric, oceanic, and environmental and related sciences. An essential goal of this program is to seek ways to improve opportunities for, and retention of, students and faculty from underrepresented groups in NOAA-related sciences, at MSIs, with the eventual goal of increasing the number of students graduating with degrees that will enhance the technologies supportive of, and compatible with, atmospheric, oceanic, and environmental sciences, remote sensing and related technologies. The overall Educational Partnership Program (EPP) program strategies include: enhanced collaborative research, hands-on opportunities and research experiences for students and faculty with NOAA research facilities; strengthening the infrastructure at minority serving institutions that serve underrepresented groups; and, supporting staff exchanges between NOAA and MSIs.

A Distinguished Scientist position must be created at the Center to develop significant research projects for the Center with other EPP Centers as well as with other MSIs and relevant agencies. Staff and faculty exchanges will be an integral part of this program and opportunities will be made available to participate in collaborative research or other agreed upon activities. NOAA expects the Center to develop mechanisms and approaches to increase opportunities to make courses and seminars offered at the Center available to students at other MSIs. The Center will also be required to use a minimum of thirty percent (30%) of the award for student support, which includes, but is not limited to, scholarships,

fellowships, travel expenses to professional meetings, and for conducting site research.

While the Center will be established at an MSI, consortia with non-minority serving institutions partners will not be restricted. Private sector partnerships are also encouraged.

Proposals for the Scientific Environmental Technology (SET) Cooperative Science Center should address the ability to support education and research in physical and social sciences at a MSI. The physical sciences include but are not limited to, meteorological and oceanographic sensor and satellite telecommunications technologies, remote sensing, and observational and information technology systems, applied mathematics, applied physics and computer applications and engineering. For the purposes of this program Scientific Environmental Technology includes an emphasis on the following: Meteorological sensors (wind, visibility, humidity, etc.), oceanographic sensors (wave, water quality, microwave altimeters, beacons, navigational, etc.), airborne and ship based observing systems, chemical observations, observational and information technology systems (satellite telecommunications, data collection packages, modems, drivers, protocols, etc.). Scientific Environmental Technology also includes the analysis of global observing systems, including simulations to determine the role of each observing subsystem, determination of optimal mixes of observing systems, and of the costs associated with various observing systems.

Graduates must be able to carry out a variety of tasks including: Understanding meteorological and oceanographic needs; identifying potential sensor, observational, and information technologies; developing sensor; observational, and information technology systems; testing and evaluating meteorological and/or oceanographic systems.

NOAA anticipates that as the EPP program succeeds and more minority students graduate in NOAA-related sciences, the agency will have a larger pool of candidates from which to hire. An increase in the number of students trained and graduating in science and engineering will be beneficial to the nation as a whole, because NOAA relies on its partnerships with State, local and tribal governments as well as with community interest groups to accomplish its mission.

Electronic Access

Applicants can access, download and submit electronic grant applications, including the full funding announcement, for NOAA programs at the Grants.gov Web site: <http://www.grants.gov>. The announcement will also be available at the NOAA Web site <http://www.ofa.noaa.gov/%7Eamd/SOLINDEX.HTML> or by contacting the program officials identified above.

The closing date will be the same as for the paper submissions noted in this announcement. NOAA strongly recommends that you do not wait until the application deadline date to begin the application process through Grants.gov.

If Internet access is unavailable, hard copies of proposals will also be accepted—a signed original and two copies at time of submission. This includes color or high-resolution graphics, unusually sized materials, or otherwise unusual materials submitted as part of the proposal. For color graphics, submit either color originals or color copies. Facsimile transmissions and electronic mail submission of full proposals will not be accepted.

Funding Availability: This solicitation announces that funding up to \$1.25 million will be available in FY 2005, with a maximum of \$10 million over a five (5) year period, subject to appropriations. Applications in excess of \$1.25 million in the first year will not be considered. It is anticipated that the funding instrument will be a cooperative agreement since NOAA will be substantially involved in developing research priorities, conducting cooperative activities with recipients, exchanging staff and providing internship opportunities for students at MSIs. Only one award will be made to establish a Scientific Environmental Cooperative Science Center.

Authorities: 15 U.S.C. 1540, 49 U.S.C. 44720, 33 U.S.C. 883d, 33 U.S.C. 1442, 16 U.S.C. 1854(e), 16 U.S.C. 661, 16 U.S.C. 753(a), 16 U.S.C. 1451 *et seq.*, 16 U.S.C. 1431, 33 U.S.C. 883a and Executive Orders 12876, 12900, 13021, 13336, and 13339.

Catalog of Federal Domestic Assistance: 11.481—Educational Partnership Program with Minority Serving Institutions.

Eligibility: For the purposes of this program, Historically Black Colleges and Universities, Hispanic Serving Institutions, Tribal Colleges and Universities, and Alaska Native and Native Hawaiian Serving Institutions, as identified on the 2004 United States Department of Education, Accredited Postsecondary Minority Institution list at <http://www.ed.gov/about/offices/list/>

ocr/minorityinst2004.pdf, are eligible to apply.

Cost Sharing Requirements: None.

Intergovernmental Review:

Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Evaluation and Selection Procedures

Once an application is received by NOAA, an initial administrative review is conducted to determine compliance with requirements and completeness of the application. All applications that meet the requirements and are complete will be evaluated and scored individually in accordance with the assigned weights of the evaluation criteria by an independent peer review panel. Both Federal and non-Federal experts in the field may be used in the process. Each peer panel reviewer will score proposals on a scale of five to one, where scores represent respectively: Excellent (5), Very Good (4), Good (3), Fair (2), Poor (1). The peer review panel will be comprised of 5 to 7 individuals, with each individual having expertise in a separate area, so that the panel, as a whole, covers a range of scientific expertise.

The individual peer panelist scores shall be averaged for each application and presented to the Program Officer. No consensus advice will be given by the independent peer the review panel.

The Program Officer will neither vote nor score proposals as part of the independent peer panel nor participate in discussion of the merits of the proposal. Those proposals receiving an average panel score of "Good", "Fair", or "Poor" will not be given further consideration, and applicants will be notified of non-selection.

For the proposals receiving an average score of either "Excellent" or "Very Good, the Program Officer will (a) rank the proposals by average panel ratings, and/or by applying the project selection factors listed below; (b) determine the total duration of funding for the selected proposal; and (c) determine the amount of funds available for the selected proposal subject to the availability of fiscal year funds. A recommendation for funding is then forwarded to the selecting official, the Deputy Assistant Administrator (DAA) of OAR, for the final funding decision. In making the final selection, the DAA will award in rank order unless the selected proposal is justified to be selected out of rank order based on the selection factors listed below.

Investigators may be asked to modify objectives, work plans or budgets, and provide supplemental information

required by the agency prior to the award. When a decision has been made (whether an award or declination), verbatim anonymous copies of reviews and summaries of review panel deliberations, if any, will be made available to the applicant upon applicant request. Declined applications will be held in the NOAA EPP for the required 3 years in accordance with the current retention requirements, and then destroyed.

Evaluation Criteria: Proposals will be evaluated on the basis of the following evaluation criteria at the indicated weights:

(1) Importance and/or relevance and applicability of proposed project to the program goals: This ascertains whether there is intrinsic value in the proposed work and/or relevance to NOAA, Federal, regional, State, or local activities. (25 percent).

(2) Technical/scientific merit: This assesses whether the approach is technically sound and/or innovative, if the methods are appropriate, and whether there are clear project goals and objectives. (25 percent).

(3) Overall qualifications of applicants: This ascertains whether the applicant possesses the necessary education, experience, training, facilities, and administrative resources to accomplish the project. (10 percent).

(4) Project costs: The Budget is evaluated to determine if it is realistic and commensurate with the project needs and time-frame. (10 percent).

(5) Outreach and education: NOAA assesses whether this project provides a focused and effective education and outreach strategy regarding NOAA's mission to protect the Nation's natural resources. (30 percent).

Selection Factors: The merit review ratings shall provide a rank order to the Selecting Official for final funding recommendation. A program officer may first make a recommendation to the Selecting Official applying the selection factors below. The Selecting Official shall award in the rank order unless the proposal is justified to be selected out of rank order based upon one or more of the following factors:

1. Availability of funding.
2. Balance/distribution of funds:

- a. Geographically
- b. By type of institutions
- c. By type of partners
- d. By research areas
- e. By project types

3. Whether this project duplicates other projects funded or considered for funding by NOAA or other Federal agencies.

4. Program priorities and policy factors set forth in sections I.A. and B.

and IV.B. of the Full Funding Opportunity.

5. Applicant's prior award performance.

6. Partnerships and/or Participation of targeted groups

7. Adequacy of information necessary for NOAA to make a NEPA determination and draft necessary documentation before recommendations for funding are made to the Grants Officer.

National Environmental Policy Act (NEPA)

NOAA must analyze the potential environmental impacts, as required by the National Environmental Policy Act (NEPA), for applicant projects or proposals which are seeking NOAA Federal funding opportunities. Detailed information on NOAA compliance with NEPA can be found at the following NOAA NEPA Web site: <http://www.nepa.noaa.gov/>, including our NOAA Administrative Order 216-6 for NEPA, <http://www.nepa.noaa.gov/NAO216-6-TOC.pdf>, and the Council on Environmental Quality implementation regulations, http://ceq.eh.doe.gov/nepa/regs/ceq/toc_ceq.htm. Consequently, as part of an applicant's package, and under their description of their program activities, applicants are required to provide detailed information on the activities to be conducted, locations, sites, species and habitat to be affected, possible construction activities, and any environmental concerns that may exist (e.g., the use and disposal of hazardous or toxic chemicals, introduction of non-indigenous species, impacts to endangered and threatened species, aquaculture projects, and impacts to coral reef systems). In addition to providing specific information that will serve as the basis for any required impact analyses, applicants may also be requested to assist NOAA in drafting of an environmental assessment, if NOAA determines an assessment is required. Applicants will also be required to cooperate with NOAA in identifying feasible measures to reduce or avoid any identified adverse environmental impacts of their proposal. The failure to do so shall be grounds for not selecting an application. In some cases if additional information is required after an application is selected, funds can be withheld by the Grants Officer under a special award condition requiring the recipient to submit additional environmental compliance information sufficient to enable NOAA to make an assessment on any impacts that a project may have on the environment.

Pre-Award Notification Requirements for Grants and Cooperative Agreements

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of December 30, 2004 (69 FR 78389) are applicable to this solicitation.

Limitation of Liability

In no event will NOAA or the Department of Commerce be responsible for proposal preparation costs if these programs fail to receive funding or are cancelled because of other agency priorities. Publication of this announcement does not oblige NOAA to award any specific project or to obligate any available funds. Recipients and sub-recipients are subject to all Federal laws and agency policies, regulations and procedures applicable to Federal financial assistance awards.

Paperwork Reduction Act

This notification involves collection-of-information requirements subject to the Paperwork Reduction Act. The use of Standard Forms 424, 424A, 424B, and SF-LLL and CD-346 has been approved by the Office of Management and Budget (OMB) under control numbers 0348-0043, 0348-0044, 0348-0040 and 0348-0046 and 0605-0001. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA unless that collection of information displays a currently valid OMB control number.

Executive Order 12866

It has been determined that this notice is not significant for purposes of Executive Order 12866.

Executive Order 13132 (Federalism)

It has been determined that this notice does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

Administrative Procedure Act/Regulatory Flexibility Act

Prior notice and an opportunity for public comment are not required by the Administrative Procedure Act or any other law for rules concerning public property, loans, grants, benefits, and contracts (5 U.S.C. 553(a)(2)). Because notice and opportunity for comments are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis has not been

requested, and none has been prepared. It has been determined that this notice does not contain policies with federalism implications as that term is defined in Executive Order 13132.

Dated: May 24, 2005.

Louisa Koch,

Deputy Assistant Administrator for NOAA Research.

[FR Doc. 05-10705 Filed 5-27-05; 8:45 am]

BILLING CODE 3510-KD-P

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Announcement of Request for Bilateral Textile Consultations with the Government of the People's Republic of China and the Establishment of Import Limits for Certain Cotton and Man-Made Fiber Textiles and Textile Products in Categories 301, 340/640, 638/639, and 647/648, Produced or Manufactured in the People's Republic of China

May 26, 2005.

AGENCY: Committee for the Implementation of Textile Agreements (Committee).

ACTION: Notice

EFFECTIVE DATE: May 27, 2005.

FOR FURTHER INFORMATION CONTACT: Ross Arnold, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4212. For information on the quota status of these limits, refer to the Bureau of Customs and Border Protection website (<http://www.cbp.gov>), or call (202) 344-2650. For information on embargoes and quota re-openings, refer to the Office of Textiles and Apparel website at <http://otexa.ita.doc.gov>.

SUPPLEMENTARY INFORMATION:

Authority: Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended.

On May 27, 2005, as provided for under paragraph 242 of the Report of the Working Party on the Accession of China to the World Trade Organization (Accession Agreement), the United States requested consultations with the Government of the People's Republic of China with respect to imports of Chinese-origin combed cotton yarn (Category 301); men's and boys' cotton and man-made fiber shirts, not knit (Category 340/640); man-made fiber knit shirts and blouses (Category 638/639); and man-made fiber trousers (647/648).

Paragraph 242 of the Accession Agreements provides that, upon receipt

of the request, the People's Republic of China will hold its shipments to a level no greater than 7.5 percent above the amount entered during the first 12 months of the most recent 14 months preceding the month in which the request for consultations was made. Because this restraint period will be for less than 12 months, the quantitative limit will be prorated to conform to the number of days remaining in the year, beginning on May 27, 2005 (i.e., by a ratio of 219/365). Consistent with paragraph 242, consultations with the People's Republic of China will be held within 30 days of receipt of the request for consultations, and every effort will be made to reach agreement on a mutually satisfactory solution within 90 days of receipt of the request for consultations. If no mutually satisfactory solution were reached during this 90-day consultation period, the United States could continue these limits.

To ensure that the limitations provided for under Paragraph 242 are carried out, the Committee is establishing prorated limits on Chinese origin textile and apparel products in Categories 301, 340/640, 638/639, and 647/648, beginning on May 27, 2005, and extending through December 31, 2005. If agreement on a different limit is reached as a result of the consultations with China, the Committee will issue a **Federal Register** Notice containing a directive to the Bureau of Customs and Border Protection to implement the negotiated limit.

The Committee solicited public comments with regard to whether imports of Chinese origin textiles and textile products in Categories 301, 340/640, 638/639, and 647/648 were, due to the threat of market disruption, threatening to impede the orderly development of trade in these products (69 FR 68133-Category 301; 69 FR 64913-Category 340/640; 69 FR 64911-Category 638/639; 69 FR 64915-Category 647/648).

The public comment period for each solicitation ended in December 2004. Although the Committee decided to consider these requests and solicited public comments, on December 30, 2004, the Court of International Trade preliminarily enjoined the CITA agencies from considering or taking any further action on these requests and any other requests "that are based on the threat of market disruption". **U.S. Association of Importers of Textiles and Apparel v. United States**, Slip Op. 04-162. On April 27, 2005, the Court of Appeals for the Federal Circuit granted the U.S. government's motion for a stay

of that injunction, pending appeal. **U.S. Association of Importers of Textiles and Apparel v. United States**, Ct. No. 05-1209. Thus CITA resumed its consideration of these cases. (See 70 FR 24397, published on May 9, 2005).

The Committee determined that imports of Chinese-origin textiles and textile products in Categories 301, 340/640, 638/639, and 647/648, are due to a threat of market disruption, threatening to impede the orderly development of trade in these textile products. A summary statement of the reasons and justifications for the U.S. request for consultations concerning imports of Chinese-origin textiles and textile products in Categories 301, 340/640, 638/639, and 647/648 from the People's Republic of China follows this notice.

A description of the textile and apparel categories in terms of Harmonized Tariff Schedule of the United States numbers is available in the CORRELATION: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see **Federal Register** notice 69 FR 4926, published on February 2, 2004). Information regarding the 2005 CORRELATION will be published in the **Federal Register** at a later date.

James C. Leonard III,
Chairman, Committee for the Implementation of Textile Agreements.

Committee for the Implementation of Textile Agreements

May 26, 2005.

Commissioner,
Bureau of Customs and Border Protection,
Washington, DC 20229.

Dear Commissioner: Pursuant to Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); and Executive Order 11651 of March 3, 1972, as amended, you are directed to prohibit, effective on May 27, 2005, entry into the United States for consumption and withdrawal from warehouse for consumption of combed cotton yarn (Category 301); men's and boys' cotton and man-made fiber shirts, not knit (Category 340/640); man-made fiber knit shirts and blouses (Category 638/639); and man-made fiber trousers (647/648), produced or manufactured in the People's Republic of China and exported during the period beginning on May 27, 2005, and extending through December 31, 2005, in excess of the following limits.

Category	Quantity
301	1,450,777 kilograms.
340/640	2,213,126 dozens.
638/639	2,844,383 dozens.
647/648	2,660,678 dozens.

Products which have been exported to the United States prior to May 27, 2005, shall not

be subject to the limit established in this directive.

In carrying out the above directions, the Commissioner should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,
James C. Leonard III,
Chairman, Committee for the Implementation of Textile Agreements.

SUMMARY OF THE REASONS AND JUSTIFICATIONS FOR U.S. REQUEST FOR CONSULTATIONS WITH CHINA PURSUANT TO PARAGRAPH 242 OF THE REPORT OF THE WORKING PARTY ON THE ACCESSION OF CHINA TO THE WORLD TRADE ORGANIZATION

Combed Cotton Yarn

Category 301

The United States believes that imports of Chinese origin combed cotton yarn are, due to a threat of market disruption, threatening to impede the orderly development of trade in these products. This finding supports a request for consultations with the Government of the People's Republic of China under Paragraph 242 of the Report of the Working Party on the Accession of China to the World Trade Organization ("Paragraph 242"). The following facts, and others contained in this Statement, support this belief:

U.S. Imports from China Are Increasing Rapidly in Absolute Terms. U.S. imports of combed cotton yarn from China were 2,015,700 kilograms for the entire twelve months of 2004. In the first quarter of 2005, U.S. imports from China were 612,219 kilograms, an increase of 120 percent from the first quarter of 2004.

U.S. Imports from the World Are Increasing Rapidly in Absolute Terms. U.S. imports of combed cotton yarn from all sources increased from 14,724 thousand kilograms in the first quarter of 2004 to 19,544 thousand kilograms in the first quarter of 2005 - an increase of 33 percent.

The Average Unit Value of Imports from China Is Falling in 2005. In 2004, the average unit value of U.S. combed cotton yarn imports from China was US\$3.98 per kilogram. In the first three months of 2005, the average unit value of those imports fell to US\$3.14 per kilogram, compared to US\$3.31 per kilogram for "rest of world" imports.

SUMMARY OF THE REASONS AND JUSTIFICATIONS FOR U.S. REQUEST FOR CONSULTATIONS WITH CHINA PURSUANT TO PARAGRAPH 242 OF THE REPORT OF THE WORKING PARTY ON THE ACCESSION OF CHINA TO THE WORLD TRADE ORGANIZATION

Men's and Boys' Cotton and Man-Made Fiber Shirts, Not Knit

Category 340/640

The United States believes that imports of Chinese origin men's and boys' cotton and man-made fiber shirts, not knit, are, due to a threat of market disruption, threatening to impede the orderly development of trade in these products. This finding supports a request for consultations with the Government of the People's Republic of China under Paragraph 242 of the Report of the Working Party on the Accession of China to the World Trade Organization ("Paragraph 242"). The following facts, and others contained in this Statement, support this belief:

U.S. Imports from China Are Increasing Rapidly in Absolute Terms. U.S. imports of men's and boys' cotton and man-made fiber shirts, not knit, from China were 2,471,403 dozens for the entire twelve months of 2004. In the first quarter of 2005, U.S. imports from China were 1,921,894 dozens, an increase of 284 percent from the first quarter of 2004, and a level of 78 percent of total calendar year 2004 imports from China.

U.S. Imports from the World Are Increasing Rapidly in Absolute Terms. U.S. imports of men's and boys' cotton and man-made fiber shirts, not knit, from all sources, excluding men's and boys' cotton and man-made fiber shirts, not knit, containing U.S. components that were imported under outward processing programs, increased from 9,570 thousand dozens in the first quarter of 2004 to 11,682 thousand dozens in the first quarter of 2005 - an increase of 22 percent. Two-thirds of this increase was attributable to imports from China.

The Average Unit Value of Imports from China Is Falling in 2005. In 2004, the average unit value of U.S. men's and boys' cotton and man-made fiber shirts, not knit, from China was US\$84.66 per dozen. In the first three months of 2005, the average unit value of those imports fell to US\$64.75 per dozen, compared to US\$89.62 for "rest of world" imports.

SUMMARY OF THE REASONS AND JUSTIFICATIONS FOR U.S. REQUEST FOR CONSULTATIONS WITH CHINA PURSUANT TO PARAGRAPH 242 OF THE REPORT OF THE WORKING PARTY ON THE ACCESSION OF CHINA TO THE WORLD TRADE ORGANIZATION

Man-Made Fiber Knit Shirts and Blouses

Category 638/639

The United States believes that imports of Chinese origin man-made fiber knit shirts

and blouses are, due to a threat of market disruption, threatening to impede the orderly development of trade in these products. This finding supports a request for consultations with the Government of the People's Republic of China under Paragraph 242 of the Report of the Working Party on the Accession of China to the World Trade Organization ("Paragraph 242"). The following facts, and others contained in this Statement, support this belief:

U.S. Imports from China Are Increasing Rapidly in Absolute Terms. U.S. imports of man-made fiber knit shirts and blouses from China were 2,924,922 dozens for the entire twelve months of 2004. In the first quarter of 2005, U.S. imports from China were 2,751,180 dozens, an increase of 328 percent from the first quarter of 2004, and a level of 94 percent of total calendar year 2004 imports from China.

U.S. Imports from the World Are Increasing Rapidly in Absolute Terms. U.S. imports of man-made fiber knit shirts and blouses from all sources, excluding man-made fiber knit shirts and blouses containing U.S. components that were imported under outward processing programs, increased from 13,630 thousand dozens in the first quarter of 2004 to 14,336 thousand dozens in the first quarter of 2005 - an increase of 5 percent. The absolute increase in imports from China in the first quarter of 2005 (2,109 thousand dozens) is greater than the absolute increase in U.S. imports of this category from the world as a whole (706 thousand dozens).

The Average Unit Value of Imports from China Is Falling in 2005. In 2004, the average unit value of U.S. man-made fiber knit shirts and blouses from China was US\$111.39 per dozen. In the first three months of 2005, the average unit value of those imports fell to US\$71.72 per dozen, compared to US\$60.67 per dozen for "rest of world" imports.

SUMMARY OF THE REASONS AND JUSTIFICATIONS FOR U.S. REQUEST FOR CONSULTATIONS WITH CHINA PURSUANT TO PARAGRAPH 242 OF THE REPORT OF THE WORKING PARTY ON THE ACCESSION OF CHINA TO THE WORLD TRADE ORGANIZATION

Man-Made Fiber Trousers, Slacks and Shorts

Category 647/648

The United States believes that imports of Chinese origin man-made fiber trousers, slacks and shorts are, due to a threat of market disruption, threatening to impede the orderly development of trade in these products. This finding supports a request for consultations with the Government of the People's Republic of China under Paragraph 242 of the Report of the Working Party on the Accession of China to the World Trade Organization ("Paragraph 242"). The following facts, and others contained in this Statement, support this belief:

U.S. Imports from China Are Increasing Rapidly in Absolute Terms. U.S. imports of man-made fiber trousers, slacks and shorts from China were 2,851,512 dozens for the entire twelve months of 2004. In the first quarter of 2005, U.S. imports from China were 2,328,112 dozens, an increase of 278 percent from the first quarter of 2004, and a level of 82 percent of total calendar year 2004 imports from China.

U.S. Imports from the World Are Increasing Rapidly in Absolute Terms. U.S. imports of man-made fiber trousers, slacks and shorts from all sources, excluding man-made fiber trousers, slacks and shorts containing U.S. components that were imported under outward processing programs, increased from 12,031 thousand dozens in the first quarter of 2004 to 12,995 thousand dozens in the first quarter of 2005 - an increase of 8 percent. The absolute increase in imports from China in the first quarter of 2005 (1,713 thousand dozens) is greater than the absolute increase in U.S. imports of this category from the world as a whole (964 thousand dozens).

The Average Unit Value of Imports from China Is Falling in 2005. In 2004, the average unit value of U.S. man-made fiber trousers, slacks and shorts imports from China was US\$130.58 per dozen. In the first three months of 2005, the average unit value of those imports fell to US\$68.76 per dozen compared to US\$62.18 per dozen for "rest of world" imports.

BILLING CODE 3510-DS-S

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Information Collection; Submission for OMB Review; Comment Request

AGENCY: Corporation for National and Community Service, CORP.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation") has submitted a public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paper Reduction Act of 1995, Pub. L. 104-13, (44 U.S.C. Chapter 35). Copies of this ICR, with applicable supporting documentation, may be obtained by calling the Corporation for National and Community Service, Bruce Kellogg, at (202) 606-5000, extension 526. Individuals who use a telecommunications device for the deaf (TTY-TDD) may call (800) 833-3722

between the hours of 9 a.m. and 5 p.m. eastern standard time, Monday through Friday.

ADDRESSES: Comments may be submitted, identified by the title of the information collection activity, to the Office of Information and Regulatory Affairs, Attn: Ms. Katherine Astrich, OMB Desk Officer for the Corporation for National and Community Service, by any of the following two methods within 30 days from the date of publication in this **Federal Register**:

- (1) By fax to: (202) 395-6974, Attention: Ms. Katherine Astrich, OMB Desk Officer for the Corporation for National and Community Service; and
- (2) Electronically by e-mail to: Katherine_T_Astrich@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Propose ways to enhance the quality, utility and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

An ICR package has been submitted to OMB for consideration concerning two forms, each a proposed revision to an earlier OMB-approved form. They are:

- (1) The *Forbearance Request Form* (OMB #3045-0030), and
- (2) The *Interest Accrual Form* (OMB #3045-0053).

These are the forms by which AmeriCorps members first request postponement, during their term of service, of their obligation to make payments on qualified student loans and then access the interest payment benefit that they have earned by successfully completing their service. Both forms are important for AmeriCorps members who have outstanding qualified student loans during their period of national service.

The document was published in the **Federal Register** on February 25, 2005.

for a 60-day pre-clearance public comment period. Only one organization commented on the proposed revisions to the document. It made numerous suggestions, mostly regarding format and wording, which were incorporated wherever possible into the version now being presented to OMB for consideration. Each form will be individually discussed below.

A. Forbearance Request Form

Type of Review: Renewal.

Agency: Corporation for National and Community Service.

Title: Forbearance Request Form.

OMB Number: 3045-0030.

Agency Number: None.

Affected Public: AmeriCorps members and the holders of their qualified student loans.

Total Respondents: 16,000 annually.

Frequency: Average of once per year of national service per loan.

Average Time per Response: Ten minutes (nine minutes for the AmeriCorps member's section and one minute for certification).

Estimated Total Burden Hours: 2,667 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Description

AmeriCorps members may request a suspension of their obligation to repay most qualified student loans not in default during their service period. The purpose of the forbearance is to accommodate the minimal living allowance they receive while they complete their term of service, although interest continues to accrue during this period.

Currently, AmeriCorps members use an OMB-approved form entitled *Forbearance Request for National Service* to obtain certification that they are in an approved national service position. The form also serves as the borrower's official request to the loan companies for forbearance. Only the loan holder can grant forbearance.

The form was originally developed with the assistance of representatives of several student loan associations. Having a separate form for forbearance based on AmeriCorps service clearly distinguishes that criterion from forbearance requests based on one of the other conditions for which a borrower may be eligible—e.g., military service, employment in certain low income areas, student status.

The Corporation seeks to continue using this particular form, albeit in a revised version. Along with formatting

and wording changes to enhance clarity and consistency, the one significant modification designates the authorized program official as the certifying official for the form, in place of the Corporation official. Program certifying officials currently certify member enrollments and exits, and authorize education awards.

The current form is due to expire May 31, 2005.

Analysis of Comments Received During the Public Comment Period

One comment was received from an association of loan servicing organizations. It provided a number of wording and formatting suggestions, most of which have been incorporated in the form. It also recommends a greater use of electronic technology in the loan payment process, a development with which the Corporation concurs.

B. Interest Accrual Form

Type of Review: Renewal.

Agency: Corporation for National and Community Service.

Title: Interest Accrual Form.

OMB Number: 3045-0053.

Agency Number: None.

Affected Public: AmeriCorps members and the holders of their qualified student loans.

Total Respondents: 7,000 annually.

Frequency: Average of once per year of national service per loan.

Average Time per Response: 10 minutes, total (three minutes for the AmeriCorps member to complete the form and seven minutes for the loan holder).

Estimated Total Burden Hours: 1,167 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Description

The Corporation's legislation requires that it pay all or a portion of the interest that accrues during a period of national service for those who successfully complete their service and have had their loans in forbearance during the service. The intent is to keep the qualified student loan debt of an AmeriCorps member from increasing during the period of service. Using the current form, AmeriCorps members complete the top section and indicate their dates of service. Then they mail the form to the loan holder who indicates the total amount of interest that accrued during the service period, or indicates a daily accrual rate. The loan holder also adds the address where

the payment should be sent and returns the form to the National Service Trust. When the Corporation receives this information, it is reviewed for accuracy and is either paid or returned to the loan holder or lender for additional information.

Along with a number of changes modifying wording and format for greater consistency and clarity, for example, by replacing boxes with lines and restating instructions, the Corporation requests the name of the lending agency be cited in cases where the loan is made by a state agency, in accordance with recent legislative changes.

The current form is due to expire May 31, 2005.

Analysis of Comments Received During the Public Comment Period

One comment was received from an association of loan servicing organizations. It provided a number of wording and formatting suggestions, most of which have been incorporated in the form. It also recommends a greater use of electronic technology in the loan payment process, a development with which the Corporation concurs.

Dated: May 25, 2005.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Information Collection; Submission for OMB Review; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), has submitted a public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995, Pub. L. 104-13, (44 U.S.C. Chapter 35). Copies of this ICR, with applicable supporting documentation, may be obtained by calling the Corporation for National and Community Service, Mr. James Willie, at (202) 606-5000, extension 391, (jwillie@cns.gov); (TTY/TDD) at (202) 606-5256 between the hours of 9 a.m. and 4 p.m. Eastern Standard Time, Monday through Friday.

ADDRESSES: Comments may be submitted, identified by the title of the

information collection activity, to the Office of Information and Regulatory Affairs, Attn: Ms. Katherine Astrich, OMB Desk Office for the Corporation for National and Community Service, by any of the following two methods within 30 days from the date of publication in this **Federal Register**.

(1) By fax to: (202) 395-6974, Attention: Ms. Katherine Astrich, OMB Desk Officer for the Corporation for National and Community Service; and
(2) Electronically by e-mail to: Katherine_T._Astrich@omb.eop.gov.

The initial 60-day **Federal Register** Notice for the Martin Luther King, Jr. Day of Service Grant Application Instructions was published on February 18, 2005. This comment period ended on April 18, 2005; no comments were received.

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the Corporation's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Propose ways to enhance the quality, utility and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Regular.

Agency: Corporation for National and Community Service.

Title: Martin Luther King, Jr. Day of Service Application Instructions.

OMB Number: None.

Agency Number: None.

Affected Public: Organizations who are interested in applying for a Martin Luther King, Jr. Day of Service grant.

Total Respondents: 80.

Frequency: Once a year.

Average Time Per Response: Ten (10) hours.

Estimated Total Burden Hours: 800.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Description: The purpose of these Martin Luther King, Jr. Day of Service

Grants is to mobilize more Americans to observe the Martin Luther King, Jr. Federal Holiday as a day of service in communities and to bring people together around the common focus of service to others. The Corporation will award these funds to eligible applicants who will in turn subgrant to eligible local organizations or fund separate events to plan and carry out service activities.

Dated: May 24, 2005

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice; Meeting of the Independent Review Panel To Study the Relationships Between Military Department General Counsels and Judge Advocates General—Open Meeting

AGENCY: Department of Defense.

SUMMARY: Pursuant to the Federal Advisory Committee Act (FACA), Public Law 96-463, notice is hereby given that the Independent Review Panel to Study the Relationships between Military Department General Counsels and Judge Advocates General will hold an open meeting at the Hilton Crystal City, 2399 Jefferson Davis Highway, Arlington, Virginia 22202, on June 15-16, 2005, from 8:30 a.m. to 11:30 a.m. and 1 p.m. to 4 p.m.

PURPOSE: The Panel will meet on June 15-16, 2005, from 8:30 a.m. to 11:30 a.m. and 1 p.m. to 4 p.m., in order to hear testimony of current and former senior Defense Department officials and the public concerning the relationships between the legal elements of their respective Military Departments. These sessions will be open to the public, subject to the availability of space. In keeping with the spirit of FACA, the Panel welcomes written comments concerning its work from the public at any time. Interested citizens are encouraged to attend the sessions.

DATES: June 15-16, 2005: 8:30 a.m.-11:30 a.m., and 1 p.m.-4 p.m.

LOCATION: Hilton Crystal City, 2399 Jefferson Davis Highway, Arlington, Virginia 22202.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information concerning this meeting or wishing to submit written comments may contact: Mr. James R. Schwenk,

Designated Federal Official, Department of Defense Office of the General Counsel, 1600 Defense Pentagon, Arlington, Virginia 20301-1600, Telephone: (703) 697-9343, Fax: (703) 693-7616, schwenkj@dodgc.osd.mil.

Interested persons may submit a written statement for consideration by the Panel at any time prior to June 11, 2005. Persons desiring to make an oral presentation or submit a written statement to the Task Force must notify the point of contact listed above no later than 5 p.m., June 10, 2005. The Panel will hear oral presentations by members of the public on June 16, 2005, from 8:30 until 11:30 a.m. and from 1 p.m. until 4 p.m. The number of presentations made will depend on the number of requests received from members of the public, and oral presentation will be limited based upon the number of presentations from the public. Each person desiring to make an oral presentation must provide the above-listed point of contact with one (1) written copy of the presentation by 5 p.m., June 10, 2005.

Dated: May 26, 2005.

Jeannette Owings-Ballard,

OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

Office of Special Education and Rehabilitative Services, Overview Information, Capacity Building for Traditionally Underserved Populations—Rehabilitation Capacity Building Notice Inviting Applications for New Awards for Fiscal Year (FY) 2005

Catalog of Federal Domestic Assistance (CFDA) Number: 84.315C and D.

Dates:

Applications Available: May 31, 2005.

Deadline for Transmittal of Applications: July 15, 2005.

Deadline for Intergovernmental Review: September 13, 2005.

Eligible Applicants: For priority 1, minority entities as defined under section 21(b)(5) of the Rehabilitation Act of 1973, as amended (Act), as a historically Black college or university, a Hispanic-serving institution of higher education, an American Indian tribal college or university, or another institution of higher education whose minority student enrollment is at least 50 percent.

For priority 2, a State or a public or private nonprofit agency or organization, such as an institution of higher education or an Indian tribe.

Estimated Available Funds:
\$2,530,000.

Estimated Range of Awards:
\$200,000–\$250,000.

Priority 1—CFDA Number 84.315C—
\$200,000–\$225,000.

Priority 2—CFDA Number 84.315D—
\$200,000–\$250,000.

Estimated Average Size of Awards:
\$218,500.

Estimated Number of Awards: 10.

Priority 1—CFDA Number 84.315C—
5.

Priority 2—CFDA Number 84.315D—
5.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Capacity Building for Traditionally Underserved Populations program provides financial assistance for projects that provide training, research, technical assistance, or related activities to improve services provided under the Act, especially services provided to individuals from minority backgrounds. Section 21 of the Act underscores the importance of enhancing the capacity and increasing the participation of minority entities as defined under section 21(b)(5) of the Act in programs funded under the Act.

Priorities: These priorities are from the notice of final priorities for this program, published in the **Federal Register** on May 9, 2002 (67 FR 31700). For purposes of these priorities, a "minority entity" includes a Hispanic-serving institution whose Hispanic student enrollment is 25 percent of the institution's student population.

Background: Under section 21 of the Act, only three types of awards can be made as follows: (1) Section 21(b)(2)(A)—awards to minority entities and Indian tribes to carry out activities under programs authorized under titles II, III, VI, and VII of the Act. (2) Section 21(b)(2)(B)—awards to minority entities and Indian tribes to conduct research, training, technical assistance, or a related activity to improve services provided under the Act, especially services provided to individuals from minority backgrounds. (3) Section 21(b)(2)(C)—awards to a State or a public or private nonprofit agency or organization, such as an institution of higher education or an Indian tribe, to provide outreach and technical

assistance to minority entities and Indian tribes to promote their participation in activities funded under the Act, including assistance to enhance their capacity to carry out those activities.

Absolute Priorities: For FY 2005 these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet these priorities.

These priorities are:

Priority 1—Establishing New Rehabilitation Training Programs (CFDA Number 84.315C).

Projects funded must meet the requirements in section 21(b)(2)(B) of the Act.

Projects must—

(1) Enhance and increase the capacity of minority institutions of higher education to prepare more individuals for careers in the public vocational rehabilitation program, including individuals from minority backgrounds;

(2) Be located at minority institutions of higher education, including community colleges whose minority student enrollment is at least 50 percent, that are interested in establishing new first-time rehabilitation training programs at the associate degree, undergraduate degree, and graduate degree levels;

(3) Include an evaluation component based upon clear, specific performance and outcome measures; and

(4) Report the results of the evaluation in its annual performance report.

Priority 2—Capacity Building for Minority Entities (CFDA Number 84.315D).

Projects funded must meet the requirements in section 21(b)(2)(C) of the Act.

Projects must—

(1) Provide outreach, capacity building, and technical assistance to minority entities and Indian tribes to promote their participation in activities funded under the Act, including assistance to carry out those activities;

(2) Provide a variety of training and technical assistance activities, including grant writing workshops that focus on Rehabilitation Services Administration (RSA) and National Institute on Disability and Rehabilitation Research (NIDRR) discretionary grant programs, the peer review process, selection criteria, training on disability legislation (i.e., Americans with Disabilities Act, Rehabilitation Act, etc.), and technical assistance to minority entities that are first-time recipients of grants funded under the Act in order to increase their ability to carry out their grants;

(3) Include an evaluation component based upon clear, specific performance and outcome measures; and

(4) Report the results of the evaluation in its annual performance report.

Program Authority: 29 U.S.C. 718(b).

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds:

\$2,530,000.

Estimated Range of Awards:

\$200,000–\$250,000.

Priority 1—CFDA Number 84.315C—

\$200,000–\$225,000.

Priority 2—CFDA Number 84.315D—

\$200,000–\$250,000.

Estimated Average Size of Awards:

\$218,500.

Estimated Number of Awards: 10.

Priority 1—CFDA Number 84.315C—

5.

Priority 2—CFDA Number 84.315D—

5.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

III. Eligibility Information

1. *Eligible Applicants:* For priority 1, minority entities as defined under section 21(b)(5) of the Act, as a historically Black college or university, a Hispanic-serving institution of higher education, an American Indian tribal college or university, or another institution of higher education whose minority student enrollment is at least 50 percent.

For priority 2, a State or a public or private nonprofit agency or organization, such as an institution of higher education or an Indian tribe.

2. *Cost Sharing or Matching:* This program does not involve cost sharing or matching.

IV. Application and Submission Information

1. *Address to Request Application Package:* Education Publications Center (ED Pubs), P.O. Box 1398, Jessup, MD 20794–1398. Telephone (toll free): 1–877–433–7827. FAX: (301) 470–1244. If you use a telecommunications device for the deaf (TDD), you may call (toll free): 1–877–576–7734.

You may also contact ED Pubs at its Web site: <http://www.ed.gov/pubs/>

edpubs.html or you may contact ED Pubs at its e-mail address: edpubs@inet.ed.gov.

If you request an application from ED Pubs, be sure to identify this competition as follows: CFDA number 84.315C or D.

Individuals with disabilities may obtain a copy of the application package in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) by contacting the Grants and Contracts Services Team, U.S.

Department of Education, 400 Maryland Avenue, SW., room 5075, Potomac Center Plaza, Washington, DC 20202–2550. Telephone: (202) 245–7363. If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1–800–877–8339.

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition. Page Limit: Part III of the application, the application narrative, is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 50 pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject your application if—

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

3. *Submission Dates and Times:*

Applications Available: May 31, 2005.

Deadline for Transmittal of

Applications: July 15, 2005.

Applications for grants under this competition must be submitted electronically using the Electronic Grant Application System (e-Application) available through the Department’s e-

Grants system. For information (including dates and times) about how to submit your application electronically or by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 6. *Other Submission Requirements* in this notice.

We do not consider an application that does not comply with the deadline requirements.

Deadline for Intergovernmental Review: September 13, 2005.

4. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

5. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Other Submission Requirements:* Applications for grants under this competition must be submitted electronically, unless you qualify for an exception to this requirement in accordance with the instructions in this section.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

a. *Electronic Submission of Applications*

Applications for grants under the Capacity Building for Traditionally Underserved Populations program—CFDA Number 84.315C and D must be submitted electronically using e-Applications available through the Department’s e-Grants system, accessible through the e-Grants portal page at: <http://e-grants.ed.gov>.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

Please note the following:

- You must complete the electronic submission of your grant application by

4:30 p.m., Washington, DC time, on the application deadline date. The e-Application system will not accept an application for this competition after 4:30 p.m., Washington, DC time, on the application deadline date. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the application process.

- The regular hours of operation of the e-Grants Web site are 6 a.m. Monday until 7 p.m. Wednesday; and 6 a.m. Thursday until midnight Saturday, Washington, DC time. Please note that the system is unavailable on Sundays, and between 7 p.m. on Wednesdays and 6 a.m. on Thursdays, Washington, DC time, for maintenance. Any modifications to these hours are posted on the e-Grants Web site.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- Any narrative sections of your application must be attached as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format.

- Your electronic application must comply with any page limit requirements described in this notice.

- Prior to submitting your electronic application, you may wish to print a copy of it for your records.

- After you electronically submit your application, you will receive an automatic acknowledgment that will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the ED 424 to the Application Control Center after following these steps:

- Print ED 424 from e-Application.

- The applicant's Authorizing Representative must sign this form.

- Place the PR/Award number in the upper right hand corner of the hard-copy signature page of the ED 424.

- Fax the signed ED 424 to the Application Control Center at (202) 245-6272.

- We may request that you provide us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of e-Application System Unavailability:

If you are prevented from electronically submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

- You are a registered user of e-Application and you have initiated an electronic application for this competition; and

- (a) The e-Application system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

- (b) The e-Application system is unavailable for any period of time between 3:30 p.m. and 4:30 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgment of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** (see VII. Agency Contact) or (2) the e-Grants help desk at 1-888-336-8930. If the system is down and therefore the application deadline is extended, an e-mail will be sent to all registered users who have initiated an e-Application. Extensions referred to in this section apply only to the unavailability of the Department's e-Application system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and must submit your application in paper format, if you are unable to submit an application through the e-Application system because—

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to the Department's e-Application system; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application. If you mail your written statement to the

Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Ellen Chesley, U.S. Department of Education, 400 Maryland Avenue, SW., room 5018, Potomac Center Plaza, Washington, DC 20202-2800. FAX: (202) 245-7591.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail

If you qualify for any exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the applicable following address:

By mail through the U.S. Postal Service: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.315C or 84.315D), 400 Maryland Avenue, SW., Washington, DC 20202-4260. or

By mail through a commercial carrier: U.S. Department of Education, Application Control Center—Stop 4260, Attention: (CFDA Number 84.315C or 84.315D), 7100 Old Landover Road, Landover, MD 20785-1506.

Regardless of which address you use, you must show proof of mailing consisting of one of the following:

- A legibly dated U.S. Postal Service postmark.

- A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

- A dated shipping label, invoice, or receipt from a commercial carrier, or
- Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- A private metered postmark, or
- A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application, by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.315C or 84.315D), 550 12th Street, SW., Room 7041, Potomac Center Plaza, Washington, DC 20202-4260.

The Application Control Center accepts hand deliveries daily between 8 a.m. and 4:30 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department:

(1) You must indicate on the envelope and—if not provided by the Department—in Item 4 of the ED 424 the CFDA number—and suffix letter, if any—of the competition under which you are submitting your application.

(2) The Application Control Center will mail a grant application receipt acknowledgment to you. If you do not receive the grant application receipt acknowledgment within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

1. **Selection Criteria:** The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

2. **Review and Selection Process:** An additional factor we consider in selecting an application for an award is the past performance of the applicant in carrying out similar capacity building activities, such as compliance with grant conditions, soundness of programmatic and financial management practices, and attainment of established project objectives.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify

administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. **Performance Measures:** The Government Performance and Results Act (GPRA) of 1993 directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against their goals. The purpose of the Capacity Building for Traditionally Underserved Populations program is to enhance the capacity and increase the participation of minority institutions in programs that are funded under the Act, as well as to improve the delivery of vocational rehabilitation (VR) services to people with disabilities, especially people with disabilities from minority backgrounds.

In order to measure the success of Capacity Building grantees in meeting this goal, each grantee is required to evaluate its activities based upon clear, specific performance and outcome measures and report the results of the evaluation in its annual performance report. At a minimum, the annual performance reports must include the following:

- For Priority 1 grantees must report on—(1) the number and type of new degree-granting programs established as a result of participation in this program and the number of students enrolled; (2) the number of undergraduate and graduate students who graduate from programs participating in this program and the number who go to work for the public VR program or related rehabilitation agencies; and (3) the number of institutions receiving Council on Rehabilitation Education (CORE) accreditation as a result of participation in this program.

- For priority 2 grantees must report on—(1) the number of minority entities and Indian tribes that have received

training and technical assistance; (2) the number of applications submitted by first-time and repeat applicants to RSA and NIDRR for funding; (3) the number of applications by first-time and repeat applicants recommended for funding by RSA and NIDRR; (4) the number of applications by first-time and repeat applicants funded by RSA and NIDRR; and (5) the number of funded programs by first-time and repeat applicants that have been implemented and are operational.

VII. Agency Contact

FOR FURTHER INFORMATION CONTACT:

Ellen Chesley, U.S. Department of Education, 400 Maryland Avenue, SW., room 5018, Potomac Center Plaza, Washington, DC 20202-2800. Telephone: (202) 245-7300 or by e-mail: Ellen.Chesley@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Relay Service (FRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotope, or computer diskette) on request to the program contact person listed in this section.

VIII. Other Information

Electronic Access to This Document: You may view this document, as well as all other documents of this Department published in the *Federal Register*, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: <http://www.ed.gov/news/fedregister>.

To use PDF you must have Adobe Acrobat Reader, which is available free at this site. If you have questions about using PDF, call the U.S. Government Printing Office (GPO), toll free, at 1-888-293-6498; or in the Washington, DC, area at (202) 512-1530.

Note: The official version of this document is the document published in the *Federal Register*. Free Internet access to the official edition of the *Federal Register* and the Code of Federal Regulations is available on GPO Access at: <http://www.gpoaccess.gov/nara/index.html>.

Dated: May 25, 2005.

John H. Hager,

Assistant Secretary for Special Education and Rehabilitative Services.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

Open Meeting of the President's Board of Advisors on Tribal Colleges and Universities

AGENCY: White House Initiative on Tribal Colleges and Universities (WHITCU)—U.S. Department of Education.

ACTION: Notice of President's Board of Advisors on Tribal Colleges and Universities (Board) meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of an upcoming open meeting of the Board and is intended to notify the general public of their opportunity to attend. This notice also describes the functions of the Board. Notice of the Board's meetings is required under Section 10(a)(2) of the Federal Advisory Committee Act and by the Board's charter.

Agenda: The purpose of the meeting will be to investigate ways the federal government can help tribal colleges use long-term development, endowment building and planning to strengthen institutional viability through private sector funding support. In addition, the Board will review and make a first assessment of the annual reports submitted by federal departments and agencies to the WHITCU as required by Executive Order 13270. Other topics include further enhancing the Board's strategic plan including identifying ways to expand and complement federal education initiatives; employing new and emerging technologies; augmenting resources to ultimately impact the recruitment and retention of students and faculty; and, assisting in implementing the No Child Left Behind Act of 2001 and meeting other high standards of educational achievement within the nation's tribal colleges and universities.

DATES: June 10, 2005, 9 a.m. to 5 p.m. and June 11, 2005, 9 a.m. to 12 noon.

Location: Radisson Hotel & Conference Center Green Bay, 2040 Airport Drive, Green Bay, Wisconsin 54313.

FOR FURTHER INFORMATION CONTACT: Diane L. Cullo, Executive Director, WHITCU, 1990 K Street, NW., Room 7007, Washington, DC 20006. Telephone: (202) 219-7025. Fax: (202) 219-7086.

SUPPLEMENTARY INFORMATION: Presidential Executive Order 13270 on July 3, 2002 established The Board. The Board provides recommendations to the President of the United States through the Secretary of Education on ways the

Federal government can help tribal colleges: (1) Use long-term development, endowment building and planning to strengthen institutional viability; (2) improve financial management and security, obtain private sector funding support, and expand and complement federal education initiatives; (3) develop institutional capacity through the use of new and emerging technologies offered by both the federal and private sectors; (4) enhance physical infrastructure to facilitate more efficient operation and effective recruitment and retention of students and faculty; and (5) help implement the No Child Left Behind Act of 2001 and meet other high standards of educational achievement. In addition, the Board also monitors the progress made by federal agencies in fulfilling their obligation to the Executive Order.

The general public is welcome to attend the June 10-11, 2005 open meeting, however, space is limited and is available on a first-come, first-served basis. Individuals who need special accommodations for a disability in order to attend the meeting (i.e. interpreting services, assistive listening devices, materials in alternative format) should notify Betty Thompson at (202) 219-7040 no later than June 1, 2005. Every attempt to meet requests after this date will be made but cannot be guaranteed. The meeting site is accessible to individuals with disabilities. A summary of the activities of the meeting and other related materials that are informative to the public will be available within 90 days after the meeting. Records are kept of all Board proceedings and are available for public inspection at the WHITCU, 1990 K Street, NW., Room 7007, Washington, DC 20006. Telephone: (202) 219-7025. Fax: (202) 219-7086.

Dated: May 25, 2005.

Margaret Spellings,
Secretary, U.S. Department of Education.

BILLING CODE 4000-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission**Notice of Filings**

Monday, May 23, 2005.

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER00-1026-011.

Applicants: Indianapolis Power & Light Company.

Description: Indianapolis Power & Light Co submits revised Wholesale Power Sales Tariff providing for sales of capacity & energy & resale of transmission rights.

Filed Date: 05/18/2005.

Accession Number: 20050519-0226.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER00-33-008.

Applicants: AES Placerita Inc.
Description: AES Placerita, Inc submits Fourth Revised Sheet 1 *et al.* to FERC Electric Tariff, Original Volume 1, in compliance with FERC's 4/18/05 Order accepting updated market power.

Filed Date: 05/18/2005.

Accession Number: 20050520-0190.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER01-2401-005.

Applicants: AES Red Oak LLC.
Description: AES Red Oak, LLC submits Revised Sheets 1 to FERC Electric Tariff, Original Volume 1, in compliance with FERC's order accepting updated market power analyses etc under ER01-2401.

Filed Date: 05/18/2005.

Accession Number: 20050520-0192.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER01-2401-006.

Applicants: AES Red Oak LLC.
Description: AES Red Oak LLC submits Revisions to FERC's Electric Tariff, Original Volume Nos. 1 and 2, pursuant to section 205 of the Federal Power Act and Section 35.13(a)(2) of FERC's Regulations.

Filed Date: 05/18/2005.

Accession Number: 20050520-0191.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER04-14-007.

Applicants: Detroit Edison Company.
Description: The Detroit Edison Co submits the clean and redlined copies of Revised Sheet 23, 26, 33 and 36 of the Ancillary Services Tariff under ER04-14.

Filed Date: 05/18/2005.

Accession Number: 20050519-0230.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER05-563-001.

Applicants: Westar Energy, Inc.
Description: Westar Energy, Inc amends the effective date of the 2/9/05 Notice of Cancellation to read March 31, 2005 under ER05-563.

Filed Date: 05/18/2005.

Accession Number: 20050519-0227.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER98-2184-010.

Applicants: AES Huntington Beach, L.L.C.

Description: AES Huntington Beach, LLC submits Third Revised Sheet 1 FERC Electric Tariff, Original Volume Nos. 1 and 2, pursuant to Section 205 of the Federal Power Act and Section 35.13(a)(2) of FERC's Regulations.

Filed Date: 05/18/2005.

Accession Number: 20050520-0195.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER98-2184-011.

Applicants: AES Huntington Beach, L.L.C.

Description: AES Huntington Beach, LLC submits revisions to FERC Electric Tariff, Original Volume Nos. 1 and 2, in compliance with FERC's order accepting updated market power analyses.

Filed Date: 05/18/2005.

Accession Number: 20050520-0194.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER98-2185-010.

Applicants: AES Alamitos, L.L.C.

Description: AES Huntington Beach, LLC submits Revisions to FERC Electric Tariff, Original Volume No. 1 and 2, pursuant to section 205 of the Federal Power Act and Section 35.13(a)(2) of FERC's Regulations.

Filed Date: 05/18/2005.

Accession Number: 20050520-0193.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER98-2185-011.

Applicants: AES Alamitos, L.L.C.

Description: AES Alamitos, LLC submits Revisions to AES Alamitos, LLC market-based rate tariff.

Filed Date: 05/18/2005.

Accession Number: 20050520-0201.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER98-2186-010.

Applicants: AES Redondo Beach, L.L.C.

Description: AES Redondo Beach, LLC submits Revisions to FERC Electric Tariff, Original Volume Nos. 1 and 2, pursuant to Section 205 of the Federal Power Act and Section 35.13(a)(2) of FERC's Regulations under ER98-2186.

Filed Date: 05/18/2005.

Accession Number: 20050520-0189.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER05-605-002; EL05-90-002.

Applicants: PJM Interconnection, L.L.C.

Description: PJM Interconnection, LLC submits revisions to the PJM Open Access Transmission Tariff to include language re an Interconnection Customer's agreement to conform to Internal Revenue Service requirements under ER05-605 et al.

Filed Date: 05/19/2005.

Accession Number: 20050523-0057.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05629-001.

Applicants: New York Independent System Operator.

Description: New York Independent System Operator & the New York Transmission Owners submit the pro forma Large Facility Interconnection Procedures & Large Interconnection Agreement.

Filed Date: 05/19/2005.

Accession Number: 20050523-0062.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-639-001.

Applicants: Brascan Power Piney & Deep Creek LLC.

Description: Brascan Power Piney & Deep Creek LLC. submits application for market-based rate authorization under ER05-639.

Filed Date: 05/19/2005.

Accession Number: 20050523-0061.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-683-009.

Applicants: California Independent System Operator Corporation.

Description: California Independent System Operator Corporation submits the Refund Report.

Filed Date: 05/18/2005.

Accession Number: 20050523-0010.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER05-980-000.

Applicants: American Transmission Systems, Inc.

Description: American Transmission Systems, Inc submits a construction agreement to establish a new 138kV delivery point with Buckeye Power, Inc.

Filed Date: 05/19/2005.

Accession Number: 20050520-0289.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-981-000.

Applicants: Pocono Energy Services, LLC.

Description: Petition of Pocono Energy Services, LLC for acceptance of initial rate schedule, waivers and blanket authority.

Filed Date: 05/18/2005.

Accession Number: 20050520-0288.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER05-982-000.

Applicants: Prime Power Sales I, L.L.C.

Description: Application of Prime Power Sales I, LLC for order accepting rate schedule and granting certain blanket authorizations and waivers under ER05-982.

Filed Date: 05/18/2005.

Accession Number: 20050520-0287.

Comment Date: 5 p.m. eastern time on Wednesday, June 8, 2005.

Docket Numbers: ER05-983-000.

Applicants: Southern California Edison Co.

Description: Southern California Edison Co submits its revised rate sheets to the Interconnection Facilities Agreement with Ridgewood Olinda, LLC.

Filed Date: 05/19/2005.

Accession Number: 20050520-0314.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-984-000.

Applicants: Niagara Mohawk Power Corporation.

Description: Niagara Mohawk Power Corp submits Original Service Agreement 339 under NYISO's OATT.

Filed Date: 05/19/2005.

Accession Number: 20050520-0313.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-985-000.

Applicants: Trans Bay Cable LLC.

Description: Trans Bay Cable LLC submits the Operating Memorandum dated 5/16/05 with City of Pittsburgh, CA.

Filed Date: 05/19/2005.

Accession Number: 20050520-0290.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-986-000.

Applicants: Southern California Edison Company.

Description: Southern California Edison Co submits a Notice of Cancellation of the Amended and Restated Power Exchange Agreement with Tucson Electric Power Co.

Filed Date: 05/19/2005.

Accession Number: 20050520-0308.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-987-000.

Applicants: Niagara Mohawk Power Corporation.

Description: Niagara Mohawk Power Corp submits an Original Service Agreement 338 with South Glens Falls Energy, LLC.

Filed Date: 05/19/2005.

Accession Number: 20050520-0309.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-988-000.

Applicants: Nevada Power Co.

Description: Nevada Power Co submits an executed Transmission Service Agreement with PacifiCorp.

Filed Date: 05/19/2005.

Accession Number: 20050520-0315.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-989-000.

Applicants: Kansas City Power & Light Company.

Description: Kansas City Power & Light Co submits an Amendatory Agreement 4, dated 5/9/05 with the City of Garnett, Kansas under ER05-989.

Filed Date: 05/19/2005.

Accession Number: 20050520-0318.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-990-000.

Applicants: Southwest Power Pool.

Description: Southwest Power Pool, Inc submits revised pages to its Open Access Transmission Tariff intended to implement a rate change for Westar Energy, Inc.

Filed Date: 05/19/2005.

Accession Number: 20050523-0058.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-991-000.

Applicants: Commonwealth Chesapeake Company, LLC.

Description: Commonwealth Chesapeake Co LLC notifies FERC of certain changes in the characteristics relied upon to grant market based rate authority to Commonwealth Chesapeake Company, LLC.

Filed Date: 05/19/2005.

Accession Number: 20050523-0054.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER05-992-000.

Applicants: Duke Energy Corporation.

Description: Duke Energy Corp, on behalf of Duke Power submits its proposed revisions to its Rate Schedule 10-A and Amendment 2 to the Settlement Agreement with the City of Concord, NC et al. under ER05-992.

Filed Date: 05/19/2005.

Accession Number: 20050523-0055.

Comment Date: 5 p.m. eastern time on Thursday, June 9, 2005.

Docket Numbers: ER02-2458-003.

Applicants: Midwest Independent Transmission System Operator.

Description: Second Amendment to settlement agreement & notice regarding status of Wolverine Power Supply Cooperative, Inc's request for rehearing.

Filed Date: 05/17/2005.

Accession Number: 20050520-0198.

Comment Date: 5 p.m. eastern time on Tuesday, June 7, 2005.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It

is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Linda Mitry,

Deputy Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[2005-0052; FRL-7919-3]

Agency Information Collection Activities: Proposed Collection; Comment Request; Enforcement Policy Regarding the Sale and Use of Aftermarket Catalytic Converters, EPA ICR Number 1292.06, OMB Control Number 2060-0135

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB). This is a request to renew an existing approved collection. This ICR is scheduled to expire on August 31, 2005. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before August 1, 2005.

ADDRESSES: Submit your comments, referencing docket ID number 2005-0052 to EPA online using EDOCKET (our preferred method), by e-mail to OECA.docket@epa.gov, or by surface mail to: EPA Docket Center, Environmental Protection Agency, Office of Enforcement and Compliance Assurance (OECA), mail code 2201T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Jack McLaughlin, Telephone: (303) 236-9513, Facsimile number: (303) 236-9514; e-mail: mclaughlin.jackj@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has established a public docket for this ICR under Docket ID number 2005-0052, which is available for public viewing at the OECA Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the OECA Docket Office is (202) 566-1752. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to obtain a copy

of the draft collection of information, submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA within 60 days of this notice. EPA's policy is that public comments, whether submitted electronically or on paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket.

Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Affected entities: Entities affected by this action are manufacturers, reconditioners, and installers of aftermarket and/or reconditioned automotive catalytic converters (converters).

Title: Aftermarket Catalytic Converter Enforcement Policy (Renewal).

Abstract: Section 203(a)(3) of the Clean Air Act (Act) prohibits removing or rendering inoperative automobile emission control devices or elements of design in a motor vehicle. But for the adoption of the Aftermarket Catalytic Converter Enforcement Policy (51 FR 28114-28119, 28133 (August 5, 1986); 52 FR 42144 (November 3, 1987), 67 FR 319-320 (January 3, 2002) the manufacture, sale, or installation of aftermarket converters not equivalent to new original equipment (OE) converters would constitute a violation of the Act. Because replacement OE converters are expensive, many consumers had elected to not replace converters that malfunctioned subsequent to the expiration of the emissions warranty on their vehicles. Manufacturers of new aftermarket converters are required (67 FR 319-320, January 3, 2002), on a one-

time basis, for each converter line manufactured, to identify the converter's physical specifications and summarize pre-production testing of the prototype. In addition, the manufacturer must submit semi-annual reports to EPA of the number of each type of converter manufactured. We are proposing to drop the requirement to submit a summary (or copies at manufacturer's option) of warranty card information and solicit comment on this proposal and the incremental reduction in burden as a result. The requirement to retain the information (and the cards themselves) for 5 (five) years would continue, and would be subject to EPA inspection. With this notice, we also solicit comment for a modification to the existing requirement to label converters, to further require that the label be affixed to the converter(s) on a surface that is visible from the underside of the vehicle once the converter(s) is/are installed on the vehicle. This will insure that installed converters can be visually verified for compliance with EPA aftermarket converter policy requirements.

Reconditioners of used converters must, on a one-time basis, identify themselves and provide information regarding their equipment and procedures followed to comply with this policy. All used OE converters must be individually bench-tested, and the company must submit semi-annual reports to EPA disclosing the identity of persons who distribute the reconditioned converters and the number of reconditioned converters of each type that are sold to each distributor.

Companies that install aftermarket converters have no reporting requirements but must keep copies of installation invoices and records for 6 (six) months that specify the reason an aftermarket converter installation was permissible. A technical change will be made to specify that the warranty period for the OE converter originally installed on the vehicle is 8 years/80,000 miles starting with the 1995 model year. Therefore, aftermarket or reconditioned converters generally cannot be installed on 1995 and newer vehicles until the vehicles are at least 8 (eight) years old, or have accumulated 80,000 miles of service life, whichever comes first. This change is necessary to update this policy to conform to regulatory requirements for 1995 Model Year and newer vehicles. Removed converters must be tagged with identifying information and retained for 15 days. EPA allows the use of pre-printed documents or computer-generated documents. All the recordkeeping under

the policy is authorized by section 114 of the Act, 42 U.S.C. 7414 and section 208 of the Act, 42 U.S.C. 7542 and is a mandatory condition for participation in this voluntary alternative program to manufacturing converters equivalent to OE. Noncompliance with the recordkeeping and reporting requirements violates section 203(a)(3) of the Act, 42 U.S.C. 7522(a)(3). Parties who comply with these policies are allowed to install aftermarket converters instead of OE converters. Confidentiality provisions are found at 40 CFR part 2. These requirements have been in effect for over 15 years. Startup costs have been completed. This proposed ICR renewal utilizes assumptions that are the same as the previous ICR.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. In addition to this information, you may obtain a copy of the draft ICR supporting statement as provided above.

The EPA would like to solicit comments to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: For manufacturers of new aftermarket converters, the average hourly burden per year per respondent is approximately 5 hours for the reporting required by the policy and the associated record keeping. The reporting is mandatory. The frequency of response is estimated at 1 report per year for a new product line and 2 reports per year on manufacturing information. There are 6 (six) respondents in the country covered by the requirements. Total burden for all manufacturers of new aftermarket converters is about 60 hours per year. There are annual operating costs of about \$60 per manufacturer, and service

costs of \$35,700 per respondent. There are no annualized capital costs. Startup costs have been completed.

For converter reconditioners, the average annual hourly reporting burden is 631 hours per respondent. The reporting is mandatory. The frequency of response is 2 reports per year based on approximately 8900 tests of used converters per respondent. Total burden for the 8 respondents is about 5048 hours. There are annual operation/maintenance costs of approximately \$200 per respondent. There are annualized capital costs of about \$38,244 per respondent. For aftermarket converter installers, there is no reporting burden. The average annual record keeping burden is approximately 3.5 hours per respondent. Total burden for the estimated 30,000 installers is 105,000 hours.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose, or otherwise provide information to or for a federal agency. This includes the time needed to review instructions; to develop, and utilize technology and systems for the purposes of collecting and validating information; processing and maintaining information, and providing information as required. Training personnel to accurately respond to the collection of information; searching data sources; reviewing, transmitting, and/disclosing information are also part of the burden.

Dated: May 23, 2005.

Walker Smith,

Director, Office of Civil Enforcement.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7919-4; Docket ID Numbers: OAR-2005-0120 to OAR-2005-0121]

Agency Information Collection Activities: Proposed Collections; Request for Comment on Two Proposed Information Collection Requests (ICRs)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit two continuing Information Collection Requests (ICRs) to the Office of Management and Budget (OMB). This is a request to renew two existing

approved collections. These ICRs are scheduled to expire between August 31, 2005 and December 31, 2005 as listed below. Refer to section INFORMATION FOR INDIVIDUAL ICRs for information pertaining to each individual ICR. Before submitting these ICRs to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collections as described below.

DATES: Comments must be submitted on or before August 1, 2005.

ADDRESSES: Submit your comments, referencing the appropriate docket ID number listed under each ICR title (see below), to EPA online using EDOCKET (our preferred method), by email to a-and-r-docket@epamail.epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Air and Radiation Docket and Information Center, Mail Code 6102T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Ms. Nydia Y. Reyes-Morales, Mail Code 6403J, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: 202-343-9264; fax number: 202-343-2804; email address: reyes-morales.nydia@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has established a public docket for each ICR. The docket number of each ICR is listed below under the ICR title. The dockets are available for public viewing at the Air and Radiation Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Air and Radiation Docket is (202) 566-1742. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket ID number as identified below.

Any comments related to these ICRs should be submitted to EPA within 60 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made

available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Information for All ICRS

The information requested under all ICRs is collected by the Engine Programs Group, Certification and Compliance Division, Office of Transportation and Air Quality, Office of Air and Radiation. Confidentiality of proprietary information submitted by manufacturers is granted in accordance with the Freedom of Information Act, EPA regulations at 40 CFR part 2, and class determinations issued by EPA's Office of General Counsel.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of

information technology, e.g., permitting electronic submission of responses.

An estimated burden is provided for each ICR. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Information for Individual ICRS

(1) **Title:** Nonconformance Penalties for Heavy-Duty Engines and Heavy-Duty Vehicles, including Light-Duty Trucks; EPA ICR Number 1285.06, OMB Control Number 2060-0132, expiring on 7/31/2005.

Docket Number: OAR-2005-0120.

Affected entities: Entities potentially affected by this action are manufacturers of heavy-duty engines, heavy-duty vehicles and light-duty trucks.

Abstract: Section 206(g) of the Clean Air Act, as amended, contains nonconformance penalty provisions (NCP) that allow manufacturers to introduce into commerce heavy-duty engines or vehicles (including light-duty trucks) which fail to conform with certain emission standards upon payment of a monetary penalty. Manufacturers who elect to use NCPs are required to test production engines and vehicles to determine the extent of their nonconformity and conduct a Production Compliance Audit (PCA). The collection activities of the nonconformance penalty program include periodic reports and other information (including the results of emission testing conducted during the PCA). CCD will use this information to ensure that manufacturers are complying with the regulations and that appropriate nonconformance penalties are being paid. Responses to this collection are voluntary.

Burden Statement: The annual public reporting and recordkeeping burden is estimated to average 196 hours per response.

(2) **Title:** Exclusion Determinations for New Non-road Spark-ignited Engines, New Compression-ignited Engines, New On-road Heavy Duty Engines, New

Marine Engines and New Locomotive Engines; EPA ICR Number 1852.03; OMB Control Number 2060-0395, expiring on 8/31/2005.

Docket Number: OAR-2005-0121.

Affected entities: Entities potentially affected by these actions are engine manufacturers, equipment manufacturers and importers.

Abstract: Some types of engines are excluded from compliance with current regulations. A manufacturer may make an exclusion determination by itself; however, manufacturers and importers may routinely request EPA to make such determination to ensure that their determination does not differ from EPA's. Only needed information such as engine type, horsepower rating, intended usage, etc., is requested to make an exclusion determination. Responses to this collection are voluntary.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average seven hours per response.

Dated: May 25, 2005.

Jeffrey R. Holmstead,

Assistant Administrator, Office of Air and Radiation.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[OW-2003-0030; FRL-7918-8]

Agency Information Collection Activities: Proposed Collection; Comment Request; Information Collection Request for Great Lakes Water Quality Guidance Reporting Requirements, EPA ICR Number 1639.04, OMB Control Number 2040-0180

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB). This is a request to renew an existing approved collection. This ICR is scheduled to expire on May 31, 2005. However, EPA is requesting a three-month extension to complete this renewal process. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the

proposed information collection as described below.

DATES: Comments must be submitted on or before August 1, 2005.

ADDRESSES: Submit your comments, referencing docket ID number OW-2003-0030, to EPA online using EDOCKET (our preferred method), by e-mail to ow-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Water Docket, Mail Code 4101T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Lynn Stabenfeldt, Office of Wastewater Management, 4201M, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-0602; fax number: (202) 501-2399; e-mail address: stabenfeldt.lynn@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has established a public docket for this ICR under Docket ID number OW-2003-0030, which is available for public viewing at the Water Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Water Docket is (202) 566-2426. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA within 60 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as

CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Affected entities: Entities potentially affected by this action are (1) industries discharging toxic pollutants to waters in the Great Lakes System as defined in 40 CFR 132.2 and (2) publicly-owned treatment works discharging toxic pollutants to waters of the Great Lakes System as defined in 40 CFR 132.2.

Title: Information Collection Request for Great Lakes Water Quality Guidance Reporting Requirements (OMB Control No. 2040-0180; EPA ICR No. 1639.04, expiring May 31, 2005).

Abstract: The primary objective of the Clean Water Act (CWA) is "to restore and maintain the chemical, physical and biological integrity of the nation's waters" (Section 101(a)). CWA Section 402 establishes the National Pollutant Discharge Elimination System (NPDES) permit program to regulate the discharge of any pollutant or combination of pollutants from point sources into the waters of the United States. CWA Section 402(a), as amended, authorizes the EPA Administrator to issue permits for the discharge of pollutants if those discharges meet the following requirements:

- All applicable requirements of CWA Sections 301, 302, 306, 307, 308, and 403; and
- Any conditions the Administrator determines are necessary to carry out the provisions and objectives of the CWA.

Section 101 of the Great Lakes Critical Programs Act (CPA) amends Section 118 of the CWA and directed EPA to publish water quality guidance for the Great Lakes System. Provisions of the Guidance are codified in 40 CFR part 132. The Guidance establishes minimum water quality criteria, implementation procedures, and antidegradation provisions for the Great Lakes System.

Permitting authorities currently require dischargers to provide information such as the name, location, and description of facilities to identify the facilities that require permits. EPA and authorized NPDES States store much of this basic information in the Permit Compliance System (PCS) database. PCS provides EPA with a nationwide inventory of NPDES permit holders. EPA Headquarters uses the information contained in the PCS to

develop reports on permit issuance, backlogs, and compliance rates. The Agency also uses the information to respond to public and Congressional inquiries, develop and guide its policies, formulate its budgets, assist States in acquiring authority for permitting programs, and manage its programs to ensure national consistency in permitting.

NPDES permit applications and requests for supplemental information currently require information about wastewater treatment systems, pollutants, discharge rates and volumes, whole effluent toxicity testing and other data. Additional information collection requirements that may be necessary to implement State, Tribal, or EPA promulgated provisions consistent with the Great Lakes Guidance include: (1) Monitoring (pollutant-specific and whole effluent toxicity or WET); (2) pollutant minimization programs; (3) bioassays to support the development of water quality criteria; (4) antidegradation policy/demonstrations; and, (5) regulatory relief options (e.g., variances from water quality criteria).

This information may be used to ensure compliance with provisions consistent with the Guidance and re-evaluate existing permit conditions and monitoring requirements. Data on discharges is entered into STORET and PCS, EPA's databases for ambient water quality data and NPDES permits, respectively. Results of water quality criteria testing will be entered into an EPA Information Clearinghouse database. Some of the burden hours associated with applications in the existing ICR that EPA is renewing have been placed in the Water Quality Standards ICR (OMB Control #2040-0049, EPA #0988.08, to expire August 31, 2005).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: This ICR provides an estimate of the burden and costs associated with implementation of the final Great Lakes Water Quality Guidance. The total annual burden to all respondents is estimated to be 29,523 with associated costs of \$3,121,930. The total annual burden includes an estimated average annual reporting burden of 7 hours per discharger with a corresponding response frequency that varies depending on the discharger's effluent characteristics. The estimated average annual labor cost per discharger is \$392 with average annual operations and maintenance costs per discharger estimated at \$408. The estimated average burden hours for states is 274 hours with a corresponding labor cost of \$10,776. The estimated number of respondents for this renewal ICR is 3,795. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: May 20, 2005.

James A. Hanlon,

Director, Office of Wastewater Management.

ENVIRONMENTAL PROTECTION AGENCY

[R08-OAR-2005-UT-0004; FRL 7918-9]

Adequacy Determination for the Salt Lake City Area Carbon Monoxide Maintenance State Implementation Plan for Transportation Conformity Purposes; State of Utah**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice of adequacy.

SUMMARY: In this document, EPA is notifying the public that we have found that the motor vehicle emissions budget for 2019 in the Salt Lake City, Utah Carbon Monoxide Maintenance Plan, that was submitted by Utah Governor Olene S. Walker on October 19, 2004, is adequate for transportation conformity purposes. 40 CFR 93.118(e)(2) requires that EPA declare an implementation plan submission's motor vehicle emissions budget adequate for conformity purposes prior to the budget being used to satisfy the conformity requirements of 40 CFR 93. As a result of our finding, the Wasatch Front Regional Council of Government, the Utah Department of Transportation and the U.S. Department of Transportation are required to use the motor vehicle emissions budget from this submitted maintenance plan for future transportation conformity determinations.

DATES: This finding is effective June 15, 2005.

FOR FURTHER INFORMATION CONTACT: Jeffrey Kimes, Air & Radiation Program (8P-AR), United States Environmental Protection Agency, Region 8, 999 18th Street, Suite 300, Denver, Colorado 80202-2466, (303) 312-6445, kimes.jeffrey@epa.gov.

The letter documenting our finding is available at EPA's conformity Web site: <http://www.epa.gov/transp/conform/adequacy.htm>.

SUPPLEMENTARY INFORMATION:

Throughout this document "we", "us", or "our" are used to mean EPA.

This action is simply an announcement of a finding that we have already made. We sent a letter to the Utah Division of Air Quality on May 2, 2005, stating that the motor vehicle emissions budgets in the submitted Salt Lake City, Utah Carbon Monoxide Maintenance Plan are adequate. This finding has also been announced on our conformity Web site at <http://www.epa.gov/otaq/transp/conform/adequacy.htm>.

Transportation conformity is required by section 176(c) of the Clean Air Act. Out conformity rule requires that

transportation plans, programs, and projects conform to SIPs and establishes the criteria and procedures for determining whether or not they demonstrate conformity. Conformity to a SIP means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria by which we determine whether a SIP's motor vehicle emission budgets are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4). Please note that an adequacy review is separate from our completeness review, and it also should not be used to prejudice our ultimate approval of the SIP. Even if we find a budget adequate, the SIP could later be disapproved, and vice versa.

The process for determining the adequacy of a transportation conformity budget is described at 40 CFR 93.118(f).

For the reader's ease, we have excerpted the motor vehicle emission budget from the Salt Lake City, Utah Carbon Monoxide Maintenance Plan it is as follows: Motor vehicle emissions budget for the year 2019 is 278.62 tons per day of CO. 40 CFR 93.118(e)(1) requires that previously approved budget for years other than 2019 must still be used in any conformity determination until the maintenance plan is fully approved by EPA.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: May 10, 2005.

Robert E. Roberts,*Regional Administrator, Region 8.*

BILLING CODE 6560-50-M**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-7918-7]

EPA Science Advisory Board (SAB) Staff Office; Request for Nominations of Experts for the SAB Advisory Panel for Polychlorinated Biphenyl (PCB) Risks Associated With Establishing an Artificial Reef**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: The Science Advisory Board (SAB) Staff Office is requesting the nomination of experts for a SAB Advisory Panel for PCB risks associated with an artificial reef established from a former United States Navy ship.

DATES: Nominations should be submitted by June 21, 2005, per instructions below.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this Notice and Request for Nominations may contact Dr. Sue Shallal, Designated Federal Officer (DFO), SAB Staff Office, by telephone/voice mail at (202) 343-9977; by fax at (202) 233-0643; or via e-mail at: shallal.suhair@epa.gov. General information concerning the EPA Science Advisory Board can be found on the EPA SAB Web site at: <http://www.epa.gov/sab>.

Technical contact: The U.S. Navy's draft assessment that is the subject of this advisory activity will be available from the U.S. Environmental Protection Agency's (EPA) Region 4. For questions and information concerning these materials, please contact Craig Brown at (404) 562-8990 or brown.craig@epa.gov.

SUPPLEMENTARY INFORMATION:

Background: The U.S. Navy and the State of Florida are planning to deploy the ex-Oriskany, a World War II era aircraft carrier, as an artificial reef in the Gulf of Mexico. In accordance with the Toxic Substances Control Act (TSCA) and its implementing Federal PCB regulations (40 CFR Part 761), the U.S. Navy has applied for and must obtain a risk-based PCB disposal approval prior to sinking the vessel with non-liquid PCBs onboard. The EPA may approve such an application if it finds the disposal action will not pose an unreasonable risk of injury to human health or the environment. To evaluate the potential transfer of non-liquid PCBs to the marine environment and the subsequent risk that they might pose to human and ecological receptors using the artificial reef, the Navy performed leaching studies of different on-board PCB containing materials followed by fate and transport modeling of the leaching results to evaluate how released chemicals might behave in the near-reef marine environment. The U.S. Navy has also developed a fate and transport model known as the Prospective Risk Assessment Model (PRAM). EPA Region 4 has requested that the SAB conduct a consultation followed by an advisory on the U.S. Navy's assessment of potential human health and environmental risks from PCBs released from the ex-Oriskany following deployment as an artificial reef. The focus of the SAB consultation and advisory includes the leaching studies, the PRAM, and characterization of potential risks.

The SAB was established by 42 U.S.C. 4365 to provide independent scientific

and technical advice, consultation, and recommendations to the EPA Administrator on the technical basis for Agency positions and regulations. A SAB panel composed of current members will conduct a consultation. The purpose of a consultation is to provide non-consensus, oral advice on the preliminary assessment. Following the consultation, the SAB will conduct an advisory to provide consensus written advice on the U.S. Navy's revised assessment. The advisory will be conducted by a panel consisting of current SAB members and additional outside experts. These panels will comply with the provisions of the Federal Advisory Committee Act (FACA) and all appropriate SAB procedural policies. As such, all public meetings will be announced in the **Federal Register** at least 15 days prior to their scheduled times. Upon completion, the advisory panel's report will be submitted to the Chartered SAB for final approval prior to transmittal to the EPA Administrator.

Request for Nominations: The SAB Staff Office is seeking public nominations of recognized experts to serve on the advisory panel. The nominees should have expertise in one or more of the following areas: PCB chemistry; fate and transport modeling; exposure assessment; and PCB toxicity to human health and aquatic ecosystems.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate individuals qualified in the areas of expertise described above to serve on the SAB Artificial Reef PCB Risk Advisory Panel. Nominations should be submitted in electronic format through the SAB Nomination Form which can be accessed through a link on the blue navigational bar on the SAB Web site at: http://www.epa.gov/sab/sab_panel_form.htm. To be considered, all nominations must include the information requested on that form.

Anyone who is unable to submit nominations using this form and any questions concerning any aspects of the nomination process may contact the DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than June 21, 2005. Any questions concerning either this process or any other aspects of this notice should be directed to the DFO. The process for forming a SAB panel is described in the Overview of the Panel Formation Process at the Environmental Protection Agency, Science Advisory Board (EPA-SAB-EC-COM-02-010), on the SAB Web site at: <http://www.epa.gov/sab/pdf/ec02010.pdf>.

From the nominees identified by respondents to this **Federal Register** notice (termed the "Widecast"), the SAB Staff Office will develop a smaller subset (known as the "Short List") for more detailed consideration. The Short List will be posted on the SAB Web Site at: <http://www.epa.gov/sab>, and will include, for each candidate, the nominee's name and biosketch. Public comments on the Short List will be accepted during the comment period, the public will be requested to provide information, analysis or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates for the Panel.

For the SAB, a balanced panel (*i.e.*, committee, subcommittee, or panel) is characterized by inclusion of candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of expertise and experience to adequately address the charge. Public responses to the Short List candidates will be considered in the selection of the panel, along with information provided by candidates and information gathered by SAB Staff independently on the background of each candidate (*e.g.*, financial disclosure information and computer searches to evaluate a nominee's prior involvement with the topic under review). Specific criteria to be used in evaluation of an individual Panel member include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) absence of financial conflicts of interest; (c) scientific credibility and impartiality; (d) availability and willingness to serve; and (e) ability to work constructively and effectively in committees.

Prospective candidates will be required to complete and submit the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address: <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

Dated: May 23, 2005.

Vanessa T. Vu,
Director, EPA Science Advisory Board Staff
Office.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7919-1]

Meeting of the Local Government Advisory Committee

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: The Local Government Advisory Committee and its three subcommittees; the Small Community Advisory Subcommittee (SCAS), Water, Subcommittee and Indicators Subcommittee will meet on June 8-10, 2005 in Arlington, VA. The Committee will be discussing environmental indicators, potential engagement in the Agency's regulatory process, and providing assistance to small towns.

The SCAS, Water and Indicators Subcommittees will meet in separate sessions on Wednesday, June 8, at EPA Headquarters located at 1200 Pennsylvania Ave., NW., Washington, DC. The Subcommittees sessions will begin at 1 p.m. and conclude at 5 p.m. on the 3rd floor of the Ariel Rios North Building in conference rooms 3428, 3528 and 3530. The subcommittees will be discussing drinking water, affordability, small communities partnership program and the Great Lake Regional Collaborations.

The Committee will hear comments from the public between 1 p.m.-1:15 p.m. on Thursday, June 9. Each individual or organization wishing to address the LGAC meeting will be allowed a maximum of five minutes to present their point of view. Please contact the Designated Federal Officer (DFO) at the number listed below to schedule agenda time. Time will be allotted on a first come, first serve basis, and the total period for comments may be extended, if the number of requests for appearances require it.

This is an open meeting and all interested persons are invited to attend. LGAC meeting minutes and Subcommittee summary notes will be available after the meeting and can be obtained by written request from the DFO. Members of the public are requested to call the DFO at the number listed below if planning to attend so that arrangements can be made to comfortably accommodate attendees as

much as possible. Seating will be on a first come, first serve basis.

DATES: The Local Government Advisory Committee plenary session will begin at 8:30 a.m. Thursday, June 9 and conclude at 2 p.m. on Friday, June 10.

ADDRESSES: The LGAC meeting will be held at the Embassy Suites Hotel, located at 1300 Jefferson Davis Highway in the Adams Conference Room.

Additional information can be obtained by writing the DFO at 1200 Pennsylvania Avenue, NW., (1301A), Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: The DFO for the Local Government Advisory Committee (LGAC) is Pamela Luttner (202) 564-3107.

Information on Services for the Handicapped: For information on facilities or services for the handicapped or to request special assistance at the meetings, contact the Designated Federal Officer at (202) 564-3107 as soon as possible.

Dated: May 12, 2005.

Pamela A. Luttner,
Designated Federal Officer, Local Government Advisory Committee.

[FR Doc. 05-10769 Filed 5-27-05; 8:45 am]

BILLING CODE 6560-50-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7919-2]

Science Advisory Board Staff Office; Notification of Advisory Meeting of the Science Advisory Board; Regulatory Environmental Modeling (REM) Guidance Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Science Advisory Board (SAB) Regulatory Environmental Modeling (REM) Guidance Review Panel will hold a public teleconference to discuss its draft peer review report of the Agency's draft guidance entitled, "Draft Guidance on the Development, Evaluation, and Application of Regulatory Environmental Models," dated November 2003 (referred to here also as the Draft Guidance), and the "Models Knowledge Base" related to modeling activity within the EPA.

DATES: June 16, 2005, 10 a.m. to 1 p.m. Eastern Standard Time.

ADDRESSES: The public teleconference will take place via telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wishes to: Obtain the teleconference call-in

number and access code; would like to submit written or brief oral comments (3 minutes or less for this public teleconference), or who wants further information concerning this public teleconference should contact Dr. Jack Kooyoomjian, Designated Federal Officer (DFO), EPA SAB, 1200 Pennsylvania Avenue, NW., (MC 1400F), Washington, DC 20460; via telephone/voice mail: (202) 343-9984; fax: (202) 233-0643; or e-mail at: kooyoomjian.jack@epa.gov. General information concerning the SAB can be found on the SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: The EPA's Council for Regulatory Environmental Modeling (CREM) has requested that the SAB review the Agency's "Draft Guidance and Models Knowledge Base". The "Draft Guidance" was prepared by the CREM in response to the EPA Administrator's request to help continue to strengthen EPA's development, evaluation and use of models in the Agency. The CREM "Models Knowledge Base" provides public internet-accessible access to information on some of EPA's most frequently used models. The "Draft Guidance and the Models Knowledge Base" are currently being reviewed by the SAB's REM Guidance Review Panel, and are the subject of this conference call. Additional background information on this review activity, including all previous announcements (68 FR 46602, August 6, 2003; 70 FR 1243, January 6, 2005; 70 FR 12477, March 14, 2005), meeting agendas, review and background materials can be found at the SAB Web site. The purpose of this meeting is for the SAB Panel to review the working draft report.

Availability of Meeting Materials: Copies of the meeting agenda, the roster of the SAB's REM Guidance Review Panel, and the latest working draft report of the REM Guidance Advisory Panel will be posted on the SAB Web site at: <http://www.epa.gov/sab/panels/cremgacpanel.html> prior to the meeting.

Persons who wish to obtain copies of the Agency's Draft Guidance, the Models Knowledge Base or other materials pertinent to this advisory activity may obtain these materials at: <http://www.epa.gov/crem>, or <http://www.epa.gov/crem/sab>. For further information regarding the Agency's Draft Guidance or Models Knowledge Base or other relevant background materials, please contact Mr. Pasky Pascual of the U.S. EPA, Office of Science Policy, Office of Research & Development (Mail Code 8102), by

telephone/voice mail at (202) 564-2259, by fax at (202) 565-2925; or via e-mail at pascual.pasky@epa.gov.

Providing Oral or Written Comments at SAB Meetings: It is the policy of the SAB Staff Office to accept written public comments of any length, and to accommodate oral public comments wherever possible. The SAB Staff Office expects the public statements presented at its meetings will not be repetitive of previously-submitted oral or written statements.

Oral Comments: In general, each individual or group requesting an oral presentation at a public teleconference will be limited to a total time of three minutes (unless otherwise indicated). Requests to provide oral comments must be *in writing* (e-mail, fax, or mail) and received by the DFO no later than noon Eastern Time five business days prior to the meeting in order to reserve time on the meeting agenda.

Written Comments: Although the SAB Staff Office accepts written comments until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office no later than noon Eastern Time five business days prior to the meeting so that the comments may be made available to the Panelists for their consideration. Comments should be supplied to the DFO (preferably by e-mail) at the address/contact information noted above in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 98/2000/XP format)).

Dated: May 24, 2005.

Vanessa T. Vu,
Director, EPA Science Advisory Board Staff Office.

[FR Doc. 05-10768 Filed 5-27-05; 8:45 am]

BILLING CODE 6560-50-P

FARM CREDIT ADMINISTRATION

Privacy Act of 1974; Establishment of a New System of Records

AGENCY: Farm Credit Administration.

ACTION: Notice of establishment of a new system of records maintained on individuals; request for comments.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended (5 U.S.C. 552a), notice is hereby given that the Farm Credit Administration (FCA) is publishing a system notice, which indicates the establishment of a new Privacy Act system of records. The system notice provides information on

the existence and character of the system of records for an Organization Locator and Personnel Roster.

DATES: Written comments should be received by June 30, 2005. The FCA filed a New System Report with Congress and the Office of Management and Budget on May 24, 2005. This notice will become effective without further publication on July 14, 2005, unless modified by a subsequent notice to incorporate comments received from the public.

ADDRESSES: Mail written comments to Debra Buccolo, Privacy Act Officer, Farm Credit Administration, McLean, Virginia 22102-5090. You may send comments by e-mail to dbuccolo@fca.gov. Copies of all communications received will be available for examination by interested parties in the offices of the Farm Credit Administration.

FOR FURTHER INFORMATION CONTACT: Debra Buccolo, Privacy Act Officer, Farm Credit Administration, McLean, Virginia 22102-5090, (703) 883-4022, TTY (703) 883-4020, or Jane Virga, Office of General Counsel, Farm Credit Administration, McLean, Virginia, 22102-5090, (703) 883-4071, TTY (703) 883-4020.

SUPPLEMENTARY INFORMATION: This publication satisfies the requirement of the Privacy Act of 1974 that agencies publish a system of records notice in the *Federal Register* when there is a revision, change, or addition to the system of records. As required by the Privacy Act of 1974, the FCA has identified a new system of records. The notice reflects designated points of contact for inquiring about the system, accessing the records, and requesting amendments to the records.

The new system of records is: FCA-17, Organization Locator and Personnel Roster. As required by 5 U.S.C. 552a(r) of the Privacy Act, as amended, the FCA has sent notice of this proposed system of records to the Office of Management and Budget, the Committee on Government Reform of the House of Representatives, and the Committee on Governmental Affairs of the Senate. The notice is published in its entirety below.

FCA-17

SYSTEM NAME:

Organization Locator and Personnel Roster System—FCA.

SECURITY CLASSIFICATION:

None.

SYSTEM LOCATION:

Records are located at the Farm Credit Administration.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Current FCA employees.

CATEGORIES OF RECORDS IN THE SYSTEM:

Paper and electronic records. Includes information such as names; home addresses; telephone numbers; cell phone numbers; official titles or positions and organizations; photographs; and other information associated with identifying and contacting personnel. Locator records of Agency personnel.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

12 U.S.C. 2243, 2252.

PURPOSES:

To contact and recall personnel when required; locate personnel for routine and emergency matters; provide mail distribution and forwarding addresses; compile a social roster for official and non-official functions; send personal greetings and invitations; and locate individuals during medical emergencies, facility evacuations, and similar threat situations. To identify Agency personnel.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

See the "General Statement of Routine Uses."

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

None.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Information stored in hard copy and electronically.

RETRIEVABILITY:

Retrievable by name.

SAFEGUARDS:

Access is limited to those whose official duties require access. File cabinets and rooms are locked during non-duty hours. Computers are protected by firewalls and passwords.

RETENTION AND DISPOSAL:

In accordance with National Archives and Records Administration General Records schedule requirements.

SYSTEM MANAGER(S) AND ADDRESS:

Director, Office of the Chief Information Officer, Farm Credit Administration, McLean, VA 22102-5090.

NOTIFICATION PROCEDURE:

Direct all inquiries about this system of records to: Privacy Act Officer, Farm

Credit Administration, McLean, VA 22102-5090.

RECORD ACCESS PROCEDURES:

Same as above.

CONTESTING RECORD PROCEDURES:

Same as above.

RECORD SOURCE CATEGORIES:

Information in this system of records either comes from the individual to whom it applies or comes from information supplied by Agency officials.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

Dated: May 24, 2005.

Jeanette C. Brinkley,
Secretary, Farm Credit Administration Board.

BILLING CODE 6760-01-P

FEDERAL TRADE COMMISSION

[File No. 031 0181]

San Juan IPA, Inc.; Analysis of Agreement Containing Consent Order To Aid Public Comment

AGENCY: Federal Trade Commission.

ACTION: Proposed consent agreement.

SUMMARY: The consent agreement in this matter settles alleged violations of federal law prohibiting unfair or deceptive acts or practices or unfair methods of competition. The attached Analysis to Aid Public Comment describes both the allegations in the

draft complaint and the terms of the consent order—embodied in the consent agreement—that would settle these allegations.

DATES: Comments must be received on or before June 17, 2005.

ADDRESSES: Interested parties are invited to submit written comments. Comments should refer to "San Juan IPA, Inc., File No. 031 0181," to facilitate the organization of comments. A comment filed in paper form should include this reference both in the text and on the envelope, and should be mailed or delivered to the following address: Federal Trade Commission/Office of the Secretary, Room 159-H, 600 Pennsylvania Avenue, NW., Washington, DC 20580. Comments containing confidential material must be filed in paper form, must be clearly labeled "Confidential," and must comply with Commission Rule 4.9(c), 16 CFR 4.9(c) (2005).¹ The FTC is requesting that any comment filed in paper form be sent by courier or overnight service, if possible, because U.S. postal mail in the Washington area and at the Commission is subject to delay due to heightened security precautions. Comments that do not contain any nonpublic information may instead be filed in electronic form as part of or as an attachment to e-mail messages directed to the following e-mail box: consentagreement@ftc.gov.

The FTC Act and other laws the Commission administers permit the collection of public comments to consider and use in this proceeding as appropriate. All timely and responsive public comments, whether filed in paper or electronic form, will be considered by the Commission, and will be available to the public on the FTC Web site, to the extent practicable, at <http://www.ftc.gov>. As a matter of discretion, the FTC makes every effort to remove home contact information for individuals from the public comments it receives before placing those comments on the FTC website. More information, including routine uses permitted by the Privacy Act, may be found in the FTC's privacy policy, at <http://www.ftc.gov/ftc/privacy.htm>.

FOR FURTHER INFORMATION CONTACT: Steve Vieux, Bureau of Competition, 600 Pennsylvania Avenue, NW., Washington, DC 20580; (202) 326-2306.

¹ The comment must be accompanied by an explicit request for confidential treatment, including the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. The request will be granted or denied by the Commission's General Counsel, consistent with applicable law and the public interest. See Commission Rule 4.9(c), 16 CFR 4.9(c).

SUPPLEMENTARY INFORMATION: Pursuant to section 6(f) of the Federal Trade Commission Act, 38 Stat. 721, 15 U.S.C. 46(f), and Sections 2.34 of the Commission Rules of Practice, 16 CFR 2.34, notice is hereby given that the above-captioned consent agreement containing a consent order to cease and desist, having been filed with and accepted, subject to final approval, by the Commission, has been placed on the public record for a period of thirty (30) days. The following Analysis to Aid Public Comment describes the terms of the consent agreement, and the allegations in the complaint. An electronic copy of the full text of the consent agreement package can be obtained from the FTC Home Page (for May 19, 2005), on the World Wide Web, at <http://www.ftc.gov/os/2005/05/index.htm>. A paper copy can be obtained from the FTC Public Reference Room, Room 130-H, 600 Pennsylvania Avenue, NW., Washington, DC 20580, either in person or by calling (202) 326-2222.

Public comments are invited, and may be filed with the Commission in either paper or electronic form. All comments should be filed as prescribed in the **ADDRESSES** section above, and must be received on or before the date specified in the **DATES** section.

Analysis of Agreement Containing Consent Order To Aid Public Comment

The Federal Trade Commission has accepted, subject to final approval, an agreement containing a proposed consent order with San Juan IPA, Inc. (San Juan IPA). The agreement settles charges that San Juan IPA violated Section 5 of the Federal Trade Commission Act, 15 U.S.C. 45, by orchestrating and implementing agreements among physician members of San Juan IPA to fix prices and other terms on which they would deal with health plans, and to refuse to deal with such purchasers except on collectively-determined terms. The proposed consent order has been placed on the public record for 30 days to receive comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will review the agreement and the comments received, and decide whether it should withdraw from the agreement or make the proposed order final.

The purpose of this analysis is to facilitate public comment on the proposed order. The analysis is not intended to constitute an official interpretation of the agreement and proposed order, or to modify their terms in any way. Further, the proposed

consent order has been entered into for settlement purposes only and does not constitute an admission by San Juan IPA that it violated the law or that the facts alleged in the complaint (other than jurisdictional facts) are true.

The Complaint

The allegations of the complaint are summarized below.

San Juan IPA is an independent physician association (IPA) with approximately 120 physician members. San Juan IPA does business in the Farmington, New Mexico, area, which is located in the northwestern corner of New Mexico.

San Juan IPA's physician members account for approximately 80% of the physicians independently practicing (that is, those not employed by area hospitals) in and around the Farmington area. To be marketable in the Farmington area, a payor's health insurance plan must have access to a large number of physicians who are members of San Juan IPA.

Although San Juan IPA purported to operate as a "messenger model"²—that is, an arrangement that does not facilitate horizontal agreements on price—it engaged in various actions that demonstrated or orchestrated such agreements. San Juan IPA coordinated joint pricing among its physician members in three ways. First, San Juan IPA was a party to contracts that a joint venture, in which San Juan IPA participated, collectively negotiated on behalf of San Juan IPA's members. Second, San Juan IPA, on behalf of its physician members, collectively negotiated contracts for payment of physician services at full billed charges less a 10% discount, made collective demands, and refused to deal with payors. Finally, San Juan IPA coordinated its members' responses to payor offers for fixed-price contracts, by not transmitting certain offers to its physician members and collectively demanding prices, on behalf of its physician members, from these payors.

San Juan IPA succeeded in forcing numerous health plans to raise the fees paid to its physician members, and thereby raised the cost of medical care in the Farmington area. San Juan IPA engaged in no efficiency-enhancing integration sufficient to justify joint

² Some arrangements can facilitate contracting between health care providers and payors without fostering an illegal agreement among competing physicians on fees or fee-related terms. One such approach, sometimes referred to as a "messenger model" arrangement, is described in the 1996 Statements of Antitrust Enforcement Policy in Health Care jointly issued by the Federal Trade Commission and U.S. Department of Justice, at 125. See <http://www.ftc.gov/reports/hlth3s.htm#9>.

negotiation of fees. By orchestrating agreements among its members to deal only on collectively-determined terms, and actual or threatened refusals to deal with health plans that would not agree to those terms, San Juan IPA violated Section 5 of the FTC Act.

The Proposed Consent Order

The proposed order is designed to remedy the illegal conduct charged in the complaint and prevent its recurrence. It is similar to recent consent orders that the Commission has issued to settle charges that physician groups engaged in unlawful agreements to raise fees they receive from health plans.

The proposed order's specific provisions are as follows:

Paragraph II.A prohibits San Juan IPA from entering into or facilitating any agreement between or among any physicians: (1) To negotiate with payors on any physician's behalf; (2) to deal, not to deal, or threaten not to deal with payors; (3) on what terms to deal with any payor; or (4) not to deal individually with any payor, or to deal with any payor only through an arrangement involving San Juan IPA.

Other parts of Paragraph II reinforce these general prohibitions. Paragraph II.B prohibits San Juan IPA from facilitating exchanges of information between physicians concerning whether, or on what terms, to contract with a payor. Paragraph II.C bars attempts to engage in any action prohibited by Paragraph II.A or II.B, and Paragraph II.D proscribes inducing anyone to engage in any action prohibited by Paragraphs II.A through II.C.

As in other Commission orders addressing providers' collective bargaining with health care purchasers, certain kinds of agreements are excluded from the general bar on joint negotiations. San Juan IPA would not be precluded from engaging in conduct that is reasonably necessary to form or participate in legitimate joint contracting arrangements among competing physicians in a "qualified risk-sharing joint arrangement" or a "qualified clinically-integrated joint arrangement." The arrangement, however, must not facilitate the refusal of, or restrict, physicians in contracting with payors outside of the arrangement.

As defined in the proposed order, a "qualified risk-sharing joint arrangement" possesses two key characteristics. First, all physician participants must share substantial financial risk through the arrangement, such that the arrangement creates incentives for the physician participants

jointly to control costs and improve quality by managing the provision of services. Second, any agreement concerning reimbursement or other terms or conditions of dealing must be reasonably necessary to obtain significant efficiencies through the joint arrangement.

A "qualified clinically-integrated joint arrangement," on the other hand, need not involve any sharing of financial risk. Instead, as defined in the proposed order, physician participants must participate in active and ongoing programs to evaluate and modify their clinical practice patterns in order to control costs and ensure the quality of services provided, and the arrangement must create a high degree of interdependence and cooperation among physicians. As with qualified risk-sharing arrangements, any agreement concerning price or other terms of dealing must be reasonably necessary to achieve the efficiency goals of the joint arrangement.

Paragraph III, for three years, requires San Juan IPA to notify the Commission before participating in contracting with health plans on behalf of a qualified risk-sharing joint arrangement or a qualified clinically-integrated joint arrangement. Paragraph III also sets out the information necessary to make the notification complete.

Paragraph IV, for three years, requires San Juan IPA to notify the Commission before entering into any arrangement to act as a messenger, or as an agent on behalf of any physicians, with payors regarding contracts. Paragraph IV also sets out the information necessary to make the notification complete.

Paragraph V.A requires San Juan IPA to distribute the complaint and order to all physicians who have participated in San Juan IPA, and to payors that negotiated contracts with San Juan IPA or indicated an interest in contracting with San Juan IPA. Paragraph V.B requires San Juan IPA, at any payor's request and without penalty, or, at the latest, within one year after the order is made final, to terminate its current contracts. Paragraph V.C requires San Juan IPA to distribute payor requests for contract termination to all physicians who participate in San Juan IPA. Paragraph V.D.1.b requires San Juan IPA to distribute the complaint and order to any payors that negotiate contracts with San Juan IPA in the next three years.

Paragraphs VI and VII of the proposed order impose various obligations on San Juan IPA to report or provide access to information to the Commission to facilitate monitoring San Juan IPA's compliance with the order.

The proposed order will expire in 20 years.

By direction of the Commission, Chairman Majoras not participating.

Donald S. Clark,

Secretary.

BILLING CODE 6750-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. 2005N-0178]

Agency Information Collection Activities; Proposed Collection; Comment Request; Regulations Under the Federal Import Milk Act

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on reporting and recordkeeping requirements in implementing the Federal Import Milk Act (FIMA).

DATES: Submit written or electronic comments on the collection of information by August 1, 2005.

ADDRESSES: Submit electronic comments on the collection of information to: <http://www.fda.gov/dockets/ecomments>. Submit written comments on the collection of information to the Division of Dockets Management (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. All comments should be identified with the docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT: Peggy Robbins, Office of Management Programs (HFA-250), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-1223.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of

information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, FDA is publishing notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, FDA invites comments on these topics: (1) Whether the proposed collection of information is necessary for the proper performance

of FDA's functions, including whether the information will have practical utility; (2) the accuracy of FDA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Regulations Under the Federal Import Milk Act—21 CFR Part 1210 (OMB Control Number 0910-0212)—Extension

Under the regulations implementing FIMA (21 U.S.C. 141-149), milk or cream may be imported into the United States only by the holder of a valid import milk permit. Before such permit is issued: (1) All cows from which

import milk or cream is produced must be physically examined and found healthy; (2) if the milk or cream is imported raw, all such cows must pass a tuberculin test; (3) the dairy farm and each plant in which the milk or cream is processed or handled must be inspected and found to meet certain sanitary requirements; (4) bacterial counts of the milk at the time of importation must not exceed specified limits; and (5) the temperature of the milk or cream at time of importation must not exceed 50° F. In addition, the regulations in part 1210 (21 CFR part 1210) require that dairy farmers and plants maintain pasteurization records (§ 1210.15) and that each container of milk or cream imported into the United States bear a tag with the product type, permit number, and shipper's name and address (§ 1210.22).

FDA estimates the burden of this collection of information as follows:

TABLE 1.—ESTIMATED ANNUAL REPORTING BURDEN¹

Form No.	21 CFR Section	No. of Respondents	Annual Frequency per Response	Total Annual Responses	Hours per Response	Total Hours
FDA 1815/Permits granted on certificates	1210.23	8	1	8	0.5	4.0
FDA 1993/Application of permit	1210.20	8	1	8	0.5	4.0
FDA 1994/Tuberculin test	1210.13	1	1	1	0.5	0.5
FDA 1995/Physical examination of cows	1210.12	1	1	1	0.5	0.5
FDA 1996/Sanitary inspection of dairy farms	1210.11	8	200	1,600	1.5	2,400
FDA 1997/Sanitary inspections of plants	1210.14	8	1	8	2.0	16.0
Total						2,425.0

¹There are no capital costs or operating and maintenance costs associated with this collection of information.

TABLE 2.—ESTIMATED ANNUAL RECORDKEEPING BURDEN¹

21 CFR Section	No. of Recordkeepers	Annual Frequency per Recordkeeping	Total Annual Records	Hours per Record	Total Hours
1210.15	8	1	8	0.05	0.40

¹There are no capital costs or operating and maintenance costs associated with this collection of information.

These estimates are based on the number of current permit holders and the number of inquiries that FDA has received regarding requests for applications in the past 3 years. No burden has been estimated for the tagging requirement in § 1210.22 because the information on the tag is either supplied by FDA (permit number) or is disclosed to third parties as a usual

and customary part of the shipper's normal business activities (type of product, shipper's name and address). Under 5 CFR 1320.3(c)(2), the public disclosure of information originally supplied by the Federal Government to the recipient for the purpose of disclosure to the public is not a collection of information. Under 5 CFR 1320.3(b)(2), the time, effort, and

financial resources necessary to comply with a collection of information are excluded from the burden estimate if the reporting, recordkeeping, or disclosure activities needed to comply are usual and customary because they would occur in the normal course of activities. Low burden has been estimated for Forms FDA 1994 and 1995 because they are not used often.

The Secretary of Health and Human Services has the discretion to allow Form FDA 1815, a duly certified statement signed by an accredited official of a foreign government, to be submitted in lieu of Forms FDA 1994 and 1995. To date, Form FDA 1815 has been submitted in lieu of these forms.

Dated: May 17, 2005.

Jeffrey Shuren,

Assistant Commissioner for Policy.

BILLING CODE 4160-01-S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. 2005D-0174]

Draft Guidance on Expiration Dating of Unit-Dose Repackaged Drugs; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of a draft guidance entitled "Expiration Dating of Unit-Dose Repackaged Drugs." The draft guidance is a proposed revision of section 480.200 of FDA's Compliance Policy Guide (CPG) (CPG 7132b.11). We are proposing to revise CPG 7132b.11 so that FDA enforcement policy regarding expiration dating of nonsterile unit-dose repackaged drugs under the agency's current good manufacturing practice (CGMP) regulations is substantially comparable to the expiration dating standards for such drugs set forth in the U.S. Pharmacopeia (USP).

DATES: Submit written or electronic comments on the draft guidance by August 29, 2005. General comments on agency guidance documents are welcome at any time.

ADDRESSES: Submit written requests for single copies of the draft guidance to the Division of Drug Information (HFD-240), Center for Drug Evaluation and Research, Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857. Send one self-addressed adhesive label to assist that office in processing your requests. Submit written comments on the draft guidance to the Division of Dockets Management (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. Submit electronic comments to <http://www.fda.gov/dockets/ecomments>. See the **SUPPLEMENTARY INFORMATION** section

for electronic access to the draft guidance document.

FOR FURTHER INFORMATION CONTACT: Barry Rothman, Center for Drug Evaluation and Research (HFD-320), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-9026.

SUPPLEMENTARY INFORMATION:

I. Background

We are announcing the availability of a draft guidance on "Expiration Dating of Unit-Dose Repackaged Drugs." The document provides guidance on FDA's enforcement policy regarding expiration dating of repackaged nonsterile solid and liquid unit-dose drugs under § 211.137 (21 CFR 211.137). Specifically, the draft guidance states certain circumstances under which we intend to exercise enforcement discretion and do not intend to take action against repackagers for failure to conduct stability studies to support expiration dates for drug products in accordance with FDA regulations.

The draft guidance is a proposed revision of section 480.200 of the CPG (CPG 7132b.11), which we issued in February 1984 and revised in March 1995. We originally issued CPG 7132b.11 because unit-dose packaging systems had become widespread in health care, and questions had arisen as to whether drugs that were repackaged into unit-dose containers needed expiration dates based on stability data on the drugs in the unit-dose containers.

The CGMP regulations require that each drug product bear an expiration date derived from tests conducted on samples stored in the immediate container closure system in which the drug is marketed (see § 211.137(a), § 211.166(a)(4) (21 CFR 211.166(a)(4))). This expiration dating ensures the drugs' safety and efficacy over their intended shelf life. CPG 7132b.11 notes that the USP contains standards on beyond-use dating of nonsterile solid and liquid unit-dose drug products.

Since its adoption in 1984, the CPG has stated that, in light of the USP standards and under certain conditions, the agency does not deem it necessary that stability studies be conducted on drugs that are repackaged into unit-dose containers. Therefore, the CPG has stated that we do not intend to initiate enforcement action against any unit-dose repackaging firm for failure to have stability studies supporting expiration dates, provided certain conditions are met, including that the expiration date does not exceed 6 months. At the time the CPG was adopted, this recommendation was substantially

comparable to the USP standards on expiration dating of nonsterile unit-dose repackaged drug products.

In 2000, the USP revised its standards on the beyond-use dating of nonsterile solid and liquid dosage forms that are packaged in single-unit and unit-dose containers. The USP now states that, for such products, the beyond-use date must be 1 year from the date the drug is packaged into the single-unit or unit-dose container or the expiration date on the manufacturer's container, whichever is earlier, unless stability data or the manufacturer's labeling indicates otherwise (USP 27, General Notices and Requirements, at 11).

We have considered the USP revision to its beyond-use standard and believe that similar conditions are appropriate for CPG 7132b.11 for expiration dating. We believe that under certain specified conditions, it may be appropriate to assign up to a one-year expiration dating period to solid and liquid oral dosage form drug products repackaged into unit-dose containers, without conducting new stability studies on the repackaged drug products. Therefore, we are proposing to revise CPG 7132b.11 to clarify the agency's exercise of enforcement discretion concerning expiration dating of nonsterile solid and liquid oral dosage form drug products that are repackaged into unit-dose containers.

Under draft revised CPG 7132b.11, the expiration date for a nonsterile repackaged unit-dose drug would not exceed the following: (1) One year from the date of repackaging, or (2) the expiration date on the container of the original manufacturer's product, whichever is earlier, unless stability data or the original manufacturer's product labeling indicated otherwise, and provided certain other recommendations specified in CPG 7132b.11 were met. These other conditions include, but are not limited to, standards for containers, repackaging operations, and the repackaging environment.

Additionally, because CPG 7132b.11 serves as Attachment B to section 430.100 of the CPG (CPG 7132b.10, "Unit Dose Labeling for Solid and Liquid Oral Dosage Forms"), the proposed revision of CPG 7132b.11 will serve as Attachment B to CPG 7132b.10 when CPG 7132b.11 is finalized.

We invite comments on the draft guidance. Additionally, we intend to conduct further study of the appropriateness of the proposed revision of CPG 7132b.11 regarding expiration dating on the unit-dose containers of nonsterile repackaged solid and liquid oral dosage form drug

products. We do not intend to make a final decision on the proposed revision of CPG 7132b.11 until we complete further study of the expiration dating issue to determine the most scientifically sound approach. We invite interested persons to submit data establishing appropriate expiration dating for such drug products.

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the agency's current thinking on expiration dating on nonsterile unit-dose repackaged drug products. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the current requirements of the applicable statutes and regulations.

II. Comments

Interested persons may submit to the Division of Dockets Management (see ADDRESSES) written or electronic comments on the draft guidance. Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The draft guidance and received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

III. Electronic Access

Persons with access to the Internet may obtain the documents at <http://www.fda.gov/cder/guidance/index.htm> or <http://ohrms/dockets/default.htm>.

Dated: May 19, 2005.

Name of Committee: Center for Scientific Review Special Emphasis Panel Research on Ethical Issues in Human Studies.

Date: June 24, 2005.

Time: 9 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Marriott Bethesda North Hotel and Conference Center, 5701 Marinelli Road, North Bethesda, MD 20852.

Contact Person: Karin F. Helmers, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 3166, MSC 7770, Bethesda, MD 20892, (301) 435-1017, helmersk@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Clinical Neurophysiology, Devices and Neuroprosthetics/Brain Disorders and Clinical Neuroscience/SBIR.

Date: June 27-28, 2005.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Holiday Inn Select Bethesda, 8120 Wisconsin Ave., Bethesda, MD 20814.

Contact Person: Vinod Charles, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5196, MSC 7846, Bethesda, MD 20892, 301-435-0902, charles@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Biomaterials and Bionterfaces: Quorum.

Date: June 27-28, 2005.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Holiday Inn Select Bethesda, 8120 Wisconsin Ave., Bethesda, MD 20814.

Contact Person: Alexander Gubin, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4196, MSC 7812, Bethesda, MD 20892, 301-435-2902, gubina@csr.nih.gov.

Name of Committee: Renal and Urological Studies Integrated Review Group Urologic and Kidney Development and Genitourinary Diseases Study Section.

Date: June 27-28, 2005.

Time: 8:30 a.m. to 9 a.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: M. Chris Langub, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4112,

MSC 7814, Bethesda, MD 20892, 301-496-8551, langubm@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Biophysical and Biochemical Sciences Fellowships Review Panel.

Date: June 28-29, 2005.

Time: 8:30 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Churchill Hotel, 1914 Connecticut Avenue, NW., Washington, DC 20009.

Contact Person: Nuria E. Assa-Munt, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 3120, MSC 7806, Bethesda, MD 20892, (301) 451-1323, assamunu@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel PA-02-125: Bioengineering Nanotechnology Initiative.

Date: June 28, 2005.

Time: 10 a.m. to 12 p.m.

Agenda: To review and evaluate grant applications.

Place: Gaithersburg Marriott Washingtonian Center, 9751 Washingtonian Boulevard, Gaithersburg, MD 20878.

Contact Person: Pushpa Tandon, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5104, MSC 7854, Bethesda, MD 20892, 301-435-2397, tdanop@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Urologic-related Small Business Applications.

Date: June 28, 2005.

Time: 10 a.m. to 1 p.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: M. Chris Langub, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4112, MSC 7814, Bethesda, MD 20892, 301-496-8551, langubm@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Selective Tools in Urologic Sciences.

Date: June 28, 2005.

Time: 1 p.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: M. Chris Langub, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4112, MSC 7814, Bethesda, MD 20892, 301-496-8551, langubm@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel, EMNR—Small Business Innovation Research/Small Business Technology Transfer Research Panel.

Date: June 29-30, 2005.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: Krish Krishnan, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 6164, MSC 7892, Bethesda, MD 20892, (301) 435-1041, krishnak@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Small Business Medical Imaging: Optical and Video.

Date: June 29, 2005.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Embassy Suites at the Chevy Chase Pavilion, 4300 Military Road, NW., Washington, DC 20015.

Contact Person: Robert J. Nordstrom, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5118, MSC 7854, Bethesda, MD 20892, (301) 435-1175, nordstr@csr.nih.gov.

Name of Committee: Molecular, Cellular and Developmental Neuroscience and Integrated Review Group Neurogenesis and Cell Fate Study Section.

Date: June 29-30, 2005.

Time: 8:30 a.m. to 4 p.m.

Agenda: To review and evaluate grant applications.

Place: Jurys Doyle Hotel, 1500 New Hampshire Avenue, NW., Washington, DC 20016.

Contact Person: Lawrence Baizer, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4152, MSC 7850, Bethesda, MD 20892, (301) 435-1257, baizerl@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Brain Injury and Neurovascular Pathologies.

Date: June 20-July 1, 2005.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Radisson Barcello, 2121 P Street, NW., Washington, DC 20037.

Contact Person: Seetha Bhagavan, PhD, Scientific Review Administrator, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 3022D, MSC 7846, Bethesda, MD 20892, (301) 435-1211, bhagavas@csr.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel Pulmonary Science SBIR Special Emphasis Panel.

Date: June 30, 2005.

BILLING CODE 4140-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Statement of Organization, Functions, and Delegations of Authority

Part M of the Substance Abuse and Mental Health Services Administration (SAMHSA) Statement of Organization, Functions, and Delegations of Authority for the Department of Health and Human Services at 69 FR 60891, October 13, 2004, is amended to reflect the new functional statement for the Center for Mental Health Services (CMHS), Office of the Director (MS-1), and the Division of Prevention, Traumatic Stress and Special Programs (MSC). This amendment is necessary to reflect the transfer of the HIV/AIDS program from the Office of the Director, to the Division of Prevention, Traumatic Stress and Special Programs portfolio and link HIV/AIDS services program with related activities in the Division. This change streamlines program management effectiveness. The changes are as follows:

Section M.20, Functions is amended as follows:

(A) The functional statements for the Center for Mental Health Services (MS), Office of the Director (MS-1) and the Division of Prevention, Traumatic Stress and Special Programs (MSC) are replaced with the following:

Office of the Director (MS-1)

(1) Provides leadership in planning, implementing, and evaluating the Center's goals, priorities, policies, and programs, including equal employment opportunity, and is the focal point for the Department's efforts in mental health services; (2) plans, directs, and provides overall administration of the programs of CMHS; (3) conducts and

coordinates Center interagency, interdepartmental, intergovernmental, and international activities; (4) provides information to the public and constituent organizations on CMHS programs; (5) maintains liaison with national organizations, other Federal departments/agencies, the National Institute of Mental Health and with other SAMHSA Centers; (6) administers committee management and reports clearance activities; (7) conducts services quality and financing activities and coordinates these activities with other components in SAMHSA; (8) conducts consumer affairs activities; and (9) monitors the conduct of equal employment opportunity activities of CMHS.

Division of Prevention, Traumatic Stress and Special Programs (MSC)

(1) Serves as the focal point in planning for alcohol, drug abuse, and mental health services during national disasters; (2) cooperates with the Office of Emergency Response and the Federal Emergency Management Agency (FEMA) and other Federal agencies to coordinate disaster assistance, community response, and other mental health emergency services as a consequence of national disasters or mass criminal events, such as terrorism and school shootings; (3) serves as a focal point for refugee mental health programs, including liaison with other Federal agencies; (4) conducts program development activities and engages with the faith community, when appropriate, to promote effective programs and polices to special populations including women, minorities, youth in juvenile justice facilities, and elderly persons living in rural areas; and (5) administers youth violence and suicide prevention programs, trauma and terrorism/bio-terrorism initiatives, and programs that prevent mental and behavioral disorders and promote mental health and resilience across the lifecycle, and (6) promotes the prevention of HIV infection in people at risk, the delivery of effective mental health services for people with HIV infection, and the education of health care providers to address the neuro psychiatric and the psycho social aspects of HIV infection and AIDS.

Section M.40, Delegations of Authority: All delegations and redelegations of authority to officers and employees of SAMHSA which were in effect immediately prior to the effective date of this reorganization shall continue in effect pending further redelegations, providing they are consistent with the reorganization.

These organizational changes are effective.
Dated: May 20, 2005.

Charles G. Curie,
Administrator.

BILLING CODE 4160-01-P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[DHS-2005-0038]

Data Privacy and Integrity Advisory Committee

AGENCY: Office of the Secretary, DHS.

ACTION: Notice of Federal Advisory Committee Meeting.

SUMMARY: This notice announces the date, time, location, and agenda for the next meeting of the Department of Homeland Security Data Privacy and Integrity Advisory Committee.

DATES: This meeting will be held on Wednesday, June 15, 2005, 9 a.m. to 4:30 p.m., Cambridge, MA.

ADDRESSES: The Department of Homeland Security Data Privacy and Integrity Advisory Committee meeting will be held at Harvard Law School in the Ropes-Gray Room, Pound Hall, 2nd floor, 1563 Massachusetts Avenue, Cambridge, MA 02138.

Persons who are unable to attend or speak at the meeting may submit comments at any time. Comments must be identified by docket number DHS-2005-0038 and may be submitted by one of the following methods:

- EPA Federal Partner EDOCKET Web Site: <http://www.epa.gov/feddocket>. Follow the instructions for submitting comments on the Web site.
- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- E-mail: PrivacyCommittee@dhs.gov. Include docket number DHS-2005-0038 in the subject line of the message.
- Fax: 571-227-4171.
- Mail: Rebecca J. Richards, Executive Director, Data Privacy and Integrity Advisory Committee, Department of Homeland Security, 601 S 12th Street, E3-S, D-3, Arlington, VA 22202.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received will be posted without change to <http://www.epa.gov/feddocket>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, go to <http://www.epa.gov/feddocket>.

Docket: For access to the docket to read background documents or comments received, go to <http://www.epa.gov/feddocket>.

www.epa.gov/feddocket. You may also access the Federal eRulemaking Portal at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Nuala O'Connor Kelly, Chief Privacy Officer, or Rebecca J. Richards, Executive Director, Data Privacy and Integrity Advisory Committee, Department of Homeland Security, 601 S 12th Street, E3-S, D-3, Arlington, VA 22202 by telephone 571-227-3813, by facsimile 571-227-4171, or by e-mail PrivacyCommittee@dhs.gov.

SUPPLEMENTARY INFORMATION: The Department of Homeland Security (DHS) Data Privacy and Integrity Advisory Committee (Privacy Advisory Committee) will be meeting on Wednesday, June 15, 2005, at the Ropes-Gray Room, Pound Hall, 2nd floor, Harvard Law School, 1563 Massachusetts Avenue, Cambridge, MA 02138. The meeting will begin at 9 a.m. and continue until 4:30 p.m. Although most of the meeting is open to the public, the session between 12:30 p.m. and 2 p.m. will be closed in order to permit the Privacy Advisory Committee members to discuss administrative and planning items, including the schedule for future Committee and Subcommittee meetings and a timeline for possible Subcommittee reports to the full Committee.

At the meeting, the Chairperson and Vice-Chairperson of the Committee will announce the Committee's goals, as well as introduce the Subcommittees and their respective Chairpersons. In the morning, there will be panel presentations from DHS officials and Committee discussion about screening programs within DHS. In the afternoon, there will be panel presentations from privacy and technology experts and Committee discussion on screening, data mining, and technology issues.

At two points during the meeting, between 12 p.m. and 12:30 p.m. and between 3:45 p.m. and 4:30 p.m., public comments will be accepted. All those who wish to testify may register in advance or sign-up on the day of the meeting and, in order to allow as many people as possible to testify, should limit their remarks to three minutes. Due to limited seating, any member of the public who wishes to attend the public session should provide his or her name no later than 12 p.m. e.s.t., Monday, June 13, 2005, to Rebecca J. Richards via e-mail at PrivacyCommittee@dhs.gov, or via telephone at 571-227-3813. Photo identification will be required for entry on the day of the meeting to verify those individuals who have registered for the public session, and everyone who plans

to attend should be present and seated by 8:45 a.m., or 1:45 p.m., if only attending the afternoon session. Registration information required for attendance will be used for verification purposes on the day of the meeting. Attendance information, including names of members of the public attending, may be made public as part of the official meeting minutes.

Persons with disabilities who require special assistance should indicate this in their admittance request and are encouraged to indicate anticipated special needs as early as possible.

Although every effort will be made to accommodate all members of the public, seating is limited and will be allocated on a first-come, first-served basis.

Basis for Closure: In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended, 86 Stat. 770, the Secretary has determined that portions of this Privacy Advisory Committee meeting, for administrative and planning purposes which are referenced above, are excluded from the Open Meetings requirement pursuant to the authority contained in 41 CFR part 102-3.160(b).

Dated: May 23, 2005.

Nuala O'Connor Kelly,
Chief Privacy Officer.

BILLING CODE 4410-10-P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS-2005-0039]

Office of Research and Development; Proposed Federally Funded Research and Development Center; Notice #2

AGENCY: Office of National Laboratories, Directorate of Science and Technology, DHS.

ACTION: Notice.

SUMMARY: The Department of Homeland Security (DHS) expects to sponsor a Federally Funded Research and Development Center (FFRDC) to address the need for scientific research to better anticipate, prevent, and mitigate the consequences of biological attacks. The proposed FFRDC will be the National Biodefense Analysis and Countermeasures Center (NBACC) which is a critical component in the overarching Homeland Security national biodefense complex. The NBACC will both coordinate biodefense research activities among various federal agencies and to execute its own research

plan. Also required will be technical and program management capabilities to facilitate operation of the NBACC facility.

DATES: The agency must receive comments on or before 30 days after date of publication in the **Federal Register**.

ADDRESSES: Comments must be identified by DHS-2005-0039 and may be submitted by one of the following methods:

- EPA Federal Partner EDOCKET Web Site: <http://www.epa.gov/feddocket>. Follow the instructions for submitting comments on the Web site.
- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- E-mail: James.Johnson2@dhs.gov.

Include docket number DHS-2005-0039 in the subject line of the message.

- Fax: 202-254-6163.
- Mail: Department of Homeland Security, Attn: Science and Technology Directorate, James V. Johnson, 202-254-6098, Washington DC 20528.

Docket: For access to the docket to read the background documents or comments received, go to <http://www.epa.gov/feddocket>. You may also access the Federal eRulemaking Portal at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: James V. Johnson via e-mail at James.Johnson2@dhs.gov, 202-254-6098.

SUPPLEMENTARY INFORMATION: The FFRDC would be established under the authority of Section 305 of the Homeland Security Act of 2002, Pub. L. 107-296. Pursuant to this section, the Secretary of Homeland Security, "acting through the Under Secretary for Science and Technology, shall have the authority to establish * * * 1 or more federally funded research and development centers to provide independent analysis of homeland security issues, or to carry out other responsibilities under this Act * * * ."

This notice is provided pursuant to 5.205b of the Federal Acquisition Regulations (FAR) to enable interested members of the public to provide comments to DHS on this proposed action. The potential FFRDC procurement will involve a Request for Proposals within approximately 90 days of the date of this notice. Upon request, a copy of the Request for Proposals, including the scope of work for the proposed FFRDC, will be provided to any interested party or parties. Contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section, above.

This also constitutes preliminary notice pursuant to section 308(c)(2)-(4)

of the Homeland Security Act of 2002 that DHS may establish a headquarters laboratory to perform the functions envisioned by the NBACC. As required under section 308(c)(3)(A) and (B) of the Homeland Security Act, should the Secretary choose to establish a headquarters laboratory, he will establish criteria for the selection of that laboratory in consultation with the National Academy of Sciences and other agencies and experts. The criteria so established will be published in the **Federal Register**.

Further background of this potential establishment of the proposed FFRDC can be found out at the USAMRAA Web site, <http://www.usamraa.army.mil>.

Dated: May 20, 2005.

Dr. Maureen McCarthy,

Director, Office of Research and Development, Department of Homeland Security.

BILLING CODE 4410-10-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[USCG-2005-21264]

Collection of Information Under Review by Office of Management and Budget (OMB): OMB Control Number: 1625-0011

AGENCY: Coast Guard, DHS.

ACTION: Request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Coast Guard intends to seek the approval of OMB for the renewal of one Information Collection Request (ICR). The ICR comprises 1625-0011, CG-2554 Private Aids to Navigation Application, and CG-4143 Application for Class I Private Aids to Navigation Artificial Islands/Fixed Structures. Before submitting the ICR to OMB, the Coast Guard is inviting comments on it as described below.

DATES: Comments must reach the Coast Guard on or before August 1, 2005.

ADDRESSES: To make sure that your comments and related material do not enter the docket [USCG-2005-21264] more than once, please submit them by only one of the following means:

(1) By mail to the Docket Management Facility, U.S. Department of Transportation (DOT), room PL-401, 400 Seventh Street SW., Washington, DC 20590-0001.

(2) By delivery to room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC,

between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

(3) By fax to the Docket Management Facility at 202-493-2251.

(4) Electronically through the Web site for the Docket Management System at <http://dms.dot.gov>.

The Docket Management Facility maintains the public docket for this notice. Comments and material received from the public, as well as documents mentioned in this notice as being available in the docket, will become part of this docket and will be available for inspection or copying at room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://dms.dot.gov>.

Copies of the complete ICR are available through this docket on the Internet at <http://dms.dot.gov>, and also from Commandant (CG-611), U.S. Coast Guard Headquarters, room 6106 (Attn: Ms. Barbara Davis), 2100 Second Street SW., Washington, DC 20593-0001. The telephone number is 202-267-2326.

FOR FURTHER INFORMATION CONTACT: Ms. Barbara Davis, Office of Information Management, telephone 202-267-2326, or fax 202-267-4814, for questions on these documents; or telephone Ms. Andrea M. Jenkins, Program Manager, Docket Operations, 202-366-0271, for questions on the docket.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to respond to this request for comments by submitting comments and related materials. We will post all comments received, without change, to <http://dms.dot.gov>, and they will include any personal information you have provided. We have an agreement with DOT to use the Docket Management Facility. Please see the paragraph on DOT's "Privacy Act Policy" below.

Submitting comments: If you submit a comment, please include your name and address, identify the docket number for this request for comment [USCG-2005-21264], indicate the specific section of this document to which each comment applies, and give the reason for each comment. You may submit your comments and material by electronic means, mail, fax, or delivery to the Docket Management Facility at the address under **ADDRESSES**; but please submit them by only one means. If you submit them by mail or delivery, submit

them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change the documents supporting this collection of information or even the underlying requirements in view of them.

Viewing comments and documents: To view comments, as well as documents mentioned in this notice as being available in the docket, go to <http://dms.dot.gov> at any time and conduct a simple search using the docket number. You may also visit the Docket Management Facility in room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone can search the electronic form of all comments received in dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the Privacy Act Statement of DOT in the *Federal Register* published on April 11, 2000 (65 FR 19477), or you may visit <http://dms.dot.gov>.

Information Collection Request

1. **Title:** CG-2554-Private Aids to Navigation Application. CG-4143 Application for Class I Private Aids to Navigation Artificial Islands/Fixed Structures.

OMB Control Number: 1625-0011.

SUMMARY: Under the provision of 33 U.S.C. 409, the Secretary of Homeland Security is mandated to prescribe rules and regulations for governing the marking of sunken vessels. This authority has been delegated to the Coast Guard who, in 33 CFR 64.11, requires owners of sunken vessels to promptly report information about the sunken vessel to the appropriate District Commander. Also, to establish or change ownership in a private aid to navigation, we require in 33 CFR 66.01-5 that applicants complete form CG-2554, and in 33 CFR 67.35-1 that applicants complete either CG-2554 or CG-4143.

Need: The information on these private aid applications (CG-2554 and CG-4143) provides the Coast Guard with vital information about private aids to navigation and is essential for safe marine navigation. These forms are required under 33 CFR parts 66 and 67.

The information is processed to ensure the private aid is in compliance with current regulations. Additionally, these forms provide the Coast Guard with information that can be distributed to the public to advise of new, or changes to, private aids to navigation.

Respondents: Owners and operators of facilities and tank vessels, and certifying entities.

Frequency: On occasion.

Burden Estimate: The estimated burden has been decreased from 3,073 hours to 3,000 hours a year.

Dated: May 23, 2005.

Dr. Nathaniel Heiner,

Acting, Assistant Commandant for Command, Control, Communications, Computers and Information Technology.

[FR Doc. 05-10693 Filed 5-27-05; 8:45 am]

BILLING CODE 4910-15-P

DEPARTMENT OF HOMELAND SECURITY

Bureau of Customs and Border Protection

Automated Commercial Environment (ACE): National Customs Automation Program Test of Automated Truck Manifest for Truck Carrier Accounts; Deployment Schedule

AGENCY: Customs and Border Protection; Department of Homeland Security.

ACTION: General notice.

SUMMARY: The Bureau of Customs and Border Protection, in conjunction with the Department of Transportation, Federal Motor Carrier Safety Administration, is currently conducting a National Customs Automation Program (NCAP) test concerning the transmission of automated truck manifest data. This document announces a modification of the deployment schedule for this test.

DATES: The test will be operational as of June 1, 2005, at each port identified in this notice as part of the first cluster of ports where the test will be deployed. Comments concerning this notice and all aspects of the announced test may be submitted at any time during the test period.

FOR FURTHER INFORMATION CONTACT: Mr. Thomas Fitzpatrick via e-mail at Thomas.Fitzpatrick@dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Customs Automation Program (NCAP) test concerning the transmission of automated truck manifest data for truck carrier accounts

was announced in a General Notice published in the *Federal Register* (69 FR 55167) on September 13, 2004. That notice stated that the test of the Automated Truck Manifest will be conducted in a phased approach, with primary deployment scheduled for no earlier than November 29, 2004. The document identified the ports of Blaine, Washington, and Buffalo, New York, as the original deployment sites.

The September 13, 2004, notice stated that subsequent deployment of the test will occur at Champlain, New York; Detroit, Michigan; Laredo, Texas; Otay Mesa, California; and Port Huron, Michigan, on dates to be announced. The notice stated that the Bureau of Customs and Border Protection (CBP) would announce the implementation and sequencing of truck manifest functionality at these ports as they occur. The test is to be expanded eventually to include ACE Truck Carrier Account participants at all land border ports, and subsequent releases of ACE will include all modes of transportation. The September 13, 2004, notice announced that additional participants and ports will be selected throughout the duration of the test.

Implementation of the Test

The test commenced in Blaine, Washington, in December 2004, but not at Buffalo, New York. In light of experience with the implementation of the test in Blaine, Washington, CBP has decided to change the implementation schedule. Buffalo, New York, will not be the next test site.

The next deployment sites will be brought up as a cluster. One site in the cluster will be identified as the "model site" for the cluster. This deployment strategy will allow for more efficient equipment set-up, site checkouts, port briefings and central training.

The ports identified belonging to the first cluster include the original port of implementation—Blaine, Washington. However, Sumas, Washington, will be the model port. The other ports of deployment in the cluster include the following: Point Roberts, WA; Oroville, WA (including sub ports); Boundary, WA; Danville, WA; Ferry, WA; Frontier, WA; Laurier, WA; Metaline Falls, WA; Nighthawk, WA; and Lynden, WA.

Previous Notices

On Monday, March 21, 2005, a General Notice was published in the *Federal Register* (70 FR 13514) announcing a modification to the NCAP test to clarify that all relevant data elements are required to be submitted in the automated truck manifest submission. That notice did not

announce any change to the deployment schedule and is not affected by publication of this notice. All requirements and aspects of the test discussed in the March 21, 2005 notice, or any other previous notices, except to the extent expressly modified by this new notice, are hereby incorporated by reference into this notice and continue to be applicable.

Dated: May 19, 2005.

Jayson P. Ahern,

Assistant Commissioner, Office of Field Operations.

BILLING CODE 4820-02-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4975-17]

Notice of Proposed Information Collection: Comment Request Rehabilitation Mortgage Insurance Underwriting Program Section 203(K)

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* August 1, 2005.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Wayne Eddins, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street, SW., L'Enfant Plaza Building, Room 8003, Washington, DC 20410 or Wayne_Eddins@hud.gov.

FOR FURTHER INFORMATION CONTACT: Dick Bradley, Office of Single Family Development, Department of Housing and Urban Development, 451 7th Street, SW., Washington, DC 20410, telephone (202) 708-6396 (this is not a toll free number) for copies of the proposed forms and other available information.

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond; including the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposal: Rehabilitation Mortgage Insurance Underwriting Program Section 203(K).

OMB Control Number, if applicable: 2502-0527.

Description of the need for the information and proposed use: The information collected implements recommendations to mitigate program abuses that were cited in an Audit Report of HUD's Office of Inspector General. The information collection focuses on the loan origination process and requires (1) certifications and disclosures concerning identity-of-interest borrowers and program participants, and (2) proficiency testing of home inspectors/consultants. Periodic reporting of the collected information is not required.

Agency form numbers, if applicable: HUD-92700, HUD-92700-A, HUD-9746-A, HUD-92564-VC, HUD-92562, HUD-92577.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The estimated number of burden hours needed to prepare the information collection is 343,410; the number of respondents is 8,225 generating approximately 147,455 annual responses; the frequency of response is on occasion; and the estimated time needed to prepare the response varies from 6 minutes to 27 hours.

Status of the proposed information collection: Revision of a currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: May 20, 2005.

Frank L. Davis,

General Deputy Assistant Secretary for Housing-Deputy Federal Housing Commissioner.

BILLING CODE 4210-27-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4975-N-16]

Notice of Proposed Information Collection: Comment Request; Multifamily Project Applications and Construction Prior to Initial Endorsement

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* August 1, 2005.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number (2502-0029) and should be sent to: Wayne Eddins, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street, SW., L'Enfant Plaza Building, Room 8003, Washington, DC 20410 or Wayne_Eddins@hud.gov.

FOR FURTHER INFORMATION CONTACT: Michael McCullough, Director, Office of Multifamily Development, Department of Housing and Urban Development, 451 7th Street, SW., Washington, DC 20410, telephone (202) 708-0614 (this is not a toll free number) for copies of the proposed forms and other available information.

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond; including the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposal: Multifamily Project Applications and Construction Prior to Initial Endorsement.

OMB Control Number, if applicable: 2502-0029.

Description of the need for the information and proposed use: This information collection is the application for HUD/FHA multifamily mortgage insurance. The information from sponsors and general contractors, submitted by a HUD-approved mortgagee, is needed to determine project feasibility, mortgagor/contractor acceptability, and construction costs. In addition, documentation from operators/managers of health care facilities is also required as part of the application for firm commitment for mortgage insurance. HUD analyzes financial data, cost data, drawings, specifications and other documentation to determine whether the proposed project meets program requirements for mortgage insurance. Project owners/sponsors may apply to commence construction prior to HUD's initial endorsement of the loan. This submission is a revision that incorporates the information collection approved by OMB under control number 2502-0331, which expires April 30, 2006.

Agency form numbers, if applicable: HUD-92013, HUD-92013-SUPP, HUD-92013-NHICF, HUD-92013-E, HUD-92264, HUD-92264-A, HUD-92264-HCF, HUD-92264-T, HUD-92273, HUD-92274, HUD-92326, HUD-92329, HUD-92331, HUD-92485, FM-1006, FHA-2415, and FHA-2447.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The estimated total number of burden hours needed to prepare the information collection is

438,307. The number of respondents is 1,284, generating approximately 19,531 annual responses, the frequency of response is on occasion, required with each project application and annually for health care facilities. The estimated time to prepare the responses varies from 30 minutes to 114 hours.

Status of the proposed information collection: Revision of a currently approved collection, to incorporate information collected under OMB control number 2502-0331.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: May 20, 2005.

Frank L. Davis,

General Deputy Assistant Secretary for Housing-Deputy Federal Housing Commissioner.

Notice of Submission of Proposed Information Collection to OMB; HUD-Administered Small Cities Program Performance Assessment Report

AGENCY: Office of the Chief Information Officer, HUD

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

Collection of Annual Performance Reports, on financial and physical development progress, for HUD-administered Small Cities Program funds for non-entitlement Community Development Block Grant (CDBG) funding for CDBG funds awarded prior to FY 2000 in the State of New York.

DATES: Comments Due Date: June 30, 2005.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB approval Number (2506-0020) and should be sent to: HUD Desk Officer, Office of Management and Budget, New

Executive Office Building, Washington, DC 20503; fax: 202-395-6974.

FOR FURTHER INFORMATION CONTACT:

Wayne Eddins, Reports Management Officer, AYO, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; e-mail Wayne_Eddins@HUD.gov; or Lillian Deitzer at Lillian_L_Deitzer@HUD.gov or telephone (202) 708-2374. This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Mr. Eddins or Ms. Deitzer and at HUD's Web site at <http://www5.hud.gov:63001/po/i/icbts/collectionsearch.cfm>.

SUPPLEMENTARY INFORMATION: This notice informs the public that the Department of Housing and Urban Development has submitted to OMB a request for approval of the information collection described below. This notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposal: HUD-Administered Small Cities Program Performance Assessment Report.

OMB Approval Number: 2506-0020.

Form Numbers: HUD-4052.

Description of the Need for the Information and Its Proposed Use: Collection of Annual Performance Reports, on financial and physical development progress, for HUD-administered Small Cities Program funds for non-entitlement Community Development Block Grant (CDBG) funding for CDBG funds awarded prior to FY 2000 in the State of New York.

Frequency of Submission: Annually.

BILLING CODE 4210-27-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of Draft Comprehensive Conservation Plan and Environmental Assessment for Washington Islands National Wildlife Refuges (Flattery Rocks, Quillayute Needles, and Copalis NWRs)

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of Availability of Draft Comprehensive Conservation Plan and Environmental Assessment.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces that a Draft Comprehensive Conservation Plan and Environmental Assessment (Draft CCP/EA) for Flattery Rocks National Wildlife Refuge, Quillayute Needles National Wildlife Refuge, and Copalis National

Wildlife Refuge is available for review and comment. These three National Wildlife Refuges located on the outer coast of the Olympic Peninsula in Washington State, are hereafter collectively called the Washington Islands Refuges or Refuges. This Draft CCP/EA, prepared pursuant to the National Wildlife Refuge System Administration Act, as amended, and the National Environmental Policy Act of 1969, describes the Service's proposal for management of the Washington Islands Refuges over the next 15 years. Also available for review with the Draft CCP/EA is a compatibility determination for research.

DATES: Written comments must be received at the address below by June 30, 2005.

ADDRESSES: Comments on the Draft CCP/EA should be addressed to: Kevin Ryan, Refuge Manager, Washington

Maritime National Wildlife Refuge Complex, 33 S. Barr Road, Port Angeles, Washington, 98362, phone (360) 457-8451. Comments may also be submitted via electronic mail to FW1PlanningComments@fws.gov. Please use WA Islands Refuges CCP, in the subject line.

FOR MORE INFORMATION CONTACT: Kevin Ryan, Refuge Manager, at the address and phone number above, or Michael Marxen, Pacific Northwest Planning Team, 16507 Roy Rogers Road, Sherwood, Oregon, 97140, phone (503) 590-6596.

SUPPLEMENTARY INFORMATION: Copies of the Draft CCP/EA may be obtained by writing to Michael Marxen, Pacific Northwest Planning Team, 16507 Roy Rogers Road, Sherwood, Oregon, 97140. Copies of the Draft CCP/EA may be viewed at this address or at Washington Maritime National Wildlife Refuge Complex, 33 S. Barr Road, Port Angeles, Washington, 98362. The Draft CCP/EA will also be available for viewing and downloading online at <http://pacific.fws.gov/planning>. Printed documents will also be available for review at the following libraries: Aberdeen Library, Hoquiam Timberland Library, Jefferson County Library, Montesano Timberland Library, North Olympic Library (at locations in Clallam Bay, Port Angeles, Forks, and Sequim), Ocean Shores Library, Westport Timberland Library, and Seattle Public Library.

Background

The Washington Islands Refuges extend over 100 miles along the Pacific Coast and include more than 600 rocks, reefs, and islands. The Refuges are located in Clallam, Jefferson, and Grays Harbor Counties, Washington. The administrative center for the Washington Islands Refuges is the Washington Maritime National Wildlife Refuge Complex in Port Angeles, Washington. The Washington Islands Refuges are part of the National Wildlife Refuge System. This system of 544 refuges is managed by the Fish and Wildlife Service. The three Washington Islands Refuges are included in one planning process because they are part of the same ecosystem, and share many of the same issues and management opportunities.

The Washington Islands Refuges were established in 1907 by President Theodore Roosevelt " * * * as a preserve and breeding ground for native birds and animals." Approximately 80% of the seabirds in Washington State nest within the Refuges. Because of the physical characteristics of these islands,

landings and access are extremely hazardous. Since establishment, the Refuges have been closed to public entry to protect wildlife values and human safety. On October 23, 1970, the Washington Islands Wilderness was established by Pub. L. 92-504. This placed all of the Refuge islands, except for Destruction Island, under wilderness designation.

Proposed Action

The Service proposes to adopt and implement a Comprehensive Conservation Plan (CCP) to guide management of the three Washington Islands Refuges for approximately 15 years. The CCP identifies Refuge goals, long-range objectives, and strategies for achieving Refuge purposes. In the Draft CCP/EA, two alternatives for managing the Washington Islands Refuges are identified and evaluated. Alternative A, the "no action" or "status quo" alternative is the current management of the Refuges. Alternative B, the "proposed action" describes management actions proposed to address current threats and opportunities. The alternatives are briefly described below.

Under Alternative A, the Service would continue to manage the Refuges under the management goals that were identified in the Refuges' 1989 Management Plan. Management actions to maintain habitat and provide protection for priority species including Federal and State listed species, and provide research opportunities and offsite wildlife-dependent recreational opportunities, would continue. New mandates related to refuge management enacted since 1989 would also be implemented.

Under Alternative B, the following goals have been developed to guide management of the refuges:

- Protect migratory birds and other native wildlife and their associated habitats, with special emphasis on seabirds.
- Protect and support the recovery of federally threatened and endangered species and Washington state special status species and their habitats.
- Protect and manage the Washington Islands Wilderness Area to maintain its wilderness character and values.
- Through effective coordination and cooperation with others, promote conservation of Refuge resources, with special emphasis on governmental agencies and tribes with adjoining ownership or jurisdiction.
- Continue to enhance long-term monitoring and sustain applied scientific research.

- Increase public interpretation and awareness programs to enhance appreciation, understanding, and enjoyment of Refuge resources.

Public Comments

With the publication of this notice, the public is encouraged to send written comments regarding the Draft CCP/EA for the Washington Islands Refuges. Public comments are requested, considered, and incorporated throughout the planning process in numerous ways. Public outreach has included meetings with State and Federal agencies and Tribes, planning update mailings, and **Federal Register** notices. After the review and comment period ends for this Draft CCP/EA, comments will be analyzed by the Service and addressed in revised planning documents.

All comments received from individuals, including names and addresses, become part of the official public record and may be released. Requests for such comments will be handled in accordance with the Freedom of Information Act, the Council on Environmental Quality's NEPA regulations [40 CFR 1506.6(f)] and other Service and Departmental policies and procedures.

Dated: May 5, 2005.

Don Weathers,

Acting Regional Director, Region 1, Portland, Oregon.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Intent To Prepare a Comprehensive Conservation Plan and Environmental Assessment for the Farallon National Wildlife Refuge

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of intent.

SUMMARY: The U.S. Fish and Wildlife Service (Service) is preparing a Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) for the Farallon National Wildlife Refuge (Refuge) located in San Francisco County, California. This notice advises the public that the Service intends to gather information necessary to prepare a CCP and EA pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended, and the National Environmental Policy Act (NEPA). The public and other agencies are

encouraged to participate in the planning process by sending written comments on management actions that the Service should consider. The Service is also furnishing this notice in compliance with the Service CCP policy to obtain suggestions and information on the scope of issues to include in the CCP and EA. Opportunities for public input will be announced throughout the CCP/EA planning and development process.

DATES: To ensure that the Service has adequate time to evaluate and incorporate suggestions and other input into the planning process, comments should be received on or before August 1, 2005.

ADDRESSES: Send written comments or requests to be added to the mailing list to the following address: Winnie Chan, Refuge Planner, Farallon Refuge CCP, San Francisco Bay National Wildlife Refuge Complex, P.O. Box 524, Newark, California 94560. Written comments may also be faxed to (510) 792-5828, or sfbaynwrc@fws.gov.

FOR FURTHER INFORMATION CONTACT: Winnie Chan, Refuge Planner, or Joelle Buffa, Refuge Manager, at (510) 792-0222.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, mandates that all lands within the National Wildlife Refuge System are to be managed in accordance with an approved CCP. The CCP will guide management decisions for approximately the next 15 years and identify Refuge goals, long-range objectives, and management strategies for achieving these objectives. The planning process will consider many elements, including habitat and wildlife management, habitat protection, compatible wildlife-dependent recreation, and environmental effects. Public input into this planning process is very important. The CCP will provide other agencies and the public with a clear understanding of the desired conditions for the Refuge and how the Service will implement management strategies.

Comments received will be used to develop goals, key issues evaluated in the NEPA document, and habitat management strategies. All comments received, including names and addresses, will become part of the administrative record and may be made available to the public. Opportunities for public participation will occur throughout the process.

The Service will send Planning Updates to people who are interested in the CCP process, and the updates will also be available on the planning website at <http://pacific.fws.gov/planning>. These mailings will provide information on how to participate in the CCP process. Interested federal, state, and local agencies, organizations, and individuals are invited to provide input. The Service expects to complete the CCP in 2007.

Background

The Farallon National Wildlife Refuge is located offshore in the Pacific Ocean, approximately 28 miles west of San Francisco, California. The 211 acre Refuge is an archipelago made up of four major islands and several small islands. The Refuge was initially established by Theodore Roosevelt in 1909 under Executive Order 1043; it is also designated as a State Ecological Reserve and a Golden Gate Biosphere Reserve. The Refuge serves " * * * as a preserve and breeding ground for native birds" (Executive Order 1043, dated February 27, 1909).

The Refuge was established to provide wintering and nesting habitat for migratory seabirds and pinnipeds. In 1974, Congress enacted Public Law 93-550 which designated all the islands, except for Southeast Island, as the Farallon Wilderness, totaling 141 acres.

The Service anticipates a draft CCP and EA to be available for public review and comment in late 2006.

Dated: May 24, 2005.

Ken McDermond,

*Acting Manager, CA/NV Operations,
Sacramento, California.*

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[O-200-0777-XX-241A]

Notice of Meeting, Front Range Resource Advisory Council (Colorado)

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Front Range Resource Advisory Council (RAC), will meet as indicated below.

DATES: The meeting will be held July 6, 2005 from 9:15 a.m. to 4 p.m.

ADDRESSES: Holy Cross Abbey Community Center, 2951 E. Highway 50, Canon City, Colorado 81212.

FOR FURTHER INFORMATION CONTACT: Ken Smith, (719) 269-8500.

SUPPLEMENTARY INFORMATION: The 15 member Council advises the Secretary of the Interior, through the Bureau of Land Management, on a variety of planning and management issues associated with public land management in the Royal Gorge Field Office and San Luis Valley, Colorado. Planned agenda topics include: Manager updates on current land management issues, and travel management planning. All meetings are open to the public. The public is encouraged to make oral comments to the Council at 9:30 a.m. or written statements may be submitted for the Councils consideration. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. Summary minutes for the Council Meeting will be maintained in the Royal Gorge Field Office and will be available for public inspection and reproduction during regular business hours within thirty (30) days following the meeting. Meeting Minutes and agenda (10 days prior to each meeting) are also available at: http://www.blm.gov/rac/co/fracc/co_fr.htm.

Dated: May 23, 2005.

Roy L. Masinton,

Royal Gorge Field Manager.

BILLING CODE 4310-JB-P

DEPARTMENT OF THE INTERIOR

National Park Service

Revised Draft Backcountry Management Plan, General Management Plan Amendment and Environmental Impact Statement, Denali National Park and Preserve, AK

AGENCY: National Park Service, Interior.

ACTION: Announcement of public meetings and public comment date change.

SUMMARY: The National Park Service (NPS) announces public meetings to obtain public comment on the Revised Draft Backcountry Management Plan, General Management Plan Amendment and Environmental Impact Statement (EIS) for Denali National Park and Preserve. The document describes and analyzes the environmental impacts of a preferred alternative and four action alternatives for managing the park and preserve's backcountry. A no action

alternative also is evaluated. This announcement provides public meeting dates and locations, and corrects the closing date for receipt of public comments and the e-mail address for electronic comments.

DATES: Written comments on the revised draft plan and EIS must be received no later than June 30, 2005. This corrects the date published in the **Federal Register** with the Notice of Availability on April 26, 2005.

See **SUPPLEMENTARY INFORMATION** section for public meeting dates and locations.

ADDRESSES: Written comments on the revised draft plan and EIS should be submitted to the Superintendent, Denali National Park and Preserve, Post Office Box 9, Denali Park, Alaska 99755.

FOR FURTHER INFORMATION CONTACT: Mike Tranel, Chief of Planning, Denali National Park and Preserve. Telephone: (907) 644-3611.

SUPPLEMENTARY INFORMATION:

Meetings

The public meeting dates and locations are as follows:

June 8. Cantwell Community Center. Denali Highway. Cantwell, Alaska.

June 9. Alaska Public Lands Information Center. 605 W. 4th Avenue, Anchorage, Alaska.

June 13. Upper Susitna Valley Senior Center. Helena Drive, Sunshine, Alaska.

June 14. Tri-Valley Community Center. Healy Spur Road, Healy, Alaska.

June 15. Noel Wien Library. 1215 Cowles Street, Fairbanks, Alaska.

Each meeting will last from 5 p.m. to 8 p.m. and each will follow the same format. There will be an opportunity for informal explanation, discussion, and individually recorded testimony from 5 p.m. until 6:30 p.m. At 6:30 p.m. there will be a brief presentation followed by a formal public hearing. All comments recorded at these meetings will become a part of the comment record.

Electronic Access and Filing Addresses

Submit electronic comments to dena_bc_plan_comment@nps.gov. The revised draft EIS may be viewed online by following the Revised Draft Backcountry Management Plan link on the Denali homepage at <http://www.nps.gov/dena>. Hard copies or CDs of the Revised Draft Backcountry Management Plan and General Management Plan Amendment and EIS are available by request from the aforementioned address.

Dated: May 12, 2005.

Marcia Blaszk,

Regional Director, Alaska.

BILLING CODE 4312-HT-P

DEPARTMENT OF THE INTERIOR

National Park Service

Draft Environmental Impact Statement/ Mountain Lakes Fishery Management Plan; North Cascades National Park Service Complex; Whatcom, Skagit and Chelan Counties, WA; Notice of Availability

Summary: Pursuant to section 102(c) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended), the National Park Service in cooperation with the Washington State Department of Fish and Wildlife has prepared a Draft Environmental Impact Statement (DEIS) and Mountain Lakes Fishery Management Plan. The DEIS identifies and evaluates four alternatives for management of non-native fish in the natural mountain lakes within North Cascades National Park Service Complex and the Stephen Mather Wilderness. Appropriate mitigation strategies are assessed, and an "environmentally preferred" alternative is also identified. When approved, the Mountain Lakes Fishery Management Plan (Plan) will govern all fishery management actions, including potential removal of self-sustaining populations of non-native fish and fish stocking.

Background: The National Park Service (NPS) manages North Cascades National Park, Lake Chelan National Recreation Area, and Ross Lake National Recreation Area collectively as the North Cascades National Park Service Complex (hereafter referred to as "North Cascades"). The Congressionally designated Stephen Mather Wilderness covers ninety-three percent of North Cascades. The rugged, wilderness landscape of North Cascades contains 240 natural mountain lakes. The lakes are naturally fishless due to impassable topographic barriers. Though naturally barren of fish, these lakes contain a rich array of native aquatic life including plankton, aquatic insects, frogs and salamanders.

In the late 1800's, settlers began stocking lakes within the present-day boundaries of North Cascades with various species of non-native trout for food and recreation. By the 20th century, fish stocking was a routine lake enhancement practice for the U.S. Forest Service, various counties, and

individuals. Then upon its inception in 1933, the Washington Department of Game (WDG; now the Washington Department of Fish and Wildlife, or WDFW) assumed responsibility for stocking mountain lakes throughout the state to create and maintain a recreational fishery. The state's involvement grew largely out of the need to prevent haphazard stocking by individuals without biological expertise. With particular emphasis on systematic assessment of fish species and stocking rates, the WDG conducted the first high lakes fisheries research and developed many principles central to fisheries management today.

After North Cascades was established in 1968, a conflict over fish stocking emerged between the NPS and WDFW. The conflict was driven by fundamental policy differences: NPS policies prohibited stocking so as to protect native ecosystems; WDFW policies encouraged stocking to enhance recreation. To reconcile the conflict and foster cooperative management, the NPS and WDFW entered into a fisheries management agreement in 1988 with the purpose of "establishing a mutually agreed to list of lakes within the boundaries of North Cascades National Park which the department [would] stock with fish as part of its fish management program." The agreement identified 40 lakes for stocking and specified that "research results [would] be considered in future decisions".

Shortly thereafter, the NPS initiated a long-term research effort through Oregon State University to evaluate the ecological effects of fish stocking on native biota in mountain lakes. To ensure objectivity and scientific merit, an independent peer review panel of subject matter experts was established to evaluate research results. The final phase of this research effort was completed in July, 2002. The complete research results are posted on the Plan/DEIS Web site (<http://www.nps.gov/noca/highlakes.htm>), however key conclusions include:

- Lakes with high densities of self-sustaining (*i.e.*, reproducing) trout populations had significantly fewer salamanders and zooplankton than fishless lakes;
- There was no significant difference in salamander or zooplankton abundance between fishless lakes and lakes with stocked (*i.e.*, non-reproducing) fish;
- Native biota (*e.g.*, salamanders, zooplankton) appeared to be at greatest risk in lakes with (1) relatively high nitrogen concentrations, (2) relatively warm water and (3) self-sustaining trout populations present in high densities.

These risk factors were found in six of the 83 lakes studied.

Purpose and Need: The purpose of the Plan/DEIS is to develop a comprehensive management plan for natural mountain lakes that conserves native biological integrity and provides a spectrum of recreational opportunities and visitor experiences, including sport fishing. The Plan/DEIS is needed to resolve the long-standing debate and conflicts over fish stocking in the naturally fishless mountain lakes in North Cascades.

In most NPS units, natural resources (including lakes and fish) are managed in accord with the Organic Act of 1916 and in concert with NPS management policies which allow sport fishing unless it is specifically prohibited. NPS policies, however, prohibit fish stocking in most NPS waters. In North Cascades, fish have historically been managed by a combination of agencies and user groups. This is partly because the enabling legislation for North Cascades does not define angling activities that would be allowed within its boundaries, and partly because the area has a history of fish management by WDFW and affiliated sport fishing groups (whose practices pre-date the 1968 establishment of North Cascades by many years).

The lakes that are the focus of this Plan/DEIS are the 91 mountain lakes (out of 240 lakes) that were once naturally fishless but have had some history of fish stocking since the late 1800's. Due to differences in missions and policies between the NPS and WDFW, the two agencies drafted a Memorandum of Understanding in 1985, and a Supplemental Agreement in 1988 that established a mutually agreed to list of lakes in the National Park portion of the Complex that WDFW would stock with fish as part of its fish management program while further studies into the ecological effects of non-native fish in mountain lakes were conducted. A long term research study was then initiated. Before the research could be completed, the North Cascades Conservation Council challenged the NPS in court on its decision to allow fish stocking to continue or reproducing populations of fish to remain. In a 1991 Consent Decree, the U.S. District Court (Western District of Washington) indicated the NPS should complete its research and then "conduct a NEPA [National Environmental Policy Act] review of the fish stocking of naturally fish-free lakes." The research was completed in July 2002 by a team that included scientists from the U.S. Geological Survey (Biological Resources Division) and Oregon State University.

This Plan/DEIS was initiated upon completion of the research, and initiates the conservation planning and environmental impact analysis process required by the 1991 Consent Decree.

Primary Issues: Key issues which were addressed in preparing the DEIS/Plan included:

- **Predation and Competition.** Non-native fish have measurably changed composition and abundance of native aquatic organisms in some lakes, with the most significant impacts caused by reproducing populations of stocked fish that have become self-sustaining.

- **Hybridization with Native Fish.** Non-native fish are dispersing downstream from some lakes and hybridizing (*i.e.*, interbreeding) with native fish, which could harm bull trout (federally Threatened), westslope cutthroat trout and other native trout populations.

- **Conflicting Social/Wilderness Values.** Some stakeholders strongly oppose the management of a non-native fishery in national park/wilderness lakes that were naturally fishless. Others believe that the mountain lakes fishery provides an unparalleled opportunity for high lakes fishing that cannot be duplicated elsewhere.

- **Legislative ambiguity:** The enabling legislation and legislative history for North Cascades are not clear with respect to fish stocking, thus the NPS believes an affirmative legislative clarification from Congress would be needed in order to justify continued fish stocking in naturally fishless mountain lakes in the North Cascades/Stephen Mather Wilderness.

Proposed Plan and Alternatives: As the proposed Mountain Lakes Fishery Management Plan, **Alternative B** (the "agency preferred" alternative) would implement an adaptive management framework for allowing continued stocking of select lakes with a history of fish stocking. To minimize ecological risks, sterile trout incapable of reproducing would be stocked at low densities to provide continued angling opportunities. Self-sustaining populations of trout would be removed from all lakes (where feasible) using gill-nets in combination with electrofishing, spawning habitat exclusion, and application of the piscicide antimycin. Fishery management actions would be monitored and evaluated to enable adaptive management and ensure conservation of biological integrity. Implementation of this Alternative would require affirmative clarification from Congress regarding the appropriateness of continued fish stocking in the North Cascades/Stephen Mather Wilderness.

Alternative A (the "No Action" alternative) provides a baseline for analyzing and comparing the three "action" alternatives. Under this alternative, fishery management actions would continue in accord with the terms and conditions of the 1988 Supplemental Agreement with the WDFW. This agreement provides for continued stocking of select lakes in North Cascades National Park. Continued implementation of this alternative would require clarification from Congress regarding the appropriateness of continued fish stocking in the North Cascades/Stephen Mather Wilderness.

Alternative C would include continued maintenance of the mountain lakes sport fishery (*i.e.*, fish stocking) in select lakes in Ross Lake National Recreation Area and Lake Chelan National Recreation Area. Fish stocking would be discontinued in North Cascades National Park. Otherwise, the adaptive management framework for Alternative C would be similar to Alternative B. Alternative C would conform to NPS policies regarding fish stocking in National Recreation Area waters. However, Alternative C would still require clarification from Congress regarding the appropriateness of continued fish stocking in the Stephen Mather Wilderness.

Alternative D would discontinue fish stocking in all mountain lakes in North Cascades. This alternative would establish a long-term goal of removing, wherever feasible, self-sustaining populations of non-native trout in approximately 37 lakes using the removal methods described for Alternative B.

Scoping History: Public scoping formally began on January 16, 2003, with the **Federal Register** publication of the Notice of Intent to prepare an environmental impact statement. A news release for the public scoping meetings was sent on February 14, 2003 to 12 local and regional news media. A public scoping brochure was mailed in early March 2003 to a comprehensive list of government agencies, organizations, businesses, and individuals. In late March 2003, the NPS and WDFW held four public scoping meetings in the surrounding communities of Sedro-Woolley, Wenatchee, Bellevue and Seattle. The NPS received 248 comments during the public scoping period, which formally concluded on April 18, 2004. A public scoping report is available on the park's project Web site: (<http://www.nps.gov/noca/highlakes.htm>).

Comments and Public Meetings: The public review and comment period will

extend 90 days from the date the EPA publishes its notice of filing of the Plan/DEIS in the **Federal Register**.

Immediately upon confirmation, this date will be announced on the park's project Web site. The Plan/DEIS will be mailed directly to those who requested copies during public scoping, and may be downloaded from the project Web site and on CD-ROM. Copies will also be available for review at park headquarters in Sedro-Woolley, the main visitor center in Newhalem, and at local and regional libraries. Printed or CD-ROM copies may also be requested by telephone (360) 856-5700 ext.351. In addition, a Public Comment Newsletter will be distributed. All comments must be submitted in writing and postmarked or transmitted not later than 90 days from the date EPA publishes their notice of filing. Responses should be addressed to: Superintendent, Attn: Draft EIS/Mountain Lakes Fishery Management Plan, North Cascades National Park Service Complex, 810 State Route 20, Sedro Woolley, WA 98284. Reviewers are encouraged to submit comments, ideas or questions on-line at the PEPC Web site (<http://parkplanning.nps.gov>); search under park name for North Cascades National Park to find the Plan/EIS and an on-line comment form.

Written comments may also be faxed to (360) 856-1934, or submitted at one of the public meetings (see below).

Please note that names and addresses of people who comment become part of the public record. If individuals commenting request that their name or/and address be withheld from public disclosure, it will be honored to the extent allowable by law. Such requests must be stated prominently in the beginning of the comments. There also may be circumstances wherein the NPS will withhold from the administrative record a respondent's identity, as allowable by law. As always: The NPS will make available to public inspection all submissions from organizations or businesses and from persons identifying themselves as representatives or officials of organizations and businesses; and, anonymous comments may not be considered.

To facilitate exchange of information and public understanding of the proposal, the NPS in coordination with the Washington Department of Fish and Wildlife will host public meetings in Sedro-Woolley, Wenatchee, and the Seattle area. At this time several meetings are expected to be held during summer 2005—a schedule of confirmed dates, locations and times will be announced via the Public Comment Newsletter, local and regional news media, and the park's project Web site;

or may be obtained by telephone at (360) 856-5700 ext.351.

Participants are strongly encouraged to review the document prior to attending a meeting. The Superintendent of North Cascades and planning team members, including WDFW personnel will attend all meetings. The format will be the same for all meetings, and will include a brief presentation on the essential elements of the Plan/DEIS and a question and answer period. Brief oral comments and written comments will also be received. All meeting locations will be accessible for disabled persons, and a sign language interpreter may be available upon request with prior notice (please contact the park as noted above).

Decision: Following careful consideration of all comments received on the Plan/DEIS, completion of the Final Mountain Lakes Fishery Management Plan/Final Environmental Impact Statement is anticipated for spring 2006 (actual timing will depend upon the degree of public interest and response from agencies and organizations). Thereafter the Record of Decision would be completed not sooner than 30 days after the Final EIS is distributed. As a delegated EIS, the official responsible for the final decision is the Regional Director, Pacific West Region; subsequently, the official responsible for implementation will be the Superintendent, North Cascades National Park Service Complex.

Dated: March 23, 2005.

Martha K. Leicester,

Acting Regional Director, Pacific West Region.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR

National Park Service

Apostle Islands National Lakeshore General Management Plan, Environmental Impact Statement, Wisconsin; Correction

AGENCY: National Park Service, Interior.

ACTION: Notice of intent to prepare a general management plan and environmental impact statement for Apostle Islands National Lakeshore, Wisconsin; correction.

SUMMARY: In the September 3, 2004, **Federal Register**, the National Park Service (NPS) announced its intent to prepare a general management plan and environmental impact statement (GMP/EIS) for Apostle Islands National Lakeshore (APIS). After the scoping period for the GMP/EIS ended, on

December 8, 2004, Congress officially designated wilderness in the park. While wilderness management was intended to be part of the proposed planning process, the NPS will incorporate the requirements of a wilderness management plan into the general management plan now that Congress has made the official designation.

CORRECTION: The APIS GMP/EIS will incorporate all of the elements necessary for a wilderness management plan. This action will not change the focus or scope of the GMP/EIS.

FOR FURTHER INFORMATION CONTACT: Jim Nepstad, Chief of Planning and Resource Management, Apostle Islands National Lakeshore, Route 1, Box 4, Bayfield, Wisconsin 54814. Telephone 715-779-3398, extension 102; e-mail: jim_nepstad@nps.gov.

Dated: April 1, 2005.

Ernest Quintana,

Regional Director, Midwest Region.

BILLING CODE 4312-97-P

DEPARTMENT OF THE INTERIOR

National Park Service

Acadia National Park, Bar Harbor, ME, Acadia National, Park Advisory Commission; Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770, 5 U.S.C. App. 1, Sec. 10), that the Acadia National Park Advisory Commission will hold a meeting on Monday, June 6, 2005.

The Commission was established pursuant to Public Law 99-420, Sec. 103. The purpose of the Commission is to consult with the Secretary of the Interior, or his designee, on matters relating to the management and development of the park, including but not limited to the acquisition of lands and interests in lands (including conservation easements on islands) and termination of rights of use and occupancy.

The meeting will convene at park headquarters, McFarland Hill, Bar Harbor, Maine, at 1 p.m. to consider the following agenda:

1. Review and approval of minutes from the meeting held February 7, 2005.
2. Committee reports:
 - Land Conservation.
 - Park Use.
 - Science.
 - Historic.
3. Old business.
4. Superintendent's report.

5. Public comments.
6. Proposed agenda for next Commission meeting, September 12, 2005.

The meeting is open to the public. Interested persons may make oral/written presentations to the Commission or file written statements. Such requests should be made to the Superintendent at least seven days prior to the meeting.

Further information concerning this meeting may be obtained from the Superintendent, Acadia National Park, P.O. Box 177, Bar Harbor, Maine 04609, tel: (207) 288-3338.

Dated: April 6, 2005.

Sheridan Steele,
Superintendent.

BILLING CODE 4312-52-M

DEPARTMENT OF THE INTERIOR

National Park Service

Cape Cod National Seashore; South Wellfleet, MA; Cape Cod National Seashore Advisory Commission; Two Hundred Fifty-Third Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770, 5 U.S.C. App 1, Section 10), that a meeting of the Cape Cod National Seashore Advisory Commission will be held on June 20, 2005.

The Commission was reestablished pursuant to Public Law 87-126 as amended by Public Law 105-280. The purpose of the Commission is to consult with the Secretary of the Interior, or her designee, with respect to matters relating to the development of Cape Cod National Seashore, and with respect to carrying out the provisions of sections 4 and 5 of the Act establishing the Seashore.

The Commission members will meet at 1 p.m. in the meeting room at Headquarters, Marconi Station, Wellfleet, Massachusetts for the regular business meeting to discuss the following:

1. Adoption of Agenda
2. Approval of Minutes of Previous Meeting (April 11, 2005)
3. Reports of Officers
4. Reports of Subcommittees
5. Superintendent's Report
 - Salt Pond Visitor Center Update
 - Highlands Center Update
 - Update North of Highland Campground/TPL
 - Update on Dune Shack Report
 - Herring River Restoration Project
 - Update Eastham Ocean Beach Wilderness Areas

- Wind Turbines/Cell Towers
- News from Washington
- 6. Old Business
- 7. New Business
- 8. Date and agenda for next meeting
- 9. Public comment and
- 10. Adjournment

The meeting is open to the public. It is expected that 15 persons will be able to attend the meeting in addition to Commission members.

Interested persons may make oral/written presentations to the Commission during the business meeting or file written statements. Such requests should be made to the park superintendent at least seven days prior to the meeting. Further information concerning the meeting may be obtained from the Superintendent, Cape Cod National Seashore, 99 Marconi Site Road, Wellfleet, MA 02667.

Dated: May 6, 2005.

George E. Price, Jr.,
Acting Superintendent.

BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-540]

In the Matter of Certain Automotive Grilles; Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Institution of investigation pursuant to 19 U.S.C. 1337.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on April 26, 2005, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, on behalf of Ford Global Technologies, LCC of Dearborn, Michigan. An amended complaint was filed on May 18, 2005. The amended complaint alleges violations of section 337 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain automotive grilles by reason of infringement of U.S. Design Patent No. 498,187. The amended complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a permanent exclusion order and a permanent cease and desist order.

ADDRESSES: The amended complaint, except for any confidential information

contained therein, is available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Room 112, Washington, DC 20436, telephone 202-205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

FOR FURTHER INFORMATION CONTACT: Thomas S. Fusco, Esq., Office of Unfair Import Investigations, U.S. International Trade Commission, telephone 202-205-2571.

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, and in section 210.10 of the Commission's Rules of Practice and Procedure, 19 CFR 210.10 (2004).

Scope of Investigation: Having considered the amended complaint, the U.S. International Trade Commission, on May 20, 2005, ordered that—

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation by instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale without the United States after importation of certain automotive grilles by reason of infringement of U.S. Design Patent No. 498,187, and whether an industry in the United States exists as required by subsection (a)(2) of section 337.

(2) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainant is—Ford Global Technologies, LLC, 600 Parklane Towers East, One Parklane Boulevard, Dearborn, Michigan 48126.

(b) The respondents are the following entities alleged to be in violation of section 337, and are the parties upon which the amended complaint is to be served: Keystone Automotive Industries, Inc., 700 East Bonita, Pomona, California 91767; Y.C.C. Parts

Manufacturing Co., Ltd., No. 21, Si Chou Road, Si Hai Village, Ta Yuan Hsiang, Tao-yuan Hsien, Taiwan.

(c) Thomas S. Fusco, Esq., Office of Unfair Import Investigations, U.S. International Trade Commission, 500 E Street, SW., Suite 401, Washington, DC 20436, who shall be the Commission investigative attorney, party to this investigation; and

(3) For the investigation so instituted, the Honorable Sidney Harris is designated as the presiding administrative law judge.

Responses to the amended complaint and the notice of investigation must be submitted by the named respondents in accordance with section 210.13 of the Commission's Rules of Practice and Procedure, 19 CFR 210.13. Pursuant to 19 CFR 201.16(d) and 210.13(a), such responses will be considered by the Commission if received not later than 20 days after the date of service by the Commission of the amended complaint and the notice of investigation. Extensions of time for submitting responses to the amended complaint and the notice of investigation will not be granted unless good cause therefor is shown.

Failure of a respondent to file a timely response to each allegation in the amended complaint and in this notice may be deemed to constitute a waiver of the right to appear and contest the allegations of the amended complaint and this notice, and to authorize the administrative law judge and the Commission, without further notice to the respondents, to find the facts to be as alleged in the amended complaint and this notice and to enter a final determination containing such findings, and may result in the issuance of a limited exclusion order or cease and desist order or both directed against the respondent.

Issued: May 24, 2005.

Marilyn R. Abbott,
Secretary of the Commission.

BILLING CODE 7020-02-M

DEPARTMENT OF JUSTICE

Executive Office for Immigration Review

Agency Information Collection Activities: Proposed Collection; Comments Requested

ACTION: 60-day notice of information collection under review: fee waiver request.

The Department of Justice (DOJ), Executive Office for Immigration Review (EOIR) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" until August 1, 2005. This process is conducted in accordance with 5 CFR 1320.10.

If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact MaryBeth Keller, General Counsel, Executive Office for Immigration Review, U.S. Department of Justice, Suite 2600, 5107 Leesburg Pike, Falls Church, Virginia 22041; telephone: (703) 305-0470.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *Title of the Form/Collection:* Fee Waiver Request.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: Form EOIR 26A. Executive Office for Immigration

Review, United States Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: An individual submitting an appeal or motion to the Board of Immigration Appeals. Other: None. Abstract: The information on the fee waiver request form is used by the Board of Immigration Appeals to determine whether the requisite fee for a motion or appeal will be waived due to an individual's financial situation.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 1,500 respondents will complete the form annually with an average of one hour per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 1,500 total burden hours associated with this collection annually.

If additional information is required contact: Brenda E. Dyer, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Patrick Henry Building, Suite 1600, 601 D. Street, NW., Washington, DC 20530.

Dated: May 25, 2005.

Brenda E. Dyer,

Department Clearance Officer, United States Department of Justice.

BILLING CODE 4410-30-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-344, License No. NPF-1 and 72-017, License No. SNM-2509]

Portland General Electric Company; Notice of Termination of Trojan Nuclear Plant Facility Operating License No. NPF-1

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of termination of the Portland General Electric Company (PGE) Trojan Nuclear Plant (TNP) Facility Operating (Possession Only) License, No. NPF-1.

SUMMARY: The Nuclear Regulatory Commission (NRC) is noticing the termination of the TNP Facility Operating (Possession Only) License, No. NPF-1, (NRC Docket No. 50-344), located near Portland, Oregon.

Background: The TNP facility is located in Columbia County, Oregon, approximately 42 miles north of

Portland, Oregon. TNP began commercial operation in May 1976. The reactor output was rated at 3411 MWT with an approximate net electrical output rating of 1130 MWe. The nuclear steam supply system was a four-loop pressurized water reactor designed by Westinghouse Electric Corporation. TNP was shut down for the last time on November 9, 1992.

In August 1999, PGE submitted its License Termination Plan (LTP) for the TNP facility. Under the provisions of 10 CFR 50.82(a)(10), the NRC approved the LTP by license amendment dated February 12, 2001. PGE conducted decommissioning activities at TNP in accordance with the approved LTP from February 2001 to December 2004. In accordance with the approved LTP, the licensee conducted final status surveys (FSSs) to demonstrate that the facility and site meet the criteria for unrestricted release as presented in 10 CFR 20.1402. Details of the FSS results were submitted to the NRC in 10 separate FSS reports (FSSRs).

PGE submitted an application for termination of the TNP Facility Operating (Possession Only) License, No. NPF-1, on December 20, 2004. The application states that PGE has completed remaining radiological decommissioning and FSSs of the TNP facility and site in accordance with the NRC-approved LTP, and the FSSs demonstrate that the facility and site meet the criteria for decommissioning and release of the site for unrestricted use that are stipulated in 10 CFR part 20, subpart E.

The NRC conducted a number of performance-based in-process inspections of the licensee's FSS program during the decommissioning process. The purpose of the inspections was to verify that the FSS was being conducted in accordance with of the commitments made by the licensee in the LTP, and to evaluate the quality of the FSS by reviewing the FSS procedures, methodology, equipment, surveyor training and qualifications, document quality control, and survey data supporting the FSSRs. In addition, the NRC conducted a number of independent confirmatory surveys to verify the FSS results obtained and reported by the licensee. Confirmatory surveys consisted of surface scans for beta and gamma radiation, direct measurements for total beta activity, and collection of smear samples for determining removable radioactivity levels.

The NRC staff reviewed the FSS Report and concludes that: (1) Dismantlement and decontamination activities were performed in accordance

with the approved LTP; and (ii) The FSS and associated documentation, including an assessment of dose contributions associated with parts released for use before approval of the LTP, demonstrate that the facility and site have met the criteria for decommissioning in 10 CFR Part 20, Subpart E. Therefore, NRC is terminating TNP Facility Operating License No. NPF-1.

FOR FURTHER INFORMATION CONTACT: See the application dated December 20, 2004, and the Safety Evaluation Report, available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agency-wide Documents Access and Management System's (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html> (ADAMS Accession Nos. ML050030054, and ML050680345). Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS, should contact the NRC PDR Reference staff by telephone at 1-800-397-4209, 301-415-4737 or by e-mail to pdr@nrc.gov.

Dated in Rockville, Maryland this 23rd day of May, 2005.

For the Nuclear Regulatory Commission.

Andrew Persinko,

Acting Deputy Director, Decommissioning Directorate, Division of Waste Management and Environmental Protection, Office of Nuclear Material Safety and Safeguards.

[FR Doc. E5-2734 Filed 5-27-05; 8:45 am]

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards; Meeting of the Subcommittee on Digital Instrumentation and Control Systems; Notice of Meeting

The ACRS Subcommittee on Digital Instrumentation and Control Systems will hold a meeting on June 14-15, 2005, Room T-2B1, 11545 Rockville Pike, Rockville, Maryland.

The entire meeting will be open to public attendance.

The agenda for the subject meeting shall be as follows:

Tuesday, June 14, 2005—8:30 a.m. until the close of business.

Wednesday, June 15, 2005—1 p.m. until the close of business.

The purpose of this meeting is to review selected digital instrumentation and control research projects and related matters. The Subcommittee will hear presentations by and hold discussions with representatives of the Office of Nuclear Regulatory Research and other interested persons regarding this matter. The Subcommittee will gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Members of the public desiring to provide oral statements and/or written comments should notify the Designated Federal Official, Mr. Michael R. Snodderly (telephone 301-415-6927) or the Cognizant Staff Engineer, Mr. Eric A. Thornsby (telephone 301-415-8716), five days prior to the meeting, if possible, so that appropriate arrangements can be made. Electronic recordings will be permitted.

Further information regarding this meeting can be obtained by contacting the Designated Federal Official or the Cognizant Staff Engineer between 7:30 a.m. and 4:15 p.m. (e.t). Persons planning to attend this meeting are urged to contact one of the above named individuals at least two working days prior to the meeting to be advised of any potential changes to the agenda.

Dated: May 24, 2005.

Michael L. Scott,

Branch Chief, ACRS/ACNW.

NUCLEAR REGULATORY COMMISSION

Sunshine Act Meeting

AGENCY HOLDING THE MEETINGS: Nuclear Regulatory Commission.

DATES: Weeks of May 30, June 6, 13, 20, 27, July 4, 2005.

PLACE: Commissioners' Conference Room, 11555 Rockville Pike, Rockville, Maryland.

STATUS: Public and Closed.

MATTERS TO BE CONSIDERED:

Week of May 30, 2005

Tuesday, May 31, 2005

2 p.m. Discussion of Security Issues (Closed—Ex. 1) (This meeting was originally scheduled for June 1st).

Wednesday, June 1, 2005

9:30 a.m. Briefing on Threat Environment Assessment (Closed—Ex. 1) (This meeting was originally scheduled for May 25th).

2:30 p.m. Discussion of Security Issues (Closed—Ex. 1) (This meeting was originally scheduled for May 25th)

Thursday, June 2, 2005

9:30 a.m. Briefing on Office of International programs (OIP) Programs, Performance, and Plans (Public Meeting) (Contact: Margie Doane, 301-415-2344).

This meeting will be webcast live at the Web address—<http://www.nrc.gov>.

2:30 p.m. Discussion of management Issues (Closed—Ex. 2 & 9).

Week of Week of June 6, 2005—
Tentative

There are no meetings scheduled for the week of June 6, 2005.

Week of Week of June 13, 2005—
Tentative

There are no meetings scheduled for the week of June 13, 2005.

Week of Week of June 20, 2005—
Tentative

There are no meetings scheduled for the week of June 20, 2005.

Week of Week of June 27, 2005—
Tentative

Tuesday, June 28, 2005

9:30 a.m. Briefing on Equal Employment Opportunity (EEO) Program (Public Meeting) (Contact: Corenthis Kelley, 301-415-7380).

This meeting will be webcast live at the Web address—<http://www.nrc.gov>.

Week of July 4, 2005—Tentative

There are no meetings scheduled for the week of July 4, 2005.

*The schedule for Commission meetings is subject to change on short notice. To verify the status of meetings call (recording)—(301) 415-1292. Contact person for more information: Dave Gamberoni, (301) 415-1651.

* * * * *

OFFICE OF PERSONNEL MANAGEMENT

Excepted Service

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: This gives notice of OPM decisions granting authority to make appointments under Schedules A, B and C in the excepted service as required by 5 CFR 6.6 and 213.103.

FOR FURTHER INFORMATION CONTACT:

Quasette Crouner, Chief, Executive Resources Group, Center for Leadership and Executive Resources Policy, Division for Strategic Human Resources Policy, 202-606-8046.

SUPPLEMENTARY INFORMATION: Appearing in the listing below are the individual authorities established under Schedules A, B and C between April 1, 2005 and April 30, 2005. Future notices will be published on the fourth Tuesday of each month, or as soon as possible thereafter. A consolidated listing of all authorities as of June 30 is published each year.

Schedule A

Section 213.3306 Department of Defense

Temporary or time-limited positions in direct support of U.S. Government efforts to rebuild and create an independent, free and secure Iraq and Afghanistan, when no other appropriate appointing authority applies. Positions will generally be located in Iraq or Afghanistan, but may be in other locations, including the United States, when directly supporting operations in Iraq or in Afghanistan. No new appointments may be made under this

authority after March 31, 2009. Effective April 1, 2005.

Section 213.3170 Millennium Challenge Corporation

(a) All positions established to create the Millennium Challenge Corporation. No new appointment may be made under this authority after March 31, 2006. Effective April 1, 2005.

Schedule B

No Schedule B appointments were approved during April 2005.

Schedule C

The following Schedule C appointments were approved for April 2005:

Section 213.3303 Executive Office of the President

Office of Management and Budget

BOGS00160 Press Secretary to the Associate Director, Strategic Planning and Communications. Effective April 05, 2005.

Office of National Drug Control Policy

QQGS00036 Public Affairs Specialist to the Press Secretary (Assistant Affairs). Effective April 06, 2005.

QQGS00037 Public Affairs Specialist to the Press Secretary (Assistant Affairs). Effective April 06, 2005.

Section 213.3304 Department of State

DSGS60952 Public Affairs Specialist to the HIV/AIDS Coordinator. Effective April 01, 2005.

DSGS60593 Foreign Affairs Officer to the Deputy Assistant Secretary, Bureau of Near Eastern and South Asian Affairs. Effective April 6, 2005.

DSGS60957 Supervisory Protocol Officer (Visits) to the Deputy Chief of Protocol. Effective April 14, 2005.

DSGS60958 Staff Assistant to the Chief Financial Officer. Effective April 14, 2005.

DSGS60956 Legislative Management Officer to the Assistant Secretary for Legislative and Intergovernmental Affairs. Effective April 19, 2005.

DSGS60959 Staff Assistant to the Deputy Secretary. Effective April 21, 2005.

DSGS60960 Senior Advisor to the Assistant Secretary for International Organizational Affairs. Effective April 29, 2005.

DSGS60961 Public Affairs Specialist to the Assistant Secretary for Public Affairs. Effective April 29, 2005.

Section 213.3305 Department of the Treasury

DYGS00455 Special Assistant to the Deputy Assistant Secretary (Financial Education). Effective April 21, 2005.

DYGS00456 Special Assistant to the Deputy General Counsel. Effective April 21, 2005.

Section 213.3306 Department of the Defense

DDGS16870 Personal and Confidential Assistant to the Principal Deputy Assistant Secretary of Defense (International Security Policy). Effective April 01, 2005.

DDGS16867 Defense Fellow to the Special Assistant to the Secretary of Defense for White House Liaison. Effective April 06, 2005.

DDGS16871 Defense Fellow to the Special Assistant to the Secretary of Defense for House Liaison. Effective April 27, 2005.

Section 213.3307 Department of the Army

DWGS60016 Confidential Assistant to the Secretary of the Army. Effective April 12, 2005.

Section 213.3308 Department of the Navy

DNGS60074 Confidential Staff Assistant to the Deputy Assistant Secretary of the Navy (Financial Management and Comptroller). Effective April 05, 2005.

Section 213.3310 Department of Justice

DJGS00302 Associate Director to the Director, Office of Intergovernmental and Public Liaison. Effective April 04, 2005.

DJGS00225 Special Assistant to the Director of the Violence Against Women Office. Effective April 05, 2005.

DJGS00055 Chief of Staff to the Assistant Attorney General (Legal Policy). Effective April 22, 2005.

Section 213.3311 Department of Homeland Security

DMGS00345 Staff Assistant to the White House Liaison. Effective April 04, 2005.

DMGS00341 Special Assistant to the White House Liaison. Effective April 05, 2005.

DMGS00348 Confidential Assistant to the Deputy Secretary of the Department of Homeland Security. Effective April 06, 2005.

BILLING CODE 6325-39-P

SECURITIES AND EXCHANGE COMMISSION

[Release Nos. 33-8575; 34-51730; File No. 265-23]

Advisory Committee on Smaller Public Companies.

AGENCY: Securities and Exchange Commission.

ACTION: Notice of meeting of SEC Advisory Committee on Smaller Public Companies.

NOTICE: The Securities and Exchange Commission Advisory Committee on Smaller Public Companies is providing notice that it will hold a public meeting on Thursday, June 16, 2005, at Columbia Law School, Jerome Greene Hall, Room 103, 435 West 116th Street, New York, New York, from 1 p.m. to 5:30 p.m. The meeting will reconvene on Friday, June 17, 2005, from 9 a.m. to 12:30 p.m. The meeting will be audio webcast on the Commission's Web site at <http://www.sec.gov>.

The agenda for the Thursday session of the meeting includes considering reports of subcommittees or other subgroups of the Advisory Committee, approval of the Committee Agenda published for public comment in the **Federal Register** on April 29, 2005 and discussing any recommendations proposed for adoption by the Advisory Committee. A subgroup appointed to make suggestions to the Advisory Committee on defining the term "smaller public company" for purposes of the Advisory Committee's work is expected to deliver a report. The agenda for the Friday session includes considering written statements that have been filed in connection with the meeting and hearing oral testimony. The oral testimony will focus on methods the Advisory Committee might recommend to scale securities regulations for smaller public companies to assure that the costs and burdens of the regulations are commensurate with the benefits to investors and the public.

DEADLINES: Requests to present oral testimony should be received on or before June 6, 2005. Written statements should be received on or before June 8, 2005.

SUBMISSIONS: Written statements may be submitted by any of the following methods:

Electronic Statements

- Use the Commission's Internet submission form (<http://www.sec.gov/info/smallbus/acspc.shtml>); or
- Send an e-mail message to rule-comments@sec.gov. Please include File Number 265-23 on the subject line; or
- Use the Federal eRulemaking Portal (<http://www.regulations.gov>). Follow the instructions for submitting comments.

Paper Statements

- Send paper statements in triplicate to Jonathan G. Katz, Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609.

All submissions should refer to File No. 265-23. This file number should be included on the subject line if e-mail is used. To help us process and review your statement more efficiently, please use only one method. The Commission will post all statements on the Commission's Web site (<http://www.sec.gov/info/smallbus/acspc.shtml>).

Statements also will be available for public inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549. All statements received will be posted without change; we do not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

Persons wishing to provide oral testimony at the Friday session should submit a request to testify to the SEC staff contact person listed below by the deadline given above. The SEC staff will notify persons whom the Advisory Committee Co-Chairs decide to invite to provide oral testimony. Sufficient time may not be available to accommodate all those wishing to testify. The Co-Chairs have reserved the right to select witnesses and limit the time of witnesses invited to testify. Persons testifying are requested to submit a written statement in accordance with the instructions provided above.

FOR FURTHER INFORMATION CONTACT: Kevin M. O'Neill, Special Counsel, at (202) 551-3260 or oneillk@sec.gov, Office of Small Business Policy, Division of Corporation Finance, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0310.

SUPPLEMENTARY INFORMATION: In accordance with section 10(a) of the Federal Advisory Committee Act, 5

U.S.C. App. 1, § 10(a), Gerald J. Laporte, Designated Federal Officer of the Committee, has approved publication of this notice at the request of the Committee.

Dated: May 24, 2005.

Jonathan G. Katz,
Committee Management Officer.

BILLING CODE 8010-01-P

SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meeting

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Pub. L. 94-409, that the Securities and Exchange Commission will hold the following meeting during the week of May 30, 2005:

A Closed Meeting will be held on Wednesday, June 1, 2005 at 10 a.m.

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the Closed Meeting. Certain staff members who have an interest in the matters may also be present.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, one or more of the exemptions set forth in 5 U.S.C. 552b(c)(3), (5), (7), (9)(B), and (10) and 17 CFR 200.402(a)(3), (5), (7), 9(ii) and (10), permit consideration of the scheduled matters at the Closed Meeting.

Commissioner Atkins, as duty officer, voted to consider the items listed for the closed meeting in closed session.

The subject matter of the Closed Meeting scheduled for Wednesday, June 1, 2005, will be:

- Formal orders of investigations;
- Institution and settlement of injunctive actions;
- Institution and settlement of administrative proceedings of an enforcement nature; and
- Adjudicatory matters.

At times, changes in Commission priorities require alterations in the scheduling of meeting items.

For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact:

The Office of the Secretary at (202) 942-7070.

Dated: May 25, 2005.

Jonathan G. Katz,
Secretary.

BILLING CODE 8010-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 35-27973]

Filings Under the Public Utility Holding Company Act of 1935, as Amended ("Act")

May 24, 2005.

Notice is hereby given that the following filing(s) has/have been made with the Commission pursuant to provisions of the Act and rules promulgated under the Act. All interested persons are referred to the application(s) and/or declaration(s) for complete statements of the proposed transaction(s) summarized below. The application(s) and/or declaration(s) and any amendment(s) is/are available for public inspection through the Commission's Branch of Public Reference.

Interested persons wishing to comment or request a hearing on the application(s) and/or declaration(s) should submit their views in writing by June 20, 2005 to the Secretary, Securities and Exchange Commission, Washington, DC 20549-0609, and serve a copy on the relevant applicant(s) and/or declarant(s) at the address(es) specified below. Proof of service (by affidavit or, in the case of an attorney at law, by certificate) should be filed with the request. Any request for hearing should identify specifically the issues of facts or law that are disputed. A person who so requests will be notified of any hearing, if ordered, and will receive a copy of any notice or order issued in the matter. After June 20, 2005, the application(s) and/or declaration(s), as filed or as amended, may be granted and/or permitted to become effective.

KeySpan Corporation, et al. (70-10245)

KeySpan Corporation ("KeySpan"), a registered holding company under the Act, and its direct subsidiaries, KeySpan Corporate Services LLC ("KCS"), KeySpan Utility Services LLC ("KUS") and KeySpan Engineering & Survey, Inc. ("KENG") each located at One MetroTech Center, Brooklyn, New York (together, "Applicants") have filed a declaration ("Declaration") under section 13 of the Act and rules 54, 87, 88, 90, 91, 93 and 94. KCS, KUS and KENG (collectively, "Service Companies") provide various services to KeySpan and its subsidiaries, as described below.

A. Background and Authority Requested

KeySpan registered as a holding company under the Act on November 8, 2000, as a result of KeySpan's

acquisition of Eastern Enterprises (now known as KeySpan New England, LLC) and its indirect acquisition of EnergyNorth Inc. which were authorized by the Commission in orders issued on November 7, 2000 (Holding Company Act Release Nos. 27269 and 27271), as modified by order issued on December 1, 2000 (Holding Company Act Release No. 27287).¹ In addition, on November 8, 2000, the Commission issued an order (Holding Company Act Release No. 27272), as modified by the order issued on December 1, 2000 (Holding Company Act Release No. 27286) (collectively, "Service Company Order"), that, among other things, reserved jurisdiction over the allocation methodologies proposed in the service agreements of the Service Companies and over the use of KCS and KUS as separate service companies. In the Declaration, Applicants request that the Commission: (1) Approve the proposed allocation methodologies of each of the Service Companies; and (2) continue to reserve jurisdiction over the use of KCS and KUS as separate service companies, pending approval by the New York Public Service Commission, upon KeySpan's petition, to eliminate the need to utilize KUS as a separate service company.

B. Services Provided by Each Service Company

KCS provides the following services to all KeySpan system companies: accounting, tax, auditing, treasury and finance services, risk management, financial planning, investor relations and shareholder services, information

¹ KeySpan directly or indirectly owns seven public-utility companies in the northeastern United States. The Brooklyn Union Gas Company, d/b/a KeySpan Energy Delivery New York, distributes natural gas at retail to residential, commercial and industrial customers in the New York City Boroughs of Brooklyn, Staten Island and Queens; KeySpan Gas East Corporation, d/b/a KeySpan Energy Delivery Long Island, distributes natural gas at retail to customers in New York State located in the counties of Nassau and Suffolk on Long Island and the Rockaway Peninsula in Queens County; KeySpan Generation LLC owns and operates electric generation capacity located on Long Island that is sold at wholesale to the Long Island Power Authority; Boston Gas Company, d/b/a KeySpan Energy Delivery New England, distributes natural gas to customers located in Boston and other cities and towns in eastern and central Massachusetts; Essex Gas Company, d/b/a KeySpan Energy Delivery New England, distributes natural gas to customers in eastern Massachusetts; Colonial Gas Company, d/b/a KeySpan Energy Delivery New England, distributes natural gas to customers located in northeastern Massachusetts and on Cape Cod; and EnergyNorth Natural Gas, Inc., d/b/a KeySpan Energy Delivery New England, distributes natural gas to customers located in southern and central New Hampshire and the City of Berlin located in northern New Hampshire. KeySpan, through its subsidiaries, also engages in energy related non-utility activities.

technology, communications and computer services, legal and regulatory, corporate secretary functions, human resources, environmental services, strategic planning and corporate performance, customer services and communications and customer strategy, materials management and purchasing, facilities management, fleet management, security, corporate affairs, and executive and administrative services. KCS provides the following services to all KeySpan system companies except for the Brooklyn Union Gas Company and KeySpan Gas East Corporation (collectively, "New York Utilities"): gas supply services, management and administrative functions relating to gas operations, operations support services relating to gas operations, field services relating to gas operations, transmission and delivery system planning services, and gas marketing and sales services.

KUS provides the following services to the New York Utilities, over which the New York Public Service Commission ("NYPSC") has jurisdiction: Gas and electric transmission and distribution systems planning, research and development, fuel management, marketing and sales services, meter operations, and executive and administrative services.² KUS also provides certain sales call center services to the New York Utilities as well as to Boston Gas Company, Essex Gas Company, Colonial Gas Company and EnergyNorth Natural Gas, Inc. (each company does business as KeySpan Energy Delivery New England) (collectively, "New England Utilities"). The sales call center avoids duplication of resources and call system technologies. The sales call center handles call responses for lead inquiries in responses to advertising and mailings; calls to find out the availability of gas; calls for additional information on gas products; calls for technical questions and inquiries; calls to request appointments with sales representatives and/or plumbers; and calls to order meter sets from customers, plumbers and builders.

KENG provides to KCS and certain other KeySpan subsidiaries general engineering services and executive and administrative services.³

² KUS also provides these services to KeySpan Generation LLC, KeySpan Electric Services LLC, and KeySpan Energy Trading Services LLC. These companies either provide services to the Long Island Power Authority or are not subject to the jurisdiction of the NYPSC.

³ According to the Applicants, KeySpan is compelled to utilize KENG due to Title VIII, Article 145 of the New York Education Law which generally restricts a public service corporation from

C. Allocation Methodologies Used by the Service Companies

Applicants state that the Service Companies allocate all their costs to associated regulated and non-utility companies through a tiered approach. All costs are allocated and billed at cost in accordance with section 13 and rules 90 and 91 of the Act. Costs are first billed directly whenever practicable, including instances when more than one associate company is receiving the same goods or service at the same time. Amounts that cannot be directly assigned will be allocated to client companies by means of equitable allocation formulae, which to the extent possible will be based on cost-causation relationships. All other allocations will be broad based. In some instances, each of the Service Companies' cost centers that perform work for other service company cost centers may use a surrogate allocation method that mimics the allocations of the receiver cost center. Each formula will have an appropriate basis, such as meters and square footage.

Allocation percentages will be calculated on historical data where appropriate and updated annually.⁴ The method of assignment or allocation of costs shall be reviewed annually or more frequently if appropriate. If the use of a basis of allocation would result in an inequity because of a change in operation or organization, then the Service Companies may adjust the basis to effect an equitable distribution.

Applicants state that the cost of service will be determined in

providing any engineering or survey services to third parties, including affiliates. Nevertheless, the New York Education Law does provide certain "grandfather" exemptions that allow these services to be provided by business corporations that have been lawfully practicing engineering or land surveying and were organized and existing under the laws of the State of New York on April 15, 1935 and have existed continuously thereafter. KENG satisfies the requirements of the "grandfathering" provisions. Accordingly, KeySpan utilizes KENG as a separate service company to allow for the centralized provision of engineering and surveying services.

⁴ Due to the unique nature of KeySpan's relationship with the Long Island Power Authority ("LIPA"), the revenues and assets managed on its behalf will be included in the basis, with the appropriate client company's data, in order to determine appropriate allocations. KeySpan Electric Services LLC provides to LIPA all operation, maintenance and construction services and significant administrative services relating to the Long Island electric transmission and distribution system, supplies LIPA with generating capacity, energy conversion and ancillary services, and manages all aspects of the fuel supply for KeySpan's generating facilities, as well as all aspects of the capacity and energy owned by or under contract to LIPA. KeySpan Electric Services LLC also purchases energy, capacity and ancillary services in the open market on LIPA's behalf.

accordance with the Act and will include all costs of doing business incurred by the Service Companies, including a reasonable return on capital which will reflect a capitalization of the Service Companies of no more than ten percent equity, and all associated taxes.

Applicant's state that each Service Company will maintain an accounting system for accumulating all costs on a project, activity or other appropriate basis. Expenses for the department will include salaries and wages of employees, materials, and supplies and all other expenses attributable to the department. Labor costs will be loaded for fringe benefits and payroll taxes. Time records of hours worked by all Service Company employees, including all officers of the company (*i.e.*, Chief Executive Officer, President and Vice Presidents) will be kept by project and activity.

Each client company will take agreed upon services and such additional, general, or special services as the client company may request and which the particular Service Company concludes it is able to perform. No amendment, alteration or rescission of an activity or project shall release a client company from liability for all costs already incurred by, or contracted for, the applicable Service Company pursuant to the project or activity regardless of whether the services associated with the costs have been completed.

Applicants state that each of the Service Companies' accounting and cost allocation methods and procedures have been structured so as to comply with the "Uniform System of Accounts for Mutual Service Companies" established by the Commission for holding company systems. Moreover, each of the Service Companies will file the annual report required by the Commission pursuant to rule 94 under the Act.

Applicants represent that no change in the organization of a Service Company, the type and character of the companies to be serviced, the methods of allocating cost to associate companies or the scope or character of the services to be rendered subject to section 13 of the Act, or any rule, regulation, or order thereunder, shall be made until the Service Company shall first have given the Commission notice of the proposed change not less than 60 days prior to the proposed effectiveness. If, upon the receipt of a notice, the Commission shall notify the Service Company within the 60 day period that a question exists as to whether the proposed change is consistent with the provisions of section 13 of the Act, or of any rule, regulation, or order thereunder, then the proposed change shall not become effective unless

and until the Service Company shall have filed with the Commission an appropriate declaration regarding the proposed change and the Commission shall have permitted the declaration to become effective.

D. Reservation of Jurisdiction Over the Use of KCS and KUS as Separate Service Companies Pending Dissolution of KUS

Applicants state that in 1998, as a condition of the NYPSC's approval of the formation of KeySpan as utility holding company, the NYPSC required KeySpan to form KCS and KUS in order to provide the services noted above. Applicants now request that the Commission continue to reserve jurisdiction over the use of KCS and KUS as separate service companies pending and subject to approval by the NYPSC, upon KeySpan's petition, to eliminate the need to utilize KUS as a separate service company. KeySpan proposes to petition the NYPSC to allow Applicants to eliminate the need to utilize KUS as a separate service company. The petition will generally request authorization to utilize KCS as the single service company that would provide to the entire KeySpan system both corporate administrative services as well as gas marketing, gas supply, gas and electric distribution planning, meter repair operations, and all other services currently being provided by KUS and KCS. Key Span proposes to file this NYPSC petition on or before December 31, 2005 and anticipates that the NYPSC will act on this petition on or before December 31, 2006.

For the Commission, by the Division of Investment Management, under delegated authority.

Jill M. Peterson,

Assistant Secretary.

BILLING CODE 8010-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51733; File No. SR-CBOE-2005-19]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Order Granting Approval to Proposed Rule Change as Amended By Amendment Nos. 1, 2, and 3 Thereto Relating to an Interpretation of Paragraph (b) of Article Fifth of its Certificate of Incorporation and an Amendment to Rule 3.16(b)

May 24, 2005.

I. Introduction

On March 7, 2005, the Chicago Board Options Exchange, Incorporated ("CBOE" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Exchange Act")¹ and Rule 19b-4 thereunder,² to adopt an interpretation of paragraph (b) of Article Fifth of the Certificate of Incorporation of the CBOE ("Article Fifth(b)") pertaining to the right of the 1,402 Full Members of the Board of Trade of the City of Chicago, Inc. ("CBOT") to become members of the CBOE without having to purchase a CBOE membership. On March 28, 2005, the Exchange submitted Amendment No. 1 to the proposed rule change.³ The proposed rule change, as amended, was published for notice and comment in the *Federal Register* on April 7, 2005.⁴ The Commission received three comment letters in response to the proposal as published in the *Federal Register*.⁵ On April 20, 2005, the CBOE

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Due to a motion to reconsider the Commission's approval of SR-CBOE-2004-16, which was pending at the time the notice was published for comment in the *Federal Register*, Amendment No. 1 removed certain language from the text of CBOE Rule 3.16(b) that was included with the original filing to reflect the stay of effectiveness of the text added by SR-CBOE-2004-16 pending a final Commission determination of the motion to reconsider. Amendment No. 1 also added Exhibit 3d to the filing, consisting of an opinion letter from the CBOE's special Delaware counsel pertaining to the proposed rule change.

⁴ See Securities Exchange Act Release No. 51463 (Mar. 31, 2005), 70 FR 17732 (Apr. 7, 2005).

⁵ See Letter from Marshall Spiegel and Donald Clevon to Jonathan G. Katz, Secretary, Commission, dated April 28, 2005 ("Spiegel & Clevon April 28th Letter"); Letter from Thomas A. Bond, Norman Friedland, Gary P. Lahey, Anthony Arciero, and Marshall Spiegel to Jonathan G. Katz, Secretary, Commission, dated April 27, 2005 ("Joint Letter"); and Letter from Marshall Spiegel to William Brodsky, Chairman, CBOE, dated April 26, 2005 (this letter was also provided to the Commission as

Continued

filed Amendment No. 2 to the proposed rule change.⁶ The CBOE submitted a response to the comment letters on May 6, 2005.⁷ On May 12, 2005, the CBOE filed Amendment No. 3 to the proposed rule change.⁸ Subsequently, the Commission received four comment letters.⁹ This order approves the proposed rule change as amended.¹⁰

II. Description of the Proposed Rule Change

A. Background

As compensation for the time and money that the CBOT had expended in the development of the CBOE, a member of the CBOT is entitled to become a member of the CBOE without having to acquire a separate CBOE membership. This entitlement is established by Article Fifth(b), which provides, in relevant part:

[E]very present and future member of the [CBOT] who applies for membership in the

an exhibit to the Spiegel & Clevan April 28th Letter: while the Commission has separately considered this letter as a comment to the proposed rule change, the Commission notes that the substantive arguments set forth in this letter are also reflected in the April 28th Letter).

⁶ In Amendment No. 2, the CBOE modified the text of CBOE Rule 3.16(b) to include the language added by SR-CBOE-2004-16. That language had been removed from the proposed rule change by Amendment No. 1 to account for a pending motion to reconsider the Commission's approval of SR-CBOE-2004-16. On April 18, 2005, the Commission denied the motion for reconsideration. See Securities Exchange Act Release No. 51568 (Apr. 18, 2005), 70 FR 20953 (Apr. 22, 2005) (order denying motion for reconsideration). Accordingly, the CBOE submitted Amendment No. 2 to the filing to incorporate the text of CBOE Rule 3.16(b) as currently in effect, including the language added to the Rule by SR-CBOE-2004-16. As such, this is a technical amendment and is not subject to notice and comment.

⁷ See Letter from Joanne Moffic-Silver, Executive Vice President and General Counsel, CBOE, to Jonathan G. Katz, Secretary, Commission, dated May 6, 2005.

⁸ In Amendment No. 3, the CBOE filed with the Commission a copy of the letter sent from Marshall Spiegel to William Brodsky, Chairman of the CBOE, dated April 26, 2005. This letter also was attached as an appendix to the Spiegel & Clevan April 28th Letter. See Spiegel & Clevan April 28th Letter, *supra* note 5. As such, the amendment providing the Commission with the Spiegel & Clevan April 28th Letter is a technical amendment and is not subject to notice and comment.

⁹ See Letter from Marshall Spiegel and Donald Clevan to Jonathan G. Katz, Secretary, Commission, dated May 20, 2005 ("Spiegel & Clevan May 20th Letter"); Letter from Marshall Spiegel to Jonathan G. Katz, Secretary, Commission, dated May 20, 2005 ("Spiegel May 20th Letter"); Letter from Joanne Moffic-Silver to Jonathan G. Katz, Secretary, Commission, dated May 20, 2005; and Letter from Charles R. Mills to Jonathan G. Katz, Secretary, Commission, dated May 18, 2005 (letter sent on behalf of Marshall Spiegel) ("Mills Letter").

¹⁰ There is no basis to support any implication in the Mills Letter that the Commission provided any assurance to the CBOE, prior to its actions today, that it would approve the proposed rule change or that any such approval would occur by a certain date.

[CBOE] and who otherwise qualifies shall, so long as he remains a member of [the CBOT], be entitled to be a member of the [CBOE] notwithstanding any limitation on the number of members and without the necessity of acquiring such membership for consideration or value from the [CBOE] ("Exercise Rights").

Article Fifth(b) also explicitly states that no amendment may be made to it without the approval of at least 80% of those CBOT members who have "exercised" their right to be CBOE members and 80% of all other CBOE members.

In 1993, the Commission approved the CBOE's proposed interpretation of the meaning of the term "member of the [CBOT]" as used in Article Fifth(b).¹¹ This interpretation, proposed by the CBOE and agreed upon by the CBOE and the CBOT, is embodied in an agreement dated September 1, 1992 ("1992 Agreement") and is reflected in CBOE Rule 3.16(b) ("Special Provisions Regarding Chicago Board of Trade Exerciser Memberships"). CBOE Rule 3.16(b) states that "for the purpose of entitlement to membership on the [CBOE] in accordance with * * * [Article Fifth(b)] * * * the term 'member of the [CBOT],' as used in Article Fifth(b), is interpreted to mean an individual who is either an 'Eligible CBOT Full Member' or an 'Eligible CBOT Full Member Delegate,' as those terms are defined in the [1992 Agreement] * * *."¹²

In 2005, the Commission approved the CBOE's subsequent amendment of CBOE Rule 3.16(b) to reflect a further interpretation of the term "member of the [CBOT]" embodied in an agreement dated September 17, 2003 between the CBOE and the CBOT ("2003 Agreement").¹³ This interpretation was intended to clarify which individuals will be entitled to the Exercise Right upon distribution by the CBOT of a separately transferable interest ("Exercise Right Privilege") representing the Exercise Right component of a CBOT membership. In the 2003

¹¹ See Securities Exchange Act Release No. 32430 (June 8, 1993), 58 FR 32969 (June 14, 1993).

¹² In the 1992 Agreement, an "Eligible CBOT Full Member" is defined as an individual who at the time is the holder of one of 1,402 existing CBOT full memberships ("CBOT Full Memberships"), and who is in possession of all trading rights and privileges of such CBOT Full Memberships. An "Eligible CBOT Full Member Delegate" is defined as the individual to whom a CBOT Full Membership is delegated (*i.e.*, leased) and who is in possession of all trading rights and privileges appurtenant to such CBOT Full Membership.

¹³ See Securities Exchange Act Release Nos. 51252 (Feb. 25, 2005), 70 FR 10442 (Mar. 3, 2005) (order setting aside earlier order issued by delegated authority for File No. SR-CBOE-2004-16); and 51568 (Apr. 18, 2005), 70 FR 20953 (Apr. 22, 2005) (order denying motion for reconsideration).

Agreement, the CBOE and the CBOT agreed on an interpretation of the term "member of the [CBOT]" as used in Article Fifth(b) once these Exercise Right Privileges are issued.

B. CBOE's Current Proposal

The CBOE is again proposing an interpretation of the term "member of the [CBOT]" as used in Article Fifth(b) and reflected in CBOE Rule 3.16. The CBOE believes that this interpretation is necessary to address the effect on the Exercise Right of the restructuring of the CBOT from a mutual to a demutualized entity, as well as the expansion of electronic trading on the CBOT and the CBOE.

The interpretation of the Exercise Right that is the subject of this proposed rule change is embodied in an agreement dated August 7, 2001 between the CBOE and the CBOT ("2001 Agreement"), as modified by a Letter Agreement among CBOE, CBOT, and CBOT Holdings, Inc. dated October 7, 2004 ("October 2004 Letter Agreement"), which together represent the agreement of the parties concerning the nature and scope of the Exercise Right following the restructuring of the CBOT and in light of the expansion of the CBOT's electronic trading system. The 2001 Agreement, as modified by the October 2004 Letter Agreement, incorporates the CBOE's interpretation concerning the operation of Article Fifth(b) in light of these changed circumstances at the CBOT. In a February 14, 2005 Letter Agreement among CBOE, CBOT, and CBOT Holdings, Inc., ("February 2005 Letter Agreement") the parties confirmed the CBOT restructuring for purposes of the 2001 Agreement and the CBOE's interpretation of Article Fifth(b).

The CBOE's proposed rule change seeks to revise CBOE Rule 3.16(b), which reflects an interpretation of the term "member of the [CBOT]" used in Article Fifth(b), to incorporate the definitions of "Eligible CBOE Full Member" and "Eligible CBOT Full Member Delegate" found in the 2001 Agreement, as modified by the October 2004 Letter Agreement and the February 2005 Letter Agreement ("2001 Agreement, as amended"). As noted in the 2001 Agreement, as amended, the CBOT's restructuring divided the previous single interest of a CBOT member into Class B, Series B-1 memberships in CBOT (representing the trading rights of full members) and shares of Class A common stock of CBOT Holdings, Inc. (representing the

ownership rights of full members).¹⁴ Accordingly, the interpretation embodied in the 2001 Agreement, as amended, clarifies that, following the CBOT's restructuring, the Exercise Right remains available to persons who continue to hold all of the interests into which their CBOT full memberships were divided in the restructuring.

III. Discussion and Commission Findings

Section 19(b) of the Exchange Act requires the Commission to approve the CBOE's proposed rule change if it finds that the proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to the CBOE.¹⁵ The Commission has carefully reviewed the proposed rule change, the comment letters received and the attachments thereto, and the CBOE's response to the comments, and finds that the proposed rule change is consistent with the requirements of Act, and in particular Section 6 of the Exchange Act,¹⁶ and the rules and regulations applicable to a national securities exchange.¹⁷ More specifically, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Exchange Act,¹⁸ which requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of trade, because it interprets the CBOE's rules fairly and reasonably with respect

to the eligibility of a CBOT full member to become a member of the CBOE following the CBOT's restructuring. In addition, the Commission finds that the proposed rule change is consistent with Section 6(c)(3)(A) of the Exchange Act,¹⁹ which permits, among other things, an exchange to examine and verify the qualifications of an applicant to become a member, in accordance with the procedures established by exchange rules, because it clarifies how the CBOE's rules regarding eligibility for membership pursuant to the Exercise Right in Article Fifth(b) apply following the CBOT's restructuring.

The Commission is approving the proposed rule change filed by the CBOE, which interprets the CBOE's rules. The Commission is not approving the 2001 Agreement, as amended. Further, in approving this proposal, the Commission is relying on the CBOE's representation that its interpretation is appropriate under Delaware state law, and CBOE's opinion of counsel²⁰ that it is within the general authority of the CBOE's Board of Directors to interpret Article Fifth(b) when questions arise as to its application under certain circumstances, so long as the interpretation adopted by the Exchange's Board of Directors is made in good faith, consistent with the terms of the governing documents themselves, and not for inequitable purposes.

The commenters assert that the CBOT's reorganization extinguished the Exercise Right as it pertains to Article Fifth(b) and CBOE Rule 3.16(b) because the CBOT is no longer a membership corporation.²¹ The Commission notes that the CBOE explains that following the CBOT's restructuring, "the CBOT maintains its existence as a Delaware non-stock, membership corporation and continues to be owned by its members, who have the same trading rights on the futures exchange operated by CBOT as they had prior to the restructuring."²² Thus, the CBOE concludes that CBOT "full" memberships continue to represent under CBOT's rules the trading rights of full members of the CBOT as they existed prior to the restructuring. The Commission believes that the commenters' assertion that the

Exercise Right has been extinguished by the CBOT's restructuring constitutes one possible interpretation of Article Fifth(b); the CBOE is not required to draw the same conclusion as the commenters regarding how to interpret Article Fifth(b) following the CBOT's restructuring in order for the Commission to find that the CBOE's proposed rule change is consistent with the Exchange Act.

A. The Commission Finds CBOE's Determination That the Proposal Is an Interpretation of Article Fifth(b) To Be Consistent With the Exchange Act

As noted above, the Commission received three comment letters on the CBOE's proposed rule change from several members of the CBOE. The commenters assert that the Commission should not approve the CBOE's proposed rule change because the proposed rule change does not constitute an interpretation of Article Fifth(b) as the CBOE claims, but rather constitutes an amendment to Article Fifth(b), which is subject to an 80% vote of CBOE membership pursuant to the Articles of Incorporation.²³ The Spiegel & Cleven April 28th Letter references the CBOT demutualization that took effect on April 22, 2005 and concludes that the CBOT's "extinguishment of memberships renders the exercise right for a 'member of [CBOT]' set forth in Article Fifth(b) of the CBOE Articles of Incorporation nugatory—i.e., Article Fifth(b) no longer confers an exercise right on any person since there are no longer any members of the CBOT."²⁴ In the Joint Letter, the commenters contend that the proposed rule change "substantively amends" Article Fifth(b) in that it "change[s] the words" of Article Fifth(b).²⁵ In particular, the commenters contend that the CBOT's demutualization effectively extinguished the exercise right such that "any action by the [CBOE] Board to amend Article Fifth(b) to create a new exercise right for CBOT stockholders contravenes [Article Fifth(b)]'s requirements of a 80% vote of the membership."²⁶ Accordingly, the commenters argue that the CBOE's Board of Directors acted beyond its powers and inconsistently with the CBOE's Certificate of Incorporation by

¹⁴ As specified in the 2001 Agreement, as amended, an individual is deemed to be an "Eligible CBOT Full Member" if the individual: (1) Is the owner of the requisite number of Class A Common Stock of CBOT Holdings, Inc., the requisite number of Series B-1 memberships of the CBOT, and the Exercise Right Privilege; (2) has not delegated any of the rights or privileges appurtenant to such ownership; and (3) meets applicable membership and eligibility requirements of the CBOT. An individual is deemed to be a "Eligible CBOT Full Member Delegate" if the individual: (1) Is in possession of the requisite number of Class A Common Stock of CBOT Holdings, Inc., the requisite number of Series B-1 memberships of the CBOT, and the Exercise Right Privilege; (2) holds one or more of the items listed in (1) by means of delegation rather than ownership; and (3) meets applicable membership and eligibility requirements of the CBOT.

¹⁵ 15 U.S.C. 78s(b). Section 19(b) requires the Commission to approve a proposed rule change or institute proceedings to determine whether the proposed rule change should be disapproved "[w]ithin thirty-five days of the date of publication of notice of the filing of a proposed rule change * * *, or within such longer period as the Commission may designate up to ninety days of such date * * *, or as to which the self-regulatory organization consents." *Id.* On May 18, 2005, the CBOE consented to an extension of time until June 10, 2005, for the Commission to consider this filing.

¹⁶ 15 U.S.C. 78f.

¹⁷ In approving this rule, the Commission has considered the impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁸ 15 U.S.C. 78f(b)(5).

¹⁹ 15 U.S.C. 78f(c)(3)(A).

²⁰ See Letter from Wendell Fenton, Richards, Layton & Finger, to Joanne Moffic-Silver, General Counsel and Corporate Secretary, CBOE, dated March 28, 2005. The Commission has not independently evaluated the CBOE's interpretation under Delaware state law.

²¹ See *supra* notes 5 and 9 (citing the comment letters).

²² Letter from Joanne Moffic-Silver, Executive Vice President and General Counsel, CBOE, to Jonathan G. Katz, Secretary, Commission, dated May 6, 2005, at 2.

²³ See Spiegel & Cleven April 28th Letter, *supra* note 5, at 5; and Joint Letter, *supra* note 5, at 2. By its terms, Article Fifth(b) may be amended only with the approval of 80% of CBOE's members admitted by exercise, and 80% of CBOE's members admitted other than by exercise, each voting as a separate class.

²⁴ Spiegel & Cleven April 28th Letter, *supra* note 5, at 1-2.

²⁵ Joint Letter, *supra* note 5, at 2.

²⁶ *Id.* at 6.

failing to obtain the requisite approval of CBOE members with respect to the proposed rule change.²⁷

The CBOE filed the current proposed rule change to adopt an interpretation of Article Fifth(b) by amending CBOE Rule 3.16. National securities exchanges are required under Section 6(b)(1) of the Exchange Act²⁸ to comply with their own rules. The Commission has reviewed the record in this matter and believes that the CBOE provides a sufficient basis on which the Commission can find that, as a federal matter under the Exchange Act, the CBOE complied with its own Certificate of Incorporation in determining that the proposed rule change is an interpretation of, not an amendment to, Article Fifth(b). The Commission is persuaded by the CBOE's analysis of the difference between "interpretations" and "amendments," and the letter of counsel that concludes that it is within the general authority of the CBOE's Board of Directors to interpret Article Fifth(b) and that the Board's interpretation of Article Fifth(b) contemplated by the 2001 Agreement, as amended, does not constitute an amendment to the CBOE's Certificate of Incorporation.²⁹ For these reasons, the Commission finds the CBOE's proposed rule change consistent with the Exchange Act.

Additionally, the commenters suggested that the fact that CBOT full members will not be required to own 100% of the equity of the CBOT should preclude them from being entitled to the Exercise Right.³⁰ The CBOE has determined that there is no requirement for CBOT full members to own 100% of the equity of the CBOT in order to qualify for the Exercise Right, only a requirement that a CBOT full member hold whatever equity was issued to that individual, together with all of the other interests distributed to the CBOT full member in the restructuring, for that individual to be eligible to utilize the Exercise Right.³¹ The Commission

believes that this determination is reasonable.

Finally, commenters contend that the interpretation in the 2001 Agreement, as amended, "materially alters the respective rights, powers and interests of the different classes of CBOE equity holders * * *" by creating " * * * a whole new group of CBOE equity interest holders * * *" which "denigrates the rights and interests of CBOE treasury seat holders, by diluting their interests and power."³² Commenters argue that changes to the Exercise Right are a "zero sum" game, in that enhancing the rights of CBOT exercise right holders and CBOE exercise holders "can correspondingly diminish the rights of CBOE treasury seat holders by, among other things, diluting their voting power and the economic value of their seats."³³ Commenters argue that because the proposed rule change interpreting the term "member of the [CBOT]" in Article Fifth(b) alters the rights of the various and distinct classes of CBOE equity interest holders, it is an amendment within the meaning of Section 242 of the Delaware General Corporation Law.³⁴

The Commission does not believe that the commenters' argument refutes CBOE's analysis of why its proposed rule change is an interpretation to Article Fifth(b), not an amendment. The actions identified in Section 242(a) are changes that a corporation may make to its certificate of incorporation by amendment. There is nothing in Section 242 that requires a corporation to amend its certificate of incorporation if it makes such changes. If a corporation does amend its certificate and such amendment is authorized under Section 242(a), paragraph (b) of Section 242 of the Delaware General Corporation Law then sets forth the procedures that a corporation must follow to effect such an amendment. Accordingly, the Commission is persuaded by the conclusion in the letter of counsel submitted by the CBOE that " * * * it is within the general authority of the [CBOE] Board to interpret Article Fifth(b) in good faith when questions arise as to its application," and that "the [CBOE] Board's determinations in approving the interpretations of Article Fifth(b) contemplated by the Agreements do not constitute amendments to the [CBOE] Certificate [of Incorporation] and need not satisfy the voting requirements of Article

Fifth(b) that would apply if the Article were being amended."³⁵

B. The Commission Does Not Believe That the CBOE Unreasonably Relied on Its Opinion of Outside Counsel

Commenters contend that the opinion of CBOE's Delaware counsel is "logically flawed and consequently should not allow the CBOE's Board of Directors to interpret [Article Fifth(b)] in the CBOT's demutualization."³⁶ As stated above, the commenters contend that the CBOT's demutualization effectively extinguished the exercise right such that "any action by the [CBOE] Board to amend Article Fifth(b) to create a new exercise right for CBOT stockholders contravenes [Article Fifth(b)'s] requirements of a 80% vote of the membership."³⁷ Commenters further argue that the CBOE Board's good faith is "irrelevant when it acts without authority * * * [and] in contravention of the powers exclusively reposed in the membership by the Articles with respect to amendments to the Articles."³⁸ In addition, commenters argue, in so far as a corporation's board of directors may delegate certain authority, powers, and duties of management to a committee of the corporation, "that committee can easily be interpreted to be the membership in a membership corporation such as the CBOE * * *" such that the authority of the CBOE's Board of Directors has been delegated to the CBOE membership with respect to interpretations of Article Fifth(b), which by its terms provides for a vote of the membership in the case of an amendment to its terms.³⁹

The CBOE represents that it has been advised by its Delaware counsel that, under Delaware state law, it is within the general authority of CBOE's Board of Directors to interpret its governing documents when questions arise as to their application in these types of circumstances, so long as the interpretation adopted by the Exchange's Board of Directors is consistent with the terms of the governing documents themselves.⁴⁰ The

³⁹ *Id.* at 5-6.

⁴⁰ See Letter from Wendell Fenton, Richards, Layton & Finger, to Joanne Moffic-Silver, General Counsel and Corporate Secretary, CBOE, dated March 28, 2005 (providing a legal opinion from

CBOE represents that the interpretations contained in its proposed rule change do not constitute amendments to the governing documents, and thus are not subject to the procedures that would apply if they were actually being amended. Further, the CBOE notes that no delegation of power or authority was made to the CBOE membership in the case of the Board's power to interpret the Certificate of Incorporation.⁴¹ The Commission is persuaded by the letter of CBOE's outside counsel and does not agree with the commenters' contention that the opinion letter is logically flawed. Accordingly, as stated above, the Commission finds that CBOE's interpretation of Article Fifth(b) is consistent with the Exchange Act.

C. The Commission Does Not Agree With the Commenters' Assertion of a Conflict of Interest on the Part of the CBOE Board With Respect to the Proposed Rule Change

The Spiegel & Cleven April 28th Letter argues that the interpretation in the 2001 Agreement, as amended, implicates a breach of fiduciary duty on the part of the CBOE Board of Directors in that the CBOE Board of Directors should be considered "conflicted from attempting to determine the competing and conflicting reclassification of rights and interests among the different classes of CBOE equity interest holders" because its interpretation "overtly benefits one class of equity holder over another even when the favored class by its own election to demutualize the CBOT necessarily caused the extinguishment of any rights they might have qualified for under Article Fifth(b)." ⁴² The Joint Letter similarly argues that the Commission should not approve the CBOE's proposed rule change because the CBOE management and the CBOE Board of Directors are conflicted in their decision not to require a vote of the CBOE membership with respect to the proposed rule change.⁴³ The commenters note that the CBOE has announced that it is exploring demutualization⁴⁴ and assert that the CBOE's top management will directly benefit from fees and other incentives in any demutualization such that they are "indifferent as to the number of CBOE members" because any financial

rewards accompanying a CBOE demutualization would be independent of the number of CBOE members.⁴⁵

The Commission does not believe there is any support for the commenters' conclusions about an alleged conflict of interest on the part of the CBOE Board of Directors with respect to the current proposed rule change. The Commission agrees with the CBOE that the CBOE Board's consideration of whether changes to CBOE's own corporate structure may be in CBOE's and its members' best interests does not support the commenters' suggestion that the CBOE's directors or its management were conflicted in considering how to interpret Article Fifth(b).⁴⁶ Further, the Commission does not believe that because there may be conflicting interests among CBOE members, that the CBOE Board of Directors is conflicted.

D. Neither the CBOE's Offer To Purchase Exercise Rights Nor the 2001 Agreement, as Amended, Is the Subject of the Present Filing

The Spiegel & Cleven April 28th Letter contends that "the 2001 Agreement, as amended, and the interpretation it embodies cannot become effective prior to Commission approval of it."⁴⁷ Moreover, these commenters argue that the CBOE's "Offer to Purchase for Cash Exercise Right Privileges," through which the CBOE informed certain CBOT members of the CBOE's plans to conduct a purchase of Exercise Right Privileges for cash in a tender to be completed around May 25, 2005, violates Section 19 of the Exchange Act because it "effectuates, relies on and implements" the interpretation in the 2001 Agreement, as amended, prior to Commission approval of the applicable rule filing (SR-CBOE-2005-19).⁴⁸ The commenters argue that by employing the definition of CBOT Full Member contained in the 2001

Agreement, as amended, prior to Commission approval of the applicable filing, the CBOE engaged in a "willful violation" of Section 19 of the Exchange Act that constitutes a basis for the Commission not to approve the proposed rule change.⁴⁹

The Commission notes that an agreement between an exchange and a third party is not, *per se*, a proposed rule change that must be filed with the Commission. Whether or not agreements proposed by or entered into by the CBOE are proposed rule changes is a judgment that, in the first instance, CBOE must make. To the extent, however, that any part of an agreement is a "policy, practice, or interpretation" of CBOE's rules and that "policy, practice, or interpretation" has not been filed with, and under certain circumstances approved by, the Commission, it would be a violation of Section 19(b) of the Exchange Act and the Commission could take appropriate action against the CBOE. The CBOE is not requesting that the Commission approve its "Offer to Purchase for Cash Exercise Right Privileges" sent to certain CBOT members, nor is the CBOE seeking approval of the 2001 Agreement, as amended. The proposed rule change solely relates to the CBOE's interpretation of Article Fifth(b) as embodied in the 2001 Agreement, as amended, and it is the substance of this interpretation that the Commission finds consistent with the Exchange Act.⁵⁰ The Commission does not believe it needs to determine whether the CBOE has complied with Section 19 of the Exchange Act in taking actions it is not being asked to approve in order to find the proposed rule change consistent with the Exchange Act. The Commission makes no finding as to the offer to certain CBOT members.

Additionally, commenters argue that the provision in the 2001 Agreement relating to arbitration of certain issues that may arise under that agreement constitutes an amendment of Article Fifth(b) in that decisions "that should be made by the CBOE membership in an [Article Fifth(b)] vote [are] being

⁴⁵ See *id.*

⁴⁶ See Letter from Joanne Moffic-Silver, Executive Vice President and General Counsel, CBOE, to Jonathan G. Katz, Secretary, Commission, dated May 6, 2005, at 7. Later comment letters assert that members of the CBOE who are members because they exercised their rights as "members of [the CBOT]" under Article Fifth(b) were on the CBOE's board of directors during the time when the CBOE entered into various agreements with the CBOT regarding the CBOE's interpretation of Article Fifth(b). Without evidence to the contrary, these commenters do not accept the CBOE's assertion that no conflicts existed. See Spiegel & Cleven May 20th Letter, *supra* note 9, at 4, and Spiegel May 20th Letter, *supra* note 9, at 4-5. The Commission does not believe that commenters provide any support for their allegations of a conflict of interest on the part of certain CBOE board members.

⁴⁷ Spiegel & Cleven April 28th Letter, *supra* note 5, at 2.

⁴⁸ *Id.* at 3.

⁴⁹ *Id.* at 4. See also Spiegel & Cleven May 20th Letter, *supra* note 9, at 5-8, and Spiegel May 20th Letter, *supra* note 9, at 5-8.

⁵⁰ The Commission notes that the CBOE membership approved the proposed purchase offer initiative in a vote on April 19, 2004, and that the CBOE represents that it has not yet accepted or paid for any Exercise Right privileges that may be tendered pursuant to its "Offer to Purchase for Cash Exercise Right Privileges." See Letter from Joanne Moffic-Silver, Executive Vice President and General Counsel, CBOE, to Jonathan G. Katz, Secretary, Commission, dated May 6, 2005, at 8-9.

Delaware counsel in connection with SR-CBOE-2005-19).

⁴⁴ See *id.*

decided by an arbitration panel."⁵¹ The Commission reiterates that it is not approving the 2001 Agreement.⁵²

IV. Conclusion

The Commission received two requests for the Commission to extend the comment period for this proposed rule change. The reasons for these requests were for "additional time to study and comment on the April 18th release as it pertains to these rule filings,"⁵³ and to permit the public time to submit comments in response to the CBOE's May 6, 2005 letter filed in response to the two earlier comment letters.⁵⁴ The proposed rule change was publicly available on March 7, 2005 when the CBOE filed it. On April 7, 2005, the proposal was published in the *Federal Register* along with Amendment No. 1, which included a technical amendment and the opinion letter from CBOE's Delaware counsel.⁵⁵ The Commission sees no reason to delay action on the CBOE's current proposed rule change to accommodate commenters' review of the Commission's order denying reconsideration of a separate filing. In addition, the Commission believes that the public has had sufficient time to review the substance of the CBOE's proposed rule change and provide the Commission with comments.

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the Exchange Act and the rules and regulations thereunder applicable to a national securities exchange, and in particular, with Section 6(b)(5) of the Exchange Act.⁵⁶

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,⁵⁷ that the proposed rule change (SR-CBOE-2005-19), as amended, be, and it hereby is, approved.

By the Commission.

Jill M. Peterson,
Assistant Secretary.

[FR Doc. E5-2717 Filed 5-27-05; 8:45 am]

BILLING CODE 8010-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51729; File No. SR-NYSE-2004-57]

Self-Regulatory Organizations; New York Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendments No. 1 and No. 2 Thereto Relating to Member Organization Increases in Arbitration Filing Fees and Member Organization Surcharges in Arbitration Claims Filed by Customers

May 24, 2005.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Exchange Act"), and Rule 19b-4² thereunder, notice is hereby given that on October 12, 2004 and on April 4, 2005 (Amendment No. 1) and on April 11, 2005 (Amendment No. 2), the New York Stock Exchange, Inc. ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission ("SEC" or the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. For the purposes of Section 19(b)(3)(A)(ii) of the Exchange Act³ and Rule 19b-4(f)(2) thereunder,⁴ NYSE has designated the proposed rule change as one establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on its members, which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change consists of amendments to Rule 629 concerning arbitration filing fees and hearing deposits, and the imposition of member organization surcharges pertaining to arbitration claims. Below is the text of the proposed rule change to Rule 629. Proposed new language is in italics; proposed deletions are in brackets.

Rule 629 Schedule of Fees

* * * * *

(c)(1) The arbitrators, in their award, may determine the amount chargeable to the parties as forum fees and shall determine who shall pay such forum fees. Forum fees chargeable to the

parties shall be assessed on a per hearing session basis and the aggregate for each hearing session may equal but shall not exceed the amount of the largest initial hearing deposit deposited by any party. [e] Except that in a case where claims have been joined subsequent to filing [in which cases hearing session], *forum fees for any party other than a customer shall be computed as provided in paragraph (d), and forum fees for a customer in connection with any industry claim shall be computed as provided in this paragraph (c)(1).* [The arbitrators may determine in the award that a party shall reimburse to another party any non-refundable filing fee it has paid.]

If a customer is assessed forum fees in connection with an industry claim, [forum fees assessed against] the customer's *forum fees* shall be based on the [hearing deposit required under the industry claims schedule for the] *total amount awarded to industry parties to be paid by the customer and not based on the size of the industry claim. The maximum fee per session for purposes of calculating any forum fees that may be assessed against the customer in connection with an industry claim shall be:*

Amount of award (excluding interest expenses)	Maximum per-session customer fee amount
\$25,001 to \$100,000	\$600
\$100,001 to \$500,000	750
\$500,001 to \$5,000,000	1,000
Over \$5,000,000	1,500

(c)(2) The arbitrators, in their award, may determine that a party shall reimburse to another party any non-refundable filing fee it has paid; any such filing fee assessed against a customer in connection with an industry claim shall not exceed \$500.00.

No fees shall be assessed against a customer in connection with an industry claim that is dismissed; however, in cases where there is also a customer claim, the customer may be assessed forum fees based on the customer claim under the procedure set out above. Amounts deposited by a party as hearing deposits shall be applied against forum fees, if any.

In addition to forum fees, the arbitrator(s) may determine in the award the amount of costs incurred pursuant to Rules 617, 619 and 623 and, unless applicable law directs otherwise, other costs and expenses of the parties. The arbitrator(s) shall determine by whom such costs shall be borne[.], *provided that the following schedule of hearing deposits shall be used to calculate any*

⁵¹ Joint Letter, *supra* note 5, at 1-2.

⁵² If the CBOE comes to believe that any of the conditions in the 2001 Agreement, as amended, are no longer satisfied by the CBOT or CBOT Holdings, Inc. such that the interpretation the Commission is today approving is no longer proper, the CBOE would be required to file with the Commission any subsequent interpretation of Article Fifth(b).

⁵³ Joint Letter, *supra* note 5, at 7. See also Securities Exchange Act Release No. 51568 (Apr. 18, 2005), 70 FR 20953 (Apr. 22, 2005) [order denying motion for reconsideration of the Commission's order approving SR-CBOE-2004-16].

⁴ 17 CFR 240.19b-4(f)(2).

costs assessable against the customer pursuant to Rule 617 in connection with an industry claim.

Amount of dispute (excluding interest expenses)	Hearing deposit
\$25,001 to \$100,000	\$600
\$100,001 to \$500,000	750
\$500,001 to \$5,000,000	1,000
Over \$5,000,000	1,500

If the [hearing session] forum fees are not assessed against a party who had made a hearing deposit, the hearing deposit will be refunded unless the arbitrators determine [otherwise] that a hearing deposit paid by a party other than a customer should not be refunded. In no event shall the arbitrators determine not to refund a hearing deposit to a customer against whom forum fees are not assessed.

(e) If the dispute, claim or controversy does not involve, disclose or specify a money claim, the non-refundable filing fee for a public customer will be \$250 and the non-refundable filing fee for an

industry party shall be \$500. The hearing session deposit to be remitted by a party shall be \$600 or such greater or lesser amounts as the Director of Arbitration or the panel of arbitrators may require, but shall not exceed \$1,500.

(h) The fee for a pre-hearing conference with an arbitrator shall be:

SCHEDULE FOR PRE-HEARING CONFERENCE WITH ONE ARBITRATOR ¹

Amount in controversy	Conference fee	
	For customers	For industry
\$1,000 or less	\$15.00	\$25.00
\$1,001 up to \$2,500	25.00	50.00
\$2,501 up to \$5,000	100.00	125.00
\$5,001 up to \$10,000	200.00	250.00
\$10,001 up to \$25,000	300.00	300.00
Over \$25,000	450.00	450.00

¹ Fee for pre-hearing conference with three arbitrators shall be based on applicable hearing session deposit fee.

(i) Schedule of Fees.

For purposes of the schedule of fees the term "claim" includes Claims, Counterclaims, Third-Party Claims or Cross-Claims. Any such claim submitted by a customer is a customer claim. Any such claim submitted by a member, allied member, registered representative, member firm or member corporation against a customer or other non-member is an industry claim.

For claims of \$25,000 or less see schedule of fees in Rule 601 Simplified Arbitration.

CUSTOMER AS CLAIMANT

Amount of dispute (excluding interest expenses)	Filing fee	Industry hearing deposit 3 Arbs.	Customer hearing deposit 3 Arbs.
\$25,001 to \$100,000	[\$500] 1,000	[\$600] 750	\$600
\$100,001 to \$500,000	[500] 1,000	[750] 1,125	750
\$500,001 to \$5,000,000	[500] 1,500	[1,000] 1,200	1000
Over \$5,000,000	[500]	[1,500]	1500
\$5,000,001 to \$10,000,000	2,500	1,500	
Over \$10,000,000	5,000	1,500	

* This is the fee schedule for claims submitted by members, member firms, member corporations or allied members against members, member firms, member corporations or allied members, customers, registered representatives or non-members other than customers, and for claims submitted by registered representatives or non-members other than customers against members, member firms, member corporations, allied members or non-members.

(j) Member Surcharges

Each member, member firm, member corporation or allied member (hereinafter referred to as any "entity") that is named as a party to an arbitration proceeding, whether in a Claim, Counterclaim, Cross-Claim or Third-Party Claim, shall be assessed a member surcharge pursuant to the schedule below upon receipt of the claim naming such entity as a party to the proceeding. For each associated person who is named, the member surcharge shall be assessed against the entity or entities that employed the associated person at the time of the events which gave rise to the dispute, claim or controversy. No entity shall be assessed more than a single member surcharge in any arbitration proceeding. The member surcharge will be refunded by the Exchange in an arbitration filed by a customer if the arbitration panel:

(1) denies all of a customer's claims against the entity or associated person, and (2) allocates all forum fees assessed pursuant to Rules 601 and 629 against the customer.

Amount in Dispute	Member Surcharge
Up to \$2,500	\$150
\$2,501 to \$5,000	200
\$5,001 to \$10,000	325
\$10,001 to \$25,000	425
\$25,001 to \$30,000	600
\$30,001 to \$50,000	875
\$50,001 to \$100,000	1,100
\$100,001 to \$500,000	1,700
\$500,001 to \$1,000,000	2,250
\$1,000,001 to \$5,000,000	2,800
\$5,000,001 to \$10,000,000	3,350
Over \$10,000,000	3,750

If the dispute, claim or controversy does not involve, disclose, or specify a monetary claim, the member surcharge

shall be \$1,500 or such greater or lesser amount as the Director of Arbitration or the panel of arbitrators may require, but shall not exceed the maximum amount specified in the schedule of member surcharges.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections (A), (B), and (C) below,

of the most significant aspects of such statements.

1. Purpose

The proposed rule change would raise existing fees associated with filing arbitration claims for member organizations and associated persons, and would impose a new surcharge on member organizations that are the subject of arbitration claims, or whose associated person(s) are the subject of such claims. Under the proposed rule change, filing fees and hearing deposits would be increased only for cases initiated by members and member organizations, and the filing fees and hearing deposits for claims initiated by public customers would not be increased.

When a party files an arbitration claim at the Exchange, a non-refundable filing fee and a hearing deposit is required. Fees are also required when filing counterclaims, cross-claims and third party claims. The amount of the fee and deposit varies based on the amount in dispute. At the conclusion of the hearings, the arbitrators assess forum fees against the claimant(s) or respondent(s), or both. The forum fees are computed by multiplying the total number of hearing sessions by the initial hearing deposit. These fees are payable to the Exchange and offset the cost of maintaining the arbitration forum.

As the arbitration caseload has increased significantly over the past several years, the attendant costs to the Exchange in maintaining the arbitration forum have also increased. This fee increase will offset a portion of those increased costs.

2. Statutory Basis

The basis under the Exchange Act for this proposed rule change is the requirement under Section 6(b)(4)⁵ that an exchange have rules that provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Exchange Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii)⁶ of the Exchange Act and Rule 19b-4(f)(2)⁷ thereunder, in that it establishes or changes a due, fee, or other charge imposed by the Exchange on its members. At any time within 60 days of the filing of this proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Exchange Act.⁸

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Exchange Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send e-mail to rule-comments@sec.gov. Please include File Number SR-NYSE-2004-57 on the subject line.

Paper Comments

- Send paper comments in triplicate to Jonathan G. Katz, Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609.

All submissions should refer to File Number SR-NYSE-2004-57. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent

amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NYSE. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File number SR-NYSE-2004-57 and should be submitted by June 21, 2005.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁹

Jill M. Peterson,

Assistant Secretary.

BILLING CODE 8010-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51723; File No. SR-PCX-2005-52]

Self-Regulatory Organizations; Pacific Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendments No. 1 and 2 Thereto Making Certain Administrative Changes to the PCX Rules

May 20, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 12, 2005, the Pacific Exchange, Inc. ("PCX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by PCX. On May 5, 2005, the Exchange filed Amendment No. 1 to the proposed rule change.³ On May 9, 2005, the

⁹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ In Amendment No. 1, the Exchange corrected typographical errors and made clarifying changes to the proposed rule text. Amendment No. 1 superseded and replaced the original proposed rule change in its entirety. Telephone Conference on April 19, 2005 between Tania Blanford, Regulatory

⁵ 15 U.S.C. 78f(b)(4).

⁶ 15 U.S.C. 78s(b)(3)(A)(ii).

⁷ 17 CFR 240.19b-4(f)(2).

⁸ For purposes of calculating the 60-day abrogation period, the Commission considers the proposed rule change to have been filed on April 11, 2005, when Amendment No. 2 was filed.

Exchange filed Amendment No. 2 to the proposed rule change.⁴ The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act,⁵ and Rule 19b-4(f)(3) thereunder,⁶ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

PCX proposes to amend the PCX Rules to make certain administrative changes that were inadvertently omitted when PCX demutualized. The text of the proposed rule change is available on the PCX Web site (<http://www.pacificex.com>), at the PCX's Office of the Secretary and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend the PCX Rules in order to make certain administrative changes that were inadvertently not included in the proposed rule change pertaining to the Exchange's demutualization.⁷ These changes include removing certain obsolete terms and replacing them with the appropriate terms now used for the demutualized exchange, updating cross-

references in the PCX Rules and correcting typographical errors. Once updated, the PCX Rules will read as intended at the completion of demutualization. The proposed rule change, as amended, also sets forth circumstances when an Exchange Official can take specified actions.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁹ in particular, in that it is designed to facilitate transactions in securities, to promote just and equitable principles of trade, to enhance competition and to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change, as amended, has become effective pursuant to Section 19(b)(3)(A)(iii) of the Securities Exchange Act of 1934¹⁰ and subparagraph (f)(3) of Rule 19b-4 thereunder¹¹ because it is concerned solely with the administration of the Exchange. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹²

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

¹⁰ 15 U.S.C. 78f(b)(3)(A)(iii).

¹¹ 17 CFR 240.19b-4(f)(3).

¹² For purposes of calculating the 60-day period within which the Commission may summarily abrogate the proposed rule change under Section 19(b)(3)(C) of the Act, the Commission considers that period to commence on May 9, 2005, the date the Exchange filed Amendment No. 2 to the proposed rule change. See 15 U.S.C. 78s(b)(3)(C).

Attorney, PCX and Mitra Mehr, Staff Attorney, Division of Market Regulation, Commission ("May 19th Telephone Conference").

⁴ In Amendment No. 2, the Exchange made additional clarifying changes to the proposed rule text. Amendment No. 2 superseded and replaced the proposed rule change, as amended by Amendment No. 1, in its entirety. May 19th Telephone Conference.

⁵ 15 U.S.C. 78s(b)(3)(A).

⁶ 17 CFR 240.19b-4(f)(3).

⁷ See Securities Exchange Release No. 49718 (May 17, 2004), 69 FR 29611 (May 24, 2004) (SR-PCX-2004-08).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-PCX-2005-52 on the subject line.

Paper Comments

- Send paper comments in triplicate to Jonathan G. Katz, Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609.

All submissions should refer to File Number SR-PCX-2005-52. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-PCX-2005-52 and should be submitted on or before June 21, 2005.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³

Jill M. Peterson,

Assistant Secretary.

SMALL BUSINESS ADMINISTRATION

Data Collection Available for Public Comments and Recommendations

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Small Business Administration's intentions to request approval on a new and/or currently approved information collection.

DATES: Submit comments on or before August 1, 2005.

ADDRESSES: Send all comments regarding whether these information collections are necessary for the proper performance of the function of the agency, whether the burden estimates are accurate, and if there are ways to minimize the estimated burden and enhance the quality of the collections, to Jacqueline West, Program Analyst, Office of Business Development, Small Business Administration, 409 3rd Street SW., Suite 8800, Washington, DC 20416.

FOR FURTHER INFORMATION CONTACT: Jacqueline West, Program Analyst, 202-205-7581, jacqueline.west@sba.gov. Curtis B. Rich, Management Analyst, 202-205-7030, curtis.rich@sba.sba.

SUPPLEMENTARY INFORMATION:

Title: "Nomination for the Small Business Prime Contractor & Nomination of the Small Business Subcontractor of the Year Award".

Description of Respondents: Prime Contractor, Subcontractor.

Form No's: 883 and 1375.

Annual Responses: 469.

Annual Burden: 1,876.

Title: "Representatives Used and Compensation Paid for Services in Connection with obtaining Federal Contracts".

Description of Respondents: 8(a) Program Participant.

Form No's: 1790.

Annual Responses: 13,884.

Annual Burden: 13,884.

ADDRESSES: Send all comments regarding whether this information collection is necessary for the proper performance of the function of the agency, whether the burden estimates

are accurate, and if there are ways to minimize the estimated burden and enhance the quality of the collection, to George Solomon, Supervisory Business Development, Office of Business Initiatives, Small Business Administration, 409 3rd Street SW., Suite 6100, Washington, DC 20416.

FOR FURTHER INFORMATION CONTACT: George Solomon, Supervisory Business Development, 202-205-7246, george.solomon@sba.gov. Curtis B. Rich, Management Analyst, 202-205-7030, curtis.rich@sba.sba.

SUPPLEMENTARY INFORMATION:

Title: "Entrepreneurial Development Impact Survey".

Description of Respondents: Small Business Clients owners & employees, prospective Entrepreneurs and other student of enterprise.

Form No's: 2214.

Annual Responses: 14,000.

Annual Burden: 2,333.

ADDRESSES: Send all comments regarding whether this information collection is necessary for the proper performance of the function of the agency, whether the burden estimates are accurate, and if there are ways to minimize the estimated burden and enhance the quality of the collection, to Sandy Johnston, Program Analyst, Office of Financial Assistance, Small Business Administration, 409 3rd Street SW., Suite 8300, Washington, DC 20416.

FOR FURTHER INFORMATION CONTACT: Sandy Johnston, Program Analyst, 202-205-7528, sandy.johnston@sba.gov. Curtis B. Rich, Management Analyst, 202-205-7030, curtis.rich@sba.sba.

SUPPLEMENTARY INFORMATION:

Title: "Secondary Market Assignment and Disclosure Form".

Description of Respondents: Secondary Market Participants.

Form No's: 1088.

Annual Responses: 5,000.

Annual Burden: 7,500.

BILLING CODE 8025-01-P

DEPARTMENT OF STATE

[Public Notice 5092]

Procedures for Issuance of a Presidential Permit Where There Has Been a Transfer of the Underlying Facility, Bridge or Border Crossing for Land Transportation

AGENCY: Department of State, Office of the Under Secretary for Economic and Agricultural Affairs.

ACTION: Notice.

FOR FURTHER INFORMATION CONTACT:

Office of International Energy and Commodity Policy, Bureau of Economic and Business Affairs (EB/ESC/IEC), Department of State, 2201 C Street, NW., Suite 3535, Washington, DC 20520, Attn: Matthew McManus, telephone: 202-647-2887, e-mail: McManusMT@state.gov.

The Department of State's policies and procedures for issuance of a Presidential Permit in connection with cross-border facilities (such as pipelines, bridges, border crossings for land transportation, etc.) involve the exercise of a foreign affairs function of the United States. The following procedures apply in a given case only to the extent that they are consistent with a prior Congressional authorization (if any). In the event of a conflict, the prior Congressional authorization prevails. The Department of State also reserves the right to deviate from these procedures in particular cases.

1. When the Department of State is notified by the holder of a Presidential permit of the transfer of the relevant facility, bridge or border crossing for land transportation to another party, the relevant Department of State office will contact the transferee entity and seek a commitment from the transferee, if not already provided, that it will abide by the relevant terms and conditions of the previously-issued permit.

2. The relevant office will further request that the transferee submit an application for a new permit, containing, *inter alia*, information explaining the nature of the entity, its ownership, its place of incorporation or organization, information concerning its acquisition of relevant facility, bridge or border crossing from the prior permit holder and any other relevant information concerning its operation of the facility, bridge or border crossing.

3. Once the relevant office in the Department of State obtains the commitment described above and a completed permit application, it will process the application in accordance with the procedures set forth in E.O. 11423, as amended, or E.O. 13337, as applicable. However, in the event that the transferee commits to abiding by the relevant terms and conditions of the previously-issued permit and further indicates that the operations of the relevant facility, bridge or border crossing will remain essentially unchanged from that previously permitted, the Department of State, pursuant to 22 CFR 161.7(b)(3), does not intend to conduct an environmental review of the application under its

¹³ 17 CFR 200.30-3(a)(12).

regulations implementing the National Environmental Policy Act, 22 CFR part 161, unless information is brought to its attention in connection with the application process that the transfer potentially would have a significant impact on the quality of the human environment. In the latter circumstance, the Department of State will evaluate what further steps it will take with respect to environmental review of the application in light of the available information and its legal responsibilities under NEPA.

Dated: May 24, 2005.

E. Anthony Wayne,

Assistant Secretary, Bureau of Economic and Business Affairs, Department of State.

[FR Doc. 05-10736 Filed 5-27-05; 8:45 am]

BILLING CODE 4710-07-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Trade Policy Staff Committee; Notice of Availability and Request for Public Comment on Interim Environmental Review of United States-United Arab Emirates (UAE) Free Trade Agreement

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of availability and request for public comment.

SUMMARY: The Office of the U.S. Trade Representative (USTR), on behalf of the Trade Policy Staff Committee (TPSC), seeks comment on the interim environmental review of the proposed U.S.-UAE Free Trade Agreement (FTA). The interim environmental review is available at http://www.ustr.gov/Trade_Sectors/Environment/Environmental_Reviews/Section_Index.html. Copies of the review will also be sent to interested members of the public by mail upon request.

DATES: Comments on the draft environmental review are requested by July 15, 2005 to inform the negotiations and the review of the final agreement.

FOR FURTHER INFORMATION CONTACT: For procedural questions concerning public comments, contact Gloria Blue, Executive Secretary, TPSC, Office of the USTR, 1724 F Street, NW., Washington, DC 20508, telephone (202) 395-3475. Questions concerning the environmental review, or requests for copies, should be addressed to David Brooks, Environment and Natural Resources Section, Office of the USTR, telephone 202-395-7320.

SUPPLEMENTARY INFORMATION: The Trade Act of 2002, signed by the President on

August 6, 2002, provides that the President shall conduct environmental reviews of [certain] trade agreements consistent with Executive Order 13121—Environmental Review of Trade Agreements (64 FR 63169, Nov. 18, 1999) and its implementing guidelines (65 FR 79442, Dec. 19, 2000) and report on such reviews to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate. The Order and guidelines are available at http://www.ustr.gov/Trade_Sectors/Environment/Section_Index.html.

The purpose of environmental reviews is to ensure that policymakers and the public are informed about reasonably foreseeable environmental impacts of trade agreements (both positive and negative), to identify complementarities between trade and environmental objectives, and to help shape appropriate responses if environmental impacts are identified. Reviews are intended to be one tool, among others, for integrating environmental information and analysis into the fluid, dynamic process of trade negotiations. USTR and the Council on Environmental Quality jointly oversee implementation of the Order and Guidelines. USTR, through the Trade Policy Staff Committee (TPSC), is responsible for conducting the individual reviews.

Written Comments

In order to facilitate prompt processing of submissions of comments, the Office of the United States Trade Representative strongly urges and prefers e-mail submissions in response to this notice. Persons submitting comments by e-mail should use the following e-mail address: FR0509@ustr.eop.gov with the subject line: "US-UAE FTA Interim Environmental Review." Documents should be submitted as a Word Perfect, MSWord, or text (.TXT) file. Persons who make submissions by e-mail should not provide separate cover letters; information that might appear in a cover letter should be included in the submission itself. To the extent possible, any attachments to the submission should be included in the same file as the submission itself, and not as separate files. If submission by e-mail is impossible, comments should be made by facsimile to (202) 395-6143, attention: Gloria Blue.

Written comments will be placed in a file open to public inspection in the USTR Reading Room at 1724 F Street, NW., Washington DC. An appointment to review the file may be made by calling (202) 395-6186. The Reading

Room is open to the public from 10-12 a.m. and from 1-4 p.m., Monday through Friday.

General information concerning the Office of the United States Trade Representative may be obtained by accessing its Internet Web site (<http://www.ustr.gov>).

Carmen Suro-Bredie,

Chair, Trade Policy Staff Committee.

BILLING CODE 4910-62-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Membership in the National Parks Overflights Advisory Group

AGENCY: Federal Aviation Administration.

ACTION: Notice.

SUMMARY: By **Federal Register** notice published on February 10, 2005, the National Park Service (NPS) and the Federal Aviation Administration (FAA), asked interested persons to apply to fill two vacant positions representing environmental interests on the National Parks Overflights Advisory Group (NPOAG). This notice informs the public of the persons selected to fill that vacancy on the NPOAG.

FOR FURTHER INFORMATION CONTACT: Barry Brayer, Executive Resource Staff, Western Pacific Region Headquarters, 15000 Aviation Blvd., Hawthorne, CA 90250, telephone: (310) 725-3800, e-mail: Barry.Brayer@faa.gov, or Karen Trevino, National Park Service, Natural Sounds Program, 1201 Oakridge Dr., Suite 350, Ft. Collins, CO, 80525, telephone (970) 225-3563, or Karen_Trevino@nps.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000 (the Act) was enacted on April 5, 2000, as Pub. L. 106-181. The Act required the establishment of the advisory group within 1 year after its enactment. The NPOAG was established in March 2001. The advisory group is comprised of a balanced group of representatives of general aviation, commercial air tour operations, environmental concerns,

and Native American tribes. The Administrator and the Director (or their designees) serve as ex officio members of the group. Representatives of the Administrator and Director serve alternating 1-year terms as chairman of the advisory group.

The advisory group provides "advice, information, and recommendations to the Administrator and the Director—

(1) On the implementation of this title [the Act] and the amendments made by this title;

(2) On commonly accepted quiet aircraft technology for use in commercial air tour operations over a national park or tribal lands, which will receive preferential treatment in a given air tour management plan;

(3) On other measures that might be taken to accommodate the interests of visitors to national parks; and

(4) At the request of the Administrator and the Director, safety, environmental, and other issues related to commercial air tour operations over a national park or tribal lands."

Changes in Membership

To maintain the balanced representation of the group, the FAA and the NPS recently published a notice in the **Federal Register** asking interested persons to apply to fill two vacancies representing environmental interests on the NPOAG. The persons selected to fill those positions are Don Barger, National Parks Conservation Association, and Mark Peterson, Missouri Audubon. The current members of the NPOAG ARC are Heidi Williams (general aviation), Richard Larew, Elling Halverson, and Alan Stephen (commercial air tour operations), Chip Dennerlein and Charles Maynard (environmental), and Germaine White and Richard Deertrack (Indian tribes).

Issued in Hawthorne, California, on May 18, 2005.

William C. Withycombe,

Regional Administrator, Western-Pacific Region.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Membership in the Grand Canyon Working Group of the National Parks Overflights Advisory Group

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: By **Federal Register** notice published on March 30, 2005, the

National Park Service (NPS) and the Federal Aviation Administration (FAA), announced the establishment of a Grand Canyon Working Group within the National Parks Overflights Advisory Group (NPOAG) and asked interested persons to apply for membership on the new Working Group. This notice informs the public of the persons selected for the Grand Canyon Working Group and the date and location of the first meeting.

FOR FURTHER INFORMATION CONTACT:

Lynne Pickard, Senior Advisor for Environmental Policy, Federal Aviation Administration, 800 Independence Avenue NW., Washington, DC 20591, telephone (202) 267-3576, lynne.pickard@faa.gov, or Karen Trevino, National Park Service, Natural Sounds Program, 1201 Oakridge Dr., Suite 350, Ft. Collins, CO 80525, telephone (970) 225-3563, Karen_Trevino@nps.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Overflights Act of 1987 (Pub. L. 100-91) requires actions by the Department of the Interior/National Park Service (DOI/NPS) and the Federal Aviation Administration (FAA) to provide for substantial restoration of the natural quiet and experience of the Grand Canyon National Park and for protection of public health and safety from adverse effects associated with aircraft overflights.

The NPS and the FAA are committed to the joint Federal leadership necessary to complete this task with the participation of stakeholders, including tribal governments. The NPS and the FAA have engaged the U.S. Institute for Environmental Conflict Resolution and Lucy Moore Associates to assist the agencies and stakeholders in developing a final overflights plan that will meet the goals and receive broad support.

The National Parks Overflights Advisory Group (NPOAG) is an appropriate forum for bringing agencies, tribal governments, aviation and environmental interests together to address this issue. The NPS and the FAA, as required by the National Parks Air Tour Management Act of 2000, established the NPOAG in March 2001. By FAA Order No. 1110-138, signed by the FAA Administrator on October 10, 2003, the NPOAG became an Aviation Rulemaking Committee (ARC). The NPOAG is comprised of a balanced group of representatives of general aviation, commercial air tour operations, environmental concerns, and Native American tribes. It provides

advice, information, and recommendations to the FAA Administrator and NPS Director with respect to commercial air tour operations over and near national parks and abutting tribal lands. The Administrator and Director may also request the NPOAG's advice and recommendations on safety, environmental, and other issues related to commercial air tour operations over a national park or tribal lands.

Structure of the Grand Canyon Working Group

The Grand Canyon Working Group will be comprised of 20 members to assure a representative and balanced group of agency, tribal, environmental, recreation, and aviation interests. The Working Group will be co-chaired by a representative of the NPS and a representative of the FAA, and will be facilitated by Lucy Moore Associates, a third-party neutral contracted through the U.S. Institute for Environmental Conflict Resolution. The Working Group will address issues related to Grand Canyon overflight noise; seek meaningful, realistic and implementable solutions; and achieve as much consensus as possible on an overflights plan among the multiple interests that have a stake in this issue.

The Working Group will be a self-contained group within the NPOAG that will report simultaneously to the NPOAG, the NPS, and the FAA. The Working Group will have specific responsibility for Grand Canyon overflight matters, including but not limited to:

- Review of the overflights noise analysis in order to have confidence in the approach and results.
- Recommendations for a final overflights plan that provides for the substantial restoration of natural quiet and experience of the Grand Canyon National Park, including routes or corridors for commercial air tour operations that employ quiet aircraft technology, and for protection of public health and safety from adverse effects associated with aircraft overflights.
- Participation in the development of aviation regulations necessary to implement the recommendations.

Date and Location of First Working Group Meeting

The first Working Group will be held July 13-14, 2005 in Flagstaff, Arizona at Thornager's/The Kilted Cat, 2640 West Kiltie Lane, telephone (928) 774-8583. The meeting will begin at 1:30 p.m. on July 13 and end at 5 p.m. on July 14. An agenda will be distributed to Working Group Members and posted on the

Grand Canyon Overflights web site (<http://overflights.faa.gov>) in advance of the meeting. The meeting is an open meeting. Anyone may attend as an observer. Business will be conducted by the Working Group, facilitated by Lucy Moore and supported by NPS and FAA staff. Observers will not participate in the Working Group's discussions, but will be afforded an opportunity during the meeting to ask questions and provide comments. The Working Group is anticipated to meet quarterly and to review and exchange information and views between meetings via mail, telephone, and Email. Meetings will be held within reasonable geographic proximity to the Grand Canyon to minimize travel time and expenses of most participants.

The Working Group may be convened for approximately 3 years, assuming the need for aviation rulemaking activity and accompanying National Environmental Policy Act review following the Working Group's recommendations. The final overflights plan shall ensure that the restoration of natural quiet required by the National Parks Overflights Act is completed no later than April 22, 2008, in accordance with the Presidential memorandum of April 22, 1996.

Working Group Members

On March 30, 2005, the FAA and the NPS published a notice in the **Federal Register** asking interested persons who met the qualifications requirements to apply for membership in the Working Group. The number of qualified applicants exceeded the number of seats allocated for the Working Group, making the selection process a challenging one. Members have been selected to provide a balanced group of key interests. The persons selected for membership are Ms. Katherine Andrus (Air Transport Association), Mr. Bill Austin (U.S. Fish and Wildlife Service), Mr. Alan Downer (Navajo Nation), Mr. Mark Grisham (Grand Canyon River Outfitters Association), Mr. Elling Halvorson (Papillon Airways), Mr. Dick Hingson (Grand Canyon Trust and National Parks Conservation Association), Mr. Leigh Kuwanwisiwma (Hopi Tribe), Mr. Cliff Langness (Westwind Aviation/King Airlines), Mr. Roland Manakaja (Havasupai Tribe), Mr. Jim McCarthy (Sierra Club), Mr. Doug Nering (Grand Canyon Hikers and Backpackers Association), Ms. Lynne Pickard (FAA and Working Group co-chair), Mr. Alan Stephen (Grand Canyon Airlines), Mr. John Sullivan (Sundance Helicopters), Ms. Karen Trevino (National Park Service and Working Group co-chair), Mr. Charles Vaughn

(Hualapai Tribe), Ms. Heidi Williams (Aircraft Owners and Pilots Association), Mr. David Yeamans (Grand Canyon Private Boaters Association), and Mr. Alan Zusman (Department of Defense/U.S. Navy). The representatives named above total 19 to fill the 20-member Working Group because the Grand Canyon Trust and the National Parks Conservation Association have each been selected for membership, but have initially proposed to share a representative. A 20th person will be added to the Working Group, allowing each member organization an individual representative, if this sharing arrangement changes.

Members may designate alternates to substitute for them if they are unable to attend any meetings. Alternates must be approved in advance by the NPS and FAA co-chairs, consistent with the procedure used by the NPOAG. FAA and NPS will maintain a roster of qualified alternates, including but not limited to applications received for Working Group membership, and members may seek alternates from the roster instead of recommending their own. Members and alternates are responsible for keeping each other fully informed, and alternates must be prepared to participate and represent their area of interest.

Questions on Working Group, Meeting, or Membership

Questions about the formation and first meeting of the Working Group, as well as the membership selection process, may be referred to Ms. Lucy Moore, 5 Seton Plaza, Santa Fe, New Mexico 87508, telephone (505) 820-2166, fax (505) 820-2191, Email: lucymoore@nets.com.

Issued in Hawthorne, California on May 17, 2005.

William C. Withycombe,

Regional Administrator, Western-Pacific Region.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Meeting of the National Parks Overflights Advisory Group Aviation Rulemaking Committee

ACTION: Notice of meeting.

SUMMARY: The National Park Service (NPS) and Federal Aviation Administration (FAA), in accordance with the National Parks Air Tour

Management Act of 2000, announce the next meeting of the National Parks Overflights Advisory Group Aviation Rulemaking Committee (NPOAG ARC). This notice informs the public of the date, location, and agenda for the meeting.

DATES: The NPOAG ARC will meet June 21–23, at the Rushmore Plaza Holiday Inn, 505 North Fifth Street, Rapid City, SD 57701. The meeting will begin at 8:30 a.m. on Tuesday, June 21, 2005.

FOR FURTHER INFORMATION CONTACT: Barry Brayer, Manager, Executive Resource Staff, Western Pacific Region, Federal Aviation Administration, 15000 Aviation Blvd., Hawthorne, CA 90250, telephone: (310) 725–3800, or Barry.Brayer@faa.gov, or Karen Trevino, National Park Service, Natural Sounds Program, 1201 Oakridge Dr., Suite 350, Ft. Collins, CO 80525, telephone (970) 225–3563, or Karen_Trevino@nps.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000, enacted on April 5, 2000, as Public Law 106–181 (Pub. L. 106–181), required the establishment of a National Parks Overflights Advisory Group within 1 year after its enactment. The NPOAG was to be a balanced group representative of general aviation, commercial air tour operations, environmental concerns, and Indian tribes. The duties of the NPOAG included providing advice, information, and recommendations to the Director, NPS, and to the Administrator, FAA, on the implementation of Public Law 106–181, on quiet aircraft technology, on other measures that might accommodate interests to visitors to national parks, and, at the request of the Director and Administrator, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

On March 12, 2001, the FAA and NPS announced the establishment of the NPOAG (48 FR 14429). The advisory group has held six meetings: August 28–29, 2001, in Las Vegas, Nevada; October 4–5, 2002, in Tusayan, Arizona; October 20–21, 2003 in Jackson, Wyoming; March 18–19, 2004, in Boulder City, NV; September 9–10, 2004, in Washington, DC and February 23–25, 2005 in Gatlinburg, TN.

On October 10, 2003, the Administrator signed Order No. 1110–138 establishing the NPOAG as an aviation rulemaking committee. The current members of the NPOAG ARC are Heidi Williams (general aviation), Richard Larew, Elling Halverson, and

Alan Stephen (commercial air tour operations), Don Barger, Chip Dennerlein, Charles Maynard, and Mark Peterson (environmental interests), and Germaine White and Richard Deertrack (Indian tribes).

Agenda for the June 21–23, 2005 Meeting

The NPOAG ARC will review various aspects of the Air Tour Management Plan schedule, environmental impact analysis procedures, interim operating authority, acoustic modeling, implementation plan, and other matters related to the Act.

Attendance at the Meeting

Although this is not a public meeting, interested persons may attend. Because seating is limited, if you plan to attend, please contact one of the persons listed under **FOR FURTHER INFORMATION CONTACT** so that meeting space may accommodate your attendance.

Record of the Meeting

If you cannot attend the meeting, a summary record of the meeting will be made available through the National Park Service, Natural Sounds Program, 1201 Oakridge Dr., Suite 350, Ft. Collins, CO 80525, telephone (970) 225–3563.

Issued in Hawthorne, California on May 18, 2005.

William C. Withycombe,
Regional Administrator, Western-Pacific Region.

**RTCA Special Committee 200/
EUROCAE Working Group 60: Modular
Avionics, 12th Joint Plenary Session**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of RTCA Special Committee 200/EUROCAE Working Group 60 meeting.

SUMMARY: The FAA is issuing this notice to advise the public of a meeting of RTCA Special Committee 200/EUROCAE Working Group 60: Modular Avionics.

DATES: The meeting will be held June 21–24, 2005, starting at 9 a.m.

ADDRESSES: The meeting will be held at RTCA, Inc., 1828 L Street, NW., Suite 805, Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT: (1) RTCA Secretariat, 1828 L Street, NW.,

Suite 805, Washington, DC 20036; telephone (202) 833–9339; fax (202) 833–9434; Web site <http://www.rtca.org>.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., Appendix 2), notice is hereby given for a Special Committee 200/EUROCAE Working Group 60 meeting. The agenda will include:

- June 21:
 - Opening Plenary Session (Welcome and Introductory Remarks, Review/Accept Agenda, Review/Approve previous Common Plenary Summary minutes of February 15–18, 2005, Review Open Action Items, Establish process for resolution of editorial and technical comments on Final Review and Comment (FRAC) document Integrated Modular Avionics (IMA) Development Guidance and Certification Considerations).

• Plenary resolution of comments begins.

- June 22–23:
 - Plenary resolution of comments continues.

- June 24:
 - Closing Plenary Session (Complete resolution of FRAC comments, approve and forward FRAC document for approval, Review Action Items, Date and Place of Next Meeting, Adjourn).

Attendance is open to the interested public but limited to space availability. With the approval of the chairmen, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on May 17, 2005.

Natalie Ogletree,
FAA General Engineer, RTCA Advisory Committee.

**Second Meeting: RTCA Special
Committee 203/Minimum Performance
Standards for Unmanned Aircraft
Systems and Unmanned Aircraft**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of RTCA Special Committee 203, Minimum Performance Standards for Unmanned Aircraft Systems and Unmanned Aircraft.

SUMMARY: The FAA is issuing this notice to advise the public of a meeting of RTCA Special Committee 203, Minimum Performance Standards for Unmanned Aircraft Systems and Unmanned Aircraft.

DATES: The meeting will be held June 21–23, 2005, starting at 9 a.m.

ADDRESSES: The meeting will be held at ARINC, Lower Level Conference Room, 2551 Riva Road, Building 6, Annapolis, MD 21401–7435.

FOR FURTHER INFORMATION CONTACT: (1) RTCA Secretariat, 1828 L Street, NW., Suite 805, Washington, DC 20036; telephone (202) 833–9339; fax (202) 833–9434; Web site <http://www.rtca.org>; ARINC Contact: Mrs. Ingrid Lemon; telephone (410) 266–4176 or (800) 492–2186 ext. 4176; e-mail iel@arinc.com.

Note: Foreign National attendees are required to fax the inside copy of their passport, which shows photo identification to Mrs. Ingrid Lemon at (410) 266–2049, no later than June 10, 2005. Also, indicate that you will be attending the SC–203 Plenary #3, and what company you represent. Additionally, Foreign National will be required to present their passport for admission to ARINC for the meeting.

All attendees must show government issued photo ID, activate your cell phone for a security check and be prepared to provide the information below if entering ARINC with a notebook computer:

1. Full Name.
2. Work phone number.
3. Dates planned at ARINC.
4. Laptop description (Dell, Toshiba, HP, etc).
5. Item owner (company or personal).
6. Serial number.

To expedite this process, please fax or e-mail computer information in advance to Ms. Lemon at (410) 266–2049 or iel@arinc.com.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., Appendix 2), notice is hereby given for a Special Committee 203 meeting. The agenda will include:

- June 21:
 - Opening Plenary Session (Welcome and Introductory Remarks, Approval of Second Plenary Summary, Review SC–203 Progress Since Second Plenary, New Business, Plenary Adjourns).
 - Sub-Group Writing Teams in working sessions.
- June 22:
 - Sub-Group Writing Teams in working sessions.
- June 23:
 - Sub-Group Writing Teams in working sessions.

- Closing Plenary Session (Writing Teams Report Out, Review Writing Team Actions Items, Other Business Date and Place of Next Meeting, Review Plenary Action Items, Adjourn).

Attendance is open to the interested public but limited to space availability. With the approval of the chairmen, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on May 18, 2005.

Natalie Ogletree,
FAA General Engineer, RTCA Advisory Committee.

Federal Aviation Administration

Notice of Intent To Rule on Application 05–04–C–00–BIL, To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Billings-Logan International Airport, Submitted by the City of Billings, for Billings-Logan International Airport, Billings, MT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use PFC revenue at Billings-Logan International Airport under the provisions of 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR part 158).

DATES: Comments must be received on or before June 30, 2005.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: David S. Stelling, Manager; Helena Airports District Office, HLN–ADO; Federal Aviation Administration; FAA Building, Suite 2; 2725 Skyway Drive, Helena, Montana 59602–1213.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. J. Bruce Putnam, Director of Aviation and Transit, at the following address: 1901 Terminal Circle, Room 216, Billings, Montana 59105–1996.

Air Carriers and foreign air carriers may submit copies of written comments previously provided to Billings-Logan

International Airport, under § 158.23 of part 158.

FOR FURTHER INFORMATION CONTACT: David S. Stelling, Manager; Helena Airports District Office, HLN–ADO; Federal Aviation Administration; FAA Building, Suite 2; 2725 Skyway Drive, Helena, Montana 59602–1213. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application 05–04–C–00–BIL to impose and use PFC revenue at Billings-Logan International Airport, under the provisions of 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR part 158).

On May 19, 2005, the FAA determined that the application to impose and use the revenue from a PFC submitted by City of Billings, Billings-Logan International Airport, Billings, Montana, was substantially complete within the requirements of § 158.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than September 3, 2005.

The following is a brief overview of the application.

Level of the proposed PFC: \$3.00.
Proposed charge effective date: May 1, 2006.

Proposed charge expiration date: September 1, 2009.

Total requested for use approval: \$3,300,000.

Brief description of proposed project: Acquisition of Terminal Building Passenger Loading Bridges.

Class or classes of air carriers which the public agency has requested not be required to collect PFC's: None.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA Regional Airports Office located at: Federal Aviation Administration, Northwest Mountain Region Airports Division, ANM–600, 1601 Lind Avenue, SW., Suite 315, Renton, WA 98055–4056.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Billings Logan International Airport.

Issued in Renton, Washington on May 19, 2005.

David A. Field,
Manager, Planning, Programming and Capacity Branch, Northwest Mountain Region.

Notice of Intent To Rule on Application 05-05-C-00-MSO To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Missoula International Airport, Submitted by the Missoula County Airport Authority, Missoula International Airport, Missoula, MT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use PFC revenue at Missoula International Airport under the provisions of 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR part 158).

DATES: Comments must be received on or before June 30, 2005.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: David S. Stelling, Manager; Helena Airports District Office, HLN-ADO; Federal Aviation Administration; FAA Building, Suite 2; 2725 Skyway Drive, Helena, Montana 59602-1213.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Joe Easton, Acting Airport Director; Missoula County Airport Authority, 5225 Highway 10 West, Missoula, Montana 59808-6103.

Air Carriers and foreign air carriers may submit copies of written comments previously provided to Missoula International Airport, under § 158.23 of part 158.

FOR FURTHER INFORMATION CONTACT: David S. Stelling, Manager; Helena Airports District Office, HLN-ADO; Federal Aviation Administration; FAA Building, Suite 2; 2725 Skyway Drive, Helena, Montana 59602-1213. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application 05-05-C-00-MSO to impose and use PFC revenue at Missoula International Airport, under the provisions of 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR part 158).

On May 23, 2005, the FAA determined that the application to impose and use the revenue from a PFC submitted by Missoula County Airport Authority, Missoula International Airport, Missoula, Montana, was substantially complete within the

requirements of § 158.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than August 24, 2005.

The following is a brief overview of the application.

Level of the proposed PFC: \$4.50.

Proposed charge effective date:

October 1, 2005.

Proposed charge expiration date: June 1, 2007.

Total requested for use approval:

\$2,339,144.

Brief description of proposed projects:

Rehabilitate Taxiways "D" and "G"; Acquire Passenger Loading Bridges; Acquire Aircraft Rescue and Firefighting Vehicle; Extend Taxiway "A" and Rehabilitate and Extend Taxiway "F"; Acquire Snow Removal Equipment; Update Airport Layout Plan and Conduct Federal Aviation Regulations (FAR) part 150 Noise Study; Construct Access Taxiway; and Enhance Terminal Security Screening Checkpoint.

Class or classes of air carriers which the public agency has requested not be required to collect PFC's: Air Taxi/ Commercial Operators (ATCO) filing FAA Form 1800-31.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA Regional Airports Office located at: Federal Aviation Administration, Northwest Mountain Region, Airports Division, ANM-600, 1601 Lind Avenue SW., Suite 315, Renton, WA 98055-4056.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Missoula International Airport.

Issued in Renton, Washington on May 23, 2005.

David A. Field,

Manager, Planning, Programming and Capacity Branch, Northwest Mountain Region.

Proposed Federal Aviation Administration Notice 8150.NTF, Non-Technical Standard Order (TSO) Functions(s) Integrated in a TSO Article

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of availability and requests for public comment.

SUMMARY: This notice announces the availability of and requests comments on proposed Federal Aviation Administration (FAA) Notice 8150.NTF, Non-TSO Functions(s) Integrated in a TSO Article. The proposed notice will replace FAA Order 8150.1B, Technical Standard Order Program, Paragraph 17d(3), dated May 12, 2002. The proposed notice provides guidance to Aircraft Certification Field Offices personnel on the appropriate means to evaluate a non-TSO function a manufacturer might integrate into a TSO article.

DATES: Submit comments on or before June 30, 2005.

ADDRESSES: Send all comments on proposed FAA Notice 8150.NTF to: Federal Aviation Administration, Aircraft Certification Service, Aircraft Engineering Division, Room 815, 800 Independence Avenue, SW., Washington, DC 20591. Attn. Mr. Richard Jennings, AIR-130. Or deliver comments to: Federal Aviation Administration, Room 815, 800 Independence Avenue, SW., Washington, DC 20591.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Jennings, Senior Aerospace Engineer, Federal Aviation Administration, Aircraft Certification Service, Aircraft Engineering Division, Avionic Systems Branch, AIR-130, 1895 Phoenix Blvd., Suite 450, Atlanta, GA 30349. Telephone (770) 703-6090, fax (770) 703-6055. E-mail richard.jennings@faa.gov

SUPPLEMENTARY INFORMATION:**Comments Invited**

Submit written data, views, or arguments on the proposed notice to the above-specified address. Your comments should stipulate "Comments to proposed FAA Notice 8150.NTF." You may examine comments before and after the comment closing date by visiting Room 815, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC, weekdays except Federal holidays, between 8:30 a.m. and 4:30 p.m. The Director, Aircraft Certification Service, will consider all comments received on or before the closing date before issuing the final Notice.

Background

FAA Order 8150.1B, Paragraph 17d(3), as currently written, allows for the incorporation of a non-TSO function in a TSO article, but stipulates the non-TSO safety and performance functions be evaluated under the appropriate airworthiness certification procedures during the installation process.

However, that process permits the design data package granting the "host" TSO authorization to contain the non-TSO function design data package, without assuring the required performance of the hosting TSO article is unaffected by the added non-TSO function.

Deferring the evaluation of the non-TSO function until installation is not ideal, since the installer generally does not have the TSO manufacturer's equipment or expertise available to perform a thorough equipment performance evaluation, especially when the performance must be determined by laboratory simulation or under specific test conditions. In the proposed notice, we bring greater scrutiny to integrated non-TSO functions into the host TSO by providing guidance to the Aircraft Certification Office (ACO) for the consistent performance evaluation of the non-TSO function at the time of TSO authorization issuance. Note also, as with the TSO article itself, the integrated non-TSO function must have separate FAA approval for installation in an aircraft. Thus, this proposed notice allows the ACO to acknowledge the software and hardware design assurance levels and environmental testing accomplished on the non-TSO function, precluding the need for repeated evaluations at each installation approval.

How To Obtain Copies

You can get a copy of proposed FAA Notice 8150.NTF and Order 8150.1B from the FAA's Regulatory and Guidance Library (RGL) at <http://www.airweb.faa.gov/rgl>. On the RGL Web site, click on "Orders/Notices". Or, contact the person listed in the section titled **FOR FURTHER INFORMATION CONTACT**.

Issued in Washington, DC, on May 24, 2005.

Susan J.M. Cabler,

Assistant Manager, Aircraft Engineering Division, Aircraft Certification Service.

Qualification of Drivers; Exemption Applications; Vision; Withdrawal

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Withdrawal of notice of applications for exemption from the vision standard.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA) withdraws a notice of applications for exemption from the vision standard with request for comments published on May 17, 2005. The notice was published in error.

DATES: The notice of applications with request for comments published on May 17, 2005 (70 FR 28348), is withdrawn effective May 17, 2005.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Office of Bus and Truck Standards and Operations, (202) 366-4001, FMCSA, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001. Office hours are from 8 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays.

Issued on: May 23, 2005.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[FMCSA Docket No. FMCSA-2005-20560]

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: The FMCSA announces its decision to exempt 30 individuals from the vision requirement in the Federal Motor Carrier Safety Regulations (FMCSRs). The exemptions will enable these individuals to qualify as drivers of commercial motor vehicles (CMVs) in interstate commerce without meeting the vision standard prescribed in 49 CFR 391.41(b)(10).

DATES: May 31, 2005.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Office of Bus and Truck Standards and Operations, (202) 366-4001, FMCSA, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001. Office hours are from 8 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

You may see all the comments online through the Document Management System (DMS) at: <http://dmses.dot.gov>.

Background

On April 6, 2005, the FMCSA published a notice of receipt of exemption applications from 30 individuals, and requested comments from the public (70 FR 17504). The 30 individuals petitioned the FMCSA for exemptions from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. They are: Edmund J. Barron, Eddie M. Brown, Tony Cook, Jeffery W. Cotner, John K. Fank, Bobby G. Fletcher, Lonny L. Ford, Larry G. Garcia, Robert E. Hendrick, Jonah G. Higdon, Daniel J. Hillman, Ronald A. Johnson, Clyde H. Kitzan, Joe S. Lassiter III, Gene A. Lesh, Jr., Eugene A. Maggio, Anthony R. Miles, Raymond E. Morelock, Kenneth L. Nau, David L. Peebles, David W. Peterson, Frederick G. Robbins, Jose C. Sanchez-Sanchez, Boyd D. Stamey, Scott C. Teich, Emerson J. Turner, Daniel E. Watkins, Dean E. Wheeler, Michael C. Williams, Sr., and Louie E. Workman.

Under 49 U.S.C. 31315 and 31136(e), the FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The statute also allows the agency to renew exemptions at the end of the 2-year period. Accordingly, the FMCSA has evaluated the 30 applications on their merits and made a determination to grant exemptions to all of them. The comment period closed on May 6, 2005. Two comments were received, and their contents were carefully considered by the FMCSA in reaching the final decision to grant the exemptions.

Vision and Driving Experience of the Applicants

The vision requirement in the FMCSRs provides:

A person is physically qualified to drive a commercial motor vehicle if that person has distant visual acuity of at least 20/40 (Snellen) in each eye without corrective lenses or visual acuity separately corrected to 20/40 (Snellen) or better with corrective lenses, distant binocular acuity of at least 20/40 (Snellen) in both eyes with or without corrective lenses, field of vision of at least 70° in the horizontal meridian in each eye, and the ability to recognize the colors of traffic signals and devices showing standard red,

green, and amber (49 CFR 391.41(b)(10)).

Since 1992, the agency has undertaken studies to determine if this vision standard should be amended. The final report from our medical panel recommends changing the field of vision standard from 70° to 120°, while leaving the visual acuity standard unchanged. (See Frank C. Berson, M.D., Mark C. Kuperwaser, M.D., Lloyd Paul Aiello, M.D., and James W. Rosenberg, M.D., "Visual Requirements and Commercial Drivers," October 16, 1998, filed in the docket, FMCSA-98-4334.) The panel's conclusion supports the agency's view that the present visual acuity standard is reasonable and necessary as a general standard to ensure highway safety. The FMCSA also recognizes that some drivers do not meet the vision standard, but have adapted their driving to accommodate their vision limitation and demonstrated their ability to drive safely.

The 30 applicants fall into this category. They are unable to meet the vision standard in one eye for various reasons, including amblyopia, macular and retinal scars, and loss of an eye due to trauma. In most cases, their eye conditions were not recently developed. All but 14 of the applicants were either born with their vision impairments or have had them since childhood. The 14 individuals who sustained their vision conditions as adults have had them for periods ranging from 20 to 58 years.

Although each applicant has one eye which does not meet the vision standard in 49 CFR 391.41(b)(10), each has at least 20/40 corrected vision in the other eye, and in a doctor's opinion has sufficient vision to perform all the tasks necessary to operate a CMV. The doctors' opinions are supported by the applicants' possession of valid commercial driver's licenses (CDLs) or non-CDLs to operate CMVs. Before issuing CDLs, States subject drivers to knowledge and performance tests designed to evaluate their qualifications to operate a CMV. All these applicants satisfied the testing standards for their State of residence. By meeting State licensing requirements, the applicants demonstrated their ability to operate a commercial vehicle, with their limited vision, to the satisfaction of the State.

While possessing a valid CDL or non-CDL, these 30 drivers have been authorized to drive a CMV in intrastate commerce, even though their vision disqualifies them from driving in interstate commerce. They have driven CMVs with their limited vision for careers ranging from 3 to 45 years. In the past 3 years, eight of the drivers have had nine convictions for traffic

violations among them. Eight of these convictions were for speeding and one was for "failure to obey traffic control device." Four drivers were involved in five crashes among them, but did not receive a citation.

The qualifications, experience, and medical condition of each applicant were stated and discussed in detail in the April 6, 2005, notice (70 FR 17504). Since there were no substantial docket comments on the specific merits or qualifications of any applicant, we have not repeated the individual profiles here, but note that information presented at 70 FR 17506 indicating that applicant 22, Frederick G. Robbins, had one conviction for a moving violation in a CMV on his driving record, is in error. The information should have indicated that Mr. Robbins' driving record for the last 3 years showed no convictions for moving violations in a CMV. Our summary analysis of the applicants is supported by this correction and the information published on April 6, 2005 (70 FR 17504).

Basis for Exemption Determination

Under 49 U.S.C. 31315 and 31316(e), the FMCSA may grant an exemption from the vision standard in 49 CFR 391.41(b)(10) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. Without the exemption, applicants will continue to be restricted to intrastate driving. With the exemption, applicants can drive in interstate commerce. Thus, our analysis focuses on whether an equal or greater level of safety is likely to be achieved by permitting each of these drivers to drive in interstate commerce as opposed to restricting him or her to driving in intrastate commerce.

To evaluate the effect of these exemptions on safety, the FMCSA considered not only the medical reports about the applicants' vision, but also their driving records and experience with the vision deficiency. To qualify for an exemption from the vision standard, the FMCSA requires a person to present verifiable evidence that he or she has driven a commercial vehicle safely with the vision deficiency for 3 years. Recent driving performance is especially important in evaluating future safety, according to several research studies designed to correlate past and future driving performance. Results of these studies support the principle that the best predictor of future performance by a driver is his/her past record of crashes and traffic violations. Copies of the studies may be found at docket number FMCSA-98-3637.

We believe we can properly apply the principle to monocular drivers, because data from a former FMCSA waiver study program clearly demonstrates that the driving performance of experienced monocular drivers in the program is better than that of all CMV drivers collectively. (See 61 FR 13338, 13345, March 26, 1996.) The fact that experienced monocular drivers with good driving records in the waiver program demonstrated their ability to drive safely supports a conclusion that other monocular drivers, meeting the same qualifying conditions as those required by the waiver program, are also likely to have adapted to their vision deficiency and will continue to operate safely.

The first major research correlating past and future performance was done in England by Greenwood and Yule in 1920. Subsequent studies, building on that model, concluded that crash rates for the same individual exposed to certain risks for two different time periods vary only slightly. (See Bates and Neyman, University of California Publications in Statistics, April 1952.) Other studies demonstrated theories of predicting crash proneness from crash history coupled with other factors. These factors—such as age, sex, geographic location, mileage driven and conviction history—are used every day by insurance companies and motor vehicle bureaus to predict the probability of an individual experiencing future crashes. (See Weber, Donald C., "Accident Rate Potential: An Application of Multiple Regression Analysis of a Poisson Process," Journal of American Statistical Association, June 1971.) A 1964 California Driver Record Study prepared by the California Department of Motor Vehicles concluded that the best overall crash predictor for both concurrent and nonconcurrent events is the number of single convictions. This study used 3 consecutive years of data, comparing the experiences of drivers in the first 2 years with their experiences in the final year.

Applying principles from these studies to the past 3-year record of the 30 applicants receiving an exemption, we note that the applicants have had only five crashes and nine traffic violations in the last 3 years. The applicants achieved this record of safety while driving with their vision impairment, demonstrating the likelihood that they have adapted their driving skills to accommodate their condition. As the applicants' ample driving histories with their vision deficiencies are good predictors of future performance, the FMCSA

concludes their ability to drive safely can be projected into the future.

We believe the applicants' intrastate driving experience and history provide an adequate basis for predicting their ability to drive safely in interstate commerce. Intrastate driving, like interstate operations, involves substantial driving on highways on the interstate system and on other roads built to interstate standards. Moreover, driving in congested urban areas exposes the driver to more pedestrian and vehicular traffic than exists on interstate highways. Faster reaction to traffic and traffic signals is generally required because distances between them are more compact. These conditions tax visual capacity and driver response just as intensely as interstate driving conditions. The veteran drivers in this proceeding have operated CMVs safely under those conditions for at least 3 years, most for much longer. Their experience and driving records lead us to believe that each applicant is capable of operating in interstate commerce as safely as he or she has been performing in intrastate commerce. Consequently, the FMCSA finds that exempting these applicants from the vision standard in 49 CFR 391.41(b)(10) is likely to achieve a level of safety equal to that existing without the exemption. For this reason, the agency is granting the exemptions for the 2-year period allowed by 49 U.S.C. 31315 and 31136(e) to the 30 applicants listed in the notice of April 6, 2005 (70 FR 17504).

We recognize that the vision of an applicant may change and affect his/her ability to operate a commercial vehicle as safely as in the past. As a condition of the exemption, therefore, the FMCSA will impose requirements on the 30 individuals consistent with the grandfathering provisions applied to drivers who participated in the agency's vision waiver program.

Those requirements are found at 49 CFR 391.64(b) and include the following: (1) That each individual be physically examined every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy in his/her driver's

qualification file if he/she is self-employed. The driver must also have a copy of the certification when driving, for presentation to a duly authorized Federal, State, or local enforcement official.

Discussion of Comments

The FMCSA received two comments in this proceeding. The comments were considered and are discussed below.

Ms. Barb Sachau believes allowing monocular drivers to operate large trucks may increase the likelihood of a crash resulting in a fatality. The discussion above under the heading, "Basis for Exemption Determination," explains why FMCSA believes the monocular drivers included in this notice have demonstrated their ability to drive safely in conditions similar to interstate driving by operating in intrastate commerce for 3 years prior to their applications and will continue to operate safely.

An anonymous tractor-trailer combination driver does not believe exemptions should be granted, but all drivers should be held to the same criteria for the safety of the motoring public. Although this comment was introduced into the docket without attribution and, thus, would not ordinarily receive consideration, we will address the issue raised because it relates to a matter of general applicability to the vision exemption process and is not specific to this comment. The discussion above under the heading, "Basis for Exemption Determination," explains why FMCSA believes monocular drivers who have met the qualifying conditions of the vision exemption program are likely to have adapted to their vision deficiency and will continue to operate safely.

Conclusion

Based upon its evaluation of the 30 exemption applications, the FMCSA exempts Edmund J. Barron, Eddie M. Brown, Tony Cook, Jeffery W. Cotner, John K. Fank, Bobby G. Fletcher, Lonny L. Ford, Larry G. Garcia, Robert E. Hendrick, Jonah G. Higdon, Daniel J. Hillman, Ronald A. Johnson, Clyde H. Kitzan, Joe S. Lassiter III, Gene A. Leshner, Jr., Eugene A. Maggio, Anthony R. Miles, Raymond E. Morelock, Kenneth L. Nau, David L. Peebles, David W. Peterson, Frederick G. Robbins, Jose C. Sanchez-Sanchez, Boyd D. Stamey, Scott C. Teich, Emerson J. Turner, Daniel E. Watkins, Dean E. Wheeler, Michael C. Williams, Sr., and Louie E. Workman from the vision requirement in 49 CFR 391.41(b)(10), subject to the requirements cited above (49 CFR 391.64(b)).

In accordance with 49 U.S.C. 31315 and 31136(e), each exemption will be valid for 2 years unless revoked earlier by the FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136. If the exemption is still effective at the end of the 2-year period, the person may apply to the FMCSA for a renewal under procedures in effect at that time.

Issued on: May 20, 2005.

Rose A. McMurray,

Associate Administrator, Policy and Program Development.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2005-21254]

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemption from the vision standard; request for comments.

SUMMARY: This notice publishes the FMCSA's receipt of applications from 24 individuals for an exemption from the vision requirement in the Federal Motor Carrier Safety Regulations. If granted, the exemptions will enable these individuals to qualify as drivers of commercial motor vehicles (CMVs) in interstate commerce without meeting the vision standard prescribed in 49 CFR 391.41(b)(10).

DATES: Comments must be received on or before June 30, 2005.

ADDRESSES: You may submit comments identified by any of the following methods. Please identify your comments by the DOT DMS Docket Number FMCSA-2005-21254.

- Web Site: <http://dms.dot.gov>. Follow the instructions for submitting comments on the DOT electronic docket site.

- Fax: 1-202-493-2251.
- Mail: Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590-0001.

- Hand Delivery: Room PL-401 on the plaza level of the Nassif Building,

400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Instructions: All submissions must include the agency name and docket number for this notice. For detailed instructions on submitting comments and additional information on the rulemaking process, see the Public Participation heading of the **SUPPLEMENTARY INFORMATION** section of this document. Note that all comments received will be posted without change to <http://dms.dot.gov>, including any personal information provided. Please see the Privacy Act heading under Regulatory Notices.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Office of Bus and Truck Standards and Operations, (202) 366-4001, FMCSA, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001. Office hours are from 8 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Public Participation: The DMS is available 24 hours each day, 365 days each year. You can get electronic submission and retrieval help guidelines under the "help" section of the DMS Web site. If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard or print the acknowledgement page that appears after submitting comments on-line.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the Department of Transportation's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) or you may visit <http://dms.dot.gov>.

Background

Under 49 U.S.C. 31315 and 31136(e), the FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater

than, the level that would be achieved absent such exemption." The statute also allows the agency to renew exemptions at the end of the 2-year period. The 24 individuals listed in this notice have recently requested an exemption from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. Accordingly, the agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by the statute.

Qualifications of Applicants

1. Linda L. Billings

Ms. Billings, age 51, has a congenital coloboma of her left eye. Her best-corrected visual acuity in the right eye is 20/20 and in the left, 20/400. Following an examination in 2005, her ophthalmologist certified, "In my opinion, her condition is stable; if she has been operating a commercial vehicle safely in the past, there is no reason ophthalmologically why she cannot continue to do so." Ms. Billings submitted that she has driven straight trucks for 3 years, accumulating 75,000 miles, and tractor-trailer combinations for less than 1 year, accumulating 12,000 miles. She holds a Class A commercial driver's license (CDL) from Nevada. Her driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

2. George L. Cannon

Mr. Cannon, 75, has amblyopia in his left eye. His visual acuity in the right eye is 20/20 and in the left, 20/200. Following an examination in 2004, his optometrist certified, "On the basis of my findings, it is my opinion that present vision is adequate for safe driving." Mr. Cannon submitted that he has driven straight trucks for 50 years, accumulating 5.5 million miles. He holds a Class A CDL from Mississippi. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

3. Anthony Ciancone, Jr.

Mr. Ciancone, 47, has amblyopia in his right eye. His best-corrected visual acuity in the right eye is 20/80 and in the left, 20/20. Following an examination in 2004, his optometrist noted, "Mr. Ciancone has been driving commercially for over 25 years. He has sufficient vision to perform the driving tasks required." Mr. Ciancone reported that he has driven straight trucks for 2 years, accumulating 10,000 miles, and tractor-trailer combinations for 25 years, accumulating 262,000 miles. He holds a

Class AM CDL from New York. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

4. Andrew B. Clayton

Mr. Clayton, 27, has a macular scar in his right eye due to trauma in 1998. The visual acuity in his right eye is 20/200 and in the left, 20/25. Following an examination in 2004, his optometrist stated, "I hereby certify that it is my professional opinion that Andrew Clayton has a sufficient level of vision to safely operate a motor vehicle and safely perform the duties required using a commercial driver's license." Mr. Clayton reported that he has driven straight trucks for 7 years, accumulating 140,000 miles, and tractor-trailer combinations for 6 years, accumulating 154,000 miles. He holds a Class A CDL from Tennessee. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

5. Kenneth D. Daniels

Mr. Daniels, 47, experienced optic neuropathy in his right eye 4 years ago. The visual acuity in his right eye is 20/200 and in the left, 20/30. His ophthalmologist examined him in 2004 and certified, "Based on my entire examination of Mr. Daniels, my medical opinion is that he has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Daniels reported that he has driven straight trucks for 10 years, accumulating 295,000 miles, and tractor-trailer combinations for 14 years, accumulating 490,000 miles. He holds a Class A CDL from Pennsylvania. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

6. Jerry A. Davidson

Mr. Davidson, 60, has had a macular scar in right eye since he was 15 years old. His best-corrected visual acuity in the right eye is light perception and in the left, 20/20. Following an examination in 2004, his optometrist noted, "Mr. Davidson has driven a commercial vehicle safely for many years and I feel his vision is sufficient to perform the driving tasks required to operate a commercial vehicle." Mr. Davidson submitted that he has driven tractor-trailer combinations for 37 years, accumulating 4.0 million miles. He holds a Class C driver's license from North Carolina, but at the time of his application he held a Class A CDL. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

7. *Richard D. Espey, Jr.*

Mr. Espey, 29, has amblyopia in his right eye. His best-corrected visual acuity in the right eye is 20/400 and in the left, 20/20. Following an examination in 2004, his optometrist certified that "in his medical opinion, Mr. Richard Donald Espey, Jr. has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Espey submitted that he has driven straight trucks for 7 years, accumulating 385,000 miles. He holds a Class C driver's license from Maryland, but at the time of his application he held a Class B CDL. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

8. *Allen R. Fasen*

Mr. Fasen, 59, has a congenital optic nerve hypoplasia of the left eye. The best-corrected visual acuity in his right eye is 20/15 and in the left, 20/400. His ophthalmologist examined him in 2004 and noted, "I believe Mr. Allen Fasen, based on these results and his excellent driving history, has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Fasen submitted that he has driven straight trucks for 33 years, accumulating 1.3 million miles, and tractor-trailer combinations for 10 years, accumulating 400,000 miles. He holds a Class A CDL from the State of Washington. His driving record for the last 3 years shows two crashes and no convictions for moving violations in a CMV. According to the police report for the first crash, Mr. Fasen struck a vehicle that entered his traffic lane after being struck by another vehicle. Mr. Fasen was not cited. According to the police report for the second crash, Mr. Fasen was making a wide right turn in a tractor-trailer combination, when another driver attempted to turn right from the curb lane. The investigating officer found the other driver at fault and cited him for "inattention." Mr. Fasen was not cited.

9. *Tommy K. Floyd*

Mr. Floyd, 44, has had a macular scar in his left eye since childhood. The visual acuity in his right eye is 20/20 and in the left, 20/200. His optometrist examined him in 2005 and noted, "It is in my medical opinion that Mr. Floyd has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Floyd submitted that he has driven tractor-trailer combinations for 21 years, accumulating 2.6 million miles. He holds a Class AM CDL from Tennessee.

His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

10. *Franklin G. Hermann*

Mr. Hermann, 46, had surgery for a retinal detachment in his right eye in 1992. The best-corrected visual acuity in his right eye is 20/200 and in the left, 20/25. His ophthalmologist examined him in 2004 and certified, "In my medical opinion, this patient has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Hermann reported that he has driven straight trucks for 15 years, accumulating 675,000 miles, and tractor-trailer combinations for 12 years, accumulating 1.4 million miles. He holds a Class A CDL from Florida. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

11. *William W. Hodgins*

Mr. Hodgins, 55, has amblyopia in his left eye. His best-corrected visual acuity in the right eye is 20/20 and in the left, 20/50. Following an examination in 2004, his ophthalmologist noted, "In my opinion, he has sufficient vision to perform the driving tasks required to operate a commercial vehicle based mainly on the fact that he has been doing this for 38 years without incident, to my knowledge." Mr. Hodgins submitted that he has driven straight trucks for 38 years, accumulating 760,000 miles. He holds a Class BCMDL CDL from Wisconsin. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

12. *Hazel L. Hopkins, Jr.*

Mr. Hopkins, 52, has had retinal scars in his left eye since childhood due to toxoplasmosis. The best-corrected visual acuity in his right eye is 20/20 and in the left, 20/200. His ophthalmologist examined him in 2004 and certified, "In my medical opinion, Mr. Hopkins should have adequate vision to operate a commercial vehicle." Mr. Hopkins submitted that he has driven straight trucks for 20 years, accumulating 200,000 miles, tractor-trailer combinations for 15 years accumulating 375,000 miles, and buses for 3 years, accumulating 3,000 miles. He holds a Class A CDL from Maryland. His driving record for the last 3 years shows no crashes and one conviction for a moving violation "failure to obey traffic device"—in a CMV.

13. *Donald M. Jenson*

Mr. Jenson, 53, has count fingers vision in his right eye due to injury as

a teenager. His best-corrected visual acuity in the left eye is 20/20. Following an examination in 2004, his optometrist certified, "In my opinion I believe Mr. Jenson has the visual ability to operate a commercial vehicle." Mr. Jenson reported that he has driven straight trucks for 3 years, accumulating 75,000 miles, and tractor-trailer combinations for 30 years, accumulating 3.7 million miles. He holds a Class A CDL from South Dakota. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

14. *Dean A. Maystead*

Mr. Maystead, 42, lost his left eye at age 16 due to trauma. His visual acuity in the right eye is 20/20. Following an examination in 2004, his ophthalmologist noted, "Mr. Maystead has performed as a commercial truck driver since 1981 without problems. I see no medical reason why he should not continue to be able to operate a commercial vehicle." Mr. Maystead reported that he has driven straight trucks for 23 years, accumulating 402,000 miles. He holds a Class CB CDL from Michigan. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

15. *Jason L. McBride, Sr.*

Mr. McBride, 28, is blind in his left eye as a result of a childhood injury. His best-corrected visual acuity in the right eye is 20/15. Following an examination in 2004, his optometrist noted, "In my opinion, Jason is visually able to perform the tasks required in operation of a commercial vehicle." Mr. McBride reported that he has driven straight trucks for 7 years, accumulating 700,000 miles. He holds a Class CA CDL from Michigan. His driving record for the last 3 years shows one crash and one conviction for a moving violation in a CMV. The moving violation was exceeding the speed limit by 9 mph. According to the police report for the crash, another driver struck Mr. McBride's trailer from the rear. The other driver was charged with "unable to stop in assured clear distance." Mr. McBride was not cited.

16. *Willie J. Morgan*

Mr. Morgan, 65, lost his left eye in 1946 due to complications from a congenital cataract. The best-corrected visual acuity in his right eye is 20/20. Following an examination in 2004 his optometrist noted, "It is my medical opinion that he has the vision necessary to operate a commercial vehicle." Mr. Morgan submitted that he has driven

straight trucks for 41 years, accumulating 2.0 million miles, and tractor-trailer combinations for 20 years, accumulating 100,000 miles. He holds a Class A CDL from Georgia. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

17. *Carl V. Murphy, Jr.*

Mr. Murphy, 51, has amblyopia in his right eye. The visual acuity in his right eye is 20/200 and in the left, 20/20. Following an examination in 2005, his ophthalmologist noted, "In my medical opinion, you have sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Murphy submitted that he has driven straight trucks for 31 years, accumulating 775,000 miles, and tractor-trailer combinations for 15 years, accumulating 375,000 miles. He holds a Class A CDL from Texas. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

18. *Donald L. Murphy*

Mr. Murphy, 53, lost his left eye due to an accident 21 years ago. The visual acuity in his right eye is 20/20. Following an examination in 2005, his optometrist noted, "I certify that in my medical opinion, Mr. Murphy has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Murphy reported that he has driven straight trucks for 25 years, accumulating 750,000 miles, and tractor-trailer combinations for 5 years, accumulating 25,000 miles. He holds a Class DA CDL from Kentucky. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

19. *Mark D. Page*

Mr. Page, 36, has amblyopia in his left eye. The best-corrected visual acuity in his right eye is 20/15 and in the left, 20/200. Following an examination in 2004, his ophthalmologist stated, "It is in my medical opinion that Mark Page has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Page reported that he has driven straight trucks for 4 years, accumulating 200,000 miles, and tractor-trailer combinations for 11 years, accumulating 1.2 million miles. He holds a Class A CDL from Mississippi. His driving record for the last 3 years shows no crashes and one conviction for a moving violation—speeding—in a CMV. He exceeded the speed limit by 12 mph.

20. *Larry D. Reynolds*

Mr. Reynolds, 55, lost his left eye due to a childhood accident. The best-corrected visual acuity in his right eye is 20/20. His optometrist examined him in 2004 and certified, "In my medical opinion, Mr. Reynolds has sufficient vision to perform the tasks required to operate a commercial vehicle." Mr. Reynolds reported that he has driven straight trucks for 2 years, accumulating 75,000 miles, and tractor-trailer combinations for 15 years, accumulating 1.8 million miles. He holds a Class A CDL from Texas. His driving record for the last 3 years shows one crash and no convictions for moving violations in a CMV. According to the police report, Mr. Reynolds' vehicle was struck by another vehicle that entered his traffic lane in a multi-vehicle crash. Neither Mr. Reynolds nor the driver of the other vehicle was cited in connection with the crash.

21. *Thomas D. Reynolds*

Mr. Reynolds, 39, has amblyopia in his left eye. His best-corrected visual acuity in the right eye is 20/20 and in the left, 20/60. Following an examination in 2004, his optometrist certified, "In my opinion, Mr. Reynolds has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Reynolds reported that he has driven straight trucks for 3 years, accumulating 15,000 miles, and tractor-trailer combinations for 5 years, accumulating 450,000 miles. He holds a Class A CDL from North Carolina. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

22. *Walter J. Savage, Jr.*

Mr. Savage, 46, has amblyopia in his right eye. The visual acuity in his right eye is hand motions only and in the left, 20/20. His optometrist examined him in 2004 and noted, "Based on our evaluation, it appears that Mr. Savage has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Savage submitted that he has driven straight trucks for 17 years, accumulating 204,000 miles. He holds a Class D driver's license from Kentucky. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

23. *Thomas J. Sweeny, Jr.*

Mr. Sweeny, 45, has a congenital anomalous optic nerve in his right eye. His best-corrected visual acuity in the right eye is 20/400 and in the left, 20/20. Following an examination in 2004, his ophthalmologist certified, "In my

opinion Mr. Sweeny should have sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Sweeny submitted that he has driven straight trucks for 14 years, accumulating 630,000 miles. He holds a Class BM CDL from Pennsylvania. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

24. *Louis E. Villa, Jr.*

Mr. Villa, 28, has amblyopia in his left eye. His best-corrected visual acuity in the right eye is 20/25 and in the left, light perception. Following an examination in 2005, his ophthalmologist certified, "It is my opinion that this patient's visual deficiency is stable and this patient has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Villa submitted that he has driven tractor-trailer combinations for 3 years, accumulating 60,000 miles. He holds a Class A CDL from California. His driving record for the last 3 years shows no crashes or convictions for moving violations in a CMV.

Request for Comments

In accordance with 49 U.S.C. 31315 and 31136(e), the FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments received before the close of business on the closing date indicated earlier in the notice.

Issued on: May 23, 2005.

Rose A. McMurray,

Associate Administrator, Policy and Program Development.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favour of relief.

Association of American Railroads

[Docket Number FRA-2004-19402]

On behalf of the members of both companies, the Association of American Railroads (AAR) and the Railway Supply Institute (RSI), hereafter referred to as petitioners, seek to amend the original waiver that was granted by the FRA regarding minimum piston travel as prescribed by 49 CFR 232.205(b)(5) Class I Brake Test—Initial Terminal Inspection.

On October 4, 2004, a waiver petition was submitted for the piston travel requirements contained in § 232.205(b)(5), to reduce the minimum length of piston travel for cars equipped with 8½-inch or 10-inch diameter brake cylinders from seven inches to six inches. See 69 FR 64625. On February 23, 2005, FRA granted conditional approval of this request with respect to light-weight cars with empty/load valves rated below 50 percent. FRA granted this limited approval because the data and analysis submitted addressed only the cars for which the relief was granted. The petitioner contends that FRA's decision to limit the waiver to only light-weight cars with empty/load valves rated at below 50 percent will adversely affect safety because braking performance will be impaired. Therefore, the petitioner is submitting this request to modify the original waiver to include the entire fleet of cars equipped with 8½-inch or 10-inch diameter brake cylinders that are subject to the minimum piston travel requirements contained in § 232.205(b)(5).

The current minimum piston travel requirement of seven-inches dates from a time when automatic slack adjusters and empty/load devices were not widely used. Advances in empty/load valve technology have enabled AAR to upgrade its original brake ratio specifications for new cars. Effective January 1, 2004, AAR's minimum loaded brake ratio was increased and the maximum empty brake ratio decreased. This results in higher minimum braking forces for loaded cars and lower maximum braking forces for empty cars, which results in a reduction in adverse effects from excessive brake forces being applied to wheels on empty cars. However, these improvements result in less than a nominal seven-inches of piston travel on many empty cars. The problem is not limited to cars of a particular type, such as light-weight cars or cars with empty/load valves rated at less than 50 percent. Some cars of concern include, but are not limited to: 89' flat cars weighing 82,000 pounds (lbs) equipped with 60 percent empty/

load valves, covered hopper cars (including grain, cement, pressure differential, and pellet cars), mill gondolas weighing 48,000 lbs with 50 percent empty/load valves, and cars that have empty/load valves rated below the original waiver's threshold of 50 percent but weigh more than the 45,000 lbs, such as rapid discharge-type coal hoppers weighing 48,500 lbs and small-cube covered hoppers weighing 53,000 lbs.

The petitioner contends that even if the seven-inch minimum piston travel provision could be complied with, it would be counterproductive because a seven-inch piston travel minimum forces car builders to set loaded piston travel as close as possible to the maximum piston travel allowed under AAR rules (7¾ inches) in an attempt to meet the seven-inch minimum piston travel for empty cars. This results in reduced braking forces because of the larger brake-cylinder volume and correspondingly lower brake-cylinder pressure. Stopping distance is thereby increased. Concomitantly, if empty cars are found with piston travel of less than seven-inches and are adjusted to 7½ inches while still empty, their piston travel could exceed the maximum nine-inch piston travel requirement when loaded. This might not be discovered until the next required testing. Moreover, the petitioner contends that Transport Canada has long permitted a minimum piston travel of six-inches for cars equipped with 8½-inch or 10-inch diameter brake cylinders. The petitioner states that the six-inch minimum piston travel requirement has been in effect in Canada since 1986, and there have been no adverse consequences from permitting piston travel under seven-inches.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA-2004-19402) and must be submitted in triplicate to the Docket Clerk, DOT Central Docket Management Facility, Room Pl-401, Washington, DC 20590-0001. Communications received within 30 days of the date of this notice will be considered by FRA before final

action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at DOT Central Docket Management Facility, Room Pl-401 (Plaza Level), 400 Seventh Street, SW., Washington. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://dms.dot.gov>.

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19377–78). The statement may also be found at <http://dms.dot.gov>.

Issued in Washington, DC on May 20, 2005.

Grady C. Cothen, Jr.,

Deputy Associate Administrator for Safety Standards and Program Development.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****Petition for Waiver of Compliance**

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance from certain requirements of its safety regulations. The individual petition is described below including, the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

BNSF Railway

[Docket Number FRA-2003-15339]

In 2003, BNSF Railway (BNSF) petitioned FRA requesting a waiver of compliance from certain provisions of 49 CFR part 232, Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment. Specifically, § 232.103(n)(3)(i), that requires "all hand brakes shall be fully applied on all locomotives in the lead consist of an unattended train." See 68 FR 38740. FRA denied the petition without prejudice on December 3, 2003. It was stated in the denial letter that,

"FRA is not inclined to grant a "blanket" waiver for the entire BNSF system. We suggest that any future request should be more narrowly focused and supported by very specific data."

BNSF is now petitioning the FRA to reconsider the waiver by offering a more focused request that lists specific yard and terminal locations that are manned 24 hours—7 days week. BNSF claims that the reasons for seeking this relief is that injuries related to locomotive hand brakes continue to increase with no increased benefit of applying all the hand brakes to a locomotive consist. BNSF also contends that this request is in response to concerns expressed by Labor Organizations to the Transportation Group of BNSF's Safety Assurance and Compliance Program (SACP), in hopes of seeking resolution to this requirement. BNSF has listed 75 locations for FRA's consideration for exclusion from the requirements of applying hand brakes to every locomotive in a consist of an unattended train. These locations are available for review and copying on the Internet at the docket facility's Web site <http://dms.dot.gov>.

Interested parties are invited to submit written comments to FRA. All written communications concerning this petition should identify the appropriate docket number (e.g., Docket Number FRA-2002-15339) and must be submitted in triplicate to the Associate Administrator for Safety, Federal Railroad Administration, 400 7th Street, SW., Washington, DC 20590-0001. Comments received within 30 days of the date of this notice will be considered by FRA before any final action is taken. Although FRA does not anticipate scheduling a public hearing in connection with these proceedings, if any interested party desires an opportunity for oral comment, they should notify FRA in writing before the end of the comment period and specify the basis for their request.

All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.—5 p.m.) at the Central Docket Management Facility, Room PL-401 (Plaza Level), 400 7th Street, SW., Washington, DC 20590. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site <http://dms.dot.gov>.

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association,

business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) at <http://dms.dot.gov>.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2005-21180]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System or Relief From the Requirements of Title 49 Code of Federal Regulations Part 236

Pursuant to Title 49 Code of Federal Regulations (CFR) part 236 and 49 U.S.C. 20502(a), the following railroad has petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of the signal system or relief from the requirements of 49 CFR part 236 as detailed below.

Applicant: CSX Transportation, Incorporated, Mr. N. Michael Choat, Chief Engineer, Communications and Signal, 4901 Belfort Road, Suite 130, Jacksonville, Florida 32256.

CSX Transportation, Incorporated seeks approval of the proposed modification of the traffic control system, on the two main tracks and sidings, between CP Crown Hill, milepost CA 433.7, near Cabin Creek, West Virginia and CP 461, milepost CA 461.0, near Charleston, West Virginia, on the Huntington Division East, Kanawha Subdivision, associated with a major pole line elimination and signal rationalization project. The proposed changes consist of the following:

1. At CP Crown Hill, milepost 433.7, discontinuance and removal of the four controlled absolute holdout signals;
2. At CP EE Cabin Creek, milepost CA 438.0, conversion of the No. 1 power-operated switch to hand operation, and relocation of the governing eastbound absolute signal eastward;
3. At CP Chesapeake, milepost CA 441.5, discontinuance and removal of the four controlled absolute holdout signals;
4. At mileposts CA 443.6 and CA 443.9, discontinuance and removal of the two dwarf signals governing train movements from the hand-operated

switches, and designation of the switches as non clearing;

5. At CP Marmet, milepost CA 444.5, discontinuance and removal of the four controlled absolute holdout signals;

6. At CP 447, milepost CA 447.4, discontinuance and removal of the four controlled absolute holdout signals;

7. At CP Elk, milepost CA 455.6, conversion of the power-operated crossover to hand operation, removal of the governing absolute signals, and installation of a dwarf signal to govern cleared movements onto the main track;

8. At CP South Charleston, milepost CA 457.0, discontinuance and removal of switching signals 26R and 28L, and removal of the electric lock from the hand-operated switch at milepost CA 457.7, retaining the existing dwarf signal to govern train movements over the switch;

9. At CP 461, milepost CA 461.0, discontinuance and removal of the four controlled absolute holdout signals;

The reason given for the proposed changes is to eliminate facilities no longer needed in present day operation.

Any interested party desiring to protest the granting of an application shall set forth specifically the grounds upon which the protest is made, and include a concise statement of the interest of the party in the proceeding. Additionally, one copy of the protest shall be furnished to the applicant at the address listed above.

All communications concerning this proceeding should be identified by the docket number and must be submitted to the Docket Clerk, DOT Central Docket Management Facility, Room PL-401 (Plaza Level), 400 7th Street, SW., Washington, DC 20590-0001.

Communications received within 45 days of the date of this notice will be considered by the FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.—5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://dms.dot.gov>.

FRA wishes to inform all potential commenters that anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000

(Volume 65, Number 70; Pages 19477-78) or you may visit <http://dms.dot.gov>.

FRA expects to be able to determine these matters without an oral hearing. However, if a specific request for an oral hearing is accompanied by a showing that the party is unable to adequately present his or her position by written statements, an application may be set for public hearing.

Issued in Washington, DC on May 24, 2005.

Grady C. Cothen, Jr.,

Deputy Associate Administrator for Safety Standards and Program Development.

[FR Doc. 05-10698 Filed 5-27-05; 8:45 am]

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2005-21153]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System or Relief From the Requirements of Title 49 Code of Federal Regulations Part 236

Pursuant to Title 49 Code of Federal Regulations (CFR) part 235 and 49 U.S.C. 20502(a), the following railroad has petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of the signal system or relief from the requirements of 49 CFR part 236 as detailed below.

Applicants: National Railroad Passenger Corporation, Mr. R. Stephen Strachan, Chief Transportation Officer, 15 S. Poplar Street, Wilmington, Delaware 19801;

Norfolk Southern Corporation, Mr. Brian L. Sykes, Chief Engineer, C&S Engineering, 99 Spring Street, SW., Atlanta, Georgia 30303.

The National Railroad Passenger Corporation (Amtrak) and Norfolk Southern Railway Company, jointly seeks approval of the proposed modification of the signal system, between Lancaster, Pennsylvania, milepost 65.2 and Harrisburg, Pennsylvania, milepost 103.3, on Amtrak's Mid-Atlantic Division, Harrisburg Line. The proposal consists of the removal of all intermediate wayside signals, retaining only distant and home signals, in connection with the installation of full reverse signaling with cab signals and speed control between "Cork" and "State" interlockings. In addition, the proposal includes the following:

1. All hand-operated switches on the main tracks will be electrically locked;

2. Hot box and dragging equipment detectors will be consolidated into one location for this portion of the line;

3. At the eastern most portion of existing Cork Interlocking, the No. 7 power-operated crossover will be replaced with a hand-operated switch equipped with an electric lock, the No. 1 power-operated crossover will be removed, Signals 2R/4R, 2L, 6L, 6R, 20L and 20R will be removed, and the No. 16 hand-operated switch to the New Holland Secondary will become power-operated, and will be remote-controlled via a new Control Point "Holland";

4. The portion of Cork Interlocking just east of the Lancaster passenger station platforms will be remote-controlled via a new interlocking "Conestoga", the tail track between existing Signals 14R and 20L will become a non signaled track used by maintenance of way equipment and occasional freight trains only, the electric lock on Switch No. 30A will be removed, the eastward and westward station tracks will be removed along with their signals, and the platforms will be extended to meet Main Tracks No.'s 1 and 2;

5. The portion of Cork Interlocking just west of the platforms will be reconfigured and remote-controlled and will retain the name "Cork," Switches No.'s 49, 40A, 40C and 40D will be removed, and Signal 38L will be replaced by new Signal 7E, reducing the limits of the interlocking on the No. 7 track;

6. The western most portion of existing Cork Interlocking will be replaced with the new Control Point "Lititz," Signals 66L, 66R and 62R will be removed and the No. 65 power-operated crossover will become Switch No. 25, a single power-operated turnout, and Signal 64R will be removed and a new signal 2W installed near the point of switch, reducing the limits of the interlocking on No. 2 track; and

7. At Roy Interlocking, the No. 15 power-operated switch will be replaced with an electrically-locked, hand-operated switch, Signals 14L and 14C will be removed, and a new Signal 9W installed. This will establish the Route 441 highway-rail crossing outside of interlocking limits, and the crossing will be upgraded with a constant warning device.

The reason given for the proposed change is to retire facilities no longer required, to provide reverse signaling on all main tracks, to reconfigure Cork Interlocking to eliminate diverging moves for passenger trains stopping at the Lancaster Station, and to provide a 30-mph freight train route through Lancaster. Eventually, Amtrak intends

to expand this system eastward all the way to Philadelphia.

Any interested party desiring to protest the granting of an application shall set forth specifically the grounds upon which the protest is made, and include a concise statement of the interest of the party in the proceeding. Additionally, one copy of the protest shall be furnished to the applicant at the address listed above.

All communications concerning this proceeding should be identified by the docket number and must be submitted to the Docket Clerk, DOT Central Docket Management Facility, Room PL-401 (Plaza Level), 400 7th Street, SW., Washington, DC 20590-0001. Communications received within 45 days of the date of this notice will be considered by the FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.-5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the internet at the docket facility's Web site at <http://dms.dot.gov>.

FRA wishes to inform all potential commenters that anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) or you may visit <http://dms.dot.gov>.

FRA expects to be able to determine these matters without an oral hearing. However, if a specific request for an oral hearing is accompanied by a showing that the party is unable to adequately present his or her position by written statements, an application may be set for public hearing.

Issued in Washington, DC on May 24, 2005.

Grady C. Cothen, Jr.,

Deputy Associate Administrator for Safety Standards and Program Development.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2005-21267; Notice 1]

The Goodyear Tire & Rubber Company, Receipt of Petition for Decision of Inconsequential Noncompliance

The Goodyear Tire & Rubber Company (Goodyear) has determined that certain tires it manufactured in 2002-2004 do not comply with S4.3.4(d) of Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New pneumatic tires."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Goodyear has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Goodyear's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Affected are a total of approximately 6117 Eagle F1 Supercar tires in four different sizes, manufactured from January 2002 to December 2004. S4.3.4(d) of FMVSS No. 109 requires that "each tire shall have permanently molded into or onto both sidewalls * * * (d) The generic name of each cord material used in the plies (both sidewall and tread area) of the tire." The labeling information on the noncompliant tires incorrectly states that one of the tire reinforcement materials is NYLON when the actual material in these tires is ARAMID.

Goodyear believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted. Goodyear states that the mislabeling creates no unsafe condition. Goodyear further states that all of the markings related to tire service including load capacity and corresponding inflation pressure are correct, and that the tires meet or exceed all applicable FMVSS performance requirements.

Interested persons are invited to submit written data, views, and arguments on the petition described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods. *Mail:* Docket Management Facility, U.S. Department of Transportation, Nassif Building, Room PL-401, 400 Seventh Street, SW.,

Washington, DC, 20590-0001. *Hand Delivery:* Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC. It is requested, but not required, that two copies of the comments be provided.

The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal holidays. Comments may be submitted electronically by logging onto the Docket Management System Web site at <http://dms.dot.gov>. Click on "Help" to obtain instructions for filing the document electronically. Comments may be faxed to 1-202-493-2251, or may be submitted to the Federal eRulemaking Portal: go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

The petition, supporting materials, and all comments received before the close of business on the closing date indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated below.

Comment closing date: June 30, 2005.

Authority: 49 U.S.C. 30118, 30120; Delegations of authority at CFR 1.50 and 501.8.

Issued on: May 23, 2005.

Ronald L. Medford,

Senior Associate Administrator for Vehicle Safety.

[Docket No. NHTSA-2005-21268; Notice 1]

The Goodyear Tire & Rubber Company, Receipt of Petition for Decision of Inconsequential Noncompliance

The Goodyear Tire & Rubber Company (Goodyear) has determined that certain tires it manufactured in 2005 do not comply with S6.5(b) of Federal Motor Vehicle Safety Standard (FMVSS) No. 119, "New pneumatic tires for vehicles other than passenger cars."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Goodyear has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Goodyear's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Affected are a total of approximately 958 Wrangler AT tires produced from March 7, 2005 to April 4, 2005. S6.5(b) of FMVSS No. 119 requires that each tire shall be marked with "[t]he tire identification number required by part 574 of this chapter." The noncompliant tires should have been marked "DOT PJ10 MPH0 wwww," but were actually marked with one of the following serial codes: DOT 1085 PJ10 MPH0, DOT 1086 PJ10 MPH0, DOT 2013 PJ10 MPH0, or DOT 2014 PJ10 MPH0.

Goodyear believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted. Goodyear states that the mislabeling creates no unsafe condition. Goodyear further states that all of the markings related to tire service including load capacity and corresponding inflation pressure are correct, and that the tires meet or exceed all applicable FMVSS performance requirements. Goodyear says that when consumers register these tires in Goodyear's registration database, they can easily be identified in the unlikely event that they would be involved in a tire recall.

Interested persons are invited to submit written data, views, and arguments on the petition described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods. *Mail:* Docket Management Facility, U.S. Department of Transportation, Nassif Building, Room PL-401, 400 Seventh Street, SW., Washington, DC, 20590-0001. *Hand Delivery:* Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC. It is requested, but not required, that two copies of the comments be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal holidays. Comments may be submitted electronically by logging onto the Docket Management System Web site at <http://dms.dot.gov>. Click on "Help" to obtain instructions for filing the document electronically. Comments may be faxed to 1-202-493-2251, or may be submitted to the Federal eRulemaking Portal: go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

The petition, supporting materials, and all comments received before the close of business on the closing date

indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated below.

Comment closing date: June 30, 2005.

Authority: 49 U.S.C. 30118, 30120; Delegations of authority at CFR 1.50 and 501.8.

Issued on: May 23, 2005.

Ronald L. Medford,

Senior Associate Administrator for Vehicle Safety.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2005-21269; Notice 1]

The Goodyear Tire & Rubber Company, Receipt of Petition for Decision of Inconsequential Noncompliance

The Goodyear Tire & Rubber Company (Goodyear) has determined that certain tires it manufactured in 2005 do not comply with S4.3.4(b) of Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New pneumatic tires."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Goodyear has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Goodyear's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Affected are a total of approximately 4,992 Kelly Signature HPT and Essenza B210 Type 2 tires produced from February 1, 2005 to March 31, 2005. S4.3.4(b) of FMVSS No. 109 requires that "[e]ach marking of the tire's maximum load rating * * * in kilograms shall be followed in parenthesis by the equivalent load rating in pounds * * *." The noncompliant tires have the correct maximum load rating in kilograms but the actual stamping for the maximum load in pounds is 2839 pounds, while the correct stamping should be 2833 lbs.

Goodyear believes that the noncompliance is inconsequential to

motor vehicle safety and that no corrective action is warranted. Goodyear explains that the cause of the noncompliance was the use of a different conversion factor than that used by the Tire and Rim Association. Goodyear states that the noncompliance has no effect on the performance of the tires on a motor vehicle or on motor vehicle safety. Goodyear says that the tires meet or exceed all other tire labeling requirements and all minimum performance requirements of FMVSS No. 109.

Interested persons are invited to submit written data, views, and arguments on the petition described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods. *Mail:* Docket Management Facility, U.S. Department of Transportation, Nassif Building, Room PL-401, 400 Seventh Street, SW., Washington, DC, 20590-0001. *Hand Delivery:* Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC. It is requested, but not required, that two copies of the comments be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal holidays. Comments may be submitted electronically by logging onto the Docket Management System Web site at <http://dms.dot.gov>. Click on "Help" to obtain instructions for filing the document electronically. Comments may be faxed to 1-202-493-2251, or may be submitted to the Federal eRulemaking Portal: go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

The petition, supporting materials, and all comments received before the close of business on the closing date indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated below.

Comment closing date: June 30, 2005.

Authority: 49 U.S.C. 30118, 30120; delegations of authority at CFR 1.50 and 501.8.

Issued on: May 23, 2005.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA 2005-20047; Notice 2]

Bridgestone/Firestone North America Tire, LLC. Denial of Application for Decision of Inconsequential Noncompliance

Bridgestone/Firestone North America Tire, LLC has determined that approximately 323 size 445/50R22.5 20 Ply, Load Range 'L', Bridgestone S892 tires do not meet the labeling requirements mandated by Federal Motor Vehicle Safety Standard (FMVSS) - No. 109, "New Pneumatic Tires."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Bridgestone/Firestone has petitioned for a determination that this noncompliance is inconsequential to motor vehicle safety and has filed an appropriate report pursuant to 49 CFR Part 573, "Defect and Noncompliance Reports." FMVSS No. 109 (S4.3(b)) and (S4.3(c)) require that each tire shall have permanently molded the maximum permissible inflation pressure and the maximum load rating of the tire, respectively. Notice of receipt of the application was published, with a 30-day comment period, on February 9, 2005 in the **Federal Register** (70 FR 6923). NHTSA received no comment on this application.

The noncompliance with S4.3(c) relates to the sidewall markings. Bridgestone/Firestone Tochi, Japan Plant produced approximately 323 tires with incorrect markings. The noncompliant tires were marked: "Max Load 4540 Kg (10,000 lbs.) @ 790 kPa (115 psi)." The correct marking is as follows: "Max Load 4625 Kg (10,200 lbs.) @ 830 kPa (120 psi)."

Bridgestone/Firestone believes that the noncompliance described herein is inconsequential as it relates to motor vehicle safety because the load molded on the tire is less than the actual prescribed maximum load. Thus the tires can easily accommodate the load they will likely carry per tire application. Therefore, Bridgestone/Firestone believes this noncompliance is particularly unlikely to have an adverse effect on motor vehicle safety and is clearly inconsequential in that regard. The noncompliant tires meet or exceed all performance requirements of FMVSS No. 109 and will have no impact on the operational performance or safety of vehicles on which these tires are mounted.

The agency believes that the true measure of inconsequentiality to motor vehicle safety is the effect of the

noncompliance on the operational safety of vehicles on which these tires are mounted. The correct label for max load at max pressure is "10200 lbs @ 120 psi". The incorrect label says "10,000 lbs @ 115 psi". Although the max load is labeled to be less on the incorrect label than the actual max load, the pressure is also lower, which has an effect on the load bearing ability of the tire. Referencing the European Tyre and Rim Technical Organization tire tables for that size tire reveals that a 445/50R22.5 tire that has a max load at max pressure of 10,200 lbs @ 120 psi, will be able to support 9860 lbs @ 115 psi. Therefore, at 115 psi the tire will be able to support 140 lbs less than the 10,000 lbs stated. Hence the incorrect label would allow the tire to be overloaded at the stated max pressure of 115 psi.

In consideration of the foregoing, NHTSA has decided that the applicant does not meet its burden of persuasion that the noncompliance is inconsequential to motor vehicle safety. Accordingly, its application is denied and the applicant is not exempted from providing the notification of the noncompliance as required by 49 U.S.C. 30118, and from remedying the noncompliance, as required by 49 U.S.C. 30120.

(49 U.S.C. 301118, 301120; delegations of authority at 49 CFR 1.50 and 501.8)

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[NHTSA-03-14372]

Insurer Reporting Requirements; Reports Under 49 U.S.C. on Section 33112(c)

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Notice of availability.

SUMMARY: This notice announces publication by NHTSA of the annual insurer report on motor vehicle theft for the 2000 reporting year. Section 33112(h) of Title 49 of the U.S. Code, requires this information to be compiled periodically and published by the agency in a form that will be helpful to the public, the law enforcement community, and Congress. As required by section 33112(c), this report provides

information on theft and recovery of vehicles; rating rules and plans used by motor vehicle insurers to reduce premiums due to a reduction in motor vehicle thefts; and actions taken by insurers to assist in deterring thefts.

ADDRESSES: Interested persons may obtain a copy of this report and appendices by contacting the U.S. Department of Transportation, Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. (Docket hours are from 10 a.m. to 5 p.m.). Requests should refer to Docket No. 2003-14372. This report without appendices may also be viewed on-line at: <http://www.nhtsa.dot.gov/cars/rules/theft>.

FOR FURTHER INFORMATION: Ms. Rosalind Proctor, Office of International Policy, Fuel Economy and Consumer Programs, NHTSA, 400 Seventh Street, SW., Washington, DC 20590. Ms. Proctor's telephone number is (202) 366-0846. Her fax number is (202) 493-2290.

SUPPLEMENTARY INFORMATION: The Motor Vehicle Theft Law Enforcement Act of 1984 (Theft Act) was implemented to enhance detection and prosecution of motor vehicle theft (Pub. L. 98-547). The Theft Act added a new Title VI to the Motor Vehicle Information and Cost Savings Act, which required the Secretary of Transportation to issue a theft prevention standard for identifying major parts of certain high-theft lines of passenger cars. The Act also addressed several other actions to reduce motor vehicle theft, such as increased criminal penalties for those who traffic in stolen vehicles and parts, curtailment of the exportation of stolen motor vehicles and off-highway mobile equipment, establishment of penalties for dismantling vehicles for the purpose of trafficking in stolen parts, and development of ways to encourage decreases in premiums charged to consumers for motor vehicle theft insurance.

This notice announces publication by NHTSA of the annual insurer report on motor vehicle theft for the 2000 reporting year. Section 33112(h) of Title 49 of the U.S. Code, requires this information to be compiled periodically and published by the agency in a form that will be helpful to the public, the law enforcement community, and Congress. As required by section 33112(h), this report focuses on the assessment of information on theft and recovery of motor vehicles, comprehensive insurance coverage and actions taken by insurers to reduce thefts for the 2000 reporting period.

Section 33112 of Title 49 requires subject insurers or designated agents to

report annually to the agency on theft and recovery of vehicles, on rating rules and plans used by insurers to reduce premiums due to a reduction in motor vehicle thefts, and on actions taken by insurers to assist in deterring thefts. Rental and leasing companies also are required to provide annual theft reports to the agency. In accordance with 49 CFR 544.5, each insurer, rental and leasing company to which this regulation applies must submit a report annually not later than October 25, beginning with the calendar year for which they are required to report. The report would contain information for the calendar year three years previous to the year in which the report is filed. The report that was due by October 25, 2003 contains the required information for the 2000 calendar year. Interested persons may obtain a copy of individual insurer reports for CY 2000 by contacting the U.S. Department of Transportation, Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. (Docket hours are from 10 a.m. to 5 p.m.). Requests should refer to Docket No. 2003-14372.

The annual insurer reports provided under section 33112 are intended to aid in implementing the Theft Act and fulfilling the Department's requirements to report to the public the results of the insurer reports. The first annual insurer report, referred to as the Section 612 Report on Motor Vehicle Theft, was prepared by the agency and issued in December 1987. The report included theft and recovery data by vehicle type, make, line, and model which were tabulated by insurance companies and, rental and leasing companies. Comprehensive premium information for each of the reporting insurance companies was also included. This report, the sixteenth, discloses the same subject information and follows the same reporting format.

Issued on: May 23, 2005.

Stephen R. Kratzke,

Associate Administrator for Rulemaking.

BILLING CODE 4910-59-P

DEPARTMENT OF THE TREASURY**Office of the Comptroller of the Currency****FEDERAL RESERVE SYSTEM****FEDERAL DEPOSIT INSURANCE CORPORATION****Agency Information Collection Activities; Submission for OMB Review; Comment Request**

AGENCIES: Office of the Comptroller of the Currency (OCC), Treasury; Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of information collection to be submitted to OMB for review and approval under the Paperwork Reduction Act of 1995.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the OCC, the Board, and the FDIC (the "agencies") may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. On April 29, 2004, the agencies requested public comment for 60 days on proposed revisions to the instructions for the Consolidated Reports of Condition and Income (Call Report), which are currently approved collections of information. After considering the comments received, the Federal Financial Institutions Examination Council (FFIEC), of which the agencies are members, has adopted the proposed instructional revisions and also will add new items to the Call Report based on suggestions by commenters. In addition, on March 11, 2005, the agencies requested public comment for 60 days on other proposed revisions to the Call Report. The FFIEC and the agencies have considered the comments received on these additional revisions, which the FFIEC has adopted as proposed. The agencies are submitting the revisions adopted by the FFIEC to OMB for review and approval.

DATES: Comments must be submitted on or before June 30, 2005.

ADDRESSES: Interested parties are invited to submit written comments to any or all of the agencies. All comments, which should refer to the OMB control number(s), will be shared among the agencies.

OCC: You may submit comments, identified by [Attention: 1557-0081], by any of the following methods:

- **E-mail:** regs.comments@occ.treas.gov. Include [Attention: 1557-0081] in the subject line of the message.

- **Fax:** (202) 874-4448.

- **Mail:** Public Information Room, Office of the Comptroller of the Currency, 250 E Street, SW., Mailstop 1-5, Washington, DC 20219; Attention: 1557-0081.

Public Inspection: You may inspect and photocopy comments at the Public Information Room. You can make an appointment to inspect the comments by calling (202) 874-5043.

Board: You may submit comments, which should refer to "Consolidated Reports of Condition and Income, 7100-0036," by any of the following methods:

- **Agency Web Site:** <http://www.federalreserve.gov/generalinfo/foia/ProposedRegs.cfm>.

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

- **E-mail:** regs.comments@federalreserve.gov. Include docket number in the subject line of the message.

- **Fax:** 202-452-3819 or 202-452-3102.

- **Mail:** Jennifer J. Johnson, Secretary, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue, NW., Washington, DC 20551.

All public comments are available from the Board's Web site at <http://www.federalreserve.gov/generalinfo/foia/ProposedRegs.cfm> as submitted, except as necessary for technical reasons. Accordingly, your comments will not be edited to remove any identifying or contact information. Public comments may also be viewed electronically or on paper in Room MP-500 of the Board's Martin Building (20th and C Streets, NW.) between 9 a.m. and 5 p.m. on weekdays.

FDIC: You may submit comments, which should refer to "Consolidated Reports of Condition and Income, 3064-0052," by any of the following methods:

- <http://www.FDIC.gov/regulations/laws/federal/propose.html>.

- **E-mail:** comments@FDIC.gov. Include "Consolidated Reports of Condition and Income, 3064-0052" in the subject line of the message.

- **Mail:** Steven F. Hanft (202-898-3907), Paperwork Clearance Officer, Room MB-3064, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

- **Hand Delivery:** Comments may be hand delivered to the guard station at the rear of the 550 17th Street Building

(located on F Street) on business days between 7 a.m. and 5 p.m.

Public Inspection: You may inspect comments at the FDIC Public Information Center, Room 100, 801 17th Street, NW., between 9 a.m. and 4:30 p.m. on business days.

A copy of the comments may also be submitted to the OMB desk officer for the agencies: Mark Menchik, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503, or electronic mail to mmenchik@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: For further information about the revisions discussed in this notice, please contact any of the agency clearance officers whose names appear below. In addition, copies of Call Report forms can be obtained at the FFIEC's Web site (http://www.ffiec.gov/ffiec_report_forms.htm).

OCC: Mary Gottlieb, OCC Clearance Officer, or Camille Dixon, (202) 874-5090, Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency, 250 E Street, SW., Washington, DC 20219.

Board: Michelle E. Long, Clearance Officer, (202) 452-3829, Division of Research and Statistics, Board of Governors of the Federal Reserve System, 20th and C Streets, NW., Washington, DC 20551.

Telecommunications Device for the Deaf (TDD) users may call (202) 263-4869.

FDIC: Steven F. Hanft, Paperwork Clearance Officer, (202) 898-3907, Legal Division, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

SUPPLEMENTARY INFORMATION: Request for OMB approval to revise the currently approved collections of information identified below.

The effect of the proposed revisions to the reporting requirements for the Call Report will vary from institution to institution depending on the institution's involvement with the types of activities or transactions to which the proposed changes apply. More specifically, the agencies expect that the reporting changes that relate to certain securitized U.S. government-guaranteed or -insured residential mortgage loans will primarily affect the small percentage of institutions that originate or purchase and then securitize these loans. The revisions to the Call Report dealing with acquired loans with evidence of deterioration of credit quality since origination, including acquisitions of such loans in business combinations accounted for using the purchase method, will generally apply only to the limited number of

institutions that are involved in purchase business combinations or that engage in purchases of loans with credit quality problems as a business activity. The agencies estimate that implementation of these reporting changes will result in a small increase in the current reporting burden imposed by the Call Report for those institutions involved with these activities and transactions. The following burden estimates include the effect of the proposed revisions.

Report Title: Consolidated Reports of Condition and Income (Call Report).

Form Number: Call Report: FFIEC 031 (for banks with domestic and foreign offices) and FFIEC 041 (for banks with domestic offices only).

Frequency of Response: Quarterly.

Affected Public: Business or other for-profit.

OCC

OMB Number: 1557-0081.

Estimated Number of Respondents: 2,000 national banks.

Estimated Time per Response: 46.45 burden hours.

Estimated Total Annual Burden:

371,633 burden hours.

Board:

OMB Number: 7100-0036.

Estimated Number of Respondents: 922 state member banks.

Estimated Time per Response: 52.38 burden hours.

Estimated Total Annual Burden:

193,177 burden hours.

FDIC

OMB Number: 3064-0052.

Estimated Number of Respondents: 5,263 insured state nonmember banks.

Estimated Time per Response: 37.10 burden hours.

Estimated Total Annual Burden:

781,029 burden hours.

The estimated time per response for the Call Report is an average that varies by agency because of differences in the composition of the institutions under each agency's supervision (e.g., size distribution of institutions, types of activities in which they are engaged, and existence of foreign offices). The average reporting burden for the Call Report includes the effect on burden of the new Central Data Repository (CDR) system that the agencies are developing for processing Call Reports. The time per response for the Call Report is estimated to range from 15 to 600 hours, depending on an individual institution's circumstances, before considering the effect of voluntary testing and global enrollment activities related to the CDR. The reporting burden for testing and enrollment activities for an individual

institution is estimated to range from 16 to 69 hours, depending on the institution's level of participation.

General Description of Reports

These information collections are mandatory: 12 U.S.C. 161 (for national banks), 12 U.S.C. 324 (for state member banks), and 12 U.S.C. 1817 (for insured state nonmember commercial and savings banks). Except for selected items, these information collections are not given confidential treatment.

Abstract

Institutions file Call Reports with the agencies each quarter for the agencies' use in monitoring the condition, performance, and risk profile of individual institutions and the industry as a whole. In addition, Call Reports provide the most current statistical data available for evaluating institutions' corporate applications such as mergers, for identifying areas of focus for both on-site and off-site examinations, and for monetary and other public policy purposes. Call Reports are also used to calculate all institutions' deposit insurance and Financing Corporation assessments and national banks' semiannual assessment fees.

Current Actions

I. Overview

On April 29, 2004, the agencies (together with the Office of Thrift Supervision (OTS)) jointly published a notice soliciting comments for 60 days on proposed revisions to the Call Report (69 FR 23502). This joint notice requested comment on two proposed instructional changes that would affect how institutions report certain information in the Call Report, but the notice did not propose to change the report forms themselves. First, the agencies proposed to change and clarify the reporting requirements related to certain U.S. Government-guaranteed or -insured residential mortgage loans backing Government National Mortgage Association (GNMA) securities that meet certain delinquency criteria and are subject to seller buy-back provisions, i.e., "GNMA loans." These clarifications involved the reporting of GNMA loans as delinquent and the balance sheet classification of property backing a delinquent GNMA loan on which an institution has foreclosed. Second, the agencies proposed to change the reporting requirements for "when-issued" securities from settlement date accounting to trade date accounting.

The agencies received 13 comments on their April 2004 proposal, ten from banks and banking organizations, two from bankers' associations, and one

from a trade group whose members include banking organizations. Only two of the commenters addressed both of the subjects in the agencies' April 2004 proposal. The FFIEC and the agencies have considered these comments and have decided to proceed with the instructional revisions pertaining to mortgage loans subject to buy-back provisions, but with the addition of new items to the Call Report schedules in which banks report information on past due loans and on other real estate owned.¹ The FFIEC and the agencies also have decided against requiring trade date accounting for all "when-issued" securities. These decisions are discussed below.

In addition, on March 11, 2005, the agencies jointly published a notice requesting comment on proposed revisions to the Call Report in response to Statement of Position 03-3, Accounting for Certain Loans or Debt Securities Acquired in a Transfer (SOP 03-3), which was issued by the American Institute of Certified Public Accountants (70 FR 12269). SOP 03-3 applies to loans acquired in fiscal years beginning after December 15, 2004. The agencies proposed to add three items to the Call Report relating to loans within the scope of SOP 03-3. The agencies also proposed a revision to the Call Report instructions to explain how the delinquency status of loans within the scope of SOP 03-3 should be determined for purposes of disclosing past due loans in the Call Report.

The agencies received three comments in response to their March 2005 proposal, one from a community bank trade association, one from a large banking organization, and another from a trade group outside the banking industry. The FFIEC and the agencies have considered these comments and, as discussed below, have decided to proceed with the SOP 03-3 changes as proposed.

The revisions to the Call Report have been approved for publication by the FFIEC. The agencies will implement the proposed Call Report changes as of the June 30, 2005, report date, except for the revisions pertaining to foreclosed properties backing delinquent GNMA loans. Nonetheless, as is customary for Call Report changes, if the information to be reported in accordance with the revised reporting requirements is not readily available, institutions are advised that they may report reasonable

¹ The OTS joined with the agencies in the April 2004 proposal. The OTS intends to follow a course of action similar to the agencies with respect to mortgage loans subject to buy-back provisions in the future when updating the reporting requirements for the Thrift Financial Report.

estimates of this information for the report date as of which the proposed changes first take effect, *i.e.*, June 30, 2005. With respect to the reporting of foreclosed properties backing GNMA loans, institutions should report these properties in their Call Reports in accordance with their existing reporting policies for such properties through the December 31, 2005, report date. Effective with the March 31, 2006, report date, all institutions should report these properties as other real estate owned on the balance sheet and disclose the amount in a new subitem that will be added to the Call Report schedule in which information on the composition of other real estate owned is reported.

Type of Review: Revision of currently approved collections.

II. Revisions to the Call Report

A. GNMA Buy-Back Option

Under the GNMA Mortgage-Backed Securities Guide, the issuer of GNMA securities has the option to repurchase individual Federal Housing Administration (FHA), Department of Veterans Affairs/Veterans Administration (VA), and Farmers Home Administration (FmHA) mortgage loans backing the securities when these GNMA loans meet certain delinquency criteria. Because of this option, if and when individual loans that have been accounted for as sold in accordance with Statement of Financial Accounting Standards No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities (FAS 140), later meet GNMA's specified delinquency criteria and are eligible for repurchase, FAS 140 requires these individual delinquent GNMA loans to be brought back onto the issuer's books as assets, along with an offsetting liability. This rebooking of the GNMA loans is required regardless of whether the issuer intends to exercise the buy-back option.

The agencies proposed that all delinquent rebooked GNMA loans (including those for which the institution is taking steps to foreclose on the real estate collateral at the time of repurchase, but for which the sheriff's sale has not yet taken place) should be reported as past due on Call Report Schedule RC-N—Past Due and Nonaccrual Loans, Leases, and Other Assets, in accordance with their contractual terms. As part of this change, the agencies proposed to eliminate an existing provision in the Call Report instructions that permits institutions not to report delinquent GNMA loans that are repurchased when

they are "in foreclosure status" at the time of repurchase as past due loans in Schedule RC-N, provided the government reimbursement process is proceeding normally. In proposing this reporting change, the agencies noted that delinquent rebooked GNMA loans would also be reported in supplemental items 10 and 10.a of Schedule RC-N, which disclose amounts for past due loans wholly or partially guaranteed or insured by the U.S. Government. These items supplement the main body of the past due loans schedule by providing information that enables users of the Call Report to determine the amount of an institution's total delinquent loans that are not protected by a U.S. Government guarantee or insurance.

In addition, the agencies proposed that, when an institution forecloses on real estate backing a delinquent GNMA loan that it has rebooked as an asset, it should report the property as "other real estate owned" and not as an "other asset" on the Call Report balance sheet. The foreclosed property should be reported in this manner beginning at the time of foreclosure until it has been sold, transferred to HUD, or otherwise disposed of.

The agencies received ten comments addressing the portion of the April 2004 proposal on GNMA loan reporting issues. With one exception, commenters disagreed with the agencies' proposed reporting treatment for past due GNMA loans and foreclosed property.² One commenter did "not object to the proposal that all delinquent rebooked GNMA loans should be treated consistently and reported as past due" in the schedule for past due loans, observing that users of this schedule "will have a method to identify the amount of loans that are not guaranteed by the U.S. Government." However, this commenter did not favor the proposed treatment of foreclosed property.

Delinquency Reporting

With respect to delinquency reporting, nine commenters did not support reporting rebooked past due GNMA loans in the main body of Call Report Schedule RC-N. These commenters recommended that if these delinquent loans must be reported in this schedule, they should be reported only in a Memorandum section of the schedule and should not be aggregated with other past due loans. They favored segregated reporting for the GNMA loans because these loans have a different risk profile than other past due loans due to their guarantees or

² Only eight of the ten commenters specifically addressed foreclosed property.

insurance. These commenters stated that reporting these delinquent rebooked GNMA loans with the other past due loans will skew analytical ratios used to evaluate credit risk, which will lead to misinterpretation of the past due data and cause banks to have to respond to questions regarding these data. One commenter specifically suggested that if the agencies decided to proceed with the proposed inclusion of delinquent rebooked GNMA loans in the body of the past due schedule, "a separate line should be added for past due GNMA loans." Nevertheless, this commenter also expressed concern that the agencies' proposed past due reporting treatment in Schedule RC-N would produce disparities between the Call Report past due schedule and the past due reporting by public banking organizations in their filings with the Securities and Exchange Commission (SEC).

The agencies do not believe that their proposal to include delinquent rebooked GNMA loans in the body of the past due schedule should lead to inconsistencies in the disclosure of these loans in the Call Report and in SEC filings. Accounting staff members in the SEC's Division of Corporation Finance prepared guidance on "Current Accounting and Disclosure Issues in the Division of Corporation Finance" dated November 30, 2004, and updated on March 4, 2005. Both versions of this guidance discuss "Accounting for Loans or Other Receivables Covered by Buyback Provisions," including, but not limited to, loans securitized through GNMA.³ (See Section II.K.1. of the SEC staff's November 2004 guidance, which was carried forward without revision to Section II.N.1. of the March 2005 guidance.) The SEC staff's discussion of this topic states the following concerning loans, including GNMA loans, that have been "re-recognized," *i.e.*, rebooked as assets in accordance with FAS 140:

In the event that loans re-recognized by the transferor have the risk elements contemplated by Item III.C.1. of Industry Guide 3 (*i.e.*, nonaccrual, past due, restructured), the amount of such loans should be included in the disclosures required by that Item. Supplemental disclosures may be made to facilitate understanding of the aggregate amounts reported pursuant to Item III.C.1. These disclosures may include, for example, information as to the nature of the loans, any guarantees, the extent of collateral, or amounts in process of collection. For example, if a loan re-recognized by a transferor is accruing, but it is contractually

³ This guidance can be accessed at <http://www.sec.gov/divisions/corpfin/acctdis030405.htm>.

past due 90 days or more as to principal or interest, that loan should be included in the disclosure required by Item III.C.1(b) even if the loan is guaranteed through a government program, such as the Veterans Administration (VA) or Federal Housing Authority (FHA).

As recognized by the SEC staff, delinquent rebooked GNMA loans are to be included in the aggregate past due disclosures required by Industry Guide 3. However, public banking organizations may provide supplemental disclosure of the fact that these loans are guaranteed or insured by the U.S. Government to assist users in understanding the aggregate amounts of past due loans. The agencies' proposal for reporting past due rebooked GNMA loans in Call Report Schedule RC-N parallels the SEC staff's guidance because this schedule includes items that permit the "supplemental disclosure" of the amount of past due loans wholly or partially guaranteed or insured by the U.S. Government. Nevertheless, the agencies and other users of the supplemental Schedule RC-N items on past due government-guaranteed or -insured loans would benefit from having delinquent rebooked GNMA loans identified separately from other past due government-guaranteed or -insured loans, especially for institutions that have securitized and sold a significant volume of GNMA loans.

Accordingly, the agencies have decided to proceed with their original proposal that would require rebooked GNMA loans that are past due to be reported in the main body of Call Report Schedule RC-N and in supplemental item 10, "Loans and leases reported in items 1 through 8 above which are wholly or partially guaranteed by the U.S. Government." However, based on suggestions from commenters, the agencies will add a new supplemental item 10.b to Schedule RC-N effective June 30, 2005, in which banks would report "Rebooked GNMA loans" that have been repurchased or are eligible for repurchase included in item 10 above.⁴

In this regard, the agencies note that banks that originate and hold FHA, VA, and FmHA mortgage loans in their loan portfolios, rather than securitizing and selling them in the form of GNMA

securities, currently report these loans as past due in the main body of Call Report Schedule RC-N if and when these loans become delinquent. These past due loans are also reported in existing supplemental items 10 and 10.a for past due loans wholly or partially guaranteed or insured by the U.S. Government in Call Report Schedule RC-N. The reporting treatment of these guaranteed and insured loans in Schedule RC-N will not change.

Foreclosed Real Estate

Commenters on the portion of the agencies' April 2004 proposal on GNMA loans objected to the proposed balance sheet classification of foreclosed real estate collateral backing delinquent GNMA loans as "other real estate owned." Commenters recommended that institutions report such real estate as "other assets" because they do not believe that institutions are exposed to the underlying risk of the real estate, despite the foreclosure, due to the insurance or guarantee by the U.S. Government. They also observed that, in contrast to foreclosed real estate arising from other types of loans, institutions do not intend to sell foreclosed properties resulting from GNMA loans in order to recover the value of these assets. Instead, institutions look to their claim on the U.S. Government for recovery.

The agencies have reviewed and considered these comments. As stated in the April 2004 proposal, the U.S. Department of Housing and Urban Development (HUD), the federal entity that administers the GNMA program, cannot accept a foreclosed property nor can the government guarantee or insurance be honored until all legal actions related to the foreclosure process have been completed. Commenters confirmed that certain conditions must be met before a property can be conveyed to HUD. While these conditions normally will be met, whether they will ultimately be met for an individual property is not known at the time of foreclosure. For example, the servicing guide for VA loans indicates the circumstances in which foreclosed property would not be conveyed, including when the VA issues "no-bid" advice (because the VA's cost of paying its guarantee is less than its estimated cost of taking possession of the property and selling it) and when there has been a failure to follow the regulations upon which the VA's guarantee is based.

Although the existence of insurance or a guarantee from the U.S. Government on a particular foreclosed loan will aid in determining whether

the carrying value of the asset is recoverable, it does not determine the classification of the asset upon foreclosure. Because an institution's claim against the U.S. Government is effectively conditional until all the conditions have been met for the conveyance of a foreclosed property to HUD, the asset resulting from an institution's foreclosure on a delinquent GNMA loan has more of the characteristics of real estate than a receivable from the U.S. Government. Accordingly, the agencies believe that, for Call Report balance sheet purposes, it is more appropriate to view this asset as other real estate owned than as a receivable at foreclosure.

The agencies recognize that the more common practice is for institutions that foreclose on delinquent GNMA loans to report the resulting asset as an "other asset" rather than "other real estate owned" on the Call Report balance sheet. In this regard, some commenters recommended that if the agencies concluded that these assets should not be reported as "other assets," there should be separate disclosure of these assets in the Call Report because of the difference in their risk profile compared to other types of foreclosed real estate. The agencies see merit in enabling institutions with foreclosed properties from GNMA loans to distinguish the amount of these properties from other foreclosed properties. Therefore, the agencies will delay the implementation date for institutions to report foreclosed real estate from GNMA loans as "other real estate owned" on the balance sheet until the March 31, 2006, report date. The agencies will also add a new subitem to Schedule RC-M, item 3.b, "All other real estate owned," to enable institutions to disclose the amount of such real estate in the March 2006 Call Report. Until then, *i.e.*, through the December 31, 2005, report date, institutions should continue to report these foreclosed properties in their Call Reports in accordance with their existing reporting policies for such properties.

B. "When-Issued" Securities

The agencies also proposed in April 2004 to revise the Call Report Glossary entry for "When-Issued Securities Transactions," which currently indicates that institutions should follow settlement date accounting for when-issued securities, by replacing it with one that calls for trade date accounting for such securities. In addition, the agencies proposed to remove the references to commitments to purchase and sell when-issued securities from the instructions for Schedule RC-L, item 9,

⁴In addition, if a bank services but did not originate mortgage loans backing a GNMA security, *i.e.*, where the bank was not the transferor of the losses that have been securitized, the servicing bank should also include any government-guaranteed or -insured mortgage loans that it has purchased out of the securitization in Schedule RC-R, items 10 and 10b, even if the bank was not required to record the delinquent loans as assets prior to purchasing the loans.

"All other off-balance sheet liabilities," and item 10, "All other off-balance sheet assets," respectively. Furthermore, the agencies proposed to revise the Call Report Glossary entry for "Trade Date and Settlement Date Accounting" to clarify that institutions should follow trade date accounting for all securities, including when-issued securities.

Five commenters on the agencies' April 2004 proposal addressed the reporting of when-issued securities, two of whom supported using trade date accounting for such securities. The other three commenters disagreed with the agencies' proposal. These commenters noted that, under paragraph 59(a) of Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended (FAS 133), when-issued securities that meet certain criteria should be accounted for as derivatives rather than securities and, therefore, this derivatives accounting treatment should be followed in the Call Report.

The agencies have reviewed relevant portions of FAS 133 and agree that, in appropriate circumstances, banks should report when-issued securities as derivatives and not as securities. Accordingly, the FFIEC and the agencies have concluded that they should not proceed with the three elements of their April 2004 proposal related to when-issued securities. However, the agencies will clarify the Call Report instructions addressing when-issued securities, where necessary, to ensure that they are in conformity with FAS 133.

C. Loans Within the Scope of SOP 03-3

SOP 03-3 applies to "purchased impaired loans," *i.e.*, loans⁵ that a bank has purchased, including those acquired in a purchase business combination, when there is evidence of deterioration of credit quality since the origination of the loan and it is probable, at the purchase date, that the bank will be unable to collect all contractually required payments receivable. To assist the agencies in understanding the relationship between the allowance for loan and lease losses and the carrying amount of the loan portfolios of those banks whose portfolios include purchased impaired loans, the agencies proposed to add three items to the Call Report. All three of these items represent information included in the disclosures required by SOP 03-3. The agencies proposed to add two Memorandum items to Schedule RC-C,

part I—Loans and Leases: (1) The outstanding balance⁶ and (2) the carrying amount (before any loan loss allowances) as of the report date of the purchased impaired loans held for investment⁷ that are included in Schedule RC-C. In addition, the agencies proposed to add a Memorandum item to Schedule RI-B, part II—Changes in Allowance for Loan and Lease Losses, in which banks would report the amount of post-acquisition loan loss allowances for purchased impaired loans held for investment that is included in the total amount of the allowance for loan and lease losses as of the report date.

The agencies also stated that they planned to revise the instructions to Schedule RC-N—Past Due and Nonaccrual Loans, Leases, and Other Assets, to explain how purchased impaired loans should be reported in this schedule. SOP 03-3 does not prohibit placing loans on nonaccrual status and any nonaccrual purchased impaired loans should be reported accordingly in Schedule RC-N. For those purchased impaired loans that are not on nonaccrual status, banks should determine the loans' delinquency status in accordance with the contractual repayment terms of the loans without regard to the purchase price of (initial investment in) these loans or the amount and timing of the cash flows expected at acquisition.

As previously mentioned, the agencies received three comments in response to their March 2005 proposed reporting revisions related to SOP 03-3, one from a community bank trade association, one from a large banking organization, and another from a trade group outside the banking industry. In its comment letter, the community bank trade association advised that, although most community banks it surveyed are not purchasers of impaired loans, the proposed items would add clarity to the Call Report for those that are. The association also stated that the additional time needed by bankers to report the proposed items may range

⁵ The outstanding balance is the undiscounted sum of all amounts, including amounts deemed principal, interest, fees, penalties, and other under the loan, owed to the bank at the report date, whether or not currently due and whether or not any such amounts have been charged off by the bank. However, the outstanding balance does not include amounts that would be accrued under the contract as interest, fees, penalties, and other after the report date.

⁷ Loans held for investment are those loans that the bank has the intent and ability to hold for the foreseeable future or until maturity or payoff. Thus, the outstanding balance and carrying amount of any purchased impaired loans that are held for sale would not be reported in these proposed Memorandum items.

from 10 minutes to one hour once the process for automating the reporting of this information has been created, which can be burdensome. The agencies note that the need for a bank that purchases impaired loans to establish a process to account for and track these loans is a result of SOP 03-3 becoming part of generally accepted accounting principles, which are the foundation for the Call Report, and would be necessary even if no new items were added to the Call Report for purchased impaired loans. The new items for purchased impaired loans produce only a small increase in the overall reporting burden for the Call Report because the overall burden represents an average across all institutions, including the vast majority that will not be purchasers of impaired loans.

The community bank trade association also identified certain Call Report schedules that its member banks consider most burdensome because of the level of detail required. The agencies recognize these bankers' concerns and are evaluating potential revisions to the Call Report that would reduce the level of detail for small institutions.

The large banking organization that commented on the SOP 03-3 revisions agreed with the proposed addition of items for the outstanding balance and carrying amount of purchased impaired loans and with the proposed use of contractual terms for determining the delinquency status of such loans for Call Report purposes. The organization also did not object to the proposed item for reporting amounts included in the allowance for loan and lease losses related to purchased impaired loans, but disagreed with the agencies' statement in the March 2005 proposal that all post-acquisition impairments recorded under SOP 03-3 should be included in the allowance account. The organization stated that it plans to recognize impairments resulting from decreases in forecasted cash flows through interest income and only recognize impairments through the allowance for loan and lease losses when undiscounted forecasted cash flows decrease below the amortized cost of the purchased impaired loan or pool of loans.

The agencies have considered the banking organization's comment on post-acquisition impairments. After reviewing the relevant portions of SOP 03-3 and discussing this comment with persons involved in the development of SOP 03-3, the agencies do not believe the interest income approach advocated by the banking organization is an appropriate application of this accounting standard. Such an approach will result in the recognition of interest

⁵ As defined in SOP 03-3, the term "loans" includes "debt securities."

income at an inappropriate percentage yield under the Statement of Position. Therefore, the agencies have decided against revising their statement in the March 2005 proposal that decreases in originally expected cash flows on a purchased impaired loan should be recognized as an impairment through an addition to the loan loss allowance.

In its comment letter, the trade group from outside the banking industry did not address the SOP 03-3 revisions, but requested that the agencies revise several other items in the Call Report. The agencies will consider these suggested Call Report changes at a later date.

D. Other Matters

Call Report Schedule RC-R—"Regulatory Capital, does not currently allow a bank to report an amount in column B, "Items Not Subject to Risk-Weighting," of item 34, "Cash and balances due from depository institutions," because such items were not expected to exist within this asset category when this schedule was originally designed. However, when amounts are included in column A, "Totals (from Schedule RC⁶)," of item 34 for certain embedded derivatives, these embedded derivatives should be risk-weighted under the rules for derivatives rather than the rules that apply to the cash and due from asset account. As a result, banks contacted the agencies upon finding that they could not properly report the carrying amount of these derivatives in column B when allocating the total carrying amount of their "Cash and balances due from depository institutions" across the columns of item 34. In response to banks' comments about this reporting difficulty, the agencies are revising Schedule RC-R to permit the use of column B of item 34.

A number of banks have requested that they be permitted to provide USA PATRIOT Act Section 314(a) Anti-Money Laundering contact information for more than two contact persons at their institutions. The agencies are adding text fields for two additional contact persons that will enable a bank, at its option, to supply information for a third and fourth anti-money laundering contact person. This contact information is not released to the public.

III. Request for Comment

Public comment is requested on all aspects of this joint notice. In addition, comments are invited on:

(a) Whether the proposed revisions to the Call Report collections of information are necessary for the proper performance of the agencies' functions, including whether the information has practical utility;

(b) The accuracy of the agencies' estimates of the burden of the information collections as they are proposed to be revised, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted in response to this joint notice will be shared among the agencies and will be summarized or included in the agencies' requests for OMB approval. All comments will become a matter of public record. Written comments should address the accuracy of the burden estimates and ways to minimize burden as well as other relevant aspects of the information collection request.

Dated: May 25, 2005.

Stuart E. Feldstein,

Assistant Director, Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency.

Board of Governors of the Federal Reserve System, May 24, 2005.

BILLING CODE 4810-33; 6210-01; 6714-01-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Comment Request for Forms 1040-SS, 1040-PR, and Anejo H-PR

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent

burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)). Currently, the IRS is soliciting comments concerning Form 1040-SS, U.S. Self-Employment Tax Return; Form 1040-PR, Planilla Para La Declaracion De La Contribucion Federal Sobre El Trabajo Por Cuenta Propia—Puerto Rico; and Anejo H-PR, Contribuciones Sobre El Empleo De Empleados Domesticos.

DATES: Written comments should be received on or before August 1, 2005, to be assured of consideration.

ADDRESSES: Direct all written comments to Glenn P. Kirkland, Internal Revenue Service, room 6516, 1111 Constitution Avenue, NW., Washington, DC 20224.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the forms and instructions should be directed to Larnice Mack, (202) 622-3179, Internal Revenue Service, room 6512, 1111 Constitution Avenue, NW., Washington, DC 20224, or through the Internet at Larnice.Mack@irs.gov.

SUPPLEMENTARY INFORMATION:

Title: Form 1040-SS, U.S. Self-Employment Tax Return, Form 1040-PR, Planilla Para La Declaracion De La Contribucion Federal Sobre El Trabajo Por Cuenta Propia—Puerto Rico; and Anejo H-PR, Contribuciones Sobre El Empleo De Empleados Domesticos.

OMB Number: 1545-0090.

Form Number: Forms 1040-SS, 1040-PR, and Anejo H-PR.

Abstract: Form 1040-SS is used by self-employed individuals in the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands to report and pay self-employment tax and provide proper credit to the taxpayer's social security account. Form 1040-PR is a Spanish version of Form 1040-SS for use in Puerto Rico. Anejo H-PR is used to compute household employment taxes. Form 1040-SS and Form 1040-PR are also used by bona-fide residents of Puerto Rico to claim the additional child tax credit.

Current Actions: There are no changes being made to the forms at this time.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals or households, business or other for-profit organizations and farms.

Estimated Number of Responses: 430,400.

⁶ Schedule RC of the Call Report is the balance sheet.

Estimated Time per Respondent: 5 hours, 34 minutes.

Estimated Total Annual Burden Hours: 2,762,588.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: May 16, 2005.

Corrections

Federal Register

Vol. 70, No. 103

Tuesday, May 31, 2005

This section of the FEDERAL REGISTER contains editorial corrections of previously published Presidential, Rule, Proposed Rule, and Notice documents. These corrections are prepared by the Office of the Federal Register. Agency prepared corrections are issued as signed documents and appear in the appropriate document categories elsewhere in the issue.

DEPARTMENT OF DEFENSE**Department of the Army; Corps of Engineers****Intent to Prepare a Draft Environmental Impact Statement (DEIS) for the Nourishment of 7.25 Miles of Beach, the Repositioning of the New River Inlet Channel, and the Implementation of an Inlet Management Plan, in North Topsail Beach, Onslow County, NC***Correction*

In notice document 05-9995 beginning on page 28924 in the issue of

Thursday, May 19, 2005, make the following corrections:

1. On page 28924, in the third column, in the fifth line, the sentence should read, "The new channel will be centrally located and the proposal will be to maintain that position, which essentially will be located perpendicular to the adjacent shorelines of North Topsail Beach and Onslow Beach."

2. On page 28925, in the first column, in the **Note** paragraph, in the 13th line, "north" should read, "north end".

3. On page 28926, in the first column, in paragraph 3. Issues, in the third line, "FIS" should read, "EIS".

Part II

**Department of
Homeland Security**

Federal Emergency Management Agency

Compendium of Flood Map Changes;
Notice

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****Compendium of Flood Map Changes**

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This Notice provides listings of changes made to National Flood Insurance Program (NFIP) maps effective during the last 6 months of 2004.

DATES: The listings include changes to NFIP maps that became effective July 1, 2004, through December 31, 2004.

FOR FURTHER INFORMATION CONTACT: Doug Bellomo, P.E., Chief, Hazard Identification Section, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-2903.

SUPPLEMENTARY INFORMATION: In accordance with Section 1360(i) of the National Flood Insurance Reform Act of 1994, this Notice is provided to inform interested parties of changes made by FEMA to NFIP maps. The two listings provided show communities affected by map changes made by letter and communities affected by physical map changes. For each Letter of Map Change,

the first listing provides the map panel(s) affected, effective (determination) date of the change, case number, and determination type. For each physical map change, the Map Revision listing provides the map panel(s) affected and the effective date of the change. The listing also identifies: (1) Those panels on which the Special Flood Hazard Areas have not been changed or have been changed only to incorporate the Letters of Map Change issued before the effective date; and (2) those panels for which a Flood Insurance Rate Map is produced for the first time, resulting only in changes to flood insurance and floodplain management requirements in the affected community. Future notices of changes to NFIP maps will be published approximately every 6 months.

Dated: May 19, 2005.

David I. Maurstad,

Acting Director, Mitigation Division, Emergency Preparedness and Response Directorate.

Two listings are provided below. The first listing includes all Letters of Map Change issued by FEMA from July 1 through December 31, 2004. The following types of letters are included in the listing:

Type	Description
01	Letter of Map Revision Based on Fill.
02	Letter of Map Amendment.

Type	Description
05	Letter of Map Revision With Base Flood Elevation Changes.
06	Letter of Map Revision Without Base Flood Elevation Changes.
08	Denial.
12	Floodway Revision.
17	Letter of Map Revision-Inadvertent Inclusion in Floodway.
18	Letter of Map Revision-Inadvertent Inclusion in V Zone.
19	Letter of Map Change Revalidation.

The second listing includes map panels that FEMA physically revised and republished from July 1 through December 31, 2004. For those map panels on which the Special Flood Hazard Areas have not been changed or have been changed only to incorporate Letters of Map Change issued before the effective date, two asterisks (**) are shown to the right of the map panel number. For those map panels for which a Flood Insurance Rate Map is produced for the first time, resulting only in changes to flood insurance and floodplain management requirements in the affected community, three asterisks (***) are shown to the right of the map panel number.

For both listings, a single asterisk (*) is shown to the right of each county name that appears in the "Community" column. This asterisk indicates the area covered is the unincorporated areas of that county.

Department of the Treasury

Internal Revenue Service

26 CFR Parts 1 and 11
Limitations on Benefits and Contributions
Under Qualified Plans; Proposed Rule

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Parts 1 and 11

[REG-130241-04]

RIN 1545-BD52

Limitations on Benefits and Contributions Under Qualified Plans

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice of proposed rulemaking and notice of public hearing.

SUMMARY: This document contains proposed amendments to the regulations under section 415 of the Internal Revenue Code regarding limitations on benefits and contributions under qualified plans. The proposed amendments would provide comprehensive guidance regarding the limitations of section 415, including updates to the regulations for numerous statutory changes since regulations were last published under section 415. The proposed amendments would also make conforming changes to regulations under sections 401(a)(9), 401(k), 403(b), and 457, and would make other minor corrective changes to regulations under section 457. These regulations will affect administrators of, participants in, and beneficiaries of qualified employer plans and certain other retirement plans. This document also provides notice of a public hearing on these proposed regulations.

DATES: Written or electronic comments must be received by July 25, 2005. Requests to speak and outlines of topics to be discussed at the public hearing scheduled for August 17, 2005, at 10 a.m., must be received by July 27, 2005.

ADDRESSES: Send submissions to: CC:PA:LPD:PR (REG-130241-04), room 5203, Internal Revenue Service, POB 7604, Ben Franklin Station, Washington, DC 20044. Submissions may be hand-delivered Monday through Friday between the hours of 8 a.m. and 4 p.m. to: CC:PA:LPD:PR (REG-130241-04), Courier's Desk, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington DC. Alternatively, taxpayers may submit comments electronically directly to the IRS Internet site at <http://www.irs.gov/regs>. The public hearing will be held in the Auditorium, Internal Revenue Building, 1111 Constitution Avenue, NW., Washington, DC.

FOR FURTHER INFORMATION CONTACT: Concerning the regulations, Vernon S. Carter at (202) 622-6060 or Linda S. F. Marshall at (202) 622-6090; concerning

submissions and the hearing and/or to be placed on the building access list to attend the hearing, Richard A. Hurst at (202) 622-7180 (not toll-free numbers).

SUPPLEMENTARY INFORMATION:**Background**

This document contains proposed amendments to the Income Tax Regulations (26 CFR Parts 1 and 11) under section 415 of the Internal Revenue Code (Code) relating to limitations on benefits and contributions under qualified plans. In addition, this document contains conforming amendments to the Income Tax Regulations under sections 401(a)(9), 401(k), 403(b), and 457 of the Code, as well as minor corrective changes to the regulations under section 457.

Section 415 was added to the Internal Revenue Code by the Employee Retirement Income Security Act of 1974 (ERISA), and has been amended many times since. Section 415 provides a series of limits on benefits under qualified defined benefit plans and contributions and other additions under qualified defined contribution plans. See also section 401(a)(16). Pursuant to section 415(a)(2), the limitations of section 415 also apply to section 403(b) annuity contracts and to simplified employee pensions described in section 408(k) (SEPs). In addition, the limitations of section 415 for defined contribution plans apply to contributions allocated to any individual medical account that is part of a pension or annuity plan established pursuant to section 401(h) and to amounts attributable to medical benefits allocated to an account established for a key employee pursuant to section 419A(d)(1).

Section 404(j) provides generally that, in computing the amount of any deduction for contributions under a qualified plan, benefits and annual additions in excess of the applicable limitations under section 415 are not taken into account. In addition, in computing the applicable limits on deductions for contributions to a defined benefit plan, and in computing the full funding limitation, an adjustment under section 415(d)(1) is not taken into account for any year before the year for which that adjustment first takes effect.

The definition of compensation that is used for purposes of section 415 is also used for a number of other purposes under the Internal Revenue Code. Under section 219(b)(3), contributions on behalf of an employee to a plan described in section 501(c)(18) are limited to 25% of compensation as

defined in section 415(c)(3). Section 404(a)(12) provides that, for various specified purposes in determining deductible limits under section 404, the term *compensation* includes amounts treated as *participant's compensation* under section 415(c)(3)(C) or (D). Pursuant to section 409(b)(2), for purposes of determining whether employer securities are allocated proportionately to compensation in accordance with the rules of section 409(b)(1), the amount of compensation paid to a participant for any period is the amount of such participant's compensation (within the meaning of section 415(c)(3)) for such period. Under section 414(q)(3), for purposes of determining whether an employee is a highly compensated employee within the meaning of section 414(q), the term *compensation* has the meaning given such term by section 415(c)(3). Section 414(s), which defines the term *compensation* for purposes of certain qualification requirements, generally provides that the term *compensation* has the meaning given such term by section 415(c)(3). Under section 416(c)(2), allocations to participants who are non-key employees under a top-heavy plan that is a defined contribution plan are required to be at least 3% of the participant's compensation (within the meaning of section 415(c)(3)). Pursuant to section 457(e)(5), the term *ineligible compensation*, which is used in limiting the amount that can be deferred for a participant under an eligible deferred compensation plan as defined in section 457(b), has the same meaning as the term *participant's compensation* under section 415(c)(3).

Comprehensive regulations regarding section 415 were last issued in 1981. See TD 7748, published in the *Federal Register* on January 7, 1981 (46 FR 1687). Since then, changes to section 415 have been made in the Economic Recovery Tax Act of 1981, Public Law 97-34 (95 Stat. 320) (ERTA), the Tax Equity and Fiscal Responsibility Act of 1982, Public Law 97-248 (96 Stat. 623) (TEFRA), the Deficit Reduction Act of 1984, Public Law 98-369 (98 Stat. 494) (DEFRA), the Tax Reform Act of 1986, Public Law 99-514 (100 Stat. 2481) (TRA '86), the Technical and Miscellaneous Revenue Act of 1988, Public Law 100-647 (102 Stat. 3342) (TAMRA), the Uruguay Round Agreements Act of 1994, Public Law 103-465 (108 Stat. 4809) (GATT), the Small Business Job Protection Act of 1996, Public Law 104-188 (110 Stat. 1755) (SBIPA), the Community Renewal Tax Relief Act of 2000, Public Law 106-

554 (114 Stat. 2763), the Economic Growth and Tax Relief Reconciliation Act of 2001, Public Law 107-16 (115 Stat. 38) (EGTRRA), the Job Creation and Worker Assistance Act of 2002, Public Law 107-147 (116 Stat. 21) (JCWAA), the Pension Funding Equity Act of 2004, Public Law 108-218 (118 Stat. 596) (PFEA), and the Working Families Tax Relief Act of 2004, Public Law 108-311 (118 Stat. 1166).

Although two minor changes to the regulations were made after 1981, most of the statutory changes made since that time are not reflected in the regulations, but in IRS notices, revenue rulings, and other guidance of general applicability, as follows:

- Notice 82-13 (1982-1 C.B. 360) provides guidance on deductible employee contributions (including guidance under section 415) to reflect the addition of provisions relating to deductible employee contributions in ERTA.
- Notice 83-10 (1983-1 C.B. 536) provides guidance on the changes to section 415 made by TEFRA. The TEFRA changes were extensive, and included reductions of the dollar limits on annual benefits under a defined benefit plan and annual additions under a defined contribution plan, changes to the age and form adjustments made in the application of the limits under a defined benefit plan, and rules regarding the deductibility of contributions with respect to benefits that exceed the applicable limitations of section 415.
- Notice 87-21 (1987-1 C.B. 458) provides guidance on the changes to section 415 made by TRA '86. The TRA '86 changes modified the rules for the indexing of the dollar limit on annual additions under a defined contribution plan, the treatment of employee contributions as annual additions, and the rules for age adjustments under defined benefit plans, and added a phase-in of the section 415(b)(1)(A) dollar limitation over 10 years of participation, as well as rules permitting the limitations of section 415 to be incorporated by reference under the terms of a plan.
- Rev. Rul. 95-6 (1995-1 C.B. 80) and Rev. Rul. 2001-62 (2001-2 C.B. 632) (superseding Rev. Rul. 95-6) provide mortality tables to be used to make certain form adjustments to benefits under a defined benefit plan for purposes of applying the limitations of section 415, pursuant to the requirement to use a specified mortality table added by GATT.
- Rev. Rul. 95-29 (1995-1 C.B. 81) and Rev. Rul. 98-1 (1998-1 C.B. 249) (modifying and superseding Rev. Rul.

95-29) provide guidance regarding certain form and age adjustments under a defined benefit plan pursuant to changes made by GATT (as modified under SBJPA), including transition rules relating to those adjustments.

- Notice 99-44 (1999-2 C.B. 326) provides guidance regarding the repeal under SBJPA of the limitation on the combination of a defined benefit plan and a defined contribution plan under former section 415(e).
 - Notice 2001-37 (2001-1 C.B. 1340) provides guidance regarding the inclusion of salary reduction amounts for qualified transportation fringe benefits in the definition of compensation for purposes of section 415, as provided under the Community Renewal Tax Relief Act of 2000.
 - Rev. Rul. 2001-51 (2001-2 C.B. 427) provides guidance relating to the increases in the limitations of section 415 for both defined benefit and defined contribution plans, which were enacted as part of EGTRRA.
 - Notice 2002-2 (2002-1 C.B. 285) provides guidance regarding the treatment of reinvested ESOP dividends under section 415(c), to reflect changes made by SBJPA.
 - Rev. Rul. 2002-27 (2002-1 C.B. 925) provides guidance pursuant to which a definition of compensation can be used for purposes of applying the limitations of section 415 even if that definition treats certain specified amounts that may not be available to an employee in cash as subject to section 125 (and therefore included in compensation).
 - Rev. Rul. 2002-45 (2002-2 C.B. 116) provides guidance regarding the treatment of certain payments to defined contribution plans to restore losses resulting from actions by a fiduciary for which there is a reasonable risk of liability for breach of a fiduciary duty (including the treatment of those payments under section 415).
 - Notice 2004-78 (2004-48 I.R.B. 879) provides guidance regarding the actuarial assumptions that must be used for distributions with annuity starting dates occurring during plan years beginning in 2004 and 2005, to determine whether an amount payable under a defined benefit plan in a form that is subject to the minimum present value requirements of section 417(e)(3) satisfies the requirements of section 415. This guidance reflects changes made in PFEA.
- These guidance items are reflected in the proposed regulations with some modifications. In addition, the proposed regulations reflect other statutory changes not previously addressed by guidance, and include some other

changes and clarifications to the existing final regulations. Treasury and the IRS believe that a single restatement of the section 415 rules serves the interests of plan sponsors, third-party administrators, plan participants, and plan beneficiaries. To the extent practicable, this preamble identifies and explains substantive changes from the existing final regulations or existing guidance.

Explanation of Provisions

Overview

A. Reflection of Statutory Changes

These proposed regulations reflect the numerous statutory changes to section 415 and related provisions that have been made since 1981. Some of the statutory changes reflected in the proposed regulations are as follows:

- The current statutory limitations under section 415(b)(1)(A) and 415(c)(1) applicable for defined benefit and defined contribution plans, respectively, as most recently amended by EGTRRA.
- Changes to the rules for age adjustments to the applicable limitations under defined benefit plans, under which the dollar limitation is adjusted for commencement before age 62 or after age 65.
- Changes to the rules for benefit adjustments under defined benefit plans. The proposed regulations also specify the parameters under which a benefit payable in a form other than a straight life annuity is adjusted in order to determine the actuarially equivalent annual benefit that is subject to the limitations of section 415(b).
- The phase-in of the dollar limitation under section 415(b)(1)(A) over 10 years of participation, as added by TRA '86.
- The addition of the section 401(a)(17) limitation on compensation that is permitted to be taken into account in determining plan benefits, as added by TRA '86, and the interaction of this requirement with the limitations under section 415.
- Exceptions to the compensation-based limitation under section 415(b)(1)(B) for governmental plans, multiemployer plans, and certain other collectively bargained plans.
- Changes to the aggregation rules under section 415(f) under which multiemployer plans are not aggregated with single-employer plans for purposes of applying the compensation-based limitation of section 415(b)(1)(B) to a single-employer plan.
- The repeal under SBJPA of the section 415(e) limitation on the combination of a defined benefit plan and a defined contribution plan.

- The changes to section 415(c) that were made in conjunction with the repeal under EGTRRA of the exclusion allowance under section 403(b)(2).

- The current rounding and base period rules for annual cost-of-living adjustments pursuant to section 415(d), as most recently amended in EGTRRA and the Working Families Tax Relief Act of 2004.

- Changes to section 415(c) under which certain types of arrangements are no longer subject to the limitations of section 415(c) (e.g., individual retirement accounts other than SEPs) and other types of arrangements have become subject to the limitations of section 415(c) (e.g., certain individual medical accounts).

- The inclusion in compensation (for purposes of section 415) of certain salary reduction amounts not included in gross income.

B. Other Significant Changes

The proposed regulations contain new rules for determining the annual benefit under a defined benefit plan where there has been more than one annuity starting date (e.g., where benefits under a plan are aggregated with benefits under another plan under which distributions previously commenced). These rules would resolve the numerous issues that have arisen in determining the annual benefit under a plan where the application of the section 415(b) limitations must take into account prior distributions as well as currently commencing distributions.

The proposed regulations also provide specific rules regarding when amounts received following severance from employment are considered compensation for purposes of section 415, and when such amounts are permitted to be deferred pursuant to section 401(k), section 403(b), or section 457(b). These rules would resolve issues that have arisen with respect to payments made after the end of employment. The proposed regulations generally provide that amounts received following severance from employment are not considered to be compensation for purposes of section 415, but provide exceptions for certain payments made within 2½ months following severance from employment. These exceptions apply to payments (such as regular compensation, and payments for overtime, commissions, and bonuses) that would have been payable if employment had not terminated, and to payments with respect to leave that would have been available for use if employment had not terminated. This notice of proposed rulemaking includes corresponding changes to the

regulations under sections 401(k), 403(b), and 457 that would provide that amounts receivable following severance from employment can only be deferred if those amounts meet these conditions. The rule pursuant to which compensation received after severance from employment is not considered compensation for purposes of section 415 generally does not apply to payments to an individual in qualified military service.

Section 1.415(a)-1: General Rules

Section 1.415(a)-1 of these proposed regulations sets forth general rules relating to limitations under section 415 and provides an overview of the remaining regulations, including cross-references to special rules that apply to section 403(b) annuities, multiemployer plans, and governmental plans. In addition, this section provides rules for a plan's incorporation by reference of the rules of section 415 pursuant to section 1106(h) of TRA '86 (including detailed guidelines regarding incorporation by reference of the annual cost-of-living adjustments to the statutory limits and the application of default rules), rules for plans maintained by more than one employer, and rules that apply in other special situations.

Section 1.415(b)-1: Limitations Applicable to Defined Benefit Plans

Section 1.415(b)-1 of these proposed regulations sets forth rules for applying the limitations on benefits under a defined benefit plan. Under these limitations, the annual benefit must not be greater than the lesser of \$160,000 (as adjusted pursuant to section 415(d)) or 100% of the participant's average compensation for the participant's high 3 consecutive years. A retirement benefit payable in a form other than a straight life annuity is adjusted to an actuarially equivalent straight life annuity to determine the annual benefit payable under that form of distribution. In addition, the dollar limitation under section 415(b)(1)(A) is actuarially adjusted for benefit payments that commence before age 62 or after age 65. The proposed regulations clarify that, in addition to applying to benefits payable to participants and beneficiaries, the limitations of section 415(b) apply to accrued benefits and benefits payable from an annuity contract distributed to a participant. Thus, the limitations of section 415(b) apply to a participant's entire accrued benefit, regardless of whether the benefit is vested. Where a participant's accrued benefit is computed pursuant to the fractional rule of section 411(b)(1)(C), the limitations of

section 415(b) apply to the accrued benefit as of the end of the limitation year and, for ages prior to normal retirement age, are not required to be applied to the projected annual benefit commencing at normal retirement age from which the accrued benefit is computed. In addition, the proposed regulations provide a number of other updates, clarifications, and other changes to the existing regulations, as described below.

A. Actuarial Assumptions Used to Convert Benefit to a Straight Life Annuity

The proposed regulations provide rules under which a retirement benefit payable in any form other than a straight life annuity is converted to the straight life annuity that is actuarially equivalent to that other form to determine the annual benefit (which is used to demonstrate compliance with section 415) with respect to that form of distribution. These rules reflect statutory changes that specify the actuarial assumptions that are to be used for these equivalency calculations (including, for plan years beginning in 2004 and 2005, the use of a 5.5% interest rate for benefits that are subject to the present value rules of section 417(e)(3),¹ as set forth in PFEA), as well as published guidance that has been issued since 1981. In addition to setting forth rules for adjusting forms of benefit other than straight life annuities, the proposed regulations would permit the IRS to issue published guidance setting forth simplified methods for making these adjustments.

Under the proposed regulations, the annual benefit is determined as the greater of the actuarially equivalent straight life annuity determined under the plan's actuarial assumptions or the actuarially equivalent straight life annuity determined under actuarial assumptions specified by statute. This methodology implements the policy reflected in section 415(b)(2)(E), under which the plan's determination that a straight life annuity is actuarially equivalent to a particular optional form of benefit is overridden only when the optional form of benefit is more valuable than the corresponding straight

¹ Section 417(e)(3) provides minimum present value requirements for certain forms of benefit payable from a defined benefit plan under which payments cannot be less than the amount calculated using a specified interest rate and a specified mortality table. For forms of benefit that are subject to the minimum present value rules of section 417(e)(3), the limitations of section 415(b) apply to limit the amount of a distribution even if those limitations result in a lower distribution than would otherwise be required under the rules of section 417(e)(3). See § 1.417(e)-1(d)(1).

life annuity when compared using statutorily specified actuarial assumptions.

The rules in the proposed regulations under which a retirement benefit payable in any form other than a straight life annuity is converted to a straight life annuity to determine the annual benefit with respect to that form of distribution generally follow the rules set forth in Rev. Rul. 98-1. However, the calculation of the actuarially equivalent straight life annuity determined using the plan's assumptions for actuarial equivalence has been simplified for a form of benefit that is not subject to the minimum present value rules of section 417(e)(3). Under the simplified calculation, instead of determining the actuarial assumptions used under the plan and applying those assumptions to convert an optional form of benefit to an actuarially equivalent straight life annuity, the regulations use the straight life annuity, if any, that is payable at the same age under the plan. This straight life annuity is then compared to the straight life annuity that is the actuarial equivalent of the optional form of benefit, determined using the standardized assumptions, and the larger of the two straight life annuities is used for purposes of demonstrating compliance with section 415. This simplification has not been extended to forms of benefit that are subject to the minimum present value rules of section 417(e), however, because under the plan those forms of benefit may be determined as the actuarial equivalent of the deferred annuity, rather than as the actuarial equivalent of the immediate straight life annuity.

B. Inclusion of Social Security Supplements in Annual Benefit

The proposed regulations clarify that a social security supplement is included in determining the annual benefit. Under section 415(b)(2)(B), the annual benefit does not include ancillary benefits that are not directly related to retirement benefits. However, because a social security supplement is payable upon retirement as a form of retirement income, it is a retirement benefit. Thus, a social security supplement is included in determining the annual benefit without regard to whether it is an ancillary benefit or a QSUPP within the meaning of § 1.401(a)(4)-12.

C. Determination of High 3 Average Compensation

The proposed regulations would make two changes that would have a significant effect on the determination of a participant's average compensation for the participant's high 3 consecutive

years. Consistent with the provisions of section 415(b)(3), the proposed regulations would restrict compensation used for this purpose to compensation earned in periods during which the participant was an active participant in the plan. In addition, the proposed regulations under § 1.415(c)-2 would clarify the interaction of the requirements of section 401(a)(17) and the definition of compensation that must be used for purposes of determining a participant's average compensation for the participant's high 3 consecutive years. Because a plan may not base benefit accruals on compensation in excess of the limitation under section 401(a)(17), a plan's definition of compensation used for purposes of applying the limitations of section 415 is not permitted to reflect compensation in excess of the limitation under section 401(a)(17). Thus, for example, where a participant commences receiving benefits in 2005 at age 75 (so that the adjusted dollar limitation could be as high as \$379,783), and the participant had compensation in excess of the applicable section 401(a)(17) limit for 2002, 2003, and 2004, the participant's benefit under the plan is limited by the average compensation for his highest three years as limited by section 401(a)(17) (*i.e.*, \$201,667, or the average of \$200,000, \$200,000, and \$205,000).

The proposed regulations set forth rules for computing the limitation of section 415(b)(1)(B) of 100% of the participant's compensation for the period of the participant's high 3 years of service for a participant who is employed with the employer while an active participant for less than 3 consecutive calendar years. For such a participant, the period of a participant's high 3 years of service is the actual number of consecutive years of employment (including fractions of years) while an active participant in the plan. In such a case, the limitation of section 415(b)(1)(B) of 100% of the participant's compensation for the period of the participant's high 3 years of service is computed by averaging the participant's compensation during the participant's longest consecutive period of employment while a plan participant over the actual period of service (including fractions of years, but not less than one year).

D. Treatment of Benefits Paid Partially in the Form of a QJSA

Under section 415(b)(2)(B), the portion of any joint and survivor annuity that constitutes a qualified joint and survivor annuity (QJSA) as defined in section 417(b) is not taken into

account in determining the annual benefit for purposes of applying the limitations of section 415(b). The proposed regulations would clarify how this exception from the limitations of section 415 for the survivor annuity portion of a QJSA applies to benefits paid partially in the form of a QJSA and partially in some other form. Under this clarification, the rule excluding the survivor portion of a QJSA from the annual benefit applies to the survivor annuity payments under the portion of a benefit that is paid in the form of a QJSA, even if another portion of the benefit is paid in some other form.

E. Dollar Limitation Applicable to Early or Late Commencement

The determination of the age-adjusted dollar limitation under the proposed regulations reflects the rules enacted in EGTRRA. As provided in Q&A-3 of Rev. Rul. 2001-51, this determination generally follows the same steps and procedures as those used in Rev. Rul. 98-1, except that such determination takes into account the increased defined benefit dollar limitation enacted by EGTRRA and that the adjustments for early or late commencement are no longer based on social security retirement age. Applying rules that are similar to those that are used for determining actuarial equivalence among forms of benefits, the proposed regulations generally use the plan's determinations for actuarial equivalence of early or late retirement benefits, but override those determinations where the use of the specified statutory assumptions results in a lower limit.

The proposed regulations adopt rules for mortality adjustments used in computing the dollar limitation on a participant's annual benefit for distributions commencing before age 62 or after age 65. Under these rules, to the extent that a forfeiture does not occur upon the participant's death, no adjustment is made to reflect the probability of the participant's death during the relevant time period, and to the extent a forfeiture occurs upon the participant's death, an adjustment must be applied to reflect the probability of the participant's death during the relevant time period. These rules generally are consistent with the guidance provided in Notice 83-10.

The proposed regulations would also provide a simplified method for applying this rule. Under this simplified method, a plan is permitted to treat no forfeiture as occurring upon a participant's death if the plan does not charge participants for providing a qualified preretirement survivor annuity, but only if the plan applies this

treatment for adjustments that apply both before age 62 and after age 65.

F. Nonapplication of Adjustment to Dollar Limitation for Early Commencement With Respect to Police Department and Fire Department Employees

Consistent with section 415(b)(2)(G) and (H), the proposed regulations would provide that the early retirement reduction does not apply to certain participants in plans of state and local government units who are employees of a police department or fire department, or former members of the Armed Forces of the United States. This rule applies to any participant in a plan maintained by a state or political subdivision of a state who is credited, for benefit accrual purposes, with at least 15 years of service as either (1) a full-time employee of any police department or fire department of the state or political subdivision that provides police protection, firefighting services, or emergency medical services, or (2) a member of the Armed Forces of the United States. The proposed regulations would clarify that the application of this rule depends on whether the employer is a police department or fire department of the state or political subdivision, rather than on the job classification of the individual participant.

G. Application of \$10,000 Exception

Pursuant to section 415(b)(4), the benefits payable with respect to a participant satisfy the limitations of section 415(b) if the retirement benefits payable with respect to such a participant under the plan and all other defined benefit plans of the employer do not exceed \$10,000 for the plan year or for any prior plan year, and the employer has not at any time maintained a defined contribution plan in which the participant participated. The proposed regulations would clarify that the section 415(b)(4) alternative \$10,000 limitation is applied to actual distributions made during each year. Thus, a distribution for a limitation year that exceeds \$10,000 is not within the section 415(b)(4) alternative limitation (and therefore will not be excepted from the otherwise applicable limits of section 415(b)), even if the distribution is a single-sum distribution that is the actuarial equivalent of an accrued benefit with annual payments that are less than \$10,000.

H. Exclusion of Annual Benefit Attributable to Mandatory Employee Contributions From Annual Benefit

The proposed regulations would retain the rules under existing final regulations that the annual benefit does not include the annual benefit attributable to mandatory employee contributions. For this purpose, the term "mandatory employee contributions" means amounts contributed to the plan by the employee that are required as a condition of employment, as a condition of participation in the plan, or as a condition of obtaining benefits (or additional benefits) under the plan attributable to employer contributions. See section 411(c)(2)(C). Employee contributions to a defined benefit plan that are not maintained in a separate account as described in section 414(k) constitute mandatory employee contributions (even if section 411 does not apply to the plan) because, depending upon the investment performance of plan assets, employer contributions may be needed to pay a portion of the participant's benefit that is conditioned upon these employee contributions. The rules covering mandatory employee contributions do not extend to voluntary contributions because voluntary employee contributions (plus earnings thereon) are treated as a separate defined contribution plan rather than as part of a defined benefit plan.

The proposed regulations would retain the rule under the existing regulations that the annual benefit attributable to mandatory employee contributions is determined using the factors described in section 411(c)(2)(B) and the regulations thereunder, regardless of whether section 411 applies to the plan. The proposed regulations also would clarify that the following are not treated as employee contributions: (1) Contributions that are picked up by a governmental employer as provided under section 414(h)(2), (2) repayment of any loan made to a participant from the plan, and (3) repayment of any amount that was previously distributed.

I. Exclusion of Annual Benefit Attributable to Rollover Contributions From Annual Benefit

The proposed regulations would clarify that the annual benefit does not include the annual benefit attributable to rollover contributions made to a defined benefit plan (i.e., rollover contributions that are not maintained in a separate account that is treated as a separate defined contribution plan under section 414(k)). In such a case,

the annual benefit attributable to rollover contributions is determined by applying the rules of section 411(c) treating the rollover contributions as employee contributions (regardless of whether section 411 applies to the plan). This will occur, for example, if a distribution is rolled over from a defined contribution plan to a defined benefit plan to provide an annuity distribution. Thus, in the case of rollover contributions from a defined contribution plan to a defined benefit plan to provide an annuity distribution, the annual benefit attributable to those rollover contributions for purposes of section 415 is determined by applying the rules of section 411(c), regardless of the assumptions used to compute the annuity distribution under the plan. Accordingly, in such a case, if the plan uses more favorable factors than those specified in section 411(c) to determine the amount of annuity payments arising from a rollover contribution, the annual benefit under the plan would reflect the excess of those annuity payments over the amounts that would be payable using the factors specified in section 411(c)(3).

Rollover contributions to an account that is treated as a separate defined contribution plan under section 414(k) do not give rise to an annual benefit because the separate account is not treated as a defined benefit plan under section 415(b). Furthermore, under the rules relating to defined contribution plans, these rollover contributions to a separate account are excluded from the definition of annual additions to a defined contribution plan.

J. Treatment of Benefits Transferred Among Plans

The proposed regulations would modify the rules of the existing final regulations for determining the amount of transferred benefits that are excluded from the annual benefit under a defined benefit plan in the event of a transfer from another defined benefit plan. These modifications are designed to ensure that transferred benefits are not counted twice by the same employer toward the limitations of section 415(b) and, similarly, to prevent the circumvention of the limitations of section 415(b) through benefit transfers to plans of unrelated employers. Under the proposed regulations, if the transferee plan's benefits are required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in determining whether the transferor plan satisfies the limitations of section 415(b), then the transferred benefits are included in determining the annual benefit under the transferee plan and are

disregarded in determining the annual benefit under the transferor plan. Accordingly, in such a case, the annual benefit under each plan is determined taking into account the actual benefits provided under that plan after the transfer.

In contrast, if the transferee plan's benefits are not required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in determining whether the transferor plan satisfies the limitations of section 415(b), then the assets associated with those transferred liabilities (other than surplus assets) are treated by the transferor plan as distributed as a single-sum distribution. This will occur, for example, if the employer sponsoring the transferor plan is a predecessor employer with respect to the participant whose benefits are transferred to the transferee plan, where the transferee plan's benefits are not required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in determining whether the transferor plan satisfies the limitations of section 415(b). Although such a transfer is treated as a distribution in computing the annual benefit under the transferor plan, no corresponding adjustment to the annual benefit under the transferee plan is made to reflect the fact that some of the benefits provided under the transferee plan are attributable to the transfer. Thus, the actual benefit provided under the transferee plan is used to determine the annual benefit under the transferee plan even though the transferred amount is included as a distribution in determining the annual benefit under the transferor plan. In most such cases, however, a participant whose benefits have been transferred would accrue no additional benefit under the transferor plan that would be required to be tested under the that plan (in combination with the transferred benefits).

K. 10-Year Phase-In of Limitations Based on Years of Participation and Years of Service

The proposed regulations would provide rules for applying the 10-year phase-in of the dollar limitation based on years of participation in the plan, as added by TRA '86, and would modify the rules set forth in final regulations for applying the 10-year phase-in of the compensation limit based on years of service. The proposed regulations follow the guidance set forth in Notice 87-21 for determining years of participation, and apply analogous rules for determining years of service for this purpose.

Section 1.415(b)-2: Multiple Annuity Starting Dates

Section 1.415(b)-2 of the proposed regulations sets forth rules that apply in computing the annual benefit under one or more defined benefit plans in the case of multiple annuity starting dates (i.e., in cases in which a participant has received one or more distributions in limitation years prior to an increase in the accrued benefit occurring during the current limitation year or prior to the annuity starting date for a distribution that commences during the current limitation year). These rules apply, for example, where benefit distributions to a participant have previously commenced under a plan that is aggregated with a plan from which the participant receives current accruals, or where a new distribution election is effective during the current limitation year with respect to a distribution that commenced in a prior limitation year. These rules also apply where benefit payments are increased as a result of plan terms applying a cost-of-living adjustment pursuant to an adjustment of the dollar limit of section 415(b)(1)(A) made pursuant to section 415(d), if the plan does not provide for application of the safe harbor methodology set forth in the proposed regulations for determining the adjusted amount of the benefit.

In the case of multiple annuity starting dates, the annual benefit that is subject to the limits of section 415(b) and § 1.415(b)-1(a) is equal to the sum of (1) the annual benefit determined with respect to any accrued benefit with respect to which distribution has not yet commenced as of the current determination date, computed pursuant to the rules of § 1.415(b)-1, (2) the annual benefit determined with respect to any distribution with an annuity starting date that occurs within the current limitation year and on or before the current determination date, computed pursuant to the rules of § 1.415(b)-1, (3) the annual benefit determined with respect to the remaining amounts payable under any distribution with an annuity starting date that occurred during a prior limitation year, computed pursuant to the rules of § 1.415(b)-1, and (4) the annual benefit attributable to prior distributions. For this purpose, the current determination date is the last day of period for which an increase in the participant's benefit accrues if an increase in the participant's accrued benefit occurs during the limitation year, and if there is no such increase, the current determination date is the annuity starting date for the distribution

that commences during the limitation year. The annual benefit determined using this formula is tested for compliance with section 415(b) as of the current determination date, applying the dollar limitation (which is adjusted under section 415(d) to the current determination date and is also adjusted for the participant's age as of the current determination date) and the compensation limitation applicable as of that date (which is adjusted under section 415(d) to the current determination date but is not adjusted based on the participant's age).

Under the proposed regulations, the annual benefit attributable to prior distributions is determined by adjusting the amounts of prior distributions to an actuarially equivalent straight life annuity commencing at the current determination date. The proposed regulations apply rules that are analogous to the rules for adjusting other benefits to determine the amount of the actuarially equivalent straight life annuity for purposes of determining the annual benefit attributable to prior distributions. Under these rules, the amount and time of prior distributions made to the participant is taken into account, and the prior distributions are adjusted to the actuarially equivalent straight life annuity commencing at the current determination date using interest and mortality assumptions that apply generally for purposes of applying the limitations of section 415(b) to a benefit in a form other than a straight life annuity. For this purpose, the actuarially equivalent straight life annuity commencing at the current determination date must reflect an actuarial increase to the present value of payments to reflect that the participant has survived during the interim period.

The actuarial assumptions used to calculate the annual benefit attributable to a prior distribution are determined as of the current determination date, and are based on the form of the prior distribution. For a prior distribution to which section 417(e)(3) did not apply, the annual benefit attributable to the prior distribution is the greater of the annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the actuarial factors specified under the plan that provides for the current distribution or current accrual that are used to determine offsets, if any, for prior distributions, or the annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the currently applicable

statutory actuarial factors under section 415(b)(2)(E)(i) and (v). Similarly, for a prior distribution to which section 417(e)(3) applied, the annual benefit attributable to the prior distribution is the greater of the annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the actuarial factors specified under the plan that provides for the current distribution or current accrual that are used to determine offsets, if any, for prior distributions, or the annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the currently applicable statutory actuarial factors under section 415(b)(2)(E)(ii) and (v).

Apart from determining the actuarial factors applicable to calculating the annual benefit attributable to prior distributions, the form of the prior distribution does not otherwise affect the determination of the annual benefit attributable to prior distributions. Thus, for example, if a participant has received \$50,000 per year for the past four years, the determination of the annual benefit attributable to prior distributions will be the same if those distributions are part of a 10-year certain and life annuity or are part of a straight life annuity because both of those distribution forms are subject to the same actuarial factors for determining the annual benefit attributable to prior distributions. In either case, the determination of the annual benefit attributable to prior distributions will be determined by applying the interest and mortality assumptions used under the plan to determine offsets, if any, for prior distributions to determine a straight life annuity that is actuarially equivalent to the four prior payments of \$50,000, applying the statutory actuarial assumptions to determine a straight life annuity that is actuarially equivalent to the four prior payments of \$50,000, and then taking the greater of the two straight life annuity amounts. Determining the annual benefit attributable to prior distributions on the basis of the amount of distributions made rather than on the form of those distributions (or on the basis of the accrued benefit that underlies those distributions) is designed to simplify the application of the multiple annuity starting date rules.

The proposed regulations provide that a prior distribution is not reflected in the annual benefit attributable to prior distributions to the extent the prior

distribution has been repaid to the plan with interest (because the amounts attributable to such a prior distribution are reflected in the annual benefit in other ways). Thus, a prior distribution that has been entirely repaid to the plan (with interest) does not give rise to an annual benefit attributable to prior distributions. Similarly, if a prior distribution was made, and a repayment was subsequently made that was less than the amount of the prior distribution (including reasonable interest), the annual benefit attributable to prior distributions is determined by multiplying the annual benefit attributable to the prior distribution by one minus a fraction, the numerator of which is the amount of the repayment and the denominator of which is the amount of the prior distribution plus reasonable interest.

The proposed regulations provide an additional requirement that applies where a stream of annuity payments is modified by a new distribution election. This additional requirement is also imposed in § 1.401(a)(9)-6, Q&A-13(c)(3). Under this additional requirement, which is intended to limit the extent to which benefits can increase as a result of a change in market interest rates, if a stream of annuity payments is modified by a new distribution election, the payments under the annuity that are paid before the modification plus the modified payments must satisfy the requirements of § 1.415(b)-1 determined as of the original annuity starting date, using the interest rates and mortality table applicable to such date. Following the issuance of the regulations under section 401(a)(9), commentators suggested that the rule should be modified to permit a plan to reflect cost-of-living adjustments under section 415(d) that occur between the original annuity starting date and the date of modification in applying the additional test. These proposed regulations adopt this suggestion, and provide that a plan will not fail to satisfy the additional requirement merely because payments reflect cost-of-living adjustments pursuant to section 415(d) for payments no earlier than the time those adjustments are effective and in amounts no greater than amounts determined under § 1.415(d)-1(a)(5). In addition, the proposed regulations include an amendment to § 1.401(a)(9)-6, Q&A-13(c)(3), to reflect this change.

Section 1.415(c)-1: Limitations Applicable To Defined Contribution Plans

Section 1.415(c)-1 of these proposed regulations sets forth rules that apply to

limitations on annual additions under a defined contribution plan. Under these limitations, annual additions must not be greater than the lesser of \$40,000 (as adjusted pursuant to section 415(d)) or 100% of the participant's compensation for the limitation year. The term "annual additions" generally means the sum for any year of employer contributions, employee contributions, and forfeitures. In addition to applying to qualified defined contribution plans, the limitations on defined contribution plans apply to section 403(b) annuity contracts, simplified employee pensions described in section 408(k), mandatory employee contributions to qualified defined benefit plans, and contributions to certain medical accounts.

The proposed regulations reflect a number of statutory changes to section 415(c) that were made after the issuance of existing final regulations. Among these changes are the revised limitation amounts under section 415(c), the revised rules applicable to employee stock ownership plans, and the rules applying the limitations of section 415(c) to certain medical benefit plans. The proposed regulations also would make some other changes to existing regulations, as discussed below.

If annual additions under an annuity contract that otherwise satisfies the requirements of section 403(b) exceed the limitations of section 415(c), then the portion of the contract that includes that excess annual addition fails to be a section 403(b) annuity contract (and instead is a contract to which section 403(c) applies), and the remaining portion of the contract is a section 403(b) annuity contract. As under regulations recently proposed under section 403(b) (69 FR 67075, November 16, 2004), the proposed regulations include a provision under which the status of the remaining portion of the contract as a section 403(b) contract is not retained unless, for the year of the excess and each year thereafter, the issuer of the contract maintains separate accounts for each such portion. In addition, consistent with the change to section 403(b)(1) made in JCWAA, the proposed regulations provide that the limitations under section 415(c) apply to any section 403(b) annuity contract, regardless of whether the contract satisfies the requirements of section 414(i) to be a defined contribution plan. Thus, the limitations under section 415(c) apply to a section 403(b) annuity contract even if the limitations of section 415(b) also apply to the contract (i.e., if the contract is a church plan that is covered by the grandfather rule of section 251(e)(5) of TEFRA).

The proposed regulations clarify that the IRS will treat a sale or exchange by the employee or the employer that transfers assets to a plan where the consideration paid by the plan is less than the fair market value of the assets transferred to the plan as giving rise to an annual addition in the amount of the difference between the value of the assets transferred and the consideration.

Consistent with Rev. Rul. 2002-45, the proposed regulations provide that a restorative payment that is allocated to a participant's account does not give rise to an annual addition for any limitation year. For this purpose, restorative payments are payments made to restore losses to a plan resulting from actions by a fiduciary for which there is reasonable risk of liability for breach of a fiduciary duty under Title I of ERISA, where plan participants who are similarly situated are treated similarly with respect to the payments. Generally, payments to a defined contribution plan are restorative payments only if the payments are made in order to restore some or all of the plan's losses due to an action (or a failure to act) that creates a reasonable risk of liability for such a breach of fiduciary duty. The proposed regulations provide that, in addition to payments to a plan made pursuant to Department of Labor order or court-approved settlement to restore losses to a qualified defined contribution plan on account of the breach of fiduciary duty, restorative payments include payments made pursuant to the Department of Labor's Voluntary Fiduciary Correction Program to restore losses to a qualified defined contribution plan on account of the breach of fiduciary duty. However, payments made to a plan to make up for losses due merely to market fluctuations and other payments that are not made on account of a reasonable risk of liability for breach of a fiduciary duty under Title I of ERISA are contributions that give rise to annual additions and are not restorative payments.

The proposed regulations would retain the rule for taxable employers under existing regulations that the deadline for making a contribution to the plan that is credited to a participant's account for a limitation year for purposes of section 415(c). Under this rule, employer contributions are not treated as credited to a participant's account for a particular limitation year unless the contributions are actually made to the plan no later than 30 days after the end of the period described in section 404(a)(6) applicable to the taxable year with or within which the particular limitation year ends. The proposed regulations would modify the

corresponding rule for tax-exempt employers. Under the proposed regulations, the deadline for a tax-exempt employer to make a contribution to the plan that is credited to a participant's account for a limitation year for purposes of section 415(c) is the 15th day of the tenth calendar month following the close of the taxable year with or within which the particular limitation year ends. This date corresponds to the due date for Form 5500 (with extensions) in cases in which the taxable year coincides with the plan year, and generally corresponds to the contribution due date for taxable employers who request filing extensions. The deadline for contributions for tax-exempt employers under the proposed regulations would be an extension from the earlier deadline now applicable under existing regulations (*i.e.*, the 15th day of the sixth calendar month following the close of the taxable year with or within which the particular limitation year ends). The extent to which elective contributions constitute plan assets for purposes of the prohibited transaction provisions of section 4975 and Title I of ERISA is determined in accordance with regulations and rulings issued by the Department of Labor. See 29 CFR 2510.3-102.

The proposed regulations clarify the operation of the special increased limitation applicable to church plans under section 415(c)(7). Under this rule, notwithstanding the generally applicable limitations, annual additions for a section 403(b) annuity contract for a year with respect to an individual who is a church employee are treated as not exceeding the limitation of section 415(c) if such annual additions for the year are not in excess of \$10,000. However, the total amount of additions with respect to any participant that are permitted to be taken into account for purposes of this rule for all years may not exceed \$40,000. In addition, for any individual who is a church employee performing any services for the church outside the United States, additions for a section 403(b) annuity contract for any year are not treated as exceeding the limitations of section 415(c) if those annual additions for the year do not exceed the greater of \$3,000 or the employee's includible compensation. The proposed regulations would clarify that the \$40,000 cumulative total only applies to excesses over what would have been permitted to be contributed without regard to this special rule, and clarifies the interaction between the generally applicable church employee rule and the rule for church employees

performing services outside the United States. In addition, the proposed regulations would clarify that the special rule that applies to services for a church performed abroad applies to the employee's includible compensation only with respect to services for the church outside the United States.

The correction mechanism in current § 1.415-6(b)(6) for handling excess annual additions is not included in the proposed regulations. It is anticipated that this correction mechanism will be included in the Employee Plans Compliance Resolution System (*see* Rev. Proc. 2003-44 (2003-1 C.B. 1051)) in the future.

The proposed regulations generally would retain the rules under existing regulations providing that a contribution to reduce accumulated funding deficiencies or a contribution made pursuant to a funding waiver relates to the limitation year of the initial funding obligation. However, the proposed regulations would provide that any interest paid by the employer with respect to such a contribution that is in excess of a reasonable amount is taken into account as an annual addition for the limitation year when the contribution is made (in contrast to existing regulations, which require interest in excess of a reasonable amount to be taken into account as an annual addition for the limitation year for which the contribution was originally required). Rev. Rul. 78-223 (1978-1 C.B. 125) provides a method for determining contributions required to amortize waived contributions under a defined contribution plan. The application of any of the methods described in Rev. Rul. 78-223 will result in reasonable interest payments for purposes of applying the rules of section 415 (provided that, if a fixed interest rate in excess of 5% is used to amortize waived contributions, the interest rate is reasonable). Thus, for example, the actual yield method (under which the adjusted account balance is increased or decreased periodically at the actual rate of investment return experienced by the plan for such period) can be used for this purpose.

Section 1.415(c)-2: Definition of Compensation

Section 1.415(c)-2 of these proposed regulations defines the term *compensation*, which is defined in section 415(c)(3) and used for purposes of applying the limitations of section 415 as well as for various other purposes specified under the Internal Revenue Code. The proposed regulations reflect a number of statutory changes to section 415(c)(3) that were

made after the issuance of existing final regulations. Among these changes are the inclusion in compensation of certain deemed amounts for disabled participants and nontaxable elective amounts for deferrals under sections 401(k), 403(b), and 457, cafeteria plan elections under section 125, and qualified transportation fringe elections under section 132(f)(4). In addition to these changes, the proposed regulations would make some other changes to existing regulations, as discussed below.

The proposed regulations provide specific guidelines regarding when amounts received following severance from employment are considered compensation for purposes of section 415. The following are types of post-severance payments that are not excluded from compensation because of timing if they are paid within 2½ months following severance from employment: (1) Payments that, absent a severance from employment, would have been paid to the employee while the employee continued in employment with the employer and are regular compensation for services during the employee's regular working hours, compensation for services outside the employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar compensation; and (2) payments for accrued bona fide sick, vacation, or other leave, but only if the employee would have been able to use the leave if employment had continued. Under the proposed regulations, the rule generally excluding payments after severance from employment from compensation does not apply to payments to an individual who does not currently perform services for the employer by reason of qualified military service (as that term is used in section 414(u)(1)) to the extent those payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the employer rather than entering qualified military service. This notice of proposed rulemaking also contains corresponding proposed amendments to the regulations under sections 401(k), 403(b), and 457 that would provide that amounts received following severance from employment can be deferred only if they are considered compensation under the rules of section 415.

Section 1.415(d)-1: Cost-of-Living Adjustments

Section 1.415(d)-1 of these proposed regulations sets forth rules that apply to cost-of-living adjustments to the various limitations of section 415 pursuant to

section 415(d). Section 415(d) provides for the dollar and compensation limitations on annual benefits and the dollar limitation on annual additions to be adjusted annually for increases in the cost of living based on adjustment procedures similar to the procedures used to adjust social security benefit amounts. These adjustments also apply for other purposes as specified in the Internal Revenue Code. The proposed regulations specify the manner in which these adjustments are determined each year, and reflect statutory changes to the adjustment methodology made after the 1981 regulations were issued. In addition, the proposed regulations make several other changes to existing final regulations, as discussed below.

The proposed regulations would specify the circumstances under which an adjusted limit is permitted to be applied to participants who have previously commenced receiving benefits under a defined benefit plan. Under the proposed regulations, the adjusted dollar limitation is applicable to current employees who are participants in a defined benefit plan and to former employees who have retired or otherwise terminated their service under the plan and have a nonforfeitable right to accrued benefits, regardless of whether they have actually begun to receive such benefits. A plan is permitted to provide that the annual increase applies for a participant who has previously commenced receiving benefits only to the extent that benefits have not been paid. Thus, for example, a plan cannot provide that this annual increase applies to a participant who has previously received the entire plan benefit in a single-sum distribution. However, a plan is permitted to provide for an increase in benefits to a participant who accrues additional benefits under the plan that could have been accrued without regard to the adjustment of the dollar limitation (including benefits that accrue as a result of a plan amendment) on or after the effective date of the adjusted limitation.

The proposed regulations provide for a safe harbor under which the annual benefit will satisfy the limitations of section 415(b) for the current limitation year following an adjustment to benefit payments that is made to reflect the cost-of-living adjustment made pursuant to section 415(d). If such adjustments are made in accordance with this safe harbor, the multiple annuity starting date rules of § 1.415(b)-2 do not apply on account of such adjustments. Under this safe harbor, if a participant has received one or more distributions under an annuity stream that satisfies

the requirements of section 415(b) before the adjustment, the plan's benefits will satisfy the limitations of section 415(b) if the amounts payable to the employee for the limitation year and subsequent limitation years are not greater than the amounts that would otherwise be payable under the annuity stream without regard to the adjustment, multiplied by a fraction. The numerator of this fraction is the limitation under section 415(b) (i.e., the lesser of the applicable dollar limitation under section 415(b)(1)(A), as adjusted for age at commencement, and the applicable compensation-based limitation under section 415(b)(1)(B)) in effect for the distribution following the adjustment, and the denominator of this fraction is such limitation under section 415(b) in effect for the distribution immediately before the adjustment.

Section 1.415(f)-1: Combining and Aggregating Plans

Section 1.415(f)-1 of these proposed regulations sets forth rules for combining and aggregating plans pursuant to section 415(f). Under section 415(f) and these proposed regulations, for purposes of applying the limitations of section 415(b) and (c), all defined benefit plans of an employer are treated as one defined benefit plan, and all defined contribution plans of an employer are treated as one defined contribution plan. The controlled group rules of section 414(b) and (c) (as modified by section 415(h)), the affiliated service group rules of section 414(m), and the leased employee rules of section 415(n) apply for purposes of determining whether a plan that is maintained by an entity other than the employer is considered maintained by the employer for purposes of applying the aggregation rules of section 415(f).

The proposed regulations would also make various changes and clarifications to the existing regulations. The proposed regulations would clarify that an employer's plan must be aggregated with all plans maintained by a predecessor employer (see section 414(a)), regardless of whether any such plan is assumed by the employer. Pursuant to section 414(a)(1), the proposed regulations would provide that, for purposes of section 415, a former employer is a predecessor employer with respect to a participant in a plan maintained by an employer if the employer maintains a plan under which the participant had accrued a benefit while performing services for the former employer, but only if that benefit is provided under the plan maintained by the employer. In addition, the proposed regulations would provide

pursuant to section 414(a)(2) that, with respect to an employer of a participant, a former entity that antedates the employer is a predecessor employer with respect to the participant if, under the facts and circumstances, the employer constitutes a continuation of all or a portion of the trade or business of the former entity. This will occur, for example, where formation of the employer constitutes a mere formal or technical change in the employment relationship and continuity otherwise exists in the substance and administration of the business operations of the former entity and the employer. See *Lear Eye Clinic, Ltd. v. Commissioner*, 106 T.C. 418, 425-429 (1996).

The proposed regulations provide rules for aggregating participation and service for purposes of the 10-year phase-in of the limitations on defined benefit plans. Under these rules, years of participation in all aggregated plans and years of service for employers maintaining all aggregated plans are counted for purposes of applying the 10-year phase-in rules.

The proposed regulations clarify the aggregation rules that apply to section 403(b) annuity contracts, other plans of the employer, and plans of related employers, in light of changes made in EGTRRA. Generally a section 403(b) annuity contract is not aggregated with plans that are maintained by the participant's employer because the section 403(b) annuity contract is deemed maintained by the participant and not the employer for purposes of section 415. However, if a participant on whose behalf a section 403(b) annuity contract is purchased is in control of any employer for a limitation year, the annuity contract for the benefit of the participant is treated as a defined contribution plan maintained by both the controlled employer and the participant for that limitation year and accordingly, the section 403(b) annuity contract is aggregated with all other defined contribution plans maintained by the employer. Accordingly, the employer that contributes to the section 403(b) annuity contract must obtain information from participants regarding employers controlled by those participants and plans maintained by those controlled employers to monitor compliance with applicable limitations to comply with applicable reporting and withholding obligations. In addition to applying the rules under existing final regulations for purposes of determining control for purposes of section 415(f), the proposed regulations would apply the rules under proposed § 1.414(c)-5 (regarding aggregation rules for tax-

exempt employers), as published in the *Federal Register* on November 16, 2004 (69 FR 67075).

The proposed regulations also provide that a multiemployer plan, as defined in section 414(f), is not aggregated with other multiemployer plans for purposes of determining any section 415 limitation. In addition, a multiemployer plan will not be aggregated with non-multiemployer plans for purposes of applying the 100% of compensation benefit limit to non-multiemployer plans under section 415(b)(1)(B). In general, under the proposed regulations, benefits of all employers are taken into account in applying the limitations of section 415 to a multiemployer plan. However, a multiemployer plan is permitted to provide that, where a participating employer maintains both a plan which is not a multiemployer plan and a multiemployer plan, only the benefits provided by the employer under the multiemployer plan are aggregated with the benefits under the non-multiemployer plan.

Section 1.415(g)-1: Disqualification of Plans and Trusts

Section 1.415(g)-1 of these proposed regulations sets forth rules regarding disqualification of plans and trusts, including plans and trusts that are aggregated pursuant to § 1.415(f)-1. In large part, proposed § 1.415(g)-1 replicates the rules of § 1.415-9 of the existing final regulations regarding ordering rules for disqualifying plans and trusts that are aggregated for purposes of compliance with section 415. In addition, the proposed regulations provide rules for disqualification where an individual medical account (as described in section 415(l)) and a post-retirement medical benefits account for key employees (as described in section 419A(d)) is combined with a qualified defined contribution plan for purposes of applying section 415(c). If the combined plan exceeds those limitations for a particular limitation year, the qualified defined contribution plan (rather than the medical account) is disqualified for the limitation year.

Section 1.415(j)-1: Limitation Year

Section 1.415(j)-1 of these proposed regulations sets forth rules regarding limitation years that are used as the period for demonstrating compliance with section 415. In addition to setting forth general rules that generally correspond to rules under existing regulations, the proposed regulations provide specific guidelines with respect to overlapping limitation years for aggregated plans. These rules reflect the

guidance provided in Rev. Rul. 79-5 (1979-1 C.B. 165). Where defined contribution plans with different limitations years are aggregated, the rules of section 415(c) must be applied with respect to each limitation year of each such plan. For each such limitation year, the requirements of section 415(c) are applied to annual additions that are made for that time period with respect to the participant under all aggregated plans. Similarly, where defined benefit plans with different limitations years are aggregated, the rules of section 415(c) must be applied with respect to each limitation year of each such plan. Thus, for example, the dollar limitation of section 415(b)(1)(A) applicable to the limitation year for each plan must be applied to annual benefits under all aggregated plans to determine whether the plan satisfies the requirements of section 415(b).

Sections 415(m) and 415(n)

These proposed regulations do not contain provisions relating to section 415(m) (regarding treatment of qualified governmental excess benefit arrangements) and section 415(n) (regarding the purchase of permissive service credit from a governmental defined benefit plan). Comments are requested regarding the need for regulations or other guidance on issues arising under these statutory provisions.

Other Changes: Section 457 Regulations

These proposed regulations also include revisions to the regulations under section 457 that are in addition to the revisions to reflect the treatment of compensation paid after severance from employment. The additional revisions do not include any substantive changes, but would merely make clarifications, including corrections in an example illustrating the section 457 catch-up rules and a correction in the rules relating to unforeseeable emergencies to reflect recent revisions in the definition of a dependent (made under the Working Families Tax Relief Act of 2004, which modified the definition of the term *dependent* under section 152).

Proposed Effective Dates

The regulations under section 415 are proposed to apply to limitation years beginning on or after January 1, 2007. Except as described below, until these regulations are issued as final regulations, the existing regulations remain in effect (to the extent not modified by statutory changes). A defined benefit plan that was adopted and effective before May 31, 2005, will be considered to satisfy the limitations of section 415(b) for a participant with

respect to benefits accrued or payable under the plan as of the effective date of final regulations implementing these proposed regulations pursuant to plan provisions adopted and in effect on May 31, 2005, but only if such plan provisions meet the requirements of statutory provisions, regulations, and other published guidance in effect on May 31, 2005. Thus, plans that were in compliance with the rules of section 415 as in effect prior to the finalization of these regulations will not be disqualified based on benefits that arise pursuant to plan provisions that were adopted and in effect on May 31, 2005, and that accrue prior to the effective date of final regulations implementing these proposed regulations, even if those benefits no longer comply with the requirements of section 415 as set forth under those final regulations. However, such a plan will not be permitted to provide for the accrual of additional benefits for a participant on or after the effective date of final regulations implementing these proposed regulations unless such additional benefits, together with the participant's other accrued benefits, comply with those new final regulations.

Reliance on Compensation Timing Rules and Changes to Regulations Under Sections 401(a)(9) and 457

Pending issuance of final regulations, taxpayers may rely on the modifications in these proposed regulations contained in § 1.401(k)-1(e)(8), § 1.415(c)-2(e), and § 1.457-4(d) regarding post-severance compensation payments and other compensation timing rules, § 1.401(a)(9)-6 regarding certain changes in form of payment, and §§ 1.457-5, -6, and -10 providing corrective and clarifying changes. Pursuant to this reliance, taxpayers may apply the proposed amendments described in this paragraph for periods prior to the effective date of final regulations.

Sunset of EGTRRA Changes

The proposed regulations do not provide rules for the application of the EGTRRA sunset provision (section 901 of EGTRRA), under which the provisions of EGTRRA do not apply to taxable, plan, or limitation years beginning after December 31, 2010. Unless the EGTRRA sunset provision is repealed before it becomes effective, additional guidance will be needed to clarify its application.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a

significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It has also been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and, because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Code, this notice of proposed rulemaking will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Comments and Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any written (a signed original and eight (8) copies) or electronic comments that are submitted timely to the IRS. The IRS and Treasury Department specifically request comments on the clarity of the proposed regulations and how they may be made easier to understand. All comments will be available for public inspection and copying.

A public hearing has been scheduled for August 17, 2005 at 10 a.m. in the auditorium, Internal Revenue Building, 1111 Constitution Avenue, NW., Washington, DC. Due to building security procedures, visitors must use the main building entrance on Constitution Avenue. In addition, all visitors must present photo identification to enter the building. Because of access restrictions, visitors will not be admitted beyond the immediate entrance area more than 30 minutes before the hearing starts. For more information about having your name placed on the list to attend the hearing, see the **FOR FURTHER INFORMATION CONTACT** section of this preamble.

The rules of 26 CFR 601.601(a)(3) apply to the hearing. Persons who wish to present oral comments at the hearing must submit written (signed original and eight (8) copies) or electronic comments and an outline of the topics to be discussed and the time to be devoted to each topic by July 27, 2005. A period of 10 minutes will be allotted to each person for making comments. An agenda showing the scheduling of the speakers will be prepared after the deadline for receiving outlines has passed. Copies of the agenda will be available free of charge at the hearing.

Drafting Information

The principal authors of these regulations are Vernon S. Carter and

Linda S. F. Marshall, Office of Division Counsel/Associate Chief Counsel (Tax Exempt and Government Entities). However, other personnel from the IRS and Treasury participated in the development of these regulations.

List of Subjects

26 CFR Part 1

Income taxes, Reporting and recordkeeping requirements.

26 CFR Part 11

Income taxes, Reporting and recordkeeping requirements.

Proposed Amendments to the Regulations

Accordingly, 26 CFR parts 1 and 11 are proposed to be amended as follows:

PART 1—INCOME TAXES

Paragraph 1. The authority citation for part 1 continues to read, in part, as follows:

Authority: 26 U.S.C. 7805 * * *

Par. 2. Section 1.401(a)(9)-6, Q&A-13(c)(3) is revised to read as follows:

§ 1.401(a)(9)-6 Required minimum distributions for defined benefit plans and annuity contracts.

A-13. * * *
(c) * * *

(3) In accordance with § 1.415(b)-2(c), after taking into account the modification, the payments under the annuity that are paid before the modification plus the modified payments must satisfy the requirements of § 1.415(b)-1 determined as of the original annuity starting date, using the interest rates and mortality table applicable to such date, except that, for this purpose, payments will not fail to satisfy the requirements of § 1.415(b)-1 determined as of the original annuity starting date merely because the payments are adjusted to reflect cost-of-living adjustments pursuant to section 415(d) that are determined in accordance with § 1.415(d)-1(a)(5); and

Par. 3. Section 1.401(k)-1 is amended by adding paragraph (e)(8) to read as follows:

§ 1.401(k)-1 Certain cash or deferred arrangements.

* * * * *

(e) * * *
(8) *Section 415 compensation required.* A cash or deferred arrangement satisfies this paragraph (e) only if cash or deferred elections can only be made with respect to amounts that are compensation within the

meaning of section 415(c)(3) and § 1.415(c)-2. Thus, for example, the arrangement is not a qualified cash or deferred arrangement if an eligible employee who is not in qualified military service (as that term is defined in section 414(u)) can make a cash or deferred election with respect to an amount paid after severance from employment, unless the amount is paid within 2½ months following the eligible employee's severance from employment and is described in § 1.415(c)-2(e)(3)(ii).

* * * * *

Par. 4. Section 1.403(b)-3, as proposed to be revised on November 16, 2004 (69 FR 67086), is further proposed to be amended by adding text to paragraph (b)(4)(ii) to read as follows:

§ 1.403(b)-3 Exclusion for contributions to purchase section 403(b) contracts.

(b) * * *
(4) * * *

(ii) *Exceptions.* The exclusion from gross income provided by section 403(b) applies to contributions made for former employees with respect to compensation described in § 1.415(c)-2(e)(3)(ii) (relating to certain compensation paid within 2½ months following severance from employment), compensation described in § 1.415(c)-2(g)(4) (relating to compensation paid to participants who are permanently and totally disabled), and compensation relating to qualified military service under section 414(u).

* * * * *

§ 1.415-1 thru § 1.415-10 [Removed]

Par. 5. Sections 1.415-1 through 1.415-10 are removed.

Par. 6. Section 1.415(a)-1 is added to read as follows:

§ 1.415(a)-1 General rules with respect to limitations on benefits and contributions under qualified plans.

(a) *Trusts.* Under sections 415 and 401(a)(16), a trust that forms part of a pension, profit-sharing, or stock bonus plan will not be qualified under section 401(a) if any of the following conditions exists—

(1) In the case of a defined benefit plan, the annual benefit with respect to any participant for any limitation year exceeds the limitations of section 415(b) and § 1.415(b)-1 (taking into account the rules of § 1.415(b)-2);

(2) In the case of a defined contribution plan, the annual additions credited with respect to any participant for any limitation year exceed the limitations of section 415(c) and § 1.415(c)-1; or

(3) The trust has been disqualified under section 415(g) and § 1.415(g)-1 for any year.

(b) *Certain annuities and accounts—*
(1) *In general.* Under section 415, an employee annuity plan described in section 403(a), an annuity contract described in section 403(b), or a simplified employee pension described in section 408(k) will not be considered to be described in the otherwise applicable section if any of the following conditions exists—

(i) The annual benefit under a defined benefit plan with respect to any participant for any limitation year exceeds the limitations of section 415(b) and § 1.415(b)-1 (taking into account the rules of § 1.415(b)-2);

(ii) The contributions and other additions credited under a defined contribution plan with respect to any participant for any limitation year exceed the limitations of section 415(c) and § 1.415(c)-1; or

(iii) The employee annuity plan, annuity contract, or simplified employee pension has been disqualified under section 415(g) and § 1.415(g)-1 for any year.

(2) *Special rule for section 403(b) annuity contracts—*(i) *In general.* If the contributions and other additions under an annuity contract that otherwise satisfies the requirements of section 403(b) with respect to any participant for any limitation year exceed the limitations of section 415(c) and § 1.415(c)-1, then the portion of the contract that includes such excess annual addition fails to be a section 403(b) contract (and instead is a contract to which section 403(c) applies), and the remaining portion of the contract is a section 403(b) contract. The status of the remaining portion of the contract as a section 403(b) contract is not retained unless, for the year of the excess and each year thereafter, the issuer of the contract maintains separate accounts for each such portion. See also § 1.403(b)-3(c)(3).

(ii) *Defined benefit plans.* If the annual benefit under an annuity contract that otherwise satisfies the requirements of section 403(b) and that is a defined benefit plan with respect to any participant for any limitation year exceeds the limitations of section 415(b) and § 1.415(b) (taking into account the rules of § 1.415(b)-2), then the portion of the contract that includes such excess annual benefit fails to be a section 403(b) annuity contract (and instead is a contract to which section 403(c) applies), and the remaining portion of the contract is a section 403(b) annuity contract. The status of the remaining portion of the contract as a section 403(b) annuity contract is not retained unless, for the year of the excess and each year thereafter, the issuer of the

contract maintains separate accounts for each such portion.

(3) *Section 403(b) annuity contract.* For purposes of section 415 and regulations thereunder, the term *section 403(b) annuity contract* includes arrangements that are treated as annuity contracts for purposes of section 403(b). For example, such term includes custodial accounts described in section 403(b)(7) and retirement income accounts described in section 403(b)(9).

(c) *Regulations—*(1) *In general.* This section provides general rules regarding the application of section 415. For further rules regarding the application of section 415, see—

(i) Section 1.415(b)-1 (for general rules regarding the limit applicable to defined benefit plans);

(ii) Section 1.415(b)-2 (for special rules for defined benefit plans where a participant has multiple annuity starting dates);

(iii) Section 1.415(c)-1 (for general rules regarding the limit applicable to defined contribution plans);

(iv) Section 1.415(c)-2 (for rules regarding the definition of compensation for purposes of section 415);

(v) Section 1.415(d)-1 (for rules regarding cost-of-living adjustments to the various limits of section 415);

(vi) Section 1.415(f)-1 (for rules for aggregating plans for purposes of section 415);

(vii) Section 1.415(g)-1 (for rules regarding disqualification of plans that fail to satisfy the requirements of section 415); and (viii) Section 1.415(j)-1 (for rules regarding limitation years).

(2) *Cross references to additional rules for section 403(b) annuity contracts.* For additional rules relating to section 403(b) annuity contracts, see—

(i) Section 1.415(c)-2(g)(1) and (3) (relating to the definition of compensation for such annuity contracts);

(ii) Section 1.415(f)-1(g) (relating to rules for such annuity contracts for purposes of combining plans);

(iii) Section 1.415(g)-1(b)(3)(iv)(C) (regarding disqualification of section 403(b) annuity contract aggregated with a qualified defined contribution plan if the combined plans exceed the limitations of section 415(c));

(iv) Section 1.415(g)-1(e) (relating to the plan year for such annuity contracts); and

(v) Section 1.415(j)-1(e) (relating to the limitation year for such annuity contracts).

(3) *Cross references to additional rules for governmental plans.* For additional rules relating to governmental plans, see—

(i) Section 1.415(b)-1(a)(6)(i) (providing an exception from the compensation-based limit of section 415(b)(1)(B) for governmental plans);

(ii) Section 1.415(b)-1(a)(7)(ii) (regarding a special limitation for governmental plans making an election during 1990);

(iii) Section 1.415(b)-1(b)(4) (regarding qualified governmental excess benefit arrangements);

(iv) Section 1.415(b)-1(d)(3) and (4) (regarding age adjustments to the dollar limit of section 415(b)(1)(A) in the case of employees of police departments and fire departments and former members of the United States Armed Forces, and in the case of survivor and disability benefits);

(v) Section 1.415(b)-1(g)(3) (regarding adjustments to applicable limitations for years of participation, and adjustments to applicable limitations for years of service for survivor and disability benefits); and

(vi) Section 1.415(c)-1(b)(3)(iii) (regarding amounts not treated as annual additions).

(4) *Cross references to additional rules for multiemployer plans.* For additional rules relating to multiemployer plans, see—

(i) Paragraph (e) of this section (regarding benefits or contributions taken into account where a plan is maintained by more than one employer);

(ii) Section 1.415(b)-1(a)(6)(ii) (providing an exception from the compensation-based limit for multiemployer plans);

(iii) Section 1.415(b)-1(f)(3) (regarding the application of the minimum \$10,000 limitation on benefits in the case of a multiemployer plan);

(iv) Section 1.415(f)-1(h) (providing special rules for aggregating multiemployer plans with other plans); and

(v) Section 1.415(g)-1(b)(3)(ii) (regarding plan disqualification rules where a multiemployer plan is aggregated with a plan that is not a multiemployer plan and the combined plans exceed the limitations of section 415).

(d) *Plan provisions—(1) In general.* Although no specific plan provision is required under section 415 in order for a plan to establish or maintain its qualification, the plan provisions must preclude the possibility that any accrual, distribution, or annual addition will exceed the limitations of section 415. For example, a plan may include provisions that automatically freeze or reduce the rate of benefit accrual (in the case of a defined benefit plan) or the annual addition (in the case of a defined

contribution plan) to a level necessary to prevent the limitations from being exceeded with respect to any participant. For rules relating to this type of plan provision and the definitely determinable benefit requirement for pension plans, see § 1.401(a)-1(b)(1).

(2) *Special rule for profit-sharing and stock bonus plans.* A provision of a profit-sharing or stock bonus plan that automatically freezes or reduces the amount of annual additions to ensure that the limitations of section 415 will not be exceeded must comply with the requirement set forth in § 1.401-1(b)(1)(ii) or (iii) (as applicable) that such plans provide a definite predetermined formula for allocating the contributions made to the plan among the participants. If the operation of a provision that automatically freezes or reduces the amount of annual additions to ensure that the limitations of section 415 are not exceeded does not involve discretionary action on the part of the employer, the definite predetermined allocation formula requirement is not violated by the provision. If the operation of such a provision involves discretionary action on the part of the employer, the definite predetermined allocation formula requirement is violated. For example, if two profit-sharing plans of one employer otherwise provide for aggregate contributions which may exceed the limits of section 415(c), the plan provisions must specify (without involving employer discretion) under which plan contributions and allocations will be reduced to prevent an excess annual addition and how the reduction will occur.

(3) *Incorporation by reference—(i) In general.* A plan is permitted to incorporate by reference the limitations of section 415, and will not fail to meet the definitely determinable benefit requirement or the definite predetermined allocation formula requirement, whichever applies to the plan, merely because it incorporates the limits of section 415 by reference.

(ii) *Section 415 can be applied in more than one manner, but a statutory or regulatory default rule exists.* Where a provision of section 415 is permitted to be applied in more than one manner but is to be applied in a specified manner in the absence of contrary plan provisions (*i.e.*, a default rule exists), if a plan incorporates the limitations of section 415 by reference with respect to that provision of section 415 and does not specifically vary from the default rule, then the default rule applies. With respect to a provision of section 415 for which a default rule exists, if the limitations of section 415 are to be

applied in a manner other than using the default rule, the plan must specify the manner in which the limitation is to be applied in addition to generally incorporating the limitations of section 415 by reference. For example, if a plan generally incorporates the limitations of section 415 by reference and does not restrict the accrued benefits to which the amendments to section 415(b)(2)(E) made by GATT apply (as permitted by Q&A-12 of Rev. Rul. 98-1 (1998-1 C.B. 249) (see § 601.601(d) of this chapter), which reflects the amendments to section 767 of GATT made by section 1449 of SBJPA), then the amendments to section 415(b)(2)(E) made by GATT apply to all benefits under the plan.

(iii) *Section 415 can be applied in more than one manner with no statutory or regulatory default.* If a limitation of section 415 may be applied in more than one manner, and there is no governing principle pursuant to which that limitation is applied in the absence of contrary plan provisions, then the plan must specify the manner in which the limitation is to be applied in addition to generally incorporating the limitations of section 415 by reference. For example, if an employer maintains two profit-sharing plans, and if any participant participates in more than one such plan, then both plans must specify (in a consistent manner) under which of the employer's two profit-sharing plans annual additions must be reduced if aggregate annual additions would otherwise exceed the limitations of section 415(c).

(iv) *Former requirements.* A plan cannot incorporate by reference formerly applicable requirements of section 415 that are no longer in force (such as the limits of former section 415(e)).

(v) *Cost-of-living adjustments—(A) In general.* A plan is permitted to incorporate by reference the annual adjustments to the limitations of section 415 that are made pursuant to section 415(d). See § 1.415(d)-1 for additional rules relating to cost-of-living adjustments under section 415(d).

(B) *Cost-of-living adjustments not included in accrued benefit until effective.* Notwithstanding that a plan incorporates the increases to the applicable limits under section 415(d) by reference, the accrued benefit of a participant for purposes of section 411 and the annual benefit payable to a participant for purposes of § 1.415(b)-1(a)(1) are not permitted to reflect increases pursuant to the annual increase under section 415(d) of the dollar limitation described in section 415(b)(1)(A) or the compensation limit described in section 415(b)(1)(B) for any

period before the annual increase becomes effective. A plan amendment does not violate the requirements of section 411(d)(6) merely because it eliminates the incorporation by reference of the increases under section 415(d) with respect to increases that have not yet occurred. Pursuant to § 1.415(d)-1(a)(3), the increase in each limit that is adjusted pursuant to section 415(d) is effective as of January 1 of each calendar year, and applies with respect to limitation years ending with or within that calendar year. Thus, where an increase in the dollar limitation under section 415(b)(1)(A) results in an increase to the participant's accrued benefit, the increase to the accrued benefit is permitted to occur as of a date no earlier than January 1 of the calendar year for which the increase in the dollar limitation is effective.

(C) *Application of increase in defined benefit dollar limit to participants who have commenced receiving benefits.* The annual increase under section 415(d) of the dollar limitation described in section 415(b)(1)(A) does not apply in limitation years beginning after the annuity starting date to a participant who has previously commenced receiving benefits unless the plan specifies that this annual increase applies to such a participant. Similarly, the annual increase under section 415(d) of the compensation-based limitation described in section 415(b)(1)(B) does not apply in limitation years beginning after the annuity starting date to a participant who has previously commenced receiving benefits unless the plan specifies that this annual increase applies to such a participant.

(D) *Treatment of cost-of-living adjustments for funding purposes.* In general, the annual increase under section 415(d) of the dollar limitation described in section 415(b)(1)(A) and the compensation limitation described in section 415(b)(1)(B) is treated as a plan amendment for purposes of applying sections 404 and 412, regardless of whether the plan is amended to reflect the increase or the plan reflects the increase automatically through operation of plan provisions. However, where a plan reflects the annual increase under section 415(d) of the dollar limitation described in section 415(b)(1)(A) or the compensation limitation described in section 415(b)(1)(B) automatically through operation of plan provisions, the funding method for the plan is permitted to provide for this annual increase to be treated as an experience loss for purposes of applying sections 404 and 412.

(e) *Rules for plans maintained by more than one employer.* Except as provided in § 1.415(f)-1(h)(2)(i) (regarding aggregation of multiemployer plans with plans other than multiemployer plans), for purposes of applying the limitations of section 415 with respect to a participant in a plan maintained by more than one employer, benefits and contributions attributable to such participant from all of the employers maintaining the plan must be taken into account. Furthermore, in applying the limitations of section 415 with respect to such a participant, the total compensation received by the participant from all of the employers maintaining the plan is permitted to be taken into account under any such plan if the plan so provides.

(f) *Special rules—(1) Affiliated employers.* Pursuant to section 414(b) and § 1.414(b)-1, all employees of all corporations that are members of a controlled group of corporations (within the meaning of section 1563(a), as modified by section 1563(f)(5), and determined without regard to section 1563(a)(4) and (e)(3)(C)) are treated as employed by a single employer for purposes of section 415. Similarly, pursuant to section 414(c) and §§ 1.414(c)-1 through 1.414(c)-6, all employees of trades or businesses that are under common control are treated as employed by a single employer. Thus, any defined benefit plan or defined contribution plan maintained by any member of a controlled group of corporations (within the meaning of section 414(b)) or by any trade or business (whether or not incorporated) under common control (within the meaning of section 414(c)) is deemed maintained by all such members or such trades or businesses. Pursuant to section 415(h), for purposes of section 415, sections 414(b) and 414(c) are applied by using the phrase "more than 50 percent" instead of the phrase "at least 80 percent" each place the latter phrase appears in section 1563(a)(1), in § 1.414(c)-2, and in § 1.414(c)-5.

(2) *Affiliated service groups.* Any defined benefit plan or defined contribution plan maintained by any member of an affiliated service group (within the meaning of section 414(m)) is deemed maintained by all members of that affiliated service group.

(3) *Leased employees—(i) In general.* Pursuant to section 414(n), except as provided in paragraph (f)(3)(ii) of this section, with respect to any person (referred to as the recipient) for whom a leased employee (within the meaning of section 414(n)(2)) performs services, the leased employee is treated as an employee of the recipient, but

contributions or benefits provided by the leasing organization that are attributable to services performed for the recipient are treated as provided under a plan maintained by the recipient.

(ii) *Exception for leased employees covered by safe harbor plans.* Pursuant to section 414(n)(5), the rule of paragraph (f)(3)(i) of this section does not apply to a leased employee with respect to services performed for a recipient if—

(A) The leased employee is covered by a plan that is maintained by the leasing organization and that meets the requirements of section 414(n)(5)(B); and

(B) Leased employees (determined without regard to this paragraph (f)(3)(ii)) do not constitute more than 20% of the recipient's nonhighly compensated workforce.

(4) *Permissive service credit under governmental plans.* See section 415(n) for rules regarding the application of the limitations of sections 415(b) and (c) where an employee makes contributions (including a transfer described in section 403(b)(13) or section 457(e)(17)) to a defined benefit governmental plan to purchase permissive service credit under the plan.

(5) *Qualified domestic relations orders.* A benefit provided to an alternate payee (as defined in section 414(p)(8)) of a participant pursuant to a qualified domestic relations order (as defined in section 414(p)(1)(A)) is treated as if it were provided to the participant for purposes of applying the limitations of section 415.

(6) *Effect on other requirements.* Except as provided in § 1.417(e)-1(d)(1), the application of section 415 does not relieve a plan from the obligation to satisfy other applicable qualification requirements. Accordingly, the terms of the plan must provide for the plan to satisfy section 415 as well as all other applicable requirements. For example, if a defined benefit plan has a normal retirement age of 62, and if a participant's benefit remains unchanged between the ages of 62 and 65 because of the application of the section 415(b)(1)(A) dollar limit, the plan satisfies the requirements of section 411 only if the plan either commences distribution of the participant's benefit at normal retirement age (without regard to severance from employment) or provides for a suspension of benefits at normal retirement age that satisfies the requirements of section 411(a)(3)(B) and 29 CFR 2530.203-3. Similarly, if the increase to a participant's benefit under a defined benefit plan in a year after the participant has attained normal

retirement age is less than the actuarial increase to the participant's previously accrued benefit because of the application of the section 415(b)(1)(B) compensation limitation (which is not adjusted for commencement after age 65), the plan satisfies the requirements of section 411 only if the plan either commences distribution of the participant's benefit at normal retirement age (without regard to severance from employment) or provides for a suspension of benefits at normal retirement age that satisfies the requirements of section 411(a)(3)(B) and 29 CFR 2530.203-3.

(g) *Effective date*—(1) *General rule.* Except as otherwise provided, §§ 1.415(a)-1, 1.415(b)-1, 1.415(b)-2, 1.415(c)-1, 1.415(c)-2, 1.415(d)-1, 1.415(f)-1, 1.415(g)-1, and 1.415(j)-1 apply to limitation years beginning on or after January 1, 2007.

(2) *Option to apply regulations earlier.* A plan that was adopted and in effect before January 1, 2007, is permitted to apply the provisions of §§ 1.415(a)-1, 1.415(b)-1, 1.415(b)-2, 1.415(c)-1, 1.415(c)-2, 1.415(d)-1, 1.415(f)-1, 1.415(g)-1, and 1.415(j)-1 to limitation years beginning after the date final regulations are published in the **Federal Register**.

(3) *Grandfather rule for preexisting benefits.* A defined benefit plan that was adopted and effective before May 31, 2005, is considered to satisfy the limitations of section 415(b) for a participant with respect to benefits accrued or payable under the plan as of the effective date of final regulations under §§ 1.415(a)-1, 1.415(b)-1, 1.415(b)-2, 1.415(c)-1, 1.415(c)-2, 1.415(d)-1, 1.415(f)-1, 1.415(g)-1, and 1.415(j)-1 (as provided under paragraph (g)(1) and (2) of this section) pursuant to plan provisions that were adopted and in effect on May 31, 2005, but only if such plan provisions meet the requirements of statutory provisions, regulations, and other published guidance in effect on May 31, 2005.

(4) *Sunset of EGTRRA amendments.* Sections 1.415(a)-1, 1.415(b)-1, 1.415(b)-2, 1.415(c)-1, 1.415(c)-2, 1.415(d)-1, 1.415(f)-1, 1.415(g)-1, and 1.415(j)-1 do not address the application of section 901 of the Economic Growth and Tax Relief Reconciliation Act of 2001, Public Law 107-16, 115 Stat. 38 (under which the amendments made by that Act do not apply to limitation years beginning after December 31, 2010).

Par. 7. Section 1.415(b)-1 is added to read as follows:

§ 1.415(b)-1 Limitations for defined benefit plans.

(a) *General rules*—(1) *Maximum limitations.* Except as otherwise provided under this section, a defined benefit plan fails to satisfy the requirements of section 415(a) for a limitation year if, during the limitation year, either the annual benefit (as defined in paragraph (b)(1)(i) of this section) accrued by a participant or the annual benefit payable to a participant at any time under the plan exceeds the lesser of—

(i) \$160,000 (as adjusted pursuant to section 415(d), § 1.415(d)-1(a), and this section); or

(ii) 100% of the participant's average compensation for the period of the participant's high 3 years of service (as adjusted pursuant to section 415(d), § 1.415(d)-1(a), and this section).

(2) *Defined benefit plan.* For purposes of section 415 and regulations thereunder, a defined benefit plan is any plan, contract, or account to which section 415 applies pursuant to § 1.415(a)-1(a) or (b) (or any portion thereof) that is not a defined contribution plan within the meaning of § 1.415(c)-1(a)(2). In addition, a section 403(b) contract that is not described in section 414(i) is treated as a defined benefit plan for purposes of section 415 and regulations thereunder.

(3) *Plan provisions.* As required in § 1.415(a)-1(d)(1), in order to satisfy the limitations on benefits under this section, the plan provisions (including the provisions of any annuity) must preclude the possibility that any annual benefit exceeding these limitations will be accrued, distributed, or otherwise payable in any optional form of benefit (including the normal form of benefit) at any time (from the plan, from an annuity contract that will make distributions to the participant on behalf of the plan, or from an annuity contract that has been distributed under the plan). Thus, for example, a plan will fail to satisfy the limitations of this section if the plan does not contain terms that preclude the possibility that any annual benefit exceeding these limitations will be accrued or payable in any optional form of benefit (including the normal form of benefit) at any time, even though no participant has actually accrued a benefit in excess of these limitations.

(4) *Adjustments to dollar limitation for commencement before age 62 or after age 65.* The age-adjusted section 415(b)(1)(A) dollar limit computed pursuant to paragraph (d) or (e) of this section is used in place of the dollar limitation described in section 415(b)(1)(A) and paragraph (a)(1)(i) of

this section in the case of a benefit with an annuity starting date that occurs before the participant attains age 62 or after the participant attains age 65.

(5) *Period of high 3 years of service*—(i) *In general.* For purposes of applying the limitation on benefits described in this section, the period of a participant's high 3 years of service is the period of 3 consecutive calendar years during which the employee was an active participant in the plan and had the greatest aggregate compensation (as defined in § 1.415(c)-2) from the employer. For purposes of this paragraph (a)(5), in determining a participant's high 3 years of service, the plan may use any 12-month period to determine a year of service instead of the calendar year, provided that it is uniformly and consistently applied in a manner that is specified under the terms of the plan. As provided under § 1.415(c)-2(f), because a plan may not base benefit accruals (in the case of a defined benefit plan) on compensation in excess of the limitation under section 401(a)(17), a plan's definition of compensation for a limitation year that is used for purposes of applying the limitations of section 415 is not permitted to reflect compensation for a plan year that is in excess of the limitation under section 401(a)(17) that applies to that plan year.

(ii) *Short periods of service.* For those employees who are employed with the employer while an active participant for less than 3 consecutive calendar years, the period of a participant's high 3 years of service is the actual number of consecutive years of employment (including fractions of years) while an active participant in the plan. In such a case, the limitation of section 415(b)(1)(B) of 100% of the participant's compensation for the period of the participant's high 3 years of service is computed by dividing the participant's compensation during the participant's longest consecutive period of employment while a plan participant by the number of years in that period - (including fractions of years, but not less than one year).

(iii) *Examples.* The following examples illustrate the rules of this paragraph (a)(5):

Example 1. (i) Plan A, which was established on January 1, 2004, covers Participant M, who was hired on January 1, 2000. The limitation year for Plan A is the calendar year. Participant M's compensation (as defined in § 1.415(c)-2) from the employer maintaining the plan is \$120,000 for 2000, \$120,000 for 2001, \$120,000 for 2002, \$120,000 for 2003, \$100,000 for 2004, \$100,000 for 2005, \$100,000 for 2006, and \$80,000 for 2007. Plan A does not specify a

period other than the calendar year for determining the period of a participant's high 3 years of service while a plan participant.

(ii) As of the end of the 2004 limitation year, the period of M's highest 3 consecutive years of service while a plan participant (or fewer, if applicable) runs from January 1, 2004, through December 31, 2004. As of the end of the 2005 limitation year, the period of M's highest 3 consecutive years of service while a plan participant (or fewer, if applicable) runs from January 1, 2004, through December 31, 2005. As of the end of the 2006 limitation year and the 2007 limitation year, the period of M's highest 3 consecutive years of service while a plan participant (or fewer, if applicable) runs from January 1, 2004, through December 31, 2006. For all of those periods, M's average compensation is \$100,000. Thus, the limitation under section 415(b)(1)(B) for 2004 through 2007 is applied using \$100,000 as M's average compensation for the period of M's high 3 consecutive years of service while a plan participant (or fewer, if applicable).

Example 2. (i) Participant P has participated in Plan A, maintained by Employer M, for more than 10 years. P's average compensation for P's high 3 years while a participant in Plan A (determined before the application of section 401(a)(17)) is \$220,000. On January 1, 2007, P commences receiving benefits from Plan A at the age of 75, 10 years after attaining P's normal retirement age under Plan A. Distributions to P under Plan A are actuarially adjusted to reflect commencement 10 years after normal retirement age using a 5% interest rate and the applicable mortality table under section 417(e)(3) that applies as of January 1, 2003. The limitation year and the plan year for Plan A are the calendar year.

(ii) Pursuant to § 1.415(c)-2(f) and section 401(a)(17), Plan A is not permitted to provide for a definition of compensation that includes compensation for a plan year that is in excess of the limitation under section 401(a)(17) that applies to that plan year. Accordingly, the limitation under section 415(b)(1)(B) based on P's average compensation for P's high three consecutive years must not reflect compensation for any plan year that is in excess of the limitation under section 401(a)(17) that applies to that plan year. Thus, for example, if the limitation under section 401(a)(17) for plan years beginning in 2004, 2005, and 2006 is \$205,000, and if P had compensation in excess of \$205,000 in each of those years, then the limitation under section 415(b)(1)(B) based on P's average compensation for P's high three consecutive years is \$205,000.

(6) **Exceptions from compensation limit.** The limit under paragraph (a)(1)(ii) of this section (i.e., 100% of the participant's average compensation for his high 3 years of service) does not apply to—

(i) A governmental plan (as defined in section 414(d));

(ii) A multiemployer plan (as defined in section 414(f)); or

(iii) A collectively bargained plan that is described in section 415(b)(7).

(7) **Special rules—(i) Total benefits not in excess of \$10,000.** See section 415(b)(4) and paragraph (f) of this section for an exception from the limits of section 415(b)(1) and paragraph (a)(1) of this section with respect to retirement benefits that do not exceed \$10,000 for the limitation year.

(ii) **Governmental plans electing during 1990.** For a special limitation applicable to certain governmental plans electing the application of this rule during the first plan year beginning after December 31, 1989, see section 415(b)(10).

(b) **Annual benefit—(1) In general—(i) Definition of annual benefit.** For purposes of this section and § 1.415(b)-2, the term *annual benefit* means a benefit that is payable annually in the form of a straight life annuity. With respect to a benefit payable in a form other than a straight life annuity, the annual benefit is determined as the straight life annuity that is actuarially equivalent to the benefit payable in such other form, determined under the rules of paragraph (c) of this section.

(ii) **Rules for determination of annual benefit.** The annual benefit does not include the annual benefit attributable to either employee contributions or rollover contributions (as described in sections 401(a)(31), 402(c)(1), 403(a)(4), 403(b)(8), and 408(d)(3), and 457(e)(16)), determined pursuant to the rules of paragraph (b)(2) of this section. The treatment of transferred benefits is determined under the rules of paragraph (b)(3) of this section. Paragraph (b)(4) of this section discusses the treatment of qualified governmental excess benefit arrangements.

(iii) **Determination of annual benefit in the case of multiple annuity starting dates.** See § 1.415(b)-2 for rules regarding the determination of the annual benefit from one or more plans in cases in which a participant has received one or more distributions in limitation years prior to an increase in the accrued benefit occurring during the current limitation year or prior to the annuity starting date for a distribution that commences during the current limitation year. The rules of § 1.415(b)-2 apply, for example, to multiple annuity starting dates that result from the commencement of an additional distribution and to multiple annuity starting dates that result from a new distribution election with respect to a distribution that commenced in a prior limitation year. For purposes of § 1.415(b)-2, the determination of whether a new annuity starting date has occurred is made without regard to the rule of § 1.401(a)-20, Q&A-10(d) (under which the commencement of certain

distributions may not give rise to a new annuity starting date).

(2) **Determination of annual benefit attributable to employee contributions and rollover contributions—(i) In general.** If employee contributions (other than contributions described in paragraph (b)(2)(ii) of this section) or rollover contributions are made to the plan, the annual benefit attributable to these contributions is determined as provided in this paragraph (b)(2).

(ii) **Certain employee contributions disregarded.** For purposes of this paragraph (b)(2), the following are not treated as employee contributions—

(A) Contributions that are picked up by a governmental employer as provided under section 414(h)(2);

(B) Repayment of any loan made to a participant from the plan;

(C) Repayment of a previously distributed amount as described in section 411(a)(7)(B) in accordance with section 411(a)(7)(C); and

(D) Repayment of a withdrawal of employee contributions as provided under section 411(a)(3)(D).

(iii) **Annual benefit attributable to mandatory employee contributions.** In the case of mandatory employee contributions as defined in section 411(c)(2)(C) and § 1.411(c)-1(c)(4) (or contributions that would be mandatory employee contributions if section 411 applied to the plan), the annual benefit attributable to those contributions is determined by applying the factors applicable to mandatory employee contributions as described in section 411(c)(2)(B) and (C) and the regulations thereunder to those contributions to determine the amount of a straight life annuity commencing at the annuity starting date, regardless of whether section 411 applies to that plan. See § 1.415(c)-1(a)(2)(ii)(B) and (b)(3) for rules regarding treatment of mandatory employee contributions to a defined benefit plan as annual additions under a defined contribution plan.

(iv) **Voluntary employee contributions.** If voluntary employee contributions are made to the plan, the portion of the plan to which voluntary employee contributions are made is treated as a defined contribution plan pursuant to section 414(k) and, accordingly, is a defined contribution plan pursuant to § 1.415(c)-1(a)(2)(i). Accordingly, the portion of a plan to which voluntary employee contributions are made is not a defined benefit plan within the meaning of paragraph (a)(2) of this section and is not taken into account in determining the annual benefit under the portion of the plan that is a defined benefit plan.

(v) *Annual benefit attributable to rollover contributions.* The annual benefit attributable to rollover contributions from another qualified plan (for example, a contribution received pursuant to a direct rollover under section 401(a)(31)) is determined in the same manner as the annual benefit attributable to mandatory employee contributions if the plan provides for a benefit derived from the rollover contribution (other than a benefit derived from a separate account to be maintained with respect to the rollover contribution and actual earnings and losses thereon). Thus, in the case of rollover contributions from a defined contribution plan to a defined benefit plan to provide an annuity distribution, the annual benefit attributable to those rollover contributions for purposes of section 415 is determined by applying the rules of section 411(c), regardless of the assumptions used to compute the annuity distribution under the plan. Accordingly, in such a case, if the plan uses more favorable factors than those specified in section 411(c) to determine the amount of annuity payments arising from rollover contributions, the annual benefit under the plan would reflect the excess of those annuity payments over the amounts that would be payable using the factors specified in section 411(c)(3). See § 1.415(c)-1(b)(3)(i) for rules excluding rollover contributions maintained in a separate account that is treated as a defined contribution plan pursuant to section 414(k) from annual additions to a defined contribution plan.

(3) *Treatment of transferred benefits—*(i) *In general—*(A) *Transferor plan and transferee plan aggregated.* For the limitation year that includes the date of a transfer between defined benefit plans, if the transferee plan's benefits are required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in determining whether the transferor plan satisfies the limitations of section 415(b) for that limitation year, then the transferred benefits are included in determining the annual benefit under the transferee plan and are disregarded in determining the annual benefit under the transferor plan. This will occur, for example, if the employer sponsoring the transferor plan and the employer sponsoring the transferee plan are in the same controlled group within the meaning of section 414(b). Similarly, with respect to a transfer between defined benefit plans that occurred in a previous limitation year, if the transferee plan's benefits are required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in

determining whether the transferor plan satisfies the limitations of section 415(b), then the transferred benefits are included in determining the annual benefit under the transferee plan and are disregarded in determining the annual benefit under the transferor plan for the current limitation year. Accordingly, if the transferee plan's benefits are required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in determining whether the transferor plan satisfies the limitations of section 415(b) for the limitation year with respect to a transfer occurring in the current limitation year or a prior limitation year, no adjustment is made to the benefits actually provided under either plan for purposes of determining the annual benefit under the plans as aggregated.

(B) *Transferor plan and transferee plan not aggregated.* When there has been a transfer of liabilities from one qualified plan to another, the benefits associated with those transferred liabilities are treated by the transferor plan as distributed as a single-sum distribution in an amount determined under paragraph (b)(3)(ii) of this section if the transferee plan's benefits are not required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in determining whether the transferor plan satisfies the limitations of section 415(b). Although such a transfer is treated as a distribution in computing the annual benefit under the transferor plan, no adjustment is made to reflect the transfer for purposes of determining the annual benefit under the transferee plan. This will occur, for example, if the employer sponsoring the transferor plan is a predecessor employer with respect to the participant whose benefits are transferred to the transferee plan, where the transferee plan's benefits are not required to be taken into account pursuant to section 415(f) and § 1.415(f)-1 in determining whether the transferor plan satisfies the limitations of section 415(b).

(ii) *Amount of deemed distribution on account of transfer of benefits—*(A) *In general.* Where there has been a transfer of liabilities from one qualified defined benefit plan to another, the amount of the single-sum distribution that is deemed distributed from the transferor plan pursuant to paragraph (b)(3)(i)(B) of this section is the amount of the assets transferred (other than surplus assets transferred). Thus, where the fair market value of assets transferred from another defined benefit plan in connection with the transfer of liabilities equals or exceeds the actuarial present value of liabilities transferred, the annual benefit attributable to the

liabilities transferred is determined taking into account the entire amount of liabilities transferred as a single-sum distribution.

(B) *Amount of assets transferred.* Where assets are transferred with respect to more than one participant, the assets transferred with respect to each participant (other than surplus assets transferred) are determined as the actuarial present value of the straight life annuity that is actuarially equivalent to the amount the participant would receive if the plan terminated immediately before the transfer (if the plan had then terminated) under the rules of section 414(l) or Subtitle E of Title IV of ERISA, whichever applies to the transferor plan. If neither the rules of section 414(l) nor the rules of Subtitle E of Title IV of ERISA apply to the plan, then the assets transferred with respect to each participant are determined as the actuarial present value of the straight life annuity that is actuarially equivalent to the amount the participant would receive if the plan terminated immediately before the transfer, determined by allocating the assets, to the extent possible, so that employees who are not officers, shareholders, or highly compensated employees receive from the plan at least the same proportion of the present value of their accrued benefits (whether or not nonforfeitable) as employees who are officers, shareholders, or highly compensated employees.

(iii) *Transfer of immediately distributable amount.* Where an immediately distributable amount is transferred from either a defined contribution plan or a defined benefit plan to a defined benefit plan (see § 1.411(d)-4, Q&A-3(c) regarding certain elective transfers of immediately distributable benefits), the annual benefit attributable to the benefits transferred is determined pursuant to the rules of paragraph (b)(2)(v) of this section regarding rollover contributions.

(4) *Treatment of qualified governmental excess benefit arrangements.* Pursuant to section 415(m), in determining whether a governmental plan (as defined in section 414(d)) meets the requirements of this section and § 1.415(b)-2, the annual benefit does not include benefits provided under a qualified governmental excess benefit arrangement, as defined in section 415(m)(3).

(c) *Adjustment to form of benefit for forms other than a straight life annuity—*(1) *In general.* This paragraph (c) provides rules for adjusting a form of benefit other than a straight life annuity to an actuarially equivalent straight life

annuity beginning at the same time for purposes of determining the annual benefit described in paragraph (b) of this section. Examples of benefits that are not in the form of a straight life annuity include an annuity with a post-retirement death benefit and an annuity providing for a guaranteed number of payments. Paragraph (c)(2) of this section describes how to adjust a form of benefit to which section 417(e)(3) does not apply. Paragraph (c)(3) of this section describes how to adjust a form of benefit to which section 417(e)(3) applies. Paragraph (c)(4) of this section describes benefit forms for which no adjustment is required. Paragraph (c)(5) of this section sets forth examples illustrating the application of this paragraph (c). The Commissioner may, in revenue rulings, notices, or other guidance published in the Internal Revenue Bulletin set forth simplified methods for adjusting a form of benefit other than a straight life annuity to an actuarially equivalent straight life annuity beginning at the same time for purposes of determining the annual benefit described in paragraph (b) of this section. See § 601.601(d) of this chapter.

(2) *Benefits to which section 417(e)(3) does not apply.* For a benefit to which section 417(e)(3) does not apply, the actuarially equivalent straight life annuity benefit is the greater of—

(i) The annual amount of the straight life annuity (if any) payable to the participant under the plan commencing at the same annuity starting date as the form of benefit payable to the participant; or

(ii) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a 5% interest assumption and the applicable mortality table described in § 1.417(e)-1(d)(2) for that annuity starting date.

(3) *Benefits to which section 417(e)(3) applies—(i) In general.* Except as provided in paragraph (c)(3)(ii) of this section, for a benefit to which section 417(e) applies, the actuarially equivalent straight life annuity benefit is the greater of—

(A) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial equivalence; or

(B) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the

applicable interest rate for the distribution under § 1.417(d)-1(d)(3) and the applicable mortality table for the distribution under § 1.417(e)-1(d)(2).

(ii) *Special rule for 2004 and 2005.* For distributions to which section 417(e) applies and which have annuity starting dates beginning in 2004 or 2005, except as provided in section 101(d)(3) of the Pension Funding Equity Act of 2004 (118 Stat. 596), the actuarially equivalent straight life annuity benefit is the greater of—

(A) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial equivalence; or

(B) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a 5.5% interest assumption and the applicable mortality table for the distribution under § 1.417(e)-1(d)(2).

(4) *Certain benefit forms for which no adjustment is required—(i) In general.* For purposes of the adjustments described in this paragraph (c), the following benefits are not taken into account—

(A) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity (as defined in section 417(b)) to the extent that such benefits would not be payable if the participant's benefit were not paid in the form of a qualified joint and survivor annuity; and

(B) Ancillary benefits that are not directly related to retirement benefits, such as preretirement disability benefits not in excess of the qualified disability benefit, preretirement incidental death benefits (including a qualified preretirement survivor annuity), and post-retirement medical benefits.

(ii) *Rules of application—(A) Social security supplements.* Although a social security supplement described in section 411(a)(9) and § 1.411(a)-7(c)(4) may be an ancillary benefit, it is included in determining the annual benefit because it is payable upon retirement and therefore is directly related to retirement income benefits.

(B) *QJSAs combined with other distributions.* If benefits are paid partly in the form of a qualified joint and survivor annuity and partly in some other form (such as a single-sum distribution), the rule of paragraph (c)(4)(i)(A) of this section (under which survivor benefits are not included in

determining the annual benefit) applies to the survivor annuity payments under the portion of the benefit that is paid in the form of a QJSA.

(5) *Examples.* The following examples illustrate the provisions of this paragraph (c). For purposes of these examples, except as otherwise stated, actuarial equivalence under the plan is determined using a 5% interest assumption and the mortality table that applies under section 417(e)(3) as of January 1, 2003. It is assumed for purposes of these examples that the interest rate that applies under section 417(e)(3) for relevant time periods is 5.25% and that the mortality table that applies under section 417(e)(3) for relevant time periods is the mortality table that applies under section 417(e)(3) as of January 1, 2003. In addition, it is assumed that all participants discussed in these examples have at least ten years of service with the employer and at least ten years of participation in the plan at issue, and that all payments other than a payment of a single sum are made monthly, on the first day of each calendar month. The examples are as follows:

Example 1. (i) Plan A provides a single-sum distribution determined as the actuarial present value of the straight life annuity payable at the actual retirement date. Plan A provides that a participant's single sum is determined as the greater of the present value using 5% interest and the applicable mortality table under section 417(e)(3) as of January 1, 2003, and the present value using the applicable interest rate and the applicable mortality table under section 417(e). In accordance with § 1.417(e)-1(d)(1), Plan A also provides that the single sum is not less than the actuarial present value of the accrued benefit payable at normal retirement age, determined using the applicable interest rate and the applicable mortality table. Participant M retires at age 65 with a formula benefit of \$152,619 and elects to receive a distribution in the form of a single sum. Under the plan formula, and before the application of section 415 under the plan, the amount of the single sum is \$1,800,002 (which is based on the 5% interest rate and applicable mortality table as of January 1, 2003, since that is greater than the amount that would have been determined using the 5.25% interest rate and the applicable mortality table).

(ii) For purposes of this section, the annual benefit is the greater of the annual amount of the actuarially equivalent straight life annuity commencing at the same age (determined using the plan's actuarial factors), and the annual amount of the actuarially equivalent straight life annuity commencing at the same age (determined using the applicable interest rate and applicable mortality table). Based on the factors used in the plan to determine the actuarially equivalent lump sum (in this case,

an interest rate of 5% and the applicable mortality table as of January 1, 2003), \$1,800,002 payable as a single sum is actuarially equivalent to an immediate straight life annuity at age 65 of \$152,619. Based on the applicable interest rate and the applicable mortality table, \$1,800,002 payable as a single sum is actuarially equivalent to an immediate straight life annuity at age 65 of \$155,853. With respect to the single-sum distribution, M's annual benefit is equal to the greater of the two resulting amounts (\$152,619 and \$155,853), or \$155,853.

Example 2. (i) The facts are the same as in *Example 1*, except that Participant M elects to receive his benefit in the form of a 10-year certain and life annuity. Applying the plan's actuarial equivalence factors determined using 5% interest and the applicable mortality table as of January 1, 2003, the benefit payable in this form is \$146,100.

(ii) For purposes of this section, the annual benefit is the greater of the annual amount of the plan's straight life annuity commencing at the same age or the annual amount of the actuarially equivalent straight life annuity commencing at the same age, determined using a 5% interest rate and the applicable mortality table. In this case, the straight life annuity payable under the plan commencing at the same age is \$152,619. Because the plan's factors for actuarial equivalence in this case are the same standardized actuarial factors required to be applied to determine the actuarially equivalent straight life annuity, the actuarially equivalent straight life annuity using the required standardized factors is also \$152,619. With respect to the 10-year certain and life annuity distribution, M's annual benefit is equal to the greater of the two resulting amounts (\$152,619 and \$152,619), or \$152,619.

Example 3. (i) The facts are the same as in *Example 1*. Participant N retires at age 62 with a formula benefit, after application of the plan's early retirement factors, of \$100,000 and a Social Security supplement of \$10,000 per year payable until age 65. N chooses to receive the accrued benefit in the form of a straight life annuity. The Plan has no provisions under which the actuarial value of the Social Security supplement can be paid as a level annuity for life.

(ii) Because the plan does not provide for a straight life annuity beginning at age 62, the annual benefit for purposes of this section is the annual amount of the straight life annuity commencing at age 62 that is actuarially equivalent to the distribution stream of \$110,000 for three years and \$100,000 thereafter, where actuarial equivalence is determined using a 5% interest rate and the applicable mortality table. In this case, the actuarially equivalent straight life annuity is \$102,180. Accordingly, with respect to this distribution stream, N's annual benefit is equal to \$102,180.

Example 4. (i) Plan B is a defined benefit plan that provides a benefit equal to 100% of a participant's compensation for the participant's high 3 years of service while a participant, payable as a straight life annuity. For a married participant who does not elect another form of benefit, the benefit is payable in the form of a joint and 100% survivor

annuity benefit that is reduced from the straight life annuity and is a QJSA within the meaning of section 417. For purposes of determining the amount of this QJSA, the plan provides that the reduction is only half of the reduction that would normally apply under the actuarial assumptions specified in the plan for determining actuarial equivalence of optional forms. The plan also provides that a married participant can elect to receive the plan benefits as a straight life annuity, or in the form of a single sum distribution that is the actuarial equivalent of the joint and 100% survivor annuity. Participant O elects, with spousal consent, a single-sum distribution.

(ii) The special rule that disregards the value of the survivor portion of a QJSA set forth in paragraph (c)(4)(i) of this section only applies to a benefit that is payable in the form of a qualified joint and survivor annuity. Any other form of benefit must be adjusted to a straight life annuity in accordance with paragraph (c)(1) of this section. Accordingly, because the benefit payable under the plan in the form of a single-sum distribution is the actuarial equivalent of a straight life annuity that is greater than 100% of a participant's compensation for his high 3 years, the limitation of section 415(b)(1)(B) has been exceeded.

Example 5. (i) Plan C is a defined benefit plan that provides an option to receive the benefit in the form of a joint and 100% survivor annuity with a 10-year certain feature, where the survivor beneficiary is the participant's spouse.

(ii) For a participant at age 65, the annual benefit with respect to the joint and 100% survivor annuity with a 10-year certain feature is determined as the greater of the annual amount of the straight life annuity payable to the participant under the plan at age 65 (if any), or the annual amount of the straight life annuity commencing at age 65 that has the same actuarial present value as the joint and 100% survivor annuity with a 10 year certain feature (but excluding the survivor annuity payments pursuant to paragraph (c)(4)(i)(A) of this section), computing using a 5% interest assumption and the applicable mortality table described in § 1.417(e)-1(d)(2) for that annuity starting date. This latter amount is equal to the product of the annual payments under this optional form of benefit and the factor that provides for actuarial equivalence between a straight life annuity and a 10-year certain and life annuity (with no annuity for the survivor) computed using a 5% interest rate and the applicable mortality table.

Example 6. (i) Plan D is a defined benefit plan with a normal retirement age of 65. The normal retirement benefit under Plan D (and the only life annuity available under Plan D) is a life annuity with a fixed increase of 2% per year. The increase applies to the benefit provided in the prior year and is thus compounded. The plan provides that the benefit is limited to the lesser of 84% of the participant's average compensation for the participant's high 3 consecutive years of service while a plan participant or 84% of the section 415(b)(1)(A) dollar limit (which is assumed to be \$170,000). Participant P's

retires at age 65, at which time P's average compensation for P's high 3 consecutive years of service is \$165,000. Accordingly, P commences receiving benefits in the form of a life annuity of \$138,600 with a fixed increase of 2% per year.

(ii) Because Plan D does not provide for a straight life annuity, P's annual benefit for purposes of section 415(b) is the annual amount of the straight life annuity, commencing at age 65, that is actuarially equivalent to the distribution stream of \$138,600 with a fixed increase of 2% per year, where actuarial equivalence is determined using a 5% interest rate and the applicable mortality table. In order to satisfy the requirements of section 415 and this section, this annual benefit must not exceed 100% of average compensation for the participant's high 3 consecutive years, or \$165,000. Using a 5% interest rate and the section 417(e)(3) mortality table, the actuarially equivalent straight life annuity is \$165,453, which exceeds \$165,000. Accordingly, the plan fails to satisfy the compensation-based limitation of section 415(b)(1)(B).

Example 7. (i) Plan E provides a benefit at age 65 of a straight life annuity equal to the lesser of 90% of the participant's average compensation for the participant's highest 3 consecutive years of service while a plan participant and \$148,500. Upon retirement at age 65, the optional forms of benefit available to a participant include payment of a QJSA with annual payments equal to 50% of the annual payments under the straight life annuity, along with a single-sum distribution that is actuarially equivalent (determined as the greater of the single sum calculated using a 5% interest assumption and the section 417(e)(3) mortality table in effect on January 1, 2003, and the single sum calculated using the section 417(e)(3) interest rate and the section 417(e)(3) mortality table) to 50% of the annual payments under the straight life annuity. Participant Q retires at age 65. Q's average compensation for Q's highest 3 consecutive years is \$100,000. Q elects to receive a distribution in the optional form of benefit described above, under which the annual payments under the QJSA are \$45,000 and the single-sum distribution is equal to \$530,734. Q's spouse is 3 years younger than Q.

(ii) Q's annual benefit under Plan E is determined as the sum of the annual benefit attributable to the QJSA portion of the distribution and the annual benefit attributable to the single-sum portion of the distribution.

(iii) Because survivor benefits are not taken into account in determining the annual benefit attributable to the QJSA portion of the distribution, the annual benefit attributable to the QJSA portion of the distribution is determined as if that distribution were a straight life annuity of \$45,000 per year commencing at age 65. Thus, no form adjustment is needed to determine the annual benefit attributable to the QJSA portion of the distribution, and the annual benefit attributable to the QJSA portion of the benefit is \$45,000.

(iv) The annual benefit attributable to the single sum portion of the distribution is

determined as the greater of the annual amount of the actuarially equivalent straight life annuity commencing at the same age (determined using the plan's actuarial factors), and the annual amount of the actuarially equivalent straight life annuity commencing at the same age (determined using the applicable interest rate and applicable mortality table). With respect to the single-sum distribution, the annual amount of the actuarially equivalent straight life annuity commencing at the same age determined using the plan's actuarial factors is equal to \$45,954, and the actuarially equivalent straight life annuity commencing at the same age determined using the applicable interest rate and the applicable mortality table is equal to \$45,954. Thus, the annual benefit attributable to the single sum portion of the benefit is \$45,954.

(v) Q's annual benefit under the optional form of benefit is equal to the sum of the annual benefit attributable to the QJSA portion of the distribution and the annual benefit attributable to the single sum portion of the distribution, or \$90,954. Because Q's average compensation for Q's highest 3 consecutive years is \$100,000, the distribution satisfies the compensation limit of section 415(b)(1)(B).

Example 8. (i) R is a participant in a defined benefit plan maintained by A's employer. Under the terms of the plan, R must make contributions to the plan in a stated amount to accrue benefits derived from employer contributions.

(ii) R's contributions are mandatory employee contributions within the meaning of section 411(c)(2)(C) and, thus, the annual benefit attributable to these contributions does not have to be taken into account for purposes of testing the annual benefit derived from employer contributions against the applicable limitation on benefits. However, these contributions are treated as contributions to a defined contribution plan maintained by R's employer for purposes of section 415(c). See § 1.415(c)-1(a)(2)(ii)(B). Accordingly, with respect to the current limitation year, the limitation on benefits (as described in paragraph (a)(1) of this section) is applicable to the annual benefit attributable to employer contributions to the defined benefit plan, and the limitation on contributions and other additions (as described in § 1.415(c)-1) is applicable to the portion of the plan treated as a defined contribution plan, which consists of R's mandatory contributions. These same limitations would also apply if, instead of providing for mandatory employee contributions, the plan permitted voluntary employee contributions, because the portion of the plan attributable to voluntary employee contributions and earnings thereon is treated as a defined contribution plan maintained by the employer pursuant to section 414(k), and thus is not subject to the limitations of section 415(b).

(d) *Adjustment to section 415(b)(1)(A) dollar limit for commencement before age 62—(1) General rule.* For a distribution with an annuity starting date that occurs before the participant attains the age of 62, the age-adjusted

section 415(b)(1)(A) dollar limit is determined as the lesser of—

(i) The section 415(b)(1)(A) dollar limit (as adjusted pursuant to section 415(d) and § 1.415(d)-1(a) for the limitation year) multiplied by the ratio of the annual amount of the immediately commencing straight life annuity under the plan (if any) to the annual amount of the straight life annuity under the plan commencing at age 62, if any (with both annual amounts determined without applying the rules of section 415); or

(ii) The annual amount of a straight life annuity commencing at the annuity starting date that has the same actuarial present value as a deferred straight life annuity commencing at age 62, where annual payments under the straight life annuity commencing at age 62 are equal to the dollar limitation of section 415(b)(1)(A), and where the actuarially equivalent straight life annuity is computed using a 5% interest rate and the applicable mortality table under § 1.417(e)-1(d)(2) that is effective for that annuity starting date.

(2) *Mortality adjustments—(i) In general.* For purposes of determining the amount described in paragraph (d)(1)(ii) of this section, to the extent that a forfeiture does not occur upon the participant's death, no adjustment is made to reflect the probability of the participant's death between the annuity starting date and the participant's attainment of age 62. To the extent that a forfeiture occurs upon the participant's death, an adjustment must be made to reflect the probability of the participant's death between the annuity starting date and the participant's attainment of age 62.

(ii) *No forfeiture deemed to occur where QPSA payable.* For purposes of paragraphs (d)(2)(i) and (e)(2)(i) of this section, a plan is permitted to treat no forfeiture as occurring upon a participant's death if the plan does not charge participants for providing a qualified preretirement survivor annuity (as defined in section 417(c)) on the participant's death, but only if the plan applies this treatment both for adjustments before age 62 and adjustments after age 65. Thus, in such a case, the plan is permitted to provide that, in computing the adjusted dollar limitation under section 415(b)(1)(A), no adjustment is made to reflect the probability of a participant's death between the annuity starting date and the participant's attainment of age 62 or between the age of 65 and the annuity starting date.

(3) *Exception for certain participants of certain governmental plans.* Pursuant to section 415(b)(2)(G) and (H), no age

adjustment is made to the dollar limit for commencement before age 62 for any qualified participant. For this purpose, a qualified participant is a participant in a defined benefit plan that is maintained by a state or local government with respect to whom the service taken into account in determining the amount of the benefit under the defined benefit plan includes at least 15 years of service of the participant—

(i) As a full-time employee of any police department or fire department that is organized and operated by the state or political subdivision maintaining such defined benefit plan to provide police protection, firefighting services, or emergency medical services for any area within the jurisdiction of such state or political subdivision; or

(ii) As a member of the Armed Forces of the United States.

(4) *Exception for survivor and disability benefits under governmental plans.* Pursuant to section 415(b)(2)(I), no age adjustment is made to the dollar limit for commencement before age 62 for a distribution from a governmental plan (as defined in section 414(d)) on account of the participant's becoming disabled by reason of personal injuries or sickness, or as a result of the death of the participant.

(5) *Special rule for commercial airline pilots.* Pursuant to section 415(b)(9), no age adjustment is made to the dollar limit for early commencement after age 60 for a participant if—

(i) The participant is a commercial airline pilot;

(ii) The participant separates from service after attaining age 60; and

(iii) As of the time of the participant's retirement, regulations prescribed by the Federal Aviation Administration require an individual to separate from service as a commercial airline pilot after attaining any age occurring on or after age 60 and before age 62.

(6) *Examples.* The following examples illustrate the application of this paragraph (d). For purposes of these examples, it is assumed that the dollar limitation under section 415(b)(1)(A) for all relevant years is \$180,000, that the normal form of benefit under the plan is a straight life annuity payable beginning at age 65, and that all payments other than a payment of a single sum are made monthly, on the first day of each calendar month. The examples are as follows:

Example 1. (i) Plan A provides that early retirement benefits are determined by reducing the accrued benefit by 4% for each year that the early retirement age is less than age 65. Participant M retires at age 60 after 30 years of service with a benefit (prior to the application of section 415) in the form of a

straight life annuity of \$100,000 payable at age 65, and is permitted to elect to commence benefits at any time between M's retirement and M's attainment of age 65. For example, M can elect to commence benefits at age 60 in the amount of \$80,000, can wait until age 62 and commence benefits in the amount of \$88,000, or can wait until age 65 and commence benefits in the amount of \$100,000. Plan A provides a QPSA to all married participants without charge. Plan A provides (consistent with paragraph (d)(2)(ii) of this section) that, for purposes of adjusting the dollar limitation under section 415(b)(1)(A) for commencement before age 62 or after age 65, no forfeiture is treated as occurring upon a participant's death before retirement and, therefore, in computing the adjusted dollar limitation under section 415(b)(1)(A), no adjustment is made to reflect the probability of a participant's death between the annuity starting date and the participant's attainment of age 62 or between the age of 65 and the annuity starting date.

(ii) The age-adjusted section 415(b)(1)(A) dollar limit that applies for commencement of M's benefit at age 60 is the lesser of the section 415(b)(1)(A) dollar limit multiplied by the ratio of the annuity payable at age 60 to the annuity payable at age 62, or the straight life annuity payable at age 60 that is actuarially equivalent, using 5% interest and the applicable mortality table, to the deferred annuity payable at age 62. In this case, the age-adjusted section 415(b)(1)(A) dollar limit at age 60 is \$156,229 (the lesser of \$163,636 (\$180,000 * \$80,000/\$88,000) and \$156,229 (the straight life annuity at age 60 that is actuarially equivalent to a deferred annuity of \$180,000 commencing at age 62, determined using 5% interest and the applicable mortality table, without a mortality decrement for the period between 60 and 62)).

Example 2. (i) The facts are the same as in *Example 1*, except the plan provides that, if a participant has 30 or more years of service, no reduction applies for benefits commencing at age 62 and later.

(ii) The age-adjusted section 415(b)(1)(A) dollar limit that applies for commencement of M's benefit at age 60 is the lesser of the section 415(b)(1)(A) dollar limit multiplied by the ratio of the annuity payable at age 60 to the annuity payable at age 62, or the straight life annuity payable at age 60 that is actuarially equivalent, using 5% interest and the applicable mortality table, to the deferred annuity payable at age 62. In this case, because M has 30 years of service and would be eligible for the unreduced early retirement benefit at age 62, the age-adjusted section 415(b)(1)(A) dollar limit at age 60 is \$144,000 (the lesser of \$144,000 (\$180,000 * \$80,000/\$100,000) and \$156,229 (the straight life annuity at age 60 that is actuarially equivalent to a deferred annuity of \$180,000 commencing at age 62, determined using 5% interest and the applicable mortality table)).

Example 3. (i) Participant O is a full-time civilian employee of the State of X Police Department who performs clerical services. O is a participant in the defined benefit plan that is maintained by the State of X with respect to whom the years of service taken into account in determining the amount of

the benefit under the plan includes 15 years of service working for the State of X Police Department.

(ii) For a distribution with an annuity starting date that occurs before O attains the age of 62, there is no age adjustment to the section 415(b)(1)(A) dollar limit.

Example 4. (i) Participant R is a full-time employee of the Emergency Medical Service Department of County Y (which is not a part of a police or fire department) who performs services as a driver of an ambulance. R is a participant in the defined benefit plan that is maintained by County Y with respect to whom the years of service taken into account in determining the amount of the benefit under the plan includes 15 years of service working for County Y. R does not have service credit for time in Armed Forces of the United States.

(ii) The age adjustments to the limitations of section 415(b)(1)(A) pursuant to section 415(b)(2)(C) and (D) will apply if R commences receiving a distribution at an age to which either of those adjustments applies.

Example 5. (i) The facts are the same as in *Example 1* except that Participant M chooses to receive benefits in the form of a 10-year certain and life annuity under which payments are 97% of the periodic payments that would be made under the immediately commencing straight life annuity. Annual payments to M are 97% of \$80,000, or \$77,600. As in *Example 1*, the age-adjusted section 415(b)(1)(A) dollar limit at age 60 is \$156,229.

(ii) For purposes of this section, the annual benefit is the greater of the annual amount of the plan's straight life annuity commencing at the same age or the annual amount of the actuarially equivalent straight life annuity commencing at the same age, determined using a 5% interest rate and the applicable mortality table. In this case, the straight life annuity payable under the plan commencing at the same age is \$80,000. The annual amount of the actuarially equivalent straight life annuity determined by applying the required standardized factors (i.e., a 5% interest assumption and the applicable mortality under section 417(e)(3)) is \$79,416. With respect to the 10-year certain and life annuity commencing at age 62, M's annual benefit is equal to the greater of the two resulting amounts (\$80,000 and \$79,416), or \$80,000.

(e) *Adjustment to section 415(b)(1)(A) dollar limit for commencement after age 65—(1) General rule.* For a distribution with an annuity starting date that occurs after the participant attains the age of 65, the age-adjusted section 415(b)(1)(A) dollar limit is determined as the lesser of—

(i) The section 415(b)(1)(A) dollar limit (as adjusted pursuant to section 415(d) and § 1.415(d)-1 for the limitation year) multiplied by the ratio of the annual amount of the immediately commencing straight life annuity under the plan (if any) to the annual amount of the straight life annuity that would be payable under the plan to a hypothetical participant

who is 65 years old and has the same accrued benefit (i.e., with no actuarial increases for commencement after age 65) as the participant receiving the distribution (with both annual amounts determined without applying the rules of section 415); or

(ii) The annual amount of a straight life annuity commencing at the annuity starting date that has the same actuarial present value as a straight life annuity commencing at age 65, where annual payments under the straight life annuity commencing at age 65 are equal to the dollar limitation of section 415(b)(1)(A), and where actuarially equivalent straight life annuity is computed using a 5% interest rate and the applicable mortality table under § 1.417(e)-1(d)(2) that is effective for that annuity starting date.

(2) *Mortality adjustments—(i) In general.* For purposes of determining the amount described in paragraph (e)(1)(ii) of this section, to the extent that a forfeiture does not occur upon the participant's death, no adjustment is made to reflect the probability of the participant's death between the participant's attainment of age 65 and the annuity starting date. To the extent that a forfeiture occurs upon the participant's death, an adjustment must be made to reflect the probability of the participant's death between the participant's attainment of age 65 and the annuity starting date.

(ii) *No forfeiture deemed to occur where QPSA payable.* See paragraph (d)(2)(ii) of this section for a rule deeming no forfeiture to occur if the plan does not charge participants for providing a qualified preretirement survivor annuity on the participant's death.

(3) *Example.* The following example illustrates the application of this paragraph (e):

Example. (i) Plan A provides that monthly benefits payable upon commencement after normal retirement age (which is age 65) are increased by 0.5% for each month of delay in commencement after attainment of normal retirement age. Plan A provides a QPSA to all married participants without charge. Plan A provides (consistent with paragraph (d)(2)(ii) of this section) that, for purposes of adjusting the dollar limitation under section 415(b)(1)(A) for commencement before age 62 or after age 65, no adjustment is made to reflect the probability of a participant's death between the annuity starting date and the participant's attainment of age 62 or between the age of 65 and the annuity starting date. The normal form of benefit under Plan A is a straight life annuity commencing at age 65. Participant M retires at age 70 on January 1, 2007, after 30 years of service with a benefit (prior to the application of section 415) that is payable monthly in the form of a straight

life annuity of \$195,000, which reflects the actuarial increase of 30% applied to the accrued benefit of \$150,000.

(ii) The age-adjusted section 415(b)(1)(A) dollar limit at age 70 is the lesser of the section 415(b)(1)(A) dollar limit multiplied by the ratio of the annuity payable at age 70 to the annuity that would be payable at age 65 based on the same accrued benefit (both determined before the application of section 415), or the straight life annuity payable at age 70 that is actuarially equivalent, using 5% interest and the applicable mortality table, to the straight life annuity payable at age 65. In this case, the age-adjusted section 415(b)(1)(A) dollar limit at age 70 is \$234,000 (the lesser of \$234,000 (\$180,000 * \$195,000 / \$150,000) and \$264,109 (the straight life annuity at age 70 that is actuarially equivalent to an annuity of \$180,000 commencing at age 65, determined using 5% interest and the applicable mortality table, without a mortality decrement for the period between 65 and 70)).

(f) *Total annual payments not in excess of \$10,000—(1) In general.* Pursuant to section 415(b)(4), the annual benefit (without regard to the age at which benefits commence) payable with respect to a participant under any defined benefit plan is not considered to exceed the limitations on benefits described in section 415(b)(1) and in paragraph (a)(1) of this section if—

(i) The benefits (other than benefits not taken into account in the computation of the annual benefit under the rules of paragraph (b) or (c) of this section) payable with respect to the participant under the plan and all other defined benefit plans of the employer do not in the aggregate exceed \$10,000 (as adjusted under paragraph (g)) for the limitation year, or for any prior limitation year; and

(ii) The employer (or a predecessor employer) has not at any time, either before or after the effective date of section 415, maintained a defined contribution plan in which the participant participated.

(2) *Computation of benefits for purposes of applying the \$10,000 amount.* For purposes of paragraph (f)(1)(i) of this section, the benefits (other than benefits not taken into account in the computation of the annual benefit under the rules of paragraph (b) or (c) of this section) payable with respect to the participant under a plan for a limitation year reflect all amounts payable under the plan for the limitation year, and are not adjusted for form of benefit or commencement date.

(3) *Special rule with respect to participants in multiemployer plans.* The special \$10,000 exception set forth in paragraph (f)(1) of this section is applicable to a participant in a multiemployer plan described in section

414(f) without regard to whether that participant ever participated in one or more other plans maintained by an employer who also maintains the multiemployer plan, provided that none of such other plans were maintained as a result of collective bargaining involving the same employee representative as the multiemployer plan.

(4) *Special rule with respect to employee contributions.* For purposes of paragraph (f)(1)(ii) of this section, mandatory employee contributions under a defined benefit plan are not considered a separate defined contribution plan maintained by the employer. Thus, a contributory defined benefit plan may utilize the special dollar limitation provided for in this paragraph (f). Similarly, for purposes of this paragraph (f), an individual medical account under section 401(h) or an account for postretirement medical benefits established pursuant to section 419A(d)(1) is not considered a separate defined contribution plan maintained by the employer.

(5) *Examples.* The application of this paragraph (f) may be illustrated by the following examples. For purposes of these examples, it is assumed that each participant has 10 years of participation in the plan and service with the employer. The examples are as follows:

Example 1. (i) B is a participant in a defined benefit plan maintained by X Corporation, which provides for a benefit payable in the form of a straight life annuity beginning at age 65. B's average compensation for B's high 3 consecutive years of service while a participant in the plan is \$6,000. The plan does not provide for employee contributions, and at no time has B been a participant in a defined contribution plan maintained by X. With respect to the current limitation year, B's benefit under the plan (before the application of section 415) is \$9,500.

(ii) Because annual payments under B's benefit do not exceed \$10,000, and because B has at no time participated in a defined contribution plan maintained by X, the benefits payable under the plan are not considered to exceed the limitation on benefits otherwise applicable to B (\$6,000).

(iii) This result would remain the same even if, under the terms of the plan, B's normal retirement age were age 60, or if the plan provided for employee contributions.

Example 2. (i) The facts are the same as in *Example 1*, except that the plan provides for a benefit payable in the form of a life annuity with a 10-year certain feature with annual payments of \$9,500. Assume that, after the adjustment described in paragraph (c) of this section, B's actuarially equivalent straight life annuity (which is the annual benefit used for demonstrating compliance with section 415) for the current limitation year is \$10,400.

(ii) For purposes of applying the special rule provided in this paragraph for total

benefits not in excess of \$10,000, there is no adjustment required if the retirement benefit payable under the plan is not in the form of a straight life annuity. Therefore, because B's retirement benefit does not exceed \$10,000, B may receive the full \$9,500 benefit without the otherwise applicable benefit limitations of this section being exceeded.

Example 3. (i) The facts are the same as in *Example 1*, except that the plan provides for a benefit payable in the form of a single sum and that the amount of the single sum that is the actuarial equivalent of the straight life annuity payable to B (i.e., \$9,500 annually), determined in accordance with the rules of section 417(e)(3) and § 1.417(e)-1(d) is \$95,000.

(ii) Because the amount payable to B for the limitation year would exceed \$10,000, the rule of this paragraph (f) does not provide an exception from the generally applicable limits of section 415(b)(1) for the single-sum distribution. Thus, the otherwise applicable limits apply to the single-sum distribution, and a single-sum distribution of \$95,000 would not satisfy the requirements of section 415(b). Limiting the single-sum distribution to \$60,000 (the present value of the annuity that complies with the compensation-based limitation of section 415(b)(1)(B)) in order to satisfy section 415 would be an impermissible forfeiture under the requirements of section 411(a). Accordingly, the plan should not provide for a single-sum distribution in these circumstances.

(g) *Special rule for participation or service of less than 10 years—(1) Proration of dollar limit based on years of participation—(i) In general.* Pursuant to section 415(b)(5)(A), where a participant has less than 10 years of participation in the plan, the dollar limit described in paragraph (a)(1)(i) of this section (as adjusted pursuant to section 415(d), § 1.415(d)-1, and paragraphs (d) and (e) of this section) is to be reduced by multiplying the otherwise applicable limitation by a fraction—

(A) The numerator of which is the number of years of participation in the plan (or 1, if greater); and

(B) The denominator of which is 10.

(ii) *Years of participation.* The following rules apply for purposes of determining a participant's years of participation for purposes of this paragraph (g)(1)—

(A) A participant is credited with a year of participation (computed to fractional parts of a year) for each accrual computation period for which the participant is credited with at least the number of hours of service (or period of service if the elapsed time method is used for benefit accrual purposes) required under the terms of the plan in order to accrue a benefit for the accrual computation period, and the participant is included as a plan participant under the eligibility provisions of the plan for at least one

day of the accrual computation period. If these two conditions are met, the portion of a year of participation credited to the participant is equal to the amount of benefit accrual service credited to the participant for such accrual computation period. For example, if under the terms of a plan, a participant receives $\frac{1}{10}$ of a year of benefit accrual service for an accrual computation period for each 200 hours of service, and the participant is credited with 1,000 hours of service for the period, the participant is credited with $\frac{1}{2}$ a year of participation for purposes of section 415(b)(5)(A).

(B) A participant who is permanently and totally disabled within the meaning of section 415(c)(3)(C)(i) for an accrual computation period is credited with a year of participation with respect to that period for purposes of section 415(b)(5)(A).

(C) For a participant to receive a year of participation (or part thereof) for an accrual computation period for purposes of section 415(b)(5)(A), the plan must be established no later than the last day of such accrual computation period.

(D) No more than one year of participation may be credited for any 12-month period for purposes of section 415(b)(5)(A).

(2) *Proration of compensation limit and special rule for total annual payments less than \$10,000 based on years of service*—(i) *In general.* Pursuant to section 415(b)(5)(B), where a participant has less than 10 years of service with the employer, the compensation limit described in paragraph (a)(1)(ii) of this section and the \$10,000 amount under the special rule for small annual payments under paragraph (f) of this section are reduced by multiplying the otherwise applicable limitation by a fraction—

(A) The numerator of which is the number of years of service with the employer (or 1, if greater); and

(B) The denominator of which is 10.

(ii) *Years of service*—(A) *In general.* For purposes of applying this paragraph (g)(2), the term *year of service* is to be determined on a reasonable and consistent basis. A plan is considered to be determining years of service on a reasonable and consistent basis for this purpose if, subject to the limits of paragraph (g)(2)(ii)(B) of this section, a participant is credited with a year of service (computed to fractional parts of a year) for each accrual computation period for which the participant is credited with at least the number of hours of service (or period of service if the elapsed time method is used for benefit accrual purposes) required

under the terms of the plan in order to accrue a benefit for the accrual computation period.

(B) *Rules of application.* No more than one year of service may be credited for any 12-month period for purposes of section 415(b)(5)(B). In addition, only the participant's service with the employer or a predecessor employer (as defined in § 1.415(f)-1(c)) may be taken into account in determining the participant's years of service for this purpose.

(C) *Period of disability.* Notwithstanding the rules of paragraph (g)(2)(ii)(B) of this section, a plan is permitted to provide that a participant who is permanently and totally disabled within the meaning of section 415(c)(3)(C)(i) for an accrual computation period is credited with a year of service with respect to that period for purposes of section 415(b)(5)(B).

(3) *Exception for survivor and disability benefits under governmental plans.* The requirements of this paragraph (g) (regarding participation or service of less than 10 years) do not apply to a distribution from a governmental plan on account of the participant's becoming disabled by reason of personal injuries or sickness, or as a result of the death of the participant.

(4) *Examples.* The provision of this paragraph (g) may be illustrated by the following examples:

Example 1. (i) C begins employment with Employer A on January 1, 2005, at the age of 58. Employer A maintains only a noncontributory defined benefit plan which provides for a straight life annuity beginning at age 65 and uses the calendar year for the limitation and plan year. Employer A has never maintained a defined contribution plan. C becomes a participant in Employer A's plan on January 1, 2006, and works through December 31, 2011, when C is age 65. C begins to receive benefits under the plan in 2012. C's average compensation for C's high 3 consecutive years of service is \$40,000. Furthermore, under the terms of Employer A's plan, for purposes of computing C's nonforfeitable percentage in C's accrued benefit derived from employer contributions, C has only 7 years of service with Employer A (2005-2011).

(ii) Because C has only 7 years of service with Employer A at the time he begins to receive benefits under the plan, the maximum permissible annual benefit payable with respect to C is \$28,000 (\$40,000 multiplied by $\frac{7}{10}$).

Example 2. (i) The facts are the same as in *Example 1*, except that C's average compensation for his high 3 years is \$8,000.

(ii) Because C has only 7 years of service with Employer A at the time he begins to receive benefits, the maximum benefit payable with respect to C would be reduced to \$5,600 (\$8,000 multiplied by $\frac{7}{10}$).

However, the special rule for total benefits not in excess of \$10,000, provided in paragraph (f) of this section, is applicable in this case. Accordingly, C may receive an annual benefit of \$7,000 (\$10,000 multiplied by $\frac{7}{10}$) without the benefit limitations of this section being exceeded.

Example 3. (i) Employer B maintains a defined benefit plan. Benefits under the plan are computed based on months of service rather than years of service. Accordingly, for purposes of applying the reduction based on years of service less than 10 to the limitations under section 415(b), the otherwise applicable limitation is multiplied by a fraction, the numerator of which is the number of completed months of service with the employer (but not less than 12 months), and the denominator of which is 120. The plan further provides that months of service are computed in the same manner for this purpose as for purposes of computing plan benefits.

(ii) The manner in which the plan applies the reduction based on years of service less than 10 to the limitations under section 415(b) is consistent with the requirements of this paragraph (g).

Example 4. (i) G begins employment with Employer D on January 1, 2003, at the age of 58. Employer D maintains only a noncontributory defined benefit plan which provides for a straight life annuity beginning at age 65 and uses the calendar year for the limitation and plan year. Employer D has never maintained a defined contribution plan. G becomes a participant in Employer D's plan on January 1, 2004, and works through December 31, 2009, when G is age 65. G performs sufficient service to be credited with a year of service under the plan for each year during 2003 through 2009 (although G is not credited with a year of service for 2003 because G is not yet a plan participant). G begins to receive benefits under the plan during 2010. The plan's accrual computation period is the plan year. The plan provides that, for purposes of applying the rules of section 415(b)(5)(B), a participant is credited with a year of service (computed to fractional parts of a year) for each plan year for which the participant is credited with sufficient service to accrue a benefit for the plan year. G's average compensation for G's high 3 years of service is \$200,000. It is assumed for purposes of this example that the dollar limitation of section 415(b)(1)(A) for limitation years ending in 2010 is \$180,000.

(ii) G has 7 years of service and 6 years of participation in the plan at the time G begins to receive benefits under the plan. Accordingly, the limitation under section 415(b)(1)(B) based on G's average compensation for G's high 3 years of service that applies pursuant to the adjustment required under section 415(b)(5)(B) is \$140,000 (\$200,000 multiplied by $\frac{7}{10}$), and the dollar limitation under section 415(b)(1)(A) that applies to G pursuant to the adjustment required under section 415(b)(5)(A) is \$108,000 (\$180,000 multiplied by $\frac{6}{10}$).

(h) *RPA '94 transition rules.* For special rules affecting the actuarial adjustment for form of benefit under

paragraph (c) of this section and the adjustment to the dollar limit for early or late commencement under paragraphs (d) and (e) of this section for certain plans adopted and in effect before December 8, 1994, see section 767(d)(3)(A) of the Retirement Protection Act of 1994, as amended by section 1449(a) of the Small Business Job Protection Act of 1996. The Commissioner may provide guidance regarding these special rules in revenue rulings, notices, and other guidance published in the Internal Revenue Bulletin. See § 601.601(d) of this chapter.

Par. 8. Section 1.415(b)-2 is added to read as follows:

§ 1.415(b)-2 Multiple annuity starting dates.

(a) *Determination of annual benefit where distributions have occurred before the current determination date—*

(1) *In general.* This section provides rules for determining the annual benefit of a participant for purposes of applying the limitations of section 415(b) and § 1.415(b)-1 in cases in which a participant has received one or more distributions in limitation years prior to an increase in the accrued benefit occurring during the current limitation year or prior to the annuity starting date for a distribution that commences during the current limitation year. This section applies, for example, where benefit distributions to a participant have previously commenced under a plan that is aggregated for purposes of section 415 with a plan from which the participant receives current accruals, or where a new distribution election is effective during the current limitation year with respect to a distribution that commenced in a prior limitation year. This section also applies where benefit payments are increased as a result of plan terms applying a cost-of-living adjustment pursuant to an increase of the dollar limit of section 415(b)(1)(A), if the plan does not provide for application of the rules of § 1.415(d)-1(a)(5) to determine the adjusted amount of the benefit. Paragraph (b) of this section provides rules for computing the annual benefit in the case of multiple annuity starting dates as described in this paragraph (a)(1). Paragraph (c) of this section provides an additional rule for multiple annuity starting dates that occur when a stream of annuity payments is modified by a new distribution election. Paragraph (d) of this section provides examples to illustrate the rules of this section.

(2) *Annuity starting date.* For purposes of this section, the determination of whether a new annuity

starting date has occurred is made pursuant to the rules of § 1.401(a)-20, Q&A-10, but without regard to the rule of § 1.401(a)-20, Q&A-10(d) (under which the commencement of certain distributions may not give rise to a new annuity starting date).

(3) *Annual benefit—(i) In general.* Where a participant has received one or more distributions before a current accrual or before the annuity starting date for a currently payable distribution, except as provided in paragraph (a)(3)(iii) of this section (regarding mandatory employee contributions and rollover contributions), the annual benefit that is subject to the limits of section 415(b) and § 1.415(b)-1(a) is equal to the sum of—

(A) The annual benefit determined with respect to any accrued benefit with respect to which distribution has not yet commenced as of the current determination date, computed pursuant to the rules of § 1.415(b)-1(b) and (c);

(B) The annual benefit determined with respect to any distribution with an annuity starting date that occurs within the current limitation year and on or before the current determination date, computed pursuant to the rules of § 1.415(b)-1(b) and (c);

(C) The annual benefit determined with respect to the remaining amounts payable under any distribution with an annuity starting date that occurred during a prior limitation year, computed pursuant to the rules of § 1.415(b)-1(b) and (c) (subject to paragraph (a)(3)(ii) of this section); and

(D) The annual benefit attributable to prior distributions (computed pursuant to the rules of paragraph (b) of this section).

(ii) *Determining actuarial equivalence with respect to remaining amounts payable.* For purposes of computing the annual benefit determined with respect to the remaining amounts payable under any distribution with an annuity starting date that occurred during a prior limitation year under paragraph (a)(3)(i)(C) of this section, § 1.415(b)-1(c)(2) is applied by substituting for the amount described in § 1.415(b)-1(c)(2)(i) the annual amount of a straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial equivalence for the particular form of benefit payable.

(iii) *Mandatory employee contributions and rollover contributions.* If mandatory employee contributions or rollover contributions have been made to the plan with respect

to a distribution that commenced before the current determination date, the annual benefit is determined by applying the rules of paragraph (a)(3)(i)(C) and (D) of this section and then subtracting the annual benefit attributable to mandatory employee contributions computed pursuant to § 1.415(b)-1(b)(2)(iii) and the annual benefit attributable to rollover contributions computed pursuant to § 1.415(b)-1(b)(2)(v), with both amounts computed as of the annuity starting date for the distribution.

(iv) *Repayments of prior distributions—(A) Total repayments.* A prior distribution that has been repaid to the plan with interest does not give rise to an annual benefit attributable to prior distributions for purposes of paragraph (a)(3)(i)(D) of this section (because amounts attributable to those repayments are reflected instead in amounts included in the annual benefit pursuant to paragraphs (a)(3)(i)(A), (B), and (C) of this section).

(B) *Partial repayments.* If a prior distribution was made, and a repayment was subsequently made that was less than the amount of the prior distribution (including reasonable interest), the annual benefit attributable to prior distributions is determined by multiplying the annual benefit attributable to the prior distribution (computed assuming that no repayment occurred) by one minus a fraction, the numerator of which is the amount of the repayment and the denominator of which is the amount of the prior distribution plus reasonable interest.

(b) *Annual benefit attributable to prior distributions—(1) In general—(i) Adjustment to actuarially equivalent straight life annuity—(A) Method of adjustment.* To compute the annual benefit attributable to a prior distribution, the prior distribution is adjusted to an actuarially equivalent straight life annuity commencing at the current determination date in accordance with the rules of paragraph (b)(2) of this section (for a prior distribution to which section 417(e)(3) did not apply) or paragraph (b)(3) of this section (for a prior distribution to which section 417(e)(3) applied).

(B) *Current determination date.* The current determination date is the last day of period for which an increase in the participant's benefit accrues if an increase in the participant's accrued benefit occurs during the limitation year. If there is no such increase, the current determination date is the annuity starting date for the distribution that commences during the limitation year.

(ii) *Rules of application*—(A) *Amount of distribution taken into account*. In applying the rules of paragraphs (b)(2) and (3) of this section to compute the annual benefit attributable to a prior distribution, only the actual amount received as a prior distribution (without regard to either the form of benefits paid, or the form or amount of remaining payments under the prior distribution) is taken into account. Thus, for example, in determining the annual benefit attributable to a prior distribution of \$100,000 per year over the past four years, paragraph (b)(2) of this section will apply if the distribution was part of a 10-year certain and life annuity, and paragraph (b)(3) of this section will apply if the distribution was part of installment payments over 10 years. However, in both instances, the amounts taken into account in determining the annual benefit attributable to the prior distribution are the four \$100,000 payments already made, without regard to remaining payments.

(B) *Application of mortality adjustments*—(1) *Application of mortality adjustments when standardized assumptions are used*. Under the rules of paragraphs (b)(2)(ii), (b)(3)(i)(B), and (b)(3)(ii)(B) of this section (under which standardized actuarial assumptions are applied), a prior distribution is adjusted to an actuarially equivalent straight life annuity commencing at the current determination date using the specified interest and mortality assumptions to convert the payment stream to an actuarially equivalent straight life annuity commencing at the current determination date. For this purpose, the actuarially equivalent straight life annuity commencing at the current determination date must reflect an actuarial increase to the present value of payments to reflect that the participant has survived during the interim period.

(2) *Application of mortality adjustments when the plan's assumptions for computing offsets are used*. Under the rules of paragraphs (b)(2)(i), (b)(3)(i)(A), and (b)(3)(ii)(A) of this section (under which the plan's assumptions for computing offsets for prior distributions are applied), the actuarially equivalent straight life annuity must reflect mortality adjustment in the same manner as those mortality adjustments are reflected in computing offsets for prior distributions.

(2) *Prior distributions to which section 417(e)(3) did not apply*. For a prior distribution to which section 417(e)(3) did not apply, the actuarially equivalent straight life annuity commencing at the

current determination date is the greater of—

(i) The annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the interest rate and mortality table specified under the plan that provides for the current distribution or current accrual that are used to determine offsets, if any, for prior distributions; and

(ii) The annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using a 5% interest assumption and the applicable mortality table described in § 1.417(e)-1(d)(2) that would apply to a distribution to which section 417(e) applies with an annuity starting date of the current determination date.

(3) *Prior distributions to which section 417(e)(3) applied*—(i) *In general*. For a prior distribution to which section 417(e)(3) applied, the actuarially equivalent straight life annuity commencing at the current determination date is the greater of—

(A) The annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the interest rate and mortality table specified under the plan that provides for the current distribution or current accrual that are used to determine offsets, if any, for prior distributions; and

(B) The annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the applicable interest rate under § 1.417(e)-1(d)(3) and the applicable mortality table under § 1.417(e)-1(d)(2) that would apply to a distribution with an annuity starting date of the current determination date.

(ii) *Special rule for 2004 and 2005*. For a prior distribution to which section 417(e)(3) applied, and for current determination dates or current accruals in 2004 and 2005, except as provided in section 101(d)(3) of the Pension Funding Equity Act of 2004, the actuarially equivalent straight life annuity commencing at the current determination date is the greater of—

(A) The annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using the interest rate and mortality table specified under the plan that provides for the current distribution or current accrual that are used to

determine offsets, if any, for prior distributions; and

(B) The annual amount of a straight life annuity commencing at the current determination date that is the actuarial equivalent of that prior distribution, computed using a 5.5% interest assumption and the applicable mortality table under § 1.417(e)-1(d)(2) that would apply to a distribution with an annuity starting date of the current determination date.

(4) *Benefit forms for which no adjustment is required*. The annual benefit attributable to prior distributions is computed disregarding the portion of prior distributions described in § 1.415(b)-1(c)(4) (regarding benefits for which no adjustment is required). Thus, for example, the annual benefit attributable to prior distributions is computed disregarding the payment of preretirement disability benefits not in excess of the qualified disability benefit.

(c) *Change in distribution form*—(1) *In general*. If a stream of annuity payments is modified by a new distribution election, the requirements of this section are applied treating the modification as a new annuity starting date. In addition, in such a case, the requirements of paragraph (c)(2) of this section must be satisfied.

(2) *Test total annuity stream as of original annuity starting date*. If a stream of annuity payments is modified by a new distribution election, the payments under the annuity that are paid before the modification plus the modified payments must satisfy the requirements of § 1.415(b)-1 determined as of the original annuity starting date, using the interest rates and mortality table applicable to such date. A plan will not fail to satisfy the requirements of this paragraph (c)(2) merely because payments reflect cost-of-living adjustments pursuant to section 415(d), determined in accordance with § 1.415(d)-1(a)(5).

(d) *Examples*. The following examples illustrate the application of this section. For purposes of these examples, except as otherwise stated, actuarial equivalence under the plan (including for purposes of determining offsets for prior distributions and for purposes of determining the amount of annuity distributions commencing after normal retirement age) is determined using a 6% interest assumption and the mortality table that applies under section 417(e)(3) as of January 1, 2003, and all payments other than a payment of a single sum are made monthly, on the first day of each calendar month. It is assumed for purposes of these examples that the interest rate that applies under section 417(e)(3) for

relevant time periods is 5.25% and that the mortality table that applies under section 417(e)(3) for relevant time periods is the mortality table that applies under section 417(e)(3) as of January 1, 2003. In addition, it is assumed that all participants discussed in these examples have at least ten years of service with the employer and at least ten years of participation in the plan at issue, and that the dollar limitation of section 415(b)(1)(A) as adjusted pursuant to section 415(d) for 2008 is equal to \$180,000. It is further assumed that the product of the annual adjustment factors that apply in adjusting the compensation limitation of section 415(b)(1)(B) for 2005, 2006, 2007, and 2008 is 1.1. The examples are as follows:

Example 1. (i) Employer A previously maintained Plan D, a qualified defined benefit plan. Upon the termination of Plan D on January 1, 1997, Participant M received a single-sum distribution of \$537,055 at the age of 54. As of January 1, 2008, Participant M has participated in Plan E (another defined benefit plan maintained by Employer A) for more than 10 years. On January 1, 2008, M retires at the age of 65 and receives a distribution from Plan E.

(ii) Pursuant to section 415(f) and § 1.415(f)-1, distributions to M from Plan D and Plan E are aggregated for purposes of applying section 415(b). Pursuant to paragraph (a)(3) of this section, M's annual benefit that is subject to the limits of section 415(b) and § 1.415(b)-1(a) is equal to the sum of the annual benefit determined with respect to the distribution commencing on January 1, 2008, and the annual benefit attributable to prior distributions (computed pursuant to the rules of paragraph (b) of this section).

(iii) M's annual benefit attributable to prior distributions is computed by adjusting the single-sum distribution made in 1995 to an actuarially equivalent straight life annuity commencing on January 1, 2008, in accordance with the rules set forth in paragraph (b)(3) of this section. Pursuant to those rules, that actuarially equivalent straight life annuity is computed using either the plan's actuarial assumptions for applying offsets for prior distributions (here, a 6% interest rate and the mortality table that applies under section 417(e)(3) as of January 1, 2003), or the applicable interest rate and the applicable mortality table under section 417(e)(3), both determined as of January 1, 2008, whichever set of actuarial assumptions produces the greater actuarially equivalent annuity. The actuarially equivalent straight life annuity computed using the plan's assumptions used for computing offsets is \$100,027 per year, and the actuarially equivalent straight life annuity computed using the applicable interest rate and the applicable mortality table as of January 1, 2008, is \$87,035 per year. Thus, M's annual benefit attributable to prior distributions is \$100,027.

(iv) To comply with the limitations of section 415, M's annual benefit determined with respect to the distribution commencing

on January 1, 2008, must be no greater than the otherwise applicable limit on the annual benefit (i.e., the lesser of \$180,000 or 100% of M's average compensation for the period of the participant's high 3 years of service) minus \$100,027. Thus, for example, to comply with the dollar limitation of section 415(b)(1)(A), M's annual benefit determined with respect to the distribution commencing on January 1, 2008, must be no greater than \$79,973.

Example 2. (i) Employer B maintains Plan F, a qualified defined benefit plan. On January 1, 2002, at the age of 59, Participant N separated from service and commenced receiving a benefit of \$80,000 per year for ten years from Plan F. As of January 1, 2008, Plan F is amended to increase N's accrued benefit. N is offered a new QJSA election with respect to the new accrual.

(ii) Pursuant to paragraph (a)(3) of this section, as of January 1, 2008, N's annual benefit that is subject to the limits of section 415(b) and § 1.415(b)-1(a) is equal to the sum of the annual benefit determined with respect to remaining amounts payable under the distribution that commenced on January 1, 2002, the annual benefit determined with respect to the accrued benefit with respect to which distribution has not yet commenced, and the annual benefit attributable to prior distributions (computed pursuant to the rules of paragraph (b) of this section).

(iii) N's annual benefit determined with respect to the remaining four annual payments of \$80,000 is determined pursuant to § 1.415(b)-1(c)(3) as the greater of the annual amount of a straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial equivalence for the particular form of benefit payable, or the annual amount of a straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the applicable interest rate and the applicable mortality table under section 417(e)(3). Using the plan's factors for actuarial equivalence, the actuarially equivalent straight life annuity is \$26,334, and using the section 417(e)(3) factors for actuarial equivalence, the actuarially equivalent straight life annuity is \$25,109. Accordingly, N's annual benefit determined with respect to the remaining four annual payments of \$80,000 is equal to \$26,334.

(iv) N's annual benefit attributable to prior distributions is computed by adjusting the six annual payments of \$80,000 per year already made before January 1, 2008, to an actuarially equivalent straight life annuity commencing on January 1, 2008, in accordance with the rules set forth in paragraph (b)(3) of this section. Pursuant to those rules, that actuarially equivalent straight life annuity is computed using either the plan's actuarial assumptions for applying offsets for prior distributions (here, a 6% interest rate and the mortality table that applies under section 417(e)(3) as of January 1, 2003), or the applicable interest rate and the applicable mortality table under section

417(e)(3), both determined as of January 1, 2008, whichever set of actuarial assumptions produces the greater actuarially equivalent annuity. The actuarially equivalent straight life annuity computed using the plan's assumptions used for computing offsets is \$54,494 per year, and the actuarially equivalent straight life annuity computed using the applicable interest rate and the applicable mortality table as of January 1, 2006, is \$50,103 per year. Thus, N's annual benefit attributable to prior distributions is \$54,494.

(v) To comply with the limitations of section 415, N's annual benefit determined with respect to the accrued benefit with respect to which distribution has not yet commenced must be no greater than the otherwise applicable limit on the annual benefit (i.e., the lesser of \$180,000 or 100% of N's average compensation for period of N's high 3 years of service) minus \$80,828 (the \$26,334 annual benefit attributable to the remaining payments under the existing form of distribution, plus the \$54,494 annual benefit attributable to prior distributions). Thus, for example, to comply with the dollar limitation of section 415(b)(1)(A), N's annual benefit determined with respect to the accrued benefit with respect to which distribution has not yet commenced must be no greater than \$99,172.

Example 3. (i) The facts are the same as in *Example 2*, except that, instead of receiving a benefit of \$80,000 per year for ten years from Plan F, N receives annual payments of \$80,000 under a 10-year certain and life annuity from Plan F.

(ii) Pursuant to paragraph (a)(3) of this section, as of January 1, 2008, N's annual benefit that is subject to the limits of section 415(b) and § 1.415(b)-1(a) is equal to the sum of the annual benefit determined with respect to remaining amounts payable under the distribution that commenced on January 1, 2002, the annual benefit determined with respect to the accrued benefit with respect to which distribution has not yet commenced, and the annual benefit attributable to prior distributions (computed pursuant to the rules of paragraph (b) of this section).

(iii) N's annual benefit determined with respect to the remaining portion of the existing annuity (i.e., a four-year certain and life annuity) is determined pursuant to § 1.415(b)-1(c)(2) as the greater of the annual amount of a straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial equivalence for the particular form of benefit payable, or the annual amount of a straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using an interest rate of 5% and the applicable mortality table under section 417(e)(3). Using the plan's factors for actuarial equivalence, the actuarially equivalent straight life annuity is \$80,608, and using the statutory factors for actuarial equivalence, the actuarially equivalent straight life annuity is \$80,577. Accordingly, N's annual benefit determined with respect

to the remaining 4-year certain and life annuity is equal to \$80,608.

(iv) N's annual benefit attributable to prior distributions is computed by adjusting the six annual payments of \$80,000 per year already made before January 1, 2008, to an actuarially equivalent straight life annuity commencing on January 1, 2008, in accordance with the rules set forth in paragraph (b)(3) of this section. Pursuant to those rules, that actuarially equivalent straight life annuity is computed using either the plan's actuarial assumptions for applying offsets for prior distributions (here, a 6% interest rate and the mortality table that applies under section 417(e)(3) as of January 1, 2003), or the applicable interest rate and the applicable mortality table under section 417(e)(3), both determined as of January 1, 2008, whichever set of actuarial assumptions produces the greater actuarially equivalent annuity. The actuarially equivalent straight life annuity computed using the plan's assumptions used for computing offsets is \$54,494 per year, and the actuarially equivalent straight life annuity computed using the applicable interest rate and the applicable mortality table as of January 1, 2008, is \$48,689 per year. Thus, N's annual benefit attributable to prior distributions is \$54,494.

(v) To comply with the limitations of section 415, N's annual benefit determined with respect to the accrued benefit with respect to which distribution has not yet commenced must be no greater than the otherwise applicable limit on the annual benefit (i.e., the lesser of \$180,000 or 100% of N's average compensation for the highest 3 years) minus \$135,102 (the \$80,608 annual benefit attributable to the remaining payments under the existing form of distribution, plus the \$54,494 annual benefit attributable to prior distributions). Thus, for example, to comply with the dollar limitation of section 415(b)(1)(A), N's annual benefit determined with respect to the accrued benefit with respect to which distribution has not yet commenced must be no greater than \$44,898.

Example 4. (i) Participant P retired on January 1, 2004, at age 65, with average compensation for the period of P's high 3 years service of \$190,000. P commenced receiving a straight life annuity of \$165,000 from Plan E as of January 1, 2004. Plan E adjusts benefit payments to reflect increases in the applicable limitations of section 415(b) in accordance with the safe harbor methodology set forth in § 1.415(d)-1(a)(5). As of January 1, 2005, pursuant to an adjustment under section 415(d) that applies to P's benefit payments under the terms of the plan, annual payments to P from Plan E are adjusted to \$170,000, and as of January 1, 2007, pursuant to another such adjustment (under which the section 415(b)(1)(A) dollar limit is assumed to increase to \$175,000 for 2007), annual payments to P from Plan E are adjusted to \$175,000. On December 1, 2007, P elected to change the form of the remainder of the benefit payable to P under Plan E to a single-sum distribution payable as of January 1, 2008. P receives a single-sum distribution of \$1,769,157 on January 1, 2008. It is assumed for purposes of this example

that the section 417(e)(3) interest rate that applies to a distribution from Plan E as of January 1, 2004, is 5.25%, and that the section 417(e)(3) interest rate that applies to a distribution from Plan E as of January 1, 2008, is 6%. The normal form of benefit under Plan E is a straight life annuity. Plan E provides a QPSA to all married participants without charge. Plan E provides that, for purposes of adjusting the dollar limitation under section 415(b)(1)(A) for commencement before age 62 or after age 65, no adjustment is made to reflect the probability of a participant's death between the annuity starting date and the participant's attainment of age 62 or between the participant's attainment of age 65 and the annuity starting date. Under Plan E, benefits commencing after the age of 65 are actuarially adjusted to reflect the later commencement date using the plan's generally applicable assumptions for actuarial equivalence.

(ii) To comply with the limitations of section 415 for the 2008 limitation year, Plan E must satisfy two requirements. First, under paragraph (c)(1) of this section, Plan E must limit payments to P so that the sum of the annual benefit attributable to the currently commencing distribution plus the annual benefit attributable to prior distributions is within the limitations of section 415(b) that apply to a benefit commencing at the annuity starting date for the distribution that commences in 2008. Second, under paragraph (c)(2) of this section, the payments under the annuity that are paid before January 1, 2008, plus the single-sum distribution made on January 1, 2008, must satisfy the requirements of § 1.415(b)-1 determined as of January 1, 2004, using the interest rates and mortality table applicable as of January 1, 2004. Pursuant to paragraph (c)(2) of this section, Plan E does not fail to satisfy this latter requirement if payments reflect cost-of-living adjustments pursuant to section 415(d) for payments no earlier than the time those adjustments are effective and in amounts no greater than amounts determined under § 1.415(d)-1(a)(5).

(iii) To satisfy the second requirement described in paragraph (ii) of this *Example 4*, the payments under the annuity that are paid before January 1, 2008 (i.e., \$165,000 during 2004, \$170,000 during 2005, \$170,000 during 2006, and \$175,000 during 2007), plus the single-sum distribution of \$1,769,157 made on January 1, 2008, must satisfy the requirements of § 1.415(b)-1 determined as of January 1, 2004, using the interest rates and mortality table applicable as of January 1, 2004. As of January 1, 2004, the actuarially equivalent straight life annuity with respect to those payments is \$176,698 using the applicable interest rate (assumed to be 5.25%) and the applicable mortality table for that date. As of January 1, 2004, the actuarially equivalent straight life annuity with respect to those payments is \$170,239 using the plan's actuarial assumptions (a 6% interest rate and the applicable mortality table as of January 1, 2003). The annual benefit attributable to those payments is the greater of the two amounts, or \$176,698. This amount exceeds the applicable dollar limitation as of January 1, 2004 (i.e.,

\$165,000). Accordingly, without application of the special rule for cost-of-living adjustments, Plan E would fail to satisfy this second requirement.

(iv) Pursuant to the special rule for cost-of-living adjustments under paragraph (c)(2) of this section, Plan E does not fail to satisfy the second requirement described in paragraph (ii) of this *Example 4* if payments reflect cost-of-living adjustments pursuant to section 415(d) for payments no earlier than the time those adjustments are effective and in amounts no greater than amounts determined under § 1.415(d)-1(a)(5). Accordingly, the payment stream that must satisfy the requirements of § 1.415(b)-1 determined as of January 1, 2004, using the interest rates and mortality table applicable as of January 1, 2004, is the payment stream consisting of \$165,000 paid each year during 2004 through 2007, and \$1,621,727 (\$1,769,157 multiplied by 165,000/180,000) paid on January 1, 2008. As of January 1, 2004, the actuarially equivalent straight life annuity with respect to those payments is \$158,930 using the applicable interest rate (assumed to be 5.25%) and the applicable mortality table for that date. As of January 1, 2004, the actuarially equivalent straight life annuity with respect to those payments is \$165,000 using the plan's actuarial assumptions (a 6% interest rate and the applicable mortality table as of January 1, 2003). The annual benefit attributable to those payments is the greater of the two amounts, or \$165,000, which satisfies the applicable limitations as of January 1, 2004. Accordingly, Plan E satisfies the second requirement described in paragraph (ii) of this *Example 4* using the special rule for cost-of-living adjustments under paragraph (c)(2) of this section.

(v) For purposes of determining compliance with the first requirement described in paragraph (ii) of this *Example 4*, P's annual benefit attributable to prior distributions is computed by adjusting the annual payments already received (\$165,000 for 2004, \$170,000 for 2005, \$170,000 for 2006, and \$175,000 for 2007) already made before January 1, 2008, to an actuarially equivalent straight life annuity commencing on January 1, 2008, in accordance with the rules set forth in paragraph (b)(3) of this section. Pursuant to those rules, that actuarially equivalent straight life annuity is computed using either the plan's actuarial assumptions for applying offsets for prior distributions (here, a 6% interest rate and the mortality table that applies under section 417(e)(3) as of January 1, 2003), or an interest rate of 5% and the applicable mortality table under section 417(e)(3), both determined as of January 1, 2008, whichever set of actuarial assumptions produces the greater actuarially equivalent annuity. The actuarially equivalent straight life annuity computed using the plan's assumptions used for computing offsets is \$80,453 per year, and the actuarially equivalent straight life annuity computed using a 5% interest rate and the applicable mortality table as of January 1, 2008, is \$75,046 per year. Thus, P's annual benefit attributable to prior distributions is \$80,453.

(vi) P's annual benefit attributable to the single-sum distribution made on January 1,

2008, is determined as the greater of the annual amount of the actuarially equivalent straight life annuity commencing at the same age (determined using the plan's actuarial factors), and the annual amount of the actuarially equivalent straight life annuity commencing at the same age (determined using the applicable interest rate and applicable mortality table). Based on the factors used in the plan to determine the actuarially equivalent lump sum (in this case, an interest rate of 6% and the applicable mortality table as of January 1, 2003), \$1,769,157 payable as a single sum at age 69 is actuarially equivalent to an immediate straight life annuity at age 69 of \$180,000. Based on the applicable interest rate and the applicable mortality table, \$1,769,157 payable as a single sum at age 69 is actuarially equivalent to an immediate straight life annuity at age 69 of \$170,451. With respect to the single-sum distribution, P's annual benefit is equal to the greater of the two resulting amounts, or \$180,000.

(vii) To satisfy the first requirement described in paragraph (ii) of this Example 4, P's annual benefit attributable to prior distributions plus P's annual benefit attributable to the single-sum distribution, determined as of January 1, 2008, must not exceed the applicable limitations. The sum of those annual benefits is \$260,453. The age-adjusted dollar limitation as of January 1, 2008, is determined as the lesser of the section 415(b)(1)(A) dollar limit multiplied by the ratio of the annuity payable at age 69 to the annuity that would be payable at age 65 based on the same accrued benefit (both determined before the application of section 415), or the straight life annuity payable at age 69 that is actuarially equivalent, using 5% interest and the applicable mortality table, to the straight life annuity payable at age 65. In this case, the age-adjusted section 415(b)(1)(A) dollar limit at age 69 is \$244,013, which is the lesser of 265,320 (the straight life annuity at age 69 that is actuarially equivalent to an annuity of \$180,000 commencing at age 65, determined using the plan's interest rate of 6% and the applicable mortality table that applies as of January 1, 2003, without a mortality decrement for the period between 65 and 69) and \$244,013 (the straight life annuity at age 69 that is actuarially equivalent to an annuity of \$180,000 commencing at age 65, determined using 5% interest and the applicable mortality table, without a mortality decrement for the period between 65 and 69)). The compensation-based limitation of section 415(b)(1)(B) for P in 2008 is \$209,000 (\$190,000 multiplied by the product of the annual adjustment factors for 2005 through 2008, or 1.1). Accordingly, the limitation under section 415(b) for P as of January 1, 2008, is \$209,000 (the lesser of the dollar limitation and the compensation limitation as of that date).

(viii) Because the sum of P's annual benefit attributable to prior distributions plus P's annual benefit attributable to the single-sum distribution (\$260,453) exceeds the limitation under section 415(b) determined as of January 1, 2008 (\$209,000), the plan fails to satisfy the requirements of section 415(b). In addition, if the plan limits the amount of the

single-sum distribution in order to satisfy the requirements of section 415(b) in this case, there may be a forfeiture of a participant's accrued benefit in violation of section 411(a) in some cases where a participant converts annuity payments to a single-sum distribution.

Par. 9. Section 1.415(c)-1 is added to read as follows:

§ 1.415(c)-1 Limitations for defined contribution plans.

(a) *General rules*—(1) *Maximum limitations.* Under section 415(c) and this section, to satisfy the provisions of section 415(a) for any limitation year, except as provided by paragraph (a)(3) of this section, the annual additions (as defined in paragraph (b) of this section) credited to the account of a participant in a defined contribution plan for the limitation year must not exceed the lesser of—

- (i) \$40,000 (adjusted pursuant to section 415(d) and § 1.415(d)-1(b)); or
- (ii) 100% of the participant's compensation (as defined in § 1.415(c)-2) for the limitation year.

(2) *Defined contribution plan*—(i) *Definition.* For purposes of section 415 and regulations thereunder, a *defined contribution plan* means a defined contribution plan within the meaning of section 414(i) (including the portion of a plan treated as a defined contribution plan under the rules of section 414(k)) that is—

- (A) A plan described in section 401(a) which includes a trust which is exempt from tax under section 501(a);
- (B) An annuity plan described in section 403(a); or
- (C) A simplified employee pension described in section 408(k).

(ii) *Additional plans treated as defined contribution plans*—(A) *In general.* Contributions to the types of arrangements described in paragraphs (a)(2)(ii)(B) through (D) of this section are treated as contributions to defined contribution plans for purposes of section 415 and regulations thereunder.

(B) *Employee contributions to a defined benefit plan.* Mandatory employee contributions to a defined benefit plan are treated as contributions to a defined contribution plan. For this purpose, contributions that are picked up by the employer as described in section 414(h)(2) are not considered employee contributions.

(C) *Individual medical accounts under section 401(h).* Pursuant to section 415(l)(1), contributions allocated to any individual medical account which is part of a pension or annuity plan established pursuant to section 401(h) are treated as contributions to a defined contribution plan.

(D) *Post-retirement medical accounts for key employees.* Pursuant to section 419A(d)(2), amounts attributable to medical benefits allocated to an account established for a key employee (*i.e.*, any employee who, at any time during the plan year or any preceding plan year, is or was a key employee as defined in section 416(i)) pursuant to section 419A(d)(1) are treated as contributions to a defined contribution plan.

(iii) *Section 403(b) annuity contracts.* Annual additions under an annuity contract described in section 403(b) are treated as annual additions under a defined contribution plan for purposes of this section.

(3) *Alternative contribution limitations*—(i) *Church plans.* For alternative contribution limitations relating to church plans, see paragraph (d) of this section.

(ii) *Special rules for medical benefits.* For alternative contribution limitations relating to certain medical benefits, see paragraph (e) of this section.

(iii) *Employee stock ownership plans.* For additional rules relating to employee stock ownership plans, see paragraph (f) of this section.

(b) *Annual additions*—(1) *In general*—(i) *General definition.* The term *annual addition* means, for purposes of this section, the sum, credited to a participant's account for any limitation year, of—

- (A) Employer contributions;
- (B) Employee contributions; and
- (C) Forfeitures.

(ii) *Certain excess amounts treated as annual additions.* Contributions do not fail to be annual additions merely because they are excess contributions (as described in section 401(k)(8)(B)) or excess aggregate contributions (as described in section 401(m)(6)(B)), or merely because excess contributions or excess aggregate contributions are corrected through distribution.

(iii) *Direct transfers between defined contribution plans.* The direct transfer of funds or employee contributions from one defined contribution plan to another defined contribution plan does not give rise to an annual addition.

(iv) *Reinvested ESOP dividends.* The reinvestment of dividends on employer securities under an employee stock ownership plan pursuant to section 404(k)(2)(A)(iii)(II) does not give rise to an annual addition.

(2) *Employer contributions*—(i) *Amounts treated as annual additions.* For purposes of paragraph (b)(1)(i)(A) of this section, the term *annual additions* includes employer contributions credited to the participant's account for the limitation year and other allocations described in paragraph (b)(4) of this

section that are made during the limitation year. See paragraph (b)(6) of this section for timing rules applicable to annual additions with respect to employer contributions.

(ii) *Amounts not treated as annual additions*—(A) *Certain restorations of accrued benefits.* The restoration of an employee's accrued benefits by the employer in accordance with section 411(a)(3)(D) or section 411(a)(7)(C) or resulting from the repayment of cashouts under a governmental plan (as described in section 415(k)(3)) is not considered an annual addition for the limitation year in which the restoration occurs. (See § 1.411(a)-7(d)(6)(iii)(B).)

(B) *Catch-up contributions.* Catch-up contributions made in accordance with section 414(v) and § 1.414(v)-1 do not give rise to annual additions.

(C) *Restorative payments.* A restorative payment that is allocated to a participant's account does not give rise to an annual addition for any limitation year. For this purpose, restorative payments are payments made to restore losses to a plan resulting from actions by a fiduciary for which there is reasonable risk of liability for breach of a fiduciary duty under Title I of ERISA, where plan participants who are similarly situated are treated similarly with respect to the payments. Generally, payments to a defined contribution plan are restorative payments only if the payments are made in order to restore some or all of the plan's losses due to an action (or a failure to act) that creates a reasonable risk of liability for such a breach of fiduciary duty (other than a breach of fiduciary duty arising from failure to remit contributions to the plan). This includes payments to a plan made pursuant to a Department of Labor order, the Department of Labor's Voluntary Fiduciary Correction Program, or a court-approved settlement, to restore losses to a qualified defined contribution plan on account of the breach of fiduciary duty (other than a breach of fiduciary duty arising from failure to remit contributions to the plan). However, payments made to a plan to make up for losses due merely to market fluctuations and other payments that are not made on account of a reasonable risk of liability for breach of a fiduciary duty under Title I of ERISA are contributions that give rise to annual additions and are not restorative payments.

(D) *Excess deferrals.* Excess deferrals that are distributed in accordance with § 1.402(g)-1(e)(2) or (3) do not give rise to annual additions.

(3) *Employee contributions.* For purposes of paragraph (b)(1)(i)(B) of this

section, the term *annual additions* includes mandatory employee contributions (as defined in section 411(c)(2)(C) and the regulations thereunder) as well as voluntary employee contributions. The term "annual additions" does not include—

(i) Rollover contributions (as described in sections 401(a)(31), 402(c)(1), 403(a)(4), 403(b)(8), 408(d)(3), and 457(e)(16)).

(ii) Repayments of loans made to a participant from the plan;

(iii) Repayments of amounts described in section 411(a)(7)(B) (in accordance with section 411(a)(7)(C)) and section 411(a)(3)(D) (see § 1.411(a)-7(d)(6)(iii)(B)) or repayment of contributions to a governmental plan as described in section 415(k)(3); or

(iv) Employee contributions to a qualified cost of living arrangement within the meaning of section 415(k)(2)(B).

(4) *Transactions with plan.* The Commissioner may in an appropriate case, considering all of the facts and circumstances, treat transactions between the plan and the employer, transactions between the plan and the employee, or certain allocations to participants' accounts as giving rise to annual additions. Further, the Commissioner will treat a sale or exchange by the employee or the employer that transfers assets to a plan where the consideration paid by the plan is less than the fair market value of the assets transferred to the plan as giving rise to an annual addition in the amount of the difference between the value of the assets transferred and the consideration. A transaction described in this paragraph (b)(4) may constitute a prohibited transaction with the meaning of section 4975(c)(1).

(5) *Contributions other than cash.* For purposes of this paragraph (b), a contribution by the employer or employee of property rather than cash is considered to be a contribution in an amount equal to the fair market value of the property on the date the contribution is made. For this purpose, the fair market value is the price at which the property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts. In addition, the contribution described in this paragraph (b)(5) may constitute a prohibited transaction within the meaning of section 4975(c)(1).

(6) *Timing rules*—(i) *In general*—(A) *Date of allocation.* For purposes of this paragraph (b), an annual addition is credited to the account of a participant

for a particular limitation year if it is allocated to the participant's account under the terms of the plan as of any date within that limitation year. However, if the allocation is dependent upon participation in the plan as of any date subsequent to the date as of which it is allocated, it is considered allocated only at the end of the period of participation upon which the allocation is conditioned.

(B) *Date of employer contributions.* For purposes of this paragraph (b), employer contributions are not treated as credited to a participant's account for a particular limitation year unless the contributions are actually made to the plan no later than 30 days after the end of the period described in section 404(a)(6) applicable to the taxable year with or within which the particular limitation year ends. If, however, contributions are made by an employer exempt from Federal income tax (including a governmental employer), the contributions must be made to the plan no later than the 15th day of the tenth calendar month following the close of the taxable year with or within which the particular limitation year ends. If contributions are made to a plan after the end of the period during which contributions can be made and treated as credited to a participant's account for a particular limitation year, allocations attributable to those contributions are treated as credited to the participant's account for the limitation year during which those contributions are made.

(C) *Date of employee contributions.* For purposes of this paragraph (b), employee contributions, whether voluntary or mandatory, are not treated as credited to a participant's account for a particular limitation year unless the contributions are actually made to the plan no later than 30 days after the close of that limitation year.

(D) *Date for forfeitures.* A forfeiture is treated as an annual addition for the limitation year that contains the date as of which it is allocated to a participant's account as a forfeiture.

(E) *Treatment of elective contributions as plan assets.* The extent to which elective contributions constitute plan assets for purposes of the prohibited transaction provisions of section 4975 and Title I of the Employee Retirement Income Security Act of 1974 (88 Stat. 829), Public Law 93-406 (ERISA), is determined in accordance with regulations and rulings issued by the Department of Labor. See 29 CFR 2510.3-102.

(ii) *Special timing rules*—(A) *Corrective contributions.* For purposes of this section, if, in a particular limitation year, an employer allocates

an amount to a participant's account because of an erroneous forfeiture in a prior limitation year, or because of an erroneous failure to allocate amounts in a prior limitation year, the allocation will not be considered an annual addition with respect to the participant for that particular limitation year, but will be considered an annual addition for the prior limitation year to which it relates. An example of a situation in which an employer contribution might occur under the circumstances described in the preceding sentence is a retroactive crediting of service for an employee under 29 CFR 2530.200b-2(a)(3) in accordance with an award of back pay. For purposes of this paragraph (b)(6)(ii), if the amount so contributed in the particular limitation year takes into account actual investment gains attributable to the period subsequent to the year to which the contribution relates, the portion of the total contribution that consists of such gains is not considered as an annual addition for any limitation year.

(B) *Contributions for accumulated funding deficiencies and previously waived contributions*—(1) *Accumulated funding deficiency*. In the case of a defined contribution plan to which the rules of section 412 apply, a contribution made to reduce an accumulated funding deficiency will be treated as if it were timely made for purposes of determining the limitation year in which the annual additions arising from the contribution are made, but only if the contribution is allocated to those participants who would have received an annual addition if the contribution had been timely made.

(2) *Previously waived contributions*. In the case of a defined contribution plan to which the rules of section 412 apply and for which there has been a waiver of the minimum funding standard in a prior limitation year in accordance with section 412(d), that portion of an employer contribution in a subsequent limitation year which, if not for the waiver, would have otherwise been required in the prior limitation year under section 412(a) will be treated as if it were timely made (without regard to the funding waiver) for purposes of determining the limitation year in which the annual additions arising from the contribution are made, but only if the contribution is allocated to those participants who would have received an annual addition if the contribution had been timely made (without regard to the funding waiver).

(3) *Interest*. For purposes of determining the amount of the annual addition under paragraphs

(b)(6)(ii)(B)(1) and (2), a reasonable amount of interest paid by the employer is disregarded. However, any interest paid by the employer that is in excess of a reasonable amount, as determined by the Commissioner, is taken into account as an annual addition for the limitation year during which the contribution is made.

(C) *Simplified employee pensions (SEPs)*. For purposes of this paragraph (b), amounts contributed to a simplified employee pension described in section 408(k) are treated as allocated to the individual's account as of the last day of the limitation year ending with or within the taxable year for which the contribution is made.

(D) *Treatment of certain contributions made pursuant to veterans' reemployment rights*. If, in a particular limitation year, an employer contributes an amount to an employee's account with respect to a prior limitation year and such contribution is required by reason of such employee's rights under chapter 43 of title 38, United States Code, resulting from qualified military service, as specified in section 414(u)(1), then such contribution is not considered an annual addition with respect to the employee for that particular limitation year in which the contribution is made, but, in accordance with section 414(u)(1)(B), is considered an annual addition for the limitation year to which the contribution relates.

(c) *Examples*. The following examples illustrate the rules of paragraphs (a) and (b) of this section:

Example 1. (i) P is a participant in a qualified profit-sharing plan maintained by his employer, ABC Corporation. The limitation year for the plan is the calendar year. P's compensation (as defined in § 1.415(c)-2) for the current limitation year is \$30,000.

(ii) Because the compensation limitation described in section 415(c)(1)(B) applicable to P for the current limitation year is lower than the dollar limitation described in section 415(c)(1)(A), the maximum annual addition which can be allocated to P's account for the current limitation year is \$30,000 (100% of \$30,000).

Example 2. (i) Assume the same facts as in *Example 1*, except that P's compensation for the current limitation year is \$140,000.

(ii) The maximum amount of annual additions that may be allocated to P's account in the current limitation year is the lesser of \$140,000 (100% of P's compensation) or the dollar limitation of section 415(c)(1)(A) as in effect as of January 1 of the calendar year in which the current limitation year ends. If, for example, the dollar limitation of section 415(c)(1)(A) in effect as of January 1 of the calendar year in which the current limitation year ends is \$44,000, then the maximum annual addition that can be allocated to P's account for the current limitation year is \$44,000.

Example 3. (i) Employer N maintains a qualified profit-sharing plan that uses the calendar year as its plan year and its limitation year. N's taxable year is a fiscal year beginning June 1 and ending May 31. Under the terms of the profit-sharing plan maintained by N, employer contributions are made to the plan two months after the close of N's taxable year and are allocated as of the last day of the plan year ending within the taxable year (and are not conditioned on future participation). Thus, employer contributions for the 2007 calendar year limitation year are made on July 31, 2008 (the date that is two months after the close of N's taxable year ending May 31, 2008) and are allocated as of December 31, 2007.

(ii) Because the employer contributions are actually made to the plan no later than 30 days after the end of the period described in section 404(a)(6) with respect to N's taxable year ending May 31, 2008, the contributions will be considered annual additions for the 2007 calendar year limitation year.

Example 4. (i) Assume the same facts as in *Example 3*, except that the plan year for the profit-sharing plan maintained by N is the 12-month period beginning on February 1 and ending on January 31. The limitation year continues to be the calendar year. Under the terms of the plan, an employer contribution which is made to the plan on July 31, 2008, is allocated to participants' accounts as of January 31, 2008.

(ii) Because the last day of the plan year is in the 2008 calendar year limitation year, and because, under the terms of the plan, employer contributions are allocated to participants' accounts as of the last day of the plan year, the contributions are considered annual additions for the 2008 calendar year limitation year.

Example 5. (i) XYZ Corporation maintains a profit-sharing plan to which a participant may make voluntary employee contributions for any year not to exceed 10% of the participant's compensation for the year. The plan permits a participant to make retroactive make-up contributions for any year for which the participant contributed less than 10% of compensation. XYZ uses the calendar year as the plan year and the limitation year. Under the terms of the plan, voluntary employee contributions are credited to a participant's account for a particular limitation year if such contributions are allocated to the participant's account as of any date within that limitation year. Participant A's compensation is as follows—

Limitation year	Compensation
2007	\$30,000
2008	32,000
2009	34,000
2010	36,000

(ii) Participant A makes no voluntary employee contributions during limitation years 2007, 2008, and 2009. On October 1, 2010, participant A makes a voluntary employee contribution of \$13,200 (10% of A's aggregate compensation for limitation years 2007, 2008, 2009, and 2010 of \$132,000). Under the terms of the plan, \$3,000 of this 2010 contribution is allocated

to A's account as of limitation year 2007; \$3,200 is allocated to A's account of limitation year 2008; \$3,400 is allocated to A's account as of limitation year 2009, and \$3,600 is allocated to A's account as of limitation year 2010.

(iii) Under the rule set forth in paragraph (c)(6)(ii)(C) of this section, employee contributions will not be considered credited to a participant's account for a particular limitation year for section 415 purposes unless the contributions are actually made to the plan no later than 30 days after the close of that limitation year. Thus, A's voluntary employee contribution of \$13,200 made on October 1, 2010 would be considered as credited to A's account only for the 2010 calendar year limitation year, notwithstanding the plan provisions.

(d) *Special rules relating to church plans*—(1) *Alternative contribution limitation*—(i) *In general.* Pursuant to section 415(c)(7)(A), notwithstanding the general rule of paragraph (a)(1) of this section, additions for a section 403(b) annuity contract for a year with respect to a participant who is an employee of a church or a convention or association of churches, including an organization described in section 414(e)(3)(B)(ii), when expressed as an annual addition to such participant's account, are treated as not exceeding the limitation of paragraph (a)(1) of this section if such annual additions for the year are not in excess of \$10,000.

(ii) *\$40,000 aggregate limitation.* The total amount of annual additions with respect to any participant that are treated as not exceeding the limitation of paragraph (a)(1) of this section (taking into account the rule of paragraph (d)(3) of this section) pursuant to the rule of paragraph (d)(1)(i) of this section even though those annual additions would otherwise exceed that limitation cannot exceed \$40,000. Thus, the aggregate of amounts for all limitation years that would exceed the limitation of this section but for this paragraph (d)(1) is limited to \$40,000.

(2) *Years of service taken into account for duly ordained, commissioned, or licensed ministers or lay employees.* For purposes of this paragraph (d)—

(i) All years of service by an individual as an employee of a church, or a convention or association of churches, including an organization described in section 414(e)(3)(B)(ii), are considered as years of service for one employer; and

(ii) All amounts contributed for annuity contracts by each such church (or convention or association of churches) during such years for the employee are considered to have been contributed by one employer.

(3) *Foreign missionaries.* Pursuant to section 415(c)(7)(C), in the case of any

individual described in paragraph (d)(1) of this section performing any services for the church outside the United States during the limitation year, additions for an annuity contract under section 403(b) for any year are not treated as exceeding the limitation of paragraph (a)(1) of this section if such annual additions for the year do not exceed the greater of \$3,000 or the employee's includible compensation with respect to services for the church performed outside the United States during the limitation year.

(4) *Church, convention or association of churches.* For purposes of this paragraph (d), the terms *church* and *convention or association of churches* have the same meaning as when used in section 414(e).

(5) *Examples.* The following examples illustrate the rules of this paragraph (d).

Example 1. (i) E is an employee of ABC Church earning \$7,000 during each calendar year. E participates in a section 403(b) annuity contract maintained by ABC Church beginning in 2007. The limitation year for the plan coincides with the calendar year. ABC Church contributes \$10,000 to be allocated to E's account under the plan for 2007.

(ii) Under paragraph (d)(1) of this section, this allocation is treated as not violating the limits established in paragraph (a)(1) of this section because it does not exceed \$10,000. Moreover, since an annual addition of \$10,000 would otherwise exceed the limitation of paragraph (a)(1) of this section by \$3,000, \$3,000 is counted toward the aggregate limitation specified in paragraph (d)(1)(ii) of this section for 2007. Accordingly, ABC Church may make such allocations for 13 years (e.g., for 2007 through 2019) without exceeding the aggregate limitation of \$40,000 specified in paragraph (d) of this section. For the fourteenth year, ABC Church could allocate only \$8,000 to E's account (i.e., the \$7,000 limitation computed under paragraph (a)(1)(ii) of this section, plus the remaining \$1,000 of the \$40,000 aggregate limitation under paragraph (d)(1)(ii) of this section on annual additions in excess of the limits under paragraph (a)(1) of this section).

Example 2. (i) F is an employee of XYZ Church. F earns \$2,000 during each calendar year for services he provides to XYZ Church, all of which are performed outside the United States during each calendar year. F participates in a section 403(b) annuity contract maintained by ABC Church beginning in 2007. The limitation year for the plan coincides with the calendar year. ABC Church contributes \$10,000 to be allocated to F's account under the plan for 2007.

(ii) Under paragraph (d)(1) of this section, this allocation is treated as not violating the limits established in paragraph (a)(1) of this section because it does not exceed \$10,000. Moreover, since an annual addition of \$10,000 would otherwise exceed the limitation of paragraph (a)(1) of this section by \$7,000 (i.e., the excess of \$10,000 over the greater of the \$2,000 compensation limitation under section 415(c)(1)(B) or the \$3,000 section 415(c)(7)(C) amount), XYZ Church

may make such allocations for 5 years (e.g., for 2006 through 2010) without exceeding the aggregate limitation of \$40,000 specified in paragraph (d) of this section. In 2012, XYZ church may contribute \$8,000 to be allocated to F's account under the plan (i.e., the \$3,000 limitation computed under paragraph (d)(3) of this section, plus the remaining \$5,000 of the \$40,000 aggregate limitation under paragraph (d)(1)(ii) of this section on annual additions in excess of the limits under paragraph (a)(1) of this section). For years after 2012, pursuant to paragraph (d)(3) of this section, XYZ Church could allocate \$3,000 per year to F's account.

(e) *Special rules for medical benefits.* The limit under paragraph (a)(1)(ii) of this section (i.e., 100% of the participant's compensation for the limitation year) does not apply to—

(1) An individual medical account (as defined in section 415(l)); or

(2) A post-retirement medical benefits account for key employees (as defined in section 419A(d)(1)).

(f) *Special rules for employee stock ownership plans*—(1) *In general.* Special rules apply to employee stock ownership plans, as provided in paragraphs (f)(2) through (f)(4) of this section.

(2) *Determination of annual additions for leveraged ESOP*—(i) *In general.* Except as provided in this paragraph (f), in the case of an employee stock ownership plan to which an exempt loan as described in § 54.4975-7(b) has been made, the amount of employer contributions that is considered an annual addition for the limitation year is calculated with respect to employer contributions of both principal and interest used to repay that exempt loan for the limitation year.

(ii) *Employer stock that has decreased in value.* A plan may provide that, in lieu of computing annual additions in accordance with paragraph (f)(2)(i) of this section, annual additions with respect to a loan repayment described in paragraph (f)(2)(i) of this section are determined as the fair market value of shares released from the suspense account on account of the repayment and allocated to participants for the limitation year if that amount is less than the amount determined in accordance with paragraph (f)(2)(i) of this section.

(3) *Exclusions from annual additions for certain ESOPs that allocate to a broad range of participants*—(i) *General rule.* Pursuant to section 415(c)(6), in the case of an employee stock ownership plan (as described in section 4975(e)(7)) that meets the requirements of paragraph (f)(3)(ii) of this section for a limitation year, the limitations imposed by this section do not apply to—

(A) Forfeitures of employer securities (within the meaning of section 409(l)) under such an employee stock ownership plan if such securities were acquired with the proceeds of a loan (as described in section 404(a)(9)(A)); or

(B) Employer contributions to such an employee stock ownership plan which are deductible under section 404(a)(9)(B) and charged against the participant's account.

(ii) *Employee stock ownership plans to which the special exclusion applies.* An employee stock ownership plan meets the requirements of this paragraph (f)(3)(ii) for a limitation year if no more than one-third of the employer contributions for the limitation year that are deductible under section 404(a)(9) are allocated to highly compensated employees (within the meaning of section 414(q)).

(4) *Gratuitous transfers under section 664(g)(1).* The amount of any qualified gratuitous transfer (as defined in section 664(g)(1)) allocated to a participant for any limitation year is not taken into account in determining whether any other annual addition exceeds the limitations imposed by this section, but only if the amount of the qualified gratuitous transfer does not exceed the limitations imposed by section 415.

Par. 10. Section 1.415(c)-2 is added to read as follows:

§ 1.415(c)-2 Compensation.

(a) *General definition.* Except as otherwise provided in this section, compensation from the employer within the meaning of section 415(c)(3), which is applied for purposes of section 415 and regulations thereunder, means all items of remuneration described in paragraph (b) of this section, but excludes the items of remuneration described in paragraph (c) of this section. Paragraph (d) of this section provides safe harbor definitions of compensation that are permitted to be provided in a plan in lieu of the generally applicable definition of compensation. Paragraph (e) of this section provides timing rules relating to compensation. Paragraph (f) of this section provides rules regarding the application of the rules of section 401(a)(17) to the definition of compensation for purposes of section 415. Paragraph (g) of this section provides special rules relating to the determination of compensation, including rules for determining compensation for a section 403(b) annuity contract, rules for determining the compensation of employees of controlled groups or affiliated service groups, rules for disabled employees, rules relating to foreign compensation,

rules regarding deemed section 125 compensation, and rules for employees in qualified military service.

(b) *Items includible as compensation.* For purposes of applying the limitations of section 415, except as otherwise provided in this section, the term *compensation* means remuneration for services of the following types—

(1) The employee's wages, salaries, fees for professional services, and other amounts received (without regard to whether or not an amount is paid in cash) for personal services actually rendered in the course of employment with the employer maintaining the plan, to the extent that the amounts are includible in gross income (or to the extent amounts deferred at the election of the employee would be includible in gross income but for the rules of section 402(e)(3), 402(h)(1)(B), 402(k), 125(a), 132(f)(4), or 457(b)). These amounts include, but are not limited to, commissions paid to salespersons, compensation for services on the basis of a percentage of profits, commissions on insurance premiums, tips, bonuses, fringe benefits, and reimbursements or other expense allowances under a nonaccountable plan as described in § 1.62-2(c).

(2) In the case of an employee who is an employee within the meaning of section 401(c)(1) and the regulations thereunder, the employee's earned income (as described in section 401(c)(2) and the regulations thereunder), plus amounts deferred at the election of the employee that would be includible in gross income but for the rules of section 402(e)(3), 402(h)(1)(B), 402(k), or 457(b).

(3) Amounts described in section 104(a)(3), 105(a), or 105(h), but only to the extent that these amounts are includible in the gross income of the employee.

(4) Amounts paid or reimbursed by the employer for moving expenses incurred by an employee, but only to the extent that at the time of the payment it is reasonable to believe that these amounts are not deductible by the employee under section 217.

(5) The value of a nonqualified option granted to an employee by the employer, but only to the extent that the value of the option is includible in the gross income of the employee for the taxable year in which granted.

(6) The amount includible in the gross income of an employee upon making the election described in section 83(b).

(c) *Items not includible as compensation.* The term *compensation* does not include—

(1) Contributions (other than elective contributions described in section

402(e)(3), section 408(k)(6), section 408(p)(2)(A)(i), or section 457(b)) made by the employer to a plan of deferred compensation (including a simplified employee pension described in section 408(k) or a simple retirement account described in section 408(p), and whether or not qualified) to the extent that the contributions are not includible in the gross income of the employee for the taxable year in which contributed. Additionally, any distributions from a plan of deferred compensation (whether or not qualified) are not considered as compensation for section 415 purposes, regardless of whether such amounts are includible in the gross income of the employee when distributed. However, if the plan so provides, any amounts received by an employee pursuant to an unfunded nonqualified plan are permitted to be considered as compensation for section 415 purposes in the year the amounts are actually received.

(2) Amounts realized from the exercise of a nonqualified option, or when restricted stock or other property held by an employee either becomes freely transferable or is no longer subject to a substantial risk of forfeiture (see section 83 and the regulations thereunder).

(3) Amounts realized from the sale, exchange, or other disposition of stock acquired under a qualified stock option.

(4) Other amounts that receive special tax benefits, such as premiums for group-term life insurance (but only to the extent that the premiums are not includible in the gross income of the employee and are not salary reduction amounts that are described in section 125).

(5) Other items of remuneration that are similar to any of the items listed in paragraphs (c)(1) through (c)(4) of this section.

(d) *Safe harbor rules with respect to plan's definition of compensation—*(1) *In general.* Paragraphs (d)(2) through (4) of this section contain safe harbor definitions of compensation that are automatically considered to satisfy section 415(c)(3) if specified in the plan. The Commissioner may, in revenue rulings, notices, and other guidance of general applicability published in the Internal Revenue Bulletin (see § 601.601(d) of this chapter), provide additional definitions of compensation that are treated as satisfying section 415(c)(3).

(2) *Simplified compensation.* The safe harbor definition of compensation under this paragraph (d)(2) includes only those items specified in paragraph (b)(1) or (2) of this section and excludes

all those items listed in paragraph (c) of this section.

(3) *Section 3401(a) wages.* The safe harbor definition of compensation under this paragraph (d)(3) includes wages within the meaning of section 3401(a) (for purposes of income tax withholding at the source), plus amounts deferred at the election of the employee that would be included in wages if not deferred pursuant to the rules of section 402(e)(3), 402(h)(1)(B), 402(k), or 457(b). However, any rules that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in section 3401(a)(2)) are disregarded for this purpose.

(4) *Information required to be reported under sections 6041, 6051 and 6052.* The safe harbor definition of compensation under this paragraph (d)(4) includes amounts that are compensation under the safe harbor definition of paragraph (d)(3) of this section, plus all other payments of compensation to an employee by his employer (in the course of the employer's trade or business) for which the employer is required to furnish the employee a written statement under sections 6041(d), 6051(a)(3), and 6052. See §§ 1.6041-1(a), 1.6041-2(a)(1), 1.6052-1, and 1.6052-2, and also see § 31.6051-1(a)(1)(i)(C) of this chapter. This safe harbor definition of compensation may be modified to exclude amounts paid or reimbursed by the employer for moving expenses incurred by an employee, but only to the extent that, at the time of the payment, it is reasonable to believe that these amounts are deductible by the employee under section 217.

(e) *Timing rules—(1) In general—(i) Payment during the limitation year.* Except as otherwise provided in this paragraph (e), in order to be taken into account for a limitation year, compensation within the meaning of section 415(c)(3) must be actually paid or made available to an employee (or, if earlier, includible in the gross income of the employee) within the limitation year. For this purpose, compensation is treated as paid on a date if it is actually paid on that date or it would have been paid on that date but for an election under section 401(k), 403(b), 408(k), 408(p)(2)(A)(i), 457(b), 132(f), or 125.

(ii) *Payment prior to severance from employment.* In order to be taken into account for a limitation year, compensation within the meaning of section 415(c)(3) must be paid or treated as paid to the employee (in accordance with the rules of paragraph (e)(1)(i) of this section) prior to severance from

employment (within the meaning of section 401(k)(2)(B)(i)(I) with the employer maintaining the plan.

(2) *Certain de minimis timing differences.* Notwithstanding the provisions of paragraph (e)(1) of this section, a plan may provide that compensation for a limitation year includes amounts earned during that limitation year but not paid during that limitation year solely because of the timing of pay periods and pay dates if—

(i) These amounts are paid during the first few weeks of the next limitation year;

(ii) The amounts are included on a uniform and consistent basis with respect to all similarly situated employees; and

(iii) No compensation is included in more than one limitation year.

(3) *Compensation paid after severance from employment—(i) In general.* Any compensation described in paragraph (e)(3)(ii) of this section that is paid within 2½ months after an employee's severance from employment does not fail to be compensation (within the meaning of section 415(c)(3)) pursuant to the rule of paragraph (e)(1)(ii) of this section merely because it is paid after the employee's severance from employment.

(ii) *Certain payments made within 2½ months after severance from employment.* The following are types of post-severance payments that are not excluded from compensation because of timing if they are paid within 2½ months following severance from employment—

(A) Payments that, absent a severance from employment, would have been paid to the employee while the employee continued in employment with the employer and are regular compensation for services during the employee's regular working hours, compensation for services outside the employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar compensation; and

(B) Payments for accrued bona fide sick, vacation, or other leave, but only if the employee would have been able to use the leave if employment had continued.

(iii) *Other post-severance payments are not compensation.* Any payment that is not described in paragraph (e)(3)(ii) of this section is not considered compensation if paid after severance from employment, even if it is paid within 2½ months following severance from employment. Thus, for example, compensation does not include amounts paid after severance from employment that are severance pay, unfunded

nonqualified deferred compensation, or parachute payments within the meaning of section 280G(b)(2).

(4) *Certain military service.* The rule of paragraph (e)(1)(ii) of this section does not apply to payments to an individual who does not currently perform services for the employer by reason of qualified military service (as that term is used in section 414(u)(1)) to the extent those payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the employer rather than entering qualified military service.

(f) *Interaction with section 401(a)(17).* Because a plan may not base allocations (in the case of a defined contribution plan) or benefit accruals (in the case of a defined benefit plan) on compensation in excess of the limitation under section 401(a)(17), a plan's definition of compensation for a limitation year that is used for purposes of applying the limitations of section 415 is not permitted to reflect compensation for a plan year that is in excess of the limitation under section 401(a)(17) that applies to that plan year.

(g) *Special rules—(1) Compensation for section 403(b) annuity contract.* In the case of an annuity contract described in section 403(b), the term *participant's compensation* means the participant's includible compensation determined under section 403(b)(3) and § 1.403(b)-2(a)(11). Accordingly, the rules for determining a participant's compensation pursuant to section 415(c)(3) (other than section 415(c)(3)(E)) and this section do not apply to a section 403(b) annuity contract.

(2) *Employees of controlled groups of corporations, etc.* In the case of an employee of two or more corporations which are members of a controlled group of corporations (as defined in section 414(b) as modified by section 415(h)), the term "compensation" for such employee includes compensation from all employers that are members of the group, regardless of whether the employee's particular employer has a qualified plan. This special rule is also applicable to an employee of two or more trades or businesses (whether or not incorporated) that are under common control (as defined in section 414(c) as modified by section 415(h)), to an employee of two or more members of an affiliated service group as defined in section 414(m), and to an employee of two or more members of any group of employers who must be aggregated and treated as one employer pursuant to section 414(o).

(3) *Aggregation of section 403(b) annuity with qualified plan of controlled employer.* If a section 403(b) annuity contract is combined or aggregated with a qualified plan of a controlled employer in accordance with § 1.415(f)-1(f)(2), then, in applying the limitations of section 415(c) in connection with the combining of the section 403(b) annuity with a qualified plan, the total compensation from both employers is permitted to be taken into account.

(4) *Permanent and total disability of defined contribution plan participant—(i) In general.* Pursuant to section 415(c)(3)(C), if the conditions set forth in paragraph (g)(4)(ii) of this section are satisfied, then, in the case of a participant in any defined contribution plan who is permanently and totally disabled (as defined in section 22(e)(3)), the *participant's compensation* means the compensation the participant would have received for the year if the participant was paid at the rate of compensation paid immediately before becoming permanently and totally disabled, if such compensation is greater than the participant's compensation determined without regard to this paragraph (g)(4).

(ii) *Conditions for deemed disability compensation.* The rule of paragraph (g)(4)(i) of this section applies only if the following conditions are satisfied—

(A) Either the participant is not a highly compensated employee (as defined in section 414(q)) immediately before becoming disabled, or the plan provides for the continuation of contributions on behalf of all participants who are permanently and totally disabled for a fixed or determinable period;

(B) The plan provides that the rule of this paragraph (g)(4) (treating certain amounts as compensation for a disabled participant) applies with respect to the participant; and

(C) Contributions made with respect to amounts treated as compensation under this paragraph (g)(4) are nonforfeitable when made.

(5) *Foreign compensation.* Compensation described in paragraphs (b)(1) and (2) of this section includes foreign earned income (as defined in section 911(b)), whether or not excludable from gross income under section 911. Compensation described in paragraph (b)(1) of this section is to be determined without regard to the exclusions from gross income in sections 931 and 933. Similar principles are to be applied with respect to income subject to sections 931 and 933 in determining compensation described in paragraph (b)(2) of this section.

(6) *Deemed section 125 compensation—(i) General rule.* A plan is permitted to provide that deemed section 125 compensation (as defined in paragraph (g)(6)(ii) of this section) is compensation within the meaning of section 415(c)(3), provided that the plan applies this rule uniformly to all employees with respect to whom amounts subject to section 125 are included in compensation.

(ii) *Definition of deemed section 125 compensation.* Deemed section 125 compensation is an amount that is excludable from the income of the participant under section 106 that is not available to the participant in cash in lieu of group health coverage under a section 125 arrangement solely because that participant is not able to certify that the participant has other health coverage. Under this definition, amounts are deemed section 125 compensation only if the employer does not otherwise request or collect information regarding the participant's other health coverage as part of the enrollment process for the health plan.

(7) *Employees in qualified military service.* See section 414(u)(7) for special rules regarding compensation of employees who are in qualified military service within the meaning of section 414(u)(5).

Par. 11. Section 1.415(d)-1 is added to read as follows:

§ 1.415(d)-1 Cost of living adjustments.

(a) *Defined benefit plans—(1) Dollar limitation—(i) Determination of adjusted limit.* Under section 415(d)(1)(A), the dollar limitation described in section 415(b)(1)(A) applicable to defined benefit plans is adjusted annually to take into account increases in the cost of living. The adjustment of the dollar limitation is made by multiplying the adjustment factor for the year, as described in paragraph (a)(1)(ii)(A) of this section, by \$160,000, and rounding the result in accordance with paragraph (a)(1)(iii) of this section. The adjusted dollar limitation is prescribed by the Commissioner and published in the Internal Revenue Bulletin. See § 601.601(d) of this chapter.

(ii) *Determination of adjustment factor—(A) Adjustment factor.* The adjustment factor for a calendar year is equal to a fraction, the numerator of which is the value of the applicable index for the calendar quarter ending September 30 of the preceding calendar year, and the denominator of which is the value of such index for the base period. The applicable index is determined consistent with the procedures used to adjust benefit

amounts under section 215(i)(2)(A) of the Social Security Act, Public Law 92-336 (86 Stat. 406), as amended. If, however, the value of that fraction is less than one for a calendar year, then the adjustment factor for the calendar year is equal to one.

(B) *Base period.* For the purpose of adjusting the dollar limitation pursuant to paragraph (a)(1)(ii)(A) of this section, the base period is the calendar quarter beginning July 1, 2001.

(iii) *Rounding.* Any increase in the \$160,000 amount specified in section 415(b)(1)(A) which is not a multiple of \$5,000 is rounded to the next lowest multiple of \$5,000.

(2) *Average compensation for high 3 years of service limitation—(i) Determination of adjusted limit.* Under section 415(d)(1)(B), with regard to participants who have separated from service with a nonforfeitable right to an accrued benefit, the compensation limitation described in section 415(b)(1)(B) is adjusted annually to take into account increases in the cost of living. For any limitation year beginning after the separation occurs, the adjustment of the compensation limitation is made by multiplying the annual adjustment factor (as defined in paragraph (a)(2)(ii) of this section) by the compensation limitation applicable to the participant in the prior limitation year. The annual adjustment factor is prescribed by the Commissioner and published in the Internal Revenue Bulletin. See § 601.601(d) of this chapter.

(ii) *Annual adjustment factor.* The annual adjustment factor for a calendar year is equal to a fraction, the numerator of which is the value of the applicable index for the calendar quarter ending September 30 of the preceding calendar year, and the denominator of which is the value of such index for the calendar quarter ending September 30 of the calendar year prior to that calendar year. The applicable index is determined consistent with the procedures used to adjust benefit amounts under section 215(i)(2)(A) of the Social Security Act. If the value of the fraction described in the first sentence of this paragraph (a)(2)(ii) is less than one for a calendar year, then the adjustment factor for the calendar year is equal to one. In such a case, the annual adjustment factor for future calendar years will be determined in accordance with revenue rulings, notices, or other published guidance prescribed by the Commissioner and published in the Internal Revenue Bulletin. See § 601.601(d) of this chapter.

(3) *Effective date of adjustment.* The adjusted dollar limitation applicable to

defined benefit plans is effective as of January 1 of each calendar year and applies with respect to limitation years ending with or within that calendar year. Benefit payments and accrued benefits for a limitation year cannot exceed the currently applicable dollar limitation (as in effect before the January 1 adjustment) prior to January 1.

(4) *Application of adjusted figure*—(i) *In general.* If the dollar limitation of section 415(b)(1)(A) or the compensation limitation of section 415(b)(1)(B) is adjusted pursuant to section 415(d) for a limitation year, the adjustment is applied as provided in this paragraph (a)(4).

(ii) *Application of adjusted limitations to benefits that have not commenced.* An adjustment to the dollar limitation of section 415(b)(1)(A) applies to any distribution of accrued benefits that did not commence before the beginning of the limitation year for which the adjustment is effective. Annual adjustments to the compensation limit of section 415(b)(1)(B) as described in paragraph (a)(2) of this section are made for all limitation years that begin after the participant's severance from employment, and apply to distributions that commence after the effective dates of such adjustments. However, no adjustment to the compensation limit of section 415(b)(1)(B) is made for any limitation year that begins on or before the date of the participant's severance from employment with the employer maintaining the plan.

(iii) *Application of adjusted dollar limitation to benefits that have commenced.* With respect to a distribution of accrued benefits that commenced before the beginning of the limitation year, a plan is permitted to apply the adjusted limitations to that distribution, but only to the extent that benefits have not been paid. Thus, for example, a plan cannot provide that the adjusted dollar limitation applies to a participant who has previously received the entire plan benefit in a single-sum distribution. However, a plan can provide for an increase in benefits to a participant who accrues additional benefits under the plan that could have been accrued without regard to the adjustment of the dollar limitation (including benefits that accrue as a result of a plan amendment) on or after the effective date of the adjusted limitation.

(iv) *Manner of adjustment for benefits that have commenced.* If a plan adjusts benefits to reflect increases in the applicable limitations pursuant to section 415(d) for a limitation year after the limitation year during which

payment of the benefit commenced using the safe harbor methodology described in paragraph (a)(5) of this section, the distribution will be treated as continuing to satisfy the requirements of section 415(b). If a plan adjusts benefits to reflect increases in the applicable limitations pursuant to section 415(d) for a limitation year after the limitation year during which payment of the benefit commenced in a manner other than the manner described in paragraph (a)(5) of this section, the plan must satisfy the requirements of § 1.415(b)-2, treating the commencement of the additional benefit as the commencement of a new distribution that gives rise to a new annuity starting date.

(5) *Safe harbor for adjustments to benefit payments resulting from cost-of-living adjustments.* An adjustment to a distribution that is made on account of an increase to the applicable limits pursuant to section 415(d) is made using the safe harbor methodology of this paragraph (a)(5) if—

(i) The participant has received one or more distributions that satisfy the requirements of section 415(b) before the date the increase to the applicable limits is effective;

(ii) The adjusted distribution is solely as a result of the application of the increase to the applicable limits pursuant to section 415(d); and

(iii) The amount payable to the employee for the limitation year and subsequent limitation years is not greater than the amounts that would otherwise be payable without regard to the adjustment, multiplied by a fraction, the numerator of which is the limitation under section 415(b) (*i.e.*, the lesser of the applicable dollar limitation under section 415(b)(1)(A), as adjusted for age at commencement, and the applicable compensation-based limitation under section 415(b)(1)(B)) in effect for the distribution following the section 415(d) increase, and the denominator of which is such limitation under section 415(b) in effect for the distribution immediately before the increase.

(6) *Examples.* The following examples illustrate the application of this paragraph (a):

Example 1. (i) X is a participant in a qualified defined benefit plan maintained by X's employer. The plan has a calendar year limitation year. Under the terms of the plan, X is entitled to a benefit consisting of a straight life annuity equal to 100% of X's average compensation for the period of X's high 3 years of service, adjusted as of January 1 of each calendar year for increases in the consumer price index. The plan provides that the annual increases in both the dollar limit of section 415(b)(1)(A) and the compensation

limit under section 415(b)(1)(B) pursuant to section 415(d) apply to participants who have commenced receiving benefits under the plan at the earliest time at which that increase is permitted to become effective. X's average compensation for X's high 3 years is \$50,000. X separates from the service of his employer on October 3, 2006, at age 65 with a nonforfeitable right to the accrued benefit after more than 10 years of service with the employer and more than 10 years of participation in the plan. X begins to receive annual benefit payments (payable monthly) of \$50,000, commencing on November 1, 2006. It is assumed for purposes of this *Example 1* that the dollar limitation for 2006 (as adjusted pursuant to section 415(d)) is \$170,000, that the dollar limitation for 2007 (as adjusted pursuant to section 415(d)) is \$175,000, and that the annual adjustment factor for adjusting the limitation of section 415(b)(1)(B) for 2007 is 1.0220.

(ii) For the limitation year beginning January 1, 2007, the dollar limit applicable to X under section 415(b)(1)(A) is \$175,000, and the compensation limit applicable to X under section 415(b)(1)(B) is \$51,100 (\$50,000 multiplied by the annual adjustment factor of 1.0220). Accordingly, the adjustment to X's benefit satisfies the safe harbor for cost-of-living adjustments under paragraph (a)(5) of this section if, after the adjustment, X's benefit payable in 2007 is no greater than \$50,000 multiplied by \$51,100 (X's section 415(b) limitation for 2006)/\$50,000 (X's section 415(b) limitation for 2007).

Example 2. (i) The facts are the same as in *Example 1* except that X's average compensation for the period of X's high 3 consecutive years of service is \$200,000. Consequently, X's annual benefit payments commencing on November 1, 2006, are limited to \$170,000.

(ii) For the limitation year beginning January 1, 2007, the dollar limit applicable to X under section 415(b)(1)(A) is \$175,000, and the compensation limit applicable to X under section 415(b)(1)(B) is \$204,400 (\$200,000 multiplied by the annual adjustment factor of 1.0220). Accordingly, the adjustment to X's benefit satisfies the safe harbor for cost-of-living adjustments under paragraph (a)(5) of this section if, after the adjustment, X's benefit payable in 2007 is no greater than \$170,000 multiplied by \$204,400 (X's section 415(b) limitation for 2006)/\$170,000 (X's section 415(b) limitation for 2007).

(b) *Defined contribution plans*—(1) *In general.* Under section 415(d)(1)(C), the dollar limitation described in section 415(c)(1)(A) is adjusted annually to take into account increases in the cost of living. The adjusted dollar limitation is prescribed by the Commissioner and published in the Internal Revenue Bulletin. See § 601.601(d) of this chapter.

(2) *Determination of adjusted limit*—(i) *Base period.* The base period taken into account for purposes of adjusting the dollar limitation pursuant to paragraph (b)(2)(ii) of this section is the calendar quarter beginning July 1, 2001.

(ii) *Method of adjustment*—(A) *In general.* The dollar limitation is

adjusted with respect to a calendar year based on the increase in the applicable index for the calendar quarter ending September 30 of the preceding calendar year over such index for the base period. Adjustment procedures similar to the procedures used to adjust benefit amounts under section 215(i)(2)(A) of the Social Security Act will be used.

(B) *Rounding.* Any increase in the \$40,000 amount specified in section 415(c)(1)(A) which is not a multiple of \$1,000 shall be rounded to the next lowest multiple of \$1,000.

(iii) *Effective date of adjustment.* The adjusted dollar limitation applicable to defined contribution plans is effective as of January 1 of each calendar year and applies with respect to limitation years ending with or within that calendar year. Annual additions for a limitation year cannot exceed the currently applicable dollar limitation (as in effect before the January 1 adjustment) prior to January 1. However, after a January 1 adjustment is made, annual additions for the entire limitation year are permitted to reflect the dollar limitation as adjusted on January 1.

(c) *Application of rounding rules to other cost-of-living adjustments.* Pursuant to section 415(d)(4)(A), the \$5,000 rounding methodology of paragraph (a)(1)(iii) of this section is used for purposes of any provision of chapter 1 of subtitle A of the Internal Revenue Code that provides for adjustments in accordance with section 415(d), except to the extent provided by that provision. Thus, the \$5,000 rounding methodology of paragraph (a)(1)(iii) of this section is used for purposes of—

(1) Determining the level of compensation specified in section 414(q)(1)(B) that is used to determine whether an employee is a highly compensated employee;

(2) Calculating the amounts used pursuant to section 409(o)(1)(C) to determine the maximum period over which distributions from an employee stock ownership plan may be made without participant consent; and

(3) Determining the levels of compensation specified in § 1.61-21(f)(5)(i) and (iii) used in determining whether an employee is a control employee of a nongovernmental employer for purposes of the commuting valuation rule of § 1.61-21(f).

(d) *Implementation of cost-of-living adjustments.* A plan is permitted to be amended to reflect any of the adjustments described in this section at any time after those limitations become applicable. Alternatively, a plan is

permitted to incorporate any of the adjustments described in this section by reference in accordance with the rules of § 1.415(a)-1(d)(3)(v). Because the accrued benefit of a participant can reflect increases in the applicable limitations only after those increases become effective, a pattern of repeated plan amendments increasing annual benefits to reflect the increases in the section 415(b) limitations pursuant to section 415(d) does not result in any protection under section 411(d)(6) for future increases to reflect increases in the section 415(b) limitations pursuant to § 1.411(d)-4, Q&A-1(c)(1). Thus, a plan does not violate the requirements of section 411(d)(6) merely because the plan has been amended annually for a number of years to increase annual benefits to reflect the increases in the section 415(b) limitations pursuant to section 415(d) and subsequently is not amended to reflect later increases in the section 415(b) limitations.

Par. 12. Section 1.415(f)-1 is added to read as follows:

§ 1.415(f)-1 Combining and aggregating plans.

(a) *In general.* Under section 415(f) and this section, except as provided in paragraph (g) of this section (regarding multiemployer plans), for purposes of applying the limitations of section 415(b) and (c) applicable to a participant for a particular limitation year—

(1) All defined benefit plans (without regard to whether a plan has been terminated) ever maintained by the employer (or a predecessor employer within the meaning of paragraph (c) of this section) under which the participant has ever accrued a benefit are treated as one defined benefit plan,

(2) All defined contribution plans (without regard to whether a plan has been terminated) ever maintained by the employer (or a predecessor employer within the meaning of paragraph (c) of this section) under which the participant receives annual additions are treated as one defined contribution plan; and

(3) All section 403(b) annuity contracts purchased by an employer (including plans purchased through salary reduction contributions) for the participant are treated as one section 403(b) annuity contract.

(b) *Affiliated employers, affiliated service groups, and leased employees.* See § 1.415(a)-1(f)(1) and (2) for rules regarding aggregation of employers in the case of affiliated employers and affiliated service groups. See § 1.415(a)-1(f)(3) for rules regarding the treatment of leased employees.

(c) *Predecessor employer.* For purposes of section 415 and the regulations thereunder, a former employer is a predecessor employer with respect to a participant in a plan maintained by an employer if the employer maintains a plan under which the participant had accrued a benefit while performing services for the former employer, but only if that benefit is provided under the plan maintained by the employer. In addition, with respect to an employer of a participant, a former entity that antedates the employer is a predecessor employer with respect to the participant if, under the facts and circumstances, the employer constitutes a continuation of all or a portion of the trade or business of the former entity. This will occur, for example, where formation of the employer constitutes a mere formal or technical change in the employment relationship and continuity otherwise exists in the substance and administration of the business operations of the former entity and the employer.

(d) *Annual compensation taken into account where employer maintains more than one defined benefit plan—(1) Determination of high 3 years of compensation.* If two or more defined benefit plans are aggregated under section 415(f) and this section for a particular limitation year, in applying the defined benefit compensation limitation (as described in section 415(b)(1)(B)) to the annual benefit of a participant under the aggregated plans, the participant's average compensation for the participant's high 3 years of service is determined in accordance with § 1.415(c)-2(g)(2), and includes compensation for all years in which the participant was an active participant in any of the aggregated plans.

(2) *Requirement of independent satisfaction of compensation limit.* If two or more defined benefit plans are aggregated under section 415(f) and this section for a particular limitation year, then, pursuant to section 415(f)(1)(B), each such plan must also satisfy the compensation limit of section 415(b)(1)(B) on a separate basis, determining each participant's average compensation for the participant's high 3 years of service using only compensation with respect to periods of active participation in that separate plan.

(e) *Years of participation and service taken into account where employer maintains more than one defined benefit plan at different times—(1) Determination of years of participation.* If two or more defined benefit plans are aggregated under section 415(f) and this section for a particular limitation year,

in applying the reduction for participation of less than ten years (as described in section 415(b)(5)(A)) to the dollar limitation under section 415(b)(1)(A), time periods that are counted as years of participation under any of the plans are counted in computing the limitation of the combined plans under this section.

(2) *Determination of years of service.* If two or more defined benefit plans are aggregated under section 415(f) and this section for a particular limitation year, in applying the reduction for service of less than ten years (as described in section 415(b)(5)(B)) to the compensation limitation under section 415(b)(1)(B), time periods that are counted as years of service under any of the plans are counted in computing the limitation of the combined plans under this section.

(f) *Previously unaggregated plans—(1) In general.* This paragraph (f) provides rules for those situations in which two or more existing plans, which previously were not required to be aggregated pursuant to section 415(f) and this section, are aggregated during a particular limitation year and, as a result, the limitations of section 415(b) or (c) are exceeded for that limitation year. Paragraph (f)(2) of this section provides rules for defined contribution plans that are first required to be aggregated pursuant to section 415(f) and this section in a plan year. Paragraph (f)(3) of this section provides rules for defined benefit plans that are first required to be aggregated pursuant to section 415(f) and this section, and for defined benefit plans under which a participant's benefit is frozen following aggregation.

(2) *Defined contribution plans.* Two or more defined contribution plans that are not required to be aggregated pursuant to section 415(f) and this section as of the first day of a limitation year do not fail to satisfy the requirements of section 415 with respect to a participant for the limitation year merely because they are aggregated later in that limitation year, provided that no annual additions are credited to the participant's account after the date on which the plans are required to be aggregated.

(3) *Defined benefit plans—(i) First year of aggregation.* Two or more defined benefit plans that are not required to be aggregated pursuant to section 415(f) and this section as of the first day of a limitation year do not fail to satisfy the requirements of section 415 for the limitation year merely because they are aggregated later in that limitation year, provided that no plan amendments increasing benefits with

respect to the participant under either plan are made after the occurrence of the event causing the plan to be aggregated.

(ii) *All years of aggregation in which accrued benefits are frozen.* Two or more defined benefit plans that are required to be aggregated pursuant to section 415(f) and this section during a limitation year subsequent to the limitation year during which the plans were first aggregated do not fail to satisfy the requirements of section 415 with respect to a participant for the limitation year merely because they are aggregated if there have been no increases in the participant's accrued benefit derived from employer contributions (including increases as a result of increased compensation or service) under any of the plans within the period during which the plans have been aggregated.

(g) *Section 403(b) annuity contracts—(1) In general.* In the case of a section 403(b) annuity contract, except as provided in paragraph (g)(2) of this section, the participant on whose behalf the annuity contract is purchased is considered for purposes of section 415 to have exclusive control of the annuity contract. Accordingly, except as provided in paragraph (g)(2) of this section, the participant, and not the participant's employer who purchased the section 403(b) annuity contract, is deemed to maintain the annuity contract, and such a section 403(b) annuity contract is not aggregated with a qualified plan that is maintained by the participant's employer.

(2) *Special rules under which the employer is deemed to maintain the annuity contract—(i) In general.* Where a participant on whose behalf a section 403(b) annuity contract is purchased is in control of any employer for a limitation year as defined in paragraph (g)(2)(ii) of this section (regardless of whether the employer controlled by the participant is the employer maintaining the section 403(b) annuity contract), the annuity contract for the benefit of the participant is treated as a defined contribution plan maintained by both the controlled employer and the participant for that limitation year. Accordingly, where a participant on whose behalf a section 403(b) annuity contract is purchased is in control of any employer for a limitation year, the section 403(b) annuity contract is aggregated with all other defined contribution plans maintained by that employer. In addition, in such a case, the section 403(b) annuity contract is aggregated with all other defined contribution plans maintained by the employee or any other employer that is

controlled by the employee. Thus, for example, if a doctor is employed by a non-profit hospital to which section 501(c)(3) applies and which provides him with a section 403(b) annuity contract, and the doctor also maintains a private practice as a shareholder owning more than 50% of a professional corporation, then any qualified defined contribution plan of the professional corporation must be combined with the section 403(b) annuity contract for purposes of applying the limitations of section 415(c) and § 1.415(c)-1. For purposes of this paragraph (g)(2), it is immaterial whether the section 403(b) annuity contract is purchased as a result of a salary reduction agreement between the employer and the participant.

(ii) *Definition of control.* For purposes of paragraph (g)(2)(i) of this section, a participant is in control of an employer for a limitation year if, pursuant to paragraph (b) of this section, a plan maintained by that employer would have to be aggregated with a plan maintained by an employer that is 100% owned by the participant. Thus, for example, if a participant owns 60% of the common stock of a corporation, the participant is considered to be in control of that employer for purposes of applying paragraph (g)(2)(i) of this section.

(3) *Aggregation of section 403(b) annuity with qualified plan of controlled employer.* If a section 403(b) annuity contract is combined or aggregated with a qualified plan of a controlled employer in accordance with paragraph (g)(2) of this section, the plans must satisfy the limitations of section 415(c) both separately and in combination. In applying separately the limitations of section 415 to the qualified plan and to the section 403(b) annuity, compensation from the controlled employer may not be aggregated with compensation from the employer purchasing the section 403(b) annuity (i.e., without regard to § 1.415(c)-2(g)(3)).

(h) *Multiemployer plans—(1) Multiemployer plan combined with another multiemployer plan.* Pursuant to section 415(f)(3)(B), multiemployer plans, as defined in section 414(f), are not aggregated with other multiemployer plans for purposes of applying the limits of section 415.

(2) *Multiemployer plan combined with other plan—(i) Aggregation only for benefits provided by the employer.* Notwithstanding the rule of § 1.415(a)-1(e), a multiemployer plan is permitted to provide that only the benefits under that multiemployer plan that are provided by an employer are aggregated with benefits under plans maintained by

that employer that are not multiemployer plans. If the multiemployer plan so provides then, where an employer maintains both a plan which is not a multiemployer plan and a multiemployer plan, only the benefits under the multiemployer plan that are provided by the employer are aggregated with benefits under the employer's plans other than multiemployer plans (in lieu of including benefits provided by all employers under the multiemployer plan pursuant to the generally applicable rule of § 1.415(a)-1(e)).

(ii) *Nonapplication of aggregation for purposes of applying section 415(b)(1)(B) compensation limit.* Pursuant to section 415(f)(3)(A), a multiemployer plan is not combined or aggregated with any other plan that is not a multiemployer plan for purposes of applying the compensation limit of section 415(b)(1)(B) and § 1.415(b)-1(a)(1)(ii).

(i) [Reserved]

(j) *Special rules for combining certain plans, etc.* If a plan, annuity contract or arrangement is subject to a special limitation in addition to, or instead of, the regular limitations described in section 415(b) or (c), and is combined under this section with a plan which is subject only to the regular section 415(b) or (c) limitations, the following rules apply—

(1) Each plan, annuity contract or arrangement which is subject to a special limitation must meet its own applicable limitation and each plan subject to the regular limitations of section 415 must meet its applicable limitation.

(2) The combined limitation is the larger of the applicable limitations.

(k) *Examples.* The following examples illustrate the rules of this section:

Example 1. (i) M is an employee of ABC Corporation and XYZ Corporation. ABC maintains a qualified defined benefit plan and a qualified defined contribution plan in which M participates and XYZ maintains a qualified defined benefit plan and a qualified defined contribution plan in which M participates. ABC Corporation owns 60% of XYZ Corporation.

(ii) ABC Corporation and XYZ Corporation are members of a controlled group of corporations within the meaning of section 414(b) as modified by section 415(h). Because ABC Corporation and XYZ Corporation are members of a controlled group of corporations within the meaning of section 414(b) as modified by section 415(h), M is treated as being employed by a single employer.

(iii) The sum of M's annual benefit under the defined benefit plan maintained by ABC and M's annual benefit under the defined benefit plan maintained by XYZ is not permitted to exceed the limitations of section

415(b) and § 1.415(b)-1; and the sum of the annual additions to M's account under the defined contribution plans maintained by ABC and XYZ may not exceed the limitations of section 415(c) and § 1.415(c)-1. For purposes of satisfying the requirements of section 415 on this aggregated basis, M's compensation from both ABC and XYZ is taken into account and years of service and participation under either defined benefit plan are used.

(iv) M's annual benefit under the defined benefit plan maintained by ABC and M's annual benefit under the defined benefit plan maintained by XYZ also must be within the limitations of section 415(b) and § 1.415(b)-1, determined without regard to the aggregation of employers (i.e., by taking into account only compensation and years of service and participation for the respective employers).

Example 2. (i) N is employed by a hospital which purchases an annuity contract described in section 403(b) on N's behalf for the current limitation year. N is in control of the hospital within the meaning of section 414(b) or (c), as modified by section 415(h). The hospital also maintains a qualified defined contribution plan during the current limitation year in which N participates.

(ii) Under section 415(k)(4), the hospital, as well as N, is considered to maintain the annuity contract. Accordingly, the sum of the annual additions under the qualified defined contribution plan and the annuity contract must satisfy the limitations of section 415(c) and § 1.415(c)-1.

Example 3. (i) The facts are the same as in *Example 2*, except that instead of being in control of the hospital, N is the 100% owner of a professional corporation P, which maintains a qualified defined contribution plan in which N participates.

(ii) Under section 415(k)(4), the hospital, as well as N, is considered to maintain the annuity contract. Accordingly, the sum of the annual additions under the qualified defined contribution plan maintained by professional corporation P and the annuity contract must satisfy the limitations of section 415(c) and § 1.415(c)-1. See § 1.415(g)(1)(c)(2) for an example of the treatment of a contribution to an annuity contract that exceeds the limits of section 415(c) by reason of the aggregation required by this section.

Example 4. (i) J is an employee of two corporations, N and M, each of which has employed J for more than 10 years. N and M are not required to be aggregated pursuant to section 415(f) and this section. Each corporation has a qualified defined benefit plan in which J has participated for more than 10 years. Each plan provides a benefit which is equal to 75% of a participant's average compensation for his high 3 years of service and is payable in the form of a straight life annuity beginning at age 65. J's average compensation (within the meaning of § 1.415(c)-2) for his high three years of service from each corporation is \$160,000. Each plan uses the calendar year for the limitation and plan year. In July 2007, N Corporation becomes a wholly owned subsidiary of M Corporation.

(ii) As a result of the acquisition of N Corporation by M Corporation, J is treated as being employed by a single employer under

section 414(b). Therefore, because section 415(f)(1)(A) requires that all defined benefit plans of an employer be treated as one defined benefit plan, the two plans must be aggregated for purposes of applying the limitations of section 415. However, under paragraph (f)(3)(i) of this section, since the plans were not aggregated as of the first day of the 2007 limitation year (January 1, 2007), they will not be considered aggregated until the limitation year beginning January 1, 2008.)

(iii) As a result of such aggregation, J becomes entitled to a combined benefit which is equal to \$240,000, which is in excess of the section 415(b) dollar limitation for 2005 of \$170,000. However, under paragraph (f)(3)(ii) of this section, the limitations of section 415(b) and § 1.415(b)-1 applicable to J may be exceeded in this situation without plan disqualification so long as J's accrued benefit derived from employer contributions is not increased (i.e., does not increase on account of increased compensation, service, or other accruals) during the period within which the limitations are being exceeded.

Example 5. (i) A, age 30, owns all of the stock of X Corporation and also owns 10% of the stock of Z Corporation. F, A's father, directly owns 75% of the stock of Z Corporation. Both corporations have qualified defined contribution plans in which A participates and both plans use the calendar year for the limitation and plan year. A's compensation (within the meaning of § 1.415(c)-2) for 2007 is \$20,000 from Z Corporation and \$150,000 from X Corporation. During the period January 1, 2007 through June 30, 2007, annual additions of \$20,000 are credited to A's account under the plan of Z Corporation, while annual additions of \$40,000 are credited to A's account under the plan of X Corporation. In both instances, the amount of annual additions represent the maximum allowable under section 415(c) and § 1.415(c)-1. On July 15, 2007, F dies, and A inherits all of F's stock in Z in 2007.

(ii) As of July 15th 2007, A is considered to be in control of X and Z Corporations, and the two plans must be aggregated for purposes of applying the limitations of section 415. However, even though A's total annual additions for 2007 are \$60,000, the limitations of section 415(c) and § 1.415(c)-1 are not violated for 2007, provided no annual additions are credited to A's accounts after July 15, 2007 (the date that A is first in control of Z).

Example 6. (i) P is a key employee of employer XYZ who participates in a qualified defined contribution plan with (Plan X) a calendar year limitation year. P is also provided post-retirement medical benefits, and XYZ has taken into account a reserve for those benefits under section 419A(c)(2). In 2007, P's compensation is \$30,000 and P's annual additions under Plan X are \$5,000. Pursuant to section 419A(d), a separate account is maintained for P and that account is credited with an allocation of \$32,000 for 2007.

(ii) Under paragraph (j)(1) of this section, Plan X and the individual medical account must separately satisfy the requirements of

section 415(c), taking into account any special limit applicable to that arrangement. In this case, the contributions to Plan X separately satisfy the limitations of section 415(c). The individual medical account is not subject to the 100% of compensation limit of section 415(c), so the contributions to that account satisfy the limitations of section 415(c).

(iii) The sum of the annual additions under Plan X and the amounts contributed to the separate account on P's behalf must satisfy the requirements of section 415(c). Under paragraph (j)(2) of this section, the limit applicable to the combined plan is equal to the greater of the limits applicable to the separate plan. In this case, the limit applicable to the medical account is \$40,000 (which is greater than the limit of \$30,000 applicable to the qualified plan), so the limit that applies to the aggregated plan is \$40,000 and the aggregated plans satisfy the requirements of section 415.

Par. 13. Section 1.415(g)-1 is added to read as follows:

§ 1.415(g)-1 Disqualification of plans and trusts.

(a) *Disqualification of plans—(1) In general.* Under section 415(g) and this section, with respect to a particular limitation year, a plan (and the trust forming part of the plan) is disqualified in accordance with the rules provided in paragraph (b) of this section, if the conditions described in paragraph (a)(2) or (a)(3) of this section apply. For purposes of this paragraph (a), the determination of whether a plan or a combination of plans exceeds the limitations imposed by section 415 for a particular limitation year is, except as otherwise provided, made by taking into account the aggregation of plan rules provided in sections 415(f) and § 1.414(f)-1.

(2) *Defined contribution plans.* A plan is disqualified in accordance with the rules provided in paragraph (b) of this section if annual additions (as defined in § 1.415(c)-1(b)) with respect to the account of any participant in a defined contribution plan maintained by the employer exceed the limitations of section 415(c) and § 1.415(c)-1.

(3) *Defined benefit plans.* A plan is disqualified in accordance with the rules provided in paragraph (b) of this section if the annual benefit (as defined in § 1.415(b)-1(b)(1), taking into account the rules of § 1.415(b)-2) of a participant in a defined benefit plan maintained by the employer exceeds the limitations of section 415(b) and § 1.415(b)-1.

(b) *Rules for disqualification of plans and trusts—(1) In general.* If any plan (including a trust which forms part of such plan) is disqualified for a particular limitation year under the rules set forth in this paragraph (b), then the disqualification is effective as of the

first day of the first plan year containing any portion of the particular limitation year.

(2) *Single plan.* In the case of a single qualified defined benefit plan (determined without regard to section 415(f) and § 1.415(f)-1) maintained by the employer that provides an annual benefit (as defined in § 1.415(b)-1(b)(1), taking into account the rules of § 1.415(b)-2) in excess of the limitations of section 415(b) and § 1.415(b)-1 for any particular limitation year, such plan is disqualified in that limitation year. Similarly, if the employer only maintains a single defined contribution plan (determined without regard to section 415(f) and § 1.415(f)-1) under which annual additions (as defined in § 1.415(c)-1(b)) allocated to the account of any participant exceed the limitations of section 415(c) and § 1.415(c)-1 for any particular limitation year, such plan is also disqualified in that limitation year.

(3) *Multiple plans—(i) In general.* If the limitations of section 415(b) and § 1.415(b)-1 (taking into account the rules of § 1.415(b)-2), or section 415(c) and § 1.415(c)-1 are exceeded for a particular limitation year with respect to any participant solely because of the application of the aggregation rules of section 415(f)(1) and § 1.415(f)-1 or section 414(b) or (c), as modified by section 415(h), then one or more of the plans is disqualified in accordance with the ordering rules set forth in paragraphs (b)(3)(ii) of this section, applied in accordance with the rules of application set forth in paragraph (b)(3)(iii) of this section, subject to the special rules set forth in paragraph (b)(3)(iv) of this section, until, without regard to annual benefits or annual additions under the disqualified plan or plans, the remaining plans satisfy the applicable limitations of section 415.

(ii) *Ordering rules—(A) Disqualification of ongoing plans other than multiemployer plans.* If there are two or more plans that have not been terminated at any time including the last day of the particular limitation year, and if one or more of those plans is a multiemployer plan described in section 414(f), then one or more of the plans (as needed to satisfy the limitations of section 415) that has not been terminated and is not a multiemployer plan is disqualified in that limitation year. For purposes of the preceding sentence, the determination of whether a plan is a multiemployer plan described in section 414(f) is made as of the last day of the particular limitation year.

(B) *Disqualification of ongoing multiemployer plans.* If, after the

application of paragraph (b)(3)(ii)(A) of this section, there are two or more plans and one or more of the plans has been terminated at any time including the last day of the particular limitation year, then one or more of the plans (as needed to satisfy the applicable limitations of section 415) that has not been so terminated (regardless of whether the plan is a multiemployer plan described in section 414(f)) is disqualified in that limitation year.

(iii) *Rules of application—(A) Employer elects which plan is disqualified.* If there are two or more plans of an employer within a group of plans one or more of which is to be disqualified pursuant to paragraph (b)(3)(ii)(A) or (B) of this section, then the employer may elect, in a manner determined by the Commissioner, which plan or plans are disqualified. If those two or more plans are involved because of the application of section 414(b) or (c), as modified by section 415(h), the employers of the controlled group may elect, in a manner determined by the Commissioner, which plan or plans are disqualified. However, the election described in the preceding sentence is not effective unless made by all of the employers within the controlled group.

(B) *Commissioner determines which plan is disqualified.* If the election described in paragraph (b)(3)(iii)(A) of this section is not made with respect to the two plans described in paragraph (b)(3)(iii)(A) of this section, then the Commissioner, taking into account all of the facts and circumstances, has the discretion to determine the plan that is disqualified in the particular limitation year. In making this determination, some of the factors that will be taken into account include, but are not limited to, the number of participants in each plan, the amount of benefits provided on an overall basis by each plan, and the extent to which benefits are distributed or retained in each plan.

(iv) *Special rules—(A) Simplified employee pensions (SEPs).* If there are two or more plans one or more of which is to be disqualified pursuant to paragraph (b)(3)(ii)(A) or (B) of this section, and if one of the plans is a simplified employee pension (as defined in section 408(k)), then the simplified employee pension is not disqualified until all of the other plans have been disqualified. However, if one of the plans has been terminated, then the simplified employee pension is disqualified before the terminated plan. For purposes of this paragraph (b)(3)(iv)(A), the disqualification of a simplified employee pension means that

the simplified employee pension is no longer described under section 408(k).

(B) *Combining medical accounts with defined contribution plans.* In the event that combining a medical account described in § 1.415(c)-1(a)(2)(ii)(C) or (D) and a defined contribution plan other than such a medical account causes the limitations of section 415(c) and § 1.415(c)-1 applicable to a participant to be exceeded for a particular limitation year, the defined contribution plan other than the medical account is disqualified for the limitation year.

(C) *Combining section 403(b) annuity contract and qualified defined contribution plan—(1) In general.* In the event that combining a section 403(b) annuity contract and a qualified defined contribution plan under the provisions of section 415(f)(1)(B) causes the limitations of section 415(c) and § 1.415(c)-1 applicable to a participant under the combined defined contribution plans to be exceeded for a particular limitation year, the excess of the contributions to the annuity contract plus the annual additions to the plan over such limitations is treated as a disqualified contribution to the annuity contract and therefore includable in the gross income of the participant for the taxable year with or within which that limitation year ends. See § 1.415(a)-1(b)(2) and § 1.403(b)-3(b)(2) for rules regarding the treatment of a contribution to a section 403(b) annuity contract that exceeds the limitations of section 415.

(2) *Example.* The following example illustrates the application of this paragraph (b)(3)(iv)(C). It is assumed for purposes of this example that the dollar limitation under section 415(c)(1)(A) that applies for all relevant limitation years is \$42,000. The example is as follows:

Example. (i) N is employed by a hospital which purchases an annuity contract described in section 403(b) on N's behalf for the current limitation year. N is also the 100% owner of a professional corporation P that maintains a qualified defined contribution plan during the current limitation year in which N participates. (The facts of this example are the same as in *Example 3* of § 1.415(f)-1(k)). N's compensation (within the meaning of § 1.415(c)-2) from the hospital for the current limitation year is \$150,000. For the current limitation year, the hospital contributes \$30,000 for the section 403(b) annuity contract on N's behalf, which is within the limitations applicable to N under the annuity contract (i.e., \$42,000). Professional corporation P also contributes \$30,000 to the qualified defined contribution plan on N's behalf for the current limitation year (which represents the only annual additions allocated to N's account under the plan for such year), which is within the

\$42,000 limitation of section 415(c)(1) applicable to N under the plan.

(ii) Under section 415(k)(4), the hospital, as well as N, is considered to maintain the annuity contract. Accordingly, the sum of the annual additions under the qualified defined contribution plan maintained by professional corporation P and the annuity contract must satisfy the limitations of section 415(c) and § 1.415(c)-1.

(iii) Because the total combined contributions (\$60,000) exceed the section 415(c) limitation applicable to N under the plan (\$42,000), under the special rules contained in this paragraph (b)(3)(iv)(C), \$20,000 of the \$30,000 contributed to the section 403(b) annuity contract is considered a disqualified contribution and therefore currently includable in N's gross income. The contract continues to be a section 403(b) annuity contract only if, for the current limitation year and all years thereafter, the issuer of the contract maintains separate accounts for each portion attributable to such disqualified contributions. See §§ 1.415(a)-1(b)(2) and 1.403(b)-3(c)(3).

(c) *Plan year for certain annuity contracts and individual retirement plans.* For purposes of this section, unless the plan under which the annuity contract or individual retirement plan is provided specifies that a different twelve-month period is considered to be the plan year—

(1) An annuity contract described in section 403(b) is considered to have a plan year coinciding with the taxable year of the individual on whose behalf the contract has been purchased; and

(2) A simplified employee pension described in section 408(k) is considered to have a plan year coinciding with the year under the plan that is used pursuant to section 408(k)(7)(C).

Par. 14. Section 1.415(j)-1 is added to read as follows:

§ 1.415(j)-1 Limitation year.

(a) *In general.* Unless the terms of a plan provide otherwise, the limitation year, with respect to any qualified plan maintained by the employer, is the calendar year.

(b) *Alternative limitation year election.* The terms of a plan may provide for the use of any other consecutive twelve month period as the limitation year. This includes a fiscal year with an annual period varying from 52 to 53 weeks, so long as the fiscal year satisfies the requirements of section 441(f). A plan may only provide for one limitation year regardless of the number or identity of the employers maintaining the plan.

(c) *Multiple limitation years—(1) In general.* Where an employer maintains more than one qualified plan, those plans may provide for different limitation years. The rule described in

this paragraph (c) also applies to a controlled group of employers (within the meaning of section 414(b) or (c), as modified by section 415(h)). If the plans of an employer (or a controlled group of employers whose plans are aggregated) have different limitation years, section 415 is applied in accordance with the rule of paragraphs (c)(2) and (3) of this section.

(2) *Testing rule for defined contribution plans.* If a participant is credited with annual additions in only one defined contribution plan, in determining whether the requirements of section 415(c) are satisfied, only the limitation year applicable to that plan is considered. However, if a participant is credited with annual additions in more than one defined contribution plan, each such plan satisfies the requirements of section 415(c) only if the limitations of section 415(c) are satisfied with respect to amounts that are annual additions for the limitation year with respect to the participant under the plan, plus amounts credited to the participant's account under all other plans required to be aggregated with the plan pursuant to section 415(f) and § 1.415(f)-1 that would have been considered annual additions for the limitation year under the plan if they had been credited under the plan rather than an aggregated plan.

(3) *Testing rule for defined benefit plans.* If a participant accrues a benefit or receives a distribution under only one defined benefit plan, in determining whether the requirements of section 415(b) are satisfied, only the limitation year applicable to that plan is considered. However, if a participant accrues a benefit or receives a distribution under more than one defined benefit plan, a plan satisfies the requirements of section 415(b) only if the annual benefit under all plans required to be aggregated pursuant to section 415(f) and § 1.415(f)-1 for the limitation year of that plan with respect to the participant satisfy the applicable limitations of section 415(b). Thus, for example, the dollar limitation of section 415(b)(1)(A) applicable to the limitation year for each plan must be applied to annual benefits under all aggregated plans to determine whether the plan satisfies the requirements of section 415(b).

(d) *Change of limitation year—(1) In general.* Once established, the limitation year may be changed only by amending the plan. Any change in the limitation year must be a change to a twelve-month period commencing with any day within the current limitation year. For purposes of this section, the limitations of section 415 are to be

applied in the normal manner to the new limitation year.

(2) *Application to short limitation period.* Where there is a change of limitation year, the limitations of section 415 are to be separately applied to a "limitation period" which begins with the first day of the current limitation year and which ends on the day before the first day of the first limitation year for which the change is effective. In the case of a defined contribution plan, the dollar limitation with respect to this limitation period is determined by multiplying the applicable dollar limitation for the calendar year in which the limitation period ends by a fraction, the numerator of which is the number of months (including any fractional parts of a month) in the limitation period, and the denominator of which is 12.

(e) *Limitation year for individuals on whose behalf section 403(b) annuity contracts have been purchased.* The limitation year of an individual on whose behalf a section 403(b) annuity contract has been purchased by an employer is determined in the following manner.

(1) If the individual is not in control (within the meaning of § 1.415(f)-1(g)(2)(ii)) of any employer, the limitation year is the calendar year. However, the individual may elect to change the limitation year to another twelve-month period. To do this, the individual must attach a statement to his or her income tax return filed for the taxable year in which the change is made. Any change in the limitation year must comply with the rules set forth in paragraph (d) of this section.

(2) If the individual is in control (within the meaning of § 1.415(f)-1(g)(2)(ii)) of an employer, the limitation year is to be the limitation year of that employer.

(f) *Limitation year for individuals on whose behalf individual retirement plans are maintained.* The limitation year of an individual on whose behalf an individual retirement plan (within the meaning of section 7701(a)(37)) is maintained shall be determined in the manner described in paragraph (e) of this section.

(g) *Examples.* The following examples illustrate the application of this section:

Example 1. (i) Participant M is employed by both Employer A and Employer B, each of which maintains a qualified defined contribution plan. M participates in both of these plans. The limitation year for Employer A's plan is January 1 through December 31, and the limitation year for Employer B's plan is April 1 through March 31. Employer A and Employer B are both corporations, and Corporation X owns 100% of the stock of Employer A and Employer B.

(ii) The two plans in which M participates are required under section 415(f) to be aggregated for purposes of applying the limitations of section 415(c) to annual additions made with respect to M. Thus, for example, for the limitation year of Employer A's plan that begins January 1, 2008, annual additions with respect to M that are subject to the limitations of section 415(c) include both amounts that are annual additions with respect to M under Employer A's plan for the period beginning January 1, 2008, and ending December 31, 2008, and amounts contributed to Employer B's plan with respect to M that would have been considered annual additions for the period beginning January 1, 2008, and ending December 31, 2008, under Employer A's plan if those amounts had instead been contributed to Employer A's plan.

Example 2. In 2007, an employer with a qualified defined contribution plan using the calendar year as the limitation year elects to change the limitation year to a period beginning July 1 and ending June 30. Because of this change, the plan must satisfy the limitations of section 415(c) for the limitation period beginning January 1, 2007, and ending June 30, 2007. In applying the limitations of section 415(c) to this limitation period, the amount of compensation taken into account may only include compensation for this period. Furthermore, the dollar limitation for this period is the otherwise applicable dollar limitation for calendar year 2007, multiplied by 6/12.

Par. 15. Section 1.457-4 is amended by revising paragraph (d) to read as follows:

§ 1.457-4 Annual deferrals, deferral limitations, and deferral agreement under eligible plans.

* * * * *

(d) *Deferrals after severance from employment, including sick, vacation, and back pay under an eligible plan—*

(1) In general. A participant who has not had a severance from employment may elect to defer accumulated sick pay, accumulated vacation pay, and back pay under an eligible plan if the requirements of section 457(b) are satisfied. For example, the plan must provide, in accordance with paragraph (b) of this section, that these amounts may be deferred for any calendar month only if an agreement providing for the deferral is entered into before the beginning of the month in which the amounts would otherwise be paid or made available and the participant is an employee on the date the amounts would otherwise be paid or made available. For purposes of section 457, compensation that would otherwise be paid for a payroll period that begins before severance from employment is treated as an amount that would otherwise be paid or made available before an employee has a severance

from employment. In addition, deferrals may be made for former employees with respect to compensation described in § 1.415(c)-2(e)(3)(ii) (relating to certain compensation paid within 2½ months following severance from employment), compensation described in § 1.415(c)-2(g)(4) (relating to compensation paid to participants who are permanently and totally disabled), and compensation relating to qualified military service under section 414(u).

(2) *Examples.* The provisions of this paragraph (d) are illustrated by the following examples:

Example 1. (i) *Facts.* Participant G, who is age 62 in 2006, is an employee who participates in an eligible plan providing a normal retirement age of 65 and a bona fide sick leave and vacation pay program of the eligible employer. Under the terms of G's employer's eligible plan and the sick leave and vacation pay program, G is permitted to make a one-time election to contribute amounts representing accumulated sick pay to the eligible plan. G has a severance from employment on January 12, 2007, at which time G's accumulated sick and vacation pay that is payable on March 15, 2007 total \$12,000. G elects, on February 4, 2007, to have the \$12,000 of accumulated sick and vacation pay contributed to the eligible plan.

(ii) *Conclusion.* Under the terms of the eligible plan and the sick and vacation pay program, G may elect before March 1, 2007 to defer the accumulated sick and vacation pay because the agreement providing for the deferral is entered into before the beginning of the month in which the amount is currently available and the amount is bona fide accumulated sick and vacation pay that would otherwise be payable within 2½ months after G has a severance from employment, as described in § 1.415(c)-2(e)(3)(ii). Thus, under this section and § 1.415(c)-2(e)(3)(ii), the \$12,000 is included in G's includible compensation for purposes of determining G's includible compensation in 2007.

Example 2. (i) *Facts.* Same facts as in *Example 1*, except that G's severance from employment is on December 1, 2006, G's \$12,000 of accumulated sick and vacation pay is payable on February 15, 2007 (which is within 2½ months after G's severance from employment), and G's election to defer the accumulated sick and vacation pay is made before February 1, 2007.

(ii) *Conclusion.* Under this section and § 1.415(c)-2(e)(3)(ii), the \$12,000 is included in G's includible compensation for purposes of determining G's includible compensation in 2007.

Example 3. (i) *Facts.* Employer X maintains an eligible plan and a vacation leave plan. Under the terms of the vacation leave plan, employees generally accrue three weeks of vacation per year. Up to one week's unused vacation may be carried over from one year to the next, so that in any single year an employee may have a maximum of four weeks vacation time. At the beginning of each calendar year, under the terms of the eligible plan (which constitutes an agreement

providing for the deferral), the value of any unused vacation time from the prior year in excess of one week is automatically contributed to the eligible plan, to the extent of the employee's maximum deferral limitations. Amounts in excess of the maximum deferral limitations are forfeited.

(ii) *Conclusion.* The value of the unused vacation pay contributed to X's eligible plan pursuant to the terms of the plan and the terms of the vacation leave plan is treated as an annual deferral to the eligible plan for January of the calendar year. No amounts contributed to the eligible plan will be considered made available to a participant in X's eligible plan.

* * * * *

Par. 16. Section 1.457-5 is amended by revising *Example 2* of paragraph (d) to read as follows:

§ 1.457-5 Individual limitation for combined annual deferrals under multiple eligible plans.

* * * * *

(d) *Examples.* * * *

Example (2). (i) *Facts.* Participant E, who will turn 63 on April 1, 2006, participates in four eligible plans during 2006 Plan W which is an eligible governmental plan; and Plans X, Y, and Z which are each eligible plans of three different tax-exempt entities. For 2006, the limitation that applies to Participant E under all four plans under § 1.457-4(c)(1)(i)(A) is \$15,000. For 2006, the additional age 50 catch-up limitation that applies to Participant E under Plan W under § 1.457-4(c)(2) is \$5,000. Further, for 2006, different limitations under § 1.457-4(c)(3) and (c)(3)(ii)(B) apply to Participant E under each of these plans, as follows: under Plan W, the underutilized limitation under § 1.457-4(c)(3)(ii)(B) is \$7,000; under Plan X, the underutilized limitation under § 1.457-4(c)(3)(ii)(B) is \$2,000; under Plan Y, the underutilized limitation under § 1.457-4(c)(3)(ii)(B) is \$8,000; and under Plan Z, § 1.457-4(c)(3) is not applicable since normal retirement age is age 62 under Plan Z. Participant E's includible compensation is in each case in excess of any applicable deferral.

(ii) *Conclusion.* For purposes of applying this section to Participant E for 2006, Participant E could elect to defer \$23,000 under Plan Y, which is the maximum deferral limitation under § 1.457-4(c)(1) through (3), and to defer no amount under Plans W, X, and Z. The \$23,000 maximum amount is equal to the sum of \$15,000 plus \$8,000, which is the catch-up amount applicable to Participant E under Plan Y and which is the largest catch-up amount applicable to Participant E under any of the four plans for 2006. Alternatively, Participant E could instead elect to defer the following combination of amounts: an aggregate total of \$15,000 to Plans X, Y, and Z, if no contribution is made to Plan W; an aggregate total of \$20,000 to any of the four plans, assuming at least \$5,000 is contributed to Plan W; or \$22,000 to Plan W and none to any of the other three plans.

(iii) If the underutilized amount under Plans W, X, and Y for 2006 were in each case

zero (because E had always contributed the maximum amount or E was a new participant) or an amount not in excess of \$5,000, the maximum exclusion under this section would be \$20,000 for Participant E for 2006 (\$15,000 plus the \$5,000 age 50 catch-up amount), which Participant E could contribute to any of the plans assuming at least \$5,000 is contributed to Plan W.

Par. 17. Section 1.457-6 is amended by revising paragraphs (a) and (c) to read as follows:

§ 1.457-6 Timing of distributions under eligible plans.

(a) *In general.* Except as provided in paragraph (c) of this section (relating to distributions on account of an unforeseeable emergency), paragraph (e) of this section (relating to distributions of small accounts), § 1.457-10(a) (relating to plan terminations), or § 1.457-10(c) (relating to domestic relations orders), amounts deferred under an eligible plan may not be paid to a participant or beneficiary before the participant has a severance from employment with the eligible employer or when the participant attains age 70½, if earlier. For rules relating to loans, see paragraph (f) of this section. This section does not apply to distributions of excess amounts under § 1.457-4(e). However, except to the extent set forth by the Commissioner in revenue rulings, notices, and other guidance published in the Internal Revenue Bulletin, this section applies to amounts held in a separate account for eligible rollover distributions maintained by an eligible governmental plan as described in § 1.457-10(e)(2).

* * * * *

(c) *Rules applicable to distributions for unforeseeable emergencies—(1) In general.* An eligible plan may permit a distribution to a participant or beneficiary faced with an unforeseeable emergency. The distribution must satisfy the requirements of paragraph (c)(2) of this section.

(2) *Requirements—(i) Unforeseeable emergency defined.* An unforeseeable emergency must be defined in the plan as a severe financial hardship of the participant or beneficiary resulting from an illness or accident of the participant or beneficiary, the participant's or beneficiary's spouse, or the participant's or beneficiary's dependent (as defined in section 152, and, for taxable years beginning on or after January 1, 2005, without regard to section 152(b)(1), (b)(2), and (d)(1)(B)); loss of the participant's or beneficiary's property due to casualty (including the need to rebuild a home following damage to a home not otherwise covered by homeowner's insurance, e.g., as a result

of a natural disaster); or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the participant or the beneficiary. For example, the imminent foreclosure or eviction from the participant's or beneficiary's primary residence may constitute an unforeseeable emergency. In addition, the need to pay for medical expenses, including non-refundable deductibles, as well as for the cost of prescription drug medication, may constitute an unforeseeable emergency. Finally, the need to pay for the funeral expenses of a spouse or a dependent (as defined in section 152, and, for taxable years beginning on or after January 1, 2005, without regard to section 152(b)(1), (b)(2), and (d)(1)(B)) may also constitute an unforeseeable emergency. Except as otherwise specifically provided in this paragraph (c)(2)(i), the purchase of a home and the payment of college tuition are not unforeseeable emergencies under this paragraph (c)(2)(i).

(ii) *Unforeseeable emergency distribution standard.* Whether a participant or beneficiary is faced with an unforeseeable emergency permitting a distribution under this paragraph (c) is to be determined based on the relevant facts and circumstances of each case, but, in any case, a distribution on account of unforeseeable emergency may not be made to the extent that such emergency is or may be relieved through reimbursement or compensation from insurance or otherwise, by liquidation of the participant's assets, to the extent the liquidation of such assets would not itself cause severe financial hardship, or by cessation of deferrals under the plan.

(iii) *Distribution necessary to satisfy emergency need.* Distributions because of an unforeseeable emergency must be limited to the amount reasonably necessary to satisfy the emergency need (which may include any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution).

* * * * *

Par. 18. Section 1.457-10 is amended by revising paragraph (b)(8) to read as follows:

§ 1.457-10 Miscellaneous provisions.

* * * * *

(b) *Plan-to-plan transfers.* * * *

(8) *Purchase of permissive service credit by plan-to-plan transfers from an eligible governmental plan—(i) General rule.* An eligible governmental plan of a State may provide for the transfer of amounts deferred by a participant or beneficiary

to a defined benefit governmental plan (as defined in section 414(d)), and no amount shall be includible in gross income by reason of the transfer, if the conditions in paragraph (b)(8)(ii) of this section are met. A transfer under this paragraph (b)(8) is not treated as a distribution for purposes of § 1.457-6. Therefore, such a transfer may be made before severance from employment.

(ii) *Conditions for plan-to-plan transfers from an eligible governmental plan to a qualified plan.* A transfer may be made under this paragraph (b)(8) only if the transfer is either—

(A) For the purchase of permissive service credit (as defined in section 415(n)(3)(A)) under the receiving defined benefit governmental plan; or

(B) A repayment to which section 415 does not apply by reason of section 415(k)(3).

(iii) *Example.* The provisions of this paragraph (b)(8) are illustrated by the following example:

Example. (i) *Facts.* Plan X is an eligible governmental plan maintained by County Y for its employees. Plan X provides for distributions only in the event of death, an unforeseeable emergency, or severance from employment with County Y (including retirement from County Y). Plan S is a qualified defined benefit plan maintained by State T for its employees. County Y is within State T. Employee A is an employee of County Y and is a participant in Plan X. Employee A previously was an employee of State T and is still entitled to benefits under Plan S. Plan S includes provisions allowing participants in certain plans, including Plan X, to transfer assets to Plan S for the purchase of service credit under Plan S and does not permit the amount transferred to exceed the amount necessary to fund the benefit resulting from the service credit. Although not required to do so, Plan X allows

Employee A to transfer assets to Plan S to provide a service benefit under Plan S.

(ii) *Conclusion.* The transfer is permitted under this paragraph (b)(8).

PART 11—EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974

Par. 19. The authority citation for part 11 is amended to read, in part, as follows:

Authority: 26 U.S.C. 7805. * * *

§ 11.415(c)(4)-1 [Removed]

Par. 20. Section 11.415(c)(4)-1 is removed.

Mark E. Matthews,

Deputy Commissioner for Services and Enforcement.

Part IV

Federal Trade Commission

16 CFR Part 460
Labeling and Advertising of Home
Insulation: Trade Regulation Rule; Final
Rule

FEDERAL TRADE COMMISSION

16 CFR Part 460

Labeling and Advertising of Home Insulation: Trade Regulation Rule

AGENCY: Federal Trade Commission.

ACTION: Final rule.

SUMMARY: The Federal Trade Commission ("Commission") amends its Trade Regulation Rule Concerning the Labeling and Advertising of Home Insulation ("R-value Rule" or "Rule") to streamline and increase the benefits of the Rule to consumers and sellers, minimize its costs, and respond to the development and utilization of new technologies to make American homes more energy efficient and less costly to heat and cool. This document provides background on the R-value Rule and this proceeding; discusses the public comments the Commission received; and describes the amendments the Commission is making based on the record.

DATES: These amendments will become effective November 28, 2005. The incorporation by reference of certain publications listed in this rule is approved by the Director of the Federal Register as of November 28, 2005.

ADDRESSES: Requests for copies of this document are available from: Public Reference Branch, Room 130, Federal Trade Commission, 600 Pennsylvania Avenue, NW., Washington, DC 20580. The complete record of this proceeding is also available at that address. Relevant portions of the proceeding, including this document, are available at <http://www.ftc.gov>.

FOR FURTHER INFORMATION CONTACT: Hampton Newsome, (202) 326-2889, Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue, NW., Washington, DC 20580.

I. Introduction

The R-value Rule specifies substantiation and disclosure requirements for thermal insulation products used in the residential market, and prohibits certain claims unless they are true.¹ The primary disclosure required is the insulation product's "R-value." R-value is the numerical measure of the ability of an insulation product to restrict the flow of heat and, therefore, to reduce energy costs—the higher the R-value, the better the product's insulating ability. To assist consumers, the Rule requires sellers (including insulation manufacturers, professional installers, new home sellers, and retailers) to disclose the insulation product's R-value and related information, before retail sale, based on uniform, industry-adopted standards.²

¹ The Commission promulgated the R-value Rule on August 29, 1979 under section 18 of the Federal Trade Commission Act ("FTC Act"), 15 U.S.C. 57a. The Rule became effective on September 30, 1980. See Final Trade Regulation Rule ("Statement of Basis and Purpose" or "SBP"), 44 FR 50218 (1979).

² Home insulation sellers should be aware that additional Commission rules or guides may also apply to them. For example, the Commission's Rules concerning Disclosure of Written Consumer Product Warranty Terms and Conditions, and the Pre-sale Availability of Written Warranty Terms, 16 CFR parts 701 and 702, specify requirements concerning warranties; the Commission's Guides for the Use of Environmental Marketing Claims, 16 CFR part 260, address the application of section 5 of the FTC Act, 15 U.S.C. 45, to environmental advertising and marketing claims (e.g., claims concerning the amount of recycled material a product contains).

This information enables consumers to evaluate how well a particular insulation product is likely to perform, to determine whether the cost of the insulation is justified, and to make meaningful, cost-benefit based purchasing decisions among competing products.

II. Overview Of The Rule**A. Products Covered**

The R-value Rule covers all "home insulation products." Under the Rule, "insulation" is any product mainly used to slow down the flow of heat from a warmer area to a cooler area, for example, from the heated inside of a house to the outside during the winter through exterior walls, attic, floors over crawl spaces, or basement. "Home insulation" includes insulation used in all types of residential structures. The Rule automatically covers new types or forms of insulation marketed for use in the residential market, whether or not the Rule specifically refers to them. The Rule does not cover pipe insulation, or any type of duct insulation except for duct wrap. The Rule does not cover insulation products sold for use in commercial (including industrial) buildings. It does not apply to other products with insulating characteristics, such as storm windows or storm doors.

Home insulation includes two basic categories: "mass" insulations and "reflective" insulations. Mass insulations reduce heat transfer by conduction (through the insulation's mass), convection (by air movement within and through the air spaces inside the insulation's mass), and radiation. Reflective insulations (primarily aluminum foil) reduce heat transfer when installed facing an airspace by increasing the thermal resistance of the airspace and reducing radiative heat transfer. Within these basic categories,

Further, section 5 of the FTC Act declares that unfair or deceptive acts or practices are unlawful, and requires that advertisers and other sellers have a reasonable basis for advertising and other promotional claims before they are disseminated. See *Deception Policy Statement*, Letter from the Commission to the Honorable John D. Dingell, Chairman, Committee on Energy and Commerce, U.S. House of Representatives (Oct. 14, 1983), reprinted in *Cliffdale Assocs., Inc.*, 103 F.T.C. 110 (1984); *Statement of Policy on the Scope of the Consumer Unfairness Jurisdiction*, Letter from the Commission to the Honorable Wendell H. Ford, Chairman, Consumer Subcommittee, Committee on Commerce, Science, and Transportation, U.S. House of Representatives, and the Honorable John C. Danforth, Ranking Minority Member, Consumer Subcommittee, Committee on Commerce, Science and Transportation, U.S. Senate (Dec. 17, 1980), reprinted in *International Harvester Co.*, 104 F.T.C. 949 (1984); and *Policy Statement Regarding Advertising Substantiation*, 49 FR 30999 (1984), reprinted in *Thompson Medical Co.*, 104 F.T.C. 839 (1984).

home insulation is sold in various types ("type" refers to the material from which the insulation is made, e.g., fiberglass, cellulose, polyurethane, aluminum foil) and forms ("form" refers to the physical form of the product, e.g., batt, dry-applied loose-fill, spray-applied, boardstock, multi-sheet reflective).

B. Parties Covered

The Rule applies to home insulation manufacturers, professional installers, retailers who sell insulation to consumers for do-it-yourself installation, and new home sellers (including sellers of manufactured housing). It also applies to testing laboratories that conduct R-value tests for home insulation manufacturers or other sellers who use the test results as the basis for making R-value claims about home insulation products.

C. Basis for the Rule

The Commission issued the R-value Rule to prohibit, on an industry-wide basis, specific unfair or deceptive acts or practices. When it issued the Rule, the Commission found that the following acts or practices were prevalent in the home insulation industry and were deceptive or unfair, in violation of section 5 of the FTC Act, 15 U.S.C. 45: (1) Sellers had failed to disclose R-values, and caused substantial consumer injury by impeding the ability of consumers to make informed purchasing decisions; (2) the failure to disclose R-values, which varied significantly among competing home insulation products of the same thickness and price, misled consumers when they bought insulation on the basis of price or thickness alone; (3) sellers had exaggerated R-values, often failing to take into account factors (e.g., aging, settling) known to reduce thermal performance; (4) sellers had failed to inform consumers about the meaning and importance of R-value; (5) sellers had exaggerated fuel bill savings that consumers could expect, and often failed to disclose that savings will vary depending on the consumer's particular circumstances; and (6) sellers had falsely claimed that consumers would qualify for tax credits through the purchase of home insulation, or that products had been "certified" or "favored" by federal agencies. (44 FR at 50222-50224).

D. Requirements of the Rule

The Rule requires that manufacturers and others who sell home insulation determine and disclose each product's R-value and related information (e.g., thickness, coverage area per package) on

package labels and manufacturers' fact sheets. R-value ratings vary among different types and forms of home insulations and among products of the same type and form. The Rule requires that R-value claims to consumers about specific home insulation products be based on R-value test procedures that measure thermal performance under "steady-state" (i.e., static) conditions.³ Mass insulation products may be tested under any of the test methods the Rule specifies. The tests on mass insulation products must be conducted on the insulation material alone (excluding any airspace). Reflective insulation products must be tested according to tests that can determine the R-values of insulation systems (such as those that include one or more air spaces). The tests must be conducted at a mean temperature of 75 °F.

When it promulgated the Rule, the Commission found that certain factors, such as aging or settling, affect the thermal performance of home insulation products. (44 FR at 50219-50220, 50227-50228). To ensure that R-value claims take these factors into account, the Rule mandates that the required R-value tests for polyurethane, polyisocyanurate, and extruded polystyrene insulation products be conducted on test specimens that fully reflect the effect of aging, and for loose-fill insulation products on test specimens that fully reflect the effect of settling.

Specific disclosures must be made: (1) By manufacturers on product labels and manufacturers' fact sheets; (2) by professional installers and new home sellers on receipts or contracts; and (3) by manufacturers, professional installers, and retailers in advertising and other promotional materials (including those on the Internet) that contain an R-value, price, thickness, or energy-saving claim, or compare one type of insulation to another. Manufacturers and other sellers must have a "reasonable basis" for any energy-saving claims they make.⁴

³ Section 460.5 of the Rule requires that the R-values of home insulation products be based on one of the test procedures specified in the Rule. Most of the test procedures in the Rule specify American Society for Testing and Materials ("ASTM") standards.

⁴ Although the Rule does not specify how energy-saving claims must be substantiated, the Commission explained that scientifically reliable measurements of fuel use in actual houses or reliable computer models or methods of heat flow calculations would meet the reasonable basis standard. (44 FR at 50233-50234). Sellers other than manufacturers can rely on the manufacturer's claims unless they know or should know that the manufacturer does not have a reasonable basis for the claims.

III. Procedural History

On April 6, 1995, as part of its ongoing regulatory review program, the Commission solicited public comments about the economic impact of and current need for the R-value Rule.⁵ (60 FR 17492). At the same time, the Commission solicited comments on a petition ("Petition") from Ronald S. Graves, who at that time was a Research Staff Member, Materials Analysis Group, Martin Marietta Energy Systems, Inc. (which operated Oak Ridge National Laboratory ("ORNL") for the U.S. Department of Energy ("DOE")). The Petition requested that the Commission approve an additional (fifth) ASTM R-value test procedure as an optional test procedure for determining the R-value of home insulation under the Rule.

Based on the comments in response to the 1995 Notice, the Commission determined that there was a continuing need for the Rule, published its determination to retain it, and adopted the test method suggested by Mr. Graves and several technical, non-substantive amendments to allow the use of the most current testing procedures available and to streamline the Rule.⁶ (61 FR 13659, at 13659-13662, 13665 (March 28, 1996)). In 1999, the Commission published an Advance Notice of Proposed Rulemaking ("ANPR") proposing limited amendments and requesting comments on other issues related to the Rule. (64 FR 48024 (Sept. 1, 1999)).

Based on information obtained in response to the ANPR, on July 15, 2003, the Commission published a Notice of

⁵ The Commission previously reviewed the Rule in 1985 under the Regulatory Flexibility Act, 5 U.S.C. 610, to determine the economic impact of the Rule on small entities. Based on that review, the Commission determined that: There was a continuing need for the Rule; there was no basis to conclude that the Rule had a significant economic impact on a substantial number of small entities; there was no basis to conclude that the Rule should be amended to minimize its economic impact on small entities; the Rule did not generally overlap, duplicate, or conflict with other regulations; and technological, economic, and other changes had not affected the Rule in any way that would warrant amending the Rule. (50 FR 13246).

⁶ These amendments: (1) Revised § 460.5 of the Rule to allow the use of an additional ASTM test procedure as an optional, but not required, test procedure to determine the R-value of home insulation; (2) revised § 460.5 to require the use of current, updated versions of other ASTM R-value test methods cited in the Rule; (3) added an Appendix summarizing the exemptions from specific requirements of the Rule that the Commission previously granted for certain classes of persons covered by the Rule; and (4) revised § 460.10 of the Rule to cross-reference the Commission's enforcement policy statement for foreign language advertising in 16 CFR 14.9 and deleted the previous Appendix to the Rule because it merely repeated the text of 16 CFR 14.9.

Proposed Rulemaking ("NPR") requesting comment on proposed amendments to the rule. (68 FR 41872). The proposed amendments were designed to: (1) Require disclosure of the same R-value information for all types of loose-fill insulation products; (2) specify the use of current ASTM or other recognized procedures for preparing R-value test specimens of spray-applied insulations and for conducting R-value tests of reflective insulation products; (3) require manufacturers of loose-fill insulation to provide installers with information about the initial installed thickness required to yield certain R-values; (4) delete specific disclosure requirements for urea formaldehyde insulation; (5) eliminate affirmative disclosure requirements for radio ads; and (6) exempt retailers from certain disclosure requirements (*i.e.*, making available to consumers separate manufacturers' fact sheets) under certain circumstances.

The NPR also discussed numerous additional issues raised by commenters in response to the ANPR. These issues included whether the Commission should revise the Rule to: (1) Cover additional products (*i.e.*, residential pipe and duct insulations, and insulation sold for use in commercial buildings); (2) require the disclosure of in-use performance values, as opposed to values based on laboratory tests under static, uniform conditions, or of the performance of building systems; (3) adopt additional test specimen preparation requirements to account for various factors that affect R-values; (4) adopt additional or updated testing requirements; and (5) revise the disclosure requirements for manufacturers' labels and fact sheets, advertisements and other promotional materials, and for professional installers, new home sellers, and retailers. The NPR explained why the Commission did not propose amending the Rule to address these issues. The NPR also raised specific questions for comment to provide the Commission with additional information on the issues.

IV. Section-by-Section Description of Final Amendments

The following is a brief summary of the amendments to the R-value Rule the Commission is adopting in response to the comments received. The Commission believes that these amendments will help to update and improve the Rule to ensure that it continues to prohibit, on an industry-wide basis, specific unfair or deceptive acts or practices the Commission has previously identified.

Section 460.1 (What This Regulation Does)

Penalties: The Commission is amending the monetary penalty amount from \$10,000 to \$11,000 to reflect the current requirements of § 1.98 of the Commission's rules, which in turn, reflect statutory changes to the Commission's authority to obtain civil penalties (*see* 15 U.S.C. section 45(m)(1)(A)). This is a technical, conforming change.

Section 460.5(a) (R-value Tests)

Temperature Differential: The Commission is amending § 460.5, R-value Tests, to specify that tests conducted under § 460.5(a) must be done with a temperature differential of 50° F plus or minus 10° F in addition to the mean temperature requirement currently in the Rule [*see* section V.D.1. of this document].

Update Test Procedures: The Commission is updating references for many of the test procedures incorporated into the Rule. The affected procedures are listed in section V.F. of this document. In addition, the references to ASTM C 236-89 and ASTM C 976-90 have been eliminated and replaced with ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus."

Section 460.5(a)(3) (R-value Tests)

Loose-Fill Settling: The Commission is amending § 460.5(a)(3) to eliminate the obsolete reference to the Government Services Administration ("GSA") specifications for measuring the settling of loose-fill insulation and to insert language indicating that industry members must take into account the effects of settling on the R-value for loose-fill mineral wool, self-supported spray-applied cellulose and stabilized cellulose products [*see* section V.C.2. of this document].

Section 460.5(a)(4) (R-value Tests)

Tests for Spray-Applied Cellulose Insulation: The Commission is adding a new paragraph, § 460.5(a)(4), which requires that tests for self-supported spray-applied cellulose be conducted at the settled density determined pursuant to ASTM C 1149-02 ("Self-supported Spray Applied Cellulosic Thermal Insulation") [*see* section V.C.2. of this document].

Section 460.5(a)(5) (R-value Tests)

Loose-Fill Initial Installed Thickness: A new provision (§ 460.5(a)(5)) requires loose-fill insulation manufacturers to determine initial installed thickness for their product pursuant to ASTM C

1374-03, "Standard Test Method for Determination of Installed Thickness of Pneumatically Applied Loose-Fill Building Insulation," for R-values of 13, 19, 22, 30, 38, 49, and any other R-values provided on the product's label pursuant to § 460.12 [*see* section V.C.2.c. of this document].

Section 460.5(b) and Section 460.5(c) (R-value Tests)

The sections applicable to reflective insulations have been reorganized and amended as follows:

Tests for Single Sheet Aluminum Foil Systems: Section 460.5(c) is redesignated as § 460.5(b) and amended to require that single sheet systems of aluminum foil be tested under ASTM C 1371-04a [*see* section V.D.3. of this document].

Tests for Multiple Sheet Aluminum Foil Systems: Section 460.5(b) is redesignated as § 460.5(c) and amended to indicate that aluminum foil systems with more than one sheet, and single sheet systems of aluminum foil that are intended for applications that do not meet the conditions specified in the tables in the most recent edition of the ASHRAE Handbook, must be tested with ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus," in a test panel constructed according to ASTM C 1224-03, "Standard Specification for Reflective Insulation for Building Applications," and under the test conditions specified in ASTM C 1224-03. Further, to obtain the R-value from the results of those tests, sellers must use the formula specified in ASTM C 1224-03. This amendment eliminates the references to ASTM C 236-89 and ASTM C 976-90 that are currently applicable to these products [*see* section V.D.3. of this document].

Section 460.5(d) (R-value Tests)

Insulation Material With Foil Facings and Air Space: Section 460.5(d)(1) is amended to eliminate references to ASTM C 236-89 and ASTM C 976-90 and replace them with ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus" [*see* section V.D.3. of this document].

Section 460.5(e) (R-value Tests)

Incorporation by Reference: A new paragraph (e) is added to consolidate information regarding incorporation by reference approvals provided by the Office of the Federal Register [*see* section V.F. of this document].

Section 460.8

R-Value Tolerances for Manufacturers: The Rule's tolerance provision is amended to clarify that manufacturers of home insulation are prohibited from selling individual specimens of insulation with an R-value more than 10% below the R-value shown in a label, fact sheet, ad, or other promotional material for that insulation [see section V.D.2. of this document].

Section 460.12 (Labels)

Labels for Batts and Blankets: The Commission is amending the paragraph at § 460.12(b)(1) to indicate that it applies to batts and blankets of any type, not just to those made of mineral fiber [see section V.E.1.a. of this document].

Loose-Fill Labels: The Commission is amending § 460.12 to eliminate certain information requirements on charts for loose-fill cellulose insulation. The amendment requires charts for all forms of loose-fill insulation to show the minimum thickness, maximum net coverage area, number of bags per 1,000 square feet, and minimum weight per square foot at R-values of 13, 19, 22, 30, 38, and 49. The amendment also requires the labels for loose-fill insulation to display initial installed thickness information, determined pursuant to ASTM C 1374, "Standard Test Method for Determination of Installed Thickness of Pneumatically Applied Loose-Fill Building Insulation," which installers must use for loose-fill products [see section V.E.1.b. of this document].

Section 460.13 (Fact Sheets)

Urea-Based Foam Insulations: Section 460.13 is amended to eliminate the requirements related to urea-based foam insulation [see section V.E.1.c. of this document].

Section 460.14 (How Retailers Must Handle Fact Sheets)

Retailers' Responsibilities for Fact Sheets: The Commission is amending this section to exempt retailers from making fact sheets available to customers, if they display insulation packages (containing the same information required in fact sheets) on the sales floor where insulation customers are likely to notice them [see section V.E.4. of this document].

Section 460.17 (What Installers Must Tell Their Customers)

Initial Installed Thickness: This section is amended to require installers to provide customers with initial installed thickness information for

loose-fill insulation [see section V.C.2.c. of this document].

Sections 460.18 (Insulation Ads) and 460.19 (Savings Claims)

Affirmative Disclosures for Radio Ads: The Commission is eliminating the affirmative disclosure requirements for radio ads in §§ 460.18 and 460.19 [see section V.E.2. of this document].

Urea-Based Foam Insulations: Section 460.18 is amended to eliminate paragraph (e) which addresses urea-based insulation [see section V.E.1.c. of this document].

Section 460.23(a) (Other Laws, Rules, and Orders)

The Commission amends paragraph (a) to correct a typographical error.

V. Discussion of Comments and Final Amendments

The Commission received 16 comments in response to the NPR.⁷ These comments and the final amendments are discussed below:

A. Disclosing Thermal Performance of Non-Residential Insulations**Background**

In the NPR, the Commission indicated that it did not plan to extend the Rule to cover the sales of insulation products in the commercial market. (68 FR at 41876–41877). The Commission pointed out that professionals in the commercial field have greater knowledge than residential customers. In addition, there was no evidence indicating unfair and deceptive practices are prevalent in these markets. Accordingly, the Commission found that the potential benefits to commercial users would not justify the additional burdens that an extension of the Rule would impose.

⁷ AFM Corporation; ASTM International; Advanced Foil Systems, Inc. ("AFS"); Cellulose Insulation Manufacturers Association ("CIMA"); ConsultMort, Inc. ("ConsultMort"); Expanded Polystyrene Molders Association ("EPSMA"); Extruded Polystyrene Foam Alliance ("XPSA"); U.S. Green Fiber (late-filed comment); Honeywell Chemicals; Insulation Contractors Association of America ("ICAA"); North American Insulation Manufacturers Association ("NAIMA") (including initial comment and late-filed comment); Pactiv Building Products; Polyisocyanurate Insulation Manufacturers Association ("PIMA"); R&D Services, Inc. (including initial comment and late-filed comment); Rockwool International; and Spray Polyurethane Foam Alliance ("SPFA"). These comments are on the public record and are available online at www.ftc.gov/energy. Paper versions are also available for public inspection in accordance with the Freedom of Information Act, 5 U.S.C. 552, and the Commission's Rules of Practice, 16 CFR 4.11, at the Consumer Response Center, Public Reference Section, Room 130, Federal Trade Commission, 600 Pennsylvania Avenue, NW., Washington, DC. The comments are organized under the Labeling and Advertising of Home Insulation Rule ("The R-value Rule"), Matter No. R811001.

Comments

Two commenters urged the Commission to reconsider expanding the Rule's coverage to include insulation sold for commercial and industrial use. XPSA (pp. 4–5) recommended that the issue be reserved for a separate rulemaking in the future. XPSA believes that building professionals and architects mostly rely on manufacturers' claims and fact sheet information when preparing specifications involving foundation, wall or roof systems and do not necessarily understand the issue of long-term R-value. XPSA believes it is nearly impossible for an architect or specifier to keep up to date with the technical data underlying such R-value claims. Rockwool (p. 1) also supported the Rule's extension suggesting that the increased uniformity from such a change would be beneficial.

Discussion

For reasons detailed in the NPR, the Commission continues to believe that it is not appropriate to extend the Rule to the commercial or industrial market. The Commission will continue to consider developments in the market and has not foreclosed the possibility of revisiting this issue in the future. The Commission will continue to address concerns in this area as they arise pursuant to its general authority under the FTC Act.

B. Performance of Insulations in Actual Use**Background**

In the ANPR, the Commission discussed earlier comments relating to seasonal factors and other variables that can affect the R-value of insulation products in actual use. (64 FR at 48027). Specifically, previous commenters identified factors that affect performance in attics during winter conditions and stated that the Rule does not sufficiently account for these factors. Some comments pointed to ORNL research that demonstrates a reduction in R-value of very low-density fibrous insulations installed in open or vented attics when the temperature difference between the heated area of a home and its cold attic becomes particularly great. This can occur during the most severe winter conditions in some portions of the United States. In the NPR, the Commission indicated that it did not plan to amend the Rule to address these concerns but explained that sellers may use advertising to distinguish their product's performance from others. (68 FR at 41877–41879).

Comments

Although the Commission did not specifically invite comments on this issue, two industry members submitted comments disagreeing with the Commission's position in the NPR. Both CIMA (p. 2) and Rockwool urged that the Rule be amended to account for the performance of insulation material in very cold climates. Rockwool acknowledged that the technical issues involved are very complex, but suggested that the Rule require insulations to be marked with a warning, "Do not use below X °F." Rockwool explained that this "cut off" temperature could be calculated by a simple equation or measured according to ASTM practice. CIMA suggested that the Commission specifically acknowledge the existence of this phenomenon and require manufacturers to provide cold weather design information for their products. According to CIMA, ASTM C 1373 ("Standard Practice for Determination of Thermal Resistance of Attic Insulation Systems Under Simulated Winter Conditions") can be used to assess the effect of cold weather on actual installed R-value. CIMA indicated that the State of Minnesota requires insulation manufacturers to provide cold weather design information for their products.

The Commission notes that, in response to the ANPR, NAIMA and PIMA opposed amendments to the Rule addressing the insulation performance at high temperature differentials. (See 68 FR 41877-41878). NAIMA contended that it would be impossible to specify new requirements to take these factors into account. It also believed that such disclosures would create consumer confusion rather than clarity. NAIMA asserted that past analysis on this issue suggests that very low temperatures rarely last long enough to result in significant energy loss or economic cost. Both NAIMA and PIMA indicated that ASTM C 1373 lacks application to a real home setting where conditions are variable and unpredictable.

Discussion

As discussed in detail in the NPR, the Commission understands that there are variables for which the uniform test methods specified in the Rule may not account, such as the design characteristics and geographical location of the building, the specific application in which the product is installed, outside and inside temperatures, air and moisture movement, installation technique, and others. (68 FR at 41877-41879). The Commission believes that accounting for

variables (such as low temperature performance) in the Rule's requirements would significantly complicate both compliance and communication to consumers, without necessarily providing a commensurate level of benefit. Accordingly, the Commission again has concluded that the Rule should not be expanded to address on-site variables that might affect insulation performance.

Manufacturers and other sellers may voluntarily provide to consumers additional, truthful, substantiated information voluntarily to consumers about the manner in which their products (or their competitors' products) perform in actual use. If a product exhibits better performance at high temperature differentials than competing products, the manufacturer may provide that information to consumers as long as the claims are truthful and substantiated and otherwise consistent with the Rule.

C. Disclosing R-Values That Account for Factors Affecting R-Value

1. Aging of Cellular Plastics Insulations Background

Certain types of cellular plastics insulations (polyurethane, polyisocyanurate, and extruded polystyrene boardstock insulations) are manufactured in a process that results in a gas other than normal air being incorporated into voids in the products. This gas gives the product an initial R-value that is higher than it would have if the product contained normal air. The aging process causes the R-value of these insulations to decrease over time as the gas is replaced by normal air through diffusion. The length of this process depends on whether the product is faced or unfaced, the permeability of the facing, the thickness of the product, and other factors.

The current Rule addresses this aging process by requiring that R-value tests be performed on specimens that "fully reflect the effect of aging on the product's R-value." Section 460.5(a)(1) of the Rule allows the use of the "accelerated aging" procedure in paragraph 4.6.4 of GSA Purchase Specification HH-I-530A (which was in effect at the time the Commission promulgated the Rule) as a permissible "safe harbor" procedure, but also allows manufacturers to use "another reliable procedure." (See 44 FR at 50227-50228). The "accelerated" procedure was designed to age these insulations in a shorter period than they would age under normal usage conditions. Under the "accelerated aging" method in the

GSA specification, test specimens are aged for 90 days at 140 °F dry heat.

GSA amended its specification in 1982 to allow the use of an optional aging procedure (in addition to the "accelerated" method) under which test specimens are aged for six months ("180 days") at 73 °F ± 4 °F and 50% ± 5% relative humidity (with air circulation to expose all surfaces to the surrounding environmental conditions). An industry group, the Roof Insulation Committee of the Thermal Insulation Manufacturers Association ("RIC/TIMA"), specified the use of similar conditions in a technical bulletin it adopted at about the same time. In response to GSA and RIC/TIMA adopting the alternative 180-day aging procedure, the Commission's staff advised home insulation sellers that the alternative procedure appeared to be reliable and could be used to age cellular plastics insulations. The staff cautioned, however, that manufacturers of insulations faced with materials that significantly retard aging may need to age test specimens for a longer period of time, and that the staff would consider whether the alternative procedure was acceptable for specific products on a case-by-case basis.⁸

As discussed in the NPR, some industry members have urged the Commission to incorporate two relatively new "slicing and scaling" test procedures into the Rule. (See 68 FR 41879-41882). These procedures are ASTM C 1303-00 "Estimating the Long-Term Change in the Thermal Resistance of Unfaced Rigid Closed Cell Plastic Foams by Slicing and Scaling Under Controlled Laboratory Conditions" and CAN/ULC-S 770 "Standard for Determination of Long Term Thermal Resistance of Closed Cell Thermal Insulating Foams." Unlike the traditional accelerated aging tests, these newer procedures use specimens of reduced thickness (i.e., slices of material) to measure the effects of aging. The measurements for these slices are then coupled with a scaling factor to estimate the R-value of full thickness boards. According to ASTM C 1303-00, the test is designed to avoid problems identified with the accelerated aging tests, namely that elevated temperatures may not significantly accelerate the aging process and that these higher temperatures may damage the cellular structure of these foams. ASTM C 1303-00 applies only to unfaced, homogenous materials. Its Canadian counterpart,

⁸ See, e.g., staff opinion letter dated May 5, 1983, to Manville Corporation. GSA thereafter rescinded its specification (along with other insulation specifications) and now requires that federally purchased insulations comply with ASTM insulation material specifications.

CAN/ULC S770, applies to permeably-faced polyisocyanurate (polyisio), polyurethane, and extruded polystyrene foam plastic insulations.

The comments submitted in response to the Commission's ANPR identified disagreements within the industry regarding the incorporation of ASTM C 1303 in the Rule. Some critics believe the relatively narrow scope of the test was a continuing concern while others criticized its cost and efficacy. In contrast, supporters argued it would improve the accuracy of the R-values calculated for products it covers.

In the NPR, the Commission did not propose to amend § 460.5(a)(1) of the Rule to require the use of ASTM C 1303 for homogeneous, unfaced, rigid closed cell polyurethane, polyisocyanurate, and extruded polystyrene insulations. Because ASTM C 1303 applies only to unfaced, homogenous material, the Commission observed that similar products (e.g., insulation boards with paper facing) would have to continue to be tested under the older approach (the 180-day accelerated aging test). In essence, because it was unclear whether C 1303 is sufficiently broad and adequately developed, the Commission concluded it did not warrant incorporation into the Rule. Nevertheless, the NPR sought comments on this issue asking, in particular, about the scope of these standards and their likely impact on products sold in the residential market.

Although the Commission did not propose to incorporate ASTM C 1303 into the Rule, it proposed to amend the Rule to require tests for aging other types of polyurethane, polyisocyanurate, and extruded polystyrene insulation. These tests include ASTM C 1029-96 ("Standard Specification for Spray-Applied Rigid Cellular Polyurethane Thermal Insulation"), ASTM C 591-94 ("Unfaced Preformed Rigid Cellular Polyisocyanurate Thermal Insulation"), and ASTM C 578-95 ("Standard Specification for Rigid, Cellular Polystyrene Thermal Insulation").⁹ For all other polyurethane, polyisocyanurate, and extruded polystyrene insulation subject to aging but not specifically covered by one of the procedures listed above, the NPR

⁹ The Commission did not propose to require ASTM C 1289 ("Faced Rigid Cellular Polyisocyanurate Thermal Insulation Board") as suggested by some commenters. The current version of this test procedure, ASTM C 1289-02, requires the use of the Canadian test procedure for aging (S770), which appears in C 1289 as an annex. Because the Commission did not propose to include C 1303 (or S 770) in the Rule at this time, the Commission refrained from proposing to require the same or equivalent aging procedure through C 1289.

proposed that industry members use the procedure in paragraph 4.6.4 of GSA Specification HH-1-530A or another reliable procedure. The Commission sought comment on whether incorporating these procedures into the Rule would be appropriate and whether these procedures raise concerns like those associated with ASTM C 1303, as discussed above.

Comments

The comments on aging tests for cellular plastic insulations reveal continued divisions among industry members. Some commenters urged the Commission to incorporate the newer slicing and scaling tests (i.e., ASTM C 1303-00 or Can/ULC-S 770), while others urged the Commission not to do so because of concerns with the adequacy and scope of the new procedures. As for the additional procedures (ASTM C 578, C 1029, and C 591) proposed by the Commission, one commenter questioned their inclusion in the Rule because they contain the traditional accelerated aging tests (i.e., the 90 or 180-day tests).

Commenters urging the inclusion of ASTM C 1303 or CAN/ULC S770 in the Rule contended that the older accelerated aging methods, presently required by the Rule, are outdated and fail to provide accurate information about the effects of aging on R-value.¹⁰ One commenter suggested that existing requirements have created inconsistencies in testing and data reporting.¹¹ Some of these commenters supported the adoption of CAN/ULC S770 while others urged the use of ASTM C 1303. Those advocating CAN/ULC S770 believe it will reduce confusion and provide a uniform method for all cellular plastics manufacturers.¹² Advocates of ASTM C 1303 argued that it is an appropriate method to use for plastics insulation, and its scientific basis has been established for decades.¹³

One commenter recommended that the Commission designate CAN/ULC S770 as an "alternate method" for all

¹⁰ AFM (p. 1); Rockwool (p. 1); and EPSMA (pp. 1-2).

¹¹ EPSMA (pp. 1-2).

¹² EPSMA (pp. 1-2); Honeywell (pp. 2-3); and AFM (p. 1). AFM stated, however, that the Rule should not require this procedure for foam plastics or non-permeable faced insulations because these materials do not exhibit aging.

¹³ Rockwool (pp. 1-2); and R&D (pp. 1-2). According to R&D, the new test stems from twenty years of expensive government and industrial research. R&D recommended that the Commission specify a time period or product life span for reporting R-values pursuant to the test. R&D also noted that although the test is expensive, it has to be conducted only once for a specific product design.

permeably faced and unfaced foam insulation. Like other advocates of the Canadian test, this commenter believes the procedure provides a significant, technically supported improvement over the 180-day test. Polyisocyanurate manufacturers currently use this test for permeably faced polyisocyanurate boards, some of which are sold in the residential market. In addition, the Canadian test is now an annex to ASTM C1289-02 ("Standard Specification for Faced Rigid Cellular Polyisocyanurate Thermal Insulation Board") for permeably-faced polyisocyanurate insulation products. Accordingly, this commenter supports the incorporation of ASTM C 1289 into the Rule.¹⁴

Several commenters opposed any amendments that would require use of C 1303 or S770 either as a requirement or as an "alternative method." These commenters agreed with the Commission's decision not to adopt these tests at this time.¹⁵ They noted ongoing efforts to reexamine these newer tests and recommended that the FTC retain existing requirements until ASTM C 1303 and Canadian standard CAN/ULC S770 gain broader acceptance and are widely considered to be technically sound.¹⁶ One commenter (ConsultMort) opposed the incorporation of ASTM C 1303 because it applies only to unfaced homogeneous materials, does not take into account all relevant factors, and does not establish a specific time frame for making product comparisons. The slicing and scaling methods, in ConsultMort's view, are better left to research, engineering and systems design professionals who are

¹⁴ PIMA urged the Commission to adopt the Canadian test despite its limited coverage to unfaced products. In contrast, XPSA (pp. 4-5) opposed the adoption of the current version ASTM C 1289 due to its incorporation of CAN/ULC S770. PIMA (p. 18) did not support adding ASTM C 1303 to the Rule because this test method, which is limited to unfaced material, does not apply to most insulation products used in the market today. PIMA explained that polyisio products always have facings, either permeable (organic or glass facers) or impermeable (aluminum foil facers or facers with gas barriers).

¹⁵ NAIMA (p. 3); XPSA (pp. 4-5); ConsultMort; and Pactiv (pp. 1-2). SPFA (pp. 1-2) cautioned against the improper use of the ASTM C-1303 and S770 procedures for spray polyurethane foam because there is no data to indicate these methods accurately predict aged R-values for that product.

¹⁶ See discussion in NPR at 68 FR 41881. Pactiv (pp. 1-2) stated that an ASTM Task Group is working to resolve various technical issues associated with ASTM C 1303. Pactiv also said that the CAN/ULC S770 Task Group has revised S770 to provide information about a positive bias associated with the method. Pactiv concluded that there is still significant work to be done on both tests. XPSA (pp. 2-3) also stated that bias issues related to S770 are under examination by industry members and emphasized that such issues should be fully addressed before the test is incorporated into the Rule.

qualified to consider the exceptions referenced in these procedures.

Several commenters addressed the new tests' potential impact on the R-values of products commonly sold in the residential market. According to one commenter, ASTM C 1303 and CAN/ULC S770 cover products that encompass only a small percentage of residential products.¹⁷ Another commenter reported that the various tests yield minimal differences in values for permeably faced polyiso boards at up to one inch thickness, but differences are apparent in thicker products.¹⁸ The comments also suggested that the costs for performing C 1303 or S770 are significant, running about \$5,000 to \$6,000 per sample and that only two or three third-party test laboratories are capable of performing them.¹⁹

Several commenters also addressed the other aging tests the Commission proposed. These procedures, ASTM C 578, C 1029, and C 591, incorporate the traditional accelerated aging tests. NAIMA supported their incorporation, contending they are sufficiently developed to justify their incorporation and reflect testing improvements that will provide consumers with accurate information.²⁰ R&D Services (pp. 1-2), however, took issue with the three proposed tests. It stated that none of them are adequate for determining the long-term thermal resistance of the products covered because, in part, the time period for aging in these tests is not sufficient. In addition, R&D argued that C 1029 does not have specific controls on aging and testing. R&D also commented that ASTM C 1289, a test which applies to polyisocyanurate boards, is not adequate for determining long-term thermal resistance for these products if they have permeable facers.

Discussion

The Commission has considered the comments received on the issue of aging and determined not to amend the Rule with respect to this issue. Accordingly, the Commission is not adding any new tests governing the aging of cellular plastics to the Rule. The comments demonstrate that significant disagreement continues to exist regarding the newer long-term aging tests (ASTM C 1303 and CAN/ULC S770). The Commission understands

that these tests are intended to address limitations with the traditional methods. The Commission does not believe, however, that requiring the use of these new methods is appropriate at this time. The comments highlight many concerns about the tests, including accuracy issues (potential bias in test results) and the need for more development with regard to the tests' specificity. In addition, several commenters suggested that their incorporation would have limited impact on the claimed R-value for products commonly sold in the residential market because the tests would make a difference in reported R-values for only a portion of the cellular plastic boards available. The Commission understands that the existing requirements do not specify uniform procedures under which cellular plastics insulation products must be tested. As a result, the Rule allows manufacturers of different products to base their R-values on different aging procedures and therefore they may not be fully comparable. The Commission recognizes that new slicing and scaling methods have the potential to improve the accuracy of required R-value disclosures. It is premature, however, to mandate the use of these tests as legal requirements until ongoing work on them is completed and existing problems are resolved. At the same time, the Commission does not find that these newer tests (ASTM C1303 and CAN/ULC S770) are "unreliable" under the Rule (despite the need for improvements). Therefore, industry members already using them may continue to do so, and others may use them if they choose. The Commission will continue to monitor efforts in this area as more research is conducted and the existing standards are further developed and may revisit this matter in the future.²¹

In addition, the Commission has decided not to include the three additional test procedures contained in the proposed rule, ASTM C 578,²² C 1029, and C 591 for particular product types. Incorporation of the proposed

²¹ The Commission understands that GSA Specification HH-I-530A may have limited availability. The R-value Rule, however, only references one paragraph which states: "4.6.4 Thermal conductivity. The thermal conductivity of insulation product shall be determined by the guarded hot plate method described in ASTM C 177 or by the heat flow method described in ASTM C 518. Tests shall be conducted on a 1-inch thick product at a mean temperature of 75 degrees F (23.8 degrees C) after 30 days and 90 days of conditioning at 140 degrees F (60 degrees C) dry heat."

²² The 2003 version of ASTM C 578 directs the use of a 90 or 180 day aging period but also states that ASTM C 1303 may be used if the blowing agent is intended to be retained for longer than 180 days.

tests would codify the traditional aging methods for specific products covered by these tests. This could limit the ability of manufacturers of these products to use newer, improved tests in the future. Accordingly, the Commission has determined not to amend the Rule with regard to aging tests at this time.

Similarly, the Commission has decided not to amend the Rule to require ASTM C 1289 for polyisocyanurate boards, which includes a version of CAN/ULC S770 as an annex. Although some industry members currently use this procedure for certain product types (namely, permeably faced polyisocyanurate boards), the Commission believes it would be inappropriate to require its use under the Rule (whether by itself or as part of another test or standard) and sees little benefit from identifying it as an alternative method in the Rule text at this time.

2. Loose-Fill and Stabilized Insulations

In the original rulemaking proceeding, the Commission determined that all dry-applied loose-fill insulation products tend to settle after installation in open (or unconfined) areas such as attics. (44 FR at 50228). Settling reduces the product's thickness, increases its density, and affects its total R-value. The amount of settling depends on several factors, including the raw materials and manufacturing process used, and the installer's application techniques (which affect the insulation's initial thickness and density).

To ensure that claims made to consumers are based on long-term thickness and density after settling, § 460.5(a)(2) of the Rule requires that the R-value of dry-applied loose-fill home insulations be determined at their "settled density." Manufacturers of dry-applied loose-fill cellulose insulation for attic applications must test and disclose the R-value (as well as coverage area and related information) at the long-term, settled density determined according to paragraph 8 of ASTM C 739, commonly referred to as the "Blower Cyclone Shaker" ("BCS") test.²³ Due to the lack of a consensus-based test procedure for the settled density of loose-fill mineral-fiber insulation, the Rule requires that industry members base the R-values for this product type on long-term thickness and density after settling, but does not specify how to determine a specimen's density. Since the Commission promulgated the Rule, new forms of

²³ "Standard Specification for Cellulosic Fiber Loose-Fill Thermal Insulation" (ASTM C 739).

¹⁷ XPSA (pp. 2-3). Pactiv (pp. 1-2).

¹⁸ PIMA (p. 17).

¹⁹ XPSA (p. 2); and Pactiv (p. 2). PIMA (p. 17), however, asserted that C 1303 is twice as expensive to perform as S770.

²⁰ NAIMA (pp. 3-4) also noted that because the GSA Specification HH-I-530A referenced in the Rule is no longer available, the Commission should not continue to use it as an R-value test standard.

home insulation products have been introduced including "stabilized" cellulose and self-supported spray-applied cellulosic insulation.

a. Settling

In the NPR, the Commission addressed several issues related to the settling of loose-fill insulation in attics and stated it intended to retain the requirement that industry members use the BCS test to determine the settled density of cellulose loose-fill. (68 FR 41882-41886). The Commission proposed to update the current reference to ASTM C 739 in § 460.5(a)(2) to reflect the most current version (which is now the 2003 version). The Commission also stated that manufacturers who can demonstrate that the BCS procedure is inappropriate for their products can apply for an exemption that would allow them to determine their product's settled density under a more appropriate method (the exemption procedures are found in the Appendix to 16 CFR part 460).

Section 460.5(a)(2) of the Rule does not specify procedures for determining the settled density of loose-fill mineral fiber insulation products but instead requires that R-values for dry-applied loose-fill mineral fiber insulations be based on tests that take the adverse effects of settling into account. The Commission indicated in the ANPR that ORNL studies conducted during the 1980's demonstrate that certain loose-fill mineral fiber insulation products can settle following installation, resulting in a reduction of R-value. (64 FR at 48033). The settling results differed in amount and effect, depending on the type of mineral fiber insulations studied (e.g., fiberglass versus rock wool products).

In the NPR, the Commission did not propose any specific test for measuring the settling of this insulation type because there is no consensus standard available. In its comments on the NPR, R&D (p. 3) asserted that a settled density test for fiberglass and rock wool insulations is needed to address the settling that is known to occur. The Commission understands R&D's concerns and reiterates that industry members must have a reasonable basis for their R-value claims and take into account the effects of settling when applicable. Although the Commission cannot require industry members to develop consensus standards, it will monitor practices and R-value claims related to settling.

The NPR proposed, however, to amend the Rule to eliminate the reference to an unnamed, future GSA

procedure in § 460.5(a)(3) because GSA never issued such a procedure. The Commission also proposed to amend the Rule to specify that tests for self-supported, spray-applied cellulose insulation and stabilized cellulose must be done on samples that fully reflect the effect of settling on the products' R-value. The Commission received four comments favoring these amendments and none opposing. The Commission has incorporated these amendments into the final rule (see § 460.5(a)(3)).

b. Self-Supported Spray Applied Cellulose Insulation

Background

Self-supported spray applied cellulose insulations are generally sprayed onto walls, and are able to support themselves as applied. Such insulations are most often used on exposed walls. In the NPR, the Commission proposed to require the use of ASTM C 1149 ("Standard Specification for Self-Supported Spray Applied Cellulosic Thermal Insulation") for this type of insulation. The procedures in paragraph 5.1 of ASTM C 1149 require the use of the manufacturer's recommended equipment, procedures, and maximum thickness when preparing test specimens. The Commission solicited comments regarding this proposed requirement.

Comments

The Commission received four comments favoring the proposed requirement related to self-supported spray applied cellulose insulation. Three commenters²⁴ supported the incorporation of ASTM C 1149 into the Rule but suggested replacing the term "settled density" with the term "density" because the former term is not applicable to this product. NAIMA (p. 4) agreed with the proposal to require ASTM C 1149 but urged the Commission also to address the impact of settling on wet cellulose.²⁵ It also suggested moisture problems may degrade the settled density of the cellulose insulation and, thus, affect R-value. NAIMA strongly recommended that the Commission require each cellulose manufacturer to provide consumers with reliable drying guidelines since this issue directly impacts R-value and settled density.

²⁴ R&D (p. 2); CIMA (p. 1); and PIMA (p. 8).

²⁵ In initial comments and a late-filed comment (March 26, 2004), NAIMA submitted information suggesting that insulation installed in walls without proper drying times may lead to faster corrosion, more mold, and lower R-values.

Discussion

The Commission has reviewed the comments and has decided to amend the Rule by adding § 460.5(a)(4) to require the use of ASTM C 1149 ("Standard Specification for Self-Supported Spray Applied Cellulosic Thermal Insulation") for deriving the R-value of such insulation. The Commission agrees with the commenters that this is an appropriate method to apply to these products. The term "settled" has been eliminated from this part as it does not apply to this material. The Commission has also considered NAIMA's concerns regarding moisture and has decided not to amend the Rule with regard to this issue. The Commission is not willing to prescribe detailed requirements in this area absent further information and the opportunity for other industry members to address specific proposals on this issue. Further, if moisture damage is a problem if the material is not properly installed, manufacturers should provide installation instructions as a matter of good practice.²⁶

c. Initial Installed Thickness

Background

As discussed in the NPR, the Commission is aware of industry concerns about the installation of loose-fill insulation. (68 FR 41891-41893). For loose-fill insulations, the Rule currently requires: (1) That each manufacturer determine the R-value of its home insulation product at settled density and construct coverage charts showing the minimum *settled* thickness, minimum weight per square foot, and coverage area per bag for various total R-values; and (2) that installers measure the area to be covered and install the number of bags (and weight of insulation material) indicated on the product's coverage chart for the total R-value desired. The Insulation Contractors Association of America ("ICAA") has long believed that the Rule's requirements make it very difficult for contractors to ensure that they have installed the correct amount of insulation. (68 FR at 41891-41893). In the NPR, the Commission

²⁶ In the NPR, the Commission did not propose any specific test methods for determining the long-term density of *stabilized* cellulose insulation, a product usually used in attic applications. (68 FR 41884-41885). One commenter, R&D (p. 3), suggested that the Commission require the use of ASTM C 1497-01 ("Standard Specification for Cellulosic Fiber Stabilized Thermal Insulation") for determining the R-value for stabilized cellulose insulation. Because the Commission did not seek comment on this method, we decline to include it in the final amendments. The Commission, however, agrees with R&D that this test appears to be an appropriate method to apply in deriving R-values for this type of insulation.

recognized that contractors may fail to install sufficient insulation either because they apply material at the minimum *settled* thickness by mistake or they simply provide an inadequate amount. (68 FR at 41892). In other instances, some installers inappropriately or inadvertently "fluff" their insulation by applying it with more air at a lower density. This practice increases thickness, at least initially, but reduces the necessary density and total R-value. It has been difficult for consumers to determine whether the correct insulation amount has been installed because they cannot rely on the installed thickness alone to assure they obtain the contracted-for R-value.

To address these concerns, the Commission proposed to require a relatively new procedure, ASTM C 1374 ("Standard Test Method for Determination of Installed Thickness of Pneumatically Applied Loose-Fill Building Insulation"). This procedure was specifically developed to aid manufacturers in determining a product's *initial* installed thickness, which in turn ensures that, long-term, consumers receive the claimed R-value. The Commission proposed to incorporate this procedure into the Rule and sought comments on the test. Specifically, the Commission proposed to:

- Amend § 460.5(a) to add a new subsection (5) that would require manufacturers of loose-fill insulation to determine the initial installed thickness of their product at certain R-values using ASTM C 1374 ("Standard Test Method for Determination of Installed Thickness of Pneumatically Applied Loose-Fill Building Insulation").
- Amend § 460.12 (Labels) to require this initial installed thickness information on product labels.
- Amend § 460.5(a) to require manufacturers of loose-fill insulation to determine the blowing machine adjustments and feed rates necessary to achieve the initial installed thicknesses and indicate such information on the product label.
- Amend § 460.17 to require installers to comply with the initial installed thickness directions on product labels and to use the blowing machine adjustments and feed rates specified by the manufacturer.

Under the proposal, manufacturers would provide initial installed thickness information on labels and fact sheets pursuant to §§ 460.12 and 460.13. Pursuant to § 460.17, installers would have to follow the initial installed thickness information on the label to ensure the appropriate amount of

insulation has been installed. They also would have to follow the manufacturer's instructions for blowing machine settings. The Rule would continue to require installers to show fact sheets to consumers (§ 460.15) and provide the consumer with initial installed thickness and R-value information for specific jobs (§ 460.17). To improve the clarity of existing language in the Rule, the Commission also sought comment on changing the term "minimum thickness" in § 460.12(b)(2) to "minimum settled thickness."

Although the Commission proposed to add disclosure requirements for initial installed thickness information, it indicated specifically that it did not plan to eliminate any of the existing disclosure requirements related to loose-fill, such as bag count and coverage area. The Commission indicated that this information is necessary to provide consumers and inspectors with an additional means to verify that installers have provided an appropriate amount of material. Under the proposed rule, loose-fill cellulose insulation manufacturers would continue to conduct their R-value tests at the settled density using ASTM C 739, as specified by § 460.5(a)(2). Manufacturers of other loose-fill material also would have to continue to conduct R-value tests based on samples that fully reflect the effect of settling on the product's R-value (see § 460.5(a)(3)). The Commission sought comments on questions related to the efficacy of ASTM C 1374, and the costs and benefits of the Commission's proposal.

Comments

The comments demonstrated general support for the Commission's proposed amendments with regard to initial installed thickness information, although several commenters raised specific concerns with regard to blowing machine settings and other issues.²⁷ ICAA (pp. 11–23) strongly supported the amendment stating that the changes will benefit all parties because they will help alleviate the problems installers face in providing the correct amount of insulation.²⁸ These include differences

²⁷ ICAA (p. 15); NAIMA (p. 4); PIMA (p. 8), and CIMA (pp. 1–2). In a late-filed comment (July 8, 2004), U.S. Green Fiber (p. 3), the largest cellulose insulation manufacturer, indicated that the addition of ASTM C 1374 would be "positive" and recommended its incorporation into the Rule. Green Fiber also described a procedure it intends to follow in complying with ASTM C 1374. Given the late timing of Green Fiber's comment, the Commission has not addressed the procedure outlined in its letter.

²⁸ ICAA stated that there are no other test procedures that should be incorporated into the Rule in lieu of (or in addition to) ASTM C 1374 at

in "as designed" models and "as built" homes in large developments, resulting in the actual job site space differing from the "contracted for" space; increasingly complex new home plans that make measurements difficult; and problems in obtaining adequate measurements in some retrofit applications.²⁹

ICAA (pp. 21–23) also indicated that incorporation of ASTM C 1374 into the Rule is unlikely to increase significantly, if it at all, the costs consumers will pay for loose-fill insulation. ICAA (p. 22) emphasized that the ASTM C 1374 amendment will not cause installers to use more loose-fill material or cause an increase in installation time on any given job because installers will now have an explicit thickness target for each attic, and therefore the overall variance (both overage and underage) may be reduced. ICAA also believes the proposal will not hinder the installers' ability to provide consumers coverage area information required by the Rule because contractors will continue to measure coverage area to estimate the volume and cost associated with each job.

R&D (pp. 3–4), while agreeing generally that the initial installed thickness information would be beneficial, stated that the Rule should continue to require installers to provide the minimum pounds per square foot to insure at least a minimum settled thickness. R&D also raised some specific concerns about ASTM C 1374, cautioning that "there is no assurance that results from C 1374 will be consistent with the existing procedure for determining the settled density and R-value of loose-fill cellulose insulation." R&D's comments raise the possibility that the initial installed thickness results from ASTM C 1374 may not necessarily be consistent with, for instance, the settled density results for cellulose yielded from ASTM C 739. In other words, the instructions for initial installed thickness for a certain R-value could potentially fail to prescribe the insulation amount suggested by the label's area and bag count (*i.e.*, weight) information. Despite this uncertainty, R&D supported the inclusion of initial installed thickness information in the Rule as a

this time. ICAA wrote that ASTM members are working on an update to the procedure that will involve only very slight, non-substantive modifications. (ICAA, p. 19).

²⁹ ICAA also suggested that, because the actual net weight in bags sometimes differs from the minimum net weight printed on the packaging, the amendment would allow customers to receive the contracted R-value regardless of bag weight deviations.

"recommendation" by manufacturers and urged the Commission to require manufacturers to provide initial installed thickness information that is consistent with the results obtained from settled density tests.³⁰

Several commenters raised concerns with the blowing machine setting requirements of the Rule. For instance, CIMA stated that because contractors use more than a hundred different blowing machines and a machine's performance changes with age and usage, it would be difficult for manufacturers to provide required blowing machine settings for all of them.³¹ It suggested that the Commission allow manufacturers to select one blowing machine deemed to be "representative" and publish settings for just that machine. Otherwise, CIMA asserted, manufacturers, particularly smaller ones, would incur significant financial burdens if they have to provide blower settings for many machines.³² ICAA interpreted the Commission's proposal as requiring the disclosure of blowing machine settings that conform to the reporting requirements of ASTM C 1374, section 11.1.4 which requires the manufacturer to provide information only about the machine settings used to conduct the test. ICAA suggested that the Commission delete reference to blowing machine settings in § 460.17 (installer requirements) because it is inconsistent with ASTM C 1374. ICAA also suggested modifying the proposed language in 460.17, applicable to initial installed thickness, to read: "For loose-fill, you must follow the manufacturer's label instructions for initial installed thickness."

Discussion

The Commission has decided to amend the Rule as proposed, with modifications to respond to the comments. The final rule indicates that manufacturers must provide blowing machine settings for the machine used in conducting the test (consistent with ASTM C 1374). This should address comments about the financial burden of testing with multiple blowing machines. Manufacturers, of course, may provide additional information (e.g., settings for

additional types of machines) to aid installers.

ASTM C 1374 provides a way to derive initial installed thickness measurements from the weight information (i.e., bag count) on a manufacturer's package label (see sections 5.5 and 8.2) of the test method.³³ The test method itself does not require the generation of specific information about product density, settled thickness, weight, or R-value. It assumes that manufacturers have already developed this information before they conduct the initial installed thickness procedure. The data generated by ASTM C 1374 simply adds to existing information on the label by providing installers with guidance on the insulation amounts they should install.

The Commission has considered R&D's concern about possible inconsistencies between results yielded from a procedure for initial thickness and another for settled density. Because the record does not demonstrate that such inconsistencies will necessarily occur, this concern appears to reflect a potential issue rather than a proven flaw.³⁴ Other commenters, representing loose-fill manufacturers and installers, supported the test method's use for labeling purposes. As proposed in the NPR, the Commission is retaining other information requirements (bags per square foot, etc.).³⁵ This information will help contractors to install appropriate amounts even if inconsistencies arise between the initial and settled thickness information. This other information (e.g., bag count) also provides installers, consumers,³⁶ and

inspectors an additional means to verify that the appropriate amount of material has been installed. It may also discourage unscrupulous installers from intentionally altering the blowing machine settings to "fluff" material (i.e., increase thickness at the expense of density and total R-value). Although initial installed thickness will provide important guidance to installers, they still will have to pay attention to area measurements and bag counts to ensure they install the correct thickness and amount.

To avoid possible confusion, the Commission has not included in § 460.17 the proposed requirement that installers follow manufacturers' instructions for initial installed thickness information. In light of the comments, the Commission is concerned that such specific language may lead some installers to follow only the initial installed thickness information and ignore other important data on the bag label. Under the final rule, § 460.17 continues to direct installers to "use the data the manufacturer gives you" to "figure out the R-value of the insulation." This language is sufficient to direct installers to follow the manufacturers' instructions including information about coverage area, weight, and initial installed thickness.³⁷

D. Other Testing Requirements

1. Test Temperature Differential Background

In the NPR, the Commission indicated that it did not propose to amend the Rule with regard to the required mean test temperature (75°) for R-value tests. (68 FR at 41887). The current Rule, however, does not require a specific temperature differential (i.e., the temperature difference between the hot and cold surface during testing) in conducting the § 460.5(a) tests. In the NPR, the Commission proposed to require that tests be conducted with a temperature differential of 50 °F plus or minus 10 °F because the thermal properties of a specimen may change both with mean temperature and with the temperature difference across the test specimen.

Comments

The comments generally supported requiring the performance of tests using

Consumers also will continue to receive information regarding minimum settled thickness.

³⁷ As indicated in the NPR (68 FR at 41893, n. 97), the Commission has decided to change the term "minimum thickness" in § 460.12(b)(2) to "minimum settled thickness." This will improve the clarity of the existing language in the Rule.

³⁰ R&D supplemented its initial letter in a late filed comment (March 23, 2004) stating that ASTM C 1374 should "be identified as a guide for determining installed thickness" and not the sole criterion for installers to follow.

³¹ See also R&D (pp. 3-4) and ICAA (pp. 17-18, and 20).

³² R&D explained the costs arise from the significant capital investment in installation equipment required, and that a prescriptive requirement for blowing machine settings could double the cost of creating a coverage chart.

³³ For instance, section 5.5 of the Test Method states: "The material blown for a given R-value as part of the installed thickness test equals the installed mass/unit area times the test chamber area. This mass can be calculated from information provided on the package label at the R-value prescribed." Section 8.2 states in part: "From product label information, calculate the mass of insulation required to fill the test chamber for the R-value selected * * *."

³⁴ The test method itself directs manufacturers to derive the initial installed thickness information using given R-values for the mass of material indicated on the package label (not the thickness). (See ASTM C 1374-03, section 5.5.) If experience demonstrates that there are significant inconsistencies between the results of the two tests, the Commission may consider revisiting this requirement.

³⁵ The NPR indicated that manufacturers will continue to provide information currently required on loose-fill labels such as minimum settled thickness, maximum new coverage area, number of bags per 1,000 square feet, and minimum weight per square foot at various R-values. (68 FR at 41893).

³⁶ Initial installed thickness information should make it easier for consumers to verify they have received adequate insulation because they can now use a ruler to measure the installed thickness.

a temperature differential of 50 °F plus or minus 10 °F.³⁸ PIMA (p. 5) supported the proposal but noted that the Rule allows reflective insulation testing at a temperature differential of 30 °F. Given the need for consistency in R-value test conditions, PIMA questioned the Commission's decision to exempt aluminum foil insulations from this standardized condition. Honeywell (pp. 1-2) also supported the proposal but recommended that the Rule require testing at a mean temperature of 40 °F, in addition to the mean temperature of 75 °F, to insure that consumers will use an adequate insulation amount in cold temperature regions.³⁹

Discussion

The Commission has decided to amend § 460.5(a), as proposed, to require that tests be conducted with a temperature differential of 50 °F plus or minus 10 °F. This amendment will help ensure the comparability of R-value claims for competing home insulations. The Commission is not, however, revising the Rule's mean test temperature requirement, which is not intended to be representative of any particular geographical region, season, or actual performance conditions. Indeed, when the Commission initially promulgated the requirement, it concluded that requiring sellers to test and disclose R-values at a mean temperature representative of any specific geographical region, or season of the year, would yield R-value results that would be inappropriate for other regions or seasons. (44 FR at 50219 and 50227). Further, it concluded that requiring sellers to test and disclose R-values separately for different regions or seasons would yield multiple disclosures that could confuse consumers and perhaps discourage them from using R-values in making purchasing decisions. Although useful information may be derived by testing material at a lower mean temperature, the Commission believes that testing at additional mean temperatures could unduly complicate the testing and reporting of R-values. Manufacturers, of course, may take low temperature

performance into account in advertising their products. (See 68 FR at 41878-41879).

The Commission also has decided not to alter the temperature differential requirements in the Rule for reflective insulations (see § 460.5(b) and (c) of the amended Rule) as PIMA suggested. The Rule's temperature differential requirements for reflective insulations are consistent with well-established procedures mentioned in the Rule itself. For single sheet reflective products, § 460.5(b) references tables in the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc. (ASHRAE) Fundamentals Handbook that do not contain R-values for temperature differentials greater than 30 °F.⁴⁰ For multi-sheet reflective insulations, § 460.5(c) requires the use of ASTM 1224 which itself mandates a 30 °F differential (see 9.7.3). It would not be appropriate to issue amendments inconsistent with these industry consensus standards without additional information about any technical problems caused by such changes or the practical benefit, if any, such amendments will provide for consumers.

2. Tolerance

Background

In the ANPR (64 FR at 48037-48038), the Commission proposed to clarify that the 10% tolerance provision in § 460.8 applies to manufacturer claims and not to claims made by other sellers or installers who rely on R-value data provided by the manufacturer. Under the tolerance provision, the actual R-value of any insulation sold to consumers cannot be more than 10 percent below the R-value shown on a label, fact sheet, ad, or other promotional material for the product. The Commission solicited comments on whether it should amend the tolerance provision, and the benefits and burdens such an amendment would confer on consumers and insulation sellers. In addition, the Commission sought comments on whether the Rule should be changed with regard to sampling procedures.

After analyzing the comments received in response to the ANPR, the Commission proposed to amend § 460.8 of the Rule to clarify that the tolerance provision applies to manufacturers and the manufacturing process (not to installation). (68 FR at 41887). The Commission also proposed to amend § 460.8 to require that the mean R-value

of sampled specimens of a production lot meet or exceed the R-value shown in a label, fact sheet, ad or other promotional material for that insulation. For the purposes of the proposed amendment, the Commission defined the term "production lot" as a definite quantity of the product manufactured under uniform conditions of production. In addition, the Rule would continue to specify that no individual specimen of that insulation may have an R-value more than 10% below the R-value shown in a label, fact sheet, ad, or other promotional material for that insulation.⁴¹

Comments

The Commission received five comments on the tolerance issue. No commenters opposed the Commission's proposal to clarify that the tolerance provision applies to manufacturers and not installers. Two commenters supported the proposal to require that the mean R-value of sampled specimens of a production lot meet or exceed the labeled R-value.⁴² Rockwool, in contrast, believes the proposal allows too many sampled specimens to fall below the stated R-value.

NAIMA (pp. 5-6) generally supported the proposal to clarify that manufacturers should meet 100 percent of labeled R-value and that the mean R-values should meet or exceed the labeled R-value, but stated that the proposed rule language could lead to confusion. NAIMA warned that manufacturers, in attempting to meet the new requirement, would adjust their manufacturing process to yield mean R-values above the labeled R-value because normal production processes yield normal variations that may cause a failure to meet the literal requirements of the proposed language.⁴³ According to NAIMA, the Commission's proposal would necessitate product design changes that would render most insulation more expensive for consumers.

PIMA (pp. 10-11) urged the Commission to retain the current language in the Rule which "is well

³⁸ NAIMA (p. 3) (Commission proposal is consistent with ASTM Standard Practice C 1058, "Selecting Temperatures for Evaluating and Reporting Thermal Properties of Thermal Insulation" and industry practice). See also, XPSA (pp. 3-4) and Pactiv (p. 1).

³⁹ Honeywell described past research suggesting that mean temperature has an effect on the thermal conductivity of rigid polyurethane foams. Honeywell noted that the European Union specifies a mean temperature of 50 °F to represent more adequately insulation requirements of their geographic region, which is similar to that of the northern regions of the U.S.

⁴⁰ See 2001 ASHRAE Fundamentals Handbook, Ch. 25, Table 3.

⁴¹ The Commission did not propose a specific sampling procedure, stating that there was no clear indication that manufacturers' implementation of the tolerance provision results in the selection of test specimens that are not representative of ongoing production. (68 FR at 41888).

⁴² XPSA (p. 4) and Pactiv (p. 2). XPSA indicated that this change will give flexibility to manufacturers and would not require a new, costly testing schedule.

⁴³ In addition, PIMA (pp. 10-11) explained that the precision and bias of commonly used R-value test methods, such as ASTM C 518, are in the ±3-5% range. It also stated that the Commission has not adequately defined the term "production lot" and should designate sampling procedures.

understood." NAIMA suggested, however, that the proposed rule specify that manufacturers must use valid statistical tests in their manufacturing process. In NAIMA's opinion, this would remove the potential for manufacturers to make inappropriate assumptions about lot size, sample size, or sampling frequency.

Rockwool International (pp. 1-2) explained that manufacturers interpret the existing Rule to allow the production to be run with a mean R-value equal to labeled R-value. As a result 50% of what is delivered to the market is equal or better than labeled, while the rest is below labeled R-value. Rockwool explained that the change "will raise the fraction of what is at labeled R-value or better to approximately 75% of what is put on the market and approximately 25% will be below labeled R-value." Rockwool indicated that, ultimately, the tolerance rules reflect a policy decision but, in its view, it is reasonable to require that at least 90% of the production to be equal to or better than labeled R-value.

Discussion

The Commission is amending § 460.8 to clarify that the tolerance limit applies to manufacturers and the manufacturing process (not to installation). The Rule will continue to allow professional installers and new home sellers to rely on the manufacturer's installation instructions, unless they have reason to believe that the instructions are inaccurate or not based on the proper tests. The amendment clarifies that the tolerance is not intended to allow installers or new home sellers to deviate from the manufacturer's installation instructions.⁴⁴

The Commission has decided not to include specific language in the Rule related to the mean R-value of sampled specimens in a production lot. As the comments indicate, the proposed language has created significant confusion. The proposed change was meant to clarify existing requirements and foster consistency in the tolerance provision's application, not to change the underlying tolerance requirement or cause changes to existing industry practices. The Commission's proposal sought to explain that the mean R-value of products must meet or exceed the labeled R-value. According to NAIMA, this is the way most manufacturers currently interpret the Rule. The

⁴⁴ For instance, the 10% tolerance provision does not apply to the thickness at which loose-fill insulation is installed. Under the current Rule, loose-fill insulation must be installed at a settled thickness equal to or greater than the minimum settled thickness specified by the manufacturer.

Commission did not intend to require changes in existing production processes due to complications caused by normal variation. Although NAIMA has suggested language to clarify the Commission's intent, such language could also lead to confusion. In addition, any requirement related to the mean of samples in production lots would be difficult to implement and enforce without mandated sampling procedures. Given that the Commission is not amending the Rule in this regard, we note that the tolerance provision is designed to take the place of detailed quality control standards in the Rule. It does not give industry members a license to inflate their R-values above the amount determined through R-value testing. Rather, the testing sections impose two separate bases for potential liability. First, industry members will be liable if their stated R-values do not reflect the results of tests performed in accordance with the Rule. Second, if the Commission tests the manufacturer's product, the tested R-value must be within 10 percent of the R-value represented to consumers. If the product is not within this 10 percent tolerance, the manufacturer may be liable even if the stated R-value accurately reflects the manufacturer's test results. In that event, failure to pass the tolerance test indicates that the manufacturer's quality control procedures are insufficient to reasonably assure consumers that they are receiving the represented R-value. (See 45 FR at 68923).

3. Determining the Thermal Performance of Reflective Insulations Background

There are two basic forms of reflective insulation products in the residential market: (1) Traditional single sheet and multi-sheet reflective insulations; and (2) single-sheet radiant barrier reflective insulations. Traditional reflective insulation products normally are installed in closed cavities, such as walls. The Rule requires that manufacturers of traditional reflective insulation products use specific test procedures to determine the R-values of their products, and that manufacturers and other sellers disclose R-values to consumers for specific applications. (See 64 FR at 48038-48039). Section 460.5(c) of the current Rule requires the use of ASTM E 408 for single sheet systems. For reflective systems with more than one sheet, § 460.5(b) requires use of ASTM C 236 and ASTM C 976.

In the NPR, the Commission proposed to reorganize §§ 460.5(b), (c), and (d) and make substantive changes to existing requirements. (68 FR at 41888-

90). Proposed § 460.5(b) would require that single sheet systems of aluminum foil (*i.e.*, reflective material) be tested with ASTM C 1371, "Standard Test Method for Determination of Emittance of Materials Near Room Temperature Using Portable Emissometers" or E 408 (as currently required). ASTM C 1371 tests the emissivity of the foil. To get the R-value for a specific emissivity level, air space, and direction of heat flow, the amendment would continue to refer industry members to the tables in the most recent edition of the ASHRAE Handbook, if the product is intended for applications that meet the conditions specified in the tables. Industry members would have to use the R-value for 50 °F, with a temperature differential of 30 °F.

In new § 460.5(c), the Commission proposed requiring that aluminum foil systems with more than one sheet, and single sheet systems of aluminum foil (*i.e.*, reflective insulation) that are intended for applications that do not meet the conditions specified in the tables in the most recent edition of the ASHRAE Handbook, be tested with (i) ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus," (ii) in a test panel constructed according to ASTM C 1224-03, "Standard Specification for Reflective Insulation for Building Applications," and (iii) under the test conditions specified in ASTM C 1224-03. To get the R-value from the results of those tests, the amendment would require the use of the formula specified in ASTM C 1224-03. The tests must be done at a mean temperature of 75 °F, with a temperature differential of 30 °F.

Finally, the Commission proposed to amend § 460.5(d)(1) to insert a reference to ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box," in place of ASTM C 236-89 (Reapproved 1993), "Standard Test Method for Steady-State Thermal Performance of Building Assemblies by Means of a Guarded Hot Box," and ASTM C 976-90, "Standard Test Method for Steady-State Thermal Performance of Building Assemblies by Means of a Calibrated Hot Box."

Comments

Five commenters generally supported the proposed amendments.⁴⁵ R&D (p. 4),

⁴⁵ SPFA (p. 1), PIMA (pp. 9-10), NAIMA (pp. 4-5), and Pactiv (p. 2) supported the Commission's proposals without elaboration. AFS noted that ASTM E-408 is not in use anymore and recommended that the Commission eliminate references to the test. AFS indicated that ASTM C

however, expressed concern that the proposed requirements for single sheet systems of aluminum foil are overly restrictive. Because the ASHRAE Handbook of Fundamentals references only four thicknesses for each heat flow direction, R&D urged the Commission to acknowledge that the footnotes in the Handbook allow for "interpolation and moderate extrapolation" from the data for those specified thicknesses.

Discussion

The Commission has determined to amend the Rule as proposed because the amendments account for recent improvements in the applicable test procedures. In response to R&D's concerns, the Commission notes that, in issuing these amendments, it does not intend to restrict the use of the tables only to those values specifically printed in the tables themselves. Rather, the Commission recognizes that explanatory information in the footnotes to the ASHRAE handbook allow for "interpolation and moderate extrapolation" and would expect industry members to use this guidance in complying with the Rule.⁴⁶

E. Other Disclosure Issues

1. Disclosures on Labels and Fact Sheets

a. Disclosures for Batt, Blanket, and Boardstock Insulations

Background

Subsections 460.12(b)(1) and (4) of the Rule require manufacturers to label all packages of "mineral fiber batts and blankets" and all boardstock insulations with a chart showing the R-value, length, width, thickness, and square feet of insulation in the package, and § 460.13(c)(1) requires that they include the chart on manufacturer-provided fact sheets. As indicated in the ANPR, NAIMA recommended amending § 460.12(b)(1) to apply to all batt and blanket insulation products by deleting the reference to "mineral fiber." (64 FR at 48041).

In the NPR, the Commission agreed that all types of batt and blanket insulations should be labeled with the same basic R-value and coverage area information, and that manufacturers' fact sheets for these insulation products should include these disclosures. Therefore, the Commission proposed

1371 is the appropriate, updated test to use for measuring surface emittance.

⁴⁶ The Commission has decided to retain ASTM E 408 in the Rule. Although it may not be widely used and has largely been displaced by C 1371 (for measurements of emittance using portable emissometers), the commenters have not identified any negative impact from retaining this procedure in the Rule.

deleting the phrase "mineral fiber" from § 460.12(b)(1). (68 FR at 41890–41891).⁴⁷

Comments

Both PIMA (p. 11) and NAIMA (p. 7) supported the Commission's proposal to delete "mineral fiber" from § 460.12(b)(1) and to clarify that the coverage chart disclosure requirement applies to all types of batts and blanket insulation.

Discussion

For the reasons explained in the NPR and because no negative comments were received, the Commission has decided to amend § 460.12(b)(1) to require that all types of batt and blanket insulations to be labeled with the same basic R-value and coverage area information. This amendment also requires that manufacturers' fact sheets for these insulation products include these disclosures.

b. Required Disclosures for Loose-fill Insulations

i. R-value Disclosures

Background

Section 460.12(b) of the Rule requires that labels on loose-fill insulation packages disclose the minimum net weight of the insulation in the package and include a coverage chart disclosing minimum thickness (after settling), maximum net coverage area, minimum weight per square foot, and, for loose-fill cellulose insulation only, number of bags per 1,000 square feet for each of several specified total R-values for installation in open attics. The Rule specifies different total R-values for which the disclosures must be made for loose-fill cellulose insulations and other types of loose-fill insulations. To install an adequate amount of insulation, professional installers must calculate the number of square feet to be insulated and install the number of bags indicated on the manufacturer's coverage chart that are necessary for the desired R-value (commonly referred to as the "bag count"). In the NPR, the Commission proposed to amend §§ 460.12(b)(2) and (3) to require the same coverage charts for all types of loose-fill insulation (not just cellulose) at R-values of 11, 13, 19, 22, 24, 32, and 40.

⁴⁷ Section 460.12(b) refers to "mineral fiber" batts and blankets because, when the Rule was promulgated, the batt and blanket insulation products being sold in the residential market were mineral fiber insulation products, primarily fiberglass. Since then, the market has expanded to include other types of batt and blanket insulations.

Comments

In general, commenters supported the Commission's proposal to require the same R-value information on labels and fact sheets for all types of loose-fill insulation. ICAA (pp. 9–10) said disclosures based on specified R-values would make it easier for contractors and "do-it-yourself" consumers to compare various products and would enhance competition in the market. ICAA and R&D (p. 3) believe any costs associated with this amendment will be small and will have little or no financial impact on manufacturers. ICAA and NAIMA (p. 5) suggested that the disclosure requirement for loose-fill insulations include R-values of 30, 38, and 49 because these values reflect DOE's most common R-value insulation recommendations.⁴⁸

Because the proposed values differ from those traditionally used by cellulose manufacturers and specified in ASTM C 739 ("Standard Specification for Cellulosic Fiber Loose-Fill Thermal Insulation"), CIMA (p. 1) said that some cellulose insulation manufacturers would have to develop new coverage charts. To minimize the costs associated with developing these new charts, CIMA urged the Commission to give manufacturers a reasonable amount of time to comply with this change.

Discussion

After reviewing the comments, the Commission has determined to consolidate § 460.12(b)(2) and (3) into § 460.12(b)(2) and to require R-value disclosures at 13, 19, 22, 30, 38, and 49. The Commission agrees with NAIMA and ICAA's suggestions to include other values DOE most commonly recommends for different regions of the country.⁴⁹ Some of the proposed values, such as 24, 32, and 40, have not been included in the final rule because they do not appear in the DOE recommendations. Manufacturers, however, may include voluntarily these and other R-values on their labels.

The commenters provided differing opinions about the costs of such changes. Although the Commission has altered the final rule to be more consistent with commonly used R-values, the Commission recognizes that

⁴⁸ See also R&D (p. 3) (specifying a minimum number of R-values that must be included in a coverage chart is appropriate, but voluntary disclosure of other R-values on the coverage chart should be allowed).

⁴⁹ See "U.S. Department of Energy Recommended Total R-Values for New Construction Houses in Six Insulation Zones," http://www.eere.energy.gov/consumerinfo/energy_savers/pdfs/rvalue_map.pdf. See also "Insulation Fact Sheet," DOE/CE-0180, Oct. 2002.

the amendment may require manufacturers to change their labels and complete any necessary calculations for these new values. Accordingly, the Commission is making the effective date of the amendments announced in this document 180 days after publication in the **Federal Register**.

ii. Initial Installed Thickness

As discussed in section V.C.2.c. of this document, the Commission has amended the Rule to require manufacturers to provide information on bag labels and fact sheets related to the "initial installed thickness" of loose-fill insulation. This requirement necessitates changes to § 460.12 (Labels) to require this new information on product labels.

c. Disclosures for Urea-Based Foam Insulations

In the NPR, the Commission proposed to delete the Rule's disclosure requirements related to urea-based foam insulations (§§ 460.13(d) and 460.18(e)) (e.g., "Foam insulation shrinks after it is installed. This shrinkage may significantly reduce the R-value you get"). Earlier comments recommended that the Commission revise the required statement to refer to "urea-based foam insulation" because the reference to "foam insulation" implies that all foam-type insulation products (including other types of cellular plastics insulations) shrink after installation, resulting in lower R-values than claimed. Because there is no indication that urea-based foam insulation is being sold, the Commission proposed to eliminate the provision completely.

NAIMA (p. 7) and PIMA (pp. 12–13) supported eliminating the Rule's requirements for urea-based foam insulation because the product is no longer available. Both, however, recommended that the Commission ensure that procedures are in place to reinstate this product category under the Rule should the product reappear. Given that commenters identified no reasonable expectation that such products will reappear on the market, the Commission has decided to amend the Rule as proposed. If necessary, ordinary rulemaking procedures can be used to address the issue if the product reappears.

2. Disclosures in Advertising and Other Promotional Materials

In the NPR (68 FR at 41894), the Commission proposed to eliminate current disclosure requirements for

radio ads in §§ 460.18 and 460.19.⁵⁰ Three comments supported the Commission's proposal and none opposed.

The Commission has decided to amend the Rule as proposed. There is no indication that the absence of requirements for television ads, which are exempt from the affirmative disclosure requirements pursuant to §§ 460.18(f) and 460.19(g), has had an adverse impact on consumers over the years. Similarly, the Commission expects that the elimination of radio disclosure requirements will have little impact on consumers. In addition, the lengthy disclosures required by §§ 460.18 and 460.19 are arguably more burdensome for radio than television because the disclosures must necessarily displace significant portions of the ad's message or increase the duration of the ad and hence the advertiser's cost. Required information on fact sheets, labels, and print ads will continue to provide consumers with critical performance information when they shop for insulation or use installers.

3. Disclosures by Installers or New Home Sellers

As discussed in detail in section V.C.2.c. above, the Commission is amending § 460.17 to require loose-fill installers to provide information to customers about initial installed thickness in addition to information currently required by the Rule (*i.e.*, coverage area, R-value, minimum settled thickness, and bag count).⁵¹ In response to comments, the Commission has decided not to include proposed language in § 460.17 about blowing machine settings and the specific requirement related to initial installed thickness instructions (*see* section V.C.2.c.). Existing rule language should provide sufficient direction to installers (§ 460.17 already requires installers to use manufacturer data to determine the installed insulation R-value). In its comments, CIMA (p. 2) urged the Commission to require installers to post

⁵⁰ XPSA (p. 4), NAIMA (pp. 7–8), and PIMA (p. 13). PIMA suggested that the FTC also consider issuing materials to educate consumers about the Rule and the information they need when purchasing home insulation. Over the years the Commission has developed a variety of consumer education items for insulation and other energy-related consumer products. Many of these materials can be found at www.ftc.gov/energy. The Commission plans to continue its efforts in this area as appropriate.

⁵¹ The final rule language clarifies that installers must provide information on initial *and* settled thickness. As the Commission stated in the proposed notice, it did not intend to eliminate any existing disclosure requirements (which include settled thickness information) (*see* 68 FR at 41893).

"attic cards" for use by homeowners and building inspectors. Attic cards contain information about the installed insulation and are usually posted in the attic near the access opening for later reference by code inspectors and homeowners. In the NPR, the Commission addressed this issue and suggested that requirements related to initial installed thickness information on the bag label would be a more direct approach to addressing the issue. (68 FR at 41895). Because the Commission is now requiring disclosures on customer receipts of initial installed thickness, the Commission has determined that the additional burden imposed by an attic card requirement is not warranted.

4. Disclosures by Retailers Background

In the years since the Commission promulgated the Rule, the nature of retail sales to do-it-yourself consumers has changed. Now insulation packages are usually available to consumers before purchase. Section 460.14 of the Rule requires retailers who sell insulation to do-it-yourself consumers to make the manufacturers' fact sheets available to consumers before purchase in any manner the retailer chooses, as long as consumers are likely to notice the fact sheets. The ANPR explained that the purpose of this requirement is to ensure that consumers have the information about home insulation they need to make cost-based purchasing decisions. (64 FR at 48048). When the Commission promulgated the Rule, bulky insulation packages were not normally available on the retail sales floor, so the consumer would not see the disclosures on labels before purchase. Today, retailers often sell home insulation directly from warehouse-type sales floors where consumers select the packages themselves. The NPR solicited comments on whether to amend the Rule to exempt retailers from making separate fact sheets available at the point of purchase if all the required fact sheet disclosures are made on the insulation package and if the insulation packages are available on the sales floor for the consumer to inspect before purchase. (68 FR at 41896).

Comments

NAIMA (p. 7) supported the Commission's proposed amendment to exempt retailers from providing fact sheets when the very same information may be found on the bag label. It suggested, however, that the Rule clearly require manufacturers to supply retailers with the relevant fact sheets when labels lack the data required to

appear on fact sheets. PIMA (p. 12) also supported the proposed change as long as the retailer is responsible for determining whether the package labels contain the necessary information.

Discussion

The Commission has determined to amend the Rule as proposed. This amendment does not change the manufacturers' responsibility to prepare and disseminate fact sheets (see § 460.13). Rather, it simply gives individual retailers an option not to make fact sheets available to consumers if the retailer determines the package labels contain the information that would otherwise be in the fact sheets and the packages are displayed in a way that customers can obtain the required information prior to purchase. If a retailer does not want to take the time to compare the labels with the fact sheets, it can always make the fact sheets available to customers as provided by the Rule.

F. Amendments To Update References to ASTM Standards

In addition to the amendments discussed herein, the Commission proposed to amend certain Rule provisions to update referenced ASTM Standards that ASTM has reviewed and updated since the Rule was amended in 1996. Several commenters expressed support for this proposal (see PIMA, p. 10, ASTM, and NAIMA, p. 3 and 5). ASTM provided information on the latest version of all the standards mentioned in the Rule. Therefore, the Commission is updating the references to all the ASTM procedures referenced in the Rule. These procedures include: ASTM C 177-04, "Standard Test Method for Steady-State Heat Flux Measurements and Thermal Transmission Properties by Means of the Guarded-Hot-Plate Apparatus;" ASTM C 518-04, "Standard Test Method for Steady-State Thermal Transmission Properties by Means of the Heat Flow Meter Apparatus;" ASTM C 578-03, "Standard Specification for Rigid, Cellular Polystyrene Thermal Insulation;" ASTM C 591-01, "Standard Specification for Unfaced Preformed Rigid Cellular Polyisocyanurate Thermal Insulation;" ASTM C 739-03, "Standard Specification for Cellulosic Fiber Loose-Fill Thermal Insulation;" ASTM C 1029-02, "Standard Specification for Spray-Applied Rigid Cellular Polyurethane Thermal Insulation;" ASTM C 1045-01, "Standard Practice for Calculating Thermal Transmission Properties from Steady-State Conditions;" ASTM C 1114-00, "Standard Test Method for

Steady-State Thermal Transmission Properties by Means of the Thin-Heater Apparatus;" ASTM C 1149-02, "Standard Specification for Self-Supported Spray Applied Cellulosic Thermal Insulation;" ASTM C 1224-03, "Standard Specification for Reflective Insulation for Building Applications;" ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus" (in place of ASTM C 236-89 and ASTM C 976-90); ASTM C 1371-04a, "Standard Test Method for Determination of Emittance of Materials Near Room Temperature Using Portable Emisometers;" ASTM C 1374-03, "Standard Test Method for Determination of Installed Thickness of Pneumatically Applied Loose-Fill Building Insulation;" and ASTM E 408-71 (Reapproved 2002), "Standard Test Methods for Total Normal Emittance of Surfaces Using Inspection-Meter Techniques."

The Commission has also added a new paragraph (e) in § 460.5 to consolidate information regarding incorporation by reference approvals from by the Office of the Federal Register.⁵²

G. Comments on New Products

A few comments raised issues about the Rule's coverage of some new products in the market such as a low-density foam for home insulation called "polyicynene" and a weather resistant cellulose product with an aluminum facing called "Thermo-ply." PIMA urged the Commission to reference polyicynene and Thermo-ply in the Rule to remove any doubt that these products are subject to FTC regulation.

The Commission is aware that new insulation product types frequently appear. The requirements of the R-value Rule apply to any material (unless specifically exempted) "mainly used to slow down heat flow." (See § 460.2). To the extent that the products identified by the commenters meet this definition, manufacturers and other industry members selling such products must meet all applicable requirements of the Rule.⁵³ The fact that the Rule does not specifically mention a particular type of insulation does not exempt such products from the Rule's coverage. Therefore, no amendments are needed

⁵² As indicated in the NPR, the Commission is also amending § 460.23 to correct a typographical error.

⁵³ For instance, for foamed-in-place insulations (such as polyicynene), sellers must show the R-value of the product at 3½ inches (see § 460.13(c)(1)).

to address these new products at this time.

H. Effective Date of Amendments

As discussed above in section V.E.1.b., some commenters have indicated that any compliance costs associated with these amendments would be reduced if the Rule provides industry members with sufficient time to make necessary changes to their testing, labeling, or other practices. The Commission agrees with these commenters and has decided to make the effective date of these amendments 180 days after publication, rather than the standard 30 days usually provided.

VI. Regulatory Analysis and Regulatory Flexibility Act Requirements

Under section 22 of the FTC Act, 15 U.S.C. 57b, the Commission must issue a regulatory analysis for a proceeding to amend a rule only when it (1) estimates that the amendment will have an annual effect on the national economy of \$100,000,000 or more; (2) estimates that the amendment will cause a substantial change in the cost or price of certain categories of goods or services; or (3) otherwise determines that the amendment will have a significant effect upon covered entities or upon consumers.

Several commenters addressed the economic impact of the proposed Rule. In general, the commenters indicated that the amendments would have a beneficial effect but did not indicate that the amendments would have an annual impact of more than \$100,000,000, cause substantial change in the cost of goods, or otherwise have a significant effect upon covered entities or consumers. ICAA (pp. 24-32), which focused on changes to loose-fill labeling requirements, stated that the amendments are likely to reduce energy bills for consumers⁵⁴ but not increase their costs.⁵⁵

ICAA (p. 27) acknowledged that there are "some," but only nominal, costs associated with performing tests on loose-fill insulation products under ASTM C 1374 and maintaining related

⁵⁴ Using studies and reports about the deficiency of insulation amounts installed in the past, ICAA's 1992 and 2002 analysis estimated that, if the proposed loose-fill labeling requirement had been in place beginning in 1992, residential consumers would have realized a total economic benefit from energy savings between approximately \$49 million and \$500 million over that eleven-year period.

⁵⁵ ICAA indicated that the amendments for loose-fill insulation will allow home owners to verify installations easily by providing them with a less expensive method than alternatives such as the existing "cookie-cutter" test. In its view, this will also decrease the costs for builders and installers by making it easier for professional loose-fill installers to provide the contracted R-value.

records. It suggested that the initial installed thickness test (ASTM C 1374) "is quite simple to apply and does not require complex or expensive apparatus." Because manufacturers modify product bag labels periodically, ICAA believes any costs associated with the amendments will be negligible and may well represent no incremental cost over current labeling requirements. ICAA also suggested that the initial cost of the amendments to manufacturers can be further minimized by allowing a phase-in period of up to 90-days for implementation of the amended rules.⁵⁶

Finally, PIMA (pp. 21-22) commented generally that use of home insulation delivers a positive impact on the environment because it reduces the use of fossil fuels to heat and cool buildings. In its view, the R-value Rule provides a means to ensure the proper amount of insulation is installed and educates consumers on their insulation purchases. NAIMA and ICAA similarly provided general information about the benefits that insulation products have for pollution reduction, energy savings, and public health. The Commission has analyzed these comments and determined that the proposed amendments to the Rule will not have significant effects on the national economy, on the cost of home insulation products, or on covered parties or consumers.⁵⁷ In any event, to the extent, if any, these final rule amendments will have such effects, the Commission has previously explained above the need for, and the objectives of, the final amendments; the regulatory alternatives that the Commission has considered; the projected benefits and adverse economic or other effects, if any, of the amendments; the reasons that the final amendments will attain their intended objectives in a manner consistent with applicable law; the reasons for the particular amendments that the agency has adopted; and the significant issues raised by public comments, including the Commission's assessment of and response to those comments on those issues. See 15 U.S.C. 57b-3(a)(2).

The Regulatory Flexibility Act ("RFA"), 5 U.S.C. 601-12, requires that the agency conduct an analysis of the anticipated economic impact of the proposed amendments on small businesses. The purpose of a regulatory flexibility analysis is to ensure that the agency considers impact on small entities and examines regulatory

alternatives that could achieve the regulatory purpose while minimizing burdens on small entities. Section 605 of the RFA, 5 U.S.C. 605, provides that such an analysis is not required if the agency head certifies that the regulatory action will not have a significant economic impact on a substantial number of small entities.

With respect to the Rule's impact on small businesses, ICAA (p. 32) stated that very few loose-fill manufacturers are likely to be "small businesses" as defined by the U.S. Small Business Administration ("SBA").⁵⁸ Even so, ICAA believes that any possible adverse economic effects are likely to be small and did not identify any disproportionate impacts from the amendments on large and small builders or insulation contractors.⁵⁹

Because the R-value Rule covers home insulation manufacturers and retailers, professional installers, new home sellers, and testing laboratories, the Commission believes that any amendments to the Rule may affect a substantial number of small businesses. Nevertheless, the proposed amendments would not appear to have a significant economic impact upon such entities. Specifically, the Commission is adopting only a few limited amendments that are designed to clarify the Rule, make disclosure requirements consistent for competing types of loose-fill insulation products as well as batt and blanket insulation products, require the most current procedures for preparing R-value test specimens and conducting R-value tests, provide consumers with information about the initial installed thickness of loose-fill insulation, and provide retailers with an optional method for satisfying the Rule's fact sheet disclosure requirement. The Commission concluded that the proposed amendments will not have a significant or disproportionate impact on the costs of small manufacturers, retailers, installers, new home sellers, and testers of home insulation products. Based on available information, therefore, the Commission certifies that the R-value Rule amendments published

⁵⁶ In general, under the size standards used by the SBA, the "small business" threshold (measured in number of employees or average annual receipts) in the manufacturing industry is 500 employees; wholesale trade, 100 employees; general and heavy construction, \$28.5 million (avg. annual receipts); and special trade contractors, \$12 million. See generally 13 CFR part 121; and <http://www.sba.gov/size/summary-what-is.html> (summary of SBA size standards).

⁵⁹ CIMA (p. 2) and R&D (pp. 3-4) commented that the proposed amendments related to blowing machine settings may have a significant impact on small businesses. The Commission, however, has altered the final amendments to address this concern.

in this document will not have a significant economic impact on a substantial number of small businesses.

Nonetheless, to ensure that no such impact, if any, has been overlooked, the Commission has conducted the following final regulatory flexibility analysis, as summarized below.

A. Need for and Objectives of the Rule

As previously discussed, the Commission is issuing these amendments to streamline and increase the Rule's benefits for consumers and sellers, minimize its costs, and respond to the development and utilization of new technologies to make homes more energy efficient and less costly to heat and cool.

B. Significant Issues Raised by Public Comment, Summary of the Agency's Assessment of These Issues, and Changes, if any, Made in Response to Such Comments

The Commission has reviewed the comments received and made changes to the proposed rule as appropriate. Section V of this notice contains a detailed discussion of the comments and the Commission's responses.

C. Description and Estimate of Number of Small Entities Subject of the Final Rule or Explanation Why No Estimate Is Available

In general, under the size standards used by the SBA, the "small business" threshold (measured in number of employees or average annual receipts) in the manufacturing industry is 500 employees; wholesale trade, 100 employees; general and heavy construction, \$28.5 million (avg. annual receipts); and special trade contractors, \$12 million. See generally 13 CFR part 121. The Commission estimates that there are fewer than 170,000 small entities subject to the R-value Rule (see 67 FR 45734, 45736 (July 10, 2002)). These entities include insulation manufacturers and their testing laboratories, insulation installers, new home builders/sellers of site-built homes, manufactured housing dealers, and retail sellers.

D. Description of the Projected Reporting, Recordkeeping, and Other Compliance Requirements of the Rule, Including an Estimate of the Classes of Small Entities That Will Be Subject to the Rule and the Type of Professional Skills That Will Be Necessary To Comply

As discussed in the Paperwork Reduction Act analysis of this notice (section VII.), the amendments will make minor changes to the reporting,

⁵⁶ CIMA (p. 1) provided similar comments (see section V.E.1.b.i. of this document).

⁵⁷ As discussed at section V.H. of this document, the Commission plans to provide industry members 180 days to comply with the Rule's new requirements.

recordkeeping, and other compliance requirements of the Rule. This may affect some small entities such as certain manufacturers and installers. In addition, some of the new testing requirements for manufacturers may require engineering skills (although it is likely that affected entities have access to such skills in their current operations). The incremental cost of the amendments is difficult to estimate. As suggested by the comments, however, the Commission expects that the added costs of the amendments will be very small.

E. Steps the Agency Has Taken To Minimize Any Significant Economic Impact on Small Entities, Consistent With the Stated Objectives of the Applicable Statutes, Including the Factual, Policy and Legal Reasons for Selecting the Alternative(s) Finally Adopted, and Why Each of the Significant Alternatives, if Any, Was Rejected

In response to comments, the Commission has extended the effective date of these amendments to 180 days after publication to minimize the Rule's impact on small entities. This extended date will provide manufacturers with more time to complete the new test required by the amendments. This should reduce the burden by allowing businesses to determine the best and most cost-effective means to comply. In developing these final amendments, the Commission has sought to minimize the burden on small businesses while achieving the intended objectives of the Rule. For example, the Commission has amended § 460.14 to exempt retailers from making separate fact sheets available at the point of purchase if all the required fact sheet disclosures are made on the insulation package and if the insulation packages are available on the sales floor for the consumer to inspect before purchase. In addition, the Commission has decided not to amend the tolerance provision (§ 460.8) as proposed to avoid confusion and unnecessary costs the changes could have imposed on companies subject to the Rule.

VII. Paperwork Reduction Act

The R-value Rule contains various information collection requirements for which the Commission has obtained clearance under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*, Office of Management and Budget ("OMB") Control Number 3084-0109. The Commission believed that the proposed rule amendments would not substantially or materially modify the collection of information and related

burden estimates but sought comments on any paperwork burden related to the proposed changes to ensure that no significant paperwork burden was being overlooked. (68 FR at 41897). In response, PIMA (pp. 21-22) indicated that there would be no additional paperwork burdens associated with the proposed changes. Similarly, ICAA (p. 26) did not identify any paperwork burden requirements beyond those already identified by the Commission in the proposed rule. ICAA (p. 27) also acknowledged that there may be "some costs" associated with the new loose-fill requirements but such costs would be nominal.

The Commission is adopting a limited number of final rule amendments that are designed to clarify the Rule, make disclosure requirements consistent for competing types of loose-fill insulation products and batt and blanket insulation products, require the most current procedures for preparing R-value test specimens and conducting R-value tests, require initial installed thickness information for loose-fill insulations, eliminate disclosure requirements for radio ads, provide retailers with a method that decreases their compliance burden, and additional minor clarifications and changes.

The Commission believes that any additional burden resulting from certain amendments will be offset (or possibly exceeded) by other amendments that eliminate disclosure requirements for radio ads and relieve retailers from providing fact sheets for customers under certain circumstances. The new labeling, testing, and recordkeeping requirements for loose-fill manufacturers affect a subset of the manufacturers in the industry, and according to most comments, would not impose a significant burden. Although those few manufacturers producing batts or blankets from materials other than mineral fiber may have to add information to their coverage charts, the Commission believes, based on staff's knowledge of the industry that at least some of these entities voluntarily are providing this information already. In addition, ICAA, an installer association, did not identify an increase in paperwork burden for installers.

The rule amendments eliminating disclosure requirements for radio ads and relieving retailers from providing fact sheets in certain circumstances will decrease burden and will affect many more industry members than the small subset of loose-fill manufacturers who may have an increased burden. In sum, the net effect of the rule amendments will not increase burden under the Paperwork Reduction Act.

List of Subjects in 16 CFR Part 460

Advertising, Incorporation by reference, Insulation, Labeling, Reporting and recordkeeping requirements, Trade practices.

VIII. Final Rule Language

■ For the reasons set out in this document, the Commission is adopting the following amendments to 16 CFR part 460.

PART 460—LABELING AND ADVERTISING OF HOME INSULATION

■ 1. The authority citation for part 460 continues to read as follows:

Authority: 38 Stat. 717, as amended (15 U.S.C. 41 *et seq.*).

■ 2. Revise § 460.1 to read as follows:

§ 460.1 What this regulation does.

This regulation deals with home insulation labels, fact sheets, ads, and other promotional materials in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act. If you are covered by this regulation, breaking any of its rules is an unfair and deceptive act or practice or an unfair method of competition under section 5 of that Act. You can be fined heavily (up to \$11,000 plus an adjustment for inflation, under § 1.98 of this chapter) each time you break a rule.

■ 3. Revise § 460.5 to read as follows:

460.5 R-value tests.

R-value measures resistance to heat flow. R-values given in labels, fact sheets, ads, or other promotional materials must be based on tests done under the methods listed below. They were designed by the American Society of Testing and Materials (ASTM). The test methods are:

(a) All types of insulation except aluminum foil must be tested with ASTM C 177-04, "Standard Test Method for Steady-State Heat Flux Measurements and Thermal Transmission Properties by Means of the Guarded-Hot-Plate Apparatus;" ASTM C 518-04, "Standard Test Method for Steady-State Thermal Transmission Properties by Means of the Heat Flow Meter Apparatus;" ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus" or ASTM C 1114-00, "Standard Test Method for Steady-State Thermal Transmission Properties by Means of the Thin-Heater Apparatus." The tests must be done at a mean temperature of 75 [degrees] Fahrenheit and with a temperature differential of 50

[degrees] Fahrenheit plus or minus 10 degrees Fahrenheit. The tests must be done on the insulation material alone (excluding any airspace). R-values ("thermal resistance") based upon heat flux measurements according to ASTM C 177-04 or ASTM C 518-04 must be reported only in accordance with the requirements and restrictions of ASTM C 1045-01, "Standard Practice for Calculating Thermal Transmission Properties from Steady-State Conditions."

(1) For polyurethane, polyisocyanurate, and extruded polystyrene, the tests must be done on samples that fully reflect the effect of aging on the product's R-value. To age the sample, follow the procedure in paragraph 4.6.4 of GSA Specification HH-1-530A, or another reliable procedure.

(2) For loose-fill cellulose, the tests must be done at the settled density determined under paragraph 8 of ASTM C 739-03, "Standard Specification for Cellulosic Fiber Loose-Fill Thermal Insulation."

(3) For loose-fill mineral wool, self-supported, spray-applied cellulose, and stabilized cellulose, the tests must be done on samples that fully reflect the effect of settling on the product's R-value.

(4) For self-supported spray-applied cellulose, the tests must be done at the density determined pursuant to ASTM C 1149-02, "Standard Specification for Self-Supported Spray Applied Cellulosic Thermal Insulation."

(5) For loose-fill insulations, the initial installed thickness for the product must be determined pursuant to ASTM C 1374-03, "Standard Test Method for Determination of Installed Thickness of Pneumatically Applied Loose-Fill Building Insulation," for R-values of 13, 19, 22, 30, 38, 49 and any other R-values provided on the product's label pursuant to § 460.12.

(b) Single sheet systems of aluminum foil must be tested with ASTM E 408-71 (Reapproved 2002), "Standard Test Methods for Total Normal Emittance of Surfaces Using Inspection-Meter Techniques," or ASTM C 1371-04a, "Standard Test Method for Determination of Emittance of Materials Near Room Temperature Using Portable Emissometers." This tests the emissivity of the foil—its power to radiate heat. To get the R-value for a specific emissivity level, air space, and direction of heat flow, use the tables in the most recent edition of the American Society of Heating, Refrigerating, and Air-Conditioning Engineers' (ASHRAE) Fundamentals Handbook, if the product is intended for applications that meet

the conditions specified in the tables. You must use the R-value shown for 50[degrees] Fahrenheit, with a temperature differential of 30[degrees] Fahrenheit.

(c) Aluminum foil systems with more than one sheet, and single sheet systems of aluminum foil that are intended for applications that do not meet the conditions specified in the tables in the most recent edition of the ASHRAE Fundamentals Handbook, must be tested with ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus," in a test panel constructed according to ASTM C 1224-03, "Standard Specification for Reflective Insulation for Building Applications," and under the test conditions specified in ASTM C 1224-03. To get the R-value from the results of those tests, use the formula specified in ASTM C 1224-03.

(d) For insulation materials with foil facings, you must test the R-value of the material alone (excluding any air spaces) under the methods listed in paragraph (a) of this section. You can also determine the R-value of the material in conjunction with an air space. You can use one of two methods to do this:

(1) You can test the system, with its air space, under ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus," which is incorporated by reference in paragraph (a) of this section. If you do this, you must follow the rules in paragraph (a) of this section on temperature, aging and settled density.

(2) You can add up the tested R-value of the material and the R-value of the air space. To get the R-value for the air space, you must follow the rules in paragraph (b) of this section.

(e) The standards listed above are incorporated by reference into this section. These incorporations by reference were approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies may be inspected at the Federal Trade Commission, Consumer Response Center, Room 130, 600 Pennsylvania Avenue, NW., Washington, DC 20580, or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html. Copies of materials and standards incorporated by reference may be obtained from the issuing organizations listed in this section.

(1) The American Society of Testing and Materials, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA 19428-2959.

(i) ASTM C 177-04, "Standard Test Method for Steady-State Heat Flux Measurements and Thermal Transmission Properties by Means of the Guarded-Hot-Plate Apparatus."

(ii) ASTM C 518-04, "Standard Test Method for Steady-State Thermal Transmission Properties by Means of the Heat Flow Meter Apparatus."

(iii) ASTM C 739-03, "Standard Specification for Cellulosic Fiber Loose-Fill Thermal Insulation."

(iv) ASTM C 1045-01, "Standard Practice for Calculating Thermal Transmission Properties from Steady-State Conditions."

(v) ASTM C 1114-00, "Standard Test Method for Steady-State Thermal Transmission Properties by Means of the Thin-Heater Apparatus."

(vi) ASTM C 1149-02, "Standard Specification for Self-Supported Spray Applied Cellulosic Thermal Insulation."

(vii) ASTM C 1224-03, "Standard Specification for Reflective Insulation for Building Applications."

(viii) ASTM C 1363-97, "Standard Test Method for the Thermal Performance of Building Assemblies by Means of a Hot Box Apparatus."

(ix) ASTM C 1371-04a, "Standard Test Method for Determination of Emittance of Materials Near Room Temperature Using Portable Emissometers."

(x) ASTM C 1374-03, "Standard Test Method for Determination of Installed Thickness of Pneumatically Applied Loose-Fill Building Insulation."

(xi) ASTM E 408-71 (Reapproved 2002), "Standard Test Methods for Total Normal Emittance of Surfaces Using Inspection-Meter Techniques."

(2) U.S. General Services Administration (GSA), 1800 F Street, NW., Washington, DC 20405.

(i) GSA Specification HH-1-530A, Federal Specification, Insulation Board, Thermal (Urethane), November 22, 1971.

(ii) [Reserved]

■ 4. Revise § 460.8 to read as follows:

§ 460.8 R-value tolerances.

If you are a manufacturer of home insulation, no individual specimen of the insulation you sell can have an R-value more than 10% below the R-value shown in a label, fact sheet, ad, or other promotional material for that insulation. If you are not a manufacturer, you can rely on the R-value data given to you by the manufacturer, unless you know or should know that the data is false or not based on the proper tests.

- 5. Revise § 460.12 to read as follows:

§ 460.12 Labels.

If you are a manufacturer, you must label all packages of your insulation. The labels must contain:

- (a) The type of insulation.
 (b) A chart showing these items:
 (1) For batts and blankets of any type: the R-value, length, width, thickness, and square feet of insulation in the package.

(2) For all loose-fill insulation: the minimum settled thickness, initial installed thickness, maximum net coverage area, number of bags per 1,000 square feet, and minimum weight per square foot at R-values of 13, 19, 22, 30, 38, and 49. You must also give this information for any additional R-values you list on the chart. Labels for these products must state the minimum net weight of the insulation in the package. You must also provide information about the blowing machine and machine settings used to derive the initial installed thickness information.

(3) For boardstock: the R-value, length, width, and thickness of the boards in the package, and the square feet of insulation in the package.

(4) For aluminum foil: the number of foil sheets; the number and thickness of the air spaces; and the R-value provided by that system when the direction of heat flow is up, down, and horizontal. You can show the R-value for only one direction of heat flow if you clearly and conspicuously state that the foil can only be used in that application.

(5) For insulation materials with foil facings, you must follow the rule that applies to the material itself. For example, if you manufacture boardstock with a foil facing, follow paragraph (b)(3) of this section. You can also show the R-value of the insulation when it is installed in conjunction with an air space. This is its "system R-value." If you do this, you must clearly and conspicuously state the conditions under which the system R-value can be attained.

(6) For air duct insulation: the R-value, length, width, thickness, and square feet of insulation in the package.

(c) The following statement: "R means resistance to heat flow. The higher the R-value, the greater the insulating power."

(d) If installation instructions are included on the label or with the package, add this statement: "To get the marked R-value, it is essential that this insulation be installed properly. If you do it yourself, follow the instructions carefully."

(e) If no instructions are included, add this statement: "To get the marked R-value, it is essential that this insulation be installed properly. If you do it yourself, get instructions and follow them carefully. Instructions do not come with this package."

§ 460.13 [Amended]

- 6. In § 460.13, remove paragraph (d) and redesignate paragraphs (e) and (f) as paragraphs (d) and (e) respectively.

- 7. Revise § 460.14 to read as follows:

§ 460.14 How retailers must handle fact sheets.

If you sell insulation to do-it-yourself customers, you must have fact sheets for the insulation products you sell. You must make the fact sheets available to your customers. You can decide how to do this, as long as your insulation customers are likely to notice them. For example, you can put them in a display, and let customers take copies of them. You can keep them in a binder at a counter or service desk, and have a sign telling customers where the fact sheets are. You need not make the fact sheets available to customers if you display insulation packages on the sales floor where your insulation customers are likely to notice them and each individual insulation package offered for sale contains all package label and fact sheet disclosures required by §§ 460.12 and 460.13.

- 8. Revise § 460.17 to read as follows:

§ 460.17 What installers must tell their customers.

If you are an installer, you must give your customers a contract or receipt for the insulation you install. For all insulation except loose-fill and

aluminum foil, the receipt must show the coverage area, thickness, and R-value of the insulation you installed. The receipt must be dated and signed by the installer. To figure out the R-value of the insulation, use the data that the manufacturer gives you. If you put insulation in more than one part of the house, put the data for each part on the receipt. You can do this on one receipt, as long as you do not add up the coverage areas or R-values for different parts of the house. Do not multiply the R-value for one inch by the number of inches you installed. For loose-fill, the receipt must show the coverage area, initial installed thickness, minimum settled thickness, R-value, and the number of bags used. For aluminum foil, the receipt must show the number and thickness of the air spaces, the direction of heat flow, and the R-value.

- 9. In § 460.18, paragraph (e) is removed, and paragraph (f) is redesignated as paragraph (e) and revised to read as follows:

§ 460.18 Insulation ads.

* * * * *

(e) The affirmative disclosure requirements in § 460.18 do not apply to ads on television or radio.

- 10. In § 460.19, paragraph (g) is revised to read as follows:

§ 460.19 Savings claims.

* * * * *

(g) The affirmative disclosure requirements in § 460.19 do not apply to ads on television or radio.

- 11. In § 460.23, paragraph (a) is revised to read as follows:

§ 460.23 Other laws, rules, and orders.

(a) If an outstanding FTC Cease and Desist Order applies to you but differs from the rules given here, you can petition to amend the order.

* * * * *

By direction of the Commission.

Donald S. Clark,
 Secretary.

**Changes in Pay Administration Rules for
General Schedule Employees; Interim
Rule**

**OFFICE OF PERSONNEL
MANAGEMENT**

5 CFR Parts 294, 359, 362, 451, 530, 531, 532, 534, 536, 550, 591, 630, 831, and 842

RIN 3206-AK88

**Changes in Pay Administration Rules
for General Schedule Employees**

AGENCY: Office of Personnel Management.

ACTION: Interim rule with request for comments.

SUMMARY: The Office of Personnel Management is issuing interim regulations to implement section 301 of the Federal Workforce Flexibility Act of 2004, which amends the rules governing pay setting for employees covered by the General Schedule. In particular, we are revising provisions related to special rates, locality rates, and retained rates. The statutory and regulatory changes are designed to correct a variety of pay administration anomalies that resulted in unfair pay reductions or unwarranted pay increases, to allow locality rates and special rates to be treated in similar ways, and to improve the operation of the special rates program.

DATES: *Effective Date:* The interim regulations are effective on May 1, 2005.

Comment Date: Comments must be received on or before August 1, 2005.

ADDRESSES: Send or deliver written comments to Donald J. Winstead, Deputy Associate Director for Pay and Performance Policy, Division for Strategic Human Resources Policy, Office of Personnel Management, Room 7H31, 1900 E Street, NW., Washington, DC 20415-8200, by FAX at (202) 606-0824; or by e-mail at pay-performance-policy@opm.gov.

FOR FURTHER INFORMATION CONTACT: Bryce Baker by telephone at (202) 606-2858; by fax at (202) 606-0824; or by e-mail at pay-performance-policy@opm.gov.

SUPPLEMENTARY INFORMATION: The Office of Personnel Management (OPM) is issuing interim regulations to revise the rules that govern pay setting for Federal employees covered by the General Schedule (GS) pay system. The interim regulations implement the amendments made by section 301 of the Federal Workforce Flexibility Act of 2004 (Pub. L. 108-411, October 30, 2004), hereafter referred to as "the Act." Section 301 amended provisions in 5 U.S.C. chapter 53 relating to the administration of special rates, locality rates, and retained rates. These amendments become effective on the first day of the first pay

period beginning on or after April 28, 2005—*i.e.*, May 1, 2005. Since the regulations are necessary to implement the statutory changes, these regulations are issued as interim regulations that take effect on May 1, 2005.

The changes made by the Act and these implementing regulations are designed to correct a variety of pay administration anomalies that have produced unfair pay reductions or unwarranted pay increases for employees in certain situations. These anomalies resulted largely from the introduction of locality pay into the General Schedule pay system in 1994. Many of the basic pay administration rules treated special rates under 5 U.S.C. 5305 as rates of basic pay, but ignored locality rates under 5 U.S.C. 5304. A key objective of the Act and these regulations is to treat locality rates and special rates in similar ways—*i.e.*, to put them on the same footing. This will result in pay rules that are more rational, consistent, and equitable. (See the legislative history of section 301 of Pub. L. 108-411, as documented in pages 17 through 22 of House Report 108-733, October 5, 2004.)

The Act requires that, when an employee's official worksite is changed to a new location where different pay schedules apply, the employee's pay must be converted to the new pay schedules in the new location before processing any simultaneous pay action (other than a general pay adjustment). This geographic conversion requirement is found in 5 U.S.C. 5305(i), 5334(g), and 5363(c), as added or amended by the Act, and is incorporated in these interim regulations. Geographic conversion ensures that an employee whose official worksite is moved to a new location receives the same rate of pay as an employee at the same grade and step who was already stationed at the new location and who undergoes the same pay actions.

The Act also is intended to improve the operation and effectiveness of the special rates program by allowing special rate determinations to be driven by staffing considerations rather than pay administration issues and by clarifying OPM's authority to review and adjust special rates as it determines necessary. The Act also revises the special rates authority in other respects. For example, the Act raises the pay limitation on special rates from the rate for level V of the Executive Schedule to the rate for level IV of the Executive Schedule. The Act also allows agencies to "opt out" of special rate schedules.

The Act makes significant changes related to pay retention under 5 U.S.C. 5363. Through an amendment to 5

U.S.C. 5302, locality payments under 5 U.S.C. 5304 will no longer be paid on top of a retained rate. Rather, an employee's pay retention entitlement will be derived from an employee's payable (highest) rate of basic pay (including any locality rate or special rate) before the action triggering pay retention, and that entitlement will be compared to the highest applicable rate (including a locality rate range or a special rate range) for the employee's current position. If the pay retention entitlement results in a retained rate above the maximum rate of the highest applicable rate range for an employee's position, that retained rate generally will be increased by an amount equal to 50 percent of any increase in that maximum rate. A reduction in an employee's payable rate of basic pay resulting from conversion to a lower pay schedule in a different geographic area (*i.e.*, geographic conversion) does not trigger entitlement to pay retention. Consistent with uncodified section 301(d)(2) of the Act, we are issuing regulations governing the conversion of any existing locality-adjusted retained rate to a new retained rate that is equal in amount. Also, various other types of saved rates (*i.e.*, rates above range maximums) are being converted to retained rates under 5 U.S.C. 5363.

We are taking this opportunity to reorganize the affected regulations and to clarify the meaning of certain provisions. We have replaced the verb "shall" with "must" for added clarity and readability. We intend that any provision using the verb "must" has the same meaning and effect as previous provisions using "shall."

We are also taking this opportunity to remove regulations that are obsolete. We are removing subpart C of part 531, which dealt with special geographic adjustments for law enforcement officers (LEOs) under section 404 of the Federal Employees Pay Comparability Act of 1990. All those special geographic adjustments for LEOs have been superseded by regular locality payments under 5 U.S.C. 5304. In addition, we are removing subpart G of part 531, which dealt with "continued rates"—a form of saved rates that were created under the old interim geographic adjustment authority. For the few employees who may have an existing continued rate above the applicable rate range, the continued rate will be converted to a retained rate under 5 U.S.C. 5363, as described in the foregoing paragraph on pay retention changes.

These interim regulations also include conforming changes in other parts of OPM's regulations, such as corrections

of regulatory references and revisions of the definition of "rate of basic pay."

The remainder of this **SUPPLEMENTARY INFORMATION** reviews the significant changes made in the key affected parts and subparts of the regulations.

Special Rates

We have revised and reorganized OPM's regulations on special rate schedules for General Schedule employees in part 530, subpart C. The revisions implement certain provisions in section 301 of Public Law 108-411 and make other changes to clarify the rules governing these schedules. Following are the key provisions contained in the revised subpart C:

- A special rate is defined as consisting of a base rate (*i.e.*, the GS rate or, if applicable, the law enforcement officer (LEO) special base rate) and a special rate supplement. A special rate employee is entitled to the applicable GS rate or LEO special base rate for his or her grade and step, just as any other GS employee. A special rate employee's pay entitlement differs because of the special rate supplement.

- The purposes for which a special rate is basic pay are specified in regulation. In general, a special rate is basic pay for the same purposes as a locality rate.

- An agency may choose to exclude its employees from coverage under a proposed or existing special rate schedule.

- An employee is not entitled to a special rate if he or she is entitled to a higher rate of basic pay under another authority (*e.g.*, a locality rate or retained rate).

- A special rate may not exceed the rate for level IV of the Executive Schedule.

- At the time of a GS annual pay adjustment, a special rate employee's GS rate or LEO special base rate is adjusted. OPM determines whether the special rate supplement is adjusted and the amount of any adjusted supplement.

- Rules for converting an employee's rate of basic pay upon establishment, adjustment, or discontinuation of a special rate schedule are specified in subpart C. The conversion rules that apply to schedule adjustments implement 5 U.S.C. 5305(f).

Subpart C of part 530 does not contain all the pay-setting rules that apply to special rate employees. Parts 531 and 536 (dealing with basic pay administration and pay retention, respectively) also implement amendments to 5 U.S.C. 5305 made by Public Law 108-411. For example, section 5305(i) requires that a special rate undergo a geographic conversion

when the employee's official worksite is changed to a location where different pay schedules apply. This provision is implemented in 5 CFR 531.205. In addition, Public Law 108-411 amended the pay retention law (5 U.S.C. 5363(c)) to provide that a reduction in an employee's special rate as a result of a geographic conversion is not a basis for pay retention. This provision is implemented in 5 CFR 536.303(a). House Report 108-733 (October 5, 2004) stated that section 5363(c) was "intended to clarify that local special rates are a Government tool to address a local labor market problem, not an employee entitlement that employees should be allowed to carry to another area where there is no such problem" (page 19). This approach provides for consistent treatment of special rates and locality rates for pay retention purposes.

House Report 108-733 (page 19) also emphasized that the amendments to section 5305 "would make clear that the Government has full authority to adjust or not to adjust special rate schedules based on staffing needs." The House Report explained that determinations regarding special rate schedule adjustments are made solely under OPM's authority in 5 U.S.C. 5305(d). This means OPM may make determinations regarding the adjustment of special rate supplements based on its assessment of staffing needs, without regard to the percentage increase applied to GS rates. (Special rate employees receive the same adjustment in their underlying GS rate as other GS employees. Thus, OPM's discretion lies in adjusting the special rate supplement, which, for any given grade in a special rate schedule, may be a fixed-dollar amount or a fixed-percentage increase.) OPM may, at any time, conduct general or targeted reviews of existing special rate schedules and make adjustments in special rate supplements as it deems necessary.

Section 530.309, "Miscellaneous provisions," is patterned after a parallel section of miscellaneous provisions in the locality pay regulations at 5 CFR 531.611 (which were part of the former locality pay regulations at 5 CFR 531.606).

Locality Rates

We have revised and reorganized OPM's regulations in part 531, subpart F, governing locality-based comparability payments under 5 U.S.C. 5304. The revisions implement certain provisions in section 301 of Public Law 108-411 and make other changes to clarify the rules governing these payments. Following are the key

changes contained in the revised subpart F:

- The definition of *scheduled annual rate of pay* is revised to exclude any retained rate. Based on amendments to 5 U.S.C. 5302(8) and 5363, a retained rate is no longer supplemented by locality payments. Instead, a retained rate is a rate that is derived from an employee's payable (highest) rate of basic pay (including any locality payment or special rate supplement) and compared to the highest applicable rate range for the employee's position (including a locality rate range or special rate range). (See later discussion of retained rates in the "Grade and Pay Retention" section of this **SUPPLEMENTARY INFORMATION**.)

- Section 531.608(b) makes clear that a special rate employee is entitled to any applicable locality payment on the same basis as any other GS employee (*i.e.*, based on the employee's underlying GS rate or LEO special base rate); however, if the locality rate exceeds the corresponding special rate, the special rate entitlement is terminated.

- Section 531.609 clarifies that the geographic conversion principle applies to the conversion of an employee's locality rate when his or her official worksite is changed to a new location where different pay schedules apply. (This is consistent with the manner in which locality rates have always been treated.)

- Section 531.610 lists new purposes for which a locality rate is considered basic pay: (1) Applying GS pay administration provisions to the extent provided in part 531, subpart B; (2) applying pay administration provisions for prevailing rate employees that use a GS rate of basic pay (except as otherwise provided in part 532); (3) applying grade and pay retention provisions in 5 CFR part 536 (consistent with 5 U.S.C. 5361(4) and 5363, as amended); (4) computing recruitment, relocation, and retention incentives under 5 U.S.C. 5753 and 5754 (consistent with OPM's authority under those amended sections of law); and (5) computing certain performance-based cash awards as a percentage of basic pay (consistent with 5 U.S.C. 4505a, which was amended to eliminate the prohibition on using locality rates to compute such awards).

We are inviting comments on whether the final regulations should make a change in the treatment of locality rates in computing danger pay allowances and post differentials. Since August 2004, OPM regulations have provided that locality rates are considered basic pay in computing danger pay allowances and post differentials in

foreign areas for which the State Department has authorized danger pay allowances, as long as the employee's official worksite is located in a locality pay area (i.e., within the 48 contiguous States). (See 69 FR 47353, August 5, 2004.) However, locality rates are not used in computing post differentials in other foreign areas or in nonforeign areas. These interim regulations retain these existing policies. We note that this issue has limited scope, since employees receiving locality rates are eligible for post differentials only when they are temporarily detailed (including a work assignment while in temporary duty travel status) to a post differential area for at least 42 consecutive days. By law, locality pay does not apply to employees whose official worksite is outside the 48 contiguous States. (See 5 U.S.C. 5304(f).)

Under these interim regulations, in post differential areas (foreign and nonforeign) where danger pay allowances do not apply, special rates are considered basic pay in computing post differentials, while locality rates are not. We invite comments on whether this difference in treatment is appropriate.

We also invite comments on whether we should continue to have a different policy for danger pay areas than for other post differential areas (foreign and nonforeign). Should we maintain the existing policy of using detailed employees' locality rates in computing danger pay allowances and post differentials in danger pay areas? Should we extend this policy to other post differential areas? If a policy determination is made to bar the use of locality rates in computing danger pay allowances or post differentials in all areas or to continue to bar the use of locality pay in computing post differentials in non-danger pay areas, should we also change the policy allowing detailed employees' special rates to be used in such computations so that locality rates and special rates are administered consistently? Commenters should provide specific reasons in support of their position.

Other significant clarifying changes in subpart F of part 531 include the following:

- In § 531.607(b), we address the special hourly rate computations that apply to firefighters covered by 5 CFR part 550, subpart M.
- Throughout subpart F, we replace the term *official duty station* with *official worksite*. (See especially §§ 531.602 and 531.605.)

In addition to using the new term *official worksite*, these interim regulations also implement changes in

determining an employee's official worksite that OPM proposed on January 5, 2005, as part of a larger notice of proposed rulemaking (70 FR 1068). That proposal would add a new § 531.605 to define the requirements for determining an employee's official duty station (hereafter referred to as "official worksite") for the purpose of identifying an employee's location-based pay entitlements, including special rate supplements and locality payments. The proposed regulations also addressed official worksite determinations for employees temporarily working at other locations and teleworking from an alternative worksite. We received comments on this part of our proposal from four agencies, one employee union, and two individuals.

An agency felt that the determination of an employee's official worksite for pay purposes should be made by individual agencies and not be subject to Governmentwide regulations. We do not agree. The regulations provide agencies a degree of flexibility in determining an employee's official worksite. However, providing certain specific criteria in regulations is essential to ensure that agencies pay employees fairly and consistently, especially in situations such as telework arrangements.

An agency recommended that § 531.605 be revised to permit an agency to leave the official worksite unchanged during the temporary assignment of an employee to a position of record in a different location when relocation expenses under 5 U.S.C. 5737 are not authorized. The agency correctly stated that under current policy, when an employee is temporarily promoted or reassigned (not detailed) to a position in a different geographic location, the position to which temporarily promoted or reassigned must be the employee's position of record for pay purposes. (Generally, if detailed, an employee is paid based on his or her permanent position of record, including the location-based pay entitlements associated with the official worksite of the permanent position.) Current policy provides that the employee must receive the location-based pay entitlements based on the official worksite of the temporary position of record. The agency believes that if the length and/or circumstances of the temporary promotion or reassignment do not warrant payment of relocation benefits under 5 U.S.C. 5737, agencies should be able to temporarily promote or reassign the employee to the new position of record, but leave the official worksite unchanged. Thus, the employee would receive the location-based pay

entitlements for the official worksite of his or her permanent position.

We believe there are some compelling arguments for changing the current policy regarding temporary promotions and reassignments to positions in a different location so that an employee's location-based pay entitlements are based on the official worksite of the employee's permanent position (unless the employee is receiving relocation benefits under 5 U.S.C. 5737). However, since this interim regulation takes effect upon publication, we are inviting comments on this proposed policy change so that we can fully consider all the relevant issues before making a change. Any change in the final regulations will take into account those comments.

The employee union and two individuals felt that official worksite determinations for pay purposes should be based on where the employee works most or the majority of the time. The commenters were particularly concerned that § 531.605(d) of the regulations would require agencies to designate the regular or reporting worksite as the employee's official worksite if the employee works at that site at least once a week. An agency requested that the regulations clarify that teleworkers must work at the reporting worksite at least once a week on a regular and recurring schedule and for a full workday.

We do not agree with using a majority-of-time criterion instead of a once-a-week criterion for determining the official worksite of employees for pay purposes. The once-a-week requirement in § 531.605(d) applies only to employees working under telework arrangements, which we believe require special rules. Under the interim regulations, the regular worksite will remain the teleworker's official worksite, unless the employee does not regularly spend some time at the regular worksite. We believe the once-a-week requirement is a reasonable standard. In addition, requiring agencies to track the number of hours an employee works at different worksites each week and whether the employee worked a full or partial workday at the regular worksite would be administratively burdensome for agencies and could result in frequent changes in an employee's official worksite and locality or other pay rates. However, we have revised the proposed regulations to provide that the teleworker must report to the regular worksite at least once a week on a regular and recurring basis in order for the regular worksite to be the employee's official worksite.

An agency recommended adding an exception to § 531.605(d) to provide agencies with the option of designating the regular worksite as the official worksite of a teleworker provided the telework site is within the commuting area of the regular worksite. The agency was concerned about applying the proposed rules to a number of its teleworkers who work at various locations other than their established official worksite.

The interim regulations revise § 531.605(d) to provide that an employee under a telework agreement whose work location varies on a daily basis need not report at least once a week to the established official worksite of the employee's position of record (where the employee's work activities are based) as long as the employee is performing work within the locality pay area for that regular official worksite at least once a week on a regular and recurring basis. The interim regulations provide that if an employee covered by a telework agreement does not report to the regular official worksite or an alternative worksite in the same locality pay area at least once a week, the employee's official worksite is the location of the telework site (except as provided in § 531.605(d)(3)). (Similar provisions apply in determining whether an employee's official worksite is covered by a special rate schedule or a nonforeign area cost-of-living allowance or post differential. See the definition of "official worksite" in §§ 530.302 and 591.201.)

An agency requested clarification as to the circumstances in which it would be appropriate for an agency to approve a temporary exception to allow a regular worksite to be the official worksite for pay purposes when a teleworker does not commute to the regular worksite at least once a week. Another commenter requested guidance on when agencies should reevaluate the official worksite determination in such temporary telework arrangements.

Section 531.605(d)(3) of these interim regulations includes an example of an appropriate situation in which an agency may make a temporary exception to the once-a-week requirement—namely, when an employee is recovering from an injury or medical condition that prevents the employee from commuting to the regular worksite. Other examples include temporary emergency situations at the regular worksite or a critical project that requires the employee to telework temporarily. The interim regulations allow an authorized agency official to determine the temporary situations in which an exception may be applied.

Agencies should periodically reevaluate the official worksite of an employee under a temporary telework arrangement.

An agency asked for clarification on how to determine the official worksite of an employee who normally teleworks at an alternative site full time when that employee is assigned to work in a different location on a temporary basis. Under § 531.605 of these interim regulations, agencies have the flexibility to change such an employee's official worksite to the location of a temporary work assignment or to keep the employee's official worksite at the location of the telework arrangement, depending on the nature of the assignment. Agencies may need to reevaluate such decisions periodically if the time spent on such temporary work assignments is extended. Agencies also may cancel the telework agreement in such situations.

Finally, several commenters felt that regulations should address the tax, travel, reduction in force, and bargaining unit coverage implications of making official worksite determinations. Since the official worksite regulations apply only when determining an employee's location-based pay entitlements, these comments are outside the scope of these regulations.

General Schedule Basic Pay Setting

We have revised and reorganized OPM's regulations on GS rate of basic pay determinations in part 531, subpart B. The revisions implement certain provisions in section 301 of Public Law 108-411 and make other changes to clarify the GS pay-setting rules. Following are the key changes contained in the revised subpart B:

- Additional terms are defined in the new § 531.203, including *highest applicable rate range*, *official worksite*, *payable rate*, *pay schedule*, *position of record*, and *special rate supplement*. Also, the term *rate of basic pay* is redefined to include a locality rate. (Under the former regulations, locality rates were ignored in applying the rules in subpart B.)

- Section 531.204 describes the relationship among various types of rates of basic pay—including GS rates, LEO special base rates, locality rates, and special rates.

- Section 531.205 sets forth the geographic conversion rule, which is used to convert an employee's rate(s) of basic pay when his or her official worksite is changed to a new location where different pay schedules apply. (This section implements the statutory geographic conversion provisions in 5 U.S.C. 5305(i), 5334(g), and 5363(c).)

- Section 531.206 establishes the order of precedence for processing simultaneous pay actions. In particular, this section shows that geographic conversions must be processed after any general pay adjustment (related to changes in pay schedules) but before any other pay action (e.g., a promotion).

- Section 531.212 includes new provisions related to the authority to set a newly appointed employee's rate of basic pay above the minimum of the rate range based on superior qualifications or special agency needs. In particular, we make clear that this authority is used to set an employee's "payable" or highest rate of basic pay, including consideration of any applicable locality rate or special rate.

- Sections 531.213 through 531.215 establish rules for setting pay upon lateral reassignment or transfer, promotion, or demotion. Promotions and demotions must be processed after applying the geographic conversion rule, if applicable, and using the converted payable rate of basic pay as the employee's existing rate immediately before the promotion or demotion. Locality rates and special rates are considered rates of basic pay in applying these rules.

- Section 531.216 modifies the rules regarding setting pay for employees moving from a Department of Defense or Coast Guard nonappropriated fund instrumentality (NAFI) to a GS position to take into account locality rates. Also, the NAFI maximum payable rate rule is revised to take into account the geographic location where the NAFI highest previous rate was earned, consistent with the rules governing geographic conversion.

- Section 531.221 modifies the GS maximum payable rate rule, which allows an agency to set an employee's rate of pay based on his or her "highest previous rate" in a Federal civilian job. The modified GS maximum payable rate rule now takes into account locality rates when the employee's highest previous rate was based on a special rate or on a rate earned in a non-GS pay system. (Under the interim regulations, if an employee's highest previous rate was earned in a GS position, the maximum payable rate rule generally is applied using the underlying GS rate (or LEO special base rate), which avoids the need to apply the geographic conversion rule.)

- Sections 531.241 through 531.247 consolidate various special rules for "GM employees" *i.e.*, GS employees who were formerly covered by the Performance Management and Recognition System for managers and supervisors at grades GS-13, 14, and 15

and who may have rates of basic pay between the established GS step rates. Consistent with the changes made by Public Law 108-411 for other GS employees, GM employees' locality rates will be taken into account in applying the various pay-setting rules. If a GM employee is entitled to a special rate, the special rate is computed by adding the applicable special rate supplement on top of the GM employee's GS rate. (When pay schedules are adjusted, the GM employee's underlying GS rate must be redetermined using the relative position-in-range methodology presented in § 531.244, which is the same basic methodology used in OPM's former regulations.)

The use of locality rates in applying the GS pay-setting rules, along with the use of the geographic conversion rule when an employee's official worksite is changed to a new location, represent a significant change in GS pay administration. The geographic conversion rule requires that an employee's rate(s) of basic pay must first be converted to a corresponding rate(s) on the pay schedule that would apply to the employee's existing position of record if he or she were stationed at the new official worksite. No simultaneous change in the employee's position of record (defined as including grade, occupational series, agency, law enforcement officer status, and any other element that affects coverage under a pay schedule, other than the official worksite) or any simultaneous pay action (other than a general pay adjustment) is considered until after the geographic conversion. The converted rate(s) of basic pay resulting from the geographic conversion must be treated as the employee's existing rate(s) of basic pay in applying the next simultaneous pay action in the order of precedence. A reduction in an employee's payable rate of basic pay as a result of a geographic conversion is not a basis for pay retention, even if the move is involuntary. This does not represent a change in treatment of locality rates, but does represent a change in the treatment of special rates.

The legislative history of Public Law 108-411 shows that a major objective of the geographic conversion rule was to provide the same pay result that would have occurred if the employee in question had moved laterally without a change in position to the new geographic location and then underwent a position change. House Report 108-733 (October 5, 2004) stated that the geographic conversion rule "would make it clear that an employee with the same work history as another employee

will not have higher pay simply because he or she came from an area where higher pay rates applied, while also ensuring consistency between the treatment of locality rates and special rates" (page 20).

The geographic conversion rule will be particularly significant in terms of how it affects an employee who is promoted to a position at a different official worksite, where different pay schedules would apply to the employee's position of record before promotion. After applying any simultaneous general pay adjustment (as described in § 531.206), the agency must first convert the employee's rate(s) of basic pay to the applicable pay schedule(s) for the new official worksite, based on the employee's position of record (including grade) and step (or rate) before promotion. The resulting rate(s) of basic pay must be treated as the employee's existing rate(s) in processing the promotion action. (However, if the employee is simultaneously entitled to a within-grade increase or quality step increase on the same date as the promotion, that increase would be applied before processing the promotion.)

Once the geographic conversion rule has been applied, the agency must follow the promotion rule in § 531.214. The standard method of applying the promotion rule consists of the following steps:

- (1) Find the employee's existing step (or rate) in the GS rate range (or LEO special base rate range, if applicable) and increase that rate by two GS within-grade increases.

- (2) Determine the payable (highest) rate of basic pay for the step or rate determined in paragraph (1) by applying any applicable locality payment or special rate supplement.

- (3) Identify the highest applicable rate range for the employee's position of record after promotion and find the lowest step rate in that range that equals or exceeds the rate determined in paragraph (2). This is the employee's payable rate of basic pay upon promotion.

The interim regulations provide for an alternate method of applying the promotion rule which involves (1) applying the promotion rule using the pay schedules that would apply to the employee's position of record if only the employee's grade were changed and (2) converting the resulting rate to the pay schedules for the actual position of record after promotion. This method yields a different result from the standard method only when there is a change in the employee's position of record (e.g., change in occupational

series) which would cause the employee to have a different pay schedule and different highest applicable rate range at the higher grade. For example, an occupational series change in conjunction with a promotion could result in an employee becoming covered by a special rate schedule at the higher grade. The standard method would not provide the employee with any increase in pay based on movement into a special rate category. In contrast, the alternate method would apply the promotion rule without regard to the new special rate schedule and then would laterally convert the resulting rate to the corresponding rate on the special rate schedule, which would provide an increase reflecting the difference between the special rate schedule and the former pay schedule. This alternate method is consistent with the method found in the former special rate regulations at 5 CFR 530.306(f), which dealt with the promotion of an employee from a position not covered by a special rate schedule to a position covered by a special rate schedule. However, the alternate method also applies in other situations, such as when an employee moves from a lower-paying special rate schedule to a higher-paying special rate schedule.

The objective of the alternate method is to treat an employee who is being directly promoted to a higher pay schedule the same as a similarly situated employee who is promoted and then later (in a separate action) reassigned to a position covered by the higher pay schedule. The alternate method mandatorily applies in lieu of the standard method whenever it produces a higher payable rate upon promotion. In addition, an agency may, at its sole discretion, use the alternate method when it produces a lower payable rate upon promotion. For example, if an employee is moving to a position in a different career field, an agency may determine that it is not appropriate to allow the employee's pay upon promotion to be set based on a special rate for the employee's former job.

The alternate method of applying the promotion rules departs from the standard method after the step of determining the payable (highest) rate of basic pay at the lower (pre-promotion) grade that reflects an increase of two within-grade increases. Under the alternate method, that payable rate must be compared to the highest applicable rate range for the employee's grade after promotion based on consideration of pay schedules that apply to the employee's position of record before promotion. Any pay schedule that

applies solely to the employee's position of record after promotion would be ignored. The employee's rate of basic pay is set at the lowest step rate in the highest applicable rate range that exceeds the specified rate. Then the employee is converted to the new highest applicable rate range (reflecting any new pay schedule that applies after promotion) by setting the payable rate at the corresponding step rate in that range.

To aid in understanding the alternate method, we provide an example using 2005 pay schedules. In this example, we are assuming that a GS-7, step 7, human resources specialist (occupational series GS-201) stationed in Atlanta, Georgia, is being promoted to a GS-9 information technology specialist position (occupational series GS-2210) in Washington, DC.

Step A—Apply the geographic conversion rule to determine the rates of basic pay for the GS-7, step 7, position in Washington, DC. Based on the GS-7 position before promotion (including the GS-201 occupational series), the pay schedules applicable to the employee in Washington, DC, would be the General Schedule and the locality rate schedule applicable in Washington, DC (Salary Table 2005-DCB).

Step B—Using the underlying General Schedule, increase the GS-7, step 7, rate by two within-grade increases, which produces the GS-7, step 9, rate (\$38,719).

Step C—The payable (highest) rate of basic pay for GS-7, step 9, is the corresponding GS-7, step 9, locality rate in Washington, DC (\$44,906).

Step D—If the employee were promoted to a GS-9 position in the GS-201 human resources management series, the highest applicable rate range for that GS-9 position after promotion would be the GS-9 locality rate range in Washington, DC (15.98 percent above GS rates). The GS-9, step 3, locality rate (\$46,255) is the lowest step rate in that range that equals or exceeds the GS-7, step 9, locality rate from step C.

Step E—Convert the GS-9, step 3, locality rate to the higher GS-9, step 3, special rate that applies to the employee's GS-2210 information technology specialist position after promotion. The applicable special rate schedule is Table 999C. The GS-9, step 3, special rate on that schedule is the payable rate of basic pay upon promotion (\$51,847). (At GS-9, a special rate in Table 999C is 30 percent above the corresponding GS rate.)

Step F—The standard method would have compared the GS-7, step 9, locality rate directly to the higher GS-9 range of special rates and produced a rate of GS-9, step 1 (\$48,607). Since the rate produced by the alternate method (GS-9, step 3, or \$51,847) is greater than the rate produced by the standard method, the result of the alternate method is used.

In addition to changes in subpart B of part 531 that relate directly to the changes made by Public Law 108-411, the interim regulations in § 531.212

(dealing with the superior qualifications and special needs pay-setting authority) include some policy clarifications and changes beyond the immediate requirements of Public Law 108-411. For example, the interim regulations define what is meant by superior qualifications and special needs so that agencies better understand how this pay flexibility may be used. The interim regulations also expand and clarify the exceptions to the 90-day break-in-service requirement to allow greater access to the superior qualifications and special needs pay-setting authority. For example, the interim regulations consolidate several of the former exceptions into a broader exception covering any temporary or time-limited appointment in the competitive or excepted service. If an individual was employed under any competitive or excepted service temporary appointment during the 90 days immediately preceding an appointment to a GS position, the agency could use the superior qualifications and special needs pay-setting authority. The interim regulations also expand the elements that can be considered in justifying the higher rate, allowing the use of factors other than existing pay, consistent with 5 U.S.C. 5333.

We are inviting comments regarding a proposal to establish a regulatory time limit on the period of time from which an employee's highest previous rate may be drawn. Consistent with current regulations, the interim regulations in § 531.221 (dealing with the maximum payable rate rule) establish no time limit regarding how long ago a highest previous rate was earned. We believe it would be reasonable to limit consideration of rates of pay earned during a recent time period (e.g., 5 or 10 years before the action in question). Even under the current regulations, an agency has discretion to set an employee's pay at any rate equal to or less than the maximum payable rate; thus, an agency could take into account the age of an employee's highest previous rate in exercising that discretion. The proposed time limit would reduce the administrative burden associated with identifying an employee's highest previous rate over an entire career and comparing the highest previous rate with pay schedules in effect many years ago.

General Schedule Within-Grade Increases

We have revised OPM's regulations on within-grade increases for General Schedule employees in part 531, subpart D. The revisions implement certain provisions in section 301 of

Public Law 108-411 and make other changes to clarify the rules governing GS within-grade increases.

We have revised subpart D to exclude consideration of special rates. For the purpose of subpart D, the term *rate of basic pay* is defined as a GS base rate or an LEO special base rate. Subpart D deals with adjusting an employee's base rate in connection with within-grade increases. Any applicable locality payment or special rate supplement is paid on top of the base rate.

We have revised the definition of *equivalent increase* in § 531.403 and related regulations in § 531.407. We have defined *equivalent increase* as an increase in an employee's rate of basic pay, or an opportunity for such an increase under non-GS pay systems, resulting from certain events or actions listed in § 531.407. The interim regulations no longer require that agencies add up the dollar value of multiple increases under non-GS pay systems in determining when an equivalent increase occurred, which was required under the former regulations at § 531.407(a) and (b). The new events-based approach avoids the need to consider locality payments, special rate supplements, or other similar supplements or to apply geographic conversion rules in making equivalent increase determinations. We note that the former regulations at § 531.407(d) had provided that a zero merit increase under the former Performance Management Recognition System would be treated as an equivalent increase, which is consistent with the events-based approach.

Grade and Pay Retention

We have revised and reorganized OPM's regulations on grade and pay retention in part 536. The revisions implement certain provisions in section 301 of Public Law 108-411, incorporate changes OPM previously issued as proposed regulations, and make other changes to clarify the rules governing the grade and pay retention authorities under 5 U.S.C. chapter 53, subchapter VI. We have reorganized part 536 into four subparts that provide (1) general provisions relating to grade and pay retention, (2) rules for grade retention, (3) rules for pay retention, and (4) appeals and miscellaneous provisions. Except for correcting citations and moving former § 536.308 to the grade retention subpart, the appeals and miscellaneous provisions formerly contained in 5 CFR part 536, subpart C, are not revised by this interim regulation. (See redesignated subpart D.)

The following new provisions in the revised part 536 implement section 301 of Public Law 108-411:

- Additional terms are defined in the new § 536.103, including *highest applicable rate range*, *official worksite*, *payable rate*, *pay schedule*, *position of record*, and *rate range*. Also, the term *rate of basic pay* is redefined to include a locality rate, consistent with 5 U.S.C. 5361(4). (Under the former regulations, locality rates were ignored when applying the rules in part 536.) The definition of *representative rate* is redefined as described later in this Supplementary Information.

- Sections 536.206, 536.301, 536.302, 536.303, 536.304, 536.305, and 536.308 incorporate the geographic conversion rule into the grade and pay retention regulations, where it is used to convert a rate(s) of basic pay when an employee's official worksite is changed to a new location where different pay schedules apply. The converted rate resulting from geographic conversion is treated as the employee's existing rate in applying the pay retention provisions. (These provisions implement the statutory geographic conversion provisions in 5 U.S.C. 5305(i), 5334(g), and 5363(c).)

- Section 536.105 clarifies when agencies must compare the grades of positions in different pay systems using representative rates under the grade retention rules. This section also provides that, for positions located at different official worksites where different pay schedules apply, the geographic conversion rules must be applied before comparing the representative rates. In addition, the definition of *representative rate* in § 536.103 is revised to mean the payable (highest) rate of basic pay (including any locality payment or special rate supplement) for the specified point in the range (e.g., GS step 4). The definition also provides that in comparing grades or work levels when one of the grades or work levels is not under a covered pay system, the representative rates that must be compared are the maximum payable rates of basic pay (including any locality payment, special rate supplement, or similar payment) that apply to the grade or level of each position. (The former regulations provided agencies with the flexibility to set the representative rate for positions under noncovered pay systems.) This revised definition of *representative rate* also must be used for making severance pay and discontinued service retirement reasonable offer determinations. See the definition of *reasonable offer* in § 550.703 and the

references in §§ 831.503(b)(3)(iv) and 842.206(c)(3)(iv).

- Section 536.206 modifies the rules for determining an employee's rate of basic pay when an employee becomes entitled to grade retention or becomes covered by different pay schedules during a period of grade retention and the order for processing such pay actions. If such an employee's rate of basic pay otherwise would be reduced upon placement in a lower-paying pay schedule (excluding a reduction that results from a geographic conversion), the employee is eligible for pay retention under 5 U.S.C. 5363 and 5 CFR part 536, subpart C, to the same extent as any other employee. Under the former regulations, a rate above the maximum rate that resulted from the application of the grade retention rules was not treated as a retained rate under 5 U.S.C. 5363. However, consistent with section 301(d)(2) of Public Law 108-411, and our regulatory authority in 5 U.S.C. 5365, we have revised the grade retention regulations to provide that the normal pay retention rules apply to employees with a retained grade.

- Sections 536.301 and 536.302 clarify the situations in which an agency must provide pay retention to an employee and the situations in which an agency may apply optional pay retention (after application of geographic conversion rules under § 536.303(a)). We also removed the requirement in former § 536.104(a)(5) that pay retention apply to an employee whose rate of basic pay otherwise would be reduced as a result of placement in a lower wage area. These changes are consistent with 5 U.S.C. 5363(c)(2), which provides that a reduction in an employee's rate of basic pay resulting from a geographic conversion is not a basis for entitlement to pay retention under 5 U.S.C. 5363.

- Section 536.301 also provides that an agency must provide pay retention under part 536, subpart C, to an employee whose rate of basic pay otherwise would be reduced (after geographic conversion) as a result of the application of the promotion rule in 5 U.S.C. 5334(b) and 5 CFR 531.214 when the employee's payable rate of basic pay after promotion exceeds the maximum rate of basic pay of the new rate range. Under the former regulations, a rate of basic pay above the maximum rate that resulted from application of the promotion rule was not treated as a retained rate under 5 U.S.C. 5363 and 5 CFR part 536. This change is required by an amendment to 5 U.S.C. 5334(b).

- Section 536.304 modifies the rules for determining an employee's pay retention entitlement. In particular, the

new regulations provide that an eligible employee is entitled to a retained rate if his or her rate of basic pay (including any locality payment or special rate, but after geographic conversion under § 536.303(a)) exceeds the maximum rate of the highest applicable rate range for the new position or geographic area. The retained rate will equal the employee's former rate of basic pay (including any locality payment or special rate). This section implements 5 U.S.C. 5363(b)(1).

- Section 536.305 modifies the rules for adjusting a retained rate at the time of a pay schedule adjustment. Consistent with 5 U.S.C. 5363(b)(2)(B), when a pay schedule adjustment causes the maximum rate of the highest applicable rate range for an employee's position to increase, the employee's retained rate is increased by 50 percent of the increase in that maximum rate. If an employee's retained rate would fall below the maximum rate after the 50 percent increase, the employee's payable rate is set at that maximum rate and pay retention ceases to apply. The interim regulations make clear that, consistent with 5 U.S.C. 5363(c), the geographic conversion rule in § 536.303(b) applies in lieu of the 50-percent adjustment rule when a pay schedule change is caused by a change in the location of the employee's official worksite. The interim regulations also make clear that the 50-percent adjustment rule does not apply if a pay schedule change is caused by a change in the employee's position of record.

- Section 536.304(b)(3) provides that, when initially established, a retained rate may not exceed (1) 150 percent of the maximum payable rate of basic pay of the highest applicable rate range for the grade of the employee's position of record or (2) the rate for level IV of the Executive Schedule. Section 536.306 provides that at no time may a retained rate exceed the rate for level IV of the Executive Schedule and that if an employee's retained rate is limited by the level IV rate, the employee's higher, uncapped rate is not maintained or used for any purpose. This level IV limitation is consistent with the level IV limit on locality rates under 5 U.S.C. 5304(g)(1) and special rates under 5 U.S.C. 5305(a)(1) for General Schedule employees and the level IV limitation on rates for prevailing rate employees under 5 U.S.C. 5373. Under amended 5 U.S.C. 5365(b), OPM is authorized to establish limitations on the application of pay retention provisions for employees in noncovered pay systems.

- Section 536.307 provides the purposes for which a retained rate is basic pay, consistent with 5 U.S.C.

5363(d). A retained rate is basic pay for many of the same purposes as a special rate or a locality rate. When a retained rate is not basic pay, the maximum rate of basic pay for the employee's grade must be used in place of the retained rate (e.g., for computing percentage-based awards under 5 CFR part 451 and recruitment, relocation, and retention incentives under 5 CFR part 575, subparts A, B, and C).

- Section 536.309 provides the rules for converting retained rates in effect on April 30, 2005, to a retained rate under new 5 U.S.C. 5363 and 5 CFR part 536, subpart C. This section covers an employee who on April 30, 2005, was receiving (1) a retained rate under 5 U.S.C. 5363, (2) a rate paid under 5 U.S.C. 5334(b) or 5362 that was greater than the maximum rate of basic pay payable for the grade of the employee's position of record, or (3) a continued rate of pay under 5 CFR part 531, subparts C or G, that was greater than the maximum rate of basic pay payable for the grade of the employee's position. Effective on May 1, 2005, the employee's new retained rate must equal his or her previous retained rate, including any applicable locality payment under 5 U.S.C. 5304.

On May 25, 2000, OPM published proposed changes in part 536 (65 FR 33785) regarding the applicability of grade and pay retention to employees moving within and between covered pay schedules (hereafter referred to as "covered pay systems"). Under 5 U.S.C. 5361, a covered pay system includes the General Schedule; a prevailing rate schedule under 5 U.S.C. chapter 53, subchapter IV; or a special occupational pay system under 5 U.S.C. chapter 53, subchapter IX. Consistent with the grade and pay retention statute, the former regulations provided grade and pay retention benefits for employees moving between positions within a covered pay system and between positions under different covered pay systems. In addition, OPM used its regulatory authority under 5 U.S.C. 5365 to provide agencies with the discretionary authority in the former regulations to apply grade and pay retention provisions to employees moving from positions not under a covered pay system to positions under a covered pay system.

In the regulations issued on May 25, 2000, we proposed to (1) provide agencies with the discretionary authority to apply pay retention provisions to employees moving to or within noncovered pay systems who would otherwise suffer a reduction in pay as a result of a management action and to freeze any resulting retained rate

(i.e., not provide the normal 50 percent pay adjustment under former 5 CFR 536.205(c)); (2) freeze the retained rate of an employee who moves from a noncovered pay system to a covered pay system and who receives a rate in excess of the maximum rate applicable to the covered pay system; and (3) prohibit the application of grade retention to any employee who moves from a noncovered pay system.

We received comments from an agency and an employee association on the proposed regulations. The agency requested that OPM amend the regulations to provide agencies with the administrative authority to establish a pay adjustment mechanism for an employee on pay retention under a noncovered pay system as consistent as possible with the General Schedule mechanism in the former 5 CFR 536.205(c). The association suggested that we modify the regulations to allow such an employee to receive the reduced pay adjustment of 50 percent, as long as the rate of pay does not exceed the pay level previously held, or the maximum rate of the new position, whichever is greater.

We revisited the proposal to provide agencies with the authority to apply pay retention provisions to employees moving to or within noncovered pay systems and have decided not to include this authority in the revised part 536. Agencies may continue to apply pay retention provisions at their discretion to employees moving from a noncovered pay system to a covered pay system. See new § 536.102(a).

The association also objected to our proposal to freeze the retained rates of employees who move from a noncovered pay system to a covered pay system and who receive a retained rate in excess of the maximum rate applicable to the covered pay system. We revisited this issue and have decided not to include this proposal in the revised part 536. The revised part 536 provides that employees who move from noncovered pay systems to covered pay systems and receive a retained rate are entitled to the normal 50 percent pay adjustment under new § 536.305. (Note that such retained rates are subject to the limitation under new § 536.306.)

These interim regulations retain the proposal that prohibits agencies from applying grade retention to an employee who moves into a covered pay system from a noncovered pay system. See new exclusion in § 536.102(d). Accordingly, we are removing the rule in former § 536.203(b) for determining a retained grade for an employee who moves from a position not under a covered pay

system to a position under a covered pay system. Employees entitled to grade retention immediately prior to the effective date of these regulations as a result of movement from a noncovered pay system to a covered pay system will remain entitled to grade retention until one of the terminating conditions in § 536.208 applies.

The revised part 536 contains the following additional significant clarifying and conforming changes regarding the coverage, eligibility, and applicability of grade and pay retention:

- Section 536.102 merges the coverage, applicability, and exclusionary provisions from the former regulations into a single coverage section that clarifies the employees covered by and excluded from the regulations, including the coverage of employees in Department of Defense and Coast Guard nonappropriated fund instrumentality (NAFI) positions. (See also new § 536.202(d) for information on NAFI coverage.)

- Section 536.103 adds new definitions of *covered pay system* (consistent with the definition of *covered pay schedule* under 5 U.S.C. 5361), *employee*, *General Schedule*, *management action*, and *prevailing rate employee* and revises the definitions of *reduced in grade or pay at the employee's request* (formerly *demotion at an employee's request*), *reduced in grade or pay for personal cause* (formerly *demotion for personal cause*), *temporary promotion*, and *temporary reassignment* to clarify coverage and eligibility provisions.

- Section 536.201 clarifies the conditions under which a movement to a lower grade is considered to be a result of reduction in force (RIF) procedures or a reclassification process for grade retention purposes, consistent with the guidance in the former Federal Personnel Manual.

- Section 536.203 eliminates the requirement that the 52 weeks of service needed for optional grade retention eligibility in RIF situations must be in an *agency* as defined in 5 U.S.C. 5102, but requires that such service be under a covered pay system. This change is consistent with the new rule in § 536.102(d) barring agencies from providing grade retention to employees moving from a noncovered pay system to a covered pay system.

- Section 536.205 clarifies that an employee with a retained grade also retains the pay system associated with that retained grade, even if the employee's actual position is in a different covered pay system.

- Sections 536.207, 536.208, and 536.308 provide that an employee loses

eligibility for or entitlement to grade and pay retention upon movement to a position not under a covered pay system.

SES Pay Retention

We have revised OPM's regulations on establishing, adjusting, and terminating saved rates for former members of the Senior Executive Service (SES) who are guaranteed placement in a position covered by another pay system (e.g., the General Schedule pay system), as provided in subpart G of part 359. Under our broad regulatory authority in 5 U.S.C. 3596, we are revising § 359.705 to make changes that are consistent with (1) the changes made in the pay retention provisions in part 536 in implementing section 301 of Public Law 108-411 and (2) congressional intent as reflected in uncodified section 301(d)(2) of that Act. The significant changes made in the interim regulations are as follows:

- Section 359.705(c) provides that an SES saved rate may not be supplemented by any locality payment or other supplement. With the amendment of 5 U.S.C. 5302(8), locality pay is no longer paid on top of any kind of retained or saved rate.

- Section 359.705(g) provides for conversion of any existing locality-adjusted saved rate to a new saved rate of equal value on May 1, 2005. Without such a conversion, employees might suffer a reduction in pay under the new rules. The saved rate will be compared to the highest applicable rate range (including a locality rate range or special rate range) for the employee's position of record.

- Section 359.705(b) provides that, in determining the amount of a saved rate, an agency must take into account any locality rate or special rate (1) currently payable for the GS position in which he or she is placed upon removal from the SES and (2) currently payable for the GS position held before placement in the SES.

- Section 359.705(d) provides that the 50-percent adjustment rule does not apply when an employee's rate range maximum is increased due to a change in the employee's official worksite. Instead, the retained rate will be adjusted under the geographic conversion authority in paragraph (e). For GS employees receiving a saved rate, the geographic conversion rule is the same as that used for retained rates under part 536 (i.e., it maintains the relative position of the retained rate vis-à-vis the range maximum). Also, the 50-percent adjustment rule does not apply when an employee's rate range maximum is increased as a result of a

position change that caused the employee to become covered by a new pay schedule.

Other changes in § 359.705 are clarifications. For example, we have clarified that a saved rate terminates when an employee becomes entitled to a higher rate of basic pay—e.g., when the 50-percent adjustment would cause the saved rate to fall below the range maximum and the employee's pay is set at the range maximum.

Waiver of Notice of Proposed Rulemaking and Delayed Effective Date

Pursuant to 5 U.S.C. 553(b)(3)(B), I find that good cause exists for waiving the general notice of proposed rulemaking. Also, pursuant to 5 U.S.C. 553(d)(3), I find that good cause exists for making this rule effective in less than 30 days. These interim regulations implement section 301 of Public Law 108-411, which became effective on May 1, 2005. Thus, these interim regulations are necessarily effective retroactive to May 1, 2005. Waiver of the requirement for proposed rulemaking and making the effective date less than 30 days after publication are necessary to ensure timely implementation of the law as intended by Congress. To delay implementation of these regulations by imposing a general notice of proposed rulemaking or an additional 30-day implementation requirement would be contrary to the public interest of good governance. It would leave Federal agencies without regulations, required by law, directing those agencies in implementing complex and extensive pay administration rules. Delay in implementation would prevent uniform and consistent application of the new pay administration rules. The public and the Federal workforce will be benefited by timely implementation of these regulations. Comments are being solicited which will assist OPM in issuing final regulations.

E.O. 12866, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with E.O. 12866.

Regulatory Flexibility Act

I certify that these regulations will not have a significant economic impact on a substantial number of small entities because they will apply only to Federal agencies and employees.

List of Subjects in 5 CFR 294, 359, 362, 451, 530, 531, 532, 534, 536, 550, 591, 630, 831, and 842

Administrative practice and procedure; Air traffic controllers; Alimony; Claims; Decorations, medals,

awards; Disability benefits; Firefighters; Freedom of information; Government employees; Hospitals; Income taxes; Intergovernmental relations; Law enforcement officers; Pensions; Reporting and recordkeeping requirements; Research; Retirement; Students; Travel and transportation expenses; Wages.

Office of Personnel Management.

Dan G. Blair,

Acting Director.

■ For the reasons stated in the preamble, OPM is amending parts 294, 359, 362, 451, 530, 531, 532, 534, 536, 550, 591, 630, 831, and 842 of title 5 of the Code of Federal Regulations as follows:

PART 294—AVAILABILITY OF OFFICIAL INFORMATION

■ 1. The authority citation for part 294 is revised to read as follows:

Authority: 5 U.S.C. 552, Freedom of Information Act, Pub. L. 92-502, as amended by the Freedom of Information Reform Act of 1986, Pub. L. 99-570, and E.O. 12600, 52 FR 23781, 3 CFR, 1987 Comp., p. 235.

Subpart D—Cross References

§ 294.401 [Amended]

■ 2. Amend § 294.401 by removing the reference "536.307" and adding in its place "536.405".

PART 359—REMOVAL FROM THE SENIOR EXECUTIVE SERVICE; GUARANTEED PLACEMENT IN OTHER PERSONNEL SYSTEMS

■ 3. The authority citation for part 359 continues to read as follows:

Authority: 5 U.S.C. 1302 and 3596, unless otherwise noted.

Subpart G—Guaranteed Placement

■ 4. Revise § 359.705 to read as follows:

§ 359.705 Pay.

(a) An appointee placed under this subpart in a position outside the SES (in the same or different agency) is entitled to receive basic pay at the highest of—

(1) The rate of basic pay in effect for the position in which the appointee is being placed;

(2) The rate of basic pay currently in effect for the position the appointee held immediately before being appointed to the SES; or

(3) The rate of basic pay in effect for the appointee immediately before removal from the SES.

(b)(1) The rate of basic pay under paragraph (a)(1) and (2) of this section includes any applicable locality payment under 5 U.S.C. 5304, special rate supplement under 5 U.S.C. 5305, or

similar payment under other legal authority.

(2) When an employee is entitled to a payable rate of basic pay under paragraph (a)(2) or (3) of this section which exceeds the maximum payable rate of basic pay for the grade or level of the employee's position after placement, the resulting saved rate is subject to the adjustment and termination rules in paragraphs (d) through (f) of this section.

(c) For an employee placed in a General Schedule position, a saved rate established under this section may not be supplemented by a locality payment under 5 U.S.C. 5304, a special rate supplement under 5 U.S.C. 5305, or a similar payment under other legal authority.

(d) A saved rate established under this section must be adjusted in connection with a pay schedule adjustment according to the following rules:

(1) When the maximum payable rate of basic pay for the grade or level of an employee's position is increased while the employee is receiving a saved rate, the employee is entitled to a pay adjustment equal to 50 percent of the amount of the increase in that maximum payable rate, except as otherwise provided in this section.

(2) If an employee's official worksite is changed while the employee is receiving a saved rate, a change in the applicable range maximum because of a change in an employee's official worksite is not considered in applying paragraph (d)(1) of this section. Instead, any adjustment of the employee's saved rate in conjunction with a change in official worksite must be determined under paragraph (e) of this section. If an employee's range maximum is increased because of a pay schedule adjustment on the same effective date as a change in the employee's official worksite, the saved rate must be adjusted under paragraph (d)(1) of this section before applying paragraph (e) of this section.

(3) A change in an employee's rate range maximum resulting from a change in the employee's position (e.g., change in occupational series) that causes the employee to be covered by a different pay schedule does not result in application of paragraph (d)(1) of this section.

(4) When an employee's saved rate becomes equal to or lower than the maximum payable rate of basic pay for the grade or level of the employee's position, the employee is entitled to the maximum payable rate, and saved pay under this section ceases to apply.

(e) When an employee receiving a saved rate established under this section is covered by a pay system that provides

different basic pay schedules based on geographic location (such as the General Schedule pay system), the saved rate must be adjusted in conjunction with a change in the employee's official worksite consistent with the geographic conversion rule for retained rates under 5 CFR 536.303(b).

(f) A saved rate established under this section must be terminated if—

(1) The employee has a break in service of 1 workday or more;

(2) The employee is demoted based on unacceptable performance or conduct or at the employee's request; or

(3) The employee becomes entitled to a rate of basic pay that is equal to or higher than the saved rate.

(g) If an employee is receiving a saved rate established under this section on May 1, 2005 (when section 301 of Pub. L. 108-411 took effect), any locality payment under 5 U.S.C. 5304 formerly paid in addition to the employee's saved rate no longer applies as of that date. Any locality-adjusted saved rate in effect and payable on April 30, 2005, must be converted to an equal saved rate effective on May 1, 2005. If the employee received no locality payment because of a pay limitation, no conversion under this paragraph is required.

PART 362—PRESIDENTIAL MANAGEMENT INTERN PROGRAM

■ 5. The authority citation for part 362 is revised to read as follows:

Authority: E.O. 12364, 47 FR 22931, 3 CFR, 1982 Comp., p. 185.

Subpart B—Program Administration

§ 362.202 [Amended]

■ 6. In § 362.202, amend paragraph (d) by removing the reference "rules under 5 CFR 531.203(c)" and adding in its place "rule under 5 CFR 531.221".

PART 451—AWARDS

■ 7. The authority citation for part 451 is revised to read as follows:

Authority: 5 U.S.C. 4302, 4501-4509; E.O. 11438, 33 FR 18085, 3 CFR, 1966-1970 Comp., p. 755; E.O. 12828, 58 FR 2965, 3 CFR, 1993 Comp., p. 569.

Subpart A—Agency Awards

■ 8. In § 451.104, revise paragraph (g) to read as follows:

§ 451.104 Awards.

* * * * *

(g) When granting an award paid as a percentage of basic pay under 5 U.S.C. 4505a(a)(2)(A), the rate of basic pay used must include any applicable

locality payment under 5 CFR part 531, subpart F; special rate supplement under 5 CFR part 530, subpart C; or similar payment or supplement under other legal authority. For an employee receiving a retained rate under 5 CFR part 536, subpart C (or similar authority, such as 5 CFR 359.705), the rate of basic pay is the maximum payable rate for the employee's grade or level, rather than the retained rate.

PART 530—PAY RATES AND SYSTEMS (GENERAL)

■ 9. The authority citation for part 530 is revised to read as follows:

Authority: 5 U.S.C. 5305 and 5307; subpart C also issued under 5 U.S.C. 5338 and sec. 4 of the Performance Management and Recognition System Termination Act of 1993, Pub. L. 103-89, 107 Stat. 981.

■ 10. Revise subpart C to read as follows:

Subpart C—Special Rate Schedules for Recruitment and Retention

General Provisions

Sec.

- 530.301 Purpose and applicability.
- 530.302 Definitions.
- 530.303 Coverage.
- 530.304 Establishing or increasing special rates.
- 530.305 Agency requests for new or increased special rates.
- 530.306 Evaluating agency requests for new or increased special rates.
- 530.307 OPM review and adjustment of special rate schedules.
- 530.308 Treatment of special rate as basic pay.
- 530.309 Miscellaneous provisions.

Setting an Employee's Rate of Pay

- 530.321 General.
- 530.322 Setting pay when a special rate is newly established or increased.
- 530.323 Setting pay when a special rate is discontinued or decreased.

Subpart C—Special Rate Schedules for Recruitment and Retention

General Provisions

§ 530.301 Purpose and applicability.

(a) *Purpose.* This subpart contains OPM regulations implementing 5 U.S.C. 5305, which authorizes the establishment of special rates of pay for Federal employees in executive agencies to address significant recruitment or retention problems. This subpart also contains rules for determining an employee's rate of pay when a special rate schedule is established, increased, decreased, or discontinued, or when conditions for coverage under a special rate schedule are changed. All other pay actions for special rate employees are governed by the pay-setting rules in 5 CFR parts 531 and 536.

(b) *Applicability.* Except as explained in § 530.303(a), this subpart applies only to GS employees.

§ 530.302 Definitions.

In this subpart:

Agency means an executive agency as defined in 5 U.S.C. 105.

Authorized agency official means the head of the agency or an official who is authorized to act for the head of the agency in the matter concerned.

Employee has the meaning given that term in 5 U.S.C. 2105.

General Schedule or GS means the classification and pay system established under 5 U.S.C. chapter 51 and subchapter III of chapter 53. It also refers to the pay schedule of GS rates established under 5 U.S.C. 5332, as adjusted under 5 U.S.C. 5303 or other law (including GS rates payable to GM employees). Law enforcement officers (LEOs) receiving LEO special base rates are covered by the GS classification and pay system, but receive higher base rates of pay in lieu of GS rates at grades GS-3 through GS-10.

GM employee has the meaning given that term in 5 CFR 531.203.

GS rate means a rate of basic pay within the General Schedule, excluding any LEO special base rate and additional pay of any kind such as locality payments or special rate supplements. A rate payable to a GM employee is considered a GS rate.

Highest applicable rate range means the rate range applicable to an employee's position that provides the highest rates of basic pay, excluding any retained rates. For example, a rate range of special rates may exceed an applicable locality rate range. In certain circumstances, the *highest applicable rate range* may consist of two types of pay rates from different pay schedules—e.g., a range where special rates (based on a fixed dollar supplement) are higher in the lower portion of the range and locality rates are higher in the higher portion of the range.

Law enforcement officer or LEO has the meaning given that term in 5 CFR 550.103.

LEO special base rate means a special base rate established for GS law enforcement officers at grades GS-3 through GS-10 under section 403 of the Federal Employees Pay Comparability Act of 1990 (section 529 of Pub. L. 101-509, November 5, 1990, as amended) which is used in lieu of a GS rate.

Locality payment has the meaning given that term in 5 CFR 531.602.

Locality rate means a GS rate or an LEO special base rate, if applicable, plus any applicable locality payment.

Official worksite means the official location of an employee's position of record as determined under 5 CFR 531.605. *Official worksite* is synonymous with the term "official duty station" as used in 5 U.S.C. 5305(i).

OPM means the Office of Personnel Management.

Pay schedule means a set of rate ranges established for GS employees under a single authority—i.e., the General Schedule, an LEO special base rate schedule (for grades GS-3 through 10), a locality rate schedule based on GS rates, a locality rate schedule based on LEO special base rates (for grades GS-3 through 10), a special rate schedule under this subpart, or a similar schedule under 38 U.S.C. 7455. A pay schedule applies to or covers a defined category of employees based on established coverage conditions (e.g., official worksite, occupation). A pay schedule is considered to apply to or cover an employee who meets the established coverage conditions even when a rate under that schedule is not currently payable to the employee because of a higher pay entitlement under another pay schedule.

Position of record means an employee's official position (defined by grade, occupational series, employing agency, LEO status, and any other condition that determines coverage under a pay schedule (other than official worksite)), as documented on the employee's most recent Notification of Personnel Action (Standard Form 50 or equivalent) and current position description, excluding any position to which the employee is temporarily detailed. For an employee whose change in official position is followed within 3 workdays by a reduction in force resulting in the employee's separation before he or she is required to report for duty in the new position, the position of record in effect immediately before the position change is deemed to remain the position of record through the date of separation.

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by an employee before any deductions, including a GS rate, an LEO special base rate, a locality rate, a special rate under this subpart or a similar rate under 38 U.S.C. 7455, or a retained rate under 5 CFR 359.705 or 5 CFR part 536, but excluding additional pay of any other kind.

Rate range or range means the range of rates of basic pay for a grade within an established pay schedule, excluding any retained rate. A rate range may consist of GS rates, LEO special base

rates, locality rates, special rates, or similar rates under other legal authority.

Retained rate means a rate above the maximum rate of the rate range applicable to the employee which is payable under 5 CFR part 536 or, for a former member of the Senior Executive Service, under 5 CFR 359.705.

Special rate means a rate of pay within a special rate schedule established under this subpart.

Special rate schedule means a pay schedule established under this subpart to provide higher rates of pay for specified categories of GS positions or employees at one or more grades. An increased or decreased special rate schedule refers to an increase or decrease in one or more rate ranges within that schedule.

Special rate supplement means the portion of a special rate paid above an employee's GS rate after applying any applicable pay limitation. For a law enforcement officer receiving an LEO special base rate who is also entitled to a special rate, a special rate supplement increases the LEO's pay only to the extent that the resulting special rate exceeds the LEO's rate of basic pay. The payable amount of a special rate supplement is subject to the Executive Level IV limitation, as provided in § 530.304(a).

§ 530.303 Coverage.

(a) Under 5 U.S.C. 5305, OPM may establish special rates for employees paid under a statutory pay system (as defined in 5 U.S.C. 5302(1)) or any other pay system established by or under Federal statute for civilian positions in the executive branch. Special rates apply only to GS employees unless the approved schedule coverage criteria specifically state otherwise. OPM will establish special rate schedules covering employees under a non-GS pay system only at the request of the agency responsible for administering that system. For employees covered by a non-GS pay system, the responsible agency is subject to the requirements in 5 U.S.C. 5305. To the extent the statutory or regulatory provisions governing the non-GS pay system differ from the regulatory provisions of this subpart, the responsible agency must follow policies that are consistent as possible with this subpart.

(b) An employee's coverage under a special rate schedule is subject to the coverage conditions established by OPM for that schedule, except as provided in paragraph (c) of this section. The coverage conditions for a special rate schedule may be based on occupation, grade, employing agency, geographic location of official worksite, or other

factors OPM may determine to be appropriate. An agency determination as to whether an employee meets the coverage conditions for a special rate schedule must be based on the employee's position of record and official worksite. An agency also may be required to consider other employee-specific factors established by OPM to determine special rate coverage, such as special qualifications or certifications.

(c) An agency must pay the applicable special rate to any employee who meets the coverage conditions established by OPM with respect to a special rate schedule unless an authorized agency official determines that a category of employees of the agency will not be covered by a proposed or existing special rate schedule, subject to the following requirements:

(1) An authorized agency official may determine that a category of employees of the agency will not be covered by a special rate request or a proposed new special rate schedule. The official must provide written notice to OPM that identifies the specific category or categories of employees who will not be covered by the special rate schedule. The notice must be received by OPM before the effective date of the new special rate schedule.

(2) An authorized agency official may remove a category of employees of the agency from coverage under an existing special rate schedule. The official must provide written notice to OPM that identifies the specific category or categories of employees who will not be covered by the special rate schedule. The loss of coverage under a special rate schedule will become effective on the first day of the first pay period beginning on or after the date of the notice to OPM.

(d) An employee covered by a special rate schedule is not entitled to a special rate for any purpose with respect to any period during which the employee is entitled to a higher rate of basic pay under any other legal authority. For example, an employee is not entitled to a special rate if he or she is entitled to a higher locality rate or a retained rate.

§ 530.304 Establishing or increasing special rates.

(a) OPM may increase the minimum rates of pay otherwise payable to a category of employees in one or more areas or locations, grades or levels, occupational groups, series, classes, or subdivisions thereof, when it is necessary to address existing or likely significant recruitment or retention difficulties. OPM will consider the circumstances listed in paragraph (b) of this section and the factors listed in

§ 530.306 when evaluating the need for special rates. When OPM establishes a minimum special rate under this authority, corresponding increases also may be made in one or more of the remaining rates of the affected grade or level. For any given grade, a minimum special rate may not exceed the maximum rate of basic pay for the rate range (excluding any locality rate, other special rate, or similar payment under other legal authority) by more than 30 percent. A special rate is not payable if it exceeds the rate for level IV of the Executive Schedule.

(b) The circumstances considered by OPM in evaluating the need for special rates are the following:

(1) Rates of pay offered by non-Federal employers which are significantly higher than those payable by the Government within the area, location, occupational group, or other category of positions under GS pay system;

(2) The remoteness of the area or location involved;

(3) The undesirability of the working conditions or the nature of the work involved (including exposure to toxic substances or other occupational hazards); or

(4) Any other circumstances OPM considers appropriate.

(c) In setting the level of special rates within a rate range for a category of employees, OPM will compute the special rate supplement by adding a fixed dollar amount or a fixed percentage to all GS rates within that range, except that an alternate method may be used for grades GS-1 and GS-2, where within-grade increases vary throughout the range.

(d) If OPM establishes a special rate schedule that covers only law enforcement officers, OPM may compute the special rate supplement for grades GS-3 through 10 as a fixed percentage of LEO special base rates instead of GS rates. With respect to such a schedule, references to GS rates in § 530.307 are deemed to be references to LEO special base rates.

§ 530.305 Agency requests for new or increased special rates.

(a) An agency may request that a special rate schedule be established or increased or that its employees be covered by an existing special rate schedule at any time. An authorized agency official in the agency headquarters office must submit to OPM any request to establish or increase special rates for a category of agency employees. The request must include a certification by the authorized agency official that the requested special rates

are necessary to ensure adequate staffing levels to accomplish the agency's mission.

(b) The authorized agency official is responsible for submitting complete supporting data for any request for new or higher special rates. OPM may require that the supporting data include a survey of prevailing non-Federal pay rates in the relevant labor market.

(c) OPM may coordinate an agency special rate request with other agencies that have similar categories of employees. OPM may designate a lead agency to assist in coordinating the collection of relevant data. Each affected agency is responsible for submitting complete supporting data upon request to OPM or the lead agency, as appropriate, unless the agency determines that a category of its employees will not be covered by the proposed special rate schedule, as provided in § 530.303(c).

§ 530.306 Evaluating agency requests for new or increased special rates.

(a) In evaluating agency requests for new or increased special rates, OPM may consider the following factors:

(1) The number of existing vacant positions and the length of time they have been vacant;

(2) The number of employees who have quit (*i.e.*, voluntarily left Federal service), including, when available, a subcount of the number of employees who quit to take a comparable position offering higher pay;

(3) Evidence to support a conclusion that recruitment or retention problems likely will develop (if such problems do not already exist) or will worsen;

(4) The number of vacancies an agency tried to fill, compared to the number of hires and offers made;

(5) The nature of the existing labor market;

(6) The degree to which an agency has considered and used other available pay flexibilities to alleviate staffing problems, including the superior qualifications and special needs pay-setting authority in 5 CFR 531.212 and recruitment, relocation, and retention incentives under 5 CFR part 575;

(7) The degree to which an agency has considered relevant non-pay solutions to staffing problems, such as conducting an aggressive recruiting program, using appropriate appointment authorities, redesigning jobs, establishing training programs, and improving working conditions;

(8) The effect of the staffing problem on the agency's mission; and

(9) The level of non-Federal rates paid for comparable positions. Data on non-Federal salary rates may be

supplemented, if appropriate, by data on Federal salary rates for comparable positions established under a non-GS pay system.

(b) In determining the level at which to set special rates, OPM may consider the following factors:

(1) The pay levels that, in OPM's judgment, are necessary to recruit or retain an adequate number of qualified employees based on OPM's findings with respect to the factors set forth in paragraph (a) of this section;

(2) The dollar costs that will be incurred if special rates are not authorized;

(3) The level of pay for comparable positions; and

(4) The need to provide for a reasonable progression in pay from lower grade levels to higher grade levels to avoid pay alignment problems (e.g., such as might result from applying the two-step promotion rule in 5 U.S.C. 5334(b)).

(c) No one factor or combination of factors specified in paragraph (a) or (b) of this section requires OPM to establish or increase special rates or to set special rates at any given level.

§ 530.307 OPM review and adjustment of special rate schedules.

(a) OPM may review an established special rate schedule at any time to determine whether that schedule should be increased, decreased, or discontinued, taking into account the circumstances listed in § 530.304(b) and the factors listed in § 530.306 that led to establishing the schedule. An authorized agency official may request that OPM conduct such a review of one or more special rate schedules.

(b) OPM may designate lead agencies to assist in the review of designated special rate schedules and to coordinate the collection of relevant data. Each affected agency is responsible for submitting complete supporting data upon request to OPM or the lead agency, as appropriate.

(c) OPM will adjust a special rate schedule by determining the amount of the special rate supplement to be paid on top of the current GS rate for each rate range within the schedule. OPM will determine the extent to which special rate supplements are to be adjusted (increased or decreased), if at all, and when the special rate supplements are to be adjusted. As provided in 5 U.S.C. 5305(d), special rate schedule adjustments made by OPM have the force and effect of statute.

(d)(1) For special rate schedules computed by applying a fixed-percentage supplement on top of each GS rate within a rate range, OPM may

require that a change in the underlying GS rate automatically results in an adjusted special rate schedule, unless OPM determines that an adjustment in the supplement percentage is appropriate for one or more special rate schedules.

(2) For special rate schedules computed by applying a fixed-dollar supplement on top of each GS rate within a rate range, OPM may require that special rate supplements generally be adjusted to reflect the increase in GS rates, unless OPM determines that a different adjustment is appropriate for one or more special rate schedules.

(e) If OPM determines that a special rate schedule, or a rate range within a special rate schedule, is no longer needed to ensure satisfactory recruitment or retention of qualified employees, OPM may discontinue the schedule or rate range. Consistent with § 530.303(d), if all employees and positions covered by a special rate schedule or rate range are entitled to a higher rate of basic pay, the schedule or rate range (as applicable) will be automatically discontinued.

(f) OPM may change the established conditions for coverage under a special rate schedule at any time based on a reevaluation of the circumstances and factors that led to establishing the schedule. Expansion of coverage is equivalent to establishing a special rate schedule for a category of affected employees. Reduction of coverage is the equivalent of discontinuing a special rate schedule for a category of affected employees.

(g) When a special rate schedule is adjusted or discontinued, or when there is a change in a schedule's coverage criteria, the rate of pay for affected employees must be set as provided in §§ 530.321 through 530.323.

§ 530.308 Treatment of special rate as basic pay.

Except as otherwise specifically provided under other legal authority, a special rate is considered a rate of basic pay only for the following purposes:

(a) The purposes for which a locality rate is considered to be a rate of basic pay in computing other payments or benefits, to the extent provided by 5 CFR 531.610, except as otherwise provided in paragraphs (b) through (d) of this section;

(b) Computation of nonforeign area cost-of-living allowances and post differentials under 5 U.S.C. 5941 and 5 CFR part 591, subpart B;

(c) Computation of foreign area post differentials under 5 U.S.C. 5925(a) and danger pay allowances under 5 U.S.C. 5928; and

(d) Application of pay administration provisions for prevailing rate employees which consider rates of basic pay under the GS pay system in setting pay (except as otherwise provided in 5 CFR part 532), subject to the requirement that, if the employee's actual special rate would not apply at the official worksite for the prevailing rate position, a special rate may be used only if it is a corresponding special rate on a special rate schedule that would cover the employee if his or her GS position of record were located at the same official worksite as the prevailing rate position, consistent with the geographic conversion rule in 5 CFR 531.205.

§ 530.309 Miscellaneous provisions.

(a) A special rate may be paid only for those hours for which an employee is in a pay status.

(b) A pay increase caused by an employee becoming entitled to a new or higher special rate supplement is not an equivalent increase in pay within the meaning of 5 U.S.C. 5335. (See 5 CFR 531.407(c).)

(c) A special rate is included in an employee's *total remuneration*, as defined in 5 CFR 551.511(b), and *straight time rate of pay*, as defined in 5 CFR 551.512(b), for the purpose of overtime pay computations under the Fair Labor Standards Act of 1938, as amended.

(d) The reduction or termination of an employee's special rate supplement in accordance with the requirements of this subpart is not an adverse action under 5 CFR part 752, subpart D, or an action under 5 CFR 930.214.

Setting an Employee's Rate of Pay

§ 530.321 General.

(a) This section and §§ 530.322 and 530.323 provide conversion rules for setting an employee's pay when a special rate schedule is established, increased, decreased, or discontinued, or when an employee's coverage under an existing special rate schedule is affected by a change in coverage criteria. These conversion rules do not apply to changes in an employee's special rate entitlements based on a change in the employee's position of record or official worksite. Pay-setting rules for other personnel actions affecting special rate employees are provided in 5 CFR parts 531 and 536. For example, if an employee becomes covered by a special rate schedule as a result of a change in the employee's official worksite, the geographic conversion rule in 5 CFR 531.205 must be used to set the employee's rate(s) of basic pay in the new location before considering any

other simultaneous pay action (other than a general pay adjustment).

(b) The conversion rules in §§ 530.322 and 530.323 are considered general pay adjustments for the purpose of applying 5 CFR 531.206 (dealing with the order of precedence for processing simultaneous pay actions). The rate(s) of pay resulting from these conversion rules are considered the employee's existing rate(s) of pay before processing the next simultaneous pay action in the order of precedence.

§ 530.322 Setting pay when a special rate schedule is newly established or increased.

(a) *General rule.* When an employee holds a position that becomes covered by a newly established special rate schedule (including a schedule for which coverage is expanded) or increased special rate schedule (including an increased special rate range within a schedule), the agency must set the employee's rate of pay at the step or rate of the grade on the new special rate schedule that corresponds to the employee's existing numerical step or rate (as in effect immediately before the new special rate schedule takes effect), except as otherwise provided in this section. The corresponding special rate is determined by adding the applicable special rate supplement on top of the employee's GS rate, subject to the limitation that no special rate may exceed the rate for level IV of the Executive Schedule. For an employee receiving an LEO special base rate, add the applicable special rate supplement to the GS rate for the employee's grade and step, except as otherwise provided under § 530.304(d).

(b) *Employee entitled to a higher rate of basic pay.* As provided in § 530.303(d), if an employee meeting the coverage conditions for a newly established or increased special rate schedule is entitled to a higher rate of basic pay under other legal authority, the employee must be paid at that higher rate.

(c) *Employee receiving a retained rate.* When an employee is receiving a retained rate immediately before the employee's position is covered by a newly established or increased special rate schedule, the agency must determine the employee's rate of pay consistent with the requirements in 5 CFR part 536, subpart C (or 5 CFR 359.705 for a former member of the Senior Executive Service receiving a retained rate under that section).

§ 530.323 Setting pay when a special rate is discontinued or decreased.

(a) *General.* This section applies when a special rate applicable to a position is discontinued or decreased because of—

(1) A reduction or termination of the rates of the special rate schedule (or of rates of a rate range within a schedule); or

(2) The reduction in the scope of coverage of the special rate schedule.

(b) *Employee entitled to pay retention.* When a special rate applicable to a position is discontinued or decreased, and an employee holding the position is entitled to pay retention under 5 CFR part 536 as a result, the employee's rate of pay must be set consistent with the requirements in 5 CFR part 536, subpart C.

(c) *Employee not entitled to pay retention.* When a special rate applicable to a position is discontinued or decreased, and an employee holding the position is not entitled to pay retention under 5 CFR part 536, the employee's rate of pay is set in the highest applicable rate range at the grade and step (or rate) that corresponds to the grade and step (or rate) for the employee's existing special rate (as in effect immediately before the schedule change).

(d) *Employee receiving a retained rate.* When a special rate applicable to a position is discontinued or decreased, and the employee holding the position is receiving a retained rate immediately before the schedule change, the employee's rate of pay must be set consistent with the requirements in 5 CFR part 536, subpart C (or 5 CFR 359.705 for a former member of the Senior Executive Service receiving a retained rate under that section).

PART 531—PAY UNDER THE GENERAL SCHEDULE

■ 11. The authority citation for part 531 is revised to read as follows:

Authority: 5 U.S.C. 5115, 5307, and 5338; sec. 4 of Pub. L. 103-89, 107 Stat. 981; and E.O. 12748, 56 FR 4521, 3 CFR, 1991 Comp., p. 316; Subpart B also issued under 5 U.S.C. 5303(g), 5305, 5333, 5334(a) and (b), and 7701(b)(2); Subpart D also issued under 5 U.S.C. 5335(g) and 7701(b)(2); Subpart E also issued under 5 U.S.C. 5336; Subpart F also issued under 5 U.S.C. 5304, 5305, and 5338; and E.O. 12883, 58 FR 63281, 3 CFR, 1993 Comp., p. 682 and E.O. 13106, 63 FR 68151, 3 CFR, 1998 Comp., p. 224.

■ 12. Revise subpart B to read as follows:

Subpart B—Determining Rate of Basic Pay

General Provisions

Sec.

- 531.201 Purpose.
- 531.202 Coverage.
- 531.203 Definitions.
- 531.204 Entitlement to other rates of pay.
- 531.205 Converting pay upon change in location of employee's official worksite.
- 531.206 Order of processing simultaneous pay actions.
- 531.207 Applying annual pay adjustments.

Setting Pay When Appointment or Position Changes

- 531.211 Setting pay for a newly appointed employee.
- 531.212 Superior qualifications and special needs pay-setting authority.
- 531.213 Setting pay upon change in position without a change in grade.
- 531.214 Setting pay upon promotion.
- 531.215 Setting pay upon demotion.
- 531.216 Setting pay when an employee moves from a Department of Defense or Coast Guard nonappropriated fund instrumentality.
- 531.217 Special conversion rules for certain non-GS employees.

Using a Highest Previous Rate Under the Maximum Payable Rate Rule

- 531.221 Maximum payable rate rule.
- 531.222 Rates of basic pay that may be used as the highest previous rate.
- 531.223 Rates of basic pay that may not be used as the highest previous rate.

Special Rules for GM Employees

- 531.241 Retaining and losing GM status.
- 531.242 Setting pay upon loss of GM status.
- 531.243 Promotion of a GM employee.
- 531.244 Adjusting a GM employee's rate at the time of an annual pay adjustment.
- 531.245 Computing locality rates and special rates for GM employees.
- 531.246 Within-grade increases for GM employees.
- 531.247 Maximum payable rate rule for GM employees.

Subpart B—Determining Rate of Basic Pay

General Provisions

§ 531.201 Purpose.

This subpart contains regulations of the Office of Personnel Management (OPM) implementing 5 U.S.C. 5332, 5333, and 5334, which deal with setting and adjusting rates of basic pay for General Schedule (GS) employees. These regulations are supplemented by regulations on GS within-grade increases in subpart D of this part; GS quality step increases in subpart E of this part; locality rates in subpart F of this part; special rates in 5 CFR part 530, subpart C; and grade and pay retention in 5 CFR part 536.

§ 531.202 Coverage.

This subpart covers employees who occupy positions classified and paid under the GS classification and pay system, as provided in 5 U.S.C. 5102 and 5331 or other applicable laws. Law

enforcement officers (LEOs) receiving LEO special base rates are covered by the GS classification and pay system, but receive higher base rates of pay in lieu of GS rates at grades GS-3 through GS-10. This subpart also covers GS employees who receive special rates under 5 U.S.C. 5305 and 5 CFR part 530, subpart C.

§ 531.203 Definitions.

In this subpart:

Agency means an Executive agency as defined in 5 U.S.C. 105 or an agency in the legislative branch with employees covered by this subpart. To the extent that the regulations in this subpart relate to non-GS service in the Federal Government, *agency* includes any other agency in the Federal Government.

Demotion means a change of an employee, while continuously employed, from one GS grade to a lower GS grade, with or without a reduction in pay.

Employee means an employee as defined in 5 U.S.C. 2105 who is covered by this subpart. For the purpose of determining eligibility under the superior qualifications and special needs pay-setting authority in § 531.212 and applying the maximum payable rate provisions in §§ 531.216 and 531.221 (which consider rates of pay received during non-GS service in the Federal Government), *employee* also includes any employee as defined in 5 U.S.C. 2105 and—

(1) An individual employed by the U.S. Postal Service or the Postal Rate Commission who would be considered an employee under 5 U.S.C. 2105 but for the exclusion in section 2105(e); and

(2) An individual employed by a Department of Defense or Coast Guard nonappropriated fund instrumentality (as described in 5 U.S.C. 2105(c)) for service covered by § 531.216 (for the purpose of applying that section and §§ 531.211 and 531.212).

Existing rate means the rate received immediately before a pay action takes effect, after processing a general pay adjustment and any other simultaneous pay action that is higher in the order of precedence under § 531.206. For example, the *existing rate* immediately before a promotion action must reflect any geographic conversion under § 531.205 and any simultaneous within-grade increase or quality step increase.

Federal Government means all entities of the Government of the United States, including the U.S. Postal Service and the Postal Rate Commission. The District of Columbia is deemed to be part of the Federal Government with respect to employees of the government of the District of Columbia (DC) who

were first employed by that government before October 1, 1987. A Department of Defense or Coast Guard nonappropriated fund instrumentality (as described in 5 U.S.C. 2105(c)) is not considered part of the Federal Government except for the purpose of applying §§ 531.211 and 531.212 to employees covered by § 531.216 upon employment in a GS position.

General Schedule or *GS* means the classification and pay system established under 5 U.S.C. chapter 51 and subchapter III of chapter 53. It also refers to the pay schedule of GS rates established under 5 U.S.C. 5332, as adjusted under 5 U.S.C. 5303 or other law (including GS rates payable to GM employees). Law enforcement officers (LEOs) receiving LEO special base rates are covered by the GS classification and pay system but receive higher base rates of pay in lieu of GS rates at grades GS-3 through GS-10.

GM employee means a GS employee who was formerly covered by the Performance Management and Recognition System under 5 U.S.C. chapter 54 on October 31, 1993 (and therefore became covered on November 1, 1993, by section 4 of Pub. L. 103-89, the Performance Management and Recognition System Termination Act of 1993), and who continues thereafter to occupy a position as a supervisor or management official (as defined in 5 U.S.C. 7103(a)(10) and (11)) in the same grade of the General Schedule (GS-13, 14, or 15) and in the same agency without a break in service of more than 3 days. (See § 531.241.) Any reference to employees, grades, positions, or rates of basic pay under the General Schedule includes GM employees.

GS rate means a rate of basic pay within the General Schedule, excluding any LEO special base rate and additional pay of any kind such as locality payments or special rate supplements. A rate payable to a GM employee is considered a GS rate even though the rate may fall between GS step rates.

Highest applicable rate range means the rate range applicable to a GS employee based on a given position of record and official worksite that provides the highest rates of basic pay, excluding any retained rates. For example, a rate range of special rates may exceed an applicable locality rate range. In certain circumstances, the *highest applicable rate range* may consist of two types of pay rates from different pay schedules—e.g., a range where special rates (based on a fixed dollar supplement) are higher in the lower portion of the range and locality

rates are higher in the higher portion of the range.

Law enforcement officer or *LEO* has the meaning given that term in 5 CFR 550.103.

LEO special base rate means a special base rate established for GS law enforcement officers at grades GS-3 through GS-10 under section 403 of the Federal Employees Pay Comparability Act of 1990 (section 529 of Pub. L. 101-509, November 5, 1990, as amended) which is used in lieu of a GS rate.

Locality payment means a locality-based comparability payment payable to GS employees under 5 U.S.C. 5304 and 5 CFR part 531, subpart F.

Locality rate means a GS rate or an LEO special base rate, if applicable, plus any applicable locality payment.

Official worksite means the official location of the employee's position of record, as determined under 5 CFR 531.605.

OPM means the Office of Personnel Management.

Payable rate means the highest rate of basic pay to which an employee is entitled based on the employee's position of record, official worksite, and step (or relative position in range for a GM employee) or, if applicable, a retained rate.

Pay schedule means a set of rate ranges established for GS employees under a single authority—i.e., the General Schedule, an LEO special base rate schedule (for grades GS-3 through 10), a locality rate schedule based on GS rates, a locality rate schedule based on LEO special base rates (for grades GS-3 through 10), or a special rate schedule. A pay schedule applies to or covers a defined category of employees based on established coverage conditions (e.g., official worksite, occupation). A pay schedule is considered to apply to or cover an employee who meets the established coverage conditions even when a rate under that schedule is not currently payable to the employee because of a higher pay entitlement under another pay schedule.

Position of record means an employee's official position (defined by grade, occupational series, employing agency, LEO status, and any other condition that determines coverage under a pay schedule (other than official worksite)), as documented on the employee's most recent Notification of Personnel Action (Standard Form 50 or equivalent) and current position description, excluding any position to which the employee is temporarily detailed. For an employee whose change in official position is followed within 3 workdays by a reduction in force resulting in the employee's separation

before he or she is required to report for duty in the new position, the position of record in effect immediately before the position change is deemed to remain the position of record through the date of separation.

Promotion means a GS employee's movement from one GS grade to a higher GS grade while continuously employed (including such a movement in conjunction with a transfer).

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by a GS employee before any deductions, including a GS rate, an LEO special base rate, a special rate, a locality rate, a retained rate, but exclusive of additional pay of any other kind. For the purpose of applying the maximum payable rate rules in §§ 531.216 and 531.221 to non-GS employees, *rate of basic pay* means a rate of pay under other legal authority which is equivalent to a rate of basic pay for GS employees, as described in this definition.

Rate range or *range* means a range of rates of basic pay for a grade within an established pay schedule, excluding any retained rate. A rate range may consist of GS rates, LEO special base rates, locality rates, special rates, or, for non-GS employees, similar rates under other legal authority.

Reassignment means a change of an employee, while serving continuously in the same agency, from one position to another without promotion or demotion.

Reemployment means employment, including reinstatement or another type of appointment, after a break in service of at least 1 full workday.

Retained rate means a rate above the maximum rate of the rate range applicable to a GS employee which is payable under 5 CFR part 536 or, for a former member of the Senior Executive Service, under 5 CFR 359.705.

Special rate means a rate of pay within a special rate schedule established under 5 CFR part 530, subpart C, or a similar rate for GS employees established under other legal authority (e.g., 38 U.S.C. 7455). The term *special rate* does not include an LEO special base rate.

Special rate schedule means a pay schedule established under 5 CFR part 530, subpart C, to provide higher rates of pay for specified categories of GS positions or employees at one or more grades or levels or a similar schedule established for GS employees under other legal authority (e.g., 38 U.S.C. 7455).

Special rate supplement means the portion of a special rate paid above an employee's GS rate after applying any

applicable pay limitation. For a law enforcement officer receiving an LEO special base rate who is also entitled to a special rate under 5 CFR part 530, subpart C, the special rate supplement increases the LEO's pay only to the extent that the resulting special rate exceeds the LEO's rate of basic pay.

Temporary promotion means a time-limited promotion with a not-to-exceed date or a specified term.

Transfer means a change of an employee, without a break in service of 1 full workday, from one branch of the Federal Government (executive, legislative, or judicial) to another or from one agency to another.

Where different pay schedules apply means, in the context of applying the geographic conversion rule, that an employee's official worksite is changed to a new location that would cause the employee to lose or gain coverage under a location-based pay schedule (i.e., locality rate schedule or special rate schedule) if the employee were to remain in the same position of record.

Within-grade increase has the meaning given that term in § 531.403.

§ 531.204 Entitlement to other rates of pay.

(a) A law enforcement officer is entitled to LEO special base rates in lieu of GS rates at grades GS-3 through GS-10. A law enforcement officer is entitled to the LEO special base rate that corresponds to his or her grade and step. If an employee loses LEO status, the employee is entitled to the GS rate for his or her grade and step unless a higher rate is set under the maximum payable rate rule in § 531.221 or under the pay retention rules in 5 CFR part 536, as applicable. LEO special base rates are used in computing locality rates, as provided in subpart F of this part. A law enforcement officer may be entitled to a special rate that is computed using the underlying GS rate for the LEO's grade and step.

(b) When an employee's GS rate or LEO special base rate is determined under the rules of this subpart, the agency must determine any other rate of basic pay to which the employee is entitled, including a locality rate under subpart F of this part and a special rate under 5 CFR part 530, subpart C, or other legal authority (e.g., 38 U.S.C. 7455). The employee is entitled to the highest applicable rate of basic pay as his or her payable rate. When an employee's special rate is surpassed by a higher locality rate, his or her entitlement to a special rate is terminated, as provided in § 530.303(d).

(c) When application of the rules in this subpart results in setting an employee's payable rate in the highest

applicable pay schedule (e.g., a locality rate schedule or a special rate schedule), the agency must determine the employee's underlying GS rate or LEO special base rate, as applicable, based on that payable rate (i.e., by finding the corresponding underlying rate with the same grade and step (or relative position) as the payable rate).

§ 531.205 Converting pay upon change in location of employee's official worksite.

When an employee's official worksite is changed to a new location where different pay schedules apply, the agency must convert the employee's rate(s) of basic pay to the applicable pay schedule(s) in the new location before processing any simultaneous pay action (other than a general pay adjustment, as provided in § 531.206). The agency must first set the employee's rate(s) of basic pay in the applicable pay schedule(s) in the new location based on his or her position of record (including grade) and step (or rate) immediately before the change in the employee's official worksite. The resulting rate must be used as the existing rate in processing the next simultaneous pay action in the order of precedence, using the applicable pay schedules in the new location. In conjunction with any simultaneous pay actions, the employee's rate(s) of basic pay will then be set based on the employee's new position of record and new official worksite.

§ 531.206 Order of processing simultaneous pay actions.

When multiple pay actions with the same effective date affect an employee's rate of basic pay, the actions will be processed in the following order:

(a) Process general pay adjustments before any individual pay action that takes effect at the same time. General pay adjustments include an annual adjustment in the General Schedule under 5 U.S.C. 5303; an adjustment in LEO special base rates; an adjustment of a locality pay percentage under subpart F of this part; the establishment or adjustment of a special rate schedule under 5 CFR part 530, subpart C, or similar legal authority (e.g., 38 U.S.C. 7455); and an adjustment of a retained rate under 5 CFR 359.705(d)(1) and 536.305(a)(1) based on the establishment or adjustment of a pay schedule.

(b) Convert the employee's rate(s) of pay to reflect any change in the location of the employee's official worksite, as prescribed in § 531.205 (or similar geographic conversion provision).

(c) Process any within-grade increase or quality step increase to which the employee is entitled.

(d) Process any promotion action using the rates of pay and rate ranges in the sequence prescribed in § 531.214.

(e) Except as otherwise provided in paragraphs (a) through (d) of this section or other regulation, process individual pay actions that take effect at the same time in the order that gives the employee the maximum benefit.

§ 531.207 Applying annual pay adjustments.

(a) Except as otherwise provided in this section, on the effective date of a GS pay adjustment under 5 U.S.C. 5303 or similar authority, an agency initially must set the GS rate of a GS employee at the new rate of the adjusted General Schedule corresponding to the employee's grade and step in effect immediately before the effective date of the pay adjustment. Any simultaneous pay actions must be processed after the pay adjustment, as provided in § 531.206.

(b) For employees receiving a retained rate immediately before the effective date of a GS annual pay adjustment, the agency must adjust the employee's rate of basic pay under the rules in 5 CFR 536.305 (or under 5 CFR 359.705 for former members of the Senior Executive Service receiving a retained rate under that section).

(c) For GM employees, the agency must follow the rules in § 531.244.

Setting Pay When Appointment or Position Changes

§ 531.211 Setting pay for a newly appointed employee.

(a) *First appointment.* An agency must set the payable rate of basic pay for an employee receiving his or her first appointment (regardless of tenure) as a civilian employee of the Federal Government at the minimum rate of the highest applicable rate range for the employee's position of record, except as provided in § 531.212.

(b) *Reemployment.* For an employee who has previous civilian service in the Federal Government, an agency must set the payable rate of basic pay upon reemployment at the minimum rate of the highest applicable rate range for the employee's position of record unless—

(1) The employee meets the conditions in § 531.212 and an agency determines it is appropriate to set pay under that section; or

(2) The employee is eligible for a higher payable rate under the maximum payable rate rule in § 531.221 and the agency chooses to apply that rule.

§ 531.212 Superior qualifications and special needs pay-setting authority.

(a) *Agency authority.* (1) An agency may use the superior qualifications and special needs pay-setting authority in 5 U.S.C. 5333 to set the payable rate of basic pay for an employee above the minimum rate of the highest applicable rate range for the employee's position of record. The superior qualifications and special needs pay-setting authority may be used for—

(i) A first appointment (regardless of tenure) as a civilian employee of the Federal Government; or

(ii) A reappointment that is considered a new appointment under 5 U.S.C. 5333 because it meets the conditions prescribed in paragraph (a)(2) and (3) of this section.

(2) An agency may use the superior qualifications and special needs pay-setting authority for a reappointment only when the employee has had a break in service of at least 90 days from the last period of civilian employment with the Federal Government, except as provided in paragraph (a)(3) of this section.

(3) An agency may use the superior qualifications and special needs pay-setting authority for a reappointment without requiring a 90-day break in service if the candidate's civilian employment with the Federal Government during the 90-day period immediately preceding the appointment was limited to one or more of the following:

(i) Employment under a time-limited or non-permanent appointment in the competitive or excepted service;

(ii) Employment under an appointment as an expert or consultant under 5 U.S.C. 3109 and 5 CFR part 304; or

(iii) Employment under a provisional appointment designated under 5 CFR 316.403.

(4) Service as an employee of a nonappropriated fund instrumentality (NAFI) of the Department of Defense or Coast Guard is not considered employment by the Federal Government under this section except for employees covered by § 531.216 upon appointment or reappointment (*i.e.*, employees who move from NAFI position to GS position with a break in service of 3 days or less and without a change in agency). Employees covered by § 531.216 upon appointment or reappointment to a GS position are not eligible to have pay set under the superior qualifications or special needs authority, since their NAFI employment is considered employment by the Federal Government. Otherwise, NAFI

employment does not block application of this section.

(b) *Superior qualifications or special needs determination.* An agency may set the payable rate of basic pay of a newly appointed employee above the minimum rate of the grade under this section if the candidate meets one of the following criteria:

(1) The candidate has superior qualifications. An agency may determine that a candidate has superior qualifications based on the level, type, or quality of the candidate's skills or competencies demonstrated or obtained through experience and/or education, the quality of the candidate's accomplishments compared to others in the field, or other factors that support a superior qualifications determination. The candidate's skills, competencies, experience, education, and/or accomplishments must be relevant to the requirements of the position to be filled. These qualities must be significantly higher than that needed to be minimally required for the position and/or be of a more specialized quality compared to other candidates; or

(2) The candidate fills a special agency need. An agency may determine that a candidate fills a special agency need if the type, level, or quality of skills and competencies or other qualities and experiences possessed by the candidate are relevant to the requirements of the position and are essential to accomplishing an important agency mission, goal, or program activity. A candidate also may meet the special needs criteria by meeting agency workforce needs, as documented in the agency's strategic human capital plan.

(c) *Pay rate determination.* An agency may consider one or more of the following factors, as applicable in the case at hand, to determine the step at which to set an employee's payable rate of basic pay using the superior qualifications and special needs pay-setting authority:

(1) The level, type, or quality of the candidate's skills or competencies;

(2) The candidate's existing salary, recent salary history, or salary documented in a competing job offer (taking into account the location where the salary was or would be earned and comparing the salary to payable rates of basic pay in the same location);

(3) Significant disparities between Federal and non-Federal salaries for the skills and competencies required in the position to be filled;

(4) Existing labor market conditions and employment trends, including the availability and quality of candidates for the same or similar positions;

(5) The success of recent efforts to recruit candidates for the same or similar positions;

(6) Recent turnover in the same or similar positions;

(7) The importance/criticality of the position to be filled and the effect on the agency if it is not filled or if there is a delay in filling it;

(8) The desirability of the geographic location, duties, and/or work environment associated with the position;

(9) Agency workforce needs, as documented in the agency's strategic human capital plan; or

(10) Other relevant factors.

(d) *Consideration of recruitment incentive.* In determining whether to use the superior qualifications and special needs pay-setting authority and the level at which the employee's payable rate of basic pay should be set, an agency must consider the possibility of authorizing a recruitment incentive under 5 CFR part 575, subpart A.

(e) *Approval and documentation requirements.* (1) An agency must approve each determination to use the superior qualifications and special needs pay-setting authority prior to the candidate entering on duty. Each determination must be made in writing and reviewed and approved by an official of the agency who is at least one level higher than the employee's supervisor, unless there is no official at a higher level in the agency.

(2) An agency must document all of the following for each determination to use the superior qualifications and special needs pay-setting authority sufficient to allow reconstruction of the action taken in each case:

(i) The superior qualifications of the candidate under paragraph (b)(1) of this section or the special agency need for the candidate's services under paragraph (b)(2) of this section which justifies a higher than minimum rate;

(ii) An explanation of the factor(s) and supporting documentation under paragraph (c) of this section which were used to justify the rate at which the employee's pay is set. The written documentation must explain how the factors directly relate to the rate approved; and

(iii) The reasons for authorizing a higher than minimum rate instead of or in addition to a recruitment incentive under 5 CFR part 575, subpart A.

(f) *Ensuring compliance.* An agency must establish appropriate internal guidelines and evaluation procedures to ensure compliance with the law, this section of OPM regulations, and agency policies.

§ 531.213 Setting pay upon change in position without a change in grade.

For an employee who is moved laterally (by transfer, reassignment, change in type of appointment, change in official worksite, or other change in position) from one GS position to a different GS position without a change in grade or a break in service, the agency must determine the employee's payable rate of basic pay and any underlying rate(s) of basic pay based on the employee's new position of record, new official worksite, and the step (or rate) in effect before the position change. If an employee is eligible to receive a higher rate under the maximum payable rate rule in § 531.221, the agency may choose to apply that rule. If an employee is entitled to pay retention, the agency must apply the rules in 5 CFR part 536.

§ 531.214 Setting pay upon promotion.

(a) *General.* An agency must set an employee's payable rate of basic pay upon promotion following the rules in this section, consistent with 5 U.S.C. 5334(b). The promotion rule in 5 U.S.C. 5334(b) and the implementing rules in this section apply only to a GS employee who is promoted from one GS grade to a higher GS grade. Consistent with § 531.206, any general pay adjustment that takes effect on the same day as a promotion action must be processed before applying the rules in this section.

(b) *Geographic conversion.* When an employee's official worksite is changed to a new location where different pay schedules apply, the agency must convert the employee to the applicable pay schedule(s) and rate(s) of basic pay for the new official worksite based on the employee's position of record before promotion as provided in § 531.205 before processing a simultaneous promotion action.

(c) *Simultaneous within-grade increase.* When an employee is entitled to a within-grade increase or a quality step increase that is effective at the same time as a promotion, the agency must process that increase before processing the promotion action.

(d) *Promotion rule.* (1) *General.* An agency must determine an employee's payable rate of basic pay upon promotion using the standard method in paragraph (d)(3) of this section or the alternate method in paragraph (d)(4) of this section, subject to the special rule in paragraph (d)(5) of this section for employees receiving a retained rate before promotion. A determination regarding whether the alternate method is used in place of the standard method depends on the pay schedules that

apply to an employee before and after promotion, as provided in paragraph (d)(2) of this section. In this paragraph (d), references to an employee's rate or range "before promotion" mean the rate or range before promotion but after any geographic conversion required by paragraph (b) of this section.

(2) *Determining applicable method.* The following rules govern determinations regarding which promotion method to use:

(i) Apply the standard method exclusively if the employee is covered by the same pay schedules before and after promotion. For example, an employee may be covered by the General Schedule and the same locality rate schedule before and after promotion.

(ii) Apply the alternate method if the employee is covered by different pay schedules before and after promotion and if the alternate method will produce a higher payable rate upon promotion than the standard method. For example, an employee may be covered after promotion by a special rate schedule that did not apply to him or her before promotion, and the alternate method will produce a higher rate.

(iii) Apply the standard method in all other circumstances, except that an agency may, at its sole and exclusive discretion, apply the alternate method for an employee covered by different pay schedules before and after promotion even though the method produces a lesser payable rate than the standard method, but only under the following conditions:

(A) The agency determines it would be inappropriate to use the alternate method based on a finding that the higher pay for the position before promotion is not sufficiently related to the knowledge and skills required for the position after promotion; and

(B) The agency informs the employee of the determination to use the alternate method before the effective date of the promotion.

(3) *Standard method.* (i) The standard method of applying the promotion rule is presented in the following table:

Promotion Rule—Standard Method

Step A—If applicable, apply the geographic conversion rule in § 531.205 to determine the employee's rate(s) and range(s) of basic pay based on the employee's position of record before promotion and the new official worksite, as required by paragraph (b) of this section. Also, if applicable, provide any simultaneous within-grade increase or quality step increase, as required by paragraph (c) of this section. Use the resulting rate(s) of basic pay as the existing rate(s) in effect immediately before promotion in applying steps B and C.

Step B—Identify the employee's existing GS rate (or LEO special base rate) in the grade before promotion, and increase that rate by two GS within-grade increases for that grade.

Step C—Determine the payable (highest) rate of basic pay for the step or rate determined in step B by applying any locality payment or special rate supplement applicable to the given grade, based on the employee's position of record before promotion and official worksite after promotion. (If the rate determined in step B is above the range maximum, use the same locality payment or special rate supplement that applies to rates within the rate range.)

Step D—Identify the highest applicable rate range for the employee's position of record after promotion and find the lowest step rate in that range that equals or exceeds the rate determined in step C. This is the employee's payable rate of basic pay upon promotion. (If the rate identified in step C exceeds the maximum of the rate range identified in this step, the employee's payable rate is that maximum rate, or, if the employee's existing rate is higher than that maximum rate, a retained rate under 5 CFR part 536 equal to that existing rate.)

(ii) Example of standard method: A GS-11, step 5, employee in Los Angeles is promoted to a GS-12 position in Kansas City. In Kansas City, a special rate schedule would apply to the employee's GS-11 position, but at GS-12 no special rate range applies; instead, just a locality rate range applies. Thus, different pay schedules apply to the employee in Kansas City before and after promotion. The agency determines that the standard method produces a higher rate than the alternate method because the employee is covered by a special rate schedule before promotion but not after promotion. The agency also determines it will not invoke the exception provision under paragraph (d)(2)(iii). The agency applies the standard method as follows:

Step A—Apply the geographic conversion rule to determine the rates of basic pay for the GS-11, step 5, position in Kansas City. The pay schedules applicable to the employee in Kansas City are the General Schedule, the locality rate schedule applicable in Kansas City, and the special rate schedule applicable to the employee's position in Kansas City.

Step B—Using the underlying General Schedule, increase the GS-11, step 5, rate by two within-grade increases, which produces the GS-11, step 7, rate.

Step C—The payable (highest) rate of basic pay for GS-11, step 7, is the corresponding GS-11, step 7, special rate that would be applicable to the GS-11 position in Kansas City.

Step D—The highest applicable rate range for the GS-12 position after promotion is the GS-12 locality rate range under the Kansas City locality rate schedule. Find the lowest step rate in that range that equals or exceeds the GS-11, step 7, special rate from step C. That step rate is the payable rate of basic pay upon promotion.

(4) *Alternate method.* (i) The alternate method of applying the promotion rule, which involves using pay schedules applicable before promotion and then converting pay to a different schedule applicable after promotion, is presented in the following table:

Promotion Rule—Alternate Method

Steps A, B, C—Same as standard method in paragraph (d)(3) of this section.

Step D—Identify the highest applicable rate range for the employee's grade after promotion based on consideration of any pay schedule that applied to the employee's position of record before promotion (after any geographic conversion). (Do not consider pay schedules that apply only to the employee's new position of record after promotion. For example, if a particular special rate schedule applies only to an employee's position of record after promotion, disregard that schedule in applying this step.) Find the lowest step in the highest applicable rate range that equals or exceeds the rate identified in step C. (If the rate identified in step C exceeds the maximum of the rate range identified in this step, the employee's payable rate is that maximum rate, or if the employee's existing rate is higher than that maximum rate, a retained rate under 5 CFR part 536 equal to that existing rate.)

Step E—Convert the lowest step rate identified in step D to a corresponding step rate (same step) in the highest applicable rate range for the employee's new position of record after promotion. This is the employee's alternate payable rate of basic pay upon promotion. (If the rate derived under step D was a retained rate, determine the alternate payable rate of basic pay as provided in paragraph (d)(4)(ii) of this section.)

Step F—If the alternate payable rate identified in step E exceeds the payable rate resulting from the standard method in paragraph (d)(3) of this section, the employee is entitled to the alternate rate upon promotion. Otherwise, the employee is entitled to the payable rate derived under the standard method, except as provided in paragraph (d)(2)(iii) of this section.

(ii) In applying step E of the table in paragraph (d)(4)(i) of this section, if the rate derived under step D was a retained rate, compare the retained rate to the highest applicable rate range identified in step E. If the retained rate exceeds the maximum of that rate range, the retained rate continues and is the employee's alternate payable rate upon promotion. If the retained rate is below the rate range maximum, the employee's alternate payable rate upon promotion is the maximum rate of the range (step 10).

(iii) Example of alternate method: A GS-7, step 7, employee in Atlanta is promoted to a GS-9 position in Washington, DC. The promotion involves not only a change in grade but also a change in the employee's occupational series. In Washington, DC,

no special rate schedule would apply to a GS-7 or GS-9 position in the old occupational series, but a special rate schedule does apply to the GS-9 position in the new occupational series. Thus, different pay schedules apply before and after promotion, and the alternate method would result in a higher rate than the standard method. As provided in paragraph (d)(2)(ii) of this section, the agency must apply the alternate method and compare the result to the result derived under the standard method, as follows:

Step A—Apply the geographic conversion rule in § 531.205 to determine the rates of basic pay for the GS-7, step 7, position in Washington, DC. Based on the GS-7 position before promotion (including the old occupational series), the pay schedules applicable to the employee in Washington, DC, would be the General Schedule and the locality rate schedule applicable in Washington, DC.

Step B—Using the underlying General Schedule, increase the GS-7, step 7, rate by two within-grade increases, which produces the GS-7, step 9, rate.

Step C—The payable (highest) rate of basic pay for GS-7, step 9, is the corresponding GS-7, step 9, locality rate in Washington, DC.

Step D—If the employee were promoted to a GS-9 position in the old occupational series, the highest applicable rate range for that GS-9 position after promotion would be the GS-11 locality rate range in Washington, DC. The GS-9, step 3, locality rate is the lowest step rate in that range that equals or exceeds the GS-7, step 9, locality rate from step C.

Step E—Convert the GS-9, step 3, locality rate to the higher GS-9, step 3, special rate that applies to the employee's position after promotion (including the new occupational series). That GS-9, step 3, special rate is the payable rate of basic pay upon promotion.

Step F—Assume that the standard method would have compared the GS-7, step 9, locality rate directly to the higher GS-9 range of special rates and produced a rate of GS-9, step 1. Since the rate produced by the alternate method (GS-9, step 3) is greater than the rate produced by the standard method, the result of the alternate method is used.

(5) *If employee was receiving a retained rate before promotion.* (i) If an employee's existing payable rate of basic pay before promotion is a retained rate, apply the applicable promotion methods in paragraphs (d)(3) or (d)(4) of this section as if the employee were receiving the maximum rate of the employee's grade before promotion.

(ii) If the payable rate of basic pay after promotion determined under paragraph (d)(5)(i) of this section is greater than the employee's existing retained rate, the employee is entitled to that payable rate.

(iii) If the existing retained rate is greater than the rate determined under

paragraph (d)(5)(i) of this section, the retained rate must be compared to the highest applicable rate range for the position after promotion, as provided in 5 CFR 536.304. The employee is entitled to the lowest step rate in the range that equals or exceeds the retained rate or, if the retained rate exceeds the range maximum, to the retained rate.

(6) *If employee is promoted from GS-1 or GS-2.* In applying the promotion rule to an employee who is promoted from step 9 or 10 of grade GS-1 or GS-2, the value of two within-grade increases is determined by doubling the within-grade increase between step 9 and 10 for the applicable grade.

(e) *Temporary promotions.* Pay is set for an employee receiving a temporary promotion on the same basis as a permanent promotion. Upon expiration or termination of the temporary promotion, pay is set as provided in § 531.215(c). If a temporary promotion is made permanent immediately after the temporary promotion ends, the agency may not return the employee to the lower grade; instead, the agency must convert the employee's temporary promotion to a permanent promotion without a change in pay.

(f) *Corrections of demotions.* The promotion rule in this section may not be used in correcting an erroneous demotion. (See § 531.215(e).)

§ 531.215 Setting pay upon demotion.

(a) *General.* Except as otherwise provided in this section, an employee who is demoted is entitled to the minimum payable rate of basic pay for the lower grade unless the agency sets the employee's pay at a higher rate under—

(1) The grade and pay retention rules in 5 CFR part 536, as applicable; or

(2) The maximum payable rate rule in § 531.221, as applicable.

(b) *Geographic conversion.* If the employee's official worksite after demotion is in a different geographic location where different pay schedules apply, the agency must first convert the employee's payable rate of pay as required by § 531.205 before setting the demoted employee's pay using the grade and pay retention rules in 5 CFR part 536 or the maximum payable rate rule in § 531.221.

(c) *Expiration or termination of a temporary promotion.* (1) When an employee is returned to the lower grade from which promoted on expiration or termination of a temporary promotion, the agency must set the employee's payable rate of basic pay in the lower grade as if he or she had not been temporarily promoted, unless the agency sets pay at a higher rate under

the maximum payable rate rule in § 531.221. As provided in subpart D of this part, time during the temporary promotion may be creditable service towards GS within-grade increases in the lower grade.

(2) If a temporary promotion is made permanent immediately after the temporary promotion ends, the agency may not return the employee to the lower grade. (See § 531.214(e).)

(d) *Demotion upon failure to complete a supervisory probationary period.* When an employee promoted to a supervisory or managerial position does not satisfactorily complete a probationary period established under 5 U.S.C. 3321(a)(2) and is returned to a position at the lower grade held before the promotion, the agency must set the employee's payable rate of basic pay upon return to the lower grade as if the employee had not been promoted to the supervisory or managerial position, unless the agency sets pay at a higher rate under the maximum payable rate rule in § 531.221. As provided in subpart D of this part, time served following the promotion may be creditable service towards GS within-grade increases in the lower grade. However, nothing in this paragraph prohibits an agency from taking action against an employee covered by this paragraph for cause unrelated to supervisory or managerial performance and setting pay in accordance with such action.

(e) *Correcting an erroneous demotion.* When a demotion is determined to be erroneous and is canceled, the agency must set the employee's rate of basic pay as if the employee had not been demoted. The action is a correction of the original demotion action and may not be treated as a promotion under § 531.214. For example, when a demotion based on a reclassification of the employee's position is found to be erroneous and is corrected retroactively under 5 CFR 511.703, the corrective action is cancellation of the original demotion.

§ 531.216 Setting pay when an employee moves from a Department of Defense or Coast Guard nonappropriated fund instrumentality.

(a) *General.* This section governs the setting of pay for an employee who moves to a GS position from a position in a Department of Defense or Coast Guard nonappropriated fund instrumentality (NAFI) (as described in 5 U.S.C. 2105(c)) without a break in service of more than 3 days and without a change in the employing agency. If an employee moves from an NAFI position to a GS position with a break of more

than 3 days or in conjunction with a transfer to a different agency, the employee has no special conversion rights, and this section does not apply.

(b) *NAFI highest previous rate.* For the purpose of this section, the term "NAFI highest previous rate" means the highest rate of basic pay received by an employee during service in a NAFI position, as described in 5 U.S.C. 2105(c).

(c) *Voluntary move.* (1) For a Department of Defense or Coast Guard employee who moves voluntarily, without a break in service of more than 3 days, from an NAFI position in the Department of Defense or the Coast Guard to a GS position in the same agency, the agency may set the employee's initial payable rate of basic pay at any step rate in the highest applicable rate range currently in effect for the employee's GS position of record and official worksite which does not exceed the employee's NAFI highest previous rate of pay, except as provided in paragraph (c)(2) or (3) of this section.

(2) If the highest applicable rate range would be different if the official worksite for the employee's position of record were located at the place where the employee was stationed while earning the NAFI highest previous rate, the agency must determine the employee's maximum payable rate of basic pay as follows:

(i) Compare the NAFI highest previous rate to the highest applicable rate range currently in effect in the location where the employee was stationed while earning that rate. The highest applicable rate range is determined based on the pay schedules that would be applicable to the employee's current GS position of record if the employee were stationed in that location. Identify the highest step rate in the highest applicable rate range that was equal to or lower than the NAFI highest previous rate. If the NAFI highest previous rate is less than the range minimum, identify the minimum step rate (step 1).

(ii) Identify the step rate in the highest applicable rate range for the employee's current official worksite and position of record that corresponds to the step rate derived under paragraph (c)(2)(i) of this section. That corresponding rate is the maximum payable rate at which the agency may set the employee's pay under this section, except as provided by paragraph (c)(3) of this section. The agency may set the employee's rate of basic pay at any step rate below that maximum payable rate.

(3) An agency may choose to apply the maximum payable rate rule in § 531.221 based on a non-NAFI rate of

basic pay if that rule provides a higher rate than provided by paragraph (c)(1) or (2) of this section.

(d) *Involuntary move.* (1) For a Department of Defense or Coast Guard employee who is moved involuntarily (as defined in paragraph (d)(3) of this section), without a break in service of more than 3 days, from a position with substantially the same duties in a Department of Defense or Coast Guard NAFI to a GS position in the same agency, the employee is entitled to an initial payable rate of basic pay at the lowest step rate of the grade that is equal to or greater than the employee's rate of basic pay in the NAFI position immediately before the move. The agency must compare the employee's former NAFI rate to the highest applicable rate range for the employee's GS position of record and official worksite.

(2) For an employee covered by paragraph (d)(1) of this section, the agency may set the initial payable rate of basic pay at any of the following rates, unless the employee is entitled to receive a higher rate of basic pay under paragraph (d)(1) of this section:

(i) A step rate within the highest applicable rate range for the employee's GS position of record and official worksite that does not exceed the employee's NAFI highest previous rate (consistent with the method prescribed in paragraphs (c)(1) and (2) of this section);

(ii) A rate determined under the maximum payable rate rule in § 531.221 (using non-NAFI rates of basic pay); or

(iii) A rate determined under the authority to grant pay retention in 5 CFR 536.302(a).

(3) For the purpose of this paragraph (d), "moved involuntarily" means the movement of the incumbent of an NAFI position in the Department of Defense or the Coast Guard with the position when it is moved to the civil service employment system of the Department of Defense or the Coast Guard, respectively.

§ 531.217 Special conversion rules for certain non-GS employees.

When an employee moves (without a break in service) to a GS position from a non-GS system under an authority in 5 U.S.C. chapters 47, 95, or similar provision of law, and that authority provides that an employee will be converted to GS-equivalent rates immediately before leaving the non-GS system, the employee is considered a GS employee in applying the provisions of this subpart.

Using a Highest Previous Rate Under the Maximum Payable Rate Rule

§ 531.221 Maximum payable rate rule.

(a) *General.* (1) An agency may apply the maximum payable rate rule as described in this section to determine an employee's payable rate of basic pay under the GS pay system at a rate higher than the otherwise applicable rate upon reemployment, transfer, reassignment, promotion, demotion, or change in type of appointment. (**Note:** Special rules for GM employees are provided in § 531.247.) A payable rate set under this section must take effect on the effective date of the action involved. This section may not be used to set an employee's rate of basic pay retroactively unless a retroactive action is required to comply with a nondiscretionary agency policy.

(2) At its discretion, an agency may set an employee's rate(s) of basic pay at the maximum rate identified under this section or at a lower rate. However, the employee's rate may not be lower than the rate to which he or she is entitled under any other applicable pay-setting rule.

(3) In applying this section, an agency must use applicable annual rates of pay or, if a rate under a non-GS system is an hourly rate, convert the hourly rate to an annual rate.

(b) *When highest previous rate is based on a GS rate or LEO special base rate.* When an employee's highest previous rate (as determined under § 531.222) is based on a GS rate or an LEO special base rate paid under the GS pay system, an agency must determine the maximum payable rate of basic pay that may be paid to the employee as follows:

(1) Compare the employee's highest previous rate with the GS rates for the grade in which pay is currently being set. For this comparison, use the schedule of GS rates in effect at the time the highest previous rate was earned. In applying this paragraph to an employee who was a law enforcement officer receiving an LEO special base rate when the highest previous rate was earned, compare the highest previous rate to the applicable LEO special base rates in lieu of GS rates if the grade in which pay is currently being set is one of the grades from GS-3 through GS-10.

(2) Identify the lowest step in the grade at which the GS rate (or LEO special base rate, if applicable) was equal to or greater than the employee's highest previous rate. If the employee's highest previous rate was greater than the maximum GS rate (or LEO special base rate, if applicable) for the grade, identify the step 10 rate (i.e., maximum rate of the grade).

(3) Identify the rate on the currently applicable range of GS rates or LEO special base rates for the employee's current position of record and grade that corresponds to the step identified in paragraph (b)(2) of this section. This rate is the maximum payable GS rate or LEO special base rate the agency may pay the employee under this section.

(4) After setting the employee's GS or LEO special base rate within the rate range for the grade (not to exceed the maximum payable rate identified in paragraph (b)(3) of this section), the agency must determine the employee's payable rate of basic pay based on the employee's GS or LEO special base rate.

(c) *When highest previous rate is based on a GS employee's special rate.* When a GS employee is reassigned under the conditions described in § 531.222(c), the employee's former special rate in effect immediately before the reassignment may be used as the employee's highest previous rate. If the employee's former special rate schedule is being adjusted on the effective date of the employee's reassignment, the agency must determine what the employee's special rate would have been on that adjusted schedule (before any other simultaneous action) and treat the resulting special rate as the employee's former special rate in applying paragraph (c)(1) and (2) of this section. The agency must apply the maximum payable rate rule as follows:

(1) When the employee is assigned to an official worksite within the geographic boundaries of a formerly applicable special rate schedule, compare the former special rate to the rates of basic pay in the highest applicable rate range for the employee's current position of record and current official worksite. Identify the lowest step rate in that range that equals or exceeds the former special rate (or the maximum step rate, if the former special rate exceeds the range maximum). That step rate is the employee's maximum payable rate of basic pay.

(2) When the employee is assigned to an official worksite outside the geographic boundaries of the formerly applicable special rate schedule, determine the maximum payable rate as follows:

(i) Convert the former special rate to a corresponding rate (same step) in the current highest applicable rate range for the new official worksite based on the employee's position of record immediately before the reassignment.

(ii) If the rate resulting from the geographic conversion under paragraph (c)(2)(i) of this section is a special rate, that converted special rate is deemed to be the employee's former special rate

and highest previous rate in applying paragraph (c)(2)(iii) of this section. If the resulting rate is not a special rate, this paragraph (c) may not be used to determine the employee's maximum payable rate. Instead, paragraph (b) of this section must be used.

(iii) Compare the employee's highest previous rate (i.e., the former special rate after the geographic conversion) with the rates on the current highest applicable rate range for the new official worksite based on the employee's position of record after the reassignment. Identify the lowest step rate in that range that equals or exceeds the highest previous rate (or the maximum step rate, if the highest previous rate exceeds the range maximum). That step rate is the employee's maximum payable rate of basic pay.

(3) After setting the employee's rate of basic pay in the highest applicable rate range (not to exceed the maximum payable rate), the agency must determine any underlying rate of basic pay to which the employee is entitled based on the employee's step rate.

(d) *When highest previous rate is based on a rate under a non-GS pay system.* When an employee's highest previous rate (as provided in § 531.222) is based on a rate of basic pay in a non-GS pay system, the agency must determine the maximum payable rate of basic pay that may be paid to the employee in his or her current GS position of record as follows:

(1) Compare the highest previous rate to the highest applicable rate range in effect at the time and place where the highest previous rate was earned. The highest applicable rate range is determined as if the employee held the current GS position of record (including grade in which pay is being set) at that time and place. Identify the lowest step rate in that range that was equal to or higher than the highest previous rate (or the maximum step rate if the highest previous rate exceeded the range maximum).

(2) Convert the step rate identified in paragraph (d)(1) of this section to a corresponding rate (same step) in the current highest applicable rate range for the employee's current GS position of record and official worksite. That step rate is the employee's maximum payable rate of basic pay.

(3) After setting the employee's rate of basic pay in the current highest applicable rate range (not to exceed the maximum payable rate), the agency must determine any underlying rate of basic pay to which the employee is entitled at the determined step rate.

§ 531.222 Rates of basic pay that may be used as the highest previous rate.

(a)(1) Subject to the conditions in this section and § 531.223, the highest previous rate used in applying § 531.221 is—

(i) The highest rate of basic pay previously received by an individual while employed in a civilian position in any part of the Federal Government (including service with the government of the District of Columbia for employees first employed by that government before October 1, 1987), without regard to whether the position was in the GS pay system; or

(ii) The highest rate of basic pay in effect when a GS employee held his or her highest GS grade and highest step within that grade.

(2) The highest previous rate must be a rate of basic pay received by an employee while serving—

(i) On a regular tour of duty under an appointment not limited to 90 days or less; or

(ii) For a continuous period of not less than 90 days under one or more appointments without a break in service.

(b) For periods of service as a GS employee, the highest previous rate may not be a special rate, except as provided in paragraph (c) of this section. If the highest previous rate is a locality rate, the underlying GS rate or an LEO special base rate associated with that locality rate must be used as the highest previous rate in applying § 531.221(b).

(c) An agency may use a GS employee's special rate established under 5 U.S.C. 5305 and 5 CFR part 530, subpart C, or 38 U.S.C. 7455 as the highest previous rate when all of the following conditions apply:

(1) The employee is reassigned to another position in the same agency at the same grade level;

(2) The special rate is the employee's rate of basic pay immediately before the reassignment; and

(3) An authorized agency official finds that the need for the services of the employee, and the employee's contribution to the program of the agency, will be greater in the position to which reassigned. An agency must make such determinations on a case-by-case basis. In each case, the agency must document the determination to use the special rate as an employee's highest previous rate in writing.

(d) When an agency is barred from using a special rate established under 5 U.S.C. 5305 and 5 CFR part 530, subpart C, or 38 U.S.C. 7455 as an employee's highest previous rate under § 531.223(g), the agency must consider a special rate employee's underlying GS rate (or LEO

special base rate, if applicable) in determining the employee's highest previous rate for the purpose of applying paragraph (b) of this section.

§ 531.223 Rates of basic pay that may not be used as the highest previous rate.

The highest previous rate may not be based on the following:

(a) A rate received under an appointment as an expert or consultant under 5 U.S.C. 3109;

(b) A rate received in a position to which the employee was temporarily promoted for less than 1 year, except upon permanent placement in a position at the same or higher grade;

(c) A rate received in a position from which the employee was reassigned or reduced in grade for failure to satisfactorily complete a probationary period as a supervisor or manager;

(d) A rate received by an individual while employed by the government of the District of Columbia who was first employed by that government on or after October 1, 1987;

(e) A rate received by an individual while employed by a Department of Defense or Coast Guard nonappropriated fund instrumentality;

(f) A rate received solely during a period of interim relief under 5 U.S.C. 7701(b)(2)(A);

(g) A special rate established under 5 U.S.C. 5305 and 5 CFR part 530, subpart C, or 38 U.S.C. 7455 (except as provided in § 531.222(c)); or

(h) A rate received under a void appointment or a rate otherwise contrary to applicable law or regulation.

Special Rules for GM Employees

§ 531.241 Retaining and losing GM status.

(a) An employee retains status as a GM employee (as defined in § 531.203) when detailed to any position or when reassigned to another GS position in which the employee continues to be a supervisor or management official (as defined in 5 U.S.C. 7103(a)(10) and (11)).

(b) An employee permanently loses status as a GM employee if he or she is promoted (including a temporary promotion), transferred, demoted, reassigned to a position in which the employee will no longer be a supervisor or management official, has a break in service of more than 3 days, or becomes entitled to a retained rate under 5 CFR part 536. (A retained grade is not considered in determining whether a GM employee has been reduced in grade. See 5 CFR 536.205.)

§ 531.242 Setting pay upon loss of GM status.

(a) On loss of status as a GM employee under § 531.241 (except as provided in

paragraph (b) of this section), an employee must receive his or her existing payable rate of basic pay, plus any of the following adjustments that may be applicable on the effective date of the loss of status, in the order specified:

(1) The amount of any annual adjustment in GS rates under 5 U.S.C. 5303, and the amount of any adjustment in locality payments or special rate supplements, to which the employee otherwise would be entitled on that date;

(2) The amount of any within-grade increase to which the employee otherwise would be entitled on that date under 5 U.S.C. 5335 and subpart D of this part;

(3) The amount resulting from a promotion effective on that date (consistent with § 531.243(c));

(4) In the case of an employee who loses GM status without a change of grade and whose GS rate falls between two steps of a GS grade, the amount of any increase needed to pay the employee the rate for the next higher step of that grade; and

(5) In the case of an employee whose resulting GS rate is below the minimum rate of a GS grade, the amount of any increase needed to pay the employee the minimum rate for that grade.

(b) For an employee who loses status as a GM employee as a result of a demotion, pay must be set as provided in § 531.215. A GM employee's off-step GS rate at the grade before demotion is not converted to a GS step rate before the demotion, but the employee must be placed on a GS step rate when pay is set in the lower grade.

§ 531.243 Promotion of a GM employee.

(a) Upon promotion, an employee's status as a GM employee ends, as provided in § 531.241(b).

(b) When an employee loses status as a GM employee because of a temporary promotion and is returned to the lower grade upon expiration or termination of the temporary promotion under § 531.215(c)(1), he or she will be deemed to have been placed at the lowest step rate that equals or exceeds the employee's former GS rate (as a GM employee) on the effective date of the temporary promotion, before applying any other step increases based on his or her service during the temporary promotion.

(c) A GM employee's GS rate is used as the existing rate of pay in applying the promotion rule in § 531.214. A GM employee's off-step GS rate in the grade before promotion is not converted to a GS step rate in applying the promotion rule, but the employee must be placed

on a GS step rate in the post-promotion grade.

§ 531.244 Adjusting a GM employee's rate at the time of an annual pay adjustment.

(a) On the effective date of an annual pay adjustment under 5 U.S.C. 5303 or similar authority, an agency must set the new GS rate for a GM employee as follows:

(1) For a GM employee whose rate of basic pay equals a regular GS step rate, set the employee's rate at the new step rate in the adjusted General Schedule that corresponds to the employee's grade and step as in effect immediately before the effective date of the pay adjustment.

(2) For a GM employee whose rate of basic pay is below the minimum rate of the GS rate range for the employee's grade, increase the existing GM rate by the same percentage as the annual pay adjustment for the GS rate range applicable to the employee's grade, with the result rounded to the nearest dollar (not to exceed the minimum rate of the range).

(3) For a GM employee whose rate of basic pay is between GS step rates, apply the following method:

Step A—Using the rates and ranges in effect immediately before the annual pay adjustment, find the difference between the GM employee's GS rate and the minimum rate of the GS rate range for the employee's grade.

Step B—Find the difference between the maximum rate and minimum rate of the GS rate range in effect immediately before the annual pay adjustment. (If the GS maximum rate was not payable because of the EX level V pay limitation in 5 U.S.C. 5303(f), use the uncapped maximum rate.)

Step C—Divide the result from step A by the result from step B. Carry this result to the seventh decimal place and truncate, rather than round, the result. This decimal factor represents the employee's relative position in the rate range.

Step D—Using rates and ranges in effect after the annual pay adjustment, find the difference between the maximum rate and minimum rate of the new GS rate range for the employee's grade. (If the GS maximum rate was not payable because of the EX level V pay limitation, use the uncapped maximum rate.)

Step E—Multiply the result from step D by the factor derived from step C.

Step F—Add the result from step E to the minimum rate of the employee's current GS rate range and round to the next higher whole dollar. The resulting rate is the GM employee's new GS rate (subject to the EX level V pay limitation).

§ 531.245 Computing locality rates and special rates for GM employees.

Locality rates and special rates are computed for GM employees in the same manner as locality rates and

special rates for other GS employees. The applicable locality payment or special rate supplement is added on top of the GM employee's GS rate.

§ 531.246 Within-grade increases for GM employees.

GM employees are entitled to within-grade increases as provided under subpart D of this part. A within-grade increase may not cause a GM employee's rate of basic pay to exceed the maximum rate of his or her grade. GM employees may receive quality step increases as provided in subpart E.

§ 531.247 Maximum payable rate rule for GM employees.

(a) A rate received by a GM employee may qualify as a highest previous rate under § 531.222.

(b) As provided in §§ 531.221(a) and 531.241(b), if an employee loses status as a GM employee because of a transfer, promotion, demotion, or reassignment to a position in which the employee will no longer be a supervisor or management official, and if the employing agency after the action chooses to apply the maximum payable rate rule, the agency must follow the rules in § 531.221.

(c) If an employee retains GM status after an action that allows application of the maximum payable rate rule in § 531.221 to set the employee's pay, the rules in § 531.221 must be applied in accordance with the following special provisions:

(1) In comparing the employee's highest previous rate to an applicable rate range for the grade in which pay is being set, do not identify the lowest step rate that equals or exceeds the highest previous rate. Instead, identify the rate in the rate range that equals the highest previous rate unless that highest previous rate is below the range minimum or above the range maximum. If the highest previous rate is below the range minimum, identify the minimum rate (step 1) of the grade. If the highest previous rate is above the range maximum, identify the maximum rate (step 10) of the grade.

(2) In applying § 531.221(b) for an employee whose highest previous rate is a GS rate, the highest previous rate must be compared to the GS rate range for the grade in which pay is currently being set, but which was in effect at the time the highest previous rate was earned. If the highest previous rate was earned while the current GS rate range was in effect, the rate identified under paragraph (c)(1) of this section is the maximum payable GS rate. Otherwise, based on the rate identified in paragraph (c)(1) of this section, the agency must

determine the corresponding rate in the current GS rate range for the grade in which pay is currently being set. That corresponding rate is the maximum payable GS rate. If the highest previous rate was above the range minimum and below the range maximum, the corresponding rate in the current GS rate range must be derived as follows:

Step 1—Find the difference between the employee's highest previous rate and the minimum rate for the GS rate range (for the employee's current grade) in effect at the time the highest previous rate was earned.

Step 2—Find the difference between the maximum rate and the minimum GS rate of the rate range identified in step 1. (If the GS maximum rate was not payable because of the EX level V pay limitation, use the uncapped maximum rate.)

Step 3—Divide the result from step 1 by the result from step 2. Carry this result to the seventh decimal place and truncate, rather than round, the result. This decimal factor represents the employee's relative position in the rate range.

Step 4—Using the current GS rate range (for the employee's current grade), find the difference between the maximum rate and the minimum rate. (If the GS maximum rate was not payable because of the EX level V pay limitation, use the uncapped maximum rate.)

Step 5—Multiply the result from step 4 by the factor derived from step 3.

Step 6—Add the result from step 5 to the minimum rate for the employee's current GS rate range and round to the next higher whole dollar. This rate is the maximum payable GS rate the agency may pay the employee (subject to the EX level V pay limitation).

(3) In applying § 531.221(c) for an employee whose highest previous rate is a special rate, the highest previous rate (after any geographic conversion) must be compared directly to the current highest applicable rate range for the employee's position of record and official worksite after reassignment. Thus, the rate identified under paragraph (c)(1) of this section is the maximum payable rate of basic pay.

Subpart C—[Removed and Reserved]

■ 13. Remove and reserve subpart C, consisting of §§ 531.301 through 531.307.

Subpart D—Within-Grade Increases

■ 14. Revise § 531.402 to read as follows:

§ 531.402 Employee coverage.

(a) Except as provided in paragraph (b) of this section, this subpart applies to employees who—

- (1) Are classified and paid under the General Schedule;
- (2) Occupy permanent positions; and
- (3) Are paid less than the maximum rate of their grade.

(b) This subpart does not apply to any employee who is appointed by the President, by and with the advice and consent of the Senate.

■ 15. In § 531.403—

- a. Amend the definition of *acceptable level of competence* by adding "(or designee)" after "head of the agency";
- b. Add in alphabetical order definitions of *General Schedule, GM employee, GS rate, law enforcement officer, LEO special base rate, promotion, and temporary promotion*;
- c. Revise the definitions of *agency, employee, equivalent increase, next higher rate within the grade, and rate of basic pay*; and
- d. Revise the introductory text and paragraph (2) of the definition of *within-grade increase*.

The additions and revisions read as follows:

§ 531.403 Definitions.

* * * * *

Agency means an agency with employees covered by this subpart, as provided in § 531.402.

* * * * *

Employee has the meaning given that term in 5 U.S.C. 2105, except that for the purpose of applying the provisions regarding equivalent increases and creditable service with respect to non-GS service, *employee* also includes—

- (1) An individual employed by the U.S. Postal Service or the Postal Rate Commission who would be considered an employee under 5 U.S.C. 2105 but for the exclusion in section 2105(e); and
- (2) An individual employed by a nonappropriated fund instrumentality for service that is creditable under § 531.406(b)(4).

Equivalent increase means an increase in an employee's rate of basic pay, or an opportunity for such an increase under a non-GS pay system, as described in § 531.407.

General Schedule or GS means the classification and pay system established under 5 U.S.C. chapter 51 and subchapter III of chapter 53. The term also refers to the pay schedule of GS rates established under 5 U.S.C. 5332, as adjusted under 5 U.S.C. 5303 or other law (including GS rates payable to GM employees). Law enforcement officers receiving LEO special base rates are covered by the GS classification and pay system, but receive higher base rates of pay in lieu of GS rates at grades GS-3 through GS-10.

GM employee has the meaning given that term in 5 CFR 531.203.

GS rate means a rate of basic pay within the General Schedule, excluding additional pay of any kind such as

locality payments under subpart F of this part and special rate supplements under 5 CFR part 530, subpart C, or 38 U.S.C. 7455. A rate payable to a GM employee is considered a GS rate.

Law enforcement officer or LEO has the meaning given that term in 5 CFR 550.103.

LEO special base rate means a special base rate established for GS law enforcement officers at grades GS-3 through GS-10 under section 403 of the Federal Employees Pay Comparability Act of 1990 (section 529 of Pub. L. 101-509, November 5, 1990, as amended) which is used in lieu of a GS rate.

Next higher rate within the grade for a GM employee means the rate of basic pay that exceeds the employee's existing rate of basic pay by one within-grade increase, not to exceed the maximum rate of the grade. For the purpose of this definition, a within-grade increase equals the dollar value of the GS within-grade increase for the applicable grade (excluding any locality payment, special rate supplement, or any other additional payment).

* * * * *

Promotion means an employee's movement from one grade or level to a higher grade or level while continuously employed (including such a movement in conjunction with a transfer).

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by an employee before any deductions and exclusive of additional pay of any kind. For an employee covered by the General Schedule, that *rate of basic pay* is the GS rate or, if applicable, an LEO special base rate.

* * * * *

Temporary promotion means a time-limited promotion with a not-to-exceed date or a specified term.

* * * * *

Within-grade increase is synonymous with the term "step increase" used in 5 U.S.C. 5335 and means—* * *

(2) For a GM employee whose rate does not equal a regular GS step rate (i.e., an off-step rate), a periodic increase in an employee's rate of basic pay from the employee's current rate to the next higher rate within the grade (as defined in this section) consistent with section 4 of Public Law 103-89.

■ 16. Revise § 531.407 to read as follows:

§ 531.407 Equivalent increase determinations.

(a) *GS employees*. For a GS employee, an equivalent increase is considered to occur at the time of any of the following personnel actions:

- (1) A within-grade increase, excluding a quality step increase granted under

subpart E of this part or an interim within-grade increase if that increase is later terminated under § 531.414;

(2) A promotion (permanent or temporary) to a higher grade, including the promotion of an employee receiving a retained rate under 5 CFR 359.705 or 5 CFR part 536 that does not result in a pay increase, but excluding—

(i) A temporary promotion if the employee is returned to the grade and step from which promoted (before any adjustment in the step (or rate) based on credit for service during the temporary promotion, as provided in § 531.215(c)); or

(ii) A promotion to a supervisory or managerial position when the employee does not satisfactorily complete a probationary period established under 5 U.S.C. 3321(a)(2) and is returned to a position at the lower grade and step or rate held by the employee before placement (before any adjustment in the step or rate based on credit for service during the probationary period, as provided in § 531.215(d));

(3) Application of the maximum payable rate rule in § 531.221 that results in a higher step rate within the employee's GS grade (or an increase for a GM employee to the next higher rate within the grade), except for application of that rule in a demotion to the extent that the employee's rate of basic pay after demotion does not exceed the lowest step rate that equals or exceeds the employee's rate of basic pay immediately before the demotion;

(4) Application of the superior qualifications and special needs pay-setting authority in § 531.212 that results in a higher step rate within the employee's GS grade (or an increase for a GM employee to the next higher rate within the grade); or

(5) Application of the qualifications pay authority in 5 U.S.C. 9814 to an employee of the National Aeronautics and Space Administration, when the employee fulfills the 1-year service requirement in the position for which qualifications pay was paid or in a successor position.

(b) *Non-GS employees who move to the GS pay system.* For an employee who performs service under a non-GS Federal pay system which is potentially creditable towards a GS within-grade increase waiting period, an equivalent increase is considered to occur at the time of any of the following personnel actions:

(1) A promotion to a higher grade or work level (unless the promotion is cancelled and the employee's rate of basic pay is redetermined as if the promotion had not occurred); or

(2) An opportunity to receive a within-level or within-range increase that results in forward movement in the applicable range of rates of basic pay, where "forward movement in the applicable range" means any kind of increase in the employee's rate of basic pay other than an increase that is directly and exclusively linked to—

(i) A general structural increase in the employee's basic pay schedule or rate range (including the adjustment of a range minimum or maximum); or

(ii) The employee's placement under a new basic pay schedule within the same pay system.

(c) *Locality rates and special rates.* Since locality rates under subpart F of this part and special rates under 5 CFR part 530, subpart C, and similar rates under other legal authority (e.g., 38 U.S.C. 7455) are not rates of basic pay for the purpose of this subpart, increases in pay resulting from an adjustment in an employee's locality payment or special rate supplement or from placement on a new locality rate or special rate schedule are not considered in making equivalent increase determinations.

Subpart F—Locality-Based Comparability Payments

■ 17. Revise § 531.601 to read as follows:

§ 531.601 Purpose.

This subpart contains Office of Personnel Management (OPM) regulations implementing 5 U.S.C. 5304, which authorizes locality payments in defined geographic areas for GS employees and other categories of employees to whom locality payments are extended. These regulations must be read together with 5 U.S.C. 5304.

■ 18. In § 531.602—

■ a. Revise the definitions of *General Schedule* and *scheduled annual rate of pay*;

■ b. Amend the definition of *employee* by removing the words "duty station" in both places it appears and adding in each place the words "worksites";

■ c. Remove the definitions of *locality rate of pay* and *official duty station*; and

■ d. Add in alphabetical order the definitions of *GM employee*, *GS rate*, *law enforcement officer*, *LEO special base rate*, *locality payment*, *locality pay percentage*, *locality rate*, *official worksite*, *position of record*, *rate range*, *retained rate*, *special rate*, *special rate schedule*, *special rate supplement*, *telework*, and *telework agreement*.

The additions and revisions read as follows:

§ 531.602 Definitions.

* * * * *

General Schedule or *GS* means the classification and pay system established under 5 U.S.C. chapter 51 and subchapter III of chapter 53. It also refers to the pay schedule of GS rates established under 5 U.S.C. 5332, as adjusted under 5 U.S.C. 5303 or other law (including GS rates payable to GM employees). Law enforcement officers (LEOs) receiving LEO special base rates are covered by the GS classification and pay system, but receive higher base rates of pay in lieu of GS rates at grades GS-3 through GS-10.

GM employee has the meaning given that term in 5 CFR 531.203.

GS rate means a rate of basic pay within the General Schedule, excluding any LEO special base rate and additional pay of any kind such as locality payments or special rate supplements. A rates payable to a GM employee is considered a GS rate.

* * * * *

Law enforcement officer or *LEO* has the meaning given that term in 5 CFR 550.103.

LEO special base rate means a special base rate established for GS law enforcement officers at grades GS-3 through GS-10 under section 403 of the Federal Employees Pay Comparability Act of 1990 (section 529 of Pub. L. 101-509, November 5, 1990, as amended) which is used in lieu of a GS rate.

* * * * *

Locality payment means a locality-based comparability payment payable under 5 U.S.C. 5304 and this subpart. An employee's locality payment is the difference between the employee's locality rate and the employee's scheduled annual rate of pay.

Locality pay percentage means the percentage authorized for a locality pay area under 5 U.S.C. 5304 or 5304a which is used to compute a locality payment (before applying any maximum pay limitations under § 531.606).

Locality rate means a scheduled annual rate of pay plus an applicable locality payment. An employee's locality rate is computed under § 531.604.

* * * * *

Official worksite means the official location of an employee's position of record as determined under § 531.605.

Position of record means an employee's official position (defined by grade, occupational series, employing agency, LEO status, and any other condition that determines coverage under a pay schedule (other than official worksite)), as documented on the employee's most recent Notification of Personnel Action (Standard Form 50 or equivalent) and current position

description, excluding any position to which the employee is temporarily detailed. For an employee whose change in official position is followed within 3 workdays by a reduction in force resulting in the employee's separation before he or she is required to report for duty in the new position, the position of record in effect immediately before the position change is deemed to remain the position of record through the date of separation.

Rate range or range means a range of rates of basic pay for a grade within an established pay schedule, excluding any retained rate. A rate range may consist of GS rates, LEO special base rates, locality rates, special rates, or, for non-GS employees, similar rates under other legal authority.

Retained rate means a rate above the maximum rate of the rate range applicable to the employee which is payable under 5 CFR part 536 or similar legal authority.

Scheduled annual rate of pay means, as applicable—

- (1) The annual GS rate payable to an employee;
- (2) An annual LEO special base rate; or
- (3) For an employee in a category of positions described in 5 U.S.C. 5304(h)(1)(A)–(D) for which the President (or designee) has authorized locality payments under 5 U.S.C. 5304(h)(2), the annual rate of pay fixed by law or administrative action, exclusive of any locality-based adjustments (including adjustments equivalent to local special rate supplements under 5 CFR part 530, subpart C) or additional pay of any other kind.

Special rate means a rate of pay within a special rate schedule established under 5 CFR part 530, subpart C, or a similar rate established under other legal authority (e.g., 38 U.S.C. 7455). The term *special rate* does not include an LEO special base rate.

Special rate schedule means a pay schedule established under 5 CFR part 530, subpart C, to provide higher rates of pay for specified categories of positions or employees at one or more grades or levels or a similar schedule established under other legal authority (e.g., 38 U.S.C. 7455).

Special rate supplement means the portion of a special rate paid above an employee's GS rate or equivalent rate of basic pay after applying any applicable pay limitation. For a law enforcement officer receiving an LEO special base rate who is also entitled to a special rate under 5 CFR part 530, subpart C, a special rate supplement increases the LEO's pay only to the extent that the

resulting special rate exceeds the LEO's rate of basic pay.

Telework means work performed by an employee at an alternative worksite instead of the location of the employee's assigned organization. Alternative worksites may include the employee's home, telecenter, satellite office, field installation, or other location.

Telework agreement means a formal oral or written agreement between a supervisor and an employee to permit the employee to work at an alternative worksite (i.e., telework) instead of the location of the employee's assigned organization.

§ 531.603 [Amended]

■ 19. In § 531.603, amend paragraph (a) by removing the words "duty stations" and adding in their place the word "worksites".

■ 20. Revise § 531.604 to read as follows:

§ 531.604 Determining an employee's locality rate.

(a) An annual locality rate consists of a scheduled annual rate of pay plus an applicable locality payment (representing an annual dollar amount), as determined under paragraph (b) of this section.

(b) An agency determines an employee's locality rate by—

- (1) Determining the employee's official worksite consistent with the rules in § 531.605;
 - (2) Determining the locality pay area in which the employee's official worksite is located, consistent with the locality pay areas established in § 531.603;
 - (3) Identifying the locality pay percentage in effect in the applicable locality pay area;
 - (4) Increasing the employee's scheduled annual rate of pay by the applicable locality pay percentage and rounding the result to the nearest whole dollar (counting 50 cents and over as the next higher dollar); and
 - (5) Applying any applicable limitation as described in § 531.606.
- (c) A locality rate may be expressed as an hourly, daily, weekly, or biweekly rate, as provided in § 531.607.

■ 21. Revise § 531.605 to read as follows:

§ 531.605 Determining an employee's official worksite.

(a) Except as otherwise provided in this section, the official worksite is the location of an employee's position of record where the employee regularly performs his or her duties or, if the employee's work involves regular travel or the employee's work location varies on a daily basis, where his or her work activities are based, as determined by

the employing agency. An agency must document an employee's official worksite on an employee's Notification of Personnel Action (Standard Form 50 or equivalent).

(b) For an employee who is relocated and authorized to receive relocation expenses under 5 U.S.C. chapter 57, subchapter II (or similar authority), the official worksite is the established worksite for the position in the area to which the employee has been relocated. For an employee authorized to receive relocation expenses under 5 U.S.C. 5737 in connection with an extended assignment resulting in a temporary change of station, the duty station associated with the extended assignment is the official worksite. (See 41 CFR 302–1.1.)

(c) For an employee whose assignment to a new worksite is followed within 3 workdays by a reduction in force resulting in the employee's separation before he or she is required to report for duty at the new location, the official worksite in effect immediately before the assignment remains the official worksite through the date of separation.

(d)(1) For an employee covered by a telework agreement who is scheduled (while in duty status) to report at least once a week on a regular and recurring basis to the regular worksite for the employee's position of record, the regular worksite is the official worksite. However, for an employee whose work location varies on a daily basis, the employee need not report at least once a week to the established official worksite (where the employee's work activities are based) as long as the employee is performing work within the locality pay area for that worksite at least once a week on a regular and recurring basis. An agency must determine a telework employee's official worksite on a case-by-case basis.

(2) If an employee covered by a telework agreement does not meet the requirements of paragraph (d)(1) of this section, the employee's official worksite is the location of the employee's telework site.

(3) An authorized agency official may make a temporary exception to the requirements in paragraph (d)(1) and (2) of this section in appropriate situations, such as when an employee is recovering from an injury or medical condition that prevents the employee from commuting to the regular worksite.

(e) In applying paragraph (d)(1) of this section for the purpose of other location-based pay entitlements under other regulations that reference this section, the reference to a *locality pay area* is deemed to be a reference to the

applicable geographic area associated with the given pay entitlement. For example, for the purpose of special rates under 5 CFR part 530, subpart C, the reference to a *locality pay area* is deemed to be a reference to the geographic area covered by a special rate schedule.

■ 22. Revise § 531.606 to read as follows:

§ 531.606 Maximum limits on locality rates.

(a) Except as provided by paragraph (b) of this section, a locality rate may not exceed the rate of basic pay payable for level IV of the Executive Schedule.

(b)(1) A locality rate for an employee in a category of positions described in 5 U.S.C. 5304(h)(1)(A)–(C) may not exceed the rate for level III of the Executive Schedule.

(2) A locality rate for an employee in a category of positions described in 5 U.S.C. 5304(h)(1)(D) may not exceed—

(i) The rate for level IV of the Executive Schedule, when the maximum scheduled annual rate of pay (excluding any retained rate) for such positions is less than or equal to the maximum payable scheduled annual rate of pay for GS–15; or

(ii) The rate for level III of the Executive Schedule, when the maximum scheduled annual rate of pay (excluding any retained rate) for such positions exceeds the maximum payable scheduled annual rate of pay for GS–15, but is not more than the rate for level IV of the Executive Schedule.

(3) If initial application of paragraph (b)(2) of this section otherwise would reduce an employee's existing locality rate, the employee's locality rate is capped at the higher of—

(i) The amount of the employee's locality rate on the day before paragraph (b)(2) of this section was initially applied, or

(ii) The rate for level IV of the Executive Schedule.

(c) Paragraph (b) of this section does not apply to experts and consultants appointed under 5 U.S.C. 3109 if the pay for those experts and consultants is limited to the highest rate payable under 5 U.S.C. 5332 (*i.e.*, the unadjusted maximum GS–15 rate). Such experts and consultants are subject to the pay limitations established in 5 CFR 304.105.

(d) A portion of a locality payment that is not payable because of an applicable limitation is not considered in applying any other provision of law or regulation.

■ 23. Revise § 531.607 to read as follows:

§ 531.607 Computing hourly, daily, weekly, and biweekly locality rates.

(a) Apply the following methods to convert an annual locality rate to an hourly, daily, weekly, or biweekly rate:

(1) To derive an hourly rate, divide the annual locality rate by 2,087 and round to the nearest cent, counting one-half cent and over as the next higher cent.

Example:

Annual locality rate = \$50,000
Computation of hourly rate: $\$50,000 \div 2,087 = 23.957$ or \$23.96.

(2) To derive a daily rate, multiply the hourly rate by the number of daily hours of service required by the employee's basic daily tour of duty.

Example:

Hourly rate = \$23.96
Daily hours = 8
Computation of daily rate: $\$23.96 \times 8 = \191.68

(3) To derive a weekly or biweekly rate, multiply the hourly rate by 40 or 80, as applicable.

Example:

Hourly rate = \$23.96
Biweekly hours = 80
Computation of biweekly rate: $\$23.96 \times 80 = \$1,916.80$

(b) Notwithstanding paragraph (a) of this section, for a firefighter whose pay is computed under 5 U.S.C. 5545b, a firefighter hourly locality rate is computed using a divisor of 2,756 hours instead of 2,087, as prescribed in 5 CFR part 550, subpart M. Also, such a firefighter's weekly and biweekly locality rates must be based on the firefighter's extended tour of duty as prescribed in that subpart.

■ 24. Add a new § 531.608 to read as follows:

§ 531.608 Relationship of locality rates to other pay rates.

(a) An employee must receive the greatest of the following rates of pay, as applicable—

(1) The scheduled annual rate of pay payable to the employee;

(2) A locality rate under this subpart;

(3) A special rate under 5 CFR part 530, subpart C, or a similar rate under other legal authority (*e.g.*, 38 U.S.C. 7455); or

(4) A retained rate under 5 CFR part 536 or a similar rate under other legal authority.

(b) A GS employee receiving a special rate is entitled to any applicable locality payment on the same basis as any other GS employee. The locality payment is computed based on the employee's scheduled annual rate of pay, which excludes any special rate. The employee is entitled to the higher of the locality

rate or the corresponding special rate. As provided in 5 U.S.C. 5305(h) and 5 CFR 530.303(d), when an employee's locality rate exceeds a corresponding special rate, the employee's entitlement to the special rate is terminated.

■ 25. Add a new § 531.609 to read as follows:

§ 531.609 Adjusting or terminating locality rates.

(a) When an employee's official worksite is changed to a different locality pay area, the employee's entitlement to the locality rate for the new locality pay area begins on the effective date of the change in official worksite.

(b) A locality rate must be adjusted as of the effective date of any change in the applicable scheduled annual rate of pay or any change in the applicable locality percentage.

(c) Except as provided in paragraph (d) of this section, entitlement to a locality rate associated with a particular locality pay area under this subpart terminates on the date—

(1) An employee's official worksite is no longer in the locality pay area;

(2) An employee is no longer in a position covered by this subpart; or

(3) An employee separates from Federal service.

(d) In the event of a change in the geographic coverage of a locality pay area as a result of the addition by OMB of a new area(s) to the definition of an MSA or CSA or as the result of any change made by the President's Pay Agent in the definition of a locality pay area, the effective date of any change in an employee's entitlement to a locality rate under this subpart is the first day of the first pay period beginning on or after January 1 of the next calendar year. Any area removed by OMB from coverage within an MSA or CSA that serves as the basis for defining a locality pay area must be reviewed by the Federal Salary Council and the President's Pay Agent before a decision is made regarding the locality pay status of that area.

(e) As provided in § 531.205, when an employee becomes covered by one or more different pay schedule(s) because the employee is stationed at a new official worksite in a different geographic location, the employee's pay (including a locality rate) must first be converted to the applicable pay schedule(s) in the new location before applying any other pay action (other than a general pay adjustment).

■ 26. Add a new § 531.610 to read as follows:

§ 531.610 Treatment of locality rate as basic pay.

A locality rate is considered to be an employee's rate of basic pay for the purpose of computing or applying—

(a) Retirement deductions, contributions, and benefits under 5 U.S.C. chapters 83 and 84;

(b) Life insurance premiums and benefits under 5 U.S.C. chapter 87;

(c) Premium pay under 5 U.S.C. chapter 55, subchapter V, and 5 CFR part 550, subparts A and I (including the computation of limitations on premium pay);

(d) Severance pay under 5 U.S.C. 5595 and 5 CFR part 550, subpart G;

(e) Advances in pay under 5 U.S.C. 5524a and 5 CFR part 550, subpart B;

(f) Post differentials under 5 U.S.C. 5925(a) and danger pay allowances under 5 U.S.C. 5928 for an employee temporarily working in a foreign area for which the Department of State has established a danger pay allowance, when the employee's official worksite is located in a locality pay area;

(g) Recruitment, relocation, and retention incentives, supervisory differentials, and extended assignment incentives under 5 U.S.C. chapter 57, subchapter IV, and 5 CFR part 575;

(h) Performance-based cash awards under 5 U.S.C. 4505a and 5 CFR part 451, subpart A, when such awards are computed as a percentage of an employee's rate of basic pay;

(i) GS pay administration provisions (e.g., GS promotion provisions) to the extent provided in subpart B of this part;

(j) Pay administration provisions for prevailing rate employees which consider rates of basic pay under the GS pay system in setting pay (except as otherwise provided in 5 CFR part 532), subject to the requirement that, if the employee's actual locality rate would not apply at the official worksite for the prevailing rate position, that locality rate must be converted to a corresponding rate on the locality rate schedule for that official worksite;

(k) Lump-sum payments for accumulated and annual leave under 5 CFR part 550, subpart L;

(l) Grade and pay retention under 5 U.S.C. chapter 53, subchapter VI, to the extent provided by 5 CFR part 536;

(m) Other provisions as specified in other statute or OPM regulations; and

(n) Payments or benefits equivalent to those listed in this section under other legal authority, as determined by the head of the agency or other authorized official responsible for administering such payments or benefits.

■ 27. Add a new § 531.611 to read as follows:

§ 531.611 Miscellaneous provisions.

(a) A locality rate may be paid only for those hours for which an employee is in a pay status.

(b) Payment of, or an increase in, a locality rate is not an equivalent increase in pay within the meaning of 5 U.S.C. 5335. (See § 531.407(c).)

(c) A locality rate is included in an employee's *total remuneration*, as defined in 5 CFR 551.511(b), and *straight time rate of pay*, as defined in 5 CFR 551.512(b), for the purpose of overtime pay computations under the Fair Labor Standards Act of 1938, as amended.

(d) A reduction or termination of a locality rate under § 531.609 is not an adverse action for the purpose of 5 CFR part 752, subpart D, or an action under 5 CFR 930.214.

Subpart F—[Amended]

■ 28. In addition to the preceding amendments to 5 CFR part 531, subpart F (§§ 531.601 through 531.611), remove the words "locality rate of pay" and add in their place the words "locality rate" throughout the subpart, as amended.

Subpart G—[Removed and Reserved]

■ 29. Remove and reserve subpart G, consisting of §§ 531.701 through 531.705.

PART 532—PREVAILING RATE SYSTEMS

■ 30. The authority citation for part 532 continues to read as follows:

Authority: 5 U.S.C. 5343, 5346; § 532.707 also issued under 5 U.S.C. 552.

Subpart B—Prevailing Rate Determinations

■ 31. In § 532.415, amend paragraph (c) by removing the reference "5 CFR 536.104(a)(3)" and adding in its place "5 CFR 536.301(a)(8)".

PART 534—PAY UNDER OTHER SYSTEMS

■ 32. The authority citation for part 534 is revised to read as follows:

Authority: 5 U.S.C. 1104, 3161(d), 5307, 5351, 5352, 5353, 5376, 5382, 5383, 5384, 5385, 5541, 5550a, and sec. 1125 of the National Defense Authorization Act for FY 2004, Pub. L. 108-136, 117 Stat. 1638 (5 U.S.C. 5304, 5382, 5383, 7302; 18 U.S.C. 207).

Subpart D—Pay and Performance Awards Under the Senior Executive Service

■ 33. In § 534.403, amend paragraph (b) by removing the reference "5 CFR

536.104" and adding in its place "5 CFR part 536, subpart C".

■ 34. In § 534.404, amend paragraph (h)(2) by removing the reference "5 CFR 536.104" and adding in its place "5 CFR part 536, subpart C".

PART 536—GRADE AND PAY RETENTION

■ 35. Revise the authority citation for part 536 to read as follows:

Authority: 5 U.S.C. 5361-5366; sec. 4 of the Performance Management and Recognition System Termination Act of 1993, Pub. L. 103-89, 107 Stat. 981; § 536.405 also issued under 5 U.S.C. 552, Freedom of Information Act, Pub. L. 92-502; § 536.308 also issued under section 301(d)(2) of the Federal Workforce Flexibility Act of 2004, Pub. L. 108-411, 118 Stat. 2305.

■ 36. Revise subparts A and B to read as follows:

Subpart A—General Provisions

Sec.

536.101 Purpose.
536.102 Coverage.
536.103 Definitions.
536.104 Reasonable offer.
536.105 Comparing grades under different pay systems.

§ 536.101 Purpose.

This part contains OPM regulations for the administration of grade and pay retention. This part supplements and implements the provisions of 5 U.S.C. 5361-5366 and must be read together with those sections of law. Under 5 U.S.C. 5362, an employee under a covered pay system who is placed in a lower grade (e.g., as a result of a reduction in force or when his or her position is reduced in grade as a result of a reclassification) is entitled to retain the grade held immediately before the reduction for a period of 2 years under the circumstances prescribed in this part. Under 5 U.S.C. 5363, an employee whose rate of basic pay otherwise would be reduced as a result of a management action is entitled to retain his or her rate of basic pay under the circumstances prescribed in this part.

§ 536.102 Coverage.

(a) Subject to the exclusions in paragraphs (b) through (e) of this section, this part covers any employee who, at the time this part is applied—

- (1) Is in a covered pay system; or
- (2) Is moving to a position under a covered pay system from a position not under a covered pay system, as long as the individual was an *employee* as defined in 5 CFR 536.103 while serving in the position in a noncovered pay system.

(b) An agency may not provide grade or pay retention under this part to an employee who—

(1) Is reduced in grade or pay for personal cause or at the employee's request;

(2) Was employed on a temporary or term basis immediately before the action causing the reduction in grade or pay;

(3) Does not satisfactorily complete the probationary period prescribed by 5 U.S.C. 3321(a)(2), and, as a result, is removed from a supervisory or managerial position;

(4) Is entitled to receive a saved rate of basic pay under 5 U.S.C. 3594(c) and 5 CFR 359.705 because of removal from the Senior Executive Service and placement in a civil service position (other than a Senior Executive Service position) under 5 U.S.C. 3594(b)(2);

(5) Moves from an Executive Schedule position paid under 5 U.S.C. chapter 53, subchapter II, or a position whose rate of pay is fixed by law at a rate equal to a rate for the Executive Schedule;

(6) Moves between positions not under a covered pay system or from a position under a covered pay system to a position not under a covered pay system;

(7) Moves to a nonappropriated fund position as described in 5 U.S.C. 2105(c) (except a position occupied by a prevailing rate employee); or

(8) Moves from a nonappropriated fund position as described in 5 U.S.C. 2105(c) (except a position occupied by a prevailing rate employee) to a position in a covered pay system, unless covered by § 536.302(a).

(c) An agency may not provide grade or pay retention under this part based on the grade or rate of basic pay held by the employee during a temporary promotion or temporary reassignment. However, a temporary promotion or temporary reassignment does not affect an employee's preexisting entitlement to grade or pay retention.

(d) An agency may not provide grade retention under subpart B of this part to an employee who moves from a position not under a covered pay system to a position under a covered pay system.

(e) An employee loses eligibility for or entitlement to grade or pay retention under the conditions specified in §§ 536.207, 536.208, and 536.308.

§ 536.103 Definitions.

For the purpose of this part:

Authorized agency official means the head of the agency or an official who is authorized to act for the head of the agency in the matter concerned.

Covered pay system means a covered pay schedule as defined in 5 U.S.C. 5361(5)—*i.e.*, the General Schedule pay

system established under 5 U.S.C. chapter 53, subchapter III; a prevailing rate system established under 5 U.S.C. chapter 53, subchapter IV; or a special occupational pay system established under 5 U.S.C. chapter 53, subchapter IX. The various prevailing rate systems under 5 U.S.C. chapter 53, subchapter IV, are considered separate systems if they have separate job grading structures.

Employed on a temporary or term basis means employment under an appointment having a definite time limitation or designated as temporary or term.

Employee has the meaning given that term in 5 U.S.C. 2105, except that *employee* also includes—

(1) An individual employed by the U.S. Postal Service or the Postal Rate Commission who would be considered an employee under 5 U.S.C. 2105 but for the exclusion in section 2105(e); and

(2) An individual employed by a Department of Defense or Coast Guard nonappropriated fund instrumentality (as described in 5 U.S.C. 2105(c)) who is moved without a break in service of more than 3 days from employment in such an instrumentality to a position under a covered pay system in the same agency.

FEPCA means the Federal Employees Pay Comparability Act of 1990 (section 529 of Pub. L. 101-509, November 5, 1990, as amended).

General Schedule or *GS* means the classification and pay system established under 5 U.S.C. chapter 51 and subchapter III of chapter 53. This term also refers to the pay schedule established under 5 U.S.C. 5332.

Highest applicable rate range means the rate range applicable to an employee based on a given position of record and official worksite that provides the highest rates of basic pay, excluding any retained rates. For example, a rate range of special rates under 5 U.S.C. 5305 may exceed an applicable locality rate range under 5 U.S.C. 5304 for General Schedule employees. In certain circumstances, the *highest applicable rate range* may consist of two types of pay rates from different pay schedules—*e.g.*, a range where special rates are higher in the lower portion of the range and locality rates are higher in the higher portion of the range.

Management action means an action (not for personal cause) by an agency official not initiated or requested by an employee which may adversely affect the employee's grade or rate of basic pay. However, an employee's placement in or transfer to a position under a formal employee development program established by an agency for recruitment

and employee advancement purposes (*e.g.*, Career Intern Program) is considered a management action even though the employee initiates or requests such placement or transfer.

Official worksite means the official location of the employee's position of record as determined under the rules of the applicable pay system (*e.g.*, 5 CFR 531.605 for General Schedule employees). *Official worksite* is synonymous with the term "official duty station" as used in 5 U.S.C. 5363(c).

OPM means the Office of Personnel Management.

Payable rate means the highest rate of basic pay to which an employee is entitled based on the employee's position of record, official worksite, and step (or relative position in range for a GM employee) or, if applicable, a retained rate.

Pay schedule means a set of rate ranges established under a single authority—*i.e.*, the General Schedule; a law enforcement officer special base rate schedule (for grades GS-3 through 10) under section 403 of FEPCA; a prevailing rate schedule (including a special schedule or special rate schedule) under 5 U.S.C. chapter 53, subchapter IV; a locality rate schedule under 5 U.S.C. 5304 based on GS rates; a locality rate schedule under 5 U.S.C. 5304 based on law enforcement officer special base rates (for grades GS-3 through 10); or a special rate schedule under 5 U.S.C. 5305 or similar authority. A pay schedule applies to or covers a defined category of employees based on established coverage conditions (*e.g.*, official worksite, occupation). A pay schedule is considered to apply to or cover an employee who meets the established coverage conditions even when a rate under that schedule is not currently payable to the employee because of a higher pay entitlement under another pay schedule.

Position of record means an employee's official position (defined by grade or level, occupational series, employing agency, law enforcement officer status, and any other condition that determines coverage under a pay schedule (other than official worksite)), as documented on the employee's most recent Notification of Personnel Action (Standard Form 50 or equivalent) and the current position description, excluding any position to which an employee is temporarily detailed. A retained grade is considered to be part of an employee's position of record even though the actual grade of the employee's position is a lower grade, except as provided in § 536.205(b). For

an employee whose change in official position is followed within 3 workdays by a reduction in force resulting in the employee's separation before he or she is required to report for duty in the new position, the position of record in effect immediately before the position change is deemed to remain the position of record through the date of separation.

Prevailing rate employee has the meaning given that term in 5 U.S.C. 5342(a)(2) and refers to an employee in a position covered by a prevailing rate system or schedule established under 5 U.S.C. chapter 53, subchapter IV.

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by an employee before any deductions, including a General Schedule rate under 5 U.S.C. 5332; a law enforcement officer special base rate under section 403 of FEPCA; a special rate under 5 CFR part 530, subpart C, or similar payment under other legal authority; a locality rate under 5 CFR part 531, subpart F, or similar payment under other legal authority; a prevailing rate under 5 U.S.C. 5343; or a retained rate under this part, but excluding additional pay of any other kind (such as premium payments, differentials, and allowances).

Rate range or range means the range of rates of basic pay for a grade within an established pay schedule, excluding any retained rate.

Reasonable offer means an offer that meets the conditions in § 536.104.

Reduced in grade or pay at the employee's request means a reduction in grade or rate of basic pay that is initiated by the employee for his or her benefit, convenience, or personal advantage. A reduction in grade or pay that is caused or influenced by a management action is not considered to be at an employee's request, except that the voluntary reduction in grade or pay of an employee in response to a management action directly related to personal cause is considered to be at the employee's request.

Reduced in grade or pay for personal cause means a reduction in grade or rate of basic pay based on the conduct, character, or unacceptable performance of an employee. In situations in which an employee is reduced in grade or pay for inability to perform the duties of his or her position because of a medical or physical condition beyond the employee's control, the reduction in grade is not considered to be for personal cause.

Reorganization means the planned elimination, addition, redistribution, or restructuring of functions or duties

either wholly within an agency or between agencies.

Representative rate means—

(1) For the purpose of comparing grades that are under different covered pay systems under § 536.105 and after applying any applicable geographic conversion under § 536.105(b) for positions with different official worksites—

(i) The highest rate of basic pay that applies to the fourth step of the grade for a position covered by the General Schedule; and

(ii) The highest rate of basic pay that applies to the second step of the grade of a position under a regular prevailing rate system established under 5 U.S.C. chapter 53, subchapter IV, or, in the case of a prevailing rate position with a single rate, the single rate of basic pay for that position; and

(2) For the purpose of comparing grades or levels of work in making reasonable offer determinations when one of the grades or levels of work is not under a covered pay system and after applying any applicable geographic conversion rules under § 536.105(b) for positions with different official worksites—

(i) The maximum payable rate of basic pay that applies to the grade of a position covered by the General Schedule;

(ii) The maximum payable rate of basic pay that applies to the grade of a position under a regular prevailing rate system established under 5 U.S.C. chapter 53, subchapter IV, or in the case of a prevailing rate position with a single rate, the single rate of basic pay for that position; and

(iii) The maximum payable rate of basic pay that applies to the grade or level of work in the case of a position not covered by paragraph (2)(i) or (ii) of this definition. In the case of a position with a single rate under such a schedule, the single rate of basic pay for that position is the representative rate.

Retained rate means a rate above the maximum rate of the employee's highest applicable rate range that is payable under subpart C of this part.

Temporary promotion means a promotion that has a definite time limitation or is otherwise designated as temporary when the affected employee is informed in advance.

Temporary reassignment means a reassignment that has a definite time limitation or is otherwise designated as temporary when the affected employee is informed in advance.

Where different pay schedules apply means, in the context of applying the geographic conversion rule, that an employee's official worksite is changed

to a new location that would cause the employee to lose or gain coverage under a location-based pay schedule if the employee were to remain in the same position of record.

§ 536.104 Reasonable offer.

(a) For the purpose of determining whether grade retention eligibility or entitlement must be terminated under § 536.207 or 536.208, the offer of a position is a reasonable offer if the position's grade is equal to or higher than the retained grade and if all the conditions in paragraph (c) of this section are met. If the offered position is in a different pay system, § 536.105 must be applied to determine whether the grade of the offered position is equal to or greater than the retained grade.

(b) For the purpose of determining whether pay retention eligibility or entitlement must be terminated under § 536.308, the offer of a position is a reasonable offer if the employee's rate of basic pay in the position would be equal to or greater than the rate to which the employee is or would be entitled under the pay retention provisions and if all the conditions in paragraph (c) of this section are met.

(c) An offer of a position must meet the following additional conditions to qualify as a reasonable offer:

(1) The offer must be in writing and must include an official position description of the offered position;

(2) The offer must inform the employee that entitlement to grade or pay retention will terminate if the offer is declined and that the employee may appeal the reasonableness of the offer as provided in § 536.402;

(3) The offered position must be of equal or greater tenure than the employee's position before the action resulting in the grade or pay retention entitlement;

(4) The offered position must be full-time, unless the employee's position immediately before the action resulting in entitlement to grade or pay retention was less than full-time, in which case the offered position must have a work schedule providing for no fewer hours of work per week or per pay period than the position held before the action; and

(5) The offered position must be in the same commuting area as the employee's position immediately before the offer, unless the employee is subject to a mobility agreement or a published agency policy that requires employee mobility.

§ 536.105 Comparing grades under different pay systems.

(a) *General.* An agency must compare the representative rates (as defined in

§ 536.103) of the applicable grades to determine whether a grade of a position is equal to, higher than, or lower than the grade of another position when—

(1) Determining eligibility for grade retention upon movement from a position under a covered pay system to a lower-graded position under a different covered pay system (including determinations under § 536.203 that involve different covered pay systems);

(2) Determining whether grade retention eligibility is lost or grade retention is terminated when an employee is placed in a lower-graded position under a different covered pay system and the action is taken for personal cause or at the employee's request;

(3) Determining whether grade retention eligibility is lost or grade retention is terminated based on movement to a position under a different covered pay system with an equal or higher grade;

(4) Determining whether grade retention eligibility is lost or grade retention is terminated based on declination of a reasonable offer of a position under a different pay system with an equal or higher grade; and

(5) Determining whether pay retention eligibility is lost or a retained rate is terminated when an employee is placed in a lower-graded position under a different covered pay system and the action is taken for personal cause or at the employee's request.

(b) *Geographic conversion.* When comparing positions under paragraph (a) of this section which are stationed in different geographic locations where different pay schedules apply, the representative rate of the employee's existing position of record (as in effect before the movement to a position in a different pay system) must be determined as if the official worksite of that position of record were the same as the official worksite of the new or offered position of record. Geographic conversion is not necessary for the purpose of comparing grades if an employee is being moved to (or given a reasonable offer of) a position under the same covered pay system (*i.e.*, same grading structure).

Subpart B—Grade Retention

Sec.

- 536.201 Mandatory grade retention.
- 536.202 Optional grade retention.
- 536.203 Additional eligibility requirements for grade retention.
- 536.204 Period of grade retention.
- 536.205 Applicability of retained grade.
- 536.206 Determining an employee's rate of basic pay under grade retention.
- 536.207 Loss of eligibility for grade retention.

536.208 Termination of grade retention.

§ 536.201 Mandatory grade retention.

(a) Subject to the requirements in this section and in §§ 536.102 and 536.203, an agency must provide grade retention to an employee who moves from a position under a covered pay system to a lower-graded position under a covered pay system as a result of—

- (1) Reduction in force procedures, or
- (2) A reclassification process.

(b) An agency must apply § 536.105 in determining whether a position under a different covered pay system is a lower-graded position.

(c) An employee's movement to a lower-graded position is considered to be the result of reduction in force procedures when the employee has received a specific reduction in force notice and—

- (1) The employee is placed in the position offered in the notice; or
- (2) The employee is placed in a position other than that offered in the notice but in the same agency, if the position was offered in writing and at the initiative of management.

(d) An employee's movement to a lower-graded position is considered to be the result of a reclassification process when—

- (1) The employee remains in his or her position after it is reclassified; or
- (2) The employee is placed in a different position in the same agency before the effective date of the reclassification action, if the position was offered in writing and at the initiative of management after the employee received a specific written notice that the position would be reclassified to a lower grade.

(e) Notwithstanding paragraph (a) of this section, an agency must provide grade retention to an employee who moves without a break in service of more than 3 days from a position in a Department of Defense or Coast Guard nonappropriated fund instrumentality (as defined in 5 U.S.C. 2105(c)) to a position under a covered pay system in the same agency.

§ 536.202 Optional grade retention.

(a) Subject to the requirements in §§ 536.102 and 536.203, an authorized agency official may provide grade retention to an employee moving from a position under a covered pay system to a lower-graded position under a covered pay system when—

- (1) Management announces a reorganization or reclassification decision in writing (including a general notice or a specific notice) that may or would affect the employee; and
- (2) The employee moves to a lower-graded position (either at the

employee's initiative or in response to a management-initiated offer) on or before the date the announced reorganization or reclassification is effected.

(b) An agency must apply § 536.105 in determining whether a position under a different covered pay system is a lower-graded position.

(c) When an employee is offered a position with grade retention under this section in anticipation of a reduction in grade, the agency must inform the employee in writing that acceptance of the position is not required and that declination of the offer will not affect the employee's entitlement to grade retention under § 536.201 if the agency actually moves the employee to the lower-graded position.

(d) Notwithstanding paragraph (a) of this section, an agency may provide grade retention to an employee who is moved without a break in service of more than 3 days from a position in a Department of Defense or Coast Guard nonappropriated fund instrumentality (as defined in 5 U.S.C. 2105(c)) to a position under a covered pay system in the same agency.

§ 536.203 Additional eligibility requirements for grade retention.

(a) An employee is eligible for grade retention under § 536.201(a)(1) only if the employee has served for at least 52 consecutive weeks in one or more positions under a covered pay system at one or more grades higher than the grade of the position in which the employee is being placed. Such service is deemed to include service performed by an employee of a nonappropriated fund instrumentality of the Department of Defense or the Coast Guard (as defined in 5 U.S.C. 2105(c)) who is moved to a position in the civil service employment system of the Department of Defense or the Coast Guard, respectively, without a break in service of more than 3 days.

(b) An employee is eligible for grade retention under § 536.201(a)(2) based on a reclassification of his or her position only if, immediately before the reduction in grade, that position was classified at the existing grade or a higher grade for a continuous period of at least 1 year.

(c) An employee is eligible for grade retention under § 536.202 only if, immediately before being placed in the lower grade, the employee has served for at least 52 consecutive weeks in one or more positions under a covered pay system at one or more grades higher than that lower grade. Such service is deemed to include service performed by an employee of a nonappropriated fund instrumentality of the Department of

Defense or the Coast Guard (as defined in 5 U.S.C. 2105(c)) who is moved to a position in the civil service employment system of the Department of Defense or the Coast Guard, respectively, without a break in service of more than 3 days.

(d) Eligibility for grade retention under § 536.201 or 536.202 ceases under the conditions specified in § 536.207.

§ 536.204 Period of grade retention.

(a) Unless grade retention is terminated under § 536.208, an employee is entitled to retain the grade held immediately before the action that provides entitlement to grade retention for 2 years beginning on the date the employee is placed in the lower-graded position.

(b) During the 2-year period of grade retention, if an agency further reduces an employee in grade under circumstances also entitling the employee to grade retention, the employee must continue to retain the previous retained grade for the remainder of the first 2-year period. At the end of the first 2-year period, the employee is entitled to retain the grade of the position from which the second reduction in grade was made for 2 years following the effective date of the second reduction in grade.

(c) Notwithstanding § 536.207(a)(1), grade retention continues to apply to an employee serving under an interim appointment made under 5 CFR 772.102 for the duration of the original 2-year grade retention period if the employee's grade was retained under this part in the appointment immediately preceding the interim appointment.

§ 536.205 Applicability of retained grade.

(a) Except as provided in paragraph (b) of this section, an agency must treat an employee's retained grade as the employee's grade for all purposes, including pay and pay administration, premium pay, retirement, life insurance, and eligibility for training. If the employee's actual position of record is under a different covered pay system than the covered pay system associated with the retained grade, the agency also must treat the employee as being under the covered pay system associated with the retained grade for the same purposes.

(b) An agency may not use an employee's retained grade—

(1) In any reduction in force procedure;

(2) To determine whether an employee has been reduced in grade for the purpose of terminating grade or pay retention (*i.e.*, based on personal cause or at the employee's request);

(3) To determine whether an employee retains status as a GM employee (as defined in 5 CFR 531.203); or

(4) To determine whether an employee is exempt or nonexempt from the Fair Labor Standards Act of 1938, as amended.

§ 536.206 Determining an employee's rate of basic pay under grade retention.

(a) *General.* (1) When an employee becomes entitled to grade retention or becomes covered by one or more different pay schedules (because of a change in the employee's position of record, a change in the employee's official worksite, or the establishment of a new pay schedule) during a period of grade retention, the agency must apply the rules in this section to determine the employee's rate of basic pay.

(2) This section does not apply to an employee whose entitlement to grade retention is terminated under one of the conditions in § 536.208. (See § 536.208(d).)

(b) *Preexisting rate within a range.* If an employee is entitled to a rate of basic pay within the applicable rate range before the action resulting in application of this section, the employee is entitled to the rate(s) of basic pay in the applicable pay schedule(s) for the employee's position of record after the action (including the retained grade) which correspond to the employee's grade and step (or rate) immediately before the action. The employee's payable rate is the corresponding rate in the highest applicable rate range for the employee's position of record after the action (including the retained grade). If an employee's rate of basic pay otherwise would be reduced because of placement under a lower-paying pay schedule (excluding any reduction that results from a geographic conversion), the employee would be eligible for pay retention under subpart C of this part to the same extent as other employees holding the same position of record whose actual grade is the same as the employee's retained grade.

(c) *Preexisting retained or saved rate.*

(1) If an employee is entitled to a retained rate immediately before the action resulting in application of this section, the agency must determine the employee's payable rate of basic pay under §§ 536.303 and 536.304.

(2) If an employee is entitled to a saved rate under 5 CFR 359.705, the agency must determine the employee's payable rate of basic pay under that section.

(d) *Order of processing pay actions.* When an action resulting in application of this section takes effect on the same

effective date as other pay actions that affect an employee's rate of basic pay (*e.g.*, within-grade increase), the actions will be processed in the order prescribed in the rules governing the covered pay system of the employee's position of record (*e.g.*, 5 CFR 531.206 for GS positions and 5 CFR 532.413 for Federal Wage System positions).

§ 536.207 Loss of eligibility for grade retention.

(a) Eligibility for grade retention as a result of an entitlement under § 536.201 ceases if any of the following conditions occurs at any time after the employee receives written notice of the reduction in grade, but before the commencement of the 2-year period of grade retention:

(1) The employee has a break in service of 1 workday or more;

(2) The employee is reduced in grade for personal cause or at the employee's request (based on the actual grade of the employee's position rather than the employee's retained grade and, when a movement to a different covered pay system is involved, a comparison of representative rates under § 536.105);

(3) The employee moves to a position under a covered pay system with a grade that is equal to or higher than the retained grade (as determined under § 536.105), excluding a temporary promotion;

(4) The employee declines a reasonable offer of a position with a grade equal to or higher than the retained grade (as determined under §§ 536.104 and 536.105);

(5) The employee elects in writing to terminate the benefits of grade retention; or

(6) The employee moves to a position not under a covered pay system.

(b) Eligibility for grade retention as a result of entitlement under § 536.202 ceases if any of the following conditions occurs at any time after management informs the employee of an impending reorganization or reclassification that will or could result in a reduction in grade, but before the commencement of the 2-year period of grade retention:

(1) Any of the conditions listed in paragraph (a) of this section except that an employee's request for placement in a lower-graded position, in lieu of displacing another employee at his or her grade under reduction in force procedures, is not a declination of a reasonable offer for grade retention purposes; or

(2) The employee fails to enroll in, or to comply with reasonable written requirements established to assure full consideration under, a program providing priority consideration for placement.

(c) If an employee loses eligibility for grade retention under this section, the employee's rate of basic pay must be set in accordance with the pay-setting rules and pay rates applicable to the employee's position of record (e.g., 5 CFR part 531, subpart B, for GS positions). An employee is not eligible for pay retention under subpart C of this part based on an action that provided eligibility for grade retention if the employee elects to terminate mandatory eligibility for grade retention under paragraph (a)(5) of this section.

§ 536.208 Termination of grade retention.

(a) Grade retention under § 536.201 terminates if any of the conditions listed in § 536.207(a) occurs after commencement of the 2-year period of grade retention.

(b) Grade retention under § 536.202 terminates if any of the conditions listed in § 536.207(b) occurs after the commencement of the 2-year period of grade retention.

(c) Termination of grade retention benefits takes effect—

(i) At the end of the day before placement if the termination is the result of the employee's placement in another position; or

(2) At the end of last day of the pay period in which the employee—

(i) Declines a reasonable offer;

(ii) Elects to terminate grade retention benefits; or

(iii) Fails to enroll in, or comply with reasonable written requirements established to assure full consideration under, a program providing priority consideration for placement.

(d) If an employee's entitlement to grade retention terminates under this section, the employee's rate of basic pay must be set in accordance with the pay-setting rules and pay rates applicable to the employee's position of record (e.g., 5 CFR part 531, subpart B, for GS positions). An employee is not entitled to pay retention under subpart C of this part based on a reduction in basic pay resulting from waiver of the employee's grade retention entitlement under § 536.207(a)(5).

■ 37. Redesignate subpart C as subpart D; revise the title of redesignated subpart D to read "Appeals and Miscellaneous Provisions"; remove §§ 536.305, 536.306, and 536.308; and redesignate §§ 536.301, 536.302, 536.303, 536.304, and 536.307 as §§ 536.401, 536.402, 536.403, 536.404, and 536.405, respectively.

■ 38. In newly redesignated subpart D—
 ■ a. In newly redesignated § 536.403, remove "§ 536.304" and add in its place "§ 536.404"; and

■ b. In newly redesignated § 536.405(b), remove "§ 297.204(c)" and add in its place "§ 297.205".

■ 39. Add a new subpart C to read as follows:

Subpart C—Pay Retention

Sec.

- 536.301 Mandatory pay retention.
- 536.302 Optional pay retention.
- 536.303 Geographic conversion.
- 536.304 Determining an employee's pay retention entitlement.
- 536.305 Adjusting an employee's retained rate when a pay schedule is adjusted.
- 536.306 Limitation on retained rates.
- 536.307 Treatment of a retained rate as basic pay for other purposes.
- 536.308 Loss of eligibility for or termination of pay retention.
- 536.309 Converting retained rates on May 1, 2005.

§ 536.301 Mandatory pay retention.

(a) Subject to the requirements in § 536.102 and this section, an agency must provide pay retention to an employee in a position under a covered pay system whose payable rate of basic pay otherwise would be reduced (after application of any applicable geographic conversion under § 536.303(a)) as a result of—

(1) The expiration of the 2-year period of grade retention under subpart B of this part;

(2) A reduction in force or reclassification action that places an employee in a lower-graded position when the employee does not meet the eligibility requirements for grade retention under subpart B of this part;

(3) A management action that places an employee in a non-special rate position or in a lower-paid special rate position from a special rate position;

(4) A management action that places an employee under a different pay schedule;

(5) A management action that places an employee in a formal employee development program generally utilized Governmentwide, such as upward mobility, apprenticeship, and career intern programs;

(6) The application of the promotion rule for GS employees under 5 U.S.C. 5334(b) and 5 CFR 531.214 when the employee's payable rate of basic pay after promotion exceeds the maximum rate of the highest applicable rate range;

(7) The application of the promotion rule for prevailing rate employees under 5 CFR 532.407 when the employee's payable rate of basic pay after promotion exceeds the maximum scheduled rate of the grade, as described in 5 CFR 532.407(b);

(8) A reduction or elimination of scheduled rates, special schedules, or special rate schedules, excluding—

(i) A statutory reduction in scheduled rates of pay under the General Schedule, including a reduction authorized under 5 U.S.C. 5303(b); or

(ii) A statutory reduction in a prevailing rate schedule established under 5 U.S.C. chapter 53, subchapter IV, and 5 CFR part 532.

(b) If an employee's official worksite changes in conjunction with an action that may entitle the employee to pay retention under paragraph (a) of this section, the agency must apply the geographic conversion rule in § 536.303(a) before determining whether an employee's rate of basic pay otherwise would be reduced.

(c) An employee is considered "placed" under paragraph (a)(2), (3), (4), and (5) of this section only when the employee remains in a position in the same agency. Optional pay retention under § 536.302 may apply when an employee transfers to a different agency as a result of a reduction in force or reclassification action or is selected by a different agency to fill a position under a formal employee development program, if all other qualifying conditions are met.

(d) Eligibility for pay retention under this section ceases under the conditions specified in § 536.308.

§ 536.302 Optional pay retention.

(a) Subject to the requirements in § 536.102 and this section, an authorized agency official may provide pay retention to an employee not entitled to pay retention under § 536.301, but whose payable rate of basic pay otherwise would be reduced (after application of any applicable geographic conversion under § 536.303(a)) as the result of a management action. This includes a management action to move an employee's position, without a break in service of more than 3 days, from a Department of Defense or Coast Guard nonappropriated fund instrumentality (as defined in 5 U.S.C. 2105(c)) to a position under a covered pay system in the same agency.

(b) If an employee's official worksite changes in conjunction with an action that may entitle the employee to pay retention under paragraph (a) of this section, the agency must apply the geographic conversion rule in § 536.303(a) before determining whether an employee's rate of basic pay otherwise would be reduced.

(c) Eligibility for pay retention under this section ceases under the conditions specified in § 536.308.

§ 536.303 Geographic conversion.

(a) *Geographic conversion at time of action that may provide initial entitlement to pay retention.* If, in conjunction with a pay action that may entitle the employee to pay retention under §§ 536.301 or 536.302, an employee's official worksite is changed to a new location where different pay schedules apply, the agency must convert the employee's rate(s) of basic pay to the applicable pay schedule(s) in the new location before applying the pay retention rules in this subpart or any other simultaneous pay action (other than a general pay adjustment). The agency must identify the highest applicable rate range that would apply to the employee's position of record before the pay action as if that position were stationed at the new official worksite and determine the employee's converted payable rate of basic pay based on the step (or rate) in that range that corresponds to the employee's step (or rate) before the pay action. A reduction in an employee's payable rate of basic pay resulting from this geographic conversion is not a basis for entitlement to pay retention. The pay retention rules in this subpart must be applied as if the employee's payable rate of basic pay after geographic conversion is the employee's existing payable rate of basic pay in effect immediately before the action.

(b) *Geographic conversion when a retained rate employee's official worksite is changed.* When an employee is receiving a retained rate and the employee's official worksite is changed to a new location where different pay schedules apply, the agency must apply the following rules (after applying any simultaneous general pay adjustment under § 536.305) to derive the converted retained rate that will be used as the existing retained rate in determining the employee's pay retention entitlement in the new position of record and at the new official worksite:

(1) Identify the maximum rate for the highest applicable rate range that applies to the employee's former position of record based on the former official worksite;

(2) Identify the maximum rate for the highest applicable rate range that would apply to the employee's former position of record if the employee were stationed at the official worksite for the new position of record;

(3) Divide the maximum rate identified in paragraph (b)(2) of this section by the maximum rate identified in paragraph (b)(1) of this section and round the result to the fourth decimal place; and

(4) Multiply the factor resulting from paragraph (b)(3) of this section by the employee's former retained rate and round to the nearest whole dollar (for an annual rate) or the nearest whole cent (for an hourly rate) to derive the employee's converted retained rate at the new official worksite.

§ 536.304 Determining an employee's pay retention entitlement.

(a) *General.* (1) When an employee becomes entitled to pay retention under § 536.301 or 536.302 or undergoes a change in his or her position of record or pay schedule while receiving a retained rate (when the terminating conditions for pay retention under § 536.308 do not apply), the agency must determine the employee's pay retention entitlement following the rules in this section.

(2) Any general pay adjustment (including a retained rate adjustment under § 536.305) that takes effect on the same date as an action described in paragraph (a)(1) of this section must be processed first, before any other pay action and before applying the rules in paragraphs (a)(3), (a)(4), (b), or (c) of this section, as applicable.

(3) If the location of an employee's official worksite changes in conjunction with an action that may provide initial entitlement to pay retention, the agency must apply the geographic conversion rule under § 536.303(a) before applying the rules in paragraph (b) of this section. The converted rate of basic pay must be treated as the employee's existing payable rate of basic pay in applying those rules.

(4) If the location of an employee's official worksite changes while he or she is receiving a retained rate, the agency must apply the geographic conversion rule under § 536.303(b) before applying the rules in paragraph (c) of this section. The converted retained rate must be treated as the employee's existing retained rate in applying those rules.

(5) When an employee's pay retention entitlement is established or redetermined under this section on the same effective date as other pay actions that affect an employee's rate of basic pay, the actions must be processed in the order prescribed under the rules governing the covered pay system of the employee's position of record (e.g., 5 CFR 531.206 for GS positions and 5 CFR 532.413 for Federal Wage System positions).

(6) In applying this section, an agency must convert an employee's existing annual rate of pay to an hourly rate of pay if the employee's new position is under a pay system that uses only

hourly rates. An agency must convert an employee's existing hourly rate of pay to an annual rate of pay if the employee's new position is under a pay system that uses annual rates of pay.

(b) *Determining initial pay retention entitlement.* When an employee becomes entitled to pay retention under § 536.301 or 536.302, the agency must determine the employee's pay retention entitlement under the following rules (subject to the requirements in paragraph (a) of this section):

(1) If an employee's existing payable rate of basic pay is less than or equal to the maximum rate of the highest applicable rate range for the grade of the employee's position of record immediately after the event causing the pay retention entitlement, the employee is entitled to the lowest rate of basic pay in such rate range that equals or exceeds the employee's existing payable rate of basic pay. If an employee's payable rate of basic pay is set at or below the maximum rate of the highest applicable rate range, pay retention under this subpart ceases to apply to the employee.

(2) If the employee's existing payable rate of basic pay is greater than the maximum rate of the highest applicable rate range for the grade of the employee's position immediately after the event causing the pay retention entitlement, the employee is entitled to a retained rate equal to the employee's existing payable rate of basic pay, subject to the limitations in paragraph (b)(3) of this section.

(3) A newly established retained rate may not exceed—

(i) 150 percent of the maximum payable rate of basic pay of the highest applicable rate range for the grade of the employee's position of record; or

(ii) The Executive Level IV maximum rate limitation established under § 536.306.

(4) In applying this section for an employee who becomes eligible for pay retention while serving on a temporary promotion or temporary reassignment, the agency must use the rate of basic pay the employee would have received if the temporary promotion or temporary reassignment had not occurred.

(c) *Redetermining pay retention entitlement at time of change in position or pay schedule.* When an employee receiving a retained rate undergoes a change in position or pay schedule that results in a new highest applicable rate range (and when the terminating conditions for pay retention under § 536.308(a)(1), (3), (4), and (5) do not apply), the agency must determine the employee's pay retention entitlement under the following rules (subject to the

requirements in paragraph (a) of this section):

(1) If the employee's grade and pay system are not changing and if the employee's existing retained rate is less than or equal to the maximum rate of the highest applicable rate range for the employee's position of record immediately after the position or schedule change, the employee is entitled to the maximum rate of the highest applicable rate range, and pay retention ceases to apply.

(2) If the employee's grade and pay system are not changing and if the employee's existing retained rate is greater than the maximum rate on the highest applicable rate range for the employee's position of record immediately after the position or schedule change, the employee continues to be entitled to the existing retained rate.

(3) If the employee's pay system is not changing but the employee is being promoted to a higher-graded position, the agency must apply the applicable promotion rules to determine the employee's payable rate of basic pay (e.g., the rules in 5 CFR 531.214(d)(5) for GS positions and 5 CFR 532.407 for Federal Wage System positions). When the resulting rate is equal to or greater than the existing retained rate, pay retention ceases to apply. When the resulting rate is less than the existing retained rate, the employee continues to be entitled to the existing retained rate.

(4) If the employee is moving to a position under a different covered pay system whose grade has a higher representative rate, the agency must apply the applicable pay administration rules to determine the employee's payable rate of basic pay (e.g., part 531, subpart B, for GS positions and part 532 for Federal Wage System provisions). When the resulting rate is equal to or greater than the existing retained rate, pay retention ceases to apply to the employee. When the resulting rate is less than the existing retained rate, the employee continues to be entitled to the existing retained rate.

(5) In applying this section to a retained rate employee who receives a temporary promotion or temporary reassignment, the temporary promotion or temporary reassignment is not a basis for permanently terminating an employee's pay retention entitlement. When the temporary promotion or temporary reassignment ends, the employee's pay retention entitlement will be determined as if the employee had not received the temporary promotion or temporary reassignment.

(6) Notwithstanding § 536.308(a)(1), an agency must continue a retained rate

entitlement for an employee serving under an interim appointment made under 5 CFR 772.102 if the employee's pay was retained under this subpart under the appointment immediately preceding the interim appointment.

§ 536.305 Adjusting an employee's retained rate when a pay schedule is adjusted.

(a)(1) Except as otherwise provided in this section, when the maximum rate of the highest applicable rate range for an employee's position of record is increased while the employee is receiving a retained rate, the employee is entitled to 50 percent of the amount of the increase in that maximum rate, subject to the maximum rate limitation in § 536.306. This 50-percent adjustment rule applies only when the maximum rate increases are attributable to the adjustment of the employee's existing pay schedule or the establishment of a new pay schedule that covers the employee's existing position of record.

(2) As provided in 5 CFR 531.206, a retained rate adjustment under paragraph (a)(1) of this section is a general pay adjustment that must be applied before any geographic conversion under § 536.303(b) or any other simultaneous pay action. The retained rate adjustment under paragraph (a)(1) of this section must be determined based on the employee's position of record and official worksite as in effect immediately before the effective date of the adjustment.

(3) Consistent with 5 U.S.C. 5363(c), a change in the maximum rate of the highest applicable rate range based on a change in the employee's official worksite is not considered in applying paragraph (a)(1) of this section. The employee's new retained rate must be determined under the geographic conversion rule in § 536.303(b).

(4) Paragraph (a)(1) of this section does not apply to an increase in an employee's highest applicable rate range that results from a change in the employee's position of record. Such an increase is not attributable to an adjustment in the pay schedule applicable to the employee's position and thus is not an increase as described in 5 U.S.C. 5363(b)(2)(B).

(b) When a pay schedule adjustment causes an employee's retained rate (after any adjustment under this section) to become equal to or lower than the maximum rate of the highest applicable rate range for the grade of the employee's position, the employee is entitled to the maximum rate of the highest applicable rate range, and pay retention ceases to apply.

§ 536.306 Limitation on retained rates.

(a) A retained rate may not at any time exceed the rate payable for level IV of the Executive Schedule.

(b) When an employee's retained rate is limited under this section, an agency may not apply this subpart or the provisions of any other law or regulation to the rate of basic pay the employee would have received but for this limitation.

§ 536.307 Treatment of a retained rate as basic pay for other purposes.

(a) A retained rate is considered to be an employee's rate of basic pay for the purpose of computing or applying—

(1) Retirement deductions, contributions, and benefits under 5 U.S.C. chapters 83 and 84;

(2) Life insurance premiums and benefits under 5 U.S.C. chapter 87;

(3) Premium pay under 5 U.S.C. chapter 55, subchapter V, and 5 CFR part 532 and part 550, subparts A and I;

(4) Severance pay under 5 U.S.C. 5595 and 5 CFR part 550, subpart G;

(5) Post differentials under 5 U.S.C. 5925 and danger pay allowances under 5 U.S.C. 5928;

(6) Nonforeign area cost-of-living allowances and post differentials under 5 U.S.C. 5941(a) and 5 CFR part 591, subpart B;

(7) Lump-sum payments for accumulated and annual leave under 5 CFR part 550, subpart L;

(8) General Schedule pay administration provisions (e.g., promotion increases) to the extent provided in 5 CFR part 531, subpart B;

(9) Pay administration provisions for prevailing rate employees to the extent provided in 5 CFR part 532;

(10) Other provisions as specified in other statutes or OPM regulations; and

(11) Payments and benefits equivalent to those listed in this section under other legal authorities, as determined by the head of the agency or other authorized official responsible for administering such payments or benefits.

(b) For the purpose of applying other laws and regulations not listed in paragraph (a) of this section to an employee receiving a retained rate, the employee's rate of basic pay is deemed to be the applicable maximum rate of basic pay for the employee's position of record (e.g., the maximum rate of basic pay for a locality rate range or special rate range, as applicable, for the purpose of computing a percentage-based award under 5 CFR 451.104(g)).

§ 536.308 Loss of eligibility for or termination of pay retention.

(a) Eligibility for pay retention ceases if any of the following conditions occurs at any time after the employee has received written notification that the employee's pay will be reduced, and entitlement to pay retention terminates if any of the following conditions occurs after the commencement of pay retention:

(1) The employee has a break in service of 1 workday or more;

(2) The employee is entitled to a rate of basic pay under a covered pay system which is equal to or greater than the employee's retained rate (after applying any applicable geographic conversion under paragraph (b) of this section), excluding a rate resulting from a temporary promotion or temporary reassignment;

(3) The employee declines a reasonable offer (as determined under § 536.104) of a position in which the employee's rate of basic pay would be equal to or greater than the employee's retained rate (after applying any applicable geographic conversion under paragraph (b) of this section);

(4) The employee is reduced in grade for personal cause or at the employee's request (based on the actual grade of the employee's position rather than the employee's retained grade and, when a movement to a different covered pay system is involved, a comparison of representative rates under § 536.105); or

(5) The employee moves to a position not under a covered pay system.

(b) When the rate comparison required by paragraph (a)(2) or (3) of this section involves a new or offered position that is located in a different geographic area where different pay schedules would apply to the employee's existing position of record, the agency must convert the employee's existing retained rate using the geographic conversion rules in § 536.303(b) before making the rate comparison. The converted retained rate must be compared to the payable rate of basic pay for the new or offered position in determining whether the rate of basic pay for an offered position is equal to or higher than the employee's retained rate.

(c) Termination of pay retention benefits takes effect—

(1) At the end of the day before placement if the termination is the result of the employee's placement in another position; or

(2) At the end of the last day of the pay period in which the employee declines a reasonable offer.

(d) If an employee's eligibility for pay retention ceases or entitlement to pay

retention terminates under this section, the employee's rate of basic pay must be set using the pay-setting rules applicable to the employee's position of record (e.g., 5 CFR part 531, subpart B, for GS positions). However, when an employee's retained rate is terminated under paragraph (a)(2) or (3) of this section and the employee's grade is unchanged, the employee's payable rate of basic pay may not be set below the maximum rate of the highest applicable rate range.

§ 536.309 Converting retained rates on May 1, 2005.

(a) Consistent with section 301(d)(2) of Public Law 108-411, an agency must convert an employee's retained rate or similar rate, as described in paragraph (b) of this section, to a retained rate under this subpart on May 1, 2005. The new retained rate must equal the retained rate in effect on April 30, 2005, as adjusted to include any applicable locality payment under 5 U.S.C. 5304 or similar provision of law.

(b) This section applies to an employee under a covered pay system who, on April 30, 2005, was receiving—

(1) A retained rate under 5 U.S.C. 5363;

(2) A rate paid under the authority of 5 U.S.C. 5334(b) or 5 U.S.C. 5362 which was greater than the maximum rate of basic pay payable for the grade of the employee's position of record; or

(3) A continued rate of pay under 5 CFR part 531, subpart C or G (as contained in the January 1, 2005, edition of title 5, Code of Federal Regulations, parts 1 to 699) which was greater than the maximum rate of basic pay payable for the grade of the employee's position.

(c) The conversion rules in this section must be applied before any simultaneous pay action that takes effect on May 1, 2005.

PART 550—PAY ADMINISTRATION (GENERAL)**Subpart A—Premium Pay**

■ 40. The authority citation for subpart A of part 550 is revised to read as follows:

Authority: 5 U.S.C. 5304 note, 5305 note, 5504(d), 5541(2)(iv), 5545a(h)(2)(B) and (i), 5547(b) and (c), 5548, and 6101(c); sections 407 and 2316, Pub. L. 105-277, 112 Stat. 2681-101 and 2681-828 (5 U.S.C. 5545a); E.O. 12748, 3 CFR, 1992 Comp., p. 316.

■ 41. In § 550.103, revise the definition of *rate of basic pay* to read as follows:

§ 550.103 Definitions

* * * * *

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by an employee, including any applicable locality payment under 5 CFR part 531, subpart F; special rate supplement under 5 CFR part 530, subpart C; or similar payment or supplement under other legal authority, before any deductions and exclusive of additional pay of any other kind.

* * * * *

Subpart B—Advances in Pay

■ 42. The authority citation for subpart B of part 550 is revised to read as follows:

Authority: 5 U.S.C. 5524a, 5545a(h)(2)(B); E.O. 12748, 3 CFR, 1992 Comp., p. 316.

■ 43. In § 550.202, revise the definition of *rate of basic pay* to read as follows:

§ 550.202 Definitions.

* * * * *

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by an employee, excluding additional pay of any kind except the following, as applicable:

(1) Any locality payment under 5 CFR part 531, subpart F; special rate under 5 CFR part 530, subpart C; or similar payment or supplement under other legal authority;

(2) Annual premium pay under 5 U.S.C. 5545(c) or availability pay under 5 U.S.C. 5545a;

(3) Straight-time pay for regular overtime hours for firefighters under 5 U.S.C. 5545b (as provided in § 550.1305(b)); and

(4) Night differential for prevailing rate employees under 5 U.S.C. 5343(f).

Subpart G—Severance Pay

■ 44. The authority citation for subpart G of part 550 continues to read as follows:

Authority: 5 U.S.C. 5595; E.O. 11257, 3 CFR, 1964-1965 Comp., p. 357.

■ 45. In § 550.703, amend the definition of *representative rate* by removing the reference "5 CFR 536.102" and adding in its place "5 CFR 536.103", and revise the definition of *rate of basic pay* to read as follows:

§ 550.703 Definitions.

* * * * *

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by an employee, excluding additional pay of any kind except the following, as applicable:

(1) Any locality payment under 5 CFR part 531, subpart F; special rate under

5 CFR part 530, subpart C; or similar payment or supplement under other legal authority;

(2) Annual premium pay under 5 U.S.C. 5545(c) or availability pay under 5 U.S.C. 5545a;

(3) Straight-time pay for regular overtime hours for firefighters under 5 U.S.C. 5545b (as provided in § 550.1305(b)); and

(4) Night differential for prevailing rate employees under 5 U.S.C. 5343(f).

* * * * *

Subpart L—Lump-Sum Payment for Accumulated and Accrued Annual Leave

■ 46. The authority citation for subpart L continues to read as follows:

Authority: 5 U.S.C. 5553, 6306, and 6311.

■ 47. In § 550.1202, revise the definition of *rate of basic pay* to read as follows:

§ 550.1202 Definitions.

* * * * *

Rate of basic pay means the rate of pay fixed by law or administrative action for the position held by an employee, including any applicable locality payment under 5 CFR part 531, subpart F; special rate supplement under 5 CFR part 530, subpart C; or similar payment or supplement under other legal authority, before any deductions and exclusive of additional pay of any other kind.

* * * * *

■ 48. In § 550.1205, revise paragraph (b)(1) to read as follows:

§ 550.1205 Calculating a lump-sum payment.

* * * * *

(b) * * *

(1) An employee's rate of basic pay (as defined in § 550.1202);

* * * * *

Subpart M—Firefighter Pay

■ 49. The authority citation for subpart M of part 550 continues to read as follows:

Authority: 5 U.S.C. 5545b, 5548, and 5553.

§ 550.1305 Treatment as basic pay.

■ 50. In § 550.1305, amend paragraph (e) by removing the reference “§ 531.606(b) of this chapter” and adding in its place “5 CFR 531.610”.

* * * * *

PART 591—ALLOWANCES AND DIFFERENTIALS

Subpart B—Cost-of-Living Allowance and Post Differential—Nonforeign Areas

■ 51. The authority citation for subpart B of part 591 continues to read as follows:

Authority: 5 U.S.C. 5941; E.O. 10000, 3 CFR, 1943–1948 Comp., p. 792; and E.O. 12510, 3 CFR, 1985 Comp., p. 338.

■ 52. In § 591.201, remove the definition of *official duty station*, add in alphabetical order the definitions of *official worksite* and *position of record*, and revise the definition of *rate of basic pay* to read as follows:

§ 591.201 Definitions.

* * * * *

Official worksite means the official location of an employee's position of record as determined under 5 CFR 531.605.

Position of record means an employee's official position (defined by grade, occupational series, employing agency, law enforcement officer status, and any other condition that determines coverage under a pay schedule (other than official worksite)), as documented on the employee's most recent Notification of Personnel Action (Standard Form 50 or equivalent) and the current position description, excluding any position to which the employee is temporarily detailed. For an employee whose change in official position is followed within 3 workdays by a reduction in force resulting in the employee's separation before he or she is required to report for duty in the new position, the position of record in effect immediately before the position change is deemed to remain the position of record through the date of separation.

* * * * *

Rate of basic pay means the rate of pay fixed by statute for the position held by an individual, including any supplement included as part of basic pay under this subpart by law or regulation (e.g., a special rate supplement under 5 CFR part 530, subpart C), before any deductions and exclusive of additional pay of any other kind, such as overtime pay, night differential, extra pay for work on holidays, or other allowances and differentials. For firefighters covered by 5 U.S.C. 5545b, straight-time pay for regular overtime hours is basic pay, as provided in § 550.1305(b) of this chapter.

* * * * *

Subpart B [Amended]

■ 53. In addition to the amendments set forth above, in 5 CFR part 591, subpart B, remove the words “official duty station” and “duty station” and add in their place the words “official worksite” throughout the subpart, as amended.

PART 630—ABSENCE AND LEAVE

■ 54. The authority citation for part 630 is revised to read as follows:

Authority: 5 U.S.C. 6311; § 630.301 also issued under Pub. L. 103–356, 108 Stat. 3410 and Pub. L. 108–411, 118 Stat. 2312; § 630.303 also issued under 5 U.S.C. 6133(a); §§ 630.306 and 630.308 also issued under 5 U.S.C. 6304(d)(3), Pub. L. 102–484, 106 Stat. 2722, and Pub. L. 103–337, 108 Stat. 2663; subpart D also issued under Pub. L. 103–329, 108 Stat. 2423; § 630.501 and subpart F also issued under E.O. 11228, 30 FR 7739, 3 CFR, 1974 Comp., p. 163; subpart G also issued under 5 U.S.C. 6305; subpart H also issued under 5 U.S.C. 6326; subpart I also issued under 5 U.S.C. 6332, Pub. L. 100–566, 102 Stat. 2834, and Pub. L. 103–103, 107 Stat. 1022; subpart J also issued under 5 U.S.C. 6362, Pub. L. 100–566, 102 Stat. 2834, and Pub. L. 103–103, 107 Stat. 1022; subpart K also issued under Pub. L. 105–18, 111 Stat. 158; subpart L also issued under 5 U.S.C. 6387 and Pub. L. 103–3, 107 Stat. 23; and subpart M also issued under 5 U.S.C. 6391 and Pub. L. 102–25, 105 Stat. 92.

Subpart L—Family and Medical Leave

■ 55. In § 630.1204, revise paragraph (d)(1) to read as follows:

§ 630.1204 Intermittent leave or reduced leave schedule.

* * * * *

(d) * * *

(1) An equivalent grade or pay level, including any applicable locality payment under 5 CFR part 531, subpart F; special rate supplement under 5 CFR part 530, subpart C; or similar payment or supplement under other legal authority;

* * * * *

■ 56. In § 630.1208, revise paragraph (b)(2) to read as follows:

§ 630.1208 Protection of employment and benefits.

* * * * *

(b) * * *

(2) An equivalent grade or pay level, including any applicable locality payment under 5 CFR part 531, subpart F; special rate supplement under 5 CFR part 530, subpart C; or similar payment or supplement under other legal authority;

* * * * *

PART 831—RETIREMENT

■ 57. The authority citation for part 831 continues to read as follows:

Authority: 5 U.S.C. 8347; Sec. 831.102 also issued under 5 U.S.C. 8334; Sec. 831.106 also issued under 5 U.S.C. 552a; Sec. 831.108 also issued under 5 U.S.C. 8336(d)(2); Sec. 831.114 also issued under 5 U.S.C. 8336(d)(2), and section 1313(b)(5) of Pub. L. 107-296, 116 Stat. 2135; Sec. 831.201(b)(1) also issued under 5 U.S.C. 8347(g); Sec. 831.201(b)(6) also issued under 5 U.S.C. 7701(b)(2); Sec. 831.201(g) also issued under sections 11202(f), 11232(e), and 11246(b) of Pub. L. 105-33, 111 Stat. 251; Sec. 831.201(g) also issued under sections 7(b) and 7(e) of Pub. L. 105-274, 112 Stat. 2419; Sec. 831.201(i) also issued under sections 3 and 7(c) of Pub. L. 105-274, 112 Stat. 2419; Sec. 831.204 also issued under section 102(e) of Pub. L. 104-8, 109 Stat. 102, as amended by section 153 of Pub. L. 104-134, 110 Stat. 1321; Sec. 831.205 also issued under section 2207 of Pub. L. 106-265, 114 Stat. 784; Sec. 831.301 also issued under section 2203 of Pub. L. 106-265, 114 Stat. 780; Sec. 831.303 also issued under 5 U.S.C. 8334(d)(2) and section 2203 of Pub. L. 106-235, 114 Stat. 780; Sec. 831.502 also issued under 5 U.S.C. 8337; Sec. 831.502 also issued under section 1(3), E.O. 11228, 3 CFR 1964-1965 Comp. p. 317; Sec. 831.663 also issued under sections 8339(j) and (k)(2); Secs. 831.663 and 831.664

also issued under section 11004(c)(2) of Pub. L. 103-66, 107 Stat. 412; Sec. 831.682 also issued under section 201(d) of Pub. L. 99-251, 100 Stat. 23; Sec. 831.912 also issued under Appendix C to Pub. L. 106-554, 114 Stat. 2763A-125; subpart V also issued under 5 U.S.C. 8343a and section 6001 of Pub. L. 100-203, 101 Stat. 1330-275; Sec. 831.2203 also issued under section 7001(a)(4) of Pub. L. 101-508, 104 Stat. 1388-328.

Subpart E—Eligibility for Retirement**§ 831.503 [Amended]**

■ 58. In § 831.503, amend paragraph (b)(3)(iv) by removing the reference “§ 536.102” and adding in its place “§ 536.103”.

PART 842—FEDERAL EMPLOYEES RETIREMENT SYSTEM—BASIC ANNUITY

■ 59. The authority citation for part 842 continues to read as follows:

Authority: 5 U.S.C. 8461(g); Secs. 842.104 and 842.106 also issued under 5 U.S.C. 8461(n); Sec. 842.104 also issued under sections 3 and 7(c) of Pub. L. 105-274, 112 Stat. 2419; Sec. 842.105 also issued under 5 U.S.C. 8402(c)(1) and 7701(b)(2); Sec. 842.106 also issued under section 102(e) of Pub. L. 104-8, 109 Stat. 102, as amended by section 153 of Pub. L. 104-134, 110 Stat.

1321-102; Sec. 842.107 also issued under sections 11202(f), 11232(e), and 11246(b) of Pub. L. 105-33, 111 Stat. 251, and section 7(b) of Pub. L. 105-274, 112 Stat. 2419; Sec. 842.108 also issued under section 7(e) of Pub. L. 105-274, 112 Stat. 2419; Sec. 842.213 also issued under 5 U.S.C. 8414(b)(1)(B) and section 1313(b)(5) of Pub. L. 107-296, 116 Stat. 2135; Secs. 842.604 and 842.611 also issued under 5 U.S.C. 8417; Sec. 842.607 also issued under 5 U.S.C. 8416 and 8417; Sec. 842.614 also issued under 5 U.S.C. 8419; Sec. 842.615 also issued under 5 U.S.C. 8418; Sec. 842.703 also issued under section 7001(a)(4) of Pub. L. 101-508, 104 Stat. 1388; Sec. 842.707 also issued under section 6001 of Pub. L. 100-203, 101 Stat. 1300; Sec. 842.708 also issued under section 4005 of Pub. L. 101-239, 103 Stat. 2106 and section 7001 of Pub. L. 101-508, 104 Stat. 1388; subpart H also issued under 5 U.S.C. 1104; Sec. 842.810 also issued under section 636 of Appendix C to Pub. L. 106-554 at 114 Stat. 2763A-164.

Subpart B—Eligibility**§ 842.206 [Amended]**

■ 60. In § 842.206, amend paragraph (c)(3)(iv) by removing the reference “§ 536.102” and adding in its place “§ 536.103”.

The President

Proclamation 7906—National
Homeownership Month, 2005

Presidential Documents

Title 3—

Proclamation 7906 of May 25, 2005

The President

National Homeownership Month, 2005

By the President of the United States of America

A Proclamation

For millions of individuals and families, the American Dream starts with owning a home. When families move into a home of their own, they gain independence and confidence, and their faith in the future grows. The spread of ownership and opportunity helps give our citizens a vital stake in the future of America and the chance to realize the great promise of our country.

From the earliest days of our Nation, homeownership has embodied the core American values of individual freedom, personal responsibility, and self-reliance. A home provides children with a safe environment in which to grow and learn. A home is also a tangible asset that provides owners with borrowing power and allows our citizens to build wealth that they can pass on to their children and grandchildren.

The benefits of homeownership extend to our communities. Families who own their own homes have a strong interest in maintaining the value of their investments, the safety of their neighborhoods, and the quality of their schools. Homeownership is also a bedrock of the American economy, helping to increase jobs, boost demand for goods and services, and build prosperity.

More Americans than ever own their own homes, but we must continue to work hard so that every family has an opportunity to realize the American Dream. In 2002, I announced a goal to add 5.5 million new minority homeowners by the end of the decade. Since then, we have added 2.3 million new minority households. My Administration has also set a goal of adding 7 million new affordable homes to the market within the next 10 years. In my FY 2006 budget, I proposed a single family housing tax credit and two mortgage programs—the Zero Downpayment mortgage and the Payment Incentives program—to help more families achieve homeownership. In 2003, I signed the American Dream Downpayment Act, and I have proposed more than \$200 million to continue the American Dream Downpayment Initiative to provide downpayment assistance to thousands of American families. By promoting initiatives such as financial literacy, tax incentives for building affordable homes, voucher programs, and Individual Development Accounts, we are strengthening our communities and improving citizens' lives.

NOW, THEREFORE, I, GEORGE W. BUSH, President of the United States of America, by virtue of the authority vested in me by the Constitution and laws of the United States, do hereby proclaim June 2005 as National Homeownership Month. I call upon the people of the United States to observe this month with appropriate ceremonies and activities recognizing the importance of homeownership.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-fifth day of May, in the year of our Lord two thousand five, and of the Independence of the United States of America the two hundred and twenty-ninth.

A handwritten signature in black ink, appearing to read "G. W. Bush". The signature is written in a cursive, flowing style with a large initial "G" and a prominent "W".

LIST OF PUBLIC LAWS

This is a continuing list of public bills from the current session of Congress which have become Federal laws. It may be used in conjunction with "PLUS" (Public Laws Update Service) on 202-741-6043. This list is also available online at http://www.archives.gov/federal_register/public_laws/public_laws.html.

The text of laws is not published in the **Federal Register** but may be ordered in "slip law" (individual pamphlet) form from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402 (phone, 202-512-1808). The text will also be made available on the Internet from GPO Access at <http://www.gpoaccess.gov/plaws/index.html>. Some laws may not yet be available.

H.R. 1268/P.L. 109-13
Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (May 11, 2005; 119 Stat. 231)
Last List May 9, 2005

**Public Laws Electronic
Notification Service
(PENS)**

PENS is a free electronic mail
notification service of newly

enacted public laws. To
subscribe, go to [http://
listserv.gsa.gov/archives/
publaws-l.html](http://listserv.gsa.gov/archives/publaws-l.html)

Note: This service is strictly
for E-mail notification of new
laws. The text of laws is not
available through this service.

PENS cannot respond to
specific inquiries sent to this
address.

CFR CHECKLIST

This checklist, prepared by the Office of the Federal Register, is published weekly. It is arranged in the order of CFR titles, stock numbers, prices, and revision dates.

An asterisk (*) precedes each entry that has been issued since last week and which is now available for sale at the Government Printing Office.

A checklist of current CFR volumes comprising a complete CFR set, also appears in the latest issue of the LSA (List of CFR Sections Affected), which is revised monthly.

The CFR is available free on-line through the Government Printing Office's GPO Access Service at <http://www.access.gpo.gov/nara/cfr/index.html>. For information about GPO Access call the GPO User Support Team at 1-888-293-6498 (toll free) or 202-512-1530.

The annual rate for subscription to all revised paper volumes is \$1195.00 domestic, \$298.75 additional for foreign mailing.

Mail orders to the Superintendent of Documents, Attn: New Orders, P.O. Box 371954, Pittsburgh, PA 15250-7954. All orders must be accompanied by remittance (check, money order, GPO Deposit Account, VISA, Master Card, or Discover). Charge orders may be telephoned to the GPO Order Desk, Monday through Friday, at (202) 512-1800 from 8:00 a.m. to 4:00 p.m. eastern time, or FAX your charge orders to (202) 512-2250.

¹ Because Title 3 is an annual compilation, this volume and all previous volumes should be retained as a permanent reference source.

² The July 1, 1985 edition of 32 CFR Parts 1-189 contains a note only for Parts 1-39 inclusive. For the full text of the Defense Acquisition Regulations in Parts 1-39, consult the three CFR volumes issued as of July 1, 1984, containing those parts.

³ The July 1, 1985 edition of 41 CFR Chapters 1-100 contains a note only for Chapters 1 to 49 inclusive. For the full text of procurement regulations in Chapters 1 to 49, consult the eleven CFR volumes issued as of July 1, 1984 containing those chapters.

⁴ No amendments to this volume were promulgated during the period January 1, 2004, through January 1, 2005. The CFR volume issued as of January 1, 2004 should be retained.

⁵ No amendments to this volume were promulgated during the period April 1, 2000, through April 1, 2004. The CFR volume issued as of April 1, 2000 should be retained.

⁶ No amendments to this volume were promulgated during the period July 1, 2000, through July 1, 2004. The CFR volume issued as of July 1, 2000 should be retained.

⁷ No amendments to this volume were promulgated during the period July 1, 2002, through July 1, 2004. The CFR volume issued as of July 1, 2002 should be retained.

⁸ No amendments to this volume were promulgated during the period July 1, 2003, through July 1, 2004. The CFR volume issued as of July 1, 2003 should be retained.

**The United States Government Manual
2004/2005**

As the official handbook of the Federal Government, the *Manual* is the best source of information on the activities, functions, organization, and principal officials of the agencies of the legislative, judicial, and executive branches. It also includes information on quasi-official agencies and international organizations in which the United States participates.

Particularly helpful for those interested in where to go and who to contact about a subject of particular concern is each agency's "Sources of Information" section, which provides addresses and telephone numbers for use in obtaining specifics on consumer activities, contracts and grants, employment, publications and films, and many other areas of citizen interest. The *Manual* also includes comprehensive name and agency/subject indexes.

Of significant historical interest is Appendix B, which lists the agencies and functions of the Federal Government abolished, transferred, or renamed subsequent to March 4, 1933.

The *Manual* is published by the Office of the Federal Register, National Archives and Records Administration.

\$52 per copy
