T O : Mr. Johnson F. Munroe
Police Administrator, PSD GHQ.

FROM : Chief of Osaka Metropolitan Police Department

SUBJ : Policewoman's shoulder-bag for pistol

We have much pleasure to be able to report you that after our continued study with your kind guidance, we have got ideally designed policewoman's shoulder-bags for pistol and that all policewomen (total 101 officers) of this department are now all equipped with pistol (Colt, small) beginning the third of this month.

Please accept our thanks for your help given to us in this connection.

FOR THE CHIEF OF POLICE:

Ryosuke Matsumoto.

MEMORANDUM

SUBJECT: Tests of Helmet Submitted by MPD

TO: Chief, Police Administrator

1. Submitted herewith are two sample helmets brought to this office by Equipment Section, Tokyo MPD. One helmet has been used for various tests to determine resistence to blows and strain. The other helmet is in new condition. Photographs accompany the test helmet to explain markings on it. Photographs are not presented for several of the test blows. These are: No. 4, blow with a round stick; No. 5 same; No. 7, blow with an iron pipe; No. 9, blow with a beer bottle; No. 13, brick dropped from second floor; No. 15 same; No. 17, beer bottle dropped from second floor.

2. This helmet is fabricated of a chemically combined mixture of fibre and plastic. The shiny outer coating is plastic and has a cotton underlining. The cost of this helmet would be slightly over 1,000 yen. MPD desires to manufacture 9,000, with priority of issue to MPD Reserve Forces. Manufacturer has been contacted and is standing by to begin manufacture as soon as approval is received.

MEMORANDUM

SUBJECT: Helmets for Emergency Control Duty for NRP

TO: Chief Police Administrator

1. On 11 December 1950, Mr. Yoro, Chief of Equipment Section, NRP Headquarters, accompanied by Mr. Narasaki, a member of his staff, submitted to the undersigned a U.S. surplus helmet liner with the following information:

a. The Japanese Government at the present time has 40,000 of these helmet liners in a government warehouse in Kobe. All of these liners are perfect as far as the shell is concerned; but most of them need minor repairs in the inside webbing and head band. The Japanese Government is willing to sell these to NRP at a price of ¥ 50 each. NRP believes it would cost approximately ¥ 50 to repair the webbing and head bands; making a total cost per liner of ¥ 100 as compared to ¥ 1,000 per helmet if they would have to manufacture them for themselves.

b. Tests have been conducted on this helmet liner in regard to their resistence to breakage and protective qualities. These tests which involved stones, glass fragments, and clubs, proved to the satisfaction of the NRP that the helmets were strong and would afford adequate protection for emergency control activity.

c. Discussion with Administrator Engle developed the fact that he is favorable to approving this liner for police use with the proviso that detailed test results be furnished Public Safety Division before granting such approval.

SUBJ : Re uniform of police officials on water patrol duty

In view of the patrol boat capsize case in which a police patrolman on water beat duty was killed on the 31st day of last December as per the attached, we shall be very much grateful if you would give us an approval to a special measure to be taken for the uniform of police officials on water patrol duty as follows:

1. The designated police uniform shall be put on in case they are on their way to and from their office or are engaged in desk work, but fatigue-dresses be worn in case they are practically engaged in water patrol duty.

2. Small type revolvers shall be carried with.

OSAKA METROPOLITAN POLICE DEPARTMENT

SYNOPSIS OF A PATROL BOAT CAPSIZE CASE IN WHICH A POLICE OFFICIAL DIED IN LINE OF DUTY

Name : Masakazu OHTANI
Age : 23 years old
Rank : Policeman
Belonged to: Osaka-ko Water Police Station

While patrolling aboard a rowing boat with policemen, NAGAO and SAHEKI in the vicinity of Sembommatsu ferry on the Kizugawa River in Osaka City from 2 p.m. on December 31, 1950, the above named policeman found a questionable in-bound boat. In the teeth of a bad weather with west wind of 9 meters per second and rough surface of water, they went out to check the boat. On their way their patrol boat was overturned.

As a result of their efforts despite the rough water to reach either bank of the river swimming, policemen NAGAO and SAHEKI were fortunately but narrowly rescued by a ferry boat near the capsize scene.

However, policeman OHTANI was drowned in the water and killed in line of duty.

Policeman OHTANI was promoted two ranks to assistant inspector on the date of the accident.

Dec. 27, 1950

To : Chief of PSD, CIS, G-2, GHQ, SCAP.

From : Chief of Police Affairs Division, NRP Headquarters.

Subject: Power test of fibre anti-bomb helmet.

We have conducted the power test of a fibre anti-bomb helmet, the details of which are given below:

1. Date and time: December 22nd - 2-3 p.m.

2. Place : Tokyo Municipal Police School

3. Method of test:

(I) From the ground:-

a. Pebbles. Pebbles (about 2 lbs each) were thrown in concentration from the point of 5 yards. (Refer to the annexed photograph No.1)

b. Brick. A brick was thrown from a point of about 5 yards. (Refer to the annexed photograph No.2)

c. Beer bottle. Struck directly with a beer bottle. (Refer to the annexed photograph No.3)

d. Log. Struck directly with a log. (Refer to the annexed photograph No.4)

(II) From the upstair:-

e. A brick was fallen.

A brick was fallen from the upstairs. (Refer to the annexed photograph No.5)

4. Results: In the cases of a, b, e, only its enamel was stripped. This will mean that the helmet is effective against pebbles and bricks. In the cases of c and d, however, the helmet was cracked, but human body will not be injured.

MEMORANDUM

SUBJECT: Requested Change in Uniform Regulations, Tokyo MPD

TO : Chief Police Administrator

1. Since the police officers of Tokyo MPD were issued G.I. combat boots they have been wearing their trousers inside the upper portion of the combat boot similar to Army regulations. During warm weather this is especially uncomfortable and adds nothing to the personal appearance of the officers. It is believed by the undersigned that the officers present a better appearance if regulations were amended allowing the officers to wear their trousers outside of the combat boot enabling them to maintain the pressed appearance of the trousers. During rainy and inclement weather, upon orders of their commanding officer, they should wear their trousers inside the boots for the protection of their clothes.

2. If the above recommendation meets with the approval of the Chief Police Administrator and the Chief of Public Safety Division, it is recommended that this change be suggested to MPD.

MEMO FOR RECORD

SUBJECT: Expediting Production of Uniforms and Equipment for the National Police Reserves

1. At 1300 hours, 28 July 1950, a meeting was held in the offices of PSD with the Administration & Control Group, ESS; and Japanese officials of NRP.

2. The subject of contracts and finances was discussed, also reception centers and training centers for the National Police Reserves.

3. The following personnel attended the meeting:

Lt. Col. Roland P. Desonier, PSD
Mr. Byron Engle, PSD
Lt. Col. P. A. Yeyereisen, Adm & Control Group, ESS
Major Ray M. Johnson, Adm & Control Group, ESS
Mr. Miwa, NRP
Mr. Aso, NRP
Mr. Keno, NRP

4. Mr. Miwa agreed that the NRP could start contracting and buying equipment, clothing, and food. NRP would pay for this out of their emergency funds. In approximately 30 days the National Police Reserves would reimburse NRP for purchases made with NRP emergency funds. Mr. Miwa also stated that the preparation of training centers would come under Public Works and he would send us the names of the people concerned for the Adm & Control Group to contact when it becomes necessary.

5. Types of bids were discussed, that is, open bids, limited bids, and mutual contracts.

Uniform + Equip

20 Nov. 1950

To : Mr. E.R. Bishop

From : Taro Takemoto, Agency the National Federation Council Municipal Police chiefs.

Subject: Allocation for Cotton yarn for police uniform

Dear Sir:

We are much appreciated for your kind advices about the uniform and Equipment of Autonomous polices and we might ask your further help relating to cotton yarn allocation. Cotton goods, as you know, are in under government's control, so we made an application to chief of Civil Service Dept. The Economic Stabilization Board for the allocation of cotton yarn 250,536 lbs for summer uniform's cotton gaberdine for the use of 95,000 forces of Autonomous police for the fisical year 1951, on 15 Aug. 1950

On 29 Aug. we are allotted 50,000 lbs (19,234 persons) out of 15,000,000 lbs Home use allocation on the 2nd Quarter, provided that it should be linking manufacturer (we call this system Marusei) but this is only 1/5 of total application.

Therefore another application was made again to the same Dep. to secure allowance of the remainder 203,536 lbs (for 75,766 persons) as special framed allowance (special linking manufacturer) on 13 Nov.

But judging from present situation of cotton shortage owing to decrease of cotton import; Home use reduced to 4,000,000 lbs for the 3rd Quarter, this is less than 1/3 of 15,000,000 lbs released in the 2nd quarter. It seems very hard to secure our necessary amount, but we are now in serious condition to be clothed on police officers to keep their dignity as well as maintain public safety.

Might we ask you special consideration on this point and help us being intercede for our situation to the Price & Distribution Sec., ESS so as to have special frame allocation of 203,536 lbs of cotton yarn for the 3rd quarter in line with National police reserve force which have priority to secure the allotment.

Thanking your continuous help and guidance,

Yours truly, Taro. Takemoto,

Agency the National Federation
Council Municipal police chiefs.

KOBE MUNICIPAL POLICE BUREAU

Kobe, Japan
12 June 1950

TO : Mr. Byron Engle
Chief Police Administrator
Public Safety Division, GHQ, FEC

FROM: Takeo Furuyama, Director of Kobe Municipal Police Bureau

RE: PISTOL-SACKS TO BE USED
BY POLICEMEN IN PLAIN CLOTHES

As regards the procurement of 847 pistol-sacks (holster) to be used by policemen in plainclothes as was approved previously by your excellency, we, Kobe Municipal Police Bureau, have sent an order at once to Kansai Leather Goods Mfg. Co., Ltd., No. 50, Kita-Kyutaro-machi 4-chome, Higashi-ku, Osaka, and the preparation is now under way.

To be more exact upon the parts of the sack, the safety clipping strap shall not be fixed in accordance with your notification. We have already received on the fifth of this month from the producer one hundred pieces of the same items as shown in attached sample and these are immediately being used by our policemen in plainclothes.

We must also beg to report additionally that the manufacture of the remaining sacks is expected to be finished by around 25th of this months.

Fritz
Hi 11

102Dec49

Fritz: Go ahead with the whistle cords. They look very nice and improve an otherwise poor uniform. In addition they designate the policeman as a traffic officer, which does no harm. Third point is that they, when kept properly clean, are a safety factor at nighttime. The white (even that much of it) makes the policeman show up more plainly. In L A years ago we found by experiment that a silver whistle chain from shoulder strap to pocket increased visibility of traffic ~~officer~~ officer to public at night.

HSE

Noted: ewj

Bill

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

I cant conceive of traffic man not having something to put fasten his whistle to, to prevent dropping & for easy access. Certainly the belt is not the place to carry a traffic whistle & a short lanyard from the shoulder strip to the breast pocket would never catch on anything or in any way interfere with his duties.

The main point is that he is primarily a traffic man & while he might be called on for other duties, the occasion would not be frequent

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

enough to justify ill encouragement of having the whistle attached to the belt.

They have been in use in Yokohama & other places in Japan for some time and they are almost universal in the US large cities with no bad results.

METROPOLITAN POLICE DEPARTMENT

November 25, '49

TO : Capt. Benjamin F. Hill, Public Safety Division, GHQ

FROM : ISOYAMA Haruo, First Traffic Section Chief, MPD.

SUBJECT : Report on Equipment of Traffic Officers with Creamy-White Raincoats, etc.

We greatly appreciate your good offices rendered with respect to the subject matter, and glad to inform you that the equipment has been completed in one item, or being completed in another, as follows:

1. Creamy-White Raincoats

a) Number of Coats Manufactured.....1,000

b) Cost apiece.....¥1,250

c) Number of Coats Rationed.....639

d) Date of Distribution.....October 27, 1949

e) Personnel: All the personnel in the staff of the outside-duty traffic police have been equiped with the raincoats.

2. White Canvas Gaiters

An order has been placed for 1,000 pair of gaiters made of canvas cloth secured through the regular channels.

3. Cords for Whistles

An estimate is being drafted for the cords to be included in the budget for the next fiscal year, for we have no budget for them in the current year.

UNIFORMS + PERSONAL EQUIP file HSE

Muso-hatsu No. ___ Date _____

To : Col. H.E. Pulliam, P.S.D. GHQ.

From : Chief of Police Affairs Division, Headquarters of N.R.P.

Subject: Concerning the unification of the standard for cover sheet of police pocket-book for the police personnel of autonomous entities.

The standard of police pocket-book for the N.R.P. officials has been decided as the annexed sheet shows, under No.4 of the Instructions of N.R.P. dated Aug. 21. However, regarding police pocket-book for the police personnel of autonomous entities, none of the cities, towns and villages has yet stipulated the regulations relative to this matter, accordingly, inquiries being made to N.R.P Headquarters. The police pocket-book contains not only the matters necessary for their performing duties, but same serves as their identification cards.

Therefore, it is our intention to unify the standard of cover sheet and indicate it to the police of autonomous entities as follows so as not to cause unnecessary misunderstanding of the public. We, hereby, request your approval for the above-mentioned matter.

Account.

1. Colour of pocket-book: black, (But, colour of [Pocket-book] of N.R.P -- Chocolate)

2. Form: same as N.R.P. Introduce the letters of "Osaka Municipal police", for instance, instead of the letters of N.R.P.

(Translated by Naito)

National Rural Police Instruction No.4

National Rural Police National Headquarters
National Rural Police Regional Headquarters
National Rural Police Prefectural Headquarters

The Rule concerning Police Pocket Book shall be defined as follows:-

.....Month..... Day, 1948

SAITO Noboru

Director General of
National Rural Police
Headquarters

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

RULE CONCERNING POLICE POCKET BOOK

Article 1. With reference to the police pocket book which is loaned to police officials, definition under this instruction shall be applied to.

Article 2. The regular model of the pocket book shall be defined as follows:-.

The cover shall be of chocolate coloured leather (for the time being, similar kind of a material may be substituted) with the length of 120 mm and the width of 80 mm and at the upper part of the cover, miniature rising-sun insignia with the diameter of 20 mm, and below that, characters of KOKKA CHIHO KEISATSU (National Rural Police) and to the left of same, headquarters name in the case of the National Rural Police National Headquarters, region name in the case of the regional headquarters and name of To,Do,Fu & Ken in the case of the prefectural police troops shall be designated in golden colour.

On the back, a pencil holder shall be affixed and to the lower part of same, a black string, 45 cm in length shall be attached and a name-card holder shall be affixed on the back of the cover. The Shape shall be as per the attached sketch.

Papers shall be of loose leaf system, with the length of 114 mm and the width of 65 mm and the number of the papers shall be 100 sheets.

Other than a photograph of upper half-length portrait and without hat shall be pasted on the uppermost sheet of the papers, pocket-book number, duty place, rank, name and date of loaning shall be mentioned; seal of the office concerned stamped and to the below of the date of loaning, seal of the chief of the division or station concerned shall be stamped.

On the back of the said sheet, name, rank, duty place and blood-type shall be mentioned in English and finger print impressed. Next to that, matters which are deemed necessary by the chief of the office concerned may be mentioned. The shape shall be as per the attached sketch.

Article 3. On discharging police duties, when any necessity occurs to show to be a police official, the photograph, rank, name and the portion of the seal of the office concerned of the pocket book shall be shown.

Article 4. The pocket book shall be dealt with prudently and carried always with the person.

SUPPLEMENTARY PROVISION

This instruction shall be applied as from August 1, 1948.

UNIFORMS file A/35

August 10, 1948.

To : Secretary-General of Economic Stabilization Board.

From : Director-General of Headquarters of National Rural Police.

Subject: Request to allot uniforms and other clothing for police officials under the main point system.

1. In regard to the allocation of uniforms and other clothing for police officials, those for 36,000 new members, who are urgently to be added to the police strength in cosequence of the reform of the police system, have already been allotted to us, thanks to your kindness, from clothing materials for public use. But those clothes necessary for filling up damaged and worn out ones, since the revision of the Uniform Regulations in 1946 up to the present, have with difficulty been procured out of latent goods such as so-called "special goods", exposed goods, etc. by eadh prefecture after negotiations with respective Government agencies concerned.

And at present, the demand for the uniforms, etc. is so pressing, but the supply is so insufficient, owing to the following circumstances, that the execution of duties by police personnel is impeded:

(a) On account of the exhaustion of latent goods in local districts, the acquirement of all necessary clothing cannot but depend upon the allotment by the Economic Stabilization Board.

(b) There are such districts where they cannot yet afford themselves uniforms determined by the new Uniform Regulations, but make shift with old uniforms remodeled.

(c) Two years have passed since the revision of the Uniform Regulations and the time is at hand when those uniforms whose term of lending has expired must be exchanged for new ones and the time will begin at the end of this year

(d) While the mid-summer undress should be supplied two suits per man, only one suit is supplied, and so every official has no spare suit.

(e) Pursuant to the establishment of Regional Police Schools (6 in all), 9,000 students must be provided with necessary working-dresses.

2. On the other hand, regarding the aspect of supply of clothing, it has been revealed by the "Plan of Distribution in 1948 of Clothing for Working People" determined by E.S.B. that each police official will be allotted 0.4 mark of A class clothing (uniforms and suchlike) and 0.3 mark of B class clothing (underwears). (By the way, a suit of uniform deserves 2 marks)

And the comparison of this with those of other fields of workers is as follows:

Declassified E.O. 12065 Section 3-402/NNDG NO. 175009

Kind of occupation	A class clothing, Mark per man.	B class clothing, Mark per man.
Fire service	0.8	0.5
Public enterprise & riparian works.	1.8	1.3
Government Railway	2,0	1.5
Communications	1.5	1.2
Police	0.4	0.3

As shown above, the quota of clothing to police being the smallest of all occupations mentioned above, we are in great anxiety as to the supply in future to police officials when viewed in the light of the demand.

Remark: Such a too small quota of clothing assigned to each police official, compared with those to other fields of public servants to whom union activities are permitted, will greatly effect upon the morale of police personnel.

3. The responsibility for the maintainance of public peace in our country that has no army rests wholy upon the shoulder of the police, and furthermore, on the other hand crimes of felonious nature have violently increased year after year since the end of the War, amounting to 11,247 cases in 1946, 12,332 cases in 1947 and 7,060 cases in 1948 (January through May) and thus not only being more than double of the 5,719 cases of 1937, but still being in an upward tendency. In the phase of protective police, too, grave cases successively took place such as the latest event in Hamamatsu and disturbances by Koreans in Kobe and in Osaka, so that we are not allowed to conceive any optimistic view.

The present state of affairs being as such, we in police service, in order to replete the equipment and mobility of the police and at the same time in order to be true democratic police which will really be respected and loved by the people, consider it the most urgent matter perfectly to supply police officials with such uniforms and other clothing.

4. The actual circumstances are as mentioned above, we therefore, request your special consideration about the complete preparation of uniforms of police officials, and decision of the course of most preferential allotment. Naturally, it is extremely difficult to meet demands of all quarters in the present stringent conditions of demand and supply of clothing. We, therefore, request you to make special arrangements for alloting the minimum quota of the following standards.

Declassified E.O. 12065 Section 3-402/NNDG NO. 175009

(a) Fix the quota of clothing to be allotted as uniforms to police officials including those of the Imperial Guard, on the standard of supplying five articles, namely, winter uniform, summer one, mid-summer undress, A class over-coat, and B class one per capita, as fixed by the Imperial ordinance.

(b) Allot the aforesaid uniforms that they may be supplied by the term of use respectively.

(c) Supply two suits of mid-summer undresses.

(d) Fix the cloth of uniform as follows, which is to be elegant and strong.

Winter uniform, Spun wool.
Summer " , Carded wool.
Mid-summer undress, Cotton cloth.
A class overcoat, Spun wool.
B class " , Gummed cotton cloth.

(e) Secure working dresses for training for 9,000 students of Regional Police Schools, which are to be supplied two suits per capita.

(f) Render good offices for securing private clothes of detectives as possible.

(g) Fix the allotment of underwears taking the balance of allotment for government railway and communications workers into consideration, but, as to white shirt and no necktie-shirt secure two pieces for one year respectively.

(h) To the police communication personnel allot the clothing by the same ratio as communications workers.

Reference:

Extract of the regulations of supply and lending articles to police officials. (Imperial ordinance No.339 of Oct. 2, 1897)

This Imperial ordinance has the same force and effect as a law in accordance with the "Law No.121 of 1947, Law concerning the appointment and dismissal of government officials until the time when the provisions of the National Public Service Law be applied."

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

Art. 4. The number of supply articles and the term of use are as follows:

Name of article	Number	Term
Cap	1	24 months
Winter uniform	1 suit	24 "
Summer "	1 "	12 "
Mid-summer coat & trousers.	1 "	4 "
A class overcoat	1	30 "
B class "	1	24 "
Cover for cap	1	4 "
White shirt	2	12 "
Necktie	2	12 "
Gloves	2 pairs	6 "
Winter shirt & drawers	2 siuts	8 "
Summer " "	2 "	4 "
Socks	1 pair	1 "
Boots	1 "	12 "
Shoes	2 "	12 "

In case of first supply after one's appointment, 2 suits of mid-summer coats and tronsers, and 3 pieces of white shirts shall be supplied, irrespective of the provision of the preceding paragraph.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

April 8, 1948.

To : Chief of Public Safety Division, C.I.S., G.H.Q.

From : Chief of Uniformed Division, Headquarters of National Rural Police.

Subject: Concerning the Uniform Regulations of the police of autonomous entities.

Concerning the Uniform Regulations of the police of autonomous entities we should like to give the Chief of Police of each prefecture such a direction as follows. Your kind approval is begged to be given to it.

(Draft)

SOBI Hatsu No.14.

April 8, 1948.

To : Chief of Police of To, Do, Fu, or Ken.

From : Chief of Uniformed Division, Headquarters of National Rural Police.

Subject: Concerning the Uniform Regulations of the Police of autonomous entities.

With regard to the above-mentioned subject it is provided by the provision of Article 50, paragraph 2 of the Police Law that the Uniform Regulations of each autonomous entity should be prescribed by such a municipal authorities in a form of municipal regulations in line with the regulations made by the National Public Safety Commission as to National Rural Police officials.

Regarding the rank badges of the Regulations, however, it is deemed vitally necessary, from the viewpoint of making the relation of command clear, that the police officials of autonomous entities use the same rank badges with those of National Rural Police officials, and moreover the intention of concerned quarters is in the same line as ours. You therefore are requested to make liaison to municipal police that the same rank badges as fixed by the National Public Safety Commission should be provided by the regulations of each city, town and village.

Void

And the rank badge of a Chief of Police should be the same with the badge of Head of Agency for the Chief of Prefectural National Rural Police and the rank badge of an Assistant Chief of Police should be the same with that of a Higher Police Superintendent (provided that the rank badge for a municipal police official equivalent to a Government official of 1st class rank shoul be that for a National Rural Police official of 1st class). This also you are requested to communicate to the police of autonomous entities.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

Reasons for Enactment of the National Police Uniform Regulations

1. Since the Director-General, Assistant-Director and Chiefs of Divisions of the Headquarters of the National Rural Police and the Directors of the Headquarters of Police Regions are to wear uniforms, it is necessary to establish a prescription for the uniforms.

2. As there exists the rank of Chief of Police in both the National Rural Police and the Municipal Police, it is required to symbolize distinctly the rank.

~~3. It is desired to~~ distinguish the ranks also by ~~means~~ of ~~the overcoat and raincoat.~~

Points different from previous Regulations.

1. ~~The cap-badge of the Chief of Police and~~ the badge of the ~~Chief~~ of ~~Police~~ Head, the agency will newly be prescribed.

2. ~~The golden lines of the cap will be one and the same for all the ranks~~ not lower than Assistant Police Inspector ~~and be the golden lines of previous~~, Police Inspector.

3. ~~Of the arm emblems, all the golden and silver lines and the sun badge will be removed.~~

4. The sun badges on the epaulets for Police Sergeant and Policeman, which have hitherto been cloth-made, will be silver and of metal-made.

5. ~~The sun badge~~ will be removed ~~from the arm of the A class overcoat and rank-badges will be attached to the neck and asm.~~

6. ~~The regulations of uniforms of fire officials will be separated from~~ those of police officials.

Memo to Col Pulliam 19 July 48
Lt. Col. Battey

Subject: Insignia for members of Tokyo Met Police Departemnt

1. The MPD wishes to adopt certain insignia and arm band as shown in attached drawings, plus black leather short leggins for traffic officers and reserve police.

2. Although the word "badge" appears in the attached, no badge is to be used. Insignia on sleeve will be of cloth, and metal button less than an inch in diameter on coat lapels.

3. It is recommended that PSD verbally approve the suggested changes. It affects only a small percentage of the MPD, and appears to be good experimental work that will be a guide toward future insignia for all municipal police.

METROPOLITAN POLICE DEPT.

- Tokyo -

13 July 1948

To : Mr. Eaton, Public Safety Division, GHQ, SCAP

From : Chief, Police Affairs Bureau, MPD

Subject: re Dress of Police Officers and Pistol Sling.

In connection with the dress of police officers in the service of the Metropolitan Police Department, chief of the Police stations under its jurisdiction have recently requested us that of the policemen on duty at the police boxes and police guard substations, for those who are in charge of the respective teams a badge should be provided in order that they may realize the importance of their position and their sense of responsibility be uplifted thereby; that some measures be taken whereby it is made easily possible to distinguish between the members of the Reserve Police Force and the members of the police stations at the first line, and that for the arm-strap heretofore worn by traffic policemen provisions be made officially in the dress regulations. Accordingly, it is our desire to make and put in use a badge for the captain of a team as per attached sketch No.1; a badge for a member of the Reserve Police Force as per attached sketch No.2 and a traffic Policeman's arm-strap as per attached sketch No.3

As regards the sling for the pistol carried by police officers, about which the chief of our Police Affairs Section spoke to you on 8 July, we desire to have them wear a white cord in the manner as shown on the annexed sketch No.4. We wish also to have the members of the Reserve Police Force and traffic policemen put on leggings as shown on the annexed sketch No.5

We hope that the above matters will meet with your approval.

Mr. Eaton:

METROPOLITAN POLICE DEPT.

TOKYO

July 6, 1948

To : Mr. Yamamoto, chief of the Secretarite.
Mr. Okabe, chief of the Production Bureau
Mr. Noda, chief of the Livelihood Commodities Bureau,
Economic Stabilization Board.

From : Chief of the General Affairs Bureau, MPD

Subject: Application for Special Distribution of Clothing Material for Police officers.

Due to the acute shortage of clothing material under the existing textile situation, the supply of clothing to police officers is extremely limited, and this shortage of supply is all the more aggravated on account of the urgent increase in the number of police officers following the recent reform of the police system.

For the maintenance of peace and order, it is necessary to carry out urgent production in accordance with the attached plan of production, and this is to request you to authorize the special distribution of the stuffs which are owned by the Trade Corporation and which at present are in the custody of the Closed Institutions Liquidation Committee.

FROM: PSD **TO:** CIS **PHONE:** 26-5915 **NAME:** Col Pulliam

Comment Number

1. Attached are suggested uniform designs for the National Rural Police submitted by Public Safety Division and Japanese police officials. These suggested designs have been submitted to a committee composed of the following for final recommendations.

Major	W. S. Smith,	Public Safety Division
Mr.	H. S. Eaton,	Public Safety Division
Mr.	B. Engle,	Public Safety Division
Capt.	H. F. Mulbar,	Public Safety Division (Michigan State Police)
Capt.	J. F. Nealon,	Public Safety Division
Mr.	Nakagawa,	Chief, General Affairs Section
Mr.	Nara,	Chief, Public Safety Section
Mr.	Yamaguchi,	Prefectural Chief
Mr.	Suzuki,	Prefectural Chief

2. Upon selection of uniform designs by the above committee, pilot models will be made for "try-on" and further alteration or modification.

3. Forwarded for your information and return.

From: Gen. Willoughby To: Col. Bratton - Info GAW/152/arp (01038) Date: 15 January 1948

1. I do not think much of the peg-breeches effect of Sketch 6. We did away with that sort of expensive tailoring and turned to the simple legging trouser and battle jacket design.

Sketch 1 or two appear adequate. The cap insignia (a number plate) should be improved, as it is unsightly. It should have the national emblem; the officer's number and shield can be handled, at breast. I suppose the "shoulder patch" is in the same category. Such a patch is not needed. There is a reason for it, in battle, for identification and esprit-de-corps. The uniform will classify them as a national Police; I have no final objection to the shoulder patch, but certainly to the cap insignia.

Finally, we should not super-impose American uniforms but examine the national historical background also. I would insist on full concurrence and initial design by Japanese sources.
