* The five points scored by W. F. Roos, the shot putter for Yale, was cancelled by the track management of Yale, as there was a question of Roos's eligibility to compete, and this action gave Harvard the meet 53 to 51 points.

UNIVERSITY OF PENNSYLVANIA RELAY RACES

Held at Franklin Field, Philadelphia, Pa., April 23 and 24, 1915.

The University of Pennsylvania relay races, on the last Saturday of April, 1915, were the most successful annual set of games, held anywhere in the world, last year. On account of the increased number of entries, it was necessary to hold a two days' meet, and this permitted the management to put on the programme several events, which proved most interesting. The feature of the Friday meet was the winning of the College Pentathlon Championship by Berry of University of Pennsylvania. Berry proved himself one of the greatest all-around track athletes that this country has ever produced. He scored first place in the 1,500 meters and the javelin, was second in the discus and 200 meters race, and third in the running broad jump, thus winning handily with a total of 9 points. Worthington of Dartmouth College was second with 15 points to his credit. Ferguson of University of Pennsylvania won the 440 yards hurdle, in the excellent time of 55 seconds, while the University of Pennsylvania team won the Medley Sprint Championship race, with University of Chicago second. The Medley Distance Championship Relay was won by Yale University, with University of Chicago a close second, and University of Pennsylvania third.

The Philadelphia grammar school races and many other school and college races, from in and around Philadelphia, were also run off on Friday. The pentathlon promises to be the most popular college event that has been started for many years in American sport.

The Saturday meet brought together over eighty colleges and more than two hundred schools and was the highest class meet that has ever been seen in America. The big feature of the afternoon was the winning of the One Mile College Championship by the University of Pennsylvania, in the new record time of 3 minutes 18 seconds. Lippincott, Lockwood, Kaufmann and Meredith were the four runners that made this remarkable time. The Harvard University team pushed the Pennsylvania men all the way, completing their mile in 3 minutes 19 3-5 seconds, which was also beneath the previous record. The Two Mile Relay Championship resulted in one of the closest relay races that has ever been seen on any track. McKenzie of Princeton University, falling over the finish line, was the winner in the new college record time of 7 minutes 55 3-5 seconds. The one reason that Cornell University did not keep up the record-breaking performance in the four-mile relay was because there was no team in the race capable of pushing them. They won handily in 18 minutes 7 3-5 seconds, which is fast time under any circumstances.

In addition to the above events, there were many features up to the highest standard of American college sport. Phillips of Idaho University made a new college javelin record of 177 feet 4 3-4 inches. Richards of Cornell University broke the long standing record of W. Byrd Page and jumped 6 feet 5 inches. Oler of Yale University did remarkable work, as he jumped 6 feet 3 inches, while James of Northwestern University and Johnstone of Harvard University cleared 6 feet 2 inches. The pole vault proved to be a remarkable event. Foss of Cornell University and Newstetter of University of Pennsylvania cleared 12 feet 10 inches, which proved to be the highest vault made in 1915. No less than thirteen men tied for third place at 11 feet 9 inches.

The 100 yards run brought together all of the best college sprinters in America. Drew of University of Southern California won the final in 10 seconds flat. The 120 yards high hurdles also proved most interesting. Kelly, the world's champion, ran for the University of Southern California and won this event for the second year, with Simpson of the University of Missouri second. The One Mile Freshman College Championship was won by Yale University, with University of Pennsylvania second. Mercersburg won the Preparatory School Championship, while Washington Central High School proved to be the dark horse in the High School Championship, winning out in good time.

In addition to the above events, there were a lot of races for schools and colleges. The feature of these races was the remarkable standard set throughout the meet. No less than six high school races were won in time better than 3 minutes 40 seconds, while in two of the college races, 3 minutes 30 seconds was beaten.

The relays have come to be regarded as the big college meet for the entire country and, judging by the inquiries for this year, the last Friday and Saturday in April will again see another monster gathering in Philadelphia.

NEW YORK CITY PUBLIC PARK PLAYGROUND ATHLETIC AND RECREATION LEAGUE CHAMPIONSHIPS.

Under direction of William J. Lee, Secretary-Treasurer and Director;
Chairman Fourth of July Safe and Sane Athletic Committee.

Elimination games were held in twenty park playgrounds and athletic fields during the month of May, 1915; 20,000 boys competed at the following park playgrounds:

Battery, Bennett Field, Carmansville, Central, Chelsea, Cherry and Market, Columbus, Corlears Hook, DeWitt Clinton, Hamilton Fish, Jasper Oval, John Jay, Queensboro, Reservoir, Riverside Oval, St. Gabriel's, Seward, Thomas Jefferson, Tompkins Square, West Fifty-ninth Street, Yorkville.

The first five that finished in each event were eligible to compete in the finals on Decoration Day, May 30, at DeWitt Clinton Park Playground. It is estimated that a half million people witnessed these events at the various fields and 10,000 witnessed the final events. Medals for the champions were donated by Supervisor Lee and friends. One thousand boys competed in the final events, with the following results:

WOMEN'S ATHLETIC RECORDS

By HARRY E. STEWART, M.D.,

Physical Director of Wykeham Rise School for Girls, Washington, Conn.

(Reprinted by permission of American Physical Education Review.)

HARRY EATON STEWART, M.D.
Physical Director Wykeham Rise School
for Girls, Washington, Conn.

The number of well organized track meets for women is increasing every year. So few of the schools reported their records to the editor of the Athletic Almanac that there was, up to the present, no complete compilation of women's records. Many press reports of the breaking of women's records have appeared recently, but in nearly every case the real record was not known.

This year the writer sent blanks to every institution where it was believed track work was held, with instructions as to what constituted an official record, and space for recording the same.

These records are attested to by the physical director in each case. It is hoped that they will serve to stimulate interest in this sport, most valuable to women, when carried on under proper conditions and carefully supervised.

Spalding Athletic Implements are best—First, because we have decided that no trouble or expense will be spared in their manufacture. Second, because we really know how to make them to give best results, and Third, because we have the special skilled workman and the machinery, tools, etc., necessary in the manufacture of special implements of this description.

The Spalding "Official Olympic" Discus No. 5

Made in accordance with I. A. A. F.,
A. A. U., and Intercollegiate A. A.
A. A. specifications.

This is a duplicate of the original
sample submitted to the I. A. A. F.
Congress at Lyons, France, June 19th,
1914, and which was so favorably
commented upon and unanimously
adopted for use in all future Olympic
games.

No. 5. Spalding "Official Olympic"
Discus, wood center. Each, \$5.00

Spalding Practice All-Steel Discus

Patented March 30, 1915

Same size and shape as the "Official Olympic" style, but made all of steel, which
forbids its use as an official implement. It is recommended for practice and on
account of all-steel construction will give maximum amount of service.

No. 15. Spalding "Practice" Discus, all steel. Each, \$4.00

Spalding "Youths' Official" Discus

Wood center. Official for Junior Discus Competitions.

No. Y. Spalding "Youths' Official" Discus, wood center. Each, \$4.00

Spalding "Official Olympic" Javelin

Made in exact accordance with I. A. A. F., A. A. U., and Intercollegiate A. A. A. A.
specifications.

No. 153. Spalding "Official Olympic" Javelin. Each, \$3.00

SPECIAL NOTE—Specifications in the Official Rules covering Javelin throwing are such
that in complying with them the Javelin is necessarily quite frail; hence, if it is not thrown
with the proper degree of skill it is easily broken and this through no fault of material or
workmanship. We are unable, therefore, to guarantee Javelins against breakage while in
use. We guarantee only against defective material or workmanship, and in 95 cases out
of a 100 where a Javelin shaft is broken we have found it was the result of faulty manip-
ulation or awkwardness on the part of the performer.

SPALDING VAULTING POLES

SPECIAL NOTE—It is our endeavor always to supply Athletic Equipment of the very highest quality, and which is at the same time made of the most satisfactory material and in the best possible manner for the purpose intended.

We have discontinued making Spruce Vaulting Poles because we find ourselves unable to recommend their use owing to danger of breakage and possibility of serious injury to user. Bamboo poles we do recommend, having proven to our satisfaction that they are superior for vaulting to poles made of any wood we know of, and, furthermore, if they do break while in use, the danger of personal injury is very remote.

Spalding Shoes for Indoor Jumping, Hurdling and Pole Vaulting are made with inside rubber heel to take up the jar.

Owing to differences in climatic conditions it is impossible to keep Bamboo Vaulting Poles from cracking. These cracks or season checks do not appreciably detract from the merits of the poles, except where they are continuous. Much of the real strength of the pole is in the joints. All of our tests would seem to prove that poles with season checks may be accepted as safe and durable, except where the season check is wide open and extends through several sections on one side. Very frequently such splits or season checks can be entirely closed by placing the pole in a damp place for a day or so.

Cover is made in four sections, with capless ends and of finest and most carefully selected pebble grain leather, special tanned. Extra heavy bladder, made especially for this ball, of extra quality pure Para rubber (not compounded). Each ball packed complete, in sealed box, with raw-hide lace and lacing needle, and guaranteed perfect in every detail.

No. M. Spalding Official Basket Ball. Each, \$7.50

WE GUARANTEE this ball to be perfect in material and workmanship and correct in shape and size when inspected at our factory. If any defect is discovered during the first game in which it is used, or during the first day's practice use, and, if returned at once, we will replace same under this guarantee. We do not guarantee against ordinary wear nor against defect in shape or size that is not discovered immediately after the first day's use. Owing to the superb quality of our No. M Basket Ball, our customers have grown to expect a season's use of one ball, and at times make unreasonable claims under our guarantee, which we will not allow.

Standard Policy

A Standard Quality must be inseparably linked to a Standard Policy. Without a definite and Standard Mercantile Policy, it is impossible for a Manufacturer to long maintain a Standard Quality.

To market his goods through the jobber, a manufacturer must provide a profit for the jobber as well as for the retail dealer. To meet these conditions of Dual Profits, the manufacturer is obliged to set a proportionately high list price on his goods to the consumer.

To enable the glib salesman, when booking his orders, to figure out attractive profits to both the jobber and retailer, these high list prices are absolutely essential; but their real purpose will have been served when the manufacturer has secured his order from the jobber, and the jobber has secured his order from the retailer.

However, these deceptive high list prices are not fair to the consumer, who does not, and, in reality, is not ever expected to pay these fancy list prices.

When the season opens for the sale of such goods, with their misleading but alluring high list prices, the retailer begins to realize his responsibilities, and grapples with the situation as best he can, by offering "special discounts," which vary with local trade conditions.

Under this system of merchandising, the profits to both the manufacturer and the jobber are assured; but as there is no stability maintained in the prices to the consumer, the keen competition amongst the local dealers invariably leads to a demoralized cutting of prices by which the profits of the retailer are practically eliminated.

This demoralization always reacts on the manufacturer. The jobber insists on lower, and still lower, prices. The manufacturer, in his turn, meets this demand for the lowering of prices by the only way open to him, viz.: the cheapening and degrading of the quality of his product.

The foregoing conditions became so intolerable that 17 years ago, in 1899, A. G. Spalding & Bros. determined to rectify this demoralization in the Athletic Goods Trade, and inaugurated what has since become known as "The Spalding Policy."

"The Spalding Policy" eliminates the jobber entirely, so far as Spalding Goods are concerned, and the retail dealer secures the supply of Spalding Athletic Goods direct from the manufacturer by which the retail dealer is assured a fair and legitimate profit on all Spalding Athletic Goods, and the consumer is assured a Standard Quality and is protected from imposition.

"The Spalding Policy" is decidedly for the interest and protection of the users of Athletic Goods, and acts in two ways:

First.—The user is assured of genuine Official Standard Athletic Goods.

Second.—As manufacturers, we can proceed with confidence in purchasing at the proper time, the very best raw materials required in the manufacture of our various goods, well ahead of their respective seasons, and this enables us to provide the necessary quantity and absolutely maintain the Spalding Standard of Quality.

All retail dealers handling Spalding Athletic Goods are requested to ^{sup.} consumers at our regular printed catalogue prices—neither more nor less—the same prices that similar goods are sold for in our New York, Chicago and other stores.

All Spalding dealers, as well as users of Spalding Athletic Goods, are treated exactly alike, and no special rebates or discriminations are allowed to anyone.

This briefly, is "The Spalding Policy," which has already been in successful operation for the past 17 years, and will be indefinitely continued.

In other words, "The Spalding Policy" is a "square deal" for everybody.
