

DENY, DENYING GUILT, REFUSES TO RESIGN!

REASONS FOR PROSPERITY THIS YEAR ARE CITED

Delegates at Divisional Meet By C. of C. Tell Of Good Business

By COPELAND C. BURG For International News Service. SAN FRANCISCO, Jan. 29.—Why business in various western communities will be good in 1924 was told to International News Service here today by delegates attending the meeting of the western division, United States Chamber of Commerce, as follows: Paul Shoup, vice-president, Southern Pacific railway—"Because of the co-ordination of effective activity from production of raw materials to the consumption of the manufactured product. Transportation is functioning well, labor is well employed and capital, subject to the difficulties of the income tax, is seeking new investments. Adoption of the Mellon tax plan will mean great prosperity."

Chester E. Roberts, Seattle—"Because lumber mills have contracts with Japan to keep them going for the next five years. This means prosperity in the north Pacific for all industries."

Dwight B. Heard, Phoenix, Ariz.—"Because thrift, energy and initiative are active and agriculture and livestock producers are learning the lesson of co-operative marketing. This means new prosperity in the southwest."

Ralph P. Merritt, Fresno, Cal.—"Because the world is going to eat more raisins."

Howard Baxter, Oakland—"Because rain stopped the long dry spell, bringing crops to San Joaquin and Sacramento valleys, which means prosperity for Oakland."

John Vogan, Portland Ore.—"Because the demand for lumber is great and agricultural conditions are improving rapidly."

Arthur S. Best, Los Angeles—"Because the key of industry is construction of buildings, highways and railways and the outlook for all three is bright, meaning prosperity for 3000 allied industries."

Mamas W. Williams, Pocatello, Idaho—"Because railway and reclamation projects are assured and because farmers in Idaho Utah and Montana will be better off than in several years."

H. N. Wilson, Sacramento, Cal.—"Because California's great diversity means prosperity."

Irving S. Irvine, president Oregon State Chamber of Commerce—"Because good highways mean more tourists and tourists mean plenty of new settlers."

Henry Burnester, Long Beach, Cal.—"Because in two weeks Long Beach will open its new harbor and go after its share of more than \$38,000,000 worth of foreign exports."

William Sproule, president of the Southern Pacific railroad; Paul Shoup and Dr. Milton Rice, president of the Associated Chambers of Commerce of Hawaii, addressed the delegates at the opening sessions today.

Howard T. Lewis, professor of foreign trade, University of Washington, Seattle; Judge Rex B. Goodell, collector of internal revenue, Los Angeles, and Robert Emory Park, head of the department of sociology, University of Chicago, are among the speakers scheduled to talk at tomorrow's concluding sessions, while Julius H. Barnes, John H. Hahey, former president of the Chamber of Commerce of the United States, will deliver addresses at tonight's meeting.

Woman Rescues Baby From Flaming Home

Fire that broke out in the residence occupied by Mrs. Drake, about 1000 feet north of the Henry Goodman home at 2125 North Verdugo road, about 1:30 o'clock this afternoon, completely destroyed the house in spite of the strenuous battle put up by the firemen who were summoned to the scene as soon as the outbreak was discovered.

The fire, it is believed, originated from an explosion of a gasoline stove, and Mrs. Drake was slightly burned while rescuing her baby from the threatening flames. The pet dog was also saved, and the firemen were able to roll the family's automobile out of danger, but the home and practically all of the family possessions were wiped out.

Don't Be Stampeded!

The Glendale Evening News has every reason to believe that undue haste is being displayed by certain interested individuals in trying to effect the almost immediate consolidation of school districts to the end that the Glendale Union High school's Board of Trustees would be abolished from office and the Glendale Board of Education have absolute rule over the school system, both grade and high schools.

Plenty of propaganda has been—and will be—put into print and, too, circulated by conversation, and by public talks, in an attempt to "RUSH THROUGH" the proposed consolidation—and elimination. The Glendale Evening News is suspicious of the haste being displayed. This newspaper believes that the big problem—for it IS a big problem—requires mature deliberation, THOROUGH investigation by UNBIASED people fully competent to weigh it, find flaws if there be any and to point out to the people who have to pay the bills JUST what the RESULTS will be.

The consolidation, elimination and change in the school system as proposed will, if effected, play a most important part in the future growth of Glendale. They will have a direct bearing on the pocketbooks of the people. The plans, if carried out, may PERSONALLY benefit some individuals who seem active in "rushing through" the project.

The Glendale Evening News strongly objects to having the schools being made a football to be kicked around by individuals playing politics or by individuals seeking to gain selfish ends. The schools COST TOO MUCH to allow them to be used by individuals having selfish motives.

The Glendale Union High school district is about to occupy a new educational plant costing the people a large sum of money. The people have just voted a huge bond issue for a greatly needed sewer system. And it appears to The Glendale Evening News that right now is NOT the time to "rush through" a radical change in the plan of conducting the schools. The saying that "Haste makes waste" would seem to apply in this case.

Certain committees are being appointed to report on the project. This newspaper would urge these committees to investigate thoroughly—and not take the say so of any individual or set of individuals. DON'T BE STAMPEDED! That's the suggestion of this newspaper to these committees. And the suggestion comes from a newspaper having no political ambitions to further and having no interest in any individual seeking personal benefit from the consolidation—and elimination.

If, after complete and lengthy investigation, it is deemed best to change the school system; if, after ALL of the facts are dragged into the light; if, after it is shown politics and personal ambitions are NOT behind the move, THEN will it be time to decide on whether the proposed change is for the best interests of Glendale.

The Glendale Evening News fears there is too much haste and too much propaganda connected with the project to permit it to be "rushed through" at this time; there seem to be the earmarks of politics and selfish ambitions connected with it; there are rumors of "underground stuff" and there are reports that some who are advocating the project take their instructions from "higher-ups." Also, there are reports of "resignations," "trades" and "better jobs." All of which, coupled with "haste," causes The Glendale Evening News to warn:

Investigate fully; take PLENTY of time; let ALL of the facts be known; "smoke out" the petty politicians; name those who expect to be PERSONALLY benefited—and why; reveal WHO prepares the propaganda—and why; let's have the WHOLE truth—EVERYTHING.

And to the committees it is suggested: DON'T BE STAMPEDED! It will be a lot better to make haste slowly than to leap and then be sorry for a long, long time.

BLAMES SUICIDE ON LOVE AFFAIR PLAN TO SUMMON WAR DEBTS MEET

Friend of Margaret Harding Reveals Details of Tragic Shooting

BOSTON, Jan. 29.—Miss Margaret Elliot Harding, daughter of William P. G. Harding, governor of the federal reserve bank of Boston, killed herself scarcely an hour after she learned Stanley Hawkes, of the state department at Washington, was to marry Miss Mary Baldwin of Florence, Italy, it became known today when Miss Annie Hamlin for the first time disclosed details of the dead girl's love affairs with Hawkes.

According to Miss Hamlin, Hawkes and Miss Baldwin fell in love when they met in Italy. Half an hour after the maid brought Miss Harding copies of Washington newspapers containing announcements of the engagement she was writing farewell notes.

An hour after reading the announcement the girl was dead, with a bullet in her left breast.

K. C. Bean Resigns As Civil Service Chief

SACRAMENTO, Jan. 29.—Announcement was made today of the resignation of K. C. Bean, chief examiner of State Civil Service Commission. Bean's resignation is effective at once. No reason for his retirement was given.

British Ministry May Call World Conference To Talk Reparations

LONDON, Jan. 29.—Advisability of summoning a great international conference to discuss reparations and war debts was discussed by the cabinet today. If such a conference is arranged it is certain the United States will be invited to join. The question so far is in a nebulous state and has not proceeded beyond the stage of informal discussion. In addition to the reparations and debt issues the cabinet discussed plans for recognition of the Russian soviet government by Great Britain and admission of Russia into the League of Nations. Premier Macdonald is one of the strongest supporters of the league in Europe. He is attempting to conduct a great deal of England's formal business through league agencies.

Urges Law Against 'Diploma Mill' Fakers

SAN FRANCISCO, Jan. 29.—Blue sky laws to protect citizens from being treated by graduates of "diploma mill" medical schools were urged here today by Dr. C. B. Pinkham, secretary of the State Board of Medical Examiners, following an investigation which revealed the alleged fraudulent entry of scores of Japanese into this country on the strength of spurious diplomas.

BIG CHANGES SOUGHT IN VETERANS' BUREAU

Special Senate Committee Urges Radical Program To Aid Disabled

By WM. K. HUTCHINSON For International News Service. WASHINGTON, Jan. 29.—Sweeping changes in the laws governing the care of America's disabled war veterans were proposed today by the special Senate committee which investigated the United States Veterans' Bureau. A complete change of all laws affecting the veteran was introduced in the Senate by the committee with a plea for immediate enactment. The principal changes were:

One—Complete re-organization of the Veterans' Bureau through the creation of rating boards in every district and sub-district for examination of veterans and elimination of the "present objectionable system" of basing all decisions on the reports of physicians.

Two—Re-organization of the hospital system and admitting free to government hospitals all veterans suffering from tuberculosis or mental diseases "without proof that the disease arose from military service."

Three—Swapping revision of compensation laws affecting the tubercular and shell shocked veteran by providing that tuberculosis or mental diseases developing within three years after discharge is "presumed" to be of service origin.

Four—Far reaching changes in the award of compensation with increases for veterans or widows most in need of higher awards. Senator Reed declared a later report would be filed upon the charges brought against former Director Charles R. Forbes.

The changes proposed will affect thousands of ex-service men who have been barred from hospitals and compensation through disagreement of expert medical examiners.

BRITISH RAILWAY STRIKE IS ENDED

Trainmen Return to Work As Conference Decides On Settlement Terms

LONDON, Jan. 29.—Normal train service was being restored throughout Great Britain today, following settlement of the strike of locomotive engineers and firemen. Large numbers of strikers returned to work during the morning.

The strike was settled at 4:40 o'clock, after a seven-hour conference between the representatives of the strikers and the railway managements. The settlement was due largely to pressure by the labor government. This was the first victory by Premier Macdonald's cabinet.

The government acted through the Trades Union Congress, which has been meeting daily since the strike went into effect a week ago Sunday.

It was stated that the terms of settlement would be announced later. Terms of the settlement provide for a conference to decide the extent of the application of wage awards by the national wage adjustment board and to settle questions of classification. John Bromley, head of the engineers' and firemen's union, said a desire to avoid embarrassing the labor government influenced the railway men to accept the terms.

Probe Confession of Holdup and Shooting

LOS ANGELES, Jan. 29.—Police today investigated the story of William Kuyver, 20, who walked into the police station and announced he was wanted for a robbery and the shooting of a policeman in St. Louis. He said he and two companions held up a soft drink establishment in St. Louis in which the policeman was shot and seriously wounded. His companions are now serving ten years in the Missouri state prison, according to Kuyver.

SINCLAIR TO AGAIN TELL HIS STORY OF LEASE

Oil Magnate Sends Message To Senator Lenroot He Will Give Evidence

PARIS, Jan. 29.—Harry F. Sinclair, millionaire American oil producer, involved in the Teapot Dome oil lease scandal today sent a cablegram to United States Senator Irvine L. Lenroot, Republican, of Wisconsin, saying he would return to the United States as soon as he could expedite his European business affairs to answer any questions regarding his Teapot Dome transaction. The cablegram follows:

"I am advised that the president decided the institution of legal proceedings for the purpose of determining the question of fraud, if any, thereby determining the validity and non-validity of leases. Welcomes Inquiry

"I commend the action of the president and welcome a judicial determination of these questions by the lawfully constituted courts of the country at the earliest date possible.

"Upon five occasions I have appeared before your committee and given every fact or circumstance you have inquired about. It was not until you told me I was discharged from further testimony that I came to Europe upon business matters.

"I have stated before your committee that neither I nor the companies with which I am connected have ever given ex-Secretary Fall or any representative of the government any money or any consideration whatsoever in connection with the Teapot Dome lease and I again repeat that I have not done so.

Promises to Return

"My attorney advises me that you demand to examine the books of the Hyva corporation—my personal corporation.

"I am returning as soon as I can expedite my business to answer you fully in reference to any pertinent transaction concerning the procurement of the Teapot Dome lease or any fact pertinent to the transaction.

"Under the circumstances I feel and I respectfully insist that if the records and books of the Hyva corporation are pertinent to your further inquiry I alone am the proper party to testify regarding these records. Any other procedure seems to be entirely unfair and not in accordance with (Continued on page 8)

GANG LEADER IS SLAIN IN FIGHT

Victim Follows Bandits to Lair; Police Capture Four in Battle

SAN FRANCISCO, Jan. 29.—James Soto, 32, believed by police to have been the mysterious "badge" bandit leader of a gang of "high-jackers," was shot and killed and four members of his band captured early today when they were surrounded in a house after an alleged night of crime. Soto was shot as he attempted to escape from a rear window in a gun battle with officers. The four captured gave their names as James Thornton, George Douglas, William Barney and Eugene McDermott.

Police were about to launch an attack on the house with tear bombs when the four, minus their leader, surrendered. Police were directed to the house by Thomas Magnon, who reported he had been robbed and then trailed the bandits to their rendezvous.

Wrangle Halts Probe Of Peace Plan Award

WASHINGTON, Jan. 29.—The Senate's investigation into the circumstances surrounding the Bok peace plan award came to a sudden halt today, when Miss Eleanor Lape, manager of the award, and Senator Moses, Republican of New Hampshire, chairman of the investigating committee, engaged in a wrangle over the questions asked Miss Lape and her refusal to answer them.

Coolidge Free Of Any Blame, Says Lenroot

WASHINGTON, Jan. 29.—A stirring defense of President Coolidge, whom he said had been absolved of any blame or responsibility in connection with the Teapot Dome scandal, was made by Senator Lenroot, Republican, Wisconsin, chairman of the oil probing committee, before the Senate today.

"I realize that senators on the other side (Democrats) will take every advantage to make political capital of any dereliction or failure to perform duty by any Republican official," Lenroot said.

"Every means will be taken by Democrats to fasten upon President Coolidge some culpability, some responsibility for these lease transactions. But those efforts will fail."

Lenroot's fiery speech was in reply to charges by Senator Walsh, Democrat of Montana, that the entire Harding cabinet, in which Mr. Coolidge sat as vice-president and which he inherited intact, was involved in the naval reserve mess.

Not only is President Coolidge in no way involved in the transactions, but he "has done everything that a president could do, or could be expected to do, when first evidence of fraud was laid before him," Lenroot declared.

Lenroot charged that Democratic attacks upon the administration were inspired by "the desire to manufacture political capital."

RECOGNITION OF REDS HITS SNAG

Pre-War Debts and Treaties Form Stumbling Block In Negotiations

LONDON, Jan. 29.—Negotiations for recognition of the Russian soviet government by Great Britain have struck their first snag, it was learned from an official source this afternoon.

Premier Macdonald suggested that Russia recognize her pre-war treaties and debts before the British labor government extends recognition. The soviet government replied it could not negotiate these points until Russia was elevated to the rank of Great Britain through recognition.

France is understood to be bringing pressure upon Great Britain to insist upon recognition of pre-war debts by Moscow before the soviet government is formally recognized.

Unless there are concessions by one side or another, the negotiations threaten to become deadlocked.

More Labor Troubles

Fresh labor troubles loom up before the Macdonald labor government. The dock workers have voted to strike February 16. From the foreign office it was learned that the premier had adopted a general foreign policy which has for its main object a comprehensive settlement of European problems. Macdonald is determined to ignore "pin pricks" by other powers and will refuse to enter into controversies over minor matters. He will seek first to settle the question of Russian recognition and then turn to reparations and war debate.

It was learned from an authoritative source that the premier hopes for the co-operation of the United States.

Storm Warnings Out On Northern Coasts

PORTLAND, Ore., Jan. 29.—Severe storm conditions were expected to prevail along the Oregon and Washington coasts today and tonight as the result of the development of a violent disturbance Monday night off Vancouver island. At 8 a. m. a gale of seventy miles velocity was reported from the mouth of the Columbia river.

Announcement was made by the weather office that even more severe gales were anticipated during the day.

SEEK RUM RUNNERS

LOS ANGELES, Jan. 29.—Federal prohibition agents today were patrolling all roads leading into Los Angeles from Tia Juana and Ensenada, Mexico, following reports that rum runners have made elaborate plans to bring thousands of cases of liquor into this country.

NAVY SECRETARY DEFIES SENATORIAL ACCUSERS BY DECLINING TO QUIT POST

Official Attends Cabinet Meeting and Then Declares He Has No Intention of Leaving Under Fire of Foes in Oil Lease Probe

WASHINGTON, Jan. 29.—Secretary of the Navy Denby today defied his Senatorial accusers to find him guilty of any crime or of any official action which would warrant his resignation from the Coolidge cabinet.

Denby announced, following the cabinet meeting this afternoon, that his resignation had not been submitted to President Coolidge despite talk at the capitol of impeachment for his part in the leasing of navy reserve oil lands in California and Wyoming to the Doheny and Sinclair interests, and that he had no intention of resigning.

Senator Wheeler, Democrat of Montana, presented a resolution in the senate today requesting the president to demand the immediate resignation of Harry M. Daugherty, attorney-general.

Senator Lenroot, Republican, Wisconsin, chairman of the oil probing committee, today made a vigorous defense of President Coolidge in the Senate. He absolved the president from all blame or responsibility in connection with the Teapot Dome lease.

A sensation was sprung by Lenroot when he stated flatly that the late President Harding was without legal authority in issuing the executive order transferring control of the reserves from the navy to the interior department.

Denial by Sinclair

Harry F. Sinclair, oil magnate and lessee of the Teapot Dome, denied in a cablegram from Paris to the Senate public lands committee today that he had ever given money to ex-Secretary of the Interior Fall.

Colonel J. W. Zevely, Sinclair's counsel, previously testified he had loaned Fall \$25,000 in Liberty bonds which he had secured from Sinclair.

Shakeup May Result In Coolidge's Cabinet

WASHINGTON, Jan. 29.—An imminent shakeup in the Coolidge cabinet loomed today as the Senate setled down to the grim business of passing resolutions demanding cancellation of the naval oil leases.

The cabinet itself, under attack as have few others been in recent political history, met at the White House.

The resolutions demanding immediate resignation of Edwin (Continued on Page 7)

QUAKE RECORDED BY SEISMOGRAPH

Instruments in Ireland and U. S. Report Tremors At Distant Point

DUBLIN, Jan. 29.—The seismograph at the University of Dublin today registered an earthquake, about 9000 miles distant.

4600 Miles Away

WASHINGTON, Jan. 29.—Earthquake tremors of moderate intensity, lasting from 9:06 p. m. last night until 10 p. m., were registered on the seismograph at Georgetown university here, according to Father Tondorff, in charge of the seismograph. He said the quakes were about 4600 miles distant, and somewhere in South America.

LATEST NEWS

BANDITS ROB BANK EMPLOYEES IN L. A.

LOS ANGELES, Jan. 29.—Four youthful bandits shortly before noon today held up five employees of the Pacific Southwest Trust & Savings branch bank at Western avenue and Beverly boulevard with pistols and robbed the institution of several thousand dollars and escaped in an automobile. One of the bandits remained in the automobile while his three companions entered the bank and took the money. Hollywood police hurried to the scene but found no trace of the bandits who were said to be between 18 and 20 years old.

ATTEMPT TO FILIBUSTER GUNS IS FOILED

ST. PETERSBURG, Fla., Jan. 29.—An alleged attempt to filibuster machine guns and ammunition from the United States to the De La Huerta revolutionary forces in Mexico has been thwarted here by special agents of the department of justice, it was announced this afternoon. The war munitions are stored in a garage in the business section of the town, according to Special Agent G. H. Griffiths of Tampa, Fla., who said he was searching for John Green, an aviator, who claimed the munitions when they arrived here.

If Good Enough For the Government It's Good Enough For You

Tested by Bureau of Mines; they adopt it for use

DEPARTMENT OF THE INTERIOR
BUREAU OF MINES
EXPERIMENT STATION, PITTSBURGH, PA.

BIG VARIETY FOR LATEST RECORDS

Glendale Music Company Is
Offering Wide Selection
of New Records

To those who refuse to believe that there were kings before Agamemnon, the Glendale Music company commends this week's new record by Jascha Heifetz. By a living composer, played by one of the greatest of living violinists, Glazunov's "Grand Adagio" proves that the divine fire of musical genius shows no danger of fading. It is brilliant in detail, acquires with beauty. With it is paired Achron's strange "Hebrew Lullaby."

Schumann-Heink lends her voice and art to two semi-popular songs this week. "Sweetheart" is softly harmonious with tender phrases. "Dreamin' Time," is a "bayou" song, shadowy and slumberous.

Two charming tenor solos are Gigli's contributions this week.

First is the song of Walter— "Nel Verde Maggio" (In the Month of May) from "Loreley"—the song of the lord of Oberwesel, bewitched by the Loreley. On the other side is the condemned patriot Chenier's reaffirmation of faith, in his cell at St. Lazaire— "Come un bel di di Maggio" (As Some Soft Day in May) from "Andrea Chenier."

Operatic and Concert Gounod's famous "toy tragedy"—"Funeral March of a Marionette"—is too fine a number to be kept from popular circulation. We are glad to find it this week on the new records—the fall of the puppet from the shelf, the lament of his painted friends, and his odd little limping march to the grave. Victor Symphony Orchestra plays it with careful regard to the spirit of the thing. On the other side is Lacombe's exquisite "Aubade Printaniere" (Spring Morning).

Some of us like tabloid presentations of great operas, and for us this week Victor Opera company sings "Gems from Faust" and "Gems from Rigoletto." Considering the length of these works these records are surprisingly inclusive.

Another Tango International Novelty Orchestra packs a couple of thrills within the limits of a ten-inch record

this week. You don't have to dance to enjoy them. "Rosita" is a fine example of the new tango, presented in the film play of that name. "Abandonado" is a beautiful show waltz, both numbers being scored with extraordinary finish.

Garber-Davis Orchestra commit to the black discs a couple of fox trots of standard type. "You're in Kentucky—Sure as You're Born" is Puccini-like. "That Bran-New Gal o' Mine" is one of the latest.

Paul Whitman and His Orchestra contrive to achieve ever new effects on every new record we hear of theirs. "I'm Sitting Pretty in a Pretty Little City" might seem to offer small chance for virtuosity, but this organization gets some. With "Arcady" they go even further.

Billy Murray does this week something we have been waiting for—a travesty on the "old home" song. He lifts the lid a little on some of the obvious school. "Big-Hearted Ben" with Aileen Stanley to help Billy out, is commended to married knockers.

John Steel brings us two numbers from the "Music Box Revue" this week. "Little Butterfly" and "In Orange Grove in California" are awfully popular, deservedly as is their singer.

BURGLAR FOILED IN RAID ON HOME

Mrs. M. W. Hard Frightens
Thief From Residence
On Highland Avenue

Returning home at 6:45 o'clock last night, Mrs. M. W. Hard, 1609 Highland avenue, surprised a burglar at work in her house. He fled from the scene and took out across a vacant field in the rear of the house.

The intruder had gained entrance by breaking the glass in the front door. Evidently he had not been at work long, as the only thing missed was a beaded bag, which he grabbed as he made his escape, through the back door.

Mrs. Hard was able to give Officers W. W. Hedrick and Thomas McGuire, who answered the call sent into police headquarters, a good description of the man, but they were unable to locate him. He is described as being rather tall and wearing a dark suit and cap.

Cafeteria Is Robbed
A report received at police headquarters last night from J. S. Stuart stated that the C. & S. cafeteria, 222 North Brand boulevard, had been entered some time between the closing hour Saturday and the opening Monday morning and \$35.63 taken from a cigar box in the cigar counter show case. The money was not missed until 8:30 o'clock last night.

Detective Sergeant C. A. Blake, who investigated, reported that a rear window had been left open, and the thief made his entrance and exit that way. Nothing else was disturbed.

TAXES ON SALES DUE JANUARY 31

Failure to Remit Amount Due
May Bring Imposition
Of Stiff Penalty

Collector of Internal Revenue Rex B. Goodcell today issued warning to thousands of sales tax payers in Southern California that their returns and payments of tax for December must be in his office or in the hands of his deputies in branch offices on or before January 31, to avoid penalties of 25 per cent and 5 per cent, and a specific penalty of \$1000.

This class of taxpayers includes manufacturers of automobiles and parts and accessories, candy, and all other persons manufacturing taxable articles. It

BID GOODBYE TO POPULAR PASTOR

Rev. Louis Tinning's Family
Guests of Friends at
Farewell Party

The standing of a man in a community can best be judged by the esteem in which he is held by his neighbors, and last night an inspiring farewell honor was paid Rev. Louis Tinning and his family, who are leaving Friday for their new home in San Juan Capistrano, when a group of their neighbors met at the Dallas Grisson home at 210 North Belmont street to bid them "good-bye."

The Tinnings have resided on North Belmont street for over three years and the informal "close-in neighborhood" party given for them last night was expressive of the love of those who have lived neighbors to them during this time.

Mrs. Grisson and Mrs. R. W. Mottern arranged the affair enjoyed by Rev. and Mrs. Tinning, son and daughter, Graham and Theresa, Mr. Tinning's sister, Miss Bertha Tinning, and a group of neighborhood friends.

Musical Numbers
Games, music and readings were the entertainment features. Piano numbers were given by Misses Ruth Grisson and Louise Daugherty; vocal numbers by Miss Elizabeth Mottern and readings by J. F. Reynolds.

Miss Mottern's solos were: "Rose in the Bud" (Poster); "Spring's Lovable Lady Dear" (Elliott); "Good-bye, Sweet Day" (Vannah) and "Pansies" (Cox). Following the serving of dainty refreshments the company joined in singing "Blest Be the Tie That Binds" and Rev. Tinning then gave a farewell prayer.

Those bidding the Tinnings farewell were Rev. and Mrs. R. W. Mottern and family, Mr. and Mrs. George F. Daugherty and daughter, Mr. and Mrs. Claude Boynton, Ellbur Lemon, Mrs. Bobbitt, Mr. and Mrs. J. F. Reynolds, Miss Judson Harris, Mr. and Mrs. G. A. Raeth, Mrs. Henrietta Kethrow and Mr. and Mrs. Grisson and family.

The Tinnings leave Glendale Friday for San Juan Capistrano, where Mr. Tinning is to serve as pastor of the Community Presbyterian church.

TEMPLARS HONOR VISITING GUESTS

Glendale Commandery Holds
Drill and Dinner In
Masonic Temple

A dinner for 52 members and guests of Glendale commandery No. 53, Knights Templar, was one of the outstanding features of the spirited gathering of Knights last night in the Masonic Temple on South Brand boulevard.

The evening's program began at 5 o'clock, when the officers of the commandery met for practice. Following this the drill team met at 6 o'clock for work under the drillmaster. Reports from the drill team show that the work is improving at each Monday night practice and the membership is steadily increasing.

Dinner for 52 was served at 6:30 o'clock, special guests being Sir Knight Fred Mathias of Walla Walla, Wash., and Sir Knight D. C. Methian of Salina, Kan.

After the final course the surprise event of the evening occurred, when the banquet doors opened and Eminent Commander E. C. Boag of Hollywood Commandery No. 56 and 35 of his officers and Knights and Eminent Commander J. R. Leonard of Santa Monica Commandery U. D. and 50 of his officers and Knights marched in singing "Onward, Christian Soldiers."

After a most cordial greeting by Eminent Commander Robert M. Grumbling of Glendale Commandery the company adjourned to the lodge room, where the Hollywood officers conferred the Temple degree on L. S. Suits of Eagle Rock.

Later they returned to the banquet hall for refreshments served by the visiting Knights.

HOMES FOR WEDDINGS

In Europe a new business has developed among those who became well-to-do during and immediately after the war. They have as a result bought up many fine old homes, and to increase their incomes now, they let these homes out to former well-to-do persons, who want the marriages of their children celebrated in the old homes. A good house, if it is big and has a good address brings in many dollars in income in this way.

also includes theatres, country clubs, jewelers, manufacturers of syrups, soft drinks and carbonic acid gas, ticket brokers and telephone and telegraph companies.

Law Imposes Penalty
"These penalties," said Collector Goodcell, "are not at my option or pleasure, but are imposed by law. It is my desire to collect taxes—not penalties—and for that reason I urge all such taxpayers to make their returns and payments within the time prescribed by law. If they don't, I cannot avoid assessing penalties."

Collector Goodcell also called attention to the necessity of the return and payment being in his hands before the close of business on January 31. Merely placing the remittance in the mails on or before the last day of the month will not prevent penalties.

This Handsome Coffee Urn Set FREE

This set is composed of Electric Coffee Percolator, six small Coffee Cups, Creamer and Sugar of Royal Rochester heavy plated ware.

VALUED AT \$100.00

This set is given away FREE, without any obligation to purchase. Each person visiting our China and Household Departments in our

DOWNSTAIRS STORE

will receive a number for drawing. You will be allowed to draw a number once a week until March 31. Everyone is eligible to draw except employees of the store.

The EASY Vacuum WASHER

Who cares if the children soil their clothes—an "EASY" takes all the drudgery out of washday. The "EASY" washes clothes by means of air pressure and suction. The vacuum cups move up and down sixty times per minute, on each stroke flushing the water directly through the meshes of the clothes. In this way the heaviest and dirtiest garments are quickly and thoroughly cleaned or the finest laces and lingerie washed with perfect safety. No friction, wear or tear to injure garments.

Let us demonstrate an "EASY" on one of your regular washings. We assure you these will be no obligation.

Easy Credit Terms

A first payment is the only cash required to buy an "EASY"—the balance in convenient weekly or monthly payments.

FAVORS HEAVIER STREET SURFACE

Paving Should Carry Weight
of Traffic, Is Opinion
of Executive

The difficulties arising over closing certain streets and avenues to heavy traffic have led certain members of the City Council to believe that it is a mistake to make improvements that will not carry all loads to which they might be subjected, according to the sentiment expressed by Mayor Spencer Robinson.

A great deal of controversy has been waged over the exclusion of trucks from Western avenue. Cer-

tain contractors who had jobs in this locality could not get in any other way, according to their statement, and their drivers were repeatedly arrested when using this street.

"The streets are for the use of the general public," said Mayor Robinson this morning, "and I am of the opinion that all street work should be of such nature that it will support a maximum load. It is rather hard on a contractor to tell him that his men cannot drive along a street when it is apparent that he must go that way to get to his work. On the other hand, it is unfair to the property owner to have a recently finished job of paving torn up by these big trucks."

Build Solid Roads
"The only way I can see out of the difficulty is to make the improvements solid enough to carry all the loads. At the rate Glendale is growing we have a very pressing traffic question on our hands, and unless we look to the

future needs of the city we are going to reach an impasse in a short time." As it is within the province of the council to order or disapprove street work, it is likely that the day of three-inch macadam will soon be a thing of the past. It has been found that oiled roads do not answer the purpose, and it has been noticed that the roads with five-inch, or deeper base proved more economical in the long run, not only in Glendale but in other cities that have enjoyed phenomenal growth.

FOR ROAD BUILDING
Durable roads is the purpose of a vibrating machine that pounds air bubbles and water out of concrete after it has been laid.

Smyrna has been destroyed several times by earthquakes, fire and plague, but always it has been rebuilt.

**SERVICE, KEYNOTE
IN REALTY CREED**

Listing Method Adopted by
Local Board Aid in
Property Sales

Nowhere on earth is "Loyalty to Service" so predominant as in the United States, according to members of the Glendale Realty Board, and this is particularly true, they say, in "our own wonderland of California."

California is a living example of the effect of service. The railroads, banking institutions, builders, professional men and laborers all contributed part of the upbuilding of this great commonwealth by the service they gave. Foremost among the givers of service have been the realtors.

In the old days pioneer realty men were not called realtors because the word had not been coined, and would have meant nothing without the backing of strong organizations insisting upon service, honesty and integrity. That is why today's realty men use the word "Realtor" in connection with a real estate business unless he is a member of the local board and in good standing with the state and national organizations.

Local Realtors Lead
And all these members demand that their members give service to the public. And when a comparison is made between the service rendered by various sections of the country, not only is California well to the fore, but every Glendale citizen should be proud to know that Glendale Realtors lead the van.

The Glendale Realty Board's appraisal committee is prepared to render accurate valuations upon any piece of property in Glendale or vicinity. The Board members can give advice as to the proper way to finance and improve vacant lots, how to get more income from investments already made, what type of improvement would be best for certain localities, etc.—all good service.

Start Listing Service
And now the Glendale Realty Board has inaugurated the "Listing Service," an intensive selling bureau which is strictly co-operative between buyer, seller and board. Members of the board declare this is a great step forward in rendering service, for no property will be accepted for the "Listing Service" unless it is properly "listed." Thus is service given to the seller who has a real buy to offer, as it will be placed before a multitude of buyers. An inestimable service will be rendered the buyer because he will be assured that any piece of property offered will be priced at a fair valuation.

A listing with one office places it automatically with the entire Glendale Realty Board with its 114 members and 250 additional salesmen. Every member of the board will make an honest effort to co-operate with his fellow members in rendering service to the public, and the board earnestly asks the public to make this "Listing Service" the controlling factor in Glendale Realty Board sales by both listing and purchasing through it. The board has a display ad in this issue of The Glendale Evening News.

**PERMITS REACH
TOTAL OF \$800,000**

Many Homes Continue to
Be Constructed Here,
City Records Show

Permits for 1924 this morning passed the \$800,000 mark at the office of H. C. Vandewater, municipal building superintendent. A busy day Monday, when eighteen permits, totaling \$45,675 were issued, brought the total for January to \$795,943, and early this morning the eighth marker in the march for the million dollar goal was passed.

The following permits were issued yesterday.

Elizabeth N. Neenan, 8-room duplex, 424-426 North Adams	6,500
C. A. Briesnick, 4-room duplex 428-430 North Adams	6,500
R. M. McDonald, 5 rooms and garage, 428 East Lorraine	5,500
William F. Schultz, 5 rooms and garage, 923 North Isabel	5,000
Oscar H. May, 5 rooms, 1607 South Adams	4,000
Henthorn, Tipton & Weeks, 5 rooms and garage, 643 West Palm drive	3,500
Martha Atkins, 5 rooms and garage, 1225 South Adams	3,000
W. S. Allison, 4 rooms, 334-A West Windsor	2,000
C. S. Terpening, 4 rooms, 428-A North Jackson, rear	2,000
Eugene H. Imler, addition and garage, 366 West Park	1,800
George F. Dair, supply station, 801 East Colorado	1,600
M. Tromp, addition to garage, 1415-A Winchester	1,400
T. J. Fambrough, addition, 1109 East Maple	1,000
Mr. and Mrs. Walter L. Gabel, 3 rooms, 511-A Salem, rear	950
W. T. Caldwell, double garage, 505 North Jackson	300
O. M. Thomas, addition, 1643 North San Fernando	300
M. S. Heald, garage, 809 Mariposa	225
R. E. Henderson, garage, 430 West Acacia	100

'BUYS' SIGNAL HILL

LONG BEACH, Jan. 29—Police today hunted two alleged bunco men who are said to have "sold" the Signal Hill Hill oil district to L. V. Anderson for \$600. Anderson named a Mr. Kimball and another man as having obtained his money.

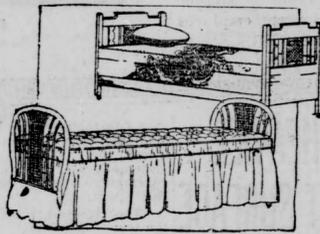

Alumina cement dries with such rapidity that it shows the same result in a day or two as a normal Portland cement concrete after a month.

DENBY WILL NOT RESIGN POSITION

Secretary of Navy Defies Senatorial Accusers and Stays in Office

(Continued from Page 1) Denby, secretary of the navy, and H. M. Daugherty, attorney-general, were laid formally before the Senate for action. These resolutions sponsored by Senators La Follette, Republican of Wisconsin and Robinson, Democrat of Arkansas, constituted a virtual ultimatum to President Coolidge that if these officers were not removed from the cabinet impeachment proceedings will be launched immediately to force their dismissal.

Cannot Question Fall

The public lands committee held only a short session today and decided not to go to Fall's bedside to question him. Fall's four physicians, however, were summoned to appear before the committee in executive session tomorrow and tell what is wrong with him. They said today that their patient was on the verge of a nervous breakdown. The committee also excused Tom Johnson, foreman of Fall's New Mexico ranch.

The committee also summoned H. Foster Bain, director of the bureau of mines. Bain submitted to the committee today a memorandum detailing the circumstances under which the first Doheny contract was made in 1921. The memorandum was designed to show that the contract, providing for construction work for the navy at Pearl harbor, Hawaii, was awarded after competitive bidding.

In support of his plea that the committee come to Fall's bedside, Levy Cook, Fall's attorney, read a statement from Fall's doctor.

Near Breakdown

"I examined Fall at 8:30 o'clock (today) and found his condition about the same as yesterday," it stated.

Cook repeatedly requested that the committee expedite its examination of Fall.

"Fall is on the verge of a nervous breakdown," Cook said. "He has been under a great strain the past few weeks. Any delay might bring a physical and mental strain that would be detrimental to his health. His present delay would not abate his illness."

In reply to a question whether he had received \$68,000 from Sinclair, Tom Johnson answered heatedly:

"Believe me, I never saw any \$68,000 check."

So much significance was attached by the administration to the threatened action by Congress against Denby and Daugherty that President Coolidge summoned a hurried conference with senate leaders last night to outline plans to block, if possible, impeachment proceedings.

Attending the White House meeting were Senators Lenroot, Republican of Wisconsin, chairman of the senate committee investigating the oil leases; Hale, Republican of Maine; Curtis, Republican of Kansas; Lodge, Republican of Massachusetts; and Pepper, Republican of Pennsylvania.

Summoned by Secrecy

The meeting was surrounded with utmost secrecy, every precaution being taken to prevent a leak.

COOLIDGE AIDES TO LAUNCH CLUB

Activities of Organization Will Be Outlined at Los Angeles Meet

The Los Angeles Coolidge club will officially open Wednesday night, January 30, at the Angelus hotel, 405 South Spring street, Los Angeles, when, starting at 8 o'clock, a program of speeches and music will be given.

The meeting, which is open to the public, will be presided over by Ralph Arnold, well-known Angeleno, chairman of the executive committee of the California League of Coolidge clubs.

The meeting will be marked by the presence of two delegates from the Ninth Congressional district who have been recommended as delegates to the Republican national convention - W. E. Evans of Glendale and Judge A. L. Roland of Pasadena.

Marshall Hale Coming

Marshall Hale, chairman of the California Coolidge committee, will come down from San Francisco on the occasion, it is stated. As it is this committee that is directing the Coolidge campaign in California, Mr. Hale's presence at the opening of the Los Angeles Coolidge club is considered a signal event.

Others from Glendale who will be present at the meeting include John Robert White and Charles H. Toll. There will be short speeches by numerous Coolidge supporters and as Glendale people are especially invited by Mr. Evans to be present, it is believed this city will be well represented at the "housewarming" of the Los Angeles club.

as to the policy determined upon. It was indicated, however, that President Coolidge instructed the leaders who requested to appear for construction work for the navy at Pearl harbor, Hawaii, was awarded after competitive bidding.

President Coolidge was said to feel that resignations of Denby and Daugherty at this time would be premature; that they should not leave the cabinet at least until the investigations by the committee appointed by the president are completed.

To permit the resignations now, the White House held, would amount to an unjustified repudiation of Denby and Daugherty, especially as the special counsels will be called upon to determine in court whether they have been guilty of any wrongdoing in connection with the leasing of naval reserves.

Tell President Facts

The senate leaders spoke unreservedly to the president. They told him that chances for passing the resolutions were favorable; that an agreement had been reached between insurgent Republicans and Democrats to demand removal of Denby and Daugherty, and that they have been doing so severely in speeches in the senate.

Only a break in the insurgent or Democratic ranks, they pointed out, could prevent the adoption of the oyster measures. Proof that the La Follette group, supported by the Democrats, hold the balance of power in the senate and can dictate legislation, was shown in the fight over the chairmanship of the interstate commerce committee, which resulted in election of a Democrat, Senator Smith of South Carolina, the president was told.

Evans Crisis Claim

Unquestionably the Coolidge administration faced a crisis today. The president and the cabinet were under a heavy fire and Senator Walsh, Democrat of Montana, leader of the Teapot Dome probe, involved the whole cabinet in the naval reserve scandal by charging that the question of leasing of the oil lands had been discussed frequently in the semi-weekly sessions of the president's advisers. The principle involved in the leasing was not attacked by any cabinet member, including President Coolidge, who as vice-president, sat in cabinet meetings, in the charges. At the cabinet he presented with a modified Walsh resolution to institute proceedings to cancel the Doheny and Sinclair leases; the public lands committee met to examine additional witnesses.

Fear for Fall's Health

Ex-Secretary of the Interior Albert B. Fall, the central figure in the oil scandal, was excused when his attorneys submitted a medical certificate declaring "it would be detrimental to Fall's health for him to leave his residence in his present condition."

THE GLENDALE

'The Temple of Venus' continues to show at the Glendale Theatre, where its unusual story and its bevy of American beauties, bathing girls and dancers attracts unprecedented throngs.

Henry Otto directed the production for William Fox, employing a story typically Californian, with its chief locale on 'Avalon island,' known to local residents as Catalina. Here, amid a ruggedness of scene that is naturally beautiful but enhanced a thousand times by the director's artistry and the cameraman's discerning eye, a picture has been made that is outstanding among film fabrications of the current season.

THE GATEWAY

'Little Old New York' shows for the last times today at the Gateway Theatre, where its exceptional cast, headed by Marion Davies, has drawn capacity houses. Even greater in the present offering than in her previous sensational success, 'When Knighthood Was in Flower,' Miss Davies earns for herself a place among the most brilliant of all screen luminaries.

The role assumed by Miss Davies in 'Little Old New York' calls for the highest type of acting. She plays the part of Patricia O'Day, the little Irish girl who comes to America and masquerades as a boy. The boy role is difficult for any actress to assume. In her work as Pat, Marion Davies rises to the historic levels of Maude Adams and Marie Doro.

Two Held in Failure Of 101 Montana Banks

LOS ANGELES, Jan. 29.—With the arrest of two men by deputy sheriffs yesterday, it was announced at the sheriff's office here that six officials of Montana banks have been apprehended in Los Angeles during the past two weeks and are being held for Montana officers in connection with the colossal failure of 101 banks in that state during the last two years. The men gave their names as Logan Powell and Kanute Hustad, of Harlotowa, Mont.

Mining Engineer Dies from Result of Poison

LOS ANGELES, Jan. 29.—William Edward Collier, 39, a mining engineer, committed suicide by swallowing cyanide of potassium yesterday in his room at a prominent downtown hotel after he had penned a letter to his wife. Collier was said to be a member of a wealthy eastern family and maintained a suite of offices in an office building here. His body was discovered by an employe of the hotel when Collier failed to answer repeated telephone calls to his room. His parents live in Seattle, it was said.

TUCKER TO FILL DIRECTOR'S POST

Community Service Board Re-Elects Executive For Coming Year

At a meeting of the executive board of Community Service at noon yesterday at the Egyptian Village cafe, R. E. Tucker was re-elected as director for the coming year. The board extended to him a vote of appreciation for his support for his work in the coming year.

R. D. White, chairman of the program committee, reported its plans for the coming year. In addition to the social recreation department under the leadership of Mrs. J. R. Case, it is planned to have an athletic department and the work of perfecting plans for this is now well under way.

The new Community Service dramatic department has already begun work on 'Mice and Men.' Mr. Sturgis, dramatic director, has been engaged by Community Service to direct the play. Mr. Sturgis plans to have a try-out to select the cast at an early date. Mrs. Max L. Green is chairman of the dramatic department.

Plan Musical Events
The music department, of which V. M. Hollister is chairman, is planning big things in music work in Glendale. The Choral club rehearses every Monday night under the direction of J. Arthur Myers and will soon have 'Hiawatha's Wedding Feast' ready for presentation, according to Mrs. Alexander Mitchell, president of the Choral club.

The community band is also rehearsing regularly. This band is sponsored by the Exchange club of Glendale and is under the direction of John Henry Davies, who is also director of the High school band.

On Thursday night, January 31, Glendale will have the second of its regular community 'sings,' led by Alexander Stewart. A special feature for this occasion will be a lecture on 'Old Songs for New' by Dr. Sigmund Spaeth, Ph. D.

An event for the near future will be a 'Coming of Age' celebration, the details of which are to be announced at an early date. The date of the February dance of the social recreation department will soon be announced by Mrs. J. R. Case, as well as other interesting features for the young people of Glendale.

Reports Attendance
A. L. Baird, president of Community Service, gave the following report of attendance at Community activities during the past year, and he feels that with the foundation laid during the past year, the coming year will see a larger program and more participants than last year:

Table with 2 columns: Activities and Number of Participants. Community Service 1923. Music: Song leaders' club, Regular Community Sings, Choral club. Athletics: Baseball, Tennis, Swimming, Summer playground attendance. Social: Social meetings, Horseback riding outings, Social dancing. Dramatics: Production of Christmas play. Community Christmas Tree Attendance. Co-operative Activities: Play week, Parent-Teachers programs, Rotary club boys' day, Opening swimming pool, Kite day, Bicycle races, Community players' production, Mrs. Woods' club play, Chamber of Commerce program, Community band, Kiwanis Club Halloween (5000 were entertained), Exchange club program, Tuesday Afternoon club program, Girl Scout rally.

Total 31,815
The figures indicate people participating or being entertained not less than an hour and a half. The success of community recreation is dependent on volunteerism. Through the medium of our program at least 400 people have served.

Gwenllian Warner Is Re-Elected President

Gwenllian Warner, senior class, was re-elected president of the Girls' League at the Glendale Union High school after one of the most spirited campaigns in the school history. Emma Laurs Cooper, who ran against her, polled an exceptionally large vote. 'Gwen,' as she is known by all the students, has made an enviable record while acting as president of the league the past semester and is fitted to carry on the work which she moves into the new building on East Broadway will entail.

Helen Anderson defeated Emile Torchia and Florence McLaughlin for vice-president; Leonora Rose ran ahead of Elsie Whitney and Lucie Allen for secretary; and Barbara Kranz was chosen treasurer over Betty Mayberry and Winifred Parker.

TO DETECT GASES

Impurities in milk through which a London scientist's device passes electric currents are audible in a telephone and the same device will detect gases in mines. English revenue from French eau de cologne is \$40,000 a year.

COMMENT That's All

Three Ruffians to Hang Autoists and School Stops Are High Officials Exempt? The President's Problem

By Gil A. Cowan

Hanging for three young ruffians in Los Angeles, one of whom brutally shot down a citizen during a series of holdups, while his partners in crime looked on, will no doubt act as a deterrent on the idle youth who go forth to rob and kill at will.

Although members of the jury which brought in the death sentences were visibly overcome by the necessity of ordering these murderers to die in the noose, they have rendered a service to the peace-loving, law-abiding public which should be lauded.

The sooner robbers, as well as all criminals, learn that laws are made to be respected, the sooner we will be done with the era of crime in which this country has fallen. The trio have naught to say for pardon. The actual slayer coldbloodedly shot his victim while his back was turned, his arms up in the air. He was killed without rhyme or reason, without a fight. There was not one extenuating circumstance, seemingly, in the case.

Commendation, also, needs to be given the public officials who showed both speed and skill in the prosecution of this case. The writer believes that the district attorney's office now is functioning with the utmost expedition, while both the Los Angeles sheriff's office and the police are working as never before. They are bound to get the cooperation of the fair-minded public in curbing of crime under such conditions.

Recently Los Angeles has seen fit to establish boulevard and school stops for motor cars. No doubt the intentions were the best, but the operation seems a little difficult. Personally, we like to comply with these regulations, for they insure the driver of a car, to a certain extent.

How, then, when parties kill the engines of their cars on these deadlines in a hasty effort to stop, it is rather provoking. Also, when a machine stops ahead of you without signal, it is equally provoking. And then when others openly disregard the law, it makes one madder still.

Just how these incidents may be avoided, we do not know. Yet there seems to be argument on the part of many that the school stop law is not workable without an officer to assist in its enforcement. Nevertheless, we are sure if all motorists would carry out the intent of the law—to watch out for the little tots—it would be a grand and glorious thing.

From all outward appearances the 1923 legislature wisely changed existing motor laws. We hear of fewer crashes, not quite so many complaints against the police officials, and no better police driving on the open road. Of course, no law will ever be 100 per cent efficient, but it does seem as though the Breed motor vehicle act, if adhered to, has overcome many problems for the motorist.

There is one section of the act, however, that should be changed, or enforced only with extreme discretion. That is in regard to passing other cars at intersections. This technicality should not be used by police to garner a grist of motor law violators, but should be applied only in those cases where accidents result, or a complaint is really justified.

Impeachment of the secretary of the navy is threatened as a result of the oil land leasing probe being conducted by the United States Senate. Each day, seemingly, brings a new sensation in investigations, which implicate very high officials and very wealthy men.

As yet no arrests have been made in the case—and probably none will be—but, at the same time, we read of the government taking a hand in Montana bank failures, arresting numerous officers of the institutions, and, no doubt, they will be punished. It is strange, indeed, how justice operates.

A bank robber gets ten years, a bank teller gets three, but a public official is whitewashed, usually, and sent to the junk heap. It's a funny old world.

And to think that the Teapot Dome scandal has been wished on President Coolidge in a year when he is to go before the voters. It almost looks like the devil's brew. But he is facing it squarely, and last night he had counsel with him Senators Lenroot, Lodge, Curtis and Hale. Some sort of policy must be announced shortly if the political prospects are to be saved.

Actually, an intelligent thinker—one who believes in a square deal—must sympathize with Mr. Coolidge. A choice of circumstance the president must purge his party, may we not say that part which followed the old school money-boss control, of a very dirty mess.

President Coolidge, fortunately, is free from those sinister influences which have despoiled political careers with selfish purposes. The expression of his true much of this critical hour will do much to restore the confidence of the people.

Slippery Street Is Blamed for Collision

Another collision due to the slippery condition of the pavement Sunday afternoon was reported at police headquarters yesterday.

SINCLAIR OFFERS TO REPEAT STORY

Millionaire Oil Magnate Denies In Cablegram Any Unlawful Act

(Continued from Page 1) The American idea of a square deal. Sinclair refused to make any comment upon his cablegram to Senator Lenroot or discuss his plans for the immediate future. Sinclair has recovered from his slight attack of illness.

Committee to Probe Department Methods

WASHINGTON, Jan. 29.—Irregularity of methods adopted by the navy department to secure construction of oil storage tanks will be investigated tomorrow by the House naval affairs committee, it was announced today. Rear Admiral J. L. Latimer, judge advocate general of the navy has been asked by the committee to be present for interrogation by the committee at that time.

Admiral Latimer has submitted to the committee the leases and contracts made with the Pan-American Petroleum and Mammoth Oil companies for taking oil from the naval reserves and withholding a proportion of it as pay for constructing and filling the storage tanks. Construction work at Pearl Harbor, Hawaii, is on a huge scale. Besides the tanks, there is being built by the Pan-American company wharves and piers, and a vast sum of money is being expended.

This construction work for the navy never was authorized by the House naval affairs committee or by Congress. The committee wants to know by what authority the navy department inaugurated this work and tank construction along the Atlantic and Pacific coasts.

The Italian plaster is an imitation of and nearly equal to the Spanish plaster in value.

CRYER TO GREET CHIROPRACTORS

State Society Will Meet In Three Day Convention In Los Angeles

Mayor George E. Cryer of Los Angeles will deliver the address of welcome before the three-day convention of the California State Chiropractic society, opening Friday, February 1, at the Symphony hall, 233 South Hill street. Sessions will also be held at the Music Arts hall, 232 South Broadway. More than 100 delegates will be in attendance, it is estimated.

Prominent chiropractors who will address the convention include Dr. E. F. Ball of San Francisco, who will report on the state board defense. Dr. S. F. Carter of Los Angeles will give a report of the state executive committee. Dr. W. W. Tait of Berkeley, Dr. E. P. Webb of Los Angeles and Dr. J. H. Reardon of Huntington Park will report on various activities of chiropractors.

Election of officers will occur Friday afternoon, to be followed by a sixty-minute contest on the subject, 'A California Chiropractic Code of Ethics,' the prize to be a silver trophy. The contestants include Louis Zeitlinger, San Diego; Charles Tingley, Santa Ana; R. E. Nida, Long Beach; R. C. Foy, Santa Barbara; Mrs. M. O. Maupin, Pomona; Henry Ford, Hollywood; R. C. Berridge, Pasadena; L. O. Olson, San Bernardino; Oscar Hubb, Santa Monica; Albert Vack, Glendale.

Other Glendale chiropractors who may attend the sessions of the convention are: Dr. Clara Hewen, Dr. J. K. Gilkerson, Dr. R. I. Colquhoun, and Dr. Richard A. Eble, while Burbank chiropractors expected to attend the sessions include Drs. Roy Attwater, Jennie Burwash, Glenn and Fred Hartley. Dr. A. Kink of San Fernando is also expected to be present, states Dr. Vack.

The Friday afternoon session will close with addresses by Drs. H. V. Boling and E. C. Fortin. Friday night Dr. C. H. Wood will talk on 'Chiropractic Research.' Dr. Linnie A. Cale will also speak.

Saturday sessions begin with a report of the state executive committee, and will be followed by

short talks covering the various activities of the chiropractors. There will then be a contest on 'Chiropractic Philosophy,' contestants being limited to active alumni associations in California. The contestants number: Dr. J. W. Koer, Los Angeles College of Chiropractic; Dr. J. H. Burks, California Chiropractic college; Dr. Karl Hotchkiss, Eclectic College of Chiropractic; Dr. A. T. Blair, Palmer School of Chiropractic, and Dr. C. T. Sheridan, Universal Chiropractic college. An address by Attorney M. A. Sparling on 'Chiropractic Jurisprudence' will follow.

Governor May Speak
In the afternoon Dr. J. B. Digert of Banning, Dr. Albin Peterson, and A. J. Hill, representing the Chamber of Commerce, will speak. Governor Richardson is also expected to address the meeting. Mabel H. Palmer of Davenport, Ia., will speak at this session.

The annual banquet will be at the Alexandria in the evening. A dozen short speeches will be made. Dr. B. J. Palmer, recognized as the leading chiropractic authority in the country, will address the convention Sunday morning on the Universal Chiropractic association 'Model Bill.' In the evening Dr. Palmer will speak on 'Visions or Illusions,' this meeting being open to the public.

The members of the convention committee in charge of the arrangements for the meeting are: Drs. Frank Pyott, S. P. Carter, Linnie A. Cale, Henry McFarland, E. P. Webb, J. H. Reardon and Henry Ford.

Kiwanis Committee Named by Governor

RIVERSIDE, Jan. 29.—A. H. Winder, governor of the California-Nevada Kiwanis district, last night announced the district committee on public affairs. It follows: Dr. George C. Fardee, Oakland, chairman; Bishop B. W. Stevens, Los Angeles; A. L. Hubbard, San Jose; Dr. John P. Buckley, Hollywood; J. P. Baumgartner, Santa Ana; George A. Osborn, Fresno; Dr. W. W. Roblee, Riverside; Joseph H. Miller, Healdsburg and Dr. George C. Steinmiller, Reno, Nev.

MUD PROVES VALUABLE

Gold valued at \$1,806.89 was recovered from a trunkful of black mud purchased at a sale of unclaimed express by a buyer in Omaha, Neb., who was ridiculed for his purchase until a chemist's analysis proved its value.

ADMIT SEVENTEEN INTO ELK LODGE

Initiation Ceremonies Are Followed by Program of Entertainment

Seventeen candidates were initiated into Glendale Lodge No. 1289, B. P. O. Elks, at the regular monthly initiation for January, last night at the clubhouse on East Colorado street. In addition two men were taken in at the request of sister lodges.

The following men comprised the class: George U. Moyer, Ray E. Corrigan, Fred S. Madden, Arthur H. Kellogg, Bernard G. Alsdorf, Othmar W. Heinz, Herbert H. Garmon, Waitman E. High, Edward C. Forte, Clifford J. Larsen, all of Glendale; Rollie A. Wells, Reseda; B. G. Ainsworth, San Fernando; Joseph W. Donnelly, Van Nuys; Bert H. Looyer, Burbank; George E. Leaton and William Stacko of Eagle Rock. Charles J. Steiner was initiated for Salt Lake Lodge No. 85 and Thomas Shanley, Jr., for Princeton, Indiana, lodge No. 634.

Entertainment Program
Exalted Ruler James Appfel was in the chair and the work was exemplified by the various officers under his direction was most impressive. Following the initiatory exercises, refreshments and entertainment were provided by the entertainment committee.

Next Monday night is the regular annual Past Exalter Rulers' night, and the following Past Exalted Rulers of Glendale Lodge No. 1289 will be in the chairs: Exalted Ruler, S. C. Packer; Leading Knight, John Fanset; Loyal Knight, Arthur H. Dibbern; Lecturing Knight, C. D. Thom; Chaplain, Peter L. Ferry; Esquire, Albert D. Pearce; Inner Guard, Alfred F. Priest; Tiler, Bert P. Woodard.

MARKSMEN BLUE-EYED

United States army records seem to have proved that blue-eyed men are the best marksmen, the previous theory having been that those with gray eyes were the best.

For St. Valentine's Day, 150 versions of 'Will you be mine?' cards are published by one Chicago firm.

GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, TUESDAY, JANUARY 29, 1924

FAMOUS PLAY IS ROYAL'S OFFERING

Stock Company Will Present 'Lombard, Ltd.' During Present Week

Wednesday night at the Tuesday Afternoon club theatre, is the biggest and most pretentious play yet staged by the Royal Stock company, according to Charles E. Royal, manager, who will take the title role made famous by Leo Carrillo in the original New York company, Edythe Elliott assuming the leading feminine role.

Wednesday will be "Pendroy Night" at the big dramatic comedy, Mr. Royal states, the entire personnel of the well-known local department store being present as the special guests of the management. And on Friday night and again at the Saturday matinee, Mr. Royal has arranged extra numbers, as these dates have been set aside as special benefits for the Glendale Parent Teacher Association federation, of which Mrs. Eustace B. Moore is president.

Plan Fashion Revue Mr. Royal will also present during each performance of "Lombard, Ltd.," an elaborate fashion revue, using fifteen of Glendale's prettiest girls, in a showing of up-to-date modes of women's apparel.

The part of Tito Lombardi, played by Charles E. Royal, is a particularly pleasing one, as all will attest who have seen the original play, recalling the eccentric, pappy-go-lucky Italian creator of wonderful gowns, as interpreted by Carrillo. "A fashion revue is especially adaptable to such a play," says Mr. Royal, "lending to it, indeed, just the right atmosphere. We believe we have something really big in store for Glendaleans in this offering. A large advance sale of seats is already registered and it appears that we will play to packed houses all week."

REBELS DEFEATED

MEXICO CITY, Jan. 29.—Following three days of fighting between Llano Grande and Esperanza on the Southeastern battlefront, the rebels have been decisively defeated and dispersed, according to advices to the war department.

COURT IN RECESS

WASHINGTON, Jan. 29.—The supreme court of the United States adjourned late yesterday until February 18.

Council Decides to Pay Salary of City Nurse

After considerable discussion on the matter, the City Council, has at last decided to pay the portion of the salary of Mrs. Edith Sadler, city nurse, which was formerly met by the Red Cross.

Some time ago the local chapter of the Red Cross informed the city authorities that it was unable to contribute toward Mrs. Sadler's salary. The councilmen were of the opinion that the city health department could not function efficiently without a nurse, so will meet the portion of the expense which was heretofore taken care of by the Red Cross, in addition to the part which the city had contributed.

Mrs. Sadler, who has been confined to her home for some time with diphtheria, is able to be around again and reported for work at the office of Dr. G. Kaemmerling, city health officer, this morning.

Mrs. Olga DeFlaven, city bacteriologist, is not at her usual place in the city health office today, being quarantined as a diphtheria carrier.

C. C. Directors Will Resume Regular Date

The directors of the Glendale Chamber of Commerce will resume their regular Tuesday night meeting schedule tonight and will stick to this day in future.

At tonight's session a number of important committee reports are to be presented, and the committee on committees will also submit its recommendations for several new committees. This committee is composed of President W. E. Hewitt, D. H. Smith, first vice-president, and Geo. B. Karr, second vice-president.

The question of flood control and fire prevention will come up again, with special reference to the flood question, now that the rains have begun. The Chamber of Commerce is seeking to have the Board of Supervisors take some steps to insure the protection of Glendale from the flood menace.

RETURNS TO WORK

Mrs. H. B. Ellis is back at her desk in the postoffice after having been confined to her home at 231 1/2 North Brand boulevard since January 4 by illness.

MINOR OPERATION

Mrs. Anna Dean, 1209 East Lexington Drive, underwent a minor surgical operation yesterday at the Glendale Sanitarium and hospital.

PLANS THEATRE, BUSINESS BLOCK

H. N. Fowler Negotiates for Construction of Building at La Crescenta

An 800-seat theatre is in prospect for the northwest corner of Honolulu and Los Angeles avenues, La Crescenta, reports H. N. Fowler of Chicago, who arrived last Friday to look after his interests in La Crescenta Center, the new subdivision of which this corner is one of two pivotal points, the other being his stone bungalow home at the northwest corner of Honolulu and Hermosa avenues.

The theatre will be a two-story structure, with a drug store and a restaurant on the main floor, as well as the main feature, Mr. Fowler is negotiating with Los Angeles and Pasadena parties, he states, and the deal is likely to be closed any day.

Under Subdivision

The balance of his La Crescenta Center, with the exception of his home site mentioned above, Mr. Fowler is now subdividing into a beautiful residential park, with water, gas, electricity, cement curbs and sidewalks, good streets and ornamental electricals. Most of the lots will be strictly residential, with restrictions running from \$4000 to \$12,000, at prices of around \$1800, on liberal terms.

A number of business lots along Honolulu avenue, 32 feet front and 128 feet deep to a twenty-foot paved alley, offer a particularly attractive investment, according to Mr. Fowler.

Prophecies Come True

Mr. Fowler declares that the people who buy lots at La Crescenta Center must build within eighteen months or he reserves the option to buy back their property at a 10 per cent profit. This step is taken in order to check speculation, he states, and to ensure his plans for an ideal community being carried out.

On April 7, 1921, H. N. Fowler published the "La Crescenta Herald-Journal-News-Times," telling the beauties of that section and making a number of prophecies as to its future. He is happy to state that in the past three years those prophecies have been more than borne out, in the remarkable development enjoyed by La Crescenta.

TWO DIE IN DUBLIN

DUBLIN, Jan. 29.—A policeman and a magistrate were shot to death late yesterday during an outbreak of disorders by republican irregulars.

DESCRIBES DASH TO DEATH VALLEY

Fred T. Anderson Tells of Traveling Roadless Desert Far from Humanity

A thrilling dash into Death Valley was included in the two weeks' vacation from which Fred T. Anderson returned Sunday night, January 27, to resume his duties as foreman of the composing room of The Glendale Evening News.

Mr. Anderson left Glendale Saturday afternoon, January 12, joining his old friend Ernest Johnson in a 220-mile run to the lake's edge near the desert, where they arrived at 3:30 o'clock in the morning.

Sunday and Monday they "loafed around," as Mr. Anderson describes it, looking over the sandy ranch where his friend is slowly regaining the health he lost during the war, when as a first lieutenant on active duty with the Second Division he was badly gassed.

Over Roadless Desert

On Tuesday they started on their trek into Death Valley, taking with them adequate food supplies for the trip and in addition twenty-five gallons each of extra water and gasoline. Most of the way led over a roadless desert, varied here and there by some miles of stony river bottoms.

They camped Tuesday night on the bed of a dry river, pushing on again at an early hour Wednesday morning. The farther into the valley they drove, the more intense became the brooding quiet, not a sound vibrating the still air save the muffled noises of their car—for no living thing, with the exception perhaps of a Gila monster or horned toad, is found in Death Valley.

Everywhere alkali, sand, desolation utter and absolute, made more intense by the burning, blinding sun that pours down hour after hour on the hot earth, here and there a sinister clump of dry bones or the remnants of an abandoned automobile or wagon the spokes falling out of the wheels, the paint peeling off, blistered and dehydrated by that flaming sun.

Beauties of Nature

So Mr. Anderson pictures the trip. But it is not all grim, ghastly, terrifying. He pictures too a thousand beauties, nature sublime, awe-inspiring, offering all day long beautiful colors not to be seen elsewhere on earth, and sunsets that are exceeded only by the dawns.

"For if ever dawn came up 'like thunder,' out of China, 'cross the bay,' it comes up like 10,000 thunders in Death Valley," says Mr. Anderson, "and it would take another Kipling to describe its setting. We came out of that valley of grandeur and horror with a new respect for the works of nature. "No man who has not seen it can ever appreciate its wonders, and no man should leave California without seeing Death Valley."

John Roman Secures Property at Burbank

The Andrew block on San Fernando boulevard, Burbank, just opposite the four-story Victory Theatre building, has been acquired by John Roman of 515 North Central, Glendale, well known in this city as house manager of the Elks Lodge and Club on East Harvard street. The consideration was \$52,500, the deal being handled through the office of the A. C. Gage company, 250 East San Fernando boulevard, Burbank. M. A. Schulkin of Hollywood was the seller.

The property has a frontage of 95 feet and a 10-foot depth. It comprises the Connert pool hall, McKenzie barber shop, Burbank grill, Cleanwell die works and Torelli shoe store, and is said to be the best paying piece of property in Burbank for the money. It is named for Andrew Jergens, famous soap manufacturer, for whom it was built originally by M. Spazler. Mr. Schulkin acquired the property a year and a half ago.

Will Attend Session of United States C. C.

Secretary E. F. Sanders of the Glendale Chamber of Commerce left last night for San Francisco, where he will attend the convention of the western division of the United States Chamber of Commerce, that will open tomorrow for two days. President W. E. Hewitt had planned to attend the sessions, but decided to forego the trip on account of his health.

The four principal topics to be considered will be transportation, tax reduction, co-operative marketing and immigration, with speakers of national reputation delivering addresses on each of these subjects.

JUVENILES SHOW MUSICAL TALENT

Recital Held by Auxiliary at Lauderdale Home Reveals Ability

Musical accomplishments of Glendale children were shown Saturday at the interesting program given at the meeting of the Juvenile Auxiliary of the Glendale Music club at the W. G. Lauderdale home at 446 Riverside drive.

There were thirty-two children present and ten grown-ups, and the afternoon proved to be of great pleasure. Susie Smith, president of the Auxiliary, presided over a short business meeting and Elsie Knans announced the program.

The program included: piano solo, "Father's Lullaby" (Gaylor) by Stanley Clewitt; piano solo, "Morning Prayer" (Strebog) by Daisy Siberell; piano solos, "Waltzing Doll" (Poldini) and "Etude" (Friml), by Betty Hagood; piano solo, "Indian Love Song" (Grunn), by Alice Blennan.

Varied Program

Piano solos, "Maiden's Wish" (Chopin-Liszt) and "Valse" (Chopin) by Jane Youngworth; piano solo, "Dance of Butterflies" (Morris) by Katherine Olin; piano solos, "A Wild Rose" (MacDowell) and "Shepherd's Tale" (Nevin) by Anna Louise Muhleman; reading by Phyllis Forrester; piano solos "Mid-summer Night" and "Dancing Fireflies" by Alene Robinson; piano solos, "Sounds of the Night" (Schubert) and "Robin Goodfellow" (Goodrich) by Alice Ayars; piano solos, "Bagatelle" (Beethoven) and "Fantasie" (Schuman) by Barbara Muhleman; piano solo, "Rosary" (Nevin), by Virginia Endicott.

After the program refreshments were served and plans made for the next meeting, to be an open meeting. At that time a silver offering will be taken to meet club expenses.

ART ASSOCIATION WILL CELEBRATE

First Anniversary Will Be Occasion for Banquet on February 2nd

The Glendale Art Association will celebrate its first birthday Saturday night, February 2, with a big dinner party at the Tuesday Afternoon clubhouse, when there will be a special exhibit of old masters hung on the walls and prominent speakers will address the members of the club and their friends.

These speakers will include Mrs. E. E. Leighton of Los Angeles, district art commissioner of the Federated Women's Clubs, and George E. Damon of Pasadena, county commissioner, is the announcement made by Mrs. Roy A. Ballagh, president of the Glendale Art Association.

Musical Program

An exceptional musical program will also be provided, Mrs. Ballagh states, Miss Ruthelene Miller, celebrated southern soprano, in charge. A number of Spanish and spring songs will be offered. The dinner is scheduled to start at 6:30 o'clock and tickets should be obtained before tonight, January 29, either from Mrs. Roy A. Ballagh, 202 West Doran street; from Mrs. J. F. Armstrong, 120 North Adams street, or direct from the Tuesday Afternoon Club, corner of North Central avenue and Lexington drive.

Scotch Program Will Be Given on Friday

Glendaleans have proven in the past that they are lovers of Scotch music, and the announcement of a Scotch program to be given at 8 o'clock Friday night in the auditorium of the old high school, under the auspices of the Grand View Parent-Teachers' Association, cannot fail to arouse a wide interest and draw a big crowd.

Mrs. Guy L. Berryman is chairman of the affair, and she and her committee members are striving to fill the school auditorium and add a goodly sum to the P.-T.-A. treasury.

Alexander Mitchell is announced as chairman of the evening, and he will present artists of real talent. Heading the list are Harry A. James, well-known Glendale monologist; Alex McDougall, Scotch bagpiper; Harry H. Frazier, dancer; Mrs. Bessie Morgan and Mrs. McDougall, vocalists, and Mrs. E. B. Moore, president of the Glendale Federated Parent-Teachers' Association, reader.

Others taking part in the program will be Celia Davidson, Maude Nicol, Jeanne Fitch, Mary Stewart and Nancy Grant.

HEALTH OFFICER TELLS OF TEST

Dr. Kaemmerling Says Shick Treatment Good Guard Against Diphtheria

Although strong opposition has developed against the Shick test, which is said to determine the patient's susceptibility to diphtheria, Dr. G. Kaemmerling, city health officer, states that every child will be given an opportunity to undergo it, and to have the preventative serum administered if the parents so desire.

"It is certainly a fine thing for every one, especially school children," said Dr. Kaemmerling. "I see that something has been said about the family physician being the one to look after the matter in each individual case. That is all very well, but it takes some sort of unified action to produce any results.

"If the parents of Glendale understood what the Shick test really was there would be no opposition to it from any source. As a matter of fact, I have been so busy with other matters that I have not got around to this test yet, but expect to in a short time."

Tests Not Yet Made

The idea of this test is being followed out in several large cities in the east, where the possibility of a serious outbreak of diphtheria is recognized, according to Dr. Kaemmerling. The giving of the test and the serum, if necessary, is in itself a matter of no great discomfort, and when taken into consideration against the inconvenience and possible fatal results of diphtheria, is not to be considered at all, he claims.

No tests have been taken as yet, as the material from the laboratories has not arrived. They are expected shortly, and the free city clinic established some time ago by the City Council will be ready to give the test to any one desiring it, says the health officer.

Women's Auxiliary to Greet High Officers

The Women's Auxiliary of the Glendale American Legion post is to participate in a most interesting affair Friday, February 8, when auxiliaries from all parts of Los Angeles county are to meet in the Legion hall in South Pasadena, to greet the national president, Mrs. Franklin L. Bishop, the state president, Mrs. Decker, and to participate in a joint installation ceremony.

Mrs. E. W. Gilliland, president of the Glendale Auxiliary, announced this morning that the affair had been postponed from February 1 to February 8 because of the coming of Mrs. Bishop.

Luncheon is to be served at 12:30 o'clock on the day of the big gathering. Then at 2 o'clock the Los Angeles County Council will convene and the installation of officers of the various auxiliaries will take place. Mrs. Decker will serve as installing officer. An informal reception will give all the auxiliary members an opportunity to meet the national president and other honored guests.

Boy Has Leg Broken in Truck Accident

Joe Remerio, 4-year-old son of Jesse Remerio, 219 South Verdugo road, had his leg broken in two places yesterday in front of his home when he was run over by a truck driven by Alphonse Arnold, 1601 South Glendale avenue.

The little boy, apparently not noticing the approaching vehicle, started to cross the street, and Arnold was unable to stop in time to avoid hitting him, according to the story he told Motor Officer Jones, who investigated the accident. The boy was taken to the Glendale Sanitarium and Hospital, where his leg was set.

Peacocks' feathers at first are alike, but the male soon begins to acquire a beautiful tail and is in perfect plumage in about three years.

HI-Y BOYS HOLD CHURCH SERVICE

Glendale Youths in Charge of Music and Sermon Sunday Night

Glendale's Hi-Y deputation team went to Burbank Sunday night to conduct the service at the Presbyterian church and the music, talks and sermons given by the boys were most heartily complimented by the Burbank church folks.

Members of the team are Harwin Mann, Irving Garver, Forrest Krugg, Jack Weaver, Harold Jones, Harold Heacock, Jack Thayer, Everett Anderson and Leslie Hatch. The boys have an octet, which gave musical numbers. Jack Thayer and Harwin Mann gave talks, and Everett Anderson gave the sermon.

Plan Initiation

Last night the local Hi-Y boys went to Hollywood to join in a swim with Hollywood boys at the Hollywood Y. M. C. A. Then on Wednesday night the Glendale Hi-Y officers will go to Pasadena to initiate some new members for the Pasadena Hi-Y.

The Pioneer Notchers of Glendale passed an eight mile hiking test and a swimming test Saturday when they hiked to the Pasadena Y. M. C. A. for a plunge in the pool.

Miss Flora Bates Is Winner of Persian Cat

Miss Flora Bates of 638 North Knwood street has been announced as holder of the ticket winning the beautiful Persian kitten at the recent show of the Glendale Cat Club.

Every one attending the show was given a coupon bearing a number. On the final night of the show three numbers were drawn and holders of the first two numbers did not respond, and as Miss Bates held the third lucky ticket she was given the prize kitten.

Beautiful-Artistic-Individual —these words only begin to describe this dream pictured below—just completed and ready for occupancy, but builder must sell. Underpriced \$4000 at \$12,500 \$5000 Cash, Balance Arranged. Contains 3 large spacious bedrooms, sleeping balcony, tiled bath on second floor, large living room, terrace, dining room, breakfast room, wardrobe, closet, kitchen, screen porch, toilet and lavatory room, broom closet on first floor. Living and dining rooms have Tiffany blended walls with art plaster ceilings of exceptionally beautiful design. Kitchen has all built-in features and tiled drain-board. Altogether a more convenient home cannot be planned. Located in beautiful Rossmoyne, where values are rapidly increasing and artistic homes are being built all around it. Highly restricted neighborhood, concrete streets. This home is a real buy as an investment, as the time is very short when this neighborhood will be well built up and values much higher, especially for a home of this type. See this home at 957 Coronado Drive, Rossmoyne, or call at 313 S. Brand Blvd. between 9 and 4 and let us show it to you.

OPPORTUNITY—AND YOU Nowhere in the world are there better business opportunities than in Glendale today. But to the person without Capital or Credit, these opportunities mean nothing because he is not prepared to take advantage of them. "Money in the bank" is the sure touchstone that opens the way to business success. You can soon have that money if you open a Savings Account at this Bank today and start saving. Registering of Aliens Urged to Combat Reds PHOENIX, Jan. 29.—A federal law requiring every resident of the United States who is not a citizen to register, is the idea advanced by A. R. Spurgeon, district immigration officer. Discussing his proposed measure, Spurgeon said: "It is plain to see that under this system we would have no difficulty in weeding out the illicit immigrant, the smuggled Oriental and the apostle of destruction who has found his devious way to America to preach the downfall of American institutions. The alien, unable to produce his identification card would be given a hearing, and if after a fair and impartial investigation, he was unable to establish his right to be in the United States, he summarily could be deported." There are 25,000,000 more women in the world than men, according to a recent census.

TUJUNGA WORKSHOPS WILL ASSIST PATIENTS

Convalescents to Be Taught Handicrafts; Building Already Leased

Plans for the establishment of occupational therapy in Tujunga by the California Tuberculosis Association have at last materialized to the point where a lease has been taken on a building and applications for instructions are being taken by the health department. These plans have been in progress for a year and the opening of a shop was only delayed by the lack of funds, most of which are derived from the sale of Christmas seals.

According to Miss Marcy of the health department, who was in Tujunga Friday taking applications from tubercular patients for instruction in the shop, which will be opened in March, a two-story building on Michigan avenue has been leased and the necessary equipment will be installed for the manufacture of small articles, such as toys and toy furniture and other wood work.

This plan is to instruct the convalescent patients in some occupation to which their strength and ability are adapted. No doubt other branches of handicraft will be taught. The workers will be paid either by piece work or by the year. Workers will be under the supervision of a health department doctor and will be examined to determine their fitness for the work, both before starting the instruction course and periodically, to determine what effect the exertion has on the progress of the patients.

Will Provide Outlet Mrs. Edith Tate-Thompson, executive secretary of the California Tuberculosis Association, has been working on plans for the establishment of a shop in Tujunga for several months. She has gone to New York to arrange for a market for the output of the Tujunga shop. Toys and small wood articles of kindred nature find ready sale and the backers of the plan feel that it will be a success.

Twenty applications were made by people wishing to enter the shop when it opens. These people will be examined this week by a doctor from Los Angeles and those who are eligible will be assigned to the instructor.

Beginning next month there will also be a health clinic established in Tujunga by the county board of health under the direction of Dr. Gill. This will be for the benefit of any who care to take advantage of the service rendered by these clinics. It is also part of the plan to maintain a children's clinic for the benefit of the small children.

Benefit is Planned Tentative plans have been made for giving a benefit entertainment February 1 in the Tujunga school auditorium for the destitute German children. Judge Breit and D. A. Johnson of the Tujunga Chamber of Commerce have charge of arrangements. According to an announcement, each of the various clubs and organizations will be invited to contribute to the program, which will be given by home talent. According to statistics there are 2,000,000 starving children in Germany as a result of after-war conditions and fifty per cent of them are said to have rickets and twenty per cent afflicted with tuberculosis.

Mr. and Mrs. Harold Meyers are the parents of a six-and-one-half pound boy, born at the Good Samaritan hospital in Los Angeles last Sunday.

Monte Vista Post of the American Legion plans a dedication entertainment for February 12, at which time the name of the Legion's club-rooms at Sunset and El Centro will be changed from Bolton hall to Legion hall. It is expected that State Commander Collins will be present to assist in the ceremonies.

BURBANK HELD GUILTY BY CORONER'S JURY

Auto Driver Must Answer to Manslaughter Charge; Big New Building

Edward L. Brenot, charged with manslaughter for the death of John Blasingame on January 23, 1923, has been adjudged guilty of careless driving by the coroner's jury at the inquest held in the A. C. Filtbach undertaking parlors on January 24.

The same jury exonerated Mrs. Ann Wright, driver of the car with which Mr. Brenot collided. Following is the verdict returned: "We, the jury in the above entitled cause, do find that the deceased, John Blasingame, came to his death on the 23rd day of January by a basal fracture of the skull by falling from a car driven by Edward L. Brenot, while said Edward L. Brenot was carelessly trying to pass a hay truck and trailer going in the same direction and colliding with an Overland car, which Overland car was approaching within less than 100 feet of the car in which the deceased was riding, and we hereby exonerate the driver of the said Overland car from all blame."

The jury rendering the above verdict comprised Bert Cross, Grove Ketchum, Floyd L. Welch, Lee Owens, G. T. Reeves and Wiley Cole. The inquest was conducted by Edward J. Queen, deputy coroner, assisted by H. R. Boyer, and consumed three hours.

Big New Building Norman Snow of Hollywood will spend approximately \$50,000 in the lot and building on San Fernando boulevard, near Cypress avenue, which will be the future Burbank home of a popular motor car. The property has a frontage of 100 feet, of which fifty feet was purchased from A. N. Reid and fifty feet from R. B. Friedman.

The building to be erected by Mr. Snow will occupy the entire frontage and a depth of 135 feet. It will be of reinforced concrete and brick, he states. Of the total space, seventeen feet will be used as a driveway and the remaining eighty-three feet will be utilized as a sales and display room, to a depth of twenty-five feet, the remainder of the building being devoted to a garage.

It is expected the structure will be finished by April 15.

Many Improve Memories At least twenty-six Burbank residents will have better memories in the future, believes Robert H. Thompson of the National Educational Institute of New York, who has concluded his course of lessons here.

The memory sessions were held in the Goodfellow hall and created a good deal of interest. As it is reported, one has taken advantage of Mr. Thompson's offer to refund the cost of the course to any who would admit they were not benefited.

Brosseau Improving After Auto Accident

The condition of J. L. Brosseau, 433 Vine street, who was injured when run down by a car at Brand and Lomita Friday night, is reported as very favorable at the Glendale Sanitarium and Hospital.

Mr. Brosseau suffered two broken ankles, a broken leg and numerous body cuts as a result of the accident. The car which struck him was driven by Walter L. Borkman of Los Angeles, against whom a charge of reckless driving has been filed.

FOR FATHER'S COUGH January is usually one of the coldest months, and brings its share of coughs, colds and hoarseness. Take FOLEY'S HONEY AND TAR COMPOUND at the first sign of a cough or cold, as it loosens the phlegm and quickly brings relief to the inflamed membranes of the throat. "Your HONEY AND TAR COMPOUND has done wonders for my father, who had an awful cough. He is feeling fine now," writes Nicholas Gonzalez, Cuero, Texas. Glendale Pharmacy, 638 East Broadway; Hub Pharmacy, Glendale and Colorado; Acacia Pharmacy, 922 South Glendale avenue.—Advertisement.

EAGLE ROCK TRADE CONVENTION TOLD IN REPORT

Chamber of Commerce Will Assist Occidental in Raising Funds

A replica of the world-famous Grecian temple of Dionysius is to rise on the site of the natural bowl on the hills near the junction of Ridgeway avenue and Campus road, Occidental college, the Eagle Rock Chamber of Commerce having definitely agreed to co-operate with President Rensden du Bois Bird of this institution in consummating financial arrangements.

The first step has already been taken and Dr. Bird has in hand the nucleus of the desired fund. The second step has been determined upon and constitutes a special entertainment to be staged at the United theatre on Tuesday, February 19, each of the 500 seats being sold at an advanced price, through the courtesy of the management.

W. L. Miller, formerly proprietor of a local newspaper, has been appointed chairman of the Chamber of Commerce committee working with Dr. Bird on the financing of the great project, whose achievement will bring to this community a fame not less than that enjoyed in the Hollywood section of Los Angeles by reason of the great bowl there.

Eagle Rock's Temple of Dionysius will be an outdoor amphitheatre seating approximately 40,000 people, according to plans drawn by Myron Hunt, the noted architect, summoned by Dr. Bird to visualize the long-held dream inspired by the natural topography of the spot.

It is believed that if the financial undertakings now planned can be carried out, work on the structure should commence by spring.

Junior Auxiliary Meets The meeting of the Junior Auxiliary of the Women's Twentieth Century Club on Saturday afternoon, January 26, at the clubhouse, was highly successful, showing that there is plenty of enthusiasm for such a group.

Miss Catherine Weir, president, had charge of the meeting and appointed a number of committees, the most important being a committee on the hospitality committee.

Two sections were organized, an Arts and Crafts and a Drama section. The suggestion was made that the Junior Music Club be asked to come in as a section of the Junior Auxiliary. This was well received and will be taken up with that body, as it seems a logical move, feel members of both organizations.

The girls plan to give their first dance in February. Their charter will remain open for the time being, it was brought out.

Local Notes Rev. William Middlemass will deliver the second of his series of "Studies in the Life of Christ" at the meeting in the Presbyterian church tomorrow night, January 30.

Percy F. Schumacher of 325 East Hill avenue reports that his Oriental cook is missing with more salary than was owing him and in addition a 1921 Buick automobile, an L. C. Smith double-barrel shotgun and a small Winchester carbine rifle, .38 calibre.

The following attended the dance given by the San Gabriel women's club: Mr. and Mrs. Ed W. Thompson, Mr. and Mrs. William Orman Sampson, Mrs. Grace L. Sherwood of Eagle Rock and with them Mr. and Mrs. Allen Frost and Mr. Rogers of Santa Monica.

HANGING FOR SEARS

LOS ANGELES, Jan. 29.—John Sears, of Port Washington, Pa., was found guilty of the murder of Charles Chapman, insurance broker, by a jury which Saturday returned a similar verdict against Jack Ferdinand. The jury recommended that Sears be hanged.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Council of the City of Glendale on the 24th day of January, 1924, did, at its meeting on said day, adopt Ordinance of Intention No. 295 declaring its intention to order the following improvement to be made, to-wit:

BROADWAY be widened from a line eighty-six (86) feet westerly from and parallel to the easterly line of Central Avenue, to a line drawn eight (8) feet westerly from and parallel to the easterly line of Lot 36, Tract No. 752, as per map recorded in Book 36, page 84 of Maps, Records of Los Angeles County, California, in the City of Glendale.

For a description of the district to be assessed to pay the costs and expenses of said improvement and for all other particulars of said improvement, reference is hereby made to said Ordinance of Intention No. 295.

BEN F. DUPLY, Street Superintendent of the City of Glendale, Jan. 28-29, 1924.

NOTICE OF PUBLIC WORK Public notice is hereby given that the Council of the City of Glendale, on the 24th day of January, 1924, did, at its meeting on said day, adopt Ordinance of Intention No. 295 declaring its intention to order the following improvement to be made, to-wit:

PARK AVENUE be widened from a line ten (10) feet westerly from and parallel to the westerly line and its extensions of Central Avenue to the northeasterly line and its extensions of the right of way of the Southern Pacific Railroad Company, in the City of Glendale.

For a description of the district to be assessed to pay the costs and expenses of said improvement and for all other particulars of said improvement, reference is hereby made to said Ordinance of Intention No. 295.

BEN F. DUPLY, Street Superintendent of the City of Glendale, Jan. 28-29, 1924.

FEDERAL RESERVE BANK SHOWS BUSINESS MAINTAINED AT HIGH LEVELS

Following is a summary of business conditions in the twelfth federal reserve district, issued by John Ferrin, chairman of the board and federal reserve agent, board and federal reserve agent, Federal Reserve bank, San Francisco:

Less than the normal seasonal decline of activity in the principal industries of this district occurred during December, while trade, although characterized by caution, was maintained at the high levels of recent months. Debits to individual accounts at banks in twenty clearing house centers, figures which afford an approximate index of the total volume of business carried on in the district, were smaller when corrected for seasonal variation, than in previous months of 1923 (except September), but were larger by more than 7 per cent than in December, 1922. An index of debits to individual accounts prepared by the bank shows the following figures for December of the past five years: 1919 monthly average equals 100; 1923, 120.4; 1922, 112.1; 1921, 103.2; 1920, 113.4; 1919, 108.5. These figures are not corrected for price changes during the period, but comparative stability of the general price level during the past year makes such correction unnecessary when comparing December, 1923, with December, 1922, and correction for price changes since 1920 would increase the index number for 1923.

Detailed figures of activity in industry and trade, now available for the full year 1923, confirm previous estimates of record production and distribution of the chief products of the district. Of particular significance are the figures compiled by the United States Department of Agriculture showing gains of 20 and 23 per cent, respectively, in the total dollar value of gains and of field crops produced in this district during 1923 as compared with 1922, gains which were offset to some extent by a decline of 10 per cent in the dollar value of fruit crops. Products of the farm, however, have advanced in price during the year by 1.4 per cent, while prices of other commodities have declined 3.2 per cent, thus improving the position of the agriculturist even without the increase in total value of his crop which the grain and field crop farmer has experienced. Disquieting reports are being received from agriculturists and livestock men in all parts of California, where the seasonal rainfall to date has been approximately one-third of normal, although damage now in prospect from drought would be materially diminished by abnormally heavy rains in February.

Output of lumber during the year, as reported by 200 mills of the district, was approximately 25 per cent larger than in 1922. Shipments of lumber and the volume of orders received increased as did production, and no abnormal growth of stocks has been reported. The value of gold and silver produced in the mines of the district was 11.6 per cent greater in 1923 than in 1922, and physical volume of output of the principal industrial metals (copper, lead and zinc) increased by even greater percentages. The canned fruit pack in three principal producing states was 1.4 per cent above the average of the past four years. A reduction of 20 per cent from the record pack of 1922 was the immediate result of a difficult marketing situation at the close of the packing year, 1923, a situation which improved as it became certain that this year's pack would be considerably smaller than that produced in 1922. Average daily production of petroleum in California declined rapidly during the last three months of 1923, but total output for the year was approximately twice as great as in the previous record year, 1922. In December, 1923, for the first time since late in 1921, production of petroleum in California was less than consumption, as indicated by producers' shipments, and stored stocks declined by a fraction of 1 per cent. In mid-January prices of crude oil and gasoline, which had been at low levels since September, 1923, were advanced. Figures of building permits issued in twenty cities during December indicate no abatement in building activity during coming months. Both the number and value of permits issued in this district during the year 1923 were slightly higher than in 1922. The figures follow:

Number of permits, 1923, 144,673; 1922, 122,295. Increase, 36 per cent. Value of permits, 1923, \$419,726,221; 1922, \$310,644,294. Increase, 35 per cent.

Abundant Credit

Bank credit has continued relatively abundant, and since the turn of the year an easier tendency in interest rates has been noted. During the past six weeks changes in conditions of member banks and the reserve bank in this district have been largely in response to year-end demands for credit and currency. Loans and discounts of reporting member banks and their borrowings from the reserve bank were slightly higher on January 2, 1924, than on January 10, 1923, reflecting the increased demand for funds incident to rising activity in industry during the past year. The deposits of these banks reached the highest point on record, \$1,344,293,000, on January 9, 1924, and the ratio of their total deposits to total loans stood at 133.6 on that date, compared with 139.8 a year ago.

Woman's Page

Diet and Health

By Lulu Hunt Peters, M.D.
Author of "Diet and Health, with Keys to the Calories"

KYMS.
The word "KYMS" is a wonderful new word which has been added to our vocabulary by Samuel Drury, author of "Backbone," a splendid book on the development of character. If Mr. Drury had contributed only this one wonderful word he would have done big service. The word is taken from the initials of "Keep Your Fouth Shut."

In an old book written on obesity 100 years ago, a Dr. Fothergill was credited with saying that the cure of obesity was to keep the eyes open and the mouth shut. That's not so bad, is it?

However, it is not to our F. F. that this article "KYMS" is addressed, for I have not finished with those of you who are T. T. I have taken up the importance of increasing your diet, and today I want to talk on exercise and I will come to KYMS in time.

Just as it is important for those who are overweight to exercise, in order to accelerate their circulation and bring fresh blood to the tissues, increase the respiration and better oxygenate the blood and tissues to help the removal of waste matter, to activate the torpid organs, etc., so it is important for you who are underweight to exercise. Only in your case you should not do so much of it.

And the same setting-up exercises are just as good for you as for the F. F. We are just now beginning to realize the importance of a daily amount of some good strenuous exercise for all of us—fat, thin, and the rare normals.

The best kind of exercise, everyone knows, is the play exercise—tennis, golf, basketball, swimming, and so on—but not all can avail themselves of those forms. However, we can all do the standard setting-up exercises, and we should do them daily.

There is one exercise, however, that those of you who are thin should sedulously avoid, and that is talking too much. Talking too much I would not say was a habit that was confined to underweight persons, but I warn the T. T. T.'s against it specially because it uses so much of their energy.

Avoid talking much and never talk of your ailments or your troubles if you have any. Someone has said that a bore is a person who, when you ask him: "How are you?" immediately begins to tell you. The salutation "How are you?" is not intended as a clinical opening, and there is only one proper type of answer to it, and that is this: "I am fine! How are you?"

Of course, there are people who earn their living by listening to what others tell you troubles to some of that profession when you must. And pay them for it, they will listen better. (Remember, I am not in private practice. Sorry!) But refrain from holding an autopsy over your feelings to anyone else.

It is a very common failing to want to tell the first person who has happened to us. It lies heavily on our minds, and we feel that we must unburden. Perhaps some one has snubbed us, or we have had a disagreeable setback in some project. Now telling the thing is not going to help in the least. It is not good psychology to tell anything disagreeable about yourself or anyone else. The sooner it leaves your consciousness (after you have gotten your lesson from it) the better. You will probably find that the

OLYMPIC SWIMMING CONTENDER

West Counts On 19-Year-Old Omaha Girl

Miss Helen Condon

Swimming critics and admirers of Miss Helen Condon's ability as a swimmer believe that this little maid from Omaha, Neb., will demonstrate in the trouts next spring that she is ready to help defend America's supremacy in the swimming events in the Olympic games next July. She is only 19, but has been swimming three years and has been defeated only fourteen times in 150 events. She holds several records.

be cut off at the hock joint, the spare ribs taken out of the bacon, and the ragged edges trimmed smooth (if ragged edges are left, these portions will become too dry in the curing and therefore wasted).

L. A. G.: "Not long ago one of your readers wanted recipes for using rice flour. I enclose a Table of Different Flours, which may be substituted for wheat flour. This table was printed by the United States Government and it may help many women to use their flours."

"The following flour-measurements are equal to one cup of wheat flour: 'Barley, one and three-eighths cups. Buckwheat, seven-eighths of a cup; Corn flour, one scant cup. Cornmeal (fine), one level cup. Cornmeal (coarse), seven-eighths of a cup. Cornstarch, three-fourths of a cup. Peanut flour, one scant cup. Potato flour, three-fourths of a cup. Rice flour, seven-eighths of a cup. Rolled oats, one and one-half cups. Rolled oats, ground in meat chopper, one and one-eighths cup. Soy-bean flour, seven-eighths of a cup. And sweet potato flour, one and one-eighths cups."

"Just use the recipes your family has always liked, but for each cup of flour use the amount of the substitute grain given in this table."

Answer: It was kind of you, Reader Friend, to send us this table.

Mrs. M. J. C.: "I am sending you a Recipe for Happiness! I composed it: Each morning when you waken, just offer God the day; each task that's undertaken, whether work or play, Offer Him your happiness—your cares and troubles too. Just tell Him that you don't forget all He's done for you. Now, if you follow this receipt you surely soon will find your life will be without a care and full of bright sunshine."

BEAUTY CHATS

ANSWERED LETTERS
G. H. B., Miss B. M. A.—When skin is as dry as yours, cream should be used every day. One thorough daily cleansing of the complexion should be enough to keep the skin clear; and with a dry skin it is well to use a cleansing cream first, followed by a wash with warm water and soap. After this dash plenty of cold water over the face and throat to close the pores and stimulate the circulation under the skin. This may be all the cream that your complexion needs, but if your skin still peels, add to the treatment a fine cold cream massage, after washing with soap and water and before the final cold water rinses.

Constant Reader:—During the winter months cod liver oil is advisable for people who are underweight. It nourishes, acts as a tonic, and also clears the complexion.

A. N. S.:—Cheap creams in which there are animal fats should not be used if there is any tendency to superfluous hair growth; but you need have no fear of a cream made from fine oils such as the Expressed English almond.

A mixture of amonia and prozide in equal parts, applied to superfluous hair every few days will bleach it so it becomes less noticeable, and it sometimes weakens the hair so it ceases to grow.

Pale Blue Eyes:—Any brand of tea will do to make a soothing lotion for tired or weak eyes. It should be rather weak, however, and if used as a compress over the lids, the temperature should be either very cold or as hot as can be borne comfortably.

Steno:—Bobbed hair continues in favor. There is no reason to ever intend to see him again.

UNHAPPIEST GIRL.
"It is useless to complain of the soup when it is self-made," goes a wise saying. You have made your mistake and must face your punishment courageously. The thing you did was anything but honorable and therefore you cannot blame your fiance for objecting to marry a woman he thinks he cannot trust. Do not see the brother of your acquaintance again, because he works a bad influence over you. Perhaps the man you love will care so much for you that in time he will be willing to forgive you for the terrible thing you have done. Do not count on his forgiveness, however, because he may be too deeply hurt and disappointed in you to be able to forgive. Simply show a brave heart and let this very sad mistake teach you a lesson.

JILTED: If the girl had a plausible excuse when she broke her engagements with you, it might pay to try once more. If, however, you felt she really was not interested and was only glad to get out of spending the evening with you, my advice is to find another girl. It may be that the girl who interests you likes some one else. So often a girl will break one engagement to fill another with the boy she likes best. This is not honorable, but it is done. In such a case do not play second fiddle.

BLUE EYES: It would doubtless be easier for you to invite the young man to the dance if he had taken you places and shown more than a speaking interest. I would not advise you to stay away from the party, however, because you have not gone with the boy. Simply tell him about the dance and ask if he would care to go with you.

Heart and Home Problems

By MRS. ELIZABETH THOMPSON

DOUBLE RING CEREMONY
Dear Mrs. Thompson: Do you believe in a double ring ceremony? I don't know whether to get my fiance a wedding ring or not?

IN DOUBT.
The double ring ceremony is very correct, and of course the single ring ceremony is, too. Such a thing is purely a matter of preference.

SHE SAYS SHE IS UNHAPPIEST GIRL IN THE WORLD
Dear Mrs. Thompson: I am the unhappiest girl in the world and feel that I shall go crazy unless you can help me. For two years I have been engaged to a young man who has always been true to me and who has believed me to be true to him. He has worked hard and saved money so that we could be married soon.

Several weeks ago I had dinner with a young woman acquaintance of mine and while at her house I met her brother who is six years older than I am. I liked him from the minute I saw him and he seemed to like me. He took me home that night, and I am ashamed to say it, kissed me before he left. I had never done such a thing before, but there was something about his manner which persuaded me to do what I knew to be wrong. After that he came to see me when I would let him and he always made love to me.

One night when he brought me home from his sister's he kissed me on the porch as usual. On entering the house I found my fiance waiting for me. He had had word that his mother was sick and he came to tell me he was leaving town to be gone several days. When he heard footsteps on the porch he went to the window and saw me being kissed.

I felt dreadfully and told him I did not care for the other man, but he didn't seem to care what I said and told me he did not want to marry me after what he had seen. I told him I did not care about any one else in the world and it would break my heart to lose him, but he would not listen. When he left he said our engagement was ended.

That happened almost two weeks ago and I haven't heard a word from him since. I have written him, but he has not answered. He is back in town now and his mother is better, I have heard.

What can I do to square myself? I have not seen the other man since the night he brought me such suffering and I do not

meat are home-cured and what cuts? Couldn't you give us an article on sunbathing curing and smoking? I am sure your paper reaches other farmers just as it does me, and they would appreciate your recipes for home-curing."

Answer: Tomorrow I shall publish the article you request. Mutton is seldom cured and preserved. From beef we use the cheaper, tougher cuts such as the plate, the shoulder and chuck ribs. But the pieces of meat most commonly used for curing are the ham, shoulder and bacon pieces from pork. The ham should

SPORTS

KING CZAR IS URGED BY SOLON

Stern Measures Demanded If Game Is to Be Saved, Declares Walker

By DAVIS J. WALSH
For International News Service.
NEW YORK, Jan. 29.—"Boxing at this moment is tottering on its feet. With a Landis at the helm it would be immune from interference."
The speaker was Senator James Walker, author of the boxing and baseball laws in New York. He spoke at the baseball writers' banquet at an early hour in the morning, while milk cans rattled and a great city slept.

Those present did not sleep. They were called to attention by the senator's words—an appeal for a national head of boxing. Baseball has its Landis, the motion picture has its Hays, and the theatre its Augustus Thomas. The senator was asking for a supreme head of boxing.
He did not outline a plan whereby this fortuitous state of affairs might be brought about. He merely sounded a call for it.

Needs Stern Guide
"Boxing is a great sport and, conducted as a sport, it is a fine thing," Senator Walker said. "However, there is an inclination on the part of those who hold the destiny of the game in their hands to abuse the confidence that is placed in them. Boxing needs a commissioner of undoubted repute, such as Judge Landis. He conducts baseball in a manner that brooks no criticism. If boxing had such a man at its head I believe that the sport could be saved from itself."
The senator, it is admitted, holds the destiny of boxing in his hands, so far as New York state is concerned. Faced with a multitude of reform bills at Albany, where the common impulse is to legislate the sport out of existence, Walker has been quoted as saying that he "would not walk across the aisle to save boxing."

Man Like Landis
"Boxing must have a man like Landis at its head if it wants to endure," he declared. "There can be no half-way measures. The sport is a national institution and, therefore, it cannot live without national supervision and control. Once a man of Landis' reputation is placed at its head, boxing no longer would be the object of innuendo and thinly veiled rumors of double dealing. It would be so superior to these reports that they would cease to be circulated. It is a condition that must be brought about, if boxing is to live."
Among other speakers were Judge Landis, John Heydler, John McGraw, Christy Mathewson and Irving Cobb.

PSENNERS SHADE BISCUIT QUINTET

Take Two Games in Contest With Pasadena Team On Local Alleys

The Psenner Brothers five won two out of three games from the Pasadena Biscuit company quintet in last night's match in the Foothill league on the Recreation alleys.
Breime of the winners and Stephens of the losers were tied for high game with 235, while the former was high man of the evening with 595 for three games.

Tonight the Radio Gas team meets the Newell Clothing company of Long Beach in a major league fixture.

Only American Victory
Jewtraw scored the only American victory in the speed skating events. He won the opening event, the 500-metre race, but was defeated in the other races conducted as part of the Olympic program.

In the first round of the hockey contests, Sweden defeated Switzerland, 9 to 0.

ASK GRIFFIS RELEASE
WASHINGTON, Jan. 29.—A great petition, bearing 2,500,000 names, and asking for the immediate release of Lieutenant Hoover Griffis, former Ohio army officer, now serving an 18-months' sentence in a German prison for attempting to kidnap Grover Cleveland Bergdoll, was presented to the German ambassador here yesterday.

Graves on the islands in the South Seas are whitewashed to keep out the evil spirits.

GOLF SCHOOL TO BE OPENED HERE

Famous Pro and Referee to Cater to Glendale's Sporting Element

Pioneering a new field in the business world, as far as Glendale is concerned, E. A. Campbell, 704 East Chestnut street, and A. E. Bryan, 1221 Mariposa street, announce the opening of a golf school and sporting goods store to be located at 225 South Brand boulevard. The date of the premiere is set for February 2.

Mr. Campbell, who will look after the golfing end of the establishment, only recently moved to Glendale from Hanford, California, where he was associate pro at the King's County country club. Prior to that he had been associated with such famous figures of the golfing world as Alex. Smith of Bellair Heights, Florida; David Hunter, Essex County country club, Orange, N. J.; and was pro of the Deal Beach golf club of Deal Beach, N. J.

He has given his time to instructional work, rather than to active competition in open events, therefore his name has not come before the public as often as some of the other stars of the links.

Bryan is noted referee
A. E. Bryan, the other partner, is well known to many Glendale people through his refereeing in the Central league last fall. He also handled the whistle in the football games which Glendale played against San Bernardino, Santa Monica and Long Beach. He is a member of the National Officials' association and has inflicted the penalties in many an important contest on the coast and in the northwest.

The store will be entirely different from the average run of sporting goods stores, says Mr. Bryan. The appointments and fixtures will be of the latest design. There will be a lounging room, which will act as a meeting place for golfers who make engagements with opponents from out of town. Large settees and rockers, with thick carpets on the floor, give the place the appearance of a club-room, and it will be available to all residents of this vicinity.

A full line of paraphernalia for all branches of sport will be handled, with the exception of hunting and fishing. Golf, tennis, football, baseball, and handball enthusiasts will be able to find a first class stock of all requisites at the new store, so the owners assert.

Install Putting Green
A feature of the new establishment will be a golf net in the rear of the lounging room, where strokes may be practiced and new clubs tried out, and a putting green in the rear of the store.

A repair shop where golf clubs and tennis racquets will be repaired is also included in the plans. The fixtures, which are now being manufactured, will be in place by Thursday, and the owners hope to have everything in readiness for the opening next Saturday.

FINNISH SKATER MAY RACE IN U. S.

Urge Thundberg to Compete As American Ace Quits to Attend School

CHAMONIX, France, Jan. 29.—Thundberg of Finland, who dominated the skating events in connection with the Olympic winter sports here, has been invited to compete in America, coincident with a statement by Charles Jewtraw, ace of the American team, that he intended to retire from competition.

Jewtraw, in an exclusive interview with International News Service, declared: "I've put on my skates for the last time. I've completed ten years of competitive skating and feel that I have had enough. During that time I hung in the world's records for 100 yards, 220 yards and half mile and can rest on my laurels. I now have a chance to gain an education, and plan to enter Harvard in the fall. I look upon education as more important than skating."

Only American Victory
Jewtraw scored the only American victory in the speed skating events. He won the opening event, the 500-metre race, but was defeated in the other races conducted as part of the Olympic program.

In the first round of the hockey contests, Sweden defeated Switzerland, 9 to 0.

NEW LEAGUES BEING OUTLINED

Many Details to Be Looked After and Progress Slow, Says Frank Kerwin

By AL DIX
Of The Evening News Staff.
"There are so many details to be looked after in forming a new league that we cannot at this time report much progress," said Frank Kerwin yesterday in regard to the new class C organization in which Glendale will have a franchise.

While awaiting definite word from Judge Landis, baseball commissioner, and John H. Farrell, secretary of the national association, regarding the recognition of the new circuit, organization is being completed and the applications of the different cities in Southern California that have applied for franchises are being considered.

Kerwin, who recently left the Dvas company in Los Angeles, where he has been for a long time, is devoting all of his energies to the Southern California Baseball Managers' Association, of which he is secretary; the formation of the new league and the Glendale White Sox team, which he owns in partnership with Grant Leischner.

Keep Close Watch
If the new league goes through, which it eventually will, if not at once, it is practically certain that the White Sox will be the farm for the Angels, as Kerwin and Leischner are very friendly with Marty Krug and Oscar Belchov, manager and business agent for the Los Angeles club, respectively.

Both Angelenos are regular attendants at all Triple A games played in Glendale, and have watched the work of their proteges who have worked in the pale hose, as well as several youngsters Mike Donlin signed during the season.

Eddie Maier of the Vernon Tigers has also been out regularly, watching Gordon Slade, a shortstop, perform. To have a club so close at hand, run by such experienced men as Donlin, Kerwin and Leischner, is an opportunity of a lifetime for both the Angels and the Tigers, and no doubt they will avail themselves of the opportunity to give their youngsters a little more seasoning.

No Big League Stuff
The proposition to have a major league team train here fell through. Although several signified their willingness to come, the owners considered that the guarantees they demanded were out of all question, so negotiations were called off.

At the same time offers have been made to have several of the big league clubs appear here in exhibition games during the spring training season. The Cubs and Pirates of course will be the main attraction in these parts, and their services will come high. But the Seattle Indians, together with the two Los Angeles clubs, will be on hand, so local fans ought to see some real baseball.

G. V. H. S. NETSTERS SHOW GOOD FORM

Chances for Pennant Bright Says Student of Racquet Welders' Work

By SPEED BOY
Glendale Union High school's chances for a tennis pennant again this year look very encouraging. With many of the "sharks" back at the sport this year, they may expect great things from that quarter although three of the best, and probably of the greatest, the school has ever put out—Tommy Morgan, Bob Stanford and Howard Wimmer, have graduated.

Glendale has already built a most admirable reputation for herself for style in tennis the last few years, winning last year from the five competing schools with the following scores: 17-0, 17-0, 17-0, 17-0, 13-4.

The work of Tommy Morgan, who held the position of first man on the team for his first three years, was greatly missed as he was not able to play that season. Stanford took up the gap and played an equally stellar game, featured by a wonderful serve and great strategy in driving and net playing. With the able assistance of Howard Wimmer, Tom Woods, Bob Laird and Lyle McAllister, Glendale took the league pennant with flying colors.

Newcomer Is Star
This year they have, to grace the tennis courts, besides a lot of experienced material, a newcomer, by name, Llewellyn White, a left-handed racquet wielder, who bids fair to beat the best of them. Lyle McAllister, the school's other left-handed demon, is graduating in another week.

Bob Laird with his consistent and speedy drive and serve, with Tom Woods and his ability to return almost anything will endeavor to upset the dope so freely expressed in favor of White. The coming stars worthy of mention are: Wayne Maxwell, Lee Osborne, Francis Hardy, Dale Robinson, Walter Reynolds, Gregg Haskins, Scott Lathrop.

Cheer Leaders to Get Training at Stanford

STANFORD UNIVERSITY, Jan. 29.—To the end that Stanford may never suffer from lack of proper guidance for its cheering sections, a course has been prescribed for all those who wish to try out as candidates for cheer leader, and will be conducted by the varsity yell leaders and members of the Stanford faculty. Professor Strong of the psychology department will talk on "Correct Use of the Voice." The Correct Use of the Voice will be dealt with in practice and theory by Professor Bassett of the department of English. The dramatic coach, Gordon Davis, will show how to develop stage presence; the musical side of the bleacher art will be the theme of Warren D. Allen, university organist, and Andy Kerr will top off the course by prescribing what a coach expects of the Stanford rooting section.

GAS BLAST STARTS FIRE
LOS ANGELES, Jan. 29.—With an explosion that shook the neighborhood for several blocks, a gas main at the intersection of Slanson and Compton avenues caught fire, burning three hours before it could be extinguished, and did damage estimated at \$10,000.

U. S. Rugby Team Has Olympic Victory Chance

SAN FRANCISCO, Jan. 29.—Many famous players will be seen in the lineup of the United States rugby team in the Olympic games in Paris this summer and chances are regarded as bright that America will retain its world laurels in rugby.

More than fifty candidates have turned out for practice and competition for the Olympic team will be stiff. Practice will be strenuous for the next two months and included in the program which will prepare the Americans for the Paris contest are a number of games to be played here between two picked teams.

Harry Maloney, Stanford coach, who handled the American team which won at Antwerp in 1920, is confident this country will triumph again in Paris in May. "Our men this year are on a par with those who were on the team in 1920," Maloney said after watching practice games here, "and when the time comes to select the players to make the Paris trip I feel sure the men picked will be the equal of, if not superior to the Antwerp players. The team certainly will give real competition to any in the world. An American victory seems to me to be in the cards."

Among the candidates for the team are Rudy Sholz, Van

Gym Team Performs At Basketball Games

STANFORD UNIVERSITY, Jan. 29.—To keep the periods between halves of basketball games from reaching monotony, the department of physical education at Stanford is using the time to illustrate and demonstrate its wares.

The Stanford gym team made its first campus exhibition in five years at the recent Santa Clara-Stanford basketball game. On the team are Paul C. Wilbur of Palo Alto, Al White of Oakland, Max Hopper of Palo Alto, Charles White of Pasadena, Ted Smith of Palo Alto, George Baker of Palo Alto, Wayne Smith of Big Creek, Earle Smith of Palo Alto and Gibbons of San Francisco.

Chemicals in a small gas mask that can be carried by miner, will give relief from carbon monoxide, the deadly mine gas, for more than an hour.

Schmidt, Dixon, Piercy, Slater, Kilkerry, Hayward, Doe, Hyland, Hauser, Glasson, Hallman, Millington, Campbell, Dickey, De Groot and Patrick, all former college players.

In addition to Maloney, James Wylie, Steve Guerin and Charles Austin, whose names are held high in the rugby game, are aiding in coaching the candidates.

Rumors, Denials, Alibis

By F. A. GRAHAM
Connie Mack says that Babe Ruth is worth a million dollars. But, you see, Connie is not trying to buy the Babe, so it costs him nothing to say it. Ain't conversation grand?

Miller Huggins says that Frank Frisch of the Giants is a good waiter. Plenty of the boys have to find something to do in the winter to keep the installment collector from the door, and waiting is an honest occupation.

By the way, did you know that Andre Route is bantamweight champion of France? How is he? Does that info give you a thrill? That's just what we thought.

And by the same way, isn't it about time some prominent pugilist wrote a series on self-protection, telling how to foil the thug with a simple twist of the wrist?

Jake Croter, assemblyman from the 38th district, desires to leave politics flat and get back where there is some real excitement. He has made application for a berth as umpire in the Pacific Coast League. Jake was an umpire several years ago in this circuit and went into politics and has been hanging around Sacramento for some time.

The sovereign state of Texas is not what she used to be. Over here the chief sport has now been reduced to the armchair class. The hardy sons of the open

spaces are working up a frenzy over dominos—yes, dominos, and they lay plenty of tin on the line to back their judgment, too, from what we hear.

Fred Mispay has been appointed chief assistant state purchasing agent. Seems as though here was another man mistaking his calling. With that name, what a ball player he would make!

Elton E. "Tad" Wieman, coach of the University of Michigan, is co-author with "Hurly Up" Yost and George E. Little of a book on the fundamentals of football and generalship and coaching tactics, which will be off the press this summer. Tad is well known in these parts and his brothers are also known to sport followers. Don Wieman, the youngest, makes his home in Tujunga with their mother. Another brother, who played on the famous Occidental squad several years ago when that organization made the best of them like it, wears the title of Dr.

The Dayton News opines, in part thusly: "The fact of the matter is, if they want to settle international political disputes, the diplomats and peace-makers may find in baseball the very element to bring about something besides commercial rivalry." We should hope to tell you, imagine a crowd of hard-boiled baseball fans watching an all-American team and a team of Germans trying to settle the question of who is what. Umpires' lives are uncertain enough as it is, but what would they be in a game between the factions of Ireland? One thing is sure: the pop bottle makers would do a rushing business.

INTRODUCING

Wear-well Cords

"All that the name implies"

Standard Quality—Standard Weight
—Low in Price—

NEW, OVERSIZE CORD TIRE, made for us according to our own specifications, backed by the experience, "tire knowledge," resources and the guarantee of the Western Auto Supply Company.

Built to Endure Hard Service

The Wear-well Cord is constructed to give satisfactory service under the most trying conditions. Every step in the process of building this tire is made with one view in mind—"It must give long service." The carcass, made from high-grade, long-staple selected cord, cured on air bags, serves as a foundation for the heavy, smooth-running tread. The sharp edges at the intersection of the center strip on the tread, and the shoulders and bars help reduce skidding to a minimum.

Try one Wear-well Cord. You will find that the economy rests not only in the unusually low price, but in the many additional miles of trouble-free service which the Wear-well will give.

Legionnaires Plan to Attend Installation

A large number of members of the Glendale post, No. 127, American Legion, are planning to attend the installation of officers of the new Verdugo Hills post, No. 288, to be held at the Sparr Heights community house Wednesday, January 30, at 8 o'clock.

Past Commander Chalmer D. Day of the Glendale post will be the installing officer, and a pleasant evening is anticipated by the local legionnaires. They will leave in a body at 7:30 from the Legion hall at 610 East Broadway.

Bachelors Punished Enough Says Printer

SACRAMENTO, Jan. 29.—Discussing his proposed bill to levy a tax on bachelors and old maids, State Printer Frank J. Smith, himself a bachelor, said it was not his intention to punish either bachelors or spinsters but that the motive behind the measure was to provide revenue for the support of abandoned children and orphans.

"As a man who has never been married," said Smith, "I am perfectly willing to contribute my share under such a system of taxation to the support of unfortunate children. As a matter of common justice, the burden of supporting orphanages should not fall on the backs of men with families, but should be met by those unburdened by domestic responsibilities. The tax belongs properly with these men and women who for various and perhaps sufficient reasons have avoided their prime duty to the state and to society."

So far as punishing bachelors or spinsters, Smith declared they already have been sufficiently punished by their self-inflicted loneliness.

Of Boston, Massachusetts

Member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

In The Church Edifice
Corner Maryland and California Avenues

Tuesday Evening, January 29, 1924
At 8:00 o'Clock—Doors Open at 7:00 o'Clock
The Public is Cordially Invited to Attend

Autos' Value in State Nearly \$650,000,000

SACRAMENTO, Jan. 29.—Automobiles registered in California at the close of 1924 will approximate \$650,000,000 in value, according to figures made public today by the state motor vehicle department. It is estimated that 1,300,000 cars will be registered during the year and Will H. Marsh, chief of the department, estimates the average value of each auto at \$500.

Placed end to end, the automobiles registered in California would measure a distance of 2613 miles—enough to reach from San Francisco to New Orleans and back to El Paso again.

Allowing a parking space, fifteen feet long and ten feet wide for each car, they would cover a field seven miles square.

Passenger cars alone, if set end to end, would form a solid line around the state with several hundred miles to spare.

The license plates for these cars, if placed end to end, would reach from Sacramento to Los Angeles. Side by side, these plates would make a path wide enough for a man to walk on from San Francisco to Fresno.

Hays and Others Sued Under Anti-Trust Act

NEW YORK, Jan. 29.—Sidney E. Samuelson, proprietor of a theatre in Newton, N. J., late yesterday filed suit in federal court against Will H. Hays, Famous Players-Lasky corporation, Famous Film company, Associated First National Pictures, Inc., Goldwyn Pictures corporation, and the Metro Pictures corporation, charging violation of the Sherman anti-trust law.

The Equitable building in New York has sixty-three elevators.

FACULTY, PUPILS FACE BUSY WEEK

Reports, Registrations and Elections Scheduled as Semester Ends

With Thursday designated as the day for the issuing of report cards for the past semester, and Friday as registration day for the new semester beginning February 4, together with election of officers for both the Boys' and Girls' leagues scheduled, the current week is an exceptionally busy one at the Glendale Union high school.

The decision of the Board of Trustees to keep the ninth grade at Harvard street when the sophomores, juniors and seniors move to the new building on East Broadway this week-end, has necessitated a slight readjustment of the schedule, stated Mrs. George U. Moyses, vice-principal, this morning. The program for the next semester is now completed by the heads of departments and a copy will be placed in the hands of each student before registration day.

Teachers' Schedules
Any teacher who has classes at the new building will not be called upon to take work in the old building if it can possibly be avoided. At the present time only a few of the teachers will be called upon to take classes at both schools, and it is hoped that they will be relieved of this double duty as soon as the semester's work is adjusted.

With the new equipment in place and the equipment not in use every day moved from the old building to the new, the faculty expects to complete the transfer on Friday afternoon and Saturday so that school will start off promptly in the new building next Monday morning.

The graduates from the Glendale grammar schools, together with the students from other cities starting in on their high school work here, will bring the total number of students to at least 2,200, by far the largest enrollment ever recorded in the local institution. The staff of teachers has been materially increased to take care of the increased attendance.

NEW FLAME WONDER

Talking over the telephone by means of a flame is the latest idea in speech transmission. The telephone flame micromer is an invention of Lee DeForest, and does away with the drum of the telephone mouthpiece. It is a gas flame burning more or less brightly by many thousands of times a second. The purity of the sound is improved upon, since there is no metal weight to be moved by the vibrations.

NEWSPAPER MAIL WILL BE RUSHED

Importance of Delivery to Addressee Rapidly Is Department's Aim

As a result of several months of investigation and study by experts of the postoffice department, Postmaster General New today issued the first definite, concise and complete program that has ever been put out by the department for the mailing, transmission and delivery of newspapers.

This order is most important. It is far-reaching. It gives the same expedition to newspapers as is accorded to first class mail.

The order is the result of painstaking effort on the part of the post office inspectors, under the direction of First Assistant Postmaster General Bartlett. Carefully worked and minute instructions have been issued to all employees engaged in handling the mails, so that there will be no possibility of misunderstanding the importance of getting newspapers to the readers with a minimum of delay.

Like First Class Mail
The essence of the order is that newspapers shall not be mixed with parcels post at any point in their dispatch from the publishers' offices until their delivery to the addressees. Papers shall be handled by themselves, and kept in constant transit, not being sent to railway terminals to be reworked. In other words, they are to be handled in the same manner as first class mail.

An important feature of the order is that no publication shall be given any less efficient or less expeditious treatment than at present. That means that publications other than newspapers will not suffer one iota from this progressive innovation, made by the postoffice department.

Another striking feature of the order is the elimination of sacks of mail which are known to the business world as "mixed mail." Sacks of mixed mail sometimes contain letters, papers and parcels post, and oftentimes the entire contents were packed as parcels post. This order will prevent a recurrence of that condition.

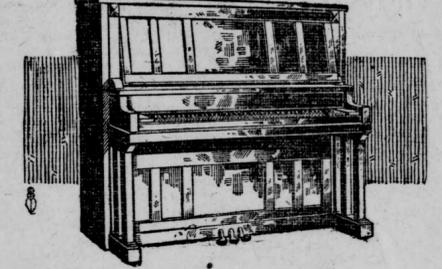

Another important feature of the order is that postmasters are required to notify publishers in each instance when they do not hit the dispatch which they advertise to hit; also to notify publishers when they are sending to wrong addresses and to the addresses of deceased persons. Publishers will also be notified when they are putting up their mail in an incorrect manner.

Use Separate Sacks
Under the new system, newspapers will be made up in separate sacks plainly labeled with the

UNDERGOES OPERATION

Clarence Cobb, 3876 North Lake avenue, Pasadena, underwent a major surgical operation at the Glendale Sanitarium and Hospital yesterday. His condition is reported as satisfactory.
