PREFACE.

We herewith present to the attention of our patrons the seventeenth volume of the Brookline Blue Book.

We cannot say much in addition to what we said a year ago, except we return thanks to all who have responded to our requests for information and aided us in any way while compiling it.

Some years our book comes too late to deliver it to subscribers who go away early for the summer. We shall try to issue the book earlier hereafter, so as to deliver before the departure of any subscriber.

We call particular attention to the announcements of our advertisers and trust they will receive a return for their expenditure.

Expecting to issue the book again early next year, We remain,

Respectfully,

EDWARD A. JONES.

Kelsey's . . . Rare Hardy American Plants and Carolina Mountain Flowers

are grown at the Highlands Nursery, 3,800 feet elevation, Kawana, North Carolina on the slopes of the famous Grandfather Mountain 5,978 feet high. The gorgeous thickets of Rhododendrons in this region miles in extent are world-famed, while the display of the "Flame-Colored Azalea" *A. lutea* on the mountain sides is a dazzling picture never forgotten when once seen.

A NOTABLE ILLUSTRATED CATALOGUE of these and hundreds of other beautiful and rare Hardy Native Trees, Shrubs, Plants and Carolina Mountain Flowers will be mailed free. It is a unique publication, filled with original illustrations and describes the best native plants and tells how to grow them.

. . . . Landscape Design and Planting

The most finished beautiful and lasting landscape effects are produced by the skilful use of our Hardy Native Plants, especially Rhododendrons, Kalmias, etc. and we prepare and carry out plans for the improvement of large or small grounds and estates with special reference to the use of Hardy American Plants and the producing of naturalistic effects. Professional visits made and advice given. For catalogues and particulars, write or call on
