Boys and the Fruit Harvest.

Mr. Herbert W. Lewis, a son of Rev. and Mrs. Lewis, is superintendent of the Boys and Girls Aid Society of San Francisco, and he has been bringing some of the boys here to work during the prune harvest time. Mr. Lewis has a fruit orchard on Budd Ave. just west of town and it is in that vicinity that the boys work. We thought it would be of interest to print a few extracts from the "Child and State" relative to these trips. It says:

"During the fall of 1902 a small party of boys was sent to the Santa Clara Valley to pick prunes. They were out twenty-eight days, and picked over one hundred tons of prunes, besides cutting peaches for neighboring ranchers, and doing other work.

"For the fall of 1903, a party was organized to take the place of the famous Boytown expedition of the South Park Settlement Association, the boys in that expedition having completed their contract and returned to the city on July 20th. The boys of the Aid Society moved into the camp vacated by the Settlement Association, and completed the season's work on what is probably the largest and best berry farm in the State. As the berries grew scarcer, the boys took a contract to dress the vines and clear up the rubbish in a large field of Loganberries, and completed the work in a most satisfactory manner. They picked all the prunes within walking distance of their camp and then moved to one of the hopyards over toward Santa Rosa. They went to work on the 20th of July, and returned to the institution in San Francisco on the 8th of September, having earned \$438.35. Of this amount \$213.50 went into the treasury of the Society, to meet the actual expenses of the expedition, and \$224.85 was distributed to the credit of individual boys and given to them upon their discharge.

"The best understanding of the conduct and industry of this party of boys will be obtained from consideration of the fact that the gentleman on whose farm they camped, and for whom most of the work was done, has urged us to send him another party twice as large this year, and as a bonus has agreed to pay the boys not only the ruling rate for picking berries, but the entire cost of their transportation, to and from his farm.

"A second party of twenty-nine boys was sent into the orchard district about Campbell, in Santa Clara County, at the beginning of the prune season. This party was in charge of only one man. It was out thirty-five days, picked 223 tons of prunes, and brought back \$557. Of this amount \$201 was retained by the Society to pay for the food consumed by the party and for railroad fare, and \$356 was placed to the credit of individual boys, and expended for them upon their discharge, or given to their parents or guardians.

"On both these expeditions the boys did their own cooking and washing, and returned without a single serious accident, every one of them in robust health and leaving behind them a reputation for industry and effective work which will make them more than ever sought for by fruit growers who need such assistance as these children can give.

"For the working season this fall, we have been offered the free use of a fully equipped camp capable of accommodating sixty persons, if we will enter into a contract to gather the prunes on sixty acres of orchard. This year the Sonoma County party went to work on the 15th of June. It consists of fifty boys, and is provided for in a well-equipped camp and accompanied by two men, a cook, and a matron. It will hold on through the berry, prune, and hop-picking seasons. The average age of the boys in the party is about eleven years, and they will be given work, recreation, and rest in such proportions as will insure their being brought back by the middle of September in the best possible condition to enter upon the eight months of school-work which will then lie before them.

"The Santa Clara County party will consist of from thirty to fifty boys who will be with the summer camp of the Society at Guerneville, Sonoma County, for six weeks from the fifteenth of June. They will have a glorious frolic and vacation, then return

to the Home in San Francisco, where their outfit will be made ready, and before the prunes begin to fall they will move down to the valley and camp in the orchards. These boys will average between twelve and fourteen years of age. They will be out for business and what there is to be gained by work, and they ought to earn not less than eight hundred dollars.

"It is sometimes said of child-caring institutions that they do not fit the children in their care for the performance of real duties; that the life of the institution is artificial and unfits a child for meeting the homely difficulties which must be encountered outside. Whether any such criticism is ever justified, we do not assume to say; but we do say with all confidence that any society which can take the waste material in the form of neglected, abused, truant, and disorderly children of the streets of San Francisco, keep them in school eight months of the year, make them proficient in the use of tools, take them to the country where their labor is in demand, protect the interests of closely built neighborhoods where they camp, make these working parties pay their own expenses and accumulate unheard-of bank accounts for the children,—is doing a commendable work and is fit to be trusted with the gifts of the charitable."

SAN JOSE, CAL., Aug. 12, 1904.

Secretary Board of Trade,
Campbell, Calif.

DEAR SIR:—Am pleased to announce that we have arranged effective August 25th for the application of all intermediate class and commodity rates from your city to eastern points.

With respect to the commodities named East-Bound Tariff No. 3—E, a list of which any of our agents can give you, you will be exactly on the same footing as San Francisco.

Yours truly,

PAUL SHOUP.

It will be seen that Campbell has at last secured what it has long desired—railroad rates that will put it on equal footing with San Jose and San Francisco as to rates. No one why Campbell should not have more fruit packing houses now, and with the coming of a new electric road and consequent increase of population, there is no better place than this for new enterprises.

IF Santa Clara County don't take immediate action looking toward the building of an electric road to the Big Basin, via Saratoga, it will make a great mistake. No one who has visited this greatest of natural forests can fail to realize the opportunities that present themselves for a splendid scenic route into this wonderful State park. Better by far have this accomplished at once than the Mt. Hamilton road, but why not have both?

ONE of the best supervisors Santa Clara County ever had was the late S. F. Ayer, who served this county for very many years. His son, Henry Ayer, is an aspirant for supervisor before the republican convention in the district now occupied by F. M. Stern. It is said that he would make a worthy successor to his father and therefore has a host of friends who would like to see him get the nomination.

THE Board of Supervisors has passed a resolution requesting justices of the peace to arrange with the District Attorney to have the county stenographer to report in all preliminaries, and in this there will be a saving to the county of several hundred dollars per month, which has been paid to outside stenographers.

ASSESSOR SPITZER has been summoned before the State Board of Equalization to show why the assessment on property in this county should not be raised. Assessor Spitzer, with Supervisors Roll, Austin and Stern, have gone to Sacramento to protest against said raise.

WHAT Campbell needs now, with the coming of the electric road, is incorporation. Let us get together and talk it over.

LOCAL NOTES.

Mrs. M. J. Wilson and Vaudine Putnam are home from Capitola.

Show your colors! Campaign buttons in great variety at Miss Lawrence's.

Dr. and Mrs. P. C. Hartman are home from their long sojourn at Capitola.

We are glad to note that Jas. Relfe is able to be out of doors again, and although not fully recovered from the effects of his accident, it is hoped that he will soon be able to attend to his business affairs again.

Editor Fulton Phillips returned from Pennsylvania Tuesday, after more than a year's absence. Mr. Phillips is glad to get back, the climate of Pennsylvania not being such that he cares to live there. His family will arrive in a short time.

FOR SALE—New, modern, Los Angeles style, 4-room cottage; bath and pantry; east front; lot 45 x 150 feet; good fruit trees. House hard-finished. A bargain at \$1150, and in a good neighborhood in Campbell. Hurlbert & Kennedy, Agents.

The death of I. E. Bridgen in San Jose this week, removes from earth a man of worth, who was well liked by all who knew him. While living on his fruit farm on the San Tomas road, west of Campbell, he was a great sufferer from disease and his death was not unexpected.

At the meeting of the members of the Congregational Church on last Monday there was a unanimous call to the pastor, Rev. G. E. Atkinson, to the pastorate. It was the close of the first year of Rev. Atkinson's labors here and they have been so successful that the members were unanimous in their wish that he accept the permanent pastorate.

Elgin C. Hurlbert, secretary of the Campbell Board of Trade, went with the State Board of Trade excursion to the Big Basin last Friday, for a two days outing. Of this wonderful redwood park and the trip there and the royal reception accorded the excursionists at the Big Basin, Ben Lomond, Boulder Creek and Santa Cruz, we expect to write next week. It was certainly a great trip with great people.

Mrs. Rachel Henshaw died at her late residence one and a half miles south of Campbell, last Thursday morning, at 6 o'clock. She had lived there for many years with her husband (since deceased) and leaves the following children to mourn her loss: Mrs. John A. Karr, Mrs. Fred Kinsmore, Mrs. G. A. Speegle, Misses Edith, Bertha and Bert Henshaw. The funeral services took place from the Church of Christ, Santa Clara, Saturday afternoon. Interment in Santa Clara cemetery.

World's Fair at St. Louis.

If you want to know about St. Louis Fair and rates just as soon as possible register your name with the nearest Southern Pacific Agent, or write Division Freight & Passenger Agent, 16 So. First St., San Jose. If you are in San Francisco call at Information Bureau, 613 Market Street.

Tangle-foot and poison fly paper at Drug Store. Fresh stock.

The W. C. T. U. will hold a Mothers Meeting at the residence of Mrs. Whitman on Sunday afternoon, Aug. 21st, at 4 o'clock.

F. M. Lockwood and been given a franchise for an electric road from San Jose to Berryessa. It is evident that our county is to be a network of roads.

Prunes are coming in to the drier fairly well. Peaches are being shipped now and prices are good, especially for clings. The cannery is running on pears.

The Board of Supervisors has ordered five new U. S. Standard voting machines. It is hoped that Campbell will be favored with a machine at the fall election.

A. D. Phelps, watchmaker and jeweler, and dealer in stationery, notions, bakery goods and choice confectionery. Up-to-date goods at reasonable prices. Soda and ice cream. Next to postoffice.

"Labor, calling, profession, scholarship, and artificial and arbitrary distinctions of all sorts, are incidents and accidents of life, and pass away. It is only manhood that remains, and it is only by manhood that man is to be measured."—J. G. Holland.

There was a fair sized audience at the lecture given by Rev. Thos. Young last Friday night, the subject being: "From San Jose to Jerusalem." It was highly interesting and no doubt there will be a large number present at his second lecture on Friday, August 26th, when he will give an account of his trip from Jerusalem through Egypt and Europe to New York. On Friday of this week John E. Richards, Esq., of San Jose, will give a lecture at the Methodist church on "Personal Recollections of Famous Orators." Admission, 25c.

Representative Brownlow, of Tennessee, tells that once he was running a country paper during campaign times, and was printing "fighting" language every week. One day, just after the paper was out, a big man, armed with a club, walked into the sanctum and fiercely inquired if the editor was in. The frightened Brownlow had wit enough to answer that he was not, but that he would go out and hunt him up. He started for the street, and at the foot of the stairs met another irate fellow, who asked: "Will I find the editor of this dirty sheet upstairs?" "Yes," said Brownlow, "he's up there at his desk just itching for a fight." The second man went up, and Brownlow disappeared. Which whipped the other is not related—and Brownlow didn't go back during the day to find out.—Gilroy Telegram.

SILVER BELLS

Revolution in
Bread-Making

We have found the flour that is going to make a revolution in Bread Making.

WHY?

It is made from Blue Stem Wheat and Hard Wheat from Minnesota, and it is blended in such proportions as to produce flour for bread making that has never before been offered in this community.

Silver Bell Flour, the miller tells us, contains 28 per cent gluten.

Housekeepers coming here from the East ask why they can not obtain flour equal in quality to Pillsbury's Minnesota Flour.

The answer is that most California flour is made from Australian Wheat, while Minnesota's best Patent Flour is made from Hard Wheat.

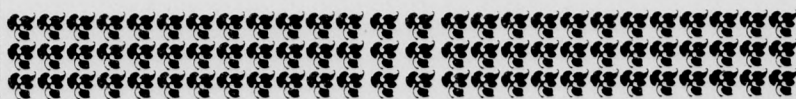

SILVER BELL FLOUR is put on the market with the assurance that it is not excelled in quality by any flour whether made here or in the East. We claim for Silver Bell Flour that it will make from eight to ten more loaves of bread to the barrel than flour made from Australian Wheat and we are going to offer this carload of Silver Bell Flour at the regular prices for our local flour:

Barrel.....\$5.10
 100-pounds.....\$2.55
 50 pounds.....\$1.30

It is our expectation that every bread maker in Santa Clara county will not rest satisfied with her bread until she has given the Silver Bell Flour a trial.

CAMPBELL

(THE ORCHARD CITY)

Lies 50 miles south of San Francisco on the Santa Cruz division of the Southern Pacific Railway, 5 miles from San Jose, in the famous Santa Clara Valley, the garden spot of the State.

SCENERY SUPERB

With the Santa Cruz Mountains to the west and south and the Coast Range on the east, a majestic amphitheatre is formed, the beauty of which can not be excelled anywhere. Campbell has an altitude of 195 feet. The cool breezes from San Francisco bay at the north insure an even and comfortable temperature throughout the summer months, while the winters are warm and pleasant. Flowers bloom out of doors the year around.

EDUCATIONAL ADVANTAGES

Campbell has a population of about 600. It maintains a (third class) post-office which distributes mail to 3,000 patrons, covering over 30 square miles of orchard homes. There are two churches—Methodist and Congregational—a first class High School and Graded School, and within a few miles are two Universities, two Colleges, a State Normal School and several Business Colleges and private schools.

The Stanford University with its marvelous architecture is only 20 miles away.

NO SALOONS

Campbell has a complete water system of its own. It has electric lights and power for mechanical purposes, which is distributed throughout the orchard district. A telephone exchange serves over 40,000 people. A prohibitory clause in all deeds to property within the town limits, prevents the saloon from being established.

MINERAL SPRINGS

The hot springs of Alum Rock Canyon and Congress Mineral Springs are within two hours' drive, giving a panoramic view of the entire valley.

The Almaden Quicksilver Mines, the largest in the world are within easy access by rail or team.

The largest seed farms in the world only 10 miles distant.

CONGREGATIONAL CHURCH.

REV. GEO. E. ATKINSON, Pastor.

We are always glad to see strangers at our services. We should be pleased to welcome you and to have you worship with us. Feel free to make this your church home.

You will find our meetings bright, brief and brotherly. Services every Sunday morning and evening. Sunday School after morning service and Endeavor just preceding the evening service. Our midweek service is Wednesday evening. "Come thou with us and we will do thee good."

Rev. H. H. Wikoff, the Pacific Coast Secretary of the C. C. B. S. will be with us next Sunday both morning and evening. Our annual offering for that cause will be taken at that time. In the evening Mr. Wikoff will give an illustrated address on his work. A most cordial invitation is extended to all to join in worshipping with us at that time.

METHODIST CHURCH.

REV. J. F. JENNESS, Pastor.

The following services will be held next Sunday: 10:15 a. m. Class meeting. 11:00 a. m. Morning worship. 12:15 p. m. Sunday-school. 6:30 p. m. Senior and Intermediate Leagues. 7:30 p. m. Evening worship. A cordial welcome will be extended to all these services.

The pastor's subject next Sunday morning is "The Value of a Soul." In the evening the Presiding Elder, Dr. W. S. Matthew, will preach. Dr. Matthew is one of the best preachers of the California Conference. Come and hear him.

The Fourth Quarterly Conference will be held Monday evening.

Stencils Cut.

In addition to making a specialty of rubber stamps, we have fitted up the most complete stencil cutting plant in the interior. Stencils cut neatly, promptly, accurately. Quincy Calgleser Printing and Rubber Stamp Co., 24 W. Santa Clara St., San Jose.

FINE ROADS AND RESORTS

The Santa Clara Valley boasts of the finest roads to be found in the State. It has over 350 miles of sprinkled rural highways. In attractions for tourists the Santa Clara Valley can not be surpassed. Thirty-two miles eastward over a magnificent mountain road is the famous Lick Observatory on Mt. Hamilton, 4,444 feet above sea level. There are numerous mountain retreats within two hours' drive for those who love the camp and sparkling brook. The sea beach to the southward 27 miles by rail or carriage drive, and through the most beautiful mountain scenery in the world.

A trip to the Big Trees, twenty feet in diameter and two thousand years old, will furnish a delightful day's outing.

FRUIT CENTER

Campbell's mammoth fruit dryer and packing house is the largest in the world. It has a capacity of over 10,000,000 lbs.

The Campbell Orchard District is noted for the quality of its fruits. For delicacy of flavor and beauty and perfection of color, its cherries, apricots, peaches, apples, plums, grapes and pears, have no equal in their fresh state, and command the highest market price. As cured or dried fruit the Campbell prune, apricot, and peach is shipped to every civilized country on the globe. Nearly one-half of all the prunes grown on the continent are from Campbell orchards. One and a half million cans of fresh fruits are packed in Campbell every season.

The demand for intelligent labor is increasing every year. Families desiring profitable employment in orchards, packing houses and canneries find this an ideal home.

LAND VALUES MODERATE

Land values are very moderate—bare land brings from \$100 to \$300 per acre and when set to trees sells from \$200 to \$1,000 per acre, according to location and age of orchard. Ten to fifteen per cent is an average net income, while many places yield a much higher rate.

A short Campbell home is one surrounded with HEALTH, WEALTH and PLEASURE.

BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent mull-p and air-tight can of this medicine from his dealer or get his stock in vigorous health by orders. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROSELLE, GA., Jan. 30, 1902.

Black-Draught Stock and Poultry Medicine is the best I ever tried. My stock was looking bad when I bought me the medicine and now they are getting so fat. They are looking 20 per cent better.
