SOVIET TRADING OFFICE IN LONDON

Privy Council Will Be Asked to Rule On Board of Commerce

Supreme Court of Canada Divides Evenly on Question of Profit-Fixing and Leaves Situation Just As It Was; Ottawa Clothing Order As Test.

Ottawa, June 1.—(Canadian Press)—The Supreme Court of Canada divided in its opinion to-day on the jurisdiction of the Board of Commerce of Canada as a profit fixing tribunal. An order, which the Board proposed to issue on retail clothiers in Ottawa limiting the profit which any retailer may make on men's suits and overcoats to a net 15 per cent, was upheld by the Chief Justice, Sir Louis Davies, and Justices Anglin and Mignault. Justices Idington, Duff and Brodeur refused to uphold the order.

It is understood that the matter will be taken to the Imperial Privy Council.

The result of the judgment is that the status quo remains unchanged as regards the powers of the Board of Commerce.

The case which the Board referred for a ruling on the Supreme Court sought to apply the powers ostensibly derived from the Combines and Fair Prices Act to a particular commodity in a specified community. The power of the Board to investigate alleged combines and price-fixing arrangements is specific in the Act and has never really been called in question. The recent reference to the Board of Commerce to regulate profit-taking in a limited area, instead of through an order which affected the whole Dominion.

Lengthy Argument. The argument preceding the ruling was lengthy. Commencing in March, two days were spent by counsel for the Attorney-General of Canada on behalf of the Board and counsel for the Canadian Manufacturers' Association and several similar institutions, as well as for the Attorney-General of Manitoba in the matter of provincial rights. At the end of this argument it was decided that the argument had been too general and a reference of a point of the particular order referred to was made to permit the Supreme Court to judge of the propriety of the exercise by the Board of Commerce of such power as profit-fixing in particular instances. Arguments were presented in both cases by W. F. O'Connor, K.C., for the Attorney-General of Canada, and W. N. Tilley, K.C., and Eugene Lafleur, K.C., for the opposing interests.

Delayed. Many phases of the Board's activities have remained undeveloped during the past few months pending the ruling of the Supreme Court. The appointment of a permanent Chief Commissioner following the resignation of Judge H. A. Robson from that post last March also has been postponed by the Government for the same reason. The Board has been carrying on under the direction of W. F. O'Connor, with James Murdock, Labor's representative on the Board, as Assistant Commissioner.

MEDALS FOR LARGE FAMILIES IN FRANCE

Government Will Give Gold Medals to Mothers With Ten Children

Paris, June 1.—Announcement by the Government that medals would be given to mothers of large families has resulted in a large number of applications being received. The medals will be given under an order issued by the Minister of Public Health and will be tokens of the nation's gratitude to mothers who have raised families of healthy children. To mothers having five children, the youngest of whom is not less than five years old, a bronze medal will be given. The mother of a family of eight will receive a silver medal, while one who has ten children will be awarded a gold medal.

20,000 IDLE IN SHEFFIELD DISTRICT

London, June 1.—Twenty thousand workers in the steel industry in the Sheffield district are idle in connection with the proposal to introduce a three-shift system. The proposal affects six unions, five of which were willing to accept. Two thousand engineers and firemen belonging to the sixth union, however, refused to accept and ceased work, thus obliging the others to remain idle.

60,000 BOLSHEVIKI IN AZERBAIJAN

London, June 1.—A Constantinople dispatch says the Bolsheviki forces in Azerbaijan now aggregate 60,000. Old officials of Azerbaijan are now out of office.

PARLIAMENT STILL HAS MUCH WORK

Houses at Ottawa Have Completed Third Month of Session

Franchise Bill Remains to Be Put on the Books; Budget

Ottawa, June 1.—(Canadian Press)—With the beginning of June Parliament has completed the third month of the session and there is still much business to be done. The last few weeks, however, have seen important developments. The Grand Trunk Bill, recently fought in its passage through the House, has received the Royal assent and the temporary board of management has been appointed. The Franchise Bill, after a total of seventeen days' consideration in committee, has not yet been reported, although it is not expected the bill will now occupy the House more than a couple of days or so.

Of chief interest during the last month, however, has been the return of the Prime Minister after his five months' holiday and the presentation of the budget. Much postponed and heralded by the usual army of rumors, the budget aroused the keenest curiosity, and as Sir Henry Drayton rose to lay his proposals before the House he faced a crowded hall and gallery, all eagerly expecting. The proposals broke new ground and in that aroused both approval and criticism. Two supporters of the Government have announced their intention of voting against the budget. There are rumors of other bolters, but they have not yet made themselves evident.

GEN. AGUILAR TO LEAVE MEXICO

Vera Cruz, June 1.—(Associated Press)—General Candido Aguilar, Governor of Vera Cruz and son-in-law of the late President Carranza, has surrendered to the new Government, and will be allowed to leave the country.

RUSH TO BUILD AS LUMBER EASES OFF

Workingmen Started To-day on Three Down Town Structures

Sudden slackness in the lumber market here, which will mean, however, say is only temporary, accompanied by the actual cutting of prices by Puget Sound mills, has added zest to the building in Victoria.

Although there may follow no immediate cut in lumber prices here, the slackening of the export market stands a chance of being supplied with material instead of being told that they will have to wait indefinitely for lumber.

FRENCH IN CILICIA MAKE ARMISTICE WITH MUSTAPHA

London, June 1.—The Turkish Nationalist forces and the superior command of French troops occupying Cilicia, Asia Minor, have concluded a twenty-day armistice, which at its expiration may be renewed, according to a Constantinople dispatch to the Exchange Telegraph Company.

Provincial Voters' List Will Close On July 15

At a meeting of the Oliver Cabinet this morning it was decided to close the new provincial voters' list on July 15 next. The Court of Revision will be held six weeks afterwards, according to the provisions of the Act passed at the recent session of the Legislature.

In making this announcement this morning the Hon. J. W. de B. Farris, Attorney-General and Minister of Labor, emphasized the fact that all previous lists used in provincial elections were automatically cancelled by the new statute. In other words only those persons whose names appear on the lists now about to be compiled will be permitted to exercise the franchise when the forthcoming referendum on the prohibition is submitted to the people of the Province. Inclusion in a former list and absence from the

RACE RIOTS NEAR CHICAGO QUELLED; NO DEATHS REPORTED

Chicago, June 1.—Rioting between sailors and marines from the Great Lakes naval training station and negroes at Waukegan, a suburb, which for a time last night threatened serious proportions, was brought under control early to-day after 200 additional provost guards were hurried to Waukegan in motor trucks. A number of shots were fired, but it was not believed anyone was hit.

Liberal Leaders Expect Election During 1920

Vancouver, June 1.—In anticipation of a general election in Canada before Spring of next year, the National Liberal Council of fifty-four, the governing body of the national Liberal Party, has been summoned to meet in Ottawa on June 8, 9 and 10 in the rooms of Hon. W. L. Mackenzie King, the Liberal Leader.

This announcement has been made by Charles E. Campbell, who is the executive secretary for the British Columbia representatives, who will leave on Thursday for Ottawa. The Council, with a membership of fifty-four, includes the eight Provincial Liberal Premiers and Hartley Dewar, the Leader of the Liberal Opposition in the Ontario Legislature.

NOT KEEN ENOUGH ON DEPORTATIONS

American Attorney-General Blames Assistant Labor Secretary For Attitude

Washington, June 1.—(Associated Press)—Charging that Louis F. Post, Assistant Secretary of Labor, "has a perverted sympathy for the criminal anarchist," Attorney-General Palmer told a House committee today that in dealing with attempts of the Government to rid the country of dangerous aliens Mr. Post had employed a "self-willed and automatic substitute of his own mistaken personal viewpoint for the obligations of the public law."

ALFONSO TO VISIT THE ITALIAN KING

Rome, June 1.—Pope Benedict has issued an encyclical letter announcing that while he maintains the claims of the Holy See to temporal power, he renounces the order forbidding Roman Catholics to visit the King of Italy in Rome. It is understood the first monarch to visit Rome under the new conditions will be King Alfonso of Spain.

GOOD ROADS MEN MEET IN WINNIPEG

Convention of Canadian Good Roads Association Opened This Morning

Winnipeg, June 1.—With delegates present from eastern and western Canada, the seventh annual convention of the Canadian Good Roads Association opened here this morning. Sir James Aikins, Lieutenant-Governor of Manitoba, and Premier T. C. Norris welcomed the delegates on behalf of the province. Mayor Charles F. Gray welcomed the delegates to the city.

PECK TELLS ABOUT FISHING IN B. C.

Japanese Gaining, Skeena Member Informs Ottawa Commons Committee

Ottawa, June 1.—That Japanese fishermen are gaining such a strong hold on the salmon fishing industry of British Columbia that a white man has little show, was a statement made by Lieut.-Colonel Peck, V.C., to the Fisheries Committee on Pensions and Re-Establishment today.

Last year there were 2,177 Japanese given licenses as against 417 British Columbia fishermen. The Japanese "jigger" their naturalization papers back and forth and so overcome the law which requires naturalization before a license can be issued.

MASONIC LODGES IN HUNGARY ARE FORCED TO DISSOLVE

Copenhagen, June 1.—A dispatch from Budapest says the Hungarian Minister of the Interior has issued a decree dissolving all Free Mason lodges, the funds of which will be confiscated and devoted to "humanitarian purposes." It adds that it is alleged that the lodges even before the war were revolutionary centres.

STATES QUESTION NEARER SOLUTION

T. W. Lamont Says Powers Aiding China Clearing Far Eastern Situation

San Francisco, June 1.—The Far Eastern question, which for years has directly or indirectly affected all the leading nations of the world, has been brought one step nearer solution by reason of the assured formation of the consortium to aid China, members of the Commonwealth Club of California were told to-day by Thomas W. Lamont, a member of the New York banking firm of J. P. Morgan & Company, who has returned from the Far East, where he was instrumental in effecting Japan's entrance into the consortium.

FOREST FIRES IN QUEBEC PROVINCE

Situation at Some Points Improved; People Advised to Leave Village

Quebec, June 1.—Reports received from the Matapedia Valley this morning concerning the forest fires in that region show an improvement. Fires at St. Andrews have been extinguished and those at Neiget and St. Marcellin are now under control. Other important fires, however, have broken out in the limits belonging to Price Brothers at Lac Deslles, along the Red River. For the past ten days no color has been permitted to burn any brush.

INSPECTORS START AFTER DODGERS OF NEW TAXATION

The first of the staff of inspectors appointed by the Dominion Government to see that everybody pays the new taxes started out this afternoon on the job of rounding up tax dodgers. Merchants are to receive sudden calls from these inspectors, who will look over their businesses and see that the Government is getting at least all that it should.

PROVINCIAL CIVIL SERVICE TO HAVE HOLIDAY THURSDAY

In keeping with the procedure to be followed by the Dominion Government and its Civil Service on the occasion of the King's birthday the various offices of the Provincial Government at the Parliament Buildings and in this and other cities of the Province will be closed all day on Thursday of this week. This decision was reached at this morning's meeting of the Cabinet as a result of the official intimation from Ottawa.

DELEGATES GO TO CONVENTION OF G.W.V.A. AT FERNIE

Vancouver, June 1.—Delegates from the coast will leave this evening for the provincial convention of the G. W. V. A. at Fernie, which will open on June 4. The assembly is scheduled to sit for two days, Friday and Saturday.

BUBONIC PLAGUE AT VERA CRUZ

Vera Cruz, May 31.—(Associated Press)—President Wilson has offered to send hospital ships, nurses, doctors and medical supplies to Vera Cruz immediately to assist in combating the bubonic plague, which has made its appearance here, eleven authenticated cases having developed to date and five deaths resulting.

DRIVE CATTLE ON LORD SLIGO'S LAND

Some of Westport, Ireland, People Seized Fifty-eight Acres

Dublin, June 1.—After making a futile appeal to Lord Sligo to surrender part of his estate to them for tillage and grazing, townspeople of Westport, County Mayo, forced the gates of the property yesterday, drove away the owner's cattle and drove in their own cows. Altogether about fifty-eight acres of land were seized by the people.

SOME BRITISHERS STILL ARE BEING HELD AT BAKU

Constantinople, June 1.—The Bolsheviki have shipped 100,000 tons of oil from Baku to Russia by sea.

FRANCO-GERMAN ECONOMIC MEETING WILL BE RESUMED

Paris, June 1.—The sessions of the Franco-German economic conference probably will be resumed at an early date with the question of the exchange of French iron ore for German coal and coke uppermost.

MURDOCK WANTS LETTERS PUBLISHED

Commerce Board Member Wants Public Informed About Robson's Retirement

Ottawa, June 1.—The Ottawa Journal says: "The annual report of the Board of Commerce was received by the Government this morning. As stated by The Journal the other day, the report is in two sections, of which one is signed by W. F. O'Connor and the other by W. G. Murdock.

INSPECTORS START AFTER DODGERS OF NEW TAXATION

Returned soldiers are being appointed to the jobs because of their fearlessness in scouting and hunting down clues of critics of the new taxes.

INSPECTORS START AFTER DODGERS OF NEW TAXATION

Just as it was given out that inspectors were really started on the job, local brokers and traders received a sudden jolt when it was announced by telegram from Ottawa that "each share of stock transferred without regard to registration or issue of new certificate is taxable and the tax is effective only from the date the Act is assented to."

INSPECTORS START AFTER DODGERS OF NEW TAXATION

Brokers Hard Hit. Brokers here had been under the impression that this tax of two cents a share would apply only on stock actually transferred on the register

Bolsheviki to Open Trading Centre In London, Says Paper

Result of Conference Krassin Had With Lloyd George Yesterday, Says London Evening Standard; An Endeavor to Arrange Exchange of Goods.

London, June 1.—As the first result of yesterday's meeting of Gregory Krassin, Russian Bolsheviki Minister of Trade and Commerce, with Premier Lloyd George and members of the British Cabinet, the Soviet Government, according to The Evening Standard, has been granted permission to open immediately a central trading office in London.

At this office, the newspaper says, an endeavor will be made to organize an exchange of goods with British traders.

How We Interpret Service

Promptness—When we're wanted anywhere we go and waste no time about it. If we can't go right away we say so.

Workmanship—If a job's worth doing it's worth doing well. If it's not worth doing we leave it alone.

Charges—Now, this is the vital point to hundreds, although to us workmanship comes first. If you ask us to estimate EXACTLY we can do it—no changing of prices afterwards. If you ask for a "rough idea" of the cost, our estimate won't be far out.

Try "The Plumbers."

CRERAR AND OTHERS SHARED IN DEBATE

Crerar Said Fiscal Policy Similar to Britain's Would Benefit Canada

Commons Also Heard Donald Sutherland, Joseph Archambault and Others

Ottawa, June 1.—Hon. T. A. Crerar, one time Minister of Agriculture in the Union Government, and now Leader of the National Progressives, delivered the principal speech on the budget during yesterday afternoon's and last night's debate.

His main criticism of the budget was that its whole tenor was to place the burden of taxation on the shoulders of the man least able to bear it. On the broad question of protection and free trade he declared that the Canadian Council of Agriculture did not stand for absolute free trade, as so many seemed to think. It stood for placing on the free list such articles as the implements of production needed for the development of natural resources.

He declared himself pleased that the Government had at last announced its policy on the tariff. For a long time, there had been doubt in the public mind as to where the Government really stood. There had been much anxiety, but the matter had now been settled. The two conflicting elements in the Government, low tariff and protection, had apparently reached a settlement.

Mr. Crerar referred to the different statements on tariff matters which had been made, and particularly to the speeches of Hon. Arthur Meighen at Montreal, Kingston and Winnipeg. In some of these the Minister had spoken for "adequate protection," and in others moderate protection or tariff for revenue.

Mr. Meighen declared that the latter two phases were all that he had used. That was exactly where he stood. Mr. Crerar was pleased there was no doubt now as to where both the Government and the Liberal Party stood in regard to the tariff.

Mr. Meighen had set out to show that free trade in Great Britain had proved a failure. Mr. Meighen had many times defended doubtful cases, there never was such a hard proposition undertaken as the one assigned to him the other night.

Mr. Crerar said that if there had been a decline in agriculture in Great Britain the land policy rather than free trade. But there had been no such decline.

Protection, said Mr. Crerar, had reduced the subject of the effect of free trade on the United Kingdom. The latter's recent statement that Great Britain had lost much in prosperity as a result of its fiscal policy, Mr. Crerar said, was "a most extraordinary statement." During the war Great Britain had financed her colossal operations, and this soon after the war proposed this year to pay off \$1,000,000,000 of her national debt.

Mr. Crerar took issue with Mr. Meighen on the subject of the effect of free trade on the United Kingdom. The latter's recent statement that Great Britain had lost much in prosperity as a result of its fiscal policy, Mr. Crerar said, was "a most extraordinary statement." During the war Great Britain had financed her colossal operations, and this soon after the war proposed this year to pay off \$1,000,000,000 of her national debt.

GREAT BOLSHEVİK DEFICIT REPORTED

London, June 1.—The official organ of the Russian Bolshevik Government reports an estimated deficit for 1920 on the operations of the nationalized industries of 23,756,700,000 rubles, according to a Berlin dispatch to the Exchange Telegraph Company.

BOLSHEVİK FORCES AND PERSIAN AREA

London, June 1.—It seems probable that serious Bolshevik designs against Persia are not intended until after the hoped-for over-running of Georgia and Armenia and the capture of Matum are accomplished, says a dispatch to The London Times from Teheran, dated May 20. A small Bolshevik force from Astara, on the Caspian Sea, which demonstrated toward Urdebil when Enzeli was bombarded, was with-

drawn. But the force fell among thieves in the shape of the Shabsavend, who inflicted heavy losses on them, capturing two guns and all their machine guns. Thus the Shabsavend, who, after looting their own countrymen and emissaries of the Government from time immemorial, turned patriots by accident, says the dispatch.

WHEAT BOARD.

Calgary, June 1.—Whether the Wheat Board will be continued or not depends on the desire of the farmers, according to H. W. Wood, president of the United Farmers of Alberta, and a member of the Board, who returned here yesterday from the East. If the farmers desire the Board, it will be continued, he said.

ARMY CAMP UNCERTAIN.

St. John, N. B., June 1.—"I am not in a position to say definitely whether the Summer military camps are off or not," General Sir Arthur Currie said in an interview here yesterday.

BOLSHEVİK TROOPS MOVE IN ARMENIA

London, June 1.—Two Russian Bolshevik cavalry regiments crossed the Armenian frontier at Uzunoola on May 21, and are advancing into Armenia, says a delayed dispatch from Tiflis.

Armenia has protested to the Soviet Government, and has sent troops, it is said.

DEARER SUGAR.

San Francisco, June 1.—A price of \$26.30 a hundredweight was declared by the San Francisco-Hawaiian Sugar Refining Company yesterday for its latest allotment, the new price being an increase of \$3.05 over the previous figure. Jobbers' and retailers' profit rules imposed by the United States Attorney-General would mean a price to the consumer of 23 3-10 cents a pound in the San Francisco Bay region.

DRAYTON HEARD RETAILERS' VIEWS

Retail Merchants Do Not Wish to Collect Luxury Tax

Ottawa, June 1.—"The burden of collecting the discriminatory and confusing luxury tax, which they consider 'ill-advised, poorly conceived, and poorly devised,' was asked to be removed from their shoulders by the retail merchants of Canada, at a special interview with Sir Henry Drayton, Minister of Finance, in the Chateau Laurier yesterday, at which some 200 retailers from all over Canada were present.

Instead of making the retail merchants collect the tax, they asked that it be collected at the source of supply, namely from the manufacturer and importer, and absorbed in the same manner that all systems of taxation are absorbed. Full sympathy and co-operation with the Government was expressed by the retailers, through Henry Watters, Ottawa, who acted as chairman of the meeting.

JAPAN NOW WANTS ALLIANCE RENEWED

Nation Wishes Understanding With Britain Continued; Some Modifications

London, June 1.—The Pall Mall Gazette says the question of the renewal of the Anglo-Japanese alliance has not yet reached the state in which its consideration by the British Cabinet has become imperative. The newspaper says it believes Premier Lloyd George favors utilizing the occasion of renewal to help forward the principle of disarmament.

ting thanks lately," he said, "but curses." After all, he was only a glorified choreboy, who was their servant.

The memorial, which was presented to Sir Henry and read by Mr. Watters, was a lengthy document and said that no other commercial class was in a better position to determine the needs and requirements of the retail trade than those engaged in it. Upward of 200,000 retail merchants operated in Canada, by far the largest in any good position to know the feeling of the public pulse.

Objections.

The memorial pointed out objections to a tax on sales, and also to the plan of compelling retailers to place war stamps on articles. In the opinion of the retailers, the ideal system was based on the principle of "ability to pay," and one whereby it could be collected in the simplest manner.

In reading the budget they had noted that six different systems of taxation were proposed: Customs, excise, taxation on sales, income tax, luxury tax and stamp tax. They had no comment to offer on the customs or excise tax. With regard to the tax on sales, the wholesalers and manufacturers were passing it on to the retailer. He was paying it out of his own pocket.

With regard to the income tax, the retailers expressed surprise that only \$20,000,000 was collected through this system, "and it is evident that a great many persons are evading this tax."

JAPAN NOW WANTS ALLIANCE RENEWED

Nation Wishes Understanding With Britain Continued; Some Modifications

London, June 1.—The Pall Mall Gazette says the question of the renewal of the Anglo-Japanese alliance has not yet reached the state in which its consideration by the British Cabinet has become imperative. The newspaper says it believes Premier Lloyd George favors utilizing the occasion of renewal to help forward the principle of disarmament.

Efforts will be made in the next few weeks to solve the difficulties between the United States and Japan, The Pall Mall Gazette adds, after which the possibility of widening the scope of the treaty to include the United States would be much less remote than appears to-day.

A Tokio dispatch of May 20 said: "The Cabinet has decided to open negotiations for renewal and revision of the Anglo-Japanese alliance, which Great Britain is said to be willing to maintain with modifications, according to The Yomi Uri Shimbun. Though some of the covenants will be changed to harmonize with the League of Nations, the newspaper says it believes there will be no alteration of the principle with regard to safeguarding the peace of Eastern Asia, and India, the integrity of China and the maintenance of the reservist rights and special interests of Japan and Great Britain in the Far East."

"Marquis Shigenobu Okuma, former Premier, has issued a statement saying that, although the downfall of Russia and Germany has removed the original positive reasons for the alliance, the uncertain conditions in China and Siberia and the agitation on the part of the Mohammedans of Southern Asia make a renewal of the pact desirable as a negative instrument of peace."

A Tokio dispatch of May 28 quoted The Asa saying that Baron Gonshuke Hayashi, the new Japanese Ambassador to Great Britain, would take up negotiations for a renewal of the Anglo-Japanese alliance immediately upon his arrival in London.

WASHINGTON BERRIES WILL BE SMALL

Seattle, May 31.—Shortage of strawberries Friday was the most acute since the season opened with California, and Kennewick, the only fruit offering to any bulk, sold at \$7.75 per crate. One crate arrived from Bellevue, the first on the market from the local districts. Buyers were eager for the fruit at any price and raised no objection to meeting the advance caused by competitive bidding and rush for offerings. Plenty of berries are promised for this week.

Owing to the near approach of the local shipping season, jobbers have been reluctant to order California, which are now of secondary quality and shrink heavily in transit. Survey of the local berry fields shows that the fruit will run to small sizes this year, owing to cold weather and the cold ground.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California."

And Another Group of Dainty White Voile Blouses are Offered at **\$2.95** Exceptional Value

COTTON MARKET SHAKEY

Gradual Unloading of Stocks By Manufacturers With Lower Price Tendency.

New York, June 1.—It is becoming more apparent that some of the low prices quoted by second-hand holders of both finished and unfinished goods refer only to small lots of merchandise. Converters, who are showing some signs of operating in the gray or unfinished goods market to a greater extent than they have shown for some time, assert that as soon as real bids for goods are thrown into the market offers to sell are withdrawn.

Throughout the market, however, there is a general but gradual unloading of stocks in second hand through the medium of reduced price. In some cases mill are said to be considering slightly lower prices for late delivery orders, particularly on lower grade goods. Price on fine combed yarn fabrics are still firm in first hands. The intermittent strikes in the

Skin Tortured Babies Sleep Mothers Rest After Cuticura

New England mills are keeping production at a low level and preventing overproduction, even though active buying has ceased.

THE GILT EDGED SECURITY.

Great Britain's growth of exports, the unmistakable recovery of her industrial strength, and the proof which the Government has given that it intends to start paying off its loans out of the proceeds of its revenue must have convinced the world that the solvency of the Old Land is quite unimpaired.

It is quite true that five per cent. War Loan is now on sale at ninety pounds sterling, and the rate of interest on certain classes of Government investments actually is over seven per cent.

But these conditions should cause little or no uneasiness. They are the inevitable results of the acquisition of new wealth, the speculation of a new class of business men.

SESSIONAL INDEMNITIES.

Indications are that the sessional indemnities of members of Parliament will be substantially increased during the present session and we may assume also that Parliament will be the target of considerable criticism throughout the country on that account.

It is absolutely impossible for the average member to live within the present indemnity, especially if his home is any considerable distance from the capital.

On top of that he must pay for clerical assistance as well as for many telegraphic messages which his devoted constituents shower upon him and forget to prepay.

Of course, men of independent means are not worried over the indemnity question, but as we have pointed out on a previous occasion it is not a good thing for the country to restrict our Parliamentary representation to people of independent incomes.

A GENERAL ELECTION?

A Vancouver dispatch says the governing body of the National Liberal Party of Canada has been summoned by the Hon. W. L. Mackenzie King to meet in Ottawa next week in anticipation of a general election to be held before next Spring.

There is very little likelihood of a general election in Canada before next Spring. No Government in its senses would go to the country on the heels of a budget such as that which was introduced by Sir Harry Drayton and which is raising a big howl from producer, manufacturer, retailer and consumer, all of whom it hits in varying degrees.

Parliament will not expire until near the end of 1922, but we doubt if the Government could withstand the disintegrating influences operating against it until that time.

IRON AND STEEL INDUSTRY.

According to an announcement made to the Legislature by the Hon. William Sloan during its recent session the Provincial Government intends to take such steps as may be necessary towards the establishment of rolling mills in British Columbia.

STRICTER IMMIGRATION METHODS.

There is some satisfaction in the announcement which comes from Ottawa to the effect that more caution is to be employed by the immigration authorities at all points of entry into Canada as an additional safeguard against the influx of mental defectives.

It is not enough to tap the pocket book and query the nationality of the new arrival who is able to prove—upon cursory examination—that there is little prospect of his or her early translation to the category of a public charge.

This is a question, on the other hand, which should bespeak a policy of co-operation with the Governments in the country of the emigrants' origin.

NOTE AND COMMENT

To-day is the day on which the eight-ounce liquor prescription supersedes its two-quart forerunner.

Cabled advices intimate the abandonment of the proposal to make levy on war wealth in Great Britain. Thus are the hopes of many chartered accountants dashed to the ground.

For the trading year of 1920 the Bolshevik Government of Russia anticipates a deficit on the operations of nationalized industries of the trifling sum of 23,756,700,000 roubles; in other words something approaching twelve billion dollars.

Bank Clearings for Victoria last month totalled \$11,589,319, as against \$9,364,188 in the corresponding period last year, while there is an increase for the five months of \$11,400,000 over the corresponding months of 1919.

Germany's delegates to the Industrial conference in France have returned to the Fatherland highly pleased with the prospects of an early trade development between the two countries.

OTHER NEWSPAPERS' VIEWS

MAIDLESS TIMES

Next logical step in paying premiums for finding vacant apartments or houses is for finding servants. An advertiser in the agony column of The London Times offers \$50 to anybody who will find two housemaids "who will stay three months."

SUSPICIOUS SIGN.

Mr. Roberts, a banker in a Western town, was very bald, and was in the habit of wearing his hat in the bank during business hours. Every week a negro employee of the bank presented a cheque and drew his wages.

GERMAN ELECTION BRINGS DISORDERS

Persons Are Reported Injured During Outbreaks at Campaign Meetings

London, June 1.—Disorders are taking place in Germany as a result of the political campaign in that country, according to a dispatch from Berlin to the Exchange Telegraph Company.

DROVE CATTLE ON LORD SLIGO'S LAND

(Continued from page 1.)

tered in all directions, and the troops pursued them in vain. A meeting of the "triple alliance," made up of the railway men, miners and transport workers, yesterday passed a resolution, which was referred to the Laborite Parliamentary committee, urgently requesting the convening of a special trades union congress to decide on what the attitude of the American people should be toward the production and handling of munitions for Ireland and Poland.

The Earl of Reading, speaking with regard to the Irish question yesterday afternoon at the Aidway Club, an Anglo-American organization, said: "No British Ambassador has ever gone to the United States without the intense desire in his heart to announce to the American people that the Irish problem has been solved, but, with the fatality which seems to accompany the Irish cup, fulfillment has always been dashed from his lips."

Lord Reading added that until the Irish themselves reach some agreement on self-government "it is difficult to see what can be done."

INSPECTORS START AFTER DODGERS OF NEW TAXATION

(Continued from page 1.)

ment. As the fluctuations in the price of these stocks is only a few cents there will no longer be any incentive to deal in them.

Wholesalers Must Pay. The Department of Inland Revenue also announced to-day that all sales made by wholesalers are subject to the one per cent. tax, even if part of these sales are retail.

To-day's tax declarations given out by Ottawa through the Collector of Inland Revenue include:

Sales by manufacturer or wholesaler to consumer are liable to sales tax. Sales tax of one per cent. is applicable to sales of lead, copper and zinc when sold by a producer. It applies also to sales by manufacturers and wholesalers.

Coffeoneery includes candied peel, candied popcorn, candied fruits, candied nuts, sweetened cocoa and chocolate, paste or liquor in blocks or cakes weighing one pound or less. Also the following when coated or iced: Pies, cakes, biscuits and other pastry.

Bona fide repairs made for consumers or users are not taxable except in the case of repairs to fur garments. The latter is subject to luxury tax if charge for repair is over \$75. Sheepskins are exempt from luxury tax. The sales of houses or real estate by auctioneers are not subject to sales tax.

Articles plated with antimony are subject to the tax as plated ware when used for household purposes. Canadian raw leaf tobacco sold by the cultivator is not subject to the sales tax of one per cent.

Raw hides sold by farmers are not subject to the one per cent. sales tax. Silver bullion is exempt from sales tax of one per cent.

On account of the great shortage of FUEL OIL the majority of Steamships, Factories and Buildings, etc., are changing over to the burning of coal.

This in turn will create a heavy shortage of Coal next Winter.

Therefore KIRK'S advice is to

"Buy Coal Now"

NO RULING.

Washington, June 1.—The United States Supreme Court failed again to-day to decide the validity of the prohibition amendment and portions of the enforcement act and recessed until next Monday, when the present term will close.

Another Down Town Garage. Workmen yesterday got to work clearing the way for the foundations of the C. W. Gordon garage that is to run through from Fort to View Streets on the vacant land just below Blanshard. This garage will be 230 feet long and will accommodate 42 cars.

Others who got to work building to-day are M. Ross, who is putting in a handsome and compact home at 808 St. Charles Street; C. MacFarlane, who is making \$1,000 addition to his home on Croft Street; and William Frewing, of 527 Francis Avenue, who is also adding to his home. W. B. Mitchell, of 1211 Kenzie Street, is building a new garage.

General John Hughes, brother of Sir Sam Hughes, M.P., former Canadian Minister of Militia, has just bought seven and one-half acres of the John Percy estate at Elk Lake, including the Percy home. General Hughes is coming out here to live, it is understood. He has been a frequent visitor to Victoria.

Fernie Brewery Employees Quit Work. Fernie, June 1.—The employees of the Fernie Brewery, Braving Company here suspended work this morning and that plant consequently is shut down. The local brewery workers are members of the international union, and the agreement between them and the company expired last midnight. Early in the month the employees presented their demands for a contract for the current year which carried substantial increases in all rates of pay. The company did not consent and with the expiry of the agreement the strike to-day automatically followed. About twenty-five workers are affected.

HUGE LOSS CAUSED BY RECENT RAILWAY STRIKE IN FRANCE. Paris, June 1.—Twenty-two million francs was the loss suffered by the state railway system by reason of the recent strike, according to an estimate by M. Letroquer, Minister of Public Works. This system has one-fifth of the railroad mileage of France, and its estimated loss of revenue gives some idea of the cost of industrial troubles in this country.

BOLSHEVIKI ADMIT LOSS OF GROUND

(Continued from page 1.)

London, June 1.—"Russian Bolshevik forces fighting against the Poles and Ukrainians in the Tarashchana region, south of Kiev, have retired to new positions after fighting with superior enemy forces," says an official statement issued in Moscow yesterday and received here by wireless.

Several villages to the north of Molodechno, northwest of Minsk, which were abandoned by the Soviet troops on Saturday, have been re-occupied after heavy fighting, the statement says. In this sector the battle continues.

In the Zhlotayn-Mozir district, in the centre of the active front, fighting continues near the railroad running west from Retchitsa, and is favorable to the Bolsheviks, the statement declares.

AMERICANS LEAVE RHINE COMMISSION

Coblenz, May 31.—Via London, June 1.—The resignation of Pierrepoint E. Noyes, American delegate on the Rhine Commission, and the withdrawal of Americans from that body were in pursuance of a policy of the State Department in Washington, which seeks a reduction of American representation in Europe, according to a statement made by Mr. Noyes to-day.

AN ONTARIO DEATH.

JP-ISLAND MAILS ARE CONSIDERED

Board of Trade in Touch With Branches Regarding Daily Service

Recent advices elicited from up-island communities by the Victoria Board of Trade has uncovered the fact that where Cumberland has been in daily touch with Vancouver for mail service and only a tri-weekly service with this city, it now has been reduced to a tri-weekly service with the mainland city.

A letter received from the secretary of the Port Alberni Board of Trade states that the reason given by the Deputy Postmaster-General for the delay in consideration of the up-island daily mail project, has been due to the fact that the Postmaster-General has been ill. A further letter from J. P. MacLeod states that Cumberland will be included with Port Alberni and Courtenay in the daily mail service.

W. H. Dawes, secretary of the Sidney Board of Trade, has written to F. Edworthy, secretary of the Victoria board, asking that mail service be obtained for a twice daily service Victoria to Sidney either way. Mr. Dawes states in his letter that J. C. McIntosh, M.P., has been in communication with that body and claims that the matter is now receiving attention, and holds out hopes for a satisfactory settlement all round.

FIREMEN GET NO FURTHER INCREASES

Victoria firemen will get no further increase in salary than that granted them some time ago, the City Council decided last night.

Before the Council meeting the Fire Wardens Committee met the firemen and discussed the salary question. Alderman Carruthers, chairman, told the Council that a majority of the committee felt that it "had nothing further to report, merely suggesting that matters be allowed to rest as they are."

Alderman Fullerton wanted it understood that he, as a member of the Fire Wardens Committee had not favored a refusal to grant a higher salary. He felt that the firemen's request that they be put on an equal standard with the police should be granted.

No action was taken on the matter by the Council.

WRITES B. C. NOVEL

F. St. Clair Dickinson, known in literary circles on this continent and in England as Butler Dickinson, has just completed his new novel "Altars of Fire," which is to be published in London. The story unfolds itself almost entirely on Vancouver Island. There is a tender love tale running through the novel with the chief scenes on the sheltered beaches and groves along the indented shores of this coast.

Mr. Dickinson came to Victoria from Toronto and Moose Jaw. Until a couple of months ago he was on the staff of The Colonist. He then resigned to devote himself to his literary work. Mr. Dickinson has written several books which have been given world-wide circulation. While his last book, on Famous Canadians, was being published in Toronto, educational officials of Ontario saw the proofs. The result was that the Department of Education bought all the rights to the work and Mr. Dickinson's book is now an authorized text book in all Ontario Schools. "Altars of Fire" has been bought by a London publishing house.

"I CAN'T HELP BUT PRAISE TANLAC"

Mrs. Ardiel Says All Signs of Her Rheumatism and Dyspepsia Are Gone

"I feel so well and strong after taking Tanlac, that I cannot help but praise it as the very best medicine I have ever tried in my life," said Mrs. C. A. Ardiel, of 147 Lorne St. West, Vancouver, B. C., when relating her experience with Tanlac.

"I have had such bad health for the past three years that really life was hardly worth living. The very sight of food nauseated me. I had to eat, of course, in order to live, but after every meal my food would lie on my stomach like a heavy stone, and then it would ferment and bloat me up until I could hardly breathe, and my heart would beat like a trip hammer. I had such violent headaches for as long as three and four days at a time that I was driven almost frantic, and became so nervous that I couldn't stand anyone around me. I had sharp, stabbing pains across the small of the back, and such rheumatism in my arms and shoulders that I could not move them without pain, and after going to bed at night they would ache so that I could not rest. My sleep was so disturbed that I was always tired out in the mornings, and I became so weak at last that I could hardly drag around.

"But since taking Tanlac I am like a different woman. I have a splendid appetite now, and everything agrees with me so perfectly. All signs of rheumatism and pains in the back have disappeared, and I haven't had such a thing as a headache since I finished the first bottle. I feel so strong and full of energy now that I want to be up and doing all the time, and it is a real joy to be alive, now that I have such good health. I am more grateful than I can say for all the good Tanlac has done me, and have every confidence in recommending it to others."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

FRIENDLY HELP ASSITS MANY CITY FAMILIES

The Friendly Help Association reports a good attendance at the monthly meeting this morning, sixteen being present. In May forty families were assisted, representing about 160 persons. The treasurer announced that all bills had been paid, although the finances have been left very low. The association acknowledged with grateful thanks the following donations received in May: from the city, J. D. Virtue, A. Sincere Friend, C. F. Todd, H. Lethaby, Mrs. Saunders, H. Heater, W. A. Cameron, Walter Walker & Son, Gilbert D. Christie, Mrs. Dunsmuir, D. James Angus, A. C. Flumerfelt, Miss Douglas, A. Montzambert, Mrs. Lovatt, A. Friend, James Adam, Victoria City Dairy Company.

KIWANIS ADOPT SET OF BY-LAWS

Successful Luncheon Covers Business and Much Merriment

The main business matter that appeared before the Kiwanis Club at luncheon to-day was the consideration of the new by-laws. Introduced by M. W. Graham, the president, the by-laws were given a rapid passage through the assembly.

On the conclusion of the weekly business, Dan Campbell, the Kiwanis secretary, called attention to a fellow member "mister" will be fined one dollar. Anyone arriving late for the weekly luncheon will be fined ten cents. Anyone not arriving in time to be seated will be fined five cents. The weekly drawing for the attendance prize was conducted on a list being chosen and the names numbered. Six numbers were drawn from a hat, and the last was the lucky man, Harold M. Diggon. He was awarded the drawing and was roundly cheered when he drew a first for himself. The prize of one gallon of Eastern Canadian maple sugar was delivered to him by Mr. Christie, the donor.

APPLAUSE

Carveth Wells, Mr. Lorimer, Calgary, Mr. Hewing, and Cyril Faxton were guests introduced to the assembly. The theatre men protested that a twenty per cent. tax would make the profitable operation of theatres impossible and they were inclined to agree with them. It was pointed out, however, that one large theatre company in Vancouver, which is selling stock at present was possible and the hope of very large profit and interest to its shareholders. This, some of the audience seemed to think, did not bear out the idea that an increase in the tax would be out of the question.

EXTENSIVE CHANGES IN LICENSE SYSTEM TO BE CONSIDERED

Revision of Present By-law to Be Discussed by Council

Revision of the Trades License By-law which came into effect last year will be considered by the City Council probably next Monday. Mayor Porter announced to-day. The changes in the by-law proposed are for the purpose of doing away with a few injustices and discrepancies which, it is admitted, exist at present.

Suggested changes in the by-law are embodied in a report on the matter submitted to the Finance Committee of the Council yesterday by City Solicitor H. B. Pringle. Most of the recommendations advanced probably is that dealing with the license fees charged to all beverage-selling establishments be divided into two classes, (a) those selling all kinds of beverages allowed by law, and (b) those selling alcoholic contents. For the first class a half-yearly tax of \$75 is proposed and for the second class a half-yearly tax of \$10. The increased revenue which the city would derive from these changes semi-annually, it is stated, would amount to \$1,300.

In the case of manufacturers of beverages two classes would be established, the first including establishments manufacturing all beverages allowed by law, and the second all those manufacturing beverages with less than one per cent. alcoholic content. For the first class a half-yearly tax of \$75 is proposed and for the second class a half-yearly tax of \$10. The increased revenue from this change, it is stated, would be \$200 every six months.

It is proposed, in connection with licenses on automobile repair shops, that a change should be made to permit the selling of supplies and the fixing up of cars other than carrying on a regular machine shop and fix a fee at \$30 instead of \$10 for six months. No increased revenue need be expected from this source, it is stated.

The report recommends that in future the covers on hair-dressing establishments and barber shops be fixed according to the number of people employed. The semi-annual tax proposed would be \$100.

It is suggested that bond brokers be charged \$25 every six months, with a resulting increase in the city's revenue of \$250 every six months.

Recommendation is made that lumber manufacturers be charged according to the number of persons employed, the maximum fee for each six months being \$50. The fee is now \$25. This would increase the civic revenue \$100 every six months.

The same plan is suggested in connection with machine shops. It is proposed that where two or less people are employed the semi-annual tax should be \$10; where three are employed \$15, and where four or more are employed \$20. The increased revenue from this change would be \$100.

A half-yearly tax of \$20 for merchant tailors carrying stock is recommended. For all other tailors the tax, it is suggested, should be governed by the number of people employed. It is proposed that the tax be \$20 for every six months where two or less people are employed, \$30 where three are employed, and \$50 where more than five are employed. It is estimated that the loss of revenue from this change would amount to \$600 every six months.

The number of persons employed also would govern the charges levied on barristers and solicitors. Where one person is employed the charge would be \$15 for every six months; where two are employed \$20 and where three or more are employed \$25. The increased revenue from this change, it is stated, would be about \$100 every six months.

The total gain in revenue, according to the report, would be as a result of these changes, about \$2,500 every half-year.

At a meeting of the Natural History Society held last night an interesting discussion took place on growing green plants in the Summer months. Contrary to the opinions of some of the members, C. C. Pemberton, in an able address on the subject, stated that other trees than the Douglas fir formed this sugar. He referred his auditors to Ganong's "The Sugar Forming Plant," in which the matter is fully discussed.

Of interest to tree lovers will be the treatise in Ganong's on this subject, which picks up in general the working green plants containing chlorophyll that the process is one of formation or synthesis, and that it takes place under the action of light. The sugar forming process is called photosynthesis and the substance is known as photosynthate.

Mr. Pemberton emphasized the fact that the sugar is mainly formed in the green leaf, and gave figures to prove his contention. It is stated that a single leaf will cover itself with sugar to the depth of one millimeter in an hour during the Summer months. Again that one gram of sugar is formed for each square millimeter of leaf per hour or one-fifth of an ounce per square yard per hour, in green plants in Summer, the amount formed in Winter being stated as half the Summer quantity.

The Natural History Society members discussed the point and were interested in the statement that beet will thrive on this sugary excretion. Mr. Pemberton says that there is some doubt on this latter point and that he would be glad to hear of anyone who had observed the effect of the green photosynthate on beets.

IRRIGATION GRANT

Order Area Near Creston Helped by Conservation Fund.

In accordance with the terms of an order-in-council passed by the Provincial Executive this morning the sum of \$12,600 will be loaned to the Erickson Irrigation District which is situated in the neighborhood of Creston.

The funds will be drawn from the Conservation account and the improvements to be undertaken are in connection with the general water supply to a substantial orchard area at present hindered in its development by inadequate irrigation service.

COMPLETELY GRIPPED

Terrible Experiences of Mr. J. Harrop

It is seldom that anyone who has been continually exposed to every weather condition does not contract some form of Kidney or Rheumatic trouble. In many cases, cold, settling in the kidneys, so weakens those important organs that they are unable to filter the waste and poison out of the blood. The latter is carried throughout the body, causing uric acid to accumulate in the joints, with consequent rheumatism, stiff joints, swollen ankles, lumbago, sciatica, neuralgia, constipation, torturing pains in back and side and head. These ills can all be made right. Gin Pills give quick, certain and sure relief. Read what Mr. J. Harrop writes to us:—

"I have been crippled up so completely that I could not stand. Work was out of the question. A few doses of Gin Pills put me right, I cannot praise Gin Pills too much, and every home should have a box."

Gin Pills can help you. If you suffer from backache, or have that dreadful feeling of lassitude, with floating specks before the eyes, highly-colored urine, stone in the bladder and general debility, get Gin Pills at once. At all drug stores or dealers, 50c. Money refunded if you are not relieved. A sample large enough to demonstrate its value, free on request.

The National Drug & Chemical Co. of Canada, Limited, Toronto, United States Address, Na-Dru-Co., Inc., 203 Main St., Buffalo, N.Y.

MORE PERSONS ARE NOW EMPLOYED

British Columbia Labor Situation Shows Much Progress

Statements were tabulated from 499 firms in British Columbia by the Dominion Employment Bureau with an aggregate payroll of 63,735 employees. These firms reported that they made additions amounting to 4,498 persons in their staffs since the end of the preceding week, an increase of four and one tenth per cent. An increase of the week of May 1 had been expected, but the actual increase was more than twice as large as that anticipated. For the week ending May 8, however, it was estimated that a decrease of 272 persons or four tenths of one per cent. would take place. In comparison, however, with the figures for January 17 a substantial increase in staff of 4,334 persons or seven and three tenths per cent. was registered.

The largest increases during the week under review occurred in railway construction, water transportation, iron and steel products, railway transportation, edible animal products and logging, firms in which groups expanded their staffs by respectively 889, 709, 244, 196, 131, and 128 persons. The increases registered in 12 other plus groups were small, railway construction anticipated having a further large increase during the week of May 1, it being expected that 130 persons would be added to the railway construction employees. On the other hand, iron and steel products and railway and water transportation anticipated showing decreases, that of 421 persons expected in the last named group being substantial. The declines, however, in iron and steel products and railway transportation were small. Three other plus groups are expected to show nominal reductions and five groups proposed having no changes during the succeeding week.

Some Decreases. The largest decreases during the week under review as compared with the returns for the preceding week were registered in lumber and its products where 94 fewer persons were employed. In eight other groups nominal declines were registered. Lumber and its products anticipated having some recovery during the week of May 8. Two other minus groups expected their staffs to remain stationary, three anticipated having slight reductions and three anticipated showing similar increases.

The largest increase registered in comparison with returns from the same firms for January 17 was in railway construction, which reported increases since then amounting to 1,733 persons. In fishing, logging, building construction, lumber and its products, pulp and paper, miscellaneous and other industries, telephone operation, wholesale trade, railway and water transportation, increase of between 100 and 600 persons were registered. Ten other groups reported minor additions. On the other hand, 7 industrial groups reported reductions in staff since the middle of January. The declines since then of 206 persons and 133 persons respectively in iron and steel products and metallic ores were the only large reductions registered.

HE COULD WAIT. To save transport, a certain landowner decided to float his timber down a river like he had read about them doing in Canada. He explained the method to his foreman, Old Bob. Old Bob did his best, but managed finally to topple into the river, making a wild grab at a log as he fell.

He tried to lift himself on to the log, and as he did so caught sight of his own feet, which had risen to the surface on the other side.

Help was at hand. Other workmen got a boat and rowed to his rescue. By Old Bob heroically waved them off.

"Never mind me; I can hang on!" he said. "Save that other chap who's in head first!"—Tit-Bits.

HELPFUL HINT.

He (tenderly)—"It's a mistake for a man to go through life alone."

She—"Why do you get your own to chapel?"—you?—The Widow.

A BEDTIME STORY UNCLE WIGGILY AND NEDDIE'S CLAWS.

By HOWARD R. GARIS. Copyright, 1920, by The McClure Newspaper Syndicate

Uncle Wiggily Longears, the bunny rabbit gentleman, was hopping over the field and through the woods one day when he heard a chorus of shouts from the animal boys playing in a field nearby.

"Butter claws!" "Don't let him play!" "He's all right for football, but not for baseball!"

"Those were some of the things Uncle Wiggily heard. A few minutes later he saw Neddie Stubtail, the boy bear, come slowly walking along, looking sad and unhappy, and starting down at his long, big claws.

"What's the matter, Neddie?" asked the bunny rabbit gentleman. "Is the game over?"

"It's over for me," sadly said Neddie. "They don't want me to play with 'em any more," and he looked back toward the field where the other animal boys were still having a ball game.

"What's the matter?" asked Mr. Longears. "Oh, they say my claws are so big that I can't catch the ball," answered Neddie. "I muffed it and Jackie Bow Wow made a home run and they said I was 'butter claws,' so I came away. I wish I didn't have such long clumsy claws," went on the boy bear, looking at his paws, dissatisfied like.

"I wish I didn't have such long Clumsy Claws."

Some apple trees flavored with strawberries. "Let's go over on the island and get some peaches," proposed Neddie. "The water isn't deep and we can easily wade there."

So Uncle Wiggily and Neddie waded across the shallow brook to the island in the middle, and soon they were picking blackberries which grew on orange trees. Neddie pulled down the branches and helped Uncle Wiggily scratch off the plums and sweetmeats.

"There, see how useful your claws are," said the bunny gentleman, as Neddie snibbed off some apricots. "Well, maybe they are good for this, but not for much else," said Neddie, as he reached for a large watermelon growing just over his head on a grape vine.

The boy bear and bunny gentleman were having a good time until all of a sudden, it began to rain. Oh, it rained so hard as never was! And, only that there was a hollow tree on the island they might have been made soaking wet. But they took shelter in the tree until the rain was over.

But when they started to leave the island, to wade to shore, they could not. The brook had been made so high and deep by the sudden shower that it could not be waded.

"Oh, dear! What shall we do?" cried Uncle Wiggily. "We shall have to stay on this island all night, and Nurse Jane will be worried about me. If we only had a boat or a birch bark canoe! There is bark on the trees; but how can I get it off to make into a canoe?"

"I guess I can pull some bark off with my long, strong claws," said Neddie Stubtail, and, surely enough, he did. With his long, curved claws he stripped some bark from a birch tree, and he and Uncle Wiggily made a canoe boat and soon paddled safely to shore, with some popcorn balls which they picked from a lemon tree.

"Well, thanks to you, Neddie, we are saved," said the bunny as they stepped into the bark canoe. "And never again tell me your claws are of no use!"

Neddie laughed and said he wouldn't. And if the ceiling doesn't fall and try to go to sleep on the floor, where the carpet is lying down, I'll tell you next about Uncle Wiggily and Jackie's coconut.

They Soon Paddled Safely to Shore.

"Never, wish anything like that," said Uncle Wiggily. "If I were made of some use, else you wouldn't have them."

"I don't see what good they are," grumbled Neddie. "If I could meet a hinh snip off my claws."

"Nonsense!" laughed Uncle Wiggily. "Come and take a walk with me, and perhaps you may have an adventure in which your claws will prove very useful," and the bunny gentleman twinkled his pink nose, like the wheel of an automobile.

"Well, if we happen to meet the Pipseswah or the Skeezicks, maybe I could scratch one of them, but I don't see what else my claws are good for," sighed Neddie.

"Hush!" exclaimed Uncle Wiggily. "Don't mention the Pip or Skeel. I've seen enough of them!"

Uncle Wiggily and Neddie walked along together for some time, and pretty soon they came to a little brook, in the middle of which was an island. It was cool, shady and green on the island, and on it grew

Obituary Record

The death took place this morning of Mrs. Katherine Starmer Huckell at her late residence, 517 Government Street. The late Mrs. Huckell was born in Ottawa 72 years ago, and was the widow of Benjamin Huckell, of Ottawa. Left to mourn her loss are one son, Frank Huckell, of Seattle, and one daughter, Mrs. Curry, of Ottawa, and three grandchildren, Frank Huckell, and the Misses Dorothy and Midge Durick, of Victoria. A service will be held at the B. C. Funeral Chapel at 2 o'clock, after which the body will be forwarded to Vancouver for cremation.

The remains of the late George Bridges were laid to rest yesterday afternoon, the funeral taking place from the B. C. Funeral Company's chapel at 2 o'clock, service being conducted by Rev. F. A. P. Chadwick at the chapel and grave, the hymn "Jesus, Lover of My Soul" being sung. There was a very large attendance of friends, many beautiful flowers being sent. The following acted as pallbearers: L. Cousins, J. Sault, P. Merriman, W. H. Stokes, J. T. Sault, N. K. Nelson.

The funeral of the late William Kay took place yesterday afternoon at 1.30 from the Thomson funeral home, Rev. William Stevenson, officiating. The hymns "Nearer, My God to Thee" and "Rock of Ages" were sung at the service. The following acted as pallbearers: John Hall, Alex. Wilson, John Diver, S. Hamilton. Interment took place in Ross Bay Cemetery.

The Anti-Tuberculosis Society disbanded this morning at the final meeting of the society, which after some years of work has wound up its affairs and handed over a balance of \$366.75 to the Victorian Order of Nurses, on the understanding that tubercular patients are cared for. The society gives as its reasons for disbanded lack of funds, partly through there being no city grants, and no tag day, and through lack of interest on the part of the general public. Representatives were appointed to the Victorian Order of Nurses, Mesdames Love, Henry Heisterman, Wilkinson and Lennox.

SOCIETY HAS NOW DISBANDED ITSELF

Do not get another for another with ink, or of Protruding Pins or surgical operation required. What Prominent Victoria People Say of "The End of the Road"

"The End of the Road' puts a difficult subject in a clear manner."—Rev. W. Baugh-Allen, Rector, Anglican Church, Esquimalt.

"This is a splendid film, showing things that it is absolutely necessary the world should know in a way both instructive and inoffensive."—Mrs. Margaret Jenkins, President of the Women's Canadian Club.

"It is a good story with a good moral, neither over-drawn nor offensive."—Dr. Walter Bapty.

"It is a forceful and clear presentation of a vital and difficult subject."—Dr. W. Howard Miller.

"I hope that every parent in B. C. will arrange to have their children see this picture."—Nursing Sister E. T. Tyre.

"I can heartily endorse 'The End of the Road.'"—Dr. J. H. Moore.

The Most Unusual Morality Play of the Age

at the Theatre

ROYAL VICTORIA

There can be no two codes of morality for the sexes. The stern hand of medical science, with its indisputable array of facts, has wiped out the convention that condemned a woman for ever who transgressed the moral code, while it qualified the man who "sowed his wild oats" as all the better a husband for that. The tolls of the priprose path are paid, not only by the man who treats it, but by his wife, and the children yet unborn.

The lesson is brought home with startling realism in "The End of the Road," the remarkable morality play showing at the Royal Victoria Theatre, Tuesday, Wednesday and Thursday of this week. The picture is shown here under the auspices of the Canadian National Council for Combating Venereal Diseases, and is approved by Dr. H. E. Young, Provincial Health Officer.

Claire Adams, starring in the production with Richard Bennett, is a beautiful Canadian girl who has recently achieved a number of notable screen successes, her latest appearance in New York being at the Strand Theatre in "Riders of the Dawn" the dramatization of a Zane Grey novel. She is the niece of Mrs. Edgar Lee, of Vancouver, and the granddaughter of the late Capt. W. H. Adams, chief factor of the Hudson's Bay Company.

DOMINION

Wallace Reid's talents are evidently not confined to the screen. At least, in his new picture, "Double Speed," which is proving a thoroughly enjoyable comedy at the Dominion Theatre this week, he is shown as the hit of the evening at a fashionable dinner party, where he entertains on the violin. Screen fans will remember that in a previous picture, "You're Fired," Mr. Reid was shown as a trap drummer.

It is a fact that in real life the breezy star is very fond of music and can play practically any instrument extant. He has organized a jazz

band of his own at the Lasky studio, which was a welcome attraction at all Red Cross and other drives during the war and now frequently amuses the people of Los Angeles at benefits and other affairs. "Double Speed" is a Paramount Aircraft picture directed by Sam Wood.

VARIETY

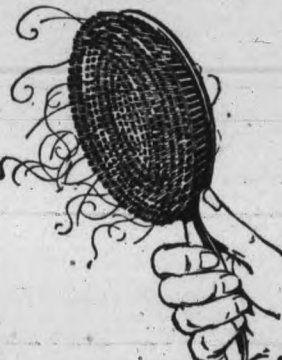

A spectacular scene, worthy of a "stunt picture," forms the climax of Irene Castle's latest release, "The Invisible Bond," which will be on view at the Variety Theatre for to-day and to-morrow. As the story goes, a wealthy New Yorker, infatuated with a heartless coquette, disguises himself as her chauffeur and takes her for a wild automobile ride. Maddened because she spurns his attentions, he drives the car at terrific speed through fences, shrubbery, open fields, and finally plunges it over a 400-foot waterfall and meets death at the bottom. Director Maigne chose for this scene the cliff at Taughannock Falls, near Ithaca, N. Y. Five cameras were used, catching the plunge from as many angles. The fall of the machine is startlingly registered against the background of the rushing water.

COLUMBIA

The late Richard Harding Davis gave the world the popular romance, "Soldiers of Fortune," which will be seen as a photoplay at the Columbia Theatre all this week. This story pictures the life of the pioneer and engineer, and the outposts of civilization, who toil with no regard for fame or glory. The praise of the engineer is unsung. Whether his task is the harnessing of mighty rivers the laying of steel rails across desert wastes, or the building of roads through mountainous countries, he goes forth to his task without thought of hazard or risk. Mr. Davis' first-hand knowledge of the engineer's life inspired him to write "Soldiers of Fortune" as a tribute to this unsung hero. It was dramatized by Augustus Thomas, and the play had its New York premiere, starring Robert Edeson at Charles Frohman's Savoy Theatre, March, 1902.

CLEVER BAREBACK

RIDING IS FEATURE

Famous Riding Lloyds and Other High Class Acts Comprise Pantages Bill

Opening with an unusual aerial performance and terminating with a real Wild West exhibition which embraces some daring bareback riding, Pantages show this week contains all the features necessary to guarantee a successful evening.

In a typical Western setting the Famous Riding Lloyds of Sioux antecedents perform some remarkable riding feats and the scene is heightened by the complete Indian regalia, wig-wags, war-whoops, war paint and war dances.

The raw-boned mustangs so familiar on the great prairie reserves, however, are not a part of this show, the equines being well-groomed and well-fed animals of the circus type, but this in no way detracts from the excellence of the performance. It is an act of real merit and worthy of its high place on a high class bill.

The Upside Down Millettes open the show with a sensational and novel trapeze exhibition, who completely reverse the work of other aerial artists by performing thrilling feats on the swinging trapezes, balanced on their heads.

Just to show what really can be accomplished in such an unusual and precarious position the Millettes amaze and whirl amazingly while in this topsy-turvy attitude. This is the best aerial act that has ever been seen on the Pantages stage.

The Seven Bell Tones are accomplished musicians performing on the cornet, trombone, violin and piano. Apart from the excellence of the playing, with classical and popular selections included in the repertoire, the act is charmingly staged with the performers appearing in costumes of the Georgian era.

Early and Lighth, assisted by Glen Echo, appear in a comedy skit entitled "On the Water Wagon," which is productive of much merriment. Early and Lighth have been here before but they can always be depended upon to make good. Glen Echo is a new attraction who can sing and dance nicely.

Del-A-Phone, novelty vocal comedian, is one of the successful one-man acts. His methods of imitation are peculiarly his own and it is not until he forces himself into the favor of his audience.

Jennings and Mack are mirth creators of the blackface variety who get a great deal of applause. The three parodies on popular songs assure them frequent recalls. Further adventures of Ruth in the film serial "The Adventures of Ruth" round out a really pleasing vaudeville show.

The late Richard Harding Davis gave the world the popular romance, "Soldiers of Fortune," which will be seen as a photoplay at the Columbia Theatre all this week. This story pictures the life of the pioneer and engineer, and the outposts of civilization, who toil with no regard for fame or glory. The praise of the engineer is unsung. Whether his task is the harnessing of mighty rivers the laying of steel rails across desert wastes, or the building of roads through mountainous countries, he goes forth to his task without thought of hazard or risk. Mr. Davis' first-hand knowledge of the engineer's life inspired him to write "Soldiers of Fortune" as a tribute to this unsung hero. It was dramatized by Augustus Thomas, and the play had its New York premiere, starring Robert Edeson at Charles Frohman's Savoy Theatre, March, 1902.

RIVALS TO IDOLS OF FILMDOM ACTIVE

All Must Report at the Royal Victoria Theatre Thursday

The Royal Victoria Theatre is doubly glad to-day that it has made arrangements with the Hudis Film Company of New York and Los Angeles, to produce "A Romance of Victoria" with an all local cast. We never knew before how many young people, men and women, young and old, had the desire to de-throne Mary Pickford, Douglas Fairbanks, Norma Talmadge, or the other stars of filmdom.

We never knew it until the last two days, when those in charge of the moving picture production were swamped with letters and calls from those who wished to take part in the play. "Just what I have been craving for a long time," wrote one youth. "I know I can act."

Would Rival Mary

The foregoing is the tenor of most letters received from girls who would fain unseat Mary Pickford, and the boys who have little doubt that they can make "Doug" Fairbanks seek the highest spruce tree. Every aspirant to screen stardom who is eager to land a part in "A Romance of Victoria," must apply immediately to the Royal Victoria Theatre, and report at the Royal Victoria Theatre June 3, at 10 a.m. sharp, to meet the Director, who will then select his cast.

As previously stated, "A Romance of Victoria" will be shown at the Royal Victoria Theatre, June 14 to 17, after which the film will be loaned to those who take part to submit to the regular releasing picture companies of Los Angeles. It may be the means of securing a position for them in Picture-Land.

Film fans are watching with interest for the re-appearance of Alma Rubens, one-time Triangle favorite and leading lady in Douglas Fairbanks' early pictures. A new Cosmopolitan Production picture will bring the "dark star" back to the screen in Frank Borzage's version of "Hueresque," one of the Marnie Hurst magazine stories.

WHO

- Wants to Be a Movie Star?
- Wants to Be the Leading Lady?
- Wants to Be the Leading Man?
- Wants to Be Baby Atherton?

If you are interested in the movies, here is the chance of a lifetime. Under the auspices of the Royal Victoria Theatre a moving picture entitled "A Romance of Victoria" is to be filmed right here in Victoria, starting June 3, by the Hudris Film Company, and the entire cast will be composed of

Victoria Talent

Young men and women, boys and girls, here is your opportunity to appear on the screen right here at home in a photoplay with incidents and scenes laid in Victoria.

Here Is the Chance You Have Been Waiting For

Read the full details of the Royal Victoria Theatre moving picture in each edition of our paper now.

Considering that the scenario of "A Romance of Victoria" permits of a large cast, everyone in the contest will have an opportunity to appear before the camera.

This is probably a better opportunity than your favorites of the screen had when they started to ascend the ladder to fame and fortune. There is an old saying, "OPPORTUNITY KNOCKS ONCE AT EVERY DOOR." To the young people who are interested in moving pictures, this is indeed the GOLDEN OPPORTUNITY.

Only little girls, three to six years of age, are eligible for the part of Baby Atherton.

All that wish to take part please send in your application to the Royal Victoria Theatre immediately and report at the Royal Victoria Theatre, June 3, at 10 a.m. sharp, for instructions.

Come On, You Fairbanks, Chaplins and Pickfords of Victoria—Here's Your Chance to Be a Movie Star!

MILDRED PAGE OPENS PRINCESS WITH PLAY THAT DELIGHTS WOMEN

"Which One Shall I Marry" Presents Problem of Young Girls

Miss Mildred Page and her players, including Byron Aldern, returned to Victoria last night for the first time since their ninety-nine weeks' run six years ago, and opened at the Princess Theatre with "Which One Shall I Marry?"

Victorians, although there have been many changes since 1913-1914, evidently well remember Miss Page and Mr. Aldern, for they gave each of them a prolonged reception when they appeared in "their parts" last night. Miss Page was presented with a bouquet at the end of the third act and Mr. Aldern came out and told how good Victoria looked to them after having travelled a good part of the world since leaving here.

"Which One Shall I Marry," of course, deals with the problem of every girl who has a heart and a beauty to offer. The play in turn presents the results of marrying for money, love and satire without love, and then the danger of being united by love though poor at the start.

Elaborate Staging.

The staging is excellent, costly and complete. In one of the scenes, the most costly furniture to be found in any Victoria store is used. The play is built up on the allegorical, morality, principle, with one character, "Good Advice," stalking into the action every once in a while all the way through. This solemn role was played by Thomas Sullivan.

Miss Page Pleases.

Miss Mildred Page was starred in the role of the young girl, faced with the greatest problem in the life of all young girls and complicated in this case because her suitors are of the two extremes, rich and poor. Miss Page had a heavy part and the audience appreciated her work.

Miss Nina Gilbert as the young sister, also at the problem-solving age, was the idol of many young women in the house because of her vivacity and enthusiasm, and particularly in the scenes when she appeared with the wealth of Mary Pickford curls.

How the audience did applaud the honest-poor-man speeches of Byron Aldern, when he was thrown up against the corrupt inhuman capitalist, John Bland, played by Jack Phipps. It was all so real that they evidently got the thrill that comes in the theatre only from the perfect illusion.

Dinty Moore's Pal.

If you want to see in flesh and blood the people whose interests centre around the famous place of Dinty Moore, created by George McManus of "Bringing Up Father" fame, you just have to cast your eyes on Mr. and Mrs. Mike Moran, the father and mother of the two girls. The parts of the two parents are taken by George Cleveland and Miss Genevieve Berkeley. Mike is full of the old-fashioned Irish gas-house character to the extent of having the ambition to exist on corned beef and cabbage. They were the two best-loved characters and their work the most popularly appreciated by the audience coming out with whispered expressions such as "Aren't they just too true to life!"

Jack Phipps, James Barrie Norton and Charles Clapp are the others in the cast.

Appealed to Young Women.

Everybody enjoyed the play last night. Many young women were particularly enthusiastic about it because of the scenes dealing in the most open manner with the very intimate incidents of the first two or three roman-

tic years of the married life of young persons.

Because last night was the first night and the back-stage organization was not quite perfected, the presentation was slow, and there were some trifling waits. To-night, however, things will be running better, so that the audience will be able to get home in reasonable time and perhaps have a chance to tell the neighbors how good the show is. The interior of the theatre has been renovated and now that the ushers have been broken in, arrangements are to be made to shut off the drafts that swept in from the entrance doors last night and caused people to put on their coats. The ushers were so busy last night that they forgot to keep the doors closed part of the time. The orchestra is also going to get some new music. These are all the little things that add to the attractiveness of a good stock company such as Miss Page is presenting.

"Which One Shall I Marry" will continue for the rest of the week.

NONE IDEA.

"Where are you going for your holiday?"

"I haven't the least idea."

"But can't you judge from what you've heard your father and mother say?"

"Well, from the way ma talks I should think we were going to Monte Carlo, Switzerland and Egypt. From the way pa talks I should think we were going to the workhouse."

At the First Taste You Know Post Toasties

are the best CORN FLAKES made

They have a crisp substance and superior flavor immediately recognizable, and when you get to the last serving in the package, you find the last as satisfying as the first.

There's no waste to Toasties. Each package is full of satisfying goodness at a fair price.

In ordering, be sure to specify Post Toasties. That will insure your getting the very best in corn flakes.

BRIEF LOCALS

Boy Scouts' Meeting.—A meeting of the executive committee of the Boy Scouts' Association is called for Wednesday evening in the I. O. D. E. room, Jones Building, at 7:30 o'clock. Nickawa Recital.—The recital by Frances Nickawa at the Metropolitan Church Friday is being widely supported, and it is the intention of promoters to provide special rates for 250 students at the session. In Police Court.—Richard Buch and Michael Conroy each paid \$5 H. Dues for driving without a provincial motor license, was fined \$5. W. G. Winterburn, charged with failure to report a motor accident to the police, was remanded until to-morrow. James Hillson, charged with having liquor in possession, was remanded also until to-morrow. Conservatives Rally To-night.—W. J. Bowser, K. C. Leader of the Conservative party in British Columbia, is to be the feature speaker to-night at the first rally of the Victoria Conservatives held since the party was reorganized and control wrested from the "old gang." J. O. Dunford, the new president, will preside. There will be a social side to to-night's meeting, which will be held in the Arcade Block. Sons and Daughters Drive.—The first of a series of whist drives was held last night at the Knights of Pythias Hall by the Sons and Daughters of England. The function was well attended, twenty-five tables being commissioned. The series will be continued. Action Was Authorized.—City Engineer F. M. Preston was authorized in writing by the Civic Finance Committee to hire extra men to assist him in the preparation of the Johnson Street Bridge plans, it was stated at the City Hall to-day by a prominent member of the committee, following the questions on the subject voiced last night by Alderman E. B. Andros. Post Office Arrangements.—On the King's Birthday, Thursday, the Post Office will be closed all day, excepting that the general delivery and registration wickets will be open from 8 to 10 a. m., and postage stamps will be sold during those hours. One delivery only by letter carriers will be made, and all mails due for dispatch on the afternoon and evening of June 3 will close at 12 noon. Guild of Health.—The meeting announced to take place in the schoolroom of Christ Church to-morrow night, promised the use of Christ Church Schoolroom. Mr. Rowe will discuss the future plan of work. Dean Quinton will take the chair, and preside at the meeting, and invited another clergymen, who are interested in the evangelism of healing to be present. The meeting is open to members of all denominations. Lectures To-day.—The first of a series of nature study talks will be given by Mr. Carveth Wells to-night at Central School. Next Friday the lecturer will show a series of jungle pictures in the Girls' Auditorium, under the auspices of the Victoria and District Teachers' Association. Mr. Wells is an authority on the fauna and flora of the Malay Peninsula. Traffic By-law.—At a special meeting to be held next Monday night, the Esquimalt Council will introduce a by-law, to be known as the Extraordinary Traffic By-law, which will be similar to that ordinance now in vogue in Saanich. The purpose of the by-law is to regulate heavy motor traffic over the district roads. The first draft of the by-law will be introduced next Monday. Hoodlumism Rampant.—The attention of the Esquimalt Council was last night called to the fact that hoodlums were creating considerable damage to municipal property in the district. Fences had been torn down in several places, not for the sake of the wood, which was left lying on the ground, but maliciously in a spirit of mischief. Part of the railing guarding sidewalks over drains on "Tillium" Road and Esquimalt Road had been completely stripped away. The Esquimalt police are to investigate. Projected Sewer Extension.—The question of sewer extension in certain sections of Esquimalt district was broached again last night in a meeting of that Council. The point at issue was whether the municipality would have to install water pipe in connection with the sewer, or

whether the water company would be willing to come to some co-operative arrangement with the municipality, the water users paid the company. The sewer extension is needed seriously, it was stated, the septic tanks being unpleasant, and the water was urgently required, many householders drawing their water supply in buckets from their adjacent neighbors. The sewer was referred to Engineer Bourne, who will interview the Esquimalt Water Works. Inquest To-morrow.—The inquest on M. Cameron will be held to-morrow morning at 11 o'clock. To Appoint Head.—At its meeting to-morrow night the School Board will consider the appointment of a head for the affiliated college which will be established at the High School in the Fall. Inspection Tour Friday.—City aldermen will inspect the Sooke lake flow-line Friday morning. Mayor Porter announced to-day. A large party of aldermen will leave the City Hall for the flow-line at nine o'clock in the morning, and will arrive back later in the afternoon. Consider Appointment.—A special committee appointed by Mayor Porter last night and consisting of Alderman Sangster, Alderman Sargent and Magistrate Jay, is considering the appointment of a suitable man to fill the position of Police Court Clerk, made vacant by the death of Peter Gatten. All applicants for the position are being interviewed. Filing Local Attraction.—J. G. Thomson, of the Victoria and Island Development Association, has received word from the Ford Film Corporation, which is now in this city, that they are going to spend the next two days taking films of the local attractions of the city and district. The golf links, two observatories, Butchart's gardens, and other attractive points are to be filmed. These films will be distributed throughout a set of some 5,000 theatres playing to 15,000,000 daily.

WEEKLY POLICE TRAP MAKES HEAVY HAUL. Saanich Stop-Watch Guardians Convict Eleven Speeders

As a result of a field day held by the Saanich police recently eleven motorists were arraigned in court this morning. W. B. Monteth conducting the prosecution for the municipality. Chief Brogan and Constables Hastings, and Rankin testified for speeding, chiefly on the East Saanich Road. The speeds quoted were between thirty and thirty-six miles an hour, and convictions were secured in nearly all cases. The Y. M. C. A., on a philanthropic mission, was fined \$10. H. Bullen, Major MacDonald, R. Morrison, G. Malcolm and Charles Cronk were each fined \$20, while Mrs. A. Dickey paid \$20 for doing thirty-six miles an hour. J. J. Stewart and G. W. Field were each fined \$5 for failing to have efficient lights. L. Newman was fined \$10 for speeding on a motor cycle. The Victoria Drive Yourself Auto Livery was charged on remand, but again remanded to Friday, also on a speeding charge.

GARDEN FETE AT GONZALES. It is announced that by kind permission of Mrs. E. B. Robertson "The Pemberton Estate," a garden fete and sale of work will take place at "Gonzales" on Wednesday, June 30, the proceeds being devoted towards the payment of taxes on Christ Church Cathedral property. Many who participated in the delightful fete held at Sumner's are being engaged in preparing for an even greater success this year.

MISS BAER MARRIED TO-DAY. The wedding took place at the First Presbyterian Church at 11:30 this morning of Miss Winnifred Elsie Baer, daughter of Mr. and Mrs. Walter W. Baer, 330 Highland Drive, to John K. H. Currie, of Vancouver. The wedding was private, only the immediate relatives of the contracting parties attending. Mr. and Mrs. Currie left this afternoon for a motor tour of Vancouver Island.

CHANGE OF HOURS. Owing to the observance of the usual Wednesday half-holiday the collection station by the Woman's Auxiliary of the Jubilee Hospital, being conducted this week at Spencer's store will be closed at 1 o'clock on Wednesday, and continue all day on Thursday.

First Apple Tree to Be Planted on Pacific Coast Still Growing

The above picture was brought to Victoria last week by the Vancouver, Washington, delegation, who came to participate in the Hudson's Bay Company's pageant. It was planted in 1828, and has regularly borne fruit. The picture shows the tree before it was pruned. It is now being fenced against damage by stock. From one of the pruned limbs was made the head of the parade presented to Mayor Porter for use in the City Council proceedings henceforth.

News and Notes of Mining In Province

Big Company in B. C. In British Columbia twenty-seven proposals were last year considered by the Mining Corporation of Canada, Ltd., for the development of mines in the Province. Options were taken on gold bearing schist areas in the old placer camp of Barkerville and exploration work is now going on. In the Bridge River section options were taken on several small gold mines and work is also going on in them. Although they are small propositions, it is possible that one small central plant may be kept on the Yankee Girl and Dundee gold mines near Tairi, these mines are being examined now. The Yankee Girl has a good record of production, but it is not a shipper and it must be judged on the possibility of containing enough milling ore to justify the erection of a mill. Mountain Chief. Having sunk 68 feet below the drift from which the ore was stoped during the Fall and Winter, the management of the Mountain Chief copper mine at Renata, on the Arrow Lakes, has now started to cross-cut the ore body from the foot of the shaft. Manager J. W. Evans stated at the end of the week and together with A. C. Garde, consulting engineer and A. E. Wright, who will survey the group, will proceed to Alice Arm. A policy for the future development of the group will be formulated after the ground has been reconnoitred. The group is situated conveniently to the Dolly Varden Railroad and with a short aerial tram could easily commence shipping. After being staked and restaked several times the group was staked by Julius Wilson and James Calvin last Spring. The deal for the original bonding was made with Messrs. Betts, Miller and Hancock last fall. The present holders will, no doubt, go ahead with development and prove what the mine really holds. It is thought that several rich leads from the Dolly Varden run through it. Ikeda Mine It is reported at Prince Rupert, says the News that the Ikeda mine near Jedway, on Queen Charlotte Island is to be further developed and a concentrating plant installed. Ikeda, the original owner of the property, has succeeded, it is said, in interesting Japanese capital in the project and the new company will take it over and operate it. The Ikeda mine has shipped at various times quantities of high-grade copper ore but in getting it out a quantity of low grade had to be removed. The result is that there is a quantity of ore on the dump and a good deal more in sight. It is estimated that this low grade will run from two to four per cent. copper. With an oil concentrator this can be successfully shipped at a profit. Canada Copper Shipments. According to a Princeton report, the belief that the production of ore will be engaged in this year on the properties of the Canada Copper Corporation at Copper Mountain, is unshaken despite another interruption by strikes, on the construction of its eight-mile spur. The work is being performed under a contract. The mine has been opened by a tunnel more than half a mile in length, by raising from the extremity of the tunnel to the surface, a distance of about 1,100 feet, and by drifts and other openings. Development has proceeded without interruption, but a small crew has been employed recently, its members being sufficient for the work that remains to be performed. The mine contains copper and gold ore of low grade that lies in bodies of large area. Sidney Inlet Mine There are 47 men employed at the Sidney Inlet mine, West Coast, and preparations are being made for an increased output of copper ore.

MADRID BROKERS ARE INVESTIGATED. Madrid, June 1.—The Government's stringent measures against the recent excessive speculation in foreign money caused an exciting scene Saturday on the Bourse. An order signed by the Minister of Finance had restricted operations on the exchange to a period of fifteen minutes before the closing hour. When 3:45 o'clock arrived all the bankers left the building and conducted exchange operations on the street, even more extensively than before. A commission is considering the question of expelling members of the exchange who took part in the meeting.

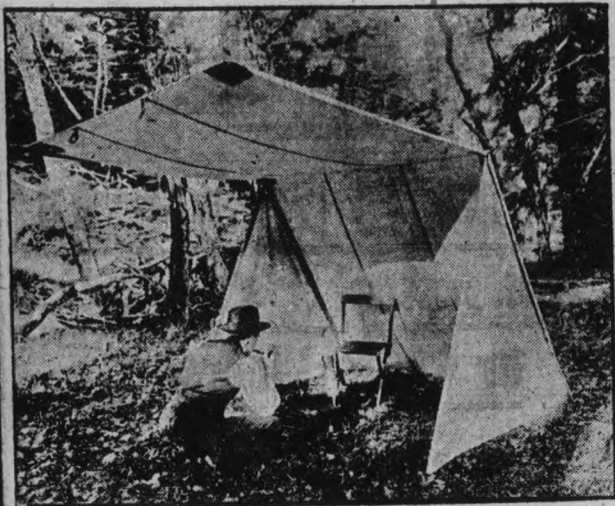

PRISONERS ESCAPED. Tacoma, June 1.—Claude Sellers, said to be one of the leading I. W. W. of the Northwest, and T. C. Harty, accused of a series of local burglaries, escaped from the city jail here early this morning. AMNESTY GRANTED. Prague, May 31.—Via London, June 1.—President Thomas G. Masaryk to-day granted amnesty to all political offenders except those convicted of espionage or murder. APPEAL DISMISSED. Washington, June 1.—The Government appeal in the Federal anti-trust suit against the Quaker Oat Company was dismissed to-day by the Supreme Court of the United States on motion of the Government. NOT MADE PUBLIC. London, June 1.—(Canadian Associated Press).—In the House of Commons yesterday the Colonial Secretary said it had been agreed by the British and Canadian Governments that it would be inadvisable to publish, at present, the correspondence regarding the appointment of a Canadian representative at Washington. HE CLEARED IT UP! The vicar was addressing the children at the village school. "This morning, children, I propose to offer you an epitome of the life of St. Paul. Now, children, can anyone tell me what an epitome is?" There was an awed silence. The word had paralyzed the youngsters. So the good man went on: "Epitome, children, is in its signification synonymous with synopsis!"

RAILWAY BOARD TO HOLD SITTINGS. Ottawa, June 1.—(Canadian Press) —The Board of Railway Commissioners will leave for the west to hold sittings already announced on June 6. Although it is not officially announced, it is likely that Assistant Chief Commissioner McLean and Commissioners Rutherford and Goodwin will be the members to go west. U. S. CONGRESS TO ADJOURN. Washington, June 1.—Without a record vote, the House to-day adopted a resolution offered by Rep. Morley of Wyoming Republican leader, providing for a sine die adjournment of Congress at 4 o'clock Saturday.

PAYING INDIANS. Regina, June 1.—The annual treaty payment trip through the unorganized Indian territory in Northern Saskatchewan and Manitoba, is now being organized by W. M. Graham, Indian Commissioner for the prairie provinces.

ALL YACHTS UNDER SAIL BY WEEK-END

Shamrock IV. Getting Ready For Trial Trip; Resolute Shows Steadiness

New York, June 1.—Barring accidents, all three yachts entered in the America's Cup races, which will start off Sandy Hook, Thursday, July 15, will be under sail this week, tuning up for the international contest.

The crew of Shamrock IV, the challenger for the America's Cup, planned to take the yacht for her trial spin in Long Island Sound to-day. Every detail of the rigging has been inspected by Charles E. Nicholson, her designer, including the "Fiddler's Bridge," something new in yachts and named by the designer. The name applies to the smaller spreaders about half way between the deck and the regular spreaders.

Are Satisfied. Bristol, R. I., May 31.—The sloop Resolute, America's defender, showed

CANADIAN HURDLER MAKES NEW RECORD

Philadelphia, June 1.—Pennsylvania won the Eastern intercollegiate track and field championship honors on Saturday afternoon, the forty-fourth titular meet of the I. C. A. A., after one of the closest contests ever staged in the history of the association, which dates back to 1876. A new world's record, established in the 120-yards high hurdles, went to the credit of E. J. Thompson, of Dartmouth, who shot over the ten three and one-half-foot hurdles, in the amazing time of 14.2-5 seconds, thus displacing the 14.3-5 record made by Robert Simpson, University of Missouri, in the Western conference games at Evanston, Ill., June 3, 1916. The Dartmouth hurdler, who will compete for Canada in the Olympic games at Antwerp, was expected to perform equally as well in the 220 low hurdle race, but W. B. Wells, of Stanford University, sprang a surprise by defeating him for first place over the long distance, and heartened members of the American Olympic committee who witnessed the feat with the hope that the Canadians will not be unbeatable at the Belgian international games.

SPORTING NEWS

Caps Decorated Indians With Yesterday's Games

Indians Nosed Out Victoria in Tenth Inning in Morning Fixture, and Staged a Merry-Go-Round in Afternoon; Cy Young's Floaters Got Long Rides.

First Game—Spokane, 8; Victoria, 7.
Second Game—Spokane, 12; Victoria, 0.

Bill Leard and his warriors certainly made the most of Decoration Day over in Spokane yesterday. They provided no end of joy for the home fans by decorating the Indians with both games of the double-header. In the morning tussle the Capitals started like a new broom and it looked as though they would make a clean sweep of the series. But in order not to mar the celebrations Victoria allowed Spokane to crawl up to an even position in the ninth inning and in the following frame to pass on to victory. In the second game the Capitals were content to have the bubbles hung around their necks while the Indians went after the laurels.

Lefty Lawson hooked up with Slim Smith in the morning game. Victoria opened the scoring in the second inning when Carman and Zienke scored on Kelley's line drive. The Capitals added another in the third, but in the sixth the Indians pulled ahead. During this inning Lawson discovered that his port arm was not working as smoothly as it might, and was relieved by Kelly. The Capitals pushed ahead in the sixth when by heavy hitting and daring work on the bases they scored four runs. The Indians kept hot on Victoria's trail and scored one run in the sixth and seventh and evened the score in the ninth by using pinch-hitters and runners. Victoria failed to score in their half of the tenth being unable to do anything with the offerings of Russell, who replaced Smith. The Indians chased over the required run when they came to bat.

A Horrid Procession. There was a terrible procession of Indians around the bases in the afternoon game. Cy Young, who let the Tigers down with one hit here last week, tried to make the Indians be good, but he did not have a thing to his name. His old round-house curves and floaters would not behave. Every time Cy put one over the plate an Indian bat slammed it out into the tall grass. Cy seemed to age ten years in the first inning, and became so weary that Leard assisted him from the diamond, and Russell James went to the mound. Six Indians trotted across the plate in the first inning, and in the second four more scored. Things went good until the sixth innings when Spokane showed over two more. Leard yanked James in this inning and went in the box himself and shut out the Indians.

The Capitals were as helpless as a bunch of school children before Lambert's slants. Dempsey and Leard were the only two men who touched the Spokane hurler up for saeties.

Table with columns: AB, R, H, PO, A, E. Rows for Victoria, Spokane, and totals for both games.

Table with columns: AB, R, H, PO, A, E. Rows for Victoria, Spokane, and totals for the second game.

Table with columns: AB, R, H, PO, A, E. Rows for Victoria, Spokane, and totals for the second game.

Summary: Stolen bases—Hodges, Mitchell, 3; Three-base hits—Shoats, Mitchell, Hodges, Downey, Fisher. Two-base hit—Leard. Bases on balls—Lambert, 1; of Young, 1; of James, 2. Struck out—By Lambert, 8; Leard, 1.

FRENCH SOCCER TEAM COMING TO DOMINION

Winnipeg, June 1.—John Kaston, president of the Manitoba Football Association, has received a communication from a prominent French soccer team which contemplates a tour of Canada during the summer. The French players are desirous of visiting Canada and are asking for games on a percentage basis, not insisting on a guarantee.

YANKEES CLIMBING LADDER RAPIDLY

Took Two Games Yesterday From Washington; Ruth Hit Out His 12th Homerun

New York, June 1.—The New York Yankees took two games from Washington yesterday, winning the morning game, 9 to 5, and the afternoon, 7 to 3. In the morning, the Indians came up from behind and won by terrific hitting. Speaker and Gardner excelled at the bat, the former making four doubles and three singles in four times up, while Garner made two doubles and a home run, driving in the afternoon. Cleveland failed to land in the afternoon, but failed to score off Bagby until Cleveland had secured a commanding lead.

Get Even Break. Boston, June 1.—Boston and Philadelphia divided their doubleheader yesterday. The superior pitcher of the home team, which drove in two runs, accounted for Boston in the first game, 3 to 1. The visitors took early advantage of Harper's wildness in the second and Harper's batted delivery, winning 9 to 4. Schang found Perry for a home run and a triple.

Stopped Their Slide. St. Louis, Mo., June 1.—After seven straight 2 to 0, in the first game of the double-header here yesterday, Shocker held the visitors safe throughout. Chicago won the second game, 5 to 2, in ten innings, scoring the winning runs after two were out. Williams was hit freely, but tightened in the pinches.

NATIONAL LEAGUE. Chicago, June 1.—Chicago and Cincinnati broke even yesterday, the locals winning the morning game, 3 to 2, in ten innings, and the visitors taking the afternoon game, 4 to 2. Close to 35,000 persons saw the games. Vaughn, who started the afternoon game, was forced to quit because of a lame shoulder. Ralites, scoring the winning runs after two were out. Williams was hit freely, but tightened in the pinches.

Brooklyn Wins Two. Brooklyn, June 1.—Brooklyn won both of yesterday's games from New York, taking a hitting contest in the morning, 5 to 2, and bunting hits in the afternoon, 5 to 1. The morning Grimes off Barnes for a 5 to 1 score in the afternoon. In the morning Grimes made three hits in three times up and drove in two runs.

Split Even. Pittsburgh, June 1.—St. Louis and Pittsburgh divided honors yesterday, the visitors winning the morning game, 4 to 2, and losing the afternoon game, 7 to 4. Ponder was hit hard in the morning game and Cooper in the fourth with the scored tied. In the eighth Doak became untended, resulting in four runs.

Meadows Wins Game. Philadelphia, June 1.—Meadows yesterday afternoon pitched his first game since being injured two weeks ago and turned in his fifth straight victory, 3 to 2, against the Boston's outfielder Eayres, hero who pitched the afternoon game and had a bad inning in which the locals scored all their runs.

CHEVROLET MADE BIG HAUL IN AUTO RACE

Prizes Will Be Presented to Winners of Indianapolis Race To-night

Indianapolis, June 1.—Gaston Chevrolet, of Indianapolis, who won the 500-mile automobile race at the Indianapolis motor speedway yesterday in an Indianapolis-built car, will be awarded his many trophies at a banquet to be given all the drivers by the citizens of Indianapolis to-night.

Chevrolet's time of 5.40.15.14 is second only to the record made for the local course by Ralph de Palma in 1916. Chevrolet maintained an average speed of 88.16 miles an hour. He will receive the speedway prize of \$20,000, citizens' lap prize of \$1,300 for leading the field during the last thirteen laps at least \$5,000 of the \$15,000 to be divided among the drivers using accessories of certain automobile manufacturers, when the Wheeler-Schellcup, and the Presto-Lyte trophy and the Strauss silver tea set.

The winner never left his wheel, went to the pits only once and that when he was in first place and only fifteen miles from the finish. He used but one set of tires. He was never worse than fourth place in the race.

Three races here have been won by American cars and all were made in Indianapolis. Each time the car has been piloted by an Indianapolis boy. Ray Harroun won in 1911, Joe Dawson in 1912 and Chevrolet in 1920. Last year a fourth Indianapolis racer, Rowdy Wilcox, drove a French car to first place. Five times the purple ribbon has gone to cars made in France.

Car On Fire. Ralph de Palma, the favorite, was robbed of apparent certain victory when his car caught fire when the noted Italian driver had less than thirty miles to go. De Palma had a lead of ten miles when the flames broke out. After he extinguished them he returned to the race.

Thomas's time was 5.48.02. Tommy Milton finished third. His time was 5.46.43. De Palma finished fifth. He received a great ovation from the crowd.

Car On Fire. Ralph de Palma, the favorite, was robbed of apparent certain victory when his car caught fire when the noted Italian driver had less than thirty miles to go. De Palma had a lead of ten miles when the flames broke out. After he extinguished them he returned to the race.

VANCOUVER ISLAND NEWS

Kills Another Panther.
Union Bay: Robert Smith, of Union Bay, who is credited with the death of many cougars, killed another big male panther at Sable River last week.

Merville Settlement.
Every night during the past week the Land Settlement Board officials have been doing a land office business at the old surveyor's shack selling locations to the Merville settlers, says The Comox Argus. There is certainly a good deal of eagerness to get having river frontage along the Tseolum, and three or four places are being taken up every night. While the payroll system will be practically dissolved at the end of the month and the progress loan substituted, the Land Settlement Board will proceed with the work of seeding on the various farms and will remain in charge until the crop is harvested this fall. Mr. Hopkins, district representative, superintending operations.

Already about 100 acres of oats and barley, five acres of roots and two acres of potatoes have been planted and the work is proceeding fast. The area in cereals is being seeded down with grass and clover for hay next year. While each settler will have his individual farm which he will take over, the Provincial Government will look after the farming operations until the first harvest is taken off. The crop will be pooled and sold at a reasonable cost to the settler for winter feed, according to their re-

quirement. Every farm has now been appraised by the Land Settlement Board. Prices charged run from \$5,400 downwards, wild land being charged for on the unemployment farms at from \$7.50 to \$10 an acre.

Welcome Relatives.
Nanaimo: A very happy family reunion gathering was held at the home of Mrs. B. Addison, 607 Halliburton Street, on Wednesday evening, in honor of Mr. and Mrs. Herbert Addison, of Whitehaven, Cumberland, England, who have just arrived here from the Old Country. Five brothers and four sisters had gathered to meet them and to give them a very hearty welcome to British Columbia.

Ladysmith Sports.
Ladysmith—A very well attended meeting was held in the City Hall Friday evening to make preliminary arrangements for the celebration to be held on July 1. Mayor Anderson was chosen chairman of the celebration, and H. Martin was elected as secretary, with D. Nicholson treasurer.

It was decided to vary the proceedings this year and to have the time usually allotted to sports, divided into two sections: the morning to be given over to field sports on the athletic grounds and the afternoon and evening to be spent in water sports. A public parade will be held and prizes are being offered for the best decorated cars and floats, while there will be prizes for individual costumes. The morning will be given over to the children's sports and the various men's races. The day's celebration will end with a dance, which will in all probability be held in the new Canadian Collieries hall.

SPORTING NEWS

Derby, Greatest of All Races, Set for To-morrow

Expect Classic Event of Turf at Epsom Will Eclipse Any Horse Race Held in Recent Years; Thousands Gathering For Race; Tetratema Is Favorite.

Epsom, Eng., June 1.—Sportsmen expect the great English racing meeting, the Derby, which opened to-day and continues to June 4, to eclipse any horse race which has been held here in recent years.

The Derby week is looked upon more as the workingman's holiday, and hundreds of the artisan class spend their summer vacation at the beginning of June in order that they may take in the races.

The most popular day of the week is Derby Day, when the race for the blue ribbon event of the English turf is run. The value of the race is £2,500, with £500 for the second and £200 for the third. The race is confined to colts and fillies foaled in 1917. The colts have to carry 126 pounds and fillies 121 pounds over a course of a mile and a half.

Many Entries.

This year's entries numbered 264, but of this number only about 20 are expected to face the starter. The favorite at present is Major, D. Calmont's Tetratema, which has only met one defeat in its racing career, that being administered by Sir E. Hulton's Silver. This defeat was entirely wiped out at a subsequent meeting.

Until the Newmarket Stakes were run on May 12, this being considered a tryout for the Derby horse, W. Raphael's Allenby and Mr. Robinson's Prince Galahad were on an equal footing. On this race being won by Allenby with Prince Galahad unplaced, Mr. Raphael's horse jumped to second favorite.

Some of Entrants.

Among the prominent horses which are expected to run are: Major Calmont's Tetratema, Sir E. Hulton's Wipmasu, Lady J. Douglas's Eighth Division, Lord D'Abernon's Argonice, Sir J. Buchanan's Sarchedon, Mr. W. Casalt's Northern Light, Lord Astor's Tea Tray, Lord Derby's Archaic, Lord Londonderry's Polumetis, Lord Zetland's Dynamo, Captain Loder's Golden Guinea, and Lord Perla's Kerazo.

The latest betting on the Derby follows: Tetratema, 9 to 4; Archaic, 15 to 2; Allenby, 8 to 1; Spion Kop, 100 to 6; Polumetis, 18 to 1; He Goes, 22 to 1; Orpheus, 25 to 1; Silvers, Dynamo, 28 to 1; Abbots Trace, Daylight Patrol, 30 to 1; Artibus Poltava, 50 to 1; Bruce Lodge, 66 to 1; Kerahos, 100 to 1; Prince Galahad has been scratched.

The Epsom Derby and Oaks were established in 1779 and 1780, the Oaks in the former and the Derby in the latter year. It is true that in 1730 Epsom races became annual, but the prizes were nothing more than the usual plates run for in heats, the money required being raised by voluntary subscriptions, as well as by owners of booths on the downs as by the parties more immediately interested, whence arose the custom of charges being made by the lord of the manor for permission to erect booths during race meetings. On May 14, 1779, the twelfth Earl of Derby originated the Oaks Stakes, named after his seat or hunting-box, "The Oaks," at Woodmannerie, a sweepstake for three-year-old fillies run on a course one and one-half miles long. The race was won by Lord Derby's bay filly

IMPORTANT MEETING OF SOCCER LEAGUE

A special meeting of the Victoria District Football League will be held to-morrow night at eight o'clock in the Foresters' Hall, Broad Street. All teams are requested to have their delegates present as important business is to be discussed. The future of football here will be considered.

Bridget, bred by himself, her sire being Herod and her dam Jimima. In the following year the earl established a sweepstake of 50 sovereigns each, half forfeit, for three-year-old colts. This the first Derby was won by Sir C. Bunbury's chestnut colt, Diomed, who beat eight opponents, including the Duke of Bolton's Bay Bolton and Lord Grosvenor's Diadem.

These two races have since been run for regularly each year, the Derby, which before 1839 was run on the Thursday, now taking place on the Wednesday, and the Oaks on the Friday, in the same week, at the end of May or first of June.

SIDNEY FIELD DAY

A match between the Victoria lacrosse team and Sidney will be played at Sidney on Thursday.

GRAND OPENING FOR ELKS SWIMMING CLUB

Season Will Get Underway With Banquet and Dance To-morrow at Gorge

Elaborate preparations have been made by the Elks Swimming Club to ensure success at the opening which has been arranged for to-morrow evening at the delightful clubhouse at Gorge. A. T. Weight, chairman of the club, who will be in charge of the opening ceremonies, expects a large attendance and intimates that the entertainment will be one of the finest that has ever been given in connection with the commencement of a swimming season in this city. The guests will be welcomed at the clubhouse at 4.30 o'clock and shown over the quarters. At 5 o'clock there will be swimming exhibitions and a polo game. The banquet will commence at 6.15 o'clock, after which a few remarks will be made by officials of the club on the programme to be carried out during the summer.

Dancing by Moonlight.

The Elks have arranged to round out the evening's programme with a dance. O'ard's orchestra will be in attendance from 9 o'clock until midnight and special arrangements have been made by the committee with the B. C. Electric Railway for street cars to carry the dancers home. Adequate electric lights will be strung out at the clubhouse, but with the delightful moonlight which is prevailing at night now, the joy of dancing will be greatly enhanced.

The invited guests at the opening will be as follows: E. Morris, Grand Exalted Ruler of the Elks from North Vancouver; M. Graham, Worthy Exalted Ruler of the local Elk Lodge; Messrs. B. C. Nicholas, of the J. B. A. A.; Mr. and Mrs. C. E. Hopper, Mr. and Mrs. George I. Warren, Mr. and Mrs. F. Moore, of the Y. M. C. A.; W. A. Aldritt, of Y. M. C. A.; G. Wellburn, V. A. S. C.; Mr. and Mrs. R. L. Pooock, and Mr. and Mrs. Archie Wills.

The Committees.
The following committees are working assiduously to ensure the success of the gathering:

Swimming Committee—Chairman, C. Dadds, Messrs. Purser, Warns, Rylands, Cooper, Cave.
Entertainment Committee—Chairman, A. T. Weight, Messrs. Dillough, Swain, Rylands, Wanda, Peden and J. Dadds.

Dance Committee—Chairman, Gus Brown, Messrs. McDonald, Spence, J. Woods, L. Gosse.
Reception Committee—Messames Currie, Spence, Peden; Messrs. Peden, Howard, Hinson.

Members of the club are anxious that any persons who have not yet obtained tickets and are anxious to do so will secure same without delay. Special tables will be arranged for any persons who wish to take their children.

WALT GRAVLIN TO PLAY WITH COLLIERIES-VETS.

The Elks and Collieries will play at the Stadium to-morrow at 6.30 o'clock. Walter Gravlín will make his first appearance on the diamond this season, playing with the Collieries. This game is expected to attract a great deal of attention.

WEDNESDAY CRICKET LEAGUE WILL OPEN

Congos Play Five C's and Spencer Meet Broad St. Hall To-morrow

To-morrow afternoon the Wednesday Cricket League will open its season. Four teams have lined up this season, including the Congos, Spencer's, Broad Street Hall and Five C's. This league is expected to prove very interesting and produce a lot of fine cricket and close games.

The Congos will play the Five C's at the Beacon Hill pitch and Spencer's and the Broad Street Hall will meet at Oak Bay. The Broad Street Hall team will be as follows: Cowan, Hall, Bright, Wormald, F. B. Richardson, P. Richardson, Fletcher, Freeman, Firth, Fox and A. N. Other. The Congos line-up will be as follows: H. Wyles, J. R. Donaldson, S. Kirkham, Fletcher, J. Lomas, L. Bachelor, C. V. McConnell, R. Atkin, C. Ellis, A. Johnson, E. Smart, Reserve, E. Jones.

The players are requested to be at the Beacon Hill grounds at 2.30 o'clock.

The Junior League cricket match played on Saturday between the Five C's Juniors and the University School ended in a very decisive win for the school by 177 to 26. Westman, of the University School, was the star of the game, making 53 (retired) and taking 5 wickets for 9 runs.

WITHIN THE ROPES

Akron, O., June 1.—Jack Britton, of New York, champion welterweight, won the newspaper decision over Johnny Griffiths, of Akron, in a fifteen-round boxing contest here yesterday. Britton won nine rounds, Griffiths took four and two were even. The intense heat seemed to slow up both boxers.

BRIGADIER-GENERAL ROSS, G.O.C., REVIEWS VANCOUVER CADETS

Brig.-General J. M. Ross, general officer commanding M.D. 11, accompanied by Capt. J. H. Johnston, adjutant 7th Battalion, First B. C. Regiment, yesterday made the first inspection of the Vancouver High School Cadets at Dawson School grounds.

With Colonel Belson, O. C. Cadet Corps, the general reviewed the King George High School corps as they marched past, supplemented by their bugle band and the cyclist squad. Their sergeants put them through the company platoon drill and the manual-at-arms.

At 2.30 p.m. the officers adjourned to the campus at King Edward High School and reviewed there a large detachment of cadets that have been in training over a considerable period. General Ross was highly pleased with the results achieved by the corps.

WHAT THE CLUBS ARE DOING

At the Vancouver Kiwanis Club luncheon yesterday ten members volunteered to captain teams of five persons each, pledged to raise one-third of the money required by the Y. M. C. A. to pay off the debts incurred by the company during the past year and raise the amount required to carry on the work for the remainder of the present year. In all \$37,000 will be necessary, of which amount the Y. M. C. A. is providing one-third and the Rotary and Kiwanis Clubs the remainder.

J. J. Miller, president of the Vancouver Exhibition, and J. R. Davison, city publicity commissioner, addressed the club, the former telling of the educational work carried on by the Exhibition Association, and the latter giving Kiwanians some good talking points about Vancouver when they travel to other parts of the continent.

Mr. Miller stated that if the citizens generally would support the exhibition, the directors would be enabled to carry out a plan they long had in mind, that of giving free admission to everyone to the annual fair.

SIGN OF AGE.

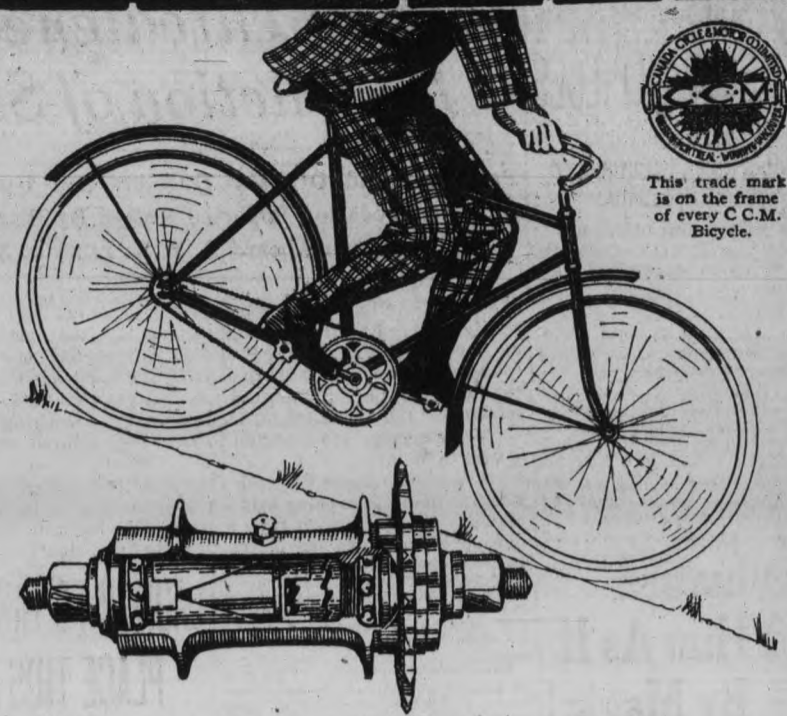

Tom Thompson says when all the pretty girls you meet seem to be interested in something across the street, it is a sign you are growing old.

C.C.M. CLEVELAND BICYCLES

This trade mark is on the frame of every C.C.M. Bicycle.

The New Hercules Brake Has "Positive Drive"

Jump on a 1920 C.C.M. Bicycle.

Try the new Hercules "Positive Drive" Brake.

It positively will not slip!

A gentle backward pressure on the pedals engages the brake.

Never before have you used a brake more soft and velvety—or more sure and powerful. There is no other coaster brake more dependable than the new Hercules with its Positive Drive Clutch.

In addition, the Hercules is smaller, neater, lighter—very little larger than a plain hub. It has fewer parts than others.

It is the only coaster brake in Canada without a side arm. Therefore, the Hercules is more easily removed and replaced in the frame.

The Hercules is unique in construction. There is no other coaster brake that combines so many excellent features.

The new Hercules can be attached to any bicycle at moderate cost. It is obtainable from any C.C.M. dealer.

All C.C.M. Bicycles are equipped with the Hercules Brake.

Wherever you go in Canada you will find C.C.M. Service; look for this sign. Over 1,000 C.C.M. Service Stations in Canada.

Judge Fisher and Mr. Pine declare that unless the Jews of the Ukraine receive immediate relief on a large scale, certain destruction is awaiting those who so far have escaped war pogroms and epidemics.

COMMERCE BOARD

WILL CARRY ON Supreme Court Unable to Say it Lacks Jurisdiction Claimed

Ottawa, June 1.—The Canadian Press conferred today with the Board of Commerce as to the effect of the decision of the Supreme Court on the Board's intentions. The effect of the decision is that the Board's jurisdiction remains unimpaired. Its jurisdiction having been impugned, the Board submitted to the Supreme Court of Canada a stated case consisting of two questions, as to which the court, consisting of six judges, differed equally. In the result, the questions remain unanswered. The legal effect is that the Supreme Court of Canada is unable to say that the Board of Commerce of Canada has not all the jurisdiction which the Parliament has conferred on it by the Board of Commerce Act. The Board is unable to say whether an appeal will be taken to the Privy Council, either by the Federal Government or the interests concerned. So far as the Board is concerned, it will not assert an appeal. "As to the Board's intentions, it will proceed to carry on precisely, as by the legislation committed to it for administration it is declared to carry on. The Board has nothing further to say."

The two questions referred to the Supreme Court were: 1. Whether the Board of Commerce has power to limit that profit which can be taken on a specific commodity in a specified town; and 2. Whether the Board has power to file its order in the superior court of the province affected and utilize the machinery of that court for the enforcement of the order.

SILK BUSINESS DULL

New York, June 1.—Large producers of silk goods assert that the next move in their particular business game is up to the retailers. Business at present is dull, they admit, with movement of goods resulting only where jobbers are offering special inducements for the retailer to buy new stocks. The producers, who have little stock goods on hand, are simply waiting for the time to come when the retailer will need more merchandise. That there is room for price fluctuations between the present and the time that a resumption of buying sets in is admitted. The price of raw silk and wages are still unsettled, and while manufacturers are figuring prices of finished goods on approximate production costs, they realize that these are subject to change. In the Yokohama raw silk market future prices on the silk exchange are far in advance of the open market, indicating that some speculators believe the market is due to a sharp rise. Locally raw silk continues dull, although importers report more numerous inquiries concerning prices and deliveries. Hosiery manufacturers are taking fair quantities, and some of the orders from this trade extend well into the summer.

100 PER CENT. PATRIOT

New York World Editorial. Sir John Foster Fraser's analysis of the "100 per cent. patriot" as composed of "50 per cent. provincialism, 25 per cent. ignorance and 25 per cent. patriotism" is a last resort of scoundrelism but as a first opportunity of trouble-making. The vociferousness of his patriotism is in inverse ratio to the amount of the "honest article" in his make-up. The nations of the world would get on much better with themselves if it were not for the 100 per cent. patriots who in the last analysis do more than professional jingoes to foment trouble.

ORDER CHEAPER SHOES

Eastern Manufacturers Report Trade Disturbed; High Grade Business Drops Off. New York, June 1.—Heavy cancellations of orders for low grade shoes are frequent because of late deliveries principally, and large new orders of the same class form one of the many anomalies confronting shoe manufacturers at present. New orders are extremely light on high grade footwear, manufacturers report, while producers of lower grade shoes assert that the market is beginning to pick up. The local representative of a large Rochester shoemaking concern says that his company's Fall production is about 50 per cent. held up at present, but that his customers in this city had not yet placed orders to any extent. The sales manager of a prominent Newark concern, which turns out high grade men's shoes asserted that while new orders were coming in slowly, few cancellations of old orders had been received, in spite of the fact that deliveries were unusually late.

FRUIT BERRIES FROM SAANICH TO APPEAR SATURDAY

Marketing of Early Local Fruit Arranged To-day

Wholesale produce prices with few exceptions dropped off again to-day along the line. Increased deliveries of Spring stuff is responsible for the slump.

ALL PRODUCE PRICES HAVE ANOTHER BREAK

Wholesale produce prices with few exceptions dropped off again to-day along the line. Increased deliveries of Spring stuff is responsible for the slump. All grades of fresh butter dropped two to three cents a pound. Normally the storage of butter starts early in June, but this year the season is late, even three weeks late in Alberta. Hothouse lettuce was finally driven from the market to-day by the large arrivals of outdoor leaf lettuce. Asparagus is higher because of cool weather. Prices of hothouse cucumbers and tomatoes were badly slashed because of increased supplies. No. 1 local tomatoes dropped from \$10 to \$7.50 a crate.

EXCHANGE SUMMARY

New York, June 1.—Mercurial paper. Exchange strong; sterling 60-day bills, 12 1/2; commercial 60-day bills, \$3.85 1/4; demand, \$3.98 1/4; cables, 12.86; Belgium francs, demand, 12.27; cables, 12.25.

PRICES ALSO FALL

FAST IN ENGLAND Reduced Consumption Gluts Country, Says Chamber of Commerce President. New York, June 1.—Prices are falling in England. Butter has dropped from sixpence to ninepence per pound. Lard and canned goods have also gone down in price. These decreases are said to be due to the glut in the market. They were announced by Felix J. Blakemore, president of the National Chamber of Trade, at its annual meeting at Bourne-mouth recently. Among the reductions are: Free butter, 6d. to 9d. per pound; lard, 4d. per pound; canned fruit, 1s. 3d. to 2s. 3d. per tin.

NICKEL EARNINGS DROP

International Company's Balance Shows Decline of About 50 Per Cent. New York, June 1.—A sharp decline in earnings is shown by the annual report which operates the big Canadian nickel mine. The balance, after charge and taxes for the year ended March 31, was \$2,145,734, equivalent, after preferred dividends, to \$1.32 a share on the \$1,854,000 outstanding common stock, as compared with \$5,922,629, or \$3.22 a share in the previous year.

GRAIN MARKET BUOYANT IN CHICAGO TO-DAY

(By Burdick Brothers, Ltd.) Chicago, June 1.—The market here to-day was exceptionally strong and prices soared six to seven cents. Most of the advance was credited to the market running into stop orders. However, the news was bullish and buying orders were in evidence.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, June 1.—Cash oats were in good demand to-day, with the spread from 1 cent to 3 cents better. Offerings, however, were small and did not meet the demand. There was a fair demand for feed. Prices of hothouse cucumbers were better than some sales being made at 20 cents over the Chicago July delivery. Flax was neglected. July oats closed 1 1/2 cents higher and October 1 1/2 cents up. Barley, 1 cent higher for July and 1 cent higher for October. Flax 5 cents lower for July and 2 1/2 cents down for October.

LOCAL PRODUCE PRICES

Local produce prices were generally steady to-day. The market for early local fruit was active, with prices for strawberries and raspberries showing a slight advance. The market for local produce was generally quiet, with prices for butter and eggs showing a slight decline.

INACTIVE MARKET IN WALL STREET

(By Burdick Brothers, Ltd.) New York, June 1.—Very little trading was displayed in the market here to-day and prices fluctuated within a narrow range. Money rates were easy, ranging between 6 and 7 per cent. There was very little news and prices closed steady.

WAR BOND INTEREST COUPONS AND CHEQUES CASHED FREE

The Merchants' Bank will cash all War Loan coupons or interest cheques when due, on presentation, without making any charge whatever for the service. If you have not a Savings Account, why not use your interest money to open one with This Bank?

ANDROS DEMANDS AN EXPLANATION
ALARMED, COUNCIL TO EXAMINE FLOW TO EXAMINE PERSONALLY

Wants to Know Who Gave Authority For Employment of Extra Men

Will Investigate Leakages Before Deciding on Further Action

CLAIM HUMPBACK SUPPLIES CITY

Just as the City Council meeting was drawing to a rather sleepy end last night Alderman Andros started his colleagues with the demand that the City Engineer explain by what authority he was employing extra help in work connected with the preparation of the Johnson Street Bridge plans. The alderman understood that as much as \$700 a month was being spent on salaries to these men, one of whom, he had heard, was receiving \$250 a month. He felt that the Council should appoint such men and authorize expenditures on their salaries.

Alderman Sangster explained that these appointments and salaries had been authorized by the Finance Committee.

"I never heard of it," said Alderman Andros, who is a member of the Committee.

"The Committee has no authority to fix salaries," remarked Alderman Fullerton.

"The Finance Committee is not oversteering the mark and doesn't fix salaries," exclaimed Alderman Sargent, Chairman of the Committee, warmly. "I don't stir any committee and I don't propose to allow the Finance Committee to be slurred."

"If Mr. Preston hires and pays these men without proper authority the sooner we get rid of him the better," urged Alderman Fullerton. "I won't stand for it."

The Engineer will bring in a report on the whole matter next week.

COUNCIL HESITATES ON NEW TAX BY-LAW
Some Aldermen Would Give Six Months' Hoist to Underground Area Measure

After putting its hand to the plough the City Council very nearly turned back last night when it started to put through its final reading the Underground Area by-law—a measure which provides for the taxation of basements extending under the streets and against which a delegation of downtown property-holders recently made vigorous protest. Some of the aldermen who previously had supported the by-law, apparently were so much affected by the claims of the delegation that they favored dropping the measure by giving it a six months' hoist. A majority, however, agreed to postpone action for a week in order that the by-law might be more thoroughly digested in the meantime.

"I'm going to oppose the by-law," Alderman Johns announced. "The delegation showed us that people can't pay for spaces under the sidewalks which are non-revenue producing."

Alderman Sangster: "In view of all the circumstances," urged that the by-law be given a six months' hoist. Alderman Andros, however, felt that the proposed taxes were reasonable and should be put into effect, while Alderman Cameron agreed that it was right in principle, though perhaps not opportune or expedient.

"People don't want to pay taxes, and naturally they will oppose them," Alderman Sargent declared. "If you can propose a tax that will hurt everyone, the millennium will dawn. We've got to have other sources of revenue, and whatever we decide on new taxes won't be taken in a nice spirit, and will object, but it's got to go!"

Completely Disgusted.
Alderman Patrick, father of the municipal golf links plans which died a violent death at the polls recently, took the opportunity of recording his complete disgust with the general lethargy of "Victorians." "People here kick at everything," he complained bitterly. "They don't want golf links, they don't want tourists, they object to higher water rates—what in the world do they want?"

The alderman went on to suggest that the city secure a lease on the land which would have been used for golf links purposes had the Golf Links referendum been endorsed, and make it into a cemetery. In this cemetery, he proposed to give free burial to all "knockers" and people who kick the city from going ahead. Burial would have to be free, he warned, for these people would not even pay to be buried. As a matter of fact, it was only the cruel force of circumstances that forced them to buy a lot in Ross Bay for themselves under present conditions. By allowing the free burial he proposed, however, it might be possible to "make a town out of Victoria" after a while.

Alderman Cameron felt that many business men were using the cellars of their properties and should pay taxes on them, while Alderman Dewar went further and said that some of the gentlemen who had profited previously, he had no doubt, were deriving revenue from such basements.

"Whenever you levy a tax the people affected will say they can't pay," concluded Alderman Sargent, as the motion to defer action on the by-law for a week was passed.

OPPOSES PROBE.
Alderman Sangster opposed Alderman Todd's plan for an investigation without reservation. The City Engineer, he felt was quite competent to deal with the matter and had the situation fully in hand. It was only fair to wait until the experiments with Mr. Preston was conducted before determining on any other action.

"The idea of going to the outside for an expert is perfectly ridiculous," he said. "There is no need for all this alarm. The leakage has been going on ever since the pipe line was laid down."

"It's unfortunate to raise such alarms," complained Alderman Sargent. "This is a most serious matter, and reports of this kind might injure the city's credit. This is not a matter for experts, but for common sense."

"It must be patent to everybody that there is something wrong," insisted Alderman Fullerton. "I didn't vote for this waterworks system because I believed in it. It looks as if the pipe line was going to be a failure. If so we should see what we can do to prevent it. I have no animosity against the engineer and I don't care who makes a mistake. However, it was a great mistake from the very first and has proved to be so."

Disregard Rumors.
Alderman Patrick warned the Council against paying any attention to the alarming rumors which were circulating. The Council, he said, was not capable of selecting the right man to conduct an investigation any way. It would be simply "kicking rumors." Generally speaking, he said, experts fell down when they were most needed.

"Who will pay to give the City Engineer a chance?" demanded Alderman Todd.

"Who will pay for your Vancouver expert?" returned Alderman Patrick.

"The taxpayers will pay," Alderman Todd went on. "Mr. Preston says it will cost \$25,000 to install expansion joints and if these fail it will be an extremely costly undertaking. It's about time this Council used its common sense and found out why these contraction joints were not put in in the first place and who was responsible. The late engineer and the present engineer were responsible as well as the engineer who was in charge at the time the flow-line was designed. They should be called upon to give an explanation why expansion joints were left out. Why should the city let officials experiment at our expense? The investigation I propose cannot be a very expensive affair."

Alderman Andros declared that the Sooke Lake system was of little use without Humpback Reservoir which supplied most of the water used in the city. Contrary to the general belief, he said, no large quantities of water were going to waste, because there was no one to use them. He must have told him, he stated, that one could drive a horse and cart through the pipe line in places.

Have Put It Off.
"We have put this matter off," he declared, "and the engineer probably has put off telling us the truth. The truth is not always profitable and he may be wise."

The Council should realize, however, that only a fraction of the city's water supply came from Sooke Lake.

"Alderman Andros's remarks are grasped before it is too late."

ADVOCATES HEALTH EDUCATION.
Dr. Anne Young, of the department of health education of the Y. M. C. A. Dominion Council, who is well known in Victoria, has been delivering some stirring addresses before the young women's institutions of London, Ontario. "Health for womanhood the world over is the aim of our department," Dr. Young said. "Certain people believe that we are doing wrong to touch on these matters, but scientists along this line declare that we have reached the psychological moment for warfare against ignorance, and that moment must be grasped before it is too late."

of a wandering nature," replied Alderman Johns. "We get all the water we want from Sooke Lake and we could supply the city with three or four times as much as is required to-day."

COUNCIL REJECTS LAND SALE SCHEME
Feels That Todd Plan Is Premature; Would Wait Until After Tax Sale

Alderman Johns supported Alderman Todd's resolution, however, claiming that Mr. Preston should have no objection to a investigation by another engineer.

Deploping the publicity which would be given to Alderman Andros's observations, Alderman Sargent stated that at certain times only fifteen per cent. of the flow from Sooke Lake was lost through leakages.

Why Stand It Off.
Alderman Todd objected to Alderman Sargent's proposal that the aldermen inspect the pipe line before deciding whether an investigation should be held. "I cannot see the wisdom of eternally staving these things off," he said. He felt that there had been serious neglect in the laying of the pipe line and he wanted to find out all about it.

"Alderman Todd seems to have a faculty of wanting to quarrel with people," complained Alderman Sargent. "What's the good of finding out who was responsible. We want to know what must be done. What's the good of getting an engineer to tell us the former engineer was no good?"

Finally the inspection trip to the pipe line was approved by a vote of six to four, Alderman Todd, Fullerton and Andros opposing it on the

ground that an expert investigation should be ordered, and Alderman Sangster objecting that no action was necessary.

jected that action on the question of selling the land was premature as it was impossible to foresee the conditions that would arise in the Fall.

"People won't buy land at the present time," asserted Alderman Sargent. "They wouldn't come to the last tax sale and they are no more likely to come to this other sale. The prairie people are not here in November, they come in January and February. That would be a better time for the sale."

During further discussion it developed that a majority of the aldermen felt that it would be unwise to fix the date for the sale until after the tax sale, October 5. When a vote on the subject was taken, Alderman Fullerton, Dewar and Andros alone supported Alderman Todd.

TO SELL JUNK
City to Dispose of All Old Pipes, Iron and Other Things.

Sale of all old pieces of iron, pipe fittings and other junk lying about the City Hall and other city properties was decided upon by the City Council last night, on the suggestion of Alderman A. E. Todd.

Some of the aldermen thought that there was very little junk to be sold, and Alderman Sangster added that any junk available was sold regularly from time to time.

Alderman Patrick, in answer to Alderman Todd, said all the movable property he had been able to see on

the Elk Lake property was an ancient and venerable wheelbarrow without a wheel, without handles and only one leg.

However, a majority favored the Todd motion and decided, moreover, to instruct the City Treasurer to sell, by public auction, all articles collected by the Police Department.

CURFEW SHALL NOT RING, BUT LIGHTS OF CITY ALL WILL FLASH

"Curfew shall not ring to-night" but the street lights will flash once at nine o'clock, Alderman Patrick, chairman of the Curfew Committee, told the City Council last evening. The alderman observed that no whistles or bell to warn children off the streets was available, and he thought that the system of flashing the lights would be just as satisfactory and would cost nothing. If the test to-night worked out satisfactorily, he said, the system would be put into effect. It would take about five minutes to flash all the street and cluster lights, he said.

"If the aldermen are up and sober at nine o'clock in the evening," he said, "I urge you to watch and see how the flash works."

Curfew shall not ring to-night, he said, "I urge you to watch and see how the flash works."

Curfew shall not ring to-night, he said, "I urge you to watch and see how the flash works."

Car—"Why are you compelling your son to read the Peace Treaty and the League of Nation's Covenant?" Barr—"He may become a Senator when he grows up, and it will be helpful to him in the Senate's discussion of the documents."
