VICTORIA, B.C., TUESDAY, OCTOBER 23, 1923

PRICE FIVE CENTS

BERLIN CLAIMS RHINELAND MOVEMENT BEING CRUSHED

PRESBYTERIANS FIRE POINTED QUESTIONS AT UNION ADVOCATE

Opponents of United Church Tell Dr. George C. Pidgeon There is an Increasing Majority Against Movement; Burning Question Divides Conference in Victoria

Presbyterians in Victoria opposed to church union voiced their objections in an avalanche of questions showered upon Dr. George C. Pidgeon, of Toronto, chairman of the Presbyterian Unionists, at the conferences on church union yesterday at the Metropolitan Church.

Rush of Questions

At the afternoon meeting, presided over by Dr. W. J. Sippell, questions were invited after Dr. Pidgeon had delivered an address in which he touched mainly on the legal aspect of church union, and that there was strenuous opposition was evidenced from the outset.

Withdrawal Clause

The third clause of the bill, he pointed out, made provision for those who wished to withdraw from the United Church of Canada. The idea of the bill was to incorporate the church, the Methodist Church was incorporated.

CHANGED PLAN FOR TORONTO VIADUCT NOW IS URGED

Toronto, Oct. 22.—The presidents of the Canadian National Railway and the Canadian Pacific Railway have notified Mayor Maguire that they acknowledge the binding effect of the Railway Commission's order of 1912 calling for the construction of a viaduct along Toronto waterfront.

BONAR LAW AGAIN IN PEAK CONDITION

Has Suffered Recurrence of Throat Trouble Constantly Under Care of Medical Advisers

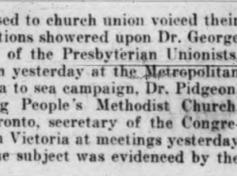

London, Oct. 23.—Former Premier Bonar Law has had a recurrence of the throat trouble which caused him to resign the premiership and his condition is giving considerable worry to his friends.

Mr. Bonar Law suffered a chill a few days ago and is confined to his home with a cough. He is under the constant care of doctors, but his throat condition apparently is not readily amenable to treatment.

1,500 AT CONVENTION Washington, Oct. 22.—More than 1,500 delegates were for the first formal sessions of the annual convention of the United Typothetae of America to-day.

Auto Accidents in U.S., Fatal and Non-Fatal, 31,604

Chicago, Oct. 23.—Carelessness by motorists and drivers of automobiles caused 31,604 fatal and non-fatal accidents in the United States during 1922, at a minimum financial loss of \$12,569,078, according to an estimate by the Chicago Safety Commission.

FEARED EIGHTY MEN DROWNED

British Ss. Westmorland May Have Sunk Off Delaware S.O.S. Call Picked up Last Night; No Word To-day

Newport News, Va., Oct. 23.—S.O.S. calls purporting to come from the British steamship Westmorland were picked up here last night by the Danish steamship Phoenix, according to Capt. Gai, master of the Phoenix, who came ashore here to-day. The Westmorland was reported fourteen miles east of Five-Fathom Bank Lightship, off the Delaware Breakwater.

R. C. Thompson, British Vice-Consul here, said the Westmorland carried a crew of eighty officers and men. Attempts to get in touch with her by wireless to-day proved futile and it is feared she went down with all hands.

LOYD GEORGE VISITS THE HARDING TOMB

In Marion, Ohio, He Honors Memory of Late U.S. President

Talks With Mrs. Harding and Calls at Newspaper Office

Marion, Ohio, Oct. 23.—David Lloyd George, former Premier of Great Britain, arrived here early to-day to pay his respects to Mrs. Harding and do homage to the memory of President Harding by visiting his tomb here.

Lloyd George called at The Marion Star, the newspaper formerly owned by President Harding. He was then taken to the Harding home, and thence to the Marion cemetery, where he visited the Harding tomb.

The party then motored to the White Oaks farm, the home of Irling General C. E. Sawyer, where the British war-time Premier visited Mrs. Harding, who is temporarily making her home there.

Statement at Party Conference Awaited; Premier Baldwin

Miss Darroch, Glasgow, and Miss Sharp, Australia, Are Prisoners of Bandits

CHURCH WORKERS CAPTIVES IN CHINA

Lack of Co-operation in Efforts to Rescue Them Reported

Peking, Oct. 23.—The Piteful plight of two British missionaries, the Misses Mary Darroch, of Glasgow, Scotland, and Mary R. Sharp, of Millikent, South Australia, who were captured by bandits in Honan Province last month and are being held in the mountain strongholds of the outlaws, is described in dispatches from Kaifeng.

ELECTION TALK HEARD IN BRITAIN

Tariff Discussion at Height as Unionists Gather for Conference

Plans Baldwin Will Outline Subject of Greatest Interest

London, Oct. 23.—Great Britain may soon be preparing for another general election if the intimations appearing in today's newspapers are reliable.

URGENT PROTECTION FOR HOME BANK'S D.C. DEPOSITORS

Oliver Asks Ottawa to Take Steps to Aid Them

Premier Hon. John Oliver is using his influence with the Federal Government to protect British Columbia depositors in the defunct Home Bank, it was announced at the Parliament Buildings to-day.

DELEGATES DISCUSS EMPIRE SHIPPING

One Gives Protection Against Foreign Discrimination

London, Oct. 23 (Special Cable to the Canadian Press by George Hambleton, Staff Correspondent).—Two resolutions of importance to shipping interests were adopted by the Empire Economic Conference, here to-day.

WINNIPEG MAY TEST CENTRAL STEAM HEATING SCHEME

Winnipeg, Oct. 23.—The City Council last night decided to submit a by-law to the ratepayers at the forthcoming civic election on November 25 for the establishment of an \$175,000 central steam heating plant. The ratepayers will be asked to pass on a debenture issue of \$550,000 and approve the scheme for co-ordinating a central steam heating plant with the hydro-stand-by plant.

Tangier Trade Development is Urged by U.S.

Paris, Oct. 23.—The State Department at Washington has made known to the powers represented in the conference over Tangier-Great Britain, France and Spain—that it takes for granted that any regime adopted for Tangier will be in accordance with the decisions of the Algeiras Conference as respects the "Open Door."

"COMMITTEE OF ACTION" NOW IN SAXONY, AND FIGHTING IN HAMBURG

Dresden, Saxony, Oct. 23.—A "Committee of Action" has been formed, with full power to call a general strike.

Berlin, Oct. 23.—Disorders which started in Hamburg this morning were continuing this afternoon. Discontent with food prices caused the trouble, it is stated. Some of the police stations were stormed and some policemen were disarmed, but police reinforcements recaptured the stations. Many food shops were plundered.

THREAT OF GENERAL STRIKE IN BERLIN

Workingmen Want Payment in Stable Currency

Berlin, Oct. 23.—Dr. Schacht, managing director of the Darmstadt Bank, said to-day that representatives of the Berlin workingmen had demanded payment of wages in stable currency within three days, declaring that otherwise a general strike would be proclaimed.

GREEK MUTINEERS RETURN TO RANKS

Men Say They Were Duped by Their Officers

Athens, Oct. 23.—It is reported from Chalcis that most of the provincial soldiers who revolted under the leadership of General Metaxas, the royalist, are returning to the ranks. The men assert they were duped by their officers, whom they followed under the belief that they were wanted for regular service.

DUKE ON COAST TO-MORROW WEEK

Hon. T. A. Low Will Make Delayed Inspection

Is Expected to Pay Short Visit to This City

Hon. T. A. Low, Minister of Trade and Commerce, is expected on the coast at the end of next week. He has definitely notified the secretary of the Burrard Liberal Association that he will reach Vancouver to-morrow week, and will remain in that city for three days.

ALBERT PANGORA, NEW YORK, SETS TYPEWRITER RECORD

New York, Oct. 23.—Writing 147 words a minute, a new world's record, Albert Pangora, New York, last night won the contest for professional typists, an annual feature of the National Shipping Commission.

WIESBADEN OCCUPIED

Berlin, Oct. 23.—The colors of the Rhineland were hoisted during the night on the German Government building at Wiesbaden by a band of followers of Dr. Hans A. Dertgen, leader of the previous Rhineland Republic movement, whose home is in Wiesbaden, a dispatch from that city states.

Provincial Government Supplying Needy Persons Suffering With Diabetes

RHINE SEPARATISTS DEFEATED AT POINTS AND GAIN ELSEWHERE

Republicans Beaten and Driven From Public Buildings in Aix-la-Chapelle by Trade Unionists; Duisburg and Wiesbaden Reported in Hands of Separatists

Paris, Oct. 23.—The Rhineland Republican movement was extended in some quarters of the occupied area to-day, but seemed to be receding in the districts first affected. Berlin maintains that the movement has been generally defeated.

The most important new accession of the Separatists was Duisburg, in the Ruhr, where, according to a Belgian official message, the republic was proclaimed early to-day and the public buildings occupied.

There are conflicting reports regarding the city of Bonn, where the Republicans were reported to have seized the Government offices. The latest Berlin advices, however, declared the Separatists had been defeated.

Trièves, Mayence and all the cities in the Ruhr, except Duisburg, are apparently in the hands of the regular officers.

Overnight developments in the Bavarian situation were negligible. The aggressive attitude of Dr. von Kahr, the Bavarian dictator, and the support given him against Berlin by General von Lossow, commander of the Bavarian Reichswehr, has made the situation unpropitious to the Separatists.

Berlin, Oct. 23.—With the German Nationalists demanding the resignation of the Stresemann Government, the Cabinet to-day discussed events in the Rhineland. Official opinion is that the success of the Separatist movement in several Rhineland towns and cities has seriously affected not only the morals of the Ruhr population, but also the prestige of the Reich.

An order has been issued prohibiting display of the Red flag.

Coblenz, Oct. 23.—The Rhineland Separatists are reported here to have occupied Bonn at 10 o'clock this morning. It is uncertain whether they retained possession of the town, as the latest information was that the Republicans had clashed with the police and the city authorities had finally called upon the French troops to restore order.

The German police were said to be still patrolling the town, but whether under Separatist or loyal direction was not clear.

London, Oct. 23.—A Berlin message to the Central News to-day says: "A telegram from Aix-la-Chapelle says the police succeeded this morning in expelling the Republicans from the town and regaining complete mastery of the situation. It is not known if any casualties occurred."

London, Oct. 23.—If the German separatist movement extends to Cologne, which is the bridgehead of the British Rhineland army, Great Britain will preserve an attitude of reserve, but will take every measure to maintain order, prevent bloodshed and insure the continuance of the present local Government, it was stated here to-day.

London, Oct. 23.—A Central News dispatch states that with the assistance of loyal workers, the German police have ejected the Republicans from Muenchen-Gladbach. It is reported the workers roughly handled the invaders.

Brussels, Oct. 23.—A Belgian official news agency telegram from Duisburg to-day states that the republic was proclaimed there and the public buildings occupied by the Separatists early this morning.

London, Oct. 23.—News received at the British Foreign Office to-day from the Rhineland area was to the effect that the secessionist movement was lacking in direction and cohesiveness. The views prevail here that the present disaffection in Aix-la-Chapelle and other Rhineland cities would collapse at the slightest gesture of firmness from the French or Belgian troops.

It is asserted that the movement has failed where there has been no collusion between the forces of occupation and the Separatists.

The British authorities seem to doubt the ultimate success of the enterprise.

Berlin, Oct. 23.—The colors of the Rhineland were hoisted during the night on the German Government building at Wiesbaden by a band of followers of Dr. Hans A. Dertgen, leader of the previous Rhineland Republic movement, whose home is in Wiesbaden, a dispatch from that city states.

Provincial Government Supplying Needy Persons Suffering With Diabetes

Toronto, Oct. 23.—"It cost only \$2,251 during the last month to supply free insulin to poor people suffering from diabetes," said Hon. Forbes Godfrey, Minister of Health of Ontario, to-day.

MALTESE DOCTOR VISITOR HERE

From the Youngest British Dominion in Mediterranean

Dr. Levanzin Comes From Historic Islands

Victorians have yet to learn much with regard to Britain's newest Dominion, Malta, which is situated at the cross roads of the Mediterranean. When the grant of self-government was imminent in 1920 there was a leading Maltese journalist, Dr. Augusto Bartolo, who came here with the Imperial Press Conference.

Bilingual Problem
Recognizing that keeping Maltese and English as parallel subjects of education in the Maltese schools is one of the best methods of sustaining the British sentiment, the Imperial party is standing out strongly to keep Italian as a language for the higher grades.

Maltese in America
Professor Levanzin stated that the Maltese in the United States number about 25,000, and that 5,000 alone are at Detroit, chiefly in the automobile industry.

RHINE SEPARATISTS DEFEATED AT POINTS AND GAIN ELSEWHERE
COBLENZ PUZZLED
Coblenz, Oct. 23.-Coblenz awoke in the expectation that it would be occupied by the Republicans to-day and that Joseph Matthes, generally regarded as the "Father of the Republic," would arrive with a Provisional Cabinet to make this city the seat of the new Rhineland Government.

COBLENZ PUZZLED
The population seemed puzzled whether to welcome the honor of having Coblenz proclaimed the capital, and it was expected that the impression the people got from to-day's events would determine their attitude.

It is understood negotiations between the separatists and Leo Deckers at Aix-la-Chapelle yesterday resulted in an agreement by Deckers to take second place in the new Government if he were allowed to have the government of the Aix-la-Chapelle district.

One of the chief arguments of the Separatists for a break with Berlin is that the passive resistance in the Ruhr costs the Rhineland 25,000,000 gold marks, while its share of the total reparations would only have been 25,000,000,000, according to their plan.

OPPOSITION TO SEPARATISTS IN CITIES PREDICTED
Dusseldorf, Oct. 23.-The Rhineland Separatists so far have encountered no serious opposition, but they will not have such smooth sailing when they strike the cities known to be opposed to them, Elberfeld for instance, and Barmen, Essen, Dortmund and other Ruhr centres.

Some loyalists aver that the opponents of separatism are only waiting until the first wave of republican ardor has spent itself before organizing a definite counter-movement. Royalist officers in most of the towns hitherto unoccupied have been in continuous conference since they learned of the coup at Aix-la-Chapelle.

At Dusseldorf all city officials were called out of bed at 3 o'clock Monday morning for a conference that lasted without interruption until noon.

ARTHUR PRICE DIES AT SALMON ARM
Nanaimo, B.C., Oct. 23.-Arthur Price, thirty-four, a blacksmith in the employ of the Adams River Lumber Company, of Chase, died at Salmon Arm Hospital as the result of an accident one of the company logging camps on Mara Lake. He was working near a chute, and was struck by a log that jumped from the chute, sustaining internal injuries.

MINISTER PLAYS INCREASING USE OF FOREIGN FUEL

Province Hard Hit as Oil Takes Place of Coal, Says Sloan

Hon. William Sloan, Provincial Minister of Mines, at this afternoon's luncheon of the Kwanan Club, launched a vigorous attack on the increasing use of fuel oil, which is striking a blow at the coal industry of Vancouver Island, which has shown a decreased production for the last two years with a result that the mines are only able to operate part of the time with adverse effect on the prosperity of the Province.

The cure was either with the Dominion or Provincial Government. By the decreased coal production through the fuel oil competition, the Province had lost a million dollars in royalty in the last ten years, in addition to the loss to the community.

Placer Mining
Vancouver Island had not been a profitable field from a placer mining standpoint. There were several small bonanzas, but the best had petered out. Victoria, however, at one time benefited from placer mining, and was at one time the mecca of argonauts.

ASQUITH KIDNAPPED BY LIVERPOOL STUDENTS
Liverpool, Oct. 23.-Right Hon. H. Asquith, who came here for the demonstration of the Liberal party, was "kidnapped" to-day by a number of the Liberal students of Liverpool University when he refused their request that he address them.

Copper Production
Vancouver Island before long would be one of the most important copper producing districts. He was not breaking any confidence when he said that arrangements were being made to open at the Jordan River property just as soon as the copper market adjusts itself.

Intelligence Test
Wild guesses on the perimeter of Vancouver Island were cast in a guessing competition conducted by J. E. Umbach, Surveyor-General, who for the guidance of the members announced the island was 232 miles long. T. V. Messinger, 1320 miles was nearest the correct answer of 1,584 miles. W. Duncan was second with 1,321 miles. Some members guessed as high as 25,000 miles.

Great Interest
London, Oct. 23 (Special cable to the Canadian Press by George Hambleton, staff correspondent) - What will Premier Baldwin say on Thursday?

This is a query over which political circles here are agog with speculation, for it is felt generally that what Mr. Baldwin has to tell his party is likely to have a vital bearing on the British fiscal relations with the Dominions and the future course of the Imperial Conference.

No tax on imported wheat or meat with a preference to the Dominions. Revenue derived from the scientific tariff to be devoted to subsidizing shipping freights from Australia and New Zealand, giving a bounty on corn production, subsidizing cotton growing within the Empire, and the shipment of this raw cotton to Great Britain.

THE BIG NEWS
Everybody believes in those who believe in themselves. Most people believe that real enthusiasm in advertising must be based upon something real and desirable. And most people are right.

The merchant who half-advertises his store emphasizes his half-belief in it. But the merchant who knows that he has the thing wanted, and that he can sell it at a lower price than his competitor, touches the town's self-interest, and thus centres attention upon his store. He convinces everybody that his store means something DEFINITE.

The merchant's advertising must carry enthusiasm and conviction—or it cannot DELIVER THEM. His advertising is his point of contact with his possible customers. It must be charged with truth, with facts, with NEWS.

And it must not be stinted in space—for this is an "interest-killer." The reader is accustomed to finding the big news story of the day treated in a big way. And the same expectation extends to the big news stories of the stores.

Then, to be really effective, productive, the big advertising stories must be carried in the HOME Paper.

No Corns
The simplest way to end a corn is Blue-jay. Stops pain instantly. Then the corn loosens and comes out. Made in clear liquid and in thin plasters. The action is the same. At your druggist.

LABOR MARKET IN BEST CONDITION FOR MANY YEARS

Little Unemployment on Island Anticipated During the Winter

The labor market in Victoria and Island is on a much more satisfactory basis at the present time, than it has been since the war, except during the shipyard boom, according to reports from the Provincial Government Employment Bureau.

The reports indicate that there will be little unemployment, during the Winter. Logging companies and mills on the Island are running full time, and it is anticipated that they will do so throughout the Winter, except when it is necessary to close down for temporary repairs.

The physically unfit, specialized trades and clerical workers are those the Bureau has the greatest difficulty in placing. For the clerical men the board is able to offer little assistance, and the list has been hardly reduced at all.

As a result of the big buildings under construction at present in the city a shortage of plasterers, bricklayers and good building laborers is reported. Virtually all of the carpenters in the city are reported to be employed.

There is a decided shortage of farm help. One reason for this is that in most cases farm help, able to milk, is needed and this frequently proves a barrier to many of the applicants for work on farms.

FISH MASTER NAVIGATORS, BABCOCK SAYS
The mysterious wanderings of the sockeye salmon from the lake where it is born to the open sea and back again several years later were described to the members of the Natural History Society at the first of its series of Winter meetings in the Jones Block last night by J. P. Babcock, Deputy Commissioner of Fisheries.

The sockeye is a past master in navigation," Mr. Babcock said. "In coming in from the open sea, where it has wandered and fed for three years, it follows the route of its ancestors, it approaches the same headlands on similar tides at the same time, of the year, hugs the islands' coasts, passes through the narrow channels and entering the Fraser channel it journeys up-stream, passes the mouths of all tributary streams until it reaches the mouth of the tributary that flows from the lake from which he migrated years before."

The sockeye knows its own town, street and number and how to get there." The Natural History Society decided last night to appoint a committee to investigate the complaint of the Chamber of Commerce that the barren condition of the Ross Bay Cemetery fronting on the Marine Drive was detrimental to the tourist business.

SHERIFF TO HAVE NEW QUARTERS
H. W. Goggin and Assistants Will Move to Ground Floor of Court Building

Nearing the finishing stage of its completion, the new quarters for the sheriff of Victoria, the marriage license and associated offices, the eastern wing of the ground floor of the court house building, Bastion Street, will be occupied by its tenants about the close of this week.

The merchant's advertising must carry enthusiasm and conviction—or it cannot DELIVER THEM. His advertising is his point of contact with his possible customers. It must be charged with truth, with facts, with NEWS.

MAJOR GUS LYONS WILL BE OPPOSED

Annual Meeting of Liberal-Conservative Association Will Be Held To-night

Keen interest is being displayed in the annual meeting of the Victoria Liberal-Conservative Association scheduled for 8 o'clock to-night in the Chamber of Commerce auditorium.

Major Gus Lyons, president of the Association, will be the chief business of the meeting, addresses will be given by prominent Conservative leaders, including W. J. Bowser, K. C., leader of the Opposition; Senator G. H. Darnard, Senator R. F. Green, R. H. Pooley and Joshua Hinchcliffe.

MAINTENANCE MEN ON RAILWAYS ARE AWARDED INCREASE
Montreal, Oct. 23.-By unanimous decision, the members of the Board of Conciliation have awarded an increase of two cents an hour to all employees of Canadian railways engaged in maintenance of the way work who are at present receiving less than forty cents an hour.

THE BIG NEWS
Everybody believes in those who believe in themselves. Most people believe that real enthusiasm in advertising must be based upon something real and desirable. And most people are right.

The merchant who half-advertises his store emphasizes his half-belief in it. But the merchant who knows that he has the thing wanted, and that he can sell it at a lower price than his competitor, touches the town's self-interest, and thus centres attention upon his store. He convinces everybody that his store means something DEFINITE.

The merchant's advertising must carry enthusiasm and conviction—or it cannot DELIVER THEM. His advertising is his point of contact with his possible customers. It must be charged with truth, with facts, with NEWS.

And it must not be stinted in space—for this is an "interest-killer." The reader is accustomed to finding the big news story of the day treated in a big way. And the same expectation extends to the big news stories of the stores.

Then, to be really effective, productive, the big advertising stories must be carried in the HOME Paper.

MEN WHO AIDED WITH HARVEST GIVEN WORK FOR WINTER

Calgary, Oct. 23.-Positions will be provided during the Winter season for every Britisher who came to Alberta to work in the harvest fields and more jobs have already been secured than there are men to fill them.

This was the statement made by Walter S. Woods, superintendent of Calgary for the Soldier Settlement Board.

OBITUARY
The death took place on Sunday at the Royal Jubilee Hospital of Hiroshi Nakakuni, aged twenty-one years, born in Japan, and a resident of this city for the past two years. Late residence, 961 North Park Street. The funeral will take place on Wednesday at 3:30 o'clock from the Sands Funeral Chapel, and on the night boat the casket will be forwarded to Vancouver, where cremation will be made.

The funeral of the late Joseph Lovick, who passed away at the family residence last Sunday, will take place to-morrow afternoon. Short service at his residence, 1717 Oak Bay Avenue, at 2 o'clock, and fifteen minutes later services will be conducted at the Emmanuel Baptist Church, Gladstone Avenue and Fernwood Road, by the Rev. William Stevenson, and the remains will be laid to rest at Ross Bay Cemetery. The deceased was born in London, England, on February 22, 1863, and had been a resident of this city for the past two years. He is survived by, besides his widow, two daughters at home and a brother in England.

The funeral of the late Mrs. Elizabeth Thuesdell Knappton will take place to-morrow afternoon. Service will be held at the Thomson Funeral Home, 1525 Quadra Street, at 2 o'clock, when the Rev. Dr. Campbell will officiate. The remains will be laid to rest in Ross Bay Cemetery.

A real whole wheat toast

Perhaps you have given up trying to get a real whole wheat toast—that's because you have never discovered TRISCUIT, the shredded whole wheat cracker. It is 100 per cent whole wheat, steam-cooked, shredded, pressed into a wafer and baked a crisp, golden brown. It is easily digested because so thoroughly cooked, and it contains all the bran you need to promote bowel movement. It is eaten in place of ordinary white bread toast. Crisp it in the oven and butter it while it is hot. Nothing so tasty and appetizing.

The Canadian Shredded Wheat Company, Ltd. Niagara Falls, Ontario

GOOD ROADS MEN MEET AT OLYMPIA

Automobile Caravan From Olympia to Salem, Ore., Thursday

Seattle, Oct. 22.—State Senator P. H. Carlyn, of Olympia; Claude Ramsay, former King County Commissioner, and Al Rogers, of Waterville, will be candidates for president of the Washington State Good Roads Association for the coming year at the twenty-fourth annual meeting in Olympia to-day and Wednesday.

The convention opened last night at Olympia and will continue its business sessions until Wednesday and end Thursday and Friday with a capital-to-capital automobile caravan from Olympia to Salem. En route the caravan will pause on the Vancouver-Portland inter-state bridge Thursday afternoon to celebrate the obsequies of "Old Man Detour," as paved roads will take the place of the just dirt sections of the route.

Arrived in Groups
Fred L. Wolf, of Newport, president of the association, headed a party of four automobile loads of delegates who arrived here yesterday after a drive from Pend Oreille County. S. A. Hawkins, of Coeur d'Alene, Idaho, brought party of delegates from that state. Thomas B. Kirk, president of the British Columbia Automobile Club; A. E. Foreman, president of the Vancouver Automobile Club; Charles H. Tisdall, Mayor of Vancouver, B.C., and a number of British Columbia highway officials made up a party that also arrived here yesterday.

DENIAL IS MADE TAXING OF FOOD IN BRITAIN PLANNED

London, Oct. 22 (Canadian Press Cable)—Ronald McNeill, Under-Secretary for Foreign Affairs, speaking at Riverston last night, said the Government had no intention of taxing the food of the people as some of the Liberal leaders alleged. The proposal to increase the existing duties on dried fruits from Turkey and Greece, he said, had produced a frantic effort by Sir John Simon to capture the votes of women by talking of an imaginary increase in the cost of the "currant bun." He described Sir John's attitude as "fatuous flapdoodle."

CHARLES SCOTT DIED IN OTTAWA

Ottawa, Oct. 22.—Charles Scott, a civil servant for forty-five years and formerly one of Canada's best rifle shots, died at his home here yesterday, aged eighty years. He went to Biele in 1902 and 1904. Lieut.-Col. C. M. Scott, of Winnipeg, and George Scott, of Vanderhoof, B.C., are the surviving sons.

SAYS C.M.R. MUST BE MADE SUCCESS

Sir Henry Thornton Declares Prospects Are Bright

President of System Speaks in Sherbrooke, Que.

Sherbrooke, Oct. 22.—"We must make a success of the Canadian National Railways if the Dominion is not to go bankrupt. We can not go on forever having a \$50,000,000 deficit every year."

Sir Henry Thornton, chief executive of the Canadian National Railways, speaking here yesterday, made this statement.

Sir Henry was very enthusiastic regarding the future of the railway system. "With a refusal to meet defeat, I believe we shall make the Canadian National Railways not only self-supporting, but also a thing of influence in Canada," was his prediction.

"It must always be remembered that the railways are operated by the people for the people, and an effort must be made to render the National Railways self-supporting as quickly as possible, and eliminate the possibility of their remaining a burden on the taxpayers of the Dominion. We are doing the best we can to bring this about. Having the prospect of a new system, it seems that patriotic motives should emphasize the necessity of the public giving us its full assistance," said Sir Henry.

Earnings Increasing

He went on to say that the prospects looked bright, giving figures of the increased net earnings of the C.N.R. He stated the officials would always be quite willing to lend an ear to constructive criticism, but stated that in this country, as in every country, there were people who offered criticism simply for reasons of their own.

PRAIRIE THRESHING NEARS COMPLETION

Weather Has Been Favorable; B.C. Apples Sent to Packing Plants

Winnipeg, Oct. 22.—Generally good harvest weather has prevailed during the past week throughout the prairies and threshing is rapidly nearing completion, according to a report issued here by the Canadian Pacific Railway.

Under improved soil conditions, as a result of recent rains, ploughing is proceeding apace, with every indication of an increase in acreage over last year's figures. Pasture conditions are good and stock is going into winter quarters in the best of condition and with an abundance of food in store.

Some good yields are reported from the Olds district in Alberta, where wheat yields are averaging thirty to fifty bushels an acre, oats sixty to 110 and barley thirty-five to forty.

The weather has been good for the harvesting of apples in British Columbia, and they are being sent to the packing plants in large quantities. Warm days and cool nights with a touch of frost have made a big improvement in the color of fruit during the last week.

ONLY ALBERTA WHEAT IN NEW ALBERTA POOL

Calgary, Oct. 22.—Saskatchewan farmers, as individuals, can not ship their wheat to the Alberta Wheat Pool this year, H. W. Wood, president of the United Farmers of Alberta and chairman of the provisional board of seven trustees of the pool, stated to-day.

It was considered for a time in some circles here that those farmers of Saskatchewan desirous of obtaining any benefits which may accrue from co-operative marketing might be allowed to ship to this province's pool.

R.C.M.P. MAN IN WINNIPEG WAS ACCIDENTALLY SHOT

Winnipeg, Oct. 22.—Private Norman Teske of the Royal Canadian Mounted Police, until recently a resident of Ottawa, is in a hospital here suffering from the effects of a bullet wound in his stomach, said to have been accidentally inflicted last night by Private James Young. His condition is critical.

INDIANAPOLIS AUDIENCE HEARD LLOYD GEORGE

Indianapolis, Ind., Oct. 22.—A message of gratitude to the United States for the part she played in the world war was delivered here last night at the national headquarters of the American Legion by David Lloyd George, war-time Premier of Great Britain. Speaking to a great audience in Cadle Tabernacle, the man who bore such an outstanding part in the war, with lofty eloquence, coupled with his message an appeal that Great Britain and the United States continue to co-operate for peace.

At the same time, in discussing conditions in Europe, the former Premier urged "the Lincoln touch, conciliation not vengeance." Referring to Germany, he said:

"Having overthrown the military autocracy that menaced us—it is a broken creature, lying on the plains of Central Europe at this moment—do not let us begin to destroy a nation. Let us have reconstruction, peace in the work, peace in a poor thing; it breeds vengeance; it propagates its kind. Let us have peace, conciliation, wisdom. Let us have the great doctrine of Abraham Lincoln in Europe again."

Mr. Lloyd George delivered his address as the guest of the state of Indiana before an audience which was warmed up for the occasion by singing the old war songs, supported by a chorus of several hundred.

B.C. DEATH RATE EIGHTH PER 1,000

Lowest Among Eight Provinces in 1921; Quebec Not Reported Yet

Manitoba's Birthrate, 30.3 Per 1,000, Was Highest

Ottawa, Oct. 22 (Canadian Press)—Manitoba had the highest birthrate of the Canadian provinces in 1921, as shown by the first blue book covering Dominion vital statistics compiled and issued by the Dominion Bureau of Statistics. The figures cover only eight provinces, however, Quebec not being included. Manitoba's birthrate in 1921 was 30.3 per 1,000, the next highest being Saskatchewan, with 29.7 per 1,000. British Columbia had the lowest rate, namely 25.3. Ontario's rate was 25.3. With a population in the eight provinces of 6,414,654, living births for the year were 168,979. These included 137,747 pairs of twins and twenty-three sets of triplets. The proportion of boys to girls born alive was 516 to 484 in each 1,000. The year before the proportion was 517 boys to 486 girls. The net natural increase in these eight provinces was 101,257 in 1921. In every province except Prince Edward Island the number of males exceeded the number of female babies.

Infant Deaths

Infant deaths showed a notable decrease in 1921 as compared with 1920. For 1921 the rate was 88.1 for each 1,000 births, while the year before it was 100.1. The highest rate in 1921 was 112.3 per 1,000 in New Brunswick, against 124.9 per 1,000 in 1920. British Columbia had the lowest death rate for babies, 56.5 per 1,000 in 1921 and 60.8 in 1920. The rate in 1921 in the prairie provinces ranged from eighty to eighty-four per 1,000.

Deaths

Total deaths in 1921 of people of all ages is given as 67,722 for the eight provinces, or 10.6 per 1,000. The year before the rate was 12.3 per 1,000. A decrease in total deaths as well as in the rate was registered in every province. New Brunswick had the highest death rate in 1921 with 12.9 per 1,000, while British Columbia had the lowest with eight per 1,000. The rate in the prairie provinces ranged from 7.4 to 8.4 per 1,000, while in Ontario the death rate was 11.8 per 1,000.

Causes of Death

Diseases of the heart headed the list of the causes of death in 1921, accounting for nearly nine per cent. Cancer was next with 7.12, while tuberculosis was responsible for 7.7 per cent. Nova Scotia had the highest rate from tuberculosis, while cancer caused the highest rate of deaths in British Columbia. Saskatchewan had the lowest death rate from tuberculosis, while New Brunswick had the least from cancer in proportion to population. More women than men died of cancer during 1921.

Manitoba held the record during the year for marriages, 8.7 per 1,000 population, the lowest rate being in Prince Edward Island, 5.8 per 1,000.

EXPECT MEXICO TO REPAY DEBT

T. W. Lamont Expresses Hopes of International Committee of Bankers

New York, Oct. 22.—Commenting on news dispatches from Mexico City as to the Mexican Government's financial difficulties and their possible effect on the Mexican debt agreement, Thomas W. Lamont, of J. P. Morgan & Co., chairman of the international committee of bankers for Mexico, said his committee continued to have confidence that the Mexican Government would carry out its obligation under the debt agreement.

Mexican bonds were sold freely on the New York Stock Exchange yesterday, both the fours and the fives touching new low prices for the year. Mr. Lamont's talk with newspapermen took place after the close of the market. He said he and his associates on the committee had noted with regret the statements emanating from Mexico City. Nevertheless, he said, the committee felt confident there would be no interruption of the debt agreement plan, adding that a substantial amount of \$15,000,000 required for the first year's debt service under the agreement already had been made available to the committee.

To Be Declared Operative

Mr. Lamont said also that he believed it to be the committee's intention to declare the whole plan operative as soon as the balance remaining for the first year's debt service had been deposited. Replying to questions as to the effect the recent resignation of Finance Minister de la Huerta might have on the plan, Mr. Lamont said that several deposits had been forwarded by Secretary Pani, Mr. de la Huerta's successor, and that he thought it would be only a short time before the full amount would be available. It was stated that although no reports had been received from abroad there was little doubt that a majority of the bonds had been or would be deposited with the committees in the various countries.

VERSAILLES THIEVES TOOK TAPESTRIES

Paris, Oct. 22.—A sensation was created in Government and artistic circles yesterday when it was learned that two Gobelin Tapestries, each valued at 1,000,000 francs, had been stolen from the walls of the Versailles Palace. The guards are certain the tapestries were hanging on the walls Sunday evening when the palace was closed, but they were gone yesterday morning. The tapestries were made in 1674 and formed part of Louis XIV's collection. One of them represented the siege of Douai, and the other the entry of the king into Dunkirk.

WILSON'S INVALIDS' PORT is accepted readily by the most delicate stomachs,—it is a tonic with warmth and body—a nourishing and strength-imparting food.

BIG BOTTLE ASK YOUR DOCTOR ALL DRUGGISTS

DOMINION NOTE CIRCULATION GROWS

Ottawa, Oct. 22.—An increase of \$7,500,000 in Dominion note circulation is shown by the monthly currency statement issued to-day by the Minister of Finance. The amount of gold held against notes is about the same as a month ago, however, showing a somewhat lower gold basis. Total circulation of Dominion notes and specie on September 23 was \$242,695,974, as against \$235,121,349 on August 31. Gold held by the Minister of Finance against notes in circulation was \$112,964,281 at the end of September, compared with \$113,797,158.

Mother and Her Baby Are Relieved of Eczema

Mrs. Peter A. Palmer, Salt Burn, Sask., writes: "Dr. Chase's Ointment has completely relieved me of eczema and pills. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

TAXATION OF AMUSEMENTS

The evidence and arguments with which the amusement interests have fortified their request to the Government for a reduction of the special taxation levied on them, if fairly examined, should command sympathetic consideration. They are now taxed ten per cent. on their gross receipts, regardless of whether those receipts meet their operating expenditures or not, and in view of the fact that they very often operate at a loss they are taxed in those circumstances upon their deficits. Hence, in some instances the Provincial Treasury derives more profit from the amusement houses than those who have invested their capital in them, who also are compelled to pay all the current Dominion, provincial and municipal taxes as well. The statement of one of the largest moving picture establishments in Vancouver shows a loss for thirty-five out of the fifty-two weeks of the year, owing to the high cost of films, which in some cases exceeds two thousand dollars a week, and other heavy charges. Nevertheless it has had to pay a tax of ten per cent. on its total receipts. No business, especially one which, owing to climatic and other factors, is so uncertain as that of catering to the amusement of the public, can reasonably be expected to stand up under such a burden, and this particular business, unlike transient attractions which are here to-day and away to-morrow, expends in wages and in other ways hundreds of thousands of dollars yearly in this Province, thus being an established economic factor of no little importance.

THEY ARE ALL GERMANS

Until the experiments in the Rhineland and Bavaria—not to mention Saxony—have been allowed a little fuller rein the effect upon Germany as a whole will not be seen. For the moment there is no indication that the situation in either Saxony or Bavaria is a very serious threat to the permanence of the Reich. And unless the movement for a separate republic in the Rhineland should be the outcome of influences that are not yet apparent there is very little prospect of its succeeding.

It goes without saying, of course, that any confederacy that owes its origin to military compulsion will usually crumble in the backwash of defeat in war; but above this elementary consideration in the evolutionary processes of a country like Germany—the Germany that has been drilled for half a century and still has to learn its democratic alphabet—the fact remains that the people of the Rhineland, as well as the people of Bavaria and Saxony, are still Germans and a mighty "putsch" will be required to make them anything else. Here is the factor that is almost sure to spell defeat for the separatists in spite of themselves.

THE DIE-HARD POST

If it were a newspaper that really reflected the views of the majority of the people of Great Britain one might wonder why The Morning Post should reveal its ignorance of the Western point of view in its references to Mr. Lloyd George's invasion of the United States. But since the journal in question has failed to catch the gait of modern progress, and appreciate the changes in the average democratic outlook that the latter day pace has brought about, it is not surprising that it should indulge its dislike for the former Prime Minister by sarcastically warning the American people that even if Papyrus is the best British three-year-old, their distinguished guest is by no means the most "trustful pillar of statecraft" that Britain can produce. In view of last Saturday's event at Belmont Park, therefore, and because it never could and never will see anything good in Mr. Lloyd George, The Post argues that "English politicians should do their speaking and English horses their racing at home."

Happily for Great Britain and for the United States the missioner to thank our neighbor for her part in the war was not chosen by The Morning Post. We should have been holding our breath from the moment he touched American soil until he left it lest he should have fallen into the error which one or two other pilgrims have committed on this side of the water. Nobody had any misgivings about the man who withstood all sorts of broadsides during the fateful years of the war and then offered himself as a target for The Post and its following of die-hards. He undertook to round off his service to the Allies by a personal visit to the New World in the hope that he might persuade the United States that there is still a golden opportunity for the English-speaking nations to continue in peace what they commenced in war.

Our neighbors are not worrying about the present condition of Mr. Lloyd George's political stock. They are not concerned as to whether he is the most "trustful pillar of statecraft" that Britain can produce; but they are particularly pleased to meet one of themselves—one of the common people, if that much maligned phrase may be employed—who has not been selected for any particular social or political reason, but whose mode of appeal begins and ends with friendly counsel and not with admonition or lecture. And

if the former Prime Minister should be able to convince our neighbor that she should take a hand in the reconstruction of Europe he will have performed a service of first importance. Meanwhile he will not weep because The Morning Post does not approve of him and his ways.

"THE MISSING LINK"

Although the city of Victoria is more directly interested in highway development and improvement on Vancouver Island than it is concerned in similar undertakings elsewhere in the Province, the tremendous importance of a trans-provincial highway to British Columbia as a whole is well understood by the Chamber of Commerce and all progressive institutions in this locality. On that account it is right and proper that the delegates which the premier commercial organization of this city will send to the forthcoming Convention of the Associated Boards of Trade of British Columbia should be instructed to lend Victoria's fullest support to such measures as may be required to persuade the Legislature that the Government's desire to get ahead with the "missing link" at the earliest possible moment should be made practical by the provision of the necessary appropriation of funds. As far as the choice of route is concerned Victoria is not especially interested as long as the final selection shall furnish a through thoroughfare that will give maximum accommodation at the right time of the year. Engineering advice and experience will decide this phase of the question.

COSGRAVE PRICKS THE BUBBLE

Premier Cosgrave has apparently pricked the bubble of cheap heroics which the republican prisoners in Mount Joy prison have been blowing during the last few days. He declared to a Dublin audience yesterday that when the "hunger strikers" were searched they were found to be in possession of brown bread and food pastilles. It was also discovered that Austin Stack commenced his so-called fasting forty-eight hours after the others and that Eammon de Valera had not begun to deny himself at all.

This looks like another ill-arranged bid for popular sympathy and support on the part of the republican leader. If he had really expected some good to follow this course he might at least have displayed a little better generalship. As it is he will have converted the whole programme into a joke that will be enjoyed by every supporter of the Free State and by not a few of the more or less lukewarm adherents to the republican cause.

Note and Comment

Vancouver City Council decided some time ago that it could not admit anybody to its payroll who had passed the age of forty. Those who were in favor of this extraordinary edict may hear an echo at the next municipal election if Dame Rumor is to be believed.

According to a Vancouver resident who has just returned to this Province from the Old Country, there are thousands of people on the other side of the Atlantic who are ready and willing to come to Canada and carve out their future. To all of which the echo answers: "Come."

It is now suggested that when Premier Baldwin makes his statement to the Conference of the Unionist Party at Plymouth on Thursday he will propose all-round protection for British industries by the imposition of a scientific tariff. It can be said at the outset that it will have to be extremely scientific to fool the British public. But our guess is that he will recall the fact that the Tariff Reform League went out of existence less than twelve months ago because it had insufficient funds to conduct its business.

Some Thoughts for To-day

And better had they ne'er been born,
 Who read to doubt, or read to scorn.
 Scott.

Give you a reason on compulsion! If reasons were as plentiful as blackberries, I would give no man a reason upon compulsion, I.
 Shakespeare.

The solitary side of our nature demands leisure for reflection upon subjects on which the dash and whirl of daily business, so long as its clouds rise thick about us, forbid the intellect to fasten itself.
 Proude.

Their only labour was to kill the time;
 And labour dire it is, and weary woe,
 They sit, they loiter, turn o'er some idle rhyme,
 Then, rising sudden, to the glass they go,
 Or saunter forth, with tottering steps and slow.
 Thomson.

Our Contemporaries

A TEST OF AGE

Belleville Ontario:—A man is old when he can yawn and go to bed and leave the hero in the middle of a bad fix on page 154.

QUESTION OF SOBRIETY

Montreal Gazette:—Whatever may be said in favor of the beerometer, mentioned somewhere recently, for testing a man's sobriety, it should be borne in mind that a man in this country is really never drunk. But there are degrees in his sobriety. If he is said "to have had a little beer," it means that he has had too much. If "he's none the worse for what he's had" it means in ordinary parlance that he is very much the worse. If he is "noways intoxicated" you may understand that he is quite helpless. If he is simply "consumed in liquor" he is merely at the merry stage. Lastly, if he "takes his half-pint," you may understand that he habitually takes too much. But drunk he never is, which again raises the very obvious query—when is a man drunk?

Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer the article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is entirely at the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

TWIN BRIDGES

To the Editor:—According to old Roman fables there was at one time much rumbling in the interior of a volcano in Italy.

The superstitious agriculturists gathered round, and after some discussion decided that the mountain was in labor; after waiting patiently for some time a small fissure opened near the foot of the mountain, and out came a mouse.

A certain city in British Columbia has been much exercised for years as to the advisability and feasibility of a certain project, this city now has twin (S) bridges, which will require careful nursing for many years.

However, this should not concern A. TRAMP.

October 22, 1923.

TO VISIT NORTHERN PART OF ISLAND

Archdeacon Collison Will Tour Scattered Settlements

(Special to The Times)

Duncan, Oct. 22.—At the request of the Bishop of the Diocese on Tuesday next the Ven. Archdeacon H. A. Collison, Vicar of St. Peter's, Quamichan, will leave to visit the scattered settlements of the north end of Vancouver Island. Formerly Archdeacon Collison used to give periodical services there, but since he left a year ago no one has visited them. He expects to reach Cape Scott, the extreme northwest of the island on Sunday next and will be away about ten days. Mrs. Collison will visit relatives at Parkville during his absence.

At a well-attended meeting held on Friday evening, the Duncan Basketball Club was reorganized and the following officers elected:

President, H. W. Dickie; secretary, Dr. C. French; treasurer, J. D. Brown.

An executive committee of five will be formed consisting of the three officers named and two business men of the district. This year the League will be in two classes, A and B. A for the seniors and B for new players. Practice will start on Tuesday and it is hoped to have the League in full working order in two weeks' time, or probably sooner.

METCHOSIN FARMERS TO HEAR ADDRESSES

Special to The Times

Metchosin—A special meeting will be held in the Metchosin Hall on Wednesday, October 24, at 8.30 p.m., under the auspices of the Metchosin Farmers' Institute, when addresses will be given by M. B. Jackson, K.C., M.P.P., chairman of the B.C. Game Board, on "Game Preservation," by Beaumont Hooper on "Fox Farming For Profit on Vancouver Island." The meeting will finish up with a social and dance with musical items interspersed in the evening. Everybody will be welcomed.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department.

Victoria, Oct. 23—5 a.m.—The barometer is abnormally high over this Province and fine cold weather is general. Rain has fallen in Alberta and Saskatchewan.

Reports
 Victoria—Barometer, 30.46; temperature, maximum yesterday, 51; minimum, 41; wind, 4 miles W. weather, clear.
 Vancouver—Barometer, 30.48; temperature, maximum yesterday, 52; minimum, 38; wind, calm; weather, clear.
 Kamloops—Barometer, 30.22; temperature, maximum yesterday, 54; minimum, 30; wind, calm; weather, clear.
 Prince Rupert—Barometer, 30.28; temperature, maximum yesterday, 52; minimum, 42; wind, calm; weather, cloudy.
 Tatooch—Barometer, 30.42; temperature, maximum yesterday, 52; minimum, 46; wind, 14 miles E.; weather, clear.
 Estevan—Barometer, 30.42; temperature, maximum yesterday, 51; minimum, 49; wind, 4 miles E.; weather, fair.
 Fentona—Temperature, maximum yesterday, 51; rain, .04.

RESPIRE GRANTED

Montreal, Oct. 23.—A third respite, this time until January 15, has been granted for Wilfrid Stonge, who was condemned to be hanged on Friday of this week for the murder of an old cobbler, Nester Geyrilovich, of this city, on the night of April 1, 1922. Certain technicalities in the process of the trial are being argued by defence counsel.

BODY OF MAN WHO STARVED BURIED IN NORTHERN B.C.

Prince Rupert, Oct. 23.—Constable Van Dyke has returned to Prince George from a remote tributary of the Parsnip River in Northern British Columbia, where he buried the body of John Stack, a trapper who was found dead in his cabin some time ago. Stack is believed to have died more than two years ago of starvation after his feet had become frozen. The body of the man had been so long exposed that it had become almost mummified. No food was found in the way of fuel, even to the axe handle, had been burned.

SMOKE OLD CHUM TOBACCO
 MANUFACTURED BY IMPERIAL TOBACCO COMPANY OF CANADA LIMITED

Try my finest Raisin bread tomorrow!

I bake it specially tonight for the many women who have formed a happy little custom of serving Raisin Bread on Wednesdays.

I bake it as you like it—beautiful loaves with plenty of plump and juicy Sun-Maid Raisins. Rich and fruity—healthful as well as delicious. Both white and whole wheat.

And these, too!
 Many other tempting Sun-Maid Raisin Foods will also be included in my special mid-week baking—rolls, coffee cakes, cookies, fruit cakes, tarts, and muffins.

And Raisin Pie, of course—rich with the full, fine flavor of California table-grapes.

By bakers everywhere
 The finest Sun-Maid Raisin Bread and other Raisin Foods are prepared "Special for Wednesday" by bakers every week—everywhere.

Serve them tomorrow for dinner—for your own and the children's luncheon. And Raisin Bread toast for Thursday's breakfast!
 Fresh from my ovens you can get these delicious Raisin Foods tomorrow—at any bakery, grocery store or from your bread salesman.

IN WOMAN'S DOMAIN

STARTED KUMTUKS CLUB IN KAMLOOPS

Business Women Hear of Growth of Organization; Interesting Talk on China

The history of china and its manufacture from the dim ages coeval with the Bible until the present day was graphically described in an interesting talk by Miss Blakeway before the Kumtuks Club at its luncheon yesterday. The speaker described the early attempts at pottery-making and its ultimate development into the ceramic art, touching briefly upon the history of Josiah Wedgwood and his association with the famous Portland vase. Specimens of modern china of attractive design were shown by Miss Blakeway and added much to the interest of her address.

Miss Lottie Bowron, the president, announced that preliminary steps to the formation of a Kumtuks Club in Kamloops were made during her stay in that city last week, the announcement being greeted with applause in response to a request from the Kamloops Board of Trade for a member of the Kumtuks Club to attend their first annual banquet on Friday evening next. Mrs. H. P. Hodges was delegated to represent the club.

Members were reminded of the club's bridge and mah jong party to be held on Saturday evening, November 2, at the home of Miss Bowron, 928 Burdett Avenue. Table reservations may be made at 62655.

A hearty welcome was given to Miss Jocelyn Babbitt, a visitor, who was one of the refugees from the Japanese disaster.

TRAGIC ENDING OF ROYAL ROMANCE

Lover of Princess Louise of Belgium Dies and Leaves Her in Poverty

Paris, Oct. 22.—A royal romance which, with its intrigues, scandalized the courts of Europe for many years, ended in a tragic conclusion when Count Mattachich died in a Paris hotel.

Count Mattachich was a dashing young officer in the Imperial Austrian Guard when at the risk of his life he stopped a runaway carriage and pair in the Prater at Vienna. In the carriage was Princess Louise, daughter of King Leopold II of the Belgians and wife of the elderly Prince Philip of Coburg. A strong attachment rapidly sprang up between the count and the princess.

Two years later the Count at Vienna rang with the scandal of a midnight elopement. Princess Louise in her ball dress and slippers and with only a wrap thrown over her shoulders had run away with her rescuer. The Imperial Courts of Vienna and Berlin quickly took action in attempts to stifle the scandal. Count Mattachich was arrested and charged with forgery. He refused to defend himself and was sentenced to six years' imprisonment. The Princess Louise was kept in seclusion in a private asylum.

After four years the Count was set free, and immediately began to prepare plans to rescue the Princess. Aided by one of his friends he once more eloped with Princess Louise, whom he snatched from under the eyes of her guards.

Since then the couple have led a precarious existence wandering from one country to another.

Two weeks ago, traveling incognito, they arrived in Paris, where they stayed at a hotel in the centre of the city. There Count Mattachich died of heart failure.

Princess Louise is heartbroken at her loss. She shut herself in and refused to see any visitors, saying, "He was my life. To-day I am alone in the world without friends and without money. I do not know what is to become of me."

It is reported that she had not sufficient money to pay the funeral expenses of the late Count. Visitors in Paris provided money for the burial.

CHEMINAUS DANCE A GREAT SUCCESS

Special to The Times

Cheminiaus—One of the outstanding events among the social activities in Cheminaus was the dance given last Friday evening by the Citizens' Band. A record crowd was in attendance, a large number coming from Westholme and Duncan. Supper was served at 11:30, at which over 100 were served with delicious coffee and refreshments, which had been kindly donated by the ladies. Messrs. F. Wylie, F. Work, W. F. Lang, A. Wood and Alex. Dunse, Howard's three-piece orchestra gave its usual satisfactory programme. Mr. and Mrs. R. Jarrett and Mrs. F. B. C. Hilton playing the supper extras.

The Misses Peggy Inches and Grace McInnes were brides from Duncan for last week-end, both being among those present at the Cheminaus band dance.

INDIANS MARRIED

The Omineca Herald contains the following account of a native marriage recently:

"Rev. T. D. Proctor last Friday united in holy matrimony Pricilla Russell, of Aiyannah, and David Smith, of Kitwanga, in St. Peter's Church, Kitwanga. There was a great gathering and the bride was brought to the church by the band from Kitwanga and the groom was led by the Kitwanga band, altogether it was a most impressive ceremony."

Great War Veterans' Association third annual Poppy Ball, Empress Hotel, Armistice night, November 12, 8-2. Tickets \$1.00, at Terry's, David Spencer's, Hudson's Bay, Walker's, Dominion Hotel, Fletcher's, Mackay's and Gillespie's.

SOCIAL AND PERSONAL

Mrs. Matthew Perry, Wilmet Place, is visiting in Seattle and is expected home again the end of this week.

Mrs. E. Penderly and Miss Mulvey have returned home after spending the past few days in Seattle.

Rev. A. E. Stephenson and family, of Cobble Hill, are registered at the Dominion Hotel.

After a few days' absence in Vancouver, Mr. James Lawrence, Island Road, returned to Victoria yesterday.

Mr. and Mrs. Sharps, of Prospect Lake, are coming into town for the Winter months and have rented a house on Richmond Avenue.

Dr. Douglas Wilson, of Victoria, is visiting Mr. and Mrs. Fred Crofton at Ganges, Salt Spring Island, for a week.

Mr. W. T. Jago, Provincial Grand Organizer for the Orange Lodges of British Columbia, was a visitor last week to various Island lodges.

Mr. Justice Elbert, accompanied by his grandson, Master David Elbert, left on last night's boat for Vancouver.

Miss Helen Goward has returned from Seattle, where for the past week she was the guest of Mr. and Mrs. Robert Gillespie.

Mrs. Howard Miller and small son, Rockland Avenue, left on Saturday for an extended visit with her parents, Mr. and Mrs. Lemon, at Pratt, Kansas.

Mrs. F. H. Mobley, widow of the late Frank H. Mobley, M.P., has proceeded on a motor trip to California to visit her son, Harry Mobley, in the Imperial Valley.

Miss Lottie Bowron returned to the city yesterday morning from Kamloops where she has been the guest of Mrs. J. R. Vicars for the past week.

Mrs. Waterman, St. Patrick St., who for the past eighteen months has been visiting relatives in the Old Country, is expected back in Victoria this week.

Mr. Norman Smith, president of the Canadian Press, Ltd., and Mrs. Smith who have been guests at the Empress Hotel for the past few days, left last night for Vancouver en route for their home in Ottawa.

Mr. Jack Hargrave, son of Mr. and Mrs. H. Hargrave, of this city, who has been residing in Vancouver for the past few months, has left for Winnipeg where he will reside in future.

A surprise party was held at 438 Kingston Street, to celebrate the fifteenth anniversary of the wedding of Mrs. J. R. Vicars, on Saturday evening. Forty guests attended, and dancing and games were indulged in.

Mrs. Thomas Cross and Miss Donella Cross, of Mayfield and Selma, California, are visiting their relatives, Thomas Roberts and family, at 403 Young Street, in their way home from a trip to Scotland and Europe.

Miss Katherine Ewald, who has been a missionary in the Chinese interior for twenty-two years, arrived on the Empress of Russia yesterday, and after a tour of the city left on the afternoon boat for Seattle. This is her second furlough in that long period.

By the kind invitation of Mrs. Schofield the Guild of the Anglican Theological College will hold a donation tea at Bishopscross on Wednesday, October 24, from 3 to 6 o'clock. The bursary fund. There will be a dramatic and a home cooking stall. All interested cordially welcome.

CAPT. STATE GAVE INTERESTING TALK

Kumtuks Club Programme Also Included Youthful Musical Prodigy

Particularly beautiful views of historic and other spots in England and Wales were shown before an interested audience in the Alexandra ballroom last evening, under the auspices of the Kumtuks Club.

The lecturer was Capt. State, a world-traveler and official lecturer of the Canadian Northern Railway, and his address gave an interesting and illuminating account of conditions in the Old Country at the present time. In addition to the travelling in Britain, Capt. State showed the film depicting a trip on the C.N.R. from Winnipeg to Halifax.

Rounding out the very attractive entertainment was the delightful singing of Miss Eileen Bennett, a young pupil of Mrs. Irene Walsh Naamith. The mellow timbre and velvety quality of her contralto voice as heard in a cycle of three songs, amazed and delighted the audience, who accorded her unstinted applause.

Miss Lottie Bowron, president of the Kumtuks Club, introduced the speaker in a graceful little address and at the close conveyed the thanks of the audience to the lecturer and the singer.

MOVIE ACTRESS ON SHOPPING ORGY

Betty Compton Spent \$15,000 in Paris in Four Days

Paris, Oct. 22.—Miss Betty Compton, the American film star, has just completed a strenuous four days' shopping which must be almost a record.

She spent \$3,000 (\$15,000), and if that were her usual rate of expenditure it would represent \$1,375,000 a year.

A large part of this sum was spent on jewels—wonderful glittering and sparkling gems—a necklace of startling beauty, a rope of beautiful pearls, rings and a few other things.

Then there were gowns from Poiret, Jenny and Lelient for her forthcoming productions.

Lingerie, wisps of beautiful lace and ribbon attached to mere nothingness, cost \$200. There were two silk stockings \$120, and gloves a mere \$60.

On a far coat of zibeline Miss Betty Compton parted with \$170.

Among the trifles she bought was a beautiful collection of rag dolls—everybody there from the little Paris millinettes to His Excellency Rodolph Valentino, from the President of the Republic to a dancing girl of sunny Spain. The collection cost \$250.

ANNUAL POLICE BALL ARRANGED FOR NOV. 23

The dancing set will welcome the news that the annual ball of the Victoria Police Mutual Benefit Association has been arranged for November 23 at the Armories. The police ball has been a feature of the most brilliant functions of the season, attracting several thousand guests. The arrangements are in the very capable hands of a committee whose personnel includes Constables A. Bishop (chairman), G. Foster, A. Jarvis and B. Ackerman.

Carl B. Wetherell, field secretary of the First Coast for the American Unitarian Association, will be in Victoria during the week-end. On Saturday evening he will meet the congregation and friends of the First Unitarian Church at a social gathering to be held in the church hall at 8 o'clock.

On Sunday morning he will occupy the pulpit at the services. His address will be "Acceptance or Rejection." Mr. Wetherell is well known here both for his breezy personality and eloquent speaking and his periodical visits are always looked forward to with a great deal of pleasure and interest.

YOUR HOME AND YOU

By HELEN KENDALL
Speaking of Walls

"Do you know what I think makes so many walls uninteresting?" asked a home decorator, studying the walls of the living room in which she was sitting, having tea with the hostess and a friend or two.

"But you surely don't call these walls uninteresting," broke in one of the friends, with a haughty glance at the hostess.

"Indeed I don't—that's just why I speak," answered the decorator. "Do you notice how our lady hostess here has the wall spaces of this room broken up by objects having varied outlines? The trouble with most walls is that there is nothing on them but pictures, and square or oblong pictures at that. There may be variety in size, but there is generally little variety in shape or groupings. Pictures, pictures, pictures!

Many women seem to think that nothing else is appropriate on a wall, except mirrors perhaps, and they are similar in effect.

"But look at these walls. Look at that lovely wall clock in exquisite polychrome, with its black ornamental iron frame in delicate tracery. See how it lightens up the corner there, contrasting with the square picture on the next wall space. Not only its color but its outlines make its corner interesting. Up the corner she has broken up the monotony of the pictures by that wall-vase filled with trailing English ivy. These colorful mottica wall-vases are exceedingly decorative in a living room or dining-room, especially when hung in a narrow panel between two windows. I'm particularly pleased, too, with that carved wall-bracket in the shape of a gargoyles, with the quaint lantern hanging from its mouth. In fact, the walls in this room are delightfully different from the ordinary living-room, with walls blocked off with pictures like a checker-board."

"My, you make me blush," said the pleased hostess.

F. R. E. de Hart, who is collecting fruit throughout the Province for the Dominion exhibit at the British Empire Exhibition in London, next year, has secured some splendid fruit in the Creston District, obtaining 123 boxes of apples and pears. All the fruit is being brought to Kelowna and will be kept in cold storage until the shipment is made, probably about December 1. Between 700 and 800 boxes in all will be sent direct to London in cold storage all the way through. Fruit is being collected from Salmon Arm through to Creston, and all districts, including the Main Line, Okanagan, Similkameen, Boundary and Kootenay, will be

INSPIRING MESSAGE TO YOUNG PEOPLE

Rev. Manson Doyle Chief Speaker at Big Rally Last Night

The meeting of the young people of the various Victoria churches, held last night at the Metropolitan Methodist Church at the interdenominational rally, under the auspices of the Religious Educational Council, was a highly successful one, and the message delivered was an inspiring one. The principal speaker at the rally was the Rev. Manson Doyle, of the Religious Educational Council of Canada.

The meeting was part of the first annual rally under the local branch of the society. Rev. A. K. McMinn, of the First Congregational Church, acted as chairman.

At the commencement of his speech Mr. Doyle stated that the people, and especially the young people, had before them the work of giving service to fellowmen and women.

In the formation of young people's groups or societies, the speaker stated that the cooperation of three elements was essential. There must be co-operation, a spirit of giving and receiving by each individual, and recognition of superior skill. Everyone, he asserted, was in some particular and in varying degree possessed of some superior quality or knowledge, and it was only by intercourse or grouping with others, such as such superiority was distributed for the benefit of the whole, instead of being retained for the good of the individual.

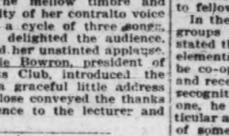

The voluntary interest of all the members was also vitally necessary. Organized groups of men and women raised individual standing in life, the speaker asserted. It was a natural law that any man's outlook would be elevated by association with those who held a higher standard. It was good, he said, for a person to associate with good company, but it was better that a person be good company himself or herself, and possessed with a high standard.

At the conclusion of his speech the Rev. Doyle illustrated on a blackboard his views on what was required in both a spiritual and material way to secure the best from life.

The Rev. Dr. Atkins, of the Young Memorial Church, Winnipeg, packed a fund of truths in the few minutes allotted to him. He spoke on the relationship between Jesus Christ and the young people. No doubt existed in the love of Christ for the young people, but there was sometimes a doubt about the love of the young people for Christ.

Rev. E. R. MacLean, secretary of the Religious Educational Council of British Columbia, and field secretary for the Presbyterian Educational Board in British Columbia, spoke in connection with the value of complete organization of the young people of the churches and need of cooperation among them.

The musical programme included a selection of the hymn "The Christian's Walk" by Miss Melville and E. Tupman. Prayer was led by A. R. C. Hobden, and Scripture reading was given by Miss Ada Moffat.

AT THE THEATRES

DOMINION

None of the many cinema producers who have attempted to catch Mark Twain's spirit of boyhood and transfer it to the screen has succeeded so well as the producers of "The Steadfast Heart," appearing now at the Dominion Theatre. This is probably due to the fact that they were discerning enough to select a group of real children to portray the parts rather than the customary highly artificial stage child. While the youngsters in the cast of "The Steadfast Heart" are, as a matter of fact, experienced performers, they seem to have escaped the characteristics which the children of the stage in the past have invariably acquired. Joey Depew, the hero in the Ju-

To-day's Amusements

Pantages—Vaudeville. Capitol—"Zaza." Dominion—"The Steadfast Heart." Royal—"Pioneer Trails." Columbia—"Driven."

venile episode, is a regular kid all through and so is Jerry Devine, in spite of the fact that he is a sort of villain in the play. Sherry Tansey, as a printer's devil, is perfect and gives a most remarkable portrayal of that historic decoration of the small town newspaper.

No group of boys is at its best without the necessary feminine relief and in "The Steadfast Heart" Miriam Battista furnishes this. Miriam, despite her few years, is a lady of considerable cinema experience and an actress of unusual ability and poise. Still she has never forgotten how to act natural, which is, of course, the chief requisite for success.

Masters Depew, Tansey and Devine, along with Miss Battista, are perhaps the most distinguished gathering of pocket edition stars ever appearing in one picture. When they start functioning in "The Steadfast Heart" it invariably carries every last one of the spectators back to their childhood days with

all the comedy and tragedy of the period. The scenes take place in a small Southern town not unlike the Hannibal, Mo., of Mark Twain's "Tom Sawyer" and "Huckleberry Finn." The juvenile scenes, although a small part of the story, are in themselves worth the price of admission.

Clarence Budington Kelland is the author of the romance, which ran serially in Collier's Weekly.

ROYAL VICTORIA

Historically correct are the settings used in "Pioneer Trails," a Vitagraph special production, which is being exhibited at the Royal Theatre again to-day. For many weeks before the production was begun, the Research Department of Vitagraph was busy checking scenes in the film and obtaining information and descriptions of buildings and towns of the gold rush period of '49 for use in "Pioneer Trails."

The Burnt Boot Saloon in the picture is an exact replica of the famous "El Dorado," a saloon and gambling den of the days of the early fifties. The bar and dance hall are exact copies of this famous place. The street scenes were made in a town built to duplicate in every detail the manner of construction of those days. The many road with its pine-board dwellings caused many old-timers to marvel at the exactness of reproduction.

David Smith, who directed "Pioneer Trails," insisted that every detail be correct before he began filming the picture. He took to the town and sets to reflect the spirit and life of the West thoroughly so that there would be no need for substitution of the past and the impression of the early days which should be shown in actual scenes.

He spared no expense in the building of the city and furnishing of the interiors of the structures with furniture and knick-knacks in vogue during the period portrayed. Considerable time was met with in obtaining these relics of the past and many items used had to be purchased at almost prohibitive prices.

Actors and actresses used in the scenes were chosen because of their resemblance to types commonly found in that period. The casting director spent several days studying photographs of persons figuring in early Western days to enable correct selection of types needed. Historical museums furnished much of the information necessary in this work.

PLAYHOUSE

The revival of the great drama "The Belle" this week, commencing to-morrow night, will be welcomed by every patron of the Playhouse. Many were out of town when Mr. Compton produced it during the Summer season, and he therefore feels sure that the revival of Sir Henry Irving's great play at this time will prove opportune. Mr. Compton's

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using this new form of the famous Marmola Prescription Tablets several times a year, keeps her weight just right. All good druggists sell Marmola Prescription Tablets at one dollar for a case, or if you prefer you can secure them direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective. (Adv.)

COLUMBIA

Sounding the heights and the depths "Driven" the Charles Hrabitz Universal-Jewel production, came to the Columbia Theatre yesterday for its initial presentation, and proved beyond doubt that it really is the cinema masterpiece that it has been heralded as being since the first day of its release.

The realism in the picture is primitive, but there is no denial of the fact that it shows life as it actually is lived back in the fastnesses of the Blue Ridge Mountains where the only law is the law of force.

The direction of Mr. Brabin and the work of the enacting cast is worthy of unstinted praise. As one Eastern critic phrases it, "the picture gets under your skin at the very beginning and stays there right to the close."

Emily Fitzroy as the Spartan mother is magnificent. She is well known both in this country and England as a dramatic actress of the first water, but never has she had a greater opportunity than she has in "Driven," and she makes the most of it. Elinor Fair as "Esie" is an appealing and well-acted wife; Charles Mack (appearing through the courtesy of D. W. Griffith) is excellent as "Tommy." He appears to even better advantage than he did in "Dress Street" and "One Exciting Night." The other roles are in equally capable hands.

study of the incomparable masterpiece is generally conceded to be very fine, he having had exceptional opportunity of making such a study during his long London experience. Miss Peggy Dundas will again play Annette, whilst Herbert Leslie and Miss Agnes Burton will be seen as the judge of the court and Catherine respectively. The cast will be completed by Miss Winifred Macquire, George Durham, Clifford Winter, Herbert Leslie and George Fenton.

PANTAGES TO OPEN WITH STELLAR BILL

Sarafan, Spectacular Russian Production, Heads Fine Bill Starting To-night

Pantages opens at nine o'clock to-night with what is heralded as the biggest bill of the season. It is headed by Sarafan, Europe's latest sensation, as presented by the famous impresarios, B. Fridkin and D. Makarenko, offering glimpses of before-the-war Russia in scenes of the famous Moscow Yarr with its candle-lit tables and groups of Gypsies singing and dancing; a rustic betrothal, and the "Czar's" coronation. Former favorite of the Petrograd ballet, who has recently been starred at the London Hippodrome, gives a spirited Cossack dance with a soldiers' chorus and the snowed peak of Mount Kestek for a background. Everything about Sarafan is typically Russian, and the cast are many noted names, including the wife of General Baranofsky, of the Czar's army, whose husband was killed by the Reds.

Billy "Swede" Hall & Co. appear in an original character gem, "Hilda," the Swedish elevator girl, a type made famous by Billy "Swede" Hall. Mr. Hall is ably supported by Jolly Jennie Colborn & Co. in this laughable farce as they present it in the Hotel Koptoff.

Chabot & Tortini are two clever comedians in a programme of comedy cross fire talk, singing, piano and dancing, which will be a tremendous add to the attractiveness of this offering.

Paul and Georgia Hall offer character impressions with music, featuring Miss Georgia Hall, America's youngest female baritone; a delightful programme of harmony and character sketches by Paul Hall, while beautiful settings and effects and many changes of costumes tend to the attractiveness of the production.

Nestor & Vincent, two clever artists, offer a variety act of juggling, a speedy routine of unusual and dexterous manipulations.

Josephine Davis, a clever little juvenile comedienne, presents a programme of singing and dancing, interspersed with comedy.

Ward One Liberals Select Officers For Ensuing Year

Officers of the Ward One Liberal Association were elected last evening at a well attended meeting. A noticeable feature of the evening was the presence of a number of young members who have joined recently.

As a result of the election, quite a number of new members will take part in the ward work this year. Officers re-elected were: President, I. Herman; first vice-president, Thomas Veitch; second vice-president, Mrs. E. Veitch; secretary, Joshua Smith; treasurer, Mrs. J. J. Pilgrim. Fire honorary presidents were chosen; Hon. John Oliver, Hon. John Hart, H. C. Hall, J. B. Clearhue, M.P.P., and Dr. Lewis Hall. The president reported the growth of 200 members since the last annual meeting, which aroused considerable interest. It was decided to institute a campaign for membership on a competitive basis.

The treasurer's report was also considered satisfactory. All the expenses of social gatherings had been met, and there was a small balance on hand.

The central executive were chosen: Mrs. J. Smith, Mrs. Thomas Veitch, Messrs. T. Veitch and I. Sparks.

The ward executive will be Messrs. Blake, Gowdy, Mark Kirby, Paul Durham and Ledingham, Messdames Mark, Mendham and Davidson.

H. C. Hall and J. B. Clearhue, M.P.P., and E. B. Clearhue, president of the Victoria Liberal Association, gave short addresses, and the meeting ended with a vote of thanks to the speakers.

The enthusiasm of the meeting indicates that the Liberal cause will have active support in Ward One district this year.

Ward Three Liberals will hold their annual meeting this evening at the Albert Hotel. Hon. John Hart has been invited to address the meeting. Election of officers will be made.

The pipe organ, the grandest and noblest of all instruments, owing to many difficulties, seemingly require the greater physical power of that belong to the sterner sex. Seldom is it an instrument found supremely adaptable to female accomplishment, yet many there are who have achieved distinction and very satisfactory results. Among these can be numbered the organist of St. Andrew's Cathedral, Miss Marguerite McKay, who has become an organist of great ability. Last evening in her recital in the cathedral, at which large number of people attended, she made a distinct impression. The young organist gave three groups which called forth variety of composition, discernment of choice and showed both the capabilities of the performer and her skill in the multiplication of "mixtures," pedals, complexities, and in the total and expressive combinations of stop and manual. Her opening group included: (a) "March on a Theme of Handel," by the great French organist, G. Guillemain; (b) the beautiful "Meditation," by Paulke, in which the melody received a most enjoyable treatment; and (c) the dainty "Pastorale," by Lefebvre-Wely, a favorite with all organists. Her second group consisted of one of Bach's preludes and fugues, that in "C Minor" and "The Guardian Angel" (Pierle), in which the soft and delicate effects proved most delightful. The third group was the first movement of Mendelssohn's great sonata, the "Fourth," and the lovely "Largo," from the master, Brahms, Dvorak's "New World Symphony."

The concluding organ number of the programme was played by Jennings Burnett, the organist of St. John's (Anglican), who gave a masterly rendering of Felix Borowski's "Sonata in A Minor," the "Andante," proving most enchanting.

Those assisting in the proceedings were J. O. Gillan, tenor, who expressively sang, "O Come, Let Us Worship" (Mendelssohn), and Miss Eva Hart, soprano, who with her usual dependency and artistry gave "With Verdure Clad," from the "Creation" (Haydn). During the evening the choir rendered the Gradual and Alleluia from the Mass of the Assumption (Gregorian Plain Chant), and at the Benediction of the Blessed Sacrament, Miss Eva Hart sang an "Ave Maria" (Cherubini). The cathedral choir again singing the "Tantum Ergo." Mr. Bursett accompanied the singers of the evening.

The collection was in aid of the Red Cross earthquake fund.

NO LIQUOR EXPORTATION

Ottawa, Oct. 23.—The keeping of intoxicating liquor in the Province of New Brunswick for export and the export of such liquor from the Province by persons other than duly licensed brewers and distillers is prohibited on and after November 30 next by an Order-in-Council published in the Canadian Gazette.

PRESENT CANTATA TO-MORROW NIGHT

"The Holy City" Will be Produced at First Congregational Church

The programme of the cantata, "The Holy City," to be given in the Congregational Church to-morrow, commencing at 8 p.m. sharp, will include three opening numbers. The full programme is as follows:

"Our Father, Who Art in Heaven" Choir

"God is a Spirit" Brahms

"How Lovely is Thy Dwelling" Bennett

Choir

Soprano, quartette and chorus, "Love Not the World."

Part One—Contemplation

Organ Introduction.

Tenor, quartette and chorus, "No Shadow Yonder."

Air, tenor, "My Soul is Athirst for God."

Air, "At eventide It Shall Be Light," Mrs. Faterose, Mrs. Smith

Chorus, "They That Sow in Tears," Air, contralto, "Eye Hath Not Seen," Chorus, "For Thee, O Dear, Dear Country."

Organ, "Thine is the Kingdom."

Part Two—Adoration

Chorus, "Intermezzo."

Air, baritone, "Thus Saith the Lord," Choral Sanctus, "Holy, Holy, Holy," Chorus, "Let the Heavens Rejoice," Air, tenor, "To the Lord, Our God," Air, contralto, "Come, Ye Blessed," Chorus, "The Pining Pot Is for Silver."

Air, soprano, "These Are They," Duet, soprano and contralto, "They Shall Hunger No More."

Soprano, baritone and chorus, "List, the Chœur's Host."

Finale, "Great Things Marvellous Are Thy Works, Amen."

God Save the King

A collection will be taken at the door in aid of the Japanese relief fund. The soloists are: Mrs. A. W. Stokes, soprano; Miss Ethel Edwards, contralto; George Guy, tenor; Percy Edmonds, baritone; Miss Winifred Snowcroft at the organ and Fredric King, conductor.

Originals in Rapid Fire

Victoria will be honored with a return visit of the famous "Originals" of the Old Dumbells in their sensational new musical attraction "Rapid Fire," opening at the Royal Victoria Theatre on Wednesday, October 31, for three performances, terminating Friday, October 2.

They are coming back with the premiere favorites who have delighted hundreds of thousands of people throughout Canada and the United States for the past four years. With such noted humorists as "Red" Newman, Bob Anderson, Jimmie Good, Ted Charter and Jerry Brayford; some of the world's best female impersonators such as Arthur (Jock) Holland, Fred Fenwick and Gene Pearson; dancers like Alan Murray; character entertainers such as Charlie McLean; an aggregation of melody kings like Tom Young, Bill Tennant and Bertram Langley; with Jack Ayre to direct the musical destinies and Leonard Young directing the production, the Originals are this season giving the public something in the way of new entertainment that has never had a peer.

There is nothing old in the entire show, and a variety of lots of good things to suit everybody's taste. The programme is divided into two parts with twelve numbers in each, and is run off in the same smooth and snappy manner as "Biff, Bing, Bang," "Dumbells Revue of 1922" and "Full of Pep." After the unique programme of twenty-five numbers the boys give a very acceptable finishing touch introduced by Jimmie Goode, they appear one by one in evening dress, thus the audience is able to see their favorites and ponder over the cleverness of these chaps who come to entertain them season after season, always more entertaining than before.

The Originals this season are playing most of the larger cities of the United States, as well as all Canada from coast to coast, and presenting the most unique entertainment ever offered by a traveling company of soldier boys.

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."

—Mrs. ELIZABETH A. RICHMOND, 52 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved these symptoms by removing the cause of them.

You might be interested in reading Mrs. Pinkham's Private Text-Book. You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Cobequid, Ontario.

OUTRIGGER BOATMEN
SAVED MANY LIVES
IN ARCTIC CIRCLE

Silver Wave's Passengers
Rescued After Much
Privation

Keewak, Kotzebue Sound, Arctic
Ocean, Oct. 20. Vice, Alaska,
Oct. 22.—Members of the crew of the
United States coastguard cutter Al-
gonquin, after rescuing men, women
and children passengers on the
American gas schooner Silver Wave
in Port Clarence, fifty miles south of
Wales, on Cape Prince of Wales, Ber-
ling Strait, proceeded on the original
mission undertaken by the Silver
Wave, braved winter dangers in the
Arctic and saved the lives of seven
miners, two women and five children
who were stranded at Kotzebue, on
the north shore of the Sound, accord-
ing to the Algonquin crew members
who landed here to-day.

The Silver Wave was fourteen days
overdue from Nome to Kotzebue, and
the cutter Algonquin, which was
her on October 17 from Nome, had
received information that the vessel
had been sighted off Cape
Prince of Wales. The Silver Wave
reported on the arrival of the Al-
gonquin October 18 that she had
gone as far as Shishmaref Inlet,
about seventy-five miles north of
Cape Prince of Wales, but had been
forced to turn back on account of
strong gales and stormy weather.

The coastguard cutter then hast-
ened toward Kotzebue. The crew
found the miners, women and chil-
dren in need of medical aid owing
to the failure of the winter supplies
to arrive and the stopping of naviga-
tion.

The Algonquin expects to arrive at
Seattle about November 10 after an
18,000-mile cruise through South-
eastern Alaska waters as far west
as Attu Island, one of the near is-
lands group, and the Aleutian Islands
and as far north as the Arctic Circle.
It will bring some live female fur
seals, said to be the first to be seen
in Seattle for many years.

Special
Today

It is not always the high
cost of living which makes
your purse so thin; it is just
as likely to be the hard work
of thinking.

You know people who seem
to get better things than you
do without spending any more
money. The reason for this
is no secret. Wise shoppers
do not neglect good oppor-
tunities.

To-day is someone's oppor-
tunity to stock up with cloth-
ing, food and luxuries, for
the autumn sales are begin-
ning. The stores are clearing
their shelves to make room
for new stock.

Watch for the announce-
ments of these autumn sales
and of the goods that must
be moved not because they
lack quality but that the
stores' turnover requires that
they give way to the require-
ments for the succeeding
season.

You can effect many a saving
to-day that will allow you many a
luxury the day after to-morrow
by watching the advertisements in
the daily newspapers during this season
of special merchandise offers.

The habit of reading the adver-
tising columns of your home paper
is never more valuable than during
this season between autumn and
winter.

OCEAN AND COASTWISE SHIPPING

ALGERINE GETTING
SURVEY AT YARROWS

Will Probably Take Month to
Repair Salvage Steamer

There is at least a month's work
on the Pacific Salvage Company's
steamer Algerine which is now on
Yarrow's Marine yard undergoing
survey, after grounding on Brodie
Rock on October 13 en route to the
wrecked motorship Kennecott. No
definite estimate of the damage
could be given this morning as sur-
vey work, which was commenced
yesterday, has not yet been com-
pleted.

According to an estimate there
will be at least from three to four
weeks work.

The Algerine arrived at Esquimalt
on Sunday night in tow of the tug
Nanoose and was taken out on Yar-
row's marine ways on Monday morn-
ing. The forepart of the steamer
has been badly damaged, while the
bottom on the starboard side has
been set up under the engines. This
has placed the vessel out of align-
ment. The port engine, it was stated,
will need considerable work, while
the starboard engine was not affected
so greatly.

Stormy Weather
In telling the story of the ground-
ing Captain J. M. Hewison stated
there was a strong southerly gale
blowing accompanied by thick
darkness was coming on and when
near Brodie Rock it was completely
dark. The vessel went head on, and
the only explanation that can be
given by the skipper for the ground-
ing is that the rock may have been
improperly charted.

Captain Hewison's action immedi-
ately on grounding was prompt. He
thought of the safety to life first,
ordering all hands to stand by the
lifeboats and get out of alignment
made of the ship. Pumps were im-
mediately rigged. There was some
fear at the time that the boat might
capsize as the tide was running
preparations were made for the re-
floating of the Algerine and when
tide was at flood the starboard en-
gine was started and the vessel slipped
off. Her tow wood bottom saved
a greater amount of damage.

The Kennecott is a total loss but
there is a possibility of salvaging some
of the cargo.

VICTORIA SKATING
CLUB REOPENING

W. Merston President of the
Committee; Competitions
to be Arranged

The Victoria Skating Club will hold
its first session on Monday, Novem-
ber 12, from 8.15 to 1.30 p. m., and
the members anticipate an even more
successful season than last year.

During the coming season waiting
and figure skating competitions will
be held as last year, and the chal-
lenges kindly donated to the club
by Mr. G. A. Kirk, and now held by
Mrs. Homer-Dixon, will again be
competed for.

The annual general meeting of the
club was held last night and the fol-
lowing committee elected for the
coming season: President, Mr. W.
Merston; committee, Mrs. Homer-
Dixon, Mrs. D. Gillespie, Miss Mich-
aels, Miss Mara, Major Eaton, Mr.
Hoatham and Mr. Izard.

The club limit of 150 members is
not yet reached, and any persons in-
terested who would like to join are
requested to communicate with the
honorary secretary at 707 1/2 Fort
Street.

The subscription to the club is the
same as last year, and should be paid
as soon as possible.

PORT COQUITLAM
AGREES TO SETTLE
ITS FIRE CASE

Port Coquitlam, B.C., Oct. 22.—The
City Council last night accepted the
terms of settlement of the fire case
offered by Bird, Macdonald & Com-
pany, solicitors for the plaintiffs.

The city will at once pay \$3,000,
with interest from September 15, and
the balance will be spread over four
years, which practically means the
striking of a special rate for \$5,000
for the four years. Any shortage
must be made-up by the council from
other sources.

The accountant appointed by Mr.
Justice Morrison to report upon the
ability of the corporation to pay will
do so in due course.

The proceedings arose from the
application of Bird, Macdonald &
Company for execution of judgment,
which the council resisted. The
council will pay the costs of the pro-
ceedings before Mr. Justice Morri-
son.

VILLA GOES OUT OF
HIS CLASS AND WINS

Philadelphia, Pa., Oct. 22.—Pancho
Villa, flyweight champion, went out
of his division last night and won a
popular decision over James White,
Albany, N.Y., bantamweight. White
had an advantage of nine pounds in
weight.

TIDES AT VICTORIA

Table with columns: Date, Time, High, Low, etc.

May Substitute
Rafts For Life
Boats in Future

London, Oct. 22.—The Board of
Trade has under consideration the
question of the substituting of rafts
for lifeboats on ocean-going ships on
the theory that the rafts would not
occupy as much space as lifeboats,
consequently more could be carried.

Experiments for the protection of
passengers on board ships were re-
cently carried out by Dr. Leonard
Hill, director of the Department of
Applied Physiology. It is calculated
that by means of wireless, six to
eight hours. Women and children are apt
to suffer from exposure during that
time, and one suggestion is that thin
mackintoshes be placed in the lock-
ers. Women and children are apt
to put them on immediately.

NORWEGIAN STEAMER
LOADING FOR JAPAN

Hercules Expected in Seattle
Soon From Kennecott
Wreck

Seattle, Oct. 22.—The Seistrad, a
large charter to Mitsui & Co., the
largest Norwegian steamship to visit
Puget Sound, arrived here Sunday
from Norfolk, Va., to load a full cargo
of canned salmon. The cargo will
consist of construction materials and
relief supplies for the earthquake
stricken zone. Under her charter the
Seistrad will load for one voyage
with optional rights for a second voy-
age.

The French steamship Indiariv ar-
rived here yesterday and discharged
a cargo of pig iron and glass loaded at
Antwerp. She will load a cargo of
canned salmon, and lumber to-day
and will then shift to other Puget
Sound points.

On what will be her last voyage to
the west coast of South America the
steamship De Pere, of the General
Steamship Corporation, which has
been in the service for many years,
arrived here last night to load 60,000
feet of lumber and 200 tons of general
freight. The General Steamship
Corporation will continue service to
Seattle, having secured the service of
five Swedish steamships and a
Swedish motorship to maintain
this route.

The Dutch motorship Drechtyk
and the British steamship Netheroy
were loading apples and other perish-
able fruit in their refrigeration space
here yesterday. The Drechtyk was
expected to finish to-day and shift
to Vancouver, B.C., while the Netheroy
will continue loading for several
days.

With the last survivors of the
wrecked motorship Kennecott, lost
recently in the island of the Queen
Charlotte group, the salvage
steamship Hercules, of the Pacific
Salvage Company, was scheduled to
arrive here to-day.

LAWYERS PROTEST
TRADES LICENSE

Declare it Should Not be
Applied to Solicitors Employed
in Offices

Should barristers and solicitors
who are salaried employees in law
offices be subject to the Trades La-
bors Act? By-law passed this year?
The question is the subject of a
letter to the City Council last even-
ing by Tait & Marchant, a local law
firm acting on behalf of the profes-
sional men interested.

Alderman Todd pointed out that
employing lawyers were passing on
responsibility which they should as-
sume.

Alderman Andros said all the ju-
nior partners of law firms were salar-
ied men, who paid their license
fees. The employed lawyers were in
a similar class, he asserted.

Three of the aldermen wanted the
firm notified that the council could
do nothing this year.

The matter was eventually referred
to the city solicitor for report, on a
division.

Reasons For Objection
In the course of their letter Tait
& Marchant said their clients had
determined to resist the demand, but
before a legal contest they desired to
set out the reasons for their action.

"Our main point is," said the let-
ter, "that the Act authorizes only the
licensing of persons carrying on
some of the businesses specified in
the Act, and that workers or employ-
ees are not intended to be taxed. This
is both the letter and spirit of the
Act."

"There can be no difference be-
tween employees of one vocation, and
those of another. To hold otherwise,
in the case of barristers or workers
in other professions would mean tax-
ing a man upon his personal qualifi-
cations, and not because he is carry-
ing on business in the city. In other
words it is creating a class distinc-
tion between the workers and hold-
ing that the Act intends licensing of
workers of one class and not those
of another."

"No count would so interpret the
Act as to effect this injustice unless
compelled to do so by intractable
language in the Act, and there is, we
submit, no language in the Act which
reasonably suggests such a thing."

D.F.A. MEMBER OF
ENGLISH ASSOCIATION

London, Oct. 22 (Canadian Press
Special)—At a meeting of the British
Football Association Council yester-
day afternoon, the request of the
division of Canada Football Associa-
tion for membership in the Eng-
lish body was granted.

SS. PRINCE JOHN
ON NEW SCHEDULE

Will Leave on Saturdays In-
stead of Wednesdays; Ss.
Prinice Albert Outbound

A new schedule for the steamer
Prince John was announced at the
local office of the Canadian National
Railways this morning. Instead of
leaving on Wednesday, as in the past,
she will leave Vancouver on Satur-
days commencing on October 27.

The Prince John will give a semi-
monthly service on this new schedule
as she has done in the past touching
at northern British Columbia ports
and crossing to the Queen Charlotte
Islands.

The new schedule goes into next
year when it is expected that the
new G.T.P. steamer will have been
delivered and also placed in the service.
The Prince Albert, which was sold to
a San Francisco firm recently, has
entered the liquor export trade to
Mexico and touched at Victoria yester-
day outbound to take on fuel oil.

Tragedy Feared
Aboard Hercules

Vancouver, Oct. 22.—A tragedy of
the sea is forecast in the disappear-
ance of Captain John Johnson, master
of the wrecked motorship Kennecott.
The ship broke up on a remote cape
on the northern half of the Queen
Charlotte Islands last week. Her
captain sailed south aboard the res-
cue steamer Hercules after seeing his
ship go to pieces. He said "Good
night" to his hosts aboard the Her-
cules last night. To-day he cannot
be found. The last man he talked
with was the engineer of the Her-
cules, to whom he said: "Keep my
name until to-morrow."

The engineer took the promise to humo-
rously. To-day he reluctantly ad-
mits that Johnson probably sought
forgetfulness in the same element
which claimed his life. The last
week the first ship of which
Johnson was captain was the United
States freighter Ohio. She was lost in
a wreck.

Captain Sondheim
Passed Yesterday

Seattle, Oct. 22.—Captain E. R.
Sondheim, seventy-three, action of a
distinguished revolutionary family,
and noted in Alaska as a mariner,
died at a hospital here yesterday. As
owner and captain of the steamer
Hercules, Captain Sondheim carried
thousands of gold-seekers between
Dawson and Fairbanks in 1898.

Metegama Brings
Many Settlers

The Canadian Pacific liner Metega-
ma, from Glasgow, arrived here
with 191 cabin and 423 third-class
passengers, docked at Quebec at 6.30
o'clock Saturday morning. In the
cabin there were sixty returned Cana-
dians and thirty American citizens,
the balance of 100 were composed of
women and children, the latter to the
number of forty-nine, who have come
out to Canada to join the families
of the families who had preceded them,
and who are now comfortably settled
in Ontario and British Columbia.

The third-class passengers com-
prised thirty-nine returned Canadians
and 389 new settlers, including sev-
enty-eight children. These new set-
tlers are a splendid aggregation of
clear cut intelligent Scotch people
of the well-to-do farming class, destined
to settle in Ontario and the West.

FOUR LIBERALS
WON BY ELECTIONS
IN QUEBEC

Montreal, Oct. 22.—Four official
Liberals, representatives of the
Taschereau Government, were elect-
ed to the Quebec Legislature yester-
day by-elections yesterday in
Abitibi, Yamaska, Brome and Rich-
mond. The members-elect are C. J.
Olivier, in Brome; E. Desmarais,
in Richmond; Hector Authier, in
Abitibi; and David Laperriere, in
Yamaska.

Abitibi county was created at the
last session of the Legislature. It is
entirely a colonization region, the
largest in the Province and millions
of dollars have been spent in its de-
velopment in the last ten years. At
the general election last February,
Hon. J. E. Perrault, Minister of Col-
onization, was the candidate in addi-
tion to running in Arthabaska, where
he was elected in both counties and re-
signed as members for Abitibi.

Yamaska county was rendered va-
cant by reason of the elevation of
Edouard Oulette to the Legislative
Council. The Conservative candi-
date, Henri Fiset, farmer,
was elected in Richmond County.

The election in Richmond County
was due to the death of Georges De-
nault, the Liberal candidate elected
at the general election, who died two
days after his victory. The Conser-
vative candidate was J. E. Cote, a
notary.

In Brome the election was brought
on by the death of William R. Olivier,
Liberal member. His brother, Carlier,
J. Olivier, of Mansonville, a merchant
and farmer, the Liberal candidate,
was opposed by N. J. Favron, a re-
tired merchant of Knowlton.

As a result of the voting yesterday
the position of the parties in the
Quebec Legislature is as follows: Lib-
eral, 12; Conservative, 11; Indepen-
dent, 1. The Liberal majority remains
the same as it was after the Febru-
ary election, that is, Liberal (Govern-
ment) 64, and opposition, 21.

WON BY A KNOCKOUT

Rochester, N.Y., Oct. 22.—Panama
Joe "Black" of York, "Big" night
knocked out "Whitey" Black, of De-
troit, in the eighth round of a sched-
uled ten-round bout. Black took
count while resting on one knee, go-
ing down after a light blow.

Annie M. Campbell
to Leave To-night

The American schooner Annie M.
Campbell, after having a mast
stepped, will be towed to sea to-
night. The Victoria Machinery
Depot did the job on the schooner,
which is loaded with 600,000 feet of
lumber for Hobart, Tasmania. The
lumber was loaded at Chemainus.

NEW RECORD MADE
BY STEVEDORES

San Francisco, Oct. 22.—The new
Electra liner Cuba, which arrived
yesterday from Portland,
brought ten carloads of Hood River
apples, the first shipment of the sea-
son. The consignment was for local
delivery. The vessel also carried a
good list of passengers and officials
of the company said indications were
that travel from the north would be
heavy during the next few weeks.

The Struthers & Barry freighter
Wheaton, now in port here, is an ob-
ject of interest to many children of
the city. She brought what was said
to be the largest cargo of candy ever
carried into this port. The cargo was
taken on at Boston, New York and
Philadelphia.

Stevedores loading the Bayside
Steamship Company's steamer Cas-
cade claim to have made a record for
this port when they put 1,068 barrels,
or 253 tons of asphalt, into the ves-
sel's holds in three hours. There were
eight men in the Cascade's holds

The former Government craft In-
terprett left here yesterday in tow of
the Nelson Steamship Company's
steam schooner Port Angeles for the
Hawaiian Islands. The Intrepid re-
cently was purchased by the Inter-
land Steam Navigation Company and
will be used as a store ship by
her new owners.

TRAVEL WILL BE
HEAVY FOR GREAT
LONDON EXPOSITION

Fred. O. Finn, Back From
England, Tells of Plans For
Influx of Tourists

The Empire Exhibition to be
held at Wembley Park, London,
next year, will be the greatest
exposition in the history of the
British Empire, according to
Fred. O. Finn, general agent for
the Chicago, Milwaukee & St.
Paul Railway in Victoria, on his
return yesterday from a three-
months' visit to the Old Country.

"One country seems to be trying
to out-do the other in offering the
best exhibit, and the inevitable re-
sult will be one of the greatest and
most wonderful exhibitions that the
world has ever seen," said Mr. Finn.
The Canadian exhibit will compare
in every respect with the exhibits of
the other Dominions. "British Col-
umbia exhibit is shaping well, and
there is no doubt but that it will
secure many immigrants for this
portion of Canada," added Mr. Finn.

During the tourist season last year
50,000 people visited London, but
next year at least 250,000 visitors are
expected.

"When one stops to figure out the
transportation facilities that will be
necessary to convey all these people
in every respect with the exhibits of
the other Dominions. "British Col-
umbia exhibit is shaping well, and
there is no doubt but that it will
secure many immigrants for this
portion of Canada," added Mr. Finn.

"Boats have been fully booked for
trips to the Old Country next year
tourist companies having chartered
steamers outright."

Canada in the next few years is due
to see a great influx of British set-
tlers. The people of the Old Country
are looking towards Canada.

Slight Accident
Delayed Bolivia

After a short delay, caused by a
slight accident in the boiler-room,
the Danish steamer Bolivia left for
Sydney, Australia at 6.30 o'clock last
night. Nick Fernandez was slightly
injured about the face when a steam
pipe burst, throwing steam and hot
ashes over his face. He was taken
to the St. Joseph's Hospital for treat-
ment yesterday afternoon, and re-
turned to his post last night. King
Brothers handled the traffic. The
Chinese crew from the Empress of
Russia to the Bolivia.

Oatman Will Stay Here Unless Good Man Replaces Him

Jimmy Gibson Still Refuses to Play Hockey in Victoria This Winter

Calgary Offers Several Other Players But None of Recognized Ability

Chances of Jimmy Gibson, fleet centre ice man of the Calgary Tigers last season, reporting in Victoria this winter did not look very bright this morning. His employers have refused to grant him the necessary furlough to come to the coast, and Gibson stands pat on his former declaration, to give up hockey rather than sacrifice his business career.

Lloyd Turner, manager of the Calgary club, is trying to patch up the difficulty which has arisen over the trade, which sent Eddie Oatman, captain of the Cougars, to Calgary and Oliver to Victoria. Turner has offered other players in place of Gibson, but so far the bait has not proved tempting enough for Lester Patrick.

"I intend to get a player of recognized ability in place of Gibson, or I will refuse to let Oatman report to Calgary," declared Lester this morning.

Must Be Good Man

The Cougar skipper does not intend to get a player of Oatman's ability without getting something good in return. With Gibson and Speak Lester figured that had the players were to be reported here on November 5.

The fans can rest assured that unless the Calgary management offers good business very quickly that Eddie Oatman will be a member of the Cougars this year. Calgary is very anxious to have Oatman as playing manager, and if they find that Lester will refuse to allow him to report unless a player of ability is sent here along with Speak, they may make arrangements to send one of their other stars here.

Clem and Hec Wanted

Lester is anxious to have the deal settled as quickly as possible so that he can line up his team. He has the signed contracts of seven players, and only has to be heard from by Loughlin and Hec Fowler. Word should be received as to their intentions before the end of the week.

When "Slim" Halderson sent along his contract to Lester Patrick one side of the Cougars' defence was assured of faithful attention this winter. "Slim" budged and like a winter soldier he is in the line. The Cougars were floundering about in the cellar like a rudderless ship. He moved back from the forward line to right defence, and from that time on goals were harder for the opposition to get, and for the first time in several years Hec Fowler was given good protection, and he finished up with the best goal average in the league. Halderson was mainly responsible for the Cougars' reaching the play-off.

Lester's forward line will be well-taken care of. He has the contracts of Clem Trihey, Harry Meeking, Jack Anderson, Frank Frederickson, and Fred Speak in his possession as well as that of Gibson. If Calgary does not patch up the deal Eddie Oatman will make the sixth man under contract, and both Gibson and Speak will remain with the Tigers.

Work Out on November 5

The Cougars are due to hold their first workout of the season on Monday, November 5, which is two weeks from yesterday. The players will all be on the job and begin their ten days' training period. The Cougars have two days longer to condition than the Maroons and the final opening game is not until November 14.

Lester Patrick, who returned to town this morning from Vancouver, had no comment to make on the annual meeting of the P.C.H.A., which was held yesterday.

Regarding the new rule for goalkeepers' equipment, Lester said that it would not affect the coast goalies as they never have used wings on their leg-pads.

Baltimore Prolong Little Ball Series by Beating Kansas

Baltimore, Oct. 22.—The Orioles prolonged the seventh game from Kansas City at Oriole Park yesterday afternoon, 10 to 3. Five runs behind when they came in for their final bats, the Blues flashed a thrilling five-run rally, tying the score and knocking Lefty Groves from the rubber. Tommy Thomas was rushed to the rescue and stopped the run-making after allowing one hit.

Baltimore, however, came back in its half of the ninth and scored the necessary run to win.

Displaying more pep and punch than at any time in the series, the Orioles played the Blues off their feet in the earlier stages of the game. A cold and biting wind blew across the field during the game, making it uncomfortable for both players and spectators. Yesterday's attendance was the smallest of the series, only 1,557 paying \$2,520.60 to see the game.

The series now stands four for Kansas City and three for Baltimore.

A STUMBLING-BLOCK

"SLIM" HALDERSON

The hockey fans are glad to know that "Our Slim" is coming back to play with the Cougars. Ever since he joined the Victoria hockey team he has been a popular member. He had a rough passage in his first season and lacked the stamina to stand up under the heavy body-checking by those who are spread a few more pounds of flesh over his elongated frame and roughed it with the best of them and never had to be yanked because he couldn't stand the gaff. "Slim" undoubtedly was the most popular player on the club last year. His timely insertion by Manager Patrick at right defence pulled the team together and made it, in the opinion of most fans, the best on the coast, although it was panned out of the championship by Vancouver. "Slim" will again play right defence, where he is a regular stumbling-block to the efforts of opposing forwards to get by for shots on goal.

School Ruggers

Arrange Opening Game for Nov. 2

Oak Bay High and University Schools to Play; Four Teams Will Compete

School rugby teams will get into action on Friday, November 2, according to the schedule just released by the schools. They are fostering the game in the schools.

The Oak Bay High School has been drawn to meet the University School in the opening game. University won the championship last year after a spirited competition and they intend to retain their honors this winter.

Four teams have entered and each will be in action every week. Games will be played on Wednesdays and Fridays after school hours. The schedule will wind up before the Christmas holidays.

A Splendid League

The four clubs are the Victoria High School, Oak Bay High School, Victoria College and University School. This makes a splendid circuit and ensures good competition. The games have always been played in the best spirit in the past despite the closeness of the score at times.

Two excellent playing grounds have been secured for the games. Both the Cranmore Road and Mt. Tommie fields will be kept in good shape for the games.

The schedule is as follows: Friday, November 2—University School vs. O.H.S., at Mount Tommie. Wednesday, November 7—University School vs. Victoria College, at Mount Tommie. Friday, November 9—O.H.S. vs. V.H.S., at Cranmore Road. Wednesday, November 14—Victoria College vs. V.H.S., at Cranmore Road. Friday, November 16—O.H.S. vs. University School, at Cranmore Road. Wednesday, November 21—O.H.S. vs. Victoria College, at Cranmore Road. Friday, November 23—University School vs. V.H.S., at Mount Tommie. Wednesday, November 28—University School vs. Victoria College, at Mount Tommie. Friday, November 30—No matches owing to Robertson Cup tie. Wednesday, December 5—Victoria College vs. O.H.S., at Cranmore Road. Friday, December 7—University School vs. V.H.S., at Mount Tommie. Wednesday, December 12—Victoria College vs. V.H.S., at Cranmore Road.

GREB GAINS VERDICT

Newark, N.J., Oct. 22.—Harry Greb, Pittsburgh, midweight champion, tonight defeated Len Bogash, of Bridgeport, Conn., by a shade in a twelve-round, no-decision bout, according to newspapermen.

Babe Ruth Whiffs Twice Before the Miner's Flinging

Hazleton, Pa., Oct. 22.—Babe Ruth whiffed today for a baseball game. His appearance made a holiday, the mines closing at noon and the public schools of all towns in the region closing early. Mine workers left their posts at the majority of operations in such numbers that work had to be suspended. Babe went hitless against Mondoro, mine worker of Celaraine, who pitched for the Hazleton team. He struck the home run king out twice.

Garrison Soccer Team Making Its Debut To-morrow

Tommies Will Meet Bays in Thrilling Game; Cranleigh Plays Broad Street

The Garrison football eleven will make their initial appearance in the Wednesday Football League to-morrow afternoon, when they will clash with the Hudson's Bay at the Royal Athletic Park. It is expected that this game will be a thriller as there is keen rivalry between last year's runners-up and the Tommies.

The Bays started off the season well last week by handing the Cranleigh House team a defeat, and they intend to go on to the top of the league by trouncing the soldiers to-morrow afternoon.

The other fixture on to-morrow's card will be played at Beacon Hill Park between Broad Street and Cranleigh House. These teams are both anxious to win as neither has scored a victory as yet.

The game at the Royal Athletic Park should provide plenty of excitement for the Wednesday League fans as the soldiers are keen to make an impression in their first appearance, and do not intend to let the Bays get too big a lead. The Bays have a good team and will take some beating.

At the meeting of the British Columbia Football Association held in Vancouver on Saturday night the question of the Garrison signing up the Princess Pats players was discussed. It was discovered that the Pats have not been properly signed in the first place, and as a consequence were eligible for cards as members of the Garrison team.

The Games

The games scheduled for the Wednesday League to-morrow are as follows: Hudson's Bay vs. Garrison, at Royal Athletic Park, at 2 p.m. Broad Street vs. Cranleigh House, at Beacon Hill Park, at 2:45 p.m. Teaster's bye.

The tail end clubs will meet at Beacon Hill Park and both these eleven and the Teaster's are expected to be very keen. Last week Broad Street met defeat at the hands of the Teaster's, and the Teaster's are looking for a departmental score eleven.

A Good Game

Many of the Wednesday fans have wondered who the Teaster's are. The team is mainly composed of drivers of the four clubs, Hanbury's and Rennie & Taylor. The Teaster's showed good form in their opening game and will take some watching by the other clubs.

The Hudson's Bay team will be as follows: Shrimpton, Haines and Blakely; Gardiner, Sewell and Welch; McKay, Obee, Hawkes, Veitch, Woodley, Richardson and Eaton.

Players are requested to be on the ground at 2:45 p.m.

Canada Becomes a Member of British Soccer Association

London, Oct. 22.—(Canadian Press Cable).—The Football Association of Canada has been admitted as a member of the British Football Association, this decision having been arrived at yesterday at a meeting of the Football Association Council here. After prolonged negotiations, the question of the recognition of the Irish Free State Football Association was settled by the council. It was decided that the association should be recognized as having dominion status. The council considered the request that the association should join the international federation, and in reply said the council did not desire to interfere with other associations with different rules, but thought discussion by a conference might lead to useful results in connection with the matter.

The council unanimously decided to present a cup for competition on interstate lines to the Commonwealth of Australia Football Association.

Girl Bookie Does Rushing Business With School Kids

London, Oct. 22.—(Canadian Press Cable).—A nineteen-year-old girl of Enfield, Middlesex, was doing a rushing business in bookmaking and had among her clients a number of school children until the police put her out of business. The end came on the day the Cesarewitch stakes were run at Newmarket, October 17.

For ten days prior to the big race the police had been keeping watch on the girl's parents. During this period they observed numerous school children entering the house with betting slips in their hands, and then on the day of the race they raided the place.

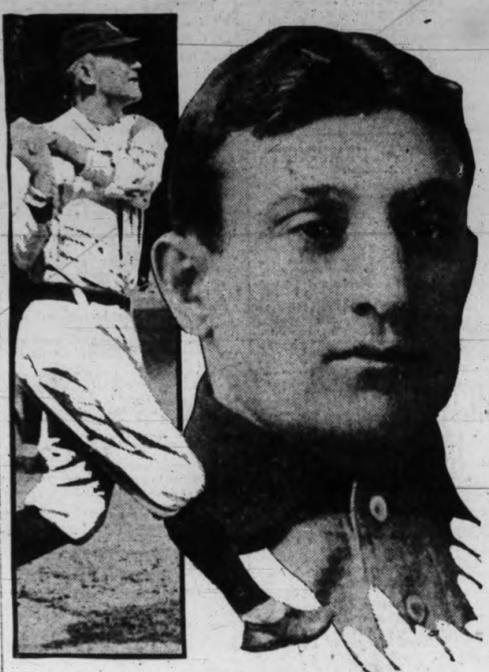

The police seized 219 betting slips and seventy-six football coupons. The girl was fined £10 at the police court yesterday for bookmaking. Her parents declared they were unaware that their daughter was a bookmaker.

MARTIN NOW A SOLDIER

Charleston, W.Va., Oct. 22.—Bob Martin, heavy-weight boxer, donned the uniform of a state trooper yesterday and went on duty with a special patrol at Webster Springs. Martin enlisted as a "buck" private in the state police Saturday.

During the world war Martin won the heavyweight championship of the American expeditionary force, and the inter-allied forces. He was a sergeant with the military police of the 28th Division in France.

Georgian Peach Pries Two Batting Records Away From Famous Wagner

TY COBB, LEFT, AND HANS WAGNER, RIGHT

New York, Oct. 22.—Tyrus Cobb, pilot of the Detroit Tigers, has added new glory to his all-time batting record, a mark almost lost sight of in the closing battles of the season, and the smoke of world series conflicts. For with the end of the season of 1922, Cobb ended his eighteenth consecutive season above the 200 swatting class, and came into possession of the all-time record which he had shared for a season with Hans Wagner, famous old shortstop of the Pittsburgh Pirates.

Cobb tied Wagner's string of seventeen consecutive 300 marks with his record in 1922 of 301, the third time in his career he had reached the ultra-select class of hitters.

Cobb forged ahead of the record held jointly by himself and Wagner by hitting for .338 in the 1923 season, thus running his string of consecutive 300 marks up to eighteen.

Another record which the Detroit manager pried loose from the former Pirate shortstop was that of making the largest number of hits. Wagner in his major league career accumulated 3,454 safe hits, while Cobb's 338 made in the 1923 season, gave him a total of 3,454.

OLD COUNTRY FOOTBALL

London, Oct. 22.—The following football matches were played yesterday: Rugby Union: Swansea 12, Aberavon 2. Friendly Association Football: Cambridge C.U. 1, Amateur Football Association 2. The first round of the London Challenge Cup Association Football, resulted as follows: Queen's Park 1, Millwall 2. Eulham 0, Charlton 2. Arsenal 4, Tufnell Park 0. Crystal Palace 1, Tottenham 1. Clapton Orient 3, Chelsea 1. West Ham U. 7, Nuthall 1. Clapton 4, Barkington 12.

WILL HOLD TRACK MEET IN VANCOUVER IN 1925

Saskatoon, Oct. 22.—University of British Columbia was admitted to membership in the Western Canada Intercollegiate Athletic Union at the annual meeting here Saturday. It is possible that the Coast university will entertain the Prairie universities at the 1925 track meet.

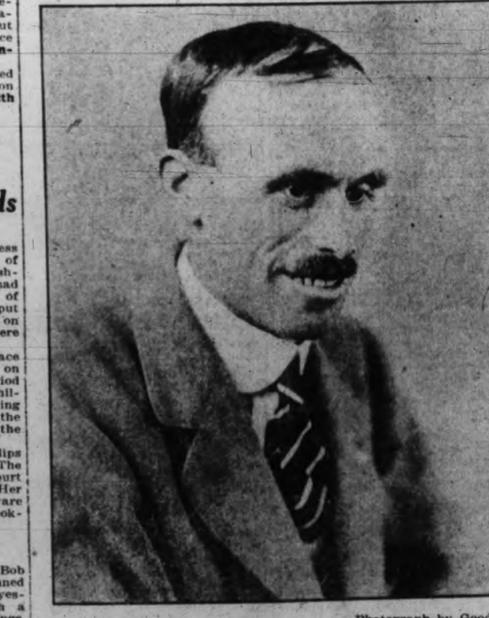

Alberta, by rotation, will stage the 1924 event at Edmonton.

Certain changes were made in the constitution governing the eligibility of competing athletes.

W. P. McLean, University of Saskatchewan, was elected president for the 1924 term.

COLWOOD GOLF

SMILING ALEX FROM ABERDEEN

ALEX MARLING

The new pro at the Colwood Golf and Country Club, who arrived in this city last week, Alex is a golfer of repute, having won the Scottish professional championship several years ago. He did his bit in the Great War and after coming to the country he put in a couple of years at the Regina Golf Club. He is a splendid match player and will be heard from in future competitions.

Breaking Par no Longer Feat of a Great Genius

Ten Years Ago a Golfer Who Shot an 80 Was Looked Upon as a Wonder

Old man Par has about as much standing these days on a golf course as a rural worm in a wicker, metropolitan aquarium.

The season now drawing to a festive close has been replete with record-breaking golf. More startling episodes have been written into the year's records than ever before in the history of the sport. Breakers have only had been a simple trick for most of the top-notchers.

Back a matter of ten years or so, the players who shot in the low eighties was looked on as somewhat of a golfing genius. A player could have a sprinkling of sixes and sevens on his card and yet finish high up among the winners.

Why is the golf that is played to-day so markedly superior to golf of the recent past? Are the players that much better? Have the lively balls with their greater carrying power and trick clubs with slotted faces made scoring easier?

Players Are Better

Unquestionably the players as a class are better. More are playing the game and the competition is keener. Where the stars of ten years ago had but two or three opponents capable of giving them an extended battle the field to-day is cluttered with championship class.

The long-carrying ball and trick clubs have doubtless helped to keep scores low. On the other hand, the courses of to-day are harder, more testing, and, in the main, longer than the old courses. No course was ever more severely trapped than Inwood, where the open was played this year. Yet Jones, the winner, Markston, Hutchison, Smith and Hagen all managed to beat the Inwood par at intervals.

And Flossmoor was the longest course, over which an American championship had ever been decided. The sweeping reaches of the Illinois beauty spot did not keep Markston, the winner; Jones, Von Elm, Sweetser and Herron from cracking par at thrilling moments.

Sluggers Are Passing

Possibly the chief reason why par has become less elusive is that the game is being played differently. More sensibly is perhaps, a better way to put it. The sluggers are passing. A reaction against being placed on a green and position. What do it profit a man to drive a mile and wind up out of bounds? Yardon, greatest of sluggers, was an average driver. But he always had direction.

Practically all the stars have discarded the full swing of the tee in favor of the compact three-quarter swing. The reduced swing is easier to control, and thus makes for better direction.

It was interesting to watch Jesse Guilford, noted slice runner, play at Flossmoor. Guilford had quit killing the ball and was using a shorter swing. Frequently he was outdriven, but rarely was he in trouble, and, though beaten, he scored well throughout the tournament.

Guilford is no longer known as the game's longest driver, and he assures us he is glad he has lost the distinction.

When we asked him why he quit hammering the ball off the tee, Jess replied: "Because it's easier to play a second shot off the fairway than out of the rough."

Lee Fohl Signed to Manage Boston Sox Next Season

Boston, Oct. 22.—President Robert Quinn, of the Boston American League Club, announced last night that Lee Fohl, former manager of the St. Louis Browns, has consented to manage the Red Sox during the 1924 season, succeeding Frank Chance. Fohl was let out by the St. Louis Club in mid-season this year.

In conformity with the law the Pacific Jockey Club, which operates Tanforan, has promulgated a rule which says that any kind will be allowed. It is believed that this will be an incentive rather than a drawback, and to prove this contention more than 200 thoroughbreds from all parts of the country are rooled under the long Tanforan stables.

The Jockey Club received word yesterday that V. J. Morrison, of Montreal, who will be presiding judge for the twenty-five-day race meeting, is on his way to San Francisco. L. J. Fosse, San Diego, and Walter B. Jennings, San Francisco, will be associate judges. Robert F. Leighton, Vancouver, B.C., the racing secretary, has named a number of San Franciscans for the minor berth.

Oak Bay Caddies Will Compete For Title on Saturday

There will be a caddies' competition at the Oak Bay links on Saturday next for the Victoria Golf Club caddies. The competition will be eighteen holes medal play, under handicap. The winner will be awarded the handsome silver cup donated by A. G. Millbank, of Victoria, which he will retain for one year, and will also be given a money prize. Several other money prizes will be given according to the number of entries.

The committee will be very glad if some of the lady members will kindly look forward to having a good one this year, and it is expected some low scores will be turned in.

W. Brynjolfsson was the champion last year, winning with a gross net score of seventy-seven.

The caddies' competition last year was very successful. The boys are looking forward to having a good one this year, and it is expected some low scores will be turned in.

Record Crowd Expected

A record crowd of society folk and others is expected for the gala opening. The bright silks sported by the jockeys will run to green to a great extent, the Ryan, Rudolph Spreckels and other big stables having selected this as one of their colors. Adolph Spreckels will garb his jockeys in red, white and blue.

Mrs. Philbrick is Medalist in Oak Bay Golf Tourney

In the qualifying round of the ladies' championship of the Victoria Golf Club Mrs. Philbrick, the city champion, made the best score, 81. Mrs. Hutchinson and Miss Sayward made 83 each and Mrs. Patterson 89.

The draw for the championship flight, being played to-day, is as follows: Mrs. Seattle vs. Mrs. Philbrick, Mrs. D. Foster vs. Mrs. Pitts, Mrs. Hutchinson vs. Mrs. Heisterman, Miss Mara vs. Mrs. Howard, Mrs. Patterson vs. Mrs. Ross, Mrs. Fisher vs. Mrs. Hayward, Mrs. B. Wilson vs. Mrs. Parry, Mrs. Burton a bye.

WINS THE DECISION

Birmingham, Ala., Oct. 22.—Tim O'Dowd, of Atlanta, won a decision over Tommy Foxwell, of Memphis, in a fast ten-round bout here last night. The men are bantamweights.

NEW GOLF QUEEN

MISS EDITH CUMMINGS

of Chicago, who won the ladies' golf championship of the United States this year. She succeeded Miss Gienna Collett as the titleholder, defeating Miss Alexa Stirling, a former champion, in the finals.

Horse Racing to Claim Favor in California Again

Tanforan Track Will Open on Nov. 3, But no Betting Will be Allowed

San Francisco, Oct. 23.—Horse racing, the "sport of kings," unknown in California except on the small circuit tracks for more than a decade, is to be brought back with considerable flourish at the Tanforan track, five miles south of there, on Saturday, November 3.

"Bang tails" from some of the most noted stables in the country will face the barrier, among them entries from the Oak Ridge stable of Thomas Fortune Ryan and the filly farms of Adolph B. Spreckels and his brother, Rudolph Spreckels.

The sport was knocked out with the passage more than ten years ago of an anti-gambling bill which was fostered by the present Lieutenant Governor C. C. Young, who was then a member of the state assembly. Previously the race track interests, fearing competition, had sought to avert the same by installing the pari-mutuel, but the Young law wiped them out and with them every other substitute for open bookmaking.

Tracks Broken Up

Thereafter the big track holdings at Ingleside, Emeryville and elsewhere in the state knew the rush of the high-priced hordes of the stake starters no more. The big plant at Emeryville was broken into industrial sites and Ingleside was left to the weeds and wire grass. Even the coursing parks "went under," the racing fans being unable to get the usual "kick" out of bound features.

In conformity with the law the Pacific Jockey Club, which operates Tanforan, has promulgated a rule which says that any kind will be allowed. It is believed that this will be an incentive rather than a drawback, and to prove this contention more than 200 thoroughbreds from all parts of the country are rooled under the long Tanforan stables.

The Jockey Club received word yesterday that V. J. Morrison, of Montreal, who will be presiding judge for the twenty-five-day race meeting, is on his way to San Francisco. L. J. Fosse, San Diego, and Walter B. Jennings, San Francisco, will be associate judges. Robert F. Leighton, Vancouver, B.C., the racing secretary, has named a number of San Franciscans for the minor berth.

Good-bye to Papyrus

With turf interest drawn to Zev and My Own, Papyrus, the gallant Britisher, drew but no better than third, however, each time. Astride Ladkin, of August Belmont's stable, he took the small end of the purse in the fourth race, which H. T. Waters, an outsider, won in 1:54 1/2, a track record for the five and a half furlongs. In the sixth race Donoghue had the leg up on Donoghue and Steve, who were second, Hullabaloo nosing out Morpatras, ridden by Earl Sande, in the last jump.

Though disappointed in his desire to have My Own race Papyrus, Admiral Grayson's readiness to keep his coat fit to substitute for Zev in an emergency has been recognized by the Jockey Club, which announced yesterday the presentation of a silver cup made in 1755 to the Washington sportsman as a mark of its appreciation.

Donoghue Rides There

Donoghue bade his adieu to American tracks by riding two mounts at Empire City track yesterday afternoon. He could do no better than third, however, each time. Astride Ladkin, of August Belmont's stable, he took the small end of the purse in the fourth race, which H. T. Waters, an outsider, won in 1:54 1/2, a track record for the five and a half furlongs. In the sixth race Donoghue had the leg up on Donoghue and Steve, who were second, Hullabaloo nosing out Morpatras, ridden by Earl Sande, in the last jump.

PRESBYTERIANS FIRE POINTED QUESTIONS AT UNION ADVOCATE

(Continued from page 1.)

"Go Out of the Church"

The Presbyterian Church as such goes into the union. Those who refuse to go into the union go out of the Presbyterian Church," he said.

The applause and a few "No's" that greeted the speaker's remark were the first signs that this was one of the most contentious points at issue.

"This is the vital matter between unionists and anti-unionists," he said. The very unity of the church as a whole depends on the right to have the union as an entity, carrying rights and privileges with it.

Dealing on property rights, the speaker remarked that it would take too long to go into the exceptions, but in the main the churches' property would have the same rights to the United Church as it had to the present churches.

The act carries all churches into the union whether they like it or not," said Dr. Pidgeon. "This is the right of the church as an entity. The act does not come into full operation touching those who refuse to concur for six months, during which time any congregation that desires can vote itself out. Any congregation voting itself out takes all congregational property with it."

"Why," asked a questioner, "was it found necessary to compel the entire membership of the Presbyterian Church to go into the union and have individual churches draw out? Why compel us to go into a union of which we do not approve?"

Dr. Pidgeon repeated his claim that the church must act for the entire membership.

Want Another Vote Another questioner asked why another vote was not taken before the act was passed, and those who wanted to go into the union go and the remainder stay out as the Presbyterian Church.

No action under an act can have validity," said Dr. Pidgeon. "The act goes into effect. The right to go into the union rested with the church as an entity."

Ministers entering the church took certain remarks during the same speaker. "How," he asked, "can you harmonize your conscience to a union of churches?"

"Am I by my word bound not to consider union with my brothers?" asked the speaker in reply.

"If it affects doctrine, yes," emphatically interposed a lady member of the audience.

Prepared to Fight The same lady stood up and strenuously objected to yielding our consciences because the leaders of the church say we must go into the union. We are prepared to fight," she said, "and fight to last."

You are a member of the Presbyterian Church," Dr. Pidgeon interrupted. "Yes and we will remain so to the end in spite of all unions."

Dr. Leslie Clark at this juncture requested permission to speak, but was asked if he could put his remarks in the form of a question. Dr. Clark claimed that votes taken showing increasing opposition among Presbyterians to church union.

Why camouflage the matter and make it appear the Presbyterian Church is seeking for this? The Presbyterian Church is not asking for this. A certain section of the Presbyterian Church is."

At this stage, despite the chairman's repeated remarks for one question at a time only, a questioner in the rear of the church asked why 50,000 Presbyterians in uniform in 1918 were not given the opportunity to express an opinion.

Questions were also asked why another vote was not taken on church union.

Dr. Pidgeon's reply that anti-unionists would not be bound by a vote was greeted with cries of "question."

"Why not take us into your confidence again?" asked a questioner, "as in the last analysis the people must be the deciding factor."

Dr. Pidgeon replied that the other churches had gone ahead so far on the strength of the pledges of the General Assembly of 1918 that the Presbyterian Church could no longer treat the matter as an open question.

Every church, he pointed out in answer to requests for a referendum, sent representatives to the General Assembly.

"Officialism" "It is a question of officialism," said one member of the audience.

"It is not," responded the speaker. "It is the action of your elected representatives."

The Presbyterians of Victoria voted three to one in favor of church union at the Assembly," said another anti-unionist, "whereas the feeling in Victoria was really nothing of the kind."

Dr. Pidgeon defended the Presbyterian system of church government as the fairest form. He took issue with Dr. Clay on his statement that

"The feeling against church union was increasing and declared that throughout the country there was a widespread belief in union. Union churches had sprung up in anticipation of the pledge of union."

Dr. Clay questioned the strength of a union which did not carry its entire membership. Dr. Pidgeon replied that it was impossible to secure an entire vote and pointed to votes cast in civic elections. On any other questions such a vote as the vote on church union had been regarded as a sweeping victory, he claimed. "We find," he said, "an organized minority determined to block the will of the majority." The minority, he informed Dr. Clay, who declared there was no organization in 1918, was organized as early as 1915 in his (Dr. Pidgeon's) own church.

Church Property Many questions on church property were fired at Dr. Pidgeon, in reply to which he explained that under the bill a congregation is the lowest unit that could be dealt with. Where a congregation withdrew from the union in the six months allowed they would retain their congregational property.

Pressed on the rights of a minority of a congregation divided on the question, Dr. Pidgeon said a congregation must be regarded as an entity. The division of property was something that could not be determined for the church as a whole and that congregations will keep together, he said. He advised unionists, where non-unionists were in the majority, to go with the majority to preserve the congregation. He would not advise them to tear their church asunder. In such a case a congregation should hold together and maintain its property. To separate the equity and distribute it would set the church back ten years, he said.

Three Questioners With three men on their feet the debate was closed, but Dr. Pidgeon consented to answer a questioner who brought up again the matter of the men overseas when the vote was taken in 1918.

"These men have spoken through their representatives," he declared. "The staunchest supporters of church union are the men returned from overseas."

Regarding the calls for another referendum, he declared that the elders of the church in Scotland had said they had no right to go to the people. As the representatives of the church they should take the full responsibility. They must follow the dignified and thoroughly Presbyterian way.

History of the Union Movement Dr. Gunn showed that the history of the early church revealed an effort to realize organic union, while preserving the matter of freedom and democracy, and showed also that such had been the history of the church in all subsequent periods, while in our day this effort toward organic union was more pronounced than ever in all forms of religious organization. He stated that the point at issue between the Anglican and the Non-Conformist bodies was mainly that of the status of the ministry, and stated that Dr. Salbie, principal of Mansfield College, Oxford, had said that in answer to his question, "What do you think of the ministry of the Non-Conformist Churches?" two English archbishops replied, "We recognize the ministry of the Free Churches to be a real ministry in the Word and Sacraments in the larger ministry of the Kingdom of God."

Dr. Gunn then gave an interesting recital of various church unions in Canada.

In 1817 occurred the first union of organic churches in Canada, being the union of two distinct branches of the Presbyterian Church. That since that time there had come into existence the Presbyterian Church of Canada made up of nine unions taking place between the years 1817 and 1875; that the Methodist Church of Canada had resulted from the union of eighteen divisions uniting seven succeeding years between 1832 and 1884, and that the Congregational Church had witnessed two unions, one in 1868 and the last in 1907.

The present proposed union of the Presbyterian, Methodist and Congregational Churches had begun in 1902 by certain overtures from the Presbyterian Church made to the Methodist Church respecting a co-operation of effort in home mission fields. These were accepted and in the same year the Methodist Church offered a definite proposal for organic union and appointed a committee to meet similar committees of the other churches to confer on the whole project.

The Presbyterian Assembly of 1902 referred the matter to its committee on correspondence, and thence to the General Assembly of 1903 conference on the subject with a committee of the Congregational Church in 1903. This joint committee met from time to time for five years, and then reported their conclusions that organic union was practicable. The matter then was referred by the churches to their various Presbyteries or Conventions as the case might be. The Congregational Church in 1909 accepted the proposal for organic union, and the Methodist Church did the same in its general conference of 1910. These actions of the two latter bodies had been confirmed from time to time.

Approved Basis In 1915 the Assembly of the Presbyterian Church approved of the basis of union, and in 1916, by a vote of 406 to 90, resolved to enter into organic union, and to take the necessary steps to secure legislation to that end. Again in 1921 it reaffirmed its intention and determined to consummate such union as expeditiously as possible. In June, 1922, the Assembly again affirmed its desire for union, and presented its committee's report on law and legislation. This matter of the final revision of draft bills was submitted to the joint committee on union meeting in Toronto in September last, and by them prepared for presentation to Parliaments and Legislatures.

Thousands Attend The most last night at St. Andrew's Church, was attended by a great throng of persons of all religious sects and creeds in this city and the general idea of the great union was popularly acclaimed. The speakers, the Rev. Doctors G. C. Pidgeon, W. T. Gunn and J. A. Aikens, put the matter of the union in clear and concise language and made a notable impression. The Rev. Dr. Wilson, of this city, was in the chair.

Owing to the fact that throughout Canada in the larger centres there are too few churches and large congregations, ministers found it impossible to attend the seats of their homes, and as a result there has arisen an apparently irremediable state of affairs. Besides the unfortunate circumstances which have given rise to these difficulties in the centres of population, there has developed an entirely different but equally difficult

problem in the prairies; and the vast stretches of country where there are too many churches and too few in the congregations have faced most perplexing and similar facts, the speakers intimated, in favor of the great union of the churches under a common set of principles.

Case for Union The three speakers, who have traveled across the Dominion addressing audiences everywhere on this important question, have studied the matter carefully and as a result have been able to enlighten the public as to the means whereby such a union of the creeds may be obtained and as to the beneficial church which will ensue. That union will make it unnecessary for the continued upkeep of the many churches of different denominations in the Dominion of Canada and will cut down a vast and needless expense, is a matter of paramount importance in the eyes of the unionists. It was argued that the inauguration of these three great churches under one leadership, with the same beliefs and a founded common agreement will alleviate the congestion of congregations in the crowded cities of Canada was another important phase outlined by the speakers.

The speakers dealt with various phases of plans for the union.

Leave for Vancouver The Rev. Dr. J. A. Aikens, the Rev. Dr. W. T. Gunn and the Rev. Dr. G. C. Pidgeon left for the mainland last night to attend a huge convention. All three are members of the educational committee of the new United Church of Canada. In Vancouver they will be joined shortly by the Rev. Dr. Gandler, principal of Knox College, Toronto, moderator of the Presbyterian Church and also a member of this educational committee. Dr. Gandler has been in New Westminister for the past few days, giving a series of addresses on this same subject of church union in Canada.

The speakers last night were here in the city of Victoria.

They laid stress upon the circumstances which have led up to the present negotiations for the formation of the United Church of Canada and of its probable future.

Dainty Laces, Insertions, Trimmings, Embroideries, Plain and Novelty Silk and Satin Ribbons, including beautiful Dresden ribbons, in various widths and good useful lengths. Clearing Wednesday Morning.

You must say "California" or you may get an imitation fig syrup.

DODD'S KIDNEY PILLS

Hudson's Bay Company Incorporated May 2nd, 1670

THE TIMES DAILY PICTURE PAGE

LOUIS KEILA, American sculptor, with his prize-winning bust of the late President Harding.

STRANGLER TO DEATH—Miss Estelle Phillips, pretty saleswoman in a New York department store, who was found choked to death in her bedroom and in connection with whose murder Frank Collins, said to be the son of a Canadian minister, is being trailed by the police.

ISRAEL ZANGWILL, well-known writer, accuses Britain of failure to carry out the full terms of her mandate for Palestine.

GREECE PAYS HONOR to the body of one of the Italian delegates-murdered at Janina.

"DEATHOMETER"—This fifteen-foot indicator, fashioned after an automobile speedometer, told citizens of Buffalo, N.Y., the progress of a "Five Days for Safety" campaign carried on in that city in connection with the 12th annual congress of the National Safety Council, attended by 3,500 delegates.

POSSUM ON A STICK—After your houn' dawg has treed this southern delicacy and you either have cut the tree down or climbed up after Mr. Possum, this is the way you carry him home. Misses Emma Laurie Wesley, Isabelle Hunter and Lillian Ashley, of Atlanta, start home after one of their possum hunts.

HERO—Hilding Anderson is only thirteen but he's every inch a hero and credited with saving thirty-eight lives. Headless of his own danger, when flames enveloped the Augustana home in Minneapolis, he dashed through the burning building, spreading alarm and carrying many of the child inmates to safety.

LIEUT. A. J. WILLIAMS traveled the entire course at 242.67 miles per hour to win the Pulitzer prize at the St. Louis air races.

WHAT'S HOME WITHOUT A SNAKE?—Edmund Papineau, eighteen months, of Toledo, Ohio, has no use for dolls and rubber toys. His most precious pet is the six-foot Mexican bull snake shown in the picture, which Edmund's papa, who's a "yarb" doctor, uses in his medicine shows. The little leather horse at the left has been discarded for an intimate embrace with the reptile.

HOLD 'EM, SISTERS—Quite a crowd turned out to watch this novel pushball game staged by co-ed beans and fats of the University of Southern California. The lady holding the ball at the extreme left is Miss Florence Grey, who amply demonstrated her worth as an antagonist of some weight.

LATEST PHOTO—The grin face above is owned by Judge K. M. Landt, High Commissioner of the baseball world. Picture was taken at the world series in New York.

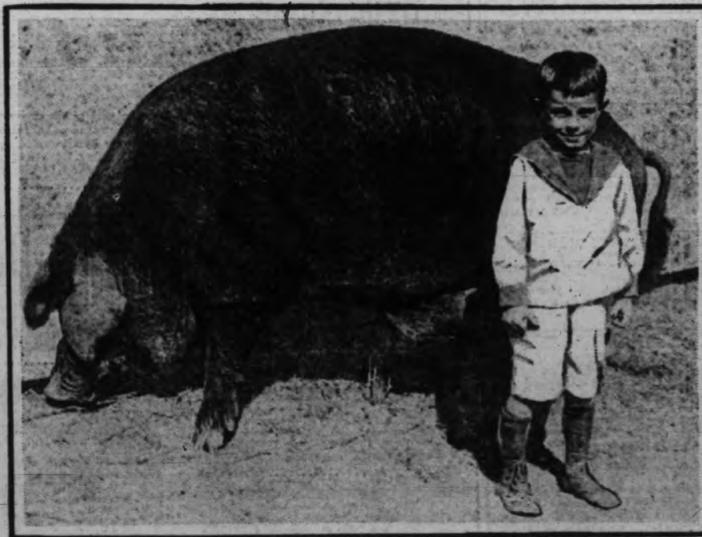

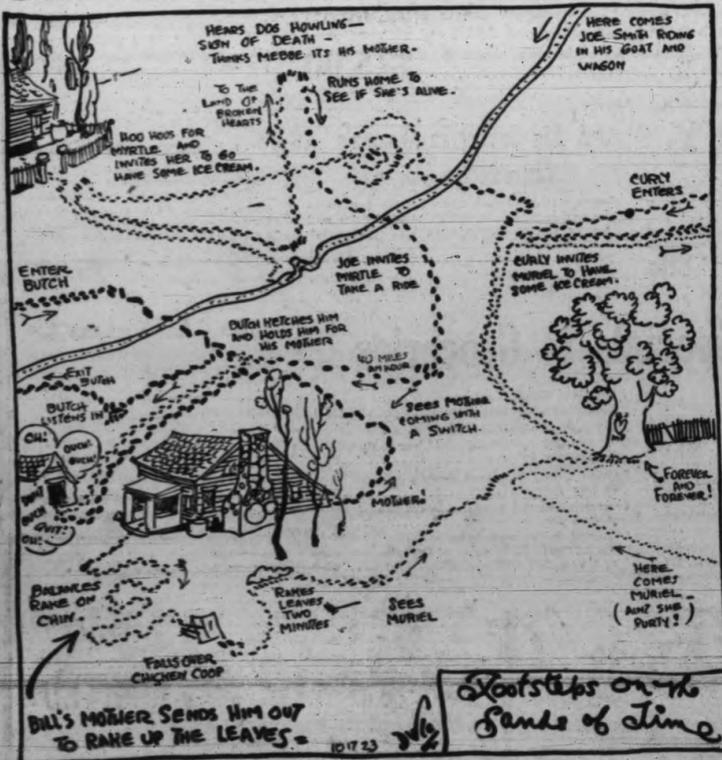

EVANGELINE BOOTH, commander of the Salvation Army, has undergone an operation in New York.

ISSUES MEDAL—In honor of the opening of the 1923 Canadian National Exhibition by Dr. F. G. Banting, discoverer of insulin, the medal shown above has been issued by the exhibition directors.

SCHOOL DAYS By DWIG

WHEN THIS PIG GOES TO MARKET—OH, MY!—Franklin Deacon and his pal, Wengers Top Colonel 3rd. "My little friend weighs just 350 pounds," says the little boy. "Of course, he's some bigger than me. But that doesn't make any difference. We get along fine. If he gets naughty, I just pull his ears until he snorts. Then he behaves." But Franklin doesn't have to exert his fifty pounds very often. For the Colonel respects him. They play together most of the time. And they're happy together. But occasionally a note of sadness creeps into their play. Little Franklin knows that some day his friend will be taken away and turned into ham sandwiches. "Then I'll stop eating," he says, "and never touch a sandwich as long as I live."

Dr. Held, of Chicago, and one of the Monkey "Laboratories" He Uses in Combating Age
Dr. William Held draws from the monkeys and chimpanzees in his laboratory an elixir of youth which may produce changes in life as

sharp as the primordial transition from simian to human. "What brings old age is not years but cholin," says he. "Cholin is a toxin liberated in the body, increasing as time passes. It is the direct cause of arteriosclerosis or hardening of the arteries which accompanies senility. It glazes over the glands so they function under a growing handicap. Having found out which elements in the human system need reinforcement, we induce a development of those elements in the monkeys. Then we withdraw the glandular fluid so produced, add extracts made from separated animal glands and inject in the patient. The cholin is split, then patient's own members go to work again and rejuvenation is accomplished." He cites the case of a woman of fifty, suffering from high blood pressure, short breath and fainting spells. After three months' decholinizing treatment the distressing symptoms disappeared and she joined a gymnasium class. A man of ninety-one took the treatment and went back to active work in his law office. In three cases, when a hair began coming in at its old-time darker hue.

REAL ESTATE HOUSES, LOTS, ACREAGE, DAIRY, FRUIT, and CHICKEN RANCHES FOR SALE

NOTICE OF APPLICATION FOR PRIVATE BILL

NOTICE is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next Session by the Corporation of the City of Victoria for an Act (to be known as the "Victoria City Act, 1923") providing for the following matters, and giving to the Corporation and the Municipal Council thereof the following powers, namely:

1. Amending "Victoria City Act, 1921," as follows:
 - (a) Amending section 19 to provide for cancellation of "Better Housing" Agreements on default of purchasers and for forfeiture of deposits and amounts after ninety days' notice.
 - (b) Amending section 19 to provide that tax sale lands becoming vested in the City by cancellation proceedings pursuant to said section, shall be deemed tax sale lands for purposes of re-sale.
 - (c) Repealing and re-enacting with amendments section 22, requiring Collector to appportion tax arrears and future instalments charged against land, among parcels thereof after subdivision.
 - (d) Amending section 25 to provide for the making of changes and corrections therein.
 - (e) Repealing sections 4, 5, 10 and 11 of "Victoria City Act, 1922," section 17 of "Victoria City Act, 1921," providing retroactively for the apportioning of the Principal Sum of the various parcels into which said land may be subdivided.
 - (f) Validating the Municipal Voters' List as closed October 31, 1923.
 - (g) Enabling the Council, by-law:
 - (a) To prohibit, restrict, define and allot areas of highways or public places for use in acquiring said lands and equipping same with buildings or other equipment for parking or tourist camp purposes.
 - (b) To grant money from current revenue for every year or all years of management, operation and maintenance of tourist camps within or without the City.
 - (c) To enable the Assessor to assess all parcels of land upon which a building stands as one parcel.
 - (d) To enable the Council to appoint any one or more of its own members as Directors of the Provincial Royal Jubilee Hospital.
 - (e) Enabling the Court of Revision to consider complaints against assessments according to the districts or otherwise, in the discretion of its members.
 - (f) Enabling the Council to enter into financial agreements for the acquisition and refunding of part or all of the City debt.
 - (g) Providing retroactively that section 11 of "Victoria City Relief Act, 1912," shall not apply to the land upon which a church stands.
 - (h) Enabling the Council to increase license fees which in its discretion, may be considered inequitable.
 - (i) Validating By-law 1232, entitled "Bank Overdraft By-law, 1922."
 - (j) Enabling the Council to make, alter and repeal by-laws for any of the following purposes:
 - (a) To issue any portion of Elk Lake Reservoir and Water Shed property to any Government, person, firm or corporation for hotel purposes or for game farm purposes for a period not exceeding thirty years, and by agreement to terminate lease any time on one year's notice and payment of lessors of compensation not exceeding value of improvements thereon.
 - (b) To subscribe for and out of current revenue to acquire shares not exceeding par value, of \$10,000.00 of any Hotel Corporate Bonds or shares of any part of said Water Shed property.
 - (c) By payment out of current revenue to construct and establish camping grounds, bathing beaches, boating, fishing and other sporting facilities, including trap-shooting, tennis, lawn bowling and any other forms of sport, game or amusement.

GORGE WATERFRONT

SPLENDID MODERN HOME

PRICE \$6,000

FOR THE CHILDREN

The Sandman Story

For To-night

THE BEE THAT DIDN'T WORK

One day a busy little bee was flitting from flower to flower gathering nectar, as he should, to carry back to his hive.

He was a very handsome fellow, and Miss Butterly, who was very beautiful and seldom thought any one else was handsome, spied Mr. Bee and decided he was just the one to go roaming about with that Summer.

"He will set off my handsome gown," said Miss Butterly, as she looked at the gold-and-black coat Mr. Bee wore.

Miss Butterly wore a black-and-blue gown and she dearly loved a bit of gold, but never had she been able to get any to wear on her gown.

"Now, if I can entice Mr. Bee to go about with me I can get the very touch I want to make me look more beautiful," so mused vain Miss Butterly, and then she flitted over to the flower where Mr. Bee was busily working without a thought in his head but to do his work well.

"Oh, good morning, Mr. Bee!" said Miss Butterly, waving her wings gracefully back and forth.

But Mr. Bee was not thinking of anything but his work, and so he answered her with a curt "Good morning" and went right on gathering honey.

Miss Butterly lifted herself from the leaf where she had alighted and looked at Mr. Bee. She could not believe he was not attracted by her beauty. But he had hidden his head

deep 'neath a sweet flower. Miss Butterly waved her wings a little faster, for she was just a bit angry that this handsome fellow she had deigned to notice gave her no attention.

"This is a beautiful morning, Mr. Bee," she said. "Far too beautiful for you or me to be sitting here. What do you say to a spin over the fields and hills in the sunshine?"

"Madam, I am not sitting. I am busily engaged gathering honey for

my queen," said Mr. Bee, withdrawing his head from the flower and looking for the first time at hand-

some Miss Butterly.

"Queen!" exclaimed Miss Butterly. "I am queen of this garden, Mr. Bee. There is none as beautiful as I am around here."

"Our queen does not live in this garden and she is not as beautiful as you," said Mr. Bee.

"Then she is not a queen if she is not beautiful," said Miss Butterly,

and then she flitted away again until the warm days came again.

"He did not seem particularly happy about the voyage," Mr. Simpson answered guardedly.

"He didn't have to go," Ursula said, with dry lips. Mr. Simpson made no answer and she said again: "He didn't have to go, I suppose."

"I believe it was largely a question of health. He has never been really fit, since he was wounded."

Ursula roused herself. She felt that she must discover if this man knew what Basil Seldon had told her.

"Yes," he said regretfully. "I believe that is a matter of fact. He told me himself, some weeks ago, that the doctors had warned him he could not go on very long. Very sorry. Nice young fellow, too. I always liked Rattray. I tried to persuade him to get another opinion, but he only laughed, not a man to exaggerate or overstate a thing. She forced her voice to indifference as she asked: "Did you ever hear that Mr. Rattray had a severe heart trouble? Someone . . . someone was telling me . . . the other day that . . . that he had no very long to live."

She could hardly make her lips form the words. It seemed as if by speaking them aloud she was pronouncing Jake's death.

Mr. Simpson glanced down at her in surprise. So she knew, did she? If that were so, he wondered why Jake had so carelessly impressed upon him that he did not wish his state of health to be known to anyone.

"Yes," he said regretfully. "I believe that is a matter of fact. He told me himself, some weeks ago, that the doctors had warned him he could not go on very long. Very sorry. Nice young fellow, too. DECLINE TO PASS BRIDGE RESOLUTION

Council Thinks Twenty Minutes Too Long to Keep Harbor Bridge Open

The period of duration for allowing the bascule span of the railway section of the Johnson Street Bridge to be down again occasioned a debate in City Council last evening.

On the motion of Alderman Todd, the council adopted by six votes to four a resolution to act as a committee to study the matter before and after the arrival of trains, and their departure from the station, Store Street.

The council was called upon to pass this resolution in accordance with the agreement of December, 1919.

Opposition Develop
An amendment was moved by Alderman Andros, seconded by Alderman Woodward, to set the period of ten minutes before and after the arrival and departure of trains.

After a lengthy debate the amendment was withdrawn and the motion approved.

For the motion there voted Mayor Hayward, Alderman Todd, Gillespie, Sangster, Ker and Leeming.

Against the motion, Alderman Andros, Woodward, Harvey and Sargent.

Alderman Woodward queried if the council would be debared from any further action if it approved the resolution.

Alderman Andros asked if the council were willing to allow the twenty-minute interval, in view of the fact that the bridge could be changed from closed to open in a minute and a half.

Must Pass Motion
Alderman Todd declared it was too late to discuss the question now, because as the council were obliged to approve the application.

That the council could express the opinion to the Railway Board that a change was expedient was suggested by Alderman Leeming.

Certain alterations had been offered by the general superintendent of the Esquimalt & Nanaimo Railway.

Alderman Sargent remarked, which itself indicated a willingness to make concessions on the agreement of 1919.

The council should exhaust every effort to make a change, the alderman contending, pointing out that from a practical point of view that conditions were not approved by the city.

Alderman Woodward declared that the council would be wiser, while concurring with the application as called for by the agreement, to point out the local conditions of 1923.

He asked how the refusal would affect the council legally.

City Solicitor Pringle replied that he could see no means of avoiding the passage of the resolution, when the agreement had received the ratepayers' approval and had been ratified by the council.

"If we pass a reasonable resolution to-night," said Alderman Andros, the railway company would accept the resolution.

Why Make Change Now?
Mayor Hayward expressed his concurrence with Alderman Todd, although he believed that twenty minutes before departure was too long.

No time limit had been set, said Alderman Woodward, and why fix the twenty minutes now?

Alderman Todd referred to his campaign material in 1920, when he had taken issue with the clause in the agreement.

Alderman Gillespie doubted if the council would be wise to repudiate the original agreement. If any hardship occurred by navigation interests would look after themselves. He recommended further attempts to reach a settlement.

Favoring a further delay, Alderman Sargent moved an amendment to the Andros amendment to lay the matter over for a settlement with the general superintendent of the railway company.

When this was seconded, Alderman Andros said this postponement was characteristic of the council putting off dealing with the difficult questions of the day.

The amendment to the amendment of Alderman Sargent was rejected five to four votes.

Alderman Gillespie challenged the legality of the amendment, but it was withdrawn, and a vote taken on the main motion.

WANT SHARE OF GASOLINE TAX

City Council to Press For Special Treatment as Capital City

There will be another effort made to secure a share of the gasoline tax revenue from the Government both in regard to contribution to the community as the capital city, and also for a share of the proposed gasoline tax. The City Council resolved last evening.

Alderman Todd, in asking for the whole Council to act as a committee to press the subject to a successful conclusion, pointed out that when the aldermen went to the Executive Council they found arrayed against them the regular ratepayers, citizens, who went to hamper the effort of the representatives of the people in securing just revenues.

This opposition, he said, meant breaking. "It is about time the citizens rallied to fight their own battles," he said.

The council agreed to the suggestion.

Power Cable
Tenders for the power cable for the Johnson Street Bridge were opened by the city engineer and city purchasing agent for report.

Garbage Dumping
The Victoria and Island Publicity Bureau drew the attention of the council to the complaints of garbage drifting in to the city beaches, and asked for the nuisance to be abated in the interest of tourist travel. An investigation will be made.

Civic Economies
The civic finance committee yesterday received reports on possible economies from the city engineer, treasurer, health officer, electric parks superintendent, assessor, solicitor, fire chief, and purchasing agent, and as a result learned that it would be possible to save \$15,000 from the estimated expenditure. The largest items will be in public works charges.

GIVES REASONS FOR CONDEMNING STEEL PROJECT

Supplementary Report of Iron and Steel Committee to Chamber Directors

Further examination of the Coast Range Steel project and an interview with the promoter, J. H. Landahl, failed to change the original stand of the Iron and Steel Committee of the Chamber of Commerce, who in their first report set forth their reasons for condemning the plan. A supplementary report issued to the directors last night stated definitely that the committee could not change their attitude. The report, which was endorsed by the directors who ordered a copy sent to every member of the Legislature reads as follows:

"Your committee desire to supplement their original report on the Coast Range Steel Company in view of the interview we have since had with Mr. Landahl and his associates.

"We find that whilst the original financial structure was as indicated, it has since been changed in the following particulars:

"The proposed cost of the industry is to be twelve million dollars, the entire funds for which are to be provided by bonds to the extent of 100 per cent of its cost. Four million dollars of this is to be provided by the Provincial Government, four million by the British Department of Industries and four million by the British Iron Masters, whose status we understand is that of suppliers of the machinery and equipment for the plant, conditional upon the machines and equipment being purchased in Great Britain. In addition it is proposed to issue a further sum of three million dollars worth of debentures over and above the twelve million dollars subscribed for by the respective governments as mentioned above.

Fifteen Millions
The Coast Range Steel Company is capitalized for fifteen million dollars of common stock, which Mr. Landahl states he is prepared to put in the hands of the Provincial Government. The ordinary conditions of this stock would, of course, control the operation of the company, but in view of the fact that the Provincial and Imperial authorities would be providing all the funds proposed to be expended, this common stock has no value and should in no way control the operation of the company.

"In the case of failure, the property would pass into the hands of the bond holders, and our Provincial Government would hold a minority interest only. There would be nothing to prevent the majority bond holders in Great Britain disposing of the plant in such a case under conditions disastrous to this Province, unless our Provincial Government were prepared to purchase a large portion of the bonds held by the majority holders.

"We submit that however faulty and ill-advised in the interests of the Province the financial structure may be, it is entirely subsidiary to the major factor of raw materials, cost of production and market available.

Estimates
"From all the facts we can gather as to a suitable coke and the cost of it on the coast, the cost estimate is that the cost of the coke, per ton, is \$4.15, which is clearly in excess of the \$3.15 per ton which is the price of coke in the United States, and includes such items as machinery, vehicles (including automobiles), etc., and of which total we find only \$3,411.25 comprising materials which a complete iron and steel plant could produce.

"Mr. Landahl states that there is 327 tons of pig iron brought into the coast per day at a price of \$12.15, which is clearly in excess of the \$10.15 per ton which is the price of pig iron in the United States, and of which total we find only \$3,411.25 comprising materials which a complete iron and steel plant could produce.

DR. MACLEAN FILES STATEMENT

Gives Comparative Figures of Educational Cost in Four Provinces

Hon. J. D. MacLean, Minister of Education, sent to the City Council last evening a statement defending the school boards, and educational authorities from charges of extravagance. He pointed out it was an answer to the appeal for a school survey of British Columbia, and proceeds:

"At a recent meeting of the Union of B. C. Municipalities at Prince Rupert, a resolution was passed, recommending a survey of the educational system with a view to effecting economies. This resolution, you will note, has a different purport to the resolution passed by the public meeting in Vancouver, which was associated with the appeal for a school survey of British Columbia, and proceeds:

"As such bodies as yours are responsible for school expenditures in your various communities, I think it fairly fair that you should know the facts in connection with the charge of extravagance implied in the resolution passed by the Union of B. C. Municipalities at Prince Rupert.

"A consideration of the following points will indicate the position of British Columbia in this respect as compared with the other Western Provinces of Canada: (a) School buildings; (b) school employees (teachers' salaries); (c) teacher training; (d) school inspection; (e) administration, education office.

"In city and rural municipalities, the municipal councils and school boards (subject to an appeal to the ratepayers, which appeal is necessary when money is required for capital expenditures) have the full power to control extravagances in the matter of school buildings. In the small towns and rural municipalities, the Government has power only to supervise the buildings erected to ensure their stability for school purposes.

"In the last seven years no official of the Government has advocated additional expenditures on school buildings if and when the proposed buildings were sanitary and suitable for school buildings.

"School boards have full power to appoint their employees, including the teachers, and to determine their salaries.

Training of Teachers—Normal Schools

Students in Normal School

Salaries of Principals

Total cost

Cost of School Inspection Compared With Other Western Provinces

No. of pupils in attendance

No. of teachers employed

Total cost of Education Office

Approximately

The Province of the University, both Alberta and Saskatchewan have expended some \$2,000,000 on buildings, while by the end of this year our total will be about \$1,750,000, notwithstanding the fact that we have the largest body of undergraduate students of any of the four Western Provinces.

average of less than seven tons per day. Mr. Landahl's tonnage of 649 tons of iron and steel per day brought into this Province from foreign countries is apparent, arrived at by taking the cost-price of \$41.77 (which we have already shown to be less than half the actual composite ton price laid down in British Columbia) and dividing it into the entire imports of \$8,136,445 for the year ending March 31, 1923, which total sum includes many high priced articles such as farm implements and machinery, fire arms, hardware, general machinery, stamped and coated products, tools, vehicles (including automobiles), etc., etc., of which could be expected to be manufactured by the plant Mr. Landahl has in contemplation.

Anti-Dumping Laws
"We should not, however, lose sight of the fact that iron and steel billets were produced in British Columbia, at a low enough price, the demand for these products would naturally increase both within the Province and outside. We do not agree with Mr. Landahl's statement that they had to have Provincial Government protection to protect themselves against the dumping into this country of foreign competitors, because, in our opinion, the anti-dumping regulations are sufficient protection.

"In view of the inaccuracies as to the general conditions surrounding the industry as placed before us by Mr. Landahl, and, having carefully reviewed that report, the committee feels that they cannot change their attitude towards Mr. Landahl's proposal, as shown in the report already presented to you.

"Generally, we find ourselves opposed to the commitment of the Province to a scheme of this magnitude, believing that to attempt to ourselves against the dumping into this country of foreign competitors, because, in our opinion, the anti-dumping regulations are sufficient protection.

"We have already stated our view that this industry should be commenced on a moderate scale from an experimental standpoint, by private enterprise assisted by a bonus, in order to demonstrate beyond peradventure the practicability of the industry at this time.

PURCHASE SECURITIES ON BEHALF OF CITY

The following purchases of securities for sinking fund investment were authorized by the City Council last night:

From Macnell, Graham & Company—\$5,200 City of Victoria 4 per cent, maturing January 21, 1937, at a price of 84 and accrued interest, yielding over 5.70, Victoria payment and delivery.

From Heisterman, Forman & Company—\$1,000 Educational Loan By-Law, 1923, maturing July 3, 1924, at 5 per cent, and accrued interest, yielding over 5.70, Victoria payment and delivery.

From Heisterman, Forman & Company—\$1,000 Educational Loan By-Law, 1923, maturing July 3, 1924, at 5 per cent, and accrued interest, yielding over 5.70, Victoria payment and delivery.

From Heisterman, Forman & Company—\$1,000 Educational Loan By-Law, 1923, maturing July 3, 1924, at 5 per cent, and accrued interest, yielding over 5.70, Victoria payment and delivery.

ASPIRIN

Say "Bayer" and Insist!

Genuine

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product proved safe by millions and prescribed by physicians over twenty-three years for

Colds Headache
Toothache Lumbago
Earache Rheumatism
Neuralgia Pain, Pain
Accept "Bayer" Tablets of Aspirin only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost a few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark registered in Canada of Bayer

Manufacture of Monoaceticester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

ESQUIMALT ADVANCES BY-LAW REVISION

Consolidation and Revision Progressing; Three New Measures Become Law

Revision and consolidation of by-laws in Esquimalt, one of the aims of the present council, was advanced last night when three measures received their final sanction and now become law.

In the "Use of Firearms" measure makes it possible for the police to deal with those who carry dangerous weapons without warrant. The same officer has the authority to issue a charge of firearms within the municipality without a permit issued for that specific purpose.

In the "Public Health By-Law," the Council tightens up regulations with a view to giving the Medical Health Officer fuller powers of control over any situation that may be to the detriment of the community at large. The measure obviates a deal of ambiguity that pertained to the former by-law, and will prove a more workable set of provisions, it is stated.

The "Procedure By-Law" re-enacts the measure for regulation of Council and Committee meetings being a revision of the former by-law with minor improvements.

Dealing with a short routine agenda, the Council tabled a report from the City Health Officer dealing with child welfare matters. The substance of the report was held to be confidential. In a report from E. V. Finland, municipal solicitor, the Council was informed that the proposals to create a public park on the north side of Esquimalt were referred to the town hall were within its power and that no obstacles appeared on the legal horizon.

A circular letter from the Nanaimo City Council, urging that municipalities be permitted to apply their share of money license fees to reduce local improvement taxation was referred to the executive of the Union of B.C. Municipalities. Sewer connection and sign by-laws were tabled for discussion at the next meeting.

Accounts to a total of \$2,371.22 were ordered passed, sanctioned by
