TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess-Profits Taxes [Regs. 111; T. D. 5947]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

CREDIT FOR TAXES OF FOREIGN CORPORATIONS

On September 27, 1952, there was published in the FEDERAL REGISTER (17 F. R. 8634) a notice of proposed rule making to conform Regulations 111 (26 CFR Part 29) to section 332 of the Revenue Act of 1951, relating to credit for taxes of foreign corporations, approved October 20, 1951. No objection to the rules proposed having been received, the amendments set forth below are hereby adopted.

PARAGRAPH 1. There is inserted immediately preceding § 29.131 the following:

SEC. 332. CREDIT FOR TAXES OF FOREIGN CORPORATIONS (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *Foreign subsidiary of a domestic corporation.* Effective with respect to dividends received by a domestic corporation from a foreign corporation during taxable years beginning after December 31, 1950, the first sentence of section 131 (f) (1) is hereby amended by striking out "a majority" and inserting in lieu thereof "at least 10 per centum".

(b) *Foreign subsidiary of a foreign corporation.* Effective with respect to dividends received by a foreign corporation from another foreign corporation in taxable years beginning after December 31, 1950, section 131 (f) (2) is hereby amended by striking out "all the voting stock (except qualifying shares)" and inserting in lieu thereof "50 per centum or more of the voting stock".

(c) *Clerical amendment.* So much of section 131 (f) (1) as precedes the first sentence thereof is hereby amended to read as follows:

(f) *Taxes of foreign corporations—(1) Treatment of taxes paid by foreign corporation.*

PAR. 2. Section 29.131-3, as amended by Treasury Decision 5893, approved April 4, 1952, is further amended by revising the first sentence, which commences with the words "For credit where taxes", of paragraph (d) thereof to read as follows: "For credit available to a do-

mestic corporation with respect to taxes paid by a foreign corporation, see § 29.131-7."

PAR. 3. Section 29.131-7, as amended by Treasury Decision 5452, approved April 19, 1945, is further amended as follows:

(A) By revising so much thereof as precedes the words "of the voting stock of a foreign corporation", which appear in the first sentence of paragraph (a) thereof, to read as follows:

§ 29.131-7 *Taxes of foreign corporation—(a) Domestic corporation owning stock of a foreign corporation.* In the case of a domestic corporation which owns a majority or, effective with respect to dividends received during a taxable year beginning after December 31, 1950, at least 10 percent * * *.

(B) By striking out of the expression "paid or accrued by such controlled foreign corporation to any foreign country", which appears in the first sentence of paragraph (a) thereof, the word "controlled" so that such expression will read as follows: "paid or accrued by such foreign corporation to any foreign country".

(C) By revising the second and third sentences of paragraph (a) thereof, which commence, respectively, with the words "See, however, the limitations" and "If dividends are received", to read as follows: "If dividends are received from more than one such foreign corporation, the limitation is to be computed separately for the dividends received from each. For other limitations upon the amount of credit available under section 131, see § 29.131-8."

(D) By striking out of the last sentence of paragraph (a) thereof "a controlled" and inserting in lieu thereof "such a", so that such sentence will read as follows: "Taxes paid or accrued by such a foreign corporation are deemed to have been paid by the domestic corporation for purposes of credit only."

(E) By revising the headnote of paragraph (b) and paragraph (b) (1) thereof to read as follows:

(b) *Foreign corporation owning stock of another foreign corporation.* (1) If

any foreign corporation coming within the scope of paragraph (a) of this section owns all (except qualifying shares) or, effective with respect to dividends received in a taxable year beginning after December 31, 1950, 50 percent or more of the voting stock of another foreign corporation from which it receives dividends in any taxable year, it shall be deemed to have paid that proportion of any income, war-profits, and excess-profits taxes paid or accrued by the latter corporation to any foreign country or to any possession of the United States, upon or with respect to the accumulated profits of such latter corporation from which such dividends were paid, which the amount of such dividends bears to the amount of such accumulated profits. Such tax so deemed to have been paid shall then be taken into consideration in determining the amount of income, war-profits, and excess-profits taxes paid or deemed to have been paid by the former corporation to any possession or foreign country upon or with respect to its own accumulated profits from which the dividends were paid by such corporation to the domestic corporation.

PART 95—CAR SERVICE

RESTRICTIONS ON MOVEMENT OF UNBILLED BITUMINOUS COAL

At a session of the Interstate Commerce Commission, Division 3 held at its office in Washington, D. C., on the 19th day of November A. D. 1952.

Upon further consideration of Service Order No. 892 (17 F. R. 9604), and good cause appearing therefor: It is ordered, that:

Section 95.892 *Restrictions on movement of unbilled bituminous coal* of Service Order No. 892 be, and it is hereby amended by substituting the following paragraph (e) hereof for paragraph (e) thereof:

(e) *Expiration date.* This section shall expire at 11:59 p. m. December 15, 1952, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

Effective date. This amendment shall become effective at 11:59 p. m., November 20, 1952.

It is further ordered, that a copy of this amendment and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 122—MONTHLY OPERATING REPORTS

MONTHLY REPORT OF REVENUES AND EXPENSES; STEAM RAILWAYS

At a session of the Interstate Commerce Commission, Division I, held at

its office in Washington, D. C., on the 16th day of October A. D. 1952.

The matter of monthly reports of revenues and expenses from Class I steam railways being under consideration, and it appearing that the changes in existing regulations to be effectuated by this order are only minor changes with respect to the data to be furnished and that public rule making procedures are unnecessary:

It is ordered, That the order dated September 25, 1946, in the matter of monthly reports of revenues and expenses of Class I steam railways (49 CFR 122.1) be, and it is hereby modified with respect to reports for January 1, 1953, and for subsequent months, as follows:

§ 122.1 *Revenues and expenses.* Commencing with the month of January 1953, and monthly thereafter until further order, each and every Class I Steam Railway, except Class I Switching and Terminal Companies, subject to the provisions of the Interstate Commerce Act, is hereby required to file monthly reports of Revenues and Expenses in accordance with the form of report which is attached hereto and made a part of this section.¹ Monthly reports shall be filed, in duplicate, in the Bureau of Transport Economics and Statistics, Interstate Commerce Commission, Washington, D. C., on or before the 26th day of the month next succeeding the month for which made.

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter E—Organized Reserves

PART 562—RESERVE OFFICERS' TRAINING CORPS

MISCELLANEOUS AMENDMENTS

Sections 562.17, 562.22 (b) (1) (i) (a), 562.28 (b), 562.29 and 562.37 are revised to read as follows:

§ 562.17 *Designation of units.* (a) Units of the senior division, ROTC, will bear the designation of the branch of the Army with which associated.

(b) Units of the junior division, ROTC, will be designated a junior unit.

§ 562.22 *Conditions of enrollment in specific course.* * * *

(b) *For advanced course, senior division.* * * *

(1) *Academic requirements.* * * *

(i) Applicants for admission in the advanced course of the following technical services must be enrolled in the academic fields listed thereafter:

(a) *Chemical Corps.* Any academic course of instruction leading to a degree in a scientific or engineering subject, with preference for the chemical, biological, physical and mechanical arts and sciences. This provision will not affect students currently enrolled in Chemical Corps units or students who have been selected for enrollment prior to the publication of this section.

* * * * *

§ 562.28 *Programs, content, and objectives of courses.* * * *

(b) *Junior division.* The junior division, ROTC, will consist of the junior course only and will be conducted in whole at class HS institutions, and may be conducted in whole or in part at class MJC and class MI institutions with Department of the Army approval. While it is not contemplated that officers of the Reserve component will be procured

without additional training from institutions operating on the preparatory school level, the Department of the Army will encourage and continue to furnish assistance to students in the junior division, ROTC, in high schools and other secondary schools prior to their undertaking further military training.

(1) Military training at a class HS institution will comprise a 3-year course of theoretical and practical instruction, consisting of 3 hours per week.

(2) The junior course will be approximately equivalent in scope to the first year of the basic course, senior division, ROTC, and will entitle the student, upon transfer, to such credit as may be determined by the professor of military science and tactics and the head of the institution concerned.

(3) The Department of the Army will continue to encourage the holding of summer camps by units of the junior division, ROTC, provided the camps are held without expense to the Government.

§ 562.29 *Curtailment of compression of courses.* (a) There is no authority under the law to compress the basic course into less than two academic years. The term "academic year" as used in this section will be defined for the Department of Military Science and Tactics on the same basis as the academic departments of the institution concerned; that is, when the institution operates on an accelerated basis with regard to all or part of its students with such accelerated basis allowing more than two semesters or three quarters of academic work to be completed in one calendar year, those students who are completing their academic work on this accelerated basis will be permitted to progress in their military courses at the same rate, subject to the following conditions:

(1) The arrangement must be approved by the institutional authorities and the army commander.

(2) No reduction in the scope and content of the ROTC course will be permitted.

(b) The professor of military science and tactics with the approval of the head of the institution concerned is authorized to approve applications for the curtailment of the advanced course when all of the following conditions exist:

(1) Student will be eligible for graduation from the institution before he can complete the advanced course.

(2) Student agrees to complete all prescribed subjects of the advanced course program of instruction without reduction in scope or content, and subject to written examinations in all subjects.

(3) Student agrees to attend the prescribed advanced course camp.

(4) Professor of military science and tactics believes the student possesses exceptional aptitude for leadership and capacity for completing the course in the time available.

(c) The professor of military science and tactics with the approval of the head of the institution concerned is authorized to approve requests for the enrollment of sophomore students in MS I course and subsequent concurrent enrollment in MS II and MS III courses

during their junior year to the following conditions:

(1) During the year of concurrent training in MS II and MS III, the student will be paid no subsistence and will utilize the uniform provided for basic course students, and will be carried on the rolls as a basic course student.

(2) Upon completion of his junior year and MS II and MS III, the student will be permitted to sign a contract, be issued an advanced course uniform, and will receive commutation of subsistence, only while pursuing the MS IV course.

(d) The granting of authority for a curtailment of the advanced course will not be construed as a waiver for other conditions of noneligibility which would preclude enrollment in the course or which would preclude appointment as a commissioned officer in a component of the Army.

(e) A curtailment of the course will not be authorized in the case of any student eligible for enrollment in the advanced course two or more years prior to the date of his graduation from the institution.

§ 562.37 *Courses of instruction.* Subject and outlines of courses of study for ROTC training are prescribed by the Department of the Army and are published in the 145-series of the Army training programs of instructions.

Subchapter J—Procurement Procedures

PART 1013—INSPECTION AND ACCEPTANCE

Part 1013 is added to Subchapter J as follows:

Sec.	
1013.001	Scope of part.
1013.002	General policy.
1013.003	Inspection requirements.
1013.004	Points of inspection.
1013.005	Responsibility for inspection.
1013.006	Acceptance.
1013.007	Single department procurement.
1013.008	Contract provisions.
1013.009	Inspection interchange agreements
1013.010	Inspection for other Government agencies.

AUTHORITY: §§ 1013.001 to 1013.010 issued under R. S. 161, Sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 22, 171a. Interpret or apply 62 Stat. 21; 41 U. S. C. 151-161.

DERIVATION: Sec. XIV, AFM 70-6.

§ 1013.001 *Scope of part.* This part implements the provisions of Part 413 of this title, and sets forth the procedures pertaining to the inspection and acceptance of supplies and services by the Department of the Air Force. Nothing in this part will be construed as waiving compliance with Part 413 of this title.

§ 1013.002 *General policy*—(a) *Supplies and services.* All supplies and services procured by the Air Force, including

supplies which are procured in accordance with the provisions of Subpart A of Part 403 of this title, "Single Department Procurement," will be inspected and accepted in accordance with the requirements of this part. Inspection will be conducted only when a bona fide contract exists, or when there is reasonable assurance that supplies so inspected will be reserved for delivery on Air Force or other military contracts.

(b) *Quality control policy.* Conformance with contractual requirements of supplies presented to the Air Force will be determined on the basis of objective quality evidence. Such evidence will be obtained by the contractor and will be evaluated and verified by the Air Force quality control representative exercising surveillance over the contractor's facility. Evidence may also be obtained independently by Air Force quality control personnel. Product inspection by Air Force quality control personnel will be used to the extent necessary to verify evidence of quality submitted by the contractor, or it may be used to determine acceptability of supplies on an individual or lot basis. The amount of evidence obtained or verified through product inspection by Air Force quality control personnel will depend on the nature and intended use of the product and the effectiveness of the contractor's control over quality.

§ 1013.003 *Inspection requirements.* In accordance with applicable directives, Air Matériel Command will establish inspection requirements sufficient to determine the acceptability of supplies and services presented to the Air Force. The Air Matériel Command may, when the public interest will be best served, prescribe the conditions under which supplies which are subject to Air Force inspection may be accepted and shipped without such inspection being performed in connection with each shipment.

§ 1013.004 *Points of inspection.* The contracting and quality control components of Air Matériel Command will collaborate in establishing categories of items which are subject to either source or destination inspection. The contracting organization will also coordinate with the quality control organization any unusual cases where special consideration is necessary concerning proper place of inspection. The inspection facilities of the Air Force depots and/or laboratories will be utilized to the extent practicable in accomplishing inspection or tests which cannot otherwise be properly accomplished. Air Force supply contracts will specify the place or places at which inspection and/or acceptance of the supplies are to be made by the Government.

§ 1013.005 *Responsibility for inspection.* The responsibility for quality control is assigned to Air Matériel Command, which will issue and coordinate detailed inspection procedures. Air Matériel Command may further delegate specific areas of responsibility to insure an effective and economical Air Force quality control effort.

§ 1013.006 *Acceptance.* Acceptance as defined in § 413.006 of this title is the responsibility of the Air Matériel Command, which may authorize proper Gov-

ernment agents to perform this function. Acceptance is effected through the execution of the prescribed acceptance documents.

§ 1013.007 *Single department procurement.* Normally Air Force inspection procedures will be used when inspection is performed by the Air Force on supplies being procured for delivery to another service.

§ 1013.008 *Contract provisions.* Any change to the standard clauses set forth in Part 406 of this title will be coordinated with the organization responsible for performing the inspection and/or acceptance and will be made in accordance with § 1000.109 of this chapter.

§ 1013.009 *Inspection interchange agreements.* Interchange agreements may be extended to foreign government agencies where procurements are being made by the Air Force in countries where suitable inspection practices have been established.

§ 1013.010 *Inspection for other Government agencies.* "Other Government agencies" are construed to mean U. S. agencies other than military. Air Force inspection may be performed for other Government agencies when such inspection would not unduly affect military inspection operations and the cost of such inspection can be defrayed on a reimbursement-in-kind basis.

Colonel, U. S. Air Force,
Air Adjutant General.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 14, Amdt 17]

CPR. 14—CEILING PRICES OF CERTAIN FOODS SOLD AT WHOLESALE

REVISION OF TABLE A AND COMMODITY GROUP DEFINITIONS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 17 to Ceiling Price Regulation 14 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment revises and brings up to date Table A and the commodity group definitions in CPR 14 in order to conform with General Overriding Regulation 7, Revision 1. The amendment also makes certain other minor corrections and clarifications in Table A and in the commodity group definitions.

General Overriding Regulation 7, Revision 1, decontrolled a number of food products as insignificant in the cost of living or as removed from price control by the Harrison Amendment which exempted fruits and vegetables in fresh or processed form from price control. Many of these food products had previously been covered by CPR 14 but, be-

cause of the nature of a general overriding regulation, were in effect removed from the ceiling price regulation even though they had not been deleted by formal amendment. However, in order to avoid confusion and misunderstanding, the table and commodity group definitions of CPR 14 are revised by the present action to conform with GOR 7, Revision 1. Although it has been necessary (in order to effectuate certain adjustment provisions) to list certain commodity group headings of fruits or vegetables even where no items in the listed commodity grouping remain under control, it is thought that none of the commodities decontrolled by GOR 7 now remains listed as controlled by CPR 14. Except for minor corrections and clarifications the revised table and commodity group definitions contain no substan-

tive changes not already made through the overriding effect of GOR 7, Revision 1.

In view of the nature of this amendment, special circumstances have rendered consultation with industry representatives, including trade association representatives, impractical. In the judgment of the Director the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

[Ceiling Price Regulation 15, Amdt. 20]

CPR 15—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUPS 3 AND 4 STORES

REVISION OF TABLES A AND B AND COMMODITY GROUPS DEFINITIONS; UNIT RULE FOR BABY FOOD

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 20 to Ceiling Price Regulation 15 is hereby issued.

STATEMENT OF CONSIDERATIONS

This statement of considerations covers Amendment 20 to Ceiling Price Regulation 15 and Amendment 20 to Ceiling Price Regulation 16. These amendments revise and bring up to date Tables A and B and the commodity group definitions in CPR's 15 and 16 in order to conform with General Overriding Regulation 7, Revision 1. The amendments also make certain other minor corrections and clarifications in Tables A and B and in the commodity group definitions. Finally, the amendments require retailers to revert to the single unit basis of establishing ceiling prices for baby food in cans.

General Overriding Regulation 7, Revision 1, decontrolled a number of food products as insignificant in the cost of living or as removed from price control by the Harrison Amendment which exempted fruits and vegetables in fresh or processed form from price control. Many of these food products had previously been covered by CPR's 15 and 16 but, because of the nature of a general overriding regulation, were in effect removed from the ceiling price regulations even though they had not been deleted by formal amendment. However, in order to avoid confusion and misunderstanding, the tables and commodity group definitions of CPR's 15 and 16 are revised by the present action to conform with GOR 7, Revision 1. Although it has been necessary (in order to effectuate certain adjustment provisions) to list certain commodity group headings of fruits or vegetables even where no items in the listed commodity grouping remain under control, it is thought that none of the commodities decontrolled by GOR 7 now remains listed as controlled by CPR's 15 and 16. Except for minor corrections and clarifications the revised tables and commodity group definitions contain no substantive changes not already made through the overriding effect of GOR 7, Revision 1.

No. 230—2

These amendments also return baby foods to the single unit pricing provisions of CPR's 15 and 16. Recently OPS determined that manufacturers of baby food were entitled to adjustments under the OPS industry earnings standard and, accordingly, issued Supplementary Regulation 107 to the General Ceiling Price Regulation. However, after a short time it was shown by the manufacturers that if they realized the earnings standard increases permitted under SR 107 the result would be a reduction in the margins of retailers selling canned baby food. Therefore, Amendments 18 to CPR's 15 and 16 were issued to prevent a margin squeeze on the retailers by providing a means for retailers to establish a unit ceiling price on three cans of baby food instead of on the single unit basis otherwise provided in the regulations.

It now appears, however, that since the manufacturers have decided not to take the permitted increases, the result of the operation of the multiple unit rule authorized by Amendments 18 has been an unwarranted increase in retail mark-ups. To continue Amendments 18 in effect is not only unnecessary to prevent a squeeze but also would result in unjustifiably higher ceiling prices to consumers and, therefore, these amendments remove from CPR's 15 and 16 the provisions for multiple unit pricing of baby foods. However, if a retail problem on baby food does develop in the future, the matter will be given further consideration at such time in the light of the retail markups then in effect.

In view of the nature of these amendments special circumstances have rendered consultation with industry representatives, including trade association representatives, impractical. In the judgment of the Director the provisions of these amendments are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that Act.

AMENDATORY PROVISIONS

Ceiling Price Regulation 15 is amended in the following respects:

1. Paragraph (a) of section 4 is revised by deleting subparagraph (3) and by redesignating present subparagraph (4), (5) and (6) as (3), (4) and (5), respectively.

[Ceiling Price Regulation 16, Amdt. 20]

CPR 16—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 1 AND 2 STORES

REVISION OF TABLES A AND B AND COMMODITY GROUP DEFINITIONS; UNIT RULE FOR BABY FOOD

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 20 to Ceiling Price Regulation 16 is hereby issued.

STATEMENT OF CONSIDERATIONS

This statement of considerations covers Amendment 20 to Ceiling Price Regulation 15 and Amendment 20 to Ceiling Price Regulation 16. These amendments revise and bring up to date Tables A and B and the commodity group definitions in CPRs 15 and 16 in order to conform with General Overriding Regulation 7, Revision 1. The amendments also make certain other minor corrections and clarifications in Tables A and B, and in the commodity group definitions. Finally, the amendments require retailers to revert to the single unit basis of establishing ceiling prices for baby food in cans.

General Overriding Regulation 7, Revision 1, decontrolled a number of food products as insignificant in the cost of living or as removed from price control by the Harrison Amendment which exempted fruits and vegetables in fresh or processed form from price control. Many of these food products had previously been covered by CPRs 15 and 16 but, because of the nature of a general overriding regulation, were in effect removed from the ceiling price regulations even though they had not been deleted by formal amendment. However, in order to avoid confusion and misunderstanding, the tables and commodity group definitions of CPRs 15 and 16 are revised by the present action to conform

with GOR 7, Revision 1. Although it has been necessary (in order to effectuate certain adjustment provisions) to list certain commodity group headings of fruits or vegetables even where no items in the listed commodity grouping remain under control, it is thought that none of the commodities decontrolled by GOR 7 now remains listed as controlled by CPRs 15 and 16. Except for minor corrections and clarifications the revised tables and commodity group definitions contain no substantive changes not already made through the overriding effect of GOR 7, Revision 1.

These amendments also return baby foods to the single unit pricing provisions of CPRs 15 and 16. Recently OPS determined that manufacturers of baby food were entitled to adjustments under the OPS industry earnings standard and, accordingly, issued Supplementary Regulation 107 to the General Ceiling Price Regulation. However, after a short time it was shown by the manufacturers that if they realized the earnings standard increases permitted under SR 107 the result would be a reduction in the margins of retailers selling canned baby food. Therefore, Amendments 18 to CPRs 15 and 16 were issued to prevent a margin squeeze on the retailers by providing a means for retailers to establish a unit ceiling price on three cans of baby food instead of on the single unit basis otherwise provided in the regulations.

It now appears, however, that since the manufacturers have decided not to take the permitted increases, the result of the operation of the multiple unit rule authorized by Amendments 18 has been an unwarranted increase in retail markups. To continue Amendments 18 in effect is not only unnecessary to prevent a squeeze but also would result in unjustifiably higher ceiling prices to consumers and, therefore, these amendments remove from CPRs 15 and 16 the provisions for multiple unit pricing of baby foods. However, if a retail problem on baby food does develop in the future, the matter will be given further consideration at such time in the light of the retail markups then in effect.

In view of the nature of these amendments, special circumstances have rendered consultation with industry representatives, including trade association representatives, impractical. In the judgment of the Director the provisions of these amendments are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISIONS

Ceiling Price Regulation 16 is amended in the following respects:

1. Paragraph (a) of Section 4 is revised by deleting subparagraph (3) and

by redesignating present subparagraphs (4) and (5) as (3) and (4), respectively.

2. Paragraph (c) of Section 4 is revised by deleting subparagraph (2).

3. Section 10 is revised by deleting the second sentence.

4. Section 32 is revised to read as follows:

[General Ceiling Price Regulation, Amdt. 13 to Supplementary Regulation 13]

GCPR, SR 13—COKE, COAL CHEMICALS AND COKE OVEN GAS

ADJUSTMENTS OF CEILING PRICES, BY-PRODUCT OVEN COKE, COAL CHEMICALS AND GAS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 13 to Supplementary Regulation 13 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Supplementary Regulation 13 to the General Ceiling Price Regulation authorizes an increase averaging 3.75 percent of ceiling prices of coke and coal chemicals produced in by-product coke oven operations and in addition permits a pass-through by each producer of such products of the actual amount of his increase in the delivered cost of coal. Adjustments in the ceiling prices of coke are permitted retroactive to September 29, 1952.

At the request of representatives of the by-product coke oven industry, the Office of Price Stabilization has completed a survey to determine whether the industry is qualified for an increase in its ceiling prices under the Industry Earnings Standard. In accordance with the requirements of this Standard, earnings data were obtained from a representative group of companies in the industry for the years 1946 through 1949, and for the first nine months of 1952. The price adjustment provided for by this amendment is based upon a comparison of the current earnings position of the companies surveyed with their earnings recomputed to 85 percent of earnings in the best three out of four years in the 1946-49 period. Owing to complications presented by the integration of coke oven operations with such activities as coal mining, steel, pig iron production, gas utility and chemical operations and the difficulty of obtaining net worth figures, and information available to the Office of Price Stabilization indicating the probability that net worth has increased, this Office decided to dispense with figures on net worth to avoid undue delay in completion of the survey.

A comparison of the earnings data indicated that the industry's earnings are below the minimum required by the Industry Earnings Standard as a result of increases in coal costs, freight rates, wages, other costs and expenses, to the extent that an average increase of 3.75 percent in ceiling prices is required. Since the amount of this increase will serve only to bring the industry up to the level of earnings found to be required under the Earnings Standard, it is further necessary to provide for recovery of higher coal costs resulting from the mine labor contracts which have recently been concluded. As the exact amount of such higher costs cannot now be determined, this amendment permits each company to compute its own in-

crease in cost and to adjust its ceiling prices accordingly.

The output of the industry consists of a number of co-products: coke (of various qualities and uses), coal tar, ammonia (generally processed to sulfate of ammonia), gas, and light oil being the principal items. While to some extent coke oven operations are controllable, the nature of the operations is such that significant variations in the output of any one co-product is not possible. In contrast, the demand for any one or more products may vary appreciably without corresponding change in the demand for the remainder, due to the great diversity of the uses to which coke oven products are put.

Although the by-product coking operations convert a ton of coal into approximately 70 percent (both in value and in quantity) of coke and 30 percent coal chemicals, it was found that actual "open market sales" of such products do not reflect this percentage distribution. While granting relief to the industry, the Agency did not consider it proper that any producer should be allowed to place a greater portion of his increased cost on his open-market sales than they bore to the total production. In order to do this, this amendment requires that the amount of increase is to be distributed by each producer between his coke and coal chemicals in the same ratio as his open-market sales of each group of such products bore to the total production of such group during the 12-month period ended April 30, 1952. This period was selected because it was the most recent normal year of operations. For the purposes of this amendment "sales" are defined as all sales except those which are exempt from the coverage of SR-13, and intra-corporate transactions. This method will, in the opinion of the Director, permit each producer to recover the actual amount of increased costs attributable to these sales and will require absorption of increased costs attributable to the amount of product consumed in other operations of the industry, such as the coke which is produced and consumed by steel companies.

Each producer is permitted by this amendment to adjust individual product ceilings so as to recover the overall amount of allowable increase on his various coke and coal chemical products, subject to the limitation that no one ceiling price may be increased by more than 10 percent.

Since this amendment is intended to provide relief to the by-product coke oven industry, the provisions of section 3 permitting adjustment in ceiling prices are no longer applicable to those producers who take advantage of the relief granted under this amendment.

In the judgment of the Director of the Office of Price Stabilization, the provisions of this amendment are generally fair and equitable, and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

So far as practicable the Director of Price Stabilization gave due consideration to the National defense effort to

achieve the maximum production in the furtherance of the objectives of the Defense Production Act of 1950, as amended.

In formulating this amendment the Director has consulted with industry representatives, including trade association representatives, and has given consideration to their recommendations.

AMENDATORY PROVISIONS

Supplementary Regulation 13 to the General Ceiling Price Regulation, as amended, is further amended in the following respects:

1. Section 2 is amended by adding paragraph (j) as follows:

(j) "Gross sales revenue" or "sales" as used in section 10 means the total dollars of revenue derived from the sales of products produced in a by-product coke oven plant, exclusive of revenue obtained from sales which are exempt under the provisions of section 4 and intra-corporate transactions; except that if a by-product coke oven producer wishes to include revenue obtained from a long-term contract in his gross sales revenue figure, he may do so but thereafter the contract will no longer be exempt from the provisions of this supplementary regulation.

2. Section 3 is amended by adding paragraph (e) as follows:

(e) None of the provisions of this section shall be applicable to any by-product coke oven producer who adjusts his ceiling prices under the provisions of section 10 of this Supplementary Regulation.

3. A new section 10 is added as follows:

SEC. 10. Adjustment for by-product coke oven operators. Each producer of by-product oven coke and coal chemicals may adjust the ceiling prices established under the General Ceiling Price Regulation and Supplementary Regulation 13 for the sales (as defined in section 2 (j)) of coke, coke breeze, gas and coal chemicals produced in his by-product coke oven operations by an amount equivalent to 3.75 percent of his gross sales revenue during the 12-month period ended April 30, 1952, plus the amount of increase in his delivered cost of coal occurring after October 1, 1952. The manner in which the adjustments shall be made is as follows:

(a) *Increase in delivered cost of coal.* Each producer shall determine his "coal cost increase". This shall be the difference between (1) his average delivered cost of coal per ton during any period of at least one month after October 1, 1952, and prior to December 31, 1952, and (2) his average delivered cost of coal per ton during the period June through September 1952, multiplied by the tonnage of coal carbonized during the 12-month period ended April 30, 1952.

(b) *How to determine the allowable amount of increase in ceiling prices.* To establish the amount of increase which may be added to his ceiling prices, each producer should assemble the following data and make the computations indicated below:

Data required for the 12-month period ended April 30, 1952:

- (1) Tons of coke "sales".
- (2) Tons of coal chemical "sales" (excluding gas "sales" and converting all products to tons).
- (3) Dollar "sales" for each of the above items (including "sales" of gas in coal chemical "sales").

Computation A. *Coke products*:

- (1) Multiply coke dollar "sales" by 3.75 percent.
- (2) Multiply "coal cost increase" by the percentage of tons of coke "sales" to tons of coal carbonized.
- (3) Add (1) and (2).

The ceiling price of any coke products may be increased by the amounts which, in total, would have increased the coke "sales" (dollars) for the period ended April 30, 1952, by the sum determined in this computation; except that, in no event, may any ceiling price be increased by more than 10 percent.

Computation B. *Coal chemicals*:

- (1) Multiply coal chemical dollar "sales" by 3.75 percent.
- (2) Multiply "coal cost increase" by the percentage of tons of coal chemicals "sales" to tons of coal carbonized.
- (3) Add (1) and (2).

The ceiling prices of any coal chemicals may be increased by amounts which, in total, would have increased the coal chemical "sales" (dollars) for the period ending April 30, 1952, by the sum determined in this computation; except that, in no event, may any ceiling price be increased by more than 10 percent.

Example: Assume that you carbonized 100,000 tons of coal during the 12 months ending April 30, 1952, and of that total 70,000 tons of coke were produced, of which 60,000 tons were sold subject to the provisions of SR 13. The remaining production consisted of various coal chemicals, of which 15,000 tons were sold. You would then have the following data and make the following computations:

1. *Computation of coal cost increase.*

Data required:

- (a) Cost of coal—current..... \$10.00
- (b) Cost of coal—June-September 1952..... 9.50
- (c) Tons of coal carbonized, 12 months ending April 30, 1952..... 100,000

Computation:

Coal cost increase = (a - b) × c, or, \$50,000

2. *Computation of allowable increase in ceiling prices.*

Data required for the 12-month period ending April 30, 1952:

- (a) Tons of coke "sales"..... 60,000
- (b) Tons of coal carbonized..... 100,000
- (c) Tons of coal chemical "sales"..... 15,000
- (d) Coke "sales" (dollars)..... \$800,000
- (e) Coal chemical "sales" (dollars)..... \$200,000

Computation A. *Coke*:

- (1) Coke "sales" × 3.75 percent (\$800,000 × 0.0375)..... \$30,000
- plus
- (2) Tons of coke "sales" × coal cost increase.
- Tons of coal carbonized (60,000) × \$50,000..... 30,000
- (100,000)

Subject to the 10 percent limitation, you may increase ceiling prices of coke products so that coke "sales" in the 12-months ending April 30, 1952, would have been increased by this amount... 60,000

Computation B. *Coal chemicals*. Follow same procedure as for coke, substituting coal chemical "sales" for coke "sales":

- (1) \$200,000 × 0.0375 \$7,500
- plus
- (2) $\frac{(15,000)}{(100,000)} \times \$50,000$ 7,500

Subject to the 10 percent limitation, you may increase ceiling prices on coal chemicals so that coal chemicals "sales" in the 12 months ending April 30, 1952, would have been increased by this amount..... 15,000

(c) *Retroactive increases in the ceiling prices of coke products.* To the extent that a producer has availed himself of the adjustable pricing provisions of section 9 of this supplementary regulation, he may increase ceiling prices of his coke products as permitted by this section retroactively to September 29, 1952.

of production. A base ceiling price was set for processors located at Minneapolis, the principal producing center. Higher ceiling prices were fixed for the other production points in order to preserve normal price relationships among the various points of production as well as among major consuming markets.

Since SR 95, Rev. 1, was issued the Director has kept these intermarket differentials under continuing study. Additional data have become available in regard to historical price relationships among the various points of production. Based on careful study of these data, the Director has decided that the differentials over the Minneapolis base ceiling are inadequate for several points of production. The Director has determined that, in order to accomplish his objective of preserving normal price relationships, ceiling prices of processors at these producing points should be increased. Accordingly, this amendment increases by \$2.00 per ton the ceiling prices of processors of flaxseed feed products located at Cleveland, Buffalo, New York Harbor area, Philadelphia, Emporia and Fredonia, Kansas. Many of the plants located at these points, although possessing crushing facilities, have discontinued processing flaxseed at the present time. Consequently, it is estimated that the adjustment made by this amendment will apply to less than one-fifth of the total production of flaxseed feed products.

In the formulation of this amendment there has been consultation with industry representatives, to the extent practicable, and consideration has been given to their recommendations. Special circumstances have rendered consultation with trade association representatives impracticable.

In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

GWR 12—ESTABLISHMENT OF CONSTRUCTION INDUSTRY STABILIZATION COMMISSION

EXTENSION OF CISC JURISDICTION

Pursuant to the Defense Production Act of 1950, (64 Stat. 816, as amended by Pub. Law 96, and Pub. Law 429, 82d Cong.), Executive Order 10161 (15 F. R. 6105), Executive Order 10377 (17 F. R. 6891), and Executive Order 10390 (17 F. R. 7995), and General Order No. 16, Economic Stabilization Administrator (17 F. R. 6925), the Wage Stabilization Board has formulated and recommended to the Economic Stabilization Administrator, for promulgation, and the Ad-

ministrator, concurring in the judgment of the Wage Stabilization Board, hereby promulgates this Amendment 1 to General Wage Regulation 12.

AMENDATORY PROVISIONS

GWR 12 is amended in the following respects:

1. Section 3 is amended to read as follows:

SEC. 3. Jurisdiction of the Construction Industry Stabilization Commission. The jurisdiction of the Commission covers the administration of stabilization rules with respect to all wages, salaries or other compensation paid to:

(a) Mechanics and laborers employed directly at the site of the work, except as otherwise provided in paragraph (b) of this section.

(b) Manual employees engaged in the fabrication or repair of materials if: (1) They are employed by an employer in the building and construction industry and some of the employees, in the unit of which they are a part, engage in work at the site; (2) they exercise the same skills as mechanics and laborers in the building and construction industry; and (3) there was a contract or practice in effect in the area on and prior to June 24, 1950, by which their wage rates bore a fixed relationship to the wage rates established for mechanics and laborers in the same craft. Where there is no such fixed relationship and where there are employees who regularly work both at and away from the site of the work, or where there is a unit containing both employees who work at the site of the work and those who do not, the Commission shall not have jurisdiction except upon petition to and delegation by the Board.

(c) Manual employees employed in maintenance work, by an employer in the building and construction industry who performs maintenance work on a contract basis for various plants and facilities.

2. A new section 4 is added to read as follows:

SEC. 4. Definitions. (a) "Mechanics and laborers" are employees performing manual labor in connection with a building or construction project, including mechanic's apprentices and working foremen who are not supervisors. The term does not include employees whose work, although connected with building and construction projects is non-manual, such as executive, administrative, technical or clerical employees.

(b) "Building and construction industry" includes all persons engaged in erecting, constructing, altering, remodeling, painting and decorating, or in maintaining on a contract basis for various plants and facilities, installations such as buildings, bridges, highways and the like. Work performed in the building and construction industry includes the transporting of materials and supplies to or from a particular building or construction project by the employees of the contractor performing the construction.

(c) "Site of the work" means the place or places at which the direct labor in-

involved in a building or construction project is performed, and includes temporary installations used in connection with a particular project even though such installation may not be directly on the site of the project. Installations of a permanent or commercial nature used to serve numerous projects are not considered as being on the site of construction.

(d) "Project" means a particular building job or a particular construction job undertaken by an employer in the building and construction industry at a specified location. A project may be classified by the Commission as involving either building, heavy or highway construction, and the approved wage rates for a particular job classification in a particular area may vary depending on the type of construction involved in a project.

(e) "Area" means the geographical area, generally at least a county or metropolitan area, which is the historical basis for collective bargaining for the particular craft and type of construction.

R. 6640), Construction Industry Stabilization Commission Regulation No. 1 is hereby amended.

AMENDATORY PROVISIONS

A new paragraph (h) is added to section 4, to read as follows:

(h) The preceding paragraphs (b) through (g) providing that an employer may make the wage and salary payments preapproved by these paragraphs without securing further approval of the Commission or the Board, shall not be applicable to the shop employees covered by section 3 (b) of General Wage Regulation 12, unless the wage rates of such employees, as established by a contract or practice in effect in the area on and prior to June 24, 1950, were the same as those for mechanics and laborers in the same craft, employed directly at the site of the work. Where there has been a differential between the wage rates established for the shop employees and the on-site mechanics and laborers, specific approval of the Commission, in accordance with the filing procedure contained

in section 6 of this Regulation, is required for any adjustment of the wage, salaries or other compensation legally in effect for such employees on November 20, 1952.

GWR 12, REG. 1—CONSTRUCTION INDUSTRY STABILIZATION COMMISSION

PREMIUM RATES IN EXCESS OF PRE-APPROVED RATES

Pursuant to the Defense Production Act of 1950 (64 Stat. 816, as amended by Pub. Law 96, and Pub. Law 429, 82d Cong.), Executive Order 10161 (15 F. R. 6105), Executive Order 10377 (17 F. R. 6891), and Executive Order 10390 (17 F. R. 7995), General Order No. 16, Economic Stabilization Administrator (17 F. R. 6925), and General Wage Regulation 12 (16 F. R. 6640), Construction Industry Stabilization Commission Regulation No. 1 is hereby amended.

AMENDATORY PROVISIONS

The text of section 5 is redesignated as paragraph (a), and new paragraphs (b), (c), and (d) are added, to read as follows:

(b) *Premium rate for key employees or especially qualified individuals.* Without securing additional approval from the Board or Commission, a contractor may continue to pay a fixed hourly premium above the pre-approved area rate to individual employees exercising special qualifications or performing special responsibilities not being exercised or performed by other employees generally in his craft classification if, but only if—

(1) The contractor's ordinary business records clearly establish that in the period April 1-July 31, 1950, the contractor was paying the identical individual employee, or one employee that he replaced, the same hourly premium above the area rate then applicable to the job classification to which such employee belongs, and that the contractor has paid such employee, or one employee that he replaced, the same premium above the area rate regularly (i. e., during the entire time that the contractor was anywhere engaged in construction activity) since that date except when prevented by wage stabilization regulations. This provision shall not be construed so as to permit the payment of premium pay to all employees of the contractor in the aforesaid craft classification; such premium pay may be paid only to individual employees possessing the special qualifi-

cations or having the special responsibilities referred to in this paragraph.

(2) If the contractor desires to pay a premium above the area rate to employees having special qualifications other than as provided in subparagraph (1) of this paragraph, a petition for approval must be filed with the Commission.

(3) The contractor must keep on file for inspection the business records for the period April 1-July 31, 1950, showing the names of all individual employees receiving such premium.

(c) A contractor may continue to pay a piece rate or bonus measured by the quantity of production of an individual employee or group of employees even though the payment of such piece rate or bonus yields compensation in excess of the area rate as defined in section 4 of Regulation 1 of the Construction Industry Stabilization Commission, provided:

(1) The contractor's ordinary business records clearly establish that the contractor was paying the same piece rate or production bonus during the period April-July 1950, and

(2) The contractor has paid the same piece rate or production bonus regularly (i. e., during the entire time that the contractor was anywhere engaged in construction activity) since that date except when prevented by wage stabilization regulations.

No increase in a piece rate or bonus rate may be made without prior approval of the Construction Industry Stabilization Commission.

(d) A contractor may continue to pay a non-production bonus within the meaning of General Wage Regulation 14, vacations with pay or holidays with pay, or a health and welfare plan, provided:

(1) The contractor's ordinary business records clearly establish that the contractor was paying such non-production bonus or such enumerated fringe item during calendar 1950; and

(2) The contractor has paid such compensation regularly (i. e., during the entire time that the contractor was any-

where engaged in construction activity) since then except when prevented by wage stabilization regulations.

No increase in such compensation rate, and no extension of such compensation to classes of employees not so compensated during calendar 1950, may be made without prior approval of the Construction Industry Stabilization Commission.

JAMES McI. HENDERSON,
Director of Rent Stabilization.

1. Item 76 is added to Schedule B of Rent Regulation 1—Housing, reading as follows:

76. *Provisions relating to the Clarksburg Defense-Rental Area (Item 355a of Schedule A):*

With respect to housing accommodations in the Clarksburg Defense-Rental Area, section 141 of this regulation is changed to read as follows:

SEC. 141. *Alternate adjustment for increases in costs and prices.* The present maximum rent for the housing accommodation does not equal (1) 130 percent of the maximum rent in effect on June 30, 1947, or 130 percent of the maximum rent for comparable housing accommodations on June 30, 1947, if no maximum rent was in effect on that date; (2) plus or minus any increases or decreases in maximum rent ordered after June 30, 1947, under this regulation, for major capital improvements or increases or decreases in living space, services, furniture, furnishings or equipment or substantial deterioration. The adjustment under this section shall be in an amount sufficient to cause the maximum rent to equal (1) 130 percent of the maximum rent in effect on June 30, 1947, for the housing accommodation or comparable housing accommodations, whichever is applicable; (2) plus or minus appropriate increases or decreases in rental value, if any, as specified herein: *Provided, however,* That the Director shall give appropriate consideration to orders issued under section 157 or 162 decreasing maximum rents which were in effect on June 30, 1947. Adjustments under this section shall be effective automatically upon the filing of the petition if a maximum

rent was in effect on June 30, 1947. In all other cases, they shall not be effective until the order is issued by the Director. All provisions of this regulation insofar as they are applicable to the territory to which this item of Schedule B relates are amended to the extent necessary to carry into effect the provisions of this item of Schedule B.

2. Item 81 is added to Schedule B of Rent Regulation 2—Rooms, reading as follows:

81. *Provisions relating to the Clarksburg Defense-Rental Area (Item 355a of Schedule A):*

With respect to housing accommodations in the Clarksburg Defense-Rental Area, section 138 is added to this regulation to read as follows:

SEC. 138. *Alternate adjustment for increases in costs and prices.* The present maximum rent for the room does not equal (1) 130 percent of the maximum rent in effect on June 30, 1947, or 130 percent of the maximum rent for comparable rooms on June 30, 1947, if no maximum rent was in effect on that date; (2) plus or minus any increases or decreases in maximum rent ordered after

June 30, 1947, under this regulation, for major capital improvements or increases or decreases in living space, services, furniture, furnishings or equipment or substantial deterioration. The adjustment under this section shall be in an amount sufficient to cause the maximum rent to equal (1) 130 percent of the maximum rent in effect on June 30, 1947, for the room or comparable rooms, whichever is applicable; (2) plus or minus appropriate increases or decreases in rental value, if any, as specified herein: *Provided, however,* That the Director shall give appropriate consideration to orders issued under section 157 or 160 decreasing maximum rents which were in effect on June 30, 1947. Adjustments under this section shall be effective automatically upon the filing of the petition if a maximum rent was in effect on June 30, 1947. In all other cases, they shall not be effective until the order is issued by the Director. All provisions of this regulation insofar as they are applicable to the territory to which this item of Schedule B relates are amended to the extent necessary to carry into effect the provisions of this item of Schedule B.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[26 CFR Part 29]

INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

FOREIGN TAX CREDIT

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth below in tentative form are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in sections 62 and 3791 of the Internal Revenue Code (53 Stat. 32, 467; 26 U. S. C. 62, 3791).

[SEAL] JUSTIN F. WINKLE,
Acting Commissioner of
Internal Revenue.

In order to conform Regulations 111 (26 CFR, Part 29) to the provisions of section 302 (relating to the foreign tax credit) of the Excess Profits Tax Act of 1950, approved January 3, 1951, such regulations are hereby amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 29.131-1 the following:

SEC. 302. FOREIGN TAX CREDIT (EXCESS PROFITS TAX ACT OF 1950, APPROVED JANUARY 3, 1951).

(a) That portion of section 131 (a) of the Internal Revenue Code which precedes para-

graph (1) thereof is hereby amended by inserting after "subchapter E" the following: "and except, with respect to the tax imposed under subchapter D, only to the extent provided in subsection (j)".

(b) Section 131 of such code is hereby amended by adding at the end thereof the following new subsection:

(j) *Tax imposed by Subchapter D.* This section shall be applicable for purposes of the tax imposed by subchapter D, but the tax paid or accrued to any country shall be deemed to be the amount of such tax reduced by the amount of the credit allowed under this section with respect to such tax against the tax imposed by this chapter without regard to subchapter D. The amount of the credit taken under this subsection shall be subject to each of the following conditions:

(1) The amount of the credit in respect of the tax paid or accrued to any country shall not exceed the same proportion of the tax against which such credit is taken, which the taxpayer's excess profits net income from sources within such country bears to its entire excess profits net income for the same taxable year; and

(2) The total amount of the credit shall not exceed the same proportion of the tax against which such credit is taken, which the taxpayer's excess profits net income from sources without the United States bears to its entire excess profits net income for the same taxable year.

PAR. 2. Section 29.131-1, as amended by Treasury Decision 5893, approved April 4, 1952 is further amended by adding at the end of paragraph (e) thereof the following new sentence: "For taxable years ending after June 30, 1950, credit for taxes shall be allowed against the excess profits tax imposed by subchapter D of chapter 1, but only to the extent provided in section 131 (j) and § 29.131-10."

PAR. 3. Section 29.131-4, as amended by Treasury Decision 5812, approved October 6, 1950 is further amended by deleting "income" from the second sentence of paragraph (a) thereof, so that such sentence will read as follows: "The

Commissioner will thereupon redetermine the amount of the tax of such taxpayer for the year or years for which such incorrect credit was granted."

PAR. 4. Section 29.131-8, as amended by Treasury Decision 5855, approved September 13, 1951 is further amended as follows:

(A) By inserting "for purpose of the income tax" in that part of the first sentence of paragraph (a) thereof which reads "is the tentative credit in respect of the taxes paid or accrued to such country or possession," immediately after "tentative credit", so that such part will read "is the tentative credit for purpose of the income tax in respect of the taxes paid or accrued to such country or possession."

(B) By striking out the period at the end of the paragraph (a) thereof and inserting in lieu thereof "; and, for taxable years ending after June 30, 1950, there must also be excluded, except to the extent provided in section 131 (j) and § 29.131-10, the excess profits tax imposed by subchapter D of chapter 1."

(C) By adding at the end of paragraph (f) thereof, which paragraph precedes example (4) and begins with the words "As to the allowance of credit", the following new sentence: "As to the allowance of credit for such taxes against the excess profits tax imposed by subchapter D of chapter 1, see section 131 (j) and § 29.131-10."

PAR. 5. There is inserted immediately after § 29.131-9 the following new section:

§ 29.131-10 *Credit against excess profits tax imposed by subchapter D.*

(a) For taxable years ending after June 30, 1950, a domestic corporation is allowed a credit against the excess profits tax imposed by subchapter D of chapter 1 for the amount of any income, war profits, and excess profits taxes paid or accrued during the taxable year to any

foreign country or to any possession of the United States. To the extent pertinent, the provisions of section 131 and §§ 29.131-1 through 29.131-9 are applicable for the purpose of claiming credit for taxes under this section, except that for such purpose the amount of income and profits taxes paid or accrued during the taxable year to any foreign country or possession shall be deemed to be the amount of such taxes actually paid or accrued reduced by the amount of such taxes allowed as a credit under section 131 against the tax imposed by chapter 1 without regard to the excess profits tax imposed by subchapter D. See § 29.131-8 as to the amount of such credit allowable and as to the computation of the tax against which such credit may be taken.

(b) The amount of the income and profits taxes paid or accrued (including the taxes which, in accordance with the provisions of section 131 (f), are deemed to have been paid) during the taxable year to each foreign country or possession of the United States, limited under section 131 (j) (1) so as not to exceed that proportion of the excess profits tax which the taxpayer's excess profits net income from sources within such country or possession bears to its entire excess profits net income for the same taxable year, is the tentative credit for the purpose of this section in respect of the taxes paid or accrued to such country or possession. The sum of these tentative credits, limited under section 131 (j) (2) so as not to exceed that proportion of the excess profits tax which the taxpayer's excess profits net income from sources without the United States bears to its entire excess profits net income for the same taxable year, is the amount allowable as a credit against the excess profits tax for income or profits taxes paid or accrued to foreign countries or possessions of the United States. For the determination of the excess profits net income, see §§ 40.433 (a)-1 and 40.433 (a)-2 of this subchapter (Regulations 130). For the determination of the source of such net income, see section 119 and the regulations thereunder.

(c) The application of this section may be illustrated by the following examples involving the calendar year 1951.

Example (1). In this example it is assumed that the taxpayer has no income or loss from any foreign country other than Country X. Accordingly, the limitation under section 131 (j) (2) will not change the credit determined after applying section 131 (j) (1).

(A) Normal tax net income from all sources.....	\$100,000
(B) Total normal tax and surtax (before section 131 credit).....	45,250
(C) Normal tax net income from foreign Country X.....	90,000
(D) Foreign tax paid on Country X income.....	49,500
(E) Limitation on foreign tax under section 131 (b) (1) and (2) to determine section 131 (a) credit allowable against normal tax and surtax: $\frac{\$90,000}{\$100,000} \times \$45,250$	40,725
(F) Foreign tax credit allowable against normal tax and surtax (foreign tax, but not in excess of above limitation of \$40,725).....	40,725

(G) Excess profits net income from all sources.....	\$80,000
(H) Excess profits net income from foreign Country X.....	75,000
(I) Excess profits credit.....	60,000
(J) Excess profits tax (before section 131 credit).....	6,000
(K) Foreign tax paid on Country X income for the purpose of section 131 (j): $\$49,500 - \$40,725$	8,775
(L) Limitation on foreign tax under section 131 (j) (1) and (2) to determine section 131 (j) credit allowable against excess profits tax: $\frac{\$75,000}{\$80,000} \times \$6,000$	5,625
(M) Foreign tax credit allowable against excess profits tax (foreign tax for purpose of section 131 (j), but not in excess of above limitation of \$5,625).....	5,625
(N) Total income and excess profits tax (before section 131 credit): $\$45,250 + \$6,000$	51,250
(O) Total credit under section 131: $\$40,725 + \$5,625$	46,350
(P) Total income and excess profits tax after credit under section 131: $\$51,250 - \$46,350$	4,900

Example (2). The facts are assumed to be the same as those under example (1), except that there is a net loss of \$10,000 allocable to foreign Country Y, which net loss was taken into account in determining the normal tax net income from all sources of \$100,000 (item (A), example (1)) and the excess profits net income from all sources of \$80,000 (item (G), example (1)). The total income and excess profits tax after credit under section 131 is computed as follows:

(A) Tentative foreign tax credit under section 131 (b) (1) allowable against normal tax and surtax (foreign tax paid on Country X income, but not in excess of limitation under section 131 (b) (1)): $\frac{\$90,000}{\$100,000} \times \$45,250$	\$40,725
(B) Limitation on foreign tax under section 131 (b) (2) to determine section 131 (a) credit allowable against normal tax and surtax: $\frac{\$80,000}{\$100,000} \times \$45,250$	36,200
(C) Foreign tax credit allowable against normal tax and surtax (tentative credit under section 131 (b) (1), but not in excess of \$36,200, limitation under section 131 (b) (2)).....	36,200
(D) Foreign tax paid for the purpose of section 131 (j): $\$49,500 - \$36,200$	13,300
(E) Tentative foreign tax credit under section 131 (j) (1) allowable against excess profits tax (foreign tax for purpose of section 131 (j), but not in excess of limitation under section 131 (j) (1)): $\frac{\$75,000}{\$80,000} \times \$6,000$	5,625
(F) Limitation on foreign tax under section 131 (j) (2) to determine section 131 (j) credit allowable against excess profits tax: $\frac{\$65,000}{\$80,000} \times \$6,000$	4,875
(G) Foreign tax credit allowable against excess profits tax (tentative credit under section 131 (j) (1), but not in excess of \$4,875, limitation under section 131 (j) (2)).....	4,875

(H) Total income and excess profits tax (before section 131 credit): $\$45,250 + \$6,000$	\$51,250
(I) Total credit under section 131: $\$36,200 + \$4,875$	41,075
(J) Total income and excess profits tax after credit under section 131: $\$51,250 - \$41,075$	10,175

EXCESS PROFITS TAXES; TAXABLE YEARS ENDING AFTER JUNE 30, 1950

COMPUTATION OF INCOME ON ACCRUAL METHOD

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth below in tentative form are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in section 62 of the Internal Revenue Code (53 Stat. 32; 26 U. S. C. 62).

[SEAL] JUSTIN F. WINKLE,
Acting Commissioner of
Internal Revenue.

Regulations 130 (26 CFR Part 40) are hereby amended by striking from § 40.455-2 (b) thereof the second, third, fourth, and fifth sentences, which read as follows: "The deduction for bad debts under section 23 (k) shall be allowed only with respect to debts which become worthless within the taxable year. No reserve for bad debts arising from installment accounts receivable may be set up for excess profits tax purposes only, and no bad debt deduction shall be allowed for any additions to such a reserve. Only those debts which have become worthless within the taxable year and which are allowed as a deduction in the computation of net income for the purposes of the normal tax and surtax for the taxable year shall be allowed in the determination of the bad debt deduction for excess profits tax purposes under section 455 (a). If a debt reflected in installment accounts receivable was created in a prior taxable year, and if the total amount of the profit represented by such installment accounts receivable is includible in gross income for such year under the accrual method of accounting, the amount of the deduction for the bad debt shall be computed upon the accrual method and shall not be limited to the unrecovered cost of the goods or articles sold in consideration of such debt."; and inserting in lieu thereof the following new sentences: "No reserve for bad debts arising from accounts receivable from installment sales or installment sales obligations may be set up for excess profits tax purposes unless a reserve has been es-

established for income tax purposes. If a debt reflected in installment accounts receivable was created in a prior taxable year, and if the total amount of the profit represented by such installment accounts receivable is includible in gross income for such year under the accrual method of accounting, the amount of the deduction for bad debts, in the case of a taxpayer which bases its deduction for bad debts on the debts which become worthless within the taxable year, shall be computed upon the accrual method and shall not be limited to the unrecovered cost of the goods or articles sold in consideration of such debt. The same principle shall be applicable in determining the amount which may be deducted as a reasonable addition to a reserve for bad debts in the case of a taxpayer properly on the reserve method."

Bureau of Animal Industry

[9 CFR Part 151]

RECOGNITION OF BREEDS AND BOOKS OF RECORD OF PUREBRED ANIMALS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Secretary of Agriculture, pursuant to the authority vested in him by section 201, paragraph 1606 of the Tariff Act of 1930, as amended (19 U. S. C. and Sup., sec. 1201, par. 1606), proposes to make the following changes in the regulations governing the recognition of breeds and books of record of purebred animals (9 CFR, Part 151, as amended):

1. Recognize the book of record for Arabian and Thoroughbred horses entitled "Registro-Matricula de Caballos de Pura Sangre", sponsored by the Minister of Agriculture, General Livestock Administration, Madrid, Spain, and the Large Black Section of the book of record of purebred hogs entitled "Herd Book of the National Pig Breeders' Association," sponsored by the National Pig Breeders' Association, London, England.

2. Withdraw recognition of the books of record entitled "Herd Book De La Race Bovine Charolaise", sponsored by the Syndicat Central D'Exportation De La Race Bovine Charolaise, Nevers, France; "Herd-Book de la Race Normande Pure", sponsored by the L'Association du Herd-Book Normand, Caen, France; "Zuchtbuch der Fachschaft für Dobermannpinscher", sponsored by the Fachschaft für Dobermannpinscher, Berlin, Germany; "Registro Genealogico de Caninos", sponsored by the Kennel Club de Chile, Viña Del Mar, Chile; and the "Large Black Pig Society Herd Book", sponsored by the Large Black Pig Society, Middlesex, England.

3. Revise paragraph (a) of § 151.10 (9 CFR and Supp., 151.10 (a), as amended), to read as follows:

§ 151.10 *Recognized breeds and books of record.* * * *

(a) *Breeds and books of record in countries other than Canada.* Books of record of the registry associations listed

below are recognized for the following breeds: *Provided*, That no Dun and Belted Galloway cattle, Criolla or Fjordhest (formerly known as Westland) horse, dog, or cat registered in any of the books named shall be certified under the

act as purebred unless a pedigree certificate showing three complete generations of known and recorded purebred ancestry of the particular breed involved, issued by the appropriate association listed below, is submitted for such animal.

4. Amend that portion of subparagraph (1) of paragraph (b) of § 151.10, as amended (9 CFR and Supp. 151.10 (b) (1), as amended), immediately preceding the list of breeds in said subparagraph (1) to read as follows:

(b) *Breeds and books of record in Canada*—(1) *Animals generally*. The books of record of the Canadian National Live Stock Records, Ottawa, Canada, of which R. G. T. Hitchman is Director, are recognized for the following breeds: *Provided*, That no animals registered in the Canadian National Live Stock Records shall be certified under the act as purebred unless such animals trace only to animals which are proved to the satisfaction of the Bureau to be of the same breed: *Provided further*, That no Karakul sheep, Alpine goat, Nubian goat, or horse of the American Saddle, Canadian, or Arabian breeds in Canada shall be certified under the act as purebred unless a pedigree certificate showing three complete generations of known and recorded purebred ancestry of the particular breed involved, issued by the Canadian National Live Stock Records, is submitted for such animal.

The proposed revision of 9 CFR 151.10 (a) includes the substance of all prior amendments thereto. It also adds to the subdivision relating to horses the book of record entitled "Registro-Matricula de Caballos de Pura Sangre"; removes the books of record entitled "Herd Book Da La Race Bovine Charolaise" and "Herd-Book de la Race Normande Pure" from the subdivision relating to cattle, and the books of record entitled "Zuchtbuch der Fachschaft für Dobermannpinscher" and "Registro Genealogico de Caninos" from the subdivision relating to dogs; changes the name of the recognized breed of horses registered in the book of record entitled "Stambok over Fjordhest"; and incorporates certain corrections in the

names, custodianship, and addresses of the associations sponsoring or publishing books of record listed therein. It is proposed to withdraw recognition of the four books of record named above because the sponsoring organizations have not furnished their records in reasonably current form as required by § 151.10. The proposed revision further removes the book of record entitled "Large Black Pig Society Herd Book" from the subdivision relating to hogs, and adds the Large Black breed of hogs to the list of breeds in the book of record entitled "Herd Book of the National Pig Breeders' Association" which are currently recognized by the Secretary of Agriculture. The "Large Black Pig Society Herd Book" no longer exists. The purebred registrations for Large Black hogs contained in this herd book have been taken over by the "Herd Book of the National Pig Breeders' Association".

The proposed amendment of subparagraph (1) of paragraph (b) of § 151.10 would require that no Nubian goat shall be certified under the act as purebred unless a pedigree certificate showing three complete generations of known and recorded purebred ancestry of the Nubian breed is submitted for such animal.

Any person who wishes to submit written data, views, or arguments concerning the foregoing proposed action may do so by filing them with the Chief of the Bureau of Animal Industry, Agricultural Research Administration, United States Department of Agriculture, Washington 25, D. C., within fifteen days after the date of publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 19th day of November 1952.

CIVIL AERONAUTICS BOARD

[14 CFR Part 43]

PILOT AND MEDICAL CERTIFICATE REQUIREMENTS FOR COPILOTS

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau has under consideration proposed amendments to Part 43 of the Civil Air Regulations as hereinafter set forth.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. In order to insure their consideration by the Board before taking further action on the proposed rules, communications must be received by December 23, 1952. Copies of such communications will be available after December 26, 1952, for examination by interested persons at the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

At present §§ 43.40, 43.41, and 43.42 prescribe that a person shall not pilot an airplane unless he has in his personal possession pilot and medical certificates and is unaware of any physical deficiency which would render him unable to meet the requirements for issuance of his medical certificate. Since "to pilot" is defined in § 43.70 (b) as meaning to be in command of the aircraft during take-off, in flight, or landing, a person could serve as copilot in operations requiring two pilots without complying with §§ 43.40, 43.41, and 43.42. In order to correct this undesirable possibility, it is considered necessary to amend these sections to include copilots.

Accordingly, it is proposed to amend Part 43 of the Civil Air Regulations as follows:

1. By amending the first sentence of § 43.40 to read as follows:

§ 43.40 *Pilot certificate*. A person shall not serve as pilot in command or copilot of civil aircraft within the United States unless he has in his personal possession at all times while so serving a valid pilot certificate with appropriate ratings issued by the Administrator, or an appropriate and valid foreign pilot certificate and ratings. * * *

2. By amending the first sentence of § 43.41 to read as follows:

§ 43.41 *Medical certificate and renewal*. A person shall not serve as pilot in command or copilot of an aircraft under authority of a pilot certificate issued by the Administrator, unless he has in his personal possession at all times while so serving a medical certificate or other evidence satisfactory to the Ad-

ministrator showing that he has met the physical requirements appropriate to his rating within the following time limits: * * *

3. By deleting from § 43.42 the phrase "A person shall not pilot any" and inserting in lieu thereof the phrase "A person shall not serve as pilot in command or copilot of an".

This amendment is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended. The proposals may be changed in the light of

comments received in response to this notice of proposed rule making.

FEDERAL POWER COMMISSION

[Docket No. G-1447]

UNITED GAS PIPE LINE CO.

ORDER REOPENING PROCEEDINGS AND FIXING
DATE OF HEARING

NOVEMBER 18, 1952.

On August 21, 1952, United Gas Pipe Line Company (Applicant), a Delaware Corporation having its principal place of business at Shreveport, Louisiana, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the transportation and sale of natural gas on a temporary basis during an interim period to Texas Gas Transmission Corporation pending completion of certain facilities by the latter, as more fully described in said application on file with the Commission and open to public inspection.

Applicant has requested that its application be heard under the shortened procedure provided by § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure.

Due notice of the filing of the application, including publication in the FEDERAL REGISTER on September 12, 1952 (17 F. R. 8221), has been given.

An "Answer" to the application was filed on September 29, 1952, by the National Coal Association, the United Mine Workers of America, the Fuels Research Council, Inc., the Anthracite Institute, the Railway Labor Executives Association and the Chesapeake and Ohio Railway Company. This "Answer" is addressed to the acceptance for filing of said application.

The Commission finds:

(1) The proceedings at Docket No. G-1447 should be reopened for the sole purpose of effecting such amendment of the Commission's order, issued February 27, 1951, granting a certificate of public convenience and necessity to Applicant, as may be required in disposing of the foregoing application of August 21, 1952.

(2) For good cause, the date fixed for hearing is less than 15 days required by § 1.20 of the Commission's rules of practice and procedure.

The Commission orders:

(A) The proceedings at Docket No. G-1447 be and the same are hereby reopened for the sole purpose of effecting such amendment to the Commission's order, issued February 27, 1951, grant-

ing a certificate of public convenience and necessity to Applicant, as may be required in disposing of the foregoing application of August 21, 1952.

(B) Pursuant to the authority contained in and by virtue of the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing be held commencing on November 26, 1952, at 9:45 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by said application: *Provided, however,* That the Commission may, after a noncontested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(C) Interested State Commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: November 19, 1952.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 31-597]

KEZAR FALLS WOOLEN CO.

ORDER GRANTING EXEMPTION

NOVEMBER 19, 1952.

Kezar Falls Woolen Company ("Kezar Falls"), having filed an application with this Commission pursuant to section 3 (a) (3) (A) of the Public Utility Holding Company Act of 1935 ("act") requesting exemption from the provisions of the act on behalf of itself and its subsidiaries, Cornish and Kezar Falls Light & Power Company, a public-utility company, and Kezar Falls Water Company, a non-utility company; and

Due notice of the filing of said application having been given and a hearing thereon not having been requested of, or ordered by, the Commission; and

The Commission having examined the application and the statements contained therein and having found that Kezar Falls is only incidentally a holding company, being primarily engaged in a business other than that of a public-utility company and not deriving, directly or indirectly, any material part of its income from one or more companies the principal business of which is that of a public-utility company; and further finding that the granting of an exemption to Kezar Falls as a holding company and to its subsidiaries as such will not be detrimental to the public interest or the interests of investors or consumers;

It is ordered, Pursuant to section 3 (a) (3) (A) of the act and subject to the provisions of section 3 (c) thereof, that Kezar Falls as a holding company and its subsidiaries as such be, and the same

hereby are, exempted from all provisions of the act, said companies remaining subject, however, to any obligation imposed upon them in any capacity other than as a holding company or as subsidiaries of a holding company.

By the Commission.

PHILADELPHIA CO. AND DUQUESNE LIGHT CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION OVER RESULTS OF BIDDING IN SALE BY PARENT OF SUBSIDIARY'S COMMON STOCK AND BY SUBSIDIARY OF ITS COMMON STOCK AND OVER CERTAIN FEES AND EXPENSES

NOVEMBER 19, 1952.

Philadelphia Company ("Philadelphia"), a registered holding company and a subsidiary of Standard Gas and Electric Company and Standard Power and Light Corporation, both registered holding companies, and Duquesne Light Company ("Duquesne"), a public utility subsidiary of Philadelphia, having filed a joint application-declaration and amendments thereto pursuant to sections 6, 7, 12 (d) and 12 (f) of the act and Rules U-44 and U-50 thereunder with respect to the sale by Philadelphia of 170,000 shares of common stock of Duquesne and the issuance and sale by Duquesne of 80,000 shares of its own common stock; and

The Commission having, by order dated November 12, 1952, granted and permitted to become effective said joint application-declaration, as amended, except that the proposed sale of the Duquesne common stock by Philadelphia and the proposed issuance and sale of its common stock by Duquesne were not to be consummated until the results of competitive bidding, pursuant to Rule U-50, were made a matter of record in this proceeding and a further order issued, for which purpose jurisdiction was reserved; and

Jurisdiction also having been reserved in said order of November 12, 1952, with respect to all fees and expenses incurred in connection with the proposed transactions; and

Philadelphia and Duquesne having filed a further amendment to the joint application-declaration in which it is stated that, in accordance with the permission granted by the said order of the Commission dated November 12, 1952, they offered such common stock for sale pursuant to the competitive bidding requirements of Rule U-50 and received the following bids:

Bidding group headed by:	<i>Price per share to companies</i>
Kidder, Peabody & Co. and White, Weld & Co.....	\$29.2204
Blyth & Co., Inc., and Merrill Lynch, Pierce, Fenner & Beane.....	29.11
Kuhn, Loeb & Co. and Smith, Barney & Co.....	28.929
Carl M. Loeb Rhoades & Co. and Wertheim & Co.....	28.8275
Stone & Webster Securities Corp.....	28.81

Philadelphia and Duquesne having stated that they have accepted the bid of Kidder, Peabody & Co. and White, Weld & Co., as set forth above, and that the purchasers propose to offer said shares to the public at \$29.75 per share, resulting in an underwriters' spread of \$.5296 per share aggregating \$132,400; and

The Commission having examined said amendment and having considered the record herein and finding no reason for imposing any terms or conditions with respect to the price to be received by Philadelphia and Duquesne for the stock, the underwriters' spread, or otherwise, and it appearing appropriate to the Commission that the jurisdiction heretofore reserved over the results of competitive bidding with respect to the sale of Duquesne's common stock by Philadelphia and the issuance and sale of its common stock by Duquesne be released; and

The record having been completed with respect to certain fees and expenses and the Commission deeming it appropriate to release jurisdiction as to such fees and expenses provided such fees and expenses, paid or to be paid, as to which jurisdiction is being released, do not exceed the amounts stated below:

It is ordered, That the joint application-declaration, as further amended, be, and the same hereby is, granted and permitted to become effective forthwith, and that the jurisdiction heretofore reserved over the results of competitive bidding with respect to the sale of Duquesne's common stock by Philadelphia and the issuance and sale of its common stock by Duquesne be, and the same hereby is, released subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That jurisdiction be, and hereby is, released with respect to the following fees and expenses, provided they do not exceed the amounts herein stated:

MASSACHUSETTS INVESTORS TRUST

NOTICE OF APPLICATION

NOVEMBER 19, 1952.

Notice is hereby given that Massachusetts Investors Trust (hereinafter called "MIT"), a strict trust organized in Massachusetts and an open-end, diversified management investment company registered under the Investment Company Act of 1940, whose address is 200 Berkeley Street, Boston 16, Massachusetts, has filed an application under Rule N-17D-1 of the rules and regulations under the act, promulgated pursuant to section 17 (d) of the act, with respect to a proposed Pension Plan and a proposed Profit-Sharing Plan for employees of MIT.

The Pension Plan provides for pensions and life insurance benefits to be funded by the purchase of level annual premium insurance company individual contracts purchased by the Pension Trustee. The rate of annual pensions at normal retirement age will be computed on the basis of the employee's aggregate basic compensation in excess of \$3,600 in each year during the period of his coverage (including past years in which he would have been covered if the Plan had been in effect), but shall not be less than \$120 a year. Provision is made for death benefits upon death of the employee prior to retirement.

The Profit-Sharing Plan provides for quarterly contributions for the account of each employee equal to 15 percent of his basic compensation (including bonuses) provided that the aggregate of contributions for all employees in any quarter shall not exceed $\frac{3}{8}$ of 1 percent of the net income of MIT (excluding capital gains or losses and as reported to shareholders before deductions of Profit Sharing Plan contributions for that quarter). Contributions will be invested in United States Government obligations except that any employee may elect in any quarter to invest all or one-half of his contribution in shares of MIT. Provision is made for conversion of accounts into cash upon or after retirement at the election of an employee and distributions are made in cash at retirement or severance over a ten-year period. Upon death an employee's account will be distributed to his beneficiary or beneficiaries in cash in a lump sum or as he may direct subject to the approval of the Retirement Committee.

Under both plans MIT will make all the contributions and bear the administrative expenses, except that under the Pension Plan an employee bears any extra life insurance premium caused by the fact that he is a standard risk. At the present time nine employees of MIT are eligible to participate in the Pension Plan and twenty-three employees are eligible to participate in the Profit-Sharing Plan. If the Profit-Sharing Plan had been in effect for the entire year 1952, the contributions of MIT to the Plan would be \$27,938, assuming no change in compensation of members. The first year premium costs of the Pension Plan to MIT will be \$15,443.49, as-

suming all employees to be insurable. The costs of contributions to, and administration of, the Plans will be an additional operating expense of MIT.

The amended application states that the Plans have been approved by the Trustees for adoption in order to increase the stability of MIT's personnel which is composed at the analytical and professional level of highly trained specialists who are not easily replaceable and for whom MIT must compete with organizations offering deferred compensation plans, and that to the extent that shares of MIT are purchased by the Profit-Sharing Plan, the Plan itself acts as an incentive to employees to better the performance of MIT with respect both to capital appreciation and income.

For a more detailed statement of the matters of fact and law asserted, all interested persons are referred to said application which is on file in the office of the Commission in Washington, D. C.

Notice is further given that an order granting the application may be issued by the Commission at any time on or after December 5, 1952, unless prior thereto a hearing upon the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than December 3, 1952, at 5:30 p. m., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request in writing that the Commission order a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

[No. 31104; No. MC-C-1431 and First Supplemental Order]

CANNED GOODS IN OFFICIAL TERRITORY
REASSIGNING TIME FOR HEARINGS AND PRE-
SCRIBING SPECIAL RULES DIRECTING INTER-
CHANGE OF PREPARED MATERIAL

In the matters of (1) reassigning the time for hearings, and (2) prescribing special rules directing interchange of prepared material prior to hearing.

It appearing, that a substantial number of motor carriers are being made respondents in No. MC-C-1431, and that

these respondents would have insufficient notice of this proceeding adequately to prepare for hearing therein as now assigned:

It is ordered, That the hearings now scheduled at Washington, D. C., on December 2, 1952, in the above-entitled proceedings, be, and they are hereby, reassigned for hearing at the offices of the Interstate Commerce Commission, Washington, D. C., at 9:30 o'clock a. m., e. s. t., on January 26, 1953, before Examiner Oren G. Barber;

It is further ordered, That the following special rules shall be applicable herein:

1. *Prepared statement interchange before hearing.* The parties shall prepare in writing all evidence in chief of their witnesses and serve upon all other parties copies thereof together with any exhibits they intend to offer in evidence, such testimony and exhibits to be served by all parties on or before December 22, 1952. The filing and service of all testimony and exhibits in rebuttal of such direct evidence shall be made on or before January 12, 1953. A copy of all testimony and exhibits shall also be mailed to the examiner.

2. *Participation limited.* Any person not a respondent who desires to submit evidence herein shall, not later than seven days prior to the due date herein provided for submission of evidence (December 22 or January 12, as the case may be), file a petition for leave to intervene; and the subsequent reception of evidence, except as good cause therefor shall otherwise be shown at the hearing, will be limited to respondents and to those who by order shall have been permitted to intervene as herein provided.

3. *Notification of desire to be served with testimony and exhibits.* Any respondent or other party desiring to be served with exhibits and testimony as hereinbefore provided must notify the Acting Secretary of the Interstate Commerce Commission on or before December 8, 1952, of such desire. Thereafter, a list of parties will be compiled, and a copy thereof served upon all parties.

4. *General specifications.* Prepared statements shall conform to Rule 15 of the general rules of practice in respect to style, mimeographing or printing, etc. Evidence offered should be prepared carefully with conciseness and clarity and so as to avoid extraneous, immaterial, and irrelevant matter, and undue cumulation of testimony upon any point. The statements should be factual in character, and argument not be incorporated in the testimony. If not so limited the prepared statement may be excluded in whole or in part. Also the Commission on its own motion or on objection may exclude a statement or any portion thereof which is (a) not material or relevant to the questions presented in the proceeding, or (b) obviously incompetent.

5. *Verification; relief from cross examination and personal appearance.* There is no requirement that a prepared statement shall have an affidavit attached, but this does not preclude attaching an affidavit to the prepared statement. If that is done the following, or its equivalent, should appear on

the top of the first sheet of the statement:

This statement is verified. Unless written request for cross examination is received by affiant or his attorney not later than January 15, 1953, affiant desires that the statement be considered for incorporation in the record without his personal appearance as a witness.

A witness making such a request and thereafter receiving a demand for cross examination must personally report at the hearing, or his verified statement may not be received. If a demand for cross examination is not made, the privilege of cross examination will be deemed to be waived if the statement is verified and the witness making the statement has requested to be relieved from personal appearance as above provided. It will be presumed that a witness preparing an unsworn statement intends personally to appear at the hearing for cross examination and to be sworn at that time. An unsworn statement may not be admitted.

6. *Oral evidence limited.* Implementing oral evidence to correct errors or to supply inadvertent omissions in prepared statements is permissible, but evidence in chief not previously interchanged in writing as herein provided may not be admitted except as good cause therefor shall be shown at the hearing.

7. *How admitted to the record.* To become part of the record it is necessary for the witness, or some one qualified to represent him, formally to offer the prepared statement in evidence at the hearing; and unless good reason shall otherwise appear, the statement will be admitted as an exhibit.

8. *Materiality reserved.* A prepared statement received in evidence with or without objection as to its admissibility is subject to subsequent challenge as to the weight to be accorded to the facts in such statement.

9. *Witness examination.* The examination of a witness should be conducted in a manner so as to make it rapid, distinct, and as little annoying to the witness as is consistent with eliciting the facts, and to this end counsel on the same side of an issue should agree upon one person to examine a witness.

10. *Proposed findings; oral argument.* At the close of the testimony the examiner shall call upon the parties to read into the record, or offer as an exhibit, a concisely prepared statement of numbered findings of fact and conclusions thereon which they believe should be made; and the parties should be prepared, as contemplated by Rule 88 of the general rules of practice, orally to argue the proceeding, or, in lieu thereof, to offer as an exhibit a written statement of oral argument:

And it is further ordered, That in addition to service hereof upon all parties of record, a copy hereof also shall be filed with the Director, Division of the Federal Register.

Dated at Washington, D. C., this 14th day of November A. D. 1952.

By the Commission.

Acting Secretary.
