DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

TO: Cpl. Rogers

FROM: Michiko Abiko, Prefectural liaison officer

SUBJECT: Report on the nursery lectures

1. Child Health - how to check the condition of their health.

a. Weigh them when beby.
Heat the room in winter time and use a blanket to keep them safe from taking cold. Once or twice every two or three months. Incase of baby once every day.

b. To measure a baby, use a tape line. Head and breast should be measured, too. Breath and pulse also would be counted. Temperature of a body should be examined.

c. Bath: Babies need bath oftener than adults, for they live more active lives physically than grown-up people. At least, once or twice every day.

d. The utmost care should be paid to dispers, because of their being indispensable for babies. So, the most careful instructions have been given.
2. a. Attention should be paid to clothing for babaies especially to the quality of cloth and they should be kept neat and clean and not to overclothe them.

e. Conforter should not be too thick as their babies are in making.

First-aid treatment - as this is only a temporary treatment, consult with a docor soon.
1. Headache & fever:
a. Where is the pain?
b. Is there something wrong in the mouth?
c. Constipation?
d. Examine temperature
e. Eruption
f. Examination of stool (give an enema through though not constipation)

Treatment:
a. Rest wuietly and cool head.
b. Give only cooled boiled water.
c. Use antifebrile.

2. Tooth ache:
Let them have gargling with 2 % of boracic acid or salt water. In case pain does not case, wash the teeth with oxyful and put a small ball of creosoted cotton into the hall of the teeth covering with more cotton.

3. Stomac ache:
Cause: Most of them are caused by overeating, disagreement of food, inflamation of intestines or parasites. In case of over-eating, add salt into tepid water and let the patient drink it much to incite - in a word stomac cleaning.
Give an enema

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Fomentation (but in case of caecum, cool it)

4. Diarrhoea:

When the patient is feverish, then let him take rest quietly and have him fomentation. Distinction between cilitis and dysentery is very difficult, so the stool must be infected perfectly.

First fast and then begin slowly liquid food. In case of diarrhoea of undeveloed child, or an unnourished child, fast is not necessary.

5. Vomit:

Infant is apt to vomit easily, but there is nothing worry about milk vomit, when, acute yellow disease, acute intestine inflamation or paresite is the cause of vomit, Treatments are as follows:

a. Make patients' clothes loose.
b. Do not throw vomitted matters.
c. Cool stomac.
d. When vomitted matters enter into brochus, there is a fear of giving way to.

6. Nose breeding:

a. When the room is too dry, or inflamation of nose, or outer injury, cause nose breeding, let the patient lie with his head low and put cotton into nose.

When there is too much breeding, oppress nose strongly and cool the forehead.

Welfare

Data on Inspection of Yonezawa City. 1 July 1949

1. On DISL they have not started to pay under the 10th revision for they are waiting for the amount for housing was not include in the publiscation that was put out in the prefecture on June 15th, also I visit six families and their Public Ass't was all mess up for on case number 240 their was a girl that had been working but she came down with T.B. and they increase the amount but very little and the girl has to stay at home and go to Hospital once a month but still she not able, the Minsei-iin has done very little to help the family and the city welfare people has been their about once in the last six month and this girl been for over a year. Then on case 38 this women has been working and she receive a increase in pay about two months ago but her Public Ass't was not decrease and out the six family five af them have to sell and pawn their clothes to make a living and on cases 33,313,410, and 19 their was about the same.

2. All of the Institutitons were Dirty and most of them needed Fire barrels and Buckets. Their has been 29 cases of Typhoid scence January their has been 3 cases measaals at Matsugasaki Day Nursery and they have not examined the children or the nurses and their has not been any sign put up and the people has been free to go about their busineess and the City Health Chief said he had no idea of the measure to take also their was three cases of Typhoid at Myojo Day Nursery in last week.

WORKSHOP REPORT "B"
SUMMARY

QPH-(OT)-05

1. What benefits do each the following groups derive from the Welfare workshop Program:

a. Workers

Workers are earning almost all their living and also are improving their Occupation.

b. Workshop Staff

Workshop Staff are getting their basis of livelihood.

c. Workshop Operator

None

d. Other(specify)

Workshops contribute to decrease the amount paid for public assistance by means of employing the poor and needy.

e. How many welfare workshops are operated by or have any involvement with the Minsei-iin?

Two workshops are operated by Minsei-iin.

2. What are the eligibility requirements for employment in a welfare workshop?

The individual must be receiving public assistance under the Daily Life Security Law or other means of assistance.

3. How is the worker referred to workshop?

Workers are referred by the Minsei-iin.

4. Are the workers required to register with Public Employment Security Office?

Workers are not required to register in the Public Employment Security Office because they are expected to look upon their own present job as semi-permanent.

5. What relationship exists between the workshop and the Prefectural or local Welfare Department, i.e., supervision, reports, etc.?

The Prefectural Office supervises directly or indirectly through District offices. That is to say the Prefectural Office inspects, does auditing etc. The same office provides necessary fund and raw materials for workshop.

6. If the Welfare workshop Program in your prefecture were discontinued what would happen to the workers?

If workshops were dicontinued all the workers would lose their job as they can not compete with workers in general. Also it would create on increase in Public Assistance.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

7. What resources (Public and private) are available in your prefecture for meeting the demands resulting from the closing of the Welfare Workshop? (i.e., industry, public works, labor department workshops).

Workshop workers in general are inefficient compared to general workers therefore it would be difficult to find employment form them.

8. What is the opinion of the Chief of Social Affairs of the Prefectural Welfare Department concerning the value of the Welfare Workshop Program(briefly)?

Opinion of Welfare Department Chief workshop, are carrying very important service giving job and an opportunity to be trained in useful work to the poor so that making them able to support themselves.

It is the opinion of the Welfare Chief that the Workshops are carrying on very important work in assisting the poor needy, handicapped and unskilled people to earn part of their livelihood and prepare there for between and higher paid jobs with private concerns.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Subject: Inspection of Welfare Records & Institutions of Yonezawa city.

Date: 24 and 25 March 49.

Pop of City is 55,889.

Insurance is in a sad state, the insurance union had so much money in arrear that they had to close down June 1948. The Pref.Gov't made an investigation and ordered a new insurance set up effective 1 April 49. The mayor reported he had visited all fire stations 15 March 49 and ordered them to get all fire equipment repaired. Work now completed.

The city is now paying the new revised Payments on D.L.S.L.since 1 Feb. 49. There are 1,137 people receiving outdoor relief and 226 persons receiving aid in institutions.

The city office has a record of names and addresses of all foregin nationals and can gather them on a short notice.

Signs have been put up in English on all Public Welfare Institutions. These signs are much better than the ones used in Yamagata city.

Lara Goods have been received recently and all have been issued to the institutions. A Pref.official came and inspected them and warned them about missuse of lara supplies.

Communist Act. - The latest reported was on 15 Mar.49 about 1,000 People Gathered and discussed the tax. Two M.G. officials were in town at that time and they also attended the meeting. The Police have leads on a few active communist and are now making investigations.

Child slavery: There has been a lot of child slavery reported to the city office - the mayor is very hot on the idea of getting it stopped and has a detail from his police force working on it.

Landing strip to be used in event of Disaster: the Yonezawa race track is a very good placealthough it is about three miles from the city. It is to be turned back into farm land soon so another place will have to be picked.

I visited the Disaster relief supply warehouses. They have a good quantity of clothing on hand, Blankets, calico, sox, gloves, and Fatigue shirts and trousers. It is all tagged with name of articles in each bale. I suggested breaking the clothing down into two bundles each bale and store 1/2 in another building in case of fire if oneplaceburned down all the clothing wouldn't be lost.

Sotring of Rice: There is 2,000 lbs of rice stored in a flour mill, a nice dryplace and it is all tagged with a sign stating that it is to be used only in event of major disaster. There is enough rice to feed 6,000 people one meal.

Food Ration Centers: There are six distribution centers in city for foreign nationals. But they are still not complying with the latest directive. The items rationed are oil, soy sauce, sugar and canned tangerines. No provisions have been made on rationing meat and butter. I visited one ration center, Miyoshiya store and also talked to Father Gabriel about the items he received. He does not receive any meat or butter on his ration and I believe both should be included.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Myojo Day Nursery was established last month. It is manged by Mr. Jugo Ijiri, a Methodist preacher. The building joins the church with a toilet and twon rooms under construction. Mr.Ijiri acts as manager, his wife as a nurse. There are 48 children who attend the nursery average age 4 to 7. This man is the one who is credited to have been a member of the Comm. Party - He told me he no longer has anything to do with Comm., but that he still reads the Red Flag magazine. The nurserry was fairly clean, but cold. It needs a few window panes replaced. The manager teaches English, also conducts classes on Christianity. I believe this man cald stand watcing. Thefunds to operate the nursery is raised by begging donations on the street.

1st Shinseiryo of Yonezawa. 62 inmates 6 are repatriates, 9 war-sufferers, the rest are the needy people who receive assistance fromD.L.S.I. Two kitchens are central located and each family or person does his own cooking there. Two toilets with a total of 8 stools. One bath where a person may take a bath if he can furnish his own fuel to heat the water. This place has 5 fire Ex., all empty. Suggested that they be taken to fire station and refilled without de delay. One large room to use - ??? This building is a fire trap. THE BEST IN BLDG FOR CITY OFFICIALS

The Hokutoso House for repatriates: Has a total of 90 inmates, 47 repatriates, the rest are needy persons getting assistance from D.L.S.L. There are 4 Fire EX. in the building. Two large central kitchens where inmates can prepare their meals. No bath in building, inmates have to go into town for bathing. Two toilets in building, suprisingly clean - but had strong odor. This place has put up partitions and all corridors are too small, which makes this place a fire trap.

Inspection as a whole- the institution has no records . Very hard to get information about cost of administration and care of inmates.

I told the city officer to spend more time inspecting the records of each institution and get the records up to date. To start with his office first and carry on through out the city.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

June 13, 1949

SUBJECT: Report on the prevention of epidemics.

TO : Chief of Welfare Section Y.C.A.T.
