Board Has Decided Against Reduction In Freight Rates

Three Railway Commissioners Say Outcome of Wage Negotiations Should Be Awaited; Carvell and Nantel Would Make Ten Per Cent. Cut.

Ottawa, Sept. 14.—There will be no general reduction in railway freight rates at the present time. Two judgments were brought down by the Board of Railway Commissioners this morning.

In the opinion of Chief Commissioner Carvell, concurred in by Commissioner Nantel, it is recommended that a general reduction be made in freight rates of ten per cent. except in cases where the rates already have been lowered as in the case of livestock and of grain from the railroad.

The Chief Commissioner's judgment also recommends a 25 per cent. reduction in sleeping car and parlor car rates.

AMERICAN FOOD SENT TO RUSSIANS

Unloaded at Perts and Sent to Famine Area

Riga, Sept. 14.—A fortnight after the first American food shipment was started over the congested Riga-Moscow railway, American Relief Administration officials here expressed satisfaction at the manner in which Soviet officials are assisting in transporting bread to the starving Russians.

Notwithstanding the temporary delay, due to lack of rolling stock, 29,562 tons of food has been unloaded and started for Moscow from Riga. Several ships are being unloaded at Petrograd.

TRADE FIGURES OF THIS COUNTRY SHOW DECREASE

Ottawa, Sept. 14.—(Canadian Press)—Total Canadian trade for August amounted to \$127,539,299, as compared with \$228,985,409, the total trade for August, 1920, or a reduction of \$101,446,110. For the five months of the fiscal year closed with the end of August, total trade was: 1921, \$602,315,038; 1920, \$1,063,353,170—a reduction of \$461,038,132.

VENIZELLOS, FORMER PREMIER OF GREECE, WEDS IN LONDON

London, Sept. 14.—Eleuterios Venizelos, former Premier of Greece, and Miss Helena Schilizzi, daughter of a Greek business man in London, were married at the registry office here today. Mr. Venizelos is fifty-seven and his bride is forty-seven. After a fortnight the couple will go to America.

WASHINGTON TOWN PEOPLE TELL OF EARTHQUAKES

Walla Walla, Wash., Sept. 14.—Residents of Dixie, a small town eight miles northeast of here, report eight distinct earthquakes, the shocks there between 3 and 5 o'clock this morning. The first shock, according to information reaching Walla Walla, came a few minutes after 3 a.m. and was of a very violent nature. Seven other quakes were felt at intervals of thirty minutes each.

MINNESOTA MAN KILLED THREE MEN; COMMITTED SUICIDE

Hibbing, Minn., Sept. 14.—John Webb, who killed three members of the Hibbing police force last Thursday night, shot and killed himself early today in a shack one mile east of Hibbing when surrounded by a police posse. Search for Webb had been prosecuted without pause since he shot Chief of Police Daniel Hayes, Detective Cassidy and Patrolman William Kohrt when they went to arrest him on a warrant charging a statutory offence against his young daughter.

Saanich Voters Again Offered Water Bylaw

September 24 will be polling day in Saanich, for the Council last night, after long drawn out arguments resulting in a general victory for Councillor Kingwell and the representatives of the inner wards, decided to resubmit the waterworks extension by-law in a form which it was generally considered would satisfy all the objections encountered in last year's strenuous hustings campaign. The new by-law will be to authorise the raising of \$150,000 instead of the original estimate of \$200,000, the lesser amount being sufficient to carry out the entire plan outlined last year, and being due in the main to the lower cost of iron pipe and other supplies, the Council being informed that in place of \$10 per ton the cost of first grade Scotch mains is now \$7. Further economies are expected to accrue in lower labor costs. The bond issue will carry 6 1/2 per cent. interest, and will run for thirty years, this requiring a sinking fund appropriation of \$2,874,522 yearly and necessitating the payment of \$9,750 for interest.

AUCTIONS OF UNEMPLOYED IN NEW YORK OPPOSED

New York, Sept. 14.—Plans of Urban Leducx to repeat here the "auctions" of unemployed which he staged on Boston Common met with opposition to-day from various organizations interested in the welfare of the jobless. Leducx announced he would hold his first auction here next Monday.

DELEGATES WERE NAMED TO-DAY BY SINN FEIN

Dublin, Sept. 14.—The Dail Eireann, at its session here to-day, unanimously approved the reply to the recent proposals of Premier Lloyd George regarding Irish peace negotiations.

The Dail's official bulletin announcing approval of the five plenipotentiaries, says this was done "in view of a possible conference with representatives of the British Government."

The appointments approved are as follows: Arthur Griffith, founder of the Sinn Fein and "Foreign Minister" in the Dail "Cabinet"; Michael Collins, "Finance Minister"; Robert C. Barton, one of the leading figures in the preliminary negotiations; Eamonn J. Duggan, a Sinn Fein member of Parliament; George Gavin Duffy, who has acted as representative of the Sinn Fein abroad.

The Dail plenipotentiaries, it was explained, were not appointed to go to Inverness in response to the Prime Minister's invitation, but have been chosen to carry on possible negotiations which may or may not follow the receipt by Mr. Lloyd George of the Dail "Cabinet" reply.

The appointment of the plenipotentiaries is considered in political quarters as a move toward throwing responsibility for any breach in the negotiations on the Prime Minister.

Reports circulated in well posted circles to-day are that Mr. Lloyd George indicated to the Sinn Fein couriers conditions, which, it was contended, might involve such a breach.

Back to Dublin. London, Sept. 14.—Although no actual hitch has occurred in the Irish negotiations, says The Evening Standard to-day, the Premier was so dissatisfied with Eamonn de Valera's reply that he asked the couriers sent to Scotland to return immediately to Dublin to convey to de Valera the Premier's views on the points raised.

MANDATE DELAY CAUSE OF REGRET

Geneva, Sept. 14.—Decision not to intervene in the mandates question pending the result of negotiations between the principal mandatory powers and the United States was reached today by the special commission of the League of Nations.

2,000 CASES OF SMALLPOX IN SANTIAGO, CHILE

Santiago, Chile, Sept. 14.—There is a serious epidemic of smallpox here. About 2,000 cases have been reported. The Government has made vaccination obligatory.

ARBUCKLE TO BE TRIED SOON

San Francisco, Sept. 14.—The way was cleared to-day for a speedy trial of Roscoe C. (Fatty) Arbuckle, motion picture comedian, on one of two charges which hold that he is responsible for the death of Miss Virginia Rappe, motion picture actress, after she had been subjected to an alleged attack in his rooms in the St. Francis Hotel here.

PHILADELPHIA EXPLOSIONS KILLS SEVEN WORKMEN

Philadelphia, Sept. 14.—Seven workmen are known to have been killed and more than a dozen injured as the result of an explosion this afternoon among oil tanks of the Atlantic Refining Company in the southwestern part of this city. Fifteen believe the death list will reach ten or more. Fire followed the explosion, but was confined to the immediate vicinity of the explosion.

LETHBRIDGE HUNGER STRIKER HAD SOME MUSIC ON ORGAN

Lethbridge, Alta., Sept. 14.—Capt. Jamieson, who to-day is on the thirty-ninth day of his hunger strike, as officially recorded, is reported to be a little weaker, but not in a serious condition. He still keeps his determination not to touch food. Forcible feeding has not yet been resorted to. Jamieson is in a cheerful frame of mind, and yesterday amused himself by getting out of bed and playing on the organ in the recreation room of the hospital.

MOVING MACHINERY TO NORMAN REGION IS DIFFICULT TASK
Edmonton, Sept. 14.—Development and drilling in the north country are being greatly impeded by difficulties encountered at Fort Smith in the transporting of even the smallest parts of machinery, states Dr. D. B. Dowling, Federal Government geologist, who has just arrived here after spending the summer in the North.
Practically all of the territory between Fort Smith and Fort Norman was surveyed during the summer, while important observations for wireless were made. The Government party also completed a map, and as an aid to navigation, placed buoys in channels where the Mackenzie River is dangerous for navigation.

Ferne, B. C., Sept. 14.—Five dwellings, a store and the entire Chinese section of Esquimalt, forty miles west of here on the Kootenay Central Railway, were destroyed by fire yesterday afternoon, causing a loss estimated at \$30,000. The fire originated in a Chinese restaurant and spread rapidly.

CANADIAN CLUBS ELECTED OFFICERS

Resolutions Adopted at Closing Session in Winnipeg
Winnipeg, Sept. 14.—Mayor George C. Copley, of Hamilton, a past president of the Hamilton Canadian Club, was elected president of the Association of Canadian Clubs at the closing session of the convention yesterday afternoon. J. S. Dunn, of Hamilton, was elected vice-president, and A. R. Lanouffe, of Winnipeg, was elected honorary treasurer.

Resolutions.
Resolutions were adopted urging local clubs to make every endeavor to inculcate Canadian ideals and patriotism in the minds of all elements; endorsing plans for a united celebration of Dominion Day and Armistice Day; and requesting the clubs to bring pressure to bear upon Provincial Governments for inclusion of the term "Canadian" as a nationality.

LEAGUE ASSEMBLY HEARD DOHERTY
Canadian Representative Spoke; So Too Did Australian
London, Sept. 14.—Reuter's correspondent at Geneva reports that Rt. Hon. C. J. Doherty, representative of Canada in the Assembly of the League of Nations, Canada, in a speech yesterday urged that the work of the League must be brought home to the public.

Canadian Aids.
The Canadian Minister congratulated the Council of the League of Nations on the excellent work it had accomplished, particularly in connection with the administration of the permanent Court of International Justice, and mentioned the interest taken in Canada in the mandates, and especially in the amandates to the covenant.

HIGHER PRICES FOR FUR AT MONTREAL
Montreal, Sept. 14.—International features were again in evidence at the Canadian fur auction sale yesterday when buyers from London, Paris, New York and elsewhere bought the higher priced fox furs. Sales showed advances on red fox prices of 15 per cent; silver fox, 25 per cent; white fox, 20 per cent; skunk, 25 per cent; and grey fox, 20 per cent, while American opossum showed a decline of 15 per cent.

UNEMPLOYMENT PROBLEM IN BRITAIN
London, Sept. 14.—Official statements give the number of unemployed in the United Kingdom as 1,000,000 registered as unemployed and 400,000 persons working short time. Of these persons, there are 290,000 who have exhausted their right to benefit under the government's unemployment insurance plan. They have, however, been provided for until November 1, when the insurance benefit will begin to operate again.

GOVERNMENT WON BY JUST ONE VOTE

First Test in New Victoria, Australia, Assembly
London, Sept. 14.—(Canadian Press Cable)—Reuter's Melbourne correspondent cables that the Government of the State of Victoria survived a vote of confidence yesterday by the narrowest possible margin, aided by a faction of the Farmers' Party. The motion was moved by Mr. Prendergast in the Legislative Assembly on the ground that the Government had been defeated at the polls on the wheat pool question. The motion was defeated by 27 to 26 votes with seven of the Farmers' Party representatives supporting the Government.

CANADIAN GRAIN WILL BE SHIPPED

American Grain to Be Controlled at Montreal
Montreal, Sept. 14.—In order to prevent the harbor of Montreal becoming blocked with American grain to the detriment of Canadian grain shippers, both the Canadian Pacific Railway and the Grand Trunk Railway have decided to control the movement by applying the permit system to American grain coming to Georgian Bay ports for transport to Montreal. In future no ship can come from American Lake ports to Port McNicol or Tiffin, Ontario, without a permit to unload.

NEW MONEY MARKET CONTROL IN GERMANY

Speculation Causes Government to Consider Steps
Berlin, Sept. 14.—With a view to counteracting wild bourse speculation, the Government, according to The Tagblatt, is contemplating steps to establish some measure of control of the money market by a system of rationing, or, as a last resort, requisitioning foreign currencies or bills thrown on the market in excess of what is regarded as legitimate requirements.

AWAY back in the school books was a lesson on physiology.
Rather dull as a lesson. Yet it was the story of the most marvelous machine ever created—and how the machine gets its power and does its work.
That machine is the human body.
Some day the mechanical expert of this machine—the doctor—finds out for us where we have missed the lesson and neglected the machine.
GRAPE-NUTS food was made in accordance with the school book lesson on what the body needs and how its needs may best be supplied.
It is possible for a delicious food to be a scientific, "power" food. Grape-Nuts is such a food.

The most marvelous machine in the world—and how it is neglected

of all grains in the food elements required for human use. In Grape-Nuts all the essentials provided by nature in these grains are retained and perfected. The long, slow baking process which produces Grape-Nuts turns the grain's starches into natural sweetness and breaks up the nutritive solids into forms easily assimilated by the body.
The exceptional nourishment from Grape-Nuts is secured with no tax upon the digestion.
Penalties for Mistakes
When the doctor, as the mechanical expert of the bodily machine, comes to give advice in case of trouble, he finds that harm as well as good, often has resulted from food.
"Starchy" foods have been the subject of many warnings. Food which passes too slowly through the digestive tract causes disturbances to which much of the slowing down, wearing out, and failure of the bodily machine is traced.
A characteristic of Grape-Nuts is that it digests quickly and completely—without fermentation in the intestines.
A World Service
There is, therefore, a reason why, throughout the world, Grape-Nuts has steadily grown in favor these many years, as a food for fitness, as well as charm to taste.
You can apply that reason to your own benefit.
Ready to eat from the package, always crisp, naturally sweet—served with cream or milk and a little sugar if desired—Grape-Nuts is an ideal dish for breakfast or lunch.
Perhaps you remember a little of the physiology lesson, now—how the salivary juices respond when the food is thoroughly chewed—and the first important step in digestion is taken.

FOR THE THIRD TIME.
In spite of two negative decisions the electors of Saanich are to be provided with another opportunity to endorse or reject the water extension by-law.

AN INTERESTING CASE.
Interest centres in the action which the Attorney-General has commenced because of the fact that as long as the Dominion Government continues to exercise the authority which it considers itself to possess under the provisions of the British North America Act those people in this Province who are desirous of remaining customers of the Liquor Control Board will be compelled to pay a great deal more for their liquor than those who are not.

AMALGAMATION.
It is fitting that new developments in the conduct of returned men's organizations should take place in the capital city of British Columbia. One of the largest bodies in this country today owes its origin to the enterprise and foresight of eleven men who conceived the idea of an association for mutual assistance and comradeship in a small candle-light room in this city over five years ago.

NOTE AND COMMENT
Dr. Tolmie does not consider that the completion of the dry-dock will be in any way interfered with by the course of

political events during the next few months. And we agree with him that the job of getting it started was no small task.
London's printers have agreed to take a ballot to decide whether the wage reduction shall be accepted and the employers have agreed to the suspension of notices already issued.

Fortunately for Victoria the system of garbage collection is not made more difficult and unsanitary by the playful antics of drivers of horse omnibuses. Before the advent of the motor vehicle many of London's early morning sidewalk decorations were neatly tipped over by a hub deftly manoeuvred into the precise position for action by that incomparable jehu who is now no more.

POLITICS
How Bourassa Sees It.
Meighen After Drury.
Party vs. Class Spirit.
Ontario Big Battle Ground.
Another Gouin Rumor.

Henri Bourassa's newspaper, Le Devoir, far from the bitterness of the Nationalist days of 1911, calmly surveys the political situation in Canada to-day, and summarizes it along these lines:

With the Maritime Provinces, which give signs of a Liberal revival of the highest order, with the Province of Quebec forming a solid block, with the three Prairie Provinces progressive to the last inch, there remain only the Provinces of British Columbia and Ontario where the vote is less certain.

To return to Ontario, the Unionist party has first to eliminate Mr. Drury, who controls a good number of seats and who is the principal obstacle to the plots of Conservatives of Ottawa. This would also furnish an explanation of the unaccounted violence of the attacks against him of the free distribution of that paper which the farmers find in their mail boxes.

Informed observers declare that this manoeuvre will succeed and that Mr. Meighen will march to victory in Ontario over the body of Mr. Drury. Already an attempt has been made to create difficulties for him with the famous Lake of the Woods law, with the Backus affair and other local questions.

But the Farmers' party has some strong cards in its hands. First there is the class spirit which is the redoubtable enemy of the party spirit with its prejudices; its members moreover contribute \$1.50, \$2.50, \$4 and \$5 to their associations; and when an individual has paid for the victory of a cause, it is not easy to wean him from it.

### NEWS IN BRIEF

Record Session.—The Saanich Council adjourned shortly before 3 a. m. this morning, after a prolonged and fruitless debate of proposed salary reductions in committee. This is believed to be a record.

Hagan Bridge.—The Saanich Council last night accepted the offer of the Provincial Public Works Department to contribute one-half the cost of re-laying Hagan bridge with a concrete structure, provided the share would not exceed \$3,000.

Sidewalk For Children.—To enable Parkside children to attend Tillicum School, the Saanich Council last night ordered the construction of 1,400 feet of sidewalk across some low-lying fields, at a cost of \$225. If it costs twice as much it should be done if necessary to keep the children's feet dry," remarked Councillor Vantreight.

Court Triumph.—Court Triumph is noted for its social evenings, and its many friends will be pleased to know Friday, September 16, will be the first of many evenings during this coming winter. All Foresters are cordially invited, business to commence sharp at 7.30. Sister L. Toye, assisted by a very capable committee will serve refreshments.

Soldier Patients Grateful.—The patients in the McBride military ward at the Jubilee Hospital wish to express their sincere thanks to Miss Doble and her concert party for the enjoyable entertainment given by them last evening. To Miss Jessie Mackenzie, who presided, to the ladies who provided refreshments, and to Mrs. Genge and the Red Cross for the gift of fruit and ice cream.

Institutes Action.—Following his promise to the City Council Monday afternoon, a writ asking for the dismissal of Zeigler following the resignation of Zeigler from the City Council is in process of being filed at the court. The writ was served on City Solicitor Fringie yesterday.

Importer Blocked Traffic.—While the Canadian importer was proceeding in under tow yesterday the Dallas Road near the Sir John Jackson Company's premises was so crowded that that concern had to send in a call to the traffic department of the city police to have the road cleared. Cars in serried ranks, interspersed with many pedestrians blocked the whole sea-front, while the ship was passing.

Parcel Post to Russia.—Information of parcel post may now be accepted in Canada for transmission, at the sender's risk, to all parts of Russia, including both Russia-in-Europe and Russia-in-Asia, excepting the Ukraine, Turkestan, and Maritime Province, Amur Province, and Russian Saghalien. The parcels will be sent forward via England. The rates can be ascertained at the post office.

Voters to Decide.—The Saanich Council last night instructed its representatives upon the inter-municipal committee to present to Thursday afternoon session, at the City Hall, a proposal that a tentative agreement upon a joint cemetery be drawn up for submission to the Saanich ratepayers by the annual municipal election. The Council considered that the defection of Oak Bay and Esquimalt had made unworkable the original plan of operation of a joint cemetery.

Girls' Corner Club.—The next meeting of the club will be held on Thursday in the classrooms E. O. P. Hall, Douglas Street, where supper will be served at 6.15 p. m., to which all girls are cordially invited. The Rev. Dr. and Mrs. Maclean will be guests of the evening. A very interesting and short musical programme Dr. Maclean will give an address. The Ladies' Aid of St. Paul's Presbyterian Church are kindly assisting with the supper.

Craigflower P. T.—The first meeting of the present school term of the Craigflower School Parent-Teachers Association was held last night in the schoolhouse, with President Searle in the chair. Miss Margaret Gray, of the Public Library, gave a very interesting address on "Books," which was greatly enjoyed. The meeting registered protest against the action of the Saanich in not providing a library for its residents, and also for having to pay rent for the use of the hall for meeting purposes. Musical solos were rendered by Miss Cuff and Mr. Stephen Morris, and refreshments were served at the close of the meeting.

To Prosecute Wood Owners.—The Saanich Council last night decided to prosecute all parties stacking cordwood upon the public highways, after Councillor Kingwell had declared that the parties had so badly obstructed Brookleigh Road that two cars could not pass. Councillor Brooks unsuccessfully opposed the plan, claiming that land owners were compelled to get the wood off their land before it was cut, and in the meantime it was cultivated "and in the meantime it is their only harvest" he said. Reeve Watson agreed as to the danger, noting that in places the wood is piled eleven feet high and overhanging the roadway.

## SAANICH VOTERS AGAIN OFFERED WATER BY-LAW

(Continued from page 1)

Gordon Head Extension.

The money by-law specifically states that the funds to be raised are for an extension to Gordon Head and also for mains in other sections of Saanich as may later be found necessary, and it was explained that the estimated cost of the chief undertaking was \$105,000, leaving \$45,000 for other services and the provision of meters.

The whole of the discussions took place during the committee stage, but also in the main hall, and so sympathetic towards their troubles.

He was fifty years of age.

# LIBERALS WILL MAKE MAJORITY

## Henry C. Hall Optimistic About Election Results

Strong possibilities of a Liberal victory in the forthcoming Dominion elections is indicated in a telegram received to-day by William M. Ivel, president of the Victoria Liberal Association from H. C. Hall, ex-M. P. F. who is now in the East.

There was a large and enthusiastic meeting of the National Liberal organization committee in Ottawa, Mr. Hall reports, at which every province in the Dominion was represented. An aggressive campaign was planned, and meetings throughout Canada will be launched at once.

Mr. Hall stated that it is hoped arrangements will be made for Hon. W. L. Mackenzie King, M. P., to visit the coast, as the Liberal leader is thoroughly appreciative of the tremendous possibilities of British Columbia, and the need for its development along sane and safe lines.

Reports to the National Committee indicate that the Liberals will have a working majority over all parties, Mr. Hall states, and Mr. King is especially strong in the East. The result of his leadership in the House, and this will be all the more appreciated in the West when he has an opportunity to speak here.

The information brought out by Mr. King in connection with Canadian National Railway affairs is characterized by Mr. Hall as "absolutely amazing."

No definite announcement has yet been made as to whether the candidates in the local field.

# BEE KEEPERS LOSE REAL SCIENTIST

## F. W. Sladen Comes to Tragic End; Here Recently

The tragic death of Frederick W. Sladen, Dominion Assessor, Leek, Ontario, from drowning, following a heart attack will be the subject of great regret among many bee-keepers and those interested in science, who knew and appreciated Mr. Sladen.

He was one of those delightful men whose conversation was illuminating, and who concentrated on one subject to the benefit of the country he served. He was a sincere friend of British Columbia, and always looked forward to come out here on periodical tours of inspection. Recently he was in this province on an extensive examination into foul brood troubles, and spent some days in Victoria, an interview with him appearing in The Times on that occasion, which was unhappily proved to be his last visit here.

The bee-keepers of British Columbia are not likely to have a man again in that office who was so thoroughly familiar with the honey situation in this province, and so sympathetic towards their troubles.

He was fifty years of age.

(Continued from page 1)

Gordon Head Extension.

The money by-law specifically states that the funds to be raised are for an extension to Gordon Head and also for mains in other sections of Saanich as may later be found necessary, and it was explained that the estimated cost of the chief undertaking was \$105,000, leaving \$45,000 for other services and the provision of meters.

The whole of the discussions took place during the committee stage, but also in the main hall, and so sympathetic towards their troubles.

# MACHINIST ABOUT TO GIVE UP TRADE

## Alberta Man Says He Wasn't Working Over Half Time; Like New Man Now

"I was so run down I was losing two or three days a week from my work, but I am like a new man now, and on the job every day feeling fine," said Vernon H. Johnson, machinist living at Hotel Cecil, Calgary, Alberta.

"I really thought I would have to give up my trade, as for three years I had stomach trouble, of the worst sort, no appetite and no buttering me, but I sleep like a top at night and wake up in the morning feeling fine and dandy."

Tanlac is sold in Victoria by Dominion E. Campbell and all other druggists everywhere.

### A CHARMING LITTLE COUNTRY HOME FOR SALE

We have been instructed to sell one of the most attractive little country homes in the vicinity of Victoria. The place is complete in every detail and all ready for you to walk in and carry on. The property consists of:

- 6 ACRES
- located on a good road, a few hundred yards off the main paved highway, within 5 miles of the centre of the city, about 15 minutes' run by motor. The situation is ideal for almost any purpose, especially as a small chicken ranch, as there is accommodation for an almost unlimited number of birds. The soil is all good, about 2 acres being under cultivation and the balance in light timber. The property has an easterly outlook allowing for plenty of sunshine, while the house is well shaded by large oak trees. The dwelling is of the bungalow type, consisting of:
- 6 LARGE ROOMS
- and a bathroom, fully equipped. It is particularly well built, being warm and cozy during the coldest of weather. There are also:
- Numerous outbuildings,
- woodshed (filled with the winter's supply of fuel), several good chicken houses, feed house, etc., and a well-kept garden. Several well-built rustic fences around the property add to the picturesque appearance of the place. The city water is laid on to the house as well as to several parts of the garden. An unusual well has been converted into a septic tank, affording perfect drainage for the house and grounds. The owner finds it necessary to leave Vancouver Island in the near future and to facilitate a quick sale, the price has been placed at the low figure of:
- ONLY \$4,700, ON EASY TERMS.

MUCH COMPETITION FOR REPAIR WORK ON DISABLED SHIP

Ship-repair firms of B.C. Will Tender on Contract When Specifications Are Ready

Active competition for the S. S. Canadian Importer repair contract is strikingly apparent among the ship-repair firms of British Columbia. The shipbuilding firms of the mainland think that, as the ship was built in Vancouver, being a product of the Coughlan plant on False Creek, she should be repaired at Vancouver, and representations are being made at Ottawa, it is reported, towards this end.

Equimait Logical Place. There are no facilities at Vancouver for the hauling out of such a large vessel as the Importer, and, in the event of a Vancouver concern getting the contract the repairs being below the waterline, would have to be effected in the Equimait drydock. Ship-repair men were greatly interested in the arrival of the Canadian Importer from sea, and were on hand to size up the disabled vessel.

Norman Yarrow interested. Norman A. Yarrow, manager of Yarrow's Ltd., went out in his speedy hydrocylinder from Equimait and circled the listing ship and the vessels accompanying her.

Starboard List Greater As Water is Pumped From S.S. Canadian Importer

Diver Sent Down to Examine Hull; Lumber Cargo Is Being Discharged and Will Occupy Ten Days; Ship At Ogden Point Is Centre of Public Interest.

Inspection of the ship's plates below the waterline to locate the break which caused the engineroom to become flooded, and a start in the discharge of cargo contained in the holds, were the outstanding developments this forenoon at the Ogden Point docks, where lies the S.S. Canadian Importer, safe in port with her complement intact after drifting aimlessly at sea for nearly a month.

At 1 o'clock four gangs of long-shotmen, numbering eighty men, were set to work discharging the cargo, consisting principally of lumber, which will have to be removed before the vessel can be placed in drydock.

Engineer in Hospital. Chief Engineer F. C. Brown, who was seriously burned about the arms and upper part of his body, was yesterday removed to hospital here.

ADMIRAL LINE POST. It is announced by H. C. Cantelow, assistant general manager of the Admiral Line that George Banbury has been appointed employment agent for the company, vice E. J. Griffith, resigned, the new appointment being effective from September 8. Mr. Banbury's headquarters will be at Seattle.

IMPORTANT DROP IN RATES ON LUMBER

Seattle, Sept. 14.—Important declines in lumber rates from Puget Sound to San Francisco, Southern California, the Hawaiian Islands, Australia and New Zealand, the West Coast of South America and Cape Town, and other South African ports, have occurred since March 26 as a result of an increased number of vessels available for the trade and more space in carriers of regular lines.

## POTATOES AND BUTTER DEARER

Make Increase in Cost of Living in Canada

Ottawa, Sept. 14.—(Canadian Press)—The average price of the weekly budget for a family of five in thirty Canadian cities rose to \$11.41 at the beginning of August, as against \$10.96 at the beginning of July, according to figures compiled by the Department of Labor. This covers twenty-nine staple foods and an examination of the different items shows that practically the entire increase is accounted for by potatoes and butter. The seasonal rise in these commodities has been accentuated by the dry hot summer.

**Wholesale.** Wholesale prices show hardly any change in July and August. The continued downward movement which began in May, 1920, has slowed up considerably and there is a disposition to consider that the liquidation in prices has been to a great extent accomplished and that with good crops, improved transportation facilities and better financial conditions, there may be better demand in markets which have been weak for over a year.

**Retail.** The retail weekly budget has still a long way to drop before it reaches the figure of seven years ago, which was \$7.68, as compared with \$11.41 to-day. The high point was reached in August, 1920, when the same twenty-nine commodities sufficient for the average family were costing \$18.42.

During the month under consideration there was a slight rise in milk, eggs and cheese. In beef, veal and mutton, there were decreases, but pork, bacon and lard showed slight increases. Flour and oatmeal were higher.

In retail prices of coal slight decreases were registered, both in anthracite and bituminous, as well as in wood and coal oil.

Average rents increased slightly in Quebec and Ontario. The total budget for food, fuel and rent, therefore, at \$12.95, totalled slightly more than in July, when it was \$12.1. In August of 1920 the figure was \$26.60. In August, 1914, the same articles cost \$14.46.

The decrease in cost of foods since June 1920, to levels lower than has been shown since 1916 has been practically offset by increases in fuel and rent.

## MINING MEN MEET IN EDMONTON

Edmonton, Alta., Sept. 14.—Representing the mineral industry in the entire western provinces, seventy-five delegates were in attendance when the opening of the third annual western convention of the Canadian Institute of Mining and Metallurgy was called to order by Chairman O. E. S. Whiteside of Coleman this morning.

Mayor G. M. Duggan briefly addressed the visiting delegates, welcoming them to Edmonton on behalf of the city.

"Mining is one of the most important industries of Western Canada," said Mayor Duggan, "and more attention will be paid to the industry in the future."

Your organization can do much to direct the future activities of the development of Alberta's mineral resources along scientific and profitable lines," added the Mayor.

### LARGE SALES DURING EARLY TRADING

(By Burdick Brothers, Ltd.)  
New York, Sept. 14.—The stock market opened with a strong tone and bullish sentiment was again very much in evidence with pool activities growing in various departments. During the first half hour of trading 204,000 shares had been traded in, this being the largest total known for some months. Rails, motors, oils and equipments were especially subject to pool endeavors, and new highs were made on this last advance. Toward the close, however, the market turned a little easier on profit taking by some of the floor traders.

### TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Sept. 14.—The local wheat market, which opened firm, was higher during the first hour, after which the peak was passed and through the remainder of the session prices moved to low levels. Transportation congestion between the head of the lakes and the seaboard is having a serious effect on new business, as it is impossible to secure boat tonnage. The coarse grains followed weak, early showing strength later registering declines.

Wheat futures closed 1/2 to 2 1/2c lower; oats 3/4 to 1c lower, and rye 1 to 2c lower.

The demand for new business is slow and premiums were weaker, breaking from 3 to 3 1/2c bushel. Few buyers were in the market for spot wheat, those only to fill old contracts. The export demand appeared to be for distant position. The cash market continued quiet, with little demand.

Inspections of all grains totalled 1,229 cars, of which 955 were contract wheat.

### ARGENTINE RAINS BREAK GRAIN PRICES TO-DAY

(By Burdick Brothers, Ltd.)  
Chicago, Sept. 14.—Wheat opened firm on overnight short covering, but on reports of light foreign demand there was considerable profit taking by recent buyers. Argentine reported drought broken by a good rain yesterday, which relieved the anxiety in that quarter. Coarse grains were rather listless, with prices half to a cent lower than yesterday. Exports of wheat placed at half million bushels for the day. Primary receipts over two million.

# RETAIL MEN OF CITY HEAR HEADS OF ASSOCIATION

### Pointed and Forceful Speeches Made by J. A. Banfield and E. M. Trowern

Severe criticism of the Federal Government's method of appointing members to the now famous Board of Commerce, and the way in which the Board attempted to cripple the retail trade of Canada was voiced by J. A. Banfield, president of the Retail Merchants' Association of Canada, in an address before a large gathering of local retailers at the Dominion Hotel last evening, at which H. S. Stevenson presided.

**Result of Meeting.**

Following addresses by Mr. Banfield and E. M. Trowern, Dominion secretary of the association, a separate local branch of the association was decided upon, and an active campaign for membership was launched to-day by the fifty-five members of the association in Victoria, who have heretofore been affiliated with the Vancouver branch of the provincial section of the association.

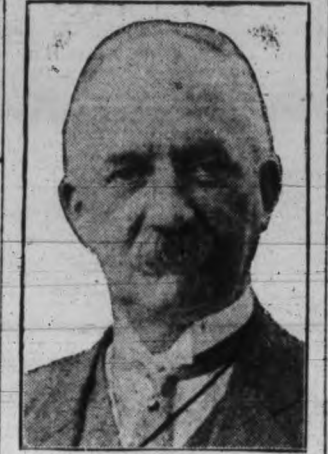

The wide scope of the association's work and the protection it offered every retail merchant in Canada, whether a member of the association or not and no matter of what nationality so long as his investment was in Canada, and he obeyed the laws of the country, was emphasized by Mr. Banfield.

"Organize" was the keynote of Mr. Banfield's address, and he cited a number of instances to show how the association through its efficient and

ern in speaking of the high standard of efficiency and service which the retail trade had reached in Canada. Cautious reference was also made by Mr. Trowern to the Board of Commerce and the inefficiency and ignorance of federal government appointees, lawyers and railroad men, but not a retailer among them to give safe and sane advice as to what should be done during the crisis.

E. M. TROWERN

which prevailed under war conditions. He spoke of the "autocratic" manner in which retailers were told how to run their own business, and the folly and danger of the various "rules" and taxations imposed.

**Board of Customs.**

"The Board of Commerce is dead, but we now have a Board of Customs, composed of four nice fellows, but not one of them a retailer who understands anything of the conditions retailers have to contend with," he said.

For the protection of retailers the association retained at Ottawa a competent firm of solicitors whose business it was to see that the law as applied to retailers, was properly interpreted and the speaker cited instances wherein retailers had suffered inconvenience and loss as a result of not having this protection through membership in the association and how the association had taken up the cases and remedied matters.

"If you are not careful, you will find some classes getting special legislation while others get injustice. The whole object of our association is to make it easy to do right and hard to do wrong in business. We need you and you need us," he declared, in making an appeal to local retailers to organize and work together in their mutual interest and the interests of the community at large.

J. A. BANFIELD

Dominion-wide organization, had accomplished for the retail trade what no local body could possibly do.

The speaker pointed out that while membership in such public organizations as Board of Trade and Chamber of Commerce was a good thing for the community, the retail trade required an organization that should function absolutely alone. "The retail merchant's problem is his own problem," he said.

**An Objectable Practice.**

Mr. Banfield pointed out how, following a strenuous fight at Ottawa, it had been ruled that the retail manufacturer who manufactured goods to be sold by himself was exempt from the sales tax. He severely criticized the practice of some of the concerns who were distinctly manufacturers selling direct to the consumer as well as to the trade, which practice he had noticed in this province, and advised that a stop should be put to that sort of thing.

"The tax collector isn't in the same class as the landlord," remarked the speaker, in speaking of some of the burdens that retailers had to bear. "The retailer builds up a fine business, and when he has done that the landlord comes along and raises the rent, and if you do not meet it—he orders you out—and the next retailer comes along and puts his head in the noose. Thank God, I own my own building," he said.

Mr. Banfield pointed out that there was a good deal of misconception in the public mind about the retailer. "He is looked upon as the profiteer," he said, alleging that newspapers and politicians were responsible for a lot of the erroneous impressions that were created.

"The trouble is that the stories told are only half-truths, and this leads to our condemnation, and the misleading of the public in general," said Mr. Banfield, who declared that owing to this condition of affairs it had been found advisable to establish a publicity bureau in connection with the association's organization.

"We do not want anything but a square deal and to assist to build up the Canadian nation on honorable, straightforward lines," the speaker declared, intimating that the time might come when it would be the duty of the association to challenge certain legislation. The advice and co-operation of the association could always be relied upon by the Government, he said.

**Secretary Speaks.**

"Retailers pay more for rent, taxes, freight, postage, express, light, fuel, insurance, delivery and supplies, they employ more help, give more to public charities, pay more for advertising, and take more abuse than all the other classes put together," said E. M. Trowern who has been twenty-five years in the service of the retailers of Canada.

"Take the invested capital of the retailers from Sydney, N. S., to Victoria and you will have enough to buy up all the other interests in Canada. Take the retailers out of Victoria and the places would not be worth living in," the speaker declared.

"The best school that you can put your boy in is behind the counter of an honest merchant," said Mr. Trow-

### THE APPEARANCE OF EVIL

"Sister Henderson," said the deacon, "you should avoid even the appearance of evil."

"Why, deacon, what do you mean?"

"On your sideboard you have several old glass decanters, each half filled with what appears to be ardent spirits."

"Why, deacon," said the hostess, "it isn't anything of the kind. The bottles look so pretty on the sideboard that I just filled them half way with some floor stain and furniture polish just for appearances."

"That's why I am cautioning you, sister," replied the deacon, "feeling a trifle weak and faint, I helped myself to a dose from the big bottle in the middle."

## YOUNG GIRLS NEED CARE

### Mothers! Watch Your Daughters' Health

### Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established she needs all the care the thoughtful mother can give.

The condition that the girl is then passing through is so critical and may have such far-reaching effects upon her future happiness and health that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let her overstudy, if she complains of aches and pains, or of nervousness or irritability on the part of your daughter, make life easier for her. She needs thoughtful care for a few years.

In all such cases Lydia E. Pinkham's Vegetable Compound should be given as it is especially adapted for such conditions. It contains nothing that can injure and can be taken in perfect safety.

**Read how Mrs. Eicher helped her daughter. She says:**

"At the age of sixteen my daughter was having trouble every month. She had pains across her back and in her sides. Every month her back would pain her so she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound and I read the books which were left at my door. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter in your little books and in the newspapers."—Mrs. KATIE EICHER, 4034 N. Fairhill St., Philadelphia, Pa.

Mrs. Williams will profit by her own experience. She says:

"When I was thirteen years old I had sick spells each month and as I was very backward I would bear the pain and try to do my duty. I read in the daily paper about Lydia E. Pinkham's Vegetable Compound and took my own spending money and bought a bottle. It helped me so much that I took it regularly after that until I had taken two bottles and I did not have any more pain or backache and have been a healthy, strong woman. I am now 30 years old and have a little girl of my own, and when she gets old enough I shall give her none other than Lydia E. Pinkham's Vegetable Compound."—Mrs. C. E. WILLIAMS, 2437 W. Toronto St., Philadelphia, Pa.

For almost fifty years Lydia E. Pinkham's Vegetable Compound has been relieving women, young and old, of ailments peculiar to their sex. Ask your neighbor about it, for in every neighborhood there are women who know of its merits.

Thousands of letters similar to the above are in the files of the Lydia E. Pinkham Medicine Co., and for years such letters have been published. Surely it is worth your while to make a fair trial of Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

## B. C. HAS SIXTY NEW COMMUNITIES

### Wrigley's Directory Notes Tremendous Growth Agricultural Settlements

Sixty new communities have come into existence in the province during the past year, bringing the total number up to 2,200. The new settlements are largely created by the occupation of new lands by soldier settlers and are an indication of the growth of the basic agricultural industry in British Columbia.

Estimate of 600,000.

Mr. Roy Wrigley, head of the firm, is highly pleased with his product. The population of the province is given in a conservative estimate at 660,000, as compared with the figures of 715,000, by the Dominion statistician, R. H. Coats. The increase in the rural district has been remarkable. The following table shows the increase in communities, the arrival of families settling in little districts being responsible for the growth: 1918, 2,610 communities; 1919, 2,642 communities; 1920, 2,149 communities; 1921, 2,200 communities.

The 1921 issue comprises 1,320 pages, the first 35 pages containing the personnel of the British Columbia Government, together with a list of all officials of the various departments of the government, both at Victoria and throughout the province, with short articles giving the jurisdiction of the various departments, and indicating the great resources of the province; and the book contains articles and views throughout British Columbia, and also maps covering all automobile routes in the province.

The gazetteer portion of the book deals with 2,200 separate and distinct cities, towns, villages and settlements in the Province of British Columbia. This is an increase of 68 places over the 1920 issue.

**Comprehensive Statistics.**

The new directory lists all of these places and gives a complete list of the men who are working these farms.

In Vancouver, the directory gives the names of the heads of firms and the salaried employees and contains 318 pages regarding the city, its industries and residents. In addition, there is a complete list of the residents of the cities of New Westminster, Nanaimo, Kamloops, Nelson, Vernon, Prince George and other towns.

A classified business directory gives the names of all business firms, manufacturers, wholesalers and distributors throughout the province under 652 distinct headings.

The Wrigley Directories have taken a definite place among the large institutions of the West. Besides the British Columbia Directory they include the Alberta Directory, Hotel Red Book, which gives information regarding hotels throughout the world; and the Canadian Storage Directory, which lists all storage and distributing facilities in the world.

Next November they will issue a directory of Saskatchewan which will cover that province as completely as the present books cover British Columbia and Alberta. The work of collecting and collating the information outside of the cities is largely under the direction of the company's secretary, Mr. Frank H. Horn, whose work has made him one of the most travelled and best known men in the West.
