NARCISSUS PAPER WHITE GRANDIFLORA

These are right and fair prices for high-class True Paper White Narcissus Grandiflora—*not misbranded* and *not* packed in *undersized cases* to mislead the buyer as to sizes. Vaughan's Seed Store does not misbrand Paper Whites or Romans by substituting one grade and stenciling the case a bigger grade; but, "we've known it done."

There's a "Bunch" of Jobbing Importers nowadays jumping from stand to stand and bog to bog, selling in any sized lots any and all horticultural stocks which any buyer asks for, selling, but not delivering. They are BULB MEN when bulbs are plenty and when they can make a "Scalp." They are Moss Men when Moss is plenty and when they can turn a dollar—BUT, when the Bulbs and Moss are scarce, their office is closed and they cannot be heard from—let's call them "four flushers." Uncle Barnum says the people like to be humbugged; if so, surely some of the Florist trade have recently gotten what they like—and gotten it a plenty.

Get samples, compare sizes, qualities, weights of bulbs and general appearance as well as prices; then you will know where you are.

Paper White Grandiflora. Vaughan's "Star Brand" (about 1,000 bulbs in case) per 100, \$1.75; per 1,000 \$11.00.

Sulphur Phœnix, White and Sulphur Yellow. One of the best for cutting and unexcelled for funeral work. As this bulb generally throws two to three flowers, it is a profitable variety to grow. Per 100, \$1.25; per 1,000, \$11.00.

DOUBLE VON SION, True Dutch

Our double-nose bulbs are especially fine, and will throw from two to five flowers; especially recommended for growing in pans.

WE OFFER 4 SIZES OF VON SION

VAUGHAN'S SEED STORE, Chicago, Ill.

CINCINNATI, O., April 26, 1912.

Gentlemen:—After comparative tests made of the different Lily Bulbs from different firms, I am pleased to inform you that the 5,000 *Lilium Formosum*, size 7 to 9, bought of you, have proved to be by far the best and most profitable lot of Lilies I have ever grown. They were in good supply before, during and after the Easter season, and I noticed several stalks with as many as 25 blooms and buds, and a great many with from 12 to 15 on each stalk.

Very truly yours,

P. J. OLINGER.

L. LONGIFLORUM GIGANTEUM

LILIUM LONGIFLORUM, Japan Grown

Vaughan's Seed Store does not make mule's feet, but its stock of lily bulbs, bred up and rogued under our efforts, become, when bought by other dealers, at once true mule foot brand. That's all right. We knew they were the best obtainable and we always said so—at that no lily bulbs will produce mule foot flowers every time. It is not easy to grow fine lily blooms, even from the best bulbs in the world.

Vaughan's Seed Store delivers the best selected lily bulbs that grow, selected, inspected and packed under the supervision of white business men who intend to do right, who have a reputation and strive to maintain it.

Our arrangements in Japan provide for a selection of sound, well-shaped lily bulbs, graded as the Japanese dealers have never been known to grade them. Crescent-shaped, misformed and undersized bulbs are taken out by contract arrangements, and we are ready and anxious on any request to submit samples of Vaughan's picked bulbs for comparison in the above particulars with any grades imported for this market.

We solicit your continued support on the basis of straightforward dealing.

LILY OF THE VALLEY

In packing and grading the Lily of the Valley Pips for our trade, pips of one type and style of growth, raised on the same soil, will be branded separately, so that the customer receiving a certain number and brand from us and forcing it to his satisfaction can depend on the same grade right along until sold out and will be advised by us when the grade is changed. This, we believe, will be much more satisfactory to the forcer than the former indiscriminate method of delivering all kinds and shapes of Valley under one brand, the planter never knowing what kind of a pip would open up in the next case received.

VAUGHAN'S LONDON MARKET BRAND

This Brand, as sold by us for several years, stands for the best select forcing pip for cold storage which we can secure in Germany. Select top size, with long, healthy, fibrous roots and sound tap root. There is but one "London Market" quality and we control the selected pips of the entire crop, which is limited. Price Per 100, \$1.75; per 1000, \$15.00; case of 2000, \$29.00; per 5000, \$70.00.

PREMIUM BRAND

This is a high-grade pip for late forcing and should not be compared with regular Hamburg stock offered at much lower prices. Per 100, \$1.50; per 1000, \$13.00; per case of 2500, \$32.00; per 5000, \$62.50.

JESSIE—THE "BEST OF ALL" FORCING RAMBLER.

BABY RAMBLER ROSES.

ERNA TESCHENDORFF—The Coming "Baby Rambler"

We have tried this rose for the past season and find that all reports about it are true as it keeps its color through the hottest days. It will create as great a sensation as the first "Baby" which it resembles in color, but is darker and will not bleach out in the sun. Florists, interested in this class of roses, should get acquainted with it so as to have advance information.

GERMAN IRIS—*Fleur-de-Lis* or *Flag Iris*

German Iris are all sun-lovers and delight in a well-drained situation. They almost outrival the Orchid in delicacy and richness of coloring. They are splendid for beds, border or front of shrubbery. Plant in bold groups for best effect. Avoid planting too deep, barely covering the rhizomes (creeping root-stems) being quite sufficient.

"S" refers to the three standard or upright curling petals. "F" refers to the three falls or drooping petals. We offer the following choice collection:

:: VAUGHAN'S SPECIAL MIXTURES ::

VAUGHAN'S "ELITE PANSIES"

This is not a complete mixture like our International; it does not contain any pure white, yellow or any self colors. It is comprised of the cream of four Pansy specialists' choicest and most expensive mixtures. Trade pkt 50c, 1/8 oz \$1.00.

IMPROVED GERMAN MIXTURE

This is a mixture of three strains from different German growers and is made up mostly of separate colors, with a sufficiently large percentage of white and yellow. Per large pkt 10c, 1/8 oz 20c, 1/4 oz 30c, oz \$1.00.

VAUGHAN'S CUT FLOWER MIXTURE

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut flower growers, who have realized big returns from the sale of the flowers. Pansies are as easily grown as violets, require less care and bring better returns. Trade pkt 50c, 1/8 oz \$1.00, 1/4 oz \$2.00, oz \$5.00.

VAUGHAN'S "GIANT PANSY MIXTURE"

Embraces besides all the separate shades and colors five special strains not listed elsewhere, and which can only be had in this and our International mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, the splendid Cassier strain. Trade pkt 25c, 1/8 oz 60c, oz \$4.00, 1/4 lb \$14.00.

NEW PRINCESS PANSIES

Of the Cassier and Masterpiece type, habit remarkably erect, which is its distinguishing characteristic. Extensive range of colors with yellow predominating. Pkt. 20 cts.

Vaughan's International Pansies The World's Best

Vaughan's International Pansy Mixture was first prepared and offered by us in 1889. We import from all the best European sources, and personally inspected the fields of French and German specialists of their finest strains. These with the best American types made up the collection. Each year has added to the quality of its flowers and the variety of its colors. We buy every year novelties of known merit to improve the mixture. This is the reason it is always complete, always the latest and always the best mixture as we believe. We add to all the Pansy Mixtures which we now buy more than fifty per cent of the choicest named kinds obtainable, each in rightful proportion. We thus know what it will produce. This is one of the specialties which has established and held the reputation of Vaughan's Flower Seeds, and this is one which we maintain most carefully, not alone as to quality, but in vitality and germination. You are beginning right in Pansy growing when you start with Vaughan's International Mixture. Trade pkt 50c, 1/8 oz \$1.50, 1/4 oz \$5.00, oz \$10.00.

FLORISTS and others acquainted with the Sphagnum Moss conditions are well aware that most of the Sphagnum swamps in the Wisconsin district have been worked out, those parts remaining containing mainly only old deposits full of sticks, weeds and grass. We have succeeded in opening a large new swamp. This moss is bright, clean, new growth, free from brush, grass, or old moss long dead and ready to crumble to pieces.

We put up this Moss in full size bales, covered with new burlap. Continuous rains have kept the marshes filled with water, making extra expense to get moss out and to dry it, besides which burlap has nearly doubled in price. While these conditions add to the cost, the **Quality** we are supplying gives the customer a value for his money equal to the old rates.

DEEPWOODS BOUQUET GREEN

(Lycopodium) also called Green Pine, Club Moss.

Our connections with woodsmen and merchants in the Green Woods Districts for twenty years have been businesslike and cordial, meeting our contracts promptly and satisfactorily. This record puts us in a position to secure the best stocks obtainable.

Write or wire us for prices whenever you are buyers. We ask you especially to give us an inquiry on the day you are ready to buy, as values on Green fluctuate greatly and almost daily. Our position in this market enables us to quote right prices.

Prices ready in October, write us. (25 lbs., \$2.00.) On ton lots write or wire for prices.
