Meighen's Cabinet Announcement Early Part of Next Week

Expectation in Ottawa is New Prime Minister Will Announce Ministers Monday or Tuesday; Law Officers Considering "Double Shuffle" Scheme.

Ottawa, July 9.—(Canadian Press)—While Sir Robert Borden will tender his resignation as Prime Minister to the Governor-General to-morrow, it is possible Hon. Arthur Meighen will reserve announcement of his Cabinet until Monday or Tuesday. There is a well-defined rumor to the effect that the new Cabinet line-up will not be given out until next week.

Ottawa, July 9.—(Canadian Press)—In preparation for the coming Cabinet reconstruction, law officers of the Crown are now engaged in study of a debated section of the Senate and House of Commons Act. There is a popular impression that when the Borden Government resigns to-morrow the members of it who accept office under the new Prime Minister cannot immediately resume their present portfolios without first going to their constituents for re-election. There would, so it has been claimed, have to be repetition of the famous "double shuffle" of the Macdonald-Carter regime, i.e., the Ministers would exchange portfolios for a day and resume their old portfolios on the day following.

The Act now provides that whenever any Minister of the Crown, being at the time a member of the House of Commons, resigns his office and within one month after his resignation accepts any of the said offices (Cabinet portfolios) he shall not thereby vacate his seat unless the administration of which he was a member has resigned and a new administration has been formed and has occupied the said offices.

Without Shuffles. By one legal authority this morning the words "any of the said offices" were interpreted as including the office now held by a Cabinet Minister and such Minister could therefore again take over his old portfolio without either resigning his seat in the House or there being any necessity for a shuffle. To settle the point, however, legal opinion is being sought.

There is no change to-day in the political situation. Hon. Arthur Meighen is busily engaged working on his Cabinet. Sir Robert will resign to-morrow.

Ontario Liberals. Toronto, July 9.—Ontario Liberals who joined the Union Government are disposed to follow the Meighen banner, according to reports published in The Star.

The Star said that two of them—Hume Cronyn, of London, and Dr. R. J. Manion, of Port William—were mentioned as Cabinet possibilities, and the others intimated that they would give the Meighen Government at least "independent support."

Hon. William Charlton, M.P. for Norfolk, a veteran in public life, stated: "I have nothing to say just now. The Government has not got its harness yet."

BURNHAM RESIGNS FROM OTTAWA HOUSE

Tells Meighen Commission Given Him by Constituents Has Expired

Peterboro, Ont., July 9.—J. H. Burnham, M. P. for West Peterboro, has resigned from the House of Commons, his resignation having been forwarded to the Speaker.

In a letter to Hon. Arthur Meighen, the Premier-designate, Mr. Burnham declared that the return to pre-war political conditions "has been delayed at Ottawa, but can not, in honor, be longer delayed by me." Mr. Burnham explained that he was elected by members of different political parties in West Peterboro to form part of a Government that had as its purpose the successful prosecution of the war, and that now that the war is over, he has no other choice than to hand back the trust that was handed to him in 1917.

LYAUTEY MEMBER OF FRENCH ACADEMY

Paris, July 9.—General Lyautey, former resident French Governor in Morocco, yesterday was officially received by the French Academy.

Lives Saved by Seizure of "Liquor" in Detroit

Windsor, Ont., July 9.—Lives of thousands of people were saved by a raid conducted yesterday in Detroit by Joseph A. Palma, a Detroit secret service agent, the arrest of three men and confiscation of 10,000 quarts of poisonous liquor, 10,000 empty bottles with corks, a similar number of counterfeit Canadian Government Inland Revenue stamps and an equal number of counterfeit labels of "Imperial Whisky," manufactured by the Hiram Walker Distillery, Walkerville, Ont. Sol Seamon, Isadore Lurivich and Harold Arnold are being held. The first two on bail of \$5,000. It is thought to contain at the very least estimate 10 per cent. of wood alcohol.

LIPTON MEANS CUP SHALL SURELY GO TO BRITAIN

London, July 9.—(Canadian Associated Press)—Lord Dewar, when leaving for the United States to witness the America's Cup races, made the interesting revelation that Sir Thomas Lipton has made provision in his will for the struggle for the cup to be continued if he should not succeed in restoring the trophy to Britain.

Hon. L. A. Taschereau is New Premier of Quebec

Quebec, July 9.—Hon. L. A. Taschereau, Attorney-General of the Province, was sworn in as Premier of Quebec at 10.15 this morning.

The new Premier, who is fifty-seven years of age and a barrister by profession, was first elected to the Legislature at the general election of 1900. He was re-elected in 1904, 1907, 1912 and 1916. He entered the Cabinet in 1907 as Minister of Public Works.

Quebec, July 9.—Gossip is very busy as to the future plans of Sir Lomer Gouin, who has just retired from the Premiership of Quebec. One report is that he is to enter the Cabinet at Ottawa in order to terminate the present isolation of Quebec, but when queried by the Canadian Press last evening the late Premier declared with characteristic emphasis that it was without foundation.

It was also reported that Sir Lomer intends to form a legal partnership with his two sons in Montreal.

While nothing is sure, it is said in usually well-informed circles that Sir Lomer may seek to enter the Federal House at the next general election, with a view to leading a solid Quebec.

Thoughts from the future of Sir Lomer Gouin, there is active speculation as to the fortunes of the new regime.

NO EVIDENCE OF SHORTAGE OF SUGAR

Refineries Working to Capacity, Says Ottawa Department of Agriculture

Ottawa, July 9.—There is at the present time no evidence of a sugar shortage in Canada, it is stated in an official report published in connection with the fruit situation by the Department of Agriculture. During the past month a comprehensive survey of the situation has been made and it is found that every refinery is working at full capacity.

A shortage of berry boxes and fruit packages generally is feared if the fruit crop conditions continue favorable.

SHIPPING POLICY OF U. S. ATTACKED

Belgian Shipowner Speaks Plainly at International Seamen's Conference

Genoa, July 9.—A stinging attack against the United States merchant marine policy was made by Emile Deckers, Belgian shipowners' delegate, at yesterday's session of the International Seamen's Conference of America. He charged unfair methods on the part of the United States, which he said would "paralyze the work of the conference."

He read a letter said to have been sent to seamen of many countries by Silas Blake Axel, of New York, attorney for the United States Union of America. This letter purported to be an appeal to seamen to join the United States merchant marine, offering both moral and pecuniary inducements.

"Let the country that made seamen free be your country," the letter said. "Carry the Stars and Stripes into every port of the world on ships manned by brave crews of Americans."

Many Appeals. M. Deckers said many appeals had been sent Belgian soldiers who are being demobilized and he also referred, among other things, to various addresses by United States Senator Jones in defence of the "United States Marine Act."

The speaker declared the United States desired to "appear capable of giving a millennium to the world" and added: "Is it not a pre-conceived plan to destroy the European merchant marines, especially that of small countries like mine? Should not we do something to protect ourselves against these attempts from America?"

JAPANESE WATCH OPERATION OF NEW U. S. SHIPPING LAW

Tokyo, July 9.—(Associated Press)—During a discussion in the Diet to-day fear was expressed that the new United States shipping law might have a disastrous effect upon Japanese shipping.

Warsaw, July 9.—(Associated Press)—Russian Bolshevik forces have broken through the Polish lines south of the Dvina River in a drive designed to overrun Lithuania and form a contact with East Prussia, according to an official statement issued here late last night.

The Soviet army is using infantry, cavalry, aeroplanes and tanks and the Poles are fighting desperately to check the advance along the northern front against which the enemy is throwing crack divisions. On the southern front, General Budenny, with Rovno in his possession,

VOTE ON LIQUOR IN NEW BRUNSWICK

Electors Will Make Decision on Question at Polls To-morrow

Province May Be Dry or Wet or Follow a Compromise Plan

St. John, N. B., July 9.—Interest is very keen here on the eve of the balloting on the question whether New Brunswick is to continue a prohibition province, or go wet, or adopt a compromise and go in for beer and light wines. Aside from statements in the churches and at meetings of certain societies, there has been no platform speaking, but there has been a lot of keen letter-writing in the newspapers on the question involved in Statute's practice.

It is expected that women voters will have a considerable influence on to-morrow's results.

In Nova Scotia. Amherst, N. S., July 9.—At a Labor convention held here it was announced that an attempt would be made to unite with the Farmers on a single ticket to contest the constituency in the approaching provincial election.

Archie Terris, C. A. Bonnyman and Roach McKay, all of Springhill, were named as candidates in the event of a fusion not materializing.

ONE MILL FINED FOR SMOKE NUISANCE

But Court Is Informed That All Will Close If Conviction Is Upheld

Magistrate Jay to-day upheld the City Council's smoke nuisance by-law which closed down our mills around the upper part of the harbor and fined the Canadian Paper & Lumber Company \$20 on the smoke nuisance charge brought against the company last week by Fire Chief Stewart.

H. W. R. Moore, acting for the lumber company, immediately gave notice of appeal to a higher court. "Our attitude is that if this is held valid we shall close down our mill until Spring, when we shall go before the Legislature," said Mr. Moore.

There is much speculation as to the result of the appeal. "I am of the opinion that the by-law should be supported and that it is valid, and I am of the opinion that in delivering his judgment, 'And I am of the opinion that there should be a conviction in this case.'"

OTTAWA DENIES REPORT TO REMOVE SETTLEMENT BOARD

The Army and Navy Veterans' Association was this morning notified by telegram from Ottawa that there was no authority for the report to the effect that the B. C. Office of the Soldiers' Settlement Board would be removed from Victoria to Vancouver.

The reply was in response to a telegram by the Army and Navy Veterans last night forwarding a resolution, strenuously opposing the removal of the offices from Victoria.

Situation in Vancouver. Vancouver, July 9.—There will be no strike of gas company employees here. The men threatened to quit work to-day at noon, but following a satisfactory settlement they went back to work this afternoon.

D'ANNUNZIO'S RULE WAS REPUTATED

Group of Influential Fiumians Recognized National Council as Government

Fiume, July 8.—Via London, July 9.—(Associated Press)—Reputation of Gabriele d'Annunzio's authority as commander in Fiume was voiced by a group of influential Fiumians, who sent a protest to-day to the National Council.

Dr. Antonio Grossi, the President of the Council, promised to take up the matter with the poet.

The bearers of the protest answered: "So far as we are concerned, you are our Government. We do not recognize the poet's command."

London, July 9.—The loss of the town of Staro Konstantinoff, about forty miles from the Galician border opposite Tarnopol, by Bolshevik forces is announced in Thursday's official communication from Moscow received by wireless to-day. It stated the town was taken Wednesday afternoon after heavy fighting.

In the direction of Saray, the Kovel railway, Soviet troops, the statement says, are continuing to advance.

Germany Now Stands Pledged to Disarm as Allies Demanded

Delegates This Forenoon Signed Engagement Accepting Terms of Allies, But Made Protest; German Cabinet Reached Decision Early This Morning.

Spa, Belgium, July 9.—(Associated Press)—Germany's delegates signed at 11.45 o'clock this morning an engagement accepting the terms of the Allied note relating to disarmament presented yesterday. This action was taken under protest by the German representatives.

The Allied note relative to disarmament, which amounted virtually to an ultimatum, demanded that by noon to-day the Germans accept the terms presented and stipulated that in the event of the Germans failing to carry out the provisions of the demands, Allied forces would occupy parts of the German Empire.

The Germans protested, in signing the engagement, that the Treaty of Versailles did not oblige them to acquiesce in further territorial occupations except for failure to fulfill the treaty terms regarding reparations.

BRUSA, IN ASIA MINOR, REPORTED IN GREEK HANDS

Athens, July 8.—Via London, July 9.—Brusa, an important Asia Minor city, fifty-seven miles southeast of Constantinople, has been occupied by Greek forces, according to reports reaching here.

The decision of the German Cabinet to obey the Allied demand was reached at an early morning session to-day, the vote being unanimous. The vote was taken after a telephone conversation with Reichstag leaders in Berlin approving the acceptance and communicating the desire of the Reichstag and party leaders for the Cabinet at Spa to use its own judgment.

A unanimous vote was also taken by the Cabinet that the Allies should be informed that Germany could not accept the stipulations concerning possible occupation of the Ruhr and other territories provided the disarmament was not executed according to the Allies' judgment.

It was held the German Cabinet was precluded by constitutional reasons from entering into any such arrangements without the authority of Parliament. Hence the delegates were requested to strike this paragraph from their demand, it being said that otherwise the Germans might not be able to continue the conference.

The terms of the note presented to the Germans yesterday set forth that Germany must: First—Immediately disarm certain of its forces, including the security police.

Second—Publish a proclamation asking for the immediate surrender of all weapons and firearms in the hands of the civilian population.

Third—Abolish immediately compulsory service.

Fourth—Surrender to the Allies all arms, guns and cannon above the limit fixed by the Treaty of Versailles.

Concerning disarmament, the Allies declared: "If, on October 1, the German army is not reduced to 100,000 the Allies will proceed to occupy German territory in the Ruhr or other parts of Germany, and will not evacuate it until all the conditions of the present agreement have been fulfilled."

The Germans were given until noon to-day to say whether they would accept the Allied plan.

At Once. During the discussion Premier Lloyd George said that after the three days of discussion on the question, it must be closed immediately. The treaty had not been executed, he asserted, and instead of 100,000 rifles, there were 3,000,000 in Germany, and six times as many machine guns as the treaty allowed. The Allies had not insisted on strict execution of this clause of the treaty, Mr. Lloyd George continued, because they recognized the difficulty Germany was encountering.

The discovery of hidden aeroplanes and aircraft material, however, had caused suspicion.

Dr. Walter Simons, German Minister for Foreign Affairs, replied that the proposal was really a modification of the one-sided treaty. It did not represent an agreement arrived at as the result of a "round-table" discussion, he said.

After leaving the conference Chancellor Fehrenbach immediately called a meeting of the German Cabinet, the members of which had been arriving at Spa by one, only two remaining. (Continued on page 4.)

Western Syndicate Buys Provincial Bond Issue

Bonds to the amount of \$1,500,000 were sold by the Province yesterday afternoon on Pacific Great Eastern Railway account. The price paid by a local syndicate was 99.88, approximately par, this being considerably higher than the tender submitted by an Eastern syndicate.

As the bonds were ready for delivery they were in the hands of the bank for delivery to the purchasers within half an hour of the acceptance of the tender, the Province had received payment in full.

To Apply To Note. The proceeds of this sale of bonds will be applied towards the payment of the Pacific Great Eastern Railway (Foley, Welch & Stewart) note for \$1,000,000, which note has been outstanding since before the railway

was taken over by the Government. The successful tender was put in by a British Columbia syndicate composed of the British American Bond Co., Ltd., represented by A. C. Plummer, Vancouver; Hart & Todd, Victoria; and the British Columbia

PRINCE OF WALES TO VISIT JAMAICA

Also Will See Grenada, Trinidad and British Guiana

Kingston, Jamaica, July 8.—The Prince of Wales is expected to arrive in Kingston on September 23 next on board the battleship REnown. He will proceed to Knutsford, a picturesque park three miles from Kingston, where a big agricultural fair has been arranged in his honor. In the afternoon the Prince will make a tour of the country parishes, where he will view the beauty spots of the island. He will return to Kingston the following day, and his visit will end with a big ball at King's House. This function promises to be the largest held here in recent years.

Altogether the Prince will spend two days in Jamaica. In the arrangements that are being made to welcome the Prince, there are a few prominent resident Americans who will take part. The present programmes for the Prince's visit are as follows:

September 23-25, Jamaica; September 27, Grenada; September 28-30, Trinidad; October 1-2, British Guiana; October 5, Antigua; October 8-9, Bermuda.

U. S. PROHIBITIONISTS MAY RUN TICKETS

Chicago, July 8.—A prohibition ticket may be put in the field for the election this Fall, according to an announcement made by H. V. Hinshaw, chairman of the Prohibition National Committee. He declared that both the Republican and Democratic parties, "by omitting a plank endorsing the eighteenth amendment to the constitution, have dimly failed to live up to the standards demanded by American people, in forty-five states." Decision as to a ticket will be made, he said, at the national convention at Lincoln, Neb., on July 21.

AIRMEN TO TRAIN AT AIR FORCE SCHOOL

Vancouver, July 8.—Capt. J. Morgan Dean, secretary of the British Columbia sub-committee of the Canadian Air Force Association, returned yesterday from Winnipeg, where he attended a conference of delegates from sub-committees of the Canadian Provinces.

He stated that training for pilots for the Air Force militia would be commenced almost immediately at Camp Borden. The course will extend over a period of one month's training every two years.

Decision as to a ticket will be made, he said, at the national convention at Lincoln, Neb., on July 21.

GEN. MAKMO AID WRANGLER'S FORCES

Constantinople, July 8.—Via London, July 8.—Dispatches from Sebastopol say that General Makmo with more than 20,000 anti-Bolshevik troops, has established contact with the forces of General Wrangel on the southern front.

General Makmo, whose headquarters are at Ekaterinoslav, declared he would co-operate with Wrangel against the Bolsheviks. Although not avowedly supporting Wrangel, he has been cutting railways and harassing the Bolsheviks through the Kuban territory. The Green forces attacked Novo Rossysk.

CHEAPER AEROPLANE TICKETS EXPECTED

Lower London-Paris Fare Probably Will Mean More Business

Paris, July 8.—Early announcement is expected of a reduction of passenger rates for air travel between London and Paris, and many are wondering the day is far distant when it may be cheaper to travel by air than by land and sea. At the beginning of the London-Paris air service last year the price for a one-way ticket on small fast machines was twenty guineas, and fifteen guineas on the larger passenger ships. It is now reported that the fare will soon be reduced to £10 10s. In one recent week's flying more than 100 passengers were carried in the London-Paris air service, and it is hoped that a reduction in price will increase the number of passengers. There has been an increase in numbers of inquiries for the service, but the price has discouraged many prospective passengers.

GUSTAV NOSKE TO PUBLISH A BOOK

Berlin, July 8.—Via London, July 8.—Gustav Noske, former German Minister of Defence, who was a powerful factor in putting down the Kapp revolution, and who was jettisoned by the Majority Socialists, his name not being included in the lists of candidates in the recent Reichstag election, is shortly to publish his revolutionary reminiscences under the title "From Kiel to Kapp." In the early days of November, 1918, Prince Max's Government hurriedly dispatched Noske to Kiel for the purpose of checking the naval insurrection which preceded the Berlin revolution. Noske's strong hand succeeded in curtailing the outbreak there, but it had spread to all sections of the empire. Between that episode and the Kapp coup Noske was given numerous revolutionary thrills, which he now proposes to put into print.

ARMENIANS SEND NOTE TO SUPREME COUNCIL AT SPA

Paris, July 8.—An international conference of Armenian committees, consisting of delegates from France, Great Britain, the United States, Italy, Switzerland, Greece, Denmark, Norway, Sweden, assembled in Paris yesterday. The conference, presided over by Victor Berard, French Minister of Foreign Affairs, addressed a letter to the Supreme Council at Spa, asking that the engagements taken with regard to Armenia be kept and the dispositions be made to sustain the republic of Armenia. A dispatch was forwarded to President Wilson expressing the deep appreciation and sympathy of the conference for the friendship which he has constantly displayed for Armenia.

FOOD RATIONED IN IRISH TOWNS

London, July 8.—The situation in the West and South of Ireland is so serious, owing to the stoppage of trains, that many towns are adopting a rationing system as a precaution, according to dispatches received here. The Sinn Fein's bureau asserts that the British Government has instructed its officials not to supply any information to the British income tax authorities, nor to allow these authorities to examine books or documents, according to a dispatch from Dublin. Such information as is demanded is to be given only by the Dail Eireann (the Irish Republican Parliament). The Sinn Fein executive in Cork has circulated among the Cork merchants a similar warning not to furnish income tax information, adding: "Any breach of this order will be severely dealt with."

OPIUM PRODUCED IN SOUTHERN CHINA

Shanghai, July 4.—Opium is being grown extensively in parts of Fukien Province despite the law against it, according to a mission worker stationed at Yenching. He writes to the Anti-Opium Society: "At the city of Yungun, the headquarters of the Southern forces, I found they were growing opium extensively. Even in the grounds of the same forces, I was told there were over 100 opium shops in the city licensed for one dollar per night marked 'places for the breaking of the opium habit.' 'The military are forcing the people to plant the drug, and no matter what the value of the crop may be, they are to be taxed a definite amount.'"

MOROCCO WILL SHIP MUCH PHOSPHATE

Paris, July 8.—Discovery of large deposits of phosphate in the Moroccan hinterland may soon make France the great phosphate producing country of the world. The Moroccan deposits are reported by Professor Louis Gentil, of the Sorbonne, as being almost inexhaustible. One hundred miles inland from Casablanca there is a mountain plateau forty miles long and twenty miles wide which is a veritable storehouse of phosphate. A railway is to be built to the mountain and a monopoly has been given to the Moroccan Government for the sale of the phosphate. France already has huge deposits in Alsace.

POLE CONCEALED MONEY IN CLOTHING

London, July 9.—A Pole named Piotr Talia, travelling from the United States to Danzig, was taken in recently in the Young Men's Christian Association hut, Waterloo Road, and removed to an infirmary. He had only two shillings and threepence in British money, but hidden in his clothing he had twenty-two American ten-dollar gold pieces and paper money to the value of \$90. His shoes were found to be very heavy and when they were photographed by the X-ray twice large coils of gold pieces were found hidden between the leather and the soles of each boot.

TAXATION OFFICIALS ARE HINDERED NOW BY SINN FEINERS

London, July 9.—The Dublin County Council has instructed its officials not to supply any information to the British income tax authorities, nor to allow these authorities to examine books or documents, according to a dispatch from Dublin. Such information as is demanded is to be given only by the Dail Eireann (the Irish Republican Parliament). The Sinn Fein executive in Cork has circulated among the Cork merchants a similar warning not to furnish income tax information, adding: "Any breach of this order will be severely dealt with."

BRITISH TRADE IS INCREASING

London, July 9.—The statement of the Board of Trade for June shows the following changes: Imports increased £47,417,000. Exports of British products increased £51,750,000. Re-exports increased £8,160,000. Total exports increased £59,910,000. Excess of imports decreased £12,237,000.

Mallek's July Clearance

It is an established practice in our system of merchandising to dispose of every garment in stock at the end of each season.

It must not be understood, however, that the apparel is unseasonable or out of fashion. Indeed, the opposite is the case.

The end of our selling season is the height of the season when the garments offered for special selling are worn.

Although the prices during this July Clearance are exceptionally low—it pays us to make them so, as we pride ourselves on the fact that our stocks of High-Grade Ready-to-Wear for Women are always new and fashionable.

Our July Clearance is a complete clearance—and first costs are not considered when the sale prices are decided on. It will pay you to investigate.

POLICE CHIEF AYERS GIVES HIS TESTIMONY

"My Only Regret Is That I Didn't Meet Up With Tanlac Years Ago," Says Popular New York Officer

"My experience with Tanlac has been remarkable and I feel that I would be dodging my duty not to come out and tell my friends about it," was the statement made by W. E. Ayers, Chief of Police of Montour Falls, N.Y., in an interview a few days ago.

Mr. Ayers has been Chief of Police of Montour Falls continuously for thirty-four years, and although now seventy-five years of age, he performs the duties of his office with the same alertness and vigor that has been characteristic of him ever since he received his first appointment.

Mr. Ayers is not only widely known as an officer, but is also prominent as a man and citizen. In 1893, at the age of eighteen, he volunteered for service in the Civil War, engaged in many of the fiercest battles, and after the struggle ended he returned to his people and his home town, Montour, unscathed.

"For a good many years," said Mr. Ayers, "I have been subject to frequent and dreadful attacks of acute indigestion and have tried about everything known in the way of medicines, but always with the same disappointing results, until I got Tanlac."

"When these attacks came on me I had such terrible pains in the pit of my stomach that I would just double up like a jack-knife, with both hands folded around me holding a hot water bag to my stomach. These spells with my stomach were the one thing I dreaded above all else, because they meant the worst of misery and torture to me.

"About a month ago I began to read about Tanlac and was so impressed with what others said the medicine had done for them that I concluded to try it myself. Well, in my case it has come up to every good word I read about it. I had hardly finished my first bottle when I could tell it was doing the work."

"It is by far the best medicine I have ever come across. Why, I can now eat what I want without fear of indigestion, for Tanlac has put my stomach in fine condition. Tanlac has built up my whole system, adding to my weight and giving me strength I never thought possible for a man of my age to have. It has proved to be such a wonderful thing in my case that I am telling all my friends about it."

"I am back at my desk every day with energy and strength to tackle any task that may come up. They say a man is only as old as he feels, and if that is true I am just about forty-five, and I can't figure out how wonderful I think Tanlac is. My only regret is that I did not meet up with it years ago, as it would have saved me so much suffering and unhappiness."

"If the rest of the people who are in poor health don't try Tanlac they'll certainly be the losers. I believe it will help anybody who gives it a fair trial."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

BRITAIN WIPING OFF DEBT TO ARGENTINA

Buenos Ayres, July 9.—Arrangements have been made by the British Government to liquidate its debt of \$100,000,000 to Argentina. It is proposed to make this payment by meeting periodically the interest on

Argentina's external debt held in London. The July 1 payment has been made and Great Britain has already liquidated half of her debt, which was for payment for grain, by paying off obligations amounting to \$50,000,000 which Argentina owed United States bankers.

PASSENGER HAD NAP IN AEROPLANE

Party Flew in Monoplane From Long Island to Chicago

Chicago, July 9.—Taking a nap above the clouds in an electrically-heated aeroplane as it flew into Canada to Chicago, a party of three men, between Albany and Buffalo, was one of the incidents recorded in the log of a party which arrived here from New York on the way to Omaha to attend a wedding. They made a journey in an all-steel monoplane.

Luncheon, with a full complement of silver and tableware, after dinner cigars for the male passengers, and special vanity cases for the ladies, were some of the features of the new plane.

The machine covered more than 350 miles on the trip from New York to Chicago, and was in the air for 6,800 feet while traveling between Albany and Buffalo, was one of the incidents recorded in the log of a party which arrived here from New York on the way to Omaha to attend a wedding.

10.15 a. m.—Left Albany.

10.38 a. m.—Have reached 6,500 feet—above the clouds. Weather cold outside but electrically heated cabin is warm. Passengers wear straw hats and summer clothes.

11.15—Mr. (the owner) has retired for a nap.

12 noon—Mr. called for lunch. Says he enjoyed sleep.

12.15 p. m.—Two hours out from Albany. We have passed Geneva at a height of 5,500 feet.

1.05—Circling over Buffalo at 3,500 feet. Very smoky below.

1.09—Found the field and landed. 5.00—Left Buffalo for Chicago.

6.09—Crossed into Canada to avoid storm. In the states everything appears to be laid out in squares. The fields are square and the woods are square. On this side of the line the woods wander all over the landscape like the veins in a leaf.

8.54—City below, with a river circling through it. Must be Battle Creek.

8.54—No, it is South Bend, Ind. The sun just fell across the gilded spire of Notre Dame. The river is the St. Joe.

9.10—Out over the southern end of Lake Michigan.

9.12—Passed Michigan City.

9.24—Ten miles out in lake, opposite Gary. Altitude 6,500 feet. Can see the town plainly.

9.30—Circling over Chicago business district. Speed 130 miles per hour.

9.35—Have located field. Two flares set off below. Height, 6,500 feet.

9.38—Landed.

VANCOUVER NEWS

Was Successful.

Nanaimo—His many Nanaimo friends will be pleased to learn that William Neen, son of Chief of Police and Mrs. Neen, has successfully passed his second year examination in dentistry at the University of Southern California at Los Angeles, securing the splendid percentage of 92 in all subjects.

Snider-Morton Wedding.

Nanaimo—A pretty and interesting marriage ceremony was solemnized at the home of Mr. and Mrs. W. H. Morton, Albert Street, when their oldest daughter Levia was united in the holy bonds of matrimony by the Rev. Mr. Vance to Mr. Everett Earl Snider, son of Mr. and Mrs. W. B. Snider, of this city. The bride, attired in a travelling suit of cream serge and carrying a bouquet of white roses, was given away by her father and was attended by her sister, Miss Ethel Morton, wearing a sash of colored silk and carrying a bouquet of pink roses, the groom being supported by his brother Harold.

After the marriage ceremony the wedding party partook of a sumptuous lunch, during which the health of the bride and groom was toasted, the newly married couple leaving on the afternoon boat for Vancouver en route to the Sound cities. Mr. and Mrs. Snider will return to Nanaimo in about a week's time, and will visit here for a time before taking up their residence in Ladysmith, where Mr. Snider is employed on the teaching staff of the Ladysmith Public School.

Married at Ladysmith.

Ladysmith—A wedding of more than usual interest took place at the First Universal Church on Thursday afternoon when Miss J. C. Dunsen and Mr. McKillop Cole, of Powell River, were united in marriage by Rev. Mr. Field. The church was very beautifully decorated and on the occasion, the front of the pulpit being a mass of white roses and carnations. The service was a full choral one, and long before the ceremony began the church was full to the doors with the relatives and friends of the contracting couple. Mr. and Mrs. Cole left on the afternoon train for Victoria, where a few days will be spent prior to leaving for San Francisco, where the remainder of the honeymoon will be spent. Mr. and Mrs. Cole will take up their permanent residence at Powell River.

School Meeting.

Sidney—The annual meeting of the ratepayers will be held Saturday afternoon at the Sidney School, when school matters will be discussed and plans made. One school trustee has to be elected, Mr. E. Blackburn's term expiring this year.

NEWS AND NOTES OF THE MINES

Strikes Gas.

An Edmonton dispatch states that twenty million cubic feet of gas every twenty-four hours from the San Joaquin well on the Peace River is the news that H. L. Williams brings down from the North. The flow was struck while Mr. Williams was at the well, and since his return telegraphic advices have been to the effect that it is keeping up with undiminished force and volume. It is now being capped and the drilling operations will then be continued in a further search for oil.

The San Joaquin well is about 12 miles down from Peace River town and the present strike is by all odds the most promising development that has been made there. Tests of the wet gas are being made with a view to ascertaining the feasibility of extracting gasoline from it by either the absorption or composition methods.

Ingenika Company.

Pending the construction of the Pacific Great Eastern Railway north from Prince George to the Alberta boundary, there will be a good deal of traffic down the Crooked, Pack and Parang rivers to the point where the Peace River forms near the intersection of Lat. 56, Long. 124, and from there to Rocky Mountain Portage. It is, therefore, good news to hear that A. E. Aitken and I. E. Howatt, who have returned from a month's trip into the northern wilds in connection with the development work of the Ingenika Gold Mining Company, arranged while in the north for a busy season's operations, which will include the construction of a river boat at the head of Rocky Mountain Canyon for service on the upper Peace and Findlay rivers. This boat will be equipped with a powerful gasoline engine and will be ready for launching early in July.

A Keystone traction drill and equipment are now at the canyon and will be taken north, as soon as the boat is ready, the intention being to have the drilling under way on the company's placer claims on the Findlay River in a month's time.

Trail Shipments.

Just under 150,000 tons of ore and concentrates received during the first six months of 1920 is the record of the Trail smelter, the exact figures 145,484 tons is ore, and 3,705 tons is concentrates.

Receipts for the closing nine days of June were 8,751 tons, and five properties were added to the year's shipping list. These were the Mandy, of La Pas, Man., the Lookout, of Skagway, Yukon, the Look Lake, of Loon Lake, Wash., and the Maestro, of Alnsworth, and the Steinwinder, of Fairview, in the Boundary. The receipts for the nine-day period were: Anna, Slocan City 25 Emerald, Salmo 34 Electric Point, Boundary, Wash. 305 Florence, Princess Creek, conc. 117 Josie, Rossland 370 Mandy, La Pas, Man. 313 Maestro, Alnsworth 11 North Star, Kimberley 123 Providence, Greenwood 49 Stamwinder, Fairview 2 Loon Lake, Loon Lake, Wash. 25 Lookout, Skagway 734 Company mines 734

CANADIAN DAIRYING MAKES NEW RECORD

Western Provinces Rapidly Increasing Their Production of Milk and Butter

Canada's dairy products yielded approximately \$250,000,000 in 1919. Of this amount, about \$60,000,000 was exported for exports. These figures easily constitute a record for the Canadian dairy industry. In 1910, the total value was estimated at \$100,000,000 and the exports amounted to nearly \$24,000,000. Although the production of most dairy products made a fairly constant increase during the period of the war, the phenomenal record of 1919 must be attributed in large measure to market conditions. In common with other food products, the prices of milk, butter and cheese rose rapidly owing to a world shortage. Then, too, the more rapid growth of urban centres as compared with the rural population has enlarged the home market, without a corresponding increase in production. Further, the shortage of labor on farms throughout the war restricted increased production materially, and the comparatively rapid expansion of the condensed and powdered milk trade affected the cheese industry adversely. Each of these factors tended to increase prices. Thus, in 1918, the average price paid for cheese by the Dairy Produce Commission was 23 cents. Co-b, steamship, at Montreal. Although similar statistics are not available for 1919, it is probable that the price exceeded 27 cents. Butter prices also established new records, the average price for all grades of creamery, delivered at Montreal, was 53 1/2 cents in 1919. While the production of cheese probably showed a slight decline, the past year can be credited with a record production of butter and condensed and powdered milk.

Western Canada, especially the Prairie Provinces, is rapidly increasing its production of milk and butter. At present, Ontario and Quebec easily lead the other provinces, but with a more general realization of the need for conserving soil fertility on the prairies, dairying will progress prodigiously. Modern, co-operative dairying is less than fifty years old. Already it has played an outstanding part in giving such countries as Denmark and New Zealand economic independence. It has been proved beyond peradventure that no other branch of farming surpasses in maintaining and improving soil fertility. However it would be unreasonable to expect that prices can long continue at the present high level. On the other hand, labor conditions should steadily improve and advances will be made in labor saving devices. It seems reasonably certain that dairying is destined to be an increasingly large economic factor in the future of Canada.—A. Donnell in "Conservation."

The service of the Victoria Gas Company is a very important public utility, affecting not only a large body of consumers, but institutions which play a vital part in the life of the community.

GERMANY ACCEPTS.

Germany's acceptance of the provisions of the Allied note in connection with disarmament was signed by her delegates at Spa this morning.

In a general protest the German delegates singled out the threat of occupation as a condition to which they could not subscribe without the authority of Parliament.

It had been Germany's hope that the first item of Agenda at Spa would be that dealing with her economic condition, an obvious dodge to extract concessions from the Allies which would have placed her in a more advantageous position.

HOPEFUL PROSPECTS.

In his address to the Rotary Club yesterday Mr. Thomas Walker threw an encouraging light upon the class of inquiry which reaches British Columbia House in fairly large volume.

THE MINERS AGAIN.

Because the Miners' Federation of Great Britain passes a resolution in favor of calling a general strike of all its unions it does not follow by any means that the Trades Union Congress will either support or endorse it.

and that the provision of arms for enemies of the Bolsheviks shall cease.

This is plainly a part of the radical campaign in Great Britain and a prologue to the proceedings with which the special congress will concern itself on Tuesday next.

Nor is it likely that the Trades Union Congress will stoop to tactics of this kind as a means of reaching power and ultimate control of the Government of the country.

GET DOWN TO BUSINESS.

Trading with Russia with appropriate guarantees is by no means an equivalent to an endorsement of the principles of Soviet rule.

Admittedly a complete resumption of commercial relations must be undertaken with ample caution. Bolshevik dealings up to the present do not encourage too much credit without the requisite covering guarantees.

If he returns, not only with additional authority but also with a more tangible evidence of good faith, it may be taken for granted that Great Britain will live up to her traditions where business is to be obtained.

NOTE AND COMMENT

Germany proposes to win the next war by a swift swoop from the air. In the meantime the Allies are busy clipping the wings of the German eagle at Spa.

It is strange irony which has brought about a recent discussion in the London newspapers of two subjects which are architecturally allied.

The statement issued by the Board of Trade for the month of June shows that British commerce is rapidly increasing. Imports increased \$47,417,000; exports of British products increased \$51,790,000; re-exports increased \$8,160,000.

OTHER NEWSPAPERS' VIEWS

A GUN WITH A HISTORY.

Though it is not everybody that can make a pet of a big gun, visitors to the Imperial War Museum (to be opened by the King next month at the Crystal Palace) will be surprised to find how these munitions of war can be individualized.

CREDIT-POWER.

The report of the Canadian chartered banks to the Dominion Government shows that the current loans of the banks, on April 30, 1920, amounted to \$1,347,238,226, which was \$24,971,200 in excess of the loans on March 31, 1920.

PIONEER LEGISLATOR

CALLED BY DEATH

George Thomson, ex-M.P.P. of Nanaimo, Dies at Ripe Age.

George Thomson, a pioneer legislator of British Columbia and one of the most highly-respected old-time residents of the West, died this morning at the General Hospital, Vancouver, at the age of 65 years, his death terminating a long illness.

In 1887 he was returned at a by-election to represent Nanaimo in the Provincial Legislature, serving in that capacity until the general election of 1890.

The late Mr. Thomson, who was a member of the Masonic craft, is survived by two sons, Robert G. Thomson, of Victoria, and Walter E. Thomson, of Nanaimo.

MAY DOUBLE TAX ON AMUSEMENTS IN MUNICIPALITY

Bylaw Would Raise Impost in Oak Bay; Arose Alone Affected

The amusement tax may be doubled in Oak Bay Municipality in accordance with provisions made in legislation passed at the last session of the Provincial Legislature.

A by-law authorizing an increase in the tax has been proposed, it was announced to-day, and will be considered by the Municipal Council in the immediate future.

It is quite probable that the Oak Bay Council will decide to put the new by-law into effect. Several members of the Council are known to be opposed to it on the ground that the tax is heavy enough now, and also because they consider it would be useless to enforce a tax which could not be collected if the arena closed.

Gen. von Seecht, Chief of Staff, with some of the Under-Secretaries, took part in the conference. Telephone communication was opened with Berlin, and the substance of the Allied decision communicated to the Foreign Office, with instructions to have Ministers Koch and Raumer call together some of the leading German men in public life and consider the Allies' demands, and later inform the German cabinet here of their point of view.

PAPERS COMMENT ON MEIGHEN'S TASK

(Continued from page 1.) is neither fair to him nor the country.

Kingston Whig. Kingston, Ont., July 9.—The Whig says:

"The appointment of Hon. Arthur Meighen as Prime Minister marks the beginning of the end of the Union administration at Ottawa. Since the close of the war, the Government has been practically leaderless, owing to the absence from ill-health of Sir Robert Borden. It has drifted along without a strong hand at the helm.

Regina Leader. Regina, July 9.—On the calling of Hon. Arthur Meighen to form a Dominion Cabinet, the Regina Leader says:

La Presse.

Montreal, July 9.—La Presse, the most widely circulated French paper in Canada, says:

"Mr. Meighen has consented to undertake the difficult task of extricating from the Unionist chaos an administration with a chance to maintain itself at the head of the public affairs of the Dominion. Will he succeed in accomplishing this tour de force?"

Montreal, July 9.—Henri Bourassa, the Nationalist chieftain, writing in Le Devoir on the elevation of Hon. Arthur Meighen to the post of Prime Minister, says Mr. Meighen represents in his person and temperament, in his attitude and his past declarations, all that Anglo-Saxon jingoism can offer that is most brutal, the most exclusive and the most anti-Canadian.

FURNISHING THE NEW HOME

Comfort and durability without extravagance is the note that predominates in the home furnishing showrooms of this store. Those who are about to furnish new homes will find this store's display comprehensive, they will find it conducive to economical and satisfactory spending.

No store in Western Canada provides an assortment of carpets, rugs and other floor coverings in such wide variety. Naturally with such scope for selection, the color scheme of any room can be carried out to one's complete satisfaction.

CUBANS HOLD SUGAR FOR 24-CENT PRICE

Havana, July 9.—Cuban cane growers, sugar mill owners and brokers, claiming to control the sale of 2,180,000 sacks of unsold sugar, are on record as definitely pledged not to offer any more sugar for sale until the price had reached twenty-four cents a pound.

BRITISH RAILWAYS NEED MORE REVENUE

London, July 9.—(Canadian Associated Press)—British railways are piling up a deficit at a rate of £34,300,000 yearly and the Ministry of Transport is devising plans for making them self-supporting by June of next year, which means the collecting of between £60,000,000 and £70,000,000 of additional revenue in ten months, as fares will not be raised until September. Fares have already been increased fifty per cent. It is expected that the increase will be at least twenty-five per cent and a big jump in freight rates is also likely.

Winnipeg, July 9.—Sir Auckland Geddes, British Ambassador to the United States, has accepted the invitation of the Canadian Bar Association to deliver an address at the annual meeting of the Association in Ottawa on September 1, according to information received here to-day from Washington.

CROPS ON PRAIRIES ARE PROMISING

Winnipeg, July 9.—The crops in Western Canada are probably as promising as at any time in the history of Canada, according to C. W. Murphy, general manager of the C. P. R. in Winnipeg, who returned to the city this morning following an extensive tour of the prairies. He reports that there is not a burned blade of grass in the country, and that is some place the wheat is commencing to head out.

All children should know and understand music. Too many homes are denied the pleasure of music owing to people being under the misapprehension that music is an expensive luxury. The sooner they realize that music is a necessity in a home, the happier that home will be.

Resumption of Relations Between City and Saanich Halted by Action To-day

Between midnight and one o'clock this morning the Saanich Council had a lively debate with regard to future attitude to the Victoria-Saanich Beaches and Parks Committee.

In April the relations between the Councils ceased, owing to the adoption of a resolution severely censuring the Victoria members of the committee by the Saanich members, adopted in Saanich Council. This resolution was produced by an ugly commentary made in the City Council.

Two weeks ago, in the absence of Councillor Clark, the Saanich Council struck a new committee, but when the committee wished to go to work, and so stated through Councillor Henderson last evening its intentions, the committee was told that it could do nothing until the resolution of criticism was withdrawn.

New Issue Arises.

The matter was introduced in a suggestion that the City Council should be asked to contribute its share of the cost for 1920, in view of the fact that Saanich has only paid out more than the contribution provided for in the estimate. Councillor Henderson pointed out that a bald application of that character would result in re-opening the wound. He therefore moved that the Council should ask the committee appointed last month to proceed to hold a meeting with the Victoria members of the committee.

Reeve Watson immediately refused to put any motion of that nature until the Council had rescinded the motion adopted on April 22, declaring that the Saanich members of the committee had been insulted, and therefore were unable to sit with Victoria members. In the Reeve's view adoption of the resolution had made the council members responsible, and its removal would be equivalent to a vote of censure on the whole Council.

A Biblical Parallel.

Councillor Dooley quoted the famous passages from John VIII, and asked when were they entitled to cast the first stone?

Councillors Brooks and Pim supported Councillor Henderson, contending that the new committee's creation had wiped out former trouble.

Councillor Terrell warmly introduced the resolution, declaring that the resolution of the committee would be regarded as a personal affront by himself.

Councillor Terrell stated that to pass the resolution would be to condone the offense. The Council then divided on a resolution that the chair should not be sustained, and it was rejected by a tie vote. Those who voted for the motion, against sustaining the Reeve's contention were Councillors Henderson, Pim, Brooks and Dooley, while the Reeve, Councillors Clark, Terrell and Graham voted on the other side.

There was a good deal of warmth of exchanges when the members withdrew from the chamber at one o'clock, and Councillor Henderson declared he should call the new committee, composed of Councillors Pim, Brooks and himself, together to try and do business with the Victoria members.

The Reeve, who is chairman of the body, was understood to state that no success could attend any outlay effort of that kind.

**DUPLICATION OF
STREET NAMES ARISES**

Oak Bay Council has brought up to the Saanich Council the question of re-naming Patricia and Crescent Avenues on account of duplicate names in Oak Bay.

Saanich Council felt the determination should be decided by precedence in naming when the matter was mentioned last evening.

The clerk drew the attention of the Council to the desirability of altering the name of Burns Street to confusion with Burns Avenue, Oak Bay.

Action was deferred in regard to the change proposed until the councillors for the wards will have had an opportunity to confer with the persons created.

**IF HAIR IS TURNING
GRAY, USE SAGE TEA**

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

SOOKE AND OTTER POINT WOMEN'S INSTITUTE MEETING

The monthly meeting of the Sooke and Otter Point Women's Institute was held in the Hall on Tuesday. A good attendance of members, and several visitors were present, including Miss Olive Gawley, the district nurse from Colwood and Metchosin. Miss Gawley being an able speaker, delivered an address, which proved most interesting to those present, explaining fully the district nursing and school work among the children and giving valuable information to those present and especially to the mothers.

POLICE HUNT LIQUOR

But Magistrate Decides Wife Has Right to Take Whisky Strictly According to Doctor's Orders.

John Kershaw, who has been chaffering here for some time without a license, was fined \$5 in the police court today. He showed the magistrate that he had got a license badge for his cap since being apprehended, but Chief of Police Langley said that his ability to handle a car had not been investigated yet. This is being done this afternoon.

Sam J. Burley, who was summoned yesterday for driving a horse vehicle without a license, proved to the magistrate to-day that he had taken out a license late yesterday. The magistrate let him off with paying \$2.50 for the cost of the summons.

Mrs. Stella Bridges, charged with having liquor in a place other than a dwelling house, was remanded to Monday on the plea of Ernest Miller. Detectives Siciliano and Phipps went to the Waverley Apartments between 12 and 1 a. m. on July 5, and asked Mrs. Carrie Robinson if she had any whiskey. She took them to the safe in the kitchen, and showed them a bottle which she had obtained on a prescription from the liquor vendor after being treated by a doctor. She went in the box and swore that she obeyed the doctor's orders as to taking the whiskey in water and lemon. Magistrate Jay said that contrary to reports he thought that Mrs. Robinson was not disobeying any law in taking her medicine, and dismissed the charge. Richard Lowe defended her.

OBITUARY RECORD

The funeral of Harold Quarmby, who passed away at the St. Joseph's Hospital last Tuesday from injuries sustained in an accident at the Cholberg Shipyards, took place yesterday afternoon at 2:30 o'clock from the Sanders Funeral Chapel. Representatives from the Great War Veterans Association, Comrades of the Great War and Major P. Hiddell, president, and S. Detch, representing the Cholberg Association, were in attendance. The following acted as pallbearers: J. Day, S. P. O'Hara, L. R. Wilson, employees of Cholberg's, and W. James, G. Whitmore and J. Glover, friends. Rev. W. D. Spence conducted a very impressive service at the chapel and graveside, the hymns sung being "Abide With Me," and "Oh God, Our Help in Ages Past." The large number of beautiful floral offerings testified to the high esteem in which he was held. The casket was covered with the Union Jack, and was proceeded to the cemetery by a firing party, three volleys being fired over the grave, and the "last post" sounded. Interment was made in Ross Bay Cemetery.

The funeral of the late Miss Grace Mackie, whose death occurred on July 7, will take place to-morrow, Saturday afternoon, at 3:30 from the Thomson Funeral Home, 1623 Quadra Street. Rev. J. G. Inkster officiating. The late Miss Mackie had been a resident of this city for the past thirty-two years, and was well known in musical circles.

INTRODUCE A NEW TRAFFIC BYLAW

New traffic regulations, as described in these columns before, are embodied in a new traffic bylaw to be introduced in the City Council in the near future. The measure, which will bring into effect a number of radical innovations, has been prepared, and is being examined by the

Quebec Legislative Committee at present. The new overhead area bylaw, which provides for the taxation of overhanging projections, probably will be introduced at the Council meeting Monday.

The meeting of the Council, which was to have taken place to-day, has

WILL TRY TO KILL THE CURFEW BYLAW

Alderman Dinsdale Announces He Will Move It Be Rescinded

Declaring that the whole scheme of curfew enforcement was "a hundred years behind the times," and was "depriving the children of health and happiness," Alderman Robert Dinsdale announced to-day that, when the matter came up for discussion again, he would move that the Curfew By-law be rescinded.

Alderman Dinsdale intended to post notice of a motion to this effect at the City Hall to-day, but it is understood now that he will bring his resolution before the Council when Alderman Patrick's Legislative Committee reports on the plan to install an electric curfew whistle on the Electric Light Plant. Whether Alderman Dinsdale will have a majority of the Council behind him in his move to quash the Curfew By-law is doubtful, in view of Alderman Sangster's announcement to join the curfew forces.

The curfew plan is a hundred years behind the times," Alderman Dinsdale stated this morning in announcing his scheme. "It is depriving the children of health and pleasure and will make Victoria a laughing stock all along the Pacific Coast. The curfew plan is backed by the same bunch of Puritans who brought in prohibition. They have spoiled the men's pleasure, and now they are after the children. This sort of thing certainly will mitigate against the progress of the city."

QUITE EASY.

As the war millionaire and his beautiful daughter strolled along Regent Street, London, the latter stopped to gaze into the window of a jeweller's shop. Suddenly she pointed to a diamond tiara built like a coronet, strawberry leaves and all. "Pa, buy me that!" she said. "Buy you that!" her father chuckled. "Why, girlie, you've got to be a duchess to wear that."

The girl tossed her head. "You buy it," she said. "I'll find the duke."

MINISTER EXPLAINS CHANGE IN RULE OF ROAD SOON

Province Divided Into Two Sections; Monthly General Business

Hon. J. H. King, Minister of Public Works, introduced by President J. L. Beckwith to the members of the Board of Trade, assembled at luncheon at the Dominion Hotel to-day, outlined the working of the new change in the rule of the road.

It was not a new idea, stated Dr. King, but had begun to be advocated back in 1912, when a certain section of the progressives pleaded for a uniform law of the road to be passed throughout the continent. During the war period the matter had died down again, to be revived with growing insistence by many public bodies, and some political associations in the latter part of 1919.

The Legislature had not acted on the matter in that year, Dr. King said, as it wished to give public opinion some time to crystallize, but now it was felt that there was every justification for the change. New Brunswick and Nova Scotia had also adopted this year the universal continental rule of keeping to the right, and that left British Columbia and Prince Edward Island the only Canadian Provinces retaining the older system of traffic law, the Minister said.

The Legislature had found that some fifty per cent. of the people had been accustomed to the left hand rule, while the remainder had been brought up to regard the continental method of travelling, continued Dr. King. It had been argued that there would be some danger to the people of this Province in the change, but that was a constant contingency whenever the change was to be adopted, and there were advantages that offset this danger.

Why Two Sections.

The street railway systems of Vancouver and Victoria had been responsible for the decision of the Government to split the Province into two sections, numbers one and two, and it would be a found position to bring in the new law in section two on Thursday next. Dr. King remarked he thought it would be quite possible to establish the change all over the province in the year of 1921, and maybe even prior to the first of January, by co-operation of the Government and the B. C. Electric Railway Company.

Dr. King exhibited a map of the new sections. The change that will take place in section two, will not be unaccompanied by some difficulty, but Dr. King explained the method of precaution that had been taken to obviate all the confusion possible.

"Keep to the Right."

The police will post notices to each owner of a car, to be posted on the windshield—bearing the warning, "Keep to the right." Drivers not displaying this sign after July 15 in the affected section, will be interrogated by the authorities to see that they fully understand the change. Public bodies everywhere are to be notified, as well as the schools, and every precaution is being taken to see that all understand the new rule, and to what area it applies.

Dr. King pointed out that while horse traffic had been the generally accepted method of transportation, the old rule of the left had been adequate to the needs of the Province, but now that automobiles had become so common it was absolutely essential to have a universal rule for the entire Dominion.

What May Happen.

C. H. French proposed a hearty vote of thanks to Dr. King for his lucid explanation, which was accorded by the assembly standing. Mr. French stated that he did not think there would be any difficulty in establishing the new rule, and making the country uniform in that respect, and that the estimated cost of changing the street railways would probably not be found to be so excessive as at first stated. He thought it likely that the car would change ends and run the other way. Mayor Porter was an interested listener to the address of the Minister.

Made in Victoria Week.

The meeting then branched out

THE MISERY OF BACKACHE

Removed by Lydia E. Pinkham's Vegetable Compound

Meaford, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for backache, and I also had a female weakness. I felt dizzy and nervous, and was without energy. I had to force myself to do my work, and was always tired. Saw a Pinkham advertisement which induced me to take the Vegetable Compound. My back gradually stopped aching and I felt lighter in spirits. I am recommending the Vegetable Compound with pleasure to all who complain as I did."—Mildred Brook, Meaford, Ont.

into the business of the quarterly meeting, and a resolution of J. C. Fendray, that the Board should not do the motion, advocating that the Made in Victoria Week be made a more prominent feature of the industrial activity of the town, and that at least four of them be held every year. It was in the interests of the manufacturers it was stated, and would have the ultimate result of inducing consumers to ask for local goods, retailers to show home-made products, and local manufacturers to make a stern and serious bid for competition in the markets of the Dominion.

Trip to Kootenay.

Mr. Beckwith introduced the matter of the Vancouver Board of Trade's Kootenay excursion for manufacturers, which will last ten days, starting on July 11 from that city. Some 45 member of the Vancouver Board are stated to be going, and the President pleaded for full support and participation of the members of the local body. So far only one name had been handed in by members of the Victoria body.

He stated that in his opinion Victoria lost out many times over by not taking a greater interest in these trips into the interior, trips which were of a very real and practical value to the manufacturer, and from which much business could be worked up.

July 14 has been set as the date of the meeting of the Associated Board of Trade to be held at Dunsmuir, the Victoria delegation to be chosen by the president, Mr. Beckwith, at his discretion.

G. W. Clinton, President of the Cumberland Board of Trade, who was to have addressed the meeting to-day sent a letter of regret stating that he was unable to attend, but would welcome an opportunity at the next meeting of the local body. He welcomed the closer co-operation of the several Island Boards of Trade. The question of fining delinquent members for absence without notice from the meetings of the local Board was broached, but no action taken.

"When I thought running a house was simple, I made a big mistake," sighed the young wife. "Practice will teach you a lot," said her older friend. "Of course, there are books, you know. Have you a good cookery book?" "Well, I have several," replied the beginner in the domestic art, "but none of them gives any information on the most important feature in cooking." "What is that? Perhaps I can help you." "How to get a cook and keep one."

KIRKHAM'S HELD PLEASANT PICNIC

Staff of Well-known Firm Enjoy Sports at Prospect Lake

The annual picnic of the staff of H. O. Kirkham & Co., Ltd. was held on Wednesday at Prospect Lake. About 150 people left town in the firm's cars, tally-hos and about a dozen private cars, arriving at Prospect Lake at two o'clock.

The water proved the most attractive element and a number of swimming races were contested, the majority of those present taking part. Owing to the intense heat the track events were held over until the evening, when a very good programme was run off. About a dozen events took place, comprising 75 yards sprints for adults, 50 yards sprints for children, three-legged race, running backwards, hand and toe race, spoon and potato race, wheelbarrow race, broad jump and ending with a tug-of-war between the married and single men. The ladies, not to be left out of this part of the sports, arranged a tug-of-war on their own account, the single ladies proving the better pullers.

Supper, supplied by the firm, was served at 5.30 and everyone heartily enjoyed themselves. The committee in charge wish to thank the various ladies and the individual donors who generously contributed prizes to the many events.

The committees in charge were: Transportation, W. H. Lester and Miss E. Black; refreshments, the Misses Dodge, Crawford, McPhee, Jones, Hayward, Caldwell, Bruce, Morry and Messrs. J. W. Watt and F. Anderson; sports, Gus Meehan, N. Muddle and T. Milburn. Sam Kirkham as M.C. worked very hard and together with the various committees succeeded in making the picnic one of the best the firm has ever had.

The prize-winners in the various events were as follows:
Seventy-five yards (men)—1, F. Anderson; 2, S. Kirkham. Seventy-five yards (ladies)—1, Miss Gunn; 2, Miss H. Jones. Fifty yards (boys under fifteen)—1, Master H. Kirkham; 2, Master Steenson. Fifty yards (girls under fifteen)—1, Miss E. Russell; 2, Miss M. Ball. Fifty yards wheelbarrow race—1, Miss E. Macdonald and G. Meehan; 2, Miss B. Cobb and W. Daly. Fifty yards (over forty years)—1, Mr. Barber; 2, Mr. Bellamy. Fifty yards (fat ladies)—1, Miss E. Crowe; 2, Miss Hayward. Fifty yards (thin ladies)—1, Miss M. Standish and A. Johnston; 2, Miss E. Macdonald and T. Angus. Seventy-five yards (three-legged race)—1, Messrs. Kirkham and Philbrook; 2, Messrs. S. Kirkham and T. Angus. Seventy-five yards spoon and potato race—1, G. Gibney; 2, Mr. Steenson. Fifty yards (mixed race men)—1, E. Jones; 2, Mr. Russell. Fifty yards swimming race (ladies)—1, Miss M. Hopkins; 2, Miss Macdonald. Fifty yards (mixed race)—1, Mr. J. W. Watt; 2, B. Perry. Fifty yards, running backwards—1, S. Kirkham; 2, G. Gibney. Tug-of-war (married vs. single)—Married, Messrs. S. Kirkham, Russell; 2, Master Kirkham. Run and jump—1, H. Philbrook.

TEACHERS TO LEARN TEACHING BY MOVIES

Will Be Shown the Latest Methods of Imparting Knowledge

One hundred and sixty teachers from all parts of British Columbia taking the Summer school course at the Victoria High School are to learn the latest methods of teaching by moving pictures.

The first lecture and demonstration will be given at 8 o'clock to-night in the assembly hall, when the latest type of educational moving pictures will be shown. The films now being used in this work are non-inflammable, so that no accident of the moving picture projector can endanger the lives of pupils.

Experts from Toronto are out here to give these demonstrations to British Columbia teachers. The film subjects are chosen and handled by high educational authorities. Educationalists declare that children learn easily by the moving picture, as they seem to imbibe knowledge more easily through their eyes than through their senses.

Men and women of Victoria who are interested in the latest methods of imparting knowledge to children are being given a general invitation to attend. After the moving picture demonstration is over there will be a musical programme.

JUDGE TO BE CONSULTED

Failing to reach a settlement between the City and the Saanich Council with regard to increased high school fees in the session 1918-1919, the case will go to a Supreme Court Judge. Reeve Watkinson reported to the Council last evening that he had failed to reach a settlement with Mayor Porter, although the Mayor had offered to split the difference, which would be about \$1,000, the total bill being just under \$2,000. VETERANS TAKE EXCEPTION TO ATTACK

Wish Dominion Executive to Remove Sir Sam Hughes's Name

A demand that the name of General Sir Sam Hughes should be struck off the list of patrons of the Army and Navy Veterans' Association for the "unwarranted and dastardly attack made in the Dominion House of Commons on a comrade of the Army and Navy Veterans," will be forwarded to Dominion headquarters following action taken last night on a resolution moved by the Rev. Dr. Campbell and seconded by Major F. V. Longstaff. The full text of the resolution follows:

"From reports in the newspapers, and in Hansard, it is evident an unwarranted and dastardly attack was made on General Sir Arthur Currie, K. C. B., K. C. M. G., by General Sir Sam Hughes, in the Dominion House of Commons, and to which General Sir Arthur Currie, on account of his official position, was unable to reply. And whereas not a few members of this, the Victoria Unit of the Army and Navy Veterans, were present at the terrible second battle of Ypres, they, from personal knowledge, know the accusations made by General Sir Sam Hughes to be entirely false. They can testify to the great skill and bravery of General Sir Arthur Currie, during the very critical days when the whole situation was saved by the actions of the 2nd Canadian Infantry Brigade.

"And whereas, General Sir Sam Hughes and General Sir Arthur Currie are both members of the Army and Navy Veterans in Canada.

"Therefore be it resolved that this, the Victoria Unit of the Army and Navy Veterans in Canada, demand that the Dominion Executive of the Army and Navy Veterans in Canada delete the name of General Sir Sam Hughes from the list of patrons for the unwarranted and dastardly attack made in the Dominion House of Commons on a Comrade of the Army and Navy Veterans.

A resolution deploring the removal of the Soldier Settlement office from Victoria was passed, and copies are to be forwarded to Ottawa. The retirement of Vice-President W. H. Hadley created a vacancy that was filled by the election of Canon Hinchliffe to the post.

In regard to the former resolution co-operation of various service and public bodies is requested.

LOCAL ORANGEMEN TO CELEBRATE FAMOUS BATTLE OF BOYNE

To celebrate the anniversary of the Battle of the Boyne, Victoria County Orange Lodge will hold a church parade on Sunday next. The parade will start at the Orange Hall, 717 Courtney Street, at half past two and march to the Pantheon Theatre, headed by the Salvation Army Band. A service will be conducted at three o'clock by Commissioner William Eddie, commander of the Salvation Army for Western Canada, while a number of Protestant clergy of the city will be present.

On the following day, the Orangemen and Orangewomen, and the Loyal True Blue, will assemble at the hall at half past twelve and at half past one, and will parade to Stadacona Park, headed by the Piper's Band, addressed by Rev. Dr. W. C. Daley. After the addresses a full programme of sports will be run off, and refreshments will be served. The pipe band will remain in attendance all afternoon.

Jewish Relief Subscription Grows Slowly; Children Help

And still contributions continue to pour in to the office of the Jewish Relief Committee at 1317 Government Street. Apparently the people are now coming back from the holidays, and are hastening to get on record as sympathetic with the great work which is being carried on by the committee.

It is not the intention of those in charge of this campaign to stay open much longer, and thus run the risk of wearing out their welcome, but the results of the last few days have been so encouraging that it has been deemed advisable to keep the office open for a short time in order to give those who have not already subscribed a chance of bringing in their donations.

"The children are taking a great interest in this cause, and the committee is pleased to note the number of little enterprises for collecting money which have been started by children upon their own initiative."

This is proof positive that Victoria's young people fully realize how fortunate they are in being so comfortable and happy in this land of plenty, and that it is a pleasure to them to be able to do their little best for the little tots in distressed Europe, who are not so fortunate as our children.

The Camp Fire Club held a concert and garden party, and collected \$2.50, while some young ladies organized a garden party at the home of Mrs. Armstrong, Gladstone Avenue, and presented the committee with \$14.25 as the result, while Mrs. Levy's collecting team turned in upwards of \$300 as collected through the banks and stores, where table accommodation was kindly arranged for them.

BRIEF LOCALS

Made Honorary President.—Bridgier-General Ross, D. O. C. M. D. 11, has accepted the position of honorary president of the Returned Business and Professional Men's Association.

District Courts.—In the Provincial Police Court this morning James Vaughan and James Simpson were charged with an attempt at stealing a quantity of wire fencing from an abandoned farm in the Highland District. They pleaded guilty, and were fined \$2500 each. Inspector Murray conducted the prosecution.

Joint Picnic To-morrow.—A joint picnic of W. J. Pendray & Sons, Ltd. and the British American Paint Company will be held to-morrow to Royal Bay. About 200 will attend and will leave the city at 9.30 o'clock by automobiles and taxis-home. A programme of sports and games has been arranged.

To Appoint Inspector.—The City School Board will hold two sessions next week, one on Tuesday and one on Wednesday. The Tuesday meeting will appoint a municipal inspector to succeed E. B. Paul, who recently resigned. The object of the new Arts College, while on Wednesday routine business will be transacted.

Helped at Garden Fete.—At the garden party held under the auspices of the Robert Burns McMicking Chapter, I. O. D. E., on Wednesday afternoon, invaluable assistance was rendered to the Chapter members by Mrs. Walter McMicking, Miss A. B. Cooke, educational secretary; Miss Brown and Miss Pontifex, all of whom assisted materially in promoting the enjoyment of the fete.

In County Court.—County Court Chambers were held to-day before Judge Lampan. Several applications for cancellation of plans were heard. The applications all called for the cancellation of the subdivisions and the reinstatement of the land as acreage. "I suppose by the time the next boom comes, all the subdivisions will be cancelled, though it is to be hoped that they will keep these plans," His Honor remarked.

Executive Will Meet To-day.—The executive of the Victoria and Island Development Association will meet to-day in the offices of the organization at 4 p. m. The main business for discussion will be the preliminary plans for the programme of the "Made in Victoria" week, to be held early in September. The object of the programme, stated Commissioner J. G. Thomson, will be to boost the local industries to the residents.

Saanich Police Court.—In the Saanich Court this morning Arthur Hicks was fined \$10 for driving over a wooden sidewalk with a load of wood. Councillor Tom Dooley laid the information, and stated that he had warned the man not to contravene the by-law, but had been consigned to the lower regions for his trouble. W. Rennie and A. Stancil were each fined \$5 for leaving vehicles without tail lights in contravention of the by-law. Only one speed charge was brought to-day, when 41 cents was charged with travelling thirty miles an hour in his automobile on the East Saanich Road. The accused pleaded not guilty, and the case was finally remanded for further evidence. Chief Brogan and Constable Rankin testified to the fact that the accused was travelling at a high rate of speed, while the latter stated that he had followed at thirty-five miles an hour on a motor bicycle but had been unable to overtake the speeding car.

PETROLEUM PLANS OF THE MEXICANS

Provisional President Says Nationalization Will Be Carried Out

Mexico, City, July 9.—Article 27 of the Mexican constitution, which nationalizes petroleum deposits, will be sustained theoretically, but all decrees issued by former President Carranza prejudicing prior rights of petroleum owners will be abrogated by a Presidential decree to be issued shortly, Provisional President Adolfo de la Huerta made this statement to foreign correspondents last night.

Oil men will be given the right to pre-empt petroleum claims within five years, but once pre-emption is made, they will have an indefinite time within which to drill, the Provisional President said.

"While the nation will tell oil men that it owns the petroleum in the sub-soil," he said, "what difference will it make when the Government cedes to the operators the right to extract this oil and dispose of it at their pleasure? It is merely a question of owners will be safeguarded."

The Provisional President received eight North American and British correspondents and spoke from his sick bed. It was the first interview he had given since at a banquet to foreign correspondents he was taken ill while giving a dramatic recital of his break with Carranza.

ST. JOHN PAPER URGES ELECTION

St. John, July 9.—The Daily Telegraph says regarding the political situation at Ottawa, that there is only one way in which the country's opinion of what has been done can be learned, and that way is a general election. It says the greatest obstacle Hon. Arthur Meighen will encounter is the impression formed by many thousands of Canadians that the new party is only the old Conservative Party under a new title.

NO BOXING TRIALS.

Winnipeg, July 9.—There will be no Western Canada Olympic boxing and wrestling trials here to-morrow as scheduled by the Olympic committee. The Manitoba branch has already handled the affair, but decided at the last minute not to do so, as many prospective western entries must travel East for the finals next week in order to get a chance for the Antwerp trip.

ROSE COUNTIES ARE VICTORS IN CRICKET

London, July 9.—At Manchester, Lancashire beat Kent by one innings and 71 runs. Lancashire scored 263, Kent 104 and 88. Perkin, for Lancashire, took five wickets for 44 runs and took four for 17.

At Bradford, Northamptonshire scoring 67 and 51, were beaten by Yorkshire by 228 runs. Yorkshire made 166 and 18. Thomas, a new bowler, captured Yorkshire wickets in the first innings for 30.

NURSES MEET IN FORT WILLIAM

Fort William, July 9.—The leading features of the morning session here to-day of the nurses' convention were the addresses of Miss Ethel Johns, of Vancouver, who took as her subject "The Challenge of the Future," and of Mrs. McWilliams, of Winnipeg, whose paper on a lay woman's view of the private duty nurse was highly applauded and made a pleasing interlude to the professional addresses of the nurses and medical men.

Last night a mass meeting was held in St. Andrew's Presbyterian Church, where the civic officials gave a welcome to the convention and an interesting lecture was given by Dr. Avison, dealing with his work as a medical missionary in Korea.

MORDEN SPEAKS OF STEEL CORPORATION

London, July 9.—(Canadian Associated Press)—Colonel Grant Morden, who arrived in England yesterday on the Mauretania, says he went to Canada in February with the full authority of the Prime Minister to undertake a task on behalf of the British Empire Steel Corporation. What had been accomplished means, he claimed, the retention within the Empire of the greatest single control of ore and coal deposits in the world. It will make the Empire independent of foreign supplies and put the Old Country in a position to regain its supremacy in the coal, iron and steel industries.

EGAN GOING STRONG.

Vancouver, July 9.—At the 18th hole of one of the semi-finals in the amateur golf championship this morning, Chandler Egan, of Portland was 6 up on Spiers, Seattle.

So far \$130,000 has been contributed to the fund for the Jewish war memorial. It is proposed to raise \$1,000,000 for the endowment of religious education, the establishment of a college of Jewish learning for the training of rabbis, ministers, and teachers, and making better provision for the Jewish ministry.

Hot Weather Drug Store Goods

Different drugs and medicines have their seasons just as hats and clothing do. There are different classes of ailments requiring different kinds of drugs in the summer from what there are in the winter. A good druggist has to look out for all these changes and know his trade so well, and keep in such close touch with all physicians that he will be ready to fill any prescription at any time. Our store is completely stocked with all classes of drugs and goods appropriate for hot weather.

We would also call your special attention to our Bathroom Luxuries and Necessities, as well as Toilet Articles, Toilet Preparations and all kinds of fine Household Goods and Family Requisites usually carried by a complete, modern, first-class drug store.

Perfumes, Toilet Waters, Fine Soaps, Talcum Powder, all kinds of Sponges, all kinds of Brushes, all kinds of Moth, Disinfecting and House-cleaning Goods, Sick Room Articles, Photographic Materials and a long list of other things too numerous to mention.

Whatever you want you will be safe in coming right here after it—if it is to be had in any drug store.

GERMANS WARNING

Allies Did Not Ask Germany's Approval For Penalties They Outlined

Spa, July 9.—When the German delegates informed the Allied representatives at the conference here to-day that they were not empowered to agree to Allied occupation of territory in Germany if the Allied disarmament conditions were not fulfilled, Premier Lloyd George as spokesman said:

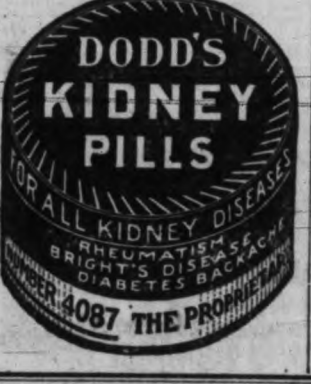

"We do not ask your agreement to the penalties we reserve the right to take in case of non-execution of your engagement. We simply warn you of our intentions. It is notification we have given you, purely and simply, of the measures you may expect if you do not disarm under the conditions specified. Of these conditions we ask your acceptance, so as to adopt them with common accord. To sum up, penalties are for the Allies alone, while we are making disarmament a two-sided matter."

The conference took up the question of German prosecutions of the war guilty immediately after the disarmament protocol was signed, but soon referred the matter to experts for clarification of certain details which it was expected would be completed this afternoon.

Carl Heinze, German Vice-Chancellor and Minister of Justice, told how he had begun preparations for the prosecutions, but had encountered legal difficulties and no arrangements had been made.

4087 THE PROGRESSIVE

Due Both to Nature and Human Skill

Man must improve upon Nature in the production of super-fine tea like Lanka. The finest grades of British grown tea from the hill gardens of Ceylon are blended with scientific skill to produce the exquisite Lanka flavor.

This flavor is unique, a revelation—you have never tasted such wonderful tea. The aroma is captivating, its flavor, sparkling rich color, proclaims quality. You don't know how good tea can be until you have enjoyed Lanka.

Yet Lanka is a popular priced tea, costing but 75 cents a pound. This is possible because it is imported direct from the Island of Ceylon via Vancouver, Keystone Canadian port for the Orient, which saves import duty and freight charges.

Your grocer has this super-fine tea. Order a package of Lanka Tea today.

THROW LIGHT UPON THE EARLY DAYS IN ASIA

New York, July 8.—Archaeologists have long remarked the absence of the name of the city of Damascus in the thousands of clay tablets of biblical and pre-biblical records already found in digging in the ruins of the East. Professor Albert T. Clay, curator of the Babylonian collection at Yale University, says of this in his "Empire of the Amorites": "It could scarcely have been other than a city of the greatest commercial and historical importance in the earliest period of the world's history." There is an old Arabian saying that the first two cities to be rebuilt after the flood were Harran (Ammun) and Damascus, showing that both were known by the Arabians as very ancient cities.

Clay identifies Mash and Ki-Mash in numerous inscriptions found of the King Gudea, and in the date formula of the Ur dynasty as the ancient name of the city. "It is highly probable," he says that Meanes in the Old Testament (Genesis 15:2) is the same, namely, Mashul. Many years of laborious work over these uniform remains are often needed to identify localities and things as we know them, by their very ancient names. But Damascus is here placed as far back as 3000 B.C.

Allepo, scene of Allenby's triumphs in 1918, is an ancient spot. Scholars have long considered Hailappi, also written Halman and Helma, on the old bricks, as one with Allepo.

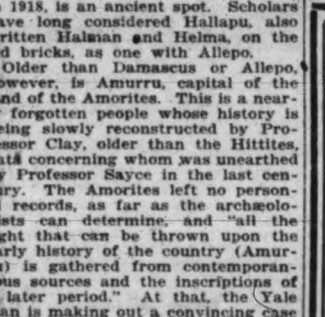

Older than Damascus or Allepo, however, is Amurru, capital of the land of the Amorites. This is a nearly forgotten people whose history is being slowly reconstructed by Professor Clay, older than the Hittites, data concerning whom was unearthed by Professor Sayce in the last century. The Amorites left no personal records, as far as the archaeologists can determine, and "all the light that can be thrown upon the early history of the country (Amurru) is gathered from contemporaneous sources and the inscriptions of a later period. At that, the Yale man is making out a convincing case for the importance and antiquity of Amurru.

In the Zone Finance Office a letter was received inquiring about a bond which the soldier had purchased. His letter was rather incoherent and the office was unable to identify the case. So a letter went back to the soldier asking for more information and incidentally inquiring whether it was a convicted bond.

"Now the bond wasn't converted," wrote back the soldier, "and I don't want it messed up in religion class. You just send it on to the 'New York Evening Post'."

Lawson Holds Tacoma to Three Singles and Wins

Two Errors By Vaughan Assist Victoria in Shoving Two Runners Across Plate; Brown Continues Good Work With Willow; Land Getting Kinks Out of His System.

Victoria, 2; Tacoma, 0.

Lawson awoke from his slumbers at Tacoma yesterday long enough to pitch nine innings and win a ball game. It was his second victory over the Tigers this week, which proves that some one must be sticking pins in him every time he gets tired and wants to lay down.

Yesterday he was in superb form and let the Tigers down with three little scratch hits. Lawson has the stuff if he wants to use it, but the home fans have very seldom had an opportunity to see him display very much of it.

A Pitcher's Battle. Hovey went eight innings for Tacoma and he only granted the Capitals four hits, but these with two bobbles by Vaughan, gave Victoria two runs which won the game. Victoria's first run came in the seventh, Neighbors scoring on Leard's blazing two-bagger. In the eighth Elliott walked and scored on a line drive by Brown.

"Toots" Brown continued his destructive work with the willow. He has been the most effective man at bat this week, and is just about with in the select 300 circle. Yesterday Brown got half of Victoria's hits, cracking out two singles in four trips to the plate.

Cunningham caught yesterday's game due to the fact that Land is not yet in perfect shape. Cunningham is playing better ball now than he has done all season, and his pegging to the bases has improved wonderfully.

Land, however, will be the regular fixture behind the plate as soon as he works out a few kinks that are in his system.

Neighbors continues to romp around in centre-field. He had nothing to show for his day at the bat, but there were a lot of others like him.

Yakima is still leading the league by one game. They are playing Seattle this week, and are taking every game, which prevents the Capitals from overhauling them.

The box score of yesterday's game follows:

Table with columns: Victoria, AB, R, H, PO, A, E. Rows for Elliott, Church, Leard, Carman, Dempsey, Neighbors, Cunningham, Lawson.

Table with columns: Tacoma, AB, R, H, PO, A, E. Rows for Davis, Vaughn, Brown, Carman, Graham, Anfinson, Peppin, Bourq, Kierstead, Hovey, Killenz, Stevens.

Totals: Victoria 31, Tacoma 21. Score by innings: Victoria 0-0-0-0-1-0-2, Tacoma 0-0-0-0-0-0-0.

Summary: Stolen bases—Vaughn, Brown. Sacrifice hit—Church. Two-base hit—Leard. Double play—Dempsey (unassisted). Left on bases—Victoria 7; Tacoma 5. Four hits, 2 runs off Hovey in eight innings; no hits, no runs off Killenz in one inning. Charge defeat to Hovey.

Struck out—By Hovey, 3; by Lawson, 3; by Killenz, 0. Bases on balls—Off Hovey, 1; off Lawson, 1; off Killenz, 1. Hit by pitched ball—Elliott and Dempsey by Hovey. Time of game, 1:35. Umpire, Held.

BIG FIELD MEET AT STADIUM SATURDAY

St. Andrew's and Caledonia Society Has Grand Programme of Events

The St. Andrew's and Caledonia Society will hold sports meet at the Stadium to-morrow, and it is expected that this will be one of the most interesting and successful events of its kind ever staged in Victoria.

The prizes to be competed for are all very fine ones, and amongst others is a handsome cup donated by the Comrades of the Great War for the winner of the one-mile race. For the best all round athlete of the day, a splendid piece of silverware has been donated by the Army and Navy Veterans' Amateur Athletic Association.

Marathon Race. One big feature of the sports will be the five-mile marathon race which will be run from the Public Library on Yates Street via Government and Belleville Streets, along Dallas Road, through Beacon Hill Park and back to the Stadium, competitors going twice round the Stadium track. Harwood, the famous local marathoner, has entered in this race.

There will also be a five-a-side football tournament, in which competition seems likely to be very keen. The football games will be refereed by Dave Pyrie.

Many Vancouver athletes are competing over for the meet. The sports will commence at 1.45 p.m. sharp.

The Programme. The events to be competed for are as follows: Five-mile road race through city, finish at Stadium. Football match, five-a-side, seven minutes each way, corners to count. Race, boys (10 years and under). Race, girls (10 years and under). Putting the shot. 100 yards dash. One mile bicycle race. 220 yards dash. Throwing the 16-pound hammer. One mile race. Wrestling (catch-as-catch-can style). Three-mile bicycle race. Running long jump. Obstacle race. 440 yards dash. Quarter mile bicycle slow race. One mile relay race. High jump. Forward and backward race. Tug-of-war (seven a side).

Dancing Competition. Highland Fling (boys and girls, 16 years and under). Batting—Horseshoe (boys and girls, 16 years and under). Irish jig (boys and girls, 16 years and under). Sword dance (open). Highland Fling (open). Reel 'O' Tulloch (open). Bagpipe Competitions. Marches (open). Strathspeys and reels (open). Marches. Strathspeys and reels.

Costume Competition. Best dressed Highlander; prize, medal. Best dressed girl in Highland costume. Best dressed boy in Highland costume. Entrance fee for the above events 25c. each event.

Confined Athletic Events. Married ladies' race (local members). 100 yards dash, gents (local members). Single ladies' race (16 years and over, open). Race, boys (14 years and under). Race, girls (14 years and under).

Other Events. 100 yards dash, gents (local members). Single ladies' race (16 years and over, open). Race, boys (14 years and under). Race, girls (14 years and under).

American Racquet Weilders Victors. Johnston and Tilden Defeat French Players For Right to Meet Holland.

Eastbourne, Eng. July 9.—William M. Johnston, of California, defeated Andre Gobert, of France, in the first singles match between the French and American Davis Cup tennis teams here to-day. The score was 6-2, 8-6, 6-3.

The match which was interrupted yesterday by a rainstorm, was resumed under much better conditions to-day.

When play was suspended yesterday, Johnston led Gobert 4-3. He maintained the advantage to-day and won the first set without losing another game.

William T. Tilden, of Philadelphia, won the second singles tennis match here to-day from William H. Laurents, of France.

Holland reached the finals in the Davis Cup elimination contests last month by defeating the South African team. The winners in the Franco-American matches will meet the representatives of Great Britain at Scarborough July 15, 16, and 17.

The winners in these contests will play Holland's team for the right to meet Australia, present holder of the cup.

Victoria May Land Next P.N.W. Golf Tournament

Contest Between This City and Portland; C. S. Beattie, of Vancouver is New President; 36-Hole Matches to Be Played in Championship Events; Yesterday's Events.

Vancouver, July 9.—C. S. Beattie, Vancouver, B.C., is the new president of the Pacific Northwest Golf Association. His election came last night at the annual meeting of the organization. Other officers elected were Dr. Bert Minor, Portland, vice-president, and John H. Dreherax, Seattle, secretary. Each choice was unanimous.

With the new slate complete, the question of where the championship tournament of 1921 would be played came up for discussion. It was decided to leave the arrangements with a committee of three, consisting of Joe Swallowell, A. V. Macan and C. H. Davis.

From the tenor of the meeting the tournament will be held either at Victoria or Portland, with present indications favoring the Oregon city.

Went Longer Matches. "Dixie" Flaeger, Seattle, introduced a motion with the object of revising the methods of playing future tournaments, suggesting that eighteen hole matches be discarded in championship events with the exception of flights, in favor of thirty-six hole matches.

Delegates in attendance supported the motion, it being the general opinion that such a change would be conducive to maintaining interest in the various events under competition up to the last day of play.

A committee of three was appointed to draft the revisions. The committee consists of H. A. Flaeger, Seattle; C. H. Davis, Portland, and J. A. Rithet, Victoria.

The question of handicapping also came up for discussion, and this, too, was turned to a committee, to be appointed later with a view to adopting some standard system.

Vancouver, July 9.—Through a six-foot putt which Guy Standifer, of the Waverly Golf and Country Club, Portland, sank on the eighteenth at Burnaby yesterday afternoon, the Davis Cup, one of the real prizes of P. N. G. A. tournaments, passed from the Jefferson Park Club, Seattle, to the Rose City Golf Club, Portland.

The most exciting of any of the numerous climaxes that have been staged during the week. With the Waverly team one up at the turn, the Rose City team, led by Standifer, and Wilhelms and Stiel, Portland, Spira missed a two-foot putt and Guy Standifer on his putt pinged the result.

In Semi-Finals. When the third round in the amateur championship has been completed yesterday, Paul Hunter, Oakland; Rudolph Wilhelm, Portland; H. Chandler Egan, Portland, and Clark Spira, Seattle, are semi-finalists. Hunter will meet Wilhelm and Egan meet Spira in the semi-finals to-day. The matches will be of 36 holes order, as will be the finals, beginning Saturday morning.

In the women's championship third round yesterday Mrs. S. C. Sweeney, Jericho; Mrs. Mackenzie, Burnaby; Mrs. Arthur Watson, Vancouver, and Phepe, Shaughnessy, survived, and will enter the semi-finals Friday morning, the fixture being 18-holes match play. They, too, will play their final on Saturday.

In the third round of the amateur championship to-day the Hunter-Rosenblatt match was the most keenly contested of the four, Hunter winning by two shots out of three.

Rudolph Wilhelm, Portland, who has been in excellent form throughout the week, eliminated his fellow-townsmen, Corey Watson, by three and two. The pair were all square from the fifth to the ninth, Wilhelm winning the tenth, they halved the next two holes. Watson won the thirteenth and then Wilhelm took three straight, winning the match by three and two.

Egan Beat Bone. H. Chandler Egan, who is favored by many to win the final, had the distinction of putting Bob Bone, the hope of the home fans, out of the running. Egan was playing up to the form with which he has annexed championships before and won his round four and three to go.

Clark Spira, who will meet Chandler Egan to-morrow morning, won from Wilhelm, of Portland, by four and two. Spira played good golf all the way with the exception of his putting, his usual forte, but which he was not quite up to his game in the round this morning.

In the women's championship to-day Mrs. Sweeney maintained her triumphant march toward premier honors by defeating Mrs. Anderson. Miss Archer eliminated Miss Farris by five and three, and Miss Phepe won rather handsily over Miss Tidmarsh, who was off on her short game.

Vancouver, July 9.—One of the features of the P. N. G. A. championship tournament to-day will be the professionals' special, in which the leading 18 professionals, in accordance with their standing in the open championship, will engage in two-ball foursomes for a purse of \$1,500.

Bayly Hipkins Leaves Foundation Company

Executive Head Handled \$45,000,000 Worth of Contracts on the Coast in Three Years; Hustling Manager Has Great Record.

With the record of having handled \$45,000,000 worth of work on the Pacific Coast in three years, including the expenditure of \$13,000,000 in connection with the French shipbuilding contract at Victoria, \$7,000,000 of which was expended for equipment, machinery and supplies and the balance in wages, Bayly Hipkins has resigned as vice-president of the Foundation Company, the resignation taking effect July 1.

Mr. Hipkins proposes to remain in Seattle, where he has made his coast headquarters, and while he declines to discuss his future activities it is generally accepted that he will become associated with important enterprises on the coast in the very near future.

Mr. Hipkins arrived in Seattle July 7, 1917, as Pacific Coast manager of the Foundation Company, having charge of all its general contracting work, shipbuilding and other activities in the West, including the company's wooden shipbuilding yards in Portland, Tacoma and Victoria. As mentioned, he handled the expenditure of \$45,000,000 on the coast in his three years with the Foundation Company here.

Up to September, 1918, the Foundation Company maintained its purchasing department in New York City for its Pacific Coast activities buying all its materials, equipments and supplies there for ship construction in Portland and Tacoma, the ship contracts aggregating \$28,000,000. After a tour of all the Northwest industrial plants, Mr. Hipkins succeeded in having the company's purchases for its remaining Pacific Coast activities made on this coast with the exception of ship pumps.

Victoria Programs. The company's Victoria shipbuilding programme totalled \$13,000,000 and of that amount \$7,000,000 was expended on the coast for equipment, machinery and supplies. The purchases were made from 450 Pacific Coast houses, including 76 Seattle plants, the amount spent in Seattle being \$4,000,000. The purchases in Everett included 16 engines. In Seattle the company bought 10 engines.

Besides the \$28,000,000 for the Portland and Tacoma ships and the \$13,000,000 for the Victoria ships, the company's general contracting work in the three-year period totalled \$6,000,000 on the Pacific Coast.

Mr. Hipkins has been engaged in the engineering contracting business for the last twenty-seven years and in that period has handled work aggregating more than \$150,000,000 in cost, including the construction of subways, bridges, railroads, aqueducts and other undertakings. In handling the Foundation Company's shipbuilding activities on the coast Mr. Hipkins in his three years here travelled more than 120,000 miles, personally supervising the work in each plant and making himself closely acquainted with all the superintendents and foremen in the Portland, Tacoma and Victoria plants. NOTICE TO MARINERS

Mariners are herewith notified that the dredge King Edward is now working on the North Arm of the Fraser River at a point near the foot of Campbell Avenue, and will for some time be dredging from this locality to the upper end of the North Arm.

Mariners are herewith warned to take every precaution while navigating this water to avoid causing damage to the dredging plant or pipe line.

WANT CONCILIATION BOARD.

Prince Rupert, July 9.—As a result of a conference with the Mayor the longshoremen have expressed their readiness to resume work as soon as a conciliation board is appointed to inquire into their demands for a higher rate of pay, necessitated, they claim, by the high cost of living.

LIST OF DIRECTORS INCREASED BY ONE

Gen. R. P. Clark Added to Board of Victoria Shipowners, Limited.

Brigadier-General R. P. Clark was added to the Board of Directors of the Victoria Shipowners, Ltd., at the first annual meeting of the shareholders last night. The Board of Directors is now as follows: J. W. Spencer, Clarence Hoard, J. O. Cameron, Captain H. C. Hanson, William Meed, Captain M. D. Harbord, F. R. Pemberton and Brigadier-General R. P. Clark.

The report was accepted by the shareholders as satisfactory. The report contained reference to the terms of the agreement between the Victoria Shipowners, Ltd., and the Chelberg shipyard by which the company has the option of building three or four ships. This raised considerable discussion as to whether this might not be construed as a breach of faith with the public subscribing to stock on the understanding that four ships would be built, and with the Government, which had been asked to support the construction programme. The directors agreed to write in a position to assure the shareholders that there was no intention of building less than four ships, the provision in the agreement being merely to provide against any possibility of having to curtail the programme on account of excessive costs of materials or other circumstances in the future and with the consent of the shareholders.

First Annual Report. The report of the Board of Directors as submitted to the shareholders by the secretary-treasurer was as follows:

The agreement between your company and the Chelberg Shipyard was signed on the 19th of January, 1920, and under the terms of the agreement your company has the option of building three or four ships. Under the terms of the agreement which your company has with the Government is left to our option whether or not we will build three ships or four ships. This precaution was arranged to take care of any unexpected increase in the cost of construction or other eventualities which could not be foreseen.

The agreement with the Minister of Finance representing the Dominion Government was signed on April 10th, but we did not receive any funds from the Government until June 9th, when \$100,000 was telegraphed from Ottawa. As far as we can learn this delay was caused through the necessity of having the transfer of the business in connection with our agreement with the Government from the Department of Finance to the Ministry of Marine.

Marine Architect. After repeated representations had been made by your directors to Ottawa, the Government appointed a marine architect, Thomas McConkey, who arrived here about the 4th of June. Mr. McConkey's examination of the shipyard connected with the shipyard being entirely satisfactory he wired the Government accordingly.

As previously stated, we received \$100,000 from the Department of Finance on June 9th. Mr. McConkey has appointed H. A. Barnett, marine architect, of 550 Belmont House, city to the position of local supervisor for the Government, covering the construction of the wooden barges. Mr. Barnett assumed the duties pertaining to this position on June 22, 1920.

Owing to the delay in receiving the Government funds your directors were seriously embarrassed for a time in regard to placing orders for material, as we were not in a position to pay for them, having taken care of all previous financing in connection with the construction of the vessel with our own funds. Consequently your directors were obliged to defer ordering large quantities of lumber and other material until the Government's money was received. Some unavoidable delays have therefore been caused at the Chelberg Shipyard during the last three weeks in the construction of the ships, but your directors are hoping that within the next ten days large quantities of lumber and other material which have been ordered will be on the ground, enabling the shipyard to largely increase their present staff of workmen.

Employment Situation. In this connection your directors would like to point out that all workmen who are employed in the shipyard are appointed through the Dominion representative of the Provincial Government, Employment Agency, on Langley Street. This is a condition imposed on us by the arrangement with the Government, and has been found to work very satisfactorily. Under the terms of the agreement with the Minister of Finance, 60 per cent of the men employed at the shipyard have to be returned soldiers, and the company is seeing to it that the agreement with the Government in this respect is carried out.

Your directors are glad to be able to inform you that we have had no labor troubles of any kind since the construction of the ships commenced, nor do we anticipate any.

Allotments. In order to get the advances from the Government regularly, it is imperative that the money from the company's shareholders covering the various calls since allotment should be paid when due, and your directors would much appreciate your cooperation in this respect. There are only two further payments to be made by shareholders on their subscriptions, viz., 20 per cent on July 14, and 20 per cent on August 14. It is hoped that payments will be made promptly, so that the company's financing will not be embarrassed at any stage of construction. Your directors wish to expedite the building of the ships as much as possible during the next four months. As soon as each of the vessels is launched, advantageous charters can be obtained immediately, and your directors, therefore, ask the cordial support of all shareholders in pressing the work of construction forward to a successful completion.

DIFFERENT THEN. "Talk is cheap," she said. "Not if you say it with flowers," he replied.

TO CONTINUE SALVAGE OF GOLD FROM S. S. LAURENTIC

Londonderry, July 9.—Efforts will be resumed this summer to recover the £4,000,000 of gold still lying in the wreck of the British auxiliary cruiser Laurentic, which was sunk by a mine off the mouth of Lough Swilly in January, 1917, while on her way to New York. The bullion is in bars, each of which is worth £1,500. Another £7,000,000 in gold was carried aboard the liner when she was sunk. It is estimated that about £3,000,000 since has been recovered.

Up to now the weather has been unfavorable and, as the wreck lies in an exposed position, the salvage work can be done only in the finest weather. It is expected that some blasting will be necessary to get at the compartments in which the gold was carried. The work is being done by the Racer, a salvage ship.

CHICAGO MARU AT DAYBREAK MONDAY

The Osaka Shosen Kaisha liner Chicago Maru will reach Wharf Head at daylight Monday morning, according to the latest wireless from seaward. The vessel has 645 tons of cargo and 174 bags of mail for discharge at this port. She will also disembark thirty-nine steerage passengers here. For Seattle the liner has nine cabin and ninety-five steerage passengers.

ALTA WILL SHIFT TO GENOA BAY TO LOAD

Barquentine Conqueror, Now Due in Port, Left Honolulu Ahead of Her

The barquentine Alta, which made port yesterday from the Hawaiian Islands, will shift from the Royal Roads to Genoa Bay to load a cargo of lumber for South Africa.

It was expected that the vessel would be hauled out here, but it is now understood that she was docked while at Honolulu. The Alta is owned by C. Henry Smith, of San Francisco.

Captain P. Eidsvåg, master of the Alta, states that the barquentine Conqueror sailed from Honolulu several days ahead of the Alta.

The Conqueror is due to be dry-docked for cleaning and painting following her arrival here. Later she will go to the Fraser River to load lumber for South Africa.

Captain Eidsvåg is a native of Norway. He has been skipper of the Alta several years, having taken over the command of the sailing craft following the death of Captain Thorsnael.

GOVERNMENT FLEET FOR PACIFIC ROUTES

Sixteen Ships For Operation Out of B. C. Ports, Says Eastern Report

Vancouver, July 9.—According to plans which became known in Vancouver yesterday, it is understood that within the next six months the Canadian Government merchant marine will have a fleet of sixteen large steamers, aggregating more than 150,000 tons, operating on transpacific trade routes.

Twelve ships, already built or under construction on this coast, will form the chief part of this fleet, and the remainder will probably be taken from the Atlantic trade routes. The directors of the Canadian Highlander line will have a fleet of sixteen large steamers, aggregating more than 150,000 tons, operating on transpacific trade routes.

Five ships, Canadian Importer-Canadian Exporter, Canadian Inventor and Canadian Prospector, all Coughlan vessels, together with the Victoria-built Canadian Winner, will make up the Canada-Australasian service.

Seven ships will go on the Vancouver-China-India run. They are the Canadian Traveller, now completing at Victoria, the Canadian Highlander and Canadian Skirmisher, building at Wallace's, the Canadian Transporter and Canadian Freighter, building at Prince Rupert.

OLYMPIC'S LIST. New York, July 9.—The largest number of cabin passengers leaving this port for Europe on one steamer this year, 2,345 in all, sailed yesterday for Cherbourg and Southampton on the Olympic.

There were 730 passengers in the first class and 515 in the second class, with 1,000 additional third class, a total of 2,245.

The Olympic's first east-bound trip since she was fitted for passenger service. During her stay in port, the big liner has been crowded with a large number of local marine men, who declare that in the matter of comfort and luxury, she represents the last word in ocean travel.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in growing measure cases of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing by formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning burning sensation known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the contents of the stomach and to neutralize the acid and make it bland and harmless, a teaspoonful of burdock magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid such as bisulphate of magnesia which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly. Magnesia comes in several forms, so be certain to ask for and take only Bisulphate of Magnesia, which is especially prepared for the above purpose.

AUDIENCE IS MYSTIFIED.
Dr. Edward K. Earle bewildered his audience at the Avenue Theatre, Vancouver, by a display of remarkable psychic powers, and incident-

ally made the prophecy that Governor Cox, of Ohio, would be the next President of the United States. Unlike some seers who make theatrical tours, Dr. Earle is a scholarly lecturer and prefaces his performance with an ad-

dress of a most illuminating and instructive character in which he goes carefully over the field of psychic research and tells of the achievements of different well-known psychics such as Sir Oliver Lodge and William T. Stead.

Questions were called for and were answered not only with alacrity but, as the questioners admitted, with remarkable accuracy. These replies would indicate that Dr. Earle went further than the mere question, but that in framing his reply was enabled to grasp a whole group of circumstances surrounding the question. What this strange power possessed by Dr. Earle is a question for somebody else to solve, but it must be said that he furnishes food for serious thought in a very entertaining even if bewildering fashion.

DOMINION

Wallace Reid's new picture, "Excuse My Dust," which is the attraction at the Dominion Theatre this week, is an exciting automobile story and is the sequel to the handsome star's former success, "The Roaring Road." It is therefore fitting that the same screen favorites should support Mr. Reid in both vehicles. The leading woman is again Ann Little, who is one of filmdom's most popular actresses. Cast as "Toodles" Walden's sweetheart in "The Roaring Road," she figures as his wife in "Excuse My Dust." Theodore Roberts is once more the "Bear" and "Toodles" boss, Tully Marshall, Guy Oliver, and Walter Long are also included in the cast.

"Excuse My Dust" was adapted by Will M. Ritchey from an original magazine story by Byron Morgan. It is a Paramount Artercraft picture, and was directed by Sam Wood.

VARIETY

"Miss Corinne Griffith, star of Vitagraph's new picture, "The Bramble Bush," brings to the screen in this production a remarkable collection of gowns. The young woman, with the same diversity as she applies to her apparel, also portrays a dozen distinct phases of character. This picture will be shown at the Variety Theatre again to-day. The star makes fourteen changes of costume for the film. In the first stages of the story she appears as the ingenious young creature fresh from the South, untaught in the ways of the world. As the story progresses she advances from step to step through the upward climb to society. Each of these various mileposts of progress is punctuated with newer costumes. Miss Griffith has the reputation of being one of the most delightful beauties on the screen. She also has distinction for the good taste she employs in designing her costumes.

COLUMBIA

Maurice Tourneur has a penchant for the sea. In "The White Heather" and "The Life Line" he demonstrated his unusual ability to produce thrilling scenes of the ocean in its varying moods on the screen. Now he has taken one of the most famous stories of all times, Joseph Conrad's "Victory," and used it as the basis of a motion picture that portrays in vivid detail the tale of love, adventure, and revenge in the South Seas. It is a Paramount-Artercraft picture and will be shown during the week at the Columbia Theatre. Mr. Tourneur lives to deal with mankind in the rough. dives on the wharves of London are well known. "Victory" has given him the opportunity of making a picture exclusively with characters who love passionately, see red when they hate, and are quick with the trigger and knife. Life among the European wraiths who have drifted to the South Seas reverts to the raw elements, and these are the materials out of which Joseph Conrad weaves his gripping stories and Maurice Tourneur his entertaining pictures. Jack Holt, Seena Owen, Lon Chaney and Wallace Beery are in the excellent cast.

PANTAGES

That modern vaudeville audiences are appreciative of good music has been demonstrated at the Pantages this week in the enthusiastic reception of Mme. Doree's celebrities. Mme. Doree has surrounded herself with a group of talented vocalists who resemble as nearly as possible, several of the world famous grand opera stars, such as Caruso and Melba, in both appearance and voice. On this account, she is able to offer imperfections of these stars which are faithfully artistic. The repertoire is well balanced, including several operatic selections and a good old Southern melody that is familiar to all. There are five other attractions on the current bill of Pantages vaudeville, including the charming performance of the "Douglas Dancers," superbly clever youthful actors who warm the hearts of the audiences by their delightful art.

general attractiveness, the piece lures its spectators, but by no means to destruction. It merely cajoles them into a vein of contentment caused by good entertainment. Dobson, himself is a light comedian who is funny without being forced. His methods are clean cut.

A comedy playlet is that of "Mrs. Wellington's Surprise," by George Kelly, with Lottie Briscoe, Jean Barrett, Frederic Sumner and Granville Bates will provide the piece of resistance in comedy situations which have not had greater impetus in a long time than this little play. The cast for this sketch is said to be exceptionally good. The piece is rollicking good fun with bright lines and a new but nevertheless, extremely funny situation.

Ralph C. Bevan and Beatrice Flint will offer a "slight interruption" according to their billing. Their songs are interrupted by talk, and the talk interrupted by song, both interruptions making a fast ten minutes. Their act is generally accorded much applause and is considered a big hit. Will Mahoney will offer his interpretation of "Why Be Serious?" Mahoney is a monologist and is said to be the best in his line of endeavor. Each word of his patter is a gem of truth, humor or wisdom, and every word is a stepping stone to a laugh.

Jerome and Newell will present "A Chinese Circus." Most people never having been to China will have to take it for granted that the antics of Jerome and Newell are those corresponding to their billing. Anyway Jerome and Newell promise to provide a large line of comedy which will go far towards rounding out a bill which ought to please Orpheum fans. Edna Showalter, who has gained a reputation as "the girl with a golden voice," occupies a niche in the vocal hall of fame. The range of her voice is three octaves and one full note from G below middle C. She has the prestige of having been a member of the Metropolitan Opera, the Russian Symphony and several other notable organizations. Her act should appeal to the music lovers of this city. Reo and Helmer will also make their appearance here as a standard Orpheum act, and the bill will be concluded with the usual orchestral offerings and educational pictures.

AMUSEMENT REGULATIONS PROMULGATED

Regulations governing the collection of the Amusement Tax are promulgated in the latest issue of the British Columbia Gazette. The regulations, which are brought into effect by an order-in-council, provide, among other things, that owners of amusement houses shall, on demand of any person purchasing the

MUTT AND JEFF

THE CLERK JUST GOT A COMPLAINT FROM ROOM 21. THAT'S MUTT'S ROOM. SINCE I'M A BELL HOP I SUPPOSE I'LL HAVE TO CALL HIM MISTER MUTT.

HERE I AM, MISTER MUTT. WHERE'S YOUR BAGGAGE? I'LL SHIFT IT NOW.

WHAT DYE MEAN, SHIFT MY BAGGAGE?

DIDN'T YOU MAKE A HOLLER ABOUT YOUR ROOM? WE'RE GONNA CHANGE YOU OVER TO ROOM 27.

BUT THIS ROOM IS OK.

I AIN'T KICKING ABOUT THE ROOM. IT'S THE FLIES I OBJECT TO, THAT'S ALL.

OH, I SEE.

LISTEN, BOSS! THE GENT IN NO. 21 IS SATISFIED WITH HIS ROOM, BUT HE WANTS THE FLIES CHANGED.

FAMOUS WRITERS. HERE
Celebrated Authors Conclude Cruise of B. C. Waters.

After a thirteen-day cruise about Vancouver Island and the Mainland, to secure special motion picture records and a series of stories on British Columbia, Charles H. Woolley, vice-president and general manager of The Sunset Magazine, San Francisco, passed through Victoria yesterday. Stewart Edward White and Wallace Irwin, the world-famous authors and their wives, and Leland J. Burrud, the well-known motion picture outdoor operator, were members of the party. The cruise was for the purpose of filming one of a series of motion pictures known as the Sunset-Burrud Pictorial which will be circulated all over this continent and in the Old Country. In addition, Mr. White gathered a great deal of information, which he will embody in some further stories of the out-of-doors like those that has made him famous. Mr. Irwin also will make good use of the experiences of the present trip.

So captivated is Mr. White by the scenic beauty of this country that he plans to return for another trip here next Summer.

During their short stay here, the members of the party conferred with J. G. Thompson, Publicity Commissioner of the Victoria and Island Development Association.

SUBMIT PLANS FOR HEALTH CENTRE

Saanich Council Will Invite Tenders For Proposed Building

On the consideration of the plans of the Saanich Health Centre in Saanich Council last evening, a motion was approved to have the specifications completed, and alternative tenders invited.

Major Spurgin, architect with Mr. Rice for the proposed health centre, explained to the Council the architect's plans for the Centre, which it is proposed to erect at the corner of Glenford Avenue and Saanich Road. Major Spurgin recommended tenders should be invited for alternative forms of construction. Construction he estimated at about \$23,000, ranging up for higher grades of construction, according to character.

A discussion occurred with regard to the advantage of hollow tile versus bricks, and the former was favoured as giving fire-proof outside construction.

It was stated that the plans have received the approval of the nurses, and the municipal committee. It was stated that the building would provide for the beds, exclusive of the emergency ward.

The alternative bids will be invited for brick hollow tile, and for half timbered wood.

NO ACTION TAKEN ON METER QUESTION

Debate Continues on Desirability of Installation of Water Meters

Again last evening Saanich Council dealt with the question of metering all water services. Councillor Henderson maintaining that the present conditions were subject to preference and partiality. Action, however, was deferred on account of the expense of installation.

The question was raised by Councillor Elm, who was able to show that a neighbor had a consumption, unmeasured, of perhaps 15,000 gallons per twenty-four hours.

"It is the only correct, fair way to carry on," contended Councillor Henderson, who submitted that the only fair way would be to meter every service, domestic and irrigation.

Councillor Dooley agreed with Councillor Henderson, while Reeve Watson did not agree that all services should be metered, though some should be so treated, he stated.

Answering a remark of one councillor, Mr. Dooley remarked that if the services on a single lot—straight house services—were left unmeasured, there would be about 400 services requiring to be metered in the municipality.

Under the present arrangement, he said, the position was very unsatisfactory.

Arrangements were announced for moving the large meter on the Burnside Road trunk Sooks main, and putting one in which will record properly. This is the meter which serves the whole of the municipality, in buying water from the city, the present one being condemned owing to defective registration. The City Water Commissioner has required the change to be made.

Reeve Watson was against any concession for the cost of replacement.

The Council agreed to a motion, provided the cost will be borne entirely by the meter company.

NEIGHBORLY TROUBLE

Differences With Regard to Stock on Wilkinson Road Subdivision Occupy Saanich Council.

A delegation before the Saanich Council last evening supported a petition signed by twenty-four persons from Wilkinson Road, complaining of the habits of a herd of cattle belonging to Oliver Lloyd.

A good deal of friction was generated by the deputation, the owner of the cattle denying they were unsanitary, declaring that they were housed in a sanitary barn, and that prejudice was behind the other side in lodging the complaint.

Mr. Lloyd ridiculed the petition adverse to him, declaring that he could get another one, equally strongly signed the other way.

The deputation developed into personalities, and accusations, which E. L. Scaife headed for the complainants and Mr. Lloyd for the defence.

A report from Chief of Police Brogan was read, from which the councillors gathered that a neighborhood quarrel had developed, and that Lloyd had a limited holding upon which he had a large dairy herd, an unsuitable location. Chief Brogan considered it for the size of the herd.

At the end of a long discussion the Council decided to have an amendment introduced to the Pound By-law, with regard to herding of stock.
