DISARMAMENT CONFERENCE MIDDLE OF 1925

REPORT DEFENCE LINE WEST OF SHANGHAI BROKEN CAUSE OF MUCH ALARM IN CITY

Kiangsu Troops Were Said to be Marching on City; Artillery Duel Heard by People There; Revolt of Third Chekiang Army Throws Burden of Defence on Gen. So's Army.

Shanghai, Sept. 19.—Reports that the Kiangsu forces seeking to capture Shanghai had broken the Chekiang army's line at Hwangtu, fifteen miles west of the city on the Shanghai-Nanking railway line, and were marching on the city caused new alarm in the outlying districts to-night.

Shanghai, Sept. 19, 3.30 p.m.—The revolt of the Third Chekiang Army defending Shanghai has thrown the force of the battle on the First Army under the command of General So Fong-Lin, the defence commander who is holding the lines west of Shanghai against the Kiangsu forces fighting for possession of the city.

Peking, Sept. 19.—An aeroplane attached to the forces of Chang Tso-Lin, Manchurian War Lord, To-day dropped bombs between two foreign ships anchored near the breakwater at Chinwangtao, Chihli Province. Neither vessel was damaged.

Shanghai, Sept. 19.—Reports from a council of war at the headquarters of General Lu Yung-Hsiang, Tuchun of Chekiang Province, said General Lu was inclined to surrender and demand peace parley, with foreign mediators in attendance. The peace proposal was overruled by General Ho, who said his troops were loyal and he would continue to maintain the defence to save the Woosung forts at the outer anchorage of Shanghai and the Kiangan arsenal at Lungwha.

Bentley posted at railway stations and other approaches leading to Luho, thirty miles northwest of Shanghai, to-day refused to permit the passage of foreigners, including police and press observers. FIRING WAS HEARD

This afternoon artillery firing was audible west of Shanghai, in the direction of Luho and Woosung, but there was no evidence of disorder or retreat in the defending lines.

General alarm was spreading to-day in the Nantoo and Chapai districts; thickly settled Chinese territory adjacent to the Shanghai foreign settlement, and a rush of refugees into the foreign quarter is expected.

TROOPS CLOSING IN Shanghai, Sept. 19.—That the Kiangsu soldiers were advancing on Shanghai was evident late this afternoon as the sound of gunfire came nearer and nearer. Definite information as to what was taking place on the front was lacking, however, due to the fact that all observers had been forbidden to go along the railway line.

An observer managed to penetrate this afternoon within twelve miles of Luho, on the Yangtze, thirty miles to the Northwest, where he saw continuous firing could be heard. Part of Luho, which normally is a town of about 8,000, was in flames.

It appeared that the Chinese defenders were holding their lines stubbornly in that sector.

BOMBS DROPPED Reports that four aeroplanes had been used by the invaders during the fighting to-day in the railway sector was confirmed. The air fighters, it is said, dropped bombs in the village of Nansiang, twelve miles from Shanghai, on the railway. The extent of the damage was not stated.

DEFENCE MEASURES Further preparations for defence were made to-night in the French concession and the international settlement. These included the raising of the French settlement, where most of the shops were closed and shuttered.

The existing defence organization, including men of the various navies landed, and the Shanghai Volunteer Corps, were strengthened by the arming of 1,500 Russians, who then were stationed at strategic points.

All the lesser bridges in the outskirts of the settlement have been removed, while to-night strong guards are on duty at all concrete structures. Thus prepared, Shanghai awaits developments.

DISASTER INQUIRY AT WYOMING MINE

Investigation Will be Started in Kemmerer When All Bodies Recovered

Funerals of Victims Held; Big Explosion Occurred on Tuesday

Kemmerer, Wyo., Sept. 19.—Bereft of thirty-nine of its citizens as a result of a big explosion Tuesday in one of its largest coal mines, Kemmerer to-day started the task of burying its dead while county officials awaited the recovery of eleven bodies from the shattered workings of the mine before launching an inquiry into the cause of the blast.

C.P.R. STOCK HELD BY GERMANY SOLD ON NEW YORK MARKET

New York, Sept. 19.—A block of 28,000 shares of stock in the Canadian Pacific Railway formerly held by the German Government has been sold on the New York market. The shares were part of a total of 58,000 shares held by Germany, the stock having been taken over by the Canadian Government under the Versailles Treaty. It is reported from Germany the sale was made at \$145 a share.

THREE LEADING SURGEONS ARRIVE

Eminent New Zealand Eye Specialist Here En Route to New York

Prominent Melbourne Surgeon and Detroit Medical Man on Board Niagara

Three leading medical men arrived on the liner Niagara this morning, Sir Henry Lindo Ferguson, Dr. H. B. Devine, and Dr. R. J. Hardstaff.

Sir Henry is dean of the Otago Medical School, in the South Island of New Zealand, and received his knighthood recently for his services to medicine education in New Zealand. He is a leading eye specialist, and is on his way to attend the annual meeting of the American College of Surgeons in New York.

Dr. Ferguson, who is accompanied by Lady Ferguson, is to receive a degree in medicine on his arrival. He is a leading practitioner at Dunedin.

As a result of the visit to the Antipodes of Dr. W. J. Mayo, of the famous Rochester clinic, Dr. Devine told The Times he had accepted the invitation to return the visit, and will read a paper on gastric surgery before the American College of Surgeons.

Dr. Devine is a specialist in abdominal surgery. He was overseas with the Canadian army for four and a half years. The doctor was confined to his berth, when seen by The Times representative, owing to an injury to a leg on board.

Dr. Devine says the medical profession in Australia very much appreciated the visit of Dr. Mayo's party early this year, and while their hospital practice is high, they learned several valuable suggestions from the visiting surgeons.

BARRISTERS MEET IN THE DALLES, OREGON

The Dalles, Ore., Sept. 19.—The Oregon Bar Association assembled here to-day in annual convention, Judge Fred Wilson of the Dalles presiding. Among the speakers were G. T. Leason, president of the British Columbia Bar Association, his subject being "Foreign Trade Contracts."

WASHINGTON CANDIDATE Tacoma, Sept. 19.—Col. Roland H. Hermy of Everett, was nominated for Governor of Washington in the recent Republican primary election by plurality of 1,721 votes over Senator E. L. French, Vancouver, according to official figures from county auditors in thirty-nine counties.

IS ONLY LAWYER IN EMPIRE BY ACT OF PARLIAMENT

Hon. Richard Dennis Meagher, Former Lord Mayor of Sydney, and Speaker of New South Wales Assembly, Fought Twenty-five Years to Secure Reinstatement as Solicitor; Here on Liner Niagara.

One of the most eloquent and remarkable men in Australia, whose name has been in the mouths of thousands who never saw him although in his public career as Speaker of the New South Wales Assembly and Lord Mayor of Sydney he has taken a leading public life of the Commonwealth, arrived here to-day in the person of Hon. R. D. Meagher, who passed through on the liner Niagara en route to California on a health trip.

The reason of Mr. Meagher's fame rested on a twenty-five year feud between him and the Law Institute of New South Wales, supported by certain judges of the state bench. Mr. Meagher, after a brilliant early career as a solicitor, was charged in 1895 with the offence of getting a guilty man released in a celebrated crime of that generation. He was convicted of conspiracy to keep the knowledge of guilt from persons whom the court said should have known, and although the newspapers unanimously supported the charge that the prisoner had not had a fair trial, Meagher was struck off the rolls, for his alleged share in the incident.

In subsequent years he made various applications to the courts for reinstatement, some of which were opposed, others unopposed by the Law Institute of the state, and eventually in 1920 he was successful, but the Law Institute after he had started in practice took the case to the High Court of Australia, and prevented the re-admission. During that time he rose rapidly in public life, but failed to shake the attitude of the Law Institute, and was subjected to acts of gross discourtesy and had brought when in his public offices he addressed the public.

Although the Soviet has not had an opportunity to survey and appraise the resources of the island the Government is prepared to lease it to Americans or others for development provided Russia give adequate participation in revenues. Much of Wrangel Island is barren, but other portions produce excellent furs and fish. It would have a certain value if an intercontinental railway between America and Asia should be built.

OCEAN G. SMITH ON WITNESS STAND

Gives Evidence in Own Defence on False Returns Charge

Toronto, Sept. 19.—Ocean G. Smith, former chief accountant of the Home Bank, charged with signing false, deceptive returns as to the condition of the bank and sending them to the Government, was on the witness stand again to-day in his own defence and was examined, at some length by his counsel, G. W. Shaver.

Smith was asked regarding John E. Kennedy, manager of the Toronto branch of the Home Bank from May, 1915, to January, 1916, who, on the witness stand, said he was suspended from his position in the bank in February, 1916, and resigned April of that year.

Asked as to what appropriations he had made, Smith replied he had made none. He had no authority to make any, he said.

In May, 1922, \$100,000 had been transferred from the head office contingent fund account to the Toronto branch, according to exhibit filed and defendant said this transfer had been properly recorded in his books.

Actual decisions as to appropriations, defendant added, were made by the general manager and entries were made as a result of the manager's decisions.

With regard to payment of \$30,000 to M. J. Hancy, former president of the bank, defendant said: "When first payment was made I was instructed by the general manager to open an account in the general ledger under the heading of M. J. Hancy, re Mercantile Securities." Colonel Mason told these payments were to be carried as assets of the bank because they would be eventually recovered by the bank through some interest in Halifax shipyards.

British Agreement With Mesopotamia Is Before Council of League Now

Geneva, Sept. 19.—Perala's protest that she had been excluded by Great Britain from legal privileges accorded in Mesopotamia to Americans, Europeans and Japanese was one reason why the Council of the League of Nations to-day postponed definite action on Great Britain's treaty with Mesopotamia.

Mesopotamia was placed under the mandate of Great Britain upon its severance from the Ottoman empire, but Great Britain preferred to substitute a treaty for the mandate system, the two countries under the treaty virtually entering into a military alliance, with Great Britain engaging to recognize the independence of Mesopotamia within four years and favor her admission to the League of Nations if the national progress should warrant such a step.

The Council was asked to-day by Great Britain to approve the treaty, but postponed decision pending a further study of the proposal.

AEROPLANE FLIGHT FROM PRINCE RUPERT TO TERMINAL CITY

Prince Rupert, Sept. 19.—Lieut. Earl Leacock, of the fisheries air patrol, left Prince Rupert at 7 o'clock this morning to fly to Vancouver.

CITIES TO GET \$308,750 FROM AUTOMOBILE TAX

Victoria's Share of Provincial Levy is \$30,036; Cheques in Mail Now

Greater Victoria to Receive \$46,323; Vancouver's Allocation \$90,913

Cheques totaling \$308,750, representing municipalities' share of the motor license taxes of the Province, were sent out to the cities and organized districts of British Columbia by the Finance Department to-day. Victoria's share of the levy is \$30,036, which is ear-marked for work on roads.

The largest cheque, of course, goes to Vancouver, as all the municipalities' shares are based on their population. Vancouver will receive \$90,913.

South Vancouver comes next with \$24,819, and next is Point Grey with \$15,512. New Westminster gets \$11,242.

Of the municipalities around Victoria, of course, Saanich benefits most from to-day's distribution. It will receive \$38,835. Oak Bay will get \$3,878 and Esquimalt \$3,490.

Greater Victoria's share of the motor tax is thus \$46,323.

PREPARED TO LEASE WRANGEL ISLAND

Soviet Government Would Demand Part of Profit of Development

Moscow, Sept. 19.—Soviet officials express satisfaction over the success of the expedition on armed transport Red October in planting the red flag on Wrangel Island and taking possession of the island on behalf of the Soviet Republic. They believe this action will settle the status of the island, which has been in dispute more than half a century. They regard it as an important base for a wireless station and supplies in the event of war.

It now develops that Great Britain recognized Russia's right to the island in recent negotiations in London.

Although the Soviet has not had an opportunity to survey and appraise the resources of the island the Government is prepared to lease it to Americans or others for development provided Russia give adequate participation in revenues.

Much of Wrangel Island is barren, but other portions produce excellent furs and fish. It would have a certain value if an intercontinental railway between America and Asia should be built.

Vancouver Man Badly Burned by Electricity To-day

Vancouver, Sept. 19.—William Oldroyd was probably fatally injured this morning while operating a transformer switch in the British Columbia Electric Railway Company's shops. All the clothing was burned from his body, which was terribly seared.

DENSE SMOKE CLOUDS FROM LASSEN PEAK

Redding, Calif., Sept. 19.—Lassen Peak, only active volcano in the United States, experienced an eruption early to-day. For hours long dense cloud smoke flowed away from the crater, volcanic ash covered the roofs like frost.

\$17,935,700 PRICE OF RAILROAD IN SOUTHWEST U.S.

Denver, Sept. 19.—Judge Symes to-day fixed \$17,935,700 as the upset price at which the Denver and Rio Grande western railroad should be sold. The road must be disposed of at auction within seventy days. It is expected the Missouri-Pacific and the Western Pacific Railroad will be the purchasers.

GENEVA SCHEME CALLS FOR ARMAMENT DISCUSSION TO COMMENCE BY JUNE 15, 1925

Draft of Agreement Drawn up by League of Nations Committee Provides That Arrangements Are to be Pressed Forward; Several Members of Committee Have Worked so Hard to Pave the Way That Their Health Has Suffered.

Geneva, Sept. 19.—The international conference for reduction of armaments provided for in the draft protocol submitted by Foreign Minister Benes of Czechoslovakia to the disarmament subcommittee of the League of Nations is to be summoned by June 15, 1925, according to statements by members of the subcommittee this evening.

Geneva, Sept. 19.—The work of framing the protocol on arbitration and security and preparing for the international conference for reduction of armaments has made the present meeting of the Assembly one of the most important in the history of the League of Nations and the labor entailed in preparing the way for the necessary agreements is making the delegates' life a strenuous one. Already this strenuous life has laid low several of the League's most intellectual laborers. Former Premier Briand of France is confined to his room with grip and digestive trouble. Lord Rarnor, head of the British delegation, has a bad throat and is scarcely able to speak, having overworked his vocal organs in unceasing discussion. Leon Bourgeois of France, already somewhat feeble with age, has had to curb his activities because of the danger of overdoing himself, and Dr. Combes de la Torriente of Cuba, has been obliged to relinquish his place on the subcommittee of twelve because of indisposition. Several others are also beginning to feel the strain of too close attention to duty.

Definite steps to settle the Vancouver watershed controversy, which has caused so much excitement in the mainland city, were taken by Hon. T. D. Pattullo, Minister of Lands, to-day with the formulation of a plan under which a commission of six experts would investigate the proposed sale of the Capilano watershed timber. This proposal is set out in a statement by the Minister, who adds bluntly, however, that the Vancouver authorities cannot intimidate him into any action which he considers unjust and that continual abuse and recrimination are not bringing the watershed controversy any closer to a conclusion.

Mr. Pattullo's statement follows: "Reports in the Vancouver press indicate that the Mayor of Vancouver proposes to ask for an explanation of the sale of six hundred acres of the Capilano watershed to private interests since the reserve of 1905. The items that have appeared in the press in this connection are based on a communication, according to the press reports, sent to the Property Owners Association, Vancouver. The instructions sent to the Property Owners Association, Vancouver, indicated very clearly just how and when the timber limits referred to were alienated, and the information was available before the publication of these reports.

"I cannot come to any other conclusion than that these reports are deliberately published for the purpose of creating an impression in the public mind that this Department, during the regime of the present administration, has disposed of timber limits within the Capilano watershed since the placing of the reserve of 1905.

"Let me say that the limits referred to as having been alienated since the reserve of 1905 with one exception were staked during the time that timber was open for staking in this Province during the McBride-Bowser administration. The only timber that has been disposed of since the present administration took office was the timber of the Capilano watershed since the placing of the reserve of 1905.

"The items that have appeared in the press in this connection are based on a communication, according to the press reports, sent to the Property Owners Association, Vancouver. The instructions sent to the Property Owners Association, Vancouver, indicated very clearly just how and when the timber limits referred to were alienated, and the information was available before the publication of these reports.

PATTULLO WOULD LEAVE WATERSHED ROW TO EXPERTS

Proposes Commission to Investigate Sale of Capilano Timber Immediately

Minister Warns He Will Not Be Brow-beaten Into Hasty Action

Definite steps to settle the Vancouver watershed controversy, which has caused so much excitement in the mainland city, were taken by Hon. T. D. FORGED TRADE MARKS BASIS OF CHARGE

Two Men in Vancouver Alleged to Have Had Dies For Whisky Labels

Vancouver, Sept. 19.—Robert Crosby, printer, and James J. Leader, printer, were arrested here charged with unlawfully forging trade marks, the police alleging they had in their possession dies of W. A. Gairnes and Company of Frankfort, Ky., manufacturers of "Old Crow Whisky," and of the manufacturers of "Johnny Walker Scotch Whisky." Both were released on bail of \$2,500.

MESSAGE FROM POPE READ AT MEETING IN U.S. CAPITAL

Washington, Sept. 19.—Imposing, colorful ceremonies which culminated in the reading of a letter from the Pope and an address by Cardinal O'Connell, Archbishop of Boston, marked the opening of the second convention day here of the Holy Name Societies of America.

Cardinal O'Connell read the pontifical dispatch. "Blessed is that people among whom is held in highest honor and in public devotion the Holy Name," the message said, "for surely that people will be enriched by celestial favors and will progress along the road to happiness. Now of your nation these things may be truly said, since from the time the Holy Name was established and propagated throughout America, chiefly through the zeal of some of St. Dominic, it brought in its wake signal blessings both for the Catholic religion and the civic welfare of the country."

DEATH SENTENCES FOR TWENTY-FIVE MEN IN RUSSIA

Moscow, Sept. 19.—The Supreme Court of Appeal has denied the appeals of twenty-five former officers of the Czarist army sentenced to death late last month in the criminal court of the Kuban District for counter-revolutionary activities. It is expected the officers, as a last resort, will lodge an appeal for extension of sentence or pardon with the Federal Central Executive Committee, the highest executive body in Russia.

The group includes Colonel Orloff and several Cossack officers. It was charged they returned to Russia last year from Constantinople and Paris on behalf of various anti-Bolshevik organizations for the purpose of organizing uprisings against the Soviet Government. They blew up railway stations, robbed people and killed a number of Communists, it is alleged.

POLITICAL DEATHS IN BULGARIA ARE EXCITING PEOPLE

Murders Are Result of Assassination of Macedonian Revolutionary Leader

News of Philippopolis Killings Caused Stories in Sofia to Close

Sofia, Bulgaria, Sept. 19.—Killing of members of the opposing sections of the Macedonian party in reprisals growing out of the assassination of Todore Alexandroff is continuing.

News that leading colleagues of Alexandroff had been killed at Philippopolis arrived here with a great mourning parade in Alexandroff's memory was being held. It had such an effect that the stores and offices were hastily closed and the business life of the city was completely suspended.

Alexandroff was assassinated August 31 by two members of the Macedonian revolutionary organization of which he was head. The slaying, it is alleged, resulted from dissension in the organization over the question of making an alliance with Bolshevik political organizations.

MOSCOW COURT REFUSES APPEAL OF FORMER OFFICERS OF CZARIST ARMY

Men Are Now Expected to Appeal to Central Executive Committee

Moscow, Sept. 19.—The Supreme Court of Appeal has denied the appeals of twenty-five former officers of the Czarist army sentenced to death late last month in the criminal court of the Kuban District for counter-revolutionary activities. It is expected the officers, as a last resort, will lodge an appeal for extension of sentence or pardon with the Federal Central Executive Committee, the highest executive body in Russia.

Walter was going to have a birthday party, and his mother insisted on his inviting, among others, a neighbor's boy with whom he had quarreled. He finally promised he would do so, but on the day of the party the neighbor's boy failed to turn up. Walter's mother became suspicious.

"Did you invite Charlie?" she asked. "Of course I did, mother." "And did he say he would come?" "No," explained Walter. "I invited him to come but I dared him to."

## COWICHAN EXHIBITION OPENS TO-DAY WITH FINE PRODUCE DISPLAY

(Special to The Times)  
Duncan, Sept. 19.—The Cowichan Agricultural Society's Annual Fall Fair is in progress in the Agricultural Hall, Duncan. In spite of the very dry season the number of exhibits was fairly well up to former years, and greater in a few cases. Garden produce, field crops and livestock were about the same as last year, and domestic science, ladies' work, art, photography and flowers are exceptionally good. The fruit division is poor owing to the lack of rain. The district exhibits as usual, prove a great attraction both to the public and to the decoration of the hall. There are three of these, and competition is keen.

Somenos was the winner last year with 2,008 points out of a possible 2,750, with Cowichan a close second with 2,225 points.  
The post office has a very useful booth, containing all kinds of information as to the right and wrong way of addressing letters and parcels.  
The Cowichan Women's Institute again has a splendid exhibition of women's work of all kinds.  
R. M. Palmer's (Cowichan Bay) showing of gladioli, as usual contains many varieties, and is a veritable feast of color.  
Crossland Bros. have a wonderful showing of flower and vegetable seeds of many kinds.  
H. H. Bazett took all prizes for potatoes in all classes for which he entered, and both "collections of vegetables" were far above the average.  
There was no "Better Babies" section this year.

### ENTERTAINMENTS

The principal features for entertainment were log sawing and log chopping contests, and tug-of-war contests between teams from various districts.  
In the main ring the riding and jumping events were held and judging of light horse classes. Horses from Nanaimo and Ladysmith were entered.  
The music supplied by the Nanaimo Silver Cornet Band, champion band of British Columbia, on Saturday afternoon will be a great treat, and this band, consisting of twenty-five pieces, will also play for the dance during the evening.  
JUDGES  
Owing to the illness of N. Grimmer, Pender Island, who was to have judged the cattle, sheep and pigs; Dr. W. T. McDonald, livestock commissioner, Victoria, judged the Jersey cattle and pigs; W. H. Hicks, Agassia, the Holstein cattle, and H. Smith, Sandwick, the sheep.  
The other judges were: F. B. Pemberton, Victoria, flowers; Mrs. Sweeney and G. W. McGill, Victoria, art; W. Hagar, Victoria, eggs and poultry; H. P. Alberry, Sandwick, and B. Hoy, Kelowna, fruit and vegetables; C. Tice, Victoria, field crops; J. Graham, Graham, Victoria, horses; P. H. Butler, Hilliers, goats; C. W. Kipp, Kamloops, and Mrs. M. B. Randle, Nanaimo, domestic science and women's work.  
Nearly 190 special prizes have been given besides the ordinary ones given by the society.

A partial list of prize winners is as follows:

### NATIVE DAUGHTER OF NANAIMO WED

Miss Dorothy Weeks Becomes Bride of Alfred Erickson

Special to The Times  
Nanaimo, Sept. 18.—In the midst of beautiful floral decorations, with white asters artistically combined with trailing smilax and beneath an arch of mauve and pink asters, the wedding of Dorothy Thelma, only daughter of Mr. and Mrs. Thomas Weeks, Heate Street, and a native daughter of this city, and Mr. Alfred Erickson, eldest son of Mr. and Mrs. Erickson, of Norway, and superintendent of the Giant Powder Works, Nanaimo, was solemnized in St. Paul's Church yesterday afternoon.  
Mr. L. Erickson, brother of the groom, acted as best man, while Miss Elizabeth Dand supported the bride. Two little tots, Miss Audrey Dunsmore and Thelma Fee, made pretty flower girls. They carried baskets of rose petals which they scattered in the path of the bride and groom as they left the church. During the signing of the register, Miss Jean Patterson sang "My Prayer." Rev. M. Bolton of Cedar performed the ceremony.  
A reception was held at the home of the bride's parents, Heate Street, which was attended by one hundred guests.  
The gift of the groom to the bride was a fitted traveling case, to the bridesmaid a string of pearls, to the ushers, Jack Weeks and Reggie Murphy, gold penknives, to the best man a diamond stickpin, to the flower girls, necklaces, and to Miss Patterson gold and pearl earrings.  
The newly married couple left by motor for Victoria en route for Southern California and Mexico, where the honeymoon will be spent, after which they will reside at Powder Point.

The happy couple left on the 1 o'clock boat for Vancouver after which they will spend a holiday motoring on Vancouver Island, the bride's traveling costume being a black and white sport outfit. Upon their return Mr. and Mrs. Erickson will reside at Ladysmith. Among the out-of-town guests who attended the wedding were Mr. and Mrs. R. P. Battie, Mr. and Mrs. Thos. Battie, Mrs. A. Battie Sr., Mr. and Mrs. A. A. Moore, Mr. and Mrs. C. J. Moore, Nob Hill, Comox, was united in matrimony to Albert, youngest son of Mr. and Mrs. A. Battie, Victoria Road, Ladysmith.

### LADYSMITH FIRE PROTECTION MOVE

R. P. Battie Appointed as Paid Chief; Forest Fires at Several Points

Special to The Times  
Ladysmith—R. P. Battie has been appointed as fully paid fire chief of the city of Ladysmith, his duties to commence October 1.  
Fires are still raging around Ladysmith, a fresh one broke out in the vicinity of Stocking Lake and is advancing, aided by strong winds. This week this week not seem to have any effect on the fire at all. The other fire in the Brentens district burned on either side of the old Island Highway and made travel on that road extremely difficult.  
Edgar Dalley is building a pretty little bungalow on Victoria Road, the designers and builders being Messrs. Curley Bros. of Ladysmith. This section of the town is rapidly becoming the most desirable residential part of the city.

### GUN ACCIDENT ON SALT SPRING ISLAND

Young Man Injured When Companion Stumbled and Weapon Discharged

Special to The Times  
Ganges—Eddie Reynolds of Beaver Point, Salt Spring Island, was accidentally shot in the arm and shoulder at noon on Wednesday with buck shot. His friend, Frank Downie, was following behind him when he tripped and fell, the gun being discharged and six or seven shots entered Mr. Reynolds's body. He is now in the Lady Minto Hospital.  
Four shots passed through his arm, one grazed his neck and one the side of his head. Dr. E. H. Lawson was called and was able to remove all the bullets but one, which is deep in the shoulder.  
As both boys are residents of Salt Spring Island the citizens were pleased to learn there were no more serious results from the accident.

### MISSIONARY ADDRESS

The Women's Auxiliary met in the L.O.D.E. rooms on Wednesday afternoon. It was an open meeting for members and friends. Rev. A. V. Collins addressed the meeting on his missionary work in India, his remarks being very interesting. He explained in detail the work of secular teaching as well as sacred teaching.  
The auxiliary members are planning a series of musical social afternoons during the winter months at the various members' homes.

### Baseball Club Hold Series of Dances

Special to The Times  
Nanaimo, Sept. 18.—The Nanaimo Baseball Club, commencing on Saturday night, will hold a series of dances which will probably extend throughout the winter months. The club is taking this means of creating a fund for the purchase of new uniforms for the next season.

### GYROS DEFEAT ROTARY

The local Gyros yesterday afternoon defeated the Rotary Club at a baseball game by 22 to 12. The game was played on the Central Sports Grounds and provided plenty of amusement for both spectators and players.

### OFFICERS ELECTED

Special to The Times  
Nanaimo, Sept. 18.—The Young Ladies of the Wallace Street Methodist Church were entertained Monday evening at the parsonage, when a reorganization of the Young Ladies

Club took place, the following being elected to office for the ensuing term: President, Mrs. Ludwick Jones; vice-president, Mrs. Hugh Dixon; recording secretary, Miss Lillian Campbell; corresponding secretary, Miss Nellie Booth; treasurer, Miss Mabel Murray.

### PRETTY WEDDINGS AT LADYSMITH

Nuptials of Mildred Moore to Albert Battie and Irene Smith to Henry Mitchell

Ladysmith, Sept. 18.—A very quiet but pretty wedding was solemnized by Rev. Father Beaton at the Roman Catholic Church, Comox, on Wednesday, when Mildred, eldest daughter of Mr. and Mrs. C. J. Moore, Nob Hill, Comox, was united in matrimony to Albert, youngest son of Mr. and Mrs. A. Battie, Victoria Road, Ladysmith.  
The bride entered the church on the arm of her father, who gave her in marriage and was charmingly attired in a French gown of silver grey Canton crepe, heavily beaded, and a grey picture hat to match. She carried a shower bouquet of pink and cream rosebuds. The bride was attended by her sister, Miss Irene Moore, and Miss Edna Steele of Victoria, who wore becoming gowns of mauve and peach brocaded taffeta with hats to match and carried bouquets of pink and mauve asters.  
The groom was supported by Mr. Alex. Strang of Ladysmith, a teammate on the Ladysmith Football Club. The wedding march was played by Mrs. Cecelia Smith and during the signing of the register Mrs. Wilfred Pollock sang "Because."  
Following the ceremony a wedding breakfast was held at the home of the bride's parents at Nob Hill, the room being prettily decorated in mauve and pink. The groom's gift to the bride was a gold wrist watch, to the bridesmaids gold bar pins and to the best man gold cuff links. The bride's gift to the groom was a silver cigarette case.  
The happy couple left on the 1 o'clock boat for Vancouver after which they will spend a holiday motoring on Vancouver Island, the bride's traveling costume being a black and white sport outfit. Upon their return Mr. and Mrs. Battie will reside at Ladysmith. Among the out-of-town guests who attended the wedding were Mr. and Mrs. R. P. Battie, Mr. and Mrs. Thos. Battie, Mrs. A. Battie Sr., Mr. and Mrs. A. A. Moore, Mr. and Mrs. C. J. Moore, Edna Steele and Miss Irene Moore of Victoria.

The First Presbyterian Church, Ladysmith, was the scene of a very pretty wedding on Wednesday at 11.30 a.m., when Edith, youngest daughter of Mr. and Mrs. George Smith, became the bride of Henry, son of Mr. and Mrs. H. Mitchell.  
The church was beautifully decorated with asters and carnations and the bride entered the church on the arm of her father, who gave her in marriage, the ceremony being performed under a bell of pink and white asters suspended from an arch of ivy.  
The bride was becomingly gowned in an ivory silk crepe de Chine dress with pearl trimmings and embroidered tulle veil attached to her hair with a wreath of orange blossoms. She carried a shower bouquet of Ophelia roses and fern, and was attended by her sister, Mrs. D. S. Gourlay, as matron of honor, attired in a dress of grey silk Canton crepe accented with panels of silk and velvet hat and carried a shower bouquet of pink and mauve sweet peas.

The groom was supported by his brother George, the ushers being D. Gourlay and George Smith Jr.  
The wedding march was played by Mr. Joseph Little and during the signing of the register Mr. Dobbinson of Chemainot sang "Because."  
Following the ceremony a reception was held at the home of the bride's parents on Methuen Street, the rooms being prettily decorated with pink and white gladiolas, a buffet luncheon being served by Misses Josephine O'Connell, E. Wenning, Joan Joyce and Margaret Greenhorn.  
The happy couple left later by car for Nanaimo en route for Vancouver and other coast cities, the bride traveling in a suit of navy tricotone with fawn hat.  
The groom's gift to the bride was a silver mesh bag, to the matron of honor a garnet ring, groomsmen a stick pin, Mr. Dobbinson a gold pen, and to the ushers a watch. On their return from their honeymoon Mr. and Mrs. Mitchell will reside at Bayview Road, Ladysmith.

### DEVELOPMENTS IN SAYWARD VALLEY

Work Will Be Started on New Government Wharf Within Two Weeks  
Sayward Valley is looking ahead. Crops have been good and many developments are well under way, states J. E. Armishaw, secretary of the Sayward Progressive Agricultural Development Association, declared to be the most active organization on the island, who, in company with L. Knutson, treasurer of the association, is in Victoria to-day on business connected with the annual show to be held September 30.  
The Provincial Government is making rapid progress with the construction of the new bridge, making the third crossing across Salmon Arm. There is a big gang of men on the job and when it is completed it will solve the bridge problem for many years to come.  
The Federal Government has received tenders for building a wharf which will cost in the neighborhood of \$15,000 at Sayward Landing. The wharf is urgently needed. Tenders closed on September 15 and contractors anticipate that the contract will

be swarded and work started within the next two weeks.

### GOOD CROPS

It has been a very successful crop year, Mr. Armishaw stated. "Hay was a little light but there has been no shortage of anything in the valley. The fruit crop has been large and there is a plentiful supply of apples, pears and plums. Sayward's one great need now is to be linked up with the Island Highway. It is needed for the social life of the community and to bring new settlers."  
"This is the motor transportation age now," said Mr. Armishaw, "and it is hard to develop as long as the only means of communication is by mule. We want to see the road through so that we can come direct to Victoria and help build up the trade of the Island. At present we have to go to Vancouver to get to Victoria."  
The Government has done a lot of work on the highway this year spending probably \$4,000 on extensions coming from the Sayward end towards Campbell River and it will eventually connect with the Campbell River Road making a direct link of the highway.  
Mr. Armishaw and Mr. Knutson have met with success in their efforts to secure support for the show. In half a day's work they secured a gold medal, silver cup, bronze medal, cash donations, several subscriptions from the newspapers, a donation from the Union Steamship Company and also a special rate from the steamship company for an excursion to the fair. The Department of Agriculture also agreed to send two judges, one to judge the women's work and one for livestock and produce.

### Scottish Rite Council Against the Ku Klux Klan

London, Ont., Sept. 19.—The Supreme Council Thirty-third Degree Ancient and Accepted Scottish Rite of the Northern Masonic Jurisdiction of the United States, through a statement from its Most Puissant Grand Commander, Leon M. Abbot, has reaffirmed its policy of non-participation in religious and political controversies.  
The statement is accepted as again officially placing the order against such movements as the Ku Klux Klan. At its last annual meeting, the Supreme Council adopted a resolution defining its attitude toward this matter.  
It is expressly stipulated that in-

### Jumping in Front of Speeding Train, His Idea of Fun

New York, Sept. 19.—The line between comedy and tragedy is finely drawn.  
Raymond Defarrio's idea of fun and personal amusement was to leap in front of subway trains to see them stop suddenly. After he had been thrown out of a subway station after staging his mirth-provoking act several times, a policeman took him to Bellevue Hospital.

Trusty brakes and watchful motemen saved his life each time. He always made his leaps with an Italian flag clutched in his hands.

### Ragtime Writer Says Tunes Waning

New York, Sept. 19.—William J. McKenna, the author of "Has Anyone Here Seen Kelly?" says ragtime tunes are on the wane.  
No longer do the town harmonists gather to sing "Sweet Adeline" and kindred melodies.  
He places the blame on automobiles and phonograph music.

A USEFUL DISCUSSION

WARDENS and other officials of every penitentiary in Canada have recently met at New Westminster for the purpose of drafting recommendations for the revision of the Penitentiaries Act and suggesting rules and recommendations for the consideration of the Minister of Justice.

Among other matters which the delegates intended to discuss was that of segregating habitual criminals as a part of a new system of all-round classification of inmates of penitentiaries. This is a highly important phase of jail life and one which should be dealt with along practical lines with as little delay as possible.

There is no suggestion that the criminal, whether he be of the hardened variety or paying the penalty for his first serious offence against society, should be pampered in the slightest degree; at the same time a system which permits the indiscriminate herding of all and sundry, irrespective of individual crime records, is faulty in itself and must tend to increase the penitentiary population.

It is not sufficient to regard the penitentiary as a penal institution and nothing else. If its functions be merely to punish it accepts a criminal and proceeds to confirm him in crime.

To decrease the population of penitentiaries it is obviously necessary to employ an intelligent process of correction in every case where the circumstances promise results. The first offender should be regarded as a subject for successful salvage. His penalty—from which he should not be allowed to escape in any particular—should include an opportunity to repent with hope.

If the officials who have been discussing this and other matters at New Westminster shall have made out their case in favor of segregating the hardened criminals it should not be a difficult matter to insure suitable action by Parliament.

WHAT ADVERTISING DOES

FACTS made public at the offices of the Canadian Exhibition Commissioner at Wembley the other day indicate something of the value which this country will obtain from its entry at the great Fair. These show that every phase of Canadian industry is the subject of inquiry on the part of substantial firms all over the world and that negotiations are in progress in respect of orders have been received for the following: flour for Cyprus, egg-packing cases for Lancashire, maple wood for boxes in Berlin, Canadian spruce gum for oil refineries in London, wooden spokes, handles, and bobbins for Windermere, manganese ore for Rotterdam, Canadian wood for Budapest and Amsterdam, tennis frames and hockey sticks for India, oil stoves for South Africa, furniture for Egypt, and so on.

This is naturally only a very small list which could be extended indefinitely; but it serves to show the practical interest which the contents of the Canadian Pavilion have aroused. In fact a conservative estimate puts the number of inquiries received from businessmen outside the Empire at nearly eighty per cent. of the whole. These include territory all the way from Japan to the Persian Gulf and from South Africa to Scandinavia.

Among the many products which are finding favor on the other side of the Atlantic is Canadian cheese of which no less than eight thousand pounds a week are being used by the caterers at the Exhibition alone. Orders also have been received for more than one million boxes of fruit for Europe. One remarkable case of business done is that of a Canadian showcase maker who sent a small display to Wembley more for the satisfaction of being represented than anything else; he has received so many orders that he has been compelled to spend \$100,000 on the opening of a permanent establishment in London. British Columbia woods are also an education to the trade in the

United Kingdom, and here again the value of practical advertising will result in profitable business for this part of Canada.

THE JUBILEE HOSPITAL

IT IS a credit to the judgment, caution, and devotion of the Board of Management that so much has been done towards the completion of the new East Wing of the Royal Jubilee Hospital with the funds at its disposal.

Public institutions which are dependent upon philanthropic enterprise are not the easiest to develop and manage. In this instance, however, the governing executive has circumvented all obstacles in its determination to keep faith with the many donors who responded so magnificently to the building fund appeal which it issued nearly a year ago.

It is not merely that the hospital, having reached the high standard set by the American College of Surgeons, is called upon to supply certain equipment for the proper treatment of its patients; it must be opened free from debt if the high ideal of the board is to be realized. Pruning here and there has brought the margin of necessity within \$25,000 of the funds promised by various organizations, and the directors now desire some assistance to provide that amount.

Naturally there is a desire to bring the new wing into the revenue producing class, quite apart from the purpose for which it was erected, and that cannot be done unless it is possible to open a minimum number of rooms at the start. It is for that purpose that public generosity is sought once more.

Not only are individual donations desired, but pledges from various societies and organizations towards the furnishing of various wards and rooms will be extremely welcome.

THE SAANICH DISPLAY

WHEN the farmers and women's institutes of Saanich began to organize a district display for the New Westminster Provincial Exhibition they did so with a certain amount of hesitancy. They had in mind obvious factors which naturally set an Island exhibit at a disadvantage against Lower Fraser competitors who were within two or three hours' journey of the show grounds.

It is already common knowledge, however, that the Saanich exhibit finished second—a very praiseworthy result and highly encouraging to those whose enterprise and labor were responsible for such a fine entry. It is also possible to extract from the summary of marks won by all competitors—published elsewhere in this issue—convincing proof of what can be done by co-operative effort on this peninsula.

The exhibit itself is a splendid tribute to the productivity of the soil of this part of the Island, a triumph for the South Saanich Farmers' and Women's Institutes, upon which fell the actual burden of organizing and arranging the display, and an incentive to try, again next year—and carry off premier honors. Meanwhile a good piece of advertising has been done for this section of Vancouver Island.

Victoria's Summer seems in no hurry to leave. Yesterday's showers have been followed by the brand of weather which we have been enjoying for months.

If there is going to be any sort of continuity to the Chinese war it will be necessary to send large supplies of umbrellas and rubbers to the opposing factions.

Ontario is now hearing all about moderation and prohibition. So far we have not detected anything new in the respective arguments which are being advanced.

Some Germans are blaming a certain Colonel Hentsch for losing the war. But he would have been "small potatoes" if the armies of the former Fatherland had been victorious. William would have wanted all the glory.

Now that Germany has promised to pay reparations some of the Allies are beginning to worry over the possibility that it may be more difficult to receive than it will be difficult for Germany to give. Germany's surplus production is the skeleton at the reparations feast.

GOOD PUBLICITY

From The Toronto Globe With Canada's exhibits at Wembley and with England now exhibiting the Prince of Wales in Canada, the country is surely being kept in the limelight.

HYDRO SERVICE

From The Toronto Globe Service at cost, in the best sense of the phrase, has been provided by the Hydro for almost two-thirds of the people of Ontario. When the Hydro harnesses the St. Lawrence and overtake the need of the farm we shall have cheap light and power for all.

HIS REWARDS ARE SWEET

From The Toronto Globe There are many trials to an editor's work, but there is honey also. A valued subscriber brought the editor a jar of honey this week, made on a local farm by a hive of bees. The honey was of splendid quality, and it is a fair example of Alberta honey we heartily agree with the subscriber that a good many of our farmers are overlooking a very good thing.

FROM "LAUGHTER"

Laughter wears a lilted gown— She is but a simple thing; Laughter's eyes are water-brown, Ever glancing up and down Like a wood-bird's restless wing. Laughter hath light-tripping feet— She is but a simple thing; Ye may often laughter meet In the hayfield, hill and sweet, Where the mowers jest and sing. Laughter never comes a-night— She's a wise though simple thing; Where men lay their heads to die; Nor will under stormy sky Laughter's airy music ring. —Lethbridge-Vainsey-Crawford.

Dr. Frank Crane on "The Creed for Business Men"

(Copyright)

AT the meeting of the advertising men from all over the world, held sometimes ago in London, a "Personal Creed for Business Men" was adopted.

It seemed to express the obligations to be assumed by all attending members of the various clubs. It is not a bad sort of a creed to be adopted by business men everywhere. It is one indication that business is getting out of the region of mere sharp practice and is becoming a profession, in which those engaged in it are conscious of their duties and responsibilities and anxious to discharge them.

Believing that the peace and happiness of mankind lie in some form of international concert, and that a great force in promoting human brotherhood is to be found in advertising, the Associated Advertising Clubs of the World acclaim and publish the following code of advertising. We pledge ourselves: "1. To dedicate our efforts to the cause of better business and social service."

"2. To seek the truth and to live it." "3. To tell the advertising story simply and without exaggeration, and to avoid even the tendency to mislead." "4. To refrain from unfair and competitive criticism."

"5. To promote better international understanding based upon a recognition of our mutual responsibilities and our interdependence." "6. To conserve for ourselves and for posterity, ideals of conduct and standards of advertising practice born of the belief that truthful advertising builds both character and good business." This is in line with the general key-note of the Convention which was, "Truth in Advertising."

It was based upon the appreciation of the fact that no business can continue to thrive which is not based upon verity and that all shady dealing and unfairness is unprofitable in the long run, and that every principle of conduct, except honesty, and uprightness, eventually defeats itself.

WHY NOT WEAVE CLOTH?

From The Red Deer News Now might well be a suitable time for considering whether under government or other auspices some suitable industries might not be established in the city or at the training centre to help still further in insuring the successful start of the Hebridean newcomers. Might not something be done, for instance, with the manufacture of woolen cloth and fabrics, in which the Hebrideans, at any rate, are not without considerable knowledge and skill? Farming must remain our premier industry for the present, but it need not be our only one.

Champlain's First Winter in Canada

ON September 19, 1608, Samuel de Champlain, founder of Quebec and therefore of Canada, turned from watching the retreating sails of his senior partner, Pontgrave, and set himself to his colossal task of establishing a permanent foothold in the wilderness. His residence was not yet complete, though the men were working feverishly to win the race against approaching frost and storms. They numbered only twenty, and with the little handful Champlain faced his first Winter in Canada.

A few days previously had occurred a painful event of ill-omen. There had been a plot amongst the men to kill Champlain. Five were implicated and the ring-leader was one, Jean Duval. They intended to seize the property either to turn over for reward to Basque or Spanish fishermen who yearly came to Tadoussac, or to use it on their own account as a base for piracy. They hesitated so long, however, in their discussion of the means to be adopted for the murder, that, on the arrival of one of the company's ships from Tadoussac, the conspirators, Antoine Natel, lost his nerve and dropped a hint to Champlain. By the strategy of inviting the five on board for a merry night of feast and wine, and suddenly arresting them when they got there, Champlain averted the peril. The trial took place a few days later. The court consisted of Champlain himself, Pontgrave, and with the little band of the purpose, the doctor, the ship's captain, the mate, and some members of the crew. The verdict was guilty and the sentence death. Forthwith Duval, the hatcher of conspiracy, was hanged. The informer was pardoned, and the other three went in chains to France with Pontgrave when he sailed on September 18.

GLOOMY as was this introduction to Champlain's rule, he was not the man to allow it to affect his spirit. There was work to do. He urged the men to greater effort with their building, and, as it grew to completion became quite proud of it, so proud that he made a quaint little sketch of it which still exists in copies. Standing close by the spot where now is the church of Notre Dame in Quebec, there were the four houses in the group of buildings all joined together, each eighteen feet by fifteen. There was a courtyard, and in its centre stood a storehouse with a watch-tower over it. Around the houses and along the top of the storehouse ran a gallery, and all about the whole was a palisaded wall. In the interval between the houses and the palisaded wall were mounted cannon, and outside everything a moat ran around, sixteen feet wide and six feet deep.

While the men were still hammering away Champlain sowed Fall wheat in a little clearing. Then he planted grape-vines, and sowed some corn. There were no huts at the site of the St. Charles river catching celta for their Winter food, and the French likewise laid in a stock of these. When the cold set in the little company, though snug and warm in quarters, suffered greatly. They were attacked by dysentery and surry, the unfailing curse of mariners at sea, and those who had to live only on salted meats, in those days before cold storage and canned vegetables were known. Champlain tried hard to find the "anneda" tree, with a brew of whose leaves Cartier had cured his men when the Indians had pointed it out to him seventy-five years before, but was unsuccessful. The Indians, apparently, were not the same as Cartier's Indians and they were ignorant of such a tree. Yet the tree he sought, and white spruce, grew all around his "habitation," but he did not know it, and his men died one by one. When the Spring came and the first ship arrived from France on June 5, twenty were beneath the frost-bound sod. Only eight remained alive, and of these, four were lying dangerously ill. Such an experience would have daunted other men, but to Champlain it was only a lesson in his progressing knowledge of the great new land.

STRAY CATS

To the Editor—It has been my intention for sometime to ask the indulgence of the press to bring to the attention of your many readers the number of cats that are annually becoming wild and causing the destruction of bird life in the rural districts near Victoria.

It has been my opinion for sometime that campers are prone to take cats with them on their vacation and leave them in the woods to fend for themselves when vacation time is over. I am now firmly convinced that this is the case in view of my experience last week. I had occasion to visit a camp at Shawnigan, and was met there by a cat with two kittens, all semi-wild, and evidently abandoned by their owners, as we have had no cats at the camp this Summer. Upon me fell the none too agreeable task of catching and drowning this family which I considered the most humane thing to do, as they would no doubt starve to death during the Winter. If, however, they had managed to survive they would become wild, and cause the destruction of countless small birds.

Saanich is at present over-run with cats that have become wild through negligence on the part of campers and farmers, and I have also been told by city folk who, rather than destroy kittens they cannot keep, have turned them loose in the country.

Motorists at night can see along the roads dozens of these cats, cats grown to such a size that they more nearly resemble panthers. If people will stop to think that a cat will easily eat from five to ten small birds a day, they will realize what destructive pests they are, and no one will gainsay that it is far better to have wild birds than wild cats. At the game farm one killed twenty-two young birds in one night. As instances of their increasing numbers, a friend of mine has de-

To Keep Hair Curly, Wavy and Beautiful

Here is how your hair can be curled, nicely, easily and harmlessly, to "stay curled." Before doing it up, apply a little liquid simerine with a clean tooth brush. This will give you just the prettiest curls and waves—and they will look and feel so natural you'll never think of doing without simerine thereafter. You won't be troubled any more with hair stringing around your face with burnt, uneven ends, nor with that dull, dead appearance. The hair whether long or bobbed, will remain in curl ever so long. Aly's Druggist can supply you with liquid simerine at not to exceed 20 cents an ounce. It is neither sticky nor greasy, and is really a delightful thing to use. It is doubly useful because of also serving as a beneficial dressing.

destroyed nearly one hundred in Saanich this year, and our most aggressive game warden trapped twenty-one in Uplands during the month of April. I sincerely hope this letter is brought to the attention of the party who was responsible for relegating to me a task they were too inhuman to tackle.

The POSER

The new gardener's little boy was being taken round the garden at the night.

Hill for the first time. He was particularly interested in a number of shallow stone basins filled with water, which were placed in various parts of the grounds.

"What are those?" he inquired. "They're bird baths," said his father.

The lad thought for a few moments and then asked: "But how do the birds know when it's Saturday night?"

## MARY PICKFORD STARS IN PICTURE OF ELIZABETHIAN AGE

Now showing at Dominion Theatre is Mary Pickford in "Dorothy Vernon of Haddon Hall," a United Artists release based on the novel of the same name by Charles Major. Marshall Neilan, who last directed Miss Pickford in "Daddy Long Legs," made the production. Allan Forrest, in the leading male role, supports the title star. Others in the cast are Estelle Taylor, Clara Eames, Marc MacDermott, Anders Randolf, Willard Limes, Eric Mayne, Lottie Pickford Forrest and Malcolm White.

## EXCELLENT CAST IN "MAN WHO CAME BACK" AT CAPITOL

Don't miss seeing the greatest all-star cast ever assembled in a photoplay by falling to witness a showing of the William Fox special production which is showing at the Capitol Theatre.

George O'Brien, playing the title role, may be new to the fans but he will be forever endeared in their hearts after his performance in "The Man Who Came Back," while Dorothy Mackaill, in the leading feminine role, never before attained such perfection in her acting. The others are Cyril Chadwick, Ralph Lewis, Emily Fitz-Gibbon, a Clark Edward, Piel, Kathleen Clifford, David Kirby, James Gordon, Walter Wilkinson and Brother Miller.

### THRILLING FILM OCCUPIES SCREEN AT THE COLUMBIA

The boys who tend the cameras for the Universal Pictures Corporation are doing a lot of "straitjacket shooting" these days.

Many high-class productions have eased their way out of the Universal and another bull's-eye has been struck in Hoot Gibson's newest feature, "The Sawdust Trail," which opened at the Columbia Theatre last night. This is a combination thriller, fast action comedy and western melodrama. It is a happy mixture that offers colorful entertainment in several different lines.

The story was written by William Dudley Pellety for the "Saturday Evening Post" and adapted to screen use by Raymond Schrock and produced under the direction of Edward Sedgwick. It relates the adventures of a red-blooded youth who stayed in college seven years because he knew as a graduation present his father was going to give him a job in his iron foundry and he hated iron. He was used to spending gold and plenty of it.

The lad gets a job in a "wild west" show and courts calamity by making love to a notorious cowgirl who tops the show and whose moniker is

"Calamity June." This wild west show stuff is about the best of its kind ever converted to screen entertainment. It is thrilling, very funny and carries a story that is human filled with drama. Gibson does good work as the college chap buckaroo, and Jolie Sedgwick is well cast as Calamity June.

Harry Todd, the veteran Essanay comedian contributes a lot of laughs by his antics and high-class performances are also given by Charles French, David Torrence and G. Raymond Nye. High-class entertainment, this.

### FROM AMATEUR THEATRICALS TO PLACE IN PHOTOPLAY

Mae Murray is after Rex Ingram's laurels as a discoverer of screen talent. As an example, she cites Orville Caldwell.

Mr. Caldwell was discovered by Miss Murray while playing in amateur theatricals at the University of California. She secured him immediately for an important part in her new picture, "The French Doll," which is now playing at the Playhouse Theatre. Miss Murray predicts young Mr. Caldwell will be greeted by photoplays fans as the sensation in leading men.

"The French Doll" was adapted for the screen by Frances Marion. It is a Robert Z. Leonard presentation through Metro, sponsored by Tiffany Productions, of which Mr. Leonard is director general and M. H. Hoffman general manager.

### COLISEUM PRESENTS BOOK FAMOUS ON STAGE AND SCREEN

The successful author of to-day does not confine his hopes to having his novel reach the "best seller" class. He asks much more. He plots and plans his story with an eye on the movies and stage also. Publishers' royalties are nothing compared to the golden harvest that the stage and screen rights bring. If he is fortunate enough to have his novel presented by all three mediums he then rates himself as a successful author, and incidentally the public does also. Hayden Talbot, who wrote "It Is the Law" is one of these. After scoring a popular success with this story as a novel it was made into a successful New York stage play and has now been turned into a special motion picture production by Fox Film Corporation for the new season and is being shown at the Coliseum.

The stage version was written by Elmer Rice, one of the few skilled playwrights of to-day and the man who wrote that other remembered success of stage and screen, "On Trial." It immediately captured the fancy of New York play-goers and William Fox bought the screen rights. It comes here with advance reports hailing it greater than it was on the stage or in novel form.

## OUTSIDERS BARRED FROM NAVY YARDS

U.S. Adopts Course Followed in European Countries; Great New Submarine

Washington, Sept. 19.—The United States navy has at last come around to the policy generally observed by European nations of strict secrecy concerning implements of national defence. The custom of a hundred years is being set aside in the case of the new mine laying submarine for which \$6,150,000 has been appropriated. Beyond the fact that her plans call for width of beam, speed and cruising radius beyond anything known in that type, details of the new submersible are jealously guarded.

No nation among the signatories to the Washington Arms Convention permits inspection of its navy yards in which construction is in progress upon vessels not covered by that agreement. Heretofore but slight restraint has been imposed by the United States.

Both Britain and Japan are known to have made great strides in their newest auxiliaries, the British submarine S-X-1 having aroused especial comment, although not the slightest detail is known generally of her capabilities. In the case of Japan, it has been said that the British United States Government is ignorant of the potentialities comprised in her newest cruisers and destroyer leaders.

COMING EVENTS, however, have been casting their shadows all over the provinces.

There is, for instance, the John Golden production, "Piggy." Our great agents in Connecticut say that this will be a success of "The First Year" type. Frank Craven is directing it and Wallace Ford is the ambitious young man who would hitch a lame horse to his star. That is, he aims to be a veterinarian and the entire play is devoted to his struggle for \$250 needed for the purchase of pigs which he would use for experimentation.

From another spy in Newark, N. J., comes word that "The Golden Spoon" will be just that for some time. The musical, "The Green Beetle," "Be Yourself," and "Lezy."

Old friends of last season are returning, including "Rain," "The Swan" and "Stepping Stones."

"THE BEST PEOPLE," a new comedy by Avery Hopwood and David Gray, has reached Broadway. Its action is fast. There isn't a moment when it lags. And after all, this is the test of a good comedy; one which deserves success and will probably get it.

In the cast are such performers as James Rennie, Florence Johns, Charles Richman and Frances Howard. Rennie always can be relied upon for an intelligent characterization. But the case of Florence Johns deserves more than passing notice.

Her last outstanding role was that of the daughter in "Children of the Moon." She won Broadway as the gentle, well-bred, family-protected girl. She created a following who loved her, possibly art, but more probably for her ability to interpret a particular phase of life.

It remained for "The Best People" to widen her field of admirers. This time they sing her praise for her amazing versatility. In this new comedy she is a hard-boiled chorus girl. She's a gold-digger. An uneducated, coarse, but well-meaning moth of the white lights. She's a disciple of the god "Gimme." There isn't a vestige of the sensitive girl of "Children of the Moon."

Frances Howard, who plays the part of the flapper daughter, seems destined to become one of the leading comedians of the stage.

It isn't every day that a daughter of the "best people" marries the family chauffeur and the son decides to cast his lot with a chorus girl. But then, if such a practice were common, a play about it wouldn't be interesting, would it?

## Books

THE literary market is picking up. Unaffected by the vacillations of the political world, the stock and bond tables, and other artifices which control most markets, our writers have gone ahead, concentrating on the business of life and their product has been real and earnest.

Leastwise, such is the tendency evinced by several first time novels which have reached this reviewing stand about the same time.

"FIRST COMES 'Sound and Fury' (Knopf) from the typewriter of James Menie, a young man who made a success as a newspaper reporter, then went into magazine editing, and now stands ready to take his place with the foremost of contemporary American novelists.

His book shows the effect of both newspaper training and the Sinclair Lewis Main Street writing. It is one of ease and simplicity, without any suggestion of labored form.

It is a true report of the effect of life upon a remarkable character—Gooey Guthrie, a boy who was afraid of nothing, but who grew tamer when married and settled down in a real Main Street town. But it was only a dormant lapse. The legend which had been created by him as a boy, re-established itself and carried him on to his end.

Occasionally a bit staccato, the theme is sustained with few flat notes or dissonances. The end is a bit hurried. But that is probably due to the impatience of youth, rather than to any fundamental weakness.

If his first novel is not a flash in the pan, Menie is a comer—who will come along so fast that some of his elders will be left gasping.

"DIFFERING" from Henie in style, method, and type of protagonist, Walter Gilkyson, another first-timer, has written "Oil" (Scribner's). Here the principal character is not an individual but an industry.

The treatment is heavy; in the latter to develop vigor. The attempt is there, but it is crude.

With some experience in writing, Gilkyson undoubtedly will develop more subtlety. But, although this is lacking, his story is good enough to be absorbing. And that, after all, is the chief demand made by many readers.

"WINGS" (Knopf), the second novel of Ethel M. Kelley, is the story of three women who influence the life of a poet who is almost a genius—the one he loves, the one he marries and the one who loves him. They are not simple souls, but in 200 pages they are absolutely re-

veal to you because the author understands them so thoroughly herself. Miss Kelley is working herself into the class with Willa Cather and Edith Wharton. Here is a typical bit of description: "She had beauty of the sort that comes from within, despite her features, which were mostly bad. She radiated a kind of tortured fire that did not warm him. . . . A New England fire . . . She was like a New England, room now he thought of it . . . The kind they heated with a base burner. . . . a glowing fire at the heart of it that did not take the chill out of the corners."

## Goodyear Balloons Cost Less Than You Would Expect

THE great body of motorists who use the popular sizes of straight-side, high-pressure tires (31 x 4, 32 x 4, 33 x 4, 32 x 4 1/2, 33 x 4 1/2, 34 x 4 1/2, 33 x 5) enjoyed a year ago the lowest prices in the history of the automobile business. Today they can have all the advantages of Goodyear Balloon Tires to fit the same wheels, for even less money.

At one stroke, Goodyear has greatly increased the value you get in Goodyear Tires. You get Goodyear quality, Balloon Tire comfort and saving, and you pay less per tire than you have been paying.

And this Goodyear quality has been further increased by the invention of SUPER TWIST, a new, exclusive Goodyear

Cord fabric with many advantages. See the Goodyear Selected Dealer regarding a pair or a set of Balloon Tires for your car. Goodyear makes Balloon Tires to fit six sizes of wheels—the wheels now on your car, or new smaller wheels if you prefer their appearance or if you need them for fender clearance.

BRITISH ADMIRAL WELCOMED IN EAST

Quebec Extends Greetings to His Majesty's Atlantic Fleet Chief

Special to The Times. Quebec, Sept. 19.—Vice-Admiral Sir James Ferguson, K.C.M.G., C.B., in command of the British Atlantic Squadron, was accorded an official salute and reception on the Terrace on the occasion of his first visit to Quebec during the present year.

At 2:30 in the afternoon a salute of fifteen guns was fired by the Fifty-seventh Battery, from the Citadel, when the vice-admiral, accompanied by his staff officers, arrived in front of the Chateau Frontenac, where the guard of honor, composed of men of the Royal Tenth-second Regiment, in command of Major M. M. L. Jaron, with Captain Mignault bearing the regimental colors, was drawn up.

Immediately after the arrival of the vice-admiral, the Chateau Frontenac was illuminated with the colors of the guard of honor and complimented its commander on the splendid appearance of the men. He afterwards left with his staff officers by the Chateau Frontenac, where the guard of honor, composed of men of the Royal Tenth-second Regiment, in command of Major M. M. L. Jaron, with Captain Mignault bearing the regimental colors, was drawn up.

BOARD WILL HEAR FREIGHT ARGUMENTS

Counsel to Address Commission Monday on Crow's Nest Agreement

Ottawa, Sept. 19.—The Railway Commission will hear arguments on the Crow's Nest Freight Rate Agreement on Monday next. When adjournment was made yesterday afternoon, all the evidence, most of it when submitted, having been submitted, Assistant Chief Commissioner S. J. McLean, presiding, said the board would require some little more time to become familiar with the mass of material.

RAILROAD ARGUMENT

Counsel for the protesting interests will be followed by representatives of the railroads, headed by Eugene LaFleur, K.C., counsel for the Railway Association of Canada. Mr. LaFleur indicated the line of argument which he proposed to follow just before adjournment yesterday afternoon. The railroads would contend in the first instance that the power to vary rates set under the Crow's Nest Pass Agreement, in the second instance, if it was argued that the railroads had not this power, the railroads would argue that they were protected in the Crow's Nest Pass Agreement by statute. The hearing yesterday was featured by the filing of affidavits from the British Columbia declaring that the Province was imperilled by discriminations resulting from the Crow's Nest Pass rates. Mr. McGeer, representing the protesting interests, submitted lengthy questionnaires to the railways covering various points, wanted to know at the afternoon sitting whether or not they would answer the questions.

ADMIRAL STEAMER CLEARS FOR SOUTH

Dorothy Alexander Took Good List; Emma Docked Last Night

The Admiral liner Dorothy Alexander sailed from this port this morning at 9 o'clock with about 300 passengers aboard, 125 of whom went aboard the vessel in the night, although the majority were from the mainland. There were twenty passengers from Victoria who took passage by the Dorothy, which is a very popular ship on the Coast run, and the list of those from this city was as follows:

Mrs. Emma Stevens, Mrs. Gertrude Hill, Miss Gertrude Hill, Mrs. Fred Hill, William Cooper, W. H. Davis and wife, G. A. Mendel and wife, H. F. Lucas and wife, Miss Amy Gordon, F. J. MacLachlan, Miss A. C. Mason, Miss G. M. Milley and H. C. Powell, all of Victoria. The Emma Alexander, from Los Angeles and San Francisco, docked here at 11:15 o'clock last night with seventy passengers for Victoria and 230 for the mainland. The ship reports heavy weather off the Coast. She sails heavy from here on Sunday.

A little launch puts off from shore. Usually it sets forth over a sullen gray ocean under a yet more sullen gray sky, pushing aside the curtains of mist which part reluctantly in front only to close in behind as if shut off all view of the world. Steadily it noses its way seaward, avoiding by instinct the myriad islands that dot these seas, threading oftentimes a precarious path through floating ice and still more dangerous icebergs.

HAWAIIAN INDUSTRY GROWING STEADILY

Visitor to Island Tells of Commercial Advance of Islands

"I have only just returned from a stay of some weeks in Hawaii," said J. S. Fishburn Jr. of Los Angeles, who with Mrs. Fishburn was a passenger aboard the R.M.S. Niagara this morning when she docked here from Australia and the Hawaiian Islands. "That is a country where there is a great scope for industrial advancement and immense growth of plantation concerns was used to be the industry of Hawaii where men are obtaining something more than a livelihood by the cultivation and exportation of pineapples, sugar and other of the island's products. Honolulu's connections with the mainland are extensive. American capital is largely responsible for the growth of industry in the mid-Pacific islands, such as I have seen. Nestling in the most fertile parts of the island are numerous pineapple farms which are worked by colored labor to a great extent. These farms yield a splendid profit and the demand for the Hawaiian pineapple is increasing in the world's markets. Mr. Fishburn said.

BUSINESS IS SLACK DESPITE RAPIDITY OF CITY'S GROWTH

Shanghai is Greatest Trade Centre of Chinese Republic

"From 1896 to 1911 I watched the growth of Shanghai, and the other big Oriental ports with interest, in a resident in the Orient for the past four months, who was a passenger on the President Grant when she docked from the Orient Thursday.

"All China suffers from the war which ravages its manhood and its finances. But China is used to war. Its people have had civil strife for years. The result of this bitter feeling among the various political and military leaders has wrought strange changes in the Oriental country. From time to time there have been wars and various uprisings, until wealthy business men find that they are not safe except in the big centres of population and commerce. Consequently they have moved to Shanghai and Hongkong, and various other bigger cities of the country. But Shanghai, being in a central position, has attracted most of them. Hence its business has rapidly grown into a monstrous thing."

WEALTH CONGREGATES

"Shanghai is the centre of a fine Chinese culture," Mr. Kirchoff stated, "and its wealthy citizens are among the most distinguished in China. It is more European in its appearance and ways than it was in the days when I was there, earlier in the pre-war days. Then there were few paved streets and little or no order in the way the city was built, but now it is different."

CIVIC DEVELOPMENTS

For a solid mile a line of automobiles extends along the Blvd. parked in the centre of the road, and endless streams of traffic rush on either side. In the Chinese district proper there are narrow streets and the old state of affairs rules, but the greater portion of the city is fair to look upon, clean and busy with throngs of all nations. Mr. Kirchoff said. "It is the ambition of every Chinaman to own a motor car," Mr. Kirchoff continued. "The automobile

### NOT FOSSIL NATURE

Nodules in the stratification, not uncommon in the geological formations of this Coast, are stated to have occasioned the deposit in the well of Captain O. G. Grant at Cowichan Station, briefly reported several days ago.

The well was being deepened when a number of strangely twisted objects, believed to be of mammalian origin, were located and the opinion of Curator F. Kermode of the Provincial Museum was taken thereon. Mr. Kermode, on examination of them, can find nothing of an animal nature in the objects and will so notify the people interested.

### NEWS IN BRIEF

**Building Permit Issued**—A building permit has been issued to A. MacAsky for a private garage at 417 Wellington Avenue.

**Police Meeting**—The regular meeting of the City Police Commission will be held at 4:30 p.m. to-day in the Board Street headquarters. One matter of discipline and some correspondence is to come before the board.

**Charged with Theft**—A watch and a bicycle in Esquimalt Frederick McDonald will stand trial before Judge Lammiman in the County Court this afternoon. N. W. Whitaker appears for the Crown, and Gordon A. Cameron for the accused.

**Robert Webb**, on behalf of the Automobile Club of British Columbia, met on behalf of the Honolulu Automobile Club at the Hotel Niagara this afternoon. E. O. Dunsenbury, San Francisco, and E. O. White, San Diego, and cleared their cars through customs.

**At the close of the hearing in City Juvenile Court this morning** Lorne Merkley and George Walton were each fined \$20 on charges of actions likely to influence others to juvenile delinquency. The session followed proceedings in open court earlier in the day.

**A charge of failing to drive in a careful and prudent manner** was preferred against James H. Le Page in City Police Court to-day. J. Hinchliffe, M.P.P., on behalf of R. G. Green for the defence, requested adjournment until Monday. This was granted.

**Charged with wife desertion and non-support** G. H. Brook will stand trial before Judge Lammiman in County Court on October 2. The hearing was to have proceeded to-day, but was postponed by agreement of counsel. James A. Alkman appears for the defence, and M. B. Jackson, K.C., for the Crown.

**The celebration of the fiftieth anniversary of the ordination of the Rev. John Campbell, D.D.**, will be marked by a special service at First Presbyterian Church, of which he was long pastor, on Sunday morning at which Dr. Campbell will preach. In the evening of Monday the church, the Synod of B.C., the Presbytery of Victoria, and Westminster Hall, will unite in a joint social gathering for the veterans pastor.

**Miss Killian of the "Ask Mr. Foster" tourist service**, is visiting Victoria for the purpose of securing a licence for the office. Miss Killian conferred with the Victoria and Island Publicity Bureau yesterday and this morning motored over the Malahat. This afternoon she will visit Butchart's gardens and tomorrow will take a tour of the Saanich Peninsula, visiting Metchoin and the Sooke district.

**For three years past in the New England states** 479 acres per day, on an average, of farm land has been vacated because of the complex industrial situation. The States of New Hampshire, Maine, Vermont, Rhode Island and Connecticut are suffering and because of this situation and the inability of the farmers to co-operate in selling their produce, said W. Blake, secretary of the poultry of Massachusetts, business men who were visitors in Victoria on a flying visit Wednesday.

**Mayor Hayward stated this afternoon** that he hoped to have a statement in connection with the Dominion Securities Corporation ready for council on Monday evening. Regarding the payment of certain securities at par of exchange in Canada and the United States, the brokers, who were formerly city fiscal agents, submitted a lengthy letter which stated that the city officials as far back as 1910 had pledged themselves to respect the arrangement. Efforts to trace the underlying facts in the city records have hitherto failed.

**A coho salmon weighing thirty-six pounds** dressed, is on display in the window of the Askey Fish Store, Yates Street, where its peculiar markings are attracting attention. The fish has the marking of a spring salmon along the back but the typical coho characteristics elsewhere. As the usual run of coho salmon is from twelve to eighteen pounds, with twenty pounds a large fish, the question is raised as to the status of the exhibit. If it be a cross between spring and coho such a product would be a valuable fish to local waters, with bright commercial possibilities. It is argued.

**Starting yesterday with \$82 raised** at the boxing tournament, the Victoria Theatre, Joe North has made an early start on a Christmas fund for the Protestant Orphanage. Mr. North hopes to raise enough money to provide a new suit of clothes for every boy in the orphanage and a new dress for every girl before Christmas. With that objective recalled he is keen to have enough money left over so that every child will receive a Christmas present. He plans equipping the boys with base ball bats and gloves so that they will be ready to play baseball by next summer, and with footballs for use during the winter months.

**Garden Party a Success**—The garden party held by the ladies of the Willows in the beautiful garden of Mrs. N. C. Gowen, Wilmut Place, in aid of the funds of Our Lady of Lourdes Church, was an unequalled success, fine weather and a large attendance contributing to this end. The general convener was Mrs. C. N. Gowen. Tea was served by Mrs. Gowen and Mrs. Oates, assisted by Miss Helen Sutherland, Miss Florence Oates and Miss Peggy Gourlay. The home-cooking stall was in charge of Mrs. F. Brennan and Mrs. Jenkins, while Mrs. Horroby and Mrs. Gourlay served ice cream. A most artistic basket of fruit which was completed during the afternoon was won by Mrs. T. W. Patterson.

**A vote of monetary assistance** to the striking members of the United Mine Workers of America out in the Crown's Nest Pass was voted by the Victoria Trades and Labor Council in session last night. The Labor Council listened to numerous complaints. One dealt with the cost of school books, where the books of the rising generation could not be passed on to the younger by virtue of changes in the curricula. Complaints were voiced against the alleged unfair treatment of certain local cases by the Workmen's Compensation Board. Complaints were heard against the scale of wages paid at the Esquimalt Navy Yard, which were alleged to be under that suggested by the Fair Wage Officer. These and other matters were relegated to committees for action.

### MASTER DROWNED; CREW IN DANGER ON MOTOR FREIGHTER

Seattle, Wash., Sept. 18.—The motor freighter *Chalpeck III*, was in distress with the master drowned and the crew and two passengers in peril twelve miles north of Cape Spencer, Alaska, entrance to the Sound, said a dispatch received to-day. *Chalpeck III* is a fishing vessel out of Juneau.

### GIRLS AND BEER THEME OF STORY TOLD IN COURT

Fifteen and sixteen year old girls tell of night ride with two accused.

Lorne Merkley and Constable George Walton each fined \$50 in City Court.

Girls fifteen and sixteen years of age respectively appeared as witnesses in the City Police Court to-day in the retrial of the joint charge against Lorne Merkley and Constable George Walton of supplying liquor to a minor. At the close of the hearing the accused were fined \$50 each, with the option of thirty days in jail in default of payment.

The story of a night ride in an automobile along the Saanich Road wherein beer figured as refreshment was told to the court by the two main witnesses for the Crown. The parents of the juvenile witnesses in each case took the stand to state that they had been deceived by their children and did not know until later the real truth of the outing on the night in question, September 13.

The first girl to take the stand was fifteen years of age, with her sixteenth birthday due in October. Witness said she and the accused and left town about 10 p.m. The party consisted of the two accused and two girls. Walton drove the car. When they reached Saanich or thereabouts on the Saanich Road witness was asked by Merkley, she testified, if she wanted any beer. Witness replied in the affirmative and was given a bottle of beer by the accused Merkley from a pocket in the car seat.

Mr. Jackson, counsel for defendant Merkley, asked the witness if she was accustomed to drinking beer?

Witness—Yes, once in a while.

The second girl witness took the stand sixteen years of age. Witness admitted to making a member of the party in question and said she had been given a bottle of beer by Merkley. Witness said she and the accused who passed out the beer while the car was being driven near Saanich. Witness drank part of the bottle of beer, she said, and threw the remainder out of the car. Witness, on cross-examination stated she had known Merkley for some two months, and had arranged to meet him on the hearing the afternoon of the trial.

The mother of the second girl took the stand to state her daughter's age as sixteen years. Witness knew that the girl was sixteen years of age on occasion and had tried to stop it without success. On the night in question the girl said she was going to a dance, but a stranger came there to her home to find the girl at the dance.

The mother of the first girl witness gave her daughter's age as fifteen years. Witness said she gave the girl money to go to a public dance in the city. This was at a place where admission was twenty-five cents. The girl witness was the habit of attending a dance about twice a week and usually caught the last car home just before midnight.

C. W. Brinkman, for the accused Merkley, submitted that there was no evidence of any intoxicant being supplied to the girls. The act said "liquor" and there was no proof as to whether the beer in question was real beer, near beer, or what it was. He would reserve his defence for a higher court.

M. B. Jackson, K.C., for the accused, Constable, made a firm point on the wording of the Government Act. He, too, held no proof of the beer strength had been entered, and submitted that "supply" in the act was merely to cover evasion of "sale" and not intended by the legislature to meet a case of this nature.

C. L. Harrison, for the Crown, held a straight case had been made out against both accused, who stood jointly charged.

Magistrate Jay, pointing out that section 35 of the act was made in the protection of juveniles, overruled the points raised by the defence, and held there was a case to meet. The defence submitted all evidence, and the conviction followed.

Under the general penalty clause of the Act a fine of \$50 would be imposed on each of the accused, with thirty days option in case of default of payment, said the court.

The court then rose to sit again as a juvenile court for the hearing of a further charge against the two accused, arising, alleged the Crown, out of the incident.

### DRIVE FOR FUNDS FOR WAR STATUE

Memory of Soldiers, Sailors and Nurses Who Made Supreme Sacrifice

A drive will be launched September 25 for funds to erect a statue in memory of Victoria's soldiers, sailors and nurses who made the supreme sacrifice in the Great War. The site for the statue has been donated to the Provincial Government and it will be placed in the grounds of the building near the flag-staff. A list of names, like the recent one submitted by Sydney Marsh, the famous English sculptor, has been ordered. Officers have been placed in the disposal of the committee by F. R. Pemberton and workers are being enlisted for a thorough canvass of the city.

### NEW PASTOR FOR EMANUEL CHURCH

Rev. Henry Knox Accepts Call From Prince Albert; to Come Next Month

Rev. Henry Knox, pastor of the Prince Albert Baptist Church, has accepted the call of the congregation of Emmanuel Baptist Church here to be the pastor.

Mr. Knox is a Western trained man whose pastorate has hitherto been on the prairie, and he has held the presidency of the Saskatchewan Baptist convention.

He is a married man in the prime of life and will take up his appointment in the middle of next month.

The pastorate has been vacant since the death of Rev. William Stevenson in January.

### CEMETERY BOARD MEETS MONUMENTAL MASONS TO-DAY

The Victoria and Saanich members of the joint cemetery board dealt with a number of matters in session this morning, all members being present. An adjournment was taken until Tuesday morning, after hearing a deputation of monumental masons for the late, Alexander Stewart and A. J. Mortimer appeared, and asked for a better understanding of the rules with regard to stone markers for the graves at Royal Oak burial park.

The masons objected to the regulations. After hearing an explanation of the Board's intentions, and learning that stone or marble could be let into the reserved space in the concrete marker made at the cemetery, and raised above the level, provided a sufficient curb of concrete was laid for lawn mowing, they left apparently satisfied.

1,379,452 Bushels Loaded in Canadian Pacific Railway Cars Yesterday

Winnipeg, Sept. 18.—Grain marketing at a station on the Canadian Pacific Railway on the prairies took a decidedly upward turn yesterday. There was marketed in 1924 three provinces 1,379,452 bushels, divided as follows:

Manitoba, 359,933 bushels; Saskatchewan, 601,674 bushels; Alberta, 417,845 bushels.

On Wednesday \$91,000 bushels were loaded into Canadian Pacific cars. Manitoba contributed 233,590 bushels and Saskatchewan 361,500 bushels and Alberta 276,900 bushels.

The grain movement to Vancouver showed further activity, when twenty cars of wheat were reported at Field en route to the Pacific Coast.

### LARGER PLANT TO REPLACE COOPERAGE

Vancouver and New Westminster Rivals With Victoria For New Works

Directors of the Canadian Western Cooperage Company will meet in Victoria next week to decide on future plans regarding the premises at Esquimalt destroyed by fire recently. Vancouver and New Westminster, it is understood, are rivals with Victoria in bidding for the new plant, which will probably be built to replace the one burned down. Wherever the company builds it is understood that they will build on a larger scale than before. It is reported that there will be an outlay approaching \$100,000 on the coopeage to be built and that it will be a modern building with all the latest coopeage equipment. When it first opens 150 persons may be employed and within three years it is estimated the staff will be doubled.

### STRIKING DISPLAY AT HUDSON'S BAY

Fall and Winter Opening Features Clever Window Decorations

Heralding the approach of Fall and Winter with the latest models in women's apparel the Hudson's Bay store has decorated its windows in a striking and appropriate manner, causing much favorable comment from the hundreds of patrons attending the Fall opening at the big department store.

Chief interest is being centred in the most artistic display in the big window at the corner of Douglas and Piggard Streets. It has an especially effective setting with a color scheme of ivory and Chinese blue, and special lighting effects giving the whole window a most striking appearance, especially in the evening.

Five lifelike models displaying to much advantage beautiful evening gowns of the very latest style, while draped on the tiled floor are handsome velvet wraps for evening wear and various accessories approved by fashion as being correct for the approaching season.

The whole display, which would do justice to any New York store, was designed and carried out under the supervision of the local display department.

There are nineteen windows in all having special style displays, while throughout the store new Fall merchandise is being featured.

### Law Costs Threaten To Swallow Alimony

Another angle to the Rattenbury troubles was heard in Vancouver in a Chambers application on Wednesday before Mr. Justice Morrison.

C. W. Craig, K.C., appeared for Robert Cassidy, K.C., who represents Mrs. Florence Eleanor Rattenbury. She seeks a divorce from Francis Maxwell Rattenbury, architect, and her lawyer asks judgment against the husband for costs incurred by the wife in prosecuting her suit. A bill was presented for \$1,540, and the case has not yet come to trial.

The basis for collecting from Mr. Rattenbury was that law costs, like a physician's fees, are necessities for which the husband is liable, and for which the wife is entitled to pledge the husband's credit.

Mr. Justice Morrison did not decide this interesting point; but he dismissed the application after H. A. Maclean, K.C., counsel for Rattenbury, explained that the wife was being paid alimony pending trial, and \$1,290 had been paid by his client on account of alimony, into court, that bill presented by Mr. Cassidy was excessive.

"If Mrs. Rattenbury can get that money out then I will make no order now," said Mr. Justice Morrison, referring to the \$1,200 in court. His lordship was assured by Mr. Maclean that such was the case.

"Mr. Cassidy will get his costs, don't worry," remarked Mr. Craig to Mr. Craig. "Let him bring his case on and I will be only too glad to get rid of it."

West, Sons of England, Veterans and Esquimalt Win Places in Senior League

ROGERS HORNSBY, WITH DUFFY LEWIS IN THE BACKGROUND

The highest batting average ever made by a big leaguer over a full season's play is .435. It stands to the credit of Hugh Duffy and was made in 1894. Duffy then was with the Boston Red Sox...

ARRANGE OPENING GAMES
The L.I.F.A., however, has made its decision and intends to go through with it. To prove that it means business, the officials went ahead last night and announced the draw for the opening games of the First Division. These games will be played on Saturday, September 27, and will be as follows:

### KENSINGTON RUNE STONE KEPT IN U.S.

Believed to Indicate White  
 People Explored America  
 in 1362

Ephraim, Wis., Sept. 12.—Kensington Rune Stone, one of the oldest documents of American history, over which scientists of two continents debated as to its genuineness more than twenty years ago, now has a permanent home on the farm of H. R. Holand, author, near here.

#### IN ROOTS OF TREE

The Kensington Rune Stone, so-called because of its discovery on the farm of Olaf Ohman, near Kensington, Minnesota, when found was encircled by the roots of a tree, and appeared to be very ancient in character. It carried a date more than 800 years in the past. The assumption of scientists is that the stone was inscribed by early Norsemen who landed in America in search of fabled countries.

#### TRANSLATION GIVEN

Mr. Holand has translated the

Runic inscription on the stone as follows:  
 "Eight Goths and twenty-two Norsemen on (an) expedition journey from Vinland through the western regions. We had camp by two skerries one day's journey north from this stone. We were (out) and fished one day. When we came home (we) found ten men red with blood and dead. Ave Maria! Save (us) from evil!"

"(We) have ten of our party by the sea to look after (or for) our vessels fourteen days' journey from this island. Year 1362."

The ten men mentioned in the text are supposed to have been members of the expedition party left to watch the camp while the rest went fishing, as stated.

#### TO RELIEVE COLONISTS

In theory, the story of the exploration party's presence in America is that an expedition was fitted out in Norway in 1362 by Paul Knutson in relief of colonists in Greenland. It is believed Knutson eventually reached Vinland and, not finding those of whom he came in search, journeyed on to what is now the Hudson Bay country. The time of this expedition fits in with the date inscribed on the Rune Stone.

The word "Ave Maria" of the text indicates the presence of a Catholic priest in the expedition, Mr. Holand says.

Very little is known of the Knutson expedition or of its return, but it is known the men included in its personnel were a long time absent.

A further theory is that the "blond Eskimos" described by Vilhjalms Stefansson as having been found by him West of Hudson Bay in 1909 may have been descendants of the "lost colonists," in search of which Knutson went.

### KIRKHAM AGAINST METHODS USED BY COUNCIL CRITICS

Sanich Central Ratepayers  
 Affirm Within Rights in  
 Criticizing Police Board

The actions of the Sanich Police Commission in the year 1923, with particular reference to a grant of some \$250 for Chief Brown's cat, were the central theme of a warm discussion before the Sanich Central Ratepayers' Association last night, with H. O. Kirkham in the chair. Councillor H. O. Kirkham, invited to explain the incident from the council's viewpoint, entered a firm denials of the actions of municipal officers in that year. Nothing irregular had taken place, he said, and the whole matter would be brought to light before a meeting of the Sanich Council this evening.

Councillor Kirkham took exception to the manner in which the association had "hypocritically" complained before bringing the matter to the attention of retaining municipal officers. It was only fair play to let those interested know what was on foot before making public noise of a matter of corporation finance.

At the close of Councillor Kirkham's address the meeting made no motion about expressing its dissatisfaction, though tendering a vote of thanks to the speaker for his pains in addressing the gathering. On behalf of the association President Grist affirmed that the ratepayers had acted within their rights, not in spite against any individual but on the general principle that all was not well with such a situation.

The resolution of the Association, asking the recall of Commissioner Dempster as having allegedly profited by municipal business, had been forwarded to the Attorney-General, he stated.

The meeting closed without any material change in the tangled situation.

### LITTLE FISH TOWN NOW FAMOUS FOR OUTPUT OF ART

By Harold Matsen

Provincetown, Mass., Sept. 19.—From fish to art. This little fishing village, on the tip end of Cape Cod, has become famous for its exports of plays, novels and paintings than for its dried cod and pickled herring, is advertising from end to end with the advertising of rival art theatres.

Less than 5,000 people live in Provincetown, yet they are being offered more variety in theatre entertainment than most any American town. Even New York itself, during the Summer season, has not much more variety.

The native, who having come in from a hazardous creek of fishing on the Cape Bank, heads straight for—not a grog shop—but the theatre, is probably slightly bewildered, but interested nevertheless.

There are the Stenstromers, The Wharf Players, The Jitney Players and The Copley Players of Boston, all of them bidding for the colony's attention.

Surely, the native doesn't object. He has long since stopped trying to understand "higher arts." An artist, the native has learned, is likely to do most anything! He has seen a famous painter confuse a famous critic with a dead flounder, swinging it fearfully by the tail, in an argument over aesthetic theory.

He has seen others living in a silk tent on the beach.

Five or six years ago the native was not so tolerant of these "would-be writers" and "long-haired poets," but these and similar phrases are not heard to-day.

The local barber knows that the red-haired young man who used to come to him for a shave has just been paid \$50,000 for a story—Sinclair Lewis.

The fisherman knows that the young Kansan who used to sail a dory so recklessly is now one of the most famous American writers of romantic stories—Wilbur D. Steele.

He knows that the dark young fellow who used to live in a fish shed has won recognition as one of the foremost of American playwrights—Eugene O'Neill.

He knows that Jack Reed, six-foot poet who swam so well, now sleeps under a great black stone in Moscow, to be honored by Russians of the future as we now honor Lafayette.

He knows, too, that George Cran Cook, founder of the famous Provincetown Players, is an appropriately buried near the ruins of the Temple of Apollo in Greece.

And from all this the native has learned not to be surprised. The little boy who sleeps all day and moons around all night may be tomorrow's greatest novelist. The three-act play that he, the villager, sees in its premiere, may be to-morrow's Broadway hit.

So it is that the native takes in the present dramatic war tolerantly, expectantly. There were the Wharf Players; Frank Shay, itinerant book shop man; Harry Kemp, tramp poet; Mary Heaton Vorse, novelist; William Gaston, Boston attorney and aviator; William Park, Princeton professor; Mrs. M. Aldis, of Forest Hills, Ill., who essayed fame for a little theatre she established there.

Suddenly there was a split. Four theatres grew where there was but one. The native doesn't know that the split came because the spirit of Forest Hills was an incompatible partner for the spirit of Greenwich Village. But the native does know that there is a shortage of histrionic talent.

Sons of Portuguese fishermen, store clerks, a traveling salesman whose line was scrubbing brushes, college professors, retired sailors, rich men, poor men are all pressed into service.

Actors and actresses mumbing their lines are as frequent along the shore as dead fish, and that is pretty frequent. When the fisherman rows ashore he is likely to bump into, first, a painter, second, a beautiful blond actress, and, third, one of his own respectable neighbors holding a

### ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain  
 How to Treat

Medical authorities state that nearly 90 per cent of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc. are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices.

Artificial digestants are not needed in such cases and may do real harm. To lay aside all digestive aids and instead get from any druggist a few ounces of Bismarck's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain.

Disrupted Magnesia (in powder or tablet form—never liquid) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more indigestion.

### HEARING IS TEST FOR GASOLINE TRADE

Price Investigation in Missouri Affects Business Throughout U.S.

Jefferson City, Mo., Sept. 19.—The entire gasoline trade in the United States, and even in some foreign countries, is involved in evidence being produced at the gasoline price hearings conducted here by Attorney-General Jesse W. Barrett of Missouri, in the opinion of well-informed authorities.

### BIG U.S. SUIT

Some weeks ago the United States Department of Justice filed a suit against forty-eight oil companies doing inter-state business, charging that by a system of licenses on "cracking process" patents, the gasoline trade of the United States was being restricted and monopolized, and asking that the defendants be enjoined from continuing the contracts and their effects. The contracts, the existence of which was alleged by the government, were produced at the hearing and admitted to be in effect at the present time.

### CONTRACT EXPLAINED

A form of engagement which was particularly denounced by Attorney-General Barrett is illustrated by the contract between the Standard Oil Company of Indiana and the Standard Oil Company of California. This recites that the Texas Company is owner of certain cracking patents; that the Texas Company authorizes the Standard Oil Company of Indiana to grant licenses under the Texas patents; that the Standard Oil Company of California licenses the Standard Oil Company of Indiana to use the Texas Company's patents on the condition that the Standard Oil Company of California sells none of the gasoline produced in Indiana, Illinois, Iowa, Kansas, Minnesota, Michigan, Wisconsin, Missouri, North Dakota, South Dakota, Nebraska, Montana, Wyoming, Colorado or Oklahoma or in Canada or Newfoundland.

This, Attorney-General Barrett asserts, is a plain restraint of trade and not justified by any rights granted under letters patent.

The Surprising Sex

By MILDRED BARBOUR—A 'Hor' of 'Love Stakes,' Etc.

ANNA SIDES HER TIME

While Julie was experiencing her first taste of official society in Washington, Anna Denington, at home in Cranston, bled her time.

She was sustained through the deadly days, the tedious lonely evenings, by the expectation of her ultimate success.

She read all the new books and magazines, kept abreast of politics, fads and fashions.

She was only a few years younger than Blake, but her beauty was still full-blown, superb in its richness.

She had subscribed to a Washington newspaper and a certain gossip society publication which dealt in innuendo, thinly disguised, but careful to escape the eye of the censor.

Sometimes, when affairs at home were particularly vexatious, Anna would go to her room and take from her dresser drawer a clipping which she would read with a cruel little smile of satisfaction.

He did realize, however, that Julie was not a woman to be trifled with.

LITTLE CHOIR GIRL TAKES BEAUTY PRIZE FOR ALL AMERICA

Says She Owes Most to Her Mother Who Grooved Her in Wise Health Habits

Smoking, Drinking Both Detrimental, She Says; Believes in Sleep and Outdoors

Atlantic City, N.J., Sept. 19.—There is no short cut to beauty.

Here is 'Miss America' (Ruth Shand) and her entire family.

long road that knows many an unpleasant and arduous bending.

At least that is the retrospective view of Miss Ruth Malcomson, of West Philadelphia, Pa., chosen here as 'Miss America,' the most beautiful girl in the land.

Her father owns an ice company in her home town. She has been a member of the same church—and a regular attendant—since she was nine months old.

As America's most glorified girl she is eighteen years old, 5 feet 6 inches in height, violet eyes, weighs 132 pounds and has long golden brown hair, naturally curly.

It is to her mother that I attribute the honor conferred on me. It was she who watched carefully over me and grooved me in the habits I am sure are essential for any girl to gain the most from her natural charms.

Her mother, after mistaken for Miss America's sister, is youthful and beautiful in appearance, showing that her beauty training system is of practical proportions.

"I have no stage ambitions," said Miss America with decision, "but I always have wanted to be a motion picture actress."

Miss Malcomson was amateur beauty here last year, winning highest honors in her class, but this year she returned with a new standing and was triumphant over all comers.

didn't take to the social game, and because he was very busy most evenings, and really preferred staff affairs at his club anyway, he didn't urge her to attend social functions.

Things had reached this status when the Jennings gave the huge dinner party, to which John and Julie were invited.

O'Donoherty applied for a job as a builder's laborer, and was asked by the foreman what experience he had had.

"Sure," said the applicant, "I've done just about every kind of hard work at all, at all."

"Oh, but I want to know," said the foreman, "if you've been used to going up a ladder?"

"That's all right," replied O'Donoherty, "you'll have nothing to complain about. Sure I can mind the first time OI went up a ladder; it was down a well!"

Big City Leads Seaside as a Summer Resort

New York, Sept. 19.—Atlantic City, watering Summer resort of the East, is suffering the worst business depression in seven years, while New York is enjoying an exorbitant Summer boom.

New York, although never logically considered as a Summer resort, always draws enormous crowds of sightseers during the vacation season.

But in New York their presence is scarcely noted. They stop at the most popular transient and side street hotels, admitting they would rather spend their money doing things than spending all of it for hotel accommodations.

Yesterday I talked to four western girls making their first trip to New York. In the Winter they are employed as school teachers. They were pathetically disappointed in the city.

HUNDREDS SICK AND DISCOURAGED FOUND QUICK RELIEF IN DRECO

Substantial Canadian citizens tell of their restoration to health in hopes of aiding others who suffer to regain their happiness and comfort.

THE BEST MEDICINE I HAVE EVER TAKEN

That is the Verdict of Mr. L. L. O'Neill, Who Finds in Dreco a Wonderful System Building Tonic.

"I suffered agonies from indigestion," says Mr. O'Neill, who lives at 470 Young Street, Winnipeg. "Everything I ate soured and formed gas in a most distressing way. I always had a bad taste in my mouth and was troubled with catarrh of the throat and stomach. I was chronically constipated and, in fact, was so badly run down that I had about given up hope of ever getting better."

## SCHOOL NEEDS HELD MUCH TOO EXPENSIVE

"The provision of school supplies at cost to all pupils is certainly no small part of the duty of the authorities entrusted with the conduct of public education in British Columbia municipalities, and although it would be heavy upon parents with large families responsible for the training of the country's future human assets, it would be a step forward in the direction of the ideal of free education."

Thus does Mrs. T. E. Hollins, 1745 Elgin Road, write to the Oak Bay School Board urging that it give the matter attention at its next meeting.

They say School Supplies are too expensive and suggest the educational authorities supply them at cost price!

It's a good suggestion, but if the educational authorities handled school supplies at a profit like the Government handles the Liquor Board, our kiddies would have to do their figuring on scrap paper.

## 'NO CONCESSIONS' IS VOTE OF MEETING AT MARIGOLD

### Ward Four Saanich Favors Replacement of Car Service By Private Buses

Over 150 residents of Ward Four, Saanich, including a heavy percentage of ladies, last night discussed at Marigold Hall the problems incidental to the impending "closing down" of the municipal railway service of the electric company, being almost unanimously opposed to granting any concessions to secure continued operation of the line. Reeve Macneil read a letter from Vice-president A. T. Goward to the council, setting out that the operating loss per passenger was 84 cents over the eleven years the line had been operated.

Councillor Robertshaw asked the meeting for direction as to his attitude in the Council Chamber. Chairman F. Mellor pointed out various aspects of the matter, stressing the need of suggestions for substitute service.

A. Reid urged the meeting to favor banning jitneys from highways if such a course would induce the electric company to continue operation, being supported by F. F. Beckett. Ex-Councillor C. Pointer of Ward Two, while believing in the company's regretted the impending closure as a retrograde step.

**ASSERTS A PARALLEL**  
A. Reid urged the meeting to favor banning jitneys from highways if such a course would induce the electric company to continue operation, being supported by F. F. Beckett.

**PETITION FOR SERVICE**  
F. W. Harrison stated he was circulating a petition to the railway company already bearing 150 names for operation of the railway to Marigold. He suggested the municipality should "get hold of the railway at a knockdown price and operate it for us all."

Trustee Mrs. Beckett spoke for the school children of Eberts and other districts who have to be transported to school. She considered the railway an essential matter to the children and also spoke of fifty families in West Saanich who had no road service whatever and entirely rely upon the interurban.

**WARMLY OPPOSED**  
Fred Bennett entirely opposed any concessions, such as limiting jitneys. "We have five buses, forget the line; let's be progressive and support the modern system," he said amid much applause, thereby arousing protest from the pro-railway faction.

Asked as to the probability of continuing operation of the line to Wilkeson, Chairman Mellor said Mr. Goward had been non-committal when asked for a service on equality of fare with Oak Bay or Esquimalt "who have a four-mile service for a six-cent fare while we only have a 1 1/2-mile service."

A. Scalfie declared fares were at the bottom of the whole affair, the public were to be satisfied with what service they were offered and the charges made, and gave their support to the buses. Other speakers agreed with this view, one declaring the people had been ignored by the railway in previous years.

**ASKS FOR VOTE**  
Reeve Macneil urged the meeting to come back to business, decide whether a majority favored concessions to keep the line in operation or alternatively what bus services were advisable.

He also pointed out that another problem was involved in the closing of the line in October, when it would be impossible for the municipality to undertake roadmaking to enable new buses to get to areas off present main highways.

J. A. Dewar pointed out a half-hour service to Eberts could be maintained by placing one additional car on the Mount Tolmie-Burnside service, and by extending the six-cent fare a great increase of population would make the line pay.

Councillor Robertshaw insisted upon the need of concessions to secure continued service, declaring that, at a recent conference, Mr. Goward had constantly "harped upon" the need of restriction of the Burnside jitneys. In this he was corroborated by Reeve Macneil.

A large section of the meeting favored greater road building by Saanich, especially after the meeting was informed that Mr. Goward was authority for a statement that "paying of the city lines are to-day paying their way."

**PAVE THE ROADBED**  
William Stubbs suggested that Saanich should seize the first opportunity to take over the right-of-

way, pave it and so provide an ideal heavy traffic highway.

Anton Henderson foresaw the final withdrawal of the company, "so why bolster it up? He far-sighted; Sidney Hillier's "better service by road" is better than ever in the old days. The railway could have put on buses and kept this traffic if they had been far-sighted.

President Mellor asked for a show of hands favoring elimination of competition to secure continued service on the Interurban line, whereupon Mr. Beckett, secured from Reeve Macneil, the personal opinion that if the railway closed down he would expect the council to "unhesitatingly borrow on next year's revenue for immediate roadwork."

The vote then showed only six hands supporting concessions of any kind, while over a hundred hands opposed any agreements to limit jitneys and buses.

**WANT PRIVATE BUSES**  
Before voting upon the extension of the municipal bus service to West Saanich, Reeve Macneil pointed out that a by-law would have to be passed, whereby the private owners of a delimited area would have to assume any deficit which might occur.

Sixteen votes were in favor of such a course, but were in a great minority as compared with the vote supporting private operation of buses.

A committee to wait upon the council, representing Marigold district, was selected, these being F. F. Beckett, W. Stubbs, T. W. Hill, F. Mellor, A. R. Nex and J. Cheetham.

## DOG CASE LEADS TO CONVICTION AND SMALL FINE

### Unnecessary Violence Used in Correction of Hunting Dog, Rules Court

H. M. Fullerton Fined \$25 For Use of Strenuous Methods in Dog Training

At the close of the trial of the charge of ill treating a dog preferred against Herbert M. Fullerton, in Oak Bay police court yesterday afternoon, the accused was fined \$25. Magistrate Jay, pointed out that a fine of \$50 or three months imprisonment might have been imposed, in this case remarked the court, punishment had been administered to the dog to an unnecessary degree. The court recalled that hunting dogs, which he had raised himself and hunted over, required restraint, but that did not make unnecessary punishment right in the eyes of the law.

The afternoon session closed within thirty minutes after opening. H. A. Maclean, K. C. for the defence, submitted, asking the punishment had been administered to the dog. The dog was a peculiarly timid disposition and "an impression" had to be made upon it to stop the animal from ranging wild in the woods. It was the duty of the accused, as well as his right, to stop the dog breaking the law in this regard. The conflicting stories told by various witnesses had to be accounted for by their impression on hearing the howling of the super-sensitive dog. The punishment had been merited and restrained until the proper occasion, he would submit, asking an acquittal.

C. L. Harrison, for the Crown, rehearsed evidence given by the golfing party. One of the party, he said, had clearly seen Mr. Fullerton raise his head and "bash" it against the top of the car. Later the dog was swung sideways against the vehicle and all this with unnecessary violence. He would submit the accused had lost his temper, and should be punished in turn.

Magistrate Jay imposed a fine of \$25, declaring a conviction necessary.

For the third year in succession, and for the seventh time in the history of the Dewar Shield competition, for the best district agricultural display, Langley carried off the coveted premier honor. The award is regarded as the blue ribbon of the Provincial Exhibition. Saanich district brought Vancouver Island into this contest, which is province-wide in its scope and finished second. Kamloops, a consistent exhibitor for some years past, made a close third. Richmond, Surrey and Burquitlam followed in the order named.

Prof. P. A. Boving of the University of British Columbia, agronomist branch, and director of the staff of judges in whose hands the award is placed, made the announcement at the complimentary banquet Wednesday evening to the district representatives and other exhibitors in agricultural products. He commented in practical manner on the particular points of excellence each exhibit had shown.

## BELGIAN ECONOMIST FIRST KNEW CANADA BEFORE FEDERATION

### Was Then in Diplomatic Service at Washington, D.C., When He Toured Country

L. Strauss, of Antwerp, Arrives in City on Dominion Tour

Before Canada came into being as a Dominion Louis Strauss, Belgian economist, journalist, and honorary president of the Board of Trade of Belgium, was in Canada before there was a Canada. He knew Ottawa as Bytown, Toronto as a city of 40,000 people, and leaders of thought like Langens and Etienne Cartier whose names have passed into history.

To-day, after a tour of the Dominion, he is just as keen an observer, though nearly eighty years of age, as when he conducted a mission of inquiry from Washington, where he was in the diplomatic service at the time when the American Civil War was coming to a close. Much has happened since he visited Canada in 1865, and he was flattered at Ottawa recently to be shown in the library a copy of the book he published about Canada in 1867, to satisfy numerous inquiries in Western Europe about Canadian Confederation.

**REMINISCENT MOOD**  
In his room at the Empress Hotel yesterday Mr. Strauss, whose memory is splendid, recalled to The Times some of the incidents of his crowded career, which extends back in many interesting features of his early life was as first Belgian consul to the Mikado's government, just after the country was open to foreigners in 1868. He was in Japan before there was a mile of railway in that country, and when Sir Harry Parkes was fashioning that British influence which led to the introduction of so many of his countrymen to instruct the nation in its accidental development, imitating everything from western peoples.

Mr. Strauss has been an active journalist, among his numerous honors he treasures his honorary leadership of the Belgian press. At present he is contributing to the newspapers of his home, and publishing in French "Flemish impressions of Canada. A round of entertainments keeps him often out of bed until after midnight, but he shows none of the signs of old age, and is a cheery optimist planning for the future as well as a re-creator of forgotten memories and departed worthies who peopled the stage half a century ago.

**GUEST OF C.P.R.**  
"In an interview with President E. W. Beatty, of the Canadian Pacific Railway, last year, Mr. Beatty invited me again to visit Canada," said Mr. Strauss, "and I have taken a holiday this year to make a trip through the Dominion, having been in Quebec, Montreal, Ottawa, Toronto, Winnipeg, Banff, Lake Louise and Vancouver."

"After visiting Victoria I will return via Jasper Park and Chicago, the latter city now of 3,000,000 I knew as a city of 100,000."

"In Belgium the largest manufacturers in Europe of zinc are greatly interested in your zinc ores and in the last few years we have been depending on Australia for zinc ores, so we are only too glad to have Canada as a new market and competitor."

"Belgium has a very highly concentrated population, 2,000,000 with an area of only 22,000,000 square miles, and the importation of cereals is an important matter to us."

Mr. Strauss is a member of the Belgian Parliament from Antwerp. With other political figures he was imprisoned by the Germans for eight months during the early stages of the war.
