KIRKPATRICK-TOWN TEAM WINS DOUBLES

Final Singles This Saturday

In one of the most sensational matches ever witnessed on local courts, Messrs. Kirkpatrick and R. Town won the men's doubles championship in the twelfth annual tournament of the Narberth Tennis Association.

The defeated team, composed of Messrs. Nevin and Carmint, like the famous McLoughlin in his defeat at the hands of Johnson, was almost as great in its defeat as the winning team was in its victory.

The two teams started their finals on Saturday afternoon. Kirkpatrick and Town won the first two sets in fairly easy style—6-3 and 6-3. Then Nevin and Carmint braced up and won the third set 6-1. And then came the best match of the tournament.

It was late in the afternoon when the set was started, and it was dangerously close to darkness when the last point was scored, giving Nevin and Carmint the set by the score of 11 to 9.

That made it two sets all, with everyone wishing for one of those 9 P. M. sunsets like they have up in the Canadian Northwest. But wishing availed them nothing and the match was called on account of darkness.

As Mr. Nevin had to leave town early Thursday morning to be back at State College for the opening of the fall term, it was agreed among the players to meet at 6 A. M. Monday.

Shades of Harry Lauder! Championship tennis matches at 6 o'clock in the morning! Good night! Or, rather, good morning! But the players meant it, and so did their friends.

Accordingly, the fifth and deciding set was started at 6 A. M., in "the cold grey dawn" of Monday last. A considerable number of enthusiasts but sleepy-eyed supporters of the two teams were on hand and stayed throughout the match, which was won by Kirkpatrick and Town, 6-2. Singles Championship To Be Decided This Saturday.

Kirkpatrick and Warner will meet this Saturday afternoon to decide the singles championship.

Nevin won his round in the singles semi-finals but was compelled to default in the finals because it was necessary for him to return to college. He defeated Grugan in two straight sets—6-3 and 6-1.

Ladies' Singles and Doubles.

The ladies' singles and doubles matches were started on Monday afternoon. In the first round of singles Miss L. Jacoby defeated Miss M. McCoy, 6-1 and 6-0, and Mrs. L. Drinker defeated Miss E. Humphreys, 6-2 and 6-1.

In the first round of doubles Mrs. W. R. D. Hall and Miss M. Rowland defeated Miss R. Diamond and Miss L. Jacoby, 6-1 and 6-0.

The Tournament Committee is anxious for the ladies to arrange to play their matches at the earliest possible dates so as not to drag the tournament out over too long a period.

The Summary to Date.

A. C. Staples defeated A. P. Redifer, 6-0, 6-1.

Now, Are You Going?

"WHAT SHALL WE DO FOR THE CHAMPIONS?"

A Group of Citizens Have Answered the Question, and Invite You to Join in the Answer.

In the issue of August 26, "Our Town" asked the question printed in the above headline.

Last Monday night, a group of citizens met in the Y. M. C. A. Community Room to answer this query.

They reason that the ball players had done signal service for Narberth and should be appropriately honored for their self-sacrifices and resultful efforts in landing the Main Line League championship with such a clean record for sportsmanship.

They decided that the celebration should take the form of a community banquet in October, with speeches and plenty of goodfellowship. Furthermore, they decided that each player should be presented with an appropriate token in honor of his individual part in winning for Narberth this coveted honor.

Soon this committee of citizens will send you a communication that will afford you the opportunity of doing that which you will to do toward swelling a fund to make these tokens really worth while to the boys who have given us so much. Be ready to do your share—promptly!

The men who were present at the meeting Monday night were: Ray C. Jones, chairman; H. T. Miller, (51 Montgomery avenue), secretary-treasurer; Fred Rose, T. B. Du Maris, Arthur McClellan, J. Robert McCoy, Louis Hess, J. H. Compton, Robert Savill, W. S. Horner, O. L. Hampton, W. Arthur Cole, J. H. McCarter.

AN AUTUMN FETE.

"Not a frost—a fete!" That was the retort of one of the members of the Ladies' Aid Society of the Presbyterian Church when challenged about their coming event in Elm Hall, Friday, October 22.

"It is to start at 1 P. M. with a college luncheon for the ladies and"

No, it is not going to be all for the ladies! We'll tell you about the after events next week—watch for it, men.

AUTO DELIVERY HITS WAGON AT BASE BALL GROUNDS.

Mrs. Jos. Haley, of Gladwynne, Slightly Injured When Wagon Overturns.

Considerable excitement caused the temporary suspension of the base ball game between Gladwynne and Narberth last Saturday afternoon when a motor delivery wagon belonging to F. G. Vogt & Sons, Inc., Thirtieth and Race streets, Philadelphia, driven by John G. Vogt, collided with a horse and wagon owned by James A. Bell and occupied by Mrs. James A. Bell and Mrs. Joseph Haley, both of Gladwynne.

The wagon was overturned by the force of the compact and Mrs. Haley lost one tooth, had her lip lacerated and her right hip bruised. Her glasses also were shattered. Mrs. Bell was uninjured.

Dr. Evans, of Gladwynne, who was in attendance at the game, made an examination and reported no serious injury.

The team was standing on the east side heading north and was clearly within its rights. Both sides of the street were lined with teams and autos and the driver of the delivery wagon should have been driving slowly and cautiously. He was coming at a fair speed and apparently was interested in looking out at the base ball game.

After the collision he drove about one-half a block and came back to give Mr. Hill, our police officer, complete information.

HERE IS ESTIMATED COST OF NEW ROADWAY

Also Agreement With State

This week Our Town is able to present an exact copy of the agreement between the borough of Narberth and the State Highway Department, covering the rebuilding of Wynnewood road.

A study of the agreement will show the approximate cost of this new project. The reader will note that the agreement provides for contractors making two bids—one for a concrete road and the other for bituminous surface on a concrete base. Engineers of the State Highway Department deemed it wise to ask for the alternate bid on a bituminous surface on a concrete base, or what is known as an "asphaltic-concrete road," for this reason: At the Rockland avenue end of Wynnewood road, and at the Pennsylvania Railroad tunnel end, the road joins bituminous-surface roads, and, therefore, it may be necessary to make the new roadway an "asphaltic-concrete" construction.

The approximate cost of the "asphaltic-concrete" construction of a 21-foot roadway will be \$6154.70. Narberth's share will be \$3799.65 and the State's share \$2355.05.

The approximated cost of the "asphaltic-concrete" (or bituminous surface on concrete foundation) construction of a 21-foot roadway will be \$7014.90. Narberth's share will be \$4322.40 and the State's share will be \$2692.50.

The reason for the difference between Narberth's share and the State's share is this: All State highway aid is based on 50 per cent. of the cost of a 16-foot roadway. If 16 feet would have been wide enough for the new road, Narberth's share and the State's share of the cost would have been equal. But, as Councilman Redifer explained in last week's issue of Our Town:

"The Borough Council considered that a 16-foot road would be too narrow to accommodate the travel on Wynnewood avenue and decided to add five feet, making a concrete roadway twenty-one feet wide. The three-foot gutter on the Narberth side of the road will make twenty-four feet of good roadway.

"Of this the State and borough will each pay one-half the cost of sixteen feet and the borough all the cost of the additional five feet, making the State's share 8.21 and the borough's share 13.21 of the total cost."

It should be borne in mind that the figures quoted in the foregoing paragraphs and in the copy of the agreement, which follows, are merely outside estimates. The accepted bid of the successful contractor will undoubtedly be below these approximate figures.

In reading the agreement keep these facts in mind: The first set of estimated costs are based on a 16-foot roadway, and that the second set of estimated costs—the paragraph beginning "the following items not included in the above quantities will be contracted for by the borough of Narberth"—refer to that part of the roadway which is in excess of the State's 16-foot unit.

The Agreement.

THIS AGREEMENT made and entered into this 7th day of September, 1915, by and between the COMMONWEALTH OF PENNSYLVANIA, on the one part, and the BOROUGH OF NARBERTH of said Commonwealth, on the other part.

WHEREAS, The Borough of Narberth has filed with the STATE HIGHWAY DEPARTMENT their petition, under the Act of Assembly approved May 31, 1911 (P. L. 468), expressing a desire to the State Highway Department for State aid in the improvement and subsequent maintenance of a road in said Borough of Narberth, Montgomery County, being about 1756 feet in length, situated as follows: From Rockland road via Wynnewood avenue to the Pennsylvania Railroad; and

WHEREAS, The State Highway Department has recommended the improvement of the road as applied for, the construction being either a Rein-

EDITORIAL NOTES

"THE LAST CALL"

OUR TOWN will gladly print any news item about any subject that is of interest to Narberth folks, but in order to meet the printing schedule, all "copy" manuscripts—must reach the editors by 6 P. M. Monday each week.

HERE WE ARE AGAIN.

Once more it seems necessary to state that Our Town will not print unsigned communications. It is not necessary that your name be printed in connection with any letter that you may write to the paper, but the editors must know who the writer is—or the letter goes in the waste basket. During the week just past Our Town received a letter from one of our citizens who claimed that just credit had not been given one of our officials for the work he did in connection with Wynnewood Road. We would like to have printed that letter because we sincerely desire to "render unto Caesar's"—but we can't when we have no better authority than an anonymous letter.

We want your letters, your ideas, your suggestions and your criticism, but don't forget to sign your names.

CONCERNING KICKS AND KICKERS

Editors of Our Town: From time to time I have noted that persons under various "nom de plumes" kick about conditions in Narberth, but I have yet to see one invite

and offer to improve the condition they kick about.

In the first place I consider it cowardly to kick at anyone from ambush, so to speak, and in such a way that the kicked cannot get back at the kicker, and in the second place I would like to remind the aforementioned kickers that if they did more they would need to kick less.

It may be that these belong to those whose only "work" is to kick and that to do away with "causes" for this were to take away their only diversion, but I am sure I could stand it and I do not believe the community would miss them much.

It is all very well to kick and do—but those who only kick, are they like unto those who "only stand and wait?"

Very truly yours,
Andre Koronski.

WYNNEWOOD ROAD AND THE AUTOMOBILE CLUB FUND.

To the Editors of Our Town:—

Curious, isn't it, how our views and principles are frequently moulded by our selfish interests. We have heard considerable objection recently in reference to the expenditure of a large sum of money on Wynnewood avenue, on the ground that such expenditure would be of no direct benefit to persons living in other parts of the borough, and who have no particular use for this main thoroughfare from Philadelphia westward. We have also heard objections to the park development on the ground that the principal benefit would be for the few property holders in the immediate neighborhood, and this, notwithstanding these few property holders are bearing the expenses of the improvement, merely because the acceptance of the improved territory as a public park, would involve some obligation in the way of upkeep. Now that the State has come to our aid and agreed to shoulder one-half of the expense of a permanent and first-class roadway on Wynnewood avenue, we would naturally expect further criticism on the part of the same people who have objected to the expenditure of borough funds, on the ground that the State is spending public money derived from sources far removed from our own locality and is, therefore, discriminating against citizens in other parts of the State, who have never seen Wynnewood avenue, and who will probably never have an opportunity to pass over it once in a lifetime. Not a word has been said, however, as to this phase of the situation, and I am forced to conclude that objection to the borough's expenditure was not based on principle so much as it was upon selfish interest, because as a matter of principle the expenditure by the State is more clearly a violation of individual rights than is the expenditure by the borough. After all, the action of the State in building highways is merely the result of a broad-minded, liberal policy of expenditure for general good, even though the effect is a sacrifice of individual interests; and this is the necessary result of all legislation for the common good, in the complex state of society in which we live.

But now that we have assistance from the State, can there be any good and sufficient excuse for accepting further aid from the automobile association? It is the duty of every community to construct and maintain its own highways, regardless of the fact that they are extensively used by persons living in other communities. No system could be adopted which would place the cost of highways upon those who use them in proportion to the extent of such use. Our laws contemplate and require, therefore, that each community shall provide and maintain its own highways unless the State itself chooses to assist therein, and the only compensation which may be expected from citizens of other communities is our right in turn to use their highways as our fancy or needs may require. Therefore, when we accept from others a contribution for the benefit of our own roads, we place ourselves in the humiliating position of accepting help from those who are under no obligation to us. Can we afford to do this?

FORGETTABLE THINGS.

Has some one played a scurvy trick? Forget it. Has some one soaked you with a brick? Forget it. Don't let the memory endure; a scheme of vengeance will not cure a single sore, you may be sure—forget it. Has some one used your name in vain? Forget it. Don't call upon him to explain; forget it. If you are straight and good and true, it boots not what men say of you; don't fuss, or pause the rag to chew—forget it. Your wife has got a nagging tongue? Forget it. You thought her smooth when she was young; forget it. She's had enough of work and care to sour the temper of a bear; what if she hits you with a chair? Forget it. The kids kick up a beastly noise? Forget it. You cannot read for girls and boys? Forget it. Some day they'll leave the old home shack, and then you'll wish that they were back, to make the floors and rafters crack—forget it. You have a toothache in your ear? Forget it. You've half a mind to shed a tear? Forget it. For brooding over grief or pain but puts the fantods in your brain, and shows you are not safe or sane; forget it.—Walt Mason, in Phila. Evening Bulletin.

The Rev. Andrew S. Burke has returned from his vacation and will officiate at all the services next Sunday.

Y. M. C. A. NOTES.

Electric Sign.

In last week's issue of Our Town you saw the account of the Y. M. C. A. Electric Sign we are planning to get.

You have probably forgotten the plan, so we repeat it for your benefit. If we get twenty-four men to give \$1.00; thirty men to give 50 cents, and twelve boys to give 25 cents, we can have the sign on the corner of Forrest and Haverford avenues.

Quite a number of the men see the value of such a sign and the result has been that we have \$20.00 subscribed—nearly half of the cost of the sign.

Stop in and look at the plan of the sign on our bulletin board. Then tell Secretary Hampton the amount you want to give. Do it now.

Big Get-Together.

Next Saturday night, September 18, we are going to hold at the Y. M. C. A. a "Big Get-Together." This is of particular interest to the younger fellows.

You are interested in the Glee Club or in some of our other athletic teams, so be sure to come. Something will be of vital interest to you. Incidentally, we are going to have a "Big Feed." If you haven't already said "I'll be there," this may help you come to a decision.

Remember now, you have an engagement for Saturday evening. Don't forget it or you may regret it.

Corn Roast.

The corn roast which was scheduled to have been held last Friday evening was called off. No one informed us of the "heat wave" that was going to strike us, when this affair was planned.

Gymnasium.

We are doing everything to put our gymnasium in A-1 condition. This winter is going to be a busy one for our gymnasium, and we want it to give the best possible service.

Our fall schedule is not yet completed, but we are going to have something in the gymnasium that will interest you—be you man or boy.

A STATEMENT FROM THE ELMWOOD'S CLUB MANAGER

Eidtors of Our Town:
We trust that you will see fit to publish the following facts relative to the Elmwood Field Club, to contradict erroneous local reports.

During the present season our club has played nineteen games on our field at Rockland and Essex avenues, so generously loaned by Attorney John R. K. Scott, of Philadelphia. The club has won twelve games and lost seven.

The expense of putting the field in playing condition was borne equally by Messrs. Bradley, Bowman, Jacobs, Ludovici, and Dr. Orr. During the latter part of the season Messrs. Southerland and Henderson joined the club, and are paying their share of the running expenses, including part or full fares of visiting teams.

The members of the club had hoped to see the residents of Narberth come out in greater numbers to witness their games, and they trust that more enthusiasm will be shown during the 1916 season of Narberth's second home team—The Elmwood Field Club.

Yours very truly,
The Elmwood Field Club,
(Signed) C. E. Ludovici,
Acting Manager.

CIVIC HONOR

You will confer the greatest benefits on your city, not by raising its roofs, but by exalting its souls. For it is better that great souls should live in small habitations, than that abject slaves should burrow in great houses.—Epictetus.

IT WAS A GREAT DAY FOR MR. VERNON FLECK

After eight and a half innings of supreme base ball with Gladwynne of the Twin County League, in the lead, Narberth rallied in genuine championship style and won Saturday's game by the score of 3 to 2.

Humphries, the first man up, struck out. Our old friend Bill Durbin, who has been playing with Cape May all summer, then cracked out a nice single, very neatly placed. Then with Bill on second—having stolen the base—and "Nig" Koons at the bat, things looked especially bright. But Kohler, Gladwynne's pitcher, crossed "Nig" and struck him out, making two down.

Captain Fleck Makes Home Run.

Captain Fleck was next up to the bat, and things began to look brighter. Kohler pitched two strikes which Vernon could not connect with. Then came the third ball, and to tell you the truth, Vernon "poled it out of the park."

Bill Durbin was home before the ball touched the ground on Johnson's front walk. The ball then bounced up on the porch and over in the side yard. In the meantime Vernon was running his head off circling the bases and scoring the winning run of the game, much to the delight of one of the largest crowds of the season.

The fans will recall the coach touching Vernon on his home run over the fence some weeks ago, and Fleck, having this on his mind, when rounding second base, started to yell, "don't touch me," and the coach didn't this time. It was one of the longest hits ever made on the local grounds.

The fans stood silent for a few moments hardly knowing what to say, but when they realized what had happened they went wild. You could hear the yelling all over the town.

Gladwynne Starts the Scoring.

Gladwynne started to hit Bob Gilmore in the second inning by getting two two-base hits, which netted them one run. Narberth tied up the score in the third inning when Bill Durbin singled, stole second and third bases, and scored on Bill Simpson's two-base hit.

Gladwynne then forged ahead in the seventh inning on Kohler's single and errors by the home club. This run looked especially big, for while Narberth were finding Kohler, the local boys could not make the necessary hits when there were men on the bases. Then came the ninth inning—and the game was soon over!

Barker Scores With the Stick.

Charley Barker led the hitting with four hits out of four trips to the bat. This was especially interesting and timely, because there was a time when Charley "was not good enough for Gladwynne." Can you beat that?

Captain Fleck had a good day at bat with two hits, as did Bill Durbin and Bill Simpson. Durbin also excelled on the base paths, having five stolen bases. Some stealing, eh?

Our old reliable Bob Gilmore was on the mound for Narberth and held the heavy hitters to seven hits, which were widely separated except in the second inning.

Several times Narberth had two and three men on the bases, with none out, but could not produce the necessary hits.

The fielding of Gene Davis and Bill Durbin and the catching of Koons were very much in evidence, while Gladwynne's battery carried off the honors for their team. Burns, a former Bryn Mawr player, led the hitting for the visitors, having a double and a single.

Mrs. F. C. Padgett has returned to her home on Essex avenue after a stay of two weeks at Atlantic City.

On Labor Day, an interesting all-day event was held on the Narberth Y. M. C. A. tennis courts, Anthwyn Farms. Tennis was enjoyed and luncheon and supper served. In the evening there was a large fire and marshmallow toast. The untiring efforts of Master John Dickie was an important factor of the day's success. Those present included: Misses Helen Bullwinkle, of Brooklyn; Beatrice Lough, Marguerite Mueller, Jean Chalfant, Flora Compton; Messrs. Earl Dickie, Irvin T. Ward, Newton Compton, James Scanlin and Harold Speakman. Mr. and Mrs. James G. Foote chaperoned the party.
