CHRISTMAS CHARITY BALL

December 20, 1954

Program Compliments of Ronald's

MERRY CHRISTMAS

to our Friends - and our sincere thanks to you for making the Charity Ball a success. Your interest and support of events such as this make possible the following projects of the Junior Service League: a day nursery located at the Green Hunter Homes Housing Project for colored children of working mothers; a shop at the Hall County Welfare Department where used clothing is dispensed to the needy; the financing of local children at the Junior League Speech School in Atlanta; a story hour at the Hall County Library during the summer months; Volunteer work with the Red Cross, at the local hospital, in scouting, and our newest project, recreational swimming for crippled children. Further plans include expanded work with handicapped children.
