

EXECUTIVE BOARD OF C. OF C. MAKES REPORT

COMMITTEE INVESTIGATES BUSINESS OF CITY ADMINISTRATION AND MAKES COMPREHENSIVE AND IMPARTIAL REPORT TO THE GLENDALE CHAMBER OF COMMERCE WITH VALUABLE RECOMMENDATIONS

To the Chamber of Commerce, Glendale, Cal.
Gentlemen:

We present you herewith a report concerning various matters relating to the city of Glendale.

This report is made at the request of your president, and for the purpose of recording our judgment about many rumors, some of a very damaging character, reflecting on the integrity, wisdom and efficiency of the present city administration.

To this end your executive committee have spent two entire evenings with the city council, and have had numerous other meetings for the discussion of the questions involved. We have called into consultation, both friendly and hostile critics, with the purpose of arriving at the real facts.

No audit of the city's accounts has been attempted, this being more properly the work of expert accountants. We assume and believe the city's accounts will be found correct under any investigation that may be instituted.

We find no evidences of graft, dishonesty, or gross mismanagement of the city's affairs. We believe the men who are directing the affairs of our city will compare very favorably with the officials of the best American cities of similar size. They are not infallible, neither will their successors be infallible.

It is inevitable that any city administration will create antagonisms. Every time a mooted question is decided, the partisans of the losing side, no matter how honest or sincere, will treasure up a little opposition to the powers that be. This is human nature and constitutes a trait from which very few if any of us are exempt.

There are doubtless many ways by which the administration of any city's affairs can be improved,—ours is no exception to the rule. It behooves all good citizens to give their thought and time to the civic problems that arise, with the end in view of arriving at a more perfect system of local government.

We urge that every loyal citizen of Glendale rally to the support of all that is good in the present administration, and that they quietly and earnestly co-operate in weeding out whatever is not for the city's interests. United effort will keep Glendale in a commanding position among the most progressive cities of this favored climate.

We have followed down many damaging rumors, only to find they were either greatly exaggerated, or were without foundation. These rumors, finding their way into the Los Angeles papers, have been garbled into sensational charges that are doing our community great harm.

Both those who are for and against the city administration should frown upon many of the extravagant and unwarranted charges that are being published against Glendale by the Los Angeles press.

With these preliminary words we respectfully submit our views and recommendations.

1. City Manager.

There is room for honest difference of opinion as to whether a city like ours needs an official known as City Manager. The city council believed that such an official was needed and selected for the place an efficient man of wide experience in local government, and with a clean record. We believe the experiment was worthy of trial, but that it is too early to pass judgment on the merits of the new plan.

Under our local plan, the Manager does not control either the Public Service department, or the Engineering department. He serves mostly in an advisory capacity with reference to these very important branches of the city's business. He is, however, head of the Police, Fire and Public Safety departments and is also Street Superintendent. His office is a sort of clearing house for municipal trouble. He is general purchasing agent for the city and takes the initiative in many movements that have for their object, the advancement of Glendale.

In view of the fact, however, that the office is yet experimental, and considering also that two of the largest branches of the city's work are independently managed by capable heads, we believe the present salary attaching to the city manager's office might appropriately be reduced.

2. Addition to City Hall.

Analyzed purely as a business proposition we believe the addition to the city hall is a good investment for the city. It will cost about \$4500. One thousand dollars of this amount will be paid for out of last year's tax levy and the balance will

be paid out of the profits of the Light and Water departments. As a matter of public policy, however, we recommend that future expenditures of public money for public buildings or for additions thereto be submitted to a bond issue provided there is not sufficient money on hand from the tax levy for said purposes. Thus the burden of taxation would fall on all property owners rather than on the users of electricity and water alone.

3. Purchase of Automobiles, etc.
The automobile is a necessity in nearly every modern business. We believe our city can use to good advantage the automobiles recently purchased. We found no evidence that these autos have been used for other than the city's business.

The garage at the fire house, erected at a cost of about \$300 was a much needed improvement. It enables the city to utilize without extra cost the services of one of the firemen, who is said to be competent, to do much of the work of keeping the autos in good condition.

4. Public Service Department.
After careful examination of the Public Service department, we find that it is being efficiently managed and to the advantage of the tax payers. Some further economies will be possible when the city hall is completed and additional office room is thereby secured. The salaries in some cases seem a little high, but we believe the manager's policy of demanding high efficiency will bring satisfactory results. In this, as well as in all other departments of the city's work, service of a high order should be demanded.

5. City Attorney.
The City Attorney has submitted a report covering the extensive litigation growing out of the city's suits with the water companies. We have examined this report and have made independent investigations and believe the service rendered by the city of Glendale by the successful termination of the various suits has fully reimbursed the taxpayers for all the money spent. We believe the fees were reasonable, and we find no evidence that consulting fees were charged in addition to the fees reported. Most of these fees, however, appear to be for extraordinary services the necessity for which in the nature of events will not be likely to arise again. It is worthy of note that one single item, the refund on water meters amounting to approximately \$3,000 (of which sum \$2185.85 has already been paid back) represents a considerable saving to the people, and is a direct result of the litigation for which these fees were charged. A copy of the attorney's report which appears hereafter, will indicate further large savings.

6. Increase in Taxes.
The past year has witnessed a very substantial increase in both city and county taxes. The city taxes show a net average increase of over 28 per cent as compared with the previous year. The county and state taxes outdistanced the city taxes considerably and showed an increase of nearly 40 per cent. Expressed in round numbers of dollars, the people of Glendale are paying about \$12,000 more of city taxes and \$24,000 more of county and state taxes this year, than they paid last year. In other words the county and state increase in taxes for 1914-15 is double that of the city tax for the same period. It would be an interesting problem to determine what the county and state did with our extra \$24,000, but for the purposes of this investigation we will confine ourselves to the present problem of what the city council did or proposes to do with the extra \$12,000.

City Manager Watson has submitted us a statement covering items over and above last year's requirements which will more than absorb the extra \$12,000 of taxes levied. These seem to be legitimate expenses, and are in a large measure unavoidable as well as unfortunate. The major portion of our additional taxes seem to have been caused by the unusual flood of last winter. These expenses in condensed form are as follows:

Account of Verdugo and Sycamore Canyon washes	\$7445.58
Payment to E. M. Lynch for center line maps	943.31
City hall addition	1000.00
Estimated street lighting in excess of last year	692.24
Garbage collection (estimated)	1500.00
Railroad commission expense	49.00
Water commission legal expense	750.00
Legal services in re meter and fire hydrants	480.97

One Ford automobile for public welfare dept. 578.50

Total \$13439.60

Regarding the item of \$1500 for "Garbage Collection," we find this is merely the result of a change in the method of handling the garbage problem. Heretofore our people have paid the city direct for collecting their garbage. Now it is done without charge, the cost being met by taxation. Any citizen may have garbage, tin cans, etc., removed from his premises without charge. The present method is really a sanitary measure, designed to prevent the accumulation of garbage, with its consequent menace to health.

7. City Engineer.
The salary attached to this office is \$150 per month, but \$10 is returned to the city as office rent, so that the net amount paid by the city is \$140 per month. Under date of June 22, 1914, the city passed an ordinance clearly and explicitly setting forth the duties of the position and fixing the salary.

Under the same date the city entered into a written contract with Mr. Edward M. Lynch defining the exact terms under which additional service and help should be furnished to the city. Under this arrangement a party of three men, with surveyor's transit and all necessary equipment, fully capable of making surveys in a thorough and skillful manner, is furnished to the city at \$1.60 per hour, but only for the time actually employed.

A draughtsman with necessary tools, equipment and appliances, and with access to all private records of the city engineer is furnished at 75c per hour.

Provision is made whereby the city may have copies of street profiles, notes and ties of Glendale streets, (such as may hereafter be prepared by Mr. Lynch in connection with his private business) without cost other than the work entailed in copying such notes.

A further arrangement was entered into with Mr. Edward M. Lynch whereby he was directed to prepare for the city a complete set of center lines, center line points and ties to center line points, showing distances and angles on all streets in the city except some points lying in Verdugo Canon. This was compiled from all records in the engineer's office, a considerable portion of which records had been gathered by Mr. Lynch in the course of his rather extensive private business for some eight years back. The city paid Mr. Lynch \$943.31 for compiling this information, this being, so Mr. Lynch states, the exact amount paid out by him for the time of his men in preparing the data. This data is now available for any engineer who desires to use it, and is the exclusive property of the city.

In addition, Mr. Lynch by agreement binds himself at all times to maintain the original references from which the above data were compiled so that the city of Glendale may have free access thereto at any time. He also agrees to produce any of these references, records, etc., whenever needed in any court proceedings by the city, and agrees to appear and testify, the only charge for such appearance being the usual fees allowed for such testimony.

Mr. Lynch furnishes all instruments, equipment, etc., necessary to the conduct of the office and keeps a capable man in the office at his own expense to answer the general inquiries of the citizens of Glendale.

We believe his office is capably managed and that the present arrangement is fair to the city of Glendale.

We have inquired particularly as to whether any profit is being made by the city engineer for furnishing men for engineering or other work in connection with the construction of streets and have been advised that no profit is made.

Under the present arrangement with the city engineer he is not only responsible for the preparation of proper plans and specifications, and for the regularity of all street proceedings under the Vrooman (or other) acts, but he must take general supervision of all work done under such proceedings. This endeavor to place the responsibility for proper construction of streets fully in the engineer's hands. Heretofore the city has had no authority to see that the specifications and plans prepared by his office were fully complied with. Now under the terms of his employment he has such authority. There is no divided responsibility. This should result in better work than we have been getting on some of our streets in the past.

We recommend that special efforts be made to secure a better class of street work than we have had heretofore, even if higher grade work must be specified and a larger price paid. A poor street is expensive at any price.

We recommend that hereafter no charge shall be made for furnishing grades for sidewalk and curb where such work is done by private contract.

We suggest that all maps and other property in the city engineer's office shall be plainly marked as city property.

It is doubtful whether a city the size of Glendale could afford to hire a thoroughly competent engineer for his entire time on account of the cost. We suggest, however, that careful investigation be made along this line to see if a better plan can be devised to handle our engineering problems economically.

Changes Recommended.
There are certain changes which we believe desirable that will result in a considerable annual saving to the city. We respectfully submit them for your consideration.

1. We recommend that the office of "Street Foreman" be dispensed with, or that the same be merged into some other office, say that of street superintendent, but without additional salary, and that a working foreman be employed from time to time, when needed, as occasion arises.

2. We recommend that the duties of "Minute Clerk" in the city council be performed hereafter by the city clerk, or without additional expense to the city, as is contemplated by the law.

3. In view of the reduction of the labors of the "Building Inspector," we recommend that the salary attached to the office be reduced from \$125 to \$85 per month.

4. We understand on good authority that the city recorder, whose salary heretofore has been \$75 per month is willing, in the interest of the city, to accept a substantial decrease in salary.

We recommend that the council take advantage of this opportunity for larger economy. Under the present law all fines and fees collected under the city ordinances in the recorder's court belong to the city and no portion thereof goes to the recorder.

5. The whole nation is passing through a period when retrenchment is absolutely necessary. Nearly every line of business, whether corporate or individual, has been compelled to reduce expenses and curtail expansion. Our city is merely a large corporation, much like a private enterprise, and must face similar business problems and necessities.

We suggest to the city council and heads of departments the advisability of looking carefully into every branch of the city's business with a view to making our taxes secure to us the largest possible results. Employees should understand that their tenure of position depends absolutely on their ability and willingness to deliver satisfactory service. The doctrine of "the survival of the fittest" may appropriately be applied here.

General Recommendations

We recommend that the city council consider carefully the advisability of having the county make our assessments and collect our city taxes. The law provides for this plan and it has been adopted by many cities and towns throughout the country, apparently with satisfaction and economy.

We recommend that all employees of the Public Service department handling money be placed under bond without cost to the city.

The new Workmen's Compensation Act prescribes rather high penalties where an employee is injured particularly where he is permanently disabled. Many cities are carrying their own risk, because of the high premium exacted by the state for covering this insurance. We doubt whether our city can afford to assume its own risk, even though the premium is high, and recommend that the City Council give careful consideration to this matter.

We recommend that the Chamber of Commerce shall choose annually a Welfare committee which shall have for its object the general good of the city of Glendale. This committee should be instructed to investigate rumors of dishonesty or inefficiency that may arise against the city government and should report its findings primarily to the city council, but whenever necessary should report back to the Chamber of Commerce. We believe such a committee if properly constituted, would be of real assistance in correcting certain evils and could render valuable help to the city council by gauging and reflecting the wishes of the people.

We have heard considerable adverse criticism about our present fire protection. We believe early steps should be taken to secure better facilities for fighting fires, the present chemical engine being inadequate for our needs.

Your committee believe there should be no relaxation in regard to milk inspection and inspection of dairy herds. Every effort should be made to keep pure the supply of milk furnished the residents of Glendale. If a veterinarian or other competent

person can be secured for such inspection without too great an extra expense, we suggest this be done if it seems necessary.

Your committee has under consideration some other matters that may justify a supplementary report later on.

We acknowledge with appreciation the courtesy of the city officials in promptly furnishing any information desired by the committee.

We are also grateful to many citizens who have, at our invitation, met with us from time to time and given us of their counsel and advice.

This report represents the composite views of your committee. There were minor differences of opinion on some of the questions before us, but there was practical unanimity on all of the main issues involved.

Respectfully submitted,

A QUIET WEDDING

A wedding of interest took place at the residence of the Rev. C. R. Norton Friday evening, March 12th, at 8:30, when Miss Ellen Laura Fletcher of Glendale and Mr. Alva Raymond Faulkner of Loveland, Col., were united in marriage. The bride and groom were attended by Miss Sadie Reed and Mr. Roy Pierce of Glendale. Mr. and Mrs. A. E. Reynolds, the parents of the bride, were present to give her away. Rev. Norton used the beautiful ring ceremony. The bride was very pretty in her handsome traveling suit of blue. The house was decorated in lilies and greenery. After the ceremony the happy pair departed in an automobile for parts unknown for a few days. The first of the week Mr. and Mrs. Faulkner will leave for Loveland, the home of Mr. Faulkner. Mrs. Faulkner has been a resident of Glendale for about twelve years and her many friends will miss her greatly.

PRIZE WINNERS

The following is the Judge's report in the "Who's Who" contest conducted by Paul Pry in The News last Saturday:

First prize, Harry W. Chase, 113 North Isabel.

Second prize, Miss Edna Lawson, 1320 West Seventh.

Third prize, Dale T. Wood.

Very little choice between first and second prizes.

I. Mitchell only a few points below third.

No. 1 to have choice of all prizes. No. 2 to have choice of two remaining prizes.

Prizes are 100 tickets to Palace Grand theater; a dozen fine photos, Glengarry studio; \$5 trade order at Guernsey jewelry store.

GET-TOGETHER MEETING

At 8:15 this morning the ministers of the different churches of Glendale, Casa Verdugo and Tropico, together with Evangelists Brown and Curry, enjoyed a hearty breakfast together at the cafeteria on Brand boulevard. Dr. Julius Soper acted as toastmaster, calling on the different pastors present for brief remarks. Rev. Troy lead with a toast, "Results," then followed Rev. E. H. Willisford with "The Music"; Rev. W. E. Edmonds, "The Outlook"; Rev. E. E. Francis, "Come Again"; Rev. Bede A. Johnson, "The Work"; Rev. H. Jackson Hartsell, "What We Expect"; Rev. C. Irving Mills, "The Larger Effect." Evangelist Curry responded with very fitting words, emphasizing his work as a leader of song, and expressed his appreciation for the hearty and faithful service of the singers. Evangelist Brown expressed his appreciation of the work, not only of the ministers, but of the members of the churches and the people of Glendale, for their hearty and sympathetic cooperation. Because of the illness of his wife, Rev. Rider of Tropico was unable to be present, and Rev. Smith of Tropico was also unable to be there.

TRIP TO SAN DIEGO

Stoffel's Auto Service made their first trip to the San Diego exposition Saturday, Mrs. Franchot of 1437 Riverdale drive and two friends being the passengers. The party will return late Sunday evening.

TO ENTERTAIN TONIGHT

This evening Mr. and Mrs. F. J. Peacock of San Bernardino will entertain with a theater party at the Mason in Los Angeles Mr. and Mrs. C. F. Parker and Dr. and Mrs. E. H. Lyman of San Bernardino. Mr. and Mrs. Peacock and Dr. and Mrs. Lyman are all guests at the home of Mr. and Mrs. Parker, 227 South Central avenue.

MUNICIPAL AFFAIRS

CHAMBER OF COMMERCE AT ITS REGULAR MEETING DISCUSSES CITY GOVERNMENT

There was something doing Friday evening, March 12th, at the regular monthly meeting of the Glendale Chamber of Commerce. This was the first meeting that had been held since the election of officers in January, and as the executive board of the chamber had promised a report concerning their investigations as to the condition of municipal affairs, there was a large attendance present in the firehouse to hear the report. It was planned to assemble in the municipal court-room, but it soon became evident that this room was entirely too small, so a change was made to the auditorium of the firehouse, where there were sufficient seats for all.

J. W. Usilton, president of the chamber, called the meeting to order and after the minutes of the preceding meeting were read by J. F. Lilly, the secretary, Mr. Usilton gave the very appropriate inaugural address which follows:

Members of the Chamber of Commerce, Gentlemen:

Perceiving the state of unrest and the numerous charges against the city officials your executive board was called together and an inquiry decided upon. The board has held a number of meetings and gone carefully into the matter and a report of their findings will be laid before the chamber for action. It is thought the board should continue to investigate along the lines of the report as occasion requires.

Numbers of people are arriving weekly in Los Angeles at this time and our publicity committee, through lack of funds, is unable to promulgate literature to attract them to Glendale. Literature of a high grade should be printed setting forth the advantages of our city both as a residential and manufacturing location. Mr. Lilly, your secretary, has voluntarily offered his services free of charge for two months, to aid in accomplishing this purpose. After the secretary's report is made a motion for a suspension of a few minutes to enable those wishing to square up their dues will be in order.

A committee should be appointed from the chamber to select and recommend to the city trustees a suitable location for an industrial district. It is a question that should be settled.

A committee should be selected to wait on the trustees and request the erection of a bandstand for summer concerts and a location for same. It should be ornate, somewhat similar to those erected at several of the beach cities. A tax is levied for entertainment purposes and it is understood that the money is available.

It is thought that any well conducted affair that draws a crowd to Glendale is of material benefit and should be encouraged; we therefore recommend that the chamber acknowledge the services of the promoters of the recent automobile race.

The railroad committee of the chamber of commerce should continue their efforts to procure railroad facilities for all sections of our valley. They are to be commended for their persistent efforts and success thus far in regard to the extension of the Pacific Electric railroad to the eastern section of our city, and it is to be hoped that project may be brought to a successful conclusion soon and the committee be free to take up plans for extension of side lines to the west and north sections of our valley.

Such streets as Brand boulevard, Glendale avenue, Broadway, Central and Colorado are the main arteries of our city and the committee on roads and boulevards should continue their efforts to have those thoroughfares opened up and paved throughout their entire length and special effort should be made to extend Brand boulevard across the river to a connection with Ivanhoe avenue, thereby giving us the shortest possible route to Los Angeles. About half the present distance.

Glendale is behind her sister cities in California inasmuch as she has no parks. While this is a matter that will necessarily require time, yet our park committee should be encouraged to further efforts along that line and co-operate with other committees who are working to that end.

Our neighbors just beyond the boundary line of our city are at this time asking to become citizens of Glendale, and the chamber of commerce should go on record as being in favor of leaving the door open at all times for those desiring to join us.

Last, but most important of all, the chamber of commerce should seek to develop the Glendale spirit. While every man and woman in this

GLENDALE, CAL., MARCH 13.

MUNICIPAL AFFAIRS (Continued from Page 1)

city is now a booster, yet we need to boost together more in the future than in the past. Let us realize that in this procedure will be our strength.

On motion a recess of five minutes was declared for the purpose of giving delinquent members an opportunity to pay back dues. The secretary, J. F. Lilly, announced that he would serve two months as secretary of the chamber without salary that he might assist in placing the association on a good firm business basis. His offer was received very kindly by the members.

The question of an industrial district for the city of Glendale was taken up for consideration. On motion it was decided that the chair appoint a committee of five whose duty it shall be to arrange for a suitable location for an industrial district and make a report at a future meeting of the Chamber of Commerce. The chair stated that the selection of this committee would require careful consideration and he therefore would ask to be given a reasonable time in which to name the members of the proposed committee.

Continuing the discussion of the question of an industrial district, Ezra F. Parker wished to know if the Chamber of Commerce really favored the carrying on of industrial pursuits in the city of Glendale. He said if the people were favoring a real quiet city, a city without noise and confusion, that he knew of no better place than the Grand View cemetery. He said so far as he is personally concerned, he favors the encouragement of manufactures and the operating of machinery, and the noise and confusion does not bother him so long as it is giving men employment.

Oma Fish, in talking upon the same question, said that he favors industries in the city of Glendale, but does not approve of having a planing mill in operation so near his residence that it becomes annoying. He thinks there should be a special place provided for the carrying on of industrial work.

A motion prevailed that the members of the Chamber of Commerce favor the carrying on of industrial work in the city of Glendale.

On motion, the chair was instructed to appoint a committee whose duty it will be to assist in extending Brand boulevard through to Los Angeles by way of Ivanhoe. The chair stated that the appointment of the committee would be made later.

The question of a merchant's license tax was presented for the purpose of gaining the views of the members of the Chamber of Commerce on this subject. It seemed to be the prevailing sentiment of those who are familiar with the proposed city ordinance, that it is not best to ask the members of the Chamber of Commerce to vote on this question until they could have an opportunity to learn concerning the plan of the proposed tax. The question will likely come up for consideration at some future meeting. Members talking on this question were Harry Chase, W. H. Crane and Mayor O. A. Lane. The chair announced that it would now be in order to take up the report of the executive board. The report was read by the secretary, J. F. Lilly, and on motion the same was accepted and placed on file.

The report of the executive board appears elsewhere in this issue and an explanatory statement submitted by the city attorney will be published in Monday's issue.

G. B. Woodberry, former city clerk of the board of trustees, favorably commented upon the report, especially the preamble, advising that copies

be printed and the same be worn in the hat of every citizen of Glendale that he may readily call to mind the kindly advice given in this preamble. He referred to the question of the assessing and collecting of city taxes being placed in the hands of the county, and said in his opinion he does not think there would be money saved by taking that course. The county if doing the assessing and collecting, would have the power to place the valuation on city property, and as in the instances of the assessments now being made by the county, the property is valued higher than the valuation placed by the city assessor. Mr. Woodberry further stated that the county's plan would require the taxpayers to pay more than \$3000 greater tax than the present city's plan, which amount would more than offset what is to be gained by the saving in combining the office of assessor and collector.

There being no further business, the meeting adjourned. On motion it was decided to request the members to instruct the banks in which their accounts are kept to make collections of Chamber of Commerce dues.

DUTIES OF PEACE OFFICER

Editor Glendale Evening News:

Granted that the facts as related in the News Thursday are as stated, the police of Glendale or the justice of the peace are committing a serious offense against public decency in retaining the revolver stolen from Fred Gatz, in order to collect a promised reward. The police of Glendale are paid well to arrest offenders and recover stolen property. It is a species of blackmail for them to fail to give back to Gatz his property.

The facts would appear to be that Gatz's revolver was stolen, and that it was recovered by Night Marshal Arrington from Frank Ward. The latter was fined and imprisoned by Justice Whomes. Arrington claiming that Gatz had offered a reward of \$10, demanded it, and Gatz gave a check for that sum, upon which payment was stopped when presented at the bank. The revolver which had been handed over to Gatz was then taken from his room by an officer. That officer committed a technical theft when he did that. The only remedy for anyone claiming that reward is a civil suit. To take by force or stealth the property of Gatz is to do what Ward did. The City of Glendale cannot afford to countenance such conduct. Peace officers have no right to go beyond the law to collect their alleged tribute. As a matter of justice, neither the city nor any of its officials should accept rewards for doing their duty. It is an un-American custom, easily corrupted into blackmail. In many large cities of the United States, the police make large sums of money in this way, and combine with thieves and highwaymen to mulct the public.

I had my pocket picked of a valuable watch by one of two men who asked me for food on Market street in San Francisco. I reported the loss of the watch to the authorities, and later meeting a city detective, tried to interest him in recovering it. "The best plan for you, if you feel able," he said, "is to go to McD—Brothers' saloon and offer a reward of \$50 there, and no question asked, or to look up Dr. O'D—, the king of the dips. It the watch has not been sent out of town, or melted, it may be in the safe of McD— Bros., or if not, Dr. O'D— will probably have heard of its whereabouts. He and the saloon are clearing houses for stolen goods."

I refused to deal with the saloon or the "king," and so never got back my watch. I venture to say that this practice in San Francisco began by such seemingly trifling things as the action of Night Marshal Arrington in the case of the revolver. Doubtless he feels that Gatz has treated him shabbily, and Gatz may have done so, but even so, a peace officer has no right to withhold the property of a citizen to collect a debt. FREDERICK O'BRIEN

NORTH GLENDALE
Dr. Herbert King and little daughter, Miss Edna, of Ocean Park, were North Glendale visitors last Wednesday, several of their former neighbors enjoying their calling upon them. Mr. J. W. Cousins, traveling salesman for Cooper, Coates and Casey of Los Angeles, is spending a few days with his family in their home at 1501 Lorraine street. Mr. William Alston has traded his property located at 1652 Ruth street for acreage in San Bernardino county and the new owner, Mrs. M. S. Mick of Los Angeles, will put the place in first-class condition previous to occupancy. Mrs. L. C. Leeds of 900 Dryden street entertained as her house guests for the week-end her sisters, the Misses Helen and Tessa Bott of Avenue Twenty-five, Los Angeles. Mr. O. S. Sampson of 1600 Ruth street, who is one of the well-known poultry experts, has secured a position with the Cline Poultry company of Burbank. Sunday school services will be held at the Casa Verdugo M. E. church at 9:30 a. m. Sunday instead of 9:45. Parents are asked to have their children in their regular places on time that the congregation may enjoy the privilege of the union service at the tabernacle.

ANNOUNCEMENTS
HOLY FAMILY CHURCH
Sunday services: Mass at 8 and 10:30 a. m. Sunday school at 9 a. m. Sermon at 10:30.
The parliamentary class of the W. C. T. U. will meet at the home of Mrs. Louise Morton, 112 North Isabel street, Monday afternoon at 2:30. There will be an officers' meeting at 1:30.
CHRISTIAN SCIENCE
First Church of Christ, Scientist, holds services in the Masonic Temple Sunday morning at 11 o'clock. Subject, Sunday, March 14th, "Substance."
Sunday school at 9:30, Wednesday evening at 8. Reading-room, 415 1/2 Brand boulevard, open daily except Sundays and holidays from 12 m. to 4 p. m.
CONGREGATIONAL CHURCH
The Sunday school assembles at 9:45 a. m. A large attendance is expected. The school will close in time for the tabernacle meeting. The first regular meeting of the church will be held on Wednesday evening at 7:45 o'clock. The pastor's class for boys and girls will meet Wednesday afternoon at the church at 3:30 o'clock.
FIRST ENGLISH EVANGELICAL LUTHERAN CHURCH
I. O. O. F. hall, Third and Isabel streets. Sunday, March 14th: Bible school, 10 a. m. Church services, 11 a. m. Heartily welcome to all the services of the church. Visiting tourists are especially invited to all the services.
The Woman's Home and Foreign Missionary society of the Presbyterian church will hold its regular monthly meeting at the Presbyterian church Tuesday, March 16, at 2:30 o'clock. A very special feature will be an address on the subject of "Emigration" by Mrs. Frances Journefsky of Los Angeles, wife of the Russian minister. A cordial invitation is extended to all ladies to attend the meeting.

J. B. Poulin

GOSPEL TRAIN WILL PULL INTO TERMINAL OF GREAT REVIVAL TOMORROW

The first service of Sunday, the closing day is announced for 11 o'clock. The tremendous men's meeting is announced for 3 in the afternoon. At this mass meeting for men only Evangelist Brown has promised to deliver his famous sermon-lecture entitled, "Chickens Come Home to Roost." If you are late at this meeting you will likely have to roost somewhere on a tabernacle beam. The last service of the day is announced for 7:30—the mountain top service. Mrs. Curry, whose helpful talks to women only have been greatly appreciated, is announced to deliver her closing message to women only at the Presbyterian church, 3 o'clock, same time as the big men's rally at the tabernacle.

May the weather man do justice to the occasion.

To the millions that have crossed the American continent to the sunlit plains and verdant valleys of Southern California, the stretches of lowlands and mountains separating from the associations of the east are buried neath the one great impression expressed in the words, "Well, we are here at last!" For four happy weeks the united churches of Glendale, Casa Verdugo and Tropic have followed the inspired leadership of Evangelists Brown and Curry and the interest sustained in thousands of hearts may be faintly expressed by a comparison with a trip across the continent for the first time. Places of scenic and historic interest blended with the sensation of ever sweeping on toward the setting sun, kept interest to the straining point and every minute seemed crowded with experience of years and anticipations of a lifetime. And when finally the goal was reached, here at last, how strange and thrilling the sensation.

Akin to the ecstasy of the first transcontinental trip is the sensation of traveling on the Brown and Curry special, aboard with thousands raised to the most exalted feelings of religious enthusiasm, as the gospel train pulls into the terminal of San Fernando's greatest revival of old time religion. All through Sunday the entire "region round about" will swing through the orange groves and fertile fields of spiritual Canaan, finally coming to the last service in the evening of the Lord's day.

(Continued on Monday)

SQUARE DEAL

Would you kindly grant me space in your valuable paper concerning the article which appeared in your publication of March 11th in regard to that revolver theft, that the public may know the facts of the case. The article, as it appeared, is entirely misleading, for I was not asleep in my room, as the story goes, and was not even in my room. Mr. Claver took Mr. Ward up to my room, and when I came in about 10:30 in company with Mr. Shaffer, Mr. Claver was still in my room and the revolver was gone.

I asked Mr. Claver about it and he said he knew nothing of it unless Mr. Ward had taken it, so Mr. Shaffer and I reported the theft to the officer and he asked me to describe the gun, which I did. Mr. Shaffer had seen Mr. Ward in my room in the early part of the evening and described the man to the officer.

The officer asked me what I would give to recover the gun. I said I would give \$10 rather than lose it. I also said "I suppose you will have to go to the second-hand stores in Los Angeles and notify them about it," and thinking there would be some expense to it, I was therefore willing to give the \$10.

Then the officer said, "We have the man in jail and your gun also." Was it right for the officer to ask for a reward, knowing at the time he had the stolen property in his possession?

I leave it to the public to judge. I also want to know what right the officer had to go in my room and take my revolver without my consent and due process of law. As to stability, I have always paid all I agreed to. All I ask is a square deal and not a hold-up. I thank you.

Yours respectfully,
(Signed) FRED W. GATES.

PERSONALS

Mr. and Mrs. W. J. Smith of 143 South Maryland avenue were over-night guests of Los Angeles friends recently.

Miss Della Benedict of Los Angeles was a recent dinner guest at the home of Mr. and Mrs. Chas. M. Retts, 415 North Brand boulevard, Tropic.

Mr. and Mrs. W. J. Ireland of Los Angeles were the over-night guests on Friday evening at the home of Mr. and Mrs. W. J. Smith, 143 South Maryland avenue.

Alexander Stewart of 832 Adams street has traded his property for income property in Los Angeles. Mr. Stewart, wife and daughter will reside in that city.

The many friends of Mr. Courtney Wagoner will be glad to know that he has returned to Glendale to make his home with his aunt and uncle, Mr. and Mrs. Chas. Grist.

Mrs. G. S. Learned of 137 South Maryland avenue, who has been visiting her daughter, Mrs. McGantz, of Santa Barbara for the past two weeks, returned home Friday.

Mrs. S. D. Herzberger and daughter of Roseville, Cal., who has been visiting her parents, Mr. and Mrs. G. W. Sanford of Sycamore canyon road, returned home Friday evening.

Last Tuesday Miss Monica Smith and Miss Leota McCoy were among the Glendale girls who attended the lecture given by Miss Zona Gale before the students of Occidental college.

Miss Mable G. McClintock of 1434 Oak street received the sad news on Friday of the death of her father, who lives in Santa Ana. Mr. McClintock was struck by a street car and instantly killed.

Attorney Mattison B. Jones of 106 Orange street, Glendale, returned on Thursday from San Francisco, where he had been attending to professional duties, he having had a case before the supreme court.

Mrs. C. F. Parker of 227 Central avenue was a guest of Mrs. Osborne and Mrs. Murdock of Los Angeles, who gave a luncheon and matinee party for eight ladies on Friday. Other guests were Mrs. B. F. Bledsoe, Miss Colliver, Mrs. Wood and Miss Wood, and Mrs. E. H. Lyman of San Bernardino.

Dr. and Mrs. F. S. Hynds of Marshalltown, Iowa, were Glendale callers Friday at the Archie Parker home. The doctor is a prominent dentist of Iowa and is visiting at the home of Dr. Harmon of La Canada boulevard. Mrs. Harmon is a sister of Dr. Hynds and occupies one of those attractive bungalow homes which are so much admired on that popular drive. The tourists are greatly in love with this beautiful country, which the Harmones are taking pleasure in showing them. They are especially enthusiastic over the fine automobile roads.

Mr. and Mrs. J. H. Shugart of 224 Belmont street have been made glad by the arrival of their son, Mr. G. S. Shugart, and wife. Mr. and Mrs. Shugart came from Chicago by way of the Rock Island and Southern Pacific, stopping a few days at El Paso, where they encountered a severe snowstorm and blizzard, the worst storm, so the El Pasans say, that they have had in March in thirty-two years. In fact, the thermometer was considerably lower there than it had been in Chicago. While at El Paso Mr. and Mrs. Shugart went over into Mexico, visiting Juarez and surrounding points; they state that conditions there are very bad and there is much poverty and suffering. They are very much pleased with what they have seen of Southern California and with Glendale in particular.

WHO'S WHO AND WHY, IN GLENDALE

By PAUL PRY

List of Prizes and Winners on Page 1

1 Where is the cleanest grocery that Glendale ever had? The patrons of this store never have to worry about what they have eaten. It is a store that has been in operation only a short time, but it has made good. It is one of the places where one order gets both groceries and meats. Cleanliness is also buttressed about with quality. The best goods in every line is a distinguishable characteristic in this store. That is why they have secured the exclusive sales agency in this city for Chase & Sanborn teas and coffees, that originate in Boston and find a market among the best homes of the whole United States. You can walk right into this store off the cement walk and never know where the walk ends and the floor of the store begins. What is the name and address?

1—The White Grocery, 1110 West Broadway.

2 Things to keep you warm, things to keep you cool, and things to feed your livestock—these are the distinguishing features at this place of business. In other words, fuel, ice and feed. It takes two wagons for the delivery service. They furnish the best in these three lines and make the price just as low as possible. What is the name and office address?

2—Glendale Ice Co., 241 Glendale avenue.

3 This not painted wood nor polished stone, but hearts and furniture that make the home. And here is one of the best stores in this city to "buy a home." There are older furniture stores in Glendale than this one, but none where better values are given in household furniture. It is the store that trades you new furniture for old. And they have many pieces of used furniture, almost as good as new, that are going at almost half price. It is a store that fronts north and the name was once president of the United States. What is the name and address? It is one of the stores that give the green stamps.

3—J. H. Jackson, 918 W. Bldway.

4 "Where was Moses when the light failed?" is a query that has come thundering down through the ages. But if Moses had only known of this reliable electric company he would have escaped that momentous misfortune, for where he does the work on a job, the light never fails as long as there is any juice on the circuit. They have been in the business here five years. Have a store full of electric fixtures and supplies. Always open to contracts for wiring or installing plants anywhere. Sell the Olston electric cook stoves, Conlon washers, and other labor savers. If father did the cooking or washing, he would have these in the house. What is the name and address?

4—Superior Electric Co., 541 West Broadway.

5 "Send the culls to the other fellow—the best is none too good for our customers." This is the slogan at this lumber yard and they practice what they preach. No one should get possessed of the idea that "lumber is just lumber." There is just as much variation in the quality of lumber as there is in shoes and clothing. This yard has the quality kind of lumber and building materials. They are always ready to make the price as low as any reputable dealer this side of the coast, and always give them the quality they buy. It is the most central yard in the city. What is the name and address?

5—Bentley-Schoeneman Lumber Co., 1022 West Broadway.

6 A select millinery establishment is put before your mentality in this number. It has been in operation three years and is getting ready for the most successful year of its existence. It is the store where they have the new spring styles already on display. Styles suitable for the little miss, the youthful lady, the middle-aged and the elderly dames. The appropriateness and adaptability to the person are features they strive to put in practice in selling millinery. This store fronts north. What is the name and address? A street number that begins and ends with the same figure.

6—Hodapp & Wiethoff, 606 West Broadway.

7 Where is the most popular dumping ground for old shoes in Glendale? It is one of the busiest industrial institutions in the whole city. It is where the wheels are always turning by electricity and where there is a wide open door fronting north. You never have to wait to get your shoes repaired at this place and you are always sure of getting the very best materials and high class workmanship. It only takes a few minutes to get your half soles or your rubber heels on, or whatever else may be needed. What is the name and address?

7—F. B. McCord, 1104 W. Bldway.

8 What phones do you ring when you want an automobile for either a long or short trip? No use bothering with lively rigs any more—automobiles are more comfortable, quicker and better every way. Just

phone in any time and the machine will be at your service just as quick as the gas can explode. He has touring cars or runabouts—or large cars for picnic and theater parties. He also does a messenger service—delivers anything from a spool of thread to a trunk. Service day or night. Give name and phone.

8—Stoffel's Auto Service, Sunset 162, Home 761.

9 The architect of your home, or your business building, is a servant of great importance to you. Upon him depends largely the convenience of your household or the value of your income-bearing investment. A good architect is the promoter of harmony and happiness. This number introduces the only licensed architect, and who opened his office in this city a short time ago. He has had large experience in this and other fields and is thoroughly competent. Convinced that Glendale had unlimited prospects for future growth he has cast his lot in with the city. What is his name and address? A name that is worn by a Los Angeles park.

9—C. S. Westlake, 1106 West Broadway.

10 If you want to eat good bread, life-giving, nutritious bread—made of first quality flour and baked in the most finished perfection; you should eat the bread that comes from this bakery. You may think you are eating good bread, but if you are eating any other kind, you are not eating the best. And their cakes, pies and pastry of every description are just as good as the bread. Baked in a perfectly modern, sanitary bakery right here in Glendale. What is the name of this bakery and the address of its three stores?

10—Russell's Purity Bakery, 442 W. Bldway, 914 W. Bldway, Brand & 2nd, 1116 W. Second.

11 Here we introduce one of the leading dry goods stores in Glendale. It is the store where the nicer goods are found, and where they are always pleased to aid you in finding just what you want, rather than to sell you something that will do violence to your taste later on. It is a store that has been in operation here for about four years. Of course it is on a corner. It is the store that has the "Recco" hostery and Pictorial Review patterns. What is the name and address? The only way this store lags behind is alphabetically.

11—Geo. E. Williams, Broadway and Glendale avenue.

12 This number will introduce a most popular place to get that sweet tooth cured. The cure is not guaranteed to be permanent, however; there is sure to be a relapse. They make their own delicious candies at this store and the fact is they put something in every piece of candy they make to cause a relapse. You cannot blame the poor candy maker. He has to live. This refers to a candy store that began business in this city in 1913. What is the name and address? Do not mix it up with a den o' lions.

12—Den o' Sweets, 1109 W. Bldway.

13 If all the houses and buildings in Glendale and surrounding territory that had the plumbing installed by this plumbing firm were marked on the map with a dot, said map would resemble a very bad case of "spotted fever." They have been busy in this line for a number of years and have done the work in scores of the best residences and buildings. They are modern and up-to-date plumbers. You can afford to be old style in everything but your plumbing. What is the name and address of this firm?

13—Taylor Bros., 362 Brand Blvd.

14 We have before you in this number a well-known industrial institution which is a beehive of industry six days in the week. Their several autos are kept rolling around the street gathering up the raw material and delivering the finished product. It is one of those places where they make your clothes clean; the modern plant—the one that is new and up-to-date and has the modern machinery that protects your clothes from wear. They make a specialty of family washings—wash everything but the baby and send it all home but the dirt. What is the name?

14—Glendale Laundry Co., Columbus avenue and Arden.

15 Rubber, rubber, rubber around and see if you can find this up-to-date steam vulcanizing plant. Since the rubber trust has the strangle hold it behooves the owner of an automobile to curtail his tire expense. No use throwing those old tires away when you can have a new section, or a new tread, put in at very little cost. Here is a modern steam vulcanizing plant that has the new machinery and experienced men in charge. They will surprise you in what they can do for you. They guarantee their work. Give name and location. They are sales agents for the Michelin and other good tires. Also do small repair and machine work.

15—Glendale Vulcanizing Plant, C. E. Peck, 404 Maryland avenue.

16 Who is the man who knows how in the cleaning line in Glendale? He has been in the business in this city for three years. He cleans everything except bad character, and dirty linen—and fish. Makes a specialty of fine work for ladies, uses the latest French processes, sends for and delivers. If he had a step ladder long enough he could take the spots off the sun and never mar its lustre a particle. He is a tailor and takes care of alterations, repairs, etc. He fronts north, and when you spell his first name you begin with the alphabet. What is his name and address?

16—Andrew Lindsey, 568 W. Bldy.

17 Who is the leader in the house-moving line in this city? He moves a house about as easy as the ordinary man moves a trunk. He is always ready when you are ready. It is your move. He has the equipment to tackle anything that is loose. He has been doing business in this city for several years. When you have anything in the line of house-moving to be done, he is the one man that will come into mind. You are to give his name and address.

17—F. E. Beyea, 1426 W. Fifth.

18 Who is the milliner for men in Glendale? This is the store from whence come the smart togs worn by the good dressers. Everything the latest in men's furnishings. The place for the young men to "get ahead," likewise the place for the elder ones to "come back." Here is where you get the shoes that make you feel so comfortable and gay, the shirts that fit and look well, the ties that look so pretty and stylish, the underwear that keeps you in a good humor, and so on down the clothes line. Also the place to get cut flowers and floral decorations of all kinds. What is the name and address?

18—The Men's Shop, H. H. Farries, 1109 W. Broadway.

19 Here is put before you an office that is a live wire on mortgages, real estate and insurance. It is on the ground floor on Broadway. If you want to buy any kind of real estate, they are one of the best firms in Glendale to see, for they have a big list of improved and unimproved property, and always have a few "under the market" bargains. If you want a real estate loan, they are always ready to serve you. In fire insurance they represent some of the best companies in the world—the Aetna, Liverpool and London and Globe, German American, American Central and the Sun of London—the oldest insurance company in the world, founded in 1710. What is the name and address of this firm?

19—Lilly & Whiting, 1106 Bldway.

20 Who is the man in Glendale that puts the shine on autos and carriages that will not rub off? Paints Ford cars \$15 and up; larger cars \$25 and up. Buggies and carriages also repainted just like new. Buggies painted \$8 to \$15. His prices are reasonable and the work first-class. Has headquarters very central, fronting east. Also does top and cushion renovating. And, furthermore, he is a first-class sign painter. Get next. What is his name and address?

20—The Auto Paint Shop, 309 Maryland.

21 Who is the oldest established exclusive and up-to-date undertaker and funeral director who has been engaged in that occupation in this valley the longest? This institution affords a commodious chapel and every facility for taking care of the departed in a decorous manner. Carries a full line of funeral supplies of every description—from the inexpensive to the best. Have a full equipment of motor funeral cars, ambulance, call wagon, etc. Devote their whole time to the business, and having had years of experience are fully competent to offer their services in every emergency, equal to any in Southern California, relieving those who mourn of every unnecessary care.

21—Pulliam Undertaking Co., 919-21 W. Broadway.

22 What is the name and where is located the best appointed blacksmith shop north of Los Angeles? It is an old stand under new management. A substantial brick shop with two entrances. Several men are kept busy. Amply supplied with electric power and labor-saving devices. They do all kinds of blacksmithing—except the poor kind. They do the best horseshoeing. And they have a special man on automobile forging.

22—A. J. Barnhart, 315 Maryland.

23 They do not move everything, but they move anything that is loose at one end. We refer to a prominent transfer and storage company that has been five years in the "thickest of the fight" in this city. They have two big auto trucks and make daily trips between Glendale, Tropic, Casa Verdugo and Los Angeles. All you have to do is to "press the button," they do the rest. They have a large brick storage warehouse and when you put your goods in their care you know they are safe. What is the name and address?

23—Glendale Transfer & Storage Co., 620 W. Third.

24 Where is the best place in Glendale to lose your appetite? It is at a certain cafe where they serve that most excellent 25c dinner. It has been spreading the gospel of "good eats" before the people of Glendale for 2 years. There are four nice clean tables and a lunch counter about a half mile long. Whenever you may appear you get the glad hand and the best there is

to eat. It is the restaurant where they have such a good cook. They serve short orders at all hours and serve the best dinner this side of—well, it is sure some dinner. Look for the electric sign, "Eat." What is the name and address?

24—Jewel City Restaurant, 556 W. Broadway.

25 In these modern times, when time is a factor of such great importance to the business man, a good stenographer is one of the best aids. Those who do not keep one regularly employed will find it convenient to patronize one who makes a point to serve several firms or individuals. Who is the reliable stenographer who has an office in such a central location and who is competent to take your dictation and have your letters or other documents ready for you, written just as you would have written them if you had taken time to do it yourself. Give the name and office address. Is also a Notary.

25—Sara E. Pollard, 1106 West Broadway.

26 Who is the handy man of the town when it comes to cabinet work and inside finish? He has been "sawing wood" and hammering away industriously for about six years in Glendale. He manufactures mission furniture of all kinds, and makes a specialty of store and office fixtures. Takes care of job work of all descriptions. It will soon be time to "swat the fly." He is the man to see for screens. He does upholstery and repairs furniture, files saws. Has a little ironclad shop just a whisper off Broadway. Give his name and address.

26—A. T. McBeth, 410 Kenwood.

27 Here is a works that makes lots of noise—and in a legitimate way. It is a sheet metal works. Has been making a "big noise" around here for several years—this shop only a short time. Makes anything that is wanted out of tin, copper, brass, zinc and sheet iron. Everything includes skylights, ventilators, gutters, spouting, and general repair work. He is the man to see about anything that is to be made out of sheet metal. What is the name and address? A street number beginning and ending with the same figure.

27—Glendale Sheet Metal Works, H. A. Reif, 323 Glendale avenue.

28 It is the soles of the people they keep in view, for they are the doctors of boot and shoe; they serve the living and not the dead, with the best of leather, wax, nails and thread. They can sew on a sole and make it fast, do a good job and make it last. A great many patients come to their door, worn out and run down, besides feeling sore. Though they don't use poultrice, plaster or piñ, they cure all sick shoes, no matter how ill. You will find this up-to-date electric shoe shop right down on the ground floor, fronting south. What is the name and address? It is the longest name in town.

28—T. J. Miles, 533 W. Broadway.

29 Who is this jeweler and optician that takes the lead? The place where good goods and proper representations are as sure as death and taxes. He has been in operation in this city for several years—the oldest jeweler in the city—one of the oldest merchants in the city. It is the place where the lens of your eye glasses are ground right on the premises. Carries a big stock of jewelry, watches, clocks, diamonds, and other precious stones, cut glass, silver and optical goods. It is the store that manufactures jewelry to order and has the reliable repair work of all kinds. What is the name and address?

29—The Guernsey Jewelry Co., Broadway and Isabel.

30 Who is the busiest man in town? "I should worry!" He furnishes tents and awnings and canvas work of all kinds, does upholstery, carpet work, carpet cleaning, mattress work, writes signs of all kinds and sells trees, shrubs and nursery stock of every description. In either of these lines he is prepared to give absolute satisfaction. He is not a tenderfoot in Glendale. Has been identified with the city and its varied interests for half a dozen years or more. His name ends with a double letter. What is his name and address?

30—W. H. Hall, 818 W. Bldway.

31 What is the name of the leading picture theater? This institution can "point with pride" to its standing as an amusement resort. It fills the whole city with pride. There is great development going on in the moving picture world, and the business requires study on the part of the managers to keep abreast of the times. This theater is constantly on the lookout for the best special features. That is why they are now running the Master Key, the greatest of all serials. This theater projects Paramount Features. They have splendid music and there is a big crowd every evening and at all the matinees.

31—Palace Grand Theatre.

32 The vendor of flowers and plants must be an artist to be successful. This number introduces one who has had fifteen years of experience. It is the best place to get cut flowers, potted plants, etc. His wide experience enables him to give the best service that is obtainable. Beautiful interior decorations, wedding flowers and funeral designs. Always have a good supply of cut flowers and are ready to fill orders with original models for their patrons either in the city or adjoining towns.

What is the name and address?
32—C. Harry Woolsey, Palace Grand Theatre building.

33 Some people say that lightning never strikes twice in the same place, but they are wrong. Here is an electrical company who are experts in making the juice do its duty continually in the same identical spot, and when there is a second job to be done on the same premises, they are always called. They do electrical installing of every description. Have a large stock of electrical supplies and fixtures. They are the pioneers—been here ten years. What is the name and address?

33—Glendale Electric Co., 314 Brand boulevard.

34 When you are wondering who keeps it, what is the name of the store that comes so readily into mind? This store carries a little of everything. They have notions, furnishing goods, stationery, china ware, enameled ware, light hardware, toys, fancy goods and household supplies of all kinds. There is no other place in town where you can get so much for 25c and less. It is one of those stores where you must go occasionally just to look. They are always getting in something new. If you fail to drop in occasionally, you are liable to spend 50c elsewhere for an article that is found here at 25c. The place where they save you the carfare.

34—The Store With a Million Articles, 608 W. Broadway.

35 It does not matter much where you buy your feed and fuel unless you are particular. In that event you are doubtless on terms of familiarity with this company, which does business just a whisper off of Broadway. They have been furnishing "the hot stuf" in this city for several years—the place where you get "that good coal." It is the place where you find the Pratt poultry remedies and all kinds of poultry supplies. Green trading stamps are given to cash buyers. What is the name and address?

35—Glendale Feed & Fuel Co., 406 Glendale avenue.

36 Where are the leading beauty parlors in this city? They have been contributing to the good appearance of the ladies of Glendale for a few months past. Fully equipped with everything that tends to restore and preserve the natural beauty with which women are endowed by nature. Hairdressing, shampooing, facial massage, with Violet Ray, body massage, fancy coiffeur work, etc. Specialists in removing pimples and other blotches. Make switches from combs, and furnish wigs, janes and transformations. Occupy a suite of four rooms on the second floor. What is the name and address?

36—Madame Bachmann, 1206½ W. Broadway. Phone 951.

37 What is the name and address of the drug store where you always get "what the doctor ordered?" It is a comparatively new drug store—established two years ago. There are no old passe drugs on the shelves, with the consequent temptation to work them off on the public. Everything is new, fresh and full strength. The crowning characteristic of this drug store is its absolute reliability. It is the store where they have the Coronal line of family remedies—all good, good for all. It is the headquarters for Eastman kodaks and for Anso cameras and supplies. Both phones the same.

37—Roberts & Echols, 1116 W. Broadway.

38 Where do those people who really appreciate fine work in photography sit for their photographs? To whom do they go when they wish not merely a good photograph, but that superior quality of work which is turned out from the studio of a real artist. The character of the work here is in a class by itself and is fully appreciated by all. This studio has been a fixture here for five years. Has a plant that is rarely excelled for its thorough adaptation and equipment. Takes care of everything in photography—and takes care of it right. Give the name and address.

38—Glengarry Studio, S. C. Maranville, 1206½ W. Broadway.

39 Here is a new and second hand store that has everything to commend it except age. It was started in January. It is the place where they do stove and furniture repairing. It is one of the best places in the city to get bargains in furniture and stoves. They buy and sell. Got anything you want to get rid of, sell it to him. He can find some one who can use it. What is the name and address? Right on Broadway.

39—C. L. Blackburn, 1218 West Broadway.

40 The birds that fed Elijah were the ravens, but the only birds that will feed you now are the eagles on the American dollar. Gather these eagles and then look about for the best place to make them do their duty. Here is a grocery store where they are making a collection of these dear little birds, and are bidding high for them. It is the store where they have a passion for low prices. It is in the 300 block, only a few doors from the business center, and fronts west. What is the name and address?

40—Jasper N. McGillis, 338 Brand Boulevard.

41 Who is the scientific eyesight specialist of Glendale? Has an office on the ground floor fronting north. It is not the widest room in the city, but it is wide enough to

afford good work in the optical line. Nearly every one is critical about their eyes—and justly so. They're all the eyes they've got. At this office the very best results in correcting the vision are obtained. He is also a watchmaker who makes a specialty of fine repair work. What is the name and address?

41—J. Clarence Klamm, O. D., 1218½ W. Broadway.

42 There are just two classes of grocers. One wants to get rich quick—he sells the cheap brands of goods. The other is not in such a hurry—he sells the best brands and relies upon the volume of sales to bring in his "ship." This grocery belongs distinctly to the latter class. "Quality" has been a watchword with this store since it was started—more than a year ago. They have a choice, clean stock of fancy and staple groceries and table delicacies and a lively trade. It fronts north and it is only four doors from the boulevard. What is the name and address? Quick auto delivery.

42—McBryde's Grocery, 1208 W. Broadway.

43 Most people have a hobby of wanting the best there is to eat, and here is a restaurant that caters directly to that hobby. It is the place where they are always ready to admit that your way is the right way. There are several tables, a lunch counter and private booths—take your choice. They give you the glad hand and the best there is in the shop—which is the best there is in anybody's shop. It wears a distinctive marine-like name. What is the name and location?

43—Goldfish Restaurant & Cafe, S. W. Cor. Brand and Broadway.

44 When you get ready for that "buzz wagon," here is a firm that will interest you very greatly. They are the distributors for the car that develops the most power of any car manufactured, of its price and class. All is well that ends well—and that is the way this car ends. What is its name? It does not cost a fortune to get one of these cars, and they are a real automobile. Have full electric light equipment, electric starter and every other advantage afforded by the larger and higher-priced cars. You are to give the name of this car and the name and address of the dealer of same in Glendale. They are as far ahead of other automobiles as a Pullman car is ahead of a coach—they can be made into a bed.

44—Runs Well—Rides Well—Sleeps Well—Max-well—Pirtle & Walker, 1011 W. Broadway.

45 What banking institution in Glendale has resources that approximate a half million dollars? The banks all made official reports at the close of business December 31, and if you do not know the answer to this question off-hand, you can determine it by investigation. This bank has surplus and profits that almost treble its capital stock, thus entitling it to a place on the national roll of honor—a roster that is composed of banks that have surplus equal and in excess of the capital stock. It has circulating notes to the amount of \$25,000 out all over the United States, forming a very substantial advertisement for this city. It is in every way the kind of a bank the cautious depositor is in search of.

45—The First National Bank.

46 What name for over a half century has stood for the very best vehicles that are manufactured? It is a name that the sun never sets on, because their vehicles are sold in every country on the globe. And the logical conclusion would be that they are foremost in the automobile industry. They would never allow their name to be attached to an automobile that was not worthy of it. And who is the distributor here for these automobiles? Look the country over and you will find no better cars. Known as "the Quality Car at the Quantity Price."

46—Studebaker—C. T. Van Ness, Brand Boulevard Garage, 421-23 Brand boulevard.

47 Here we introduce a firm of contractors and builders who have been helping this city and surrounding country to grow for several years. They belong to that class which has never learned the meaning of the words "stop and rest." They are always ready for the next job. They are not the "guys" who put the "bungle" in bungalow—but they did put the "use" in house. They have a well equipped plant and make themselves generally useful in the building trades. They take care of job work of all kinds. If you don't know them now, find out who built the high school. Give name and address.

47—Chas. W. Kent & Son, 431 Brand Boulevard.

48 This number introduces a new business venture in Glendale—a real nursery. It is conducted by a firm that has had many years of experience as growers—one of whom has been a resident and property owner of this community for many years. They propose to give the people good service in furnishing trees, plants, shrubs, seeds and flowers. Have opened an uptown store. This will be a convenience that Glendale people should appreciate. Instead of sending their orders out of town, they should turn them in to the home nursery, thus advancing something that will be a convenience to them and a valuable addition to the community's welfare. What is the name and address of this firm?

48—Kelly & McElroy, 409 Brand Boulevard.
