

For 24 hours ending 5 p. m. Thursday: Victoria and vicinity—Light to moderate winds, generally fair and warm.

Admiral Rodman Is Here After Making Cruise to Alaska

Commander of United States Pacific Fleet Reached Here To-day Aboard Destroyer Sinclair; Has Been Inspecting Vast Coal Deposits at Matanuska.

Admiral Hugh Rodman, commander of the United States Pacific fleet, is a distinguished visitor in port to-day. Paying a surprise call, the American destroyer Sinclair dropped anchor off the breakwater early this morning, with Admiral Rodman and his nephew, Hugh Rodman, aboard.

The head of the American Pacific squadron has just returned from a cruise to Alaska, where he has been inspecting the immense coal deposits of the Matanuska coalfields with Josephus Daniels, Secretary of the United States Navy, and John Barton Payne, Secretary of the Interior.

To Develop Coalfields. It is planned by the United States Government to develop the Matanuska coalfields to guarantee an adequate supply of the finest steam-generating coal for consumption on warships of the American fleet on the Pacific Ocean.

The investigation by the naval officials provided the presence of an inexhaustible supply of coal that in quality equals that of the Pocahontas mines, but the veins, instead of being horizontal, are inclined to the perpendicular, making mining more difficult. The naval party, however, returned well satisfied with the result of its explorations, and with the ratification of its recommendations by the United States Government, there will be considerable coal mining activity in Alaska in the near future.

Admiral Likes Victoria. Admiral Rodman has a warm place in his heart for Victoria, and in making the southbound voyage he took the opportunity of again visiting this city.

He was last here September 12 when he visited Victoria in command of the United States Pacific fleet. On that occasion the warships called here incident to the visit of His Royal Highness the Prince of Wales, were the cruise battleships New Mexico and Arkansas, accompanied by a fleet of destroyers.

Secretaries on Idaho. On the cruise just completed Admiral Rodman sailed aboard the destroyer Sinclair to permit the naval party to visit points in Alaska which could not be approached by a larger vessel.

Secretary Daniels and Secretary Payne boarded the battle cruiser Idaho at Yakutat Bay and made the return trip on that craft.

While on the Alaska coast Admiral Rodman, who is a great sportsman, enjoyed some good hunting and fishing. He also followed the American (Continued on page 8.)

BLOODHOUNDS ON TRAIL OF BANDITS

Used in Effort to Find Hunted Men in Frank Area

Lethbridge, Aug. 11.—To-day's hunt for the murderer of Police Officers Usher and Bailey will decide whether the hunt is to be ended suddenly and with success or whether it will resolve itself into a waiting affair with police all over the continent waiting to pick up the wanted men wherever they may appear, for this morning the bloodhounds brought from Seattle by Colonel Macleod, head of the C. P. R. detective force, were turned loose in an effort to run the bandit or bandits into the open.

All day Tuesday the police surrounded the thickly wooded side of Turtle Mountain behind the Frank sanitarium, where Bassoff, the wounded bandit, is supposed to be in hiding. The wood had been well searched, but so thick is the undergrowth that no policeman could find a bandit if he decided to lie low. If Bassoff is still in the wood it is believed the dogs will find him. More Mounted Police were sent to the scene on Tuesday.

Higher Railway Rates On Coal Are Opposed

Ottawa, Aug. 11.—(Canadian Press)—The case for the consumer of coal was brought before the Board of Railway Commissioners this morning when the hearing of the application of all the Canadian Retail Coal Association, declared that the consumer of coal in Canada could not stand further advances in the price of coal and expressed his opinion that the railways got more out of their freight charges on coal than on any other commodity. The railways were better able to stand increased costs than the poor consumer.

The railways, however, "brought forward witnesses to show their recent operations had been returning

FAMOUS AMERICAN NAVAL COMMANDER; ADMIRAL RODMAN

C. PONZI ADMITS HE SERVED TERM

Boston Financial "Wizard" Says He Was Held in Montreal Prison

Boston, Aug. 11.—Charles Ponzi personally admitted to-day that he was the Charles Ponzi who served a term in the penitentiary in Montreal.

A Montreal dispatch last night said Charles Ponzi, Boston financial wizard, had been positively identified by Eugene Leflame, Montreal city finger print expert, as the bank clerk sentenced here in 1904 for forgery.

The business of Ponzi, who promised investors great and speedy returns on their money, has been under investigation by authorities at Boston.

In Georgia, Too. Atlanta, Ga., Aug. 11.—Records of the Federal penitentiary here show that a Charles Ponzi served a two-year sentence in that institution from 1910 to 1912. He was convicted at Buffalo, N. Y., of smuggling aliens into this country.

Bank Examiner Joseph C. Allen, Boston, Aug. 11.—Bank Commissioner Allen to-day took charge of the Hanover Trust Company. This is the institution in which the account of Charles Ponzi, the financier, was shown recently to have been overdrawn.

Mr. Allen said that his agents had been examining the bank since last Saturday morning and their reports indicated that it had been doing business in an unsafe manner and that it would be unsafe and inexpedient for it to continue.

The doors of the bank were closed at 4:30 p. m.

HARVESTERS MOVE TO PRAIRIE FARMS

8,000 Pass Through Winnipeg To-day; 3,000 More Will Do So To-morrow

Winnipeg, Aug. 11.—The influx of harvesters from the east continued to-day. Six special trains from the maritime provinces bearing 8,000 harvest hands were scheduled to arrive over the C. P. R. lines. No harvesters arrived over the Canadian National lines, but three trains with about 3,000 are scheduled to arrive early Thursday morning, making the total arrivals for twenty-four hours about 11,000.

Not many of the workers are lingering in Winnipeg as the railroads have been adding equipment to the westbound trains to accommodate the extra traffic. Every available man is being employed immediately on his arrival by the agents for Manitoba, Saskatchewan and Alberta.

In Dubuque. Dubuque, Aug. 11.—Yesterday morning's street fighting, in which one civilian was killed and another was wounded, was caused by the refusal of a group of civilians to disperse when called upon to do so by an armed patrol, says an official statement on the incident issued here late last night.

The patrol was challenged and ordered to halt by a member of a group gathered around a bonfire, the statement says. This man who had shown the challenge was kneeling in firing position and when the group ignored the patrol's order to disperse, it was fired upon.

DROWNED IN LAKE. Spokane, Aug. 11.—B. L. Willis, a lumberman of this city, was drowned in Diamond Lake, ten miles west of Newport, Wash., yesterday afternoon, according to information received here. He is believed to have been stricken with heart failure.

According to reports given to railroad officials, both men were shot by a storekeeper in Kapuskasing when they attempted to force him to give them food. Neither of them is seriously wounded, Lucan being shot in the calf of the leg and Torrville in the thigh.

LETVIA AND SOVIET RUSSIA HAVE FIXED TERMS OF PEACE

London, Aug. 11.—Peace negotiations between Letvia and Soviet Russia have resulted in an agreement on all outstanding points, and a provisional peace treaty will be signed to-day or to-morrow, it was stated in an official dispatch received from Letvia.

deficits instead of profits. J. B. McLaren, general auditor of the recent operations, had been returning

STATE OF VERA CRUZ FOLLOWING LEAD OF CANTU

Mexican, Lower California. Aug. 11.—(Associated Press)—The State of Vera Cruz has taken the same attitude on national questions that Governor Esteban Cantu of the Northern District of Lower California recently assumed. It asserted to-day in the Governor's daily statement.

Soviet Faces Grim Struggle With Food Problem in Russia

Viborg, Finland, Russian Frontier, Aug. 10.—(Associated Press)—Flushed with success and confident of Poland's defeat, Soviet Russia faces the approaching Winter with the grim problem of food as its supreme test of power. From the Far East to the Finnish frontier—4,000 miles of undisputed territory—the spectre of starvation stalks threatening as the far reaches give up a cry for the necessities of life from a people whose hearts, long sturdy in the struggle for a "new day," are forced to heed the demands of want.

The writer, an Associated Press correspondent, just arrived here, observed these conditions in crossing Russia and Siberia all the way from Vladivostok to Moscow and Petrograd. His arrival in Finland followed deportation from Moscow because the authorities had not given advance authorization for crossing Siberia. In Finnish surroundings he is enabled to send an unencensored account of the straits of the Russian people as hurriedly observed while in transit. A number of refugees made the first trip of Americans across Russia in the last two years.

THIRTY-TWO LOST LIVES IN FLORENCE; A BIG EXPLOSION

Florence, Italy, Aug. 11.—Thirty-two persons were killed and several wounded in the explosion of a munitions depot here. The explosion resulted from a fire.

A CANDIDATE.

Seattle, Aug. 11.—William J. Coyle, a Seattle lawyer, has filed his declaration of candidacy for Lieutenant-Governor on the Republican ticket. It was announced to-day, Coyle served in the army overseas with the rank of captain. At one time he was a football star at the University of Washington.

MR. MEIGHEN MAKES SPEECH IN ONTARIO

Prime Minister Delivers Address in Village of Stirling, Near Belleville

Belleville, Ont., Aug. 11.—(Canadian Press)—Sultry weather conditions are promised for the political gathering to be held in the village of Stirling this afternoon when Hon. Arthur Meighen will make his first pronouncement of policy since he succeeded Sir Robert Borden in the leadership of the Government forces and the formal bringing into existence of the National Liberal-Conservative policy. The Premier arrived in this city at an early hour this morning, accompanied by Hon. S. F. Tolmie, Minister of Agriculture, and Hon. J. D. Reid, Minister of Railways.

Political Situation. To a Canadian Press representative Mr. Meighen said in his intention to deal with the general political situation, but that owing to the fact that it would be an open air meeting in warm weather he would not speak at great length.

Although he has been strenuously sought for several weeks the Prime Minister looked fit to to-day's effort. There will be several addresses before Mr. Meighen is heard, including one by Dr. Tolmie.

The Prime Minister intends to return to Ottawa early this evening, and will spend to-morrow at his capital, leaving to-morrow evening for Toronto. At St. Mary's he will address a home gathering on Monday, August 16, and subsequently may go to the Maritime Provinces to take part in the Ministerial by-elections.

Capitalist Victories. The Soviet leaders are capitalizing their victories to the utmost. They are instilling into the minds of the people that the Red forces have defeated the world's armies seeking to

(Continued on page 4.)

Saanich Sewer By-Law Now Before Ratepayers

With some modifications the Saanich Council last evening approved the important sewer construction by-law, as amended to meet the report of A. D. Creer, consulting engineer of the Department of Public Health. It also constituted by resolution a sewerage area of the suburban district, and passed a by-law to submit to the electors the total sum of \$870,000, with the immediate authority to spend \$500,000 on sewers and also to meet an obligation due to the city of Victoria.

The vote of the electors will be taken on August 21, at the same time as the School Board by-election, and at the places where the annual poll is taken. R. R. F. Sewell was named as returning officer.

Public Meetings. Public meetings to discuss the by-laws will be held as follows: Ward I., August 13, Cedar Hill Parish Hall. Ward II., August 14, Tolmie School. Ward III., August 18, Cadboro Bay Beach Hotel.

CAPE BRETON YACHT SQUADRON WILL TRY FOR AMERICA'S CUP

Sydney, N.S., Aug. 11.—The Royal Cape Breton Yacht Squadron announced to-day that it would challenge for the America's Cup as soon as satisfactory arrangements can be completed to finance the project.

SESSION OF BOARD OF COMMERCE HERE

Commissioners to Hold Meeting at City Hall Friday Forenoon

Only One Man Appeared Before Board in Vancouver To-day

Vancouver, Aug. 11.—The Board of Commerce, which held a session here this forenoon, will hold a session in Victoria Friday forenoon. From here the Commissioners will travel to Victoria, where they will hold a meeting at the City Hall, beginning at 10:30 a.m. Friday, and will return here later if necessary.

Coal Question. The meeting here to-day was more a discussion, with several interested price reduction advocates taking part. Strong statements were made by Alderman Joseph Hoskins and Alderman James B. Campbell, both as representatives of the City Council. Mr. Hoskins dealt with the coal question, and charged that the present price of \$15 per ton being charged for this fuel was entirely uncalled for. From \$10 to \$11 should be the top price, and at that figure, he contended, the dealers would make a good profit.

Specific Charges. Alderman Reid referred to advertisements now appearing which state that coal will go to \$20 per ton before Winter. Something should be done immediately to stop this, he maintained, and he wished to know what action the Board of Commerce could take.

Chairman White said the Board could only act when specific charges were laid against alleged profiteers. Action would be taken against them, evidence heard and judgment reached.

Everywhere in all this trip from one end of Russia to the other, the cry for food and clothing was heard. It was voiced by the old Russian peasant type at the Chinese frontier where the correspondent was first brought into Russian territory. It was heard again through the heart of Russia, where the crews of locomotives were clad in ragged garments with sandal-like shoes braided from the hair of the last. Even now stories are circulated that he is suffering for want of food because of his insistence upon sharing the plight of the people. The story goes that he refuses more than his allotted share of black bread—three-eighths of a pound daily—which is the ration to-day issued to the civilian population in Moscow.

Unrest. Attend upon the sore plight of the people economically is an ever-increasing spirit of unrest and revolt. A military organization disciplined to the core finds a growing difficulty in carrying out orders by the mailed fist tactics in which it has hitherto been supreme.

From east to west the Bolshevik soldiers are militarily trained throughout and officered the same as any other regularly organized army. Controlled by the Soviet political commissaries, they stand prepared at all times to fix firmly upon the people the new social system prescribed in the supreme Plats issuing from Moscow.

In Firm Grasp. At the end of the second year that the Bolsheviks have assumed direction of the proletariat, Russia remains in the firm grasp of this military regime. It is the force which has beaten back invading foreign armies on all fronts—the same force that has overcome all counter-revolutionary movements.

The Soviet leaders are capitalizing their victories to the utmost. They are instilling into the minds of the people that the Red forces have defeated the world's armies seeking to

CONCENTRATION IS WEYGAND'S SCHEME

French General Is Offered Command of Polish Armies

Wasaw, Aug. 11.—(Associated Press)—Supreme command of Polish military operations was offered to General Weygand, of the French army, by the Council of National Defense, which met last night and took important decisions relative to the defence of Warsaw and reorganization of the army.

Although no definite decisions taken by the Council have not been made known, there is evidence that Warsaw will remain the basis of resistance.

General Weygand has made acceptance conditional on evacuation of Eastern Galicia and the Lublin region for concentration of all forces on the Middle Vistula for a great offensive. Up to the present the Council has been unable to resign itself to a condition involving the abandonment of half of Poland.

General Weygand's acceptance is also subject to the answer which the Soviet makes to the last notes of Prince Eugene Sapieha, Minister of Foreign Affairs.

COPIES OF NOTE SENT TO ALLIES

U. S. Also Wishes Russians to Know Attitude Toward Poland and Russia

Washington, Aug. 11.—(Associated Press)—Great Britain, France and the other Allied and Associated Powers have been given copies of the American government's note to Italy announcing the policy of the United States in favor of the preservation of the territorial integrity not alone of Poland, but of Russia as well. At the same time, means are being found, it was stated to-day, officially, for the note to reach the Russian people themselves.

Events Watched. Whether there will be further exchanges between the United States and the Allies will depend largely, it was said, upon events in Poland. While the United States and the Allies apparently are in accord as to the future of Poland, the divergence of views as to Russia were sufficiently marked as to cause comment.

The position taken by this country against recognition of independent Baltic states and the republics of Georgia and Azerbaijan was said in administrative circles to be consistent with the past policy of the Government.

Poles Re-Grouping For Counter-Stroke Against Bolsheviki

Forces Concentrating For Blow Along Entire Warsaw Front; Bolsheviki Now Occupy Twenty-Four Miles of Direct Warsaw-Danzig Railway Line.

Warsaw, Aug. 11.—(Associated Press)—A concentration and regrouping of the Polish forces for an extensive counter-stroke on the entire Warsaw front is reported by to-day's newspapers.

The plans, it is said, are to begin this counter movement within a few days. Military men express the opinion that this is a propitious time to strike back in an effort to drive off the Soviet forces which are endeavoring to encircle the capital.

Paris, Aug. 11.—(Associated Press)—The Russians are now occupying a stretch of twenty-four miles of the direct railway line between Warsaw and Danzig and a large force is pushing across the Danzig corridor to cut the remaining railroad, according to the French Foreign Office to-day. The section held is between Olschaw and Milawa.

POLAND WILL ASK CREDITS IN STATES

War Supplies For Use Against Bolsheviki Are Needed by Army

Washington, Aug. 11.—Poland will ask immediate aid from the United States in its fight against the Russian Soviet Government, Count Casimir Lubomirski, the Polish Minister, announced to-day.

The appeal to the State Department, the Minister said, will be based upon the assurance contained in the United States note to Italy in which the United States insisted upon maintenance of political independence and territorial integrity of Poland.

The aid requested, it was said, probably will be confined to a request for an extension of credits by the United States for the purchase by Poland of surplus war stocks.

Permission to purchase 200,000 army uniforms and 200,000 pairs of shoes from War Department stocks had already been asked for by the Department by the Polish Legation.

First, that the strength of the Polish army shall be reduced to one annual contingent of 50,000 men, together with the army command and an "army of administration" (apparently a permanent force) to aggregate 10,000 men.

Second, that demobilization of the Polish army shall occur within a month.

Third, all arms, excluding those needed for the army forces specified, shall be handed over to Soviet Russia and the Ukraine.

Fourth, all war industries shall be demobilized.

Fifth, no troops or war materials shall be allowed to come from abroad.

Sixth, the line of Volkovisk, Bielystok and Grajevo shall be placed fully at the disposal of Russia for commercial transit to and from the Baltic.

Seventh, families of all Polish citizens killed, wounded or incapacitated during the war shall be given land free.

To Withdraw. On the other hand, the terms for Russia were given as: First, when Poland demobilizes, the Russian and Ukrainian troops

(Continued on page 8.)

MEIGHEN NOT READY TO ENTER DEBATE

Peterboro, Aug. 11.—Hon. Arthur Meighen, Prime Minister of Canada, has written to J. H. Burnham, declining the latter's invitation to Mr. Meighen to discuss at a joint meeting here the propriety of a general election, of Mr. Burnham's resolution calling for it and the state of affairs in Canada generally.

Mr. Meighen declines on the ground that he has not time and that it might not be of general public interest.

KILLED BY FALL. Sarnia, Ont., Aug. 11.—Slipping as he was about to descend the cellar stairs in his home late last night, Felix Willett, aged forty-six, fell headlong to the cellar floor below and was instantly killed.

France Will Send Aid to Wrangel in South Russia

Paris, Aug. 11.—(Associated Press)—The French Government has decided to recognize General Baron Peter Wrangel as head of the de facto Government of South Russia. In making this announcement the Ministry of Foreign Affairs said this recognition implied rendering General Wrangel all possible military assistance.

France will send a High Commissioner to Sebastopol immediately, the Foreign Office stated.

Two reasons were given by the Foreign Office for recognizing General Wrangel. The first was his promise to assume all the obligations of the former Russian Government. The second was his promise to give Russia a democratic Government.

France notified Premier Lloyd George yesterday of her decision. It was stated. The French Government likewise is notifying its commercial attaches in London to have no dealings with Leonid Kraviss and Leo Kameneff, Soviet emissaries. The French Foreign Office regards the Soviet terms for Poland, which

TALKING MACHINE RECORDED HIS WILL

Lawyer of Des Moines, Iowa,
Thinks Will Fraud
Proof

Des Moines, Ia., Aug. 11.—What he says he believes to be a "fraud proof" will has been made and filed in the office of the Clerk of Polk County, Iowa, by Theodore Manta, a Des Moines lawyer. Mr. Manta dictated his will into a talking machine and had it recorded in wax.

At the end of the dictation, C. H. Miller, a lawyer, and H. W. Brandt, a court reporter, testified into the machine that they were witnesses to the "making" of the will, and spelled their names out in full as the witnesses. The record then was put on a machine and reproduced the voice. Being pronounced correct by Mr. Manta, he took it to the Clerk's office and had the box containing it sealed in wax and filed.

Mr. Manta has instructed Mrs. Manta to take the case to the highest court of the country if the validity of the will should be questioned. The will on a record is believed by its maker to be the first of its kind in the country. Lawyers say a possible objection to wills on talking machine records is an Iowa statute which says conveyances of property worth more than \$200 must be in writing. Manta says he will go before the next session of the Iowa Legislature and endeavor to get a bill through which will legalize spoken will when recorded as his. Manta says he believes the future will see greater uses of talking machines and records, and in his opinion it would be much more difficult to "tamper with" a spoken will than a written one.

PRICE OF AEROPLANE RIDES IS REDUCED

Los Angeles, Aug. 11.—The high cost of flying went into a nose dive here when managers of the principal commercial flying fields announced 100 per cent reduction in the price of aeroplane rides.
Tourists to Southern California with an ambition to rise above other persons, have been paying \$10 for flights of short duration. The new price is \$5 the ride per person. Passenger flight prices will be continued to be reduced until they are lower than taxicab fares, C. S. Efeit, manager of one of the companies, has declared.

J. N. HENDERSON DIED IN TERMINAL CITY

Vancouver, Aug. 11.—J. N. Henderson, of Henderson Brothers, Ltd., wholesale drug merchant, died here last night after a lingering illness of two years.
The deceased had been prominently connected with the drug business in the West for the last three decades, and was one of the pioneers of the city. He came here from Victoria about thirty-four years ago and had a host of friends in business and professional circles in the city and throughout the Province.

GREAT PEANUT CROP IN UNITED STATES

Washington, Aug. 11.—The peanut crop of the United States this year will be almost 6,000,000 bushels larger than last year, according to a forecast of the Department of Agriculture, from July conditions. The total crop is forecasted at 35,000,000 bushels. Alabama will have almost 11,000,000 bushels, Georgia, 7,500,000 bushels and Virginia, a little more than 5,000,000 bushels.

DUBLIN NOW FINDS FUNDS WITHHELD

London, Aug. 11.—A Dublin dispatch says that at a meeting of the Dublin Corporation it was announced that the Government had refused to pay grants amounting to £170,000 unless the Corporation refused to recognize the Daily Eireann ("Irish Republic Parliament"). It was stated that the immediate result of this refusal would be the shutting down of municipal institutions, including three hospitals.

LEADER KING ASKS FARMER CANDIDATE TO WITHDRAW

Toronto, Aug. 11.—That R. W. E. Burnaby, United Farmers of Ontario candidate for the Commons in North York against Hon. W. L. Mackenzie King, Liberal leader, should withdraw from the field, was the assertion made by Mr. King, speaking at a gathering, near here.

"If they get the United Farmers and Liberals and other parties fighting throughout the country, then the Union Government will have a chance," he declared. "And if they are elected—again they might carry on for another generation. I think the first thing to do is to defeat the Government."

Mr. King explained that he had declined a nomination in Glenora, Ont., because he wished to leave the field open to a farmer candidate. Mr. Burnaby himself was present at the meeting, and afterwards spoke to Mr. King, but he did not state whether or not he would withdraw.

FOREIGN LABOR FOR THE C.P.R.

Vancouver, Aug. 11.—Definite information from the Canadian Pacific Railway feels it will have to bring in foreign labor in order to keep up railway maintenance in Canada. It is contained in a letter from President Beatty to the Imperial Veterans' organization here, in reply to a protest against importation of a large number of foreigners.

TURKISH TREATY SIGNED YESTERDAY

Paris, Aug. 11.—Turkey, the last power to remain in a state of war with the Entente, signed the treaty at Sevres yesterday, and is officially at peace. Serbia and Hedjas alone had refused to sign.

It was a simple, sober ceremony. Premier Venizelos signed the three-page treaty, an Italo-Greek protocol, and a protocol on Asia Minor and the zones of influence—with trembling hand and somber face. The three Turkish delegates, not bowing, as they did to the others.

Count Zamoyski, Polish Minister to Paris, among those who signed the documents, attracted much attention at the ceremony, being the centre of inquiring groups.

Premier Millerand opened the ceremony and then asked the Turkish delegates to sign.

Uppermost among the topics discussed by the large crowd that gathered was the Russo-Polish situation. Many anxious mothers asked the correspondents: "Is it war again?" as the peace delegates entered the old chateau.

UNFAVORABLE TRADE BALANCE OF JAPAN

Washington, Aug. 11.—Japanese foreign commerce for the first seven months of 1920 resulted in an unfavorable trade balance of nearly \$200,000,000. Commerce Minister James F. Abbott at Tokio reported yesterday to the Department of Commerce.

Imports were approximately \$855,000,000, the report stated, while exports were about \$255,000,000. While the balance for the seven months was a slight increase over that of \$242,000,000 for the first six months, the report continued, the rate was much smaller than the increase in the unfavorable balance during June, when the figures jumped from \$220,000,000, the unfavorable balance for the first five months.

NEW USE FOR CAVE OF ROBINSON CRUSOE

Honolulu, T. H., Aug. 11.—Robinson Crusoe's cave may soon be converted into sleeping quarters for globe trotters, according to Prof. W. A. Bryan, president of the Hawaiian Historical Society. The Chilean Government, according to Mr. Bryan, is considering erecting a national park and tourist resort on the island of Daniel De Foe's literary character. Modern hotels and other attractions would be erected on the island, according to plans being considered.

Mr. Bryan says, are similar to the oldest park of the Hawaiian Islands. Two nights were spent by Professor Bryan recently in Robinson Crusoe's cave. The professor is at present in the South Seas seeking proof of his theory of an immense submerged continent in the Pacific.

CURE FATIGUE! BUILD UP! GET FAT!

ONCE YOU START USING THE NEW BLOOD-FOOD REMEDY YOU'LL GET WELL QUICKLY.

You're nervous and uneasy. Appetite is poor. Sleep is hard to get. Still worse, you are thin and faded out.

Work must be done, but where is the strength to come from? Make your blood nutritious and you'll have lots of strength. Your only hope is Ferrozone, an instant blood-maker, blood-purifier, blood-enricher. It brings keen appetite, digests food and supplies nutrition for building up all the bodily tissues.

Ferrozone makes muscle and nerve-fibre, increases your weight, instils a reserve of energy into the body that defies weariness or exhaustion from any cause.

For men who toil and labor, for the office man, the minister, the teacher—these will Ferrozone bring a new life of spirit and robust health.

For growing girls, women of all ages—this is more certain. Sold in 50c. boxes at all dealers, or direct by mail from The Catarthosone Co., Kingston, Ont.

TWO MORE SOLDIERS WERE MURDERED BY RAIDERS IN IRELAND

London, Aug. 11.—A dispatch from Clonakilty, County Cork, Ireland, last evening reported that two soldiers had been shot dead there.

"You were warned before to prepare for death, but, considering your wife and helpless children, we have decided to give you a chance. Remember, if the boycott is not off by August 12 your end will be sure and swift. Any injury to the police and their friends will be avenged tenfold. (Signed.)"

"On behalf of the Blackbird Gang," One prominent Republican has been notified that he is condemned to death.

THE IDEAL WOMAN

The great Napoleon once said:—"My ideal woman is not the beautiful-featured society-belle, whose physician tries in vain to keep her in repair, but the matron who reaches middle age in complete preservation—that woman is rendered beautiful by perfect health."

To attain such health in middle life a woman must guard against the ills which drag her down and produce nervousness, headache, back-aches, sleeplessness and "the blues." The standard remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring women to health and strength.

EMPIRE EXHIBITION BEING PLANNED

London, Aug. 11.—The House of Commons voted £100,000 guarantee for the British Empire Exhibition which will tour the Empire. Rt. Hon. George F. G. Kelway said that indications pointed to a lull in trade here, so that it was necessary to open new markets. The greatest hope lay in the Empire itself, he said.

J. R. Clynes, the Labor leader, supported the vote, but another Laborite declared that it was a private adventure at the public's expense, and that the Labor party had had enough of fostering Imperial interests.

Another member retorted, amid laughter and cheers, that the deplorable speeches of some Laborites proved that they were unfit to govern.

The guarantee is contingent on £400,000 being found privately.

VANCOUVER ISLAND NEWS

May Day Celebration.

Nanaimo, Aug. 11.—The net profit of the May Day celebrations is \$1,115.56 which may be divided equally between the School-Gymnasium Fund and the new Hospital Fund. The gate receipts were \$1,827.75; subscriptions, \$780.75; refreshment, \$422.97; dance, \$289.75; vaudeville, \$375.35. The main items of expenses were: Sports, \$184.23; parade, \$186.50; regatta, \$166; refreshments, \$301.99; publicity, \$210.75; music, \$270; secretary, \$100. J. C. McGuffie, the honorary auditor, suggests a permanent bookkeeping record for use from year to year, with receipt books systematized.

Nanaimo Waterworks.

Nanaimo, Aug. 11.—The Water Works Committee of the City Council reported an expenditure of \$1,751.15 on a survey and detailed examination of the South Forks pipeline. The 14-inch pipe where broken was found to be delivering 4 1/2 inches at one point and 9 1/2 inches at another. Between these points the pipe runs over a knoll of rock rising from 14 feet below the intake to 2 feet above. Mr. Cameron, of North Vancouver, will be approached to give his advice as civil engineer on the pipe's failure to deliver a full supply.

Has Passed Away.

Nanaimo—Mrs. Violet Maud Stearman, wife of F. C. Stearman, the local druggist, died in the local hospital last Saturday evening, following an operation earlier in the day. The late Mrs. Stearman, who had reached the age of fifty years, was born in Guelph, Ontario, her maiden name having been Violet Maud Strachan. She came out to the coast twenty-three years ago. She is survived, besides her husband, one son, Hobart, a brother R. G. Strachan, manager of the National Drug and Chemical Co., Victoria, her mother, and one sister, residing in Guelph.

Cassidy Community Club. Cassidy—At a recent executive meeting of the Granby Community Club D. Stafford was elected president and J. C. Hector secretary.

LEAVES DRUGS FOR THE FARMER'S LIFE

Water has been struck on the farm of F. J. MacKenzie, M.P.P., says a New Westminster exchange.

Mr. MacKenzie's farm, acquired under the Soldier Settlement Board, comprises forty acres of the most fertile land in this section of Surrey near Anderson Station on the B.C. Electric Railway. It borders on the Nicomekl, comprises upland and bottom land, with a southeastern slope. On a centre knoll the well has been sunk, and there Mr. MacKenzie will erect a comfortable farm home with all modern conveniences, as the head of water will enable him to pipe it into a house tank for all household needs. The sloping land from the well will permit of an effective irrigation system being installed.

Mr. MacKenzie has been a leading druggist in New Westminster.

PLENTY OF ROOM

Boy—"Was the car very crowded when you came to-day, uncle?" Uncle—"No; I had a strap to my self."

Do not suffer another day with itching, Eczema, or Pruritus. Pilex. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. only sit in the sun in Summer and in Winter sit and look at the snow, a little walk around the grounds, read a book or a paper. Then in a desperate struggle against surrendering to melancholy, you take just lonesome here. That is their explanation. You know there is not much doing here, and we are too far from our homes to be receiving visits from our friends, our fathers, our mothers, our wives, sweethearts, or any of our relatives. All of them are eager to talk to the occasional visitor. Let the visitor stop to merely ask for a ward and a ring of patients immediately forms around him to direct him to some sick ward of a lonely hero. They are all hungry for visitors, for a little show of interest from the outside world, and loneliness and melancholy do not help in any way the recovery of a war-torn hero. They are not seeking matrimony, they are not trying to get married, all they want is for the public to know and to understand the loneliness and to get a cheering letter from some one of the outside world.

Do you know that some of these heroes have been in these institutions as far back as April, 1915, when they saved the situation at the Second Battle of Ypres for all the British Empire, and others have been there two and three years, and some of them will never leave there alive? It is heartrending to be among them only for three months. Surely we are not going to forget nor neglect such heroes as these. Some of these fellows that go around this country owing their heads off that the returned men will bankrupt the country and that these heroes are a disgrace, should take a trip through some of those institutions and take a look at some of these short-lived heroes that have been through the jaws of death and some of them are still fighting for their lives which are so dear to all of us. We all want to stay in this old world as long as we can. If those folks could take a look, and then if they had any human nature in their hearts at all, they would come away with a different feeling, and say, "My God, I am glad that is not my son."

I would suggest to you that you would have a little donation box in your club rooms, such as the Cannon Club, Pacific Club, and the Victoria Club, and all rich men's clubs for the sick and lonely sailors and soldiers if it is only enough to buy free smokes and when you have got sent it along to the Medical Superintendent and it will help to make them feel and to think it was worth while after all going over there for you. They won the war in 1918, and do not let them think that in 1920 you do not want them. It is a lonesome life in those sanitariums, but The Daily Times readers can make it otherwise.

GEO. LITTLE, 913 Inverness Street, Victoria, B.C., August 9, 1920.

IRRIGATION ON THE SAANICH PENINSULA

To the Editor—Probably the simplest and cheapest method of supplying water to the Saanich district would be by means of a reservoir on the water from Elk Lake into a reservoir on some suitable elevation. At certain seasons of the year there is sufficient wind in this part of British Columbia to drive any desired number of windmills. A series of these placed so as to raise water from one level to another would easily supply all the water desired for irrigation and other purposes on the Saanich Peninsula.

In order to carry out this scheme it would be necessary to obtain plans of the special type of windmill employed in Holland for pumping water from one canal level to another. Such mills as are used in Holland are most substantial and last for many years without repairs. One or two men could take entire charge of the pumping and irrigation work, and after the mills were once installed the cost of maintenance would be nominal.

It would be well worth while for the Provincial Government to obtain from Holland all the necessary information with regard to windmills and the requisite pumping machinery. One of the most direct ways of obtaining the necessary information would be to apply to the British Consul at Amsterdam or at The Hague.

The water of all the rivers flowing through Holland is pumped over the dykes into the ocean by means of windmills.

W. F. BEST, 505 Sayward Building, Victoria, B.C., August 9, 1920.

SAANICH SEWER BYLAW NOW BEFORE THE RATEPAYERS

(Continued from page 1.)

Department of Public Health, and the Municipal Engineer's report thereon. Mr. Creeer expressed his satisfaction with the proposals of Mr. Milne in so far as they dealt with the Cloverdale high and low level areas, and the Talmie and Burnside districts. With regard to the Gorge area Mr. Creeer said Mr. Milne's proposal was quite practicable, but he did not consider it the most economical means of handling the sewerage which could be adopted. He recommended revision of the Gorge Nos. 1 and 2 high levels and the Gorge Nos. 1, 2 and 3 low levels. Mr. Creeer wished an increase of 25 per cent. to be added to the cost of the labor, considering Mr. Milne's estimate too low. With regard to the quantity of sewerage to be taken by the city, Mr. Creeer said: "It is regrettable that the generous provision was not made" at the time plans were presented.

A Criticism. Reeve Watson pointed out that the amendment suggested would remove the expense of several pumping stations, and a plan to remove by gravitation was obviously less costly.

Engineer Milne apparently did not relish the criticism, but his report, which is published below, helped to clear up the situation. This report stated that he looked to the future, and to a disposal by pumping or disposal plant for the Colquitz area, whereas Mr. Creeer recommended striking the whole section out, and leaving that district to be taken care of in some future scheme.

Mr. Milne's Report

Mr. Milne stated in his report that the changes in the Creeer report involve tunnelling for the main on Albina Street and at the outlet, and also an extra sewer paralleling the Gorge Road along the high level. "The Colquitz area," says Mr. Milne, "is justified on Mr. Creeer's explanation that he considered the scheme as a unit, and could not take the view of future drainage development into the Colquitz area."

"This was one of the fundamental principles involved in the design of the scheme as certain low levels had to be pumped to receive them, and at some future date the pumping would be eliminated and the low levels diverted to a disposal plant in the Colquitz. The revision will exclude about eleven acres of areas and the main put through a tunnel by gravity."

"I would be inclined to accept Mr. Creeer's revision as dealing with present conditions, but it is evident at some future date either a disposal plant or pumping will have to be resorted to when further areas have to be included."

Referring to Mr. Creeer's remarks recommending an increase of 25 per cent. in the estimates, I do not think this is justified seeing his costs are based on certain works carried out in Vancouver, which do not compare very favorably with costs in Victoria and surrounding districts.

Increase in Estimate

There is a total increase in the estimate of \$93,375.48, or an increase in the original estimate of \$24,400, making an increase of \$68,975.48. New estimate, \$870,000; original estimate, \$845,524.52. Total, \$933,524.52. Of this amount, the estimated cost of rock excavation has been increased \$21,376.58 over the entire system. This has been necessitated by the fact that the cost of rock excavation has increased since the original estimate was made up.

Assessment

"Under the revised system the number of houses in the whole area is 1,950, but it is reasonable to assume that when the necessity arises for the complete system to be laid there will be 2,150 houses to be served. In the part of the system presently proposed to be constructed there are 374 houses that can be served.

Complete System

"The annual cost of operating the whole system when complete is as follows: Interest, \$45,000; depreciation to be sold on 5-8 per cent. basis yielding 6 per cent. fifty years, would yield \$568,381.50; annual sinking fund required, 4 per cent. basis, \$6,254.44; annual interest 6 per cent., \$27,300; annual maintenance, say \$5,000. Total, \$655,554.44.

"The estimate of the revenue on the whole area is as follows: Sewer rentals, 2,750 connections at \$5, \$13,750; sewer frontages, 25,000 feet at 15c., \$3,750.00; tax levy of 7 1/2 mills on \$2,200,000, \$48,500. Total, \$65,000.00.

Initial Construction

"The annual cost of operating the partially constructed system will be as follows: Issue of say \$200,000, debentures to be sold on 6 1/2% basis, yielding 6 per cent. fifty years, would yield \$300,069. Annual sinking fund required, 4 per cent. basis, \$2,161.57; annual interest required 6 per cent., \$19,800; annual maintenance, say \$1,800. Total, \$237,611.57.

"The estimate of the revenue on the partially constructed system is as follows: Sewer rentals, 372 connections at \$5, \$1,860; sewer frontage, \$4,975 at 15c., \$746.25; tax levy of 7 1/2 mills on \$2,200,000, \$48,500. Total, \$23,541.25.

Difference of Opinion

The Reeve claimed that the Creeer report showed that the ratepayers' money had been spent, in some part of the work, on unnecessary plans which had had to be abandoned.

Councillor Henderson replied that the Reeve was now justified in that comment, as all engineers had to conduct trial efforts of location, and the data so gathered would undoubtedly be of value to the municipality.

Councillor Dooley objected to the Reeve's remarks, but Mr. Watson stuck to his contention that there had been substantial change in the plans of the municipal engineer.

Councillor Terrell was overruled in an objection he took to the deviation in plans was such as to add considerably to the cost, and that the by-law should not be proceeded with until the Council had fuller data on the subject.

Plan for Postponement

The decision was not reached without a final fight. Councillor Clark declared it would be wise to postpone the submission of the sewer by-law, as many of the

WIFE ADDS TESTIMONY TO THAT OF HUSBAND

Mrs. Anderson Says She Could Find No Relief From After Effects of Flu Until She Began Taking Tanlac; In Splendid Health Now.

almost drove me to distraction. My nerves were so shattered that even the rustle of a newspaper would upset me, and at night I would lie awake for hours unable to sleep. In the morning I was so tired I could hardly get up, and I was so weak I could scarcely move a chair from one place to another.

"Well, my husband started taking Tanlac with such splendid results that he had me try it also, and the way it began building me up was nothing less than remarkable. When I finished my fifth bottle, which was almost a year ago, I was feeling just fine, and I've been enjoying the best of health ever since. I have a splendid appetite, and eat just anything and everything I want without being troubled with indigestion. I never have a headache or a sign of a pain in my back, and my nerves are as steady as they ever were. I sleep fine every night, and am feeling just as more than grateful for what Tanlac has done for me, and my husband and I are always recommending it to someone.

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

TWO MOTORISTS WERE KILLED BY TRAIN

Montreal, Aug. 11.—Two men were killed, two women injured and a third escaped injury when a stalled automobile was struck and dragged 300 feet on the Intercolonial Railway line at St. Hyacinthe at 9.15 o'clock last night by the Ocean Limited entering the city.

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer the address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

GROW THEM

To the Editor—Many folks complain that the high cost of loganberries and raspberries. Why doesn't everyone who has a lot and fence grow them? The vines are easy to grow and need very little care, unlike the strawberry, take up very little room.

HOUSEWIFE

LONELY VETERANS.

To the Editor—For the last three months I have been an inmate at the four Sanitarium and as I have just arrived home I should like to state conditions as I saw them. I found while I was there that there is a lot of difference between being a servant man in 1914-1918 and being a war man in 1919-1920. The intense fever which the Canadian public threw into partiotic work during those days has now been shunted to peace time endeavors. The men who were shunted in the war are fast being forgotten. Do the public know that there are fifteen of those sanitariums in Canada to-day, with hundreds of wounded soldiers, soldiers and marines? The majority of those patients are tubercular, or shell-shocked, victims of gas, or suffering from the effects of wounds. These lonely heroes are there, however, and they feel it is just a case of the public's putting them out of its mind. There is no longer the Red Cross, the I. O. O. E. or any other organization that used to do so much for the boys prior to the armistice. There is no more the tool of the horn of the automobile with the long rides; no more lawn parties or a nice cup of tea; no more tree smokes; and not as many pleasant smiles and good cheer that they used to get before the armistice; and these are what those lonely heroes long for.

The men all praise Dr. Collins and Dr. Brien and Miss Thomas and her staff of nurses, and all the staff for the kind treatment they receive at Balfour. There is none of the old-time army "bickering" about the food. However, there is something lacking; something that goes a long way in backing up the morale of a lonely sick man, and speeding him up towards recovery. It is the human touch of the cheery visitor, the occasional automobile trip, the gloom-dispelling letter from those outside friends that those lonely heroes crave for. The isolated location of some of the sanitariums makes some of those things lacking. Their infirmities make it impossible for them to play golf, lawn tennis, cricket, baseball or any other outside games. They can

Kellogg's WAXTITE The Finest Corn Flakes ever made—that is our unchanging standard. Our "waxtite" package holds the oven-fresh goodness of Kellogg's for you... H.K. Kellogg Kellogg's Toasted Corn Flakes

Victoria Daily Times

Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

POLAND'S CRITICAL HOUR.

In whatever light Poland may view the Soviet terms upon which an armistice may be arranged it must be admitted that neither Polish independence nor the new Republic's boundaries are likely to suffer by prompt acceptance.

It should be noted, too, that the Soviet Government agrees to allow Poland to retain one annual contingent of fifty thousand men together with what is presumed to provide for a permanent force of ten thousand men.

In the British House of Commons yesterday Mr. Lloyd George gave a clear statement of Great Britain's position in connection with the Russo-Polish situation.

Mr. Lloyd George very rightly qualified his statement to the British House with the essence of Great Britain's position in the event of the Soviet Government propounding any plan threatening Poland's national existence.

The issue, therefore, is considerably clarified and Russia now knows that she must not encroach upon the vital interests of Great Britain unless she is prepared to suffer the consequences of a trade boycott.

MR. W. E. OLIVER.

For a quarter of a century the municipality of Oak Bay numbered Mr. W. E. Oliver among its most respected and useful citizens and his sudden death removes a prominent figure from the public life of the community.

affairs of the adjacent municipality for the institution and continued successful conduct of whose government he was very largely responsible.

THE ADVERSE BALANCE.

Although the premium on New York funds during the present month has averaged thirteen and one-half per cent. imports into Canada, chiefly from the United States, continue to increase.

In this total the value of live animals, wood and paper were the most important items, as may be gathered from the following returns for the fiscal year ending March 31, last: wood, wood products and paper: 1918, \$100,628,211; 1919, \$127,435,373; 1920, \$153,701,542; live animals: 1918, \$17,466,696; 1919, \$33,135,654; 1920, \$47,717,623.

While little consolation may be derived from these figures, however, it is equally disconcerting to observe that Canada's favorable balance of trade with other countries has been gradually but consistently contracting.

All this goes to show that the sooner the Canadian people can settle down to a practical application of the exhortation to buy the Canadian-made product the sooner will the country's ledger balance.

ABOUT WOODEN HOUSES.

One of the chief reasons advanced against the feasibility of British Columbia building cut-to-fit wooden houses for disposal in Great Britain and Europe was the inability to find ships in which to convey them.

NOTE AND COMMENT.

In strict accordance with the Covenant of the League of Nations it should be possible for the other members to proceed against Poland for an infraction of its provisions.

is not yet in possession of its requisite status, however, the least that Poland should recognize, is the right of Great Britain and other countries to step in and preserve the principles to which they themselves—in common with the new Republic—are committed.

Canada's debt at the end of last month stood at \$2,300,119,030. The country is able to pay; but its population find few examples of thrift at Ottawa.

Now that Archbishop Mannix has been able to land on the other side of the Atlantic he should not object to the suggestion that he complete his journey to the Vatican gathering within a limited, a very limited, period of time.

Mrs. Paul Fitz Simmons, formerly Mrs. French-Vanderbilt, has commenced a campaign against recognition by the United States of the Irish Republic.

The majority of the members of the Western Boards of Trade with whom he had spoken were afraid that the railways would not get an increase of rates sufficiently high enough to meet the case, said Mr. Hanna when he reached Toronto from the West the other day.

OTHER PAPERS' VIEWS.

WHERE THE LOSS IS, REALLY. (The Philadelphia Press.)

According to Congressman Gallivan it costs eighty-eight millions a year to enforce prohibition. That is a rather large sum, but we are saving a good deal on drink, which would help some if we didn't have to hand it over to the profiteers.

SHOULD BE JAILED, NOT FINED. (The Forbes Magazine.)

A fine of \$1,000 has been imposed upon a profiteer for making an unlawful profit of \$2,000 on potatoes. Other profiteers have been let off with fines. If profiteers knew that they run only the danger of being fined half the money they illegally make through their profiteering why should they desist?

AN UNCOMPLIMENTARY WORD. (From The Westminster Gazette.)

The Speaker of the House of Commons, in his capacity of "moderator of debate," is not, like a judge on the bench, bound by hard-and-fast rules and precedents.

QUASHES CONVICTION AGAINST INDIANS.

In Supreme Court Chambers this morning, before Mr. Justice Murphy, a conviction for selling intoxicating liquor to Indians, secured against Chin Hoop, a Chinaman, was quashed on the grounds that the conviction was not signed by the two magistrates who heard the case, as required by the Indian Act.

SIR GEORGE PERLEY COMING TO CANADA FOR A VACATION.

London, Aug. 11.—Sir George Perley is in Paris, where he went on behalf of Canada for the signing of the Turkish peace treaty. He will sail tomorrow for the Dominion, where he expects to remain for two or three months.

HIGHER RAILWAY RATES ON COAL ARE OPPOSED.

(Continued from page 1.)

Grand Trunk Pacific Railway, told the Commission that even if the new increases should go into effect next month, his company would finish with a deficit of \$2,000,000.

The Canadian National system, or rather that portion of it which was formerly the Canadian Northern Railway, also showed that it was losing money under present conditions.

Other roads heard were the Temiscouata Railway and the Essex Terminal Railway.

J. M. Daly, of the Canadian Retail Coal Association, strongly protested against any increase in the freight rate on coal, speaking not only on behalf of the coal dealer, but more particularly on that of the consumer, who, he said, would stand in much more need of coal than the increased rates for the transportation of coal in the United States were forcing the price up, and he expressed the opinion that the Government should not grant the increase in freight to the railway companies.

Mr. Daly took the ground that the railways were better able to bear increased costs than the consumer.

The railroads were getting all that was coming to them in coal freights, considering that they furnished no equipment, had no bins in which to house the coal and supplied no labor to handle it.

Chief Commissioner Carvell asked Mr. Daly how he would advise the railways to raise the money required. "Supposing," he said, "it is proved that the roads need the money, and that the Commission agrees there should be no increase in the rate on coal, how would you suggest that they get the money?"

What was the price of anthracite coal before the war? asked F. H. Phippen, counsel for the railways.

It was brought out that the price was about \$7.50 per ton. "And now it is selling around \$15 or \$16," said Mr. Phippen. "What have the coal dealers done to help the public in the years that the price has been advancing?"

At the session yesterday H. A. Symington, Winnipeg, representing the Province of Manitoba, pointed out that the Transcontinental and Intercolonial did not come under the jurisdiction of the Railway Board.

Statement by Phippen. F. H. Phippen, K.C., counsel for the Railway Association of Canada, referring to the last increases allowed by the Board, said they had been practically lost in the greatly increased cost of operations.

Observers on the few factories which are working in the city are working nothing, it is declared, to exchange with the agricultural population for their products.

enclave Russia and set up another form of czarist government. They are urging upon them that the tragic sufferings and sacrifices will firmly establish national security and spread the cause of social revolution throughout the lands.

In their first efforts to avert a rising tide of counter-sentiment, the leaders have resorted to the strongest methods. Siberia, the last great food reserve to be reclaimed to the Moscow power, has been stripped of grain and manufactured goods captured after the Kolchak debacle.

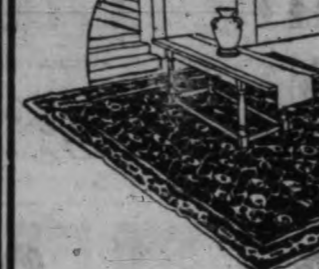

The brightest spot in the whole picture of Bolshevik Russia is represented in attempts everywhere to emphasize education.

SAANICH ADOPTS

WATERWORKS BYLAW

Gordon Head Is Specified in the Measure; Councillor Clark Secures Inclusion

Saanich Council last evening gave a final reading to the Waterworks by-law, with an amendment specifying the expenditure of \$137,000 for Gordon Head. The by-law will be submitted on August 21 to the electors.

Ex-Councillor Somers appeared to request that some guarantee should be made, allocating the bulk of the money for a Gordon Head scheme. Mr. Somers said the people in that district were getting rather impatient, and wanted an assurance that the work would proceed immediately.

Councillor Clark declared that he had consistently supported specifically the limitation of \$150,000 towards the Gordon Head scheme, leaving \$87,000 for other works. Reeve Watson declared that the present Council was clear on the course to be adopted, but it would be difficult to speak for their successors.

As the resolution passed, it will assure \$137,000 for the main scheme, and \$62,000 for debenture cost and other extensions.

The Discussion. During the consideration of the by-law Mr. Clark believed that the Council should submit a by-law for a larger amount than \$200,000, in order to guarantee the total amount of the Gordon Head scheme. The councillor therefore wanted to earmark \$162,000, the engineer's estimate, plus debenture cost, for a Gordon Head scheme. He moved a motion, which Councillor Pim seconded, to that effect.

Councillors Terrell and Dooley feared the defeat of the by-law if Gordon Head was specifically mentioned.

Councillor Brooks thought the understanding was clear cut through the municipality about Gordon Head being first.

The Reeve could not see how any incoming Council could proceed, in the face of the engineer's report, to spend the money except for Gordon Head primarily.

Councillor Dooley believed that the Council would be best to go ahead, and get the work started in the interest of the unemployed of the district.

The majority were opposed to a change, but after a division the motion was carried by three to one, four members not voting. Those supporting were Councillors Clark, Pim and Brooks. The by-law as amended was then reported complete, and passed.

ENTERTAINMENT AT SHAWNIGAN LAKE A GREAT SUCCESS

Shawnigan Lake, Aug. 11.—Seldom have the residents of Shawnigan Lake had the privilege of hearing a finer entertainment than that just given in the S.L.A.A. Hall by the Misses Eva Hart, Atkinson, Wace, Mrs. Legge-Willis, Messrs. H. J. Davis, R. B. McKenzie and Legge-Willis. Miss Eva Hart, in her own inimitable manner, delighted her audience with "Arcady" and "Cherry Ripe," and also in her duets with both Mr. Davis and Mr. McKenzie.

Mr. H. J. Davis pleased with "Sea Fever" while Mr. R. B. McKenzie's fine tenor voice was heard to advantage in "Psalm of Love" and "Your Eyes Have Told Me So." Miss Atkinson proved herself an artist of no mean ability on the violin with her playing of "Andante Religioso" and "Tarantella." Each number on the programme was enthusiastically enjoyed, to which the artists generously responded.

The comedy sketch "Kitty Clive," which was given by Mr. and Mrs. Legge-Willis and Miss Wace, was excellently performed, each member of the cast taking his or her part in a very capable manner. There was a substantial sum was realized for the Boys' Naval Brigade in Victoria.

Personal Notes Dr. and Mrs. John A. Stewart, of Victoria, were recent visitors at the lake.

Judge and Mrs. Lampman and son are back in Victoria after spending a month at their summer home on Shawnigan Lake.

Dr. and Mrs. Paul Higgins and family, of Victoria, camped at the lake over the last week-end.

Fen-y-Wern Lodge experienced the busiest week-end of the season, over fifteen parties being unable to get accommodation there on Saturday. Among those who registered there during the past week were Geo. F. Grant, Nanaimo; H. A. Stensson, G. B. Cowlin, Mr. and Mrs. MacFarlane, Vancouver; Miss D. W. Macklin, Miss W. Morning-Duffy, Seattle; Miss Russell and the Misses Nancy and Constance Rose.

Baby's Own Soap
The fragrant creamy lather of "Baby's Own Soap" and its absolute purity have won a great popularity.
It's best for Baby and best for You.

Women And Home

TO LEAVE TO-NIGHT FOR THE EAST

The Women's Auxiliary of the G. W. V. of Victoria, in conjunction with the organization to work with the men's association at Langford Lake, at an inaugural meeting held last night, with Mrs. T. Palmer in charge. Officers were elected as follows: President, Mrs. Radford; vice-president, Mrs. Mackie; secretary-treasurer, Mrs. Carr. Considerable enthusiasm was shown by the gathering, which augurs well for the future success of the association in Langford.

Mrs. Richardson Rice, of Hampstead, England, social worker of prominence in matters relating to the sphere of women in industry, is in Victoria during the course of her investigations in labor conditions and settlement as applied to immigrants from the Old Country to Canada. She will leave to-day for Vancouver.

Mrs. H. McLeland and daughter, of Trinidad, British West Indies, are visiting in the city, having returned here after a tour of the country, to finish the remaining period of their sojourn in Canada.

J. D. McElior and family, E. Watson and family, Mr. and Mrs. Moore and C. F. Lemon and family, comprise a party of tourists from Calgary, now staying at the Dominion Hotel.

Dr. and Mrs. McQueen, who with their daughters have been spending a holiday of several weeks' duration as the guests of Henry Gilbert, Uplands, leave to-day for their home on the Prairies.

The Princess Alexandra Lodge, No. 18, D. and E. of the E. B. S., is holding the annual picnic to-day, leaving on tally-ho's from the livery stables at 10.30 for Cordova Bay.

Miss Marjorie McRae, of Vancouver, is the guest of Mrs. P. J. Sinnott, Alston Street, on her way home from Seattle.

Dr. W. Leslie Gray and family are camped at Shawanigan Lake and will be returning to the city on Thursday next.

Mr. and Mrs. Scriven, visitors from Vancouver, England, are staying at the Dominion Hotel.

E. W. Hodgson and C. McBain, of Winnipeg, are staying at the Dominion Hotel.

V. C. Hood and family, of Kelso, Alberta, are arrivals at the Dominion Hotel.

Mr. and Mrs. A. Mackenzie, of Toronto, are staying at the Empress Hotel.

Mr. and Mrs. A. E. Blackett, of London, are staying at the Empress Hotel.

Major Robertson of Parksville, is registered at the Strathcona Hotel.

Mr. and Mrs. J. Alford, of Calgary, are staying at the Empress Hotel.

E. Creaswell, of Duncan, registered at the Dominion Hotel yesterday.

Mr. and Mrs. Riggs, of Detroit, are staying at the Empress Hotel.

MISS MONA MISENER

who is leaving to-night for Toronto, where she will continue her vocal studies. Miss Misener, who is a pupil of Mrs. MacDonald Pahey, won considerable commendation for her delightful singing in the recent production of "Hello! Victoria." She also appeared with considerable success in various Red Cross productions during the past few years and the good wishes of a host of admirers will follow her to the East.

EX-LAND WOMEN FINE POTENTIAL SETTLERS FOR B.C.

Fine Results Accomplished in Forestry and Animal Husbandry— The recent visit to Victoria of Mrs. H. H. Eykyns, organizer of the Women's Land Army of Great Britain, which organization performed such yeoman service in food production during the war, has again focussed attention on the big question as to whether women farmers can hope to meet with success in British Columbia. Farmers cognizant of the difficulties attendant upon farming in this country scornfully claim that a woman would have to commence upon cleared and improved lands and would be unable to undertake the arduous pioneer work of clearing.

Forestry Work— But during the course of her recent trip through British Columbia, Mrs. Eykyns, who speaks with authoritative knowledge, declared that she could find hundreds of ex-land girls who would laugh at the so-called difficulties. "One whole corps of the land army consisted of girls who throughout the war were engaged in forestry work. Although the girls had never had any experience in timber cutting before the war they became experts, felling the heaviest trees with astonishing ease," said Mrs. Eykyns.

Girls who to all appearances were too frail to undertake such heavy work—the daughters of professional men, artists and women of rank—quickly displayed remarkable dexterity in the art—and it is an art of felling, and many a lofty denizen of the fine old forests of rural England was a victim to the blows of the girl foresters.

A rather interesting comment on this work was made by Mrs. Eykyns to the effect that when the forestry corps of the land army was mobilized, the authorities equipped them with light axes, several pounds less than that used by the average lumberman. The instructors in charge of the work—many of whom were Canadian lumbermen—used the heavier axe for instruction purposes, and as soon as the girls had handled the heavier tool they refused to use the lighter one, finding that a more uniform swing and greater force could be obtained with the more substantial axe with the minimum amount of effort.

Rose at 3 a.m.— In reply to a suggestion that the long hours and arduous work on a farm would prove too much for the average woman, Mrs. Eykyns pointed out that the land girls on the farms in England had been accustomed to rising at three o'clock in the morning and working steadily throughout the long day. Conditions in England at that time were such that

PRINCE RUPERT HOSPITAL NURSES TO HAVE QUARTERS

The directors of the general hospital, Prince Rupert, have leased the house adjoining the hospital until recently occupied by D. H. Morrison and will use it as a nurses' home until such time as a new building for that purpose can be erected on the hospital grounds. Possession will be obtained on the fifteenth of the present month and it will be at

Land Girls at work in the fields.

ers have announced their intention of engaging girl farm-hands as far as possible to continue in this branch of the work. The women developed remarkable skill in animal husbandry, undertaking such work as the shooting of horses, elementary veterinary work and the tending of breeding stock, while on the occasion of the agricultural fairs in the big centres great surprise was expressed at the confident way in which the girls handled enormous and often dangerous bulls and nervous high-spirited steers. In dairying the women proved experts, many of them seeming to revert with ease to the days when the dairymaid was one of the most picturesque features of English rural life. But the modern dairymaid exchanged her dainty mob cap and bedowered dimity gown for the serviceable breeches and leggings—with the loss to her picturesqueness but a commensurate gain in efficiency. No greater tribute to the success (Continued on page 14.)

TEN DAYS OF TALK. AHEAD IN SAANICH

Sharp Contest For Board to Run Simultaneously With Bylaws' Campaign

Those Saanich residents who favor the teaching of supplementary subjects, domestic science, manual training and so forth, commonly known as the "frills," will meet to-morrow evening at Tillicum School for the purpose of selecting a candidate for the School Board vacancy.
Three residents have accepted the invitation to be in the field, and from them, and others to be nominated, there will be no difficulty in making a choice. The Parent-Teachers Associations, which have been organized in the municipality, more so of the schools, will be represented, and also the Women's Institutes. Three of the latter bodies in the municipality have gone on record in favor of continuing such instruction.
The Central Ratepayers' Association expects to have its candidate in the field in the form of a nomination, and an announcement as to its standard-bearer may be expected shortly.
As this will be the first test of strength between the Parent Teachers Associations and the district ratepayers associations, the contest is arousing considerable interest in the municipality, more so from the point of view of the principle than the amount of money at stake.
As the contest will be run simultaneously with the campaign for the water and sewer by-laws, Saanich residents, who always take their municipal affairs more seriously than any other municipality on the island, are assured of lots of interest before polling day on August 21.

EXPLAINS STAND ON HORSE RACING

Authorities Have Received No Proper Proposal, Says Sangster

Since the City Council Monday night rejected the proposal of representatives of the Grand Army of United Veterans to stage a race meet here, commencing Saturday, the civic authorities have been deluged with protests from Victorians who would like to see some horse racing.
The attitude which the city fathers and the B. C. Agricultural Association have adopted in the matter was explained to The Times to-day by Alderman George Sangster, the Association Secretary.
"The Association is prepared to listen at any time to any bona fide offer from a responsible party to stage a race meeting. But, such a meeting must be started by a jockey club which legally can stage such a meet. So far we have received no such offer at all. When we do receive such a proposal we will give it consideration.
"As far as the Fall fair is concerned," Alderman Sangster stated further, "we intend to have six days' racing there. It has been said that we might object to a race meet previous to that time for fear that our races at the fair might suffer as a result. I don't think there would be objection on that score if we received a bona fide offer from a responsible party beforehand. But we have received no such offer yet."

OBITUARY RECORD

The funeral of the late James A. McArthur will take place to-morrow, interment being at Ross Bay Cemetery. The funeral service will be held at the B. C. Funeral Chapel at 3:30 p. m. with the Rev. Dr. Campbell officiating. The Cooks and Waiters Union, local 459, will take part in the obsequies.

Nellie, beloved wife of Samuel Williams, of Clo-ose, West Coast, died yesterday in this city at the age of thirty-two years. The remains are reposing at the B. C. Funeral Chapel, and will be forwarded by the S. M. Maquina for interment at Clo-ose.

The funeral of the late Alfred Wood took place yesterday from the B. C. Funeral Chapel, interment being at Ross Bay Cemetery. The service was conducted by the Rev. W. C. Mawhinney, and was widely attended, many floral tributes being sent. Two hymns were sung, "Nearer, My God, to Thee" and "Forever With the Lord." Alex. Stewart, R. Livingston, J. Renfrew, H. Ridge, R. Smith and William McKay acting as pall-bearers.

Death occurred at the St. Joseph's Hospital on Monday evening of Caroline, wife of Harry Spencer, of Ocean Falls. Mrs. Spencer was twenty-nine years of age, and born in Ireland, and came to British Columbia five years ago. She is survived by her husband and a three-year-old son, who are on their way down from Ocean Falls for the funeral, which is to take place from the B. C. Funeral Chapel later. An infant child will be buried with the mother.

SKELTON FOUND IN WASHINGTON

Everett, Wash., Aug. 11.—Bones of a man believed to have been Walter Robinson have been found near Oso, in the northern part of Snohomish County, and an investigation by the coroner's office is being made. Robinson was last seen when he started for his timber claim above Oso last November. A watch and some remnants of clothing were found near the bones.

LOTS OF LIQUOR OFFERED IN TORONTO

Windsor, Ont., Aug. 11.—Clarence D. Fields, chief of the Windsor fire department, in a statement here to-day, declared that while in Toronto recently attending the fire chiefs' convention, he was "showered" at an open manner in which liquor was being offered for sale. "I had not been there twenty-four hours before I had all kinds of liquor offered me for a consideration. I could have had it in pint or barrel, and one did not have to go into a back lane to get it either," he said.

Abbey's EFFERVESCENT SALT For Constipation

The death occurred yesterday in Quebec of Mrs. John S. Riddle, who was formerly Miss Helen Green-shield, of Montreal. Mrs. E. B. McLeod, of Heywood Avenue, a daughter, left on the receipt of the sad intelligence for the East, to attend the funeral.

MAYOR AND CLERKS CLOSE SHOP TO-DAY
His Worship Leads Six Hundred Away From Offices to Picnic

Unusual silence reigned over the City Hall to-day and, save for the regular clang of the gong in the clock tower, no sound disturbed the dingy, dusty pile. All offices were closed for all the workers who usually bustle about, led by Mayor Porter and Alderman Dinsdale, had left the city for a day in the open.
About six hundred civic employees, their wives, children and sweethearts, started out this morning for the Civic Employees' Protective Association picnic at Patricia Bay. Four Interurban cars were insufficient to carry the happy throng, and a whole fleet of tally-hos had to be hired for the occasion. The destination was Alderman Sangster's ranch at Patricia Bay, kindly lent for the day by the popular Chairman of the Civic Streets Committee.

At the Bay a big programme of sports is in progress, while many of the picnickers are enjoying a swim in the sea. A tug-of-war is to be a feature this afternoon, the battle being waged for a cup presented by the Mayor. The big event of the day, however, is to be the baseball game over which His Worship will exercise iron-clad control as umpire. While the City Hall offices are closed firemen and policemen are on duty.

SUGGEST WESTERN ACADEMY OF ARTS

Meeting of Victoria Art Bodies Plan Combined Effort

The directors of the Provincial Arts and Industrial Institute and of the Island Arts and Crafts Club met last night in a joint conference on the question of the possibility of forming a British Columbia Academy of Arts. The meeting took place in the Provincial Library, with Frank Gilmah, M. P., in the chair. It was explained to the assembly that the art societies in Vancouver had put forward the idea of the Academy and that they had requested consideration of the project at the hands of the two Victoria bodies interested.
Walter Harvey outlined the project and stated that it would be necessary to combine all organizations already existing, and then approach the Government in the matter of obtaining a charter for the Art Academy. There is a Royal Canadian Academy of Art in the East, but between that and the West the country has been unorganized in this matter, it was stated.
After some discussion it was suggested that the directors of the Island Art and Crafts Club put the matter up to their membership, and the two societies interested endeavor to come together to work for the project, with the assistance of the Mainland bodies. A further meeting was left at the call of the chair.

ESTABLISHMENT OF BIG LOGGING CAMP COMMENCED TO-DAY

The latest development in the thriving lumber industry of the Cowichan district of Vancouver Island will be the immediate establishment of a big logging camp on the Cowichan Lake Road by the Canadian Puget Sound Timber and Lumber Company of Victoria, which has purchased a big tract of timber from the Victoria Lumber and Manufacturing Company, of Chemainus. The tract comprises some fifty or sixty million feet of timber.
John D. Klasinger, Manager of the Puget Sound Company, announces that this will be logged at the rate up to one hundred thousand feet a day by a camp in which a crew ranging from eighty to one hundred men will be employed. Men already are on the ground, Mr. Klasinger states, preparing to start operations, as the company desires to commence logging with the shortest possible delay.

VILLISTAS TRAVEL TO TLAHUALILO

San-Pedro, Mex., Aug. 11.—(Associated Press).—Francisco Villa, surrendered bandit leader, and approximately 900 followers, left to-day on special troop trains for Tlahualilo, state of Durango, where they will be paid off and disbanded.

TAJIMA MARU HAS VERY SMALL CARGO

N.Y.K. Liner Makes Port Today From the Orient; No Passengers for Victoria

Completing her second trans-Pacific voyage in the service of the Nippon Yusen Kaisha the Japanese liner Tajima Maru is expected to be alongside the Outer Docks about 4:30 o'clock this afternoon.

The Tajima Maru has 312 tons of cargo, but no passengers for Victoria. She is one of the vessels with very limited passenger accommodation, and those aboard her are destined for Seattle.

The next vessel of this class to reach here will be the Toyohashi Maru, due to arrive September 28. The Toyama Maru, of the same type, is scheduled to reach Victoria from the Orient October 16.

These three vessels will continue to be operated by the N. Y. K. between the Orient and this port in conjunction with the regular passenger carriers Fushimi Maru, Katori Maru, Kashima Maru and Suwa Maru.

SHIPBUILDING COST STOPS CONSTRUCTION

S. J. Crowe, Vancouver Member, Explains Reason For Government's Policy

Vancouver, B. C., Aug. 11.—S. J. Crowe, member of the Dominion House of Commons for Vancouver, states that the Canadian Government has definitely decided to build no more steamers, as the cost of construction is more than the cost of suitable steel steamers at the present time in the open market.

Offers are coming from British shipyards of 8,800-ton steel steamers for \$130 per ton, and recently a shipyard on the Atlantic coast of the United States offered a Vancouver firm four 8,800-ton boats for \$150 per ton.

The Canadian Government is offering assistance to shipbuilding firms to finance ship construction, but with prices a third more here than in Britain, Canadian yards are finding it difficult to land any contracts.

CAPTAIN LOVEGROVE MAY GET MATTAWA

Chief Officer of Empress of Asia in Line For Promotion

While no official announcement by the company has been made it is probable that the command of the steamship Mattawa, newest addition to the C. P. O. S. freight service on the Pacific, will be given to Captain A. V. H. Lovegrove, D. S. O., R. N. R.

At the present time Captain Lovegrove is chief officer of the passenger liner Empress of Asia, which is due here from the Orient on Monday next.

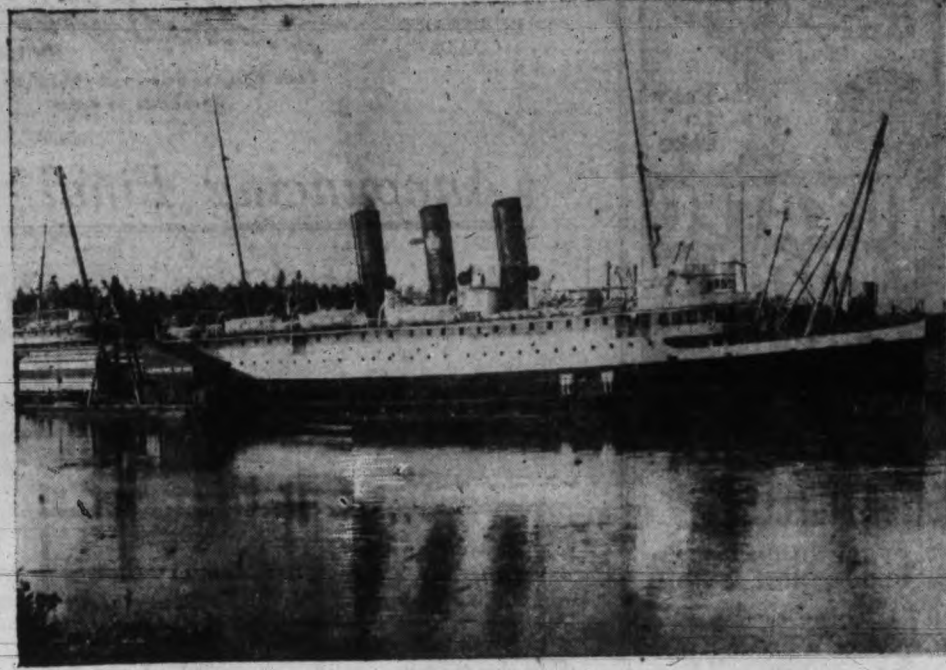

Captain Lovegrove won the D. S. O. for meritorious service while serving with the British navy in the North Sea, and the decoration was conferred upon him by His Royal Highness the Prince of Wales at Esquimaux.

The steamship Methven, the other freighter in the C. P. O. S. trans-Pacific fleet, arrived at Singapore last Saturday.

Jack Forster, of C. P. O. S., to Europe on Educational Tour. One of the most interested spectators at the launching of the new trans-Pacific liner Empress of Canada at the Clyde yards of the Fairfield Shipbuilding Company on August 17 next, will be Jack Forster, general agent, Canadian Pacific Ocean Services, Ltd., Vancouver, who is now en route to Europe on an educational tour.

TRANSPORTED PICNICKERS TO GANGES

C. P. R. STEAMSHIP PRINCESS ROYAL

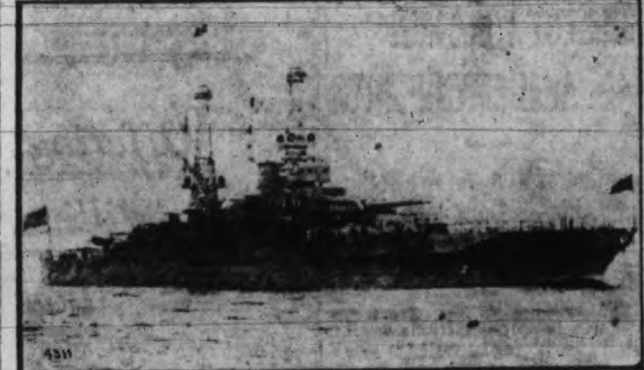

It is estimated that six hundred employees of Spencer's, Ltd., left here at 6 o'clock this morning for Ganges Harbor, the Princess Royal having been chartered for the purpose. The Mainland employees sailed from Vancouver by the Princess Patricia for Ganges.

ENGINES RUN BY CHIEF ENGINEER

Paul Schmetter, of S.S. Snoqualmie, Steamed 150 Miles When Crew Quit

The unusual feat of running the engines of a 5,000-ton ship at usual speed and without assistance for 150 miles is the splendid record accredited to Paul Schmetter, chief engineer of the wooden steamship Snoqualmie, Chief Engineer Schmetter did the work of fifteen men, performing in addition to his own the duties of firemen, oilers and water-

Brought Secretary Daniels South

U. S. S. IDAHO.

tenders. When the Snoqualmie was about to leave Comox, where she had been loading bunker coal, on Saturday her engine-room crew of fifteen men made up their minds to quit the ship. Not wishing to be tied up indefinitely at the British Columbia coal port, the captain and chief engineer held a consultation which resulted in a decision to sail without the engine-room crew for Port Townsend. The trip was made without mishap in less than twenty-four hours.

Chief Engineer Schmetter filling the role of chief engineer and engine-room crew without rest during that time. In recognition of this unusual service the operators sent a letter of appreciation to the chief. The Snoqualmie is laden with lumber, shipped at Mukilteo, and destined for Sydney, N.S.W. The Snoqualmie is the sister-ship to the Broxton, which recently loaded lumber at Genoa Bay for Australia.

The most expensive of all London's public buildings are the Law Courts, covering seven acres. They cost more than \$12,000,000. visit was paid to the United States consulate and Admiral Rodman later visited the Union Club. He will occupy a suite at the Empress Pacific during his short stay here. During the forenoon Admiral Rodman paid his respects to the Lieutenant-Governor at Government House, and to Hon. J. W. de B. Farrie, Acting Premier. Later in the day the party enjoyed an automobile tour of the suburbs and adjacent points of interest. The fleet of destroyers that went to Alaska were: Sinclair, Meyer, Rathbun; Moody, Macaulay and Henshaw. All but the Sinclair returned South with the Idaho. The Sinclair is manned by a crew of 114 men. The sailors were granted "shore leave," and attracted much attention about the city. To Visit Hawaii, Admiral Rodman will shortly leave Bremerton on the flagship New Mexico, leading the American Pacific fleet on a cruise to the Hawaiian Islands.

NAVAL CADETS HEAR YARNS OF THE SEA

At the Selkirk water camp of the Boys' Naval Brigade last evening the cadets were entertained with the relation of old-time yarns by Chief Warrant Officer Saunderson, a member of the British navy for fifteen years, and with long experience afloat.

George Bushby also spoke to the cadets relating his experiences as a boy of eight years, when he sailed around the Horn to England under conditions vastly different to the marine life of today. Through the local branch of the Navy League the cadets wish to thank the Army and Navy Veterans for the gifts of peanuts and candy. Visitors will be welcomed at the camp on Saturday afternoon.

POLES RE-GROUPING FOR COUNTER-STROKE

shall withdraw from the Polish front. Second, on termination of these operations the number of Russian troops on the Russian frontier line shall be reduced.

Third, the armistice line shall be the status quo, but not farther east than the line indicated in the July 29 note of Earl Curzon, British Foreign Minister. The Polish army shall withdraw to a distance of fifty versts from that line, the intervening zone being neutral.

Fourth, the final frontier of Poland shall be in the main identical with the line indicated in Lord Curzon's note, but additional territory shall be given Poland on the east in the regions of Bialystok and Cholm.

No mention was made in Kamenoff's communication of the future government of Poland. It has been made plain that the Allies would regard an attempt to impose a soviet regime on Poland as bringing into force the economic pressure and other assistance agreed upon at Hythe, to save Poland. This question, it is considered, will only be cleared up in the negotiations at Minsk.

It was said in some quarters in London last evening that Kamenoff had issued the terms to the British press for the purpose of strengthening the hands of the British Labor Party.

INSURANCE AGENTS HOLD FIRST LUNCH

R. S. Day Describes Momentous Change in Insurance Business

Sixty local fire insurance agents attended the first meeting of the Victoria City Fire Insurance Association at the Dominion Hotel to-day, when the new organization got under way.

The feature of the luncheon was an address by R. S. Day, President of the B. C. Fire Underwriters' Association, who declared that the fire insurance business had just passed through most momentous times during which the whole business had changed radically. The business, he said, had been taken from the agents and was being run by the companies. He stated, however, that the change would not affect local conditions to the detriment of Victoria as a whole, but that it was a change in the way of doing business. He urged the agents to form a strong and efficient organization to protect the public as well as their own personal interests. The idea was held by many, Mr. Day observed, that the public was exploited by insurance companies, and that the only way to protect themselves was to have their own representation through their own organization.

Mr. Day pointed out that insurance agents had formed strong organizations all over the continent, and he felt that the local agents must be protected by the immediate formation of an efficient organization.

In the course of his interesting address Mr. Day described conditions in the interior from an agent's point of view and also spoke briefly on local conditions.

A hearty vote of thanks was accorded the speaker.

F. F. Patt, temporary secretary,

BRIEF LOCALS

Fire at Mill.—A small blaze occurred under the big chimney of the Cameron Lumber Company's mill on the Inner Harbor this morning. The flames were extinguished by the Fire Department.

Short Police Court.—The City Police Court session lasted but one minute this morning when two persons were fined for being drunk, a levy of \$5 being imposed in each case.

Veterans Meet.—Thursday at 8.15 p.m., has been set for the next meeting of the Army and Navy Veterans, the executive requesting that a full gathering attend.

Postpone Meeting.—The Legion of Frontiersmen meeting called for this week has been postponed. The executive requests that all in arrears be kind enough to pay their dues, address 502 Belmont Building.

To Speak To-night.—The Rev. Prof. T. W. Kretschman, Ph.D., of the Lutheran Theological Seminary, Seattle, will speak at the Grace Lutheran Church, Queen's Avenue, and Blanshard Street, this evening at 8 o'clock.

A Correction.—The wedding of Rev. and Mrs. Leung Moe Fong on Monday evening took place at the residence of Mrs. Heacott, 1045 Fisgard Street. The name was incorrectly spelt yesterday.

Liberty League Meet.—A general meeting of the Victoria branch of the Liberty League is to be held in the Board room of the Belmont Block on Friday commencing at 8 p.m. Government control and sale of liquor as opposed to Prohibition are the main planks in the platform of the Liberty League. An active campaign for government control is under consideration.

Automobile Strikes Pole.—Shortly after midnight last night, automobile No. 459, in averting to avoid collision with another car, ran into a telephone pole at the corner of Quadra Street and Hillside Avenue, and was badly damaged. One of the occupants was slightly bruised and shaken as a result of the incident. The pole attended, but no first aid was required.

Rifle Declared Confiscated.—The first prosecution under the Game Act called this year resulted in a conviction against J. Vincent for being in possession of a .22 calibre rifle on the Malahat. Vincent was found by Richard Gidley with the rifle in his possession, and had no license to cover the retention of such a fire-arm as called in the Provincial Police Court to-day, Inspector Frank Murray acting for the crown. The accused was fined \$10 and the rifle was declared confiscated.

Military Appointments Listed.—Extract from Military Orders under date August 10 for M.D. No. 11, give notice that Lieut.-Col. H. C. Greer, R.C.A.S.C., has been appointed Senior Supply and Transport Officer with effect from June 1. Lieut. E. D. Bell, V.C., and D. Lesson are confirmed in their commissions until next week. Number 1 company of the Canadian Permanent Machine Gun Brigade is now in camp at Hazelton for the annual training. Vickers guns are being used and the machine gunners will be given a thorough course of ground firing on the Hazelton range.

Saanich Motor Cases.—Fourteen cases of driving without the requisite lights, and allowing cars to stand without a rear lamp lighted, were heard in the Saanich Police Court to-day, Mr. Monthey prosecuting. Convictions were secured in all but one case, in which D. E. Rombough was remanded until next week. Others including Louis Miller, John Day, W. J. Rennie, Ormond's, Limited, A. Stewart, T. L. Sturgess, Charles F. Mitchell, H. Allen, G. H. Smythe, A. F. Farris and the Suburban Motor Transport Company were each fined \$5 for their offense against the motor act.

CANADIAN WINNER PRODUCT OF ISLAND

Not Only Was She Built Here, But Will Carry Island Products

When the S.S. Canadian Winner, Capt. Wingate of the Canadian Merchant Marine left Victoria about September 1, several other pleasing features will be noticed that tend to emphasize the future trade possibilities of Vancouver Island and the building up of the port of Victoria both of which is much desired. Firstly she is a Vancouver Island built vessel, being turned out at Victoria by the Harbour Marine Co. Secondly her skipper, Capt. Wingate is a Victorian, who has his residence in the capital city. Thirdly she will be manned by a crew of Victorians and fourthly her cargo for New Zealand and Australia is more or less the products of Vancouver Island. The first application for space comes from the Sidra Roofing and Paper Company, who are loading a large part of her cargo with the output of their plants which is consigned to New Zealand. Another important fact that continuity of service by the Federal owned and operated lines, is that industrial plants on the Island will be in a position to ship direct to destinations in the Orient, South Africa, The Antipodes, without as in the past having to ship to Vancouver and freight in order to secure space as the present lines were always insistent in their refusal to open their batches to take on cargo in Victoria. All of which means a saving in freight rates and the securing for Victoria of complete independence of the port of Vancouver in this regard. This handicap will now be removed and Victoria and Vancouver Island will be in a better position to export to the centres of the Pacific. This is one of the great advantages that has stood in Vancouver Island's way and one in which the Victoria and Associated Boards of Trade of Vancouver Island have protested against for many years past, and which will up to the present has been found to be immovable.

If the first trip of the Canadian Winner proves a success, and there is no valid reason why it should not be so, more vessels will be put on the Victoria service and give a mighty push towards the early development of Vancouver Island's merchantable resources, something in which not only Vancouver Island is deeply interested, but is of vital importance to the whole Dominion as in all the provinces realize that prosperity in B.C. means prosperity to other parts of Canada.

REPORTS ON WORK OF CITY HOSPITAL

Health Officer Reports Also on Vital Statistics For Seven Months

Figures showing the number of patients treated in the Provincial Royal Jubilee Hospital during July and during the first seven months of the year were made public at the City Hall to-day.

July, it is stated in a report drafted by City Health Officer Arthur G. Price, thirty-six indigent patients were inmates of the hospital, representing 73 days' treatment. Of these twenty-two remained from June and fourteen were admitted during July. Three patients died and eleven were discharged, leaving two indigents remaining over the month and into August.

The following table, Dr. Price states, shows the number of patients treated in the hospital during the first seven months of the year, ending July 31:

Month	Patients	Days
January	19	400
February	20	485
March	18	394
April	22	462
May	23	480
June	28	566
July	36	781
Total	167	3,528

Vital statistics for the first seven months of the year Dr. Price announces as follows:

Month	Births	Deaths	Marriages
January	130	58	59
February	112	85	28
March	142	76	21
April	111	36	54
May	109	45	46
June	107	32	61
July	152	41	65
Total	864	373	336

Infant mortality under one year during the last seven months, according to Dr. Price's report was as follows:

Month	Living	Living	Living	Living	Living	Living	Living
Month	Jan	Feb	Mar	Apr	May	June	July
January	3	6	3	4	4	4	4
February	4	4	4	4	4	4	4
March	3	4	4	4	4	4	4
April	1	3	2	2	2	2	2
May	0	2	2	2	2	2	2
June	2	2	2	2	2	2	2
July	2	2	2	2	2	2	2
Total	15	25	23	23	23	23	23

LOCAL CHERRIES NOW GO TO WINNIPEG

Gordon Head Fruit Finds a Market at Winnipeg and Brandon

Gordon Head cherries are being crated as far as Brandon and Winnipeg this year, according to a statement made to-day by H. A. Macnaughton, secretary of the Gordon Head Fruitgrowers' Association. The cherry crop was nipped with frost right in the blossoming season, which has had the effect of reducing the number of trees in bearing, but has greatly increased the size of the cherry. Instead of some 50 per cent. of the average crop that was expected, nearly 75 per cent. of the annual yield will be forthcoming.

The shipments are being made in two carloads of some 1,150 crates to the car, while some 15 pounds net go to the crate, creating a fine total for the Gordon Head cherry crop. The first carload went by way of the Dominion Express last Thursday, while the last car will be loaded to-night and dispatched.

The total weight of the crop will not fall far short of the average yearly yield, stated Mr. Macnaughton.

J. N. HENDERSON, OLD-TIMER, IS DEAD

Was in Drug Business Here For Many Years; Died in Vancouver

J. N. Henderson, formerly one of the best known druggists in Victoria, died in Vancouver last night after a lingering illness from which he suffered for some two years.

Mr. Henderson came to Victoria about thirty-five years ago from Montreal and for some time was employed as a bookkeeper in the old firm of Langley Brothers, whose establishment on Fales Street is remembered by old-timers. Later he became a member of the firm which was called Langley and Henderson Brothers. After association with this concern he joined the National Drug Company in which he held stock. It was while in association with this company that he moved to Vancouver, where he has lived for many years. At the time of his death he was a member of the well known firm of Henderson Brothers, Ltd., wholesale drug merchants.

Mr. Henderson was one of the old-timers of Victoria and of the Province, and he leaves a very large circle of friends throughout British Columbia.

ACHING CORNS. Feel Better After Using "ABSORBINE JR."

Just try this simple treatment and see how much easier your aching, swollen feet feel. Soak the feet at night in hot water to which is added a few drops of "ABSORBINE JR." In the morning, rub a light application of full strength "ABSORBINE JR." over the corns, bunions and calluses. Do this every night and morning for a short time and you will get permanent relief.

Excellent for strains and sprains, tired muscles, lameness, swellings, cuts, burns, bruises, stiff joints, neuralgia, etc.

"ABSORBINE JR." is the family liniment that should be in every home—absolutely safe and pleasant to use. \$1.25 a bottle, at most druggists or sent post-paid by W. V. Young, Inc., Lyman Building, Montreal.

COMMERCE BOARD HAS SESSION IN VANCOUVER; SCHEME TO LOWER PRICES

Vancouver, Aug. 11.—Discussing the potato question at the session of the Board of Commerce here to-day, Alderman Hoskins said it was a distressing situation. The prices had dropped, but might go up again.

In this connection Moses Cotsworth submitted a comprehensive report on the potato situation during the past year. He claimed that British Columbia was the best potato province in Canada, and in fact in the world, and despite reports of frost damage and other shortage the crop of 1919 was 66 per cent. of that of the previous year. At the most, then, he said, a 33 per cent. increase in price was all that was warranted. However, there had been a jump of several hundred per cent. in the quoted production figures for several years, and said that only 6,000 tons of potatoes out of a gross crop of 21,800 tons in 1919 had been destroyed by frost.

Mr. Cotsworth predicted that potatoes this winter would not go above \$1.50 or \$1.55 per sack, provided the situation should be properly handled.

Rental Problem.

Alderman Reid and D. A. Bailey spoke of the rental problem, which was discussed at some length, the Board pointing out that conditions were much the same all over Canada.

Chairman White said that in general rentals in Vancouver were not so high to-day as seven and eight years ago, while Commissioner Acland wished to know if it were not true that the only remedy was more building.

The only woman present was Mrs. W. Crofield, who charged that the

Times Long Distance Swim Is Arranged for Saturday, Sept. 4

Classic Aquatic Event Will Be Fitting Climax For Very Successful Season; Local Swimmers Training Hard; Times Will Present Handsome Perpetual Challenge Cup For Race.

Arrangements have been made to hold The Times annual long distance swim through Victoria on Saturday afternoon, September 4. The race will start from the float at the Causeway at 2.30 o'clock and the finishing line will be at the Gorge Bridge. Entries will be received by the Sporting Editor of The Times up till Friday, September 3.

This year The Times is presenting a handsome perpetual challenge cup as well as three medals which will be presented to the first three finishers.

For some time past the swimmers in this city have been looking forward to an announcement as to the date of the main aquatic event of the season. This year the race will again be conducted under the auspices of the V. I. A., to which organization the Canadian Amateur Swimming Association decided to allot the event. At the annual meeting of the C. A. S. A. to be held shortly the question of that body handling The Times race in the future will be thoroughly discussed.

A Fine Climax.

The Times race will prove a fitting climax to a very successful swimming season in this city. Over the summer the swimmers were delayed in their training and galas had to be unavoidably postponed. As a result August has been crowded full of galas and the swimmers are having a busy time. All the Saturdays in the month have been taken up for swimming features. It was suggested that The Times race be staged on a Wednesday evening, but it was thought that this would prevent many people from witnessing the race, as well as a hardship on male competitors. As a result the first Saturday in September has been decided upon.

The swimmers will be in perfect shape for the race. Their strenuous training for the various galas will put them in top form. When not

working out for the sprints or short distances the many local swimmers are testing themselves over long stretches.

Third Race. This will be the third Times race. Since the newspaper took hold of the feature event it has attracted great notice from various parts of the Northwest. It is the only long distance swim held on the Coast north of San Francisco.

Miss Audrey Griffin, Victoria's premier lady swimmer, has won the two previous races. Last year she outdistanced the other competitors and was 200 yards in the lead of Jack McNeill, of the V. A. S. C., at the finish.

It is expected that this year there will be an exceptionally large field of starters. Many youngsters who have broken into the swimming game recently are training faithfully for the long grind. The lady aquatic stars, who are steadily on the increase in this city, will enter the race in large numbers.

A Big Following.

In the past The Times' race has excited more interest locally than any other water event. On the day of the race the causeway has been black with people and the harbor filled with canoes and boats. The three bridges under which the swimmers pass have always been jammed to

LAST YEAR'S WINNER

MISS AUDREY GRIFFIN

their capacity, and every other point of vantage along the route occupied. It is expected that this season the following will be larger than ever.

Clubs Getting Ready.

Jerry Wellburn, secretary of the V. A. S. C., said this morning that members of his club were already in training for the race.

Members of the Victoria Amateur Swimming Club have been showing an interest in The Times Long Distance Swim, said Jerry. "A practice swim was held on Sunday, when several members swam from the C. N. R. bridge right up the Gorge, through the bridge to the V. A. S. Club House. The distance was nearly a mile and a half, or equal to about half of the total length of The Times swim. George Silburn showed the best time, and was followed by Gracie Wellburn and Langston Plumb. Bobbie Burns and Jackie Clyde also made a good showing, and Dave Balnave swam the whole distance with the breast stroke. Minnie Fanthorpe, the other lady entry surprised the club by successfully swimming the distance."

Arbuckle Purser, captain of the Elks Club, says that about four of their swimmers will be in the race, and that they can be counted upon to providing a lot of hot competition for Audrey Griffin and other entries.

BRITISH BOWLING TEAM WILL TOUR CANADA NEXT YEAR

Toronto, Aug. 11.—C. O. Knowles, honorary treasurer of the Dominion Lawn Bowling Association, has received a letter from E. H. Hamilton, of Edinburgh, secretary of the International Lawn Bowling Association for Great Britain, formally accepting the invitation to the British bowlers to tour Canada next Summer.

LOCAL CLUBS WILL POOL GALA POINTS

Swimmers and Divers Will Make Determined Effort to Win Most P.N.A. Titles

At the request of the younger swimmers of the city, a special fifty yards race for boys 13 years and under has been added to the programme for Pacific Northwest swimming, diving and water polo championships to be staged under the auspices of the V. I. A. at Curtis Point on Saturday afternoon and evening. Entries for this event will be accepted up to 5 o'clock Friday evening and contestants are requested to leave their names with Supt. W. H. Davies, 641 Fort Street. Four handsome prizes have been set aside for this event, and will be played along with the championship medals at the office of the Empire Realty Co., 641 Fort Street.

Lieut.-Governor R. C. Prior and party have kindly promised to be present at the gala. Up to the present four Canadian movie firms have arranged to be present to take pictures and it is expected that some American camera men will also be on hand.

Fast Polo Team.

According to K. Spedel, of the Crystal Pool Swimming Club, the Seattle polo team will be made up of the following swimmers: Roy O'Neill, Arthur Wagstaff, Mr. K. Konowaloff, Lambert Sternberg, Guy Thomas, Jack Way and Bob Smith. The average speed for the team for fifty yards is 27 seconds.

The ladies' team will be as follows: Mrs. Ann Wagstaff, Misses Molly Loggley, Madeline Pless, Hester Eastman, Fida Helen, Beth Langley, Jennie Smith. The average time for fifty yards is 32 seconds.

Victoria this year will be entered in all events on the programme. It is expected that two men's and two women's water polo teams will enter. All of the points won by Victoria entries will be pooled, and it is hoped that by so doing Victoria will win the major portion of points at the meet. A practice for the men's and ladies' polo teams will be held this evening and tomorrow evening at the V. I. A. tank, Curtis Point. Any swimmers or divers who are entering the meet are invited to finish their training at the V. I. A. quarters so that they may familiarize themselves with the tank in which Saturday's championship meet will be held.

Pinch-Hitter Fails to Bingle and Caps. Lose

Harry Morton Had Chance to Make Hero of Himself Last Evening But Could Not Deliver; Victoria Held in Subjection For Seven Innings Broke Loose in Eighth.

Yakima, 7; Victoria, 4.

If Harry Morton, pinch-hitting for Russell James in the eighth inning of last evening's game, had lifted the ball out of the Stadium four runners would have crossed the plate and the Capitals would have taken its second straight from the fruit-pickers. But Morton failed. His greatest effort was a feeble roller to Lilly, who made the third put-out and cut short the dying rally of the Capitals. The home fans had little to cheer them on until the final inning of the game. Then they went wild and hoped for the best.

ONLY USUAL FIGHTS AT LACROSSE MATCH

No Big Battles at Last Night's Clash Between Vancouver and Salmonbellies

New Westminster, Aug. 11.—With the score six to five against them at the beginning of the last quarter at Queen's Park last night, the salmonbellies made one of their famous spurts, aided by some rough checking, and took the long end of an eight to seven score, the final count being registered by Grumpy Spring less than a minute before the final whistle of the game was blown. The win puts the salmonbellies two games up on the Minto Cup series. There are three games to go, two of which are scheduled for Athletic Park. By winning the lot Vancouver can finish one game to the good and by winning the next two, the race can be tied up.

Usual Fights.

There were not of such a serious nature as the last fracas at Athletic Park. Everything went smoothly in the first couple of periods, and it was not until the last was well under way that any trouble began.

Davis was scored on eight times but at that he played a good game.

For the Royals Sinclair, while he was in the game, and Patchell, played the most effective and decent lacrosse. Buck Marshall also being "tower of strength" on the defence. Stan Clark was in every play and whenever Lalonde had the ball, Clark moved out to assist Patchell, the result of this manoeuvre being seen in the score.

For the Greenshirts Crookall was the star of the night with four goals to his credit.

OLYMPIC GAMES TO OPEN ON SATURDAY

Big Ceremonies to Mark Event at Antwerp; Cardinal Mercier to Make Blessing

Antwerp, Aug. 11.—Everything is in readiness for the ceremonies Saturday for the opening of the Stadium in which the seventh Olympic Games will be held.

Following the parade of athletes and other ceremonies, there will be the blessing by Cardinal Mercier.

To-day was an off-day in the Olympic contests as the bicycle races in the Velodrome closed yesterday and the bike road races will not be run until to-morrow.

Canada, Denmark, United States, France, Holland, Italy, Norway, Sweden, Belgium, South Africa and Czechoslovakia will have teams in this race.

BRITISH SOCCER TEAM WON ALL GAMES IN S.A.

London, Aug. 11.—The association football team which has been touring South Africa returned last night. It won all fourteen matches and scored 54 goals against 10.

SPORTING NEWS

Canadian Cyclist Was Fifth in Great Race

Antwerp, Aug. 11.—Canadian bicyclists did not win a place in yesterday's Velodrome events. Georges, of Belgium, won the 50-kilometre race in 1 hour 16 minutes 43 seconds. Alden, of England, was second and Kelaar of Holland third.

Much enthusiasm was shown by all the Belgian competitors over the victory of Georges. They carried him from the Velodrome on their shoulders.

Herbert Macdonald, of Toronto, was placed fifth in this race, but the other Canadians who were entered dropped out or were outdistanced.

Out of twenty-four starters in the contest only ten finished, most of the others being carried off the track.

Englishmen Win

Ryan and Lance, of England, won the tandem race in two minutes 48 1-3 seconds. Smith and Walker, the South Africans, rode a steady race and looked like the winners but were pocketed near the finish line where, secured what proved to be the worst of the day's many spills.

The Velodrome resembled a war-time field hospital at the close of events yesterday. Although no one was seriously injured there were a number of nasty spills.

A. White, an Englishman, was struck over the heart by another competitor during the pursuit race. He was unconscious two hours.

Poland Withdraws

Antwerp, Aug. 11.—Definite announcement that Poland will not participate in the Olympic Games has been made.

TWO SWIMMING CLUBS HAVE PLEASANT TIME

V.I.A.A. Guests of V.A.S.C.; Tom Wellburn Wins Handicap; Hot Polo Game

The Victoria Amateur Swimming Club House at the Gorge was filled to overflowing last night when nearly fifty members of the V. I. A. A. responded to the invitation of the Victoria amateurs to visit their swimming quarters. After introductions had been given and the two clubs were mixing up in a friendly manner, Mr. Dunn announced the usual weekly handicap. There were twelve entries and the race was one of the most exciting of the season. The finish was so close that it was difficult to select the winners, but as far as could be judged, Tom Wellburn was first, followed by Gracie Wellburn, second, and Langton Plumb, third.

Teams were then picked between the two clubs for a friendly polo game. The line-up was as follows: "Blues"—Goal, Irvine Blythe; backs, A. Muir and Kennedy; centre-half, Audrey Griffen; forwards, A. Davies, G. Wellburn and W. Harritt. "Reds"—Goal, Phyllis Gates; backs, Florrie Gates and D. Dalnave; centre-half, Gracie Wellburn; forwards, G. Silburn, L. Plumb and D. Grubb.

Won in Second Half. The Blues started right in to win the game and were the first to score. Up to half time they seemed to have the better game, but the Reds scored just before the whistle blew and equalized. After half time the Reds seemed to get into their stride and Grubb scored two goals for them in quick succession. The Blues luck seemed to have left them, and although they made several good rallies they could not get another goal. The score at the finish was: Reds 3, Blues 1.

Jock McNeill refereed the game. Several members of both clubs then went in the tank for a swim, and as it was getting dark, Japanese lanterns were hung around the club house, giving the place a picturesque appearance. Refreshments were served to all present, and the V.A.S.C. ladies lived up to their reputation as being unexcelled as hosts.

The V.I. party left at about 5:30 o'clock and three good cheers and a tiger were given by them and returned by the entertaining club.

WINNIPEG TENNIS

Winnipeg, Aug. 11.—A surprise was sprung in yesterday's Dominion Lawn Tennis championship draw, when Allen and Burrill, the Pacific Northwestern titleholders, who are en route to Boston to represent their section in the United States national tournament, went down to defeat before coast rivals, Milne and Rhodes, from Vancouver, in the open doubles, the match going three hard sets. The first set went to the Americans, but they were brilliant drives by Allen, but the steady and consistent work of the British Columbia players gradually wore the more spectacular United States tracks down, and they won, 5-7, 4-3, 6-2.

Allen defaulted his singles to Norton, the Minneapolis player.

GOLF BUNK

I tell myself, when golf I play, And see my shirt all so gray, That could I play the course in par, With drives that always travel far, And putts that always sink the ball, I shouldn't care to play at all.

I soothe my irritated soul When I have lost all self-control, By saying to myself that could I claim perfection with the wood, And play an accurate game each day, Then I should never care to play.

Perhaps, if splendid skill were mine And all my shots were on the line, If I could make that golf ball go, The things I really want it to, Perhaps I'd quit the game for good; But that's the bunk—I never would.

JACKSON HELPS SOX IN DRIVE FOR FLAG

Drove in Winning Run Yesterday; Reds Obtain Even Break With Braves

NATIONAL LEAGUE

Philadelphia, Aug. 11.—Doak's failure to cover first base on Williams' smash between Hornsby and Fodrin in the seventh robbed him of a no-hit game in yesterday's 5 to 1 St. Louis victory over Philadelphia. Hornsby stopped the ball and could easily have retired Williams at first.

Score: R. H. E.
St. Louis 5 10 0
Philadelphia 1 1
Batteries—Doak and Clemons; Hubbell, Betts and Wheat.

Reds Break Even

Boston, Aug. 11.—Boston and Cincinnati divided a doubleheader yesterday. Boston winning the first, 4 to 3, in eleven innings, while the visitors took the second, 11 to 10, three innings being used by each side. Reuther was ejected from the first contest for disputing decisions on balls and strikes. Watson made it five straight victories by winning the first game.

First game: R. H. E.
Cincinnati 3 12 2
Boston 4 9 1
Batteries—Reuther, Salles and Wingo; Watson and Powell, O'Neill.

Second game: R. H. E.
Cincinnati 13 16 2
Boston 19 13 1
Batteries—Ring, Eller, Bressler and Wingo; Rutherford, McGowan, Oeschger and Gowdy, O'Neill.

AMERICAN LEAGUE

St. Louis, Aug. 11.—Extra base hitting enabled St. Louis to win from Boston, 6 to 4. Sisler got his third home run in three days and his sixteenth of the season.

Score: R. H. E.
Boston 4 7 2
St. Louis 6 12 2
Batteries—Bush, Karr and Walters, Schang; Lynch and Severid.

Jackson Did It

Chicago, Aug. 11.—Joe Acosta, of Washington, made a mistake in pitching to Jackson in the tenth inning and Jackson singled, sending Weaver, who had doubled, home with the run which gave Chicago a 4 to 3 victory.

Score: R. H. E.
Washington 3 8 2
Chicago 4 12 1
Batteries—Acosta and Gharrity; Faber and Schalk.

Coast League

At Seattle: R. H. E.
Portland 5 11 9
Seattle 2 7 3
Batteries—Polson and Tobin, Koehler; Seibold, Geary and Adams.

At Salt Lake: R. H. E.
Sacramento 11 16 2
Salt Lake 13 18 1
Batteries—Fitzley, Kuns and Cady; Gould, Thurston and Byler.

At Los Angeles: R. H. E.
Oakland 3 8 0
Vernon 4 9 2
Batteries—Boehling, Krause and Mitze; Houck and Devormer, Alcock.

Los Angeles-San Francisco game postponed, traveling.

International League.
Rochester, 9-4; Syracuse, 5-2.
Baltimore, 9; Buffalo, 0.

Printing, etc. 10.25
..... \$ 22.40
Credited to hospital building fund. 73.76
..... \$142.10

OTTAWA WANTS ROYALS TO PLAY ONLY AMATEURS

Ottawa, Aug. 11.—The Ottawa Lacrosse Club executive held a meeting last night for the purpose of considering the invitation from the New Westminster Lacrosse Club to play a series of games at New Westminster next month for the Minto Cup. Secretary Ernie Butterworth was requested to send a telegram to New Westminster, expressing the willingness of the Ottawas to go, provided the members of the team they were expected to play against could qualify as amateurs.

METS AND BAYS WIN INTERMEDIATE GAMES

Two games were played off last evening in the Intermediate League. The Mets won from the Civil Servants by a score of 9-3 at the North Ward Park. Curtis pitched for the Mets and Gilligan for the Servants, Redbourn and Hilton hit home runs for the Mets.

The Beavers were defeated by the James Bay team by a score of 11-2. Allan pitched for the Bays and Baker for the Beavers. The game was played at the Beacon Hill grounds.

"OFF TO LONDON"

WITHIN THE ROPES

Lexington, Ky., Aug. 11.—Frankie Mason, Fort Wayne, Ind., claimant of the flyweight championship title, knocked out Artie McGovern, Louisville, in the sixth round of a scheduled twelve-round bout last night.

Halifax, Aug. 11.—In a scheduled 15-round bout between Mike McTigue, of New York, and Jeff Smith, of Bayonne, N. J., last night, which went the whole distance, the decision went to the latter on points. Both men are light heavyweights.

CORDOVA BAY REGATTA WILL BE WEDNESDAY

The Cordova Bay regatta, which was to be held on Saturday, August 14, has been postponed until Wednesday, August 18, on account of the P. N. A. gala which is to take place at the Gorge this Saturday. Also the majority of the campers have their half holiday on Wednesday, and this will ensure a greater success.

A new programme is now being arranged by the committee in charge.

ELKS SWIMMERS TO MEET, THEN DANCE

A meeting of the Elks Swimming Club will be held at the clubhouse at the Gorge at 8 o'clock this evening. The meeting will be followed by a dance, to all members should attend.

WANT ACCESS TO BURNSIDE PARK AREA SHORTLY

Submitting two alternative proposals for a road to serve Elberts and Glyn, by an outlet to Williamson Road a case was presented to the Saanich Council last evening by a delegation from the district between Wilkinson Road and Burnside Park. They wanted either an exit by Glyn

Farm or higher up north of the temporary route now used across private land was stated to be inaccessible in winter, being subject of flood. Danger by using the B. C. Electric Railway tracks was explained to the Council.

Councillor Henderson recommended a committee to make a personal investigation and this course was adopted.

The committee will consist of Reeve Watson, Councillors Henderson and Pim and Engineer Milne.

Water Application

The Council decided to put in an appearance at an application by Mr. MacKay, who is advertising for water rights of a watercourse in South Saanich. The hearing is timed before the Water Controller on August 15. On behalf of the settlers interested it was stated that the grant of the water rights would take all the water available. Mr. Poulson made this clear to the Council on behalf of the interested owners.

The Reeve, it was resolved, should attend the meeting.

Argentina has in the Iguassu River a cataract fifty feet high and 1,000 feet wider than Niagara. Though a smaller volume of water flows over it

AGRICULTURE A LA MOTOR.
The Belgian Government has hit upon a novel scheme of teaching the farmers of the country better methods of farming. The idea of a school for farmers is not new, but the idea of taking the school to the farmer by means of a motor caravan is certainly novel. The school building consists of three units, one powered with a gasoline motor; in short a building section on a motor truck. With this powered unit go two trailers and the three rolled into position and joined together make the commodious and convenient classroom.—From August Motor.
Few of us realize how much we are tolerated.

PUBLIC NOTICE

at the PRINCE OF WALES THEATRE

ROYAL VICTORIA

Churchill, a big bull terrier, makes his debut as a film actor in "Should a Husband Forgive?" the William Fox special which is the attraction at the Royal Victoria Theatre all this week.

One of the crises of the action hangs on the work of the big dog, for he is called upon by Ruth Fulton, played by Miss Miriam Cooper, to find where "Lightning," the race horse, has been hidden by plotters just before the start of the big race.

Goldfish 2nd, the race horse photographed as "Lightning," and Churchill had been the best of stable pals for some time, but Churchill knew his friend by only one name.

So Churchill stood still when the crowd given to him to "find Lightning." Then he was told to "find Goldfishes." He darted off to the box stall where his friend was combed, and the dog's part in the picture was completed.

DOMINION

"Shore Acres," the Screen Classics, Inc., production of James A. Herne's celebrated stage drama of New England folk, in which Alice Lake will star, is the feature attraction at the Dominion Theatre this week. The screen production of the famous Herne comedy drama, in which the well known author, star, and producer toured from coast to coast, is a faithful exposition of the immortal stage play and constitutes in its tremendous dramatic power and delicious rural characterizations a notable achievement on the silver sheet.

A strong dramatic story constituted the stage play that won wide popularity and has now been made into a screen play with Alice Lake in the role of the farmer's daughter, Helen Perry, Alice Lake will be remembered for her splendid performance of the fisherman's daughter in the well known Screen Classics production, "Should a Woman Tell" which made her a star over night.

The screen adaptation of "Shore Acres" was directed by Rex Ingram, from the scenario by Arthur J. Zeller. The scenic effects have all been attained in the most realistic manner, and the production sets a new record for sensational climax when the "Liddy Ann" goes ashore in the storm, after the light in the lighthouse has failed because the old farmer has wished his eloping daughter to meet death in the wreck of the vessel.

In the cast supporting Miss Lake are such well known players as Edward Connelly, who plays the part of the "Liddy Ann" and who, with James A. Herne in the stage production; Joseph Kilgour, who will be seen in the part of Josiah Blake, the "shill-shapper."

"Shore Acres" was photographed by Steve Norton, and Jack Holden was the art director.

VARIETY

In advance of the coming to the Variety Theatre of "His Wife's Money," a new Selznick picture with Eugene O'Brien, it was said that the photoplay was scoring an unusual success throughout the country. If one were to pick the particular thing which is making the picture a success, it would be the comments which followed its showing yesterday at the Variety Theatre. It would probably be the inevitable "word-of-mouth" advertising which must follow the presentation of the picture, or any story as interesting as that told in "His Wife's Money." Eugene O'Brien, as Richard Flint, fearfully marries a girl with a tremendous fortune, finding that "his wife's money" will create a condition which no real red-blooded man can tolerate. His fears are fully realized, but the working out of the story is calculated to create discussion wherever the picture is shown. Just what the average man, or woman, would do under the same circumstances becomes a problem which is interesting to any normal mind. This is chiefly the reason for the success of "His Wife's Money," and explains why local fans accepted the play with approval.

COLUMBIA

Darrell Foss is a fatalist. He believes that what is going to happen "will just happen," so therefore the Universal star has never been known to worry. Originally his father-in-law had him for a lawyer—but Fate got its claws crossed and the young Foss turned out a motion picture star. The elder Foss at first was very much disturbed, but later saw the error of his thoughts and is now one of the most ardent Darrell Foss fans. Fate plays the leading part in "Loot," the new Universal feature, now playing at the Columbia Theatre, in which Foss is the male star with Ora Hodge. Foss is delighted with his role in "Loot," the famous Saturday Evening Post story from the pen of Arthur Somers Roche, and he says the story goes to prove his theory of fatalism.

ROMANO

June Caprice, who has never known anything but stardom in the motion picture world, shows great development in her newest picture, "In Walked a Man," now showing at the Romano Theatre. In this romantic little drama of the North and South, Miss Caprice give delicate charm to the role of Mary Ann Hubbard. After the action, all that remained of Mary Ann's "angelic" nature was a cabin on the outskirts of the town. There she lived until Mammy, a darker servant cleverly played by Frances M. Gordon, whom we are told is the original Aunt Jemima, used all her savings to send Mary Ann North to the Ladies' Aid Society could not send her to a charitable institution. Mary Ann's only friend in the North is Richard Allison. He has forgotten his little Southern mountain flower

PUBLIC NOTICE

The Board of Commerce of Canada will hold a **PUBLIC MEETING** at the City Hall, Victoria, B. C., on **Friday, Next the 13th August, 1920,**

at the PRINCE OF WALES THEATRE

ROYAL VICTORIA

Churchill, a big bull terrier, makes his debut as a film actor in "Should a Husband Forgive?" the William Fox special which is the attraction at the Royal Victoria Theatre all this week.

One of the crises of the action hangs on the work of the big dog, for he is called upon by Ruth Fulton, played by Miss Miriam Cooper, to find where "Lightning," the race horse, has been hidden by plotters just before the start of the big race.

Goldfish 2nd, the race horse photographed as "Lightning," and Churchill had been the best of stable pals for some time, but Churchill knew his friend by only one name.

So Churchill stood still when the crowd given to him to "find Lightning." Then he was told to "find Goldfishes." He darted off to the box stall where his friend was combed, and the dog's part in the picture was completed.

DOMINION

"Shore Acres," the Screen Classics, Inc., production of James A. Herne's celebrated stage drama of New England folk, in which Alice Lake will star, is the feature attraction at the Dominion Theatre this week. The screen production of the famous Herne comedy drama, in which the well known author, star, and producer toured from coast to coast, is a faithful exposition of the immortal stage play and constitutes in its tremendous dramatic power and delicious rural characterizations a notable achievement on the silver sheet.

A strong dramatic story constituted the stage play that won wide popularity and has now been made into a screen play with Alice Lake in the role of the farmer's daughter, Helen Perry, Alice Lake will be remembered for her splendid performance of the

EX-LAND WOMEN FINE POTENTIAL SETTLERS FOR B.C.

(Continued from page 6.)

of the woman farm-hand can be paid than that given by a farmer in England, who, at the commencement of the war declared that he would re-

strenuous years should be irrefutable substantiation of Mrs. Elykin's claim that ex-members would make ideal settlers for British Columbia. Mrs. Elykin's object in coming to Canada was to investigate personally the possibilities for women on the land and under her scheme—which she hopes will come to fruition—the girls will first engage in work on a farm before taking up land for themselves.

Setting out for the day's work with the team.

ther abandon his farm than hire women labor, but who on being compelled through lack of men to engage

PLAN HEATHER DAY

SALE OF SOUVENIRS

Lady Douglas's Chapter Held Meeting Tuesday; Changes in Officials

A Land Girl in Service Uniform.

Women's Land Army during five women, found them so efficient that he decided to retain their services after the war. The record of the

Final arrangements for the holding of the annual Heather Day, commemorative of the departure of the first contingent from Victoria on August 26, 1914, occupied the major part of the meeting of the Lady Douglas Chapter, I. O. D. E., yesterday afternoon. Mrs. McMicking, the regent presided, and there was a good attendance of members.

Mrs. Willis Dean, who is acting as general convener of the Heather Day arrangements, announced that she had approached forty of the leading stores, business houses and banks of the city and all had courteously consented to allow the little sprigs of heather to be sold in their premises on August 26. Volunteers were called for to sell the heather, a number of those present offering their services, and it is hoped that all members of the Chapter will assist in this commendable work. Anyone willing to help in selling or organizing is requested to communicate with Mrs. Willis Dean, Vining Street.

The resignation of Mrs. D. M. Grant as standard-bearer was accepted with regret and Mrs. W. J. Holmes was appointed to the office. Owing to ill-health, Mrs. Hamilton Gray is unable to continue to represent the Chapter on the Boy Scouts' Committee and Mrs. Seymour Green will be asked to take her place. Mrs. Willis Dean reported for Mrs. Brown on the work of the Comforts' Committee and read a grateful letter from one of the recipients of the layettes.

The meeting passed standing votes of sympathy to Mrs. Wm. Wilson and Mrs. W. E. Oliver in their bereavements.

NO MEAT SHORTAGE, SAYS PATRICK BURNS

Patrick Burns, head of the big P. Burns Packing Company, who arrived in Victoria yesterday afternoon on a tour of inspection of his business interests, declared that, contrary to reports which have been circulated, there is no shortage of meat in Canada at present. In the West, he said, conditions had improved lately, on account of the more satisfactory feed situation. Drought conditions on the Prairies last Summer and the following severe winter had occasioned severe losses but only in isolated cases. Losses were not general and, besides, many ranchers had sold cattle which otherwise they would have kept. The total output of meat during the year, he thought, would not be affected.

Crops in Alberta are the best he has ever seen, Mr. Burns stated. Nothing would prevent the garnering of a record harvest in the West, he said.

BOYS OF NAVAL BRIGADE FIGHT SPREADING FIRE

Displaying the seamanlike promptness and discipline which is being inculcated in them, members of the Boys' Naval Brigade yesterday afternoon fought and subdued a grass fire which threatened to consume the residence of Lady McBride on Gorge Road.

The boys are encamped not far from the old McBride home, and when they were informed of a blaze in the grass near the house, assembling at the call of the bugle, they hastened to the spot at the double. They worked at the flames with buckets of water and managed to prevent their spread until the Fire Department arrived and extinguished them altogether. It was the boys, however, to whom chief credit must be given for checking the blaze and so preventing it from reaching the house.
