## NORTH CAROLINA BOARD OF PHARMACY

### Members and Organization, 1948-1949

---

#### COMMISSIONED BY HIS EXCELLENCY, THE GOVERNOR OF NORTH CAROLINA

---

*R. A. McDUFFIE, Greensboro.....	Term expires April 28, 1948
H. C. McALLISTER, Chapel Hill.....	Term expires April 28, 1949
J. G. BALLEW, Lenoir.....	Term expires April 28, 1950
W. A. GILLIAM, Winston-Salem.....	Term expires April 28, 1951
J. C. BRANTLEY, JR., Raleigh.....	Term expires April 28, 1952

#### PRESIDENT

J. G. BALLEW.....Lenoir

#### SECRETARY-TREASURER

H. C. McALLISTER.....Chapel Hill

#### ATTORNEY

F. O. BOWMAN.....Chapel Hill

\* Continues to serve until successor has been elected and qualified (see body of Report).

---

## SIXTY-SEVENTH ANNUAL REPORT

### OF THE

## NORTH CAROLINA BOARD OF PHARMACY

Pursuant to the requirements of Section 90-57 of the General Statutes of North Carolina, I have the honor to submit herewith the report of the proceedings of the North Carolina Board of Pharmacy for the twelve months' period ending April 30, 1948.

#### C. R. WHITEHEAD ELECTED MEMBER OF THE BOARD OF PHARMACY

As a result of the election held by the North Carolina Pharmaceutical Association, Mr. C. R. Whitehead was elected a member of the Board of Pharmacy and was commissioned by Governor Cherry on April 28, 1938, to serve for a period of five years. Subsequent to Mr. Whitehead's election and commissioning, and prior to his taking the oath of office, he found it necessary to resign as a member of the Board due to ill health. This resignation created the problem of determining whether or not Mr. Whitehead was a member of the Board by virtue of his having been commissioned, or whether Mr. McDuffie continued on as a member of the Board due to the fact that

Mr. Whitehead had not qualified by taking the prescribed oath of office. This question was presented to the Attorney General for clarification. The opinion rendered follows:

#### STATE OF NORTH CAROLINA DEPARTMENT OF JUSTICE

Raleigh  
20 May 1948

HARRY McMULLAN,  
ATTORNEY GENERAL

SUBJECT: North Carolina Board of Pharmacy; Public Officers; Failure to Qualify after Appointment; Holding Over Until Successor Appointed and Qualified; North Carolina Pharmaceutical Association; Powers in Designating Member of Board of Pharmacy.

Mr. H. C. McAllister, Secretary  
North Carolina Board of Pharmacy  
P. O. Box 471  
Chapel Hill, North Carolina  
Dear Mr. McAllister:

In your letter of May 13th, 1948, you call my attention to Section 90-55 of the General Statutes, dealing with the election and ap-

pointment of members of the North Carolina Board of Pharmacy and reading as follows:

"The board of pharmacy shall consist of five persons licensed as pharmacists within this state, who shall be elected and commissioned by the governor as hereinafter provided. The members of the present board of pharmacy shall continue in office until the expiration of their respective terms, and the rules, regulations, and by-laws of said board, so far as they are not inconsistent with the provisions of this article, shall continue in effect. The North Carolina Pharmaceutical Association shall annually elect a resident pharmacist from its number to fill the vacancy annually occurring in said board, and the pharmacist so elected shall be commissioned by the governor and shall hold office for the term of five years and until his successor has been duly elected and qualified. In case of death, resignation, or removal from the state of any member of said board of pharmacy, the said board shall elect in his place a pharmacist who is a member of said North Carolina Pharmaceutical Association, who shall be commissioned by the governor as a member of the said Board of Pharmacy for the remainder of the term. It shall be the duty of a member of the Board of Pharmacy, within ten days after receipt of notification of his appointment and commission, to appear before the clerk of the superior court of the county in which he resides and take and subscribe an oath to properly and faithfully discharge the duties of his office according to law."

You also call my attention to one of the by-laws of the North Carolina Pharmaceutical Association dealing with the election of members of the North Carolina Board of Pharmacy, and this by-law is as follows:

"Sec. 5. The North Carolina Pharmaceutical Association shall elect at each annual meeting from among the most skillful pharmacists in North Carolina, for a term of five years, one pharmacist to the State Board of Pharmacy. The same must have been registered as a pharmacist in North Carolina at least five years previous to his election; he must be actually engaged in pharmacy; and shall not succeed himself; Provided that this does not prohibit the reelection of any member of the present board for one additional term."

As a basis for your question, you relate certain facts which I will briefly outline: In June, 1947, the North Carolina Pharmaceutical Association elected as its member of the North Carolina Board of Pharmacy, Mr. C. R. Whitehead who was to succeed Mr. Roger A. McDuffie; and it was the intention of the Association for Mr. Whitehead to serve for a term of five years, beginning April 28th, 1948, according to the statute above quoted. Mr. Whitehead was issued a commission by Governor Cherry, as provided by the statute, for the regular five-year period beginning April 28th, 1948. Shortly after Mr. Whitehead received his commission from the Governor, Mr. Whitehead tendered his resignation because of ill health; and I assume his resignation was accepted. Mr. Whitehead never did qualify for his term of office by appearing before the clerk of the Superior Court of the county in which he resided and subscribing to the regular oath to properly and faithfully discharge the duties of his office within ten days after the receipt of his appointment and commission. It should perhaps be stated that irrespective of any ten days, he never, at any time, took the oath of office and thereby never qualified himself for such office. It will thus be seen that Mr. Whitehead never did intend to qualify and take the oath of office because of his resignation on account of ill health.

Upon this statement of facts and considering same in connection with the applicable statute and by-law, you submit to this office certain questions as follows:

1. Does Mr. McDuffie remain as a member of the Board of Pharmacy until his successor has qualified?

2. If so, how shall his successor be elected, by the North Carolina Pharmaceutical Association or by the North Carolina Board of Pharmacy?

3. If it is found that the North Carolina Pharmaceutical Association must hold an election for the purpose of electing a member of the Board created by Mr. Whitehead's resignation, is the requirement prohibiting a member from succeeding himself binding in this particular case or, in other words, is Mr. McDuffie eligible for reelection to succeed himself?

4. If it is found that the vacancy is to be

filled by the remaining members of the Board of Pharmacy, would the requirement of the by-laws of the Pharmaceutical Association prohibiting a member from succeeding himself be binding upon the Board of Pharmacy in making the selection of Mr. Whitehead's successor?

Before answering your questions specifically, I desire to deal with the status of Mr. Whitehead upon his resignation and his failure to qualify for office and also the validity of the by-law above quoted as passed by the North Carolina Pharmaceutical Association.

Of course, the above-quoted statute, which provides the machinery for electing members of the Board of Pharmacy and filling vacancies, requires that any person, whether designated by the Pharmaceutical Association or appointed by the Board of Pharmacy, to appear before the clerk of the Superior Court of the county in which he resides and to take and subscribe an oath to properly and faithfully discharge the duties of his office according to law. This is a qualification which must be complied with before such an appointment makes a man a legal member of the Board of Pharmacy or, as we say in legal language, a *de jure* member of the Board of Pharmacy. Section 90-55 of the General Statutes, above quoted, provides that any pharmacist elected to the Board of Pharmacy shall hold his office for the stated term "and until his successor has been duly elected and qualified." This, of course, is nothing but the general law that applies to all public officers and is also found in the chapter on public officers in the General Statutes, Section 128-7, which states: "All officers shall continue in their respective offices until their successors are elected or appointed, and duly qualified."

So far as the information before me is concerned, it does not appear that Mr. Whitehead ever exercised any of the duties of his office, attended any official meetings of the Board or ever, at any time, attempted to act as a member of the Board of Pharmacy. Communications by letters would not, in any way, invalidate what I have said. We are, therefore, of the opinion that Mr. Whitehead never, at any time, became a member of the Board of Pharmacy; and he did not complete the necessary steps to qualify himself for such office by taking the required oath.

Mr. Whitehead, therefore, was never, at any time, a legal member of the Board of Pharmacy prior to his resignation; and, therefore, it follows that he never did vacate any office nor does any vacancy exist because of his appointment.

I now deal with the by-law passed by the North Carolina Pharmaceutical Association. It will be noticed that this by-law attempts to set up certain qualifications that a member must have before he can be elected a member of the Board of Pharmacy. This by-law says that before a member of the Pharmaceutical Association can be a member of the Board of Pharmacy, he must (1) be one of the most skillful pharmacists in North Carolina; (2) have had this status of one of the most skillful pharmacists in the State for a period of five years previous to his election; he must have been registered for this period of five years; (3) be actually engaged in the practice of pharmacy; (4) he shall not be eligible to succeed himself as a member of the Board.

Section 90-55 of the General Statutes, which is the law controlling the election of members of the Board of Pharmacy as well as filling vacancies on the Board, simply provides that the North Carolina Pharmaceutical Association shall annually elect a resident pharmacist from its number to fill the vacancy annually occurring in said Board. The membership of the Board is staggered so that the term of one member expires every year. It will be noticed, therefore, that the statute does not set up any such qualifications or conditions of eligibility for this office as is required in the by-laws of the Pharmaceutical Association. The statute only requires that an individual shall be a resident pharmacist and a member of the Pharmaceutical Association in order to hold this office. We are utterly unable to find any authority or power on the part of the Pharmaceutical Association to set up and require these superadded qualifications. Since Section 90-55 of the General Statutes is careful to fix the qualifications and powers for a member of the Board of Pharmacy, we do not think that the North Carolina Pharmaceutical Association has any power and authority to set up, through a by-law, other and additional qualifications for this office. The Pharmaceutical Association derives its

authority from the statute, and the statute does not vest it with authority to create additional qualifications in electing a member to the Board of Pharmacy. There is, therefore, no power under the statute that, either directly given or implied, provides for other or more stringent qualifications for this office to be created by the Association. This is not a new principle, and it might be pointed out by way of analogy that the Constitution of the State fixes the qualifications of certain constitutional officers. This having been done, the Legislature itself cannot create and impose other qualifications. See *State Ex Rel Spruill v. Bateman*, 162 N. C. 589; *Lee v. Dunn*, 73 N. C. 595. So far as we can see, this principle prevails in nearly all jurisdictions. It follows, therefore, that the above-quoted by-law of the North Carolina Pharmaceutical Association is, in our opinion, invalid, void and of no effect. The superadded requirements that a member must be one of the most skillful pharmacists in North Carolina, must be registered as a pharmacist in North Carolina for at least five years previous to his election, must be actually engaged in the practice of pharmacy and shall not succeed himself in office are invalid requirements and are not enforceable by law. The only requirements fixed by law are that a man must be a member of the Pharmaceutical Association and a resident pharmacist. It should be noticed that I am not saying that the Pharmaceutical Association cannot impose qualifications and conditions on the pharmacists of the State before a man can be a member of the Pharmaceutical Association; but once he is a member of the Pharmaceutical Association and is a resident pharmacist, that is all that is required to be a member of the North Carolina Board of Pharmacy, and no other requirements can be enforced unless and until the General Assembly of the State sees fit to add these qualifications by statute.

I, therefore, answer your question No. 1 that Mr. McDuffie is now a member of the Board of Pharmacy; and, under the law, he remains a member of the Board of Pharmacy until his successor has been duly appointed and qualified.

I answer your question No. 2 that since Mr. Whitehead has never held office and has never qualified, Mr. McDuffie's successor

should be elected by the North Carolina Pharmaceutical Association; and this will not be filling a vacancy but will be an original appointment.

I answer your question No. 3 that Mr. McDuffie is eligible to succeed himself in office if the Pharmaceutical Association sees fit to elect him again.

I answer your question No. 4 by saying, as I have said above, that the Pharmaceutical Association will elect Mr. McDuffie's successor and that the by-law above quoted is invalid, void and is not warranted by law. It follows, therefore, that whenever any vacancy does occur, which is filled by the Board of Pharmacy, in such case, the Board can elect an officer to succeed himself on the Board.

Yours very truly,

HARRY McMULLAN,  
*Attorney General*

RALPH MOODY,  
*Assistant Attorney General*

RM/ek

MEETINGS

During the year there have been five meetings of the Board, two for the examination of candidates. At the two examination meetings, twenty-nine candidates were successful in passing and were registered. During the year seventeen applications for reciprocal registration have been accepted, four rejected. Twenty-six pharmacists have been re-registered and nineteen have been removed from the registered list for failure to renew or for other reasons. Four permitted physicians have been removed from the registered list, and four have been registered during the year.

EXAMINATION OF CANDIDATES

The following candidates were successful in passing the examination held June 17 and 18, 1947 and were ordered registered and licensed.

Twenty-one (21) in Number

Albright, George Bishop.....	Spencer
Aliton, Emily Harris.....	Port Jervis, N. Y.
Bissette, Paul Branch, Jr.....	Wilson
Britt, Lawrence E.....	Clinton
Burnette, Fate Mitchell.....	Black Mountain
Hamer, Marion Sims.....	Lenoir
Holden, Eleanor Pearl.....	Bunnell, Fla.
Horne, Henry Ruffin.....	Fayetteville

Hunt, Nancy Travis.....	Oxford
Kiser, Arthur George.....	Asheville
Macon, Ellen Halsey.....	Mount Airy
Mayberry, Herbert Clarence.....	Elkin
Negron, Ida Aponte.....	Raleigh
Rachide, Albert Paul.....	New Bern
Reddick, Aubert Evans (col.).....	Richmond, Va.
Sheffield, William Johnson.....	Orlando, Fla.
Shook, Eulan, Jr.....	Hickory
Sinclair, Francis Allen.....	Norwood
Snyder, Shuford Everett.....	Swannanoa
Stewart, Jesse Southerland.....	Wallace
Welborn, William Fowle, Jr.....	Lexington

Ellison, Jerome Morris.....	February 19, 1948
Asheville from Florida	
Millburg, Bernhard Theodore.....	March 23, 1948
St. Louis, Mo. from Missouri	

## PHARMACISTS RE-REGISTERED

During the twelve months' period twenty-six pharmacists were re-registered.

Twenty-six (26) in Number

Alexander, W. W.....	Greensboro
Benford, B. W.....	Gainesville, Ga.
Brinkley, J. H.....	Kinston
Browning, H. R.....	Roanoke Rapids
Clark, S. G.....	New Bern
Cooke, H. M., Jr.....	Salisbury

SUMMARY OF PHARMACIST ON ACTIVE LIST

Total number of Registered Pharmacists in Good Standing on the Board Roster, May 1, 1948, are distributed as follows:

Number of Retail Pharmacies..	1,028
Number in Hospital	
Pharmacies .....	16
Number in Manufacturing and Wholesale Drug Stores..	10
Number Representing Pharma- ceutical Manufacturers .....	36
Number Teaching, Govern- ment and Association Work..	7
Miscellaneous .....	9
<hr/>	
Total Number Actively Engaged in Pharmacy .....	1,101
Number of Pharmacists Residing in the State Who Are Not Engaged in Pharmacy .....	85
Number Residing Out of State.....	128
<hr/>	
Total Number of Registered Pharmacists in Good Standing on the Board Roster, May 1, 1948.....	1,314
<hr/>	
Number of Permitted Physicians.....	46

A review of the above summary brings certain interesting factors to light. There has been a slight increase in the number of pharmacists employed in retail stores over last year, this number being thirty-six. However, these have been about absorbed in the new stores that have opened during the year. There has also been a considerable increase in the number of pharmacists representing manufacturers and wholesalers. This number increases those so employed about fifty per cent over the figure last year. There has also been an increase in the number of those residing out of the State. A considerable increase has been noted in those pharmacists who kept their licenses in force but who are engaged in other fields, this number having increased about one hundred per cent over last year. It is inferred from these figures that other fields still present more attrac-

tive employment for some pharmacists than does the retail drug store, since the increase in the number in these fields over the past year has been considerably out of proportion to the increase in the retail field. The location of these pharmacists in other than the retail field continues to aggravate the apparent shortage of licensed pharmacists in this State.

There is another factor regarding the pharmacists of our State which should be a matter of some concern to us. Of the 1,314 pharmacists in good standing, 688 are over fifty years of age, and only 135 are over sixty-five years of age, which means that 553 are between the ages of fifty and sixty-five and will have to be replaced within the next fifteen years. The average age of the pharmacists in the State is slightly under fifty, which average is considerably higher than that of most any other profession. Pharmacy in North Carolina might then be termed "an old man." This age factor will play a very important part in the manner in which our pharmacies are operated in that it is a well known fact that men above fifty years of age are not physically able to endure the rigors of long hours and this must be considered in regulating drug store hours in the State. It will also have a very definite bearing on the available supply of pharmacists, which should be a matter for reflection for those contemplating the opening of new drug stores.

In viewing the over-all picture of the supply of pharmacists, there appears to be no prospect of any considerable relief in the immediate future to the apparent shortage of pharmacists in this State.

SUMMARY OF DRUG STORES REGISTERED

Number of Stores on Active List, January 1, 1948.....	845
Number of Permits Issued for New Stores Since January 1, 1948.....	10
<hr/>	
Total Number of Stores in Operation in the State, May 1, 1948.....	855
<hr/>	
Number of Stores Operated by Permitted Physicians .....	46
Number of Stores Operated by Pharmacists .....	809
<hr/>	
Total Number of Stores in Operation in the State .....	855

In comparing these figures with those of last year, it is found that the number of new stores opening was slightly less than the preceding year. Another interesting fact is that of the new stores opening, about seventy per cent are owned by pharmacists.

There has also been some shift in the total ownership of the stores of the State. As of May 1st, 1948, the 809 stores being operated by pharmacists were owned as follows:

Stores Owned Solely by Pharmacists.....	42.2%
Stores Owned by Pharmacists and Non-Pharmacists .....	31.5%
Stores Owned Solely by Non-Pharmacists....	26.2%

While the total number of stores owned entirely by non-pharmacists has not changed significantly, the number owned by pharmacists and non-pharmacists has increased considerably at the expense of those owned entirely by pharmacists. This fact may not be significant, however, in that all stores listed as being owned by a pharmacist and his wife were placed in the category of being owned jointly by a pharmacist and non-pharmacist, which was not the case last year. It is significant, however, to note that of the new stores opening, the percentage being owned by pharmacists is considerably higher than that of the total number of stores in the State. It is believed that this is a wholesome trend.

#### ORIGINAL PERMITS TO PHYSICIANS DISCONTINUED

Section 90-71 of the General Statutes of North Carolina provides that the Board of Pharmacy *may* issue a permit to a physician in villages of not more than six hundred population to conduct a drug store or pharmacy in that village. This clause was included in the law many years ago to provide for pharmaceutical service in rural communities. This was before the day of good roads and modern transportation. Through the years these permits have been issued in small communities and in most cases the store was neither owned nor operated by the physician. From the result of inspections of these stores, it was found that in seventy per cent of the inspections made, the physician was not on duty in the store, nor did he maintain any regular hours of duty there. In the thirty per cent of the cases where the physician was found to be present, he

was there largely because his office was in or adjacent to the store and he seldom, if ever, rendered any pharmaceutical service himself. By virtue of the fact that the law does not provide for a person not licensed as a pharmacist to fill prescriptions under the supervision of a physician, the manner of operation of these stores would constitute a violation of the law as well as the potential for a public health hazard. Believing that the people of a rural community are entitled to the same protection as any other segment of the population, it has been the sense of the Board of Pharmacy for some time that permits to these stores should be discontinued. However, to do so for the stores which were already established might create an undue hardship for the owners of these stores due to the current shortage of pharmacists. A compromise action was therefore taken; the Board decided at the February meeting that it will not issue an original permit to a physician to conduct a store in a village of under six hundred population. It will be recalled that an original permit is issued in the following cases:

1. A new drug store.
2. Transfer of an established store to a successor.
3. The transfer of more than fifty per cent of the ownership of an established store to a successor.

This means, then, that those stores operated under a physician's permit which were in existence prior to the time this action was taken will be permitted to continue under the present ownership, but that no permit will be issued for any new store or for any store which is already established but in which there has been a transfer of more than fifty per cent of the ownership.

#### BEAL MEMBERSHIP PRIZE

Mr. Francis Allen Sinclair of Norwood, North Carolina, made the highest average grade of all candidates taking the examination during the calendar year 1947 which was 93%. I recommend him for the prize of one year's membership in the North Carolina Pharmaceutical Association.

#### COMMISSION TO STUDY AND INVESTIGATE THE EXAMINING BOARD OF THE STATE

In 1947 the General Assembly created a commission to study and investigate all of

the examining boards in the State. The Board of Pharmacy has complied with every request made by this Commission and has furnished such other information as was felt would be of use to the Commission for the purpose of its investigation. In addition, certain recommendations were made for the revision of the Pharmacy Law, which recommendations have been passed upon by this Association. No report has been received as to the findings of the Commission and therefore it is not known whether the changes in the law will be recommended.

#### MINIMUM STANDARDS FOR THE EVALUATION OF PRACTICAL EXPERIENCE

Section 90-61 of the General Statutes of North Carolina sets up the requirements necessary to be met in order to be licensed as a pharmacist in this State. One of these requirements is that the candidate for licensure must present satisfactory evidence that he has had four years' instruction in pharmacy by a licensed pharmacist. It provides, however, that the time of attendance at a recognized college of pharmacy not to exceed three years may be deducted from the time of experience required. This means that a candidate who has completed the regular four year course of nine months each must obtain twelve months of practical pharmacy instruction under the tutorship of a pharmacist. The quality of the instruction so received has been the subject of wide interpretation. For a number of years the National Association of Boards of Pharmacy has been interested in setting up certain standards for the evaluation of this experience. These standards were first adopted in 1944. However, conditions created by the war made it impractical to enforce the standards at that time.

The adoption of the standards by the several members of the National Association of the Boards of Pharmacy would mean that all boards entering into reciprocal exchange of licensure would be expected to enforce the standards if their licentiates were to be accepted for reciprocal registration by other states who had adopted these standards.

It was, therefore, a matter of concern to the North Carolina Board of Pharmacy as to what the standards should be. The recommended standards as adopted in 1944 were

reviewed by the Board of Pharmacy and were presented to the Attorney General to determine whether or not the Board of Pharmacy had the authority to enforce their requirements if it appeared desirable to adopt them. The Attorney General recommended a number of changes which would so alter the regulations as to make them enforceable under the authority granted the Board of Pharmacy by the Legislature. These changes were presented to the National Association of Boards of Pharmacy and based upon the opinion rendered by our Attorney General the standards were revised and adopted on a national scale. The North Carolina Board of Pharmacy then in turn adopted the following standards for the evaluation of practical experience:

1. The term "year" as used to designate the quantitative standard for practical experience shall mean fifty-two average work weeks of apprenticeship training acquired under the supervision of a registered pharmacist.
2. The pharmacy owner or registered pharmacist supervising the practical experience of an applicant for registration must notify the Board of Pharmacy whenever an applicant for registration begins employment under their supervision and whenever an applicant leaves their employ.
3. Persons working under the supervision of registered pharmacists and expecting to qualify for the registered pharmacist examination must notify the Board of Pharmacy of the beginning and end of their employment under the supervision of a registered pharmacist within five days of the beginning or ending of such employment.
4. Boards of Pharmacy shall not allow credit for claims of practical experience required under the pharmacy laws unless such claims can be corroborated by records on file in the Board office showing the beginning and ending of the practical experience claimed as supplied by the applicant during his training period and by the pharmacist who supervised the practical experience during the training period.
5. Practical experience shall be credited only when it has been obtained in a pharmacy acceptable to the Board of Pharmacy for that purpose.

6. The term "supervision" as used in connection with the practical experience requirement shall mean that in the pharmacy where practical experience is being obtained a registered pharmacist supervising practical experience shall be in personal contact with and actually giving instruction to the person obtaining practical experience during the entire period of such experience.

7. A pharmacy acceptable to the Board of Pharmacy as a proper place to obtain practical experience shall conform to the best traditions of pharmacy in the state. It shall have available all necessary equipment for professional service, necessary reference works, in addition to the official standards, and current professional journals, and shall meet the following minimum standards:

(a) It must be a pharmacy operating under a permit from the Board of Pharmacy in states where annual permits are required. In states where there is no permit law, the pharmacy must be operated at all times under the supervision of a registered pharmacist and must have signified its willingness to train apprentices or to employ persons desiring to obtain practical experience in accordance with the state pharmacy laws.

(b) A pharmacy acceptable to the Board for practical experience must have a clear record with respect to the observance of Federal, State and municipal laws and ordinances governing any phase of activity in which it is engaged.

(c) The pharmacy owner and the registered pharmacists supervising the practical experience of applicants for registration must agree to abide by the Code of Ethics of the American Pharmaceutical Association.

8. The individual obtaining experience shall keep a notebook properly certified to by the pharmacist supervising the practical experience covering the details of his practical training and this notebook shall be submitted as a part of the application for the Board examination.

Suitable procedures are in process of being developed for the purpose of carrying out the requirements set forth above. It is felt that the adoption of these standards

will have a wholesome effect on the pharmaceutical education in the State and will assure employers of getting pharmacists with a better rounded experience background than has been the case in the past. It is expected that, although these standards will require closer supervision of practical experience on the part of the preceptor, the time required will not be a burden upon the pharmacist. This statement is substantiated by information from several boards which have used the standards for a number of years. It will, however, require closer attention on the part of the candidates for licensure to those things which they customarily take for granted but which when faced with the responsibility of discharging their obligations as a pharmacist they have been found many times to be deficient.

It is anticipated that some confusion will develop during the initial steps of the institution of this program. The Board of Pharmacy requests the cooperation of every pharmacist in eliminating as much of this confusion as is possible.

#### INSPECTION AND LAW ENFORCEMENT WORK

The long range program of enforcement of the pharmacy laws was dealt on at length in the last Annual Report of the Board of Pharmacy. Since that time the inspection activities of the Board have been carried out in a manner designed to implement the program. During the year the inspector has been instructed to personally notify every pharmacist and/or drug store proprietor of the requirements as outlined at that time. It will be noticed from his report that all of the stores in the State have been inspected at least one time during the year. The cooperation afforded the Board in this work by the pharmacists of the State has been measured and it is found to be encouraging. The details of the inspection work to a large extent will be found in the report which follows:

#### REPORT OF THOMAS H. MAY

To the Members of the North Carolina Board of Pharmacy:

I have the honor to submit herewith a summary of inspection work from May 1, 1947 to April 30, 1948. I have made 1,295 inspections of establishments and 109 miscellaneous calls and investigations in 387 towns covering the following types of business:

Retail Drug Stores.....	1,089
Wholesale Drug Companies.....	12
Soda Shops.....	123
Hospitals.....	15
Physicians' Offices.....	40
Grocery Stores.....	10
Manufacturing Plants.....	6
Miscellaneous Calls.....	109

It will be noticed that there are a large number of calls listed as "Miscellaneous." These were made during the first four months of the year when a number of important non-inspection visits were required in connection with conditions which normally might have required prosecution. It will be noted, also, that some of the inspections listed are as a result of having called on the same places more than one time during the year. I have covered every town from Manteo to Murphy at least one time. The problems encountered are similar throughout the State.

Although the ratio of pharmacists per drug store has shown little or no improvement during the year, it is indeed gratifying to report that the pharmacists are cooperating whole-heartedly with a reasonable compliance to the requirements of the law, such as, for instance, requiring that prescriptions be held during the absence of a pharmacist for his attention and supervision upon return. It is true, however, that there are a few pharmacists over the State who are not discharging their obligations to public health in that pharmaceutical service is permitted to be rendered in their absence. A record of this has been made where found and it is to be hoped that a repetition of similar conditions will not be found on subsequent inspections.

The public health hazard created by the sale of sulphonamides and barbiturates as reported to me over the State has been lessened, but by no means to an extent that would eliminate this hazard altogether in some areas. I recommend that the necessary steps be taken to fully inform physicians of their responsibility under the law to their patients and of our interest in eliminating the health hazard resulting from the indiscriminate distribution of these drugs and particularly as it relates to the refill of prescriptions for them.

One item that has been of particular use and of great assistance in the inspection work is that of making a written recommendation for the correction of any irregularities found, a copy of which is left with the person to whom it is directed. This arrangement is unusually effective in securing close observation of the regulations as they apply to the sale of drugs in non-drug store outlets.

I have found it necessary to eliminate a considerable number of items being sold by soda shops, grocery stores, etc., which items were required to be sold only under the immediate supervision of a pharmacist. I should like to express my appreciation to the wholesale houses for their cooperation

in receiving items returned to them by grocery stores and soda shops. In addition to removing certain drugs from the stocks of non-drug store outlets, it has been necessary for me to require the removal of signs which advertise these places as drug sundry shops or otherwise use the title of drugs in connection with their advertisements. As can be understood, it is impossible for me to inspect all of the grocery stores in the State. In those inspected the number of prohibited items has been found small and consist largely of certain proprietary poisons. In each instance the management removed this stock immediately with the explanation that it had been informed that the sale of this item was not illegal. It is hoped that representatives of wholesale houses, whether they be drug houses or otherwise, will refrain from distributing such misinformation.

During the year there have been a great many problems presented for correction. Each of these has been approached with a sense of fair play wherein the emphasis has been placed on correction rather than punishment. As a result, it has been unnecessary for me to present any of the matters to the courts.

In conclusion I should like to state that it is my purpose to work impartially in the interest of all persons concerned and, at the same time, to discharge my obligation to the public. I will continue to exert every effort to secure a satisfactory remedy of violations, irregularities, etc., wherever they are found. The records collected during the past year will provide a good basis upon which any further irregularities will be handled.

Respectfully submitted,

(Signed) THOMAS H. MAY.

#### DISCIPLINARY ACTION

As mentioned in the report of Mr. May, no prosecutions have been instituted during the year. However, eleven individuals have been cited to appear before the Board and show cause why they should not be prosecuted and/or have their licenses suspended or revoked. In each case appropriate action was taken and entered in the permanent records of the Board.

It is the purpose of the Board to continue with the law enforcement program along the lines which it has been carried out during the past year. In connection with the Board of Pharmacy law enforcement program the facilities of the State Bureau of Investigation have been made available to the Board for those conditions wherein this assistance is found desirable.

## FINANCIAL REPORT

The financial report as audited by Mr. Raymond L. Price, Certified Public Accountant, Raleigh, North Carolina, follows herewith:

May 24, 1948

To the Officers & Members of the North Carolina Board of Pharmacy:

Gentlemen:

As requested, we have made an audit of the financial records of Mr. H. C. McAllister, Secretary and Treasurer of the North Carolina Board of Pharmacy for the period from May 1, 1947 to April 30, 1948, and the attached statement of Cash Receipts & Disbursements presents a summary of operations for the fiscal year.

All receipts reported in the books were traced to the bank. Disbursements for the year were made for apparently proper purposes and are supported by signed, paid checks, receipted bills, etc.

The Balance on Hand at April 30, 1948 consists of the following:

## CASH IN BANK OF CHAPEL HILL:

General Account .....\$17,012.60

## INVESTMENTS:

U. S. Treasury Bonds (2 ½%) ..... 5,000.00

TOTAL BALANCE APRIL 30, 1948.....\$22,012.60

The Cash in Bank was reconciled and verified. The five U. S. Treasury Bonds of \$1,000.00 each, were inspected.

The fidelity bond for the Secretary and Treasurer, in the amount of \$5,000.00 has been continued. A fire insurance policy on office equipment in the amount of \$1,000.00 was examined.

Inasmuch as your Secretary-Treasurer has no fire resistant or adequate place to keep valuable records, we suggest that consideration be given to the advisability of procuring a modern fire proof safe sufficiently large for this purpose.

As heretofore, the records are in a very satisfactory condition and no difficulty was experienced in preparing this statement therefrom.

Respectfully submitted,

(Signed) R. L. PRICE,

*Certified Public Accountant.*

## NORTH CAROLINA BOARD OF PHARMACY

Chapel Hill, North Carolina

## CASH RECEIPTS AND DISBURSEMENTS

May 1, 1947 to April 30, 1948

## RECEIPTS:

Pharmacist Renewal Licenses.....	\$ 6,415.00
Asst. Pharmacist Renewal Licenses.....	165.00
Physician Renewal Licenses.....	220.00
Pharmacist Re-registrations.....	300.00
Examination Fees.....	385.00
Reciprocal Registrations.....	425.00
Physician Registrations.....	40.00
Drug Store Permits—Original.....	1,500.00
Drug Store Permits—Renewal.....	8,350.00
Drug Store Re-registrations.....	200.00
Duplicate Certificates.....	35.00
Sale of Poison Registers.....	192.50
Returned Checks Collected.....	45.00
Miscellaneous.....	98.57
<b>TOTAL RECEIPTS.....</b>	<b>\$18,371.07</b>
Balance May 1, 1947.....	17,839.80
<b>TOTAL RECEIPTS AND BALANCE.....</b>	<b>\$36,210.87</b>

## DISBURSEMENTS:

*Salaries:*

Secretary and Treasurer.....	\$ 4,725.00	
Office Assistants .....	1,194.03	\$ 5,919.03

*Office Expense:*

Office Supplies .....	175.36	
Office Equipment and Repairs.....	28.47	
Telephone and Telegraph .....	120.25	
Postage and Box Rent .....	199.50	
Printing .....	763.95	
All Other .....	95.88	\$ 1,383.41

*Inspection Expense:*

Salaries .....	3,258.75	
Travel .....	2,125.86	\$ 5,384.61

*Board Meetings:*

Per Diem \$380.00; Expense \$30.00.....	410.00	
Examination Material .....	74.91	
Expense .....	192.83	\$ 677.74

*Miscellaneous Expense:*

Attorney Fee .....	50.00	
Audit .....	60.00	
Bank Charges .....	19.43	
Dues .....	35.00	
Bond Premium .....	25.00
