G U A R A N T E E

WE guarantee the stock we send out to give entire satisfaction or we will refund the money paid for the same; as we have done for the past fifteen years. All stock that leaves this establishment must be as satisfactory to the customer as their order is to us. We have never to the best of our knowledge had a dissatisfied customer and we are not going to have at this late date. In these times of discomfort and annoyance, we are more than ever anxious to keep our customers satisfied.

C H A R L E S H . T O T T Y C O .
MADISON=====NEW JERSEY

OUR Government has requested that paper be conserved to the utmost extent during the war and solely with this aim in view we are not issuing an elaborate catalogue such as has been our custom for the past sixteen years. Our aim like every other loyal concern is first to "win the war"; get the boys back home again and then give business a chance to once more assume a normal condition.

Most of our men, who were specialists along certain lines with us have gone to the front. God willing, they will return and take their old places when they get back. Meanwhile, we have received splendid support from the women who volunteered to work with us when our men were leaving to fight for the freedom of democracy; and our stock of plants on hand is almost up to normal.

The Novelty List, for which we have built up an international reputation will be curtailed until the end of the war. We, however, call your particular attention to the splendid new Rose "Premier," which we are distributing in conjunction with the E. G. Hill Co., who were the originators of this Rose. Read the description of this all-American Novelty, and make a mental note not to forget to order it.

Customers who have our 1918 catalogue of 88 page, will please retain same as stocks are almost identical. We still have copies on hand which will be mailed on request. Should stock and conditions warrant, we shall issue special lists and suggestions to our customers at intervals. We are, at all times, only too anxious to help out with cultural details or any information that will assist our customers to grow better plants.

*“Doing Our
Bit” for the
War*

*Novelty
Roses
Premier*

The new introduction for 1919 is "PREMIER," an American raised variety; a cross between Ophelia and Russell. It has the stiff, thornless stem and quick, free growth of Ophelia with splendid ample foliage. The habit is perfect, blooming continuously, and the flowers are very fine, even the shortest stems giving splendid quality blooms. Color is a clear pink, shading to Rose-pink throughout the year; lightest in summer, shading to a deep Rose in cooler weather. Even a dozen blooms make an imposing bouquet. This Rose will be a marvelous addition to our Garden Roses, since it is as Hardy as any other Garden Rose; absolutely distinct and perhaps the finest Novelty ever sent out in Garden Roses. At the present time we can only offer for outside planting 4 inch pot plants; June delivery.

\$1.00 per plant

\$10.00 per dozen

*Charles H. Totty Co.
Madison, N. J.*

Our 1918 introduction that created a furore in the exhibitions, in the Fall and Spring.

We can offer this year three year old plants, for Spring planting.

Page Three

We predict a phenomenal sale this year for this variety; after testing it extensively we pronounce it the most wonderful pink Garden Rose yet introduced.

The color is a true rose-pink, which deepens in color, as the flower develops, and is most intense when fully open.

We are the only firm in the country in a position to supply three-year old stock of Columbia Rose.

\$1.50 per plant
\$10.00 per dozen

New Rose Columbia

Charles H. Totty Co.
Madison, N. J.

Ophelia Supreme

This variety introduced in 1918, is the peer of the numerous sports of Ophelia, and when planted in the garden it blooms continuously from June until frost. The color is a lovely light-pink, with a flush of yellow at the base of the petals, which lights up the flower. We can supply two-year old plants, from 5" pots; May 15th delivery.

\$1.00 per plant

\$10.00 per dozen

In addition to the Novelty Roses, we are carrying our usual long list of Hybrid Tea; Hybrid Perpetual; Climbers; Dwarf Polyanthus; Single; Sweet-Brier, etc., etc., and will be glad to quote prices on any varieties on application.

*Charles H. Totty Co.
Madison, N. J.*

We find among our thousands of retail customers that many of them are not sufficiently well versed in floriculture to wade through a long list of plants in a catalogue and pick out stock they want. To make things pleasant and easy we have gotten together Collections of Plants and Bulbs, such as the average enthusiast will find entirely satisfactory when he grows them. We have compiled these lists from orders sent us by different customers; as the general line of stock that gives the best results in all sections of the country.

*“Why We
Do It”*

If the customer does not wish the entire list in any one Collection, he may order stock from different Collections at the prices marked opposite the different varieties, since these are catalogue prices, at which the stock is sold if ordered individually, but we will not allow selections from different Specials at the special prices quoted.

All orders are sent Prepaid to any section of the country, and all stock is two- and three-year old plants and clumps. These Special Offers, are listed with the idea of eliminating book-keeping, therefore, terms are strictly *cash with order*.

Compare the following Offers, with our own or any other catalogue, and quality of goods considered, they are splendid values and don't forget, *we prepay everything: there are no charges for packing or expressage. Stock is delivered at your door, ready for immediate planting, at prices given.*
