COMMUNICATIONS FROM OUR READERS CONCERNING VARIOUS INTERESTING TOPICS

To the Editor of Our Town:

We wonder when residents of Narberth go to the expense and exertion to beautify their lawns and hedges, whether it is just the right thing for the borough officials to allow the gutters to be filled with growing weeds? Some streets are kept clean, especially those on which certain Councilmen live, others are neglected. Why? Come, gentlemen of the Highway Committee, get busy, clean up.

We have not seen the man with the hoe this summer.

Signed

Wayne Avenue.

To the Editor of Our Town:

On one day last week a member of our borough street cleaning department arrived with brush and shovel to clean up the street. This was about 1.30 or 2 o'clock. He worked diligently (?) conversing pleasantly with those of his country men who came within hail, until about 4.30 o'clock, when he called it a day, although the whole square had not been finished. However, he shouldered his brush and shovel and marched away, leaving behind him neat little piles of the nicest, driest germ-laden dust imaginable. That evening quite a breeze blew up and in the morning there remained but a very small portion of that same nice, dry, germ dust. I think the householders of that particular square have the rest in their houses—sanitary?

Now all this is not to be blamed on the street cleaner, it's just an example of the archaic, last century methods employed by our Highway Committee. Why not buy a metal barrow or a sort of small metal pushcart like that which Philadelphia furnishes her white wings? Then one man could clean as he went many squares a day instead of one square in very nearly a day. When the question of removing ashes from cellars so agitated our honored Council, one particular councilman objected strenuously, owing to the amount of time HE thought wasted thereby, but for sheer wanton waste of time, one man, one day, and one square cleaned, the present street cleaning proposition takes the palm.

Wake up, Highway Committee and tarvia the roads, if they are going to be done before winter and be progressive. The streets around the station (north side) are in a most disorderly condition. If the store keepers do not keep their fronts better, fine them; if a householder burnt trash in his gutter and left the charred remains over Sunday as the store keepers do, I know they would be fined. It seems a shame that our Highway Committee should have fallen back into its old state of coma, when the last chairman and his committee made the two years or so of their incumbency a model for all needed improvements, such as the tarvia (early in the season), new grades, sidewalks, curbs and gutters. **Quitzeus.**

To the Editor of Our Town:

Will you kindly permit me to reply, through your valuable paper, to our friend "The Kicker?"

While not a physician, I have had some experience in sickness, and fall to find, in his many complaints, any symptoms of the diseases he is making such fuss about, namely, whooping cough, chickenpox and measles, but feel sure he is suffering from a very bad attack of Perpetual Grouch. A disease of which little is known to the medical profession, outside of the facts that it is not contagious, never fatal, but in its worst stages, very painful to those who come in contact with the patient.

There may be a cause, but the cure remains with the patient himself, so, here's good luck to you friend Kicker, may you be convalescent right soon.

And now, a few words in behalf of

our good friends, the Board of Health, the doctors of our town and the dear little ones, who are the cause of all this hubbub.

It certainly has not been fair or just the way they have all been "kicked at." Our Board of Health, all old and trusted residents, have done all in their power to keep our town free from disease and surely the death rate speaks well for their success. Our doctors, the best and truest friends in times of illness and sorrow, how faithfully they, too, have worked for the good of us all even sending their own loved ones away that others might be spared that which has come to them.

Our little ones, poor little victims of the dread diseases; is it not enough that they suffer physical ills without being shunned and even deprived of God's pure air and sunshine because someone is afraid? And now the Kicker would have the House of Him who hath said, "Suffer little children to come unto me," closed against them; surely in our town of many churches one might be kept open for the sufferers alone!

I also call in question the Kicker's statement that the parents are careless. It is impossible to watch the children's every movement, and many little ones are too young to understand why they must be separated from their playmates.

While I do, indeed, advocate care and precaution against the spread of disease, yet I feel those who have loved ones ill have enough to bear without this eternal nagging.

If the Kicker finds Narberth has so many bad qualities, I would suggest that he "pull up stakes" and depart for a more congenial country, not waiting for the vacation he promises himself when our good friends, the fishermen, return and thereby avoid anything that may aggravate this condition.

Friend Kicker, home remedies are sometimes very beneficial, let me suggest that you try this: Telephone, or better still, write to all your friends and neighbors who have little sufferers in their homes, and, in your kindest manner, ask for them, send them words of hope and good cheer, or sympathy, as the case may need, and then, if you have little ones of your own, kneel by their bedside tonight and thank our Heavenly Father that, while pestilence and death, in the form of that dread children's disease, infantile paralysis, is stalking over our land, He in His great mercy, has seen fit to bless our town and keep us free, and all hearts in our midst will join you in a fervent amen.

The Children's Friend.

ALL IS WELL IN KANSAS.

The crops are in excellent condition and all is well in Kansas, is the gist of the crop report made public by J. C. Mohler, secretary of the Kansas State Board of Agriculture. Prospects are that the wheat crop in Kansas will be more than 90,000,000 bushels, almost a bushel for every man, woman and child in the United States.

NEXT WEEK-END TRIP AUGUST 26TH

Are You Going?

If any association member wants to know if week-end trips to Dewitt farms or the Y. M. C. A. Country Club at Downingtown are worth while, let him ask either Newton Compton or Secretary Hampton or Mr. Justice or Mr. Gara.

These were only four of the seventy-five at the club last Saturday and Sunday, and these because of the fine time and good eats they had agreed to repeat the dose at an early date. In the meantime if you are interested in a delightful week-end, "say something" and have yourself registered for some Saturday and Sunday between now and September 15th. You'll find it time well spent at a small money cost. Take the word for it of

Don't miss this chance.

One Who Knows.

UNION TWILIGHT SERVICE

These meetings continue to grow in popularity. Don't miss any of them. Good speakers, good music in the open air.

Please don't forget the change of time on account of the days getting shorter. We start at six o'clock sharp.

ANOTHER DOG SHOW.

To Be Held at General Wayne Hotel Next Month.

During the past week members of the Main Line Kennel Club held a meeting at the General Wayne Inn, Narberth, and decided upon plans for their fall all-breed show. The fixture will be held on the grounds of the inn, which are conveniently located on the Montgomery pike. Auto busses will carry the exhibitors free of charge from Narberth Station, and a special effort will be made to give the entire affair a picnic aspect.

According to Charles C. Clark, secretary of the club, the show will be held on September 22. Judges selected are all of the highest calibre. Levi Wilcox will judge unclassified specials and a number of the larger breeds, Mrs. W. McDermott will handle poodles. Magistrate Thomas W. MacFarland will look after Boston terriers, and R. F. Height, of Lakewood, N. J., has been selected for Airedales. For Doberman Pinschers, German shepdogs and dachshunds the club has asked Mrs. Herman E. Meyer to officiate.

A meeting was held by a number of prominent fanciers of various breeds to decide upon an idea of holding a five-breed show on Labor Day at the Black Horse Hotel, Bala. It is believed that the affair will be a big success, as the judges selected will all be men of prominence.

INFANT MORTALITY HIGH.

Main Line Urged for Fuller Support of the Work of Nurses.

Persons interested in the work of the visiting nurses on the Main Line declare that the infant mortality in that section is higher, in proportion to population, than in Philadelphia, Boston, New York or St. Louis. This is one of the reasons advanced in urging fuller support of the work of the nurses, who are accomplishing excellent results as far as they have been able to work. During the past four months the nurses, Miss Amy Potts, at Bryn Mawr, and Miss May I. Hurlbut, at Ardmore, have made 2067 visits.

"Mrs. Rooney," said Father McMurphy, "why do I never see Patrick at church now?" Mrs. Rooney shook her head sadly. "Is it Socialism?" "Worse than that, your riverence." "Is it Atheism?" "Worse, your riverence." "What is it, then?" "Rheumatism."

MAYER SHUTS OUT BERWYN WITH FIVE HITS

Narberth Bats Have Busy Day—Wallace Excels With Three Hits—George Howes and Johovich Make Debut With Borough Team

Pitcher Mayer twirled one of his best games of the season, shutting out Manager Phynn Pyott's Berwyn skeeters with five hits. In only one inning did the visitors succeed in getting more than one hit, that being the sixth when with two out, Kelly singled and was advanced on a passed ball, and Watson also singled, but Cass was thrown out by Simpson, ending the inning.

While Berwyn only had one hit in the fifth inning yet they almost scored. Davis was safe on Bennis' error and was advanced to second by Fitzgerald, and on Lewis' single to right field, Davis was thrown out by Flick Stites trying to score. Lewis was forced out at second on McClees' tap to Humphries.

Narberth Scores Two in Second—Mayer Drives Out Double.

With Walter Humphries on third and Davis Bennis on second as the result of singles by each and a double steal, Mayer poled out a double to left field, scoring the two runners. The Boroughites added one more in the third inning when Koons was safe on Watson's error, Koons going to second Fleck was then passed and Flick Stites scored Koons on his single to left field. Fleck and Stites then did the double steal duty, but Humphries and Bennis could not bring them home.

Again in the fifth inning, Narberth scored two more runs, making five all told, when Wallace led off with a single, stole second and scored on Koons three-bagger to right field the ball taking a bad bound over the fielder's head. Just to show he was glad to get back into the game, Stites secured his second hit of the day, this time a double, scoring Koons, but Stites was left on third.

Lewis Gets Warm Reception in the Sixth—Narberth Boys Score Four More.

To start the inning Bill Simpson was passed and stole second, and when Mayer poked a Texas leaguer back of second, Bill was run down between third and home, Howes then singled to short center, and Wallace poked out his second hit of the day, scoring Mayer. Koons was then passed, filling the bases. Howes and Wallace scored a moment later when McClees booted Fleck's grounder. Fleck was thrown out trying to get to second base. Koons then scored the last run of that inning when Moran threw wild to third base to catch him napping.

Narberth scored the final run of the game in the eighth inning when singles by Wallace and Koons, mixed in with a passed ball and a wild pitch enabled Wallace to score the tenth and final run of the game.

No Berwynite got more than one hit, while for Narberth Wallace led with three singles Koons had a triple and a single, Stites and Mayer both had doubles and one single.

The fielding of Bill Simpson at shot and Wallace at first stood out prominently for Narberth, while Kelly and Watson played well for Berwyn.

Oh! Exit Mr. Lewis.

PASTOR SWIFT LEAVES NARBERTH

To Enter New Field of Work—Leaves Many Friends in Narberth

Rev. Emerson L. Swift, Evangelist Baptist Church, Narberth, has recently tendered his resignation and will take up his work elsewhere, after culminating a two months' vacation, expiring October 1.

The church regretfully voted to accept his resignation as of July 31, giving him his full salary until the period expired with the end of his vacation.

TALKS ON PARALYSIS

Dr. Wilbur Horn Addresses Workmen at Autocar Plant.

More than 875 workmen at the Autocar Company's plant at Ardmore heard a noon talk yesterday on infantile paralysis. Dr. D. Wilbur Horn, of Bryn Mawr, chemist and bacteriologist of the Lower Merion township Board of Health, told how the suburban health officials were disinfecting sand piles at playgrounds and abating nuisances at fly-breeding spots.

"The epidemic character of infantile paralysis," Doctor Horn said, "first was recognized in the outbreak in 1907, when the Lower Merion Health Board classed it as a disease requiring stringent quarantine measures."

Doctor Horn told how the disease was most likely to be taken in through infection of the mucous membranes of the mouth and nose, warned that persons may carry the infection without contracting the disease and said that in the present outbreak it had been shown to follow the lines of human travel.

When Samuel Croft, of Croft & Allen, confectioners, returned from Chelsea, Atlantic City, to his home on Notch's lane, Merion, he found it ransacked from top to bottom. An estimate is being made of the value of the articles taken Saturday night by a burglar or burglars. The house had been closed for two months while the family was at the shore.

Jacob A. Kettenring, a Commissioner of Lower Merion Township, and Walter Hassinger, of Ardmore, caught a ten-foot shark off Holly Beach, N. J., last week, about eighteen miles at sea. They brought the shark to the shore, where it was hauled out alive and killed. The shark was brought to Ardmore where it was on exhibition and attracted much interest.

Mr. Samuel Atherholt, of Woodside avenue, until recently associated with Mr. W. D. Smedley, has launched out for himself as a contractor and real estate dealer. His first project will be the improvement of the old tennis club grounds running from Woodside to Elmwood avenues. This work will be commenced immediately after Mr. Atherholt returns from a holiday in the mountains.

Concrete on Wynnewood road is now being poured and finished at the rate of from 50 to 100 feet each day. The work is now nearly completed to Elmwood avenue. Thus far the road is what experienced contractors would call a "handsome piece of concrete work." The construction is reinforced and is about five inches thick. Autoists should sing the praises of Narberth when they can drive their cars over this road.

Mr. and Mrs. W. S. Horner, with Mr. Charles Mirick, of Narberth avenue, and Mr. and Mrs. Edward M. Muschamp, of Woodside avenue, who

were among those forming "the Narberth Colony" at Lake Paupac this season, have returned to their homes singing the praises of Paupac as a beautiful and comfortable mountain lake resort. This resort is one of the several interests of our much-respected townsman, Mr. A. J. Loos.

The Lower Merion Township police suggest that young men who drive automobiles, hired chauffeurs and all others, in fact, shun even one drink before coming into Lower Merion. Despite the possibility of a prison sentence for driving an automobile while under the influence of liquor, the Lower Merion department has had two cases in two weeks and a third a short time ago. The latest caused the holding of Jesse Payton, of Ardmore, in \$600 bail for court by Magistrate Stillwagon. It was testified that Payton ran a light touring car into a carriage several days ago.

The annual fall tournament of the Narberth Tennis Association will start at 2 P. M. August 26, and we aim to make it the most successful one ever held by the association. We expect to award twenty-two cups in all to winning members. Entries will close August 25th for men's singles and doubles, ladies' singles and doubles, also mixed doubles. The tournament committee this year consists of Mr. W. Cowin, chairman; Mr. W. R. D. Hall and W. J. Kirkpatrick. The cups will be displayed in Fiedler's drug store.

(Signed)
W. J. Kirkpatrick, Secretary.

The Narberth boys who hold membership tickets in the local association have been enjoying, to say the least, the pool of the Ardmore Y. M. C. A. This is a special privilege granted by that association.

Nearly twenty-five of the Narberth boys use this privilege quite extensively, all of whom pay their membership to the Narberth Y. M. C. A. Because of this increasing number of regular guests the Ardmore Y. M. C. A. will charge the small sum of five cents per swim beginning August 1st.

The charge per swim for a non-member is twenty-five cents, so that one can readily see it is by no means classing our boys with a non-member.

TWINS WHO WANTED TO WED.

The late Colonel Anstruther Thomson, in his "Eighty Years' Reminiscences," tells the story of a remarkable marriage.

Of the many quaint "characters" whom Colonel Anstruther Thomson met in the hunting-field none captivate the imagination like the brothers Leamon, of Ivy bridge—"Two thin, delicate-looking old men, twin brothers, seventy-two years old, with white hair, very gentle and courteous in manner, red cutaway coats, white cords, black boots, caps and gloves. Most respectable and nothing slangy about them; they are so alike you can hardly tell them apart."

When past sixty years of age, one night after hunting, one of them said to the other:

"I have been thinking neither of us can have much longer to live in this world, and it will be a terrible thing for the survivor to have to remain here alone. Don't you think one of us ought to marry?"

"Yes," was the reply, "I have thought so for a long time."

"Well, do you know of any lady?"

"Yes, I do. Is there anyone you fancy?"

On comparing notes it appeared they had both selected the same woman, the manageress of the hotel at Okehampton.

"Well," said one, "we have lived together all these years without a wry word, and it's a pity we should fall out at our time of life."

So they tossed up which should marry her. The winner rode down to Okehampton next morning, and was accepted. All three lived together, and the wife nursed both brothers in their last illness, and was left their money.

At a party one evening a married lady was entertaining the assembled company with an account of their first quarrel, and how, after making it up with one another, her husband had planted a tree in remembrance of it.

"If we had only done that," whispered the minister's wife to her husband "what a splendid avenue we might have had."

MEN—VACATION

The Country Club of the Young Men's Christian Association of Philadelphia, at Dwight Farms, Downingtown, Pa., opened for the season on Saturday preceding Decoration Day and will close October 1st. The resort is open to members of any branch, department or division of the Young Men's Christian Association of Philadelphia and to the members of any other association who may be the temporary guests of these associations. Those who are members of other associations and not the temporary guests of the Philadelphia associations may, upon presentation of their membership cards, secure a pass from the executive secretary entitling them to the privileges of the resort, limited to the time of the stay. By the terms of the trust, the resort is open only to white members over eighteen years of age. Members may bring guests to spend the day, and excursions may be arranged for through the executive secretary or the secretaries of the different associations, departments or divisions.

Equipment.

Six comfortable cottages, each equipped with single beds, bath room and running water. An attractive dining hall, situated on the edge of the plateau, where an unsurpassed view may be had, and where refreshing breezes constantly keep the dining hall cool and inviting. The clubhouse, with its library, victrola, writing tables, pocket billiard and billiard tables, chess, checkers and other games, has two extensive fireplaces and wide verandas, one side overlooking the base ball field.

In the open, one will find a particularly good base ball diamond, tennis courts ready for use, hand ball court and swimming pool. These features and the good fellowship that prevails, the impronptu entertainments, music, sports and competitions, the camera room and the shower baths, make the Country Club an ideal summer resort for the man of moderate means.

The plateau upon which the club is placed rising over 500 feet insures cool breezes, invigorating air, and extensive views overlooking the Chester Valley, which form ever-changing pictures.

Much of the vegetables, fruit, milk, cream and other supplies are produced on the place, which assures an abundant and attractive table.

Rates.

There are no fees or charges beyond those for board and lodging. The rate for board and lodging, covering all other privileges, is \$1 a day. Saturday afternoon to Sunday evening, \$1.50; dinner, 50c.; breakfast and supper, 35c.; lodging, 35c. The moderate cost and the absence of fees and extras make this a vacation place second to none other.

Why shouldn't Narberth get a party to go up over some week end?

IMPORTANT

Cases of communicable disease are ordinarily reported to the secretary of the Board of Health by the physician in attendance. If no physician is called in, the responsibility for reporting rests with the head of the household. This is made obligatory by State law and the regulations of the Board of Health. The penalty for failure to report is a fine not exceeding \$100 and costs.
To avoid the imposition of the penalty, physicians and householders are requested to report immediately in writing cases of communicable disease which may exist to the secretary of the Board of Health. All children in families in which there is whooping cough or chicken pox must be kept on the premises and not be allowed to come in contact with other children.

POST OFFICE NOTES

More than three thousand persons receive mail through the Narberth post office. It is difficult to remember them all. By having your box number placed on your mail you will aid in having the mail cased up without delay.

BETTER FACILITIES FOR POST OFFICE

Narberth post office is unable to take complete advantage of the second-class privilege owing to the lack of room in which to place the equipment that a second-class office is entitled to, such as modern casing racks, sorting tables, cancelling machine, filing cases for supplies and records, sack racks for outgoing mail and many other things too numerous to enumerate. These will be secured when new quarters are provided.

Printed stamped envelopes may be secured at the post office at the following prices:
500 1-cent envelopes.....\$5.62
500 2-cent envelopes.....\$10.62
These envelopes are of first quality. The name and address of purchaser neatly printed in upper left hand corner, with request to return in days. Note the price.
Edward S. Haws, Postmaster.

Private correspondence as well as that for business purposes should be marked showing to where it should be returned, if undelivered at post office of address. If this precautionary measure could be generally observed it would greatly assist post office officials in the handling of mail matter.

"Women!" snorted the angry man to the wife of his bosom. "Don't talk to me about women. They're all fools. Whenever you hear of anyone doing a specially foolish thing, you usually guess right when you say it was done by a woman."
He sat back in his chair with the air of having said the last word. But his wife went on calmly sewing at she replied:
"Perhaps you're right, dear; but I never heard of a woman buying a bottle of hair-restorer from a bald-headed barber."

EASY WAY OUT.

"Well, Inswin, you know I'm going
to be married next week?"
"So I hear. Let me congratulate
you, old man."
"That's all right. Now, what I
want is a little advice."
"What is it?"
"You see, you've been married quite
a while, and I want to know what to
call my mother-in-law. I shall have
to address my conversation to her
sometimes and attract her attention.
I don't know her very well, and
maybe she wouldn't like to have me
call her 'Mother,' and it will seem
distant to call her 'Mrs. de Pindico.'
How'd you work it?"
"Oh, easy enough. Let me see, the
first year I called mine 'I say,' prin-
cipally, but after that I got along all
right."
"What did you call her after that?"
"Grandmother."

A HELLO POLLY.

A very remarkable parrot was the
property of a man in Elizabeth, N. J.
When the telephone bell rang and no
one was in the office, the parrot would
fly from his cage, the door of which
was usually left open, perch on the
telephone board, lift the receiver off
the hook, and yell in the transmitter,
"Hello! hello! hello! What do you
want?" Then hang up the receiver
and begin shrieking at the top of its
voice, "Telephone call!" which was
repeated until some one came to an-
swer the call. Meanwhile, the person
at the other end of the wire was left
in a state of bewilderment, since the
bird imitated the human voice so ac-
curately that no one dreamed that it
was other than a human being reply-
ing to them.

THOUGHTFUL.

They were a very saving old cou-
ple, and as a result they had a beau-
tifully furnished house.
One day the old woman missed her
husband.
"Joseph, where are you?" she called
out.
"I'm resting in the parlor," came
the reply.
"What, on the sofa?" cried the old
woman, horrified.
"No; on the floor."
"Not on that grand carpet!" came
in tones of anguish.
"No; I've rolled it up!"

Experience will teach a man a lot
if it doesn't worry him to death.

**THE SUPREME
CHIEF ENGINEER**

Frederick Markoe

The new supreme chief engineer of
the A. O. S. E. is a unique character,
being a veteran of the Civil War,
lieutenant of police in Philadelphia,
and since 1884, a member of the
Philadelphia Fire Department.

Mr. Markoe has a splendid military
record, having served three years in
Company I of the Fourth Pennsylv-
ania Reserves and participated in all
the battles of the Army of the Poto-
mac, which won the first Union victory
at Gainesville. He received a bullet
wound in the right leg at the Battle
of Fredericksburg, but never went off
duty. He was also one of the escorts
for the body of President Lincoln
when it passed through Philadelphia
for burial, and was a guard at the
trial of the assassin.

In 1882 he was appointed lieutenant
of police of the Fourth district and
served until 1884, during which time
he made many important arrests. The
Fourth district embraced considerable
of the Delaware river front, which
at that time was noted for its des-
perate gangs of thugs and robbers,
and Mr. Markoe succeeded in arrest-
ing and convicting all of the famous
Slaughter Gang, which systematically
robbed a Front street wallpaper house
of over \$20,000. He also arrested Ed-
ward Jacques and his wife and an
accomplice named Gardner, who were
sentenced to long terms for a series
of burglaries that amounted to over
\$30,000. In 1884 Mr. Markoe was ap-
pointed to the Philadelphia Fire De-
partment, and at the present time is
engineer of Engine No. 35, which is
stationed at the Falls of Schuylkill,
a suburb of Philadelphia.

Mr. Markoe is a well-read, broad-
minded man, and his keen perception
and executive ability make him a
born leader.

The foregoing article from the
"American Journal of Steam and
Electrical Engineering" of July 1908
is reproduced that the voters interest-
ed in the election of a representative
to the State Legislature from his dis-
trict may have an opportunity to learn
something of the character of the man
who seeks their support as the candi-
date on the Democratic ticket. Those
who know Captain Markoe must
recognize his splendid personal char-
acteristics. His life record speaks
loud in his behalf, as a man who does
things and should appeal to the voters
who want men of strong character
and honest purpose in the Legislature
of our State.

Although a soldier on duty during
the entire four years of the Civil War,
he is still vigorous and active. A
rather remarkable feature of the cap-
tain's career is that he has never
tasted liquor of any kind. When asked
if he attributed his present good
physical condition to that fact, he re-
plied, "Clean living and telling the
truth have kept me in good shape al-
ways."

**PARCELS POST CONVENTION BE-
TWEEN THE UNITED STATES
AND CHINA.**

A parcels post convention having
been concluded between the United
States and China to take effect Au-
gust 1st, 1916, parcels post packages
will be admitted on and after that
date to the parcel post mails for that
country made up in and dispatched
from this country. Weight of a pack-
age must be not more than 11 pounds
nor measure more than 3 feet 6
inches in length or 6 feet in length
and girth combined. Rate of postage
will be twelve cents per pound or
fraction thereof. Parcels post pack-
ages for China may be registered.

OPPORTUNITY TO SERVE.

Vegetables are always acceptable
at the King's Daughters' Holiday
House on Sabine avenue, near Wynne-
wood avenue. Contributions of money
will also be thankfully received, as
the funds are running dangerously
low at this time.

It might be said in connection with
the above announcement that there
are no doubt numerous gardens in
and about Narberth where there is a
surplus of vegetables, oftentimes con-
siderable going to waste. If the
King's Daughters could be notified
they would gladly send for vegeta-
bles in cases where it is inconvenient
for the donors to deliver same to the
Summer House where so many poor
children are being cared for. Call
up the house on 'phone or send a pos-
tal card.
