The first half of this month generally yields a good supply of rain, and the rainy season breaks up generally between the 10th and 20th.

As soon as the cold weather sets in, the season becomes propitious for preparing the kitchen-garden.

The meat market begins to revive, and the fish market to improve; the beekty becomes firm, and the other fishes proportionably good. Game,—snipes make their appearance. Vegetables and fruit continue much the same as last month. Oranges become larger and better flavored, and custard-apples are in great perfection. Young potatoes sometimes make their appearance this month, but they are small and watery. Pomegranates, cutbael or wood apples are also procurable.

In the calculations of the Tide Table, the times of High and Low Water have been corrected for the Moon's Parallax, as also for the Seasons, in which is included the influence due to the Sun's position, the Freshes, and the two Monsoons. Much reliance cannot be placed on what may be called the Seasonal Corrections, as they depend on the comparative force and duration of the two Monsoons and the Freshes; but it is anticipated that any errors produced by variation in those elements will be constant for a considerable portion of a Luration, and the Table will still serve as a guide. The distances, in miles and decimals, of places in the River, given in the above Table, are measured through the centre of the navigable channels from Fort William Semaphore. The miles are geographical, of 2,018 yards each. The distances in British miles may be found by multiplying by 47 and dividing by 41. The Hours and Minutes that follow the distances, if *subtracted* from the time of High or Low Water given in the Tide Table, the remainder will give, though not quite accurately, the time of High or Low Water at the place in question. The time of High or Low Water at Barrackpore may be obtained roughly by *adding* one Hour to the time given in the Table.

The time of High Water is that at which it has reached its greatest altitude, and will commence to fall, although the tide will continue to run up about another hour. The time of Low Water is that at which it has reached its greatest depression, and will commence to rise, though the tide will continue to run down a little more than an hour.

OVERLAND PARCEL RATES.

Every parcel to be accompanied by a separate paper, headed with the address of the parcel, and containing a declaration of its contents and value, and the address of the sender. The Parcel, properly addressed, and the separate paper to be sent through any Post Office to the Postmaster, Bombay, superscribed *Overland Parcel Post*. It must be fully prepaid at the rate of 8 annas per lb. (40 tolas), which will carry the parcel to London. Any additional charge for carriage beyond London, and which may become due on account of custom duty, must be paid by addressee.

Parcels may also be forwarded to Germany at the same rate: limit of weight 25 seers; limit of size, 2 feet by 1 foot, breadth or depth.

RULES FOR "VALUE-PAYABLE" PARCELS.

With effect from the 1st December, 1877, the sender of a parcel may, at the time of posting, state the value of its contents in view to the amount being realized from the addressee and paid to him (the sender).

2. "Value-payable" parcels may be posted only in disbursing offices (printed in capital type in the list of post offices contained in the Postal Guide): there is no restriction as to the office of address except in the case of a few vernacular offices to which "value-payable" parcels cannot be forwarded.

3. The senders of "value-payable" parcels will be responsible for the proper packing and protection of such articles contained in them as may be liable to damage. The parcels will not be received unless the conditions respecting packing and sealing prescribed in paragraph 14, page 4, of the Postal Guide of 1st September 1877, are fully complied with.

4. The commission chargeable on payment to the sender of the value of the contents of a parcel will be as follows:—

				Rs.	As.
If the value does not exceed Rs. 10	0	4
If it exceeds Rs. 10 and does not exceed Rs. 25	0	8
" " 25	" "	" "	" 50	1	0
" " 50	" "	" "	" 75	1	8
" " 75	" "	" "	" 100	2	0

and 2 rupees for every additional 100 rupees or fraction thereof.

5. The commission will be deducted from the amount of the value when payment is made to the sender. If a parcel is refused by the addressee, or from any cause is not delivered, payment of the value will not be made to the sender, and no claim will be made upon him except for any unpaid postage which may have been originally due.

6. Postage will be chargeable on "value-payable" parcels at the same rates as are chargeable on ordinary parcels, and it may be prepaid or otherwise at the option of the sender.

The limit of weight (2,000 tolas) as well as the conditions respecting size prescribed in the Postal Guide for ordinary banghly parcels will be applicable to "value-payable" parcels.

7. The value of the contents of "value-payable" parcels, together with any postage due, must be paid by the addressees before they are delivered.

8. The payments to the senders will be made within one month from the date of delivery.

9. "Value-payable" parcels will be received at the window of the post office during the hours fixed for receiving ordinary parcels, which, with a few exceptions, are from 7 to 8 A.M., and from noon to 5 P.M. They will not be received at all on Sundays, and they must be posted at least one hour before the time for closing the mail with which they are to be despatched: otherwise they will be detained till the next despatch is made.

10. "Value-payable" parcels when presented at the post office window should be accompanied by a memorandum containing the following particulars, viz:—

Name and address of the sender in full.

Name and address of the addressee in full.

Value of the contents recoverable from the addressee.

Date of posting.

A description of the contents need not be given; on the contrary, it is advisable that no description should be given. Receipts will be given to the sender for "value-payable" parcels posted by them.

11. Intimation of the arrival of a "value-payable" parcel will be sent to the addressee, and on his presenting at the post office, either personally or by messenger, the receipt at foot of the intimation duly signed, and tendering the amount of the value of the contents, together with any postage that may be due, the parcel will be delivered. The parcel should be carefully examined by the addressee or his messenger before it is received, and if there be any appearance of tampering, it should be brought to the notice of the postmaster, in whose presence, if necessary, it may be opened.

12. When information of the realization of the value of the contents of a "value-payable" parcel reaches the despatching post office, written intimation will be given to the sender, a date being mentioned therein on or after which payment will be made on his application. In making application for payment, the sender must produce the receipt originally given to him

for the parcel, and relinquish it with the acknowledgment at foot duly signed, and (if the amount exceeds the limit fixed by the stamp law for the time being) with a one-anna bill stamp affixed thereto.

13. Forward postage will not be charged when "value-payable" parcels are re-directed from one post office to another.

14. The system of "value payable" parcels will shortly be extended to "overland parcels" booked in London for delivery in India, under detailed conditions, which will be made known at the London Parcel Offices. The contents of such parcels must be declared for Custom-house purposes. The value payable will be limited to £ 10, and it will be realized from the Indian addressee at the rate of exchange current in Bombay on the day of the arrival of the invoice.

RULES FOR INSURING VALUE OF CONTENTS OF LETTERS AND PARCELS.

Registered letters and parcels may be insured for the actual value, as certified on them by the sender, for transmission by inland post.

2. The facility for insuring registered letters and parcels will be made available at almost all post offices; the only exceptions being a few vernacular offices. The Government will guarantee to the sender the safe transit of insured registered letters and parcels, and will give compensation to him, within the insured value, for any actual loss occurring in transit from any cause whatsoever, except in the cases described below,

The excepted cases are as follow: —

(1.)—Misdelivery arising out of incorrectness or incompleteness of the address written by a sender.

(2.)—Wrong declaration or fraud on the part of the sender or addressee.

(3.)—When the receipt or acknowledgment has been signed by the addressee or his agent: it being understood that the addressee shall fully examine the outward appearance of the letter or parcel before signing the receipt or acknowledgment. By the term agent is meant not merely a person specially authorized by the addressee, but any servant or other person connected with the addressee's household or business establishment who is accustomed to sign the receipts for registered letters or parcels arriving to his address. Any person who wishes to restrict the delivery of insured articles arriving to his address may do so by communicating with the Post Office.

(4.)—When the sender does not give intimation of loss within three months from the date of posting.

(5.)—In cases of damage as distinguished from loss; it being understood that the sender is responsible for the proper packing of articles liable to damage so as to provide sufficient protection for them.

(6.)—When there is no visible damage to the envelope or other covering or seals, it being understood that the sender must so pack the letter or parcel that its contents cannot be touched without visible damage as aforesaid being caused.

3. The compensation will be payable one month after the date on which intimation of loss is given by the sender to the Post Office, except in cases in which the Post Master General or Chief Inspector of Post Offices may consider that the circumstances demand the withholding of payment pending enquiry.

4. An acknowledgment signed by the addressee will in ordinary course be transmitted to the sender; and in the event of the acknowledgment conveying the intimation of loss, or of the non-receipt of an acknowledgment within three months, he is expected to give intimation to the Post Office.

5. The sender shall on receiving compensation make over in writing to the Government the whole of his rights in the lost property, and shall give all information necessary to facilitate the search for it.

6. No letter or parcel may be insured for an amount greater or less than the actual value of its contents as certified thereon by the sender. Letters and parcels may be insured without limit as to value. The weight of an insured parcel may not exceed the usual limit of 2,000 tols; and in respect of size also it will be subject to the ordinary conditions mentioned in the Postal Guide.

GOVERNMENT INLAND CARRYING AGENCY OR BULLOCK TRAIN.

Packages can be forwarded, either paid or unpaid. The charges vary according to the classification of goods, which is the same as that in force on the East Indian Railway.

Packages for transit between two Railway stations only will not be received, but if addressed to a station beyond, will be received and forwarded by rail 'unpaid' to the Bullock Train Agent at the Railway station, who will send it on by the ordinary means. Similarly a package sent from an out-station to a station on the Railway will be forwarded by the Bullock Train Agent to the nearest Railway station, and thence forwarded 'unpaid' to the addressee, who will be charged the Railway hire and a commission of 5 per cent. thereon.

Charges between any two stations may be ascertained at a Bullock Train Office. No package will be charged at a less rate than one maund; but a despatch of several made by the same party at one time, and bearing the same address, will be charged according to aggregate weight.

The bullock train also conveys passengers.

BRITISH INDIAN MONEY, WEIGHTS, AND MEASURES.

The gold Coin is the *Mohur* = 16 Rupees, but silver is the standard metal of India. The current money is one Rupee = 16 annas; 1 anna = 12 pie.

The weight of the Gold Mohur and that of the current Rupee is the same, viz., 180 grains Troy. Sicca Rupees are referred to in the Money Market, but they are not issued; 100 Sicca Rupees are equal to 106-10-8 current Rupees.

To convert Sicca Rupees into current, add $\frac{1}{5}$ th; and current Rupees into Sicca, deduct $\frac{1}{10}$ th. *Bazar Weight*.—16 Chittacks are one seer, or 2 lbs. 0 oz. 13 drs., and 40 seers 1 maund, or 82 lbs. 2 ozs. 3 drs. 100 Bazar maunds = 110 Factory; and 1½ Factory maunds = 1 cwt. *Factory Weight*.—16 chittacks are 1 seer, or 1 lb. 13 ozs. 14 drs.; and 14 seers, 1 maund, or 74 lbs. 10 ozs, 11 drs. The Indian maund = 82½ lbs. Avoirdupois Weight.

BRITISH INDIAN MONEY.

1 Pie	...	marked P.	= ¼ Furthing.
3 Pie	... make 1 Pice	... " Ps.	= 1½ "
8 Pie " A.	= 1 Penny.
4 Pice or 12 Pie	... " 1 Anna	... " R.	= 1½ Pence.
16 Annas	... " 1 Rupee	... " G.M	= 2 Shillings.
16 Rupees	... " 1 Gold Mohur...		= £1-12.

N.B.—The relative value of the money of India and England fluctuates in the money Market; thus a Rupee is sometimes worth 2s. 2d., and sometimes only 1s. 9d., but 2s. is the medium, or, as it called, its par value.

Cowries (*Cyrra moneta*), or small shells, are also made use of for fractional payments. Their value is subject to fluctuations. They are reckoned in Bengal:—

4 Cowries make 1 Gunda.
20 Gundas " 1 Pun.
5 Puns " 1 Anna

In the North-West Provinces:—

2 Adhis make 1 Dumree = say 7 Cowries.
2 Dumrees " 1 Chádum = " 14 "
2 Chádams " 1 Adhala = " 28 "
2 Adhelas " 1 Pysa = " 56 "

BRITISH INDIAN WEIGHT.

The *Unit* of the British Ponderary System is called the *Tola*. It weighs 180 grains English Troy Weight. From it upwards are derived the heavy weights, *viz.*, *Chittack*, *Seer*, and *Maund*; and by its sub-division, the small and jeweller's weights called *Mashas*, *Ruttees*, and *Dhans*.

The following Table gives both the series :—

1 Dhàn or grain..	...	=	$\frac{1}{32}$	grain Troy	=	$\frac{3}{175}$	dr. Avoir
4 Dhàns	= 1 Ruttee	=	$\frac{17}{8}$	"	=	$\frac{17}{175}$	"
8 Ruttees	= 1 Masha	=	15	"	=	$\frac{96}{175}$	"
12 Mashas	= 1 Tola	=	7 dwt. 12	"	=	$6\frac{192}{175}$	"
5 Tolas	= 1 Chittack	=	1 oz. 17 $\frac{1}{2}$ dwt. Troy	=	$2\frac{3}{5}$	oz. "	
16 Chittacks	= 1 Seer	=	2 $\frac{1}{2}$ lbs. Troy	=	2 $\frac{3}{5}$	lb. "	
40 Seers	= 1 Mun	=	100 lbs. Troy	=	82 $\frac{3}{5}$	lb. "	

N.B.—The Maund is exactly equal to 100 English pounds Troy, and 35 Seers are exactly equal to 72 pounds Avoirdupois.

TO CONVERT INDIAN WEIGHT INTO AVOIRDUPOIS.

Multiply the weight in Seer by 72, and divide by 35; the result will be the weight in lbs Avoirdupois; or multiply the weight in Maunds by 36, and divide by 49; the result will be the weight in cwt. Avoirdupois.

TO CONVERT AVOIRDUPOIS WEIGHT INTO INDIAN WEIGHT.

Multiply the weight in lbs. Avoirdupois by 35, and divide by 72; or multiply the weight in cwt. by 49, and divide by 36; the result will be the weight: in the former, in Seers; in the latter, in Maunds.

A Ton is equal to 27.222 Maunds, or 27 $\frac{1}{2}$ Maunds nearly.

BAZAR WEIGHT.

5 Sicki* or Quarter Rupee make	1 Kancha.
4 Kanchas*	1 Chittack.
4 Chittacks, or 20 Tolas	1 Powah.
4 Powahs	1 Seer.
5 Seers	1 Pusserec.
8 Pusserees, or 40 Seers	1 Maund.

To reduce Bazar weight into Factory weight, add 1-10th.

Thus :	3,000 Bazar Maunds.
Add 1-10th	300
	—
	3,300 Factory Maunds.

To reduce Bazar weight into Cwt., add 1-10th and deduct 1-3rd of that sum, the remainder will be Cwt.

Thus :	3,000 Bazar Maunds.
Add 1-10th	300
	—
	3,300
Deduct 1-3rd	1,100
	—
Remainder	2,200 Cwt.

To reduce Factory Maunds into Tons, divide by 30, and the quotient will be the answer.

Thus: Factory Maunds 3,000 ÷ 30 = 100 Tons.

* These are Bengal weights, and not used in the N.-W. Provinces.

The following Tables have been calculated on the old elements of Indian weights, as being still of a more general use. If it was necessary to convert old Bazar Maunds into new ones, the operation would consist simply in the following rule :—

A (the old weight) : Y (the new weight) : : 1,79,666 : 1,80,000.

LIST OF INDIAN POST OFFICES.

(With the names of Zilla or District and Presidency or Province in which situated.)

ABBREVIATIONS USED IN THIS LIST.

br	stands for	Branch office.	rec	stands for	Receiving office.
dsb	"	Disbursing office.	sub	"	Sub-office.
dt	"	District office.	N S	"	Native state.
hd	"	Head office.			

A Head office is an office having full power to deal with all classes of correspondence, sending and receiving its mails by the most direct route.

So far as concerns the transmission of correspondence posted, a Sub-office differs in no way from a Head office, but unpaid or insufficiently paid letters to be delivered by it must pass through the Head office, and may therefore occasionally have to travel by a circuitous route. It is advisable, therefore, to prepay correspondence intended for delivery by a Sub-office.

A Branch office is the same as a Sub-office, except that it cannot insure registered letters or parcels for transmission by post, and that it cannot deliver value-payable parcels.

A Receiving office is one at which articles (ordinary or registered) may be posted under the same condition as at a Sub-office, but from which there is no delivery.

A Disbursing office is one at which parcels may be posted with value declared for realization.

THE LAW OF EVIDENCE IN BRITISH INDIA. By C. D. FIELD, Esq., M.A., LL.D., Barrister-at-Law. Third Edition. 8vo., cloth. Rs. 18.

Review of the Second Edition.

The vast amount of labor and research devoted by Mr. Field to this work will be evident when we state that the 559 pages of which, exclusive of the Index and Appendices, it consists, are almost entirely filled with closely printed notes, may of them bristling with references and citations. The work in fact forms a complete Treatise on Evidence in India.—*Englishman*.

"THE TAGORE LAW LECTURES of 1877 strike us as above the average. True they had an easier subject to deal with—minority. The Lecturer, Mr. Trevelyan, has not spared himself, and treats the subject exhaustively. The age of minority, the right of guardianship, the Court of Wards, the appointment of guardians in the mofussil and by the High Court, the custody, maintenance, and liabilities of Infants, the duties and powers of guardians, ratification of their acts and minor incidents of the status of infancy, are the main topics, and what more is left for discussion."—*Pioneer*.

"A more really practical and useful book it is seldom our lot to notice."—*Englishman*.

"We have no hesitation in expressing our opinion that this book is one of the best of its class we have ever read. It is concise and clear: the work of a

complete master of this subject."—*Civil and Military Gazette*.

"Captain Hayes's excellent book will be found a safe and valuable guide to horse-owners, young and old."—*Indian Daily News*.

"A good deal of information is put together in a very small space; the elements of Hindustani grammar; particulars as to caste, diet, and courts-martial; standing orders about medical officers with regiments, returns, a selection of phrases, Hindustani and English—for instance, "very well, I will make a *post mortem* directly,"—and a vocabulary. "As a condenser of four or five guide books, this volume . . . will be welcomed heartily over and above its literary value."—*Indian Daily News*.

"The book is pleasantly written, and gives full particulars of the route."—*Madras Times*.

"This little work of eighty-five pages is full of brief, cursory, but shrewd remarks on the scenery, places, and people to be met with on the way."—*Home News*.

A SHORT HISTORY OF THE ENGLISH LANGUAGE. By THOMAS EDWARDS, ESQ., F.F.S. 18mo. Rs. 1-4.

Mr. Edwards' book pretends to be nothing more than a mere "rough draft" of the subject with which it deals, compiled from the more elaborate works of Max Muller, Morris, Kean, Marsh, Trench, Latham and others, though far from exhaustive, however, it is something more than this.—*Englishman*, April 12th, 1878.

FLOWERS FROM THE BUSTAN. By Major W. C. MACKINNON. 18mo., cloth. Rs. 2-8.

The writer of a set of translations from Saadi claims, in a few lines of preface, indulgence for his "halting lines;" but it is only fair to say that they run smoothly enough, and will no doubt be more acceptable than "the usual students' literal translation."—*Saturday Review*, April 13th, 1878.

THE INDIAN REGISTRATION ACT. By CARR STEPHEN. Fourth Edition. 8vo., cloth. Rs. 5.

"It speaks well for the utility of the publication that a fourth edition of the notes should be so soon called for. These notes are copious, and show that every care has been bestowed on the work to render it in the highest degree useful to those for whom it is intended, and the number of references render the work alike useful to Judges as to counsel."—*The Rangoon Times*.

A TRIP THROUGH CENTRAL ASIA. By BERNARD DE VILLEROI. 12mo. Rs. 1.

"Mr. McCrindle deserves the thanks of all who take an interest in ancient India, and should he be able to fulfil his promise to translate "the entire series of classical works relating to India," he will give an impetus to the study of the early civilization of this country."—*Madras Times*.
