INDEX, 1914-1915

Compiled by the Indexers

VOLUME 38

The index is carefully prepared with the idea of serving the readers who keep their copies of Farm and Fireside for reference. It covers the months of October, November, December, 1914, and January, February, March, April, May, June, July, August, September, 1915. It affects both editions of Farm and Fireside, the Eastern and the Western. That is what is meant by the capital E and the capital W occasionally following the references. The articles which apply to one section more than to another are placed to the
