Master list of Perennial Plants,
Evergreens, Trees, Shrubs and
Vines grown by, or offered for
sale by us during the year

• 1940 •

GARDENSIDE'S MASTER LIST

This is a very complete record of the plants to be found growing in our grounds here at Shelburne, with the prices we expect to charge for them during the year 1940. GARDENSIDE GOSSIP, the little magazine we mail several times each year, carries any price changes, and descriptions of many plants. PREPAID DELIVERY. Our price includes delivery on all plants and bulbs. Trees, shrubs and evergreens are priced at the nursery and are subject to a packing charge, if prepared for shipment. ALSO PLEASE NOTE, -we require an additional 5% for shipments west of the Mississippi River.

Customers requiring trees, shrubs, evergreens, vines, fruit trees, or fruit and berry plants, will find it advisable to call at the nursery, and select the material they need, taking it with them, or arranging to have it delivered by truck.

In addition, we maintain a complete Landscape Service, and can undertake any work in that line. Lawns are a specialty, as are shrub and evergreen plantings, hedges, and perennial gardens. A competent designer is available for those who wish plans drawn. Supervision and labor by trained men shortens the time required, and insures success.

We can move large trees, both deciduous and evergreen, in any size to twelve inches on the stump. Rates on request.

HARDY PERENNIAL PLANTS.

UNLESS OTHERWISE NOTED, all plants on this and following pages are field grown, flowering size, and are priced at 25¢ each; five for \$1.00; ten for \$2.00; twenty five for \$4.50; one hundred for \$18. THESE PRICES INCLUDE DELIVERY, except that we require 5% additional if you live West of the Mississippi River.
