A tracets View of the Street. The Bichimond (Va.) Whig, in discussing the present war frome of the administration against John Bull, says:

\* But the true motive for the war cry is to be found in a desper policy. It is part and purcel of the Democratic programme for every Presidential campaign. The take of war naturally sitrs up the fleree Democracy: but then, in addition, it fursishes a decompresset for the party to call upon Congross for large appropriations. More but a trailor of his country can object to the expenditure of indefinite millions for putting the country into a posture of delicate, when war is manifest. This is the degree congress is therefore called upon to open the Pressurery and let the party head them. Jackson's time, when it was proposed to put ten millions in the bands of the Pressdent, cotensity to meet the apprehended war with Prance: but really to fend the office-haders and elect Vam Buren. The same policy was attempted in Tyler's day, to resist the marchimations of England against Texts—again \_\_\_\_

which is a decent pretent for the party to call spin Congress for large appropriations. You but a traitor to his country can object to the expenditure of indefinite militions for putting the country into a potting of decent pretent for the expenditure of indefinite militions for putting the country into a potting of decent pretent for the expenditure of indefinite militions for disconsistent of the control of the putting the country into a potting of decent pretent into the expension of the putting the country into a potting of the putting of the putti

bey're but seldeen happened hereinforce. Mr. Talke P. Errwer, tustic in Yale Callege, having the some meaner assessed the almost upin torsal distilke of the students, was assuated by the beam in a body last night. At almost a quasier artificial size on the students beam to break a up bricks and smash in the salutiers. There was to hurry evinced, but they did it all calmby, ag if to show that they were determined to let the tuttor Engly they began to break of the decrease of the tustor Engly they began be break as the students and the salutiers. There was to hurry evinced, but they did it all calmby, ag if to show that they were determined to let the tuttor Engly that they had gone much too far. Afterwards, about a quaster of twelve, a few saidedts went up to break into he room, supposing that Rr. Brewper was an account of the students are to be the sales of the students them into he room in growth have the sales and the first adventures, who, it wellows, truck him on the head writh a cleb, at also with his farm. The students them had even the room and truck the sales of his windows, as also some fearnishing; after which they went away. John he concreteness have but spiden happened berestofters. However which they went away, John he concreteness have but spiden happened berestofters. However which they went away, John he can be suffered to the control of the students and the suffered to the request of learns, land the six brokes in the surface and the surface and
