Craft Carrying to Port Survivors of the Tokuyo Maru

Preparations at Seattle to Care For Those Suffering From Exposure; Messages Telling of Death List Not Clear.

Seattle, May 3.—Preparations have been made here to care for passengers and members of the crew of the Japanese steamship Tokuyo Maru, which burned off Cape Mears, on the Oregon coast, last night with a possible loss of nine lives.

Wireless messages from the Buford, received here, said sixty-five persons had been rescued and that one sailor had died and eight were missing.

Aberdeen, Wash., May 3.—A wireless report received here says some of the survivors of the burned steamship Tokuyo Maru have been transferred from the Buford to the United States cutter Snohomish, which is reported to be making for Gray's Harbor.

A Report. San Francisco, May 3.—Eight members of the crew of the Japanese steamship Tokuyo Maru died after being taken aboard the United States army transport Buford, according to a wireless message received today from Captain Suzuki, of the Tokuyo Maru by the Toyo Kisen Kaisha, owners of the burned vessel.

Details Lacking. No details were given regarding the final fate of the Tokuyo Maru, although messages received by the company last night said the vessel had a total loss.

TO KEEP MAIL SHIPS OPERATING. American Officials Coping With Seamen's Strike.

Washington, May 3.—Rear-Admiral Benson, chairman of the United States Shipping Board, will look to naval reservists and discharged navy seamen to keep American trans-Atlantic mail ships in operation during the present wage dispute between the Board and marine workers.

Naval Men. Rear-Admiral Benson's request to the navy yard commandant was taken by Board officials to indicate an intention to use the United States navy to man the Government merchant ships in the event of continued refusal by marine workers to accept the Board's fifteen per cent. wage cut.

More Optimism. At the Labor Department greater optimism characterized the attitude of officials as conferences were arranged for Secretary Davis during the day with representatives of the shipowners, Andrew Furuseth, president of the Seafarers' Union, and a delegation of marine engineers.

Some Troubles. Baltimore, May 3.—The local marine strike situation assumed a serious aspect this afternoon, twenty members of the crew of one steamship being forcibly removed by an armed party and a fight was reported by the police.

At Boston. Boston, May 3.—Several vessels entering port here today were tied up by the marine strike. The Standard Oil tanker Brilliant was abandoned by her crew.

Greeks and Albanians Had Fight at Coritza.

Athens, May 3.—A serious outbreak has occurred between Albanians and Greeks at Coritza, a city on the border between Greece Macedonia and Albania. Eleven Greeks are reported to have been killed and many wounded.

NINETY THOUSAND RETURNS FILED

Remarkable Scenes at Closing of Income Tax Returns One Taxpayer Sends Cheque For \$140,000

Ninety thousand income tax returns had been filed and approximately \$2,400,000 collected at the head office of the income tax organization for British Columbia in the London Building, Vancouver, when at midnight, Saturday, C. H. Clendinning, inspector of taxation, for the Province, gave the word to a few hours, the employees struggled three hours longer on gigantic piles of reports.

While the force of seventy-five worked fifteen hours a day all last week—and incidentally without receiving a cent of pay for overtime—several large sacks of mail, containing thousands of letters had not been touched.

Hundreds of blanks were wasted by improper filling out and after the office had been open, but a few hours, the floor was strewn ankle deep in waste paper.

Many Forms Wasted. J. P. Forde Here to Take New Post in Federal Service

J. P. Forde, Dominion Public Works engineer, arrived in the city this morning to take charge of the Vancouver Island, Skeena and Yukon districts. He will be succeeded by Nelson, where he has been district engineer for the past eight years, by P. E. Doncaster, now senior assistant engineer at New Westminster.

Under the reorganization scheme of the Federal Government, there will hereafter be only three districts in the Province, with headquarters at Victoria, New Westminster, and Nelson. C. C. Worsford remains in charge at New Westminster.

Mr. Forde was formerly assistant engineer in the Provincial Department of Public Works and had charge of the southern interior section of British Columbia. Prior to that he was for ten years with the Canadian Pacific Railway, in charge of the Mountain Division. He has been in British Columbia for the past thirty years.

A. P. Mitchell, who has been acting district engineer here, will take the permanent appointment of senior Assistant Engineer. Mr. Mitchell's services in the department have been much appreciated and it is the policy of the Federal Government throughout the reorganization to see that none of the senior officers are obliged to step down in rank.

Mr. Forde had a long consultation with Mr. Mitchell this morning regarding the work of the local district. Asked as to whether there were any large undertakings at present contemplated, Mr. Forde replied that the dredging of the turning basin in the Harbor at Victoria would be carried out and a depth of 23 feet at low water given between Hospital Point Beacon, the G. T. P. and the Canadian Pacific Railway wharves at the Marine Department's wharves and at the Canadian Puget Sound Lumber Company's docks. The dredge Ajax will probably be here to do this work during next month.

Removing Rock. The Government's drilling plant is at present engaged in removing the rock from the southern approach to the new Johnson Street bridge, and the Ajax will also be employed to remove the blasted rock.

SIX CIVILIANS WERE KILLED IN FIGHT IN IRELAND

Limerick, May 3.—In a five-hour battle last evening near Gaibally between 150 civilians and Crown forces, six civilians were killed and fourteen were wounded. It was officially announced today. Two soldiers were wounded, one of them seriously.

500 HURT. Warsaw, May 3.—Jewish newspaper estimate there were 500 casualties among the Jewish Socialists Sunday resulting from clashes with the police.

NEW CANADIANS. Windsor, Ont., May 3.—Six hundred and sixty-eight persons were admitted to Canada through this port during April and 531 were rejected. At Walkerville 8 were admitted and 30 were rejected.

MEETING DISCUSSES LOGANBERRY CROP

Means of providing for the loganberry crop of Vancouver Island this year were discussed at a conference in the Horticultural Offices of the Provincial Government last night at a meeting of the loganberry growers of the Victoria and Island Development Association, and George G. Huesby, secretary of the association, was also among those present.

From present indications, there will be very little jam manufactured in Canada this season, says J. G. Thomson, and practically no market whatever for loganberries. The loganberry industry in Saanich and up-Island, around Cobble Hill and as far as the Cowichan, has been developed to a very large extent in the last few years, he states.

To remove the possibilities of a serious situation resulting from conditions as at present forecasted, last night's meeting was held, and the assurance is given that every means possible will be taken to provide facilities for taking care of the large crops garnered in this season by the growers of Vancouver Island. Among the possibilities suggested is the local manufacture of wine, as already outlined in The Times.

EXPECTATION IN BERLIN CHANCELLOR WILL QUIT POST

Berlin, May 3.—Belief was expressed in political quarters here today that the refusal of the United States Government to deliver the German counter-proposals on reparations to the Entente would necessitate the resignation of Chancellor Fehrenbach and Foreign Minister Simons.

CHINESE MEETING IN VANCOUVER

Vancouver, May 3.—Three hundred Chinese, representing sixty-seven branches of the Chinese Nationalist League in Canada and the United States, are gathering in Vancouver for the opening of their annual convention to-morrow. The League has no political activities in Canada. It maintains an aviation school at Saskatoon. Thirteen delegates are coming from Seattle to attend the convention.

Arthur Stringer Here: to Inspire Canadian Writers in His Plan

Arthur Stringer, the big brawny London, Ont., Canadian author, who went to New York and became one of the dozen big fiction writers on this continent, is in Victoria to-day. He will leave by boat for the North on Friday and after a motor-boat dash up some of the northern fjords into Alaska will go East over the Grand Trunk Pacific.

With him are J. Weston Taylor, of New York and Philadelphia, noted artist and designer of Saturday Evening Post covers; W. E. Chambers, English artist, who has recently been living and gathering material in Bermuda, two days out in the Atlantic from New York; and Vernon MacKenzie, managing editor of Maclean's Magazine.

Mr. Stringer is here in the interests of the Canadian Authors' Association recently formed in Montreal under the presidency of Murray Gibbon. A branch has been formed in Vancouver and one will be formed here under Mrs. E. B. Shaw, Miss Marjory Bicknell and Major J. V. Longstaff. Mr. Gibbon was in Vancouver last week organizing, but was called back to Montreal before he could come to Victoria.

TO BE REBUILT. United Cigar Stores to Open Here at Yates and Douglas

The United Cigar Store Co., operating a chain of cut price tobacco stores across Canada, and similar organization and business enterprise to the Whelan Company of the same name which covers every city in the United States, has leased the entire two-story block on the North-west corner of Yates and Douglas St.

TO LINK UP WRITERS. "It is a wrong impression to think that the Canadian Authors' Association is highbrow," said Mr. Stringer at the present, paying at the Empress Hotel to-day. "Members eligible are persons who produce copyrighted material in any form, lecture notes, scenario writers."

New Novel Goes Well. Just before Mr. Stringer started West, distribution was started of his novel, "The King of Life." Copies which reached him here to-day from the office of The Chicago Tribune show that this novel has become

SCHEME NOT READY. No Bill at Ottawa For Civil Servants

Ottawa, May 3.—The Government has no intention of introducing a permanent superannuation bill for the civil servants during the present session. Representations have been received in regard to the need for such a bill and are now being considered according to a statement by Premier Meighen.

MEETING DISCUSSES LOGANBERRY CROP. Means of providing for the loganberry crop of Vancouver Island this year were discussed at a conference in the Horticultural Offices of the Provincial Government last night at a meeting of the loganberry growers of the Victoria and Island Development Association, and George G. Huesby, secretary of the association, was also among those present.

PROVISION FOR TAKING CARE OF LOCAL PRODUCT. Gordon Head and Saanich fruit growers were represented, J. H. Sutton, secretary of the Saanich Fruit Growers' Association, Keating, and H. A. McNaughton, secretary of the Gordon Head and Provincial organizations, being present at last night's meeting. J. Carl Pendry, president of the Victoria and Island Development Association, was also among those present.

PARTY OF M. P'S. TO VISIT MONTREAL. Will See Port Facilities of That City

Montreal, May 3.—What is expected to be the largest number of members of the Dominion Parliament ever to assemble in Montreal at one time will arrive here Thursday from Ottawa as the guests for that day of the Honor Commissioners of this port. The purpose of the visit is to permit the members to see for themselves the huge strides made by this port in recent years, both as regards volume of traffic and facilities for handling it, and also to obtain a general idea of the further expansion which will become necessary as that growth continues.

PRICES IN BRITAIN. London, May 3.—(Canadian Associated Press.)—While the prices of many articles of food dropped during April, the signs now are the price recession has reached the limit, temporarily at any rate.

FOCH SAYS TROOPS CAN SEIZE RUHR AREA IN DAY

London, May 3.—Marshal Foch, who participated in to-day's meeting of Allied leaders here, said he could encircle the Ruhr region with troops in one day, and that only six or seven divisions would be necessary. The occupation would be completed on the second day, he declared, by sending patrols into the interior to take railway centres and strategic crossroads.

BELIEVE THIRTY MEN DROWNED

San Diego, Cal., May 3.—Fear is expressed that the United States fleet tug Conestoga, now thirty-seven days out from Mare Island on a voyage to Pearl Harbor, Hawaii, foundered with the loss of her crew of thirty officers and men.

DISCUSSION OF RAILWAY SITUATION

Ottawa, May 3.—(Canadian Press)—The Government has replied to the memorandum submitted by Lord Shaughnessy, chairman of the board of the Canadian Pacific Railway, in regard to the railway situation in Canada. "I think," said the Prime Minister in the House this afternoon, referring to the Government's reply, "that it contains an offer to discuss the memorandum."

MAY DAY CLASH IN ARGENTINA WAS CAUSE OF DEATHS

Buenos Ayres, May 3.—Four persons were killed and twenty-four wounded in a riot at Gualeguaychu, a city in Northern Argentina, May Day. This was the only serious disorder in this country during the day and occurred when a parade of workers clashed with one formed by the local chapter of the Argentine Patriotic League. Later the workers in Gualeguaychu declared a general strike.

Allied Governments Are Unit in Moves Against Germans

Course Mapped Out to Secure Reparations Has Approval of All Leaders; Views of Americans on Naval Action Desired.

London, May 3.—Complete agreement has been reached among the Allies on the measures to be taken in connection with the German reparations question, it was announced this evening at the conclusion of the Supreme Council's session. The Council had summoned the members of the Reparations Commission from Paris to assist in drawing the protocol for presentation to the German Government.

London, May 3.—The Allied Supreme Council to-day decided to take no naval action against Germany without consulting the United States. This was agreed to after a rather full discussion of the members of the Council with Admiral Earl Beatty and Admiral Grasset of France, of plans for naval pressure upon Germany.

The committee of experts at this morning's session reported on the plan worked out concerning the guarantees to be demanded of Germany for the payment of reparations and the Council will consider it this afternoon.

AMERICAN NOTE PLEASES BRIAND. Washington Communication Delivered to Germans

London, May 3.—Premier Briand this morning read the text of the note sent by the United States Secretary of State to Germany, urging the Government of that country to make clear and adequate proposals to the Allied Governments. He said he was greatly pleased with the note.

German Note. Berlin, May 3.—The German Government says the Lokai Anzeiger to-day, dispatched to the United States Government last Saturday a interpretation of the recent German proposals sent to Washington concerning the amount of reparations Germany was willing to pay the sum of the annuities and the mode of discounting them.

Leaders There. London, May 3.—When the Supreme Council of the Allies met to-day to receive the report of the financial experts who had been asked to work out the details of Germany in payment of reparations, and also to hear the views of military and naval experts on the measures to be taken from the Allied ultimatum, there were present, besides the Premier, the Foreign Ministers and the Finance Ministers of their respective countries.

Oppose Presence of French Troops There. Geneva, May 3.—The German Government protested through the secretary of the League of Nations against the presence of French troops in the Saar region and the exercise there of French military jurisdiction.

SUBSCRIPTIONS TO AID UNEMPLOYED
Unusual Course Adopted in New Glasgow, N. S.
New Glasgow, N. S., May 3.—New Glasgow has set about solving the problem of unemployment for her citizens. The civic government proposes to raise funds by popular subscription to carry on public works had to pay a living wage to those who are employed in that connection.

LEPER RODE IN RAILWAY CAR WITH MANY PASSENGERS
Portland, April 2.—Andros Metro, said by State and Federal authorities suffering from leprosy in an advanced stage, rode from Marshfield to Portland to-day in the midst of a car filled with other passengers. Today he will be sent back to Marshfield as sole occupant of the car.

SHOTS FIRED AT SIR JAMES CRAIG
Premier-designate of Ulster Had Narrow Escape
Belfast, May 3.—Lieut.-Colonel Sir James Craig, Premier-designate of Ulster, and Lady Craig, had a perilous adventure when returning last night to Cabin Hill, Belfast, from their temporary home, from Banbridge. Sir James had gone to Banbridge and had announced his willingness to meet Eamon de Valera for a conference on the Irish question. Upon his return a special constable on sentry duty attempted to stop their car, not having been advised to expect Sir James and his wife.

FIVE PERSONS KILLED BY FIRES
Nova Scotia's Record For Half Year Period
Halifax, May 3.—Four men and one woman were killed and nine persons were more or less seriously injured by fires in Nova Scotia during the first five months of the year, according to a report issued by the Provincial Fire Marshal's office here. The total fire losses in the province for that period were \$1,593,772, caused by 487 fires, of which the insurance loss was \$1,185,845.

IRON WORKERS IN WINNIPEG IDLE
Winnipeg, May 3.—Bridge, structural and ornamental iron workers in this city have declared a lock-out in reply to notice that their wages would be reduced twenty per cent, according to the weekly report of the district horticulturnist, which states that the orchards have been well supplied with moisture. Crop prospects generally are good.

BRITISH BUDGET PROPOSALS ADOPTED
London, May 3.—The House of Commons last evening adopted the budget resolutions. In the course of the debate, free traders tried hard to get the Government to remove the war duty of seven pence on tea and one-third thereon from motor cars, clocks, watches and musical instruments. The ground taken by the free traders was that the duties had been imposed in order to effect economy in tonnage and discourage spending money for luxuries, and that this was no longer necessary.

EMPLOYMENT

STILL DULL IN THE EASTERN CENTRES

Telephone and Transportation Firms Alone Not Affected

Dominion headquarters of the Employment Service of Canada reports that during the week ended April 2 employment returns made by 5,199 firms with a total of 590,898 employees show that, compared with the previous week, there had been a drop from payrolls a total of 18,396 workers, equivalent to a loss of 2.2 per cent. This large contraction was due in the main to a temporary shut down of railway shops chiefly in Quebec. Assigning to the base week of January 17, 1920 the index number 100, the figures for this week are represented by the index number 84.1, as compared with 85.8 for the previous week and 101.7 for the corresponding week in 1920 for the firms reporting at that date.

British Columbia and Alberta reported small increases over the preceding week. Of the other provinces, Quebec showed the most serious losses, totalling 10,223 persons, with

Ontario next in order with a total of 2,440. Sixteen industrial groups registered increases of 2,353 workers in the iron and steel products group which reported losses totalling 15,749. By far the largest proportion of the employees released were in the iron and steel products group in the province of Quebec. Other groups which reported losses were textiles (Ontario), pulp and paper (Ontario and Quebec), coal mining (Nova Scotia), and retail trade (Quebec and Manitoba). Gains were recorded in lumber (Ontario and Quebec) and British Columbia and railway and water transportation (Quebec and the Maritime Provinces).

All industries with the exception of telephone and local transportation reported a smaller volume of employment than in the corresponding week of last year, the most pronounced shrinkages being in iron and steel products, textiles, logging, lumber, railway transportation, railway maintenance and construction and leather.

British Columbia showed gains of 462 persons, equal to 1 per cent, signifying a continuance of the upward trend of the previous week. The only important losses were in iron and steel and miscellaneous manufactures, while there were larger gains in lumber, railway transportation and coal mining. Compared with the same week in 1920, employment was still almost eight points lower.

After making a few bequests, the Rev. H. H. Howard, rector of Meveyley, Salop, left the residue of his estate "towards the payment of the National Debt."

PREPARE TO SET UP MEMORIALS

Busts of George Washington in Britain

New York, May 3.—(Canadian Press)—Four memorials to George Washington will be dedicated in Great Britain during the next three months, according to an announcement made by the Sulgrave Institution, an organization composed of prominent citizens of Britain and the United States. Three of the memorials are busts presented by the Institution and the fourth is a statue which is the gift of the people of Virginia to the people of England.

One of the busts, which was executed by Williams Ormsay Partridge, will be put in St. Paul's Cathedral near the tombs of Wellington and Nelson. Another, also by Mr. Partridge, will be placed in the Town Hall of Liverpool. The third, a cast in Paris on an order from Tiffany & Co., will be unveiled at the dedication of Sulgrave Manor, the ancestral home of George Washington. The statue will be placed in Trafalgar Square.

To England. John A. Stewart, chairman of the board of governors of Sulgrave Institution, has gone to England, carrying with him not only the Partridge busts but also two bronze memorials of Abraham Lincoln containing the Gettysburg address. One of these will be placed in the old church in Hingham, England, where Lincoln's forebears worshipped, and the other in a public building to be designated by the British Government.

The Washington statue has already been shipped. It will be dedicated on June 30, in a programme arranged jointly by the Sulgrave Institution of America and Great Britain. The site for the statue was selected several years ago. An official Virginia delegation, headed by Dr. E. A. Alderman, of the University of Virginia, and Col. John W. Williams, secretary of the House of Delegates, will sail for England June 11 to present the statue, which is a replica of the Houdin statue.

To Dedicate Manor. Sulgrave Manor will be dedicated on June 28. The manor property originally cost about \$40,000, and about \$100,000 has already been spent on renovating it and restoring it. It has

already been furnished in the manner of the period with furniture presented by different persons.

The members of the Sulgrave board of trustees are Viscount Bryce, Lord Weardale, Lord Cowdray, Earl Spencer and H. S. Ferris, representing Great Britain, and J. P. Moran, Charles Phelps Taft, Alton B. Parker, Major-General Leonard Wood and Charles Stewart Davidson representing the United States. President Harding is honorary chairman of the committee of presentation, of which Mr. Parker is chairman.

IS YOUR STOMACH SOUR? DO YOU BELCH GAS?

If you have sour risings from the stomach, feet bloated and uncomfortable, just try twenty drops of Nerviline in sweetened water. Relief will come quick. Nerviline dispels the gas, sweetens the stomach, makes you fit and fine in a few minutes. As a general household remedy for many of the ills that constantly turn up, nothing is more useful in every home than a 35 cent bottle of good old "Nerviline." (Adv.)

NINETY THOUSAND RETURNS FILED

(Continued from page 1.)

About 25,000 of the total are believed to have paid the tax in full. Cheques were bundled together, several thousand in a package, and the cashiers were swamped with a flood of currency.

A Large Taxpayer. The largest single tax was \$140,000 paid by a man whose income last year was about \$250,000. His tax was slightly more than 56 per cent. of his total income. From this the amount of taxes paid by individuals ran down to a few cents.

Many persons who need not have filed returns did so, while others who must file returns, failed to do so. Notices will be sent to delinquents as soon as checking of the returns reveals their names. A penalty of 25 per cent. will be assessed those who failed to file or mail a return before 6 o'clock Saturday. Envelopes containing returns will be attached to the returns, so that the postmark may prevent any argument as to when the return was mailed.

Two Women Faint. With every member of the force working at top speed it will be several weeks before a complete check of the returns can be made. Every desk in the office was piled high with notices. The strenuous efforts of the force working long hours could not keep ahead of the flood of returns. So great had been the strain that two of the girls fainted yesterday morning and were sent home to recuperate.

A striking feature of the tax payments was that a comparatively few persons paid the bulk of the tax.

Winnipeg, May 3.—Slightly less than five million dollars was collected under the Income Taxation Act in Manitoba this year. A. W. Gibb, local inspector of Dominion taxation said today. Up till Saturday night, when the time for completing returns expired, about 25,000 people had paid their tax.

ISSUES SYLLABUS FOR FESTIVAL OF MUSIC IN DECEMBER

The syllabus for the New Westminster Musical Festival, to be held on December 1 and 2 next, which has just been completed, is now of great interest and of notable features. The Festival having now become well established this, the third annual public competition, is thrown entirely open to amateurs throughout the Dominion.

This circumstance is expected to produce a considerable increase in the number of entries, and the festival committee, of which His Honor Judge Howay is again the chairman, has accordingly set apart two days for the competition and concert.

Six sterling silver medals are offered, one for the best work in each section, as well as two shields for competition by choirs. There are altogether seventy-one classes in the syllabus. In the pianoforte and instrumental sections the classes have been regraded, so as to give students of all ages an equally fair opportunity. The new classes, now grades, ranging from primary, for students up to ten years of age, to senior, for those over eighteen years.

Among other new features is a class for dramatic soprano, a humorous song-in-character, and two classes for cello players. An organ voluntary has been added in the composition section, and some new classes provided for part singing.

The object of the Festival, which should commend it to the attention and support of all music lovers, are set forth as follows: To encourage the development of musical, dramatic and terpsichorean talent; to induce a wider and more general appreciation of those arts; to afford to students an opportunity of ascertaining the quality of their work by the judgment of eminent professors. Copies of the syllabus can be obtained from the Hon. Secy. Mrs. G. W. Webster, 147 Seventeenth Street, New Westminster, B. C.

SALARY OF \$12,000 WAS DECLINED

Toronto, May 3.—It is said that Hon. Manning Doherty, Minister of Agriculture of Ontario, was used in the election of general manager of the Niagara Peninsula Growers, Ltd., which Dr. George C. Creelman had been forced by illness to relinquish before the election. The new duties, tempting as was the salary offered, \$12,000, double his salary as Minister of Agriculture of Ontario, Mr. Doherty declined to accept. He felt he should stay with Premier Drury in the Government.

NEARLY CRAZY WITH ECZEMA

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum.

With its unbearable burning, itching and torturing relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that has done so much more for those who are almost driven to distraction with the terrible torture.

Apply it externally and it takes out the stinging, itching and burning, and promotes a healthy healing.

Take it internally and it gets at the source of the disease in the blood—for eczema is a blood disease—and drives it out of the system.

Miss L. M. Houlthier, 33 Victoria Road, Halifax, N. S., writes: "I have suffered for years from eczema. I could not rest day or night. I suffered great agony, and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised, and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me."

Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by The T. Millburn Co., Limited, Toronto, Ont. (Adv.)

TIRE VALUE WHICH NEVER VARIES

GETTING Tire Value in the first place is the only way of getting tire mileage thereafter.

Getting that "Value" rôle for twenty-seven years—no wonder people say Dunlop Tires are beyond comparison or imitation!

You heard of Dunlop Tires years ago—how they came and conquered.

And you can be sure of them to-day because proof of their success is all around you.

Where you see another make of tire, you see eight Dunlop Tires.

So "Dunlop" heads the sales list because it heads the quality test.

You have a great selection in "Traction" or "Ribbed" for Cords, and "Studded" as the Fabric Tire.

AGRICULTURISTS ELECT KLINCK

Ottawa, May 3.—The proportional representation system was used in the election of officers of the Canadian Society of Technical Agriculturists, which took place at the offices of the Proportional Representation Society here yesterday.

There were a number of candidates' names on the ballots, and when the result was announced it was found that the entire slate of 1920 officers had been returned to office with the exception of the second vice-president.

The 1921 executive of the Society will be as follows: President, Dr. L. S. Klinck, President of the University of British Columbia, Vancouver; first vice-president, H. Barton, McDonald College, Quebec; second vice-president, Jack Bracken, President of Manitoba Agricultural College, Winnipeg; honorary secretary, L. H. Newman, secretary of the Canadian Seed Growers' Association, Ottawa; general secretary, Fred H. Gindley, Gardenville, Quebec.

The Society, which will hold its annual convention at Winnipeg on June 15, 16 and 17, was organized in Ottawa.

WOMAN DIED; LEFT MANY DESCENDANTS

Belleville, Ont., May 3.—Mrs. J. Spencer, who celebrated her 100th birthday on Easter Sunday, died at Trenton on Saturday. She was born in Prince Edward County. She is survived by eighty-one grandchildren, nineteen great-grandchildren and fourteen great-great-grandchildren.

NEW BRUNSWICK DEER DECREASING

Meat Is Allowed to Be Sold on the Market

St. John, N. B., May 3.—Proposed amendment to the New Brunswick Game Act have drawn the attention of the province generally to a situation allegedly perilous to the country's reputation as a hunters' paradise. Guides and big game hunters declare that the law which permits the sale of game meat in the public market threatens the big moose and deer with extinction, and that already there is a rapid decline in the numbers of game animals in the province.

Guides say that in the old days when it was illegal to sell moose and deer carcasses in the market, residents shot only for their own use. At that time many of the farmers did not like game meat and seldom bothered going out with their rifles. But during the war years, when meat was scarce and prices high, as a war measure the game was permitted to be sold. This, it is declared, has resulted in a big business of market hunting every fall. The settler is accused of taking out a license for himself and every member of his family and getting the legal number of animals on each permit. As a moose carcass brings anywhere from \$75 to \$100, it is easily seen that forest game may be a large source of revenue for the farmer.

The financial inducement of hunting for the market is alleged to be indirectly turning away from the province many wealthy hunting parties that formerly came to New Brunswick every year.

HEAD OFFICE OF G.T.R. IN CANADA

Ottawa, May 3.—Following a brief explanation by the Prime Minister in the House yesterday afternoon, the Commons concurred in the Senate amendments to the Grand Trunk arbitration bill.

One of the amendments provides that the head office of the company shall be and meetings of its directors shall take place in Canada.

Another provides that the Grand Trunk share of the arbitration costs may be deducted from dividends payable on the guaranteed debenture stock.

A third provides that the Government may remove any director at its discretion.

THAT REFERENDUM.

Certain bright minds in the City Council have concluded that it would be a grand idea to ask the public in a referendum to say whether it would rather have Victoria students receive two years of a college course in Victoria at a cost to them of \$40 or \$50 per year as at present, or forced to go to Vancouver at a cost of at least \$750 per year.

NINE DAYS MORE.

Neither Great Britain nor France has any intention of ruining or devastating German territory if it should be necessary to occupy new areas. Further invasion would take the form of a debt collecting expedition and set a precedent in the scope of its operation.

LOOKING AHEAD.

According to some scientists the Earth will be a good deal warmer in a quarter of a million years from now than it is at the present time. It is pointed out that the British Isles at a period in the remote past were as cold as Greenland.

B. C. BEER AND WINE.

British Columbia beer and British Columbia wine—made in the Province, made by the Government, sold in the Province to British Columbians—have a meaning of their own. The proposal of Government acquisition of some of the larger breweries is a good one.

Government would be doing a good stroke of business for the people because the millions that will come from the public of British Columbia under the new law would remain in the Province for new and multiplied uses.

IRELAND.

Upon the course of events in the North and South of Ireland will depend to a very large extent the nature of the role the new Viceroy will be called upon to play.

OTHER PAPERS' VIEWS.

Football in Times of Stress (From The Citizen)
The story came from the Somme in 1914 that when the British new army went over to strike their first great sledgehammer blow at the enemy line, one of the leading companies kicked a football before them as they advanced into the German barrage.

ECONOMY MOVE.

Harding Gives Advice to Government Departments
Washington, May 3.—President Harding launched a drive to-day against what he termed the "dangerous tendency" of Government departments to live beyond the means provided for them by Congress and submit requests for deficiency appropriations to cover deficits.

PAPER MAKERS OUT ON STRIKE.

Albany, N. Y., May 3.—Approximately 12,000 members of the International Brotherhood of Paper Workers are on strike, according to J. T. Carey, president of the Brotherhood. Plants affected are located in the northwest section of the United States and in Canada.

YANKEE RIDING ON A LONDON BUS.

A Yankee riding on a London bus asked a conductor about a certain statue in Pall Mall. "That's George III," was the reply. "It took six months to erect him in six days," boasted the Yank. "And what's this monument we're just coming to?"

OTTAWA, MAY 3.—While between 250 and 400 papermakers at the E. B. Eddy plant went on strike yesterday as a result of a fifteen per cent wage reduction, the remainder of the 1,200 employees decided to make another effort to obtain better terms before going out. Most of the employees belong to the National Catholic Union.

NOTE AND COMMENT.

Victoria enjoyed two hundred and three hours of bright sunshine during the month of April. Anything the matter with that?

Indian toads are said to be fond of red-hot charcoal and find no discomfort in swallowing the glowing embers. Gordon Head strawberries should have an instant appeal.

ALDERMEN FIND REFERENDUM PLAN INVOLVES DIFFICULTIES.

With the avowed intention of abolishing the institution if possible, the majority of the City Council yesterday afternoon voted to place before the electors a referendum asking whether they want the work of the Victoria Arts College continued or not.

WOULD NOT AFFECT COLLEGE.

In any case, even supporters of the plan to abolish the college, admitted, the referendum would not necessarily have any effect upon the institution whatever. It would be simply an expression of public opinion, and need not in any way affect the attitude of the School Board.

BY-LAWS THIS MORNING.

If the Council decides to go ahead with the referendum plan the plebiscite will take place on the same day as the extraordinary school expenditure by-laws are submitted. This probably will be before the end of May. Arrangements for the by-laws and referendum will be made immediately.

EXPLAINS COLLEGE COSTS.

Alderman Aitken quoted figures to the Council, showing that the cost of the school board's operation in 1920 was \$1,000,000. He explained that the cost of the school board's operation in 1920 was \$1,000,000.

UNDER PROTEST.

When the Council was informed that it had no power to raise the school board's operation, the members of the school board were under protest. They stated that they would not accept the Council's decision.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

THE MOON GIRL'S GARDEN
The Fairies say that long, long ago there were no stars in the sky, that only the Moon Man and his daughter lived there and that the Moon Girl grew very lonely up there all alone with nothing to do.
One night when she was looking down on the Earth the Moon Girl saw a field of daisies and she wished she had some flowers up in the sky, so she told the Moon Man that if she had a garden to care for she would never be lonely again.
"Away down there on the Earth," she said, "I see many beautiful flowers. Father, but of all the flowers I want the pretty white pealed flowers with yellow eyes the most. Please let me have them up here; they will look beautiful in my garden of bliss."
Mr. Moon Man thought a long time before he replied, and being very wise the Moon Girl did not leave, but waited patiently for her father's answer.
The next night Moon Man threw a moonbeam path straight down to the Earth in all the daisy fields, and giving his daughter a silver clasp for a basket, he told her to run along and pick all she wanted.
"But mind, they must all be back in their places in the morning,"

Mrs. J. D. Gordon, District Superintendent of the Homes Branch of the Soldiers' Settlement Board, is leaving for the mainland last night.
Mrs. W. R. Hull, of Calgary, entertained a number of out-of-town friends informally at the tea on yesterday afternoon at the Empress Hotel.

FLORENCE NIGHTINGALE CHAPTER WILL HOLD ANNIVERSARY TEA

The Florence Nightingale Chapter, I. O. D. E., is holding a general anniversary business at its regular monthly meeting yesterday afternoon, the regent, Mrs. H. F. Crowe, presiding. Mrs. R. S. Day was appointed to represent the Chapter at the National Chapter meeting in Toronto at the end of the month.

Plans were made for the holding of a silver jubilee at the Jubilee Hospital on May 14, the anniversary of the birth-day of Florence Nightingale. The affair will be under the convener's auspices of Mrs. M. S. Seabrook. Young reported for the maternity committee, Mrs. Dunsmuir, who was present at the meeting, donating \$5 to this fund and also \$15 to the Chapter for special work.

A report on the Travellers' Aid was read by Miss Litt-Smith from Mrs. E. M. Scholten. It was from Mrs. Bailey with reference to the Powl Bay Girl Guide Company, and a letter of thanks from the Y. W. C. A. for the articles of clothing donated for a stall at the Fair of Nations.

Reports showed that the recent card party had netted the sum of \$69.50 and a standing vote of thanks was passed to Miss Jessie Mackenzie for the use of the Nurses' Home for the occasion. Mrs. H. F. Crowe, the regent, opened in the early morning. It is sleepy because all night it has been blooming for the Moon Girl.

And the Fairies say, too, that the Moon Girl is no longer lonely, because she has her beautiful blue garden filled with flowers.

And that is the reason that sometimes you see a daisy that is not wide opened in the early morning. It is sleepy because all night it has been blooming for the Moon Girl.

Edgard Jose, one of the best known motion picture directors in the United States and Europe, will direct Alice Joyce in her next picture, Albert E. Smith, president of the Vitagraph Company, announces. Mr. Jose directed both "The Scarab Ring," just completed by Miss Joyce, and "Her Lord and Master," the previous Alice Joyce Production. His next picture will be an adaptation of the well-known novel, "The Blood Red Dawn," by Charles Caldwell Doble.

Ladies' Aid Meet.—At the residence of Mrs. M. E. Poirer, 1214 Decar Street, the monthly meeting of the Ladies' Aid Society of St. Andrew's Presbyterian Church took place yesterday afternoon. Mrs. J. B. McKinnon presiding. Many important matters were discussed, and it was decided to hold an afternoon tea on Thursday, May 12, at the Regent. At the conclusion of the business session, tea was served by the hostess, and a pleasant informal hour spent.

R. V. Harvey Chapter.—A meeting of the Robert Valentine Harvey Chapter, I. O. D. E., will be held this evening at the home of Mrs. W. R. Sayer, Argyle Road, Mount Tolmie, commencing at eight o'clock.

Plan Garden Party.—At a meeting of the Equinault Chapter, I. O. D. E., at the Seilers' Club, Equinault, yesterday afternoon, it was decided to hold a garden party on June 23, at "Mount Adelaide," the home of Mrs. Henry Croft, Mrs. Croft, the Regent, presiding.

CATHOLIC WOMEN ORGANIZED HERE

Local Branch Is Formed of Catholic Women's League

A large and enthusiastic meeting of representative Catholic women of the city at the Knights of Columbus Hall at 2 o'clock yesterday afternoon resulted in the formation of a branch of the Catholic Women's League of Canada in Victoria.

Father Wood, who presided, introduced Mrs. Knell, of Ottawa, National organizer of the Catholic Women's League, who in an inspiring address put before the meeting its aim and the reasons which led to its formation. She pointed out that the Catholic women in practically every country of the world had come to realize that if they were to make their general influence most effective, and if they were to protect themselves against misrepresentation and secure fair treatment widespread organization was essential. The women of Italy, France, Spain, the United States and especially the Catholic women of England had been able to accomplish a very great deal to the general advantage of their sex by careful organization. During the war the general public in England had been very struck by the efficiency with which the English Catholic Women's League had been able to provide for the numbers of Belgian emigrants who had flooded the country, and to carry on army huts in every camp in England and France. In Canada, Catholic women had only recently begun to organize. The first general meeting of the Catholic Women's League of Canada was held in Montreal in June, 1918, when the following officers were elected: President, Miss Guerin, Montreal; Vice-Presidents, Mrs. C. J. Doherty, Ottawa; Miss Gertrude Lawler, M. A., Toronto; Mrs. John E. Owens, St. John, New Brunswick; Honorary Secretary, Mrs. Walter Armstrong, Ottawa. Branches have already been organized in practically every city of the Dominion.

Mrs. Knell laid emphasis on the fact that Catholic women held principles on many questions of national importance which could not be neglected in any public life. Education, the marriage tie, public health, immigration were all matters affecting the welfare of her families and the future of her country, in which it was imperative that her voice should be heard. The granting of the franchise to women had given them the power to make their influence felt with regard to these problems so fraught with danger, if not solved in the right way. The Catholic Women's League was designed to bring scattered and isolated bodies of Catholic women into touch with their co-religionists throughout the country and provide that strength which came from union.

In response to Mrs. Knell's invitation to proceed with organization at once, the following provisional officers were elected: President, Mrs. E. H. Fletcher, Vice-President, Mrs. J. D. Carlin, Mrs. Douglas Hallam, Mrs. Carvin, Secretary, Miss Genevieve Hartnell; Treasurer, Miss M. Stewart.

LADIES' GUILD HELD ENJOYABLE BRIDGE AT DALLAS HOTEL

Twenty-three card tables were engaged in play at the very enjoyable and successful bridge and five hundred party arranged at the Dallas Hotel yesterday afternoon under the auspices of the Ladies' Guild for Sailors. As a result of the affair a sum in the neighborhood of \$500 was raised for the Connaught Seaman's Institute.

Mrs. Alice Thomson, the president, received the guests in the elegant drawing-room, which was gay with flowers while a blazing log fire added a cheery note. Tables were convoked by Mrs. J. W. Troup, Mrs. R. D. House, Mrs. J. W. Troup, Mrs. R. D. Knowles, Mrs. J. D. Sylvester, Mrs. Cartridge, Mrs. Thomson, Mrs. (Dr.) Somers, Mrs. Moore, Mrs. Green, Miss Leahy, Mrs. Legg, Mrs. Galletly, Mrs. Cusack, Miss Sara Spencer, Mrs. O'Halloran, Mrs. Brady, Mrs. Wood, Mrs. Runford and Mrs. H. Goepel.

A dainty doll pin cushion made and donated by Mrs. Playfair was the bridge prize. Mrs. Thomson donated the five hundred prize, a handsome

During the afternoon a delightful musical programme was given by Mrs. R. H. Pooley and Mrs. C. E. Wilson. Mrs. Miss Carol Poore contributing vocal selections, with R. B. Mackenzie at the piano, and Miss Ella Pooley giving a clever recitation. Tea was daintily served. Mrs. Thomson being assisted by Mrs. Sayer, Mrs. J. Gordon Smith, Mrs. Weaver and Mrs. J. Kingham. Mrs. Wilders was in charge of the five hundred arrangements and Mrs. Purser the bridge.

Much satisfaction was expressed by the members of the Agnes Deans Cameron Chapter, I. O. D. E., yesterday afternoon at the recent election of two of their members, Mrs. David Miller and Miss A. B. Coore, to the Provincial Executive. Mrs. Miller will be the chapter's delegate to the forthcoming annual meeting of the National Chapter, and the matter of voting will be left entirely to her discretion.

Mrs. L. H. Hardie, the regent, was in the chair.

A standing vote of sympathy was passed to Mrs. Patt on the death of her sister, Miss Sutton, who had been one of the chapter's most ardent workers during the late war, and had been accorded a war worker's badge.

The chapter's booth at the recent Fair of Nations netted the splendid sum of \$23.25, which was to be invested in war bonds and added to the chapter's fund for the erection of an Agnes Deans Cameron memorial

Science Proves the Danger of Bleeding Gums

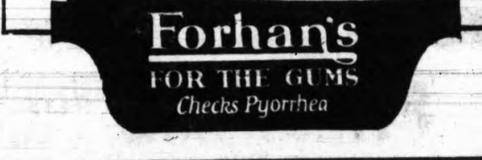

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhoea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhoea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhoea germs.

Guard your health and your teeth. Keep Pyorrhoea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

The chapter has decided to hold a series of silver teas, the first to take place at the home of Mrs. William Tunwell, 244 Fernwood Avenue, on Saturday, May 21.

Mrs. McFarlane reported on the educational work. The chapter has subscribed to the Secondary Education Scheme, and has also decided to place an illustrated picture of the "Burial of an Unknown Soldier" in the South Park School. Mrs. L. H. Hardie and Mrs. Wootton reported on the respective meetings of the Municipal Chapter and the Provincial committee.

The committee have secured the services of Professor Heaton's orchestra for the occasion, and arrangements are in progress for the supper.

TENNIS DANCE Opening of the Season to be Marked by Social Function on May 16

Those who have had the good fortune to attend the dances held during the last two or three years under the auspices of the Victoria Lawn Tennis Club will be pleased to learn that another of these popular functions will be held on Monday evening, May 16, in the Alexandra ballroom. This will be the opening dance of the season, affording an opportunity for all the new members to get acquainted with the older members.

The opening of the tennis season is usually celebrated by a big dance, and as the Victoria Lawn Tennis Club courts are to be opened officially on May 24, the dance will be a forerunner of the games.

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSHAW

CHAPTER XXVII.
The Solving of the Riddle

"For the sake of le bon dieu, man, cease your cruel mockery!" said Breiller, suddenly, in a husky voice, as the clock rose to meet the interrupted flow of oratory, and the court banged his mace for quiet.

"You didn't think of the cruel mockery of God's good world, which you were helping so successfully to ruin?" continued the detective, speaking to the court but at Breiller, each word pointed as a barb, each pause more pregnant with scorn than the spoken words had been. "You didn't think of that, did you? Oh, no! You gave no thought to the ruined home and the weeping wife, the broken-hearted mother and the fatherless child. That was outside your reckoning altogether. And, if hearsay be true (and in this case I believe it is) you even went so far as to kill a defenceless woman who had been brave enough to wander out across that particular part of the Pans just to see what those flames really were. And yet, your lordship, this man howls for mercy."

He paused a moment and passed a hand wearily over his forehead. The telling of the tale was not easy, and the expression of Goulette Breiller's tear-misted eyes added to the difficulty of it. But he knew he must spare no detail; in fairness to the man who stood in the dock, in fairness to the law he served, and in whose service he had unravelled this riddle which at first had seemed so inexplicable.

"Then the judge spoke."

"The court must congratulate you, Mr. Cleek," he said in his fine metallic voice, "upon the excellent and intricate work you have done on this case. Believe me, the law appreciates it, and I, as one of its humble exponents, must admit my admiration to the rest. Permit me, however, to ask one or two questions. In the first place, before we proceed further with the case, I should like you to give me any explanation that you can relative to the matter of what the prisoner here has told us with regard to the story of the Frozen Flame. This gentleman has said that the story goes that whenever a new victim had been claimed by the flames, that he completely vanishes, and that another flame appears in amongst its fellows. The prisoner has declared to us to be true; in fact, has actually sworn upon oath, that he has seen this thing with his own eyes the night that Deere Wynne was killed. I confess that upon hearing this I had my strong suspicions of his veracity. Can you explain it any clearer?"

Cleek smiled a trifle whimsically, then he nodded.

"I can. Shortly after I made my discovery of the secret passage that led out upon the Pans—the entrance to it, by the way, was marked by a patch of charred grass about the size of a small round table (you remember, Dollops, I asked you if you noticed anything when you stepped up, if one had been enough eyes to discover it, and revealed the trap-door beneath—Dollops and I set out on another tour of investigation; we were determined to take a sporting chance on being winged by the watchful guards and have a look round behind those flames for ourselves. We did this. It happened that we slipped

PICNIC AND SPORTS AT SOOKE HARBOR

Special Arrangements Are Planned For Next Holiday

Sooke—Empire Day, May 24, will be celebrated at Sooke Harbor by a picnic and sports, which will be organized under the combined auspices of the Sooke Harbor, Otter Point and Jordan River Athletic Clubs. The event which has been an annual fixture now for more elaborate than ever this year and no doubt will attract a very large percentage of the sport loving people of Victoria, who always look forward to these country sports meetings. A feature of last year's meeting was the competing of the athletic teams from the various country districts, Jordan River winning with Sooke a close runner-up. This no doubt will attract considerable local interest this time. The greasy pig-will again be given its freedom and turned loose in the crowd and all the other side attractions that made the last picnic so popular, will be in evidence. The annual races between the dories of the different fishing camps will take place and other boat races in addition will be staged. Swimming races will also be a feature and bass fishing will be the respective clubs of the district. The tug-of-war which was also such a feature last year will again be pulled. There will be special races for boys and girls of the usual dance will be held at the hotel in the evening. An energetic committee consisting of Major Nicholson, P. Graignic, H. Vogel and W. Miller Higgs are working out all details and a great day is promised all.

Accident.
Sooke—On Saturday afternoon, April 30, an unfortunate accident occurred in Sooke village to Tristram Willett, who was assisting in some land clearing work.

The team he was driving was pulling on a portion of an old stump, when as it came out of the ground, the weight fell in quite an unexpected direction, throwing the driver and pinned him to the ground. Messrs. Dobson and Carscadden quickly raised the weight from off the suffering man, and Dr. Richard Felton was soon on the spot, and ably rendered first aid as was also his family doctor, Dr. W. G. Calvert, from Sooke River. It was found that the left leg was broken in three places below the knee. Through the kindness of Mr. Stinson, who came the night with his son Marlin car, he was removed to St. Joseph's Hospital, Victoria, accompanied by Mrs. Willett. The injured man is progressing favorably as can be expected. He served in France during the war, and is very greatly respected throughout the Sooke district.

Boys' Naval Brigade.
Sooke—Twenty out of the twenty-seven lads who are members of the Sooke sub-division of the Victoria Boys' Naval Brigade paraded to Holy Trinity Church at 3 p.m. on Sunday May 1, when they were addressed by Bishop Schofield on the words, "His Servants Shall Serve Him," Rev. X.M.S. The Bishop very appropriately closed his address by reference to the example of faithful service to king and country exemplified in the death of the sailor boy Jack Cornwall, V. C. in H. M. S. Chester at the Battle of Jutland.

Coming Comedy at Sooke Hall.
Sooke—Quite a number of ladies in Sooke are busy preparing for a most amusing comedy to be given in the Sooke Hall on Friday, May 13, entitled "The Old Maids' Convention." Among those taking part are Mrs. Anne Hastings, Mrs. Alice Reid, Mrs. J. E. Muir, Mrs. McBride, Mrs. William, Mrs. Fery, Mrs. C. C. Tremchard and the Misses Reid, May Hatcher, Agnes McBride, Esther Willett and Veronique Willett, with W. Miller Higgs taking the part of the professor. The comedy will be followed by a dance and the proceeds of the entertainment will be donated to the funds of the English Church.

Sooke Inner Harbor.
Sooke—This fine protected area of some four square miles of deep water, studded with picturesque islands with its attractive bays and beaches is commanding public attention and development has already commenced by recent settlers, who are delighted with their location. This is in fact the most beautiful spot on Southern Vancouver Island will now quickly become a well-known Summer resort. Its freedom from the river winds and fog is a great thing too, in its favor.

May Day Concert.
Luxton—A well-attended concert and social was held at Luxton Hall on Saturday evening, the programme being given by the children of Luxton and Happy Valley, with May Day ceremonies predominating. Proceedings commenced with the usual drill, the barber's pole and the spider's web were the figures carried out, creating much applause. The crowning feature of the evening was the recitation followed, Miss Gladys Dallimore very prettily taking the part with Phyllis Bryce and Oha Kennedy.

A short concert programme given by some of the children followed: Oha Kennedy, recitation; Grandmother and Grandfather, by the children, which created much amusement and were heartily applauded, especially the two little tots, Verna Smith and Wilbur Rhodes, aged five and four years, respectively; John Stockhand, piano solo; May Hall, recitation "Nigger Boys," also encouraged. Miss Lorraine, a very competent, contributed a very nicely-rendered piano solo.

Mme. Valda Lund, ably assisted by Miss Frances Bass and Miss Les Kennedy, both of whom showed great interest and worked hard in preparation for the children for the concert, were the recipients of a handsome certificate of appreciation which was presented by Capt. Baker.

Refreshments, games for the children and dancing concluded a very enjoyable evening, closing with the National Anthem.

Part of the proceeds will be used in making suitable purses for the children for their school games.

Shawigan Lake.
Shawigan Lake, May 3.—At a meeting of the members and friends of the Shawigan and Cowichan District Methodist Church in the parish, the resident minister, Rev. A. E. Stephenson presiding, the Rev. Wilkinson, of Victoria, was present representing Dr. Stinson of the Victoria and District Board. There was a large attendance from Cowichan, Mill Bay, Cobble Hill, and the surrounding districts. The Rev. Methodism in the district was reviewed and plans made for further work.

Rev. A. E. Stephenson gave a very comprehensive account of the year's work. New members had been added to the church and much good done in the logging camps and on the district. He pointed out that the district was large and kept him fully occupied. He thanked the members for their loyal support.

Rev. Wilkinson gave a spirited address. The meeting was a very successful one in every way.

For Ladies' Aid.
Mr. and Mrs. John Baker entertained at their home on the lakeside, the object being to raise funds for the ladies' aid of the Methodist Church. Guesting consisted of games, singing and a fish pond at 10 cents a dip were the means employed. Many kind and welcome catches were made. Mrs. Gibson, Mrs. F. E. Eijford and J. Phillips seemed to have the right kind of bait, and were the successful winners. A very substantial sum was raised for a very worthy object.

An Accident.
Master Rowley Ricketts, of Esquimalt, met with a very painful accident. Accompanied by two other boys, he was staying in a cabin on the West Arm and while chopping wood by the light of the boys, who was using the axe, struck a knot. The axe glanced and struck Ricketts's hand, cutting through the bone and severing the tendons. Fortunately the nurse Stinele was staying nearby and gave first aid. A doctor responded to a telephone call and attended to the little fellow.

On May 13.
The bachelors of Shawigan Lake have decided on Friday, May 13, as the date for their second annual ball. They have no fear of a hoodoo. The Shawigan Lake Lumber Company has completed logging on the Malahat side of the lake and is busy moving the two donkey engines and equipment to the west side of the lake, where it will be used for the timber. Although the mill is closed down, the company is still shipping lumber. Several cars were dispatched last week.

Wedding.
A quiet wedding took place at the residence of Rev. W. Christmas, Dunsmuir, when Miss Thelma Brown, daughter of Mrs. E. M. Bolden, Mill Bay, became the bride of Sydney Yates, second son of the late Frederick Yates, ironmaster of Elnachurn, Lancashire, England. The wedding was attended by a few close friends. The honeymoon will be spent in motor trips up Island. It is the intention of Mr. and Mrs. Yates to make their permanent residence at Shawigan Lake. The marriage of Mr. Yates came as a great surprise to his many bachelor friends.

Empire Day Celebration.
Cumberland—Preliminary work in connection with the Empire Day Celebration is well under way. Chairmen of committees have been appointed as follows, with power to add to the various committees: Sports and programme, S. Davis; finance, H. Leaven and N. Lewis; grounds, Hugh Bates; collection, J. Sutherland; parade and maypole dance, J. Davis. A committee will visit Union Bay to make arrangements for the May Queen and her attendants.

Fancy Dress Ball.
The boys and girls are eagerly looking forward to the fancy dress ball which is to be held in the Ho-Ho Hall on Friday, May 13, at the Hotel Hospital Auxiliary are working hard to make it a success.

Returning to Nanaimo.
Nanaimo—Mr. Cunningham, who has had charge of the customs office for some time, is being recalled to Campbell River, on Thursday last, when Michael Pembroke met his death. He was a logger in the employ of the company, and was standing near the landing stage when he was struck by a log. Tackle had been attached to a log across which another had fallen, and when power was put on to move the under log, it threw the top log off, striking Pembroke in the head, killing him instantly. He was forty-two years of age, and his

FIRST-AID FOR THE SKIN

YOU CANNOT AFFORD TO BE WITHOUT ZAM-BUK.

No matter how careful a mother may be in preparing the meals or in house cleaning, she cannot avoid Cuts, Burns and Scalds. Children, likewise, seem to have a special weakness for knocking and bruising their limbs and faces, and for catching any prevalent skin or scalp disease from their playmates.

Whether for Eczema, Abscesses Ulcers, Piles, Bad Legs, Boils, Poisoned Wounds or children's Ringworm, Zam-Buk is the ideal "Home Doctor," being safe, sure and swift in its soothing, healing and antiseptic action.

A unique substance prepared from valuable herbal oils and extracts, Zam-Buk contains no lard or other animal fat nor any poisonous mineral drug. In a natural way Zam-Buk takes the "fire" and smarting pain out of a wound or sore, and it kills and expels disease and poison germs. Having thoroughly cleansed a sore and got rid of all corruption and germs, Zam-Buk then heals it by growing healthy new skin.

"There's nothing 'but is good'" as Zam-Buk because it is a specific and is very different to the best of common salves and ointments often palmed off on the unwary, Zam-Buk is so pure and highly refined that it penetrates into the underlying tissues and roots out skin trouble. Zam-Buk healing is permanent healing for it performs its work in a new way. You can easily prove that for yourself.

SEND FOR A FREE SAMPLE. Cut out this announcement and write across it the name and date of this paper. Forward the cutting with a 1c. stamp (for return postage) to Zam-Buk Co., Toronto. Sample Box will be mailed by return. 50c. box, 3 for \$1.25. All dealers.

THE WILLIS PIANO

Easy to Mix—Easy to Apply

All you need is a brush and a pail of cold water. It mixes readily and spreads evenly without leaving brush marks. It is economical—costs one-third as much as paper, and one-fifth as much as paint. One coat is sufficient to give a rich, beautiful tint. When you decorate save money by using

Mother's Bad Leg.
Mrs. R. Terrell, 140 Duran St. Montreal, says: "For five years I had a bad leg, through a bruise. I suffered intensely and couldn't walk about. Other treatments had failed when Zam-Buk was recommended. There was marked improvement as I steadily progressed with Zam-Buk. Now the leg is the same as the leg of five years' standing; is completely healed."

Child's Skin Sores.
Mrs. J. Cameron, of Hells, Man. writes: "My little son's head and hands were covered with eczema. I tried numerous ointments, and he was under doctor's treatment for some time, but nothing could cure him. Then I tried Zam-Buk. A week's treatment gave wonderful results, and perseverance with Zam-Buk resulted in the child's skin being thoroughly cleansed."

Worker's Burns.
Mr. G. T. Ryall, 548 1/2th Avenue, E. Vancouver, writes: "As my foot badly burnt with electric light at the soap works, after three months' medical treatment the place remained an open sore. Then I began to use Zam-Buk and in three weeks the wound had healed and the foot was made quite sound."

WORK OF LAYING TELEPHONE CABLE IS NOW COMPLETE

Vancouver Island End of the Cable Pulled Ashore at Nanaimo on Sunday

Early on Sunday morning the Vancouver Island end of the second submarine cable to reach across from Point Grey was pulled ashore on Newcastle Island, just off Nanaimo Harbor, completing a cable-laying stunt which was made strenuous by the storm on Saturday afternoon. Although a heavy sou'-easter blew across the gulf and delayed progress, the laying was not seriously interfered with, anchoring overnight being the only feature not originally counted upon.

On Technical Training.—Speaking to the Central Parent-Teachers' Association at the Girls' Central School last night, Captain G. Breadner said that Victoria lacked adequate facilities for promoting children in this important branch of work. Technical training was recognized the world over as the only means of turning out efficiently equipped boys for the work that lay before them. Trustees Mrs. Spofford also addressed the meeting on the question of school financing. The Association decided to support an "Educational Week" for the purpose of educating the parents as to the necessity of educating their children and President F. E. Winslow was appointed on the committee on arrangements. A short musical programme was given in which Miss Middleton, J. G. Brown and Harold Bassett took part.

LIVELY POLICE BOARD MEETING

Commissioner North Announces His Disposal of Everything

"I never saw anything like it before," stated Mayor Porter to-day in connection with the actions of Commissioner J. North at the meeting of the Police Commission last night in Chief Fry's office. "His condition was indescribable, and his language was simply vile. It was only at the earnest solicitations from Dr. Hall that I stayed in the chair as Chief Fry offered to put him out, but of course I did not want that," concluded His Worship.

The meeting was a special one to consider the case of Constable Wilkinson, who has been away from duty for the past three months. The Board finally decided to give the constable one month's notice of discharge.

Sunday Evening Concerts.

An application was heard from Mr. Webb, manager of the G. W. V. A. concert band, asking for permission to charge an admission fee for Sunday night concerts.

Mr. Webb, who was present, outlined his application to the Board.

Commissioner North expressed his personal approval of granting the permission, and stated that he would also like to see baseball games on Sundays, declaring that the entertainment thus provided would keep girls and boys out of Beacon Hill Park at night.

Chief Fry pointed out that there was a Federal statute governing the matter, and that the Commission had no control over that.

Commissioner North, banging the table lustily, stated that "as far as he could see the only thing left was to send a delegation to Ottawa to talk business with those guys."

Makes Allegations.

From this Commissioner North led the Board to the consideration of ex-Chief Langley, and the detective department. He made charges against the persons named.

Will Not Be Pacified.

Commissioner North declared that the members of the detective department were "...." and his excitement rose as he began the attack in front of Chief Fry. In vain the Mayor, Dr. Hall, and others tried to pacify the excited Commissioner, who, however, went on his tirade.

"Never you mind," declared Commissioner North when Chief Fry re-narrated. "You are only a chief and I am a Commissioner, your superior—let me follow you up this up by telling the chief that you're not the man he had thought him, and stating that the Commission had made a mistake in promoting Mr. Fry to chief."

Commissioner Dr. Hall tried to quieten his fellow Commissioner North, Joe, and I have been following him and I have stood up for you."

"That's all right, Doc, but I am going to get my own way and don't you forget it," declared Commissioner North.

Chief Fry offered to the Mayor to have Mr. North removed for the time until he calmed down.

The Mayor, however, would not consent to this.

Question of Choice.

Commissioner North turned to Chief Fry and asked him why he had not recommended Constable Harper Foster and Ireland for the positions of sergeant. Chief Fry responded, telling how recommendations were made, and asked the Commissioner if he lacked confidence in his choice.

Commissioner North here branched off on the subject of the detectives. He stated that Captain Tennant, of the Seattle police department, a personal friend of Detective Inspector Perdue, had threatened to use his influence with the Seattle police for which the Commissioner is solicitor in this city.

"Those threats don't worry me. I can go and dig clams," concluded the Commissioner.

Colleagues Protest.

After the meeting had been brought to a conclusion, Dr. Hall took charge of Commissioner North, and took him away in his car. Interviewed after the meeting Mayor Porter expressed himself at a loss to understand either the statements, actions, or the condition of the excited Commissioner, stating that he would not again sit on the board unless the erring one mended his ways, and became a little more orderly and docile.

"I don't propose hereafter to subject myself to such abuse," stated the Mayor. "At times to-night I felt inclined to get up and leave the meeting, but Dr. Hall urged me to remain in the chair. I am about sick of the antics of Commissioner North, whose condition and conduct to-night, such that it was a disgrace to the board."

Chief Fry, asked about the incident, stated that if the commissioner had acted similarly and used the same language on the street, he would have been arrested by the first constable who heard him.

Another Criticism.

Alderman Sangster, who attended last night's meeting of the board in order to get some idea of the procedure adopted, as he is to be chairman in the absence of the Mayor, stated to-day that he would not call any meetings if that was the regular procedure, but that if it were a departure from the usual practice, the usual practice would have to be very different before he would tolerate it at all.

"His language was awful, and he should have been in jail," added Alderman Sangster.

"P.-I." Baseball Season Opens To-day

Caps Meet Beavers; Yakima Plays Tacoma

Opening Games Being Staged In Vancouver and Tacoma With Plenty of Ceremony; Mayor Gale Pitching First Ball Against Victoria; Brindza to Twirl For Beavers.

Vancouver, May 3.—To-day's the big day. Victoria and Vancouver tilt the lid on the P. I. L. race at the Fifth Avenue lot, the game being scheduled for 3.30 o'clock. Joe Carroll is here to call 'em behind the log, and among the invited guests of the day will be President J. C. Klepper of the Seattle P. C. Club. He arrived to-day and will be out for the big doings. He wants to give Vancouver the once over in view of the chances of this city going into the big circuit next year.

The local club officials have arranged for a big parade and the usual copyright proceedings preceding the opener. There will be speechmaking, the firing of the first ball by Mayor Gale and other entertaining features. Brindza will probably be called on to pitch to-day's game, with Bill Gleason behind the bat. Catcher Dorman will probably be sent back to Oakland, Gleason and Boer being practically selected to do the back-stopping for the Beavers. Manager Blankenship of Victoria, will use either Washington or Lawson on the mound.

Nothing very much is known of any of the teams on the circuit. Tacoma is stronger than last year, and according to reports from the other teams every team has been bolstered to that the race should be a very keen one.

Every club manager at the present time is a bit fidgety. None of them know just what the other fellow has got in the way of a ball team. There have been no chances for the managers to meet about, and look over the other teams, as each has been too busy building up his own squad.

Two new managers are making their appearance in the league this year, and both are playing regular positions. Purtek, whom Bob Brown obtained from Akron in the International League, is handling the Vancouver Beavers, and is performing at third base. Carley Mullen, who is this year in charge of the destinies of the Tacoma team, is holding down first base.

When asked last night before departing for Vancouver as to whether or not he had a parting word for the fans, Manager Blankenship replied that if he had a large vocabulary he could be able to say a good many words, but under the circumstances he would give the fans a little food for thought.

"We have a sweet little ball team," said Cliff. "I am greatly pleased with the way the boys have come on since they reported here, and if they can continue to improve the other teams in the league have got to be extra special if they want to keep pace with us. I am satisfied in every way, and to into the opening series with every confidence that we will be able to hold up our end. Every man is fit and barring accidents, we must be figured on in the race."

The fans here are watching with interest the play of the local team on the road. The Capitals will be away for two weeks, and will return here on May 16 to open a series with Tacoma.

Jimmy Church arrived here yesterday afternoon in time to accompany the team to Vancouver. Manager Blankenship was not sure whether or not he would use Church at second to-day. He intends to look over Church in the preliminary practice, and if he appears in shape will put him in the batting order. Lilly will fill in in case Jimmy is not ready.

Tacoma Plans Big Time. The Yakima Braves arrived here yesterday afternoon in time to accompany the team to Vancouver. Manager Blankenship was not sure whether or not he would use Church at second to-day. He intends to look over Church in the preliminary practice, and if he appears in shape will put him in the batting order. Lilly will fill in in case Jimmy is not ready.

Buffalo, N. Y., May 3.—Jack Dempsey must appear in court in Batavia, Monday, even if he has to break training, if he wants to defend in person a suit for \$100,000 brought against him by P. P. Spellman for royalties alleged due. The heavyweight champion's lawyer asked for a postponement until after the fight with Carpenter, July 2, but Justice Taylor denied the request.

Orangeville Lacrosse Team Talks Of Leaving For Victoria May 14

Arrangements Made by Ontario Amateur Lacrosse Association to Allow Eastern Champions to Come West After Mann Cup.—Victoria Lacrosse Club Ready to Play.—Game May Be Staged on Empire Day.

Toronto, May 3.—The Orangeville Dufferins, champions of the senior series of the Ontario Amateur Lacrosse Association, it is understood, will leave for Victoria on May 14 to play the coast champions for possession of the Mann Cup. It was announced last night that Orangeville's first league game would not be played until June 11 to provide for this contingency. Officials of the Victoria Lacrosse Club, when informed by The Times this morning of the contents of the telegram received from Toronto, expressed the hope that the Eastern champions would pay a visit to Victoria.

Red Sox Plan To Reduce Ruth's Hitting Success

Famous Slugger Robbed of Two Safe Blows Yesterday by Sensational Fielding of Boston — Stuffy McInnes Originated Idea

Boston, May 3.—Conceding there is no defence against the home run-clouting of Babe Ruth, infielders of the Red Sox nevertheless think the Yankee outfielder's hitting can be cut down. To this end they have worked out a defensive scheme of play that proved effective yesterday.

The deployment, said to have been conceived by Stuffy McInnes, puts all the infielders back on the grass beyond the diamond. The third baseman plays a bit to the right of his usual position, the shortstop is almost back of second base and the second and first basemen play what is virtually a short right field. The pitcher is assigned to cover first base.

In its first test yesterday the scheme showed results as follows: First time up Ruth hit hard to the right of second base. Pratt's position made possible a stop and a throw that caught the runner. The next time Ruth struck out, but on his third run at bat the new defence was tried again. Catching a low curve with a hard swing, Ruth smashed the ball toward the right field. McInnes from his deep position swung across to make a sensational stop, back-handed, and continuing his dash beat Ruth by sliding for first base.

Hard Tennis Courts Are in Big Demand

Victoria Lawn Tennis Club Will Not Open Grass Courts for Awhile

The Victoria Lawn Tennis Club's new hard courts have been in great demand of late. Last Saturday afternoon about fifty members were present. Tennis is becoming more popular every year and the club is receiving applications for membership every day. The list for ladies has been closed temporarily and a waiting list established until vacancies occur. There are still openings for gentlemen.

The grass courts are usually opened for play on Saturday, but on account of the large and continuous rainfall with dull and windy weather it is almost certain that some of the courts will not be opened for play by the time the grounds committee is anxious to provide courts, but does not wish to open them too soon, until the young grass has taken good root. It is hoped if fine weather prevails to open two or three courts on Saturday, May 14, and a few more the following Saturday.

Elimination in Vancouver. There is a possibility of the elimination contests for Canada's Davis Cup team being played at Vancouver, and strong representations are being made to the Canadian Lawn Tennis Association to have the matches between Australia and Canada played at Vancouver, Victoria, and Vancouver have joined hands in the matter and the Victoria Lawn Tennis Club is behind Vancouver with every ounce of weight to secure the matches on the Coast. No where in Canada are there grass courts to compare with Victoria, and Vancouver has praised Victoria courts highly. Last year the American visitors were highly delighted and others have said Victoria's courts are second only to Forest Hills, New York. Tennis enthusiasts are therefore in hope of securing some of the Davis Cup matches here.

Rotary Game Cancelled. The soccer game between the Rotary Clubs of Victoria and Nanaimo, scheduled for to-morrow, has been postponed.

Oarsmen Get Ready to Drop Boats in Water

J. B. A. A. Boating Committee Holds Meeting and Decides to Get Crews Into Action Immediately; First Regatta Will Be Held on Empire Day; Garrison May Enter Rowing Game; N. P. A. A. O. Regatta In Vancouver This Season.

During the present week the oarsmen of the J. B. A. A. intend to put their lapstreaks into the water for the first time and commence the long period of training which will fit them for the gruelling races to be held during the Summer, culminating with the great N. P. A. A. O. regatta at Indian River, Vancouver, some time in July or August.

The Boating Committee of the association under the chairmanship of the veteran coach, Dan O'Sullivan, met last evening and made various plans for the approaching season. Members of the committee expressed the hope that the weather would take a fall out of itself and settle down. During the past few weeks the sudden squalls and rain storms have made it impossible for the 'guy' lapstreaks to venture out.

Look For Big Season. Everything augurs for a very excellent season. The Victoria Military District Athletic Association is seriously considering a plan to have a number of its members take up the rowing game under the supervision of officials of the J. B. A. A. It is possible that the soldiers will secure two of the Bays, four-lapstreak lapstreaks and condition crews. If this is done the Bays will have a greater circle of oarsmen to draw from for crews in the N. P. A. A. O. During the last regatta the oarsmen would row under their own colors against crews from the Bays, but it is expected that should any of the khaki lads show rare form places would be found for them in the crews to represent Victoria.

Bays Have New Rowers. Many newcomers to this city have expressed a desire to take up rowing, as well as a number of the younger athletes, so that there will be no dearth of material for the crews. Last season Victoria was well equipped with youngsters who made a wonderful showing in the N. P. A. A. O. regatta at Shawanigan Lake. It is expected that Coach O'Sullivan will be able to form a number of other fast and gritty 140-pound crews this year.

The first regatta in which the oarsmen will compete will be held at the Gorge on May 24. The club has decided to help out the Citizens Regatta, and will provide a number of lapstreak races as well as several sculling events.

At last night's meeting a coaching committee was appointed to aid the club captain in his work, and these members will be on hand at the boat house each evening to ensure that all new members get a fair amount of coaching before they commence to work in the lapstreaks.

R. Cummins will fill the position of secretary of the Boating Committee for the ensuing year, the appointment being made last night.

No New Equipment. No new equipment will be added to the fleet of boats already in the possession of the club, but plans are being laid to secure funds for the purchase of several new boats for next season and the committee feels reasonably sure that it will be successful in its endeavor.

In the N. P. A. A. O. regatta last year the J. B. A. A. made almost a complete sweep. The crews carrying the blue and white colors were placed in every event, and won the Grand Aggregate Cup. It is the hope of the association that it will be able to develop crews this year, which will be capable of defending all the trophies, if not, bring additional ones to the city.

Lists have been posted in the club house for those members who wish to row to sign and it is requested that all do so as soon as possible in order that the committee may proceed to select crews for the Empire Day Regatta.

Boxer Dies from Blow He Received in Fight. Port Townsend, Wash., May 3.—Emmanuel (Kid) Russo, a soldier from Fort Plager, Wash., died Sunday night in the military hospital at Port Townsend as the result, according to physicians, of a blow received during the fourth round of a boxing contest Saturday night. Walter Evans, his opponent in the bout, was being held to-day awaiting findings of a coroner's jury.

Quitters to Meet. The Victoria Quotting Club will hold a meeting in Room No. 4, Green Block, on Wednesday, May 4, at 8 p. m. sharp. A full attendance is requested as the draw for the league games will take place and other important business will be transacted.

Ball League Opens. Chicago, May 3.—The twentieth annual pennant race of the Three I. League opens to-day.

PIRATES TAKE HOT ONE FROM CHICAGO

Hard Games Played in Big Leagues Yesterday; Tigers Hit Well, But Lost

National League. New York, May 3.—The New York Nationals made it three straight from Boston yesterday, winning 8 to 1. The Giants knocked out four runs off Watson in the first inning, bunting a base on balls with two triples and a home run by George Kelly, his sixth of the season. R. H. E. Boston..... 1 19 0 New York..... 8 12 0 Batteries—Watson, Scott, Cooney and O'Neill; Gibson; Barnes and Smith.

Pirates Noss Out Cubs. Chicago, May 3.—A hard driven double to centre let in the deciding marker of the second game of the Cub-Pirate series yesterday, the Cubs taking the short end, 2 to 3. The Cubs managed to put over a run in the first frame when Maraville threw the ball over Grimm's head on Terry's short drive. A double by Grimes scored Terry. The game from then on developed into a see-saw contest, the Cubs getting another in the third and the Pirates evening up with two in the sixth and another in the seventh. Glasper for Pittsburg and Martin for the Cubs went the entire route.

Pittsburg..... 4 8 2 Chicago..... 2 9 2 Batteries—Glasper and Schmidt; Martin and O'Farrell.

Dodgers Win Another. Brooklyn, N. Y., May 3.—The Dodgers continued their winning streak, scoring their eleventh consecutive victory yesterday at the expense of Philadelphia, 4 to 3. Brooklyn was trailing 3 to 2 until the ninth inning, when they got busy and sent two tallies across.

Philadelphia..... 3 9 2 Brooklyn..... 4 5 3 Batteries—Hubbell and Brugg; Cadore, Miller, Mitchell and Miller.

American League. Boston, May 3.—The Red Sox won out in the last half of the ninth inning in a thrilling game with the Yankees here this afternoon. Boston was leading in the last of the eighth, but in the ninth Babe Ruth made his only hit of the game, a home run, tying the score. A double by Pratt and a single by Hendry won the game for the Red Sox in their half of the ninth. It was Ruth's sixth home run of the season. The final score was 2 to 1.

R. H. E. Boston..... 2 8 0 New York..... 1 7 0 Batteries—Mays and Schang; Jones and Ruel.

Tigers Lost Long One. Detroit, May 3.—St. Louis won the last game of the series from Detroit yesterday 7 to 6 after thirteen innings. Lee's walk, Lamb's sacrifice and Josh Billings' only hit, a single, scored the winning run in the thirteenth. Thirteen Detroiters were based on hits but the visitors played well in the pinches, twenty-one Tigers being left on the base.

R. H. E. St. Louis..... 7 15 2 Detroit..... 6 13 0 Batteries—Bayne, Shocker and Billings; Hollings, Daus and Ainsmith.

Athletics Looking Up. Philadelphia, May 3.—Philadelphia made it two straight from Washington by winning yesterday 6 to 1. Perry was in good form, his only lapse coming in the sixth when he muffed a single by Rice.

R. H. E. Washington..... 1 3 1 Philadelphia..... 6 8 0 Batteries—Erickson, Martiney and Ghartry; Perry and Perkins.

JOE WELLING BESTED BY JOHNNY CLINTON

Tremaine Drives Home K.O. on McCue; Lots of Fighting in Boston

Boston, May 3.—Johnny Clinton, Boston, was awarded the decision over Joe Welling, of Chicago, at Braves-Field last night. The match was one of five 10-round bouts in the open air, the last of which was fought out in a light rain.

Joe Tipitise, of Philadelphia, won a technical knockout in the ninth round against Allentown's Dundee, of Allentown, Pa.

Dan Craner, Boston, was awarded the decision over Joe O'Donnell, Philadelphia.

Tremaine Lands K. O. Carl Tremaine, Cleveland, knocked out Terry McCue, Philadelphia, in the fifth round.

Bob W. in New Bedford, with his left hand injured beyond use after the fourth round, was awarded the decision over Earl Puryear, of Denver.

"A Reversal of Form." Most people learn something new every day, and the trend of public opinion upon the question of golf links in Victoria at the present moment in comparison with what it was at the time the municipal scheme was turned down last year is but another example of this fact. There is now no more popular public scheme than the United Service Golf Club's determination to place upon the map of Victoria a new golf course has been shown during the course of the last few days in the ready response of Victorians to the call for subscribers to the debenture bonds issued by the club, but a strong sidelight has been thrown upon the reversal of opinion of many of those who voted against the scheme last year in stories that directors of the club are proudly retaining.

In one case a director was approached by a man, a laborer, whom he knew slightly, with the request for an application form for reversal of opinion of many of those who voted against the scheme last year in stories that directors of the club are proudly retaining.

Victoria was made for golf, and the more courses there were here the greater Victoria's future prosperity would be assured. Victoria's prosperity meant his own, as all his interests were in the city, and he considered the humble \$100 he was going to put into the scheme was money well invested.

American Team Sails. New York, May 3.—Members of the United States Amateur Golf team of the United States Golf Association, which will compete for the British championship at Hoy Lake on May 27, sailed Saturday on the steamship Caronia.

The team is captained by W. C. Fowkes, secretary of the United States Golf Association. He said the team would be joined later by Chick Evans.

DOMINION

William S. Hart's latest Paramount picture of the West, "O'Malley of the Mounted," secured a triumph at its presentation at the Dominion Theatre last night.

Thrills abound throughout the action of this virile photoplay. As O'Malley, a mounted policeman who pursues a supposed murderer with the energy and relentlessness characteristic of the Canadian police, only to be balked at the last when his quarry proves to be the sister of the girl he loves and who has saved his life when he is about to be hanged by bandits, he adds another

UNIVERSITY PLAYERS AGAIN DELIGHT

U. B. C. Students Win Over Victoria With "Sweet Lavender" Production

It must be the zenith of ambition of every romantic and imaginative freshman and freschetto entering the University of British Columbia to reach the heights of the select membership in the Players' Club, judging from the standard of excellence set in the Club's stage production of last year's "Sweet Lavender" put on by its members at the Royal Victoria Theatre last night.

After the curtain Arthur Stringer, the Canadian author of New York, who was in the audience, urged that the University players should tour Canada with the present cast, as there is a demand for good plays on the stage of this country.

The production last night was under the auspices of the Kiwanis Club of Victoria in aid of the Kiwanis Jubilee Hospital Building Fund. The Royal Victoria was almost completely filled. Chief Justice Macdonald, Administrator of British Columbia during the illness of Lieutenant-Governor Nichol, and Mrs. Macdonald attended.

The house showed its appreciation at the University by its applause when F. G. C. Wood, who started his career in the Victoria High School, and is now assistant professor of English at the University, and as head of the Players' Club trained the players, was dragged out before the footlights.

"The feature was the work of A. E. Lord, who played Richard Phenyl, the kindly bachelor barrister, who furnishes the humor, the binding good feeling and much of the pathos there is in the latter part of the play. In the way in which he handled the difficulties, the intricacies and the fine changes of the role, Mr. Lord brought distinction to the production, as well as to himself.

Miss Muriel Evans, who played Lavender, was sweet and in her unsophisticated way quite won the hearts of her audience. As Miss Evans will not be graduated from the University until 1924, she will have opportunity to develop, and will be heard from again during her next three years' association with the Players' Club.

Garrett Livingston, as Clement Hale, the honest lawyer, was admired for his perfect collar-advertisement good looks, and showed quite a bit of discrimination in the handling of his part as well as youthful energy.

Miss Dorothy Adams, as the last year play Miss Minnie Giffillan, but did not have the chance to show herself to the same scintillating advantage. She distinctly displayed, however, more sophistication and understanding than some of the younger members of the company. Mr. Stringer was much taken with the work of Miss Adams as well as that of Lord.

Others in the cast were quite satisfactory. They were: G. W. Bruce Fraser, as Horace Bream, the dashing American lover; Miss M. Klatsen, as the lovely Miss Giffillan; Miss Marie Agnes and the pathetic Ruth Holt; Lacey J. Fisher and Bulger, the hairdresser; Jack Cline and Mr. Maw, the solicitor; Orville C. Kirby as Dr. Delaney; and the fastidious physician and Albert E. Richards as Geoffrey Wedderburn, the Barnchester banker.

It is through these very qualities that Mme. Rothwell has achieved a reputation which engraved her name in the annals of dramatic life in Europe and America. Musical and interpretative versatility marked her singing as "Mme. Butterfly" when she was chosen to head the Savage Grand Opera Company which introduced this work to America. Col. Savage when forming his cast in vain scoured the musical ranks of New York and London to find a dramatic soprano able to reproduce the lovely and pathetic role with all the musical and psychological eloquence it demands. His attention was drawn to Mme. Rothwell when she sang under contract for several years with the Municipal Opera of Mayence. As a breach of contract was impossible, the colonel, a highly artistic producer of the type who "want what they want when they want it" went deep into his pockets in consideration of which the great opera house released his star.

There is a dramatic value even in a lyric song, but it needs discrimination and psychology to manifest the climaxes in a song or an operatic aria song on a concert stage. In other words the concert singer must do the acting through his vocal expression. Mentally and emotionally a vocalist should be an actor, but his appearance should be concentrated on the various shading of the tones.

The Philharmonic Orchestra of Los Angeles, with Walter Henry Rothwell, conductor, will play here on Friday, May 14, at the Royal Victoria Theatre. The personnel is made up of seventy-five world famous musicians drawn from the ranks of the greatest instrumentalists of Europe and America. Sylvain Noick, concertmaster, and Emilie Ferri, concertmaster, have been for the past six years at the head of their sections in the London Symphony Orchestra. Both are of Belgian birth and had extraordinary careers in Europe before coming to America. Another Belgian is Henri DeBusser, the solo oboist, and the picture will be made under the personal direction of Mr. Duncan. "The Princess of the Desert Dream" is a strong western type story, filled with the romance of the Death Valley gold section, with the sordidness of the mining days left out.

CHILDREN'S OUTFITTERS
CHILDREN'S AND

School Girls' Nerves

"I give my children Nerve Food during examinations, and am sure it helps them," writes a Vancouver lady.

AFTER the long school term the children's nerves are keyed up to the highest pitch. The fear and worry of examinations are often the last straw which brings the nervous breakdown.

It is usually the naturally nervous child who has the greatest ambition, and by denying his or herself the requisite amount of outdoor exercise comes up to the examinations with too little energy and vitality left.

Fortunately the child's system quickly responds to such restorative treatment as Dr. Chase's Nerve Food. The blood is enriched, the nerve cells are replenished

and health and vigor is soon restored.

Mr. S. F. Flarity, Warton, Ont., writes:

"My daughter, eleven years of age, was in a run-down condition and suffered from a nervousness which showed a tendency toward St. Vitus' dance. I got a few boxes of Dr. Chase's Nerve Food for her, and by the time she had taken three boxes there was a big change in her. She is much stronger, and her system in general is built up. She has recovered from her nervous weakness, and you could not detect a trace of it now."

Dr. Chase's Nerve Food is in a class by itself as the most popular of nerve restoratives. 50c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

CRAFT CARRYING TO PORT SURVIVORS OF THE TOKUYO MARU

er coat, cotton and nitrates. Evidently the vessel is not a total loss.

Portland, May 3.—The lighthouse crew at Tillamook Head reported at 9 o'clock this morning seeing the hull of the steamship Tokuyou Maru drifting from the east.

The Bar View life-saving station at the entrance of Tillamook Bay reported seeing the vessel yesterday at 8 o'clock with a fire issuing from her, but apparently proceeding on her course. The reflection of the fire was seen until midnight.

Seattle, May 3.—The Standard Oil tanker Charles Watson reported by wireless that at 5.40 a. m. to-day she had sighted the steamship Tokuyou Maru still in the straits. The position of the vessel was given at latitude 44.38 north, longitude 125.50 west.

Eight Died

Portland, Ore., May 3.—Eight sailors, members of the crew of the Japanese steamer Tokuyou Maru, died from exposure after having been transferred to the United States ship transport Buford from their own ship, which was burned at Cape Mudge, on the Oregon coast, last night.

Twenty-seven survivors, including a number of Japanese women and children, were reported to have been transferred to the United States ship Snomish, of the coastguard service, which is scheduled to call at Gray's Harbor to-day.

The hull of the Tokuyou Maru was afloat to-day with the tug Snomish standing by.

Floating Furnace

According to information received by the Coast Guard cutter which went to the assistance of the burning vessel, the steamship was transformed into a huge floating furnace within a few minutes of the time the ship's radio flashed the first S. O. S. at about 4.30 o'clock yesterday afternoon.

The message was picked up by radio stations along the coast and by half a dozen vessels proceeding coastwise.

The army transport Buford picked up the survivors of the wreck and transferred them from the water and from lifeboats to which they had been driven by the flames.

Women and Children

The Japanese women and children on board the Tokuyou Maru, which was operated by the Toyo Kisen Kaisha Line, were passengers who boarded the vessel at South American ports en route to Japan.

The Tokuyou Maru left Portland Sunday bound for Japan, carrying a cargo of 1,300,000 feet of lumber and a quantity of general freight.

ARTHUR STRINGER HERE TO INSPIRE CANADIAN WRITERS IN HIS PLAN

(Continued from page 1.)

the third best seller in the United States. The story deals with a Canadian who goes to New York, and becomes engulfed in the whirlpool of artist life there. The novel is a study of the life of an artist.

Mr. Stringer will soon produce the third of his trilogy, the first two of which were his popular novels, "The Prairie Wife" and "The Prairie Mother." The series will be completed with "The Prairie Child."

Success in Movies

"These are the books from which I have got the most reaction in the West," said Mr. Stringer.

Mr. Stringer wrote the "Iron Claw," the motion serial which has run in the theatres of every part of the world.

The meeting of the Forum will be very interesting and instructive and members are asked to make a particular effort to attend and to urge upon other members with their wives to do likewise.

Big Money Maker

"To the author the financial returns from the novel turned over to the movie producers are five times what they are from the book publishers."

Want To Sell All

In their trip through the mountains by the Grand Trunk Pacific, members of the party will ride the cow-tiecher the locomotive so as to drink in the last drop of the beauty and grandeur of the Northern wilds.

Wald Prizes Resumed

Mr. Stringer commented upon the marked success which the Twentieth Century Club of Chatham, Ont., had had last winter in presenting Charles Mair's "Tecumseh."

WHAT THE CLUBS ARE DOING

The Rotary Club of Prince Rupert held its regular weekly luncheon at a particularly interesting address was given by Hon. T. D. Pattullo who by special invitation was the guest of honor for the occasion.

Refuse Invitation

The City Council yesterday refused to accede to the request of the Women's Independent Political Association that Council representatives be present at a meeting to be held in the Victoria Club, Campbell Building, May 16, to arrange for a public meeting in protest against the action of the Provincial Legislature in raising Ministers' salaries and Members' indemnities.

Case Remanded For Hearing

The Chinese gambling case called in the city police court yesterday afternoon was adjourned after a short hearing until to-morrow, when it will be likely concluded. Only five of the fifteen accused now remain to stand trial.

Dr. Minakuchi Delivers Stirring Address on "Japanese Menace"

Dr. Minakuchi, who was a guest of the Kiwanis Club to-day, explained the Japanese viewpoint on the question of European-Asiatic relations, and denied the existence of any "Japanese menace" outside of the distorted imaginations of the jingoists.

WOMEN AND DEMOCRACY

Democracy was growing in the Japan of to-day, claimed the speaker, and witnessed this with telling of the general movement on foot to establish equal suffrage. It was becoming the age of women in Japan, women who used to be deemed outside of their sphere if they left the home, and even as officials of state departments, and in its wake militarism was lying out.

YARROWS TO PRACTICE

The first practice of Yarrows baseball team will be held this evening at 6.15 o'clock at the Royal Athletic Park. All players are asked to attend.

FIGURE IT OUT!

The following peculiar table will entertain those interested in figures:

12345678 times 9 plus 10 equals 111111111

123456789 times 18 plus 20 equals 222222222

123456789 times 27 plus 30 equals 333333333

123456789 times 36 plus 40 equals 444444444

123456789 times 45 plus 50 equals 555555555

123456789 times 54 plus 60 equals 666666666

123456789 times 63 plus 70 equals 777777777

123456789 times 72 plus 80 equals 888888888

123456789 times 81 plus 90 equals 999999999

This table is still more interesting when it is noticed that each multiplier is divisible by 9, and that the figures of each answer are added together and the added number is subtracted, the answer is 9. For example, the sum of 1,111,111,111 is 19; 19 minus 10 is 9.

Then the following will be new to the majority of readers: 888888889 987654321 times 3 equals 888888889

987654321 times 27 equals 26666666667

987654321 times 36 equals 35555555556

987654321 times 45 equals 44444444445

987654321 times 54 equals 53333333334

987654321 times 63 equals 62222222223

987654321 times 72 equals 71111111112

987654321 times 81 equals 80000000001

In this table it will also be noticed that each multiplier is divisible by 9, and that, if the figures in each answer are added together, they will form a total which if added together will equal 9. For example, take the second answer: 1777777778. These figures, added together, equal 72, and 7 plus 2 are 9.—T.H.B.

ESTIMATES TOTAL ABOUT \$2,300,000

So many alterations were made in the annual city estimates by the City Council yesterday afternoon that it was impossible to carry out the plan to fix the general tax rate then. The Annual Tax By-law was introduced but, at the request of City Comptroller J. L. Raymur, it was laid on the table for a week.

This morning Mr. Raymur commenced the work of untangling the estimates as drafted by the Council. Up to a late hour to-day he was unable to forecast exactly what the rate would be. Yesterday aldermen were informed that the rate would be between twenty-eight and twenty-nine mills, but it may be necessary to raise this figure.

Mr. Raymur will be unable to fix the rate until he has completed his calculation of the total estimate. He told the Council yesterday, however, that the estimates now totalled approximately \$2,300,000 as compared with \$2,100,000 last year, when the rate was twenty-six mills. So many other factors enter into the matter, however, that the rate cannot be fixed until the figures are complete.

It is thought that the rate will be between twenty-eight and twenty-nine mills, but it is impossible to say right now," he added.

GET LEGISLATION TO CLEAN UP CHINATOWN

Reforms Will Have to Wait for Legislature's Action

Special legislation to enable the city Police Commission to "clean up" Chinatown will be sought at the next session of the Provincial Legislature. Until such legislation is secured, it will be impossible for the civic authorities to draw up regulations which will enable the police to do away with objectionable barricades and partitions in Chinatown.

The Police Commissioners' request for the framing of regulations to allow the Chinatown reforms planned was discussed briefly by the City Council yesterday afternoon when it was decided to defer the matter until the new legislation could be obtained.

"It is not British to invade a man's private house," Alderman Lonsdale protested. "While it is not British under the British flag he should be protected from vandalism."

"This is not vandalism," Alderman Todd replied. "I have been through Chinatown when I was a Police Commissioner and I believe that the barricades should not be allowed."

ALDERMAN SANGSTER IS NOW CITY'S HEAD

Acting Mayor to Avoid Police Board Meetings

Alderman George Sangster formally assumed control over the city's affairs this morning and started to inject the force of his personality into the various problems with which the Corporation is struggling at present.

As Alderman A. E. Todd was too busy to accept the honor, Alderman Sangster, Mayor Porter's right-hand man, was appointed Acting Mayor by the City Council yesterday to run things while His Worship is in Halifax attending the annual convention of the Good Roads League of Canada.

Acting Mayor Sangster was down to the Mayor's office early this morning ready to assume his new responsibilities. He conferred with Mayor Porter for a short time and then took full control, while the Mayor made the rounds of the City Hall bidding officials farewell. He will be away a month or more in the East, having left the city on the afternoon bus.

The Acting Mayor received a number of visitors this morning and transacted a considerable amount of business.

His first announcement as Acting Mayor was to the effect that he would not call any meeting of the City Police Commission unless it was absolutely necessary. "I won't call any meeting unless something very important necessitates it," he said and added that last night's meeting of the Commission, which he attended, was very disgusting to him.

Supreme Court

In the Supreme Court to-day before Mr. Justice Clement the action of the Soldier Settlement Board versus Clark was dismissed with costs. H. W. R. Moore and J. R. McNeil appeared for the plaintiffs and M. B. Jackson, J. C. C. and J. R. McNeil appeared for the defendant. The action was one to set aside the purchase of land on Salt Spring Island from the defendant, the land being subject to a short-term agreement in question.

**EACH NEW TEST PROVES
THE POWERS OF TANLAC**

Wm. Sumner One of Latest to Receive Wonderful Benefits by Taking the Medicine—Feels 20 Years Younger

One of the most remarkable statements ever made regarding benefits derived from the use of a medicine is that given by one of the pioneer citizens of Vancouver, William Sumner, 605 Eighth Avenue West, brick and cement builder, regarding his experience with Tanlac. Mr. Sumner, who is well known and highly respected throughout the whole city, said:

"For several years I had been bothered off and on with rheumatism in my left leg, not, however, serious enough to knock me out, but one day while working on a boiler I got ringing wet and did not change my clothes for some hours. The result was that rheumatism set up violently in the leg that had been bothering me. The next morning I managed to get from my bed to a couch, but when I wanted to return to bed I found I could not move, and I was in such pain I could not bear to have anybody else move me. The result was, I had to stay on that couch flat on my back for five weeks. I couldn't move a muscle without suffering intense agony, and, of course, I got little sleep. These experiences seem like an awful nightmare to me now."

"My wife was taking Tanlac at the time and was so enthusiastic about it she persuaded me to give it a trial. The first bottle did me little good, but, fortunately, I persisted in taking it together with the Laxative Tablets. Gradually the stiffness and soreness left me, and almost before I could realize what was happening I was able to be up and back at work. For a whole year now I have not had a touch of rheumatism, and have been in the pink of condition all the time. I feel at least twenty years younger than my age, and I attribute it all to Tanlac. Certainly there has never been another medicine like it."

Tanlac is sold by Duncan E. Campbell and leading Druggists. (Adv.)

Larry Semon gave his supporting cast the hardest workout of their film careers in the whirlwind finish of his latest comedy, "The Bakery." This picture is now being completed at Vitagraph's Western studios. Milled about in a myriad of cakes, plunged three stories into vats of dough and thence into kegs of black paint, the troupe had a mad time of it following Larry through the mirth-provoking sequences. When the scenes were finished the clothes of all the players had to be cut off of them with knives and scissors.

No Corns Today unless folks let them stay

Millions of people nowadays keep completely free from corns.

At the first sign of a corn they use Blue-jay—the liquid or the plaster. The pain then stops. In a little while the whole corn loosens and comes out.

People who pare corns keep them. People who use old treatments—harsh, unscientific—do themselves injustice.

There is now a scientific cornender. Afamous chemist perfected it. This world-famed laboratory supplies it through druggists everywhere.

It is at your call. A touch will apply it. Its use seals the fate of a corn.

At least 20 million corns yearly are now ended in this easy, gentle way. Apply it to one corn tonight. Watch what it does.

THROW COLD WATER ON PLAN TO BUILD AMUSEMENT CENTRE

Aldermen Consider Plan Premature; Say Money Not Available

Cold water in liberal quantities was thrown upon the Chamber of Commerce amusement centre scheme by the City Council yesterday afternoon. The Mayor and aldermen decided, however, to allow the Chamber of Commerce \$1,000 to be spent on a competition for the best plan for an amusement centre; but this money will come out of the Civic Industrial Committee's annual grant of \$5,000.

Says Is Premature.
"This is premature," the Mayor declared when the Council considered the Chamber of Commerce's request for \$1,000 to finance the plan competition. "They have not even selected the site yet. I am satisfied even if we had the plans it would be some years before we could finance an amusement centre. I may be wrong—I hope I am—but that's my opinion."

"Here we're groaning under the yoke of \$225,000 we must pay for a new hospital building and it's asked that we pay out money for plans for something that will cost \$200,000 for something we will never have unless conditions are radically changed," Alderman Andros agreed. "As Alderman Pindale says, 'just easy money for someone.' By the time we are ready to go ahead with this amusement centre project the plans we would get in this competition would be like mud. What with flying machines and so on we will want something different by the time we're ready to go ahead with the scheme."

"There's nothing tangible in this," said Alderman Sargent.

Defends Plan.
Alderman Harvey, chairman of the Industrial Committee, warmly defended the amusement centre scheme. "We're going to pick the brains of the world in this plan competition," he said. "It will be the best money spent in Victoria for many years."

"I am not against this \$1,000 vote but I don't want to vote for it until I know it's gone far enough," said Alderman Sangster.

"Before they can get out plans they must have a site," Alderman Sangster asserted. "Have they got a site secured?"

Alderman Aitken explained that it was considered wise to postpone selection of a site for the amusement centre for fear that the price of the lands desired for this purpose might soar.

ESQUIMALT COUNCIL PASSES TWO BYLAWS

Will Extend Grafton Street; to Meet Hudson's Bay Co. Officials To-night

At a special meeting of the Esquimalt Council last night two bylaws received final sanction to acquire what is known as the church property appropriation for the extension of Grafton Street to meet Esquimalt Road, and the other a measure to amend the subdivision plans bylaw.

The church property mentioned is a strip off the grounds adjoining St. Paul's Church, in the rear, the street to be continued to meet the Esquimalt Road, making a thoroughfare for the benefit of residents in that section.

In answer to the communications received from the Hudson's Bay Company the members of the Esquimalt Council will meet the officials of the company this evening in a round-table conference to consider certain matters affecting their joint interests. The company is asking for a refund of the drydock taxes, paid subsequently to appropriation.

A reconsideration of the street grading regulations in connection with the Constance Cove subdivision planned, and a new method of disposal of garbage, it now being dumped on Fraser Street, which is the land of the company's adjoining in place.

A letter was received from the Esquimalt school trustees last night in which it was suggested that the war trophies would be placed at the school grounds. The matter was laid on the table pending a report from the engineer.

A letter from the Women's Independent Political Association was ordered received and filed, the Council being asked to take action with that body on the question of the increased indemnities of the legislature members.

ALDERMEN COMPLAIN OVER LOSS OF CITY PROPERTY IN WINTER

Complaint that the city's property was not properly safeguarded last Winter when the wood-cutting scheme was in force was voiced at the City Council meeting yesterday afternoon.

It is well satisfied.

"We did pretty well on this relief scheme," Alderman Sangster, Chairman of the Civic Unemployment Committee, declared warmly defending the wood cutting project. "It won't cost us quite \$5,000."

He explained that the city had lost money while carrying out its relief scheme through the theft of wood cut off beaches, the loss of log booms and in other ways.

"There were many tools and other things lost," Alderman Dewar stated. "The matter should have been looked after better. We paid a foreman \$17 a month to look after this. I understand there were all kinds of things stolen and others disappeared overnight."

Alderman Sangster said that tools used in wood cutting had been stored in locked boxes at night but these boxes had been broken open and their contents taken away. "We brought a whole wagon load of tools to the City Hall and they were stolen from the hall!" he exclaimed.

Antonio Moreno's vacation has come to a close. The dashing star is known as an indefatigable worker, but apparently he plays just as hard, for he declares that unless he could have a solid month's vacation he would not take any. Accordingly, he was given a month's vacation after he finished his last feature production, "Three Weeks." Chester Bennett's work proved so satisfactory in the direction of "Three Weeks" that Albert E. Smith, president of Vitagraph, has commissioned Mr. Bennett to direct "Tony's" next one also.

SEVERAL APPLY FOR NATURALIZATION

Several applications for naturalization were made to His Honor Judge Lappman in the County Court yesterday, one being from a German, Paul Richard Bethke, formerly of Skurup, West Prussia, Germany. The applicant stated he came to this country in August, 1911. He was at Cowichan Lake during the war, and reported regularly to the authorities as ordered. He was represented in court by J. S. Brandon, J. N. Lenfesty testifying to his good character.

Other applications were heard from natives of Denmark, Sweden and Russia. Henning Bloomberg, born at Elmehoda, Smaland, Sweden, came to Canada in 1903 and now asked for naturalization. Antonio Jensen, musical director of the local Pantages Theatre, born in Copenhagen, Denmark, came to Canada in 1912. Robert Jameson, of the theatre, testifying in this application. A. W. Staples acted on behalf of Jensen.

Benjamin Brill, Nikolvite, Kherson, Russia, came to Canada in 1912. The application was adjourned until Friday for further particulars.

The various applications are to be forwarded, as usual, to the Department of Justice, by the Department of Justice.

COUNCIL REFUSES TO RAISE WAGES

Say Men Can Quit If They Do Not Like Pay

City Hall salaries must be kept down to the lowest possible figure, the City Council decided yesterday afternoon in concluding its consideration of the annual civic estimates.

Members of the Council who are sympathetic towards labor endeavored to get increases for various officials, but the same majority which has blocked all moves of this kind in the past succeeded in dominating the vote again.

Alderman Woodward started a hot argument when he urged that foremen in the City Engineer's Department be given a wage of \$150 instead of \$137.

Alderman Aitken supported these increases and referred to the case of two waterworks foremen who, he said, were most efficient officials and had agreed to do work formerly done by three men on the understanding that they would get wage increases. These increases had not been forthcoming and the alderman considered present conditions inequitable.

All employees had received increases last year, Alderman Sangster declared.

Conflicting Opinions.
"Except for fear of offending Sangster I would say something as well about the City Engineer," said Alderman Aitken. "However, I'll reserve it for another time."

"If he has anything to say let him put it out!" remarked Alderman Sangster.

"You needn't sit there laughing," Alderman Aitken fired back.

"That's my privilege. You don't object to me laughing, do you?"

"I think it's nice to see a Scotsman laugh," remarked Alderman Andros.

"Well, this sort of thing is all right, but it has gone far enough," said Alderman Todd. "They're all capable men, but we all know the financial circumstances of the city. And if the men are not satisfied with their salaries they can leave. We would have no trouble in getting new men at the same figure. Citizens have come to me and said that these men seem to have a lead pipe clinch on these jobs. If we're going to throw the salary question open let us do so, but it would be a most disastrous policy."

"It's all right to say that we could get men to fill these positions if the present officials quit," said Alderman Sangster. "But if they left the service on account of their wages, it would cost the city a great deal more in the long run. These men are familiar with the work and they save the city many dollars."

Says Low Standard Necessary.
"There'll be no progress 'till we have a lower standard of wages and living," Alderman Pindale declared. "It's all right to increase wages to get the labor men's support, but are we going to divide the assets of the city among them?"

The Mayor said that no officials were likely to quit on account of their wages.

ALDERMEN TO HEAR OF SECRET PROCEEDINGS IN FUTURE

The policy of strict secrecy which, according to its aldermanic critics, has been adopted by the civic Finance Committee for years, will be abated somewhat, as a result of a decision announced to the City Council yesterday afternoon. Not only will the Committee tell the rest of the Council what it is doing, but also will file with the Council all the correspondence which passed between it and Civil Service Commissioner McInnes over the Provincial Government's new superannuation scheme.

Demand that the Committee tear aside its veil of secrecy was made at a meeting of the Council last week by Alderman Aitken and Fullerton, backed by Alderman Dewar. Yesterday the Committee yielded to these requests. Alderman Andros, finance chairman, announced that from now on a copy of the Finance Committee's minutes would be placed upon the Council file for the information of the aldermen.

"There is nothing of consequence which will not appear on these minutes," Alderman Andros stated. "We have no wish to conceal anything."

Demand Correspondence.
Alderman Aitken rose on a question of privilege to ask for the tabling of the superannuation correspondence. This move was a sequel to his charges last week that the Finance Committee had settled the superannuation scheme as far as the city is concerned without consulting the Council.

The Mayor said that there would be no objection to the tabling of the correspondence desired.

CUTICURA HEALED PIMPLES ON FACE

Also Itchy Scalp, Hair Fell Out, Face Disfigured.

"My head began to itch and there were scales on my scalp. My hair came out badly when combed and it became very dry and thin. I also had pimples on my forehead and over my face. The pimples were hard, large, and red, and caused me to scratch and irritate them, and my face was disfigured."

"This trouble lasted about two months and I began using Cuticura Soap and Ointment. I had used two boxes of Cuticura Soap and two boxes of Ointment I was completely healed." (Signed) Miss Zona Jackson, R. J. Goldenside, Wash.

WANT GOVERNMENT TO BEAR SHARE OF HOSPITAL EXPENSE

Council Would Hold Provincial Authorities to Old Pact

If the City Council has its way the Provincial Government will be forced to contribute \$175,000 to the construction of the new hospital unit at the Jubilee Hospital grounds.

Yesterday afternoon the Council decided to ask the directors of the Hospital to submit in writing a request that the old hospital agreement be put into effect—that is, that the Council float bonds aggregating \$225,000 to pay for the construction of the hospital unit. The Council also will call the attention of the directors to an old agreement which provided that should the city have to pay out \$225,000 for this purpose, the Provincial Government, would contribute \$175,000.

"Time Inopportune."
"We should tell the Hospital directors that, while we recognize our obligation, the time is most inopportune to raise money or to sell bonds, and ask them to consider the matter further and write to us again in due course," Alderman Todd advised.

"When the people voted on the hospital by-law they did so with the understanding that the Provincial Government would pay out a large sum of money—\$175,000, I understand—on the new hospital," said Alderman Andros. "That undoubtedly affected the vote on the by-law. We don't, for a moment, wish to get will call the attention of the directors to an old agreement which provided that should the city have to pay out \$225,000 for this purpose, the Provincial Government, would contribute \$175,000."

Directors Give Notice.
The Council had before it the following letter from the secretary of the Hospital Board:

"Confirming the verbal notice given to you on Friday last by the executive committee of the Provincial Royal Jubilee Hospital, I beg to give you notice that the hospital board purposes to make a start on the erection of the new hospital, and for this purpose is calling on the city to carry out its undertakings, whereby the sum of \$225,000 is available at any time after six months after the end of the war, upon the request of the Provincial Royal Jubilee Hospital."

"At this time it is not possible to say just what amount is required, and you may rest assured that the corporation will be called upon to provide any sum in excess of what is absolutely necessary for present requirements. I therefore beg to give you notice that, in accordance with the terms of By-Law No. 124 and the agreement entered into between the City Council and the directors of the Jubilee Hospital, the hospital board will require the sum of \$225,000 or so much thereof as may be found necessary, in order to carry out the erection of the proposed building."
