

Middlebury June 9th 64

My dear Brother,

The Education Society has aided during the last ^{year} seven students in Mid. Coll.

They are all worthy young men and some of them superior scholars.

They have rec^d. each \$2500 a quarter during most of the year. You can speak favourably of their character and scholarship.

Our Trustees determined to make an effort to live — to raise if possible \$100,000, but to get 60,000 at any rate. Can we do it?

Do you know of a good agent for us? I hope to see you at

Woodstock, when we will
take over matters more fully.
Kind regards to all.

J.

Very truly yours
B. Sabree
