## Title 7—AGRICULTURE

### Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 11]

#### PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

##### Limitation of Handling

##### § 908.311 Valencia Orange Regulation 11.

(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said marketing agreement and order, as amended, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the

public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on May 3, 1962.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., May 6, 1962, and ending at 12:01 a.m., P.s.t., May 13, 1962, are hereby fixed as follows:

- (i) District 1: 350,000 cartons;
- (ii) District 2: 250,000 cartons;
- (iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

[Lemon Reg. 19]

#### PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

##### Limitation of Handling

##### § 910.319 Lemon Regulation 19.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011), because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on May 1, 1962.

(b) *Order.* (1) The respective quantities of lemons grown in California and

Arizona which may be handled during the period beginning at 12:01 a.m., P.s.t., May 6, 1962, and ending at 12:01 a.m., P.s.t., May 13, 1962, are hereby fixed as follows:

- (i) District 1: 4,650 cartons;
  - (ii) District 2: 320,850 cartons;
  - (iii) District 3: Unlimited movement.
- (2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

## Title 9—ANIMALS AND ANIMAL PRODUCTS

### Chapter I—Agricultural Research Service, Department of Agriculture

#### SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS AND POULTRY

#### PART 74—SCABIES IN SHEEP

##### Interstate Movement

Pursuant to the provisions of sections 1 through 4 of the Act of March 3, 1905, as amended, sections 1 and 2 of the Act of February 2, 1903, as amended, and sections 4 through 7 of the Act of May 29, 1884, as amended (21 U.S.C. 111-113, 115, 117, 120, 121, 123-126), §§ 74.2 and 74.3 of Part 74, Subchapter C, Chapter I, Title 9, Code of Federal Regulations, as amended, are hereby amended to read, respectively as follows:

##### § 74.2 Designation of free and infected areas.

(a) Notice is hereby given that sheep in the following States, Territories, and District, or parts thereof as specified, are not known to be infected with scabies and such States, Territories, District, and parts thereof, are hereby designated as free areas:

(1) Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Idaho, Louisiana, Maine, Massachusetts, Mississippi, Montana, Nevada, New Hampshire, North Carolina, Oregon, Puerto Rico, Rhode Island, South Carolina, Texas, Utah, Vermont, Washington, and Wyoming;

(2) The following counties in South Dakota: McPherson, Edmunds, Faulk, Hand, Jerauld, Aurora, and Douglas, and all counties in the State of South Dakota lying west thereof;

(3) The following counties in Nebraska: Arthur, Banner, Blaine, Box Butte, Brown, Chase, Cherry, Cheyenne, Dawes, Deuel, Dundy, Garden, Grant, Hooker, Keith, Keya Paha, Kimball, Loup, Morrill, Perkins, Rock, Sheridan, Sioux, Scotts Bluff, and Thomas;

(4) That portion of McKinley and San Juan Counties in New Mexico occupied by the Navajo Indian Reservation;

(5) All of that area of the State of North Dakota lying west of the Missouri River and State Highway No. 8, beginning at a point where said river intersects the South Dakota boundary line and continuing along said river to a point on the Garrison Dam Reservoir directly south of the intersection of State Highways Nos. 23 and 8; thence, directly north to the intersection of State Highways Nos. 23 and 8; thence, north along State Highway No. 8 to the North Dakota-Canadian boundary; and

(6) The following counties in Kansas: Republic, Cloud, Ottawa, Saline, McPherson, Harvey, Sedgwick, and Sumner, and all counties in the State of Kansas lying west thereof.

(b) Notice is hereby given also that sheep scabies exists in all States and Territories and parts of States not designated as free areas in paragraph (a) of this section, and they are hereby designated as infected areas.

##### § 74.3 Designation of eradication areas.

(a) Notice is hereby given that sheep in the following States, Territories, or parts thereof as specified, are being handled systematically to eradicate scabies in sheep and such States, Territories, and parts thereof, are hereby designated as eradication areas:

(1) Hawaii, Illinois, New Jersey, New York, Pennsylvania, Tennessee, and Wisconsin;

(2) The following counties in South Dakota: Brown, Spink, Beadle, Sanborn, Davison, Hutchinson, and Bon Homme, and all counties in the State of South Dakota lying east thereof;

(3) All counties in Nebraska except Arthur, Banner, Blaine, Box Butte, Brown, Chase, Cherry, Cheyenne, Dawes, Deuel, Dundy, Garden, Grant, Hooker, Keith, Keya Paha, Kimball, Loup, Morrill, Perkins, Rock, Sheridan, Sioux, Scottsbluff, and Thomas;

(4) All counties in New Mexico except that portion of McKinley and San Juan Counties occupied by the Navajo Indian Reservation;

(5) All of the State of North Dakota except that area lying west of the Missouri River and State Highway No. 8, beginning at a point where said river intersects the South Dakota boundary line and continuing along said river to a point on the Garrison Dam Reservoir directly south of the intersection of State Highways Nos. 23 and 8; thence, directly north to the intersection of State Highways Nos. 23 and 8; thence, north along State Highway No. 8 to the North Dakota-Canadian boundary; and

(6) The following counties in Michigan: Alger, Baraga, Chippewa, Delta, Dickinson, Gogebic, Houghton, Iron, Keweenaw, Luce, Mackinac, Marquette, Menominee, Ontonagon, and Schoolcraft.

(Secs. 4-7, 23 Stat. 32, as amended, secs. 1, 2, 32 Stat. 791-792, as amended, secs. 1-4, 33 Stat. 1264, as amended, 1265, as amended; 21 U.S.C. 111-113, 115, 117, 120, 121, 123-126; 19 F.R. 74, as amended)

*Effective date.* The foregoing amendments shall become effective upon issuance.

The amendments add specified counties in the State of Nebraska to the list of free areas and delete such counties from the list of infected and eradication areas as sheep scabies is no longer known to exist in these specified counties. Hereafter, the restrictions pertaining to the interstate movement of sheep from or into infected and eradication areas as contained in the regulations in 9 CFR Part 74, as amended, will not apply to these counties. However, the restrictions in said Part 74 pertaining to the interstate movement of sheep from or into free areas will apply thereto.

The amendments relieve certain restrictions presently imposed and must be made effective immediately to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable and contrary to the public interest, and the amendments may be made effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 2d day of May 1962.

B. T. SHAW,  
Administrator,  
Agricultural Research Service.

## Title 10—ATOMIC ENERGY

### Chapter I—Atomic Energy Commission

#### PART 4—CRITERIA AND PROCEDURES FOR DETERMINING ELIGIBILITY FOR SECURITY CLEARANCE

#### PART 10—CRITERIA AND PROCEDURES FOR DETERMINING ELIGIBILITY FOR ACCESS TO RESTRICTED DATA OR DEFENSE INFORMATION

In order to establish uniform procedures for determining the eligibility for access to Restricted Data or defense information under the Government and industrial security programs of the AEC, the Commission is revoking 10 CFR Part 4, "Criteria and Procedures for Determining Eligibility for Security Clearance," and issuing the following amendments to 10 CFR Part 10, "Criteria and Procedures for Determining Access to Restricted Data or Defense Information Within Industry." The amendments to 10 CFR Part 10 establish the criteria and procedures for resolving questions concerning the eligibility of individuals who are employed by or applicants for employment with AEC contractors, agents, access permittees, and licensees of the AEC, individuals who are AEC employees or applicants for AEC employment, and other persons designated by the General Manager of the Atomic

Energy Commission, for access to Restricted Data pursuant to the Atomic Energy Act of 1954, as amended, or for access to defense information, and are published to implement Executive Orders 10865, 25 F.R. 1583 (February 24, 1960), and 10450, 18 F.R. 2489 (April 27, 1954).

Because these regulations relate to the performance of AEC functions as described in section 4(2) of the Administrative Procedure Act of 1946, 5 U.S.C. section 1003(2), the Commission has found that general notice of proposed rulemaking and public procedure thereon are not required and that good cause exists why these rules should be made effective immediately without the customary period of prior notice.

Because of the important nature of the regulations contained herein, the Commission invites written comments from interested members of the public. These comments should be mailed to the General Counsel, U.S. Atomic Energy Commission, Washington 25, D.C.

Pursuant to the Administrative Procedure Act, the following rules are published as a document subject to codification, to be effective immediately upon publication in the FEDERAL REGISTER.

1. Part 4, "Criteria and Procedures For Determining Eligibility For Security Clearance," is hereby revoked.

2. Part 10 is amended so that the title thereof shall read as set forth above.

3. Part 10 is amended so that the first paragraph of the Preamble thereof shall read as follows:

The following regulations of the Commission establishing the criteria and procedures for resolving questions concerning the eligibility of individuals who are employed by or applicants for employment with AEC contractors, agents, access permittees, and licensees of the AEC, individuals who are AEC employees or applicants for AEC employment, and other persons designated by the General Manager of the Atomic Energy Commission, for access to Restricted Data pursuant to the Atomic Energy Act of 1954, as amended, or for access to defense information, are published to implement Executive Orders 10865, 25 F.R. 1583 (February 24, 1960), and 10450, 18 F.R. 2489 (April 27, 1954).

4. 10 CFR Part 10 is amended so that the center heading preceding § 10.10 shall read as follows:

**CRITERIA FOR DETERMINING ELIGIBILITY FOR ACCESS TO RESTRICTED DATA OR DEFENSE INFORMATION**

5. Part 10, § 10.1 is amended to read as follows:

**§ 10.1 Purpose.**

This part establishes the criteria, procedures and methods for resolving questions concerning the eligibility of individuals who are employed by or applicants for employment with AEC contractors, agents, access permittees, and licensees of the AEC, individuals who are AEC employees or applicants for AEC employment, and other persons designated by the General Manager of the AEC, for access to Restricted Data

pursuant to the Atomic Energy Act of 1954, as amended, or for access to defense information, and is published to implement Executive Order 10865, 25 F.R. 1583 (February 24, 1960), and 10450, 18 F.R. 2489 (April 27, 1954).

6. Part 10, § 10.2 is amended so that paragraph (c) thereof is redesignated as paragraph (d), and the following new paragraph (c) is inserted:

(c) Employees (including consultants) of, and applicants for employment with, the AEC.

7. Part 10, § 10.3 which sets forth section 145 of the Atomic Energy Act of 1954, as amended, is hereby amended by deleting subsections (d), (e), and (f), redesignating subsection (c) as subsection (d) and subsection (g) as subsection (h) and adding the following subsections:

(c) In lieu of the investigation and report to be made by the Civil Service Commission pursuant to subsection (b) of this section, the Commission may accept an investigation and report on the character, associations, and loyalty of an individual made by another Government agency which conducts personnel security investigations, provided that a security clearance has been granted to such individual by another Government agency based on such investigation and report.

(e) If the President deems it to be in the national interest he may from time to time determine that investigations of any group or class which are required by subsections (a), (b), and (c) of this section be made by the Federal Bureau of Investigation.

(f) Notwithstanding the provisions of subsections (a), (b), and (c) of this section, a majority of the members of the Commission shall certify those specific positions which are of a high degree of importance or sensitivity, and upon such certification, the investigation, and reports required by such provisions shall be made by the Federal Bureau of Investigation.

(g) The Commission shall establish standards and specifications in writing as to the scope and extent of investigations, the reports of which will be utilized by the Commission in making the determination, pursuant to subsections (a), (b), and (c) of this section, that permitting a person access to Restricted Data will not endanger the common defense and security. Such standards and specifications shall be based on the location and class or kind of work to be done, and shall, among other considerations, take into account the degree of importance to the common defense and security of the Restricted Data to which access will be permitted.

8. Part 10, § 10.5(a) is amended to read as follows:

(a) "Access authorization" means an administrative determination that an individual (including a consultant) who is employed by or an applicant for employment with AEC contractors, agents, access permittees and licensees of the AEC is eligible for access to Restricted Data or defense information; and an individual (including a consultant) who is an AEC employee or applicant for AEC employment and other persons designated by the General Manager of the Atomic Energy Commission is eligible for security clearance.

9. Part 10, § 10.20 is amended to read as follows:

**§ 10.20 Purpose of the procedures.**

These procedures establish methods for the conduct of Personnel Security Board hearings and administrative review of questions concerning an individual's eligibility for access authorization pursuant to the Atomic Energy Act of 1954, as amended, and Executive Orders 10450 and 10865, when it has been determined that such questions cannot be favorably resolved by interview or other investigation.

10. Part 10, § 10.26(c) is amended to read as follows:

(c) The personnel of the Board shall be selected from a panel of individuals possessing the highest degree of integrity, ability, and good judgment. Such panel may include employees of the AEC or its contractors but no employee of an AEC contractor shall serve as a member of a Personnel Security Board hearing the case of an employee of, or an applicant for employment with, that contractor; nor shall any employee of the AEC serve as a member of a Personnel Security Board hearing the case of an employee of, or an applicant for employment with, the AEC.

Dated at Germantown, Md. this 30th day of April 1962.

For the Atomic Energy Commission.

WOODFORD B. MCCOOL,  
Secretary.

## Title 14—AERONAUTICS AND SPACE

### Chapter III—Federal Aviation Agency

#### SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 62-EA-27]

#### PART 600—DESIGNATION OF FEDERAL AIRWAYS

#### PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS

##### Alteration of Control Zone and Federal Airway

The purpose of these amendments to §§ 600.6279 and 601.2090 of the regulations of the Administrator is to alter the descriptions of the Columbus, Ohio, control zone and VOR Federal airway No. 279 which extends from Columbus to Findlay, Ohio.

The Columbus control zone and Victor 279 are designated, in part, on the Columbus radio range station. The Federal Aviation Agency is converting this facility to a radio beacon. Therefore, action is taken herein to substitute the Columbus radio beacon for the Columbus

radio range in the description of the Columbus control zone and Victor 279.

Since these amendments are editorial in nature, and impose no additional burden on any person, notice and public procedure hereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, these amendments will become effective more than 30 days after publication.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), the following actions are taken:

1. Section 600.6279 (14 CFR 600.6279) is amended to read:

**§ 600.6279 VOR Federal airway No. 279 (Columbus, Ohio, to Findlay, Ohio).**

From the Columbus, Ohio, RBN to the Findlay, Ohio, VORTAC.

**§ 601.2090 [Amendment]**

2. In the text of § 601.2090 (14 CFR 601.2090) "Columbus RR" is deleted and "Columbus RBN" is substituted therefor.

These amendments shall become effective 0001, e.s.t., July 26, 1962.

**PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS**

**Alteration of Control Zone**

The purpose of this amendment to § 601.2491 of the regulations of the Administrator is to alter the Mobile, Ala. (Brookley AFB), control zone.

The Mobile control zone is designated, in part, on the Brookley AFB VOR. The FAA will commission the Brookley VORTAC, a new navigation facility located slightly more than 1 mile southeast of the Brookley AFB VOR, on or about May 31, 1962. Therefore, action is taken herein to designate the Mobile control zone, in part, on this new facility. This will result in a reduction of approximately 3 miles in the length of the control zone extension to the southeast of the Air Force Base.

Since the change effected by this amendment imposes no additional burden on any person, notice, and public procedure hereon are unnecessary and it may be made effective May 31, 1962.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582) § 601.2491 (26 F.R. 8807) is amended to read:

**§ 601.2491 Mobile, Ala. (Brookley AFB), control zone.**

Within a 5-mile radius of Brookley AFB (latitude 30°37'40" N., longitude 88°04'15" W.); and within 2 miles either side of the Brookley, Ala., VORTAC 150° radial extending from the 5-mile radius zone to 8 miles SE of the VORTAC.

This amendment shall become effective 0001, e.s.t., May 31, 1962.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

[Airspace Docket No. 62-WA-41]

**PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS**

**Revocation of Reporting Point**

The purpose of this amendment to § 601.5001 of the regulations of the Administrator is to revoke the East Norfolk Intersection as a designated reporting point.

Flight progress reports over designated locations, automatically initiated by pilots, facilitate air traffic service and assist the controller in the performance of his duties. However, due to the continuous modernization of the airway structure of the United States, the need for reporting points at particular locations is constantly being revised. The action taken herein reflects this changing need on the part of air traffic control.

Since this amendment is of a procedural nature and will not assign or reassign the use of navigable airspace, notice, and public procedure hereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, this amendment will become effective more than 30 days after publication.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), the following action is taken: In the text of § 601.5001 (14 CFR 601.5001) "East Norfolk Intersection: Intersection of the east course of the Norfolk, Va. (Navy), radio range and the northeast course of the Weeksville, N.C. (Navy), radio range." is deleted.

This amendment shall become effective 0001, e.s.t., June 28, 1962.

**PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS**

**PART 608—SPECIAL USE AIRSPACE**

**Designation of Restricted Area and Alteration of Continental Control Area**

On March 8, 1962, a notice of proposed rule making was published in the FEDERAL REGISTER (27 F.R. 2250), stating that the Federal Aviation Agency was considering amendments to §§ 601.7101 and 608.51 to establish a joint use restricted area in the vicinity of McGregor, N. Mex., and to include this area within the continental control area with the Federal Aviation Agency, El Paso ARTC Center as controlling agency.

No adverse comments were received regarding the proposed amendments.

Interested persons have been afforded an opportunity to participate in the making of the rules herein adopted, and due consideration has been given to all relevant matter presented.

The substance of the proposed amendments having been published, therefore, pursuant to the authority delegated to me by the Administrator (25 F.R. 12582) and for the reasons stated in the notice, the following actions are taken:

1. In § 608.51 New Mexico (26 F.R. 7204) the following is added:

R-5110 McGregor, N. Mex.

*Boundaries.* Beginning at latitude 33°-13'00" N., longitude 105°17'35" W.; thence counterclockwise along the arc of a 45-mile radius circle centered at Walker AFB, Roswell, N. Mex. (latitude 33°18'00" N., longitude 104°31'20" W.), to latitude 32°52'30" N., longitude 105°06'55" W.; to latitude 32°26'20" N., longitude 105°30'00" W.; to latitude 32°45'00" N., longitude 105°30'00" W.; to latitude 32°45'00" N., longitude 105°27'00" W.; to latitude 33°13'00" N., longitude 105°27'00" W.; to point of beginning.

*Designated altitude.* 31,000 feet MSL to unlimited.

*Time of designation.* Continuous.

*Controlling agency.* Federal Aviation Agency, El Paso ARTC Center.

*Using agency.* Commanding General, Fort Bliss, Tex.

2. In the text of § 601.7101 (26 F.R. 1399) the following is added:

R-5110 McGregor, N. Mex.

These amendments shall become effective 0001, e.s.t., June 28, 1962.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

**PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS****PART 608—SPECIAL USE AIRSPACE  
Alteration of Restricted Area and Transition Area**

The purpose of these amendments to §§ 601.10019 and 608.31 is to alter the Kaneohe, Oahu, Hawaii, transition area and the Kahuku Point Restricted Area R-3106.

The Department of the Navy has advised the Federal Aviation Agency that the portion of R-3106 infringing upon the Kaneohe, Oahu, Hawaii, transition area can be revoked. This will preclude the necessity of prior coordination before using the portion of the transition area coincident with R-3106. Since the Navy has stated that no derogation of activities will result from this reduction, a portion of R-3106 is therefore unjustified as an assignment of airspace and the reduction in size will be in the public interest. Such action is taken herein.

Since these amendments reduce a burden on the public, notice, and public procedure hereon are unnecessary, and they may be made effective upon publication.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), the following actions are taken:

1. In the text of § 601.10019 (27 F.R. 509) "The portion of this transition area which coincides with R-3106 shall be used only after obtaining prior approval from appropriate authority." is deleted.

2. In § 608.31 Hawaii (14 CFR 608.31), R-3106 Kahuku Point, Oahu, Hawaii is amended to read:

R-3106 Kahuku Point, Oahu, Hawaii.

**Boundaries.** Beginning at latitude 21°43'40" N., longitude 157°55'05" W.; to latitude 21°39'30" N., longitude 157°51'40" W.; thence 3 nautical miles from the shoreline to latitude 21°36'50" N., longitude 157°50'30" W.; to latitude 21°35'00" N., longitude 157°49'40" W., to latitude 21°35'00" N., longitude 157°51'30" W.; to latitude 21°36'30" N., longitude 157°53'45" W.; to latitude 21°41'30" N., longitude 157°56'20" W.; thence clockwise along the arc of a circle with a 1.5-nautical mile radius centered at latitude 21°43'00" N., longitude 157°56'30" W.; to the point of beginning.

**Designated altitudes.** The area northwest of a line drawn between latitude 21°39'08" N., longitude 157°55'05" W.; and latitude 21°40'18" N., longitude 157°52'20" W., surface to 15,000 feet MSL; the area southwest of this line, surface to 6,000 feet MSL.

**Time of designation.** 0800 to 1600 Hawaiian standard time, Monday through Friday.

**Controlling agency.** Federal Aviation Agency, Honolulu Flight Service Station.

**Using agency.** Commander, Fleet Air Hawaii, NAS Barbers Point, Hawaii.

These amendments shall become effective upon the date of publication in the FEDERAL REGISTER.

**PART 610—MINIMUM EN ROUTE IFR ALTITUDES****Miscellaneous Amendments**

This amendment is being adopted to insure the safety of IFR operations by establishing the minimum en route IFR altitudes for the route or portions thereof contained herein, and the altitudes which assure navigational coverage that is adequate and free of frequency interference for such routes or portions thereof.

As a situation exists which demands immediate action in the interest of safety, I find that compliance with the notice, public procedure and effective date provisions of the Administrative Procedure Act would be impracticable.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 610 is hereby amended as follows:

## Title 16—COMMERCIAL PRACTICES

### Chapter I—Federal Trade Commission

#### PART 14—ADMINISTRATIVE INTERPRETATIONS

##### Revised<sup>1</sup> Standard "Push Money" Trade Practice Rule

The Federal Trade Commission has approved a revised standard "Push Money" trade practice rule. The revised rule will be included in all future trade practice rules for industries in which there is found to be a need for a rule of this character, and the administration of existing rules on this subject previously approved by the Commission will be in accord with the provisions of the revised rule.

The form of the revised rule is as follows:

##### § 14.7 Rule ----—Push Money.

It is an unfair trade practice for any industry member to pay or contract to pay anything of value to a sales person employed by a customer of the industry member, as compensation for, or as an inducement to obtain, special or greater effort or service on the part of the sales person in promoting the resale of products supplied by the industry member to the customer:

(a) When the agreement or understanding under which the payment or payments are made or are to be made is without the knowledge and consent of the sales person's employer; or

(b) When the terms and conditions of the agreement or understanding are such that any benefit to the sales person or customer is dependent on lottery; or

<sup>1</sup>Original rule not published in FEDERAL REGISTER.

(c) When any provision of the agreement or understanding requires or contemplates practices or a course of conduct unduly and intentionally hampering sales of products of competitors of an industry member; or

(d) When, because of the terms and conditions of the understanding or agreement, including its duration, or the attendant circumstances, the effect may be to substantially lessen competition or tend to create a monopoly; or

(e) When similar payments are not accorded to sales persons of competing customers on proportionally equal terms in compliance with section 2 (d) and (e) of the Clayton Act.

NOTE: Payments made by an industry member to a sales person of a customer under any agreement or understanding that all or any part of such payments is to be transferred by the sales person to the customer, or is to result in a corresponding decrease in the sales person's salary, are not to be considered within the purview of this Rule ----, but are to be considered as subject to the requirements and provisions of section 2(a) of the Clayton Act.

(Secs. 5, 6; 38 Stat. 719, as amended, 721; 15 U.S.C. 45, 46)

Adopted: April 25, 1962.

By the Commission.

[SEAL] JOSEPH W. SHEA,  
Secretary.

### [7 CFR Part 928]

[Docket No. AO-340]

#### HANDLING OF APRICOTS GROWN IN YOLO COUNTY AND DESIGNATED PART OF SOLANO COUNTY IN CALIFORNIA

##### Decision With Respect to Proposed Marketing Agreement and Order

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Winters, Calif., February 15-16, 1962, after notice thereof published in the FEDERAL REGISTER (27 F.R. 781), on a proposed marketing agreement and order for regulating the handling of apricots grown in Solano and Yolo Counties in California, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674).

On the basis of the evidence introduced at the hearing, and the record thereof, the recommended decision in this proceeding was filed, on April 4, 1962, with the Hearing Clerk, U.S. Department of Agriculture. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (F.R. Doc. 62-3421; 27 F.R. 3391).

The material issues, findings and conclusions, and the general findings of the recommended decision set forth in the FEDERAL REGISTER (F.R. Doc. 62-3421; 27 F.R. 3391) are hereby approved and adopted as the material issues, findings and conclusions, and the general findings of this decision as if set forth in full herein.

*Rulings on exceptions.* Exceptions to the recommended decision were filed, within the time prescribed, by Roy I. Hoskins, Vacaville, Calif., and H. C. Gustafson, Richmond, Calif. Such exceptions were carefully and fully considered, in conjunction with the evidence in the record and the recommended decision pertaining thereto, in arriving at the findings and conclusions set forth in this decision.

Exception is taken to the findings and conclusions of the recommended decision, and the effectuating provisions set forth in the proposed order, pertaining to the marketing research and development provision. It is contended that, in view of the relatively small volume of apricots to which assessments could be applied to finance such research and development projects, that the conduct of such projects under the proposed order would prove too expensive. However, the proposed order authorizes no specific research and development projects. It authorizes establishment of such projects on a permissive basis and provides in §§ 928.45 and 928.40, respectively, that the plans and expenses of any such projects which are to be recommended by the committee are subject to the prior approval of the Secretary. Under the proposed program, the committee and the Secretary are obliged to examine carefully the costs of any item of expense in relation to expected benefits; and it does not appear likely that members of the committee who, as members of the apricot industry would have the same obligation of bearing the expenses as any other industry member, would recommend, or that the Secretary would approve, the establishment of research and development projects which would constitute an undue burden to those affected under the order. This exception is therefore denied.

Exception was taken to the findings and conclusions with respect to the effect of mismarking of containers as to size of fruit therein, and the effect of small and immature fruit on the prices of larger mature fruit. However, the evi-

dence of record clearly supports the findings and conclusions in this regard and the exception does not point to any evidence in the record which may be construed otherwise. Hence, this exception is denied.

Exception also was taken to the provisions of the proposed order which would authorize the establishment of different size regulations for the different districts on the basis that such provision should specifically provide that the minimum size for District 4 shall be one size smaller than the size prescribed for the remainder of the production area. It is recognized that the primary need shown for different size regulation by districts was to permit the shipment of the smaller sized apricots from District 4 which, because of the lack of irrigation facilities, normally grows fruit smaller in size than the irrigated areas. However, it can not be concluded that, under any and all circumstances, District 4 should always be permitted to ship apricots of a smaller size than any other district. The authorization of different size regulation for any district, as proposed to be provided, would permit the establishment of such different size requirements as are warranted to maintain equity among the various districts, including the establishment of a smaller minimum size for District 4 in recognition of any need for separate size regulation that may be created by lack of irrigation facilities. Therefore, this exception is denied.

Exception was taken to the findings and conclusions with respect to the need for the proposed order, on the basis that recently the proportion of total apricot production shipped fresh has been smaller than that cited in the recommended decision. Evidence of record for a shorter more recent period than that cited in the recommended decision was cited to prove this. However, both the evidence cited in the exception and that cited in the recommended decision support the findings and conclusions of the recommended decision as to the need for the proposed marketing agreement and order. Likewise, data were submitted with respect to the time early shipments are made from various parts of the production area and the proportion of apricots transhipped from terminal points within the State of California which, although differing somewhat from the evidence of record, would have supported the findings and conclusions of the recommended decision had it been introduced in the record, as is necessary under the rules of the Department for such data to be considered.

To the extent that any exception filed is at variance with the findings and conclusions contained herein, such exception is denied for the foregoing reasons and on the basis of the findings and conclusions relating to the issues to which the exception refers.

**Marketing agreement and order.** Annexed hereto and made a part hereof are two documents entitled, respectively, "Marketing Agreement Regulating the Handling of Apricots Grown in Yolo County and Designated Part of Solano County in California," and "Order Regulating the Handling of Apricots Grown in Yolo County and Designated Part of Solano County in California," which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. The aforesaid marketing agreement and order shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure, governing proceedings to formulate marketing agreements and marketing orders, have been met.

**Referendum order.** Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674), it is hereby directed that a referendum be conducted among the producers who, during the period March 1, 1961, through February 28, 1962 (which period is hereby determined to be a representative period for the purpose of such referendum), were engaged, in Yolo County, Calif., and that portion of Solano County, Calif., north of the first standard parallel north of the Mount Diablo Base and Meridian, in the production of apricots for market to ascertain whether such producers favor the issuance of the said annexed order regulating the handling of apricots grown in the Yolo County and designated part of Solano County in California. W. B. Blackburn, and G. P. Muck, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, 650 Capitol Avenue, Room 8518, Sacramento 14, Calif., are hereby designated agents of the Secretary of Agriculture to conduct said referendum.

The procedure applicable to this referendum shall be the "Procedure for the Conduct of Referenda Among Producers in Connection With Marketing Orders (Except Those Applicable to Milk and Its Products) To Become Effective Pursuant to the Agricultural Marketing Agreement Act of 1937, as Amended" (15 F.R. 5176; 19 F.R. 35). The ballots used in the referendum shall contain a summary describing the terms and conditions of the proposed order.

Copies of the aforesaid annexed order and of the aforesaid referendum procedure may be examined in the Office of the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C.

Ballots to be cast in the referendum, and other necessary forms and instructions, may be obtained from any referendum agent or appointee.

*It is hereby ordered,* That all of this decision, except the annexed agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement are identical with those contained in the annexed order which will be published with this decision.

Dated: May 2, 1962.

JOHN P. DUNCAN, Jr.,  
Assistant Secretary.

§ 928.0 Findings and determinations.

(a) *Findings upon the basis of the hearing record.* Pursuant to the Agri-

<sup>1</sup> This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders have been met.

cultural Marketing Agreement Act of 1937, as amended (secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674), and the applicable rules of practice and procedure, as amended, effective thereunder (7 CFR Part 900), a public hearing was held at Winters, Calif., February 15-16, 1962, upon a proposed marketing agreement and a proposed marketing order regulating the handling of apricots grown in Solano and Yolo Counties in California. Upon the basis of the evidence introduced at such hearing, and the record thereof, it is found that:

(1) This order, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) This order regulates the handling of apricots grown in the production area in same manner as, and is applicable only to persons in the respective classes of commercial or industrial activity specified in, a proposed marketing agreement upon which a hearing has been held;

(3) This order is limited in its application to the smallest regional production area which is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to subdivisions of the production area would not effectively carry out the declared policy of the act;

(4) The said order prescribes, so far as practicable, such different terms applicable to different parts of the production area as are necessary to give due recognition to the difference in the production and marketing of apricots grown in the production area; and

(5) All handling of apricots grown in the production area, as defined in the order, is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

*It is therefore ordered,* That, on and after the effective date hereof, the handling of apricots grown in the said production area shall be in conformity to, and in compliance with, the terms and conditions of this order; and such terms and conditions are as follows:

DEFINITIONS

§ 928.1 Secretary.

"Secretary" means the Secretary of Agriculture of the United States, or any officer or employee of the Department to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

§ 928.2 Act.

"Act" means Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U.S.C. 601-674).

§ 928.3 Person.

"Person" means an individual, partnership, corporation, association, or any other business unit.

§ 928.4 Production area.

"Production area" means Yolo County, Calif., and that portion of Solano County, Calif., north of the first stand-

ard parallel north of the Mt. Diablo Base and Meridian.

#### § 928.5 Apricots.

"Apricots" means all varieties of *Prunus armeniaca*, commonly called apricots, grown in the production area.

#### § 928.6 Varieties.

"Varieties" means and includes all classifications or subdivisions of *Prunus armeniaca*.

#### § 928.7 Fiscal period.

"Fiscal period" is synonymous with fiscal year and means the 12-month period ending on the last day of February of each year, or such other period that may be approved by the Secretary pursuant to recommendations by the committee.

#### § 928.8 Committee.

"Committee" means the Apricot Administrative Committee established pursuant to § 928.20.

#### § 928.9 Grade.

"Grade" means any one of the officially established grades of apricots as defined and set forth in the United States Standards for Apricots (21 F.R. 9935), or amendment thereto, or modifications thereof, or variations based thereon.

#### § 928.10 Size.

"Size" means the greatest diameter, measured through the center of the apricot, at right angles to a line running from the stem to the blossom end, or such other specification as may be established by the committee with the approval of the Secretary.

#### § 928.11 Grower.

"Grower" is synonymous with producer and means any person who produces apricots for market in fresh form, and who has a proprietary interest therein.

#### § 928.12 Handler.

"Handler" is synonymous with shipper and means any person (except a common or contract carrier transporting apricots owned by another person) who handles apricots in fresh form.

#### § 928.13 Handle.

"Handle" and "ship" are synonymous and mean to sell, consign, deliver, or transport apricots or cause the sale, consignment, delivery or transportation of apricots or in any other way to place apricots, or cause apricots to be placed, in the current of the commerce from any point within the production area to any point outside thereof: *Provided*, That the term handle shall not include the sale of apricots on the tree.

#### § 928.14 District.

"District" means the applicable one of the following described subdivisions of the production area, or such other subdivisions as may be prescribed pursuant to section 31 (m):

(a) "District 1" shall include that portion of the Apricot-Winters School District which formerly comprised the Apricot School District of Yolo County;

(b) "District 2" shall include that portion of Yolo County not included in District 1.

(c) "District 3" shall include the Wolfskill and Dixon Unified School Districts of Solano County and that portion of the Olive-Pleasants Valley School Districts of Solano County which was included in the former Olive School District and which is north of a line drawn due east and west through the intersection of Putah Creek Road and Pleasants Valley Road.

(d) "District 4" shall include that portion of Solano County which is north of the first Standard Parallel north of the Mt. Diablo Base and Meridian and is not included in District 3.

#### § 928.15 Pack.

"Pack" means the specific arrangement, size, weight, count, or grade of a quantity of apricots in a particular type and size of container, or any combination thereof.

#### § 928.16 Container.

"Container" means a box, bag, crate, lug, basket, carton, package, or any other type of receptacle used in the packaging or handling of apricots.

### ADMINISTRATIVE BODY

#### § 928.20 Establishment and membership.

There is hereby established an Apricot Administrative Committee consisting of seven members, each of whom shall have an alternate who shall have the same qualifications as the member for whom he is an alternate. The members and their alternates shall be growers or employees of growers. Each member and his alternate shall be a producer of apricots in the district he is chosen to represent as established pursuant to section 14. Three of the members and their respective alternates shall be producers of apricots in District 1; one member and his alternate shall be producers of apricots in District 2; two members and their respective alternates shall be producers of apricots in District 3; and one member and his alternate shall be producers of apricots in District 4.

#### § 928.21 Term of office.

The term of office of each member and alternate member of the committee shall be for one year beginning March 1 and ending on the last day of February: *Provided*, That the terms of the initial members and their alternates shall end on the last day of February 1964. Members and alternate members shall serve in such capacities for the portion of the term of office for which they are selected and have qualified and until their respective successors are selected and have qualified.

#### § 928.22 Nomination.

(a) *Initial members.* Nominations for each of the initial members, together with nominations for the initial alternate members for each position, may be submitted to the Secretary by the committee responsible for promulgation of this part. Such nominations may be

made by means of group meetings of the growers concerned in each district. Such nominations, if made, shall be filed with the Secretary no later than the effective date of this part. In the event nominations for initial members and alternate members of the committee are not filed pursuant to, and within the time specified in, this section, the Secretary may select such initial members and alternate members without regard to nominations, but selections shall be on the basis of the representation provided in § 928.20.

(b) *Successor members.* (1) The committee shall hold or cause to be held not later than February 15 of each year (excluding the initial term) a meeting or meetings of growers for the purpose of designating nominees for successor members and alternate members of the committee. These meetings shall be supervised by the committee which shall prescribe such procedures as shall be reasonable and fair to all persons concerned.

(2) Only growers, including duly authorized employees of growers, who are present at such nomination meetings may participate in the nomination and election of nominees for grower members and their alternates. Each grower shall be entitled to cast only one vote for each nominee to be elected in any district in which he produces apricots.

(3) A particular grower, including employees of such grower, shall be eligible for membership as principal or alternate to fill only one position on the committee.

#### § 928.23 Selection.

From the nominations made pursuant to § 928.22, or from other qualified persons, the Secretary shall select the seven members of the committee and an alternate for each such member.

#### § 928.24 Failure to nominate.

If nominations are not made within the time and in the manner prescribed in § 928.22, the Secretary may, without regard to nominations, select the members and alternate members of the committee on the basis of the representation provided for in § 928.20.

#### § 928.25 Acceptance.

Any person selected by the Secretary as a member or as an alternate member of the committee shall qualify by filing a written acceptance with the Secretary promptly after being notified of such selection.

#### § 928.26 Vacancies.

To fill any vacancy occasioned by the failure of any person selected as a member or as an alternate member of the committee to qualify, or in the event of the death, removal, resignation, or disqualification of any member or alternate member of the committee, a successor for the unexpired term of such member or alternate member of the committee shall be nominated and selected in the manner specified in §§ 928.22 and 928.23. If the names of nominees to fill any such vacancy are not made available to the Secretary within a reasonable time after

such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which selection shall be made on the basis of representation provided for in § 928.20.

#### § 928.27 Alternate members.

An alternate member of the committee, during the absence or at the request of the member for whom he is an alternate, shall act in the place and stead of such member and perform such other duties as assigned. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor for such member is selected and has qualified. In the event both a member of the committee and his alternate are unable to attend a committee meeting, the member or the committee may designate any other alternate member to serve in such member's place and stead.

#### § 928.30 Powers.

The committee shall have the following powers:

- (a) To administer the provisions of this part in accordance with its terms;
- (b) To receive, investigate, and report to the Secretary complaints of violations of the provisions of this part;
- (c) To make and adopt rules and regulations to effectuate the terms and provisions of this part; and
- (d) To recommend to the Secretary amendments to this part.

#### § 928.31 Duties.

The committee shall have, among others, the following duties:

- (a) To select a chairman and such other officers as may be necessary, and to define the duties of such officers;
- (b) To appoint such employees, agents, and representatives as it may deem necessary and to determine compensation and to define the duties of each;
- (c) To submit to the Secretary as soon as practicable after the beginning of each fiscal period a budget for such fiscal period, including a report in explanation of the items appearing therein and a recommendation as to the rate of assessment for such period;
- (d) To keep minutes, books, and records which will reflect all of the acts and transactions of the committee and which shall be subject to examination by the Secretary;
- (e) To prepare periodic statements of the financial operations of the committee and to make copies of each such statement available to growers and handlers for examination at the office of the committee;
- (f) To cause its books to be audited by a competent accountant at least once each fiscal year and at such times as the Secretary may request;
- (g) To act as intermediary between the Secretary and any grower or handler;
- (h) To investigate and assemble data on the growing, handling, and marketing conditions with respect to apricots;
- (i) To submit to the Secretary such available information as he may request;
- (j) To notify producers and handlers of all meetings of the committee to consider recommendations for regulations;

(k) To give the Secretary the same notice of meetings of the committee as is given to its members;

(l) To investigate compliance with the provisions of this part;

(m) With the approval of the Secretary, to redefine the districts into which the production area is divided, and to reapportion the representation on the committee: *Provided*, That any such changes shall reflect, insofar as practicable, shifts in apricot production for fresh market within the districts and the production area.

#### § 928.32 Procedure.

(a) Five members of the committee, including alternates acting for members, shall constitute a quorum; and any action of the committee shall require the concurring vote of at least four members: *Provided*, That any action of the committee to recommend regulations pursuant to §§ 928.50 to 928.55 shall require at least five concurring votes.

(b) The committee may vote by telegraph, telephone, or other means of communication, and any votes so cast shall be confirmed promptly in writing: *Provided*, That if an assembled meeting is held, all votes shall be cast in person.

#### § 928.33 Reimbursement for expenses.

The members of the committee and alternates, when acting as members, shall be reimbursed for expenses necessarily incurred by them in the performance of their duties under this part: *Provided*, That at its discretion the committee may request the attendance of one or more alternates at any or all meetings, notwithstanding the expected or actual presence of the respective members, and may pay expenses, as aforesaid.

#### § 928.34 Annual report.

The committee shall, as soon as is practicable after the close of each marketing season, prepare and mail an annual report to the Secretary and make a copy available to each grower and handler who requests a copy of the report.

#### § 928.37 Shippers' Advisory Committee.

(a) A Shippers' Advisory Committee, consisting of five members who shall be handlers, or employees of handlers, selected by the handlers in accordance with the provisions of this section, is hereby established. There shall be an alternate for each member of such committee. An alternate member shall, in the event of such member's absence from a meeting of the Shippers' Advisory Committee, act in the place and stead of such member, and, in the event of a vacancy in the office of such member, shall act in the place and stead of such member until a successor for the unexpired term of such member has been selected.

(b) The members of the Shippers' Advisory Committee shall be elected by handlers at a general meeting of all handlers and shall serve during the fiscal year for which they are elected. Such meeting shall be supervised by the Apricot Administrative Committee which may prescribe such rules and procedures as may be necessary to assure a member-

ship representative of all shippers. Each such member shall select an alternate from the organization with which he is affiliated.

(c) The Shippers' Advisory Committee may attend each meeting of the Apricot Administrative Committee held to consider recommendations with respect to regulations of shipments pursuant to the provisions of this subpart. The Shippers' Advisory Committee may advise the Apricot Administrative Committee on matters relating to such recommendations, but shall have no vote with such committee in any matter. Members of the Shippers' Advisory Committee may be reimbursed for expenses necessarily incurred in attendance of meetings of the Apricot Administrative Committee.

#### EXPENSES AND ASSESSMENTS

#### § 928.40 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by the committee to enable it to exercise its powers and perform its duties in accordance with the provisions of this part during each fiscal period. The funds to cover such expenses shall be acquired by the levying of assessments as prescribed in § 928.41.

#### § 928.41 Assessments.

(a) Each person who first handles apricots in fresh form shall, with respect to the apricots so handled by him, pay to the committee upon demand such person's pro rata share of the expenses which the Secretary finds will be incurred by the committee during each fiscal period. The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) The Secretary shall fix the rate of assessment to be paid by each such person. At any time during or after the fiscal period, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses which may be incurred. Such increase shall be applied to all fresh apricots handled during the applicable fiscal period. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments on the current year's shipments, the committee may accept the payment of assessments in advance and may also borrow money for such purpose.

#### § 928.42 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in subparagraph (2) of this paragraph, it shall be refunded proportionately to the persons from whom it was collected: *Provided*, That any sum paid by a person in excess of

his pro rata share of the expenses during any fiscal period may be applied by the committee at the end of such fiscal period to any outstanding obligations due the committee from such person.

(2) The committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal periods as a reserve: *Provided*, That funds already in the reserve do not equal approximately one fiscal period's expenses. Such reserve funds may be used by the committee to defray any or all expenses authorized pursuant to this part. In the event of termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

#### RESEARCH

##### § 928.45 Marketing Research and development.

The committee, with the approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of apricots. The expense of such projects shall be paid from funds collected pursuant to § 928.41.

#### REGULATIONS

##### § 928.50 Marketing policy.

(a) Each season prior to making any recommendations pursuant to § 928.51, the committee shall submit to the Secretary a report setting forth its marketing policy for the ensuing season. Such marketing policy report shall contain information relative to:

- (1) The estimated total production of apricots within the production area;
- (2) The expected general quality and size of apricots in the production area and in other areas;
- (3) The expected demand conditions for apricots in different market outlets;
- (4) The expected shipments of apricots produced in the production area and in areas outside the production area;
- (5) Supplies of competing commodities;
- (6) Trend and level of consumer income;
- (7) Other factors having a bearing on the marketing of apricots; and
- (8) The type of regulations expected to be recommended during the season.

(b) In the event it becomes advisable, because of changes in the supply and demand situation for apricots, to modify substantially such marketing policy, the committee shall submit to the Secretary a revised marketing policy report setting forth the information prescribed in this section. The committee shall publicly announce the contents of each

marketing policy report, including each revised marketing policy report, and copies thereof shall be maintained in the office of the committee where they shall be available for examination by growers and handlers.

##### § 928.51 Recommendations for regulation.

(a) Whenever the committee deems it advisable to regulate the handling of any variety or varieties of apricots in the manner provided in § 928.52, it shall so recommend to the Secretary.

(b) In arriving at its recommendations for regulation pursuant to paragraph (a) of this section, the committee shall give consideration to current information with respect to the factors affecting the supply and demand for apricots during the period or periods when it is proposed that such regulation should be made effective. With each such recommendation for regulation, the committee shall submit to the Secretary the data and information on which such recommendation is predicated and such other available information as the Secretary may request.

##### § 928.52 Issuance of regulations.

(a) The Secretary shall regulate, in the manner specified in this section, the handling of apricots whenever he finds, from the recommendations and information submitted by the committee, or from other available information, that such regulations will tend to effectuate the declared policy of the act. Such regulations may:

- (1) Limit, during any period or periods, the shipment in fresh form of any particular grade, size, quality, maturity, or pack, or any combination thereof, of any variety or varieties of apricots grown in the production area;
- (2) Limit the sizes, of any variety or varieties of fresh apricots grown in and shipped from any district or districts differently from such size limitations on the same variety or varieties grown in and shipped from other districts.

(3) Limit the shipment of fresh apricots by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity during any period when season average prices are expected to exceed the parity level;

(4) Fix, during any period or periods, the size, capacity, weight, dimensions, markings, or pack of the container, or containers, which may be used in the packaging or handling of fresh apricots.

(b) The committee shall be informed immediately of any such regulation issued by the Secretary, and the committee shall promptly give notice thereof to growers and handlers.

##### § 928.53 Modification, suspension, or termination of regulations.

(a) In the event the committee at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 928.52 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the committee or from other available information, that

a regulation should be modified, suspended, or terminated with respect to any or all shipments of apricots in order to effectuate the declared policy of the act, he shall modify, suspend, or terminate such regulation. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation. In like manner the Secretary may terminate any such modification or suspension.

##### § 928.54 Special purpose shipments.

(a) Except as otherwise provided in this section, any person may, without regard to the provisions of §§ 928.41, 928.52, 928.53, and 928.55 and the regulations issued thereunder, handle apricots (1) for consumption by charitable institutions; (2) for distribution by relief agencies; or (3) for commercial processing into products.

(b) Upon the basis of recommendations and information submitted by the committee, or from other available information, the Secretary may relieve from any or all requirements, under or established pursuant to §§ 928.41, 928.52, 928.53, or 928.55, the handling of apricots for such specified purposes (including shipments to facilitate the conduct of marketing research and development projects established pursuant to § 928.45, or in such minimum quantities or types of shipments, as may be prescribed).

(c) The committee shall, with the approval of the Secretary, prescribe such rules, regulations, and safeguards as it may deem necessary to prevent apricots handled under the provisions of this section from entering the channels of trade for other than the specific purposes authorized by this section. Such rules, regulations, and safeguards may include the requirements that handlers shall file applications and receive approval from the committee for authorization to handle apricots pursuant to this section, and that such applications be accompanied by a certification by the intended purchaser or receiver that the apricots will not be used for any purpose not authorized by this section.

##### § 928.55 Inspection and certification.

(a) Whenever the handling of any variety of apricots is regulated pursuant to §§ 928.52 or 928.53, each handler who handles fresh apricots shall, prior thereto, cause such apricots to be inspected by the Federal or Federal-State Inspection Service and certified as meeting the applicable requirements of such regulation: *Provided*, That inspection and certification shall be required for apricots which previously have been so inspected and certified only if such apricots have been regraded, resorted, repackaged, or in any other way further prepared for market. Promptly after inspection and certification, each such handler shall submit, or cause to be submitted, to the committee a copy of the certificate of inspection issued with respect to such apricots.

(b) The committee may, with the approval of the Secretary, prescribe rules and regulations waiving the inspection requirements of this section where it is determined that inspection is not avail-

able: *Provided*, That all shipments made under such waiver shall otherwise comply with all regulations in effect.

(c) The committee may enter into an agreement with the Federal or Federal-State Inspection Services, with respect to the costs of the inspection required by paragraph (a) of this section, and shall collect from handlers their respective pro rata shares of such costs.

#### REPORTS

##### § 928.60 Reports.

(a) Each handler shall furnish to the committee, at such times and for such periods as the committee may designate, certified reports covering, to the extent necessary for the committee to perform its functions, each shipment of apricots as follows:

(1) The name of the shipper and the shipping point;

(2) The car or truck license number (or name of the trucker), and identification of the carrier;

(3) The date and time of departure;

(4) The number and type of containers in the shipment;

(5) The quantities shipped, showing separately the variety, grade, and size of the fruit;

(6) The destination;

(7) Identification of the inspection certificate or waiver pursuant to which the fruit was handled.

(b) Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner and at such times as it may prescribe, such other information as may be necessary to enable the committee to perform its duties under this part.

(c) All such reports shall be held under appropriate protective classification and custody by the committee, or duly appointed employees thereof, so that the information contained therein which may adversely affect the competitive position of any handler in relation to other handlers will not be disclosed. Compilation of general reports from data submitted by handlers is authorized, subject to the prohibition of disclosure of individual handler's identities or operations.

(d) Each handler shall maintain for at least 2 succeeding years such records of the apricots received, and of apricots disposed of, by such handler as may be necessary to verify reports pursuant to this section.

#### MISCELLANEOUS PROVISIONS

##### § 928.61 Compliance.

Except as provided herein, no person shall handle apricots, the shipment of which has been prohibited by the Secretary in accordance with the provisions of this part; and no person shall handle apricots except in conformity with the provisions of this part.

##### § 928.62 Right of the Secretary.

The members of the committee (including successors and alternates), any

agents, employees, or representatives thereof, shall be subject to removal or suspension by the Secretary at any time. Each and every regulation, decision, determination, or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the committee shall be deemed null and void, except as to acts done in reliance thereon or in accordance therewith prior to such disapproval by the Secretary.

##### § 928.63 Effective time.

The provisions of this part, and of any amendment thereto, shall become effective at such time as the Secretary may declare above his signature to this part, and shall continue in force until terminated in one of the ways specified in § 928.64.

##### § 928.64 Termination.

(a) The Secretary may at any time terminate the provisions of this part by giving at least one day's notice by means of a press release or in any other manner in which he may determine.

(b) The Secretary shall terminate or suspend the operation of any and all of the provisions of this part whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this part at the end of any fiscal period whenever he finds that continuance is not favored by the majority of producers who, during a representative period determined by the Secretary, were engaged in the production area in the production of apricots for fresh market: *Provided*, That such majority has produced for fresh market during such period more than 50 percent of the volume of apricots produced for fresh market in the production area; but such termination shall be effective only if announced before the last day of February of the then current fiscal period.

(d) The Secretary shall conduct a referendum within the period beginning December 1, 1963, and ending February 1, 1964, to ascertain whether continuance of this part is favored by the growers. The Secretary shall conduct such a referendum within the same two-month period of every second fiscal period thereafter.

(e) The provisions of this part shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

##### § 928.65 Proceedings after termination.

(a) Upon the termination of the provisions of this part, the committee shall, for the purpose of liquidating the affairs of the committee, continue as trustees of all the funds and property then in its possession, or under its control, including claims for any funds unpaid or property not delivered at the time of such termination.

(b) The said trustees shall (1) continue in such capacity until discharged by the Secretary; (2) from time to time

account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and (3) upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person, full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant hereto.

(c) Any person to whom funds, property, or claims have been transferred or delivered pursuant to this section shall be subject to the same obligation imposed upon the committee and upon the trustees.

##### § 928.66 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart or of any regulation issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

##### § 928.67 Duration of immunities.

The benefits, privileges, and immunities conferred upon any person by virtue of this subpart shall cease upon the termination of this subpart, except with respect to acts done under and during the existence of this subpart.

##### § 928.68 Agents.

The Secretary may, by designation in writing, name any officer or employee of the United States, or name any agency or division in the U.S. Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this part.

##### § 928.69 Derogation.

Nothing contained in the provisions of this part is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States (a) to exercise any powers granted by the act or otherwise, or (b) in accordance with such powers to act in the premises whenever such action is deemed advisable.

##### § 928.70 Personal liability.

No member or alternate member of the committee and no employee or agent of the committee shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any person for errors in judgment, mistakes, or other act, either of commission or omission, as such member, alternate, employee, or agent, except for acts of dishonesty, wilful misconduct, or gross negligence.

**§ 928.71 Separability.**

If any provision of this part is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this part or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

**MILK IN NORTHEASTERN WISCONSIN MARKETING AREA**

**Notice of Hearing on Proposed Amendments to Tentative Marketing Agreement and Order**

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Conway Motor Hotel, Appleton, Wis., beginning at 10:00 a.m., local time, May 16, 1962, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the northeastern Wisconsin marketing area.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by the Consolidated Badger Cooperative, Pure Milk Products Cooperative and Fairmont Foods Co., Inc.:  
**Proposal No. 1. Amend § 1045.8 (a) (2) and (b) to read as follows:**

(2) Total disposition on routes of fluid milk products labeled Grade A is 40 percent or more of receipts of Grade A milk from dairy farmers and other milk plants; or

(b) At which milk eligible for distribution as Grade A milk is received from dairy farmers and from which during the month 40 percent or more of such receipts is moved to a plant described in paragraph (a) of this section. Any such receiving plant that was a pool plant during each of the months of July through November immediately preceding shall be a pool plant for the months of December through June unless written request to the contrary is filed with the market administrator on or before the first day of any such month.

Proposed by the Milk Marketing Orders Division, Agricultural Stabilization and Conservation Service:

**Proposal No. 2.** Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, 790 West Foster Street, Appleton, Wis., or from the Hearing Clerk, Room 112, Administration Building, U.S. Department of Agriculture, Washington 25, D.C., or may be there inspected.

Signed at Washington, D.C., on May 1, 1962.

**FABRIC AND LEATHER GLOVE INDUSTRY IN PUERTO RICO**

**Proposed Minimum Piece Rates Payable to Homeworkers**

A minimum wage order has recently been published in the FEDERAL REGISTER

pursuant to the recommendations of Review Committee 3-A increasing the minimum hourly wage rates payable in the fabric and leather glove industry in Puerto Rico (27 F.R. 3514). Section 6(a) (2) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a) (2)), provides that homeworkers in Puerto Rico be paid at not less than the minimum piece rates prescribed by regulation or order, and that such piece rates are required to be commensurate with, and to be paid in lieu of, the minimum hourly wage rates applicable under section 6 to employees in Puerto Rico.

Now, therefore, pursuant to section 6(a) (2) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a) (2)), Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and General Order No. 45-A of the Secretary of Labor (15 F.R. 3290), notice is hereby given that I propose to amend Schedule C of 29 CFR 545.13 by increasing the minimum piece rates for homeworkers in the fabric and leather glove industry in Puerto Rico, commensurate with the increases in the minimum hourly wage rates for that industry, as set forth below.

Any interested person may file a written statement of data, views, or arguments in regard to this proposal with the Administrator of the Wage and Hour and Public Contracts Divisions, U.S. Department of Labor, Constitution Avenue and 14th Street NW., Washington 25, D.C., within 15 days after this notice is published in the FEDERAL REGISTER.

[Reg. Docket No. 1186; Draft Release No. 62-22]

### ALTIMETER SYSTEM REQUIREMENTS

#### Notice of Proposed Rule Making

Pursuant to the authority delegated to me by the Administrator (14 CFR 405.27), notice is hereby given that there is under consideration proposed new altimeter system requirements as herein-after set forth.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room C-226, 1711 New York Avenue NW., Washington 25, D.C. All communications received on or before July 5, 1962, will be considered by the Administrator before taking action upon the proposed rules. The proposals contained in this notice may be changed in the light of the comments received. All comments submitted will be available in the Docket Section for examination by interested persons at any time.

The current transport category airworthiness requirements concerning altimeter system accuracy prescribe specific limits for errors at low altitudes and airspeeds associated with instrument approach and landing. The accuracy of the systems up to approximately 10,000 feet and at speeds well below the threshold of compressibility effects has been kept within reasonable limits by the combination of these requirements, the current static pressure source requirements associated with the airspeed indicator, and the instrument accuracy requirements of the applicable technical standard orders.

While altimeter systems complying with these various regulations have been satisfactory in service at lower altitudes, it has been recognized that the accuracy of the systems is adversely affected at higher altitudes and higher speeds. In recognition of the fact that altimeter errors increase with altitude, it was necessary to establish traffic separation above 29,000 feet, at 1,000 feet for mixed VFR and IFR traffic, and 2,000 feet when only IFR traffic is involved. Furthermore, establishment of the base of the continental control area at 14,500 feet, as well as anticipated future refinements envisaged in Project Beacon which would affect operations within controlled airspace, suggest that improvements in altitude indication for operations involving altitudes at least as low as 14,500 feet will be necessary. Therefore, proposals are also being considered which would apply to aircraft operating between 14,500 and 29,000 feet as well as those operating above 29,000 feet.

Higher speeds also reduce the time available for maneuvering to avoid collisions. Although many aircraft may not travel at extremely high speed, low-

speed traffic is likely to be intermixed with high-speed traffic under VFR and IFR operations. Therefore, accurate altitude indication is important for all aircraft as one means of avoiding collisions as well as being necessary for terrain clearance.

For the foregoing reasons, the Agency is now considering regulations which would require either improved altimeter system performance, or compliance with an alternate procedure which would provide equivalent safety. The basic requirements for improved altimeter systems among other things would specify performance standards and tolerances for the static pressure system as well as instrument standards for the altimeter. Under the alternate procedure, errors in altitude indication would be identified and applied as corrections to an altitude indicating system that would not, of itself, satisfy the altimeter system performance provisions. For such a procedure to be effective, the errors would have to be identified; they would have to be consistent and repeatable (that is, the error under any particular set of conditions would always have to be very nearly the same); information would have to be presented to the pilot in a form enabling him to make use of it; and the corrections would have to be applied universally. To make the application of this procedure practicable, it is considered that, where necessary and until further calibrations could be accomplished, the static pressure system error determined during type certification and provided in the aircraft handbooks or flight manuals, if available, could be used as a basis for preparing the initial data cards for the use of the operators.

It is recognized that uniformity in the determination of calibration data is desirable and consideration is being given to the development of such a procedure. However, until a standard calibration procedure for the static pressure system becomes available, calibration by any of the accepted methods currently in use would provide data which could be used to achieve satisfactory altimeter system calibrations. Consistency demands that recalibrations, where needed, must be accomplished using the same procedure that was used in the initial calibration.

The requirements applicable to operations at and above 14,500 feet may not be necessary for operations at lower altitudes where errors corresponding with a higher percentage of the altitude are tolerable. However, there is little information now available concerning the actual performance of the altimeter systems of other than transport aircraft operated at lower altitudes. To provide information needed to establish the basic systemworthiness of aircraft of all categories, altimeter system calibration requirements are specified herein for all new type aircraft.

For all aircraft operating in the altitude ranges above 14,500 feet where altitude accuracy becomes more critical, a periodic recheck of altimeter system performance is considered to be necessary, since system accuracy might be adversely affected by such service factors as

minor skin deformations. Incident to this program of checking altimeters and altimeter system performance, instrument repair stations will need to have the accuracy of their reference barometric standard used in altimeter instrument calibrations checked at specified intervals.

Flight technical error contributes a significant portion of the total magnitude of unwanted deviations from intended flight altitudes. This error is introduced by the time lag in recognizing changes in altitude indication and applying the necessary flight path corrections. To minimize this source of error, a proposal is included which would require autopilots with height locks for operations above 29,000 feet.

The steps necessary to bring about improvements in system accuracy will involve closely interrelated requirements covering original airworthiness, continued airworthiness, and operations. It is expected that considerable time will be needed to put such improvements into effect. While the proposals contained herein are presented in rather specific language, this is done primarily to provide interested persons with the best possible basis upon which to prepare comments. It is anticipated that on the basis of comments received and after further study of this problem it may be appropriate to prepare a subsequent notice of proposed rule making or undertake other steps affording interested persons an opportunity to present additional pertinent information.

In view of the foregoing, notice is hereby given that the Federal Aviation Agency, in recognition of the problems covered in the foregoing discussion, has under consideration proposed new requirements for altimeter systems which will affect Parts 3, 4b, 6, 7, 40, 41, 42, 43, 46, 47, and 52 of the Civil Air Regulations. The following proposals contain the substance of the requirements now being considered.

1. All aircraft for which a type certificate is issued subsequent to the effective date of this regulation shall have the static pressure system error determined throughout the altitude, speed ranges, and aircraft configurations for which the aircraft is to be certificated. The determination of this error shall be based upon an in-flight calibration of not less than three production aircraft. If these calibrations indicate that there is a difference exceeding  $\pm 50$  feet between the value of any point determined in the calibration of any one of these aircraft and the corresponding point of the mean calibration curve determined from the performance of the static pressure systems of all of the aircraft of that type calibrated in compliance with this section, a calibration of each production aircraft shall be required.

NOTE: Until a standardized procedure is specified, any calibration methods now used during certification programs which are acceptable to the Administrator may be used in showing compliance with this and other requirements wherein a calibration is necessary.

2. All aircraft certificated for operation at or above 14,500 feet but less than

29,000 feet shall be shown to comply with paragraphs (a) through (d) of this section.

(a) The aircraft shall be equipped with an approved altimeter having an operating range at least equal to the maximum certificated operating altitude of the aircraft. This instrument shall be calibrated throughout the operating altitude range of the aircraft.

(b) An initial altimeter instrument calibration check and static pressure system flight check shall be performed:

(1) Prior to the issuance of an airworthiness certificate in the case of aircraft for which an initial airworthiness certificate is issued subsequent to the effective date of this regulation, or

(2) Prior to a date 1 year after the effective date of this regulation for all other aircraft.

(c) The performance of the altimeter instrument and static pressure system shall be rechecked at intervals of not more than 2 years after the initial check, and whenever any surface damage or deformation occurs or any modification is accomplished such that the performance of the system is likely to be altered.

(d) The flight checks of static pressure system performance required by paragraph (b) and (c) of this section shall include a check of not less than three different points. These points shall include at least the normal landing configuration and the normal cruise configuration and speed. If any of these points differ from the corresponding points of the calibration data established during the aircraft certification program by more than one-fourth percent of the altitude of the point plus 30 feet, recalibration sufficient to establish the magnitude of pressure system error throughout the altitude and operational speed range of the aircraft shall be performed.

(e) Means shall be provided to correct the altitude indications of each required altimeter system if the total error (instrument plus static pressure) exceeds  $\pm 100$  feet. The correction means shall be either an automatic computer-corrector device or a calibration card. Correction shall be provided, as needed, throughout the normal operating altitude and speed ranges of the aircraft. The correction shall be used in the determination of altitude.

3. All aircraft which are certificated for operations at or above 29,000 feet shall comply with paragraphs (a) through (c) of this section.

(a) Compliance with paragraphs (b), (c), and (d) of section 2 of this regulation shall be required. In addition, compliance with the following shall be required:

(1) Means shall be provided to apply corrections automatically to the indication of each required altimeter if the total error (instrument plus static pressure) exceeds  $\pm 100$  feet at altitudes below 29,000 feet or  $\pm 200$  feet at or above 29,000 feet, except that, for aircraft type certificated prior to the effective date of this regulation, it shall be acceptable to use calibration cards in lieu of the automatic device.

(2) If the automatic correction device is utilized, the altitude information presented to the crew shall be within the limits of error specified in subparagraph (1) of this paragraph.

(3) If an automatic correction device is provided, it shall either be designed and installed so that, in the event of a malfunction, it may be bypassed, or an alternate system shall be provided. If necessary to meet the error limits specified in subparagraph (1) of this paragraph, a calibration card for the uncorrected bypass or alternate system shall be provided and shall be used when the automatic correction device is inoperative.

(4) If an automatic correction device is provided, it shall be equipped with a positive means of indicating any reasonably probable malfunction including power failure. Such means shall be effective under all cockpit lighting conditions likely to occur.

(b) The aircraft shall be equipped with an automatic pilot with the capability of holding the aircraft in flight at any selected indicated pressure altitude within  $\pm 50$  feet. Such aircraft shall not be dispatched unless the altitude hold function is operative.

(c) One altimeter provided for each pilot shall meet the requirements of TSO C10b (effective September 1, 1959). The operating range of these altimeters shall at least equal the maximum certificated operating altitude of the aircraft.

4. If altimeter calibration cards or placards are provided in showing compliance with this regulation, each card or placard shall be located near the instrument requiring the use of the data contained thereon, and shall present the combined instrument and static system errors for at least each 5,000-foot increment up to the maximum operational altitude of the aircraft.

5. The static air pressure system(s) supplying ambient atmospheric pressure

to aircraft instruments, which perform measurement and/or control functions, shall be in compliance with paragraphs (a) through (c) of this section.

(a) The piping system shall be so designed and installed that:

(1) The pressure in the system responds to changes in pressure at the static source with a minimum lag;

(2) Positive free drainage of moisture is provided;

(3) The tubing is securely fastened to the aircraft structure; and

(4) The angle and radius of the bends in the tubing shall be such that distortion and restrictions are avoided.

(b) Proof tests of the system, excluding the instruments, shall be conducted to demonstrate the adequacy and integrity of the system with respect to leakage under pneumatic pressure.

(c) For aircraft approved for IFR operations, the ambient atmospheric pressure vent(s) shall be designed or located so that their performance is not adversely affected when the aircraft encounters icing conditions. It shall be acceptable to use anti-icing means in showing compliance with this requirement.

6. Barometers used as standards for altimeter instrument calibrations shall be calibrated against a primary standard at intervals of not more than 1 year. The initial calibration shall be accomplished within 1 year of the effective date of this regulation.

NOTE: A primary standard barometer is a barometer which requires no comparison test with another barometer to determine its errors, and which measures absolute pressure with an accuracy greater than that required of the barometer or instrument to be tested. The TSO for altimeters will prescribe the accuracy requirements applicable to barometers used in altimeter calibration. To provide acceptable accuracy, the primary standard barometer should be maintained in the operating condition necessary to obtain such accuracy, and the techniques employed in its use should be such as to insure that this accuracy is consistently obtained.

This regulation is proposed under the authority of sections 313(a), 601, 603, 604, and 607 of the Federal Aviation Act of 1958 (72 Stat. 752, 775, 776, 778, 779; 49 U.S.C. 1354, 1421, 1423, 1424, 1427).

Issued in Washington, D.C., on April 27, 1962.

GEORGE C. PRILL,  
Director, Flight Standards Service.

No. 9-62]

## 3¼ PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES B-1963

### Offering of Certificates

APRIL 30, 1962.

**I. Offering of certificates.** 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for certificates of the United States, designated 3¼ percent Treasury Certificates of Indebtedness of Series B-1963, in exchange for any of the following securities, singly or in combinations aggregating \$1,000 or multiples thereof:

3 percent Treasury Certificates of Indebtedness of Series A-1962, maturing May 15, 1962;

4 percent Treasury Notes of Series E-1962, maturing May 15, 1962; or

2¼ percent Treasury Bonds of 1959-62, maturing June 15, 1962.

Interest will be adjusted in the case of the 2¼ percent Treasury Bonds of 1959-62 as set forth in section IV hereof. The amount of the offering under this circular will be limited to the amount of eligible securities tendered in exchange and accepted. The books will be open only on April 30 through May 2, 1962, for the receipt of subscriptions for this issue.

2. In addition to the offering under this circular, holders of the eligible securities are offered the privilege of exchanging all or any part of such securities for 3½ percent Treasury Notes of Series B-1966, or 3⅞ percent Treasury Bonds of 1971, which offerings are set forth in Department Circulars, Public Debt Series—No. 10-62 and No. 11-62, respectively, issued simultaneously with this circular.

**II. Description of certificates.** 1. The certificates will be dated May 15, 1962, and will bear interest from that date at the rate of 3¼ percent per annum, payable semiannually on November 15, 1962, and May 15, 1963. They will mature May 15, 1963, and will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates is subject to all taxes imposed under the Internal Revenue Code of 1954. The certificates are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer certificates with interest coupons attached will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000, \$1,000,000, \$100,000,000, and \$500,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

**III. Subscription and allotment.** 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington 25, D.C. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject or reduce any subscription, and to allot less than the amount of certificates applied for; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

**IV. Payment.** 1. Payment for the face amount of certificates allotted hereunder must be made on or before May 15, 1962, or on later allotment, and may be made only in securities of the three issues enumerated in section I hereof, which will be accepted at par, and should accompany the subscription.

2. 3 percent certificates of indebtedness of Series A-1962: Coupons dated May 15, 1962, should be detached and cashed when due by holders of the maturing 3 percent certificates of indebtedness.

3. 4 percent notes of Series E-1962: Coupons dated May 15, 1962, should be detached and cashed when due by holders of the maturing 4 percent notes, in bearer form. In the case of registered notes, the final interest due on May 15, 1962, will be paid by check drawn in accordance with the assignments on the notes surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District.

4. 2¼ percent bonds of June 15, 1962: Coupons dated June 15, 1962, must be attached to the 2¼ percent bonds due June 15, 1962, in bearer form when surrendered. Accrued interest from December 15, 1961, to May 15, 1962 (\$9.33379 per \$1,000) on the bonds of 1959-62 will be paid to subscribers, in the case of bearer bonds following their acceptance, and in the case of registered bonds following discharge of registration. In the case of registered bonds, the payment will be made by check drawn in accordance with the assignments on the

bonds surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District.

**V. Assignment of registered securities.** 1. Treasury Notes of Series E-1962 and Treasury Bonds of 1959-62 in registered form tendered in payment for certificates offered hereunder should be assigned by the registered payees or assignees thereof to "The Secretary of the Treasury for exchange for 3¼ percent Treasury Certificates of Indebtedness of Series B-1963 to be delivered to \_\_\_\_\_", in accordance with the general regulations of the Treasury Department governing assignments for transfer or exchange, and thereafter should be surrendered with the subscription to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington 25, D.C. The securities must be delivered at the expense and risk of the holder.

**VI. General provisions.** 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

## 3% PERCENT TREASURY NOTES OF SERIES B-1966

### Offering of Notes

APRIL 30, 1962.

**I. Offering of notes.** 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at 99.80 percent of their face value, from the people of the United States for notes of the United States, designated 3% percent Treasury Notes of Series B-1966, in exchange for any of the following securities, singly or in combinations aggregating \$1,000 or multiples thereof:

3 percent Treasury Certificates of Indebtedness of Series A-1962, maturing May 15, 1962;

4 percent Treasury Notes of Series E-1962, maturing May 15, 1962; or  
2½ percent Treasury Bonds of 1959-62, maturing June 15, 1962.

The cash payment due subscribers on account of the issue price of the new notes will be paid as set forth in section IV hereof. Interest will be adjusted in the case of the 2½ percent Treasury Bonds of 1959-62 as set forth in section IV hereof. The amount of the offering under this circular will be limited to the amount of eligible securities tendered in exchange and accepted. The books will be open only on April 30 through May 2, 1962, for the receipt of subscriptions for this issue.

2. In addition to the offering under this circular holders of the eligible securities are offered the privilege of exchanging all or any part of such securities for 3¼ percent Treasury Certificates of Indebtedness of Series B-1963, or 3½ percent Treasury Bonds of 1971, which offerings are set forth in Department Circulars, Public Debt Series—No. 9-62 and No. 11-62, respectively, issued simultaneously with this circular.

II. *Description of notes.* 1. The notes will be dated May 15, 1962, and will bear interest from that date at the rate of 3½ percent per annum, payable on a semiannual basis on August 15, 1962, and thereafter on February 15 and August 15 in each year until the principal amount becomes payable. They will mature February 15, 1966, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000, \$1,000,000, \$100,000,000, and \$500,000,000. Provision will be made for the interchange of notes of different denominations and of coupon and registered notes, and for the transfer of registered notes, under rules and regulations prescribed by the Secretary of the Treasury.

5. The notes will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States notes.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington 25, D.C. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject or reduce any

subscription, and to allot less than the amount of notes applied for; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment for the face amount of notes allotted hereunder must be made on or before May 15, 1962, or on later allotment, and may be made only in securities of the three issues enumerated in Section I hereof, which will be accepted at par, and should accompany the subscription.

2. 3 percent certificates of indebtedness of Series A-1962: Coupons dated May 15, 1962, should be detached and cashed when due by holders of the maturing 3 percent certificates of indebtedness. The cash payment of \$2.00 per \$1,000 on account of the issue price of the new notes will be made to subscribers following acceptance of the certificates.

3. 4 percent notes of Series E-1962: Coupons dated May 15, 1962, should be detached and cashed when due by holders of the maturing 4 percent notes, in bearer form. The cash payment of \$2.00 per \$1,000 on account of the issue price of the new notes will be made to subscribers, in the case of bearer notes following acceptance of the maturing notes, and in the case of registered notes following discharge of registration. In the case of registered notes, the final interest due on May 15, 1962, together with the cash payment of \$2.00 per \$1,000 due subscribers, will be paid by check drawn in accordance with the assignments on the notes surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District.

4. 2½ percent bonds of June 15, 1962: Coupons dated June 15, 1962, must be attached to the 2½ percent bonds due June 15, 1962, in bearer form when surrendered. Accrued interest from December 15, 1961, to May 15, 1962 (\$9,33379 per \$1,000) on the bonds of 1959-62 together with the cash payment (\$2.00 per \$1,000) on account of the issue price of the new notes will be paid to subscribers. The payments will be made in the case of bearer bonds following their acceptance and in the case of registered bonds following discharge of registration. In the case of registered bonds, the payment will be made by check drawn in accordance with the assignments on the bonds surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District.

V. *Assignment of registered securities.* 1. Treasury Notes of Series E-1962 and Treasury Bonds of 1959-62 in registered form tendered in payment for notes offered hereunder should be assigned by the registered payees or assignees thereof, in accordance with the general regulations of the Treasury Department governing assignments for transfer or exchange, in one of the forms hereafter set forth, and thereafter should be surrendered with the subscription to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington 25, D.C. The secu-

rities must be delivered at the expense and risk of the holder. If the new notes are desired registered in the same name as the securities surrendered, the assignment should be to "The Secretary of the Treasury for exchange for 3½ percent Treasury Notes of Series B-1966"; if the new notes are desired registered in another name, the assignment should be to "The Secretary of the Treasury for exchange for 3½ percent Treasury Notes of Series B-1966 in the name of -----"; if new notes in coupon form are desired, the assignment should be to "The Secretary of the Treasury for exchange for 3½ percent Treasury Notes of Series B-1966 in coupon form to be delivered to -----".

VI. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for notes allotted, to make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

### 3½ PERCENT TREASURY BONDS OF 1971

#### Offering of Bonds

APRIL 30, 1962.

I. *Offering of bonds.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at 99.50 percent of their face value, from the people of the United States for bonds of the United States, designated 3½ percent Treasury Bonds of 1971, in exchange for any of the following securities:

3 percent Treasury Certificates of Indebtedness of Series A-1962, maturing May 15, 1962;  
4 percent Treasury Notes of Series E-1962, maturing May 15, 1962; or  
2½ percent Treasury Bonds of 1959-62, maturing June 15, 1962.

The cash payment due subscribers on account of the issue price of the new bonds will be paid as set forth in section IV hereof. Interest will be adjusted in the case of the 2½ percent Treasury bonds of 1959-62 as set forth in section IV hereof. The amount of the offering under this circular will be limited to the amount of eligible securities tendered in exchange and accepted. The books will be open only on April 30 through May

2, 1962, for the receipt of subscriptions for this issue.

2. In addition to the offering under this circular, holders of the eligible securities are offered the privilege of exchanging all or any part of such securities for 3¼ percent Treasury Certificates of Indebtedness of Series B-1963, or 3½ percent Treasury Notes of Series B-1966, which offerings are set forth in Department Circulars, Public Debt Series—No. 9-62 and No. 10-62, respectively, issued simultaneously with this circular.

II. *Description of bonds.* 1. The bonds will be dated May 15, 1962, and will bear interest from that date at the rate of 3½ percent per annum, payable semiannually on November 15, 1962, and thereafter on May 15 and November 15 in each year until the principal amount becomes payable. They will mature November 15, 1971, and will not be subject to call for redemption prior to maturity.

2. The income derived from the bonds is subject to all taxes imposed under the Internal Revenue Code of 1954. The bonds are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The bonds will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$100,000, and \$1,000,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury.

5. The bonds will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States bonds.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington 25, D.C. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject or reduce any subscription, and to allot less than the amount of bonds applied for; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment for the face amount of bonds allotted hereunder must be made on or before May 15, 1962, or on later allotment, and may be made only in securities of the three issues enumerated in Section I hereof;

which will be accepted at par, and should accompany the subscription.

2. 3 percent certificates of indebtedness of Series A-1962: Coupons dated May 15, 1962, should be detached and cashed when due by holders of the maturing 3 percent certificates of indebtedness. The cash payment of \$5.00 per \$1,000 on account of the issue price of the new bonds will be made to subscribers following acceptance of the certificates.

3. 4 percent notes of Series E-1962: Coupons dated May 15, 1962, should be detached and cashed when due by holders of the maturing 4 percent notes, in bearer form. The cash payment of \$5.00 per \$1,000 on account of the issue price of the new bonds will be made to subscribers, in the case of bearer notes following acceptance of the maturing notes, and in the case of registered notes following discharge of registration. In the case of registered notes, the final interest due on May 15, 1962, together with the cash payment of \$5.00 per \$1,000 due subscribers, will be paid by check drawn in accordance with the assignments on the notes surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District.

4. 2¼ percent bonds of June 15, 1962: Coupons dated June 15, 1962, must be attached to the 2¼ percent bonds due June 15, 1962, in bearer form when surrendered. Accrued interest from December 15, 1961, to May 15, 1962 (\$9.33379 per \$1,000) on the bonds of 1959-62 together with the cash payment (\$5.00 per \$1,000) on account of the issue price of the new bonds will be paid to subscribers. The payments will be made in the case of bearer bonds following their acceptance and in the case of registered bonds following discharge of registration. In the case of registered bonds, the payment will be made by check drawn in accordance with the assignments on the bonds surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its District.

V. *Assignment of registered securities.* 1. Treasury Notes of Series E-1962 and Treasury Bonds of 1959-62 in registered form tendered in payment for bonds offered hereunder should be assigned by the registered payees or assignees thereof, in accordance with the general regulations of the Treasury Department governing assignments for transfer or exchange, in one of the forms hereafter set forth, and thereafter should be surrendered with the subscription to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington 25, D.C. The securities must be delivered at the expense and risk of the holder. If the new bonds are desired registered in the same name as the securities surrendered, the assignment should be to "The Secretary of the Treasury for exchange for 3½ percent Treasury Bonds of 1971"; if the new bonds are desired registered in another name, the assignment should be to "The Secretary of the Treasury for exchange for 3½ percent Treasury Bonds of 1971 in the name

of -----"; if new bonds in coupon form are desired, the assignment should be to "The Secretary of the Treasury for exchange for 3½ percent Treasury Bonds of 1971 in coupon form to be delivered to -----".

VI. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for bonds allotted, to make delivery of bonds on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

### PIQUA, OHIO, POWER DEMONSTRATION REACTOR PROJECT

#### Notice of Hearing on Provisional Operating Authorization for Nuclear Facility

Pursuant to the Atomic Energy Act of 1954, as amended, and the regulations in Part 115, 10 CFR, "Procedures for Review of Certain Nuclear Reactors Exempted from Licensing Rules," and Part 2, 10 CFR, "Rules of Practice", notice is hereby given that a hearing will be held at 10:00 a.m., e.d.t., on June 7, 1962, in the Auditorium of the Atomic Energy Commission Headquarters at Germantown, Maryland, to consider the issuance of a provisional operating authorization to North American Aviation, Inc., to operate the Piqua nuclear power facility (PNPF) for a period not to exceed one year from the date of issuance thereof, the period requested by the applicant. Authority for any further operation of the PNPF will be subject to a subsequent hearing. The PNPF is an organic cooled and moderated nuclear reactor designed to operate at 45.5 thermal megawatts and is located at the southeastern edge of the City of Piqua on the eastern bank of the Miami River. The application and the record of the prior proceedings in this matter are available for public inspection at the Atomic Energy Commission Public Document Room, 1717 H Street NW., Washington, D.C.

The following issues will be considered at the hearing:

1. Whether the technical information omitted from, and required to complete, the application for a provisional operating authorization has been submitted;

2. Whether the construction of the facility has proceeded, and there is reasonable assurance that the facility will be completed in conformity with the construction authorization and the application as amended, the provisions of the Act, and the rules and regulations of the Commission;

3. Whether there is reasonable assurance (i) that the activities authorized by the provisional operating authorization can be conducted without endangering the health and safety of the public, and (ii) that such activities will be conducted in compliance with the rules and regulations of the Commission;

4. Whether North American Aviation, Inc., is technically qualified to engage in the activities authorized by the provisional operating authorization in accordance with the rules and regulations of the Commission;

5. Whether there is reasonable assurance that the facility will be ready for initial loading with nuclear fuel within ninety (90) days from the date of issuance of such provisional authorization.

Notice is hereby given that the Final Hazards Report submitted by Atomics International with respect to the operation of the PNPFF and the report of the AEC's Advisory Committee on Reactor Safeguards in this matter are available for public inspection at the AEC's Public Document Room. The report of the Division of Licensing and Regulation in this matter will be available approximately twenty (20) days prior to the hearing and a copy thereof may be obtained by a request to the Director, Division of Licensing and Regulation, U.S. Atomic Energy Commission, Washington 25, D.C.

Petitions for leave to intervene pursuant to § 2.714 of the Commission's "Rules of Practice" must be received in the Office of the Secretary, Atomic Energy Commission, Germantown, Maryland, or in the Atomic Energy Commission's Public Document Room, 1717 H Street N.W., Washington 25, D.C., not later than May 28, 1962 or, in the event of postponement of the hearing date specified above, at such time as the presiding officer may provide.

An answer to this notice, pursuant to § 2.705 of the Commission's "Rules of Practice," shall be filed on or before May 25, 1962, by North American Aviation, Inc.

Papers required to be filed with the Atomic Energy Commission in this proceeding shall be filed by mail or telegram addressed to the Secretary, Atomic Energy Commission, Washington 25, D.C., or may be filed in person by delivery to the Office of the Secretary, Atomic Energy Commission, Germantown, Maryland, or at the AEC Public Document Room, 1717 H Street N.W., Washington, D.C. Pending further order of the presiding officer, pursuant to § 2.708, parties shall file fifteen (15) conformed copies of each such paper with the Atomic Energy Commission.

The provisions of Subpart G of the Commission's "Rules of Practice," 10 CFR Part 2, shall apply to the same extent as in a proceeding concerning licensing and licenses.

The hearing will be conducted by a presiding officer to be designated by the Chief Hearing Examiner.

Dated at Germantown, Md., this 3d day of May 1962.

For the Atomic Energy Commission.

W. B. McCool,  
Secretary.

### NEW ENGLAND ELECTRIC SYSTEM

#### Notice of Filing Regarding Issuance and Sale of Common Stock Pursuant to a Rights Offering to Common Stockholders and to Employees

APRIL 30, 1962.

Notice is hereby given that New England Electric System ("NEES"), 441 Stuart Street, Boston 16, Mass., a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a), 7, and 12 of the Act and Rules 42 and 50 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the declaration on file at the office of the Commission for a statement of the proposed transactions which are summarized as follows:

NEES proposes to issue and sell 872,786 additional shares of its authorized \$1 par value common stock pursuant to a rights offering to its common stockholders on the basis of 1 additional share for each 15 shares held on the record date, which will be the effective date of the registration statement with respect to the proposed issuance and sale of the additional common stock. The rights to subscribe are to be evidenced by transferable warrants on the basis of one warrant for each share held. No fractional shares will be issued. A shareholder with one or more warrants but less than the number of warrants entitling him to a full share will be entitled to subscribe for one additional share in lieu of any fraction, for which purpose NEES will issue additional shares, if necessary, in excess of the proposed 872,786 shares.

NEES proposes to offer at the subscription price any shares not subscribed by its stockholders to all full time employees of NEES and its subsidiaries who have

had 3 years of continuous service and who have attained the age of 25 years. Eligible employees may subscribe for not less than 20 shares nor more than 300 shares, subject to proration in the event that there are not sufficient shares to satisfy all requests. Up to 90 percent of the total subscription price may be paid through a personal loan from a bank to be arranged by NEES, such loan to be repaid with interest through payroll deductions over not more than an 18 months' period beginning with July 1962, provided that the principal amount of the loans may not exceed 15 percent of the subscribing employee's annual base rate of pay at May 29, 1962.

NEES proposes to invite bids for the unsubscribed shares pursuant to Rule 50 promulgated under the Act at least 6 days before entering into any underwriting agreement. At least 20 hours prior to the time to submit bids, NEES will set the subscription price for the offers to stockholders and to employees, and such subscription price will also be the price for the unsubscribed shares, if any, to the underwriters. NEES will inform qualified bidders of such subscription price which will be not more than the last reported sale price on the New York Stock Exchange prior to the fixing thereof and not less than such last reported sale price less 10 percent. NEES shares are currently selling at approximately \$26 per share on the New York Stock Exchange.

Prior to the offering NEES may, if it is considered desirable, stabilize the price of its common stock by the purchase of not more than 43,639 shares of its common stock on the New York Stock Exchange, the Boston Stock Exchange, in the open market, or otherwise on the 3 business days preceding and on the day on which bids are opened, up to and until a bid is accepted or all bids are rejected. Under the underwriting agreement any such shares, together with the unsubscribed shares, will be taken up by the underwriters at the subscription price.

The proceeds to be derived by NEES from the proposed sale of the additional shares of common stock will be applied in furtherance of the construction programs of its subsidiaries either through loans or the purchase of additional shares of their capital stocks; any balance is to be used for general corporate purposes of NEES.

The fees and expenses of the proposed issuance and distribution are estimated by NEES at \$285,000, including \$60,000 for incidental services to be performed at cost by New England Power Service Company, an affiliated service company, \$65,000 for service of the transfer agent and Registrar, \$70,000 for services of the subscription agents, and the balance for advertising, filing fees, printing, taxes, and miscellaneous items. The fees and expenses of Messrs. Simpson, Thacher and Bartlett, counsel for the underwriters, which are to be supplied by amendment, are to be paid by the successful bidders.

The declaration states that no State commission and no Federal commission,

other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than May 14, 1962, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by the declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. A copy of the request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon declarant, and proof of service (by affidavit or, in case of an attorney-at-law, by certificate) should be filed contemporaneously with the request. At any time after that date, the declaration, as amended, may be permitted to become effective as provided in Rule 23 of the rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

### GEORGIA POWER CO. AND SOUTHERN CO.

#### Notice of Proposed Issuance and Sale of Common Stock by Subsidiary Company; Acquisition of Subsidiary Companies' Common Stocks by Holding Company; and Issuance of Notes to Banks by Holding Com- pany

APRIL 30, 1962.

Notice is hereby given that The Southern Company ("Southern"), a registered holding company, and Georgia Power Company ("Georgia"), an electric utility subsidiary company of Southern, 1330 West Peachtree Street, NW., Atlanta 9, Ga., have filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a), 6(b), 7, 9(a), 10, and 12(f) of the Act and Rule 43 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the joint application-declaration, on file at the office of the Commission, for a statement of the transactions therein proposed which are summarized below.

Georgia proposes to issue and sell to Southern in June 1962 an aggregate of 60,000 shares of its authorized no par value common stock, and Southern proposes to acquire these shares for a cash consideration of \$100 per share or a total consideration of \$6,000,000. All of Georgia's presently outstanding common stock is owned by Southern. Georgia in-

tends to use the proceeds from the sale of said 60,000 shares of its common stock for construction.

Southern also proposes to acquire in May 1962 an aggregate of 80,000 shares of the authorized no par value common stock of Alabama Power Company ("Alabama") for a cash consideration of \$100 per share or a total consideration of \$8,000,000. The issuance and sale of these shares of common stock by Alabama is included in a separate filing which is presently before this Commission. (See File No. 70-4038.) All of Alabama's presently outstanding common stock is owned by Southern.

To provide funds to acquire the common stocks to be issued by Georgia and Alabama, Southern further proposes to issue to a group of thirteen banks, from time to time during 1962, up to an aggregate of \$11,000,000 of promissory notes. The company presently contemplates that \$6,000,000 will be borrowed on May 28, 1962, and \$5,000,000 on June 13, 1962. The notes will be dated in each case as of the date of the borrowing and will mature not more than 2 years after the date of the initial borrowing thereunder and in any event not later than June 1, 1964. They will bear interest from the date thereof at the then current prime credit rate in effect at Morgan Guaranty Trust Company of New York (presently 4½ percent per annum) and are prepayable at any time, in whole or in part, without penalty or premium.

The names of the 13 banks, the maximum amounts to be borrowed from each bank, and the approximate dates of the proposed borrowings are as follows:

Bank	Amount to be borrowed on or about—	
	May 28, 1962	June 13, 1962
Morgan Guaranty Trust Co. of New York, New York, N.Y.	\$2,000,000	\$500,000
Bankers Trust Co., New York, N.Y.	2,000,000	-----
The Citizens & Southern National Bank, Atlanta, Ga.	-----	1,000,000
The First National Bank of Atlanta, Atlanta, Ga.	1,000,000	-----
Chemical Bank New York Trust Co., New York, N.Y.	-----	800,000
First National City Bank, New York, N.Y.	-----	800,000
Trust Company of Georgia, Atlanta, Ga.	-----	600,000
The Chase Manhattan Bank, New York, N.Y.	500,000	-----
The First National Bank of Birmingham, Birmingham, Ala.	-----	500,000
Irving Trust Co., New York, N.Y.	500,000	-----
Continental Illinois National Bank and Trust Co. of Chicago, Chicago, Ill.	-----	300,000
The Fulton National Bank of Atlanta, Atlanta, Ga.	-----	300,000
Birmingham Trust National Bank, Birmingham, Ala.	-----	200,000
Totals	6,000,000	5,000,000

Southern presently intends to repay the principal of the proposed notes at or before maturity out of the proceeds of the sale of additional shares of its common stock in 1963 or 1964, which will be subject to a later filing with this Commission.

Southern expects to incur legal expenses in an amount not to exceed \$1,500 and miscellaneous expenses estimated at \$500 in connection with the proposed transactions. Georgia estimates miscellaneous expenses of not more than \$500 and, in addition, will pay for the cost of the documentary tax stamps on its common stock. The issuance and sale of the shares of common stock by Georgia are subject to the jurisdiction of the Georgia Public Service Commission, the State commission of the State in which Georgia is organized and doing business. It is stated that no other State commission and no Federal commission, other than this Commission, has jurisdiction over the transactions proposed herein.

Notice is further given that any interested person may, not later than May 21, 1962, request in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said joint application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant-declarants, and proof of service (by affidavit or, in case of an attorney-at-law, by certificate) should be filed contemporaneously with the request. At any time after said date, the joint application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

By the Commission.

**Notice of Conclusions and Determinations Regarding the Essentiality and U.S. Flag Service Requirements**

Notice is hereby given that on April 27, 1962, the Maritime Administrator acting pursuant to section 211 of the Merchant Marine Act, 1936, as amended, found and determined the essentiality and U.S. flag requirements of U.S. foreign Trade Route No. 27 and ordered that the following conclusions and

determinations reached by the Maritime Administrator with respect to said trade route be published in the FEDERAL REGISTER:

1. Trade Route No. 27 as described below is affirmed as an essential foreign trade route of the United States:

*Trade Route No. 27—U.S. Pacific/Australia—New Zealand.* Between U.S. ports in California, Washington, Oregon, and Hawaiian Islands, and ports in Australia, New Zealand, New Guinea, and South Sea Islands.

2. Requirements for U.S. flag operations on Trade Route No. 27 are between one and two sailings per month with combination (passenger-cargo) ships and approximately one sailing per month with cargo ships.

3. Existing combination (P2-S1-1K) passenger-cargo ships are suitable for operation on Trade Route No. 27. Existing C-3-type freight ships are suitable for operation on the route, pending replacement due to age.

4. Replacement freighters should be superior in speed and carrying capacity to the present C-3-type ships and should have adequate refrigerated capacity for the needs of the service on the route.

Dated: April 27, 1962.

Each learner certificate has been issued upon the representations of the employer which, among other things, were that employment of learners at special minimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be annulled or withdrawn, as indicated therein, in the manner provided in Part 528 of Title 29 of the Code of Federal Regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of 29 CFR 522.9.

Signed at Washington, D.C., this 25th day of April 1962.

ROBERT G. GRONEWALD,  
Authorized Representative  
of the Administrator.
