SUBJECT: Applications for Funds for Maintenance Work

TO: Chief
Civil Affairs Section
GHQ, SCAP
APO 500

1. Herewith transmitted are five (5) applications from reparations plants in Shiga Prefecture requesting allocation of funds to perform maintenance work.

2. Facts learned from investigation of the applications are as follows:

a. Hikone 1st Works, 35-2, and Hikone 2nd Works, 35-3, of the Omi Industry Co. (Incl. No. 1)

(1) 37 items at 35-2 and 48 items at 35-3 require attention. Funds requested in the application are excessive. It is estimated that 42,000 yen will be adequate to attain minimum standards.

b. Matsushita Metal Co., 35-6 (Incl. No. 2)

(1) 33 items require maintenance as cited in the application. The 20,973 yen approved by the District Office is considered reasonable.

c. Chiyoda Sangyo Co., 35-7 (Incl. No. 3)

(1) 64 items require attention. It is estimated that 29,000 yen will be adequate to provide necessary cleaning and greasing.

d. Shoun Kosakusho Co., 35-8 (Incl. No.4)

(1) Rust on bearing surfaces is prevalent. The

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Hq Kinki Civil Affairs Region, APO 25 17 Feb 50
Subj: Application for Funds for Maintenance Work

70,225 yen approved by the District Office, representing approximately 400 yen each for 175 items, is considered reasonable.

2. Toyo Rayon Co., 35-11 (Incl. No.5)

(1) Corrosion was evident on bearing surfaces of the 49 items cited in the application. However, the money amount approved by the District Office is considered excessive. It is estimated that 24,500 yen, representing 500 yen per item, will be adequate to restore the equipment to acceptable condition.

3. Encumbrance of funds based on criteria cited in preceding paragraph is recommended.

Deputy Chief

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Memo to Mr. Sussemann

From: Mr. Armstrong

1. Investigation for need of maintenance as outlined in petetion for funds from installation 35-8.

2. Machinery generally is in good condition, however there is evidence of rust in gear boxes due to condensation. Last cleaning and greasing June 1949. Buildings very damp because of leaky roofs. In present condition will last about another 6 months without serious deterioration. Should be cleaned and greased before winter 1950.

3. Funds requested is reasonable averaging about ¥400 per machine for cleaning and greasing.

D Armstrong

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(1)

TO: Minister of International Trade and Industry

FROM: Sheun Kosakusho, Ltd.,
No. 323, Komoe, Shonai-machi, Toyono-gun, Osaka Pref.

SUBJECT: Application to Transfer all Machine Designated for Reparation

1) Kind of machine planned to transfer:

Name of machine: Bevel Gear shaping Machine
Manufacture : Okamoto Machine Tool Industry Co. Ltd.
Type : BGS-3
Capacity : Outside diameter 80 mm
Quantity : 1 unit
Inventry No. : 35-8-104 (1A4-3)

2) Name of Plant which presently keeps the machine:

Ohtsu Plant, shoun Kosakusho, Ltd. (Code No. 35-8),
No.1040, Awazu-machi, Zeze, Ohtsu City, Shiga Prefecture.

3) Name of Plant to which the machine be transfered:

Ofuna Plant, Shoun Kosakusho, Ltd. (Code No. 19-61)
No.338, Ueki, Kamakura City, Kanagawa Prefecture.

Production capacity of this plant:

Item	Quantity	Price
Fine boring machine	35 units	¥ 1,050,000.00
Link grinder for locomotive	1 unit	950,000.00
Journal box for locomotive cars	250 pcs	350,000.00
Briquette compressing machine	1 unit	800,000.00
Abrasive grinder	10 units	500,000.00
	Total	¥ 3,650,000.00

4) Reasons for transfer:

Fine boring machine is the major production item of our Ofuna Plant, as shown in the above (3). However, due to lack of Bevel Gear Shaping Machine, essentially needed for making special parts of the above production item, we are forced to make these parts in the sub-contracted plants. Hitherto, considerable number of these parts thereby made, have been disqualified for our assembling the complete machine, so that our efficient production has been remarkably checked.

In view of such situation, we desire to manufacture all these parts solely in Ofuna Plant, by setting Bevel Gear Shaping Machine, Fortunately, in Ohtsu

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Plant, located in Shiga Pref., an excellent Bevel Gear Shaping Machine, most available for our demand with respect of capacity and size, is currently kept in suspension.

If we can utilize the above machine in suspension for the manufacture of Fine Boring Machine in Ofuna Plant, we are convinced of that the productive efficiency there of will be redoubled. It is, therefore,,sincerely requested that the transfer of the above machine in suspension from Ohtsu Plant to Ofuna Plant, be permitted with your special consideration, so that our productive rationalization and increasement may be attained.

Harukichi Yamaguchi,
President,
Shoun Kosakusho, Ltd.

16 Sept 1948

TO : Shiga Military Government Team

FROM : Director of Economic Department

SUBJECT : Application on transition and use of Reparation Machines

Regarding above matter, as I receipt the application from K.K. Shoun Kosakusho, Otsu-factory, I reported it to Lt. Mcsherry. But he indicated me that the subject is to be dealt with Japanese Government, so I sent the application to Executive Department on Reparation, Com. & Ind. Ministry.

Hereby I submit you it's copy as per attached papers to make sure.

T. Ibuki

DIRECTOR OF ECONOMIC DEPT.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Shoun Kosakusho, Ltd.,
No. 323, Komoe, Shonai-machi, Toyono-gun, Osaka-fu

Sept 10 1948.

To: Commanding Officer,
Shiga Military Government Team

Thru: Shiga Liaison Office

Subject: Application for permission of transfer to Ofuna Plant and use of One Bevel Gear Shapping Machine, (BGS-3 type, Okamoto make) which is now equiped installed reparation at our Ohtsu Plant in Shiga Prefecture. Inventory No: IA-4-3 (35-8-104)

Our Ofuna Plant is now devoting ourselves for manufacture of peace-time production, according to the permit of interim operation factory. As above stated, we hereby wishes to submit application for permission of transfer and use of above machine at our Ofuna Plant for the following reasons.

1. " Repairing tools for automobile engine cylinder" is the most important production items of our Ofuna Plant. So that, Bevel Gear Shapping m/c is strictly needed for making a piece of its special parts. Becouse, above machine must be best one which require a much degree of technical skill. But, very sorry to say that such a machine is not equiped at Ofuna Plant.

2. Therefore, above machine which is now equiped at our Ohtsu plant- (currently reparation, Now closed) is available for our demand, becouse of its capacity, and accuracy even in all respects. So, we are desire to practical use of it.

3. Ofuna Plant and also Ohtsu Plant has been installed on the reparation factory, we should appreciate it very much if commanding officer will be good enough to grant permit for the transfer and use of the said equipment.

In return for this privilege, we shall hold ourselves entirely responsible for the safe custody and proper maintenance of the equipment until the time of removal.

HEADQUARTERS
TOKYO-KANAGAWA
MILITARY GOVERNMENT DISTRICT
APO 503

AG-E 004.04 (19-61) 22 May 1947

MEMORANDUM FOR: Kanagawa Prefectural Government

THRU: Yokohama Liaison Office

SUBJECT: Authority for Interim Operation

1. Application has been redeived from Shoun Kosakusho, Ofuna Plant No. 338, Ueki Ofuna-machi, Kamakura-gun, Kanagawa-ken by this headquarters for a permit to convert to essential peacetime production.

2. Inasmuch as this company has been named for reparation or is currently being considerd for reparation, an official production permit cannot be issued at this time. Investigation has shown, however, that the factory for which application has been submitted is capable of producing needed civilian goods until such time the reparation program shall effact them.

3. This is to inform you that subject factory is authorized interim manufacture of the following items: Briquette Compressing Machine. Repairing Tools for automobile engine cylinders. Small Diesel Engines for agricultural use & fishing boats with the following provisions:

a. Condition of machinery, maintenance processes and protection of captal equipment must be judged satisfactory by an investigation officer from this headquarters at the time of his inspection.

b. Maintenance of equipment must temain satisfactory when observed in subsequent inspections.

c. Approval of this headquarters must be obtained before any other than listed items are manufactured.

4. Production of this item is authorized in addition to items listed in previous permits.

1. The Shiga Military Government Team has erroneously inventoried the Shoun Kosaku (Shoun Machine Tool Co. Ltd.), listed as Plant No. 8, Shiga Prefecture. The Shoun Kosaku is classified as a machine tool plant, and inventory of plants of this nature is not required as of present. The Shoun Kosaku K.K., has not submitted an application for removal from the reparations list.

2. Inventory sheets have been submitted by the Shiga Military Government Team directly to the Supreme Commander for the Allied Powers. The inclosed cover sheets are forwarded to your headquarters. In the event it is the decision of higher headquarters that the completed inventory of the Shoun Kosaku not be accepted, it is requested that this headquarters be notified.

JOINT ARMED FORCES ARCHIVES RECORDS 14 NOV 1946

SUBJECT: Application for Deletion of Nine Machine Tools from OD-5 in Factory of Shoun Kosakusho K.K., Zeze, Otsu city, Shiga Prefecture.

TO: Commanding General, I Corps, APO 301.

THROUGH: Kinki Military Government Region, APO 301.

1. Attached as inclosure 1 is an application prepared by Shoun Kosakusho K.K. to have nine (9) machine tools delated from the List of Reparations Selections within the Machine Tool Industry. The Shoun Kosakusho K.K. has about 123 machine tools that are subject to inventory in Shiga Prefecture.

2. This Company has a factory in Osaka to which they want to move these nine tools in order to efficiently conduct their converted production there.

3. This headquarters recommends that such action be approved.

1092

1. The Shoun Kosakusho K.K., Otsu Kojo is listed as Plant No. 8, Shiga Prefecture, on the list of factories subject to reparations. The Otsu Kojo is classified as a machine tool plant.

2. The application of this company for exemption of 9 machine tools is based on the need of the Otsu Kojo for the tools in the operation of its factory. No criteria has been announced by higher headquarters for selection of plants of this nature. It is the opinion of this headquarters that no reason exists for granting special consideration to this company, and it is recommended that the application be denied.

4 December 1946.
TO: Commanding General, Eighth Army, APO 343

1. The application of the Otsu Plant, Shoun Kosaka K.K. Zeze, Shiga Prefecture for deletion of nine machine tools from OD-5 is disapproved.

2. The release of nine machine tools of general purpose type from this plant would reduce its value as an integrated machine tool making factory and would set a dangerous precedent to be followed by many other plants now listed for reparations. This plant was originally selected under the policy of reducing the machine tool making capacity of Japan to 27,000 units.

18 November 1946

SUBJECT: Inventory of Shiga Reparations Plant 35-8, Shoun Kosaku, Mschine Tool Plant.

TO : Commanding Officer, Kinki Military Government Region, APO 301.

1. Attention is invited to plant Cover Sheet of Reparstions plant 35-8. This Factory is a Selection within the Machine Tool Industry.

2. The Otsu Plant of Shoun Kosaku is one of three factories that were operated by this firm during World War II. The president of the Company has reported to this headquarters that his Osaka and Ofuna plants should not be designated for reparations in his opinion, but that the Otsu plant has been properly listed.

3. The machinery in the Otsu plant is identical in type to the machinery in any Aircraft or Munitions Factory, and for this reason this plant has been inventoried at this time.

4. It is contemplated that perhaps higher headquarters will withhold these inventory sheets till a later date.

OO OI

Petition for Exemption of some machines from the list of Reparation.

To:

(Date) 23 Oct. 1946

Name & Address of Petitioner

KABUSHIKI KAISHA SHOUN KOSAKUSHO,

.....

323, Komoe, Shonaicho, Toyono-gun, Osaka Prefecture.

A. Name of Company: Kabushi Kaisha Shoun Kosakusho

B. Name of Plant: Otsu Factory. S. Matsuhara

C. Addresses of Company and Plant:

a. Address of Company: 323, Komoe, Shonaicho, Toyono gun, Osaka Prefecture.

b. Address of Plant: 1040, Zeze, Awazucho, Otsu-City, Shiga Prefecture.

D. Date of Foundation of Company & Plant:

a. Foundation of Company: March 1933

b. First operation of Plant: June 1944.

E. History of Plant:

The plant was acquired from Kyoto-Kosaku-kikai Kabushiki Kaisha (Kyoto Machine Tool Mfg. Co.Ltd.) in June 1944 for manufacture of metal working machine tool (High speed Turning Lathe) and the operation has been suspended since September 1945.

F. Production 1934-1936:

None.

G. Production 1937-1945

1944 -	High speed Turning lathes	15 sets	Y.135,000.00
1945	" " "	45 "	405,000.00

Encl. 1

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

H. Production after the end of War:

None.

I. Present Equipment:

a. Machine Tools:

	Boring machines	4 sets
	Drilling machines	6 "
	Gear cutting machines	5 "
	Grinding machines	9 "
	Lathes	73 "
	Milling machines	9 "
	Planers	5 "
	Shapers & Slotters	5 "
	Saws	4 "
	Miscellaneous	3 "
	Total	123 sets.

b. Heat treating equipment:

Heat furnaces	6 sets.

J. Monthly out-put of main products and percentage to total products in Japan:

Kind of Machine Tools	Quantities of all Japan
High speed Turning Lathes	8 sets
Percentage of our products against total products in Japan	100 percent.

K. Main reason why it is necessary to retain some equipments:

Nine sets out of 123 sets of machine tool equipment are necessary to remove to Osaka Factory for its converted production.

1. Otsu Factory is an extension of Shoun Kosakusho Osaka Factory, therefore, it is necessary to fill up by those machines the shortage of equipment in Osaka Factory.

2. Nine sets of machine are special machines in general, and some of them are not found in our Osaka Factory.

3. Most parts of nine sets of machines were removed from our Osaka Factory to Otsu Factory when the latter was established.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Machines intended to be removed

to Osaka Factory

Kind of Machine	Type	Manufacturers
Lathe	400 type 6 feet	Mitsubishi
Lathe	"	"
Lathe	JGM type 8 feet	Shoun
Lathe	"	"
Drilling machine	MD 32x600	Mitsubishi
Milling machine	2M No.2 305x1340	Okuma
Milling machine	No.3 480x1450	Hitachi-Seiki
Grinder	Universal EGP 1000	
	G.H.U 400x1330	Okuma
Gear cutting machine	BGS-3	Okamoto

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Reasons why the exemption of these machines are necessary

For the following reasons, the 9 machines are intended to be removed into our Osaka Plant, if our petition is happily granted, and will be made to play very important part in the manufacture of spinning machines:

LATHES Two sets 6-foot lathes Type 400 made by Mitsubishi.

The machines installed at present in our Osaka Plant number 103 in all, but in order to make them work in full swing, these two machines are absolutely necessary in the assignment of work.

LATHES Two sets 8-foot lathes Type JGM made by Shoun.

For working upon some parts of spinning machines, these two lathes will be badly needed.

DRILLING MACHINE One set Type MD, made by Mitsubishi.

There is no drilling machine of this type in our Osaka Plant. Needed to bore fine holes of small diameters on the spinning machines.

MILLING MACHINES One set Type 2M No.2 made by Okuma,
One set Tyoe No.3 made by Hidachi Seiki.

There are no machines of such dimensions as these in our Osaka Plant, and we have so far felt the need of such machines. If they are taken away for reparation from the Otsu Plant, our working schedule will be greatly interfered with in the continuation of work.

GRINDING MACHINE One set, Swing 400, made by Okuma.

In our Osaka Plant, we have no machines capable of doing the same work as this machine. Absolutely necessary in grinding parts of great length of spinning machines.

HELICAL GEAR CUTTING MACHINE 1 set Type BGS-3 made by Oksmoto.

We have no helical gear cutting machines in our Osaka Plant; we have long felt want of such one, and wanted to order to the maker; but most of makers' plants have been destroyed by war confragiations, and we have not been able to order one. Such being the case, we wish to keep this one badly in our plant.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

60 01

I hereby certify that as per above petition, Nine (9) sets of machine tools out of equipments in Otsu Factory of Shoun Kosaku-sho are in need of removal to their Osaka Factory for their production.
