SUBJECT: Petroleum Products Requirements

TO : Commanding Officer, Kyushu Military Government Region, APO 929

1. In compliance with Eighth Army Circular 325, Kagoshima Petroleum Requirements for October exclusive of Engineer and Dependent Housing needs follow:

a. For trucking lumber to dockside for shipment to Occupation Forces: 1,055 gallons of gasoline, 53 gallons of oil and 1,155 pounds of grease.

b. The Lumber Association reports a total of 132 trucks in their use: 92 gasoline burning trucks and 40 charcoal burning. These trucks are not used exclusively by the Lumber Association for transportation of lumber for Occupation Forces, but they do give priority to occupation demands.

2. 10,500 koku is scheduled for transportation from forest to sawmill; 6,825 koku from sawmill to station to stockpiles; and 10,157 koku from stockpile to waterfront during October.

3. In compliance with I Corps, letter dated 10 July 1947; subject: "Estimates of Petroleum Product Requirements for Japanese Contractors", this headquarters checked with the Lumber Association, Vehicle Office and three trucking firms on the procedure used to determine the petroleum estimates of Lumber Association. It is noted that in comparison with September estimates 295 gallons of gasoline, 82 gallons of oil, and 250 pounds of GREASE less are requested for October estimates even though the amount of lumber to be hauled in September was 3,282 koku less than is estimated for October.

4. In preparing estimates of needs the following average basic truck performances are applied:

Average load -- 14 koku.

SUBJECT: Request for Gasoline

TO : Commanding Officer, Kumamoto Military Government Team, APO 929

1. Attention is invited to the accompanying request for gasoline to be reimbursed to the Kumamoto Prefectural Police Department.

2. During the forenoon of 15 July 1947, transportation was requested by Mr. Johnston and Mr. Malburg. Availability of assigned Military Government vehicles for their mission covering a period of ten days, 16 July 1947 through 25 July 1947 was difficult. This office made arrangements for the loan of tactical vehicles (2 trucks 1/4 ton with trailers) to be made available for the period of the inspection. This information was passed on to Mr. Johnston at approximately 1300 hours 15 July 1947.

3. Approximately 1800 hours 15 July 1947 Mr. Johnston informed this office that he had made arrangements for the use of Japanese Prefectural Police Department Sedans, and that Military Government would be expected to reimburse the police for gasoline used. It was pointed out to Mr. Johnston that this procedure was without precedent and that this office was not cognizant of any authority to use Japanese vehicles and make reimbursement of gasoline so consumed.

4. Instructions covering such reimbursement and precedure in processing the enclosed gasoline requisition are not available at this office. Request any information as to existant authorization under current regulations.

THRU: Commanding Officer, Headquarters 24th Division Artillery, APO 24

1. Upon completion of the first of the series of trials of purchases of illegal oil from the subject ship this Court has come into possession of information to the effect that approximately 23½ drums (about 1175 gallons) of this oil is stored, and now is under police custody at Yobuko and Nagoya.

2. In view of the fact that the two above named cities are outside the limits of the Fukuoka Area Command instructions are requested as to what proper disposition of the oil should be made by this Court.
