

CONFIDENTIAL SECURITY INFORMATION

U3038

KGI
SUBJECT: CIC Linguist Personnel (Continued)

8 January 1952

of military action, CIC Detachments in Korea will require a minimum of 35 (at least half of these must be capable of writing ideographic script) linguists, either agents or military intelligence linguists, for classified operations.

T. F. VAN NATTA
Colonel, GS W/Troops
AC of S, G-2

1st Ind

G2, GENERAL HEADQUARTERS, FAR EAST COMMAND, APO 500, 17 January 1952

To: Assistant Chief of Staff, G2, Eighth Army, APO 301

1. Present availability of linguists with CIC MOS's is such as to preclude furnishing of replacements in Korea from 441st CIC sources.
2. Supply of qualified military intelligence Japanese and/or Korean linguists is inadequate, at the present time, to meet requirements stated in par 5, basic communication without retarding rotation of such personnel now in Korea and/or requiring return to Korea of such personnel who have accrued more than twenty four (24) points in Korean service.
3. In the event that requirements are considered sufficiently urgent to warrant action outlined in par 2 above, suggest Eighth Army:
 - a. Initiate action to reorganize the 302nd MIS Co to increase the number of interrogator, translator and interpreter cells by the amount required to furnish linguist support for CIC activities utilizing an appropriate number of present CIC spaces.

For the Assistant Chief of Staff, G2:

R. S. BRATTON
Colonel, General Staff with Troops
Deputy

CONFIDENTIAL SECURITY INFORMATION

MISG/FE
(8 Jan 52)

1st Ind

G2, GENERAL HEADQUARTERS, FAR EAST COMMAND, APO 500, 18 January 1952

TO: Assistant Chief of Staff, G2, Eighth Army, APO 301

1. We wish to do everything in our power to assist you in solving your CIC linguist problems. Unfortunately, at present, adequate numbers of linguists with CIC MOS's are not available; therefore, we cannot furnish replacements to you from 441st CIC sources.

2. The entire problem of furnishing qualified military intelligence Japanese and/or Korean linguist replacements to Eighth Army is complicated by the necessity for rotation. If your requirements as outlined in basic communication are to be met, it appears that under present criteria it will be necessary that you retard rotation of linguist personnel now in Korea and we require the premature return to Korea of personnel already rotated to Japan by reason of their having accrued more than twenty-four (24) points in Korean service. It is suggested, therefore, that you carefully review your request for thirty-five (35) linguists to determine that this is the minimum requirement.

3. If you consider that your CIC linguist requirements are sufficiently urgent to warrant action outlined in par 2 above, suggest you initiate action to reorganize the 302nd MIS Company to increase the number of interrogator, translator and interpreter cells by the amount required to furnish linguist support for CIC activities utilizing an appropriate number of present CIC spaces.

For the Assistant Chief of Staff, G2:

R. S. BRATTON
Colonel, General Staff with Troops
Deputy

MISGFE/EHFS/NWW/su

File No: **Subject:** CIC Linguist Personnel **Date:** 16 January 1952

FROM: CO, MISG/FE **TO:** G2 **PHONE:** 26-8580
NAME: Lt Col Willis

**Comment
Number**

2.

1. Creation of another MIS organization as proposed in C/N 1 above will not solve CIC linguist shortages in Korea as indicated by Col Van Natta in his letter (Incl 1) and would not be in consonance with DA concept that an Army Hqs should have one MIS unit containing necessary MI operational personnel for support of G2 activities.

2. Qualified linguist personnel who have not already served in Korea are not available in FEC under the recommended spaces for the CIC augmentation of thirty-five (35) spaces recommended in par 3, C/N 1. Present flow of linguist replacements from ZI is barely sufficient to permit continuation of linguist rotation from Korea. According to DA, sufficient number of qualified oriental linguists from the ZI to fulfill all FEC linguist requirements is not forthcoming in the near future.

3. The 302d MIS Co is presently the linguist agency for G2, Eighth Army which could be reorganized to accommodate additional linguist spaces to fulfill CIC linguist requirements in Korea. This would result in efficient utilization of personnel, reduce administration and be more in consonance with DA concept of utilization of MIS units.

4. Accordingly, Incl 4 is alternate draft 1st Ind to G2, Eighth Army which states that in the event that requirements are sufficiently urgent to retard rotation of linguists in Korea, Eighth Army initiate action to reorganize the 302d MIS Co utilizing thirty-five (35) or more of Eighth Army's present CIC spaces to include additional interrogator, translator, or interpreter cells to support CIC activities.

5. Recommend approval and dispatch of Incl 4.

6. Action coordinated with and concurred in by 441st CIC (Col Smith).

INTER-OFFICE MEMORANDUM

(For use within G-2 only)

REC'D/INT/INT/INT/INT

File No: Subject: CIO Inspector Personnel Date: 16 January 1952

FROM: CG, KIRG/YE TO: GS
NAME: Lt Col Willie PHONE: 25-8980

1. Operation of another MIS organization as proposed in V/E I above will not solve CIO Inspector shortage in Korea as indicated by Col Van Kester in his letter (last 1) and would not be in consonance with DA concept that an Army Inspector have one MIS unit consisting necessary MI operational personnel for support of US activities.

2. Detailed Inspector personnel and have not already served in Korea are not available in US under the recommended number for the CIO organization of thirty-five (35) spaces recommended in V/E I. Present flow of 150 prior replacements from MI is barely sufficient to permit maintenance of Inspector positions from Korea. According to the attached number of available Inspector positions from the MI to (last 1) all the Inspector replacements is not forthcoming in the near future.

3. The 3024 MIS Co is presently the Inspector agency for US South Army which could be reorganized to accommodate additional Inspector spaces to fill 111 CIO Inspector requirements in Korea. This would result in efficient utilization of personnel, reduce administration and be more in consonance with the concept of utilization of MIS units.

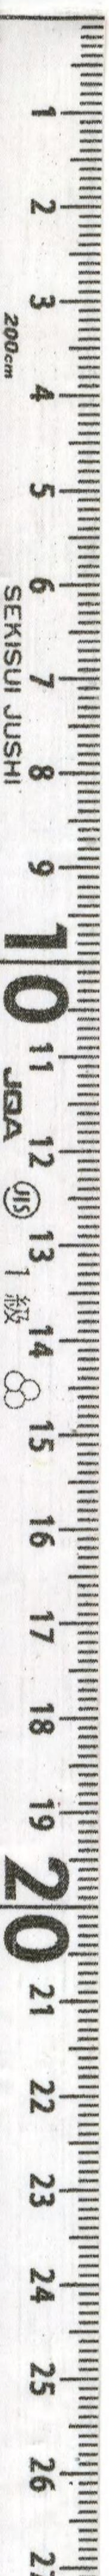

4. Accordingly, last 1 is alternative that has to be South Army which states that in the event that requirements are sufficiently urgent to require reorganization of Inspector in Korea, South Army initiate action to reorganize the 3024 MIS Co utilizing thirty-five (35) or more of high Army's present CIO spaces to include additional Inspector, translator, or other major units to support CIO activities.

5. Recommendation approval and dispatch of last 1.

6. Action coordinated with and concurred in by Chief CIO (Col Smith).

MISG/FE **1**

1. Reference letter from ACofS, G2, EUSAK, 8 Jan 52, file nr. KGI, subject as above, Incl 1.
2. Attention is invited to the following relative to letter referenced supra:
 - a. EUSAK CIC detachments do not possess any military spaces calling for linguist MOS's. Any CIC linguists that EUSAK CIC detachments receive carry CIC MOS's basically and their oriental linguistic ability is only an infrequent added specialty.
 - b. The CIC Center is unable from its personnel resources to provide the minimum requirement of CIC agents qualified as oriental linguists for CIC assignments in the FEC.
 - c. Local procurement agency for oriental linguists is MISG/FE, G2, GHQ, FEC.
 - d. A few CIC agents with linguistic ability in oriental languages are assigned to the 441st CIC Det but nearly all of them possess either enough or almost enough points to make them eligible for rotation out of Korea and the theater after very short periods of service.
3. A draft 1st indorsement to referenced letter is enclosed as Incl 2. It suggests that ACofS, G2, EUSAK, initiate action to activate a MIS detachment utilizing thirty-five (35) or more spaces out of their present CIC spaces. This is the means by which 441st CIC Det has provided for qualified linguists. Draft Ind also points out this action would be generally in accord with that recommended by ACofS, G2, EUSAK, in letter 23 Sep 51, file nr. KGI, subject: "Formation of Provisional MIS Company." (Copy of this letter is attached as Incl 3.)
4. Recommend approval of draft 1st Ind, Incl 2.

HEADQUARTERS
EIGHTH UNITED STATES ARMY KOREA (EUSAK)
Office of the Assistant Chief of Staff, G2, Intelligence
APO 301

KGI

23 September 1951

SUBJECT: Formation of Provisional Military Intelligence Service Company

TO: Assistant Chief of Staff, G2
General Headquarters
Far East Command
APO 500

1. Recommend that a Military Intelligence Service Company be activated to furnish linguist personnel to CIC detachments operating in Korea. The primary mission of this company will be the operation of a Central Interrogation Center which will screen security risks and interrogate prisoners of war for counterintelligence information.

2. Suggest that the company be organized under the provisions of TO&E 30-600, dated 20 October 1948, and Changes 1 and 2 thereto, dated 12 September 1950 and 27 April 1951 respectively. A breakdown of the proposed teams, total strength of 110, is shown in Inclosure 1. Language qualifications of personnel assigned to this company should include 80% Korean (or Japanese, in lieu thereof), 15% Chinese and 5% Russian.

3. Inclosure 2 lists the items of equipment from TO&E 30-600, with Changes, which would be required for the company.

4. It is requested General Headquarters, Far East Command, establish a Provisional Military Intelligence Service Company, authorizing overstrength of personnel and equipment pending Department of the Army approval.

5. This company is not to be established in Korea, nor the personnel charged against EUSAK Troop basis, until an armistice has been declared and exchange of prisoners and displaced persons is contemplated.

2 Incls:

1. Extract of TO, TO&E 30-600
2. Extract of TE, TO&E 30-600

RCGI 322 1st Ind
SUBJECT: 191st Counter Intelligence Corps Detachment

HEADQUARTERS XVI CORPS, APO 14, 17 Jan 1952

TO: Commanding Officer, 441st CIC Detachment, APO 500

1. Concur in the attachment recommended in basic communication with the following provisos:

a. The attachment of the 191st CIC Detachment for operational control and training is to 6th CIC District.

b. In all other matters, 191st CIC Detachment remains attached to 1st Cavalry Division.

c. Information copies of operational reports prepared by or in collaboration with 191st CIC Detachment personnel will be furnished 1st Cavalry Division and XVI Corps.

d. Training progress reports will be furnished 1st Cavalry Division.

e. Personnel currently assigned to 191st CIC Detachment will remain assigned to it.

f. Funds and property accounts of 191st CIC Detachment remain the responsibility of its commander.

g. The 191st CIC Detachment is released to 1st Cavalry Division without delay should that division become combat operational.

2. It is requested that your General Order announcing attachment of the 191st CIC Detachment to the 6th CIC District for operational control and training include specific reference to the provisions of paragraph 4b, Annex A (Intelligence) to CINCPAC Operation Plan 3-51, with particular emphasis on paragraph 4b(3). This is considered desirable to facilitate local liaison in providing for continued CIC support of the 1st Cavalry Division and its installations.

3. It is further requested that the effective date of the attachment be delayed at least until 15 February in order to enable the Commanding General to settle his command and assure its immediate security.

HEADQUARTERS
441st Counter Intelligence Corps Detachment
APO 500

17 December 1951

SUBJECT: 191st Counter Intelligence Corps Detachment

TO: Assistant Chief of Staff, G2
XVI Corps, Sendai, Japan
APO 14

1. References:

- a. Par 5c, SR 380-310-1, 29 May 1950.
- b. Radio GX 59078, CINCPAC to CG, Eighth US Army, 10 Dec 51, which grants authority for transfer of the 191st Counter Intelligence Corps Detachment to FEC with continued attachment to the 1st Cav Div (Incl 1).

2. In view of the imminent return of the 191st Counter Intelligence Corps Detachment to Japan, this headquarters is of the opinion that the most efficient utilization of subject Counter Intelligence Corps Detachment could be effected by attaching it to this headquarters. Such attachment would:

- a. Eliminate any possibility of jurisdictional overlap.
- b. Permit the 441st Counter Intelligence Corps Detachment to coordinate investigations.
- c. Result in thorough orientation of subject detachment in practices and procedures within the Far East Command.
- d. Facilitate training of subject detachment.
- e. Be in accord with reference in par 1a supra.

3. It is requested that your office concur in recommending to General Headquarters, Far East Command, that subject Counter Intelligence Detachment be attached to the 441st CIC Detachment for operational control and training. Precedent for proposed action was established in the case of the 40th and 45th Counter Intelligence Corps Detachments.

 Far East Command
 APO 500

TO: Assistant Chief of Staff, G-2
 Department of the Army
 General Staff, U S Army
 Washington 25, D. C.

Reference: Letter, Department of the Army, AGAO-S 313.3 (17 Nov 50) G2-M, subject: "Counter Intelligence Corps File", dated 21 November 1950.

1. a. Paragraph 3 of reference communication directs that one clearly legible copy of each operational report developed by the Counter Intelligence agencies will be submitted on a continuing basis direct to the Chief, Counter Intelligence Corps, Ft Holabird, Md. Since this copy is to be used for microfilming, only an original will serve.

b. This policy means that the Counter Intelligence Corps Detachments in the field must either type reports twice, or else they must submit a carbon copy to the headquarters they serve.

2. The prestige and reputation of the Counter Intelligence Corps is a touchy matter. Since most of its work is confidential, good work is classified and only errors receive publicity. This has created resentment and misunderstanding in the minds of many commanders: "Free-wheeling", "working for themselves, not the outfit", are common, usually unjustified, complaints. For a commander to have to read carbon copies of his own Counter Intelligence Corps Detachment's reports, while the original goes to the distant Chief in Baltimore is humiliating and irritating; to require teams to type all reports twice is a needless burden.

Reduction of CIC Areas
to Resident Agent Status

31 Dec 51

Sety Div

G2

26-6401
Col Malone

1. Sety Div concurs in principle with 441st CIC plan for rearrangement of CIC personnel. However, it is felt the actual plan for changes should be presented to Sety Div and FEC/LG for their consideration in relation to the sources of material being used by Sety Div and FEC/LG. 2
2. FEC/LG is particularly interested in the 6th District and requests a chance to examine any redistribution of personnel in that area.
3. Recommend that CIC be instructed to present a detailed plan of the changes desired for coordination with Sety Div and FEC/LG.

G-2 File

From: G-2

To: CO, 441st CIC Det
Thru: Secty Div

3

1. The proposed plan of CO, 441st CIC Det is sound in principle and is a step in the right direction concerning post-treaty CIC operations.
2. A plan covering proposed changes or reductions should be presented for G-2 approval after coordination with Security Division concerning Japan as a whole and FEC/LG only as is necessary concerning areas of primary interest to that section.

CIC/JHN/ty

FROM: CO, 441 CIC

TO: G2
THRU: Sety Div

PHONE: 33-5421

NAME: Capt Nix 8 JAN 1952

1. It was not the intent of the request in C/N 1, to effect an overall reduction of CIC areas and a redistribution of personnel in the 441st CIC Detachment. Present operational requirements under existing circumstances would definitely preclude such action. Actual contemplated reductions would be relatively few and would be confined to prefectures where past experience has shown that the continued maintenance of a CIC area headquarters is not warranted by reason of lack of activities of CIC concern.
