LEADERS OF ALLIES CONFERENCE IN LONDON

Victoria Clocks to Be Put Ahead One Hour at Midnight

Daylight Saving Will Be Observed All Over City Tomorrow Morning; Business Will Commence Monday on Advanced Time; Adoption of System Is Compulsory This Year.

Victoria clocks will be advanced one hour to-night and Victorians will rise to-morrow morning under the daylight saving time system.

Decisions reached by large corporations, public utilities and the Provincial Government authorities make it certain that the advanced time will be generally observed throughout the city.

Daylight saving time actually will come into effect officially at twelve o'clock tonight. At that time the hands of the City Hall clock and other clocks in different parts of the city will be advanced to point to 1 o'clock.

Business under new time. Business will commence here Monday morning on daylight saving time.

The City Hall and other public offices will observe the new time also. Yesterday afternoon the City Council passed a resolution asking the Provincial Government to inaugurate daylight saving in the Parliament Buildings.

CROWN PRINCE OF JAPAN WELCOMED AT GIBRALTAR

Gibraltar, April 30.—Crown Prince Hirohito of Japan arrived here today on board the Japanese battleship Katori, on which he is traveling to England.

SHAREHOLDERS OF G. T. R. TO MEET

London, April 30.—(Canadian Associated Press)—The Grand Trunk Railway Company has called a meeting of the shareholders for May 12, at which reports will be heard from Howard G. Kelley, the president, and others regarding the proposal of the Canadian Government to take over control of the railway in the immediate future.

ONTARIO FARMERS DELAYED BY RAIN

Promise of Good Yield of Fruit

Toronto, April 30.—(Canadian Press)—Make old Ontario "land dry." This is the universal demand in many parts of the province, particularly from the farmers and the market gardener, and likewise the city dweller with gardening propensities.

Throughout most of the lower part of the province the crop situation, while by no means gloomy, is sufficiently serious to cause the farmers considerable apprehension.

WINNIPEG CLEARINGS

Winnipeg, April 30.—The bank clearings here during April totalled \$205,296,710.

HOME BUILDING BOOM UNDERWAY

Commander Noble Starts \$30,000 House at Cordova Bay

Falling Cost Aids New Home Movement

Contract for the construction of the \$30,000 home for Commander Noble on Bayward Avenue, Cordova Bay was completed and signed to-day, and the work awarded to the Co-operative Contract Co., 146 Cornsant Street.

Work has been started on the new carporting plant of the Victoria Gas Co., on Store Street, as announced last week.

An \$8,000 home is to be erected on Joan Crescent for Mrs. W. Cathart, according to the terms of the contract.

Other persons starting the building of homes are: Douglas Taylor, 2799 Quadra Street; Alfred Moffat, 1527 Redfern Street; G. E. Carey, 1694 Earle Street; Mrs. Wroth, 30 Irving Road; J. R. Williams, 500 Connaught Street; J. Playfair, 1140 Dallas Road; C. Newman, 3164 Gamma Street; G. H. Plumb, Buehly Street; R. H. Harrison, Montrose Avenue; R. Chisholm, 2823 Mount Stephen Avenue; R. E. Burns, 1605 Redfern Street.

The B. C. Land and Investment Agency has started rebuilding the structure at 813 Yates Street to convert it from a bar into a drygoods store.

Mrs. Ross, 817 Douglas Street, and William Kendrew, 642 Speed Avenue, are both enlarging their homes.

Other building operations and their sites are being started by: John C. Sutherland, 2107 Balfour Avenue; J. Cochrane, 2107 Balfour Avenue; H. B. Fryer, 2716 Grahame Street; J. W. Bell, 31 Wellington Avenue; E. Paterson, 62 Wellington Avenue.

The B. C. Land and Investment Agency has started rebuilding the structure at 813 Yates Street to convert it from a bar into a drygoods store.

POLICE RAIDED DUBLIN BUILDING

Searched Freeman's Journal Plant Following Shot

Dublin, April 30.—Disorder reigned in this city for several hours last night following the firing of a shot at the Freeman's Journal, Auxiliaries later raided the newspaper plant, declaring the shot had been fired from an upper floor of the building.

The Dublin police stated no arrests were made and alleged that no evidence had been obtained to support the charge that the person who fired the shot was in the building.

Members of the coast guard station at Nepeque Beach, who went to the aid of the liner of the submarine base here, immediately sent to her assistance the naval tug Lykens.

A later report said the Lykens had been held up by heavy fog.

The O-10 was returning from the review of the Atlantic fleet at Hampton Roads by President Harding Thursday. The crew consisted of three officers and 26 enlisted men under command of Lieut. Carr.

Montauk Point, N. Y., April 30.—Members of the coast guard station at Nepeque Beach, who went to the aid of the liner of the submarine base here, immediately sent to her assistance the naval tug Lykens.

A later report said the Lykens had been held up by heavy fog.

BUDGET SPEECH AT OTTAWA NEXT WEEK; DRAYTON TO SPEAK

Ottawa, April 30.—(Canadian Press)—A lengthy meeting of the Cabinet was held this forenoon, and it is understood the budget was under discussion.

The Minister of Finance, Mr. Henry Wood, will present the budget in the House of Commons about the middle of next week.

Declares States Not Abandoning Allied Powers

Washington, April 30.—A treaty with Germany probably will follow enactment of the Knox peace resolution, Senator Lodge of Massachusetts, Republican leader, said to-day in the Senate in supporting the peace measure.

Senator Lodge declared the President and the State Department had made it clear that the United States did not intend to "abandon" the Allies.

Reparations Commission Sends Bill to Berlin

Paris, April 30.—The Reparations Commission has decided to notify the German mission here that the 12,000,000,000 gold marks remaining due on the 20,000,000,000 gold marks which the Treaty of Versailles provides shall be paid by to-morrow are to be added to the total of 132,000,000,000 marks fixed by the Commission as the amount of war damages assessed against Germany, thus making the grand total 144,000,000,000 gold marks.

In addition to this are the acts of restitution provided for by the Treaty of Versailles.

A communication informing the German mission to this effect will be handed to it some time to-day. The Commission has notified Germany that the petroleum and mining interests owned by the German Government or German nationals in Rumania, Austria, Bulgaria, Turkey and the territories ceded under the peace treaties must be included with the other public utility interests or concessions to be transferred to the Reparations Commission under Article 259 of the Treaty of Versailles.

U. S. SUBMARINE GOES AGROUND

At New York Point; Not Badly Damaged

New London, Conn., April 30.—The United States submarine O-10 was reported aground off Montauk Point early to-day. Captain Frank D. Benson of the liner of the submarine base here, immediately sent to her assistance the naval tug Lykens.

A later report said the Lykens had been held up by heavy fog.

The O-10 was returning from the review of the Atlantic fleet at Hampton Roads by President Harding Thursday. The crew consisted of three officers and 26 enlisted men under command of Lieut. Carr.

Montauk Point, N. Y., April 30.—Members of the coast guard station at Nepeque Beach, who went to the aid of the liner of the submarine base here, immediately sent to her assistance the naval tug Lykens.

A later report said the Lykens had been held up by heavy fog.

SAYS ALLIES' VIEWS SHOULD NOT DIFFER

Sforza Speaks of Reparations Question Settlement

In London Attending Meeting of Council

London, April 30.—Hope for an adjustment of the present German reparations situation by common accord was expressed by Count Sforza, the Italian Foreign Minister, who arrived in London this morning to attend the meeting of the Allied Supreme Council.

"I do not deny that the situation is a serious one," he said, "but the ultimate aims of the Entente Powers are the same and therefore I have not lost hope of a settlement being reached in common accord."

"Italy," he continued, "is quickly recovering by her own efforts and sacrifices from what a year ago was regarded as a very serious economic and financial situation. It is only for this reason that regard peace as a supreme necessity."

There was much activity among the various Allied Ministers this forenoon in preparation for the afternoon session of the Supreme Council, which was set for four o'clock.

These activities included an early morning conference attended by M. Jaspard, the Belgian Foreign Minister, M. Theunys, Belgian Minister of Finance, Louis Loucheur, French Minister for Devastated Regions, and Premier Briand of France.

Later M. Briand went to Downing Street for a preliminary conversation with Mr. Lloyd George.

CITY TO BUILD NEW HOSPITAL UNIT SOON

Will Float \$225,000 Loan Already Authorized

A new hospital unit to accommodate sixty patients will be built immediately in the Provincial Royal Jubilee Hospital grounds, as a result of a decision reached by the City Council after a conference late yesterday afternoon with the Hospital Board.

The directors of the hospital, headed by Chairman George McGregor, requested that it be authorized to borrow \$225,000 for the construction of a hospital unit as authorized by the city council last night.

The Civic Finance Committee will consider the new hospital loan and recommend what interest should be paid on the bonds and so forth.

The new hospital unit, for which excavation was made under the original plan, will stand on the eastern side of the Jubilee grounds near the Fort Street entrance and adjacent to the children's ward.

The situation has got to a stage where we have got to have more hospital accommodation," Charles Williams told the Council. "For that reason we want to bring into force the bylaw which authorizes the expenditure of \$225,000 on the project."

SOVIET ARMY TO HOLD MANOEUVRES

Trotsky Wishes to Test His Forces

Riga, April 30.—Leon Trotsky, the Russian Soviet War Minister, has ordered great manoeuvres by the Bolshevik army in the near future in the Vitebsk and Pskov areas.

The Lettish newspapers say to-day, however, that the purpose of testing the reorganized army and its new officers.

GERMANS URGED TO ACCEPT TERMS

Americans Advise They Accept Allies' Plan

London, April 30.—Information has been received by the French delegation to the meeting of the Allied Supreme Council that unofficial French members of the German Cabinet are urging the Allies to accept the terms of the agreement reached in Paris last January.

In this agreement the Allies demanded 226,000,000,000 gold marks in addition to the collection of 12 per cent. export tax on German goods.

Baron d'Abernon, British Ambassador to Germany, has arrived from Berlin with the most recent decisions from Dr. Brüning as to what Germany can do. Details of the views of the German Foreign Minister, Brüning, would make a report on them when he saw Mr. Lloyd George to-day.

CHICAGO TO HAVE BUILDING TRIALS

Chicago, April 30.—Seventy-one indictments charging conspiracy, conspiracy to restrain building operations in Chicago were returned to-day by a Federal grand jury.

Collusion between building contractors and unions amounting to conspiracy in restraint of trade under the Sherman Act was charged in the indictments.

At the same time indictments on similar counts against nineteen other corporations and individuals returned by the March grand jury but suppressed until to-day, were released.

DECLARE FREIGHT RATES TOO HIGH

Business Men of Moncton, N. B., Express Opinions

Moncton, N. B., April 30.—That unless freight rates were adjusted, industry in the Maritime Provinces would be killed was a statement by speakers at a representative meeting of manufacturers and business men here last night.

Excessive freight charges, prejudicial to maritime interests, were the keynote of nearly all matter of adjustment in the matter of adjusting freight and passenger rates was still properly in the hands of the Department of Railways.

Greeks Lack Approval in Searching Turk Ships

Constantinople, April 30.—The Allied admirals, in maintaining the neutrality of Constantinople and of the Dardanelles, have refused the Greeks permission to pass through the Dardanelles with several hundred Turkish troops captured in the Black Sea by transports.

The Greeks also were refused permission to use the telephone and telegraph lines between Izaid and Constantinople.

Athens, April 30.—The French Government has protested to the Greek Government against the action of the Greek navy in stopping and searching vessels in the Black Sea and the Dardanelles area.

It declares such an act of war within a neutral zone which is under Allied jurisdiction.

Council Deciding How Allies Shall Deal With Germany

Lloyd George, Briand and Other Entente Leaders Confer in London on Reparations Question; Military Advisers There.

London, April 30.—The Allied Supreme Council met here at 4 o'clock this afternoon and began consideration of the measures to be adopted in connection with the German reparations situation.

The meeting was held in the official residence of Premier Lloyd George in Downing Street. Mr. Lloyd George, Lord Curzon and Field-Marshal Sir Henry Wilson, Chief of the British Imperial Army Staff, represented Great Britain, while Premier Briand, Louis Loucheur, Minister of Devastated Regions, and Philippe Berthelot, General Secretary of the Foreign Office, represented France, with Marshal Foch and General Weygand as their military advisers.

Count Sforza, Foreign Minister, and the Marquis Bella Torretta, were the Italian representatives. M. Jaspard, Foreign Minister, and Baron Hayashi, Ambassador to Great Britain, represented Japan.

The formal meeting of the Council was preceded by a preliminary conference between Premier Briand and Mr. Lloyd George at the latter's official residence.

CABINET CRISIS IN BERLIN REPORTED

Berlin Paper Says Leaders Will Resign

Paris, April 30.—A Berlin dispatch to-day quotes Friedrich Zeitzing as declaring that the resignation of Chancellor Brüning and Foreign Minister Simons will follow the presentation of the reply from Washington to the German note on reparations.

It seemed probable that the economic phase of the French advance into Germany would receive close attention at to-day's Council meeting. Premier Briand had declared the French troops would act in the capacity of policemen and not invaders, should they be ordered forward, and French experts had formulated plans to feed the people and maintain public services in the occupied district.

No Invitation. It was not expected that the United States would be represented at the meeting of the Allied Supreme Council this afternoon. It was pointed out that Mr. Lloyd George who was chosen as the presiding officer at the Council meeting, had not extended an invitation to President Harding to construct an attaché at the United States Embassy or any other representative to participate in the day's deliberations.

PUBLISH NAMES OF ACQUITTED GERMANS

Teutons' Plan Affecting War Criminals' Trials

Berlin, April 30.—The Reichstag yesterday accepted second reading of the amendment to the statute covering the trial of war criminals. The amendment directs the state attorney to "give the widest publicity" to cases where information has established the innocence of men, the names of whom were on the original lists furnished by the Allies, and also those who may be acquitted at the trials.

The amendment was proposed on behalf of alleged war criminals in view of the wide publicity of their names in enemy countries. The third reading of the amendment was postponed on account of objections by the Communists.

DISCUSSION PLAN ENDS IN FAILURE

British and German Laborites Do Not Meet

London, April 29.—The German labor leaders who planned to go to England to discuss with British labor leaders questions regarding reparations and public services in the devastated areas of France, have remained in Amsterdam, says a Central News dispatch to-day.

MEXICANS DISCUSS DEBT PAYMENT

Mexico City, April 30.—Payment of Mexico's foreign debt was again discussed by President Obregon and his Cabinet yesterday. An official statement issued at the conclusion of the meeting did not make any mention of the Cabinet reaching a definite decision.

WANT ALL HEARST PAPERS BARRED

Ontario M.P.P.'s Urge Ottawa Government to Act

Toronto, April 30.—(Canadian Press)—Shortly before the adjournment of the Ontario Legislature today, R. A. Fowler secured a unanimous vote of the members present on his resolution that all Hearst publications should be excluded from Canada, and that the Federal Government take immediate steps in connection with the matter. Before the vote was taken, Premier Drury said that while he no doubt all lamented "the mischief being done by these papers," he doubted the advisability of interfering in a Dominion Government matter.

End of Session. Toronto, April 30.—Ten minutes before 5 o'clock this morning, the second session of the Ontario Legislature came to an end, except for the formal prorogation ceremony by the Lieutenant-Governor. The session opened on January 25. It has been notable for long sittings. Fourteen times the House sat till after midnight and three times till 5 o'clock in the morning. In all 262 bills were introduced.

CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. Turn to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Joe Lunette, Immaculate Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

QUEBEC LIQUOR LAW TO BE TESTED

Montreal, April 30.—The constitutionality of the Quebec liquor law will be challenged before the local courts early next week, as soon as it has been put in force, according to reports which state that a fund of \$500,000 has already been subscribed by the wholesale liquor merchants for the purpose. It is claimed the new act conflicts with the common law of the Dominion, and would not stand the test of the courts.

ECZEMA

When consideration was being given to the Public Works Department estimates, A. L. Leger, Kent, N. B., protested that of \$55,500 for public buildings in the Province of New Brunswick, \$18,500 was spent in St. John. He wished to know why St. John was so favored.

Hon. P. B. McGarry replied that it had been found this year that most of the essential work was in large centres. No work was being undertaken which was not essential this year. Presently a debate occurred in connection with the passing of estimates for public buildings in the remainder of the Province. These covered \$25,000 for the Maritime Provinces generally; \$317,000 for Quebec; \$352,300 for Ontario; \$51,900 for Manitoba; \$20,000 for Saskatchewan; \$45,900 for Alberta, and \$59,400 for British Columbia.

A strong protest was voted by Liberal members when Hon. E. K. Spinney, Minister without portfolio, introduced a bill to amend the Civil Service Act in regard to appointments, promotions and transfers, and recommended that the bill be given second reading and sent to a special committee for decision. The committee was named, consisting of Messrs. Spinney, Scott, Charters, Currie, Griesbach, Thompson (Yukon), Calder, Euler, Cruise, Gauthier, Denis, Chisholm, Kennedy (Glenora) and Johnston.

Liberal members protested against the bill being sent to committee without proper discussion in the House. The Prime Minister replied that it was only a skeleton bill, and would be filled out by the committee. Members of the Opposition charged the Government with seeking to go back to a patronage basis in moving to take appointments and promotions out of the hands of the Civil Service Commission.

The bill was subsequently allowed to stand over until Monday for second reading.

Opposition. Ottawa, April 30.—While labor and civil service officials here decline to comment on the Spinney bill, whereby certain appointments in the civil service are to be taken out of the hands of the Civil Service Commission and placed under the old patronage system, the Great War Veterans' Association will vigorously oppose the measure.

C. M. Macneil, Dominion secretary, stated that the Great War Veterans' Association was wholly and totally opposed to the new bill. The Association had foreseen that bill some time ago, and had consulted the various provincial commands, and these, without exception, had instructed the Dominion command to oppose the proposal.

Silver Tea To-day.—This afternoon a silver tea was held at the residence of Mrs. Will Brown, Esquire, 1000, under the auspices of the "F" Unit Chapter, I. O. O. F. Mrs. R. H. Peoley will contribute songs to the musical programme and Mrs. A. J. Gibson will be at the piano. The beautiful greenhouses and nurseries adjacent will be open to guests' inspection during the afternoon.

King's Daughters.—The annual meeting of the King's Daughters will be held in the club room on Monday, May 9 at 8 p.m. Business.—To receive annual report of circles; to receive annual report of district president; and to elect district president.

The funeral of the late Lady Phillips-Wolley will take place from the B. C. Funeral Chapel on Monday, May 2, at 1:30 o'clock. Interment will be made at Ross Bay Cemetery.

TO HAVE POLICE AND MILITIA FORCE

R.C.M.P. and Canadian Army at Reduced Strength

Ottawa, April 30.—While the Militia Department estimates were before the House yesterday afternoon various items came in for opposition from either Liberals or Farmers. An amendment to reduce an item of \$6,500,000 for Canada's permanent force by \$1,000,000 was moved by G. Power, Quebec South, and defeated by 60 to 37. The item carried after the House had resumed in the evening.

The relation of the permanent force and the Royal Canadian Mounted Police was brought up by E. S. Cahill, Pontiac, who asked whether it had been decided the two forces should be consolidated.

Hon. Hugh Guthrie, Minister of Militia, stated that a police force had been considered in an order, particularly in the West, and it had been decided to continue the two forces, both at reduced strength.

When item of \$250,000 for expenses in connection with the Royal Military College came up, W. D. Euler, North Waterloo, asked what extent the institute was self-sustaining.

Hon. Hugh Guthrie explained that the fees were for the first year, \$400 for the second, \$250 for the third year, \$250; making a total of \$900. Total expenditures last year had been \$280,160; revenue, \$53,537, leaving a deficit chargeable to the public, \$166,541.

Public Works. When consideration was being given to the Public Works Department estimates, A. L. Leger, Kent, N. B., protested that of \$55,500 for public buildings in the Province of New Brunswick, \$18,500 was spent in St. John. He wished to know why St. John was so favored.

Hon. P. B. McGarry replied that it had been found this year that most of the essential work was in large centres. No work was being undertaken which was not essential this year. Presently a debate occurred in connection with the passing of estimates for public buildings in the remainder of the Province. These covered \$25,000 for the Maritime Provinces generally; \$317,000 for Quebec; \$352,300 for Ontario; \$51,900 for Manitoba; \$20,000 for Saskatchewan; \$45,900 for Alberta, and \$59,400 for British Columbia.

INAUGURAL BALL GREAT SUCCESS

Over 300 People Attended Canadian Pacific Club Function

The Empress ballroom presented an animated spectacle last night on the occasion of the inaugural ball of the Canadian Pacific Railway Social and Athletic Club.

Over three hundred people attended the inaugural ball of the Canadian Pacific Railway Social and Athletic Club. The affair was a brilliant success, and is hailed as the forerunner of numerous similar social events in the future. Captain J. W. Troup and H. E. Beasley, honorary presidents, and J. H. Taylor and Dr. J. Grant, honorary vice-presidents, attended the opening dance. Dancing commenced at 9 o'clock, and continued until 2 o'clock, the dance music being provided by Lou Turner's five-piece orchestra.

During the interval at 11 o'clock delicious buffet supper was served in the Palm Room. For those who did not care to dance, card tables were provided, but few elected to amuse themselves in this fashion, the great majority preferring to trip the light fantastic in the ballroom.

The dance committee was composed of J. W. Phillips, Miss Frank and Charles Griffiths. Miss Huddell, Miss Pinchbeck played the piano for the extra dance numbers during the supper interval.

The officers of the Club are highly pleased with the success of the inaugural dance. Another big social dance will be held early in the Fall.

Among those present at last night's function were the following: Captain J. W. Troup, H. E. Beasley, Mr. Beck, Mr. and Mrs. J. H. Taylor, Mr. and Mrs. A. M. Anderson, Miss Anderson, Mr. and Mrs. T. McKeown, Dr. Grant, R. W. Buller, Miss Buller, D. C. Robertson, Mr. and Mrs. J. W. Phillips, Mr. and Mrs. D. MacLeod, Charles Griffiths, Mrs. Boyd, Mr. and Mrs. Hartnell, Mr. and Mrs. W. Rowlands, Captain J. W. Phillips, Mr. and Mrs. W. R. Dale, Mr. and Mrs. F. W. Baylis, Mr. and Mrs. Freeman, W. H. Gardner, Mrs. Small, Mr. and Mrs. A. M. Taylor, Mr. and Mrs. J. E. Dixon, Miss Hickey, C. W. Mackintosh, A. Robbins, Eric Marshall, Walter Miles, D. J. Blashfield, Miss Bulger, J. Bulzer, Mr. and Mrs. Brogan, R. Cummins, Miss Huddell, J. J. Nield, Mr. and Mrs. E. H. Godson, Mr. and Mrs. G. Richards, Mrs. Fatt, E. Squira, C. C. Jones, E. J. Dentith, Mrs. Jolly, Miss H. Hastry, Miss M. Edwards, Miss Frank, Mr. and Mrs. R. Peden, W. H. Gropp, E. Osborn, Miss M. Williams, J. H. Jackson, Miss W. Roff, Miss Steel, Miss Sword, Miss J. Porter, W. H. White, Mr. and Mrs. C. H. Harrison, Mr. and Mrs. H. Sledge, M. Stokes, Mrs. Thompson, Emerson Smith, B. Brindley, Miss Paegrett, Miss E. Johnson, Mr. and Mrs. A. C. Macdonald, Mr. and Mrs. G. Jenkins, Dr. Paul Higgins and many others.

FAVOR MEASURES FOR RESTRICTION

Normal School Debaters Discuss Character of Canadian Immigrants

The Vancouver Normal School debaters, represented by Miss Brennan and Mr. Ledingham, who spoke in favor of restriction, were awarded the decision last evening over Victoria Normal School debaters, in a debate on the subject, "Resolved that a higher standard of Immigration should be adopted in Canada."

The debate was held at the Victoria Normal School, and was attended by some 200 people, the audience showing considerable interest in the discussion.

For the Affirmative. Mr. Ledingham and Miss Brennan, who supported the affirmative, provided capable debaters. The gist of their contentions might be summed up as follows:—A high enough standard of immigration has not been attained, as attested by the fact that to-day the

Spring days are not all sunshine! as victims of Rheumatism or Neuralgia or Neuritis bear sad witness! Dangerous changes from warm to cold and back again cause many an ache and pain. Fight those first symptoms with Templeton's Rheumatic Capsules.

Guaranteed to contain no habit-forming drug, and to be absolutely harmless to the heart, kidneys or other organs. Prescribed by doctors, sold by druggists, \$1.00 per box. Trial free at our agencies, or write Templeton, 142 King W., Toronto.

Local Agents—Campbell's Drug Store, Duncan, J. E. A. White, Ladysmith, R. G. Jessup, Sidney, E. Leage.

number of deportations is far greater than the rejections on entry.

2. The influence of Eastern civilization which destroyed Roman organization tends toward the same result in our own to-day.

3. Assimilation of the immigrant is a slow process. Education takes years to eradicate the racial prejudice, and contradictory social standards he introduces.

4. People who are not good enough for Europe or other countries are not good enough for Canada. Mental age and capacity can be but little changed by education. Even the trained mentally inefficient are not an asset to a country.

5. The tendency of immigrants to form a separate community in cities or a colony in states and their refusal to support organized schools does not tend toward a higher standard of living.

6. The illiteracy test is not adequate, thereby favoring the exploiters of cheap labor.

Canada's highest ideal is to raise higher standards for good citizenship. The constitution of any state rests not on high race but on high-minded men.

The Negative. The negative was supported by Miss Boyd and Mr. Dale, who by their well-arranged points and deliberate speaking were very convincing and did justice to the more difficult side of the debate. Briefly their arguments might be summarized thus:—

1. Canada has a greater need of immigrants to-day to develop our agricultural resources, to contribute to the country's revenue, and increase its population.

2. The immigrant can be assimilated and is adaptable through education.

3. European races possess qualities which may enrich Canadian life.

4. The criticism of the immigration problem requires a change in our attitude toward the immigrant and the adoption of a system of distribution according to his capacities rather than a policy of further restriction.

5. The present laws are adequate. British ideals stand for toleration and liberality. We have a legal right to restrict immigration but not necessarily a moral right.

Verdict For Vancouver. J. D. Gillis, Assistant Superintendent of Education; Mrs. Spofford, and H. A. Beckwith acted as judges in a very kindly and efficient manner. After a lengthy deliberation a decision was announced in favor of the Vancouver team, who, as Mr. Beckwith pointed out, scored by a slight margin over the home debaters.

Following the public meeting a buffet supper was tendered the debaters, the judges, the school faculty and those others who were responsible for the success of the event. To Miss MacFarlane, the domestic science supervisor, and her assistants, no small amount of credit is due for their untiring efforts in making this last social hour a very delightful occasion indeed.

Rheumatic Pains. Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulations in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c. a bottle at druggists.

COMING TO VICTORIA. Vernon, April 30.—H. Pout, Manager for the Hudson's Bay Company here for the past five years, is leaving for Victoria where he will become merchandising manager for the company in that city.

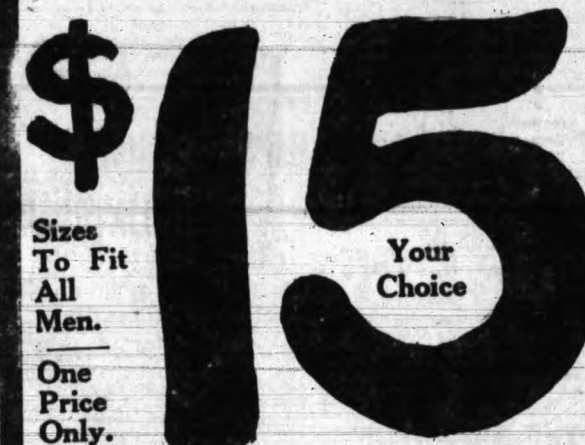

TO GIVE PEOPLE PAPER BOX FACTS. Ottawa, April 30.—(Canadian Press) Letters patent have been granted to the Canadian Paper Manufacturers' Association, an organization formed to uphold the standard of the paper box business by educating the general public to a realization of the usefulness and increasing necessity of the paper box and the extent and size of the paper box industry. The company will operate without share capital and its head office is to be at Toronto.

The Biggest Values In Suits & O'coats We Have Ever Offered

OUR Sale of Uncalled-for Suits and Overcoats offers the biggest values in good clothes that the men of Canada were ever offered. It really is a wonderful stock, great in variety and quality, and enables all men to get a Suit or an Overcoat at an immense saving.

Visit our store today if only to see these Uncalled-for Clothes; they are all marked at one low friend-making price, and when you see them you won't hesitate, the values are so big that you will buy two or three Suits. Certainly we can fit you. Come early while the stock is complete.

PRINCESS
No, it is not "Rich Man, Poor Man, Beggar Men, Thief," it's just "Rich Man Poor Man" and it is on at the Princess Theatre. It is a real show in every respect. The patrons of the Princess both kiddies and grown-ups are having a real treat in this beautiful play, and too much can not be said of the production on the whole. From Miss Pace's part to the very smallest role in the play the acting is splendid, and the character of Babbie suits Miss Page as though it had been written for her. Her very artistic handling of a difficult role and the dainty and becoming gown she is wearing make "Rich Man Poor Man" one of the greatest successes.
As "old Mr. Mapp" Byron Alden is excellent and his old time friends are clamoring for more of his delightful character work. James Coats, Lee Jaxon and in fact the entire cast are also at their best.
The next play being prepared with great care, and is one which has long been requested by those attending the Princess. The title of the much desired play is "Johnny Get Your Gun," and Mr. Alden will appear as "Johnny." On Wednesday night at the first performance another large framed portrait of Miss Page will be presented to the one guessing nearest and correct number of words spoken by Miss Page in "Rich Man Poor Man." Remember "Capt. Kidd's" chest also do not forget that "Rich Man Poor Man" is a show that the kiddies will love. It will conclude at the evening performance to-day.

ROYAL VICTORIA
Anita Stewart in "Sowing the Wind," which will be shown at the Royal Victoria Theatre for the last time to-day, can be classified as one of the really good pictures of the current season and it is of more than the usual appeal since it contains all the elements which go to make up a modern picture of ceaseless action. Miss Stewart, by a finished performance in her part of the character of a beautiful innocent girl whose mother is a "queen" of revellers in a notorious gambling house, commands hearty sympathy. She registers the changing emotions of a girl in such a predicament with fine shading and no one can go away from the theatre without taking the feeling that it makes no difference what obstacles an evil fate may place in the way of a human being, there can come happiness ultimately. The most interesting phase of the story hinges upon the girl meeting the man of her heart and her subsequent battles to enable her to hold him despite her totally unsatisfactory maternal antecedent. Another interesting twist to the narrative is her discovery of her own father, who proves to be a very interesting character. A splendid suspense is maintained until the very end of the picture.
The cast supporting Miss Stewart deserves special commendation. It is far above the average. Ralph Lewis as Bradshaw, the father of the girl, gives an exceptional ally fine performance, while Miss Stedman as the wayward mother succeeds in doing her best work as an emotional artist.
"Sowing the Wind" is a photoplay which will thoroughly divert most anyone. It is even more the entertainment for it is a veritable study such as anyone enjoys dipping into with a zeal.

DOMINION
Two of the best known villains in motion pictures, Charles Gerard and Lowell Sherman, appear together for the first time in a motion picture in the Robert Z. Leonard production of "The Gilded Lily," starring Mae Murray, which is now at the Dominion Theatre. As their wide recognition as villains, film fans will doubtless be greatly puzzled as to which is the guilty one in this picture. But the story has been given such a clever twist that they will find still greater surprises in store for them. Both men have done remarkable work in pictures. Mr. Gerard scoring sensationally in "The Hun Within," "The New Moon," "The Teeth of the Tiger" and "The World and His Wife," while Mr. Sherman provoked the hisses of audiences all over the country for his fiendish cruelties to Lillian Gish in "Way Down East."

VARIETY
The filmization of this great novel has been a year in the making. The author, Harold Bell Wright, wrote the scenario for the pictures and has directed every detail. His associates, consisting of actors, actresses, artists, photographers, have numbered over two hundred people, not to mention the people shown in the mob scenes. Also there is a large number of livestock, used—horses, cattle, one hundred and fifty sheep, collie dogs, birds and what-not. This company has been together a year, sometimes in California, other times in the Ozark Mountains of Missouri. Mr. Wright, who is a great stickler for detail, has spared no expense in his effort to originate as nearly like the original as possible throughout the entire time it has taken to complete the picture.

COMING TO VARIETY.
In spite of the onward march of progress and civilization, there are still outstanding corners of the world that offer much of the romance and charm of the early frontier days. The great Canadian Northwest is one of these places. It is the home of strange men whose actions are not chained with the conventions of society.
This picturesque country is the scene of the latest Selznick picture, "Out of the Snows," a Ralph Ince production, in which Mr. Ince himself plays the leading role, which will be the featured attraction at the Variety Theatre all next week. The production is said to be without superior in the matter of photo-

graphy, scenic effects and gripping dramatic force. The scenes are laid among the giant hemlocks, the towering hills, where rushing rivers spill their spray along mossy banks. The scenes shift farther north and into the land of the snows, the home of the fur traders and trappers. It is a picture that will have an unusual appeal to those who love the great out-of-doors.

BRING ORCHESTRA HERE NEXT FRIDAY

The first Spring tour of the Philharmonic Orchestra of Los Angeles which promises to be an annual feature of western music life is to visit this city on Friday next, at the Royal Victoria Theatre.
The response of the general public, musical associations and municipalities has been so gratifying, and instead of the five weeks tour arranged for this Spring, next season promises an extension of at least two weeks with a likelihood that the orchestra may travel as far East as Chicago and Cincinnati, and eventually play in New York City. There will be more than eighty members in the musical party traveling in their own special train, seventy-five of whom form the famous Philharmonic Orchestra under the leadership of the eminent conductor Walter Henry Rothwell. Six distinguished soloists have been engaged for the tour, foremost among them is Richard Buhlig, pianist, whom the music critics both in Europe and America have pronounced "one of the truly great soloists with the orchestra in this city."
Just before coming West last year Mr. Buhlig played the Tchaikovsky Concerto for piano, a work demanding tremendous technique, with the National Symphony Orchestra in New York. As a tribute to his success he was immediately asked to play a return engagement. He gave the Liszt E Flat Concerto with that electrifying clear skin to him. The personal magnetism of Buhlig's art can also be measured from the fact that he gave seven consecutive piano recitals in New York last season. Only a pianist with a distinct message was able to undertake such a colossal programme in a city where a half dozen concerts take place every day during the season.
The meteoric rise of the Philharmonic Orchestra of Los Angeles under its highly gifted maestro, Walter Henry Rothwell is one of the most interesting chapters of American musical history. Founded two years ago by W. A. Clark, a patron of music and arts, who, by the way, owns one of the most precious collections of pianos in the world, this orchestra has risen in two seasons to the highest standard of orchestral achievements in the country.
From its initial concert two years ago, the leading music critics of the East have acknowledged its wonderful resources which under the leadership of Mr. Rothwell have matured into one marvellously functioning musical body. Himself an orchestral leader whom New York managers are making alluring offers to return to this city, he has been able to assemble the finest players of the sible orchestra through the generous subsidies granted by Mr. Clark whose aim it is to give to the West an orchestra equal to any in the East.

COMING TO DOMINION
In his latest photoplay, "O'Malley of the Mounted," which comes to the Dominion Theatre beginning next week, William S. Hart has perhaps the best starring performance of his career. It is a story of the Royal Mounted Police of Canada and from start to finish, there isn't an action scene in the picture. It is one of those photoplays in which Mr. Hart excels as interpreter of strong virile men, and his portrayal of Sergeant O'Malley holds one to the end because of its dramatic power. Mr. Hart is author of the story and his leading woman is Eva Novak, a charming actress. Lambert Hillier directed.

Judge Mellor, K.C., who has been Recorder of Preston since 1899, has resigned.
Sarcasm should be kept as armour, not used as a sword.

Letters of Enquiry
Letters asking for recipes are coming in. They usually do in the Spring.
Chiefly they are requests for salad recipes, and some ask for new and inexpensive Summer desserts.
We are glad to send them, and glad to receive them, too, to pass on to inquirers.

Sizes 32 to 44

PRESS PRAISES—"SWEET LAVENDER"
Press comments on "Sweet Lavender," to be presented by the University Players Club here on Monday in the interests of the Royal Jubilee Hospital under the Kiwanis Club auspices.
The Vancouver Sun: "The sixth annual Spring performance of the Players' Club of the University of British Columbia took place last night at the Avenue Theatre, and it may be stated at once that "Sweet Lavender" proved a brilliant success. There was a crowded audience, every point of the play met with hearty appreciation, and a profusion of floral offerings testified to the ability of the players. Professor F. G. C. Wood had to respond to a vociferous 'call.'"
The Vancouver World: "University Players score big success. One of those rare occasions when an essentially amateur theatrical production reaches the dizzy heights from which the professional stage gazes compassionately downwards. Had Sir Arthur Pinero been present at the opening performance of "Sweet Lavender" last night, he would have found little fault, and would spontaneously have broken into spontaneous applause with the rest of the audience. Sheer forceful acting and the eternal fitness of things that showed itself in the whole dramatization."
Vancouver Province: "Pinero comedy is admirably given. University Players score success in "Sweet Lavender." The standard of the acting is very high and the University Players have produced a play whose performance is a very great credit to the talent and team work of the society, and marks a distinct step forward in the dramatic and artistic life of this city."

ST. MICHAEL'S ROYAL OAK.
A large number of the parishioners and friends of St. Michael's gathered in the Royal Oak Hall on Tuesday evening to enjoy the good time arranged for them by the members of the Parochial Forward Committee. The chief form of entertainment was a series of sixteen progressive games, three minutes being allowed for each game, the players entering heartily into the spirit of the evening made the whole affair a great success. The ladies' and gentlemen's prizes were carried off by Mrs. W. Oton and Mr. Pearson respectively, each winning a total of twelve games, while the booby prize was claimed by Gordon Thorpe. A short musical programme composed of a pianoforte solo by Miss Peacey, and songs by Mrs. Towler, Mrs. Wood and Mr. Ibbertson Sr., was greatly enjoyed by all, after which dainty refreshments were dispensed, and the evening brought to a conclusion by the singing of the National Anthem. Rev. C. R. Litter kindly acted as chairman. An auction of cakes at the close of the entertainment made it possible for practically all the expenses of the evening to be met.

TO-DAY'S SIGNIFICANCE.

To-day's meeting of the Allied Premiers in London should end in a definite policy in which concerted action may be taken to collect the reparations account from Germany. Until after the result of the gathering has been made public the world in general will remain in possession of but a hazy idea of what method of procedure will be adopted.

A PUBLIC PLACE.

If a dozen lawyers were to be asked to give a precise interpretation of what is meant by a public place within the meaning of the Liquor Control Act it may be presumed that at least half a dozen different opinions would be forthcoming.

A SORBID JOKE.

There was a time not so very long ago when the whole of the Allied world cried out for the punishment of those German soldiers who were known to be guilty of specific crimes against international warfare.

THE GLOOMY DEAN.

Once again the gloomy dean of St. Paul's Cathedral—the Very Rev. William Ralph Inge—is suffering from a severe attack of the "blues."

have been much better to have dropped the whole thing rather than to have given Germany this sort of an opportunity to insult the memory of those whom her soldiery did to death under the most appalling circumstances.

STICKING TO IT.

Senator Borah does not intend to give up the ghost as long as there is the slenderest hope of getting his way upon the subject of negotiations towards the declaration of a naval holiday by Great Britain, the United States and Japan.

HOLIDAYS OF VALUE.

Under the auspices of the National Council of Education two hundred and fifty school teachers from Canada will spend the Summer in Europe.

NOTE AND COMMENT.

Mr. Lindsay Crawford has gone East without visiting Victoria. Good riddance!

HOROSCOPE.

SATURDAY, APRIL 30, 1921. (Copyright, 1921, by The McClure Newspaper Syndicate.)

This is a threatening day, according to astrology and should be one in which important decisions are made with unusual forethought.

MAY COUNTY COURT LIST IS LIGHT.

The list of County Court trials for May is to hand, and it is an exceptionally light one.

Disclose Letters to Show How City Finance Committee Does Business.

REFUSE POLICE AND FIREMEN WAGE RAISE.

Charges that the Civic Finance Committee was engaging in secret diplomacy and negotiating secret treaties were hurled across the City Council chamber yesterday afternoon during a debate on policemen's and firemen's wages.

NOTE AND COMMENT.

Mr. Lindsay Crawford has gone East without visiting Victoria. Good riddance!

OTHER PAPERS' VIEWS.

GLORY OF THE SPRING HEAVENS. (The Chicago News.) One may witness the glory of the evening star, Venus, without paying a cent of tribute to a ticket scalper.

GERMAN HUMOR.

Even though he is faced with the prospect of surrendering the wealth of the whole of the Ruhr region for a temporary period the German is still capable of a species of unconscious humor.

HOPE HE FOUND IT.

Winter's gone again. He only came back to look under the weather bureau for a lost collar button.

HOROSCOPE.

MOIR'S Chocolates
A LABORER is worthy of her hire—and a little bit more. When your stenographer does good work make her happy with a box of MOIR'S. Overtime loses its terrors, and "pothooks" become more interesting when she is tasting such a reward.

Social Personal

The bridge and military five hundred party held at the Nurses' Home, Jubilee Hospital, last evening by the Florence Nightingale Chapter, I. O. D. E., was very successful and thoroughly enjoyed by the large number of players present. Twenty-six tables of five hundred and eleven of bridge being occupied. The winners of the five hundred were Mrs. Richardson, Mrs. Cusack, Mr. Richardson and Mr. Cusack; consolation, Mrs. McAdam, Mrs. Fletcher, Miss Baker and Miss McLaughlin. Winners of the bridge were Mrs. Brady and Mr. Crow. The committee in charge were Mrs. H. Catterall, Mrs. H. K. Prior, Mrs. McAdam, Mrs. Litchfield, Mrs. Errington and Mrs. Oliver. Mrs. Baker, Mrs. Hudson, Mrs. McAdam, Mrs. Prior, Mrs. Litchfield, Mrs. Brentzen and Mrs. Mellor very kindly donated the prizes.

The funds of the Navy League Chapter, I. O. D. E., was augmented by the splendid sum of \$25 as the result of the enjoyable silver tea held yesterday afternoon at the home of Mrs. J. Gordon Smith, 111 Medina Street. Mrs. Moore assisted the hostess in receiving the guests and Mrs. Weston, the regent, presided at the table with its artistic decoration of crimson tulips and white arabis. Mrs. Wilders presided over the sale of home cooking. Mrs. Plumb and Mrs. Lewis over the tea arrangements, and Mrs. Whittier at the seat of customs. During the afternoon a delightful musical programme was carried out, contributing artists including Mrs. Meaton, Mrs. Tickner, Mrs. Gould, and a recitation from Mrs. McCallum.

At "Breadalbane" last evening a pretty wedding took place when the Rev. Dr. Campbell officiated at the marriage of David Alexander Cairns and Miss Annie Bartlett, both of this city. The groomsmen were William Davis and the bride was attended by Mrs. Catherine Davis. The bride looked very pretty in a traveling suit of dark blue gaberdine and hat to match. The bride was given in marriage by her mother. After a honeymoon-trip Mr. and Mrs. Cairns reside in Victoria, of which city they are both natives.

J. H. Trigg of Kamloops, E. H. Vernier of Fort Couillard, J. D. Gilles, A. H. Brennan, Miss L. A. Burpee, E. W. Jacob, W. D. McMillan and J. P. Ledingham of Vancouver, J. L. A. Jones, Mr. and Mrs. J. Norman Williams of Westholme, Mr. and Mrs. J. S. Robinson of Koksilah, and J. R. Motion are registered at the Strathcona Hotel.

Mr. H. W. Eve, late instructor at the Victoria Golf Club, returned to his home on Hampshire Road on Saturday morning. Professor Eve has been on an extended tour to London, Toronto and New York, and for some time he was instructor of golf at the Victoria Golf Club, only relinquishing that post on going East.

Mr. and Mrs. Bridges, Sr., of "Woodville," Constance Avenue, Esquimalt, will leave Victoria on Saturday next on the steamship Niagara en route for Sydney, Australia. They will make a short stay at Honolulu, Suva, Fiji Islands, Auckland and Melbourne, returning to this country some time in August.

O. H. Guttridge and Mrs. Guttridge, A. D. Husband and Mrs. Husband, of Long Beach, Cal.; Mrs. A. Hellet, A. G. Ford, N. H. McFadyen, Louis Susin, and Peter D. Santo, of San Francisco, and J. C. Jewell, of Los Angeles, registered at the Dominion Hotel yesterday.

George H. Reynolds, Dr. G. H. Fowler and Mrs. Fowler, of Edmonton; N. White, of Winnipeg, and W. Hickman and Mrs. Hickman, of Brandon, are new arrivals at the Dominion Hotel.

Mrs. George M. Lindsay has arrived in the city from Vancouver and will spend a week with her mother, Mrs. J. McB. Smith, Clive Drive.

Mrs. A. M. Kipp has returned to her home in Vancouver after visiting her sister, Mrs. H. G. Reed, in this city for a short time.

Miss Jessie Campbell, 1077 Davie Street, left last night for Banff, where she will spend the summer months.

Mrs. R. H. Cayne and Miss M. Seaton, of Duncan, are staying at the Empress Hotel.

Mrs. Charles F. Smith and Miss Smith, of Montreal, are registered at the Empress Hotel.

Mr. and Mrs. George D. Allison, of Detroit, arrived at the Empress Hotel yesterday.

Mr. and Mrs. J. F. Sherlock, of London, Ontario, are guests at the Empress Hotel.

Mrs. and Miss E. B. Whitney, of Portland, are guests at the Empress Hotel.

F. N. Northcote, of Toronto, is staying at the Empress Hotel.

Plan For Tag Day.—Further arrangements for the tag day to be held by the Parent-Teachers' Association of Spanish on Saturday next, to raise funds for a dental clinic to be established in connection with the new Health Centre, were made at a meeting of the Central Parent-Teachers' Association held in the Toimie School last evening. Efforts will be made to have the school children conduct a canvassing of the municipality.

Military Five Hundred—Those successful in winning prizes at the military five hundred drive held under the auspices of the West Saanich Women's Institute were as follows: First, Miss G. Guy, R. Robillard, V. Rains and H. Cree; Consolation, Mrs. Wallace, Mrs. Maber, W. O. Wallace and A. Robillard. A guessing contest which caused a great deal of amusement was won by V. Rains and Mrs. Guy. Prizes were donated by Mr. Wallace. The next drive will be held on May 11. The monthly meeting of the Institute will be held at the Institute rooms Tuesday afternoon, May 10.

TO ROUSE SENTIMENT ON SALARY QUESTION

Women's Independent Political Association Seeks Co-operation of Other Bodies

A further step towards the crystallizing of public sentiment on the question of the recent action of the Legislature in raising salaries and indemnities was taken at a public meeting held last evening under the auspices of the Women's Independent Political Association. The meeting was attended by a number of returned soldiers and other interested citizens and considerable discussion was waged on the subject, before it was finally decided to seek the co-operation of other public bodies and organizations in the city to discuss the action of the Legislature and formulate plans for a mass meeting of protest.

CARRIES COUNTESS OVER HIS DOORSTEP

Traditional Home-coming for Earl Minto's Canadian Bride

To a Canadian girl who married a scion of the old Scottish nobility was recently given a foretaste of the romance and tradition which is indissolubly associated with the ancestral halls north of the Tweed. The Countess of Minto, nee Marion Cook of Montreal, whose marriage was one of the most brilliant functions of recent years in Canada has returned with her husband to Minto House, near Hawick, Scotland.

VICTORIA GIRL HAS IMPORTANT POST

Miss Violet Wilson Appointed Chief Immigration Officer at Glasgow, Scotland

Friends of Miss Violet Wilson, daughter of Mrs. H. C. Wilson of Beach Drive, will be pleased to learn that she has received the appointment of Chief Immigration Officer for Canada with headquarters at Glasgow, Scotland. Miss Wilson was on her way to Paris to spend a few months with her aunt and en route received a wire notifying her of the appointment, necessitating a change of her husband's residence to the Chateau Frontenac, Quebec for a month before sailing for Scotland to take up her new duties.

ISLAND ARTS CLUB ENJOYABLE DANCE

Lovely Costumes at Successful Function Last Night

Lovely costumes, in many cases copied exactly and with meticulous attention to detail from the masterpieces of famous artists, added a picturesque touch to the scene at the Alexandra House last evening when the Island Arts and Crafts Club held one of their delightful dances. An artistic scheme of decoration in which the predominating motif was cool greenery arranged in festoons and garlands around the ballroom, represented the handiwork of Miss J. Crease, and furnished an ideal setting for the colorful scene. About two hundred dancers were present, the majority being in fancy costume. Heaton's orchestra furnished the music and a delicious supper was served on the second floor, the supper room being prettily arranged with flowers and palms. The committee responsible for the general arrangements included the club president, Dr. Hasell, Mrs. Hasell, Miss Crease, Mr. and Mrs. Butler, Miss Killo, Mrs. Hartley, Miss Donough, Mrs. Swenney and Mr. MacMillan, the secretary.

CAMOSUN CHAPTER HAS INVITED MRS. NICHOL TO BIG BRIDGE TEA

Mrs. Andrew Wright has generously placed her charming home, "Riflington," Shore Road, Uplands, at the disposal of the Camosun Chapter, I. O. D. E., for a bridge-tea to be held on Wednesday afternoon next, May 4. A large number of tables have already been arranged, those making reservations including Mrs. J. W. Lennox, Mrs. Mahaffie, Miss Foll, Mrs. Hartley, Mrs. J. J. Collison, Mrs. Sylvester, Mrs. J. A. Turner, Mrs. Chas. Todd, Mrs. H. L. Burgess, Mrs. C. F. Cox, Miss Stevenson, Mrs. W. Henderson, Mrs. D. O. Cameron, Mrs. Brentzen, Miss Agnew, Mrs. W. H. Hargrave, Mrs. H. H. Rowley, Mrs. Joseph Hunter, Mrs. G. M. Cameron, Mrs. Percy Abel, Mrs. A. Forbes Proctor, and Mrs. Croghan, and others. An invitation has been sent to Mrs. Walter C. Nichol to join the Chapter on this occasion. Reservations may be made by telephone to Mrs. F. H. Mayhew, No. 6872, or to Mrs. C. L. Campbell.

"IT PUT ME ON MY FEET" SAYS EX-SERVICE MAN

Smith Deplares He Was in Bad Shape Before He Took Tanlac, But Is Now in Best of Health, With Plenty of Strength and Energy

"Tanlac certainly does the work for before I had finished my first bottle I was feeling better, and now I don't feel like the same man," said James Smith, well known printer, residing at 752 McDermott Avenue, Winnipeg, Man., while buying a bottle of the medicine at the Liggett Drug Store, recently.

my stomach got so disordered I could hardly eat anything. What little I did eat just bloated me with gas until it pressed against my heart, making it beat like a steam hammer, and almost cut off my breath. Often at night I just had to sit up in bed and fight for my breath. Then, too, I was so nervous I could scarcely sleep any of the time, and it looked like I couldn't hold out much longer.

"But by the time I had finished my fourth bottle of Tanlac I was eating things I hadn't dared touch in months, and everything served with me perfectly. I've taken seven bottles now, and am in the best of health by every way. I just want to be eating all the time, and everything agrees with me as well as I gained several pounds in weight. Tanlac certainly is the thing to put a fellow in his feet and give him plenty of strength and energy."

Tanlac is sold by Duncan E. Campbell and leading Druggists. (Adv.)

MANUFACTURERS OF PRAIRIE AREA MEET

Winnipeg, April 30.—W. G. Fraser was chosen as chairman of the prairie branch of the Canadian Manufacturers' Association at the annual meeting here last night. J. W. Ackland was elected vice-chairman.

MANITOBA FUNDS.

Winnipeg, April 30.—The Provincial Treasurer disposed of \$2,500,000 worth of Treasury Bills to-day to a local bank to meet capital expenditure to be undertaken this year. The Treasury Bills bear interest at the rate of 5 1/2 per cent. per annum.

PRINCE RUPERT IS BELCHING SMOKE

Practically as Good as Day She Was Launched, Says Capt. C. H. Nicholson

"The vessel will be in very fine shape and practically as good as the day she was launched," says Capt. C. H. Nicholson, general manager of the floating equipment of the Government steamship lines on this coast, in speaking of the steamship Prince Rupert, which will be turned back to her owners early next month by Yarrows Ltd.

All indications point to the delivery of the Prince Rupert by May 6, and she will go into service again towards the latter part of the month. This morning the steamship, lying at Yarrows wharf, was belching smoke from her stacks and otherwise displaying signs of early recommissioning.

It will be eight months, less one week, from the time the Prince Rupert was wrecked at Swanson Bay last Fall until she resumes service. The vessel was in particularly bad shape when salvaged and the task of reconitioning the passenger boat has been a difficult one.

The work has been handled with commendable efficiency at the Yarrows plant here.

The ship was delivered to the Esquimaux repairers January 10, and the reconitioning has been completed in ninety working days. The contract allowed 115 days.

The Canadian National Railways car-ferry Canora, which has been in the hands of Yarrows for several days, was floated from the Esquimaux dry-dock at noon to-day, and will immediately return to the service between Patricia Bay and Port Marmora. The steamer Quadra, which has been made ready for service at Esquimaux, left at 7.30 a. m. to-day for Britannia Beach to resume the transport of copper concentrates between the Howe Sound plant and Tacoma.

The Canadian Fishery patrol steamer Armentieres was launched this morning from the ways at Yarrows being overhauled below the waterline.

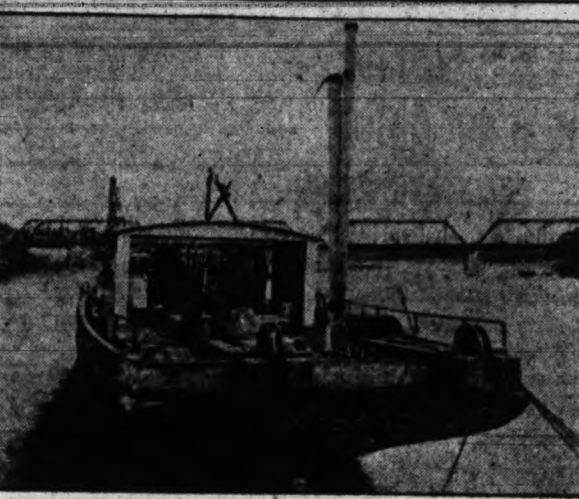

PASSENGERS ARE TRANSFERRED FROM PORTUGUESE SHIP

Block Island, R. I., April 30.—Transfer of passengers from the Portuguese packet steamer Mossogao was continued in a drizzle to-day while the vessel was held fast on the rocks on which she ran yesterday. Three hundred passengers, including all the women and children, had been taken off and landed during the night at New Bedford.

NOTICE TO MARINERS

Mariners are hereby notified that the electric light on Brocton Ledge Beacon has been damaged and is not burning. The damage will be repaired as soon as possible. A gas light showing a quick flash will be exhibited on the beacon while repairs are being made. Marine Department, April 29, 1921.

Laying Telephone Cable Across Gulf

The top picture shows the cable barge Iwaland, which is engaged in laying the new telephone cable to give increased telephone facilities between Vancouver and Victoria. The lower picture illustrates the Iwaland's cable boat, from which the cable is run out as the barge is driving ahead.

The Canadian Skirmisher will go on berth May 15 to load for Australia. The Canadian Highlander will be in and will load for the Orient. The Canadian Inventor is coming from India, and the Canadian Importer is homebound from Australia.

Another voyage will be made to Australia by the Canadian Winner with lumber, after drydocking at Esquimaux.

The Canadian Traveller, sister ship to the Canadian Winner, is now three days out on her maiden voyage from Chemarus to Alexandria, Egypt. She carries a total of 4,000,000 feet of railroad ties, fifty per cent. of the cargo being shipped at the Fraser River Mills and the balance at Chemarus.

The Canadian Skirmisher will go on berth May 15 to load for Australia. The Canadian Highlander will be in and will load for the Orient. The Canadian Inventor is coming from India, and the Canadian Importer is homebound from Australia.

LINER MONTEAGLE TO BERTH EARLY

Early to-morrow morning the Canadian Pacific Ocean Services liner Monteagle, Captain A. Howken, will dock from the Orient. The Monteagle is bringing about 500 tons of raw silk valued at something over \$3,000,000. The bulk of her cargo consists of the usual Oriental merchandise. The silk is consigned to the East and will be shipped from Vancouver by special train. About 550 Chinese are coming in by the liner. Of this number approximately 400 will go overland en route to Havana, where the Orientals will be employed on the sugar plantations. About 100 Chinese will proceed to various points in this province. The Monteagle has wireless that she will probably make quarantine by 9 o'clock to-night.

MEN OF LIGHTSHIP GOT ASHORE SAFELY NEAR CAPE FLATTERY

Seattle, April 30.—Five men from the relief lightship at Unattila Reef, off the Washington Coast, who went ashore in an open boat during the gale Thursday night, landed safely that night at Osette, an Indian village south of Cape Flattery, and returned to the lightship at 8 o'clock this morning.

CANADIAN WINNER IS CREDIT TO BUILDERS

Ship Built Here—Handled Nicely on First Round Voyage to Australia

Terminating a very satisfactory maiden voyage the Canadian Government Merchant Marine steamship Canadian Winner, Capt. Walter Wingate, reached Seattle yesterday with a cargo of wool from Australia.

Considerable interest was taken in the initial voyage of the Canadian Winner in local shipping circles, the vessel being the first of the two \$1,000-ton steel freighters built at this port by the Harbor Marine Company, Ltd.

The Winner made an especially fine run on both the outward and return trips, and her engines worked like a charm.

Another voyage will be made to Australia by the Canadian Winner with lumber, after drydocking at Esquimaux.

The Canadian Traveller, sister ship to the Canadian Winner, is now three days out on her maiden voyage from Chemarus to Alexandria, Egypt. She carries a total of 4,000,000 feet of railroad ties, fifty per cent. of the cargo being shipped at the Fraser River Mills and the balance at Chemarus.

The Canadian Skirmisher will go on berth May 15 to load for Australia. The Canadian Highlander will be in and will load for the Orient. The Canadian Inventor is coming from India, and the Canadian Importer is homebound from Australia.

MEDIATION IS URGED TO PREVENT STRIKE

President Harding Asked to Appoint Committee to Consider Marine Questions

Washington, April 30.—Under agreement with the marine workers' representatives, Secretary Davis today urged President Harding to appoint a committee of three to mediate in the dispute between shipowners and their workers in an effort to prevent a strike called for to-morrow. The President reserved judgment.

The committee under the plan approved by the union men would report within 15 days and meantime wages would remain as at present. The committee would consider only those questions of wages and working conditions which were brought up at conferences here between the men, the shipowners and Chairman Bonson of the Shipping Board.

The committee under the plan approved by the union men would report within 15 days and meantime wages would remain as at present. The committee would consider only those questions of wages and working conditions which were brought up at conferences here between the men, the shipowners and Chairman Bonson of the Shipping Board.

Washington, April 30.—Representatives of the Marine Workers' unions were told to-day at the White House that President Harding would like up with his Cabinet officers the matter of mediation in the wage dispute with a view of preventing a threatened strike to-morrow on American ships on the Atlantic, Pacific and Gulf coasts.

MADISON CYLINDER GRINDER

We have just installed a new Madison Cylinder Grinder, which is the latest and most up-to-date grinder on the market. This machine is being used by all the leading automobile and traction engine factories in Canada and the United States. When your cylinders get worn and your engine loses its power, let us grind the cylinders and fit in new pistons and rings, which will make them as good as new, besides the saving in gas and oil in a short time will more than pay for having the work done, to say nothing about the satisfaction you will get out of your engine.

The 20-Minute BAPCO Floor Varnish TEST

WITHOUT a doubt the most remarkable test ever applied to floor varnish (boiling a slab of wood treated with BAPCO FLOOR VARNISH for 20 minutes without injury). It has been made time and again in our laboratory—only being limited by the lasting properties of the wood on which the varnish is applied.

SUCH a test has been possible by the application of the Oriental secret of preserving wood China Nut Oil—in the preparation of BAPCO FLOOR VARNISH. Its power of endurance is beyond belief—as such a test proves; while its glossy transparency—the way it "brings out" the grain of the wood—will win your admiration. Give it a trial.

Wonder Health Restorer Doing Wonderful Work All Over B.C.

Herb Remedy Has Been a Godsend to Sufferers From Many Forms of Disease.

From all parts of British Columbia come reports as to the good work Wonder Health Restorer is doing for the relief of disease. Everywhere it is admitted that the remedy is a wonder for its simple and thorough work. No preparation sold by the drugists of the Province enjoys a greater reputation for actual relief of disease.

The record of Wonder Health Restorer is a proof of the value of herbs in the treatment of disease. The remedy contains absolutely nothing but herb juices and is a true nature remedy. It is so effective that new cases may be given without danger, but of such strength and power that it affords relief in cases of years standing and where drugs and other forms of treatment have been tried without success.

If you or any of your friends suffer from Rheumatism, Anemia, Stomach troubles, Kidney complaints, Nervous

disease, Piles, Skin diseases, etc., ask your druggist about Wonder Health Restorer. The remedy, which comes in both liquid and capsule forms, has given relief to thousands in thousands of cases. Simply as to its ingredients, the marvelous work it does is almost beyond belief. Its work is, however, thoroughly substantiated by the written statements of many sufferers. Read a valuable booklet on "The Road to Health," which you can get from your druggist.

Wonder Health Restorer is sold in Victoria at Ivel's Pharmacy, 215 Douglas St. (all stores), Clearhue's Drug Store, Kelley's Drug Store, and the Fernwood Pharmacy, in Esquimaux at Lang's Drug Store, in Sidney at Leitch's Drug Store, in Port Moody at the drug store, in Vancouver at the drug store, in Whitehorse at the drug store, in Yukon at the drug store, in Alaska at the drug store, in British Columbia at the drug store, in Alberta at the drug store, in Saskatchewan at the drug store, in Manitoba at the drug store, in Ontario at the drug store, in Quebec at the drug store, in New Brunswick at the drug store, in Nova Scotia at the drug store, in Prince Edward Island at the drug store, in Newfoundland at the drug store, in the United States at the drug store, in Canada at the drug store, in the Dominion of Wales at the drug store, in the Dominion of Northern Ireland at the drug store, in the Dominion of Southern Ireland at the drug store, in the Dominion of the Channel Islands at the drug store, in the Dominion of the Isle of Man at the drug store, in the Dominion of Jersey at the drug store, in the Dominion of Guernsey at the drug store, in the Dominion of the Channel Islands at the drug store, in the Dominion of the Isle of Man at the drug store, in the Dominion of Jersey at the drug store, in the Dominion of Guernsey at the drug store.

ROYAL DRAWING SOCIETY AWARDS—

Two sheets of drawings were sent to the Spring Exhibition of the Royal Drawing Society, London, England, from St. George's School. The awards just received are most encouraging. Myrtle Gale won a gold star for vigorous painting of horses and Norma Pendray, a first class for a pretty landscape. The school has attained the honor of a bronze star on a previous occasion, but this is the first gold star to be won.

RECEIVES HUDSON'S BAY MEDAL FOR FAITHFUL SERVICE

In accordance with a system inaugurated by the Hudson's Bay Company on its 250th anniversary last year of rewarding faithful employees for long service with medals and bars, G. R. Robson, of "Oakleigh," Head Street, Esquimalt, yesterday received a handsome silver medal from the Company. The gift was accompanied by a letter from the Canadian Advisory Board which read in part as follows:

INFORMATION LAID AGAINST PROMOTERS

Police Take Action in Baseball Competition Advertisement

Following on the suggestion of Commissioner North information was laid to-day against G. H. Ward and The Colonist Printing & Publishing Company, in connection with the B. C. Olympian Baseball Competition, which it is asserted is against the law. Commissioner North took the matter up with City Prosecutor Harrison, who stated that in his opinion the advertisement referred to would come within the provisions as contrary to the code dealing with games of chance.

"Kiss a Miss"

The Waltz of the Hour—Out To-day on "His Master's Voice" Records for May.

"KISS A Miss" is really a wonderful waltz melody, but at the hands of the Diamond Trio it is rendered with extraordinary charm and rhythm. Hear this and other new records contained in the May supplement at this store to-day. You will appreciate the comfort and convenience of our well-appointed record rooms.

NATIVE DAUGHTERS' AND SONS' DANCE

Planned in Connection With Annual Session of Grand Post of B. C.

The Grand Post of Native Sons of British Columbia will this year meet in Victoria on May 13 and 14 for their annual gathering. The Native Daughters will also participate. The special feature planned in honor of the guests, which will include Sons and Daughters from Vancouver and Nanaimo, is a dance to be held at the Alexandra House by the Victoria Post No. 1, and Native Daughters, Post No. 2, on Friday, May 13. As this is the first joint affair undertaken by the two lodges and as the Native Sons enjoy an enviable reputation as successful hosts, it is to be hoped that this coming dance will be an outstanding event.

The ladies are on site by members of both committees, who are as follows: Native Daughters, the Misses Jean Cameron, Margaret Sanson Gladys McDonald, Bernadette McKinnon and Mrs. A. T. Harvey. Native Sons, Messrs. Taylor, Greig, Ted Hopkins, Ernie McIntyre, H. R. Brown and Bob Yates.

Ozard's six-piece orchestra has been secured and the catering is in the hands of the Yorkshire Bakery.

WORK OF THE CHAMBER OF COMMERCE

W. E. Payne, Secretary of the Vancouver Board of Trade, will be in the city on Sunday, and on Monday will address a meeting of the directors of the local Chamber of Commerce at the noon day luncheon.

—Mr. Payne is to outline the plans of the Vancouver Board in connection with the Prince Rupert excursion to take place in June next. The Secretary of the Vancouver Board is coming to extend a personal invitation to the members of the Victoria Chamber of Commerce.

Invitations have been extended by the local Board to the various Boards of Trade throughout the Province to take part in the trip, and already acceptances have been received from a large number. Accommodations

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a job well done. It will not cost you a penny more to remove the freckles; while it does give you a clear complexion the expense is trifling.

Simply get an ounce of Cuticura—double strength—from any drug store and a few applications should show you how easy it is to get rid of the honest freckles and a clear complexion. Surely it is more than new suns need for the worst case.

Be sure to ask the pharmacist for the double strength Cuticura for freckles. It is sold under guarantee of a money back if it fails to remove freckles.

Times Latest & Sporting News

Seasick Eskimos Proved Easy Pickings For Caps

Victoria Bats Mauls Three Edmonton Pitchers—Outfielders Gathered Half Team's Hits, Lee Jones Leading With Four Safeties in Five Times Up—Washington and Talley in Fine Shape.

Victoria, 11; Edmonton, 3.

Edmonton's seasick Eskimos found the going extremely rough at the Stadium yesterday afternoon and were engulfed in the deluge of runs and hits turned loose by the Capitals.

The Eskimos had planned to make a creditable showing in their debut on Canadian soil but they started bobbing about on the diamond like so many corks and booted many chances. The team lacked a hitting punch, falling easy victims to the twirling of Washington and Talley.

There was some excuse for the lamentable showing of the Eskimos. They spent Thursday night off Cape Flattery riding about in the steamer Queen in the wild gale which shook the North Pacific and it took all the snap and pep out of the players. When the team arrived here yesterday morning one of those "gone" feelings was stamped on every man's face. They could not steady their legs when they ambled about the ball park yesterday afternoon and as a result the Capitals ate them up like apple pie.

Capitals Looked Better.

The home brew looked like a brand new outfit to the one which went under to the Colonels in the previous week, and if the degree of improvement materializes to the same extent in the next few weeks the Capitals will prove an extremely formidable crowd in the race for the Pacific International flag.

Manager Blakeship relied upon his regular line-up to humble the Eskimos. He let Murphy play the whole game as first, and the lad showed some nice work with the willow, but still looks bad running bases. Sam Lilly filled in at second, and he turned in a good day's work, being the only infielder to get by without an error. Handley and Hilderbrand were at third and short respectively. Both looked pretty nasal. Handley shapen up as the best of the pair. Hilderbrand has a bad habit of hanging on to the ball too long before making the throw.

A Stinging Outfield.

Victoria's outfield gathered nearly all the glory of the afternoon. Not one fielding breach was committed, and the trio hit the pill for a round 300. Lee Jones, the slashing right-fielder, lead the team with the ball. He cracked out four safeties in five times up, and would probably have had a perfect average had he been successful in stepping clear of the ball on his last appearance. The ball touched his bat and rolled fair for an easy out at first.

Light, the new centre-fielder from the St. Louis Nationals, connected two hard drives, one of which cleared the boards in the eighth inning for a homer.

Toots Bankhead, the old reliable in left field, gathered two solid blows, one crashing into right field for a double.

Rago was as spry as a mosquito behind the bat. Although he only managed to get "Tony" in the game over minutes. He made some nice throws to the bags, and he made Hilderbrand and Lilly look like two dummies when neither covered a second base to take a throw with a man stealing.

Pitchers in Good Shape.

Washington and Talley, who worked for the Capitals, were in excellent form for so early in the season. Washington appears to have perfect control as well as nice curve ball, which with a good head will take him a long way.

The Edmonton Eskimos did not look like a ball team, but they were the Capitals. They have been training for some time in California, but did not appear in any better shape than the local, who have done all their conditioning here. The Capitals are all giants, and look to be built for blacksmiths instead of ball players.

Visiting Twirlers Weak.

Manager Gleichman trotted three pitchers to the mound in an effort to stop the slugging of the Capitals but they all proved soft pickings. Machold who opened, lasted three innings and E. Pillett, who went to the rescue survived one inning with-

BIG NOISE OF CAPS' CORPS OF TWIRLERS

ED. WILLETS

who is expected to be a sensation in this league this season. Willets is one of the few veterans on the team. He was with the Detroit Tigers for some years.

FOURTEEN MEMBERS OF BISLEY TEAM PICKED

Ottawa, April 29.—(Canadian Press).—Fourteen members out of Canada's 20 for the Bisley Rifle meet are now chosen. Names added this week are Major R. M. Blair, 72nd, Vancouver; Lieut. J. O. Nix, 79th, Winnipeg; Sergeant T. Angear, First Calgary Regiment and Sergeant J. T. Steele, Wellington Rifles, Guelph.

"PUTTING VS. DRIVING"

The great majority of golfers do not pay enough attention to the short game. The beginner is obsessed with learning to drive and his ambition is to become a long driver. This is quite natural for there is a thrill about a long drive that is not to be had in any other part of the game but this is a delusion and a snare. Long driving is essential up to a certain point, but beyond that point two holes in a round very little is to be gained by long swatting; indeed quite often much is lost.

Ordinarily the par of a course is about 72. Allowing an average of two putts on a green (which is what par golf calls for) putting accounts for 36 or half of 72. It becomes apparent that putting is half the game. Putting always is fifty per cent of the game and if one takes less than two putts a green the percentage increases. The winning shot in golf is usually considered the shot up to the hole but one cannot minimize the importance of driving, for unless one can drive well he is often out of the running from the very start. It is very well to speak of the shot up to the hole as being the winning one but unless one drives so as to be in a position to play this shot there will be no advantage in being ever so good at it.

It is impossible to tell before the hole is finished what will be the winning shot—after the hole is finished one can tell what the winning shot was or often what is more to the point what the losing one was.

Long drives being equal good or bad putting will influence the play more than any other shot in the game. I think the beginner and indeed the experienced golfer would do better results if he would spend more time on the short game. I am too well aware of this in my own case but I am learning as I get older. If I had a boy and I wished him to be a good golfer, I would give him one club—an iron of some description—lay out a few holes of short distance, about 100 yards, and would have him practice there. This would insure his learning the short game first. This is the way the caddies learn the game, and it seems to me to be the most logical way.

The longer strokes are simply the movement of the short game on a large scale and it seems to me to be logical to try to make the complicated the drive before the simple have learned the less complicated short shot. Ordinarily we go from the simple to the complex but if we learn the drive first we just reverse the procedure.

I am quite aware that golf books do not advocate this and I doubt if it will ever be a popular idea for the reason that golfers as a rule are impatient to swat the ball. Nevertheless it is the way that the caddie learns the game and I feel it is the best way to learn the game. Further I contend that one will never learn to drive well even though he learns to drive first until he masters the movement of the ordinary chip shot first. That is why we deal with putting first.

There are as many styles of putting as there are putters and

CON JONES CLAIMS MINTO CUP IS HIS

Vancouver Mogul Ready to Accept Cup and Bring Shamrocks to Coast

Vancouver, April 29.—This appears to be the open season for Minto Cup claims, challenges and so on.

Con Jones, who gave Vancouver her first world's championship in 1911, believes that the Minto Cup trustees should recognize his claims for the trophy as a result of the 1918 series, when his club defeated New Westminster in six out of eight matches. He states today that he is one better by stating that if the trustees will award the cup to him he will accept Shamrocks challenge and bring the Irishmen to the Coast at once.

Con Is Game.

We went through with a regular schedule in 1918, and played against the same players who are today representing New Westminster in the B. C. L. A. Furthermore, we beat them. Con declared to-day, "I maintain we are entitled to the cup and if the trustees consent I will have a team in the field, and will play the Shamrocks within the next month."

Mr. Jones is rushing work on his new park opposite the exhibition grounds, and expects to have everything in readiness for the opening on May 24. The new grounds will be known as Con Jones' Athletic Park.

LADY BOWLERS OPEN TOURNAMENT TO-NIGHT

Cleveland, April 29.—The fourth annual women's national bowling tournament opens here to-night, and will continue through May 4. Sixty-six teams representing thirteen cities are entered.

READY TO PUNCH ONE OVER BOARDS

The hard-hitting centre-fielder who yesterday poled out a homerun. Light is a recruit turned over to Victoria by the St. Louis Nationals. Behind the bat is shown the midge catcher, "Tony" Rago.

PART OF U. S. GOLF TEAM ENTERTAINED

New York, April 29.—Seven American amateur golfers who sail to-day for England to compete in the British amateur championship were dinner guests last night of Howard P. Whitney, president of the United States Golf Association. The seven players who will leave are W. C. Fownes, Jr., Pittsburgh; Francis Outmet, Boston; Bobby Jones, Atlanta; Fred Wright, Boston; Dr. Paul Hunter, New Angeles; J. Wood Platt, Philadelphia; and Jesse Guildford, Boston.

George B. Hlach, of Cincinnati, will accompany the party, but is not entered in the championship.

Ruth Is Hot After Bating As Well as Homerun Honors

Chicago, April 29.—Babe Ruth, the home-run king of the major leagues, was finding a worthy rival in George Kelly, first-baseball of the New York Nationals, who is tied with Ruth in the race for home-run hitting with five circuit drives to his credit. Kelly is playing his second season in the major leagues as a regular. Interest is keen all over the country in the race between these sluggers.

Besides leading the American League with five home runs, Ruth is runner-up to Harry Heilmann, of Detroit in the scramble for the American League batting honors, according to averages including games of Wednesday. Heilmann is topping the batters with an average of .513, compared with a mark of .447 attained by Ruth. Stephenson, of Cleveland, is behind the New York slugger with .419. Harris, of Wash-

CANADIAN CHAMP LOSES

Danville, Ill., April 29.—Johnny Meyers threw Teddy Danka, Canadian middleweight in twenty-three minutes with a double wrist lock last night.

WITH THE BOWLERS

One of the hardest games rolled on the alleys took place last night between the Wests and the Elks. McRoberts started out with a rush in his first game and rolled 205, but could not stand the pace, and fell down to 94 pins in the second fixture. Bayley, the iron man for the Antlers, showed his ability in the art of rolling the ball with 203 and 218. The Wests did not roll any big scores in the first two fixtures, although they held their opponents down to sixteen pins.

Firsts After Highest B. C. Basketball Title

Exciting Game at Y. M. C. A. To-night Between Towers, of Vancouver, and Local Champions for Provincial Senior Championship—Presbyterians Ready to Step Hot and Fast Pace.

Whether or not Victoria can succeed in capturing the highest basketball honor in the province is a matter which will be solved at the Y. M. C. A. gymnasium to-night when the First Presbyterians, local champions, meet the Towers, Vancouver title-holders.

Victoria basketball teams have had a particularly successful season and everyone is pulling strongly for the Firsts to come through with a win to-night, which would ensure every title of any importance being held by a Victoria club. The Firsts are well primed for the game and intend to start fast and finish the same way. The local champions have a very formidable line-up. Vancouver always has had a cracking good senior squad but Victoria is stronger this year than it has been since the days of the old Pacific Northwest Basketball League.

No matter who wins, the game will be a thriller all the way. The "Y" gym will hold another bumper crowd as the seats are being grabbed up like dollar gold-pieces.

The Towers' five are reported to have a very formidable line-up. Vancouver always has had a cracking good senior squad but Victoria is stronger this year than it has been since the days of the old Pacific Northwest Basketball League.

It is an interesting fact that Victoria has recovered her basketball status far more quickly than the Mainland cities. Even the champion ladies' basketball teams of the Capital have found the Mainland's easy prey. The Victoria High School girls defeated New Westminster, Mainland champions, by an overwhelming score and the First Presbyterian feminine wonders captured the provincial Sunday School title after a hard struggle with the St. Mark's five.

The Belmonts are the senior Sunday School basketball champions of the Province, while the James Bay annexed the intermediate title. The High School seniors won the High School basketball title over Vancouver and the High School 110-lb. team defeated everything on the Mainland.

Victoria has excellent material with which to open next season. The clubs hope to repeat the brilliant success of this year. There is but one thing which remains to round out a season of unprecedented victories and that is for the First Presbyterians to defeat the Towers to-night.

HERMAN GETS DECISION

New Orleans, April 29.—Pete Herman, former bantamweight champion of the world, was given the decision over Frankie Daly, of New York, in a 15-round bout here last night.

Gibbons Steps Walker. Terre Haute, Ind., April 29.—Tommy Gibbons defeated Hugh Walker in one round last night. Walker rallying to respond when the second round opened.

FRENCH ATHLETES IN TRACK MEET TO-DAY

Philadelphia, April 29.—The cream of American college athletes meet today in forty-nine events on the final day's programme of the University of Pennsylvania's 27th annual relay carnival. Giving the meet an international atmosphere the team representing the University of the Sorbonne entered in the one-mile college relay championship. It was expected that Captain Delvert, who was unable to compete with his team in the sprint relay, would be able to take part in to-day's feature.

New Jersey Will Be Expelled From N. B. A. if Rickard Charges \$50

Milwaukee, Wis., April 29.—New Jersey will be expelled from the National Boxing Association if its boxing commission permits Tex Rickard to charge \$50 for ringside at the Dempsey-Carpenter championship fight July 2. It was announced last night by Walter Liginger, president of the National Association.

"One of the rules passed at the January organization of the association in New Jersey was that \$15 would be the top price for any ring battle," said Mr. Liginger.

BICYCLE WEEKS

PROVES BENEFIT

Value of Wheel For Many Purposes Generally Approved

Each year Canada observes a "Bicycle Week" so that the value of the simple bicycle for practical uses, healthful exercise, sport, economy and other purposes may be emphasized. "Bicycle Week" has been celebrated in the Dominion each year since 1915 and the cycling festival has been adopted by enthusiasts in the United States so that the event is celebrated simultaneously in both countries throughout the whole of the North American Continent.

"Bicycle Week" is generally scheduled each year for the first week of May—just at the time when all active and energetic boys and girls, men and women, are seeking the great outdoor life. This year the week selected started to-day, and ends up on Saturday, May 7. In a number of cities the concluding feature of the week is a bicycle road race in which all young men and boys are invited to participate. Decorated wheel-parades, bicycle outings, country runs and other events are staged during the week to draw attention to the benefits of the bicycle and health-giving pleasures that may be derived through cycling.

In a continent-wide competition which was held as a feature for "Bicycle Week" in 1917, Toronto tied with Baltimore in the decision of the judges whose duty it was to select the best bicycle city in either Canada or the United States. In the following year Toronto was again honored with mention in the final standing of the competition. In 1919, Ottawa and Hamilton were picked as being the best bicycle cities in Canada, and bicycle boosters of both cities were awarded a prize.

YOUNG BOY OR GIRL FINDS BICYCLE GREAT

The boy and the bicycle are naturally closely associated. Every healthy growing boy wants a bicycle almost as soon as he starts to go to school. The boy finds that his wheel is simply great for getting around with. He can do his messages for Mother quickly and have plenty of time for play afterwards. The boy, with his companions, can get out to the open country, to the woods, or to the fishing places without delay and without paying carfare or railway fare. While making these little trips, he is getting just the right kind of exercise for his legs, arms and body. His lungs are filled with pure, fresh air and he comes back with rosy cheeks and a huge appetite.

The bicycle is not useful to the boy alone, however. The silent two-wheeler is being used by many thousands of young and older men, girls and women to take them to and from their work quickly and conveniently. The bicycle permits a person to save much money in carfare and it is also a great time-saver. The rider, in practically all cases, can get home quickly for a meal at noon and thus avoid the slow and crowded street cars at the rush hours. The cyclist will generally find, too, that he will have a few minutes spare extra in which to attend to little duties around the house or to rest after the day's work, before making the return ride to office or factory.

CALGARY MAYOR MADE START WITH BICYCLE

Mayor Adams, of Calgary, Alberta, owes much to the bicycle for his start towards business success in Western Canada. When only a young man, the present Mayor of Calgary rode 200 miles along the trails of Manitoba and Saskatchewan in order to secure magazine subscriptions and to sell books. He was able to reach many out-of-the-way places, thus, picking up considerable business which was missed by those who stuck to the main-travelled routes. In a recent interview Mayor Adams readily admitted that he rode all over the Prairies on a bicycle and had carried on the work of a publication solicitor while he was attending college at Winnipeg. Through this activity, the mayor gained a sturdiness of constitution and knowledge of human nature, as well as a familiarity with the country that have helped him considerably throughout his career. He was elected to the Calgary mayoralty last January.

TAKES MAN AROUND GLOBE

Wide prominence has frequently been given to transcontinental and other lengthy tours by bicyclists and others, but undoubtedly one of the greatest bicycle rides of all is now being completed by a Swiss named Leuret. He has reached the home stretch of a globe-girdling tour which he started from Geneva, Switzerland, seven years ago. His route carried him through Russia, Siberia, Japan, South America, the United States, a portion of Canada, the West Indies and France. Judging by reports of this and other tours, it is possible to reach any destination with the help of a bicycle.

BICYCLE AS HEALTH BUILDER

Dr. G. F. McCullough, a well-known physician of Iowa, is an ardent bicycle enthusiast and rides a bicycle every opportunity because, he declares, he gets more healthful recreation and enjoyment of it than from any other form of exercise or sport. In his college days, Dr. McCullough was an athlete of considerable prominence but he gave up his athletic inclinations after he started his practice as a medic. After he had become absorbed in the routine of his work, he found himself becoming soft and his physical condition caused him some concern. Several years ago, Dr. McCullough came back to the trusty bicycle and is now one of the best bicycle boosters anywhere. He thoroughly believes in cycling himself and recommends it to others as the best health builder within the reach of ordinary men and women.

IN THE WORLD ON

WHEELS IS LIFE

Bicycle Serves All Ages and Sections of Society

As a means of ever-ready-to-use transportation, it would be hard to imagine anything that can be adapted more to the daily needs of man than a good bicycle. For business, pleasure and exercise, it would look far and wide without finding a more readily accessible means of transportation than the humble "bike."

The bicycle is unlike any other mode of traveling—common to nearly all ages; it is the bicycle that delights the heart of the boy when he has just learned to ride, and it is the bicycle again which elderly gentlemen take a quiet constitutional for exercise, the latter would tell you but really reduce the danger of over generous proportions that come with old age and less arduous work.

Seriously though, the bicycle is not nearly appreciated as well as it deserves. With care and even less than average mechanical mechanics a bicycle can be made to carry on day in and day out all the year round. Without wishing to cast any reflections on the sturdy automobile, the convenient and sheltered street car—where there is a means of ready transit that can compare with the old fashioned but ever useful "bike."

Can a man take a street car under his arm and "park" it on the third floor of his office building? He cannot. May a man take a street car to a lamp post all day long, with nothing more than an eight inch lock around its rear wheel, he may not. Must he wait for the passenger space to be taken before he moves off, he need not, one is quite a comfortable leg in any of the modern bicycles. The truth of the matter is that the bicycle is a personal acquisition owned and to be operated solely for the benefit of the individual. It can be used for the daily run to the office and in this connection it is perhaps more readily accessible for the quick luncheon voyager of the modern mode of travel with the expense in mind. It provides for health and exercise, making its occupant from place to place. It is a general friend on all Summer outings—in a word it is a friend to man.

BROTHER OF COMEDIAN IS STAR OF BICYCLE TRACK

One of the bicycle racing stars of Los Angeles is a City brother of the famous film comedian, the one mile state-bicycle-championship was won by Clyde the recent winner of the brand new Los Angeles bicycle track and "Fatty" was tickled far more than if he had accomplished a real movie stunt.

"CYCLING BEATS WALKING"

"No use talking, cycling beats walking" is the interesting slogan that has been adopted for the bicycle. This short sentence indicates, to save pleasure and economy that can be secured in bicycling. Some time ago an Indian was much surprised to see a man riding a bicycle. "White man heap lazy; he walk fast sitting down," exclaimed the Redskin.

ONE THOUSAND STATIONS

Scattered across Canada are approximately one thousand authorized bicycle service stations. They are to be found in every city and town and have been appointed as such because they are fitted to care of any possible service in Western Canada. They carry a complete stock of reliable parts and accessories and they have repair departments in which repairs and overhauling can be carried out efficiently and economically. These service stations are designated by special signs which are displayed in the entrance or over the store front.

ENJOYS BENEFITS OF BICYCLE

The youngest bicycle rider in either Canada or the United States is said to be the tiny son of G. A. Wenige of London, Ontario, the well-known bicycle booster. The baby cyclist will be three years old on September 11, next, yet he is able to ride a two-wheeler with ease and confidence. A toddler is not too young to enjoy the numerous benefits of cycling.

SCOUTS USE WHEELS ALWAYS

Boy Scouts, generally, are much interested in the bicycle. There are the bicycle patrols, in which a Scout is mounted on his bicycle and then there are the bicycle badges which a Scout is able to earn by demonstrating his knowledge of the wheel and by displaying his ability to ride the bicycle well. Many grown-up folks associate the bicycle with the Boy Scout because they have seen the neatly-uniformed Scout so frequently with a bicycle on duty or on an errand. The Boy Scouts do use the bicycle a great deal. Various troops have their bikes and outings in which they ride their bicycles and, in doing so, they gain added strength, health and pleasure.

WHEEL IS CHEAPEST

Of all forms of transportation, bicycling is the cheapest in the long run. A bicycle costs comparatively small sum, and, in spite of the low cost, they can be purchased on terms that enable the rider to pay weekly or monthly instalments while they are getting all the benefits from the wheel. Many instances have been recorded in which the purchase of a bicycle has amounted to only a few cents for years of use. Some riders have been known to ride a bicycle for 10,000 miles and during this service the cost for repairs or replacements has not been more than \$5.00 or \$4.00. Of course, these riders have taken care that their wheels are always well oiled and adjusted but this work is very simple and does not require more than a few minutes every month or so.

Ride a Bicycle

You'll Enjoy the Exercise of Riding to Business. You'll Save Money, too!

Take pencil and paper and figure it out for yourself. The money you spend every day on street car fares is absolutely lost to you at the end of a year. But on the other hand, invest that same sum by monthly instalments in a bicycle and you will have a substantial asset to show at the year's end.

The Canadian-Made "Perfect" Bicycle shown at this store in models for men, women and children, is the strongest, most reliable bicycle obtainable in Canada to-day. It is a Canadian product, planned and built by men who understand your requirements. These high-grade bicycles are moderately priced and are sold on an installment plan of

\$5.00 a Month

DEVELOPMENT BODY IN USEFUL WORK

(Continued from page 4.)

Industrial opportunities Victoria and the Island have to offer. This representation was secured by your commissioner through representatives of the industrial department of the company, and has already shown its value by creating enquiries as to the establishment of industries on the Island, some of which will materialize when business conditions improve. An extension of the co-operation of the railways has been secured from the Canadian National Railways and some of the leading United States trans-Continental lines, having a primary interest in the Pacific Northwest through which channels we will secure very wide spread publicity of a nature that the limited finances of this Association would not permit, and ultimately develop a patronage of such magnitude to Victoria and the Island that will give our Island playground a prominence among the principal tourist resorts of the continent.

Our special report showed that whereas the annual report for 1919 gave the number of tourist visitors to our shores as 10,000, the estimate for the season of 1920, based on a conservative percentage of the number of passengers carried between Vancouver and Victoria and Seattle and Victoria by C. P. R. boats, is 40,000 as having stopped at Victoria. Although the number of tourists who made short stays here, a substantial percentage remained for some time.

Automobile Travel
The automobile tourist travel during the season of 1919 was a disappointing one as the movements were retarded by the gasoline shortage in the Pacific States, and even with that drawback 1,292 machines were recorded by the customs at Victoria. In addition, it is estimated that 500 automobiles reached here from Vancouver which are not checked by customs.

Our Information Bureau service has been commented on by visitors as the popular value of the attraction and as an example to other cities catering to tourist patronage. A better class of literature was issued during the season of 1920 than ever before and with the co-operation of the railways a wider distribution secured. Our Summer newspaper and periodical advertising was largely confined to California, Oregon, Washington and Idaho and excellent results were obtained.

For the occasion of the Hudson's Bay celebration, members of our Association were called on to take part in the club, and all outside publicity was prepared and distributed by our Association.

Impress Press Party.
In the important event of the visit of the Impress Press Conference party, your Commissioner was called upon to act on the committee of entertainment and conduct the necessary correspondence. Through the cordial co-operation of Mr. R. P. Butchart and of Mr. Hugh Savage, Mayor Thomas Pitt and Kenneth Purcell, M. P., of Duncan, and the Reeve of North Cowichan, the entertainment provided, as expressed by members of the party, was decidedly original and more thoroughly enjoyed than any event in their trip through Canada.

A special pamphlet was prepared by your Commissioner for the agricultural opportunities of the Island for distribution in Great Britain, and through the kindness of Thomas Walker, large supply of these was taken personally by him to London, and distribution arranged for the results of which have been evidenced by many enquiries that can be directly traced to the publication.

Co-operating with some of our prominent realty dealers that secured the Life Underwriters' Association Convention for Victoria next August, your commissioner circulated all members of the Association in Canada, and furnished them with our descriptive literature, which assisted in influencing their decision to visit this city as the meeting place and at which it is expected about 500 will attend.

Summer Visitors
Your commissioner has worked on the proposition of the Western Canadian Newspaper Association to this city in June with the result that about 350 members and their wives from Ontario and other provinces, will visit this city for two days. This should develop a valuable medium for publicity.

Your association carried out an extensive newspaper advertising campaign last Fall and Winter in the Prairie provinces, and instead of confining it strictly to Winter tourist solicitation, incorporated an appeal to those who might be attracted to the opportunities in small acreage devoted to small fruit-growing, poultry raising, and dairying, in an ideal climate, with the result that fifty per cent of a very large enquiry received asked for such information. It will be substantiated by many of our prominent realty dealers that the bulk of their sales of the winter was acreage in Saanich. A producing element of such settlers in our hinterland will represent an important asset to Victoria. In addition to Saanich many were attracted to the Cowichan district and some to Metchoin. It is the opinion of Mr. Blair, secretary of the Dominion Immigration Department at Ottawa, that the settlement of Vancouver Island should be built up from the Prairie Provinces as the Prairie farmers can more readily adapt themselves to our island conditions and become producers. It is therefore suggested that we extend our advertising on the Prairies, both through the medium of the newspapers and by distribution of literature, through the railways.

Prairie Publicity
The result of our Prairie advertising last Fall were not forthcoming until late in the Winter, and this was largely due to the weather conditions on the Prairies in the late Fall and early Winter that permitted fall plowing to an extent never before contemplated, and which kept the farmers at home. The acreage of Fall plowing in the three provinces was 5,242,410 acres in 1920 as against 2,732,224 in 1919, and further, owing to the shrinkage in grain prices, the farmers were not marketing their grain, hence, the Winter travel to the coast was not as large as anticipated.

Through the generosity of your president the city of Victoria was given some excellent publicity on the Prairies through the distribution of 20,000 calendars depicting views of this city's attractions and prepared and distributed by the R. A. Ruffle Company at no cost to this Association. Following up this valuable publicity, your Association has secured the co-operation of your president in producing and issuing 50,000 calendars for distribution this Fall through the hands of the R. A. Ruffle Company's sales force. The cost of which to the Association will be nominal and represents only the furnish-

ing of the color plates of select views of Victoria.

The Recent Tour
Your commissioner as a result of his trip to the East and conferences with the passenger traffic heads of the Canadian Pacific, Canadian National, and the American trans-Continental Railways, is in a position to assure you that Victoria and the Island, this year will receive a vast amount of valuable publicity that should develop an extensive travel to our shores in the future.

The Canadian Pacific is issuing a special folder on the Island to be produced in that company's usual high class style. Your commissioner had the opportunity of checking it over and making necessary corrections and has furnished the photographs for the illustrations. Canadian National Railways, is authorizing much more extended publicity for the promotion of the Island in his company's literature.

Both the Canadian Pacific Railway and Canadian National Railway are doing a heavy advertising campaign this season to hold the travel against a possible European movement, and Vancouver Island will be strongly featured.

The passenger traffic manager of the Canadian Pacific Railway advised your commissioner to confine the Association's publicity propaganda to the Pacific States and the Canadian Pacific Railway to the West Coast. The necessary publicity for Victoria and the Island in the East.

It is the opinion of the vice-president and the passenger traffic manager of the Canadian Pacific Railway, and the president, and the general manager of western lines of the Canadian National Railway, that if Victoria would concentrate on developing the city as a tourist resort with the necessary attractions to amuse and hold the visitor, it could be made one of the chief tourist centres of the continent with an enormous financial asset, and ultimately your population will largely increase.

A Notable Example
The passenger traffic manager of the Canadian Pacific Railway presented to your commissioner figures to show the results of a publicity campaign costing \$150,000, which included the necessary expenses of the campaign. The San Diego-California Club organized for the purpose. People from the outside had invested \$5,000,000 in real estate. Bank records showed \$9,974,000 in the first seven months of the campaign. Building permits for the period following the campaign amounted to \$6,017,715 as against \$29,692 for same period previous to the campaign. The increase was credited largely to the people who had recently come to the city attributed as a result of the campaign.

Your Association has secured for the city and the Island a large amount of valuable publicity through publicity articles prepared by our publicity writer for a large number of standard periodicals and other mediums.

Industries
Your commissioner has given much time to industrial developments and has had many conferences with representatives of certain industries contemplating the establishment of Victoria and on the Island of the following industries:
A Box Factory for the export trade, a wooden-ware factory, a wood pulp plant, a milk condenser, a woolen manufactory, a tannery.

Your commissioner is also conducting correspondence at the present time that it is hoped will ultimately result in the establishment here of a cotton textile mill and has recently held an interview with a gentleman who is endeavoring to invite interest in England to back the establishment of an industry which has received some encouragement from the Provincial Industrial Commissioner.

Present business conditions however do not warrant an early start of any of these undertakings, but assurances from the interests mentioned are that the projects will be carried on when financial and general conditions are most encouraging.

Your commissioner, on his trip to Eastern Canada, held upon the heads of the leading tour companies and representatives of automobile clubs, and can report that from present indications the number of tourists travel to the North Pacific Coast this season both by rail and motor. In fact, it is expected that the motor travel to this Island will show an increase of 100 per cent, this season over last.

Convention Hall
One of the most urgent needs of our city to promote conveniently patronage and hold the Winter tourist in a pavilion suitable as a convention hall converted during the Winter months into a place of amusement, providing for music, suitable indoor games, with concession privileges that will help provide for the maintenance of this the fullest support of this Association should be given to the action of the Chamber of Commerce in the furthering of the establishment of an amusement centre. It is the opinion of your commissioner that the project of a salt-water swimming bath, to be set aside until the undertaking of a convention and amusement pavilion is assured, is a project which the Fishman-bath of New York with that city's vast population have not been a financial success.

Although the United States Service Club will provide Victoria with an additional golf links, there is yet room for at least one other club in the opinion of the Canadian Railway passenger officials.

Better Results Attained
To conclude, it is fitting that your attention be specially called to the progress and results shown by your Association during the past season over previous seasons and the value of the co-operation we are now securing from the railway corporations which is not for to-day alone, but represents much for future development.

The thanks of the community is due those gentlemen who have unselfishly interested themselves in the administration of the Association and given their valuable time and energy towards the promotion of the work of the Association of the interests of Victoria and her hinterland. An expression of sincere thanks is also due the members of the city council for the recognition they have given to the work of the Association by their generous contribution of a liberal financial participation in the fund necessary to continue the program of publicity and development that would do much to the interests of Victoria. If the work ceased at this stage.

WANTS NEXT BIG CONVENTION HERE

Victoria Automobile Club Seeks Canadian Good Roads Meet

When Mayor Porter goes to attend the convention of the Canadian Good Roads Association in Halifax next month he will not only go as the representative of the city of Victoria, but he has agreed to also represent the Victoria Automobile Club. An invitation will be extended to the association to hold its next convention in Victoria and strong efforts will be made to get the convention here. The club has taken steps to offer its members every facility in traveling through linking up and co-operating with every automobile club on the Pacific Coast and putting itself in a position to give information regarding road conditions. Weekly road bulletins are received by Secretary Bob Webb on road conditions. The emblem of the Victoria Automobile Club entitles the motorist to all the courtesies that it is possible for clubs along the coast to extend. Road maps covering California, the Santa Fe trail to Chicago, the Lincoln Highway to Omaha, the Arrowhead trail to Salt Lake City, the Borderland route to Phoenix and the Pacific Highway to Portland are to be found in the secretary's office. In a few days Mr. Webb will receive the maps from Portland to Seattle and Vancouver; also the maps from St. Louis to New York and from Omaha to New York, also Phoenix to El Paso. "Motorists of Victoria should drop into the club offices in the Winch Building and sign up. We have plenty of emblems on hand and present members are asked to carry them on their machines," says Secretary Webb.

NOT A PUZZLE TO US

There are not a great many things that can happen to an electrical system and almost all come from one of THREE CAUSES. One is LOOSENESS, another is DIRT, and the third is WEAR. Just where these three things come in, is a matter that a good many car owners learn from HARD EXPERIENCE. The sad part of it is that the experience nearly always is charged up as SHORTENED BATTERY LIFE.

Of course a loose connection, dirty distributor or worn generator brushes are all bad for the battery, but an even more serious trouble may come when you try to diagnose your case and go about it in a haphazard way. The trouble may hardly affect the LIFE OF THE BATTERY at all, but the hunt for the trouble may seriously SHORTEN ITS LIFE.

Why not CONSULT the ROLFE ELECTRIC AND BATTERY CO., LTD., who specialize in this line?

WEAK VALVE SPRINGS

Weakening of the springs which close the valves is a common cause of faulty engine operation. Whenever the valves are taken out the springs should be examined to see that they are all of the same length, or rather

that all of the inlet set are of the same length and all of the exhaust, as the exhaust springs will probably be a little longer than the others. If one spring is shorter than the others in its set it should be stretched or else a metal plate must be put under it to bring tensions up to equality with its fellows.

A bright little boy of five had been engaged in a combat with another boy and was reproved by his mother. Who told him he ought to have waited until the other boy had commenced it. "Well," replied the youthful hero, "if I'd waited for him to begin it there wouldn't have been no fight."

GETS DAY-ELDER TRUCK

Three-ton Machine Received in City by Acme Repair Shop.

Considerable interest has been displayed by local automobile enthusiasts in the Day-Elder three-ton

truck which is now on exhibition at the Acme Repair Shop, 741 Fisgard Street.

The truck was brought over from Vancouver by the Hayes-Anderson people who are distributors on the mainland for the Day-Elder. The Acme people recently were given the agency here. The appearance of the

Day-Elder truck on the local market has been expected for some time.

"How did Tomkins happen to fall downstairs?" "Why, his wife said, 'Now, be careful!' And, as he is not the man to be dictated to by any woman, down he went."

"I want to be procrastinated at the next corner," said the negro passenger to the train conductor.

"You want to be what?" demanded the conductor. "Don't lose your temper. I had to look in the dictionary myself before I found out that 'procrastinate' means 'put off.'"

DUNLOP BICYCLE TIRES

DUNLOP MEANS TIRE PERFECTION

THERE is only one way a bicycle rider can obtain tire perfection—by purchasing Dunlop Tires.

"Traction" and "Ribbed" (Cord) and "Studded" (Fabric) give ample selection.

A proven record for highest efficiency is the story of these tires for more than a quarter of a century.

One of the great multitude of bicycle enthusiasts writes: "Durability, Resiliency, Uniformity can be said in one word of six letters—'DUNLOP!'"

Don't buy a bicycle that is too cheap to be fitted with Dunlop Tires.

Many Tourists Predicted

C. L. Harris, editor of The Island Motorist, who has just returned from a tour of the Georgian circuit, reports that all roads are in good condition, and that the general conditions to be met with on the circuit are exceptionally good this year. Year by year a steady improvement has been noted on the entire circuit. Predictions for the tourist traffic this year all point to an exceptionally large number making the tour of the Georgian circuit he states.

GLARING HEADLIGHT IS VERY DANGEROUS IN NIGHT DRIVING

"One-eyed" Cars a Menace, Causing Serious Accidents

With the rapid increase in the number of motor vehicles the conditions required in night driving assume greater significance than ever. Enough has been said about the glaring headlight to imbue the better element among motorists with a wholesome sense of responsibility. But another danger of the nocturnal highway is the one-eyed car, the Cyclops of the road, the fellow who takes chances with his own safety and induces the danger of heart failure in other road users by travelling with one headlight, the one at the right of the car, where it invites the risk of collision with night traffic moving in opposite direction. It is true, of course, that nobody deprives himself of comfortable driving light voluntarily; most frequently the one-eyed condition is caused by the burning out of a lamp bulb, a contingency easily met by the expedient of carrying extra bulbs. However, what troubles result are almost invariably due to the complacency with which Mr. Average Motorist accepts matters and delays the instant application of one of a number of remedies which everybody's easy reach. Where lights are wired in parallel it is usually possible to shift the remaining bulb from the right lamp to the left. Even when the wiring is "series" the broken head can be made into a bridge for the current by having the leading-in wires, which remain in the base after the glass bulb is broken, twisted together so as to furnish a path over which the current may reach the lamp remaining in service. The motorist equipped with a spotlight may train its beam on the ground immediately in front of the car, in that manner rendering its left side clearly visible. At any rate, many night collisions resulting from the use of but one headlight may be avoided if the motorist will take a little care in modifying the undamaged lamp and thus lessen night driving risks that are already great enough.

Put CANADA On WHEELS

\$5,000⁰⁰ Cash Prizes

FOR THE BEST LETTERS ON "What My Car Means to Me"

Here are the Contest Rules:

WHO MAY ENTER Any Canadian owner of a passenger motor car, except automobile dealers, salesmen or other employees.

HOW TO ENTER Get an Entry Blank from an Overland dealer, or write "Contest Department, Willys-Overland Limited, Toronto, Canada."

WHEN TO ENTER Do this now. It does not obligate you in any way. You do not have to send your letter until later, but in the event of two or more letters being considered by the judges as equally good, preference will be given the owner whose entry was received first.

A FEW SIMPLE RULES KEEP FOR REFERENCE

- Remember, the subject of your letter is to be "What MY car means to ME."
- Your letter may be written in English or French—the preference will be shown either language.
- It must not exceed 300 words in length.
- Do not mention the make of your car in your letter.
- Do not mention your name or name of your town or district in your letter.
- Write your name and address on a separate slip of paper and enclose with your letter. Send in sealed envelope.
- In case a farmer wins the \$1,000 prize, the special award of \$250 will go to the farmer writing the second best letter in this class; similarly with other special classes.
- Contest closes June 1st.

75 AWARDS TO BE MADE

- \$1,000 for the best letter written by any Canadian automobile owner.
- \$250 for the best letter from a farmer.
- \$250 for the best letter from a doctor.
- \$250 for the best letter from a commercial traveller.
- \$250 for the best letter from a woman motorist.
- \$100 EACH to TEN others.
- \$50 EACH to TWENTY others.
- \$25 EACH to FORTY others.

Winning Letters to be published throughout Canada.

TO SPEAK TO-MORROW

GORGE PRESBYTERIAN TO HOLD ANNIVERSARY SERVICES SUNDAY

The anniversary services of the Gorge Presbyterian Church will be held on Sunday, when the Rev. Dr. Daly of Hampshire Road Methodist Church will take the services in the morning at 11 o'clock. The Pastor, Rev. Daniel Walker, will preach at the evening service 7.30, and Mrs. Fowler will be the soloist. It is seven years since the church was built. The First Presbyterian Church was responsible for the formation of the church at the Gorge. The congregation is doing its best to clear the church of debt, which is \$300. The offering on Sunday will go to this purpose, at both services.

ANNUAL MEETING OF SYNOD COMMENCING

Monday at Vancouver Set for Annual Gathering

The Synod of British Columbia will convene at St. John's Presbyterian Church, Vancouver, on Monday next. The Rev. Dr. Campbell Morgan will deliver an address, being in the city at that date. The local party has been invited to attend the fourteenth session at Westminister Hall, following the gathering at the Presbyterian Church. On the Saturday following there will be a meeting of the board of directors to fill the chair of Systematic Theology and Apologetics. There are twenty applications for the vacant positions.

AT ST. ANDREW'S.

A special service of praise will be given at the St. Andrew's Presbyterian Church to-morrow evening at 7.30 o'clock, at which Bonner's hymns will be sung. The programme of music is as follows: Organ—Priest Offertory—Devoted Anthem—The Fruit of Thy Words—Solo by Miss Ruth Melville. Solo—Abide With Me—Liddle. Mrs. Bertram Mayell. Sullivan. Tenor Solo, F. W. Francis. Solo—O Come, O Come Emmanuel—Wm. Melville. Organ—Chorus Triumphant—Hackitt.

THE HOLY CITY.

At the St. Andrew's Presbyterian Church, Gaul's Holy City will be given on Tuesday evening, at 8.15 o'clock sharp. A chorus of sixty voices will be assisted by the following soloists: Mrs. Bertram Mayell (Soprano); Mrs. Robert Baird (Contralto); J. O. Dunford (Tenor); and Mrs. M. E. Pearce (Bass). The programme will be assisted by the following soloists: Mrs. Bertram Mayell (Soprano); Mrs. Robert Baird (Contralto); J. O. Dunford (Tenor); and Mrs. M. E. Pearce (Bass). The programme will be assisted by the following soloists: Mrs. Bertram Mayell (Soprano); Mrs. Robert Baird (Contralto); J. O. Dunford (Tenor); and Mrs. M. E. Pearce (Bass).

"QUIET DAY" AT CATHEDRAL

Dean to Conduct Special Services on Wednesday

A "Quiet Day" will be conducted next Wednesday in Christ Church Cathedral by the Dean of Columbia, Very Rev. C. S. Quinlan. The object of this observance is to fulfil a three-fold purpose, a preparation for Ascensiontide and Whitsuntide, a means of renewal before the distractions of the summer, and the recapturing of Lenten lessons. Services will be held during the day as follows: Matins, 9.30 a.m.; Holy Communion, 10.30 a.m. The address will be given at 10.30 a.m. and 1.45 a.m. The general subject of the addresses is announced to be: "The Interior Life; or, the Simple Art of Communion with God."

ORGAN RECITAL

An interesting programme of organ and vocal numbers has been arranged for the recital to be given at St. Paul's Naval and Garrison Church, Esquimalt, Thursday, May 5, at 8.15 p.m. Compositions by Guilman, Lemare, Gounod, Rachmaninoff, etc., will be played, including the famous "Prelude in C sharp Minor" of the latter composer. The assisting vocalists for the occasion are: Mrs. J. V. Weston, who is well known and deservedly popular with Victoria audiences, and Mr. S. T. White, baritone. The three-manual organ in St. Paul's Church is a very fine example of a typical church organ, possessing a breadth and dignity of tone associated with the instruments usually met with in the parish churches and smaller cathedrals of the Old Land. The organ numbers will be played by T. R. Myers, the church organist.

ST. COLUMBA CHURCH

(PRESBYTERIAN)
Corner Granite and Mitchell Sts. Oak Bay

Minister, Rev. Thomas McConnel, B. A.
ALL SERVICES ON NEW SUMMER TIME

With our Young Folks at work and Play

Our Friends The Dumb Animals, and Our Debt to Them

Next Monday will see the opening of Humane Week in Victoria and in this connection it is interesting to note some of the interest that has attended the efforts of the Society for the Prevention of Cruelty to Animals in their forthcoming drive for a deeper realization of the part of man towards the animals whom he keeps to labor for him.

Most of our little readers will have entered in the contest by the S. P. C. A. for the best essay on the work of that organization, and for those who have not, let it be stated that a contest was held, with prizes given to the best contributions submitted to the S. P. C. A. on the subject. Through the kindness of Miss Doris Killo, honorary secretary, the winning essays have been secured for publication, and all of them are of more than passing interest in that they tell of the lives of the dumb animals, in a manner that would seem to be more than credible, considering the tender years of the contributors.

The winning essay was written by Miss Gladys Garesche, St. Ann's Academy, who was awarded a prize of \$10.00. The second prize was awarded to Miss Rosemary Nasmith, 1004 Suttie Street, who secured a prize of \$5.00. The third prize was awarded to Mrs. Gilliat, 1004 Suttie Street, who secured a prize of \$3.00. The fourth prize was awarded to Mrs. B. B. Hunter, who secured a prize of \$2.00. The fifth prize was awarded to Mrs. B. B. Hunter, who secured a prize of \$1.00.

S. P. C. A. Essay—First Prize
The S. P. C. A., whose full name is "The Society for the Prevention of Cruelty to Animals," was founded about 180 years ago, in England. It is the oldest and largest organization of the kind in the world, and the Society has been established for twenty-six years in Victoria. Its aim is to see that no poor animals are treated cruelly, and to encourage kindness to them, and in this way, the people themselves, especially children, are benefited.

The S. P. C. A. is a very old organization, and its work is to see that no poor animals are treated cruelly, and to encourage kindness to them, and in this way, the people themselves, especially children, are benefited. The Society has been established for twenty-six years in Victoria, and its aim is to see that no poor animals are treated cruelly, and to encourage kindness to them, and in this way, the people themselves, especially children, are benefited.

increases the acting power of the Society, but there is still room in its ranks.

Age fourteen, Oak Bay High School. (The secretary tells us that "In most large towns there are hospitals for animals but the Society in Victoria does not, as yet, own one. Some day we hope funds will permit of many extensions to our work.")—Ed.)

S. P. C. A. Essay—Third Prize
All those who love animals will be interested to hear something about the Society that has been in existence in Victoria for twenty-six years and whose aim is to see that animals are kindly treated.

This Society is patterned after the Royal Society for the Prevention of Cruelty to Animals, which was first formed in England some hundred years ago. The work of the members is voluntary, with the exception of the secretary, whose duties are full-time when you think of the duties he is called upon to perform.

He visits all markets, and livestock sales, and sees that cows and horses are properly looked after. He must inspect the animals that take part in shows and traveling performances, and examine the animals coming in and going out of the city. The transfer, vegetable and woodyard men, who drive horses, come under his watchful eye.

We have no idea how much work is being done by this Society of kind people. They do not stop at the streets for dogs. They do countless other kind and unselfish acts for these dumb creatures that most of us love.

To those inclined to deal roughly with animals, let me say: Perhaps the thought of putting yourself in their place may prevent the unkind kick and angry blow. Suppose you were a dog or horse and knew that you were about to be beaten for not your fault and you could not speak or defend yourself, how would you feel?

Rosemary Nasmith, Age ten, 1004 Suttie Street.

S. P. C. A. Essay—Fourth Prize
The Society for the Prevention of Cruelty to Animals was formed in England in 1824, and soon afterwards a law was passed to punish any person guilty of cruelty to dumb animals. The object was to see that no poor animals are treated cruelly, and to encourage kindness to them, and in this way, the people themselves, especially children, are benefited.

A similar society was formed in Victoria in 1895, and since that time it has been working hard to see that no poor animals are treated cruelly, and to encourage kindness to them, and in this way, the people themselves, especially children, are benefited.

The S. P. C. A. is a very old organization, and its work is to see that no poor animals are treated cruelly, and to encourage kindness to them, and in this way, the people themselves, especially children, are benefited. The Society has been established for twenty-six years in Victoria, and its aim is to see that no poor animals are treated cruelly, and to encourage kindness to them, and in this way, the people themselves, especially children, are benefited.

THEY ARE FAITHFUL UNTO DEATH WHY TREAT THEM THUS? CADET

the kindness that their authors displayed in a practical manner to birds and domestic animals during the hard days of Winter, but space does not permit of a more detailed mention being made at this stage. Remember Humane Week then, and see that you—each one—do your share to make it the success it should prove to be if our animal friends can expect justice at our hands.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

HOW FRISKY WON THE RACE.
In a wood there once lived two very active little Squirrels—Twinkle and Frisky. No one in the woods could climb a tree as fast as they, or get over the ground in the short time it took them to run from one tree to another. One day they began to quarrel about how fast they could climb a tree, and they chattered so loudly that all the squirrels came running to hear what it was all about.

Nature Story Contest
In the Nature Story competition for this week Miss Lucy E. Shaw, 2076 Fourth Street, Willowa, a thirteen-year-old pupil of the intermediate grade of the Willow school has been successful in gaining the prize offered for the best story of fact or fiction connected with the workings of nature. The story is entitled "The Beaver Family," and is exceptionally well composed for one of tender years.

Gold and Silver Medals Won By Boys of Rifle Corps
An interesting little ceremony took place at the Pimley and Ritchie Rifle Range on Thursday last when boys who had won medals in the Winchester Junior Rifle Corps competition were presented with their respective awards. A large number of parents were on hand to witness the presentation, which was made by Major Richardson, who has been a prime mover in the corps since its inception.

"May I go?"
"May I?" the voices of the three little Beavers, Buff, Billy, and Bags, chimed in.
"Yes, we'll take you if you're good," promised Mrs. Beaver.

Mild Epidemic Going Round
It is due to impurities in the water, causes cramps, diarrhoea, headache. Those who take twenty drops of Nerviline in sweetened water usually get quick relief. "It is really wonderful how good old Nerviline fixes up a sour upset stomach, how it stops hiccoughs, how quickly it puts a stop to those nasty attacks of gas. Every body should keep a bottle or two of trusty old Nerviline on hand, 25 cents everywhere." (Advt.)

NONE TO SOON
It was lunch time and he was wrestling with a very tough piece of veal.
"Now," said his wife "you have said that there is always something to be thankful for in everything that occurs, I'm thinking it would puzzle you to see anything to be thankful for in this veal." Not a bit he responded. "I'm thinking of something to be thankful for when we met it when it was so young."

HOUSEHOLD HINTS
Spaghetti should not be cooked too long—about ten inches is right. A cold bath will be found more pleasant if mixed with water. There are several ways of using baked ham—eating it is perhaps the most satisfying. Hard boiled eggs will be secured in about four minutes—the water should be hot for preference. Mustard is excellent served hot—a little meat should however be used to season it.

How Pearls Are Made And What Each Gem Knows of Adventure

How many of our readers know the origin of the pearl? Very few have read books of adventure, where pearl divers garner a tardy fortune at the virtual risk of their lives. In a general way pearls are obtained from oysters and other bivalves, but the manner of their creation is sufficiently interesting to be worthy of further study.

Pearls, in the first place, are the result of a disease in the oyster or other bivalve mollusk and their formation is to be explained in this way: No doubt all of our little readers will have noted the beautiful smooth and glossy iridescence lining with which some shell fish are coated internally. This surface, which having no color of itself other than transparency, is caused by the colors of a soap bubble and in the same manner, by light reflection, is called nacre and to secreted by the bivalve, shell-fish, year by year, for purposes of its own.

With each succeeding year a fresh coat of nacre is added to the walls of the shell inside, until in the full grown shell-fish the nacre is extremely thick and beautiful in its reflected colors. The nacre is often tinted, white being sometimes changed to a vivid emerald, and what we term water-color. This is best seen in the shell we know as Mother-of-Pearl which is given the name Pinctada.

The mother-of-pearl has a nacre of almost pure white, but the reflection of light gives the wonderful colors that are to be seen in its thick and smooth lining of nacre. This can be proved by pressing pure white wax over the surface of the inner lining of the shell, when the wax will take on the same brilliant rainbow of colors as the original surface of nacre.

Pearls, those solidified drops of dew, as the Orientals call them, are the production of this nacre when bivalves are in a certain diseased state, caused by irritation of its natural growth in some cases into the gloom of its interior regions, either within its fleshy portions or in some cases attached to the shell inside, though not in a five shot target. The pearl oyster, which is a mollusk, is a very interesting exhibition of life.

Two boys, W. Spouse and W. Mooney were each presented with a special service button for their successful efforts in securing new members to the corps. After the presentation the party were taken to the range where Major Richardson gave an interesting exhibition of rifle shooting, several of the boys also giving able displays. Ashley Gilman, the junior gold medalist made a possible on a five shot target. The boys of the boys were very interested in this display.

Mystery Treat Planned For Boys of Naval Brigade
To-day the Boys' Naval Brigade change into their Summer gear, and the neat blue jerseys and round blue caps will give place to resplendent "whites." Cap covers will be adjusted over the blue caps of the navy—and flannels are to be worn. The first parade is on Saturday afternoon, and the change to white is welcomed by the boys themselves.

As the changing into Summer gear is something in the nature of the halfway mark in the season's training, the officers of the Boys' Naval Brigade, assisted by a generous donation from a well wisher, who himself an ex-navy man of high rank are making preparations for a regular banquet treat for the local division.

The plans are immature at the moment but it is likely that a magnificent theatre party will be made up with a banquet to follow. The actual date of the celebration is to be announced later.

Only those boys who have been regular in their attendance at drills are to be eligible for this joyous occasion which is in the nature of an unlooked for reward to the boys who have been training hard all the long Winter months. The identity of the anonymous well wisher is not to be disclosed, but the treat so provided will lack nothing of the success if has been intended for the ample plans.

"Twas turned fine music at that!" said Uncle Josh to his village friends on his return from the big city. "But I couldn't make head nor tail of it. They played 'By Request' five times and 'Extra' twice and I've swan if it didn't sound different every time—yes sir—but it were good music."

"Listen, Mother"

"HERE is a letter from Bessie, and she says she is feeling fine again after using Dr. Chase's Nerve Food."

"I knew it was just what she needed to build up her system after baby's coming."

"She says she is sorry she did not take your advice long ago instead of worrying along as a semi-invalid for so many weeks."

"What else does she say?"

"I will read you the rest. She says: 'My nerves got so upset that I could not sleep scarcely at all. Digestion was bad and I had palpitation of the heart. Baby got cross and irritable, and at

times I got terribly discouraged.

"When I got mother's letter urging me to try Dr. Chase's Nerve Food I was about ready to give up, and decided to give the Nerve Food a trial on the strength of what it had done for her."

"I cannot begin to tell you how thankful I am for that advice, for I am now well and happy, baby is doing fine and I know that the credit is entirely due to the use of the Nerve Food."

Dr. Chase's Nerve Food, 50c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., are on every box of the genuine.

VICTORIA SUMMER SCHOOL IS SET

Important Gathering of Western Anglican Dioceses in July

An International Summer School in which American and Canadian lecturers will participate, will be held here from July 11 to 15 inclusive, promoted by a committee of the Anglican Church in the diocese of British Columbia, headed by Right Rev. C. D. Schofield, Bishop of the diocese.

Lectures will be given on social service and missionary topics, and on various subjects of religious teaching and modern theological thought. Among the lecturers so far announced are Rev. Dr. Gowen, of the University of Washington, Seattle; Miss Whitton, of the Social Service of Canada, Toronto; and Rev. Canon Simpson, of Calgary, Western Field Secretary for the General Board of Religious Education of the Church of England in Canada.

Delegates are expected to attend from the diocese of New Westminster and other parts of the Province, and from the Protestant Episcopal Church dioceses of Olympia, Oregon and Spokane.

A. R. Merrix, 812 Burdett Avenue, has been appointed secretary.

FIVE REMAIN IN QUEEN OF CARNIVAL CONTEST NEXT MONTH

Of the twenty-eight candidates for the Queen of the Carnival contest, five have secured the necessary thousand votes, or more, and qualify for the final contest, which will run until May 20.

The candidates now in the race are: Misses Jessie Chapman, Agnes Wallace, Dorothy Eversfield, Mildred Redman and Queenie Hall. The preliminary contest concluded to-day.

VANCOUVER NOW SEEKS WORLD'S FAIR

Wants It to Solve University Buildings Problem

Vancouver is now out after the World's Fair, which Stanley H. Johnson, world's fair promoter of Boston, came to the Coast a couple of weeks ago to put on in Victoria, and at the same time get the new buildings for the University of B. C.

Capt. Ian Mackenzie, M.P.P. of Vancouver, arrived at the Parliament Buildings to-day to interview members of the Government about the proposal, which has been developed by a number of prominent persons in Vancouver intent on helping the University of B. C. as well as Vancouver generally.

The proposal is that the world's fair be held on the University grounds at Point Grey and that the world's fair buildings be constructed in a permanent way and in a suitable style so that they can be turned over to the University as the permanent University buildings. Capt. Mackenzie explained to the Government that buildings at Seattle for the permanent University fair and afterwards turned over to the University.

Capt. Mackenzie also explained that under this plan the University will get a complete set of buildings at no cost to itself. Vancouver will get the world's fair and the world's fair will get a free site on the University grounds.

Members of the Government have expressed no opinion on the proposal. Mr. Johnson's proposal was to hold the world's fair in Victoria in 1923, as slight assistance for the United States has been fighting for it, and Victoria was suggested as a compromise because the almost unrestricted sale of liquor here by the Government of Washington will make hundreds of thousands of persons yearn to come to British Columbia to help in the celebrations. Mr. Johnson's proposal was not favored at the City Hall here.

HELP PROSPECTORS TO BUY POWDER

Included in the estimates passed at the last session of the Provincial Legislature was the sum of \$10,000 for the purchase of a set of rules in the purchase of the powder needed for the initial development of mineral claims staked in the Province.

Hon. Wm. Sloan, Minister of Mines, has had under consideration regulations to govern the disbursement of this aid. He now has approved a set of rules which, taken as a whole, should assure the equitable administration of the fund.

The procedure laid down in this connection is very simple. Applicants have to comply with a few clearly explained conditions to obtain a rebate on the powder they use in the opening up of their properties "of 25 per cent of the legitimate cost of such powder."

The rules referred to may be summarized as follows: That applicants prove to the satisfaction of a mining recorder, a resident mining engineer that they are "bona fide mineral prospectors."

That grants will be made on a basis of not more than ten cases of powder to each applicant in one year. That an additional amount may be allowed to a prospector in one year "under exceptional circumstances."

BIG PAVING CONTRACTS LET

Contracts for more than \$200,000 worth of paving on the Lower Mainland were let to-day by the Hon. J. H. King, Minister of Public Works.

They are: 6 1/2 miles asphalted concrete at Ladner to the Columbia Bithulithic Co. for \$169,000, and 2.02 miles asphalted concrete to the same company for \$46,000.

These are the first big contracts let by the Government in the good roads programme it is carrying on this year.

Winnipeg, April 30.—The body of James T. Reed, aged forty-eight, was last night found floating in the Red River. He disappeared from his home Thursday morning.

"A Mass of Sores — No Sleep — Unhappy Days"

writes Mrs. Emma Harvey of Danville, Quebec. "I declared with the doctors until the first of May. Then I got a bottle of D.D.D. AT ONCE MY FACE GOT BETTER. I used half a bottle, and have been entirely well ever since."

Why not see if half a bottle will relieve your case of skin disease. See our guarantee that the first bottle will show results or your money back. Taking steps on the instant. \$1.00 a bottle. Try D. D. D. Soap, too.

Easy Washing

You'll hardly believe it—until you try it. Just soak the clothes in the rich, pure, cleansing Rinso suds overnight (or for three hours) and then rinse them thoroughly either in warm or cold water. They will be as clean as though they had been boiled and rubbed.

RINSO—Not a cake soap, or a chip soap, but new and better—fine granules so rich in soap that they loosen the dirt as the clothes soak.

If you have a washing machine—Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

LEVER BROTHERS LIMITED TORONTO

NON-RUSTABLE D&A CORSETS

Forget the price, when you examine a D & A Corset, think only of what you want—see the material and workmanship—the style and the fit. Then ask the price and you will wonder how it can be sold so cheap, when other makes seem to sell much dearer—you will buy the D & A. This is a D & A in every style to suit your figure. Get your Corsetiere to show you the right one.

BANK CLEARINGS
 Bank clearings for the month ending to-day were \$10,580,984; as compared with \$11,914,125 in the corresponding month of 1920. While the present decline appears to be considerable, the actual percentage is less than in the months of February and March. The figures for the four months of 1921, which have elapsed, are larger than the first four months of 1919.

 London, April 29.—(Canadian Association Press)—High defeated Halifax by 12 to 0 in the final game of the Northern Union Rugby Cup series to-day.

VICTORIA MAY WIN ROTARY FOOTBALL CUP ON WEDNESDAY
 The present standing of the Rotary Football League was announced to-day as follows:
 Goals.
 Vancouver .. 4 1 1 2 5 3 4
 Victoria .. 3 1 1 1 3 3 3
 Nanaimo .. 3 1 1 1 3 3 3
 Victoria Rotarians have been asking what is going to happen on Wednesday. Here is the answer worked out by W. A. McAdam.
 If Victoria wins, the cup will come to the Capital City.
 If Nanaimo wins, the cup will go to the West Coast.
 If it is a drawn game, the series will finish "all square."

VISCONTI FRENCH BECOMES AN EARL
 London, April 30.—King George conferred an earldom on Viscount French on his retirement to-day as Lord-Lieutenant and Governor-General of Ireland. His successor, Viscount Talbot, took over office this morning.

254 KILLED ON RAILWAYS IN YEAR
 Ottawa, April 30.—(Canadian Press)—In all, 254 persons were killed and 2,339 injured during the year ended December 31, 1920, according to the sixteenth report of the Board of Railway Commissioners for Canada, tabled in the House by the Minister of Railways.
 During the year ended December 31, 1920, 2,093 accidents were reported to the Board.
 Of the total number killed 29 per cent. were trespassers and 5 per cent. of the injured also were trespassers. Accidents at highway crossings included 53 at crossings where gates, bells or watchmen gave protection. Sixteen persons were killed and 51 injured at these protected crossings. There were 128 accidents at unprotected crossings, covering 82 persons killed and 163 injured. The accidents at highway crossings in which automobiles figured still increased. These numbered 119 for the year 1920 as compared with 60 for the nine months ended December 31, 1919, an increase of 40 per cent. in round numbers.

CORNS
 Lift Off with Fingers
 Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!
 Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Fraternal Order of Eagles—At the regular meeting of Victoria Aerie, No. 12, Fraternal Order of Eagles, on Wednesday, May 4, the election officers for the year will take place. After the election there will be a social for the members and a business meeting and a good time is expected. During the past year, the Aerie has initiated eighty new members, and their financial standing is good. At the last meeting, ten took their first step into Eaglesdom with eight new applications. Their cozy new home on Fisgard Street is all clear of debt.

Photographic Society—The next monthly meeting will be held in the members' room, Parliament Buildings, on Monday next at 8 p.m. Special subject, "Lessons for Beginners," illustrated.

RE-MODELLING OF THE CITY FINANCIAL METHODS ORDERED

Council Conducts Searching Probe of Auditor's Charges

OFFICIALS NAMED TO RECOMMEND CHANGES

Charges that the present system of handling the city's financial affairs is antiquated and too cumbersome were thoroughly and fearlessly investigated by the City Council yesterday afternoon over a space of more than two hours. City Auditor Floyd, who made the charges of inefficiency in a recent report, City Comptroller J. L. Raymur and City Treasurer E. C. Smith were subject to a barrage of questions until finally the Council instructed these officials, with City Solicitor H. S. Fringie, to investigate the whole question, revise existing by-laws governing accounting methods and bring in a series of recommendations for consideration.

Mr. Floyd repeatedly emphasized that he was criticizing not the City Hall officials but the system under which they were working. He contented himself with explaining the city's financial position, its sinking fund shortages and other facts but would not give advice on the best methods of pulling the corporation out of its financial entanglements.

Assessment Roll Questions. Taking up Mr. Floyd's report in detail, the Council first discussed the auditor's statement that "owing to the very large amount of detail work entailed it is not, at present, possible to certify the local improvement assessment roll nor to obtain accurate information therefrom."

Alderman Todd thought the changes in this connection desired by Mr. Floyd should be carried out, but some aldermen doubted that the present staff do the work of revision.

"We have been told that the staff is efficient and I am surprised that the work has been done as it should," said Alderman Fullerton. "Surely, the Finance Committee knows about this."

City Treasurer Smith wanted Mr. Floyd to make clear just what he meant.

Mr. Floyd replied that Mr. Smith had a wrong impression of the question. "I haven't received all information," he explained. "Whether it's right or wrong I don't know."

To Limit Power. Alderman Fullerton urged that the auditor be given no power which would assume upon the prerogatives of the Council. The Council, he declared, should have something to say about the appointment of officials desired by the auditor.

Alderman Sargent pointed out that the financial staff was "up to the hill" in work now. If it were instructed to undertake the work of re-assessing matters it would have no time to attend to its regular routine business. He saw no reason for making new assessment rolls if the present rolls were satisfactory.

City's Responsibility. During further discussion the Council was informed that it was not obliged by law to levy a rate to make up shortage in local improvement sinking funds. Mr. Raymur stated that J. J. Shatterson, chairman of the Local Improvement Commission, had urged that such a levy should be made but it had been decided instead to resort to re-funding to make up all the shortages at one time.

Goes Back Into History. Mr. Floyd stated that in his examination of the waterworks department he had found that the officials considered it sufficient to keep a statement of receipts and disbursements. In the A.C. of 1873, however, it was stated that the department should keep records which would give the citizens of the city the same information as they get from waterworks meters. Mr. Floyd noted that waterworks officials should make up statements from day to day showing the gross charges, amounts received and the amount of allowances.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

150 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try "Fruit-a-tives" and I did so. After taking two boxes of "Fruit-a-tives," I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

"My digestion and general health are splendid—all of which I owe to "Fruit-a-tives."

GASPARD DUBORD.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa, Ont. (Adv't.)

contained valuable advice in this regard. "The only thing to do is to refund," Alderman Sargent asserted.

Wants Sinking Fund Details. Alderman Sargent wanted to see a report showing the sinking shortages which had occurred during the last few years. This report, he believed, would indicate the trend of the city's financial affairs.

"I am not reflecting on the officials but I want the books brought up to an up-to-date system," he said. "The duties of Municipal Officers by-law, Mr. Floyd explained to the Council, provided that the city auditor should be a chartered accountant and I had no idea that this by-law contained this provision when I accepted the position of auditor."

"The by-law is not worth the paper it is written on, and it is impossible to work under."

"It's too late this year to do anything, but I think we should have a scheme prepared for presentation next year to modernize the methods in the financial branch," said Alderman Todd. On his motion the committee of officials appointed to revise the system, accountant, to revise this by-law also.

"I'm not finding fault with the officials but the system," Mr. Floyd emphasized.

"I think you had better let sleeping dogs lie," Mr. Raymur retorted.

Two Methods. Alderman Todd moved that the Council adopt the auditor's suggestion that the city assessment be revised. The assessment, he urged, should be based on the value of the appraised value of land and should be fixed by a "competent valuator."

Alderman Aitken seconded the motion, but Alderman Sargent opposed it. "It's operating a pretty big subject," he said. "Until such time as you are prepared to cut the assessment in half there's no use going ahead with this idea."

Alderman Woodward proposed that the present assessment be deflated gradually year by year.

"Well, I've been in the Council since 1914 and the Council's policy has been dishonest ever since I've been here," Alderman Todd insisted.

Shelve Assessment Move. Alderman Todd obtained no general support and the move to revise the assessment was shelved.

Mr. Floyd's remark concerning sinking fund investments started a long discussion. "The investments of sinking funds are taken on the books at their face value on the assumption that they are to be permanently held until maturity," Mr. Floyd's report stated. "I cannot see a security that same will be permanently held nor can either the powers of future Councils nor the gains or losses on future sales be hypothesized."

"When we started buying Victory Bonds I was advised—and we did this—to put these bonds into the Sinking Fund at par," Mr. Raymur explained. "If we had to put these in the Sinking Fund at what we paid for them we would have to make up \$50,000 or \$40,000."

"The proper way would be to take these bonds on their market value," Alderman Andros asserted.

Effects Economy. Mr. Raymur pointed out that the Victory Bonds placed in the Sinking Fund would be left there until maturity, when, of course, they would be up to par. Bond purchases made so far, he said, had saved the city between \$30,000 and \$40,000.

"We should go on the value fixed by the Government, Mr. Raymur is quite right."

To Pledge the Future. "I have had a hard fight in some places with the juggling of sinking funds," said Mr. Floyd. "In certain municipalities it goes on every day, and readjustments are going on all the time. I can't see what power you have to hypothesize the future. The sinking funds of big corporations show the cost value side by side with the par value and book value. You are hypothesizing the future and it's absolutely wrong to say you are saving the rate payers. You are saving them a cent in the long run. You are simply camouflaging the amount you should put in your sinking fund."

"We're simply taking our profits now instead of in the future," said Alderman Sargent.

"As an accountant I must be ultra-conservative, but if I were in Mr. Raymur's place I would do exactly as he is doing," said Mr. Floyd. It was finally agreed that sinking fund investment accounts should set forth the purchase price of securities as well as their par value.

Mr. Floyd withdrew the following section of his report as he feared it would convey a wrong impression: "All the moneys received for, and applicable to those funds (Local Improvement Sinking Funds) have not been so applied. Approximately \$530,000 was received from all sources of which \$230,360.88 was disbursed for interest on debentures, and \$90,000 credited to the Sinking Funds."

In answer to a question from Alderman Todd, Mr. Floyd stated that the local improvement sinking funds had gone behind \$21,000 last year. It was impossible, he said, to show where this money had gone.

A Question of Policy. "What should we do about this sinking fund shortage?" asked Alderman Todd.

"That's a matter of policy for the Council, and I don't deal with an auditor," Mr. Floyd replied. He added that he considered suggestions in a recent editorial in The Times

Universal-Brand All-Wool Sweaters Price \$8.95

Gordons Fine Wool Jersey Coat Sweaters Wanted Colors Price \$12.50

739 Yates Street Phone 5510

New Models in Spring and Summer Corsets

Selling at the New Low Prices

- \$2.75 Pair**—Sports Corsets of white coutil; low elastic top style with four strong hose supports; sizes 20 to 26.

WHEN YOU SHED YOUR COAT

Don't shed your dignity too. The shirt you wear should look trim and neat, cool and efficient. It must be clean and properly laundered so your shirts and collars—then shed your coat with confidence.

Always The Best

Success and Health in a box of Milburn's

"FAINT heart never won fair lady," an old proverb, but certainly a true one, and it is equally certain that faint hearts accomplish very little in any other path of life.

Business Controllers, Statesmen and Professional Leaders are men of stout hearts. They are careful to repair the waste caused by continual strain upon their mental and physical system.

There are still thousands among our own population who ignore the heart, the most important of all organs. All toilet tables find room for some restorative—many find room for a box or two of Milburn's Heart & Nerve Pills. Their users are the wise ones who know the necessity of keeping the heart young—with a well heart there are no nervous complaints or ailments of any kind.

Grateful people all over Canada convey the facts of regained health through the use of Milburn's Heart & Nerve Pills. Read this one, chosen at random from thousands:

MILBURN'S HEART & NERVE PILLS

Mr. H. Maxwell, Woodhouse, Alta., writes: "I was in the army when I got heart trouble. The two doctors told me there was little hope for me to get better. I have doctored with other doctors, but with no relief. A year ago a friend told me to try Milburn's Heart & Nerve Pills. I laughed at him at the time, and told him they were only a fake, but as I got worse I thought I would try a box. I have taken six boxes, and can say that they are the first thing that helped me, and I feel as if I were a new man. I sure can thank them, and feel that with a few more boxes I will be well."

To your nearest druggist is but a short distance. He will hand you the key to good health and happiness—a box of Milburn's Heart & Nerve Pills, or send 50c. and they will be mailed direct by The T. Milburn Co., Limited, Toronto, Ont.
