THE "EATON" GRAPE.

AWARDS.—Silver Medal by Mass. Hort. Society, and Bronze Medal by American Pomological Society.

The following is an editorial from the *Rural New Yorker*:

"We have frequently alluded to the Eaton Grape. The vine has proven perfectly hardy, as vigorous as Concord, with large leaves, free from mildew, continuing healthy until frost. The berries hold well to the stems; they neither mildew nor crack more than Concord, though of the largest size. The pulp is less than the Concord or Worden, and not so tough. The berry is for the most part juice; not so sweet as Concord, but free, or nearly so, of the foxy flavor of that variety. The bunches average larger than those of any hardy, healthy black grape ever grown here. It ripens *fully*, a few days before Concord.

EATON:—Largest bunch and berry of any I have grown. I have clusters larger and finer than the colored plates sent out. Quality is very good, better than Concord; is a fine grower and seems perfectly hardy. We had the hottest and driest season ever known here, but Eaton never wilted; seemed perfectly at home in this hot climate. Ripens with Concord.—G. W. BROWN, Winfield, Kansas.—*Am. Farm and Horticulturist*.

EATON.—Very large and showy bunches and berries; fruit about double the size of Concord. Very strong and healthy so far.—Report of Arkansas Experimental Station,

Eaton is bearing its immense bunches of immense berries in immense quantities. Quality very juicy and refreshing. Pulp tender. A remarkable grape.—*Rural New Yorker*.

Unsolicited Words of Commendation.

MR. T. S. HUBBARD:

NEW YORK.

Dear Sir:—I thank you for complying with my request, and sending a list of grapes and will use them, I think, exactly as you send them, because your judgment in these matters should be second to no one else's in the country. Yours truly, PETER HENDERSON.

GRAND RAPIDS, MICH.

Your grape vines are altogether better than I get elsewhere.

Sincerely yours, CHAS. W. GARFIELD.

Sec. Mich. Hort. Society and Sec. Am. Pomological Society.

U. S. DEPARTMENT OF AGRICULTURE, WASHINGTON, D. C.

T. S. HUBBARD CO.:

Gentlemen:—The plants have reached us in perfect condition. To us down here where we have to fight with mildew all summer, the plants are remarkably fine and such as we can only equal in exceptionally fine seasons. Yours very respectfully,

WILLIAM SAUNDERS, Horticulturist.

FRUITA, Colo.

Dear Sir:—The box of vines was ten days on the road, but were all right. The best grape vines I ever saw. Yours respectfully, DAN. M. JOHNSON.

T. S. HUBBARD CO., Fredonia, N. Y.

LEWISVILLE, N. C.

I received the No. 2 grape vines in prime order. They surpass all vines I have ever bought, even those marked first-class. Yours truly, F. L. REYNOLDS.

Fifty of a kind at 100 rates; 400 and over at 1,000 rates.
