INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1951 edition of the Albemarle City Directory, which also includes Badin and the rural routes emanating from the Albemarle Post Office. This is the first Hill Directory of Albemarle, and is completely standardized according to the policies and practices of the Association of North Directory Publishers.

Confidence in the growth of Albemarle's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Albemarle to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Albemarle Directory will fulfill its mission as a source of authentic information pertaining to the community.

Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 21 to 324, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Albemarle and Badin, and the name, official personnel, nature and address of each firm and corporation. A special feature of this section is the designation of the number of children under Directory-listing age in each household.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 72, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Albemarle and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Albemarle, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 397 to 457, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such

it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 461 to 514. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

THE ALBEMARLE RURAL ROUTES DIRECTORY extends from page 517 to page 550, on white paper.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, begins opposite page 552.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Albemarle and vicinity. There are more than 600 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Hill Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

ALBEMARLE

(Courtesy Albemarle Chamber of Commerce)

History

Albemarle, incorporated in 1842, was named for the Duke of Albemarle. Stanly County, formed in 1841, was named for John Stanly, for many years a member of the General Assembly of North Carolina and Speaker of the House for several terms. The first court house was built in 1842.

Population

Albemarle has a population of 11,751 (1950 U. S. Census preliminary report) within its 5.6 square miles of incorporated area. The population of Stanly County is 37,086, with 10,310 occupied units. Eighty-five percent of the population is white, with 15% Negro.

Geography and Climate

Stanly County lies in the famed Piedmont section of North Carolina, with Albemarle situated 40 miles northeast of Charlotte, 30 miles south of Salisbury, 50 miles west of Pinehurst and 110 miles from Raleigh, the state capital. The area is high and rolling, averaging about 700 feet above sea level. The climate is ideal: The summers are not excessively hot and the winters are so mild that snow is seldom seen. The annual mean temperature is 60 degrees, ranging from an average of 43.1 degrees in January to 79.1 in July. Annual rainfall is approximately 48 inches.

Wiscassett Memorial Y. M. C. A.

Government

Albemarle is governed by a mayor and five commissioners, elected biennially by the people. The county is governed by a Board of County Commissioners, five in number, also elected biennially.

Municipal Facilities

Stanly County Hospital, with 100 beds, was opened in 1950, and is regarded as one of the most modern of its size in this section of the country. It was built at a cost of \$1,300,000, with the funds coming from Federal, State and local sources. More than \$700,000 was contributed by local citizens. The hospital is governed by a board of trustees of 35 members, representing all sections of the county. Trustees serve for terms of five years.

Wiscasset Memorial Y. M. C. A., completed in 1950, is one of Albemarle's most valuable assets. A well-rounded program of recreation and character-building is carried on by a large staff. Membership in the Y. M. C. A. is open to all citizens in the county.

A new water plant, completed in early 1951, with the Yadkin River as the source of supply, will provide the city with 4,000,000 gallons of water per day, double the present consumption. Easy expansion of facilities will bring maximum output up to 24,000,000 gallons per day.

A municipal sewage-disposal plant and incinerator will meet the needs of a much larger city.

The power distribution system in Albemarle is municipally-owned, and the profits from the system meet all expenses except debt-service requirements. Rates are in line with other cities of similar size in North Carolina.

The police department, consisting of 19 officers and men, three radio-equipped patrol cars and one motorcycle, is adequate for public safety. The fire department boasts the most modern telegraphic fire alarm system in the state. It has two stations in the city, modern equipment, 17 full-time employees and a well-trained volunteer group.

Albemarle's tax rate is \$1 per \$100 (plus a special school tax of 30c), and the county rate is \$1.08 per \$100.

The Negroes of Albemarle have their own community (Kingville).

Recreation

Morrow Mountain State Park, located in the Uwharrie Mountains five miles from Albemarle, is one of the most popular recreational spots in the state. Chief attractions are a beautiful swimming pool, a handsome and spacious lodge with dining room, hiking, boating, fishing, and two picnic areas with fireplaces for cooking. Summer cottages, to be completely equipped for housekeeping and to be rented by the week to families, are now under construction.

The Stanly County Country Club maintains an 18-hole golf course at Badin. Other sports include tennis, swimming, bowling, riding and softball. For the spectator there are semi-professional baseball games and excellent high school athletic contests.

Albemarle's Rock Creek Park has many recreational facilities: A large swimming pool, tennis courts, softball

Filter Plant, New Water System

field and picnic area. A recreational director is in charge during the summer months.

There are excellent movie theatres and drive-ins.

Education and Religion

The Albemarle School System, consisting of two large high schools and four elementary schools (including one high and one elementary for colored), serves the city school children adequately. Buildings are modern and facilities are above the state average in training and experience. There are 17 Stanly County schools.

Eleven miles north of Albemarle is Pfeiffer Junior College, one of the best equipped and heaviest endowed junior colleges in the South.

Stanly County Library, housed in a modern building, has over 32,000 volumes. A bookmobile serves the rural areas.

There are more than 20 beautiful churches in Albemarle, representing practically every religious denomination.

Industry

The chief industry of Albemarle and Stanly County is textile manufacturing. Second in importance is the Carolina Aluminum Co. at Badin, seven miles from Albemarle. The hosiery industry ranks third. Wiscasset Mills at Albemarle is one of the largest full-fashioned hosiery mills in the South. Also within the county is one of the largest producers of stone monuments in the world, the largest producer of broiler-size chickens in the state, a large flour mill, lumber plants, stone and clay products manufacturers, furniture and food industries. There are over 7,500 persons on the county's industrial payroll of over \$12,500,000. Many of these employees live in surrounding rural areas and operate small farms in their spare time.

Transportation

Albemarle is served by two railroads, the Winston-Salem Southbound and the Yadkin. Five bus companies operate 29

regularly-scheduled bus departures each day to cities in every direction. There is a municipal bus line. Five trucking companies offer dependable motor-freight services to all points. Although there is no commercial air line operating in the city at the present time, there is a commercial airport. It has complete facilities for every type of present-day aircraft. There are no landing fees.

Wealth and Finance

The First National Bank, locally owned, has assets totaling \$4,090,000. The Cabarrus Bank & Trust Co. of North Carolina, with assets totaling \$37,095,000, has a branch in Albemarle. There are two building and loan associations with assets totaling \$5,500,000. Post office receipts totaled \$68,559 in 1949, an increase of \$15,354 over 1948. Total assessed valuation of Albemarle in 1950 was \$15,180,000. Estimated actual valuation was \$50,000,000. Total assessed valuation of Stanly County was \$38,319,720, while the estimated actual valuation was \$115,000,000.

Retail and Wholesale Trade

Albemarle is the home of modern stores and shops and is the trade center for Stanly, Montgomery and the border areas of surrounding counties. Retail sales in the city approach \$16,500,000 annually. Wholesale trade in the county has reached \$7,000,000 annually. There are over 600,000 people within 50 miles of Albemarle and over 2,000,000 within 100 miles. It has been said that the ration of money spent to money earned within the county by its citizens is greater than in any other county in North Carolina.

Agriculture

Although it is the leading and only self-sufficient wheat-producing county in North Carolina, Stanly's most important cash crop is lespedeza seed. Other crops are oats, hay, corn and cotton. The present trend is toward more permanent pasture with resulting increase in live stock. The number of beef cattle has quadrupled in the past few years, while hogs and sheep have shown increases as well. The hay crop provides the foundation for a dairying program which has grown rapidly, following the establishment of a dairy plant in Albemarle. Poultry is another source of revenue for the farmers. There are few tenant farmers in Stanly County, which means that the farm population is composed of substantial farm-owning citizens. In fact, the balance between industry and agriculture will run as favorably as any county in the state.

Communication

Albemarle has two semi-weekly newspapers: The Stanly News and Press and The Albemarle Enterprise. The former has the largest circulation of any semi-weekly newspaper in the South. In addition, there is a 1,000-watt radio station, WABZ. There are 3,538 telephones in Albemarle and Stanly County.

Accommodations

Albemarle has two hotels. One is a modern 65-room, air-cooled hotel with sprinkler system and excellent dining-room. There are numerous guest and boarding houses.

Organizations

Civic organizations include the Chamber of Commerce, Junior Chamber of Commerce and Jaycee-ettes, Lions Club, Civitan Club, Rotary Club, Executives Club, Woman's Club and various fraternal organizations. Veterans' organizations include the American Legion, Veterans of Foreign Wars and Disabled American Veterans. Other organizations include the Boy and Girl Scouts, Garden Club, Ministerial Association and Parent-Teachers' associations.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

CONSULT THE CLASSIFIED BUSINESS SECTION

Your City Directory has HUNDREDS OF USES AND APPLICATIONS

BUYING

- Learning new sources of supply.
- Keeping up with known sources of supply.
- Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

- Locating new markets.
- Maintaining up-to-date mailing lists.
- Analyzing the buying power of a community or street.
- Routing salesmen to avoid lost motion in reaching prospects.
- Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
- Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE (*and Collections*)

- Running down delinquent debtors.
- Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
- Identifying persons of same or similar names.
- Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

- Routing deliveries.
- Reducing dead letters and insuring more complete delivery of mail.
- Effecting delivery of messages and parcels erroneously or defectively addressed.
- Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

- Tripping bad-check passers.
- Deciphering illegible signatures.
- Guarding against habitual bill dodgers.
- Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

CONSULT YOUR DIRECTORY FIRST

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

- How does he spell his name?
- What is his middle initial?
- Is he married? What is his wife's name?
- Where does he live?
- Does he own his home or rent?
- Has he a telephone?
- Who are his neighbors?
- What does he do for a living?
- Where does he work?
- Is he the "head of the house" or a resident?
- Does he own a business? Is he a member or officer?
- Who else is in the same business or profession?
- Is the woman single, married or a widow?

ABOUT YOUR CITY

- What is the city's history?
- What are the latest population figures?
- What is the latest statistical and general civic information?
- What are the leading industries and activities of the city?
- What are the names and locations of the schools?
- What are the churches and where located?
- Who are the pastors of the churches?
- What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

- How is the quickest way to get there?
- Who lives at a given address?
- Is there a telephone at the address or nearby?
- What is the character of the neighborhood?
- Is it a "home-owners" section?
- What is the nearest street corner?
- What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
- Where are the public and office buildings?
- If it is a business location, what business?
- If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

- What is the nature of the business?
- What is the correct name and address?
- Is it a Proprietorship, Partnership or Corporation?
- Who are the partners, owners, or officers?
- Who else in same or similar lines?

HILL'S**ALBEMARLE**

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

Including Badin

1951

Copyright, 1951, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(c) denotes colored.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

Out of Sight - Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
